

War God 221

Chapter 221 - kilometer-tall ancient corpses

Long Chen swam to Ling Xi's sword and softly called out a few words, but he did not reply. He had a bad premonition in his heart a long time ago, and this was only confirmation.

"Every time Xiao Xi expends her strength, she will fall asleep for a short period of time. Right now, it is very possible that she will be fine." Long Chen consoled himself. Previously, when he fell down together with Ling Xi, he did not expect himself to still hold onto Ling Xi's sword like this. To him, this was already a very good result.

There must be something better.

In this deep pool, Long Chen was unable to withstand the cold, so he decided to pull out the coffin from Ling Xi's sword and climb onto the surface of the water first.

In this endless abyss, the first thing that lay in front of him was Ling Xi's life and death. As for how to leave this place, Long Chen didn't have the mind to think about it.

With both legs stepping on top of the steel coffin, Long Chen bent down and held onto Ling Xi's cold sword hilt with both hands. At this time, Long Chen noticed that on the steel coffin, there was a huge crack caused by Ling Xi's sword.

"What's inside?" Long Chen put down Ling Xi's sword and looked towards the depths of the crevice. It was a bit blurry inside, but after looking carefully for a while, Long Chen realised that there seemed to be something white inside, and suddenly, his eyes opened wide.

"What?" He suddenly felt his scalp go numb and his back turned cold!

Originally, the inside of the coffin was a blur, and something white had been revealed. However, just as Long Chen was observing the coffin closely, two huge cracks suddenly appeared in two places, and within the cracks, a dark green light could be seen. The gap instantly expanded to the size of a small pond, and the dark green light that erupted from within illuminated everything inside the coffin in an instant.

This completely stunned him as a deep sense of fear enveloped him. In his haste, he only had time to grasp onto Ling Xi's sword.

Previously, when he researched and thought that this thing was a coffin, Long Chen had already guessed what was inside. But he never would have thought that it would be like this!

The two dark green ponds were actually two eyes!

When the two eyes opened, some of the light was illuminated, and in that moment, Long Chen was able to see that the coffin actually contained a corpse that could fill the entire coffin!

However, it was no longer a corpse because it had awoken.

This body was about two hundred meters wide. Needless to say, it was more than a thousand meters long. Such a corpse was not a demon beast or a monster, but rather, a young woman!

Long Chen could not see her appearance clearly, he could only clearly see that he was a young girl.

Just as he was panic-stricken, he held onto Ling Xi's sword, and in the crevice of the coffin, streams of black green light exploded out, forming a powerful force that surged out, causing Long Chen to be thrown out immediately. But luckily, Ling Xi's sword was pulled out by him in a hurry!

Initially, he thought that it would be difficult to pull Ling Xi's sword out, but with the power inside the coffin, he felt much more relaxed. It was as if that surge of power had been deliberately drawn out.

Being struck by the power, Long Chen was immediately flung out of the water surface, and flew even more than 30 metres high. If he continued to fall like this, Long Chen would definitely fall in all directions, but what shocked Long Chen was that his body seemed to be controlled, as he was frozen in mid air!

"What's going on? "Who are you?" At this point, Long Chen naturally knew that the thousand meter tall girl in the coffin must be a terrifying existence. That kind of terrifying degree, might even be able to become an expert that appeared in the environment where Ling Xi and the others lived.

This kind of ranker was definitely not someone that could appear in a place like Canyang Kingdom!

No matter how Long Chen thought about it, he couldn't understand why this girl's body was so big. Was she even human?

Long Chen didn't have any thoughts of resisting, now that the other party had held him in the air, naturally he wouldn't kill him. If he killed him, the wave of power could have killed Long Chen countless of times.

"This monster must have been sealed in the depths of the Star Demon Prison, and because Ling Xi's sword fell from the sky, with its hardness, it directly broke through the sealed coffin. In the end, only then would I be able to wake her up and break the seal!" Thinking of this, Long Chen relaxed a lot in her heart. In that case, Long Chen and Ling Xi had done her a favor, so she shouldn't be able to get rid of them right?

Because he had Long Qinglan and Ling Xi, Long Chen could still accept it if such an expert appeared. Otherwise, with his standing in the White Poplar Town, he would have pissed his pants long ago.

At this time, Long Chen looked down.

At this moment, the surface of the deep pool was actually lowering, as if there was a giant monster deep in the pool swallowing the dark green water. The water in the pool was decreasing at a visible rate, and soon, the metal coffin at the bottom was revealed.

When all the water had disappeared, what appeared was an endless expanse of land. On this land, the thousand metre long coffin attracted all the gazes of Long Chen.

He watched nervously.

On top of the coffin, there was a gap where Ling Xi had stabbed out with her sword. Right now, this gap was shining with a dark green light, illuminating this pitch-black space.

Suddenly, the cracks slowly expanded and even melted. Soon, a hole with a diameter of more than ten meters was formed. Right at that moment, the melting stopped, and the dark green light also disappeared.

"Gone?" Long Chen was still hoping for something to appear.

Just as he was looking forward to it, the cave entrance that had melted revealed a glimmer of light, and then, a figure walked out from within it, instantly appearing in front of Long Chen. This was a young lady with a body about the same size as Long Chen. She was not the thousand-meter-long corpse before, but Long Chen knew that she was the corpse.

Long Chen didn't know how to describe how he felt right now.

This girl looked to be around Ling Xi's age, but her eyes were a dark green color, just like a pool of dark green water, captivating one's soul. The elegant jade complexion had carved clear facial features, the water colored eyes were clear to the point of being seductive, but they carried a faint coldness, as if everything could be seen through them. The small and exquisite nose, and the small mouth that was as light as a cherry wing, was captivating.

This was the first time Long Chen had seen a girl who could compare to Ling Xi in terms of temperament and background. However, she was completely different from Ling Xi. If the purity within Ling Xi's eyes made her look like an otherworldly fairy, then this girl, who could seduce people with her ice-cold, even ruthless and bloodthirsty, was simply a devil.

But what troubled Long Chen the most was that this devil was not wearing any clothes.

Yes, when she appeared in front of Long Chen, she was completely naked. Long Chen knew that the large amount of snow-white skin he saw in the coffin before was actually this young girl's skin that was as white as snow. And now, this moving skin was right in front of Long Chen's eyes.

The alluring snow-white peaks, the rapidly closing waist, the exquisite curves, the perfectly round thighs and the delicate, white, delicate feet, all of these undoubtedly appeared in front of his eyes.

If it was in front of him before, he would definitely look at it with drool. However, the current him was different. He understood propriety and knew whether he was dead or alive. Although this girl looked like a young girl, she was probably an old monster from many years ago. If Long Chen did not know his limits and made her feel annoyed, with just a casual wave of his hand, she would be able to kill him.

So, even if it was truly tempting, Long Chen did not dare to look, and immediately turned his head.

At this time, Ling Xi's image in his heart was incomparably strong. Even though this girl was not inferior to Ling Xi in any way, Long Chen did not take a liking to her.

"Give me your clothes." That clear and cold voice seemed to have resounded beside Long Chen's ears. Hearing her words, Long Chen felt a kind of hair-raising feeling once again.

Of course, he did not take off his clothes. Instead, he took out a new set of clothes from his Cosmos Sack and threw it in the direction of the young girl. He still didn't dare look in that direction.

At this time, Long Chen felt his body, which was held in mid air, start to descend. Slowly, Long Chen came into contact with the hard metal ground. Only then did the strength in his body disappear.

"You can turn around now." The young girl said softly.

Long Chen obeyed and turned his head. At this time, she was already wearing Long Chen's clothes, although it was a man's attire, it could not hide his peerless appearance. Unlike Ling Xi, who was a soul, she was a true existence that could shake the hearts of people and move their souls. It was just that Long Chen was afraid of her, so he did not dare think of it.

"She must be an old monster." Long Chen told himself. This way, he would be able to live on with a sense of reverence.

To have a person's heart full of respect was something that Long Chen had comprehended himself. This way, he could control his own lawlessness.

Looking at the young girl, Long Chen did not dare to speak.

"Give me this sword." The young lady looked at Ling Xi's sword, and it was this sword that had helped her break the seal.

"You want it?" Long Chen raised his head and asked.

However, he was very calm, which gave the girl a slight headache. She said: "I know, there is a Sword Spirit inside that should be someone you care about, but I will not harm her. I just want to see this sword."

thought for a while, then handed over Ling Xi's sword to her, just as the young lady extended her hand out and was about to touch Ling Xi's sword, Ling Xi's sword suddenly shook, and a ripple immediately blew the young lady away!

Long Chen was shocked.

Fortunately, the girl was not injured.

"Ling Xi's sword is not bad, it actually managed to send the mysterious girl flying." Long Chen was secretly shocked.

"I really can't touch it. This sword is very strange, it can even pierce through the Ancient Devil Prison Coffin. but it cannot be used by me. " The girl stepped forward again, completely ignoring Long Chen as she spoke to herself.

Then, she raised her head, looked at Long Chen for a while, and said: "I was going to kill you, but since you're the one holding the sword, I'll forgive you. But you have to help me with something."

Chapter 222 - Spirit Devouring Demon Pupil

Long Chen did not ask her how she could help, he had something even more urgent he wanted to know, so he asked: "Before I do anything, I have a question. I want to know, do you think that the Sword Spirit inside is still alive?"

"There is only a trace of her soul aura left, but she has a lingering will. She should be able to hold on, but I don't know when it will be time for her to awaken." It was probably because Long Chen had appeared and allowed her to break the seal, so her attitude towards Long Chen was not bad. At least, she would still answer his questions.

Well, at least he didn't die ...

Upon hearing this answer, Long Chen finally heaved a sigh of relief. The girl actually saw the look of relief in his eyes. She once again sized Long Chen up for a while, then asked: "Is she very important to you?"

Long Chen laughed, but did not answer, and instead said: "Didn't you ask me to do something for you?"

The girl's bright eyes gradually flashed with a cold light. She said, "Up until now, there hasn't been many people who dare not answer my question. The reason I was able to break the seal was all because of you, so you have the right to do so."

Long Chen could also tell that this girl must have been a temperamental and decisive witch. Even if she was sealed, the cold aura on her body still existed, and her fair cheeks and sharp chin emitted a trace of coldness. It could be said that her current attitude towards Long Chen could already be considered to be as gentle as possible.

Long Chen did not say anything and waited for her to continue. This young girl's strength was too strong, and her appearance was also very visually impactful. It was like a peak that reached the heavens, causing one to have the desire to conquer, but not the courage to do so.

"My soul is very weak right now, so I need a soul, a soul of a young girl. "A virgin girl." Her voice was cold as she said this word by word.

"You want me to kill for you?" Long Chen was startled, this sounded like the methods of the Church of Red Blood s, one was for blood and the other for soul.

"Is your inner resistance due to this ridiculous sense of justice?" The girl suddenly giggled. She was originally cold, but when she laughed, it was as if she could topple all other people. It was just that her words caused Long Chen's hair to stand on end.

"Whatever. In the end, you are my savior. I should do what you have done. Out of a hundred young ladies, you draw one percent of their souls. This doesn't have much of an impact on them, and a slight headache will be healed in a month's time. " Seeing the disgust in Long Chen's eyes, she retreated.

Long Chen knew, although the young lady's words were weird, her heart was probably not as evil as he thought. If it was a real villain, they would have already killed his pitiful savior.

"What should I do?" Long Chen asked.

"Actually, you should feel honored. I will teach you a sacred art that will allow you to gain insight and the ability to devour souls. This ability will increase as your level increases. If you are able to achieve some success, it will definitely become a great help to you." The young girl said calmly.

"Insight and soul devouring?" Long Chen could feel that this was obviously not a combat skill, but definitely a type of divine ability like Blood Refinement Qi and the Devouring Blood Realm. Such a divine ability was something that even she couldn't help but praise. It must be extremely powerful.

"Why did you pass it on to me? If you go and devour them yourself, won't it be easier to do so?" Long Chen asked carefully.

After he finished asking, he felt a wave of killing intent that covered the sky rush towards him, instantly charging into his soul. Long Chen was shocked in his heart, and his back was covered in cold sweat.

However, the killing intent quickly disappeared, and the girl was a bit helpless. She used her slender, jade-like fingers to stroke her long black hair, and then slowly said: "If I could make a move, why would I waste my time talking to you? If I used this divine ability, it would definitely attract their attention. Will you be willing to part with it?"

All of a sudden, he felt a little at a loss, and even lost the ability to think. He felt that the woman in front of him seemed to be the most alluring dish, and as if she was already completely naked, she played with her head and allowed Jun Cai to pluck whatever she wanted. This delicate body that was as white as snow, was filled with a fatal temptation for Long Chen.

He was about to lose control of his body and reach out to touch it. But at this time, everything disappeared. The girl looked at him coldly and said: "Did you see that? This is the Spirit Devouring Demon Pupil you want to learn."

Long Chen's heart trembled.

When he woke up, he thought this girl used a charm technique, but he didn't expect it to be her eye technique. From the feeling, it was as if she had only used her own eyes to confuse Long Chen's eyes, and had even wrapped all of his senses, including the knowledge of his soul.

"Spirit Devouring Demon Pupil?"

I don't like to owe others. If you can learn this art and save me, you can forget about it. Her eyes flowed with a dark green charm light, and she stared at Long Chen.

nodded and said: "Since that's the case, you can teach it to me."

"I'll teach you the Spirit Devouring Demon Pupil and then I'll still need to cultivate. After that, I'll need you to cultivate and recover your strength, you can just stay on the side and cultivate. Once I've succeeded, I'll naturally take you out of this damn place." The young girl said coldly.

"How long are you going to train?" In Long Chen's heart, there were still a lot of things that needed to be done.

"A day or two at the most, or a month or two at the most." At this time, the girl had already arrived in front of Long Chen, and was only half a meter away from him. Long Chen lowered his head, and could see her shocking snow-white chest, as well as the spring color that couldn't be hidden due to the loose male clothing she wore.

"Does it look good?" This low moan, was like the devil's voice, entering Long Chen's ears, made him feel a little numb.

"What a devastatingly beautiful woman." he said subconsciously.

"A satisfactory answer." When he said that, Long Chen suddenly felt a sharp pain in his head, as if a branch had pierced through it. This kind of pain made his entire body spasm, and he almost fainted.

Fortunately, this pain only lasted for a short while, and had disappeared without a trace the moment it disappeared. Only when Long Chen broke out in a cold sweat did he realize that there was some additional information in his brain. That was the cultivation method of Spirit Devouring Demon Pupil.

"When I wake up, before you can even learn it, I'll dig out your eyes." The girl raised her head and looked into his eyes as she spoke.

From the thousand meter long ancient corpse and the enormous coffin beneath her, Long Chen knew that this girl was definitely a heaven-defying expert. He might even be an old demoness, a senior amongst seniors. It was only right for her to be humble to him, so he nodded.

"By the way, what's your name?" The young girl asked as she sat on the coffin.

"Long Chen. "What about you?" Long Chen boldly asked for her name.

"Li Xuanji."

When he truly cultivated the Spirit Devouring Demon Pupil, Long Chen finally arrived at the place where he was deeply shocked. From this, he knew that this Li Xuanji definitely did not want her to make him so merciless and merciless. To Long Chen, exchanging the favor of breaking the seal for the Spirit Devouring Demon Pupil was worth it.

All of his abilities came from his inherited blood essences. Be it the Dragon Soul Transformation, Blood Refinement Qi, or even the extension of Blood Refinement Qi — Devouring Blood Realm, they were all existences that defied the will of the heavens. And this Spirit Devouring Demon Pupil, after training to a later stage, might also have that realm.

This Spirit Devouring Demon Pupil seemed to have several levels, and the only thing Long Chen could come into contact with was the first level. The goal Li Xuanji gave him was to get him to the second level before she finished cultivating. Once he finished the first level, the second level's secret would naturally appear in his mind, and so on until he had mastered the Spirit Devouring Demon Pupil.

To Long Chen, Blood Refinement Qi and the others, he basically did not need to cultivate. As for the other battle skills, they were all extremely powerful to the current Long Chen, but to people like him, they were basically all gaudy and flowery fists. Therefore, Spirit Devouring Demon Pupil was the first person Long Chen trained in, and it was relatively more difficult to cultivate the secret technique.

However, Long Chen still had a layer of deeper worry in his heart.

Dongfang Xuanxiao and Mo Xiaolang should be able to escape far away under the influence of Ling Xi's Mighty Heavenly Sword Prison. Yin Mengyao did not participate in the rescue of the little wolf, but there were some dangers involved, and what Long Chen was most concerned about was Yang Lingqing. At that time, Bei Tangming had no choice but to cancel the engagement because of Long Chen's and Dongfang Xuanxiao's threats, but now that Dongfang Xuanxiao had escaped, Long Chen was already dead in the eyes of others. Was there a reason why Beitang did not do anything?

Long Chen knew that there was no point in being anxious anymore. The only thing he could do was to cultivate to the second level of the Spirit Devouring Demon Pupil before Li Xuanji finished her cultivation.

The first level of Spirit Devouring Demon Pupil was called Charm. This was the method that Li Xuanji had showed Long Chen earlier. This method could make the enemy lose focus in the middle of a battle. This seemed simple, but if used correctly, it could definitely cause a great reversal. If Long Chen's strength far surpassed his opponent's, he could even use this charm to directly control and dictate the actions and thoughts of the weak.

Of course, what Li Xuanji had displayed to Long Chen before was sexual temptation, but there were many types of bewitchment. Long Chen wouldn't use this kind of seduction on a man.

The reason why Long Chen had to cultivate the second floor of the Spirit Devouring Demon Pupil was because the second floor's name was: Capturing Spirit. To be able to use Capturing Spirit in the initial stage, Long Chen could easily use it on people who had never cultivated or had a shallow level of cultivation. From within their souls, he could extract pieces and pieces of their soul, thus achieving the purpose of nourishing his own soul.

As for the soul, it was related to the mind, perception, reaction speed, etc.

Calming his heart, Long Chen began to cultivate the Spirit Devouring Demon Pupil. This was a good thing. Cultivating it well was a huge trump card. Furthermore, there were still several levels to the Spirit Devouring Demon Pupil. Who knew what kind of heaven defying moves the Spirit Devouring Demon Pupil would use when it reached the end?

Chapter 223 - Promotion of Heavenly Core

Charm.

To Long Chen, this was not easy to understand. After researching for another two days, he realised that what he needed more than that was the control of his Innate Qi. From the Spirit Devouring Demon Pupil, Long Chen understood that in the eyeballs of humans, there are also countless of veins. However, if one could circulate one's Zhen Qi perfectly through these meridians, one would be able to display an unimaginable power.

This was the essence of the Eye of Darkness.

Spirit Devouring Demon Pupil was without a doubt a top-notch ability. Therefore, the requirement for control over one's strength was much more difficult than using an ordinary eye technique. Long Chen

completely understood the chant, but he needed to cultivate it over and over again. In the span of five days, he had made over a hundred mistakes, and with each error, he could feel that kind of fatal pain. His eyes had even exploded and bled, but fortunately, Gui Yuan was able to heal these small and delicate injuries.

On the sixth day, he completed Charm for the first time. From then on, his progress was very smooth and he quickly trained the Spirit Devouring Demon Pupil's first level to the large success stage. However, this meant that his eyes had already bled over two hundred times. He had endured the pain of more than two hundred mistakes.

At this time, when Long Chen opened his eyes, he discovered that there was a dark green light flowing within his two eyeballs. An ancient and complicated pattern was being revealed at the center of his pupils. But Long Chen knew that it was an ancient word for 'doubt', it was an ancient language that had already been lost since ancient times. Long Chen naturally did not understand either, he only knew this from the information in his brain.

Capturing Spirit.

The second level of Capturing Spirit was not as difficult as Long Chen had imagined it to be. Perhaps it was because he had trained in the first level before, but he had made great progress in controlling the tiny amount of Zhen Qi in his body, and the Capturing Spirit required more impact. Thus, Long Chen had completed the cultivation of the Capturing Spirit, which took a total of seven days. In total, there were 12 days, and he had only finished training the Spirit Devouring Demon Pupil, but Li Xuanji still had not woken up.

The Spirit Devouring Demon Pupil could no longer cultivate. Li Xuanji had said before, with his current strength, he could only cultivate to the second level. If he were to cultivate to the third level, the consequences would be dire. Even if it was Charm and Capturing Spirit, Long Chen would need to spend more effort to reach a deeper realm.

After the second attempt, when Long Chen used the Capturing Spirit, an ancient word "fight" would appear in his eyes.

Although he was worried about Yang Lingqing's safety, after going through the matter with the Star Demon Prison, Long Chen had matured quite a bit. Li Xuanji was anxiously recovering his strength, if he were to disturb her, he would definitely die, so after the Spirit Devouring Demon Pupil was completed, he turned and started cultivating the Azure Dragon Battle Method.

Among the broken yellow spring, Azur and the Dragon Battle Star Field, he could only use the first move right now.

Therefore, Long Chen took out the green dragon halberd and unceasingly practiced her Azure and Dragon Battle Star Field in this underground space. The Azure was a set of consecutive moves from the broken yellow spring, and only by executing two of them consecutively, would one be able to unleash an even more powerful might. The Dragon Battle Star Field was the simplest move of the Azure Dragon Battle Method.

Time quietly passed, and Long Chen's trump card also gradually grew stronger. During this period of time, he had a deep experience of being alone. When Li Xuanji trained, she was like a rock that had lost all signs of life, and as for Ling Xi, who was still unconscious, Long Chen didn't know how to wake her up.

The emptiness in his ears could only be filled with cultivation.

He trained like a madman, day and night. In order to not disturb Li Xuanji, he ran far away from the Ancient Coffin, where it was dark everywhere, as though other than endless mud, there were only five stars in the sky. Long Chen cultivated crazily here, using the green dragon halberd s to create many ravines on the ground, as well as numerous web-like cracks and cracks.

In the blink of an eye, twenty-seven days of Li Xuanji's cultivation had passed, and on this day, Long Chen succeeded in cultivating the Earth Tier Battle Skills. One of them was even an initial stage Earth Core Stage warrior, who had crossed six great realms and cultivated the Earth Tier Battle Skills. This was unprecedented and would never happen again in the entire Yuanling County.

"Beitang Mo! If I go back and find that little Qing'er is missing a single strand of hair, I will definitely use this green dragon halberd and rip you to shreds!" Long Chen roared out one after another.

"Little Qing`er?" Is it the woman you like? " At this time, the cold voice sounded from behind him. Long Chen turned around and saw that it was Li Xuanji. She had finally finished cultivating, which meant, he could finally leave.

Li Xuanji had originally thought that Long Chen liked that strange Sword Spirit, but now that she said the name of another woman, she felt a little disgusted.

"My sister." Long Chen kept his green dragon halberd and said: "I have already successfully cultivated the first two levels. Regarding the matter of collecting souls for you, as long as you leave here, I can do it for you. But I have a request, I want to confirm my sister's safety before that.

Hearing that it was from his little sister, Li Xuanji's expression turned slightly better. She didn't need that little bit of time, so she said, "Okay. "Since you're still concerned about your sister, I'll give you some benefits first."

She waved her hand, and a burst of energy instantly rushed towards Long Chen, wanting to wrap him up. Long Chen was shocked, and was about to resist, but then realised, the energy actually entered his body in a very gentle manner, and the energy was extremely pure, just like the energy that was formed from the medicinal power when Long Chen consumed the fruit.

"Refine this power into your true qi." Li Xuanji's voice faintly sounded beside Long Chen's ears.

Long Chen did not dare to be negligent, he immediately used his attribute strength to refine the spirit stone into her own Dragon Soul Zhen Qi. Because the power provided by Li Xuanji was stable and strong, Long Chen's Zhen Qi expanded rapidly, and after half a day, he had already broken through the large success stage of Earth Core Stage, and reached Dongfang Tianyu's realm!

However, the increase in power had not stopped yet!

Li Xuanji continued to channel energy into his body, and Long Chen was almost bursting because of the pressure. The only thing he could do was to refine, an endless amount of refinement, and time passed by in the blink of an eye, a day and a night of refinement. At this time, the energy within Long Chen's body rose to the edge, and finally, with a boom, the entire Earth Core exploded.

As the zhenqi gathered in his dantian, it condensed into a small thumb-sized Heaven Pill. As he cultivated Divine Pill Realm, he was absorbing the spiritual energy of the world. At the same time, he was compressing his own true energy. From the Mortal Core to the Heaven Core, his body size had been reduced by several times. However, the true energy it contained and the explosive power it released were also tens of times, or even a hundred times stronger than Mortal Core.

"I have reached the Heavenly Core?" Long Chen was unable to recover from this fact for a while. Heavenly Core were the realms of absolute geniuses in the Inner Race, and were only two levels away from Mo Xiaolang. They had already reached Dongfang Tianxuan's level. Amongst the younger generation in the Lingwu Family, other than Mo Xiaolang, there were only four people whose realms exceeded his.

Most importantly, Long Chen had completely controlled the green dragon halberd and learned the Earth Rank battle skill Dragon Battle Star Field. He also learned the Nine Evasion of the True Dragon and the Returning Origin battle skill as well. As for the ability that came from the inherited blood essence, the Dragon Soul Transformation skill and the Devouring Blood Realm, in addition to the power that Li Xuanji

had given to the Spirit Devouring Demon Pupil, his strength had truly risen explosively to an extreme realm this time around.

"Take Dongfang Tian Chen for example, his Heavenly Core is at the initial stage and her true qi is about the same as my Dragon Soul Transformation. In other respects, even though he had rested in the Azure Dragon Battle Method, he was definitely not as strong as me, who is a green dragon halberd! "

Thinking about it, Long Chen was somewhat excited. If he could deal with Dongfang Tian Chen, then he would think he could kill Beitang Mo.

"Ling Qing, wait for me." Long Chen's eyes were filled with determination.

At the same time, he was also grateful to Li Xuanji. It was only a coincidence that Ling Xi pierced through the Ancient Coffin, but up until now, not only did Li Xuanji not kill him, she even gave him a Spirit Devouring Demon Pupil, and her strength had risen by two levels in a row.

Heavenly Core, this meant that Long Chen had truly stepped into the realm of absolute geniuses in the Yuanling County. and he was even close to the elites of the older generation, such as Dongfang Xuanyu, who had relatively poor Great Perfection of the Heavenly Core.

"Let's go." Within the encirclement of Li Xuanji's power, Long Chen shot straight up into the sky, his clothes fluttering loudly.

To Long Chen, being able to fly was no longer a shocking thing. She was a mysterious and mysterious person to begin with. To be able to carry Long Chen and fly out of Star Demon Prison was not a difficult matter.

Now that his mind was clear, Long Chen knew exactly how deep down he had fallen back then. It was as if he had directly fallen from the sky to the ground, and now, he had returned back to the sky from the ground.

Li Xuanji's speed was extremely fast, but after flying for half a day, she finally brought Long Chen to the transfer hall. Standing there, she turned to look at the endless abyss, and thinking that she had actually survived from such a situation, Long Chen felt that it was absurd.

"Next." Long Chen had no idea how he should travel along the way, he was only worried about Yang Lingqing's safety. However, there was still a trace of craftiness in his heart and that was, as long as Li Xuanji followed behind him, no one in the entire Canyang Kingdom could kill him.

This was the reason why Long Chen wanted to see Yang Lingqing first before collecting the young girl's soul.

Calming his nerves, Long Chen exited the black hole. After arriving at Heaven Martial Stage, the first thing Long Chen saw were still the armored guards, but there were only three people present today.

"Long Chen!" When Yan Honghai and the others saw the sudden appearance of Long Chen, they immediately called out in surprise. Long Chen was already dead, this was absolutely true. He had fallen into the Star Demon Prison, and no one would naively think that he would still be able to return, but Long Chen was just standing there, alive and kicking.

Not only did he become stronger, he even had a fierce girl behind him.

Chapter 224 - The Black Turtle Palace

"Why are you still alive?" Yan Honghai's face was filled with disbelief. He opened his eyes wide, looked at Long Chen, and even the young girl beside Long Chen who could topple all living things, was forgotten by him.

The other two armored guards didn't say anything but their minds were full of questions. Long Chen's appearance, to them, was definitely a huge blow.

"Why am I alive? That's not important. What's important is that I'm alive right now!" Long Chen laughed, then looked at Yan Honghai and said, "Big Brother Yan, I need to inquire about some news from you."

"To me?" Yan Honghai was shocked. He looked at the two people around him and asked, "Young Master Long Chen, do you know? Right now, the Lingwu Family is looking for Master Xuan Xiao in the entire Yuanling County, you are his adopted son, and you have also participated in that matter, so I should arrest you."

In his heart, he was struggling as well. In truth, Dongfang Xuanxiao had been taking care of him for the past few years, but it was because of his information that made Dongfang Xuanxiao, Long Chen and the others end up like this. Of course, without Yan Honghai, there would still be someone else who would do this to the Azure Dragon Ancestor. However, Yan Honghai was still apologetic in his heart.

However, his duty was, for now, to make his move.

"Brother Yan, if you don't want to make a move, then let's do it." The other two armored guards looked at each other, and rushed towards Long Chen. They were both initial stage experts of the Heavenly Core, if they were the former Long Chen, there was no way to deal with them.

"You want to make a move?" Long Chen laughed coldly, completely unafraid. Actually, from their conversation just now, Long Chen had already gathered some information, and that was that Dongfang Xuanxiao was not dead. That's enough.

Just as Long Chen was about to attack, the beautiful Li Xuanji beside him suddenly grew impatient. She casually waved her hand and Yan Honghai and the other two immediately flew backwards as their faces turned pale.

"Stop wasting time, just ask whatever you want." She didn't care.

Long Chen was aware that time was of the essence and he did not care about how severely injured Yan Honghai was. He walked in front of him, and in front of his terrified eyes, he asked, "Big Brother Yan, do you know anything about my sister, Yang Lingqing? I'll only ask you this once. If you don't answer, you see, she'll easily kill you. "

Yan Honghai was completely unable to understand why such an incredibly beautiful girl would be able to injure him so heavily with just a light wave of her hand. However, his brain was working really quickly, and when Long Chen asked the question, he immediately replied: "Beitang Mo's wedding day is today! You'll know when you go to Beitang family! "

Marry?

Heh, just courting death.

To the Beitang family today, it was a rare big day. Of course, this was also a grand occasion for the Lingwu Family. Because today, the most outstanding son of the Beitang family's manager, the most outstanding genius of the Beitang family, Beitang Mo, was going to marry his adopted sister, Yang Lingqing.

Of course, after marriage, the adopted sister wasn't the adopted sister, but the Madam instead.

Yang Lingqing possessed the Profound Yin Body, so after obtaining the correct cultivation method, her cultivation had already reached the large success stage of the Mortal Core. In the future, she would even surpass the Beitang and become her trump card, so Bei Tangming would ignore all costs to tie her up in the Beitang family. This point was accepted by the other three clans, but Dongfang Xuanxiao was the one who messed up and delayed this matter. Now, everything was good, had chosen to betray the Lingwu Family and set a lucky day for it. And for the previous month, the Beitang family had been preparing for this grand ceremony.

This time, the wedding ceremony was very grand. Not only did the Beitang family invite the other three important figures from the Inner Race, the nine great clan elders from the other clans, and the other powers in the Source Spirit City, they were all invited.

At this time, the Beitang family was decorated with lights, and various types of people shuttled back and forth, bustling with noise and excitement. All kinds of servants, kitchen workers and maids were busy throughout the journey. The originally quiet Spirit Martial Inner Race suddenly had so many more people, it made people uncomfortable.

Shouts, laughter, voices of agreement, and fawning could be heard incessantly in the Beitang family. In the biggest main hall of the Beitang family — — Black Tortoise Palace, worship hall had not started yet, but at this moment, it was already filled with guests. These guests came from all over the world. Most of them knew each other, but they hadn't seen each other for many years. At this moment, they were chatting with each other.

On top of the Black Tortoise Palace's main door, there was a large 'double' character carved from a type of fire crystal stuck to it. As the guests passing by saw this red character, they couldn't help but exclaim in admiration.

In the Black Tortoise Palace, everyone who was supposed to come had arrived. The nine grand elders of the outer clans were gathered together. On the other side, the Eastern Family's Feng Yunxiao and co. had already sent three of them. As for the leaders of the Vermillion Bird and White Tiger clans, they had also arrived and sat on Dongfang Xuanfeng's left side.

The auspicious hour was approaching. The families of both sides were already seated at the head of the hall. On the left side, Bei Tangming was dressed in red clothes, and was extremely joyous. At the moment, he was smiling, greeting the guests around him, and chatting happily, as if he was a big family manager. On the other side, Yang Yuntian seemed to be much more humble. He was wearing a set of clothes, which showed that he was just a character from a small place. The forced smile and embarrassed and fearful look from him proved that he was weak and helpless.

At the same time that the guests present praised Bei Tangming's age that was still in the limelight, they were also slandering Yang Yuntian.

"I heard that the woman Bei Tangming married is in the Profound Yin Body. However, this woman's father is a little too embarrassing."

"I think you must be jealous, he has a good daughter, from now on he will soar into the sky and become the home of the Beitang family, I think you want this kind of honor even in your dreams."

"Nonsense!" However, although my woman does not have a profound yin constitution, her looks are not bad. If the Beitang's Young Master Mo had chosen my daughter, her father would not have been so shabby, losing face here in the Beitang family ...

"Old Zhao, be careful when you speak, just keep your voice low."

"Oh, yeah."

Yang Yuntian could faintly hear these conversations.

"Dear family, don't care about these short-sighted people. If Ling Qing can marry my son, I can guarantee that the Yang family can become a big family with a radius of 100 miles. At that time, the Yang family will be famous."

Yang Yuntian nodded his head in agreement, and quickly thanked Yang Qing. This was originally a heavenly good thing, but in his eyes, there was a look of worry, for the matter regarding Long Chen, Yang Lingqing had already told him, he knew that Yang Lingqing was unwilling, and he also knew that the clan's greatest hope, was that Long Chen, was already dead.

After hearing this news, the whole Yang family almost collapsed. This kind of news, even the Yang Ancestor couldn't hold on, let alone the others. Yang Lingqing also washed her face in tears all day in Beitang family. Only after a month had passed did she finally recover her strength, but Beitang Mo and the others discovered that she rarely spoke ever since, and the degree of iciness in her eyes would sometimes even Beitang Mo felt fear.

This time, although the Yang family was the Fang family, only Yang Yuntian came as a token. From this, it could be seen that the Yang family was dissatisfied. At this moment, the Yang family was shrouded in a fog of gloom.

At this moment, the host, who was standing by the door, shouted: "We've arrived in time, pay respects to the hall!"

While he was speaking, the groom and bride came in from the side door. Beitang Mo today was dressed in red, looking extremely handsome, with a golden dragon embroidered on it as well as black battle boots that added a tinge of domineering killing intent to his scholarly appearance.

This kind of man, along with the halo behind him, were destined to make countless girls go crazy.

Yang Lingqing's face was concealed behind her red hair, concealing her increasingly beautiful appearance. However, the curves under her clothes indicated that she was already a woman with charisma.

However, it could be seen that her body was trembling.

"Qing`er, are you nervous? Don't be afraid, I am here. Every woman faces such a moment. "After the wedding, you will be able to grow into a real woman." Enclosed to Yang Lingqing, Beitang Mo said with a smile.

Yang Lingqing's delicate body slightly trembled, but she did not say anything.

"Let me tell you a piece of good news. My father got a Fire Dragon Fruit for me, and the Fire Dragon Fruit has a blazing fire energy which can help me become strong for a short time and protect me from your Profound Yin Body. So tonight, we can finally make a full room."

After saying that, Bei Tangming chuckled.

Yang Lingqing squinted her eyes and let out two streams of tears.

"Even he has died. In this world, there is no one to protect me anymore. Thus, I must become even stronger." Yang Lingqing secretly gripped the hem of her clothes.

The auspicious hour had arrived. Then it was time to pay respects. After only three kowtows, they were truly husband and wife. Yang Lingqing was a person with a very strong sense of tradition. As long as she was willing to acknowledge him as her teacher, she would accept her fate.

Although she didn't like this environment and didn't like the person beside her, when fate was on her side, no one would be able to resist.

Seeing Yang Lingqing and Beitang Mo standing in front of him, Bei Tangming stroked his beard and laughed heartily. However, Yang Yuntian's laugh was a bit forced, making him look slightly wretched.

This laughter immediately gave rise to a wave of laughter.

Faintly, Yang Lingqing knew that they were laughing at her father. What she felt was not shame, but anger. She tightly gripped the bottom of her red dress, her fingers revealing an azure and violet tint due to using too much strength.

"Father, I will help you get back your debt, as well as my brother's revenge!"

The demonic nature in her heart slowly ignited and burned crazily.

"First bow to Heaven and Earth!" Everyone was ready. The host smiled and left. He hastily shouted.

Beitang Mo and Yang Lingqing turned around and faced the door.

Everyone smiled as they watched this scene.

And at this time, with a loud bang, the giant flame on the door turned into powder, and fragments of it fell to the ground. The host, whose face was full of smiles, was sent flying.

Chapter 225 - Fighting the Beitang!

Today was an easy day for the Beitang family. There were many people walking in and out of the Black Tortoise Palace, so when the young man quietly walked to the door, no one noticed anything amiss. When the large character formed by the fire crystal was shattered into pieces, everyone was frightened by it and focused their gazes at the entrance.

With someone causing trouble, not only the Beitang family's, but the other three great Inner Race's also had extremely ugly expressions. Causing trouble at the wedding of the number one person in Beitang family's younger generation, it was basically a slap to the face of the entire Lingwu Family!

"Who is it!?" "You're courting death!" Bei Tangming let out a cry as he stood up from his seat and looked at the person who came in with a pair of sharp eyes. When he saw the youth who walked in from outside clearly, his eyes went blank for a moment.

As for her son, Beitang Mo, she had not personally heard the story of Long Chen's fate from Azure Dragon Ancestor, so he could accept it a little. However, Dongfang Xuanfeng and the others, who already knew that it was impossible for Long Chen to survive, had faces full of disbelief the moment they saw Long Chen.

The name Long Chen caused many people to wake up from their shock!

In fact, when Long Chen brought the green dragon halberd into the Star Demon Prison, many people from the Dongfang family were worried. In the Zunling, under the effects of the seven-coloured cauldron, when the Zhen Qi seed in Long Chen's body failed, or when he died, the green dragon halberd would voluntarily return to the Zunling.

However, a month had passed and the green dragon halberd still had not made a move.

Falling from the Star Demon Prison, it was impossible for Long Chen to not die, so the Azure Dragon Ancestor attributed the reason for the situation to the Star Demon Prison's special circumstances. The Dongfang family had lost their green dragon halberd, which was a huge blow to the Dongfang family. Azure Dragon Ancestor was busy chasing and killing Dongfang Xuanxiao, as he was worrying about the whereabouts of the green dragon halberd, he was so anxious that he was like an ant on a hot pan.

To them, Long Chen appearing was an enormous shock, and also an enormous surprise. Long Chen did not die, which meant that the green dragon halberd was still alive. To them, this kind of news was undoubtedly providing timely assistance.

They were so overjoyed that they forgot to think about why Long Chen did not die, and why the green dragon halberd did not return to the Zunling even after Long Chen's Zhen Qi Seed disappeared.

Hearing the name Long Chen, those who knew him slightly were rather shocked by his current actions. They were all pointing at Long Chen.

Two of them were also stunned.

They were Yang Yuntian and Yang Lingqing.

They had personally heard that Long Chen was already dead. And the one that Beitang Mo shouted and Yang Yuntian saw with his own eyes, wasn't that Long Chen? He was alive and well and seemed to be even more powerful than before. Why did he say he was dead?

Yang Lingqing's eyes instantly became moist, at that moment, she could not care about whether others were lying to her, when he took off the red veil on his head, the person who walked in with his back straightened, was actually Long Chen.

Seeing it was really her, Yang Lingqing felt her heart suddenly filled with warmth. Under his gaze, her heart, which was originally dry and barren, instantly turned into an oasis filled with lush vegetation. An invisible, strong force was flourishing in her heart.

Being strong was something that Long Chen had taught her countless of times. It was also something that every girl had to have. Only by being strong could one obtain a better life and live a proud life.

"Is it really you? "Brother!" Yang Lingqing choked with sobs as she hurriedly wiped her red eyes.

Long Chen also saw Yang Lingqing's tears.

As he expected, without him, this girl wouldn't have been strong enough. Moreover, the Beitang family was even threatening the Yang family in White Yang Town, which was even more so.

Anger and killing intent slowly grew in his chest.

"Long Chen, you're still alive?" Seeing Long Chen, Beitang Mo's eyes gradually turned cold. He did not know where there was a problem with Azure Dragon Ancestor's words, but Long Chen did not die. This was a fact, and up till now, he could only accept this matter first before investigating why he was still alive!

"Trouble again?" Last time, because he was here to cause trouble, Beitang Mo had always thought that it was a good thing and was interrupted. Although he had hit Long Chen with a palm, it did not seem to have any effect on him, and this brat was still alive and kicking, contrary to his expectations. But today, Dongfang Xuanxiao was just a street rat, and Long Chen no longer had a backer, so why did he still dare to come and behave so atrociously?

Seeing Yang Lingqing reveal her red hair, ruin the custom and make the Beitang family lose face, Beitang's chest immediately ignited with killing intent. Without saying a word, he walked towards Long Chen step by step!

Long Chen also stared deadly at Beitang Mo.

"Beitang Mo! I told you, if you want to force my sister to marry you have to step over my dead body! A dignified Beitang family would actually do such a shameful thing like forcing a marriage! "Using our family as a threat, this method is really shameless!" Long Chen laughed coldly, and also walked towards Beitang Mo step by step.

Long Chen's words were like a big slap that fiercely slapped the faces of everyone in Beitang family, causing their faces to instantly turn green. Bei Tangming and Beitang Mo both became even more gloomy until they were about to drip blood!

Yang Lingqing was forced to do this. Outsiders did not know much about this matter, but for the moment, Yang Lingqing's face was covered with tears, and her brother had even rushed over to kill everyone. Everyone was very clear about what this meant.

Beitang family's embarrassment this time was indeed a bit big. At this time, everyone was secretly clucking their tongues and laughing, wanting to see how the Beitang family would end this good show.

"Nonsense, nonsense! Brother Xuan Feng, tell me, how should I deal with this unfilial son!" Before taking action, Bei Tangming gave Dongfang Xuanfeng a look.

"Long Chen is the unfilial son of that traitor, and is no longer a member of my Dongfang Family! It's pure nonsense here today. To confuse right and wrong, the crime is capital punishment, Brother Beitang, you can do whatever you want to me. Dongfang Xuanfeng understood and immediately shouted out!

At this time, Long Chen had already reached not more than twenty meters away from him. In other words, he could already make Long Chen bleed profusely by five steps.

There was no hope for them to survive so soon. Everyone could not help but feel a little displeased.

Amongst the nine great outer sect elders, two of them saw that Long Chen had come back to life and had extremely sharp eyes, but Long Chen was definitely going to die now. They were also relieved, although they did not do it themselves, but it could be considered as an apology to Chu Yunxi and the Golden Saint.

They were Chu Tianxiong and Jin Luan.

"I never expected that this kid, who had only just entered the Earth Core Stage at the beginning, had already gotten to such an extent within the Inner Race in less than two months of time." Chu Tianxiong was a little emotional.

"No matter how heaven-defying, we still have to die, no? In Beitang, Mo Yan had mastered her Heavenly Core at an early stage, and with the background of Beitang family, he would probably be able to fight evenly with me and kill this Long Chen in one move. I really don't know where this brat got the guts to actually come and cause trouble." Jin Luan said coldly.

What they were thinking, was Yang Lingqing actually understood that when Long Chen had just arrived, her heart was already drowned in a feeling of happiness. But when she thought about Long Chen's strength, which was basically not enough to fight against the Beitang family, or even the gigantic machine that was the Lingwu Family, her complexion instantly paled!

"Brother, leave quickly!" In a moment of desperation, Yang Lingqing could only scream. The tears in her eyes had previously been tears of excitement, but now they were tears of worry and fear!

"Leave?" Long Chen walked towards Beitang step by step as his aura continued to soar.

"How could I, Long Chen, leave? "Haha!" The true energy belonging to the Heavenly Core was surging non-stop within his body. Although he had not gone through the Dragon Soul Transformation nor took out the green dragon halberd, it was still terrifying enough.

"The last time Yin Wind Poison Demon's Palm didn't kill you, it was because I didn't use my full strength! Boy, you are no longer someone from the Lingwu Family, but instead came to my wedding to cause trouble, causing my Beitang family to lose face, today I will take your life! " Beitang Mo's voice was also incomparably cold, he gradually increased his pace, and the twenty meters distance was closed in a blink of an eye.

In his hands, the cold and dark Innate Qi swirled rapidly as he continuously spat out gusts of wind from his palm. The heart palpating palm had already struck towards Long Chen's chest!

"Yin Wind Poison Demon's Palm!"

The shout startled everyone, and they inwardly praised the Lingwu Family's strong foundation. At the same time, they looked forward to see the state of Long Chen's death.

"You want to kill me at this level?" Long Chen sneered, at this moment, on his finger, appeared a speck of starlight, which caused the air to tremble. When Long Chen suddenly burst out with speed, and charged towards Beitang Mo, this speck of starlight, in front of him, instantly turned into a ray of sword Qi, clashing head on with Beitang Mo's Yin Wind Poison Demon's Palm!

"Chi!"

A sharp explosive sound rang out as the massive force shook all of the pillars in the hall!

"What?" What shocked everyone was, as they expected, the scene of Long Chen being killed in one move did not happen. After the two of them clashed, they were forced to continuously retreat due to the strong force of the other party.

Retreating again and again, leaving deep pits in the Black Tortoise Palace!

From this deep pit, it could be seen just how powerful these two young men were! It was not unexpected for Beitang Mo to have such a result, but why was Long Chen able to fight evenly with him?

"Impossible!" What just happened? " He could deeply feel that Long Chen possessed a strength that was not inferior to him.

When he thought of this, the desire of Beitang Mo to kill Long Chen grew even stronger.

She was well aware in her heart of how powerful Beitang Mo was, but how could it be possible for Long Chen to go from having no strength at all and explode to be at the same realm as Beitang Mo in just half a year?

"Brother!" Towards this person who kept creating miracles, when Yang Lingqing shouted this, she was filled with admiration and respect. Of course, there was also a strong sense of pride.

Chapter 226 - Celestial Yin Body

Long Chen and Beitang Mo fought to a standstill in one move, and the entire Black Tortoise Palace immediately burst into an uproar.

At this moment, Dongfang Xuanfeng and Dongfang Xuanyu looked at each other in dismay. Dongfang Xuanfeng said with furrowed brows: "Not only is this brat alive, he seems to have reached the Heavenly Core and stepped onto two stages in a row. This is truly inconceivable; the green dragon halberd must be on him."

"Brother, this farce should end now, I have come to kill him, the green dragon halberd will definitely return to the clan!" Dongfang Xuanyu exclaimed and immediately stood up, attracting everyone's attention.

At this time, Beitang Mo was just about to unleash her true strength and kill Long Chen, but when the Dongfang Family tried to do so, Beitang Mo thought for a moment and retreated a few steps.

Long Chen was a member of the Dongfang Family before, so it would be more appropriate for the Dongfang Family to wipe him out.

"Brat, it's really not easy for you to survive until now. It was time to end today's farce. I'll send you on your way now. " Dongfang Xuanyu had Great Perfection of the Heavenly Core and his cultivation was not much different from the nine Great Clan Elders. At this moment, she walked past Beitang Mo, and instantly gave Long Chen a huge pressure.

But Long Chen was not afraid. He had his own backing.

"It's your honor to die under the Earth Tier Battle Skills." Dongfang Xuanyu's true qi surged, causing her clothes to flutter and the powerful aura that belonged to his Great Perfection of the Heavenly Core was revealed from her body!

Other than the green dragon halberd s, the Dongfang family possessed a Earth Tier Battle Skills. It was the one that Dongfang Xuanyu was using right now.

Hearing the name "Earth Tier Battle Skills", everyone inhaled a breath of cold air. In the Source Spirit City, there were very few people who possessed a Earth Tier Battle Skills and even learned it.

"Earth Tier Battle Skills?" Long Chen had already finished preparing the Dragonsoul Transformation and taking out the green dragon halberd. The first reason he came today was to stop this wedding, the second was to test his own strength, and Dongfang Xuanyu or anyone else in the Beitang Mo could test his strength. Dongfang Xuanyu was even stronger!

"Die!" A dragon's roar came out of nowhere, the fierce winds surrounding Dongfang Xuanyu blew, her expression was cold and the gaze she looked at Long Chen with, was as though he was looking at a dead man.

And right at this moment, a vast and imposing aura locked onto Long Chen, which caused Dongfang Xuanyu's eyes to turn cold and his expression to remain unchanged. He punched out with his massive fist, and a sharp whistle sounded out in the surrounding air.

"Earth Tier Battle Skills, Tempest Raging Dragon!"

BOOM!

With his fist raised, a dragon image that covered the sky and covered the earth whizzed towards Long Chen amidst the raging winds. This powerful attack instantly caused the expressions of the others in the Black Tortoise Palace to change.

Most people believed that they wouldn't be able to block this move.

Beitang Mo and Bei Tangming looked at each other. They knew that Long Chen was done for this time. Yang Lingqing, who was beside him, was even more heartbroken. Anyone with a discerning eye would be able to see that with Long Chen's strength, he was absolutely no match for Dongfang Xuanyu!

Indeed, Long Chen did not have the Dragon Soul Transformation nor did he use the green dragon halberd. Relying on his four times the amount of light red colored true energy in his Heavenly Core, he was not a match for Dongfang Xuanyu.

"You want to kill me? It seems like he is worried about the green dragon halberd. " Long Chen thought to himself, just as he was about to use the Dragon Soul Transformation to ruthlessly intimidate others, at this time, a figure suddenly appeared in front of Long Chen, blocked her, and with a light wave of her hand, Dongfang Xuanyu's Tempest Rampage Dragon was shattered, while Dongfang Xuanyu himself was sent flying while spitting out a mouthful of blood!

"Who is it!" Everyone was shocked by the sudden unexpected situation! Especially Dongfang Xuanfeng, when he caught the injured Dongfang Xuanyu, he looked at him coldly with eyes filled with killing intent!

To be able to defeat Dongfang Xuanyu in such a manner, even if it was him, he couldn't help but be shocked.

When he saw that the person blocking in front of Long Chen was actually a young lady who had a character that could shake the world, not only Dongfang Xuanfeng, everyone was stunned. They admitted that this was definitely the most beautiful young girl they had ever seen in their entire lives. Moreover, not only was her appearance perfect, his figure perfect, and more importantly, she seemed to have extremely strong strength.

Who is she? Everyone held this question in their hearts.

Long Chen could only smile bitterly in return. He actually thought that Li Xuanji would only help when his life was truly in danger. I didn't expect her to come out so soon. Could it be that she cares about me?

Then, Long Chen realized that he had truly been thinking too much.

"Who are you?" Why did you injure my sister? " Dongfang Xuanfeng frowned.

While Dongfang Xuanfeng was speaking, Beitang Mo had already slipped away secretly. As for his father, Bei Tangming, he walked to the front and stood together with Dongfang Xuanfeng. The strength of this girl was unfathomable, so they did not dare make a move.

"May I ask the identity of this lady?" Since Li Xuanji did not say anything, he tried to add on.

At this time, Li Xuanji's eyes looked towards Yang Lingqing. She activated her charming red lips and lightly said: "Come over here."

This kind of situation caused Yang Lingqing to not be able to calm down, but he knew that this exceptionally beautiful young lady was definitely related to Long Chen. Under Long Chen's secretly hinting gaze, she walked over.

"Don't go over there!" Bei Tangming naturally would not let this meat fly away like that.

"Scram!" Li Xuanji had only said one sentence and casually waved her hand, while everyone else was so scared that they almost peed their pants. The two main people in charge of Lingwu Family were actually the same as Dongfang Xuanyu, and were thrown out casually, smashing down a large amount of tables and chairs in a sorry state.

"A powerhouse in Milky Way Realm!" Dongfang Xuanfeng and Bei Tangming looked at each other and saw the guesses in each other's eyes. An expert of Milky Way Realm, in the Source Spirit City, was a top-notch expert. To be able to take care of them so easily, the girl before their eyes was naturally Milky Way Realm!

This identity made the two of them swallow their anger and climb to their feet. They did not have any temper. They could only watch from the sidelines. It was extremely funny. As for the others, they looked at each other and didn't dare to make a sound. The three words Milky Way Realm slowly appeared in their hearts.

Such a young Milky Way Realm expert, what kind of concept was that?

Everyone's hearts were in turmoil.

Yet, Long Chen was able to make such a talented Ranker help him. What did this mean? This meant that Long Chen definitely had something to rely on when he appeared here today. He was not a reckless person, but a truly terrifying person!

At this moment, when Yang Lingqing came over, she was held by Long Chen's hand, and when she felt the warmth of Long Chen's body, her tears could not help but flow down.

Seeing how weak this girl was, Long Chen's heart ached, at the same time, his killing intent towards Beitang family and the others became even stronger.

Seeing Li Xuanji carefully sizing up Yang Lingqing, Long Chen had some doubts as he asked: "What's wrong with her?"

"I'm guessing that this Profound Yin Body seems to be one of the elementary forms of the Celestial Yin Body, similar to the legendary Nine Yin Meridians. The Celestial Yin Body ..." Li Xuanji muttered.

"Great Demonic Yin Body, Nine Yin Meridians?" Long Chen had never even heard of these words before, but how could something that could shock even Li Xuanji be simple? It was only then that Long Chen realized that Li Xuanji had made her move in advance because he had discovered the uniqueness of Yang Lingqing's body.

Just as Li Xuanji was about to speak, she suddenly frowned. At this time, two old men rushed in from outside the Black Tortoise Palace. One of the old man who looked weak but was brimming with energy and vitality was Azure Dragon Ancestor, and the other tall and sturdy old man should be Patriarch Xuanwu!

Previously, when Beitang Mo slipped away first, it was to find these two Lingwu Family's super strong warriors! They were all experts of the Milky Way Realm. Only they could suppress Li Xuanji and kill him!

Seeing the appearance of the two great Patriarchs, Bei Tangming and Dongfang Xuanfeng looked at each other and heaved a sigh of relief. It was only with the appearance of the two great forefathers that the situation could finally be reversed.

At this time, Azure Dragon Ancestor and the Patriarch Xuanwu saw Long Chen first. To the Azure Dragon Ancestor, surviving had brought about an enormous shock to him, but it was also because of this that the disappeared green dragon halberd had changed the situation. However, I heard that a young Milky Way Realm Ranker had appeared here?

Their gazes quickly locked onto Li Xuanji.

What caused the two Azure Dragon Ancestor s to be puzzled was that they did not feel the power of the stars from Li Xuanji's body. On the contrary, it was as if Li Xuanji's body was a black hole that directly swallowed their gazes. The two of them even thought that Li Xuanji did not seem to exist in this world!

"How is this possible?" The two forefathers looked at each other, uncertain of themselves.

At this time, Li Xuanji also looked at them.

"A mere Milky Way Realm dares to act so atrociously in front of me." Li Xuanji let out a cold laugh, her words were not loud at all. The only things that could be heard were Long Chen, Yang Lingqing and two other Patriarchs.

To the two great ancestors, Li Xuanji's words were like a mountain smashing onto their heads. Instantly, the two great ancestors felt as if they were struck by lightning and stopped in their tracks. If one were to be careful, one would notice that there was already a trickle of blood flowing down from their ears!

This simple sentence had already injured two great forefathers!

This caused the two great Patriarchs' hearts to go completely cold. They knew that Li Xuanji definitely did not have profound strength, and was at an even higher level!

"Why would there be such a strong Ranker in a small place like Source Spirit City?" This confused them. However, they didn't neglect it.

At this time, everyone was looking at how the two ancestors were going to take care of Li Xuanji, but what surprised them was that the two ancestor's faces were pale. They walked over to Li Xuanji and said respectfully: "Greetings senior. We will immediately prepare a feast to properly receive you, senior! "

Senior?

The subservient looks of the two forefathers, and their words, almost made everyone's jaws drop. However, after giving it some thought, they became even more shocked.

They all looked towards Long Chen. Long Chen actually was able to make such a person stand up for him, this time, it was truly heaven-defying!

Chapter 227 - Nine Yin Meridians

Li Xuanji's appearance at the wedding made it seem like there was something strange going on. Even the two great ancestors submitted to Li Xuanji's obscene might, while the others were simply stupefied.

At this time, the Azure Dragon Ancestor and the Azure Dragon Ancestor were trembling in fear due to Li Xuanji's terrifying strength, as they bent their knees and bowed, waiting for Li Xuanji to speak. The sudden appearance of such a situation scared them out of their wits.

"Why is Long Chen still alive? Who was this woman? Could she be the one who saved Long Chen from the space beneath the Star Demon Prison? That's right, only someone at her level, even in the imperial city, with a strong expert's power, could save Long Chen. What exactly is her relationship with Long Chen?" At this time, a storm was raging in Azure Dragon Ancestor's heart.

Long Chen had only used half a year's time, before her Heavenly Core had already soared from being completely powerless to what it was today. Speaking of which, even the most monstrous genius of Lingwu Family didn't have such speed. The Ling Xi of that day, and the Li Xuanji now, made Azure Dragon Ancestor and the others feel as if there was a layer of mist on Long Chen's body.

Completely silent, waiting for Li Xuanji to react.

Li Xuanji was still sizing up Yang Lingqing, as for the Azure Dragon Ancestor, she had basically forgotten about it. After a while, she shook her hands and said: "My mood these few days is good, I don't want to kill anyone. But don't bother me, do what you have to do."

This was Lingwu Family's territory, and Li Xuanji had the intention to tell everyone to scram. From this, it could be seen how strong her heart had become.

When Azure Dragon Ancestor and the rest heard this, they did not dare to say anything. They also knew that, in the legends, there were some extremely strong warriors that could maintain their young appearance. With Li Xuanji's appearance, yet she was so young, and even accepted the name of their senior, she must not be young anymore.

"Let's leave this place first. I should go and do what you wanted me to do for you." Long Chen suggested. He realized that after Li Xuanji discovered Yang Lingqing's physique, he was a little too excited and had forgotten about the Spirit Devouring Demon Pupil.

Li Xuanji nodded, then called out to Yang Yuntian, holding onto Yang Lingqing, and under everyone's complicated gazes, they left the Black Turtle Hall.

Everyone knew that Long Chen was no longer someone they could easily provoke, not even the Azure Dragon Ancestor!

This caused the hearts of countless people to be filled with a sense of defeat!

Especially those who had fought against Long Chen before, Dongfang Tianyu, Dongfang Tianxing and the rest. They were all in the Profound Martial Palace at the moment, witnessing Long Chen easily slap the Lingwu Family with Li Xuanji's support, and pull Yang Lingqing away from the hands of the Beitang.

This caused Beitang Mo's faith to be destroyed. In his heart, Patriarch Xuanwu and the others were his lifelong target, but now, his target had become her grandson, or in front of Beitang Mo's own enemies? She did not know that Beitang would become's grandson, or that Beitang would become's real grandson.

When he saw Yang Lingqing's happy face being pulled away by Long Chen from the Black Tortoise Palace in broad daylight, Beitang Mo's chest, of course, burned with a raging fury!

"Long Chen!" Beitang Mo never would have thought that the unremarkable brat from before would now become the person who gave him the fiercest slap across the face!

"I must kill you, no matter which woman you're hiding behind!" The Beitang Mo just now, had only casually used a single Yin Wind Poison Demon's Palm. If Long Chen could resist it, he might not be that powerful either.

When Long Chen left, everyone heaved a sigh of relief. They looked at each other with helpless expressions. All the people present were suppressed to the point where they couldn't breathe by the mysterious girl that suddenly appeared, so they didn't have the mood to laugh at the Beitang family.

The wedding became a huge joke. The crowd couldn't stay any longer and took their leave.

After exiting the Beitang family, Long Chen casually found a tree trunk and stood there.

Yang Yuntian and Yang Lingqing were extremely shocked at what had happened today. They had successfully escaped from a great calamity, and they could not recover from it. However, Li Xuanji seemed to be a divine existence, even if she was present, they would not dare to speak.

"What do you mean by the Celestial Yin Demonic Body?" Long Chen could tell that she was very interested in this.

"Like I said, the Great Demonic Yin Body and the Nine Yin Meridians are the two most heaven-defying cold yin constitutions in this world. Their progress may be slow at the beginning, but as long as you have the right resources and cultivation method, you will definitely be able to shine with unparalleled brilliance. Your little sister, her Profound Yin Body has a trace of the Demon's Moon Body's smell. According to my guess, she has the potential to grow into a Demon's Body. "

Li Xuanji's background was extraordinary, and for her to praise the Grand Moon Demon Body so much, and call it the two great peerless yin cold constitutions in the world, must definitely not be simple. But, Long Chen felt that Li Xuanji had set her eyes on Yang Ling Qing?

"You don't seem to know what that means?" Li Xuanji looked at Long Chen, and said indifferently: "I already have the Nine Yin Meridians, and I have never seen any other Nine Yin Meridians, what do you think of my strength?"

Li Xuanji's strength was naturally unimaginable.

"I know you're good. I presume that in this country, no one is your match. " Long Chen nodded.

Li Xuanji laughed, declined to comment, and said: "You've cultivated my Spirit Devouring Demon Pupil, so you promised to do something for me. I'll wait for you here. "

Long Chen had just seen how much power and influence Li Xuanji possessed. Even the Azure Dragon Ancestor that Long Chen really wanted to get rid of were all good grandchildren in front of her. Honestly speaking, Long Chen was also quite afraid of her. After all, if someone were to stay by her side and speak carelessly and make her angry, they would not even know how they died.

"Xiaoqing, you two stay here and wait for me." After Long Chen left the Spirit Martial City, he came to the Eastern Spirit Region of the Source Spirit City.

"The second level of the Spirit Devouring Demon Pupil is the Capturing Spirit. I will test the abilities of the Spirit Devouring Demon Pupil right now." Long Chen wandered around on the bustling streets, and very quickly, he arrived at a residential area.

What Li Xuanji needed was a girl's soul, so she tried her best to find a younger girl. He was worried about hurting them. The number of people he wanted to absorb had increased from one hundred to two hundred. That way, everyone would have less soul power to share. It shouldn't hurt them too much.

There was no doubt that Spirit Devouring Demon Pupil were mysterious. The first time she used a Spirit Devouring Demon Pupil was when she was using it on a river girl who was washing clothes. Long Chen walked behind her and lightly tapped her back.

"Look in my eyes." Long Chen's eyes flowed with a dark green glow, the charm of the first level of Spirit Devouring Demon Pupil was used by him. From his own eyes, he could see that the human body in front of him seemed to have a gray fog in it. And as he used charm, the fog seemed to gradually reduce the hostility he had towards him, as if it could easily swim out from her body.

"Capturing Spirit!" In his bizarre pupils, an ancient body fighting for character suddenly appeared. Under his strong control, he could see that a small ball of gray fog gradually separated out from the girl's body, and then was directly absorbed by Long Chen's eyes.

"Success." Long Chen was pleasantly surprised by the success of the first attempt.

However, when he saw the girl in front of him turn pale, Long Chen felt a little guilty. It was just that in order to survive, he had no choice but to complete Li Xuanji's mission.

Thus, he finally completed the two hundred missions after an hour had passed. This time around, he had only experimented with the two miniscule effects of Spirit Devouring Demon Pupil. However, he believed that when his strength increased, he would definitely be able to learn even more powerful Spirit Devouring Demon Pupil.

Returning to the Source Spirit City, Li Xuanji and the rest were still there.

"You're too slow." In Li Xuanji's eyes, was a somewhat terrifying coldness.

"Sorry, this is my first time using it. I'm not very familiar with it." Long Chen lied. In reality, if he were to directly devour the souls of 100 people, he would only need half of the time he had now.

Long Chen forgave him for his explanation. No matter what, Long Chen was still her benefactor.

At this time, Li Xuanji had used the Spirit Devouring Demon Pupil to completely transfer all of Long Chen's achievements into her own body.

After absorbing the young lady's soul, Li Xuanji sat cross legged, probably to refine. At this time, Yang Lingqing and Yang Yuntian indicated to him that they were coming over. Long Chen was startled, and followed them to a place not far away. At this time, Yang Lingqing's eyes were filled with determination. She looked at Long Chen and said: "Brother, I want to follow her from now on."

"What?" Long Chen's eyes widened, but he quickly thought it through. When he went out first, he had already guessed that Li Xuanji had this intention.

"She threatened you to follow her?" Long Chen asked softly.

Li Xuanji was of the Nine Yin Meridians, and upon seeing Yang Lingqing's Great Yin Body, she would definitely have some thoughts.

"No, she asked me if I was willing to let her be my master. She said that he was ten thousand times stronger than you, and although she was a bit fierce, I know that she was a good person!" Yang Lingqing looked at Li Xuanji and said.

"Good people? Back then Beitang Mo also seemed to be a good person." Long Chen was still very worried. In his opinion, it was better for Yang Lingqing to obediently return to the Bai Yang Town. Only then would he be able to feel more at ease, rather than letting this girl wander around by herself.

"It's not the same." This time, Yang Lingqing's attitude was firm. She looked at Long Chen, gritted her teeth, and said: "Big brother, I think it through, I also want to live my own life, and I cannot live under your protection forever. This is the most important opportunity in my life, if I miss it, I will probably stay in this small world for the rest of my life. Brother, you have the right, so I should have it right? "

"This ..." Her burning gaze made Long Chen not know what to say.

"Just now when you were going out, she told me about the outside world. She talked about the Dragon Sacrifice Continent, talked about the Realm of Myriad Kingdoms, and talked about the Three Great Imperial Domains. This is the first time I've ever known that this world is this big."

"Let her go." Against Long Chen's expectations, even his father, Yang Yuntian, actually agreed.

Chapter 228 - Herba Euphorbiae

In Yang Yuntian's eyes, Long Chen saw doting.

"From this, I can see the fate of the weak. If not for the appearance of you and her this time, Xiaoqing's life would have been ruined. No matter what happens in the future, I think my daughter should fight for it. Ling Qing, you are father's greatest pride in life! "

As he said these words, Yang Yuntian's eyes flashed with tears. Only now did Long Chen realize that this second uncle of his had actually grown so much older.

The man who had attacked him and almost killed him had long ago changed.

"Don't worry, even though I, Li Xuanji, have always been a ruthless person, I have never been frank with anyone. "If I say that I will take good care of her, I will take good care of her." At this time, Li Xuanji had already succeeded in refining the pellet. Long Chen could clearly see that she seemed to have recovered a lot.

From their interactions over this period of time, Long Chen had a better understanding of her. He already had a plan in his heart.

"How should I find you in the future?" Long Chen was silent for a moment, then said this. This meant that he had already agreed to Yang Lingqing's decision.

"You?" Li Xuanji was startled, according to common sense, in Long Chen's entire life, it was only Yang Lingqing who could come back to find him, not Long Chen who could find her. However, in order not to hurt Long Chen's self-esteem, she said: "If one day you can go to a place called Three Great Imperial Domains, you can ask about the Nine Yin Extinction Devil Li Xuanji's name."

"Three Great Imperial Domains, Nine Yin Exorcism?" Long Chen nodded and engraved these two words deep in his mind.

"When are you planning to leave?" Long Chen asked.

"Brother, I want to go back to White Yang Town and make some preparations. After that, I'll leave with Master." Yang Lingqing said.

"Alright."

Following that, Long Chen did not say anything else. Yang Lingqing was about to leave, but Long Chen decided to send her off on her final journey.

Returning to White Yang Town, Long Chen followed her as he walked past many familiar places. Thinking that he was going to leave this place that raised her, and go to a distant place to pursue his dreams, there were several times where Yang Lingqing cried out loud in Long Chen's arms.

Sometimes, Long Chen also felt very sad. However, for Yang Lingqing to have such a fortuitous encounter, he felt happy for her from the bottom of his heart. Three days later, the day of parting finally arrived at the entrance of White Sun Town.

Last time when Long Chen left for the Lingwu Family, everyone was still there to send him off, but this time, everyone was there to see Yang Lingqing off.

"Brother, we were born on the same day of the same month, do you remember?" Yang Lingqing's eyes turned red.

"Silly girl." Long Chen felt his heart ache as he looked at this stubborn girl. He hugged her tightly, hugged her once, then separated again as he laughed heartily: "Alright, stop crying, I have to give you a promise!"

"What promise?" Yang Lingqing was stunned.

Long Chen smiled, patted her shoulders and said: "I promise you, there will be a day when I will appear in front of you, and at that time, I will still be stronger than you! I will still protect you! Just based on the fact that you called me brother! "

"Mn," Yang Lingqing said as she shed tears of gratitude. She held Long Chen's hand tightly and said: "Mn, I believe you can definitely do it. I will wait for you!"

This kind of scene made everyone feel touched. Even Li Xuanji's heart also rippled a little.

"How could this young man know how difficult it would be to fulfill this promise?!" Let alone the Imperial Domain, he didn't even know if he would be able to leave this country in this lifetime. "It's a pity that the mysterious spirit sword cannot be used by me ..." Li Xuanji thought.

Suddenly, she thought of something and said to Long Chen: "Come with me for a while."

Long Chen followed her and walked to the side.

"That sword spirit seems to be a person's soul. Are you trying to find a way to help her recover her physical body?" Li Xuanji went straight to the point.

Long Chen did not expect her to know so much, but seeing that Li Xuanji seemed to have a way, he became a little excited and asked: "You have a Nine Celestial Spirit Fruit?"

Ling Xi had said it before. The Nine Celestial Spirit Fruit could help her recover her physical body.

"You even know about Nine Celestial Spirit Fruit?" Li Xuanji was a little surprised, but she shook her head and said: "I do not have any Nine Celestial Spirit Fruit, but I know where to find one."

"Where?" Finally, there was a turning point in Ling Xi's matters. Long Chen was extremely excited.

"In a small country like yours, there is a place that is a small Qiankun world. I had entered it before and discovered that there are Nine Celestial Spirit Fruit inside. This place is called Inverse Wonderland." Li Xuanji said.

"Inverse Wonderland?" Long Chen couldn't react in time, but when he reacted, a look of ecstasy appeared on his face as he said, "Inverse Wonderland, I know where it is. Furthermore, the competition for the City Lord's Mansion is about to begin, if I can become the fairyland godly guard, I can enter the Inverse Wonderland and obtain the Nine Celestial Spirit Fruit!"

He was so excited that he said everything he was thinking out loud.

Originally, he didn't know how he could help Ling Xi. But now, he had a clear goal: to become a fairyland godly guard!

"Looks like, Lingwu Family, I still have to go back! Furthermore, they didn't even know that Li Xuanji was leaving. Long Chen thought in his heart.

"Thank you." For him to provide such information, Long Chen was indeed deeply grateful to Li Xuanji.

"Is she that important to you?" Li Xuanji's tone suddenly carried some displeasure.

"It's very important, very important." Long Chen did not detect it and said excitedly. However, he was shocked when he suddenly saw the iciness in Li Xuanji's eyes.

"Don't forget, under Star Demon Prison, you have seen me naked!" Li Xuanji's voice was somewhat ice-cold. Killing intent exploded from her body.

"No man has ever looked at me before. I had originally decided to kill you after you had collected my soul for me. However, now that it's your sister's fault, I will forget about this matter." Li Xuanji said indifferently.

Long Chen broke out in a cold sweat. Luckily Yang Lingqing had managed to create a Celestial Yin Demonic Body, otherwise, he would have lost his life in blasphemy against this Nine Yin End Devil.

However, since Li Xuanji was so beautiful, it did not seem like she would lose out ...

"I'm leaving, I'll give you another thing." Just then, Li Xuanji took out something out from nowhere. When he took it out, a sweet fragrance immediately assaulted his nose, and after smelling it, Long Chen's entire body felt comfortable, as though he was floating up to the sky.

The rich fragrance immediately drew everyone's attention.

Long Chen felt it was strange, Li Xuanji had said that she wanted to kill him just now, yet now she was giving him such a gift. As expected, a woman's thoughts were completely unfathomable, especially this kind of woman who did not follow common sense.

"This thing is called Herba Euphorbiae." Li Xuanji said.

Long Chen observed carefully. Although the object emitted a white light, like a round white jade, it was sparkling and translucent, but in reality it was a lotus root, about half a meter long, like an arm.

"What's the use?" Long Chen asked.

Li Xuanji rolled her eyes at him, and said: "A wandering soul, is able to rest within this Herba Euphorbiae, and then control the Herba Euphorbiae, transforming it into a human body. This way, the sword spirit in your sword can transform into an adult. First, it only has one use, which means that when the soul voluntarily leaves the Herba Euphorbiae, or is forced out, the Herba Euphorbiae will decay and disappear. Second, the body formed from the Herba Euphorbiae is just like a normal person, with no fighting strength at all, so it will be a burden for you to take care of it. "

Long Chen received the Herba Euphorbiae and was unable to calm down for a long time.

With this Herba Euphorbiae, as long as Ling Xi wakes up, she will have a chance to turn back into a human. However, she will lose all her strength, and as long as the Herba Euphorbiae is damaged, she will have to return to Ling Xi's sword.

But, having it was better than not having it at all. At most, he would just have to use the Herba Euphorbiae and then go use it.

"Thank you!" Long Chen was actually very grateful to Li Xuanji.

Long Chen, listen to my advice. If you really like her, then let her use this Jade Lotus to become an ordinary person, and then find a place to live a good life with her. This world is too big, and people in corners like you have no way of reaching the top. It would be better to live in peace. " Li Xuanji said indifferently.

Actually, she was only thinking for Long Chen's sake.

She thought that Long Chen would give up, but Long Chen was a person with a Mysterious Dragon Jade, he had disappeared for a long time, so how could he be scared by Li Xuanji's words?

"Don't worry, I know what I'm doing." Long Chen was too lazy to argue with her, he secretly swore that in this life, he would fulfill the promise he made in front of Yang Lingqing, and stand upright in front of Yang Lingqing, and also stood in front of Li Xuanji.

"Then, we'll never meet again!" Being looked at by this youth, she could not kill him, but Li Xuanji thought that Long Chen would forever disappear from her world, so what difference was there between this and death?

And just like that, under the gaze of Yang Lingqing, they left White Yang Town and embarked on a brand-new journey.

Looking at their departing figures, Long Chen's heart felt a monstrous fighting spirit!

"When Ling Xi wakes up, I'll let her use this Herba Euphorbiae. When that happens, we can have a good kiss together," Long Chen thought slyly. Actually, this was his real goal.

"Then now, the Dongfang family, just wait for me. I, Long Chen, must get one of these spots to enter the Ancient Era's Remnants! fairyland godly guard! Nine Celestial Spirit Fruit! Wait for me! "

The morning sun suddenly rose, and four hours later, Long Chen bid farewell to the families of White Yang Town. Riding on his Wind Breaking God Roc, he rushed towards Source Spirit City!

In front of him, what was waiting for him?

Chapter 229 - Fighting the life and death arena

The speed of the Wind Splitting Roc was much faster than the speed of Black Scaled Dragon Horse, of course. Long Chen quickly reached the large city called Yuanling County. However, the current him was a top genius of the Source Spirit City who had come to this place.

Back then, he had not yet reached the Divine Pill Realm, and was merely a grain of sand.

An hour later, Long Chen arrived at the Dongfang family.

According to the Dongfang family, Long Chen had already been expelled from the Dongfang family.

"I want to enter the Ancient Era's Remnants. You all want to expel me, yet your daddy still refuses to leave." Long Chen thought.

Speaking of which, he was also an extremely daring person, and now, Li Xuanji had long gone somewhere else, while Long Chen had relied on the power she once gave Lingwu Family to directly come to ask for a placing. If he was found out, he would be finished this time. However, Long Chen knew that it was impossible. Because before Li Xuanji, he had completely terrified Azure Dragon Ancestor and the others.

After returning to the Dongfang family, several youths of the Dongfang family jumped up in fright. They didn't dare surround Long Chen, but rushed inside, while shouting as they ran, and very quickly, the Dongfang family's people all knew that Long Chen had returned. When Long Chen walked to the Profound Wind Pavilion, the rest of them also arrived, led by the gloomy Azure Dragon Ancestor.

When he saw that the terrifying woman beside Long Chen did not appear, Azure Dragon Ancestor's taut heartstrings loosened a little.

The first thing Azure Dragon Ancestor said upon meeting him was: "Long Chen, where is the senior who followed you that day?"

"You said my Master? My master is an exceptional expert, so naturally he appears and disappears mysteriously. How would I know where she is? " Long Chen's expression was natural when he tried to trick them into doing so, he didn't seem to have any inkling of what was going on.

"Master?" Hearing this word, everyone sucked in a breath of cold air. They suspected that Long Chen had a very deep relationship with that girl, and their only thought was that of their Master.

Azure Dragon Ancestor, who had previously dealt a fatal blow to Long Chen, now had an ugly expression on his face. They had been researching this entire time, trying to figure out how the green dragon halberd disappeared into thin air. Now, it seemed that Long Chen's master must have had some powerful and mysterious method, which was why he could create such an effect.

To those existences, the green dragon halberd was just a toy.

"You haven't expelled the Dongfang family, why are you back?" At this time, Dongfang Xuanyu couldn't help but ask with a cold voice.

Although she wasn't young, her mind wasn't very sharp. Amongst the four of them, this was the only one who was stunned.

"Who said I have been expelled from the Dongfang family?" Long Chen laughed brightly. At this time, the green dragon halberd suddenly appeared in his hands, and under everyone's shocked gaze, Long Chen turned the green dragon halberd around in his hands and said indifferently: "Honestly speaking, my master has already helped me and completely takes control of the green dragon halberd. The green dragon halberd has already acknowledged me as its master, and the green dragon halberd is the family heirloom of the Dongfang Family.

Long Chen's words caused a great stir within the Dongfang family.

Azure Dragon Ancestor's expression became extremely ugly as well. The thing he was most worried about had already happened.

Back then, when the green dragon halberd had strangely not returned to the Zunling, Azure Dragon Ancestor had guessed that it was possible for Long Chen to be like Mo Xiaolang, and have this level of divine weapon recognize him as master. But now, the reality was right in front of them.

If they had doubted the authenticity of this matter, then when they heard that Li Xuanji had actually helped Long Chen and controlled the green dragon halberd, they had truly believed it.

If it wasn't for the master-disciple relationship, why would a true expert care about someone that was completely unrelated to him?

Now, if they wanted to take back the green dragon halberd, the only way was to kill Long Chen. However, Long Chen was under his protection now, so if they killed Long Chen, wouldn't they be afraid that the entire Lingwu Family would not be exterminated under this's power?

At this age, the Azure Dragon Ancestor would have no choice but to resign to his fate.

Long Chen was laughing maniacally in his heart, if they knew the truth, they would all vomit blood and die. Long Chen dared to trick them like this. On one hand, it was because he was bold enough, but on the other hand, he had a clear mind and knew how to fool others.

Seeing Long Chen keep the green dragon halberd, the people of the Dongfang family were a little envious. Long Chen saw that, especially that Dongfang Tian Chen, his expression was dark and his fists were clenched tightly. He did not dare to move recklessly, but his gloomy eyes were filled with killing intent towards Long Chen.

Now that the items from the Azure Dragon Family had fallen into Long Chen's hands, it was no wonder that he would act this way.

"Long Chen, speak your mind. What are you here today for?" Azure Dragon Ancestor suddenly said. He could guess that Long Chen had a reason for saying that he was a member of the Dongfang Family.

"I want to go to the Ancient Era's Remnants on behalf of the Dongfang Family." Long Chen went straight to the point.

"Impossible!" Dongfang Xuanyu screamed, his face full of anxiety.

Of the two spots, one belonged to Dongfang Tian Chen, while the other one was dependent on Dongfang Tianxing and Dongfang Tianxuan's performance. With Long Chen's strength, although he had green dragon halberd, he still wouldn't have taken the trouble in front of the young experts of Yuandi City and Yuandi City.

Ultimately, the reason why Long Chen was so powerful right now, was because he had Li Xuanji. This had nothing to do with his own strength.

"How is that impossible?" Long Chen laughed.

"This entry has to be made between Tian Xuan and Tian Xing. The matters of the Ancient Ruins are related to the authority of the Source Spirit City for the next twenty years, and are extremely important to everyone in the Lingwu Family. You can't make such a ridiculous change just because of your personal request, right? Long Chen, this is something related to the life of the twenty thousand people in Lingwu Family! " Due to Li Xuanji's pressure, Dongfang Xuanyu had to slow his tone and try to persuade him.

"There is one thing I don't understand. You mean, as long as I possess sufficient strength, I should be able to obtain that placing?" Then wouldn't it be fine if I defeat both Dongfang Tianxuan and his? " Long Chen said indifferently.

"You?" Dongfang Xuanyu was really speechless. She looked at her father as if begging for help, and at this time, the Azure Dragon Ancestor hesitated for a while and said, "If you were stronger than Tianxuan

and Tianxuan, then naturally you would be able to. Of course, that is only if you will do your best to help the Lingwu Family obtain the inheritance from the Ancient Era's Remnants. "

In reality, Dongfang Tianxing had already been defeated by Long Chen. In a month's time, although he had made great progress, he was still not Long Chen's match.

"Since that's the case, then let's go to life and death arena. "Old man, you said that I will be able to enter the Ancient Era's Remnants after defeating them!" Long Chen laughed, his eyes sweeping over Dongfang Tianxuan and Dongfang Tianxing's bodies, causing them to clench their fists, the stifling feeling in their hearts, almost drowned their reasoning.

Long Chen thought about how Dongfang Xuanxiao, Xuan Ming and him were struggling under the Azure Dragon Ancestor's tyrannical power in Star Demon Prison. However, now that he had barged into the Dongfang family alone, just a few words from him was enough to force Azure Dragon Ancestor to retreat step by step. From this, it could be seen that thirty years had passed in every direction. No one dared to look down on a poor youth. This was a profound truth.

"Alright, life and death arena, Grandfather, today let me see how many people this brat has as much as possible, to actually bark wildly at the Dongfang family!" Long Chen looked as if he was rushing towards her, making her extremely angry.

Dongfang Tianxing was weaker than her in the first place, he was qualified to enter the Ancient Ruins. Now that Long Chen had come to cause trouble, how could she not be angry?

Since they had already spoken, there was no need for them to speak any further. Everyone headed in the direction of the life and death arena.

"Tian Xuan, use all your strength in a while, but you must definitely not take away his life. We cannot afford to offend this Long Chen right now." Walking to Dongfang Tianxuan's side, the Azure Dragon Ancestor said with a hoarse voice. The old face was filled with helplessness.

Seeing that his grandfather, who was so far above him, was now actually so helpless, Dongfang Tianxuan swore to himself in his heart that even if he didn't kill Long Chen, he would at least teach him a good lesson.

"Relying on the power of a woman to show off her strength, this Long Chen actually doesn't feel ashamed! "What a useless fellow!"

With this thought, everyone quickly reached the life and death arena. Without saying a word, Long Chen rushed up to the life and death arena, and provocatively looked at Dongfang Tianxing and Dongfang Tianxuan who were below the stage, and laughed: "In order to save time and avoid unnecessary trouble, the two of you can go up together."

"What did you say?" Dongfang Tianxuan was so angry that her face was flushed red, she looked down on Long Chen, she did not expect Long Chen to still look down on her.

"Tianxuan, promise me. Don't let me off this easily." Azure Dragon Ancestor's voice sounded beside her ear. Dongfang Tianxuan understood, the reason why the Azure Dragon Ancestor was fighting against one person was because Long Chen had asked for it himself. If Long Chen lost, it would have nothing to do with the Dongfang family.

Thus, Dongfang Tianxing and Dongfang Tianxuan looked at each other, and walked into the life and death arena under the hopeful gazes of the rest of the Dongfang Family.

"Dongfang Tianxing, do you still remember the last time you were here, you were defeated by me?" Long Chen laughed.

Dongfang Tianxing's face instantly turned the color of pig liver. Without a doubt, this was the humiliation in his life.

"Don't be so happy too early. Today, I will get my revenge!" Dongfang Tianxing revealed a sinister look.

"Idiot." Long Chen scolded.

During their conversation, Dongfang Tianxing and Dongfang Tianxuan looked at each other and separated to surround Long Chen from the left and right sides.

"Brat, quickly use your beast soul transformation!" Dongfang Tianxing knew how strong Long Chen was!

"Transformation?" Long Chen laughed, "To deal with you guys, I don't even need to transform!"

If he still had the Dragon Soul Transformation skill, why would he still need to stay in the same place as them?

Chapter 230 - Azur

"What?" Being looked down upon by Long Chen, Dongfang Tianxing and Dongfang Tianxuan started to get angry, but they knew how important this was, and now was not the time to care about this matter.

"You asked for it! Losing the battle is your own business, it has nothing to do with us!" Dongfang Tianxing's face turned gloomy and gloomy, while Dongfang Tianxuan also looked at him in disgust. His full chest continued to move up and down.

"Attack!" Upon hearing this, Dongfang Tianxing moved at the same time as Dongfang Tianxuan, and in an instant, two high grade Profound Rank battle skills charged towards Long Chen with a loud bang.

"I don't have the time to mess around with you guys here." Long Chen faintly smiled, and then, the sound of his footsteps rapidly changed!

True Dragon Nine Flashes!

Using the True Dragon Nine Flashes, Long Chen only needed a few flashes to break out of the enemy's encirclement! This led to both their attacks landing in empty air!

"How did Long Chen's speed become so fast? He really reached the Heavenly Core?" Not only were the two people fighting against Long Chen extremely shocked, even the others were starting to find it hard to believe. In a month's time, he had consecutively broken through two stages and even reached the Heavenly Core.

Long Chen did not care about the shock in their hearts. After he broke through the two people's encirclement, without saying a word, he rushed towards Dongfang Tianxing. At this moment, his green dragon halberd was in his hands!

"Dongfang Tianxing! I'll let you try this move again!" Long Chen's speed was extremely fast, and when he rushed towards Dongfang Tianxing, he was like a mirage;

"So fast?" Dongfang Tianxing's back felt a chill, the current Long Chen was like an arrow that had left the bow. The sharp arrows pierced straight at him, causing Dongfang Tianxing to feel as if he was blocking them all!

"Tianxuan, save me!" At this critical moment, he shouted out and formed a seal with his hands. True energy surged and whistled, and his hair flew up because of the force surrounding him. If his expression was one of panic and fear, he might look quite impressive.

"Meteor Dragon Seal!" Just as Long Chen was about to attack, Dongfang Tianxing gave a loud shout and used this move. Immediately, an illusory dragon image shot towards Long Chen! That vast aura also caused others to sigh at Dongfang Tianxing's progress.

However, to the current Long Chen, this was a fart.

The green dragon halberd danced crazily in her hands and gradually turned into a mirage. If the broken yellow spring was said to be a simple slash, then the Azur was a fierce stab that pierced through the azure sky!

"Azure Dragon Battle Method, Azur!"

With a whistle, sharp sounds of friction suddenly rang in the air, and countless sparks flew everywhere. Long Chen crazily thrust his green dragon halberd forward, and the tip of the green dragon halberd's halberd very quickly transformed into a condensed green dragon shadow. That sharp and sharp dragon horn contained a tremendous amount of power, as though the weight of a mountain was completely concentrated on that extremely hard needle that could not be broken, and was thrust towards Dongfang Tianxing!

Long Chen did not use the Dragon Soul Transformation skill, so it was not the strongest power of the Azur, but to use it to take care of Dongfang Tianxing, that was definitely enough!

No matter what was said, Long Chen had overpowered his opponent with his Innate Qi, and even used a divine weapon with Earth Stage Medium!

In front of everyone's shocked eyes, the meteor Dragon Seal exploded in the first instant and disappeared without a trace, but if Long Chen's vast attack landed on Dongfang Tianxing's body, it would definitely be able to penetrate through him in an instant!

This point, everyone present could understand it! Including Dongfang Tianxuan who was rushing towards Long Chen from the back!

At this time, Dongfang Tianxuan's killing move was approaching Long Chen. Most likely, after Long Chen hits Dongfang Tianxing, Dongfang Tianxuan would face the attacks from behind!

"Heavenly Star!" Seeing that his own son was more or less dead, Dongfang Xuanyu's eyes suddenly became bloodshot as tears crazily poured out! She could no longer suppress the killing intent in her heart, and rushed towards Long Chen!

However, Long Chen did not plan to kill Dongfang Tianxing.

"Li Xuanji has already left, I will suppress them, but not too much. If there is a rebound, it will be detrimental to me, and I still need to rely on them to enter the Ancient Era's Remnants." Thinking about that, Long Chen's Azure Dragon Battle Method immediately changed direction, but at the same time, he used the Apocalyptic Mountain God Legs to directly kick Dongfang Tianxing's face, turning the handsome guy into a swollen pig's head and sending him flying.

When he fell into Dongfang Xuanyu's embrace, the stinging pain on his face and the feeling of being dizzy made him cry out loud.

'This is too painful! '

When everyone saw this scene, their brains did not react at all.

On the other side, the old man's clenched fists loosened, if Long Chen had not held back, he would have rushed forward to save him. After all, he was his own grandson.

There was still Dongfang Tianxuan on the stage, and everyone was still anxiously watching. Only Dongfang Xuanyu consoled his son and healed him at the same time. When Dongfang Xuanyu saw the large bruise on Dongfang Tianxing's face, he felt his heart break. At the same time, his hatred towards Long Chen grew even more intense.

"Long Chen, you beast! Bastard! When that master of yours isn't here, I'll definitely tear you into ten thousand pieces so that the hatred in my heart can be resolved! " In Dongfang Xuanyu's heart, surging hatred and rage!

And now, they could only watch how Dongfang Tianxuan would beat Long Chen up.

The reason they were still confident in Dongfang Tianxuan was because Dongfang Tianxuan had already made a breakthrough a few days ago and gave the Dongfang Family a pleasant surprise!

At this time, Long Chen, who was fighting with Dongfang Tianxuan, also felt this point.

Earlier, he had defeated Dongfang Tianxing and used the True Dragon Nine Evasion to avoid Dongfang Tianxuan's attack. Only then did he face this proud and arrogant girl head on.

Long Chen still remembered that back then, she had relied on his own strength to play with Yin Mengyao.

"Girl, it seems like you have reached the Small Success in Heavenly Core?" Long Chen clicked his tongue and laughed, showing no signs of being afraid.

"Since you know about this, how dare you boast in front of me? Do you think you can show off your power in my Dongfang family just because you've defeated the Heavenly Star Realm?" Dongfang Tianxuan coldly said as he attacked.

Indeed, she now possessed the power of the early stage of Heavenly Core. Among the Lingwu Family's, other than Mo Xiaolang, who were able to reach the early stage of Heavenly Core, there were only five other people.

In terms of Innate Qi, she was already stronger than Long Chen who did not use the heaven-defying Dragon Soul Transformation. However, Long Chen's advantage was the green dragon halberd!

This green dragon halberd contained a vast amount of power, and all of this was the power of the green dragon. It could be used together with the Azure Dragon's true energy in the dantian, and its explosive combat strength could increase Long Chen's attack power by several times! This level of strength was nearly ten times stronger than the heaven-defying Dragon Soul Transformation!

"Small success Heavenly Core? Dongfang Tianxuan, no matter how strong you are, you are just a girl to me. Then what right do you have to fight with my little arms and legs? "Haha, indeed, your chest is

thicker than your father's, and your butt is taller than your father's, but it's not even worth the trouble, is it?" Long Chen used the True Dragon Nine Flashes, his face full of a teasing smile, as he teased.

These vulgar words immediately caused all the faces of the people from the Dongfang family to flush red. They inwardly cursed the bastard Long Chen, and Dongfang Tianxuan, who had always been so high up in the sky, suddenly turned purple as a baleful aura rose from her body.

"Long Chen, go and die! Earth Tier Battle Skills, Tempest Raging Dragon! "

After being humiliated by Long Chen, the furious Dongfang Tianxuan finally used his most powerful move. For a talented girl like her, using this move, her power and might was actually not any weaker than when Dongfang Xuanyu used it previously!

Such a powerful attack, made everyone full of hope for Dongfang Tianxuan! To be able to use the Earth Tier Battle Skills at the early stage of Heavenly Core, could he still lose to Long Chen, the initial stage Heavenly Core?

In the midst of the raging winds, Long Chen squinted his eyes at the gigantic dragon image.

"It's not a bad battle skill, but it's not enough for me to use the Earth Tier Battle Skills." Long Chen sighed with emotion, after that, the green dragon halberd in his hand started to spin like a tornado, and he suddenly jumped high into the sky. Facing the Earth Tier Battle Skills, he was like a shooting star smashing down, the green dragon halberd in his hand suddenly turned into a roaring divine dragon!

"Azure Dragon Battle Method, broken yellow spring, Azur!"

One slash, one stab. These two moves had originally been executed consecutively! Furthermore, if he were to continuously attack, the effect would be much stronger than when he used it alone!

In front of everyone's shocked eyes, Long Chen used only a single broken yellow spring and directly slashed the Wind Splitting Raging Dragon into two. As for the Azur, it directly pierced towards Dongfang Tianxuan, whose face was deathly pale, and could only dodge and defend with all his might!

At this point of time, when he saw the danger of death, how could Dongfang Tianxuan not know that he had already lost? Furthermore, if Long Chen had not stopped, she would have died!

"Tianxuan!" Off to the side, Old Third, who was amongst the storm clouds, and the only one who had a good relationship with Xuan Xiao, Dongfang Xuanyun, had a drastic change in expression as he hurriedly yelled out.

Of course Long Chen would not kill him. In reality, Dongfang Tianxuan had never offended him either, and Ling Xi's Green Dark Soul Fruit could only be obtained with the help of her father.

At this time, Dongfang Tianxuan already had no strength left in his body, and gave up on resisting. This feeling of imminent death sent chills down her spine.

And right at this moment, she sensed that fatal danger had suddenly disappeared. She knew that Long Chen had spared her, and her heart relaxed.

When she opened her eyes, she discovered Long Chen standing less than half a meter away from her, looking at her with a naughty smile.

What caused Dongfang Tianxuan to vomit blood was, at this moment, Long Chen's hands were using all his strength to rub her chest, causing her darling to change shapes. After that, he released his hands and patted her chest a few times, saying in satisfaction, "Appraisal is complete, the quality is not bad, but it has not been developed yet.
