

## War God 2151

### Chapter 2151 - Inheritance Dragon Stairway

They were the number one Dragon Emperor of the Everlasting Dragon City and the Dragon Slayer City, the Immortal Dragon Emperor and the Berserk Blood Dragon Emperor.

In truth, they had been protecting the Five Dragon Pearls for a long time. If it weren't for the fact that only the young dragons with the aura of Ancestral Dragons could step onto the inheritance stairs, they would have already taken the five dragon pearls.

In reality, there were still many experts lurking around.

Time trickled by.

"They're here."

Roughly five days later, the group that Long Chen was in finally arrived in front of the Ancestral Dragon Cave. The two Dragon Emperor s obviously noticed them very quickly.

"That, is Long Qinglan's son?"

The Eternal Dragon Emperor squinted and looked at Long Chen who was in the middle of the crowd.

His eyes flickered with an unknown splendor.

Long Chen never thought that this being would be observing him. When he had just arrived near the Ancestral Dragon Cave, he was already deeply shocked, and the yellow smoke was rolling all over the place. There was a whirlpool in the center, which was very deep and illusory, it seemed to be very far away, and it was hard to look straight into it.

This was the Ancestral Dragon Cave.

The beauty knew what was in the depths of the cave.

This piece of starry sky had been completely sealed off by the surging yellow energy. There was no way for it to move backwards at all. And what happened after that was unknown.

The most obvious thing was an inheritance dragon staircase that led to the entrance of the Ancestral Dragon Cave. It was completely snow-white, like a white jade dragon about to dive into the Ancestral Dragon Cave, and it seemed to match the black jade dragon's head. The inheritance dragon ladders were also very huge. Although it was only level 99, in reality, it was tens of thousands of meters long, with each level almost a hundred meters long!

The material of the inheritance dragon ladder was similar to the Black Jade Dragon's head. It was just that the two colors were different, one black, the other white.

The group of hundreds of people stopped in front of the Ancestral Dragon Cave.

This was the most sacred place in all of this place, so after arriving here, everyone held a sincere reverence and looked at everything that was happening in front of them.

Someone announced, "Let the ceremony begin."

Before the young inherited dragons stepped onto the Dragon Altar, there was a ceremony to pay respects to them. The ceremony was rather complicated and needed a day's time, which was a sign of respect for the ancestors and the Dragon Land of Origin. This was a ceremony that had been passed down since the ancient times.

Five Dragon Cities took the lead and started to pay his respects.

Long Chen followed the crowd, but his eyes never left the Inherited Dragon Altar nor the distant Ancestral Dragon Cave.

"Jun Fusheng, Xing Qing, Long Haoge, Jiang Mo and Jiang Ming seem to have inherited a young dragon. Although Long Chen isn't here, his Ancestral Dragon Qi surpasses everyone else."

The Bloody Dragon Emperor frowned.

He never said that Long Chen couldn't be an inherited dragon.

Before this, the two Dragon Emperors already knew the name list, they thought Long Chen was not doing well. From the looks of it, his performance should have been too good.

"It's not good to go against the Black Jade Dragon Head's choice." Dragon Emperor shook his head.

The Immortal Dragon Emperor said, "Everyone has their own destiny. Since he was not chosen, it means that he is not blessed. "

"But the Legacy Dragon Traps will attract him." Dragon Emperor asked.

Speaking to here, the Immortal Dragon Emperor did not comment.

Of course, Long Chen could feel an extremely strong attraction force, and the Inherited Dragon Altar was calling out to him and urging him on. They couldn't wait for Long Chen to go over. When he was performing the worship ceremony, he had seen the other young dragon inheritances beside him. They seemed to be attracted to him as well, but they were relatively weak and could not compare to how Long Chen knew them.

"Calling me. How can I retreat? "

Long Chen remained calm in his heart.

He knew what he should do. No matter how many people he had offended, no matter how many people he had offended or how many people he had disapproved of, he could not be cowardly in this matter.

Of course, he did not know that the two top-notch figures in the world were paying close attention to his performance.

The Dragon Emperor laughed: "He clearly possesses the most Ancestral Dragon Qi, but he hasn't become a young dragon yet. Do you think he will be willing?"

The Immortal Dragon Emperor asked, "Could it be that under so many experts, with his strength, he won't be able to accomplish anything."

Dragon Emperor laughed for a while and said: "Maybe you don't understand this child as I do."

Roughly a day later, the worship ceremony had ended. The five young dragons were extremely excited. Finally, it was time.

Everyone else's eyes were filled with excitement as well.

Long Chen was too obedient during the journey, causing everyone to forget about him.

"Five Inherited Dragons step out and head for the Inheritance Dragon Stairway. Remember to kneel down every time you step on the stairs."

"Yes sir!"

The young inherited dragons excitedly said.

10,000 anticipation!

"In the name of the legendary dragon ancestors, the inheriting infant dragon will step onto the dragon ladder, receive the sacred treasure bestowed by the ancestors, shine light on our human race, shine light on our divine dragon descendants, and wish our human race a glorious and eternal life!"

"Five Inherited Dragons, step forward!"

Under the watchful eyes of everyone, Jiang Ming, Xing Qing, Jun Fusheng, Jiang Mo, and Long Haoge stepped out from the ranks of their respective teams in Dragon City. They were already attracted by the Inheritance Dragon Stairway, and all of their attention was focused on it.

At this moment, everyone was only less than a hundred meters away from the entrance of the Inheritance Dragon Stairway.

"Go!"

The elders smiled.

These five young dragon inheritors would definitely be heaven-shaking and earth-shattering figures in the future. to the point of even becoming a new Dragon Emperor!

The five of them, full of heroic spirit, began their journey.

Just as everyone was neglecting Long Chen, he had fled into the river of time, and in the blink of an eye, arrived behind Jiang Ming.

In the air, the expression of the illusory figure changed slightly as he muttered, "It's actually the Time Traversing Dragon!"

"He really did it." This was completely within Dragon Emperor's expectations.

In the blink of an eye, Long Chen had released the Star Sacrifice, trapping Jiang Ming within it. When his figure appeared before the crowd once again, his movements were extremely quick and violent, not giving anyone any time to react. Who could have predicted that he would be so daring!

People at the level of the Blood Blaze Sect knew that it was possible for even the Dragon Emperor to be around them!

Long Chen chose to do just that. He easily trapped Jiang Ming within the power of the stars, blocking right in front of the other four young Inherited Dragons. Behind him was the inheritance ladder, but he did not panic.

Everything was happening!

The Five Dragon Cities immediately started a commotion, but in the end, it was a matter of slaughtering the Dragon City, so the only people who actually attacked were the people from Slaughter Dragon City.

"Long Chen, put him down! I guarantee that you will be fine! "

The speed of the blood flame changed in an instant and arrived in front of Long Chen.

Long Chen directly threw Jiang Ming out, and under the terrifying attraction of the Inherited Dragon Altar, he stepped onto the first level of the Inheritance Dragon Altar. He killed so many strong experts in the Dragon City, but none of them were able to stop him at this critical moment!

Apart from the young inherited dragons, no one else could climb the inheritance stairs.

By the side of Slaughter Dragon City, Long Chen had already stepped foot on it, thus thinking that it was already impossible for Jiang Ming to become an Inherited Dragon.

All of a sudden, everyone was standing in front of the inheritance ladder.

They never thought that Long Chen would be so daring to openly disobey orders here, to not give face to these strong elites. After all, he was going to come down from the inheritance dragon ladder, wasn't he afraid of punishment?

Suddenly, most of the people looked at Long Chen with unrestrained fury.

He had always been taking care of Long Chen, but he never thought that Long Chen would not give him any face this time.

Facing the crowd, Long Chen's face was calm, and he said: "Regarding this matter, I do not wish to say too much. I was the one who received more recognition from the Black Jade Dragon Pearl, not Jiang Ming. At this moment, this inheritance dragon staircase is attracting me up. Hence, I must be here! "

He looked around at the crowd and continued, "As for some people saying that I have defiled the Inheritance Dragon Stairway, that sort of thing. This was too ridiculous. Was he questioning the choice of the Black Jade Dragon's head? Are you questioning your ancestors? If that's the case, why let the Black Jade Dragon's Head choose, you guys choose then. "

He had already stepped on the inheritance ladder, and could be considered to have cooked rice. No one could stop him.

His words also made everyone speechless. In reality, everyone knew this logic, it was just that they did not want Long Chen to become a young dragon. Everyone understood that, but they did not expect Long Chen to make a move at this time.

"We are all smart people, so I won't say much. I came here because the Black Jade Dragon's Head and Inheritance Dragon Stairway chose me. Not you. I'll do what I have to do. Take down the Slaughter Dragon Pearl and give it to you. It is true that you are hostile to me because of my father. That's nothing. There will be a day when there will be a judgment in the world, and something will happen to you all that is not what you think it is! "

To dare to speak to so many people here yet make all of them feel helpless towards him, this would require a great amount of courage and capability. Long Chen had done it. At the moment, everyone was gnashing their teeth in anger, but no one dared to refute.

For a moment, the surroundings were deathly silent.

At this moment, the figure in the air was chatting with the blood-red fog.

Dragon Emperor said: "I knew it, he would do it."

"Hmph, this personality is much more rogue than Long Qinglan. If he were to become a peerless expert, then it would be an even greater disaster! " The Immortal Dragon Emperor said coldly.

"I think he will be very interesting."

The Dragon Emperor laughed.

It was at this time that the crowd heard the Blood Burst Dragon Emperor's voice coming from their side.

"I killed a young dragon for Long Chen."

These short words, however, made those who were pondering how to punish Long Chen when he came down, all shut their mouths. They did not think that the Blood Tyrant Dragon Emperor would be around and they even supported Long Chen!

Everyone's faces were unsettled.

"Blood Tyrant Dragon Emperor!"

Long Chen was extremely grateful in his heart. No matter what motive this man had for him, at the very least, he would always help him. At this moment, the same thing happened ...

He thought of another problem.

Since the Blood Tyrant Dragon Emperor was here, then what about the other Dragon City Dragon Emperor?

For example, would the Immortal Dragon Emperor of the Everlasting Dragon City also be here?

Chapter 2152 - Billions of Mortal Beings

He was an extremely important person in Long Qinglan's life, and it was also impossible for Long Chen to ignore him!

He wondered what would he feel when he saw him?

Was he looking down on him, not looking at him with contempt, or was he afraid of where he wanted to go?

Was his act of forcing his way up the inheritance ladder to make him look at him differently, or was it more loathsome?

Long Chen knew clearly in his heart that it was impossible for this person, who could not even love and protect Long Qinglan, to love and protect him, and furthermore, it was impossible for him to be his shield.

Just from his refusal to bring him back to the Everlasting Dragon City and how he threw him in the Dragon Slayer City, it was obvious.

"I just need to be good at myself. I don't need to care about the opinions of others."

Long Chen thought.

With the words of the Dragon Emperor, they were already no longer able to do anything today. Even if they went down the Inheritance Dragon Stairway, they wouldn't be able to do anything about it.

Long Chen ignored everyone who was looking at him and turned around to look at the several tens of thousands of meters long Inheritance Dragon Altar. This inheritance dragon ladder seemed to exist in the mist, it was faintly discernible, as though Long Chen was stepping on a white jade dragon.

Behind him, after a short period of rest, in addition to Jiang Ming, the other four young dragons also stepped on the stairs. Apart from Xing Qing, the others didn't want to get too close to him, especially that Long Haochen.

"Congratulations."

Xing Qing said softly.

There were not many people who sincerely congratulated him.

Long Chen thanked her with a smile.

"Let's go together."

The others had already ignored them and were heading upwards.

"Yes."

The two of them were separated by a distance and began to walk forward.

The one who had stopped Long Chen from becoming a young dragon in the beginning was her, and she was happy for a very long time. However, he didn't expect that Long Chen had actually gone up once again, and that even the Blood Tyrant Dragon Emperor would support him!

"Big brother, when those five come down, won't they have a supreme dragon battle?" Long Qingyue gritted her teeth as she spoke.

Bluefire Emperor nodded: "There is indeed one, but it is only a ceremony, adding that the four of them together are not Long Chen's match. The champion must be Long Chen. "

Long Qingyue said with a dark face: "This brat is too embarrassing to my Long family! This time, no matter what I say, I have to teach him a lesson. I can't let him act recklessly and embarrass you and Daddy! If I knew this would happen, I would have given him an unforgettable lesson in the Dragon Slayer City! "

Every time she saw Long Chen, she would get angry. When she first met her brothers and sisters, they were all dark and lifeless under Long Qinglan's shadow. She similarly did not receive any attention, and now there was another Long Chen who was causing trouble everywhere!

Her eyes darkened, and she was mentally prepared. This was an opportunity to teach him a lesson, he absolutely could not let it go to waste!

At the same time, the Legacy Dragon Altar that Long Chen and the others had truly stepped on.

Every step up required them to prostrate themselves on all fours and kowtow once.

The other four had already done so.

Long Chen had already walked to the center of the white jade stairs. Although he was anxious to get close to the Ancestral Dragon Cave, he had no choice but to do so step by step.

At this moment, he was half-kneeling on the ground and was about to kneel, but when his eyes landed on the plain white jade beneath his feet, his mind suddenly spun. In a daze, his eyes penetrated through the white jade stairs and saw a huge world.

"That's the Dragon Sacrifice Continent!"

Long Chen saw through it with a glance.

The Dragon Sacrifice Continent was simply too big. In terms of numbers, it was countless times larger than the Immortal God Realm. Long Chen is on this level

The current him was actually like a god. His field of vision swept across every single person's body, and Long Chen could accurately count that there was a total of ten billion living beings below him!

Every person's life, from beginning to end, was filled with bitterness and bitterness. Little by little, they entered his field of vision. Standing there, he felt as if the heavens were controlling everything in this world.

The massive amount of information caused his head to ache. Shocked, he quickly stood up from the ground, not daring to kneel again. As he stood up, everything that happened just now disappeared.

Long Chen inhaled a breath of cold air.

Even at this moment, he could still hear the countless voices in his head.

Laughter, distress, joy, anger. All kinds of faces kept popping up in his mind, and they wouldn't go away.

At that moment, he unexpectedly pitied the heavens. Life was so wonderful and beautiful, and the world was also so wonderful. Everyone had their own unique life, and from then on, it was a colorful world.

Long Chen would never forget this moment.

It was as if he had experienced the lives of tens of billions of people. Such mysteriousness had given rise to a desire for new understanding and exploration.

When he looked up, the other four had already reached the second step. They didn't seem to feel the same way.

"It belongs solely to me?"

Long Chen silently followed them up the second flight of white jade stairs.

"He did not kneel!"

"This bastard!" To actually act so casually towards a divine dragon in the Genesis Lands! It's completely unpious! "

The people behind him began cursing.

It was not because Long Chen did not want to kneel, but because once he knelt, tens of billions of lives would be assimilated into his life.

When he lowered his head and crawled on the ground, he once again felt that his lower body had turned into a cloud and another ten billion lives had appeared in his mind. He saw everything from the beginning to the end of their lives.

It was as if he had experienced everyone's life.

So mysterious. So mysterious.

And these tens of billions of lives, were completely different from the tens of billions of lives before.

"Doesn't that mean that I can see the life and death experiences of the tens of billions of lives on the 99th level of inheritances?"

This number made Long Chen's scalp tingle, there were too many people. But now was not the time for Dragon Sacrifice Continent to be at its most prosperous.

So many lives existed in this world.

Any person from the Immortal God Realm that went to the lower realms was in truth an absolute ruler. If it weren't for the fact that the lower realms couldn't withstand them and couldn't make them improve, most people would have already gone down to claim supremacy.

From the initial shock to the curiosity.

Long Chen experienced every level of the white jade stairs, and he kneeled down deeply and sincerely, using his forehead to lean against the cold white jade steps. This allowed him to see even more clearly, every level had tens of billions of lives, and Long Chen was the witness of their lives, their everything!

Everyone's life was unique and they were all a brand-new entity. It was not only Long Chen who had a rich life, even though most people could not compare to him, but they also had a life without regrets and happiness. Through their lives, Long Chen could understand more about them.

Long Chen felt that he had become an unparalleled ruler, his life was connected to everyone's lives, and those ten billion lives had become a part of his own body. The ninety-nine billion lives, Long Chen had dragged their lives into this, and something mysterious seemed to have appeared in their bodies, as they flowed into Long Chen's body.

That was power!

They were seeking domination, seeking faith!

"Save me!"

This voice kept on reverberating in Long Chen's ears.

He was connected to countless lives.

"Is this the feeling of God? Or the highest level? "

This astonished him.

Why did this inheritance dragon ladder change him so much? Mysterious things happened from the Black Jade Dragon's head all the way to this inheritance dragon ladder.

When he was on the fiftieth floor, the others had already reached more than seventy percent of the floor, but Long Chen was still not in a hurry. He went to feel the life of the common people, and he realized that he seemed to have become their religion.

"Dragon!"

This was their deepest desire.

Just like Long Chen was when he was young, they were all full of fantasies regarding the legends. Deep in their minds, the only thing that could save them was the dragon!

As if he was in a trance, Long Chen began to climb the flight of stairs. Every time his forehead neared a new layer of white jade stairs, tens of billions of lives were firmly connected to him.

The Dragon Jade Dao Seal was trembling slightly as it absorbed the energy of over a hundred lives.

As he swam through the starry sky, countless tens of billions of lives were actually living on top of his body. As he was rejoicing, a tearing pain suddenly came over, and he realized that he was collapsing.

"AHH!"

Long Chen woke up from his pain.

"Was it an illusion?"

He could not help but shake his head, his heart was actually filled with countless feelings of compassion. There were also unforgettable anger and hatred, as if all the blood in his body was boiling and roaring.

"Protect?"

These words became extremely passionate in his heart.

A long time ago, he learned from the Sword Soul Imperial Palace that true slaughter was to protect, and then he successfully turned into a dragon.

And today, this feeling was especially intense.

"What is he doing!"

The crowd's noise reached Long Chen's ears.

Looking up, the four of them had already reached the ninety-ninth floor while Long Chen was still in his seventies. They were already preparing to take away the four dragon pearls.

Looking back, most people couldn't understand their own thoughts. Their faces were filled with contempt.

Long Chen was unable to forget the tearing pain of his body becoming extremely huge, that made his hair stand on end.

He shook his head and continued to move upwards, forming a fateful link with more and more of the billions of lives he had left. At this moment, Long Chen was already a god. Not just a Deity, but a Chief Sovereign.

The other four took the four Dragon Balls and began to descend. They didn't need to kneel when descending, so their speed was much faster.

Long Chen remained calm and continued to move forward.

He looked up in the sky. He was almost at the Ancestral Dragon Cave.

Chapter 2153 - Primordial Spirit Tribulation

"I'll go down first."

Xing Qing said and walked down.

Long Chen noticed that she was holding a fifteen colored bead that was about the size of a fist. The fifteen colors transformed into fifteen divine dragons, roaming about within as they constantly transformed. When Long Chen and Xing Qing passed each other, he saw the fifteen colored Divine Dragon looking at him.

But there was a very heavy feeling.

The other three kept their distance and started to descend. At the entrance of Ancestral Dragon Cave's cave, the only thing that remained was the blood-red Slaughter Dragon Pearl.

Long Chen still followed his own rhythm, and walked up the stairs one by one. The higher he climbed, the more mental will and pressure he felt, and the more living beings he would be connected to.

In the end, he completed the 10 billion lives on the 99th level of the Divine Seal Altar. It was as if he had turned into a giant, connecting the fates of countless people with him. This feeling was so mysterious that even Long Chen was unable to describe it.

Even now, he was still living like a dream.

The Ancestral Dragon Cave was so close to him.

He was already standing on the ninety-ninth floor, and if he went any further, he would reach Ancestral Dragon Cave. He saw the blood red dragon pearl floating above the Ancestral Dragon Cave's mouth, and inside the Ancestral Dragon Cave was a deep whirlpool. It was impossible to see what was inside.

"Let's take the Slaughter Dragon Pearl first."

After all, the people below were almost waiting for him.

"What's going on with Long Chen? Deliberately slowing down to show how special I am? "

"How boring."

Because of Long Qinglan, there were not many people in the Five Dragon Cities who truly approved of him.

Honestly speaking, when his body was connected to so many other creatures, at the same time that they gave him the power of faith, they also gave him endless pressure. It was precisely because Long Chen stood here after breaking through the pressure of each step. His progress had brought him great benefits, allowing him to see the entire world. In this transformation, the most direct effect would be a change in the level of his strength.

In the blink of an eye, he had already reached the late stage of the second stage of tribulation. Furthermore, he was rapidly advancing towards the third stage of the tribulation!

Today, the trillions of lives in the world, had allowed him to see heaven, earth, and people.

That kind of clarity gushed into his mind. Just as he was about to obtain the Slaughter Dragon Pearl, he broke through the final barrier and descended!

Triumph!

At that moment, Long Chen was agitated all over, he finally went to the next level!

With his current speed, a hundred years from now, it would be equivalent to ten thousand years for others.

The changes in his body could not be concealed from the eyes of the strong.

"Triumph?"

Everyone's eyes were filled with deep shock.

Firstly, Long Chen was so strong, yet he had not managed to cross the Tripartite Tribulation.

Secondly, he had actually survived the tribulation on the Inherited Dragon Stairway!

It was a miracle.

Even the Bloody Dragon Emperor was a little surprised, and said: "A Triple Calamity has such combat power. Was this a special case of Unparalleled Dragon? Back then Long Qinglan seemed to only be able to defeat warriors who have gone through six stages of reincarnation after reaching the Four Symbols tribulation of reincarnation. "

The immortal Dragon Emperor was silent, his eyes shining with a mysterious light.

While the crowd discussed amongst themselves, the heavenly tribulation was the first to descend on Long Chen's Tri-Headed Calamity.

Generally speaking, the tribulation within the Triumph Tribulation was called the Primordial Spirit Thunder Tribulations. It was pure white in color and specialized in attacking Long Chen.

Within the nine colored clouds, there were nine different colored flashes of lightning that were faintly suppressing the primordial spirit. This was not a natural thunder energy, it was all primordial spirit tribulation, however, no matter who it was, they had never seen such a colourful primordial spirit tribulation.

Under the pressure of the nine colored clouds, nine different colors of the Primal Tribulation Lightning began to converge at the center, colliding with each other.

"In my entire life, there were only three colors for the most ferocious Primal Tribulation I've ever seen. It was originally Long Qinglan's. " At this time, the Eternal Dragon Emperor's gaze trembled as he said this.

"This is interesting!"

was three times that of Long Qinglan!

The Dragon Emperor could not help but guess that Long Chen had truly suffered from the envy of the heavens. Furthermore, compared to them, they had come to the conclusion that Long Chen's potential had actually surpassed Long Qinglan's!

This was simply unbelievable!

But just at this moment, the nine different colored Primordial Spirit Tribulations clashed, and a violent explosion occurred. After clashing, the nine different colored lightning actually started to fuse, finally transforming into nine different colored lightning.

Even a normal person would not be this terrifying when facing a Seven Star Tribulation!

Those experts who had experienced the baptism of the Seven Stars Ancient God understood even more clearly that Long Chen's current power of heavenly tribulation was not any weaker than that of the Seven Stars Tribulation!

The difference between the Tribulations and the Seven Stars Tribulation was four levels. There had never been a situation where the tribulations were comparable to the Seven Stars Tribulation!

"With such a calamity, this Long Chen is in danger."

"He must have done all sorts of heartless things to receive the punishment of the Heavenly Dao. This tribulation was born to exterminate him. Let's wait and see!"

"That's right. If he wasn't that dangerous, he might bring a disaster upon us humans in the future. How could the heavens punish him like this?" Such a calamity, and it is only the first Heavenly Tribulation. I can be sure that in the near future, he will either die or be injured, or even never be able to rise above the masses. "

In that moment, those who were suppressed by his potential were secretly delighted in their hearts.

The scene today was extremely similar to the Long Qinglan back then. He was also a heaven-defying talent, but he suffered from countless of jealousy, some jealousy was human nature, and was not something they could get respect for just because they treated others well.

Nine colored thunder descended!

The lightning above Long Chen's head transformed into a nine different colored thunder dragon, and rushed into Long Chen's sea of consciousness. In the vast sea of consciousness, the nine different colored thunder dragon's lightning exploded outwards, filling Long Chen's sea of consciousness. The

nine-colored lightning dragon travelled back and forth in his sea of consciousness, finally breaking through the clouds and staring at the Great Void Cosmic Dragon Primordial Spirit!

The Great Void Cosmic Dragon Primordial Spirit was illusory and indistinct, there were four Dao Seals on it, they were the Dragon Jade Dao Seal, the Slaughter Dao Seal, the Time Dao Seal and the Life Dao Seal!

Upon seeing this primordial spirit, the nine-colored Thunder Divine Dragon became incomparably excited.

It ignited tens of thousands of thunderbolts, rushing forwards!

Outside, everyone shouted loudly, "The Immortal Soul lightning tribulation has already entered the body. If Long Chen is not careful, his Immortal Soul will be destroyed!"

When the reincarnation tribulation descended, no one could help him.

Most of them even wanted him dead.

But how could Long Chen let them do as they wished? He would do all that he could for the people who loved him, the people he had to protect, the people he needed to fulfill his long-cherished wish to live, that was his mission. These were all reasons why even if he tried his best, he could not die.

Through the Great Void Cosmic Dragon's body, Long Chen looked at the nine-colored lightning dragon.

The other party had already pounced on him, baring his fangs and brandishing his claws fiercely.

Wherever the nine-colored lightning passed, it would shatter.

But Long Chen still remained calm.

When the nine colored lightning shot over, he used her Great Void Cosmic Dragon's time worth of power and Illusory Bubble. Instantly, all the lightning returned and struck the nine-colored thunder dragon's body!

Although he was able to absorb the thunder, the power of time was still able to force him back!

"How can I die here?"

Ever since he passed the Inheritance Dragon Stairway, he had been shouldering a lot of responsibilities.

Great Void Cosmic Dragon was one of the top three of the three inherited blood essences that Long Chen possessed, as well as one of the Ancestral Dragons.

His illusionary body continued to advance forward after repelling the nine-coloured lightning dragon.

"Eternal!"

Time stood still. The nine-colored Thunder Divine Dragon was frantically struggling, but it was unable to free itself. It had never seen such a terrifying primordial spirit before. At least, other than Long Chen, everyone else's primordial spirit was in human form, while his was an Ancestral Dragon!

The slaughter of the flesh, the Grand Void Primordial Spirit, and the life forms of the Divine Kingdom.

"The Tempest of Time!"

The power of anger!

An unyielding will to resist the power of the Heavenly Dao!

The time storm engulfed Long Chen's sea of consciousness. He did not feel the slightest pain. And that nine-colored lightning dragon that had been eternally frozen in place for an instant also crumbled and crumbled under the power of the Time Storm, transforming into countless pure thunderous energies.

The Great Void Cosmic Dragon disdainfully looked at everything as it swam over from the middle and devoured all the pure energy to strengthen itself. It then closed its eyes, as if it was in deep sleep ...

The Celestial Tribulation had passed.

Next was the Earth Tribulation!

Earth Tribulation was a battle against the fleshly body!

In truth, an Earth Tribulation had appeared before the disappearance of the Celestial Tribulation.

Everyone looked back, in the direction of the Immortal God Realm, a surging yellow river swept over. No one knew where it came from, but there was some sand inside, condensing into a huge yellow sand dragon that brought about endless corrosive smoke, it rushed up the inheritance dragon ladder and charged towards Long Chen, instantly filling the entire inheritance dragon ladder up!

At that moment, Long Chen had shattered the nine-colored lightning dragon!

"Get out here!"

Suddenly, an explosive sound startled everyone.

When the Heaven and Earth Tribulations came together, they thought that Long Chen was done for. They did not expect him to stand up at this moment, and shout at the top of his lungs caused everyone to be shocked.

At this moment, his eyes were filled with a dazzling, nine-colored lightning.

This proved that the heavenly tribulation had been broken by him!

Such a speed was beyond everyone's expectation!

"Blood Weeping Dragon Soul!"

When the yellow sand turned into a Divine Dragon and rushed forward, Long Chen's body was covered in blood colored dragon scales.

Rumble rumble rumble!

The yellow sand was an Earth Fiend tribulation that evolved into countless demons that penetrated through the killing dragon's encirclement, forming a gigantic sand dune that surrounded Long Chen. Under the corrosion of the yellow sand, even the toughest part of his body would crumble!

Earth Tribulation was mainly aimed at the fleshly body!

When everyone saw that Long Chen had been submerged, they were just about to get excited. Huang Sha exploded, and the Blood Spirit Spikes stabbed out, the hard Blood Spirit Spikes pierced everywhere, and even Huang Sha was not able to do anything to Long Chen!

After a long time, the Yellow Sand Divine Dragon self-destructed ...

"The last remaining people will be robbed!"

It is also the last hope of most jealous people

Chapter 2154 - Myriad Gods Dragon

Generally speaking, the 'tribulation' was the final killing move.

Human tribulation combined the powers of heavenly tribulation and earth tribulation.

At this moment, Long Chen had returned to the ninety-ninth floor's white jade stairs. The surrounding yellow sand had disappeared, and the place had become deathly silent.

The others all opened their eyes wide and looked at Long Chen.

Long Chen was already prepared.

At this time, the surrounding space trembled, forming a black vortex. Long Chen was standing in the middle of the vortex, and the moment this vortex appeared, it immediately swallowed him in, disappearing from the inheritance dragon ladder. But everyone knew that he was still alive, and had only been sucked in by the others.

Weng! \*

The surroundings were filled with the sounds of whooshing, countless noises could be heard. Long Chen was floating in the vast universe, and everything around him had already disappeared.

A deathly darkness surrounded him.

"Is the Mortal Tribulation about to arrive?"

He had made full preparations to transform into a dragon in this space. A blood-colored dragon was circling in the blood mist, looking at her surroundings.

Suddenly, the dead silence around them lit up.

Countless specks of white light appeared, and they got closer and closer. There were simply too many of them, there were probably hundreds of millions of them, like fireflies, drifting in the air, and finally approached Long Chen.

Buzz! Buzz! Buzz!

It was as if countless flies were flying by his ears.

Long Chen had finally seen those white lights clearly, they were actually people who were completely different from one another. Although there were too many of them, Long Chen remembered their appearances, he had seen ninety-nine billion living beings on the inheritance dragon ladder, and in reality, they were close to a trillion living beings. He remembered so many faces, and at this time, these people had turned into white light that densely covered the entire universe, surrounding Long Chen.

"This is the Human Tribulation!"

Long Chen was in some disbelief, how could the so called human tribulation be the lives of billions of people?

Those familiar faces, each and every one of them looked at Long Chen with a gentle gaze, and were even full of smiles.

"Dragon!"

All of a sudden, billions of lives were in front of Long Chen, shouting this word to him. The rolling sound wave quickly drowned Long Chen.

In actuality, no one would act like Long Chen.

His tribulation was the true tribulation of man.

When they yelled out the word dragon, Long Chen suddenly felt a fatal crisis. Right in front of his eyes, the trillions of lives gathered together in one direction in an invisible force. Their bodies piled up together, more and more, they held hands, all of them condensed into long strips. In the end, all of them actually joined together.

They turned into a giant dragon made of humans.

In front of it, Long Chen seemed as minuscule as an earthworm. If you looked carefully, you could still see the densely packed human faces on the dragon's body, and they were still smiling as they looked at Long Chen.

However, this dragon that was made up of humans was ferocious and terrifying.

His dragon teeth and dragon claws were all made up of countless people.

At this moment, the trillions of lives that made up the divine dragons suddenly opened their mouths, releasing the roars of dragons, combining together to form an incomparably terrifying sound wave. That enormous sound caused Long Chen's ears to be deafened, his head was in extreme pain, and in the blink of an eye, he couldn't even hear a single thing clearly.

Buzz! Buzz! Buzz!

Those trillions of people were all talking to him.

This feeling was undoubtedly causing one to collapse.

"Hurry up and save me. I'm going to die."

"Your name, is it Long Chen? What can you do? "

Countless crazy words rang in his ears. That kind of chaos and noise was something no one could endure!

The God Dragon that was made of humans stretched out its dragon claws towards Long Chen. In his hands, his dragon claws held Long Chen tightly, and in his hands, Long Chen's body was just too minuscule.

Fatal pain!

He was trying to crush himself!

In Long Chen's opinion, those countless people had already squeezed onto his body. The moment the huge divine dragon used more strength, the surrounding people would be crushed into a bloody mess. One by one, they died before Long Chen's eyes.

However, Long Chen also felt very uncomfortable, and the huge divine dragon almost crushed him.

"Blood Spirit Spikes!"

At the moment of death, Long Chen suddenly rotated and used the Blood Spirit Spikes to rush out. The gigantic dragon's dragon claw had shattered by less than half, but the problem was, that small portion of people, under the Blood Spirit Spikes's piercing, did not have the strength to resist. All of them turned into ashes!

Millions, at least, or more.

"You truly have committed a heinous crime by killing so many people."

Tens of billions of people were mumbling this line.

Buzz! Buzz! Buzz!

Long Chen's ears began to vibrate intensely.

Countless miserable howls echoed in his ears. The scene of one million people dying was simply like a nightmare. Their last struggle and pain was etched clearly in Long Chen's mind.

"Ugh ..."

Long Chen's body trembled.

His blood-red eyes stared unwaveringly at the divine dragon in front of him.

"Heh heh, aren't you the Savior? Come and kill us quickly? "

Suddenly, everyone spoke in unison.

After saying that, the gigantic dragon soared into the sky and charged towards Long Chen with a loud bang.

Long Chen immediately retreated, dodging his attack.

"Aren't you very brave? Why don't you have the courage to face me? "Let me tell you, the only way to defeat me is to kill these people."

The trillions of lives in the crowd said in unison.

Their voices were so loud that it seemed as though they were tearing apart the surrounding space.

"Kill these people?"

Long Chen inhaled a breath of cold air.

Just now, the death of over a million people had already dealt a huge blow to his heart. If he had to make so many people disappear ...

Was there still any meaning to his tribulation?

These faces were so real!

BOOM!

The enormous divine dragon unleashed a terrifying attack towards Long Chen. He had already used his dragon claws, dragon teeth, and dragon tail, and even used his entire body, attacking Long Chen!

If he didn't resist, he would die!

This time, Long Chen directly closed his eyes and fought against the huge divine dragon. Every time they fought, millions of people would die.

Long Chen's heart received heavy blows over and over again, and he was almost about to collapse.

There was no way to transcend this tribulation!

Rumble rumble rumble!

Long Chen retreated quickly. The attack power of the huge divine dragon was not particularly strong, after fighting for a while, many more holes appeared on his body. Those were all places where Long Chen had clashed.

On top of the huge divine dragon, countless people looked at Long Chen with hate-filled eyes, and said in unison: "You are the executioner, you personally destroyed us. You deserve to die! You are a sinner! "

Those sounds almost made Long Chen collapse.

"Be obedient and accept your death. Only when you die will you be free. You don't have to kill so many people. You yourself are a murderer, and your appearance will only destroy this world. "

They kept saying similar words in Long Chen's ears.

"No!"

These words had instead cleared Long Chen's mind.

"They seem to be luring me to obediently die."

Long Chen suddenly realized something. Even though the people in front of him were all so real and looked exactly the same as the people he saw on the Inheritance Dragon Stairway, Long Chen remembered the faces of every single one of them. But now, he was sure that these people were not the real them.

His primordial spirit and the billions of lives in Dragon Sacrifice Continent were still linked. Those people were still living their own lives, happy, angry, sad, sad and spicy. They were not here, and the one who formed the divine dragon was not them!

When he realized this and understood this point, Long Chen finally opened his eyes wide and faced the tribulation.

"Perhaps, this is to teach me to believe in the power of all living things, to remove the illusion, and to see the reality clearly?"

Long Chen had this feeling in his heart.

"What, your killings are too severe. If you want to live, then kill everyone in Dragon Sacrifice Continent!"

That trillion living beings said at the same time.

"You guys are not them!"

Long Chen let out an angry roar of retaliation.

His body erupted with light and energy, transforming into an illusory Great Void Cosmic Dragon.

"The Tempest of Time!"

At the same time, Long Chen congealed into a Blood Spirit Spikes. With his speed, he closed his eyes, ignored the wails, ignored the struggles and even ignored the accusations, and at the same time, saw through everything that was happening, his heart!

Thus, he was fearless!

The Blood Spirit Spikes, had penetrated the body of the huge divine dragon time and time again, killing countless people.

In the hands of an existence like Long Chen, who was comparable to gods, they were nothing more than ants, not even considered ants. When Long Chen steeled his heart, everything changed. These people, one by one, had a painful expression on their face that gradually disappeared, finally transforming into particles like sand. They could no longer confuse Long Chen.

Although it looked like sand, in reality, it was still countless larvae crawling about in the air. There were obese bodies and they all scattered, but under Long Chen's pursuit, most of the larvae still died under Long Chen's Blood Spirit Spikes, transforming into pure energy that poured into Long Chen's body!

The Tribulations, the Human Tribulations, were all destroyed!

What is this?

In the end, Long Chen saw that there was still a larva that had yet to escape, like a cocoon. It was fat and disgusting, its stomach full of mucus.

However, as soon as it entered the Divine Kingdom, it turned into fine powder and dissipated into the air.

After that, the scene in front of him was completely empty.

They all ran away.

Long Chen left that world and stood on the inheritance dragon ladder.

A large amount of energy gathered, allowing him to have the power of tri-level tribulation of reincarnation. Right now, his strength had increased explosively, causing his confidence to become even more tyrannical.

"He succeeded!"

Although everyone was not satisfied, this was already the truth.

Of course, they didn't know what Long Chen had just experienced.

They could feel that Long Chen had become even stronger.

While Long Chen ignored everything else, he only saw the Slaughter Dragon Pearl in front of him. This was a completely transparent dragon pearl, with a single drop of blood in the center.

#### Chapter 2155 - Supreme Dragon Battle

That drop of fresh blood changed in front of Long Chen's eyes, and finally turned into the shadow of a dragon, swimming on top of the Slaughter Dragon Pearl.

"This is the Slaughter Dragon Pearl?"

He had just passed through the tribulation, and now, Long Chen's strength had already reached the pinnacle. In the past, he needed to fuse with Li Xuanji in order to deal with the Seven Stars tribulation of reincarnation and the powerful experts who possessed the terrifying power of Spirit Realm.

The Nine Colored Thunder, Yellow Sand Divine Dragon and finally the Human Calamity had given him an increase in power. The Power of Reincarnation in his body was like the roaring sea and the power of the Primal Beginning Divine Powers were seeping inside, with even a portion of the power of the Yin

Demons, it was already quite heaven-defying. In addition to the third body of the Ancestral Dragon, he now had even more authority.

That Slaughter Dragon Pearl was not as earth-shaking as Long Chen had imagined.

Long Chen gently raised the Slaughter Dragon Pearl in his hand. His tentacles were ice-cold, and it was difficult for Long Chen to understand the uses of the Slaughter Dragon Pearl. This was something that the three Dragon Emperors of Slaughter Dragon City wanted, it was impossible for him to take away.

The other four young dragons had already left.

Long Chen held onto the Slaughter Dragon Pearl. In front of him was the Ancestral Dragon Cave's cave, and it was rumored that Long Qinglan could only force his way in by about one meter. There was nothing inside but ripples. Everyone knew what was inside, but this was the land of origin of the divine dragons, and even the rumored Ten Great Ancestor Dragon had flown out from here!

"Land of the origin of the divine dragons?"

Long Chen resisted the impulse in his heart.

He would have liked to go in and take a look, but that would have been unrealistic. This time, the encounter with the Black Jade Dragon's Head and Inheritance Pavilion had already given him a great harvest.

Thus, he endured it in front of this Ancestral Dragon Cave.

The current him still didn't have the ability to explore.

But that didn't mean he couldn't go in one day.

"Long Chen, turn around."

Bloodlust seemed to know what he was thinking.

In reality, everyone who went up would want to know what was inside. This was the place where all the Dragon Fighter believed in.

"Yes."

It was over.

Long Chen resolutely turned his head back, and headed downwards.

Below, the people from the Five Dragon Cities were all waiting for him.

Head of the Black Jade Dragon, Long Chen saw the common people, saw that after a hundred years, the dragon sacrifice would perish.

Long Chen and the trillions of lives on the inheritance dragon ladder were connected, so even though his body was currently pounding, it was as if there were billions of hearts beating on it.

Those were all life on the Dragon Sacrifice Continent.

Right now, he didn't know how much help this change would bring him in the future.

He walked down the steps one step at a time without turning his head back. Raising their heads to look, there were actually still a majority of people who were looking at Long Chen with unfriendly gazes. They did not understand Long Chen, and were even more jealous of him.

Previously, Long Chen had disobeyed his orders and replaced Jiang Ming to rush up the Dragon Inheritance Pavilion.

After he went down, the sanguine light appeared before his eyes. He expressionlessly said, "Give me the Slaughter Dragon Pearl."

This level of Blood Blaze was the strongest out of the fifteen Dragon Emperor s below him.

Long Chen did not want to keep the Slaughter Dragon Pearl.

He raised the Slaughter Dragon Pearl.

What he did not expect was that at this moment, something seemed to have entered his body from the Slaughter Dragon Pearl. He was stunned for a moment. Looking carefully, the Slaughter Dragon Pearl was still the same as before, while his body was also devoid of anything. It seemed like he was mistaken ...

At this time, Bloody Blaze had already received the Slaughter Dragon Pearl and put it away.

Everyone started to get restless.

"Next is the Supreme Dragon Battle."

After Bloodlust finished speaking, he retreated back to the ranks of the Slaughter Dragon City army.

From the time of the Imperial Dragon City's selection to the current five dragon pearls, they were all part of the Feast of the Supreme Being. The Feast of the Supreme Being had a total of three parts, and the last part was the Supreme Dragon Battle. The purpose of the Supreme Dragon Battle was to let the best of the younger generations display their strength in front of their ancestors. The rule was to have five young inherited dragons fight in a melee, and the final victor would become the champion of the Supreme Dragon Battle.

However, after millions of years of evolution, the meaning of the supreme dragon battle wasn't that important anymore, and most of the time, they had to abide by the rules of the past, and let the young inherited dragons fight a battle. Because the victor didn't have any rewards, it was only a formality.

"The battle for the supreme dragon begins!"

The Five Dragon Cities's group started to retreat, leaving behind space for Long Chen and the others to fight.

In reality, this time's Supreme Dragon Battle was even more uninteresting, because Long Chen's strength had far surpassed theirs. Even if the four of them combined, they were still far from being Long Chen's match.

Facing Long Chen, the geniuses were all unconvinced, but they were also afraid of Long Chen, especially when they saw that he could actually resist the tribulation before.

"Let's attack together. If our four great Dragon Cities join forces, can we still lose to him?" Long Haochen tried to win over the others.

Although the supreme dragon battle wasn't important, even if it was for face, he still had to work hard! Jun Fusheng and Jiang Mo had no choice but to agree to his alliance.

As for Xing Qing, she was not interested in this Supreme Dragon Battle and knew that she could not handle Long Chen, so she pushed him aside.

"Attack!" The three of them were in high spirits, trying to reverse the image of Long Chen being strong in the eyes of the crowd.

They chose to attack.

Destiny Dragon City, Dragon Devouring City and Everlasting Dragon City. With the three super geniuses of Dragon City working together, they should have been invincible. But in less than ten breaths of time, all of them had fallen in front of Long Chen. All of their faces were pale white, and they hurriedly shifted their bodies away from Long Chen.

Everyone could not help but have unsightly expressions on their faces.

The combined strength of three Ultimate Dragon was actually easily defeated by Long Chen. Not even ten breaths of time passed.

Indeed, in front of Long Chen, other geniuses were nothing but jokes.

As for Xing Qing, she had already admitted defeat when she saw the situation unfold.

This was probably the fastest Dragon Battles in history, ending in less than ten breaths. Five Dragon Cities's face was extremely ugly.

The supreme dragon battle didn't have any rewards.

On the Five Dragon Cities's side, they symbolically announced Long Chen's victory, and then prepared to head back. The end of the Dragon War meant that the Sovereign's Grand Ceremony was almost over.

"Wait, it's not over yet!"

At this moment, a woman's voice suddenly rang out.

This sound interrupted the group's journey as they looked towards Sheng Yuan. The one who spoke was Long Qing Yue, who was already married to the Swallowing Dragon City's Long Qing Yue. Her beautiful eyes stared at Long Chen. At the moment, she did not care about the advice of the Azure Fire Emperor and the Black Emperor, and directly rushed towards Long Chen.

"Everyone, please wait a moment." Long Qingyue said to the experts politely.

"It's fine."

Xue Ran and the others seemed to have guessed what she was thinking.

Right at this moment, in front of everyone's eyes, Long Qingyue was already standing in front of Long Chen. In front of her cold and elegant temperament, Long Chen was like a small shrimp.

"What's the matter?"

Long Chen already knew that this woman was one of the people he disliked, especially when he was looking at her. It was probably because Long Qinglan had given her too much of a shadow when she was young.

In any case, she wouldn't let go of Long Chen no matter what.

She was the one who suggested not allowing Long Chen to climb the Inheritance Dragon Stairway. When her suggestion was accepted, there was no need to mention how pleased she was with herself. Also,

when she went to the Slaughter Dragon City, she was extremely arrogant and warned Long Chen, acting arrogantly and being mighty.

At this moment, she looked coldly at Long Chen, and spoke word by word: "Long Chen. You are the son of Long Qinglan, and are also related to my family greatly. Today, taking advantage of the fact that everyone is in Five Dragon Cities, if you have the guts, you shall be done with us! "

Long Chen had reversed the wills of everyone and ran up the Inheritance Dragon Ladder. This made her extremely angry. She did not place Long Chen in her eyes from the start, but now, this youth was jumping around randomly in her eyes, making her unable to endure it any longer.

"What's wrong?"

Long Chen said indifferently.

In fact, he already knew that this woman must be very annoying. If he was taught a lesson by her in the past, then he would have no way to resist her, but now it was different. It was time to tell her that he was not her junior.

Long Qingyue's gaze was cold and detached, and her actions displayed the demeanor of an ancient noble family. She knitted her brows coldly and said, "I'm speaking the truth. Long Qinglan was my foster brother and my father's foster son, but he had already committed a grave mistake and was kicked out of the clan. You are his son, and originally, you had nothing to do with our clan. "

Reaching this point, she changed her tone and said, "But to the people of the world, you are still connected to our family, so I declare here that no matter what mistakes you make in the future, whatever disaster you cause, it will have nothing to do with us. There's definitely no one like you in our family. "

She was already anxious to sever her relationship with Long Chen.

"Didn't you get married? Can you even be bothered about this? " Long Chen mocked.

"This is none of your business. Even if I were to get married, I wouldn't be able to watch you insult our family's reputation just like your father, destroying my father's business for tens of thousands of years. From today onwards, you will not be allowed to have any relationship with our family, and you will not even be allowed to have any relationship with my Everlasting Dragon City! "

Long Qingyue said proudly.

Long Chen laughed in his heart.

This woman was too arrogant. They really thought that Long Chen wanted to return to the Everlasting Dragon City. But Long Chen really had no feelings for that place. It might even be better than slaughtering a dragon city.

If not for Long Qinglan, he wouldn't even want to stay in Dragon God Domain.

"Sure." I have nothing to do with you. You can rest assured. " Long Chen said.

Even though he said that, the things he wanted to do would not change at all. Now that his cultivation had increased greatly, he believed that as long as he continued to develop, one day, he would not even need to start with, the woman in front of him would come and beg him, begging him to help them. Long Chen believed that this day would come.

"Father, the place you grew up in is really similar to the place I grew up in." Is this the meaning of the sixteen years of your life you've designed for me? That was the most important stage to nurture a person's character. "It's a pity that I have a sensible sister, but your sister is really hard for people to praise ..."

Chapter 2156 - Eternal Emperor's Bell

Unexpectedly, Long Qingyue didn't finish.

She proudly told the rest of the Five Dragon Cities, "Everyone heard, from today onwards, this Long Chen will not care about what faults he has committed. Whatever we do, it has nothing to do with our family. His father is already able to be expelled from the clan, and he is not yet qualified to become one of us. "

No one said anything. The entire clan was praising the Eternal Dragon Emperor. The grievances between these siblings and the rest towards Long Qinglan were simply too deep, and when Long Qinglan met with an accident, if they didn't add insult to injury, why would they keep Long Qinglan's remaining son? Even if they did, why would they keep him as their son?

All of this was within their expectations.

Although he felt that Long Chen was a little pitiful, this was also fate. Therefore, no one said anything. However, it would be hard for anyone to bear such disdain from his father's siblings. They knew Long Qingyue, and she was a proud person. Growing up like a princess, he was born a god-like Paragon. There were no stains in his eyes.

It was just that they had guessed wrongly, Long Chen did not care about all these, he just felt that it was not worth it.

Of course, there were many people who were truly good to him, Long Chen. For example, the sisters of the Goddess Heart, the few from Life Dragon City, or the hundred thousand divine dragons from the Heavenly Dragon Star. Those were Long Chen's most loyal followers!

As for the people in front of him, Long Chen wanted to conquer them!

In reality, everyone had also underestimated Long Qingyue's stingy and vengeful nature. After announcing that Long Chen had no relationship with their family, she suddenly looked at Long Chen with a sharp gaze, and said coldly: "Then, I must teach you a lesson! Even though you no longer have any relationship with us, as Long Qinglan's son, we have the responsibility to teach you a lesson and let you understand what it means to be humble, to have rules, and to be sensible. This will be the last time. No matter how much you mess around, we won't pay attention to you again! "

She placed herself in the highest position, high above Long Chen, inspecting him.

This was the final conclusion she had said.

Long Chen simply laughed and said: "What you mean is that you want to fight me one on one. Give me a bad lesson in the end? As long as this match is over, from today onwards, the two of us will be cut in half.

Being abandoned by a family was a huge blow and an enormous humiliation. However, when Long Chen said these words while smiling, no one could understand the pride this youth carried. He didn't even put the Dragon God Domain's largest family in his eyes!

Only he could show a smile at this moment as if he was joking.

For a time, everyone was very quiet, watching the battle between this youth and Long Qingyue. Although he seemed to be suppressed, warned, and abandoned, he still had a heroic air about him. For him to have such a will at such a young age, it was truly admirable.

From Long Chen, they could see the birth of another Eternal Dragon Emperor!

But he was even more terrifying than Long Qinglan back then, because Long Qinglan was always gentle and refined, but he was different. He was arrogant, direct, gloomy, and filled with killing intent.

Everyone began to worry.

They began to understand that people like Long Chen could only be guided and not suppressed. They also understood why the three Dragon Emperors of the Slaughter Dragon City were always so lenient towards Long Chen.

Long Qingyue couldn't see any of this.

"Still pretending to be calm? You must have been crying your heart out a long time ago, right?" Long Qingyue sneered in her heart. She raised her voice and said: "You're right. This fight between us is a battle where you and our family will be cut in half." This is also our last warning to you, I hope you will remember this, cherish your own life well, and take care of yourself, don't go along with Long Qinglan's old path, and meet the wrath of heaven, and be killed by it!"

The heavens had exterminated him!

This was the most widespread reason why Long Qinglan died in Dragon God Domain.

However, now that it was from Long Qingyue's mouth, it was simply deafening to Long Chen, causing a huge commotion. It instantly caused his blood to boil and ignite into flames of fury. Originally, he did not

care how much this woman humiliated him. However, after hearing those words, his ancestral dragon body seemed to have awakened!

Weng! \*

Countless roars came from within his body.

The bloody mist gradually covered his eyes.

At this moment, he lowered his head, coldly looked at Long Qingyue, and said in a gloomy voice: "Fine, I agree to this battle. However, a single battle was meaningless. "Do you dare to bet with me?"

"What bet?" Long Qingyue looked at this youth with an expression that seemed to be unable to be cured.

"What do you want me to do?" Long Chen asked.

Long Qingyue smiled coldly and said: "Make a bet, alright, I'm afraid that you won't succeed. Just like this, if you lose, then kneel down in front of all of us and repent, enumerating all of your past sins."

After saying that, she laughed complacently.

She thought that Long Chen would be afraid, but he actually straightforwardly agreed to it. He laughed and said, "Then if you lose, just kneel in front of me and slap your own face a hundred times. Then, say 'I'm wrong, my mouth is cheap!' "Do you have the guts to bet with me like that?"

Slap my own face a hundred times and call me a slut?

If he really had to complete it, it would be terrifying.

"This little bastard could defeat the late stage of the Six Paths of Samsara. Right now, my strength has increased, and I thought that I can fight against a Seven Star tribulation of reincarnation martial practitioner, therefore my confidence has inflated a bit. He might really be able to defeat a normal Seven Star tribulation of reincarnation, but I, Long Qingyue, have grown up under the guidance of the Immortal Dragon Emperor, and I still have a normal Seven Star tribulation of reincarnation? He thinks that I am a woman, so he underestimates me. He probably doesn't know that my inherited blood

essence comes from the most outstanding Ultimate Dragon s — the Great Destiny Yin Yang Dragon who controls both time and space! "

Thinking of this, Long Qingyue smiled without batting an eyelid.

She said, "Alright, I promise you. With the experts of the Five Dragon Cities as witnesses, you can rest assured.

She understood why Long Chen suddenly had such guts, so she understood even more clearly in her heart that she must have him. She received too much love and trained in it much more than Long Chen. Her cultivation was no longer an ordinary seven star tribulation of reincarnation, so her self-confidence was extremely strong!

When the bet between the two was completed, everyone could not help but silently watch.

Looking at their condition, it seemed that they both had a strong self-confidence. In the end, the only thing they could do was wait and see. They were very clear about Long Qingyue's combat strength, she was the most beloved daughter of the Immortal Dragon Emperor. She was famous for her 'Great Destiny Yin Yang Dragon', and although she rarely participated in battles, her combat power was definitely at the peak of the same realm!

It was immediately clear who was strong and who was weak!

Although the suspense was great, there were still many people who leaned towards Long Qingyue. After all, Long Chen had just risen in realm, at most, he could only fight with an ordinary seven star tribulation of reincarnation.

The tit for tat!

This could also be considered a different kind of supreme dragon battle. Everyone treated this as a supreme dragon battle, after all, this was happening outside of Ancestral Dragon Cave.

For a moment, everyone gave up their seats and let Long Chen and Long Qingyue fight.

Long Chen calmly looked at the cold and elegant woman in front of him. He knew that the Immortal Dragon Emperor was definitely watching him too.

It was finally the time to release his feelings. He was a ferocious beast that had gone through hundreds of battles, while Long Qingyue was standing high above, like a proud swan. Yet, this swan, why was it that when facing Long Chen, who looked weak but was also filled with killing intent?

Blood sprayed out in all directions!

"An insignificant skill!"

Long Qingyue sneered. She casually waved it, causing the air beside her to vibrate. A powerful wave from a Dao Artifact swept over, the ripple from this Dao Artifact surpassed most of the Dao Artifacts Long Chen had seen!

Until today, he finally met experts on the same level as the Holy Spirit, the Taiyi City Lord, the Thunder Spirit Tower Lord, and Xiao Ding Yuan! But the current him, was completely qualified to fight!

"The Eternal Emperor's Bell!"

Long Qingyue was like a goddess that descended into the world. Her green clothes fluttered as a translucent white bell appeared around her body, firmly surrounding her within. It was the Eternal Emperor Bell!

Dao Protector!

Long Chen swept his gaze across it. There were a total of 580 lines on the Eternal Emperor Bell!

Back then, there was the Supreme One Emperor Bell, the Primal Chaos Silk, and the Thunder Spirit Tower. In other words, there were 500 dao traces.

The stellar nucleus had seven hundred lines, but Long Chen had never seen it display its true power.

These five hundred and eighty Dao-seals, the Eternal Emperor Bells, could already be described as terrifying.

Eternity, time, that Eternal Emperor's Bell was like a mountain, isolating Long Chen and Long Qingyue. Under the encirclement of this Eternal Emperor's Bell, it seemed like Long Chen was really difficult to break through it, and caused him the slightest amount of harm.

Those dense Dao patterns formed complex symbols that danced around the Eternal Emperor Bell, forming a vast energy field that rejected Long Chen.

Long Qingyue had a mocking smile on her face.

"Are you still arrogant?" "Child, compared to me, you are still a little tender!"

She stretched out her hand and gently flicked it, causing the Everlasting Emperor Bell to emit a buzzing sound. The tremendous sound wave was like a wave, rumbling towards Long Chen!

For a moment, Long Chen felt as if he was in the ocean.

BOOM!

He was thrown out.

Everyone cried out in alarm. The Eternal Emperor Bell was indeed powerful.

A mere sound wave was already this powerful.

Just that, Long Chen was not weak either, he was able to stabilize himself very quickly, and his hand was already holding on to the God Slaying Sword!

The Godslayer Sword was never afraid of challenging a Dao artifact!

Chapter 2157 - Great Creation Yin Yang Dragon

Compared to the Eternal Emperor Bell, the Dao patterns on the God-Slaying Sword simply weren't worth mentioning.

However, the bloodthirsty and ruthless nature was exactly the same as Long Chen.

When Long Chen was facing the enemy, billions of people were roaring at the same time. That sound was truly terrifying, but the sound waves attack of the Eternal Emperor Bell to him, was nothing much!

In the Eternal Emperor Bell, Long Qingyue had nothing to fear!

She looked at Long Chen coldly, and without saying a word, she urged the Eternal Emperor Bell to charge at Long Chen! At this moment, her body began to undergo a shocking transformation. Her left side turned white, while her right side turned black. Pure white and pure black took up half of her body, representing the power of time and space!

When Long Qingyue was young, she was bestowed with the Inherited Blood of the Great Destiny Yin Yang Dragon. This level of inherited blood essence could be ranked in the top thirty in the entire world. Amongst the top thirty places, nearly half of them were the inherited blood essences of the fifteen Dragon Emperors. From this, one could see just how powerful the Great Creation Yin Yang Dragon was!

White, he controlled the power of time.

Black, he controlled the power of space!

Very few divine dragons were able to combine the power of spacetime.

Of course, the power of time controlled by the Great Destiny Yin Yang Dragon was incomparable to that of the Great Void Cosmic Dragon. The Great Void Cosmic Dragon possessed the ability to travel through time and space, change history, and reverse the great might and energy of the future.

However, being able to control both time and space at the same time was already quite good.

At this moment, Long Qingyue, with half black and half white, attacked Long Chen!

"Green Hellish Whip!"

On her left hand, an invisible long whip completely formed from the energy of time appeared. With a twitch of the long whip, the river of time in her surroundings also started to churn, and Long Chen could tell with a glance that this was the power of time!

Her left hand gripped the Green Hellish Whip, while her right hand formed a palm.

"Heaven and Earth Ripping!"

His right hand struck out with a single palm, ripping apart the air as he charged towards Long Chen!

The Qingming Whip was waved on his left hand. The energy of time shot over. A double attack was unstoppable!

Long Chen was actually quite calm, especially when he was extremely familiar with the power of time. The Green Hellish Whip was attached to the power of time acceleration, so the speed of the Green Hellish Whip was terrifyingly fast. Furthermore, once infected, the body would quickly age. It could be said to be a very good power of time!

When Long Chen dodged the tear in the sky, the Green Hellish Whip used the power of acceleration to instantly attack right in front of his eyes, with the intention of strangling his neck.

"Eternal!"

Time sped up, but was congealed by Long Chen with an even more tyrannical force, causing Long Qingyue's Green Hellish Whip to immediately shatter. Long Chen fully displayed the terrifying might of his fleshly body, and instantly rushed in front of Long Qingyue's eyes!

"Massacre Sword Technique!"

The destruction of the Green Hellish Whip had given Long Qingyue an even bigger shock.

Although she was only at the Seven Star tribulation of reincarnation, there were actually not many people in the world who surpassed her in the way of time. Long Chen had actually caused her Green Hellish Whip to collapse, and now, in terms of the power of time, he had reached a very deep level!

Just as she was shocked by Long Chen's power, Long Chen's God Slaying Sword had already arrived in front of her!

The crowd could not help but clamor.

Praise for Long Qinglan's dual strength, and also astonishment for Long Chen's nimbleness. The spatial and temporal strength of Dragon Green Moon was extremely terrifying, yet Long Chen was still able to endure through the first exchange. It made them all feel extremely shaken!

But, this was only the beginning!

Although Long Chen didn't have the Eternal Emperor Bell that he could not break through, he still had the determination to fight with his life on the line. He would not lose this battle even if he had to risk his life! Because this was a battle of dignity! No one was willing to let their dignity be trampled on by others. When Long Qingyue trampled on his dignity, she should have the awareness of being defeated!

But of course, with the Eternal Emperor Bell and the power of spacetime, how could she believe that she would be defeated?!

"Bam!"

This was the ear-piercing sound produced by the first sword of the God Slaying Sword hitting the Eternal Emperor Bell. The Eternal Emperor Bell vibrated, releasing a violent sound wave, wanting to shake Long Chen away, but Long Qingyue was shocked to discover that Long Chen actually ignored the aftershock of the Eternal Emperor Bell. Or rather, it could be said that he gritted his teeth and persevered on!

Long Qingyue knew how powerful the rebound force of the Eternal Emperor Bell was. To be able to endure this, she was simply a monster, but she quickly became foolish, because Long Chen was not simply a monster. He had not only endured one backlash, he had endured it countless times!

His sword, his Slaughter Art, was simply frighteningly fast!

Shua shua shua!

Countless gray sword images blotted out the sky and covered the Eternal Emperor Bell, in just a breath of time, there were already hundreds of swords, the countless sword lights seemed to have gone mad, Long Chen also seemed to have gone berserk, he kept releasing sword attacks, his sword skills were constantly rising in power, every sword strike was more tyrannical than the previous sword attacks, like an even more ferocious storm, the Eternal Emperor Bell was continuously flying away!

In the time it took for three breaths, the Eternal Emperor Bell flew out by hundreds of thousands of meters!

The sharp sounds of collisions could be heard incessantly. If it was an ordinary sword, then it would have been completely shattered by the massive disparity between Dao patterns. However, the God Slaying Sword was still very excited! Since the Eternal Emperor Bell was protecting Long Qingyue, why couldn't he, Long Chen, feed it to the God Slaying Sword?!

Clang clang clang!

The Dao patterns between the two were almost half the same!

But the God Slaying Sword was fearless, so was Long Chen!

"Three thousand five hundred sword strikes!"

She did not think that Long Chen would actually be so crazy, so terrifying, and so fearsome that he did not even care about his life. What was most frightening was that under the aftershock of the Eternal Emperor Bell, he was actually completely unharmed!

Shua shua shua!

The thousands of sword Qis left most people dumbfounded.

They knew Long Chen even more.

Long Chen, the Long Qinglan who was ten times more vicious than Long Qinglan!

In fact, his talent was more than ten times!

"Don't waste your effort! You can't break through this Eternal Emperor Bell at all, so just obediently accept your death! "

Long Qingyue stabilized and could not help but sneer.

Indeed, the Everlasting Emperor's Bell was extremely sturdy, the teeth of the small skeleton were about to shatter, but the small skeleton was still very excited, and Long Chen was still very berserk!

"Who said that?"

Long Chen was still holding on with his teeth. He had broken through his limits in the Killing Sword Technique, just now was already 3,500 sword strikes!

His goal was to reach out with four thousand swords!

Four thousand swords. Even if one was unable to destroy the five hundred and eighty Dao-seals, he would still be able to surpass himself and reach an even greater peak. Long Chen could tell that although the Eternal Emperor Bell was still very sturdy, it had already sustained a small portion of the damage. As long as Long Chen could persevere on, there would definitely be a moment where he would challenge the limit and turn this Eternal Emperor Bell into ashes!

"Bastard, stop dreaming! You can't beat me!"

Long Qingyue was already very angry that she had lost so much face from such an attack.

"If you didn't hide behind this turtle shell, none of the ten of you would be my match." Long Chen laughed disdainfully.

"Don't try to goad me into doing so. A Dao Artifact is also a part of one's strength. I am a woman!"

Long Qingyue was unmoved.

Bang! Bang! Bang!

Long Qingyue was smashed into a complete mess by the Eternal Emperor Bell, her face flushed red and her eyes revealed the radiance of a vulture. If she did not change, although Long Chen was still unable to break the Eternal Emperor Bell, she had lost everything on the surface, even Long Qingyue!

"Bastard!"

Long Qingyue could not take it anymore!

In reality, it was the expansion of Long Qingyue's body. Under the tyrannical pressure of Long Chen, she had actually chosen to transform into a dragon first, and one must know that in the battles of Dragon Fighter, most Dragons would actually end up in a disadvantageous position!

Obviously, Long Qingyue was at a disadvantage before.

"Four thousand sword strikes!"

When Dragon Green Moon transformed into a dragon, Long Chen finally struck out with the last strike at his limit, and slashed at the gigantic Eternal Emperor Bell. That instant, the Eternal Emperor Bell howled miserably, and an enormous shock occurred.

A gap!

The Heaven Punisher was still quite terrifying. It actually managed to tear a hole in the Eternal Emperor Bell.

It greedily devoured everything in its path, causing the dao patterns to soar in power. The Eternal Emperor Bell was of great use to it, but it was only able to tear off a small piece. If it could shatter the Eternal Emperor Bell, that would be for the best.

But Long Qingyue did not give them the chance!

In front of him, a gigantic divine dragon with a size twice that of Long Chen's stood proud in front of him under the protection of the Eternal Emperor's Bell!

Great Creation Yin Yang Dragon!

It was a divine dragon with a white left side and a black right side. There were only two colors on the dragon's body, but the most striking one was that its neck directly split into two dragon heads, one black and one white. The black dragon head was the power of space, while the white was the power of time!

Two-headed dragon!

This kind of divine dragon was extremely rare, and its talent was extraordinary.

Of course, Long Chen had seen Taiji Creature Dragons with 15 dragon heads, so he was not too surprised by this Great Destiny Yin Yang Dragon. However, other people had already seen a Double-Headed Dragon in their entire lives, so they couldn't help but stare with widened eyes.

"What a sight!"

"The appearance of this Great Creation Yin Yang Dragon, Long Qingyue's strength can be considered to have been completely displayed. Long Chen should also be exhausted of his skills, and under the power of space and time, he should bow down to her."

The twin-headed black and white dragon stood proudly in the starry sky, looking down at the tiny Long Chen arrogantly.

"He's just like Long Qingyue, even after turning into a dragon, a dog still won't be able to stop itself from eating feces."

Long Chen could not help but sneer.

"Daddy, I'm not full yet!"

The small skeleton said anxiously.

"After I defeat her, I'll destroy that Eternal Emperor Bell of yours!"

Long Chen said.

He picked up the God-Slaying Sword. As the bloody mist filled the air, he displayed the body of an Archaic Blood Spirit Dragon and coiled himself around the eyes of the Great Creation Demonic Yin Yang Dragon. Even though it was small and ordinary, it had a baleful aura that was ten times stronger than his opponent's!

"This ugly appearance of yours, can it be considered a Unparalleled Dragon?" Long Qingyue immediately laughed till she fell back and forth.

#### Chapter 2158 - Heaven and Earth Storm

The white dragon on the left controlled the power of time while the black dragon on the right controlled the power of space. As Long Qingyue took the form of a dragon, the power of this power grew at a terrifying rate, much more terrifying than when she was in her human form!

In addition, the Eternal Emperor Bell had turned into a layer of translucent membrane, covering her black and white dragon scales, causing the protection of her body to soar. Just like before, under the protection of the Eternal Emperor Bell, it would be extremely difficult for Long Chen to truly injure her!

Compared to the larger Good Fortune Yin Yang Dragon, the Archaic Blood Spirit Dragon seemed somewhat inferior, to the point where it was comparable to the lowest grade Red Dragon.

This is the Unparalleled Dragon?

Many people could not help but wonder, how could a real Unparalleled Dragon not even compare to the Great Creation Yin Yang Dragon? If Long Chen wasn't exceptionally outstanding in terms of talent, they wouldn't have believed that such a divine dragon was the legendary Unparalleled Dragon!

The only thing that looked alike was his bloodthirsty eyes!

Heroic and pointless!

The two divine dragons stared at each other.

"Admit defeat. Clearly, you are no match for me." Be a good boy and keep your wager. I won't make things too difficult for you! "

Long Qing Yue's two dragon heads said at the same time.

Long Chen was too lazy to speak to her, the Ancestral Dragon's body swept out, directly clashing with Long Qingyue, its long dragon tail immediately transforming into a Celestial Slaughter Blood Sword, using the Killing Sword Technique, once again striking towards Long Qingyue's Great Destiny Yin Yang Dragon!

"It's this move again. Sure enough, you've run out of tricks!"

Long Qingyue heaved a sigh of relief in her heart.

However, their eyes were still cold. The fight between the two of them had begun once again. This time, the battle between the dragon and god had begun in full swing, and it was even more shocking!

The two dragon heads could simultaneously control the laws of the heavens and unleash a divine ability!

At this moment, the white dragon on her left laughed and said, "Wild children are wild children. Without proper education and training, what will you use to fight me with?"

As he spoke, the black dragon's head was already gathering the power of space!

Suddenly, the black draconic head struck out against the space around it.

"Heaven and Earth Storm!"

With a weng sound, a large area of land was completely under the control of the great Yin Yang Dragon. With the power of the universe storm, the entire world began to tremble, as if doomsday had arrived. The surrounding people all fell back.

The so called Universe Storm was extremely similar to Long Chen's Tempest of Time, it was only a windstorm that stirred up the surrounding space. In an instant, the vast expanse of space surrounding Long Chen actually completely shattered, and let out a violent boom.

This scene was simply too huge.

Long Qingyue's goal was nothing more than to defeat Long Chen in an instant, and even kill him so that he would never have the chance to turn the situation around!

"Qingyue, this is too much!"

Everyone couldn't help but think.

In the face of the Universe Storm, the trapped Long Chen seemed so small and weak.

Just when everyone thought that he was finished, Long Chen felt relaxed.

"An insignificant skill."

To him, the destruction of the entire world was nothing.

When the Heaven and Earth Storm attacked, Long Chen's gigantic Divine Dragon Body immediately turned into an illusion, becoming the body of a Great Void Cosmic Dragon. When his body turned into an illusion, the Eternal Dragon Emperor was stunned.

His eyes were wide.

"How is it possible for the Divine Dragon Body to survive this last moment for Long Qinglan?"

How did Long Qinglan's Divine Dragon Body end up on Long Chen?

His heart was filled with waves of shock.

"Why?"

Dragon Emperor asked.

"I'm fine. This little guy really has a lot of secrets. "

The Immortal Dragon Emperor calmed down. However, in his heart, that feeling of shock would not disappear so quickly.

"This is the true power of time!" The tempest of time! "

In that instant, with him at the center, the most intense storm of time was drawn out and swept towards its surroundings. The storm of time first collided with the storm of space, and the power of time could not be seen or felt, but it erupted with a terrifying might that no one could imagine!

Time was above space.

The tempest of time was also pressing down on the Cosmic Storm, directly penetrating through it. Outside, the Great Destiny Yin Yang Dragon was bearing the brunt of the storm, and the storm of time suddenly bombarded her body. What was terrifying, was that the power of time actually passed through the Eternal Emperor Bell, acting on the Great Destiny Yin Yang Dragon's body!

For a moment, the black and white dragon scales shattered!

Weng! \*

Flesh and blood flew everywhere!

Long Qingyue let out a painful cry and groaned. Although her voice was not loud, it reached everyone's ears. To everyone, this was a miracle, but at this moment, this miracle really happened!

The power of the Time Storm had broken through the Universe Storm and the Eternal Emperor Bell, injuring Long Qingyue for the first time!

BOOM!

Long Chen rushed out from the Heaven and Earth Storm. He had the Triple-layered Ancestral Dragon's body, as well as that dream return to origin mystical move, ah, he was completely unharmed by the Heaven and Earth Storm's attack!

Everything had dissipated, the Great Destiny Yin Yang Dragon was bleeding profusely, while Long Chen was unharmed. The difference was too great, causing everyone to find it hard to believe.

Even Bloody Blaze and the others hadn't thought that Long Chen would reverse the situation and slap her when he was at his most arrogant!

At this moment, Long Qingyue was simply struck senseless.

She endured the burning pain and looked at Long Chen blankly.

"Why, is this just the beginning? So quickly did you submit? " Long Chen's ice-cold voice was clearly transmitted into her ears.

Her brothers and sisters, her friends, her husband, all watched. Seeing her being beaten up by the Long Chen she hated the most, Long Qingyue had never imagined this kind of humiliation. Yet, right now, it had actually happened ...

"Heh heh!"

The Great Destiny Yin Yang Dragon breathed heavily.

"Animal, you beast!"

Long Qingyue was so angry that she was trembling. She gradually became crazy, and the power of space and time crazily erupted!

Long Chen snorted, and attacked again!

"Fourteenth Sacrifice!"

Honestly speaking, the combined power of the Fourteenth Sacrifice was extremely terrifying. At this moment, Long Chen had immediately activated fourteen different types of powers within the God Kingdom, and the Fourteenth Sacrifice swept by him, causing the original form of all the forces in the world to appear around him!

He held the sun, moon and stars in his dragon claw.

Mountains and rivers, trees appeared around him!

Wind, rain, thunder, thunder, a great river was rushing around him!

For a moment, it was as if the entire world was under his control!

"Go!"

When the power of fourteen sacrifices appeared, everyone became even more dumbstruck.

Long Chen seemed to be a dragon of the Slaughter Divine Clan, but he was practically omnipotent. Not only was he proficient in the power of time, he could even train in all kinds of abilities.

When the fourteen sacrifices were released, it was as if the entire world had been grasped in Long Chen's hands, and was facing the Great Destruction Yin Yang Dragon!

"Heart of Azure Moon!"

Her attack was a step faster than Long Chen. This was the power of the combination of space-time, formed by the two dragon heads mutually, forming a cyan colored moon, surrounded by clouds and mist. Wherever it went, space would shatter and time would come to a halt, making one feel as if they had fallen into a quagmire.

The more Azure Moon Heart revolved, the larger it became!

However, Long Chen's attainments in time exceeded his. The moment he unleashed the Fourteenth Sacrifice, with a single Eternal Incantation, he managed to freeze the power of the Cyan Moon Heart in an instant!

Fourteenth Sacrifice!

The Cyan Moon Heart that had lost its power in time was quickly melted by Long Chen.

BOOM!

The wind, rain, thunder, moon, stars, mountains and rivers, trees, many different kinds of powers had broken through the heart of the cyan moon. The Great Destiny Yin Yang Dragon, having learned its lesson from the past, no longer dared to rely on the Eternal Emperor Bell anymore. Under Long Chen's violent attacks, especially on the God Slaying Sword, the Eternal Emperor Bell actually had a great gap in it.

"Spacetime shield!"

Long Qingyue was shocked and resisted.

In her eyes, Long Chen had already become a terrifying opponent, causing her to tremble all over. To be honest, the battle she had experienced did not even reach 10% of Long Chen's strength.

BOOM!

The Spacetime Shield exploded!

The Eternal Emperor Bell violently shook, and the Dao patterns on it began to fracture one by one, emitting an ear-piercing light. And in this shock, the Great Destiny Yin Yang Dragon was completely unable to dodge, even though there was the Eternal Emperor Bell, a large portion of its power still struck her body, causing her injuries to worsen, and in the blink of an eye, she was already drenched in blood!

Crash! \*

The pair of dragon heads violently trembled as they vomited blood.

After the battle, the Great Destiny Yin Yang Dragon lost all of its former elegance. In front of the seemingly ordinary Archaic Blood Spirit Dragon, she was no different from a dog!

At this moment, Long Qingyue finally remembered, as if she might lose.

"How is this possible!?" He could only deal with ordinary seven star tribulation of reincarnation. How can they be so fierce? This is not real! "

She had already said everything she could before.

But now, it was as if he had created a joke. She had said so much before, and now it was all to humiliate him. She had never experienced such an experience. For a moment, she really wanted to find a hole to hide in ...

Her bloodshot eyes.

In front of her, the youth's eyes were still cold and indifferent. Even after she had humiliated him time and time again, there was still no change in his heart. What he had been waiting for was this moment!

At this moment, Long Qingyue was about to collapse.

Long Chen's eyes, unexpectedly caused her to feel fear, fear, and trembling ...

From him, she once again saw Long Qinglan, the man who had made her despair and become powerless. The difference was that Long Qinglan had never bothered about her causing trouble, but the young man in front of his, was a guy who would take revenge no matter what!

Chapter 2159 - Ten-Thousand Great Emperor Sky

"The Good Fortune Yin Yang Dragon is about to be defeated?"

Everyone's expression was quite wonderful.

Especially for those like the Bluefire Emperor, they really hadn't expected such an outcome.

"Yueyue is in danger." The Black Hell King clenched her fists.

The Bluefire Emperor stopped him and said, "You can't be too biased. He's staring at you, and he's probably going to stop you. If Long Chen really defeats Yue Yue Yue this time, then Slaughter Dragon City will place even more importance on him.

The Black Demon Emperor's gaze was cold as she said, "Forget it. In truth, it's not certain that Yueyue will lose."

He was the one who understood Long Qingyue the most, and knew her limits. Honestly speaking, Long Chen had not broken that Eternal Emperor Bell yet, so there was still some distance before he could kill Long Qingyue!

"You're courting death!" "You're courting death!"

The Good Fortune Yin Yang Dragon bellowed as it gritted its teeth, turning violent once more.

"I can't lose, I can't lose face, and I have to fulfill the bet!"

Just thinking about it made her feel frightened, so no matter what, she could not lose!

"I want to win!" Only this move would be able to kill him. It doesn't matter what the price is! "

Long Qingyue already had a devil in her heart.

She was afraid.

In her heart, she was also incomparably regretful that she had dared to take the initiative to provoke him. Now that she was riding a tiger, it was impossible for her to back down. She had to fight for her dignity!

But the person who truly cared about his dignity, was Long Chen!

Long Qingyue had disregarded his dignity, and had even trampled on him. Only strength could allow Long Chen to win back!

He coldly looked at Long Qingyue, this time he had to kill her in one go. Anyways, she was a Ultimate Dragon, she still had a life!

Killing her was her greatest punishment.

It had been a long time since Long Chen used the Divine Flame of Refinement to raise his strength, but this time he did it. The flames of the Refinement Realm began to blaze in the blood colored dragon's body, becoming more and more exuberant. In fact, it even grew larger than his original body!

In terms of strength, it had also soared as a result of the increase in the Spirit Refinement realm!

"Damn it!"

The Great Destiny Yin Yang Dragon retreated step by step, finally unable to retreat any further!

She gritted her teeth!

"Time and space have converged!"

At the moment, her two heads were entangled with each other, and actually started to fuse together. In the blink of an eye, the two dragon heads transformed into one, and when she completed this step, her fighting strength quickly increased, to the extent that it was not even inferior to Long Chen!

After the space and time converged, the surrounding space and time began to violently tremble. There was a buzzing sound, as if the world itself was being torn apart.

"Go to hell!"

Long Qingyue could not stand Long Chen's cold eyes. It was enough to drive her insane. She had never thought that this child could be so terrifying!

"Ten thousand!" Heavy! Emperor! "Heavens!"

It was also a combination of time and space, but this time it was much more powerful than last time. The Great Destiny Yin Yang Dragon formed a ring, with the Taiji Yin Fish in the center, emitting the sound of surging rivers and rivulets. At this time, the yin yang fish cracked open, and released an extremely violent light that instantly illuminated the entire starry sky!

The violent light beams transformed into tens of thousands of worlds, pressing Long Chen into the center. This was the Ten-Thousand Emperor Sky, every world was like explosives, they could detonate at any time!

The ten thousand strong Emperor Sky converged, and the incessant buzzing could not be stopped. Everyone quickly retreated to prevent themselves from being implicated!

Long Qingyue stood proudly on the Ten Thousand Worlds, she finally had some self-confidence, and shouted: "Weren't you very fierce before? Can you escape from my Ten Thousand Emperor Heavens? If you can't escape, then there is probably no one here to collect your corpse because in this world, there is no one who recognizes you. No one is your friend, no one is your relative. Just like Long Qinglan, you are destined to be alone for your entire life! "

Only by venting like this would she be able to feel slightly better.

What she received was Long Chen's cold and detached gaze.

She retreated half a step in fright before becoming angry from embarrassment. Her huge dragon head roared, "From today onwards, you will never have the chance to rise again!"

This was the explosion of a small world, its power far surpassing the explosion of their previous battle. Everyone retreated even more anxiously, fortunately, they were strong enough, otherwise they would have been reduced to dust in the explosion!

And Long Chen was the one to bear the brunt of it!

Everyone retreated far away, and looked at the area where a golden sun had appeared. It stood proudly in the starry sky, and even the people of the Dragon Sacrifice Continent were able to see the birth of a new, resplendent sun. The light was so bright that it pierced through the night.

**BOOM!**

The more than 10,000 explosions combined into one sound!

For a time, everyone was deafening, as if they had lost their hearing.

The destruction of the Ten Thousand Great Emperor was resplendent and gorgeous.

In the midst of the light, the Great Destiny Yin Yang Dragon stood proudly on top of the resplendent light, looking disdainful and graceful, while Long Chen stood right in the middle, probably long gone!

"Is it over? Is that kid dead? "

Everyone could not help but ask.

"He shouldn't die. After all, he has two lives."

Everyone began to discuss with one another.

They believed that anyone would be injured by this level of attack. As for the specifics, it was unknown. According to their estimates, an ordinary Seven Star tribulation of reincarnation practitioner would actually lose their life on the spot!

At the moment when the light was at its brightest, a red dot appeared at the edge!

The red light flashed and appeared right behind the Dragon of Destiny.

It was only a small detail.

After the red light faded, the great fortune Yin Yang Dragon gave a stuffy groan before its massive body fell to the ground!

BOOM!

The 'Great Creation Yin Yang Dragon' transformed into dust, dissipating into the heavens and earth.

Only now did that soft but despairing scream reach everyone's ears.

Long Chen held onto the God Slaying Sword, and the figure that was standing in the air was discovered a few breaths later. And at this time, Long Qingyue had already disappeared without a trace.

Long Chen quickly placed him within the God Kingdom. In the blink of an eye, the God Slaying Sword already had more than four hundred dao patterns, and even started to move towards the five hundred dao patterns. At this rate, it would eventually become a terrifying dao tool for the nine hundred ninety-nine dao patterns, and there wouldn't be any problems at all.

Long Qingyue had done it.

Long Chen used the Blood Spirit Spikes and the Divine Flame, and killed him in the end. Of course, he had also received the attack from the Myriad Great Emperor's Heaven, but this kind of attack might not kill him, as long as he did not die, he could recover his original strength in his dreams. Although he was a little tired now, it was undeniable that he had won.

Long Qingyue had been killed by him!

Of course, as a Ultimate Dragon, her dead body had gathered once again, transforming into a human and standing in front of Long Chen.

At this moment, the crowd finally surrounded them one by one and blankly stared at the two of them.

Long Qingyue's heartbeat quickened as she looked at Long Chen blankly. Suddenly, as if she had seen a monster, she screamed and retreated. Her mind continuously played back the scene of the Blood Spirit Spikes piercing through her body, something she would never forget in her entire life!

"Yueyue!"

The Azure Flame Emperor and the Black Demon Emperor had already arrived beside her, Long Qingyue.

Only with the help of her big brother and her husband did her beating heart finally calm down.

However, the shadow in his heart would probably never disappear.

"Big Brother, Brother Ting!"

Long Qing Yue grabbed onto their shoulders tightly, her entire body trembling as she looked at Long Chen with a pale face.

Even when facing these two peak level Rankers who had once competed with his father, Long Chen did not cower. He looked at Long Qingyue very naturally, and his eyes stared at Long Qingyue. He had already used his strength to prove everything, and everything Long Qingyue had said before, were all her humiliations. Long Chen had already made her shut her mouth.

That was enough.

Most of the people had already rushed over here and gathered by their sides.

Bloody Blaze originally wanted to laugh, but he was unable to do so. He saw that everyone was looking at Long Chen in shock, so he said: "About that, this challenge has ended, it's clear who will be the victor. This matter is over, everyone here is from the Five Dragon Cities, don't be too fussy. We've already obtained the dragon pearls, it's time to disperse. "

What made him awkward was that although most people thought the same way, Long Chen and Long Qingyue, the two parties involved, did not make any moves. Or rather, it could be said that Long Chen himself did not make any moves.

He suddenly said, "The battle has indeed ended. But there will be. In any case, the provocation towards me will never stop. I am very grateful to these people who have become my stepping stones. It was you who made me understand that talking too much and arguing too much was futile. For example, right now, I think I no longer need to say anything.

Long Qingyue clenched her teeth, wanting to say something, but her mind went blank.

Everyone's gaze fell on Long Chen.

Long Chen said: "Alright, you said it before, this battle, as the end between me and your family, is over. Then I, Long Chen swear, from today onwards, I have nothing to do with you guys, you don't have to worry that I will shame your family, and you better not use the title of being a teacher to teach me a lesson! I can do everything I say, and I hope you have the courage to do the same. From today onwards, you and I will be cut apart! "

Saying this, he smiled and said, "Oh, no, it's not that I've cut it in half, but that I've never had any relationship with it!"

Long Qingyue said this herself.

Therefore, at this moment, she was also speechless.

Anger welled up in the Azure Flame Emperor's heart, and he said: "You are too early to be happy." In the end, you are still Long Qinglan's son, and it has a lot to do with us. If you do something so heinous as betraying the human race, I will be the first one to not offend you! You won't get away with it either. "

Long Chen did not take these words to heart.

Just say these words, don't mind it.

His eyes turned as he stared at Long Qingyue, and suddenly said: "The announcement is complete, but there seems to be something more important. Long Qingyue, you've already lost. Now, shouldn't you keep your promise? You've lost. You don't need me to remind you of anything you need to do? "

This was their wager.

It was also something that Long Qingyue was most afraid of after losing.

At first, she didn't believe she would lose, but now ...

She couldn't help but feel a chill run down her spine.

Chapter 2160 whey of my mouth

The bet between Long Chen and her was like this.

He once said, "If you lose, kneel in front of me, slap your own mouth a hundred times, and then say, 'A hundred times I'm wrong, my mouth is cheap!'"

This was the punishment for the losers.

Compared to the wager Long Qingyue had placed for Long Chen, this wager was not excessive.

But in reality, to everyone, this signified that it was a humiliation that they would never be able to wash away in their entire lifetime. Especially Long Qingyue. She was a pampered woman of status, and this was the shame she could not bear.

To her, this was much more painful than taking her life!

Of course, it was impossible for Long Chen to forget.

He was not a good person. The other party had humiliated him in such a manner and had simply not seen him as a human being. Now that the opportunity had come, he was not the type of person to forgive others easily!

The reason why he wanted to defeat her was because of this moment!

Therefore, his lips were sealed as he coldly looked at Long Qingyue, and said word by word: "According to the bet, if you lose, you have to kneel in front of me and slap yourself a hundred times. At the same time, you have to say 'I'm wrong, my mouth is cheap!' "I think everyone is watching now. Can we begin?"

His every word was a nightmare to Long Qingyue.

Long Qingyue hurriedly retreated. Even the Azure Fire Emperor and the Black Hell King were unable to stop her. She shook her head vigorously, afraid to carry out her bet.

The Azure Fire Emperor was furious and said: "Long Chen, you have already won, don't go overboard. As a man, don't think that you can win against the masses in the future!"

After all, everyone felt that the loss of Long Qingyue in his hands was already a big enough blow.

Long Chen could not help but laugh, and said: "What does that have to do with your stomach? I am only reminding someone that you are willing to admit defeat without even having this little bit of virtue. What right do you have to say that others have betrayed your words? I don't know who it was that agreed to my request. If I were to lose right now, you would definitely not say that your sister is too petty, right? "

A chaotic blue fire was born in the eyes of the Azure Flame Emperor. His inherited blood essence came from the same divine dragon as her son, Long Haochen. At this moment, he already released a killing intent that was pressuring Long Chen. For an expert of his level, just a gaze from him would be enough to make Long Chen's entire body crumble.

"Brother Bluefire, if you have something to say, then say it. This isn't good." Even though you are his uncle, aren't you cut off from him now? So, it's best if you don't teach the people in Dragon City a lesson like that. "

Although Long Chen would definitely be unable to control himself in the future, with the other four Dragon Cities rejecting Long Chen, they could still help him a little, so they might even be able to obtain unexpected surprises in the future.

With the help of Bloodlust, Long Chen had nothing to worry about.

He said again, "Hurry up. Long Qingyue, don't waste everyone's time. How come you didn't pretend to be pitiful when you were in your prime? Why are you pretending to be pitiful now? I remember all the insults and sarcastic remarks. Do you need me to repeat them to you and see how cruel and ugly you are? I, Long Chen, indeed do not have the stomach, but I will also not use such malicious words to scold others. "

His every word was overbearing.

Those who didn't know him well felt that he must be punished.

Those who were familiar with him knew that this was his personality. He wouldn't take the initiative to provoke others, but he definitely wouldn't spare someone who would humiliate him. This is the principle.

"No, no!"

Long Qingyue tightly clenched her teeth, her face pale. She nervously held onto the arms of the Bluefire Emperor and the Black Yama Emperor, and said in panic, "No, I definitely won't kneel down."

Everyone looked at each other. Although Long Chen was very strong at the moment, Long Qingyue's performance was just too terrible. She was actually frightened by a junior to such an extent.

At this time, the Black Underworld Emperor blocked in front of Long Qingyue. His eyes were like abyss, hiding a deathly still world, causing people to be unable to help from feeling fear. He was also the person nearby, whom Long Chen did not know the most.

"Long Chen, let this matter go like this. In the future, if you are able to fight against me, I promise to spare your life. "

He said this very strangely.

Those who understood what he said would be able to hear the thick killing intent within his words.

This was a warning, not a gift.

Long Chen was not scared. He smiled faintly and said: "You don't need to spare my life. Anyway, it's no different from farting when you promise to be husband and wife. I didn't force her. It's her own business whether she keeps the bet or not. I can't force her to kneel, can I? It's your style, anyway. "If you don't have this seed, then don't bet with me in the future. You can't afford to bet."

It was laughable that these people had been so high and mighty before. They truly thought of themselves as elders and wanted to discipline them. Only now did they realize that they didn't even have the qualifications to do so.

Long Chen had never been afraid of these challenges.

These words were said in a counter-attack against the Black Hell King, making it almost impossible for them to back down. At this moment, the atmosphere between both sides had reached its peak.

If today's matter were to spread out, the Black Hell Emperor would be most afraid of the entire Dragon God Domain. At that time, it would be rumored that not only had Long Qingyue been defeated, she might not even have the qualifications to carry out the gamble. This was a humiliation.

Of course, it would be a greater disgrace if it were to be fulfilled.

Black Hell Emperor and the others were very clear about this, so they would definitely not let Long Qingyue suffer this humiliation.

The Bluefire Emperor said fiercely, "Since you are so heartless, then don't blame us for being impolite. After today, you can forget about entering my Everlasting Dragon City for the rest of your life, or you'll be dead for sure! Everyone in Everlasting Dragon City, follow me back! "

As for the Black Hell King, she was also preparing to leave with the people from Dragon City.

Long Chen obviously knew that they wouldn't let Long Qingyue kneel down. That would be even more humiliating. They would be laughed at regardless of the outcome, so there was no need to fulfill the bet.

Today, it was time for Long Chen to retaliate.

They were jealous of Long Qinglan, hated him for their entire lives, and wanted to attack Long Chen, but they were very sorry. If it was only Long Qingyue, she wouldn't have the ability to do anything to Long Chen.

If they couldn't control Long Chen now, they couldn't do so in the future, because the speed at which Long Chen grew up was something they could never look up to!

The group began their journey back.

At this moment, a sound suddenly entered everyone's ears.

"Stay."

This voice had a terrifying magic to it that caused everyone to stop in their tracks and look towards the sky.

A blurry, indistinct figure was floating in the air, surrounded by a bloody mist.

Seeing these two, Long Chen's hair immediately stood on end.

Firstly, was that ball of blood fog, he was very familiar with it, it was obviously one of the three Dragon Emperor s of the Slaughter Dragon City. And those who could stand beside him, were definitely Dragon Emperor s as well.

"Greetings, father!"

Everlasting Dragon City's men were the first to react, kneeling down sincerely.

Under the lead of the Blood Ember, the Slaughter Dragon City immediately bowed towards the Blood Tyrant Dragon Emperor, and at the same time, paid their respects to the Immortal Dragon Emperor. The other people of the Dragon City also bowed.

Everlasting Dragon Emperor!

Long Chen's head buzzed.

This person really appeared!

He was the eternal Dragon Emperor, the foster father of Long Qinglan, the pinnacle figure of all living beings in the entire Dragon God Domain!

No matter what, he was a person who had raised Long Qinglan, and left a very deep impression in Long Qinglan's life. He should be a person who was very familiar with Long Qinglan. This person held an extremely important meaning to Long Chen, so Long Chen was stunned for a moment.

The Eternal Dragon Emperor was looking at him.

It was as if there were no more secrets in front of him.

Everyone knelt down beneath them, and only Long Chen.

He gritted his teeth as he came back to his senses from the initial shock. At this moment, this Immortal Dragon Emperor would probably be his enemy, so he had never held onto any hope, and this person must definitely be related to Long Qinglan's death. If he could understand Long Qinglan's reasoning, Long Qinglan would not have been abandoned by the entire Dragon God Domain.

He didn't even speak up for Long Qinglan, who else would?

Long Chen did not have any good impression of this person.

He held his breath and adjusted his emotions.

Everyone raised their heads in confusion. Why did the Immortal Dragon Emperor appear at this time and make everyone stay? Of course they knew the relationship between Long Chen and the Immortal Dragon Emperor. But looking at the reaction of the Bluefire Emperor and Long Chen, it didn't seem to be good.

This period of silence continued for a long time.

Finally, the Immortal Dragon Emperor's voice sounded again.

"Qingyue."

He looked towards Long Qingyue.

"Father!"

Long Qingyue's tears were streaming down her face. Today had been too bitter. She could not hold it in any longer and cried.

"You've lost. Just keep your promise. Our child is a man of his word."

"Hua!"

Hearing this, the crowd burst into an uproar. They never thought that the first sentence the Immortal Dragon Emperor said would actually make Long Qingyue slap them.

"Huh?"

Long Qingyue was also stunned.

"Father."

The Bluefire Emperor couldn't help but say, but halfway through, he closed his mouth.

Long Qingyue's face was covered in tears as she said, "I ... I can't ..."

The Eternal Dragon Emperor asked coldly, "Do you want to be expelled?"

She looked to the sky in a daze, then looked up at Long Chen. The Black Hell King who was beside her had clenched his fists, she was obviously very angry, but he could not stop her. Although he did not understand either, this was an order from the Immortal Dragon Emperor!

Long Qingyue trembled as she knelt on the ground in incomparable grief and indignation. She was in extreme pain and shame as her lips were torn from clenching. Humiliation and pain caused her face to be covered in tears, and she was twitching nonstop.

Everyone's eyes were on her.

"I ... I ... I was wrong, my mouth is cheap!"

Long Qingyue slapped herself.

Every time she slapped him, she would raise her head to look at Long Chen, and within that look would be hidden a deep hatred and poison.

Once, twice, all the way to dozens of times. No one spoke a word as they watched her strike their faces time and time again, turning their pale cheeks completely red.

Her eyes that looked into Long Chen's eyes became gloomier and gloomier.

"It's not like I'm the one who made you fulfill your promise. Why are you staring at me like that?" Long Chen said.

Long Qingyue's mouth was full of blood, but she still did not forget to glare at Long Chen.

Not only her, but everyone in Everlasting Dragon City.

"Alright, this is a big grudge." Long Chen finally understood what the Immortal Dragon Emperor meant.

A hundred times, it was over.

The eyes of the eternal Dragon Emperor once again returned to Long Chen!
