

War God 2481

Chapter 2481 - Spiritual Leaders

All the details of Heaven and Earth were closely connected to Karma, to the point where the entire world was made up of Karma.

Causality intertwined with each other, forming a large network.

This network focused everything in the world on it.

After chatting casually with the current Spirit King for a while, Long Chen had a feeling that he had become enlightened.

"Thank you, senior, for answering my questions."

He called Spirit King senior because of the respect he had for him.

Spirit King looked into the distance and laughed lightly: "It's just a bit of insight before death, it's not worth mentioning. I have no regrets for today's outcome. Just wait a moment, I will hand over the psionic inheritance to you. "

Since it was a bet, he had to fulfill it.

Previously, the spirit race clansmen were begging Long Chen to let them go and let them go, but now that they saw the Spirit King was about to leave the psionic inheritance, they felt some regret, unwillingness, and regret, but they were powerless.

Many spirit race members looked up at the sky and saw this scene that made them feel helpless.

Right now, the old Spirit King's body was suffused with a seven-colored brilliance. Colorful streams of light constantly changed on his body, and within this stream of light, one could almost see his appearance as a child, young adults, and even robust adults.

His life was glorious until the end.

In the end, all of the streaks of light congealed into a colored pendant. The pendant looked dreamlike and was extremely gorgeous. One could tell with a single glance that it was no ordinary object, not even something from this world.

Although the pendant was small, it seemed to contain a huge world.

The Spirit King passed the multicolored pendant to Long Chen. He smiled and looked at Ling Xi who was below and said: "The psionic inheritance, those with low aptitude will possess the power of a Spirit Master in a hundred years. Their inheritance will surpass that of ordinary Dragon Emperor and will be close to mine. If one had good talent, it could fit psionic inheritance, or even ten years. Ling Xi has the blood of the Goddess Su. When the two gods of my Spirit Race become one, there will definitely be some miraculous changes. It's a pity that I can't see this kind of scene. "

Long Chen valued the psionic inheritance greatly, and his life and death already had nothing to do with it. Even if Long Chen did not force him, he himself would have committed suicide, and that was the cause and effect he understood at the very last moment.

This life of his should come to an end at this time.

"If you can inherit the psionic inheritance, that would mean that we, the Spirit King s, are all the leaders of the Spirit Race, and we would also have the qualifications to control a portion of the Spirit Master Mansion. At the same time, the Everlasting Dao Artifact and the Spirit God Thorn would belong to the Spirit King, and I hope that you can keep your promise and continue to pass on the Spirit God Thorn."

Spirit King gave the colored pendant and spirit god thorn to Long Chen in total. Long Chen picked up the two great treasures first and placed them in the Divine Kingdom to isolate them.

Below, although many of the Spirit Race members had bitter expressions, but things had already become a foregone conclusion, they could only hope that Long Chen would keep his promise and let the Spirit Race be safe.

"Don't worry. Everyone in this world can bear witness to everything that I've said."

Long Chen said calmly.

The world in his eyes was different from everyone else's. He could see further ahead, so he didn't bother finding trouble with the Spirit Race at all.

Spirit King laughed: "Since that's the case, send me on my way."

For him to say these words so easily, it was clear that his heart had truly changed.

Long Chen retreated a few steps, his eyes cold and resolute. He spread open his arms with the aura of a sovereign descending the world, and his vast voice swept across the world. His voice was also heard by everyone in the entire Immortal God Realm.

"All living beings of the Immortal God Realm, please follow me, Long Chen, and respectfully send Spirit King off!"

With his character and prestige, he far surpassed the Spirit King. The demons, Sea Clan and the witches would all give him the greatest amount of face, let alone the human race. As for the entire Spirit Race, although they could not help but cry when they heard this, they still looked up in the sky. Just as Long Chen had said, they respectfully sent off the Spirit King!

This was the end of the old era, and the arrival of a new era!

The Spirit King's gaze finally landed on Long Chen and he smiled indifferently. There were many emotions behind that smile, but it quickly disappeared, and after handing over the psionic inheritance, he became even older and weaker, his vitality also disappearing. Right now, his body was gradually turning into dust, and the strong wind was blowing him towards the Spirit Realm land.

At this time, the Spirit King had already disappeared from this world.

Many of the spirit race beings were already crying, kneeling on the ground, respectfully sending the Spirit King off.

Let the scene be cold, as it has been for a long time. In the end, many people could not help but look at Long Chen. At this moment, his prestige and strength had already reached the limit.

Long Chen looked at the crowd and said, "Ever since the Ancient Giant Demons' Mandate had wreaked havoc in the Immortal God Realm, we still have yet to solve the huge crisis. All the upper echelons of the large clans know about this crisis, so it is now time for us to officially declare it to the world."

But now, Long Chen had the confidence to stabilize the situation. After defeating the Spirit King, when he had almost taken control of the two races, the human and the Spirit Race, Long Chen didn't hide anything in front of the common people and told everyone under the heavens about the danger of the Magic Star Seal.

"There isn't much time left for us."

In the end, Long Chen said this.

This was news that made people even more miserable and terrified than the death of Spirit King. The people from the Spirit Race finally knew why the Spirit King chose to die after losing the battle, so he handed all of these over to Long Chen, at the same time, he wanted Long Chen to take responsibility for this!

All of a sudden, he cried, howled, hesitated, trembled, and was at a loss.

It was the same for all living beings in the entire Immortal God Realm. They felt that the apocalypse had arrived, so they couldn't help but scold, scold the Ancient Giant Demons, and curse Mo Xiaolang. He even cursed at these fates!

All of this was within Long Chen's expectations.

He announced in an even louder voice that he had already assumed his role. Facing an opponent like Demon Star, he knew that the Immortal God Realm had to unite, and the premise of unity was the need of a spiritual leader. Other than the Spirit King, no one else was more suitable to be the spiritual leader. Even the Spirit King was inferior to him now.

"Everyone is responsible for the eternal danger. Everyone, please don't panic. We have a way to resolve this matter."

Speaking to here, he announced that within ten days, he would enter Demon Star and stop Mo Xiaolang!

This decision naturally caused an uproar in the world.

Everyone knew that there were existences on the Demon Star that were comparable to gods. If Long Chen went in at this time, it would be extremely dangerous.

However, he would rather take the risk so that he could save this world. This was something that the Spirit King could never do, and everyone knew that Long Chen had a promise with all the Rankers that they would meet in three months time. At such a time, the Spirit King had actually caused such trouble for Long Chen.

No matter what, at least everyone was deeply moved in their hearts. They had all realized that Long Chen was a leader with a great responsibility, and that no one could be more respected than him. Even though he was very decisive, snatching away the psionic inheritance, and taking away the Spirit King's life, all of this did not affect his charm in the slightest.

It could be said that before, he relied on his strength to convince the world. But now, he relied on his personality, making everyone in the world respect and love him.

At this moment, he had completely transformed into the spirit leader of the entire Dragon Sacrifice World!

This was something that Long Qinglan wished for so much!

"I will definitely go to the devil star and try my best to solve this matter so that everyone will be safe. But we must also make our plans, so before we enter the Dark Star, I have the following request: We request the people of the world to supervise and promote each other, and for the sake of our common survival! "First of all, the five great clans must unite and love each other, and there must be no friction between them. If there is enmity, then everyone must work together, and no one will be spared from this catastrophe. The five great clans can supervise each other!"

Naturally, no one objected to this point. This was the best decision and the prerequisite for making it. After all, they were worried that they would be bullied if they lost the Spirit King.

So at that moment, although Long Chen had caused the death of the Spirit King, there were no one who hated Long Chen. Instead, everyone respected him.

"Second, during the time I enter the Demon Star, the Five Great Clans must prepare their defenses, conceal themselves and other work. They must be prepared to the best of their abilities to prevent any

other possibilities from happening. From today onwards, the entire Immortal God Realm would be in a state of strict preparation. I think, this is our home. No one wants to turn this place into hell, no one wants the people they love, their loved ones, their friends to die. For all of this, we have to fight! "

If he failed, what a terrifying thing it would be.

No one could bear failure.

Thus, just like the Eternal Rebellion, a life-and-death battle was everyone's only option.

Under Long Chen's encouragement, the people who were starting to panic had a lot of confidence. They had the greatest confidence in Long Chen, who had created many miracles!

"Finally, the leaders of the five clans have to come to a decision and discuss it together. During the time when I was in the demon star world, my mother, Yang You, was the strongest and clearest person. She was able to lead everyone and do the best. Please support her decision! "

This last sentence was something that Yang You had not expected.

She didn't think that Long Chen would say such a thing in public.

In reality, everyone knew Yang You, and knew that she was Long Qinglan's maid. She knew that she had monopolized six powerful people before, and her strength was only second to the Spirit King. Right now, he was only second to Long Chen. Long Chen received the respect and trust of everyone. Naturally, everyone trusted his respected mother even more.

Therefore, there was no problem with all this.

After he finished explaining all of this, Long Chen was finally relieved. He only needed to go to the Demon Star Region and settle the rest of the matters there. Yang You and the fifteen Dragon Emperor, as well as the Great Demon Lord, the Ocean Emperor, and the Holy Mage, would help Long Chen complete the task and bring the entire Immortal Divine Region to its best condition.

There wasn't much time left from the agreed three months.

It would take a few days to travel from the Spirit God Realm.

Long Chen did not want to delay such an important matter any further. Now that all the powerful warriors in the world were gathered in this place, he was just in time to announce it.

Therefore, he said, "Everyone, in fact, it is about time. I have already prepared to bid everyone farewell and head straight for the demon star."

This was a grand operation that concerned the lives of trillions of lives, as well as an operation that changed the fate of the Immortal God Realm. All of this had become Long Chen's responsibility.

When he said these words, even he himself was in a daze. Before this, he had been completely unconvinced that he was actually so important.

When everyone's future and life were on their shoulders, it was impossible to say that they were not nervous.

His gaze swept across this vast expanse of life, this piece of land. He had not been born in this world for a very long time, but he was filled with deep feelings for this place.

This feeling, was something bestowed to him by everyone and all the lands, and it was also something bestowed to him by Long Qinglan.

Although he could not bear to part with Ling Xi, and similarly did not know whether he would be able to make it back alive, as a man, he should prioritize the overall situation and the lives of others as well. For the sake of all these, as long as one had the ability, it would be the responsibility of anyone to do so.

Hearing his declaration, the crowd was stunned for a long time.

It was impossible to imagine that such a difficult task could actually be given to such a young person. His decisiveness, decisiveness, and not the slightest bit of hesitation could make people feel incomparably moved and moved, as well as incomparably proud.

At this time, a Great Demon Lord of the demon race said, "Since we have decided, let's send Long Chen off. We should at least send him off from the Immortal God Realm."

The current him was the hero who had shouldered the hopes of everyone. He should have received more company and encouragement to complete this mission, which was even more difficult than going through the Psionic Imperial Mansion.

"Let's go to the Dragon Devouring City first, and then we'll go to the Dragon Slayer City." The Immortal Dragon Emperor said.

To send Long Chen out for the war, he would need a certain amount of qualifications. Only strong people had the qualifications, many people would have to part with Long Chen here.

Most of the people could only stare wide-eyed as Long Chen brought along the most pinnacle experts of the Immortal God Realm and left. As they thought of everything that would happen in the future, as well as this youth's sense of justice and responsibility, many people could not help but shed tears. Long Chen didn't say anything, but the resolute look in his eyes and his resolute decision had already expressed his determination.

The Spirit King would not do this, but he would take the risk, just like how he went through the Spiritual Lord's Mansion.

Amidst the excited cheers of the crowd, the entire huge team headed in the direction of Dragon Devouring City.

At this moment, no one could match Long Chen's prestige. Not only did he get the support of the human race, he even received unprecedented respect from the other four clans. Even the Demon Lord and the others were truly filled with admiration for Long Chen, and before Long Chen, even the Eternal Dragon Emperor Long Qinglan was unable to do this.

Even when the youth disappeared into the sky with the experts, everyone's gazes still hadn't left that direction. Perhaps they didn't know how terrifying the matter of the Devil was at first, but now that they did, they also knew that the path of the entire world was uncertain.

But they did not panic or cry.

Because today's Long Chen made all living beings proud and full of confidence.

"From today on, we, the Spirit Race, have to prepare for the war. If the Magic Star Seal is broken, we will have to participate in the battle and we have to think of a way to arrange more defenses to work with the other four clans in a limited amount of time!"

"Yes, our new Spirit King is about to be born, her character is known by the entire world, I think the various Spirit Race brothers and sisters need not worry, someone who would not even charge into the Venerable Spirit Palace for the sake of his wife and children, someone who will challenge the Spirit King, someone who will resolutely enter the Vile Vault for the sake of the common people, someone who will disregard life and death, someone who is worthy of our respect and trust! From today onwards, our Spirit Race will also need to actively cooperate with the other four clans! "

"Yes sir!"

After experiencing this ordeal, it was also a good thing for the spirit race to have such awareness. The spirit race experts basically had no difficulty managing it.

Too many things had changed in this day.

All along the way, all the warriors of the large clans above the tribulation of reincarnation were accompanying Long Chen as they escorted him to the Demon Star. This was respect and reverence for their most respected hero.

But in reality, Long Chen didn't even think about it much, and wasn't doing all this for the sake of others' respect, nor was it for the sake of prestige. He was only trying to be worthy of himself, his father, and even more so of the common people. There was also the most important reason, and that was for Mo Xiaolang. After all these years, his brother, who was even closer than his own blood brother, lived and died together, fought together, and almost died together. He couldn't allow Mo Xiaolang to live under the control of the Ancient Giant Demons and become their puppet.

Once the Magic Star Seal was removed, and the archaic Giant Demon returned to the Immortal God Realm, it was impossible to imagine what kind of tragedy that would be. Countless people had to die, countless people had to lose everything, and this world would be beyond redemption.

He couldn't allow Mo Xiaolang to be the sinner, and even more so, couldn't let the Ancient Giant Demon control him. This was his responsibility as an elder brother, to this brother of his, Long Chen, he felt too much guilt, he would rather suffer by himself than allow him to continue being a puppet under the Ancient Giant Demon.

Fortunately, he was not alone. There were countless people supporting him by his side.

For him, this was enough.

Originally, because of the relationship of Mo Xiaolang devouring the Magic Star Seal, everyone should have hated him to the core. If not for his existence, there wouldn't have been this kind of apocalyptic crisis. However, because of Long Chen, no one beside him had ever cursed at him even once. This was their trust and respect for Long Chen.

On this risk, the person Long Chen was the most worried about was Ling Xi. Not mentioning that she had a child in her womb, now that there was an additional psionic inheritance that she needed to accept, she was more suitable to stay here.

Now, all the Rankers would leave space, giving Long Chen and Ling Xi the chance to be separated.

Long Chen held her snow white hands and continued to walk in the air ahead. The crowd had not caught up to them, and only the two of them existed in this world.

At this point, Ling Xi could not hold it anymore. Tears welled up in her eyes, and although she did not say anything, two streams of tears flowed down her cheeks. How she wished that he and Long Chen could once again adventure together and go to the Infernal Star together, just like how they went to the Psionic Imperial Manor, but she knew that this time, Long Chen had made the utmost of a decision not to let her go.

Long Chen held her hands tightly, pulling her into his embrace, hugging her tightly, and said: "Xiao Xi, the reason why I made such a decision, is also so that this matter can be resolved better. You must understand, in this matter, you are as important as me."

Ling Xi did not understand, she shook her head, gently shaking her tender lips, and asked: "How am I important now?"

Long Chen said: "Firstly, our child, he needs a certain amount of calm environment and no one can predict what will happen in the Demon Star, so this is a reason why you cannot go. Of course, it's not that I don't have the confidence to do well, it's just that there are too many things that I can't predict. There is another reason, and that is the psionic inheritance. "

"But the psionic inheritance, even if I succeed, it would take me a very long time to obtain the power of the Spirit King."

Long Chen caressed her black hair and whispered into her ear, "You are right, but I believe that a miracle will happen. I really look forward to it. Although I don't have the chance to witness it this time, I believe that you will do very well. "Now let me make a hypothesis."

Ling Xi listened intently.

Long Chen looked in the direction of the devil star. That was the place he had to explore, for his brothers and for everything. He had to put life and death on the line. This was not fair to Ling Xi, but in this world, Long Chen had no choice. His voice was heavy as he said, "If I fail to stop the wolf cub and I fail, I will do everything I can to prevent myself from dying." At that time, dozens of Primordial Giant Demons and Mass Demons would enter the Immortal God Region and at this time, I might be able to return to this world as well. I don't know how long this will last, but if you had already inherited the psionic inheritance and become stronger than the Spirit King, or even stronger than the Spirit King, tell me, what would happen? "

Ling Xi shook her head in a daze, and said, "Even though I'm stronger than the Spirit King, I'm not as strong as you. It's not like I can do anything!"

Long Chen flicked her forehead and said, "You're still as stupid as ever. You forgot something."

Ling Xi thought for a moment, then asked: "Yes, Three Lives Love Silk?"

Long Chen said: "That's right, Three lifetimes of love, is a power that allows us to have a combination of all of us. Now, I have ten thousand powers, and you only have one, so we add it up to ten thousand and one, so your power is almost useless. But, if you have the power of the Spirit King, then it would also become ten thousand. At that time, I might be twenty thousand, thirty thousand, and if we add it all together, it would mean that both of us can use even more power. Although we don't know where the limit of Three Lives Love Silk is, it belongs to the Ancestral Dragon. I believe we can still use it at that time. When you are proficient in Spiritualism and Sector lord Divine Arts, I will be even stronger. If I combine my powers, I might be able to unleash an extremely powerful force and even defeat the Divine Spirit. You think so? "

Previously, when he had reincarnated after death, the wishful thinking of the trillions of lives could only be found and not sought. It was like a gift, but now the power on Long Chen had already been lost.

Hearing Long Chen's words, Ling Xi's eyes lit up with an intense light. She finally knew what kind of efforts she should make in this short period of time!

It was for no other reason but to help Long Chen in the end.

Chapter 2483 - Emperor Cheng

Seeing that Ling Xi was no longer sad, Long Chen finally calmed down a little.

What he said was the truth, but in reality, there was a part of it that was trying to coax the little girl. After all, there was no such thing as coincidental in this world. If Long Chen didn't stop Mo Xiaolang, he would be unable to deal with the Divine level Primordial Giant Demons right now.

The reason she said that, was to give Ling Xi a chance to hope, and give her a chance to work hard. In that case, she might have less time to worry about Long Chen's life, and use more time to inherit the psionic inheritance. If Long Chen died and before the end of the world came, she would have the power to protect herself, so Long Chen could be at ease.

He didn't dare say that if Ling Xi died, he would make her think of a way to escape. If that was the case, he must be full of confidence in front of this woman, otherwise she would collapse.

As the sun set, Long Chen hugged her and felt the warmth she brought him.

At that moment, as a man, he could not help but shed two streams of tears.

Back then, the two of them had been similar for the first time, and he was still a eccentric and rogue person. She was just a mischievous and cute little princess who had coincidentally come to the mortal world after encountering a great calamity. The two of them met under the arrangement of fate. They loved each other, and every step they took was so moving, so difficult, and yet so profound.

That day, she was taken away. Long Chen cried as though she had lost her life.

In those ten years, he went through countless hardships and hardships, slaughtering his way through. He charged into the Sword Soul Imperial Palace and took her away, making her his wife.

He thought that he would be able to give her joy from the heavens, accompany her to have children, and share her peace and happiness. However, he did not expect that in the chaos between demons and humans, when life and death awaited him, he would have to go deeper into the traps, find his own brothers, and fight against his most terrifying opponent. In fact, Long Chen had never dared to tell her that he was the one with the least confidence this time.

If I die once at the hands of the Spirit King, I'm 90% sure I won't be able to come back this time.

As a husband, as a father, his inner suffering was not something ordinary people could understand. Fortunately, the current her was incomparably obedient, intelligent, and gentle. She only brought power to Long Chen and never dragged him down, nor did she prevent him from making a choice between a beauty and a mortal.

"Xiao Xi, I promise you, this is the last time, if I can come back safely this time, if I can solve this crisis, I will never leave your side again, I will accompany you, wait for our child to be born, and have him call me, this is my promise!" I've made very few promises in my life, and this is the most serious one I've ever made. I will definitely come back. "

Wiping away the tears at the corner of his eyes, Long Chen could be considered to have wiped away all of his pretense as he said these words to Ling Xi with the most solemn voice. This was his conviction. He knew that at some point in his life, even if he failed to live up to the common people, he would not let down this woman who deeply loved him.

"I believe you."

Ling Xi used her slender finger to wipe away the tear stains at the corner of his eyes. She barely managed to squeeze out a smile on her face, that kind of smile did not make people worry so much that they would forget about everything. Seeing her smile, and hearing her say these words without hesitation, Long Chen became even more serious in her heart, telling herself that she had to keep this promise. This would be his inner mission.

He gave the multicolored pendant and Spirit God Spikes to Ling Xi. With Yang You protecting her from behind, Long Chen felt at ease. With her here, Ling Xi would be fine.

They stayed where they were, waiting for the arrival of the large group. Long Chen buried her head into his embrace, letting her listen to his heartbeat.

Time passed silently like this.

A short period of peace would soon lead to the most intense battle.

Very quickly, a large group of people had arrived. Long Chen followed them and arrived at Dragon City. Then, they moved from the Dragon City's Ling Xi Devouring Formation to Dragon City. After leaving the Slaughter Dragon City, most of the Dragon Fighter followed along, sending Long Chen off together with the experts.

Along the way, countless people looked at this young man who was far from being his age, but already the strongest in the world with the most reverence.

Not long after they left the Dragon Slaying City, they had already gotten close to the northern sky. Very quickly, Long Chen, the experts of the five clans, and the hundred thousand Dragon Fighter s arrived at the edge of the starry sky.

Here, Long Chen stopped in his tracks.

When it was time to leave and complete his mission, Long Chen didn't want to linger around too much, because that would cause him to hesitate. He had already told Ling Xi everything that he needed to say, and as for Yang You and the others, they would definitely know what to do once he entered the Demon Star.

At this time, more than forty experts stood by Long Chen's side. Ling Xi pushed them to Yang You's side and looked at Long Chen with the most affectionate gaze. Yang You held her hand. Her palm was already sweating.

Long Chen said to the experts: "Seniors, many thanks for your help. Let's stop here for now, continuing to move forward will make me uneasy. I will do my best to not let you down. "

At this time, even the top powerhouses were shaking in nervousness. The closer they got to the demon star, the more terrifying the sense of danger they felt. The last time the Immortality Divine Realm had nearly perished because of a mere avatar of the Immortality Demon's will. Who knew if the Eternal Realm would be able to block even a quarter of an hour if they truly came out?

And Long Chen was someone who needed to enter the demon star realm.

However, his heart was calm, and he was not the least bit nervous. However, his courage was above everyone else in the world. This made everyone sincerely admire him. They respected this young man and even treated him as their own faith!

At least in the eyes of the Dragon Fighters, Long Chen was already their religion. Countless pairs of eyes were filled with tears. These were tears of hot blood!

However, at this time, Dragon Emperor Yongye said softly, "It is not yet time. Before you depart, you must complete a very important matter."

Long Chen was startled, he did not expect that there would be other things.

"What?"

They brought the others and left Long Chen's vicinity. Very quickly, Ling Xi was also brought away by Yang You and left, leaving only Long Chen and the fifteen Dragon Emperors behind.

Long Chen still did not understand what they were doing.

At this time, fifteen Dragon Emperors spread out and surrounded him in the middle.

The Dragon Fighters started to cheer. They could roughly guess what kind of moment this would be!

At this time, the number one Dragon Emperor of the Slaughter Dragon City, the Blood Tyrant Dragon Emperor, said loudly: "Long Chen, you have met the two major requirements of becoming the Dragon City's Titled Dragon Emperor — Slaughter Dragon Emperor. You only need to complete one last requirement and you will become the fourth Dragon City's Titled Dragon Emperor of our humankind since ancient times! If you become the ruler of our human race, you can command the world, and you can order fifteen Dragon Emperors! "

The Immortal Dragon Emperor said, "Of course, the last requirement is to have the power to defeat the fifteen of us Dragon Emperor s!"

Long Chen never thought that they would choose this time.

He had just defeated Spirit King.

If there were no matters regarding the Demon Star, after defeating the Spirit King, Long Chen would probably slowly challenge their alliance of fifteen, and perhaps not think much of it. After all, it was just a title, if the Immortal God Realm was fine, he did not care.

However, the Dragon Emperor did not think that way. Before he entered the demon star realm, they wanted to finish this matter. give Long Chen a title, he already definitely had the qualifications to receive this title.

Slaughter the Dragon Emperor!

A long time ago, Long Chen obtained the hearts of the people, even if it was not officially bestowed, in front of everyone, he was already a ruler who slaughtered the Dragon Emperor.

Of course, he still had to go through the procedures set down by his ancestor.

"Perhaps it's because I'm afraid that I won't be able to come back, and that I'll be given an official title in the annals of history."

Long Chen could not hold back his laughter.

Fifteen Dragon Emperor s also laughed.

It was a solemn ceremony.

All the Dragon Fighter s looked forward to this moment in time, hoping that Long Chen would truly inherit his father's footsteps. After defeating the Spirit King, Long Qinglan would become the eternal Dragon Emperor, and reach the pinnacle of life.

They hoped that Long Chen would do the same.

That would depend on the battle!

Fifteen Dragon Emperor s were not courteous at all. They had directly turned into dragons at the edge of the starry sky, with fifteen divine dragons proudly standing around Long Chen. This was a character that Long Chen could only look up to a long time ago.

Eternal Time Dragon, Emperor Blood Burying Dragon, trillions of star domain dragons, etc.

They were all the most famous Ultimate Dragon.

"Alright!"

Long Chen also regained his fighting spirit. This battle, just consider it as the biggest test to him! He had been anticipating the moment he would become a Dragon Emperor warrior!

This caused his blood to boil and his heroic spirit to surge!

This was destined to be a warm battle. The support and love of the elderlies allowed Long Chen to have a backing that he did not need to worry about.

Long Chen's Ancestral Dragon Art was even more able to restrict them.

When Long Chen unleashed [Confusion], the fifteen Dragon Emperor s all felt as if they had fallen into a quagmire, and there was no way out for them, even the Immortal Dragon Emperor s and Eternal Night Dragon Emperor s who were very familiar with the time. In this situation, Long Chen could only smile and attack them one by one without being polite.

Almost all the Dragon Fighter s could see the tears in this battle.

They had seen Long Chen's power, saw that every single Dragon Emperor did not actually fight with all their might, and only allowed Long Chen to pass through in terms of form. They were equally respectful

and fond of Long Chen, and for him, they didn't even bother to pay attention to their ancestor's teachings anymore.

Of course, if they were to truly fight, the outcome of a one-on-one battle with these fifteen Dragon Emperor was uncertain.

In the end, one Dragon Emperor after another was eliminated.

Until now, Long Chen was the only one in this world.

At that time, it was as if the whole world was shouting the words Dragon Emperor s.

Chapter 2484 - Rushing into the Dark Star

In the past, it was only a form of acknowledgement and acknowledgement towards Long Chen, but now the last test had been completed and that was the true title.

The same title as Long Qinglan's Eternal Dragon Emperor.

From today onwards, the title of Dragon Emperor, would practically follow Long Chen for the rest of his life. From today onwards, he would become the master of the human race. This was the same as obtaining the psionic inheritance, becoming the Spirit King, and becoming the master of the spirit race.

Generally speaking, the human race was governed by the fifteen Dragon Emperor s, and there was no such thing as a master of the human race. However, if there really was a genius who was extremely outstanding, regardless of virtue, prestige, or achievements, or even his strength, making him the master of a human race, that was also what was stipulated in the teachings of the ancestors. Such a character was qualified to command the entire human race and lead them towards a better direction.

Because of the harsh conditions, practically every single person in history who had become a Titled Dragon Emperor of Dragon City was a legend. In the past ten million years, there had only been a few who had appeared, and that number was even fewer than the number of people who had trespassed into the Psionic Imperial Manor.

As for the fact that a father and son had successively become Dragon Emperor of this level, this sort of situation was naturally extremely rare. The distance between them was only a few thousand years, but to this human with such a long history, several thousand years was just too short. It was as if two Dragon Emperor s had been born in the blink of an eye.

Humans were undoubtedly fortunate.

But in these difficult times, it was undoubtedly unfortunate.

No matter what, from today onwards, Long Chen would officially change his identity and status, allowing him to better perform his responsibilities. His father's rare appearance had the greatest impact on his life. It was because he had allowed Long Chen to reap the benefits that he had reaped today.

Long Chen thought that he would definitely be very pleased.

Allowing Long Chen to reach his height was clearly one of Long Qinglan's wishes.

And now, Long Chen had already helped him to complete this wish of his.

He felt immensely proud.

Lowering those pairs of sincere, adoring, and respectful eyes was the greatest affirmation towards Long Chen. He wanted to let him know that everything he had done so far was worth it.

When the four words "Killing Dragon Emperor" resounded in the sky, Long Chen felt another change.

It was as if there were quite a few people within the boundaries of the entire Dragon God Domain. Thin threads spontaneously extended out of their bodies as they headed in Long Chen's direction, and finally connected to the formless tree in Long Chen's body. There were more than three billion living creatures in the Dragon God Domain, and now that these threads were placed on Long Chen, there were more than a billion.

This came along with the slaughter of the Dragon Emperor.

Even Long Chen was able to see that such formless threads had appeared on the bodies of the fifteen Dragon Emperor s, and were entrusting them to Long Chen. which allowed Long Chen to connect with them. This kind of connection would allow Long Chen to find out the condition of every single one of them, just like how they believed in Long Chen, the divine spirit in their hearts.

As time passed, more and more people from the Dragon God Domain and Long Chen were connected. A large majority of them were concentrated in the Five Dragon Cities. These were Long Chen's most loyal pursuers.

To be able to become the faith of others, that was a matter of pride. Long Chen knew the mysteriousness of this line of descent. Last time, if not for the help of the trillions of lives living beings in the Dragon Sacrifice Continent, Long Chen simply would not have been able to defeat the Spirit King who possessed the Pantheon Monument.

It was time to say goodbye.

The reason he left this place was to head for the unknown road, towards the unpredictable danger. Carrying the lives of trillions of lives, carrying the hopes of everyone, going to battle, going to risk it. This was the deepest mission in Long Chen's heart. Compared to the lives of trillions of lives, his life was nothing at all.

This was the world that he grew up in, his home, a place that everyone should protect. Long Chen's soul belonged to this place, and after he became a Dragon Emperor warrior, he was the king of this place.

No matter how gentle they were, they could only let it go at this time.

"I trust you. You always do much better than I thought. I will keep my promise and put my life first.
"You're being a good boy, wait for me to come back."

In front of her eyes, Long Chen used his palm to lightly touch her white and tender cheeks, revealing a gentle smile.

"Yes." I also believe in you. "

Ling Xi nodded slightly. Her sparkling eyes flashed with light and there were no tears. There was only absolute trust and expectation. She knew that at this time, she absolutely could not give Long Chen any burden.

"Let's go."

Just like that, Long Chen turned and left, the figure quickly disappearing from everyone's sight.

Countless experts and Dragon Fighter watched the direction of his disappearance reluctantly. No one knew what kind of solution he would come up with this time, as they all hoped that Long Chen would be able to create a miracle in the Spirit God Realm. But no matter what, a miracle could at most only happen once.

The devil star was a place that even Long Qinglan hated.

Tears and hot blood mixed together. With Long Chen's decisiveness, he never turned his head back, allowing everyone to grow in blood and tears. At this moment, it meant that the battle against the ancient Giant Demons had officially begun.

"From today onwards, prepare for battle with all your might. The five races of the Immortal God Realm will unite and fight against a group of demons!"

"We need to believe that the great young killing Dragon Emperor, the creator of miracles, will definitely bring us the greatest of miracles. No one could possess such righteousness and determination when he was so young. The reason why he risked his life alone was to let us have a peaceful world! He left his wife, his children, his mother, and his home to fight for us. We should all be grateful for his success and pray for his safe return! "

This wave of voices echoed throughout the Immortal God Region.

In the midst of such passion and passion, all the living beings in the entire Immortal God Realm helped each other and adjusted their positions. If Long Chen lost, it might be the time for them to fight to the death.

"Boss, to be honest, you've never been afraid?"

In the God Kingdom, the kitten smacked its lips and said.

Long Chen turned into a ray of blood-colored light and flew quickly in the starry sky. In the blink of an eye, he was already a thousand miles away, appearing extremely far away. He said, "What I'm afraid of is that I can't free the wolf cub."

Ling Xi was unable to follow her, but Cat requested to follow her. Long Chen did not want him to risk her life with her, but Cat was definitely one of Mo Xiaolang's brothers, so he decided to follow along. Long Chen let him do as he pleased.

"Last time, I actually trusted someone else and sent him to the demon star. I was really too careless."

The blue-haired woman was like the heart of the city lord. There were still many mysteries hidden within her body. Even Yi Xue and Meng Hen did not understand her well.

Very quickly, Long Chen passed by the resplendent stars and such.

The Demon Star was right at the deepest parts of the Moon Slaughter Devil Nest. In a short period of time, Long Chen would reach it.

Due to their relationship with the devil star, Yang You had already transferred the Sky Dragon Star God Dragons back to the Dragon God Domain.

However, the people of the 10 super planets were basically still living here.

In the blink of an eye, Long Chen had already passed by the Primal Chaos Emperor Star and the ones up ahead were Star of Destiny, Heavenly Dragon Star and Devil Star.

It was the Starlord of Primal Chaos. When Long Chen arrived, he turned into his human form and walked out, hurriedly appearing in front of Long Chen as he knelt down, "We pay our respects to the killing Dragon Emperor!"

It had only been a short period of time, but the news had already reached the chaosworld.

Long Chen thought that their information was not good, and wanted to remind the people here to leave early.

A few years ago, Long Chen was still just an ant in the eyes of this Star Lord of Primal Chaos. However, it seemed like in that instant, this person had already knelt down at his feet in fear and trepidation.

"After knowing that the Slaughter Dragon Emperor was heading to the devil star, I came here to see you off." The Chaotic Star Lord nervously said, obviously trying to curry favor with Lin Ming.

The Spirit King that he admired the most had actually been defeated by Long Chen in front of the strongest in the world, which eventually resulted in his death.

This frightened the Primal Chaos Star Lord.

Now that he had actually met Long Chen, he understood even more clearly what a true son of heaven meant.

Therefore, he accepted that he would never be able to seek revenge for his son for Long Chen in this lifetime.

"I remember that back then, when I was fighting with your son, it was ultimately my brother Mo Xiaolang who entered the demon star realm. Now, he almost wanted to break open the Magic Star Seal and let an existence comparable to a god like the Ancient Giant Demon come to the human world. This matter, your son also has a lot of responsibility."

Long Chen said coldly.

"Killing Dragon Emperor is purely a matter of fate. If today's great calamity is going to happen, no one can afford to blame it, ah. The reason why I'm here today, is because I hope that you won't associate this matter with my son's matter."

These were all matters of the past. Even if he killed the Starlord of Primal Chaos, it would be of no use.

Therefore, Long Chen was too lazy to bother with him, directly passing him and rushing towards the Demon Star.

"Since you know that a great calamity is about to befall you, it would be best for you to bring your people and everyone in chaotic star field away from this place as soon as possible. If everyone in the world has a path of survival in the future, it would not be too late for you to return here."

This was Long Chen's last word of advice to them.

It wasn't easy for the people of the chaotic star field to occupy a planet and thus, they were unwilling to leave this place. It was just that at this time, even Long Chen was being reminded, and they had no choice but to hesitate.

After Long Chen left, the Starlord of Primal Chaos sighed repeatedly, shocked by Long Chen's current state.

"He's right. We have to leave this place."

Following the Primal Chaos Star Lord's arrangements, everyone in the chaotic star field started to move in the opposite direction. Right now, there was only the Sonic Breath Devil Star left.

That's right, there was also the Star of Destiny ...

The mysterious Star of Destiny was actually a forbidden area. It was rumored that there were Life Clans living in the Star of Destiny, but that was only a legend. It was as if no one in all of history had ever come out safely and brought everyone information about the Star of Destiny.

Chapter 2485 - Magic Star Seal

People as strong as the Spirit King and Yang You didn't even know anything about the Star of Destiny.

Separated by a distance, he could roughly see that the Star of Destiny was a planet with a beautiful world. Its beauty didn't lose to the bright stars, and it was an extremely perfect place. One could vaguely see that there were living creatures inside. Logically speaking, with Long Chen's current strength, there should not be many places that he could go to.

The reason why they stopped beside the Star of Destiny was because after arriving here, the stone lock within the Divine Kingdom had the same reaction as when they first arrived at the Dragon City.

They had encountered a white floating plant.

The Floating Grass had been planted in the God Kingdom by Long Chen and was now growing very well.

"This is a very magical place. The creatures inside are also very strange. They look like they're in a dream, and it's hard to see through them." In terms of the level of mysteriousness, it was probably quite rare. What? Boss, do you want to go in and take a look? "

Long Chen stared at this beautiful planet, but did not approach it.

At this critical juncture, if not for the movement of the stone lock, Long Chen would have naturally wanted to go in and take a look. There were countless mystical places in the Star of Destiny that were attracting him. He naturally wanted to find out the secrets behind the stone lock and key, and what secrets the Star of Destiny had.

"Forget it. If there is a chance, let's do it again." If something were to happen in Star of Destiny, how are we to get to the devil star? "

In order to be cautious, Long Chen decided to leave this place.

Honestly speaking, it was possible that this was a place as mysterious as the Infernal Star. For millions of years, the Fated Race had never interacted with the outside world before. This place seemed bustling but in reality, it was extremely bizarre.

Throwing the Star of Destiny's temptation far behind him, he took a deep breath and broke through the space with a terrifying speed. In the blink of an eye, he was already above the sky above Heavenly Dragon Star, and now that Heavenly Dragon Star was at peace, the Devil Star's vortex was actually much larger than before. The black vortex covered the entire sky, like a pair of huge mouths, sinister and strange.

Countless miserable howls and cries filled the air. He really didn't know what was inside this demon star.

Standing in front of this black whirlpool, Long Chen knew that the Magic Star Seal could only enter but not exit. If he wanted to go in, it would be troublesome to leave. He only thought that since Long Qinglan could escape from within, then he would definitely be able to think of a way to bring Mo Xiaolang out.

What he did not wish for the most was for Mo Xiaolang to destroy the Magic Star Seal, which was the only opportunity he had.

He still had a certain level of confidence in fighting the Spirit King and the Psionic Imperial Manor. But facing this black vortex, he had no confidence at all.

He knew that billions of people yearned for the miracle he would bring them.

Normal people wouldn't be able to understand this pressure.

Long Chen clenched his teeth.

"Boss, you have to think this through. Now that you have already died once, and have died again, you are just like your father. You just became a slaughter Dragon Emperor. "

The kitten was still the same heartless, sloppy type.

Hearing that, Long Chen laughed, and said: "I am relieved to hear you say that, but don't I have children too? If I can't do it, I will cultivate him in the future and let him surpass me in the future. We will not let this go until we understand everything! "

"Abnormal!"

The kitten swore.

"I'm ready."

Long Chen mustered his last bit of courage. The dark and mysterious vortex before his eyes seemed to be filled with enticement, as if it was attracting him to advance like a ghost.

What he remembered the last time was Ling Xi's gentle expression and his hopeful eyes. It was her understanding and trust, which made him extremely determined and proud. Carrying these things, Long Chen no longer said anything else.

But even if it was a sheep, he was still a sheep that wanted to tear apart a tiger!

Hu hu!

These black winds carried Long Chen like a ghost, and held him captive as they rushed deeper into the black whirlpool. Looking ahead, it was as if there were countless souls of the living within the black whirlpool, as if countless ghosts were moving about, and countless corpses appeared amidst the howling winds, and blood poured down like rain.

Surrounding him, the ghostly shadows howled.

The black gale was endless, like an endless ocean. Billions of ghosts were floating around, whistling, howling, and crying. This was a miserable world, and it was as if countless people were weeping and complaining in Long Chen's ears. That was a feeling that made one's scalp go numb, and it was difficult to imagine just what had happened here before.

Or the extinction of life.

Or, if Long Chen failed, the Dragon Sacrifice Continent and the Immortal God Realm would become like this. All the vengeful souls stubbornly stayed here, not wanting to disperse.

He could no longer see the starry sky, only this land of endless ghosts.

Only then did Long Chen see a black tunnel. His intuition told him that it was the place where he would rush towards the devil star, so without saying a word, he changed his direction and dove into the tunnel.

After reaching the tunnel, it finally became much quieter.

Long Chen had a premonition that he was about to reach the Demon Star.

The group of demons, the Ancient Giant Demons, and Mo Xiaolang were all waiting for him. Perhaps the moment he entered, he would be discovered by the Ancient Giant Demons and killed immediately.

That was a god!

Therefore, on top of the tunnel, Long Chen had entered the state of Time Traversing Dragon. With such a divine ability in time, he had reached the pinnacle state, and if he were to use it now, even an Ancient Giant Demon would find it difficult to notice. Of course, Long Chen was gambling, and this was also the best way for him to conceal himself.

Only a fool would go all the way to the Dark Star.

It seemed that the Ancient Giant Demon Clan was very sensitive to this point. Long Chen could use his own methods to stand by Yang You's side, but Yang You couldn't find him. However, since he had come to this Demon Star, he couldn't be sure.

It was impossible to say he wasn't nervous.

What if they encountered an ancient Giant Demon right after exiting?

However, he could not let his nervousness show any flaws.

When he was more nervous, he closed his eyes and imagined Ling Xi's beauty. This was a person that could completely calm Long Chen down. If he missed her more, and thought of his promise to her, he would have a lot of courage to calm down.

"Little Wolf, I'm here!"

Finally, with a mission in mind, Long Chen came to this world.

Fortunately, there was not a single person around. He quickly descended to the ground and stuck close to it, allowing himself to enter a lifeless state. He had to ensure that he wouldn't be discovered by the Archaic Giant Demons before he looked at the world again.

This was a completely black planet, without any green life, all one could see was the darkest soil, rocks, the entire demon planet was like this, desolate and deathly still. The only exception might be the river which was spread across the entire Demon Star. When Long Chen was in the air, he took a glance at it, and it seemed as if the entire Demon Star was filled with this kind of blood river, these rivers formed a huge net, covering the entire Demon Star.

Blood and black.

It was just like the color of an ancient Giant Demon.

He silently stood there, not daring to get too familiar with the world. After all, he did not know the current state of the Ancient Giant Demons, if they had already awakened, and had already broken

through the internal seal of the Demon Star and were walking around on it, the chances of Long Chen succeeding would be very low.

After staying for a while, he let out a sigh of relief. At least he had successfully reached this place, and the process of entering didn't involve any danger. He had just barely passed the first trial. Now, he could carry out the following actions:

This time, there wasn't the slightest mistake.

"You should first find a person and use your Thousand Death Claw to wake them up, and then ask them about the situation of the Demon Star. After all, Yi Xue and Mu Ru Yue have already left the demon star. To be honest, he was also very nervous. If Long Chen lost his life, he would also be finished.

"Yeah, I know."

This was Long Chen's original plan.

The Demon Star was huge, but even though the number of demons had accumulated for a long time, it was not much. This was a planet with a population of over a hundred million, and the number of demons here should only be around tens of thousands, so it was normal not to see humans here. Furthermore, Long Chen reckoned that the entrance to the Demon Star was actually unstable, so there were no traces of humans in the sky right now.

It could be seen that there was a formation that covered the entire Demon Star, turning it into the sky above the Demon Star. This array should be the Magic Star Seal.

This was the biggest formation Long Chen had ever seen, and it had an ancient and majestic aura. On it was an extremely strict rules of the gods, and every single inch was extremely complicated with all sorts of runes of all colors, hundreds of millions of them tightly controlling the devil star.

This formation transmitted the harshest and most stable suppression. No matter who it was on the demonic star, they would feel this terrifying pressure. It was as if there was a huge rock on top of their heads, making them hard to breathe.

"That's no wonder. The demons on the devil planet want to leave this place. Being beneath this Magic Star Seal is too unbearable. "

Long Chen pondered.

He slowly stood up, carefully advancing in this demonic world towards the east. He did not know what he was about to encounter, but he was not afraid.

Behind him, there were trillions of people supporting him.

Chapter 2486 - Mount Burial

In this lair of the Ancient Giant Demons, one could be discovered at any time. At any time, a fatal crisis could occur, and at any time, this life could come to an end.

If they were killed, then the billions of lives in the Immortal God Realm would basically have no chance of surviving. Even the trillions of living creatures in the Dragon Sacrifice Continent would be affected. This world was completely controlled by the ancient Giant Demons.

Yang You, Ling Xi, the fifteen Dragon Emperors, and the people from their hometown, all welcomed their tragic fate. He might even implicate his unborn child.

The flourishing world was only an instant away from destruction.

And in that instant, all of it was in Long Chen's hand.

While carrying such a heavy pressure, Long Chen had to use the lightest of movements to move forward on this pitch-black devil star.

There were many strange stones on the planet, like talons, all reaching up to the sky. The world was pitch black, and only the Magic Star Seal Diagram Array was able to bring a little bit of light. But at the same time, it also brought about a heavy pressure. If one's strength was low, their survival on this demon planet would definitely be very painful.

They travelled through the strange black rocks and river of blood, and occasionally heard people's voices, but there were a lot of them, so Long Chen did not approach them. What he wanted to find was a lone Demon.

Only two hours later did he confirm his goal.

This was a relatively young man with purple pupils. His long hair and eyebrows were deep purple, and his skin was extremely fair to the point of being pale. However, his lips were a bewitching bright red.

In reality, looking deeper, one could still see that his eyes were blood-red. This was the symbol of a devil, and this man was indeed controlled by an ancient Giant Demon.

After determining the target, Long Chen was like an exquisite machine as he started to move.

He advanced using the Time Traversing Dragon, until he was half a meter behind the man, the man was still unable to discover him. In terms of strength, Long Chen basically could be considered undefeatable below the Ancient Giant Demons, so this time, his attack was extremely successful.

Under the Ten Thousand Death Claw, the Ancestral Dragon's Will attack, was able to easily remove the Ancient Giant Demon's will from the man's body. Long Chen was already familiar with this technique.

In the next moment, he brought this purple-eyed man into his own Divine Kingdom and found a place to hide.

After staying quiet for a good while and realizing that he was not discovered by the Immemorial Giant Demons, Long Chen then continued with his next move.

Naturally, he wanted to communicate with the violet-eyed man.

The purple-eyed man had a headache for a while before he finally came to his senses. He looked around him in disbelief at the true world around him. Although he was a human and had a divine country as well, under the influence and assimilation of the devil star, his divine country had long ago become dark and deathly still. Compared to Long Chen, this divine country that was brimming with vitality, it was completely indistinguishable.

"Did I leave the Dark Star?"

That real feeling made this man think that he had left the Demon Star.

"No. Do you know what happened? "

Long Chen's voice appeared beside his ears.

He looked around him with a lost expression and said with a frown, "It's been too long, I almost forgot. It seems that for a very long time, I didn't manage to control my own soul and body. But now, I seem to be free. Is it because of you? "

Maybe most people on the planet were like that.

Fortunately, he had regained consciousness and understood that he had been controlled previously. Otherwise, it would probably take Long Chen a long time to make him believe him.

"Yes, I came in from outside the planet. From the Immortal God Realm. I let you escape the control of the Ancient Giant Demons, and then I had some questions that I wanted to ask you. Can you answer me? "

Long Chen said with sincerity.

"Demon Star, Ancient Giant Demon!"

These words reminded him of many things.

"An ancient Giant Demon, sealed in the depths of this demon star, an existence that has controlled me for so many years? It was terrible. In order to pursue the path of freedom, I came to the demon star realm. I didn't expect that after becoming a puppet here for so many years, I am finally free today? "

The man stared blankly at his surroundings, unable to hold back his tears. His eyes were filled with boundless nostalgia as he looked at his surroundings. He was different from Yi Xue and Meng Hen. The

two of them were born here, and he came in from the outside, just like Mo Xiaolang, because he was possessed by the devil.

Then, he should support Long Chen even more.

"Benefactor, if you need any help, just tell me. My name is Wang Ming. "

In fact, every person that had been possessed by the devil had their own inner story and different mental states. Wang Ming had already calmed down and was thinking of many things. Even though they had been controlled over the years, and their thoughts had been imperceptibly affected, those memories had not disappeared.

Long Chen would not let him leave this place for a short period of time, so he was relatively at ease before saying: "Let me tell you the reason why, there is a 'Devouring Demon' who has entered the devil star, and is able to devour Magic Star Seal. If the Magic Star Seal is broken, the group of demons controlled by the Immemorial God Realm will definitely escape, and once they enter the Immortal God Realm, it will definitely cause their spirits to turn into mush, and the Archaic Giant Demon is also waking up recently, so there is a high possibility that she will also be able to leave the devil star at that time. I came here to stop this. I hope that you can help me. After all, you were once a member of my Immortal God Realm. "

In just a short period of time, Long Chen had already explained everything clearly, and Wang Ming had a vague understanding of it, so he quickly understood the situation he was in. He also understood that Long Chen was here for a very important mission. Such a person was naturally worthy of respect.

He couldn't help but be filled with respect as he said, "I didn't expect that my benefactor would come to the demon star to save things for the sake of such righteousness. I am a member of the human race, so my benefactor should also be a member of the human race. It seems like the Eternal Dragon Emperor had come to the Devil Star before, and I was still controlled by the Ancient Giant Demons then. "

It seems that Long Qinglan was still doing quite a bit in this Demon Star. At that time, the ancient Giant Demons hadn't awoken. In fact, there was no one on the demonic star who could be his enemy. He was now the overlord of this place.

Long Chen laughed: "It's even better if you knew about him. In fact, I am his son."

"Hmm?" Wang Ming's eyes lit up, and said, "I never thought that the Eternal Dragon Emperor would be so powerful a few thousand years ago. You must be very strong to have entered the demon star realm,

my benefactor. Why didn't he solve such a great problem? Back then, he also seemed to know of the existence of the ancient Giant Demons. "

Long Chen said: "He is no longer here, and as for the reason, I am not sure either. Now that the situation in the Immortal God Realm is extremely critical, let me ask you a few questions. First, what is the current situation of the Ancient Giant Demons? A few months ago, had the Ancient Giant Demon Qu awakened? "

"He's gone?" Wang Ming was startled, seeing Long Chen's serious expression, he immediately said: "The Ancient Giant Demon Qu, in the seal inside the Demon Star, Qu is the outermost, and also the lightest one. The entire Demon Star's Demon Body is under his control. "Originally, the seal inside the demon star was fine, but it's impossible for it to appear. Although Qu can control us, after tens of millions of years, the seal has finally loosened, and he has completely awakened. Right now, it's possible that the seal outside the demon star is restricting him, so if the seal outside the demon star is broken, he will definitely be able to break the seal.

"In other words, the only Ancient Giant Demon that could possibly appear on the Demon Star is Qu Qu, but he is also restricted by the Demon Star's seal, making him unable to move?" Hearing this news, Long Chen was ecstatic in his heart.

Wang Ming shook his head and said, "That is not the case, it is only being restricted by the external seal, but inside the demon star, he is still very scary. With his power, compared to the gods, if he discovers you, no matter where you are in the demon star, he should be able to appear, even if it's just your real body, even if it's just an arm or a tail, it's still very scary. I know that right now he has half of his body left the internal seal of the demon star, in fact, he hasn't been discovered yet, most likely because he was tired from the last time of waking up, so he is currently resting and recovering his strength."

Long Chen finally understood.

The situation was not as bad as he had imagined, but it was definitely not optimistic. Once Qu Qu woke up, he would still be in danger on the planet. If he failed, the moment the Magic Star Seal broke through and Qu Lie broke free from the seal, it would definitely be able to free all the Ancient Giant Demons from their bindings.

The reason why Qu'an was dormant right now, was definitely because the will clone that he had painstakingly formed had been devoured by Long Chen. It was slightly tired now, but he had prepared for thousands of years to wake up and escape.

Long Chen digested all the information, calmed himself down, and continued to ask: "Then, there is another important question. Do you know where the 'Devouring Demon' Mo Xiaolang is right now?"

I can take advantage of this period of Qu Zang hibernation to complete the mission!

Wang Ming nodded, "I know." Benefactor, you are looking for this Devouring Demon. Is it because you want to kill him so that there will be no future troubles? "

Long Chen shook his head: "No, to tell you the truth, he is actually my brother for many years. Back then, when he was possessed, I personally sent him to the devil star, but at the time I didn't know that there was such a thing as an Ancient Giant Demon, and thought this place was very safe."

"AHH!"

Wang Ming widened his eyes and said helplessly, "I was like that back then, why did I enter?" So what do you need to do? If we do not kill him, he will destroy the Magic Star Seal. "

To have your brothers killed, this was something that would make anyone uncomfortable. Wang Ming understood Long Chen more and more. The so-called demons were in fact very pure and kind in their hearts.

"I have a way to wake you up. Naturally, I can wake him up as well."

Long Chen said.

"Okay, then I will tell you the location of the Devouring Demon. He's at the God Burying Mountain. "

Chapter 2487 - Moon Demon Zero

As Wang Ming recalled, he said, "Actually, with how big the commotion is right now, everyone knows that the Devouring Demon is now in the God Burying Mountain." In the deepest part of the God Burying Mountain was the place where Qu was sealed. The Devil of Devour was closest to Qu. With the God Burying Mountain as the center, the devils on the planet were all over the place recently. The stronger

one was, the closer they got to the God Burying Mountain. Among them, dozens of 'Demon Masters', 'Moon Demons' and 'Zero Demons' are near the Devouring Demon. "

If no one stopped him, if this continued, in half a year, the Magic Star Seal would be destroyed, and at that time, the group of demons would attack. It was the biggest hope of the demons. As a result, almost all the demons had gathered near the God Burying Mountain, waiting for the day they would succeed.

This was also the reason why it was very difficult for Long Chen to find anyone else in the vicinity. Otherwise, he might even have been discovered from the start.

Long Chen knew that the 'Demon Lord' was divided into the Great Demon Lord and the Little Demon Lord. The Great Demon Lord had the same strength as the Dragon Emperor, and the Little Demon Lord was more or less the same as Liu Ji and the other practitioners who had crossed Nine Palace Calamity. The number of Demon Stars was estimated to be close to thirty Great Demon Masters, and the number of Little Devil Masters was even greater.

On the other hand, what are the Moon and Zero Demons?

He asked Wang Ming, and Wang Ming replied, "These two are the strongest among the group of demons. They have existed in the demon star for the longest period of time, perhaps hundreds of thousands of years, or even millions of years. But they were still alive. They were the two demons closest to the ancient Giant Demons, and their strength was also the strongest. He surpassed all the great devils and was above the group of devils. Before the Ancient Giant Demons had awakened, the Moon Demons and the Zero Demons had taken over the Demon Star. "

"So it's actually a fellow that has existed for such a long time ..."

Long Chen was speechless. One must know that in the tens of thousands of years of history of the Spirit King, Long Chen already felt that he was very old. There were only a few tens of thousands of people on the Demon Star, but they were able to give birth to so many powerhouses. One of the reasons was because they didn't have heavenly tribulation, and at the same time had endless life.

After cultivating for hundreds of thousands of years and millions of years, reaching this level of cultivation that was equivalent to a 'half-step Divine Spirit' wasn't an exaggeration. Based on what Wang Ming said, Long Chen reckoned that they should be the same as the Spirit King. To be able to give birth to two experts on the same level as Spirit King with a mere Demon Star, this was actually quite scary. Furthermore, it was something that Long Chen had never heard of before.

"The God Burying Mountain is on the other side of the Dark Star. The Dark Star is not big, so you can reach it from any direction. But, benefactor, I still have a lot of worries in my heart. Even if you can make it so that the Devouring Demon will wake up without anyone knowing and be surrounded by experts, how are you going to get out? As long as you enter the devil star, and don't destroy the Magic Star Seal, you will never be able to leave this place. "

This problem was naturally the most difficult one for Long Chen.

But there were so many experts surrounding Mo Xiaolang. Even if he could fight against dozens of large and small Demon Masters, even if he could defeat Moon Demons and Zero Demons, if the other party found out that they were able to wake up the Primordial Giant Demons, that would also be a challenge that had almost no chance of winning.

Even if he had broken through all possibilities, what must he do in order to bring Mo Xiaolang away from this place safely?

Long Chen asked: "Wang Ming, do you know how my father, brought a portion of the people and left this place?"

Wang Ming shook his head and said helplessly, "I thought you knew."

After so many years, it was strange to know about it now.

It seemed like the mission he wanted to complete would be filled with difficulties.

For now, at least, unless a miracle happened.

"Let's go over first."

Long Chen said.

At the Demon Star, the higher one went, the greater the pressure that the Magic Star Seal would give him. At this time, Long Chen didn't dare to touch the Magic Star Seal, so if there was any movement, he would attract group of demons or Ancient Giant Demons.

The most pressing matter of all was to first meet Mo Xiaolang, before they could come up with the next plan. He had to see what kind of state Mo Xiaolang was in now.

On the way to the other side of the Demon Star, Wang Ming continued to tell Long Chen what he knew.

"Now, it seems that every single day, the Devouring Demon will use two hours to absorb the fire energy from the Magic Star Seal, and the remaining time will be to digest the fire energy and strengthen itself. During the process of his digestion, he had hidden it in the depths of the God Burying Mountain, very close to the ancient Giant Demons. So I guess, even if you did appear, you would have appeared when he was absorbing Magic Star Seal. But at that time, he was surrounded by the Moon Demons, Zero Demons and the Demon Masters, making it difficult for him to succeed. Could it be that the Apocalypse is about to come?!"

What Wang Ming was saying right now was exactly what Long Chen was thinking.

However, he was not as pessimistic and negative as Wang Ming. The time right now was still too short and he still had half a year. At most, he would just keep waiting, waiting for that opportunity to make his move.

For now, without at least half the confidence, it was best not to make a move.

It was still that decision that he had to see Mo Xiaolang and confirm his current state.

From the side of the demon star to the opposite side of the mountain, if it were outside, less than an hour would have passed. However, Long Chen had no choice but to be cautious at this place, and in the end, three days passed before he arrived at his destination.

Right now, he could only look at the God Burying Mountain in the distance.

In the vicinity, there were obviously more devils, and they were everywhere. These people's expressions were cold and indifferent. Their eyes were blood-red, and as they fought and cultivated, they would sometimes appear just like wild beasts. They were extremely terrifying.

They were all under the influence of the ancient Giant Demon's will, so they didn't have their own thoughts anymore.

In their sea of consciousness, the appearances of the ancient Giant Demons surrounded their original appearances.

"Maybe the wolf cub is also like this, he doesn't recognize me anymore!"

Long Chen was a little helpless. He was once a brother, a friend of life and death, but now, they had met in such a way.

"I do have confidence in him. Don't think too much before you see him. This is not your character." The kitten said disdainfully.

"You're right."

Long Chen was the most cautious as he began to sneak into the God Burying Mountain that was filled with demons.

From a distance, the mountain looked more like a dark forest. A few blood-red rivers ran through, and the air was filled with a bloody aura and black demon aura. A cold wind blew across the mountain, making it difficult to see anything clearly.

The Spirit Burying Mountain was very large. The further one went in, the more powerful and cautious the demons guarding this area would be. They seemed to be waiting here, using their blood-red eyes, staring at the Magic Star Seal in the sky with incomparable heat, filled with hatred and urgency. Many times, they would restlessly move about, wishing that they could charge up and destroy that Magic Star Seal!

If the seal was broken, these people would definitely be the first to rush out.

Bloody and cruel, this was the aura Long Chen could feel from their bodies.

"The strength of the devils here is about the same as the strength of the Four Symbols tribulation of reincarnation, right?"

Wang Ming said.

Long Chen used the Time Traversing Dragon to travel in, so for the time being, no one was able to discover him. Wang Ming was also very surprised, he never thought that Long Chen had such a method.

"Benefactor, it should be enough. At this location, you should be able to see the Devouring Demon appear tomorrow." The deeper they went, the more afraid Wang Ming became. He was not afraid of death, afraid that Long Chen would die in battle, and then, no one would be able to save this calamity.

"I want to go to at least the Little Devil Lord's side."

Long Chen said in a serious tone.

This scared Wang Ming to death. He trembled and said, "That place is already the core position, and it will be discovered by the Archaic Giant Demons. Benefactor, can you really ...?"

Long Chen still had that kind of confidence in himself, a character at least of Dragon Emperor level. Even if he was by their side, it would be difficult for them to discover him. Of course, the prerequisite was that Long Chen had to make more sounds than he did, let alone attack.

He knew his limits, and the reason why he went deeper was because he wanted to see more clearly.

After about half an hour, he carefully made his way in. Finally, he arrived at the core position. He only needed to advance for another quarter-hour before he would see the Little Devil Lord level devils in front of him. They were wandering around, stirring. Most of them were quietly meditating, waiting for time to pass by. To them, their long lifespan was only an instant.

"En, are you sure you don't want to retreat a little? This place is almost directly beneath the sky. Once someone comes here, we'll be discovered. "

Wang Ming asked while trembling.

Long Chen moved closer to a concealed location, his entire person was as silent as death, only his eyes looked at the sky, and he did not move an inch. At least he wouldn't do anything for the next few days. The only thing he could do now, was wait for Mo Xiaolang to appear.

"Don't worry, as long as the Moon Demon and the Zero Demon aren't nearing, they won't be able to discover him." The kitten smacked its lips and said.

"Benefactor is that strong?"

Wang Ming saw that Long Chen was too young, and based on the age of the Eternal Dragon Emperor, Long Chen should at most be a few thousand years old.

So he didn't know.

The kitten laughed, "What do you think, he just killed the Spirit King outside and gave his psionic inheritance to his woman before coming in. If it's a girl, then that Zero Demon and Moon Demon of yours would definitely be taken by him."

Wang Ming was stunned.

"Kill him?" Stealing the psionic inheritance? "

In his memory, Long Chen was definitely not such a person.

Wang Ming shook his head and said: "I believe that he is powerful, but his character is one in a million. Otherwise, why would he come here without a care for his life? In addition, both the Moon and Zero Demons are male. "

"Male? "How boring." The kitten rolled its eyes. Even if it had turned into a human, it was only changing into a sleeping posture.

A day's time passed silently.

The moment that Long Chen had been waiting for, had finally arrived!

Chapter 2488 - Devilish Swallowing

Before that, the Spiritual Burial Mountain had been a place of great activity.

In this pitch-black world, they gathered together. The demons chaotically danced, and their mind and will were deeply affected by the ancient Giant Demons, crazily dancing as they chanted ancient and strange songs, almost as if they were holding hands and revolving around a single center.

When he looked up, he could see tens of thousands of Devils hovering in the air above him. Usually, these fellows were frighteningly cold, but now they were extremely excited and excited, their eyes completely covered with blood. Before everyone's eyes, it was as if there was a deep sea of blood, and some demons were actually like ancient trolls that had a few cracks at the edge of their eyes.

At the same time, it was the same as the devil.

According to Wang Ming, the blood rivers flowing on the surface of the demon star were the blood of an ancient Giant Demon. Even the Little Devil Lord didn't dare to touch the blood-red river.

When the demons were dancing in a frenzy, Long Chen held his breath, his heart was naturally extremely excited, he had not seen Mo Xiaolang for such a long time, and he was finally going to appear!

However, before him was the appearance of the Little Demon Lord, the Great Demon Lord!

These experts had appeared before when Yi Xue and Meng Hen used the Immovable Devil Eyes. The Great Demon Lord among them was indeed about the same level as the Dragon Emperor. Of course, they were at least tens of thousands of years old. Without Eighteen Major Tribulations, and with the fact that they had an almost limitless lifespan, dying was a rather difficult thing for them!

In the midst of the fervent cheers of the group of demons, including the 20 great demon lords' bowing welcome, the two demon rulers finally appeared, one was the Moon Demon and the other was the Zero Demon. Although they had lived for countless years, they still maintained the appearance of youth, looking very devilish and threatening. They were shrouded in dense demonic aura, and were extremely close to the Immemorial Troll Demon. Long Chen had heard Wang Ming's reminder, and knew which one was the Moon Demon and which one was the Zero Demon.

But that was not the point.

The Moon Demon and the Zero Demon did indeed have power that could compare to the Spirit King, but Long Chen wasn't paying attention to them, rather, he was paying attention to Mo Xiaolang.

It was as if every day at this time was a demonic time to celebrate.

At this time, everyone, including the Moon Demon and the Zero Demon, were looking forward to the appearance of the Devouring Demon.

At this time, some devils were already shouting "Devouring Demon". It seemed that in this place, Mo Xiaolang's status was no different from the Moon Demon Zero Demons. He was known as the 'Devouring Demon'. This title should be the same as the other two, perhaps even above them.

Time was up.

The Magic Star Seal was right above her head. Originally, Magic Star Seal s were stable and regular, but a crack actually appeared in the sky in front of her eyes. This crack had a diameter of around ten meters, and currently, five different colored flames were being breathed out from it.

Once a portion of the Magic Star Seal's power was drained by Mo Xiaolang, it would be time for the Magic Star Seal to shatter.

When he was extremely nervous, the person that Long Chen had been waiting for a long time finally appeared.

When Long Chen was feeling extremely nervous, a black figure of a wolf suddenly scuttled out from the centermost abyss of the God Burying Mountain. That kind of speed was practically peerless in the world, and was almost the same as Long Chen's. It seemed that on this devil planet, Mo Xiaolang had indeed obtained great benefits, obtaining the nurture of a group of devils, and swallowed a lot of flame gods.

Thinking about it, he was almost as heaven-defying as Long Chen.

Of course, the difference was that Long Chen had inherited the most valuable thing in the world and steadily moved forward, yet he seemed to be an accident in this world, an error outside of a rule. This mistake allowed him to find a way to break the world's rules, which was why he had reached his current state.

But no matter what, they were lucky.

That black figure's speed was extremely fast. In merely an instant, Long Chen saw him clearly.

That's the Sun Devouring Demonic Wolf.

The biggest difference from the Mo Xiaolang in his memories was that from the corner of his eyes, he had stretched out his body and streams of blood veins covered his entire body, forming a network of blood vessels that were the same color as the Primordial Giant Demons. In the past, Sun Devouring Demonic Wolf s were more serene, hot, and mysterious. But the current him was even more crazed and bloodthirsty. That was the same temperament he had with the ancient Giant Demons.

His eyes were like a sea of blood, filled with coldness and pride. He rushed forward, rushing towards the gap in the Magic Star Seal s, the Magic Star Seal used a very powerful force to suppress him, but it could not stop him, and allowed the Sun Devouring Demonic Wolf s to rush straight into the gap.

In that instant, the entire Magic Star Seal trembled.

Long Chen saw that from the crack, lines of blood had started to extend towards the entire Magic Star Seal, a large amount of fire energy started to converge onto the blood veins. At that moment, the Sun Devouring Demonic Wolf was swallowing the fire energy within the Magic Star Seal, like a leech swallowing human blood.

One day, the Magic Star Seal's power would be unbalanced, and it would completely collapse.

As the devils continued to cheer and celebrate, Long Chen's heart sank to the bottom of the valley as they heard the words "devouring of demons". He could feel the indifference in Mo Xiaolang's eyes, and if the situation was like this, it would be extremely difficult for him to get close to him.

Appearing once every day for two hours, what chance did he have?

Other times, Mo Xiaolang would be even more dangerous by the side of the Ancient Giant Demon.

"What a headache."

The kitten rubbed its head and said helplessly.

Long Chen did not say a word and continued to observe. In terms of anger, his heart was currently filled with rage, but he had to remain calm.

swore to save the little wolf from this mess. He wanted to see the familiar him, naive and innocent, hot-blooded and sincere, not like this.

If he knew what he was doing, perhaps he would regret it. If an ancient Giant Demon were to appear, then it would be impossible to even describe the miserable state that would happen. Mo Xiaolang was also from this world, he definitely did not want to destroy this place.

Time continued to pass, but Long Chen's emotions were still mixed.

From the moment he left Canyang Kingdom, he had treated the Little Wolf as his own little brother. In the current situation, it could only be said that fate had made mistakes in his actions.

All this while, Mo Xiaolang had not pursued anything. He had merely followed Long Chen on his journey through this world, and now that he had fulfilled his dream, he had fallen into this group of demons' world. No matter how one looked at it, it was because he did not protect him well.

In the blink of an eye, two hours had passed.

The blood veins that covered the Magic Star Seal gradually disappeared. In the end, a young man came down from the hole in the Magic Star Seal. He had black hair, red eyes, fair skin, and a slightly thin body. He had five slender fingers, and he had an evil aura around him. Blood veins could be seen extending from the corners of his eyes throughout his body, adding to his devilish aura.

However, his eyes seemed to be steady.

After absorbing a lot of flames, he was now as hot as the sun, releasing a boundless amount of heat. But he didn't rush back, this caused a large number of demons to continuously retreat, distancing themselves from him.

Mo Xiaolang's eyes that were like a sea of blood swept across the group of demons. At this time, all of the demons knelt down in front of him, with the exception of the Moon Demon and the Zero Demon.

However, in reality, his gaze quickly landed on the God Burying Mountain below with a bit of doubt.

"Did he discover us?" Wang Ming said with a trembling voice.

Perhaps, this was a feeling that came from the depths of the abyss.

When Long Chen approached the God Burying Mountain, he could also feel that Mo Xiaolang was definitely at this place.

Right now, Mo Xiaolang was the same.

But his gaze was bewildered.

"Maybe he remembers me?" Long Chen closed his eyes. At this time, if he were to still look at Mo Xiaolang, he would definitely be discovered.

If he was affected by the ancient Giant Demon's will, he would definitely fight to the death with him.

But since he could still sense Long Chen a little, perhaps in his heart, he could still see his own shadow.

"Wolf, what's wrong?" At the side, the Moon Demon couldn't help but ask.

Mo Xiaolang shook his head and glanced at the mountain. Like a comet, he landed in the centermost abyss of the mountain and disappeared in the blink of an eye.

It was only at this time that the group of demons finally stood up from their kneeling states and returned to the God Burying Mountain. They continued to wait for Mo Xiaolang's next move. If not for the fact that the Magic Star Seal's flames were too strong, they would have wished for nothing more than for Mo Xiaolang to devour it all day long and not spend two hours a day doing so.

finally opened his eyes after he had calmed down.

Today's matter caused him to be unable to calm down even after a long time.

"Benefactor, forgive me for speaking bluntly, but if there is no miracle, I believe that it would be impossible for you to complete the mission. Moreover, the Devouring Demon has received the care and care of the Ancient Giant Demons. Right now, it is already very powerful, so it is not easy for you to remove the Imprint of the Ancient Giant Demon from his body. Furthermore, the Zero and Moon Demons will stop it." Wang Ming sighed and said.

He was grieving for so many creatures outside.

Now, everything was about to happen.

"We'll continue observing for a few more days."

No matter what Long Chen did, he would not give up so easily.

For the next few days, the situation was more or less the same. There were basically no breakthroughs.

However, at this time, Long Chen suddenly thought of a person. A cute girl who entered the Demon Star with Mo Xiaolang.

Chapter 2489 - Karma Royal Sword

"Su Yan. "Where did you go?"

When he said this, Cat also remembered. They couldn't help but ask Wang Ming at almost the same time.

"When Mo Xiaolang first came to the devil star, there should be a girl by his side right?"

Wang Ming recalled and said, "I think so, but after a while, the girl disappeared. I don't know where she went." has completely disappeared. I have never seen this person again beside the Devouring Demon. "

"Is that so? Could it be that Su Yan died? "

The kitten said in a daze.

Long Chen was startled for a moment, and then they started to think about the little girl they had met in the Archaic Graveyard who was innocent, innocent, and cute, and worry-free. He had also promised Suixue that he would take good care of her. Later, she and the wolf cub had a fated relationship, so he handed it over to his. The two of them had fallen in love, and Long Chen had even gifted Su Yan the beast blood essence that he inherited from the Ultimate Dragon.

And now she was missing.

Long Chen was panicking in his heart, but he understood that the person who was panicking even more was definitely Mo Xiaolang. It was just that this matter had happened a long time ago, and he didn't know what was going on right now. As for this, he might have to ask Mo Xiaolang first before he could find out.

"If something were to happen to Su Yan, the little wolf should have received a large blow. Yet, I actually do not know about any of this. "

He could barely keep calm. Perhaps he should have come here long ago, but things were unpredictable. Now, the only way out was naturally to hope that they could bring Mo Xiaolang away from this place safely. Hopefully, Su Yan would be fine. If he had any regrets, Long Chen wouldn't even need to say more, he would also do his best to help him.

This time, Mo Xiaolang ended his Devouring Flames once again. He looked around at his surroundings, and finally returned to the centermost abyss. During this entire process, the Moon Demon Clan and the Zero Demons, as well as the various Great Demon Masters would always be on guard around him, leaving Long Chen with no chance at all.

If this went on, there would be no chance of success.

Watching him appear before his eyes again and again, then quickly disappear from his sight, Long Chen felt mixed emotions when he saw his cold gaze, clear and indifferent expression, and strength that grew more and more majestic. Perhaps, in the past, he had never imagined that he would actually meet Mo Xiaolang in such a manner after so many years!

Normally when Mo Xiaolang returned to the abyss, he would close his eyes and sink into deep thought.

After a few days of doing nothing, Cat and Wang Ming were both very anxious. If it was them, they would have lost their patience long ago.

"Boss, I think that even if we wait here for half a year, it would still be useless. We might as well leave and think of another way?" After all, it's quite dangerous here. "

The kitten eagerly said.

But Long Chen did not respond.

He and Wang Ming looked at each other and helplessly threw up their hands, saying, "There's no other way, this guy is so stubborn."

Usually at this time, Long Chen would think. Of course he knew what Cat was talking about.

However, it was impossible to give up.

He knew that at times like these, calmness was what was needed the most. If one's heart was restless, there was nothing they could do. Right now, the situation was critical, with death and responsibility looping around him. If it was anyone else, they would have long since been unable to catch their breath, but he was still able to remain calm.

In the silence, he recalled everything that had happened.

From the moment they met with Mo Xiaolang, they had experienced many unimaginable things. From the Holy Martial Empire to the Archaic Graveyard, he then proceeded to the Desolate Imperial Domain, and proceeded to the True Martial Emperor Domain himself. In the end, it all came together to defeat the City Lord. After that, they came to the Immortal God Realm together. Not long after that, because of him, he grew a martial magic seed into a devil and left him. He had also gone to the Demon God Area before to chase after him and find him there.

All of this was a result of countless karma connecting them together.

Ever since he fought with the Spirit King, Long Chen had always been thinking about the word cause and effect. At that time, the words that the Spirit King had said brought him a great deal of shock. Karma is a cycle of karma. The heavens and earth are connected in this cycle of karma, with countless causes and consequences, seemingly unrelated to each other. In fact, there are many trivial matters in one's life that can ultimately change one's fate.

Especially after arriving at the Demon Star, this feeling was extremely intense, and after meeting Mo Xiaolang, it became even more intense. Watching him return to the abyss time and time again, while he had no way of getting close to him, seeing every minute change in his body, was the result of countless factors, resulting in the results of today's two people. And today's success might be another reason for it in the future.

Time was very simple. It filled the entire world, flowing from one direction to another.

But karma was different. It also filled the entire world, but karma was complicated, just like an infinite cluster of threads, difficult to understand. The two threads, separated by millions of miles, could also be linked together. Causality was more complicated than time.

And among them, because of the relationship between good and evil, because of the relationship between morality, there was also retribution. Someone had to maintain order and control Karma as well. That person had to be a Heartdragon of the Dao of the Gods. While Long Chen was going through the cycle of karmic retribution, the Divine Path refined heart dragon blood that he had just absorbed was also nourishing his heart and becoming more and more closely connected to him.

Perhaps it was only recently that Long Chen finally started to come in contact with this Way of the Heavens.

The Infernal Realm of the Saber and Sword, after all, only inherited the blood essence of the Inheritance. It wasn't even considered a Dao of Karma.

The days he was waiting here grew longer and longer, but Long Chen remained even quieter. On the contrary, it was Cat and Wang Ming who were walking around anxiously, and even after a month had passed, Long Chen still had not made a single move. Every day, he would hide here and wait for Mo Xiaolang to appear.

"Boss, it's been a month. According to the speed at which the Magic Star Seal is collapsing, I estimate that in another four months or so, everyone will be dead. This time, the amount of people involved will far exceed that of the previous Three Great Imperial Domains. "

"I know my limits."

Long Chen replied him with these four words.

In terms of the heaviness in his heart, there was naturally no one who could compare to him, but right now, he was immersed in a completely different realm. That was the world of the cycle of karma. In his eyes, the entire world had become a myriad of complicated threads. Billions of threads were hidden in it, connecting each other. Every person's body was connected to the other.

This was a causal link.

Some of these lines were thick and visible, while others were barely visible.

As long as it existed, there had to be another side to it.

The path of the divine, the heart of dragons; good and evil came from the heart.

In this month of comprehension, Long Chen had completely calmed himself down and faced the hardest mission calmly. He had gained a lot of rewards, and most importantly, he had finally stepped into the gate of the Dao of Death, and was able to look at the cause and effect as if he was looking at time.

Time was like a river that swept past everything, making it impossible to return. Karma was like a thread entangled in everything, so complex that it was impossible to make any sense out of it. But if he could find this Karma Thread, he would be able to become more familiar with his opponent, become familiar with everything, find out the most profound of their encounters, and perhaps the weakest of them all. At this time, Long Chen, who had inherited the blood essence of the God Way's Core Refinement Dragon, would be able to transform into the guardian of order, the guardian of righteousness and morality. Often like this, he would even be able to unleash a terrifying power that surpassed his own strength.

This divine ability was known as the Karma Emperor Sword.

This was the first divine ability that Long Chen inherited from the God Realm's Heart Refining Dragon in the Dao of karma. It was not just the Blade Sword God Prison that was attacking with pure power.

"This Karma Emperor Sword is formed from Karma Qi and Karma Qi. When it is formed into a divine dragon, it is bestowed upon the Sword of Judgment in the center of the brows, and when it is in human form, it is bestowed onto the weapon."

In the vague memories Long Chen obtained, the Karma Royal Sword seemed to be the most basic method used by the God Realm's Heart Refining Dragon to judge evil. Under the Karma Emperor Sword, all lines of karma will appear, and all sins, evils, and faults will be nowhere to hide. Karma Emperor Sword can cut through karma and can strike at the culprit's deepest weakness. With the power of karma, it can kill evil and release an unimaginable amount of destructive power.

"If it is against someone with a deep karmic retribution, the destructive power formed by it is much stronger than the pure attack of the Death Realm's Dragon Gate."

Long Chen could not help but be somewhat shocked.

The destructive power of Karma was understood to be extremely mysterious. It was like the judgment of light against darkness, there was nothing that could hide from the Karma Emperor Sword.

In truth, Karma Royal Sword was not as simple as that.

This was because the Karma King realm still existed.

When Long Chen summoned the Karma King Sword, a new realm would be born on the Karma King Sword. This realm was the Karma King Realm, and the Karma King Realm could completely isolate the person being judged from the outside world, which was basically equivalent to making him disappear from his original world. Only after being judged by the Karma King Sword would he be able to return to the outside world.

Of course, if one possessed the strongest power and was able to destroy everything related to the Karma Emperor Sword, they would be able to do the same.

In the vague memory of the sacred path of the heart dragon, this was how it treated the people being judged. Many existences suddenly came to a sealed world, and from then on, they were completely gone. They were isolated from the world and no longer existed.

The sword and the world, were the cause and the fruit, they were all part of the sacred art. The sword would not shatter, the world would not break.

The world of the sword was linked together, and Karma was intercepted!

The sins of the past were now judged and repaid.

For those who were kind and pure, the Karma Emperor Sword was basically useless against them.

Chapter 2490 - Action

But if the crime was too deep and the retribution did not come, then the Karma Emperor Sword was retribution, that is, a Sword of Judgment that cut through everything. The heavier the sin, the more terrifying the damage suffered.

In reality, Long Chen had seen many similar divine abilities that were similar to the integration of the sword realms, but all of them supported a pure battle technique. There was a heaven and earth difference between this trial of karma between him and the heart dragon of the divine way.

What surprised him the most was the existence of the Karma King Realm.

"On this demonic planet, the Archaic Giant Demon Qu could wake up at any time and discover me. So I can't make too much noise. However, if the Karma King Realm is able to instantly allow me to bring my opponent out of this world and bring him to the Judgement Ground, this Karma King Realm. There is no way for the outside world to detect anything that is happening. If the little wolf is brought into the Karma King Realm, it shouldn't create too much of a commotion. "

It was hard to imagine that under such circumstances, a divine ability activated by a calm state of mind could actually have a hope of solving one's urgent problem.

Perhaps, this was also karma.

Causality. Perhaps if all he had done was to be good and everyone expected it, then countless help would come. It's like the heavens are helping you. Long Chen was at a loss before, but now that he had awakened this ability, there was hope for him to have a breakthrough.

If not for him being able to speak calmly with Spirit King in battle, after defeating him, Long Chen would not have this result.

If it were not for his many years of experience allowing him to remain calm, he would not have been able to calm his mind and comprehend the Karma Emperor Sword in such a dangerous situation.

Countless reasons, countless details, all these things had turned out the way they were now.

And now, in just a year's time, all four types of inherited blood essences had been given birth to extremely powerful divine abilities.

Long Chen could not wait to try out the power of the Karma Emperor Sword, but of course it was not here. He still had many areas of uncertainty, so at this time, he finally made his move and decided to leave the God Burying Mountain.

"Boss, why did you suddenly leave?"

The kitten asked in surprise.

"You'll know when you get out."

Long Chen spent a few hours before leaving the God Burying Mountain peacefully, leaving the place closest to the Primordial Giant Demons. Only after walking far enough did he finally stop.

"Boss, you can say it now, right?"

The kitten was filled with curiosity.

When Long Chen let Wang Ming come out of the Divine Kingdom, Wang Ming was stunned. He looked around and asked: "Benefactor, what are you doing?"

At this time, the God Slaying Sword had already appeared in Long Chen's hand.

945 lines, shining brightly.

"I'll give you a little try. Don't worry, I definitely won't hurt you."

Long Chen smiled faintly. He was different from before, but the current him didn't have that much helplessness in his heart. Instead, he was filled with confidence and fighting spirit. This was because he knew that grief and self-blame could not solve the problem. Only when he was in high spirits, when he should be calm, when he should be crazy would he be able to accomplish the most difficult task in history!

In the chaos on the devil planet, if Long Chen did not step forward, then there would be no hope at all for the common people.

Hearing Long Chen's words, Wang Ming was no longer nervous. He patted his chest and said: "Benefactor, come!"

Long Chen was not polite.

He was recalling the cause and effect.

Gold and black aura surged out from his heart, intertwining with each other, and instantly flowed through his entire body, separating Long Chen's body into gold and black. This aura that came from the depths of the inheritance was precisely the Qi of karma, and it completely engulfed the killing intent of the God Slaying Sword, turning it into gold and black, becoming imposing, cold, and imposing!

Anyone who saw this Sword of Karma would feel a fear that came from the depths of their heart.

In front of the Karma Emperor Sword, it was as if all of his lifetime's experiences and encounters were clearly displayed in front of him. There were no secrets, as if he was completely undisguised in front of the other party, as if he had lost his physical body and only his fragile primordial spirit was left to face Long Chen!

When Wang Ming was still stunned, he realized that the world around him was no longer the same. It was a world shrouded in gold and black, a world without end, yet at the same time, it was linked to the Karma King Sword in Long Chen's hands. This caused Wang Ming to have an illusion, as if the sword was this world, and this world, was actually this terrifying sword!

"What's going on!"

Wang Ming's heart gave birth to a deep fear. He felt that he was completely exposed in front of Long Chen's eyes. All of his pain, sorrow, everything he had done in his life, was so clear.

In reality, Long Chen could not see his entire life's experience. What he could see was the countless Karma Threads extending out from his body, some were pure, some were filled with filth, some were indistinct, some were extremely thick and blurry. These Karma Threads were connected to his body, some were related to his strength, some were related to his physical body, and some were even related to his Primordial Spirit.

Everything was so clear.

Fortunately, Wang Ming was not an evil person. There were very few Karma Threads on his body, and most of them were tainted by a mix of black and red. Everything he did during this period was the sin of an ancient Giant Demon, and it had little to do with him.

Suddenly, billions of pieces of information appeared in Long Chen's mind.

Wang Ming was a little frightened, and subconsciously retreated behind him. In his eyes, the current Long Chen had become too terrifying. Especially that sword in his hand; it was simply impossible to defend against. It was completely capable of killing him with ease!

Of course, he wouldn't be able to escape Long Chen.

"Whiz!"

This Karma King Realm was Long Chen's world. His Karma King Sword flashed across the Karma Thread on Wang Ming's body, and Wang Ming instantly screamed miserably, cold sweat forming all over his body. However, in reality, he was not seriously injured, but his eyes had become much clearer.

"He really did sever the mistake he made because of the Ancient Giant Demon. The Karma Emperor Sword did not harm him much. This means that this sort of registration method is useless on his body."

Long Chen had a rough understanding of the situation.

Of course, he was confident. Although there were some movements inside when he used the Karma Emperor Sword and Wang Ming's reaction was big, he had brought his opponent into this world from the very beginning. Therefore, any movement inside would be hard to detect outside.

Outside, only traces of the power of karma remained where they had disappeared to.

Such a profound strength was something that even if an ordinary person were to approach it, they would find it hard to notice. If, in an emergency, the Karma Emperor Sword could be used to conceal itself in the Karma King Realm, it would be even harder for others to discover than for the Time Traversing Dragon.

Long Chen eventually threw Wang Ming into the God Kingdom.

"Boss, this is the power of Karma. How is it so profound?"

The kitten saw all of this happen.

"Yes, cycle of karma, its power increases with retribution, it is indeed a rare sword technique. If used using the divine dragon's body, it would be more stable, its attack power would not lose to the Death Realm's Dragon Gate and Fourteenth Life Formation. What is even more rare is that the Sword World is actually one and the Karma King Realm is born.

The kitten opened its eyes wide and said, "Damn, isn't this way too heaven defying? You've been lost in thought for only a month and you've already gotten such results?" If I sleep with him for a month, I will only gain a lot of fat. "

Long Chen looked in the direction of the God Burying Mountain.

He said, "From the looks of it, the chances of success in the Karma King Realm are very high. I need to find someone who can approach the core of the group and have them use the Divine Kingdom to lead

me deeper. I need at least a small Demon Lord. "Wang Ming, is there anyone like Little Devil Lord outside the God Burying Mountain?"

Wang Ming was still immersed in his previous fear. After hearing what Long Chen said, he trembled, and then said with a shaky voice: "Benefactor, I know this, there are still a few Little Devil Lords guarding other places, and they have yet to enter the God Burying Mountain. There seems to be one in the vicinity."

"Take me to him."

Long Chen said directly.

"Alright!"

Wang Ming immediately pointed towards a direction for Long Chen. He said, "Move forward that way first. Benefactor, are you trying to use the method you just used to deal with a little Demon Lord and also break away from the Ancient Giant Demon's control, just like me?"

Long Chen nodded.

"Your strength just now seemed to have made me repent for the rest of my life. It made me extremely afraid. It was truly frightening. Mortals do not have such power, so this is basically the power of a god. "

Long Chen laughed and did not tell him the truth.

This was actually the power of a god. No divine ability could control karma.

Under Wang Ming's lead, Long Chen quickly reached his destination. With his ability, he easily found the position of the Little Devil Lord. In terms of strength and knowledge, this person should be much stronger than Wang Ming. This time, there would definitely be some disturbance as well. This was also the chance for Long Chen to once again examine the Karma King Realm. He had to make all his preparations and determine just how concealed the actions of the Karma King Realm were.

This little devil was named Zheng Zilong, he was a black-haired Middle-aged Fighter, he was extremely tall and sturdy, wore a set of military armor, his entire body was surging with demonic energy, his aura was majestic and he was one of the most famous human figures, a person who had been possessed by

the devils tens of thousands of years ago. His lifespan was almost a hundred thousand years. When he was dominating Dragon God Domain, the current Dragon Emperor was far from being born.

From a different angle, all of these devils on this demonic planet were actually all characters that had reached the Ancestor Realm of the Immortal God Realm.

Such a person should have disappeared, but he still existed above the demonic star in this form.

The Little Devil Lord was standing on top of the peak, facing the violent gale. His pair of bright red eyes were staring at the sky, extremely hot and dry. He seemed to be letting out waves of deep roars.

And at this time, Long Chen was already standing behind him.

The God-Slaying Sword had appeared in his hand at some point in time.

The power of karma revolved around him.

Right at this moment, Zheng Zilong suddenly turned around, his bloodshot eyes staring at Long Chen with incomparable shock.
