

## War God 2421

Chapter 2421 - Gachapon

It could be said that this was definitely the most shocking moment!

The other Demon Lords, Ocean Emperors, and Holy Mages had risked their lives without caring about anything else. In this situation, even if Yang You was attacked by several of her opponents, she still wouldn't be able to break through!

Evil Spirit Beasts had always been attacking the Slaughter Heavenly Diagram, since he was the only one who could quickly open it. No one expected that he would actually turn around and deal with Long Chen!

At that moment, everyone was almost suffocated.

When Long Chen suddenly appeared under the blade of the evil spirit beast, they really did not know how much joy they had in their hearts. As long as he appeared, it would be clear that Long Chen had succeeded.

Powerful! Primal! Domineering! It was filled with killing intent!

He had just defeated the Seven Stars Ancient God. At this time, he was at his most berserk, and the willpower he displayed instantly shocked everyone!

Although Long Chen had appeared under the blade of the evil spirit beast, no one was actually worried for a moment. On the contrary, they were looking forward to what kind of shocking power Long Chen would display right now!

To be honest, the evil spirit was also shocked by his appearance!

They, the male and female, met Long Chen's gaze that was brimming with pressure. Their hearts immediately trembled, this was a kind of fatal crisis, the Evil Spirit Beast's senses in this regard were extremely sharp!

However, with the Ancient Giant Demons' order, they did not retreat even though they knew it was dangerous. Instead, they charged towards Long Chen!

"Pretending to be ghosts, don't think that you can deceive us!"

"Die!"

As matters stood, the two female and male evil spirit beasts could only use these words to strengthen their courage!

Long Chen immediately felt this kind of killing intent. He squinted his eyes as he watched the demonic beast attack, and their movements became extremely slow in Long Chen's eyes. Long Chen exposed a cold smile, and successfully returned.

He was finally able to rely on his own strength to resolve the crisis of the human race!

Thus, at this time, a blood-red dragon appeared above him. The blood-red scales, the bone spikes, the endless aura of slaughter, the angry power of 10,000 death claws, everything had been gathered together!

Everyone could see with their own eyes that when the Evil Spirit Beast's purple blade cut through the starry sky and attacked them, Long Chen merely extended his dragon claw and directly blocked it. He firmly grabbed onto the other party's wings and pulled with all his might, and with a power that surpassed the strength of the Spirit Demon Race, he directly controlled the Evil Spirit Beast under his own dragon claw! The claw pierced deep into the man's body, pulling him back to the bone!

He was about to use that terrifying sound to attack, and being so close, it was clear that Long Chen might not be able to withstand the attack right now. But Long Chen was even faster, when the male opened his mouth, his Ten Thousand Deadly Claw immediately pressed onto the male spirit beast's head, and with its five claws, it pierced deeply into the male's body!

Pch!

Everyone could clearly see the evil spirit beast's blood splashing everywhere!

Beneath her, the female evil beast was extremely berserk as she struggled with all her might. Long Chen's other dragon claw let go of her flesh wings and at that critical moment, stabbed into the female evil spirit beast's head!

Both heads were under his control!

This was an absolute close combat!

In this situation, Long Chen's slender body swung out, directly surrounding the Evil Spirit Beast in the center. The powerful force directly locked down the opponent, making it unable to move at all!

This sequence of events left everyone dumbfounded!

The other party is the Demon Lord!

One of the top sixteen powerhouses of the Monster race! He was also the strongest existence in the entire Immortal God Realm. Long Chen had actually relied on just the strength of his fleshly body to make the other party surrender!

None of the fifteen Dragon Emperor s present were able to do such a thing!

Under the heavens, only Spirit King and Yang You could oppress a Demon Lord like this. Although Long Chen had not caught up to them yet, he was pretty much there ...

As expected, the transformation that the Seven Star Tribulation had brought to him was simply unimaginable.

The Dragon Emperor s had basically forgotten about the battle as they stared at Long Chen. They only had one thought in their minds, and that was, the human race had been saved!

After experiencing such a ordeal, Long Chen's appearance and his forceful counterattack made them cry tears of joy

The entire process lasted for about ten breaths of time. After ten breaths of time, Long Chen decisively released the Evil Spirit Beast and used the fire of life to help the beast recover. During the process, he said to the crowd, "Seniors, please do not let anyone go!"

Seeing this scene, the opponent probably had the thought of retreating!

This time, they were destined to fail!

Hearing Long Chen's words, Yang You and the Dragon Emperor could not help but cheer inside. However, they had gotten more passionate now. Now, even if they had to pay the price, they had to be held back!

"Brothers and sisters, attack!"

The Eternal Dragon Emperor's face flushed red and he couldn't help but let out a roar. Under his fierce attack, his opponent, the Lurker Beast, couldn't even move, let alone leave!

Right now, the human race was putting their lives on the line to stop the enemy. They were greatly encouraged and had a vast morale!

"Thanks, I'll help too!"

The Evil Spirit Beasts had already recovered. Long Chen had destroyed the Ancient Giant Demons' willpower in their bodies, and his own primordial spirit was replenished. If this carried on, he would only become more and more powerful!

"Ancient Giant Demon!"

He looked at Yi Xue and Meng Hen. Both of them were looking at Long Chen viciously with ugly expressions.

"Watch carefully!"

Long Chen had only talked about three people, and his movements were extremely quick and violent. His first target was Tyrant Divine Emperor!

With the help of the Nine Phoenix, his attack became even faster. Under the entanglement of the Nine Phoenix, Tyrant Divine Emperor basically did not have the power to defend against Long Chen, and in a short period of time, he was awoken by Long Chen.

"Did you see the death of the Sea Divine Emperor?"

After all, he was the Ocean Emperor of the Sea Clan, Long Chen had to ask for his opinion.

Ba Divine Emperor gave a helpless smile and said: "This is his own fault and cannot be blamed on others. Also, from now on, I am the first Ocean Emperor right?"

Long Chen was relieved to hear this.

In truth, he didn't need to worry at all. Today's reversal was already uncontrollable. From the moment he had crossed the Seven Star Tribulation and returned, the Immortal God Region had already won. The only one that had lost was the Archaic Giant Demon!

Next, Lu Mou!

"You're finally here. This guy has been pestering me for a long time!" The Immortal Dragon Emperor was excited. Under the cooperation of Long Chen, he was able to wake up the Lurker Beast quickly.

It had killed the Immortal Dragon Emperor before, so it was very embarrassed.

"We'll settle our debts later. Let's wake up everyone for now!"

The Immortal Dragon Emperor was reasonable.

Every time he awakened one, he would basically bring two helpers. They joined the battle with the others. From now on, the opponent was completely suppressed!

To prevent them from escaping, Long Chen had to speed up!

Every single time the Primordial Giant Demon's will saw him, it would be filled with terror. Furthermore, Long Chen didn't even bother to say anything, and directly attacked him!

In that short period of time, another two Demon Masters were awakened by Long Chen's claws. He had specially dealt with those who were escaping quickly, such as the Eternal Life Divine Beast and a portion of the Giant Witch!

At this point, there was no way to turn back the enemy's defeat!

However, Yi Xue and Meng Hen did not give the order to retreat. Instead, they sneered. Perhaps they knew that the riot caused by the ancient trolls had failed completely, so they did not want them to retreat.

To these ancient Giant Demons, they no longer had any value.

Long Chen had been paying attention to them the entire time.

"Do these two fellows have any other tricks to hide?" Is it the same as last time's Immoveable Demon Eye? "

At the same time Long Chen woke up his opponents, he paid attention to them.

Very quickly, amidst the cheers of the crowd, more and more Demon Lords woke up. They would not choose to rebel like the Ocean Divine Emperor, or perhaps they were lucky.

In this riot, the human race had created many miracles!

Letting everyone gather in the Five Dragon Cities and using the Five Great Heavenly Diagram to block it was a miraculous right decision.

Ling Xi created five super large-scale Heaven and Earth Transference Arrays, this was also a miracle!

In the final battle, Long Chen defeated the evil spirit beasts that gave the Celestial Slaughter Map so much trouble. Many people collaborated together to kill the Sea Divine Emperor that was taken over by the rebellion and in the end, even crossed through the Seven Stars Calamity in the middle of the battle and truly obtained the flag of victory! This was a huge miracle!

In this final battle, he was destined to be the most dazzling star!

In fact, his final strength had completely reached, and had even surpassed the level of the Dragon Emperor. If not for Yang You, he would already be the number one expert of the human race!

The greatest glory, belonged to Long Chen!

There were dozens of peak experts in total, and the number of people who woke up was increasing. In the end, there were only a few people who were still under control. Everyone was surrounding them to prevent them from escaping!

Even if five or six Innates attacked together, they would not need Long Chen to do anything. They had already imprisoned them and were waiting for Long Chen to come over, using their Thousand Deadly Claw to directly tear apart the Ancient Giant Demon's will.

This process was accompanied by cheers that sounded like explosions amongst human beings.

The other four Dragon Cities heard the entire process of the battle and were cheering as well! Long Chen was a hero in the past, but now, he was a legend!

All of the Dragon Emperor, Demon Lord, Sovereign of the Seas and Holy Mage were looking at him with mixed feelings. Their hearts were filled with shock and the fifteen Dragon Emperors even revealed tears of excitement!

They thought of Long Qinglan.

If he was still alive, then this crisis would have been nothing at all. However, he was misunderstood and rejected by the human race. Now that he was truly in danger, his woman, his son, and even his daughter-in-law were helping the entire human race and saving the common people!

## Chapter 2422 - Avatar of will

Long Chen had always been a miracle, but at this time, he finally reached the peak of the miracle!

In the end, all of the peak experts woke up. The greatest danger to the human race had been resolved, and the only thing that had been lost was the crazy Sea Divine Emperor.

The cheers of the elite Slaughter Dragon City elites had already caused their voices to turn hoarse. Countless people had shed tears from their excitement!

Above the starry sky, everyone was surrounding Long Chen, their eyes filled with reverence. At this time, Long Chen's mental will had already reached an unrivalled level, he had devoured all of the will left behind by the Ancient Giant Demons on the peak level experts, and now, he was unimaginably strong.

Although he did not have any malicious intent, just a gaze from him was enough to make Dragon Emperor level opponents tremble!

All living beings treated him like a god!

The peak experts finally heaved a sigh of relief. They were prepared to discuss how to break free from the Ancient Giant Demons' control when Long Chen left them and arrived before Yi Xue and Meng Hen.

The crowd couldn't help but turn to look at him.

The fighting strength of these two women was ordinary, but they came from the demon star; they were also very special. This attack was organized by them, so it could be said that they were the main culprits.

"It's your turn."

Long Chen came before their eyes and said solemnly.

Yi Xue sneered and said, "Do you really think you've won? It's just that our forefathers have given up on these people. I know that you will wake us up, but let me warn you one last time. Be careful, the ancestor's attack has yet to finish, and I have already told all of you that he is very terrifying. Right now, you have successfully provoked him, so it's best that you are not happy."

As he said that, Meng Hen pointed to the southern Dragon God Domain.

Long Chen followed their gazes and looked towards the south, only to see that the entire sky had turned blood-red. Countless red lights soared to the sky from the ground! They began to gather in the air!

"Did you see that? He's over there, haha!"

At this point, Yi Xue could not help but burst out laughing.

Long Chen's heart was filled with a deep sense of crisis the entire time. As expected, the awakening of these thirty experts was not the end, but rather, it had truly angered the Ancient Giant Demons!

As the others heard this, all of them turned to the south, frowning. They all knew that the battle was not over. Perhaps the most difficult battle would be coming next!

"Then let's fight to the death!"

Just as Long Chen was feeling cold in his heart, Long Chen snorted coldly. The Myriad Death Claw in its human form was enough to let Yi Xue and Meng Hen recover.

When the two women recovered, they were startled for a moment before saying, "Are they under control again?"

"Then what happened?"

Long Chen asked anxiously.

The Southern Dragon God Domain he was talking about!

Yi Xue and Meng Hen looked towards the south. Yi Xue was stunned for a moment before she said fearfully, "Previously, the Ancient Giant Demons sent a 'Avatar of Will' to the Immortal God Realm. One third of it was used to control these thirty experts, while the other two-thirds was used to control the demon race, sea race, and witch race.

It turned out that the consciences of all the races that controlled the sea race, demon race, and witch race were gathered together and turned back into his will clone!

This was no doubt quite terrifying!

The 40 plus peak powerhouses paled as they heard this. As expected, this was the true final battle, and also the crazed method that had to be used when the Ancient Giant Demons were being forced to the very end. Now, everyone had to directly face the avatars of the Ancient Giant Demons!

That was the willpower that controlled billions of lives. Who knew how powerful it was!

For a time, everyone felt fear in their hearts.

Long Chen laughed and said: "So that's how it is? Doesn't that mean we couldn't get all the demons, Sea Clan, and Witch Clan to return to their original forms? But now, the ancient Giant Demons have reformed their avatars and they are back to their original forms, right?! That's why, as long as we kill this will clone now, our Eternal God Realm will be at peace, right! "

It just so happens that I can solve the problem once and for all!

Hearing Long Chen's words, everyone suddenly remembered something. That's right, it should be like that!

The peak powerhouses looked at each other in dismay. They were not cowards. Now that they discovered that the only way to resolve the situation was to defeat that avatar, they still had some courage and the responsibility to face it!

Yi Xue said, "Impossible. The Ancient Giant Demon is so powerful, and now he's angry. You guys are not his match at all. Hurry up and run. You can run as far as you want, you have no hope!"

"Yes, you don't know how terrifying the Ancient Giant Demons are. The reason why they didn't directly use their avatars to snatch your five dragon pearls is because they wanted to play with you and scare you. But now, they will only kill you. He is an existence equivalent to gods. Mortals cannot fight against gods, you are mortals, and he is a god! "

Speaking of this issue, even the taciturn Meng Hen could not help but stop her.

"So, flee, leave this place, even if you have to wander in the endless starry sky." Yi Xue said solemnly.

The last time they were let off, it caused them to organise such a dangerous attack, and now they had to be imprisoned temporarily. If not, no matter where they went, as long as the Ancient Giant Demons screamed, they would be controlled once more.

After taking care of them, Long Chen looked towards the south, only to see the red light growing brighter and brighter, gradually forming a mouth, a big, blood-red mouth.

It was possible that the ancient Giant Demons would only attack when all of their wills were gathered together!

It looked like it would take some time.

Even though Long Chen was young, he had unknowingly become the core of everyone. After all, he was the one who woke everyone up. Now, everyone was looking at him, waiting for his decision.

"Everyone, we have no way out. No matter how difficult it is to deal with the will avatar of the Archaic Giant Demon, this is our only hope to survive. It is also the hope of the entire Immortal God Region!"

He narrowed his eyes and looked towards the Immortal God Region and said, "Powerful people have to shoulder responsibility. Everyone knows this much better than me. There are billions of lives here, close to ten billion. They are all your people, and have been in existence for tens of millions of years, so no matter how unbearable this battle is, we only have one way out, and that is to defeat him! "

No one wanted their home or their people to be trampled over by outsiders!

"How many miracles have we created since the beginning of the Eternal Rebellion? At the very least, until now, we have been the victors, and the Ancient Giant Demons are the losers. But this provides us with the greatest opportunity, because this is the only chance to save our peoples. At this time, as the rulers, for the sake of everything, there is only slaughter! "

Actually, what everyone understood was that it was just a bit less courageous.

Now was indeed the only chance to obtain peace and complete victory.

No matter how strong the opponent was, at this point, no one was qualified to give up.

Moreover, who would hope that the Immortal God Realm would forever be doomed?

As long as one was strong, they would deeply love their home and loved their race.

This was a form of protection, dignity, and glory.

Right now, even if he had to sacrifice his life, he still had to fight.

Long Chen patted his chest, and said loudly: "I do not care if everyone has the courage, but I, Long Chen vow here that I will fight to the end, unless I die in battle!"

He was a young man; his life was more precious than anyone else's. He was much more spacious than everyone else. However, many people in the audience had nearly lived for their entire lives!

At this moment, Long Chen's action of patting his heart, and the heroism in his eyes, shocked everyone.

It was such a resolute look.

"I will accompany you to the end." Yang You's cold voice was suddenly heard.

"Haha, too unreasonable, too unreasonable. Although this old man only has my life left, I never thought that I would take half a step back!"

These were the words of the Immortal Dragon Emperor.

At this point, everyone laughed.

There was a huge change in their eyes. This change was - fight to the death!

At this time, a Demon Lord said, "This battle will certainly be a lot more devastating. Since the other side hasn't finished yet, let's evacuate the clansmen that have already left our control. The location of the battle will be here!"

Everyone agreed. Right now, the most important thing was naturally everyone's lives.

Through the teleportation of the Heaven and Earth Transference Array and the immobilization of the Slaughter Heavenly Diagram, the Dragon Emperor s had directly destroyed the Sea of Destiny, the Sea of Life, and so on, moving the Five Dragon Cities to a safe place. The nearby Slaughter Dragon City had also allowed them to teleport to the Demon God Area.

As for the Sea Tribes, Witch Clan, and Demon Clan, they used the Star Symbols to circle after circle of them, allowing everyone who had just awakened to leave the northern part of Dragon God Domain at the fastest speed possible. It would be best if they returned to the Demon God Area, the Sea God's Domain, and the Sorcerer's Domain.

Although they wouldn't be able to evacuate too far in a short period of time, it wasn't too much of a problem for them to lure the Ancient Giant Demons into the northern starry sky and fight them!

This time, there were a total of 44 supreme experts that attacked together. This was to ensure that the entire Divine Realm of Immortality would survive the final tribulation!

Now, all the Dragon Emperor, Demon Lord, the Ocean Emperor and the Holy Mage were standing together. Before the eternal chaos, it was simply impossible for something like this to happen.

But now, they only had one enemy.

Everyone held their breath, looking at the Dragon God Domain. Starting from their mouths, the body of the Ancient Giant Demon began to take shape.

"Oh yeah, did Spirit King not appear from start to finish?"

"Hehe, spirit race, you are too ambitious." He probably wanted to dominate the Immortal God Realm! After all, they are the strongest within the entire Immortal God Realm. "

## Chapter 2423 - Confronting Heroes

Other than the Spirit King, no one in the Spirit Race was able to contend against the Dragon Emperor and the Demon Lords. In other words, the entire Spirit Clan was actually supported by the Spirit King alone.

This had been the case for generations.

The strength of each Spirit King would far surpass the entire Spirit Clan's strength, and would reach the realm of a 'half-step Divine Spirit' that no one could ever reach.

Basically, there wasn't much of a surprise.

Furthermore, every Spirit King had a long reign. than the Dragon Emperor and the Great Demon Lords.

The mysterious thing was, every time a Spirit King died, a new Spirit King would be born within a short period of time. Their powers were basically no different from the old Spirit King's. This kind of miraculous phenomenon that even broke the rules was the spirit race's deepest secret. This was a type of replacement for life.

Outsiders called it the 'psionic inheritance'.

A spiritual master and a virgin were two terrifying deities that the spiritual race worshipped. According to legend, although there were only two of them, they were almost the same as Di Jun.

Only the Spirit Race was not affected by the Eternal Rebellion this time. The Dragon Emperor had requested for support from the Spirit King many times, but there was no news from them at all. Currently, it had already reached the stage of the final battle, but the Spirit King still had not appeared.

Spirit King had always been a reclusive person, but ever since he lost to the Eternal Dragon Emperor, his temper had become a little strange. This Eternal Rebellion, if he was willing to help, he would definitely get a lot of benefits.

The Dragon Emperor was already furious in their hearts, they just did not have time to do anything.

In fact, the only thing they were afraid of was the Spirit King. In terms of battle power, if fifteen of the Dragon Emperor s were to attack together, then the Spirit King would definitely not be a match for them. They were afraid of a sneak attack from the Spirit Race, but the current Five Dragon Cities had the Heaven and Earth Transference Array, so they were not afraid of anything.

Under the arrangements of the strongest elites, the demons, marine tribes, and witches who had escaped from the control due to the will avatar of the ancient Giant Demons quickly fled to a safe location. This time the Ancient Giant Demon's target was no longer them, so they were still safe!

Currently, including Long Chen and Yang You, there were a total of 46 people waiting in the northern starry sky for the final attack of the Ancient Giant Demons! He wanted the five dragon pearls here, and his enemy Long Chen here, he would definitely come!

Everyone stared fixedly in that direction. It was impossible not to be nervous, just as Yi Xue had said. They were facing a god!

He was a true ruler!

Perhaps, with just a few casual words, he would be able to kill an expert of their level.

However, for the sake of survival and peace, for the sake of the future, everyone had no choice but to give their all. This was the first time that the Immortal God Realm had such unity.

In Long Chen's field of vision, blood-red figures were flying towards the north of Dragon God Domain in the entire Immortal God Realm. An unimaginable giant beast had already appeared in the sky there, and it was the same Archaic Giant Demon Qu that Long Chen saw in everyone's world of consciousness.

It had bat wings, godly dragon scales, wild beast claws, a tough lower limb, a sturdy body, and a scorpion tail. Its head was like a mantis's, but it had sharp teeth and a pair of blood-red eyes that grew on both sides.

Those blood-red eyes that were like a sea of blood, emitted a devilish energy that was countless times scarier than what Mo Xiaolang originally had. Now, they were staring fixedly in Long Chen's direction, their eyes filled with evil and resentment!

That's right, he was looking at Long Chen!

If it was the past, just this gaze alone was enough to scare Long Chen, but now, Long Chen had already swallowed one-third of his opponent's will, and the opponent only had two-thirds of his will, so in terms of spiritual energy to fight, Long Chen was already an expert. Naturally, the Ancestral Dragon was countless times more noble than the Ancient Giant Demon, so at this moment, Long Chen might not lose to him!

The other Dragon Emperor s would definitely not be able to withstand it.

However, the Ancient Giant Demons only targeted Long Chen! This monster that had devoured a third of his will clone!

Time seemed to fly by so quickly that Long Chen and the rest couldn't think too much about it. There was no longer any blood-red light in the sky above Demon God Area. All of the blood red and demonic energy gathered in the northern part of Dragon God Domain, and landed on the body of the gigantic beast. It was a gigantic beast that was even bigger than the ones that all the other warriors had turned into: a divine dragon, a demon beast, a sea beast, and a giant witch. Its entire body was covered in blood-red blood, gushing out of his body like a raging river.

This was still not the true body of the ancient Giant Demon!

If the real body came, then everyone would have to die. Even Yang You and Long Chen wouldn't be able to fight against the Ancient Giant Demons.

Weng! \*

In that instant, his will clone was formed!

The Ancient Giant Demon released a terrifying roar. Under this roar, half of the northern region of the Dragon God Domain directly collapsed, turning into dust and scattered into the endless starry sky. There were even a portion of the demon race and Sea Clan that were swept up into the air.

Speed!

Those blood-colored eyes instantly appeared in front of everyone from far away. That monstrous devil aura and blood mist released from this ancient Giant Demon's body, shrouding him within.

The combination of black and blood-red belonged solely to the ancient Giant Demons!

BOOM!

Wherever it went, the starry sky was torn into a net, and countless fragmentary stars were transformed into powder!

With just a flap of his wings, a large piece of land collapsed.

Legend has it that the chaotic star field was once a part of the Immortal God Realm. However, after the Great War of Gods and Demons, the Ancient Giant Demons were defeated and sealed in the Demon Star, it seems that this rumor is true!

It was simply too huge. Even if Long Chen turned into a divine dragon, it would only be as thick as the tail of his opponent!

His real body, he wondered how big it would be!

RUU...!

As his body was pressed against the starry sky, the experts couldn't help but retreat, unable to confront the opponent's demonic aura head on!

As the ancient Giant Demon arrived, all of the people that were prepared to fight paled. They weren't afraid, but the pressure was just too great!

It was impossible to say that he was not afraid!

In that instant, other than Long Chen, everyone else had revealed their strongest state, including Yang You, who had also transformed into the Unparalleled Dragon.

This way, in front of this giant ancient Giant Demon, everyone had the qualifications to fight back!

Sixteen divine dragons! Sixteen demon beasts! The five sea beasts and the eight giant witches were all standing in front of the ancient Giant Demons, their fighting spirits surging!

Long Chen was also standing closest to the Primordial Giant Demon Clan. The tentacles on their heads were even larger than him!

"Hiss!"

Although the archaic Giant Demon only spoke a single word, it was still a huge blow to everyone. With this, everyone's courage dropped even further. They all realized that their chances of fighting this battle were actually not that great.

Fighting against a God, at least wouldn't result in any good results.

His bloodshot eyes made everyone's scalps go numb. He actually said, "I'll give you two choices. First, give me the five dragon pearls, and second, kill everyone, including all living beings in the Immortal God Realm. Then, I'll take the five dragon pearls from you, you choose!"

His thoughts were clear, and not as crazy as he had imagined.

Honestly speaking, the Demon Lord, the Ocean Emperor, and the Holy Mage were all shaken. If there were only these two choices, then everyone would have chosen the first choice. After all, their lives were in their hands!

When they were at their most shaken state, Long Chen stepped forward, stared at the Primordial Giant Demon with his gold-like eyes, and said loudly: "Don't ask, our choice is, you die! As long as you die, the world will be at peace! "

He knew that there would be people who would be afraid, so he directly used this method to cut off everyone's path of retreat.

"I know you, little brat. You still can't make a decision, but I changed my mind. The first choice is to hand over the five Dragon Balls, then I'll kill this little brat! There's nothing to discuss! "

Everyone's expression became even more tense, but they did not expect Long Chen to actually laugh out loud, and said: "How funny, you are clearly just a clone, do you think you are the main body? If you had full confidence in yourself, you wouldn't give us the choice. How much do you hate me, so, even though you think you're above us in terms of intelligence, you didn't directly make a move on us. Do you think we don't know that you're a paper tiger? "

Everyone thought that this was indeed the case. This will avatar came from an ancient Giant Demon. With the other party's brutal character, if he had an absolute advantage then he would have certainly attacked! The reason he was like this was because he wasn't completely confident!

In that moment, everyone looked at each other and Long Chen was clear as well. Otherwise, they really might have been tricked by the other party, and at least cause internal strife.

These words naturally provoked the wrath of the ancient Giant Demons.

His blood-red eyes immediately began to boil, his entire body flashed with resplendent rays of light, his claws were spread wide, and it was suffocating. At this moment, he was simply angered to the extreme, directly losing his rationality as he raised his head and let out a terrifying roar.

However, it was just a roar.

The experts can still hold on!

BOOM!

The Ancient Giant Demon made his move. He tore apart the space, and the gigantic demonic hand swiped towards Long Chen. Long Chen dodged quickly, and in the blink of an eye, he was out of the opponent's attack range.

He had already known that the other party would attack!

But at this time, he suddenly changed his direction and increased his speed, passing Long Chen. In the midst of the firelight and lightning, he directly pressed down on the Emperor Blood Dragon Emperor behind Long Chen!

At that moment, it was as if danger had arisen again! To the Dragon Emperor, the other party was too treacherous, and too sudden!

The ancient Giant Demon's claws grabbed onto him tightly, as if they were holding onto a small snake. Immediately, the Emperor Blood Dragon Emperor was almost torn into two!

"Haha, it's been thousands of years since I've tasted a divine dragon!"

The ancient Giant Demon couldn't help but laugh.

Chapter 2424 - Transformation

Long Chen dodged, but the Dragon Emperor was caught!

If he were to use the ancient Giant Demon Claw to grab the Emperor Blood Burying Heavenly Dragon from the Emperor Blood Dragon Emperor, perhaps as long as he used a bit of strength, the Emperor Blood Burying Heavenly Dragon would be crushed to pieces!

However, the ancient Giant Demons were much more terrifying than what everyone imagined. He actually wanted to eat the divine dragon!

If it really was eaten, then even if the Emperor Blood Burying Heavenly Dragon had two lives, it would still be gone. The death of the Sea Divine Emperor had given everyone a warning. Even as peak rankers, they would still die in battle!

The appearance of the Ancient Giant Demons had already brought great fear to everyone, especially to the Demon Lord, the Saint Lich and the Ocean Emperor. They had all been controlled before, and the image of the Ancient Giant Demons had already brought great pressure to everyone.

Although this didn't cause them to lose their courage to fight, it would at least cause their hearts to be filled with fear. In truth, this was human nature, and they revered the gods; after all, everyone was just a mortal, and the ancient Giant Demons were tyrannical existences that were comparable to gods!

However, when the Emperor Blood Burying Heavenly Dragon was captured and quickly sent to the mouth of the Ancient Giant Demon, the other Dragon Emperor s and Yang You did not hesitate as they all launched their attacks to save the Emperor Blood Dragon Emperor. He had been a brother for many years. No matter how strong his opponent was, he couldn't just sit by and watch him die!

However, they were all not as fast as Long Chen!

The attack this time was aimed at Long Chen from the beginning. When Long Chen dodged, and when the Ancient Giant Demon tried to grab the Emperor Blood Dragon Emperor, Long Chen was simply beside his arm! His actions had decisively surpassed everyone's imagination, because he had made Ling Xi appear instantly. The two of them had a tacit understanding.

Even now, the Three Lives Calamity was still Long Chen's strongest attack. This time, he did not dare to be careless while saving the Emperor Blood Dragon Emperor, because he understood that the moment the Ancient Giant Demon retracts his arm, the Emperor Blood Dragon Emperor would be done for!

The battle was set ablaze at this moment!

Over 40 super strong warriors will carry out this unparalleled battle!

And the first to attack was Long Chen's tribulation! Long Chen's own swelling also caused Ling Xi's strength to increase. At this time, it was extremely easy for the two of them to use Three Lives Calamity, whether it was speed or power, they were both much stronger than before. Adding to that, he was already at the side of the opponent's arm!

Therefore, almost immediately after the Ancient Giant Demon said that he wanted to eat the divine dragon, Long Chen and Ling Xi's tribulation fell on the Ancient Giant Demon's arm!

Bang!

A loud sound echoed out!

Everyone focused their gazes and saw that his arm, which was holding onto the Emperor Blood Dragon Emperor, was directly broken at the joints. The devilish Qi and blood Qi scattered all over the sky, and that broken arm naturally lost its power, allowing the Emperor Blood Dragon Emperor to easily escape!

His arm had been cut off from the start!

Seeing this scene, everyone's eyes turned red. Long Chen was not afraid, but he was able to do it so easily.

Along with the Ancient Giant Demon's miserable cries, everyone suddenly became filled with power. They had no choice but to thank Long Chen, because of his existence, they were able to regain their true confidence!

Long Chen suddenly remembered that this seemed to be the will clone of the Ancient Giant Demon!

Then, there was no difference between him and the existences in the space of the consciousness of the Demon Masters. Since Long Chen could devour that one third, why couldn't he do so now?

Therefore, at this moment, he suddenly turned into an Primordial Blood Spirit Dragon, allowing Ling Xi to stand on her forehead. He quickly held onto the arm of the Primordial Giant Demon that was burning and disappearing, opened his mouth, and swallowed a large amount of fragment of the will!

In the blink of an eye, the fragment of will had disappeared. Instead, it had increased Long Chen's own strength and willpower, at least on the level of willpower. He now almost had the upper hand, which was the reason why he wasn't afraid of the Primordial Giant Demon in front of him at all!

"Kill!!"

With Long Chen starting, all the Rankers were filled with confidence. At this time, everyone split up and surrounded the Ancient Giant Demons to attack at the same time!

"Everyone, cover each other. Don't let him hurt anyone!"

One of them shouted. This was an extremely stable method. Facing such a huge being, they would need everyone to unite and help each other, just like how Long Chen had just saved the Emperor Blood Dragon Emperor!

At this time, Long Chen turned his head to look back. It seemed that the Ancient Giant Demon's broken arm had grown back again.

was in the state of being a divine dragon, so he transformed into a divine way Heart Refining Dragon to participate in this battle. On the other hand, Ling Xi had used the Divine Technique, which was very crucial for, to the side of the dragon horn. Now that Ling Xi was able to use the primordial Power of Reincarnation, which was comparable to the Dragon Emperor's, it could be seen how terrifying the Sector Lord Divine Arts she used were!

Most of the time, it played a crucial role in restraining him!

He was like a lion surrounded by a pack of wild wolves. It was true that he was much stronger than every other peak powerhouse, but when dozens of powerhouses attacked him together, he was surrounded on all sides by enemies. Even his senses allowed the powerhouses to use all kinds of methods to imprison him, to the point where they couldn't even see him!

At any given moment, there were dozens of attacks landing on his body, making it look like it was riddled with holes!

Long Chen knew right away that this guy would let everyone choose the right choice the moment he arrived. Right now, he was afraid of everyone, but under the siege, he was basically unable to resist at all. If this wills clone was really that strong, Long Chen believed that he would not create this eternal chaos and would have attacked the Five Dragon Cities instead!

He had made the right bet!

However, the trouble was that the Immemorial Giant Demon couldn't be killed at all. It was simply like Long Chen's fire of life, even when its enormous wings were torn apart, it could still recover in a short period of time!

After attacking for a period of time, the 40 plus peak powerhouses were already exhausted due to the battle. However, it seemed as if they still weren't able to truly injure the ancient Giant Demons!

At this point, everyone began to frown as they discussed in secret with each other to see if there was any way they could kill themselves!

"Everyone, hold on. If we destroy this thing, we will be at peace!"

"Yes!" "Don't give up, even if you have to die from exhaustion, it doesn't matter!"

Long Chen had also activated Blade Sword God Prison several times, and almost passed through the enemy's body, but they seemed to be fine!

"Did you find out? Foolish creatures, they should understand by now that you cannot kill me! Because, I am immortal! "

Even a demon could have an endless life, not to mention the founder of this demon!

Hearing this, everyone's hearts turned cold!

The only one who suffered the attack was his primordial spirit, so there was simply no way to resist. At the first moment, other than Long Chen and Yang You, who had a strong enough will, the other strong warriors felt as if their heads had been struck by a heavy hammer. Everyone's minds were blank, they were completely dumbfounded!

Not only was their minds blank, but even their faces were completely blank. This sort of impact had caused a certain amount of damage to their mind and will!

"All of you, be obedient and accept your deaths. You all have no way of surviving. The Immortal God Realm will be occupied by my children and descendants! "

The two great arms moved, grabbing onto the Great Demon Lord and the Dragon Emperor almost at the same time. The Great Demon Lord was Jiufeng, the Dragon Emperor was actually the Eternal Night Dragon Emperor!

Eternal Night Dragon Emperor s were also quite important people to Long Chen!

"Aunt You!"

The only ones who could stay awake at this moment were Long Chen and Yang You. At this critical moment, when the Ancient Giant Demons were about to deliver the Eternal Night Dragon Emperor and Nine Phoenix to their mouths, Long Chen and Yang You appeared out of nowhere!

"It's you guys again!"

The ancient Giant Demon was furious!

"Shadow Binding Spell!"

Ling Xi stared at the huge pressure and used the Sector lord Divine Arts, while Long Chen used the eternal ability for a split second. Both of them had played a certain amount of effect, and caused the Ancient Giant Demon to stop for a moment, just at this moment, a silver colored violent sword light rushed over, chopping off the Ancient Giant Demon's two wrists!

Jiu Feng and Dragon Emperor Yongye immediately flew out of each other's attack range. At this moment, everyone had also awakened from the willpower attack, and their hearts were filled with ten thousand lingering fears!

Long Chen was as rude as before, swallowing the power of will contained in the two fists!

At this time, everyone was gathered together and no longer dared to rashly attack. After all, an attack from the will of an ancient Giant Demon would bring a great danger to everyone! Right now, everyone was a little terrified in their hearts. If not for Long Chen and Yang You, they would have lost two experts this time!

"What should we do?!"

"This fellow can't be killed. We can't block his will attack. If this continues, we still have no chance of winning!"

"Could it be that the heavens are going to destroy us?"

Although they still couldn't give up fighting in their hearts, the reality was right in front of them. Everyone was tired, but the ancient Giant Demons seemed to have no influence on them at all. They were still as terrifying as ever!

Long Chen, the more you engulf him, the weaker his will clone becomes. Compared to before, he has already lost a lot of strength, if you have the ability to swallow him whole, you guys might have won." Su Yun said in a low voice.

At this moment, Yi Xue, who was in the Divine Kingdom, spoke.

To Long Chen, this was a turning point! At the beginning, he did not realize it, but after Yi Xue said so, he finally understood!

The other party was not a living being, only a will clone. No matter how much he tore his body apart, he could continue to combine them. Only when he swallowed the broken part would the other party be injured!

Chapter 2425 - Earth Vein Celestial Dragon Array

"Thank you."

What Yi Xue had told him was very important.

"You saved us two times, so you can count it as a small repayment." They were free, and their goal was freedom. Naturally, they didn't want the Ancient Giant Demons to take control of them.

Long Chen did not speak further. Right now was a critical juncture, so he immediately told everyone his new discovery. When they heard this news, the eyes of the people who were originally in despair immediately lit up.

For a moment, everyone was extremely excited, including Yang You!

The battle of the Eternal Rebellion had lasted for far too long. Having survived so many crises to this point was already a miracle among miracles. Everyone treasured this miracle very much!

When the last light of dawn appeared, the deterrence from the will attack of the ancient Giant Demons had completely vanished!

"Attack!"

"Long Chen, you keep an eye on him. We will kill him!"

"Right, we're all waiting for you to eat him!"

Under such circumstances, the crowd could actually laugh out loud. Regardless of whether it was the Dragon Emperor or the Great Demon Lord, regardless of race, they all treated Long Chen as one of their own, just like how the Eternal Dragon Emperor was back then. Although he was a human expert, he had earned the respect of the other four races.

Long Chen also had such a personality.

Long Chen's sudden rise to power was more of a form of intimidation, making the demi-humans and Sea Clan to be even more polite and courteous to humans in the future.

Now, everyone was cooperating, completely disregarding the situation. Over 40 of the top powerhouses of the Immortal God Realm were frantically attacking, wanting to tear off the bodies of these ancient Giant Demons!

Among them, Yang You directly took human form. When she used the Heavenly God Sword, Milky Way, her attack power was the strongest, and she also caused the greatest trouble for the ancient Giant Demons!

If they were able to withstand the will impact of their opponents, then such a battle would be extremely difficult!

But at this time, in the entire world, other than the Spirit Race, all the other living creatures were looking forward to their victory. Over ten billion people had placed their hopes on them, and they were all waiting in despair, bearing all the expectations of so many people.

Also, the power of the body itself. Although it was a clone of the will, its physical body was not weaker than the rest of them at all. Just by being able to hold onto the Dragon Emperor with one hand, he was able to see that he was unable to move!

However, their desperate attacks still had a great effect. Although there were people that were injured in the process, they had still torn pieces of flesh from the bodies of the ancient Giant Demons!

Long Chen was in the middle of it all, combining Ling Xi and the other people's attacks while he himself continuously devoured the willpower of the Ancient Giant Demons, strengthening himself! This was a huge drain on the Immemorial Giant Demons. When he discovered everyone's goal, he immediately became even more furious!

"Damned ants, don't drive me crazy, or there won't be any benefits for anyone!"

At a time like this, not resisting meant death, resisting meant survival. Everyone would choose this option, so even if the ancient Giant Demons began to kill even more fiercely, as violent as devils, it still wouldn't be able to stop everyone's determination!

"Do you feel it? His will attack isn't as strong as it was before!"

"You're right. This proves that our method is effective. If we continue to persevere, we will definitely kill him!"

After the previous battle, all of them were actually exhausted to the point of near collapse. Especially the Immortal Dragon Emperor, he had exhausted a lot of his strength in his previous matches and now his entire face was white!

"Kill!"

From the start to the end, this battle had lasted for a full hour.

There were many dangerous situations in between, and it was all because of Yang You and Long Chen saving them at the most crucial moment! At this time, none of the powerhouses had the slightest bit of strength. Every single one of them was bloodless and relied on their will to persevere here!

Many people were severely injured, but they were saved by Long Chen's fire of life!

With Long Chen here, they were basically an immortal body.

Fortunately, their efforts had paid off. For instance, the Ancient Giant Demons now were half of their original size. His will power was already down to a third of its original strength!

Although the Dragon Emperor's primordial spirit's resistance was very weak and on the verge of collapse, it was still difficult for the Ancient Giant Demons to rely on their will attacks to kill them. If it was the start, then it was still possible!

Long Chen was different from the Ancient Giant Demon. Even though he had already devoured two-thirds of the other party's will, his performance was in terms of his mental strength.

Now that they were once again in a deadlock, everyone was once again in a very dangerous situation. It looked as if a peak level powerhouse would die soon. At this point, although the Ancient Giant Demon was injured, he was once again feeling proud of himself!

"Fighting with me is truly overestimating yourself. I'm telling you all, if I'm here, I can kill you all with a single breath! That damned ant! "

In the current Divine Realm of Eternity, many people were crying.

Now, everyone's ability to rip out the will fragments from the bodies of the ancient Giant Demons had decreased. They were basically unable to succeed, and even Yang You was exhausted to the extreme.

"Is he really going to fail like this?"

Long Chen was not willing!

If this Eternal Rebellion had a hundred dangers in it, then everyone had already solved ninety-nine of them! The last bit was also the hardest part!

How could he succeed?

"Brother Chen, if I imprison him and persevere for fifteen minutes, will you be able to swallow him up?"

Ling Xi suddenly asked.

Long Chen said in a cold voice, "Even if he hasn't swallowed all of it, he still hasn't much left. However, imprisoning him for fifteen minutes is simply impossible!"

Ling Xi said, "That's possible. As long as you lure him to the Immortal God Realm, I can set up the 'Earth Vein Celestial Dragon Formation' with the help of the earth. By then, these forty odd experts will be able to seal him. I refuse to believe that a seal made from these forty odd people will not be able to trap him! Brother Chen, this might be your only hope! "

Long Chen was startled.

He said seriously: "Ling Xi, tell me honestly, if you succeed, what price would you have to pay? "You'd better tell me clearly about this matter, or else I won't agree to it!"

Looking at the arrogant battle between the Immemorial Giant Demons, she shook her head and said: "It's probably equivalent to laying down five Heaven and Earth Transference Arrays, and they are continuous. However, your current power is much stronger than before, I think you are at most a little tired, and if you do not believe me, and find out that I cannot persevere, you can cut off three lives of love, wouldn't that mean I don't have a source of power?"

"Alright, I believe you!"

What Ling Xi said was right, this method was indeed her last hope!

He hurriedly said to the top powerhouses in the deathmatch, "Everyone, I have one last method to kill him. Everyone, lead him to the Immortal God Realm and prepare the seal that you are most proficient in!"

Yang You squinted his eyes, "Chen Er, there are so many of us in the Immortal God Realm, and the battles will easily affect them. Are you sure you want to do this?"

Everyone had the same doubts in their hearts.

"I'm sure. Everyone, please trust me this once and come to the northern region of the Dragon God Domain."

Trust is the bridge, Long Chen trusts Ling Xi, and everyone needs to trust Long Chen without hesitation to complete this final step!

"Alright!"

Many people directly agreed when they saw the look in Long Chen's eyes.

It had to be said that there wouldn't be any good results if they continued to tangle with each other. Long Chen suddenly had a plan, and this was obviously his last hope.

Starting from the first Dragon Emperor, he appeared to be in a state of panic during the battle. Then, he suddenly retreated, heading in the direction of the Immortal God Realm's Dragon God Domain!

"Damn it, he actually ran away on the spot!"

Immediately, some people began to curse. However, when the first person ran away, the others also followed closely behind. The number of people who ran away became more and more. In the end, even those who cursed could not hold it in any longer!

For a time, the battle went from a death match to a falling monkey scattering. Everyone dodged in the direction of the Immortal God Region!

Yang You and Long Chen were at the back. They were the strongest and had the ability for the time being. There was no problem in blocking it for a while.

Seeing this scene, and seeing the flustered and exasperated expressions of Long Chen and Yang You, the Ancient Giant Demons were simply about to go mad from laughter. Honestly speaking, when these people gathered together, especially Long Chen, it brought him a lot of trouble. But in the end, those ant-like creatures couldn't overcome their fear, and all escaped!

"Aunt You!" There's nothing we can do! "

Long Chen realized that everyone had escaped, and he couldn't help but turn his head back. Although Yang You was unwilling, he still followed him!

The Ancient Giant Demons of today did not have much of an advantage in speed.

He wished that this group of people could all be spread out. The current situation was extremely suitable for him, but he simply could not let go of the five dragon pearls. However, before he could

obtain the five dragon pearls, he had one more thing to do, and that was to kill Long Chen! From beginning to end, Long Chen was still the opponent he dreaded the most!

If it wasn't for this boy, he would have long since succeeded. There was no need to form his will clone!

He had a slow grudge against Long Chen, so at this time, when everyone had spread out, he flapped his huge wings and chased after Long Chen.

"As expected, it is within my expectations!"

Long Chen could not help but laugh.

In fact, the current Primordial Giant Demon had very little effect on him. In terms of willpower, the opponent's attack had no effect on him, and in terms of physical body, he was too weak to do anything to Long Chen!

Therefore, when facing the Ancient Giant Demons alone, Long Chen was actually the safest!

#### Chapter 2426 - Bloody Banquet

Over 40 experts rushed into the Immortal God Realm. Although they seemed to scatter in unison, in reality, they hadn't gone far!

However, he did not pay any attention to the expressions of the top Ranker at the peak. Instead, it looked as if they were trying to escape, but in reality, they were wholeheartedly watching the movements of the Ancient Giant Demon!

BOOM!

At this time, Long Chen and Yang You had arrived at the Immortal God Realm one after the other. Arriving at the northern border of the Dragon God Domain, there were very few people there to begin with.

The Earth Vein Heavenly Dragon Formation that Ling Xi executed actually required the use of the entire Immortal God Realm's Earth power. The Immortal God Realm had a pulse, it was like a life form, the first

thing that Ling Xi needed was a support system. These support systems were the Earth Veins, and what Ling Xi wanted to use right now was the Earth Veins!

So when they arrived at a continuous stretch of mountains, Ling Xi had already landed on the ground, following along the back of Long Chen's dragon. However, the Ancient Giant Demons did not notice this detail, and at this time, the ones in front of him were Yang You and Long Chen.

"These hypocritical low level beings, I had thought that you guys would be so united, but it turns out that when death is at hand, you will still all leave in one fell swoop!"

He noticed the powerhouses that were still observing from the sidelines, but he didn't care. These people were only able to deal a limited amount of damage to him. Instead, it was his willpower that was able to take care of them!

What he was truly afraid of, had always been Yang You and Long Chen!

Reaching this mountain range, Long Chen and Yang You were almost caught up. At this time, they did not continue to flee, but instead fought against the Ancient Giant Demons!

At this moment, everyone's heart was beating very fast!

The most important thing was that Long Chen and Yang You needed to stall him, and the second was that Ling Xi needed to succeed, and then, they needed the Primordial Giant Demon Clan to struggle free, and finally, they needed Long Chen's hard work.

"If you dare to take over two-thirds of my will clone, I'll make sure you return it. Don't even think about leaving."

The ancient Giant Demon suddenly appeared in front of him.

The enormous demonic shadow caused the surrounding mountains to shatter!

"Give me a quarter of an hour!"

This was what Ling Xi had said to Long Chen, that she would need at least half a quarter of an hour to form the Earth Vein Sky Dragon Formation!

Therefore, Long Chen and Yang You wanted to stop him for half a quarter of an hour in this situation!

They had to delay their opponent! Every moment now was extremely important, related to the future of the entire Immortal God Realm. Everyone held their breath, but their heartbeat couldn't help but quicken. Perhaps in their entire lives, most people wouldn't be this nervous!

"I think you are only so-so. Without the Five Dragons Pearl, you will never be able to leave demon star. I guess you must have spent tens of thousands of years creating a will clone like this?" If we fail this time, wouldn't we have to prepare for ten million years? "

Long Chen was trying to think of a way to stall for time without batting an eyelid.

He coldly snorted and said: "You don't need to care about that. The most important thing is that I will make you spit out everything you eat. This person at the side, if you don't mind your own business, I can even spare your life."

After all, most of the injuries on his body earlier were slashed by Yang You, and were swallowed by Long Chen in the end.

Yang You laughed, "Do you know what my relationship with him is?"

The ancient Giant Demon was silent for a moment. His eyes swept the area as he then chuckled, "So it's mother and son. No wonder. Since that's the case, I can only kill you all!"

At this point, they had no choice but to take action!

"Stop him!"

After all, Yang You was exhausted. If she could recover to her peak state, then everyone would work together to grind this ancient Giant Demon to death. But this time, the consumption was too great, so everyone would need at least a month to completely recover!

An intense battle of life or death had erupted in the entire Immortal God Domain!

Long Chen did not dare to use too much strength. After all, the one who needed strength the most was Ling Xi, so the main battle was still going to be with Yang You. This woman's face was pale. She was in her human form now, and using the Heavenly God Sword could reduce her energy consumption!

The Ancient Giant Demons were actually at the end of their tether. Moreover, Yang You and Zhou Yi didn't even try to fight him head on. With his massive body, it was extremely difficult to fight him.

"I want to eat you!"

The Ancient Giant Demon suddenly abandoned Yang You, as its scorpion-like tail thrust towards Long Chen!

Rip!

Everywhere he went, a deep gully appeared in the ground!

During the battle, the surrounding mountains were all shaking, so the Ancient Giant Demon and Long Chen didn't know that. In fact, at this time, the entire Immortal God Realm was trembling as if there was a heart beating.

This was the Feng Shui Line!

It was hard to imagine that Ling Xi alone could actually cause such a commotion by relying on the Sector lord's divine arts! Giving the Sector lord Divine Arts to her was the right choice!

They kept on jumping, becoming more and more powerful, and everyone's heart was also extremely nervous. Long Chen calculated for a moment, and it seemed that half a quarter of an hour was almost up!

In the end, he was still able to persevere to this point!

"Attention all!"

In fact, many of the Great Demon Masters, the Ocean Emperor and the Holy Mages were hiding within the Dragon Emperor's divine kingdoms. When everyone heard Long Chen's words, they were already prepared.

Long Chen's reminder meant that the most important moment had arrived!

Everyone held their breath, waiting for this moment!

It was such a long time!

Without caring about anything else, Yang You stabbed his sword into the eyes of the Ancient Giant Demon. The Ancient Giant Demon sneered and attacked with his willpower. Yang You paused for a moment, the Heavenly God Sword, Milky Way, still stabbed into the Ancient Giant Demon's eyes!

In that instant, the opponent let out a furious roar and opened his mouth to swallow Yang You!

Long Chen passed through it and brought Yang You out of the tiger's mouth. At this time, Yang You's vision became a little blurry under the other party's willpower impact, so Long Chen immediately sent her to the Divine Kingdom to rest.

"Leave it to me."

It was almost time for her to rest as she had once again used her powers.

"Yes."

Yang You quickly closed her eyes!

It was his first time seeing this woman being so heavily injured, causing Long Chen's heart to feel like it was about to explode. Now, his entire body was burning with flames, his blood was boiling, his eyes were red, and a stomach full of anger and anger.

The other party was a mad devil, but at this time, Long Chen was even more crazy than him!

"Bring him here!"

Finally, after a round of fleeing, Ling Xi's voice could finally be heard!

Long Chen could not wait and swooped down in Ling Xi's direction. In his field of vision, Ling Xi was standing on top of a mountain peak, and at this time, she was more or less the same as Yang You. However, she was definitely tired, and seeing that her two most important women had paid such a price today, the anger in Long Chen's heart increased by another level, completely reaching its peak!

He couldn't help but want to tear everything apart to vent his anger!

"Ancient Giant Demon!" "Ancient Giant Demon!"

His vision turned blood-red. He quickly caught Ling Xi and ran past the mountain, but at this time, the Ancient Giant Demon did not have any scruples and heavily crashed into the mountain. The mountain peak was like tofu to him, so he did not care at all!

"Attack!"

He also told Ling Xi to return to the Divine Kingdom to rest as well. She and Yang You had taken care of each other well, and now that they had succeeded and retreated, everything was waiting for Long Chen himself!

Just as Long Chen was about to shout, the Earth Vein Celestial Dragon Formation was activated!

In that moment, the entire Immortal God Realm trembled violently, and the ground suddenly glowed with nine colors of light. All of the light rays spread towards the north of Dragon God Domain at a terrifying speed!

The undulations of the entire Immortal God Realm surged towards this direction. It was as if all the blood in the entire domain was rushing towards this direction. In an instant, the momentum was incomparably vast!

Under the ancient Giant Demon's feet, a massive array formation instantly appeared. There were a total of nine colors!

Nine different colored divine dragons suddenly rushed out of the formation. In that instant, all the divine dragons entangled themselves with the ancient Giant Demons, and the colors instantly covered the ancient Giant Demons, pulling them into the formation. Every divine dragon's light was like a iron chain, tightly locking the ancient Giant Demons within the formation!

Roar!

The archaic Giant Demon roared and struggled with all his strength. For a moment, the entire formation violently trembled, and if it were just Ling Xi alone, it was naturally impossible to imprison the archaic Giant Demon for a quarter of an hour!

Thus, at this time, after resting for a while, the peak experts that were already prepared came in an instant!

From the first onwards, over 40 powerhouses simultaneously placed layers upon layers of seals on the ancient Giant Demon. The will clone of the ancient Giant Demon only had a third of its strength left. It was impossible for it to break out of this shackle!

Seeing the Primordial Giant Demons not even have the ability to move, everyone couldn't help but be excited and loudly shout Long Chen's name!

Next, he would complete the final attack!

To be honest, Long Chen had been waiting for this opportunity for too long!

He had finally arrived!

Yang You's injury, Ling Xi's exhaustion, all of the great losses in the Immortal God Realm were all caused by this guy! With such a deep hatred, he could only use the craziest method to kill the other party!

That is, eat him!

His Primordial Blood Spirit Dragon body quickly reached the body of the ancient Giant Demon, and the Myriad Death Claw deeply stabbed into his opponent's flesh!

The grand feast had begun!

## Chapter 2427 - Inner Shadow

The last step was entirely up to Long Chen.

If he succeeded, that would mean the success of the entire Immortal God Realm. If he failed, then the entire Immortal God Realm would probably never have the chance to defeat the ancient Giant Demons again!

Currently, more than forty experts landed on the ground exhausted but they did not relax at all. Their entire bodies and minds were focused on Long Chen and the Ancient Giant Demon.

At this point, they couldn't help him anymore.

In fact, all of the living beings of the Immortal God Realm were waiting for this final outcome. There were a few Sea Clan Demons nearby who hadn't made it out in time.

Almost everyone knew that, against the instigator of this Eternal Rage, the Primordial Giant Demons of the Demon Star, more than forty Peak Rankers and Long Chen were fighting to the death. Now, everything was completed, all that was left was Long Chen's most important step!

Everyone in the Immortal God Realm held their breath, waiting for the successful news. They had endless trust in this youth, Long Chen, and it was all because of him that the Eternal Rage happened this time. It was only because of Ling Xi and Yang You that everyone was able to change their fate.

Even the Five Dragon Cities might have been robbed.

All of the crucial points, were with Long Chen!

Long Chen naturally understood the pressure, but the pressure was no longer important to him. The most important thing was his hatred towards the Primordial Giant Demon, rather, it would be better to say what kind of losses the various races in the Immortal God Realm had to bear. Just Yang You's injuries and Ling Xi's exhaustion, were all his weak points, he was extremely angry!

So at this time, he was even crazier than a mad demon!

Facing this Immemorial Giant Demon that was sealed by the Earth Vein Heavenly Dragon Formation and more than 40 seals, Long Chen wasn't courteous at all. He was like a fierce tiger that had met an unmoving elephant and immediately started to bite him.

As Long Chen crazily bit and devoured the bodies of the Immemorial Giant Demons, the number of flesh and blood grew fewer and fewer. The strength of his entire will was decreasing and he could still rely on his will to attack Long Chen at the start, but it was impossible for him to do so after that.

At the same time, he was also struggling with all his might.

This was because the Earth Vein Heavenly Dragon Array was like a vein that was pulled out from the earth, wrapping itself around an ancient Giant Demon's body.

If it was only the Earth Vein Celestial Dragon Formation, it wouldn't have been able to cause the opponent to be imprisoned for such a long period of time. The outer seals of over forty experts also played a huge role!

The ancient Giant Demon roared with anger. Now that he was trapped in all directions, he couldn't resist at all!

"Brat, maybe we can discuss and I'll give you one last chance. If you rely on me, I can make you the master of the entire Demon Star, and can command all Demon Dwellers. He is the number one under the Ancient Giant Demons. In the future, when we turn the entire Immortal God Realm into a demon dweller, you will be the leader of everything!"

"In your eyes, the leader of the ants?"

Long Chen laughed coldly, his movements not slow at all. Every bite he took caused a large chunk of flesh and blood to rise up, it was a fragment of his will that he directly swallowed into his stomach.

"If you are willing, we can also turn you into an Ancient Giant Demon and let you possess power equal to ours. You can become a part of us! Ancient Giant Demons are comparable to the gods in your eyes! This is a chance to become a god, and also the biggest concession I have made. You better consider it, other than this, you will never have another chance! "

At this time, the ancient Giant Demon was struggling, trying his best to tempt Lin Ming.

"Do you really think I'm jealous of your ugly appearances?"

Long Chen paused for a moment, and said those words coldly. Then, he increased his speed and directly swallowed the head of the archaic Giant Demon! In this kind of situation, the opponent's body was simply becoming thinner and thinner, while Long Chen's willpower was getting stronger and stronger.

"Now, who is the ant?"

Long Chen's eyes were filled with hatred.

At this moment, the Archaic Giant Demon angrily roared. He never thought that this human would actually not know what was good for him. He didn't even want such an important opportunity. There was something wrong with his brain!

"Stupid, stupid!"

Just as he shouted, about a quarter of an hour had passed, the Primordial Giant Demons didn't have the strength to struggle at all. Ling Xi had thoroughly succeeded this time. Long Chen did not hesitate to tear the Ancient Giant Demon apart.

"Damned thief, one day, you will pay a heavy price for your actions today!"

The Ancient Giant Demon's voice continued to echo in Long Chen's ears.

Long Chen coldly continued, completely cutting off the other party's loud shouts. This was the only way for him to vent his anger. Everyone was waiting for him. At this time, he could only succeed and not fail!

But just when the Ancient Giant Demons were about to completely disappear, he suddenly stopped shouting and laughed sinisterly, saying, "I've played enough, it's really fun. I've lost this time, but little demon, there's one thing I have to tell you, do you think we, the Ancient Giant Demons, won't be able to leave this Demon Star without the five dragon pearls? "You're still too naive. We've waited for a full ten million years, how could we not have a solution?"

"What other ideas do you have?" "Can you not boast until you're about to die?" Long Chen was startled in his heart, but he said with disdain.

"One day you will understand, but at that time, you, your race, and all the living beings on this land will be very miserable, you can consider it as paying a heavy price for your ignorant actions today, and of course I can give you a hint, my hint is Mo Xiaolang, the Devil of Engulfment!"

After saying that last word, the Primordial Giant Demon did not give Long Chen a chance, and directly dissipated, not even having the last bit of willpower.

The Earth Vein Heavenly Dragon Formation judged that the Ancient Giant Demon had died and it naturally dissipated. The other seals were also like this, all of the light had disappeared, leaving only Long Chen floating in the air, stunned.

When they saw Long Chen's figure, everyone couldn't help but cheer out loud. The strongest experts closest to Long Chen all fell onto the ground, their eyes filled with tears as they looked at the sky. The entire Immortal God Realm was cheering.

They had won!

It was a miracle that they had survived this disaster. Everyone was filled with tears, especially those who had lost their loved ones and friends in this riot. This riot was much more profound for them!

Although it had only been a short period of less than a month, this period of one month was enough to shake one's soul to the point of surpassing many people's lifetime!

Rejoice, cheer, and tremble. Other than these methods, there was nothing else that could express their feelings at this moment.

Everyone in Five Dragon Cities were also returning to their own positions. They had gone through the five Ling Xi Arrays and each returned to their own Dragon City.

Only Long Chen was left dumbstruck. At the very last moment, only he himself knew what the Ancient Giant Demon had said.

"The ancient Giant Demons will still return. And this time, the one they relied on to destroy the Magic Star Seal is actually the little wolf!"

He was Long Chen's important brother, and in his life, he was incomparably important. If all of this was true, Long Chen didn't know how he should face it at the moment.

"It's my own fault. I allowed the wolf cub to enter the planet, but unfortunately, I didn't know the secrets of the planet at that time. Otherwise, even if I met that blue-haired woman, I would have still resisted!"

Even if he won this time, the Primordial Giant Demon words had brought a huge burden to Long Chen's heart.

"Forget it. After the Immortal God Region is settled, I'll discuss this matter with Aunt You. Don't ruin everyone's mood right now."

Seeing that everyone was celebrating, Long Chen could not bear to tell them that the Ancient Giant Demons might descend again.

The Dragon Emperor s and Demon Masters were completely exhausted.

This time, the only person who was still alive was probably Long Chen himself.

"Boss, you've already won. You're in high spirits, what are you worrying about?"

Cat suddenly appeared behind him and giggled.

In actuality, he had used a portion of his strength just now when he placed the seal. From the very beginning, he had fought alongside Long Chen, but their movements were a little strange.

"I'm just a bit distracted."

They were currently surrounded by the flames of life, and then Yi Xue and Meng Hen were also present. They were extremely wronged, because they knew that Long Chen might not let them go so easily this time.

"You guys stay here for a while, I have something I need to ask you in detail. If you guys have a good answer, I can let you leave."

Long Chen said.

He wanted to ask about the Devouring Demon. In addition, if the ancient Giant Demons were to descend again, they would no longer need to control the peak powerhouses. There was no need for Yi Xue and Meng Hen to organize them, and with their current strength, they would not be of much use.

"Sure! You're our benefactor, so of course you'll know the answer." Yi Xue shrugged her shoulders and said with a gentle smile.

Yang You and Ling Xi's situation was improving. Yang You had a tyrannical recovery ability, and would probably be fine in a few hours. Ling Xi, on the other hand, had only consumed too much energy, and would be able to wake up in a few hours.

At this time, fifteen Dragon Emperors, sixteen Great Demon Masters, five Ocean Emperors and eight Holy Witch had gathered together.

The first great demon lord said, "Brothers and sisters, this matter is finally over. We are fortunate to have three people who managed to turn the tide and save everyone. First of all, we must express our gratitude to the three of you."

The three people he was talking about were naturally Long Chen, Yang You and Ling Xi.

It was time to part.

Everyone expressed their sincere thanks to Long Chen, and indicated that they would definitely not do anything unfriendly to the human race for a long period of time.

This kind of gratitude was the most sincere.

"It's all thanks to everyone working together. If the three of us didn't have everyone, we wouldn't have been able to accomplish anything. The world is in chaos right now, and all sorts of demons and monsters have appeared. If there is still a disaster, I hope that our four races can unite once again and stand united against an outsider. What do you say? "

Long Chen knew that the Ancient Giant Demons would return.

Therefore, he needed to prepare in advance.

"No problem. The human race has produced a new slaughter Dragon Emperor, just like the Eternal Dragon Emperor. As long as you say the word, we demon race will not decline."

The nine phoenix turned into a colorful woman, speaking very grandly.

"Yes, the well-deserved killing Dragon Emperor. Even in terms of power, they are quite close. "

They had seen Long Chen's battle before, and knew that in the entire arena, besides Yang You, there was no one else who would be able to defeat and defeat Long Chen alone on the battlefield.

This time, Long Chen displayed many mysterious means in this battle.

According to everyone's estimations, he seemed to have inherited at least four types of inherited blood essence, and every single one of them were Unparalleled Dragon s. This was everyone's guess, other than the human experts, who did not know the crux of the matter, but the Dragon Emperor knew, inherited blood essence would mutually reject each other. It was a miracle that he could inherit two types of blood essence, but Long Chen had inherited four different types, so Long Chen must have done this.

If all of his suspicions were placed onto Long Qinglan, the heaven defying ghost genius, then it could be explained.

Right now, Long Chen's achievements had surpassed Long Qinglan's, and his prestige had surpassed Long Qinglan's. The only thing that was lacking was his strength, but it seemed that it was about time. Thus, he was only one step away from becoming a true Dragon Emperor warrior. Of course, others only thought that he would be fine.

At this time, the other Great Demon Lord of the demon race laughed, "Originally, we should be celebrating our victory, but right now, the Immortal God Realm is in chaos. A large number of demons, Sea Clan, and witches are still in Dragon God Domain, so we have to quickly take them away from Dragon God Domain and back to their hometowns. At the same time, the human race also needs to rebuild their homeland, so we won't stay here any longer.

This battle had instead increased the friendship that the Four Great Clans had previously been unable to imagine.

"Other than that, who knows where the great hypocrite of Spirit King is? Who knows if he will take advantage of the chaos to occupy our land? So, we have to move fast. " The Lich said with a little bit of anger.

The spirit race had gone too far this time. The entire Immortal God Realm was facing such a disaster, but they didn't utter a single word. Not a single person appeared. This was obviously ordered by the Spirit King!

"Aren't they all like that? They thought that just by having a Spirit King, they would be able to dominate the entire Immortal God Realm. I should have gotten used to it by now. " Everyone laughed in disdain.

In actuality, the Spirit Race did indeed have that kind of feeling of superiority. They believed themselves to be the best under the heavens, and disdained being associated with humans and demi-humans.

They wanted to activate the Demon Sea Clan, evacuate the Dragon God Domain, and return to their homeland. The other fifteen Dragon Emperor s also wanted to rebuild their homeland, while the other four Dragon Cities were still fine, as long as the four Dragon Cities returned to their original positions, they could let the gathered people return to the Great God Ancient Cities.

However, since much of the northern territories had been destroyed, they might have to switch locations. The Dragon City was still safe, but some of the ordinary people might have to leave their homes and move towards the south.

After all, their home had been destroyed.

All of these things were not what the Dragon Emperor should worry about, so they were naturally dealt with by others. Currently, everything was proceeding in an orderly fashion, the Dragon Emperors returned to their respective Dragon Cities to train quietly. Long Chen was temporarily at the Slaughter Dragon City side, waiting for Yang You and Ling Xi to recover.

In this rare moment of peace, he could ask Yi Xue and Meng Hen about it.

"Do you want to know about the Devouring Demon?"

Yi Xue and Meng Hen had just emerged from the God Kingdom when Yi Xue said directly.

In the past, Long Chen had also asked them about it.

Long Chen nodded.

Yi Xue said seriously, "I told you this before, he is the Devouring Demon, he is able to devour flames and advance, he is an abnormal being amongst us. You should know that devils do not have Eighteen Major Tribulations, so it means that as long as he devours them, as long as his body can endure it, he can improve infinitely. His appearance here gives us hope. "

"Why?"

"First of all, one day, his cultivation will surpass all the Demon Masters and reach a level close to that of a god. Furthermore, his devouring ability is something that no one can compare to. A portion of the Magic Star Seals are made up of the power of fire, yet he was actually able to find and devour flames from this extremely complicated array formation, which led to the formation being unceasingly filled with loopholes. Last time, the people of the demon star made good use of it and sent the two of us out to search for the five dragon pearls. "

Long Chen had a rough understanding of the situation.

Meng Hen said from the side: "The Devouring Demon must destroy the entire Magic Star Seal, so it will take a period of time to do that, which is definitely longer than obtaining the Five Dragons Pearl, but it shouldn't be too long now, at most one year, and at that time, the seal on the devil star will open, whether it's a group of demons or ancient Giant Demons, they will all come out, but the Ancient Giant

Demons are probably more anxious, so he directly created his avatar to search for the Five Dragons Pearl. Even though he has now failed, as long as the Devouring Demon is here, the Magic Star Seal will eventually unravel itself. And now that 'Qu' has awoken, that brother of yours will also be one hundred percent under his control. "

Yi Xue sighed helplessly and said, "Overall, the removal of the Magic Star Seal and the rebirth of the Ancient Giant Demon is a matter of time. He must have also told you before, as long as there is a Devil Devour, there will be a day when he will come back and settle this debt with you. "

After hearing all this, Long Chen's head hurt.

With the help of the wolf cub, the Magic Star Seal would surely be defeated sooner or later. It was just a matter of time. Less than a year. At that time, Long Chen still had no way of resolving this issue. After Yang You and the others have recovered from their injuries and the Dragon God Domain regains their stability, he decided to discuss this with the others.

As for Yi Xue and Meng Hen ...

Yi Xue said in a tender voice, "If you don't trust us, you can let us stay by your side. However, I'm afraid that your woman will be jealous. "

Long Chen quickly said: "You guys can leave, but I might go to the demon star realm, at that time, I will use the star talisman to contact you guys to lead the way, is that okay?"

"You want to go to the Dark Star?"

Yi Xue and Meng Hen were stunned as that was a place they could not leave.

After entering, it was almost impossible to exit.

Of course, he did not know how Long Qinglan had managed to do it back then.

Long Chen shook his head: "I'm not planning to go, it's just an idea, and it will probably take a while."

To be honest, he couldn't think of any other way other than entering the demon star and stopping Mo Xiaolang. It's just that this idea was extremely risky, and he wasn't as impulsive and young as he was back then.

Yi Xue nodded and said, "Alright. You saved us twice. We will repay your kindness. If you need our help with something, just say it. We'll be leaving first. "

They had no choice but to be shocked by Long Chen's boldness.

He was even more grateful that Long Chen was able to let them go so easily. This showed that Long Chen still trusted them a lot.

After that, in the midst of peace and quiet, time quietly passed, and everything was getting better.

"Are you sure you want to go to the Dark Star and rescue the little black dog?" The kitten circled around him, chuckling as it asked.

"Otherwise?" Long Chen looked in the direction of the devil star and grinded his teeth. He thought that the calamity had already passed, but he didn't expect that it had only just begun. Furthermore, he did not dare tell the Dragon Emperor s about the news he had received. However, he couldn't hide this sort of thing.

"Okay, when the time comes, I will sacrifice my life to accompany you. I will also go see this little black dog. Haha, after being bullied by it for so long, this young master will definitely spank it until its butt blossoms!"

The kitten put its hands on its waist and laughed proudly.

Long Chen stood at the highest point of the Dragon Slaying City, watching the people leave the Dragon Slaying City, returning to the Dragon God Domain to rebuild their home. Although everything was in pieces, everyone's faces were still brimming with the happiness of surviving a calamity, and at the same time, their eyes were filled with the power of faith.

After going through a tribulation, everyone would help each other. Everything was so beautiful, Long Chen could not bear to tell them that the beautiful scene before them was just an illusion. There would be a day when an even greater disaster would befall them!

He felt extremely uncomfortable in his heart.

"What choice would Father make if he encountered something similar to mine?"

Long Chen looked at the vast horizon, his mind was in a mess. Although he was young, no one felt as heavy as him.

"With his personality, he will definitely give up everything to defend his homeland. Dragon God Domain's Last Home "

Right now, just like his bloodline, he had already assimilated into this land and became a part of everyone here.

They were all descendants of the Divine Dragon race!

Long Chen faced the gale and looked at the countless blissful people in front of him. He swore to protect this place well, that no matter what price he had to pay, he would fight bravely!

When a person was strong enough, his life would no longer belong to him.

Now, when everyone believed that he was the future Dragon Emperor who would rule over the human race, he had such a glorious reputation and fame, and he also had such a heavy responsibility!

## Chapter 2429 - New Life

Before Yang You and Ling Xi had recovered, Long Chen had arrived at the Central Palace. Currently, all of the Dragon Fighters in the Slaughter Dragon City were busy, sending back the people from the entire northern territories, then pushing a large portion of the scattered lands back to the Dragon God Domain.

The entire Slaughter Dragon City was bustling with activity, yet Long Chen had arrived in front of the three Dragon Emperor s. Currently, the three Dragon Emperor s were resting quietly, from their expressions, it could be seen that they were blissful.

"You're here?"

The three Dragon Emperor s opened their eyes at almost the same time. From their incomparably gentle gazes, it could be seen that at this time, Long Chen was simply a treasure in their eyes, an item more important than everything.

Even if the three Dragon Emperor s were their own lives, they wouldn't be as precious as the Long Chen in their eyes.

Long Chen thought about it carefully, hiding such an important matter wasn't an option either. He had to make the fifteen Dragon Emperor, as well as the Great Demon Lord, the Ocean Emperor and the Holy Mage get everything ready.

At least, not in such a hurry.

"Before the Ancient Giant Demons disappeared, you told me to gather the other Dragon Emperor. There is something we need to discuss."

They had used their star runes to inform the other Dragon Emperor s. A quarter of an hour later, the fifteen Dragon Emperor s all had solemn expressions as they surrounded Long Chen. At this time, Yang You seemed to have heard the voice as he came out of the Divine Kingdom.

"Chen Er, you can tell me what exactly happened."

Long Chen nodded, without any hesitation, he recounted the entire matter regarding the Magic Star Seal and Mo Xiaolang's devouring of demons, and at the end, the faces of the Dragon Emperor s turned pale white once again.

"No wonder, I feel that the Magic Star Seal has been weakening this entire time."

Yang You sighed and shook her head helplessly.

"I thought we had escaped a calamity, but it seems that this is just the beginning. In my opinion, this is the end of our human race because the ancient Giant Demons will definitely appear, and none of us will be able to withstand it."

His words brought a sense of sorrow and despair to the other Dragon Emperor. Everyone lowered their heads, finding it hard to accept this news in their hearts.

Long Chen also remembered the words "within a hundred years, dragon sacrifice is dead".

No matter what, this sentence was an incomparably heavy pressure on him.

However, this was his personality. This time, the crisis was so terrifying that he had yet to surrender, let alone the fact that the next crisis hadn't arrived yet.

Long Chen took a deep breath and said, "Everyone, don't be too dejected, at least we still have time to plan and take precautions. We can work together with the Goblin Tribe, Sea Clan, Shaman Clan and even the Spirit Race to resist this disaster. With such a long period of preparation, there might be hope. "

What Long Chen said was the truth.

Preparing to resist was the only thing that the Dragon Emperor thought they could do.

Yang You suddenly said, "I can enter the demon star and devour that demon!"

Actually she had wanted to say that she would kill him, but she knew the relationship between Long Chen and Mo Xiaolang, and she definitely could not kill him either. However, other than killing him, Yang You could not think of any other solution.

Going in meant death.

There were many experts on the demon planet, and they had the terrifying ability to survive.

It was almost impossible to kill Mo Xiaolang.

"No."

This is something that Long Chen had decided beforehand, he definitely could not let Yang You in, so he said: "Even if we do enter, it would be very difficult to accomplish it, perhaps it is basically impossible, so this is the most helpless way. Before that, we can think of many other ways, but we will need a person to stay on Sky Dragon Star to watch the movements of the Magic Star Seal.

This was the first time Long Chen was so determined when facing Yang You.

The two of them looked at each other for a moment. Seeing how determined he was, Yang You knew that he was concerned for her, so she felt very happy in her heart. Therefore, she didn't mention this sentence for the time being.

"Then I will go and monitor the movements of the demon star. Don't worry, I won't go in without permission. After all, at this point, everyone has to discuss what to do, no?" Yang You said.

Actually, they were more asking for Long Chen's opinion.

Long Chen said: "We can have a few more people and have the Spirit Demon Race move out with one or two. We cannot spread the news now, in case there is any disturbance, and then bring the news to the Spirit Race and the Spirit Race. As for the Spirit Race, they will definitely need to talk to the Spirit King and see what he thinks. "

The Dragon Emperor all nodded. Although everyone was anxious, this matter was not something that could be settled just because they were anxious.

"What a troublesome situation."

"There are many dangers. It's as if we humans have reached the end of our lives."

"The legacies of tens of millions of years are almost destroyed now. "Before, there was still a sliver of hope. If the Ancient Giant Demons truly broke through the Demon Star's seal and came out, then there wouldn't be any more hope."

"To Long Chen, it can only be said that fate is messing with people."

That Devouring Demon was a brother who had fought shoulder to shoulder with Long Chen from the very beginning, and vowed to follow him until his death. However, she hadn't expected that it would actually become the most sharp weapon of the Immemorial Giants at this time, if one were to say that

in the future, the entire Immortal God Realm would be under the control of the devil star, then Mo Xiaolang's crime would be at least half!

Long Chen clenched his fists tightly, his eyes turning red. He had to stop this from happening, and give himself an explanation, give his father an explanation, and give Mo Xiaolang an explanation as well!

He was in the middle, and it was hard enough.

Once upon a time, a brother would have never thought that they would meet in such a way. Fate was just a prank. Hopefully, there would be a good ending!

In any case, other than entering the Demon Star, Long Chen couldn't think of any other way to stop them.

Back then, Long Qinglan had entered the demon star realm.

But in reality, it was very likely that Long Qinglan was even more tyrannical than what he had imagined.

At that time, he had already inherited the blood essence of a Great Void Cosmic Dragon, and was also an Ancestral Dragon Fighter. Right now, Long Chen had just broken through the Seven Stars tribulation of reincarnation, and was already able to defeat a late stage Nine Palace Calamity Dragon Emperor., who was also a Ancestral Dragon Fighter, was already at the late stage of the Nine Palace Calamity, and he was even at the half-step Divine Spirit Realm of the Spirit King.

It was to that extent that he entered the demonic star.

Long Chen was far from having such strength.

As for the time Long Qinglan fought against fifteen Dragon Emperor in the God Battlefield, it could only mean that even though he had been afflicted with the Ancient God Arts, he was still resisting and controlling himself. Otherwise, even if fifteen Dragon Emperor were to join forces, they still wouldn't be his match in one move.

At that time, the Eternal Dragon Emperor at its peak, although it did not reach the level of a Divine Spirit, already possessed the strength of a Divine Spirit.

However, he was still dead.

How many secrets were there in this world?

Long Chen stared blankly into space.

At this time, Ling Xi finally woke up from her exhaustion. After a while of rest, she felt that she was much better.

"Brother Chen, Brother Chen!"

In a daze, she kept calling out to him.

Long Chen immediately let her come out of the Divine Kingdom and carried her in his arms. Ling Xi's face had already started to turn red, it looked like he was almost recovered.

However, she was holding onto her lower abdomen with one hand and Long Chen immediately looked over. He was acutely aware that Ling Xi's originally smooth and flat lower abdomen was now slightly bulging.

Her hand was already stroking Ling Xi's lower abdomen. She, who had a cold expression before, suddenly smiled as if she had been relieved of a burden, and said: "This is great, the fetus has already started to grow. Although it is still only a little now, it can already be considered a small life."

This was the only happy occasion in this disaster.

Everyone started to congratulate Long Chen. The young man was about to become a father, and this was a huge mental change. After becoming a father, he would understand even more clearly how important responsibility was.

Long Chen was a little taken aback. He was not ready yet, so he was a little dazed for a moment, as if this was a very magical thing for him. Suddenly, a reaction came from Ling Xi's lower abdomen.

The Dragon Emperor s were also old and sloppy. The Heavenly Fate Dragon Emperor laughed, "The fetus has started to grow. From today onwards, there are some things that need to be done less, haha."

This made Long Chen very embarrassed. No matter how capable he was, the Dragon Emperor was still a young man after all.

With so many people thinking highly of him, this was probably a type of happiness in his life.

She leaned in Long Chen's embrace, her face brimming with a happy smile. She had pursued love for so long, spent so much effort and effort, never let go, never left, and never left, without any grievances or regrets. This child seemed to be the most perfect form of repayment to her.

The cute girl from Ling Xi's sword had changed a lot, and became a very interesting woman. Only occasionally would she be like the child from back then and act mischievously in front of Long Chen.

This time's calamity, the super large Heaven and Earth Transference Array and the Earth Vein Celestial Dragon Formation were both key to victory. She had done it.

Just when everyone was feeling excited because of the news of the new life, Yang You suddenly looked outside and said, "Since you're here, why are you hiding?"

Everyone stopped smiling and looked outside.

"Hur hur."

At this time, a middle-aged man, whose body was like a gem, walked in. He was dressed in a white robe, and was so handsome that it was hard to tell a man from a woman. With a gentle and gentle voice, he said, "Yang You, Yang You, still as elegant as ever.

This person ...

Long Chen had never seen him before, but he knew that this was a spirit race Spirit King!

The strongest in the world!

Chapter 2430 - psionic inheritance

It could be said that before this moment, if the Spirit King had appeared at any moment, he would be everyone's savior. However, when everyone had completed their preparations, he had appeared here, and everyone could not help but hate him.

However, at this time, Yang You and the fifteen Dragon Emperor s were also present, so even though Spirit King had appeared, no one was worried. After all, Yang You's strength was something Spirit King feared, and adding the fifteen Dragon Emperor s, no matter how many Spirit King were present, it would be useless.

Not only was there Yang You, a Ranker who was close to the Spirit King, but there was also Long Chen, a rising star, whose overall strength had already surpassed the equivalent demon clan from before and was worthy of being called the strongest clan in the current Immortal God Region!

In addition, during the Eternal Rebellion, the power of the human race was maintained in perfect condition. As for the demon race and other races, they all suffered some unavoidable injuries. This was something that could not be helped. The sixteen Demon Lords couldn't do anything about it, but it was a fact that they were inferior to humans from then on.

Therefore, even though the Spirit King had arrived, everyone was confident and was not afraid of him.

Yang You had seen him many times, and knew that he seemed to be a very refined and refined person. In terms of time, he was very cunning, and even had a few unknown sides, and in any case, he was definitely not a good person.

If he had acted earlier, the matter would have been resolved long ago. It would not have been so difficult and dangerous.

Yang You subconsciously protected Long Chen and Ling Xi behind him. The fifteen Dragon Emperor s also stood in a mutually advantageous position, and all of them looked at the most beautiful man in the world with unfriendly expressions.

"What are you doing here? Aren't you used to fighting amongst themselves for benefits? "

On the other hand, Yang You wasn't the least bit polite, directly asking with a disdainful expression.

However, Spirit King acted as if he did not hear anything, smiled slightly, and said: "You all look pretty good, looks like you have recovered quite a bit. I've watched this battle from the start. It's really too exciting. If I wanted to fight, I wouldn't even have a chance. Especially these two young people, it was really surprising. "

His eyes were full of approval, and he spoke as if it were true.

Amongst the fifteen Dragon Emperor s, the Ten Thousand Killing Dragon Emperor laughed coldly: "This Horse Shooter is really moving, he almost moved me. Haha, Spirit King, don't be so fussy, you came here sneakily today, just tell us why you came here today, we all know that you are the Lord of all times and all have an early age. Being able to make him come personally is clearly an extremely important matter, so don't hide anymore."

No one would be polite to such a person.

In this battle, the Spirit Race didn't have to deal with this matter. The four great clans were already extremely disdainful.

Of course, the Spirit King did not care about the gazes of others at all. The Spirit Race was like this, he alone was the ruler, his will alone decided the movements of an entire race.

With that said, the Spirit King no longer smiled, but said seriously: "To be honest, I do need to discuss an extremely important matter with everyone before coming here today. Of course, it is not to discuss it with you, but with these two youngsters."

The two people he was looking at were none other than Long Chen and Ling Xi.

He had not expected the other party to be after him.

However, was there anything on his body that interested him?

The moment she mentioned Long Chen, Yang You's eyes became much colder, and said: "Go ahead."

The Spirit King went straight to the point, and said: "Everyone knows, the Sector lord Divine Arts is our Spirit Clan's greatest ceremony, it was only that it was lost to us for a short time, and until now, we have

not found anything. This little lady Ling Xi actually knows how to use our Sector lord Divine Arts, and also possesses the divine blood of one of our clan's two great Gods, 'Su Nu' Elder God '.

Everyone had heard of the Sector lord Divine Arts, especially Yang You. Ling Xi had long told her that she knew the Sector lord Divine Arts. Therefore, from the Heaven and Earth Transference Array to the Earth Vein Celestial Dragon Formation, these were actually not secrets.

"So, what are you trying to steal?"

Yang You's expression became even more grim. She had a premonition that Spirit King came here to find fault with them before they had fully recovered.

The Spirit King shook his head slightly and said indifferently: "Of course not, don't think too much. Since I came here today, it proved that I came with sufficient sincerity, but in truth, the Sector lord Divine Arts are simply unable to be seized. If I want to snatch the Sector lord Divine Arts from her, it will only cause the Sector lord Divine Arts to be lost forever. This required a rather complicated operation, as well as the absolute willingness of the person involved. That is to say, the child in her arms will be able to use the Sector lord Divine Arts from the moment she was born. "

In the end, his gaze fixed onto Ling Xi's lower abdomen.

After listening to him talk about so much, she still did not reveal her main purpose.

However, Yang You seemed to have understood something. He sneered and said, "And then? What do you want to do? "

Speaking up to here, the Dragon Emperor started to be on guard. The matter of the Demon Star wasn't over yet, but the Spirit King was causing trouble again.

On the other hand, the Spirit King did not hold anything back, and continued: "My life as a Spirit King is almost up, I just want to find a real successor and gift him the Spirit Clan's highest psionic inheritance, to be able to control the entire Spirit Clan! In just a short hundred years, I have allowed him to become a new Spirit King. I have exhausted several thousand years, but I have not been able to find a single qualified successor. I have already searched the entire Spirit Race, but I did not expect that I would one day find someone like him outside the Spirit Race. "Thus, at this moment, I am here to meet all of you with utmost determination and sincerity."

Hearing the three words "psionic inheritance", everyone was stunned. They did not expect this guy to end soon.

Why are the Spiritual Clans so powerful?

Why did every single Spirit King, in such a short period of time, become the new Number One Under Heaven?

It was because of this mysterious and unexplainable psionic inheritance. Anyone who qualified to inherit the psionic inheritance would be like someone who had changed their life. In a short span of a hundred years, they would become a new ruler of the Spirit Race.

The psionic inheritance of the Spirit Race, the number one sword under the heavens, reaching the heavens in a single step! To be honest, there was no one in the world who did not admire and admire him, especially the Spirit Race. For the entire Spirit Race, their most wonderful dream was to suddenly be chosen by the Spirit King as their inheritor.

Looking at the history of the Spirit Race, there were indeed some extremely lowly born people, but in the end, they were favored by the Spirit King, becoming the highest under the heavens within the next hundred years.

That was a real sparrow flying up the branch to become a phoenix!

And now, the Spirit King was actually saying such words here.

Even the Dragon Emperor s could not believe it. One of them, the Immortal Dragon Emperor, said, "Spirit King, you aren't mistaken, right? You want Ling Xi to become your Spirit King? She will never be able to become the leader of the Spirit Race. Moreover, with her character, she will never be able to become the ruler of the Spirit Race. "

This was the question on everyone's minds.

Ling Xi was not an ambitious person, so no matter how strong the Spirit King's inheritance was, to her, it was simply impossible. So she hurriedly shook her head, and said: "No, I don't want to go."

The moment she finished speaking, the Spirit King smiled and shook his head, "Everyone may have guessed wrongly, of course, I am not an idiot. Miss Ling Xi belongs to someone else, and is the only one in her heart, so even if she becomes the Spirit King, she is not the pillar of our Spirit Clan. Instead, she is the pillar of our clan, the psionic inheritance of our Spirit Clan is the most important matter, so we will naturally not act rashly."

Everyone was unable to react for a while until they saw Spirit King looking at Ling Xi's lower abdomen and remembered the second method of Sector lord's Divine Arts. Everyone seemed to understand it now.

At this time, Spirit King said, "Just as everyone has guessed, I want this child. After he was born, I want to take him away, raise him as the heir of my Spirit Clan, and bring him up. When he grows up, I will grant him the greatest fortune in the entire Immortal God Realm. But the only thing I can be certain of is that he will become the strongest Spirit King of our Spirit Clan in the future! He's also a peerless expert."

This way of thinking was very compatible with his, Spirit King's, personality.

A child was born and inherited Ling Xi's blood of the Goddess Su, and also has Long Chen's bloodline of the Ancestral Dragon. Possessing the Sector lord Divine Arts, his talent was simply frightening, and she was the best unpolished jade in the world. Taking it away to raise and raise, it was equivalent to letting Long Chen and the others give this child to him.

In a hundred years, he would be able to reach a level that was even more powerful than the current Spirit King.

To be honest, if it was someone else, or even someone with a low cultivation, if Spirit King asked them for a child on the same terms, then everyone would agree to it. Although there was no way to make the child admit that they were their parents, and he would even be instilled with a lot of spirit clan thoughts by the Spirit King, he at least had the most terrifying inheritance!

But what was Long Chen?

His future prospects were countless times more important than that of the psionic inheritance. The future achievements of his child would definitely not be bad, and he had finally gotten this child with great difficulty, so of course, he could not give this child to the Spirit King for raising!

Ling Xi would definitely not agree to it. To her, this would be an even more severe blow if she were to die.

Maybe in the eyes of the Spirit King, the psionic inheritance was very important to him, and maybe in the eyes of the people of the world, it was just a dream-like dream. But in Long Chen's eyes, it was no different than a pile of dog poop.

Therefore, while the other party was waiting for his reply, he said, "Do you remember how you lost to my father back then?"
