

War God 2321

Chapter 2321 - Sky Eye Attacking Heart Poison

Then, what exactly is the 'Heaven's Eye Heart Attacking Poison'?

According to Chen Xingyao, that meant he should not look at Liu Ji's dancing skills. Although she currently possessed an irresistible beauty, Long Chen could still pretend to stare at this woman. In reality, his attention was not on her at all.

The Sea Divine Emperor and Liu Ji should be working together to deal with Long Chen.

Time slowly passed.

In truth, at this time, Liu Ji still had not really begun to take action. All the dancing she had done so far should have been for the foreplay, her goal was obviously to lure Long Chen into the trap gradually.

There shouldn't be a single thread inside. As her waist and arms twisted and danced, a hint of flesh fluttered on the stage, and her black hair also danced like a black phantom. Every movement of hers had a fatal attraction.

For any man, this attraction might be fatal.

Although the Sea Divine Emperor had long enjoyed her perfection, looking at it now, he still felt that it was impossible to resist. He watched until Liu Ji glared at him. Then he smiled and observed Long Chen's actions.

Long Chen was currently intoxicated, his expression sluggish. His eyes anxiously stared at Liu Ji's beautiful dance without even blinking once, as if he had been expecting something similar from the Sea God Realm. It seemed that he had been completely attracted by Liu Ji.

"Young man, his blood and energy are surging, a peerless beauty like Liu Ji, to him, is probably many times more attractive than his own woman. I saw Liu Ji as a weapon, and this time I did the right thing. "

Seeing Long Chen's actions, he knew that he had already taken the bait.

"It's time to start."

When he thought here, he slightly nodded his head towards Liu Ji, indicating that he could begin. In reality, Liu Ji's dancing posture was a kind of poison, a type of enticing and enchanting poison. It was because of this poison's release that her dancing posture was so captivating and perfect in the eyes of all the surrounding men.

Of course, this poison wasn't fatal, but it could paralyze Long Chen, immersing him in an illusory realm, and provide a prerequisite for Liu Ji to use the Sky Eye Attack Heart Poison.

At the reminder of the Sea Divine Emperor, Liu Ji nodded her head in acknowledgement. Her dancing posture instantly increased by several times, and a black Qi emanated from his body, turning into numerous slender illusions. The most surprising thing was her eyes, which had now turned into a black liquid.

Perhaps to those men who had already been seduced by her dancing in front of them, these were not black qi, but beautiful figures.

Long Chen could already feel that the Sky Eye Slaughtering Heart Poison was approaching him.

Of course, he did not let Liu Ji succeed in hallucinating him. Everything was based on his own guesses, and adding on what he had guessed from the performance of the Sea Divine Emperor, he did not stare at Liu Ji. Moreover, he had fully prepared himself to resist the Sea Divine Emperor's probing attack.

The black, strange mist pervaded towards Long Chen and gathered in his eyes, as if it wanted to enter his eyes.

This black aura, transformed into two huge snakes, slithered in front of Long Chen's eyes.

They would immediately rush into Long Chen's eyes and attack his heart, completely disturbing his will, making him be controlled by Liu Ji. That way, Sea Divine Emperor could easily find out all the secrets in the depths of his heart.

Long Chen was a mysterious guy who suddenly appeared. He had many secrets, and should be of interest to everyone, including the matter of what kind of Divine Dragon's Inherited Blood did he inherit.

"Go, Sky Eye Attack Heart Poison."

Under the control of Liu Ji's graceful movements, the black mist turned into two large snakes that instantly started charging towards Long Chen. Now that things had gotten to this point, Divine Emperor Hai was extremely at ease as Liu Ji's strength was already much stronger than Long Chen's.

What he did not expect was that Long Chen was not tempted at all.

Liu Ji's charm was indeed the best in the world, but Long Chen did not even bother to look at it. Under the situation where he had shut off his senses, it would be difficult for the other party to succeed.

"What the hell!"

He pretended to have suddenly discovered, and looked very surprised. Just as his eyes were about to be invaded, he used a space-time reversal sacred art to move the terrifying Sky Eye Attacking Heart Poison back, and even returned to its dissipated state. And at this moment, Long Chen immediately stood up from his seat!

The success was right in front of their eyes and everything was within their grasp. How could there be a mistake at the last moment? From the looks of it, he seemed to have awakened under the protection of something.

"What's going on!"

Long Chen knew that they could only confuse him in secret. In an open and aboveboard situation, they were still afraid of the fifteen Dragon Emperors and humans, and wouldn't directly interrogate him. So now that Long Chen had woken up, it meant that their plan had failed.

The reason was no longer important.

Sea Divine Emperor immediately laughed, "What's wrong? Such a beautiful dance, after it's over, you still won't be willing to part with it? "

At this time, Liu Ji had already finished jumping. She leisurely left and her willowy figure quickly disappeared from their sight, not stopping for even a second. However, even if this woman had a view of her back, it was enough to make people go crazy for her.

"Just now?" Something seems to have happened. "

Long Chen asked suspiciously.

Of course, this was all an act.

At that time, she was still a little girl and I had the same feeling at that time. After everything was over, I stood up abruptly, and from her dance posture, I returned to reality. I even seemed to have seen a fantasy.

"Is that so?"

Long Chen still looked uncertain.

His voice was slightly cold as he said, "Senior Sea Divine Emperor, this time, this junior has come with a sincere heart to seek cooperation with the Sea Clan. If senior is not in the mood to cooperate, I hope you can tell me sooner so that I can leave first. "Otherwise, how would I know if something bad would happen if I stayed here?"

As he spoke, he stared at the Sea Divine Emperor.

Since the fifteen Dragon Emperor s have given us face, we naturally will not give this opportunity away for nothing. You can stay in Hanhai City peacefully, and with the Ocean Sacrifice ceremony in the next few days, we can announce the news of the alliance of our Sea Clan and your human race with the world. "

If it was said that Long Chen had directly chased him away after giving him such a huge gift, then if word of this got out, it would definitely be a joke. The Sea Divine Emperor obviously didn't want such a thing to happen, hence he used these words to first stabilize Long Chen.

"If that's the case, then that's for the best. It must be said today, Senior Liu Ji's dancing skills are exceptionally beautiful. No one in the world can compare to her, and being able to enjoy such a beautiful dance is an honor for me, Long Chen. Many thanks to Senior Hai Divine Emperor for your invitation, I have truly broadened my horizons. "

Long Chen did not pursue the matter just now, and started to praise Liu Ji.

When the Sea Divine Emperor saw what had just happened, he was not sure what had happened. He let out a breath of relief and said with a smile on his face, "Of course, Liu Ji's position in the Sea Clan is only second to the six Ocean Emperors. It is the fortune of our Sea Clan that she has such charisma. "

With a few more words, Long Chen left. With Chen Xing Yao welcoming him, he walked back.

Only after Long Chen left did Liu Ji walk out of the darkness. She twisted her water snake waist and walked to the front of the Ocean Divine Emperor, saying in a tender voice, "I feel that he is a little unbelievable. If he can wake up at this point, it means that there is something in his body that reminds him. Or rather, he is very smart, knowing that we will deal with him this time around, it is because of my dance that he didn't even look at me. "

"It should be the latter. This kid is very scheming. Since he has such a big suspicion, then from another point of view, it shows that he has a secret." He does not wish to be exposed, so he is exceptionally cautious. This secret might be the reason for him coming here. "

This was a confrontation, and Long Chen actually defeated the combined forces of the Sea Divine Emperor and Liu Ji in their plans. It was already very unbelievable.

"Even I failed you, do you have a better way? Either find an excuse to cripple him or kill him? An alliance does not bring us much benefit. On the contrary, this child is currently in our Sea God's Domain and we need to rest in peace for a day. "

Liu Ji's eyes were sinister as she spoke.

"Didn't you want to have a taste of this little fellow?" The Sea Divine Emperor joked.

Liu Ji glared at him and said angrily: "If you don't want to be in a passive state, then prepare yourself. This brat is difficult to deal with and is even more difficult to deal with than Dragon God Domain. You must not be careless in order to avoid bringing the Sea God Realm into an irrecoverable situation. "

There was no need for Liu Ji to remind him of this.

"I will discuss it with the other Ocean Emperor."

Just as they were talking, Long Chen was also talking to Chen Xingyao.

"Thank you for what you did just now." "You saved me."

Long Chen said with sincerity.

If not for Chen Xingyao's reminder, under the strict control of his opponent, he might really have been injured.

Chen Xingyao smiled faintly and said, "We are all human beings, you are welcome."

"Comrades?"

This sentence made Long Chen completely approve of him. With the fifteen Dragon Emperor s as the core, they were waiting for Long Chen to become the new only core.

Fellow brothers, we shall fight together in life and death together.

"Black Hell Emperor is already dead, the fifteen Dragon Emperor will not blame you. If you have the heart to return to the human race, I might be able to think of a way to bring you back."

Chapter 2322 - Bones

After Long Chen said this, Chen Xingyao suddenly stopped. His eyes trembled a little, and repeated: "Are you going back?"

It could be seen that this term was very heavy for him. After all, he had already lived in the Sea race for many years and was used to this place.

Moreover, he was already married and had a wife here.

Originally, Long Chen would not have said such words to him, but today, he reminded himself that he avoided a calamity. After that, he looked at Liu Ji, and with his ability to judge others, he could easily see

that Chen Xingyao and Liu Ji were two different people. Right now, Chen Xingyao's personality could be considered as one that was not in conflict with the world. It was completely unrelated to Liu Ji's wildness, charm, insidiousness, and other abilities.

Chen Xingyao suddenly smiled faintly and said, "I won't go back." To me, the Dragon God Domain doesn't hold the slightest bit of nostalgia, and the person that I once loved is no longer in this world. I plan to make a breakthrough in my Nine Palace Calamity in the future. If I can't do it, then forget it, I will just do it for the rest of my life. "

"Someone you once loved?"

When Chen Xingyao said these words, his eyes were at a loss, there was a deep pain and longing in them. It was only at this moment that Long Chen finally saw his true feelings. From these expressions and words, it can be seen that although he is from the Sea Clan, his heart is not from the Sea Clan.

Chen Xingyao suddenly changed the topic and said, "Long Chen, you think that I am the last link in today's plan between the Sea Divine Emperor and Liu Ji, right? Let me tell you how to block Liu Ji's bewitching poison and obtain your trust. After that, I can rely on it to find out your true purpose in coming to the Sea God Realm, right? "

Of course, Long Chen had this thought, it was very normal. If Chen Xingyao was actually still a member of the Sea Divine Emperor, then now that Long Chen had trusted him and told him his goal, then the Sea Divine Emperor's goal could be easily accomplished. Although it was a little roundabout, this was a truly brilliant plan.

Even before Chen Xingyao had said it out, Long Chen still did not believe him.

"Don't worry, I won't ask you about this. You don't need to answer me. These things aren't important to me. The current me only hopes that we can continue to live peacefully like this. " Chen Xingyao smiled faintly.

"You really don't want to go back?"

Long Chen asked again.

"It's not that I don't want to, it's that there's no meaning!"

"How do you know there are no secrets before you go back?"

Long Chen asked again.

Chen Xingyao turned back to look at him and bitterly smiled, saying, "Everyone has their own destiny and destiny. Not everyone can do what you want to do. My life has lost its meaning, so it's the same everywhere. Don't ever mention it to me again. I'll send you back. "

Long Chen followed behind him and thought for a while.

"Brother Chen, this person is a good person. He must have had a lot of troubles combining with that annoying woman. My guess is that he definitely did not wish to do it. Didn't you say that the relationship between the Sea Divine Emperor and Liu Ji was a little strange? As for the fact that the Ocean Divine Emperor and Xiao Yao are husband and wife, could they be his marriage to Liu Ji, a method to cover up the relationship between the Sea Divine Emperor and Liu Ji? "

Long Chen was immediately speechless.

To be honest, he would never have thought of this.

It could only be said that a woman's ability to reason in this kind of matter was shocking to the world. Although it sounded very mysterious, but after carefully thinking about it, it seemed that it really was the case, a hero loving a beauty and not another hero. Perhaps to the Divine Emperor, the other Ocean Emperor did not attract too much attention.

Thinking about it here, Long Chen suddenly said to Chen Xingyao in front of him, "It seems that the relationship between the Sea Divine Emperor and Liu Ji is different. You don't like this woman at all, right?"

It was quite bold to say so.

He was finally confirming whether or not Chen Xingyao would believe him.

When he heard these words, Chen Xingyao suddenly stopped in his tracks, and suddenly turned his head, and stared at Long Chen with widened eyes. His eyes flickered with an unknown light, until he

finally shook his head and said: "Your observation skills are profound, and you are extremely clever, and I am unable to hide it from you. Not many people know about their relationship these days. We still love each other in front of outsiders, so you have to keep this a secret. He didn't want to get himself killed. Emperor Xi Yao's jealousy is extremely strong, she would kill without blinking an eye, if this secret were to be leaked, it will definitely cause a storm of blood and blood amongst the Sea Clan. "

"Oh!"

Long Chen could roughly confirm it.

At this time, he was still thinking for himself, testing whether a person was truly trustworthy or not, that was all. If Chen Xingyao was only pretending, then Long Chen could only say that he was too good at acting.

"Strange, if you don't love her, why do you insist on staying here? It's not necessary. Dragon God Domain also needs an expert like you. "

Chen Xingyao was slightly agitated. He shook his head and said, "Don't talk about these things. I'll send you back."

Everyone had their own secrets. If it was too much of a violation, it would make people feel very uncomfortable. After all, it might be some sad memories.

Long Chen pondered for a moment before replying, "I've come to the Sea God Realm to accomplish an important task which requires your help."

He finally chose to believe Chen Xingyao, and admitted the truth of the matter. Before now, he hadn't revealed a single thing.

This caused Chen Xingyao to be astonished. He said, "For such a big matter, how can you choose to trust me? I have lived in the Sea race for thousands of years. Aren't you afraid that I will still serve the Sea Clan? "

Long Chen smiled faintly, and said: "I believe in my own intuition, belief in the backbone of the Divine Dragon's descendant, the Dragon Fighter."

"Bone energy, bone energy!"

After that, he stared at Long Chen with his burning gaze and said: "Alright, just based on those words, even if I have to sacrifice this old life of mine, I am still willing."

Long Chen was not being hypocritical, as he said directly: "I want to go to the side of the Causative Holy Stone, I want to get close to it. What method do you have to help me?"

"The Causative Holy Stone?" Chen Xingyao was startled for a moment, and then shook his head, "As expected, it's not a matter of concern. Of course, if it weren't for you, you wouldn't have come here personally. Only the demigod body of the Sea race warriors are qualified to enter that area. Although I have this strength, I have not been recognized by the Sea race, so I am not qualified to enter. Furthermore, the closer we get to the Causality Sacred Stone, the more guards with the body of a demigod are guarding us. If I, an outsider, were to approach you, they would think that I am desecrating and desecrating you.

If the difficulty was not too high, Long Chen would not need his help.

"Don't you have a way? There are still more than ten days until we can plan things out in detail. "

Chen Xingyao nodded. "Since I've already promised you, I'll naturally think of a way. However, this time I'm sending you back, so if you delay it too long and people see, it will inevitably arouse suspicion. I'll first go back and think of a way to get you a reply within a few days, then I'll use my Star Talisman to contact you."

"Alright."

To be able to get his help, Long Chen was already extremely grateful.

After returning to his residence, Chen Xingyao left first.

After a while, Chen Xingyao sent a message using an Star Talisman, saying, "Within today, you will enter my Divine Kingdom and be preparing for the Rites of the Ocean Sacrifice. I believe the guards will relax a little, and I'll see if I can sneak in directly. Although it's risky, I'm still very famous in the Sea race.

"In that case, thank you very much."

Chen Xingyao paused for a moment before continuing, "The Three Lives Holy Stone, the Causative Holy Stone, has existed for tens of millions of years. It is the holy land of the Sea God's clan members and should be guarded over it for tens of millions of years.

"Don't worry, it definitely isn't." Long Chen said.

After cutting off the connection, Long Chen began to patiently wait. Whether he would succeed or not, it all depended on Chen Xingyao's actions in the next few days. Luckily, he met Chen Xingyao this time. With his help, he wouldn't even know where the Causality Holy Stone was.

There were many martial artists with a body of a demigod guarding them, let alone how they could enter.

The Magic Blue Palace.

At this time, Liu Ji still hadn't returned, but he was sitting beside the black ocean with his eyes closed in meditation. After a while, he heard the sound of water and opened his eyes, only to see Liu Ji's face blushing red as she arrived in front of him with light footsteps. She was extremely lazy, probably because she had just fought a great battle with the Sea Divine Emperor.

"Bring it here."

Liu Ji stretched out her hand.

Chen Xingyao quickly took out thousands of blue crystals. Liu Ji's movements were very quick as she directly took them. Only after discovering that all of them were high quality Aquamarine did she feel satisfied. She glared at Chen Xingyao and said, "Scram."

Chen Xingyao said, "This year's mission has already been completed. If you don't help her, she won't be able to make it to the Rites of the Seas."

Liu Ji giggled and said, "You really are an infatuated seed. Alright, I'm very satisfied with your performance this year. Open that disgusting God Kingdom of yours!"

Chen Xingyao's face was filled with gratitude.

An hour later, Liu Ji came out from the Divine Kingdom, sweat dripping down her forehead. She impatiently said, "Such an ugly woman, is she worth you giving so much for her?"

Chen Xingyao smiled with a hint of contentment and gratification, "In my heart, she is the most beautiful woman in the world."

"More beautiful than me?" Liu Ji raised her eyebrows as she asked.

Chen Xingyao did not dare to reply.

She looked at him with an extremely enticing gaze as she said: "Husband, no matter what, we have still paid our respects. We have been together for thousands of years, but I have not let you touch it. Since you have performed so well this year, we will reward you one more time tonight."

Chen Xingyao said, "Forget it, you just want to prove how much I love a woman. In fact, I'm just a lower half animal that can't resist your beauty. We'll each take what we need. I admit that you are the most attractive woman in the world, but just take me, Chen Xingyao, as a dead person. I've already died, so I like things different from ordinary people.

Chapter 2323 - Forbidden Area

On the second day, Long Chen was already prepared, and was waiting for Chen Xingyao's arrival.

Today, Chen Xingyao was going to bring him to the location of the Causality Holy Stone.

"I hope it succeeds in one go." He thought like this in his heart, but there were too many good things to do. If he was unable to succeed this time, as long as he did not lose anything, he would not be discouraged. The six great Ocean Emperors have guarded the Causality Saint Stone for so many years but they have not obtained anything.

Therefore, Long Chen was not in a rush.

He even felt that if it wasn't for the Divine General, Demon Star and the others, he could have waited for him to become stronger and come back to the Sea Clan.

As expected, Chen Xingyao had come as planned.

It was just that today, he seemed somewhat tired and listless.

"Not feeling well?" Long Chen asked.

This was more of a type of exhaustion and despair in his heart. He seemed very depressed, so he could not help but ask.

Chen Xingyao shook his head. "It's fine. We'll start making preparations now. I'll take you to see the Three Lives Holy Stone and the Causality Holy Stone. It's possible that we'll be discovered. We'll need to face it together."

"No problem." Thank you very much. If you want to return to Dragon God Domain, you are welcome to come anytime. This is what the three Dragon Emperor s of the Swallowing Dragon City told me. They knew that you were here to help me. "

"Three Dragon Emperor s!"

Chen Xingyao's face finally broke into a smile, but that smile soon disappeared. He nodded and said, "Okay, I will think it through."

Following that, according to their agreement, Long Chen would enter his Divine Kingdom and let him bring him towards the location of the Causality Holy Stone.

"Time to go."

After a while, Chen Xingyao left, but no one knew that he had also brought Long Chen away.

Chen Xingyao's Divine Kingdom was an oasis, lush and verdant with beautiful flowers. The scenery was as beautiful as a painting. Long Chen did not walk around, in case he touched someone's privacy. He sat cross-legged in the oasis and waited for time to pass by.

Roughly a quarter of an hour before Chen Xingyao left Long Chen's place, Long Chen suddenly opened his eyes. He discovered a weak Qi in the Divine Kingdom, which seemed to be on the verge of death, lingering on and on.

There was still a sliver of life left. He estimated that he could hold on for a long time, so he asked, "Senior Chen, there seems to be someone in your Divine Kingdom that is injured. Do you need my help?"

When Chen Xingyao heard this, he immediately stopped and said, "Maybe you are mistaken. How is that possible? The place you need to go to is the Sea Clan's' Forbidden Area '. You need to first pass through a big door, and there are quite a few Seven Star tribulation of reincarnation guards at the door, so we need to first convince them to let us in. "No, it's to let me in."

Since he was unwilling to let Long Chen understand, then there was nothing Long Chen could do about it. To him, the inherited blood essence of a God way's Heart Refining Dragon was the most important thing, so he had already shifted his attention to the outside of the God Kingdom.

All of the colored seas were forbidden zones for him, and only those with the body of a half god or higher from the Sea Clan would be able to enter. Although these Seven Star tribulation of reincarnation martial practitioners in front of him were all guards, they had never entered this forbidden zone before.

They had the same fearsome appearance and aura as the demon race, and were even more ferocious. Among them, there was an octopus with eight tentacles, covered with lumps, and blue circles on its body. This was a race of the sea race called the Blue Ring Octopus.

There was an intrinsic difference between a Black Hades Beast and a Black Hades Beast.

Upon seeing Chen Xing, they all took human form and rushed forward.

A total of more than ten people surrounded Chen Xing.

"Chen Xingyao, what are you doing in the forbidden area? Although you are a demigod body expert, you are not of our Sea Clan and do not have the qualifications to enter the forbidden area. Scram for us right now."

"That's right. Go back to your Magic Blue Palace and obediently wait there. This isn't a place you should be, pretty boy!"

The marriage between Chen Xingyao and Liu Ji had left everyone in shock. No one would have thought that the most beautiful woman in the Sea Clan would marry an outsider. Although thousands of years had passed, the men of the sea race were still unable to get over it.

They still respected and were obsessed with Liu Ji, but that did not mean that they would treat Chen Xingyao the same way. In their eyes, Chen Xingyao was still an outsider's slave.

Just like now.

This trial could only be passed by Chen Xingyao, so Long Chen had to wait and see how he would resolve it.

At this time, the crowd had already surrounded Chen Xingyao.

"Everyone, it was Liu Ji who ordered me to go to the 'Sea Ming Pavilion' to retrieve something for her. In truth, it is not my own wish to come here. Can you accommodate me and let me pass? "Is this her order badge?"

Chen Xingyao took out a black command medallion with a snake on it.

With this insignia in her hands, she would be able to come in person, just like Liu Ji.

It could be seen that Chen Xingyao was well-prepared, and he had already made up an excuse.

"Did Lady Liu Ji let you in? You want to go to the Sea Ming Pavilion, what are you going to take away? "

It was obvious that the Enlightenment Pavilion was also in this forbidden area.

After hearing that it was due to Liu Ji's orders and seeing Liu Ji's token, their tone of voice became slightly better. Of course, it was to give Liu Ji face. Their faces were still filled with disdain when facing Chen Xingyao. Chen Xingyao was not a stubborn person. Amongst the Sea Clan, he almost never made a move and was basically the target of bullying.

He said, "My apologies, this is a secret of Lady Liu Ji, I am unable to tell you all. She has already instructed me to let you in once you see this medallion. I wonder if you would be able to help her? "

Hearing this, the guards looked at each other.

"Let the dog stuff in?"

"There's no helping it, this is an order from Lord Liu Ji. After all, he is her husband, so he is able to approach her."

"He can't stand it, why don't we tease him?"

To have a group of Seven Stars tribulation of reincarnation discuss the matter in front of Chen Xingyao, he truly did not place anyone in his eyes. Long Chen was angry, but Chen Xingyao remained calm and collected, as if he was used to such a life. Dragon Meditating, he really did not understand. He had lived in the Sea Clan with caution, failure, weakness, and no dignity as a Ranker. Why didn't he leave this place?

He should not like this woman, Liu Ji. What was the reason for this?

Right at this time, Chen Xingyao suddenly laughed: "Today is my first time troubling you, thank you very much. I have a few archaic instrument and immortal spirits here that I'm giving to you. I hope you can help me out by letting me in."

As he spoke, he immediately took out a gift. The things he gave out were extremely attractive to the practitioners of the Seven Star tribulation of reincarnation.

Those few people originally wanted to tease him, but when they saw the gift, their eyes began to shine. Over ten people began to fight over it, and soon after, over ten people all received the gift while grinning from ear to ear.

The greedy character of the Sea Clan was displayed vividly on their bodies.

"Chen Xingyao, actually, you're not too bad."

"Yeah, you know how to act. Moreover, you still have Lord Liu Ji's token, so of course you can enter the forbidden area." The next time we are going in, we brothers will be able to help. "

Indeed, compared to their jealousy of Chen Xingyao, they coveted treasures even more.

"Thank you so much everyone."

Chen Xing let out a sigh of relief, kept his order badge, thanked them, and went into the Rainbow Sea Area with Long Chen. They disappeared in the blink of an eye.

"Thank you very much."

If not for him, it would have been troublesome even if he had come here. The advantage of having Chen Xingyao helping him was that even if Chen Xingyao had been discovered, he would not have been discovered.

This time, Chen Xingyao made a relatively large effort and sacrifice, which Long Chen was extremely grateful to.

"Mm, don't be too happy too early. In this forbidden area, the most troublesome ones aren't them, but the patrolling Demigod rank experts. They'll randomly appear in this forbidden region, and everyone will be able to monitor an extremely large sea. "So we can only rely on luck."

"No matter what, I am very grateful to you this time."

At the beginning, he had suspected Chen Xingyao, but now it was different. He was indeed a good friend.

Seeing Chen Xing Yao heading deeper, Long Chen could not help but begin to look forward to it, looking forward to the Causality Holy Stone. Now, he was drawing closer and closer to the blood essence of the heart dragon.

This drop of inherited blood essence, Long Qinglan probably only knew the location, but had never controlled it before, so the difficulty was rather high.

"He's about halfway there."

Chen Xingyao said.

"Yes."

Long Chen had also finished his preparations, and was using all his strength to feel the existence of the Causative Holy Stone. It was as if he had already felt the presence of something in front of him, and it was something that made his heart throb, and two of them, should be the Three Lives Divine Stone and the Causative Holy Stone.

"He's coming closer."

Chen Xing Yao's words made Long Chen excited again.

"Chen Xingyao!"

It was an old man with a head as sharp as a spear. It was extremely ugly, but it contained a sharp killing intent, and he easily controlled a large part of the sea, having a world tree on his body, and a few Heart of Rules s had already been formed, there were millions of divine palaces.

An expert with the body of a demigod!

Fortunately, it was only the early stage of a demigod, and belonged to the level of the City Lord.

However, such an old man was not as easy to fool as the guards at the door.

"Chen Xingyao, what are you doing in the forbidden area!?" This is not a place that you should be. Get out of here immediately, otherwise I will this to the six great Ocean Emperors! "

Chen Xingyao quickly said, "Gao Pi, I came here on Liu Ji's orders to retrieve something from the Sea Ming Pavilion. "We'll leave immediately."

"Do you think I'm an idiot? Sea Ming Pavilion is not here! "

Chapter 2324 - Three Lives God's Stone

Now that they were very close to the Causality Saint Stone, Hai Ming Pavilion was naturally not here. They had already passed through the Enlightenment Pavilion, which was almost the closest place to the Causality Holy Stone. To be discovered at this time by this martial artist with the body of a demigod, it could only be considered bad luck for them.

For a time, the atmosphere had frozen to a freezing point.

Long Chen also calmed down as he watched the situation change.

At this moment, Chen Xingyao took a step back and said, "Fine, I just want to see the Threelives Divine Stone and pray for Liu Ji and me. It's just a small matter, there's no need to stop it. "

His reaction could be considered to be very fast.

The old man stared coldly at Chen Xingyao for a moment before suddenly laughing, "With Lord Liu Ji? Do you think the Three Lives Divine Stone of our Sea Clan will protect a mere human like you? "

Chen Xingyao replied, "The Threelives Divine Stone is an Eternal God Stone. It does not belong to the Sea Clan alone, but to all the living beings in the world. "Gao Po, it was also Liu Ji's intention this time, so don't stop me."

Gao Yang narrowed his eyes and looked at him, and said in a deep voice: "Aren't you afraid of the Six Ocean Emperor saying such words to you in my clan? After all, you are not a member of our Sea Clan. I have discovered you, so naturally, I have to ask Lady Liu Ji about it. "

As he said this, he took out the star talisman.

Originally, he had said it well, but he didn't expect Gao Ying to suddenly raise this idea. If he was allowed to contact Liu Ji, then he would have to expose everything.

In that instant, even Chen Xingyao himself was panicking.

However, despite this, he still made certain preparations.

When the opponent took out the Star Talisman, Chen Xingyao performed a binding technique with one hand, trapping the opponent for a short period of time. This was a hasty action and could not be maintained for a long time.

"Open the Divine Kingdom."

Long Chen said very calmly.

His voice was very loud, and Chen Xingyao subconsciously listened to him. After all, he didn't have a solution of his own.

Now was the moment that fellow was bound, Long Chen rushed out from within, and instantly appeared in front of Gao Yang.

Gao Yang naturally saw Long Chen!

"You!"

He had only spoken one word when he recalled the scene of Long Chen killing the martial practitioner from the Purple-eyed Royal Family in the Hanhai Divine Palace.

The Purple Eyed Royal Family was much more powerful than Gao Yang.

Moreover, Long Chen and Chen Xingyao were both strong Rankers, and would be much easier to deal with when they were fighting at the same time.

What Gao Yang saw was the sharp red claw.

Ten Thousand Deadly Claw!

That killing move had magnified itself in front of his eyes, causing him to be filled with a deadly killing intent.

He never imagined that he would die here today.

In this sort of situation, killing this person was the most suitable method. Once he failed to control himself, he would have a chance to counterattack. Even if he only cried out, it would be very troublesome.

Chen Xingyao did not expect Long Chen to move so quickly.

In that instant, Long Chen's attack went straight through. Under the Death Claws, the high profile man's body turned into ashes, and without any sound, he disappeared from this world.

After it was over, Chen Xing Yao looked at the empty ocean waves, and looked at Long Chen in disbelief.

Although he felt that he had to kill his opponent to have a chance of survival, he did not expect Long Chen to be so decisive and quick, directly taking action.

"This ..."

Chen Xingyao wanted to say something but hesitated.

"Don't worry, no one will know." Even with your situation, you can't kill someone without causing any trouble, so they won't suspect you. "

Long Chen smiled faintly.

Then, he looked towards the depths of the sea of seven colors. From that direction, some rays of light could be vaguely seen.

"I think it's better if I return to the Divine Kingdom."

Once he was discovered, all his motives would be exposed.

"Yes."

It was like a small episode.

After which, Chen Xingyao continued to get closer to the Caustic Holy Stone.

This time, Chen Xingyao was even more careful, and so he finally allowed Long Chen to do as he wanted, and successfully approached the Causative Holy Stone. Through Chen Xingyao's Divine Kingdom, Long Chen could see that in the depths of this seven-colored ocean region, there seemed to be two black figures.

These two erected Divine Stones were not as big as Long Chen had imagined, nor were they as vast as he had imagined. It was obvious that these were two very ordinary seabed rocks. The surface was full of potholes, and the rainbow-colored sea water wrapped around them, making it seem as if the two divine stones were glowing with rainbow-colored light.

There were carvings in the middle of each divine stone. One of them was on the other side, and there were two ancient characters carved on it. From the looks of it, those two characters should be 'Three Lives'. This was the Three Lives God's Stone, a symbol of love and happiness.

And what was next to Long Chen was the Causative Holy Stone that contained the divine way's heart dragon's blood essence.

The stone also had two characters carved onto it; Karma. It symbolized the rules, morality and justice of the Sea Clan.

Perhaps it was because the two divine stones did not cost money but were instead absorbed, absorbing the morality and love of the Sea Clan, thus the Sea Clan was lacking in it. To them, the most important thing was that they possessed two divine stones, and not what they could do with them.

The Causative Holy Stone was Long Chen's goal on this trip.

Therefore, his eyes were fixed first on the Causality Saint Rock. It was a round stone, like an egg, seemingly nurturing a new life.

When Long Chen's first glance fell on the Causality Holy Stone, he already felt a kind of call, a call that came from the depths of his bloodline. This made the Dragon Jade Dao Seal on his Great Void Cosmic Dragon tremble, and the fact that three kinds of ancestral dragon-inherited blood could reach a single person, was entirely due to this Mysterious Dragon Jade.

So much so that the value of the Dragon Jade could very likely be above that of the three types of ancestral dragon-inherited blood.

Now, the Dragon Jade had changed, confirming what Yang You had told him. Even if the Causality Holy Stone had nothing to do with the Mysterious God Method's Heart Refining Dragon, there was definitely some treasure inside, and it was definitely something related to the Mysterious Dragon Jade.

"Let me out!"

At this moment, he couldn't help but want to take the Causality Holy Stone.

Just when Chen Xingyao was ready, he suddenly stopped moving. He didn't stop moving, but started heading towards the Three Lives Holy Stone. It looked as if he had only stopped in front of it for a short while.

Long Chen was originally extremely excited, but very quickly, it was as if a bucket of cold water had been poured over him, causing him to be extremely depressed. He was just a bit away from succeeding. He didn't expect that Liu Ji would actually appear at this time.

This was perhaps also the reason why Chen Xingyao changed his direction and headed towards the Three Lives Divine Stone.

"Chen Xingyao."

Liu Ji's ghost-like voice could be heard. Chen Xingyao pretended to be frightened, and turned around in shock before the Threelives Shrine. He looked at Liu Ji and hastily asked, "Why are you here?"

Liu Ji giggled and said, "I heard that you want to take something from the Sea Ming Pavilion. I'm very curious, what is it that you want to take for me?"

"The guards told you?"

Chen Xingyao was extremely angry. These guys were indeed very shameless, even revealing their secret after receiving a gift.

"You're out of luck. I just happened to have something to take care of today, so I ran into them." I heard them talk about you. " Liu Ji said with a faint smile.

Previously, Chen Xingyao had done it flawlessly, and it was hard for those ordinary guards to contact Liu Ji. Thus, he was very relieved. He didn't expect that she would come to this forbidden area at the right time.

Chen Xingyao shut his mouth.

She had yet to discover Long Chen, so Chen Xingyao knew clearly in his heart that he could not let Long Chen be discovered. He had to bear all of this burden.

"Why? Are you not going to give me an explanation?"

As Liu Ji approached, the deep sea monster, Viper's eyes, were filled with threat.

Chen Xingyao's face turned red, but he was also retreating. At the same time, he sneered, "You won't believe me even if I told you. I think it's better if you don't. If you want to kill me, just kill me."

"Oh, do you really think I don't dare to kill you?"

Liu Ji asked with great interest.

"That's not true, you are the seventh strongest being in the Sea Clan, I am nothing in front of you. Of course it's easy for you to kill me. I just think that if I told you the truth, you wouldn't believe me, so why would I say it? "

Chen Xingyao said in an indifferent tone.

"He really is unyielding."

Liu Ji looked at Chen Xingyao with a devilish gaze as she said, "Alright, looks like you need to give me a reason not to kill you on account of the fact that we have been husband and wife for so many years." "I'll try to keep you alive. "

Based on her tone of voice and her usual personal style, she wouldn't lie to Chen Xingyao.

If she wanted to kill someone, Long Chen would definitely stop her. At that time, her goal would be exposed, and in this place, there was no way to explain it. Under the encirclement of the six great Ocean Emperors and this Liu Ji, it would be hard for her to even leave this place.

"This is an ancient and beautiful legend, a symbol of love between heaven and earth. It contains the wishes of my previous life, this life, and the afterlife. In my previous life, I will definitely be together with her, suffering many hardships in this life, and we will still be at a loss in the future. I want to pray that we will be happy in the next life."

Perhaps it was the truth, but the man's tears were flowing.

Who was the person he was referring to? What did it have to do with Liu Ji? It was obvious that she wasn't Liu Ji. From the conversation just now, the two of them didn't want to love each other at all.

After hearing what Chen Xingyao had to say, Liu Ji covered her mouth and laughed, but did not say anything for a long time. She finally looked at the Three Lives God's Stone and clicked her tongue, "The Three Lives God's Stone? Was he in love with her unforgettable love? It was all a joke. These two pieces of broken stones have never been of any use to anyone. It is just an illusion of the ancestors. Don't you know what the Sea Clan is today? What a fool you are! "

She changed her tone and said: "Alright, this time I will believe you. After all, the Three Lives God's Stone only has this thought in mind." "But ..."

Chapter 2325 - Insider to the transaction

"However, there is a rule for everything. The rule does not value your explanation, but the result is that you are not qualified to enter the forbidden area. Instead, you are making up a lie and charging into the forbidden area in my name. I have to leave you alone. "

As she spoke, she held a long black whip in her hand. The whip was as long as a spine, but it was filled with spikes. It should have been forged from the spine of a snake, and was densely packed with at least 800 dao patterns. In fact, it was nearing nine hundred.

Sharp and malevolent, any movement could move the countless seas. The surrounding sea water revolved around this long whip.

This should be the Dao Artifact that Liu Ji is good at.

A Dao weapon of this level was in fact something that could destroy the heavens and the earth.

Even Chen Xingyao's face slightly changed. He roughly knew what the other party was trying to do.

"Twenty whips, hold tight."

The corner of Liu Ji's mouth slightly curled up, giving off a creepy evilness.

Chen Xingyao's expression changed, but he didn't say anything.

"If you dare to block once, I will add another whip."

After Liu Ji finished this sentence, the black snake bone whip increased in number by many times, and instantly lashed out, slicing through the sea water and the surrounding space, twitching onto Chen Xingyao's body in such a small amount of time, instantly causing blood to spurt everywhere. Chen Xingyao's entire skin turned black, and the venom scattered everywhere, causing him to fall down.

His strength was not weak, but to be able to endure such a difficult punishment like this, it could only mean that the other party's punishment was truly too heavy. Chen Xingyao probably wouldn't be able to withstand the attack of this kind of Dao weapon, the snake bone whip, after a few tries. However, it turned out to be twenty whips.

Although Long Chen's danger was almost gone, it was clear that Chen Xingyao would definitely be heavily injured this time. Because his own matters almost caused others to die, Long Chen naturally felt that it was impossible. No matter what kind of crisis it might cause, as long as he had his own principles, you absolutely could not let the people beside him suffer because of you.

This time, Chen Xingyao was willing to help him in such a way, and Long Chen didn't want him to suffer so much for his sake. Therefore, he knew that once he came out, no matter if he could stop Liu Ji, once the six great Ocean Emperors attacked together, it would definitely be very troublesome.

But as long as there was a chance of survival, he would still work hard.

Therefore, he almost shouted at Chen Xingyao, "Open up the Divine Kingdom, we can deal with her together!"

"This won't do. You can't reveal your whereabouts. Besides, I just need to endure past these twenty lashes." With great difficulty, he managed to recover from the first attack. His face was filled with an intense desire.

Right at this moment, the second lash landed on his thigh, and the long whip broke both of his legs, causing Chen Xingyao extreme pain once again. However, this man had a rare willpower, he was still clenching his teeth and resisting, his eyes did not show any signs of retreat.

"Let me out! Let's attack together!"

Long Chen never thought that he would be so stubborn. Every time he took an attack, it was because Long Chen owed him a favor. As a man made of blood, he couldn't stand being protected like this.

But Chen Xingyao did not do so. With his tyrannical willpower, he waited for the rebirth of his legs, and at the same time, coldly looked at Liu Ji. He said to Long Chen: "If you come out, all of our efforts will be for naught. Don't worry, I understand Liu Ji, she just wants me to give in and definitely won't kill me. Wait for me to persist a few more times before begging her for mercy, then she will let me go. I have a deal with her. "

These words, made Long Chen choose to believe him.

However, it had to be said that Chen Xingyao was truly a tough guy. The pain that he was currently enduring was something that most people would not be able to withstand.

"How do you feel?" Liu Ji once again lashed out with her whip, almost taking away half of Chen Xingyao's trump card. Chen Xingyao let out a blood-curdling screech, but didn't say anything. He continued to silently endure.

All of this was reflected in Long Chen's eyes. It had been a very long time since he last felt so stifled and frustrated, Chen Xingyao was his friend. Now that he was punished by someone else, and that was even because of him.

Anger, helplessness.

Once he made a move, it would be a true disaster. It was not as if he had never encountered such things before, but it was mostly because he knew himself, and not the people around him, that he was punished.

If it wasn't for Ling Xi's persuasion, he would definitely have broken through Chen Xingyao's Divine Kingdom! If not for Ling Xi's words, which caused her own suffering, she might have been able to persevere and persevere on.

To Chen Xingyao, he was just a stranger, not worth him doing such a thing.

This was something that he had promised Long Chen. Someone with such precious qualities like him wouldn't be a bad guy.

Furthermore, Long Chen also knew that the girl that Chen Xingyao had mentioned just now should be the weak aura of his Divine Kingdom. A dying man was the true love of Chen Xingyao.

The fourth whip, the fifth whip!

Liu Ji played very happily, but Chen Xingyao was already at the brink of death. Perhaps after another two lashes, he would be dead. Until now, Chen Xingyao had difficulty raising up his only remaining arm, and said: "Liu Ji, it's time to stop." If I die, you can find another husband, and I won't be able to cooperate with you this much. "

Liu Ji waved the whip in her hand, and laughed in surprise: "Hey, you, Chen Xingyao, actually gave in to me? How unbelievable. You are really giving me, Liu Ji, face. If I were you, I wouldn't be suffering in the Sea Clan. Humans have so many beauties, with your power, how can you not have as many as you want?"

Chen Xingyao did not answer her.

He tried his best to recover.

The two of them had different perspectives, if they refuted her, they would only receive more harm, but now, Chen Xingyao wanted to save his life and do something for his fellow human brother Long Chen.

"Alright, that's enough for today. You should be glad that I found you. If it was anyone else, you would definitely be dead by now. "Let's go!"

Liu Ji could be considered to have a conscience. She used an archaic immortal spirit to heal Chen Xingyao's injuries slightly, and then brought him out of the forbidden region.

"Remember, don't do it again." Liu Ji smiled as he said these words, which gave off a creepy feeling.

"Yes." Chen Xingyao nodded.

In the blink of an eye, she disappeared. Only now did Chen Xingyao finally heave a sigh of relief, and said: "Long Chen, I'm sorry, my luck today was bad, I failed."

Long Chen had mixed feelings about this.

There was no need to say any more words of gratitude.

His heart was filled with gratitude towards Chen Xingyao. If not for him holding on today, he probably wouldn't have died. However, the distance between him and the Causality Holy Stone would have been much longer.

Chen Xingyao had given so much, Long Chen would definitely repay him.

He said, "Let's find a quiet place first."

The two of them went to another place. Without saying anything, Long Chen immediately used the Flame of Life, and with the power of the Fire of Life, Chen Xingyao gradually returned to his original appearance.

"To recover so quickly, Liu Ji would be suspicious if she found me. I won't be going back to the Magic Blue Palace today after all." Chen Xingyao looked at his body in surprise.

He knew that this was the method Long Chen used to scare the four masters in the Hanhai Divine Palace.

"I'll see if there's any other way to send you back to the forbidden area. You still have some time here, so you shouldn't be in a hurry. "

Chen Xing said to himself.

He felt somewhat guilty for his failure this time.

Long Chen said: "Senior is from the same generation as my father, and today, he suffered from Liu Ji's torture for me. He helped me out so much today, and I am deeply grateful to him, let's just call him Uncle Chen."

As he spoke till here, his gaze was sincere and solemn as he continued, "Previously, I heard from Uncle Chen that there seemed to be another true love. There is a trade between Uncle Chen and Liu Ji. Can I know what it is? I wanted to see if I could help. "

Chen Xingyao smiled bitterly, "You can't help me."

"What happened to the Life Fire that allowed you to recover?" Long Chen asked.

Chen Xingyao was shocked. He had personally witnessed the wonders of the Flame of Life. Of course, this was the first time he had heard of the name of the Flame of Life. Thinking up to here, he looked out the window and said, "This is a long story. The main story is that my lover accidentally fell into the

world's most bizarre poison, the 'Black Mandara Flower', while I was escaping, and died. The Black Mandara Flower has no solution, and the only way to survive this is by using poison to fight poison, and in this world, only Liu Ji's poison can extend my lover's life. This is also the reason why I have stayed in this Sea God Realm for the past few thousand years and have never returned to Dragon God Domain."

"So that's how it is."

No wonder why Chen Xingyao was constantly suppressing Liu Ji. It turned out that the lifeline of his beloved was in her hands.

"She has something on me, so she can trade with me without worry. You must have guessed it right. She had an intimate relationship with the Ocean Divine Emperor, but she was also afraid of the Emperor, so she used me as a shield to allow me to marry her, diverting everyone's attention. "

That was the deal.

"Sea Divine Emperor, Emperor Xi Yao, and Liu Ji, these three are really interesting."

Long Chen thought, if he told this inside story to Emperor Xi Yao, this Hanhai Imperial City would probably be in chaos.

Chen Xingyao hurriedly said, "Don't tell anyone. Once people find out, Liu Ji will definitely be the first to kill me. That way, my lover won't be able to live."

Of course Long Chen would not be so reckless.

He respected Chen Xingyao and wanted to help him even more.

"Uncle Chen, the fire of life is a type of mysterious power. Although the Black Mandara Flowers have no poison, I am still able to cure it. Please let me try once, is it possible?"

Chen Xingyao had expected him to say so.

Right now, he no longer had any secrets in front of Long Chen, so he was naturally looking forward to see if Long Chen could make his lover feel better.

Chapter 2326 - Love of Rebirth

In actuality, Long Chen wasn't sure.

However, he guessed that the fire of life came from the power and rules of the Taiji Creature Dragon, so perhaps it could still play a role.

The toxicity of the Black Mandara Flower, to the entire Immortal God Realm, there was nothing that could dispel it. However, the flames of life had already surpassed the scope of the current Immortal God Region.

"I don't have any confidence, so I can only give it a try."

Long Chen explained himself first.

Chen Xingyao did not hesitate too much. In fact, after so many years, he had tried countless methods, trekking over mountains and rivers. Each time, he was filled with hope, and finally, he was filled with despair again.

With each repetition, his heart was forged to become extremely firm.

Long Chen was a little special this time. To Chen Xingyao, it was indeed possible for him to succeed, but he did not dare hold onto too much hope. It was because he knew that the greater the hope, the greater the disappointment.

"Thank you."

He opened the Divine Kingdom and let Long Chen in.

"This time, it should be me thanking you for your help."

In reality, even if it wasn't so, even if it was just an ordinary friend, Long Chen was still willing to try.

In the Divine Kingdom, the smoke gradually dissipated. In front of them were tens of thousands of flowers, and in the middle of the fragrant grass, there was a person bathing in the sea of flowers.

This must be Chen Xingyao's lover.

Long Chen quickly arrived in front of this person. It was an old man, and to be honest, she was in a very miserable state. Firstly, she was very skinny, she had almost lost all her flesh, and only her skin and bones were left.

This was the appearance of being hit by a Black Mandara Flower.

She had her eyes closed, breathing weakly. Normally, if someone else was poisoned like this, he would choose to commit suicide. But she wasn't, she was still alive with a strong will.

"What kind of idea was it that supported her to continue living?"

Long Chen did not know.

It was just as Liu Ji had said, Chen Xingyao, this lover of his was now truly ugly to the extreme, but Chen Xingyao did not care at all. He even said that she was the most beautiful woman in the world, and for her sake, he was willing to suffer all the humiliation in Hanhai Imperial City.

Love was always a force worthy of respect.

This was also the reason why the world looked so wonderful.

"Brother Chen, quickly help her. Don't let her suffer anymore."

Ling Xi could not bear to answer.

In reality, they could just give up and release her. This woman did not need to suffer under the poison, nor did Chen Xingyao need to be humiliated in Hanhai Imperial City, but they still did not give up. They still firmly believed in each other.

Long Chen suddenly felt deep veneration for them.

He wanted to help them!

"Alright!"

He did not know if he could succeed!

But he would do his best to help the couple.

He gathered all of his power into one point in the Divine Kingdom, forming the purest fire of life. This was the greatest power of fire of life, with a strong life force, it was enough to turn the entire desert of the three War God's Ancient City s into a field of green.

And now, Long Chen had gradually given this fire of life to that woman.

Under the burning of the fire of life, the surrounding plants grew vigorously once again, approaching the sky at an inconceivable speed.

Seeing this scene, Chen Xingyao clenched his fists, his eyes began to tremble, and his face gradually paled. It could be seen that at this time, he was unable to conceal the nervousness in his heart.

The green life flame moved to the woman's front and entered her body from her black, skinny head. The green life flame fused into the woman's body, and the flames began to spread, forming a green cocoon that surrounded her.

At the same time, Long Chen was also continuously channeling energy.

At the side, Ling Xi was also clenching her fists tightly, looking at Long Chen nervously, hoping for his success.

In the face of this uncertain situation, she too was praying and yearning in her heart.

Long Chen felt that, under his control, as soon as the fire of his life entered her body, it started to resist the poison of the Black Mandara Flower. One was a power of life, and the other was a power of destruction.

This allowed Long Chen to heave a small sigh of relief.

At the very least, the fires of life would be able to cause the poison to take effect. The next step would be to become stronger and be able to force the opponent out of the woman's body.

Right now, the woman's body was extremely weak. It could be said that she was on the verge of death. It could be said that it was precisely because of her will to live that she was able to keep her breath.

With the addition of Long Chen's Fire of Life, at least, he immediately allowed her body to recover, grow, and rebirth of his flesh, causing her body to become more and more plump. Although her body was still completely black, due to the Black Mandara Flower's occupation, it was at least able to give his more life.

This was something that Liu Ji couldn't do. Liu Ji could only use poison to fight against poison and let this woman hold her breath.

Chen Xingyao did not dare to speak, but his tears started to flow uncontrollably. The nails of his hands had pierced deep into the flesh of his palms. Only by doing so would he be able to awaken, avoid excitement, and avoid too much despair.

Long Chen began to counterattack with his fire of life.

This Black Mandara Flower was truly terrifying, it could even suppress the life force of an ancestor like the Flame of Life. It was too arrogant and despotic, maybe it was hiding somewhere, it would be hard for Long Chen to find it, but it was actually so brazen.

Long Chen could see the existence of these venoms. Every drop of venom had a true spirit, it was a type of intelligent life, a type of life that was similar to a Dao Spirit. They all had intelligence, like worms that woman had.

It was because of their arrogance that Long Chen could use his fire of life to surround them.

Surround, counterattack.

The fire of life was able to burn this venom!

"Charge!"

Long Chen had already expended a lot of energy, and this was not an easy matter, but he was also a person of faith, so he persevered on. However, what surprised him the most was the resistance of the woman's will. Her originally weak willpower to resist had become stronger than ever with Long Chen's help, she radiated with astonishing vitality, as though her entire body was about to explode. It was as though she was drowning in water and had finally touched the shore.

"It's a success!"

Long Chen almost never imagined that it would be this fast.

In the beginning, he had no confidence that he would be able to succeed, let alone succeed so smoothly.

But it was not over yet, so he did not dare to relax, and at this moment, Chen Xingyao almost went mad. He trembled even more fiercely, his eyes stared wide open, tears gushing out.

It was hard to imagine what this scene before him meant.

It was a dream from the age of a few thousand, a desire, the only wish and struggle he had for the rest of his life. Now, he was only a sliver away from success.

What he did not know was that, the further he went, the faster Long Chen was able to destroy the venom. After around fifteen minutes, there was basically no suspense left in eliminating the venom.

In reality, Long Chen was only providing an introduction.

The one who truly defeated the venom was this woman herself. Her will to live was an extremely huge driving force towards the flames of her life, pushing Long Chen to success.

In the end, the last drop of the poison disappeared with a scream.

Under the nourishment of the fire of life, her flesh and blood were reborn, her skin transformed, and her entire body was reborn. Everything became at its peak.

When the fire of life disappeared from her body, a woman with an outstanding temperament and a very gentle and tranquil temperament appeared in the sea of flowers. Her smile was intertwined as she looked around with disbelief at her surroundings, hot tears appearing in her eyes.

It was impossible to describe the excitement and shock these two were feeling. Long Chen tactfully exited their Divine Kingdom with Ling Xi, leaving this room to allow them time to interact with each other. These two people should have a lot of things to say.

He turned around and saw that they were tightly hugging each other.

"This kind of relationship is really good. A lover will eventually be married off to another. Compared to them, the resistance we had back then is nothing." Ling Xi held Long Chen's arm, and said with misty tears in her eyes.

Long Chen was also very touched.

"I really admire them. If it was anyone else, they would definitely give up and choose to let them not suffer. However, they were all enduring it together, waiting for the important day. Although it was a distant day, they firmly believed that today had finally arrived. I think if you really love someone, you should do it without hesitation."

The Three Lives God Stone, the symbol of love, was located right in front of Long Chen in the Sea God Realm. It did not witness the love of the Sea Clan, but witnessed the unforgettable love of the two humans in front of him.

The two of them waited outside in silence.

He didn't know how much time had passed before Chen Xingyao finally walked out. It was just that the current him and the him from before were like two different people. Before, he was a walking corpse, but now, he was full of life energy.

He quickly walked over and actually directly kowtowed in front of Long Chen.

"Uncle Chen, quickly get up."

Long Chen helped him up, and said: "You have helped me a lot before, this is what I should do. Now that she has recovered, you should quickly return to the Dragon God Domain. There is no need to endure the humiliation anymore. "

To be able to give him such an end, Long Chen was extremely gratified.

However, he firmly said, "No, I will help you here."

Long Chen never thought that he would have such a choice.

To him, this choice was a huge risk. At this time, he finally allowed the person he loved to be reborn. He should leave this place to enjoy love and warmth.

Chapter 2327 - Power of Faith

If he stayed here, that would mean he would continue to be humiliated.

Before, he was humiliated for the sake of the person he liked. But now, it was different. His lover had improved. You could just run away from this place. However, he did not say that. He knew that the man in front of him who had made him wish for half his life to be done needed his help.

"You're really not leaving? If you stay here with me, there might be danger. Again, it caused all your efforts to go down the drain. " Long Chen threatened him.

Chen Xingyao smiled calmly, "Enough, don't waste your breath. I've been here for the past few thousand years, and I'll be back with you in just a few days after you finish your mission." "Before that happens, I must help you do what I need to do and do my best!"

He was a man who had decided on one thing, a man who could hardly change his mind.

"I wonder how much help you have given me this time. In my heart, I am completely willing to do anything for you." It's just that it's meaningless to say too much pretentious words. I've stayed here for too long, others might suspect me. I should head back first. "

"Alright, we can't succeed this time. Let's think of a way then contact each other."

Chen Xing Yao bid farewell to Long Chen and left the place.

"It's wonderful to be able to help others and fulfill his thousand years of wishes."

Long Chen had this kind of feeling while he was in that space, as if he was the center of it all. Chen Xingyao was channeling a mysterious power into him, strengthening his spirit. Especially after he saved the woman he liked.

At the same time, he also made a connection with the trillions of lives in the Dragon Sacrifice Continent, in the form of threads. They were vaguely able to accept everyone's power.

"I believe this power should be called faith."

In the next few days, Long Chen did not know what to do, and Chen Xingyao was temporarily unable to help. In a few days, the Rites of the Ocean Sacrifice would begin, and after that, Long Chen would have no excuse to stay.

He was prepared to use the Time Traversing Dragon to sneak in once. This was the last resort. There were powerful people in the Sea Clan, such as the Six Great Ocean Emperors and Liu Ji. If he were to be found out in the forbidden area, the problem would be dire.

However, just before he decided to leave, an uninvited guest came to his residence.

This person was the one known as the Demon Emperor, Liu Ji. She wore a thin gauze dress, and had a pure face with fox-like eyes and a slender figure. She was extremely well-proportioned, and her entire body was almost perfect, especially her slender waist.

"What is she doing here?"

Long Chen and Ling Xi were sitting in the center of the courtyard.

"Little brother Long Chen, and this sister-in-law have not disturbed you, right?"

Liu Ji became more serious and lively, walking to the front of Long Chen, and sat down on a seat in front of him. She gave Long Chen and Ling Xi a flirtatious look, and chuckled: "You two are truly talented men and women, beautiful women, I am so envious of you. Since he had nothing else to do, he decided to chat with the two of them for a bit as he was afraid that the two of them might be unfamiliar with each other since they were also waiting for the start of the Rites of the Rites. The younger brothers and sisters wouldn't mind, right? "

Liu Ji said in a delicate voice.

To a man, this voice indeed possessed a great temptation, but to Ling Xi, it was something extremely disgusting. She glared at him, looking at him angrily.

Her body leaned forward slightly, revealing the deep ravine. The scale was really great, but Long Chen did not look any further, since Ling Xi was by her side after all.

At this time, Liu Ji took out a bracelet, which was a very beautiful thing. She gently handed it over to Ling Xi and said, "Little sister, you guys are not far from here, coming to my Sea God Region, I was too busy before so I didn't have time to entertain you. Today, I have come specifically to apologize. If your little sister is so beautiful, then the bracelet will show its quality in your hands. "

Although it was just a bracelet, it had a lot of beautiful patterns on it. With just a glance, Long Chen could tell that it was close to six hundred Dao patterns, which was a treasure coveted by all Seven Star tribulation of reincarnation warriors. However, Liu Ji was really generous of her kind.

That was why he did not want the relationship between him and the Sea Clan to become even worse. Even if the two of them had joined forces to deal with him the last time, he wouldn't be able to get angry.

This time, when Liu Ji gave the gift, Ling Xi had already disliked her, so when she pushed the bracelet over to him with good intentions, she did not move at all, and directly looked elsewhere.

Long Chen knew that the woman she hated the most was a sexy and charming woman like Liu Ji. When he was still in Source Spirit City, she had already hated Liu Lan. That was the first time Long Chen had met a sexy woman, and luckily he had already experienced a lot of hardships during that time. Otherwise, he wouldn't even be able to put up a stalemate in front of Liu Lan.

These women were the easiest to trigger the most primitive urges of men.

Seeing Liu Ji's present hanging in the air, Long Chen immediately put his finger on the bracelet and gently pushed it, saying: "Master Liu Ji, this is exactly the so called 'no gain without merit', we are new here, we still cannot accept such a great gift from you, why not wait for us to become friends, it isn't too late for us to come again? This gift has a total of six hundred Dao-prints within it.

He pushed the bracelet back in front of his eyes.

"Fine, since you guys don't dare to accept it, then I won't force you." Liu Ji's face still had a smile, but the sharpness in her bones was still there. From this moment onwards, her heart had undergone some changes.

"There's one more thing I want to trouble you with, Long Chen."

Long Chen comforted Ling Xi and asked: "What does Lady Liu Ji need me to do?"

He was already secretly on alert.

Liu Ji gave a sweet smile that was extremely moving. She stretched her lazy body and was extremely charming. Then, she said: "I have long heard that your strength is already invincible within the body of a demigod. However, the inheritance you have not reached the six tribulation of reincarnation s yet. It was because the inherited blood essence was from a Unparalleled Dragon that it had such a miraculous ability. I have never been able to break through to a higher realm, reaching the level of the Dragon Emperor. I have come here today to exchange pointers with you, and I have long heard that you will be strong if you meet me, and love to fight. You won't reject me today, right? "

"No way!"

Ling Xi couldn't help but refuse.

Liu Ji was an existence who had already transcended the Nine Palace Calamity. In the entire Sea God Realm, other than the six Ocean Emperor, there were no opponents for her. It was simply impossible for Long Chen to be her match before transcending the sixth tribulation.

She was worried about Long Chen's safety, hence she spoke so quickly.

"Little girl, randomly making decisions for a man is not something a smart woman should do." Liu Ji's eyes were filled with laughter, she glanced at Ling Xi, but actually, her eyes were filled with killing intent.

How could Ling Xi be afraid of her, it's just that this was not the time to be angry. Long Chen lightly pressed her hand, then said to Liu Ji: "I think this is not appropriate. I am here to look for an alliance with the Sea Clan. Furthermore, I am not that naive. I think that my current self will be a match for you."

"Really? Do you really think there's such a huge gap between us?" Liu Ji giggled.

She said in a serious tone: "You are a representative of the human race, so you can't act cowardly. The only thing I want to exchange pointers with you is to see the strength of the human race, and whether it's worth it for us to ally together. You are the most representative of the human race, so of course it isn't by accident that you are able to cause such a commotion, so I want to see how capable you are. Of course, don't worry. I will only use one move. If I can catch them, I'll be convinced by you and the humankind."

This is my written challenge.

"Just one move?"

Long Chen also stood up. He had never been a person who feared challenges, but he was actually close to the edge of the sixth tribulation. He needed a chance to break through.

"Brother Chen." Ling Xi looked at him with her watery eyes.

"Don't worry." "No problem."

He gently patted Ling Xi's face to reassure her. After all, there was only one move, and it couldn't do anything to Long Chen. Liu Ji was indeed strong, but it was not to the extent that he could be defeated with a single move.

"You've agreed?" This is great. " Liu Ji could not help but chuckle.

Long Chen summoned Ling Xi into the Divine Kingdom, his gaze sternly rushing to the sky while Liu Ji followed closely behind him. In the ocean, the two temporarily didn't cause any commotion.

"Whiz!"

Liu Ji took out the long black snake bone whip. The whip had almost killed Chen Xingyao with just a few times, so of course it wouldn't be that simple.

This nearly nine hundred dao tools gave Long Chen a headache, but if there was only one, he thought that he would still be able to withstand it.

However, he still underestimated it.

If it was only one move, how could Liu Ji simply use a whip? At this moment, a sneer appeared in her eyes and she brandished the whip in her hand. The sea water surged for a moment, spreading through the entire Hanhai Imperial City. A large portion of the sea water disappeared, becoming hollow.

The barbs on the whip grew even sharper and more ferocious, and a large black snake could be vaguely seen moving along it.

"This is my mother's spine." Liu Ji suddenly introduced the terrifying long whip in her hand.

Chapter 2328 - Stealth once again

"The most powerful Dao-artifacts of our clan are all from the legacies of the previous generation. My mother was once the king of the Magic Blue Tribe. At her peak, she was able to fight at a level similar to me today. "

Liu Ji waved the snake bone whip, and it was as if a black long snake had wrapped itself around her body, and then turned into nine heads.

Many experts could sense the huge commotion coming from this direction. Perhaps they did not know what Liu Ji was doing this time, so there was still a commotion that was already occurring and was rushing towards this direction.

But before they arrived, Liu Ji had already completed her attack. Her speed was extremely fast, and she suddenly lashed out with the snake bone whip!

For a moment, the entire Hanhai Imperial City seemed to tremble violently. A dark and sinister power swept out and the brand turned into a black skull. It suppressed the imperial city and made many people not dare to move.

The poison on the whip had reached an extreme.

In reality, to Liu Ji, she was the source of the greater lethality. With the terrifying poison in her body, even if it was just a single attack, it would still have a fatal effect.

Her attack wasn't too big, but it was definitely fatal.

In a blink of an eye, the long whip was right in front of Long Chen like a venomous snake. In that moment of life and death, Long Chen used the reverse of time and space to fight against her.

The whip quickly reached the range of the space-time reversal. Under the violent repelling force of the power of time, the whip's speed was greatly restricted, and it was difficult to move even a single step.

"Huh?" Liu Ji really did not expect him to actually be able to do this. From what he knew, she thought that Long Chen's Ten Thousand Deadly Claw was the strongest ability, but did not expect him to actually use time and energy to do this.

But she, Liu Ji, was someone who had fully cultivated Nine Palace Calamity, similar to the elders in the Five Dragon Cities who were forced to sleep. Furthermore, she was still young, so although the reversal of space and time was profound, it was still rather difficult to bind her like this!

"Break!"

Seeing this scene, Liu Ji was truly satisfied. This was because when the long whip made contact with Long Chen's body, there were at least ten types of venom that could cause instant death, which entered Long Chen's body.

The power of the Nine Palace Calamity had also blasted Long Chen flying, completely knocking over a palace below and burying him inside.

At this moment, Liu Ji had already stopped.

Her goal had been achieved.

At this time, dozens of experts had already arrived, including two Ocean Emperors. They were the Scarlet Emperor and the Purple-eyed Emperor. The Purple-eyed Emperor was one of the six most powerful bloodlines in the Sea race, the leader of the royal family. He glared at Liu Ji with his bell-sized eyes as he asked, "Liu Ji, what's going on?"

Liu Ji hurriedly replied, "ing to the Ocean Emperor, it is a spar between me and little brother Long Chen, it does not hurt the relationship between us. The two Ocean Emperors need not be nervous. "

Liu Ji had many pursuers in the Hanhai Imperial City, and soon, someone jumped out to speak up for her. One of them said: "Ocean Emperor, it is just a small spar between humans and the Sea Clan, there is no need to worry too much. This must also be something that Long Chen agreed to personally, and now that he has been defeated in one move, it can only mean that his strength is limited. "It's not as mysterious as the legends say."

"Yeah, in terms of talent, Lady Liu Ji is our Sea race's number one. Although this peerless human genius is indeed very powerful, but compared to her current strength, there's still a huge gap."

"If you want to blame something, blame him for overestimating his own capabilities and sparring with Lord Liu Ji."

The two Sea Emperors ignored them.

The Purple-eyed Emperor asked again, "How is Long Chen now? Have you used poison? "

Liu Ji had indeed used it, so she guessed that Long Chen's current injuries should be quite serious. Last time in the Hanhai Imperial City, the Sea Clan was unable to show any mercy to Long Chen, she had helped the Sea Clan so she needed at least a few days before she was willing to help Long Chen cure the poison.

Of course, these words couldn't be said in front of everyone.

Then, she laughed: "ing to the two Ocean Emperors, you can rest assured. I will take care of it, I will cure him of the poison right now."

He had indeed used poison.

Everyone could not help but feel their hairs stand on end. Liu Ji's poison was the most terrifying thing in the world, they could not help but look forward to it for Long Chen.

"This human is truly pitiful."

"Yeah, if we anger Lord Liu Ji, we will still be courting death. No matter what kind of race he is, he'll still be finished."

Long Chen jumped out unharmed. Looking at the crowd, he could not help but be startled, and laughed: "There are actually so many people here, aren't you giving me too much face?"

Everyone was stunned, they were all staring blankly at Long Chen's smiling face and his unharmed look.

What they all knew was that in that sparring session just now, Liu Ji had used a lot of killing moves. The other Demigod rank experts, like Chen Xingyao, could only be poisoned and on the verge of death. Everyone believed in Liu Ji's ability, but what was going on with Long Chen's current appearance?

The most shocking person amongst them was Liu Ji.

In the past ten thousand years, her poison techniques had never failed her. Other than frequently failing to deal with Sea Divine Emperor, other people's physiques, and even the other Ocean Emperors, simply couldn't bear the attack of her poison at all, let alone the way Long Chen was now, completely unharmed.

Waves of shock raged in her heart.

"It should be that the poison did not enter his body, and the injuries on his body allowed him to use that mysterious flame to recover. "This fellow is indeed formidable. To think that he didn't die and wasn't severely injured after receiving just a single blow from me!"

Liu Ji finally found an explanation.

As for the others, they were still looking at each other in dismay. They had heard Liu Ji say with their own eyes that she had already used her poison arts, but why was it not effective at all?

The two Ocean Emperors looked at each other.

In actuality, Liu Ji's operation this time was jointly arranged by the six Ocean Emperors, all in order to probe Long Chen's background. From the looks of it, the operation this time had failed.

The Purple-eyed Emperor came before Long Chen and asked cordially, "Little Brother Long Chen, are you hurt? It's all our fault for not restraining them properly and causing them to act recklessly. I am truly sorry, but we Sea Clan definitely do not have any ill intentions. "

Long Chen laughed: It's just a spar, I agreed to it myself. Master Liu Ji is really strong, I used all of my skills, I could only barely take a single hit from his, although it's fine now, but if she were to make another move, I think I would be dead.

The Purple-eyed Emperor quickly replied, "It's good that you're fine, it's good that you're fine. Another day, set up a banquet, and let Liu Ji personally apologize to you. "Liu Ji, you were too rash this time. Come with us."

Liu Ji had also recovered from the shock. She leisurely walked in front of Long Chen, stretched out her finger and lightly tapped Long Chen's chest.

With that, he left Long Chen's line of sight in front of everyone.

The others also took their leave, spreading the news of what had happened here.

Everyone knew that Liu Ji was not only able to launch a casual blow. The fact that Long Chen was completely unharmed was truly a miracle.

But in reality, Long Chen had also experienced the power of Liu Ji. Firstly, her Nine Palace Calamity's divine power was already terrifying enough. There were even some that were not inferior to the Black Mandara Flower. Long Chen had only moved quickly, killing them before they truly invaded his body, if not, just these ten poisons would have been enough to torture them half to death.

"With our current strength, it seems like we don't have enough blood essence to acquire the legacy of that 'heart dragon' of the Dao of the Gods." Long Chen pondered.

"Brother Chen, I hate this woman." Ling Xi said with slight anger.

"Alright, don't be jealous, I won't be confused by her." Long Chen laughed, and then Chen Xing Yao came over and greeted him. Only after knowing that Long Chen was alright, did he relax.

"There are roughly another eight or nine days before the ocean offering ceremony begins. There's not much time left, do you have any way? "

Chen Xingyao asked.

Long Chen said: "I'm preparing to enter the forbidden area by myself. I'll give it a try."

"This won't do, it's too dangerous. If I fail, I won't have the chance to try again." Chen Xingyao shook his head.

In front of his eyes, Long Chen entered the state of Time Traversing Dragon.

"Chen Xingyao, can you see me?" Long Chen asked.

Chen Xingyao was standing in front of him.

After a while, he said in shock, "What divine ability is this? It is indeed impossible to know where you are. However, it might be because you are very close to me, but I can feel your presence."

Long Chen released the Time Traversing Dragon and said: "As long as you don't get too close to the guards, there won't be a problem. The only problem is that I'm afraid that I might accidentally bump into the six great Ocean Emperors or some other people who have stepped across the Nine Palace Calamity."
"

Chen Xingyao nodded. "Indeed, if you want to enter, that will be your last bet. It will depend on your luck."

Long Chen's luck had always been very good.

"Sure, I'll find a suitable opportunity in the next few days."

"I can only think of a way to help you stabilize Liu Ji." Chen Xingyao said.

Even so, Long Chen would still thank him a lot.

On the third day, he made his preparations and entered the depths of the forbidden region as a Time Traversing Dragon. The Causality Saint Stone was waiting for him in front of it, and the heart refined dragon of the divine way was also calling for him.

The Forbidden Area was very quiet, but danger lurks everywhere. Long Chen did not dare to go overboard, since it was, after all, underwater and would cause a bit of a stir.

However, the closer they got, the more excited they became.

This was the fourth stage ancestral dragon-inherited blood he wanted, the dragon of morality and karma, the Heart Refining Dragon of the divine way!

Refining the heart in the mortal world, reincarnation of karma, and the power of punishment should be very terrifying.

Not too long after, he neared the Causality Saint Stone.

Chapter 2329 - Descent of the Six Daos

Although he didn't know what he should do when he got close to the Saint Karma Stone, or whether or not he would destroy it, it would create a huge commotion. But Long Chen only had this choice. Otherwise, when the Ocean Sacrifice ceremony ended, he would have to return to the Dragon God Domain, and at that time, he would have no chance at all.

If it was possible, he would of course want to obtain the legacy blood essence of the God way's Heart Refining Dragon without anyone noticing, and then leave this place without anyone noticing.

In front of him was the Causality Saint Stone. This time, Long Chen was even closer to it than last time. From the outside, it seemed like a very ordinary rock, just that it seemed a little old. When he drew near, he ended up directly nearing the Karma Holy Stone, with no one even noticing him.

But at this moment, his nerves were very tense, as if he was worried something might happen to him. While he was focusing on the Causality Holy Stone, he was also paying attention to his surroundings.

This time, he was taking a risk.

At the moment, the Mysterious Dragon Jade was indeed still moving, proving that the Stone of Truth was not ordinary. Therefore, even if she approached it and Long Chen was able to reach out her hand at any time to touch the Causative Holy Stone, he still did not have a clue as to how he would be able to obtain the inherited blood essence of the God Dao's Heart Refining Dragon.

"Break through the Causality Saint Stone?"

Long Chen had originally thought that if there were Mysterious Dragon Jade s, he would be able to cause a change in the Causality Holy Stone if he were to approach it. But at least for now, the Causality Holy Stone was still the same as before, and the Mysterious Dragon Jade did not make any other movements.

It seemed that its search had met with an obstacle.

"It seems that even if you go near it, it won't be easy for you to acquire the legacy blood essence of a 'Heartdragon' of the Dao of the Gods. The ancestral dragon's inherited blood essence is definitely mine. If it was easy to find, it would have long fallen into the hands of the Sea Clan clansmen. So it was still quite troublesome. However, I have come here to fight with the Sea Clan for the sake of the inherited Blood Essence Qi from thousands of miles away.

Of course he wouldn't doubt his own father. He said that with the God Dao's Heart Refining Dragon here, there was no mistake. The key was how Long Chen found him. Now that he was really close to the Causality Saint Stone, he knew that it would not be that simple.

He reached out a hand and held his breath, using his own fingertip to lightly touch the Causative Holy Stone. The moment his finger touched the Causality Holy Stone, Ling Xi let out a soft cry, but it seemed to be a little late.

"There seems to be a restriction set up by the Seafolk on the Causality Sacred Stone. You seem to have touched it." Ling Xi said in a hurry.

Even with the help of the Sector lord Divine Arts, she realised it so late. This meant that the restriction was indeed very well hidden. Ling Xi's level was many times better than before.

This was going to be troublesome.

Long Chen still underestimated the Sea Clan warriors. Or perhaps, it could be said that he was worried because of the relationship between the God Realm and the Heart Refining Dragon.

However, he wasn't the type of person who didn't know his limits. Although coming here this time was a rare opportunity, he had already touched the restriction, so he immediately chose to retreat. This was his second attempt, and it was clear to see that he failed.

Just when he was about to leave the Causality Holy Stone, the formation on top of the stone suddenly lit up without any trace of politeness. It let out a dazzling light and a sharp noise, just like an angry sea beast, roaring.

"Someone touched the Causative Holy Stone!"

Generally speaking, the people inside the Sea Clan knew that one cannot touch the Causality Sacred Stone, and of course, it could also be carelessly touched by someone. After all, no one can take away the Causality Sacred Stone, it is just like the Black Jade Dragon's Head in the Dragon God Domain, it is even harder to destroy. The Sea Race had set up restrictions because they viewed the Causality Holy Stone as

a sacred object to prevent ordinary people from touching it. However, ever since it was set up, it had not had many uses, so Chen Xingyao did not even know that there were restrictions on it.

As such, the change this time was rather unexpected for the Seafolk.

"Someone actually touched the Causality Saint Stone, who was so careless!"

The few half-god body experts who were guarding in the forbidden region immediately broke through the colorful seawater and rushed towards the Causative Holy Stone. In the blink of an eye, they arrived at Long Chen's side.

Long Chen was very calm, he continued to retreat carefully using the Time Traversing Dragon.

His judgement was not wrong, if he were to continue to search for the God Dao's Heart Refining Dragon's Inherited Blood, he would have already been discovered. If he was surrounded by so many half gods, although he wouldn't be caught or injured, he would at least be discovered by Long Chen.

With his identity, the moment he was discovered, the sea race's journey would be over.

"Where did he go?!"

"Who touched the Karma Stone? Get the hell out here!"

"He must have escaped from here. Did one of our people accidentally run into him? Then we shouldn't have to escape, right? "

While they were talking, they quickly dispersed.

"Seems to be missing a high!"

There were a few guards here, and everyone knew that since everyone was here at almost the same time, it was basically safe. However, there was only one missing high key point, so they were all very surprised.

In fact, if Gao Yang had touched the Stone of Karma, it wouldn't have been a big deal. He just had to explain it clearly to the six Ocean Emperors and apologize.

Then, why did he run away!

"Let's find the person first!"

Several demigod body guards rushed through the forbidden area. Several of the entrances to the forbidden area were blocked by guards. There was still no news yet, so the person who touched the Stone of Karma should still be inside.

Of course, this was not a big deal, so they were not in a hurry.

Long Chen also carefully retreated in this kind of situation. Because he was in the state of the Time Traversing Dragon, he did not dare to move too quickly in order to avoid alarming others.

"Brother Chen, I can try to remove that restriction." Ling Xi suddenly said this.

"That would be for the best, but it's not suitable right now. We have to wait for the next opportunity."

The restriction this time was an accident, but next time, he would not make such a low level mistake again.

Under his careful retreat, he quickly made his way out, but at this time, a huge beast was attacking from the distance at Spirit Sea. On its path ahead, the ocean water quickly flowed to both sides.

That huge beast was like an island in the sea that was moving towards Long Chen. Long Chen carefully dodged and took a closer look, only to see that it was actually a huge crab, a gigantic beast that was in the sea. It was completely purple, with thick and sharp legs, and a pair of gigantic purple pincers that were even scarier than Dao artifacts.

This was one of the six peak-level lineages of the Sea race, the Purple-eyed King clan.

To be able to become a demigod, most of them had six great peak-level bloodlines.

The most miraculous thing about the Purple-eyed Royal Clan was their pair of purple eyes. Their pupils were formed by countless concentric circles, and there were even tens of thousands of rings that combined together. They were even rotating, and once they made contact with the eyes, it would create a dizzying effect.

Because Long Chen was unable to move quickly, there was a period of time where he was practically face-to-face with the Purple Eyed Royal Family.

He wasn't flustered, but carefully moved to the side. The Emperor Amethyst Clan should be looking for the person that caused the Causality Saint Stone to change.

Right at this moment, Long Chen felt that the other party's pair of purple eyes seemed to be locked on him.

This was a sharp intuition formed from countless battles.

The Amethyst Emperor Clan was able to display the divinity of their eyes directly on the name. It was obvious that this kind of pinnacle bloodline, the Sea Clan, possessed exceptional talent in the art of eye arts!

That's right, even though he was in the state of Time Traversing Dragon, he should have already seen himself.

"You can't show yourself!"

Long Chen could roughly tell that he had only seen the person, but did not know who he was!

This was a small opportunity.

"Who, don't run!"

Indeed, at this time, the emperor uttered a threatening voice.

When the others heard this voice, they guessed that they would rush over here, and would not be able to stay any longer. The moment the Time Traversing Dragon appeared, Long Chen used the power of the Fourteenth Sacrifice of the Taiji Creature Dragon.

Fourteen types of power were unleashed at the same time. The first step they did was to conceal themselves.

Long Chen had displayed the most power, which killed the most, followed by time. The Taiji Creature Dragon's power was divided into two parts, one part was "Creation", and the other part was "Life".

However, he had only used the power of the Fourteenth Sacrifice for a short period of time. Very few people knew about it, especially the Sea Clan, which he had not used at all.

This is the only safe way.

When the Fourteenth Sacrifice was used together, it was comparable to the power of the Blood Spirit Spikes.

Fourteen different types of powers mixed together, producing a huge explosion and impact force. It directly sent the huge beast of the Purple Eyed Imperial Family flying, and Long Chen successfully returned to the state of Time Traversing Dragon once again, before he turned around and escaped.

This time, it was extremely risky, but under the shaking of the Fourteenth Sacrifice, it was still extremely effective. It caused a certain amount of damage to the opponent, and at the same time, Long Chen directly flew out of the forbidden region, heading in his own direction at full speed.

When he returned, and no one discovered him yet, Long Chen could not help but heave a sigh of relief. Now, he could only wait for the Seafolk to suspect him.

After all, they were still wary of him.

However, after tormenting himself for a while today, due to his nervousness, Long Chen had a slight feeling that the sixth tribulation, which he had been waiting for, was about to arrive.

At the beginning, it was just a feeling, but as time passed, this feeling was extremely strong. The six tribulations were actually unprepared for them and were truly about to descend!

Chapter 2330 - Heaven's Tribulation

The tribulation of the reincarnation cycle before, in reality, had more obvious omens even before it arrived. Perhaps it was triggered by Long Chen's highest level, at least it wouldn't descend instantly like this time.

It was very possible that it was actually because of Ling Xi.

Long Chen had left her for too long, and when they reunited, the two were like dry firewood that burned fiercely the moment they touched each other, creating a huge reaction. Long Chen continued to emit fire energy for a long time, then became even more vigorous and powerful. That time, it had directly allowed Ling Xi to pass through the first stage of reincarnation tribulation.

It had helped Ling Xi greatly, but also helped Long Chen quite a bit.

This was why Long Chen was able to trigger the descent of the six tribulations not long after he had advanced to the later stages of the Five Elements Tribulations.

This was a good thing, but it could also be a bad thing.

The advantage of this was that if he could cross it, his strength would definitely increase greatly. In addition, he had an excuse, claiming that if he cultivated diligently during this period of time, he would be able to avoid the suspicion of causing chaos in the forbidden area. The bad part was that it was too sudden and would not be that easy to get past it.

In actuality, he still had four drops of god's chosen one.

It could counteract the six tribulations, the Seven Stars Calamity, the Eight Tribulations, and the Nine Palace Calamity.

Previously, Li Xuanji had consumed a lot of the Reincarnation Poison.

However, Long Chen did not plan to use it for himself. He already had three levels of ancestral dragon-inherited blood, so he was full of confidence in himself.

The thing he was most afraid of was that Ling Xi would not be able to withstand the tribulation of reincarnation, and would instead leave this world after many years. Not only did Long Chen want her to live forever, he also wanted her to live forever, and his friends would also live forever.

Therefore, unless it was a last resort, he would not use the god's chosen liquid.

"Xiao Xi, don't be nervous. You should have some confidence in me. Think about it, the current me is already able to defeat all the powerful experts with SemiGod bodies. In the entire Immortal God Region, he was already a supreme expert. Once I succeed, then I should be able to directly go against the level of Nine Palace Calamity, so in this entire world, there are even less people who can go against me. "

His situation was still very optimistic.

He was about to step into the ranks of the most powerful experts at the peak. Even the six great emperors of the ocean might not be able to pose a real threat to him at that time. He was still so young, his future achievements would definitely be even more glorious!

Long Chen had originally been able to dominate the Dragon Sacrifice Continent and complete his first goal. But now, he had already completed his long-cherished wish for his father, and in terms of himself, he was only a tiny bit away from becoming an existence close to becoming a god.

As long as he could survive the reincarnation tribulation!

Then, what reason was there to not go all out?

Long Chen reckoned that his own six Tribulations would very possibly be able to compare with the Nine Palace Calamity of others!

Because they were afraid of Nine Palace Calamity, they all delayed their Nine Palace Calamity by about five thousand years, in search of the most reliable time to fight back. But Long Chen was different. The entire five elements tribulation time, had not even reached three months.

He was a miracle.

Therefore, even though it was the sixth tribulation, which was as strong as Nine Palace Calamity, he still felt no fear in his heart.

It was rumored that there were six disasters within the Six Paths tribulation: Heaven, Earth, Asura, Hungry Ghost, Beast, and Hell!

Six disasters!

It was also for six worlds.

Although the Immortal God Realm was far from being as large as the Dragon Sacrifice Continent, to the Dragon Sacrifice Continent, it was their heaven. And any martial practitioner in the Immortal God Realm, any one of them would be at the Divine level.

Earth, that was the Dragon Sacrifice Continent who was collapsing and the world around him was disappearing. It was the main body and the foundation of the entire Dragon Sacrifice World.

Ashura was the embodiment of all evil in the world. It existed in a world of resentment, death, slaughter, devouring, and so on. It was a gloomy world that existed in every corner of the world, in every single person's body. It was said that once negative emotions appeared, the door to Asura would be opened.

A hungry ghost was a devil. These were the Archaic Giant Demons and the other group of demons. This was also the most unique part of the demonic star.

In the Immortal God Realm, it represented dire beasts. But in the Dragon Sacrifice Continent, it also referred to wild beasts, demon beasts, wild beasts, Ghost Beast and other animals that could not take human form.

The last was hell.

Legend has it that it was the reverse side of the Dragon Sacrifice Continent, and that it was located behind the back of the Dragon Sacrifice Continent. It was a world that was opposites to another world, and the road to hell was called the road to rebirth.

The name "Path of Rebirth" sounded familiar, but Long Chen had already forgotten about it.

In terms of time, he didn't have a deep understanding of the Six Paths of Tribulation. Moreover, his Six Paths of Tribulation was definitely different from others.

When his heart was ready, Ling Xi did not dare to disturb him. It was obvious that it would be a tough battle, so he was already prepared. Right now, he was sitting cross-legged in his residence, carefully focusing his attention as he waited for that moment to come!

The six tribulations did indeed have some movements.

Of course, most of this was a change of heart. In the outside world, it displayed that a kind of six colored cocoon of light had gradually appeared on Long Chen's body, and the cocoon of light was growing larger and larger, completely surrounding him and enveloping him within.

In the beginning, he had not been able to cause any changes in the imperial city of Hanhai. But now, the news of an invasion of the forbidden region had spread throughout the entire imperial city. At the same time, there were people searching for the whereabouts of Gao Pi.

Of course they would not think that, Gao Po had already been unknowingly killed by Long Chen and Chen Xingyao.

However, when they arrived at Long Chen's side, just as they were about to denounce him, they saw a terrifying miracle that was happening right now. They, who had come from the six paths of tribulation, naturally knew what these six colored lights represented.

"He's so powerful, yet he's going through six tribulations?"

"Impossible!"

"From sensing to forming the six tribulations, it should have taken at least half a year. That is to say, he already knew that the six tribulations would arrive. In this sort of situation, he shouldn't be able to run into the forbidden area, right? Furthermore, he isn't suitable to be so brazen. Could it be that the person who touched the Causality Saint Stone wasn't him? "

Everyone was preparing to surround the place and ask about it after Long Chen had passed through the sixth tribulation. But at this time, someone hurriedly said, "Everyone, quickly get out of the way!"

Everyone realized in shock that the cocoon of light formed by Long Chen's six tribulations was actually still expanding!

Their initial size was already several times larger than the others. They thought that if their six tribulations had been this big, they wouldn't have been able to survive until now.

But now they understood that this was only the beginning.

After that, they watched helplessly as the six tribulations continued to expand, creating an unprecedented level of power. An hour later, everyone in Hanhai Imperial City was paying close attention to his six tribulations, because at this time, the sphere of light formed from six colored rays of light already occupied a third of Hanhai Imperial City.

From this, one could imagine how exaggerated Long Chen was right now. Perhaps the heavens had the intention to kill him, and had already released the greatest amount of energy. The calamity that Long Chen had to endure was almost thousands of times greater than that of an ordinary person.

This degree of power, really only Nine Palace Calamity could possess this kind of power.

This was only six tribulations!

Everyone could not help but be shaken and were stupefied. They all stood outside the six colored ball of light to see the commotion, and even figures like the six Ocean Emperors and Liu Ji had appeared. They watched this change without blinking, as they experienced the great shock that came from Long Chen.

In the span of a moment, everyone had forgotten about the matter of breaking into the forbidden area.

"To have such a level of six tribulations is obviously inconceivable. There has never been anyone else, and there will never be anyone in the future. Even if Long Qinglan wants to compare the two of them, he is still a little lacking."

By the time they were discussing this, Long Chen was already prepared to face the first calamity.

The six tribulations were six disasters, six disasters for the six great worlds, six cycles of reincarnation, life and death limitless. The first calamity came from the entire Immortal God Realm under Long Chen's feet.

In the Trinity Tribulation, there were many geniuses. However, the sky and the earth of that time were not the world of today. They could not be confused. The heavens of the sixth tribulation were the entire Immortal God Realm, the entire world. If the entire world were to meet with calamity, how terrifying would it be and how deadly would it be?

Long Chen still vividly remembered the five powers of the Five Elements Tribulation, the Celestial Golden Sword, the Primordial Yellow Sand, and so on. The heavens were fair, at the same time that it brought the bodies of the three kind of Ancestral Dragons to Long Chen, it also brought about the most terrifying tribulation of reincarnation to deal with him. At least, the tribulations of the three talents and the five elements would not be easy at all. Especially the five elements, the future Seven Stars, Eight Trigrams, and Nine Palaces would probably be even more abnormal!

The sixth tribulation, the Heavenly Tribulation, had descended!

Others would see that Long Chen was surrounded by a huge six colored brilliance, but Long Chen was looking at a boundless starry sky. He was floating in the starry sky and he was currently a gigantic divine dragon.

With such a huge body, the world was completely unrestrained!

It was to the extent that Long Chen seemed to have even more power.

However, he still felt a sense of crisis. He looked upwards, what was it that he was looking at?

That's right, the entire Divine Realm of Immortality!

It was the Heavens!

He was under the heavens.

"Heavenly Tribulation?"

Just as he realized that the Immortal God Realm of the Gods was about to kill him, the Immortal God Realm began to change. From the incomparably vast ancient continent, it was as if a force had mixed together into dough and began to condense.

The ball contained the power of the entire Immortal God Realm. It was impossible to describe the surging power of this power with words. This was the power of the entire sky and it gathered almost all of the spiritual energy in the Immortal God Realm.

Then, it rushed towards Long Chen.
