

War God 2211

Chapter 2211 - Landing of the Giant Beasts

This arrow showed no mercy. Long Chen had already unleashed the full might of the Dragon Imprisoning Bow with seven hundred lines and the Emperor Dragon Arrow with six hundred lines, aiming at the last part of Long Qingyue's body. With a terrifying power that penetrated her body, Long Chen transformed into the Emperor Dragon of Darkness, battling fiercely and completely tearing Long Qingyue, who had just finished speaking, to shreds.

And before that, everyone was still thinking about what Long Qingyue had said. What exactly did she mean? When the countless fragments turned to dust in the light, when the Black Hell Beast was truly torn to pieces, everyone finally reacted. However, they had no way to stop it now.

Of course, there weren't many people who would actually stop them.

For a time, the surroundings quieted down.

Everyone watched as Long Chen put away the Dragon Binding Bow and Emperor Dragon Arrow, as if he had done something insignificant. His gaze fell on the Immortal Dragon Emperor, and he would probably be the one who could not tolerate Long Chen killing Long Qingyue the most.

"She has already fallen. Leaving her behind is a huge disaster to behold." From what Long Chen said today and what he said from Long Qingyue, he had more or less formed veins in his brain, as if he had already touched upon the edge of the truth.

Long Chen was right, but the Immortal Dragon Emperor was different from the Sky Dragon Emperor. When he saw his own daughter disappear with his own eyes, he was still heartbroken, but he couldn't hate or hate Long Chen. Today, Long Chen was even more of a victim.

If it was anyone else, they would do the same as Long Chen.

Dragon Emperor Yongye stood beside Long Chen and said, "Everyone has seen today's matter, so there should be a portion of the answer within the heart, but there must be a lot of doubts as well. In reality, it is the same for us as well, we completely did not anticipate such a thing to happen, nor do we know what exactly Long Qingyue is talking about."

"Dragon Emperor Yongye, she said that we will all die today, what does that mean?"

A warrior suddenly asked.

Everyone actually remembered what Long Qingyue said before she died.

The seven Dragon Emperor s looked at each other for a moment before frowning slightly. Right at this moment, Dragon Emperor Yongye's expression changed greatly as he looked in the direction of the Everlasting Dragon City, overwhelmed with shock.

"Weiyang Palace!"

She cried out in alarm, reminding the Immortal Dragon Emperor and the others that her body was originally a silver light. Just as she was about to shoot towards the Everlasting Dragon City, in that instant, an earth-shattering event occurred!

It was as if doomsday had arrived!

In that instant, Long Chen felt a terrifying sense of impending doom. It was so passionate and intense, just like when he was in the ocean of time, that enormous Black Hell Beast had suddenly appeared behind him.

It wasn't just him. All of the experts that had gathered here felt the same.

Of course, after hearing the two words "Weiyang Palace", only seven Dragon Emperor s and Long Chen and a few others knew what Weiyang Palace was contacting.

His simple meridians were the words the disappearing Black Hell King and Long Qingyue had said before they died, as well as Long Qinglan's corpse in Weiyang Palace.

However, before Long Chen could even understand what was going on, a terrifying development that could be considered a disaster happened. Just as Dragon Emperor Yongye shouted out the three words "Weiyang Palace", at that instant, the entire Everlasting Dragon City started to shake, and started to

tremble more violently than ever before. The structure that had the formation diagram attached to it crumbled with a loud bang, and the water in the entire sea of time surged up.

At this time, a black figure that was tens of thousands of meters long rushed into the high sky. As everyone looked over in horror, their entire bodies began to tremble and their backs began to feel chills, because what they saw was the same as Long Qingyue, an octopus-like tentacle that had appeared before!

Just the length of it alone was several times that of Long Qingyue!

Rumble rumble rumble!

The Everlasting Dragon City's vibrations were becoming more and more terrifying. For a moment, it was like the end of the world.

At the same time, countless of black tentacles that were tens of thousands of metres long shot out from the center of Everlasting Dragon City. In the blink of an eye, those hundreds of black tentacles covered the entire Everlasting Dragon City!

Immense power, destruction, tremors, everything seemed like the end of time.

What appeared in front of everyone was obviously an incomparably huge Black Hell Beast, it was tens of times bigger than Long Qingyue's, and it might be even stronger than her! The monster had not revealed its true body yet, but other than the seven Dragon Emperor s, almost everyone else was retreating in fear, their expressions miserable, and some people even thought that they were seeing things!

It waved its hundreds of black tentacles that were tens of thousands of metres long, and then revealed the huge black ball of flesh. It slowly ascended into the sky, and displayed its terror and power to all the human experts. In just an instant, the Everlasting Dragon City was in a miserable state.

In fact, there were even a few that died from the shockwave.

The seven Dragon Emperor s originally wanted to save him, but it was already too late for them to do anything now.

And what they did not expect was that right after escaping from that dried up well, Long Qinglan's body that was once so huge, was now at least ten times stronger than before. With such a physique and might, all the Dragon Emperor s turned ashen.

That's right, that was Long Qinglan!

Long Chen stared blankly at the gigantic beast in the sky. It seemed to have covered the entire sky, and its black tentacles stretched far away into the distance. The gigantic, bizarre, and countless of black tentacles made people's hair stand on end, causing millions of people to tremble!

He couldn't leave the well himself.

"Since the Black King isn't here, he must have a huge relationship with the Black Demon Beast. This time, the person who released my father must have been the one who had planted the Black Demon Beast within my body. It must have been him as well! "

Long Chen finally understood the other party's intention.

Having the Eternal Night Dragon Emperor judge him one month from now, then luring all seven Dragon Emperor s over to this place in the ocean of time, making it impossible for the two Dragon Emperor s to arrive at Weiyang Palace, he then released Long Qinglan!

This was his real goal!

Evidently, Long Qinglan, who had escaped the time seal, had undergone a terrifying change. Of course, from Long Chen's own experience, he naturally knew that this was not the real Long Qinglan, but his corpse was most likely occupied by the Black Hell Beast. As for whether this occupation took place before his death and landed in the Everlasting Dragon City, or after, he was unsure.

Even Long Chen himself was blank, so what if it was someone else!

On the sea of time, all the experts from the Dragon God Domain stared at the gigantic Black Underworld Beast dancing in the sky in shock.

Everlasting Dragon City was on the verge of collapse, and there were still tens of thousands of people inside.

Everyone's eyes, of course, fell on the gigantic black ball of meat in the middle.

Upon closer inspection, it was not a lump, but a human shaped figure, Long Qinglan. This time, there were at least tens of thousands of similar figures on the ball of flesh, it was obvious that the Black Hades Beast's body would become larger, and the number of human forms on the ball of flesh would increase, but it would not.

Buzz! Buzz! Buzz!

The black tentacles casually waved about, the space itself was almost torn apart, the entire space was a mess!

Hundreds of thousands of people stared at the gigantic object in the sky. Not a single one of them had a shocked expression.

Although the seven Dragon Emperor s had many questions, they naturally knew that it was just as Long Qingyue had said. The monsters today would definitely bring about a great calamity to the entire Dragon God Domain, so the other Dragon Emperor s hurriedly summoned the other two Dragon Emperor s of Dragon City.

They all understood that this was a terrifying disaster!

Just like how when Long Qinglan appeared back then, all the strong warriors of the human race had to come out to face this monster. This was a calamity!

"Everyone, are you ready?!"

The Eternal Dragon Emperor had temporarily forgotten about Long Qingyue's matter as well.

It was because Dragon Emperor Yongye was merciful that caused this monster to appear, and even became so terrifying. He didn't have the time to blame Dragon Emperor Yongye.

"Everlasting Dragon Emperor, Long Qinglan!"

At this moment, someone finally saw the human figure on the ball of flesh clearly.

That was the Long Qinglan who would become an adult and was exactly the same as Long Chen!

What was going on?

First, Long Chen was thought to be a monster, and then, Long Qingyue became a monster. Originally, Long Chen had been innocent, but now such a huge Black Underworld Beast had appeared, and it was even Long Qinglan!

In that moment, everyone looked at Long Chen with strange eyes, their gazes were filled with vigilance!

"Everyone, please do not make wild guesses, just like me, the corpse of my father that was left in Everlasting Dragon City was also infected by the Black Demon Beast, but right now he does not have her own consciousness, the one controlling the monster's body is the Black Demon Beast! Furthermore, I also just found out one thing, and that was that the reason why the Black Hell King and Long Qingyue incited me to go and judge him at this time, was because she was not here from the start. It was obvious that she wanted to lure the two Dragon Emperor out of Weiyang Palace and release them afterwards. "

Long Chen quickly explained so that they wouldn't misunderstand.

Of course, his words contained the news that two Dragon Emperor s had preserved Long Qinglan's transformed body, but at this point, the secret was no longer important. If there was a good ending, and the crowd prevented this great disaster from happening, the two Dragon Emperor s could probably explain it to everyone even more clearly!

This was destined to be a battle that Long Chen would be unable to interfere in.

He raised his head and looked at the gigantic being in the sky. Right at this moment, the seven Dragon Emperor s did not have the slightest hesitation and started to attack.

Chapter 2212 - The Divine Realm of All Living Things

It was like the world was collapsing and the end of the world was approaching!

The hundreds of black tentacles on the Black Demon Beast's body swung about, causing the heaven and earth to crack. Even if it didn't attack, the Everlasting Dragon City continued to collapse and gradually turned into actual ruins.

A large amount of seawater swept out in all directions, covering an area equivalent to the size of the Time Sea. Fortunately, there weren't many people around the Sea of Time; otherwise, the impact of the seawater would have been devastating!

"Hide yourselves well!!"

In the sky, the grand voice of a Dragon Emperor resounded.

The seven Dragon Emperor s attacked together, there were not many such scenes in the history of the competition. The last time it happened, it was almost over a dozen Dragon Emperor s fighting against Long Qinglan in the skies above the battlefield of gods, and this time, the Black Hell Beast was also fighting with Long Qinglan's corpse, as the Dragon Emperor s were fighting another battle with him.

Last time, Long Qinglan must have held back, but this time, it might not be!

Every single one of the Dragon Emperor s were experts close to the divine level, possessing the power to dominate the common people. The strength of any one of the Dragon Emperor s was enough to easily destroy half of the territory within the War God's Ancient City, turning everything into nothingness, and even the shattered remains of the Dragon Sacrifice Continent.

Even when the seven of them joined forces, it was still an unprecedented grand occasion!

Of course, their opponents were even more powerful, and they could all feel something in their hearts. Moreover, after Long Qingyue and the Black Demon Beast merged together, they actually turned into hundreds of great yin yang dragons. If this Black Demon Beast could also change like this, then it would be even more terrifying!

Just at this moment, one of the seven divine lights descended first, landing in the air above the tens of thousands of experts and Everlasting Dragon City. Large amounts of light of life appeared on his body, and the green ancient symbols scattered down like a storm under his control.

This person was the Dragon Emperor that came from Life Dragon City.

Just like the Immortal Dragon Emperor, he looked like an old man. As for what age they had to maintain their appearance, it was related to their personality and mentality. For example, an old stubborn man

like the Immortal Dragon Emperor would never use his young looks to treat the masses, and it was natural for women to like beauty. Of course, Dragon Emperor Eternal Night would never change into an old woman.

"God Realm of All Living Things!"

Under the light shout of the Dragon Emperor, countless green light dots scattered and twisted, before transforming into a green sphere of light above the Everlasting Dragon City, completely enveloping the Everlasting Dragon City within. Long Chen and the rest also immediately entered the Everlasting Dragon City, entering the Mythical Realm of the Gods to protect the Dragon Emperor.

Since he had done this, he clearly understood that even the seven of them might not necessarily be able to deal with this Black Hell Beast.

Therefore, he wanted to protect the Everlasting Dragon City first.

However, the Time Sea wouldn't do. The God Realm didn't have such a large protection range.

This object did not obstruct Long Chen's line of sight, he could still clearly see that every single human shaped Long Qinglan on the body of the Black Hell Beast was filled with hostility, as though they were ferocious beasts. When he realized that there were already seven opponents surrounding him, tens of thousands of him gradually raised his ferocious looking head, as he looked fiercely at the seven Dragon Emperor s.

"Pay attention, after what happened with Long Chen, everyone must know that he is not Long Qinglan, so there is no need to be lenient, and everyone should not be optimistic, if not we would be done for today!"

The seven Dragon Emperor s warned each other.

"I see."

Dragon Emperor Yongye nodded. She was the one who had always been merciful, but now it was gone.

Below, Long Chen was simply unable to come into contact with battles that were close to the level of gods, and these people stood at the peak of the entire Dragon Sacrifice World.

No one knew when, but both sides had started to fight!

Then, even with the protection of the All Living Gods God Realm, the Everlasting Dragon City was still violently shaking. Of course, if not for the God Realm of All Living Things, the Everlasting Dragon City would probably have already turned into dust by then and hundreds of thousands of Dragon Fighter among them would probably have perished!

Therefore, this was a catastrophe!

What everyone saw was that the Dragon Emperor and the Black Demon Beast's power had already exploded in the sky, causing countless of intense explosions!

The entire space had been torn apart, turning into a mess. Those black tentacles were like blades piercing through space and time, bringing with them terrifying power as they swept out in all directions!

In order to kill this monster, the seven Dragon Emperor s did not hold back at all!

Beneath him, under the annihilation of this battle power, the water in the entire temporal sea was turned into nothingness and was completely dissolved. The land in the sea ten times over was directly annihilated and the entire Everlasting Dragon City, under the protection of the God Realm of Life and Death, was suspended in midair.

This was just the beginning.

Only now did they understand how close death was to them. Everyone obediently stayed in the Everlasting Dragon City that was still trembling, their faces pale as they watched the battle in the sky that was almost impossible to see, as if it was a battle between gods!

Long Chen was also one of them!

"As expected, a huge disaster has occurred!"

It seemed that the immortal Dragon Emperor did not hate Long Qinglan as much as he had imagined. Otherwise, even if Dragon Emperor Yongye had stopped him, he would not have allowed such a dangerous thing to survive until now.

If they could not even defeat the seven Dragon Emperor s, the remaining eight Dragon Emperor s would probably not be able to do anything. At that time, the entire Dragon God Domain would probably be done for, and all of this would seem to confirm Long Qingyue's words.

"Black Yan Beast, Heaven-Devouring Race!"

This new thing that had appeared in Long Chen's field of vision was closely related to the coming doomsday.

Although the monster was fighting with Long Qinglan's body right now, Long Chen wanted him to lose, and Long Qinglan himself definitely did not want such a thing to happen. So he kept on anticipating in his heart, hoping that not only himself, but all the humans would be able to survive this calamity. That was definitely Long Qinglan's wish as well!

Rumble rumble rumble!

There was an even more explosive sound. Everyone looked in shock and found that almost everything they could see was covered in darkness. Everything was destroyed. The only thing left in the darkness was the divine light from the battle, as well as the ferocious hissing of the monster!

Tens of thousands of human shaped Long Qinglan s were screaming loudly on the Black Demon Beast's body.

Long Chen coldly looked at his appearances, yet did the actions of a Black Underworld Beast. Although the dead were big, the other party had forcefully taken over his body, such an evil act made Long Chen, who already knew the truth, burn with anger. No one could endure such a waste of his father's corpse even after his death, even when he was taken over by the Black Underworld Beast earlier, he wasn't as angry, but at this moment, his eyes were already bloodshot!

It had already been a long time since he had been forced to such an unbearable state. Even when he was facing death, he was not as angry as he was now.

Of course he knew that he was not qualified to participate in this battle.

But the day was not far away.

swore silently that one day, he would definitely make these damn things have to pay a real price!
Although he had grown very fast, he still desperately needed time!

Maybe ten or twenty years would be enough!

BOOM!

Another explosive sound rang out and the entire sky was torn apart. Countless rays of light penetrated the sky, tearing the several hundred meters long black tentacles to shreds.

Long Chen could vaguely see that the seven Dragon Emperor s in the sky had already turned into divine dragons. Although they were still small compared to this monster, they were much larger than before.

The seven divine dragons were indistinct, but they were basically all Ultimate Dragon s, the most special and most powerful Ultimate Dragon s. For example, the Immortal Dragon Emperor was a temporal divine dragon, which had a certain relationship with Great Void Cosmic Dragon s!

After transforming into a Divine Dragon, they continued to attack. They wanted to finish this monster off quickly and kill it quickly. That was because they could already sense that the other party was rapidly growing during the course of their battle.

"It seems to be awakening Long Qinglan's power and divine ability!"

The crowd quickly discovered the terrifying matter.

What they saw was that those hundreds of tentacles were actually changing towards an illusion at this time, transforming into numerous illusory divine dragons. Covered in mist, it was extremely mysterious, as though they had disappeared but still existed.

On the ball of flesh, the figure of a Great Void Cosmic Dragon actually appeared.

Although it was not real, and although it was only replicating Long Qinglan's past, it was still terrifying enough, and it was also causing the anger in Long Chen's heart to grow even more.

The seven Dragon Emperor s didn't know that this was a Great Void Cosmic Dragon. All they knew was that this was Long Qinglan's past legacy blood essence, so they thought it was a Unparalleled Dragon!

Amongst them, the Immortal Dragon Emperor and the Eternal Night Dragon Emperor cooperated with each other, and the two stood on both sides of the Black Hell Beast, cooperating together. White and silver threads shot out from their dragon scales, instantly forming a huge web in the sky.

"Terminator Eternal Diagram!"

This was the power of the Way of Tranquil Time, which was eternally similar to Long Chen's instant, but it required the cooperation of two people to activate it. With the cooperation of the two Dragon Emperor s, it was said that even the Spirit King s of the Spirit God Realm would be defeated.

After succeeding, the other Dragon Emperor s heaved a sigh of relief, as if they had already locked onto this Black Hell Beast.

However, Long Chen could feel that the terrifying Heavenly Way of Time on this Black Hell Beast had inherited Long Qinglan's power. Even the Eternal Heaven Termination Array would be ineffective, right?

Chapter 2213 - The Everlasting Wheel

The myriad of white threads and silver threads were as sharp as swords and deeply embedded into the Black Hell Beast's flesh and blood. The more they were bound, the tighter they became.

Just as Long Chen had expected, this monster was born from Long Qinglan's body. With the shadow of Long Qinglan's former strength, the Black Demon Beast's ability to inherit and divert the Great Void Cosmic Dragon's power could be considered terrifying. Even if Long Qinglan had long taken out the Great Void Cosmic Dragon's inherited blood essence, it had still used his time attribute sacred art!

"That's the Tempest of Time."

Long Chen was completely shocked.

At the very least, all the space that they could see with their naked eyes was basically being enveloped by the Time storm. No one else could see anything, but only Long Chen knew just how terrifying the outside was at this moment, and how the entire Mortal God Realm was trembling so violently, it was as though it was about to be torn apart!

Fortunately, the All Living Gods God Realm was absorbing energy from everyone, so it was equal to everyone fighting against the power of the Time Storm together with the Dragon Emperor!

This was the true storm of time!

Even someone at the level of the Bluefire Emperor would probably be torn apart at this moment. There was no suspense at all.

Even though it only inherited a part of Long Qinglan's power, the Black Yan Beast was already strong to this extent!

BOOM!

The Eternal Termination Array was instantly torn apart and the Black Hell Beast regained its freedom. The seven Dragon Emperor s were also instantly affected by the terrifying tempest of time, and a terrifying roar resounded in the sky in an instant. No one was able to see what was happening, but fortunately, none of the seven Dragon Emperor s died in battle as they continued to fight!

Explosions also continued to ring out in the sky. More and more regions and spaces were being destroyed in this battle, and that was in the range of the sea of time. There was no longer any seawater around, and the sea of time that it had existed for tens of thousands of years had completely disappeared.

If not for the protection of the All Living Gods God Realm, even the Everlasting Dragon City would not exist.

However, in reality, no matter who they were, they were still in danger. If the seven Dragon Emperor s were defeated, the Black Demon Beast could easily destroy the All Living Gods Realm and destroy everything here!

Perhaps this was what Long Qingyue said about their ending.

All dead.

"Damn it!"

Basically, all seven Dragon Emperor s were injured by the power of the Tempest of Time.

Amidst the clouds and mist in front of them, countless figures of Great Void Cosmic Dragon were roaring at them. Once they used their abilities, it would basically be a devastating blow to everyone.

"I'll do it!"

Within Everlasting Dragon City, in terms of attack power, the Second Dragon Emperor, the Sky Dragon Emperor, was in fact, even more powerful than the Second Dragon Emperor. He was a pinnacle Ultimate Dragon of the Star Dragon Tribe, and was countless times stronger than the Heavenly Calamity Lonely Star Dragon and the three thousand Star Soul Dragons.

"Myriad Star Domain Sword!"

The billions of stars fell down, cut through the starry sky, and formed a huge sword behind him, releasing an incomparably resplendent glow, just like the sun, this move was definitely able to easily penetrate all the stars, such an attack, it condensed the essence of all the cultivation of the Dragon Emperor of the firmament, shooting down, detonating the Heavens!

During the attacks of the Sky Dragon Emperor, the other Dragon Emperor s were not idle either.

For example, the Dragon Emperor in Dragon City had turned into a gigantic black vortex. It was like a mouth with a dead world in it, filled with countless vengeful spirits.

That's the 'Archaic Mouth'!

The Dragon Emperor that came from the Dragon City used a spell called the 'tribulation of the common people'. It was as if trillions of lives had formed into a destructive bolt of lightning that had gathered the willpower of trillions of lives, and it descended from the sky to attack the Immortal Soul. If the resplendent star were to encounter such an attack, although the planet would not have any problems, the people on it would definitely die in an instant!

On the other hand, Dragon Emperor from the Life Dragon City was healing everyone. If it wasn't for him, everyone's injuries would have been even worse!

At the same time, the Immortal Dragon Emperor and Eternal Night Dragon Emperor also cooperated their attacks once again!

Through the clouds, Long Chen saw the sun shining brightly and the gigantic sword that was formed from billions of stars. He saw the mouth of the Primordial Era and the great calamity of the Mortal Life!

All of the energy shot towards the Black Hades.

On the back of Black Demon Beast, countless Great Void Cosmic Dragon looked at everything with contempt.

In that instant, all the attacks were actually all stopped in midair, time seemed to have stopped. The trillions of star swords, the Primordial Door, and the Great Calamity of the Mortal Life, all stopped moving.

That was the ability that came from Long Qinglan, "Eternal Decimation!"

This was the result of an instant of eternal transmogrification. This was true mastery over time, the greatest form of stillness.

Under the effects of the Eternal Calamity, it was as if everything had come to a standstill. Such a restrictive force could be said to be invincible.

Then, Long Chen saw that with the Black Demon Beast at the center, layers of ripples had actually spread out. The sky had formed into something that looked like the ring of a tree, and it was extremely bizarre, with the seven Dragon Emperor s being surrounded by the ring of trees, this was an eternal ring!

They were all terrifying abilities that Long Qinglan had once possessed.

Under the undulations of the Everlasting Wheel, all the attacks shattered and disappeared at this moment. Dragon Emperor of the firmament and the others were severely injured. And at this time, the power of the Everlasting Wheel crashed into them, and at that instant, it was as if countless explosions occurred in their bodies.

Under the attack of the Everlasting Wheel, their bodies stiffened. Seven divine dragons that were close to a hundred thousand meters in height crashed down with a loud bang, smashing onto the ground and causing an even larger cloud of dust to rise. At this moment, everyone's line of sight was once again drowned out.

However, there was no denying that they had been defeated!

Under the attack of the Eternal Wheel, not only were they defeated, but their bodies were eternally still. Although they looked exactly the same as they had before, they didn't even bat an eyelid. It was as if they had died, as if they had turned into stone statues!

Seven divine dragons surrounded Everlasting Dragon City and fell. After they crashed onto the ground, there was no more movement.

In the end, they kept their shocked expressions on their faces as they looked at the Black Hell Beast. They didn't know if it was dead or not.

Now, everyone on the Everlasting Dragon City finally saw everything clearly.

They saw that the seven Dragon Emperor s had already frozen the Eternal Roulette for a long time. Although it was still the original body made of flesh and blood, it was already no different from a stone.

If he did not even save her, it would be no different from death!

While he was in the starry sky, the Black Demon Beast was still unharmed. It casually waved the bodies of countless Great Void Cosmic Dragon, as though it had done something insignificant.

In that moment, the shadow of death started to descend, and after everyone was stunned for a moment, they started to scream frantically. In that moment, the shadow of death began to descend, and after everyone was stunned for a while, they started to scream frantically.

Death, extermination, such a shadow loomed over them.

There were still eight Dragon Emperor s left, but it was impossible for them to make it here so quickly, and even if they did, they wouldn't be able to deal with this monster.

Then, they were dead meat.

The entire Everlasting Dragon City was enveloped in a thick sense of fear. Long Chen stood on the ground in a daze, and his surroundings were filled with people rushing about, screaming and screaming in a miserable manner. They wanted to hide, but the Black Demon Beast could easily make the entire Everlasting Dragon City disappear, so hiding was of no use at all!

Therefore, many people had already knelt on the ground, hugging each other in fear. Even some experts of the Six Paths of Reincarnation and above had lost their composure.

"Doomsday!" The apocalypse has arrived for us humans! "

"We will all die. Not only will we die, everyone else in the world will die. No one can stop this monster anymore." Who can save us? "

"It's all his fault, Long Qinglan. Even if the monster now wasn't under his control, at least it used his power and his corpse. If not for him, how would our human race encounter such a terrifying calamity?!"

"The heaven and earth is in turmoil! He actually killed all seven Dragon Emperor s? "

"The seven Dragon Emperor s are not dead yet, but they can't move. If the monster moves even a little bit, they will die!"

As such, there was no hope at all.

Most of the spectators wanted to cry but had no tears to shed.

Just at this time, the gigantic Black Hell Beast seemed to hear everyone's shouts, the tens of thousands of humanoid Long Qinglan on the meatball suddenly turned towards the Everlasting Dragon City's side. Tens of thousands of eyes, which contained a ferocious light, immediately scared majority of the people to the point of kneeling down, their entire bodies trembling.

Instead of immediately taking care of the seven Dragon Emperor s, it stretched out its two Great Void Cosmic Dragon and charged towards them.

Seeing the approach of the two enormous Divine Dragons, the several hundred thousand people were all frightened to the point of crying and wailing.

The scene was miserable.

Long Chen was standing in the center of Everlasting Dragon City.

What should he say?

Even now, his heart was filled with endless grief and indignation, but there was still no fear. At this point, he was no longer afraid.

If even the seven Dragon Emperor s were defeated, then what could he do?

There was no way he could protect the lives of these hundreds of thousands of people.

This monster, this powerful and disgusting foreigner, was full of mystery, on the verge of annihilation.

How sad would it be if he did not even know what the other party was after his death?

Long Chen could not help but laugh bitterly.

In the blink of an eye, amidst the wails of the crowd, the two divine dragons had already torn the Life God Realm apart. Without the support of the Dragon Emperor, the God Realm of Life and Death was of no use at all.

At this moment, Black Demon Beast appeared above everyone's heads. Everyone knelt down in the shadow of death, with the exception of Long Chen.

Chapter 2214 - Heart Wars

Shadow.

On the black ball of meat, every single Long Qinglan looked down at the common people with absolute contempt. It was as if in their eyes, this wasn't life at all.

Beside the ball of meat, there were hundreds of illusory Great Void Cosmic Dragon s coiled around, and at that moment, the hundreds of Great Void Cosmic Dragon s all descended, and when their gigantic dragon heads combined, their huge and complex eyes were staring at every single living being in the Everlasting Dragon City!

Fear, suffocation, despair

These were like sharp knives that cut through everyone's body, causing them to be riddled with scars, making them extremely painful. They had nowhere to run. Many people were shouting through the star talismans, but they were all useless. They could only transmit their fear to others.

Such a terrifying thing had happened in the Everlasting Dragon City. The defeat of the seven great Dragon Emperor had, in reality, already shocked the entire Immortal God Realm, and all the surrounding living beings. Ever since Long Qinglan died, such a terrifying thing had never happened in the Immortal God Realm.

The cries of despair caused all living beings to tremble in their hearts. Even the Four Ancestors' City of Demon God Area, the Spirit King of the Spirit God Realm and the others were the same. In the past million years, there had only been one person who could defeat the combined forces of seven Dragon Emperor s, and that was the Eternal Dragon Emperor. Even Spirit King could not do it, but today there was one more person!

Moreover, it was an unknown giant beast.

The seven Dragon Emperor s were on the verge of death, time had stopped forever.

As the Great Void Cosmic Dragon neared, everyone discovered that the time on their bodies was actually accelerating and flowing, as well as aging. There were even many people who originally had some time remaining until the thousand year time limit, but due to this influence, they were able to pass through the tribulation in an instant, and even were killed on the spot by the Eighteen Major Tribulations!

More and more Great Void Cosmic Dragon approached and the flow of time passed faster and faster.

"We're finished!"

"If I die, I die!" But, what exactly is this thing!?"

Hundreds of thousands of people were in pain while being at a loss. They powerlessly crawled on the ground as their entire bodies trembled. The Black Hell Beast in the sky was incomparably cold and detached.

The hundreds of Great Void Cosmic Dragon began to dance, causing the entire broken Everlasting Dragon City to tremble. Everyone on top of them felt even more despair, as if death had already descended ...

Hatred and sorrow filled Long Chen's heart.

The seven Dragon Emperor s' eyes that were filled with despair and powerlessness, the miserable howls of tens of thousands of people and the miserable screams of the people, he was powerless to do anything. And the one in front of him was such a familiar Great Void Cosmic Dragon ...

"Why?!"

He was not convinced!

He could not lose. He could not lose. The world he resided in, his bloodline, his pursuit, his faith, he could not lose. And it was such an ignorant death!

All of this had become the rage in his heart.

He looked at the approach of the Black Demon Beast in a daze. Even he himself did not know what he was doing. This feeling was even more terrifying than when he faced the City Lord who had wasted his life. However, at this time, he actually soared into the sky and headed towards the Black Hell Beast!

"Long Chen!"

Many people saw his actions and called out his name.

There was only a buzzing in his ears, but he did not hear it.

His body continued to move forward. As he moved forward, he would occasionally look back and see a few people looking at him in surprise. They were one of the few who were able to maintain their rationality. Basically, all of them were experts of the Eight Trigrams tribulation of reincarnation who possessed a body of a demigod.

But even though they had a demigod body, there was no way for them to escape.

"What do you want to do? "Be obedient and wait for death!"

To this day, the Bluefire Emperor has already lived a life of deep repentance. In the face of the great calamity, he had already let go of the jealousy and hatred he had for Long Qinglan.

"I can't die in helplessness."

Long Chen said softly.

It wasn't to awaken something first, it was the truest thought in his heart. Even if he died, he would die from an attack, not from fear or despair.

Therefore, while everyone was still struggling with the Shadow of Death, he blocked the Black Hell Beast with his insignificant body in front of everyone's eyes, in front of their eyes that were filled with disbelief and incomprehension.

Compared to the Black Demon Beast, he was so small that he couldn't even detect it.

However, more and more people found him. They discovered that this youth, who was about to be judged, was not afraid of death. He bravely moved forward and stood proudly in the sky.

What he was facing, was a Black Hades Beast that was almost about to come into contact with his body.

"What is he trying to do?"

In the midst of miserable despair, when the surroundings had already been completely destroyed, more and more people had this thought in their minds.

"Is he seeking death?"

This was clearly courting death.

But Long Chen was definitely not only that.

At this time, the Black Underworld Beast seemed to have discovered him. To the Black Underworld Beast, Long Chen was definitely a special person. Those dragon heads that were initially reaching out to the Everlasting Dragon City, suddenly stopped, and stopped right in front of Long Chen's eyes.

"What's going on? Could he be on the same side as this monster? "

Everyone could not help but feel infuriated.

Although it stopped, the Black Hell Beast still looked at him vigilantly, the bodies of hundreds of Great Void Cosmic Dragon continued to wave around Long Chen.

Everyone was once again suffocated.

But at this moment, Long Chen seemed to know what he had to do. He had lost too miserably, as an Eternal Dragon Emperor, he shouldn't have lost so miserably. Not only had he died, his corpse had even been controlled by the opponent to suppress and kill his own clansmen!

He couldn't accept it!

It wasn't worth it!

He was a hero in Long Chen's heart that no one could compare to. He was a man who could support both heaven and earth.

Long Chen clenched his fists tightly, his eyes completely bloodshot. He stared unwaveringly at the Black Demon Beast, since he was being merciful, then there must still be Long Qinglan's will inside this beast's body!

He would not be annihilated that easily! He even gave birth to Long Chen under the condition of death, so how could he possibly be reduced to nothing!

"Father!"

At this time, even though those terrifying Great Void Cosmic Dragon had surrounded him, he acted as if they did not hear them. His blood was boiling, and all the anger in his body was concentrated on his voice.

"Are you willing to be controlled like this? Are they willing to be defeated just like this, their bodies controlled by the enemy, and die with incomparable humiliation? "

On the day that Long Chen's life began to truly change for the better, in the forest beside the White Poplar Town, he was the one who told Long Chen that if he wanted to gain dignity, then he had to become stronger.

"With how powerful you are, how can you allow others to control you? What about your dignity?"

Everyone felt that Long Qinglan had died a premature death, but he firmly believed that he still had the will to fight. Just like Long Chen's current fighting spirit, even if he died, he could not disappear and exist forever in this world!

Of course, no one acknowledged Long Chen, they just thought that he was doing something useless.

However, the fact that he had such courage made everyone feel deep admiration. They understood even more clearly that Long Chen truly had nothing to do with this Black Hell Beast.

In Long Chen's heart, this real pioneer and hero wouldn't be defeated so easily!

Just like himself!

At that moment, he forgot about himself and rushed towards the Black Hell Beast.

"It's over!"

Everyone cried out in alarm.

Even the seven Dragon Emperors did not dare to approach it, yet Long Chen had done such a thing.

As expected, the Black Hell Beast that covered the sky let out a shrill threatening cry. It only needed to use a bit of its power to kill Long Chen.

In fact, those dragon heads were already moving, it seemed as though they were about to use their Eternal Wheel.

"Long Qinglan! Have you forgotten your name, Eternal Dragon Emperor? "

Long Chen couldn't hold back his tears. He wasn't afraid of death, he just felt that this hero, his body, shouldn't have been blasphemed so that no one could help him. But as his son, he was actually powerless to help him.

Everlasting Dragon Emperor!

This was the supreme glory of the entire human race!

To rule the human race, to rule the Five Dragon Cities!

In these tens of thousands of years, he was the first Eternal Dragon Emperor!

It was true that he was defeated, but how could his corpse be in such a ghastly state?

Everything is like a miracle

The Black Demon Beast suddenly let out a painful shriek.

The tentacles of the Great Void Cosmic Dragon that were reaching towards Long Chen suddenly trembled as if it had been electrocuted. Its painful cry caused countless Dragon Fighters to have their eardrums torn apart on the spot, and countless people cried in pain. Long Chen was the one who bore the brunt of the impact, until both his ears bled and he could no longer hear clearly.

But this was nothing!

He had already rushed to the side of the ball of flesh, and in front of him was that countless human shaped Long Qinglan. Once again, he came so close to him, and the that was in front of him was extremely lifelike.

Amidst everyone's incomparably shocked eyes, Long Chen didn't say a word and directly walked forward. He reached out his hands, held onto one of Long Qinglan's head, and roared: "Wake up! You can't lose, we can't lose! "Father!"

His heart was filled with grievances and indignation. All these years he had fought so hard just to follow his path, to walk and fulfill his father's dying wish. Now, he was very close to success ...

"Defeat in time, we cannot lose in such a humiliating manner!" Father, you are the Eternal Dragon Emperor! "You are the hero of history. These disgusting monsters and animals have taken over your body, and you will be manipulated to kill all of your compatriots. Are you willing?!"

He almost shouted his lungs out.

The hundreds of thousands of people below stared at him blankly. Was this really useful? That's impossible!

Of course, Long Chen was not sure if it would work or not. This was his only method, it was better than waiting for his death!

Even when he shouted out all of this, he himself was disappointed. That's right, this was simply laughable. What was the use of randomly shouting like this? Damned ones would still die, while the ones that deserved to be destroyed would still be destroyed. Under absolute strength, who could resist?

He helplessly let go of his arm.

Black Flame Beast's Great Void Cosmic Dragon began to violently dance again, as if it was struggling, and emitted an ear-piercing whistling sound.

When Long Chen was at his most helpless, the Long Qinglan before his eyes, whose eyes were filled with violence, suddenly became gentle.

Chapter 2215 - Initial

Time seemed to stop at this moment.

The man who appeared countless times in his dreams and appeared countless times in front of Long Chen, had once again clearly appeared in front of him at this moment. He could hardly believe his eyes.

But it was all true.

He was too familiar with Long Qinglan, and that warm look in his eyes was completely different from the tens of thousands of ruthless him who surrounded them. It was deep and natural.

And so, it showed up without any warning ...

Long Chen's mind went blank for a moment.

He seemed to be able to see through everything that was happening in Long Chen's heart, and he was even aware of everything that was happening. Every time he appeared, he would understand everything, and this time, a gentle smile appeared on his face.

His smile was full of the marks of age.

No matter how cold or cold-blooded Long Chen was in front of others, in his eyes, he seemed to have returned to the day when he was buried in White Yang Town, and quietly listened to everything this man said to him.

That time, it was incomparably calm.

This time, the world was turned upside down. All life was gone, and danger was still everywhere.

The Black Demon Beast seemed to be struggling with Long Qinglan and was in no mood to move the people of Everlasting Dragon City.

"Father!"

Long Chen was full of excitement. Of course he knew that his appearance would only last for a small moment, as his body was already dead.

"Kill me."

Long Qinglan interrupted him and said softly.

"Use the Dragon Confining Bow, Dragon Confining Arrow, and the power I left behind."

It was obvious that the last remnants of his bloodline and traces within his body would only be this Black Hell Beast's. Even speaking a few words with Long Chen would be a miracle ...

After saying his last sentence, he stretched out his hand and pushed Long Chen down, the vast energy pushed him through the bodies of countless Great Void Cosmic Dragon, until he finally returned to the surface of Everlasting Dragon City, and returned to the encirclement of all the warriors.

When he raised his head again, the ball of flesh was rolling about. The human figures on it had all transformed, and the real him had disappeared.

Maybe all of this was just an illusion of Long Chen's.

Maybe he never showed up.

"Father!"

Long Chen blankly looked at the sky. He had already disappeared without a trace, and the Black Hell Beast had also stopped its painful shrieks, as it had once again regained complete control of its current body.

Long Chen knew that everything he said to his was true!

"Kill him, Dragon Confining Bow!"

That was his desire and his struggle! Just like himself, when he heard his own shouts, the last trace of his bloodline awakening, that was his pride and hard work!

Like himself, he was also constantly struggling.

It was just because he had already died, and the only thing he could truly do was resist, so he could only rely on Long Chen to help him.

Long Qinglan disappeared.

This time, it did not have any hesitation and moved at an extremely fast speed. It was obviously trying to turn the entire Everlasting Dragon City into ashes as soon as possible, and then go and massacre the other living beings!

Everyone was once again shrouded in death.

They had been frightened long ago, but now, they were numb to it as they stared blankly at the arrival of death.

What shocked everyone was that, at this moment, Long Chen had actually rushed into the sky once again, charging straight for the Black Hell Beast without any hesitation!

He was standing arrogantly in the sky. Even though he was incomparably tiny compared to the Black Demon Beast, he was not scared by it at all. He was just like a miracle, he did not fear death time and time again!

Many people could not even understand him.

If they were all going to die, then why did they have to fight for no reason?

They would never understand Long Chen, because fighting was his life!

One could die, but one could not lack dignity, pride, or faith!

Long Chen was not the only one who was fighting. When Long Qinglan pushed him, a terrifying energy that was hard to detect entered his body. At this moment, he was not only him, but also a part of Long Qinglan.

"Father!"

It was as if he was standing behind her, looking at her with those warm and profound eyes.

Long Chen took a deep breath and wiped the angry tears from the corner of his eyes.

"Dragon Binding Bow!"

Seven hundred dao tools with Dao patterns on them, the golden dragon cage coiled around him, appearing in his left hand.

The Dragon Binding Arrow had appeared once more.

It was another prison dragon.

The two Dragons converged and fused with each other.

When the Black Underworld Beast descended, Long Chen placed the Dragon Confining Arrows on the Dragon Bow, allowing them to integrate completely. He could not help but imbue all the strength in his body into the bow, even though he was panting and was on the verge of death, he was still unable to pull the Dragon Confining Bow.

"What is he doing!?"

"He's going to use these two Dao-seals and seven hundred Dao-seals to fight this monster?" If he can't even defeat the Dragon Emperor, what can he do? "

Everyone could not help but cry.

In their eyes, Long Chen was just like a laughable ant. He actually wanted to use his thin and almost impossible to see arm to resist the elephant's huge leg!

Fighting in such a manner was fragile and powerless. It was just a joke. If he made such a joke, he might as well just stand there and wait for death.

In any case, everyone in the world was going to die, and he himself was going to die as well.

Long Chen didn't need their understanding.

His life, in the midst of a struggle towards glory, towards glory, those who do not understand will never understand.

"AHH!"

His arm was on the verge of breaking. The fingers he used to grip the bowstring with were on the verge of breaking, causing blood to continuously flow out.

Green veins bulged all over his body. He clenched his teeth so hard that they almost broke!

The Divine Flame had already been ignited to the limit. He had even instilled all of the power of the Divine Kingdom's Fourteenth Sacrifice into his arm. Under the desperate tugging of the Dragon Bow, it finally began to grow rounder and rounder!

He was actually able to control two Dao tools with a total of fourteen hundred Dao patterns!

The two dragons almost fused into one body, turning into a complete golden dragon.

Of course, just by relying on this method, it was impossible to kill the Black Demon Beast, and it could not even cause the slightest amount of damage.

Just as everyone was waiting to die and the Black Underworld Beast had arrived above them, that mysterious power turned into a transparent dragon and quietly flew from Long Chen's arm to the Dragon Confining Arrow.

No one saw it.

Only Long Chen himself knew that the two dao tools were no longer the same. They had undergone a terrifying transformation under Long Qinglan's might, and that was no longer a dao tool, but Long Qinglan himself.

At the moment when Long Chen desperately tried to pull the Dragon Confining Bow back, he felt that the man behind him had already approached him. He reached and grabbed onto the Dragon Confining Bow and the Dragon Confining Arrow, making him feel like a bystander.

The look in his eyes was so peaceful, as if the arrow was not aimed at the corpse that he had left behind.

Holding the Dragon Confining Bow and Dragon Confining Arrow once again, Long Chen seemed to have seen his appearance when he was young, proud, powerful, knowledgeable, peerless in the world. He

was born as a miracle in the Dragon God Domain, if not for him, Long Chen would not even have appeared in this world.

"Chen Er, the battle has only just begun. Do you really think I've lost? "

Suddenly, he turned his head and revealed a proud smile towards Long Chen. Just like when he was young, he looked down on and was confident;

It had just begun!

Long Chen thought that it was over, but he said that it had only just started.

He had already lost his life, but he said, Do you really think I lost?

He was proud, mysterious, and forever enigmatic. However, he had always been painstakingly making himself up.

The winds and clouds swirled, and the people in the world were in an uproar.

Hundreds of thousands of warriors kneeled on the ground, their heads lowered as they waited for the judgement of death.

Only Long Chen was trembling from head to toe, seeing Long Qinglan looking up at the sky again, his mouth still smiling the entire time, until the moment he released the Dragon Confining Arrow!

Ding!

With a crisp sound, the Dragon Binding Arrow disappeared from the horizon.

In that moment, Long Chen's entire body was in pain, he just realised that he was still holding onto the Dragon Confining Bow, and the moment he shot the Dragon Confining Arrow out, his body was covered in blood, and his body was almost torn apart by the immense force until he collapsed. Even his face was almost ripped apart, and his entire face was covered in blood.

"I shot it!"

Long Chen stared blankly at the Dragon Confining Bow in his hands.

He raised his head in shock, and looked towards the shadow in the sky. He did not know where the Dragon Confining Arrow had gone to, nor did he know where Long Qinglan had gone to.

Furthermore, time seemed to have come to a standstill. Even the incomparably huge Black Hell Beast in the sky was motionless ...

After three breaths of time, everyone finally raised their heads in shock. Looking at this scene, they saw Long Chen, who was dripping with blood and holding the Dragon Confining Bow, staring at the motionless Black Hell Beast.

"Why aren't you killing us?"

They could not help but think that this feeling of waiting for death to come was truly too painful. If that were the case, they would rather die faster.

However, even after another ten breaths had passed, there was still no movement.

"What's going on!"

They stood up.

Just at this moment, they actually saw the several hundred Great Void Cosmic Dragon dissipate with a bang, turning into fragments, and completely disappearing from this world.

They saw that on the black ball of flesh, a formless flame had suddenly appeared. That was an unimaginable huge fire, and in the midst of this burning, the tens of thousands of human shaped Long Qinglan released an earthshaking fire, and then disappeared within the flames. All of the calamities were completely incinerated within an extremely short period of time.

Formless flames engulfed the entire sky. Other than them, everything else was quiet.

At the end, the flames started to contract, and at the end, they condensed into a man in the sky.

The man looked exactly the same as the tens of thousands of people on the meatball, but at the same time, he was different.

At that moment, everyone's minds were blank as they blankly stared at him.

Chapter 2216 - Shadow

That's the Eternal Dragon Emperor, Long Qinglan.

From the looks of it, this was the real him, just like when he was at his peak. He was quiet and humble, with a smile that would cause others to feel a refreshing spring breeze, but also a smile that they revered from the bottom of their hearts.

But now, he had precisely maintained that smile, and his body had gradually disappeared along with the invisible flames. Everyone could only watch as he disappeared, and the scene before them caused the people who hated him for many years to slowly waver, and the image of the Everlasting Dragon City in their hearts. Perhaps, they didn't think that everything was as bad as they had imagined.

"Fight."

In the end, he only said one word, and turned into ashes, disappearing from everyone's sight. The messy sky became empty, and whether it was the gigantic and ferocious Black Hell Beast from before, or the last remaining Eternal Dragon Emperor, they all disappeared. Only the people standing amongst the broken Everlasting Dragon City remained, unable to recover for a long time.

Long Chen was the same, but what he felt this time, far surpassed everyone else. At least in the eyes of others, the one who miraculously killed the Black Hell Beast in the end was him, even the seven Dragon Emperor s lost in the Black Hell Beast's hands, yet Long Chen was able to accomplish such a miracle. This was simply inconceivable.

When everything disappeared, they looked at Long Chen in shock, and looked at this youth who was fearless, and their hearts were filled with boundless shock. If they did not see it with their own eyes, they would not have believed it!

This was even a miracle.

After a long while, they were still looking at Long Chen in a daze, and their hearts were already filled with raging waves.

When the seven Dragon Emperor s recovered from the attack of the Everlasting Wheel, with the death of the Black Hell Beast, the power of the Everlasting Wheel also dissipated. But even during the sealing process, they still saw everything with their own eyes, saw Long Chen resisting like a fool, shouting like that, saw him miraculously kill the Black Hell Beast, saw the Eternal Dragon Emperor finally appear, and said those two words.

Battle.

The seven Dragon Emperor s turned into humanoid figures, flying above the Everlasting Dragon City, and slowly descended to Long Chen's side. They did not say a single word, as if waiting for Long Chen's explanation.

There had to be something they wanted.

The seven Dragon Emperor s definitely knew that it was impossible for Long Chen to accomplish such a thing with just his own strength.

Dragon Emperor Eternal Night's eyes were already wet from tears. She trembled slightly and asked, "Long Chen, is that him?"

This was the answer the other six Dragon Emperor s were looking for.

Long Chen took a deep breath, and under the anticipating gazes of countless people, he nodded and said, "That's right, with just my strength, it's obviously impossible to kill him. What you guys saw was me, but the one who actually attacked was him, my father. The Eternal Dragon Emperor you all speak of ... "

This was a perfect explanation and the only possible answer.

When they heard this news, everyone seemed to heave a sigh of relief, and then they looked at each other. The seven Dragon Emperor s were also like this, their expressions were extremely complicated.

Below, the hearts of the spectators wavered even more. Today, the first thing he did was to judge Long Chen, and the real monster later on became Long Qingyue. In the end, Long Qinglan turned into the scariest monster, and in the end, he actually killed himself? In other words, Long Qinglan was also possessed by a monster? In that case, was it possible that his crazy actions back then weren't just him controlling his own body?

Maybe it was all a scam?

They couldn't figure out what was going on at all.

Long Chen looked down at the myriad living beings below and the seven Dragon Emperor s surrounding him. He said in a clear voice, "Everyone, I have long told you that the truth back then was also not as you had imagined. My father is innocent, and is someone who works hard to protect the entire world. However, all of you are trying your best to discredit him, behind his back. You are all shortsighted, perhaps one day, when I, Long Chen, am here, you will know the truth. You may not believe me if I say anything else now, but please remember, the one who saved your lives today was not me, but the eternal Dragon Emperor that you despised! "

He was equally furious.

He also understood these people, it was simply impossible for them to unconditionally abandon some of their trust in Long Qinglan.

So he only said this.

But the battle was far from over.

Although Long Qinglan's corpse was gone, the culprit, the Black Hell King, had also escaped. Everything was in chaos now and the entire Immortal God Realm was paying close attention to the situation here.

Many people had already spread the news of what had happened here. As the people of the entire Immortal God Realm were shocked, they were also wondering just where this so-called Black Hades Beast came from. What was the relationship between them and Long Qinglan?

"Bluefire, tidy up this place."

The Immortal Dragon Emperor ordered.

Today, the Everlasting Dragon City's losses were too great, they were almost in ruins, they needed to carry out reconstruction work, and the ocean of time was gone as well. But the most precious thing was the time, as long as the water was refilled, it would once again form a sea of time.

To the seven Dragon Emperor s, the most important matter was to discuss in secret.

Secret conversation between the seven Dragon Emperor s and Long Chen.

They returned to the center of Weiyang Palace.

It was Long Chen who asked the Dragon Emperor from Dragon Devouring City instead, "Senior, what happened to the Black King? "Can you find him now?"

The Dragon Emperor's face was pitch black as he said: "I can't find him. I also don't understand. I watched him grow up, how could I have imagined that he would be related to this matter? Even the culprit must have many secrets on him, if I were to find him, I would probably find out a lot. All of the ideas I had for you previously were basically instigated by him, but don't worry, we have already given the orders, and will be searching for his whereabouts in the entire Dragon God Domain. "

"So that's how it is?" Long Chen nodded his head, and said: "Only, if he doesn't want to appear, finding him will be even harder than ascending to heaven. I don't think he will appear that easily."

The seven Dragon Emperor s had the same thoughts.

At this time, although the Eternal Dragon Emperor had a sullen face, he had no choice but to ask Long Chen: "Long Chen, what do you know about the Black Underworld Beast and the Heaven-Devouring Race?"

Previously, this old man had clamored that he was a monster and couldn't forgive Long Qinglan. After this event, he could finally shut his mouth. To be able to make an old ghost like him hold his breath, this was not an easy matter. Presumably, he would be able to understand what kind of person Long Qinglan was in the future.

Long Chen sneered, and said: "Do you need to speak the truth?"

The seven Dragon Emperor s nodded and said, "Hurry up and speak."

Long Chen asked: "Do you know about Dragon Devouring Beast?"

They all nodded their heads, and Dragon Emperor Yongye said among them, "It is rumored that The Age of Dragons's things that were specially used to steal and eat young dragons were destroyed by the Divine Dragons."

"Extinct?" I've seen three in all. One of them is in the Dragon Sacrifice Continent, and it still exists. I killed a War God's Tomb in the Wars of the Gods. The last one, the slaughter dragon tomb in Dragon City, I'll kill! "

Battlefield of Gods and the Tomb of the Dragon Slayer?

The seven Dragon Emperor s looked at each other. Amongst them, the Bloody Dragon Emperor asked: "It's that place, it's the place where your father once sealed it, right? We had an agreement with him not to break the seal there, but we didn't think that there would actually be a Dragon Devouring Beast there. But, what does the Dragon Devouring Beast have to do with the Black Demon Beast that you mentioned? "

The others were also curiously listening.

Long Chen said, "I once saw many mystical creatures in the walls of the War God's Tomb, such as octopus tentacles, dragon-eating beasts, and more. I think they all belong to the same species, which is what I mean by the Heaven-Devouring Race. "

"Impossible!"

The Life Dragon City said, "There have been records for at least tens of millions of years, but there have never been any rumours about these creatures. I also know about the sculptures on the walls of the God Battlefield, but they have existed for tens of millions of years now and I have never seen any creatures on the walls."

"Didn't you see it today?"

Long Chen asked.

The Dragon Emperor was stunned and shut his mouth.

Long Chen continued: "I'm actually not sure either, I only know that it's like a conspiracy. It's finally time to start, and everything that happened today might just be the beginning. Perhaps in the coming time, we will see more and more monsters emerge from any place. Although it is only a guess, it is very likely to become a reality. They haven't appeared for thousands of years, but that doesn't mean they don't exist. It would be fine if there were only a few of them, but if there were many of them, most of them had the strength of my father, then who would be able to stop the destruction of the Dragon Sacrifice Continent? If there really are so many, I don't think it will take a hundred years. "

This coincidentally coincided with the words he had heard the last time, that the dragon sacrifice had perished within a hundred years.

Long Chen thought that maybe it would be like this.

Otherwise, why would Long Qinglan remind everyone to fight?

After hearing his words, the seven Dragon Emperor s were all silent.

For a long time, they were all deep in thought and did not communicate.

In the end, it was the Immortal Dragon Emperor who spoke up instead, "Although it's a bit of a lie, in the end, we still have to guard against it. Today's Everlasting Dragon City is the best lesson."

"The key is, I still need to find the Emperor."

If they could find him, then this mystery would definitely surface once more.

Long Chen suddenly thought of something and asked the Bloody Dragon Emperor, "Do you know where the Heavenly Blood Hell is from?"

The Bloody Dragon Emperor said: "That was born. It was said that it suddenly appeared hundreds of thousands of years ago, and coincidentally, my Slaughter Dragon City was lacking a prison so we used it."

Chapter 2217 - Baits

Back then, when Long Chen saw the Wall Eagle, he had only taken a quick glance at it, so he didn't have much of an impression of it. However, that didn't mean that the Heavenly Blood Hell didn't have anything to do with the Eclipse Clan.

Long Chen had once entered the Heavenly Blood Hell before, and that familiar feeling was like running into a Black Hell Beast and a Dragon Swallowing Beast. It was very likely that the Heavenly Blood Hell was a member of the Eclipse Tribe.

He said, "I have been to the Heavenly Blood Hell before. It seems that the Heavenly Blood Hell and the Black Hell have some similarities. It might even be a member of the Heaven-Devouring Tribe that I mentioned. You should go back and have a look as soon as possible. "

Hearing this, the Dragon Emperor immediately became vigilant.

"I also think it's strange. That thing doesn't seem like a living being, so I never treated it as a living being. But after what you said, it does seem somewhat similar to the Black Hell Beast you were talking about ..."

He quickly used his Star Talisman and contacted the two Ten Thousand Killing Dragon Emperors and the Emperor Blood Dragon Emperor who were about to rush over, but had already returned to the Dragon City.

The reply he got was that all of Heavenly Blood Hell had disappeared.

At this moment, everyone felt the existence of a conspiracy!

For a moment, the entire scene was deathly still. The Tyrannical Blood Dragon Emperor's eyes were gloomy as he ordered the other two to search carefully before closing the Star Talisman.

No matter how stubborn and unbelieving the Immortal Dragon Emperor was, he had no choice but to say: "Based on what Long Chen said, it is basically all true. However, the thing that I am most curious about is, how do you know the names of the Eclipse Clan and the Black Hell Beast?"

This was the common suspicion in the Dragon Emperor s' hearts. They felt that Long Chen should have known more and hidden it from them.

Of course, Long Chen was unable to tell them the terrifying scene that happened in the Martial God's Tomb. Therefore, he thought of something and sincerely said: "Maybe you all will not believe me, but it is indeed what my father told me. Besides, don't ask me if he is dead or alive, I also don't know if he is alive or not, what happened in the chaotic star field at that time, his strange appearance and disappearance, I also don't know what happened."

This made it seem much more real.

"Long Qinglan said that?"

Initially, in their hearts, they felt that it was Long Qinglan bringing the group of devils from the devil planet to the Dragon God Domain, causing a great disaster, as well as wanting to destroy the battlefield of the gods, and killing many warriors from the same clan. These crimes caused the entire human race to hate him, but now, so many bizarre things had happened, especially since the one who actually killed the Black Hell Beast was Long Qinglan himself, which made them even more entangled in their conflict.

The Eternal Dragon Emperor gave a cold snort in the end and said, "He's purposely mystifying. Maybe all of this is all his own doing. No one knows if he's still alive or not, but tell me, what else can he do? "

No one answered him.

In the battle at the Realm of the Gods back then, basically all fifteen Dragon Emperor were extremely disappointed and heartbroken. During the demonic horde attack on the planet, it caused the deaths of countless people.

You all are all Dragon Emperor s of the Five Dragon Cities and guardians of the human race, so there is no need to think too much about your past and you all should focus on the future. The most important

thing right now is to find the Black Emperor, and the best case scenario is to find the Heavenly Blood Hell of the Slaughter Dragon City.

Everyone nodded.

Their resentment towards Long Qinglan still could not disappear so quickly.

"So even if he saved your lives today, you still can't trust him?" Long Chen was a little angry in his heart. He originally thought that he could understand why this group of old fellows was doing this.

But they never imagined that they would still be brooding over what had happened that year.

"Long Chen, don't be angry. After all, we have personally experienced what happened that year, and you have yet to come to this world. No matter how much we tried to dissuade him, he refused to listen to us. In the end, a great disaster was created, and the people of the world suffered for ten thousand years. It was not created by us." Dragon Emperor asked.

The Immortal Dragon Emperor said in a deep voice, "What can today's matter prove? We still don't know if what you said is true or not. I know you want us to forgive him, to make everyone in the world forgive him. That's simple. Why did he want to destroy the World of Gods? Why did you release the devil horde?"

So that's how it was.

Long Chen was actually thinking about such a simple and complicated matter.

It was nothing more than proof.

He also wanted an answer.

Now that a storm was brewing, his own strength had improved greatly. Although Ling Xi had not arrived yet, the greatest disaster for him had already passed. He could not wait any longer as he did not have much time left to live.

At this time, the seven Dragon Emperor were discussing on their next arrangements.

"Long Qinglan's corpse is gone, and there's no need for him to protect us now. Our Five Dragon Cities has joined forces to search for the Black Hell Emperor, so of the fifteen of us, we need to send ten

people to search for him. At the same time, we need to make the 72 - The Ancient City of God's descendants more vigilant."

"I'll go back and check if there are any clues left behind in the Heavenly Blood Hell." The Blood Red Dragon Emperor said.

"Everyone, stay in touch. Once you discover them, inform the others as soon as possible. "

This group of people had only appeared a few times since they became Dragon Emperor. If it were not for the fact that something big had happened, they would not have gathered together to discuss nervously.

After the discussion, the few Dragon Emperor s were prepared to return as soon as possible so that the Five Dragon Cities could take control of the entire place.

"Do you still need to divulge the news of this Black Underworld Beast to the Spirit King? "And the people from the Sea Clan and the Shaman Tribe."

"There's no rush."

If it was really as Long Chen had said, a great disaster would happen and affect the other Spirit Clans and Demons.

However, they weren't sure yet, so they didn't want to make a fool of themselves. As for the appearance and disappearance of the Everlasting Dragon City's Black Yan Beast, let them guess.

Just then, Long Chen stood up and prepared to leave.

"Where are you going?" The Eternal Dragon Emperor raised his eyebrows and asked.

Long Chen turned around and said: "It's simple, go find the evidence you want."

The Immortal Dragon Emperor was silent for a moment, then said with a sneer, "This matter has been going on for so many years, and his reputation has already gone bad. Do you still want to save him?"

Long Chen looked at the old man and spoke with determination, "It has meaning, because this is his last wish. It's his desire. You don't even know him, how can you still be his foster father! "

Speaking to here, he also sneered. This Immortal Dragon Emperor was truly not a good person, no wonder Long Qinglan didn't like him.

"Last wish?"

The Immortal Dragon Emperor was stunned.

He seemed to have never thought that Long Qinglan would be so important to his reputation and the way people viewed him. At this time, Long Chen had already left. That proud and aloof figure was just like Long Qinglan back then, and didn't even bother to explain anything to him.

"This guy, does he really want others to understand him?" The Immortal Dragon Emperor shook his head.

At the side, the eyes of the Eternal Night Dragon Emperor, which were like the night sky, were slightly suffused with sparkling tears. She stared blankly at Long Chen's figure as he left, and muttered, "I think he's right.

"I understand him. He wants to destroy the tomb of the human ancestor. He killed so many of his own people, so how can I understand him?"

The Immortal Dragon Emperor suddenly roared.

Dragon Emperor Eternal Night rolled his eyes at him and said, "You handle the matter regarding the Black Emperor. I believe he is going to the wars of gods, so I will secretly follow him and protect his safety. And I think the Black King will definitely want to go find him. Right now, he is our bait. "

Hearing this, the other Dragon Emperor s nodded their heads as well, "Yongye is right, this method is feasible, but you must follow secretly and do not show up unless it is a critical moment, otherwise you will alert the enemy and we will come here to obtain other information."

"Our Five Dragon Cities hasn't joined hands in a long time!"

They sighed over and over again over this matter.

"We have entered the battlefield of the Gods countless of times, and have also seen those condors countless of times. What secret can there be? It was just a few mausoleums. Can they see things we can't? " Dragon Emperor asked puzzledly.

The Immortal Dragon Emperor waved his hand and said, "Don't help that guy. If you make a big mistake, you should be despised by history and the masses. This was understandable. I wish his son could make it up for him. As for Black Demon Beast, how terrifying was it when Long Qinglan was at his peak? Today, that Black Demon Beast borrowed his power to attack us. The Black Demon Beast that entered his body probably snuck into Weiyang Palace after his death. "

The others did not believe that the Black Demon Beast could enter Long Qinglan's body when he was at his peak condition.

Even Long Chen was able to pull out that Black Hell Beast.

That was the regret in everyone's hearts. All of the people who had personally fought against him all those years ago all understood that, it was just that Long Qinglan had insisted on his own opinion at that time and no matter how many people tried to advise him, he did not listen to them, which resulted in the tragedy that happened afterwards.

The other Dragon Emperor s started to return, while the Eternal Night Dragon Emperor s turned into ripples in the night sky and followed Long Chen from a distance. In order to lure out the Black Demon Emperor and to protect Long Chen, Long Chen wouldn't know this fact.

Now, the news of the incident in Everlasting Dragon City had already spread throughout the world.

The entire Everlasting Dragon City was in the process of reconstruction, so everyone's hearts were filled with suspicions. Of course, in their hearts, they saw Long Chen once again return to his original state of being respected, to the point that it had even risen to the peak. After all, he was the one who had saved everyone this time.

On the way out of Everlasting Dragon City, Long Chen could finally communicate with Ling Xi at ease.

She still did not know what was happening over there. She was very happy on Sky Dragon Star, counting the days she would have to meet Long Chen. Long Chen was quite excited to finally be revived from the deathly tribulation, and he chatted for a long time. The new experience made him realize how important his life was.

Until she reluctantly broke the Star Talisman.

Gripping the star talisman, Long Chen looked towards the direction of the God Battle Arena and resolutely left!

Chapter 2218 - idol of the Emperor Jun

In the events that happened later on in Long Qinglan, those two matters were the most important. The first matter was something that no one could understand. It had gone from worship to astonishment and disappointment. The second matter had further destroyed everyone's confidence in him. This second matter was related to the war between the gods.

Long Chen had been to the battlefield of the Gods before and knew how mysterious it was. The first was about the Walls of the Devourer Tribe, and the second was about the War of the Gods, or the game of the Gods. It was precisely that game that Long Chen obtained the three great treasures, and even now, they still played an important role.

At least the god's spirit liquid had saved Li Xuanji's life.

Outside the Everlasting Dragon City, within an area that was currently equivalent to the scope of the ocean for a dozen or so years, it had already been destroyed and turned into a sheet of white.

This time, he had to figure out what was going on in the battlefield of the gods. He had to get evidence to prove everything.

Just as he was about to leave the Everlasting Dragon City, he heard a familiar call from his heart. It was Li Xuanji's gentle and beautiful voice.

It felt like she was very close.

"Where are you?"

Long Chen asked.

"Beyond the ocean of time, at the edge of the destroyed area." Her tranquil voice sounded in her heart. It was somewhat similar to Dragon Emperor Yongye, but compared to Dragon Emperor Yongye, she was more inclined towards darkness and tranquility, like a deep night.

"Why are you here?"

Long Chen had thought that she was still in the Dark City. After all, he had told her before he met with trouble, that he would definitely be fine.

It seemed that she was still worried about him.

"No other reason, since my mission in Dark City has been completed, I should come over to take a look. I just happen to know that you're out of danger. "

Li Xuanji said softly.

Long Chen guessed that she should have heard about his situation, but in reality, he had already rushed over. It was just that she had not yet arrived at the time sea, when the largest Black Hell Beast appeared and destroyed the surrounding area, making it impossible for her to approach it.

It was obvious that she was still silently concerned about him.

Long Chen hurriedly headed in the direction she indicated.

After several minutes, he saw a tall woman standing on a small hill in the wilderness. She was wearing a black dress with a purple veil covering her snow-white skin, which made her look especially alluring. Her graceful body seemed to dance in the wind, making her curves even more perfect.

Under the gentle breeze, her black hair fluttered slightly, and her deep black eyes and bright red lips revealed a disposition similar to that of a dark night. The tranquility was filled with a hint of charm, causing one to accidentally immerse themselves in her beauty and coldness.

Of course, she wasn't just putting on an act. All of this was due to her natural temperament.

Only after seeing Long Chen did the cold air that no one else was allowed to breath on her body disperse. She smiled like an old friend as he watched Long Chen approach and said softly, "Congratulations, you have survived the moment of death once again. When I was young, someone told me that you have a new life. "

Long Chen stood by her side as countless scenes of their meeting up until today flitted through his mind. He suddenly recalled what she had said before: Her mission in Dark City has already been completed.

Previously, she had also said that she would wait for something in the Dark City.

"Did you get the thing you wanted?" Long Chen asked.

"Hmm, it is said that it is something that can help me eventually become a god. Of course, I still can't see what use it has right now."

Li Xuanji said with some anticipation.

That was enough.

Being able to have a beautiful and stable future was the most reassuring thing for Long Chen. Now that he had more things to do, he didn't have the time to take care of her. Fortunately, she had his own circumstances.

"Where are you going now?" Li Xuanji stared at Long Chen with her beautiful eyes.

Long Chen then told her his original decision.

She was originally worried about him, so she came here, but now that she was about to start a new adventure, she did not hesitate and directly asked, "I've been to the World of Gods once. That place is a very dangerous place, although I can't compare to you, but it seems that it can strengthen your strength.

If she were to transform into a Yin Mo and join Long Chen's body, she would be able to bring about a great improvement to Long Chen, especially when she was also making faster and faster progress.

Long Chen obviously didn't want her to risk his life with him.

But he knew Li Xuanji's personality. Since she had brought it up, it would be difficult for her to persuade him otherwise. Furthermore, what she said made sense.

"Alright, then let's go together." He nodded.

After getting permission, Li Xuanji smiled secretly. Her smile was very rare, once she appeared, it would immediately attract all the light in the world to her face, and release a beautiful glow. Although she did not say anything, she was still very happy to have Long Chen's permission.

"Let's go!"

One more companion, one more strength, and one more confidence.

This trip was extremely crucial for Long Chen. To be able to fulfill his father's long-cherished wish and redeem his reputation, would depend on his own performance.

The Everlasting Dragon City was in the south while Long Chen was going to the central region.

It had only been two or three years since Long Chen transformed and charged from the bottom to the top. Now, he was unrivalled under the body of a half-god expert, which meant that in the entire 72 - The Ancient City of God's descendants, there seemed to be no one who was his opponent other than the City Lord of Di Jun.

Back then, when Di Yu was famous, compared to the current Long Chen, it was simply a joke, because Long Chen had only been close to becoming the strongest person in the Di Jun Divine City in two or three years. Even if Di Yu did not die, he might not be able to beat him now.

Along the way, the desolate beasts of the Primordial Continent galloped about, with large and small forces everywhere. For example, a small sect like the Wind Dragon Stream, which was once guarded by a single tribulation of reincarnation practitioner, had large sects that were almost comparable to the War God's Ancient City s. However, no matter how big they were, they were all a joke to the current Long Chen.

After a few days of high-speed travel, Long Chen finally arrived at the center region.

Further ahead was the Divine Desolation Ancient Earth who had once experienced danger in there.

"The God's battlefield is surrounded by the Spirit Sea. The Spirit Sea riots all year round, and only one year out of a thousand is peaceful. Right now, we're in a state of riots, which probably won't be easy for me to safely infiltrate in."

The two of them stopped in the heart of the Dragon God Domain.

"Then what should we do?"

This was indeed a troublesome problem.

Long Chen laughed, and said: "However, I have already asked. Dragon Emperor Yongye told me that the Emperor's Jun Divine Boat in the Di Jun Divine City can let me control it and rush into the battlefield of the Gods. The other Shencheng's Divine Boat are slightly weaker. So, the first thing I need to do is to go to the Di Jun Divine City and borrow their [Di Jun] Divine Boat from the City Lord. "

Long Chen and Di Jun Divine City could be considered to be old enemies.

From the moment Long Chen was killed to the time of the Demon Slaying Assembly, it seemed like Long Chen had the upper hand every time they confronted each other. The Di Jun Divine City was inherited from the number one divine emperor in all of history and was extremely arrogant. When the Five Dragon Cities went into seclusion, they practically ruled the world.

"Will they?" Li Xuanji could not help but suspect.

After all, there seemed to be a conflict between Long Chen and them.

Long Chen shook his head, and said: "Of course they won't, so, this is also a challenge, no matter what, we must obtain the Emperor's Jun Divine Boat, if it really doesn't work out, we can just snatch it."

That huge Di Jun Divine City was so mighty that it covered the entire world. They were once a terrifying colossus in Long Chen's eyes, and this caused Long Chen to tremble with fear. But now, Long Chen no longer had the slightest fear towards this Di Jun Divine City.

Thinking back to how Su Zhen, a mere War God's Ancient City, could force Long Chen into a corner.

The Di Jun Divine City was established at the highest peak of the Dragon God Domain. On top of the Di Jun Mountain, the entire Di Jun Mountain was the domain of the Di Jun Divine City, and it was said that the entire Di Jun Divine City was arranged according to their identity and strength, the higher their strength and status, the higher their position was, and they lived at the highest position in the Monarch Mountain. They were also the strongest force in the world, and the warriors in the outer city could only live at the foot of the Di Jun Mountain.

Long Chen saw the Di Jun Mountain from a very far distance, it was indeed very tall, directly entering the starry sky, the strongest person definitely sat at the highest point, looking at the living beings of the world.

Indeed, City Lord Di Jun had returned.

When they were in Everlasting Dragon City, Long Chen had seen him before.

His speed was a bit faster, but Long Chen reckoned that he had just returned not too long ago.

Coming to this place, Long Chen had no interest in walking up from the foot of the mountain. He directly brought Li Xuanji with him and charged into the clouds, straight towards the summit of the Di Jun Mountain. Because he did not try to conceal himself, there were many people along the road who discovered him and gave him a warning.

Just like this, he rushed into the starry sky, rushing to the peak of the mountain. It was said that the Emperor Jun Shrine that worshipped the number one god in all of history was located here, and in the entire Di Jun Divine City, only a few people could come here.

And today, Long Chen had barged in here.

The City Lord of Di Jun Divine Palace, Di Jun, naturally noticed Long Chen.

He walked out of the Emperor's Jun Shrine. When he saw Long Chen, his eyes burned with blazing flames.

However, Long Chen's eyes were attracted by something else. It was a statue that was erected behind the Emperor Jun Shrine. It was hundreds of meters tall and extremely huge.

Chapter 2219 - Courage

The so called Divine Statue was actually an ordinary man dressed in simple clothes. He was very ordinary, even to the point where he was like the lowest level person in the Dragon Sacrifice Continent, an ordinary man with no power at all. This kind of person was very common in the town of White Poplar.

Regardless of body or appearance, he was just like an ordinary person. He was the kind of person that would be submerged if placed in the sea of people. It was really hard to associate him with the so called number one ancient god, the Lord of the Gods, Di Jun.

However, this ordinary statue was definitely Di Jun, otherwise it wouldn't be standing behind the Di Jun Temple. It stood at the peak of the mountain.

But only by careful observation, would one be able to see that this 'Di Jun' had a unique temperament. His left eye was carved with flames, and looked like a sun, while the right eye was empty, as if he had gone blind, but Long Chen knew that it represented the power of space!

Ordinary was just a disguise.

All of a sudden, it was as if there was a raging fire burning around him, and for a time, the entire world was filled with terrifying flames. Long Chen had a feeling that he was inside the scorching sun, and that kind of terrifying burning feeling was even more terrifying than the chaotic blue flames of the Azure Fire Emperor.

Flames and lava swept around Long Chen, and the entire world was submerged. That kind of grand occasion seemed to have allowed Long Chen to return to the Everlasting Dragon City, to the time when the seven Dragon Emperors were fighting against Black Hell Beast.

What was even more terrifying was that deep within the sea of flames, there seemed to be a giant who was over a million meters tall sitting upright. In front of him, Long Chen was so miniscule that he couldn't even imagine it.

First of all, the throne he sat on was like a golden dragon crawling on the ground. It looked down on all four directions with disdain, yet it submitted to him!

Looking up, the bright yellow dragon robe was embroidered with the picture of a Vast Ocean Dragon Soaring Dragon. Beneath the surging golden waves at the corner of the robe, his sleeves were carried high by the wind! Behind him was a blazing sun. Flames danced behind him!

The giant's long brows were slightly raised, and his pupils were like black jade as they flickered with a warm glow. His handsome face reflected the morning light, and his tall nose, thin lips, and sword-like eyebrows flew obliquely into the few strands of black hair that had fallen down from his temples. He had a handsome face and the outline of his face was flawless. It carried the prestige of a god and the nobility that came with it. It gave off a king's aura that shook the entire world!

Seeing Long Chen, the million metre tall giant smiled sinisterly. It was filled with penetrating power, it looked like the sun was hidden in his left eye while the right side was empty, as if it could see through Long Chen's heart!

Such an emperor was obviously the Lord of All Gods, the first god of the Primordial Era, the Emperor Jun!

The first time Long Chen saw the Divine Spirit Statue, he was completely shocked.

When he came back to his senses, there was an ordinary young man dressed in plain clothes standing in front of him.

Long Chen naturally did not know whether this ordinary young man was Di Jun, or if the one standing on top of the Golden Dragon Emperor throne was Di Jun, or whether they were the same person, and were one. It only had two states.

If one did not look carefully, he would not fall into the whirlpool of the god statue, and would be deeply shocked by the image of the emperor Jun God. For example, Li Xuanji did not look at it herself, she

danced in the wind, her graceful figure had endless charm, but it was a pity that Long Chen wanted to find evidence so he did not admire her.

In the blink of an eye, the Governor of Di Jun was standing right in front of Long Chen.

His temperament was similar to that of the Emperor on the throne. He didn't speak, but his bones revealed the dignity of a true Emperor.

In the entire Di Jun Divine City, there were still quite a few people who noticed Long Chen's arrival. At this time, there were already quite a few people surrounding the City Lord. When people like Long Chen arrived, it basically caused all of the hidden warriors in the Di Jun Divine City to appear. Furthermore, not a single expert was pulled down, such as Emperor Withering who once imprisoned Long Chen.

Of course, this old man couldn't even take a single move from Long Chen right now.

They had always hated Long Chen, and thought that he was done for. However, they didn't expect that not only did he miraculously survive, he had even borrowed Long Qinglan's power to save the lives of everyone in the world. Now, he had already gained the trust of everyone in the world.

Of course, they couldn't swallow their hatred for Di Yu.

Moreover, Long Chen could be considered to be forcing his way in this time.

Why did Long Chen barge in?

That was because he knew that for these people, regardless of whether they tried to barge in or not, there was only one result to getting what they wanted. That was, it was impossible!

As expected, the City Lord of Di Jun did not bring up the issue of enmity. Instead, he directly asked in a solemn and imposing voice, "Why have you come to my Di Jun Divine City? Even though you have a very high status now, you actually barged into the Di Jun Divine Hall without my permission and offended us. It doesn't seem to be in accordance with the rules, does it? "

The others had wanted to scold Long Chen for a long time, but facing Long Chen, they did not have the guts to.

It was said that when Long Qingyue turned into a monster, it was equivalent to having hundreds of Great Destiny Yin Yang Dragon clones, and was even killed by Long Chen. He possessed two Dao Artifacts with 700 Dao patterns on him. In the entire Di Jun Divine City, the most precious thing was nothing more than this.

Long Chen went straight to the point, and said: "I'm going to the God Battlefield, so I came here to borrow your Emperor Armament. I will definitely return it back to you after I finish using it. "

They didn't expect Long Chen's thoughts.

"Go to the Wars of the Gods? You want the Emperor Armament? " The crowd repeated themselves, and suddenly they couldn't help but want to laugh. The hope of Long Chen killing their Di Jun Divine City, and rashly barging in here, had been a joke in the end, causing the Di Jun Divine City to lose face again. Now that Long Chen had come to beg them, they naturally could not agree.

Di Jun Divine City said decisively: "That's impossible, the Divine Boat is an important treasure of our Shencheng, passed down from our ancestors, and can never be used by outsiders. In addition, the God Battlefield is the resting place of our ancestors in 72 - The Ancient City of God's descendants, and only opened once every thousand years, allowing the younger generations to pay their respects. If you enter at this time, you will disturb our ancestors' heroic souls, so I cannot agree to your request even more. "

Two reasons, completely rejected Long Chen.

Honestly speaking, he did not directly ask Long Chen to scram, already because Long Chen already possessed a very strong strength and position.

This result was actually not much different from what Long Chen had expected.

If the people of the Di Jun Divine City didn't like him, then even if he shamelessly begged them, it would be of no use.

He looked at the others, and sure enough, they looked like they hated him, some of them mocked Long Chen for his whimsical imagination.

Long Chen calmly said, "This time, I've obtained the permission of the seven Dragon Emperors to head to the battlefield of the gods to investigate the matter of my father's intention to destroy the battlefield of the gods. Furthermore, in order to let the truth surface, for once, I will definitely not disturb the rest of your ancestors. Although Di Jun Divine City did not spread the news, my actions this time are related to the Black Hades Beast that appeared in Everlasting Dragon City previously, and can be considered an exploration for the common people. As the leader of the 72 - The Ancient City of God's descendants, Di Jun Divine City should contribute a part of her strength to this. I believe that your ancestors definitely wanted you to contribute your own strength to the rise and fall of the humankind. If there is anything that you do not believe in, City Lord Di Jun can personally ask the seven Dragon Emperors. "

When he said these words, he blocked the other party in all aspects, making it impossible for him to refute or come up with any excuses. In fact, Long Chen knew very well in his heart that not borrowing them was not a matter of words, no matter how extravagantly he said it, it was impossible.

In the end, they still had to fight for it.

As expected, after hearing what Long Chen said, City Lord Di Jun squinted his eyes, his heart was already filled with anger, and the sound of wind and thunder faintly emerged.

"Your words are moving, but how could I believe you? It's not your place to search for the truth and secrets on the Wars of Gods. Fifteen Dragon Emperors can enter the Wars of Gods at any time, and they won't be able to use the [Emperor Jun Divine Boat]. Other than that, there are no secrets or truth in the battlefield of the gods. Back then, when Long Qinglan wanted to destroy the battlefield of the gods, when everyone saw it with their own eyes, the evidence was conclusive.

Long Chen naturally understood that before he understood all of this, they would not believe his words.

Therefore, he said, "Enough, I won't waste any more words. If Di Jun and the Divine Boat don't give it to me, then during this period of time, don't blame me for creating trouble in your Di Jun Divine City. I really want to see, who can deal with me here? "

He was here to cause trouble.

Hearing that, the people of Di Jun Divine City were enraged, a few of the elders started to blow their beard and glare, they wanted to use the power of the Spirit Realm to fight Long Chen.

He blocked the crowd, narrowed his eyes, looked at Long Chen and said, "What you mean is that you want to fight with me, and want to test the strength of a practitioner with the body of a half-god, right?"

Back then, when Long Chen defeated the monster Long Qingyue in the Everlasting Dragon City, City Lord Di Jun had personally witnessed it. At that time, Long Chen had indeed already reached the peak state under the body of a half-god.

"Yes." Make a bet, I'll leave if you lose, and give it to the Divine Boat if you lose, are you brave enough? "

Even though Long Chen was a junior, to this day, he was completely qualified to say these words to the master of the 72 - The Ancient City of God's descendants.

When Long Chen had just arrived at the Immortal God Realm, this level was practically the same as a god to him. But now, he might be able to challenge it!

Of course, Li Xuanji was one of them.

didn't have the guts to rely solely on his own strength to fight against Yue Yang. After all, no matter how talented he was, he still knew his limits. Before he reached the Four Symbols tribulation of reincarnation, he would not force himself.

This time, it was for the sake of the Emperor Jun Divine Boat, she had no other choice.

Chapter 2220 - The Art of the Sun God

The Mayor wasn't the only one in front of him.

Furthermore, there were also many experts in the Di Jun Divine City. Long Chen's intention for saying such words was already very clear, City Lord Di Jun was the strongest person here, so after defeating him, the Divine Boat would naturally be in his hands. This was a robbery.

Of course, he wasn't completely sure, it was just that in order to enter the World of Gods, he needed to use the Sovereign's Snare. And the other party obviously wouldn't obediently lend it to him, so he could only do so.

This sort of provocation was something that had been tested many times, especially towards the senior martial artists like the City Lord, whose status and position were all very high and mighty. He could not be provoked, especially by a junior like Long Chen.

Over the past two years, the experts had all fallen during Long Chen's rise to prominence.

In the past, when Lord Emperor Jun rose to power, he too was able to defeat multiple opponents. But he did not want himself to become one of the stepping stones for Long Chen. All this time, Long Chen had already stopped at the level of a demigod, and there was still an unlimited possibility for him to grow up.

The City Lord naturally knew that there would be a day when he would be defeated, but now was not the time. Those of their level knew what kind of power the World Tree, Heart of Rules, millions of divine palaces and myriad living creatures in their bodies would display in order to crush the bodies of the SemiGods.

Inferior expert.

So when he heard Long Chen's extremely direct provocation, not only did City Lord Di Jun not get angry, he laughed lightly and said, "You're very brave, but you're in a bit of a hurry. You really don't regret it?"

Long Chen asked in reply: "As expected, you are willing to use the Divine Boat as a wager, so I won't regret it."

"Alright, come with me."

It had been many years since the City Lord made a move. Honestly speaking, he was also very tempted, Long Chen's rise was a myth, he wanted to challenge this myth!

He hadn't felt such a burning sensation in years!

This was a showdown between Long Chen, the rising star, and the real top ranker of the older generation in Dragon God Domain!

Di Jun City Lord could be considered to have just stepped into the realm of the strongest warriors. Of course, because he was the successor of the Primordial One God, his fighting strength and resources were even higher than that of normal Ultimate Dragon s! And amongst most of the Dragon Fighter, the body of a SemiGod was basically one ...

They were all Ultimate Dragon s, such as the Radiant Dragon Emperor, the Dark Dragon Emperor, etc.

Although the chaotic star field's Asura Star Lord and Star Lord Rakshasi possessed stellar nucleus, other than the Asura Star and the Luo Sha Star, they were basically no match for the Emperor Jun City's Castellan.

"Mayor!"

The few old men at the side could not help but advise. Of course, they were not worried about City Lord Di Jun losing the battle, but rather felt that fighting against Long Chen with his status would lower himself.

"Di Yu's death caused our Di Jun Divine City's position to plummet, but we were unable to punish him. Today, he personally delivered himself to us, and we didn't dare to kill him, but it's still possible to teach him a lesson. It's an extremely rare opportunity, why should I give it up?"

The City Lord was truly angry.

Otherwise, with his level of shrewdness, he wouldn't have been so impulsive and hysterical in front of everyone.

In this period of time, everyone in the Di Jun Divine City was feeling extremely depressed.

After saying that, City Lord Di Jun instantly leaped up, broke through the clouds and headed towards the distance, obviously to prevent the battle from affecting the entire Di Jun Mountain. But even so, it seemed as though the news of their duel would quickly spread throughout the entire Di Jun Mountain.

When the news spread, it ignited the entire Di Jun Divine City.

"Did you hear that, our City Lord is going to fight against that Long Chen, the son of the Eternal Dragon Emperor!"

"That terrifying genius? There was no one in the young generation that could match him, and even many of the older generation were no match for Long Chen? It's been said that even many Seven Star tribulation of reincarnation warriors are not his match, and there seem to be two or seven hundred patterns on their bodies! "

"Seven hundred. A total of seven hundred. If I can obtain a portion of archaic instrument, I would be satisfied with my generation."

For a moment, the entire Di Jun Divine City was in an uproar, everyone couldn't help but look towards the sky. In the clouds to the east, it seemed that the City Lord of Di Jun and Long Chen were there.

"That Long Chen is too terrifying, he is even more powerful than the Everlasting Dragon Emperor back then. He is merely a thousand years old, yet he has the qualifications to challenge our City Lord. Our City Lord is the strongest human under the Five Dragon Cities!"

"Of course, the absolute leaders of the 72 - The Ancient City of God's descendants have great rallying powers. Legend has it that he already has a SemiGod body, and there are also treasures passed down from the ancient times, so his battle prowess is limitless. He was one of the top experts of the human race, almost comparable to those Five Dragon Cities ...

", although this Long Chen is scary, he is still a little lacking to challenge our supreme city lord."

Almost at that time, everyone could not help but stretch their necks out, looking towards the east, they clenched their fists. They were from Di Jun Divine City, and they hoped that City Lord Di Jun would win, but of course, they were also very determined to win!

BOOM!

Emperor Jun City's Castellan slightly shifted his gaze. Instantly, the clouds within tens of thousands of meters around him dispersed, revealing a clear blue sky. This way, the silhouettes of these two experts could be clearly seen in front of them, causing everyone to be extremely excited.

"It's about to begin! It's about to start! "

"Although that Long Chen is still very young, this might still be a grand battle, a battle between old and new rankers. It's quite interesting! "

High in the sky.

"How mystical. No wonder you didn't break through and chose to fight me. So that woman from the Dark City is actually a part of your body and power."

The City Lord was simply amazed.

Right now, he had already concealed all of the anger and hatred in his heart deep within his heart.

As of now, Li Xuanji had already turned into a Yin Mo and entered his body, transforming into the Yin Mo energy that circulated in his body. After going through a series of improvements, when the Yin Mo energy entered his body, it immediately triggered the power in Long Chen's body.

Rising and rising in power, the balance of Yin and Yang became even more perfect.

The overturning power within his body was almost uncontrollable. It was as vast as a river, and stronger by an entire level when compared to before the fusion.

As for whether or not he could defeat the City Lord of Di Jun in one go, Long Chen did not know, because he had never fought with a half-god body Ranker before. He did not know how strong they were, but before today, Long Chen did not even dare to think about it.

At that time, any random Star Lord out of the chaotic star field was an unparalleled ruler. In the blink of an eye, Long Chen had already reached the level of fighting against them. His speed alone was something to be proud of.

"In that case, let's cut the crap."

The City Lord spoke again.

His vigorous white hair danced in the air, and his silver dragon robe flapped in the wind. His white eyebrows were very long, and his left eye was burning like the sun. His right eye was empty, devoid of anything.

"Sure!"

It was only a spar today, and not a battle of life and death. Therefore, Long Chen felt it was relatively easy.

Of course, he knew in his heart that the fellow before him would be itching to hack him into a thousand pieces.

At that moment, everyone held their breath and looked at the two people in the sky.

The killing intent and blood color on Long Chen's body that would make people break out in cold sweat, as well as the vast Emperor's might on City Lord Di Jun's body seemed to be pressing down on top of their heads. To their surprise, they discovered that Long Chen actually had the ability to be together with Di Jun.

The aura of a confrontation!

"What a miracle! "He's still so young!"

"It's even a myth."

"However, he is still a bit worried. If our City Lord can end this legend, at least let him rest a bit longer."

The Primordial One God Emperor Jun was the controller of the Burning Sun and the laws of space. With the unparalleled might of the laws, he was also able to control space. Although he hadn't made a move, the surrounding space seemed to have been sealed and Long Chen felt that he had nowhere to run to.

It was so much so that it was difficult to even move a single bit, as the surroundings seemed to have sunk into mud. This undoubtedly reduced Long Chen's advantage in speed!

"Buzz!"

Space trembled unceasingly, as though it was about to shatter and tear apart.

In the distance, flames blazed on the left eye of the City Lord.

"Today, I will only use the Dao of the Scorching Sun. If you can defeat me, I will consider it your win!"

The voice of the Emperor was overwhelming. Everywhere it went, the continuous cloud was shaking as well. Even the mountains in the distance were trembling.

In his chest, Long Chen saw that the 'World Tree' seemed to have come to life. It had been planted in his dantian, its spine was a tree trunk, and its branches and leaves had extended to any part of his body. In the center of his chest was a shining spot of light. And there are countless of them

The divine palaces that looked like starry skies were born from the leaves. In each of the palaces, a new life form was born. Its power was concentrated on the body of the City Lord, as if millions of people were cultivating for him.

The divine power on his body came from the worshipers of millions of lives. It was endless and immortal!

From the Seven Stars to the Eight Trigrams, that was the first step, practically from a mortal to a deity!

At this moment, the City Lord almost had the power of a demigod!

As expected, this was not something that Long Chen could confront by simply increasing his strength.

The chances of victory seemed slim.

But Long Chen still wanted to try!

Wow!

A loud noise came from the top of the Di Jun Mountain.

Amidst the hubbub, the City Lord smiled, spread his arms wide, and said, "First, let me show you the Sun God Dao of my line!"

He spread his arms wide with a smile on his face, but time seemed to stop at this moment.

At that moment, the sun in the sky suddenly released a ray of light, crossing the limits of space, and instantly descending above Mayor Di Jun's head, entering his body. At that moment, the sun in the sky actually released a ray of light, crossing the limitations of space, instantly descending above Mayor Di Jun's head and merging into his body.

The light force had no choice but to force Long Chen to retreat. When he turned around, he saw that the City Lord had already turned into a Flaming Person.

His body turned into fiery crystal sand that could be changed at any time. Flames would occasionally flash out, and trillions of flaming crystal sand would form the shape of the City Lord, completely losing his human form and turning into a sun god!
