

## War God 2341

Chapter 2341 - Seas of his previous life

The forbidden region was completely quiet. After everyone had entered, the flower on top of the Three Lives Divine Stone gradually gathered up. The three petals merged together and then sank into the Divine Stone of Three Lives.

Only now did the Three Lives Divine Stone's transformation come to an end.

After leaving the forbidden area, everyone could see that everything had disappeared. However, they did not dare enter the forbidden area again. Instead, they waited outside obediently, waiting for the return of the six great ocean emperors.

"I really don't know what the appearance of the Three Lives Secret Realm will bring to our Sea Clan."

"That's right, the six great Ocean Emperors will definitely have new harvests. It would be best if they can help our Sea Clan become even stronger and have the ability to go against the demon race and human race. Especially the Monster race. They actually said that we were once a part of them. How laughable. "

Long Chen's actions basically brought all Sea Clan warriors with a body of a demigod or higher into the Three Lives Secret Realm.

To the six great Ocean Emperors, this was undoubtedly intolerable.

However, just as they entered the Three Lives Secret Realm, the exit was closed. Obviously, there was no way for these people to leave.

Moreover, some strange things had happened.

Even the six great Ocean Emperors were not in the mood to pay attention to just how many people had disobeyed their orders and barged in.

When Long Chen landed in the Three Lives Secret Realm, the first thing he saw was a tranquil prairie below his feet.

It was a very ordinary grassland, and it looked like it came from the Dragon Sacrifice Continent. The blue sky was white clouds, and the wild flowers were fragrant.

This was the Three Lives Secret Realm.

Long Chen was stepping on this piece of land.

In reality, all of them were standing in a space with a diameter of a hundred meters. It was a bit crowded, as if there was a light barrier surrounding them. All they could see was this boundless prairie, but it seemed impossible for them to leave the area within a hundred meters.

Long Chen was at the front of the crowd, and indeed, he saw a graceful woman. It was Liu Ji. Although she had entered a step earlier, causing the six great Ocean Emperors to be extremely nervous, it was a pity that she was also blocked by this formless barrier of light and was unable to leave for the time being.

"Where are we!"

Everyone looked at each other, not daring to move for the time being.

The Sea Divine Emperor was very angry.

As the First Ocean Emperor, the first thing he was most angry about was that his woman, Liu Ji, knew about the secrets of the Three Lives Divine Stone and didn't tell him. If not for the long change in the Three Lives Divine Stone, he reckoned that he would not even have had the chance to enter this place.

To him, Liu Ji was a woman under his control, yet she had done something so close to betrayal. This caused him to feel a wave of anger in his heart.

The other thing that angered Lin Ming was that there was actually such a Divine Body martial artist that had disobeyed his orders and entered the Three Lives Secret Realm.

"Damn them all!"

The Sea Divine Emperor didn't want to attack Liu Ji first, but he had to first deal with these SemiGod bodies. He had to punish a few of them to scare them and make them behave themselves.

However, just as he was about to make his move, he noticed something.

The Three Lives Secret Realm actually had an extremely deep set of rules.

The Sea Divine Emperor was currently in contact with this level, so of course he felt it very deeply. He could confirm that this rule was in effect and that everyone who came in would be bound by it.

He discovered that his World Tree and Divine Palace were both sealed, preventing him from using his divine power at all. It meant that he had lost all his power, leaving only the Heart of Rules' understanding of the heavens's way and his physical strength as the peak bloodline of the Sea Clan, the Sea God's Tooth.

Under the restraints of these laws, even the power that he had transformed into his original body had disappeared.

Not only the Sea Divine Emperor, but everyone else had become the same under these rules. Long Chen on the other hand, had his six Power of Reincarnation sealed, so similarly, only his physical body's strength remained.

This was the God's rule!

Under the rules, everything was invalid.

Long Chen still had those abilities, but he did not have any inner strength, so it was not normal for him to use them. Thus, at this time, it seemed like the Ancestral Dragon Art was useless.

However, seeing that everyone was the same as him, he felt at ease.

"Rules, above the Heavenly Dao, are the techniques used by deities. He really did leave. This Three Lives Secret Realm is actually governed by the laws of nature! "

Liu Ji was the first to enter. She should have also felt that her power had been sealed.

For now, everyone was still in this small space.

The other Ocean Emperors were trying to break this rule, so Divine Emperor of the Sea Realm knew that it was hopeless. He glowered at the crowd, and his gaze finally landed on Long Chen.

"First Ocean Emperor, we did not come in on purpose, it was this Long Chen who pulled us in!"

Immediately, someone complained, trying to get a clear understanding of the situation.

"I'll deal with you guys after we leave. "Also, come here and listen to my orders. I didn't tell you to move, and whoever dares to act recklessly, even if they are restricted by the rules, I will make you suffer a fate worse than death. I want to see who dares to disobey me again."

Sure enough, he was about to explode in anger.

Everyone who had rushed in just now could not help but feel some regret. However, if there really was a great treasure here, then it would not be too bad if they had to pay a price to enter. Of course, with the six great Ocean Emperors, as long as the entire Three Lives Secret Realm did not become chaotic, others would not have much chance of winning.

"Long Chen, as a human, you actually entered our Sea Clan's Secret Realm. Shouldn't you give me an explanation?"

The Sea Divine Emperor said coldly.

In this kind of situation, he couldn't care less about losing face.

Long Chen laughed lightly, "Senior Sea Divine Emperor, don't be so stingy. I'm just curious to come in and take a look, I won't cause you any trouble next. If there is anything good in this Three Lives Secret Realm, will I be able to snatch it from you? So don't worry. "

How could the Sea Divine Emperor kill him here when he had already entered?

With so many people present, there would always be a time when word would spread out. When that time came, the humankind would surely come to settle the score with him.

He thought better of it.

Although it would be a big problem if so many people came in, he still hadn't figured out what was going on. Thus, his attention was still focused on the Three Lives Secret Realm.

"I hope you can do as you say."

The Sea Divine Emperor gave him a final warning.

"There's no other way. I can't get rid of this rule."

The other Ocean Emperors said helplessly at this time.

The Sea Divine Emperor knew that this was the case, so he did not waste his energy.

"Liu Ji."

The six of them walked forward and looked at the number one beauty of the Sea Clan with tiger like eyes. Sea Divine Emperor, who usually doted on her the most, was now the most furious. Of course, because of the presence of Emperor Xi Yao, his performance could not be too special.

"Explain what happened today."

The Sea Divine Emperor said in a deep voice.

As soon as he finished speaking, they could feel that the light curtain that was blocking them had disappeared. They no longer had any restrictions. In front of them was an endless grassland. The secret of the Three Lives Secret Realm was definitely in front!

Liu Ji's expression was indifferent. Even though she had activated the Three Lives Divine Stone, it was not beneficial for her at the moment. Fighting against the six great Ocean Emperors would not end well, so she said: "I'm sorry, six Ocean Sovereigns. I just thought that there might be something strange about the Three Lives Divine Stone, but I really didn't think that I would be able to activate it by mistake. If I knew earlier, I would have definitely informed the others right from the beginning."

If it was a normal day, then this situation could indeed be explained in this way.

However, she had secretly disappeared after the ocean sacrifice ceremony, so it was obvious that she had a plan in mind. Now that she spoke of it, it was a bit far-fetched.

However, all of the Sea Race understood each other. They were not easy to deal with as long as there were benefits, everyone would quietly take over their territories. Even idiots would make it known to the world.

"Let's go. Let's not waste time and see just what this Three Lives Secret Realm has to offer." Don't come near us! "

At this time, the six Ocean Emperors had formed a united front. They did not dare to place these people here, because if they were to scatter in all directions and cause chaos, they might be able to find something better than themselves. They wanted to see how many people would follow him, but they definitely wouldn't let them run in front of him.

The six Ocean Emperors had special rights here.

The group of people quietly walked forward. Everyone was looking left and right, wanting to see something from this boundless prairie.

The whole team continued to advance without a word. The six Ocean Emperors were also on their guard. In truth, their mood today was exceptionally excited as well.

After all, this was something that hadn't changed in tens of millions of years!

Long Chen mixed into the crowd, neither fast nor slow.

"Three Lives Secret Realm, Three Lives Divine Stone. This place should be related to the love of the Three Lives God Stone. The two divine stones were almost linked together, and he did not know if it was related to the Causality Holy Stone. I wonder if the legacy blood essence of that 'heart dragon' of the Divine Path will be within this Three Lives Secret Realm. "

Therefore, he didn't dare to lower his guard.

"The sea from my previous life?"

Right at this moment, the six great ocean emperors discovered a one meter tall stone tablet in front of them. It was extremely ordinary. On the stone tablet, there were three carved words, 'previous life's sea'.

Three lives were his previous life, this life, and the afterlife.

This was to say that the seas of his past life might be an important part of the Three Lives Secret Realm.

But where was the sea in his previous life?

When they advanced once again, they finally found the answer. A strange ocean appeared at the end of this boundless grassland, different from the Sea God's Realm. The water here was clear and transparent, allowing them to see everything within a few dozen meters. The sea was vast, but not deep. Strangely, the water was boiling.

Although it was called a sea, it was actually a pool of boiling water.

"This must be the sea of my previous life!"

The six great Ocean Emperors looked at the boiling clear water and looked ahead.

"The sea water possesses an even stronger power of laws."

The Sea Divine Emperor stared for a moment before speaking cautiously.

Since the Threelives Divine Stone allowed everyone to come here, it definitely wouldn't allow them to wait on the shore.

At this time, the Sea Divine Emperor picked a stalk of grass from the ground and threw it into the boiling water. In the blink of an eye, the grass disappeared. It disappeared into thin air, not shattered.

Chapter 2342 - Shared Crossing In This Life

"The sea from my previous life?"

Divine Emperor was stunned.

He took out even more items from the Divine Kingdom, including Dao artifacts and even some small desolate beasts. However, without exception, they had all disappeared into thin air after being thrown into the sea from his previous life. Moreover, he was definitely not being corroded or engulfed by the sea water. He had completely disappeared.

The Crimson Emperor said, "I estimate that even if we fell in ourselves, we would probably disappear into thin air. As for where we went, I don't know. We might have left this Three Lives Secret Realm and returned to Hanhai Imperial City, or we might have died."

What he said immediately caused a commotion.

The sea in his previous life was boundless. If he wanted to go somewhere else, he would have to cross it. However, he couldn't touch the sea at all.

"Can we fly?"

Although his strength was sealed, he could possibly pass through the ocean of his past life by relying on the strength of his body.

"No, the sky is locked." The Sea Divine Emperor shook his head. He had discovered that the air was restricted from the start, and only then did he realise that there were mysterious rules circulating in the sea as well. With Long Chen and the others' current levels, of course they could not see anything, but he was different.

This was a power that only the gods could put down.

Deep in their hearts, the six Ocean Emperors were deeply shocked. They couldn't help but ponder about who left behind this Three Lives Secret Realm. Now that they were guided here, what would they encounter next?

At this moment, it was as though they had returned to the days when they were young, roaming the world for treasures. Their hearts were filled with a deep sense of excitement, constantly maintaining a state of nervousness.

They were beginners of the law, and seeing such mature power of law, they were naturally extremely excited. After arriving at the Three Lives Secret Realm, even they had become juniors. They were vaguely aware that this was a Three Lives Divine Stone that had been hiding secrets for tens of thousands of years. Just how tempting was this thing inside?!

When they got here, they could barely breathe.

Liu Ji also had a slight reaction. Due to the pressure given by the six great Ocean Emperors previously, she did not talk much right now. However, she would not give up. She continued to carefully observe her surroundings.

"Let's go up. There seems to be something here."

she said suddenly.

Sea Divine Emperor suddenly turned his head and looked at her, then looked upwards. It seemed that there was something on the shore there. The six great Ocean Emperors moved at high speed, charging in that direction. The others followed suit.

Hearing the six great Ocean Emperors say this, no one dared to forcefully cross the ocean anymore. Right now, they only dared to follow the Ocean Emperor. Thus, he followed along the way.

Long Chen was clear in his heart that this Three Lives Secret Realm should have a test.

In that case, the test wasn't about who was faster. The one in front would be able to obtain everything. It all depended on fate and luck, so even if he was in the crowd watching, he wasn't in a hurry.

His gaze swept past Liu Ji. She was the first person to enter. And there must be something special about her for her to be able to open the Threelives Divine Stone. Clearly, she was his greatest enemy. Perhaps, at this moment, she should know more than everyone present.

"The one she should be afraid of, should be her."

As for the six great Ocean Emperors, under the situation where their powers were restricted, was not afraid of them if they were to compete in physical strength alone. He wasn't even afraid of them attacking him.

If it was Meng Hen who came here, then even the Ocean Emperor would not be able to compare to her.

They arrived at the top of the coast and stopped before a white stone tablet. This was the second stone stele that had appeared. Compared to the first stone tablet, it was slightly more exquisite. There was a row of small, delicate words carved on it. It was not as rough as the words' previous life's sea '.

"In this life of shared trials and tribulations."

Only eight words.

Everyone could not help but utter these words out loud.

However, they still didn't know what that meant.

Long Chen tilted his head, and was also a bit confused, but at this time, Ling Xi said: "Storms go together, it means that we will be sharing hardships together. If this is the sea of my previous life, then wouldn't we have reached this life after crossing the sea of my previous life? So I guess, do you want to go across the sea in a boat? "

Ling Xi's brain was rather sharp, after hearing what she said, Long Chen had a general idea of what was going on. He raised one and three, and said: "This is the Three Lives Secret Realm, and the Three Lives Godly Stone is a place that symbolizes love. So, there should be a limit for the two who love each other in this life. "

"Un, right!"

Both of them had similar thoughts.

As for the others, they were also discussing amongst themselves.

"Perhaps, we will be able to arrive at a place called 'present life' after passing through the sea of our past lives."

"But how do we get through it? There was no other way? What would be the same as a storm? We'll work together and go through it? "

There were so many people present, but there were only a few couples that loved each other. In the Sea Clan, no powerhouse would want to find a woman that is similar to them. That would restrict them and they would be more willing to have thousands of women while he would be the absolute ruler.

Like the Sea Divine Emperor, who had a single wife, the entire upper echelons of the Sea Clan did not exist.

There was an exception to the relationship between Chen Xingyao and Liu Ji.

As everyone was discussing, the sponge in his previous life had changed. Many people were looking forward.

"It's a white boat!" Many are heading in this direction! "

someone exclaimed in surprise.

"As expected, the wind and rain are coming together." Long Chen also saw that there were dozens of small white boats floating quietly from the other side of the sea in his previous life. There was nothing on them, it was obvious that they appeared due to the power of laws.

"Clearly, this is something that the seniors of the Sea Tribes left behind for us!" Someone had already said this excitedly.

Any changes to this place indicated that this was left behind by 'humans', and this small white boat was here to receive them.

Sure enough, the white boat arrived at the seaside, turned around, and lined up neatly in a row.

If one looked closely, they would be able to see that there were about two people on each white boat. Of course, the three of them could also squeeze in.

"Everyone, don't move first!"

Sea Divine Emperor stopped everyone.

Naturally, he wasn't willing to let everyone ride on this little white boat.

"The six of us will go over, you guys stay here and don't move."

The arrival of the small white boat caused everyone to be extremely excited, and the Sea Divine Emperor was as good as pouring cold water on them.

"How can this be? This is a place left behind by our ancestors. We don't want anything here. We're all on the same side, can't we see for ourselves?"

At first, someone complained softly.

Everyone's thoughts were the same, they naturally didn't want to stay here.

"Moreover, there is no exit here. Who knows if we will forever be unable to exit here?"

At this point, everyone became afraid and began to plead with the Sea Divine Emperor.

"Ocean Emperor, we guarantee that we will listen to your orders, but leaving us here is not an option either. The entrance is already sealed, how can we stay here?"

For a time, dozens of martial artists with the body of a demigod were resisting.

This gave the Sea Divine Emperor a headache.

"All of you, get on the ship. Remember, you must have a clear understanding of yourselves. You must not act rashly!"

Xiao Yao waved at them and said.

Because there were so many of them, there were one leaf occupied by one person, while there were also two people who lived on it. This group of people were smarter, and they knew that there was definitely a problem with the words' sharing the same boat through the rain and the wind '.

The Ocean Divine Emperor stepped onto a small white boat, and Emperor Xiao Yao followed behind him. Seeing Sea Divine Emperor looking at his, Ximen Yao smiled tenderly: "This is the Three Lives Secret Realm, a place within the Three Lives Divine Stone. What is a Three Lives Divine Stone? This same weather, this must be the description of the husband and wife. This time, we have an absolute advantage. Just watch. "

The Sea Divine Emperor was startled and nodded: "Oh, this is even better."

He looked ahead and then turned his head to the other side. At this time, Liu Ji had already boarded a small boat. However, she turned around and waved at Chen Xingyao. Chen Xingyao felt a little helpless, but still went up.

It was normal that they were husband and wife, so no one paid much attention to them.

Seeing that most of the people in the boat were occupied by two people, the people in the boat started to adjust as well. They were basically a pair of two people. Most of these people were men, so there were fewer men and women matching each other. However, most of them weren't husband and wife.

"Humph!"

Liu Ji and Chen Xing boarded the small white boat with the same leaf. This made Divine Emperor a little unhappy in his heart, as that was his woman. However, in front of Emperor Xi Yao, this was definitely not an admission.

From the corner of his eyes, he caught sight of Long Chen. On the small white boat that Long Chen was on, he saw the devastatingly beautiful Ling Xi that was as ethereal as a fairy. Long Chen told her to come out from the Divine Kingdom.

"These two people are truly in love. If something were to happen to Hai Yang in your previous life, then they would probably be fine. You should find an opportunity to imprison him in the Divine Kingdom."

Xiao Yao reminded beside him.

"Got it."

The Sea Divine Emperor naturally knew of Long Chen's trouble.

Other than these two Ocean Emperors who were husband and wife, the other Ocean Emperors were not husband and wife.

As a matter of fact, the white boat would only start after everyone was on board.

All the white boats moved forward side by side, moving towards the other side of the boiling water at an extremely slow speed. The small boat slightly swayed, causing everyone to feel somewhat nervous. After all, no one knew where this small boat would go.

As long as he went into the water, he would disappear. Now that they had left the shore and were unable to fly, the group was still quite nervous. All they could hear was the sound of heartbeats, conversation, and discussions along the way.

There was also the sound of boiling water.

Everything seemed too quiet.

Soon, everyone discovered that the original shore had disappeared. They could not even see a cloud in the vast sea of their past life.

"How terrifying." Ling Xi nestled in Long Chen's embrace and shrunk her neck.

"This is going to be a good show, right?" Long Chen smiled faintly.

In his previous life, the sea must have been where the lover came from. Those fellows who weren't lovers would eventually get into trouble.

Sure enough, Long Chen's words quickly came true.

#### Chapter 2343 - Sinking of Small Boats

In the middle of this sea in his previous life, there were already many petals in the boiling water. There were all kinds of petals in the boiling water in this past life, causing the sea to look like a petal pool.

Long Chen and Ling Xi were holding hands. The small boat they were riding was currently in the middle, and its speed was not controlled by them.

Everyone was in high spirits. The road ahead was calm, which made them feel extremely relaxed.

However, what they didn't know was that this Three Lives Secret Realm wasn't a place where anyone could enter.

Sure enough, at this time, the small boat that someone was riding began to shake violently. Because the total number of people entering the boat was odd, there had to be one person riding a small boat alone.

The small boat that was shaking violently was the boat that was riding by itself.

Everyone exclaimed and looked at him nervously.

The small boat swayed from side to side, shaking violently. It wanted to throw that body of a demigod martial artist out. That was the power of laws, and right now, they only had the strength of their physical bodies!

"AHH!"

Everyone exclaimed.

The warriors on the boat could only use the momentum to fly into the air. However, there were still rules in the air, and as soon as he flew up, it was as if he hit a steel board. He fell down in extreme pain, and no one could save him at this time.

Everyone watched helplessly as this person fell into the sea of his previous life, causing the water to splash everywhere. They watched as he sank without a struggle and then quickly disappeared, and the entire sea gradually recovered and became calm once more.

The colorful petals in the water were still lightly swaying.

They watched as their people disappeared, not knowing if they were dead or alive. It was only at this moment that they truly felt the terror of their previous life's sea. A terrifying atmosphere permeated the air. That person must have only been at the beginning. There might be more dangers coming his way. This could very likely be the end of him.

It wasn't easy for them to cultivate to this point. With a high position in the Sea race, it wouldn't be worth it if they were to die because of such a thing.

"Don't worry everyone, there might be two people on the boat, and both of them will be fine."

Among the six great Ocean Emperors, Tyrant Divine Emperor said this.

All the small white boats were originally continuing forward peacefully, but because of Divine Emperor Ba's words, there were actually some new movements!

Of course, this shouldn't have anything to do with Divine Emperor Ba.

"What's going on!"

"Aren't I two people!? Everyone is swaying, why don't we all die here! "

For a moment, almost everyone was shouting. To their great sorrow, they discovered that at least the small boat that they could see in front of them all began to shake at this moment!

Even the small boat that the Ocean Emperor was riding was trembling!

However, if one looked carefully, they would notice that some people's boat was still peacefully operating. As long as one's heart was calm at this time, they would be able to discover the problem.

However, under such circumstances, the future was no longer known. Who could calm down?

"It's fine for both men and women to ride on the boat."

At this time, the people who had discovered the rules could feel that more than half of the dozens of small boats were swaying. These small boats were mostly used by two men, and even the Sovereign of the Seas was no exception. The small boat, where the Tyrant Divine Emperor and the Scarlet Emperor were, was currently trembling as well!

"It's over, we're all going to die here!"

"We are doomed. We, the Sea Clan, are doomed as well! Heavens! I don't want to die yet! "

Perhaps, the most unreconciled part was this kind of irresistible and inexplicable death!

The people on the boat were all regretting that they did not find a woman when they boarded the boat, which resulted in them being unable to do anything under the power of the rules!

From the start to the end, those people didn't have a single way out. Even if the Sea Divine Emperor was currently imprisoned, they wouldn't be able to exert much strength and could only watch as the people around them disappeared.

"He shouldn't die, but he'll reduce the number of my competitors!"

The Ocean Divine Emperor firmly believed so.

In reality, his heart was in ecstasy. He felt that this was something left behind by his Sea Race ancestors. They definitely would not harm their own people, so those who had sunk down were just eliminated.

"Storms go hand in hand, sharing this life together." Add to that the fact that this was a Three Lives Divine Stone, a symbol of love. It's obvious that the husband and wife should be riding on a small boat. "Empress Xi Yao's eyes also lit up.

She felt that if there were people in this group who could cross the ocean from their past lives, there would definitely be two of them.

"Husband and wife?"

Sea Divine Emperor did not dare to say more.

In their line of sight, a large number of small white boats dove into the water. Even the Ocean Emperor only stayed in the air for a short while, but in the end, he fell into the water unwillingly and then disappeared from their sight.

There had originally been dozens of people, but now that it was quiet, there were only a dozen people. All of the Nine Leaf Boats, including the male and female collocation, were in this place.

The remaining eighteen people looked at each other. Although the small boat was still moving forward, a portion of them were still terrified. After all, the people who had disappeared, including the four Ocean Emperors, didn't know whether they were dead or alive.

If they were to die, the Seafolk would be doomed.

There weren't many people like the Sea Divine Emperor who were secretly happy in their hearts. Xi Yao Huang was his wife, and he could be said to be monopolizing the rest of the team.

The only thing he was dissatisfied with was that Long Chen was actually still in this position.

The white boat continued moving forward. Sea Divine Emperor turned around and smiled at Long Chen: "Brother, where do you think we will go?"

Long Chen replied: "I don't know. The important thing is, whether or not we can reach the other side. This was still a question. Together through wind and rain, through the present life. This is the Three Lives God Stone, I think this Three Lives Secret Realm is a place to test love, those who don't have love are on the same boat, do you think you can reach the other side? "

He said with a faint smile.

After hearing this, the rest of the Demigod rank experts looked at each other. Liu Ji was also shocked as she looked at Chen Xingyao.

If you were talking about husband and wife, there were three legitimate couples here. The husband and wife was the explanation that Sea Divine Emperor gave at the beginning. But in Long Chen's explanation, it became love.

Apparently, love was closer to the Three Lives God's Stone than husband and wife.

Then, even if it was a husband and wife, if it was a fake, they might not necessarily be able to coexist in the same situation.

For example, Liu Ji and Chen Xingyao didn't have any feelings for each other.

Just as Long Chen finished speaking, the small white boat had already reached a new region and was shaking.

This time, only two vibrations were spared.

They were Long Chen and Ling Xi's pair, as well as the Sea Divine Emperor and Ximen Yao Emperor's pair.

Although Ocean Divine Emperor betrayed Emperor Xi Yao, when they were young, the two of them had indeed come together due to love, and had broken through quite a few obstacles. There were still feelings between the two of them, especially when Emperor Xi Yao was still unaware of the matter regarding Liu Ji.

As for the others, except for Liu Ji and Chen Xingyao, they had been temporarily formed. Now that the test had come again, they could not avoid it. They did not have the qualifications to cross this sea in their previous life, including Liu Ji.

"Just what is this place? Even we can determine if there is true love between us!"

Long Chen was secretly shocked.

He also believed that the person who had disappeared should have been eliminated and not dead.

Thus, he was not particularly nervous for Chen Xingyao.

However, his next opponents were the Ocean Divine Emperor and Ximen Yao Emperor. If he went ashore with them, they would probably be the first to take action against him.

The white boat under Liu Ji's feet was shaking.

"What should we do?"

Chen Xingyao asked helplessly.

"I don't know." Liu Ji shook her head. She was the first one to enter and also the one who discovered this Three Lives Secret Realm. She did not expect that she would be eliminated so quickly.

"Damn it!" This is where I found it, and where I opened it! "

At this critical moment, even the expression of this peerless beauty turned malevolent.

Currently, the Ocean Divine Emperor was looking at her with a worried expression. He obviously did not wish for anything to happen to this beauty, to be honest, he would rather fall down than to let Emperor Xi Yao so that he could continue walking forward with Liu Ji.

Chen Xingyao suddenly said, "Since it's already this critical point, you can try jumping towards the Sea Divine Emperor. Don't you guys have very deep feelings for each other? "

He was one of the few who knew.

Hearing this, Liu Ji, who was violently trembling in anger, glared at her. However, from the corner of her eyes, she saw Xiao Yao holding onto the waist of the Sea Divine Emperor, which made her extremely angry. Just as the white boat was about to fall, she actually, just as Chen Xingyao had said, jumped over there!

With her ability, it was not difficult for her to reach this step.

However, both Xi Yao Emperor and Hai Divine Emperor were so shocked that they jumped. Without even thinking, Hai Divine Emperor caught them by their waists, and the small white boat beneath his feet trembled for a bit before returning to its normal calm.

His risky move had actually succeeded.

Of course, the key to success was that there were some feelings between the Sea Divine Emperor and Liu Ji.

"It doesn't mean that there are only two people? Three people will do? "

Seeing that the Sea Divine Emperor had stabilized, Long Chen was a little gloating, because he knew that Emperor Xiao Yao was not stupid.

However, the most surprising thing was Chen Xingyao.

After Liu Ji left, the small white boat under his feet actually stabilized!

He was only one person!

"So the people from the Divine Kingdom have been included in this. Now that Liu Ji has left, Chen Xingyao and Zhong Yuyao will fall in love. Even if Zhong Yuyao doesn't come out, that's fine."

After a round of transformation, there were a total of three small boats left.

The others gradually fell silent. Only Long Chen, Ling Xi and Chen Xingyao were left, ready to watch a good show.

#### Chapter 2344 - Stone of Life

Including Zhong Yuyao from the far away Divine Kingdom, there were only seven people present. The others had all fallen into the sea of that previous life, and it was hard to tell if they were still alive or not.

Long Chen and Ling Xi had already reached the front of the small white boat. Chen Xingyao followed behind him alone, and behind them were the white boat that was occupied by three people.

Amongst them, the Sea Divine Emperor's thick hands were currently placing Liu Ji on the boat. He turned his head to look at Emperor Xi Yao, who was also looking at him.

The surroundings were silent, only the sound of flowing water could be heard.

Blisters began to bubble up from the depths of his previous world.

Together through wind and rain, through the present life.

It was understandable that Long Chen and Ling Xi could still continue like this, but why would when Liu Ji's daylight was swaying, she would jump towards the Sea Divine Emperor's side, causing both sides to stabilize?

A woman's intuition could tell that there was something abnormal from just their minute movements. Although the Sea Divine Emperor and Liu Ji's movements were usually very covert, it was just that their actions just now were like thorns to Emperor Xi Yao during a moment of panic.

Even though it didn't matter to Long Chen, he was happy to see the three of them making trouble. It would be beneficial to him if that were to happen, as it would not be an easy task to compete with the three of them.

For the time being, the two Ocean Emperors will not put Long Chen in their eyes.

As expected, Emperor Xi Yao could not resist saying in a cold voice: "Divine Emperor Hai, Silver Crescent, are you not prepared to give me an explanation!?"

Silver Crescent. That was the name of the Sea Divine Emperor.

"Yao Ling!"

The Ocean Divine Emperor probably did not want her to find out about the matter between her and Liu Ji, and his heart was already in chaos. The other party's cold and blood-red eyes allowed him to feel her killing intent, and he came to a sudden realization as he hurriedly said, "Yao Ling, I don't know why either! Didn't you see that Chen Xingyao was all right? It was obvious that the white boat, as well as the rules laid down by the deities, were in chaos. Otherwise, if Chen Xingyao was alone, he would have long sunk, right? "

This is the Three Lives Secret Realm.

Now, everyone knew that in his previous life, the sea needed someone who loved on the same boat in order to cross this sea. It was not bad that the Sea Divine Emperor and Xiao Yao Emperor were husband and wife, but since Liu Ji had actually come here, the small white boat had still not sunk.

Firstly, he believed Chen Xingyao's current state, but inwardly, he was telling her that there was definitely something wrong with these two. In fact, she had even suspected them before, but he did not find any evidence later on, thinking that he was overthinking things.

But at this moment, when they stood together, they seemed so natural and coordinated. It was as if a thorn had pierced her heart, and she was filled with boundless resentment and anger.

Long Chen and Ling Xi looked at each other.

"She has already noticed it. He was still holding back. The Sea Divine Emperor cannot deceive her. " Ling Xi observed her expression and spoke softly.

What was the situation for the three of them next would directly affect Long Chen's harvests for the day, so at this time, Long Chen could be considered to be more nervous.

Sea Divine Emperor said: "Since there was a mistake in the sea in my previous life, let's see if we can get to the other side first. Let's hurry up and continue forward."

There was a woman in front of him and a woman behind him. What a headache.

"I'll be in front!"

In truth, she was an even more unyielding person. If it wasn't for the Sea Divine Emperor, she wouldn't have compromised with him for such a long time, and now, she was only waiting for him to reach the Ocean Emperor's level. At that time, it would be Empress Xi Yao's death day!

In terms of scheming, she was not a match for him.

"Liu Ji!"

Emperor Xi Yao shouted her name with incomparable indifference.

"Is there something wrong with Emperor Xi Yao?" Liu Ji did not turn back as she replied indifferently.

Ximen Yao smiled, "It's nothing important. I just want to tell you, as a woman, if you don't behave yourself, no matter how high and mighty you pretend to be, you're still a slut."

"Oh, hur hur. "That makes sense, but it has nothing to do with me." Liu Ji smiled and looked forward.

Behind her, Emperor Xi Yao gripped her fists and was about to directly push her down, but at this moment, Divine Emperor Hai pulled her hand and bitterly said: "Yao Ling, don't misunderstand, she's our junior and is the pillar of the Sea Clan's future. How could I possibly have anything to do with her?"

While they were speaking, Long Chen had already seen the light of hope.

It seemed that they had successfully passed through the first calamity.

What appeared in front of him was a huge rock that stood tall in the sea of time. It was shrouded in clouds, and one could not see how vast it was.

"The future of the Seafolk?"

Xiao Yao snorted coldly, she also saw the huge rock in front of them, and said: "Forget about it now, wait until we get on the huge rock, we'll come back and have a good chat."

In reality, the Divine Emperor was a little too nervous. The more nervous he was, the more information he would leak, and the more Ximen Yao could guess at the bigger the truth.

Furthermore, Liu Ji was extremely arrogant in her heart and didn't ask for an explanation or a detour. Just this temper of hers made Emperor Xi Yao want to kill her. Not to mention that she had stolen all the limelight from him, it was even possible that she had seduced the Ocean Divine Emperor and she still dared to talk back to him.

The atmosphere became especially heavy and the Sea Divine Emperor was feeling extremely anxious. This matter had been concealed for many years, he did not expect it to happen today.

Even the appearance of the Three Lives Secret Realm, which had undergone such changes for the first time in thousands of years, had not caused him to feel any excitement in his heart. Originally, only he and the two Ocean Emperors, Emperor Xi Yao, had stayed. This was a great fortune for them, but unfortunately, their relationship with Liu Ji was known by Emperor Xi Yao.

Although Emperor Xiao Yao did not speak anymore, his entire being was like a volcano about to erupt.

Under the most concentrated and serious atmosphere, Long Chen and the others gradually leaned against the boulder. This was the end of the sea in their previous life, and carved on the boulder were three large, blood-red words, "Flying Dragon and Phoenix".

"Stone of Life!"

Long Chen said these three words out loud.

After crossing the sea in his previous life, he arrived at the Life Stone.

This just confirmed Gongyu's words in this life.

Long Chen was naturally willing to go up and watch a good show with the three of them.

He brought Ling Xi and jumped onto the Life Stone. This was a huge ocean rock, like a huge beast in the ocean, incomparably imposing, and one couldn't see the end of it.

There were only clouds and mist ahead. It was difficult to see any further, so when he came up, he still found nothing. However, at this time, Chen Xingyao and the others had also come up to him. Chen Xingyao hurried over to Long Chen's side and exchanged glances with him.

As expected, when the Sea Divine Emperor was about to continue explaining, she directly stood in front of Liu Ji, looked at Liu Ji with his pair of eyes, and said with a chuckle, "Liu Ji, your temper is quite bad today. You opened this Three Lives Secret Realm alone first, and now you're ignoring me?"

Liu Ji's heart was also filled with anger, she had long wished for nothing more than for Xlao Yao to die, and now she knew, Xlao Yao Emperor had already decided. No matter how she explained, it would be futile, so she decided to throw caution to the wind. Although she was worried about being discovered by Emperor Xi Yao before, she was not afraid now. This was the Three Lives Secret Realm, who would know what was happening outside?

There were only six people left. Once he finished them off, he could seal their mouths or just kill them off!

The corner of Liu Ji's mouth lifted slightly, as she faced Emperor Xi Yao in a beautiful posture, and said tenderly: "Who would dare ignore you, the great Sovereign of the Seas, I have no time to curry favor with you. Although your looks are only half of mine, your strength is definitely stronger than me, and you are at least two times older than me. You are still an 'old senior', no matter what, how could I not respect you? "

When this woman fought, sometimes verbal attacks could be more hurtful than any other kind of attack. Xlao Yao's dignity had been challenged. She finally understood that the other party was confident and fearless. It was clear that someone was backing her up, and the one supporting her was her husband, the Ocean Divine Emperor who once swore an oath to the heavens and the sea.

Her husband being disloyal to her did not make her lose her rationality at all. What made her unable to endure the most was that this woman was still acting arrogantly in front of her and even looking down on her looks, despising her for her age!

These vicious words could drive a person insane!

"Liu Ji!" Don't talk nonsense! "

It was obvious that the Ocean Divine Emperor had some feelings for Emperor Xi Yao. He never thought that Liu Ji would actually dare to confront the Emperor Xi Yao at this time, and the person who would be at a loss would be him. He quickly pulled Liu Ji to his side, but didn't expect Liu Ji to just throw his arm away. She coldly glared at him, and taunted: "Silver Crescent, what's wrong? When I was in bed with her, she swore that if there was a chance, she would definitely kill her. Now is a great chance, do you still want to miss it? Do you need me to repeat what you said yourself? Other than his strength, this old fellow is quite capable. How can he be compared with me, Liu Ji, in any other aspect? If you're a man, then kill her now. "

"You!"

She could be considered to understand that Chen Xingyao was just a cover. They had secretly formed an alliance behind his back for who knows how many years already, and all these years, she had actually never discovered it.

Anger, hatred, grievance, these emotions almost drowned him. He had never thought that it would be this painful, but at this moment, it was as if the entire world had collapsed. Perhaps killing was the only way to dispel the hatred in her heart!

Silver Crescent, if you still have so many years of relationship with me, on account of you being the first Ocean Emperor and the face of the entire Sea Clan, don't take action today. You must think about it clearly. This is not just your own business. "

The Xi Yao and Demon Blue Clans were all sea serpents.

It just so happened that today was the Three Lives Secret Realm. If it were in any other place, it would have been a wonderful battle.

Chapter 2345 - Women's Wars

The only thing left to do here was to watch the two of them engage in hand-to-hand combat.

In fact, they might not even be able to create a prototype.

In actuality, at their level, even though they had already passed through the Nine Palace Calamity, there wasn't a big difference in strength between them and the Ximen Family. But the Magic Blue Race also had a natural talent for poison, they were also very extraordinary.

Facing Emperor Xlao's attack, Liu Ji pushed Sea Divine Emperor away and said: "Go to the side, I'll deal with her myself. At your age, he has already lost interest in you. Even if you kill me, can you change the fact that you're old? "

Liu Ji was actually very calm in her heart. She wanted to provoke this woman and cause her to lose her mind.

After she lost her mind, she could do many things.

However, after going through the initial provocation and anger, Empress Xi Yao was now gradually calming down. Honestly speaking, she was truly worried that the Sea Divine Emperor would join hands with Liu Ji at this time. With the Sea Divine Emperor's enormous physical advantage, it was very likely that she would be killed in this kind of situation.

She was no longer the slightest bit excited towards the Sea Divine Emperor.

The situation today was disadvantageous to him. Without too many outsiders watching, with the temper of the Sea Divine Emperor, he would definitely not care about anything. If he really didn't have any feelings for himself...

"People will always grow old and die. Liu Ji is not young either, after a few years, there will still be a young lady who is more attractive than you. What do you have to be proud of? As for the Silver Crescent, it's just something I used up all those years ago. Are you happy? "It seems like as a bitch, you only have this little bit of IQ."

Xlao Yao couldn't help but sneer.

Liu Ji retorted, but then said indifferently, "That's right, but I know that you're furious right now. You're about to go crazy from anger. Do something to me. Let's see who will die today, the winner becomes the

king, and the loser becomes the bandit. Wait until you win, then I will show off your ridiculous sense of superiority! "

There was definitely no room for negotiation between them.

Even if the other powers were restrained, only the physical strength could be used. They were still fighting against each other, and the scene was also very terrifying. Only this kind of deadly enemy would be able to fight so viciously. The two of them turned into phantoms as they moved quickly on the Life Stone, continuously emitting loud sounds of collisions.

The most anxious of them all, was the Ocean Divine Emperor!

He rushed forward, separating the two in the middle of the battle. Right now, Emperor Xi Yao did indeed have the upper hand, but facing the opponent's poison arts, killing him was still not an easy task.

"Enough!"

Sea Divine Emperor threw Liu Ji behind him. As the First Ocean Emperor, he was able to display his unique dignity even though he was in a panic at the beginning. He faced Emperor Xlao directly and said loudly: "This place is the Three Lives Secret Realm, and might be related to the future of our Sea Clan. At such an important moment, wouldn't it be better if we put aside our personal feelings first and wait until later to resolve it?"

He wanted to come up with a way for these two women to get along harmoniously. However, he had, after all, been together with Emperor Xlao Yao for ten thousand years, and had once had the deepest relationship with her. Right now, as time passed, he had just lost interest in her, but to say that he could completely disregard her life and death was still a little difficult. As for telling Liu Ji all of these things, it was obviously just a casual thing.

"Silverymoon, you still have the face to talk to me?" In actuality, she was waiting for the performance of the Sea Divine Emperor. As long as the Sea Divine Emperor still had a trace of old friendship with her, and delayed her departure until this matter was resolved in front of everyone, he would not dare to act recklessly and even kill her.

Right now, the only thing that Empress Xi Yao wanted to do was to hack Liu Ji into a thousand pieces, but now was not the time. Now, once he forced the Sea Divine Emperor, he would definitely kill himself. Since Emperor Xi Yao understood him, he was such a person.

Her initial disbelief and anger had gradually been suppressed by her rationality. As the strongest woman in the Sea race, although the things that happened exceeded what she could bear, she had a stronger will to resist it and wake up. She also knew that Liu Ji was doing everything she could to provoke the Sea Divine Emperor to kill her.

Without a word, Sea Divine Emperor immediately kneeled in front of Emperor Xi Yao.

His idea was very simple. Since what happened had happened, then he might as well see if there was a chance for them to let out a sigh of relief and get on good terms with each other.

If he didn't take the most extreme step, he still wouldn't be able to kill this woman who had tied her hair with his for tens of thousands of years. After all, so many years had passed.

"Yao Ling, listen to me. Everywhere I go, I don't care about the objections of others and am with you. I have defeated too many people in order to have this chance, and even though I am confused this time, can you give me a chance to explain myself clearly? "

The Sea Divine Emperor said in deep love.

Emperor Xi Yao laughed and mocked: "Speak, I want to see what you have to say. What kind of nice words are those? "

Sea Divine Emperor smiled bitterly and shook his head, saying, "It's not good news, it's something from the bottom of my heart. Yao Ling, you know the men of our Sea Clan. In all these years, the other Ocean Emperors have had tens of thousands of women, and any one of them has had a harem of 3,000. I couldn't blame me for having to go through so much, I really did my best, but I couldn't control my own desire. "Before, I felt that for you, even if I had only you, I would still be worth it. But after so many years, there has always been one or two accidents, isn't that right?"

He pointed at Liu Ji and said, "Actually, you can relax a little. I just want to add another woman to my team. Compared to others, I'm still lacking. Liu Ji is actually a pretty good person. The reason for this conflict is because all of you are too excited. It's just that I didn't dare tell you before because I was afraid you'd be angry. If you two can get along harmoniously, you can imagine, the three of us working together will be the greater power of the Sea Clan. When Liu Ji reaches our realm and we become the Seven Seas Emperor, the three of us can decide a lot of things! "

Of course, he desired such a situation the most.

In the end, he still valued the status and strength of Emperor Xi Yao in the Sea Clan, and was unwilling to kill her now.

Therefore, he decided to give it a try and see if he could convince her.

In fact, he had underestimated women.

From the moment he opened his mouth, Xlao Yao already knew what was on his mind.

Even though she knew it was very sad, this was how the Sea Divine Emperor thought. At this moment, he was still considering her remaining worth, because he knew that Empress Xi Yao was also a smart person and didn't want to cause any trouble.

"Liu Ji, come here and apologize to her. From today onwards, you are all good sisters, and you are all part of the Sea Serpent Clan. Once we leave the Three Lives Secret Realm, I will announce our relationship. We still need to obtain the secret treasures of the Three Lives Secret Realm.

Without waiting for Emperor Xi Yao's reply, he began to summon Liu Ji.

To be honest, she also knew what the Ocean Divine Emperor's motive was. They could sleep together, hug left and right, and then, through them, control the entire Sea Clan. Their authority far surpassed the other four Ocean Emperors. He would become the true ruler of the Sea Tribe!

The main test was for Empress Xi Yao to swallow her anger, not for her, Liu Ji. Thus, at this time, she could show some concern, be more sensible, and let the Sea Divine Emperor pamper her even more. This was her true weapon as a woman.

In truth, I am extremely respectful to my sister. I hope that you can listen to his opinion, after all, a man only has one woman, if that were to happen, how could you be worthy of his status as the First Ocean Emperor? "

Her face had become very quick.

The battle between women also made Long Chen and Ling Xi gasp in amazement. This was too exciting! Just a moment ago, they were still shouting about fighting and killing, but now, they could actually discuss about the future.

"Yao Ling, please spare me this once. I assure you, this is definitely the last time. Furthermore, I have also made a slight breakthrough recently, so it might not be impossible for me to approach the level of the Spirit King s in the future. At the very least, we should think about the matters here after we leave. At this point, we should focus more on the secrets of the Three Lives Secret Realm. "

Of course, Emperor Xi Yao was not the sort of person who did not have a brain.

At this time, the other two were already teaming up to deal with him. If he said no at this moment, then Sea Divine Emperor would definitely want to kill him due to helplessness. From his eyes and words, Ximen Yao could tell that Liu Ji was more important than her.

Only by living could he turn the tide.

Of course, she wanted to live, not die here, and their doings were still unknown. She didn't want to die like this. Even if she had to die, she would take back this debt.

"It's not over yet. You're right, the Three Lives Secret Realm is indeed much more important than your bullshit." Don't be too happy yet. Some people are responsible for what they say. After we finish this matter, we can discuss about what we should do today! "

Emperor Xi Yao's few words, had ended their life and death conflict today.

He didn't think too deeply about it for the two women, thinking that as long as he delayed it, Empress Xi Yao would eventually come to an understanding. He didn't know how much of a humiliation and hatred this kind of thing would hold for a woman. If Liu Ji was a well-behaved person, Emperor Xi Yao would not argue with her, but all she wanted was to kill herself!

At this time, the Sea Divine Emperor's gaze landed on the three observers.

Having read so many secrets, and being an outsider at that ...

## Chapter 2346 - Celestial Heart Flame

For the great number one Ocean Emperor to submit to two women was already a shameful thing. The Sea Divine Emperor was someone who cared about face, although these two were the Sea Clan's most difficult women to deal with. But as the number one Ocean Emperor, he was seen from the very beginning until the very end.

Furthermore, everyone was his opponent in the Three Lives Secret Realm.

Right now, he could be considered as having temporarily stabilized Xiao Huang and Liu Ji, these were his people. Chen Xingyao could be ignored, the only threat came from Long Chen. Sea Divine Emperor didn't dare to look down on this heaven defying youth at all. The human race had already made it clear that they wanted him to be the future Dragon Emperor of slaughter.

From the matter of defeating Liu Ji, one could tell how terrifying this young man was.

It was true that he was not at the level of the Ocean Emperor and the Dragon Emperor at the time, but with his speed, he would definitely not be far away. If he did not get rid of him today, he would inevitably become a great enemy for the Sea Clan in the future. If this person was not in the Three Lives Secret Realm, the Sea Divine Emperor would not have chosen to act against him rashly. Even now, he was actually a little hesitant in his heart, worried that the human race would listen to his explanation if Long Chen died here.

Of course, the explanation was definitely a fabrication.

Once this matter was leaked, the fifteen Dragon Emperor s would probably attack the Sea God's Domain.

However, if Long Chen continued to stay in the Three Lives Secret Realm, it would become a huge disaster.

With his abilities, if there was anything in this Three Lives Secret Realm, it might even fall into his hands. He naturally understood that Long Chen belonged to the type of youth with heaven-defying luck.

Then he would be the biggest enemy of the Sea Divine Emperor in this Three Lives Secret Realm!

Whether it was the ugly family or the Three Lives Secret Realm, they could not let Long Chen live. The Sea Divine Emperor was also a bold person, at the critical moment, he steeled his heart and prepared to do something that would make him feel crazy and excited!

Liu Ji and Xiao Yao did not stop him, but tactfully stood beside him to protect him. The battle between these two women had just begun, at least at this moment, they would do something as if they were supporting Sea Divine Emperor.

Sea God's Tooth, this kind of peak-level bloodline, was the highest in the sea, possessing the most perfect body and the highest power, it was one of the six peak-level bloodlines!

Especially in terms of physical strength, he was the best amongst the Sea Clan.

Otherwise, how could the Black Emperor have become so tyrannical after devouring a few Sea God's Tooth corpses? It could only mean that in terms of bloodline, the Sea Divine Emperor and the demon race's highest level were similar even to the great Demon Lords of the Four Great Demon Ancestral Cities.

He opened his mouth wide, revealing his sinister and sharp teeth. The grievances he had suffered on the two women earlier, had all been vented towards Long Chen.

The two sides met on the stone of this life.

He had been in the Sea Clan for so many years, and his fear of the Ocean Divine Emperor's dignity had been deeply rooted. Even though his power was restricted by the laws, but in terms of power, the killing power of the Deep Sea Crazy Shark Beast was incomparable to that of the Sea God Fang, the ancient sea creature.

"What is the Sea Divine Emperor doing?"

Long Chen was not the least bit nervous as he said with a smile.

"You've seen too much." The Sea Divine Emperor's voice came closer and closer to him. His entire body was tense, even if he only had the strength of his fleshly body, he could still tear apart the mountains and rivers and dominate them for eternity.

Everyone could clearly see the wriggling flesh on his body. Every little bit of it contained explosive power.

"It is indeed quite exciting, but isn't it very perfect?" To be able to hug one another and to be able to sleep together is truly enviable. " Long Chen continued to mock her.

Speaking to here, the Sea Divine Emperor stepped onto the stone of this life.

Borrowing the power of the backlash, the tall and sturdy body of the Sea Divine Emperor was like a cannonball as he suddenly rammed towards Long Chen. His hands were extremely sharp, and the teeth in his mouth were like a terrifying Dao Artifact that possessed a terrifying tearing strength!

Clang!

A sharp piercing sound!

Both sides were sent flying. Under the terrifying power of the opponent, Long Chen's arms were trembling, just using his teeth to block a single strike from Long Chen was a bit too terrifying.

However, to the Sea Divine Emperor, it was even more incredulous. Even though he knew that Long Chen had inherited the Unparalleled Dragon's inherited blood essence, to be able to fight against him on her own flesh, was indeed a miracle!

It had to be known that even as the Ocean Emperor, Ximen Yao couldn't compare to the Ocean Divine Emperor on this level. If they were in the outside world, Ximen Yao Emperor wouldn't even need to worry about the Ocean Emperor killing him because he would have to pay a heavy price.

This was a test of the opponent's strength.

It was just that the strength of Long Chen's body was much stronger than what the Ocean Divine Emperor had imagined. He had originally planned to eat Long Chen whole in one go, but he never thought that he would not be able to gain an advantage in the first round.

This meant that his chance of killing Long Chen was not high!

The Sea Divine Emperor was not willing to give up. It was not easy for him to muster up the courage to try again.

At this moment, even more power exploded from his body as he punched towards Long Chen. This Three Lives Secret Realm was operated under the laws which were written all over in divine inscriptions, but under this punch, even those divine inscriptions were torn apart.

This surprised him.

He thought that he could at least heavily injure Long Chen and move forward without any worries in the Three Lives Secret Realm. However, at this moment, Long Chen was covered in dragon scales, and this kind of Long Chen made the Sea Divine Emperor feel a little fearful and fearful in his heart. You are of a higher bloodline, an even stronger ruler, and in terms of killing intent, the Sea God's Tooth is unrivalled in the world.

This young man seemed especially terrifying at this moment!

Long Chen also squinted his eyes as he threw out a punch.

Crack! Crack! Crack!

BOOM!

Although there was quite a difference in the size of their fists, the difference in the strength of their fists was not too big. After the two of them clashed, the stone in their life span had actually cracked, this thinking that their physical bodies were infinitely close to the limit of the Three Lives Secret Realm!

Bang!

The two of them retreated after shaking for a distance. The Sea Divine Emperor returned to his two women while Long Chen returned to Ling Xi's side.

Both of them were injured, and their arms were shaking. However, it could be seen that neither of them could do anything to the other!

this time, the Sea Divine Emperor truly felt Long Chen's terror.

He was initially prepared to kill Long Chen in one go, but now, it seemed that even if he succeeded, he would have to pay a heavy price. When the time came, he might lose the right to speak in front of Liu Ji and Xiao Yao Emperor, and was someone who could recognize reality, thus, he stopped his attacks and laughed out loud: "Indeed, since ancient times, a young man was born. Not only is Brother Long Chen's strength tyrannical, but just his physical strength alone is close to the peak of the entire Immortal Divine Region. At the very least, your father is not 10% as powerful as you! I am truly impressed, I just wanted to test your strength, and it was just a joke, you wouldn't take it seriously, you are my guest, you are an ally of my Sea Clan, I naturally would not fight with you. "

Upon realizing that he was unable to defeat the other party, he hurriedly changed his words.

He was not being lowly, but rather, he was Long Chen's future which caused people to be afraid of him.

Long Chen faintly smiled and said: "How could that be? I always thought that the Ocean Divine Emperor was joking with me. "

He looked around and said, "Since that's the case, let's continue with our trip to the Three Lives Secret Realm. What will happen in front of us? I'm really looking forward to it."

Hearing this, Sea Divine Emperor smiled awkwardly.

The faces of the two women were extremely ugly. What followed next was a terrifying battle, not only between the two of them, but also between the three of them and Long Chen, whose physical body was exceptionally strong. It was even a battle between the three of them.

As for Chen Xingyao and Ling Xi, they were naturally small characters that they had neglected.

Long Chen directly brought Ling Xi and Chen Xingyao towards the depths of this life stone. On this boundless boulder, there was a cloud in front of them and the power of laws was everywhere.

The Sea Divine Emperor and the rest also immediately took action, forming another group beside Long Chen. The two squads didn't dare to move quickly, since once they started to fight, it would be a battle in advance.

They always choose to keep a steady pace until something really important comes along.

No one spoke, and the surroundings were completely silent.

The Life Stone was very large, perhaps even the size of the ocean in their past life. The six of them had walked on it for a full day, yet had yet to reach the end. Everything here was just an illusion.

At a certain moment, the six of them suddenly felt that their feet were somewhat hot.

Right at that moment, something happened. With them as the center, the rocks within a hundred meter radius did not change. However, at that moment, there was a sudden movement a hundred meters away from them.

Rumble rumble rumble!

The stones suddenly split open, then began to sink and disappear!

In the entire Life Stone, other than the 100 meter radius around where they were standing, the rest of it disappeared in a short period of time. What appeared below it was a type of flame!

This was the most shocking flame Long Chen had ever seen, it was actually formed from divine runes. One after another, the characters were burning, releasing such a terrifying force that any one of these flames would probably be able to completely burn away the seawater within a large area of the Sea God Realm!

If the flames beneath his feet were to be released, there would probably be no water left in the entire Sea God's Domain.

"This is the Flames of the God of Heaven!"

"It's a flame that was born from the divine spirit's body, enveloping the outside of the Heart of Rules! It is one of the important powers of the gods, why are there so many Heaven God's Heart Flames here! "

Divine Emperor and the others immediately recognized him.

Long Chen felt that the calamity that had befallen him in his previous life, in this life, and in the afterlife was most likely going to come.

#### Chapter 2347 - Disasters in this life

What happened in the Three Lives Secret Realm was not under the control of the masses. Instead, it was more like a type of selection.

He picked out the person that matched the Three Lives Divine Stone.

First, in his previous life, those who had not entered with their loved ones, or had no loved ones at all, had fallen into the sea of his previous life.

Although it was impossible to be sure, with so many people disappearing just like that, no one knew what would happen in the Three Lives Secret Realm.

Currently, only seven people remained, including Zhong Yuyao.

However, by using this Life Stone, Long Chen was sure that something similar to what happened in his previous life would happen, which was that there would be people who would continue to be eliminated. When that low Heavenly God Heart Flame appeared, he was all the more certain of his guess.

The punishment this time was even more severe than the one in his previous life. It should have been the God's Heart Flame.

There didn't seem to be any danger within this Three Lives Secret Realm. The scenery was very beautiful, but if one didn't think there was any danger here, then they were completely wrong.

In this life, the stone could only stand in a radius of a hundred meters.

As a fierce beast, the divine culture seemed to have a tendency to climb up the life stone. The scorching heat made Ling Xi feel a little uncomfortable, originally Long Chen wanted to let her enter the Divine Kingdom, but Ling Xi refused.

She said, "In this Three Lives Secret Realm, there is something that I want to face together with you. Maybe it will help us all. "

She was not spouting nonsense, but she truly needed it.

Here, it was possible that what was being tested wasn't strength, but your sincerity, responsibility, and loyalty towards love.

Something that didn't seem important was especially important here.

Staring down at the raging flames of the Emyrean God heart, everyone began to frown deeply.

The Sea Divine Emperor muttered: "It cannot fly. Once the Life Stone under our feet disappears, we will fall into the Heavenly God's Heart Flame. We're all going to be burned to death, I guess, and it's going to be terrible for a long time. In my previous life, the sea didn't seem to be dangerous at all, but the God's Heart Flame actually appeared here! "

Long Chen could roughly feel it.

Once there was no elixir of life, everyone would be tortured to death. Even he was no exception, there were rules set by the gods everywhere, his strength had already been restricted and it was difficult for him to sustain the flame of his life.

If Mo Xiaolang was here, he could have swallowed the Heavenly God's Heart Flame, but it was too bad that he was in the Demon Star.

Everyone swallowed a mouthful of saliva, staring at the raging pale white flame in a daze.

"The Three Lives Secret Realm means that the deeper you go, the heavier the punishment will be if you are eliminated?" In his previous life, the sea has only disappeared, and he doesn't know if he's alive or dead.

"This damned place!"

The Sea Divine Emperor looked around for a way to escape.

Surrounded by the flames of the God of Heaven, death was just around the corner. Long Chen had a feeling that he had been besieged by Nine-colored fog in the God Battle Battlefield.

He was still alright, the most important thing was for Ling Xi to be by her side.

He had to protect his woman.

As time passed, the answer would always surface.

After a while, one of the small life stones began to change. The golden divine scriptures in the sky landed on the life stone and formed a sentence that one could understand.

It was very straightforward.

"Join hands and die together."

That was the first sentence.

"Every man can choose a woman, and every woman can choose a man. Those who survive together and are not chosen shall be punished by the Divine Flame of the Heart of God. Once they are burnt for a year, they will be reduced to ashes! "

The first few words were easy to understand, but the later ones were scary.

Long Chen carefully analyzed and thought: "For example, me, I can choose to let Ling Xi live. Ling Xi can choose to let me live, then the two of us will be fine. It was the same with Chen Xingyao and his lover. But on the Sea Divine Emperor's side! "

There were a total of three people over there.

He could choose a woman, and that woman would have to choose him. As for the other person who didn't have a choice, he would definitely die.

To the Sea Divine Emperor, this was a choice and a huge problem.

Long Chen was very happy, this time he was an outsider again. The ones to be tested were the three people from Divine Emperor. The conflict between the three of them had nothing to do with him, and there was nothing he could do about it. There were a total of seven people present, three men and four women.

It was either Emperor Xi Yao or Liu Ji.

Liu Ji was sexy and had a fatal attraction to the Sea Divine Emperor.

Emperor Xlao was the emperor of the ocean race and had many years of relationship with the sea Divine Emperor. She was once a childhood sweetheart who lived together for half a lifetime and joined hands to become an old man. She was his wife.

Then, who would he choose?

Amongst everyone present, besides Emperor Xi Yao, everyone else seemed to know of Zhong Yuyao's existence. Thus, only she thought that there were six people here.

When everyone was lost in their own thoughts and struggling with their own thoughts, Emperor Xi Yao sneered and said: "Oh, so it's like that, a total of six people, three men and three women!" Anyone can live. "

That divine inscription had already disappeared at this time, but everyone already knew what to do.

At this time, Long Chen discovered that on his left hand, a golden word had appeared. On Ling Xi's left hand, a silver word had appeared. The two characters came from ancient times and were very complex. However, they should have the meaning of males and females.

The other four people were the same.

The Three Lives Secret Realm's requirement was that once these two characters were placed together, the two of them would be able to survive together. This was the Life Stone's choice.

Beneath him was the flames of the Emyrean God's heart, punishing those who hadn't been chosen.

In his previous life, Hai Yang had eliminated the ones who didn't have a lover in the crowd, but the one being punished by the Stone of Life was someone who loved someone but wasn't chosen.

To those who had died, this was the ultimate blow to their hearts and bodies. From this, it could be seen that the Three Lives Secret Realm was not beautiful at all.

Long Chen did not have any problems, but Chen Xingyao was about to get sucked into their flames of war.

Liu Ji and Xlao Yao's gazes both landed on the Sea Divine Emperor.

Of course, she couldn't stand that Ocean Divine Emperor chose Liu Ji. In his opinion, although Chen Xingyao could substitute him to live, in this aspect, he absolutely could not lose. If word were to spread that Ocean Divine Emperor chose Liu Ji today, what face would she have left?

She sneered, "Isn't Chen Xingyao your husband? It just so happens that even though he's not very useful, he's still a man. Go and find him! "

Chen Xingyao was shocked. He knew that he had to let Zhong Yuyao live on.

But at this time, Liu Ji shot a vicious gaze at him. Within his body, Lan Mei was releasing the venom, so she could easily take away Chen Xingyao's life. If Chen Xingyao died, not even Zhong Yuyao would be able to survive, so Liu Ji was threatening him. The threat was, of course, to prevent him from revealing Zhong Yuyao's secret!

The most venomous woman's heart!

Chen Xingyao's life was in the hands of the opposite party. Originally, he wanted to tell Xlao Yao that he had someone he wanted to choose, but under the threat of Liu Ji, he had no other choice.

Furthermore, Liu Ji was also threatening Long Chen because of this.

She knew that Long Chen cared about Chen Xingyao's life and death, so she would not tell this secret to Emperor Xi Yao.

She had inadvertently put down Blue Demon, but she hadn't expected it to have such an effect at this time.

Honestly speaking, for the sake of Chen Xingyao's life, Long Chen could only choose to watch the show. He only had this choice, and he knew that Xlao Yao would definitely be miserable.

The appearance of the stone's laws was precisely tormenting her.

When the two of them could get along together, of course he would choose to apologize and exchange for their support. However, when one of them had to die, he would only choose Liu Ji.

He knew of Zhong Yuyao's existence.

With Long Chen by his side, it was basically unrealistic for him to threaten Chen Xingyao with choosing Emperor Xi Yao. He naturally didn't know that Liu Ji had already used Blue Demon to take control of Chen Xingyao. It was possible that he could threaten Chen Xingyao to choose Xlao Emperor Xi Yao over Zhong Yuyao, but it was clear that Liu Ji wouldn't do that.

If she had the chance, why didn't she let Emperor Xi Yao die?

Long Chen and Ling Xi both knew about this.

He didn't care that much and directly extended out his left hand, clenching it together with Ling Xi's left hand. The two stood facing each other, and the golden and silver light intertwined, forming a thin layer of light around their bodies.

Chen Xingyao did not dare to make a move.

"Brother Chen!"

Ling Xi looked at Ximen Yao Emperor, and couldn't help but feel a little pain in his heart. The Heavenly God's Heart Flame below him was just too terrifying.

"Xiao Xi, we have no way to interfere unless we can break the rules here."

"But this is so cruel!"

"Perhaps this is fate!"

While they were secretly conversing, Liu Ji had already relied on her advantage and pointed at Ocean Divine Emperor to force Emperor Xi Yao to take a step back to choose Chen Xingyao.

She softly leaned on the side of the Ocean Divine Emperor, revealing her graceful body as she stuck to his body and said in a tender voice: "I think it's better if you and Chen Xingyao stay together. You're a little stronger, I don't know what will happen next.

Sea Divine Emperor smiled foolishly, but his heart was covered in cold sweat.

"Get lost!"

At first, she had tried with great difficulty to suppress the killing intent in her heart, wanting to finish it after leaving this place. However, Liu Ji was relying on the love of the Sea Divine Emperor to become more and more excessive. Even though she could survive no matter what, as her original body, why was it that she was sent away with other men?

The two of them began to argue.

He naturally knew that Liu Ji wanted Xiao Yao to die. He lowered his head to look at these two women and imagined that if he really had to give them up, then he could only ...

Without a doubt, he was in pain right now.

On one side was his wife, while on the other was a peerless beauty.

If he chose Emperor Xi Yao, even if Liu Ji died, there would still be a rift between the two of them.

If he chose Liu Ji, he would definitely be able to live a happy life under the care of this little demoness in the future ...

Chapter 2348 - The most painful thing in the world

Although the Sea Divine Emperor was reluctant to part with it, under the temptation of Liu Ji's even more outstanding act, he felt the stone beneath his feet loosen up, giving him not much time to think.

"Stop arguing!"

The Sea Divine Emperor roared in anger and interrupted the two of them.

At this moment, he had the greatest authority.

Emperor Xlao was so angry that his face turned green, and he said in a cold voice: "Silver Crescent, if you choose her today, after we leave this place, don't even think of me contributing even the slightest bit of power to your ambitions. Our relationship for tens of thousands of years is going to end!"

She couldn't stand the anger.

This threat was originally fatal for the Ocean Divine Emperor, at least since Empress Xi Yao did not know of Zhong Yuyao's existence. Putting aside this prerequisite, the Ocean Divine Emperor would definitely be wary of Zhong Yuyao helping him in the future. But the current situation was that one must die, moreover he must die miserably. The Sea Divine Emperor had already been forced to the bottom line, how could he care if the future Emperor of Xi Yao would help him?

On the other hand, Liu Ji's lovely voice stuck to him and said: "Seriously, isn't it just a small matter? Was there a need to be so angry? "I see why he doesn't like you. Who would like a woman as strong and self-righteous as you?"

Liu Ji's words had reached the heart of the Sea Divine Emperor.

Why would the other Ocean Emperors be at ease, but as the number one Ocean Emperor, why could he only guard the Xiao Yao Emperor herself? Wasn't it all because Emperor Xi Yao's possessiveness was strong, her restrictions were too great, and she was too powerful? Why would the Ocean Divine Emperor be disgusted with her? This was also the reason.

Therefore, the appearance of the young and beautiful Liu Ji instantly attracted all of his attention.

The resentment that Sea Divine Emperor had accumulated for many years burst out at this moment. The two women's completely different reactions made him abandon all his scruples and directly make a decision.

"Alright, let's talk about it after we get out. If you really hate me, I'll choose Liu Ji today. I'll forgive you when you've made up your mind."

In truth, his heart was trembling even though he had just said those words. This was because the decision that he had made at this moment would cause this woman, who had accompanied him for half his life, to leave this world in the most desperate way.

On the other side, Long Chen and Chen Xingyao looked at each other. They really didn't have a better way out, Sea Divine Emperor was like poisoned by Liu Ji, Liu Ji wouldn't die, and if they were to help Emperor Xi Yao, it would very likely cause the death of Chen Xingyao and Zhong Yuyao.

At this time, even though they felt that Emperor Xi Yao was not worth it, they had no other choice.

They had chosen the cruelest way to force her to her death, and even now, Ximen Yao Emperor didn't know about it, she had only thought that it was a matter of seeking revenge.

He never thought that since the Sea Divine Emperor would scold him about this, he was already very angry.

She had forced herself to calm down countless of times, trying to figure out why Liu Ji had the upper hand. She finally understood that it was because she, Emperor Xiao Yao, would not compromise with the Ocean Divine Emperor.

The premise was that he had to leave this place.

As long as she left this place, she would have a lot of methods.

So this time, she chose to compromise.

She said, "Silver Crescent. Alright, I'll follow your arrangements this time."

To be able to say such words, it showed how much of a concession she had made in her heart.

However, she did not know the consequences of her concession this time.

He knew that he was going to personally send off the woman who had fought with him for half his life. Thinking back to the many memories of his youth, the two of them were rejected, but in the end, the two of them had relied on their hard work to slowly grow. They had broken all the shackles around them and decided to live a life together.

"Don't think too much. I can do better for you."

She extended her left hand that was white as jade and used her own palm to gently grasp the hand of the Sea Divine Emperor that was hanging down. The Sea Divine Emperor's entire person was currently in pain and suffering, looking completely lifeless.

"I ... I ..."

The voice of the Sea Divine Emperor was a bit hoarse.

Perhaps it was because Liu Ji had stopped him, or perhaps it was his desire inside his heart that had shattered his feelings for the past tens of thousands of years, making him unable to control himself. More likely, his own choice would be Liu Ji instead of Emperor Xlao, and in comparison, his most original thought would be to let Xlao Yao die!

Those sad memories, no matter how deep they were, were still a joke.

Swear to the mountain and sea, stay together for the rest of one's life, all of these would change.

He thought so.

Therefore, he did not know when, but Liu Ji had already been in his hands and a light film had appeared on the bodies of the two of them. This meant that Empress Xi Yao was undoubtedly dead, that she would be abandoned by the Ocean Divine Emperor without knowing and burned to death by the Celestial Heart Flame for one year.

Turning his head, he saw that the Sea Divine Emperor and Liu Ji were already hugging.

She did not want to glance at the two of them again. Endure to this extent, she only did it for the sake of being able to take revenge after she left. She had a premonition about the current state of Sea Divine Emperor.

"Forget it, forget it. Love is but an illusion. A kind of spiritual consolation of the self. Many times, the person you imagined was not the person you imagined. "I'm already this old, how can I still be so naive?"

She gritted her teeth. It was the same thing.

But now, she was standing in front of Xlao Yao.

If Liu Ji were to kill Chen Xing at this moment, the result would be the same.

However, she wouldn't let the Sea Divine Emperor know that she had used Blue Demon to control Chen Xingyao's life and death. She wanted to see the heart-wrenching expression on Empress Xi Yao's face when she knew that the Sea Divine Emperor had abandoned her. As long as Zhong Yuyao came out, Emperor Xi Yao would definitely understand. She would understand that Ocean Divine Emperor was the one who sent her to the Heavenly God's Heart Flame.

"Chen Xingyao, let me borrow your hand."

Standing in front of him, Xlao Yao held back the anger in her heart, and said lightly.

She didn't know who she was looking at, but right now, she was very pitiful.

Chen Xingyao shook his head, and said: "Emperor Xi Yao, I'm sorry, I was forced, I can't do anything about it."

He retreated before the eyes of Emperor Xlao, and retreated to the side of Long Chen. Right at this moment, another woman appeared by his side. That was the perfectly fine Zhong Yuyao. Humans and the Spirit Race both had divine kingdoms, so the Sea Race definitely didn't have one. As a result, Emperor Xi Yao simply couldn't imagine him having another lover.

Chen Xingyao and Zhong Yuyao quickly held each other's hands. He closed his eyes and sighed, not being able to face Emperor Xi Yao. He knew how much pain Emperor Xi Yao's expression would be right now.

"This adulterous couple!"

Long Chen rarely encountered such a helpless situation.

He and Emperor Xi Yao were not relatives or even enemies, but he felt that people should not die in such despair. She had been deceived and abandoned by his husband who had been together with him for tens of thousands of years.

The love he believed in was the unswerving protection of death, not being so spoiled by these two bitches.

When Chen Xingyao and Zhong Yuyao brought their hands together, Liu Ji was very surprised. She did not know that Zhong Yuyao had actually recovered.

However, her accident was nothing to the astonished and pained Emperor Xi Yao.

It was like the relationship and mutual support she had with Sea Divine Emperor. Now that it had collapsed and crumbled, falling into the flames of the God of Heaven's Heart, it instantly turned into ashes.

It was as if her heart had been ruthlessly torn apart, and her flesh was badly mangled.

She opened her mouth slightly and stared at the two people who were hugging each other. She looked at the woman's smiling face and felt very pleased with herself. Her smile was filled with ridicule. When he saw the man that brought him to the grave again, he did not dare to look at him. He closed his eyes and pretended that nothing had happened.

Even before she died, her soul had already dispersed.

Her soul had also fallen into it, suffering time and time again, unable to imagine what kind of torture and pain it would be. Liu Ji's final smile, and the Sea Divine Emperor's closed eyes that were all bayonets, pierced through her body and soul time and time again.

The hysterical pain made her unable to breathe.

BOOM!

The final Life Stone shattered!

Under the protection of the gold-silver barrier of light, three pairs of people floated in the air, and only Xiao Yao herself was left floating in the air, following the descent of the shattered stone. Until she was engulfed by the Heavenly God's Heart Flame, her eyes were still wide open, completely lifeless, her entire body stiff without any signs of resistance.

Weng! \*

All the rocks had been engulfed by the Heavenly God's Heart Flame at this moment. All that could be seen was flames.

BOOM!

The Heavenly God's Heart Flame surged, almost reaching Long Chen and the others. It was the gold-silver membrane that allowed them to avoid being burned. But at this time, Emperor Xi Yao let out a pained scream. It was a heart-tearing and lung-splitting pain, a torment both for her heart and her body.

A shadow rolled beneath it.

For the exalted Ocean Emperor to fall into the Divine Flame of the God of Heaven, his fate was the same. There were no exceptions. This kind of burning would punish her for a year, only then would she be burnt to ashes!

Long Chen finally understood how terrifying the Three Lives Secret Realm was.

It torments not those who are unfaithful to love, but those who are abandoned. Therefore, since the Sea Divine Emperor and Liu Ji were fine, Emperor Xlao Yao was in great pain.

One year, would never end.

From a human figure to a huge sea serpent, rolling in the flames of the God of Heaven's Heart, the pain she was emitting was so malevolent that it could not be described with words. Even Long Chen's eyes turned red when he heard it, not to mention that Ling Xi's eyes were already swollen red.

Only Liu Ji was still displaying his moving smile, as if he was announcing his victory. As for the Sea Divine Emperor, he closed his eyes and blocked out all sound so that he could feel free from the torture in his heart.

However, there was no torture in his heart. Otherwise, even if he lost his eyes and ears, it would still be extremely painful.

But he didn't.

Chapter 2349 - Green Smoke

It was as though all he could see were the flames of the God of Heaven.

This was a flame that temporarily wouldn't burn someone to death, but would instead bring about extreme pain, and the amount that Ximen Yao had to endure was definitely more. Even her strength was suppressed by the laws, so she could only endure the pain.

At this time, Long Chen and the rest of the six, guided by a surge of energy from the laws, were moving far away from this place towards a new direction. In their eyes, Emperor Xi Yao gradually shrank, until they could no longer be seen.

During this entire process, everyone had actually gradually split up. Because of Ximen Yao's matter, everyone's mood was very heavy, and they didn't say anything.

Everyone had different thoughts.

Long Chen could be considered an outsider to this matter, so he could not intervene.

The Divine Flames of the Heart of God gradually disappeared from their vision, and they were gradually pulled down by the power of laws. They were now in a new place.

In the process of descending, Long Chen discovered some new changes.

The first big change was that the sealing power's rules had been broken! This meant that Long Chen's advantage over his flesh and blood no longer existed.

From now on, the moment Sea Divine Emperor made up his mind to kill him, the possibility of him being able to resist would be very small. Right now, the situation was different from the beginning. Liu Ji was controlling Chen Xingyao's life, which meant that Long Chen was the only enemy that the Sea Divine Emperor was wary of.

If the last place in the Three Lives Secret Realm hid something rarely seen, then the Sea Divine Emperor would definitely obtain it.

This is their territory!

The second change was that the Divine Kingdom had been sealed.

This meant that Long Chen was unable to protect Ling Xi in the Divine Kingdom, so he had to face it together. This Three Lives Secret Realm was like a game. Long Chen and the others were challengers, and those constantly changing rules were the rules set up by the creators of the Three Lives Secret Realm.

With his strength restored, the Divine Kingdom had sealed him.

To Long Chen, this was a very big crisis.

Of course, this was nothing.

At this time, Long Chen could roughly make out what was below him.

Now, the other two couples, Sea Divine Emperor and Chen Xingyao had already left their side, heading off to who knows where. They were probably separated by the game's rules.

"It's a good thing we're not separated. Otherwise, this place would really be troublesome. We can't meet the Sea Divine Emperor now, or we'll be in trouble. "

Long Chen said to Ling Xi who was in his embrace.

"Don't worry, I will protect myself." Ling Xi knew that he was worried about himself.

In reality, this mist was formed from divine scripture and was a type of rule that was specifically used to obstruct Long Chen's line of sight.

Beneath the fog was a mirror.

Yes, it was an endless mirror, smooth and flat, with no end in sight. Although he was still a long distance away from the mirror, Long Chen could almost find him through it.

"Since it's my previous life, this should be the last part of the Life Stone. This should have something to do with the 'next life'. "

Be it in their past life or this life's stone, their relationship was strong and they had never experienced any sort of test.

Long Chen did not dare imagine, if Li Xuanji also came in, then the trial of the Life Stone would probably drive him crazy and regret it for the rest of his life.

Just as the two of them were about to land on the mirror, a new change occurred.

Originally, their left hands had been clasped together.

Right at this moment, a gust of wind came from an unknown place and crashed into the two people. This gust of wind appeared without any warning and was extremely violent. In that instant, it directly ripped the two people apart and swept them in different directions.

"Xiao Xi!"

Long Chen was scared stiff. He was just thinking that it was a good thing that he and Ling Xi were not separated, but he never thought that something like this would happen.

In this boundless mirror, if he were to encounter any danger, with Ling Xi's current strength, he should definitely die!

Her strength was still far from the level of Long Chen and the Sea Divine Emperor.

And how dangerous was this Three Lives Secret Realm? The rage of the Empyrean God just now had completely terrified everyone.

Long Chen landed on the mirror, and Ling Xi had already disappeared from his sight. He immediately took out the star symbol, but it was obvious that the rules of the game did not allow the use of the star symbol, and the star symbol was also restricted.

Without saying a word, he rushed towards the direction he was swept towards with his greatest speed!

At this time, his heart was already so anxious that he was about to go crazy. This was a woman he had sworn to protect for all his life and all his life, a treasure that was even more important than his life.

Putting Ling Xi in such a dangerous environment, his heart would not be at peace for even a moment.

What he did not expect was that the moment he entered the last ring of the Three Lives Secret Realm, this place would give him such a big gift. Back then in the battlefield of the gods, Ling Xi had also participated in the war with a slim chance of survival, but this time, Long Chen was even more nervous than last time!

Even if she had been injured the slightest bit, it was still a bone deep pain in his heart.

The current him could even lose everything, but he could not lose this woman who he loved and lived and died with.

From meeting each other to knowing each other, to staying together for the rest of one's life.

His strength had already been restored, and he was running at his maximum speed, like a ray of blood light, disappearing in a flash, instantly teleporting countless of distance, searching for Ling Xi.

Ling Xi was definitely looking for him too.

"Brother Chen!"

Suddenly, someone on his left called out to him.

"Over here!"

Long Chen was overjoyed in his heart, and rushed towards the location of the sound without hesitation. In the blink of an eye, he saw Ling Xi blankly staring at her surroundings, and the moment she saw him, she finally broke down in tears of joy.

So it was just a false alarm.

Long Chen was already drenched in cold sweat from fright. Luckily he was fast enough to quickly find her, otherwise, it would really be troublesome. If he didn't protect her well, his life could be considered ruined. He wouldn't be happy for the rest of his life.

In the blink of an eye, he was before Ling Xi's eyes. He hugged her tightly in his embrace, which was a familiar warm feeling.

However, Long Chen quickly pulled out the God Slaying Sword, and directly stabbed in behind Ling Xi. He then turned around and directly minced her flesh and blood, and the tender young girl in front of him immediately turned into a puff of green smoke, flying up into the sky, before disappearing from Long Chen's field of vision.

Long Chen panted heavily. He was no longer as excited as when he rushed over, and his forehead was already covered in cold sweat.

"Although there are no flaws, it's just that my familiarity with Lil 'Xi has penetrated deep into my bones. I only need to take a single glance to know if it's really her."

At first, he had thought that he had met Ling Xi.

However, when they approached, the feeling was completely the same, and the unfamiliarity deep down in their bones couldn't be faked from Long Chen. After calculating it for a bit, Ling Xi did not run that fast, but she landed a distance away from where she was.

He thought of the word 'test'.

"Everything that happens to me, Ling Xi will definitely meet with it as well. He'll meet someone who's exactly the same as me. If she doesn't recognize him, then maybe ... "

He no longer dared to think any further. The only thing he could do was to continue searching for Ling Xi and continue forward. But just at that moment, the mirror beneath his feet started changing, a big crack appeared, and then it continued to change, forming a path in front of Long Chen.

"This means that I have passed?"

Obviously, entering the passageway was the best decision he could make right now.

He believed that he wasn't the only one facing the same test. The other five people should also be facing the same test.

He should be the quickest, because from a long distance, he could directly see that the person standing before him was not the real Ling Xi.

"No, I have to find her!"

He could not relax Ling Xi. There were too many uncertainties in this Three Lives Secret Realm, and he could not go inside by himself.

However, the rules here did not give him the opportunity to do so, and he was practically forced into that passageway. Right now, he still hadn't defeated the power of these rules.

The passage was quickly sealed, no matter how Long Chen attacked, he was unable to exit, he could only proceed.

His eyes were bloodshot, his teeth gritted, and he was panting heavily.

Suddenly, he thought of Ling Xi.

"Her love for me, her familiarity with me, is no worse than my love for her. Even more than me. If even I am able to recognize her that quickly, then she must be able to. Since she is in love, then I must believe her even more! Or perhaps, she is already waiting for me at the end of the tunnel! "

Because Ling Xi's strength was not as good as her, he was worried about her.

But after thinking about it carefully, she realized that there was no need for these things. She had the power to experience these things, and as a man, Long Chen had the responsibility of making her stronger, not like a flower protecting her. I believe that Ling Xi is also unwilling to be unable to help at all.

She really wanted to be Long Chen's assistant.

She already had the second greatest talent in the world, being only second to Long Chen, but was unable to catch up to the demon Long Chen.

"She can succeed!"

Long Chen had complete confidence in her.

He strode towards the depths of the tunnel.

Ling Xi was anxiously rushing in Long Chen's direction when a blood-colored figure suddenly appeared in front of him.

"Xiao Xi! I've finally found you! "

Long Chen said with incomparable excitement.

Ling Xi stopped in her tracks. At this time, the 'Long Chen' had already rushed to her front, and just as she was about to be carried, the butterfly illusion sword had already appeared in Ling Xi's hand, and was placed between her eyebrows.

"You are not Brother Chen! "Go away!"

Long Chen said in a daze, "Xiao Xi, what joke are you joking about?"

Ling Xi did not joke with him, she immediately made her move, and the butterfly illusion sword pierced into the man's body.

"How do you know I'm not?" the man asked.

"You are not. There is only one him in the world and he is different from everyone else. No matter how much you pretend to be in front of me, you are still full of flaws."

Ling Xi said calmly.

## Chapter 2350 - Mirror Image

What appeared in front of Ling Xi was a passage.

She blinked her beautiful eyes and thought: "I have just encountered that kind of mirror image, I think Brother Chen would have encountered it too. "After separating from me, he must be feeling extremely flustered. I wonder if he will be able to recognize that it isn't me. Otherwise, he might be possessed by that 'Qingyan' ..."

She really wanted to walk in that direction and see if she could meet Long Chen. She was also thinking about what this passage represented.

After a long while, the power of laws struck her from out of nowhere and sent her crashing into the passageway.

She clapped a few times. The entrance to the passageway had been closed. No matter how hard she tried, it seemed useless. She was so anxious that both her eyes were red with tears. However, she could not cry.

"This won't do. When he's not by my side, I must try my best not to hurt him!"

Ling Xi clenched her tender fists, and looked at the depths of the passage with her bright eyes.

"I should believe him. Even if he was in a hurry to find me, he knows me well enough. There must be a way out for him. "Although he wanted to find me, the passageway will still drag him in, so ..."

Most likely, all the passages lead to one place.

Of course, one might also have to face many trials and tribulations of the Three Lives Secret Realm alone, and some might even be fatal.

However, there was nothing she could do about all of this. She had to continue living tenaciously for her own sake and for Long Chen's. As long as she could tide through the dangers today, her future would definitely be even better.

She raised her guard and headed deeper into the tunnel.

There were mirrors everywhere on all four sides of the tunnel, and they were everywhere. Walking in there, the mirrors were all filled with her, and each mirror was connected to the other, and Ling Xi had the feeling of being watched, but every time she vigilantly looked at the mirror next to her, she felt that it was normal.

It wasn't just the two of them who had experienced such a trial.

The six of them experienced it all.

Among them, although Chen Xingyao and Zhong Yuyao had some interruptions, in the end, the familiarity and trust they had for each other allowed them to pass through this hurdle.

When it was separated by that force, Sea Divine Emperor had already recovered his strength. As the First Ocean Emperor, he was definitely the strongest amongst the six of them, an existence that could control the entire ocean.

"Liu Ji!"

He rushed in the direction where he had been swept up. With his strength and speed, he quickly broke free, moving countless distance in the blink of an eye.

Soon, he found that Liu Ji was also looking for him.

In the distance, there was a woman wearing a long black dress. She looked like the most beautiful woman in the world, waiting for him.

On this life stone, Sea Divine Emperor had chosen to let Emperor Xi Yao die a tragic death in exchange for this sexy woman. He believed that since he had sacrificed so much for Liu Ji, this girl would follow him wholeheartedly in the future. Once they left this Three Lives Secret Realm, they would no longer have to live in fear.

In any case, Ximen Yao couldn't get out.

"My darling!"

With such a soft and well-developed body, he was unwilling to let go of her. He couldn't help but laugh as he said: "That damned rule has finally disappeared, and my power has also recovered. Don't worry, from now on, we are the rulers of this place. Let's go and take a look at what exactly are the secrets of this Three Lives Secret Realm."

"You're so bad!"

The woman in his arms said in a delicate voice.

"Ha ha!"

Now that the beauty was already in his heart, if he could still obtain the true most important treasure in this Three Lives Secret Realm, then his life would definitely undergo an even greater change.

"Let's go!"

Sea Divine Emperor said grandly while holding onto Liu Ji's tender and small hand.

"Where to?"

Liu Ji did not leave his embrace. With her other hand, she circled behind Hai Divine Emperor's back, turned into a sharp knife, and slowly stabbed in. A dense green smoke also followed along.

"Little Scoundrel, what are you doing!"

The Ocean Divine Emperor immediately pulled her hand out. He did not blame Liu Ji, but instead glared at her and said: "Didn't you tell you about this little poison? Your poison is useless to me. Don't keep playing this silly game. "

As soon as he finished, his expression changed.

He watched helplessly as the woman in his arms turned into a puff of green smoke and disappeared before his eyes.

"Liu Ji, Liu Ji!"

At first, he thought that Liu Ji was playing a game with him.

"That's impossible! With her ability, where can she disappear in front of my eyes?" Wasn't that her? No way. "There's no difference."

Being able to recognize whether or not the person he met was someone he truly liked had nothing to do with strength. Even though Ling Xi was so weak, he could sense from afar that the Sea Divine Emperor was very strong, but even if he was hugged tightly, he could not clearly see it. This was the rule of the Three Lives Secret Realm.

Rumble rumble rumble!

Behind the Sea Divine Emperor, another passage also appeared.

"What green smoke is this? After entering my body, it actually disappeared." Fortunately, there weren't any bad consequences, or else things would have been troublesome. "It seems like the Three Lives Secret Realm's trick is still useless against me. I have to be careful next so that I don't get tricked again."

The Sea Divine Emperor looked around coldly.

In the end, he chose to walk towards the passageway.

At the same time, almost everyone had already entered the tunnel. After a brief moment of hesitation, they all went deeper inside.

The surrounding mirrors were all his own.

Long Chen was not in the mood to look at all. He increased his speed and advanced with quick steps. After about fifteen minutes, a light came from the tunnel ahead.

He quickly advanced and in the blink of an eye, he had already arrived outside. It was still shrouded in fog outside and only the mirror-like floor was left.

As expected, all the tunnels would converge together and he could finally heave a sigh of relief. As long as Ling Xi managed to recognize the mirror, he would be able to reach this place.

Long Chen was the first to come out.

Right after he came out, another person appeared beside him, it was actually the enchanting beauty Liu Ji. This woman was truly very charming, every frown and smile had a suffocating aura, but Long Chen was not very interested in her.

Their eyes met.

"It came out so fast." Liu Ji said indifferently.

"You too." answered indifferently. The two of them had already recovered their powers, but in terms of combat ability, Long Chen was not inferior to her. What Long Chen was worried about was the appearance of the Sea Divine Emperor in front of Ling Xi.

Once a treasure appeared, it was so important that he did not want anyone to know about it, or else it would leak out. At that time, he would probably kill them, and Long Chen would not be able to survive.

The number one expert of the Sea race!

It was comparable to fifteen Dragon Emperor s.

The Sea Divine Emperor was already the peak of the entire Immortal Divine Region. He was the kind of person who stood above tens of billions of people, and Dragon Sacrifice Continent, the ruler of billions of people, and was basically equivalent to a god.

If the Sea Divine Emperor came out first, he could only stay here. At that time, if the Sea Divine Emperor wanted to kill him, there was nothing he could do.

His heartbeat sped up a little as he waited for Ling Xi to appear.

In the blink of an eye, three people came out from the passageway. Naturally, the first person Long Chen saw was Ling Xi, and with just a glance, he could tell if the person in front of him was real or not. Naturally, this slightly red-eyed woman in front of him was Ling Xi.

He held her heavily.

"I knew at a glance that it wasn't you." Ling Xi smiled as if he had obtained the credit.

"So powerful." Long Chen fiercely kissed her white face. After going through such a soul-stirring experience, there was no time for warmth anymore.

There should be a final test of the Three Lives Secret Realm before the start of the battle between the six.

The other two who came out were Chen Xingyao and Zhong Yuyao, they seemed to have nothing to do with each other, they hugged each other and smiled in tacit understanding. This kind of test was nothing to them, if not for the fact that they had lived and died together for so many years, the two of them would have long been one.

Only the Sea Divine Emperor remained.

This fellow who was the fastest and the most powerful was actually the slowest. Of course, this could also be related to the length of the passageway.

Long Chen looked at the four people around him. Most likely, none of them had been deceived, so he didn't know if the Sea Divine Emperor had been deceived or not.

Waiting here for the Ocean Divine Emperor was definitely not the right choice. He and Chen Xing gave a signal to him and prepared to leave. But at this moment, Liu Ji coldly snorted and said, "Chen Xingyao, stop right there."

He never thought that Blue Demon would be so constrained at this time.

Chen Xing Yao could only obey, Chen Xing Yao could not leave, and Long Chen could not leave either. From the moment Long Chen called him Uncle Chen, he had already recognized this person.

Chen Xing Yao indicated for Long Chen to leave first, but Long Chen did not follow suit. He was extremely helpless and could only ask, "What's the matter?"

At this time, the Sea Divine Emperor walked out of the last passage. When he saw everyone, he was stunned for a moment, then looked at Liu Ji warily, "I just met you, it seems ..."

Liu Ji went up to welcome him and said, "That is fake. It is just a small test that is not worth mentioning. Let me settle my issues first. "

Her gaze fell on Zhong Yuyao.

"She looks pretty good. Chen Xingyao, tell me, who allowed her to recover? When did this happen? Blue Demon is in your body, don't take your life as a joke."

Chen Xing Yao clenched his teeth and said: "Liu Ji, now that you and Sea Divine Emperor have cultivated to the positive outcome, I believe you will no longer need me in the future. Our deal is over. "After all, we've been friends for so many years, and now that she's recovered as well, we'll be leaving the Sea God's Domain once we leave. There's no need for you to make things difficult for us."
