

War God 231

Chapter 231 - Hepatic and Cholecystokinesis

This unusual feeling, which he had never experienced before, stunned Dongfang Tianxuan.

As for the other members of the Dongfang family, because Long Chen blocked their line of sight and his movements were fast, they did not see that his Lushan Claw had already climbed up the cliff.

Who would have thought that he would do such a shameful thing in front of so many people?

Actually, Long Chen only wanted to punish this proud and arrogant guy, that's all. No matter what, she had also played with Yin Mengyao before. Today was a rare opportunity, so Long Chen taught her a lesson, and it could be considered as taking revenge for Yin Mengyao.

"You ..." Dongfang Tianxuan pointed at him, his face flushed red, and for a moment he did not know how to deal with Long Chen. Being humiliated like this, she was filled with killing intent towards Long Chen, but she could not move.

Long Chen laughed and turned around. He no longer bothered with her and instead looked towards the Azure Dragon Ancestor and said, "I have already defeated the two of them, I should have enough strength to enter the Ancient Era's Remnants, right?"

Everyone looked at Azure Dragon Ancestor. Although they were extremely unwilling, but they had already made an agreement beforehand, now that Long Chen had won, even if they wanted to regret it, they would not have the chance.

The Azure Dragon Ancestor clenched his teeth and said, "You can promise me that once we enter the Ancient Era's Remnants, you will cooperate with the others to fight for the inheritance with all our might?"

"Of course. If I don't give my all for those good things, would I be a fool?" Long Chen laughed.

"Don't forget what you said today! In a month, the Ninth Prince of the Biyang Royal City will come to the Source Spirit City and at that time, we will open the ancient ruins! " Azure Dragon Ancestor's words meant that he had already agreed to let Long Chen obtain the second spot in the Dongfang Family.

"Thank you, forefather." Long Chen laughed and was about to leave. When he turned back, Dongfang Tianxuan was still staring at him blankly.

"Did this girl fall for laozi?" Long Chen was shocked.

"Long Chen, you will definitely pay the price of death for your actions today," Dongfang Tianxuan said softly.

It was only then that Long Chen realized that he was being too sentimental.

He approached Dongfang Tianxuan, and regardless of all these, asking: "Whether you die or not is a matter for the future, but now you have my imprint on you, without my consent, you cannot be together with another man, haha."

"Shameless." Dongfang Tianxuan knew clearly in his heart that Long Chen was only toying with her, but she didn't have the power to resist.

"Oh right, do you know the whereabouts of my Sister Meng Yao?" This was the other problem that Long Chen had to be concerned about when he came to the Lingwu Family today.

"She? Mo Xiaolang took her away, she should be returning to the silver group now. " It was rare for Dongfang Tianxuan to speak honestly.

"Mo Xiaolang is still in Lingwu Family?" Long Chen was shocked, he had thought that he had escaped.

"Like you, he also wants to enter the Ancient Era's Remnants."

From Dongfang Tianxuan, Long Chen found out about Mo Xiaolang and Yin Mengyao's news. After finding out that Yin Mengyao was fine, Long Chen was no longer worried in his heart.

Now that he thought about it, nothing would happen to the Yang family in White Yang Town. With Li Xuanji watching over them, the protection that the Lingwu Family would give him would be assured. Once Yin Mengyao returned to the silver group, he should be fine in the future, but the two of them should be able to start a blissful life.

Everything was down to Ling Xi.

"Xiao Xi, I will definitely bring you back to life. Live well." Long Chen secretly made up his mind. Then, he headed in the direction of the silver group. He didn't think that he would see Mo Xiaolang already heading in his direction before he had even reached the silver group.

"Big brother! You're really still alive! " Seeing that it was Long Chen, Mo Xiaolang was extremely excited.

"Earlier, I heard that you brought a mysterious woman to the Black Tortoise Palace to cause a ruckus for a while before disappearing. I really couldn't believe it, I watched you fall from the Star Demon Prison with my own eyes, I didn't expect you to actually survive!" Mo Xiaolang's words were filled with excitement.

"You brat, you're a monster. As your big brother, I am naturally even more monstrous. A mere Star Demon Prison is not enough to kill me!" Long Chen laughed.

Now, other than Ling Xi still worrying about it, the rest of the matters could be considered to be illusory.

Seeing that Long Chen was alright, and hearing that his strength had increased by a lot, Mo Xiaolang was truly happy for him. In reality, when Long Chen, alone with the green dragon halberd, took a huge risk and broke into Azure Dragon Star to save him from that damned place, Mo Xiaolang had already treated him as a true brother.

Meeting each other in White Sun Town was fate, and now it was the same as having a heart to blood relationship.

"I just heard that you have already returned to Lingwu Family, so I immediately rushed over to see you. You went to the Dongfang family, did Azure Dragon Ancestor not make things difficult for you?" Mo Xiaolang said worriedly.

"Does he dare?" Long Chen said.

"You don't dare?" At that time in the Star Demon Prison, a few of them were killed by the Azure Dragon Ancestor, but now Long Chen had barged into the Dongfang family alone.

"Do you still remember that mysterious woman who followed me to the Black Tortoise Palace? That old ghost was afraid of her, so of course he wouldn't do anything to me." Furthermore, I defeated Dongfang Tianxuan and obtained the placing to enter the Ancient Era's Remnants. Little Wolf, I heard that you are going to that Ancient Era's Remnants too? " Long Chen asked.

"Dongfang Tianxuan, I heard that she has entered the small success stage of Heavenly Core. Big Brother, you can actually defeat the small success stage of Heavenly Core? And you want to go to that relic too? " These two things caused Mo Xiaolang to be extremely surprised.

"I have already reached the Heavenly Core." Long Chen explained.

After a long while, he sighed and said: "Looks like you really are much stronger than me. In half a year, I had already reached the level of Great Perfection of the Heavenly Core from the small success to the Great Perfection of the Heavenly Core, yet you had already caught up to me. It seems like you won't have much time, you just need to surpass me."

"Nonsense, the further you go in the path of cultivation, the more difficult it becomes. How can there be someone who can travel thousands of miles in a day like that?" Long Chen said indifferently.

Looking at the youth who was a little taller than him, who had become more mature, Mo Xiaolang felt a little absent-minded.

When they first met in White Yang Town, Long Chen was just a good-for-nothing good-for-nothing good-for-nothing. But the current him, was mature, steady, decisive and already had the qualifications to be his big brother.

"Little Wolf, you are my brother now, there is nothing to stay for this Lingwu Family. After a month, we will enter the Ancient Era's Remnants and fight side by side. I want to see, who else can be a match for us brothers in this Source Spirit City?" Patting Mo Xiaolang's shoulder, Long Chen suddenly felt a little heroic as he looked at the youth who was looking at him with burning eyes.

"Yes, big brother, we are good brothers!" Mo Xiaolang said unnaturally as he rubbed the back of his head.

His and Long Chen's understanding of each other's brotherhood then to this point had progressed at a truly rapid pace, but everything was so natural as well. The moment Long Chen walked to his side while holding the green dragon halberd, he had thought to himself, I must fight together with him in the future, only then will I be satisfied!

"Come, let's go get something to eat. Good brothers should drink some wine, right?" Long Chen had been muddling along outside since he was young, so he was naturally very familiar with this method of addressing himself as brother.

But this time, he was sincere.

Compared to him, Mo Xiaolang was much more bashful.

Although his current strength was even more terrifying than Long Chen's ...

This was also the place that made Long Chen feel comfortable. He was the heaven opposing genius, but he did not have that kind of overbearing aura. Honestly speaking, Long Chen's smile now was a bit like an evil grin, but Mo Xiaolang was smiling very cleanly.

"F * ck, why is my smile so innocent? Why does it seem like I'm abducting children?" Long Chen secretly thought in his heart, and was a little speechless.

On the way out of the Lingwu Family, Long Chen asked Mo Xiaolang about Yin Mengyao and found out that she was living a good life there. And the next thing, was to cultivate properly, and then, obtain the inheritance, and become a fairyland godly guard.

When he found out that Mo Xiaolang was also going to participate in the competition for the Ancient Era's Remnants, Long Chen was a little worried. But for the time being, he did not want to think about it.

After exiting the Spirit Martial City, Long Chen randomly found a restaurant in the Eastern Spirit Region and walked in with Mo Xiaolang. It was obvious that the two of them were the genius disciples from a large clan. Thus, this time, they were received with great hospitality, and the environment here was extremely elegant. Thus, Long Chen found a seat near the window, and sat down with Mo Xiaolang.

Honestly speaking, he and Mo Xiaolang still had a lot to breathe, so they would need to chat for a few more days to get used to each other.

After ordering a few small dishes with wine, Long Chen entered his previous state as a popinjay. Even if there were two people there, they had all become very lively because of him.

"Oh, that's right. Little Wolf, why would you choose to go to that Ancient Era's Remnants?" After a long while, Long Chen finally asked about this. What they had been talking about was just some random crap.

"That time, you gave us a chance to escape. I wanted to leave, but Azure Dragon Ancestor said that I was the only one who promised him one thing. Sky Wolf Blade, he can give it to me." After drinking a little, Mo Xiaolang was a little drunk, and traces of red appeared on her delicate face.

"What I want you to do is to fight over the legacy?" Long Chen asked.

"Yes." If I hadn't reached the Great Perfection of the Heavenly Core, he wouldn't have let me go, right? After all, right now it's rumored that there are people from the young generation that have reached the Morning Star Merchant Union s and Beast Soul Hall s. To be honest, they were very surprised that the Morning Star Merchant Union and the Beast Soul Hall were both able to come out of the Great Perfection of the Heavenly Core realm as warriors. In the past, the most they could think of was just Mortal Core at the young age of one, and not being a match for the young generation of the Lingwu Family. " Mo Xiaolang said.

"Oh, oh." Long Chen nodded his head, in fact, he was worried about the fact that obtaining the inheritance to become the fairyland godly guard was a goal that he had to accomplish. If Mo Xiaolang wanted to fight for it too, it would be very troublesome, but hearing him say that, Long Chen heaved a sigh of relief, which meant, only one of the two of them had obtained the inheritance, which could be considered as completing the mission of the Lingwu Family.

"Big brother, do you want to obtain that inheritance?" Mo Xiaolang was not stupid.

"Well, it's important to me."

"Oh, then if we get it, we'll just give it to you. Anyway, I'm a bit stronger than you right now. " Mo Xiaolang said.

Chapter 232 - Vengeance in Blood and Sea

Honestly speaking, Long Chen was moved when he heard that Mo Xiaolang did not hesitate to give him the inheritance of the Ancient Era's Remnants.

He was not mistaken about this kid.

Long Chen remembered that his grandfather, Yang Cangqiong, had said something. He must see clearly whether his brother's heart was filled with hot blood or poison. What Long Chen saw underneath that calm exterior of Mo Xiaolang's was a pool of blood!

"Little Wolf, if you treat me like this, of course I can't take advantage of you. If we succeed in the end, then other than the inheritance, everything else will be yours!" Long Chen said straightforwardly.

"Haha, alright, we'll see when the time comes. If I need it, I will naturally not be courteous to big brother. However, if you want to obtain the final victory in the Ancient Era's Remnants, it would not be easy even if we join hands." Mo Xiaolang said with a stern expression.

"What do you mean?" Long Chen asked.

"In the Beast Soul Hall, the strongest is Yan Danqing, I have seen this person before, and like us, he is a Beast Fighters. His Profound Ranked beast soul is a Profound Ranked Level 9 Primordial Beast, and is extremely powerful. Furthermore, he even entered the Great Perfection of the Heavenly Core, so he must be an extremely difficult opponent to deal with. "

"You are the Beast Fighters?" Long Chen almost spat out the wine in his mouth. As his big brother, he did not even know this.

Long Chen felt that Mo Xiaolang had not used his Beast Soul Transformation on him before. And he never mentioned it.

"Don't you know?" Mo Xiaolang felt that it was a bit strange, but he quickly thought it through, and said: "The only time I made a move in front of you was when I was fighting against the Azure Dragon Ancestor with your foster father. However, when I levelled up to Divine Pill Realm, and because no one helped me, I only used the second stage of the Profound Rank demon beast — — Moon Devouring Demonic

Wolf as my source beast spirit. So right now, I'm still equivalent to a normal fighter. We can only wait until we reach the Milky Way Realm to then find the high ranked beast spirit. "

So that's the case, Long Chen realised, no wonder no one told him that Mo Xiaolang was the Beast Fighters, and that he did not have the ability to use the Beast Fighters.

When Long Chen first met Ling Xi, he had met the demonic beast called the Moon Devouring Demonic Wolf. However, the him back then was not a match for the Moon Devouring Demonic Wolf.

"Big Brother, to tell you the truth, I feel that I have almost reached the Milky Way Realm. There are simply no powerful demon beasts near Source Spirit City. Thus, I decided to test my luck in the Ancient Era's Remnants. " Mo Xiaolang said seriously.

"What?" Long Chen was shocked again, he was truly speechless, this Mo Xiaolang was too monstrous, it was already past the new year, he was only 15 years old, who would have thought that he would reach the Milky Way Realm so soon?

How could he catch up and be the real boss for a while?

"That's a pretty good idea of yours. When we arrive at that Ancient Era's Remnants, I'll go and take a look with you." With the help of Mo Xiaolang's powerful assistant, Long Chen became even more confident.

"Actually, if it was in the Biyang Royal City, a talent like mine, actually can't be considered anything." Mo Xiaolang suddenly said, his expression somewhat powerless.

Long Chen acutely discovered that this little fellow seemed to have something on its mind. Thinking back to when they were in White Yang Town, Mo Xiaolang once said that his family had been annihilated.

At this location in the restaurant, there was a lively atmosphere. Several tables were filled with young men playing around, guessing and drinking wine. It was quite a lively scene, but there weren't any experts present.

Long Chen looked at his surroundings, and then relaxed a little. He went close to Mo Xiaolang's ear and asked seriously: "Little Wolf, you're so familiar with Biyang Royal City, could it be that you've stayed there before?"

With regards to Long Chen, Mo Xiaolang felt that there was nothing much to hide from him. He clenched his teeth, his clear eyes slowly filling with a layer of blood red.

"En, big brother, to tell you the truth, our Mo Clan was once one of the four great clans of the Biyang Royal City, but now our clan has been exterminated. In the entire clan, only I escaped. I was only six years old then."

Mo Xiaolang spoke in a dull tone, but Long Chen could hear how much hardships, sweat, and tears were hidden within.

His family had been annihilated, his loved ones all died, and he left behind a child who was only six years old to wander around in this boundless world. Although Mo Xiaolang was still a simple person, Long Chen knew that he must have suffered much more than himself.

For the first time, Long Chen started to feel sorry for this little brother.

"Who did it?" would never say something to comfort her, he had only secretly made up his mind. If there came a day when Mo Xiaolang came to pay a visit for revenge, he would definitely oppress her.

"Stop talking, I'm not a match for him." If you want to take revenge, you need to wait at least forty years. " Mo Xiaolang was a bit helpless, but his eyes revealed dense bitterness.

"Don't waste your breath. Just tell me who did it. That's it." Long Chen looked straight at Mo Xiaolang, his eyes a little cold.

"The imperial clan."

Mo Xiaolang helplessly said these two words.

Long Chen laughed heartily and returned to his seat. He looked at Mo Xiaolang with a playful look and said, "Isn't it just a royal family? Isn't it forty years since you put in some effort to help your big brother with such a big matter? Can't wait? Sooner or later, we'll destroy him. "

If anyone who knew that Long Chen had heard this, they would definitely laugh their teeth out, but Mo Xiaolang did not think so. At this time, he looked at Long Chen blankly with some insights in his heart. He could guess that it was precisely this kind of heart that would never succumb that allowed Long Chen's cultivation and personality to grow so much in a mere half a year!

"Thank you for your guidance, big brother." Thank you big brother for your guidance. Brother, let me toast you! " Mo Xiaolang's face reddened, and he had a huge meal with Long Chen.

After knowing what Mo Xiaolang was thinking about, the relationship between the two of them became even closer.

"According to the rumors, a month from now, the ninth prince will be coming over? Is there any danger?" Long Chen suddenly said.

"It shouldn't be. The Ninth Prince doesn't usually show himself, and when I was young, not many people knew who I was." Furthermore, the Mo Clan has already been exterminated, who would have thought that I would be able to survive?" Mo Xiaolang said.

Long Chen was slightly relieved.

Following that, Long Chen discussed about the specific details of the Ancient Era's Remnants with him. However, Long Chen suddenly felt a few hot gazes staring right at him. He turned his head to look, only to see that it was a group of geniuses from the Lingwu Family.

Among them, Long Chen saw Beitang Mo, Dongfang Tianxuan and Dongfang Tian Chen, as well as a few young experts that Long Chen had never seen before.

"This is the lineup for Lingwu Family's participation in the Ancient Era's Remnants." Mo Xiaolang said indifferently. It was obvious that he didn't care about these people.

A total of eight people, including Long Chen and Mo Xiaolang, made up ten people.

What surprised Long Chen was that Dongfang Tianxuan, who had once again been eliminated, had once again appeared within the group. Long Chen reckoned that it was because Dongfang Tianxuan had entered the small success stage of Heavenly Core and was wary of the big picture.

"The stronger man is Nangong Huang from the Nangong Family. As for the petite girl, she is Ximen Xiaoji from the Ximen family. They have all reached the small success stage in their Heavenly Core, and adding the fact that Dongfang Tianxuan had just reached the small success stage in her Heavenly Core, the five of them can be considered to be the strongest people in the Lingwu Family." Mo Xiaolang explained.

"But Morning Star Merchant Union and Yuandi City both have the possibility of having Great Perfection of the Heavenly Core?" Long Chen said.

"Morning Star Merchant Union is just a rumor, but there must be a Yuandi City. Furthermore, it was definitely that fellow who possessed the Primordial Beast. He was a true Beast Fighters, and no one in the Four Great Inner Races would be a match for him. Yuandi City has not produced such a genius for a long time, that's why when Azure Dragon Ancestor saw that I had reached Great Perfection of the Heavenly Core, he used Sky Wolf Blade to exchange. Otherwise, I think that because of my relationship, Big Sister Sister Meng Yao and my comrades in silver group would probably suffer. Moreover, the ancient ruins will be a good place for me to find the Earth Rank Beast Soul." Mo Xiaolang said.

While Long Chen was looking at them, they were also sizing up Long Chen and Mo Xiaolang, the two legendary fellows.

Lingwu Family was originally their world, but in the past few days, the two people's names, had already overshadowed their names.

Mo Xiaolang naturally didn't need to say this. It was his Great Perfection of the Heavenly Core, so he was definitely one of the strongest younger generation in the Lingwu Family. As for Long Chen, he had just reached the Heavenly Core, but recognized by the green dragon halberd as its master, possessing the ability to defeat Dongfang Tianxuan. This meant that Long Chen was at least at the level of Beitang Mo.

When enemies meet, their eyes would turn red, not to mention that Long Chen had caused Beitang to lose all face. Seeing Long Chen, Beitang Mo was about to make a move but was stopped by Nan Gong Huang, saying softly: "Mo, stay calm. It's not the time to make a move yet."

After stopping Beitang Mo, he led the group to the second floor of the restaurant. From this position, they were able to see Long Chen and through the railings.

When they saw Long Chen here, another person had an even greater reaction. She still couldn't believe that what had happened before that was true.

She was actually taken lightly by Long Chen?

Thinking to this point, Dongfang Tianxuan felt that something was off. On one hand, she couldn't wait to kill Long Chen, but on the other hand, she felt that there was nothing he could do.

"Third sister." At this time, Dongfang Tian Chen called out softly from the side. Dongfang Tianxuan turned his head and looked at the quiet Big Brother and asked, "Big Brother, what is it?"

"Do you hate him? How about I kill him? It's in the Ancient Era's Remnants. "

"Why? Didn't Grandpa want his help to fight for the inheritance? " Dongfang Tianxuan asked doubtfully. She suddenly felt that his calm and composed brother seemed to be out of sorts.

"I have the strength to acquire the inheritance." Dongfang Tian Chen said confidently.

After he finished speaking, his eyes flashed with a cold light. "Do you know? Because of this matter of management, Vermillion Bird Ancestor and the others have already spent half a year's worth of Zhen Qi and planted Zhen Qi seeds on Nangong Huang and the others. That way, they could use the Demonic Vermilion Bird Tail, the White Tiger Holy Saber and the Black Tortoise Axe, and I could only watch helplessly as he said, "Tell me, should I kill him and take back the green dragon halberd that belongs to me?"

Chapter 233 - Crazy Mind

However, from this man's calm eyes, Dongfang Tianxuan could see madness.

She could understand that what originally belonged to him was now in the hands of someone else. Not only would Dongfang Tian Chen feel uncomfortable, he could not even raise his head up in front of Beitang Mo and the others without an Earth Ranked Divine Weapon.

This was also the reason why Dongfang Tian Chen was so quiet.

After they sat down, the group began to discuss about the Ancient Secret Realm. Among them, a few people who hated Long Chen would occasionally glance at him, and among them, there was Beitang Mo.

His hatred for Long Chen was even stronger than that of Dongfang Tian Chen. Because Long Chen was a person who made him lose face, and also lost Yang Lingqing. And every time, it was to snatch the flesh from his mouth. He had never suffered such humiliation since he was young.

Beitang Mo and the rest looked at Long Chen with sinister eyes, but Long Chen was not aware of it. He continued to chat with Mo Xiaolang and the two of them gradually became more familiar with each other, almost touching each other's shoulders.

"They seem to hate you to the bones." Mo Xiaolang said.

"Who allowed me to be so charming, luring away everyone who liked them?" Long Chen shamelessly said.

It turned out that the youths sitting at the two tables beside him had drunk too much, and then started to clash with each other. At this moment, they had actually started to fight in the restaurant, and immediately, chickens were flying and dogs were jumping around, bowls and chopsticks were flying everywhere, and some of them were even smashing towards Long Chen.

After encountering such bad luck, Long Chen did not want to care too much about it. He did not expect that at this time, Beitang Mo would also see the situation below. His eyebrows twitched, and he smashed the wine jar in his hand towards the source of the argument!

Pow!

With an explosive sound, the wine jar broke apart in the middle of the crowd. Under the powerful force of Beitang Ink Burst, the fragments of the wine jar and the fine wine flew all over the place.

"What are you making such a ruckus for!?" This is the territory of my Lingwu Family, get out! " Beitang's eyes shone with a cold light, scaring those who were quarreling so much that they immediately turned into grandsons, not daring to say a single word. The entire Yuanling County was the territory of the Lingwu Family, who would dare to touch their eyebrows?

Long Chen knew that Beitang Mo was using the arguments of the people around Long Chen to give Long Chen a show of strength. At this time, the scattered fragments were being deliberately controlled by Beitang Mo and was flying towards Long Chen. If not for Long Chen resisting, these fragments that were filled with strength, they might have cut him!

Beitang Mo laughed coldly in his heart. He had done it in an extremely secretive manner, and if there were others who pursued the matter, he could say that they did not do it on purpose. However, he had forgotten about Long Chen's arrogance now.

"Using such despicable methods to deal with me?" Long Chen sneered, he did not retreat, but in the center of everyone's attention, he directly grabbed onto a wooden table beside him that was filled with dishes and plates. With a direct burst of energy, the huge and cumbersome table immediately flew into the air, and with a quick speed, it smashed towards Beitang's Mo with a loud bang!

Dang, dang, dang!

Countless plates and dishes fell to the ground, and immediately, the remnants of the food flew into the air, smashing towards Beitang Mo and the others.

Food was just trash when it came out from the plate. Even though they all carried unique skills, they were all in a sorry state now, and a woman like Dongfang Tianxuan, who only had a little bit of sauce on her clothes, was screaming right away.

The group of elegant young masters and beautiful ladies were now as chaotic as a nest of ants. It wasn't easy for them to avoid that pile of trash, but everyone then looked at Long Chen angrily. Under Beitang Mo's lead, the group of people had already rushed down.

"Long Chen, what are you doing? Is he courting death?" He was the most furious of all, Beitang was the one leading the pack, but in reality, the face of Dongfang Tian Chen who was behind him was gloomy, and the killing intent in his heart was also very strong. At this moment, there was a cabbage stuck to his neck, but he could not feel it.

"Who wants to die?" Long Chen waved his hand nonchalantly, then looked towards Beitang Mo. "Do you want to play such a childish trick in front of laozi? The jug of wine you threw down earlier, was simply

aimed at me, Long Chen. You toasted to me, and I'll serve you. "What's wrong with your face? It's so red. Could it be the butt of a monkey?"

After he finished speaking, Long Chen burst out laughing without restraint.

"Long Chen, don't speak too much. Do you really think we won't dare to attack you?!" Dongfang Tianxuan looked at Long Chen with anger.

"If you want to touch my big brother, you must first pass through me!" Mo Xiaolang didn't say anything before, but now, he was standing beside Long Chen. Although his eyes were calm, when he moved, it was without hesitation.

To deal with Mo Xiaolang, even if Beitang Mo had Black Tortoise Axes, he did not have much confidence. They knew that Mo Xiaolang really wanted to have an affair with Long Chen. Furthermore, it was Long Chen who saved him from the Star Demon Prison.

"Could it be, no matter what, we can't touch this Heaven Slaughter Divine Long Chen?" Dongfang Tianxuan was extremely helpless in his heart. She had never thought that they, who had the highest status in the Yuanling County, would actually be suppressed by such a pair of brothers!

"Tian Xuan, I want to make a move." At this moment, Dongfang Tian Chen stepped forward and stood with Beitang Mo. Long Chen's brazen words and his arrogant smile were unbearable, he wanted to teach Long Chen a lesson.

"Big brother, hold it in for now." Dongfang Tianxuan was a little worried.

"This Long Chen has only just entered the Heavenly Core, and barely defeated you. If it wasn't for his master, if it wasn't for Mo Xiaolang, would he be able to live until now? At the very most, we are just people who rely on the breath of others to survive. If we are stepped on by such a villainous person, where is our pride? Let me ask you, if you still don't take action, where is the pride of our Lingwu Family? "

At the end, Dongfang Tian Chen almost yelled out.

This angry roar caused the anger in his chest to burst out. It was only then did the crowd realize that Dong Fang Tian Chen, who had always been silent, was actually the person who hated Long Chen the most!

Where the pride in his voice came from, to every single youth in Lingwu Family, was like a powerful drum. Even though Nangong Huang and Ximen Xiaoji looked at each other, they stood at the very front and prepared to make their move.

With a total of five people at the initial stage of Heavenly Core, added to the three powerful early stage Heavenly Core, could they not handle Long Chen and Mo Xiaolang?

"Brothers and sisters, Tian Chen is right. We are the proud Lingwu Family, the ones in charge of the Yuanling County. We cannot let these two dogs climb on our heads to show off our strength!" Seeing that Dongfang Tian Chen was actually so hot-blooded, Beitang Mo was also excited.

Seeing their foolish angry looks, Long Chen was truly a little speechless. What Long Chen was truly afraid of right now, were the people above Lingwu Family's Great Perfection of the Heavenly Core, not them.

"Big brother, do you want to fight?" Standing next to Long Chen, Mo Xiaolang asked.

"If the enemy moves, I'll beat him. If the enemy doesn't move, neither will we. "There will be a long period of time in the future, and only with profound kung fu. The chance to beat someone up is everywhere." Long Chen said.

This huge conflict caused everyone in the restaurant to shrink into the corners of their seats. The few people who had caused this conflict before, in particular, were currently trembling with fear.

Amongst these people, there were a few capable ones who guessed the identity of these two parties. The reputation of Dongfang Tian Chen and the others in the Source Spirit City was like thunder to the ears. As for Long Chen and Mo Xiaolang, their reputation was much smaller. But after today, their reputation would definitely spread far and wide!

Who would dare to openly fight against the peak geniuses of the Lingwu Family in a situation where there were only two of them?

"Just which faction are these two youths from?" Judging from their courage, they must be quite strong!
"

"Who knows? We'll know soon enough. It might be two hotheads. From the looks of it, they should not be from the Morning Star Merchant Union s or those from the Beast Soul Hall s, but those blind little powers. "

This kind of discussion could be heard endlessly.

Long Chen had already made his preparations. If the other party was really unable to hold back, he didn't mind warming up before the battle in the Ancient Era's Remnants.

At this time, the young boys and girls of Lingwu Family were filled with indignation, looking at each other, they were preparing to make their move, but at this time, a sharp shout came from the door.

"Stop!"

Everyone turned to look, to see that it was Dongfang Xuanyu.

She walked into the restaurant with a cold face, looking at the team on both sides, she obviously hated Long Chen, so she quickly stood next to the younger generation of Lingwu Family.

As soon as this woman arrived, Long Chen knew that they probably wouldn't be able to fight today.

"What's going on?" Dongfang Xuanyu turned his head and asked.

"Aunt, Long Chen humiliated us. His words are simply too much." He, who had always been so high up in the sky, found it hard to endure Long Chen's words. When she thought of the torture in Dongfang Tian Chen's heart, she really wanted to attack immediately and give Long Chen two tight slaps.

Dongfang Tian Chen was the goal in her heart.

"Humiliate?" She looked at the children of Lingwu Family with a pained heart. In fact, she also wanted to make a move, but she was the only senior now, so she should be a bit rational and not take the lead in ruining her father's plans. Therefore, she gritted her teeth and prepared to stop this battle.

However, this did not mean that he would let Long Chen off so easily!

Dongfang Xuanyu suddenly regained his senses, looked coldly at Long Chen and said: "Little bastard, you are really getting more and more arrogant, don't you know, that arrogance also requires a certain degree of speed? If you do this, you will definitely die miserably in the future! "

"What does that have to do with you, the great beauty Dongfang?" Long Chen was too lazy to bother with this crappy girl. Under the furious gazes of the group of people, he directly said "go" to Mo Xiaolang and left with a pat on his butt.

"Long Chen, you!" Just being ignored like this made Dongfang Xuanyu extremely angry. She turned around, and when he saw that his own juniors were all almost all vomiting blood from anger, she made a decision in his heart.

"Even if you die, I want you dead!"

Chapter 234 - Interception

After leaving the restaurant, Long Chen and Mo Xiaolang returned to the Lingwu Family.

At the Dongfang family's residence, he didn't want to go back at all. Thus, other than before he started cultivating, he was basically inseparable with Mo Xiaolang in the silver group.

Mo Xiaolang had great attainments in cultivation and actual combat, and was a very good target for learning. Therefore, during this entire time in the silver group, Long Chen had always been sparring and discussing with Mo Xiaolang.

In the past few days, Long Chen had researched even more Azure Dragon Battle Method. This was a battle skill that could use Earth Stage Medium and was not easy to cultivate. Even with his talent, he had no choice but to use up all of his thought to ponder it. The meaning of the words were easy to understand, but it was not easy to use them freely.

At the moment, when Long Chen and Mo Xiaolang were fighting in their strongest state, Long Chen was not his match. But it was very close. reckoned that Long Chen's current strength was even stronger than Beitang Mo and the others who were holding an Earth Ranked Divine Weapon.

The Dragon Soul Transformation skill and the green dragon halberd gave him the biggest boost in his battle strength.

In this period of time, Mo Xiaolang had been depressed over Long Chen's beast spirit transformation for a long time.

The Beast Soul Transformation that Long Chen was using was clearly the underground Blood Lizard that he used when he was using his Dragon-Meridian Realm. A Yellow Rank Level 5 Goblin Beast, could it give Long Chen a boost that was close to ten times stronger? This caused Mo Xiaolang to not believe anything he said, but he knew that this was the biggest secret on Long Chen's body.

"My Moon Devouring Demonic Wolf transformation has brought me twice as much true qi as before. Even Primordial Beast can probably only bring me five times as much, but Big Brother is still a Yellow Rank demon beast? How can it be so terrifying?" Mo Xiaolang had been wondering about this matter in his heart.

He did not know that there was actually such a thing as the Dragon Fighter at this time. The Ancient Dragon God's Inherited Blood gave Long Chen ten times the boost.

When the other 999% of blood essence was completely absorbed by Long Chen, even more miraculous powers would appear. It was even more powerful than the Blood Refinement Qi.

Although Mo Xiaolang was suspicious, he did not ask about it. There were some secrets related to life, so it was better not to casually speak of them.

Long Chen knew that he and Mo Xiaolang had just become familiar with each other, and this was not the time for him to reveal all of his trump cards.

Other than the upcoming battle in the Ancient Era's Remnants, there were no other matters. Other than cultivation, Long Chen's greatest pleasure was to bring Mo Xiaolang around the Source Spirit City, tease the merchants, tease the women in the house, and so on. Sometimes, if Mo Xiaolang didn't come out, Long Chen would come out by himself.

"If only Ling Xi was by my side right now." The empty feeling in her ears made Long Chen very disappointed.

Honestly speaking, he was still very worried about this young girl that had accompanied her for half a year. Other than training, if he was alone, his heart would be filled with longing and self-blame. That was why he came out to take a walk, and also wanted to find out about the situation in the Source Spirit City.

Something big was about to happen in Source Spirit City. That was, the battle for the City Lord's Mansion was about to begin. The reputation of the young generation of Source Spirit City rose like never before, attracting other people's attention. And Long Chen's name, was gradually known by everyone.

And, for the battle for the City Lord's Mansion, there were even people who were well-informed, and according to the comparison of the strengths of each genius, they created a Hidden Dragon Rank.

In the Hidden Dragon Rank, the rankings of the young geniuses of Source Spirit City. This ranking also represented the outside world's understanding of the strength of the younger generation of the three great powers.

In this Hidden Dragon Rank, there were three people who were far in the lead, and were classified as Young Fighters of the Great Perfection of the Heavenly Core.

The third place was a woman called Li Ziling in Morning Star Merchant Union, whom Long Chen did not pay any attention to. As for the second, it was Mo Xiaolang who held the Sky Wolf Blade, and the first, it was Yan Danqing who held the Beast Soul Hall. Yan Danqing possessed the Primordial Beast of the ninth stage of the Profound Ranked as the beast spirit, and the degree of attention he received exceeded that of Mo Xiaolang who appeared again and again after he disappeared.

As for Long Chen, he was ranked tenth. It just so happened to be on top of Dongfang Tianxuan.

Defeating Dongfang Tianxuan was his most glorious battle skill, and as the only one to reach the top ten, who had just entered Heavenly Core, Long Chen received a lot of attention. Furthermore, Long Chen had a good relationship with Mo Xiaolang, which gave him a few more chips.

Walking within the Source Spirit City, there were people everywhere discussing the fight for the City Lord's Mansion, as well as the various people's Hidden Dragon Rank. It could be seen how popular this event was in the Source Spirit City.

"Long Chen. "Are you brave enough to come with me?" That day, Long Chen came out and wandered around for a bit. As he was preparing to go back, a well-developed woman suddenly appeared in front of him, looking at him coldly.

It was Dongfang Xuanyu.

Long Chen remembered that a few days ago, he was still so angry that smoke was coming out of his seven orifices. Now that she was looking for him, there must not be anything good. However, Long Chen was not afraid of her, and wanted to see what kind of medicine she had bought. Thus, he said: "My courage is much greater than that donkey's head of yours, if you want to go there, you can lead the way, but, you are a character of my aunt's level, could it be that you want me to eat the young grass and do something that goes against ethics?"

Long Chen's words were way too excessive, he thought that Dongfang Xuanyu would flip out immediately, he never expected that she would actually be able to endure it. He led him directly towards a small alley among the Source Spirit City, and they quickly arrived at a desolate wasteland.

It was dirty and messy here and there were broken houses everywhere.

"What is it? You want to kill me? " Reaching this desolate place, Long Chen asked.

At this time, Dongfang Xuanyu turned his head around, and his voice turned cold, as he said: "You sure are audacious. I'm sorry to tell you, you guessed right. At this point, I didn't know that I was the one who killed you, so Long Chen, accept your fate. "

Long Chen was startled, he did not expect Dongfang Xuanyu to actually do this, it seems he had forced her too hard, causing his to finally be unable to resist and launch a counterattack.

"If I die, no matter who kills me, my Master will annihilate the entire Lingwu Family!" Long Chen said indifferently.

"You don't have to worry about this, I already have a plan. You once killed Church of Red Blood's Yan Chixie, so after you die, I will blame it on Beast Soul Hall. I've made a few meticulous plans for days, there's no mistake about it. Now you can die! "

With that, Dongfang Xuanyu began to circulate his Innate Qi.

"Fuck, you can even do this?" Long Chen was a little speechless, he had always thought that this woman was a pig brain, but he never thought that her brain was actually quite sharp. If she really had a way to blame Yuandi City, that Lingwu Family would definitely be able to escape from this difficulty.

Then, Long Chen's pride and arrogance had brought him here, so this plan could be considered as foolproof. Of course, there was no problem with the plan, but Dongfang Xuanyu had overlooked one point, and that was Long Chen's strength.

"Great Perfection of the Heavenly Core?" To Long Chen, this was an extremely good opponent. He reckoned that Dongfang Xuanyu's strength should be around the same as Beitang Mo and the others who had gotten their hands on the Earth Ranked Divine Weapon. Before dealing with them, he had a very good target to train with.

Even though she and Mo Xiaolang both had the same level of Great Perfection of the Heavenly Core, their actual combat strength was far worse.

"Long Chen! Ever since you entered the family, I haven't been able to sleep peacefully for a day! You are simply a poisonous tumor. If you bully the juniors of my family, I will help them vent my anger! What the hell am I supposed to be an elder for! You should be glad you died at the hands of I, Dongfang Xuanyu! " At the same time of the attack, Dongfang Xuanyu vented out all of the anger in his heart!

She really had too many grudges against Long Chen.

"Meteor Dragon Seal!" Under the support of the powerful Great Perfection of the Heavenly Core of his Innate Qi, the Meteor Dragon Seal unleashed a might that was ten times stronger than Dongfang Tianxing's. Immediately, the roaring dragon image charged towards Long Chen, shattering the ruins on its way!

"Not bad." laughed, against Dongfang Xuanyu, he did not dare be negligent. The instant the opponent attacked, he used the Dragonsoul Transformation, and his true qi was instantly maintained to its strongest state. The blood-colored dragon's scales covered his body was full of explosive combat strength!

Long Chen was not in a hurry to take out the green dragon halberd. When the meteor Dragon Seal was flying towards him, he thrust out a ray of starlight from the fingers on his left hand at the same time.

"Ling Xi, if you can see me, I'm using the Spirit Devil Sword Finger you gave me." Thinking about Ling Xi, Long Chen's heart became extremely angry.

"Spirit Devil Sword Finger!"

With an explosive shout, one in front and one behind, two resplendent sword Qis instantly shot out from Long Chen's finger!

BOOM!

The sword Qi collided with the dragon's shadow with a loud bang, causing explosions one after another. The broken walls and broken tiles in the surroundings were instantly shattered into pieces. The sword qi shot out in all directions!

"How is this possible?" Dongfang Xuanyu was a little shocked, she could clearly see that Long Chen seemed to only use Spirit Devil Sword Finger s, to have a feeling that he was on par with her!

"Do you still think that you can eat me?" As Long Chen laughed, his body moved, and he suddenly pounced towards Dongfang Xuanyu. Using two Spirit Devil Sword Finger s, he successfully destroyed one of Dongfang Xuanyu's attacks. Long Chen now roughly knew her strength.

In terms of combat techniques and actual combat, she was similar to Dongfang Tianxuan. The only difference was that her true qi was ten times stronger than Dongfang Tianxuan's. The power created was also around ten times greater.

"It's only blocking one strike, what's there to be proud about?" Dongfang Xuanyu knew that she needed to finish the battle quickly before he could properly handle the situation on the spot. Therefore, after using the Meteor Dragon Seal, he realised that this brat had actually endured it head on. Dongfang Xuanyu had already decided to use the same move she used against Long Chen back then at the Black Tortoise Palace.

At that time, from her point of view, Long Chen had retreated in fright, if not for Li Xuanji saving him, he would definitely have died.

But was that really the case?

Chapter 235 - An Opportunity for a Level Three Thunder Flame Battle Body

Just as Dongfang Xuanyu was about to attack, Long Chen had already rushed towards her.

In reality, in Long Chen's opinion, there was no point in fighting this stupid woman. The weight of her brain over the years had probably shifted to her chest.

It had to be said that this Dongfang Xuanyu was probably around forty years old, but his charm was still there. If he went to a brothel, with his mature temperament, he could become a bully in a brothel. Back then, Jadeite Jade Restaurant had a pretty girl, Long Chen had to submit to her no matter what.

At this time, Dongfang Xuanyu twisted her body, her entire body releasing a burst of powerful Qi, with a loud sound, he turned into a gust of wind, with the power that covered the sky, he rushed towards Long Chen!

"The Earth Tier Battle Skills I use, is ten times stronger than Tian Xuan. Long Chen, are you still not dead?" A cold voice came out from her beautiful lips. As the saying goes, a woman is like a wolf or tiger, but the current Dongfang Xuanyu was like a tigress, pouncing towards Long Chen!

"Earth Tier Battle Skills, Tempest Raging Dragon!"

Long Chen had already seen this move twice. If Dongfang Xuanyu used it, it was indeed ten times stronger than Dongfang Tianxuan, but the problem was, Long Chen's cultivation was also ten times stronger after using the Dragonsoul Transformation!

Therefore, when Dongfang Xuanyu made his move, Long Chen was not the least bit courteous. The move he used against Dongfang Tianxuan back then, would once again be used today!

"Azure Dragon Battle Method, broken yellow spring, Azur!"

The two consecutive moves, with a vast and imposing aura, pounced towards Dongfang Xuanyu's Tempest Raging Dragon. The cold light of the halberd caused Dongfang Xuanyu's expression to change.

"Why is he so powerful?" Dongfang Xuanyu was shocked, the feeling Long Chen gave her made her feel terrified, as though the halberd that was pressing down on his like Mount Tai was able to instantly cleave his into two!

"This is an illusion. I want to kill him! "I must!" She gritted her teeth and firmed her heart, using all her strength, wanting to kill Long Chen!

"In vain." Long Chen laughed indifferently, the green dragon halberd that carried such a tyrannical force, directly pushed away the Wind Splitting Dragon, then turned around, and with a move that included the Azur, pierced into the Wind Splitting Raging Dragon from the side. An even more powerful force directly shattered it, and the aftershock of the Azure Dragon Battle Method smashed onto Dongfang Xuanyu's body, instantly causing him to vomit blood and fly backwards, his face completely pale!

When Dongfang Xuanyu was gravely injured, Long Chen had already kept his green dragon halberd, and quickly caught up to Dongfang Xuanyu. He used his fingers to rapidly beat her body, and after a series of heavy strikes, Dongfang Xuanyu had completely lost all ability to fight.

"Long Chen, you ... what did you use on me?" Originally, Dongfang Xuanyu could not accept it at all when he was defeated by Long Chen. His mind was completely blank, and when Long Chen used a strange method, he actually lost all the strength in her body, Dongfang Xuanyu was extremely shocked.

Seeing Long Chen's lustful eyes sweeping across her proud twin peaks, she was scared silly. She was not young anymore, and he valued chastity greatly. If he were to be abused by Long Chen here, the only choice she had would be to commit suicide. Otherwise, she wouldn't have the face to continue living.

"What did he use?" "Hehe, this is a little toy that Little Wolf taught me a few days ago. It's called the Pulse Cutting Technique, I feel that this little toy can be used to pick flowers, and I'll use it on you today. How is it?" Long Chen laughed lewdly.

"Bastard!" "You beast! You will die a horrible death!" Dongfang Xuanyu thought about what would happen next. If it wasn't for the fact that she lacked strength, she would have bitten his tongue to death.

This meridian cutting method was actually not as simple as Long Chen made it out to be.

This was a miraculous method. When others were severely injured and had lost the ability to fight, he could quickly infuse his zhenqi into their acupoints. If his zhenqi was condensed and strong enough, it would be difficult for the opponent to break through. This was the Mo Xiaolang family's little mystical technique, but it had been used by Long Chen to pick flowers today.

When he landed on the ground, Long Chen hugged Dongfang Xuanyu with his arm around his waist. The heat emitted from the other party's body as well as this softness, really made it hard for Long Chen to control himself.

However, ever since he met Ling Xi, he had gradually forgotten about his previous ways. His words just now were only to tease this woman with a big chest and no brains.

"What's going to happen next? It seems like spring is coming. Looks like we should add a bit of spring color to this place. " Long Chen laughed.

Her body trembled in Long Chen's embrace, and her attitude turned from vile to pitiful. She begged for mercy: "Long Chen, I beg of you, please spare me, I won't find you trouble in the future, how about it?"

"Impossible!" "You've already prepared to assassinate me today. If I spare you and leave you be, wouldn't I be letting down my little brother?" Long Chen flatly refused.

Seeing Dongfang Xuanyu's face looking like he was about to collapse, he felt extremely comfortable in his heart. Long Chen had long wanted to teach this self-righteous woman a lesson.

"Of course, there's also my gentle hand?" Long Chen raised his palm, laughed, and struck towards her chest!

"Long Chen! Let me go! I am willing to tell you a secret! " In a moment of desperation, Dongfang Xuanyu suddenly thought of something and finally remembered something.

"Oh?" Long Chen originally only wanted to tease her, he truly did not have any intentions of playing rogue towards this forty year old woman, but hearing this sentence, he was pleasantly surprised, and pretended to be indifferent, and said: "Then we will see, whether your secret technique has the same temptation as your body!"

Looking at Long Chen's evil smile, Dongfang Xuanyu suddenly blushed a bit, because Long Chen's words were way too hot and spicy. had thought himself old more than once, but hearing Long Chen's words, he couldn't help but feel that he still had a lot of charm to him.

Her husband had already died ten years ago. This feeling of being conquered, being able to attract the other party's attention made Dongfang Xuanyu feel a little strange and proud.

However, Long Chen naturally could not see through such thoughts, if not he would lose all his face. Furthermore, she firmly refused to believe that he would have such a strange thought, so he ruthlessly spat at himself. He then coldly said, "It is indeed a big secret. It has endless benefits for you."

"Tell laozi, don't talk rubbish. I can endure it, but my hands can't hold it back." Long Chen threatened.

He was very curious about this secret.

"Alright, let me say, do you have a Level 2 Thunder Flame Battle Body? Did you get your raiding crystal from the Morning Star Merchant Union? Do you want to achieve the complete form of the Thunder Flame Battle Body, the third grade Thunder Flame Battle Body? That is the equivalent of an Earth Stage Low Rank body tempering technique! "

Long Chen was moved, to be honest, this thing was much more attractive than Dongfang Xuanyu who was willing to take it.

"Speak clearly, don't keep me in suspense." Long Chen said coldly.

"Alright, you know, if you want a Level Three Thunder Flame Battle Physique, no matter how many raiding crystal there are, it's useless. You need to fuse with one Thunder Flame Crystal Soul. This year, the Morning Star Merchant Union dug out a single vein of raiding crystal and groomed a lot of experts, among which there were a few that were the most outstanding, but they all had a common characteristic, and that was that they all had a second stage Thunder Flame Battle Body. There was even one that had completed a third stage Thunder Flame Battle Body. Although Morning Star Merchant Union has the raiding crystal vein, we've only found one so far. According to the information I've gathered, Morning Star Merchant Union found another one the day before yesterday, so their young experts are already rushing towards their destination! "

Dongfang Xuanyu held some fear towards Long Chen, so she immediately stuffed all the useful information into Long Chen's brain. And Long Chen was currently troubled, he had an extremely strong offensive skill, which was also considered to be not bad. Only his body refining ability seemed to be unable to keep up with it, so news of the Thunder Flame Crystal Soul s was undoubtedly a timely assistance.

However, Long Chen had seen the name Li Ziling before, and he was the strongest genius in the Morning Star Merchant Union. His position in the Hidden Dragon Rank was just behind Mo Xiaolang's, no wonder he was so powerful.

"Where is it?" Long Chen asked.

Seeing Long Chen being so concerned about this, Dongfang Xuanyu heaved a sigh of relief. She used all his remaining strength to struggle free from Long Chen and said, "Unravel the technique you used on me first, I'll tell you then!"

If Long Chen found out about this news, then, seeing his perverted nature and couldn't help but make a move on her, she would be feeling worse than dead.

The Thunder Flame Crystal Souls were much more important than toying with this stupid donkey. Long Chen was too lazy to take revenge on her, and immediately opened the meridian cutting method. This allowed Dongfang Xuanyu to regain his strength, but she was still injured.

"Don't play any tricks on me. If you anger me, I will make you regret coming to this world. What I say is true!" Long Chen said indifferently.

Dongfang Xuanyu retreated a few steps, and used spirit medicine to heal his injuries. Then he said, "The raiding crystal mine in Morning Star Merchant Union, in the midst of all the Thunderfire Mountain Ranges, there is a town filled with lightning and fire under the Thunderfire Mountain Range. They're stationed there, so it would be very easy for you to learn a lot if you were to go there." Dongfang Xuanyu said honestly.

"En, I will remember. I will find someone else to confirm it. If I find out that you lied to me, I will definitely kill you!" Long Chen said coldly.

"This is absolutely true!" Dongfang Xuanyu promised. Then, she hurriedly said. "I've said everything I need to say. Goodbye!"

With that, she turned to leave.

"Halt!" Long Chen shouted coldly.

"What do you want to do?" Dongfang Xuanyu tensed up, his hands tightly hugged his chest.

"If I fight over that Thunder Flame Crystal Soul, I will definitely meet a very powerful enemy. Then, you can use them to get rid of me, right?" How could Long Chen not guess her thoughts? The Thunder Flame Crystal Soul's news was definitely true, but when Long Chen thought about how he would definitely meet a strong opponent if he could get his hands on it, if he wasn't a match for him and died in the hands of the Morning Star Merchant Union, she, Dongfang Xuanyu, would be extremely happy.

What Long Chen had said was indeed Dongfang Xuanyu's goal. Her hatred towards Long Chen did not decrease, so when she used this secret scripture to protect his life, she was also setting Long Chen in danger.

"On the account that this thing is indeed important to me, I will not argue with you. Tell me the arrangement of Morning Star Merchant Union's power in the Thunderfire Mountain Range, I do not have any patience. If you do not give me a proper answer, I will not mind fighting a field battle here today." Long Chen said indifferently.

Therefore, she hurriedly said, "Morning Star Merchant Union has set her sights on that raiding crystal lode, and normally, she would send five of her guests, whose Mortal Core have matured, to be stationed there. Furthermore, in order to suppress and collect the Thunder Flame Crystal Soul, Li Ziling should also be there."

"Why did you suppress the Thunder Flame Crystal Soul?" Long Chen asked.

"Thunder Flame Crystal Soul possess extremely violent strength. Within a hundred meters, for any martial artist who doesn't have Divine Pill Realm, as long as they approach, there will only be one outcome, and that is death. And the practitioners of Divine Pill Realm could only barely fight back. Only the suppressed Thunder Flame Crystal Soul could be fused. The Thunder Flame Crystal Soul that Li Ziling obtained was suppressed by the Morning Star Merchant Union's Milky Way Realm Warriors. Now that Li Ziling possesses the third level Thunder Flame Battle Physique, it is easier to suppress the Thunder Flame Crystal Soul since the attributes are interlinked. So my guess is that she should be the one to make the move! "

Because of Long Chen's threat, Dongfang Xuanyu did not dare to hide anything.

"Li Ziling? Level 3 Thunder Flame Battle Body? "It's just a girl, but she's managed to make the meat so tough. How could it taste so good when you touch it?" In Long Chen's heart, he had already automatically assumed that Li Ziling was the type of strong and sturdy woman.

It would not be easy for the six Great Perfection of the Heavenly Core warriors to snatch the Thunder Flame Crystal Soul from their hands. However, Long Chen knew that it wasn't that he wanted to face them head on, but rather, face to face with them.

"Scram for me." Long Chen no longer paid attention to her and started to head in the direction of the silver group. After finding Mo Xiaolang, he told him about the news he had gotten from Dongfang Xuanyu.

"Six Great Perfection of the Heavenly Core? "Big brother, I'll go with you." Without saying a word, Mo Xiaolang agreed to help.

"You truly are worthy of being called my, Long Chen's, good brother!" Long Chen laughed and patted his shoulder before saying: "Go ask your clan's Grand Elder to help me investigate if this information is true or not. If it is, we will immediately set off. In any case, there are still more than twenty days until the Ninth Prince arrives, and he can let me try this Thunder Flame Crystal Soul. "

Mo Xiaolang nodded. After confirming the news from the Supreme Elder of the silver group, the two of them brought along some things they needed and borrowed a set of The Great Roc of the Gale from the Supreme Elder of the silver group. Then, they flew in the direction of the Thunderfire Mountain Range!

In the other clans, Jin Luan and Chu Tianxiong were currently playing chess in the courtyard. However, the rapid rise of Long Chen had caused them to be unable to calm down.

"Brother Chu, if this goes on, we will never be able to take revenge for our Saint's grace and Yun Xi's death. This Long Chen now has his master supporting him, even the Inner Race does not dare to touch him, we ... "Jin Luan put down the chess pieces and sighed.

"I can't do anything about this matter. I only regret not killing him when he was weak back then, but now that his wings have hardened, he can still beat Miss Tianxuan, who has reached the small success stage in his Heavenly Core. He's almost catching up to us now, but revenge is still far away."

"My son's grace should originally have a huge future, but it was due to Long Chen that I died. In this lifetime, if I could take revenge, even if I had to pay with my life, I would not hesitate." Jin Luan clenched his teeth and said with hatred.

At that moment, a plump woman walked into the courtyard.

Jin Luan and Chu Tianxiong were shocked, they immediately bowed to her and said: "Master Xuan Yu, what wind brought you here?"

They were a little worried, as the words just now were said too loudly, allowing Dongfang Xuanyu to hear them.

At this moment, Dongfang Xuanyu's face was gloomy. As soon as she walked over, she said directly: "You two, I'm not talking nonsense, I'm just asking you two a question. If I could have you two kill Long Chen without anyone noticing, would you two have done so?"

Jin Luan and Chu Tianxiong looked at each other, they quickly understood what Dongfang Xuanyu meant and anxiously asked: Master Xuan Yu, what orders do you have?

"Long Chen is now far away from the Source Spirit City. Go to the Thunderfire Mountain Range and compete with the Morning Star Merchant Union for the Thunder Flame Crystal Soul. The two of you go there and see if you have the chance to kill him!" Dongfang Xuanyu shuddered at the thought of Long Chen and how he almost violated his.

If she did not kill Long Chen, she would never be at ease.

"Let's go!" The two of them were pleasantly surprised.

"Remember, even if you can kill Long Chen, do not expose your identities! It's best to blame it on the Morning Star Merchant Union. That way, Long Chen's master won't cause trouble for us! "

"Lord Xuan Yu, we are clear on this point!"

"I'll give you something. With this thing, I'm sure you can easily kill him!" Dongfang Xuanyu said with a low and assured voice.

Next, she carefully described the item to the two surprised people.

When everything was completed, Dongfang Xuanyu left with a smile.

"The Ninth Prince came to the Source Spirit City when he was young, and it seems like Jin Luan followed behind him for a long time. Like this, when the Ninth Prince arrives, will something magical happen?"

Many people knew about the matter of the Ninth Prince coming to the Source Spirit City previously. The reason why Jin Luan was able to make such huge progress in these few years was because he was able to catch up to Chu Tianxiong who was already sixty years old at the age of fifty. However, due to his poor innate talent, he did not progress further in Lingwu Family.

And Dongfang Xuanyu's plan was that, even if Jin Luan and Jin Luan could not kill Long Chen, if Long Chen killed Jin Luan on the other hand, then when the Ninth Prince came, Long Chen would also definitely die as well.

Whether Long Chen won or lost, he would definitely die!

Although he had defeated Dongfang Xuanyu, Long Chen knew that his current strength was not enough to reach the front line of Source Spirit City's young generation. But by joining the Thunder Flame Crystal Soul, the gap would be closed.

Thunderfire Mountain Range wasn't that far away, it was merely a quarter of the distance between Nine Demon Mountain and Source Spirit City. Roughly two hours later, Long Chen and Yue Shan could already see a large town from below. They left their The Great Roc of the Gale outside the town. There are shops here that provide transportation tools for people.

Then, Long Chen and Yue Yang walked into the Thunder Fire Town.

"It's still the beginning of spring, I never thought that the temperature in the Thunder Fire Stronghold would be so high, the raiding crystal is filled with fiery energy, I think it's probably just the raiding crystal, the temperature here is so high." When entering the town, Long Chen asked as he sized up the crowd that was passing by.

"The raiding crystal is indeed mysterious. Not only can it refine the body, it can also increase one's true qi." Mo Xiaolang nodded.

"Little Wolf, what level of body tempering technique do you cultivate in?" Long Chen asked.

"I have an Earth Rank body tempering technique left behind by a family, but I am useless. I am not strong yet, and I am worried that the people of the Imperial City will recognize it. So, I didn't cultivate body tempering technique." Mo Xiaolang said somewhat dejectedly.

To have such power without cultivating body tempering technique, Mo Xiaolang had truly made him speechless.

"It's fine. After you refine the Earth Stage beast spirit and transform into a beast spirit, you'll probably have a very strong battle body." Long Chen consoled.

To the Beast Fighters, the beast spirit transformation did not conflict with the body tempering technique at all. The body tempering technique only strengthened the physical body from the inside, while the beast spirit transformation only strengthened the external body.

The two continued their journey.

Although this was just a small town, it was very lively. There was a strong atmosphere around the corner, and there were quite a few brawls and brawls. However, there weren't many strong practitioners.

"We will not be able to get news about the Morning Star Merchant Union if we continue to wander around like this. There's a Thunder Fire Inn ahead of us, it should be the biggest restaurant here. Let's go ask around and take a rest." Long Chen raised his head and saw a tall building with bright lights in front of him, and said.

"I'll listen to what big brother says." Mo Xiaolang laughed.

The two of them entered the Thunderfire Tavern.

They were all elegant young masters, and one could tell at a glance that they were very different from the villagers of Thunderfire Town. As a result, the moment he entered the restaurant, he attracted a lot of attention.

One of the servant had sharp eyes and immediately came forward to welcome them, passionately welcoming them to the private room on the second floor. After a round of entertaining, exquisite dishes and good wine had already been served.

"Don't go yet. I'll ask you some questions." After waiting for the waiter to serve, Long Chen waved at him.

"Me?" The servant was a little perturbed and hurriedly walked over. In the past few days, there had been a lot of powerful experts like Long Chen. Something bad had happened and many blind people died.

"Yes, you." Long Chen laughed.

"Young Master, what do you want to ask?" The attendant said nervously.

"Is there anything special going on in the past few days?" Long Chen asked.

"Movements?" The manservant was startled and said, "There are a lot more people entering Thunderfire Town." However, Thunderfire Town is being controlled by the big bosses of Morning Star Merchant Union. Some of the people who were causing trouble have already been cleaned up. "

As expected, this small town was already completely under the control of the Morning Star Merchant Union's people.

"Where are the people of the Morning Star Merchant Union now?" This was Long Chen's true goal. Only by knowing where they went, would they be able to obtain more information. The current Long Chen didn't even know where the raiding crystal were produced or where the Thunder Flame Crystal Soul had appeared from in the Thunderfire Mountain Range.

"There are rules regarding the Morning Star Merchant Union. Please forgive this lowly one not to say anything!" When Long Chen asked this question, the servant retreated a few steps in fear.

Long Chen took out at least fifty spirit jades, and said: "These are all yours, what do you think?"

The attendant looked at the fifty spiritual jades. This was enough for him to struggle for half a year. To be honest, he was very envious. In the end, he gritted his teeth and walked over to Long Chen and said, "The Morning Star Merchant Union is so elusive, but I know that they have a stronghold in the town. The raiding crystal that they harvest, will be transferred there, to the Source Spirit City. "

Attached to Long Chen's ear, the servant told him an address.

"This is yours." Long Chen pushed all of the spirit jade to him, and the servant immediately kept them. After saying his farewells, he left with a look of excitement.

"Big Brother, do you know the location?" Mo Xiaolang asked.

"Got it, from the looks of it, there still hasn't been any news of Thunder Flame Crystal Souls. Don't waste these dishes, wait for us brothers to eat our fill and then we will advance to the Morning Star Merchant Union."

This was the second time Long Chen stole something from the Morning Star Merchant Union. The last time was with Ling Xi, and this time, it was with Mo Xiaolang.

"Alright." Mo Xiaolang nodded, he was always an obedient child, but Long Chen knew that he also had passion and blood, hatred and coldness, slaughter and madness.

He had only started eating not too long ago. Suddenly, a disorderly sound came from downstairs.

Long Chen turned his head and looked down, only to see a group of blue armored warriors rushing into the restaurant, lining up a path. All of these warriors had mastered battle strength, and their eyes were cold, as if they had experienced a lot of killing.

Chapter 237 'this girl is really spicy! '

Such power, in a place like Thunderfire Town, could definitely go overboard.

However, what Long Chen noticed, was that in the middle of the crowd, there was a young man that was being escorted. Judging from his age, he should be around the same as Mo Xiaolang, but he had a face full of arrogance. It was clear that he was another honorable child who was used to living a life of superiority.

From his body, Long Chen felt a familiar aura. Furthermore, he also had this Power of Thunderflame. Without a doubt, this was one of Morning Star Merchant Union's genius warriors. The feeling it gave Long Chen was that he had at least the power of his Heavenly Core.

"This guy looks pretty good, but he's no match for you." Mo Xiaolang's eyes were sharp, with just a glance, he analysed the youth thoroughly.

"You know him?" Long Chen asked.

"He seems to be called Li Qingling, the younger brother of Li Ziling. Amongst the Morning Star Merchant Union, the amount of attention he receives is only second to Li Ziling. He's younger than his sister by three years. Mo Xiaolang said.

"It seems that the Morning Star Merchant Union's nurturing ability is not any weaker than the Lingwu Family's, if not for you, the position of the City Lord's Mansion would not have been preserved this time." Long Chen lamented.

They continued to chat and drink, and at this time, Li Qingling, who had a haughty expression, looked around, opened her mouth, and used a slightly sharp voice to shout: "My Morning Star Merchant Union will take this restaurant, and everyone can leave within fifteen minutes. My big sister came over from Source Spirit City today, and you have to treat her the most important way for me. She is one of the top three geniuses in Source Spirit City, you will be the one who gets the money, if you don't mind, you don't need to run this restaurant anymore! "

Long Chen put down the chopsticks in his hand. He smiled faintly.

To be honest, with Morning Star Merchant Union's power in the Thunder Fire Town, Li Qingling did not go overboard. At least he agreed to pay the bill for everyone. Although the warriors from those small forces only ate and drank half of it, under the suppression of the Morning Star Merchant Union, they didn't have much to say and left on their own.

After all, those blue armored warriors were not easy to deal with. They were obedient and the blue armoured warriors were very gentle, but if there were any disobedient people, Li Qingling would definitely make them feel very sad.

Seeing this place being slowly emptied, Li Qingling was very satisfied. Very quickly, everyone had left, Li Qingling called out: "Innkeeper, quickly clean this place up, do not show any trace of stains, if my sister is not satisfied, I will definitely kill your entire family!"

Being threatened by Li Qingling, the manager of the Thunder Fire Inn was immediately scared to the point that she peed her pants. She hurriedly called for everyone to gather some people to clean up the mess left behind by the people from before. Li Qingling looked at it and laughed. She was very satisfied.

"Young master, no one has left the second floor!" One of the blue armored warriors said in Li Qingling's ear.

"What?" Li Qingling jumped up, there was actually still someone that hadn't left. This was far too unexpected. If they did not even listen to his words, then this would undoubtedly affect their lives. Thus, with a face full of anger, he brought a group of blue armored warriors and angrily went up to the second floor, arriving in front of Long Chen and Mo Xiaolang.

"Big brother, should we go?" Mo Xiaolang asked.

"No need." Long Chen took care of his own matters and poured some wine for Mo Xiaolang, "This brat is too arrogant, I have to teach him a lesson."

Mo Xiaolang nodded.

Just as he finished speaking, Li Qingling had already rushed forward. Seeing that the two of them were ignoring him, he didn't waste any words and directly said to the blue armored warrior beside him, "Chop these two people up and throw them into the river to feed the fishes!"

"Yes, Young Master!" A group of Blue Armored Warriors advanced towards Long Chen and Long Chen with a loud bang.

Long Chen was too lazy to waste his breath on them, the most direct way to deal with this kind of arrogant people who viewed other people's lives like grass.

With his current strength, he still needed to use the Dragon Soul Transformation to deal with this fellow. This would require a lot of effort, so he said to Mo Xiaolang: "Slap that brat twice, and beat him into a pig's head!"

After he finished speaking, he rushed to the middle of the blue armored warriors, and with a slap of his own, he made them look dizzy. Then, Long Chen threw all of them downstairs. When he was half done, Mo Xiaolang did as he was told and directly whipped Li Qingling's head into a pig's head, then threw him down from the second floor as well.

Instantly, moans and cries of pain sounded from below.

Long Chen increased his speed, and very soon, all the blue armored warriors were thrown down. He clapped his hands, and laughed in satisfaction: "You dare to threaten me, you're really blind. This is just a small lesson to you, next time, I'll throw them into the river to feed the fishes. Little Wolf, retreat! "

Now that he had taught this Li Qingling a lesson, when that Li Ziling arrived later, she would definitely have a lot of experts by her side. Right now, clashing with them was not a wise choice, so after Long Chen chose to beat him up, he decided to escape first.

Amidst the shocked gazes of the waiters and the manager, Long Chen and Yue Shuang exited the Thunder Fire Restaurant. Long Chen chose a good location and hid himself; from here, he could clearly see the scene in front of the doors of the Thunder Fire Restaurant, but he did not need to worry about being discovered.

"When Li Ziling comes, she probably wants to suppress the Thunder Flame Crystal Soul. "Little Wolf, you said that us brothers would attack you, but do you have confidence?" Long Chen turned his head and said to Mo Xiaolang who was beside him.

"The guest elder of the Morning Star Merchant Union is not a core member. Even though it's just Great Perfection of the Heavenly Core, she's around the same as the nine great outer clan elders. "If you want me to kill five of them, it will be very difficult. But if you want me to deal with them and make it so that they can't separate their arms from yours, it will definitely be possible." Mo Xiaolang said.

"In other words, I am going to snatch that Thunder Flame Crystal Soul from that valiant woman?" Against an expert who was almost as strong as Mo Xiaolang, Long Chen was filled with fighting spirit.

"Intrepid woman? Li Ziling? I heard that Li Ziling is as beautiful as a fairy. Looking at Li Qingling's appearance, his big sister shouldn't be that bad. " Mo Xiaolang asked doubtfully.

Long Chen didn't know what Li Ziling was like either. He just instinctively felt that the women who could reach the third level of the Thunder Flame Battle Physique would be the type that was bulky like a man. However, the facts proved that his thinking was wrong.

Although this woman wasn't as beautiful as Ling Xi, who could shock a person's soul, she was still considered a fairy. She wore a purple cheongsam, her body was exquisite, her skin was white like snow, and her figure was tall and slender. In terms of beauty, she could be considered one of the top in the entire Source Spirit City.

However, just like her brother, although she hid her pride well, it was revealed in Long Chen's eyes.

Under the escort of even more blue armored warriors, Li Ziling walked into Thunderfire Restaurant. Among them, five aged foreign delegates followed beside her.

"What do you think will happen if Li Ziling sees her own brother screaming on the ground and turning into a pig head?" Long Chen was very interested in this.

As soon as his voice fell, half of the restaurant collapsed. Accompanied by the screams of many people, endless smoke and dust shot up into the sky. Vaguely, Long Chen could see the anger and frost on Li Ziling's face.

"This little girl is really spicy." Long Chen was speechless.

She was so angry that she directly collapsed the Thunderfire Tavern. Naturally, she had no intention of resting here. Bringing Li Qingling who had turned into a pig head, the group of people headed towards the mountain range outside the town.

"They are going to the Thunderfire Mountain Range. Among them, there are no other people who have reached the initial stage of Heavenly Core. This Thunder Flame Crystal Soul is probably prepared for this Li Qingling. We'll catch up now. " Long Chen waved and followed along with Mo Xiaolang sneakily.

If Ling Xi was here, she would be able to notice that Long Chen and Mo Xiaolang had two tails behind them.

These were the two men in black hiding in the shadows. One could see the icy, bloody light in their eyes.

Very quickly, the people of Morning Star Merchant Union left Thunderfire Town and stepped onto the Thunderfire Mountain Range. And Long Chen and Mo Xiaolang, who were hanging far away from them, were constantly thinking of countermeasures along the way.

"Big brother, the Thunder Flame Crystal Soul, this thing, is extremely berserk, although Li Ziling is compatible with it, but if she wants to suppress the Thunder Flame Crystal Soul, she will probably need to use a lot of energy. If she is able to do it within that period of time, she will definitely consume a lot of energy, if you choose to make a move, the chances of success are not small, and I will help you suppress the five guests, how about that?" Mo Xiaolang said.

"That's just right. Ha ha, once big brother gets this Thunder Flame Crystal Soul, I won't treat you badly in the future!" Long Chen laughed.

Big Brother saving me from Azure Dragon Star is the biggest gift I have ever received. A mere Thunder Flame Crystal Soul is nothing. Mo Xiaolang laughed foolishly.

The more Long Chen spoke to him, the more evil he felt himself to be. In other words, no matter how he tried to conceal it, in front of Mo Xiaolang's innocence, his evilness would have been completely revealed.

"Whatever, this time about the Thunder Flame Crystal Soul, let him help me kill a Earth Stage demon beast, and his blood feud. I will help him, maybe this is what grandfather meant by 'brothers', they are brothers, and share both honor and disgrace, live and die together, and forge glory together!" Long Chen thought in his heart.

The deeper they went into the Thunderfire Mountain Range, the higher the temperature became and Long Chen could also faintly feel the aura of the raiding crystal. After half an hour, they arrived at a relatively small, yet exquisite mine. Inside this mine, there were no less than a thousand Blue Armor Warriors, all of whom had Mortal Core at the large success stage or above, strictly guarding it.

The cave on the mountain wall in the middle should be the entrance to the mine. At this time, the miners who belonged to the Morning Star Merchant Union were going in and out of the cave. The people who came out were generally able to harvest raiding crystal s, and this unprocessed raiding crystal was covered in dust, it was practically like a rock.

"Everyone, be careful. Stop the mining. Let Miss Zi Ling enter and suppress the Thunder Flame Crystal Soul!"

One of the Guest Warriors said loudly.

Chapter 238 - Thunder Flame Crystal Soul

Under the loud shout of this person, the miners came out one after another.

To be honest, raiding crystal s were extremely difficult to mine. Although this place was known as the raiding crystal's vein, most of them were ordinary stones. In the endless sea of stones, there would be

one raiding crystal and only one Thunder Flame Crystal Soul would come out from the midst of countless other raiding crystal. From this, it could be seen how rare Thunder Flame Crystal Soul were. In such a large vein, there were only two of them.

With the arrival of the legendary genius from the Source Spirit City, the miners could finally have a good rest, which was why their faces were filled with joy. Looking at the goddess-like Li Ziling, their eyes were filled with reverence, but there was also a hint of greed.

This kind of woman could be considered the dream of these low level characters for the rest of their lives.

"Is this Miss Zi Ling from Morning Star Merchant Union? You truly are as beautiful as a fairy. "

"Don't speak, be careful not to lose your head. Miss Zi Ling, is that something you can discuss with me too?"

Listening to these types of conversations, Li Ziling's expression did not change at all. She had been tired of listening to such flattery and praise for the past few years.

She coldly looked at these dirty miners, those cold eyes made their scalps go numb.

After a while, the mine was almost completely emptied. Before clearing it out, one of the guest representatives gave a map of the mine to Li Ziling. Li Ziling looked carefully for a while, before remembering the location of the Thunder Flame Crystal Soul.

"The location of this Thunder Flame Crystal Soul is a lot deeper than last time. I remember that last time when we went three hundred meters in, that should be enough, right? This time, we'll probably have to walk six hundred meters. Li Ziling said indifferently.

"Thunder Flame Crystal Soul are extremely rare and unusual, it's definitely impossible for two to be in the same place. The appearance of raiding crystal is closely related to the Thunder Flame Crystal Soul, and it's precisely because of the energy radiation from the Thunder Flame Crystal Soul that ordinary stones are turned into raiding crystal," one of the guests explained.

Long Chen heard their conversation word for word.

"Six hundred meters ..." He did some mental calculations and already had a rough idea of the distance.

After chatting with the guests for a bit longer, Li Ziling pursed her pink sparkling lips, called out to Li Qingling and walked into the mining cave.

Long Chen guessed right, this Thunder Flame Crystal Soul was indeed prepared for Li Qingling.

Li Qingling was severely beaten up by Mo Xiaolang, but she still had a pig's head, making him look extremely comical. Before now, others had always been pointing fingers at him. He was too proud and arrogant, so of course he couldn't stand this sort of anger. When he followed Li Ziling into the mine, his mind was thinking of one thing: After she fuses with the Thunder Flame Crystal Soul, he would definitely find Long Chen and Mo Xiaolang in the Thunder Fire Town. At the very least, he would want their lives.

"In my entire life, no one has ever dared to slap my face. You're courting death!" Li Qingling thought as he walked.

"Qing Ling, you said earlier that the two people who hit you were two youths?" And they look to be around the same age as you? " At this time, Li Ziling said indifferently from the front.

"Yes!" "I don't know where these two brats came from, but their strengths are quite good. However, I was too careless and only let them barely succeed." Li Qingling said indignantly.

"Your current strength is about the same as the Lingwu Family's Dong Fang Tian Chen and the rest. However, they have Earth Ranked Divine Weapons, and you are not their match. Furthermore, they are not even from the Four Great Inner Races. When Li Ziling said their names, her eyes flashed a cold light.

"It's them? How can they be so powerful?" Li Qingling had also heard of their reputation before. In terms of Hidden Dragon Rank, Long Chen was not even as good as Li Qingling.

"Mo Xiaolang is really something. However, Lingwu Family won't do well this time, our main enemy is Yan Danqing. Once you fuse with the Thunder Flame Crystal Soul, it should help me defeat him. Therefore, this time, we must ensure that no mistake happens. " Li Ziling frowned.

"I know." Seeing her sister walking in front, with her willowy figure swaying, Li Qingling spoke while staring at her buttocks. Her throat moved and she swallowed a few mouthfuls of saliva.

"After I integrate with the Thunder Flame Crystal Soul, when I enter the Great Perfection of the Heavenly Core, I will become the number one genius of the Source Spirit City. At that time, wouldn't all of the beauties at big sister's level come to throw themselves at me?"

Six hundred meters.

Judging from their speed, Li Ziling and Yue Yang would need about fifteen minutes to get into the cave. So when they disappeared into the cave for half a quarter of an hour, the corners of Long Chen's mouth hooked up into a faint smile, and lightly patted Mo Xiaolang, and said: "It's a good thing that these five foreign delegates didn't follow us in, but those two siblings, should be halfway in already. They can't hear the fight outside, so, I will directly rush in, block the cave entrance for you, and prevent anyone from entering, and at the same time reduce the commotion as possible, what do you say?"

"I understand, Big Brother. You can go and fight for the Thunder Flame Crystal Soul without worry." With me here, I can guarantee that Li Ziling and the others won't be able to hear anything. " This was the first time Mo Xiaolang did something so exciting, and he was a little excited.

"Fine, but you have to be careful." A guest of five Great Perfection of the Heavenly Core and over a thousand Blue Armored Warriors are no pushovers! " Long Chen warned.

"This cave is not big. If I stand in it, I can completely rule over ten thousand people, so you don't have to worry, big brother." If I can't hold on, can't I call for you? " Mo Xiaolang said with a stern expression.

When Long Chen thought about it, he felt that it was so. Furthermore, Mo Xiaolang should be at a realm far beyond his current level. So he nodded and signaled with his eyes.

At this time, the five guests were drinking tea under the pavilion, talking about the world, while the other blue armored warriors were tightly guarding the raiding crystal lode.

"Everyone, do you think that our Morning Star Merchant Union has a large chance of winning the fight for the City Lord Palace?"

"That may not be the case. Our Merchant Union relies on Miss Zi Ling and Young Master Qing Ling." Beast Soul Hall only has Yan Danqing to support them. As for Lingwu Family, other than a foreign clan's Mo Xiaolang, the others do not seem to be very outstanding, so it is unknown. "

"That Mo Xiaolang, I've heard that he just entered the Great Perfection of the Heavenly Core and had not obtained the Sky Wolf Blade for too long. He's actually ranked above the young miss in terms of

Hidden Dragon Rank even after fusing with the Thunder Flame Crystal Soul for a while, truly makes me speechless."

"That's true, in this Source Spirit City, the only one who is stronger than Miss is the Yan Danqing who possesses the Primordial Beast beast spirit. This brat had entered the Great Perfection of the Heavenly Core for a period of time. This trip to the Ancient Era's Remnant is likely to be Miss' greatest resistance. "

As they were happily discussing, there were suddenly several screams of pain. Several blue-armored martial artists were sent flying. As they landed on the ground, half of their faces were swollen, screaming as they rolled on the ground.

"Who is it?" The five guests were immediately shocked. They quickly jumped up from their seats and saw that two youths were already rushing towards the cave. When they jumped up, they had already knocked over several blue-armored martial artists and were already nearing the cave's entrance.

"Kid!" This is Morning Star Merchant Union's territory! You guys barged in, could it be that you're seeking death? " One of the Guest Warriors said in a stern voice. At the same time, the five of them crazily chased after Long Chen and Mo Xiaolang.

"Five idiots. Let my brother entertain you. " Long Chen laughed, then increased his speed and rushed into the cave with a single turn of his body. However, as everyone expected, Mo Xiaolang stopped at the entrance of the cave, turned around, and looked at the guests with an indifferent expression.

"These two youngsters, they seem to be the fellows that Young Master Li Qingling described. Good lads, they actually dared to attack the younger generation of my Morning Star Merchant Union, I really don't want to live anymore. Brothers, kill this brat!"

"That's right, kill them all. Don't let them disturb Lady Violet Spirit and delay her!"

The Five Great Guest Warriors lined up in a row and rushed towards Long Chen and Mo Xiaolang. However, Mo Xiaolang was the only one to welcome them. Facing these five foreign delegates, he stuck to the entrance of the cave. There was not a single trace of fear in his expression. It was as if to him, the five foreign delegates and the five dogs were almost the same.

"Before my big brother obtained the Thunder Flame Crystal Soul, I shall accompany you to have a good time. It's been a long time since I've loosened my muscles to my heart's content; today, I'll use you guys

for a try." The true energy belonging to Great Perfection of the Heavenly Core erupted from his body. In an instant, he blocked the attacks of the five guests, allowing Long Chen to advance further.

Letting Mo Xiaolang deal with them, Long Chen was actually more at ease.

"The wolf cub said that once this girl suppresses the Thunder Flame Crystal Soul, there will be a period of time where she will be weak. Beside her is only Li Qingling, and snatching the Thunder Flame Crystal Soul from their hands is not impossible, but if I want to shine the most brightly in the Ancient Era's Remnants and obtain the position of the fairyland godly guard, I still need to take the last risk."

Wealth comes from danger. This was a principle that would never change.

At a distance of six hundred meters, Li Qingling and Li Ziling used a sprint to walk, but Long Chen used a sprint. After about ten breaths' time, he had already rushed up to three hundred meters and could no longer hear anything from the outside. Long Chen could faintly feel that the air had become even hotter. Traces of lightning intertwined with each other, and the walls of the cave seemed to be covered with a layer of faint flames.

Only after he had almost felt the aura and conversation of the two did Long Chen slow down his footsteps. After using his Innate Qi to wrap his feet, he carefully walked forward step by step. The scent of Li Ziling still lingered in the air and with that, Long Chen easily found the right path.

At this time, Long Chen had almost heard the other party's conversation.

After a while, the conversation ended. What appeared was a series of deep exhalations. He reckoned that they had already encountered Thunder Flame Crystal Soul. He carefully went over, and indeed, he saw that in a circular cave, Li Qingling was anxiously watching from the side, while Li Ziling was right in the middle of it, suppressing the legendary Thunder Flame Crystal Soul.

Chapter 239 - Seizing Precious Treasures

Long Chen's gaze was attracted to the Thunder Flame Crystal Soul.

This was a blue translucent crystal about three times the size of the raiding crystal. It looked like the enlarged version of the raiding crystal, but the aura of lightning and flames on it was countless times stronger than the raiding crystal. Countless threads of lightning and blue flames circulated and whistled

through the air in this small space. Even Li Qingling herself dared to only hide at the outermost corner, a place not too far away from Long Chen.

This kind of Thunder Flame Crystal Soul was indeed very terrifying.

If a practitioner with less than the level of Divine Pill Realm were to rush into within a hundred meter radius around it, it would be very easy for them to be killed by flames and lightning. Even in this place, Long Chen could still feel that tiny streams of flame and the threads of lightning had caused his skin to feel a little numb.

"As expected of the Thunder Flame Crystal Soul, a mystical crystal that was able to rank in the Earth body tempering technique long ago. Compared to the raiding crystal, the effect is countless times better. If this brat gets his hands on this Thunder Flame Crystal Soul, I might not even be a match for him." Long Chen was secretly shocked in his heart.

Thank goodness that stupid woman Dongfang Xuanyu told me this news, giving me the chance to see the Thunder Flame Crystal Soul. Furthermore, the wolf cub is right in front of me blocking, I must not let down his expectations.

Long Chen was hibernating secretly while these thoughts spun in his mind.

At this time, Li Ziling, who had already merged with a Thunder Flame Crystal Soul and had the power of the Large Success of her Thunder Flame Battle Body, started to forcefully suppress the Thunder Flame Crystal Soul. As long as the suppression was complete, the Thunder Flame Crystal Soul would turn into normal crystal and could be used to fuse it.

The way to suppress the Thunder Flame Crystal Soul was to use powerful Innate Qi to push the Thunder Flame Crystal Soul back into the Thunder Flame Crystal Soul, making it retract its power.

This did not require a very long time, but required a very strong Zhen Qi cultivation.

Li Ziling's cultivation was naturally not enough, but because the Power of Thunderflame was even greater than Long Chen's, she had the qualifications to suppress the Thunder Flame Crystal Soul.

But even so, it was not an easy task. In less than half a quarter of an hour, Li Ziling was already sweating profusely. Her clothes were starting to be drenched in sweat, revealing her snow-white skin vaguely. Her exquisite curves made Long Chen's mouth go dry.

"Looks like suppressing this really used up a lot of energy." Long Chen laughed in his heart. The more Li Ziling used up, the better it would be for him.

A quarter of an hour passed. With Li Ziling's desperate effort, the destructive power of the Thunder Flame Crystal Soul was being restored at a speed visible to the naked eye.

At this point, there was not much energy left outside, and only around the Thunder Flame Crystal Soul, there was still a layer of dense flame and lightning. Although it was small, the power that it possessed would be even more terrifying if it exploded.

The time was coming, Long Chen tried to calm his heart down. At this time, he glanced at Li Qingling, who was very close to him, and came to a decision.

Li Ziling was using her Innate Qi to suppress the power of the Thunder Flame Crystal Soul. When she was close to success, she was already panting, but there was still an unconcealable excitement in her eyes.

"Grandfather is right. Suppressing this Thunder Flame Crystal Soul is able to make my Zhen Qi more condensed and improve my control over it. "I'm only missing this tiny bit now." He watched as the lightning and flames around the Thunder Flame Crystal Soul gradually shrank. Li Ziling held his breath, waiting for the successful moment.

"Done." Li Ziling's exquisite face revealed a smile that could move one's soul.

Finally, she succeeded in suppressing the Thunder Flame Crystal Soul. At this time, she was so tired that her face was pale and she was almost falling down. However, she was very excited.

This suppression not only boosted her strength, but also gave her younger brother an additional bargaining chip. With this Thunder Flame Crystal Soul, Li Qingling would definitely be able to shine.

"Elder sister, you succeeded?" Li Qingling revealed a surprised look.

Now, the flames and lightning around him had disappeared. The Thunder Flame Crystal Soul that was previously very violent was now lying quietly on Li Ziling's fair and slender, jade-like palm.

"En, your skills are not as good as someone who thinks so. You've finally succeeded, Qing Ling." Li Ziling's face was a little tired. She was smiling as she looked at her brother, but right at that moment, a red figure suddenly pounced at Li Qingling!

This was far beyond their expectations.

Because there were five Guest Warriors guarding outside, both of them did not expect that someone would be able to enter inside. Furthermore, they had just suppressed their Thunder Flame Crystal Soul, and their moods were very excited just as they were about to relax. Long Chen's appearance and the sudden explosive attack were really too unexpected for them.

This kind of explosive attack, which was so close yet unexpected, left Li Qingling with no time to react. In his desperation, he could only send out a loud punch, and immediately, a surging fist imprint whistled towards Long Chen!

However, how could such a simple move block the Long Chen who had been accumulating power for a long time?

"Azure Dragon Battle Method, broken yellow spring!"

With a sudden explosion, the green dragon halberd turned into a Divine Dragon and instantly shattered Li Qingling's fist. After that, it chopped straight at Li Qingling's shoulder with the halberd.

"Who is it!?" "You're courting death!" At this time, Li Ziling had just noticed Long Chen's appearance, but Long Chen had already used a sneak attack to subdue him. When Li Ziling was about to react, Long Chen had already put away his green dragon halberd, and the claws of the Dragon Soul Transformation skill had already wrapped around Li Qingling's neck. Those sharp and long claws were without question, and as long as Long Chen wanted, he could kill Li Qingling easily.

"Little girl, if you want him to live, you better relax," Long Chen said as he placed Li Qingling in front of him and laughed shamelessly. However, he was now in the form of a Dragon Soul Transformation. His smile was somewhat sinister.

"Who are you?" In the blink of an eye, Li Qingling had landed in the other party's hands. Li Ziling was greatly alarmed, but Long Chen's sharp claws forced her to choose to quieten down. He was stabilizing his heart.

"No matter who you are, you dare to kidnap the people of my Morning Star Merchant Union. You are destined to die. Li Ziling said coldly, his eyes staring straight at Long Chen.

"You're really quite spicy. Not bad, you're my type." Long Chen wasn't scared by her in the slightest. He laughed heartily for a while before continuing, "Alright, you've already grown up so much, don't be so naive. It is impossible for me to do such a risky and unflattering thing. I only have one small request, give me the Thunder Flame Crystal Soul in your hands, and I will leave immediately.

"And if I refuse?" The other party's goal was indeed the Thunder Flame Crystal Soul, that was not within Li Ziling's expectations. Seeing his own brother trembling in the opponent's hands, blood still flowed from the corner of his mouth even though he was heavily injured. This made Li Ziling, who doted on her brother since she was young, to twitch.

"If you don't agree, then I won't take his life. I can give you ten breaths of time, and when I start counting, I'll take a piece of meat off him. I want to see if you can't hold it in first, or if I can't do anything about it." First time, where should I choose? Un, alright, let's take that fellow who passed down his legacy. This thing has too little meat, so losing it would not be too much of a problem for the body. "

"Bastard!" Don't force me! Do you think it's easy to bully someone who belongs to my Morning Star Merchant Union? " Li Ziling was shocked, and said while gnashing his teeth.

I suggest that you better not give me any nonsense, and don't use Morning Star Merchant Union to scare me. I dare to stand here today, I dare to break his little toy, then I will show you that I have no fear, you have to test the authenticity of my words, alright, I can let this brat not have the chance to enjoy the taste of a woman in his next life, haha! "

"Sister, save me! Save me! I don't want that Thunder Flame Crystal Soul! "Save me!" To Li Qingling, this was something extremely terrifying. Therefore, when Long Chen's claws had already moved to his crotch, his face was filled with misery, and hot tears rolled down his face. He almost cried for his father to call him mother.

The cold and gloomy aura behind him, along with the bloodlust and killing intent, made Li Qingling not dare to doubt what Long Chen had said at all.

"You!" Li Ziling's face turned purple, showing how angry she was in her heart. This Thunder Flame Crystal Soul was a gift she had prepared for her brother, and had even spent so much effort. Suppressing the Thunder Flame Crystal Soul had almost exhausted all of her true energy, and now she was actually giving her hands up to someone else. How could she be willing?

However, with Long Chen's methods, she had to be willing even if he was not. Her father was his only son. If his brother disappeared, then her family would have no descendants. In this way, she would become a sinner of the family.

"Alright, I promise you!" Li Ziling said as he gnashed his teeth.

"You're really obedient. Good child, you should have done this long ago. Big brother loves obedient girls the most. Quickly throw them over." Long Chen laughed sinisterly.

Li Ziling didn't do as he said. She swung her hand, and directly threw the Thunder Flame Crystal Soul out of the cave. The Thunder Flame Soul instantly passed Long Chen and smashed into the mountain wall behind him.

This way, Long Chen would snatch the Thunder Flame Crystal Soul.

"Throw it away then throw it away, and you're still trying to fool me." Long Chen chuckled, and let go of Li Qingling. With a move of her feet, she activated the True Dragon Nine Flashes movement technique, allowing him to instantly reach the Thunder Flame Crystal Soul, then quickly take it off and put it into her Qiankun bag. By the time she had completed all of these, Li Ziling was already charging towards him!

This was the reason why she did not toss the Thunder Flame Crystal Soul directly to Long Chen.

"Brat, go and die!" Using his little remaining Innate Qi and his Level Three Thunder Flame Battle Body, Li Ziling unleashed a punch. Although she was already at the end of her strength, this punch was still extraordinary.

"It's futile." The green dragon halberd instantly appeared in Long Chen's hands. As Long Chen quickly danced, a huge attack suddenly smashed towards Li Ziling!

"Azure Dragon Battle Method, broken yellow spring, Azur!"

The two consecutive moves directly sent the tired Li Ziling flying. As a result, Long Chen laughed out loud and rushed out, quickly escaping Li Ziling's field of vision.

"Bastard!" Despicable person! When my Zhen Qi is almost exhausted, if it wasn't for that! Even if there were ten of you, you would still not be my match! " In Li Ziling's heart, he had never been so angry before. Suddenly, she remembered something.

"The thing he used, was a green dragon halberd? He is Long Chen? "

Chapter 240 - Half-way Assassination

When Li Ziling had finished suppressing the Thunder Flame Crystal Soul, she knew that she did not have much power. If she was truly ruthless, Long Chen might even be able to kill her. It was just that if he killed Li Ziling before the battles in the Ancient Era's Remnants, it would definitely cause a counterattack from the Morning Star Merchant Union, which was why Long Chen did not touch her.

Furthermore, Long Chen wouldn't be able to kill such a delicate beauty.

To be able to obtain the Thunder Flame Crystal Soul this time, he had already accomplished his goal and was already satisfied. As for whether or not Li Ziling recognized his identity, he did not care at all. Not to mention Li Xuanji's deterrence, Long Chen was now part of the power of the Lingwu Family, so the Lingwu Family would definitely protect him.

However, Long Chen did not plan to return to the Lingwu Family for the remaining half a month. He had a more suitable place to go. To fuse with a Thunder Flame Crystal Soul there, it was more appropriate to raise one's fighting strength.

The most important thing right now was to escape. Mo Xiaolang was still unaware of the situation outside. The two people behind him could not even catch up to him, so Long Chen increased his speed.

When he was about to rush out of the mining cave, Long Chen had already heard the series of screams coming from outside. He rushed out and saw that the blue-armored martial artist had already fallen to the ground. The rest of the martial artists' faces were full of fear, all of them staring at the frenzied youth in the middle.

"The five great foreign delegates were actually beaten down by Little Wolf to the point that two of them fell down!" Long Chen was shocked, because he saw that there were only three great Great Perfection of the Heavenly Core s fighting fiercely around Mo Xiaolang. The remaining two were all under the protection of the blue-armored warriors, recuperating from their injuries.

Long Chen took about half an hour to finish off the Thunder Flame Crystal Soul s, and Mo Xiaolang fought with them for a full half an hour. It was clear how powerful he had become.

"Little Wolf, the wind is tight, pull!" Long Chen laughed and rushed out of the cave. They headed outside.

His speed was much faster than his opponent's. Now, with a flash, his entire body shot towards Long Chen at a speed so fast that it was almost impossible to see with the naked eye. It was most likely the Phantom God's Walk that Yin Mengyao had mentioned before!

Rushing to Long Chen's side, Mo Xiaolang asked excitedly: "Big Brother, did you succeed?"

From his body, Long Chen could see that after such a long battle, he was also a little tired. After all, he was facing five experts of the same level. This was not an easy task.

"When I left, of course things would be done properly, but Little Wolf, I really have to thank you this time, without you, it would be impossible for me to obtain this Thunder Flame Crystal Soul!" Long Chen said sincerely.

"Big brother, don't say that. We are brothers. We should fight side by side." Mo Xiaolang began to laugh mischievously. His smile contained some foolishness and shyness.

"What he said was too damn good!" There's no time to lose, let's run! "

At this time, Li Ziling and the others had already caught up with them, and the five foreign delegates and the others all knew that Long Chen had snatched away their Thunder Flame Crystal Soul.

It was a pity that Long Chen and Mo Xiaolang's speed were both extremely fast, and the most powerful of them all, Li Ziling, had used up all of their Innate Qi, so she could only watch as Long Chen and Yue Yang left in a cloud of dust.

"Damn it!" Li Ziling raised her fist and directly smashed a huge boulder beside him!

"Keep chasing!" I must skin them alive! "

"Big Bro, it's really exciting this time!" Having escaped danger, Mo Xiaolang chuckled.

"If you follow me, excitement is a must." Long Chen was also very happy. Thinking back to when they met in the Bai Yang Town, due to the difference in strength, Long Chen looked up to Mo Xiaolang, but now that their strength was close, he felt that it was much better.

At this time, they had already rushed out of Thunderfire Mountain Range, heading towards the direction of Thunderfire Town. Long Chen's mood had also become a lot more relaxed.

A small valley entrance appeared in front of them. As long as they passed through this valley entrance, they would be at Thunderflame Town.

Just as Long Chen was about to rush through the valley entrance, a huge rock suddenly smashed down from above the valley with a loud bang.

"Wolf, dodge!" In that moment of emergency, Long Chen could only separate from Mo Xiaolang and move to the side. The boulder brushed past their shoulders and smashed into the ground, causing sand and dust to fly everywhere!

Long Chen's heart tightened. He knew that someone had attacked him, and before he could even think about who it was, he had used the Dragonsoul Transformation in his rush!

The perfect blood-red scales instantly wrapped around his body, and sharp red bone spikes shot out!

"Who?" In the midst of the smoke and dust, Long Chen felt a black figure charge towards him. In a moment of desperation, Long Chen hurriedly retreated, and only then did he dodge the person's attack.

At this moment, dust fell to the ground, and Long Chen finally saw the situation.

It turned out that two black-clothed men had intercepted them. After separating him and Mo Xiaolang with the boulder, one of them started to attack Mo Xiaolang crazily while the other one started to attack Long Chen!

"Assassination?" Long Chen squinted his eyes, his head was spinning very fast. In this Thunder Fire Town, his only enemy was Morning Star Merchant Union, it was impossible for Morning Star Merchant Union to send people here to assassinate him so quickly, which means to say, this person came here from Source Spirit City, and the only one who knew that Long Chen had returned to Thunder Fire Town, was Dongfang Xuanyu!

"Did Dongfang Xuanyu send you guys?" Long Chen did not fight the assassin in the beginning, but instead, he dodged his opponent's attack.

The moment Long Chen said this, the other party's body trembled, but did not say a word, and continued to attack. However, from their reactions, Long Chen already knew the truth.

From the way they attacked, Long Chen guessed that they were Great Perfection of the Heavenly Core warriors. Amongst the Lingwu Family s, there were only so many Great Perfection of the Heavenly Core. Long Chen scanned them over and over, and then looked at their bodies, and roughly understood them.

"Chu Tianxiong, Jin Luan, do you think that I can't recognize you two just because you are wearing a turtle's shell? Aren't you guys too naive? " During the battle, Long Chen suddenly laughed out loud.

"Long Chen, I have to say, you are indeed very clever. At this time, the black-clothed man who was dealing with Long Chen finally spoke. It was not out of Long Chen's expectations, it was Chu Tianxiong, but was.

Having his identity exposed, Chu Tianxiong did not hold back or panic. Instead, he attacked even more fiercely. The Chu Family's battle skill, when displayed with his Great Perfection of the Heavenly Core and true energy, was many times stronger than Chu Yunxi!

"Brother Chu, quickly get rid of Long Chen!" At this time, Jin Luan let out a somewhat miserable voice. He had underestimated Mo Xiaolang's strength, so from the start, he was suppressed and beaten by Mo Xiaolang. Only if Chu Tianxiong followed his plan and killed Long Chen immediately, and then helped him again, would he be able to escape from Mo Xiaolang's grasp!

This plan was a good one, but he did not know if Chu Tianxiong could kill Long Chen within that period of time.

Long Chen was able to see through their plans with a glance. At this moment, he circulated his True Qi for the first time and truly fought with Chu Tianxiong, and the green dragon halberd immediately appeared in his hands and slashed towards Chu Tianxiong. A dragon image suddenly appeared, carrying a huge amount of power.

"green dragon halberd? It was indeed extraordinary! But Long Chen, you killed my grandson Yun Xi, so no matter what, today, you will pay with your life for them! " Although his face was covered by a black cloth, Long Chen knew that Chu Tianxiong's face must have turned green.

"wind-swept finger!" The strong wind howled, and a finger mark struck towards Long Chen's green dragon halberd!

Chu Tianxiong was indeed worthy of being called a Great Clan Elder from a large clan of outsiders. This wind-swept finger had clearly been immersed in this for many years already.

"You want to kill me at this level?" Long Chen sneered. He could even defeat Dongfang Xuanyu who had previously cultivated in the Earth Tier Battle Skills.

The halberd turned, transforming into a draconic shadow once again, it pierced towards Chu Tianxiong with a loud bang!

"Azure Dragon Battle Method, Azur!"

One move of the Azur, compared to the broken yellow spring, was much more resilient, and Chu Tianxiong had already used the wind-swept finger before, so right now, he was at his wit's end. Seeing Long Chen's killing move quickly approaching him, Chu Tianxiong squinted his eyes coldly!

"No wonder Sir Xuan Yu said that I'm no longer his match. So that's the case. This time, Sir Xuan Yu has brought me this item. It seems like I'm going to have a use for it!" When Long Chen used the Azur, Chu Tianxiong was not panicking at all. He burst forth with his full speed and shot backwards, after that, several things already appeared in his hands.

These were a few talisman papers. Underneath the yellow talisman, there were some red characters engraved on them. If one looked closely, they would be able to see that these characters were actually burning with flames!

"Scarlet Flame Symbol?" After staying in the Lingwu Family for a while, Long Chen had already recognized the object. The value of Scarlet Flame Symbol was much higher than Lightning Symbol. Below Scarlet Flame Symbol, there was also another type of flame talisman, and it was only on the same level as Lightning Symbol.

At this time, several pieces of Scarlet Flame Symbol appeared in Chu Tianxiong's hands. The overlapping power of these Scarlet Flame Symbol was definitely not as simple as one plus one, so when Chu Tianxiong took this out, he was shocked!

Last time, he suffered because of Chu Yunxi's Lightning Symbol, and his entire body was almost turned into black charcoal. Long Chen remembered that the Lightning Symbol was given to him by Dongfang Tianyu, and now, these Scarlet Flame Symbol must have been given to him by Dongfang Xuanyu!

Thinking to this point, Long Chen was truly a little speechless. The same thing happened to him yet again, but he actually wasn't prepared for it. Dongfang Xuanyu knew of his strength, yet he still sent Chu Tianxiong and the other two over to die.

Furthermore, the last time Long Chen beat her up, she definitely did not have this Scarlet Flame Symbol on her. Now, this Scarlet Flame Symbol was definitely something Dongfang Xuanyu had specially prepared to kill Long Chen!

"Die!" Chu Tianxiong's face turned crazy!
