

War God 2301

Chapter 2301 - I'm Wrong

The reason why this matter was brought up at this time was to give Emperor Hei Yan a reply to his doubts and clamor.

This was also the moment Long Chen had been looking forward to the most!

From the moment he had arrived at the Immortal God Realm, he had always dreamed of fulfilling his father's last wish! To erase all the discredit, criticism, and disdain that he had received?

This was the final wish of the man who had given him everything.

Furthermore, it was Long Chen's fate, wish and goal for the past few years. For this day, Long Chen risked his life and even did not take good care of Ling Xi, and his own brother!

Now, this moment had finally arrived!

If not for the fact that he was already mature, tears would definitely be in his eyes at this moment. Now, he only wanted Long Qinglan to know that everything he had given his was about to be done.

Now, he adjusted his breathing, and with a calm mind, he exposed this past to the world, and corrected that incorrect piece of history!

His voice spread throughout the Dragon God Domain!

"My fellow humans, my brothers and sisters, today, I, Long Chen will reveal the truth for all of you! That's right, I'm doing it for my father, for his name! The reason I came to the Immortal God Realm, the reason I became stronger, is because of this one and only goal! I have already spent countless amounts of effort, to the point of almost stepping into the gates of hell, but I, Long Chen, have succeeded! I did not disappoint my father's expectations, and from now on, I will explain the two most important things that happened back then clearly to you all. At the same time, I will apologize for both of those things! "

He did not hold back his tears as he announced in a majestic and surging voice. His voice suppressed countless voices and caused everyone in Dragon God Domain to shut their mouths as they listened to him speak.

It was finally this moment!

He once again opened his lips, and under the bewildered gazes of the fifteen Dragon Emperor, under the gaze of the Black Hell King, he continued, "Earlier, Chen Ting said that my father had paid a lot of blood and sweat for the sake of the human race, but in the end, because of two mistakes, he fell into the abyss of death from then on. I think back then, no one would have thought that the Eternal Dragon Emperor that commands the entire human race would disappoint you so much, and thus make everyone angry and resentful. But everyone, do you understand, how a normal peerless genius, a king who loves his subjects, could have made such a change? It is precisely because I, Long Chen, found this reason that I came here! "

At this time, he raised his voice and continued, "The first thing, about the God's battlefield, he appeared once again, looking like a mad demon. He wanted to destroy the God's battlefield, engage in a great battle with fifteen Dragon Emperor, and even injured countless experts. Today, this matter has already been proven to be the case because he was affected by the Primordial Godly Absorbing Technique. The five Dragon Emperor s have also been affected by it, and have destroyed all of their idols, let's not talk about the seventy-two god corpses under it, and not talk about what the God Battlefield is like. But that time, everything that my father did was not his intention, so, like the five Dragon Emperor s today, he was innocent! "

Everyone admitted this.

If he was guilty, then all five Dragon Emperor s were guilty today.

The entire Dragon God Domain was listening to what Long Chen said. Now that everything in the World of Gods had become a mystery, the seventy-two Shencheng were no longer convinced.

They were actually filled with doubts regarding Long Qinglan's original actions. If the war of gods could not be considered his fault, then Long Qinglan was actually the only one who had dealt with the matter regarding the devil star, causing all the living beings in the world to be troubled. Why did he have such a turning point?

This was what Long Chen was going to announce to the world today.

This time, he spoke of the ancient secrets of the devil star with a narrating tone, to the point where no one knew about it until now, because other than Long Qinglan, no one else had ever come out of the devil star.

Long Qinglan started with Yi Xue and Meng Hen's identities as well as the Archaic Giant Demon 'Qu' and then to Long Qinglan who, in order to search for the path to becoming a god, entered the demon star realm and encountered the request to awaken his bloodline. He couldn't stand the suffering of so many people, so he decided to help them, since most of them were human beings.

However, he and all of the free demons never thought that his will would be able to travel so far after Qu Hui awakened. If Long Qinglan was not being affected, he could have completely controlled everyone, but unfortunately, he did not expect that even he, the Primordial Giant Demon, would be remembered by that Ancient Giant Demon.

Because there were two people on the Demon Star that had confirmed it, no one didn't believe it. This was something that the fifteen Dragon Emperor s did not know. Back then, Long Qinglan was too proud and aloof, so proud that he did not tell these fifteen Dragon Emperor his true intentions and thoughts, making everyone think that he was selfish and only released the group of demons to become a god.

Now that he thought about it, yes, what did becoming a god have to do with releasing a group of demons?

This was the truth. He was only trying to help others. It was a kindness, a mistake caused by goodwill. To a leader, not only was it not a deliberate mistake, but they were being looked down on. This was unfair.

"This matter of the devil star, this is the true truth. Perhaps it was because he was too involved, but after causing such a disaster, he did not say anything. What happened next? What kind of danger did he experience? Only then would he disappear from everyone's field of vision, until he returned from the battle of gods? I don't know. Maybe no one knew. However, looking at the battlefield between the gods, the ancient trolls, and so on, the humans are not at ease. He might not even be the strongest existence in the world, and there are people in this world who can kill him. Unfortunately, we don't know what he's up to. But now that everything has been revealed, although he has made a certain mistake due to his good will, but he has contributed so much to the human race. He is the strongest person among us humans in the past million years, and during that year, he shook the entire world, not one of us dared to even move a single hair on his head.

Now, Long Chen could be considered to have vented out everything in his heart.

Yes, it wasn't fair!

It was just that back then, the people were too stunned and disappointed, but they could not find any explanation. Even the fifteen Dragon Emperor s did not know what had happened, which was why under the chain reaction, all the public opinion in the world was biased towards and discredit him.

Now that his son had returned with an explanation, it was time for everything to vanish into thin air. In this matter, Long Qinglan had made a certain mistake, and the people of the world had made their own mistake, especially the fifteen Dragon Emperor s. They did not stop the public opinion that had lost control of themselves, and allowed their anger to be passed down through generations of humans to the future generations, spreading it to the rest of the human race.

When Long Chen finished speaking, everyone lowered their heads in silence.

They were in great pain. They were angry and unwilling, yet they were going to discredit the strongest leader of the human race for a million years. They were going to make him die with grievances.

It was to the point that Long Chen had relied on himself to understand all of this!

Silence, panic, self-blame, maybe they had changed a lot over the years, and it was just as Chen Ting had said, self-serving, passionate, and blinded by hatred, but today, the truth about Long Chen had caused them to truly wake up. For humans, mistakes were unavoidable, but if they could repent and accept the truth, Long Chen was willing to inherit his father's will, and protect this life, and love them!

Perhaps, a united human being was the true hope of Long Qinglan!

Today, Chen Ting had challenged this unity, and Long Chen had used his sincerity to exchange for this unity!

Everyone was thinking, looking at the people around them. No one could deny that they had participated in discrediting this great leader of theirs for so many years, even spreading their anger to the next generation. However, Long Chen needed everyone to change, reflect upon themselves, and then, create a truly great and united human race!

In all of these, the fifteen Dragon Emperor s were the biggest sinners, and also the ones who needed to reflect on it the most.

After hearing all of this, the immortal Dragon Emperor, who was Long Qinglan's foster father but despised him the most, was currently crying and his body was trembling. He looked at Long Chen blankly. He was unable to forget that just now, Long Chen had used his fire of life to heal his injuries and after all these years, how many things had he done to Long Qinglan that had let him down?

"Everyone, I was wrong!"

He spoke with a trembling heart, "As his foster father, I was not able to become the target of his communication. I was even strict with him, alienated him, and caused the matters of the devil star, but we didn't know the inside story. This is the fault of our fifteen Dragon Emperors! The first big mistake! I can't think of a way to punish myself."

He was almost unable to control his emotions, and it was Dragon Emperor Yongye who held him up.

Finally hearing this stubborn old man say such words, Long Chen took a deep breath, and his eyes couldn't help but turn red. If his father could hear those words, perhaps he would be happy, and feel gratified! He finally did it!

The aged face of the Immortal Dragon Emperor caused everyone in the world to be moved.

He continued, "The second mistake was that after what happened, not only did I not find out the truth, but instead led the way by discrediting him, despising him, doubting him, and not stopping the world's incorrect public opinion. That's right, I was blinded by hatred. If Long Chen had not come today to uncover the truth, I would have waited for my death to happen before hearing the truth. However, I was unable to do anything, so I would have suffered even more. Now that everyone knows the truth, then I declare that from today onwards, Long Qinglan will still be our Eternal Dragon Emperor. Anyone who dares to be the slightest bit disrespectful to him will not be able to blame this old man for being impolite."

Chapter 2302 - Devouring World Dragon

This was exactly the temperament of the Immortal Dragon Emperor.

When he could not believe that Long Qinglan would bring about such a disaster to the human race, he was the most furious and most furious of them all. Now that the truth had been revealed, he could brazenly stand out, apologize, and take the lead to respect the new facts!

"Now, with this Aurora Art, I think everyone in the world knows the truth, so there's no need for me to say anymore. We are all of the same race and share the same ancestors. We should unite as friends and work together from now on! "

The immortal Dragon Emperor had already made clear his attitude.

"The Eternal Dragon Emperor is indeed in the wrong, but after so many years have passed, the slander we have done towards him these past few years was enough for him to pay a heavy price. From today onwards, I hope there will be a new beginning. "

At this time, the other Dragon Emperor s stood up one after another.

They were the most authoritative people in the entire Dragon God Domain. With these words of theirs, coupled with the truth that Long Chen had provided previously, the image of Long Qinglan in the entire Dragon God Domain truly changed. Just as Long Chen had hoped, although they were lacking in terms of human nature and he was the same, what was undeniable was that their hearts were basically filled with kindness!

In that moment, the entire Dragon God Domain started to discuss, this matter needed some time to settle, and needed to be treated fairly and impartially.

Long Chen saw everything that satisfied him, and in the end, he still succeeded. From today onwards, Long Qinglan would still be their Eternal Dragon Emperor, and would be their hero. The corners of his mouth curled up into a knowing smile, and this was what he wanted to prove to the Black Emperor!

Humans were not as despicable as he had imagined.

In reality, Long Chen had also hated them. It was the same when he had left the battlefield of the gods, but when he returned to the Dragon God Domain again, he realized that it wasn't as bad as he had imagined. There weren't many people filled with malicious intent.

After discussing for a while, they announced that ten days from now, they would hold a grand offering that would invite all the experts in the world to participate. The aim was naturally to trace back to the Eternal Dragon Emperor, and announce his official name with such a ceremony, giving him justice as he deserved.

This was the result of Long Chen's hard work.

Although this was a form of thing, Long Chen believed that his father definitely needed it. This proud and even proud man didn't seem to put anyone in his eyes, but he still cared about how his compatriots viewed him.

Now that there were fifteen Dragon Emperors and so many people supporting him, the entire Dragon God Domain would definitely reform into a group because of this grand occasion. They would even wait for Long Chen to become a person at the new Long Qinglan's level!

It was very possible!

Of course, he still needed to complete a very important task today!

That was, defeating Chen Ting and at the same time convincing him to submit!

"Amazing, truly amazing!"

Chen Ting stared blankly at him for a very long time before finally being unable to hold back his laughter. However, this time, he appeared to be in a very sorry state. Originally, he did not have a chance to retaliate, but he did not expect that Long Qinglan would actually experience a great change and directly die in the end. After that, he was scolded and blackened by everyone. Who knew how much joy he felt in his heart.

It was just that right now, his reputation had been tarnished, and he had almost lost his life. Yet right at this moment, Long Chen had avenged Long Qinglan, allowing him to once again garner the admiration and love of everyone. To Chen Ting, this was just such a mockery, yet he was actually so laughable.

"Do you understand now? Everything you say, everything you think, is your own extreme thoughts. No one could be blamed. No one was wrong, the only one in the wrong was you, so I naturally gave you a chance. Now that you have a fair fighter jet, if you can beat me, then you can leave. As for me, standing here today, other than standing up for my father, there's also one other thing, and that is to stand up for my Dragon Slayer City's over ten thousand brothers! Chen Ting, are you ready? "

It was only now that Long Chen finally displayed his true dominance. That pair of cold eyes exuded shocking killing intent! If the confrontation between him and Tianmu Emperor was said to have only made the crowd aware of his strength, today, he was going to show a kind of spirit, a kind of courage, and a kind of will!

He had the courage and confidence to fight fair and square with the Black Hell King, who had brought a great disaster to the human race. Currently, Long Chen's status within the human race was constantly rising. Although some of the elders with Nine Palace Calamity had awakened, in terms of status, Long Chen was already the strongest out of the fifteen Dragon Emperor s!

Chen Ting was unrelenting even if he were to die. He believed that there was no such thing as a failure.

It was just that this time, when Long Chen was going to uphold Long Qinglan's honor, the blow to him was just too great. If fifteen Dragon Emperor were to make a move, it would be impossible to defeat his heart, but this time, the younger and more powerful Long Chen who was standing in front of him had already lost his heart before he even made a move.

Because even he was unable to convince himself.

This must be even greater sorrow.

Amidst the expectations of billions of people, Chen Ting cried like a mad demon. He suddenly laughed loudly and said, "Ready, of course we're ready. Let's go!" Since I, Chen Ting, have still lost to Long Qinglan in the end, I will defeat his son. This would at least prove that I am not bad! I just don't have his kind of luck! "

Chen Ting's body began expanding. He was going to transform into a dragon!

The fifteen Dragon Emperor s standing at the side guarded a blind spot. They would definitely not run away while fighting against Chen Ting. As for whether or not Long Chen would keep his promise if he lost the battle, that was not certain. At least they hadn't thought about it yet.

At this time, everyone in the Dragon God Domain was looking forward to this battle. Would Long Chen let this dangerous guy go?

If he really was defeated, what should he do?

It wasn't that they underestimated Long Chen, it was that he was too young and that the Black Hell Emperor was a cunning and scheming person. Sometimes, victory or defeat was not determined by a comparison of absolute strength, and life or death was the same.

Back then, he was even one of the youths closest to Long Qinglan, and at least when he was young, the difference wasn't that great. It was just that later on, Long Qinglan's progress was heaven-defying, and all of the youths were left far behind.

After displaying his peerless talent, he was devoured by his master, the inherited blood essence of the 'World Devouring Dragon' bestowed upon him by Dragon City's number one Dragon Emperor.

It was even more powerful than the Great Creation Yin Yang Dragon. In The Age of Dragons, this divine dragon devoured the universe, space, and world, devouring countless dimensions in its entire life, and even devoured everything within it.

The Void Refining Demon Dragon, on the other hand, was only a high level divine dragon. The World Devouring World Dragon, on the other hand, was a Ultimate Dragon, and there was a huge gap between them. At the very least, the difference in their appetite was enormous, and the amount of food a single devouring World Dragon could consume was equivalent to the amount of several thousand Void Refining Demon Dragons.

Now that Chen Ting had lost his Black Hades Beast's power and returned to being a pure human, the divine dragon he had transformed into was naturally the Devouring World Dragon!

The Black Dragon frantically appeared and rolled in the Aurora Art. Black clouds came from afar and surrounded him. This was a pitch black divine dragon. It had a huge body and a pair of black wings that were as sharp as knives. It could easily cut through the most stable space in the ancient era!

But following the dragon's body downwards, all the way to the dragon tail, what could be seen was the tip of his dragon head rolling back, and also looking at Long Chen. It was actually another dragon head, completely black, only one-third the size of the dragon head.

But it was just as fierce. When he opened his mouth, space itself was annihilated, and he swallowed it into his stomach.

There were actually two dragon heads, and they grew on the head and tail!

Especially the dragon head that was on the dragon's tail, it looked to be like the tail of a scorpion, barbed up as it glared at Long Chen like a tiger with eyes filled with resentment and killing intent.

Devouring World Dragon!

As soon as this dragon appeared, the people of the world were still shocked. In the world, there weren't many people that could defeat this Devouring World Dragon, especially to most ordinary people.

This was a very critical battle for Long Chen, and it was not just about victory or defeat. Right now, he was representing the human race in battle against this traitor who had completely abandoned his race and soul.

It was an even more important battle to solidify his personal foundation!

That's right, Long Chen wanted to become a Dragon Emperor killer.

Now that Long Qinglan's problem had been resolved, he no longer had anything to hold him back. However, the Ancient Giant Demon was still trying to move the Demon Star, and the secrets of the Gods' Battlefield were limitless. The Divine General had even announced that his real body would descend to deal with him, so he didn't know what was going on with the Spirit Sea's Divine Corpse.

What was even more terrifying was the black jade dragon leader's prediction that the dragon sacrifice would perish a hundred years later.

This all proved that in the entire Immortal God Realm, the entire Dragon Sacrifice Continent was in the midst of all these events. As one of them, Long Chen deeply loved this divine dragon inheritance world, so he was duty-bound to do it. Getting rid of the Black Emperor and the Twin Demons were just two of the minor matters.

Of course he wanted to live a peaceful life with Ling Xi.

But could this world be at peace?

Impossible, Long Chen seemed to have felt those eyes that were ready to move, like those unmoving devil eyes. They were greedily examining this world, not only the Immortal God Region, but also the collapsing Dragon Sacrifice Continent!

As a member of the descendant of the divine dragon, he should have shouldered this responsibility and desired to deal with it better. Therefore, he needed a supreme identity, and that was the supreme leader of the human race, the Dragon Emperor s, to be slaughtered!

the same identity as the Eternal Dragon Emperor.

Of course, his strength and achievements were not enough right now, but he would work hard to break through in this direction. If he succeeded, the biggest satisfaction he would get would be that Long Qinglan would definitely be proud of him.

Therefore, he had to defeat this important opponent today!

Chapter 2303 - Invincible Bravehearts

In the vision of millions of people, Long Chen displayed the body of an Primordial Blood Spirit Dragon when facing the Devouring World Dragon. In terms of size, he wasn't as huge as the devouring dragon, but in terms of killing intent or terror, Long Chen was even more powerful than him!

"This is the Unparalleled Dragon? It's so funny, haha! "

At this time, the Swallowing World Dragon's blade-like wings flickered as it charged towards Long Chen. The sky and earth changed color instantly and countless space turned into cracks, giving Long Chen an extremely huge pressure!

"Devouring Realm!"

The two dragon heads moved forward, one in front and one behind, as they opened their enormous mouths and bit towards Long Chen. It was because of the devouring of space that his small Dragon Capital was almost as big as Long Chen's dragon head.

With a flash of light, Long Chen dodged. The two dragon heads chased him relentlessly, every bite would directly swallow the surrounding space as if it were food, causing Long Chen to look like a material hidden within his food.

Long Chen, compared to me, you are still too inexperienced. I thank you for giving me a chance to live on, so I will definitely bring a pleasant surprise for you laughable humans! "

Chen Ting's two dragon heads simultaneously made the same sound.

Long Chen remained calm, even indifferent. This was his way of fighting, the more crucial the battle, the calmer he would be compared to anyone else.

Now that he had stepped into the later stages of the Five Elements Calamity, his strength was comparable to when he was fighting against the Tianmu Emperor in the Dragon Slayer City.

"The Tempest of Time!"

He could devour space, but Long Chen could shatter time!

That's right, even in the process of time transformation, he had still made great progress. Time was the power of space, and it was also the foundation of everything. Without time, the entire world would disappear, leaving only empty space.

This time, the Time storm was especially intense. Before Chen Ting's World Dragon Devouring Force could even hurt Long Chen, Long Chen had already caused all the dragon scales on his body to explode. The power of time had even invaded his body, causing him to be shaken up!

In one impact, the power of the Great Void Cosmic Dragon caused the devouring world dragon to be knocked flying, and it was covered in blood!

This was a very critical battle, with just one exchange, the outcome was already decided, and that was, Long Chen was stronger than him!

He had absorbed a considerable amount of energy from the five elements tribulation and released it when he reached the late stage of the tribulation, creating a new transformation!

This exchange of blows also filled everyone with confidence in Long Chen. They cheered, celebrating the birth of Long Chen, this was destined to be his era!

"Not bad!"

However, this kind of sneer was unable to hide the trembling in his heart. He knew that Long Chen had fire of life, that kind of undying fire, who could kill Long Chen? Who could defeat him?

"A beast of the Three Realms!"

The Devouring World Dragon was forced back again and again! "This" "..." "BOO!"

Just at this moment, his body split apart into three parts!

Among them, the flesh wings and a portion of the dragon's body had actually transformed into a black eagle, cold and sinister!

Four claws and a portion of the dragon body became a dragon-headed lion.

The rest of the body turned into a black sea shark, but it had the head of a dragon.

The three huge beasts all possessed the divine might of a World Dragon that was devoured by them. At this moment, they charged forward once again as the eagle flew into the sky to attack them, while the dragon-headed shark tore its way over to Long Chen to bite him. Its speed was extremely fast, and the dragon-headed lion was able to fight against Long Chen directly.

In reality, he was splitting his body into three. The three huge beasts had all inherited his abilities, and it was as if he had just added two helpers. Originally, he could only use one divine ability at a time, but now, he could use it three times!

"The beasts of the Three Realms are invincible to this day. How can you possibly break through them?"
You are still a child. Let me tell you, the victor has yet to be decided today. When I return next time, you cowards will know how to write the word miserable. "

Under the fierce attacks of the three beasts, they all let out different laughter at the same time.

The eyes of all the people in the world did not blink as they watched carefully.

It could be seen that the beasts of the three realms were indeed attacking extremely fiercely, and had almost caused Long Chen to retreat step by step.

"So noisy!"

Long Chen couldn't stand him any longer.

The Primordial Blood Spirit Dragon's Fury!

Right now, his sharpest weapon is this Myriad Death Claw.

The willpower of slaughter, as well as the power of flames, storm, and lightning accumulated within them ...

In the blink of an eye, the Primordial Blood Spirit Dragon's body began to emit a peerless and cold killing intent.

Long Chen's Primordial Blood Dragon's body moved extremely quickly, clashing several times with the other party. Long Chen's opponent's claws had pierced into his body, but remained indifferent, and used his life force to repair himself. In the next moment, all four dragon claws had deeply pierced into the other party's body, and with a sudden tear!

The opponent was in pieces!

Crash! *

Such a grand occasion made all the warriors cheer.

Accompanied by Chen Ting's pained cry.

He never thought that the Ten Thousand Death Claw, which seemed simple, would actually have such a great lethality. While he was enduring the pain from that part of his body, Long Chen had already rushed up to the clouds, and the gigantic dragon body held down his eagle wings.

In this situation, Chen Ting, who was in extreme pain, let the last part of his body hurriedly flee. The fragments of the corpses between heaven and earth reassembled together with the dragon-headed shark in the end, turning into the appearance of a devouring dragon. Only, this time, it was countless times weaker than last time!

After a round of battles, Long Chen seemed to have held the upper hand with absolute confidence. He had crushed Chen Ting, and he was battered and exhausted; not only had he lost to Long Chen in terms of heart, his fighting strength had also suffered a crushing defeat. Although he had not died yet, it was about time. Even at this time, no one dared to relax. Even dogs would jump over the wall in a hurry, let alone the Black Hell King!

Now, the two divine dragons once again confronted each other.

Long Chen's calmness and dignity formed a very clear contrast to Chen Ting's distress and pain.

The fifteen Dragon Emperor s made their preparations. This was probably the time when Chen Ting wanted to escape the most. After all, he had lost extremely miserably in this battle.

Many years ago, he lost to Long Qinglan and his life changed from then on.

But today, he was actually going to lose to his son? From then on, his soul would return to the heavens?

Everyone in the world was shouting out Long Chen's name.

What caused the fifteen Dragon Emperor s to be surprised was that Chen Ting did not have any plans to escape at all. He did not deny the fact that he was inferior to Long Chen, but instead continued to pant while laughing in an extremely strange manner.

"Clearly, my life has already been predetermined. This is a tragedy. Fate, is not fair to me! I, Chen Ting, am just a stepping stone for you and your father. This is the meaning of my life, fate, this damned fate! Just who exactly is controlling my fate! "

He laughed crazily as the gigantic dragon's body spun around.

"I have always believed that fate is in my hands. If you do not love yourself, fate will not care about you. Chen Ting, don't make the wrong choice. You can only blame fate. Fate is right, it's you who's at fault. "

Long Chen never thought to forgive him.

With so many people from the Slaughter Dragon City dying in the Heavenly Blood Hell, how tragic would that be? Even if he killed this fellow thousands of times, it wouldn't be enough to quell the hatred in his heart.

"Yeah, you're right. Control your destiny? "Only someone like you, who is blessed by fate, would make such sarcastic remarks!"

The corner of his mouth hooked up into a smile as he laughed: "But you did remind me, fate is obviously something that I need to control on my own. Then, about the gift I gave you with the lives of the two Ultimate Dragon I gave you, could it be considered a change in fate?"

Before Chen Ting could finish speaking, the fifteen Dragon Emperors had already told Long Chen to hide.

However, Long Chen remained indifferent. He did not dodge, nor was he afraid, nor would he cower. Today, they were not competing only in strength, but also in willpower and spirit.

"You can't scare me away!"

Long Chen looked at him coldly and said word by word. Everyone heard the determination in his voice, he was definitely such a tough person.

"Then let's go together."

He terrifyingly discovered that this young man actually had no weaknesses at all. Chen Ting had already used all of his skills, even spending two lives as a threat, but he was unable to scare him away!

In reality, even if Long Chen were to retreat half a step at this time, Chen Ting would still die laughing. He felt that he had not lost, but Long Chen was too cruel and did not give him the chance to do so. Even if Chen Ting did not even want his life, he would not be forced to retreat half a step.

"In my lifetime, I have swallowed a large amount of space, and all of it piled up within my body, pressing down into a single point. This is a terrifying point, even if it's the Dragon Emperor s, even if they come this close to me, they would still be doomed! Long Chen, are you sure you won't retreat? Are you not afraid of death? "

Chen Ting asked in a daze.

Long Chen stared into his eyes, and suddenly laughed: "I'm afraid of death, that's right, but you don't know, in this world, there is one thing that I'm more afraid of than death, and that is losing courage! Who do you think you are to let me die? "Come, let me see if you have the ability to do so!"

Long Chen's few words immediately scared Chen Ting away.

Right now, he was trembling all over, but Long Chen had given him an answer. Even so, he was even more afraid, because something like courage, when others said it, would not be something that he would have. It was a spiritual will, a belief.

Many times, it wasn't just a battle of strength, but a battle of faith!

Long Chen danced his Divine Dragon Body and suppressed Chen Ting step by step. This move caused even fifteen Dragon Emperor s to be filled with shock. They had truly learned something from Long Chen that they could use for their entire lives.

The most precious thing on his body was not the ancestral dragon-inherited blood that Long Qinglan had left him, but rather, it was his courage.

As for Chen Ting, he could only retreat under his suppression until the point where he couldn't bear it any longer and made his final decision.

"You will regret it forever!"

Chapter 2304 - Myriad Extermination

Eternal Extermination!

The devouring world dragon condensed all of the space into a single point. When it ignited that point, it would be the time when it did not want its life.

Now, no matter what aspect he lost to Long Chen, he would still be depressed to the extreme. He only had this one chance to reverse the situation, and if Long Chen also died with him, then no matter what, he had succeeded!

At the very least, everyone would feel regret for Long Chen's death, and would hate him, Chen Ting!

The extreme point that had gathered countless dimensions, suddenly exploded with a loud sound amidst the raucous laughter of the devouring world dragon, bringing with it all of the Emperor of Black Hell's anger and unwillingness, all of his cowardice and pain.

"Come with me, and perish forever!"

It was unimaginable just how terrifying his might was. Ultimate Dragon could have a chance to regenerate once, but during the process of rebirth, as long as Black Emperor was still within the range of being reborn, he would once again be destroyed!

Therefore, he chose to explode again and again!

The two Eternal Rends!

What Long Chen could see with his own eyes, was that following the change in Chen Ting's ferocious gaze, his body suddenly cracked open, as if it was filled with a countless number of blood colored networks. And just at that moment, a terrifying explosion had begun, this was his final counterattack!

From the very beginning, Long Chen had always been dealing with things calmly. Now, he had only used the flame of his life, enveloping his entire body, and protecting himself, but he had never been cowardly for half a year no matter what.

The power of the Eternal Destruction was simply too great.

Originally, they wanted to help Long Chen together, but Long Chen had such a stubborn temper. He absolutely had to suppress them, and so he refused the help of the Dragon Emperor s.

The Dragon Emperor could only protect themselves while laughing bitterly in their hearts.

When this Eternal Destruction appeared, the entire Aurora Art was already filled with black light. No one could see anything else, but they could very quickly feel the tremors on the ground, and even the cracks. And of course, the terrifying explosion that spread throughout the entire Dragon God Domain!

Bang!

A deafening sound rang out.

Heaven and Earth shook, rivers reversed, mountains collapsed!

For a moment, it was like the end of the world. Everyone was depressed and panic-stricken, but they still stared at the sky without taking their eyes off it. They were so far away and even could feel this terrifying power, so what about Long Chen? Could he live?

At this time, everyone was worried about him.

Bang!

But at this time, another voice rang out, causing a few lines of destruction that was not inferior to the last time, and once again swept through the world, even affecting the Spirit God Realm and Demon God Area.

Such a terrifying attack had not even occurred when the Dragon Emperor was fighting against the Black Hell Beast.

The experts all knew that the Black Underworld Emperor Chen Ting had directly smashed the two lives of Ultimate Dragon onto this wall. When the last sound came out, it meant that the Black Underworld Emperor Chen Ting was already as dead as he could be and had disappeared from this world.

In the end, Long Chen still killed him.

But that was not important, as everyone was more concerned about Long Chen's life and death.

In truth, they were extremely pessimistic and pessimistic. They clearly knew how terrifying the might of the eternal destruction was, Long Chen was so unyielding this time, although he had completely defeated Chen Ting in terms of mental will, was he really able to survive?

Especially since there were still two more such attacks!

Their fears are not unfounded.

From today onwards, the meaning of Long Chen to the entire Dragon God Domain was even more different. Now that he was Long Qinglan's successor, perhaps he would be the new hope of the Dragon God Domain.

There were many miracles that could be expected from him.

If he died, it would be the biggest loss to Long Qinglan's life in the past million years of the entire Dragon God Domain!

For a moment, everyone began to pray.

Currently, almost half of Eastern Star Region was drowned by the spatial fragments, and a large spatial turbulence had already formed. Ordinary people were no longer able to come here, otherwise they would have been submerged by the spatial turbulence.

Even at this moment, the strong tremors continued!

The fifteen Dragon Emperor s did not feel anything related to Long Chen either. The aftermath of the explosion gradually weakened, and Chen Ting disappeared without a trace. After discussing for a while, they could not help but start searching for him in the center.

Yi Xue and Meng Hen could not help but approach in search of the final answer.

"Don't let anything happen to him!"

"We must survive!"

All the people in the world were like them, silently praying.

However, they were too worried, so their faces all became pale, and there were even some who could not endure it and wanted to scold Long Chen. There was obviously no need for this, if fifteen Dragon Emperors could easily kill him, why did they end up like this?

Now, the aftermath of the eternal annihilation had quickly dissipated and the Aurora Arts became clearer. There was no suspense at all, nor was there much worry at all. After everything had dispersed, and at the spot where Long Chen was originally standing, they found Long Chen.

Everyone in the world had also seen Long Chen.

As expected, he did not retreat a single step. He was still in the same position as before, and now, there was nothing left in front of him.

His body burned with the flames of his life force, rising thousands of meters into the air. It was a majestic will, a boundless life force, incomparably exuberant and powerful. Everyone could deeply feel his strength and perfection!

Everyone imagined that even if he didn't die, he would still be heavily injured.

But what they saw was a complete Long Chen. Not a single hair on his body was injured, and he was still powerful, looking down on others. He had the aura of a natural born king, and his sharp eyes seemed to be unstoppable.

Only after everything was over did he withdraw from the dragon's body and reveal his human form to the crowd.

Even at this moment, his expression was still firm and resolute, his gaze penetrating even further. Everyone began to understand that this was the reason why he did not retreat a single step. He could lose anything, but he could not lose his courage.

This kind of courage was exactly what most people lacked.

Therefore, when this gaze spread throughout the world through the Aurora Arts, the image of Long Chen this time, could be considered as having been deeply etched into their minds.

This time, he would probably never forget it.

Fifteen Dragon Emperor s stopped in their tracks. looked at each other and they could not help but laugh bitterly. Thinking about it more carefully, the difference between Long Chen and himself, was probably just this kind of courage.

And now, all of them had come to an end.

Chen Ting died, and the two people from the devil star also made Long Chen submit. The fifteen Dragon Emperor s deeply heaved sighs of relief. A smile blossomed on his face for Long Chen.

"Welcome back alive, miraculous young man!"

The Blood Tyrant Dragon Emperor laughed out loud.

The other Dragon Emperor s were also overjoyed.

Just at this time, the people of Dragon God Domain finally reacted, they erupted in thunderous cheers, hugging each other, as if welcoming the arrival of a new era!

Now, it was the end and a new life!

Huge cheers filled the entire Dragon God Domain, filling this ancient land. Perhaps in the near future, this place would welcome their new ruler!

Today was bound to be a different day.

They found out the truth behind the final transformation of the Eternal Dragon Emperor, and also saw Long Chen's most precious quality and his courage in this battle!

Everyone fell into a state of ecstasy, their previously tense nerves finally relaxing. They are full of hot tears and they cry bitterly

Today, the Black Underworld Emperor was not destined to be the main character. Only Long Chen was the most dazzling one, and the Black Underworld Emperor could not possibly kill him!

Amongst the fifteen Dragon Emperor, only the Immortal Dragon Emperor was still a little awkward.

"I can only say, sorry!"

Standing in front of Long Chen, he said with guilt.

"He wouldn't mind." Long Chen said with a smile.

Today, all his hopes had been fulfilled. It was time to end this. He and Long Qinglan were not people who liked to fuss over things.

Hearing this, the Immortal Dragon Emperor heaved a sigh of relief.

"Eternal Ghosts, don't be so stubborn in the future. I also warned you before to change your temper now!"

One of the Dragon Emperor s teased, and everyone immediately burst out in laughter.

It was time to leave this place.

Long Chen returned the three Dragon Pearls that he had stolen previously to their respective masters.

At this time, the Immortal Dragon Emperor said, "Ten days later, a sacrifice will be held in the Everlasting Dragon City to uphold your father's name and restore his reputation as the Eternal Dragon Emperor. At that time, you should be able to make an appearance, right?"

It was necessary.

Long Chen appearing on stage was obviously the best, perhaps it was also his own wish.

However, Long Chen did not value this kind of thing, since the result was good, he would not care about this kind of thing.

He smiled and shook his head, "I might not be able to come. I have more important matters to attend to."

None of the fifteen Dragon Emperor s expected him to give such an answer.

Dragon Emperor Yongye was startled for a moment before he smiled helplessly. "I'm afraid that I'll have to go to Heavenly Dragon Star to see his beloved little girl. If not for Black Flame Emperor suddenly releasing the heavenly water here, he would have already gone back to Heavenly Dragon Star."

"So that's how it is!"

The Dragon Emperor s understood that this was how they came here.

"Then, I'll be counting on all of you Dragon Emperor s in ten days." said gratefully. To be honest, he really couldn't hold it in anymore, another year had passed, and after all that had happened, he couldn't even keep Ling Xi by his side. Now that it was finally over, he had fulfilled his father's wish and goal, and he would soon be able to see her!

It would be more or less the same to describe him as a person who wanted to return home as soon as possible.

Therefore, the fifteen Dragon Emperor s would naturally not stop him.

Chapter 2305 - Returning to the Sky Dragon

The duration of the Aurora Art was only about a day or so. After this day passed, it would gradually dissipate.

After bidding farewell to the fifteen Dragon Emperor, Long Chen came to Yi Xue and Meng Hen's side. These two devils now had a whole new level of respect for him.

Yi Xue chirped, "Hey, they said you have a woman? Still on Dragon Star? The one next to the magic star? We saw a very strong woman there. Is he yours? "

That must be Yang You.

Long Chen said: "This is an elder of mine. What are your plans for the future? Surely they won't go back to the Dark Star? "

Yi Xue chuckled and said, "I'm an idiot. I'm not going back." We intend to travel the world and enjoy this rare freedom. We grew up in the Demon Star and have been busy searching for the five Dragon Balls these past few days. We haven't had a good look at this beautiful world yet. "

"That's good too, then we'll meet again if fate allows it."

Long Chen said very straightforwardly.

"Won't you ask us to follow you?" Are we not as pretty as your girl? " Yi Xue said angrily.

Long Chen laughed. Knowing that the other party was joking, he did not reply.

"Alright, let's go!"

Yi Xue pulled Meng Hen, who was beside her, and the two of them turned into meteors, disappearing from this world very quickly. Long Chen sent them off with his gaze, and in the end, Meng Hen turned to look at Long Chen before quickly turning back to pursue their own lives.

"Take care."

Long Chen pursed his lips.

Several Dragon Emperor s had said before that they would personally escort Long Chen to Heavenly Dragon Star next. However, at this time, the Black Hell King and the Twin Demons were no longer opponents, and there were no longer any threats, so escorting him was unnecessary. Therefore, Long Chen prepared to return home alone. As for the rest of them, they would naturally be preparing the ceremony to restore Long Qinglan's reputation as the Eternal Dragon Emperor.

After the Eastern Star Region s had parted ways, Long Chen and the fifteen Dragon Emperor s had moved separately.

After leaving the Eastern Star Region, Long Chen headed towards the north quickly alone.

Within the scope of the Aurora Art, everyone had disappeared, and along with the time limit, the Aurora Art was also gradually dissipating.

After everything was over, everyone went back to doing whatever it was they needed to do.

However, they were all looking forward to the grand ceremony that was going to take place in ten days.

It was a form of atonement.

On the way back, Long Chen took out his star talisman.

"I heard about what happened over there. There are people from the Heavenly Dragon Star in the Dragon God Domain. Congratulations, you've finally succeeded. You've fulfilled the last wish that your father gave you. You're an outstanding son. "

Yang You's tone was still neither fast nor slow.

It was just that she could hear that, unlike usual, her voice was slightly choked with sobs. Perhaps it was because she was crying ...

She was the person closest to Long Qinglan in the past.

"I'll be going back soon, in a day's time, I'll be on Sky Dragon Star." Long Chen said.

"Mm, we'll wait for your return, then we'll have a chat in detail."

"How is Xi doing?"

"I've already reached the final stage. I'll be able to succeed in a few days. I'm right by her side. "

The reason why Long Chen did not immediately look for his was because she was afraid that he would disturb her at this time. It had been a year, and she was always working hard, just so that he could end it soon.

All she could do was try.

With her talent, she was probably only second to Long Chen in the entire world. However, compared to Long Chen, it was still extremely difficult.

After cutting the Star Talisman, Long Chen's entire body was boiling, the longing was like a poison that had spread throughout his body, Ling Xi's appearance had already filled his brain, and even made him unable to breathe. He could not help but increase his speed, and charged towards chaotic star field!

Outside of Sky Dragon Star was the Star of Destiny.

Outside the Star of Destiny was the Primal Chaos Emperor.

Right now, the white haired warrior was standing outside of Star of Destiny, not daring to get close.

This terrifying figure had appeared within the chaosworld, one which even the Starlord of Primal Chaos had to address as 'senior '. His appearance was gentle, handsome, and his skin was crystal clear. He looked like a piece of jade, and he was even more good-looking than a woman. He was the most exquisite and pure man in the world.

"Star of Destiny, this is an eternal mystery. Even I am unable to approach it."

In the eyes of ordinary warriors, the Star of Destiny was only a place that excluded outsiders, and anyone who went there would be killed. However, the real determinants of power all knew how terrifying he was. He was not just a simple planet.

Through the white haired man's eyes, he could see that there were layers of restrictions surrounding Star of Destiny, concealing the truth, but all that he could see were illusions. This was an ancient and mysterious place. To the truly strong, the mysteriousness of this place was not inferior to the Demon Star and Ancestral Dragon Cave!

His glowing eyes finally landed on the seemingly ordinary, yet beautiful Heavenly Dragon Star. This was a planet filled with flowers and birds.

"This tyrannical aura, it belongs to that bitch Yang You!" It had been so many years since he last saw her, but this woman was even stronger than before. Wasn't it Long Qinglan who gave the Unparalleled Dragon Inherited Bloodline? In terms of true combat strength, he probably surpassed the fifteen Dragon Emperors. "Of course, it's not too late. If I wasn't at a low tide right now, I wouldn't have needed to wait for so long."

The corner of his mouth hooked up into an evil smile, and he said: "Oh Sector lord's Divine Arts, what kind of transformation will Sector lord's Divine Arts bring to me? Is this the key to me becoming a god? Even though I am currently inferior to the Long Qinglan at his peak, I think that there is already no one in this world who can be my match, right? The Demon Lord? Dragon Emperor? "

He opened his arms and looked at his crystal clear fingers, revealing a satisfied smile.

His face was glowing, as if he was recalling a memory from the past.

"There really isn't a more perfect man in this world than him. It's a pity that he left for no apparent reason!"

Thinking up to here, his expression became fierce, looking at Sky Dragon Star, but he didn't get any closer.

He thought of Long Chen.

"There is no woman by his side, there is only a maid, Yang You! "That evil creature has recently risen rapidly in power. It must be Yang You's seed. If it wasn't his flesh and blood ..."

The white-haired man's body began to tremble.

He hesitated, controlled himself.

In the end, he endured it and retreated, disappearing from this world.

With Long Chen's current speed, it wouldn't take long to return to Heavenly Dragon Star.

Moreover, he had basically used all of his speed.

A streak of blood colored light flew out of the Dragon God Domain in about a day's time. After a long journey through the starry sky, it entered the chaotic star field and headed towards the central region.

He kept going deeper!

Passing Asura planet, Luo Sha planet!

Finally, they passed by the planet of Primal Chaos!

"Who is it!"

It was at this moment that the Starlord of Primal Chaos sensed his actions. He rushed out of the Primal Chaos Sea, and the gigantic Chaos beast quickly charged out of the starry sky to stand in front of Long Chen, glaring at him like a tiger staring covetously at its prey.

But when he saw Long Chen's appearance, he was immediately stunned.

The person who could unleash such speed, was actually Long Chen?

Two years ago, Long Chen had defeated the number one genius of the chaotic star field, Chaotic Kun Wu, and his name had shaken the world.

And now, Long Chen had once again appeared in front of him.

Of course, the Primal Chaos Star Lord had heard quite a few legends about Long Chen. Until now, when he was still in the Five Dragon Cities, he could be considered to be a prodigy, but he wasn't particularly clear about the actual strength of the contestant.

Previously, it was Long Chen's speed that was comparable to his that caught his attention.

"Haha, it's you! There's really a path to heaven, but you didn't walk through it. Hell has no doors, and now that it's in my hands, Yang You doesn't need those bright stars of the stellar nucleus to exchange with me. You can forget about leaving!"

The Starlord couldn't help but laugh loudly.

At this time, many Chaos royal clan came out of their hiding spots on the planet. They were very happy to see that the Starlord of Primal Chaos had actually intercepted Long Chen.

"Star Lord, quickly capture him and bring him back to our planet!"

Everyone couldn't help but laugh out loud.

Long Chen was too lazy to bother with them, he said: "Get out of my way, I'm on my way."

"Aiyo, you sure have a big mouth. I heard that you have a good life in the Five Dragon Cities and have killed a lot of strong warriors. You even dare to charge past my Primordial Emperor? Do you think that our Chaotic Star Lord doesn't exist? "

The gigantic Chaos beast roared.

Back then, the appearance of the God of Doom was a huge insult to him.

The Chaos royal clan laughed once again.

Long Chen could not help but frown. Thinking about it carefully, yes, he would definitely not give way to the Star Lord of Primal Chaos, an innocent and despicable person, if he were to stop them and not defeat them!

If that was the case, then he would no longer be polite!

He decisively shook his body to transform into a dragon, and then used the Ten Thousand Death Claw. His movements were swift and violent, and he instantly rushed forward!

"A dog leaping over a wall in desperation?"

The Starlord laughed disdainfully.

However, in the next moment, the Primal Chaos Star Lord was dumbfounded. This attack speed, this intense sense of danger, just what was going on?

Not giving him time to think, Long Chen's Ten Thousand Deadly Claw directly swept across his body, leaving behind a trail of blood, causing the Starlord of Primal Chaos to scream incessantly in pain. With a swing of his dragon tail, Long Chen caused the gigantic Chaos beast to crash onto the Primal chaos planet, causing it to tremble.

This scene stupefied all of the Chaos royal clan s.

They could still clearly hear the pain and agony of the Chaotic Star Lord. Looking down, under the attack of the 10,000 Death Claw, the Chaotic Star Lord was currently struggling in the chaos sea, screaming miserably as he transformed into his human form. However, the pain caused by the 10,000 Death Claw was still there.

"Listen up, I'll spare your life this time. If you don't grow more eyes next time, not only you, the entire Chaos royal clan will disappear. It is true that I am Long Chen, but I am not someone you can offend! "

Long Chen said as he turned into a human and continued forward.

It wasn't until he had completely erased the Ten Thousand Deadly Claw that the Primal Chaos Star Lord finally stopped his excruciating pain.

He walked with much difficulty to the front of the crowd, and stared blankly at the way Long Chen had disappeared.

"Everyone, I-was I dreaming just now?"

The Primal Chaos Star Lord couldn't help but ask.

Everyone was stupefied, no one could answer him.

Chapter 2306 - Gazing

The chaos planet was just an interlude.

However, while passing through the Star of Destiny, Long Chen indeed encountered a feeling of danger.

"Is it this planet?"

Yang You had once told him that it was best not to go near the Star of Destiny. This was a place with a long history like the Demon Star, a mysterious place.

Looking around this time, the Star of Destiny was shrouded in a mysterious fog, and one could vaguely see a lot of people, and it was not clear what race they were from, but they were indeed living beings, and they were cultivating here, dying of old and ill.

This was a seemingly peaceful world, but it was actually filled with killing intent.

Heavenly Dragon Star was right between the Star of Destiny and the devil star.

"In the Slaughter Dragon Tomb, the stone lock I obtained is carved with the Star of Destiny and the key is carved with the City of Destiny Dragon. Does this mean that the Fate Dragon City is a key, or that they have a key, and the Star of Destiny is a lock? "

The stone lock was just like the key itself, it did not have any profound mysteries to it and could be destroyed easily, which was why Long Chen had guessed it.

Sky Dragon Star had already been seen by Long Chen with his own eyes, but Long Chen immediately put that thought down, increased his speed, and rushed towards Sky Dragon Star!

After a year, he had finally fulfilled his father's last wish and returned to this place!

Although this year had been tough, and he could risk his life at any time, at least it had a good ending.

Now, he also had the face to face with those clansmen of Long Qinglan's old clan on Sky Dragon Star. They could totally return to Dragon God Domain if they were willing.

Long Chen rushed into the Heavenly Dragon Star, he remembered where Ling Xi was.

Knowing that he was about to return, the entire Heavenly Dragon Star was prepared in time. A hundred thousand divine dragons in human form had filled the entire mountain range, and when they saw a red light flash in the sky, they knew that Long Chen had returned!

Return with glory!

"Greetings, Young Lord!"

For a moment, almost everyone was half-kneeling on the ground, and said to Long Chen with great excitement. There were even some whose eyes were brimming with tears. Yang You had already told everyone that what had happened in Eastern Star Region and Dragon God Domain today, this huge victory was exactly what all the Heavenly Dragon Star Warriors yearned for.

Although they may not necessarily want to return to the Dragon God Domain, they also did not want to bear the burden of the crime of living, and even more so did not want the Long Qinglan they were following.

For Long Chen to be able to complete this task, it was naturally to make them completely convinced, and follow suit with all their might.

"Everyone, please get up!"

Long Chen was also full of excitement as he landed in the air above them. At this time, Yang You, the Dark Dragon Emperor and the Radiant Dragon Emperor, were already waiting for him by the side.

To them, a year of time was like the blink of an eye.

But to Long Chen, there was a huge change.

"In just a short year, this progress is unbelievable!" Both the Glowing Dragon Emperor and the Dark Dragon Emperor were grinning from ear to ear.

Although Yang You's eyes were only exposed, it could be seen that the gratification and joy in her eyes was something that she had never experienced before. Maybe she was a sad woman, but not now. She was happy.

"Aunt You!"

Long Chen went forward and gave her a light hug. Although she did not leave Sky Dragon Star to help him, she had the responsibility of protecting Sky Dragon Star and the hundred thousand divine dragons, and it was only because of her that he was able to rest assured. Therefore, he was naturally extremely grateful to her.

"It's a pity that the Dragon Confining Arrows were destroyed by the Heavenly Emperor. Only this incomplete painting remained. "

He said guiltily.

Perhaps these were her memories.

"Keep this painting safe. As for Dragon-Confining Bow, that was the best weapon to have. It might be a happy occasion. "

Yang You's voice was filled with a satisfied smile.

"Young Lord, Young Lord!"

The hundred thousand divine dragons started to clamor. They were the most loyal people to Long Chen, and now they were even more joyous. The entire Sky Dragon Star was extremely lively. This place was a carefree place without any struggles, and was indeed a paradise in Long Chen's heart.

"Xiao Xi is about to succeed, right?"

Long Chen could not help but ask.

"Soon. It will only be a day or two."

Yang You answered.

At this time, the Glowing Dragon Emperor laughed, "My fellow sons, the Young Chieftain is not here to see you all. He is thinking of his little beauties, let's disperse and let the Young Chieftain accompany Miss Ling Xi. They haven't seen each other in a year, I don't know how much they miss each other."

Hearing this, everyone laughed joyfully.

"Shame! Shame!"

The children scattered in all directions. They were not patient to begin with, so they immediately went to play.

The elders did not stay long either. Now that they worshipped Long Chen, of course they could not wait to take another look at the Young Master. However, they could not disturb the gathering of others ...

"Go."

Yang You's eyes were filled with a kind smile. It was so satisfying and beautiful.

"Yeah!"

Long Chen did not hesitate, he walked towards the beautiful forest and the lake full of starlight, where Ling Xi was located.

They didn't tell Ling Xi that Long Chen would return today, so Ling Xi was completely unaware of this moment.

Long Chen stood at the edge of the lake, full of longing and excitement. He saw the stellar nucleus at the bottom of the lake, emitting soft starlight in the lake water, causing the entire lake to flow like a gem.

But Long Chen's gaze was even more unable to take away from the woman sitting cross-legged on the stellar nucleus.

Under the contrast of the azure colored starlight, she was so perfect, just like a goddess. No matter what, she was too beautiful to tease. Those rosy lips, clear collarbones, and perfect curves all made Long Chen have the urge to uncontrollably hug her for a while.

He held back.

Because Ling Xi was at the final juncture.

This made Long Chen unable to hold his breath, he even forgot to breathe. In his eyes, there was only this breathtaking beauty, no matter if it was the black hair floating in the water or the snow-white skin that was as tender and tender as water due to the starlight, all of it was a fatal temptation.

Not to mention the curves of his upper body, waist, and buttocks, it was a masterpiece created by the heavens.

She seemed to have perfectly blended with the water around her, becoming a delicate woman like water.

Maybe because she had grown up and matured, she had gained even more charisma and charm. She was no longer the playful and mischievous one of Ling Xi's swords, but the gentle and considerate her.

But no matter how much she grew, in Long Chen's heart, it was his eternal love.

Long Chen just looked at her quietly. He had forgotten about the passage of time because he wished that he could be forever frozen in this moment.

Maybe a day later, maybe two.

At a certain moment, Ling Xi's long eyelashes trembled slightly, and her blue eyes that had appeared in the water opened. She did not look in Long Chen's direction, but was holding onto a hand seal, and the bright stars under her feet were trembling slightly, transforming into a longsword covered with runes and butterfly patterns, that was grasped in her hands.

She had succeeded!

She had been waiting for this moment for the past year, so she could not imagine the excitement in her heart right now. Once she succeeded, this meant that Long Chen would return, and it meant that she could be reunited with Long Chen!

This was what she had longed for the past year!

She was trembling, allowing the butterfly illusion sword to enter her own Divine Kingdom. She had already failed to count how many Dao Inscriptions there were, so she was in a hurry to tell Long Chen the news.

In actuality, because of the fusion of the two stellar nucleus, the Butterfly Illusory Sword now had a total of 750 dao patterns, which was even higher than Long Chen's Godslayer Sword!

With Ling Xi's current strength, mastering the Butterfly Illusory Sword would allow him to unleash battle power that exceeded her current level!

Her blue eyes that were floating in the water were filled with excitement. As she came out of the water, she took out her Star Rune, and the current her body was drenched in water. Her perfect, delicate body, as well as her faintly discernable beauty, were all displayed in front of Long Chen, like a lotus emerging from the water, unable to be described with words.

She didn't even notice that Long Chen was right in front of her and had already activated the connection between the two talismans. Her eyes were even watery and filled with anticipation, waiting for Long Chen to appear within the talisman.

And then, it really did appear.

Looking at the familiar man, Ling Xi could not suppress the excitement and yearning in her heart. She anxiously said: "Brother Chen, I succeeded!"

At this point, she seemed to have heard her own voice from a different place.

It was the sound of a star talisman.

She was stunned for a moment. The voice came from right in front of her eyes. She seemed to see a pair of feet, then she raised her head. In that instant, she saw her long-missed lover appear before her.

Ling Xi almost could not believe her own eyes.

However, she would not think about whether she was seeing things or not. So what if she was seeing things? It was enough for her to be able to see him.

Thus, at that moment, the star talisman in her hand fell down, sinking into the beautiful clear lake water ...

His long, wet hair and his skin was dripping with skin. All of these were extremely enticing to Long Chen. At last, this was the time.

Gazing, staring for a long time.

The more he gazed, the more real it seemed, and let Ling Xi know that what had just happened was not a lie.

In a short distance, Long Chen crossed it in a single step. It was just that Ling Xi was faster than him, and in the blink of an eye, she was already in front of Long Chen, allowing him to smell the refreshing fragrance on her.

There wasn't much of an exchange between them, and it was even more direct than when Long Chen ripped off his clothes.

For a year his little dragon had been hungry.

Under his toughness, Ling Xi's soft and tender body was completely incapable of resisting, and she would not resist either, because she had to wait for a violent impact in order for his and Long Chen to vent her longing for this year. Only such an intense method would be able to reunite them.

Although Long Chen was incomparably strong, he was indeed a woman who could melt into water.

No one approached them. After all, those with much experience all knew what the first thing they did when meeting each other was exactly what they wanted to do.

As expected, the uncontrollable music started spreading.

"Young master, your firepower is too strong, there's no mercy at all!"

The Radiant Dragon Emperor sighed.

"You don't respect your elders, scram!"

Yang You rolled her eyes at him and said.

Chapter 2307 - Killing Dragon Emperor

Ten days later, almost all the experts in the entire Dragon God Domain had gathered in the Everlasting Dragon City, and had completed redefining Long Qinglan's name.

This ceremony was also a way for the ranker to apologize to Long Qinglan and reminisce.

This made everyone think of the era when Long Qinglan's existence caused light to shine uncontrollably.

On this day, the entire Everlasting Dragon City was bustling with noise and excitement. On the Sea of Time, fifteen Dragon Emperors had constructed a tall and majestic altar, which could hold tens of thousands of strong warriors to stand on.

For the past ten days, the experts of the Five Dragon Cities as well as the representatives of the 72 - The Ancient City of God's descendants all rushed here from all over the place. They gathered at the altar.

Currently, everyone was looking at the altar in unison, their expressions solemn as they stared at the highest point of the altar.

This time, the death of the Black Demon Beast was a result of the combined efforts of these fifteen elders.

The seventy-two Shenchengs were not the main characters this time around. Under the lead of the newly selected City Lord Di Jun, they stood on a corner of the altar. The newly selected City Lord Di Jun was Di Yao's younger brother who had been in closed-door training for many years and had recently returned, his strength at the late stage of the Seven Star tribulation of reincarnation.

Although he could be considered one of the ultimate experts, there was a huge gap between him and Long Chen's current level.

Thus, 72 - The Ancient City of God's descendants was very sincere.

The ceremony was not complicated. It was just a form of declaration that was recorded in history. Almost all the human experts were present, demonstrating the importance of this ceremony.

The fifteen Dragon Emperors offered incense and offered sacrifices, calling out in their hearts.

Then, tens of thousands of experts successively offered incense to the huge cauldron in the center of the altar and kowtowed.

After the conclusion, the fifteen Dragon Emperors turned around and faced the common people. Among them, the first Dragon Emperor stepped forward with a solemn look in his eyes and said in a clear voice, "The reason why we were able to hold today's ceremony is because of one person. However, he is not here today, so we did not receive this contribution from him.

What does it matter? Because he had done everything he wanted to do. "Congratulations."

"Ten days ago, everyone saw the Aurora Art and understood it. Since I'm here today, I won't waste any more words. From today onwards, the Eternal Dragon Emperor would also be an Eternal Dragon Emperor. I don't want to hear anything unfair to him from the entire Dragon God Domain.

Can everyone do it? "

Without even thinking about it, everyone replied, "We can do it!"

Basically, the Dragon God Domain had already reached her peak state after experiencing the calamity. They were united and united to the outside world, staring at each other with unparalleled attention.

After understanding Long Qinglan's situation, as long as they did not have any personal grudges against this Eternal Dragon Emperor, they would basically not stay tactless. Now that she had Long Chen, everything was different.

"Other than this, there is another thing that happened today. Everyone, please listen carefully. "

When the Immortal Dragon Emperor spoke to here, it paused for a moment. Everyone held their breath and listened to his other story.

The other fourteen Dragon Emperor s probably knew about it, so they all smiled as they looked at the crowd.

The Immortal Dragon Emperor said in a clear voice, "Since ancient times, our Dragon God Domain s' rules are that as long as one Dragon Fighter from the Five Dragon Cities is able to defeat the combined forces of fifteen Dragon Emperor s and establish a meritorious service for the human race, we will be able to do it with the consent of more than ten Dragon Emperor s.

was conferred the title of a rarely seen Sovereign Dragon Emperor in all of history. In other words, he was a Dragon Emperor with the title of Dragon City. In the past million years, our human race has produced an Eternal Dragon Emperor. "

At this point, everyone could not help but suck in a breath of cold air. In their minds, they could not help but think of a person.

Of course it was Long Chen.

"Now that we fifteen Dragon Emperor have discussed it, we all think that it is possible for Long Chen to reach this step in the future. which means to say that we have completed three steps, the first step is to defeat the fifteen of us Dragon Emperor s, the second step is to establish huge amounts of contribution points, and the third step is to obtain ten or more Dragon Emperor s ...

Agreed. If he can complete the first two steps, we would be prepared to recommend him to be the Dragon Emperor's murderer, the one who commands the Five Dragon Cities and the 72 - The Ancient City of God's descendants to be the head of our human race, the Supreme Emperor. From today onwards, us fifteen Dragon Emperor will begin to inspect him, until he arrives.

I can finish the first two steps. You all can also supervise it together. "

Fifteen Dragon Emperor s. This was the third step to complete for Long Chen.

All of the fifteen Dragon Emperor s had agreed that in the future, Long Chen would take on and enjoy any of these supreme rights.

The world had been proclaimed.

Whether or not Long Chen could become a Dragon Emperor in the future would depend on his own performance. Generally speaking, based on his current state, the probability of success was at least 80%!

"Slaughter the Dragon Emperor!"

Everyone not only inhaled a breath of cold air, this name was simply too shocking. It belonged to the same level as the one and only Everlasting Dragon Emperor.

Not only did it have a name, it also had supreme power. It was the human emperor that could command fifteen Dragon Emperor, which was equivalent to the position of the Spirit King in the Spirit Clan, and might even be higher!

He was as famous as his father!

It was as if everyone was watching that day.

Then, the Immortal Dragon Emperor announced the end of the match. Everyone could return to their respective dragon cities and Shencheng, beginning to live a peaceful life again.

In the corner, the faces of the Gods Ancient City's City Lords were a little ugly. They could not stand the fact that a person who killed the City Lord of Di Jun could actually become such a supreme existence. Even giving Long Chen this chance would be cruel to them, because if that happened ...

Then they would forever lose any chance of revenge.

"Don't get too cocky."

"How could it be so easy to defeat fifteen Dragon Emperor s? Unless the fifteen Dragon Emperor s go easy on him, this killing Dragon Emperor would not be able to convince the masses! "

"Moreover, whether or not he established huge merit points, all of these will be acknowledged by the whole world, and not just a few people can calculate it. With Long Chen's personality, it would be best if he did not cause trouble for the whole world."

This sacrifice was a grand occasion that the Dragon God Domain had announced to the other Demon God Area, Spirit God Realm, Sorcerer Realm, and Sea God Realm.

However, the other forces within the Immortal God Realm were extremely quiet. They had been constantly scrutinizing the changes that had occurred in the Dragon God Domain and were even about to make their move. This was also the method that the fifteen Dragon Emperor had used to make them do so.

He shut his mouth completely.

Long Chen had been to the Spirit God Realm and the Demon God Area before, so he believed that those who knew him would tremble for the sake of him.

Time on Sky Dragon Star, in the blink of an eye, 10 days had passed.

One year of not seeing each other was exchanged for more than ten days of night communication. The two of them rode the cloud and reached the limit of hysteria time and time again before they finally let go of the longing completely. Then, they began to talk for a few days, as if they hadn't seen each other in a year ...

The words he said, were all added together.

Although Ling Xi was much weaker than him now, she was still able to give him a huge amount of feedback and reconciliation. But for Ling Xi, who possessed the body of a third stage Ancestral Dragon and surging power, it was simply too useful!

With such a huge supplement, Ling Xi's improvement this year was slightly slower, and her focus was all on the stellar nucleus. However, in the few days that Long Chen had been back, he had allowed her to pass through a tribulation of reincarnation.

At the same time, Long Chen also advanced towards a higher level. The next impact would be six tribulations. The current him was already invincible under the body of a demigod. If he were to advance to the sixth stage, he might even be able to fight against the elders who had just awoken ...

If they went higher, they might even reach the peak of the Dragon God Domain and stand at the same level as the fifteen Dragon Emperors if they reached the Seven Star tribulation of reincarnation. He had truly reached the level of the strongest. Of course, these were not Long Chen's ending points.

These past few days, Ling Xi was already a little tired.

Now that the starlight had landed on her soft and smooth body, it was filled with extreme temptation. Even the faint movements and undulations between each breath was filled with extreme temptation.

"Let's rest first."

Long Chen stroked her forehead and said with a smile.

"Yes."

"I'm going to look for Yang You. I have some questions to ask her."

"You can go. I'll wait for your return. From today onwards, I won't leave you for the rest of my life. No, it should be the endless cycle of reincarnation in many lifetimes. "

"Me too."

Such a beauty, unless it was truly impossible to resist, Long Chen would not leave her either.

This year is enough.

However, this past year had been too dangerous and too busy. Until now, Long Chen's tense nerves had finally calmed down.

Coming out from the lake, they saw a group of black mountains in front of them. Under the starry sky, the mountains were sparkling with a myriad of colors, as if there were countless gems hidden within them.

Yang You was on one of the highest mountain peaks.

That was the closest place to the Demon Star, and all that could be seen was a huge black whirlpool, like a huge mouth, perfectly aimed at Sky Dragon Star, as if it could be swallowed at any time.

In the blink of an eye, he stood beside Yang You.

Yang You was dressed in a black dress, like an orchid in the sky, with a refreshing fragrance, almost blending in with the dark night. She was such a woman, sometimes very powerful, sometimes dazzling, but more often she seemed to never exist, as lonely as the night.

"Aunt You."

Long Chen called out softly.

Yang You didn't turn around. He looked at the demon star and said, "Now that the secret of the demon star has been dispelled, it's all thanks to you. It's just that for all these years, the demon star hasn't been able to send anyone out. Do you know why this time?"

The two from the Demon Star said that it was Mo Xiaolang's masterpiece.

Long Chen then explained the details to Yang You.

"If we can get two of them to come out, we can get more. The demons of the devil planet and the ancient trolls will not give up. A seal that had lasted for tens of thousands of years, it was about time. I dare to predict that whether it is the Dragon God Domain or the entire Immortal God Realm, they will meet with calamity ...

And my Heavenly Dragon Star will definitely bear the brunt of the attack. "

"What if the ancient Giant Demons of the Magic Star succeeds?"

Long Chen could not help but have a headache.

Moreover, amongst all of them, Mo Xiaolang who was unaware, the Devouring Demon, would probably be the most important person.

Chapter 2308 - Who is who

"The plan failed this time, so it will not be easy for them to make new moves. He wasn't in a hurry. Your cultivation speed is very fast, your only mission is to continue breaking through. I believe that if something really happens, we can recover a bit. "

Yang You slowly said in a distant voice.

"Yes."

Long Chen knew that as he displayed his Inherent Skill, the pressure he was shouldering would also become heavier and heavier. Before, he had only come to the Immortal God Realm for the sake of Long Qinglan's reputation. But now that he had achieved his goal, he did not immediately follow his own thoughts to get out of this predicament and live a carefree life. This was because fate was precisely like this and he would never be able to stop.

Responsibility, responsibility, and being his follower all made it impossible for him to leave at this time. Moreover, he was now the biggest enemy of those mysterious existences. No matter where he went, there would probably be people who would find him.

In addition to the possible future calamities of the devil star, there was also the Divine General of the World of Gods, who was a great threat. The secret of the World of Gods had yet to be resolved.

There was an even bigger problem that had yet to be resolved, and that was the time interval between the Demon Star and the war between the two events, what had Long Qinglan encountered? Who caused his death in the end?

At this time, Yang You turned his head, stared at Long Chen with his serene and deep eyes, and said: "You guessed it too, right? Although the Black Hell King is not bad, she definitely won't have the strength to kill your father, and even more so, she won't be able to bring the Black Hades Beast into his body. It may be possible that the Black Demon Beast was planted by Chen Ting after his corpse appeared, but he definitely wasn't killed by Chen Ting. "

Long Chen did not even need to guess to know that Chen Ting definitely did not have that capability. There must be someone else capable enough to make Long Qinglan die.

He had too many doubts in his heart. Today, he wanted to clarify them with Yang You.

The biggest doubt was obviously the God of the Beginning. Who was he, and why would he hand him over to Yang You, letting them steal the Taiji Creature Dragon's inherited blood for him? Yang You, the Radiant Dragon Emperor and the Dark Dragon Emperor knew of this ancestral dragon-inherited blood, and possibly the other two as well. Long Chen had a nagging feeling that even though Long Qinglan had died, he was still controlling a big situation, and Yang You and the other two Dragon Emperors were all important chess pieces that had been placed in his hands.

He asked: "I would like to know, what is the relationship between the God of the Beginning and the Taiji Creature Dragon's inherited blood? Why is he my father? "

Yang You didn't answer for a long time. She shook her head and sighed. "To be honest, I don't know any more than you do."

"Hmm?"

There were countless secrets hidden in Yang You's eyes, making it impossible to see through them.

Facing the night wind, she continued, "God of the Beginning, I don't know who he is. He was also a great surprise to me. But I am certain that he had some sort of connection with your father, so I did as he said.

When she said this, it should still be true.

Only, Long Chen's mind was still in a mess.

"Is that so?"

"Don't you trust me?" Yang You asked calmly.

Her expression was a little abnormal today. Was it because Long Qinglan had finally become excited due to his good name, or was it because of some other reason?

"Of course not."

If even something like the Taiji Creature Dragon could not move her heart and was handed over to Long Chen, it could be seen that she wouldn't do him any harm. Maybe he would hide some secrets from him, but it should be for her own good.

However, he still found it a little strange.

That was, he discovered that Yang You wasn't at the level he had imagined. A year ago, he stood in front of Yang You, feeling that he was far from being her opponent.

But this time, he had already defeated nearly all opponents on the same level as Yang You. Why did he still have the illusion that he was weaker than her when he faced her again? Moreover, the gap between them was quite large. With Long Chen's current intuition that came from an Ancestral Dragon, although this feeling could be concealed by the other party, making it seem like an illusion, Long Chen was still unable to get rid of it.

Not only Yang You, even the Glowing Dragon Emperor and the Dark Dragon Emperor were stronger than he had imagined. Especially Yang You.

If she was this strong, or even comparable to the Dragon Emperor, then there would be even more mysteries surrounding her.

Thinking of this, Long Chen already could not resist anymore.

He suddenly asked, "Aunt You, you are a Unparalleled Dragon, right?"

From his point of view, all the Ultimate Dragon he had seen before, even the fifteen Dragon Emperor s, were inferior to Yang You. Yang You possessed the same feeling as the two prison dragons, which was why he dared to make such bold guesses.

This conjecture caused Yang You to squint his eyes. There was no killing intent in them. Instead, he was a little flustered and absent-minded.

There was definitely something wrong with her. Everything that had happened before was just a disguise!

Thinking to this point, Long Chen had no choice but to take a decision. He believed that Yang You would not blame him, he just wanted to know more.

If Yang You really cared about him, she definitely wouldn't be angry.

Long Chen just wanted to test if he was hallucinating, so when he was so close, he immediately made a move. With one hand condensing a Myriad Death Claw, he directly aimed it at the opponent's head.

Yang You still did not completely understand Long Chen, and did not expect Long Chen to be so bold. Previously, her question made her hesitate and did not know how to answer, but following up with a fatal attack by Long Chen, as a warrior, when something like the Ten Thousand Deadly Claw appeared in front of her, her only instinctive reaction was obviously to resist!

Bang!

The speed that she displayed was naturally astonishing when she was using her instinct. When Long Chen's Ten Thousand Deadly Claw reached her, she could still extend one finger, and when the Ten Thousand Deadly Claw approached her head, she flicked Long Chen's palm out, and even flipped Long Chen over!

This power, was definitely something that only Dragon Emperor could possess!

Long Chen could not hold back his excitement. Sure enough, Yang You was much stronger than he had imagined, she had not completely confessed to him. She definitely knew many more secrets! He definitely knew more about his father!

Thinking of this, his heart became incomparably excited. He desperately wanted to know more, which was why he was so bold this time.

If Yang You really took care of him, he definitely wouldn't blame her. Everything he did was for his father.

Therefore, he could not wait to ask, why did Yang You possess the Unparalleled Dragon's inherited blood essence, and why was she so powerful? Since he had such power, why did he still need to hide it and not tell Long Chen about it?

She should have been able to control them when Meng Hen and Yi Xue appeared, so why didn't she make a move? Of course, Yi Xue had the ability to teleport to an extremely long distance. However, the situation back then was not that Yi Xue and Meng Hen had escaped. Before that, Yang You had given up on attacking!

She wanted to understand the endless doubts in her heart with Yang You.

It was just that Long Chen never thought that a mishap would happen.

When he used Death Claw to attack Yang You, she deflected him less than three centimeters away from his face. The impact of that power overturned Long Chen, but at the same time, something that Long Chen did not expect happened.

That was, the veil covering Yang You's face had been torn apart.

What appeared before Long Chen's eyes, was the face of a beautiful woman. When he saw this face, it was as if he was struck by lightning, as he stood dumbstruck on the highest peak of the mountain, not because of how beautiful this face was, nor how perfect it was. These were not the key points, but the key point was that this face had once affected him for half his life.

In fact, he almost forgot.

But what did he see now?

He saw the face appear before his eyes, so close to him.

Those eyes, nose, lips, face, all of these countless details made Long Chen's body tremble. He shook his head with all his might, wanting to shake off this face to prove that he was only seeing the wrong thing, but that was simply impossible. It was as if it was deeply engraved in his heart and had never been forgotten.

"Yang You, Yang Xueqing."

Long Chen seemed to tremble as he said these five words.

It was almost impossible to imagine what would happen.

This caused time to stop. The two of them were separated by a few meters, and they were staring at each other with an indescribable pain.

That's right, the Yang You in front of him was exactly the same as Yang Xueqing, there was no difference at all. It was just that Yang You looked a little younger, and was a little more beautiful than the Yang Xueqing in her impression.

Yang You, how can you look the same as Yang Xueqing?

It was him who had entered the tribulation of reincarnation, and when he had resisted the One Yuan Tribulation, it was as if he had once again walked through life. At the very beginning, it seemed like there were two women, who seemed to be two different people, but also seemed like one person ...

Yes, she gave birth to herself.

Compared to Long Chen, Yang You was also panicking. This scene was too sudden, causing her eyes to flicker and her tears to nearly flow out, but she saw Long Chen's look of disbelief, saw the doubt and hesitation in his eyes, and in the end, turned into warmth.

"Tell me, tell me, what is going on, Yang You, or Yang Xueqing!"

Long Chen lowered his voice, and said those words with a trembling voice.

What was the secret?

Yang You could no longer hide from him.

In Long Chen's eyes, there was no hatred or hatred. There was only an intense desire to know the truth, to know what the relationship between the two of them was.

"I ..." Yang You pursed her lips. Her mind was no longer blank. Even so, her heart was still surging, making it hard for her to say a single word.

Chapter 2309 - Rebirth

A gentle breeze caressed the starlight.

Although it was tranquil and quiet, it still could not calm Long Chen's incomparably strong heart. Now, the image of Yang Xueqing back then and Yang You now formed a huge impact in his mind.

Long Chen had thought of many possibilities, but he never thought that the face hidden under the veil, would actually belong to Yang Xueqing!

Long Chen slowly thought about it.

"At first, my father said that the reason he brought me this childhood was to temper my determination and will. Everything in White Yang Town is fake, although I grew up in the Yang family, but I'm not related to them at all." That is why my father took her physique seriously, and gave birth to me with her. This is also an illusion that my father created for her, and Yang Xueqing is still living well in the Divine Dragon Nation that I built. "

Right now, he could easily feel the existence of everyone. That's right, Yang Xueqing was just there, living a leisurely life, but her life was very simple, it was more like she was being controlled by others and living her life in silence for the rest of her life?

However, there was definitely more to the similarity between Yang You and Yang Xueqing. She was the person closest to Long Qinglan, and also had a similar appearance to Long Chen's illusory mother.

"I want to know the truth! "Tell me!"

Long Chen did not care anymore, ever since he first laid eyes on Yang You, he had felt that familiar feeling of being cared for by his elders. Now, he held Yang You's hand and looked at her with shimmering eyes.

After countless struggles, Yang You finally sighed. With a slightly sad voice, she said, "I know I can't hide it anymore. I just didn't expect it to come so soon."

"You are my mother, right?" Long Chen's breathing became hurried.

At that time, Long Qinglan died in Everlasting Dragon City, but he appeared again, and was born in Bai Yang Town.

He had originally told him that Long Chen was not related to him in any way, but then, where did Long Chen actually come from? Long Qinglan was not a Taiji Creature Dragon, he could not create life on his own, he could only create life through reproduction.

This question caused Yang You's eyes to tremble. She practically silently nodded, but then immediately shook her head and said, "Yes. "Not really."

What kind of strange answer was this?

Long Chen was about to go crazy.

He was waiting for Yang You to explain.

"After your father died in the Everlasting Dragon City, several thousands of years passed. Roughly over a hundred years ago, he suddenly appeared and found me, his old tribe who was guarding him on Heavenly Dragon Star."

Yang You was unable to face Long Chen's gaze, especially since she was a woman. Her heart was still filled with endless pain and secrets.

"Isn't he dead? Why did it appear again? "

Long Chen could not help but ask.

This him is the him you saw in the White Poplar Town, a remnant soul that was almost annihilated. Coincidentally, he was able to use a reincarnation rebirth technique that he learned in the adventures of the Primordial Cave and obtained a body that had just formed and had yet to give birth to a soul. He was born and gained a new life.

Long Chen had a sudden realisation. He had never been able to understand, if Long Qinglan really died in Everlasting Dragon City, and his body turned into a Black Hell Beast, then who was the man who gave birth to him in White Yang Town? Who exactly was the man who gave him the Archaic Blood Spirit Dragon's Inherited Blood Essence and even Great Void Cosmic Dragon's Inherited Blood Essence's Inherited Blood Essence? That's right, it was this Long Qinglan who used the remnant soul to cast the 'Rebirth Technique', and obtained a new life.

"It's just that because he's the reincarnation of a remnant spirit, his life, talent, etc. are all greatly limited, making him unable to inherit the most important thing he left behind. Also, because he's a remnant soul, he has already lost too many important memories, causing him to become manic, dull, and even forget many things. He has even forgotten most of what he experienced."

It was just that this time Long Chen definitely had to know everything, so she could only touch upon these untouchable regions.

"Are you saying that he, who came to find you a hundred years ago, forgot many things? You don't even know who killed him?"

Long Chen was completely shocked.

Logically speaking, if Yang You and the reincarnated were to get together, then even if Long Qinglan's reincarnated body would have disappeared in time, Yang You should also be aware of everything. However, she did not know what had happened from the devil star to the battlefield of the Gods, nor did she know who had killed Long Qinglan.

Therefore, she shook her head while holding back her tears and said, "I'm sorry. If I knew more, I would have told you. His condition isn't as good as you think. After all, he's only a reincarnated remnant spirit, and there's too much resentment and revenge in his heart. I can't even talk too much with him, and he doesn't even know what happened to him. He could only do some things mechanically. For example, find me. "

At this point, Yang You bit her lips, feeling pain and helplessness.

"And then, was I born?"

Long Chen knew that he was the biggest weapon Long Qinglan would use to counterattack. He had created himself, so his initial goal would definitely be revenge.

However, Yang You shook his head and said, "Things aren't that simple. She came to me, and I must have thought he was still alive and excited, but as time went by I realized that he wasn't perfect, just a vindictive remnant of his mind. At that time, he had already used his reincarnated body to once again cultivate to the Nine Palace Calamity realm in secret. But because of the remnant soul's restrictions, he was unable to advance any further, whether it was in terms of talent or cultivation level. He was about to face a new death, and this time, he was afraid that he would never be able to take revenge. "It wouldn't be an exaggeration to call him a madman during this period of time."

"Then he found me, because I was the person he trusted the most. He was the only one who could help him. He asked me to give him a new life, and that's his chance to live again. "

It was clear that she had followed Long Qinglan for many years, and the only man in her life was him. She must have loved him very much, and from her words and actions, it was obvious that she did not have this kind of intention. It was just that Long Qinglan had made this request after he had died, reincarnated, and then come back to find her.

This was the only chance for him to live and form a complete soul, because the descendants he gave birth to were too similar. They were able to let Long Qinglan's remnant soul take over the newly born soul and create a new life, so as long as he could inherit what he had left behind, it was not impossible for him to make a comeback.

"And then?"

Long Chen didn't know how to comfort this woman.

"I refused!"

Yang You suddenly said.

However, her voice was trembling. It was obvious that this decision had caused her pain for countless years. The request from the man she deeply loved should have been filled with joy, but she seemed to have other thoughts.

At this time, even though she had been strong for so many years, her tears couldn't help but flow. This allowed Long Chen to see her frail side, which also showed many emotions.

When he is awake, he has never treated me as someone other than his sister. He respects me, understands me, loves me, and that was the period when I longed for his love the most. However, he, who was awake, did not give it to me.

There must be other stories behind this one, otherwise Long Chen would not have been born.

Long Qinglan needs someone who can give him a new body? Not a son?

Long Chen was shocked to realize that he did not focus all his attention on this problem. When he suddenly thought of this, he couldn't help but feel a bit of fear.

"And then?"

He couldn't wait to know.

"Later on, I asked him to teach me the technique to reincarnate. After I successfully cultivated it, I separated a third of my primordial spirit and reincarnated it within the Dragon Sacrifice Continent. Her name is Yang Xueqing."

Long Chen finally understood the meaning of Yang You's "yes or no".

She did not give birth to Long Chen with her own body, but that reincarnated body was born from her own origin soul and was also created by her. In reality, it was still her own body but a different body that gave birth to Long Chen.

Then, in the end, she was still Long Chen's mother!

The other person who brought him to this world was her!

However, Yang You said very apologetically, "Actually, I'm not familiar with reincarnation and rebirth, so a small accident happened. The infant body I took has formed the initial soul shape, and after my third of the soul went in, although it merged with mine, it also lost my memory. It was like she became a life form that belongs to me, but also a new life form.

From start to finish, Yang You's voice was trembling.

Long Chen also never thought that it would be so complicated, so he was unable to recover from his shock for a moment. He couldn't breathe because of all the accidents, especially when it came to his mother.

Regardless of whether or not Yang You was her mother or not, what was certain was that she had brought him into this world. Whether it was in terms of her bloodline, or the inheritance of her soul, she had a huge relationship with Long Chen, a relationship that could not be severed.

Although Yang Xueqing did not successfully reincarnate, she still came from Yang You.

"In the end, he and Yang Xueqing gave birth to you." Yang You said.

Chapter 2310 - Dragon of Morality and Karma

It was no longer important for Yang You and Yang Xueqing to know who his mother was. Or perhaps it could be said that they were originally the same person, and that they had simply lost their memories due to a third of their bodies being reincarnated.

Long Chen had always felt that Yang You was very close to his, but he never thought that they were this close. It was impossible for him to call her Aunt You anymore, so he should call her mother.

She anxiously said: "Long Chen, you can still call me Aunt You. I feel that I am not fit for you to call me mother, although I have created you, but I have never paid any price for you, and have never taken care of you."

This matter made her feel extremely guilty, but it was because of Long Qinglan's orders. She was not allowed to get close to Long Chen's growth, she only had to experience it herself, so he believed that Long Chen would become a true Ranker.

Long Chen pondered deeply for a moment, then said: "Salutation isn't important. What is important is that from today onwards, I will treat you as one of the most important people in my life, and that will be enough. I never thought that my mother would be so complicated. Right now, Yang Xueqing is basically equivalent to a new life, right? "

Yang You nodded. "Yes, she is an ordinary mortal from Dragon Sacrifice Continent, but she has truly given birth to you."

Long Chen remembered that Long Qinglan had once told him that everything in White Yang Town was a dream. It seemed that Long Qinglan did not recognize Yang Xueqing at all, he only recognized Yang You as his real mother and thought that he would treat Yang You better in the future. As for Yang Xueqing, it was a coincidental accident, an amnesia, an uncontrollable reincarnation cycle.

Long Chen was not prepared to disturb Yang Xueqing's life, and now that she had finally been released, he had a very happy life. Many years later, she would be able to enjoy her later years.

In the face of Yang You, Long Chen understood her. She was a person with deep emotions, but could not put her words into words, cold on the outside but hot on the inside. She loved Long Qinglan, but she could not stand him not loving her.

No matter what, he had to protect this woman and protect his father in the future. She was the real mother, and he just didn't need to use his body to carry Long Chen.

However, there was one thing that he had yet to understand. He asked, "Aunt You, you said before that my father created me in the beginning to be reborn?"

Yang You nodded and said, "You're right, he obviously didn't want to have a child, but to use his inheritance to give birth to a descendant, and then fuse his remnant soul with the newly born soul to achieve a true rebirth, not a reincarnation rebirth controlled by the remnant soul. The entire process was very successful, you shouldn't have come to this world, at that time he only wanted revenge, he was so depressed that no one could understand him, and he was even a little crazy."

"But what happened afterwards?"

Yang You used his slightly red eyes to look at Long Chen, bit his lips, and said: "An accident happened that even he didn't expect. After you were born, he was about to invade your body. It was only when he heard your cries after birth, saw your baby face, saw your eyes, saw your eyes, and at the end he cried

so hard that he found he couldn't do anything. Once he did, it meant that your new life would disappear from this world.

"Your father has been a good person all his life and has never done anything against the heavens and earth. In his heart, he is the best, and although he is a little extreme, resentful, and anxious in that state, he cannot hide the humanity and kindness in his heart, so he was originally full of confidence. However, after you were born, he suddenly chose to let you live, and let his final remnant soul die."

Long Chen was in a deep state of shock.

So it turned out that he wouldn't have come to this world in the beginning, as he wasn't part of Long Qinglan's plan.

However, he had given up his life, given up on his revenge, and had returned to exploring everything. He had left his life to himself. He had chosen death.

"From that time onwards, he became the father of Bai Yang Town, and stayed there until the day you buried him. He also ordered me not to get near the Dragon Sacrifice Continent, and asked me to return to Heavenly Dragon Star, and to wait for a day when you arrive in the Immortal God Realm! And then just two years ago, you did come. At that time, I didn't understand why he spent so much effort yet chose not to reincarnate. When I saw you, I finally understood. Yes, you are his son, not himself. "

Perhaps, she was filled with deep regret for Long Chen, so he didn't dare to call himself his mother and chose to speak to her in the role of a mother.

Only, in Long Chen's heart, she was already one.

Long Chen finally found out about this part as his mind was in a mess. After organizing his thoughts, he asked again, "Other than this part, do you not know about my father's enemies, his experiences, and the person who killed him?"

Yang You shook her head and said, "I only hid this one thing from you because when he came to find me again, he had forgotten about it." I can't know. Furthermore, he had no way of communicating with them at that time. However, he did have an explanation. "

"An explanation?"

Long Chen asked.

"Hmm, it seems like it's time to tell you." Yang You wiped the tears from the corner of her eyes, the gaze she used to look at Long Chen remained calm and serene. She had no idea how excited she was to see him so happy and strong.

Currently, the matter between the Black Underworld Emperor and the Dual Devils had been resolved. The Black Underworld Emperor did not know much, and the words he spoke were basically derived from his subconscious perception and random guesses. As for the matters with the devil star, they were temporarily resolved. It was unknown whether there would be any new disputes.

Originally, Long Chen was worried that since the Heavenly Dragon Star was close to the Demon Star, it would be troublesome if the Demon Star changed, but he was more at ease now. Yang You was the only one who inherited the Unparalleled Dragon, and it was the blood essence that Long Qinglan had bestowed to her.

With her protecting him, he was completely at ease.

He looked at this woman in his life who could already be compared with the two girls, Ling Xi and Li Xuanji. Waiting for her to tell Long Chen about his father's final words.

"Primordial Blood Spirit Dragon and Great Void Cosmic Dragon, these two legendary inherited blood essences, I really didn't know that your father actually possessed them. At that time, I was only guessing that he had fused with the Great Void Cosmic Dragon's inherited blood essence. As for the Taiji Creature Dragon's inherited blood essence, it's the reminder of the God of Taishang. Even if the strongest divine beings still exist, they would probably fight to the death because of this. You must not tell too many people about this, and if it were to be leaked, the experts of the entire world would definitely come to deal with you. "

Long Chen nodded, he obviously knew how precious these three items were, it was the biggest gift Long Qinglan had ever given him. Especially the Primordial Blood Spirit Dragon and the Great Void Cosmic Dragon. The origin of the Taiji Creature Dragon's blood essence was mysterious, but the Primeval God must have a deep relationship with Long Qinglan.

At this time, Yang You began to explain to Long Qinglan.

She said softly, "Actually, he told me, he knows the location of one more drop of ancestral dragon-inherited blood."

In that moment, Long Chen's eyes opened wide.

He had originally thought that possessing three kinds of ancestral dragon-inherited blood in his lifetime would already be heaven-defying. Besides him, very few people knew about the existence of this thing. He was so lucky, but now there was actually news about the fourth stage of the ancestral dragon-inherited blood!

He held his breath and could not help but ask: "Now that I have killed, time and life, what is the fourth Ancestral Dragon? Fate? "Still Devouring."

Although it was said that in the Ten Great Ancestor Dragon, there were only five types of Ancestral Dragons that could be found. The Five Dragon Cities was established for the five Ancestral Dragons, and the other five Ancestral Dragons, no one knew whether they existed or not. Of course, what kind of attributes they had, no one knew.

Therefore, Long Chen was looking forward to it.

Yang You shook his head and said, "It's not fate, nor is it devouring. "It is called 'Karma'."

"Causality?"

This unfamiliar phrase confused Long Chen a little.

"Good will always be rewarded. Evil will always be punished. Karma, is that retribution?"

Long Chen asked.

Yang You said, "That is not all. Causality is the dragon of morality and karma. Just like the Primordial Blood Spirit Dragon, it controlled everything in the world. The Great Void Cosmic Dragon controlled time, traversed through history, traveled through time and space, and was the controller of time in the world. For example, the Taiji Creature Dragon, the main life and creation, creation of the world, creation of life. Morality and karma are things that cannot be seen and cannot be touched. However, in this

world, every living thing, every living thing, and even those who are not living beings, are part of the rules of morality and karma. "

"What kind of reasons are planted and what kind of fruits are produced. Morality and karma are related to everything. For example, for us humans, the laws of karma bind us for the rest of our lives. As you have said, good will always be rewarded, evil will always be rewarded, morality always distinguished good and evil, so the dragon of virtue and karma can also be called the 'Dragon of Punishment'. In the era of the ancient gods, he was the one who established order by himself, intimidated billions of divine dragons, suppressed evil, and brought peace to this world. The Primordial Blood Spirit Dragon's massacre was his own path. It was what he wanted, but the dragon of morality and karma was a way to balance justice. He was the The Age of Dragons's heavenly tribulation, the one who truly governed over billions of Divine Dragons. His name is: Mysterious God, the Heart Refining Dragon. "

One of the Ten Great Ancestor Dragon, the Dragon of Morality and Karma, the Heart Refining Dragon of the divine way.
