

## War God 2121

### Chapter 2121 - Reincarnation Poison

The power of the Five Layered Sacrifice exploded on the body of the Dragon Devouring Beast, causing waves of blood-red light to erupt. Under the influence of the Five Layered Waves, numerous wounds appeared on the Dragon Devouring Beast's body, and it plunged into the blood pool from high altitude, causing splashes all over the sky!

Long Chen knew clearly in his heart that the true terrifying moment of the Dragon Swallowing Beast was when it would swallow him whole. Now, it had spit him out.

Hatred!

Not only did it come from the hatred of his race, it also came from the hatred he had for the Dragon Devouring Beast that almost ate him!

When the Dragon Swallowing Beast fell into the blood pool, Long Chen rushed in without hesitation!

"Blood Weeping Dragon Soul!"

A million Blood Weeping Dragon souls charged forward, instantly sending the blood in the blood pool flying out, filling the sky!

"Not bad, you're sending me food again?"

After being injured, he had become even more brutal. He had never treated any divine dragon as an important thing, and it felt like a cat wouldn't think that the rat would be its match!

When the million Blood Weeping Dragon souls charged forward, he once again opened his mouth, and countless blood flowed into his body. The pool of blood instantly dried up, and a large amount of the Blood Weeping Dragon souls were also swallowed by the Dragon Swallowing Beast!

But how could Long Chen let him succeed so easily!

Under his control, even more small dragons circled around him and attached themselves to his body. In a short moment, the dense and dense Sobbing Blood Dragons covered the Dragon Devouring Beast and began to bite it!

Dragon Claw, Dragon Tooth, and Dragon Tail; everything that could be attacked was used. In an instant, the Dragon Devouring Beast let out an even more earth-shattering scream. Its body was badly mutilated, and there were even many small killing dragons that directly drilled into its body to bite it!

Of course, to a dragon devourer, a Blood Weeping Dragon's soul was far too small. It could only cause pain to the opponent, and it would not be easy to kill it!

Long Chen knew how terrifying his opponent was, so the moment he started attacking, he did not think about stopping!

Just as Long Chen charged forward again, the black divine needle in Li Xuanji's hand rushed out again. This needle was too small for the Dragon Swallowing Beast, to the point that it was difficult for him to discover it. When he fought against Long Chen and the Sobbing Blood Dragon Soul, the black divine needle stabbed onto his head!

In an instant, a frightening cold energy was released from the black divine needle, turning the body of the Dragon Devouring Beast completely black!

"The Tempest of Time!"

Long Chen charged forward, the Divine Dragon Body attaching itself to the opponent's body, and then unleashed a storm!

Under the time storm, the Dragon Devouring Beast suffered a double attack. Only then did he realize how terrifying the battle between the two of them was, especially when the time storm caused a violent collision within his body!

"Damned little thing! All of you are courting death! "

The skin of the Dragon Devouring Beast was rough and thick, but even so, it still did not kill him.

Long Chen used his claws to tear off the flesh of the Dragon Swallowing Beast, but it quickly recovered from the attack. Although its attack power was not strong on the outside, killing it wasn't easy at all.

It's just that Long Chen had the time!

Even if the Dragon Tomb Generals came, he would still be fine. Everyone here was a Dragon Fighter, he only knew how to deal with this Dragon Devouring Beast!

His berserk attitude towards the Dragon Devouring Beast was simply getting more and more terrifying!

Right at this moment, Long Chen's thin and long body actually threw the enormous Dragon Swallowing Beast ruthlessly onto the ground. It instantly felt like the sky was falling and the ground was cracking.

"Bastard!"

The Dragoneater rolled its body.

He was very heavy indeed.

At this time, Long Chen rushed into the sky, and once again charged downwards like a blade, causing the space around him to distort. During his charge forward, he suddenly spun around, and suddenly, a blood colored storm swept out, as a terrifying Blood Spirit Spikes broke through space in an instant, and pierced towards the spot where the black divine needle had pierced!

This was Long Chen's most ferocious attack. The Blood Spirit Spikes pierced through the Dragon Swallowing Beast, causing blood and flesh to fly out in all directions. The Dragon Swallowing Beast fell onto the ground and cried out in pain, it was so painful that it couldn't even speak clearly.

"Motherf \* cker, he isn't dead yet!"

When Long Chen attacked again, even if he used all of his strength, he could not give him the slightest opportunity or time to resist!

Her black divine needle was able to freeze, and it was like a poison that could slow down the speed of the Dragon Swallowing Beast. The Dragon Swallowing Beast was originally clumsy and slow down, but now, it was completely controlled by Long Chen!

"Die!"

On the dragon's tail, the Sky Slaughter Blood Sword was formed, Long Chen immediately used the Sky Slaughter Blood Sword to activate the Sword Arts, and instantly over a hundred swords, under the fierce battle of the Sword Slaughter Sword Art, the blood light surged, the Dragon Swallowing Beast rolled and screamed on the ground, while Long Chen was like a long whip, constantly tearing wounds on his body, and as the power of the Sword Art increased, the injuries he dealt to his opponent got bigger!

When Long Chen had already become a berserk devil, the Dragon Swallowing Beast that he brutally trampled upon, from its initial arrogance and self-esteem, had now turned into panic, and even started to beg for mercy. In reality, he was extremely crafty, even if he wanted to beg for mercy, he wanted a chance to ease the situation and retaliate.

Li Xuanji coordinated very well. Her attack on the Dragon Devouring Beast was also very frightening.

"Damn it, even if you saved him, if not for you, I would have already digested him and you would have also died!"

The Dragon Swallowing Beast released a roar, and a boundless suction force was used on Li Xuanji's body. Even though she was currently riddled with thousands of wounds, she had not died, and even revived very quickly!

Li Xuanji was unable to control the power that came from her Master, so she could barely use it, but since the Dragon Devouring Beast was targeting her, it became even harder to control. Just as she was about to be devoured by the Dragon Devouring Beast, Long Chen rushed up and struck the body of the Dragon Devouring Beast with all her might, which immediately turned her into a pile of dirt!

"I'll let you touch her!"

More than half of the blood and flesh of the dragon devouring beast was taken away by the explosion.

"Little devil!"

The Dragon Devouring Beast roared in anger.

That huge mouth took up half of his body, causing people to shudder in fear!

"I'll let you eat it!"

Instantly, the dragon devouring beast's mouth widened even more. Long Chen used the Heavenly Slaughter Blood Sword to attack, and actually hacked down the opponent's chin, which took up a quarter of the opponent's body!

At this moment, the Dragon Devouring Beast finally started to panic.

"Don't kill me! Don't kill me! "

The Dragon Devouring Beast rolled on the ground.

"Why won't you forgive me?"

The Dragon Swallowing Beast couldn't move at all. Under his berserk attacks, the Dragon Devouring Beast trembled, cried and rolled, and his body started to collapse more and more, gradually becoming shapeless, turning into a pile of meat paste. Only when the other party was completely powerless to resist did Long Chen stop, panting as he looked down at the meat paste below him, and said: "I'm asking you questions, answer me obediently, and I won't kill you!"

Meanwhile, the meat sauce was still squirming.

"Alright, little fellow. You've indeed defeated me. Not bad at all."

Although Long Chen felt that the other party was still rather dangerous, he had no choice but to ask them about some things.

Just as he finished speaking, the meat paste took the opportunity to explode violently, causing blood and flesh to fly everywhere.

Did he commit suicide?

This was the first thought that came to Long Chen's mind.

However, he had a nagging feeling that something was amiss. immediately used the Time Storm to block off the enemy's innumerable pieces of flesh and blood that were flying towards him.

"Long Chen!"

Just at this moment, a wave of exclamations sounded out from not too far away.

Long Chen looked over in shock, only to see that Li Xuanji had already been covered by a ball of flesh and blood, which had condensed into a ball of about three meters in diameter, covering Li Xuanji completely. In the blink of an eye, she could no longer be seen, she was not Long Chen, and after experiencing such a long battle, she could no longer hold on, now that the Dragon-Devouring Beast had made the final move, its target was actually her!

"Hehe, little brat, I died in your hands, that's true, but you can forget about getting any news from me. I wonder what your expression will be when I take her life. Will you suffer? "

The Dragoneater's hysterical voice rang out.

The opponent was crafty. A single misstep and he would be irreparable.

Long Chen gritted his teeth as he rushed towards the disgusting ball of meat.

The ball of meat carried Li Xuanji up, wanting to escape this underground palace.

"Don't worry. With my master here, he won't be able to kill me."

Li Xuanji's voice sounded in Long Chen's heart.

Long Chen was slightly relieved, he was extremely fast, but at the same time, the ball of meat squeezed into the blood sand above him. He rushed upwards at high speed.

"Don't be futile, you can't hurt her!"

Long Chen chased after him.

"Haha, you don't understand, I might not be able to kill her, but there is one thing I can definitely kill, even if it's anyone who protects her. Just watch, if you don't believe me, I won't let you off!"

The dragon swallowing beast's voice was filled with madness and unwillingness!

It wasn't easy for him to get out of this predicament, but he was actually killed by this brat!

He had spent a great deal of effort to get to this place, but he was actually imprisoned here by that person for research!

With a loud bang, he rushed to the ground.

Long Chen also followed him and rushed over, outside was the Slaughter Dragon's Tomb.

In the sky, countless streams of air rose towards the sky, eventually converging into a single point. That was a terrifying drop of liquid. didn't dare to approach it anyway.

"Did you see that? That is the grave of your beloved! "

The Dragon Swallowing Beast did not stop at all, and actually rushed towards the drop of liquid in the air. If the drop of liquid was dangerous, he clearly planned to perish together with Li Xuanji!

Long Chen was instantly dumbstruck.

He had a premonition that even Li Xuanji would not be able to stop that thing.

"My master said that was a Reincarnation Poison!"

For a moment, Li Xuanji was stuttering.

"No!"

Long Chen understood everything, and immediately chased after him with bloodshot eyes!

## Chapter 2122 - Precious Treasures

Long Chen naturally did not know what effects the Reincarnation Poison had. However, since the Dragon Devouring Beast had made that choice, and because Long Chen knew from the very beginning just how terrifying the Reincarnation Poison was, he only needed to know that the moment Li Xuanji touched the Reincarnation Poison, it would definitely lead to an unimaginable ending!

Li Xuanji would die.

To Long Chen, this was simply an unbelievable nightmare. He never thought that such a scene would appear;

Even though Long Chen's love for her was not as unforgettable as his love for his, and was even as calm as water, it was completely undeniable that she had a high position in Long Chen's heart. He was also the woman he had sworn to protect, and even though the two of them would not end up together, he hoped that Li Xuanji could continue to live on.

It was just that in the belly of the Dragon Devouring Beast, she had saved him.

The Dragon Devouring Beast was cunning and shameless. This was his revenge before her death!

Long Chen almost risked his life to chase after it. His speed was still faster than the Dragon Swallowing Beast's, just that it was not easy to catch up with the opponent. In front of Long Chen's eyes, this entire process seemed exceptionally long. He wished that the other party's time would stop, but it would be extremely difficult to complete this process in a hurry!

"Hold on!"

Long Chen said to Li Xuanji in his heart.

His voice was filled with rage and dissatisfaction.

"Eternal!"

Separated by a long distance, Long Chen attempted to use an instant and eternal imprisonment, but the Dragon Swallowing Beast was much larger than a horse, hence it was not easy to trap him. Even though the distance was shortened, the other party was still able to struggle free and escape!

"Don't be futile. Give up! "

The dragon-eating beast's mocking voice reached his ears.

In that moment, Long Chen deeply understood that with his current strength, there was still a lot more that he needed to grow.

"The Tempest of Time!"

At this point, when Li Xuanji was about to approach the Reincarnation Poison, he did not have time to think that such an attack would hurt Li Xuanji. He immediately casted the Time Storm, enveloping the remaining flesh ball of the Dragon Swallowing Beast in the scope of the Time Storm.

Buzz! Buzz!

The tornado swept past and the Dragon Devouring Beast finally stopped in its tracks. The ball of flesh on its body crumbled into dust in the sky and the last trace of the Dragon Devouring Beast was annihilated by Long Chen.

This kind of forced cessation placed a high requirement on himself. Under the vibrations of his power, his internal organs trembled, and he was slightly injured. Of course, he had the heaven-defying ability of awakening from his dreams, so any injury he sustained could be healed almost instantaneously.

Li Xuanji stood very close to the Reincarnation Poison, and countless streams of Divine Dragon Qi swept past her body, rushing towards the Reincarnation Poison behind her. If they were slightly slower, Li Xuanji would have been dead this time ...

Looking at her who was completely unharmed, Long Chen felt as if he had just escaped from a calamity. Even tears had appeared in his eyes for the sake of this woman's life.

However, things didn't end like this ...

Just as Li Xuanji turned pale and was about to descend from the sky, the flow of air in the sky suddenly fluctuated and countless Divine Dragons clustered together, instantly surrounding Li Xuanji. That irreparable force caused her to instantly reach the location of the Reincarnation Poison.

At this speed, Long Chen had no way to save him even if he wanted to.

He had thought that he had succeeded.

But in the next moment, he personally saw the reincarnation poison, which seemed like the entire world, enter from the center of Li Xuanji's brows and then merge into it. In this short instant, over a hundred thousand streams of air suddenly disappeared from the sky, and the sky above the Slaughter Dragon Tomb became dark once again, the spectacular scene from before instantly disappeared.

Such a huge change would, of course, be noticed by everyone in the Tomb of the Dragons.

Long Chen didn't even have time to despair.

Li Xuanji, who had merged with the Reincarnation Poison, descended from the sky as light as a feather. Her eyes were sparkling as she stared at Long Chen blankly, as if she had lost all her spirit ...

But at this moment, it was as if time had frozen on his body. Long Chen didn't even have the time to grieve before everything had happened. Even until now, he was still living in a dream.

Li Xuanji died just like that?

This woman who had told him before to protect him.

She never took the initiative to disturb him and would only quietly pay attention to him. As long as he was happy, she would be satisfied.

Perhaps to her, Long Chen was everything, but in her heart, she was unwilling to express these emotions. Sometimes, being stubborn also made Long Chen feel extremely helpless, but she was indeed a person who would risk her life for Long Chen no matter what.

She descended from the sky, her long hair fluttering in the wind like a black flower descending.

Her eyes were like the most beautiful pearls in the night, looking at Long Chen at this moment, with the corner of her mouth curving into a beautiful smile.

Silence.

Long Chen suddenly felt that his heart had already been broken in half. He should have gone crazy, but he didn't, he still held onto that last sliver of hope.

In the blink of an eye, Li Xuanji had already landed in his embrace.

The softness and warmth of the woman in his arms told Long Chen that she was definitely not dead yet. Long Chen hugged her horizontally, and stood in the middle of heaven and earth.

Killing the dragon tomb, blood energy rose.

"Am I not dead yet?"

Li Xuanji suddenly became indifferent. She took a deep breath and said, "It seems like something is about to descend."

Long Chen didn't know what it was exactly, but it was definitely related to the Reincarnation Poison.

"I'll take you out of here!"

Long Chen's entire body trembled, in his hands, Li Xuanji was like a fragile vase, or even death, he carefully hugged her, and started to run in the darkness, rushing past the tombstones.

In the midst of the raging winds, Li Xuanji's long hair fluttered. She was suddenly as tranquil as night, and calmly looked at Long Chen's madly sprinting expression, the worry and heartbreak in his expression was extremely obvious. However, she did not panic, she was still persevering, and at least Li Xuanji could not know that he was panicking.

After all, she could very well lose her life at any moment.

No matter how strong a man was, when faced with a woman who was on the verge of losing her life, his heart would inevitably flip upside down.

He had no idea how long he had been running, but he was far away from where he was before.

"I won't die!"

Li Xuanji suddenly stretched out an arm and caressed his hard face, as she said gently.

"Are you sure?"

In the midst of this blood sand, Long Chen stopped in his tracks.

His eyes burned with passion as he stared at the person in his embrace.

As he neared death, Li Xuanji was able to remain calm and unperturbed. For her, if she could die like this in front of him, or even if it was the best choice for her, it would only be a little too early for her to see him fulfill his wish.

Her skirt fluttered in the wind, but her face was pale as she said, "I don't know. I have a very strange feeling, as if I have seen the lives of many Dragon Fighters, as if I have seen their insights. Then, my Heavenly Dao cultivation advanced by leaps and bounds, gradually breaking off from my original strength."

Her original cultivation did not even reach tribulation of reincarnation.

"What exactly is the Reincarnation Poison? Do you know? "

Long Chen asked anxiously.

Li Xuanji was startled for a moment, then shook her head: "I don't know."

Her expression made Long Chen feel that she was hiding something from him.

"Isn't your Master still here? She must know. You definitely know that as well, don't try to hide it from me. "

Long Chen looked at her sternly.

Li Xuanji shook her head: "No, don't think too much, just keep me company."

She looked at ease.

He determined that the other party was definitely hiding something from him, so he said viciously, "If you don't explain it clearly, I'll leave immediately. From now on, we have no more relations!"

was stunned by his toughness.

Seeing that she did not react, Long Chen turned and left. It was the only way to threaten her, to tell the truth.

Sure enough, she couldn't bear losing herself at the last moment, so she said rather uncomfortably, "I've already dragged you down a lot. I don't want to trouble you anymore. Wouldn't it be better to let me die by myself?"

Long Chen knew she had something on his mind.

Their hearts were linked, and Li Xuanji could not hide it from him.

Long Chen turned around and looked at this lonely woman in the middle of the night. When he was with her, he was completely different from Ling Xi.

He couldn't blame Li Xuanji, he could only blame himself for not doing the best job.

"Tell me, what effect do you think the Reincarnation Poison will have?" This time, I was the one who brought you in.

Long Chen said firmly.

Li Xuanji's cold and beautiful face slowly melted, and tears slowly filled her eyes. She had already tried very hard not to implicate him, why was he still tangled and not giving her the chance to do so? But if he listened to her and allowed her to leave safely, would he still be Long Chen?

Li Xuanji wiped away her tears, trying to make herself stronger, and then face Long Chen again. It wasn't an act on her part, it was just that she really didn't want to trouble him ...

But it was helpless as Long Chen was not easy to deceive.

"I feel like the One Yuan tribulation is about to arrive."

Li Xuanji clenched his teeth and said it out loud.

"Hmm?" This was slightly different from what Long Chen had imagined.

Seeing that he did not understand, Li Xuanji suddenly asked: "Can I return the ancient god's corpse to you, and exchange it for something with you?"

"What?"

Long Chen asked.

"God's Will Soul Liquid!"

Li Xuanji still voiced out under his pressure.

Long Chen shook his head: "No, that's my gift to you, you absolutely cannot give it back to me.

His mind spun as if he had understood something.

"Could it be that the Reincarnation Poison has caused your Heavenly Dao to soar and your Reincarnation Tribulation to descend earlier? You don't have the strength to fight back, so you need the god's venom?"

He finally understood that she didn't want to say it.

From her point of view, the Divine Family's spirit liquid was Long Chen's most valuable treasure.

She did not understand that in Long Chen's heart, only those people he cared about were the true treasures.

#### Chapter 2123 - Endless Reincarnation Tribulation

"I wonder how many Reincarnation Tribulations will descend. In any case, they will come again and again. Perhaps until I die." That's why there's the name of Reincarnation Poison, because this is the poison that will attract the reincarnation tribulation. No matter how strong you are, you will die if you come across it. "

Li Xuanji said in a daze.

Indeed, the Reincarnation Poison was cruel.

People were most afraid of the Reincarnation Tribulation, so they looked for ways to delay it, but the Reincarnation Poison would cause it to happen again and again.

Long Chen was not only anxious.

He was actually not worried about the God's End Spirit Liquid, in fact, the God's End Spirit Liquid was not very useful on him. He was originally meant for Ling Xi and Li Xuanji, so now that Ling Xi had an extraordinary Inherent Skill, she basically did not need to expend any energy to create the Reincarnation Tribulation, so when Li Xuanji needed it, he would definitely not hesitate to do so.

However, he was thinking, could this god's chosen one counteract the effects of the Reincarnation Poison?

"Let's find a place first. This is the only way. I have to try it no matter what."

At this point, he knew what this woman was thinking, so he did not give her a choice to make. She had underestimated his position in her heart.

In the gale, Li Xuanji knew what he was thinking.

This made her want to cry. She did not understand why he would treat her so well. He did not hesitate to give her the god's chosen one, and she did not even know if it would be effective.

"This should be left for Xiao Xi."

She shook her head.

Long Chen shook his head: "She has been making great progress lately, so she probably won't need this anymore."

Long Chen hurriedly searched, and after passing by the cemetery, he put Li Xuanji down in a corner. She was already close to the One Yuan Tribulations, there was no way he could change his location anymore.

"Let's begin."

Long Chen took away the jade bottle that contained the god's chosen liquid. There were nine levels, and each level contained a drop of the god's chosen liquid. From the first drop to the ninth drop, they corresponded to the ninth stage of the calamity.

He had the will to defy the heavens and fight against the Samsara Tribulation, so he had no use for it.

He had been prepared for an emergency, but who would have thought that he would actually make use of this opportunity? It became a life-saving medicine.

The first god's chosen one drop of spirit liquid appeared in Long Chen's hand.

Li Xuanji stared at him blankly. Her originally cold eyes that she had gotten used to, had now become moist, and she only dared to shake her head lightly, but Long Chen did not allow her to be courteous. He immediately pinched the corner of her small mouth, and said: "Open your mouth!"

"Mmm mmm!"

Before Li Xuanji could react, Long Chen had already thrown in the first drop of god's chosen one spirit liquid.

"Remember, you are thousands of times more important than the god's chosen one liquid. Do not casually throw away your life, and let me regret this for the rest of my life!"

Long Chen grabbed her shoulders and swung with all his might, as he warned her.

Although that look was extremely vicious, it pierced through his heart, allowing Li Xuanji to understand what he was thinking. She would not have been so conflicted, but now that her death was in front of her, she couldn't help but become flustered. This was the struggle of any girl, and she was no exception.

"Work hard, I will protect you until you survive."

Long Chen was very nervous in his heart, because the following developments were directly related to Li Xuanji's life and death. If she was even the slightest bit careless, she would have already lost his life and been separated from Long Chen.

"I understand."

Li Xuanji closed her eyes.

Her One Yuan Calamity quietly arrived.

Long Chen thought back to the time when Ling Xi was struggling within the One Yuan Tribulation. At that time, the worry and conflict in his heart was extremely similar to this day.

He stood beside Li Xuanji and looked at this woman who looked as black as the night.

"You can blame me for giving her too much hesitation."

Emotions were something that couldn't be clearly explained. Even Saints would find it difficult to explain. When a person has already carved their own image in their heart, it was impossible for Long Chen to forget her, much less let her go on her own.

But this did not affect his persistence and protection for Ling Xi. He had enough power to protect the two women in his life. That was the most precious treasure of his life.

Time silently flowed by.

This was a battle between the Reincarnation Poison and the god's chosen one.

One Yuan Calamity, one hundred lifetimes of reincarnation cycle. This was the beginning of the cycle of reincarnation and also the most terrifying calamity. No matter who it was, they would be beaten back to their original state in this one hundred lifetimes of reincarnation cycle.

Li Xuanji's foundation was too shallow. If she did not have the god's chosen one spirit liquid, facing the hundred lifetimes of reincarnation was truly too difficult.

This was the so-called peerless divine effect of the god's chosen liquid. Now was the time to see its effects, even Long Chen himself did not have the confidence to do so.

Time flowed on.

Li Xuanji's body was shrouded in a jet-black mist, and she started to envelop herself in the darkness, becoming a part of the night. She was tranquil, sexy and gentle.

Long Chen didn't know how much time had passed.

Just a few days later, with the help of the god's spirit liquid, reincarnation started to form in her body. The power of rebirth transformed into Power of Reincarnation, and when she finally stepped into the tribulation of reincarnation, a portion of the yin devil energy that Long Chen had hidden in her body was successfully controlled by her and became a part of her.

Of course, if she turned into a Yin Mo and entered Long Chen's body, that power would also be a part of Long Chen.

Li Xuanji slowly woke up.

At this moment, she possessed all the attributes of a One Yuan Tribulation martial artist.

Of course, the effect of the Reincarnation Poison had only just appeared. He was not sure whether the next reincarnation cycle would kill Li Xuanji, so he was extremely nervous, and he did not relax for even a moment.

People who had experienced hundreds of cycles of reincarnation would eventually have a change of heart.

For example, she knew how to cherish Ling Xi.

And when Li Xuanji opened his eyes, he felt her transformation.

"What's wrong?"

Long Chen asked anxiously.

Li Xuanji smiled as she shook her head and said, "It's a very strange feeling. It's like I just dreamt that within two hours, the Two Elements of Calamity will descend."

Li Xuanji was not willing to speak of her dream.

The Dual Calamity was indeed about to descend.

Long Chen held onto the god's chosen liquid, preparing to take out the second drop.

If it was before, Li Xuanji would probably hesitate, and not continue to exhaust herself. But now, her eyes were resolute, as if she understood a lot.

"Live!"

Long Chen said firmly.

"Alright, I'll work hard."

Long Chen laughed: "Don't worry about it too much. You are my demon now, your strength is also mine. I can even use the ancient god's corpse. Therefore, everything on your body is mine, and you will never be able to escape! "

"Oh!"

Li Xuanji gently nodded as her face slightly flushed.

"I need to consolidate my current strength."

Long Chen reminded.

In less than two hours, he would face the Two Elements of Calamity. Honestly speaking, with such a swift approach, ordinary people would definitely die, even Long Chen was no exception. The Reincarnation Poison was the most terrifying poison in the world.

The Two Elements of Tribulation had descended!

Within Li Xuanji's body, a yang demon appeared!

The power of the yang demon swept across, causing her entire body to ignite.

Long Chen imbued the second drop of the god's chosen one spirit liquid into her red lips. This drop of the god's chosen one spirit liquid was simply too effective, and helped Li Xuanji increase her strength, suppressing the power of the yang demon. After about fifteen minutes, Li Xuanji suppressed the yang demon, and successfully reached the second tribulation of reincarnation.

Every drop of god's chosen one had different effects.

Starting from now, it would be the Triple Calamity and the Four Symbols Tribulation that Long Chen had yet to pass through, etc.

But the more it went on, the more worried Long Chen became, the tribulation in his heart was too fierce, could Li Xuanji really hold on because of her unstable foundation? Could it be that if she was a little bit careless, she would suddenly lose her life? Furthermore, when will the effects of the Reincarnation Poison stop?

However, he reckoned that it was more likely that he would be killed by the reincarnation tribulation. After all, he had the body of a third stage Ancestral Dragon, and every reincarnation tribulation was extremely terrifying, so he might not even be able to withstand the effects of the God's Karma. Therefore, it was unrealistic for him to use the power of the reincarnation poison to rush out like that.

After the second heavenly tribulation, Li Xuanji had undoubtedly become a practitioner of the second heavenly tribulation of reincarnation, but what followed next was even more dangerous!

Triumph!

Heaven and Earth!

Heaven was the boundless void, the earth was the Dragon Sacrifice Continent, and man was his own. Heaven Calamity against the Primordial Spirit, Earth Tribulation had destroyed the flesh, and Human

Tribulation had combined to face the dark side of the heart. It penetrated the heavens and possessed the Power of Reincarnation. He began to draw upon the essence of Heaven and Earth. After he succeeded, his body would be able to join up with his origin soul and become one with it.

The third drop had three colors.

Long Chen placed the god's chosen one spirit liquid into Li Xuanji's hands and retreated. The heavenly tribulation came from the endless starry sky and would descend soon. It was a three colored lightning that appeared out of nowhere and struck Li Xuanji's head.

Li Xuanji himself was simply unable to resist the divine might of the tribulation.

If they failed, the first thing they would do was destroy their Primal Divinity.

Then his body collapsed.

If he could block the heavenly tribulation, then the mortal tribulation would be able to destroy his primordial spirit and body.

At this time, the three-colored god's chosen liquid came into play. One of them protected the primordial spirit, the other protected the body. The last one stayed to welcome the final tribulation!

When the heavenly tribulation entered his sea of consciousness, it immediately triggered a terrifying attack. The entire sea of consciousness turned upside down, and Li Xuanji's primordial spirit floated in the middle of the sea of consciousness.

The three colored lightning bolts shot towards him!

Weng! \*

The god's chosen liquid formed a protective barrier, blocking the three-colored lightning's attack.

After being bombarded countless times, the three-colored lightning finally shattered, and the barrier formed from the god's chosen one spirit liquid also shattered at the same time, just barely blocking the attack.

Low level descended.

On the ground, an earthen yellow cloud suddenly rose up, enveloping Li Xuanji within.

The God's chosen one's soul was liquefied into a protective shield, protecting Li Xuanji from being corroded.

He had endured the earth tribulation with great difficulty.

Eventually, the Human Tribulation arrived. It gathered the strength of the Earth Tribulation and attacked both the physical body and the primordial spirit.

The Human Calamity was similar to the Yin yang demon but even more powerful. Within her consciousness, a second primordial spirit, body, and body appeared!

Chapter 2124 - Four Images of the Five Elements

Long Chen clenched his fists.

The Reincarnation Poison was bound to die, if not for the God's Soul Liquid.

Even if one had the God's End Spirit Liquid, blocking the reincarnation poison wouldn't be easy. Under such turmoil, it was very likely that Li Xuanji had suddenly died.

This was simply a nightmare.

He could only watch on helplessly, unable to control anything that was happening. Sometimes, the Reincarnation Tribulation was so terrifying that it could take away everything. Most of the people had died under the reincarnation cycle.

Perhaps even someone as strong as Long Qinglan could only look at the people around him and see them die one by one under the tribulation of reincarnation.

"Will there be such a Eighteen Major Tribulations in the The Age of Dragons?"

Long Chen could not help but be confused.

In his eyes, the Eighteen Major Tribulations was more like a disaster than a test. The heavens' law was ruthless. It made him, who was powerless at the moment, gloomy and angry!

The final tribulation of the Tribulations came when the Mortal Tribulation descended!

A dual tribulation human being's attack. If not for the god's soul liquid, Li Xuanji's primordial spirit and body would have been destroyed at the same time.

Rumble rumble rumble!

was fighting as well, she was extremely weak. It was all because of the God's Mandate that gave her strength, allowing her to hold on with great difficulty.

Long Chen couldn't resist wanting to help her a few times, but he stopped him no matter what. She was tenacious and knew how to fight to the death, but he did not give up at this moment.

In the end, under her perseverance, the 'tribulation' vanished like smoke into thin air ...

She panted heavily, her ample chest moving up and down, her eyes looking at Long Chen. Although she did not say anything, the look in her eyes allowed Long Chen to understand her determination to live on.

Honestly speaking, this kind of upgrade that was brought about by the reincarnation poison and the god's chosen spirit liquid couldn't make the two of them happy, because it was too dangerous, and they didn't even know when would end, so if they continued this journey, Li Xuanji would definitely die. Without a proper memorial, this kind of growth, even with the god's blessings, wouldn't be able to allow her to pass through the tribulation of six cycles of reincarnation.

Even if it was Long Chen, he reckoned that he would need a few years, or even ten years of accumulation and precipitation, in order to easily come into contact with them. Therefore, if the Reincarnation Poison did not stop, Li Xuanji would definitely die.

"I can't give up!"

Long Chen didn't know what to do.

This time, he understood the terror of a calamity even more deeply, and hated the so called Heavenly Dao and his Eighteen Major Tribulations even more. If Li Xuanji died because of this, his heart would forever be filled with hatred and pain!

"I know, the Four Symbols tribulation is next."

Li Xuanji took a deep breath, and said those words peacefully in front of Long Chen's eyes.

The Four Symbols tribulation, the Four Heavenly Emperors descended.

Long Chen stood at the side.

In order to survive, Li Xuanji clenched her teeth tightly. Not only did she want to resist this kind of calamity, after experiencing a hundred lifetimes of reincarnation, she knew very well what was the most important thing. Even if it was for Long Chen's sake, she had to fight and resist.

To survive, fight!

Under the protection of the fourth drop of the god's chosen one liquid, she unleashed all her powers. It was very difficult to see how tough and tenacious she was right now from a girl's body, and seeing such faith, only Long Chen knew that there was too much perseverance in her heart right now!

No communication.

Long Chen knew what she was thinking.

After a few days, she fell into Long Chen's embrace as her entire body was covered with wounds, but her eyes were still firm. She bit her red lips and said, "In another four hours, it will be the Five Element Tribulation."

The Five Elements Tribulation required one to withstand the bombardment of the five elements.

The higher one went, the more terrifying the disaster would be, and the lower the chances of Li Xuanji surviving. Furthermore, if she wasn't tenacious enough, even if she had the God's blessings, she would probably have died under the Four Symbols tribulation.

In reality, the Five Elements Tribulations had already become a fatal threat to Li Xuanji.

If the six paths descended after the five elemental tribulation, it would be impossible for Li Xuanji to survive it. Even Long Chen would not be able to endure such an elongated growth. This was simply a nightmare.

Long Chen's hands, which were holding onto her delicate body, trembled slightly as he said in a daze, "I want to fight this calamity for you."

"Impossible!" This will implicate you, and the result will be even worse. Absolutely not. "

Li Xuanji said in a serious tone.

How could Long Chen not know about it!

But he could not give up and watch her die.

Li Xuanji gently stood up from his embrace. She blinked her eyes as tears welled in her eyes. She suddenly laughed and cupped Long Chen's face and said, "Don't worry, I can still fight. If there are six more calamities descending upon me, that will be my fate, destiny has decreed that I should die. You don't have to be too sad. Maybe even if I die, I will still be living in your body forever, don't you think? "

She was as gentle as water, and her eyes were captivating.

Only when facing Long Chen would she behave like this, but in the eyes of others, she had always been mysterious and cold. She was the rose in the night, for one person alone to hold all of himself.

"Alright."

Long Chen closed his eyes, suppressing the struggle in his heart.

It wasn't that he was immature, or that he couldn't figure it out, but that he was unable to part with the woman in front of him. He was innately rebellious. How could he be willing to just watch his beloved die?

"Don't do anything stupid. I'll stay with you forever. "

Li Xuanji floated off lightly. She was beginning to need to welcome the Five Elements Tribulations.

Long Chen took out the fifth drop of god's chosen one spirit liquid from the jade bottle. That was her last hope, if not for this god's chosen one, she would already be dead by the time of the One Yuan Tribulation.

"I hope everything will stop after the five elements tribulation."

Long Chen said those words silently in his heart.

However, he understood that every time he longed for something, it would be exactly the opposite of what actually happened.

Only Li Xuanji's eyes, which were as calm as the dark night, could calm him down.

She was a different woman from Ling Xi. When she interacted with Ling Xi, Long Chen could control everything he did, but when interacting with her, she was mostly the one who strengthened his heart.

"Wait for me."

Li Xuanji received the fifth drop of God's End Spirit Liquid.

She sat cross-legged on the ground and waited.

Time was a torment.

In the end, it still had to come.

Gold, wood, water, fire, earth. The power of the five elements slowly formed into a grand primordial tribulation that revolved around him. This made Long Chen recall the few types of powers used in the beginning of the Nirvana Tribulation. It was just that they were not the origin power that formed the world.

In the golden fog, countless steel blades condensed and flashed as they cut through space, rushing over.

In the forest of trees, countless vigorous and powerful giant trees were emitting endless amounts of energy, which would occasionally appear in the surroundings and sweep through the world.

Within the blue sea, raging waves roiled and countless frigid water surged outwards.

Within the sea of fire, the flames formed tens of thousands of beasts that were roaring nonstop.

The ground quaked and the earth quaked.

Under the tribulation of countless origin, Li Xuanji seemed so insignificant in the face of this vast Heavenly Dao.

However, her thin and weak shoulders were shouldered too much, so she gritted her teeth in an unyielding manner without the slightest bit of fear.

"I'm bringing him hope, so I can't die here!"

Surrounded by the origin tribulation, her dress and long hair fluttered like a god.

Rumble rumble rumble!

The Five Elements Tribulation had descended.

Long Chen became an outsider as he watched her get drowned by the countless calamities. The five element tribulation was one of the tribulation of reincarnation. In fact, even the most violent strike of the first time was enough to cause all of them to vanish into thin air. There were no remains left of them.

Everything in front of Long Chen fluttered with the tribulation of origin.

Countless golden blades, as though they possessed intelligence, became golden bats.

Within the flames, there were many different beasts rushing about, just like the gigantic beasts of the Inferno Star Realm.

In the blue sea, the waves condensed into swords and rushed forward.

In the chaos, Long Chen knew that Li Xuanji was not dead. Although it was awkward, but he had to admit that between the two of them, Long Chen could see through everything.

The current her was fighting to the death for the sake of her own survival and Long Chen's hope. She was the toughest woman Long Chen had ever met, and there wasn't a single one that wasn't her match. Her willpower wasn't inferior to Long Chen's, so even though the Five Element Tribulation was so majestic, she didn't fall.

Being alive was the best way to repay those who loved him!

In order to survive, he had to fight!

Fighting against fate, fighting against a tribulation. When Long Chen realized that her battle against the five elements tribulation had turned the world upside down, he knew in his heart that it wasn't just the effect of the god's chosen one's liquid, but his fighting spirit. Her perseverance, if it were anyone else, they definitely wouldn't be able to persevere to this point!

"You don't have to worry, I'll get through it."

Her voice came to his ears.

The golden giant elephant, green giant lizard, blue giant whale, fire lion and yellow Soaring Snake were the final forms of the origin tribulation. Only by destroying them would she be able to seize their source energy and ultimately enter the tribulation of reincarnation of the five elements.

Rumor had it that these five divine beasts had long ago passed down through the ages.

Compared to them, Li Xuanji was small and weak.

Under the attacks of the five giant beasts, she was in a precarious situation. Even though her entire body was covered in wounds, she did not fall down, and every time she was struck, she would miraculously stand up. Battling with her will, that was the undefeatable conviction that drove her to persevere, even if her body were to die in battle, her soul would not die!

"Long Chen, I will win, don't be afraid."

Her weak voice resonated in Long Chen's ears time and time again.

Long Chen rushed up to the five gigantic beasts, but he immediately transformed into a divine dragon, which was as huge as the five gigantic beasts. His eyes that were filled with killing intent stared straight at the five gigantic beasts, and although he did not make a move, the killing intent that came from the Primordial Blood Spirit Dragon was still able to intimidate the five gigantic beasts.

If she couldn't, Long Chen would have to struggle against this world.

He was not afraid of death. What he was afraid of was cowardice and incompetence!

When he was in the stomach of the Dragon Devouring Beast, he had once faced a feeling of helplessness or even begged for mercy. It was not real, it was just an illusion created by the opponent's illusions. The real him had died so many times, so how could he be afraid of death!

I recommend a good fantasy novel, Master Grandmist.

Chapter 2125 - Keys and locks

"Fight!" "Fight!"

Even though he did not make a move, his bloodshot eyes stared unwaveringly at the five giant beasts. His enormous body swam around, surrounding the five giant beasts, eyeing them covetously.

It was as if it would explode at any moment.

However, Li Xuanji was extraordinarily tenacious, and every time, she would almost lose her life. However, if she miraculously endured through it, then it would be terrifying for a woman to go crazy. The tenacity in her bones would explode, and even those five hands would be afraid of her!

Furthermore, there was also Long Chen who was prepared to sacrifice his life!

In order to prevent Long Chen from making a move, Li Xuanji could only let him win!

"Die!"

The effect of the fifth drop of god's chosen one liquid was completely activated, giving her tyrannical attack power. Even if she was injured, she could still quickly recover.

This Five Elements tribulation was the last tribulation she could deal with. If she were to reveal her six paths, there would be no need to fight. Even Li Xuanji's mysterious master helped her out, allowing her to manipulate the black divine needle to destroy that golden steel monster! After countless defeats and life-and-death battles, Li Xuanji finally managed to destroy that golden divine needle.

The golden source energy flowed into her body, bringing her a golden armor!

After that, Li Xuanji seemed to have been reborn from the flames as she charged forward again and again to destroy two more great origin tribulations. When her power started to surge and her origin tribulation was defeated, Long Chen knew that she had successfully passed through the five elements tribulation. This could be considered a miracle, but it was not really a miracle, because this was what Li Xuanji had put her life on the line.

As for the Six Paths of Reincarnation, that was life. There was no way to resist it.

The Six Paths of Reincarnation. He could only pray.

When she destroyed the last of the lions, her face was already pale. She fell from the sky like a kite with its string cut.

Long Chen's gigantic Divine Dragon Body flew down, extended its dragon palm and gently caught Li Xuanji's delicate body. Unexpectedly, her weak and delicate body was able to release such power and destroy the five elements tribulation!

At this moment, she was on her last breath like a black flower spreading out from the blood-red dragon palm. Her long hair spread out to the surroundings and her snow-white skin faintly appeared within her dress ...

It was all so beautiful.

The dark red at the corner of his mouth was the most beautiful ornament.

The Archaic Blood Spirit Dragon landed on the ground. It stared at the woman on the dragon's palm with its huge bloody eyes, filled with endless worry.

Would the Six Paths of Samsara descend soon?

She had already surpassed the limit, but should she live or die?

All of this depended on fate.

Long Chen was furious and anxious. He hated the feeling of being unable to control his hand, but no matter what, his palm was calm. He was worried that he would wake her up.

Long Chen looked around vigilantly, as if he was protecting the mother of a young beast.

Time slowly passed by.

The six tribulations did not descend!

Normally, the Heavenly Dao was ruthless. The more Long Chen was worried, the more things that happened, the more likely it would happen. However, the calamity that would destroy Li Xuanji this time had yet to come.

Long Chen did not dare to let out a breath of relief, he dared not hesitate and turned into a human and continued to move forward while carrying Li Xuanji. Far away from this place, he only cared about going forward, no matter where he went.

She could have cultivated in peace, but now, she had reached the tribulation of reincarnation of the Five Elements.

It was a good thing, but the process was too terrifying. If she could try again, Long Chen would definitely not let her take this risk. Although allowing these two women to grow stronger was his responsibility, he hoped that he would be like Ling Xi, who could rely on her talent to slowly grow stronger, and not erupt in such a dangerous manner.

Half a day passed.

The sixth cycle of reincarnation still hadn't arrived.

In the end, Long Chen kneeled on the blood sand and gently put Li Xuanji down. The feeling of having survived a calamity caused his back to be covered in cold sweat. The crisis this time was actually very terrifying. He had almost died in the stomach of the Dragon Devouring Beast, and Li Xuanji had almost died under the Reincarnation Poison as well.

Fortunately, the effect of the Reincarnation Poison was over.

She had experienced countless life and death dangers and now that she was in deep sleep, her body was also recovering. Long Chen sat beside her, staring at this tough and gentle woman, in a daze.

It was enough to live and fight for one or two people who loved him.

Even if he died, he wouldn't regret it. At the very least, there were people who loved him so much.

That was the mark he left behind in this world.

A bloody sandstorm filled the air.

The atmosphere was quiet.

Her long eyelashes trembled, and then she saw Long Chen at her side. The moment she saw this youth, she understood everything, and if she were to come back to life, the feeling of surviving a calamity would definitely cause people to cry bitterly. But she did not.

"I said I won't leave you behind, I did it."

she whispered.

Long Chen had long since adjusted himself. After experiencing life and death together, living and dying together, he could better understand how important a person was to him. He looked at Li Xuanji and smiled. "That's right, it was a false alarm. It's like a nightmare. Fortunately, I've woken up now. "

He looked up at the blood-red sand in the sky.

Li Xuanji said softly, "After today, I understand even more clearly that life is something to be treasured, and also understand why I want to live. Death will come one day, but I hope I can leave with a smile without any regrets. I won't let you worry about me, and I won't let you worry about me. "

However, Long Chen said: "I won't let you die."

Li Xuanji shook her head: "You cannot, only those who have become a god will not die."

Long Chen said: "Then I will let you become a god, and you will never die!"

This was his goal, and to turn everyone around him into a god, to live forever and not die!

"Then work hard, I believe in you."

In front of Long Chen, anything that was impossible would happen. He was born to challenge the impossibility of everything, and from the moment he went to war until now, he had already defeated the impossibilities!

From the Dragon Swallowing Beast to the Reincarnation Poison, it was impossible for the Dragon Tomb Army to not notice Long Chen's movements.

"What's next?" Leave this place? "

"Let's go back to the Dragon-Devouring Beast first. We'll leave in a hurry and see what my father left behind."

"Alright."

Li Xuanji didn't mind becoming his Yin Mo, she enjoyed the feeling of being within Long Chen's body a lot, especially after she became strong. Adding all of them together, it would still make Long Chen strong.

"Let's try out the ancient god's corpse first!"

Long Chen thought.

Immediately, five people appeared beside him.

After a careful look, he could not help but feel depressed, because the five people who appeared were not his appearance, nor was it Li Xuanji's appearance, but were actually a mixture of the two of them. Although they were still handsome, they did not have any gender, and even their outer appearances could not be seen. Of course, in terms of combat ability, it was as if Long Chen had added five helpers at the same level!

The corpse of the ancient god, the god's chosen one liquid and the Sector lord Divine Arts were all supreme treasures.

This made Li Xuanji unable to hold back her laughter.

Long Chen put away the Ancient God's corpse gloomily, and headed towards the tombstone where the Dragon-Eating Dragon Beast was. He activated his Time Traversing Dragon, passing by most of the Dragon Tomb generals, and after a day, he returned to the place where he fought with the Heaven Swallowing Beast. There was no one around, and it was probably because the Dragon Tomb generals had searched this place before, that he once again entered the underground palace.

Because of the battle, this place had become a mess.

The disgusting smell of the Dragon Devouring Beast was still present.

Long Chen found the blood pool from before. Now that the blood pool was dry, Long Chen jumped in and landed at the bottom of the blood pool.

It was very old and must have been a long time.

He walked around the area and didn't find anything.

Long Chen could not help but be disappointed. It seemed that Long Qinglan did not expect him to come here, as he had originally come here to search for the footprints Long Qinglan had left behind.

"What is this?"

Li Xuanji found two strange things in the corner.

It was also a key made of rock. It was mottled and full of the marks of time.

The other was a lock made of rock.

Keys and locks?

This was a relatively ordinary rock. It was only because it was made of a sturdy material that it had been preserved to this day. Long Chen inserted the key into the lock, gently twisted it, and did not do anything.

"Seems like I was overthinking it."

This was just an ordinary thing, but it was a little strange.

"There seems to be words."

Upon closer inspection, there were four words engraved on the key: "Fate Dragon City."

Long Chen looked at the stone lock, and there were actually four small words inside, which were: Star of Destiny.

They all started with fate, with a key and a stone lock. What did that mean?

Long Chen couldn't figure it out for a while.

Just at this moment, someone entered the underground palace, probably Dragon Tomb Army. Long Chen placed the two things into the God Kingdom and exited the blood pool. A few gloomy-looking elders walked over, but when they saw Long Chen, they obviously heaved a sigh of relief.

"You are the son of the Eternal Dragon Emperor, Long Chen?"

No matter the time, when others called him, he would always be titled as the son of an eternal Dragon Emperor, which made Long Chen feel uncomfortable.

These were all experts of the Seven Stars Reincarnation. Long Chen did not want to offend them, so he said: "Long Chen greets the elders."

They looked at each other.

One of them said, "You ..."

Although he wanted to curse, he was speechless. He then said: "Alright, let's get you out of here first. This time you have stirred up a disaster. We thought you were dead, but you actually survived. Come with us! "

They didn't want to say anything more and directly rushed out.

Long Chen followed him out. He did not have anything to worry about, since coming here was an accident and he could not control it, it would not be easy to blame him for what happened next.

In front of them, a few old men looked back at Long Chen, their eyes filled with ill intent.

"It's fine if you are causing trouble outside, but you still want to come in and cause a ruckus, causing us to be unable to have any peace for the past few days. It really is not a good thing!"

"Just watch, even Long Qinglan didn't have a good ending, what more him?"

## Chapter 2126 - Jade Heart Dragon

Long Chen had long heard of the doubts and slanders that came from them, and felt disdain for them in his heart.

He didn't want to refute anything, but he would try his best to show them one day. This was his persistence and perseverance.

Along the way, an elder came forward and asked, "Did you release the item that was sealed here?"

Long Chen nodded.

"And then?"

Seeing that the other party's expression was not friendly, Long Chen did not want to provoke this kind of powerhouse that could compare to the Dream King, so he said: "After a difficult battle, I will kill him."

"You?"

Although no one believed him, according to their speculations, this was the truth. The Dragon Devouring Beast was already dead, and there was no one else in the tomb.

"That is something sealed by Long Qinglan, we are too lazy to bother with it. But you, you came to slaughter the dragon tomb, and caused such a ruckus!"

The enemy forces were all experts who were well-versed in the power of gods, and their nature was no different from Long Chen's. However, their strength far surpassed Long Chen's.

The few elders were like gods and devils, their eyes flickering. If not for the fact that they did not have any orders and Long Chen's identity was the key, they would have already taught this junior a lesson. After all, Long Chen had let them run for such a long time.

"Did he seal it?"

Sure enough, it was as Long Chen expected.

"Right, where's the Reincarnation Poison? Are you not poisoned by the Reincarnation Poison? "

They looked at him with their eyes once again, their gazes were filled with vigilance but deep down, they were looking down on him. This made Long Chen feel a little uncomfortable, but he had to admit that in the entire Five Dragon Cities, a majority of the people looked at him with this kind of gaze.

Disdain, contempt, disdain, even inexplicable hatred.

Long Chen became more cautious, and said: "It was that monster who encountered the Reincarnation Poison."

Hearing this, they seemed to have expected it. They nodded and mocked, "I don't think you have the ability to defeat that thing. You used the Reincarnation Poison, no wonder!"

"Little guy, remember this: when I'm in the Dragon Slayer City, you have to behave yourself. You are the son of an ancient sinner, and the reason why we took you in was to imprison you, educate you, and restore you to your rightful path. If you are arrogant and despotic, if you don't know how to repent, and

were to be executed by the three Dragon Emperors in the future, don't blame this old one for not reminding you! "

The few of them walked forward while commanding the others to teach them a lesson.

"Honest?"

Long Chen couldn't do it.

After he left, he still had something very important to do. He had never forgotten about this matter, and that was to avenge Su Muchen. That fair, upright, and full of ideals, the person who joined Slaughter Dragon City and lost everything because of meeting a senior like Meng Qingqiu was something Long Chen could not tolerate!

Therefore, no matter what, no matter who obstructed him, Long Chen had to take revenge! He could even disregard any consequences, just for the sake of having a clear conscience and clear thoughts!

Under the lead of a few Dragon Tomb generals, Long Chen crossed the border between the Dragon Tomb and the Heavenly Blood Hell, and arrived at the side of the Heavenly Blood Hell. They gave Long Chen a few more warnings, then returned to slaughter the Dragon Tomb.

He was finally back.

At this moment, Long Chen had just crossed the second heavenly tribulation, so it was not a problem for him to face warriors of the late stage of the Six Paths of Samsara. Especially after Li Xuanji had become her own Yin Mo, her strength had increased by leaps and bounds.

However, Meng Qingqiu didn't seem to be here.

When Li Xuanji came out of his body, although she currently had the tribulation of reincarnation of the five elements, she still could not unleash much of her strength. However, the realms of these tribulation of reincarnation of the five elements were sufficient for her to protect herself. One must know that Jiang Ming had only just reached the tribulation of reincarnation of the five elements.

"Will we be able to find him soon?" Li Xuanji asked.

"I can't stand that."

When Long Chen just returned, he had already attracted the attention of most of the Dragon Tomb Army. At this moment, they naturally knew that Long Chen was the son of the Eternal Dragon Emperor, and their eyes were immediately filled with vigilance, not daring to approach Long Chen. As for the Li Xuanji beside Long Chen, they did not know him either.

Thousands of dragon tomb soldiers flew around him.

Amongst the crowd, there was even a pair of sisters who had seduced him before. They were not afraid, their eyes were filled with provocation.

Long Chen's identity created a deep barrier between them and Long Chen.

During the time that Long Chen had disappeared, they more or less knew that he had gone to the Slaughter Dragon's Tomb, which triggered the disgust of the strong warriors.

Long Chen continued to advance in the midst of all the gazes that were fixated on him.

He suddenly caught a person and asked in a deep voice, "Where is Meng Qingqiu?"

That person immediately struggled free, but to his horror, he realized that even with his Four Symbols tribulation of reincarnation, he did not have the power to resist against Long Chen.

"Let me ask you, where is Meng Qingqiu?"

"I don't know, I don't know!"

The martial artist was flustered.

"Let him go!"

Everyone surrounded him, looking at Long Chen with unfriendly eyes.

At this time, the crowd parted to form two paths, one for Ye Yushi and the other for Feng Zhu. They controlled Long Chen from both sides, whether it was Feng Zhu or Ye Yushi, they both undoubtedly hated Long Chen greatly and could not vent their anger the last time. This was an opportunity.

Ye Yushi clenched her teeth and said, "Long Chen, let him go. You're looking for Meng Qingqiu, right? I'll tell you!"

Long Chen did not say a word, and threw out the Dragon Tomb Army in his hands.

"Where is he?"

Long Chen walked over in an overbearing manner. The ice-cold glint in his eyes made no one dare to provoke him.

In just ten days, Long Chen had become much stronger. Seeing how sharp he was, Ye Yushi laughed coldly in his heart. She turned his eyes and said: "Do you want to know where he went? It's very simple, defeat me, and I will tell you! "

She wanted to think of a way Long Chen wouldn't escape in front of her, if not she would be helpless against him.

This worked.

Long Chen remembered that he had made a bet with this woman before, that he would surpass her in a few days. However, now she came to him looking for a beating, Long Chen had to make her convinced.

After she accepted it, since Long Chen was here from then on, no one would dare to bicker about in front of him anymore.

If he had to stay here, he would control it.

"Little Sister Shi, let me do it!"

Feng Zhu eagerly said.

"No need."

Ye Yushi was already impatient and walked towards Long Chen step by step to suppress him. Under her control, six worlds appeared on her body, and the six worlds merged into one, becoming a formation of life and death in her body. The six energies surged into her body, as if she was using the power of all living things, with a mighty voice.

"It's been so many years since I've seen Lieutenant Ye take action."

"After so many years, those who were defeated by Lieutenant Ye are all miserable. This Long Chen just returned and he's already so arrogant. Look at how Lieutenant Ye taught him a lesson. "

"Let's wait for him to make his move. Didn't we beat him up the last time? How dare he act so arrogantly this time? And he even wants to fight Lieutenant Meng?" What was he trying to do by being so aggressive? This is so funny! "

When they had escaped far away, Long Chen turned around to look at Feng Zhu, and said: "You should also come at me. I'm in a hurry. "

These two fellows really had to convince them!

Ye Yushi was an ancient jade heart dragon, a very good high level divine dragon.

The wind candle was a fire candle dragon, also a high level divine dragon. A high level divine dragon inheritance. To be able to reach this level meant that they were very good. Otherwise, they wouldn't have been able to become the lieutenant of the Dragon Tomb Army!

"Don't do anything, I'll deal with him!"

In that moment, Ye Yushi's body underwent a strange transformation. Her entire body turned from a body of flesh to a crystal clear and pure jade, like a beautiful statue. The snow-white strength swept through her, forming a storm around her!

This was the ability of the Ancient Jade Heart Dragon.

"Solidify!"

Ye Yushi's expression was vicious, she shouted, and under her control, the air congealed, and transformed into a myriad of jade fragments, becoming blades that covered the sky and struck towards Long Chen. Underneath the jade blades, there were six faint energies that appeared, and as they tore through the space, they cut off Long Chen's path to survival!

"Lightning Sacrifice!"

Long Chen's expression did not change as his body suddenly exploded. Countless tears of light flickered, and suddenly formed a ball of lightning with a diameter of several tens of meters around his body. As his lightning energy flickered, the purple light shot into the sky, and the onlookers all retreated, preventing themselves from being implicated by the thunder!

BOOM!

Long Chen's power was beyond their imagination. In the first move, Ye Yushi was actually forced to retreat, and used all her strength to block Long Chen's Lightning Sacrifice!

"Windstorm Sacrifice!"

Long Chen suddenly turned his head around, and a storm swirled in his left hand. It suddenly spun, and instantly formed into a terrifying storm. Under Long Chen's control, that storm rushed out, and in a blink of an eye, it turned into a huge tornado that swept towards the wind candle!

"Turn into dragons, you two!"

Long Chen laughed.

Feng Zhu did not expect Long Chen to attack more than he did, so he acted hastily under the effects of the Raging Wind Sacrifice, and his face was covered in dirt, almost getting injured!

Both he and Ye Yushi's eyes were filled with shock.

There was not a single one, but Long Chen was much stronger than last time. He had once said that he would be able to defeat the two of them soon.

"Impossible!"

Ye Yushi was absolutely uncomfortable. At this moment, she rushed over once again, gathering the power of six Samsaras at a single point!

"Brat, you dare to attack me. I'll teach you a lesson!"

Feng Zhu found an excuse and attacked Long Chen.

When the two of them came together, it saved Long Chen a lot of trouble. Long Chen had condensed all of his energy, the strong feeling made his blood boil, in his eyes, the two of them were the proof of his current strength!

"You're still not turning into a dragon?"

Long Chen laughed coldly, and used the God Slaying Sword!

At the same time, Feng Zhu and Ye Yushi also took out their own Dao artifacts.

However, under the effect of the God-Slaying Sword, the two artifacts lost their luster of light.

Chapter 2127 - Battle Art

The Killing Sword Technique was activated!

The current Long Chen could unleash the Slaying Sword Technique to nearly two thousand swords!

The speed at which it was displayed was extraordinary. In just a short moment, over a hundred sword energies were wildly dancing. It was truly terrifying. In the midst of those resplendent sword energies, the Dragon Tomb Army was simply dumbfounded.

The entire space was enveloped by Long Chen's myriad of slaughter sword Qis!

One wave was more terrifying than the other!

This was not a battle at all, it was more like art.

As for Ye Yushi and Feng Zhu, they could only dodge awkwardly under the cover of the endless Sword Qi. Even though they had the ability of six cycles of reincarnation, when Long Chen's cultivation broke through to the two levels of tribulation stage, it was already enough to crush them into a fight. If Li Xuanji used her Yin Mo Xie to enter Long Chen's body, he would instantly kill them all!

Under the onslaught of thousands of killing sword Qi, Ye Yushi's face became pale, the wind candle became even more miserable, and wounds appeared all over her body, but in reality, Long Chen was aiming at their Dao Artifact!

Endless sword beams danced wildly!

At this moment, Long Chen was extremely overbearing, his sword qi soaring into the sky, no one could compare to him!

Previously, everyone thought that Ye Yushi would teach Long Chen a lesson, but now, it seemed that if she didn't quickly transform into a dragon, she would probably be able to hold on!

Just at this moment, Long Chen swung the God Slaying Sword furiously, smashing the two Dao Artifacts, Ye Yushi and Feng Zhu, into pieces!

Clang!

Fragments of a Dao artifact flew everywhere!

Ye Yushi and Feng Zhu were completely stunned. He had followed them for thousands of years! Today, it had been destroyed just like that.

In their eyes, Long Chen was the son of a sinner who had sinned throughout the ages.

But now, he was so arrogant and berserk, intimidating everyone, under the effect of the God Slaying Sword, the Dragon Tomb Army was all scared off, their mouths were dry, they did not dare say another

word in front of Long Chen, and before that, they were still mocking him for wanting to be imprisoned in Dragon Slaying City for the rest of his life!

Long Chen was very satisfied with the reverence in their eyes. This way, they would be able to tactfully shut their mouths and not cause a ruckus about the Eternal Dragon Emperor in front of him.

"Long Chen!"

Ye Yushi blankly stared at the shattered Dao artifacts. Her white eyes were bloodshot.

In order to show off in front of the woman he liked, he had turned into a divine dragon. When the fire candle dragon appeared, it was a divine dragon that was made up of raging winds and flames, half of its body was engulfed by flames while the other half was filled with storm. Under the duo, it formed into a flaming tornado, glaring at Long Chen!

"Destroying my Dao Artifact is a crime worthy of death!" Long Chen, no matter what, you must pay the price of your life today! " The wind candle roared.

Everyone finally mustered up their courage and cheered for the two lieutenants. If the two lieutenants were to be defeated, in the future, in this Heavenly Blood Hell, as long as Long Chen was still alive, they would not be able to raise their heads.

Long Chen kept the God Slaying Sword and laughed: "Don't shout, don't shout. If you have the ability, hurry up and attack. And you, Ye Yushi, don't you think you're awesome? Let's go together and settle the matter once and for all. At the same time, we can the grudge that I violated once, right? "Speaking of which, it feels really good. It's a pity that this person beside me doesn't seem to have enjoyed it."

"Shut up!"

Ye Yushi was so angry that she was trembling. Feng Zhu's chest felt like it was about to explode.

The more Long Chen talked about that day, the angrier they became. At that moment, Ye Yushi flew up, and transformed into an Ancient Jadeheart Dragon made entirely out of white jade. Ancient Jadeheart Dragon was both exquisite and beautiful, as if it was carved out of great beauty. Whether it was the

scales of the White Jade Dragon, the teeth of the White Jade Dragon, or the claws of the White Jade Dragon.

However, the Ancient Jadeheart Dragon also released a ruthless aura, screaming as it charged towards Long Chen.

Sensing their murderous intent, as they approached, the smile on Long Chen's face slowly disappeared. The time for revenge had finally come.

He glanced at the huge ball of blood with over ten thousand eyes in it. It was still wriggling and countless martial practitioners were suffering within it. And this was just one of them.

Weng! \*

The two of them had already arrived.

Long Chen squinted his eyes, and suddenly became a dragon.

The Primordial Blood Spirit Dragon's body towered over the heavens. As soon as it appeared, its aura completely suppressed the Ancient Jade Heart Dragon and the Flame Candle Dragon!

Blood-colored dragon scales, sharp dragon claws, and cold eyes.

The Ancient Jadeheart Dragon did not care about that. Relying on its larger body than Long Chen, it rushed over!

"Blood Weeping Dragon Soul!"

Long Chen was too lazy to be courteous with her, all of the dragon scales on his body flickered, and millions of dragon souls shot out.

"What!"

The Ancient Jade Heart Dragon cried out in alarm and was completely drowned out!

Everyone was stunned!

"Little Sister Shi!"

The Firestorm Way Candle Dragon carried the flaming tornado and charged forward, wanting to save Ye Yushi, but right at this moment, Long Chen's Primordial Blood Spirit Dragon body stopped right in front of his eyes.

"Your opponent is me."

Long Chen sneered, and instantly rushed to the side of the Wind Fire Candle Dragon, the Heaven Slaughter Blood Sword slashed down ferociously, yet again erupting with the Sword Art of slaughter. Under Long Chen's terrifying physical body attack, the gigantic dragon's body was instantly stained with blood, and under the Sword Art of slaughter, it was pushed back continuously, crying out in pain!

"You're too weak!"

Long Chen said something that caused everyone's scalps to go numb!

At this moment, he pressed the Wind Fire Candle Dragon down on the ground, and with the Lightning Sacrifice, the ball of lightning that was ten times larger than before crashed into the Wind Fire Candle Dragon's body, instantly causing him to scream in pain! He struggled with all his might, but unfortunately, he did not have the strength to escape Long Chen's control!

"Let me go, you prisoner traitor! You sinner's son! You will be killed one day. You'd better let me go! "

Feng Zhu shouted hysterically.

At the same time, Ye Yushi was also screaming from within the Blood Weeping Dragon soul!

The two lieutenants were defeated in front of Long Chen.

Feng Zhu's words could not help but angered Long Chen.

"I am a traitor? I'm a prisoner? What makes you say that? I hate it when people look down on me the most. "

Long Chen's face was expressionless, but his voice reached everyone's ears, causing them to feel endless reverence. He opened his mouth and used the Sun Sacrifice, once again striking the Wind Fire Candle Dragon, and the wind candle once again sustained heavy injuries. As it was dying, Long Chen asked him again, and said: "Tell me, who gave you the authority to look down on me? You want to torture me? When I came to this Heavenly Blood Hell, I didn't offend you in the beginning right? What did you mean by slandering me with two girls? "

He looked over, and instantly the two girls who had seduced Long Chen before turned pale in fright, and quickly ran towards the crowd.

In fact, everyone understood that it was indeed the two lieutenants who had set up the event from the beginning.

"Long Chen, don't be arrogant, even if you defeat us, you are a prisoner in my Dragon Slaying City, this is an undeniable fact. Also, you are the son of a sinner, this is also an undeniable fact!

The Firestorm Way Candle Dragon endured his injuries and cursed.

"Not bad, not bad at all."

Long Chen used his dragon claws to grab the dragon's tail and sent it flying. The Firestorm Way Dragon was dragged like a little snake in his hands.

On the other side, the small killing dragon spread out. The Ancient Jadeheart Dragon, which was full of holes, was held in place by Long Chen with his other dragon claw. The two Divine Dragon Commanders were actually held by Long Chen as if they were children.

"Long Chen, if you dare kill us, you will definitely not live past three days! No matter how hard the three Dragon Emperor s tried to protect you, they wouldn't be able to stop the pressure of the entire Dragon Slaying City! "

Ye Yushi had admitted her defeat. Although she didn't believe it in her heart, the truth had already occurred.

"Oh, that's terrible. But who would want to kill you?"

He began to laugh. The giant dragon head suddenly looked at everyone and said coldly, "I'm telling you, it's best if you don't provoke me. I am a very casual person. As long as no one dares to provoke me, I will not provoke anyone else. As long as a person doesn't have eyes, he will end up like these two lieutenants."

Looking around, everyone was terrified and their faces turned pale.

He paused for a moment before continuing, "As for whether I am a prisoner, a traitor or not, and whether or not my father is a sinner throughout the ages, I will answer that question in time. However, that does not mean that you all have the right to ridicule me, despise me, and belittle my authority.

Beneath the might of the dragon, no one in the Dragon Tomb Army dared to make a sound.

"Nonsense, who do you think you are?"

Ye Yushi struggled.

"Just watch."

After saying that, Long Chen brought them and rushed towards the Heavenly Blood Hell!

This blood sphere was most likely the same type of creature as the Dragon Devouring Beast, but it was even stranger.

In front of everyone, Long Chen stood proudly in front of Heavenly Blood Hell.

"What are you trying to do!"

Candle Dragon asked in shock.

"Here's a present for you!"

Long Chen laughed, and suddenly flung the two Divine Dragon Body s in his hands towards Heavenly Blood Hell. He used all his strength, and power brought about a terrifying speed.

BOOM!

The Heavenly Blood Hell had deviated from their original position and two of them had caved in. The two Divine Dragon Commanders had almost completely plunged in.

Everyone stared wide-eyed as they clamored. Other than the lieutenant, it was forbidden for anyone to approach the Heavenly Blood Hell. This was the first time someone had been thrown inside like this!

What followed was the miserable, inhumane cries of the two lieutenants.

Their bodies actually stuck onto the Heavenly Blood Hell. At this moment, they were struggling to get up, only to discover that several thick and solid blood vessels had already inserted themselves into their bodies. As they turned their heads to look, thousands of blood vessels shot out from the Heavenly Blood Hell and instantly stabbed into their bodies, entangling them to the point where nothing was left of their bodies.

As long as he didn't go in and come in contact with them, he would end up with this sort of treatment.

After enjoying the same treatment as the prisoners of Heavenly Blood Hell, the miserable state of the two lieutenants could be imagined.

Back then, when they threw Long Chen in, they didn't think that such a day would happen to them.

Chapter 2128 - Return

Heavenly Blood Hell's strange and malevolent blood vessels were densely packed. They entangled the Ancient Jade Heart Dragon and the Firestorm Candle Dragon, penetrating their bodies, biting through their flesh and absorbing their strength and essence.

In just a short moment, the two of them had become increasingly powerless.

Their heart-wrenching screams began to dissipate. They could no longer cry out. This was endless pain, but it was unbearable.

As for the others, when they saw this scene, they had already slumped to the ground, their faces pale. Even breathing had become difficult, and now there was only a deep fear in their hearts.

"Is this the punishment for offending him?"

Not only did everyone have a dry mouth ...

Long Chen watched as they were entangled.

"Enough."

The two of them had already learnt their fatal lesson, which was enough for Long Chen. The person he truly wanted to kill was not them, but Meng Qingqiu!

No one could stop that.

He headed towards Heavenly Blood Hell, and instantly arrived beside it. When he got near, the blood vessels seemed to have recognized him, and unwillingly withdrew from Ye Yushi's and Feng Zhu's bodies, while clamoring nonstop at Long Chen.

Although it was just for an instant, but after experiencing it for themselves, Ye Yushi and Candle finally understood how terrifying it was.

However, at this moment, they were completely stupefied.

The two of them had taken human forms, and their appearances were appalling to behold.

Long Chen led them and retreated. After he left, the countless veins on his body shrank back, and Heavenly Blood Hell returned to normal. From today onwards, it was likely that no one would dare to approach this place again.

Long Chen took human form and threw Ye Yushi and Feng Zhu on the ground.

The surrounding people did not dare to approach, and looked at Long Chen with reverence.

In their eyes, Long Chen was already a person they could not afford to offend.

The two of them were powerful experts of the Six Paths of Reincarnation. However, after being tortured by the Heavenly Blood Hell for a while, they could still recover quickly. However, the shadow in their hearts would probably never disappear.

Li Xuanji stood beside Long Chen and gave him an understanding smile.

Long Chen waited with his hands behind his back.

Ye Yushi and Candle slowly woke up. They quickly got up, and when they saw that they weren't in the Heavenly Blood Hell, they were startled. They breathed a sigh of relief, because the nightmare was still lingering in their hearts.

At first, they thought that it was the Rankers from the Slaughter Dragon City who had rushed over and saved them, but there was only a Long Chen in the surroundings with his hands behind his back. After they had awakened, Long Chen squinted his eyes and looked at them.

Far off in the distance, Heavenly Blood Hell had returned to their original attire.

"You saved us?"

Ye Yushi asked in astonishment.

In her opinion, Long Chen definitely hated her to death.

Long Chen went straight to the point, and said directly: "I can also throw you in there again. Don't waste time. Tell me, where is Meng Qingqiu!?"

Before, they had said that as long as Long Chen defeated them, they would tell them his whereabouts.

And now, they had suffered a crushing defeat.

If Long Chen had not saved them in the end, they would have lost their lives.

The terror brought about by the Heavenly Blood Hell was unimaginable.

If Long Chen was not terrifyingly strong, and if Ye Yushi was not truly afraid of him, perhaps she would still stubbornly go against him at this moment. Thinking about Sky Blood Hell, Ye Yushi's heart turned ice-cold. She finally understood that offending anyone could not offend Long Chen, no wonder Meng Qingqiu had warned them not to go against Long Chen at all.

But, why did he suddenly want to find Meng Qingqiu?

Didn't Meng Qingqiu have a good relationship with him?

"I can ask, why are you looking for him?"

Ye Yushi probed.

"No. Cut the crap! "

Long Chen didn't have the patience to talk nonsense with her.

At this time, Ye Yushi finally said it out loud. She said, "Meng Qingqiu seemed to have been transferred away. From the Dragon Tomb Army to the Blood Dragon Army, and then to the south to be a lieutenant in charge of a region. I don't think I'll be able to return in a few years! "

This news was undoubtedly not good for Long Chen!

When he came out, the first thing he thought of was to seek justice for Su Muchen. This was something that he absolutely could not tolerate, to the point where Long Chen did not even want to think who he would offend!

However, he did not expect Meng Qingqiu to be this smart. He was simply on the opposite side from the two brainless commandants in front of him, and when he found out about Long Chen's hatred towards him, although Long Chen was not as good as him, he still decisively left Dragon City. Of course he knew that Long Chen could not chase him out, because Long Chen had ten years of agreement with the three Dragon Emperor s.

"What?"

Long Chen's eyes were ruthless, his entire body releasing cold qi.

This result was far beyond his expectations, and it simply caused his heart to burn with fury!

"I'm definitely not lying to you. If you don't believe me, you can ask the others. We're all curious as to why Lieutenant Meng left."

Feng Zhu worriedly explained when he saw the other party's anger.

Of course they wouldn't dare lie to themselves.

This was also Meng Qingqiu's style.

He had been slightly impulsive before, and so he had alerted the enemy by striking the grass.

However, this matter was unavoidable. When he heard news of Su Muchen, he simply could not conceal the anger in his heart!

He closed his eyes to calm his emotions, and then said to Ye Yushi and Candle, "Without my consent, from today onwards, no one will disturb me. If you bring me any trouble, I will not show mercy next time. Who dares to provoke me, who dares to enter the Heavenly Blood Hell! "

A warning, and he succeeded in scaring them.

Long Chen brought Li Xuanji back to Wang Liang's residence. At this moment, Wang Liang was just standing at the doorway, staring blankly at him. He obviously knew about everything that had happened.

"I'll let you live with me."

Wang Liang was obviously very happy, or perhaps to him, being able to spend some time with Long Chen at the last moment of his life, was also a perfect ending.

"Thank you."

After Wang Liang left, the two of them quietly stood there.

Long Chen's face became gloomy.

"What are we going to do? If he doesn't return after ten years, then we won't be able to touch him for ten years." Li Xuanji naturally knew that he was in a very bad mood.

Long Chen pondered for a moment, and said: "Then let's not be anxious for now, let's talk about it in a few months. As long as he comes back, I won't let him go. As for ten years, I'm afraid I won't be able to wait that long."

Although it had been a bit torturous during this period of time, he was still able to calm himself down.

After coming back from the Dragon's Tomb, everything was eerily quiet.

Long Chen did not leave Heavenly Blood Hell, nor did anyone outside. And during this period of time, Long Chen was mainly cultivating with a peace of mind.

The Dual Tribulations mainly focused on the strengthening of the Demonic Yin energy.

Because Li Xuanji was by her side, this level of cultivation became exceptionally easy, and could only be described as having advanced by leaps and bounds. If it was a mission that required at least half a year of normal cultivation, in just a short span of ten days, the yin demon energy had increased sharply, and because of this, Long Chen was also close to the tribulation.

The current him was even more powerful than he had been when he battled against Ye Yushi a dozen days ago. Of course, in terms of power, he still had the interference from the Seven Star tribulation of reincarnation. The gap between the Six Dao and the Seven Stars was not small. After passing the Seven Stars Ancient God's trial, possessing the power of Penetrating God was already very close to the existence of gods.

Seven Stars, Eight Trigrams, and Nine Palaces were the three most important transformations that a god had undergone.

Upon reaching the Seven Star rank, one would be much more powerful.

Gossip was invincible. Only then could one be bestowed the title of Emperor. For example, the Radiant Dragon Emperor and the Black King.

As for the Nine Palaces, those were existences at the Emperor level. For example, there were more than ten Dragon Emperors and the kings of other great clans.

These three realms were the last three stages of the Path of God. Every stage was a transformation in one's level of life, and the tribulation here was much more terrifying than before.

Therefore, even though the current Long Chen was above the majority of the Six Paths of Samsara's warriors, there was still a gap between him and the Seven Stars Reincarnation, such as when facing off against Holy Spirits or Long Qingyue.

Of course, if he and Li Xuanji fused together, the probability of victory was still rather high.

In half a month's time, he had reached the peak of the Two Elements of Tribulation. This was a speed that he had never experienced since ancient times.

Of course, not counting Li Xuanji who was poisoned with the Reincarnation Poison. The reincarnation poison and the god's chosen liquid were both holy objects that would only appear once every hundred thousand years. It was even more impossible for them to touch each other, so Li Xuanji being able to survive was all due to luck.

Ling Xi had made great progress recently. In another half a year, she would probably be able to complete the fusion of the stellar nucleus and become the Star Lord of the only resplendent star. Furthermore, her stellar nucleus had even merged two stellar nucleus together.

Ling Xi was able to fuse her body into the entire resplendent star.

This is extraordinary.

As long as one was on the bright stars, there weren't many people in this world who could deal with her.

Although only a few months had passed, she missed Long Chen a lot. Long Chen missed her a lot too, and told her that he was doing well in the Dragon Slayer City.

As for Li Xuanji, just half a month later, she suddenly told Long Chen that she was going to leave. The Dark City Lord has already come out of seclusion and is on her way to the Dragon City to take her away.

As for Night Willow's group, they were naturally taught a ruthless lesson.

Through Li Xuanji's description, this dark city lord knew of her master's existence and was very protective of Li Xuanji. Furthermore, she was determined to wait for the birth of an item from the Dark City, which was extremely crucial to her.

"We are both in the Dragon God Domain, and there will always be many opportunities for us to meet. Besides, there is no longer a limit to the distance I can communicate with you!"

Li Xuanji said with a gentle smile.

Because she was Long Chen's Yin Mo.

If she wanted to leave, Long Chen naturally could not let her stay because of the Yin Mo. Letting Li Xuanji become a part of him was indeed not fair.

"Remember, if there is any danger, you must inform me immediately."

Long Chen said.

"Don't worry, I know I should treasure it."

Having experienced the life and death of the dragon tomb, she understood the meaning of life. She had to live a good life for those who cared about her.

"Alright, I'll send you off."

Although he seemed to be unable to leave Heavenly Blood Hell, Long Chen did not care about that much.

#### Chapter 2129 - Meeting on a narrow path

When he was bringing Li Xuanji along to leave, Ye Yushi and Feng Zhu blocked his path. Ye Yushi was somewhat awed by him, but she still said, "According to the rules, you are now a soldier of the Dragon Tomb Army. Without the permission of the three lieutenants, you cannot leave this place."

"At the very least, we have to to the higher ups."

Feng Zhu added worriedly.

To be honest, they still hated Long Chen, but their hearts were mostly filled with fear and respect. That was why they were so polite.

Long Chen pointed at Li Xuanji and said, "Someone is here to pick her up, I'm only here to send her out. When I'm done, I'll come back myself. If there's anything, I'll take care of it myself. "

Hearing that Long Chen had not betrayed them and left, they heaved a sigh of relief. Ye Yushi said hesitantly: "Either I send her away."

"Get out of the way."

Long Chen was too lazy to waste his breath on them, he directly grabbed onto Li Xuanji's hand, went around them and rushed out of the place. They advanced forward through that corridor that seemed to be filled with blood vessels.

After they left, Ye Yushi clenched her teeth and coldly snorted, saying, "Continue being arrogant. One day, you and your father will meet the same fate."

"Little Sister Shi, let's not provoke him and let others deal with him."

Feng Zhu said softly.

"Scram!"

Ye Yushi angrily glared at him, turned around, and left.

Outside the Slaughter Dragon City.

The sea of blood raged, and a bloody mist billowed as a bloody aura permeated the air.

Killing intent filled the air around Dragon City. Ordinary people would not dare to approach it.

Outside the Slaughter Dragon City, there were thousands of Blood Dragon Soldiers with tribulation of reincarnation of four or more, patrolling the city. The scene was grand and there were even more Divine Dragons cultivating in the sea of blood.

No one could barge into one of these human holy lands!

At this time, a burly, burly, bare-chested man brought a group of his subordinates and returned to the Dragon Slayer City. After seeing his appearance, no one stopped him, but a few Blood Dragon Army experts, mostly at the rank of lieutenant, landed beside the burly, bearded man.

"Old Meng, why did you come back? Didn't you say that you would go to the south to enjoy life for at least ten years?" An old lieutenant of the Blood Dragon Army laughed loudly.

They opened their arms and held each other.

Meng Qingqiu said, "Come back for a Dao weapon. Haha, I was in too much of a hurry to leave. I didn't get a proper weapon like my old man, so I ran into a few opponents in the south who wanted to use a Dao weapon to suppress them!"

Everyone laughed out loud. So it was like that.

Of course, very few people knew the reason Meng Qingqiu left the Dragon Slayer City. The ones who truly knew the inside information were his friends who were envoys and lieutenants.

Meng Qingqiu was different from Ye Yushi. He belonged to the descendants of the strong in the Dragon Slayer City and had extraordinary powers. He originally had a super divine dragon inheritance and later became a Ultimate Dragon. He was a character that no one dared to offend within the group.

Although Ye Yushi and the others were on par with Meng Qingqiu, those who climbed by themselves could never compare to the second generation powerhouses like Meng Qingqiu. Although the status of Ye Yushi and the others were on par with Meng Qingqiu, those who climbed by themselves could never compare to the second generation powerhouses like Meng Qingqiu.

Besides, because of his family background and illustrious background, his friends were widely spread in the Dragon Slayer City. Some of them had the same status and wanted to build relationships with others. Meng Qingqiu was a hero who played around in the Dragon Slayer City anyway!

They all laughed and mocked each other.

When Meng Qingqiu mentioned the pretty girls from the south, everyone burst into laughter.

At this time, a lieutenant beside Meng Qingqiu whispered into Meng Qingqiu's ear, "Old Meng, don't blame me for not telling you. That Long Chen already came out of the Dragon Tomb, he has a terrifying

innate talent and for the time being, he has no way to kill him. Since you have obtained a Dao Artifact, it would be best for you to head back to the north.

Meng Qingqiu curled his lips and said with disdain, "Alright, I was afraid that this kid would be too powerful in a few years. As for now, it's not that easy for him to defeat me." This time, I'm more going to the south to have a change of taste. "Don't forget that my father is still here. What can he do to me?"

With that, Meng Qingqiu patted the lieutenant's shoulder and laughed out loud. The sea of blood shook as he laughed. He had always been a high-profile person, so the surrounding Blood Dragon Army could only look at him enviously.

Meng Qingqiu's father was the commander of the Dragon Tomb Army, and he was honored as 'Emperor Tianmu '. He was one of the top ten experts in the Slaughter Dragon City. He was only slightly weaker than Blood Blaze.

Heavenly Mystery Emperor was ranked number ten.

Blood Dragon Emperor Bloodlust Eight!

The top ten were all experts of the eight trigrams, the most terrifying figures of the entire world!

"Alright, I'll go in now!"

Meng Qingqiu called out to his subordinates.

Soon, they would enter Slaughter Dragon City.

At this time, a young man and a young woman, as well as a black-haired old man, walked out from the Dragon Slayer City.

Meng Qingqiu stopped in her tracks and narrowed her eyes.

Long Chen was currently conversing with the City Master of Darkness City. This was a very deep and kind old man, his temper was very much to Long Chen's taste, and he was also a very rare person in the entire Dragon God Domain who didn't have the slightest bit of prejudice towards Long Chen. He was even very respectful towards Long Chen.

"Little brother Long Chen, you can rest assured for now. I treat Xuanji as my own daughter. This time, it was really my fault for going into seclusion. I can guarantee that I won't be half a step away from her. If something goes wrong, come and pick up this old one's head. "

The Dark City Lord said seriously.

"City Governor is too polite."

Long Chen and Li Xuanji looked at each other.

He said, "Xuanji has already reached the tribulation of reincarnation of the Five Elements, and not many people will be able to do anything to her in the future. I will be in contact with her at all times in the Dragon City, and I trust you. "

Just as he spoke till here, Long Chen suddenly stopped in his tracks. An intuition made him raise his head, and look in front of him, in his field of vision, a group of people were majestically rushing towards Slaughter Dragon City.

Of course Long Chen recognized him.

Meng Qingqiu, who had killed Su Muchen and stolen the blood essence of the Primordial Devil Dragon.

He had to escape from the Dragon Slayer City to prevent himself from touching Meng Qingqiu.

Long Chen never thought that Li Xuanji would actually come back when she was about to leave.

Their gazes met in the air and fierce sparks were ignited. It was as if Long Chen's heart was struck by lightning, causing his heart that was like gunpowder to ignite and explode, his anger soaring to the skies.

"He's back!"

Long Chen couldn't help but want to laugh. He thought that this moment would take a very long time, he didn't expect it to be now! This was too unexpected!

But Long Chen would definitely not be early.

He wanted nothing more than to tear this fellow apart.

Su Muchen that person, should not have died in the hands of such a person, it was such a waste!

As they met, Long Chen's heart burned, but his appearance was extremely calm. He turned his head and said to Li Xuanji: "Go back with the City Lord first."

The Dark City Lord still doesn't understand what just happened.

He was the mayor of the ancient city. He didn't have any status in the Five Dragon Cities, being able to enter the Dragon Slayer City was already something.

"No!"

Li Xuanji flatly refused, she naturally knew what Long Chen wanted to do.

She said, "Do what you need to do. I'll watch from the side. If you need help, I'll be your Yin Mo."

She would not stop Long Chen, she would only think of a way to help him.

"Alright."

Long Chen stood where he was and pointed in a direction, telling Li Xuanji to go there. Then, he walked towards Meng Qingqiu's direction alone.

After being stunned for a moment, Meng Qingqiu could not help but sigh at his good luck that he had actually met Long Chen here. However, he was not flustered at all. After calming his heart, he immediately started laughing loudly, leading his subordinates and all of his lieutenants to stride towards Long Chen.

"Little brother Long Chen, it's been a while since we last met! Elder brother went to play in the south.

His face was covered in oil as he chuckled.

When they heard that Long Chen had defeated Ye Yushi and Feng Zhu, they did not have the time to tell Meng Qingqiu that Long Chen was even more terrifying than last time. Now, Jiang Ming could only be killed by him in one shot.

Seeing him walk over, Long Chen stopped in his tracks. Facing Meng Qingqiu's laughter, he looked cold and indifferent, the sun in one hand and the moon in the other. The new world was connecting with his body, and the power of the fourteenth sacrifice was brewing!

Facing such a person, he only had one thought in his mind, and that was, kill!

There was no hesitation, no mercy.

Just for the sake of giving that magnanimous, sincere and persistent Primordial Devil Dragon an explanation, a proud and resolute person shouldn't die in the hands of such a despicable person. That would be a humiliation, and even more so a blasphemy!

With the release of both of his powers, he was able to shake the world.

Meng Qingqiu froze instantly. He stopped twenty meters away from Long Chen and said in shock, "Long Chen, what are you doing? How could he do anything to his brother? Is this how you welcome me? "

Even so, there was still a smile on his face.

"Little guy, don't be rash. Do you know who my father is? This was a powerhouse whose blood was boiling hot! In the Slaughter Dragon City, I have countless of friends. If you want to kill me, it will be even harder than ascending to heaven. "You better be smart and calm down, or else you'll die a horrible death. I, Meng Qingqiu, don't want to be your enemy, but if you don't know what's good for you, then I'll let you see how weak and powerless you are right now!"

Secretly, Meng Qingqiu was threatening him in such a way.

Long Chen already knew that his father was the Tianmu Emperor.

But it didn't matter.

The important thing was that he had to die!

A distance of 20 meters was covered in an instant!

The Sun Sacrifice fiercely swung out and turned into a giant ball of fire and the Moon Sacrifice and turned into the cold and gloomy moon. The two collisions exploded in front of Meng Qingqiu's eyes and he swallowed all of his words!

BOOM!

The sea of blood churned!

Everyone was astonished, no one expected that Long Chen would actually make a move, and he even looked as if he would not stop until he was dead. The killing intent that erupted from deep within his bones came from the Primordial Blood Spirit Dragon, and the moment he made his move, it stunned everyone, and as for Meng Qingqiu, she was even more shocked by the surging energy, causing Long Chen to sneer and charge forward!

Chapter 2130 - Monstrous Bloody Light

In this battle, Long Chen was very determined. As long as he could kill Meng Qingqiu, he would have no regrets no matter how the matter was resolved.

This battle turned the slaughter dragon upside down. Everyone quickly left, including Meng Qingqiu, who had several friends of a lieutenant guarding the area. The others fled into the distance and began to clamor.

Long Chen had always been rebellious, but his performance this time was still shocking. Everyone in the Dragon Slayer City knew that Meng Qingqiu was an intelligent person with a strong background, had a wide range of friends, and was someone no one dared to provoke. And since Long Chen had the courage to make a move against him in public, it naturally violated the taboo in everyone's hearts.

In their hearts, Long Chen's lawless imagination was even more profound.

Watching as the battle between the two instantly created an enormous disturbance, causing the surrounding blood waves to surge to the skies, the crowd began to discuss, "This son of the Eternal Dragon Emperor is too reckless. "He dares to make a move on our Slaughter Dragon City's city gates?"

"He's too proud, he doesn't even put our Dragon City in his eyes anymore, this kind of person is not to be trifled with." I don't understand why the three Dragon Emperors would treat him so well. "

They were puzzled.

In their opinion, Long Chen was just a prisoner. How could a prisoner be so arrogant?!

Of course, their discussions would not stop the battle.

"Don't come and help me, I'll make him convinced!"

He was afraid of the Long Chen of a few years later, and not the Long Chen of now.

It was just that from the start of the battle, he had discovered that the young man in front of him had actually become a strong opponent, causing all of his attacks to come back empty-handed and even being suppressed by Long Chen. Meng Qingqiu clearly remembered that Long Chen did not have that ability a month ago, and was immediately extremely shocked in his heart.

"This brat actually grew so fast, shouldn't I use this opportunity to get rid of him?" "Otherwise, if he is able to leave Dragon City after ten years, even if I go to the south, it will still be rather dangerous."

Meng Qingqiu pondered for a moment, then came up with a plan.

He roared and summoned the power of the six worlds and combined them into one. He gathered the power of the six worlds together and formed a destructive array formation behind him. The power surged up and under Meng Qingqiu's control, the might of the Primordial Devil Dragon fully manifested itself from his body.

"Explode!"

Long Chen's face turned gloomy and cold, he used the power of 14 strikes and forced his opponent to retreat step by step. It had only been two months since he defeated Jiang Ming, yet such a terrifying transformation had occurred. This was simply not something a human could accomplish!

Although he felt that this young man was very lawless, he still felt a sense of respect for him!

Seeing that no one had much confidence in him, Meng Qingqiu gritted his teeth and unleashed six streams of power in rage!

"The Genesis Demon World!"

When the combined power of the Six Paths of Convergence was used on the Demon World, it instantly combined two different powers. The achievements of the Demon World was even more terrifying than the last time Long Chen was trapped in it. The devil world began to spin at a rapid pace, and in the blink of an eye, Long Chen was completely surrounded!

Meng Qingqiu laughed and shouted, "Little fellow, just making trouble is enough. Don't go too far, or it won't be as simple as trapping you. This was the Slaughter Dragon City. Not your territory, my territory!"

Meng Qingqiu laughed heartily.

The surrounding Blood Dragon Army soldiers also began to roar with laughter.

Countless taunts.

They simply did not understand how strong Long Chen's killing intent was towards Meng Qingqiu. Just Su Muchen's matter alone made Long Chen want to kill him. If he didn't give his an explanation and make her pay for this, then she would definitely leave a knot in her heart, a knot of anger and cowardice!

"Your territory!"

In the blink of an eye, Long Chen had been trapped by the Beginner Demon Realm, which was shrinking. He would soon be squeezed into meat paste.

Just as everyone was waiting for a good show to happen and Long Chen was begging for mercy, his body had already turned into a bloody thorn.

Bang!

Meng Qingqiu's lower abdomen was punctured, and blood spurted out.

The Genesis Devil Realm had vanished into thin air.

The blood thorns turned into blood mist, and once again transformed into Long Chen. Standing proudly and coldly in the air, the killing intent in his eyes was terrifying.

Meng Qingqiu wiped away the blood on his lower abdomen, then gritted his teeth as he looked at Long Chen with bloodshot eyes.

If he had only been teasing Long Chen earlier, he was already being teased by him now. Such humiliation was unbearable, and with so many good friends watching him, the normally rampant had already lost face. At this moment, his body was shrouded in a black mist, which suddenly soared up, and the Primordial Devil Dragon appeared in front of him once again!

Dignity, mystery, dominance!

A pair of pitch-black eyes that was emitting a violent killing intent.

Long Chen couldn't help but think back to the time he fought Su Muchen in the God Realm. He could vividly remember everything that happened at that time, as if it happened yesterday. Yet today, he was already a ghost, and the most precious inheritance blood essence had fallen into the dirty man's hands!

"I will take back the thing that was stolen from you!"

Long Chen prayed in his heart.

In the process, he was also furious. The blood-colored dragon and the Primordial Devil Dragon confronted each other. Although its shape was not as big as the other party, it was still full of deterrence!

Everyone looked at the two giant dragons and looked at each other in dismay.

It seemed as though the two of them were truly going to fight to the death.

However, they did not know the reason for the battle.

"What happened to the son of the Eternal Dragon Emperor? No matter how strong his talent was and how powerful his cultivation was, he couldn't be so arrogant for no reason at all. After all, this was the Dragon Slayer City! Is there really no law anymore? "

"This time, I can't hold it in anymore. This guy is just scum. He's so infuriating. Lieutenant Meng must kill him!"

"That's right, he has gone through so much. He has finished one challenge after another." He was simply courting death. If he died, then everything would be quiet. Isn't it just the son of a traitor?

They didn't understand the reason, but of course Long Chen was not used to it!

However, in the eyes of Meng Qingqiu and Long Chen, there was only their opponent, only killing.

Meng Qingqiu's killing intent did not lose out to Long Chen. The two great enemies became divine dragons and continued their fierce clash outside the Dragon Slayer City!

The Primordial Demon Dragon's body was huge. Under the wave of its hand, a huge explosion occurred as the huge black dragon head charged towards Long Chen.

"Devil Swallowing the World!"

It was precisely the Primordial Blood Dragon's ability that Su Muchen had used on him before.

With the same move, Meng Qingqiu was able to unleash a power that was hundreds of millions of times stronger than normal. His body formed a ring, with black mist spewing out of it, forming a huge black mouth. That mouth even drowned the Primordial Devil Dragon, occupying half of the sky, and was rushing towards Long Chen to swallow him!

Tsk tsk!

Countless terrifying laughs rang out.

Seeing this godly might, everyone could not help but retreat even more.

And just at this time, Long Chen did not retreat, but rushed forward instead.

His strength was more brutal and tyrannical!

"Eternal!"

"Massacre Sword Technique!"

In that split-second, the devouring force that had bound the opponent for eternity, coupled with the Dragon Tail's Sword Art of Slaughter, swept towards the Primordial Devil Dragon with a terrifying draconic shadow. Tens of thousands of sword dao erupted, rumbling sounds rang out as the slaughter sword qi surged out, ripping the devilish devouring space apart in such a short period of time!

"How is this possible!"

Meng Qingqiu was shocked. She had never thought that her best attack would be so easily torn apart by her opponent.

"It's just the beginning!"

Long Chen naturally sensed the fear in his eyes.

He sneered and continued with his Celestial Slaughter Art. After breaking through the enemy's attack, the thousands of sword energies rumbled and crashed into the Primordial Devil Dragon's hand, slashing it until it screamed again and again. Finally, it fell into the sea of blood!

This scene, simply caused Long Chen to be stunned!

This was too exaggerated.

That was a Ultimate Dragon at the late stage of the Six Paths of Reincarnation, and it was defeated so easily!

But to Long Chen, this was far from enough!

After Meng Qingqiu was defeated, many of the Lieutenant level Rankers surrounded Long Chen, eyeing him covetously. No one said that this would be a fair battle.

"Everyone go away, I'll do it myself!"

BOOM!

The Primordial Devil Dragon burst out from the sea of blood, enraged to the extreme. At this moment, its entire body's strength had risen to the peak, and its faint undulations could cause the sea of blood to churn and space to shatter. A dense demonic energy surrounded his body, forming a dense number of ghost shadows.

The powerful healing ability allowed his wounds to gradually heal. Although he was in a sorry state, the impact of his combat strength wasn't too great!

He had to save face!

Meng Qingqiu gritted her teeth and roared.

"Beginner Devil Construct!"

It was another familiar attack that came from the Primordial Devil Dragon.

Long Chen had a misconception, he felt that Su Muchen was hiding inside the Primordial Devil Dragon's body. He was so unreconciled, so resentful, he originally had a huge innate skill, but now he met a scumbag who buried everything!

The more he looked at Meng Qingqiu, the more Long Chen couldn't stop himself!

"KILL KILL KILL!"

When the Primeval Devil Incantation struck and a spatial storm formed, Long Chen's body turned into an illusion.

"The Tempest of Time!"

The Beginner Devil Intent attack came. After reaching the late stage of the Two Elements of Calamity, Long Chen unleashed the Tempest of Time once again, which had long surpassed the time limit. The area they could control was much greater, and time was even more violent. Even the people around them felt a terrible pain, tearing apart their time.

The Primordial Devil Dragons, who were trapped within the tempest of time, were even more terrible!

First of all, his Primeval Demon Intent had been crushed by Long Chen!

His body gradually split open and exploded. The destructive power of time had caused a crushing injury to him. Even his eyeballs had suddenly exploded. Blood and flesh had bloomed all over his body. It was simply too horrible to look at.

After climbing back up from the sea of blood with much difficulty, Meng Qingqiu gave a muffled groan. This time, she was completely unable to resist, and the gigantic Divine Dragon Body fell from the sky and exploded into a bloody light.
