

War God 2351

Chapter 2351 - Jingzhen City

Liu Ji laughed and said: "Who has a good relationship with you?" She's obviously recovered already, but you've been keeping it from me these past few days. You should have long since left the Sea God's Domain, but you've actually followed me into the Three Lives Secret Realm. Don't think that I don't know. "During our transaction, you did something that let me down. You should pay the price."

At this time, she was threatening Chen Xingyao, and it probably wasn't only against Chen Xingyao, but even Long Chen, who was behind him. Currently, this was the core zone of the Three Lives Secret Realm. This conflict also decided whether or not Sea Divine Emperor could make up his mind to kill Long Chen.

As the smell of gunpowder grew stronger, the mirror-like ground trembled once again. It was clear that new changes were about to occur.

The place that had changed was a place a hundred meters away from the tunnel. A large part of the place had collapsed, leaving an endless void below. It was pitch black, and at that moment, in that void of darkness, something gradually appeared.

At this moment, everyone temporarily put aside the conflict between them and focused their attention on the object that was currently appearing. It was actually an ice sculpture.

In the blink of an eye, the ice sculpture appeared on top of the mirror, and it was restored.

"This is ..."

That ice sculpture was actually a divine dragon that seemed to soar above the nine heavens!

In terms of temperament, power, dragon aura, and level of bloodline, it was obvious that this divine dragon was top-notch. Even though it was only an ice sculpture, Long Chen could feel that this ice sculpture divine dragon could even be at the level of an Ancestral Dragon.

This was a very special dragon.

This divine dragon had two horns, and this divine dragon had a sharp horn on its forehead. Unlike the other dragon horns, this sharp horn was actually a divine sword!

That's right, it was completely shaped like a sword.

The longsword was practically the core of this divine dragon. Although it was only an ice sculpture, there was still a terrifying killing intent that exploded from it. That must be a primordial divine sword that could pierce through the heavens and earth!

But only part of it.

His dragon scales were complicated and thick, like shields. Every dragon scale, every shield's pattern was different, but every piece was a top-grade Dao item that could not be compared.

His dragon claw did not look like a claw, but a blade. It was the sharpest and most sinister of blades, a peerless killing weapon.

His dragon teeth weren't like teeth, but rather the tip of a sword. They were the sharpest parts of a sword, and when the tips of a sword were combined together, it revealed a terrifying ability to bite.

His dragon tail was a long spear. It was sharp and slender, with densely packed, needle-like spears at the tip. At the very end, there were sharp spears, just like the longsword in his forehead, intimidating.

Even Ling Xi would be able to destroy a mere ice sculpture. However, the pressure radiating from this ice sculpture was so great that even Sea Divine Emperor s did not dare to breathe for a moment, and the others were even more shocked.

Three Lives Secret Realm. A dragon statue actually appeared?

Moreover, it was such a mighty and domineering godly dragon, like an emperor. This godly dragon was more like a ruler, different from the Primordial Blood Spirit Dragon's Slaughterer and the Great Void Cosmic Dragon's Time and Space Traveller.

With the sword as the dragon horn, the dragon scales as the shield, the saber as the dragon claw, and the spear as the dragon tail.

No matter what angle one looked at it from, this divine dragon was tough, overbearing and perfect.

Everyone was so shocked by the majesty of this divine dragon that they forgot about everything else.

However, they soon found something else on the ice statue.

Beneath him was another ice sculpture, far less mighty than the Divine Dragon Ice Statue. It was a long snake, wrapped around one of the Divine Dragon's dragon claws, heading straight for the dragon's head.

Compared to this mighty dragon, this little snake wasn't eye-catching at all. So much so that no one had seen it in the beginning. Even if they had, it would have been very difficult to notice her.

"What are dragons and snakes?"

Everyone wondered.

"Liu Ji, why is this snake a little similar to your demon clan?" The Sea Divine Emperor realized this.

Liu Ji seemed to be in a trance earlier on, but she was told by the Sea Divine Emperor. She shook her head and said, "It's just a little similar, but there are tens of thousands of snake species. It's normal for their appearances to be similar."

The Sea Divine Emperor did not investigate further.

Long Chen recalled that the Three Lives Secret Realm was opened by Liu Ji, so this little snake must definitely be related to Liu Ji, or perhaps it might be the ancestor of the Mo Lan Clan in the The Age of Dragons. At that time, the Goblin Tribe really did exist, it was just that they were very weak.

Then, she definitely knew something that no one else knew.

This would be the biggest thing she could rely on in the end. Right now, she was hiding it from the Ocean Divine Emperor.

"Their hearts are linked together."

Ling Xi suddenly said.

Long Chen looked carefully and sure enough, he saw that at the heart of one dragon and one snake, there were actually threads of ice that shot out and connected together.

The ice threads were completely unremarkable at the beginning.

However, at this moment, everyone found a few golden words underneath the ice sculpture.

"Three lifetimes of love, two swords in unison."

Obviously, this ice sculpture was an expression of the love between that divine dragon and this little snake. As for the love for three lifetimes, it was written in the words. Was it worth it to be the threads of ice connecting the two hearts?

The sliver of ice was only a part of the ice sculpture, so the Three Lives Silk should have been something else.

As for the fusion of two swords, it was very difficult to figure out what that meant.

Everyone was silently chanting the love of three lifetimes, and then they began to circle around the ice sculpture. For the time being, none of them dared to touch it.

In the end, the Sea Divine Emperor tried once, but before he could even get close to the ice sculpture, he was bounced back by the power of laws.

It wasn't until they passed by the ice sculpture that they saw anything new.

It was a door!

A door that was surrounded by the flames of the God of Heaven!

The door was not big. Looking inside, one could see that there seemed to be a city inside. It was a city made of mirrors, and for the time being it could only be seen as the tip of the iceberg.

However, everyone was sure that this 'Mirror Core City' was the true destination of the Three Lives Secret Realm!

The place that really mattered.

Perhaps this ice sculpture was just giving him a hint.

Long Chen didn't know the purpose of entering the Three Lives Secret Realm at first, but now he finally understood. It was obvious that the Three Lives Spirit Stone was related to the Causality Holy Stone, and the Three Lives Spirit Stone was also related to the little snake in the ice sculpture and the Demon Blue Clan. Now that the Divine Dragon had appeared in the Three Lives Secret Realm, if Long Chen's estimation was not wrong, it was clearly the 'Dragon of Morality and Karma', the Mythical Path of the Heart Refining Dragon!

This was an Ancestral Dragon in charge of punishment. His outer appearance was like the Dao he controlled, representing the righteousness and the emperor. He had the Sentencing Saber, Spear, Sword, and Shield!

That was only an ice sculpture. Although it was lifelike, it could not represent a real Ancestral Dragon. Perhaps when a real Ancestral Dragon appeared, it was definitely countless times more powerful than that ice sculpture!

However, the most important thing right now was to enter the Mirror City.

"Next life, Middle Mirror City."

The Divine Flames of the Heart of God condensed into six characters beneath everyone's feet.

From his previous life's sea to this life's stone, then to here to be fated.

The Sea Divine Emperor and Liu Ji looked at each other, and quickly passed through the Celestial Heart Flame and entered the Mirror City. The Three Lives Secret Realm would not open for no reason. There would definitely be some miraculous existence waiting for them in the end.

"Are we going in?" Chen Xingyao asked.

Long Chen looked around, his gaze finally landing on the ice sculpture.

"We only have one choice."

Because at this time, the entire mirror surface had started to crumble, and the God's Heart Flame had appeared below. It was clear that if they didn't enter this Middle Mirror City, they would fall into the God's Heart Flame like Emperor Xiao, burned for a year, and then the pain would vanish into ashes within a year.

No one could endure such an outcome.

Thus, the four of them had no choice but to enter.

Long Chen looked back, and the ice sculpture had already disappeared into thin air.

But his Divine Path's Heart Refining Dragon was definitely waiting for him in the depths!

This time, there was a high chance that he wouldn't need to use the Causality Holy Stone to obtain the blood essence of the God Dao Heartdragon legacy. Or rather, this was the only way to obtain the blood essence of the God Dao's Heartdragon legacy.

In the blink of an eye, all six of them had entered the Mirror Central City.

They were in a city of mirrors. The ground, the walls, even the sky, were endless mirrors filled with them, and when they entered the city they could be found on almost every mirror because of the reflection of the mirrors.

This scene was somewhat difficult to bear.

The Mirror Central City was covered in mirrors.

In front of them, there was only one road leading to the deepest part of the Mirror City. However, both sides of this road were filled with the flames of the God of Heaven. The Heavenly God's Heart Flame was burning hot. Even if it didn't burn him, as it passed by him, even the Sea Divine Emperor wouldn't be able to last long.

However, the symbols on their palms still existed.

As long as a man and a woman held hands together and formed a layer of light, they would probably be able to pass through the path of the Celestial Heart Flame and reach the final destination.

When everyone entered, each mirror was lit with the white flames of the God of Heaven. The surrounding temperature rose once more, and within the mirror, everyone seemed to be burning.

The atmosphere was delicate.

At this time, the Sea Divine Emperor and Liu Ji did not head forward anymore, but turned to look at Long Chen and the other three. They planned to clear out some of the resistance and competitors before proceeding.

From the moment they saw the ice sculptures, the Sea Divine Emperor and Liu Ji knew that something would definitely appear here that would allow them to dominate the Immortal God Realm!

To let his Sea Divine Emperor become an existence comparable to a Spirit King.

If that was the case, then what was there to be afraid of after killing Long Chen?

Chapter 2352 - Ensemble in Fire

Sea Divine Emperor and Liu Ji were not anxious at all.

Now that they were in the Three Lives Secret Realm, they had plenty of time to eliminate all of their opponents and safely enter the depths of Mirror City.

However, if he really did kill this human genius, he would still feel a bit excited just thinking about it.

After all, at this rate, he would definitely be able to become the second Eternal Dragon Emperor.

Back then, the Eternal Dragon Emperor was also the ruler of almost the entire Immortal God Realm, and his power was unfathomable.

"If you want to blame someone, blame the fifteen Dragon Emperors for being too confident and allowing him to come here by himself. You can only blame yourself for being too bold, not being greedy enough to swallow an elephant, and actually intruding into our Sea Clan's Three Lives Secret Realm.

Sea Divine Emperor stood behind Liu Ji, a smile hung on his face, but his heart was already filled with hidden killing intent.

Long Chen naturally knew what they were thinking.

He had come for the God Realm's Heart Refining Dragon, so the Three Lives Secret Realm was a huge opportunity. If he were to let go of this opportunity, then something good might fall into the hands of this Sea Clan member. As for what happened to the life stone and sea stone after he came in, Long Chen had no way of predicting them.

Wealth comes from danger.

This time, the danger was fatal. It came from the strongest Ocean Emperor, the First Ocean Emperor.

Chen Xingyao and Zhong Yuyao also started to panic.

It was just that at that time, almost all of the SemiGod Body Warriors had already entered. They wanted to help Long Chen, but they did not expect that the Life Stone and the sea of their past life would have such a round of selections, to filter them out.

What was even more helpless was that Chen Xingyao's life was still in Long Chen's eyes.

The Sea Divine Emperor was too strong. Long Chen squinted his eyes to look at his surroundings. Although he had always been at ease from his previous life until now, it was precisely this Three Lives Secret Realm that had almost forced him into a dead end at this time.

Sure enough, Liu Ji did not directly target Long Chen, but said to Chen Xing Yao: "Previously, I wasn't done talking. "Chen Xingyao, since you've lied to me, it really makes me angry."

Chen Xingyao replied sternly, "We are just a couple in a trade. We are not real husband and wife. As humans, I am not a member of the Sea race. It is normal for me to serve you."

A blue demoness was a big problem.

At this time, Long Chen could only lower his head and say, "Please, Lady Liu Ji, bring out Lan Mei. Our two races have already allied with each other, and Chen Xingyao has also decided to return to the human race. Now that three days have already passed, you should fulfill your promise.

Since he hadn't fallen out yet, he might as well test his opponent's determination.

Liu Ji suddenly giggled and said, "It's very simple if you want me to let Blue Demon out. You only need to agree to one condition and it won't harm the relationship between our two races. But for Chen Xingyao, it's a small punishment. After all, he betrayed me, didn't he? Before you came here, although he was a human, he was still a member of the Sea Race. "

"What condition?"

Chen Xingyao was not easy to deal with. The other party was a woman who was well-known for her viciousness. Now that she had gotten hold of his weakness, she would absolutely not let him be at ease. They had not lost all decorum yet, but it was clear that she was teasing him, and the expression of Sea Divine Emperor was also extremely playful. To them, Chen Xingyao was not the key point, but Long Chen.

It was obvious that the Sea Divine Emperor had not made up his mind yet.

Liu Ji's goal in making things difficult for Chen Xingyao was still Long Chen. She was provoking the Sea Divine Emperor, so he could make up his mind to kill Long Chen. After all, to kill Long Chen, who had such an identity, would require a lot of courage.

This was basically a battle to the death.

The only ray of hope left was for the Three Lives Secret Realm's final treasure.

Although it had not appeared yet, the Sea Divine Emperor firmly believed in its existence.

He could ask Long Chen and the others to stay put at this place, but if news of what had happened in the Three Lives Secret Realm leaked out, it would be slightly unfavorable for the Sea Divine Emperor. After all, Long Chen and the others had seen the statue before. At least the other four Ocean Emperors were not weak, they wanted a share of the spoils as well.

Liu Ji announced her conditions.

She smiled and said, "It's simple. As long as your woman can hold on and stick close to this mirror for an hour or so, I'll keep my promise and take Lan Mei away from this body."

Hearing this, Chen Xingyao's eyes turned red. It was obvious that the other party was toying with him and torturing him.

Long Chen was also burning with anger. Honestly speaking, although Sea Divine Emperor was strong, he hated Liu Ji even more. She was provoking Sea Divine Emperor to attack him, leaving him with no other choice.

Her courage was greater than the Sea Divine Emperor's.

Such a condition was simply tormenting them.

"This won't do, Liu Ji, what displeasure do you have towards me? Just come at me." How about this, let me bear the brunt of the divine fire? "

Chen Xingyao quickly said.

Those mirrors burned with Heavenly God fire, and they were extremely hot. Not to mention being close, but even if she was close she would still have to withstand the strongest heat. With Zhong Yuyao's newly recovered body, this was simply unbearable.

"Of course not, if she doesn't want to, then so be it. However, this does not preclude me from taking your life at any time. "

Liu Ji still smiled faintly.

It was as if he was talking about something insignificant.

This woman was a bit abnormal.

Long Chen could tell that she was a little agitated, and even a little crazy. Perhaps it was because the Sea Divine Emperor had chosen her on the stone of this life, which caused her to tremble greatly. Anyways, it wasn't quite normal for her to punish Chen Xingyao and Zhong Yuyao like this. He wanted to find a way to satisfy them.

"I promise you!"

Unexpectedly, Zhong Yuyao didn't say anything and directly took a step forward.

Her love was as resolute and straightforward as her footsteps.

"No."

Chen Xing Yao wanted to hold her back, but his stomach was in pain and he had to endure it. He was not a Ultimate Dragon, to be able to cultivate to this level with a super dragon was already not bad, so he did not have a second life.

"Let her go, doesn't she love you? You have been in the Sea Clan for so many years, so she has to pay a price, no? "

Liu Ji said casually.

Long Chen knew that the moment he made a move, he would be facing the Sea Divine Emperor.

Currently, this man was still struggling and hesitating, but he only needed an opportunity to make his move. He was extremely dangerous.

His gaze was locked onto her.

"Benefactor, don't worry. Why wouldn't it be hard to endure such a small amount of pain?"

Zhong Yuyao's expression was very calm.

She asked Liu Ji, "This time, you have to keep your word."

Liu Ji laughed involuntarily before replying, "Don't worry. Although I am not a seven foot man, I will keep my word. As long as you can endure for an hour, I will let him go."

Under the control of Lan Mei, it was extremely hard for Long Chen to deal with Chen Xingyao.

He had not expected the journey to the Three Lives Secret Realm to fall into such a situation.

Right now, the Sea Divine Emperor was like an explosive, standing behind Liu Ji, and could turn into a deadly weapon at any time.

Whether he could survive or not depended on fate, and it was not because he chose to surrender now that the other party would let him off. In a situation like Long Chen's, the Sea Divine Emperor would not dare to offend him. If he wanted to offend him, he could only kill him, or else he would be retaliated against one day.

But at this time, Chen Xingyao was stopped. Zhong Yuyao had no hesitation in pressing her body close to the mirror's flame. As she neared, she was instantly engulfed by the flames of the God of Heaven's Heart!

Although this kind of pain couldn't compare to Emperor Xi Yao's, it was still very terrifying.

However, this woman didn't even make a sound. She closed her eyes and tightly clenched her teeth. She understood that as long as she could endure for an hour, her husband would be able to offend her and her benefactor wouldn't be held back by Liu Ji!

Everything was up to him.

Therefore, even if she was in the Heavenly God's Heart Flame, she was not the least bit afraid.

Through the flames, she could see her eyes. She looked at Chen Xingyao with those peaceful eyes, filled with endless gentleness and admiration. That was the deepest love they had after countless years of being together.

"Husband, I suddenly understand something."

Zhong Yuyao struggled to say a single sentence in the midst of the flames.

"What?" Chen Xingyao's face was covered in tears as he asked with a trembling voice.

"As long as I'm with you, regardless of life or death, it's not important."

The woman in the flames said as she endured the extreme pain.

Chen Xingyao shivered. He nodded and said, "I understand." "This is our best ending."

With just a glance, they could tell what each other was thinking.

Zhong Yuyao gradually cried out in pain. At this moment, Chen Xingyao walked step by step towards her. Liu Ji coldly yelled, "Don't think of using that method to save her."

That method referred to the two of them putting their left hands together to create a gold-silver layer.

Chen Xingyao didn't seem to hear him, but he didn't do as Liu Ji said, or perhaps it was out of disdain. He approached Zhong Yuyao and the two of them tightly hugged each other, enduring the burning of the Heavenly God's Heart Flame in the midst of the flames and enduring the world's most miserable pain together.

A flame born from the body of a god!

Liu Ji's eyes widened. Her condition did not allow Chen Xingyao to do the same.

What were they doing?

Sharing hardships and hardships, was this their relationship?

There were too many things she didn't understand.

Long Chen was extremely regretful that he could not help this time. In truth, even he himself was unable to protect himself at this time, so it was obvious that the Sea Divine Emperor was becoming more and more determined to kill them. He could not escape first, because Chen Xingyao and the others were still here. He believed that if they truly were to fight, he would be able to hold on for a period of time, allowing them to leave first.

The only thing they could do now was to wait for Liu Ji to fulfill her promise and take Lan Mei out from Chen Xingyao's body.

Time passed quietly.

For the two who were embracing each other, as long as they had the temperature and heartbeat of the other, even an hour was not that long ...

Chapter 2353 - Azure Ray

Chen Xingyao and Li Xueyi felt as if they were bathing in fire.

They did not hold their left hands together, but they relied on their will, on the warmth between them, in order to ask for a chance at survival. They understood even more clearly that the Blue Demon in Chen Xingyao's body would be a problem for their benefactor, Long Chen. That was the reason why they were so resolute and decisive;

Other than this, they really had no other way.

"The reason they are suffering like this is also so that I can have more freedom to fight against these two."

Long Chen knew clearly in his heart.

Although everyone had not reached the depths of Mirror Central City, the smell of gunpowder was getting stronger and stronger. If there were no surprises, Hai Divine Emperor's wavering heart was gradually guided by Liu Ji.

It was very possible that the inherited blood essence of the God Realm's Heart Refining Dragon was in the depths of Mirror City.

If the Sea Divine Emperor were to obtain it, then the consequences would be uncontrollable. People like the Sea Divine Emperor were more formidable in their generation. His strength would bring a great deal of trouble to the entire Immortal God Realm.

It would be fine if Long Chen was the only one.

However, there were three other people beside him, all of whom needed his protection.

She and Chen Xingyao had been together for many years, and she had a deeper understanding of Chen Xingyao's love for this woman. Now, this woman had also used her actions to prove that she could also give up everything for the person she loved, even if it was unbearable pain.

They seemed to have lost, but in reality, they had already won.

When an hour had passed and they were at their last breaths, Liu Ji was no longer able to speak. Perhaps she had never experienced such feelings in her entire life. Their deep love was like a slap on her face.

"Liu Ji, I hope you can keep your promise."

When Long Chen helped her up, Chen Xing Yao looked at her with his profound gaze.

"Humph!" Liu Ji coldly snorted. Even though she was cunning and ruthless, she still had this little bit of honesty, at least on the surface. In actuality, if the Sea Divine Emperor truly made up his mind, Blue Demon would no longer be of much use.

From the heavy and rough breathing of the Sea Divine Emperor, she could tell that he was probably going to attack.

Liu Ji hooked her fingers, and a small blue snake rushed out from Chen Xingyao's chest, landing in Liu Ji's hands. The Celestial Heart Flame brought more pain, a nightmare. After a short period of recovery, Chen Xingyao and Zhong Yuyao had also recovered.

Seeing that the two of them no longer held Long Chen back because of the matter with Blue Demon, they finally smiled at ease.

Although he had eliminated Blue Demon, this was the true beginning of the competition. Now was an opportunity. As Long Chen supported Chen Xingyao and Xia Xinyue up, he grabbed onto one of them and retreated quickly. Behind him, Ling Xi quickly grabbed onto his waist, and he led the three of them directly into the path filled with divine fire, but it led to the depths of the Mirror City!

In that instant, Ling Xi had already stretched out her left hand to hold Long Chen's left hand.

Long Chen used his arm to hold Chen Xingyao, and when they intertwined, a layer of light appeared on both of their bodies, allowing them to be immune to the damage from the God's Heart Flame. Even if they were within the flames, they could still maintain a certain speed!

"Handshake!"

Before Long Chen entered, he was also reminding Chen Xingyao.

The two of them never thought that Long Chen would take such a risky move at this time. In fact, Long Chen knew in his heart that in front of a treasure, no matter who it was, they would go crazy.

Before entering the Heavenly God's Heart Flame, he and Zhong Yuyao also held their left hands together with Long Chen's help.

The four of them, all relying on Long Chen, crashed into the tunnel. Because there were four of them, their speed was naturally affected.

Chen Xing Yao turned his head to look, and saw that Sea Divine Emperor was as fast as lightning, hugging Liu Ji with one hand as he charged towards the four people, his speed even faster and faster than before. Although Long Chen had taken the initiative and was extremely fast, sooner or later they would catch up to him.

From the baleful aura in the Sea Divine Emperor's eyes, it was clear that today's fight would not end until one side died. The First Emperor of the Sea Clan had already made up his mind. If he did not kill Long Chen, he would not be able to obtain the treasure peacefully, and would also likely be easily avenged by Long Chen in the future!

"You brought three people with you, and now you still want to run and beat me? Don't you think it's funny?"

The gloomy voice of the Sea Divine Emperor sounded.

Chen Xingyao turned around to look. He could already see the sharp teeth of the other party.

"Long Chen, we can't implicate you. We've already been implicating you far too much!"

Chen Xingyao said anxiously.

"Cut the crap!"

Long Chen would not give up on them, he knew that he was in a dangerous situation, and it would be difficult to find a way to survive, but he was not a person who would lose easily, as long as he resisted, there would be a chance!

If they weren't in danger of dying, how could they have been reborn?!

At this time, the Sea Divine Emperor was already getting closer and closer to him.

Looking ahead, he could see the vast expanse of the Divine Flames of the Heart of God. There was no way to survive at all.

"This time, I have forced myself into such a dead end, so it can be considered that I deserve it. It seems that I was still too impatient. It's just that there are still so many unstable factors in the ancient Giant Demons and the war of gods, how can I not be anxious? "

Long Chen's eyes turned dark red as he continued to search for new breakthroughs.

If it weren't for the fact that the screening of the Sea and the Stone of Life was too strict in his previous life, he wouldn't be the only target of the Sea Divine Emperor now.

This was fate, and it had nothing to do with choice.

He could only do his best.

If everything was safe, then that kind of life wouldn't be suitable for him if he stayed in White Poplar Town and couldn't come out with any insurance.

However, what kind of price would he have to pay for this adventure?

Although they had only known each other for a short period of time, Long Chen respected them and felt that they should have a better life together, like honey, and not death.

Ever since Long Chen had helped Zhong Yuyao recover, the two of them had always been duty-bound, wanting to help.

No matter how dangerous it was, Long Chen did not want to give up on them.

"Revolving Star Passage Formation!"

Ling Xi held Long Chen with one hand and used the Sector lord Divine Technique with the other. Now, she already had the ability to unleash an even greater attack.

"What is this!"

The Sea Divine Emperor crushed them with great force and the Revolving Star Passage Formation was immediately crushed. As a result, they were also knocked a small distance away, but they quickly caught up.

Ling Xi's face paled slightly from the turmoil and impact from the huge force of the other party's stomp. Although the Revolving Star Passage Technique had some effect, it was no longer effective on the Sea Divine Emperor.

"Brother Chen!"

"It doesn't matter!"

There was simply no end to this path. Long Chen had thought that he would be able to reach that place very quickly, but he never thought that it would still be a sea of fire even after such a long time had passed.

"Don't even think about leaving!"

In the distance, Sea Divine Emperor laughed, and then instantly crossed a long distance, arriving right behind Long Chen. He raised his fist, and with just a single punch, he would probably be able to send Long Chen and the other three flying.

It was basically impossible to turn things around!

Long Chen naturally noticed it.

He could only tightly hold the three people hanging on his body and try his best to change the direction. However, someone before him chose another method, and that was Chen Xingyao and his wife.

Long Chen only caught them with his arm and did not give them any restrictions.

If they wanted to struggle free, it would be a piece of cake.

Their eyes were filled with determination that had never been seen before.

Long Chen suddenly thought of what they had said. If they could die together, that would be the greatest happiness of their lives, and they had experienced a long time together, they would be satisfied since long ago. After Zhong Yu Yao was poisoned, she just didn't want Chen Xing Yao to face the loneliness of life in the future, so she had persisted.

However, if there was a chance to die together and they had to die together, they would be like moths pouncing towards this ball of fire without any regrets. They were grateful that Long Chen had given them the chance to meet again.

"Benefactor, don't waste our lives!"

When they suddenly broke free from Long Chen and charged towards the Sea Divine Emperor, Zhong Yuyao said this sentence. Her voice was not the least bit nervous, as if it was a trivial matter.

"No!"

Long Chen clenched his teeth!

They were behind Long Chen, and the divine dragon was raging in front of Sea Divine Emperor. Of course, their hands were still clasped together at this time, and they would not be separated for life!

The appearance of two Divine Dragons instantly blocked the path of the Sea Divine Emperor!

They intertwined with each other, facing death unwaveringly. Their eyes were filled with unwavering determination as they used their strongest attack method to clash with the Sea Divine Emperor's fist. Under the huge impact, they were shocked by the other party's violent strength.

BOOM!

The two bodies were still entangled, rolling in the Divine Flames of the Heart of God.

"Scram!"

A figure flashed past like a bolt of lightning, crushing them, completely not putting them in his eyes at all.

However, just at this moment, before their lives ended, the two of them had still completed a Yin Yang diagram. Afterwards, it had turned into a rain of light that covered the sky, blocking the path of the Sea Divine Emperor.

Everything happened in an instant.

Just as Long Chen turned his head, Chen Xing Yao and Yue Yang were both severely injured.

However, there was no regret in their eyes, there was even tranquility and anticipation. They won the chance to escape for Long Chen, and this chance was exchanged with their lives.

Once again, the Sea Divine Emperor was stopped, and the brutal nature of the deep sea monster was fully revealed. His eyes suddenly turned deep blue, and inside the eyes, there were actually two oceans. Those two seas were raging, rumbling, and suddenly shot out two rays of light, piercing onto Chen Xingyao and Zhong Yuyao's bodies!

Under the azure light, the two Divine Dragons turned into ice sculptures, eternally existing in the world.

Chapter 2354 - Hanhai Imperial Fist

They remained entangled.

The two Blue ice dragon were snuggled close together, looking very lifelike.

Their left hands were held together as well, close to each other's chest. They fell to the ground but still raised their heads and glared angrily in the direction of the Sea Divine Emperor.

In their eyes, there was no trace of fear, only serenity. Just as Chen Xingyao had said himself, this was the most perfect way to end things.

In their hearts, there wasn't the slightest bit of regret.

What they were most afraid of was not death, but being the first to die, leaving behind only one person. They just wanted to live their lives together, and now they did.

Zhong Yuyao's revival of Long Chen's appearance was an accident to them.

They truly wanted to thank this young man from the bottom of their hearts and help him get what he wanted, so they did not hesitate to come in. They did not want to be a burden, which made them feel particularly uncomfortable. Fortunately, at the last moment, they finally found an opportunity to offer their help.

They were incomparably grateful to Long Chen. They could have clearly escaped on their own, but because of Lan Mei, they decided to stay here and bring them along even if they had to escape.

So this time, they had made this choice. Even if they died, they didn't regret it in the slightest.

They were only worried that they wouldn't be able to help Long Chen.

Because he was too young, compared to the number one emperor of the Sea Clan who had cultivated for tens of thousands of years, he was still very young.

"They chose this method. It's also the way they want to free themselves."

People would always die, as long as they had no regrets. If Zhong Yuyao died from poisoning, it would be a great regret to leave him alone, but now, both of them had left without any regrets.

The sentiments between them were as clear as the heavens and earth.

From them, Long Chen could learn even more.

At the same time, he turned his head to look at the entangled ice sculpture. Although he had ten thousand reasons to convince himself not to feel sad, not to be angry, to convince himself that this was a good ending, but all of those were useless. His eyes were still bloodshot, he was still very angry, and wished that he could tear the Sea Divine Emperor who made all of this apart!

He will get his revenge!

He was powerless to face it today, but as long as there was a sliver of a chance at survival!

Maybe it was because after returning to the Dragon God Domain, his life had been too smooth sailing and even the Black Underworld Beast was unable to bring him a true death crisis, so his mood had become a lot more relaxed.

However, he understood once again that there was always someone above him. No matter what, he must never be careless. Long Qinglan was unrivaled under the heavens, but wasn't he dead?

When he was in White Poplar Town, how could he know how big the outside world was?

He wasn't at the top yet.

"Brother Chen, don't blame yourself too much. They'll be fine. "

Even though Ling Xi was tearful, she couldn't help but comfort Long Chen. The baleful aura on his body was getting heavier and heavier.

"Nothing, let's live first before talking about anything else."

He was already past the age where one would go crazy. Although there were ten thousand thoughts urging him to kill his way back, he didn't do so. If he wasted the chance that Chen Xingyao and the others had used their lives to create, then he would be worse than pigs and dogs.

"Really, for example, I feel that if I were to die with you now, it wouldn't be a big deal. At least we've been in love, we've been together, and I'm not afraid. With you around, there's nothing to be afraid of. It's just that it's a little regretful that you still have many responsibilities to bear, so you can't die, and neither can I. "

She was saying this very seriously.

From the moment she followed Long Chen to the Immortal God Realm, this man had been the core of her life. Other than this, in her heart, many things weren't that important.

Long Chen did not reply. He had some advantages in speed, and this was only within the limits of the Heavenly God's Heart Flame.

"Why is it not the end yet!"

Now, the ice sculpture that Chen Xingyao turned into no longer existed.

When Ling Xi looked behind him, she could see that the Sea Divine Emperor had appeared. He immediately sneered, those sharp teeth was terrifying, the Liu Ji in her arms was like a poisonous snake, wrapping around the Sea Divine Emperor's body, her sharp and sinister eyes were even more terrifying!

"Long Chen, don't be futile. You are unlucky, I really didn't think that I would have the guts to kill you. I didn't expect this day to come."

There were too many coincidences in this situation.

If there were no Three Lives Secret Realm, even the Sea Divine Emperor would not dare to do so if there were no other people around.

"You are truly frightening. I have never thought that there would be a young man who can make me fear him to such an extent. Being able to live like this is already a kind of realm. "

The voice of the Sea Divine Emperor was getting closer and closer.

Chen Xingyao had only obtained a chance for Long Chen, but had not truly given him a chance to live.

"You can't kill me. One day, you will regret what you have done. Although I am still young, I have encountered situations where I am bound to die tens of thousands of times, do you see me die? "

Long Chen's voice was actually calmer than what the Ocean Divine Emperor had imagined.

The cold look in his eyes was filled with contempt, causing the heart of the Sea Divine Emperor to waver.

"Since you've already killed those two, even if you spare him now, he will still want your life in the future!" Liu Ji whispered into his ear.

"En!"

The Sea Divine Emperor nodded heavily.

In the blink of an eye, he was already able to attack them but Long Chen was still unable to reach his destination. This Mirror City was almost ten times bigger than he imagined.

"The heavens want me dead?"

He smiled helplessly.

However, it was clear that he couldn't continue to escape.

If only his back was facing the Sea Divine Emperor, it would be even more dangerous. Within the area of the Emyrean God heart fire, he chose to fight!

This was the method that belonged to the Primordial Blood Dragon!

Seeing that the Ocean Divine Emperor was about to catch up, Long Chen suddenly stopped and turned into a dragon. The blood mist suffused into the air and the body of the Primordial Blood Spirit Dragon appeared, blocking the path of the Ocean Divine Emperor.

In the middle of the dragon claw on his left arm, Ling Xi was sitting on top of his dragon palm.

"You're really tactful."

The Sea Divine Emperor stood in front of him. Although he was in human form, his might still surpassed Long Chen's. It was just that in the face of Long Chen, this junior, there was no need for him to do this.

"This is the Unparalleled Dragon? Is this the first time I've seen you transform into a dragon? It seems to be more or less the same as that Rumbling Dragon, haha! "

Although the Sea Divine Emperor looked relaxed, he was actually very restless. He took a deep breath.

Although she was a little hesitant, Liu Ji would remind him every time. She would let him know that if he did not act now, he would lose this opportunity.

"Young man, you are too arrogant and unlucky. You can't blame me for falling to such a state today. Unfortunately, you are only a short-lived ghost. I do not understand exactly what you, a human, are thinking, for you to actually put a genius like you out in the outside world. "

"Why are you blabbering on?"

Long Chen tapped the ground lightly, as if the ground was empty and the floor was a mirror, just that he did not know what was beneath the mirror. This point was very important. He secretly tried it. It seemed like he would not be able to break this mirror with his own strength, but it seemed to be about the same.

The strength of the Sea Divine Emperor would probably be able to do it when the rules were broken.

With the restriction in the sky, there was nowhere to escape to. Long Chen could only look towards the ground, or maybe there was a chance.

However, he still had to rely on the Sea Divine Emperor.

He didn't dare to reveal this discovery at the moment. If it was his only chance, then he would have to use it at the most suitable moment. Otherwise, it would be a complete waste.

This was the only chance he had.

"I haven't done anything in a long time!"

The boundless sea in his eyes surged to the sky as a violent storm swept through it. The surrounding flames of the heart of the God of Heaven were even blown away, and the display of strength that was comparable to that of the Dragon Emperor s now brought about an absolute suppression to Long Chen!

Of course, if he attacked Long Chen, it would already be a crushing defeat.

In the entire world, the only person who could completely defeat the Sea Divine Emperor was his Spirit King.

The human and demon experts could only maintain a stalemate with the Sea Divine Emperor.

Facing such an opponent, the challenge towards Long Chen was too big.

However, he did not give up, nor did he show any signs of weakness. At this moment, he was stimulating all the power within his body and igniting the divine refining flames.

"Useless resistance!"

The Sea Divine Emperor planned to completely destroy Long Chen.

He knew that Long Chen's simple Dao Arts might not even be enough to kill him!

At this moment, he made a punch with his fist.

It was Sea God's Fang's most famous 'Great Sea Emperor Fist'!

Only the ruler of the Sea race could unleash this punch.

This punch connected with the entirety of the Sea God's Realm.

There was once a king of the Sea God's Tooth Clan who used this fist to send a quarter of the Sea God's domain's seawater flying into the sky!

Of course, that was hundreds of thousands of years ago.

However, the power of the Hanhai Emperor Fist was still renowned throughout the clans. Even the Dragon Emperor would be fearful of this fist.

This was the ultimate boxing style that only the Sea Divine Emperor would use against an opponent equal to him!

The formation of the fist seemed to control the entirety of the Sea God's Realm!

With just this one punch, the world shattered, mountains toppled and seas toppled, storms covered the sky, the world turned upside down, and the stars shattered. It symbolized the might and tyranny of the Ocean Emperor!

The Sea Divine Emperor was only in human form, his fist seemed very small.

But behind him, there was a gigantic beast that was several times larger than Long Chen. It was a berserk shark that charged forward fiercely, as if it had charged out of the endless abyss into the world, showing its arrival!

BOOM!

Long Chen's Ten Thousand Death Claw, immediately crumbled in front of the Great Sea Emperor Fist. This was simply a stomp, bringing about a huge injury to Long Chen, in that moment, his dragon scales exploded, his bones shattered, his internal organs shattered, and his entire body became a mess of blood and flesh, as though he had lost all his vitality.

Chapter 2355 - Divine Needles

This was the difference between him and a Dragon Emperor Ranker.

The Ocean Emperor, the Great Demon Lord, the Dragon Emperor and the others were basically all warriors with late stage Nine Palace Calamity who had reached this realm for a very long time. They were people who had achieved perfection in their tribulation of reincarnation and had already passed through it. In theory, they were figures who could possibly become gods!

Long Chen could be considered to be in the real realm, which was only the Six Paths of Samsara. Being able to fight evenly with someone like Liu Ji, who had just passed through Nine Palace Calamity, at this level, was already quite good.

Back then, he had only destroyed Liu Ji's' Dao Poison Sacrifice 'and was unable to truly injure this woman.

And now, there was no chance for the Divine Emperors of Shanghai.

As long as Long Chen was given a bit more time, this would not be the situation he was in.

Of course, he was not looking for a last resort right now. It was not that he did not want to take revenge, it was because Chen Xingyao and the rest had died to buy time for him. Even though it was easy for them to die, Long Chen was not at ease.

However, right now, he could only restrain his killing intent.

The wave of the Great Ocean Emperor's fist had almost shattered Long Chen's body. Even Ling Xi who was on his dragon claw had been affected, and was almost severely injured.

For a long time, Long Chen had not truly suffered such a degree of injury.

The Sea Divine Emperor was very satisfied with his punch, but he was still surprised that he wasn't able to kill Long Chen with this punch. Even if Liu Ji was hit by this punch, there was a certain probability of her being killed as well.

"It seems this young man is truly a terrifying genius that has never been seen before in the human race."

The sharp teeth of the Sea Divine Emperor split open, as though he was smiling yet not smiling.

But at that moment, his strange smile froze.

It was a flame which contained a boundless life force and was quickly enveloping Long Chen's entire body. Ling Xi had also been using her fire of life to the maximum, the injuries on their bodies were all healed at a speed which could be seen with the naked eye, and in a short moment, a brand-new Long Chen appeared in front of the Sea Divine Emperor. Previously, he was heavily injured, but now, he was in a perfect condition.

This ability simply made the Sea Divine Emperor exclaim in admiration.

His heart trembled once again. He knew how crazy it was to kill Long Chen here. It was just that the current crazy him was just perfect for this crazy thing. At other times, he wouldn't have the guts to do so.

Back then, the Eternal Dragon Emperor made all the experts in the world feel despair, but if Long Chen had reached his level, it would definitely make them feel even more despair.

His killing intent had already reached its highest point, the surroundings were filled with a somber and murderous aura. Within his oceanic eyes, the waves and storms were surging and roaring. That was the inner world of his heart!

Long Chen had already realized that this would be the moment that decided life and death!

"Brother Chen, I'm accompanying you, but unfortunately I wasn't able to help you."

Ling Xi was not nervous, she was encouraging him nonstop, she had seen many life and death situations. But she believed that with Long Chen's great luck, he would be able to do it!

"Immersion Needle!"

Just at this moment, the Sea Divine Emperor called out to him. A golden rod appeared in his thick arm, with complicated patterns on it, with black on both ends.

It was obvious that this was a Dao Artifact of the Sea Divine Emperor. Judging from the name, this was a divine artifact that could guard the entire Sea God Realm.

The dense Dao patterns!

This was clearly the most terrifying Dao item of the Sea race, even the highest Dao item with Dao patterns. Although it was not an Everlasting Dao item, it could basically be more than 900 Dao patterns. Its power was very close to the Limitless Dao item!

This Dao tool had the power to lead the entire Sea God's Realm and control the lives of billions of people. It had an unparalleled might and domineering aura, as if it were a sovereign descending upon the world. All Dao artifacts had to submit to it!

He did not even say a word as he shot straight into the sky. The Immovable Sea Divine Needle expanded in his hands and stirred the winds and clouds, even sweeping away the flames in his heart. If one were to say that the Hanhai Imperial Fist could shake the entire Sea God Domain, then the waving of the Immortal-Fixation Needle would set off a thousand feet wave!

The staff smashed down!

The Immovable Sea Divine Needle suddenly flashed with a light that was as bright as the sun, it was even several times stronger, instantly drowning everyone from their field of vision. If this kind of light reached Dragon Sacrifice Continent, it could almost obliterate entire piece of land and turn it into ashes!

"Die!"

Without a doubt, the Sea Divine Emperor's heart was still trembling.

However, he had already given it his all. Now that he had reached this step, there was no room for a conclusion!

A peerless killing intent descended from the sky!

Perhaps, Long Chen had already been waiting for this moment, he could feel that this power simply surpassed the limits of what his body could endure.

His goal was to let the Sea Divine Emperor hit the ground.

This was because the depths below the ground seemed to be empty. That might be the only chance.

The sky couldn't move, so even the Sea Divine Emperor could only jump for a while.

He did not dare to dodge too quickly. Otherwise, the Sea Divine Emperor would have changed the direction of his attack!

He was trying to endure, gambling, and finally, when the Sea Freezing Divine Needle landed on his head, he surrounded himself with the flame of his life while casting Space-Time Reversal!

The Spacetime Reversal contained the greatest understanding he had of the Dao of Time.

And all the strength in his body!

This was something that could almost affect the power of the Sea Divine Emperor's Sea Freezing Divine Needle!

BOOM!

Even the Sea Divine Emperor himself didn't know what had happened in that instant.

In the end, he still managed to hit Long Chen, and just as he had expected, although his staff was slightly off course, it still hit the dragon head on Long Chen.

He was not bleeding directly from the head, but the Sea Locking Divine Needle could directly penetrate the primordial spirit, so Sea Divine Emperor believed that Long Chen's life was almost over.

The rest of the energy completely smashed into the ground, where the heart of the God of Heaven was burning.

BOOM!

An even louder explosion could be heard.

The surface of the ground cracked, creating a huge fissure. The mirror had exploded into countless pieces that seemed to be extremely sharp, so the Sea Divine Emperor could only dodge for a bit.

"He seems to have been thrown into the ground."

Liu Ji hurriedly said.

"The ground is actually empty?"

The Sea Divine Emperor also did not expect this either. He put away the Steady Sea God Needle and rushed towards where Long Chen was standing just now. He saw that countless cracks had appeared on the surface of the mirror below and a large hole had been opened in the middle.

Long Chen had already disappeared.

When they looked from the sidelines, they saw the burning flames of the Heavenly God's Heart that were blazing below them, just like the place where Emperor Xiyao had been previously. The amount of the Divine Flames of the Heart of God far surpassed the amount of the Mirror Central City.

"If you were to fall from this place, you would never be able to escape under the heavy encirclement of the Heavenly God's Heart Flame. Furthermore, that attack of mine was basically able to pierce through his primordial spirit.

Divine Emperor Hai said with certainty.

Right now, the only thing below him was the raging flames of the Emyrean God heart. Nothing.

It was not that the Sea Divine Emperor did not want to kill them all, it was just that the Heavenly God's heart flames below were unfathomable and he did not dare to jump down.

"Is he sure he's really dead?" Liu Ji could not help but ask.

"He has that green flame, so I can only use this killing move. Don't worry, I can see that his primordial spirit has been shattered. And below us is the God's Heart Flame, so what if there's a female? As long as Long Chen dies, the other one will definitely die, if he falls like this, do you think they can still hold onto each other? "

Hearing the Sea Divine Emperor's words, Liu Ji could finally be at ease.

"You're amazing."

Liu Ji glared at him coquettishly, her posture extremely enchanting.

"Haha, little demoness, once we take the treasures and leave this place, I will announce to the entire world that from now on, we will be able to live together in broad daylight."

As he spoke, he began to tease Willow.

"So annoying. Alright, I've taken care of all the little flies. It's time to head inside."

If not for the Heaven's Will flames that surrounded him and this critical area, the Sea Divine Emperor would probably not have been able to take it lying on the ground.

Holding their left hands, they started walking towards the depths of Mirror Central City.

Long Chen had slightly succeeded.

At least he was not dead yet, but due to the impact of the Immobilize Sea Divine Needle, the Great Void Cosmic Dragon's primordial spirit was affected greatly. Even though it did not collapse, it was still in a very confused state.

Fortunately, the Great Void Cosmic Dragon's primordial spirit was strong enough, otherwise, it would have been scattered by her nine hundred dao tools with Dao patterns or higher.

Beneath him were the flames of the Empyrean God's heart, and it was hard to tell how high they were.

While still in a daze, Long Chen could only feel that he had been falling. His surroundings were burning hot flames, which must have been the God's Heart Flame.

Long Chen also experienced that kind of fatal pain.

This was the pain and suffering that Emperor Xi Yao had to endure for a year.

He had already transformed into his human form and was slowly floating down to the ground. If he were to fall down, the Sea Divine Emperor would not be able to find him and he would definitely be safe.

His primordial spirit was severely injured, but there would always be a time when it would recover. Long Chen had no choice but to sink into deep sleep to recover his primordial spirit.

anything that was happening outside could only be given to Ling Xi, who had fallen alongside him in his embrace.

She was the only one he could rely on right now.

Although he was not completely out of danger, he had finally found a way out.

In the midst of this boundless Heavenly God's Heart Flame, Ling Xi hugged Long Chen and held him together with his left hand, in order to resist against the burning of the Heavenly God's Heart Flame.

"Brother Chen."

She realised that Long Chen was already fast asleep.

Although she was a little flustered, she knew that at this time, she had to shoulder the responsibility of protecting him.

But at this time, she realised that the golden symbol on Long Chen's left hand was getting dimmer and dimmer.

Chapter 2356 - Lives

Although the attack of the Sea Divine Emperor was not much different from that of the Dragon Emperor, the destructive power produced was enough to destroy a large region. For example, the mountains surrounding the Everlasting Dragon City last time, when their Sea Locking Divine Needle struck Long Chen, if it was a normal Ranker, their primordial spirit would have been scattered.

But in the first place, Long Chen had used space-time reversal to deflect the Sea Locking Divine Needle slightly away from its original direction.

Secondly, her primordial spirit is the body of a Great Void Cosmic Dragon. Not to mention the Sea Solidifying Divine Needle, even the highest level of Limitless Dao Artifact would not necessarily be able to shake Long Chen's primordial spirit and disperse it.

When he reached the Divine Spirit Realm, he would only be able to go from a young dragon to a young one. The growth period of an Ancestral Dragon was very long, and when he reached adulthood, he would be able to surpass all living creatures, and reach that level which far surpassed the first god of the Primordial Era!

But of course, even if it was a young dragon, it wasn't someone an ordinary person could kill.

Even if it was an ordinary person, he would be the first Sovereign of the Seas of the entire Immortal God Realm.

However, in the bloodline of the Ancestral Dragon, this was just an ordinary creature.

While he was deep in sleep, the severely injured Primordial Spirit began to recover, and during this period of time, Long Chen had already lost consciousness. He could only vaguely sense Ling Xi's existence, but he did not know what she was doing.

That warm and soft embrace came from the woman she was protecting.

By the time he began to wake up, it was clear that he had almost recovered. If it was anyone else, they would not have been able to recover so quickly. The Sea Divine Emperor did not know that his primordial spirit was actually an Ancestral Dragon.

In reality, when Long Chen had just fallen asleep, they had already landed on the ground.

"Xiao Xi!"

Long Chen was shocked, he sat up on the ground. His first thought was that he did not see Ling Xi by his side, which made his heart jump into his throat. But soon, his eyes widened as he saw everything around him.

The halo spun about, giving off an incomparably brilliant color, giving one a very comfortable feeling. Outside of this place, was the burning Divine Flames of the God of Heaven. That Divine Flames of the God of Heaven soared up into the sky, covering everything in its path, even more than the one Emperor Xiyao had endured in the past.

Long Chen realized that he had already separated himself from Ling Xi's left hand. This meant that the Heaven's Heart Flame should have burned them.

But now he was fine.

However, the butterfly pattern on the light barrier was still trembling, obviously on the verge of collapsing.

"Brother Chen!"

Long Chen suddenly raised his head, and saw that there was a colorful butterfly dancing above his head. The brilliance from her body was connected to the light barrier protecting Long Chen, and the butterfly seemed to be extremely weak right now.

"Xiao Xi, how did you become like this!"

He was certain that it was because he was unconscious that the golden runes on his left hand had dimmed and no longer possessed the same effect as before. Therefore, it was certain that Ling Xi used some method of the Sector Lord Divine Arts to protect himself under the burning of the Heavenly God's Heart Flame!

Ling Xi had actually protected her for such a long period of time. Needless to say, she had definitely used a secret method that exceeded her own limits, which was why she had turned into a butterfly.

"Use the Flame of Life to save me."

Ling Xi's weak life force sounded out.

Obviously, it was because she had used all of her power that her life force was finally overdrawn and she turned into a butterfly. Long Chen hurriedly used his fire of life, using his purest fire of life to ignite the butterfly's body, the butterfly glowed with a brilliant color and displayed a new brilliance under the effect of the fire of life.

The surrounding light barrier had also regained its stability.

Long Chen looked nervously at it, at the same time he checked his left hand, luckily, due to his unconsciousness, the previously dim golden symbol lit up once again.

"Brother Chen, don't worry, I'm fine."

Ling Xi's voice was not as weak as before, she had been on the verge of death.

Long Chen did not dare believe it, if he had woken up later, she would have lost his life.

Perhaps it was in order to keep her alive that she had persisted until now.

"Yes."

Under the nourishment of the life flame, Ling Xi's aura grew stronger. When she had reached a certain point, she once again transformed into a human form, and landed in Long Chen's embrace. Long Chen first grabbed her left hand, and the light membrane that was used to resist the Heaven's Heart Flame once again formed.

Finally safe for the time being.

The woman in his embrace looked at herself peacefully, but he was unable to hide the exhaustion that had appeared in his eyes. She had not completely recovered, and Long Chen continued to use the fire of life to nourish every aspect of her body.

"I thought you were dead!"

Ling Xi hugged him, her eyes filled with tears, her shoulders twitching uncontrollably.

It was impossible to imagine how she managed to make it through this period of time. Since Long Chen had not recovered, even if she used the Sector lord Divine Arts with a heavy burden, she would not be able to hold on for long. If Long Chen had not woken up at this time, she would not have been able to recover long before she was drowned in despair.

"Sorry, there won't be a next time!"

Long Chen caressed her smooth back, this soft and water-like woman touched the deepest anger in his heart. What happened today was not over, although he lost this time, as long as he did not die, what should be his, was still his!

"You don't have to say sorry to me, but it doesn't really matter. I was just thinking that there must be a lot more you haven't done yet. You still haven't figured out everything about your father. I don't want you to die here with me that quickly. "

Ling Xi said softly as she wiped away the tears in the corner of her eyes.

Long Chen helped her up, smiled lightly, and said: "This time you did very well, I will reward you well when we get back, when that time comes, don't beg me for mercy, okay?"

In this kind of situation, this joke pulled Ling Xi's mood out of her sorrow. She glanced at Long Chen in rebuke and said, "You should be rewarded yourself. "Let's think of a way to get out of this place."

If he could have such a loving wife in his life, what else could he ask for?

They loved each other, but she had also given Long Chen warmth when Long Chen had given her protection, and even followed him after his death.

This is under the Mirror City.

Long Chen stood up and looked around him. It was all a sea of flames, but the ground was still a mirror, and the flames were still ignited from within the mirror. Many mirror surfaces were erected on both sides of the mirror, but in actuality, the place he was at was just a tunnel, and if one went forward, they could still go backwards.

"This should be the front, this should be the back."

When Ling Xi fell down, she still vaguely remembered a bit.

"Forward or backward?"

"How much time has passed?"

Long Chen was more concerned with this issue.

"It's only been a short while, not even half an hour."

In this place filled with the flames of the God of Heaven, honestly speaking, she could only be able to hold on for such a long time.

Only, it seemed as if a very long time had passed in Long Chen's world.

He nodded his head and said while looking forward, "I just don't know if this passage leads to the same place as the Sea Divine Emperor and the others."

Ling Xi said somewhat nervously: "He's so strong, are we still going to clash head on with him?"

Long Chen shook his head and replied: "Of course not, it's just that the path of retreat has no way out, and it's not like we're going to clash head on. This time, I'll be even more careful, and it's not certain that I'll meet them again."

His heart was filled with anger and hatred. Success required courage. If he had the courage to come here, he wouldn't retreat at this moment.

Of course, there was also an intuition.

In front of him, something was calling to him.

Now that he had a chance to live, he had no other choice.

"I support you!"

Ling Xi said sweetly as she held his arm.

"Xiao Xi, I will let the three of us live well." Long Chen said.

"Where are three?"

Ling Xi was startled.

At this time, Long Chen's large hand gently caressed her smooth lower abdomen, and said: "Of course it's this little guy."

"You're hateful. It's all your fault. If it wasn't for your bloodline being strange, someone else's child would have already been born."

"Who said that? That's because I'm mighty, okay? Just you watch, when my child Long Chen is born, he will definitely frighten the world and make the gods cry. "As for now, you should just hide it. I haven't had enough of you."

"Nonsense, nonsense!"

Ling Xi's face turned slightly red, she did not want to fight with him anymore.

This was the warmth of love, causing Long Chen to forget his anger and hatred, allowing him to be even calmer in the face of this setback, and even calmer in the face of his revenge. If it was just him, he would have been blinded by anger and hatred by now.

Women are like water.

The two of them walked along the passage.

"At this time, I wonder if those two had reached the deepest part. The Sea Divine Emperor is powerful, and Liu Ji seems to know a lot about this place. The snake in the ice sculpture was probably the ancestor of the Demon Blue Clan in the The Age of Dragons. If it's something else, they might be able to obtain it.

However, if it's the legacy blood essence of a heart dragon of the divine way, they probably aren't qualified! "

An ancestral dragon's inherited blood essence was not something that anyone could casually obtain.

From now on, Long Chen was even more cautious. He was not in a hurry to advance in the dark with Ling Xi. Right now, the responsibility that I am shouldering is even greater. Not only the two of them, but also a future, and that tiny life in Ling Xi's stomach.

He had never been a father, so when he thought of the future, Long Chen's expectations rose from the bottom of his heart. Therefore, he could only hope to succeed in this adventure today. He could not allow himself to fail!

would help him to relieve the pressure.

What he did not expect was that there would be more tests waiting for them, and one that would arrive so soon ...

Chapter 2357 - Second Death

The Threelives Divine Stone, Three Lives Secret Realm.

His previous life, his current life, and his next life.

In his previous life, he could refer to the countless cycles of reincarnation. In the next life, he could also refer to the countless cycles of reincarnation.

Together, they could be considered eternal.

From the beginning, Long Chen felt that this place had been manipulated. He had even discovered that the ground was empty. This was an opportunity left for him by others, and it was also a type of test for him and Ling Xi.

From beginning to end, the Three Lives Secret Realm tested love.

Perhaps someone was manipulating them from behind the scenes.

Perhaps, there was a supreme rule that had already been set long ago. After that, according to the characteristics of the newcomer, there would be various changes, changing the rules of the game.

After Long Chen understood this point, he was not afraid at all.

Because if it was really as he thought, then the love between Liu Ji and the Sea Divine Emperor could not be considered as one at all. That kind of relationship, which was mixed with deep desires and benefits, power, and vanity, really belonged to the side of feelings, was very rare.

The relationship between Chen Xingyao and Zhong Yuyao was countless times deeper than theirs.

However, their deaths meant that strength was of great importance. Only a couple with the purest of emotions and tyrannical strength would be able to obtain everything at the end.

He and Ling Xi were even more compatible than the Sea Divine Emperor.

Therefore, he believed that even if he couldn't get them, the Sea Divine Emperor and Liu Ji couldn't too. Furthermore, right now, they must have thought that he was dead ...

He and Ling Xi were silently advancing.

He did not dare to be negligent, and knew that there would be other tests. He did not tell Ling Xi his thoughts, since it was only a guess. The relationship between him and Ling Xi, had experienced a great ordeal, so there was no need to test it.

"There doesn't seem to be any Heaven's Will Fire up ahead!"

Ling Xi said in pleasant surprise.

Although there were two people who were tightly clenching their fists to resist the Heaven's Heart Flame, there would still be some effect. It would be much better if they were in an empty area.

"Be careful."

Long Chen was not too happy. The two of them continued to move forward, and sure enough, through the gaps in the flames, they could see the empty space outside. It was as if they had already walked out from the Heavenly God's Heart Flame, and were even reaching their destination.

"Are we going to get there faster than they are? "It's a pity that we can't fly on this ground. Otherwise, we would be able to go up. However, it seems like we can't break the mirror in the sky."

Ling Xi kept imagining things.

"There's a door."

The two of them passed through layers of flames. Right now, one meter away was a place without flames. However, there was a door in this place that blocked their path.

He had previously identified a type of green smoke, and after passing through the tunnel, he saw a door behind the ice sculptures that led to the Mirror Master City. The door in front of him was exactly the same as the other one, but it seemed to be closed.

In front of the door formed by the Divine Flames of the Heart were thin spiderwebs that blocked the two of them. The thin threads flickered with a sharp and resolute light.

"Let me try splitting it open."

Just as Long Chen finished speaking, Ling Xi gently pressed down on his hand, charmingly smiled, and said: "This is an extremely ancient sealing diagram. The Sector lord Divine Arts have records on it, I can solve it, see what I can do!"

"Be careful!"

"I'm fine!"

was very happy to see something that she was good at, so that she could help. She didn't want him to protect her by Long Chen's side, and there was nothing she could do to help.

After being in the Heavenly Dragon Star for such a long time, Ling Xi had learnt quite a few things that were more or less superficial in the Sector lord Divine Arts.

Today, this sealing array wasn't as difficult as it had been for her. The thin lines disappeared into her dexterous hands one by one. There were a total of 100 lines. In less than a quarter of an hour, all of them were gone.

"Done!"

Ling Xi's face revealed a captivating sweet smile.

But at this time, the lines that had disappeared converged into rays of light, forming a few ancient words on the door. The words were very twisted and curved, and after a flash, it disappeared completely.

"What's wrong? Do you recognize these words?"

Long Chen noticed that she was a little strange and asked.

"I don't know him, hurry up and go over!"

Ling Xi immediately recovered her smile, it was just that she did not have any plans, and normally when she had something on her mind, it would definitely not be able to hide from Long Chen's eyes. But this time she didn't.

Long Chen understood in his heart that he must have understood the language, but he couldn't tell him.

"Then let's go!"

He held Ling Xi's left hand and was just about to step through the door when Ling Xi's body stiffened. Just as Long Chen had almost stepped into the door, she seemed to be already prepared to struggle free from Long Chen's arms.

It looks like she wanted Long Chen to go in alone.

At this critical moment, Long Chen hurriedly retracted her foot, and turned his head, only to see that the girl's eyes were already filled with tears, but they had not flowed out yet. Long Chen's sudden retraction of her foot was outside of her expectations, so she quickly wiped his tears, afraid that Long Chen would discover his.

But how could her thoughts escape Long Chen's eyes?

"Why are you crying?" Long Chen hugged her, and whispered in her ear.

"No, I just feel that being able to be together with you is very fortunate." Ling Xi avoided his gaze a little.

"Is that so?" Long Chen whispered into her ear.

"No way!"

However, she suddenly froze for a moment as she raised her head to look at Long Chen. Her eyes were bloodshot and her tears flickered as she asked. "You, you already know about it?"

Long Chen did not know what the words meant.

But he had guessed.

"Is it true that this door can only allow one person to pass? The other person will be left in the Heavenly God's Heart Flame forever, just like Emperor Xi Yao, who will suffer for a year before being turned into dust."

His gaze was like the blazing sun, shining as he looked at Ling Xi's eyes that were filled with tears.

"So even you can understand it?"

Ling Xi held back her tears and looked at him helplessly. She hoped that Long Chen wouldn't be unable to understand it. She didn't have many goals to pursue now, but she knew that Long Chen had many responsibilities and missions. If she had only been able to understand them, then she would choose to send him off this easily.

If two people loved each other, only one would survive, and the other would suffer greatly. He almost had no choice in this matter. If not for his true love, if not for the fact that he had already engraved the other party's name into his very bones, Ling Xi would definitely not have chosen to keep silent.

With her personality, being able to hold back and not collapse after seeing these words was already quite a feat.

If it was someone else choosing, such as the Ocean Divine Emperor Liu Ji, any one of them would quickly let themselves pass if they were to read it, right?

Long Chen took a deep breath.

He exerted incomparable strength, hugging the woman in his embrace. Right now, all his words were stuck in his throat, to the point where he would feel his body tremble if he were to say a single word.

This kind of person who was willing to endure such pain in order to keep her alive and yet didn't want to tell Long Chen about it. This woman who had given him a way out of this alive and had secretly tricked him into going there first, this kind of woman, her love was so strong, and she did not hesitate to do anything, what else could it not be worth?

[Isn't this what people seek in this life?

He himself had always been changing, but Ling Xi had never changed. She was still the same, treating him as everything in her life.

"I don't understand, I guessed."

Long Chen said deeply as he finally held her beautiful face.

If it wasn't for the fact that he was smart enough to observe the expressions and expressions of others, any careless man would have regretted it for the rest of his life right now. It had to be said that the Three Lives Secret Realm was an extremely abnormal place.

But at this moment, Long Chen actually chose between two lovers.

Hearing Long Chen's words, Ling Xi was a little stunned. He was only guessing, but now he was sure.

"Brother Chen, listen to me, you need to live even more than I do!"

Ling Xi immediately cried.

"Shut up!"

Long Chen stretched out his hand and pressed down on her.

"Xiao Xi, calm down. You can't be confused. Think carefully, where are we right now? This is the Three Lives Secret Realm, which is inside the Stone of Life. What did the Threelives Divine Stone represent? An eternal love. From the very beginning, this is the trial of the Three Lives Secret Realm. Therefore, you must believe that what we face is not despair but a trial. In other words, if we do not know how to pay for each other, we will all truly fail and die. "

He used these words to make Ling Xi think, and then said seriously: "Think carefully, why would there be a language that you could understand that I could not understand? Wasn't this the test? Also, from another point of view, if you stay here, you won't have a chance to live. But I'm different, I'm stronger than you, I have the inherited blood of the Ancestral Dragon, I can't die so easily, and have you forgotten about that? I have two lives, so I won't die that easily. Therefore, no matter what, I am more suited than you to stay here and accept this challenge. "

"No." Ling Xi was first coaxed by him, then she shook her head like a rattle drum, and said: "Other times I can believe you, but now I can't. You're lying to me, you're definitely coaxing me.

She was rarely so excited.

She was wrapped up around Long Chen like an octopus, staring at him with teary eyes, which made Long Chen's heart ache uncontrollably.

Only, Long Chen knew clearly, no matter if it was because of this trial, or if it was really him who would be tormented here, he had to stay here. If Ling Xi was to stay here, she would definitely die, but he had a chance of survival.

No matter how he explained it to her, she wouldn't believe him.

"Remember, I know you love me, but I also love you. My love is no less than yours, and your life is much more precious to me than mine. You have to take good care of yourself. You cannot do such a foolish thing again in the future, or else I will never forgive you. "

To Long Chen, throwing Ling Xi over was a piece of cake.

So he did.

Chapter 2358 - Sky Origin Qi

The door was right in front of him, and with his strength, he could easily throw Ling Xi towards it.

He and Ling Xi were different, the one who should be accepting the challenge here was him. It was very likely that he would be burned to ashes in this place just like Emperor Xiao had been for a year, before turning into ashes. But even so, he would not regret his actions today.

Of course, if it was Ling Xi, she would not regret it, maybe she was just a little afraid and trembled a little.

He was even more convinced of his intuition!

That's right, he would definitely be fine. This was not a dead end, but a test!

He was already prepared to accept the challenge. Under the strong assault of the Sea Divine Emperor, he, Long Chen, had not died yet. This was only the last barrier he would be able to reverse.

He firmly believed in this.

When Ling Xi's palm and his palm separated each other, the Heavenly God's Heart Flame was like a crazed demon rushing towards him. At this moment, he finally understood what kind of feeling Xiao Yao and Chen Xingyao were going through. It was a type of flame that burned their bodies and even their primordial spirits!

It would not cause any burn marks on his body, but he would still feel pain at all times. For Long Chen's current physical body, there were very few flames that could make him feel like this.

"Brother Chen, Long Chen!"

Ling Xi rolled on the ground, and immediately crawled back up from her seat. Perhaps, she had already shed tears, but she was not crying at all, but was instead extremely angry. After being thrown out by Long Chen, she unexpectedly did not turn back.

She was already in the past, and since this door could only open to this person, it shouldn't allow her to return, right?

"Halt!"

Long Chen bellowed at him, enduring the burning of the Heavenly God's Heart Flame.

"NO!" "You are a bastard!"

She bit her pink lower lip, and her entire person became different, no longer that delicate and cute look from before, but instead persistent, angry, and tenacious. At this time, Long Chen's words were completely useless to her.

All these years, she had been accustomed to Long Chen protecting her, accustomed to him leaving every possibility of survival to her. But this time, she couldn't take it, couldn't stand the other party's domineering and independent personality.

"Halt!"

Now that this door was unaffected, Long Chen could only berate it one more time.

However, something incomprehensible happened.

Ling Xi had actually passed through the door and returned.

Long Chen was stunned. He could only feel a woman heavily smashing into his body, causing him to almost fall down. His left hand was forcefully held, and then, the Heavenly God's Heart Flame retreated.

This was the first time Ling Xi hit him.

That crisp sound and the burning pain on his cheek made his whole body shiver. At this moment, the feeling went straight to his bones, and he would remember it clearly for the rest of his life.

She lowered her head and saw that she was looking at him with those red eyes of hers. Her chest was heaving violently, as if she was still too angry.

Long Chen was at a loss, and even thought that he was dreaming.

Is this real?

Why did she hit him?

He stared blankly at the woman in his arms until the corner of her eyes started to fill up with tears. Then, those sparkling and translucent tears started to flow out like a dam that had burst.

"We agreed to live and die together, how can you bear to let me live alone?"

She sobbed and said these words in front of Long Chen's eyes.

He did not know what he should say. His way of doing things had always been tyrannical, and he thought that being good to her would be enough, but it seemed that he was wrong. Yes, he had never considered Ling Xi's feelings at all.

If he was to live at the cost of having his opponent suffer for a year, then what was the point in living? Living was torture.

Therefore, Ling Xi had returned.

"I'm sorry."

Thousands of words could only be said in one sentence. He admitted that he had done the wrong thing this time.

Long Chen originally thought that if he went out, he wouldn't be able to come back. But what was going on now?

"I forgive you, but not the next time."

Ling Xi said resolutely.

After a period of time, the two finally eased up. The door in front of them did not disappear and continued to exist. Ling Xi's entrance and exit did not cause any changes to it.

This door caused the two of them to struggle internally, but in the end, they still embraced each other.

"If you can't go over, then it's fine to stay here together with you for the rest of your life."

Ling Xi said seriously.

"I know, I promise I won't do it again. Don't keep a straight face, you even dared to hit me. You've been quite angry recently."

Long Chen pinched her cheek, and laughed.

"You're annoying. Don't touch me." Ling Xi said in a huff, her anger still not subsiding.

Seeing the two of them holding hands tightly, Long Chen understood what the two symbols meant.

Men and women stuck together.

Perhaps, if they were combined like this, without any regrets, could the two of them be considered the same person?

Only one person could pass through this door.

However, Long Chen had this sudden inspiration. He understood the meaning of these two symbols clearly, it wasn't for them to sacrifice themselves for others, but to let them face the tribulation together.

This was the rule set up by the designer of the Three Lives Secret Realm.

However, Long Chen was not playing games, and what he was doing was the deepest thought in his heart.

"I have an idea."

Hearing this, Ling Xi immediately hugged him tightly, afraid that he would throw her out again. Her soft and tender skin was pressed tightly against Long Chen, pressing down on his chest, which hidden an elastic spot within it, was filled with enticement.

"Let's go together. Regardless of life or death, we'll accept it."

Long Chen said.

"Alright." Ling Xi nodded, this was the result she wanted.

Long Chen simply closed his eyes, and it was the same for Ling Xi. She hung onto his own man's body tightly, while Long Chen held onto her palm with one hand, while the other held onto her waist.

At that moment, their hearts were pressed together, and he could even feel the trembling in their hearts.

Their hands were clasped together, and the two symbols glowed upon them.

One step, two steps, three steps!

Every time they would heavily hit the ground, without any regrets, without leaving or abandoning, bravely advancing forwards. What they wanted to break were the rules, not compliance!

At that moment, they were no longer two people, but an inseparable whole!

Swish!

Long Chen knew that it would be like this.

When he firmly believed in everything, even deities and rules would give way for him. He succeeded.

By the time the golden-silver symbol on their palms started to dissipate, they had already passed through that gate and left the sea of flames formed by the Divine Flame of Heaven and Earth. They no longer needed the protection of the two symbols.

When he opened his eyes, what he saw was a mirror.

Behind him was a sea of fire. In the depths ahead, there seemed to be a staircase leading upwards.

However, when their gazes met, Long Chen didn't know what to say. The only thought he had was that if it wasn't for the location restriction, at this moment, he should have ripped apart her clothes, and give her a fierce passion, in order to completely vent that strong feeling.

"It's over."

Long Chen said softly as he patted her back.

"No, I haven't forgiven you!"

Ling Xi became mischievous just like how she was back in White Yang Town. This was her nature in the first place, it was just that she became mature and gentle after experiencing too much.

The stairs up were the way to escape.

Maybe they were heading to the same place as the Sea Divine Emperor and the others.

"What are we really doing, coming out together? Didn't we say before that we could only let one person pass? "How can you lie?"

Ling Xi turned her head to look at the door and said angrily.

Long Chen laughed. He knew that this was the Three Lives Secret Realm's design, and it seemed that the Three Lives Secret Realm wasn't as perverted as he had imagined. It still left a path for Long Chen to live.

Just then, the door began to disappear.

The door gradually merged and formed a white dot of light.

It seemed to be the purest kind of energy, without any attributes. It was pure, flawless, and had a refreshing fragrance, making one feel extremely comfortable, but at the same time, it was also extremely powerful. It was an extremely majestic type of energy, and although it seemed to only be a tiny speck of light on the surface, if it was released and exploded, it would probably destroy the entire War God's Ancient City territory into pieces.

"This seems to be Heavenly Yuan Qi."

Ling Xi said in pleasant surprise.

"What is it?"

"It is a very ancient power, the purest power in the world. It does not have any attributes. It should be considered the most complete combination of the five elements' origin energy. The most even fusion of the five elements would require 50,000 portions of the origin energy of the five elements in order to produce just one portion of the Sky Origin Qi. The advantage of this was that it could be absorbed by any martial artist to enhance their strength. Although it couldn't speed up the arrival of the Samsara Tribulation, it could make a person produce such a large mass of Heavenly Energy from the early stages to the late stages!

"Is this the reward for me from the Three Lives Secret Realm?"

Long Chen could not help but laugh.

The rules of the Three Lives Secret Realm were indeed constantly changing, as if a Paragon was controlling everything again. For example, at this time, he had sent over this very critical Sky Origin Qi just to let Long Chen and Ling Xi pass the trial.

The pure white energy was intoxicating.

It lightly trembled as it transformed into various forms in front of Long Chen, and was a little mischievous.

"Brother Chen, hurry up. After you have him, you won't be in such a sorry state when we face the Sea Divine Emperor again. The last time was a shock to me. "

"Don't worry."

Long Chen was ready.

At least this reward of Heavenly Yuan Qi, could allow him to reach six tribulation of reincarnation, late stage!

Chapter 2359 - Three Lives Silk

The Flames of the God of Heaven burned on the surface of the mirror, spreading far into the distance.

"Even after moving for such a long distance, I still couldn't see anything. It's a straight line, could this Mirror City be playing with me?"

The Sea Divine Emperor stopped in his tracks and looked around at his surroundings with cold eyes.

Ever since they 'killed' Long Chen, they had moved forward in this direction at least ten times their original distance. Even now, they had not reached the end. At that time, Long Chen thought that the middle city wasn't very big, and could quickly escape.

"It's right in front. Don't be anxious." Liu Ji said coquettishly. That soft voice of hers made the anger in Sea Divine Emperor's stomach immediately dissipate and his entire body go numb. He embraced her slender waist and laughed loudly. "With you accompanying me, the road won't be long."

Although killing Long Chen would be a huge trouble, he believed that as long as he made a big discovery in this Three Lives Secret Realm, no matter if he was in the Sea Clan or the entire Immortal God Realm, he would definitely possess the power to dominate them in the future!

"If only he could reach the level of the Eternal Dragon Emperor, that would be even better."

His heart was full.

Liu Ji, who was at the side, had a satisfied smile on her face. Only when she lowered her head would she reveal a trace of gloominess.

She had defeated Emperor Xi Yao, instigated Divine Emperor Hai to kill Long Chen and the others, so she was naturally very satisfied in her heart.

Thus, most of the time, she would laugh very happily.

"There seems to be something up ahead. See it!"

The Sea Divine Emperor finally said with a trembling voice.

"Really!"

Liu Ji also raised her head in excitement. Indeed, in the sea of fire in front of her, she saw a huge palace. That should be the end of this road.

"We're finally here!"

At the end of the hall was an ice palace.

It was a palace, and also a hollow ice sculpture. It was extremely huge and should be more than enough for the Sea Divine Emperor to transform into its original form to enter inside.

At this time, the Sea Divine Emperor could not wait any longer. He carried Liu Ji's graceful figure and flew towards the Ice Palace, and in the blink of an eye, they stood at the entrance of the Ice Palace.

It was completely empty and devoid of the Divine Flames of the Heart of God.

"Enter!"

The Sea Divine Emperor's eyes were wide open as he let go of Liu Ji. He did not even look at her as he walked in. To him, the items in the ice palace would definitely have an even greater allure!

This place was very spacious and one could see everything within a glance.

There were only two things on the ground. One of them was in the center of the entire ice palace, and it was a smooth disk with a diameter of around ten meters. The disk was glowing with a misty light, illuminating the things placed on it.

The eyes of the Sea Divine Emperor and Liu Ji immediately fell on the object on the disc.

The Sea Divine Emperor was already standing in front of the disk while Liu Ji was not far behind him. Now, the Sea Divine Emperor's eyes were glowing and behind her, the surprised smile on Liu Ji's face suddenly changed.

This was actually aimed at the Sea Divine Emperor!

Maybe the Sea Divine Emperor never thought that the woman he chose would be looking at him with ridicule right now.

They had actually seen what was on that disk.

It was three transparent thin lines, almost as thin as a hair. If not for their sharp eyes, they would not have been able to see it.

It was these three thin lines that had the power to make the Sea Divine Emperor and Liu Ji excited.

Before entering Mirror Central City, they had seen an ice sculpture that connected the divine dragon's heart with the little snake's heart. It was such a thin line. Although the ice sculpture was formed from threads of ice, the feeling they got was the same.

It was something that connected that divine dragon to the ancestors of the Demon Blue Clan!

In front of their eyes, the three thin lines gradually changed and combined into four big words.

"Three Lives Silk!"

The Sea Divine Emperor could not help but shout out.

Of course, he did not know what it was. As a Ocean Emperor, with just a glance, he could tell how valuable it was.

Although he had yet to see the exact effects, it was already better than he had expected. After all, this was something that was passed down in the The Age of Dragons till now, and something from that time, should have been as terrifying as a Limitless Dao Artifact, right?

"Three Lives Love Silk, Three Lives Love Silk!"

Sea Divine Emperor's hands were trembling.

At this time, he had already forgotten about everything else as he stared at the Three Lives Love Silk. He half knelt on the ground and stretched out his hand, carefully touching the three transparent threads.

Behind him, Liu Ji was not in a hurry at all. Instead, she was filled with anticipation.

She was looking forward to the Sea Divine Emperor obtaining these Three Lives Silk?

Just at this moment, Sea Divine Emperor stopped and turned his head. Sensing his movements, Liu Ji's expression changed as he asked with a face full of smiles, "What's wrong? Is this not easy to deal with? "

The thing that confused Sea Divine Emperor was, based on Liu Ji's temper, he should have fought over it himself. But when he looked back, he no longer had any concerns. He guessed that his abandonment of Emperor Xiyao had moved her, and thought that she had decided to follow him wholeheartedly.

"It's nothing. Just you wait, once I become stronger, I will immediately make you the new Ocean Emperor."

He stretched out his hand towards that Three Lives Love Silk. What he did not see was that at this time, his body was already emitting waves of green smoke, and this green smoke was caused by a fake Liu Ji that he had met after coming down from this life stone.

Amongst the six of them, only the Sea Divine Emperor himself had admitted defeat at that stage. However, since there had been no problems later on, the Sea Divine Emperor had already forgotten about it.

When he came in contact with the Three Lives Love Silk, the green smoke on his body immediately began to boil. The originally motionless Three Lives Love Silk suddenly rose up, and like a viper awakened from its slumber, it followed the arm of the Sea Divine Emperor, instantly wrapping around his entire body and then tightening it!

"AHH!"

The Sea Divine Emperor let out a miserable howl!

That hibernating green smoke rose from the body of the Ocean Divine Emperor. The more green smoke they encountered, the tighter their Three Lives Sentiment was tightened, and it deeply constricted the flesh of the Ocean Divine Emperor, it was even more complicated than that.

Even his strength, his origin soul, and the others were all instantly controlled, causing him to be reduced to a cripple. He couldn't even move; he could only roll on the ground!

The sealing power of Three Lives Love Silk was something that not even the Sea Divine Emperor could break away from. From this, it could be seen how terrifying this thing was, and it was not a Dao Artifact.

"Liu Ji, quickly save me!"

Divine Emperor was shocked as he screamed for help.

At this time, a beauty stopped in front of him and looked at him with a smile.

"Liu Ji?"

He looked at Liu Ji, whose face was now filled with smiles. It was difficult for him to imagine why such a situation would happen, why did Liu Ji, who had been perfectly fine a moment ago, suddenly break out in rage, why did Liu Ji, who had been snuggling up to him a moment ago, suddenly become so unfamiliar?

"What's going on!"

The Sea Divine Emperor roared, his red eyes extremely fierce, with sharp fangs, it was enough to scare most people.

Liu Ji covered her mouth and laughed for a while, then said: "Don't you understand? Are you asking about Sansheng's love or me? Let me first tell you why it treats you like that, it's because the moment you came to the mirror, the moment I didn't recognize you, you were already eliminated. From then on, you were destined to not have Three Lives Love Silk.

At this moment, her expression was sinister and malevolent, completely unlike her previous coquettish self.

Sea Divine Emperor felt as if he was struck by lightning. He really did not expect the green smoke to have such an effect.

Before he could ask, Liu Ji seemed to know what he was going to say.

She giggled. "Have you forgotten? This Three Lives Secret Realm was opened by me, so I naturally know of many things that you don't know about. Furthermore, the little snake in the ice sculpture is the ancestor of my Magic Blue Clan. I even know how far it is from the entrance to here, and I already know what's inside. "

Even the Sea Divine Emperor did not expect this much.

He thought that he had taken control of Liu Ji, especially after he abandoned Emperor Xlao. However, the current reality was a huge blow to him, and he discovered that he simply did not understand this woman at all.

She knew so much, but she didn't tell him. She pretended to be relying on him along the way. It was clear that she had long since planned for this to happen!

This was a huge blow to the Sea Divine Emperor.

He still couldn't react. All of this was like a dream. He had lived for tens of thousands of years without being able to understand it.

"You are just a woman, even if you have these three lifetimes of love, you still wouldn't be able to do anything to me for a long time! Also, now that Long Chen is dead, if I don't go out, the humans will come and settle the score with you. Liu Ji, why did you do this, I even helped you kill Emperor Xlao, is this not enough to express my love for you? "

This was the thing that puzzled him the most.

He felt that he had already treated this woman very well. Even when Liu Ji was scheming against Xlao Yao, he had given up on his wife and chose her. He had originally thought that this would move her.

After hearing these words, Liu Ji burst out in laughter.

"Don't you think it's terrible? A man can even kill a woman that has accompanied him for his entire life, how can I feel safe with you? If I really like you, it's only a little bit, but I'm more afraid of you. You deserve to die, Silver Crescent! "

Chapter 2360 - Mystical Yellow

It could be said that these two people didn't have much to do with each other, and neither could be blamed on the other.

Although the Sea Divine Emperor was heartless, Liu Ji was also sinister. In the end, the Sea Divine Emperor lost to Liu Ji.

He had thought that he could control Liu Ji and subdue her, but in reality, he was far from being able to do so.

"Once I leave this place, I'll leave the Sea God's Realm and take these Three Lives Love Threads with me. When that happens, who will be able to find me?"

Liu Ji had already made preparations for himself.

"Isn't it just imprisoning me? What else can you do?" Sea Divine Emperor struggled to his feet and looked at her coldly. Now, those Three Lives Love Threads were still tightening, almost splitting his flesh into pieces.

"I know this place better than you do!"

In the blink of an eye, she appeared before the Sea Divine Emperor. Her eyes were dark, and with a flick of her finger, the Sea Divine Emperor fell onto the disc that held the Three Lives Love Threads.

Just at this moment, the disc split apart from the middle, and a circular tunnel appeared beneath it. Below the tunnel were countless divine gods' flames, making it look like a bottomless pit filled with divine gods' flames.

Without Liu Ji's silver symbol, he would have to suffer the same pain as Emperor Xlao. No matter how strong he was, the amount of pain he had to bear was about the same as the pain the Sea Divine Emperor had to endure. The Heavenly God's Heart Flame hid the laws within, making even the Sea Divine Emperor unable to bear the pain!

Obviously, Liu Ji wanted to throw him down.

If he were to throw it down, his Sea Divine Emperor would pretty much end up in the same fate as Xlao Yao!

"No, Liu Ji, you must have misunderstood, don't be like this. I truly love you. For you, I even abandoned Yao Ling. Do you know how painful and tangled my heart was at that time? But for you, to let you live, I abandoned her, it was all for you, you can't do this to me! "

The Sea Divine Emperor was truly anxious, he did not want to end up in the same state as Emperor Xlao. However, there was no way he could escape Sansheng's love. Who asked him to have so much green lettuce on his body?

This woman was stone-cold, and definitely not someone he could control. Right now was the chance to escape from him, and then fly away, wait for her to possess everything in this Three Lives Secret Realm, avoid the pursuers of the human race, and when she became an existence stronger than the Sea Divine Emperor, then she would come back and rule over the Sea Clan!

"Liu Ji, I swear, as long as you let me go, I will let go of everything. In the future, I will treat you wholeheartedly and protect you. I love you so much. Why can't you understand my heart? "

"Are you interested?" Liu Ji asked indifferently.

Now, before her, Sea Divine Emperor didn't even have the strength to resist, let alone take human form.

"Obediently go, Sea Clan. One day, I will return to rule this world. And as long as you Silver Crescent are here, I'll always be a woman, your plaything, right? Goodbye. How should he put it? "Right, it's time for us to meet again!"

Amidst the Sea Divine Emperor's despairing shouts, she pushed the Sea Divine Emperor, who was completely powerless, down into the bottomless pit filled with the flames of the God of Heaven's Heart. She knew that this cave was very, very deep.

He would just be the same as Emperor Xiyao, endure a year of torture, and then disappear from this world.

"Good girl, come on up."

Liu Ji was filled with anticipation. She was the only person here who hadn't been touched by the green lettuce, and Three Lives Love had already treated her as its master. In the darkness, she knew that after taking care of Sea Divine Emperor, she would come back!

The painful cries of the Sea Divine Emperor gradually grew deeper and deeper until they couldn't hear them anymore. They assumed that what was below them was an endless abyss, and it was the most brutal torture!

After roughly a quarter of an hour, three sparkling and translucent threads flew up and landed in Liu Ji's hands, then gently drooped down.

"This is what the Three Lives Silk appeared on the ice sculptures. It connects the heart of my ancestor with the divine dragon."

Liu Ji's eyes were blank, while her heart was filled with excitement.

Although he did not know what these Three Lives Silk were, he had just personally seen it being able to easily control an expert like the Sea Divine Emperor. If he could control these Three Lives Silk, how terrifying would it be? Would there be anyone in this world who could be his match?

Of course, she knew that the reason Three Lives Love had imprisoned the Sea Divine Emperor on his own accord was because of the green lettuce on his body.

This information had appeared in Liu Ji's mind when she had just opened the Three Lives Secret Realm.

They were all fragmented images, but they helped her a lot. However, she had used almost all of the things she knew. Now that she had taken away the Three Lives Love Silk, she didn't even know how to get out.

There were only two things in the entire Ice Palace.

The first was the love of three lives in the middle.

Second, it was a large stone at the end of the hall of ice. The color of the ice condensed was a bit darker than the hall of ice.

"Why is this ice stone similar to the Causality Holy Stone?" Is this the exit? "

Right now, she seemed to be the only one left in the entire Mirror Core City.

To be able to become the final winner, it truly wasn't easy at all.

She walked up to the ice rock and tested it out. She found that it was extremely hard, and even with her strength, she was unable to break through it.

This caused her to be extremely vexed. From what she saw, there was no way to leave.

"Dammit, they're all dead, why aren't they letting me out?"

Liu Ji covered her forehead. She was somewhat distressed as she tried to recall the scene that she had seen from the very beginning.

She looked at the Three Lives Love Silk in her hand and thought: "Don't tell me I have to use these Three Lives Love Silk? "But right now, I don't have any way."

At this moment, someone suddenly said, "Why don't you let me try?"

Liu Ji almost subconsciously agreed.

However, when she reacted, she was immediately shocked. She thought that everyone had died, but now someone had suddenly spoken. This frightened her quite a bit.

However, she reacted quickly and her killing intent was obvious. She looked around vigilantly, especially at the entrance of the ice palace.

What she couldn't believe was that at the entrance, there was a man and a woman standing there. The man was handsome and devilish, his bones filled with killing intent, and the woman seemed like an immortal that had descended to the mortal world; she was incredibly ethereal and quiet.

The appearance of these two people caused Liu Ji to be stunned for a moment.

She immediately woke up and exclaimed, "The two of you actually didn't die! Didn't your primordial spirit get shattered by the Sea Divine Emperor's Immovable Sea Divine Needle! "

This shock almost made her unable to speak coherently.

That's right, the people who came here were of course Long Chen and Ling Xi. They climbed up from the underground stairs, all the way to the main entrance of the Ice Palace.

In reality, they had arrived even earlier. When Liu Ji had plotted against the Sea Divine Emperor, they had already secretly observed from afar. It was just that the two of them were too focused and did not notice them.

At first, Long Chen didn't have the confidence to deal with the Sea Divine Emperor, but when he saw that the Sea Divine Emperor was actually crippled by Liu Ji, he could only say that the heavens were my help.

As expected, the evil in their hearts and the heartless in their hearts had no good ending.

The heavens were punishing them.

Long Chen and Ling Xi lived and died together, and from their bodies, one could see what real love was. On the other hand, the Sea Divine Emperor and Liu Ji, the two of them, were not fit to come to this place. After Long Chen passed the test, obtaining Sky Origin Qi was the best proof.

He was very excited.

What made him so excited wasn't the Three Lives Divine Stone, but the rock in front of Liu Ji.

It was exactly the same as the Saint Stone of Karma. In other words, this was the true Saint Stone of Karma!

If not for coming to this Three Lives Secret Realm, Long Chen would never have known that the Causative Holy Stone would actually be in this place.

In that case, the inherited blood essence of the God Dao's Heart Refining Dragon should also be here.

In the middle of the ice, through the ice, a black and gold egg could be vaguely seen. Black and gold, combined with the word 'Mystic Yellow'.

When they thought about obtaining the inherited blood essence of that God Path Heart Refining Dragon, they had to be Liu Ji. They came a little too late, and now that Liu Ji had obtained three lifetimes of love, it might even be a big problem.

Fortunately, the other party didn't know how to use it yet.

Under Liu Ji's astonished and incredulous gaze, Long Chen walked into the vast hall of ice.

His eyes were blazing as he stared at the woman who had almost won.

"Unbelievable! Even under such a fatal situation, you were still able to survive and even arrive at this place. This is truly unbelievable!"

Liu Ji laughed coldly.

She looked at Ling Xi, then looked at Long Chen, and taunted in a cold voice: "Love with a concubine, truly makes one envious. However, it's not like I've never experienced love before, it's just that one thing.

"Cut the crap. In the last battle, I was unable to fully grasp your skills. Today is a perfect opportunity, and not only does the outcome have to be decided, there's also the matter of life and death. "

Long Chen asked Ling Xi to stand at the side.

Right now, it was much easier to deal with Liu Ji and not the Sea Divine Emperor.

Liu Ji's sneer gradually disappeared.

She calmly raised her eyebrows and said, "How ridiculous, last time it was just a farce, do you really think you can be compared on the same level as me? That thing called Poison Sacrifice, but I use it when

I play around. "My Magic Blue Clan is dominating the world. If you really want to die in pain, then don't blame me."

This was a battle of life and death. Liu Ji would definitely use a deathblow that was hard to guard against.

What was even more troublesome was that she had obtained those Three Lives Love Silk. It was also a huge problem.
