

## War God 2291

### Chapter 2291 - Dragon Palace of Origin

When Long Chen fought with the two Witch, even if they did not come out from the Water of Heaven, there would still be a large movement. But after a certain period of time, the Water of Heaven had actually lost its activity, causing everyone to become nervous, was it because the battle had ended, and one of the parties had died?

If that was the case, it was very likely that Long Chen would die in battle because there were two people on the other side, so it was impossible for two people to die at the same time, right?

In a short moment, everyone's heart had been lifted to their throats, they did not even dare to make a single sound, and blankly looked at the Aurora Technique. Even the fifteen Dragon Emperor had placed their hopes on Long Chen, and Long Chen was their future hope!

Therefore, they were extremely nervous.

If either side lost and was killed on the spot, the victorious side should be able to return very quickly. However, when everyone was anxiously waiting for the results to come out, the results still didn't come.

After a full quarter of an hour passed, there still wasn't the slightest movement. At this time, everyone was no longer nervous, but puzzled. What was going on? Where did they all go? Even if she were to shake hands with him, he should have come out by now!

Fifteen Dragon Emperor s were conversing with each other in secret.

"This place is the land of the origin of the divine dragons. From ancient times until now, there have been countless miraculous things. It's possible that they have already gone to other places."

"I once read a book that there was a hidden palace in the Land of Origin of the Divine Dragons. Its name is 'Origin Dragon Palace ', and it has a lot to do with the origins of the Divine Dragons. However, there is only a name and no specific description. "

"Forget it for now, the people of the Demon Star are probably more anxious now. They only have this chance to obtain the five dragon pearls, but their people have already disappeared, and if we can endure it, once they exhaust all of their strength, this Demon Requesting Array will automatically disband, and they won't be able to transmit their power back to us again. We just need to prepare ourselves and wait for the Unmoving Devil Eyes to disappear, and then we'll directly kill Chen Ting! "

Fifteen Dragon Emperor were already prepared.

The people of the world all quieted down, waiting for the new change on the side of the Ancestral Dragon Cave. No one dared to enter the range of the Immoveable Demon Eye again, since they wouldn't be able to move even if they went in.

Long Chen indeed, in an accident this time, arrived at another starry sky.

Perhaps it was because Meng Hen had used the Sky Piercing Blade to cut open the space, but the golden hole quickly disappeared. The three of them were almost thrown into the starry sky, and the first thing they did was stabilize their bodies and move away from each other to prevent a sudden attack.

Only then did they calm their hearts and look at this strange world. This was a starry sky, but it seemed extremely ancient. The sand-like stars scattered throughout the horizon, emitting a dream-like color. Most of the stars were dark brown in color, and their radiance was not strong.

The starry sky was especially gloomy, with countless dark stars rotating in the darkness.

However, in an area in the east, there was something that instantly grabbed onto Long Chen and the two witch's eyeballs.

It was also something that deeply shocked them!

It was a palace, ancient, majestic, and shocking!

A palace floating in the middle of the starry sky, this was not strange at all. What was strange was that this palace was actually so huge, even though Long Chen and the rest were very far away from it, this palace took up almost a third of their vision.

Long Chen had once seen a gigantic beast that was comparable to the Immortal God Realm.

That might not be true, but the size of the ancient palace in front of them was probably more than an entire War God's Ancient City Realm!

It floated in the middle of the sky like a boundless continent. If Long Chen were to transform into a Divine Dragon Body and enter this palace, it would probably match up to the Dragon Slaying City in terms of human form. It was hard to imagine why such a palace would appear here.

And how did they come here!?

Long Chen looked carefully and the palace was enveloped in layers of light barriers. On the light barriers, there were countless diagrams of divine dragons moving above it, forming words. On top of the barriers, there were pictures of the sun, moon, stars, mountains and trees.

Although it had been a very long time, it still looked very beautiful.

This palace gave Long Chen a profound and dignified feeling, as well as an urge to cry. It was a feeling of belonging, of absolute certainty that this palace was related to the divine dragon, and that this was the place where the divine dragon originated. Just thinking about it made him feel even more certain that this was the Ancestral Dragon Cave!

Within the layers of light barriers, there were billions of images of divine dragons dancing in the air, as if they were recreating the glory of The Age of Dragons back then.

Long Chen's gaze passed through the layers of light barriers and saw the entrance of the palace. There was a golden signboard on top of the palace gate, although it was sparkling with light and blocked a lot of the way, but a very powerful voice in his heart told him, this palace's name is: Origin Dragon Palace!

It rotates and floats in this ancient star field.

"What is this!"

Meng Hen's steel-like voice roused Long Chen from his state of excitement, he suddenly remembered that there were two other formidable opponents beside him.

"I don't know. There might be a lot of treasures. Let's go take a look." Yi Xue's voice sounded like a young girl's. She had not recovered her original appearance. Her expression was now lifeless. There were some faint traces of blood on her face, making her look terrifying.

Long Chen stood in front of them.

"The battle is not over yet. Do you still want to explore?" In front of the Dragon Palace of Origin, it was best to not go.

"Hehe, don't you only know how to dodge? How dare you block us?" Yi Xue chuckled.

If this Origin Dragon Palace was really a great treasure, then Long Chen was their only enemy. Their thoughts were very clear, and that was to kill Long Chen at this time.

"Yi Xue, attack together! Kill him as soon as possible!"

Meng Hen held onto the Sky Piercing Blade and turned into a dark red ray of light. Yi Xue followed right behind him as her bloody eyes rolled about, her hands pulling on the ten illusory blood-colored threads. The blood-colored threads were actually as hard as steel needles, and could extend to hundreds of meters.

"Bewitching!"

"Absolute Killing technique!"

This time, the two devils attacked at practically the same time. Without Li Xuanji's help, Long Chen, who was unable to kill the Black Underworld Beast with his current strength, instantly faced a huge pressure from all these. He did not dare to be negligent, and the only thing he could rely on was his life force, which could protect him from dying!

One hand was the God-Slaying Sword, the other was the Myriad Death Claw!

Strength, beauty, the temptation of power, and even a kind of vibration of the soul, formed a wave that struck Long Chen's primordial spirit. The surrounding blood-red threads swept across the entire area like an ocean, and as they swayed, all kinds of illusions and tens of thousands of scenes assaulted their faces, causing Long Chen to nearly drown in them in the blink of an eye!

It was as if he had experienced a lifetime in a single moment.

This was the terror of Yi Xue.

"Calm your mind."

Long Chen's Great Void Cosmic Dragon was strong enough, it allowed him to avoid all these disturbance. However, this was only to a certain extent, if it was only Yi Xue herself, she would definitely not be able to do anything to Long Chen. However, with this dream mark, it was hard to say!

This was the pinnacle of close combat techniques, and it was even more brutal than the Killing Sword Technique. Fierce, violent, like a torrential storm, she was able to completely display Meng Hen's steel body. Along the way, she completely suppressed Long Chen, almost taking his life with every move, so Long Chen could only rely on the Myriad Death Claw to resist!

What he could be sure of was that his human form would definitely not be able to defeat these two!

Ding!

With a crisp sound, Meng Hen's Sky Piercing Blade brushed past the God Slaying Sword and pierced into Long Chen's shoulder. Just as she was about to advance horizontally and directly chop off Long Chen's head, Long Chen suddenly turned into a dragon and struck his opponent away!

After Dragonforming, he had lost part of his agility, but his Ancestral Dragon Art and flesh had become much stronger!

"The Tempest of Time!"

The Great Void Cosmic Dragon roared.

His target was not Meng Hen but Yi Xue. In terms of flesh, the Meng Hen was a monster that was hard to injure, so he could only attack Yi Xue. As long as Yi Xue was severely injured, without her help, Long Chen would be able to deal with this steel girl easily!

Weng! \*

The storm of time turned into a torrent that crashed into Yi Xue's body.

BOOM!

A transparent light barrier appeared on her body, protecting her, it was obviously a defense type of Dao Artifact. As expected, the opponent had made preparations, defending her from any aspects that were weaker, but Long Chen's attack was also not so easy to defend against. At least, it sent Yi Xue flying, allowing her to temporarily leave the battlefield!

Meng Hen rushed forward again!

"Ten Thousand Deadly Claw!"

Divine Dragon Body s were the most powerful claws!

This time, the huge claws and Meng Hen's Sky Piercing Blade clashed, producing a loud and clear sound. Meng Hen, who had a tyrannical body, was defeated on his first try, and was also sent flying by Long Chen's Divine Dragon Body.

However, Long Chen realized that killing these two fellows was even harder than ascending to the heavens.

The other two also seemed to have discovered this logic.

At this moment, Yi Xue's eyes regained its clarity and her entire person had returned to its former adorable state. She blinked as she looked at Long Chen and grumbled, "Little big brother, you really don't know how to care for a woman and make her hurt so much."

Long Chen did not speak and turned into his human form, and said: "Since no one can do anything about it, let's first figure out where we are, and how we can leave this place. Or if there's no other way, let's go take a look at that mysterious palace."

Yi Xue looked around and said excitedly, "Alright, no matter who it is, let's go to that palace. There must be a lot of fun there. However, if there were treasures, how would they be distributed? For me? "

Long Chen replied, "Whoever dies will inevitably belong to someone else. "If I die, I'll just treat it as me giving it to you."

#### Chapter 2292 - Gravitational Stars

Meng Hen was a cold-blooded killing machine on the Demon Star, and Yi Xue was cunning and even more frightening. Long Chen would not let his guard down just because she looked sweet and beautiful.

In these two battles, neither side was able to do anything to the other, and the mysterious palace was right in front of them. After a few words of discussion, they decided not to kill the other party, and instead decided to approach the palace first.

This was the palace that appeared around the Ancestral Dragon Cave, and Long Chen had already seen the name of the palace, Dragon Palace. It must be related to the Divine Dragon. As the successor of the ancestral dragon-inherited blood, if there was danger here, then the two of them should be even more dangerous.

After all, life and death might not be decided if they continued to fight here.

As for the outside world, the fifteen Dragon Emperor's and Black Hell Beast were currently under the control of the Demon Star's experts. The two sides were currently fighting each other for a long time, and should not be in any danger.

Of course, Long Chen didn't know how to leave either.

"What exactly is this place?" The Origin Dragon Palace? What could be inside? Has my father been here?  
" Long Chen couldn't help but think.

To be honest, being able to come here should only be a coincidence.

Right now, he and the other two were closing in on the Origin Dragon Palace at a slow speed. Neither side was too fast, and once someone attacked first, it would be the time to compete in speed.

However, it was clear that neither side was in a hurry.

In the starry sky, Yi Xue blinked her big and shiny eyes. Her fair and tender skin glistened under the starlight. Her voluptuous figure was rather attractive and looked extremely soft. It was on opposite ends from the steel-like girl's dream mark.

Her voice was very sweet. As she hurried on her way, she said tenderly, "Little big brother, you are really outstanding. Even I can't help but be tempted. Or you can just join us, and we'll definitely speed up your progress. In time, it's not impossible for you to dominate our Demon Star. "

Long Chen's gaze was still on the Dragon Palace, which was growing larger and larger as it got closer. It was indescribable just how vast and vast this place was. It was like an endless continent floating in the starry sky, with no borders to be seen. The continent was flat, but the Dragon Palace of origin was at least a million miles high!

The close proximity of the three people was like a speck of dust that could not be seen at all in the entire Origin Dragon Palace.

Although they seemed to be close to each other before, there was actually a long distance between them. This was the principle of watching the mountain and running a dead horse. During the process of advancing, they would constantly pass by some strange stars, some of them were even the size of chaotic star field's planets.

Such a huge planet, in the surrounding area of the Origin Dragon Palace, there were more than just tens of thousands, the chaotic star field actually only had around a hundred planets.

The closer they got to the Origin Dragon Palace, the more vigorous and solemn Long Chen felt in his heart. This was a sacred place, and belonged to the Dragon Fighter. Furthermore, Long Chen was very worried that the arrival of the two people from the Demon Star Realm would tarnish this place.

Yi Xue had been talking seductively beside him. She was nearing the Origin Dragon Palace. The three of them were all looking forward to what kind of fortuitous encounter they had here, so they must definitely want to get rid of the other party as soon as possible. Especially Long Chen;

In actuality, Yi Xue's chattering along the way was a form of attack.

Just when she was close to the Origin Dragon Palace, she made a move once again. While she was constantly tempting and hinting in her heart, the countless fine red lines on the fingers of her hands spread all over Long Chen's surroundings. Now that she was making a move, tens of thousands of thin lines completely bound Long Chen in that instant!

"Soul control!"

With his primordial spirit being controlled, his physical body would also become very difficult to move. Yi Xue's soul-controlling technique at the pinnacle, compared to when Long Chen used Spirit Devouring Demon Pupil before, was simply a million times more powerful. In that short moment, Long Chen who was formed from Yi Xue's energy was able to control the thread!

In the next moment, Meng Hen who was already prepared turned into a steel body, in the blink of an eye, he was already in front of Long Chen, with a seemingly simple punch, he struck Long Chen's head, if he got hit, he would probably die on the spot!

In truth, Long Chen was guarding against them too!

"Spacetime reversal!"

The power of Great Void Cosmic Dragon!

Right now, it was the Great Void Cosmic Dragon that was trapped by Yi Xue. Just as the threads made contact with his eyes, the Great Void Cosmic Dragon released this sacred art, which contained the greatest amount of space-time reversal energy. The moment the soul-controlling power made contact with the Great Void Cosmic Dragon's primordial spirit, it was immediately reversed!

When Meng Hen's punch came, the reversal of time and space also forced her back. Long Chen took the chance to quickly change positions. With dragon scales covering his body and Ten Thousand Death Claw on his dragon claws, he pounced towards Yi Xue with extreme speed!

Yi Xue did not expect to fail after preparing for such a long time. It was just that she had a defensive device, so she was not too worried. There was still Meng Hen to catch up!

If he hit Yi Xue, he would also be hit by Meng Hen from the back.

However, he had rushed past Yi Xue and rushed toward the Origin Dragon Palace as fast as he could. This was his real goal. It would be difficult to defeat them, so he might as well get close to the Origin Dragon Palace to see what he could gain.

"Chase!"

The two girls twisted their bodies and flew across the river to catch up, but since the three of them were equally fast, and Long Chen had seized the initiative, it would not be easy for them to catch up.

"Damn it!"

Meng Hen was so angry that blood almost dripped from his eyes.

Long Chen paid attention to their movements as he looked at the Origin Dragon Palace in front of him. Looking at this sacred palace, he swept past the planets, quickly approaching the resplendent Origin Dragon Palace.

At the start, Long Chen did not notice that a black star had appeared in front of him. It was not very big, its largest area was probably equivalent to one-twentieth of Sky Dragon Star, and after all, it was currently fighting against the Twin Demons for every second, competing in terms of speed.

His speed was extremely fast. In the blink of an eye, he would be able to pass by the black star, as did the two pursuers.

At this moment, a terrifying suction force came from the black star, or rather, the planet's gravity!

could still resist with his normal strength in the middle of the sky, but this black star was definitely a strange one. In that instant, even though he exhausted all his strength, he was still sucked in and smashed into the black star in an arc.

Even though he did not die, he still suffered from direct injuries, his entire skeleton was on the verge of breaking apart, and even if he was on this black star, he would have to bear the most terrifying pressure. If not for Long Chen hurriedly using his Life Fire, he would probably have collapsed by then!

"This is it!"

The ground was extremely hard, surpassing even steel, it was almost the same as Meng Hen's body. This was a pure steel planet, with a terrifying gravity, it was barren, and not a single blade of grass could be grown. The area it covered was not too big, if it was normal, Long Chen would be able to complete a full circle around the star in a few breaths of time, but not now!

Right now, it was extremely difficult for him to even stand up. It would probably take at least a month to go around in a circle.

Now that he had the combat strength to fight a Demigod body martial artist, he was suppressed by this gravity star. From this, it could be seen just how terrifying the gravity of this star was.

In this sort of situation, there was no way to get close to the Dragonblood Palace at all!

However, what comforted him was that not only him, but even Yi Xue and Meng Hen had smashed into the star. The two of them were in a much worse state than, especially Yi Xue whose flesh was relatively weak, so when she was attracted by the black star and smashed into it, the spirit equipment protecting her was shaken up severely, to the point that it almost crumbled. Just like Long Chen, she was also smashed into pieces.

Beside him, Meng Hen's condition was slightly better. However, his steel-like body was almost smashed into the ground.

"There are black stars like this everywhere. Given my current abilities, I won't be able to enter this place at all. I have the advantage of using the fires of my life. Now is the best time to deal with them.

Long Chen made his decision in an instant.

"Yi Xue!"

Meng Hen struggled to stand up from the black star. Beside him was a pool of blood. Yi Xue collapsed onto the ground, the light in her eyes almost disappearing.

"I have no choice but to lie down!" Yi Xue's mouth was filled with blood as she said in an intermittent manner.

"Damn it, what the hell is this thing!?" Long Chen! " Meng Hen was in an unprecedented berserk state. She was the witch, and just like Mo Xiaolang, she was bewitched at this moment. Her eyes turned blood-red, and the killing intent from her dark red steel body became even denser!

Clang clang!

With every step he took, a loud sound was heard.

Long Chen endured it with his flesh and blood, igniting his fire of life at any time. In his opinion, Yi Xue did not need to be dealt with, he only needed to subdue Meng Hen. If necessary, he would kill them. Although they were all great beauties, they were the people of the Demon Star!

There was no room for soft-heartedness.

However, what surprised him was that even if she was lying on the ground, Yi Xue had undergone a huge change. Her expression was lifeless once again, like a cloth doll with eyes like a sea of blood. The two of them screamed out hoarsely, brimming with murderous intent and even lost consciousness.

It was destined to be a tough battle on this black planet.

Every single movement was extremely difficult to execute.

Under their bedevilment, it didn't seem like an easy task to win.

Seeing their bewitched state with his own eyes, Long Chen did not want to fight anymore. It wasn't that he was afraid, but he wanted to see how long they could last in this situation. He had seen Mo Xiaolang in this state before, and normally, he would have the power to break past his limits during this period of time.

Just as he was about to make a move, he suddenly retreated and said, "Since you were injured, I'll let you off this time." Think about how to leave this black star. "

With that, he slowly left the place.

He just wanted to soften the situation and find a more suitable opportunity. More importantly, he discovered that although the gravity here was quite terrifying, there was one advantage to it. The more he tried, the more he would be able to suppress his power.

Meng Hen initially wanted to chase after them, but after chasing for some distance, he realized that Yi Xue was still at her original location. He could only return to her side.

Yi Xue was still resisting the gravity of the black star. Honestly speaking, she had no other choice. She could not even stand up, much less leave.

Beside him, Meng Hen was circling around him. Clenching his fists tightly, he hissed, "I'm going to kill you! I will kill you! "

She raised her head countless of times to look in the direction Long Chen had disappeared in. She wanted to head there but could not bear to leave Yi Xue behind. While she was still unconscious, she kept repeating this process.

It seemed like he had yet to awaken from this state.

Yi Xue was of no use as well. She continuously pressed her hands against the ground, trying to prop her nearly shattered body up. However, she could not do it. Every time she did, she would heavily smash into the ground.

Long Chen watched from afar for a while, but he was actually relieved.

"These two guys are quite interesting. After being enchanted, their IQ will drop, but they can still be together. So these are sisters?"

It could be seen that their relationship was very deep. Judging from their looks, they should be sisters.

Seeing them acting this way, Long Chen was relieved. He continued walking until he reached a corner that was hard for Meng Hen to find. Then, he started to cultivate. He had tried many times, and it seemed hard to resist the gravity of the planet with his present strength.

"Then, I can only give it a try."

Their target was the late stage of the Five Elements tribulation of reincarnation.

Originally, Long Chen thought it would take a month to reach this level. However, with this kind of special environment, Long Chen believed that he would definitely be able to increase his speed and break through this barrier.

"It should be faster. I wonder how the situation outside is ..."

Under the attraction of gravity, this process became extremely difficult. He needed a strong willpower to persevere, but it was precisely because of this difficulty that brought him a certain amount of help, allowing him to become more proficient at forging this power!

Amidst the starry skies, the five elemental energies were gathering towards him.

The five types of source energy formed five large rivers that flowed unceasingly within his body. From time to time, new powers would join in!

Although it was difficult, and was even constantly resisting the gravity, the effect was still twice the result. This further stimulated Long Chen's enthusiasm, and without caring about the passage of time, he started to go all out, charging towards the late stage of the Five Element tribulation of reincarnation!

As time passed, more and more he accumulated. This starry sky seemed to be barren, but in reality, it was the opposite; this place had the purest source of energy of the five elements, and it was also the

purest, with a density that was more than ten times that of the outside world. And it was precisely because of this, coupled with the help of gravity, that in these five days, Long Chen had already touched the edge of the tribulation of reincarnation of the five elements!

When Li Xuanji was around, he had once easily killed Tianmu Emperor.

Once she left, his battle prowess fell back to the point where he could only maintain a stalemate with the Tianmu Emperor. Now that he had broken through, it was a perfect opportunity for him to return to his peak condition! At this point, if Li Xuanji could still return, he reckoned that she would need to rush up the Nine Palace Calamity!

Long Chen was in a bit of a daze, and did not expect himself to complete his second goal in the blink of an eye. The first goal was to marry Ling Xi, which was about to be the peak of Dragon Sacrifice Continent, and the second was to redeem his father's reputation. Now that his goal was nearing completion, it was about time for him to rush to the peak of the Immortal God Realm!

In the future, there might be a new goal.

But right now, he only wanted to complete this crucial task before his eyes. These two women from the demon star must have experienced what happened to Long Qinglan back then, so they must know some of the details. Not only did Long Chen want to defeat them, he even wanted to subdue them!

Let them say what they want to know.

It was just like the battlefield of the gods. In the past, the people only knew that Long Qinglan wanted to destroy the battlefield of the gods, how could they have known that there was such a thing as the Primordial Divine Conducting Technique?

What he relied on was naturally the sudden increase in his strength this time around.

With the increase in his strength, his ability to resist gravity had increased by a lot. He gave it a try, and perhaps he could already escape the gravitational pull of this star.

The first time he and Yi Xue fell so badly was because he did not expect to be caught unprepared by the gravity.

"It's been five days, are they still in the state of bedevilment?"

Long Chen went back the way he came from. Now that he had completed his breakthrough, it was about time for a decisive battle with them. Before, his strength had not reached its peak. No matter how he fought, he was still sullen, especially with the two of them working together.

On this black planet, all one could do was take one step at a time.

After a quarter of an hour, Long Chen returned to his original position, and his falling speed was much faster than before. Just as he returned, he saw that the other two were still in a bewitched state. Yi Xue could still only lie down and the injuries on her body had not yet healed, probably because she had sensed Long Chen's arrival once again. A crazed killing intent flashed in her eyes.

There was no need to mention Meng Hen.

Her sharp, blade-like nails had already been formed, her right hand was holding the Sky Piercing Blade, her eyes were red like a tiger staring at Long Chen. Compared to them in their normal state, they looked crazed and sinister.

Without saying a word, Long Chen's entire body was covered with dragon scales, both of his hands had turned into dragon claws, on top of them had transformed into ten thousand death claws, this was his killing move! After completing this step, he stepped on the ground step by step, increasing his speed, and unexpectedly, an afterimage ran out from the black star, and pounced towards Meng Hen!

Meng Hen was barefooted as he stepped onto the black star. Similarly, he also attacked. This time, her speed was slightly inferior. But in such close combat, her speed was actually crucial!

Of course Long Chen would not dare to forget Yi Xue!

The Myriad Death Claw and Sky Piercing Blade clashed. Long Chen relied on his speed to quickly shake off the enemy in this close combat battle and arrived behind Yi Xue in the blink of an eye. Right now, their battle looked very funny, simply too slow, like a battle between children.

The first target was, of course, Yi Xue.

Long Chen pressed his knee against her soft waist, the Ten Thousand Claws instantly pressing down on her head, lifting her head up to shield his eyes. He believed that even if Meng Hen was in a bewitched state, he would still stop.

Sure enough, Meng Hen quickly retracted his hand. Even so, her Sky Piercing Blade had almost torn Yi Xue's neck apart.

Although this scene seemed simple, it actually contained an enormous killing intent.

Just at this moment, Yi Xue struggled to turn her head. The sea of blood in her eyes surged and rumbled as she charged towards Long Chen. It was as though her pair of eyes had reached out a hand and directly stabbed it into his head!

"Soul Stealing!"

From bewitching to controlling souls, to seizing souls!

He could guess that this Soul Stealing was Yi Xue's true killing move.

This move was very terrifying, and her soul force immediately turned into a hand that dove into Long Chen's sea of consciousness, directly grabbing towards the Great Void Cosmic Dragon's primordial spirit. Furthermore, the timing of her attack was extremely correct, as it was the counterattack Long Chen used to control her!

"Spacetime reversal!"

In reality, Long Chen was also defending against her, so the moment he realized his attack, the Great Void Cosmic Dragon used a reverse flow of time to block the hand that was trying to snatch his soul. It was just that Yi Xue was fighting against Long Chen with all his might, he might not even be able to block the reverse of space and time!

The Ten Thousand Deadly Claw directly stabbed into the opponent's beautiful head, instantly causing Yi Xue to let out a painful scream when the five types of massacre energy charged in, the attack of Soul Stealing automatically dissipated, the fatal move was resolved by Long Chen, and the power of the Ten Thousand Deadly Claw made her injuries even more severe, and now even her life was restricted by Long Chen.

Immediately after, Yi Xue collapsed into Long Chen's embrace after being heavily injured. The blood color in her eyes gradually faded and they turned black instead of dark red.

Currently, she was heavily injured to the point of unconsciousness, and the power of the Thousand Claws was still wreaking havoc in her body.

But at this moment, Long Chen's intuition told him that Yi Xue seemed to be different. From her dark red eyes, to her sea of blood when she was bedeviled and finally to her black eyes.

Of course, Long Chen did not dare to be careless, so he knew that this was a trap.

She pounced on him like a cheetah, unleashing speed that surpassed her own limits. Her body of steel was even being torn apart, but she did not mind that as she directly pushed Long Chen away, allowing Yi Xue to fall into her arms.

"Damn it!"

Her steel hand caressed Yi Xue's face and placed her on the ground. The blood sea in her eyes churned as though there were countless demons roaring, and under her long black robe, her sharp and slender fingers spread out. She turned into a red light and pounced towards Long Chen once again!

Chapter 2294 - Troll Will

When Yi Xue had been severely injured by Long Chen, Meng Hen's vicious aura had increased. At the same time, his madness and battle power had increased!

It was so much so that she could endure the fact that after breaking through that gravitational force, her body would rupture and she would be able to strongly go against Long Chen. It was just that Long Chen possessed the flame of his life, but she did not!

Sky Piercing Blade activated Absolute Killing Strike!

Long Chen held onto the God Slaying Sword with one hand, using the Killing Sword Technique to resist. Under such a strong gravity, the speed of the Killing Sword Technique couldn't be fast, but because of the fast speed of the sword, it was still very easy to block the opponent's Absolute Killing technique.

Especially since Long Chen had already broken through to the late stage of the Five Elements tribulation of reincarnation!

On the other side, the Ten Thousand Deadly Claw was still fighting with Meng Hen!

This black-clothed, steel-like girl had extremely terrifying close-combat abilities and could transform into a thousand different things with just a casual attack. If not for the restrictions on this planet, it would be even more difficult to deal with, especially in a situation like this where she was bedeviled!

Rip!

Relying on his speed, Long Chen used the God Slaying Sword to block the opponent's Sky Piercing Blade, the Death Claw on his left hand swept past his chest, and with the Death Claw deeply embedded into his chest, it was almost able to tear the opponent's steel body apart, this seemed like it did not understand how to care about women, Long Chen of course, wanted to care about women too, but when his opponent was the dream scar, he did not dare, because her entire body was made of steel, so it was unnecessary for him.

No matter what, after her strength had a breakthrough, especially when she was on this Gravitational Star and was protected by her fire of life, Long Chen easily gained the upper hand and injured Meng Hen. But to her, perhaps she would not stop until she was killed!

"Steel Shencheng!"

At this time, she once again charged towards Long Chen with killing intent. She stretched out a hand, allowing Long Chen to instantly feel the danger.

In the blink of an eye, the surrounding space had been completely sealed off, piling up around him. The place which surrounded him and Meng Hen was basically a city formed out of steel!

They were completely trapped here!

"Withdraw!"

Seeing the space around him becoming smaller and smaller, and Meng Hen almost melting into the steel itself, Long Chen calmly wanted to cut a path through it with the God Slaying Sword, but he quickly discovered that even against Meng Hen's ability, the God Slaying Sword seemed to be ineffective!

If this went on, Meng Hen's plan was to squeeze him into a meat patty!

The Steel Shencheng was approaching menacingly, gathering almost all of Meng Hen's power. In this critical moment, Long Chen chose to turn himself into a dragon on this planet of gravity. This was also a helpless action. Although the dragon had greater attack power, on this planet of gravity, the massive body would probably need to withstand an even greater force!

He could make a quick change.

To transform into a dragon in such a narrow space was to be able to tear apart this place!

Long Chen immediately unleashed the Myriad Death Claw and pounced on the Steel Shencheng. This was an attack that contained all his energy and finally shattered the Steel Shencheng, allowing him to rush out and return back to his human form.

He had been able to escape!

However, it was still a close call. If he was one step slower, Meng Hen would have been crushed to death. When he thought of his opponent's tough and delicate body, he could not help but shiver.

Under all these circumstances that were disadvantageous to her, in her fight with Long Chen, she very quickly landed on the ground. This time Long Chen used the same move as before and directly used the Myriad Death Claw to grab onto her head. Under the onslaught of the killing intent Primordial Spirit attack and the four types of furious energy, Meng Hen also fainted, landing heavily on the Gravity Star.

However, before she fainted, Long Chen saw that her eyes had once again turned black, and her steel body had turned back into a soft and tender body. Covered in a tattered black robe, the spring sun shone brightly.

Now that the two of them had fallen at his feet, Long Chen no longer had any intentions of killing them. As for why he didn't follow his original plan and immediately kill them, the first reason was because the black eyes that they had used before they fainted made Long Chen a little suspicious, and the second was that he wanted to see if the two beauties knew anything about Long Qinglan.

Now, not only were they injured, they had even fallen unconscious. Their eyebrows were furrowed, their bodies were thin, and their bodies were covered in blood. It was quite a pitiful sight to behold. It was hard to imagine that one cunning and one cold witch would have such a pitiful appearance.

Long Chen did not waste time and immediately chose Yi Xue and Meng Hen, who were easier to deal with. He separated Yi Xue and Meng Hen, making his lie flat on the surface of the gravity planet, and transferred the life flame in his hand towards the other party's head, the life flame ignited Yi Xue's vitality and allowing her injuries to quickly recover. At the same time, Long Chen was also preparing his other hand, which should be dragon claws still pressing onto the opponent's goose-like white neck.

Even though beauties were beauties, if they wanted to communicate with them, they would have to depend on whether they lost their lives or not.

Under the embrace of the fire of life, Yi Xue's injuries quickly recovered. Her thick, black, and perky eyelashes trembled slightly, and then she opened her eyes. Right, what Long Chen saw was a pair of black eyes, pure and natural.

Long Chen used more strength in his hands and pushed her down to the ground, saying in a deep voice, "You have already lost, be a little more obedient."

What surprised him was that Yi Xue did not resist. She looked at her in a daze and suddenly used her hands to cover her head. Her expression looked painful as she moaned softly, "It hurts a little."

Long Chen was worried that it was all an act, so he didn't pay much attention to it.

At this moment, Yi Xue shook her head slightly. Her big black eyes looked at Long Chen with a hint of fear in her eyes as she said, "I remember who you are. I remember everything, but what about Meng Hen?"

"Don't worry about her. If you answer a few of my questions, I can let her recover. Otherwise, with her current injuries, she can only wait for death." Long Chen said.

"Ah ..." Yi Xue was stunned as tears immediately welled up in her eyes. She looked at Long Chen with her watery big eyes and said, "Can you please don't hurt her? "No matter what you ask, I will promise you."

From her expression, demeanor and movements, Long Chen could tell that she seemed to be slightly different from before. This made Long Chen suspicious, was this the real them?

Before he could ask, Yi Xue said nervously, "Actually, I know what you want to know. This is the secret of the demon star. Before, you saw that our eyes were dark red at the beginning. This means that we are no longer under control. It seems that your one claw was able to let us sisters escape the control of the ancient Giant Demons. Heavens! "

She looked at Long Chen in disbelief. That look of shock and astonishment, with her small mouth slightly opened, was miles away from her previous cold-blooded fighting appearance.

"The control of an ancient Giant Demon?"

Long Chen was puzzled for a while. In fact, he wanted to ask Long Qinglan a question, but it should be related to what she said. It was obvious that he would be able to find many secrets soon, so he calmed down and asked, "Tell me in detail what the control of this Ancient Giant Demon is all about. If your answer is satisfactory, I can restore her. "

Yi Xue hurriedly nodded her head a few times. With a sweet voice, she said, "You saved us. I'll tell you then. The Demon Star was the place where the Ancient Giant Demons were sealed. The Ancient Giant Demons were sealed by the Archaic Gods and would never be able to come out. But they have a terrible will, and they can influence us. Magic Star Seal is the outermost seal which sealed them. "

As she spoke, her tears fell. Long Chen used a little of his life force to stop Meng Hen's injuries and allowed her to slowly recover. He said to Yi Xue, "You can continue."

Yi Xue's face revealed a grateful expression as she said, "It's like this. The outermost layer of the Demon Star's seal can't be entered or left. As for us who are on the Demon Star, we might as well be the puppets of an ancient Giant Demon. We have fallen into the Path of Demons in this world, and have been ostracized by the people of the world. But that place is our nightmare. The cultivation method we cultivate, those who pursue freedom and ignore the Heavenly Dao, were influenced by the will of the Ancient Giant Demons, and this time, it is also the Ancient Giant Demon that is controlling us in our sleep, wanting to come into contact with the Demon Star's outermost seal. Let the Demon Star Group come out, and then search for something to break this seal. "

Hearing Yi Xue's words, Long Chen finally understood what kind of place the Demon Star was.

The ancient Giant Demons were similar to gods in that they actually existed. They were both sealed in that place.

The demons on the demonic star were actually under the control of the ancient Giant Demons? From what Yi Xue had said, the ancient Giant Demons should be evil. Demons under control should be the same as Yi Xue and Meng Hen from the start. It did not look like what Mo Xiaolang looked like after defeating the Inner Demon. They were trying to think of a way to break through the outermost seal of the demon star, then come out to search for a way to release the ancient Giant Demons ...

Since Yi Xue had told him such a hefty piece of news, he was sure that she had escaped the control of the Ancient Giant Demons.

Chapter 2295 - The Demon Star's Truth

"Can you restore Meng Hen now?" I beg of you, she's my only kin. If you can get me out of the Ancient Giant Demon's control, you can definitely make her the same as me. Long Chen, I beg of you ... "

Yi Xue looked at Long Chen anxiously.

Seeing that her eyes were still glistening with tears ...

Long Chen suddenly thought that these two people were probably not young either. However, on the path of cultivation, as long as one could maintain an extremely exuberant state of progress, age was not really that important.

At least for themselves, they were still young.

He remembered that when he lost consciousness, his eyes had also turned black.

This made him feel more at ease. "After I wake her up, I still have a lot of questions to ask you."

Yi Xue nodded her head like a chick pecking rice grains and said gratefully, "You have saved us all. You are the benefactor of us sisters. We will definitely tell you everything we know!"

Just like that.

With the flame of his life, Long Chen placed it on Meng Hen's body and burned it. The wounds on her body quickly healed and her injured skin returned to its perfect state.

Long Chen still made some preparations.

At this moment, Meng Hen suddenly opened his eyes.

It was black.

She immediately jumped up and vigilantly scanned her surroundings. The first thing she saw was Long Chen and Yi Xue, and she swiftly stood in front of Yi Xue. Her pitch-black eyes that were filled with killing intent stared straight at Long Chen, as she asked in a low voice, "Who are you?"

Yi Xue hurriedly hugged her from behind and whispered into her ear with a smile, "Meng Hen, you've already left. Who cares who they are? Wear your clothes quickly and we'll be seen by everyone."

"Hmm?"

Meng Hen lowered his head to look and his expression immediately became strange. Anger, embarrassment, and a shyness he had never felt before were all there. She moved quickly and in the blink of an eye, blocked his view.

In the process, she seemed to recall everything that happened before. She frowned in disbelief as she looked at Yi Xue and said, "Yi Xue, did we escape the control of the Ancient Giant?"

"Yes, Meng Hen, we are free!"

Yi Xue wrapped her arms around her waist as they hugged each other tightly. The proud curves of their chests were all squeezed and deformed.

However, she bit her lips and wiped her tears away. She then pulled Yi Xue out of her embrace and looked at Long Chen, saying, "Previously, there were a few battles, but it wasn't our wish. But now, by some strange coincidence, you saved us. Thank you so much!"

From the looks of it, his decision was not wrong.

"Meng Hen, he is our benefactor. I have to tell him everything I know." Although Yi Xue had fully recovered and was no longer in a seriously injured state from the start, it was still not easy for her to move about on this gravity star. She brought Meng Hen to sit on the star and waved at Long Chen, "Come over here."

Long Chen obeyed and sat down beside them.

Yi Xue smirked and said, "Hey, you've seen all of my Meng Hen. Are you responsible now? You can be the first one to disrespect her."

Meng Hen's body tensed up as he shouted angrily, "Yi Xue!"

"Alright, hee hee, you old lady who no one wants." Yi Xue laughed. Seeing that Long Chen did not have any reaction, she felt bored and said, "Ask away."

All of Long Chen's thoughts were focused on the matters of the devil star, so even if there were two beauties, it would still be very difficult to distract him. He had struggled for so many years just to know more now, so he asked: "You should all know about my father's matters. I want to know, why did he break the seal on the devil star back then, and bring all of you controlled devils over to the Dragon God Domain? I hope you can explain the details clearly. "

"Let me think about your father's matter?" Yi Xue tilted her head.

"I know." Meng Hen suddenly said.

"Then you tell me." Yi Xue giggled.

"Yes." Meng Hen looked at Long Chen and said, "Back then, your father should have reached the pinnacle of tribulation of reincarnation, and it could be considered the realm of a half-step Divine Spirit.

He was only half a step away from becoming a Divine Spirit and was invincible in the world. Finally, he arrived at the Dark Star. The outermost seal of the demon star could only be entered, it could not be exited. Other than the desperate devil, no one else would dare to go in, but he did. "

Long Chen listened carefully.

Meng Hen continued, "After entering, of course we encountered the ancient Giant Demon race's will that controlled us. We originally sought the path of freedom, and wanted to borrow a method that didn't require us to cross Eighteen Major Tribulations to become a god. However, under the influence of the Ancient Giant Demons, we became their puppets and became devils. Of course, there is a time limit. The ancient Giant Demons will wake up one after another. The name of the ancient Giant Demon that affects our will is ' Qu ' . "

"'Qu' will awaken once every tens of thousands of years. Before he does, he will affect almost everyone on this planet with his will. Actually, you don't know it, but we also have descendants on the demon star. Most of the descendants do not practice the demonic path, but no matter what cultivation method we use, we will still be affected by Qu. Become its puppet. Yi Xue and I were born on the Demon Star, but we chose to become bedeviled because only bedeviled can we avoid Eighteen Major Tribulations and have an eternal life. It is equivalent to becoming gods! Of course, it's not easy to be bewitched, so Yi Xue and I are the lucky ones of the Demon Star. "

He did not mention anything about Long Qinglan yet, but Meng Hen was not the type of person who liked to talk nonsense.

It is precisely because every tens of thousands of years, sometimes every ten thousand years, sometimes even every few thousand years, that Qu Hui will awaken. Therefore, at a certain time, there will be some new life forms on the demonic planet that are as normal as the ones we have now, or that will naturally awaken from the control of Qu'an. When your father arrived there, it would be the time for the controlled faction to fight the awakened faction.

Next was the end.

Long Chen absolutely believed that Long Qinglan was not someone who would cause trouble intentionally. His goal at the beginning was to find a way to become a god.

"In actuality, your father completely recognizes our cultivation methods. It's just that our auras are similar to those of the Ancient Giant Demons and have a common origin that sent us to the Demon Star.

He cared for those who had awoken and helped them fight off their opponents, becoming good friends with them. Then, it seems that the Eternal Dragon Emperor heard the Awakening Bloodline's pleas for him to bring them away from here and truly obtain their freedom. At that time, all the people from the Awakened Bloodline knelt on the ground, begging for his help. "

It could be seen that Meng Hen respected Long Qinglan a lot.

Long Chen could also imagine how conflicted he must have been at that time. He could see so many people begging him to save them, begging him to grant them freedom and to let them leave the Demon Star. The other thing that he was worried about was that they would get out of the way and bring danger to others.

"In the end, he agreed, right?" Long Chen said somewhat woodenly.

"Yes, he is great. He told the fifteen Dragon Emperor s that he had researched the path of becoming gods with some of his friends on Demon Star, and convinced the fifteen Dragon Emperor s to obtain the five dragon pearls. In fact, he just wanted to help us get us out of this hell. I forgot to tell you, although the Demon Star's seal can only be entered and not exited, it can't block the Eternal Dragon Emperor. He can enter and exit freely, but he can't bring his people away. But in the end, he used the five dragon pearls, removed the seal on the outer parts of the Demon Star, and let the people from the Awakening Branch leave the Demon Star. Because most of them are humans, he brought them to the Dragon God Domain. After all, the Devil's reputation has never been good. "

"And then? Why would there be a massacre of humans? Is it really you guys who had a problem? " Long Chen asked somewhat excitedly, he could not tolerate all of this, Long Qinglan had done all of this out of good will. He was a good person, why would such a disaster happen to him, and make him pay such a price? Faced with so many people begging for help, Long Chen could imagine that if it was him, he would also choose to save them.

After all, how miserable was the demon star?

Meng Hen shook his head and said, "Actually, it's not a problem of our training methods. At that time, I thought that the Eternal Dragon Emperor would trust his friends without any worries. It's just that he did not expect the entire Awakening Bloodline to not expect it, to actually awaken half a year later. "

Long Chen stared at her intently, waiting for her to continue talking about what happened afterwards.

"As long as we, people of the demon star, have been here before, we will definitely attract the attention of 'Qu' and then put on the sigil, especially those who have been influenced by his will, even your father will be remembered, and when Qu awakened, he released his will, even though they were at the Dragon God Domain, at such a distance, even after they escaped, the Awakening Bloodline was still affected, even the Eternal Dragon Emperor was affected. This is something they did not expect, they did not expect the will of Qu to be so terrifying. The reason why the Eternal Dragon Emperor left everyone in the Dragon God Domain is to prevent any accidents from happening that might affect them. However, the moment Qu Qi woke up, he was coincidentally attacked by his will, so he could only resist. After he defeated Qu Zhi's will, the group of devils wreaked havoc in the Dragon God Domain, a tragedy was caused, under the rage, pain, and self-blame, he could only beat the group of devils back to the devil star and reseal the seal! "

This chain of words, was incomparably heavy for Long Chen. But his eyes were still filled with tears. This was the truth, this was his father!

Chapter 2296 - True Dragon Realm

The devil star was a turning point in Long Qinglan's life, and had even caused his death in the future.

Initially, when he brought the group of demons to the Dragon God Domain, there were many people who opposed it. It was only because they trusted Long Qinglan that they chose to believe in him in the end. In fact, no one had been completely disappointed with him since that day he came. However, from that day onwards, he had disappeared.

When he reappeared, he actually wanted to destroy the World of Gods!

After another huge battle, all fifteen Dragon Emperor s had suffered from certain injuries. Only then did he choose to give up.

Long Qinglan had never told anyone else about the details of the Demon Star, so no one knew. It was his habit. Maybe he knew more, but before he could prove it, maybe everyone would think he was joking.

Now, Long Chen knew the crux of the two major events, the World of Gods and the Demon Star.

This was the answer he had been striving for all these years. He had finally succeeded, and he had paid a lot for this moment. He finally had a definite answer, and to him, this was a type of release. He had never doubted Long Qinglan and never doubted him, and his father did not disappoint him as expected.

Everything he had done had been for the same reason. He had failed that time because he had lost to an ancient Giant Demon. He didn't want to expose this matter to the public, or perhaps after him, he encountered other things that caused him to lose his sense of propriety. At the same time, he was also lonely!

Seeing Long Chen's reddened eyes, Meng Hen and Yi Xue looked at each other. In their eyes, Long Chen was simply a monster that could not be killed, he was terrifyingly tenacious. They didn't know how important this answer was to Long Chen. Not only could it be used to explain Long Qinglan, it also made Long Chen believe more firmly in his father, and broke the silence created by the rumors.

"Erm, are you alright?" Yi Xue asked softly.

"Yes." Long Chen nodded his head. Now that he had the answer in his heart, his heart became firmer. He was silent for a moment, and said: Thank you very much. But before I think about how to get out of here, I have one more question. "

"Go ahead and ask. It was you who saved us. Regarding the matters concerning the devil star, we can answer anything we want." Yi Xue blinked her beautiful eyes as she charmingly said.

Long Chen suppressed his father's matter and said: "Do you know Mo Xiaolang? And a blue-haired woman? It should be her who brought Mo Xiaolang into the demon star, right? "

"Him?"

Yi Xue and Meng Hen looked at each other. Their faces were filled with surprise. Yi Xue said, "Are you referring to the 'Devouring Demon' that just entered the demonic star?"

"Probably." For Mo Xiaolang to be able to swallow fire and be affected by martial magic seed, he must be the demon that they were talking about.

Yi Xue tilted her head and said, "About this, the Devouring Demon came not long ago. The one who brought him in was a mysterious woman who disappeared after entering. The blue-haired woman you were talking about. And now that the Devouring Demon had obtained the cultivation of the demonic horde, his progress was extremely fast. This time, he was the one who had opened the gap in the seal on

the demonic star. Of course, during this period of time, 'Qu' hasn't awoken, so he should be one of the few people in the Demon Star that are conscious. However, she probably doesn't know that the people in the Demon Star are controlled by the will of 'Qu'. After all, our usual performances are still normal, and we are only in the service of the Ancient Giant Demons. Therefore, he shouldn't be able to discover it. Furthermore, the Demon Star is currently very united, so he should have already merged into our environment. "

Meng Hen said, "The Demon Masters all like him a lot, and they raise him as their heir. I'm afraid he's about the same as us two sisters." Once he becomes a devil, he will lose all his Eighteen Major Tribulations and his cultivation will be able to increase limitlessly, so there is no need to worry about calamity. Furthermore, he will be able to swallow flames and increase in speed, the two characteristics caused him to grow at a speed that defies the heavens.

"Oh!"

In reality, when he heard that the people on the Demon Star were under his control, Long Chen was also extremely worried about Mo Xiaolang and his son. Now that he heard that they were still safe, Long Chen was relieved. At least there wouldn't be any suffering. However, back then he had been deceived by the 'City Lord Bastard'. The cultivation method of a devil was indeed a symbol of freedom and courage, but the magic star was not their heaven, but hell. Of course, at that time, he didn't seem to be able to resist this new City Lord, 'Bastard'.

However, he thought of an even more troublesome problem.

"In other words, he has already been to the devil star and even if he comes out from there, no matter where the world ends, as long as the Ancient Giant Demon wakes up and releases his will, Mo Xiaolang will be under his control, right?"

Yi Xue said, "Of course. However, since you can get us out of your control, you can also get him out of your control. The last time you woke up, it was less than ten thousand years ago. If your friend is going to be controlled, it will be at least ten thousand years later. "Of course, that doesn't preclude the possibility of Qu waking up early."

"Yes."

Although it was troublesome, since the Ten Thousand Deadly Claw could be dealt with, he was considered lucky.

Basically, he now knew all the questions he wanted to know.

Then he asked, "What are you two planning to do in the future?"

In fact, Long Chen was also worried about whether they would still be controlled if 'Qu' woke up. Of course, there would still be a long period of time before that happened. By then, he would definitely be much stronger and these two girls wouldn't be able to cause him any trouble.

Yi Xue chuckled. "Little brother, you are our savior. We have nowhere else to go. Why don't we follow you, serve you, and repay your saving grace?" We're not going back to the Dark Star anyway. "

If Ling Xi found out that she was carrying these two beautiful servants around, she would definitely be beaten up, and the two of them would probably only be able to endure two more attacks. If anything else, it would be senseless, Long Chen quickly replied: "Don't, this is just a small matter, in the future, just don't cause me any trouble, you guys can rest easy, and other than that, I still need your help when I get out of here."

Yi Xue was joking with him. She puffed her cheeks and said angrily, "You are so shameless. I was just joking with you. Hmph, we won't follow you. You're right. What do you need my help for?"

"Think of a way to go out and then talk."

Right now, in the space around the Origin Dragon Palace, whether or not he could leave was a troublesome question. The Origin Dragon Palace was right in front of them, but from this path, there were many gravitational stars. There were even those that were larger than the one beneath their feet. Who knew what sort of gravitational force there would be?

In fact, the Origin Dragon Palace was still surrounded by the light barrier, and it wasn't so easy to enter. Since he was still an Ancestral Dragon in time, Long Chen didn't have any confidence in winning.

In fact, it would be extremely difficult for him to escape from this planet.

"Yeah, what should I do?"

Yi Xue hid worry in her eyes. Although the temptation of the Origin Dragon Palace was great, one had to be alive to enter.

"This place is called 'Origin Dragon Palace'." Yi Xue also saw the place.

Long Chen turned his head and said with a slightly cold voice. "The two of you, don't tell anyone about what you saw here. This is The Dragon God Clan's place. "

"Don't worry, I don't want to come back to this damn place." Yi Xue said angrily.

After hesitating for a moment, Long Chen turned around and said: "Let me try. Do you want to enter my Divine Kingdom? "

Yi Xue and Meng Hen looked at each other. Currently, Long Chen was already stronger than Meng Hen, so Meng Hen felt that he would be unable to break free from the Gravitational Stars' bindings, but Long Chen should be able to.

They nodded.

In the blink of an eye, it had actually swept past Long Chen's body. A thought entered Long Chen's body, turned into a voice, and resounded in his mind.

"When you cross the 'True Dragon Realm', then come to the 'Origin Dragon Palace'."

That vast voice echoed in his mind like a gong.

"What is the True Dragon Realm?"

Long Chen knew that this mysterious existence from the Origin Dragon Palace was talking to him, so he quickly reacted and cherished this opportunity to talk to him.

"It is the so-called God Realm."

The voice rang out again.

"Who is this senior? "What kind of place is the Origin Dragon Palace?"

Long Chen asked again.

After saying two sentences, the voice completely disappeared, Long Chen waited for a period of time and did not reply. Seems like the other party just wanted to tell him one thing, that they could only come to this mysterious and sacred place after he had become a god!

The Dragon Palace was related to the Ancestral Dragon Cave.

In fact, Long Qinglan probably had never been here before.

"Divine Spirit is the Divine Realm, which is above tribulation of reincarnation. But he calls it the 'True Dragon Realm'. " Long Chen had to give up. It seemed as though he wouldn't have the chance to explore this Genesis Dragon Palace this time. However, he was in no hurry. Once he became a Deity, he would definitely have more confidence in coming here.

But the Dragon Palace was so heavily guarded that it was impossible for others to enter. This place must have existed for tens of millions of years, or even hundreds of millions of years.

"Long Chen, look!"

At this moment, Yi Xue's excited exclamations could be heard.

Long Chen turned his head to look, only to see a gold door frame appearing behind him, the interior was rippling with gold ripples, obviously this was a door, it should be leading to the outside.

After informing Long Chen that he needed to return to the True Dragon Realm, the Origin Dragon Palace opened the door for him.

"Looks like we have to leave."

Long Chen said.

"What just happened?" Yi Xue asked curiously.

Long Chen would never tell her. He changed the topic and said: "Ladies, after we leave, I hope the two of you can bear witness to the matter regarding the Demon Star that year. I hope you can give my father justice."

#### Chapter 2297 - Three Hundred times Velocity

It had been five or six days now, and he had no idea what was going on outside. Are the Devil's people still unable to control the Devil's Eye? Are the fifteen Dragon Emperors safe? So what if it was Chen Ting and the Black Yama Emperor?

As long as he passed through this door, Long Chen would know.

But before that, he needed the two ladies to agree to clarify things for him. If the Aurora Art still existed, he could make the matter of the Demon Star known to the world. After the truth was revealed, he believed that everyone would reorient Long Qinglan in their hearts, even though there were still many things about Long Qinglan that were difficult to figure out, if they were able to resolve the two major matters related to the God Battlefield and the Demon Star, they would definitely be able to change their perspective.

In reality, from the start of the battle between the gods, when the Primordial Divine Conducting Technique was revealed, the people of Dragon God Domain had already started to stop holding onto the same view.

It was the time for him to give Long Qinglan a proper name!

"Of course not." Yi Xue said with a smile.

Now that they had already escaped the control of the ancient Giant Demons, they naturally wouldn't side with the demon star. The news that should be spread would not soften their hearts. Back then, Long Qinglan did not announce the matter of the devil star to the world, perhaps because he was concerned about something. But from today onwards, at least to him, it was the wrong choice, and it caused him to be misunderstood.

"Go out."

Yi Xue and Meng Hen were the first to walk to the front and decisively entered the golden door. Long Chen followed behind them, and just like how he entered this mysterious starry sky, they also quickly returned to the outside world.

Long Chen believed that he would definitely become a god in the end and come here!

There must also be a hidden mystery here related to the extinction of the divine dragon.

After a while, he could no longer see the Origin Dragon Palace, but instead, saw the even more mysterious Ancestral Dragon Cave. Of course, he was unable to get close to this cave that contained an eternal secret.

"There's actually such a heavenly water?"

When Long Chen, Meng Hen and Yi Xue rushed out, they realized that they were still surrounded by the Water of Heaven. This meant that the fifteen Dragon Emperor s had not solved their problem. The warriors of the Demon Star were so tyrannical. How could they make the Unmoving Devil Eyes last for five or six days? Isn't this too terrifying?

Without saying a word, Long Chen opened up a path in this extremely dirty Water of Immovable Heaven. After rushing out, he saw that the Immoveable Demon Eye actually still existed, so he immediately took out the God Slaying Sword and used the Eye of Hell to fight against the Immoveable Demon Eye!

When the three of them came out, everyone looked at them in shock.

However, the change in their gazes meant that the fifteen Dragon Emperor s were still under the control of the Unmoving Devil Eyes. Chen Ting and the Black Hell Beast were also unable to move.

The Aurora Art actually still existed. In the entire Dragon God Domain, people who had watched the battle five or six days ago were still watching it now.

"How can the Unmoving Devil Eyes control fifteen Dragon Emperor s for so long, that's impossible!"

Long Chen was extremely suspicious.

"Long Chen, where did you go just now? Why are these two witch standing behind you? Be careful! "

She was secretly communicating with Long Chen, and the other Dragon Emperor s started talking at the same time as well.

"Just now?"

That was five to six days ago. How could it be called 'Where did you go just now?'

Very quickly, Long Chen detected the crux of the matter.

"Just coming out of that ancient starry sky, the flow of time seems to have changed. The flow of time inside has actually increased significantly. I've been cultivating inside for the past five to six days. It seems like only a while has passed outside.

It was almost three hundred times the difference.

Three hundred years would pass in the outside world in a year.

The entire Dragon Sacrifice Continent had a type of time flow, and the only thing that surprised them was that time sea. However, the time sea only fluctuated one quarter to four times, and it could not maintain a speed that was three hundred times faster than the Dragon Sacrifice Continent inside!

This was a miracle!

Long Chen was extremely shocked in his heart. Three hundred times the normal rate of flow could actually accomplish a lot of things, and could even make up for his time disadvantage. Unfortunately, he had already come out of there, and going in again wouldn't be possible.

The Black Demon Beast and Chen Ting weren't dead yet, so the most important matter at the moment was to remove the Unmoving Devil Eyes and kill the Black Demon Beast and Chen Ting!

The fifteen Dragon Emperor s kept reminding him, because Long Chen and the two demons were too close at this time.

Moreover, they were not prepared for each other.

"Everyone, don't be nervous. The situation is different now. They are no longer my enemies."

Long Chen immediately said.

At this moment, the Infernal Star experts might have noticed the changes to Meng Hen and Yi Xue.

"Yi Xue, Meng Hen, hurry up and snatch the dragon pearl!"

Some of the Demon Star Realm warriors shouted.

Yi Xue raised her head and said tenderly, "Great devils, little devils, wake up quickly. You are now its slaves controlled by the will of the Ancient Giant Demon, not its freedom!"

She's got a lot of guts.

The Demon Star experts were all furious, their eyes bloodshot. They had placed all their hope on these two girls, even if they were to disappear for a short time, the Demon Star experts still persisted, and now they actually rebelled!

"Yi Xue, Meng Hen, I'll give you one last chance. Rebellion against the demon star and you will be tormented for all eternity. You'll forever be immersed in pain and pride and will never be able to escape for hundreds of millions of years!"

"Snatch the dragon pearl and come back to Devil Star to repent. Otherwise, you will regret it for life and be miserable for eternity!"

Many of the Demon Star Realm experts were intimidating them. If they had known that these two were rebelling, they would have taken their next step long ago.

The devilish experts were controlled by the ancient trolls. Of course, they did not realize that they had been controlled. Even if they had been told about it back then, they would not have understood or believed it. Hence, Yi Xue's words were ineffective. However, she didn't think that these words would wake them up.

"Meng Hen, let's go together."

Yi Xue ignored the people of the Demon Star. If not for helping Long Chen, they would have left already.

Their actions caused the demon star experts to be enraged to the extreme.

"Yi Xue, Meng Hen, from today onwards, remove your Little Devil Lord's identity!"

"You have an important mission to accomplish, yet you rebelled against the Demon Star. You deserve to die a thousand deaths. No matter where you run, you will never be able to escape the hands of the Demon Star. One day, you will be captured by the Demon Star and be tortured for eternity!"

Their bloodshot eyes and shrill cries were like that of wild beasts, allowing the entire Dragon God Domain to see it. Although they did not know why Yi Xue and Meng Hen had made such a drastic change, the devilish star experts had still managed to scare them.

They are terrible.

The entire Dragon God Domain was trembling in fear.

As for why Yi Xue and Meng Hen had changed, they naturally knew that it had something to do with Long Chen. It was because they had disappeared for half an hour.

Now, no one had the time to think about what had happened in the middle of it all.

This was because the people of the Demon Star had used so much strength to execute this Demon Praying Array. They naturally wouldn't let this go!

"Chen Ting, Black Yan Beast, we will give you the strength to crush everyone! "Let's do it!"

To the people of the demon star, Black Demon Beasts were dangerous, which was why they had violated the agreement in the beginning. When they used the Immovable Devil Pupil, they had also enveloped the Black Demon Beast within.

But now, Yi Xue and Meng Hen could no longer be used.

Thus, after they were forced into a corner, they ordered the Black Demon Beast to take action. They could not control the Black Demon Beast, and allowed the Black Demon Beast to obtain the five dragon pearls for them, but they could still give a huge blow to the human race, to Yi Xue and Meng Hen. Now that fifteen Dragon Emperor s were controlled by the Unmoving Demon Eyes, they could only wait to die in front of the Black Demon Beast!

Yi Xue and Meng Hen were unable to kill the Dragon Emperor, but the Black Flame Beast could!

"This is a very happy deal!"

He did not expect that after he fell for the trap, he would still have such an opportunity. His goal was nothing more than to kill Long Chen and the fifteen Dragon Emperor, and now, the people of Devil Star had really helped him greatly!

He couldn't help but laugh out loud.

It seemed like they no longer held any hope for the three Dragon Pearls. What they wanted was for the humans to pay a heavy price, as long as fifteen Dragon Emperor s died, they would not be able to obtain the five Dragon Pearls.

"Chen Ting, we can work together again to obtain the five dragon pearls for us. We are willing to make you stronger so that you can possess power that is close to that of the Eternal Dragon Emperor. We also have the corpses of many strong experts!"

the man from the Dark Star shouted.

"Fine, everything is fine. I will get the five dragon pearls, although your demon planet people have set their eyes on me, I will not argue with you, it's just that this time, I need even more benefits!" "Haha!"

"Let's get the five dragon pearls first." The Unmoving Devil Eyes gradually loosened, giving the Black Yan Beast and Chen Ting the power to act. Everyone had already despaired as they saw the octopus tentacle sway in the darkness.

In this situation, if the fifteen Dragon Emperor s were still under their control, then no matter if it was them, Long Chen, Yi Xue and Meng Hen, they were all waiting to die. It was to the extent that when all the people here died, the entire human race would suffer an unprecedented heavy injury, and might even be destroyed under the ravages of the Black Hades Beast.

After releasing the Black Hades Beast like something terrifying, the people of the Demon Star had lost control of the entire situation, so they could only use this method. In order to obtain the five dragon pearls, they might have to pay a certain price, but the human race would pay the price for the future of the entire clan!

The Black Demon Beast was so terrifying, who could fight against it?

Long Chen?

He was far from being able to.

Chapter 2298 - Unparalleled Reversal

Everyone in Dragon God Domain could only watch as the Demon Star Warriors reached an agreement with Chen Ting.

He watched as the Black Demon Beast regained its ability to move.

Under these circumstances, who could stop the Black Yama Beast?

As long as fifteen of the Dragon Emperor s died, the Dragon God Domain would definitely perish. Although Long Chen was heaven defying, he was still a little lacking to reach the peak. He needed time to make up for it.

Thus, he was destined to never be able to turn the tide here.

In this kind of situation, the entire Dragon God Domain was in a state of panic.

In fact, Long Chen did not expect that the two sides would join hands because of Yi Xue and Meng Hen's changes. They all took what they needed, but in fact it was perfectly normal. This was also one of the things he lacked in consideration for.

So at this moment, the lives of the fifteen Dragon Emperor s were being controlled by the other party, causing him to be even more nervous.

However, Dragon Emperor Yongye told Long Chen not to move.

Long Chen looked over in pleasant surprise. He realized that these fifteen Dragon Emperor s were not as simple as he had imagined them to be.

The appearance of the Immoveable Devil Eyes could be considered a huge blow to the fifteen Dragon Emperor s, leaving them in an extremely passive situation. As human leaders, they couldn't help but feel embarrassed, waiting for an opportunity to strike out.

And the Demon Star warriors pulling apart the Black Yama Beast was such an opportunity. At this moment, the binding power within the Unmoving Demon Eye vibrated. In reality, because the Black Demon Beast was the strongest here, a large portion of the power of the Demon Seeking Array was directed at the Black Demon Beast's body.

The release of the Black Demon Beast caused a certain amount of shock to the Demon Summoning Array.

Fifteen Dragon Emperor s made an earth-shaking reversal at the moment everyone was in despair!

They had been waiting for this moment for a long time!

"Attack!"

As they spoke in unison, the fifteen giant dragons under the Immovable Devil Eyes suddenly lit up, emitting explosive rays of light that caused intense tremors. In an instant, all the water in the surrounding area was swept away!

"Break!"

At that moment, the fifteen divine dragons struggled out of their demonic eyes at the same time, launching their most powerful attacks towards the countless dark stars in the sky!

They fought back, reversed, filled with passion and passion. This time, the rebellion and reversal went far beyond everyone's expectations, and even the Demon Star Realm's experts did not expect the fifteen Dragon Emperor s to release such power at this moment.

Fifteen powers gathered together!

It was similar to the collision of time storms!

Countless starlight shot out explosively, forming a soaring sword blade!

This was the great calamity that resembled heavenly tribulation!

The sea of blood that filled the skies, everything began to move together, countless rays of light flashing out. Under the shocked gazes of the demon star experts, those attacks struck the dark black planet!

Those millions of stars formed a magic array. Under the impact of these fifteen types of powers, the power at the center of the array exploded, turning into a shattered shadow.

Amongst them, several of the paths to the Heavenly Demon were forcefully closed, causing the entire Immoveable Demon Eye to lose its effect. Fifteen types of powers still spread to the surroundings, destroying the entire array formation!

Everything shattered!

In the sky, the Demon Star experts roared in dissatisfaction!

The Aurora Arts also produced the same scene and sound.

The powerhouses that were hiding in the Heavenly Demon Road were all forced back into the Demon Star. They disappeared without a word.

In the blink of an eye, all of the dark stars had disappeared. The sky above this star field became exceptionally clear, only that there was still an endless amount of water that was trembling below, and it had not been resolved!

Fifteen Dragon Emperor completed the reversal and sent the Demon Star's experts back.

They silently surrounded Black Hell Beast and Chen Ting in the middle, sealing off all the blind spots. If they were helped by Long Chen, the matters regarding Demon Star would have basically been solved, but they were human leaders, so they still had more responsibilities on their shoulders. This time, when they met with a great calamity, a victory was not really a big deal.

It was still too early to take credit at this time.

However, this shocking reversal still caused the entire Dragon God Domain to be in an extreme state of excitement. Their ashen gray faces blossomed with an astonishing brilliance, cheering, shouting, jumping incessantly, and passionate cheers filled the entire Dragon God Domain!

At this moment, they were unable to use words to express the joyous feeling of rebirth in their hearts. They could only vent the anger in their hearts by shouting, and at the same time, express their reverence towards the fifteen Dragon Emperor s!

Long Chen never thought that these fifteen Dragon Emperor would be able to do something like this.

This was what happened when they were suppressed and not defeated. They made preparations and finally reversed the result of the explosion. If they had already surrounded the Black Underworld Beast, Long Chen would be relieved.

Next, get rid of Chen Ting and the Black Yama Beast!

Time was of the essence, the fifteen Dragon Emperor s did not even want to waste time talking with Chen Ting.

However, such a reversal had occurred right before he had killed all the people he disliked, causing him to freeze in shock. Even the Black Hell Beast beside him had become terrified, and now, the hearts of all fifteen Dragon Emperor were filled with terrifying fury. If it was before, they might have been merciful towards him, but this time, it was definitely not!

"Kill!"

These words came out of their mouths.

They were a group of elderly cultivators filled with killing intent and anger, but that did not mean they did not have hot blood and anger. Seeing that they did not plan to show mercy, Long Chen heaved a sigh of relief. Someone like the Black Hell King, if she did not kill him, would forever be a threat to him in the future.

He did not dare to be negligent. Before this battle erupted, he had already made his preparations. Even if he could not help, he absolutely could not let him escape!

"Do you want to kill me? Haha, is he finally going to kill me? Just like how you guys besieged that trash Long Qinglan at the battlefield of the Gods, besieging me? "

Chen Ting stood on top of the Black Hades Beast as he brandished his arms, laughing sinisterly.

He was the real lunatic.

Was this an honor to him?

Back then, just how big of a gap was there between him and that little child of heaven? And now, didn't they encounter the same treatment? Because of that challenge, he had swallowed the Black Hell Beast and lived a torturous life. Thus, he wanted revenge, and wanted everyone to pay the price for that.

Unfortunately, Long Qinglan was dead, and the anger in his entire body could not be released.

He desired to show off his Black Demon Beast so that everyone would be afraid of him and revere him. Upon hearing his name, everyone would be terrified!

With this, he was able to conceal his pain and cowardice, showing that he did not lose that day! It showed that he had swallowed the Black Demon Beast in time, and he was still the victor!

That was why he was laughing.

Indeed, no one in the entire Dragon God Domain could understand him.

"Go on, come on, give me the same treatment as Long Qinglan! Aren't you just a sinner? He is a sinner, and I will be one for the time being. Remember, my name is Chen Ting! Let your human history remember my name! One day in the future, my Black Demon Tribe will destroy your entire world! "

He was still laughing.

Just at that moment, fifteen divine dragons rushed forward, the scene of the battle between these experts shook Long Chen out. Fortunately, the battle had occurred in the Eastern Star Region, if it had happened there, a large number of mountains and rivers would have been destroyed.

This battle was even more intense than the battle between the seven Dragon Emperor s against Long Qinglan's body. The Dragon Emperor s had already made up their minds to kill the Black Underworld Beast.

Not to mention using the Aurora Arts, even Long Chen himself could not see the battle clearly from a close distance. The waves in the surroundings caused him to use all his strength to stabilize his body, let alone participate in the battle.

Only now did Long Chen know that the gap between him and the Dragon Emperor was actually this wide.

The fifteen Dragon Emperor s were all existences close to gods. It was the final stage of the Nine Palace Calamity.

The people of Dragon God Domain tensed up, looking at the scene of the bright light and the dazzling Aurora Art. The battle lasted for a quarter of an hour, but they were still unable to see anything, they could only feel a strong vibration. It was a vibration of the earth, which was even more obvious to the people in the eastern part of Dragon God Domain, causing the earth to shatter!

This was the result of the battle between the fifteen Dragon Emperor s and the Black Demon Beast!

Violent explosion sounds travelled through the Aurora technique and spread across the entire Dragon God Domain.

"Kill him! Kill him! "

"This Emperor Hei Yan is a beast. He is the one who has truly betrayed the human race!"

"You want to be on the same level as the Eternal Dragon Emperor just because you were surrounded and attacked by fifteen Dragon Emperor? Compared to the Everlasting Dragon Emperor, you are just a pitiful worm. Who can remember you? "

To most people, the sins of the Eternal Dragon Emperor s were all hearsay, and the amount of information they could understand was very little. In addition to Long Chen's recent efforts to clarify a part of the truth, it proved that what everyone imagined was not the truth. Most people these days have changed.

And the crimes of the Black Underworld Emperor Chen Ting were witnessed by everyone in the world.

What qualifications does he have to be compared with the Eternal Dragon Emperor?

If Long Chen heard this, he would be extremely happy. This was what most people in the Dragon God Domain thought. Their hearts were kind. As long as they had evidence, they would believe it.

This time, Long Chen brought them the final piece of evidence!

In the midst of the storm of battle, the only thing Long Chen could do was protect himself. What he saw, was that during the battle between the fifteen Dragon Emperor s and the Black Hell Beasts, it actually caused a large amount of Heaven Infinity Water to be annihilated, directly disappearing.

This was the holy land, how could he allow the dirty water to pollute it?

If it wasn't for the fact that they couldn't bear to see the Holy Land being polluted in their hearts, would they have come here even knowing that there was danger?

Chapter 2299 - Lifelong Pain

In Long Chen's eyes, these fifteen human leaders were worthy of respect.

Of course, other than that stubborn old Dragon Emperor ...

However, after hearing the evidence that he brought with him this time, he should be completely convinced.

All of these years, there were many disrespectful rumors about Long Qinglan that had spread widely, and it had a lot to do with the fifteen Dragon Emperors being unrestricted. Now, perhaps they were fighting with all their might to make up for these mistakes.

Long Qinglan had never wanted to blame anyone, he only wanted understanding and fairness. Perhaps he was an aloof and proud person who stood at the pinnacle of power, and not even fifteen Dragon Emperors could become his target. But later on, he understood and desired to be understood and respected.

Long Chen had come to the Immortal God Realm for this kind of desire, for the promise he had given him!

RUU...!

The gigantic Black Demon Beast and the fifteen divine dragons were dancing in the air, attacking each other. The black tentacles would frequently shoot out from Long Chen's body, proving that the Black Demon Beast still possessed tyrannical combat strength!

Of course, although the Eastern Star Region was trembling violently, as though countless stars had been turned into powder and the water had been completely wiped out, there was still no movement from

the Ancestral Dragon Cave at all. As expected, the strength of the fifteen Dragon Emperor s were far from being able to come into contact with this level of the Ancestral Dragon Cave!

Chen Ting's sinister laughter came from the Aurora Art.

"I admit that if all of you were to join hands, you would be able to kill me. However, in my counterattack, one or two of you should at least die, right? Haha, from today on, you can choose a new Dragon Emperor. Haha, in the end, who will die in my hands? Is this really something that I'm looking forward to? "

"Dragon Emperor of the firmament? Ten Thousand Killing Dragon Emperor? The Nether Dragon Emperor? Immortal Dragon Emperor? Oh, you are Long Qinglan's foster father? "

In the chaotic star field, Chen Ting laughed sinisterly.

Hearing this, everyone tensed up. Chen Ting was right, although the fifteen Dragon Emperor were surrounding him without any resistance, with his power, he could still kill two or three people right?

For the fifteen Dragon Emperor s, losing any one of them was a huge loss to the Dragon God Domain!

It had even caused the Dragon God Domain's vitality to be greatly damaged!

Long Chen was also more nervous.

Yi Xue and Meng Hen were looking around him. The battle here had nothing to do with them, so they were not that nervous.

"This monster is really strange. I've never seen it before, nor have I heard of it."

"Yes."

The two of them were whispering to each other.

Long Chen was dazzled, he could only carefully protect himself and prevent Chen Ting from catching him. However, maybe fifteen Dragon Emperor s were also protecting him, so he did not have this chance.

In the midst of this tragic battle that continued for half an hour, the surrounding Heaven's Abominable Water was almost completely washed away by the force of the impact. Long Chen's field of vision also widened a bit as he could roughly see some of the battle scenes!

BOOM!

With the last explosion, the entire Eastern Star Region seemed to have crumbled as countless cracks appeared in the space. Long Chen had also heard the Black Hell Beast's final roar before it exploded and completely vanished from the world!

It vanished like smoke in thin air!

Even the shattered corpses were taken away by the fifteen Dragon Emperor s. Eastern Star Region, who were still in shock, suddenly quietened down as fifteen divine dragons took human form and descended from the sky.

When the people of Dragon God Domain passed through the Aurora technique and saw this scene, the entire Dragon God Domain burst into an intense cheer, to the point where Long Chen, who was present, almost heard the surging sound.

Those who had created the Everlasting Dragon City, Slaughter Dragon City, and Ancestral Dragon Cave and had a certain understanding of these three events naturally hated Chen Ting to the bones. These three events were the most decisive of all events, and even Long Qinglan had not caused such a great disturbance and upheaval.

Now that the Black Demon Beast had disappeared, they were naturally overjoyed. Their tensed hearts were finally released. The joy of surviving this calamity had turned into tears, filling their eyes!

"It's dead, this disgusting Black Hell Beast is finally dead!"

"Yeah, but the fifteen Dragon Emperor s shouldn't be injured, right?"

Through the Aurora Technique, they could faintly see that fifteen Dragon Emperor s were barely standing while holding onto each other. Many of them had pale faces, and it seemed that in order to truly kill the other party, they had expended a lot of energy. One of the Dragon Emperor s was even severely injured!

"Haha, Eternal Ghosts, you deserve to die, deserve to die!"

Suddenly, discordant voices rang out. Only then did the crowd realize that Chen Ting wasn't dead, that it was just the Black Hell Beast that was dead. Now that Chen Ting was being controlled by the five Dragon Emperor s, he couldn't move at all.

Even the Black Demon Beast residing in his body had died. Now, he had completely lost the chance to turn the situation around.

Without the Black Demon Beast, Chen Ting was just a demigod with a body, so he was not in much danger. Therefore, everyone was more concerned with the wounds of the Immortal Dragon Emperor, as he had received a lot of attention from the Black Demon Beast during the battle.

Presently, there were several Dragon Emperor surrounding the Immortal Dragon Emperor, and their expressions were a little nervous.

The human warriors' hearts tightened once again, their eyebrows furrowed, especially the people from the Everlasting Dragon City, including the Bluefire Emperor, who was guarding the Everlasting Dragon City, hot tears were left in her eyes.

"I actually didn't tell father that the Emperor of Black Hades sought me out!"

That time, he was selfish, so now he was blaming himself deeply as he looked painfully at the Aurora Arts and the surrounded Immortal Dragon Emperor.

Long Chen immediately rushed over, he looked down, only half of the head of the Eternal Dragon Emperor was left, fortunately his primordial spirit was not injured, of course, he was a Ultimate Dragon, he had the ability to revive after death, and even if he died, he would still be able to reincarnate, but no one was willing to die.

Now that this old fellow had fallen to such a state, it was no wonder that he was in such a pitiful state.

Long Chen wanted to reveal the truth about Demon Star for the rest of the world, how could there be a difference with this old fogey?

He took out the fire of his life from the God Nation and placed it on the head of the Immortal Dragon Emperor, giving him a kind of endless life force. The fire of his life would never dissipate, and under its nourishment, the Immortal Dragon Emperor began to miraculously recover, becoming stronger and stronger.

Only after sensing that his life force was recovering did the Dragon Emperor heave a sigh of relief.

"How amazing."

"Yeah, Long Chen, you are getting more and more complicated. I really don't know how many kinds of heavenly laws you have cultivated, and what kind of heavenly laws Long Qinglan left for you. "

Now that the two devils had been awakened by Long Chen and Black Yan Beast had already died, it could be considered peaceful once again. For these two difficulties, they had been under great stress these past few days.

"Long Chen!"

Chen Ting practically gnashed his teeth as he spoke these two words.

He had originally thought that he could at least let the Immortal Dragon Emperor die once and let others remember him, but Long Chen had suddenly appeared again!

Chen Ting knew very well that if he and Long Chen were people of the same generation as him, then this opponent would be even more terrifying than Long Qinglan. The reason for that was because he was not arrogant and aloof. However, his actions were decisive and cold-blooded. He was someone who would communicate with others even more. There were almost no blind spots for such people.

It could be imagined that in the future, he would be like a comet that soared into the starry sky that no one else could touch.

He was destined to lose his light in the face of his rise to prominence.

"I refuse to accept this! I refuse to accept this! Heavens, why must you treat me like this? I am the true victim!" Why did I lose? "

Chen Ting's bloodshot eyes shed tears. He struggled with great effort, but was unable to break free from the Dragon Emperor's control. Having lost his Black Hell Beast, he was no longer afraid!

"I truly regret it! He regretted not being able to merge with the Black Demon Beast again! That way, we'll be even more powerful! I, Chen Ting, have just missed one move and lost the entire game. Why do I have to hesitate? I should have merged it from the very beginning! "

Back then, when the Black Demon Beast and him were separated by the Dragon Sword, it had never come out of his body. That was why he hesitated. He thought that he could control it, so he wasn't in a hurry.

This can only mean that, in your heart, the Black Demon Beast isn't that scary, it's disgusting and filthy, this is your true thoughts, you hate it, but you don't believe it, you don't admit it, so you desire to prove to us just how terrifying the Black Demon Beast is!

Long Chen turned his head, and his cold voice gave him the answer.

Indeed, there was something missing, and the more one wanted to show off, the more one wanted to show off.

He, Chen Ting, was like this.

He was under the influence of the dream of invincible Black Hell Beast that he had created. He was willing to pay any price to prove it to everyone. After enduring for so many years, he finally could not bear it anymore.

This was the reason why he hadn't merged with the Black Demon Beast in the end.

"Chen Ting, you should have told us that you wanted us to settle this matter for you when you first asked the Black Underworld Beast to live here. However, you chose to hide it from us and chose to

endure it alone to anesthetize yourself. But you gave up this chance, and almost caused the destruction of the Everlasting Dragon City, caused the deaths of tens of thousands of people in the Dragon City, and tainted the Sacred Grounds. Right now, you have already committed the crime of death, and the only thing that can convince the human race is your death. "

In Dragon City, the first Dragon Emperor said with a deep voice.

The world was delighted with this judgement.

"I allowed this monster to possess me, and my entire life has already been destroyed. Can, can I still say?" Chen Ting's eyes were filled with tears as he stared blankly at him.

"Why can't I? You are my disciple, how can I not save you? " Tears also appeared in the eyes of the First Dragon Emperor.

This was a mistake in his choice. In the face of his hatred, he had chosen to endure, to seek revenge, and not to let himself go.

Long Chen did indeed think that he was pitiful, but how did Long Qinglan know that he would be possessed by a Black Underworld Beast if he ate that poisonous frog? His hatred and revenge were not the right decision. Therefore, there was something to hate about the poor people.

"NO!" I'm not convinced, I'm a victim, I don't deserve to die, the one who really needs to pay the price is Long Qinglan! Don't think that just because he is dead, he will be able to erase the sin that has been torturing me for the rest of my life! I want revenge! "

Chen Ting shouted hysterically in pain.

## Chapter 2300 - Internal Wars

To be able to cause such a ruckus in the entire Dragon God Domain, Chen Ting could be considered a heaven-defying figure.

Even now, in front of the people of this world, he still did not feel any regret for his actions. In his eyes, all of this was something that everyone owed him.

"Why is it a human? You are nothing more than a bunch of heartless, lowly creatures who will one day pay the price for your ignorance and selfishness. It's true that the fifteen of you Dragon Emperors can easily kill me today, but I, Chen Ting, will never die! You have not defeated me either! As for that Long Qinglan, he's just a defeated opponent, no matter how glorious he is, no one can defeat him, if he's not scolded, wouldn't he die without a complete corpse? "Haha!"

"Come on, let's do it? Isn't that what you are best at? Long Qinglan is dead, yet you all despised him and wanted him to carry the burden of the ancient sinner. I am not weaker than him, am I? Isn't that what you people are good at? This time, how many years do you need to remember my name? Let's do it! Disgusting humans, selfish, self-reliant, your shameful humanity is naturally good at killing me.

Chen Ting didn't have the consciousness he had before he died at all. He shouted loudly, his eyes were bloodshot, and his gaze was filled with contempt.

"What qualifications do you have to be compared with my father? Chen Ting, don't think highly of yourself. You are just a pitiful person who did something wrong. No one will remember you. You think too highly of yourself. "

It was true that what he said was not without reason, to a certain extent, humans were selfish and self-serving, but they were not that absolute either. Long Chen believed that the human heart was originally kind, and was only covered by a layer of filth, which was not a big deal.

As long as the truth was erased from their eyes, their hearts would shine, and Long Chen was also one of them, everyone was a compatriot.

"Bullshit!" Haha! Bullshit! Brat, how capable do you think you are? One day, you will lose your value, you will lose your power, and if you make the slightest mistake, you will fall into an unimaginable abyss like your father! How many things did your father do for the humankind? What was the final outcome? How much had he been cursed? How many curses? Humans will only flatter and flatter those who benefit them. If you lose your value one day, you will find out how cruel reality is and how ugly they are! Haha, you will one day! Just like your father, what's wrong with becoming an Eternal Dragon Emperor? "

Long Chen squinted his eyes.

All these years, to Long Qinglan, it had indeed been extremely unfair. Everything he had done had not been rewarded, but he had received an unimaginable amount of disdain and disgrace, and this was

indeed a side that made people feel helpless within the human race. It was just that he was different from Chen Ting;

He was not defeated. Instead, he smiled and said, "Time will prove everything. It's a pity that you won't be able to see it, Chen Ting."

"Yeah, time will prove everything. Even if these fifteen Dragon Emperor s kill me today, I can imagine that one day, you will also suffer the same fate as your father, and die a miserable death! Haha, time, time, how wonderful was that? Kill me? I can't wait any longer! "

The fifteen Dragon Emperor s could not bear to listen any longer. With regards to Long Qinglan, they did admit that their impulsive actions back then had caused many irreparable consequences.

But, why was it like what Chen Ting said?

"Let me do it!"

The Immortal Dragon Emperor had recovered.

There was no need to debate with him. The people of this world could naturally figure out who was right and who was wrong. Right now, Chen Ting had already fallen into the trap he had dug. No one would be able to pull him out.

Hearing the words of the Immortal Dragon Emperor, the people of the world heaved a sigh of relief. Of course they didn't want the Black Hell King, a dangerous figure, to continue living.

When Chen Ting heard this, he also burst out in laughter, as if everything he said had been confirmed.

However, right at this moment, Long Chen appeared in front of him even faster, stood horizontally in front of the Immortal Dragon Emperor, and said with a deep voice. "Let me!"

These words had indeed exceeded everyone's expectations, and it had caused everyone's hearts to tighten. Although Long Chen had killed the Heavenly Emperor, the Black Hell King was actually much stronger than the Heavenly Emperor, especially since he had a huge relationship with the Black Hell Beast. Who knew if he had a secret weapon?

At this time, the most suitable method was still to have the fifteen Dragon Emperor swiftly kill the Black Hell King so as to not cause unnecessary trouble and allow the Black Hell King to take the chance to escape. As such, the people of the world were still worried that Long Chen would take action after the incident, they thought that he was just about to take action out of anger!

"This ..."

The fifteen Dragon Emperor s looked at each other, not knowing what to do.

Long Chen's voice was resolute and decisive. He looked at the Black Demon Emperor and said: "If you don't admit defeat, and if you don't admit that you are incomparable to my father, if you don't accept death today, I will give you a chance to convince yourself. Do you think that our human race has a despicable nature and is not worthy of you being one of us? Today, I will prove to you that if you can escape from my hands, then I will make you leave this place! Chen Ting, are you convinced now? "

There were some things that needed to be done in such a manner and in such a rigid manner. Otherwise, even if the fifteen Dragon Emperor s killed Chen Ting at this moment, what Chen Ting said would still affect everything.

Not only does Long Chen want him dead, you also need to be convinced of your death. If fifteen of them were to make a move, you definitely wouldn't be convinced. However, Long Chen had to prove to him that his thoughts were wrong. He was just a pitiful person who had extreme thoughts.

These words caused a huge uproar.

Although everyone believed in Long Chen, they couldn't help but think, if he failed to kill this Black Hell King, wouldn't he truly let him go? If the Black King left, it might cause more trouble! Wasn't it a fool's deed to give such a person a chance to make a comeback?

For a moment, the entire Dragon God Domain was in an uproar, people were opposed to this idea.

Of course, the decision was with the fifteen Dragon Emperor s, so no matter how noisy they were, it was useless.

He swallowed a mouthful of saliva and looked at Long Chen with some disbelief. After a long while, he finally could not hold back and laughed, saying: "You're indeed a young man, you're much more

impulsive than your father. Do you think you have that much power? Can you decide whether I live or die? "

"I can decide."

Long Chen replied as he turned his head to look at the fifteen Dragon Emperor s. Even though they had difficult expressions on their faces, under Long Chen's resolute and confident eyes, they chose to agree. In actuality, they were the ones that Chen Ting was targeting this time. Even if they killed Long Chen this time, the prestige of the fifteen Dragon Emperor s would also be splattered.

Only Long Chen could tell Chen Ting about this, and move this one away.

"Did you see that? Everyone agreed." Long Chen stared at him without blinking.

The fifteen Dragon Emperor s scattered to prevent the Black Hell King from escaping during the battle. He gave them a large area to fight in. Currently, all fifteen Dragon Emperor s had decided. Although there were still a portion of people who thought it was unbelievable, most people still endured it and chose to believe in Long Chen.

Just based on the fact that Long Chen could reverse the Heavenly Blood Hell and save so many people in the Dragon Slaying City, it was already something that was worthy for them to believe.

All of this made Chen Ting so inconceivable that he forgot to laugh out loud and stared blankly at Long Chen.

Long Chen was not impulsive.

This battle was definitely going to happen. This was to give himself an explanation, it was also to give Long Qinglan an explanation, and even more so, to give Chen Ting an explanation. Some battles were unavoidable. If Chen Ting had let the Dragon Emperor kill him today, he would have felt uncomfortable in his heart, because even if Chen Ting had died, he would not have realized his mistake.

No matter what was said, the people of this world at least had the same blood. They were all descendants of Divine Dragons. Although they were humble, they weren't despicable. They also had their own pride and determination, just like Long Chen himself. This was not something that could be desecrated, but Chen Ting was doubting, discrediting, and blaspheming everything!

Furthermore, it was because the matter regarding Long Qinglan that he had mentioned, was also related to Long Chen greatly. That was his father, and now that Long Chen had gotten the evidence, he believed in his fellow countrymen, so he wanted to find the truth behind this. In front of the truth, he believed that everyone would once again face the Eternal Dragon Emperor and regret their incorrect hatred and curses.

If this race, and all of their compatriots were not what he recognized, then why did Long Qinglan give up everything for them? Why should he care? He could definitely leave the human race, leave this place, why must he uphold Long Qinglan's right name?

It was because the father and son duo's roots were here!

One cannot forget one's roots.

As for Chen Ting, he had already forgotten about Ben, as well as the blood that flowed from his body.

He forgot about the Divine Dragon Inherited Blood, forgot about his oath, and lost his soul. Although he controlled the Black Hades, his soul was still given to it!

"Before this, I have an important matter to tell everyone in Dragon God Domain. Everyone, please listen to every word I say!"

Just when everyone thought that Long Chen was about to start a war with the Black Underworld Emperor, Long Chen said this.

"Humph!"

Chen Ting disapproved. It was nothing more than trying to incite emotion and convince himself. In his opinion, no one could defeat him.

"This matter is related to that year when my father undid the Magic Star Seal, causing a large number of casualties in the Dragon God Domain. And the ones who testify for me are the two friends that came from the Demon Star. "
