

## War God 2131

### Chapter 2131 - Homicide

The damage inflicted by the Time Tempest this time was much greater than the previous ones!

The tempest of time was everywhere. It had even seeped into the deepest part of his body, completely tearing him apart. Meng Qingqiu was the first to bear the brunt of the impact. His entire body was about to explode under the onslaught of the Time Storm. Such heavy injuries instantly caused him to lose all his combat power.

This could be considered as him truly losing to Long Chen, and becoming his defeated opponent!

There weren't many days left!

The surrounding people didn't even have time to be shocked, because they were also injured by the remnant waves of the Tempest of Time, and were busy protecting themselves right now!

Only in this way would he be able to ease the anger in his heart!

Towards Su Muchen, it could not be said that he had some sort of lifelong friendship, but Long Chen admired someone like him, and regretted his death!

Seeing Meng Qingqiu covered in blood could be considered a form of reward, but it was far from enough!

Killing to pay with one's life!

It was not something that could be atoned for if one was slightly injured!

The fact that Meng Qingqiu's strength far exceeded that of the ordinary Six Paths of Reincarnation, yet he was still crushed by Long Chen quickly spread. His progress made people nervous once again, in their eyes, he was like a wild horse that had escaped from its reins.

In the blink of an eye, he had already reached a level where the young disciples could only look up to him. Even the genius martial artists of the older generation were not his match.

However, being surpassed by him was only a matter of time!

Too terrifying!

At this time, there were already many warriors of the late stage of the Six Paths of Samsara, who were weaker than Meng Qingqiu, protecting him. If he continued to fight, he would definitely die, Meng Qingqiu was already deeply intimidated, and no longer believed that he could fight against Long Chen, this abnormal monster!

But he could not lose!

Yes, so what if he was defeated?

Meng Qingqiu endured the pain in his body and gritted his teeth as he looked coldly at Long Chen and laughed, "Truly amazing. With such a young age and you can crush me like this, seeing how heavy your attack is, you must want to kill me, right? Do you even have the ability to do that? If you have the guts, then kill me? Haha! Long Chen, I will be frank with you. Unless you reach the Dragon Emperor realm, you can forget about touching even a single hair on my head! "

With the protection of his friends, he was assured in his heart. He was defeated, and in his heart, he was furious, he only wished to see Long Chen try to kill him but was helpless to do anything about it!

So he released her, and the Primordial Devil Dragon once again rose into the air, coiling itself in front of Long Chen and sneered: "In the end, you still haven't figured out your own identity. You originally belonged to the Everlasting Dragon City, but they had all abandoned you, so we took you in! Remember, this is not your territory. It's our turf. Your father is already dead, so you are nothing but a genius! "

At this point, Meng Qingqiu and the others burst into laughter. Laughing, they pulled on their wounds. Instantly, they grimaced in pain.

"So, even you want to kill me? You are truly a laughing stock. Long Chen, don't overestimate your ability. Let me tell you, you don't have that ability! Previously, I was foolish enough to give you a chance to battle me. But now? You can't even touch me! Private battles are forbidden between Divine Dragons. If you do not repent after death, you will be sent to Heavenly Blood Hell! Enjoy the eternal bliss! From now on, why don't you try touching me? "

His shamelessness couldn't be described with words.

He was a complete rogue who could do anything. When he realized that he was not as good at fighting as Long Chen, he decided to give up the fight and switched the topic to humiliating Long Chen!

Every word he said brought everyone to mock Long Chen for overestimating his own abilities. Indeed, in front of absolute power, Long Chen was just a youth who was equivalent to a prisoner. He did not have the right to be arrogant, much less Meng Qingqiu!

From start to finish, Long Chen had an ice-cold look in his eyes as he looked at Yun Che expressionlessly.

Saying that, Meng Qingqiu was extremely pleased. He laughed out loud and said, "You want to try me? You must really want to kill me, right? It torments you to the point of madness. He must be holding back. He must be crazily scolding me, right? However, you are also afraid that with so many people, you will not be able to kill me. Furthermore, you are also afraid that my father will make you suffer a fate worse than death! But I'm also laughing at you, so you must be feeling very aggrieved, right? Young man, you are too childish to fight with me, Meng Qingqiu. I advise you to kill me. It's not good to hold it in too long, right? "

He laughed loudly.

Long Chen remained indifferent to the provocation and laughed loudly. In their minds, Meng Qingqiu was such a person. Even if you were a genius, he would still force you to death!

Countless people watched and laughed, mocking Long Chen for not having the guts.

Meng Qingqiu, who thought himself to be in control of Long Chen, became even more unbridled.

His guard was slowly relaxed.

Long Chen was waiting for this exact moment.

Who was the real fool?

That would depend on the outcome.

At this time, Long Chen's Primordial Blood Spirit Dragon body instantly went berserk!

First of all, it was the power of the Fourteenth Sacrifice!

The first time Long Chen had gone hysterical, he had made ample preparations to kill Meng Qingqiu in one fell swoop!

While his opponent was taunting him, he was preparing his killing move!

This time it was the fourteenth sacrifice!

For the first time, he completely displayed the power of the Fourteenth Sacrifice. A total of fourteen giant spheres formed around him. Its diameter was over a hundred meters!

The sun, moon, and stars! Wind, Fire, Water, Earth! Mountains and rivers, trees!

The combined power of these fourteen sacrifices instantly formed a terrifying might!

"He's going to attack! Everyone kill him!"

There were a total of six or seven lieutenant level experts protecting Meng Qingqiu. Their strength was not far from Meng Qingqiu's, and they were on the same level as Ye Yushi's. It was because there were too many of them that they were so confident!

But was the number of people really important!?

To Long Chen, that was meaningless!

He has fourteen sacrifices!

Just as the people were protecting Meng Qingqiu, and using their various abilities, they were all rushing towards Long Chen, who released the power of the Fourteenth Sacrifice. Every time they offered a dual

sacrifice to deal with a person, Long Chen wouldn't seek to seriously injure them, he just needed to be able to pester them for a short period of time.

Rumble rumble rumble!

A violent explosion occurred in the sky above the blood sea!

The power of the 14th Sacrifice was unleashed, forming a terrifying attack. The surrounding sea of blood was sent flying into the distance, and a large amount of blood rushed into the Dragon City!

Anger, roaring!

All of a sudden, it was released at this moment!

Meng Qingqiu, who was mocking Long Chen before, instantly had a bad premonition when he saw that his friends were being entangled by Long Chen's Fourteenth Sacrifice. He had still underestimated Long Chen's guts and how hot-blooded he was as a teenager!

Therefore, he had come!

The blood thorn pierced through the encirclement of the lieutenants and charged toward Meng Qingqiu without any hesitation!

He was so resolute, so indomitable!

Time seemed to stop as everyone stared at the terrifying blood spear. In fact, in terms of individual attack, the Blood Spirit Spikes was much stronger than the Tempest of Time, but after using the Divine Dragon Body, the world seemed to have been penetrated, not to mention Meng Qingqiu!

As for his friends, they were extremely worried about the power of the Fourteenth Sacrifice!

"NO!" "No!"

Meng Qingqiu's eyes opened wide. He could feel the aura of death. That terrifying sense of danger caused his heart to rapidly collapse, and all his confidence vanished!

"Stop, you will die!"

Meng Qingqiu could not believe it. Was Long Chen really not afraid of death? For a Su Muchen who wasn't related to him!

He would never understand Long Chen, which was why he was so resolute! Such bravery!

"No, you can't do that!"

In the end, Meng Qingqiu was on the verge of tears, but all of these things were useless. Everyone could only watch as the Blood Spirit Spikes pierced through the head of the Primordial Devil Dragon.

Pfft!

Behind him, the Blood Spirit Spikes once again transformed into the Primordial Blood Spirit Dragon.

He was still cold and indifferent, not because he killed the Archaic Devil Dragon.

As for the Primordial Devil Dragon, its eyes were wide open, its head already pierced through. Its face was lifeless, but it still maintained its shock, and then, its body fell heavily into the sea of blood. This time, it didn't crawl back up as quickly as last time.

At this time, Meng Qingqiu's lieutenants finally managed to get rid of the power of the fourteenth sacrifice.

They looked at Long Chen in a daze, then looked down again.

Everything Meng Qingqiu had said before was actually filled with mockery. This was going to be a huge mess.

"He's dead!"

Everyone looked at Long Chen with stupefied expressions, shock and reverence; their hearts were already filled with raging waves, and their minds were completely blank. The proud and aloof figure of Long Chen was deeply engraved in their minds. This was his second time, and the last time was when he defeated Jiang Ming and became the first in Hidden Dragon Rank!

In actuality, his defeat of Brashen did not cause much of a stir in the world!

A monstrous genius of his generation had appeared out of nowhere!

"This ... this ..."

"Hurry and inform the Heavenly Mystery Emperor!"

Everyone immediately became flustered.

"We can't let him escape!"

The lieutenants all looked pale, as they surrounded Long Chen in a sorry state. They had continuously turned into dragons, but all of a sudden, the many Divine Dragons had surrounded Long Chen, and they wouldn't stop until he was dead!

They were nervous and angry!

Today was clearly a difficult day to finish.

"What's going on!"

At this moment, there was a loud shout!

An old man dressed in a blood-red armor appeared in the surroundings.

This is a Blood Dragon General!

Blood Dragon General was the same as Dragon Tomb General, they could only be considered strong Seven Star tribulation of reincarnation!

Because of some delay, he did not expect such a big thing to happen. Thus, he arrived a bit late.

"The son of the Eternal Dragon Emperor killed Lieutenant Meng!"

someone shouted.

"What Lieutenant Meng?"

General Blood Dragon asked.

"Meng Qingqiu!"

Hearing that name, Blood Dragon General's face changed. He turned to look at Long Chen and saw that he was still unmoved.

Chapter 2132 - One More Kill

Long Chen did not believe those words.

He wasn't dead set on dying, he just didn't have the ability.

Meng Qingqiu's identity and status were subtle. She had once been brothers with most of the experts in the Dragon Slayer City, and she even had a powerful backer as her father. Basically, not many people would dare to provoke him, let alone kill him right here in the Dragon City.

The Blood Dragon General was flabbergasted, but when he remembered something, he heaved a sigh of relief. He did not bother to deal with Long Chen, but instead looked at the sea of blood below him.

"Lieutenant Meng is not dead yet!" He is a Ultimate Dragon, a Ultimate Dragon with a divine cycle, and he has two lives within a year! "

Suddenly, someone shouted excitedly.

Everyone looked at each other in dismay. Finally, they looked down at the sea of blood with excitement. Indeed, at this time, the sea of blood began to churn and an even greater aura was faintly discernable!

Meng Qingqiu was in the process of rebirth!

Long Chen had actually forgotten about this.

Back then, he had also asked Su Muchen about the Primal Chaos God and the God Cycle. This was a very strange phenomenon.

At that time, Su Muchen thought that even super divine dragons would encounter the Primal Chaos Gods, but in reality, that was not the case. Only a small number of extremely heaven opposing super divine dragons and almost all of the Ultimate Dragon would be able to experience the trial of the Primal Chaos Gods. An Primordial Devil Dragon is a divine dragon that belongs between a super divine dragon and a Ultimate Dragon. Therefore, it was not surprising for him to be able to go through the Tai Chi God's trial and obtain the chance to be reborn once in the God cycle.

In actuality, most of the super dragons were Tai Chi Gods that were unreachable.

As for the god of tai-su, he reckoned that they would encounter the Unparalleled Dragon.

Of course, no one had ever encountered the God of Taishang since the ancient times.

Back then, he had killed Lin Ming because he didn't have a divine cycle. Even if he did, he wouldn't have been able to resist the power of the Primal Beginning.

But when Meng Qingqiu inherited Su Muchen's inherited blood essence, the nature of the divine cycle shifted to him, causing him to be reborn at this moment!

This time, he truly only had one life remaining.

"Don't go, there will be a lot of people after you!"

Blood Dragon General looked at Long Chen angrily, before heading down.

He controlled the sea of blood and used the power of divinity to force away the sea water. At this moment, Meng Qingqiu's humanoid figure took shape below him. After his rebirth, his strength had increased by leaps and bounds and his eyes had become even more fearsome than before.

Finally, he opened his eyes and saw Long Chen.

When he saw that there was actually a Blood Dragon General in the surroundings, he let out a breath of relief. He smiled coldly and said, "I told you before, you couldn't kill me. Little devil? If you want to fight with me, you're still too inexperienced! "

With a face full of mockery, he walked up to Blood Dragon General and respectfully said, "Uncle Qian, this little thing is really disobedient. It even almost killed me. What do you think we should do?"

The appearance of the experts of the Seven Stars tribulation of reincarnation could be considered as cutting off the possibility of Long Chen killing Meng Qingqiu. Furthermore, the experts would arrive one after another. Previously, he was awe-inspiring and imposing, but in the blink of an eye, he became so pitiful. This made the crowd heave a sigh of relief in their hearts.

Long Chen started killing people regardless of what they were saying, this action of his had made everyone extremely angry.

General Blood Dragon's face was gloomy. Meng Qingqiu's father was the one whom he needed to please. Now that Meng Qingqiu had given him this chance, how could he not take advantage of it?

He held his hand horizontally behind his back as he stared at Long Chen like a torch, and said with his cold voice: "This child openly killed a Blood Dragon Army commander-in-chief in front of everyone, and regardless of the reason or the reason, he has no respect for the laws of the land. According to the rules of my Five Dragon Cities, this action should be punished by the death penalty, regardless of his background, even if he were to violate the law, he should still be punished like a commoner! However, taking into consideration that he's just committed a crime, I suggest that we imprison him in the Heavenly Blood Hell for a thousand years.

Meng Qingqiu knew that Long Chen did not seem to be afraid of the Heavenly Blood Hell, but a thousand years was not enough to compare with ten days. Maybe a thousand years later, Long Chen would no longer be human.

Thus, he was very satisfied with this result.

He laughed in front of the crowd and said to General Blood Dragon, "Uncle Qian, then let's hurry up and make our move. This kid is too cunning. Don't let him escape. Your power of the Spirit Realm is a fatal threat to any martial artist below the Seven Star tribulation of reincarnation! "

Blood Dragon General smiled and said, "Of course!"

The moment he made his move, he naturally showed no mercy. With a wave of his hand, the power of the God of blood was released, condensing into a blood type big hand, which grabbed towards Long Chen. That blood type big hand seemed to be formed from countless souls of grievances, and was filled with evil symbols, revolving violently, releasing its terrifying power!

From start to finish, Long Chen's expression did not change in the slightest.

Under such pressure, he directly escaped into the river of time. Back then, when he was killing the Dragon Tomb's generals, none of them were able to find him, and now, he had even successfully avoided the other party's divine power. He escaped without a trace, and finally appeared beside Li Xuanji.

"Where did he go?!"

Everyone was stunned.

Meng Qingqiu was suddenly a little nervous. However, when he saw Long Chen at Li Xuanji's side, he shouted angrily, "Don't even think about escaping!"

The Blood Dragon General didn't say anything further and chased after Long Chen. To be honest, he was extremely surprised that Long Chen had been able to escape his control!

Facing them, Long Chen suddenly asked, "Speaking of which, it's really laughable. I'm fighting against Meng Qingqiu here, and that's exactly what I am doing, but some people are attacking the young dragons of the young dragon palace, threatening them, stealing their inherited blood and ultimately killing them. This kind of person who relied on his power to do evil should be killed! "

Hearing those words, everyone froze for a moment.

In truth, what Long Chen said was not something that everyone knew about, but they had heard of it before. Meng Qingqiu suddenly changed her inherited blood essence. To be honest, it had caused quite a sensation in the Dragon Slayer City at that time. At first, he heard that Emperor Tian Mu had given it to his son, but later on, someone found out that someone from the young dragon palace had died without reason. His name was Su Muchen, and he had just joined Slaughter Dragon City.

In this way, in fact, many people knew the truth. This incident had caused a bad effect in the Dragon Slayer City, but because Meng Qingqiu was such a tactful person, everyone would basically give him face.

The chaos surrounding this matter was over, but now that Long Chen had brought it up, everyone understood why he would attack Meng Qingqiu.

Seeing their awkward expressions, even the Blood Dragon General stopped for a moment, Long Chen continued to speak: "The truth is very obvious. I believe you all do not need me to say that the dead man is very close to me. This is also the reason why I am not going easy on him. It is already very clear who is the greater culprit. No matter how you look at me, I have to accomplish one thing! "

Everyone was stunned.

Meng Qingqiu was also startled. Now that he had lost heart due to Long Chen's words, he was extremely embarrassed, but he definitely could not submit. Since he could not mess with him openly, he might as well make a move!

He conveyed his meaning to General Blood Dragon.

The Blood Dragon General nodded and said, "This kid is obviously not convinced. I'll kill him!"

At this time, under everyone's focus, he held his breath, and walked towards Long Chen.

"What is he going to do?"

Everyone started to pay attention to what Long Chen had said before.

Could it be that he still wanted to kill Meng Qingqiu in front of the seven star tribulation of reincarnation warriors? He had already killed her the first time! If it was really like this, then it could only be said that Long Chen was too bold!

For a moment, everyone held their breath!

But at this time, the Blood Dragon General no longer showed any mercy.

"Xuanji!"

Long Chen was already prepared, for the last time, he had to finish the battle quickly!

Li Xuanji had already understood this.

Long Chen came to his side precisely for this reason.

Just at that moment, Li Xuanji, who was standing beside Long Chen, turned into a mist and entered Long Chen's body. The arrival of the Yin Demons instantly increased Long Chen's overall strength by one fold!

It was as if there was a leap in his cultivation.

In terms of multiple strengths, the power of the power of divinity that was able to resist a Seven Star Samsara martial artist was no problem at all!

In reality, even if Meng Qingqiu had been reborn, Long Chen did not care. If he could kill him the first time, of course he would kill him the second time. At this moment, he didn't hesitate to make a move!

When he made his move, he had to be fast!

His performance had once again exceeded the expectations of the crowd. At this moment, he did not retreat, but instead charged toward the Blood Dragon General. He took out his God-Slaying Sword. A sword light shot into the sky, blocking General Blood Dragon's attack!

But that was not the point!

The key point was that he had separated five clones in an instant. Before anyone could figure out what happened, the five ancient god corpses had already passed General Blood Dragon and surrounded Meng Qingqiu.

Around them were five people who looked exactly the same.

Meng Qingqiu gaped in shock, and then the five clones attacked.

"What!"

Blood Dragon General was shocked and gathered his power of the Spirit Realm into a round wheel, connecting the heaven and earth, forming a powerful repelling force that sent Long Chen flying. He turned around and charged towards Meng Qingqiu to save her, while the rest protected her.

"Don't mess around!"

Long Chen exceeded his expectations and blocked the attack of the Blood Dragon General. In the blink of an eye, the attack was once again blocked in front of the Blood Dragon General.

"The Tempest of Time!"

Even though it was only in human form, its power had already surpassed before. With Li Xuanji's yin demonic power, the power of the Time Storm had increased greatly. Not only did the devastating storm suppress General Blood Dragon, it had also blocked all those who wanted to save Meng Qingqiu.

At the same time, the five ancient god corpses were once again in effect. Under Meng Qingqiu's despairing gaze, they completely destroyed the enemy once more!

They were all five of Long Chen's powerful clones!

Chapter 2133 - Emperor Tianmu

This time, it was much faster than last time.

Long Chen seemed to have used the power of thunder to instantly destroy his opponent, and even blocked the Blood Dragon General ...

No. When his five identities returned to his body, Meng Qingqiu had already completely disappeared from the group.

In front of their eyes, everyone was unable to think. Their minds were all blank ...

Looking at this scene!

This time, the killing had a different meaning than last time.

This time, Meng Qingqiu would not be able to live.

Long Chen was fine, this was his plan from the beginning, regardless of whether Meng Qingqiu was alive or not ...

'Come over, he won't let me live. Now that I've completed this mission, in his heart ... '

Very easy. He could be considered to have no regrets.

As for Li Xuanji, no one knew what was going on, so Long Chen did not mind.

As for what to do next, he actually had a plan in mind.

He was not afraid of the so-called Tianmu Emperor.

The Master of Darkness City was also frightened by what was happening. Long Chen came to his body.

Let Li Xuanji come out, then said to the Dark City's Mistress, "Enough, take her away."

"Hmm?"

The Dark City Lord was a little worried, and Li Xuanji wanted to say something, but she was interrupted, and said:

"I'm sure."

These words made Li Xuanji feel at ease.

Thus, under the protection of the Dark City's Mistress, she slowly left in secret. At this time ...

Long Chen turned around to face the numerous Dragon Fighter in the Dragon City. There was no point in his eyes, for at this moment, he had already arrived.

More practitioners were rushing over from all directions.

The person closest to Long Chen was undoubtedly the Blood Dragon General whom Meng Qingqiu had called Uncle Qian.

He was responsible for taking revenge on Meng Qingqiu, but Meng Qingqiu was gone so easily.

It was simply equivalent to provoking a great disaster. For a moment, his entire body was drenched in cold sweat, and his scalp was numb.

"Brat, you!"

He pointed at Long Chen, so angry that he could not speak.

The others were even more dazed, and did not dare to approach Long Chen.

Right now, he was no longer Long Chen's main opponent. Long Chen did not want to bother with him.

It had been such a long time since someone had last seen such a thing. The events that had happened here would probably cause a huge commotion in Dragon City.

It wouldn't take long for the news to spread to the Celestial Blood Hell's Slaughter Dragon Tomb.

Just as the Blood Dragon General was preparing to control Long Chen and make him pay for his sins ...

A frightening pressure gradually descended upon Long Chen. Long Chen raised his head and saw that he was met with someone dressed in grey ...

The skinny old man in the robe was already floating in the air. His hair was white, and his eyes were bulging.

His face was lined and old, but terrible. Although he didn't make a move, Zhou

The surrounding wind and thunder surged, forming an eight trigrams formation that revolved around him.

The revolution of the Eight Trigrams Formation vaguely affected the entire Qiankun world, and was closely related to the rules of the world.

Correlation.

When he looked at Long Chen, a surge of death aura surged towards him.

This person, should be without a doubt the Heavenly Mystery Emperor.

He looked at Long Chen, and did not say a word, but at this time, everyone was shocked, and they hurriedly kneeled down.

On the ground, they shouted together: "Greetings, Emperor Tianmu!"

For a time, voices resounded like the tide.

Tianmu Huang was indifferent to them. At this moment, he already knew everything.

was to understand Long Chen's identity. That pair of eyes made Long Chen very uncomfortable.

"Killing for your life, are you prepared?"

The voice of Emperor Tianmu reverberated throughout the heavens and earth.

Long Chen said with sincere eyes, "Of course not. I killed him for justice. too

Everyone knew that the ancient demon dragon had inherited blood essence. The dead man be the one who have a close relationship with me

I killed him just to give him an explanation, and even more so to give him a fair explanation! "

Tianmu Emperor was not in a hurry to make a move, and Long Chen truly made him afraid.

He naturally knew that Long Chen had too many connections.

At this moment, he said, "He is someone from the Dragon City, my son. Even if he was in the wrong, he is still my son."

It's an investigation by the higher-ups of the Slaughter Dragon City. I'm in charge of the investigation.  
You

Making a move without permission is actually murder, and you are going to be punished. Are you ready?

"

Long Chen knew that he wanted to obtain the hearts of the people before killing him. At that time, the three Dragon Emperor s would ...

He had sufficient excuses. But Long Chen did not allow him to do so.

His son had died, yet he was still able to endure in such a manner. He was definitely a terrifying person. Thus, he said ...

"Who will handle it? How many days had it been? That friend of mine was just a nobody  
A little soldier who joined Slaughter Dragon City was bullied by others and lost his life.

With one hand covering the sky and allowing our son to commit heinous acts, who will vindicate us?  
"Will you deal with it?"

Not at all! So the result today is that I want to get a real one back for the dead

Fair! I'm not a bloodthirsty demon, but some people have time cancer and have to be eradicated

In case we harm others. "

In terms of talking, he wasn't afraid of anyone.

Even if it was the Tianmu Emperor, there was no reason for this matter to happen. The Truth of Things  
The situation was clear. Sneaking around was useless.

Just as Emperor Tianmu wanted to ignore everything and make a move, the sea of blood suddenly descended ...

Great waves rolling around, a middle aged man whose entire body was dyed in blood appeared in front of Long Chen's eyes.

The Royal Bloodline.

"Bloodlust." He killed my son in public. Are you trying to stop me!?"

If not for the blood flame, the pressure would have reached Long Chen.

If it was on his body, it would definitely cause Long Chen's body to collapse.

Bloodlust shrugged and said, "To be honest, this has nothing to do with me. I don't want to do with it either."

Dive into the muddy water. "To me, having a lieutenant die is a small matter, right?"

Tianmu Huang snorted, his eyes staring straight at Long Chen, and said: "That's because the one who died was not dead.

Your son, your descendant! "

Bloodfire smiled and said, "Tianmu, I'll tell you the truth. I'm here to pass on the message."

of the three Dragon Emperor s. "

He casually summoned a blood cloud and it enveloped him, Tianmu Emperor and Long Chen.

The crowd below couldn't see or hear what he was saying, and they were extremely anxious.

They all wanted to hear about Long Chen's fate.

In reality, Long Chen was actually so courageous, daring to take such risks just for the sake of justice.

It is so rare that people can't hate him as much as they did before

Inside the blood cloud, Tianmu Emperor looked at the two of them coldly and said, "Three Dragon Emperor s, what are you?

"Meaning?"

The Bloody Blaze didn't directly answer, but chuckled and said, "I heard that in the last several hundred years, you ...

It was a bit dishonest. Not only did he fail to complete his mission, he even allowed his son to commit suicide ...

The three Dragon Emperor s have wanted to warn you since long ago. Today, taking advantage of this opportunity, I shall go with you.

If you convey to me that the Slaughter Dragon City is not your own world, you have to follow the rules. "

Hearing this, Tianmu Huang's face changed drastically, becoming extremely gloomy and terrifying.

He gritted his teeth as he looked at Long Chen, and said: "So, today they want to protect this dog.

The son of a thief, you want him to continue to act so arrogantly and get away scot-free? "

There was a strong sense of unwillingness in his voice!

If it weren't for the pressure from the three Dragon Emperor s, he would have attacked from the very beginning.

Until now, he only wished that he was too late. He himself is very fond of his son

He was confident that Meng Qingqiu, who still had two lives, would not die. That was why ...

He didn't care at all. He simply thought it was a simple contest. He didn't even expect Meng Qingqiu to lose ...

To Long Chen.

The first time he heard that Meng Qingqiu had died in battle, he rushed over in a hurry. However, he didn't expect Meng Qingqiu to be in second place ...

He died so quickly!

Bloodlust helplessly said, "I don't think that's something you can manage. Your mission is to kill the dragon!"

Regarding his punishment at the grave, I think the three Dragon Emperor will personally announce it. Although your son

I'm sorry that I lost my son, but honestly speaking, your son didn't do well either.

Not bad. It was reasonable for him to fall into his hands this time. After all, you know ...

What is our Five Dragon Cities's heaviest sin? It is to steal the blood of others, especially

It belongs to a young dragon. Although you have suppressed this matter, the three Dragon Emperor s already know about it.

"I didn't punish Meng Qingqiu."

As he spoke to here, Tianmu Emperor's face turned pale. He knew that this time he had been completely defeated ...

Got it.

He fell into Long Chen's hands, and even lost a son.

Even the three Dragon Emperor s were angry at him.

He looked at the two of them coldly and said, "Since that's the case, I will look forward to seeing just three."

What sentence will this Dragon Emperor give to the son of a thief who killed others on his own?! "

Bloody Blaze said, "I can't guarantee it either. It will depend on the intentions of the three Dragon Emperors."

Tianmu Emperor looked at Long Chen and laughed coldly: "Let's wait and see. You have already been

"Got it."

As he finished speaking, he drew back. In the blink of an eye, he too had disappeared into the blood cloud.

In front of everyone's line of sight.

Tianmu Emperor clearly knew that he could not do anything to Long Chen at this time, so he left decisively.

However, Long Chen was not at ease because of this. He knew that this expert would definitely give him nothing.

Of course, as long as he was in the Dragon City, he wouldn't be able to deal with the dangers that were lurking in the shadows. And the dragon

It would take him at least ten years to get out of here.

"Give yourself a goal. Within 10 years, you will surpass the Sky Curtain of the later stage of the cycle of the Eight Trigrams!"

"Emperor!"

Long Chen made up his mind.

The more profound strength was ranked, the more terrifying it would be. Now, Long Chen's fighting strength

He was already at the level of the late stage of the Six Paths of Reincarnation, but he wasn't very confident. He had to make sure within ten years ...

To be able to defeat the Tianmu Emperor and resolve his worries.

Tianmu Emperor was at the level of the Primal Chaos Star Lord and Yang You.

To be honest, if it wasn't for Long Chen, even if others spent tens of thousands of years, they still might not be able to do it ...

Catch up with them. Ten years would be laughable if it were to be spread, but Long Chen still had the confidence to do so ...

Of course, this was on the premise that the three Dragon Emperors did not punish him.

This time, he had truly gone a bit beyond the boundaries of what he should have done.

"You, ah, you really don't feel at ease at all. You offended the Heavenly Mystery Emperor."

'Heavenly Blood Hell is his territory, so he definitely can't go there anymore. Tell me, where do you want me to put you? '

"What about it?"

Xue Ran said in a strange tone.

Long Chen said: "For me to do something so wrong, the three Dragon Emperor will not punish me?"

"You killed his son. One day, Emperor Tianmu will definitely punish you."

Does the person punishing you need the Dragon Emperor's to take action? "

[That seems to make a lot of sense.]

Long Chen said helplessly, "Just do whatever you need to do."

Blood Blaze thought for a moment and said, "I let you go to the young dragon palace to be a teacher for the new disciples. You ..."

"What do you think?"

Chapter 2134 - Dragons

Even Tianmu Emperor could not do anything to Long Chen!

When Tianmu Huang left, everyone was stunned.

They had originally estimated that Long Chen wouldn't have a good ending.

To be able to leave safely after killing the son of the Tianmu Emperor, this was practically a miracle. However, a miracle had only happened to Long Chen. This truly showed that Long Chen's position in the Slaughter Dragon City was something that far surpassed everyone's imagination. Among them, no matter who it was, they could not offend him.

Meng Qingqiu had already paid the price for her decision.

Even though everyone was still unwilling, from today onwards, they were on guard against Long Chen. There would not be anyone who would dare to go against him and make sarcastic remarks.

This was the result of Long Chen's challenges and efforts.

When no one acknowledged him, it was useless to clamor and make a ruckus. He used his own wisdom and strength, as well as his grasp on many human nature, to allow him to defeat everything and become the target of fear for everyone.

But Long Chen was attracted by something else.

"Young Dragon Palace?"

Thinking back carefully, this should be the place that Su Muchen had been to before, as well as the place that every new Dragon Fighter who had joined Slaughter Dragon City had joined. It was also the place that ended his life.

According to his original plan, if Long Chen had not gone to the Wars of the Gods, he would have joined the Young Dragon Palace. But with his innate talent, he could very well become a sacrifice for those of Su Muchen's side. It was a good thing that his life's trajectory had deviated from his original plan.

"Can't I find a place in Dragon City and stay in the Crimson Dragon Palace for ten years?"

Long Chen asked.

Bloody Blaze shook his head. "Then you really are imprisoned. You need to fit in here. The three Dragon Emperor s didn't want you to think that the reason they allowed you to come here was purely because of malice. Young Dragon Palace is my suggestion. It's a very casual mission, at least compared to Heavenly Blood Hell. It's much easier to deal with a few children. "It won't hinder your cultivation."

"Alright."

Long Chen did not say anything.

Moreover, he wanted to go to the place where Su Muchen was previously at.

The most important task was still cultivation, ten years later he had to leave this place. When that time came, even a top rank master like the Tianmu Emperor would have to secretly hunt him down.

At this time, the Dark City Lord had already left with Li Xuanji.

"It's safe now. Don't think about it."

Because of the connection between the Yin Mo and the Yin Mo, with a thought from Long Chen, his voice would sound out in her heart.

"Alright."

Li Xuanji's voice also sounded. It was obvious that she was relieved.

As for the surrounding onlookers, more and more people began to disperse under the burning cold gaze. However, their eyes were filled with reverence towards Long Chen, and the gazes that they no longer dared to look down on or provoke would probably not disappear for a long time.

"In ten days, I will go to the Young Dragon Palace. I'll make the arrangements for you first. "

Fiery Blaze also quickly left.

Long Chen returned to the center of the Scarlet Dragon Palace, told Ling Xi about Su Muchen first, and then what happened today. The two of them had not seen each other for a long time, and they had been chatting for quite some time.

Ling Xi was rather anxious over at the Heavenly Dragon Star area.

"Don't worry, I will stay here peacefully for the next ten years. Once I become stronger than Aunt You and the rest, I will be able to accomplish anything." The day was not far from me. Once you fuse with the stellar nucleus, you can accompany me for the remaining nine years. "I understand now that I'm only able to intimidate a small portion of people. I'm about to fulfill my father's last wish. I'll need at least Aunt You's strength to be of any threat."

For an ordinary person, the distance between him and Yang You was the distance between a normal martial artist and a peak-level powerhouse. Other people would not even be able to think about completing it in ten thousand years, and that was only for Long Chen, who had the body of an Ancestral Dragon at the moment.

"Brother Chen, I will accompany you."

Ling Xi floated in the middle of the Starlight Lake. Under the starlight, her white and tender skin was incomparably resplendent, like a goddess had descended.

Although it was only a few months, Long Chen missed her a lot.

In the next ten days, Long Chen worked hard to consolidate his cultivation.

Ten days later, Xue Hongyi came to find him.

Long Chen did not say anything, and directly followed him and left.

Young Dragon Palace occupied a large area northwest of Slaughter Dragon City. Among them, there were hundreds of thousands of One and Two Elements of Calamity Dragon Fighters, which were the new blood of Slaughter Dragon City. There were even experts guarding it, protecting its safety. The expert in charge of the young dragon's palace was a powerhouse at the early stage of the cycle of Samsara, known as the Thousand Snow Emperor.

The Thousand Snow Emperor's strength was roughly comparable to the Radiant Dragon Emperor or the Asura Star Lord.

This was a white-haired woman whose age was around the same as the Blood Blaze. She was a practitioner of Long Qinglan's generation. She was very kind and simple, just like a normal mother. She was gentle and charming.

The Thousand Snow Emperor didn't often show her face in the young dragon palace, and everything about her was basically just a legend. The young dragons of the young dragon palace all viewed her as a goddess, mysterious and unfathomable.

She stood in a mysterious palace at the young dragon palace, smiling as she waited for Long Chen's arrival.

The moment Long Chen saw this Thousand Snow Emperor, he knew that this Emperor Tian Mu would be more amiable than the one in charge of managing the Heavenly Blood Hell and the Dragon Tomb.

"Junior Long Chen greets Thousand Snow Emperor." Long Chen cupped his hands and said.

"No formalities, no formalities."

The Bloodthirsty Blaze took a step forward and said, "I'll leave him in your hands. I'll do my best to prevent him from causing any more trouble."

As he finished speaking, the bloodlust did not stop. It turned into a bloody mist and vanished in the blink of an eye. Leaving Long Chen to face the Thousand Snow Emperor.

"Follow me."

The Thousand Snow Emperor smiled gently. With her graceful personality, she walked in front of Long Chen.

Long Chen followed her. This woman had an intoxicating temperament, bringing together all the women in the world into one, it made people feel extremely comfortable. It was on two extremes from Yang You's coldness.

She gently smiled and said, "You and your father looked really similar when they were young."

Long Chen asked: "Is the Thousand Snow Emperor familiar with my father?"

They were all people of the same generation as Long Qinglan.

The Thousand Snow Emperor smiled gently, "You can say that you are familiar with her, right? Is your mother Yang You?"

Long Chen was startled, how could it be Yang You? He then shook his head: "Aunt You is my father's maid, she shouldn't be. As for the rest, I'm not too sure myself. "

"Oh, it seems quite complicated. I was also very surprised by your appearance." The Thousand Snow Emperor said as she walked.

After a moment, she seemed to sigh and said, "In the past, the person I envied the most was Yang You. Of all the women in the world, only Yang You was able to accompany him. How lucky. "It's a pity that she wasn't the one to raise his children in the end ..."

At this point, she lost her composure.

Long Chen could feel the jealousy of a woman.

It seemed as though this Thousand Snow Emperor also had feelings for his father?

"Don't think too much into it. Back then when he became the number one person in the world, there were no women in the Dragon God Domain who didn't want to be with him. I grew up with him, and was easily defeated by him in an important battle. In the future, we will have some interactions, but in the blink of an eye, so many years have passed. "

She was confused.

We soon arrived at our destination. "She said," Let's not talk about the past, the young dragon palace has over a hundred thousand young dragons. I've arranged for a thousand of you. From now on, you will be the one to guide their cultivation and control them. These people are actually around your age. The age for which one cultivates is basically within a thousand years, and only you are able to convince them, who are extremely proud, right? "

Long Chen carefully listened to what she had to say.

Of course, his main task was still cultivation. These brats could just intimidate them.

"Also, I didn't mention your identity to them. They've heard too many stories about you since you were young. If they knew who you were, they would reject you." The Thousand Snow Emperor said.

"It's fine."

Seeing that he did not say anything, the Thousand Snow Emperor smiled lightly: "Don't think that it's too easy, I just had a difficult problem with my hands. I was also very surprised when I heard that the three Dragon Emperor s were going to arrange for you to stay with me. These brats were very naughty and often did naughty things. Their previous teacher had just forced them to leave. I remember they threatened to discipline whoever did it. He had even set up an organization, known as the Battle Dragon clan. I often bully other young dragons. "

Long Chen couldn't help but sweat. He only wanted to relax a little, he didn't expect the Thousand Snow Emperor to arrange him a restless little fellow, wasn't this forcing him to beat them up? You even want to discipline me in return?

What do you call the Warring Dragons?

If you keep annoying me, how should I train?

The Thousand Snow Emperor suddenly chuckled and said: "What, are you scared?"

Why would Long Chen be afraid? He said, "No, it's just that my methods might be a bit more violent. That's okay, right? "

The Thousand Snow Emperor said, "Of course it's fine. As long as they don't get beaten to death or get hurt that badly in their hearts, it's fine."

"No problem."

It was just a group of brats, so Long Chen couldn't be bothered to put them in his eyes.

Within the young dragon palace, all the young dragons and one thousand people were divided into 'families'. Each clan possessed a large area of cultivation, and Long Chen followed the Thousand Snow Emperor through each area. It was bustling with activity.

Although they were of the same age as Long Chen, their faces were still filled with immaturity and sunshine. The youths were perspiring profusely and fighting valiantly, with a large number of young girls brimming with vitality, extremely beautiful.

"Actually, this is what belongs to you. It's just that you've long since escaped from this level. In a single round of mindset, you can be a senior to all the children." The Thousand Snow Emperor said.

Long Chen was also slightly dazed. So it turns out that he was still so young.

"It's the Battle Dragon clan. They heard today that a new teacher is coming, and they seem to be preparing to tease you. "

## Chapter 2135 - Teenagers

They were merely a group of people who did not have tri-level tribulation of reincarnation. Furthermore, their experience and cultivation were rather shallow. Most of them were raised by the Dragon Slayer City itself, and only a small portion of them joined the Dragon Slayer City from the outside. To the current Long Chen, they were not even a threat, so Long Chen did not take them seriously.

Seeing Long Chen being so calm, Thousand Snow Emperor laughed lightly: "Don't be too careless, there are a lot of schemes, many of the people who came here before were all forced to leave."

Long Chen said: "I just need to have a place to cultivate in peace. If they are being naughty, I will teach them a lesson. "She'll be good anyway."

"That's for the best."

In front of them was the War Dragon Clan's War Dragon Palace.

This was the name they had obtained, and generally speaking, the young dragon palace's numbers were direct numbers.

"This is the place. I'll bring you in and introduce you to them."

The Thousand Snow Emperor smiled sweetly.

In front of them was a vast area of fortuitous encounters, with a blood-red wall. Inside was the War Dragon Clan's training grounds. There were all kinds of resources inside, but the one that was lacking was a person that could discipline them.

When he had just arrived here, Long Chen could already hear that it seemed to be extremely noisy inside. Not only were there sounds of laughter, shouts, and even the sounds of battle constantly coming from inside, it was also quite loud. Compared to the other places in Young Dragon Palace, this place was far more noisy.

No wonder the Thousand Snow Emperor said that the Dragons were more difficult to deal with.

Long Chen followed her and stepped into the Moon Slaughter Devil Nest.

He raised his head to look. Within this vast War Dragon Palace, there were rows upon rows of buildings, the rooms for disciples, as well as all sorts of pagodas and palaces for training and battle. He couldn't see the end of it.

But at this very moment, there were over a thousand Divine Dragons dancing and playing in the air above the War Dragon Palace. Their passion surged, they forgot everything, they chased after the battle, they used all their might, they completely ignored the surroundings, causing the entire War Dragon Palace to become a mess.

The thousand plus Divine Dragons messing around, fighting, and not caring about their lives, such a chaotic scene immediately gave Long Chen a headache. They were indeed a group of children. Even though they were about the same age as Long Chen, they had too much childishness about them and their intentions to play around were too strong.

The surroundings were filled with the sounds of laughter.

Looking at them, the Thousand Snow Emperor was as though she was looking at her own children. Her face was warm and gentle as she stood at the doorway with Long Chen.

Although her voice was light, with the Thousand Snow Emperor's capabilities, every child was able to hear her clearly. They were stunned for a moment, and then stopped what they were doing, turning to look at the Thousand Snow Emperor, but when they saw her appearance, they were immediately stunned, and rushed forward one by one, looking at her with surprise.

"We greet the Thousand Snow Emperor!"

From the very first moment, everyone else quickly followed suit. This was the guardian of the young dragon palace with over a hundred thousand young dragons. No matter how rude this young man was, he would be very excited to see her, so excited that even his words would not be clear.

Long Chen looked over, they were basically all young girls, young and lively, brimming with vitality, extremely passionate. Their young and immature faces were filled with yearning and passion for the future, as though they had an endless amount of strength.

They all stared wide-eyed at the Thousand Snow Emperor, but didn't even bother to gasp for breath.

The Thousand Snow Emperor smiled gently and said: "Children, this is my decision. This is the new teacher who will stand guard over you and guide your cultivation and protect your safety. From today onwards, all of you must listen to his orders. "

Everyone was still in a daze, their gazes unable to leave the Thousand Snow Emperor. As for what the Thousand Snow Emperor said, they did not care, because they had already guessed it already. They were only slightly curious about the person who was personally brought here by the Thousand Snow Emperor. Furthermore, it was clearly someone who was about the same age as them. She wanted him to guard this place and protect her?

This seemed to be out of their expectations.

All this time, those who came here had been warriors who had cultivated for at least five or six thousand years. Someone as young as Long Chen. Never appeared.

"Right, what should your name be?"

Thousand Snow Emperor looked at Long Chen sweetly.

She wanted to cover up for Long Chen in order to avoid unnecessary trouble.

Long Chen replied: My name is Yang Chen.

This was his name from back then, and it was just nice to use.

As for what Long Chen was saying, they were not particularly concerned about it. All these years, there had been too many teachers who had come to this place, but they basically did not have much time, and there were even some who had left in a few days.

Speaking up to here, the Thousand Snow Emperor said: "Remember, in the future, all of you must listen to his orders."

"Yes sir!"

All of the warriors of the War Dragon Clan immediately nodded, pretending to be obedient.

Thousand Snow Emperor said to Long Chen at the end: "That is your residence and cultivation room over there. I think you know what to do with it, right? "

Long Chen said: "Mn, just don't let them mess around too much."

Thousand Snow Emperor was still completely at ease with Long Chen, so she said: "Since that's the case, I will leave this place to you, I wish you and them a pleasant time together."

This was an arrangement by the three Dragon Emperor s.

This place was better than Heavenly Blood Hell.

After the Thousand Snow Emperor finished speaking, she bid farewell to the crowd. The thousand plus Dragon Fighter s watched eagerly as she left, and only after she completely disappeared did they start to discuss among themselves.

"Oh my god!" I actually saw the Thousand Snow Emperor, the person who is in charge of the entire young dragon palace! "

"Yeah, I heard that his strength is close to the top ten of the Slaughter Dragon City. Such a terrifying figure actually appeared in front of me, I'm really blessed!"

"This is the pride of our Dragons, Lord Thousand Snow Emperor actually personally came to visit us, hehe!"

Their relationship seemed to be pretty harmonious, and they started to happily discuss it, with the topic all revolved around the Thousand Snow Emperor. As for Long Chen, who was still standing in front of them, no one paid attention to him.

"In the future, our great War Dragon Tribe can also go out and brag to others. We have already seen the Thousand Snow Emperor!"

"Thousand Snow Emperor is so beautiful. In the future, I want to become such a beautiful and powerful woman. There must be many people who like her and want to pursue her!"

The thousand or so of them instantly began to clamor with joy.

Long Chen felt that he needed to introduce himself first so that he could get along later. Just as he was about to open his mouth and speak, the Dragon Fighter in front of him suddenly turned back into a dragon and charged up to the clouds in the War Dragon Palace. Once again, they began to play about in the sky, in the clouds and on the ground.

In the blink of an eye, all of them had fled, as if Long Chen didn't even exist.

"These guys!"

Long Chen not only wanted to laugh, it seemed that even if Thousand Snow Emperor brought him here, they would also do it for him. Although they were causing a ruckus again, to the point of even going overboard, in truth, they were still secretly observing Long Chen. According to their estimates, Long Chen would probably become angry from the embarrassment, and at that time, they would have the chance to kick Long Chen out.

Their greatest characteristic was their unity, which was why it frightened everyone who came here. If they were to offend one of them here, they would be met with everyone's resistance, and might even be put at death's door. In the eyes of outsiders, they were nothing more than a bunch of lunatics.

Long Chen didn't think so, he felt that they were still quite cute.

"Since you don't want me to be in charge of all of you, then I won't bother with it. Who wants to bother with you?"

Long Chen laughed inwardly. Now that he was open-minded, he did not take the enmity of these little fellows to heart. When everyone thought that he would be infuriated, he acted like nothing had happened and headed towards his own living quarters and the cultivation room.

Everyone discussed in secret.

"He didn't even dare to move when we were talking about him like that. He really is a coward!"

"That's right, he's around the same age as us, how can he protect us and guide us? I don't think even the boss can't beat him. "

"Such a fellow dares to come and discipline our Zhan Long clan? He sure is too daring!"

They were young, passionate, and rebellious. Naturally, they did not like people restricting them.

The handsome and sunny youths, along with the young and beautiful pure and lively girls, were all gathered together. They provocatively watched Long Chen's leaving figure.

"Go, think of a way to tease him!"

When they thought of how Long Chen was battered and exhausted, and how he had escaped the War Dragon Palace, they were filled with a sense of accomplishment and pride.

"Let's drive him away first, and then we can have dinner tonight. We can drink and celebrate. You girls had better dance to cheer us up! "

"You wish! Hmph!"

Beautiful girls were gathered together in a group, chirping in all directions. Their snow-white skin, long, pure white legs, and soft, numbing voices could be heard everywhere.

Long Chen did not know that he was being watched.

The place that the Thousand-snow Emperor had arranged for him was still okay, but the training room was very spacious as well. It was enough for him to cultivate in. The only drawback was that the outside was too noisy, and the noise, laughter, and destruction would easily affect his cultivation. Sometimes, they would even start a fight at Long Chen's doorstep.

"I actually walked so far ahead of them at the same age."

Long Chen couldn't help but laugh bitterly. These young children made him think of herself, who had just met Ling Xi at White Yang Town, and how she was as passionate and passionate as she was today.

They made Long Chen think of himself, so Long Chen did not blame them.

He just didn't expect that they would come over right away.

Just as Long Chen was about to cultivate, a few divine dragons controlled a large amount of blood-colored seawater and sprinkled it towards the place where Long Chen was cultivating. The surging sea of blood immediately flooded Long Chen's palace, and a large amount of blood rushed to his surroundings, flooding him with a vast ocean.

Long Chen opened his eyes helplessly, these little fellows were too restless.

Looking at the sea of blood in front of them, Long Chen considered whether to go and beat them up.

#### Chapter 2136 - Violet Firmament Honglong

Even though their faces were filled with childishness, they were extremely arrogant. They glared at Long Chen with hostility, full of contempt, and one of them said: "Listen up, the one with the surname of Yang, this is only a show of force from us. Our Dragons have never been subject to anyone's discipline, so you better not provoke us. If you have any ideas, do you believe that we can kill you? "

The other one said: "That's right, don't think that you can do what the Thousand Snow Emperor has to say. We have thousands of ways to torture you. You mustn't not believe that we've forced away over a hundred people who are similar to you. If you know what's good for you, stay here. Remember, don't think of attacking the girls of our War Dragon Palace. You just have to stay here and wait, and we won't target you! "

"Surnamed Yang, remember this young man's words. From the looks of it, even if you have leopard guts, you still wouldn't dare to go against us, right?" Let me tell you, we have over a thousand of us in the same group. We're from the War Dragon Tribe, don't even think about controlling us! We don't need your protection! "

After the dozen or so arrogant youths finished speaking, they walked over with their heads held high and their chests puffed up.

Long Chen originally wanted to teach them a lesson, but these youths of the same age as him were actually very arrogant and adorable. Using the power of fourteen sacrifices, Long Chen casually burnt all of the Blood Sea's water around him.

Of course, this was his first goal, to become a peerless expert within ten years. No one else could stop him.

As for this Battle Dragon Clan, Long Chen was too lazy to bother managing them. As long as they didn't go too far, there was no harm in making a ruckus.

He returned to his cultivation.

Cultivating time would often pass by extremely quickly.

In the blink of an eye, it was already late at night.

It was not only quiet outside, but it was even more noisy outside.

Faintly, one could hear them laughing: "You don't know, when we stood there, that guy was scared shitless. You almost knelt down and spoke to us. "

"Yes, when I told him that we had so many ways to kill him, he was so frightened that he begged for mercy. Let us let him go, and promise that we will never come again, that we will stay there forever. "

"Really? Brothers, you are really too powerful, we really worship you! "

The girls' soft voices sounded again and again.

"Heh heh."

They all started laughing, as if Long Chen was suddenly on his knees begging for mercy.

"Let me tell you, this man surnamed Yang is nothing to be afraid of."

They said proudly.

Just then, a crisp female voice said, "Don't boast. If you want to chase after my sisters, you have to do it openly. Don't touch them. Do you believe that I won't slap you to death?"

Immediately, a youth shouted, "Aiya, Sister Luoyan, I don't dare to do it anymore. I don't dare to do it again."

The girls laughed again.

They played with each other.

"Let's play together. "Oh, is Sister Luo Yan going to dance tonight?"

Someone said in anticipation.

Later on, it seemed as if almost everyone was gathered together. The noise also quieted down, and it started to become the melody produced by the zither, siren, and other musical instruments. The music sometimes surged, sometimes it was gentle like water.

The young boys and girls were all lost in their wonderful music. This was the only quiet time of the day.

"Luo Yan is so beautiful."

"That's right, the dancing is so beautiful. A Rainbow Spirit Dragon really isn't something to be proud of. It's a pity that she's really too fierce. Anyway, I don't dare to provoke her."

"Yes, but if she wasn't violent, who would stand up for the girls?" I think she's fine. I admire it. Our Dragon-Battling clan wants men and women to work together and stay together for the rest of our lives. We must unite together and not let anyone bully us, and only allow us to bully others! "

"Yeah, we agreed that we are all siblings, so no matter what kind of difficulties we encounter, we can't separate. We are destined to be together, and we must persevere for the rest of our lives. Defeat anyone who wants to bully us. Although there are one thousand of us, when our powers are gathered together, we are also one person! "

However, hearing these words, Long Chen's opinion of them changed a little. It seemed that these hot-blooded youngsters had a very good relationship with each other. At the very least, they were able to unite with the outside world without any ulterior motives.

He appeared outside, at the top of a tall tower, and the thousands of warriors of the Dragons gathered in a vast crystal plaza, where the crystals were inlaid with a beautiful pattern that shone with a hazy light.

In the center of the plaza, where the light was brightest. The youths were passionately playing the fun game. In the center, there were more than a hundred beautiful girls, dancing with the wind, their movements consistent, swaying like willow branches. They were extremely beautiful, and all of them attracted Long Chen's attention.

This dance was truly marvelous. It showed off the beauty of a woman in its entirety. The youngsters watching on the side drooled. It was extremely hot and excited to the point that they almost wanted to shout into the sky.

Even though they were the same age, Long Chen didn't have such a passionate and passionate feeling. Now all he had was his responsibilities and his dreams.

They had all united as friends and were living happily. Long Chen was just a bystander, he did not disturb them.

Right at this moment, one of the dancing girls saw Long Chen. Her face was covered with a goose yellow veil, and she was wearing a long dress, revealing her beautiful figure.

She actually left her original position, wearing a veil, and smiled sweetly as she walked towards Long Chen.

"Sister Luo Yan, where are you going?"

Everyone stopped playing the music and dancing. They were attracted by the yellow-clothed girl's movements, and all of the summer came to an end. Very quickly, they saw Long Chen who was standing at the top of the tower.

"It's that Yang guy!"

"Dammit, wasn't he scared of us? How dare you appear, and dare to peek at us! "

Everyone showed their anger, and they were extremely against outsiders.

They were very curious, what was Luo Yan planning to do?

Long Chen calmly watched the girl standing in front of him. She seemed to have forgotten herself as she danced and sang beside Long Chen.

The air was filled with the delicate fragrance of a maiden.

Her yellow veil only covered her nose and mouth, and her pair of eyes that seemed to be able to speak were filled with mist as she looked at Long Chen constantly, as if hiding endless feelings of love within, causing others to feel numb.

At this time, under the attention of tens of thousands of people, she had already walked a lot closer to Long Chen.

There was only a gap of half a meter between the two of them. At this time, this young girl called Luo Yan was still dancing lightly.

Long Chen actually knew that this girl definitely had ill intentions; he actually wanted to see what she could do. As expected, in the next moment, she suddenly covered her slightly full chest and retreated in panic. Her pair of eyes trembled with disbelief as she looked at Long Chen and exclaimed, "You ...

When she said that, the crowd immediately became furious when they saw Luo Yan's face turn red from anger and her hug on her chest. For a moment, everyone actually rushed towards Long Chen.

"Bastard!" "He actually dares to be disrespectful to our Sister Luo Yan in front of us. He is courting death!"

"Surname Yang, you thief, as a teacher, you dare touch your disciples when you want to be lecherous? You should be punished with ten thousand deaths for being so frivolous." You are not worthy to stay here. Brothers, let's kick him out! "

"That's right, we should rush out and chop off his dirty hands. Sister Luo Yan is so sacred, how can we let him touch her in vain!"

They were indeed astonishingly united. As soon as she said that, everyone flew into a rage. In that moment, the thousands of people encircled Long Chen, they did not give him the chance to explain, and directly attacked, it seemed like this was not the first time they were doing this. As expected, there were a lot of insidious ideas.

When Long Chen was surrounded, the yellow clothed girl called Luo Yan smiled craftily and disappeared into the crowd.

"Step back, I'll teach him a lesson!"

Suddenly, an explosive roar sounded.

Suddenly, from the east, a purple light shot out violently, instantly entering the crowd's encirclement and appearing in front of Long Chen. His arrival was heartening.

"It's big brother Pang Hong! He actually came out of seclusion!"

"Big brother Pang Hong, this is a newcomer. His surname seems to be Yang. He actually duped Sister Luo Yan in front of us with his identity as a teacher." You must stand up for our Zhan Long Clan! "

"Yeah, don't let him look down on us and bully us!"

From the start, Long Chen had always felt that these little fellows were very interesting.

In front of him was a man with messy purple hair. He was slightly older than the surrounding people, and his aura was even more majestic. He wore a set of purple Dao Protector Armors, which were inlaid with gems containing immense power. His eyes shone with brilliance, and a noble aura gushed forth from him.

Although he was only at the late stage of the Two Elements of Tribulation, he was clearly much stronger than the people around him in terms of combat strength.

This young man's name seemed to be Pang Hong.

"Big brother Pang Hong is a super dragon! And it was the supreme divine dragon, the valiant Violet Firmament Honglong. Chief Sovereign Zi Xiao, if he is allowed to make a move, he will definitely beat this Yang De until he pisses his pants. "

"Yes, let Big Brother Pang Hong make his move!"

In a short moment, over a thousand members of the War Dragon Clan dispersed, leaving Pang Hong and Long Chen in confrontation.

Pang Hong's eyes were extremely sharp. He sized up Long Chen and said, "It seems like you are also at the late stage of the second stage of the tribulation. Not bad. But to become our Master and control us, we are still far from being able to do so. I will give you two choices. One, get the hell out of here, and don't provoke our clan again. We don't need anyone to control us! The second choice is to fight me, and then I will drive you away! "

His temper was quite violent, and he was also very strong. As he finished speaking, the surrounding youths were immediately in a frenzy. They were shouting and screaming, filled with the heat of youth.

Seeing the burning passion in their eyes, Long Chen suddenly felt touched. This was the hot-bloodedness a youngster should have.

Of course, although Long Chen recognized them, it didn't mean that these little fellows would always cause trouble for him.

Facing Pang Hong's questioning, Long Chen only said two words, "Make your move."

After hearing this, Pang Hong sneered, "You really have guts. Your name is Yang Chen, right? Remember the person who defeated you tonight. His name is Pang Hong! His inherited blood essence, is from the Purple Clouds Grandmaster! "

"Enough."

Long Chen could not help but laugh bitterly, the other party was too good at tormenting others.

When the surrounding martial artists shouted out with their greatest fanaticism, Pang Hong angrily roared, and his purple eyes erupted with an intense light that shot out. He attacked at the same time, his hands covered in blue veins, nails as sharp as claws, and covered in many purple dragon scales!

Swish!

Pang Hong's claw shot towards Long Chen.

His eyes shone with vigilance; this was only a test.

The sharp claws pierced through space and the power of the Yin yang demon was already balanced, it was not bad at all. However, in terms of strength, and quantity, it was far from Long Chen's.

Following that, a shocking scene unfolded before everyone's eyes.

Unexpectedly, Long Chen didn't retaliate at all, allowing Pang Hong's sharp purple dragon claw to land on his shoulder.

Crash! \*

Everyone could see the scene of flesh and blood flying all over the place, and could not help but feel that Long Chen was very pitiful.

But in the next moment, it was indeed deathly silent.

Clang!

What they saw was that Pang Hong's dragon claw was actually bounced back, full of blood, and even with the dragon claw broken, the bloody Long Chen in their eyes was completely unharmed. Not even a single scratch appeared on his shoulder.

"This ... this ..."

Everyone was shocked and quickly wiped their eyes, thinking that they were mistaken.

The one who would be trembling the most would be Pang Hong. He was completely stupefied as he looked at his Blood Dragon Claw and then looked at Long Chen. It was like a dream.

Long Chen was too young, so he let them underestimate him.

"This is impossible!"

Pang Hong bellowed.

"Zi Xiao Heavenly Palace!"

Right at this moment, Long Chen's figure instantly disappeared from his sight. In the next moment, he felt someone was already pinching his neck and was about to struggle with all his might, when an irresistible and terrifying force directly lifted him up and threw him down!

What everyone saw was that Long Chen suddenly appeared behind Pang Hong and pinched his neck like a little kitten. With a casual swing, Pang Hong turned into a ray of purple light and instantly smashed into the ground below him.

Pang Hong's body felt like it was about to fall apart. Lying on the floor, he seemed to be using an ingenious amount of force that wouldn't hurt his core, but he didn't even have the strength to stumble. In the blink of an eye, he looked up at the youth with shock and helplessness.

"That ..."

Everyone quickly understood what was going on. Long Chen had actually dealt with Pang Hong easily! This unbelievable matter actually happened, for a moment their minds were completely blank, they blankly stared at Long Chen who was still standing at the top of the tower, as if nothing had happened.

"Quick, save Big Brother Pang Hong!"

Someone immediately shouted in surprise.

Instantly, over a thousand people swarmed over, most of them blocking in front of Long Chen to prevent him from attacking Pang Hong again. Someone else helped Pang Hong up to check on his injuries.

They were aware of how strong Long Chen was, so they looked at him with fear. However, they did not know what kind of courage it was that caused them to not retreat at all, but the eyes of thousands of people were basically the same. They did not yield, and looked at Long Chen with hatred.

Even though Long Chen was strong, he wasn't able to scare them.

"What method has this guy used to defeat big brother Pang Hong so quickly?"

"I don't know, but we don't have to be afraid. He's definitely not as strong as we thought. His abilities were definitely limited. How could he be so powerful in the young dragon palace? We have over a thousand people. If we stand together, we will definitely be able to defeat him! "

"Brothers and sisters, let's unite as one! We can't let this thief bully us! Let's attack together! If you don't believe us, we can't kill him!"

When they saw Pang Hong injured, their eyes were already filled with rage. Their eyes were all blood-red and filled with hot blood. They clenched their fists as they prepared to fight!

"Wait!"

The current her naturally didn't have her previous charm and cunning. Her face had a bit of panic, blocking in front of the crowd as she looked at Long Chen with a bit of nervousness: "I'm sorry, I was playing with you before, don't be angry, I'm sorry." Don't you dare hurt them! "

When these words were spoken, the crowd immediately burst into an uproar.

"Sister Luo Yan, step back. We have not lost!"

"Why should we apologize to him? He came to restrict our freedom, so we won't listen to his teachings! So what if he's strong, can he bully us? We have a thousand people, and even if we die in battle, we cannot compromise with him! "

Their eyes were filled with resentment.

If this continued, Long Chen probably would not make a move, and they would be the first to attack.

This made Luo Yan very nervous. After all, what happened today was caused by her whim.

She looked at Long Chen with pleading eyes.

Long Chen was too lazy to bother with them. Just when they had turned into a mess, Long Chen waved his hand and said: "It's fine, I only have one thing to say. From today onwards, I will cultivate in peace. "If anyone dares to cause trouble for me again, I won't hold back."

With that, he turned and left.

No one had expected this matter to end like this.

"He's gone?"

"That's it?"

They looked at each other.

He had a feeling that a huge battle should be taking place.

Furthermore, Long Chen didn't have the slightest intention to go against them, he only told them not to disturb him. Then he left. This doesn't really fit in with common sense.

Luo Yan watched Long Chen leave, his eyes also filled with confusion.

"Sister Luo Yan, what exactly is going on?"

Everyone asked.

"Are we going to chase after him and kill him?"

The youngsters asked full of passion.

Luo Yan quickly said, "Alright, don't cause trouble for now."

At this moment, everyone gathered in front of Pang Hong.

Pang Hong slowly woke up. He was a supreme Divine Dragon, his recovery rate was astonishing, and in addition to the fact that Long Chen did not intend to hurt him, it was no big deal after he woke up.

His eyes immediately went wide, and he said angrily: "Where's that guy? "Who's injured?"

Everyone said, "Are you the only one injured?"

"I lost?" Pang Hong was completely stupefied.

He looked at Luo Yan and asked, "The person who has come this time seems to be quite powerful. He isn't as weak as he looks. This is troublesome. The stronger he is, the more troublesome it will be for us. If we were to let him take control of us, where would our freedom come from? In the future, won't we have to listen to him and let him slaughter us? "

"Yeah, I didn't expect this fellow to be so powerful. We must think of a way to defeat him, scare him, and get him to scram. Don't come to our territory to bully us!"

Everyone became excited.

At this time, someone said: "We can call Boss Liang out and let him deal with us. Boss Liang is a Ultimate Dragon!"

"Yeah, in this situation, we can only rely on boss."

The purple-haired Pang Hong pondered for a moment before saying, "You're right, it's Liang Teng's turn. He's stronger than me. He's even fiercer than me. Li Shuang Yu, Wind Fire Wolf, the two of you, go and invite Boss Liang out. We will discuss how to deal with this Yang fellow! "

"Yes sir!"

The two little fellows were filled with excitement as they hurriedly left the area.

Pang Hong called out the names of those few people and said, "Follow me. Everyone else will be waiting outside. We'll tell everyone about this after we've made our plans."

Everyone nodded.

Long Chen's previous performance had challenged their mental state, making them realize that he was difficult to deal with. In order to not live under Long Chen's tyrannical power, they had no choice but to retaliate. According to their experience, any so-called teacher who was stationed here was not a good thing.

Some were overbearing and unreasonable.

Some were lecherous, especially when it came to bullying young girls.

Some of them even killed their own disciples to the point of not letting them off.

In these past few years, more or less, some of their sisters had died at the hands of the people here, and they were then dealt with in secret. Given the size of the Young Dragon Palace, it was very hard to find

one or two people who had died. As young dragons, even if they were bullied, no one would stand up for others.

Over time, they gathered together and fought together, forming a strong will to fight and a firm relationship.

A total of a dozen or so people were gathered in a secret room, waiting for their boss's arrival.

"Say, Boss Liang Teng, do you think we can defeat that Long Chen?"

Pang Hong shook his head. "Although he's very strong, capable of easily defeating me and practitioners of tri-level tribulation of reincarnation, if he wants to deal with this guy, all of us will probably have to act together."

"No matter what, we must show him our might and let him know how powerful we are!"

Luo Yan, who was at the side, said in a troubled tone, "Everyone, I think it's better if Yang Chen has a good temper. We've targeted him many times but he doesn't seem to be angry. If he's easy to get along with, why should we ..."

"Shut up!" Pang Hong interrupted her. With bloodshot eyes, he said, "Luo Yan, have you forgotten how my sister died? It was this bunch of scum. They thought that they had done it so brazenly with their strength and power! First, they made you lose your vigilance towards them. When you're alone, let's see how they'll target you! Of course they aren't idiots, they won't publicly deal with us, after all, they also care about their reputation. "

"Alright!"

Luo Yan nodded helplessly.

At this moment, a chilly wind blew outside.

Someone said, "Boss is here."

Everyone became excited and stood up, looking towards the door. At this moment, a black shadow walked in with large strides, appearing in front of them.

"Boss!"

Everyone said respectfully.

#### Chapter 2138 - Celestial Destroyer Star Dragon

The person who entered the room was a skinny man in black. His eye sockets were quite deep and his eyes were as black as ink. Although he was young, he seemed like he had a lot of experience. His body had a unique aura of loneliness and a feeling of being unapproachable, so his arrival was a little stressful for everyone.

Regardless, he was still the leader in everyone's eyes.

This person was none other than Liang Teng. The only Ultimate Dragon in the Battle Dragon Clan, and one of the few in the young Dragon Palace, was ranked very high in the young Dragon Palace. She could be considered one of the top disciples of the Dragon City younger generation.

In the outside world, a character like Di Feng was far inferior to him.

His current temperament was greatly related to the inherited blood essence. Like the three thousand star soul dragons, he was also part of the Star Dragon race, but he was even more ancient and terrifying than the three thousand star soul dragons. In the The Age of Dragons, he could be compared with Eternal Blood Dragon, Emperor Holy Dragon, and Dark Emperor Dragon.

Liang Teng remained silent as he sat in the middle.

Pang Hong then told him everything that had happened.

"I think if we don't convince this guy as soon as possible, our future will not be so good. Even if we lose the war, we have to let him know that we are united and that we are not to be trifled with.

The others also echoed his sentiments, "Big Brother Pang Hong is right. We cannot show any weakness." He had already lost miserably today. Next, we have to get back at them. "

"If he thinks we're useless, we will definitely be bullied by him in the future! Even if we die, we cannot compromise. "

Although she was confused, she knew that her softheartedness could lead to a bad ending in the future. So she steeled her heart.

Everyone was waiting for Liang Teng's decision.

His pitch-black gaze turned, and only after a long time did he reply with a hoarse voice, "Since that's the case, let's move out now. Regardless of the means or the plan, it would be seen through.

After hearing this, everyone was a little scared at first, but immediately felt their blood boiling.

"Yes, we disdain using any means! We have to beat him fair and square and make him fear and revere us. Boss is right! "

For a moment, everyone's eyes burned with passion as a young flame burned in their eyes. They were full of passion and passion, but most importantly, they were not afraid of death. There was a deep love between them, not between men and women, but between brothers and sisters!

"Let's go!"

Everyone's minds began to heat up. As they thought of the future, they began to walk out of the secret room. Outside of them, the 1000 members of the War Dragon Clan were eagerly waiting for them.

"Boss Liang, Big Brother Pang Hong, what are we going to do!"

The crowd began to clamor.

Pang Hong pressed his hand down and said, "Everyone quiet down first and listen to what Liang Teng has to say!"

For a time, over a thousand gazes that were filled with anticipation descended upon that lonely youth.

Liang Teng gazed at the crowd and said, "It's very simple. We can't surrender, we can only fight." This time, I will be the leader. Everyone, you just have to follow me and fight. I want to see whether this Yang Chen who looks to be around our age can defeat all of us! As long as none of us falls, we won't lose! Even if he won or lost, it didn't matter. The most important thing was to make him afraid. Let him know that our War Dragon Tribe is not someone to be trifled with! "

To be young, one had to fight!

Hearing this, everyone immediately began to boil with excitement. They let their blood boil, and even began to roar out uncontrollably. The arms of over a thousand people pointed to the sky, bursting with surging passion. The flames of war burned in everyone's hearts!

Pang Hong's long purple hair fluttered in the wind. He patted Liang Teng's shoulder heavily and said to the crowd, "That's right, we are not afraid of fighting, nor are we afraid of death, we are only afraid of the weak dying. We are not even born high, and we don't have any backing, but we have hot-bloodedness and ambition. We'll work hard together. Today is the most important battle for us against the authority.

"I'm ready!"

Everyone was roaring like their hearts were being torn out. They clenched their fists, feeling extremely excited. The young blood was boiling as the fighting spirit in their eyes surged!

When everyone looked towards Long Chen's direction and gnashed their teeth, Liang Teng's eyes were ice-cold. He silently rushed to the very front, and in addition to Pang Hong, Luo Yan, Li Shuang Yu, and the Wind Fire Wolf, all of them roared out together at the most fervent moment, "Break through the heavens and earth to become a wardragon! Charge! "

At that moment, they had all turned into divine dragons. Under the lead of the black Stellar Dragons at the very front, which was also the Heavenly Calamity Solitary Star Dragon, these thousands of divine dragons charged towards Long Chen in a grandiose manner.

Long Chen heard the commotion outside. Even a fool would know that they were here to kill a thousand people.

He was just about to start cultivating when he met with such a situation. He couldn't help but feel a bit angry. Why didn't these excited youngsters know to calm down a bit? Helpless, he could only rush outside. When he stood at the peak of the pagoda, the thousand divine dragons rushed towards him. Although they were all very young, they were still filled with a murderous aura.

The two sides had met at this moment!

"He appeared!" Hurry and defeat him! "

"Let him know how powerful we are. Charge!"

Over a thousand divine dragons roared as they waved their dragon claws. All sorts of divine abilities and attacks shot out in a dense barrage!

"Today is our most important battle! We don't need anyone to guide us! We won't let anyone bully us, don't try to suppress us, even if we die, none of us will give in! "

Hearing these words, Long Chen wanted to laugh, they were really children, they were too excited.

However, Long Chen admired them because in this world, courage was the hardest thing to come by. They had courage and faith, and one day, they would become an undefiable existence. Just like the Long Chen back then.

The person who was fighting at the front was a Ultimate Dragon.

In reality, when he had just arrived, Long Chen had already noticed him from the crowd. After all, this was the only Ultimate Dragon. His strength was also the strongest here. He should be the leader here.

At this moment, the Heaven s Calamity Star Dragon was charging in front of everyone. Its eyes were filled with killing intent, and its entire body had turned into a huge black star.

"Boss Liang has made his move!"

"Kill him!"

Everyone was shouting and attacking, but at the same time, they were also attacking. Their speed was just a bit slower.

Buzz! Buzz!

In the blink of an eye, it shot out a black colored starlight, and it pierced right in front of Long Chen's eyes, and that meteorite-like attack directly struck towards Long Chen!

"Don't be careless!"

Everyone was also reminding the Celestial Destroyer Star Dragon.

As expected, just like last time, Long Chen did not dodge or resist; he only extended a finger and lightly moved forward.

Following that, everyone saw a scene that was difficult to forget for the rest of their lives.

The Calamity Star Dragon charging towards Long Chen, was actually suppressed by one of Long Chen's fingers when it came to a meteorite that was hundreds of meters in diameter, making it hard to advance, let alone severely injure Long Chen!

At that moment, everyone stopped what they were doing and looked at the scene in a daze!

With Long Chen's current physical body, controlling this little guy wasn't difficult at all.

His finger exerted a little more force, and he was blasted away. The huge body of the Heavenly Calamity Lonely Star Dragon was sent flying. Several divine dragons went to receive him, and were also sent flying as they cried out in pain.

The strength of the two was something that could be seen with a single glance. There was a difference between heaven and earth.

But the problem was that Long Chen was around the same age as them!

From the previous exchange, he was deeply aware of just how strong Long Chen was, and how easily he could be torn apart. In front of Long Chen, a thousand of them were like ants in front of a giant beast, and their numbers were completely useless. Even if there was a million, Long Chen would easily kill them all.

"Stop!" Liang Teng couldn't help but shout.

But at this time, no one heard the sound from him. Everyone was excited and did not know the difference between them and Long Chen. They clenched their teeth, roared, and roared, wanting to fight Long Chen to the death!

All sorts of strange divine abilities were unleashed!

"Stop! "Stop!"

The Heavenly Calamity Lonely Star Dragon was in a hurry to shout, but no one could hear him at this time. He had always been a valiant representative, but this time, when he met Long Chen, he understood what it meant to be a moth to a flame.

He looked at the youth standing on top of the pagoda with shock.

In his eyes, the thousand dragons simply did not exist. In Liang Teng's mind, there was only one person, and that person's image seemed to fit perfectly with this young man in front of him. In the past few days, Liang Teng had heard too many legends about him.

Only he could be so terrifyingly strong at this age!

He saw a scene that he would never forget.

Over a thousand divine dragons wailed and fell like rain, all smashing onto the ground. In the blink of an eye, no one was in between Liang Teng and Long Chen, and all the children had already transformed into their human forms, lying on the ground as they wailed.

Of course, to be able to wail in pain proved that they were still alive and that no one was dead.

But defeat was already a fact.

"You ..." Liang Teng's mouth was dry as he looked at Long Chen.

"Do you still want to come?"

In the blink of an eye, Long Chen had appeared before him.

"Boss, run!"

The people below realized that even though Long Chen didn't kill them, he would very likely use Liang Teng as a weapon. For a moment, everyone struggled to get up, feeling extremely anxious.

Chapter 2139 - Master above

"Run!"

Most of the members of the War Dragon Clan were injured by Long Chen using the Time Storm. Of course Long Chen had only given them a small punishment.

But even so, among them, there weren't many who could truly get up.

After being in the young Dragon Palace for so many years, they had long made the oath to live and die together. Now that Liang Teng was facing Long Chen himself, due to the nervousness in their hearts, there were already a majority of them who were enduring the injuries on their bodies and climbing up, clenching their teeth in an attempt to stop Long Chen's footsteps.

When they had just crawled back up, Heavenly Calamity Lonely Star Dragon clearly knew that he was not Long Chen's match when he turned into his human form and stood in front of Long Chen. Everyone was trying to make him run away, but he knew that it was impossible to escape in front of Long Chen.

The conjecture in his mind almost suffocated him.

He looked at Long Chen in a daze, shock written all over his face, and he was simply unable to say a word.

His heart was already in turmoil.

What was unexpected was that Long Chen did not target Liang Teng. He immediately turned around and hung Liang Teng on the side, then looked down at the hot-blooded, restless teenagers who were still unwilling to give in. Long Chen's gaze made them fear, but it did not scare them away.

They nervously stared at Long Chen.

Long Chen couldn't help but want to laugh, they were really too interesting. After a moment of silence, he suddenly laughed and said, "You guys are quite interesting. I'm not trying to make things difficult for you guys, and I'm not trying to make things difficult for you guys. Instead, why are you always trying to make things difficult for me?"

Seeing the smiles on Long Chen's face, the hot-blooded youngsters were stunned for a moment.

"If we don't give you a warning, sooner or later you will use your power to harm us." Someone below said nervously.

"So that's how it is."

Long Chen could tell that they were not thorns, but were just too sensitive. Or perhaps, it could be said that they had met too many bad people, and they were too young to resist.

This was understandable.

After understanding them, words became much easier to talk about.

These children must be very annoyed every day.

Long Chen then said: "I roughly understand what you mean, don't worry, I have come here because I have been arranged. My mission is to protect you all and guide you all in your cultivation, but if you guys are not willing, then I am happy and free. From today onwards, you will be living your lives, and I will have to focus on my cultivation. Between the two of us, we will not get into conflict, what do you think?"

Everyone was startled as they heard Dudian's words. They looked at each other. They couldn't figure out what Long Chen was saying.

"You don't need to pretend, are you sure?"

Luo Yan covered his mouth, glared at him, and then said to Long Chen, "What you mean is, you just need to focus on your cultivation, won't you disturb our lives?"

Such a good matter was something that they found hard to believe. In the past, which one of the people that came before had not relied on their status to order others around, and had not even considered them to be humans?

Unexpectedly, Long Chen nodded very straightforwardly: "It's rare to meet you all, please take care of me. We can also be friends, and if there's anything I can help with, that's fine too. But don't be too frequent, I don't have much time. It's time for you to go back. "

Hearing this, and looking at Long Chen's warm smile, they were stunned.

They looked at each other, unable to react for a while.

"Let's go." Now that Luo Yan had a certain understanding of Long Chen, she felt a lot more relaxed.

Just when Long Chen thought that he was done, and was about to leave, that Heaven Destroyer Lonely Star Dragon, Liang Teng, suddenly blocked his path, and looked at Long Chen with eyes filled with

emotion. His action once again attracted the attention of everyone, causing them to break out in a cold sweat.

"What's the matter?"

Long Chen's smile disappeared.

Liang Teng trembled slightly, and asked: "May I ask sire, your real name, should be Long Chen, right?"

"Long Chen?" Everyone became curious, as if the name was very familiar.

"Didn't Long Chen defeat the son of the Eternal Dragon Emperor, Jiang Ming? "I heard that his strength is very terrifying at such a young age."

Pang Hong was halfway through his words when he suddenly glared at Long Chen in disbelief.

"He is the son of the Eternal Dragon Emperor, the Long Chen who defeated Jiang Ming!"

It was unknown who reacted in such a noisy manner, but at that moment, everyone's eyes were filled with shock. They stared at Long Chen in a daze, and their expressions were practically the same as Liang Teng's.

Actually it was very obvious, but Long Chen didn't think much of it, so he nodded and said, "That's right, it's me. But there was nothing to be surprised about. If you want to be safe, you'd better not spread it out. "

When they heard Long Chen's affirmation, they finally reacted.

Long Chen originally thought that they would be like the others, detesting and hating each other. However, he didn't expect that among the thousands of War Dragons, their eyes would become feverish as they surrounded Long Chen with intense enthusiasm, unwilling to move their eyes away from Long Chen.

This kind of fanaticism would rarely appear in Dragon God Domain.

It was the same for Liang Teng.

Long Chen was a little surprised. He asked: "Now that you know my true identity, won't you find trouble with me? After all, I am the son of a sinner who has lived through the ages. "

"No!"

Amongst them, some of them spoke out anxiously.

Liang Teng at the side was not good with words, but he tried his best to speak, "We have never seen anything about the Eternal Dragon Emperor, we only know that he was once the number one expert, invincible in the world. We have also heard of your story, you are extremely powerful. "The number one genius in this world!"

Even he was getting a bit excited.

Long Chen did not expect that in the corner of the young dragon palace, there would still be people he revered. If they knew that he had just killed Meng Qingqiu, they would probably be even more shocked.

In an instant, the gaze with which they looked at Long Chen changed from fear to absolute fanaticism. It was precisely because of this identity of Long Chen that such a reversal had occurred.

From their young eyes, Long Chen saw the pursuit and faith.

Perhaps in their eyes, he was a hero.

This kind of feeling was extremely rare even for Long Chen.

"It's actually him!"

"This genius actually appeared in front of us!"

"No wonder, he's around the same age as us, but his strength is so terrifying!"

They all took in a breath of cold air and discussed Long Chen in low voices.

With this, they would not come here to cause trouble anymore. Long Chen was very satisfied.

Suddenly, he knelt down on one knee, and with a hoarse voice, he shouted with all his might, "Teacher, you are here to guide us in cultivation. However, I would like to ask you a favor, would you accept us as your disciples?"

Teacher and teacher had different concepts. Teacher was just a title given to instructors by the young Dragon Palace disciples. It was the relationship between teacher and disciple. People like Bloodlust and Jiang Ming had a much deeper relationship with each other.

When they heard Liang Teng's words, the eyes of the thousand or so warriors lit up immediately. They all knelt down, their voices slightly ragged, but basically all of them wanted Long Chen to take them in as his disciples.

"Master, please accept a bow from your disciple!"

The Dragons were incomparably excited, some of them even directly rushed over to call Long Chen Master. After all, Long Chen was their mentor now, and they were born with the initiative.

Under Liang Teng's lead, over a thousand people kneeled in front of Long Chen.

Long Chen could not help but laugh bitterly. He never would have thought that they, the ones who wanted to suppress him, would end up as the situation today, and at this moment, their eyes were filled with faith and anticipation.

To Long Chen, this kind of teaching which could discard ancestors, to trust and worship him just like that, regardless of the burden on Long Chen's body, was extremely rare. As expected, they were still very interesting.

As for taking in so many disciples at once, he had no intention of doing so.

Now, he didn't even have a single disciple.

Under their passionate gazes, Long Chen could not bear to attack them, so he said: "If you want to become my disciple, it won't be that easy, it'll have to depend on your performance in the future. Get up now. Everyone, go back to your own places, I still have to cultivate. When I came here, I would carry out all of my duties and would usually instruct you guys not to worry. "

Everyone was a bit disappointed.

But Long Chen did not cut off their chance, which meant that it was still possible, as long as their performance was good. After thinking it through, they could not help but be filled with trust. Their eyes were still filled with fanaticism when they looked at Long Chen.

Liang Teng, Pang Hong, Luo Yan, and the others were very sensible as well. They brought everyone and prepared to leave this place.

All of a sudden, Luo Yan turned around and said, "Master, there was once someone in our War Dragon Clan who said he knew you and fought with you."

Long Chen looked at her with shining eyes.

Luo Yan was a little nervous and said, "His name is Su Muchen, and we have a good relationship with him, but he disappeared later on. We searched through the entire young Dragon Palace but couldn't find him, and we suspect that he is already dead. Just like Boss Liang.

This was a secret that had been hiding in their hearts for a long time. If they hadn't met Long Chen, they wouldn't have said it out loud.

Everyone was attracted over, and when they thought about Su Muchen, their eyes were still filled with grief and indignation. In truth, part of the reason why they hated Long Chen at the beginning was also because of him.

Hearing this name, Long Chen fell silent.

He never thought that it would be such a coincidence, Su Muchen was originally here, but unfortunately he came late.

"Um, Su Muchen should still be on good terms with you. "He said so ..." Luo Yan softly said.

Chapter 2140 - Land of the Origin of the Divine Dragon

Long Chen looked around, as if he could see the days where Su Muchen had spent time here.

Unfortunately, the past was gone, and now people were gone.

Everyone looked at Long Chen nervously, they did not know what Long Chen was actually thinking.

"That's what we thought. If he's your friend, maybe you can help us find him. After all, you're much more capable than us. "Even if we know he's dead, we'll still know who killed him, right?"

Luo Yan added carefully.

Long Chen raised his head and everyone held their breath.

He pursed his lips, looked at everyone, and suddenly said with a smile, "This is indeed sad news. He is already dead, and his inherited blood essence was also stolen."

Hearing that, everyone's eyes became passionate, if Long Chen was not here, they would not be able to control their temper.

Just when they were extremely sad, Long Chen said again: "However, I have already killed the culprit, so it can be considered as taking revenge for him."

Hearing this, everyone was a little stunned. Although Long Chen said it in a relaxed manner, they all knew in their hearts that a person who dared to act recklessly in the young Dragon Palace definitely had a certain background ...

Long Chen was already killed?

Liang Teng pondered for a while, and asked, "That person, could he be Lieutenant Meng from the Dragon Tomb Army? He came here before, and is very interested in Su Muchen."

In reality, they were all suspicious of this person, but they didn't have the ability to go out and ask for confirmation. Right now, they could be considered a very weak group in the Dragon Slaying City.

Long Chen said: "That's right, that's him."

Meng Qingqiu!

They knew that Lieutenant Meng had the strength of six stages of reincarnation or higher. Most importantly, his power and influence were intertwined in the Dragon City, and the Emperor of Heaven's curtain was his father. This kind of person was considered a top-notch figure in the Dragon City, but Long Chen actually killed him?

If it was another person speaking, they would not have believed him, but they subconsciously believed that Long Chen would not lie.

In their hearts, Long Chen's impression of him had once again deeply engraved itself into their hearts. This caused their hearts to surge with emotions. In their eyes, Long Chen had long ago become a hero.

Because in regards to Su Muchen, they believed even more that he was right.

Pang Hong asked, "If you kill Lieutenant Meng, then what about Tianmu Emperor?"

This was the problem he was worried about.

Everyone was also very worried.

Long Chen slightly smiled and said: "It's already been a few days, but I'm still fine right? So don't worry. Let's disperse. I am here, and from today onwards, no one will be able to bully you. "

Hearing this, everyone felt reassured.

"Master, then we won't disturb you any longer."

Luo Yan smiled cunningly and quickly left with the girls. Liang Teng and the others bade farewell to Long Chen as well, and gradually left.

After experiencing today's events, the relationship between Long Chen and the others had finally returned to normal. Occasionally, when he was free, he would gather with Liang Teng and the others, chat with them, and give them some guidance on their cultivation. Within ten days, Long Chen had already become very familiar with them.

Because of Long Chen's existence, the War Dragon Clan had undergone a huge change. In order to become Long Chen's disciple, every single one of them had worked hard, cultivating with all their might. If they wanted to stand out, they had to work a thousand, a hundred times harder than others!

Fight, fight!

Sweat poured down his face, but he had a bright future ahead of him.

As the days passed, Long Chen was pretty much always together with them, becoming very familiar with them and also able to make some jokes. Of course, they were still extremely respectful to Long Chen.

In terms of strength, his progress was extremely fast. At this rate, it was possible for him to surpass Emperor Tianmu, Bloody Blaze, Yang You, and the rest of the group in ten years.

In next to no time, the Battle Dragon Clan had completely changed their appearance.

It was no longer the same messy scene from before.

The Thousand Snow Emperor had come here once in secret, but when she saw that everything was in order, she left with great satisfaction. From then on, Long Chen's life became even more peaceful, until the day he heard an extremely important news. That news was also closely related to him!

That day, Long Chen and Luo Yan were walking in the middle of the War Dragon Palace when Luo Yan took the opportunity to ask Long Chen about cultivation.

"Master, I heard that you have quite a few beautiful girls by your side. Why haven't I seen them?" Luo Yan asked quietly.

Compared to cultivating, the girls liked to ask Long Chen these kinds of questions.

Long Chen rolled his eyes at her, and said: "It's none of your business. "Hurry up and ask."

Luo Yan rolled her eyes and laughed, "I just want to ask that kind of question." It's fine if you don't want to talk about it. We also want to see what Mistress really looks like. "

Long Chen interrupted her, and said: "Hey, hey, I haven't agreed to take you as my disciples yet, don't call me up first, okay?"

As they got along, they realized that Long Chen's temper was actually very good, so they got along more easily.

Luo Yan chuckled and said, "I'll treat you as our master. What can you do?"

Long Chen could not help but be speechless, it seemed like if he was not fierce, they would become more and more troublesome.

In front of him were two divine dragons fighting.

One of them was a Nether Sea Fish Dragon. The The Age of Dragons possessed billions of divine dragons, and the Nether Sea Fish Dragon was one of the more bizarre species. Because he also had the blood of a fish, it only made up a small portion of the population, so the Nether Sea Fish Dragon still retained a portion of its fish characteristics.

The other dragon was the Limitless Wind and Fire Dragon. This dragon had the blood of a wolf on it, and it could control wind and fire. Its speed and attack were both extraordinary.

The two were of equal strength. Fighting against each other was the best way to increase one's combat experience. The over a thousand Dragon Fighter of the War Dragon Clan would often fight through this method.

The two were Li Shuang Yu and the Wind Fire Wolf. It was an even younger youth from the Battle Dragon clan, full of vigor.

Seeing Long Chen's arrival, they hurriedly took human form, half kneeling in front of Long Chen, and said excitedly: "Greetings Master!"

In truth, to this day, they had no sense of shame. Upon seeing Long Chen, they immediately shouted for him, and Long Chen found them pleasing to the eye, hence he did not bother about all these.

"Alright, get up."

Long Chen continued to walk forward and look around.

More and more teenagers followed behind him.

Li Shuang Yu moved closer to him and asked, "Master, a few days ago, Slaughter Dragon City was selecting the candidate to be the young dragon's successor. Go to the 'Divine Dragon's Origin'. You are extremely talented, but they didn't come find you? "

Long Chen was stunned.

The Genesis Lands of the Divine Dragons? The name of the place stunned Long Chen. He had never heard of such a place. So he stopped.

The Wind Fire Wolf also came closer, and said: "Master, it looks like you don't know about the 'Sovereign's Grand Ceremony'? "This is going to be a huge event, and it's going to be a huge ruckus outside. It's basically been going on for at least twenty thousand years!"

Sovereign's Grand Ceremony?

Long Chen had also never heard of it.

He was actually very interested in the divine dragon's origin region. To have such a reputation, it wouldn't be easy at all.

He then said, "The two of you, explain the details to me."

With an opportunity to show off, the two of them have no time to delay. Li Shuang Yu rushed to say, "It's like this. To the east of our Dragon God Domain is a vast starry sky. In the starry sky, there is an extremely mysterious place that no one can approach, and it is known as the 'Ancestral Dragon Cave', which is the place where the divine dragon originated. Legend has it that it is the first place that our Dragon race was born in, and it is said that no one has ever been able to approach it, let alone enter it. The Ten Great Ancestor Dragon is the dragon clan's oldest ten divine dragons, the Immortal God Realm was once known as the Ancestral Dragon World. The place where the ten Ancestral Dragons resided, and the most eastern star realm where the Ancestral Dragon Cave s were born, was rumored to be the place where the Ancestral Dragons were first born. I am afraid that this place has over a hundred million years of history. "

### Ancestral Dragon Cave, Land of Origin of the Divine Dragons

Just by listening to the child's description, Long Chen knew that this place was countless times larger than the war between the gods and the Dragon God Domain. That should be the true holy land of the human race. The war of gods was only the holy land of the 72 - The Ancient City of God's descendants. The place where they buried their gods.

Such an important place would definitely involve many secrets. There were even many unsolved mysteries hidden within.

When Long Chen was looking forward to it the most, the Wind Fire Wolf snatched Li Shuang Yu and said: "There seems to be a path towards the Ancestral Dragon Cave, and that path is called the 'Inheritance Dragon Stairway'. The inheritance dragon staircase had a total of 99 levels. And recently, at the end of the Inheritance Dragon Altar, in other words, at the entrance of the Ancestral Dragon Cave, were five dragon pearls, which were the Slaughter Dragon Pearl, the Destiny Dragon Orb, the Devouring Dragon Orb, the Life Dragon Orb, and the Eternal Dragon Pearl. These five dragon pearls are extremely important to our Five Dragon Cities. It is a guarantee that it will last for a hundred thousand years, so the Five Dragon Cities will send his own troops to gather outside of the Ancestral Dragon Cave to retrieve the five dragon pearls. "

In this way, this would definitely be an extremely grand event. Because Long Chen was staying in the Young Dragon Palace, he did not have the chance to communicate with the outside world, so he did not understand it.

"Then no one has ever been able to enter the Ancestral Dragon Cave? "Why?"

Long Chen wanted to first resolve the doubt in his heart.

Luo Yan seemed to know this. She said, "Of course it's because the Ancestral Dragon Cave is too mysterious and too powerful. Actually, I heard that your father seemed to have once charged through it, but just a meter or so into it, he was ejected out. As for the others, if it wasn't for my Divine Dragon Bloodline, they wouldn't even be able to approach the Ancestral Dragon Cave, and they wouldn't even be able to see it. Other than the Eternal Dragon Emperor s, no one else in history has been able to break in at all, since there are more than a dozen Dragon Emperor s who are unable to do so right now. "

"In other words, this Ancestral Dragon Cave is even more mysterious and terrifying than the battlefield of the gods."

Long Chen could not help but ponder.

He now knew that there were three places that were very mysterious, and there were even big secrets that existed. The first was the war between the gods, followed by the devils. But even the devil star is not as mysterious as this Ancestral Dragon Cave!
