

War God 2221

Chapter 2221 - Doulong Ruoxi

"Immortal Deity Technique!"

As long as he was under the sunlight, he could fight for a long time without dying. This was one of the true great daos passed down through the inheritance of the number one divine god, the Emperor Jun. Only those who held the position of the City Lord could practice and use this technique.

The Mayor had spent five thousand years researching and tempering himself before he could achieve his current results.

In front of him was a man that was made up of flaming sand. His eyebrows, eyes, and even his hair, all of them were the same as the previous City Lord Di Jun. One could still see his smile and any expression, but the terrifying heat and flames on his body proved just how terrifying he was right now!

Sun God's Art!

Under the sunlight, he turned into a sun god. With a wave of his hand, he could burn half of a mountain. It was like a real sun had descended into the world!

And now, the City Lord of Di Jun had truly revealed his terrifying side.

Especially under the flaming sand, the World Tree was still thriving and growing. The Divine Palace was vast, it provided endless divine power to all living beings!

A true expert with the body of a half god was revealed before Long Chen's eyes!

Long Chen could not help but shiver.

However, this could not scare him away.

"And?" The City Lord Di Jun, who was made up of flaming sand, was calm and composed. He said those words with a smile. Although it was a smile, it still gave people a creepy feeling.

"Ruoxi!"

He narrowed his eyes and stretched out his arm made of flaming sand. He opened his palm and in that instant, a fiery red sword formed in his hand like a phoenix feather. It was engraved with the patterns of the phoenix feather.

From the outline, there were at least 600 lines, or even 700 lines!

That was an aura that was not any weaker than that of the Dragon Confining Bow!

archaic instrument, 700 lines!

With his status as the City Lord of Di Jun, it was normal for him to get one too.

This was a sword called 'Ruoxi'.

Even though the name was beautiful and made Long Chen think of Ling Xi, the terrifying heat and sharpness on it was synonymous with death.

What shocked Long Chen the most was that this archaic instrument called Ruoxi, had a gorgeous woman flash within it. She was a beauty that could topple cities and topple nations, with a gentle and intimate expression, as she leaned on the City Lord's side, and looked at Supreme Jun City.

The Lord's eyes were filled with endless emotions. Everything that had been said had already been explained.

It was the Dao Spirit of Ruoxi.

That scene made Long Chen recall every single detail he had with Ling Xi back then. In that period of time, Ling Xi had been hiding within that mysterious Ling Xi Sword, just like the woman in front of him.

"This is my wife."

The expression in his eyes when he looked at that spirit was warm and gentle, but when he looked at Long Chen, even his eyes were filled with fury.

Long Chen obviously did not know why his woman became his spirit, it was not important, what was important was that the power he was displaying, he was just too strong!

Take a deep breath.

The Golden Dragon coiled itself around the Dragon Prison Bow, glaring at. The Azure Dragon Arrow was already useless to Long Chen, he reached out and grabbed the six hundred lines of Emperor Dragon Arrow, at least in terms of Dao artifacts.

He was temporarily at a disadvantage!

In a blink of an eye, the Emperor Dragon Arrow on his right hand was nocked onto the Dragon Confining Bow. The immense power in his body surged, condensing onto the surface of his arm, Long Chen instantly pulled the Dragon Confining Bow to its peak state. The Dragon Confining Bow roared.

As though the entire world had been concentrated on the tip of the sword, a wave of immense power shook out, and Long Chen finally displayed the power he could use to fight against his opponent!

At that moment, he decisively let go!

The Emperor Dragon Arrow instantly rushed forward, and in a short span of time, it angrily transformed into a Dark Emperor Dragon. The Black Emperor Dragon also possessed the might of an Emperor Emperor Dragon, as the Dark Emperor Dragon was the suppression of darkness while the City Lord's power was the surrender of light.

Suddenly, they clashed!

In truth, when the Emperor Dragon Arrow reached his forehead, he did his best to push it away, but the Emperor Dragon Arrow was only able to shake him away. It could be said to be easily dealt with, but in reality, he knew that the power of Long Chen's arrow was almost similar to that of the Dragon Arrow.

Almost all the experts that entered the body of a demigod!

Ding!

With an ear-piercing sound, all of the martial artists present in the mountain of Di Jun felt as if they had been slapped in the face. For a moment, all of them went deaf.

City Lord Di Jun's arm trembled for a moment, it was's Dragon Arrow filled with immense power!

The first clash!

The arrow that Long Chen had condensed with his huge divine power did not injure the opponent, but at the same time, the Emperor Dragon Arrow had already returned to his hands.

His eyes narrowed as he thought to himself, "This guy is really hard to deal with ..."

This was destined to be an extremely difficult battle!

Long Chen was also sure that this battle would be extremely important to him, to the point where it would be very difficult to meet an opponent that could perfectly suppress him and give him unlimited possibilities.

This made him even more ecstatic and excited. He couldn't help but feel hot blood rushing through his body!

The first exchange of blows was just a test, to let them know that their opponents had the qualifications to fight with them! Even the City Lord couldn't help but to get excited, he hasn't fought in many years!

"Di Yao, he is truly an extraordinary person."

"Even you think so?" City Lord Di Jun looked at the sword in his hand gently, and suddenly laughed coldly, "I admit it too, so this is probably the only time in my life where I will be able to defeat him! Ruoxi, let's attack together! "

After saying that last word, Di Jun turned into a flame trail and actually made a move. The Ruoxi Sword in his hand instantly unleashed a terrifying flame wave, sweeping out in all directions and engulfing the entire space!

Long Chen remembered that even Di Sheng had the Instantaneous Flashing Sky Space ability, so City Lord Di Jun must have also mastered it. But today, he said that he would not use the spatial ability, thus he did not use the Instantaneous Flashing Sky.

It was basically impossible to hit him!

"The Ruoxi Sword Dao!"

Before Emperor Dragon Arrow could be released, City Lord Di Jun had already appeared in front of him. The God Power of All Living Things was a type of divine power that gave Long Chen a suffocating breath, completely suppressing the power of all other gods. City Lord Di Jun used the God Power of All Living Beings to create the Ruoxi Sword Dao, instantly suppressing Long Chen!

On top of the Di Jun Mountain, the crowd was simply stupefied because they could not see anything. All they could see was a sea of flames, and there were countless sword lights flashing past. Those beautiful sword lights formed a map of the world, suppressing Long Chen inside.

Hit!

With just a move of the Ruoxi Sword, Long Chen had already been surrounded by millions of flaming sword beams. Any one of those monstrous powerful sword beams could destroy a city, and with the combined might of billions, it could easily shatter the entire Di Jun Mountain and the entire Di Jun Divine City.

He chose to stay away from the main reason for the battle.

Such a vast scene caused waves after waves of commotion. The crowd of people from the Di Jun Mountain all exclaimed in admiration, as they all knew that this was an attack of Mayor Di Jun, so they were all very excited, they had never seen such a terrifying battle in their lives before!

This scene was deeply etched into their minds!

And Long Chen was the person who was truly facing this vast attack!

The trillions of sword lights formed a beautiful scene, there were mountains, rivers, trees, the sun, moon and stars, but all of them contained terrifying attacks. Being able to unleash sword moves to such a degree, it could be seen that Emperor Jun City's attainment in the way of the sword was extremely high!

This was a true top expert!

With every move, the world would change color!

Long Chen's fighting spirit soared, even as the billions of sword lights rushed over, he was still holding onto the bow and arrow, looking for the position of the City Lord! At the same time, his eyes became many, as he unleashed the tempest of Time!

After going through the cultivation of the Everlasting Dragon City, Long Chen had made great progress in his cultivation of the Way of Time. When he used the Time Storm on this occasion, with the addition of the power of the Yin Demons, he created a shocking attack in the direction of Zhou.

As the encirclement spread out, it clashed with the Ruoxi Sword Dao!

BOOM!

The power of the Time Storm was a true tempest. In a short span of time, it had torn the map of the land and rivers apart, ripping a hole in the cage that allowed Long Chen to escape from the clutches of the Di Jun.

The mayor's sword net rushed out!

Bang bang!

The moment he rushed out, he sensed the position of the real Emperor Jun City's City Lord when he was executing his sword moves. He who used the Sun God's Art became very terrifying, but it was also exceptionally dazzling!

"Blood Weeping Dragon Soul!"

A million dragons charged forward, filling everyone's vision.

Just at this moment, Long Chen shot out the Emperor Dragon Arrow that he had stored in his hand for a long time using the Dragon Binding Bow. The Emperor Dragon Arrow mixed with millions of Blood Weeping Dragon souls formed a strange attack and shot towards the City Lord Di Jun who was just a hair away!

He was reversing the opponent's attack, and in turn posed a life or death threat to them!

Long Chen had done an outstanding job!

Under the might of the Emperor Dragon Arrow, the heaven and earth were almost torn apart as space was pierced through repeatedly. However, the might of the Emperor Dragon Arrow did not decrease at all.

"Whiz!"

Di Long's arrow actually flew right through his head, shooting all the way to his head!

In that moment, what Long Chen felt was not excitement but nervousness. He obviously knew that it was impossible to kill him that easily, and indeed, in the next moment, the exploded head had turned into countless sand and flames. In the end, they condensed together and formed a shape on his torso.

The head, even the long hair was the same as before!

This was the true power of the opponent's Yang God Art!

It was almost immortal and difficult to defeat!

The two sides split up at this time, and after two or three intense exchanges, there was still no clear victor.

However, they both had a certain understanding of each other's strength.

"He hasn't lost yet!"

On top of the Di Jun Mountain, everyone was already extremely shocked. They felt that Long Chen would lose very quickly.

Chapter 2222 - Emperor Yu Wanlong

"The city governor's sword attack just now was a killing move of the Ruoxi Sword Dao. It was named the 'River and Mountain Nations Painting'." I never thought that this Long Chen could actually break it. "

"Back then, countless warriors had died under the City Lord's sword, especially after his wife died. His temperament had a drastic change."

These were the elders from the Di Jun Divine City. Their eyes were sharp, and they could roughly see that Long Chen and City Lord Di Jun could be considered to be on par with each other up till now.

"It's just that the City Lord has already displayed his true combat strength. Hurry up and defeat him. The City Lord's strongest ability is in terms of spatial abilities, if he used that, this Long Chen definitely wouldn't be able to hold on for ten breaths. "

"Just wait and see. Even if we don't use the space ability, the mayor can easily defeat him."

Amidst their discussion, the two people who had just experienced a short challenge once again began to fight! Their battle caused the earth to tremble.

While Long Chen used the Tri-layer Ancestral Dragon's body's many abilities to resist. Although he had struck his opponent a few times, he was unable to truly harm his opponent at all. He had truly fallen into a tight battle with him.

The disparity between the City Lords of Di Jun was already very clear.

The truth was, even with Li Xuanji's power of Yin Mo, it would still be difficult to defeat him in a head-on battle!

"The Emperor of the Nine Suns!"

Nine fingers shot out beams of light, flames shot out into the sky, forming nine giant devils around him, they were at least a few hundred meters tall, over a thousand meters tall, with thick fangs and an ugly face.

Flames raged up into the sky as he waved his hand!

"Capture him, Emperor Jiuyang!"

The nine flames surrounded Long Chen, forming a formation diagram that tightly locked onto him from nine different directions. As for City Lord Di Jun, he was like a ghost as he travelled between the Nine Yang Ancestor and brought about a gigantic destructive attack.

To be killed on Long Chen's body, had almost caused fatal damage to him!

"Spacetime reversal!"

When the Jiuyang Ancestor erupted with a berserk attack and used the formation to attack Long Chen, restricting him completely, Long Chen had no choice but to use the reversal of space and time to send them flying. And at this critical moment, he angrily turned into a divine dragon.

It turned into a Blood Spirit Spikes and pierced through the Nine Yang Emperor's body in the blink of an eye!

Even now, the Blood Spirit Spikes was also Long Chen's most terrifying attack. Under the Blood Spirit Spikes, the entire Nine Yang Emperor was penetrated!

"Vast Ocean Sacrifice!"

Under his control, the massive torrent of energy furiously swept out, blowing the Emperor of the Nine Suns away. All of them were shattered into pieces within the blue sea.

Although Long Chen was at the bottom of the group, his bravery, bravery, and rich knowledge was truly amazing. Even City Lord Di Jun was shocked by it, the Nine Yang Emperor's move was already very terrifying, but he did not expect it to still be destroyed by Long Chen.

BOOM!

With the reappearance of the Archaic Blood Spirit Dragon, the Nine Suns Ancestor began to explode one by one.

"Give up. Defeating me is basically impossible. Of course, you already possess a certain level of fighting prowess as a demigod, but that is only in your initial state. "

The City Lord laughed coldly as he spoke.

Long Chen had a general understanding of his own strength now. In terms of the Scorching Sun Divine Technique, it was almost impossible for him to defeat his opponent. At most, he would just be able to continue on in this stalemate.

The Emperor Jun Divine Boat would probably not be able to be borrowed today.

But he was unwilling!

They were already here, yet they had to leave with their tails between their legs?

This was quite embarrassing!

In the blink of an eye, countless fiery lights exploded on his body. At that moment, he turned into a real sun, standing proudly in the sky as countless fiery lights converged around him and around his feet, actually transforming and transforming ...

He became a flaming divine dragon, with tens of thousands of flaming divine dragons dancing around him and beneath his feet!

"Imperial Emperor Wanlong!"

Di Jun's City Lord, Di Yao, stood proudly on top of the countless divine dragons, as though he was riding a divine dragon. Countless divine dragons came to serve him, dancing beneath his feet, and with him as their leader, they roared crazily at Long Chen.

This caused a huge feeling of humiliation and anger to arise in Long Chen's heart!

A grand divine dragon, how could it allow a small and insignificant person to stand on top of their heads and suppress them? This anger came from his bloodline, causing Long Chen's entire person to almost explode from the impact of this fury in an instant. He, who originally wanted to come again, couldn't care about anything at this moment ...

Up.

"Long Chen, are you convinced!?"

The City Lord asked in a clear voice while standing on the dragon roar.

As soon as he finished speaking, countless Di Jun Divine City warriors started to laugh loudly. As expected, Long Chen was no match for the City Lord, their hearts were filled with satisfaction.

Long Chen did not reply. Instead, the Primordial Blood Spirit Dragon's body swirled in the air, causing the sky to tremble.

"You're courting death!"

With a wave of his hand, over ten thousand fire divine dragons charged towards Long Chen. They were so mighty that the entire sky was immediately filled with flames!

Long Chen and his dragon, against tens of thousands of divine dragons!

The dignified divine dragon was actually being controlled by mortals, these dragon souls simply abandoned their dignity and pride. Long Chen could not help but become angry, and ignoring all else, the mighty dragon tail collided against the tens of thousands of divine dragons in an instant!

In that instant, all the fire dragons exploded!

Half of it was because of Long Chen's furious dragon claws and dragon tail, while the other half was because of his anger and dignity of an ancestor. That blood-colored dragon was like a wolf entering a flock of sheep, causing the Emperor Royal Dragon to be swiftly defeated!

The entire sky suddenly exploded, and the sky was torn apart. Countless rain of fire poured down from high up in the sky like a torrential downpour. With a rumbling sound, the entire Emperor Jun Mountain and a large area around it were nearly set ablaze!

Everyone could not help but look up. The blood-colored dragon was like a madman, ripping apart all of the Flame Divine Dragons. Under its might, those Flame Divine Dragons did not have the slightest bit of resistance as they all dissipated in a short moment.

Emperor Yu's Ten Thousand Dragons was gone in a single move!

This was one of the Emperor Jun City Lord's ultimate attacks, he didn't think that it would be cracked so easily by Long Chen.

Not only was Mayor Di Jun shocked, he was convinced, even the entire Di Jun Mountain was shocked. This was simply a scene from a legend, Long Chen used his own strength to tell everyone that he had the power to fight against Mayor Di Jun!

It was just that he still didn't have the power to truly defeat his opponent.

But that didn't mean he didn't.

After ripping apart all the divine dragons, Long Chen thought it through. He had underestimated the power of a half-god body expert, and was indeed a little anxious today.

Being able to bow and submit was nothing.

After ripping apart all the divine dragons and transforming into human figures, Long Chen did not attack, but instead looked at the incoming City Lord Di Jun and said: "Today, I am not a match for you, but, I must borrow the Di Jun Divine Boat. Prepare yourself for next time, next time, I will come again!"

After speaking, with a flash, he traversed tens of thousands of meters and disappeared from the eyes of the City Lord.

Governor Di Jun silently kept the Ruoxi Sword.

Within the Ruoxi Sword, the gorgeous lady spoke out, "Di Yao, are you afraid?"

The City Lord shook his head and said, "I didn't expect that I wouldn't have the power to completely crush him this time." In another year, he will probably surpass me. When he becomes a Paragon, I will never be able to avenge Di Yu. "That is our hope!"

Ruoxi gently said, "Think about it. What has happened is fate. We mortals have no way of resisting. "

"Destiny, destiny, and also fate. I, Di Yao, do not believe in fate!"

He couldn't help but growl in a low voice, his eyes glum.

"He escaped, haha, that Long Chen escaped!"

However, the mood of the crowd was completely different from that of the City Lord. They were shocked just now and thought that Long Chen could really continue his deathmatch with the City Lord.

"Looks like this guy is still not as good as our City Lord."

"That's right, the difference is too great. From start to finish, our City Lord held the upper hand and suppressed him."

"Indeed, this fellow defeated a few experts and thinks that he's unrivalled in this world. He even came to challenge our City Lord. What a joke."

For a moment, all the people of Di Jun Divine City roared with laughter.

While they were tens of kilometers away, Long Chen and Li Xuanji had already separated. Even though today's battle was very difficult, Long Chen was not injured. The City Lord of Di Jun was proficient in the Sun God's technique. He had yet to unleash his space ability and it had yet to be crushed ...

It was almost impossible to defeat him with his strength.

"It seems like this matter cannot be rushed. I am too impatient, let's wait until I reach the Four Symbols tribulation of reincarnation before speaking of this matter again. During this time, I will find a place to focus on sprinting. "

Long Chen calmed himself down and smiled.

"I'll accompany you." Li Xuanji's bright black long hair danced in the wind, it was as if she was in a dream, her eyes were clear and bright, and she was extremely captivating. With her by his side, it felt good to have a companion. After careful consideration, Long Chen had been alone for a period of time.

"This is the center area of the Dragon God Domain. I remember that there is a place called the 'Four-pole Chaos Grounds'. There was a collision between the power of the Feng Shui lines from the east, south, west of the Dragon God Domain, which created a disturbance. It was said that a lot of people from the Dragon God Domain would come here, using the power of the four extremes to fight against the chaos ...

To test the Four Heavenly Emperor Awakening in your body. I think you should go to that place and try it out. "

"There's such a place?"

Long Chen's eyes lit up.

If it was feasible, it seemed that he would be able to return to the Di Jun Divine City, and the day that he could obtain the Emperor's Jun Divine Boat from the City Lord's hands was not far away.

Chapter 2223 - The Four Great Immortals

Currently, Long Chen was already at the peak of the Tripartite Tribulation.

As long as he passed through the Four Symbols tribulation, he would be able to transform once again. In addition to that, with Li Xuanji's yin devil energy, in today's circumstances, there was still a possibility for him to defeat the City Lord, who was using the spatial ability at his peak condition.

He was anxious to find the truth and evidence in the war of gods, so he had to go through the hurdle known as City Master Di Jun. Now that he heard of this opportunity from Li Xuanji, he obviously headed towards the 'Four Extreme Chaos Grounds' with all his heart.

This was a very mysterious place. There were usually warriors at the late tribulation and some of the more talented ones. They didn't want to wait until the thousand year time limit arrived to awaken the Four Symbols Heavenly Emperor to complete the Four Symbols tribulation.

"The reason why the awakening of the Four Symbols Heavenly Emperor was activated is because there were four types of powers colliding with each other here, creating a flow of chaos. It was located to the north, which was the northern region of the Dragon God Domain. The entire force of heaven and earth in the northern region of the Dragon God Domain sank down to the ground, forming a vein of earth that rushed towards the center, and finally condensed into the 'Northern Dark Cold Energy' and gathered at this 'Four Pole Chaos' area. In the same way, the earth vein energy that had gathered from the entire southern region was called the 'South Asgard Yang energy'. The energy that had gathered from the east was called 'Violet Emperor's Aura'. The power that had gathered from the west was called 'Eternity Blood Qi'. The four forces clashed in a canyon, forming an area that normal people did not dare approach. The only advantage of the place where the power is the most violent is that it can awaken the Four Heavenly Emperors. "

This was a detailed introduction that Li Xuanji gave Long Chen when they were on their way to the Four Polar Paradise.

"Northern Dark Cold Qi, Southern Li Yang Qi, Purple Profound Emperor's Qi, and Heavenly Desolate Blood Qi!"

Four levels of strength seemed to be a pretty good opportunity.

Based on his speed, it was only two to three days' journey from the Di Jun Divine City to the Four Extreme Trials. Two or three days later, he was almost at his destination.

Before they had arrived, Long Chen had already felt the terror of this chaotic place with four extremes.

In front of him was a vast expanse of 100,000 mountains that shot up into the sky. There were very few trees and vegetation, and strange rocks were all over the place.

Standing at the peak, Long Chen could see the situation below. First was the east side where the purple energy came from, and a large area of the east side was engulfed in the surging purple energy, which converged together from the east side's earth vein, forming an extremely dense purple energy that turned into a galloping tens of thousands of fine horses. In a grandiose manner, they charged into the four extremities of this chaotic region!

In the south, countless Southern Li Yang Qi swept up from the ground, turning into a dense flock of Fire Birds. They flew across the mountain peaks, charging towards the center like a sea of fire.

To the north, the Northern Dark Cold Qi transformed into a myriad of poisonous snakes, flicking their tongues as they blotted out the sky and blotting out the sky. All one could see was dark green smoke!

In the west, boundless earth energy surged over from the west, gathering into a single point, producing a continuous stream of blood qi. The blood qi had a violent and brutal nature, condensing into giant blood wolves, which let out countless howls and collided with the poisonous snakes of the north, fiery birds of the south, and purple horses in the east. An intense battle broke out, and the four directions were in complete chaos.

From afar, the four coloured earth meridians' power had been severely injured together, forming a huge chaotic power. It soared up into the sky, turned into clouds, and attacked towards the distance in a formidable array.

Countless sounds of horses' hooves, birds' cries, wolves' howls and snakes' hissing could be heard incessantly.

The power of the earth's meridians from the four continents was not simple. At this moment, the collision was not simple at all.

The force of the collision caused the area within several hundred kilometers to tremble violently, as if the entire world was going to explode.

"The surrounding mountains are all filled with this kind of power. After a while, they will start to help awaken the Four Symbols Heavenly Emperor. For most people, they would have enough at the outer perimeter. But if that didn't work, he could only keep going inside. I have a friend in the Dark City who came here to cultivate for half a year. After returning, she has already passed through the Four Symbols tribulation of reincarnation. She told me everything about this place. "

Li Xuanji explained in detail.

"Let's go inside."

Long Chen could feel that it would be difficult for the Four Symbols to awaken from the [Painting] based on the condition of his body.

The two of them continued forward.

The four colors of the rampage in front of them came surging forward with grandeur, causing their clothes or long skirts to flutter in the wind. Beside them, the skin of the beauties were like snow, their long hair fluttering in the wind, and their cold demeanor was like beautiful flowers blooming in the dark night, standing proudly in the wind.

yin demon

This was a relationship that he would never be able to break away from in his entire life. Li Xuanji had originally thought that she might be able to escape in the future, but now it seemed that she would never be able to break away from this man who was practically a curse to her. Most of the time, she was at a loss, just that when she heard the news that she was about to be judged, she hurriedly rushed to Everlasting Dragon City, but did not expect that she would be able to risk it all with him again.

"Forget it, I'll just let fate take me."

There was no need to worry too much. What would happen in the future and what could happen would depend on one's fate and what sort of changes fate required of them.

In the blink of an eye, Long Chen was already very close to the place where the four types of energies were clashing.

In front of them was a canyon, and that was the place where they would charge in. It was like a furnace, where countless horses, poisonous snakes, blood wolves, and fire birds would fight and turn into countless corpses. Then, they would be minced and spread out in all directions.

"From this point onwards, I possess the power to awaken the Four Divine Emperors. If that's not possible, then we can only delve deeper. "

Li Xuanji said softly, standing beside him.

Obviously not here.

Just as Long Chen was about to go in, Li Xuanji turned into the power of the Yin Demons and entered his body.

With the fusion of his yin demon energy, Long Chen became even stronger.

"I'm going to undergo a tribulation. What are you doing?"

Long Chen asked.

"I'll give you some strength."

she said.

"However, if I fail, you will probably be devoured by the power of the tribulation." Long Chen said.

"It doesn't matter."

In fact, she didn't think it mattered. Although she didn't want to admit it, her life's focus had indeed landed on Long Chen.

"Alright."

Long Chen smiled, of course he was confident in himself, so he definitely wouldn't kill her.

After he was done preparing, he once again headed towards the center.

Just at this time, a few people rushed forward from below and blocked Long Chen's path. They were all warriors dressed in a barbaric fashion, with tanned skin, bare torso, big ears, and eyes like bronze bells. At this time, they stopped Long Chen with wide eyes: "Kid, who are you? This is the territory of my Fourth Extreme Temple. Without our permission, ordinary people will have to pay a fee to enter! "

Their voices were like a great bell, possessing extraordinary strength as well.

It should be quite extraordinary.

Back then in the War God's Ancient City, there was only one practitioner from tribulation of reincarnation in the Wind Dragon Cave. And now, all of them had reached the tribulation of reincarnation of the Five Elements. For a power of this kind of ancient city that was not of the descendants of gods to reach such a level, it was already very powerful and mighty. She was probably quite famous nearby.

"You don't need to charge anyone with status to enter? An ordinary person only wants it? "

This was clearly a bandit who was afraid of bullying the weak and had the intention of dominating the mountain. With their strength, if an ordinary tribulation martial artist came here without a backer, it would be normal for them to bully them.

"You're right, as long as your background's identity and strength surpasses our six tribulation of reincarnation's' Four Great Immortals'. We will also be respectful to you, but if that's not the case, haha, let's call out a set of archaic instrument first. "

This was akin to a lion opening its mouth wide, it was extremely rare for a young man like Long Chen to take out an archaic instrument.

"That's simple. I'm from Slaughter Dragon City." Long Chen laughed.

If the other party was able to scare him, then he would be too lazy to attack him if he was smart. After all, there was no deep hatred between them.

"Ah?" Haha! I'm still from the Dragon City! Idiot! Do the people who massacred the Dragon City need to come here to break through to the Four Symbols tribulation? " They all started to laugh, their eyes filled with malice.

"It seems like he doesn't have any backers. He's just spouting nonsense. Brothers, let's fight!"

The few burly men had red hair that shot into the sky.

They all laughed as they surrounded Long Chen in the middle.

"Attack!"

Faced with someone without a backer, they naturally acted rather quickly.

Long Chen had already used the power of time immobility to reach the acme of perfection. In the next moment, he merely gave each of them a slap on the face, knocked out a few of their teeth, and then passed them as he headed towards the four extremes of this chaotic place.

The few warriors who had recovered cried out in shock, their mouths were full of blood, and they almost fell to the ground. When they turned back to look, Long Chen had already walked very far away, and they were immediately frightened to the point of peeing.

"Oh no, we've hit an iron plate. Quick, invite the four mighty Immortals!"

They quickly closed their eyes and began summoning.

In the blink of an eye, Long Chen discovered four people standing amidst the clouds in front of him. Upon closer inspection, they were somewhat baffled. These four had human bodies. This part was normal, but their brains were: horse, wolf, snake and bird ...

It was as if the heads of these four creatures were connected to their bodies, and had nothing to do with demon beasts or dire beasts.

"Tai! That thief actually touched the disciples of my four great deities, he deserves to die ten thousand times! "

The purple horse snapped.

"Capture him and cook a big meal for him. We four brothers and sisters will eat more tonight. Who will do it? " The man with the Blood Wolf's head laughed sinisterly.

Long Chen initially wanted to ignore them, but the more he looked at them, the weirder he felt it was. That disgusting feeling, it was as if he had seen it before ...

Chapter 2224 - Four Celestial Emperors

In fact, it was not impossible for a lot of people to make themselves look like this.

However, it would not be easy to get the four of them to act so naturally as if they were born like this.

Their strength was also quite strange. They couldn't see their cultivation realms, and could even be said to have no cultivation realms.

Four mighty Immortals?

Maybe because they were afraid of Long Chen, the four of them had already surrounded him. Almost at the same time, he launched an attack!

Naturally, Long Chen would use an instant of eternity to deal with them. With his current abilities, he was indeed able to freeze the four of them in midair, preventing them from moving!

Long Chen arrived beside them in the blink of an eye, just as he was about to study what was going on with these guys, they suddenly broke free from the eternal bindings for an instant, and their strength was considered extraordinary as well. Although they were so close, Long Chen was still able to easily deal with them.

After the hands left their bodies, they turned into dust.

Long Chen once again targeted their heads, aimed his sword at them, and at this moment, they were all fleeing for their lives, their speed was extremely fast, at the very least, they reached a speed that was difficult to reach, and in the blink of an eye, they left Long Chen's side!

They started chattering away.

"What a formidable young man!" It actually hurt us, but that doesn't mean anything, we still have to eat you! "

"Yes, wait for our return!"

On the other hand, they were still filled with courage. When they joined forces, they actually charged towards the center of the chaotic four-sided land. In the blink of an eye, they were submerged by the air currents that were colliding with the four directions.

"There's definitely something fishy about these four fellows. And the human race was showing too much surprise. "

Long Chen's eyes were gloomy. Just now, he was suspicious and did not try to kill them, but now that they had actually charged into the Four Extreme Paradise, from the looks of what they had said before they left, it seemed like they still had tricks up their sleeves.

Without saying a word, Long Chen followed them towards the chaotic place with four extremes.

The closer they got, the more destructive the resistance they met would be. It might even cause the four Celestial Emperors of Long Chen to awaken at this moment, and the deeper they went, the more dangerous it would be before they could take care of their opponents.

"Where did they go?"

Long Chen searched everywhere, and right now, his surroundings were already submerged in the four colors of mist. His vision was blurry, and it was difficult to find living beings within.

At this moment, Long Chen seemed to have sensed that the surrounding energy from the four types of earth meridians were converging towards a single direction and were being sucked in, and without saying a word, Long Chen immediately headed in that direction, the closer he got to them, the more obvious the feeling of being sucked in, and finally, reaching a place where it was truly hard for a normal person to reach. There was a blurry figure in front of him, and it was a fat figure with four protruding heads on its body, as if four heads were growing out of its body.

"Which one of the four great Immortals was this?"

Long Chen became vigilant, if every single one of them could absorb the energy here and become more and more powerful, then he would really be in danger. Thus, he decisively took out the Dragon Binding Bow, and with a long distance between him and the enemy, he could take out the Emperor Dragon Arrow.

"Whoosh!"

The Emperor Dragon Arrow gathered the power of Dragon Binding Bow and Long Chen and shot out violently from this chaotic place! This time, he was actually torn into pieces, and disappeared with a miserable scream. Maybe because the power he absorbed did not belong to him yet, so when the Emperor Dragon Arrow pierced through him, it instantly annihilated him and shattered him into pieces!

But the moment the Emperor Dragon Arrow pierced through the mist, Long Chen saw his appearance clearly.

He originally thought that this was one of the four great immortals, but he didn't expect it to be four. Only, their bodies were actually twisted and combined in a strange way, becoming one with eight arms and eight legs. The four heads were all in four different directions, but in truth, it was just the four 'protrusions' that Long Chen had vaguely seen in the beginning.

If he had seen them like this at the start, Long Chen would not have killed them immediately.

To be able to undergo such a strange transformation, it might have something to do with the Heaven-Devouring Race.

However ... under the might of the Emperor Dragon Arrow, the four mighty Immortals all disappeared.

Of course, what Long Chen did was not wrong. If he did not kill the enemy in time, with their devouring speed, they would bring him endless danger, especially if he was prepared to charge into the Four Symbols tribulation of reincarnation.

Now, other than the sounds of quadrupole colliding, there was no other sound.

Long Chen asked Li Xuanji, she did not understand what the Four Great Immortals were doing.

Long Chen searched the area for around half a day, but didn't see anyone else around. Only at this time did he finally relax.

"He's actually able to absorb the power of the Earth Vein and strengthen himself? This is too heaven-defying!"

The inexhaustible power in this place was actually the Earth Vein Power, Emperor's Qi, Heavenly Desolate Blood Qi, and more from all four sides of the Dragon God Domain.

If they could be used, of course, they would get endless benefits.

However, entering the World of Gods was more important.

Now that the Four Symbols Heavenly Emperor had not been awakened, Long Chen was already prepared to enter the depths of this Four Extreme Paradise. In front of him was the purple horse from the east, the flying fire bird from the south, the Northern Nether Snake from the north, and the ferocious blood wolf from the west. In front of him was the purple horse from the east, the flying fire bird from the south, the Northern Nether Snake from the north, and the ferocious blood wolf from the west.

Rumble rumble rumble!

This kind of explosion could be heard incessantly.

In the midst of this devastating impact, Long Chen protected himself as he continued to penetrate deeper. He allowed the giant beasts formed by the energy to shatter to pieces by his side, and he became as unshakeable as a mountain.

Generally speaking, the ordinary warriors of the Tribulations would never come to this place, because with their abilities, they could not withstand the impact of this place. Other than the warriors of the Tribulations, there was no need to come here and wake up the Four Heavenly Kings.

Therefore, it was relatively rare for someone as deep as Long Chen to see it.

It was as if they were in the middle of a sea, surrounded by raging waves, even scarier than the raging waves.

"Is it not enough to get here?"

The so-called Four Heavenly Emperors still had no signs of awakening.

Amongst them, the main body was the Supreme Emperor Long Yang, and the head was the Young Emperor Dong Luan. The head of the primordial spirit is Gao Di, the soul of the primordial spirit is Ancestor Emperor Yuan Xing.

This was the Four Great Heavenly Emperors.

The Four Great Heavenly Emperors were the Divine Spirits within their bodies. Legends said that they existed among all beings.

There was also the Seven Star Ancient God, an ancient Star God from the outside. It had existed for thousands of years and would not be destroyed until today, but it would also not descend to the mortal world. These were things that had existed since the ancient times and were filled with mystery.

"Do we have to go deeper?" If it doesn't work, then forget it. " Li Xuanji said with slight worry.

Long Chen shook his head and said: "Since we are already here, I definitely cannot give up."

At this time, he might have already gotten close to the center of the entire Four Extreme Paradise. A large number of Giant Beasts were killing and smashing around him, exploding and filling the sky with their power, which was in complete chaos. It was as if a vortex had formed between them.

It even caused a certain amount of pressure to his body.

However, for the sake of the Emperor Jun Divine Boat, for the sake of entering the World of Gods and for the sake of proving Long Qinglan's innocence, Long Chen endured it. He knew that there must be a problem in the World of Gods.

Forward! Forward!

Gritting his teeth, he silently advanced forward, gradually ignoring the raging waves around him. In his eyes, there was a strong and prosperous future.

The surrounding storm was getting fiercer and fiercer, but he ignored it all.

He did not know how much time had passed, but he had already reached the center of the four-sided area of chaos. An ancient praying mat made of four colors suddenly appeared in front of him, quietly lying on the ground.

If he passed this center, the power of the quadrupole would begin to decrease.

Without saying a word, Long Chen took a few steps forward, then slowly sat down, and sat under the four colored praying mat. At that moment, he was facing the most terrifying power of four extremes, if not for his tyrannical body, he would have been sent flying a long time ago.

Of course, he needed a strong willpower.

To a demon like Long Chen who dared to hurt him while he was still in Weiyang Palace for the sake of finding Black Flame Beasts, this storm was nothing now.

When he reached the four-colored praying mat, he gradually felt that his body was starting to change. At the beginning, it was the transformation of the physical body. The physical body was divided into two parts, one was the head, and the other was everything except the head. First, there was the transformation of the torso.

Light.

had once seen this kind of situation on Li Xuanji's body. That was when she had awakened the Four Symbols Heavenly Emperor, and charged into the Four Symbols tribulation of reincarnation. Today, it was finally her turn.

Emperor Long Yang, manifest!

Chapter 2225 - Strange Fusion

Inside his body, countless rays of light began to gather and form a picture of a god between his internal organs. It was a picture of a god formed from countless lines, and it was a picture of a man dressed in complicated clothing.

Another divine spirit appeared. This was a handsome man with a head full of anger, holding a pair of swords in his hands. He angrily pointed to the sky as colorful clouds danced around his body. This was the Young Emperor, Dong Luan!

Next were the two gods stationed at the primordial spirit!

The head of the Primal, Gao Di.

The soul of the origin soul was the Ancestral Emperor Yuan Xing.

The four Celestial Emperors all awakened at this moment.

"Four Symbols Tribulation, you must pull the Four Celestial Emperor into one. This is a very complicated process, the moment there is any error, the Four Celestial Emperor will be enraged and destroy you. Therefore, we cannot let our guard down. The death rate of the Four Symbols tribulation is still very high. "

Inside his body, Li Xuanji's Evil Spirit power circulated in all directions.

"Got it."

Long Chen roughly knew the steps and method.

In actuality, before the Four Symbols tribulation, the head, torso and primordial spirit were separated and controlled by the four Celestial Emperors, so there was a slight difference in coordination. The transformation that the Four Symbols tribulation underwent was to combine the four Celestial Emperors into one and control everything within the body.

Of course, it was not the fusion of the head, torso and primordial spirit, but the fusion of the gods that controlled them. The Four Heavenly Emperors were also a mystery, no one knew what was going on, maybe it was just a manifestation of some kind of power in the body, but up to today, they already possessed a very strong illusion of divinity, allowing all the warriors to carefully deal with them.

At the very least, after overcoming the Four Symbols tribulation, the power of the Primordial Blood Spirit Dragon and the Great Void Cosmic Dragon would be matched, and there would be great progress.

Long Chen was already prepared.

The four Celestial Emperors had all shown up, looking angry and contemptuous.

"The dao of cultivation is incomparably mysterious. There are mysteries everywhere, so who can figure out all of this?" Long Chen could not help but sigh.

What he needed to do now was to fuse these four Celestial Emperors together one by one. First was the fusion of the Supreme Emperor, Long Yang, and the Young Emperor, Dong Luan; then, the fusion of the two Primordial Gods, and finally, the fusion of the two major elements, the physical body and the primordial spirit. Finally, he would be able to merge into one and enter the Four Symbols tribulation of reincarnation.

Just as he was about to start, something unexpected happened.

All four Celestial Emperors changed at the same time.

And at that moment, it was as if everything had stopped. And in the next moment, the Emperor's Qi, Heavenly Desolate Blood Qi, South Asgard's Yang Qi and the Northern Dark Cold Qi actually no longer clashed, but instead surged towards Long Chen!

This was almost equivalent to thousands of purple stallions galloping from the east charging straight into Long Chen's body!

At the same time, the Fire Bird that came from the south, the endless number of poisonous snakes that came from the north, and countless blood wolves that came from the west were all the same. They were all formed from energy, no longer fighting or clashing, but instead, as if they found a gap, they gathered towards Long Chen's body!

For a moment, Long Chen's body was almost squeezed to the point of exploding by the immense earth vein that came from all four directions!

The purple steed, fire bird, viper, and blood wolf rushed into his body, rampaging through his blood, bones, and muscles. They collided with each other and tore apart, causing him immense pain.

"What's going on?"

Long Chen was at a loss of what to do, why would the power of the four extremes surge into his body at this time? He was not one of the four great immortals, and the speed of his devouring was more than a thousand times faster than the four great Immortals. In that short moment, all of the Dragon God Domain's earth-vein energy was rushing towards Long Chen!

"It seems like I can only use the space-time reversal to force the power out of this place."

Long Chen thought of a way to solve this problem. If this wasn't the case, he would very quickly be squeezed to explode by the berserk energy of the Earth Vein.

However, he soon discovered the culprit that caused this change.

It was actually the Four Heavenly Emperors.

When a large amount of energy gathered on Long Chen's body, the Four Symbols Heavenly Emperor suddenly moved. They actually started to absorb one of the four extremes of energy that had entered Long Chen's body.

Countless galloping purple horses were swallowed by the Emperor Dragon Yang. The Emperor Dragon Yang that was originally shining with a brilliant light gradually turned purple.

On the other hand, the Young Emperor Dong Luan absorbed the blood aura of the Ancient Desolation from the west, causing it to turn dark red.

As Gao Di spoke, he began to absorb the Southern Li Yang Qi from the south, turning it into a scorching golden red light.

As for the Ancestor Emperor, Yuan Xing, he absorbed the Northern Dark Cold Qi from the north and became pitch-black and sinister.

Long Chen's body that was almost crushed by the Earth Vein's power had finally been relieved. Although the power of the four extremes was still continuously rushing into his body, it was basically being sucked into the Four Symbols Heavenly Emperor, maintaining a balance that did not affect his body at all.

But even so, the boundless power was still gathering towards his body. The entire chaotic world was almost sucked dry. It was hard to imagine how the vast power had already entered his body and was being devoured by the Four Heavenly Emperors.

If this continued, how could he control the fusion of the four Celestial Emperors, when they were becoming more and more terrifying?

Long Chen could not help but worry.

In just an hour's time, he had already felt that the entire chaotic world had been completely emptied, and had become no different from an ordinary mountain. Of course, there were still powers rushing in from all four directions, but this was just a drop in the bucket.

Having accumulated such a vast amount of earth-type power, what exactly did the Four Divine Emperors intend to do? Would he still be able to control them?

He couldn't help but have a headache.

It seemed that although his potential was terrifying, every tribulation was a disaster and he might not be any better off than others.

Now, the Four Celestial Emperors had finally stopped swallowing.

Inside their bodies, every divine pattern was flashing with a terrifying, powerful light. Their bodies were overflowing with colors, as if they were truly alive. They looked extremely lifelike, as if standing proudly in the sky, looking down at all the living beings below them.

All of them had gathered destructive power on their bodies.

Long Chen strangely discovered that they seemed to be looking coldly at him.

Then, Emperor Dragon Yang and Young Emperor Dong Luan actually started to rush towards each other. Before Long Chen could control them, they had already started to fuse together, the purple energy and the dark red energy merging together, becoming even stronger and more majestic.

On the side of the Primal, the two Celestial Emperors began to fuse, the golden red and black merging into one.

The process of fusing with others was much faster than the process of fusing with others.

Soon after, the two fusion bodies started to move forward. They crossed the limits of their primordial spirit and body, and slowly fused into one at the edges of the two, fusing into a four colored divine diagram. It was a terrifying divine diagram, and before Long Chen could even see clearly, the diagram had already turned into countless points of light that scattered into Long Chen's body.

The light dots transformed into a vast amount of energy that fused with the Power of Reincarnation, forming a brand-new Four Symbols Power of Reincarnation!

It was as if the surging power of the Four Symbols Power of Reincarnation had once again turned into Long Chen's body, only this time, it did not feel like it was going to burst at all. The newly born Four Symbols Power of Reincarnation was extremely docile, flowing freely in Long Chen's body.

It was as if all of the quadrupole energy had appeared inside his body and became his own power!

The entire land of chaos that was at the four extremes had been drained, and now it was his Four Symbols Power of Reincarnation!

This was extremely terrifying. No human being's four cycles of reincarnation could achieve such a feat. To Long Chen, this upgrade was much more than he had imagined. He just did not manage to figure out what exactly the Four Heavenly Emperors were. Why did such a change happen this time?

It was precisely because of this that he had obtained such a vast power out of thin air, causing him to not even have a great sense of security.

In his body, the Four Symbols Power of Reincarnation gathered the power of the Purple Profound Emperor, the Heavenly Desolate Blood Qi, the Southern Li Yang Qi, and the Northern Dark Cold Qi. In addition, it also combined with the Absolute beginning divine power, the Four Appearances Power of Reincarnation's master was destroyed, and the Absolute beginning divine power was the master's divine might.

This time, the chances of obtaining Di Jun's Divine Boat were much higher.

Long Chen brought Li Xuanji and quickly left this place. After Li Xuanji left his body, in terms of strength, he had surpassed the time when she was fighting against the City Lord Di Jun. In addition to Li Xuanji's yin devil powers, it shouldn't be a problem for him to fight against the City Lord Di Jun who was using his full strength.

Emperor Jun City's Castellan was still one of the most powerful descendants of the Primordial One God.

"To be honest, I don't know what's going on either," Li Xuanji said. She only knew that this place could wake up the Four Divine Emperors, but she didn't expect such a change to occur.

"But luckily, the result is still good." Long Chen smiled slightly.

He asked Li Xuanji about the situation when she underwent the Four Symbols tribulation. She had guided the fusion of the Four Symbols, then the disappearance of the Four Symbols, which was a normal process.

Currently, Long Chen did indeed have that kind of feeling that his entire body and primordial spirit were one and the body was one. The two types of power became even more integrated and this was the divine might that only the Four Appearances Reincarnation Warriors could have.

There was no way to study this kind of thing, and he didn't have the time to do so.

"Let's go, get that Emperor Armament."

Long Chen said.

Chapter 2226 - Limitless Wheel

Di Jun Divine City!

The mountain penetrated into the starry sky, infinitely tall. A large portion of it was covered by clouds, looking like a metallic skeleton. The might of a great Emperor could suppress the heavens and earth.

Since ancient times, the Di Jun Divine City had existed for tens of millions of years as an offering to the primordial number one god, the Emperor Jun, who was the strongest being in the human race after the The Age of Dragons. Her attainments were close to that of many Ultimate Dragon in the The Age of Dragons and thousands of years ago, she commanded the human race to suppress the Four Great Clans.

Even today, the Di Jun Divine City was still the strongest in the world.

Today was the day of the once in every ten years Emperor Jun genius competition in the Di Jun Divine City. Under the age of four thousand, almost every martial artist in the inner city would have to participate in this competition to test their achievements in the past ten years. To every young martial artist, this was a very important opportunity to display their skills. For this day to come, they had already been preparing for a long time!

In every genius battle, there were people who rose to power and fell to their deaths.

The one who rose to prominence now had a vast future ahead of him. The one who fell had no chance of ever making it out alive again.

What made all the young cultivators even more excited was that today, the City Lord personally took charge and tested the success of their cultivation. If there was someone that the City Lord thought highly of, their future would definitely be bright.

Of course, this time around, there was something strange going on. This was because a few days ago, they had already seen the City Lord of Di Jun, although the distance between them was quite far. That day, City Lord Di Jun fought against Long Chen and obtained complete victory. He instantly became the pride of all the warriors in the Di Jun Divine City and spoke out to everyone.

Of course, with Long Chen's age, he dared to fight against the City Lord of Di Jun, it was already a kind of glory.

"This time, I must perform well. I will make those people who look down on me look at me in a new light. I will let my elders see my hard work and potential!"

"I don't ask for the City Lord's appreciation. As long as there's a young City Lord that values me, I won't have to worry about this for the rest of my life!"

The youths clenched their fists as they entered their respective battlefields of youth, and began to fight.

With their reincarnated strength, they would be the absolute rulers in Dragon Sacrifice Continent. Only in a place like Di Jun Divine City would they appear insignificant.

They were surrounded by the high ranking members of the Di Jun Divine City. However, there were also some old friends who came today, and they were the Taiyi City Lord, the Violet Myrtle City Lord, the Yuanshi City Lord, the City Lord of the central region, and the other City Lords. Of course, the City Lord of the Violet Myrtle City had come from the east.

There were a total of 6 to 7 City Lords, sitting beside the City Lord, watching the battle.

"His performance is really outstanding. As expected of the younger generation of the Di Jun Divine City. Each of them is more hardworking than the last. Brother Di Yao, you sure are free from worries."

Taiyi City Lord stroked his long beard and sighed.

He had once fought with the Holy Spirit and his strength was at the early stage of the Seven Star tribulation of reincarnation. Back then, at the God Battlefield, it was in his Primal Clock that Long Chen killed Di Yu.

Governor Di Jun didn't have a smile on his face. He helplessly shook his head and said, "If Di Yu was here, I wonder what realm he would reach today."

This was the greatest sorrow in his heart.

Even the Immortal Dragon Emperor had agreed to accept Di Yu as his disciple, but unfortunately, he died young. If he did not die, even if he was inferior to Long Chen, Di Yu would not be inferior as well.

"This ... this ..."

Taiyi City Lord also sighed repeatedly, feeling extremely helpless. Back then, Di Yu had personally died in front of his eyes.

"Now that Long Chen has displayed such a heaven-defying talent, it is rumored that he was able to fight with Brother Di Yao a few days ago. This fellow's personality was sinister and ruthless. If he could become a Ranker, Di Yu would not be able to take his revenge. If I had hardened my heart and killed him directly, this would not have happened. "

Taiyi City Lord shook his head helplessly.

"It's better not to say these words in the future, or else it will bring about a fatal disaster." He is now as famous as the sun at its peak. I'm afraid he will catch up to me in less than a year. How do we fight him? It's just that he has a lot of enemies, we'll just wait and see. "

When City Lord Di Jun said this, it was already at the climax below. There were seven to eight youths that had passed through the hurdles and entered the top eight, obtaining decent rewards. After that, they would decide on the top three, obtaining even more benefits, and would even receive rewards from City Lord Di Jun!

For the sake of City Lord Di Jun speaking to him personally, all of the youths were willing to sacrifice their lives!

That was the most powerful person other than the Five Dragon Cities!

At this time, Long Chen came to the center of Di Jun Divine City and stood on top of everyone's heads.

Li Xuanji's beauty was like a ghost, following behind him like a shadow. Of course, even if she was a ghost, she was still a beautiful ghost.

After attaining the Four Symbols tribulation of reincarnation, he had spent a short period of time recuperating before rushing over to the Di Jun Divine City. Of course, he did not know that the Emperor Jun Battle of Geniuses was being held here, and because of his arrival, the Di Jun Battle of Geniuses had already been interrupted.

The moment they saw him, the entire Di Jun Divine City's face darkened, and one by one, they stood up from their seats, while the expressions of the City Lords turned gloomy and sinister. They were all top Shencheng s, and were all in a team.

Long Chen's arrival caused the entire place to become deathly silent for a moment.

They had long not regarded Long Chen as someone from the same generation as them. After all, while they were still trying their best to get City Lord Di Jun to glance at them, Long Chen had already started battling against City Lord Di Jun on equal footing.

"That's the son of the Eternal Dragon Emperor!"

"It's that Long Chen."

"What is he doing here again? Didn't he lose to our City Lord last time?" "Could it be that he's looking for a beating again? I heard that the City Lord let him win a lot when he fought with me last time."

The young martial artist had no choice but to stop his actions, blankly staring at the sky. Seemingly everyone's gaze turned to Long Chen's direction. Long Chen did not panic, but looked directly at the City Lord, and said: "City Lord, you've come back this time to borrow the Emperor's Sovereign Divine Boat. When I return from the war of gods, I will definitely return the Di Jun Divine Boat back to you, and I hope the City Lord can fulfill that wish. "

Di Jun Divine City looked him up and down. He obviously felt that Long Chen had become different from before, stronger and more terrifying. She had just said that Long Chen would surpass him within a year, and it had only been a few days. Now, no matter how much imagination he had, he never would have guessed that Long Chen would make the Four Heavenly Emperor Awaken within these few days, and advance to the next level.

Therefore, he said: "According to the agreement, didn't we say before that when you can beat me, you can take away the Di Jun Divine Boat. It would be impossible to use pleas, exchanges, and other methods. I will not agree, nor will hundreds of thousands of my Di Jun Divine City. "

He spoke firmly and coldly.

Long Chen squinted, which was out of his expectations, and said: "That's right, I came back this time, precisely to finish the battle before."

"Hmm?"

Di Jun Divine City held onto the armrest of his throne and crushed it into powder. He stood up and a strong wind blew, causing her white beard and hair to fly around.

"Now?" The City Lord asked word by word.

Upon hearing these words, the crowd below grew incomparably nervous, their hearts pounding wildly, as though they were the ones facing the Emperor Jun City Lord. To be honest, there was actually a trace of fanatical worship in the hearts of Long Chen and the others.

"Now."

After Long Chen finished this sentence, he flew backwards towards the clouds in the distance, which was the place where he fought previously. There were still many traces of the previous battle.

Until he turned into a small dot in everyone's eyes.

The other City Lords also stood up.

"What is this kid doing?" Could it be that they have some kind of scheme or they have found some new archaic instrument? " The Lord of Yuanshi City asked doubtfully.

"No, he already has two sets of seven hundred archaic instrument. As for scheming and scheming, he is not such a person. "

The Di Jun Divine City said indifferently.

"Brother Di Yao, you want to fight him again?" the City Lord asked.

Di Jun nodded his head, saying, "This time, he will truly retreat after knowing the difficulties. Otherwise, he will come looking for me in a few days' time. I am not his sparring partner, how can I have so much time."

After he finished speaking, he flew like a god, towards Long Chen's direction.

City Lord Di Jun's actions made everyone boil up. It was another battle, they could see that City Lord Di Jun was already enraged, this time he would definitely beat Long Chen to the ground!

In the blink of an eye, City Lord Di Jun was already standing in front of Long Chen amidst the storm!

Another battle!

It was Long Chen who had initiated the true sprint and challenge for this level. If not for Li Xuanji, even the current him had no confidence in defeating him. At most, it would be a draw, and with Li Xuanji's help, he would have the confidence to take away Di Jun's Divine Boat.

At this critical moment, Li Xuanji had already turned from his back into a Yin devil, fusing into his body.

Weng! *

Under the fluctuations of his power, the surroundings seemed to tremble!

A strong gale rushed forth, and his clothes fluttered in the wind. During this peak level battle, it attracted everyone's attention, especially since several city lords were already nearby.

"A miracle, a miracle."

Taiyi City Lord felt it the most.

Because a few years ago, Long Chen was still unable to move from within his Supreme Emperor Bell, but now, his aura had completely suppressed.

His eyes were filled with deep shock!

This time, Mayor Di Jun would not only use the power of the scorching sun.

He activated the Sun God's Art and turned into a body made of flaming sand. With a wave of his hand, the Divine Sword Ruoxi appeared next to him. The brilliantly beautiful Dao Spirit would accompany him at any time, protecting him and becoming his power!

Right at that moment, in the left hand of the City Lord, countless transparent lights condensed and formed thousands of small, transparent beads that were about the size of a grain of rice.

The power of space erupted!

"That's the Everlasting Wheel!"

One of the city lords said in shock.

Chapter 2227 - Sword Swallowing The Divine Emptiness

Indeed, it was another Dao Artifact with 700 dao patterns on it. The Everlasting Wheel.

Every single crystal ball was a vast world, and among them, there were wind, rain, thunder, mountains, trees, there were even beasts roaring. long snake were wandering, mosquitoes were flying, and birds were soaring into the sky!

The Emperor Jun City Lord held the Everlasting Wheel in his hands, as though he was holding the entire world in his hands.

The Immortal Sword, Ruoxi, had flames shooting up into the sky. Furthermore, with the spatial divine tool, the Everlasting Wheel, in the same realm, the City Lord of Di Jun was practically invincible, only second to late stage semi-divine Dragon Fighter like Yang You and Bloodlust.

Seeing this scene, almost all the warriors in Di Jun Divine City cheered for the City Lord. In truth, many of them did not know that they had fought a few days ago, but now that they were fighting again, what was the point of it?

The various city lords, however, knew the significance of this duel.

If City Master Di Jun was defeated, that would mean that Long Chen was already equal to a peak expert with a body of a half god, which meant that there were no longer anyone in the world who could suppress him, and they would think that he was invincible within the Five Dragon Cities!

At that time, no one would ever look at him in such a young way again. Because he was no longer a genius but a Martial Saint!

Hu hu!

As the battle began, everyone took deep breaths.

The last time he lost, it was considered a battle defeat. This time, it was a hope for him to reverse the situation, and after absorbing the power of the Purple Profound Emperor Qi, the Desolate Blood Qi and other earth meridians, he was basically unfeeling under the suppression of the enemy's divine power!

Governor Di Jun gripped the Ruoxi Sword in his right hand and the Everlasting Wheel in his left hand. With a light shout, he unleashed both of his Dao-Artifacts, unleashing an irresistible might!

The flames of war were burning!

Rumble rumble rumble!

As soon as the two began to fight, the world began to shake. Where the sword of God's Sword, Ruoxi, went, there was a sky of fire. Countless flaming sword lights shot out from the sky, converging into a pattern, each pattern carried a peerless killing intent.

Long Chen shuttled back and forth between the sword beams, and in his hands, he had already grasped the Dragon Confining Bow that could contend against the opponent. The Dragon Confining Vault, Long Chen used the Emperor Dragon Arrow, and with the current power displayed, he could more easily release the power of the Dragon Confining Bow.

Bang bang!

The Emperor Dark Dragon destroyed one pattern after another!

As the arrow was about to pierce through his body, Mayor Di Jun immediately revealed a relaxed smile. He casually walked forward and his body disappeared. In the blink of an eye, he was elsewhere, and the arrow hit nothing but air!

Indeed, it was that space sacred art, Instantaneous Flashing Heaven and Earth.

With a flash, he appeared behind Long Chen. With a casual wave of his sword, a monstrous sword light that was tens of thousands of meters wide shot out explosively, condensing into a gigantic fire bird that rushed towards Long Chen!

In the blink of an eye, the flaming bird had almost engulfed Long Chen. Right at this moment, Long Chen was not in a hurry, and did not even turn his head around, but a blue haired youngster suddenly rushed out from behind him, blocking his back.

However, because it was condensed from the purest of the five elements, it possessed a pure power of water, the Heavenly Way of Water. The moment he appeared, both of his hands swept out angrily, and in the blink of an eye, the area with a radius of several tens of thousands of metres around him was instantly flooded by the waves, and under Long Chen's influence, he was able to attack the flaming bird and exterminate it!

The vast waves still encircled the City Lord and pressed down on him. However, the main cultivation base of the City Lord was even more powerful. With just a few slashes, the water in front of him was completely destroyed and burned away!

Of course, Long Chen would not rely too much on the power of these five identities. In the blink of an eye, the water clone returned to his body, and the Emperor Dragon Arrow in his hand was already in front of City Lord Di Jun.

"Too slow."

The City Lord laughed coldly. With his instantaneous speed, although Long Chen's Emperor Dragon Arrow was extremely fast and flew for tens of thousands of metres in the blink of an eye, it was still not easy to hit him!

Until now, he still had not displayed the power of the Infinity Roulette!

After flashing across the universe, he suddenly appeared in front of Long Chen, with the 'Limitless Wheel' in his hands. The unexpected thing was that in the moment when he flipped the Everlasting Wheel in his hand, the large area of space around him also did the same!

Simply put, it meant that anything would instantly be inverted!

"The universe turns upside down!"

This was the name of the ability.

Because he was in the air, the reverse of the universe suddenly happened, and only Long Chen was there to accompany him as the entire space flipped around, and because he was not prepared for it, he was facing the sky for a moment with his head facing the ground. To him, such a change actually did not matter much, it was just an instant that he was not used to it.

"It's this move again!"

Although only a few days had passed, Long Chen was no longer the him at that time.

His entire body was covered with blood-colored dragon scales, which flickered with light. After Di Yu and the ten thousand dragons appeared, countless Blood Weeping Dragon souls rushed out, covering millions of him, instantly filling everyone's vision with the blood colored little dragon's blood. The mighty

Di Yu and tens of thousands of dragons were directly swallowed by Long Chen with the Blood Weeping Dragon soul!

BOOM!

This time, he had truly experienced Long Chen's battle power that was even more tyrannical than last time. Even if he used his spatial sacred art, he still would not be able to get even the slightest bit of advantage!

"Hua!"

This time around, it was a grand show, causing a commotion among the onlookers. The various city lords watched the battle from the sidelines, their hearts filled with nervousness. Up till now, City Lord Di Jun still could not gain the upper hand, could it be that Long Chen was really that terrifying?

It was not that he did not want to kill Long Chen, it was just that he did not dare to kill him. But when he used all of the methods he had, and yet was still unable to do anything to Long Chen, the killing intent in his heart gradually rose!

In a situation where the two were of equal strength, if he wanted to defeat his opponent, he had to have the intention of killing him!

In that instant, a blazing fire pillar appeared behind the City Lord, shining resplendent the world. The endless fire pillar condensed into a terrifying emperor, that was the supreme divine being of the ancient era, the Emperor Jun. Long Chen had once seen this kind of image in the Di Jun God Sculpting World, but now, this image had appeared in front of him!

"The emperor himself has arrived, and his sword devoured the air!"

Di Jun's eyes shone brightly as if the eyes of a deity possessing his body, illuminating the heaven and earth. The divine sword in his hand pierced out, the sharp sword light aimed straight at Long Chen!

The so-called sword-devouring divine space was a spatial ability. With Ruoxi's seven hundred runic divine sword, its power was even more terrifying! From Long Chen's point of view, the divine sword had suddenly expanded to a length of tens of thousands of meters, cut across the sky like a huge mouth, and

all the space it passed through, as well as the Universe, were all swallowed up, causing a large area of space to collapse, while Long Chen was trapped in the middle of the space that had collapsed!

Long Chen was like a dragon in shallow water. Having lost the ability to move, he was unable to move at all, and could be destroyed by the divine sword at any time!

This was the power of the sword devouring the void!

The intention of City Master Di Jun's sword was to kill Long Chen!

"The might of my god is unrivalled throughout the ages. You all dare to disturb my divine might? Hurry up and accept your deaths and redeem yourself for your crimes!"

In the sky, the divine sound was resounding and deafening. Countless warriors were trembling in fear as they watched the sword devour the divine space, and finally devour Long Chen!

"You want to kill me?"

Long Chen had truly felt the killing intent deep down in his bones!

However, could this sword devouring the sky and spreading its power be enough to kill the man in front of him? One had to know that he had yet to display his true strength in battle!

No one knew how powerful he was at the moment.

He opened his arms, as if he was swimming in a river of time, and the ocean of time was still fresh in his mind. Right now, he was in the middle of the ocean of time, fighting against the winds and waves, he could only see the time around him. As for the shattering and collapse of space, what did it have to do with him!

"He's going to lose!"

"He can't resist, but he actually closed his eyes and died?"

Everyone was filled with doubt, and even those City Lord Level Rankers didn't know what Long Chen was doing for a moment. Could it be that he really lost just like that, with no signs of resistance at all? This was not what he, Long Chen, was!

Indeed!

The power of time travel exploded!

It wasn't a tempest of Time, but a reversal of time and space!

The power of space-time reversal was not limited to time or space. There was only time, and Long Chen truly used the power of time to resist the power of space. It was the power of time reversal, and was like his Long Chen's tentacles, which completely controlled the time in the surrounding space in the blink of an eye.

Then, everyone was shocked to see it!

The sword was actually retreating.

The shattered space actually began to solidify.

The space that the Ruoxi Sword swallowed, was pushed out one after another. Long Chen stood in his original position, and easily took care of the Sword Qi Devouring Divine Air, disintegrating everything with the reverse flow of time!

Shock!

Admiration!

This move was truly filled with the peak of his power. If it was the last time, Long Chen would definitely not be able to block it, but this time, he actually blocked it, and solved his ultimate ace attack flawlessly. This signified that he was already on par with Yue Yang, and might even be more prominent!

Mayor Jun had placed his only hope of victory on the Everlasting Wheel, and that was the key to his final victory.

Chapter 2228 - The Supreme Polar Circle

The reversal of time was not just a matter of neutralizing the sword devouring divine space.

For many young martial artists, this was even more shocking and exciting! When all that had been broken and destroyed began to reform, time had clearly flowed backwards. How could he not be stunned?

This was a wonderful showdown between time and space!

In this kind of situation, City Lord Di Jun could be considered to have received a huge amount of ridicule, even humiliation. He was deeply aware that in just a few days, Long Chen's strength had undergone a huge transformation.

All the warriors could see it!

A few days ago, Long Chen was still unable to do anything to City Lord Di Jun, even if he could reverse the flow of space and time, he would not have displayed such power, but now, he had done it!

It was extremely easy!

From the peak of the battle till now, Long Chen had been relaxed!

Thus, this had already forced the City Lord onto an even crazier path.

After all, he was one of the strongest experts in the older generation. At the same time, he did not believe that he would be able to surpass Long Chen within a few days time since he did not need to use it.

Although he appeared calm, in truth, even his breathing had become rough and heavy!

At this moment, when Long Chen broke out of the encirclement made by the Sword Qi Devouring Divine Space, he instantly retracted the Divine Sword Ruoxi in his hand and held onto the Infinity Roulette in his hands. In that moment, it was as if the entire world was spinning around him, and under his control, he revealed an unprecedented trembling!

The entire Di Jun Mountain was trembling, and the entire mountain was rioting.

The surrounding space within a radius of several hundred miles was all under the control of the City Lord, unceasingly erupting and trembling. Under this kind of control, no one did not know about Long Chen, but at least everyone on Di Jun Mountain had already suffered from the immense pressure, they were almost suffocated, their faces pale. Under the shock and pressure of the space, they were almost injured!

Of course, they knew that this was the key to the City Lord's victory. They knew that he wanted to win, so even if they had to put up with such a disaster, they would still be willing!

When such a vast space was under the control of the City Lord, Long Chen would of course bear the brunt of the attack. Because he was the center of all the areas under his control!

"If you can break this move, you can take away Di Jun Divine Boat!"

The divine light in his eyes exploded, and the World Tree on his body began to show itself. Countless amounts of God Power flowed from the millions of God Palaces into his hands, and he was holding onto the Everlasting Wheel with both of his hands. At this moment, all the points on the Limitless Wheel were revolving at a high speed, and they were revolving at a very fast speed, it looked like countless worlds were spinning!

The reason why the City Lord had such confidence was because what he was controlling right now might be more effective than the sword that was devouring space.

Weng! *

At that moment, with a glare of his eyes, the World Tree lit up!

"Boundless Universe, Boundless Universe!" the Primal Chaos Realm! "

However, Long Chen was tightly sealed by a wave of extremely tyrannical freezing spatial energy. At this time, the spinning Limitless Wheel in the City Lord's hand suddenly enlarged, and the countless little crystal balls on it also grew larger and larger, and then shot towards Long Chen like tens of thousands of crystal balls like cannonballs! It was as if they were cannonballs!

In the blink of an eye, the first crystal ball had turned into a diameter of more than ten metres and the huge world inside clearly appeared. The crystal ball had an Primordial spatial rune flowing on it, when it approached Long Chen, it opened its mouth and swallowed Long Chen whole!

And then, squeeze!

Of course, this was only the beginning!

There were tens of thousands of small balls on the Everlasting Wheel.

When the first small crystal ball swallowed Long Chen, the second small crystal ball quickly devoured the first small ball. After that, the third small crystal ball rushed up and swallowed the second small crystal ball. After devouring the second small crystal ball, with such a heavy cycle, the space outside of Long Chen's body became even higher.

Tens of thousands of layers of space!

This was the power of the Limitless Wheel, the power of the endless Primal Chaos Realm!

Long Chen was imprisoned in the deepest part of the Endless World, one at a time.

In truth, the reason why the City Lord was so tyrannical was largely because of the Everlasting Wheel, because in this Primal Chaos Realm, at least within the same level, there was no one that could break through his Empyrean Divine Realm. This was also the reason why he stood alone in this world!

"Hua!"

He saw the gigantic crystal ball in the air, and it was as if countless worlds had been combined together. Through the countless layers of worlds, he could see Long Chen becoming incomparably insignificant within them!

The primal chaos world, success!

The eyes of Di Jun, the City Lord, were cold and sharp. However, there were traces of excitement and satisfaction in them. To be able to execute it to such an extent, it was pretty much enough. Long Chen no longer had a way to turn things around.

"You've lost. As long as I reform this Primal Chaos Realm into the Everlasting Wheel, you will be squashed into minced meat and turned into dust, forever disappearing from this world." The City Lord's voice was like a god's, reverberating throughout countless worlds!

Hearing that, everyone in Di Jun Divine City cheered!

Of course, they were also quite respectful to Long Chen, but for the sake of his dignity in the Di Jun Divine City, they still wished that City Lord Di Jun could defeat him.

The other city lords heaved a sigh of relief as well. If Long Chen won today, from now on, no one would be able to suppress him.

In the entire Dragon Sacrifice World, the strongest person had yet to reach the Divine Spirit, but didn't Long Chen, who had defeated a practitioner with a half-god body mean that he was only a step away from reaching the peak of the world?

This was too terrifying.

He's not even a thousand years old.

As a result, the crowd began to clamor.

Long Chen could hear these voices.

He was the ruler here, and under his control, Long Chen was simply unable to move at all. And the innermost world, under the control of the City Lord, was already pressing down on Long Chen!

Tens of thousands of layers were being squeezed together. If Long Chen was unable to resist, or if he did not admit defeat, if City Lord Di Jun threw his all into trying to kill him, then Long Chen would probably be crushed to pieces. It had to be said that the City Lord was also a very capable person. At the very least, the Primal Chaos Heavens were the highest under the heavens!

In this world, those who could cultivate to the body of a demigod were all absolute heaven-defying geniuses. None of them were simple characters and all of them had a terrifying cultivation history. Even City Lord Di Jun was such a person.

Long Chen was just a little bit more heaven defying than them.

Thus, when everyone made him admit defeat, he knew that the true challenge had arrived!

Today, it was a symbol of him stepping into the ranks of the top masters. To him, it was an epoch-making significance!

So how does one celebrate being at this level?

Dragon Binding Bow, Dragon Binding Arrow!

A combination of two Dao weapons with 700 Dao patterns on them!

For example, City Lord Di Jun, his sword Ruoxi and the Everlasting Wheel could not be used together, but the Dragon Binding Bow and the Dragon Binding Arrow were a perfect match, their combination could display a terrifying strength, just like how Long Chen was able to kill the Black Hell Beast in the Everlasting Dragon City!

On that day, he had relied on his true strength and willpower to pull open the Dragon Binding Bow and shoot out a Dragon Binding Arrow.

And now that he had levelled up by a level and also with the help of Li Xuanji, it was no longer a problem for him to have two Dao artifacts with 700 Dao patterns on them!

Back then, Long Qinglan used these two Dao weapons to kill the expert with a body of a half god.

And today, two golden prison dragons ignited and coiled around Long Chen, releasing an overwhelming roar, causing the entire Primal Chaos Realm to tremble!

This was a terrifying confrontation caused by the seven hundred Dao-seals!

Two on one!

When the two Divine Dragons transformed into golden arrows in Long Chen's hands, even City Lord Di Jun narrowed his eyes.

"The Primal Chaos Primal Chaos!"

His hands felt like they were holding a ball, pressing down towards the center. In that moment, the entire Primal Chaos Realm crazily pressed towards the center, its speed was so fast that even a giant beast would be squashed flat!

His strong physique and immense strength blocked this kind of pressure, he had the ability to reverse space-time and forcefully push this pressure apart. And in the process, he perfectly placed the Dragon Binding Arrow on the Dragon Bow, and then aimed it at the City Lord Di Jun who was outside of the Ten Thousand Layers World!

The golden dragon imprisonment arrow flashed with supreme killing intent!

Those were the last traces that the two Unparalleled Dragon had left in this world!

Dragon of love, imprisoning each other.

At that moment, Long Chen still had to use all of the strength in his body to fully draw the Dragon Confining Bow.

Weng! *

The moment the Dragon Confining Arrow left the Dragon Bow, the entire Primal Chaos Realm trembled. Everyone's heart trembled, as if they had once again witnessed the birth of a legend.

The shock caused by this scene was even more shocking than when Long Qinglan shot down a half-god body ranker!

The seemingly ordinary golden divine arrow tore apart the first world, then the second, the third. It pierced outwards at a terrifyingly fast speed, wave after wave, continuously blasting outwards, causing the entire Primal Chaos Realm to tremble like a deflated balloon. They had actually lost their majesty from just a moment ago!

"Break!"

Long Chen softly spat out one word.

Tens of thousands of worlds began to collapse one by one, exploding and exploding. When the Dragon Confining Arrow actually penetrated through the last layer of the Primal Chaos Realm and left through it, all of the eyes widened as they blankly stared at this scene.

He watched as the Dragon Confining Arrow pierced into the City Lord's shoulder, instantly transforming into a golden steel net, trapping the City Lord within.

This was called turning the tables!

Chapter 2229 - Conclave

The two Dragons respectively grasped the 'explosive' and the 'binding' laws.

The Dragon Confining Bow was in fact a Dragon-imprisoned explosion. It was also the legendary dragon that had caused such a disaster. The Dragon Binding Arrow was a Dragon Binding Dragon Confinement skill.

When they coordinated with each other, they could use either the Erupting or Binding Laws.

If Long Chen wanted to kill the City Lord of Di Jun, he could have used the explosive rule. But of course, he wouldn't kill the City Lord of Di Jun.

However, the Binding Book was only based on the rules of the Dragon Confining Arrow, and when this type of restriction was used, the Dragon Confining Arrow even extended out countless of metals, locking directly onto the World Tree, Heart of Rules and the Divine Palace of the City Lord, locking his body in order to resist. Now that the City Lord Di Jun had been restricted by Long Chen, he was basically reduced to nothing but meat.

Seven hundred Dao patterns of Dao magic tools were firmly locked on his body.

The originally shocking scene caused by their battle had finally come to a halt. Everything became silent. Governor Di Jun could feel the terrifying power of the Dragon Confining Arrow. Not only was he imprisoned, he didn't even permit resistance. Otherwise, the Dragon Confining Arrow could easily tear him apart!

This was victory!

Long Chen broke out of the Ten Thousand Worlds, and stood about a hundred metres away from the City Lord of Di Jun. Right now, he had broken through all threats, and was completely unscathed.

Such a scene was frozen in everyone's mind, leaving them with nothing but a blank space in their minds. They held their breaths, unable to believe their own eyes.

They could not believe that Long Chen, under the trend of absolute defeat, would actually be able to complete the turn of events and capture the City Lord alive.

Everyone waited for a long time, only to see City Lord Di Jun's face filled with grief and indignation, his entire body trembling in anger, but he did not seem to struggle free from the shackles of Long Chen's Dragon Binding Arrow.

Not only did City Lord Di Jun lose, he was also captured alive!

For a moment, this truth was like a hammer striking the heads of everyone present.

"Why haven't you managed to struggle free? Are his arrows that terrifying?"

"Earlier, the city took the initiative to use the Everlasting Wheel and Supreme Realm!"

Everyone couldn't help but discuss in a low voice.

The entire Di Jun Divine City was watching this scene and it was hard for them to accept it. The almost supreme Emperor in their eyes had actually been defeated by someone at their doorstep, and by a young man at that.

For a moment, no one dared to speak out loud.

In the past, there were many people who looked down on Long Chen and claimed that they would take revenge for him, but now, in their hearts, Long Chen had become an existence that was akin to a god.

Long Chen was neither humble nor arrogant, he retrieved the Dragon Confining Arrow from his opponent's body and gave it back to City Lord Di Jun. Naturally, the opponent's face was extremely gloomy, but after all, he was a senior in the Martial Dao and loved face.

As he looked at Long Chen, his expression became more and more gloomy. Furthermore, there were countless people discussing him on his mountain, but in reality, he had already been mentally prepared for defeat, he did not expect that it would happen so quickly.

Since young, it was not as if he had never lost a battle before, but this was his most humiliating loss.

Long Chen was waiting for his Di Jun Divine Boat.

"I came here this time purely to borrow the Emperor Jun Divine Boat to head to the battlefield of the Gods once, to investigate some things regarding my father. I hope that the City Lord can fulfill my wish. "

After all, he was taking someone else's things. Even if he won, it would be best for him to be more polite.

At this time, everything was quiet.

Di Jun suddenly looked behind Long Chen and said, "Di Sheng, give the Di Jun Divine Boat to him."

With that, he disappeared.

Di Sheng was one of his sons, Di Yu's father. A few months ago, Long Chen had fought with Di Sheng once. At that time, he had defeated this Six Paths of Reincarnation and shocked the world. He did not expect that half a year later, Long Chen had also killed Di Jun.

After City Lord Di Jun had left, a middle-aged man called Di Sheng came up. His battle with Long Chen had caused him to despair, and the results today had caused his heart to be tangled even further.

"This is the Emperor Armament." He placed a golden ball in Long Chen's hand and turned to leave.

His eyes were cold, of course.

Long Chen originally wanted to stop him and apologize for Di Yu's words. After all, this was a father, but he decided to let it go after thinking about it, this was fate. Apologizing was useless, and would instead make the other party think that he was humiliating him, and make it seem that he was a fake.

After the City Lord left, there was complete silence.

Several city lords looked at Long Chen in a daze, especially that Taiyi City Lord. Back then, he had come into contact with Long Chen at the God Battlefield. Only after that day, he definitely would not have thought that there would be a day where he would confront Long Chen like this.

Long Chen put away the Emperor Armament in his hand, then looked at the Taiyi City Lord and said, "I remember you. It seems that back then in the God Battlefield, it was you who fought against the Holy Spirit.

Taiyi City Lord's face darkened, but at the same time, he was a little afraid.

"Do you think I have fulfilled my original vow?" Long Chen suddenly asked.

"What?" Taiyi City Lord was stunned.

"At that time, I said, I will come back. And now, I have returned. I have killed the people I should have killed, but who can judge me now? "

Of course it was only to his Taiyi City Lord.

It was also a form of compensation for what he had done in the past.

At that time, he swore that he would one day return, making it so that no one would underestimate him. But today, he had done it, especially after defeating the City Lord of Di Jun.

In the entire world, it was as if a second Eternal Dragon Emperor was being born, as if a giant star was rising!

Under the blank gazes of the Taiyi City Lord and the gazes of reverence and worship of the people of Di Jun Mountain, Long Chen transformed into a ray of light and disappeared from their field of vision.

"This is already his era!"

This was what almost everyone was thinking at the same time.

Of course, the most important thing to Long Chen now was to enter the battlefield of the gods, as well as to hide those world-shocking secrets that had been hidden away throughout the long history. It was the true impact that he had unleashed in order to fulfill his father's last wish!

He had been preparing for this day for a long time!

The interior of the quiet hall was pitch black. The stars were rotating outside the window. It was obvious that this vast hall was located in the very high skies.

This was the peak of the mountain, the Hall of Emperor's Jun!

In this place, were the deities and statues of the first god, the Emperor Jun.

"I, the God Emperor, shine upon the world, I rule over all life, I am invincible in all the realms!"

In the temple, a white-haired martial artist wearing a silver dragon robe knelt on the ground and kowtowed. She kowtowed a total of 999 times. He then raised her head and looked at the divinity seat. Her eyes were filled with piety.

At this moment, the sound of footsteps came from behind him.

"Didn't I say that no one is allowed to enter?" The white-haired robed martial artist coldly said.

"Di Yao. Long time no see. " An unfamiliar voice rang out from behind him, it was a little feminine. Emperor Jun turned his head to look, it was a middle-aged man with black hair and black eyes, he wore a black robe, only his pale face was revealed, it was a pair of unforgettable eyes.

Even with Di Jun's mental state, his body couldn't help but tremble when he saw this person. He even took a step back. It was clear how nervous he was at the moment. However, he could be considered an expert who had cultivated for tens of thousands of years. He quickly suppressed his anxiety and took a deep breath, "Chen Ting, do you believe that I won't inform the Dragon Emperor of your whereabouts right now?"

"You won't. Or rather, even if you will, by the time these old fellows arrive, I will already be gone. You deserve to die too. "

The man shrouded in black robes chuckled.

"Are you threatening me?" Di Jun's voice was gloomy, her eyes revealed a fierce light.

Chen Ting shook his head and said, "That won't happen. I'm sincere in my heart. I want to cooperate with you."

Cooperation?

The eyes of the City Lord shifted, he naturally knew that the reason why the old man didn't visit was because he wanted his help, or rather, to make use of him.

He sneered, "You don't have to cooperate. I don't even know who you are? Are you Chen Ting? Is it that octopus-like monster? "

The Black Hell King seemed to have guessed that he would ask such a question. He laughed and said, "Of course I'm Chen Ting, but I'm not the one from before. I am a new self, a transformed, upward self. "

The City Lord was silent for a moment, his eyes were full of temptation, his answer was ambiguous, but he could not help but ask, "What do you want me to do?"

Chen Ting knew he would ask him.

Because, the City Lord had this request.

He smiled and said, "Very simple. First of all, we have to establish a cooperative relationship. You can rest assured, if you can obtain this opportunity, then consider it as me saving you, giving you a chance for rebirth and transformation. If you can properly cherish it, then you will have endless benefits in the future. "

"Why should I believe you?" the City Lord asked.

The Black King laughed and said: "About this, actually I have no intention to convince you. That would be too arduous, you might as well just watch. In less than a hundred years, you will truly understand."

A hundred years.

The City Lord became even more confused. In that case, what will happen in the next hundred years?

Chapter 2230 - Storm Attack

In the midst of his silence, the Black Emperor said directly, "This is the first time cooperating, I think you will be very interested. I can see the hatred and anger in your heart, you definitely want to kill that Long Chen right?"

The City Lord was shocked.

He was the one who organized the previous Devil Slaughter Conference to kill Long Chen. At that time, Long Chen did not possess such immense power. He dared to attack.

After missing that opportunity, Long Chen soared upwards, completely cutting off that chance. Even in this battle, he did not dare to truly kill.

But the moment Di Yu was born, he almost thought that the fate of the Di Jun Divine City would change. Those twenty years of Di Yu's existence were the most exciting twenty years of his life. For this grandson of his, he had spent twenty years of his life and a new name had appeared during his worship at the God Battlefield.

This news had dealt a more serious blow to him than anyone could have imagined.

However, Long Chen had escaped to the Spirit God Realm, to the Goblin Tribe.

Later on, it was chaotic star field again. With Yang You's protection, he had even more of a choice.

Until now, he had already despaired, and suppressed this hatred deep within his heart.

"You don't have to worry about those dozen or so Dragon Emperor s. They will not be their era anymore. I can't tell you the details yet. However, Di Yao, this world will change. I am the darling of fate, and now that I have brought you luck, you must grasp it. "

This sentence made the City Lord remember the Black Hell Beast from the Everlasting Dragon City.

That Black Demon Beast defeated seven Dragon Emperor s by itself, with no effort at all.

Governor Di Jun guessed that it was definitely related to Long Qinglan since it was his body after all. It was impossible for Long Chen to do this, he did not have the strength to do so.

The City Lord knew that a terrifying shadow was eroding the entire world.

"For example, the number of powerhouses of that rank in our team is countless." Chen Ting said sinisterly.

"Hmm?" The City Lord was like a cat, his hair stood on end.

He remembered how terrifying that Black Hell Beast of the Everlasting Dragon City was.

"You will understand, you will know whether I am lying or not. Now we only need you to do one thing. Didn't you hate Long Chen? "We have a way, we'll let you enter the battlefield of the gods and kill him. No one will know that you're the one who did it, do you dare to do this?"

Finally, the Black King revealed his true purpose.

The City Lord's eyes narrowed.

The enemy of his enemy was his friend.

He also hated Long Chen.

"If you think there's no problem, I can tell you the details. It'll make you absolutely safe. Of course, we'll give you enough to kill him. After all, he was already very strong now, wasn't he? In another three years, he would almost be equal to fifteen Dragon Emperor. "Therefore, this is a golden opportunity!"

Everywhere was a wasteland of mountains and beasts.

This was the Divine Desolation Ancient Earth.

The last time they came here, they were led by Su Zilan. At that time, the Nian beasts ran rampant and messed up their journey.

But this time, as long as it was a dire beast with some intelligence, it would immediately flee when it met Long Chen. Long Chen told them everything along the way that he would soon reach the Twilight Zone.

It was precisely here that he had met Li Xuanji, and he had met Di Yu.

"No one has changed much. It's just that your speed is too fast."

Li Xuanji squinted her beautiful eyes, and said to the Spirit Sea in front of her.

"Really?" I still think it's too slow. It's not enough for me to do the most important thing. " He was referring to entering the battlefield of the Gods.

"Don't worry, you will succeed." Li Xuanji encouraged him.

This was too important.

The entire Spirit Sea was engulfed in the storm, which caused a large amount of Spirit Sea's water. It was rumored that it was the blood of the gods, and had a terrifying might, so even if a tribulation of reincarnation warrior were to come into contact with it, she would probably die on the spot, let alone fall into the Spirit Sea.

In this world, there was once such a terrifying expert.

Deep within Spirit Sea, there was a blood colored tornado. After entering the tornado, one would be able to arrive at the battlefield of the gods.

Amongst the seventy-two Divine Boat, only Di Jun and the Divine Boat were able to stop the storm in the Spirit Sea, and had already brought Long Chen in before the Celestial Battlefield even started.

Long Chen's body flew through the air, and in the blink of an eye, he arrived at the side of Spirit Sea. The Twilight Zone was separated from the Spirit Sea by a line, and it was very peaceful inside, but beyond that line was the Spirit Sea.

Long Chen extended his arm and gently cut through the line, entering the midst of the Spirit Sea's storm. Instantly, the storm rushed towards him like a hungry wolf, firmly surrounding and surrounding Long Chen's finger and then desperately biting and tearing it apart. In the blink of an eye, Long Chen already felt pain, and when he retracted his finger, it was already filled with bloodstains.

"It seems that even if I fell into this Spirit Sea, I would still undoubtedly die." Long Chen said in a serious tone.

This did not make sense.

According to logic, he had already come into contact with the peak of the entire world. Such a strong being like him should not exist in this world today, but whether it was the Spirit Sea, the Black Jade Dragon Head, or even the Ancestral Dragon Cave, they were all things that could not be understood.

"Perhaps, only after becoming a god can I understand it." Li Xuanji said.

There were countless chanting and singing coming from the Spirit Sea, and it was as if goddesses were dancing in the sea. Beneath the Spirit Sea, there seemed to be giants killing each other within the sea, causing huge waves, and there was even real blood gushing out from the depths. It was a kind of terrifying blood, and even though it was separated by the line of the Twilight Zone, there was still a terrifying power that could suppress people.

Divine might!

"Let's go!"

Long Chen took out his Di Jun Divine Boat.

This was an ancient item from the inheritance of the gods. It was not an ordinary Dao item, and could only be used as a tool. When Long Chen and Li Xuanji entered, there was only a spacious area inside. The interior of the Di Jun Divine Boat was also filled with scars, but this was not what Long Chen was concerned about.

He held onto the Di Jun Divine Boat, without saying anymore, he rushed into the Spirit Sea!

A storm was brewing!

The Spirit Sea was extremely unwelcoming, and all the pressure from the storm seemed to have landed on Long Chen's body. With his cultivation, he just so happened to be able to control the Emperor Armament, and if anyone else were to rush in while riding on it, they would definitely die.

"Be careful." Li Xuanji was also frightened to the point that her face turned pale, and she couldn't help but remind her.

"Don't worry, when will I be careless?"

In the middle of Spirit Sea, when fighting against the wind and the divine blood, it seemed as if countless experts were attacking the Emperor Armament, while Long Chen wielded the powerful Divine Shield and rushed forward, breaking apart the Spirit Sea!

RUU...!

They were all monstrous waves that would strike at him and would often knock him into disarray.

Occasionally, there would be some sound of God's Blood splattering on Di Jun's Divine Boat, it felt like countless Steel Teeth Insects were trying to tear Di Jun's Divine Boat apart and rush inside. But in this situation, no matter how bold Li Xuanji was, she was still trembling in fear.

"Come here." Long Chen easily embraced her delicate body into his embrace, and flew with her through the Spirit Sea as he hugged her warm up in his arms.

"Xiao Xi told me that she might have a child."

Long Chen whispered into her ear.

Li Xuanji's charming face tensed up, and she said in surprise: "Really? That's good. You want to be a father? "

Naturally, she was sincerely happy.

"Aren't you going to be Second Mother or something?" Long Chen suddenly asked.

He sincerely looked at her. After being together for so many years, he had experienced many life and death situations, and these were all unforgettable fates, perhaps because of the difference in personality, causing him to be slightly awkward with her. Long Chen was even unable to decide on what to do internally, but at this moment, in the midst of the storm, he could not help but ask.

Li Xuanji was stunned.

Her delicate face, as well as the blank expression on it, were exceptionally captivating under the Spirit Sea's radiance.

"I ..."

In fact, she was the one who was most entangled.

"Give me some more time, will you? Now I felt a little uncertain. I don't know why, but I'm scared." she said bitterly.

She felt she should not disturb their world.

However, love was uncontrollable. When she heard about Long Chen's difficulties in Everlasting Dragon City, she ran all the way here with tears in her eyes.

Only when she saw that Long Chen was safe and sound did she act as if nothing had happened.

It wasn't her.

Long Chen and Ling Xi's relationship was extremely good. They were a match made in heaven, and it would not be suitable for Li Xuanji to stand beside them whenever she dared to.

But the desire in her heart, the love she had built up over a long period of time, and after becoming his Yin Mo and becoming a part of him, she had no way of getting rid of this man for the rest of her life.

In regards to her, Long Chen was also at a loss. He could not bear to part with this woman, nor could he tolerate anyone bullying or injuring her in the slightest, but he took care of her emotions and still chose to respect her until she refused to do so.

"Then we'll talk about it later. You won't be able to escape anyways."

It had been a long time since he had spoken so shamelessly.

Li Xuanji was embarrassed and angry at the same time. Just as she was about to speak, a huge impact landed on Di Jun and the Divine Boat, causing it to sway violently. In the process, the two of them fell down on the ground, the Di Jun and the Divine Boat were extremely tough, while Long Chen was also bleeding from the impact.

"What's going on!"

He quickly stood up, and controlled the Di Jun Divine Boat back to his control.
