

War God 2201

Chapter 2201 - Fatal Fight

And Long Chen could imagine all these.

Now that Li Xuanji was his Yin Mo Xie, as long as he wanted to talk to her, no matter how far away she was, she would be able to hear it. Therefore, on the way to Weiyang Palace, Long Chen assured her that no matter what she heard, she would not believe it.

Everything had its solutions.

Long Chen stood in another corner of the deep courtyard. Just as he was about to speak, the Immortal Dragon Emperor waved his hand, and a terrifying restrictive power immediately pressed down on his body, preventing him from moving even the slightest bit. It was as if time had slowed down, and this was also the type of time seal that sealed Long Qinglan.

The area below the head was completely sealed.

The Immortal Dragon Emperor stared at him with his sharp eyes and sneered: "I say, why are you father and son so terrifying in terms of strength and talent? You guys aren't humans in the beginning, but are monsters like this! Long Chen, you really hid it well, when you first saw that monster earlier, your eyes revealed such a shocked and excited expression, you really tricked me. "

Of course, when everyone saw the change in Long Chen, he too had the authority to suspect Long Chen.

Behind him, Dragon Emperor Yongye angrily glanced at him and asked, "Eternal life, they are monsters, then what are you?"

The Immortal Dragon Emperor said coldly, "Now is not the time to talk about this. Who knows if Long Qinglan, who became the Eternal Dragon Emperor later on, was the Long Qinglan that he was supposed to be? Perhaps the real him had already died. And the person in front of you is probably that kind of monster from beginning to end. This is definitely possible. Otherwise, how can you explain why the human race possess such terrifying talent? I think that the Unparalleled Dragon above can be explained, but don't you think defeating seven star tribulation of reincarnation in the Tribulations is just bullsh * t? Unparalleled Dragon, you definitely can't do it! "

It seemed that they had been doubting the strength of the other party as well.

But Long Chen couldn't tell them that he had a ancestral dragon-inherited blood.

Only Yang You and the two Dragon Emperors knew of that matter.

"Can I say something?"

Long Chen interrupted them.

Long Chen said to Dragon Emperor Yongye, "I swear to you, before coming to the Everlasting Dragon City, I definitely haven't seen the monster you all speak of. Previously in the Sea of Time, I encountered something that was exactly the same as the one my father was in right now. He claimed to want to turn me into someone of his kind and take me away, but I was lucky enough to escape so I immediately told it to you. I also know something else. This kind of monster is not some evil demon, its name is Black Demon Beast, I think they probably belong to something you guys have never heard of before, the Heaven-Devouring Tribe! "

From the encounters in the battlefield of the gods, to the slaughter of the dragon tomb, to the current Black Hell Beast.

Dragon-Devouring Beast, Heavenly Blood Hell, and Black Yama Beast.

All sorts of strange creatures gradually appeared on the surface of the water. Although they were extremely rare, they were still extremely terrifying.

The two Dragon Emperors listened carefully to Long Chen's words.

"Black Yan Beast, Heaven-Devouring Tribe?"

They seemed to be speechless.

The Immortal Dragon Emperor shook his head and sneered, "Stop making it up. I've cultivated for almost 70,000 years, but I've never heard of such a thing. Who told you about the words' Heaven-Devouring Race '?"

Long Chen remembered seeing a huge beast at the wall of the War God's Tomb, then being devoured and sucked into the endless starry sky. It was a huge beast the size of a Dragon Sacrifice Continent, lying horizontally in the starry sky, claiming to be of the Heaven-Devouring Race. As for the Black Hades, the Dragoneater Beast, and the others, they were all part of the sculptures. They were all quite similar to each other.

However, if this unbelievable matter were to be told to the Immortal Dragon Emperor, he might find it even more unbelievable!

She said, "Long Chen, in fact, I don't even know what happened. Even though I believe in you, it is true that we did not find your so-called Black Hell Beast in the ocean of time that day, and now that the news of what happened to you before has spread, I'm afraid that everyone in the world wants us to kill you. So from today onwards, we definitely cannot let you leave this place, unless some water falling out of nowhere."

Even though the Immortal Dragon Emperor was very powerful, he seemed to give in in front of Dragon Emperor Yongye and he said, "However, this matter can't be dragged on forever. Even if the public opinion outside were to spread, we wouldn't be able to stop it. So, unless you can prove the truth of what you just said, I can't do anything anymore if Yongye wants to help you! "

This was the truth!

Even if they were high above, as the rulers of the common people, they wouldn't be able to reverse the hopes of all the other races. Furthermore, the Eternal Dragon Emperor never liked Long Chen, so why would he bear such infamy for them?

Dragon Emperor Yongye wanted to say something but stopped himself. He could only sigh and look at Long Chen. His beautiful face was filled with sadness.

"As long as I can prove that I have nothing to do with that monster, is that all?"

Long Chen looked at them with blazing eyes.

"How do you prove it?" The Eternal Dragon Emperor snorted coldly.

However, Long Chen's expression did not change. His many years of experience had given him extraordinary perseverance, he gritted his teeth and said word by word: "As long as I force something that enters my body out and let you see its original form, wouldn't that be fine? Of course, the prerequisite is that you all have to give me a certain amount of room to move around, otherwise, even I would not be able to move at all, so how are you going to deal with it? "

"Want to run?" Don't think about anything stupid. Even if we don't imprison you, you won't be able to leave this place. " The Immortal Dragon Emperor said in disgust.

Long Chen looked at him quietly, declining to comment.

At this time, Dragon Emperor Yongye walked over, removed the time seal and expanded the time seal. He gave Long Chen a sphere of space with a radius of around ten meters, which was enough for him to move around. Her beautiful eyes flickered as she looked at Long Chen, shook her head and said, "Child, now that public opinion has been formed, I am similarly unable to help you. I want to know the truth just as much as you do, but I cannot blindly trust you because this matter is extremely important.

At such a juncture, Long Chen could actually smile.

He was already satisfied that there was still room for movement.

He smiled and said, "Rest assured, just wait for my good news. I am not that easy to fail! "

In all these years, what kind of opponent hadn't he encountered before?

He had even fought against the City Lord of Wasteland, as well as that Black Demon Beast, not to mention a worm that was hibernating in his body!

Just like the Gu he had encountered before.

However, the Black Demon Beast was much more terrifying than the Gu. Even now, he could not find any trace of it, as if he had completely disappeared into Long Chen's body.

It was as if there was no such thing.

With Long Chen's degree of control over his body, he could tell that the Black Hell Beast was absolutely terrifying. The behemoths that they had seen in the starry sky were even more terrifying. Since they were in the same series, they naturally had the ability to defy the heavens.

"Wait, Black Yama Beast?"

Long Chen seemed to remember that there was a person called Hei Yan Emperor.

That person was Long Qingyue's husband. Every time he appeared, it was extremely strange.

He could not help but have doubts in his heart, and asked Dragon Emperor Yongye: "What kind of person do you think the Black Emperor is?"

Eternal Night Dragon Emperor didn't think that he would suddenly come here. She looked at the Immortal Dragon Emperor and said, "Isn't that his son-in-law? His talent was similar to Bluefire's, but he had walked step by step to reach this point. He was once a famous figure in the younger days of the Dragon-Devouring City. He had competed with Qinglan before. In the future, you will be a strong competitor of the Devouring Dragon City's Dragon Emperor.

The Eternal Dragon Emperor's gaze grew deeper as he almost roared in a low voice, "Kid, I didn't even settle the score with you after you killed my daughter once. Are you doubting Chen Ting? Black Hell Emperor? Was it because of the Black Hades? Haha, as expected, the name of Black Demon Beast was invented by you. Are you trying to frame him? Do you need me to go to the Swallowing Dragon City and find him so that I can kill him in front of you? "

It had been many years since he was this excited, and it could be considered as him being forced by Long Chen.

Dragon Emperor Yongye shook his head and said, "Long Chen, you're overthinking it. Even if what you said is true, it could only be a coincidence. And I was one of those people who paid attention to him when he was very young. "

"Ignore him. Let him prove that he was not that Black Hell Beast! If you can't prove it, no one can save you. If you don't hurry up, your life really won't be long! " The Immortal Dragon Emperor ridiculed.

After he finished speaking, his body gradually disappeared.

"Remember, wait for your good news, Long Chen!"

Seeing him leave, Dragon Emperor Yongye also said, "I'll stay nearby. If I don't disturb you, you should think about how you can solve your problem. "If you need help, I can give it a try. To be honest, I've already checked your body. You're no different from a normal human, and there's nothing suspicious about you either."

"No need, I'll do it myself!"

Long Chen's voice was filled with power.

He began to close his eyes and sit cross-legged on the ground. He slowly recalled everything that happened today, as well as the state he was in when he woke up. He recalled the blood and terror he felt during that time.

He began to search from every little corner of his body.

"Where does it actually exist?"

Ling Xi's sword could injure the soul.

had not used it for a long time. Back then, he could still use it in battles, but it had not been very useful recently. He wanted to use Ling Xi to test it out, but after stabbing into his body, not only was his primordial spirit stabilized to the point where he could not feel anything, he was unable to find Black Yan Beast either.

But he did not give up.

When he thought about how that adorable woman was working hard to fuse a stellar nucleus for him on Heavenly Dragon Star, about the child that might exist in her womb, about how he or she would be born in the future, and about how he was her father ...

In that moment, Long Chen's eyes gradually became bloodshot!

"I can't die here!"

He clenched his fists tightly, blue veins popping all over his body. At this moment, this should be the biggest challenge he would ever face in his life!

Chapter 2202 - Undercurrent

Such a news had already attracted the attention of the Dragon God Domain, causing countless people to discuss about it.

He liked to say that in the Everlasting Dragon City, at least a hundred people saw it with their own eyes, and there was no doubt about it. The twenty-odd girls who had died were also very clear evidence. It was truly difficult to doubt the authenticity of this matter. Although those people from Long Chen found it hard to believe that this was the truth, it was no longer important what they thought when the people around them said it like this ...

For example, the War Dragon clan.

They had already treated Long Chen as a myth, so they naturally wouldn't doubt him in the slightest. Currently, as part of the third clan, they naturally had to frequently interact with other people, and for this reason, they had encountered many ridicule and humiliation. Every time someone spoke ill of Long Chen, they would refute, resist, and in the end, become enemies.

It was just that after Long Chen had died, there was no longer anyone who protected them, and their status had plummeted. If not for the Thousand Snow Emperor, there would probably be even more people thinking of old enemies to make a move on them.

Desperate, they stayed home all day to avoid any unhappiness. From start to finish, they had never once doubted Long Chen.

However, no one, including Ling Xi, knew about it, because it had been intercepted by Yang You. When Long Chen did not tell Ling Xi about the matter, as long as Yang You did not tell them, the people on Sky Dragon Star would not know about it.

At this moment, Yang You was in the middle of the black vortex, almost blending into the darkness.

She picked up one of the star runes in her hand. It was from here that she obtained the information and details regarding Long Chen from the Dragon God Domain.

It was just that this time, it did not come as suddenly as the last time. It was scary, but this time, he had already made sufficient preparations, and would probably not let Long Chen follow in his footsteps again.

Perhaps, the things she truly knew was much more than Long Chen imagined.

In her trance, she was lost in her memories.

"This time it's so crucial. I hope he won't lose again." If even Long Chen was unable to endure through this calamity, then even the Dragon Sacrifice Continent would no longer have any hope. "It's only a hundred years!"

She looked towards the direction of the Dragon God Domain.

Over there, there was a resolute young man desperately fighting against that Black Hell Beast!

Time passed, day by day.

This monster should have completely fused into a part of his body, and there was a very high possibility that it would be a small piece of flesh, or a portion of his meridians, or even some bones. In any case, there was already no difference between this and Long Chen's body!

In these past few days, the two Dragon Emperors had also been paying attention to his progress. The immortal Dragon Emperor's face became darker and darker, he couldn't see that Long Chen had any hope of proving himself, and he even suspected that Long Chen was a monster that couldn't be explained. The reason why he still couldn't prove it was because Long Chen was him!

"Don't waste your energy. It will only give us a clear picture of your true nature. "

The Immortal Dragon Emperor said with a smelly face.

His face had been smelly all year round.

Long Chen sweated profusely. It had already been a few days, but there was still no progress. Even Dragon Emperor Yongye was worried for him. In fact, she still held high hopes.

The silver-haired woman landed before his eyes, her eyes filled with a faint mist. She could not bear to disturb Long Chen, so she said softly: "How about, I try to help you."

"No need."

Long Chen shook his head. As for those sarcastic remarks from the Immortal Dragon Emperor, he pretended not to hear it.

"Hmph, I think we don't have much time left. If it can't be proven, then forget it. "

The Eternal Dragon Emperor waved his sleeves and left, turning around to leave.

Long Chen closed his eyes and continued channeling his energy throughout his body. Gritting his teeth, he began to track the source of the change in his body.

"Let's wait and see."

After so many days without any news related to Long Chen being spread out, there were already many people in Everlasting Dragon City who could not sit still.

This was especially true for the relatives and friends of the girls. With so many of them dying in Blue River Hall, there was still a need for an explanation. It was true that they respected and feared the Dragon Emperor, but the culprit was Long Chen.

The entire Everlasting Dragon City was filled with their shadows. They were venting their anger everywhere, encouraging others to resist and wander about. At this moment, the power of public

opinion was pressing on Weiyang Palace, and there were even many people outside Weiyang Palace waiting for the results.

Of course, they could not enter Weiyang Palace, it was the most secluded place in Everlasting Dragon City.

Amongst the Five Dragon Cities, there were a portion of teams from the other Dragon Cities that had come to the Everlasting Dragon City because of Long Chen. For example, when Long Qingyue heard the news, he was furious and quickly rushed back to the Everlasting Dragon City to look for the Azure Fire Emperor.

"Big brother, why are you so confused!"

As soon as they met, Long Qingyue was angered to the point of trembling, coldly asking the Azure Fire Emperor.

"Little sister, what do you mean by this?"

The Bluefire Emperor asked somewhat helplessly.

Long Qingyue said: "From the very beginning, I had felt that something was wrong with this Long Chen. He had killed me once before Ancestral Dragon Cave. That time, I was the one who challenged him, I had nothing to say, but this time he truly revealed his true identity, he was originally the Evil Demon, he killed more than twenty innocent girls, and committed such a big mistake, he should have killed them immediately, with such a future trouble, with Long Chen's talent, if he was given some more time, Long Chen would probably become unrivalled in the world, but why not kill him now, and when he becomes the next Eternal Dragon Emperor, wait for him to slaughter all of us humans! "

Long Qingyue was extremely angry when she said this, and her tears flowed.

Behind her was Chen Ting, the commander of the Black Yan Army that had devoured Dragon City. He quietly stood behind Long Qingyue and at this moment, he also frowned: "Brother Qinghuo, I personally feel that the two Dragon Emperor s seem to be too protective and protective of Long Chen because of their relationship with him. This is not wise. Of course, I don't think there's a problem with the two Dragon Emperor's decision-making skills. After all, Long Chen is very close to them, and they love talents, so they might not be able to do anything. But as the guardians of the entire human race, we should think for the sake of the entire Dragon God Domain. Now that I have obtained the intentions of the three Dragon Emperor s of the Swallowing Dragon City, they have proposed to hold a grand

gathering of Five Dragon Cities Rankers and burn Long Chen to death in the near future, to prevent trouble in the future. "

Long Qingyue quickly added: "I have already contacted the Life Dragon City, Slaughter Dragon City and Destiny Dragon City regarding this matter. Although their Dragon Emperor doesn't have any objections, but the higher-ups of the Dragon City, other than killing the Dragon City, basically support our decision. Big brother, we will leave this important mission to you! As someone below the three Dragon Emperors, you clearly hold the highest authority, so you should be shouldering this responsibility to seek justice from the evil monster for your own people! "

As she said this, Long Qingyue's tears fell.

Upon hearing this news, she was pained at first, but then she heard that Long Chen had not been punished in the slightest.

"What do I need to do?"

How could the Azure Fire Emperor not feel pain?

It was already obvious what kind of monster Long Chen was. At least a hundred people saw that scene, it was not a Divine Dragon but an evil demon. Only this could explain why he was so heaven-defying.

There must be some kind of mystical species in this world that possessed the terrifying power that transcended all living beings. What was even more frightening was that he was incomparably evil, like Long Chen, like Long Qinglan!

Every single one of them was bound to bring about a catastrophe!

Such public opinion had already engulfed the Dragon God Domain. Long Chen's previous reputation had been completely destroyed, and it was even more complete than it was in the beginning.

At this time, the Black Emperor took over, and said in a low voice: "It's very simple. If you go and convince the Immortal Dragon Emperor, and let him follow the trend of the world, in a month's time, at the city gates of the Everlasting Dragon City, you will gather all the strong warriors to personally witness the chaos green fire burning Long Chen up. Perhaps, this will allow you to truly reveal his true

appearance in front of everyone, so no one will be able to help him. For such a terrifying monster to let him live for one more day, that would be a terrifying nightmare! "

When the Bluefire thought back to that day, even he felt his blood run cold.

"Do the three Dragon Emperor s of the Swallowing Dragon City all support this idea?"

The Bluefire Emperor asked.

The Black Demon Emperor said, "You can be at ease. The reason why I am here today is actually to carry a message from the three Dragon Emperor s. You only need to inform the Immortal Dragon Emperor, and I think that the one who will truly make the decision in the Everlasting Dragon City will be the Immortal Dragon Emperor! "

"Of course it is. My father is the number one Dragon Emperor! " Long Qingyue said proudly.

After a moment of silence, the Azure Fire Emperor's eyes lit up with a sense of hatred and righteousness. He bid farewell to the Black Emperor and Long Qingyue, then laughed in a carefree manner, "The two of you, wait for my good news."

After which, he strode out of the hall.

After he left, the Black Hell King reached out his hand and held Long Qingyue in his arms. He stuck out his long tongue, licking his lips and laughed strangely: "Doing this kind of thing, is really interesting."

"Master truly left. Everyone has been toyed with by your applause! " Long Qingyue said in a flattering manner.

"Work hard. There will be a reward later." Emperor Blacknether said.

"Thank you, Master!"

Long Qingyue was wild with joy as she laid in the arms of the Black Hell King.

At the same time, the important figures of the Five Dragon Cities had basically also approached the southern Everlasting Dragon City. In order to kill Long Chen, they had almost dispatched all of their Dragon Emperor's warriors. It had been a long time since such a major event had occurred in the entire Dragon God Domain.

But at this moment, Long Chen was still working hard to overcome the Black Yan Beast. Even though there were no signs of success, and he had not found anything, he would not give up.

Chapter 2203 - Dawn

Outside Weiyang Palace, the Bluefire Emperor found the Immortal Dragon Emperor.

At this time, it was already night. The Immortal Dragon Emperor floated in the darkness, and even in front of his own son, he was just an illusory figure. His voice was also incomparably stern: "Why have you come to find me?"

The Bluefire Emperor took a deep breath and said: "I wonder if the three Dragon Emperor s of Dragon Devouring City have contacted you." They seemed to want to execute Long Chen as soon as possible, so they suggested that after a month, I use the Primal Chaos Azure Fire to burn his body to its true form in front of the Everlasting Dragon City. Then, he would kill it. "With no chance for future troubles."

Hearing that, the Immortal Dragon Emperor was silent for a moment, then said: "They had indeed told me about this matter, and there are still two other Dragon City Dragon Emperor s who know his true identity, so they also want me to quickly find out the specific truth, if Long Chen is unable to explain or prove anything, we can only kill him. All this is certain, and the only thing that has yet to be determined is the time. "

Hearing the attitude of the Immortal Dragon Emperor, the Bluefire Emperor was very happy.

He said, "Father, you should have done this a long time ago. It's been so many years, and we haven't talked about it properly either. Back then, we could only tell you the truth and regret about Long Qinglan, but the facts proved that we were right, didn't they? In the end, he became an Evil Demon, and even his son is an Evil Demon. The father and son pair have no relation with you, and we are your real children, so I have the guts to say something, and hope that Father does not care about Long Chen's relationship with you, and that it affects your judgement. The earlier the better. If Long Chen needs proof, then give him a month's time.

The Immortal Dragon Emperor still remained silent.

Only when the Bluefire Emperor could bear it no longer, did he ask: "Bluefire, do you really hate Long Qinglan that much?"

The Bluefire was slightly startled, then said, "This is all in the past." He's just a dead demon now, a dead demon. Of course, I wouldn't hold a grudge because I lost to him multiple times in battle, but now that I found the reason behind my defeat, I'm actually very happy, but I don't think that he's heaven defying. He's able to win against me, it's all because he's not a human! His son is not human either! "

"Hur hur."

The Eternal Dragon Emperor's voice trembled with coldness.

He said, "At least I am sure that when he displayed his exceptional talent when he was young, it had nothing to do with this monster today. Of course, I'm not sure about his son. Since you said a month, and they all suggest a month, then a month. If a month from now is still like this, you can wait to burn Long Chen to death. That way, your wish can be fulfilled. "

Hearing this affirmation, the Bluefire Emperor secretly rejoiced in his heart.

It was as if from today onwards, he had regained the attention that Long Qinglan had stolen from him back then. The him of that era was too dazzling, causing the immortal Dragon Emperor to only have one Long Qinglan, and during that time, the Azure Fire Emperor lived in extreme depression for countless of years.

"Father, I'm leaving!"

The Bluefire Emperor bade farewell to the Immortal Dragon Emperor and left in big strides. He knew what he had to do now.

The so called Long Chen trying to prove these words were all bullshit. He was trapped in Weiyang Palace, how could he prove it? Furthermore, the Bluefire Emperor believed in everything he saw, so for this entire month, all he did was prepare, build momentum, and so on, and to attract all the experts in the world over, and then let Long Chen reveal his true face in front of everyone. If he were to kill him at that time, the Bluefire Emperor would only become a contributor to history, and no one would ever regret Long Chen's death in the future.

After all, Long Chen was too heaven-defying. His death was basically equivalent to the loss of another Eternal Dragon Emperor to the human race!

Thus, there was only such a safest way to kill him.

After the Bluefire Emperor left, the Eternal Dragon Emperor arrived at the depths of the courtyard.

Long Chen was working hard, and Dragon Emperor Yongye was accompanying him under the night sky.

This time, the Immortal Dragon Emperor was incomparably stern, and said: "After discussing with the other seven or eight Dragon Emperors, I finally came to a conclusion that we would give you at most a month's time. Within a month, if you still are unable to prove your innocence, prove that you are a human, not an evil demon. Then we can only send him to the entrance of Everlasting Dragon City in front of all the Rankers in the world and burn you to death with the Primal Chaos Blue Flames. "

"What?"

Dragon Emperor Yongye's expression instantly turned ice-cold and he said angrily, "Eternal life, what kind of bullshit decision is this? Why don't I know it? Who suggested it? Who are those three people from Dragon City? "

The Immortal Dragon Emperor knew that she would cause trouble.

He said coldly, "Yongye, do you understand that I am the first Dragon Emperor? I have the highest authority in decision-making, and the Heavens and I agree to that. So it's no use even if you object. Everyone in the world is waiting for us to give them an explanation, so this matter can't be delayed any longer, and it has already been a month, if he is still unable to complete it within a month, then it will be useless even if he is given a longer period of time. Let me tell you, this damned person will eventually die, and whether or not he is still human is uncertain! "

Her silver hair fluttered in the wind and her pair of black eyes gradually turned silver as well. This was an extremely deep silver color, as though it was a dream or illusion, hiding the vast world of the night sky.

"Eternal life, you better think it through! He clearly knows who he is! "

She said this almost through gritted teeth.

Hearing this, the Immortal Dragon Emperor curled his lips and said, "Enough, stop talking about the adult story. I've already told you, but I don't know who they are right now. Do you know if that was Long Qinglan at the bottom of the dried up well? Did you know whether it was the him of his youth, or the him of his adulthood, or the him of his Eternal Dragon Emperor? "

They were getting louder and louder.

Long Chen raised his head at this time, interrupting them: "One month's time, is enough."

In reality, it was just as the Eternal Dragon Emperor had said. If he wasn't able to force the Black Demon Beast out within a month, there might be a possibility that he might not be able to do it no matter how long he waited.

"At least you're sensible." Young people, are they really unyielding? However, reality is not as simple as it sounds. If you want to live, prove it to me. If you are a monster, then it has nothing to do with me. "

With that, he disappeared again.

Dragon Emperor Yongye took a deep breath, looked at Long Chen and shook his head, saying helplessly, "You shouldn't have promised him."

"That's still giving me pressure!"

Long Chen squinted his eyes.

"I'll work hard first."

Now, he didn't want to say anything.

Just as the Immortal Dragon Emperor had said, if one wanted to survive, they had to prove it.

Everything else was useless, so there was no need to say too much.

The tenacity and decisiveness on the youth's face made the Eternal Night Dragon Emperor feel great hope for him. Even now, he had not changed his expression one bit, even though he was still calm in the face of death. What could a young man like him possibly do to defeat him?

She did not know that the thing that Long Chen wanted to live the most right now was responsibility.

After what had happened, he did not even dare tell Ling Xi that this was a violation of the oath they had made back then. However, he had no regrets and he had an incomparably strong desire to endure through it, to see her, see his future child!

He didn't want his child to lose a father from a young age, and he even wanted to bear the burden of having a father who was considered a demon by others, an evil demon by nature!

That was the truly terrifying thing!

That result would truly make Long Chen's hair stand on end.

It was also because of this that he wanted to use the God-Slaying Sword to cut open every part of his body and find that Black Hell Beast!

In fact, he had really done it!

When time passed and he still did not have any results, Long Chen took out the God Slaying Sword with an indifferent look. He wanted to use the sword tip to stab into every corner of his body.

It must have been a terrible, painful process.

He would constantly destroy his own body and then use his dream to recover his origin.

Pain and exhaustion couldn't change his expression in the slightest.

From start to finish, it was as if he wasn't trying to overturn his body. He allowed himself to be badly mutilated, just to survive, to protect and to take responsibility. This was something that a man had to bear most of the time!

Looking at this bloody scene, Dragon Emperor Eternal Night felt a huge shock in his heart.

What sort of tenacious nerves were these to be able to achieve such a feat?

She didn't know why he was so tenacious and persistent, to the point where she had never seen such a side to Long Qinglan. This was also the biggest difference she saw between Long Chen and his father, and it was that not only would be ruthless to others, he would also be ruthless to himself. For him to be able to reach his current state, it was not only because of Long Qinglan, but also because of his own hard work.

did not even bother to calculate the time as he followed his own steps to complete this little bit of exploration. Until he had completely injured his body from top to bottom, and did not miss a single part of it, the only thing left was his head.

"Could it be that I'm hiding here?"

Until now, Long Chen seemed to have forgotten the pain.

He began his final step.

But right at this moment, Dragon Emperor Yongye had no choice but to remind him.

"Long Chen, there's only one day left!"

In reality, she was already feeling helpless. The more she got to know Long Chen, the more she didn't want him to die, but when the people of the world wanted him to die, when all the other Dragon Emperor wanted him to die, she couldn't stop them either.

"Don't panic, it's the last step."

But Long Chen consoled her as if nothing had happened.

He placed the God Slaying Sword horizontally in front of his eyes, and a pair of scarlet eyes appeared on the blade of the sword.

"Do you think you can hide from my search by hiding in my head? Wasn't it just splitting open their heads? Do you think that I don't dare? "

Chapter 2204 - Seven Divine Lights

The one month time allotted had already quietly arrived.

Before this, under the control of someone, a large amount of experts had traversed the ocean of time and arrived in front of the Everlasting Dragon City's gate.

Amongst them, there were even more s with at least six cycles of reincarnation or higher who had come from the other four Dragon Cities of the Five Dragon Cities, and there were also City Lords who had come. For example, they hated Long Chen to the extreme and had even organized a Demon Slaying Assembly to kill Long Chen.

Of course, there were even non-human experts who snuck in here.

For the entire Immortal God Realm, whether it was the original Long Qinglan or the current Long Chen, they were both miracles within miracles. They were both symbols of peerless talent, incomparable, causing people to be jealous and envious of them, so people could not help but suspect them. And the major event that happened one month ago in the Everlasting Dragon City, was undoubtedly a great sensation for everyone.

As a result, countless people with all sorts of feelings quietly came to the Everlasting Dragon City.

In order to avoid too many people coming in, the Azure Fire Emperor personally ordered. Warriors with cultivations below the Six Paths of Samsara did not have the qualifications to set foot in the sea of time, which prevented most of the people from entering, but it also resulted in the tens of thousands of

people outside the Everlasting Dragon City being at the moment. Basically, all of them were strong experts with cultivations above the Six Paths of Samsara!

In fact, almost all of the powerful human beings had gathered here.

In all of the countless years, only Long Qinglan had been able to cause such a huge sensation. Many of the experts who were hidden in the world had also moved out to this place. Waiting for that moment when the truth would come. Actually, they did not necessarily want Long Chen to die. They only wanted to see the truth.

Time slowly approached.

Tens of thousands of Rankers were floating above the ocean of time, while the warriors of the Everlasting Dragon City were maintaining order. This time, Long Chen's judgement, and even the warriors of the Everlasting Dragon City himself, did not have a certain position, so they did not have the qualifications to watch. Even Long Haochen had to beg for a period of time before being allowed to come here.

The tens of thousands of people were all elders. Not a single one of them made a sound, and that scene was truly terrifying.

Long Haochen gave a frightened look to everyone.

"Almost all human Rankers have arrived and are judging Long Chen together. This guy really has a lot of face. When will I be able to do this? "

For him to be able to accomplish this, he no longer had any regrets.

Originally, he was much older than Long Chen, but now, he himself seemed like a small fry that no one had any interest in. This made Long Haochen feel very aggrieved, as he could roughly understand the feelings of the Azure Fire Emperor.

The scene was solemn and silent. Everyone's cold and suffocating gazes were fixed on the center of the ocean of time. There was a huge open space there, Long Chen would definitely appear here!

"It's said that the Immortal Dragon Emperor gave him a month's time to prove his innocence. Now, a month had already passed. Based on the current situation, he has already failed. No, it should be said that he seems to have exhausted all his abilities and is unable to conceal his true appearance. "

It seemed that most of the elders had this thought in their minds.

This scene was very similar to the scene where Long Qinglan was being judged and punished, but the current Long Chen was still far from being as strong as the Eternal Dragon Emperor.

The road from the entrance of Everlasting Dragon City to Weiyang Palace was also filled with people.

Seemingly every Dragon City had sent out their own representatives, and Dragon City was even more so with the arrival of the number one Dragon Emperor, the Blood Tyrant Dragon Emperor. He had not arrived early, and there was not much time left before he quickly arrived at the depths of the courtyard and saw that Long Chen was actually using the God Slaying Sword to cut open his own head. He repeated this process with a cold expression, as if he was not the one who was being tormented.

Beside them were the Immortal Dragon Emperor, Eternal Night Dragon Emperor and the other three Dragon City Dragon Emperor. A total of six Dragon Emperor were gathered here.

"What's going on?"

Dragon Emperor walked over, frowning as he looked at Long Chen, and asked.

The Immortal Dragon Emperor said, "It is said that they are looking for a monster that is rooted in their body. It looks very bloody and scary, but it also seems to be acting."

The Dragon Emperor sneered and said: "This act is really special. Anyone here who had the ability could give it a try. I can't, anyway. "

The Immortal Dragon Emperor snorted, looked at the sky and said, "It's about time. The people outside had already waited for a few days. Since my words have been spoken, of course I can't go back on my word. More importantly, it's for the safety of the human race in the future. For anyone, such a terrifying creature would be an endless disaster. "

The Blood Tyrant Dragon Emperor placed a large bet on Long Chen.

At first, he was the first one to accept Long Chen, and he accepted him as a Dragon Emperor. As he expected, Long Chen's reputation and strength were both increasing, and at that time, Yongye wanted Long Chen to come here and see the changes in Long Qinglan's body. The Dragon Emperor himself had agreed to it, but he never expected that such a thing would actually happen.

He stood in front of Long Chen.

Dragon Emperor was a young man, with long black and red hair and a pair of seductive dark red eyes. He looked very elegant, but there was also a trace of evilness in his demeanor.

His lips were red but thin. At this moment, he looked at Long Chen, and asked with a low voice: "Long Chen, can you give me an answer?"

Long Chen stopped what he was doing and looked at him.

Blood dripped from his forehead, but he ignored it. His expression was still indifferent, as if he didn't know what he was about to face. It was a calmness almost impossible for his peers. Especially since he was tormenting himself. And inhuman torture.

"Words are useless. You wouldn't believe me even if I told you. "It's not over yet."

With that, he closed his eyes again, repeating the same action as before. However, the tip of the God Slaying Sword was slightly off, as if he was searching for something.

In that instant, the heart of the Blood Tyrant Dragon Emperor was shocked.

He suddenly realized that this youth had a demeanor that even he was unable to fathom. He subconsciously said, "I actually believe you. Work hard!" Prove your innocence. "Killing the dragon city will always welcome you."

These words caused Long Chen to open his eyes once again.

This demonically charming Blood Tyrant Dragon Emperor was much better than the old man from the Immortal Dragon Emperor.

"Thank you."

Long Chen nodded sincerely.

Blood dripped down.

Outside of Weiyang Palace, the Azure Fire Emperor looked at the sky and took out the Star Talisman, "Father, it has already been two hours. If we don't do it now, we might get into a ruckus outside. "

"Oh." The Immortal Dragon Emperor responded.

"Father, the Evil Demon should be judged to be dead, and his true face should be revealed to the masses. What are you hesitating for?"

"Enough. Go out and prepare. "

The Immortal Dragon Emperor kept the Star Talisman. Everyone could hear the sound coming from his Star Talisman. At this moment, he surveyed the crowd, and in the end, his gaze landed on Dragon Emperor Yongye, who was protecting Long Chen.

"Yongye, stop messing around. A month has already passed."

Dragon Emperor Yongye was about to say something when Long Chen, behind her, stood up. He stretched a little and said, "Has it been two hours already? I won't delay any longer. Let's move on. It just so happens that I can let the whole world see my proof! "

A total of seven Dragon Emperor s appeared around him, all for the sake of giving him the final judgement. Until now, it was already destined that he would never be able to stand up again, but he was still able to remain so calm and collected, like an ancient well in an endless abyss. This perseverance caused most of the Dragon Emperor to secretly admire him from the bottom of their hearts.

It was hard to imagine where he had the guts to do so!

The Eternal Dragon Emperor's eyes slightly widened as he said, "That's enough, stop fanning the flames. Let's go!"

He extended his hand and twisted, time and space immediately changing. Under the sweeping force of the Dragon Emperor level energy, everything around him was in a hallucination, and immediately, the atmosphere changed, and in that moment, Long Chen seemed to hear a huge commotion, as countless gazes landed on him!

Below him was a sea of time, filled with surging seawater.

The surroundings were very empty, and there were six rays of light extending towards the sky. These were six Dragon Emperors, and basically, they would not reveal their true bodies when they were outside, so when they appeared, they turned into six streaks of divine light and rose up into the sky, like six shining stars, releasing colorful lights. Adding the Sky Dragon Emperor that were originally in the sky, there were already seven of them.

In the history, there were very few scenes where seven Dragon Emperors appeared together!

Therefore, this scene immediately caused a huge commotion.

Seven divine lights shone out, filling the sea of time.

Everyone was enveloped in light. Vast power swept out and the entire ocean of time was restricted by the seven Dragon Emperors, turning into a separate world.

With the appearance of the seven Dragon Emperors, the tens of thousands of human Rankers naturally paid their respects to them first, leaving only Long Chen alone in the sea of people.

He stood in the sea of time.

Raising her head, she found the divine light that belonged to Dragon Emperor Yongye. Her kind gaze was currently fixated on Long Chen's body, full of helplessness and bitterness.

"Child, what do you decide to do?"

If Long Chen was not so indifferent, she would have no idea what to do.

Long Chen looked at the tens of thousands of Rankers of the Six Paths of Reincarnation, and there were even many familiar gazes. Because Long Chen was a monster, they were all filled with vigilance and hatred, and even loathing from the bottom of their hearts.

"Use the azure fire of Primal Chaos to reveal my true body!"

A clue emerged in his mind.

He pursed his lips and said, "Let's begin. Life or death depends on luck."

Chapter 2205 - Killing

Amongst these tens of thousands of people, Long Chen had seen many faces before.

For example, Slaughter Dragon City, had Tianmu Emperor, Bloody Blaze, Thousand Snow Emperor, and so on. There were also many who had met him before, such as Feng Zhu and the others from the Dragon Tomb Army.

In the 72 - The Ancient City of God's descendants, there was City Lord Di Jun waiting.

Almost all the experts in the human race were gathered here, waiting for Long Chen's judgement.

On the side of the Everlasting Dragon City, a very large team had formed. All the warriors of the Everlasting Dragon City were present, there were many who had fought with Long Chen before for the Dragon Binding Bow and Dragon Binding Arrow!

Beside the Azure Fire Emperor, Long Chen also saw Long Qingyue. This woman had a sinister smile on her face, like a shadow hiding behind the Azure Fire Emperor. She wasn't simply gloating, but also had a frightening malevolence.

"There seems to be one missing key person ..."

If something like this happened, the Black King would definitely come with Long Qingyue. But at this moment, he actually did not appear by Long Qingyue's side, which made Long Chen feel a trace of doubt.

However, it seemed like victory or defeat would be decided in one fell swoop ...

Long Chen thought about Long Qinglan, thought about Ling Xi, and thought about those people who cared about him. He had great courage in her heart, and it was this courage that supported him to calmly face the situation of today. This was a war between him and herself.

"Father, and Xi Er, give me your strength!"

He narrowed his eyes.

Tens of thousands of experts finally set their sights on him!

Suspicion, jealousy, disgust, inspection, secret joy, such an arrogant display of emotions, the countless hot gazes condensed into countless rays of light, just their gazes were filled with ridicule and mockery, even though they did not speak, Long Chen seemed to be able to hear countless voices, those voices were like the howling of the storm beside his ears!

However, this couldn't scare him, and could only make him struggle.

Images flashed through his mind one by one. From the very beginning, when he and that man were conversing in the forest, he told himself that he must have the strength to fight for his future. Ever since the first time she met Ling Xi, the first time she came out of her sword, she left while crying. That night when she came to look for him, one image after another appeared in her mind.

It was precisely these scenes that lit his heart ablaze with passion, giving him the strength and courage to fight against the entire world. The young life, one could not let go of one's responsibilities to die, he had too many destinies, his entire life was a guardian.

Father's last wishes and hopes.

The life that was about to be born in Ling Xi's stomach.

Mo Xiaolang who was far away from the Demon Star, Little Cat in Demon God Area, Li Xuanji in Dark City, and her sister who was still in Dragon Sacrifice Continent. Countless thoughts did not overwhelm him. He could only gnash his teeth and clench his fists as he looked at the world with his bloody eyes.

His heart was a pure land, but the Guardian could never withdraw his claws!

"Time's up!"

Countless people were shouting. They wanted to see Long Chen's true face, wanted to see his demonic body, wanted to see what kind of life form could possess such terrifying talent.

For a moment, the sound of mountains and seas being toppled came crashing in!

"Everyone!"

In the blink of an eye, he was already standing a hundred meters away from Long Chen. The flames in his eyes burned fiercely, a mysterious flame that came from the very beginning of heaven and earth, absorbed part of the Primal Chaos Blue Fire Dragon, the Blue Fire Emperor's cultivation was extremely deep, and he was an expert who had a body of a half-god for a very long time. Inside his body, there was a divine palace of more than twenty million, and within every divine nation, there was Primal Chaos Blue Fire.

"You're right, the time is long up. We gave him one month's time and now, this one month has already passed by two hours! "

The emperor's gloomy voice echoed far away, as if the entire ocean was reverberating with time.

The sea of time was vast and awe-inspiring.

He subconsciously looked up at the sky. The seven divine lights were examining the world, yet there was no movement. That was to say, they did not oppose his actions. Then it should be over!

He spread his arms wide, and the chaotic blue flames on his hands began to burn. In the blink of an eye, the seawater in the sea of time evaporated, forming a massive mist that filled the skies above the sea of time!

"First, let's briefly explain it."

The Azure Fire Emperor surrounded Long Chen, then turned the Primal Chaos Blue Flames into a ring and surrounded Long Chen, as though he was imprisoned.

"A few years ago, he suddenly appeared in the Immortal God Realm. Rumor has it that he came from a lowly lower realm. But after his identity was revealed on the battlefield of the Gods, he advanced by leaps and bounds from the Spirit God Realm to the chaotic star field, shocking the world. He defeated the number one genius in the chaotic star field, and more than a year ago, he returned to the Dragon God Domain! "

"At that time, he was still not very eye-catching. However, it was only over a year ago. What sort of transformation did he undergo? This was simply the growth of a myth. Currently, he was already an invincible existence under the eight trigrams tribulation of reincarnation. Such a heaven defying existence, he is even scarier than the Eternal Dragon Emperor he used to be. Furthermore, after a period of interaction with him, we understood his tenacious character. At one point in time, we thought that a peerless expert who was different from Long Qinglan was about to be born! Yes, even I think so. Just imagine how terrifying his future will be! "

The Bluefire Emperor was only building up his momentum. With such a grand gathering, he definitely could not kill Long Chen the moment he made a move. The current Long Chen needed him to build up his momentum enough so that he could be killed in the midst of the greatest climax. Otherwise, there would definitely be countless people doubting and guessing at him in the future.

"But ah!" The Bluefire Emperor's words changed as he said in grief, "Who would have thought that over a hundred of us would see such a thing appear on his body? More than forty girls were killed, and more than twenty of them died on the spot. "Let me show everyone the scene from back then!"

The Bluefire Emperor casually waved his hand.

On the ocean of time, the fluctuations of the sea revealed an impression. That was, the scene from that day was incomparably clear. The expressions of despair and fear on every single one of the girls were very clear.

That evil black tentacle clearly did not belong to a human nor to the Dragon Fighter.

The reason the Bluefire Emperor brought more people here was to let them see this unfake scene with their own eyes, so that they would have more of a reason for his next actions!

"Kill him!"

Upon seeing that scene, some people could not help but roar out.

It was as if all the strong practitioners roared at the same time, and at that moment, the entire ocean erupted with a gigantic wave, as all the energy of hatred converged onto Long Chen's body!

"The evidence is conclusive, I never thought that the peerlessly talented genius I envied would actually not be of my race. In that case, Long Qinglan should also be such a monster, who ended up harming our human race!"

"These two father and son are simply terrifying demons! "Now that we have been exposed, we can no longer be fooled. If we don't kill this monster within a day, our human race will definitely suffer miserably in the future!"

For a time, such voices rose and fell one after another.

Emperor Tianmu, City Lord Di Jun, Long Qingyue and the rest did not speak, but their eyes were filled with excitement and hatred. Finally, the day had come.

Screams, roars, and the storm of voices came again!

From start to finish, Long Chen's expression did not change in the slightest, as if he had already dreamt of today's scene many years ago. Looking at it today, it seemed to be nothing more than this.

There were many people present who were stronger than him, but they had to use such a method to kill him. This was enough to prove his status.

"Long Chen, the evidence has already been placed in front of everyone! What else do you have to say for yourself? If you know what's good for you, you better explain what kind of creatures you are! "How many people like you are left?"

The Bluefire Emperor said coldly.

"Oh!"

Long Chen nodded his head, and a faint smile rose on the corners of his mouth as he said, "So many, ah, so many, they're almost here, tens of thousands, or even hundreds of thousands, or even millions, any one of them would be able to kill all of you, and any one of you would be as powerful as the Eternal Dragon Emperor. Are you afraid now, you guys still dare to kill me?"

He kept his playful smile.

When these words came out, it truly frightened everyone. In an instant, everyone's face paled, and even the Blue Fire Emperor who was previously in high spirits was scared stiff. He did not expect Long Chen to say such words, which greatly surprised him.

He never thought that Long Chen would admit it directly!

This was even better!

The Bluefire Emperor immediately said loudly, "Everyone, don't listen to his nonsense. With Long Qinglan and him, I think that this is the limit, don't listen to his nonsense. If there really is such a powerful creature, can our humankind reproduce for tens of millions of years? So don't be afraid, everyone. Since Long Chen has already admitted it, then we do not need to be courteous anymore. I am prepared to use the Primal Chaos Green Flame and force him to reveal his true body.

Like this, the public opinion of them that wanted to kill Long Chen would not land on him, but on everyone under the heavens.

"Kill!"

One old man after another said coldly.

For a time, the word "kill" rose and fell in succession.

The word "kill" slowly drowned Long Chen within it as well.

Cold and emotionless as the tide.

From the start to the end, he still did not lose the proud smile on his face. This was something that shocked the seven Dragon Emperors the most, to this extent.

"Good!" Kill! "

The veins on the Azure Fire Emperor's body popped out as she roared.

At this moment, the tide was at its peak, and under the support of countless experts' thoughts, the Primal Chaos Azure Fire that surrounded Long Chen suddenly changed into a thousand-meter-long flaming divine dragon. That was a divine dragon formed from Primal Chaos Azure Fire, and he flew up, furiously dominating the firmament, before turning around and flying down explosively as he charged towards Long Chen!

Chapter 2206 - Love

Under everyone's gazes, the divine dragon formed from Primal Chaos Blue Fire was already right in front of Long Chen.

"Kill!"

The fervent cry swept through the world.

Those youths and children who were still in Everlasting Dragon City were trembling in fear at the word "kill".

This was destined to be the moment recorded in history!

Under the sweeping attack of the Primal Chaos Blue Fire, the time and sea water surrounding Long Chen had already risen, turned into mist and dissipated, revealing a large area of empty air. That Primal Chaos Azure Fire Dragon, under the control of the Azure Fire Emperor spiraled over, and in the blink of an eye, had already entangled Long Chen!

In that moment, Long Chen closed his eyes and spread open his arms.

Whoosh!

Amidst everyone's anticipating gaze, the Primal Chaos Azure Fire Dragon truly coiled around Long Chen's body. In that instant, all of the dragon scales on Long Chen's body appeared.

The blood-colored dragon's scales were savage and imposing.

Just like the current Long Chen.

From his legs to his lower abdomen, then to his arms, and then to his head, the metal intertwined and tightly coiled around him. This was the chaos blue fire released by the body of a demigod, and it was almost one of the most powerful attacks of the Azure Fire Emperor. He could use this chaos blue fire to kill the earlier stages of a demigod!

When the chaotic cyan fire twined around Long Chen, most people could not help but feel their hairs stand on end. They could almost imagine just how terrifying of a pain the current Long Chen must have suffered from this kind of twining.

Burned alive!

But they did not see the scene in Weiyang Palace.

As a result, they simply could not imagine that Long Chen, whose entire body had started to turn black, hadn't made a sound even after a quarter of an hour had passed. If they hadn't seen his body slowly being incinerated by the Primal Chaos Blue Fire, they would have thought that the Primal Chaos Blue Fire was useless against Long Chen!

The azure flame shone with a boundless light.

"Why didn't he say anything?"

"Is he really going to die just like that? Why didn't he resist? "

In that moment, many of the people had doubts in their hearts. The anger they felt when they saw Long Chen turning into a monster with their own eyes gradually dissipated.

"Since it's a powerful monster, how can it not resist at all?"

They could see Long Chen's eyes, calm and collected, and even after the flames had surrounded him, there were no changes in his eyes. It was as if he was looking into the distance, and his eyes were filled with deep emotions.

Until now, Long Chen still had not told Ling Xi what had happened to him.

If he had unluckily died, it would perhaps be a lifetime of regret to Ling Xi.

Thus, he would not die.

"Everyone, don't be soft-hearted. This is precisely the way he uses this to gain your sympathy. Just watch and see. Under the Primal Chaos Blue Flames, I don't believe that he won't reveal his true form and fight us! Everyone be careful, don't let him escape! "

The Bluefire Emperor firmly believed in what he saw.

He increased the power of the Primal Chaos Blue Fire, causing Long Chen's entire person to be nearly drowned in the Primal Chaos Blue Fire. The others watched intently, waiting for the moment Long Chen turned into a monster!

However, time seemed to pass very far away.

Burning, to Long Chen, what did it matter?

The only thing he was afraid of was death. As long as he didn't die, he could bear everything.

His body was healing at a speed that was faster than the rate at which the azure flames of the primordial chaos were burning, but that sort of feeling wouldn't disappear.

He believed that the other party would always want to make a real difference.

And that effect was that he would be able to comply with the Azure Fire Emperor's words and show his true form.

These words must have been told to the Bluefire Emperor. Who could it be? It had to be Long Qingyue.

Long Chen's gaze passed through the layers of flames and saw Long Qingyue, who was hiding within the Everlasting Dragon City's group. She was currently looking at the chaotic blue fire and snickering, his eyes flashing with a strange light.

"It's time!"

Long Qingyue was incomparably excited. With the Primal Chaos Blue Flames burning to this extent, Long Chen should have reached his limit and revealed his true body by now. To Long Qingyue, this was something that she could only think of.

"Come out, my darling."

She spoke softly in a very low voice.

When those words were said, everyone was almost suffocated.

"AHH!"

The Azure Fire Emperor was the closest to Long Chen, so he let out a surprised scream, and then everyone looked over. They could clearly see that there was something similar to an octopus tentacle that was extended out from within the Primal Chaos Blue Fire, and it was actually emitting a terrifying sharp hissing sound as it swayed under the heat of the Primal Chaos Blue Fire!

"Monster!"

"Demonic!"

In that moment, even the warriors with six paths of reincarnation or higher were fleeing in panic, their faces were pale and filled with shock. The same thing was, the scene that they saw today, truly verified the words of the Bluefire Emperor and the others.

It was the terrifying evil spirit that had harmed the human race!

He should be killed, he should be killed!

Rumble rumble rumble!

A huge uproar occurred in the Time Sea.

In the sky, the seven divine lights trembled as they looked down. The expressions of the Immortal Dragon Emperor and the rest all changed. Even the Blood Tyrant Dragon Emperor who had said that they believed in Long Chen instantly became mute, unable to say a single word. The immortal Dragon Emperor's beautiful face paled, but she still believed in Long Chen. From the looks of how calm Long Chen had been, it seemed that Long Chen still had some hope today!

She was the only one who held such hope.

As for the others, they saw more and more octopus tentacles charge out from the blue flames, dancing and shrieking as they were burned by them!

"It really is a monster!"

"Absolutely true, absolutely true! "Heavens, just what kind of creature is this? It actually snuck into our human race. If we didn't discover it in time, what kind of disaster would it be?!"

"Fortunately Everlasting Dragon City saw through his true body! "Bluefire Emperor, hurry up and kill him to prevent this evil demon from escaping. When that happens, it will cause a calamity for the world!"

Seeing the dancing octopus tentacles and the Emperor of Azure Fire's crazy appearance, he couldn't help but laugh out loud and even shed tears.

"I am the true genius! Long Qinglan, so you are this kind of thing, what right do you have to hide my light, you aren't even human! You two monsters, monsters that harm the common people! I didn't think that it would fall into my hands! I, and Haoge, why would we lose our luster because of you! "

He could not help but shout out. All these years, this kind of bitterness had caused him to be unable to eat and sleep, even if Long Qinglan was dead, the knot in his heart had not been untied.

"Everyone! Today, I, Qing Huo, will represent the Five Dragon Cities, represent the human race, and kill this evil demon. Fellow countrymen, please give me the affirmation and power, and let me make my move! "

The Bluefire Emperor soared high into the sky, letting out an incomparably resounding roar of rage.

"Attack!"

Voices of support came from countless people.

Seeing the octopus tentacles dancing about within the blue flames of the primordial chaos, the Bluefire Emperor was so excited he was about to go crazy. He couldn't help it anymore.

To Long Chen, life or death was just this kind of matter.

Right now, he was very calm as he looked at the things that had appeared from his body, squeezed out from his own body, and were swaying around. They were not under Long Chen's control.

"As expected, it's hidden in my brain?"

The current him, on his legs, legs, torso, arms, and neck, all had bloody holes in them, and black octopus-like tentacles had grown out of them. The scene was absolutely disgusting to the extreme.

Under the burning of the chaotic azure fire, the tentacles of the octopus constantly melted, but new ones still grew!

Outside, there was a huge commotion.

It was time for Long Chen to wait.

"I'm not afraid of you coming out, I'm only afraid of you hiding."

He knew that the Bluefire Emperor was already prepared to kill him, and that would be a very simple task. When Long Chen raised his head, a streak of cyan light turned into a gigantic divine sword, slashing towards his waist.

To everyone present, this was the last moment that belonged to Long Chen.

"Dragon Emperor Yongye, save me."

Long Chen finally spoke up.

Only then could he seek help.

As expected, the cyan colored sword light shattered as even the chaotic cyan fire was washed away. Everyone could clearly see a silver light descending from the sky, shattering everything and allowing Long Chen's body to appear even more clearly before their eyes.

For a time, everyone was filled with shock and confusion.

The emperor was even more shocked, he knew who was doing this, he only gathered power for that one moment, and yet it was destroyed. Of course he was angry, he angrily said: "Why did you interrupt me! He's a monster! "

At that moment, Long Chen, whose countless tentacles were dancing around, was right in front of him. He used a calm gaze to look at the Bluefire Emperor and said: "No need to ask, I'll give you the answer right now."

He reached out and took hold of the black tentacles that danced before his eyes.

Everyone's eyes were glazed over as they looked at him.

Then, they saw Long Chen slowly pull out the black tentacle bit by bit, causing the part where the tentacle was broken to a bloody mess. No one dared to look directly at him, and they were even more

unable to imagine how painful the current Long Chen would be, because even at this moment, he still did not frown.

When it sensed that Long Chen was going to pull it out, the Black King Beast started to struggle.

Its power was even greater than Long Chen's, and could even mobilize Long Chen's own strength.

Long Chen held Ling Xi's sword in one hand, and bit by bit, stabbed into the Black Hell Beast's tentacles. At that moment, the Black Hell Beast let out an ear-piercing hiss, when Ling Xi's sword really stabbed into it, it still brought it a fatal pain, making it weak. It wasn't powerful, it only knew how to hide, and if Long Chen guessed correctly, this was still an extremely young beast.

"Is he hurting himself?"

Everyone could not help but feel puzzled.

Both of his hands exerted force, and slowly pulled the tentacle out of his body. Of course, no one could understand the pain he was suffering, as this was his most fatal calamity, but in order to protect himself, for the sake of those important people or things, both his life and his primordial spirit had transformed at this moment!

Rip!

He let out a roar.

He finally showed his madness.

"You have the qualifications to enter my body?"

It had to be said that the Black Demon Beast was a terrifying existence that had never appeared before in the history of the Dragon Sacrifice World.

It seemed invincible.

But Long Chen had something that they would never have, and that was love!

Chapter 2207 - Rebirth

Just when all the Rankers, including the seven Dragon Emperor s were outside the gates of Everlasting Dragon City in the ocean of time, trying to judge Long Chen and making it very lively, there were basically not many Rankers left in the Everlasting Dragon City.

And in the most secluded part of Weiyang Palace, where no one was allowed to come,

However, just at this moment, a black figure appeared outside Weiyang Palace. Looking at the palace that seemed to have disappeared without a trace, the man snickered and said, "This Weiyang Palace, is it unable to stop me? I really have to thank this Long Chen, without him, I wouldn't have had such a peaceful chance to get close to this place. "

Everything was under his control.

He turned into a black shadow and gently squeezed into the illusory Weiyang Palace, muttering to himself, "You won't be able to discover me. Haha, you won't be able to discover me! I'm coming!"

In actuality, after spending about a quarter of an hour or so, he had finally entered the truly silent Weiyang Palace, using all sorts of mystical methods to enter the center. Honestly speaking, if it was a normal day, it would be almost impossible for the Immortal Dragon Emperor and Eternal Night Dragon Emperor to leave this place at the same time, and even if they left, it would only be for a short while. There was still a Sky Dragon Emperor watching them from the sky, and the only exception was at this time, when all the Dragon Emperor were focused on the ocean of time.

After entering, the black figure snickered a few times and headed in the direction of the academy at the very back.

"This place will be completely chaotic in a short while. Stop messing around, haha, this is really a fun place. I'm really smart. "

Beside him was a black willow tree, which looked somewhat desolate. And in the corner, there was a dried up well, which looked simple, but was somewhat dilapidated. However, this was indeed a place that no one else but the Dragon Emperor was qualified to come to.

"It's here, I'm really a genius!"

The black shadow stopped beside the well and looked down.

"Child, what do you think about me letting you out and letting you grow up?"

He smiled mischievously at the well.

In the blink of an eye, ear-piercing whistling sounds could be heard from below; it was obvious that they were extremely excited.

"Be quiet, be quiet."

The black figure charged in and reached the bottom of the well in the blink of an eye. He saw a monster with hundreds of black tentacles, and on the black ball in the middle, countless youths stared at the black figure with eyes wide open.

"Have fun to your heart's content. Before the apocalypse comes, your mission is to turn the entire Immortal God Realm upside down, bringing about the feeling of a calamity before their death. You have completely grasped the power of the Eternal Dragon Emperor, so you have the capability to do so. Haha, let's begin, I can't help but start looking forward to it! "

The countless youths looked at the black figure and let out excited roars as they lowered their voices.

"It seems like if I undo this seal of time, the two old ghosts will know? It looks like I have to leave quickly. However, if they can't kill you right now, they won't be able to stop you from growing up once we leave this place. Ah! The most chaotic final movement is finally about to begin! I am truly a great wise man! "

He couldn't help but laugh.

The monster below him followed him, waving its black tentacles in a frenzy.

"It's starting!"

The black shadow rushed down.

Shock!

Long Chen's indifference was in stark contrast to the black tentacle's shrill howls again and again. Everyone had the same misconception, as if the black tentacles and Long Chen were completely not one, and many people had already discovered that this was not an illusion, but reality!

He was indeed in the midst of success, and as he strained to pull, more and more of the black tentacles squeezed out from his body.

This scene left everyone dumbfounded.

He was completely certain that Long Chen was the monster's person, after all, he had seen it with his own eyes. But now, the Eternal Night Dragon Emperor had stopped him from killing Long Chen, and such a situation had happened?

For a moment, the surroundings were completely silent, only the shrill shrieks of the black tentacles could be heard.

Only Long Qingyue, who was hiding within the human race, had a gloomy face and was in some pain. Her sinister eyes were fixated on Long Chen as she clenched her fists tightly, and some black veins appeared as though a black long snake was swimming under her skin.

"Long Chen!"

She gritted her teeth.

He was going to kill him in one go, but now his plan had changed.

Furthermore, Long Chen's terrifying perseverance caused even her to be moved. She knew very well what kind of pain this method would cause, as that Black Hell Beast had almost completely intertwined with his body. It was as if Long Chen was ripping his own body into two, slowly ripping it apart.

Sometimes, the power of love was better than anything else.

He coldly looked at the tentacles on his body, his face already flushed red, but he did not hesitate, instead, he became extremely heroic, his tenacity already conquering everyone. At this time, everyone stopped their attacks on Xuan Xiao and observed his movements, there were even many who were looking forward to his success, since this scene was truly too astonishing!

In the sky, the hearts of the seven divine lights trembled.

"I'll help him!"

When the silver light from Dragon Emperor Yongye landed before Long Chen's eyes, she extended his slender fingers that were faintly silver in color and grabbed onto the black colored tentacle. Instantly, Long Qingyue's expression changed greatly and he retreated backwards, while the black tentacle also started to shriek loudly, as it started to heal itself even more.

"Pull it out! "Don't worry about me!"

Long Chen bellowed.

Dragon Emperor Yongye originally worried about his pain and was a little hesitant, but when she heard Long Chen's resolute drawing, she decided to exert his strength. She was one of the peak existences in the nine palaces, one of the rulers of this world.

At that moment, as though his flesh had been peeled off, Long Chen was enduring an unimaginable and terrifying pain. This was the most tragic time of his life!

At that moment, everyone was suffocating as they watched the black tentacles come out of his body bit by bit while the other tentacles were being pulled back and retracted into Long Chen's body.

In that moment, the black tentacles howled like demons.

At that moment, Long Qingyue anxiously left the crowd.

What they saw with their own eyes was where Dragon Emperor Yongye was pulling them, the black tentacles kept on coming out of Long Chen's body. In the end, a black ball of flesh the size of a human head came out from within, and rushed out of Long Chen's body along with the other tentacles. It was the Black Hell Beast!

He had finally broken free!

His tyrannical life force allowed his wounds to heal at a speed visible to the naked eye. All the lost flesh and blood was being reborn quickly, returning to their original state, and at this moment, the Black Hell Beast had already been eradicated from Long Chen's body.

Crash! *

At this time, the Black Hell Beast was crazily waving its black tentacles as it pounced towards Dragon Emperor. At the same time, the black ball of flesh was also quickly growing bigger, in the blink of an eye, it had turned into the size of a house, with many humanoids appearing from it. Half of her torso, head, eyes and nose gradually took shape. Her long hair fluttered in the wind, and a pair of meatballs on her chest slightly trembled, appearing before the eyes of all the powerful warriors.

"Freeze!"

Dragon Emperor Yongye unleashed the vast power of time, freezing the Black Hell Beast's time and causing it to stand still.

At this moment, Long Chen seemed to have recovered back to how he was before. He looked coldly at the Black Hell Beast. Only he knew how terrible it was. It was love that allowed him to live. This love, was for his father, for Ling Xi, for his brothers, for her children.

Thus, he couldn't die.

At this moment, everyone was able to clearly see that there was a large amount of human form on the Black Hell Beast's ball of meat.

Such a scene caused everyone to feel suffocated.

Even Dragon Emperor Yongye's mind went blank for a moment.

Her narrow eyes, hugging lips, insidious elongation, graceful figure, and full twin peaks ... this was a woman, and there was a huge difference between her and Long Chen. However, it was almost completely similar to a person, and that person was Long Qingyue!

"How is this possible!"

In the sky, the first to let out a roar was the Immortal Dragon Emperor!

He had seen with his own eyes how the monsters in Weiyang Palace looked like when Long Chen was young.

But now, after being pulled out from Long Chen's body, she had the appearance of Long Qingyue!

This

At this moment, there was complete silence.

Everyone was staring at the Black Demon Beast, who was struggling under the power of the Time Freezing.

Not far away, the Bluefire Emperor's face paled even more. He kept wiping his eyes, trying to prove that he had seen wrongly. But the confirmation again and again made him feel despair, because it wasn't wrong at all.

"Azure Moon!"

He couldn't help but turn his head, only to see that there was no longer any Long Qingyue in the crowd.

"Where's Long Qingyue!"

Everyone was shocked. The current situation made them feel a strong sense of conspiracy.

Terrible.

Dragon Emperor Yongye's eyes flashed coldly. Under her control, a green figure instantly appeared in front of her. It was Long Qingyue, whose face was filled with panic.

Long Qingyue's face was covered in tears as she knelt in the ocean of time. She said in panic: "This has nothing to do with me, Father, and all the elders. This is a frame-up, I don't even know what this thing is related to, how could it be my appearance!"

"It has nothing to do with you?" Long Chen stepped forward at this time. Just as he approached the Black Demon Beast, it waved its black tentacles, wanting to attack him.

"Let her try approaching this monster!"

Long Chen said to Dragon Emperor Yongye.

Chapter 2208 - Reversing life and death

At this time, the Black Hell Beast had already been under the control of the Eternal Night Dragon Emperor, and moving was extremely difficult. However, Long Chen believed that its intelligence wasn't particularly high, and it was definitely inextricably linked to Long Qingyue!

He guessed that this had to be related to the Black Yama Emperor the most!

Right now, the Emperor of Black Underworld was nowhere to be found.

This time, Long Chen had encountered such a calamity, and with great difficulty, he managed to avoid this calamity. It could be considered as forcing the Black Hell Beast out of his body, but this was definitely not enough. Not only did he need to prove his innocence, he also needed to understand the relationship between Long Qingyue and this Black Hell Beast, and more importantly, revenge!

How could he take such a loss for nothing?

What kind of torture was this? How could he let the perpetrator escape so easily when he had almost lost his life!

The Black Hell Beast would attack him, and there were many human forms on its black ball of flesh, all of them looking like Long Qingyue. This shocked everyone too much, and they all wanted to know what was going on.

The Black Demon Beast definitely wouldn't attack Long Qingyue.

Therefore, if Long Qingyue was allowed to approach the Black Demon Beast, everyone would be able to roughly guess whether she was lying or not.

"Don't! He's the one manipulating it! Everyone, save me! Father, save me!"

Long Qingyue's beautiful face paled as she screamed towards the sky.

"No one will kill you!"

Dragon Emperor Yongye said coldly. Originally, he wanted to save his own daughter, but at this moment, even he could not believe it, and he also had to consider his own identity, so he endured it for a moment without uttering a single word. The other Dragon Emperor s also looked at each other, asking if anyone knew what was going on.

And at this time, Dragon Emperor Eternal Night already controlled Long Qingyue, allowing her to approach the Black Underworld Beast.

"Don't worry, if it touches you, I will kill it."

When Dragon Emperor Yongye said this, everyone wanted to see the result.

Since that Black Hell Beast's appearance was so similar to Long Qingyue, would it attack his?

The answer is, no.

When Long Qingyue approached the Black Demon Beast under the control of the Eternal Night Dragon Emperor, the struggling Black Demon Beast suddenly became docile. All of the black tentacles danced around Long Qingyue, as if they were protecting her in the middle.

"Wuwuwu!"

The Black Demon Beast emitted such a melodious sound.

It stretched out its tentacles and intimately caressed Long Qingyue's body.

Long Qingyue's face was deathly pale as she stared blankly at the crowd.

When Long Chen approached, the Black Hell Beast became ferocious in an instant, and continued to roar crazily under the control of the Eternal Night Dragon Emperor.

This scene was in full view of everyone.

Including the seven Dragon Emperor s, the Azure Fire Emperor, the Tianmu Emperor, and the City Lord of Di Jun, etc.

All of these proved that the one truly related to the Black Hell Beast was not Long Chen, but Long Qingyue.

Long Chen then looked at the rest, and said: "The result is already very clear in front of your eyes. In just a month, I was attacked by this monster in the ocean of time. I escaped with great difficulty, allowing this monster's cub to parasitize on me. Today, everyone is going to judge me, someone is going to target me, trying to make me show my true form, but I have to seize the opportunity to separate this monster from my body. As for why it would look like Long Qingyue, and why it would be intimate with her, I don't know. "

Is this the truth?

Everyone was confused.

If Long Chen was not the monster, then Long Qinglan was not either.

However, if there really was someone dealing with Long Chen, what did this have to do with Long Qingyue?

"Nonsense, this is him framing me. This monster is a part of his body, so of course he can let it freely change into my appearance and be intimate with me! This is all a facade created by him. Everyone, don't believe him! Daddy, Big Brother, you still don't believe Qingyue! I am Qingyue! "

Long Qingyue screamed with all her might, her eyes full of tears, looking pitiful.

When these words came out, everyone stared angrily at Long Chen once again, as if Long Qingyue's words were logical. It was very likely that Long Chen wanted to use this method to escape.

In that moment, the spearhead once again turned to Long Chen.

Long Chen was in no hurry, he had already known that the other party would say this, hence he said: "I'll just ask you two questions. The first question, why did you run away before I could pull this damned thing out of my body? I guess a lot of people saw you running away? Could it be that you can meet me and change this monster into your appearance? Can you explain this clearly? "

Long Chen's retort instantly killed Long Qingyue.

It was true that her expression at that time was abnormal as she prepared to escape, but in the end, she was caught by the Eternal Night Dragon Emperor. Why did she run away? If what she said was the truth that was formed under Long Chen's control, then how would she explain her escape?

Long Qingyue's face was filled with fear, and for a moment, she didn't know what to say.

Everyone's suspicions towards Long Chen finally lessened a little.

At this time, Long Chen asked his second question.

"Also, tell me the second question. Where is your husband, the Black Emperor? "Why didn't you come out and clarify it for you?"

After being asked this question, Long Qingyue was even more dazed. Her entire face was nervous, and her expression kept changing as she looked at Long Chen sinisterly.

Long Chen said: "So this is the truth, I think that if everyone were to kill this monster, you would probably know right? She said that this monster is a part of my body, hehe, then I will ask Dragon Emperor Yongye to directly kill this thing. I definitely won't even bat an eyelid at all, but for some other monsters that look like humans, I think there's going to be some changes. I wonder if the seven Dragon Emperor s and everyone present felt that this was fair? "

He used this extreme and effective method directly.

Actually, he wasn't sure what effect killing this Black Underworld Beast would have on Long Qingyue. This was only a test, but as expected, Long Qingyue's expression changed drastically, becoming extremely miserable. It was obvious that she was afraid of this method.

But she couldn't say it out loud. If she did, wouldn't it prove that she was related to this monster?

She began to cry, it was a very miserable life, begging the people of the Everlasting Dragon City to save her, especially the Immortal Dragon Emperor. She repeatedly called out to her father, making the Eternal Dragon Emperor's body tremble. It was extremely uncomfortable.

"Eternal life. I know that you're feeling complicated right now, but why don't you let Yongye try killing that monster to prove your daughter's innocence. At the same time, you can let the truth come to light." The Blood Red Dragon Emperor said.

Amongst the seven of them, one of the Dragon Emperor s from Dragon Devouring City turned pale and stared at the monster below. 'Long Qingyue is currently someone from the Swallowing Dragon City! '

And there was also the Black Yama Emperor ...

"Let's give it a try." The other two Dragon Emperor s from Destiny Dragon City and Life Dragon City, and even the Sky Dragon Emperor, all thought the same way. The Eternal Night Dragon Emperor couldn't change everyone's intentions by himself, especially the Eternal Night Dragon Emperor.

"Don't worry, I'm only killing this monster. It has nothing to do with you, Qingyue."

In front of Long Qingyue, Dragon Emperor Yongye was but a silver light. Long Qingyue could not see her expression, but she knew how frightening it was.

At this time, Dragon Emperor Yongye did not hesitate any longer and condensed a little bit of silver light on his hand. Although it was only a small dot of light, it contained a vast destructive power.

Dragon Emperor Yongye told everyone that she was only attacking the Black Hell Beast. It had nothing to do with Long Qingyue, so everyone wanted to see the answer.

They were all eagerly awaiting this scene.

Long Chen's calmness and Long Qingyue's panic had caused many people to have an ominous premonition.

As expected, just as Dragon Emperor Yongye was about to pierce the silver light, Long Qingyue raised her head and roared, releasing an extremely ear-piercing whistle. Her appearance was extremely scary, and countless black veins surfaced on her body, like snakes swimming in her body.

That sharp whistle caused all of the martial artists present to be forced back.

"Ha ha!"

She then started to laugh out loud, looking at everyone with disdain, and laughed sinisterly: What are you so happy about? So what if he saw through it? All of you here still can't live past today. The true catastrophe is only the beginning, so what can you do if you trap me? Very soon, they will all collapse before my eyes and howl miserably. Doing so will only be to let you know that you are about to die!]

She spoke incoherently, as if she had gone mad.

In the blink of an eye, she had actually entered into the body of that Black Hell Beast, fusing with it. At that moment, everyone became noisy, and they were extremely shocked. This was something they could not even imagine!

Long Qingyue had actually become one with that Black Hell Beast.

When she entered the Black Hell Beast's body, the human form on the ball of flesh underwent a subtle change, as if they had recovered from death. Everyone turned into the vivid image of Long Qingyue, looking at everyone with malevolent and malevolent eyes.

"Ha ha!"

She couldn't help but laugh.

Dragon Emperor Yongye was still controlling her.

"Kill me, you bunch of idiots, lowly ants!"

The hundreds of Long Qingyue laughed out loud at the same time.

This scene, this kind of speech, all without exception proved that she was the true monster, and Long Chen was framed. At this point, the matter had truly become clear, and the only thing that the crowd could not understand, was, who was she? Was it Long Qingyue?

Everyone in the Everlasting Dragon City, including the Bluefire Emperor and the Immortal Dragon Emperor, were dumbfounded and could not believe what they had just heard. Even the First Dragon Emperor did not expect such a thing to happen, as this matter was a terrifying blow to him. He had always been against Long Qinglan, and Long Chen.

Chapter 2209 - Fusion Body

"Eternal life, what do you plan to do?"

Eternal Night Dragon Emperor was obviously happy for Long Chen's misfortune. She didn't even like Long Qingyue to begin with. Although this result was unexpected, it didn't ruin her mood.

At this time, the most entangled person would definitely be the Immortal Dragon Emperor.

This Long Qingyue before him had a great secret on her body!

Everything she said was inconceivable.

The other Dragon Emperor s all said in succession, "Imprison her first and ask her what she really means."

As for killing it on the spot, some people had thought of that. However, it was clearly impossible. After all, there were too many mysteries surrounding this monster.

They wanted to know the bigger truth!

"Don't even think about getting anything from me!"

At this time, Long Qingyue, who was on top of the hundreds of black meatballs, sneered. Her body was connected to the meatballs beneath her.

"How could I let you ignorant fellows know about any of us? That was impossible. "Haha!"

As she spoke, her body began to rapidly expand.

It became even bigger, almost matching the size of Long Qinglan's body below the well, as hundreds of black tentacles danced crazily around her.

"Change!"

Those were the black and white dragon scales of the Dragon King of Great Creation Yin Yang Dragon. Hundreds of the human forms of Long Qingyue, including those black balls of flesh, were covered by the black and white dragon scales, making them even thicker and more powerful. As for those hundreds of tentacles, they also underwent a terrifying change!

First of all, it was covered with dragon scales.

Next, the sharpest part of the tentacle was split into two parts. The left side was white, while the right side was black. Each tentacle was separated into two parts.

Finally, the white part on the left formed the pale white head of a dragon. The black part on the right formed a black dragon's head.

It was a great Yin Yang Dragon with two dragon heads!

Hundreds of great Good Fortune Yin Yang Dragons emerged from the dragon-scaled ball of flesh. A total of over a thousand dragon heads swayed in front of everyone's eyes. They let out a divine dragon's roar, but there were also some changes in their appearances!

At that moment, the entire world was silent.

As Dragon Fighter, they were a group of people who were most familiar with dragons, especially someone like the Azure Fire Emperor.

The divine dragon's bloodline was noble and inviolable.

It was as if Long Qingyue's divine dragon bloodline had completely fused with this Black Hell Beast, and this newly born monster had the terrifying ability of the Black Hell Beast, and also the divine might of the Great Destiny Yin Yang Dragon. It was as if the Great Destiny Yin Yang Dragon had suddenly acquired hundreds of clones with the same strength!

Only a terrifying creature like the Black Demon Beast was able to accomplish this without any restrictions.

A super dragon's three thousand clones of a three-thousand Astral Soul Dragon definitely wouldn't be as powerful as its main body.

The ball of flesh that was covered in dragon scales had hundreds of dragon-scaled crescent moons on it, and a few hundred great yin yang dragons had grown!

Hundreds of divine dragons were dancing up and down, letting out sharp hisses that did not belong to a divine dragon. It should be that the divine dragon and the Black Hell Beast had already fused together.

This was shocking, but also desecrating.

"How is it? Is it hard to imagine that there would actually be such an existence in this world? Your knowledge is too shallow, hha. I'm just a minor character playing with you guys. "

On the meat ball, Long Qingyue kept sneering.

"But, they only know a little too much, don't even think about knowing anything about me. Or kill me? You can do it any one of you, can't you? "

She mocked again and again, as though she had completely lost Long Qingyue's identity.

Dragon Emperor Yongye was still controlling her.

He had originally planned to capture her alive, but now he felt a little awkward.

Kill, or not kill?

Everyone wants the truth, but who will give you the truth?

"I'm here to take back what I lost."

Right when everyone was quiet, Long Chen once again stood out, standing in front of this monster, Long Qingyue. When enemies meet each other, their eyes would turn red. Long Qingyue said coldly: "That person's descendant? "Hehe, you've already been targeted. How long do you think you can live?"

"That's not important. What's important is that you and the two of you will pay the price."

Or perhaps, everything that happened today, was related to the words that he had heard back then, that the dragon sacrifice had perished within a hundred years!

"Everyone, I want to fight her!"

Hearing Long Chen's words, Long Qingyue couldn't help but sneer: "Alright, looks like you hate me. If you weren't smart enough, you would be a corpse now, and let me into it. Then, you would feel uncomfortable peeling it off.

Even the seven Dragon Emperor s didn't have any way of resolving this issue.

Long Chen looked at Dragon Emperor Yongye and said, "Let her go. I want to try, and I want to take revenge even more!"

From the very beginning, he had been vindicating his innocence. Furthermore, everything that happened here had already been proven. Everyone here deeply felt guilty towards him, but he felt that it wasn't enough.

Long Chen's cold and sharp eyes gave Dragon Emperor Yongye a choice.

"Be careful."

She believed in Long Chen. If not for him having sufficient ability and terrifying willpower, he wouldn't have been able to survive today. There must be a deeper reason for him to make such a decision.

Thus, she released the restriction on Long Qingyue.

At this time, the other six Dragon Emperor s all landed and surrounded Long Chen and Long Qingyue. They stood at seven different positions, and could be considered to have completely blocked Long Qingyue's path.

Only through battle would one be able to see the uniqueness of the monster in front of them.

Since Long Chen was willing to test the waters, then let him go!

For a moment, everyone was nervous once again.

On one side was a monster that was formed from the combination of hundreds of Great Creation Yin and Yin Dragons.

On one side was the extremely tiny Long Chen.

Hatred, humiliation, framing, all these were bestowed upon him by the other party. He had nearly lost everything to Long Chen today, how could he not be enraged in his heart!

Finally at this moment, he clenched his fists. In front of everyone's eyes, he was so angry that he turned into a divine dragon!

Back then, during the Ancestral Dragon Cave's battle, Long Chen defeated her and took his life.

When they met again today, Long Qingyue had a completely different appearance. It was the fusion of a Divine Dragon and a Black Hell Beast.

This was a peerless monster created from the fusion of two terrifying bloodlines.

The black tentacles had already transformed into the great Creation Yin Yang Dragon, which was swaying about.

None of them knew what kind of Dragon Fighter Long Chen was. Even the Dragon Emperor wouldn't be able to tell, but they could roughly sense the kind of power within Long Chen's bloodline that they revered!

It was like encountering an enemy!

The three ancestral dragon-inherited blood were all burning with excitement!

On the other hand, Long Qingyue laughed: "Since you want to die, then I'll help you. Of course, no matter what I do to you, today will still be the day you die. Originally, I wanted you to become one of us, but since you gave up this chance to promote yourself to a noble life, you can't leave it to me. "

Under Long Qingyue's manipulation, the black colored dragon capital city looked up at Long Chen with the heads of hundreds of great Creation Yin Yang Dragons.

"Heaven and Earth Storm!"

From the very beginning, Long Qingyue had used her fatal move!

This was the same attack unleashed by several hundred divine dragons at the same time, forming a terrifying destructive force!

Not only that, but even the humanoid dragon and azure moon on the ball of flesh could attack. They all held Green Hellish whips with the power of time as they rushed towards the Archaic Blood Spirit Dragon!

The attack was extremely ruthless, obviously wanting to tear Long Chen into shreds.

As the storm swept down, the space in front of Long Chen shattered one by one. The two massive attacks were like a disaster that descended, and the combined power of several hundred Great Destiny Yin-Yang Dragons was simply terrifying!

But even so, Long Chen was not the least bit nervous.

After suffering so much, he was just waiting for this moment!

"Spacetime reversal!"

In that moment, his entire body turned into an illusionary Great Void Cosmic Dragon, he ran across the ocean, the power of time flowed out, and in that moment, Long Chen used this move to block the attack of the monster. After going through a heavy strengthening, he appeared in the world for the first time, which produced a terrifying effect!

The shattered space began to reform, returning to normal.

The power of time on the Green Hellish Whip that was swung at Long Chen shattered, and it even returned to Long Qingyue's side!

The enemy's dual attacks were instantly and completely neutralized. To everyone present, this was practically a miracle, and the only people who could use their time to this extent were the two Everlasting Dragon City s of the Everlasting Dragon City, and that was only a possibility!

The fact that such a monster could completely display the power of Long Qingyue's divine dragon's divine ability shocked everyone present. They imagined that if they exchanged their lives for someone much stronger than Long Qingyue, such as an Immortal Dragon Emperor and a Black Hell Beast, wouldn't that create several hundred Immortal Dragon Emperor?

It was terrible.

But in this situation, Long Chen had once again suppressed his former opponent.

Under the reversal of space and time, it became a tempest!

As the reversal of time and space descended on Long Qingyue's body, the terrifying pulling force of time rumbled and swept through the body of the monster. Immediately, countless great Creation Yin Yang Dragons cried out in pain, their dragon scales broke, revealing pitch-black octopus tentacles. It was obvious that this change in the divine dragon had only resulted in a change in its outer shell, but in reality, it was still a Black Underworld Beast!

Under the intense pain, Long Qingyue was bleeding all over.

Just as she was about to defend fiercely, Long Chen was even faster!

"Fourteenth Sacrifice!"

There was no mercy in revenge!

His gigantic Divine Dragon Body poured all fourteen types of powers into it. In an instant, the sun, moon, stars, mountains, trees, wind, rain and lightning all descended and all bombarded Long Qingyue's body, causing her to retreat continuously. The black tentacles on her body all broke as well, and her meatball also exploded.

Long Qingyue let out waves of miserable cries, which caused everyone's scalps to go numb!

But, this was just the beginning, Long Chen charged forward again and again with even more ferocity!

Chapter 2210 - The Might of an Ant

Anger and hatred, it was precisely because of these strange creatures that Long Chen had to endure such immense pain. Finally, it was the time for him to counterattack.

The memories of the Ancestral Dragons were awakening, or perhaps this was the opponent of their hatred, so when Long Chen charged forward, he was merciless and his attacks were ferocious, far surpassing everyone's imagination. He turned into a Blood Spirit Spikes, and pierced through Long Qingyue's body countless times!

Puff puff puff!

A large number of human forms on it had also been destroyed by Long Chen, but the Black Hell Beast's vitality was simply too strong, it did not even have any weaknesses. No matter how Long Chen killed it, her broken body would still quickly grow back.

Everyone blankly watched this battle.

It felt like if the Black Hell Beast was not instantly annihilated and shattered into pieces, it would be impossible to truly kill her. Although Long Chen was currently excited from his killing, only hatred could be relieved in terms of time.

Moreover, Long Chen might not be able to do anything to her!

And just as expected, in this battle, Long Qingyue was getting more and more furious. She had been suppressed by Long Chen for a long time, but now she finally exploded out with an angry roar, as several hundred Great Destiny Yin Yang Dragon roared out, directly fighting Long Chen's Primordial Blood Spirit Dragon body in a melee. Although they weren't as tough as Long Chen's flesh or terrifying divine abilities, their vitality was still strong.

"Haha, little reptile, in front of our great race, ants like you are unable to understand the mysticality and power of life!"

Several hundred Long Qingyue smiled mockingly at Long Chen.

"Ten Thousand Great Emperor!"

It was yet another move that had gathered the power of space and time. Back then, this move had almost killed Long Chen, but now, it was no longer the great Good Fortune Yin Yang Dragons that used the Ten Thousand Emperor Heavens, but countless of them!

Even Long Qingyue who was on the ball of flesh was fighting with her Green Hellish Whip. Wherever the two went, the water and time would immediately explode, forming terrifying waves that swept out in all directions, instantly forming a storm!

As for the other half of the Great Destiny Yin Yang Dragon, they were preparing for the Ten Thousand Great Emperor Heavens!

The black and white dragon heads respectively curved into a half circle, and the two fused together into a complete circle. The black and white mist shrouded the entire circle, and formed the pattern of a Taiji Yin-Yang fish. Long Chen remembered that in the next moment, it should be the Taiji Yin-Yang fish opening its mouth, and released a brilliant divine light that contained a myriad of worlds.

Perhaps Long Chen could block a ten thousand strong Emperor Heavens.

But at this moment, as long as Long Qingyue was not dead, there were tens of thousands of times the Ten Thousand Great Emperor's days. Although Long Chen was now much stronger than last time, that did not mean he could endure such an intense bombardment. For a moment, everyone couldn't help but worry for him.

At this moment, Long Qingyue's strength was already invincible under the body of a demigod. It was probably only those with the body of a demigod could use the divine power of all beings to suppress her.

"Just obediently accept the fate of death."

Long Qingyue giggled on the meat ball.

She was not wearing any clothes. Although she was connected to the monster, her skin was still delicate and fair. It was quite attractive and her chest was full of curves.

The crowd could not forget the terrifying thing beneath her.

Just as most of the Great Destiny Yin Yang Dragon were entangling Long Chen, there were already many other divine dragons attacking Long Chen with the Myriad Heavens Art.

In that instant, what everyone didn't expect was that he would instantly transform into a human figure, fly backwards, and charge into the sky to look down upon Long Qingyue.

Basically, divine dragons were in their best condition when they clashed. It was very unwise for them to take human form during an intense battle.

In that moment, everyone exclaimed, thinking that Long Chen had given up on fighting.

The moment they thought about that, Long Chen's gaze suddenly became cold and calm. A golden divine dragon suddenly appeared in his right hand, with a two-clawed golden divine dragon coiled around it. That divine dragon was elegant and beautiful, like a work of art.

"Dragon Binding Bow!"

A total of seven hundred Dao Inscriptions, basically only a half God Realm Ranker had the qualification and strength to use them. With Long Chen's control, it could greatly enhance his combat power!

In the blink of an eye, the Azure Dragon Arrow was nocked on the Dragon Confining Bow.

Although the Azure Dragon Arrow only had 500 lines, if it was shot out by the 700 lines Dragon Binding Bow, its power would greatly increase!

Long Chen's movements was simply extremely fast.

To him, Long Qingyue's time spent completing the Ten Thousand Emperor Heavens was far slower than his speed of shooting arrows. At this moment, he was extremely fluid, nocked, pulled the bow, aimed, and shot! In the blink of an eye, the Azure Dragon Arrow turned into an Everlasting Azure Dragon and shot out. In the blink of an eye, it collided with one of the large yin yang dragons, and in the middle of it was the Yin Yang Fish that was about to open!

BOOM!

The huge power of the Azure Dragon Arrow directly smashed the Yin Yang Fish into pieces, destroyed it, and the Ten Thousand Great Emperor, who was about to use this power, suddenly exploded. The power formed a destructive strike ahead of time and completely shattered that pair of dragon heads, and even injured many of the surrounding Dragon Capital!

Everyone was dumbstruck as they watched this scene.

Seeing Long Chen's calmness and calmness when using the Dragon Confining Bow, he was even a cold-blooded killing machine.

The azure dragon arrow returned to his hand.

With the terrifying speed at which he executed the Slaughter Sword Art, he shot out yet another arrow. Under this terrifying coordination, the great Destiny Yin Yang Dragons that were about to unleash the Ten Thousand Layered Emperor Heavens were turned into fragments one by one!

The attacks unleashed by Long Chen's Dragon Binding Bow were like nemesis to her. After a series of rapid shots, a large portion of the dragon heads exploded one after another, and any great Good Fortune Yin Yang Dragons that wanted to use the Ten Thousand Emperor Sky, were immediately blown up by Long Chen. Furthermore, this kind of damage was still considered rather difficult to recover from!

Everyone finally understood that there was a reason why Long Chen had taken human form at this time.

As for the arrogant Black Hell Beast, it was currently in a miserable state. In the end, it didn't even dare to use its Ten Thousand Great Emperor technique. She tried to close in on Long Chen, but Long Chen had never thought to get close to her. He became even more nimble, and in the blink of an eye, he was already far away. And at this time, the Azure Dragon Arrow in his hand had already been changed to an Emperor Dragon Arrow with 600 lines!

A Dao artifact with 700 Dao patterns and a Dao artifact with 600 Dao patterns!

This sort of power definitely far surpassed any of the seven hundred Dao Inscriptions. The power of the Emperor Dragon Arrow wasn't the only thing that could actually be killed, the majority of it was the explosive power of the Dragon Binding Bow!

As Long Chen retreated, he saw that Long Qingyue was bringing along countless Great Destiny Yin Yang Dragons to attack him. Long Chen turned around and shot out an arrow, instantly causing the Emperor Dragon Arrow to transform into a Dark Emperor Dragon. It roared and rushed downwards, and instantly split the ocean of time into two, fiercely piercing through the Black Hell Beast's meatball.

"AHH!"

Long Qingyue screamed again.

That scream was shrill and piercing, causing people to frown.

Currently, the image of Long Qingyue as a monster had already entered deep into the hearts of the people, and the positions between her and Long Chen had already changed.

Around him, the seven Dragon Emperors watched the scene quietly.

Especially the Immortal Dragon Emperor, who had the most complicated feelings.

He wanted to know the truth and the reason why, but at this time, Long Qingyue shouted madly: "Very good, you are very strong and outstanding, but you will only die a better death. The secret of our clan, you all can forget about it, haha, death is already very close, are you all prepared?"

The large quantity of Good Fortune Yin Yang Dragons continued to attack Long Chen.

Long Chen shot out another Emperor Dragon Arrow!

This time, he once again tore that ball of meat into ten percent, and the speed of destruction surpassed her recovery speed.

"It's impossible to get any information from her."

Only he himself knew of this. In this battle, it was possible that Long Qingyue was just a small character, the Black Hell King behind her or a big fish.

Therefore, Long Chen showed no mercy.

The Emperor Dragon Arrow pierced through her body time and time again, charging into the ocean of time, causing a huge explosion.

As the Emperor Dragon Arrow pierced her body again and again, Long Qingyue laughed as she cried out in pain. Her appearance was extremely ferocious and no one dared to approach her until their bodies were riddled with holes.

"Enough!"

The Immortal Dragon Emperor finally could not hold it in anymore and stopped Long Chen from moving.

Everyone looked at the Immortal Dragon Emperor.

The Immortal Dragon Emperor coughed and said, "Capture her. We seven Dragon Emperor have carefully studied her. If the others have nothing else, then leave. "

Everyone had already expected this outcome.

It was simply impossible for Long Chen to kill her. After all, she had a father-daughter relationship with the Immortal Dragon Emperor, and even had such a conspiracy.

But no one expected that Long Qingyue wouldn't sell his account.

"Father?" "Haha!"

Her broken body had yet to recover. Out of the several hundred bodies on the broken ball of flesh, only one remained.

"Actually, I am Qingyue. That's right, she is your daughter."

Long Qingyue looked at him with a strange smile.

The Immortal Dragon Emperor was stumped for words.

"However, I do not regret today's ending at all. It is such a terrifying and vast life! To be able to sacrifice my life, Long Qingyue, to them, I feel incomparable glory and happiness. Even if I die today."

She looked at the crowd and chuckled once again. She then said, "Today, I was once again defeated by him, I have nothing to say. However, defeating me is nothing. I wanted to say that one day you will understand, but today you will understand. "

She had a blissful smile on her face as she looked in the direction of the Everlasting Dragon City.

Just as everyone was reflecting on her words, Long Chen released the Emperor Dragon Arrow from his hand, passing through her last body and ripping her into pieces.
