

War God 2181

Chapter 2181 - Blue Cliff

Long Haochen was currently feeling very depressed.

Originally, today, he had brought a group of girls to play games and gain an advantage. But he did not expect to meet Long Chen. Although he had bumped into the other party, who had obtained a total of 600 dao runes, he was still scared out of his wits and almost lost all face.

Especially in front of this group of young girls who worshipped him.

"They absolutely have to retaliate. Otherwise, they really think that I can't deal with him. I am currently only second to him in Hidden Dragon Rank. "

The more Long Haochen thought about it, the angrier he got.

The people behind him all looked at him strangely.

This made the anger in his heart burn even more vigorously.

Just now was simply a humiliation.

The image of a hero that he had painstakingly formed in their eyes could be considered to have been destroyed by Long Chen.

"I've decided!"

Long Haochen suddenly stopped in his tracks, raising his hand.

"What?" Everyone quickly asked.

Long Haoge turned around to look at them, and said, "We have no choice but to admit that Long Chen is a monster. We won't be able to cure him, and we won't be able to get those 600 dao inscriptions. So I

decided to tell my father to take care of Long Chen first, he has to do it quickly, otherwise, I might let him escape. At that time, our Everlasting Dragon City will lose a lot of Dao Artifacts! "

Everyone looked at each other and nodded.

"Fine. Immediately inform the Bluefire Emperor." Let him help us vent our anger. "

The corner of Long Haochen's mouth hooked up into a cold smile. He took out the star talisman, and was about to speak when suddenly, one of the youths among them shyly said, "Um, everyone, there's something I have to say."

"What is it?" Long Haochen asked.

The youth said, "You're slow. When we came out earlier, I told my father about this matter. He will be here soon."

"What!?" "You bastard!"

Long Haochen had previously told them to keep it a secret, but he didn't expect this little brat to tell his father first.

Long Haochen was so angry that he almost died, but there was nothing he could do about it. The young man in front of him was only second to him. Normally, they had a good relationship and had been to Emperor Dragon City before. His father also had some background, he was one of the sons of the's second Dragon Emperor, the Sky Dragon Emperor.

And this person was one of the grandson of the Sky Dragon Emperor.

Long Haochen was the strongest grandson of the Eternal Dragon Emperor.

"My father will be here soon." The youth added.

After all, this was a six hundred Dao-seal artifact. Long Haochen had long treated this tool as his own, but he didn't know whether or not this young father would share it.

So he was very angry and said angrily, "I also called my father over. Your father's strength is not even one percent of my father's! "

Indeed, the Bluefire Emperor was the most top-notch descendant of the Immortal Dragon Emperor. Just like Long Haochen, it was a Primal Chaos Blue Fire Dragon. In the entire Everlasting Dragon City, being able to rank in the top ten was equivalent to being on fire.

However, that young man's father was far inferior to him. It seemed that he did not have the title of Overlord, nor had he reached the tribulation of reincarnation of the Eight Trigrams.

"Haoge, wait a moment. How could such a small matter trouble your father? "

Suddenly, a middle-aged man stood in front of them. This was a somewhat sloppy guy with a head of messy black hair that fluttered in the wind. He was completely drunk. He opened his blurry eyes, spreading them wide, looking straight at Long Haochen. Although he looked sloppy, he was actually full of deterrence.

"Father." The young man who spoke previously was delighted. With the exception of him, no one dared to disobey Long Haochen's order, and first leaked the news.

The person who had come was one of the son of the Sky Dragon Emperor, named Cang Ya.

He stretched his waist, curling a finger at Long Haochen, and said, "Aiyee, such a small thing, let your uncle Cang Ya handle it." Come, come, follow me. Uncle Cang Ya will bring you guys to Qinglan Palace right now to vent your anger. Haoge, you better not tell your father about this. If your father comes, you may not have a share. "

He was half threatening, half seductive.

Long Haochen gritted his teeth, "Isn't it just a set of 600 Dao patterns?" You seem to have something similar. Shouldn't these things be given to us, the younger generation? "

He wasn't afraid of being killed, but if he didn't listen to him, he would definitely be placed under house arrest first, preventing him from communicating with the Azure Fire Emperor until he obtained the weapon.

Cang Ya laughed straightforwardly and said, "Six hundred dao markings, are you sure it's six hundred? You have no idea what he dug up. I grew up with Long Qinglan. I know what these things are! "

Everyone could not help but be curious.

Long Haochen was startled. Could it be that there was another way?

Cang Ya used a tone of discussion, explaining to Long Haochen, "Of course you guys don't know, that was a Dao Artifact that the Eternal Dragon Emperor Long Qinglan used when he was young. Very famous. But after that, there was no more news about this tool. Do you know that this Dao item is actually a set? And there are actually four of them? "

"Four?" Long Haochen's eyes lit up.

In other words, there were a total of four Dao artifacts like Emperor Dragon Arrows?

Although the Emperor Dragon Arrow was an arrow, it could be used as a long spear after taming the Dao Spirit and changing its shape slightly. He could even directly use his strength to defend against arrows. He could completely use it alone.

In fact, the Dragon Bow could also be used alone, but when used in combination with other Dao weapons, it could unleash even more terrifying attacks.

Cang Ya chuckled, "That's right, there are a total of four arrows, one is the Azure Dragon Arrow with 500 patterns, the other is the Emperor Dragon Arrow with 600 patterns! What you saw was probably Emperor Dragon Arrows. I reckon he even got the rest. Hao Ge, what I mean is, if you promise not to spread this news, I'll give you the Emperor Dragon Arrow and then give you the Azure Dragon Arrow. I'll only take the other two things. This deal is also very fair to you. However, if even more people find out about it, it would be none of your business. "

The Azure Dragon Arrow could be exchanged for other benefits. Even Long Haochen only had 400 dao inscriptions on his weapon, but those 500 dao inscriptions were actually quite a lot. But Long Haochen was even simpler, he didn't need to expend any effort to obtain an Emperor Dragon Arrow with 600 patterns on it.

If he told the Bluefire, the Bluefire might not even give it to him ...

The Dao Artifact had 500 dao markings on it. To the people of Five Dragon Cities, it was a rare treasure. Even Long Qingyue, the most beloved daughter of the Immortal Dragon Emperor, only had 580 dao patterns on his Eternal Emperor's Bell!

When she had broken through to the Seven Star tribulation of reincarnation, the Eternal Dragon Emperor had even given that to her.

Long Haochen and the others exchanged glances.

"Although Cang Ya is not much weaker than his peers, he is still close to the Eight Trigrams tribulation of reincarnation. Almost a title. If Long Chen could only defeat his little aunt, she would probably not be his match. After all, there was a huge gap between the early and late stages of Seven Stars tribulation of reincarnation. The full mastery of the power of the soul. However ...

Of course, Long Haochen wasn't an idiot.

He said, "We agree, but we need to know, what are the two remaining Dao Artifacts? "Seven hundred Dao patterns?"

After all, if he didn't agree, he would most likely imprison him immediately. That would not be worth it.

Of course they understood that Cang Ya would definitely leave the best behind.

With his seniority and ability, he wouldn't be interested if he didn't have seven hundred dao tools with Dao patterns. He himself most likely had six hundred Dao-seals.

Cang Ya chuckled and said, "You bastards are really smart. Of course, there were no seven hundred dao patterns. One of them was the Dragon Confining Arrow, and there were six hundred and thirty dao patterns on it. The other was the Dragon Binding Bow, which also had 630 lines. When the two are combined, their power should be comparable to that of seven hundred Dao-seals. "

He had lied appropriately, reducing the value of the two tools a little.

Two or seven hundred dao tools? That was quite shocking, for fear that these children wouldn't listen.

Cang Ya was also an old fox, and this half-truths couldn't be distinguished by Long Haochen's.

In reality, the two hundred and six hundred and thirty dao traces were just at the boundary that he could bear and comfort himself with. Then he could explain it to his father.

"Alright, we agree. But we're going with you! " Long Haochen replied.

Cang Ya chuckled, "Of course not, just watch. It was just a child that had defeated Long Qingyue. Your Uncle Cang Ya can handle it. But since you've agreed, don't be shameless, I'm keeping an eye on you. Whoever takes the Star Talisman will be beaten up, okay? "

This place was very remote, so if there was no other choice, he could very well imprison them immediately. But after all, having an inherited dragon like Long Haochen, spending money to get rid of the calamity was the most sensible choice.

A group of people majestically headed towards Blue Tide Palace.

After Long Chen stored the Emperor Dragon Arrow, he sat on the huge boulder.

"The Emperor Dragon Arrow was retracted as well. Only the Dragon Confining Bow and the Dragon Confining Arrow remained. Two or seven hundred Dao-seals were the true treasures. An expert capable of killing a Demigod. However, if we are to find them, it will be even more difficult. If we are to control them, it will certainly cause a lot of commotion. "

He looked at the two drops of golden light on his palm and could not help but have a headache.

Relying on them didn't seem easy.

"If Long Haochen's group leaves, they will definitely spread the news about this matter. The Dragon Binding Bow and Dragon Binding Arrow should be hidden pretty well, I think it's best if I don't take them out for now, in case someone tries to snatch them away.

He started to walk forward, but there were already people approaching.

In the blink of an eye, Long Chen stood right in the middle of the door leading to Qinglan Palace.

In the distance, a group of youths and young girls were rushing over. It was still the same group of people, but Long Chen felt a little threatened, and as expected, in the middle of the crowd, he saw a skinny middle-aged man with a wretched appearance. This person had a head full of messy hair, strange and sinister eyes;

"Your eyes contain such a strong desire. You probably know about the Dragon Confining Arrow. It should be someone from the same generation as my father. "

Chapter 2182 - That Year

Long Chen guessed right.

Cang Ya and his age, were extremely similar to Long Qinglan. The difference was no more than ten years. He was one of the sons of the Celestial Dragon Emperor. It was just that compared to Long Qinglan, Cang Ya was just too much of a pussy. Many of his own brothers and sisters had reached the cycle of gossip. However, he remained in this realm for more than four thousand years, not daring to make contact with the Eight Trigrams Calamity.

However, this was to happen in time. If he were to use a secret technique to delay it, it would only be a matter of a thousand years.

Although he was the son of the Dragon Emperor of the firmament, even those who stood at the peak of life would not give him seven hundred dao tools to help his relatively useless son overcome his tribulation. Therefore, Cang Ya's future situation was extremely grim.

When he heard that his son had told him about the news, he was so excited that he was about to go crazy. He was trying his best to rush over here. Dragon Binding Bow and Dragon Binding Arrow. This was something that he had yearned for in his dreams back then, and it was a pity that it had ended up in Long Qinglan's hands. He remembered that back then, he had even fought with Long Qinglan, but the other party had only used a single Azure Dragon Arrow, and with a casual wave of the arrow, nailed him to the ground.

Today, the Daoist magic tool that had been a disgrace to him all those years ago was reborn!

Furthermore, it had appeared in the hands of that person's son.

This was probably what the so-called affairs of the world were for messing with people.

He was full of confidence, and went to challenge his peer, yet allowed him to shoot out an arrow at random. From then on, his self-confidence received a huge blow, to the point that it would never recover from its setback. His cultivation progress was also extremely difficult, and ultimately, caused the Dragon Emperor of the firmament to give up.

And now, that vanished Dao item had appeared!

Yet it had become the hope of Cang Ya's new students!

"Father, Mother, you must bless me in obtaining the Dragon Binding Bow and Dragon Bolt. I want to rise to prominence once more, to rush into the cycle of Samsara of Eight Trigrams. Let those who look down on me get the punishment that they deserve! "

Cang Ya's heart surged.

He had already seen the legendary youth.

All these years, he had heard a lot of stories about Long Chen.

However, when he saw this person, he was so shocked that he almost stopped in his tracks.

That young man leisurely stood at the entrance of Qinglan Palace, looking at him with his eyes, seemingly unperturbed. This made him think back to the scene from back then. Back then, Long Qinglan had been standing at this exact spot, and when he shouted and charged towards Qinglan Hall, he was actually sent flying fifty kilometers away by an Azure Dragon Arrow. They were nailed under the gates of the Everlasting Dragon City.

The look in that youth's eyes, his demeanor, and his actions. It was actually so similar to the current Long Chen. They were proud to the bones, and that kind of arrogant attitude, like they were standing on top of all the living things and looking down on everyone, made Cang Ya feel extremely uncomfortable, and made him almost go crazy.

"Scram!"

Following his roar, Long Qinglan's silhouette emerged from his brain.

"Back then, I lost to him. His talent is heaven defying, and no one can defeat him. Now he was dead. All the people will scold you, and I, Cang Ya, will live well! " That's what he told himself.

Only, Long Chen and that Long Qinglan, were simply too similar.

In fact, his achievements had already surpassed the person from before.

When he defeated Long Qingyue, Cang Ya was completely shocked when he heard the news. His son had already gotten close to him. The feeling of being pursued already made his hair stand on end. He already knew that he had no choice but to rush into the eight trigrams cycle. Otherwise, he would be trampled under the feet of this father and son pair for the rest of his life!

Of course, to Long Qinglan, even if it were his life, the person in front of him, no matter how strong he was, was just a small fry.

Long Chen had never been afraid of him either.

Long Haochen's group stopped in time, not daring to step forward.

Cang Ya allowed his own son to monitor them, and then, he walked step by step towards Long Chen. He walked step by step, his face filled with a fiendish aura, and once again, the hatred that he had accumulated for so many years surged in his heart. He was no longer able to control himself. He told himself in his heart that he would be fine if he just took the Dragon Binding Bow and Dragon Bolt. There was no need to kill Long Chen.

After all, he might have been brought here by the Eternal Night Dragon Emperor.

"Who are you!"

Cang Ya was about to speak, but Long Chen asked first.

This simple sentence had actually broken the anger in Cang Ya's heart, allowing him to calm down. He chuckled, sized Long Chen up and said: "Little guy, I know everyone. This is the Everlasting Dragon City, and you are from the Dragon Slayer City. You cannot obtain our Everlasting Dragon City's Dao Artifacts, otherwise, it would be stealing. This is a huge crime, but luckily Haoge and the others told me the news. I am representing the Everlasting Dragon City to take back what belongs to us and hand it over to the three Dragon Emperor s. "This is not your property. Forcefully stealing it will only lead to death."

He represented himself as the Everlasting Dragon City just to coax Long Chen.

If Long Chen was an idiot, he might really be scared.

However, if he really used this title, he wouldn't have come here on his own.

Clearly, he wanted to take possession of them by himself, of the same nature as Long Haochen's group.

Just with you, do you have the qualifications to represent the Everlasting Dragon City?

Long Chen could not resist smiling.

These words touched upon Cang Ya's point of fury!

What he was most afraid of was being looked down upon, while Long Chen actually looked down on his existence. He was just the son of an opponent he was once, so on what basis was it that he could say such words to him?

Bluecliff was burning with anger, he had endured it with great difficulty!

He gritted his teeth and said coldly: "My name is Cang Ya, and I am the second Dragon Emperor, the son of the Sky Dragon Emperor! He was one of the most important figures in the commander of the 'Everlasting Army'. Say, if you steal from my Everlasting Dragon City, am I qualified to bring you to justice?! Long Chen, you better wake up, don't let the treasure lose your mind. I know you've got those four. Long Qinglan's four Dao Arts were not his own, but bestowed to him by the Everlasting Dragon City. Now that he was dead, he did not have the qualifications to pass on the Dao Arts to anyone else, but instead should be taken back by the Everlasting Dragon City. The last time, I warned you to hand over four Dao weapons.

His voice was cold and growing louder, giving off a rather scary vibe.

Since he even knew about the four types of Dao-tools, it was obvious that this fellow was more familiar with Dragon Bow. It was just that the flaw was too obvious, even if it was the Bluefire Emperor, he would not hand over the gift Long Qinglan left him. Cang Ya wanted to scare him, it was completely useless.

In the face of Cang Ya's warning, Long Chen waved his hand indifferently and said, "I simply don't know what you're talking about anymore. What kind of Dao item? What is it? Are you sure there's nothing wrong with your brain? I don't want to talk to you anymore. You want to speak on behalf of the Everlasting Dragon City to deal with me, right? Let go, I knew before I came here that you were going to ignore me. "Go ahead."

In the face of Cang Ya's cold and crazed eyes, he took a step back without the slightest bit of fear.

"This guy seems to have a grudge with my dad, so he's holding a grudge against me. Only martial artists at the great circle of the power of divinity, who are equivalent to the Illusory King, Great Emperor Mighty Heavenly Emperor, and Lin Ming, seem like even if I used my full strength, I still wouldn't be his match.

The tyrannical power and pressure exuded by his body was indeed very powerful. This martial artist's power of the God Realm had reached its peak. He could condense the power of the God Realm talismans and unleash a destructive attack at any time. The power of the God Realm was the prototype of the divine power of all beings in a demigod's body, and to be honest, it was not easy to deal with.

Buzz! Buzz!

Within the formless energy that was filled with killing intent had already swept out.

Long Haoge and the others finally had the guts to see Long Chen for real.

They were dumbstruck. They finally understood that this youth was simply not on the same side as them. His will and courage lay in a different world from theirs.

Just say it. Being so relaxed and casual, it had indeed broken all the bottom lines in Cang Ya's heart.

This was a sentence that turned Cang Ya into a wild beast.

The two of them were fairly close and in that instant, both of Cang Ya's hands instantly transformed into sharp dragon claws, as his entire person charged towards Long Chen with a terrifying speed. Suppressed by killing intent, Long Chen raised his head and the illusions and claw images that filled his vision, gave off a bone-piercing cold feeling.

"Sun Sacrifice!"

"Astral Sacrifice!"

In his hands, he launched two attacks. The huge fireball instantly expanded, and the Astral Sacrifice transformed into a resplendent star. The dual attack violently collided with Cang Ya!

BOOM!

A huge tremor!

The surroundings began to tremble.

Long Haochen's group was directly shaken to the point of rolling back.

They looked up in shock only to see Cang Ya retreating backwards, completely not harming Long Chen. And at this time, Long Chen had instead approached in his direction, with not a single injury on his body.

In their first exchange, he had actually withstood Cang Ya's attack!

"You are quite capable indeed. It seems that defeating that girl Long Qingyue is not luck." Cang Ya tidied up his messy hair, and said while looking at Long Chen sinisterly.

Just a casual confrontation didn't mean anything.

Cang Ya also did not display his true strength.

At this moment, he was close to the cycle of the Eight Trigrams, devouring the energy of heaven and earth, and pouring it into his body. For a moment, his body was like a whirlpool, gathering supreme energy.

"Little fellow, try playing a few more times!"

RUU...!

The two of them clashed, although it was just a human form, it was still extremely powerful. The other party did not even know what type of Heavenly Dao he cultivated, it was extremely strange, and in terms of the power of Spirit Communication, he completely suppressed Long Chen!

BOOM!

When the two were separated, Long Chen was in a rather sorry state.

On the other hand, Cang Ya's fighting spirit rose as he smiled and said, "You're indeed capable. Come, let's fight!"

But in fact he was not happy at all.

His opponent from back then, and now his son, were actually almost the same as him?

Then how useless must he be! This was simply a slap to the face, causing him to feel even more frustrated.

Although he held the upper hand, not a single person felt that he was very strong. Rather, he was shocked by Long Chen's performance.

Then, would Cang Ya be able to take his things?

Everyone could not help but be suspicious.

Chapter 2183 - Warning

Very quickly, their doubts turned into reality.

At the beginning, Cang Ya had thought that he could defeat Long Chen, but he quickly realized that he was now in an extremely awkward stage!

He did not dare to turn into a dragon. If he turned into a dragon, he might have the confidence to completely defeat Long Chen. After all, he was an expert close to the cycle of the Eight Trigrams, which was something he could do.

However, once a person transformed into a dragon, it was very likely that it would cause a great stir in the battlefield. Not only would it destroy Qinglan Hall, but it was also highly likely that it would attract other powerhouses!

If that was the case, the Dragon-Binding Arrow and the Dragon Bow would no longer be his.

That was something he was in a hurry to obtain. The Dao magic tools to overcome the tribulation of the Eight Trigrams, that was his hope to rise to prominence once more!

As such, he was still extremely cautious!

But the problem was, if he didn't transform into a dragon, he would not be able to do anything to Long Chen.

At the moment, Long Chen was already using his God-Slaying Sword to fight his opponent.

Cang Ya possessed a halberd with a total of 600 lines, its power was extremely terrifying. Even in its humanoid form, it was able to completely suppress Long Chen. Under the surge of their power, the entire sky trembled from their fierce battle.

However, Cang Ya really did not dare to raise his attack anymore!

Today, the commotion was huge enough.

The moment someone approached, he would definitely notice.

Only, if he did not cause too much of a commotion, he would not be able to cause any real harm to Long Chen!

"If you surrender, I can give you the Azure Dragon Arrow and Emperor Dragon Arrow!"

In the end, Cang Ya didn't have the time to offend Long Haochen's group, and directly exchanged this condition with Long Chen. It could be seen that he was already very anxious.

Long Chen was indeed wary of his six hundred lines of the halberd. The God-Slaying Sword only had 400 dao runes on it right now. In terms of real combat, it was still lacking a bit. Not only that, but the opponent had also suppressed him with the power of divinity.

He had played enough, so he threw up his hands and smiled, "Don't waste your time. "I'm telling you, you can't do anything to me."

"If I really wanted to kill you, you would have already died!" Cang Ya growled.

"Why don't you try?"

After Long Chen finished this sentence, he directly entered the state of the Time Traversing Dragon. His comprehension of time was even more outstanding now, and he was afraid that he was not even at the Realm of Eight Trigrams and Samsara. If he was not at the Realm of SemiGod Body, it seemed like he could no longer see him using Time Traversing Dragon.

Relying on this move, Long Chen easily escaped into the endless river of time, and disappeared before Cang Ya's eyes.

In that instant, Cang Ya was stunned.

Below, Long Haochen and the others were also in a daze.

Where did Long Chen go?

Cang Ya looked around in panic, and shouted angrily, "Long Chen, where are you hiding?! Get out here right now!"

What answered him was his reply.

"You want something? Wait till you find me."

Long Chen's cold laughter came from all directions.

Cang Ya's face was lifeless before it turned into a face of defeat. His eyes were bloodshot and his expression distorted.

"He left? Gone just like that? What was this sacred art? the power of time?" Cang Ya continuously turned his body, and looked around in a daze, as though he was about to cry.

"Long Chen, you won't be able to escape from my palms. If you have the guts, then show yourself. We can openly fight!"

Cang Ya cried out hysterically.

Long Chen could not be bothered to care about him.

He returned to the center of Qinglan Palace and pondered about what he could do to chase these fellows out of here.

"Help Dragon Emperor Yongye? It didn't seem like such a small matter would trouble her. If the Immortal Dragon Emperor were to find out about the Dragon Binding Bow, I wonder if he would take it away. "

Before he obtained the Dragon Binding Bow, Long Chen didn't want anything unexpected to happen to him.

But now, the accident had already happened.

It seemed that no matter what, he had to swiftly obtain the Dragon Binding Arrow.

At this moment, Cang Ya was standing on the ground, his entire body in a daze. He had been dealt a terrible blow.

Even with his abilities, he was still unable to find Long Chen after easily sweeping through the entire Qinglan Palace.

And below, the youths who had agreed with Cang Ya earlier could no longer sit still.

Their agreement with Cang Ya was entirely because Cang Ya was able to defeat Long Chen and obtain the four Dao artifacts. Now that Cang Ya had not obtained anything, could it be that they would sit here and wait?

Long Haochen pondered. From Cang Ya's words, it seemed like Emperor Dragon Arrows were too profound.

It was at this time that Cang Ya's son suddenly said: "Father, I see that Long Chen has only been here for the past few days. When we entered earlier, we saw that he had obtained the Emperor Dragon Arrow, but we didn't see anything else. He's running away now, why don't you go in and find him? "

His words instantly caused Cang Ya to be excited.

"Yeah, I'm not sure if I can take back two Dao tools that have 700 dao patterns on them. If it's that kid, then he's even less sure." However, the entire Everlasting Dragon City does not know about it, so there was not much of a commotion at all. Which is to say, it is very likely that he has not obtained the Dragon Binding Bow and Dragon Binding Arrow! "

Thinking to this, he laughed loudly, and said in a clear voice: "Long Chen, you don't need to pretend, I already know that you haven't obtained the Dragon Binding Bow and Dragon Binding Arrow, don't you? "That's nothing special, I just want to enter this Qinglan Palace and search around here. In any case, I'm certain that you haven't obtained the Dragon Binding Bow and Dragon Binding Arrow yet!"

The reason he said this, was precisely to test Long Chen's reaction.

The effect was excellent.

Long Chen could not answer, nor could he. If he answered that he had already obtained the Dragon Binding Bow and the Dragon Binding Arrow, and there would be even stronger experts coming in the future, then he wouldn't be able to act shamelessly. But the moment he accepted it, he would run in and look for it. Without the two drops of golden light, he would not be able to find it, but the problem was, Long Chen did not want others to enter!

However, he didn't seem to have a good solution for it.

In order to give himself a way out, he chose to remain silent.

Silence could also mean something else.

Without even hearing Long Chen's reaction, Cang Ya was immediately agitated. He turned around and looked at his son, and said: "Everyone, I'll go in right away and find all those Dao artifacts. I promise you that I won't give you too little. Cang Qing. If there's anything, just tell me! "

As he finished speaking, he couldn't hold back any longer and rushed straight into Qinglan Palace.

It wasn't easy for him to find a chance to change his mind. He was too happy and excited!

What he said to Cang Qing was no more than asking her to watch them.

But in his excitement, Cang Ya had underestimated the intelligence of Long Haochen's group.

"Haoge, isn't the Emperor Dragon Arrow that he promised you in Long Chen's hands? If he was in a hurry to find the Dragon Binding Arrow and Dragon Bow. Even if he found you, he wouldn't be able to do anything to Long Chen, and in the end, he wouldn't be able to give you the Emperor Dragon Arrow. Furthermore, Long Chen might have even taken away the Azure Dragon Arrow. It doesn't seem to be beneficial for us to keep it a secret. "

A young girl beside Long Haochen said.

"Shut up! "My father will give you the benefits you promised!" Cang Qing said angrily.

The young girl was so frightened that she hurriedly pulled herself back into Long Haochen's bosom.

Long Haochen lowered his head, obviously deep in thought. At this moment, he suddenly raised his head, looking at Cang Qing with a pair of bright eyes.

"Cang Qing, do you take us as brothers?" Long Haochen asked seriously.

Cang Qing gritted his teeth, feeling conflicted. His father had given him such a difficult task, facing Long Haochen's questioning and the surrounding people's cold stares, he finally couldn't bear it any longer and wanted to call out his father.

But Long Haochen had already guessed it.

In terms of level and inherited blood essence, he was superior to Cang Qing. With this move, he was able to control Cang Qing. He then quickly took out the star talisman and contacted the Bluefire Emperor.

"Hold him. I will tell this matter to my father, the Bluefire Emperor. Everyone listen to me, there will definitely be countless benefits in the future! "

Long Haochen shouted loudly.

Everyone listened to him obediently. It was easy to trap Cang Qing with a dozen people.

Long Haochen was extremely excited, and told the Azure Fire Emperor everything that had happened. Quickly, he turned around and looked at everyone with great satisfaction, saying, "Everyone, my father will be here shortly." Let Cang Qing go. "

Everyone was ecstatic and immediately let go of Cang Qing.

They were well aware that Cang Qing's father, Cang Ya, couldn't even be compared to the Azure Fire Emperor, so in the crucial moment, it would be safer to stand on Long Haochen's side. After all, even Long Chen couldn't defeat Cang Ya.

Long Haochen laughed loudly, "My father has already told me. He will only take the Dragon-Binding Arrow and the Dragon Bow. He will give us the Emperor Arrow and the Azure Dragon Arrow. Since he had come to attack, Long Chen simply could not defend at all. "Everyone, don't worry. My dad won't be so stupid, haha!"

Cang Qing broke free from the restraints of the teenagers. Her face was gloomy, and she almost cried out loud. Although he wanted to speak up for Cang Ya, what Long Haochen said was the truth!

"Why are you so useless! It was useless. You even want to give birth to me! "

Cang Qing was so mad.

This time, he risked the danger of being rejected by Long Haochen, secretly telling Cang Ya about this matter in advance, but didn't expect that he would still screw it up.

Given the speed of the Bluefire Emperor, he would arrive in the blink of an eye.

While Long Chen still had a headache coming on.

At this moment, he was swaggering around Qinglan Hall, looking for the Dragon-Confining Arrow.

"Whatever, I won't be appearing. When he fails to find it, it will mean that I will have to leave this place as well. "

However, Long Chen had underestimated his patience.

This guy searched inch by inch, not leaving a single place behind.

"Long Chen, don't hide anymore. I won't leave until I find the Dragon-Binding Arrow. Why don't we come out and search together, haha? " Cang Ya's laughter echoed throughout the entire Green Tide Palace.

Long Chen did not respond to him.

He was still a bit off in terms of strength, or else he would have crippled Cang Ya.

Cang Ya moved up and down the entire Qinglan Hall before finally stopping outside of the hall. His attacks were quite heavy and had already destroyed quite a few things.

Long Chen appeared outside of the hall, blocked his path, and said: "You are not allowed to enter this place."

The more Cang Ya acted this way, the more curious he became. He licked his lips, and said with a smile: "Is it because this is the place?"

After saying that, he did not hesitate at all as he swaggered over, holding the 600 dao tools in his hand.

Once Long Chen made a move, he would also make a move.

In desperation, Long Chen could only let him in.

"These are all things that my father left behind, you go ahead and search. Don't act rashly. Otherwise, if I am able to surpass you one day, I will not let you live. Cang Ya, remember this. I mean seriously. "

Long Chen said in a serious tone.

Chapter 2184 - Transactions

Taking away the Emperor Dragon Arrow, Long Haochen discovered that this was a matter of luck.

It was inevitable for Cang Ya, the former enemy of Long Qinglan, to arrive. Long Chen could make the other party unable to do anything to him, but his weak point was this Qinglan Palace.

Therefore, using words to threaten Cang Ya was something that he had no choice.

"What did you say!"

Cang Ya looked coldly at Long Chen in front of him.

Long Chen looked at him without any hesitation and said, "You are so smart, you definitely understand. You can't kill me today. You can't stop me from growing up. Everything here is important to me. Once you destroy it, it will make me hate you and want to kill you. So, in order to be good to each other, it's best not to destroy what's inside. "

His voice was very slow, but it was still filled with an irresistible force. That sharp and bloodthirsty gaze made Cang Ya have no choice but to consider what he had said.

Long Chen was right, no one could stop his growth. According to his current progress, surpassing him, Cang Ya, was a simple task.

Cang Ya snorted coldly and said, "Don't worry, I only want the Dragon Binding Arrow and Dragon Bow!"

Long Chen added, "If I find something that's broken, then I'll make a move and let everyone know what's happening here. At that time, you won't even have a chance to use Dragon Confining Arrow."

Cang Ya froze for a moment, and was successfully caught by Long Chen. He furiously said: "You're ruthless!"

After he finished speaking, he went around Long Chen and walked into the center of the Qingyou Hall.

Long Chen had already obtained the Azure Dragon Arrow from the Green Serenity Hall.

Without the golden speck of light in his hand, Cang Ya wouldn't have been able to overturn Qing Lan Hall even if he wanted to.

Therefore, Long Chen was very much at ease.

However, there was still no way to truly solve this problem ...

After Cang Ya entered, he began to search the entire Green Serenity Hall in an incomparably meticulous manner.

"Don't waste your energy. It's not yours, so it won't belong to you in the end. " Long Chen said.

"Shut up!"

Cang Ya shouted angrily and continued searching.

Time passed slowly.

"Come out."

Suddenly, a familiar voice came from outside.

Long Chen looked outside. A man with long hair tied up walked in from outside, his eyes were filled with green flames. It was the Bluefire Emperor.

His green fire eyes stared at Long Chen. When he heard the news that Long Chen was actually in Everlasting Dragon City, he too was extremely shocked.

When Cang Ya heard the Azure Fire Emperor's voice, she was enraged and collapsed. As if she had been touched on the wrong side of the scale, he rushed out of the hidden hall and actually saw the Azure Fire Emperor. Thus, he gnashed her teeth as he looked at Long Chen and angrily said, "Brat, you actually went back on your word, you're courting death!"

"Who said I notified him?" Long Chen was also feeling gloomy.

It seemed that the commotion was getting bigger and bigger.

At this time, Long Haochen and the others came in from the outside. Cang Ya looked at his own son, Cang Qing. Cang Qing lowered her head, not daring to look at him, but her expression was aggrieved. In this way, Cang Ya naturally understood that the treasure in his heart could not control Long Haochen, and in the end attracted the Azure Fire Emperor. He could only blame himself.

"Enough, Cang Ya, get out. Don't let me do it. "

The Bluefire Emperor said with a cold snort.

Cang Ya's face was ashen. The opportunity had already been lost, and he was unwilling in his heart! However, although the Azure Fire Emperor seemed refined and refined, he had actually done many ruthless actions before. He wouldn't hesitate in the face of major events. With his strength, the Dragon Binding Arrow wouldn't even be able to hit him.

"Don't you dare take it all for yourself!"

Cang Ya said angrily.

The Bluefire Emperor gave a superior smile and said: "Cang Ya, the older you get, the more pitiful you become. Wasn't it just a Dao item with seven hundred Dao patterns? Do you really think I'm interested in such a Dao item? "Only a pitiful person like you is still struggling for this sort of Dao item."

Cang Ya was humiliated to the point that he wanted to die. However, the words of the other party was correct. A seven hundred dao tools might not let him, the Azure Fire Emperor, to make a move.

"After I get out, I'll spread this news!"

What he couldn't get himself, others wouldn't be able to get either.

Cang Ya snorted coldly, then left with his son in anger.

"The Dao Artifact is out to extort the public. Everyone, don't even think about it." These four Dao Artifacts would belong to the Everlasting Dragon City and be arranged by the three Dragon Emperor s. Haoge, this is not a place that you should come to.

The Bluefire Emperor said in an awe-inspiring voice.

Long Haochen's previous words were completely invented by him, and the current Bluefire Emperor didn't do as he said. For a moment, he felt extremely wronged. He just wanted the Bluefire Emperor to glare at him, then he hurriedly left with his little friends.

Finally, only the Bluefire and Long Chen remained.

"I guess you already have the Azure Dragon Arrow, Emperor Dragon Arrow. With your current strength, these two Dao-seals are quite useful. Your luck is really too good. "

With both hands behind his back, the Azure Fire Emperor paced back and forth in front of Long Chen's eyes, looking at the scenery behind him and the hidden hall.

"Real people haven't been here for thousands of years. No one has smoked for a long time, so the change here is quite big. " The Bluefire Emperor sighed repeatedly.

"If you have something to say, just say it. "

Long Chen said very straightforwardly.

The Bluefire Emperor said, "Let's make a small deal. The Azure Dragon Arrow and the Emperor Dragon Arrow will belong to you. After that, you have to agree to a condition of mine. "

Long Chen looked at him, not saying a word.

The Bluefire Emperor continued, "Did Dragon Emperor Yongye bring you here?"

Long Chen laughed: "Aren't you asking the obvious. Let's get to the point. "

The Bluefire Emperor said, "It's very simple. The condition is that you leave the Everlasting Dragon City and don't come back. This isn't a place that you should be. We had nothing to do with you. I know they will respect your opinion, and if you insist on leaving, they can't stop you, can they? "

Long Chen obviously could not leave.

He wanted to find out what had happened to his father, and also obtain the Dragon-Binding Arrow and Dragon Bow, these two precious Tao artifacts. How could he leave so easily?

Therefore, he shook his head and said, "This deal is impossible. I can't agree to that. "

His words were decisive.

The Bluefire Emperor was slightly angered and ridiculed: "Indeed, greed is a person's biggest original sin. You must want the Dragon-Confining Arrow and the Dragon Confining Bow. Only it can't belong to you at all. You don't have the ability to hold this thing. Young people had to know their limits. In this aspect, Long Qinglan has done better than you.

Long Chen laughed and said, "That's because you don't understand him at all. And he got all the last things he couldn't get, didn't he? "

The Bluefire Emperor was stunned.

What Long Chen said was right, in the end, he had obtained everything. The true losers would always be him, the Bluefire Emperor.

Just like Cang Ya, as this young man's father had once defeated his opponents, the Bluefire Emperor's heart was equally gloomy. He was just like the current Long Haoge, who was currently in the Everlasting Dragon City, enjoying countless of glory.

He had spent days and nights in depression and frustration.

"If a snake devours an elephant, I will snatch away your Azure Dragon Arrow and Emperor Dragon Arrow. I'll give you one last chance. Go, we have the Azure Dragon Arrow and the Emperor Dragon Arrow. Stay, then you don't have anything! "

The Bluefire Emperor gnashed his teeth as he spoke.

The terrifying expert with the body of a half god stood in front of Long Chen, as if he was a god standing at the pinnacle of beings. His cold gaze swept over Long Chen, bringing about an incomparably enormous pressure. This was his, the Bluefire Emperor's, pressure. Just like the Primal Chaos Star Lord back then, their level was even more terrifying than Cang Ya's. He already possessed the World Tree, the elementary Heart of Rules, millions of elementary deity palaces, and the divine power of all living things!

Using a little bit of power, it was as if trillions of lives had descended, countless chanting in Long Chen's mind.

While the Bluefire Emperor became incomparably tall, standing tall in the clouds, controlling Long Chen's life.

Fortunately, Long Chen was not afraid at all!

That was a new world, and Long Chen was the master of that new world. He was a god from that new world, and this was no longer a simple Divine Kingdom, it was something that the Bluefire Emperor could forcefully open! The Azure Dragon Arrow and the Emperor Dragon Arrow were there, so the Azure Flame Emperor couldn't take them away!

The Divine Kingdom was like a pocket that someone else could open.

Just like the primordial spirit, if one wanted to find the entrance to the new world, they might not even be able to find it even if they flayed Long Chen away, because that was a completely different world.

Ever since he had inherited the Taiji Creature Dragon's Inherited Blood, Long Chen was not worried about this anymore.

Therefore, he said with great ease, "The problem is, you have no way to take my things."

"What do you mean?"

The Bluefire Emperor could clearly see that he did not have anything on him. The Great Void Realm on his chest seemed to be dragon scales and there was nothing inside.

Then his belongings should all be in the Divine Kingdom.

However, when he truly searched for Long Chen's Divine Kingdom, he realized that there wasn't any!

"Where is your Divine Kingdom!"

The Bluefire Emperor said angrily.

"Who said I have a Divine Kingdom?" Long Chen asked.

The Bluefire Emperor was instantly confused. Without a Divine Kingdom, where would he have hidden his belongings? There must be a place to hide.

"Could it be in these dragon scales?"

The Azure Fire Emperor extended her hand and grabbed towards the Great Void Dragon Symbol.

It had been a long time since Long Chen used the Great Void Dragon Symbol, and after the God Nation appeared, the Great Void Dragon Symbol was basically useless. In the past, time would reverse and Long Chen would now directly control them.

When his hand touched the Great Void Dragon Symbol, that strange Great Void Dragon Symbol actually fused into Long Chen's body, and appeared at the center of the primordial spirit, fusing into it in the end.

The threat of the Bluefire Emperor caused this change to occur within the Great Void Dragon Symbol.

"Disappeared?"

The Bluefire Emperor was stunned as well.

He glared at Long Chen with fury and killing intent.

"I was thinking about what would happen to the world if I killed you now."

His voice was filled with killing intent.

In an instant, Long Chen felt that his surroundings was filled with chaotic blue flames. Those scorching flames burned his skin black, and some heat rushed even towards the inside.

In this crisis of death, Long Chen clenched his teeth and said: "I don't know what changes are. But you will definitely die early! "

Chapter 2185 - War

Facing Long Chen seemed to be even harder than when he was facing Long Qinglan back then.

The Eternal Night Dragon Emperor had brought him back, so the Eternal Night Dragon Emperor certainly knew about it. Thus, the Bluefire Emperor knew what to do.

Since Long Chen was unwilling to leave, then there was nothing he could do. It was just that he had other methods to force Long Chen to leave this place. His intuition told him that if Long Chen continued to stay in this place, there would be a day where he would trample both father and son under his feet.

"Just watch. First, I will take away the Dragon Binding Arrow and Dragon Bow. This sort of thing, no matter what, I can't give it to you. "

The Bluefire Emperor's body transformed, his body producing over a hundred blue flames. Those blue flames condensed into a human form, transforming into the appearance of the Bluefire Emperor. As the Bluefire gave the order, those hundred fiery clones instantly covered the entirety of Bluecliff Palace.

Every avatar emitted countless blue flames. For a moment, it was as if thousands of avatars were searching for any suspicious parts of Qinglan Palace.

"I'm sorry, but I'm going to take away the Dragon Confining Arrows, those two Dao weapons with seven hundred patterns on them." The Bluefire Emperor naturally knew just how much Long Chen wanted these two things that his father had left behind. Wasn't Long Chen always very proud? He wanted to see this youth appear defeated in front of him.

But unexpectedly, Long Chen did not make a move.

Those two drops of golden light were still in his hands. He naturally didn't believe that the confident Bluefire Emperor would be able to succeed.

As expected, time passed bit by bit.

Fifteen minutes, two hours, one day, two days!

Three days later, the Azure Fire Emperor activated the flames around her body. The entire Blue Tide Palace was bathed in his flames, just like a sea of blue flames. Most of the surrounding areas had been scorched and deformed.

Long Chen still stood in front of him calmly.

At this moment, the emperor's face had already turned ashen. He had originally thought that since Long Qinglan was dead, it would be easy for him to find his things. However, the truth slapped him in the face, causing him to feel humiliated. He still couldn't find the Dragon Binding Arrow and Dragon Bow!

"Speak, you still don't have the ability to control those two things. Where did you hide them?"

The Bluefire Emperor said coldly.

"If you can't find it, how can I find it?" Long Chen replied coldly.

The Bluefire Emperor was so angry, his entire body was trembling.

He was obviously not submitting to Long Chen, but to Long Qinglan. Even though he was dead, his figure was still everywhere in his life. He thought that everything would be under his control after Long Qinglan died many years ago, but he didn't expect that he would lose face in front of Long Qinglan's son again. This kind of feeling made him a little flustered and exasperated.

He was panting heavily as he looked at Long Chen. Suddenly, he seemed to have heard the voices outside. It seemed that Cang Ya and the others had already spread the news of the Dragon Binding Arrow and Dragon Bow to the outside. Now that there are many people gathered outside of Blue Tide Palace, do you believe that once I leave this place, they will immediately rush in?! "This has completely messed up Qinglan Palace!"

His goal was still to force Long Chen to leave.

How could Long Chen be fooled by him? He said bluntly, "Come at me. I am not afraid! "

The Bluefire Emperor was stunned.

"Then we'll see."

There was no point in continuing to stay here. He would only be seeking revenge.

He flicked his sleeves and left. When his figure left the Green Tide Palace, the crowd burst into an uproar. This was because from start to finish, there had not been any changes to the entire Green Tide Palace. It was possible that the Azure Fire Emperor had yet to find the seven hundred dao inscriptions on the Dao!

They could understand that the Bluefire Emperor truly didn't like him.

The Samsara martial artists and above weren't too important, especially when the Azure Fire Emperor was searching for them and yet failed to find them. They also knew that it was hard for them to get one either. And for the martial artists below, this was simply the dream of theirs. At this moment, they were all eyeing it like a tiger eyeing its prey.

Hundreds of people surrounded Qinglan Palace.

"The Bluefire Emperor just left." Looking at his face, it seems like he couldn't find the Dragon Binding Bow. "

"Then we still have a chance, no one is restricting us right now, so why don't we go in and take a look?" Amongst them, most of them were practitioners with six tribulation of reincarnation s, and some of them had seven star tribulation of reincarnation s and above. There were also some weaker martial artists who wanted to use their luck to fish in troubled waters to gain benefits.

"Let's go in and take a look!"

After the first person ran into Qinglan Palace, the rest of the people rushed in, and in an instant hundreds of people rushed into the hall. After the first person ran into Qinglan Palace, the others rushed in, and in an instant, hundreds of people rushed into the Qinglan Palace.

It was just a mess of several hundred people. No matter how well-behaved each person was, the disturbance caused was unimaginable.

The reason that the Bluefire Emperor left for the time being was to use this to force Long Chen to leave.

"I'll let them leave when I think things through. If not, then Blue Tide Palace will never be at peace!"

"If you want Qinglan Hall to be complete, then do as I say. Besides, don't expect my father to help you with such a small matter. He hates you no less than I do. As for the Eternal Night Dragon Emperor, she hasn't appeared for more than ten thousand years. Do you think she would help you for such a trivial matter? In the end, it's still because you don't have the ability! "

Although the Bluefire Emperor left, his threatening words still resounded in Long Chen's ears again and again.

At this time, the entire Blue Tide Palace had been occupied.

Those people were already in front of his eyes, but they ignored and ignored Long Chen's existence, focusing their attention on any idea he had. When Long Chen found the Emperor Dragon Arrow, he had already flipped open the back courtyard. Some were even staring at Long Chen, they guessed that Long Chen definitely had a way to obtain the two types of Dao artifacts.

Countless pairs of eyes were filled with malice.

They were like flies that were buzzing around Long Chen. It was their first time interacting with these people since arriving in Everlasting Dragon City. As expected, they were much more troublesome than the Dragon Slaying City.

But that was enough!

Long Chen's patience had also reached its limit.

When all the people present at the Qinglan Palace were quietly sizing up Long Chen, he sullenly took out a dark brown arrow from a new world. The arrow was filled with dragon scales, it was an Azure Dragon Arrow!

Long Chen held the Azure Dragon Arrow in his hand. Since he had already grasped the Azure Dragon Arrow, he could naturally change the shape of the Azure Dragon Arrow slightly to become a sharp, ferocious dark brown long spear. It was like an angry dragon that was in Long Chen's hand!

He placed the azure dragon arrow on his waist and pointed the tip of his spear at them.

"That's an Azure Dragon Arrow!"

Everyone was excited!

More and more people heard his cry of surprise, dropped the area they were currently looking for, and ran to the front of the Blue Dragon Arrow in Long Chen's hands. Their eyes burned with passion!

This was one of the four Dao tools.

Witnessing it with their own eyes, they believed it even more.

One after another, their eyes burned with passion as they looked at the Azure Dragon Arrow in Long Chen's hands.

Long Chen raised his head to look at them, and said word by word: "If you enter the Blue River Hall, you can search for Dragon Confining Arrows, and Dragon Confining Arrows, but only if you block my attack! It seems like you are all pretty good Rankers in Everlasting Dragon City, then, who wants to go first! "

One person, one spear, against hundreds of people!

He might be young, but in terms of aura, he surpassed everyone present.

Hearing his words, everyone burst into laughter.

"Brat, this is not your territory, it is my Everlasting Dragon City's territory, it has nothing to do with you, the one who has to scam is you right? So what if this place was where your father once lived? "

"You're right. Aren't you being too arrogant, chasing us out? Are you qualified? "

"Obediently bring out the azure dragon arrow that doesn't belong to you. This is my Everlasting Dragon City's Dao Artifact, not your father's Dao Artifact. Hurry up and hand it over, and we won't make things difficult for you anymore. After all, you're our guest now. "

They glared at him like a tiger eyeing its prey. Some of the martial artists felt that they had the advantage of numbers, so they didn't fear him and had already surrounded him.

Long Chen swept his eyes across them and saw three people speaking to him.

To make an example out of others!

"I'll start from you guys!"

"Time Traversing Dragon!"

"Eternal!"

These three old men had a cultivation base similar to Meng Qingqiu's at the late stage of six tribulation of reincarnation. They had cultivated for tens of thousands of years.

But at that moment, a figure flashed past them, holding an Azure Dragon Arrow in his hand.

Shua shua shua!

The three sounds rang out at almost the same time.

Three streams of blood flew out.

The next three screams rang out.

The three old men were horrified by their own necks. At this moment, their body had already been pierced through, causing blood to gush out like a torrential storm, as if they were being bitten by a wild beast. Their wounds were extremely large, and for a time, all three of their faces were deathly pale as they fell from the sky, twitching on the ground!

The terrifying might contained within the azure dragon's arrow pierced into their bodies, wantonly destroying them. They could only howl miserably as they were unable to stand up.

Everyone was almost suffocated.

Just for a moment.

But Long Chen was just a youngster, he actually managed to instantly kill three elders who had cultivated for tens of thousands of years, including the ensign of the Everlasting Dragon City.

If he was willing, he could have stabbed the azure dragon arrow into their foreheads. That way, they would have died for sure.

"I'll say this again. That person who thought that he could block my attack will stay here. If not, I advise you to leave immediately. After all, life is more important than wealth! "

The Bluefire Emperor had his ways, and Long Chen had his own countermeasure.

His cold voice combined with the screams of the three people below, was truly scary. Many people looked at this legendary son of his from the Eternal Dragon Emperor and felt the urge to retreat.

Just at this time, someone shouted out: "Everyone, we still have a lot of seniors with the power of the Spirit Realm here. Let's work together and subdue those who are not from Everlasting Dragon City! Everyone attack together, why should we be afraid of him alone! "

His brave words roused the crowd.

Amongst them, there were indeed a few seven star tribulation of reincarnation leaders.

Chapter 2186 - Emperor Dragon's Might

Hundreds of evil beings surrounded Long Chen.

In their eyes, Long Chen was the son of the sinner. His own actions and personality had also greatly affected the Everlasting Dragon City.

Amongst them, there were many who grew up under the radiance of Long Qinglan. They worshipped him at first, but because of all the unforeseen events, they hated Long Qinglan for the accusations and disgrace he had suffered. and then hate Long Chen!

But today, Long Chen's strength is already so terrifying that it is close to some of his father's opponents from back then!

He was still young, but had such strength that he could rule the world. People of the same generation, such as first and second ranked Hidden Dragon Rank, such as Jiang Ming and Long Haoge, were completely no match for Long Chen!

Therefore, facing Long Chen with the azure dragon arrow in his hand, they felt hatred and anxiety!

"Whether it's the Azure Dragon Arrow, the Emperor Dragon Arrow, or the Dragon Confining Arrow, they are all tools of our Everlasting Dragon City. He has no right to occupy them!"

"Brothers, we will take back what belongs to us! Attack together! "

"Right, we cannot let him act arrogantly in our Everlasting Dragon City!"

As they shouted and shouted, they took out their Dao artifacts. When necessary, they had to turn into dragons to fight!

BOOM!

All of them were warriors of the Six Paths of Reincarnation!

Hundreds of people rushed over, creating a huge scene.

Long Chen looked at them coldly. Since they wanted to provoke him, there was no need to be polite. They thought that they could defeat Long Chen in a group attack, but it could only be said that they were too naive.

He gripped the Azure Dragon Arrow tightly and used the Dao of Time to escape into the river of time. With his current ability, it was as if he had suddenly disappeared. No one present could see him!

"What's going on? Where did he go?!"

Everyone stopped in their tracks in shock.

For a moment, the surroundings were deathly silent!

Pch!

A voice suddenly rang out.

Everyone looked towards the direction of the voice and immediately trembled!

They saw that Long Chen was standing behind one of the warriors. His expression was cold and the Azure Dragon Arrow that he was holding was dripping blood.

Another spear pierced the throat!

Whoosh!

Long Chen pulled out the azure dragon arrow, almost ripping the opponent's head off. The warrior screamed miserably as he fell to the ground.

"Who's the second one?"

Long Chen revealed an evil smile.

This smile was enough to send chills down one's spine.

"Let's kill him together!"

While others were still in shock, they couldn't help but cry out. Long Chen's Killing technique had a huge impact on their morale, so they had to keep on shouting.

Pch!

Just as the speaker finished his sentence, another spear pierced the throat.

Long Chen kicked him out coldly, causing him to fall on the ground, his entire body twitching in pain!

"Charge!"

All the warriors from the Six Paths of Reincarnation were not scared. One by one, they charged forward once again. He held the Azure Dragon Arrow in his hand, and with the power of the Azure Dragon Arrow, he also used the Time Traversing Dragon to travel behind the warriors. Whenever he passed by, there would be warriors that fell to the ground in pain!

Of course, with several hundred people, a real battle would be quite terrifying. The air above the entire Qinglan Hall would be in a state of intense explosion, with constant rumbling and some people turning into dragons earlier, but even if they turned into dragons, they would still not be able to escape the fate of having their throats pierced through by Long Chen's spear!

This was a bitter free-for-all!

Hundreds of people besieged Long Chen alone!

had a tyrannical fleshly body and strange divine abilities that exceeded their imagination. The Time Traversing Dragon, Blood Weeping Dragon Soul, instant of eternity, plus the 500 lines of Azure Dragon Arrow in his hands, wherever it went, his opponent would scream miserably and fall to the ground!

Pch!

Long Chen flung out the azure dragon arrow, and it directly pierced through the body of the divine dragon in front of him.

A quarter of an hour later!

The floor was full of people.

Long Chen was also currently drenched in blood. Of course, the majority of his blood had come from the opponent, and only a small part of it had been lost to them during their chaotic battle. But with his powerful recovery ability, this little bit of blood was completely useless.

At this moment, Long Chen was bathing in the blood light as the azure dragon arrow in his hand flashed with a dark brown blood light. His pair of blood colored eyes were like that of a vicious beast, which was extremely frightening as he saw more than a hundred people lying on the ground, while the remaining dozens of people looked at each other. Their faces were all deathly pale, and they couldn't help but tremble in front of Long Chen's eyes!

Long Chen's terror had exceeded their imaginations!

Who else wants to snatch the Azure Dragon Arrow, just come up! Who else thinks that they can resist my attacks and leave them in Qinglan Palace for the treasure hunt? As long as you are not afraid of death, today's a warning, so I did not kill you. But if you continue to be stubborn, don't blame me for being ruthless! "

With a pair of cold eyes, wherever he went, everyone would retreat.

"Bastard, you will die. You are still so arrogant in my Everlasting Dragon City!"

An old man shouted in anger.

In the next moment, he was shot by Long Chen's Blue Dragon Arrow.

"Who else is not convinced?"

Long Chen looked around again.

"Ten breaths. If you don't leave within ten breaths, I'll continue. I'll have all of you lie on the ground."

His voice spread throughout everyone's faces.

As time passed, they clearly knew that besieging the warriors was completely useless. After they were the first to leave, the rest scattered in succession. As for those that had their throats pierced by Long Chen, they hurriedly left to heal.

Long Chen swept his eyes across them. In the end, only a dozen or so remained, the majority of them were at the early stage of the Seven Star tribulation of reincarnation. It was equivalent to the strength of the Holy Spirit and Xiao Ding Yuan. There were too many people previously, so they did not do much. However, the wounds on Long Chen's body, were basically left by them.

Most of these people were elderly, some were even older than Long Qinglan.

"Devil!"

They looked at Long Chen and coldly said two words.

They were all people who had witnessed Long Qinglan's rise and decline.

In the eyes of these stubborn old men, Long Chen was indeed too fierce, he was too immoral. However, for the sake of protecting Qing Lan Hall and not scaring them off, Long Chen was definitely going to make them angry!

Facing this group of warriors who had the power of Innate God, Long Chen was still expressionless.

"Old friends, let's attack." After we subdue this little fellow, we can take back the items belonging to our Everlasting Dragon City. " The elders said.

There were a total of ten Seven Star tribulation of reincarnation warriors!

This could be considered a shocking battle. It could only happen in the Five Dragon Cities. Once they left the Five Dragon Cities, no matter which Divine Ancient City, they would not be able to find so many experts with Seven Stars tribulation of reincarnation!

Even the, who was one of the top ten ancient cities with divine descendants, only had seven star tribulation of reincarnation.

Facing them, Long Chen withdrew the Azure Dragon Arrow.

"I'll give you guys a try at this!"

In the blink of an eye, he held the pitch-black Emperor Dragon Arrow in his hand.

It was as if he was holding a Dark Emperor Dragon in his hand. The might of this Emperor Dragon Arrow was far greater than that of the Azure Dragon Arrow. The Dao device that controlled the six hundred Dao patterns, had almost reached Long Chen's limit!

Even Long Qingyue, who was blessed by the heavens, only had 580 Dao artifacts.

For these old men in front of him to have five hundred Dao-seals was more than enough.

When the Emperor Dragon Arrow was released, the elders' eyes instantly narrowed, in their sternness, they looked at the Emperor Dragon Arrow in Long Chen's hands greedily, this was the weapon they wanted!

The Emperor Dragon Arrow extended out, transforming into the black spear in Long Chen's hands!

The dragon scales were everywhere, and the blade was incomparably sharp. Compared to the mediocre Azure Dragon Arrow, the Emperor Dragon Arrow was more like a killing weapon!

One person, one spear, looking down on everyone!

The 10 elders looked at each other coldly, they all activated their power of the Spirit Realm and spread out, surrounding Long Chen, with the intention of surrounding him.

"Old friends, let's fight!"

"Don't be polite with him!"

Just when they thought that they could attack together, Long Chen once again disappeared from their sight!

Time Traversing Dragon!

"Everyone, be careful behind you!"

When they thought about what happened, Long Chen who was using the Emperor Dragon Arrow now was definitely even more terrifying, all the elders tensed up and activated the power of the Spirit Realm to guard against the surroundings!

But Long Chen was not even behind them!

With a flash, he instantly appeared in front of an old man. Now, he mobilized all of his strength to the limit and controlled the Emperor Dragon Arrow in his hand to launch a deathly attack!

"He's here!"

Everyone rushed forward!

In that instant.

Long Chen used the God Slaying Sword and used Eye of Hell!

Eye of Hell!

While his opponent was still in shock, Long Chen's Emperor Dragon Arrow instantly pierced through his opponent's extremely hard Dao Artifact Armor and directly shattered it. Then, the Emperor Dragon Arrow pierced through his opponent's chest!

"AHH!"

The old man screamed!

"Who else wants to stay here?" He continued to head up. Until you shit your pants. "

Long Chen swept his Emperor Dragon Arrow horizontally, forcing the surrounding people out!

"Dragon Transformation!"

The elders quickly reminded each other.

In an instant, high level divine dragons, super divine dragons, and more appeared before Long Chen's eyes. Huge creatures had completely surrounded Long Chen. They attacked again!

This time, they, who were using all their power, were even more terrifying.

"So what if you're big?"

When they couldn't see through Long Chen's Time Traversing Dragon, they could only wait for him to appear and attack them.

When Long Chen once again disappeared from their eyes, they saw a few Divine Dragons staring at each other in shock!

"It's above your head!"

Someone screamed.

Pch!

Although the Divine Dragon Body's power was terrifying, its attack power was huge, and its vision was even more powerful, it had lost part of its flexibility. With Long Chen's flexibility, and him using the Time Traversing Dragon, it had become their nightmare!

Shua shua shua!

His Emperor Dragon Arrow continued to pierce through the Divine Dragon's body, leaving countless bloody holes on its body. It was even more powerful than the Azure Dragon Arrow!

The second one!

The third!

When the Divine Dragons fell at Long Chen's hands, transforming into human forms and smashing into the center of the Qinglan Palace, the remaining people's hearts were filled with shock, as well as fear.

At the last moment, when that youth peacefully appeared before them, they did not dare to attack ...

Chapter 2187 - Children of Sin

When more than half of the Seven Star Samsara martial artists fell to the ground, this battle had already ended.

"Do I need to continue?" Long Chen held onto the Emperor Dragon Arrow that was drenched in blood, revealing a dense killing intent under the black light that was flickering.

This was not a terrifying aura that a young man should have!

The complexions of the remaining few Seven Star tribulation of reincarnation practitioners turned ashen. They naturally hated Long Chen to the core and wished that they could kill him back then, but they did not have the courage to do so!

"Go or not?"

Long Chen asked again.

"Little guy, don't get cocky too early. We're not the only ones interested in the seven hundred lines. They'll be here soon. "

"You're right, no matter how heaven defying Long Qinglan is, he is already dead. You'd better not be arrogant. Who knows when you're going to die? The current you does have some talent, and can be considered to be very heaven-defying. But can you compare with those true experts who have cultivated for tens of thousands of years? "So what if you beat us? In this world, there are a lot of people who can kill you. Perhaps you are currently imprisoned and used."

"The date of your death is not far away! "Let's go!"

Each and every one of the old men looked at Qinglan Palace with unwillingness. With Long Chen here to stop them, they obviously knew that the treasures would not be fated for them anymore. If they continued to stay here, there would be no good ending for them.

The injured and the uninjured were all supporting each other as they left.

Their resentful gazes never left the youth's body.

"The son of sin is indeed a new sin. Time will judge you! "

Even after they left, they continued to curse angrily.

Yes, time will prove everything.

Long Chen turned the Emperor Dragon Arrow upside down in his hand. Because of the intense battle, the Qing Lan Hall was already a little messy. However, he did not have the time to do so, because the elders were right. The stronger ones had already arrived.

"Come out!"

Long Chen turned his head and looked behind him.

Behind him, a total of four practitioners walked out. Among them, the one standing at the very front was Cang Ya, and there were also three people whose strength was not too far from his, who were all experts of the Seven Star tribulation of reincarnation. Compared to the previous batch of martial artists that couldn't even reach the Perfection of the power of divinity, their strength and status were all on a much higher level.

He was also the current Long Chen, and even with the Emperor Dragon Arrow, he was still a difficult opponent.

More importantly, they were not limited to just one person. Rather, they were four people.

In fact, there were even more people of their level hiding in the shadows.

To a martial artist with a body close to the body of a demigod, a Dao tool with 700 dao patterns on it was undoubtedly the most attractive.

If this kind of person was placed outside the Five Dragon Cities, the only person in the entire world that could control them would be the City Lord Di Jun.

They were basically all old monsters that had cultivated for tens of thousands of years, with deep roots. Or they could be like Cang Ya, a descendant of the three Dragon Emperors.

They looked at Long Chen with interest.

Cang Ya was walking in front as he chuckled, "Brat, I never expected you to be so powerful. So many people were driven away by you. From the looks of it, you're planning to chase us all away? "

Then he laughed.

There was a huge gap between the Great Perfection Stage and the Great Perfection Stage of the power of divinity. Those who were not at the Perfection Stage were not even qualified to face the tribulation of the Eight Trigrams.

That was why they dared to act so relaxed when they saw Long Chen's extreme martial power.

If it was just Cang Ya alone, Long Chen could contend with him.

But there were four of them, and certainly more of them were on the same level.

"How about this, an agreement. We're not going to make things difficult for you like the old guys did. We are here to find the Dragon Bow and Dragon Bolt. We can guarantee that we won't damage this place as much as possible. As a condition, we can help you prevent those who are weaker than us from coming here. Even if you do not accept this agreement, you will still have to accept it. "

Beside him, an older, taller martial artist said in a deep voice, "You have already obtained the Azure Dragon Arrow and the Emperor Dragon Arrow. You have two of the items that originally belonged to my Everlasting Dragon City. With your strength, you should be satisfied. The Dragon Binding Arrow and Dragon Bow won't fall into your hands. So, you can do your own thing without worry, and we'll look for my treasure. "

After all, from Cang Ya's place, they knew that Long Chen had a heaven-defying method called the Time Traversing Dragon. Having seen it with their own eyes before, would be extremely troublesome for them.

That's why this method was used.

Long Chen made a decision in his heart.

As long as they didn't destroy this place, of course they could. They couldn't find it anyway. Therefore, he said, "I can agree to both of your conditions."

The man put away his smile and said coldly, "Stop blabbering. Why do you have so many conditions?"

Long Chen didn't bother with what he said, and directly said: "First, since you've agreed to not destroy this place, then you must follow the rules. If it's too much, there's no need for me to keep this agreement. Secondly, Qingyou Hall is my most important place. I will stay here. I don't want you to come in. "

Bluecliff had been to Bluecliff Hall, and he knew that the Bluefire Emperor had definitely tried to look for him, but he couldn't find him either. These two conditions weren't conditions either, so he agreed first.

"You guys are lucky to be here! Other than that, if I were to see that other than you guys, there are other warriors whose strength is not as good as mine, I would still make my move. "

Finished speaking, he turned around and walked back to Qingyou Hall.

This storm was finally over.

This was all due to bad luck. There was no other way.

"Damn, this little guy is too arrogant."

"At such a young age, he nearly caught up to us. How can he not be arrogant? If the higher-ups didn't kill him, one day he would be more terrifying than all of them. If you are truly afraid of him, then the higher ups must wish to kill him. "

Only a dozen or so Dragon Emperor would actually be able to kill Long Chen. Others do not have the guts, even the Bluefire Emperor is afraid that his seniors would be disrespectful. He was also afraid of revenge.

"Brothers, whoever finds the treasure will depend on their luck. There are other brats that ran in, so remember to throw them out." This is our territory! "

Cang Ya laughed loudly. His figure changed and he disappeared from everyone's sight, looking for the Dragon Confining Bow.

The others also quickly scattered. This sort of treasure hunt was largely based on luck. They used their own methods and put in all their effort to search for it. Whoever could obtain this dao tool could be considered to have soared into the heavens. In fact, for people like Cang Ya, it was even possible for them to become Overlords in the future because of this Dao artifact!

Long Chen was sitting cross-legged in the training room of the Green Serenity Hall, cultivating peacefully.

He watched for a bit and felt that these people were still in compliance with the agreement and did not go overboard in destroying Qinglan Hall. In addition, under their warning, there seemed to be no warriors below them, but a few warriors of the same level had also come, and in the whole of Everlasting Dragon City, warriors of the same level as them had come.

As for the Overlords, although they had intentions, after hearing that even after searching for a few days, they were still unable to find anything. Thus, they did not lower themselves and fought with Cang Ya and the others for it.

Because the entire Everlasting Dragon City knew of the arrival of Long Chen regarding these four types of Dao artifacts.

The news of him teaching several hundred people a lesson that day was similarly spread. It was all about piercing the throat with a spear. This matter caused the entire Everlasting Dragon City to be furious and it was simply humiliating for them. For a moment, those malicious curses filled the entire Everlasting Dragon City.

Maybe it was because Long Qinglan had too deep of a relationship with the Everlasting Dragon City.

This resulted in the hatred they had towards Long Chen to be much heavier than the hatred they had towards the Dragon Slaying City.

Of course, Long Chen had long ignored these so-called opinions. Just like in the Slaughter Dragon City, he could also reverse these ridiculous thoughts.

His purpose of spending all day in Qingyou Hall was to cultivate.

From an increase in realm, to an increase in the cultivation and advancement of the three Heavenly Daos — Slaughter, Time, and Life. Because this was the Everlasting Dragon City, Long Chen had a better understanding of the path of time and cultivation here. If he was not worried about Cang Ya and the others messing around, Long Chen might have already gone to the ocean of time.

The sea of time was different everywhere. It was more suitable for cultivation.

Time slowly flowed by. Long Chen was immersed in the ocean of time, he was like a fish swimming in the ocean of time, experiencing the changes of time. The amount of time it took for him to reach it grew larger and larger, from a small Green Serenity Hall to a circumference of hundreds of meters before reaching a radius of more than a kilometer.

After being immersed in it for half a month, the amount of time he could touch upon it covered almost the entire Qinglan Hall. The time here was extremely peaceful, just like a lake. Only when Long Chen used the divine ability of the Way of Time would she be able to cause a slight change in time.

He enjoyed this kind of immersion.

"The entire world is actually enveloped in a sea of time. "Without this ocean of time, everything is still."

He used the sense of touch of the Great Void Cosmic Dragon to feel everything.

"A person who can control time is like someone who has a piece of milk in their hand. The stronger their body is, the greater the amount of liquid in their hands will be, and the greater the effect it will have on the lake."

What he needed to do was to make the liquid in his hands grow stronger and stronger.

These days, they hadn't been able to find any Dragon Bow or Dragon Bow Arrows. It seemed that they were somewhat anxious.

The entire Qinglan Palace was just three feet below the ground. In reality, they were certain that they wouldn't be able to find it even if they dug three feet into the ground. Therefore, they were prepared to stand guard here for a long period of time, observing and thinking. There were also a few people who paid attention to the situation at the Qingyou Hall. They had found several excuses to come over and take a look, but they didn't find anything. Only then did they head out.

"Where are these two treasures?"

Long Chen was also very curious.

He touched the time around him, this lake that was very peaceful and flowing.

At this moment, he suddenly felt as if there was a place in the entire Qinglan Palace where the flow of time was much slower.

"This place is ..."

Chapter 2188 - Darkness Tentacles

Long Chen had been to this place before, but he remembered that this was a pavilion in the middle of a mountain. In the past, Long Qinglan had also stayed here, and whenever morning arrived, he would practice his basic martial arts here. One step at a time.

Long Chen could sense that there were differences in the flow of time here. It was right beside this pavilion that Long Chen remembered that there should be several tall and ancient trees here. The question was, what was so strange about this place?

Could it be that the Dragon Binding Bow and Dragon Binding Arrow were located in this place?

As he thought of this, he stood up and flew towards the pavilion at the back of the mountain. Several gazes fell on him. Sure enough, there were more people who came to search for treasures. Furthermore, most of them were things that Long Chen had to put in a lot of effort to deal with.

If that were the case, then Qing Lan Hall would probably be smashed to smithereens.

Thus, he could only endure.

With his speed, it didn't take him long to reach his destination. Just when he was about to search for that place, he found that Cang Ya and three other warriors of the same level were sitting in the pavilion, drinking and chatting, looking relaxed. Their wine was extremely fragrant and was probably brewed from precious immortal spirits. One could smell the fragrance from far away, and with just a whiff, one would feel refreshed.

Long Chen had actually wanted to directly control the Dragon Binding Bow and Dragon Bolt if he could. He wasn't sure of himself, and with the people around him getting so close, he was sure it wouldn't work.

He looked in that direction.

In the middle of an ancient tree on the left, Long Chen instantly found what he was looking for.

They were two ancient trees that were extremely close to each other. Currently, they were withered, rotten, and not even their leaves remained, but they had an extremely strange part, and that was that their tree trunks had actually twisted and intertwined, forming something that looked like a spiral. However, Long Chen felt that it was as if two old lovers were hugging each other.

"As expected, they are these two trees. Even the Dragon Binding Arrow and Dragon Bow are inside. "

After all, this was a Dao Artifact with 700 Dao patterns. If he could control it, his strength would definitely increase by a level. However, with a fly by his side right now, it was basically impossible to obtain it, so Long Chen could only restrain the thirst in his heart.

It was something that Long Qinglan had left for him. In his heart, no matter who it was, they would not be able to touch it. Not to mention fighting with him for it.

They did not have the point of light in Long Chen's hand, so Long Chen was not worried that they would notice it.

At this time, Cang Ya and the others discovered Long Chen.

"Heh, what are you doing out here? Are you monitoring us? "Little guy!"

They laughed.

"We have already kept our promise. We didn't destroy your 'precious' Blue Tide Palace, did we? Do you want to come over and drink with me? "

They teased him without restraint.

Long Chen looked at them coldly, saying, "Have you still not found it yet? If not, are you planning to keep searching here? Don't you have any proper work to do? "

Cang Ya said, "Is it your turn to worry? Go back to your Qingyou Hall and cultivate. The Dragon Binding Arrow is ours, so don't even think about it. "

They were obviously people who wouldn't give up until they reached the Yellow River. If he wanted them to retreat first, he would have to defeat them. Long Chen was currently in the late stage of the Triple Calamity, if he succeeded, with the addition of the Emperor Dragon Arrow, he would probably be able to defeat Cang Ya. It would be hard for them to reach the body of a SemiGod but it would take Long Chen at least a month to reach the late stage of the Triple Calamity.

At that time, they would have a better chance of collecting the Dragon Binding Bows and arrows.

Thinking about it, Long Chen returned.

He just had to endure another month.

After Long Chen left, the few of them started to discuss.

"Motherf * cker, what kind of dog stuff is this? Isn't Long Qinglan's dog stuff just hiding a Dao Artifact?
"Why are you hiding it so tightly!"

"Cang Ya, could it be that the Azure Fire Emperor has already taken it away and is trying to trick us?"

Cang Ya shook his head and said, "Impossible, from the looks of Bluefire's expression, he's obviously suffering a loss. He has lost to Long Qinglan his entire life, so it is normal for him to lose again. If he finds out about this, he would be overjoyed. "

"Then, where do you think the two treasures will be?"

"If we continue to search like this, we won't be able to find a way out. There are too many restrictions.
"It would be better to destroy the entire Qinglan Palace. I don't believe that I can't find it."

Cang Ya laughed coldly and said, "If you want to destroy everything, I'm afraid even the Dragon Emperor will come find you to settle the score."

At this time, someone said, "Actually, I feel that the most likely outcome is still's usual time at the Green Serenity Hall. Otherwise, Long Chen would not occupy that place, and looking at him, he seems to be planning something, would we be tricked by that brat? "

"Impossible. We have already searched all of Qingyou Hall." "Even Bluefire was searched." The Azure Cliff Road.

"I refuse to believe that I won't be able to turn over Qingyou Hall. I'll just find an opportunity and do it!"

The man stood up and began his plan.

Long Chen, who was occupying the center of the Serene Palace, naturally didn't know what they were thinking. He had already found the position of the Dragon Binding Bow and the Dragon Binding Arrow, and put all his experiences into raising his realm, absorbing the energy of heaven and earth to strengthen himself. Considering his current efficiency, it seemed as if he would soon break through to the late tribulation.

Fifteen days later, Long Chen opened his eyes!

There was someone in the room!

He immediately stood up and was about to attack, but he saw that the person was actually Dragon Emperor Yongye.

Her long silver hair shone with a charming light in the dark night.

The Eternal Night Dragon Emperor looked at Long Chen with his calm and gentle eyes, and said softly, "It's been a while since we've seen each other, and yet you have improved."

"This junior greets Dragon Emperor Yongye." Long Chen nodded.

The question was, why was she here?

Dragon Emperor Yongye's eyes looked at the painting on the wall and revealed a nostalgic expression. The corner of her mouth slightly rose as she said, "I didn't expect him to leave something like this for you."

What she was talking about were the four Dao tools.

There were two things that he had yet to get his hands on.

"Looks like there's nothing that can be hidden from you." Long Chen said.

Dragon Emperor Yongye smiled slightly and said, "Don't worry. This is what belongs to you. Only you can find it. No one else could have it. When you have the ability, go and collect it. "

If Cang Ya and the others were to hear these words, they would have definitely gone mad. They spent a great deal of effort to find it, but they never thought that it would be impossible for them to obtain it.

Even the Bluefire Emperor wouldn't be able to get one.

Because, they couldn't possibly be smarter than Long Qinglan.

"The reason I'm looking for you today is because the agreed time of one month has come. Didn't I say that you are allowed to see your father once a month? Now, a month had passed. I'll keep my promise and take you there. "

So it was this matter. Long Chen had made them so annoyed these past few days that they had forgotten about this matter.

The reason he was staying here, was to accompany Long Qinglan, to find out what exactly had happened.

Therefore, he hurriedly nodded, and said. "Thank you, Dragon Emperor Yongye."

After hearing Long Qinglan's news, all of his attention was focused on this place.

"Alright, follow me."

only felt a gust of violent wind blow onto his body. In the blink of an eye, he had already appeared outside Qinglan Hall, and after that, the surrounding scenery changed once again. Not long after, he arrived at Weiyang Palace.

Weiyang Palace was huge, but only the Eternal Night Dragon Emperor was present here.

Other than the other two Dragon Emperor s, no one else had the qualifications to enter. Therefore, Dragon Emperor Yongye had not revealed himself in front of everyone for a long time.

"Follow me."

Dragon Emperor Yongye walked in front.

Long Chen immediately followed.

Last time, he saw Long Qinglan who looked like a monster! It was a grief he could not understand. He had to figure out what was going on. He wanted it so much, so he was working hard to grow. He believed that as long as he was strong, he would understand everything!

Soon, they arrived at the backyard.

This time, the Immortal Dragon Emperor was not around.

The Eternal Night Dragon Emperor gently and delicately brought him into the dried-up well. The slow crying of infants still came from below, which was extremely terrifying. Long Chen even smelled a very disgusting stench, which was the smell of bugs.

After going through a deep tunnel, Long Chen arrived at the bottom of the mountain. Below his feet, there was a huge black meatball, as well as hundreds of octopus tentacles.

This scene was disgusting and cruel.

Dragon Emperor Eternal Night had seen it countless times. She saw Long Chen's eyes tremble and said, "I'll let you accompany him alone in peace. I'll be up here in an hour. I'm afraid you might have stayed too long, so it might affect the time you have here. "

"Yes."

Long Chen nodded.

Right now, he didn't know what was going on, so he felt that it was enough to stay with Long Qinglan. He was also very grateful to Dragon Emperor Yongye for giving him this chance.

Darkness.

The octopus's tentacles gently brushed past, as though it could not feel Long Chen's existence.

On the ball of flesh, countless baby heads were gently swaying. It was extremely slow, because time was being controlled here, becoming slower.

"Father!"

Looking at him in this state, Long Chen's heart felt extremely bitter.

Is he dead or not? Why did this happen?

What was the secret behind all this?

There was no solution.

Only the flailing octopus tentacles proved that time was still running out.

Perhaps the hour he would be able to spend with her would soon come.

"Father, give me some time, I will figure out the fog behind all of this! I will give you an explanation! "

It was as if a shadow was approaching, causing people's hair to stand on end.

"Chen Er!"

Suddenly, a familiar voice was heard across Long Chen's face!

Long Chen lowered his head in incomparable shock.

He was shocked to see countless babies looking up at him with their pure eyes. Although the babies were pure, the black meatballs were just too ferocious. When put together, they looked even more bizarre.

However, hundreds of heads were looking at him!

This was not an illusion!

"Chen Er, quickly let me out! I'm your father! Chen Er! Hurry and save me! "

The voice that came from deep within his memories kept hitting Long Chen's ears, bringing Long Chen a huge shock!

Chapter 2189 - Unfilial Children

Long Qinglan!

The baby's head seemed to have broken through the time limit as it shouted at Long Chen.

However, Long Qinglan's voice came out of the baby's mouth.

"Hurry up and save me, otherwise it'll be too late!"

He stressed again, and looked at Long Chen with extreme urgency.

At this moment, Long Chen was already shocked, of course he had never thought such a thing would happen, no matter what, Long Qinglan would not wake up at this moment. However, the truth in front of him was very clear!

Whether or not he was saved had become a huge problem in Long Chen's heart!

On the one hand, he still had a trace of suspicion in his heart. He suspected that the person he was talking to was the one he had heard and heard.

On the other hand, that familiar voice and anxious call made Long Chen's heart tighten. If that real father was speaking to him, and if he were to miss this opportunity, Long Chen simply could not imagine how he would regret it in the future!

After all, there weren't many opportunities for him to actually see Long Qinglan, and he would need to see him alone.

In that moment, Long Chen was in a dilemma. To him, the word 'father' was far too important. He stared blankly at the hundreds of babies calling out to him.

"Chen Er, I really am your father. As long as you get me out of here, I'll be back where I was. Try it and you'll know. "Hurry up, when they come in, you won't have the chance!"

Long Qinglan's urgent voice still resounded in Long Chen's ears.

Long Chen's body trembled. The urgent look in the baby's eyes, as well as his desire for the truth made him unable to help but approach. At the same time, he gradually believed the words of the monster in front of him.

The pungent smell caused Long Chen to wake up a little.

"Come and save me! "Faster, faster, faster!"

He seemed to be suppressing the passage of time. It would be difficult for him to speak so quickly.

In that instant, Long Chen saw the eyes of countless infants, filled with urgency, desire, and even a hint of malevolence, and a trace of cunning.

They were even more excited!

"It can't be him!"

Long Chen instantly woke up, it was likely that this was a fake, and not the real Long Qinglan. Ever since Long Qinglan had died in White Yang Town, all he saw was heavy and tranquil, never before had he been so sinister, so anxious, and even a little strange. Therefore, he dared to accept ...

He must be lying to himself!

Therefore, he hurriedly retreated!

Just as he was about to leave, there were indeed a few octopus tentacles grabbing towards him. Luckily Long Chen was quick enough, he returned to his original position, if not he would be caught up in it!

"You unfilial son, do you want to kill me? Hurry and save me! "

The countless infants began to roar.

"Just who are you!"

Long Chen could not help but shout, his eyes staring straight at the monster.

At this moment, everything seemed to come to a standstill. Those babies once again closed their eyes and mouths, their heads hanging down as if they were asleep. The swaying speed of the octopus's tentacles also slowed down.

He returned to his original form.

Long Chen breathed heavily as he looked at him. He was more clear-headed now, but he was also frightened.

This was what happened to Long Qinglan's body.

With his current performance, who was the one controlling this body? Who was the one who had made that noise just now?

Countless mysteries caused him incomparable pain.

"Father, what is the truth? Where are you? If you've always been like this, then you really won't be able to wash yourself clean even if you jump into the Yellow River. "

He felt very helpless!

However, no matter what he said, the monster did not respond.

In reality, Long Chen still could not confirm if the person who spoke to him just now was Long Qinglan or not. He had been cautious.

But not long after, Dragon Emperor Yongye entered.

She said, "What are you talking to yourself about?"

Long Chen replied: "No, talk to my father for a while."

"Oh." Dragon Emperor Yongye nodded. She looked at Long Chen with a gentle and compassionate gaze and said, "Child, to be honest, I don't particularly believe that the one controlling this monster's body is your real father. I understand Qinglan, he is full of ambition and righteousness, he won't ...

"Such a person ..."

"Hmm?" Looks like this Dragon Emperor Yongye is a good person.

Long Chen said: "Thank you, I understand."

"Let me send you back."

The two of them came out of the dried up well.

The Eternal Night Dragon Emperor had sent him back to the entrance of the Qinglan Palace before he left. Long Chen was weighed down by heavy matters, his mind was still filled with that monster's struggles earlier.

"Forget it. I'll go in a few more times anyway. When the time comes, I'll see what's going on."

Now that he was always worried about her, it didn't seem like a solution.

A month's time had arrived in the blink of an eye, and now, it was estimated that it would take less than half a month to reach the late stage of the tribulation. Long Chen still placed his focus on cultivation.

"Let's drive these people away first."

He returned to Qinglan Hall. In the darkness, there were many people watching him.

Long Chen suddenly had a bad premonition. Rushing all the way, he arrived at the entrance of the Green Serenity Hall and could not help but clench his fists. At this moment, he truly had the heart to kill.

At this moment, the entire Serenity Hall was in a mess. All the books on the bookshelves had been turned to the floor, the desk had been torn apart, the floor had been dug up three feet into the ground, and even half of the wall had collapsed. Most importantly, half of the painting on the wall had been torn off!

They actually came in to search while he was gone!

Seeing the mess inside, which was the most beautiful place in their memories, yet it was now a mess, this was simply blasphemy to the divinity in Long Chen's heart, it was intolerable! His eyes couldn't leave these damaged areas, especially the painting by Yang You.

The painting.

To be honest, he had not been this angry in a long time. He picked up the other half of the painting from the ground, but it was a pity that such a weak thing like this could not be recovered.

He was trembling as he kept the two halves of the painting into his God Kingdom, where Long Qinglan and Yang You were split into two.

He took a deep breath and walked out. Cang Ya and the others were standing at the side, a total of six or seven late stage Seven Star tribulation of reincarnation warriors, and they claimed to be Long Chen's elders. At this time, they were laughing and chatting happily without restraint.

"Little guy, I'm really sorry. We've searched for so long but still haven't made any progress. We can only go in and look for it in detail. It seems that we've messed up inside." But we believe that if you pack up, you will be able to return to your original state. Therefore, this was not considered a violation of the agreement. Just be a good boy

Go train well. We still have to find the Dragon-Binding Arrow. Damn it, where exactly did Long Qinglan hide the treasure? "

They laughed at each other.

"Let's go, let's go, let's not disturb his tidying up."

Cang Ya urged everyone.

Long Chen took out the two halves of the painting, and asked word by word: "Who tore this painting apart?"

As Cang Ya and the others were walking forward, they turned around to see the frost on Long Chen's face. They had expected it, but of course they didn't say that. They glanced at the painting, and Cang Ya said, "This seems to be Long Qinglan and Yang You. They had a good relationship, Long Qinglan had never gotten married, even though he had a good relationship with his.

He smelled a lot, but he didn't seem to have been with any woman. Yang You is his servant, but her looks are still alright. Little guy, your mom can't be that smelly servant girl, Yang You, right? "

The maidservants from back then had now climbed on top of his head, becoming characters on the same level as the Azure Fire Emperor. Cang Ya's heart was filled with envy.

Long Chen did not reply him, and instead asked, "Who was it that tore this painting apart?!"

Cang Ya curled his lips and said, "Just treat it as me tearing it apart. It's not a big deal anyway. "

In fact, it wasn't him.

But it was no longer important.

"Alright."

Long Chen put away the painting, and looked deeply at Cang Ya. This gaze, was his most cruel, most bloodthirsty gaze! Within it was hidden an endless amount of killing intent.

He casually said, "Cang Ya, enjoy the last ten days of your life."

Finished speaking, he turned around and walked back to the center of the hall. He closed the door and did not clean it up. Instead, he entered Long Qinglan's training room.

After entering, he sat down cross-legged.

The power of rage caused the flames all over his body to burn and his blood to boil. The power of gathering all over his body was like the roaring of the sea, the divine power of the Great Beginning, and the power of reincarnation intertwined and swallowed into the power of heaven and earth, constantly increasing.

Outside the door, Cang Ya and the others looked at each other.

"This guy's eyes are really bloody, he really dares to kill people in Everlasting Dragon City? Not afraid of death?" Someone said.

"Bluecliff, you have to be careful. I heard that his cultivation is progressing very quickly, and we're only a sliver ahead of him."

At first, no one was worried, but now, they felt as if a huge weight had been pressed down on their hearts.

The look in Long Chen's eyes when he left, although he was still a youth, but to be honest, the hatred and killing intent in his eyes was really too strong.

"Should we kill him now?"

Someone suggested.

"Is your brain filled with water?" Who would dare to kill him? It was Dragon Emperor Yongye who brought him here! "

Cang Ya scolded.

He thought back to when he was defeated by Long Qinglan, then defeated by Yang You. Now, even Yang You had greatly surpassed him, and he was even afraid of Long Qinglan's son?

He was unwilling!

Therefore, when his head felt hot, he said angrily, "What kind of joke is this?!" How many days do I have left in my life? Ten days is enough for him to fart. Everyone, don't think too much about it. "Let's continue searching for your treasures."

After which, he turned and left, leaving the crowd looking at each other in dismay.

"To be honest, we are exaggerating a bit. Just a child. Other than those who possess the body of a demigod, is there anyone else in this world who can kill us? "

They burst into laughter.

On the other hand, Long Chen used his anger as energy, accumulating it, and rushing forward to make his final breakthrough.

Chapter 2190 - Celestial Dragon Emperor

Weiyang Palace.

The darkness of night enveloped Weiyang Palace.

In the depths of the well, a huge black ball of flesh was slowly squirming.

Surrounding him was the Time Seal.

Hundreds of octopus-like tentacles swayed in the air and sprinkled a black mist around. Gradually, the fog surrounded the area and darkness enveloped everything.

In the deepest depths of the darkness, the time seal loosened slightly, and the black ball of flesh began to tremble. In the deepest depths of the darkness, the time seal, slowly loosened slightly, and the black ball of flesh began to shake.

Beast claws.

A pair of claws supported the ball of meat, and each baby's head crawled out from the ball of meat. A pair of claws supported the ball of meat, and each baby's head crawled out from the ball of meat.

It appeared outside!

However, that black skinny body was completely different from the baby's head.

At this moment, time seemed to have sped up. The baby's head actually gradually transformed into a ten-year old teenager. Their facial features and noses became clear, as if they were being cut by swords. However, the color turned black, their skin became rough, and their heads ...

He also became skinny.

All of a sudden, they opened their bloodshot eyes, full of passion, desire, and malevolence. They licked their dark lips with their long tongues, making a "bada bada" sound!

"Hehe, I've finally loosened my grip!"

Countless youths cheered. They excitedly waved their arms with bloodshot eyes. The giant ball of meat quickly squirmed, causing the time seal around to collapse. The countless octopus tentacles moved even faster.

"Wait till I get out, I'm going to eat you all, you bastard!"

Countless youths licked their faces in excitement.

That was the look of Long Qinglan when he was young.

Several hundred youths said the same words. It was extremely strange.

"Soon, soon!"

As they chanted, the excitement in their eyes became more and more intense.

It was as if the entire well was being loosened.

At this time, two rays of light suddenly appeared in the sky. They were the Immortal Dragon Emperor and the Eternal Night Dragon Emperor.

"How could it be loose!" The Immortal Dragon Emperor was shocked and roared.

"Stop talking, hurry up and attack!"

Dragon Emperor Yongye rushed down.

"Damn it, all of you deserve to die!"

On the meat ball, when the two Dragon Emperor s appeared, countless of youths immediately roared in anger, showing expressions as if they were going to eat someone. Very fierce. The several hundred octopus tentacles also attacked the two Dragon Emperor s, releasing a large amount of smoke that was filled with an unbearable evil ...

Stupid!

"Damn it!" "Time Confinement!"

The Immortal Dragon Emperor had instead surpassed the Eternal Night Dragon Emperor. Both of his hands formed a palm and cast a net, countless transparent threads that intertwined with the monster.

"Die!"

The monster waved its octopus tentacles, the power it triggered immediately caused the entire Everlasting Dragon City to tremble. At that moment, countless people were alarmed, and looking at their surroundings, many people realized that the origin of life came from Weiyang Palace, the territory of the third Dragon Emperor!

"What the hell is going on!"

Almost everyone looked in the direction of Weiyang Palace in shock.

They never could have imagined that the Everlasting Dragon City would experience such a great shock. Considering the stability of the Everlasting Dragon City, this could only be accomplished by strong experts of the Dragon Emperor level. But the problem was, the fifteen of them had very good relations with each other, so even if they wanted to spar, they would still have to compete with each other ...

It's not going to be in the Everlasting Dragon City!

For a moment, the entire Everlasting Dragon City was in an uproar.

Long Chen, who was currently cultivating, naturally felt the trembling of the earth.

"Don't even think about imprisoning me!"

All of a sudden, such a voice could be heard in his ears.

It's Long Qinglan's!

Long Chen stood up from the ground in shock, and looked towards Weiyang Palace. He reckoned that without Dragon Emperor Yongye leading the way, he would not be able to find Weiyang Palace.

The Immortal Dragon Emperor was fighting against the monster!

The transparent threads tightly wrapped around the monster's body, imprisoning its movements. At this time, Dragon Emperor Eternal Night rushed down and reinforced the time seal with the power of time. Unknowingly, the time seal had loosened a bit. During this period of time, the Eternal Dragon Emperor must die!

Imprisoning that monster, or else even Dragon Emperor Eternal Night might have been injured!

"His strength has actually grown to this extent!"

The Eternal Dragon Emperor was extremely shocked in his heart.

The monster was struggling in terror. The immense power caused both of the Eternal Dragon Emperor's hands to bleed profusely. One could see just how terrifying his strength was!

"Let me go, let me go! "Two ants!"

On the ball of meat, hundreds of youths had blood-red eyes as they howled.

"Junior Sister, hurry up!"

The Immortal Dragon Emperor couldn't help but exclaim.

This monster's power was beyond his imagination. If he did not quickly finish this, it was very likely that the Eternal Night Dragon Emperor that was very close to the monster would be injured.

The Eternal Night Dragon Emperor was extremely calm, as he reinforced the arrays at each and every corner of the array!

"You guys can't stop me anymore!"

The monster laughed maniacally.

He brandished the octopus tentacles, the threads of the Immortal Dragon Emperor were actually breaking right now. Once all of them were broken, even the Eternal Night Dragon Emperor would be in danger!

"Haha, I'm about to escape!"

The hundreds of youths laughed loudly at the same time.

At this moment, a beam of starlight suddenly shot out from the well, directly piercing through the monster's meat ball. At this moment, a beam of starlight abruptly shot out from the well, directly piercing through the monster's meat ball.

Quickly heal!

That beam of starlight caused the Immortal Dragon Emperor to finally heave a sigh of relief.

"Second Bro, you've finally arrived."

He controlled the thread in his hand and cast a net. When the monster cried out, it completely surrounded him, preventing him from moving an inch. Dragon Emperor Yongye also took advantage of this period of time to reinforce the seal. With the cooperation of the two of them and the attack of the third person, it would definitely not be easy for him to seal the seal.

After roaring for a while, the monster finally stopped.

All of the youths closed their eyes and lowered their heads.

On the dry well, a ray of starlight slowly descended, landing between the two Dragon Emperor s. The starlight flashed, and people's faces could not be seen clearly, as if countless stars were revolving around the starlight. This person was one of the Everlasting Dragon City's three Dragon Emperor s, the second Dragon Emperor.

as the Dragon Emperor of the firmament.

At this moment, they were finally able to imprison the monster once more.

The three of them were trembling with fear.

The Immortal Dragon Emperor's face was filled with anger as he said, "What's going on? You were guarding here but something still happened. This time, if not in time, we would be finished. "

Dragon Emperor Yongye's expression was slightly cold as she shook his head and said, "Is it because his growth is too fast? If this goes on, we will have no idea what we can do to deal with him. "

"Very simple, I will go kill him! Now that it has been sealed, this is its only chance! "

The Immortal Dragon Emperor shouted in anger.

"Halt."

Dragon Emperor Yongye stood in front of her, looked at him coldly and said, "You still can't kill him. At least, we don't know anything about him yet."

The Eternal Dragon Emperor sneered, "Junior sister, you have to wait for him to grow. Only until we can't control him and let him continue harming the common people will you be satisfied! "You should get out of the way. Let me kill him now and end this once and for all!"

At this point, he was already prepared to make his move.

Dragon Emperor Yongye's eyes were slightly red as she shook his head and said, "You can't kill him, he's your son. He was like a tiger that didn't eat its prey. How could you kill him? "

The Immortal Dragon Emperor was stunned, he shook his head and said, "Bullshit, he's not my son anymore."

As the two of them were persisting, the Dragon Emperor in the sky beside them said in a young voice: "Both of you, my opinion is that after observing for a short period of time, if that is still not possible, we can only kill them. At that time, Yongye, you don't have to make trouble. After all, your decision will affect the heavens ...

the underworld. "

This is a compromise.

He would delay it a little, but if the same thing happened again, then he would have to make a move.

Under the pleading of the two Dragon Emperors, the Eternal Dragon Emperor finally chose to compromise.

"From today onwards, I will be guarding the tower." The Immortal Dragon Emperor snorted coldly and rushed forward.

"Thank you." Dragon Emperor Yongye said to the one in the sky who was beside him, and then he started to rise as well. When they had left the place, the Dragon Emperor looked at the monsters below and muttered: "Alright, Long Qinglan."

After laughing for a bit, he rushed into the sky and became a star on the Everlasting Dragon City, quietly spinning.

The tremors finally disappeared.

Long Chen had the Star Rune that Eternal Night Dragon Emperor had left for him. After thinking for a while, he still gave up on contacting her. Instead, he calmed down and trained.

With his current strength, he wouldn't be able to find out any secrets.

He could only improve himself!

At the same time, he also had to fulfill that painting's oath. This was extremely important to Yang You, but Long Chen was unable to protect him. Therefore, he had to give Yang You and himself an explanation.

Time passed slowly as they cultivated in silence.

The power gathered bit by bit, and with the body of a three-layered Ancestral Dragon, he was unrivalled in the world. With this kind of increase in power, it was very easy for him to progress from the early stages to the late stages of tribulation of reincarnation. After a total of ten days had passed, he finally completed this breakthrough.

His own ability had risen to another level.

The power of reincarnation in his body rose rapidly, reaching a new peak. This was the power bestowed by reincarnation, and it filled his limbs and bones, causing him to advance by an incomparable amount.

After everything was over, Long Chen finally stood up from the ground.

The people of Qingyou Hall still hadn't cleaned up.

He took the painting out of the New World and looked at it for a while.

"Aunt You, that painting was destroyed." Long Chen connected to the star talisman.

On the other side, Yang You was very calm when she heard this news.

Long Chen told her everything that had happened recently.

"Is that so?"

Yang You seemed to be lost in thought.

It could be seen that she was still very regretful.

"Go and kill him, Cang Ya, right? A good-for-nothing had lived for far too long. "He doesn't have the right to reach where he is now." Yang You finally said.

"Then do you believe that the person who spoke to me was him?" Long Chen asked about something else.

"That will depend on yourself." Yang You said.
