

War God 2491

Chapter 2491 - New objectives

Because there was no relation between heavenly tribulation and the power of a demon, it was difficult to estimate. The ripples were quite great, and it was impossible to measure the power of a demon by a certain standard. However, there were also rules governing the survival of the devils on the devil planet. Normally, once one's strength reached a certain level, they would be conferred the title of 'Little Devil Lord'. The strength of the Little Demon Master was roughly on the same level as the practitioners who had just passed through the Nine Palace Calamity.

Just like Liu Ji from the Sea God's Domain.

Furthermore, Long Chen was now someone who had already surpassed the Spirit King s. Especially after comprehending the Karma Emperor Sword, his fighting strength had once again increased explosively. With his comprehension of killing, time, and the Ancestral Dragon Art, it would not be easy for Little Devil Lord Zheng Zilong to discover him.

Long Chen purposely exposed himself a little, allowing him to react.

Right at the moment when Zheng Zilong turned around, Long Chen activated the Karma Royal Sword, bestowing it to the God Slaying Sword, completely changing the nature of the God Slaying Sword. When he saw the fierce gaze of Zheng Zilong, it was obvious that he didn't have a good impression of this person who was sneaking up on him. Moreover, the aura of a devil was not on Long Chen's body, so it was easy to discern it.

So he attacked!

It was a primitive world formed by gold and black, and it was extremely similar to the world described in the legends as being the middle dark yellow and chaotic. The golden and black gases churned within it, forming an endless number of barrier wall s, endless, giving him a feeling that he would never be able to leave!

In front of him, the youth held a terrifying divine sword in his hand, and his entire body descended like a god, in fact, he was even more terrifying than a god. In front of the Karma Emperor Sword, his performance was no different from Wang Ming's.

He could almost imagine himself facing this young man with such fear, as if he no longer had any secrets in front of him, as if all his worries were under the observation of this young man's eyes, and that sword was more like his nemesis. He was able to cut off the deepest part of his memories. That was a huge damage to his spirit and body at the same time!

"Who are you!?" You are not from my Demon Star! "

Zheng Zilong said coldly. He was hysterical and spoke in a very high voice so that others would be able to hear his words. However, his voice was quickly swallowed up by this black and yellow world and disappeared without a trace. It didn't seem to be able to spread.

All of the people controlled by the ancient Giant Demons were not real puppets. They did not have any thoughts or emotions. It was just that the Ancient Giant Demons magnified their evil emotions to an infinite extent, concealing their normal thinking. At the same time, they instilled the concept of absolute loyalty to the Ancient Giant Demons into them. This was a great influence and suggestion, not control.

Thus, he could distinguish Long Chen.

Long Chen stepped forward with sword in hand and said coldly: "Zheng Zilong, you have committed many evil deeds, so naturally, I was sent by the heavens to judge you!"

"No, I am not wrong. The Devil Dao seeks freedom, and not be killed by divine tribulation. "Since you were sent by the heavens, you should have been killed by us devils. We, the group of devils, have cultivated in order to go against your will!"

Zheng Zilong attacked Long Chen like a madman!

The Karma Emperor Sword only had one sword.

After a single sword strike, the sword world had become one, forming a nearly destructive strike.

But to deal with this Little Demon Lord, Long Chen did not even need to use that sword to easily subdue his opponent with just the Karma King Sword. But before that, he also wanted to try and see exactly how hidden the Karma King Realm was.

As a result, he had constantly dodged his opponent's attacks in the beginning.

"Don't you dare run away!"

Zheng Zilong's hands turned into giant demonic claws, they were covered in layers of demonic shadows, his robes started to move, the demonic energy was surging, he unleashed a complicated and strict claw technique, every move was fatal, the demonic beasts were more adept at close combat, and they almost had an undying body, so they didn't have any concept of death or defense, they only had the concept of continuous attacks!

"Magic ice!"

Under Zheng Zilong's control, countless pitch-black ice spikes appeared in the surroundings and completely sealed the Karma King Realm. At the same time, they trapped Long Chen's location as well.

For a time, the massive sound wave caused the entire Karma King Realm to tremble.

In that moment, Long Chen felt a sense of suffocation. It wasn't because of how fierce the attack was, but because he was worried that such a large movement would alarm the Ancient Giant Demons.

The Karma King Realm was very stable. If there wasn't a single type of power capable of destroying the Karma King Realm value, then it would be very difficult to detect any activity from outside, even if the battle here was too fierce!

Since he had the confidence, Long Chen would not be courteous.

"Just who are you!"

Zheng Zilong angrily roared.

Amongst the countless lines of karma on his body, a great portion of them came from the ancient Giant Demons; they weren't the doing of his evil.

As Zheng Zilong roared, Long Chen's speed instantly increased tenfold. With a speed that Zheng Zilong was completely unable to resist, Karma Emperor Sword cut down and pierced straight through Zheng Zilong's chest.

With the most powerful concentrated willpower of the Ancestral Dragon from the Karma Royal Sword, it directly destroyed the willpower in Zheng Zilong's mind that was controlled by the Ancient Giant Demons, causing the little devil master to experience the same change as Wang Ming. By the time Long Chen had pulled out the Karma King Sword, the other party's eyes had already changed, from fierce to painful and twisted.

Naturally, although Long Chen had no intentions to kill him, the Karma Emperor Sword was also not that easy to bear.

Because they had not yet used the most berserk judgement power of the Karma King Sword, the Karma King Realm was still in its perfect state. Under the situation where Zheng Zilong had gradually woken up, Long Chen said to his side, "Think about it a little longer, you'll have to figure it out first."

He let Wang Ming come out and talk to the little devil while he closed his eyes to rest. He was immersed in the mysterious world of karma. During this time, Wang Ming and Zheng Zilong had been conversing with each other to dispel his doubts. Wang Ming's experience was similar to Zheng Zilong's. He had basically explained the details of Long Chen's mission to Zheng Zilong.

An hour later, Zheng Zilong arrived at Long Chen's side. He said with a serious expression: "To be honest, I am very grateful to you for allowing me to recover my consciousness and find myself. I have understood your situation clearly. Just as Wang Ming said, the difficulty has indeed exceeded my imagination. "But I, Zheng Zilong, am someone who repays favors and favors. If you give me a new life, I will help you. Whatever plan you have in mind, I will do my best to help. I will absolutely not decline."

It could be seen that he was a very serious person. Most likely, he had been like that in the past, even when he was outside of the Demon Star. His expression was serious, but his eyes were sincere.

Long Chen went straight to the point, "With your identity as the Little Demon Lord and your Divine Kingdom, you should be able to bring me closer to the core of the God Burying Mountain. As long as I can get close to the Devouring Demon Beast without anyone noticing, I have a high confidence in completing this task. It will be the same as waking you up. It will be the same as imprisoning you, and waking him up. "

Zheng Zilong knew that Long Chen was referring to the Karma Emperor Sword. He had personally experienced it, so he naturally knew the terrifying aspects of this sacred art. He also had a certain level of confidence in what Long Chen had said. But he still had a lot of questions.

He shook his head, "Of course I believe in you, but this operation is too difficult. You overestimate my position as the Little Devil Lord, so if I approach the Devils for no reason, the Great Devil Lord, Moon Devil, and Zero Demons will definitely chase me out. Their protection of the Devils is very strict." I was at the God Burying Mountain for a period of time, but I haven't gotten close to the area where the Great Devil Masters are, let alone seeing a Devouring Demon. "

Long Chen never thought that the God Burying Mountain would actually be so strict. It protected Mo Xiaolang so well.

It seemed that this plan would not work for the time being.

At this time, Zheng Zilong said, "If you want me to come, it won't work. But I want to ask you this: are you confident that you can deal with a Demon Lord in the same way and wake him up? As long as he can, it will be much easier to bring you closer to the Devouring Demon Clan as the Great Demon Lord. "

Although this method was risky, it was indeed a good method.

Long Chen had originally wanted to take a risk to get rid of Mo Xiaolang, but now it seemed that he had to take two risks. The first time he took a risk, he looked at the great devil master. This was also a place extremely close to the ancient Giant Demons.

"You have a certain degree of confidence, which means that one game is divided into two. If nothing unexpected happens, of course, the prerequisite is that you have to try your best to find a reason to trick that great devil lord away from the core position. It would be better if you could come out a little."

Zheng Zilong nodded. "I should be able to do that." I know a Great Devil Lord, he is also a human, but he is a character from the Dragon God Domain from a long time ago, almost two hundred thousand years ago, he was a person who once dominated the Dragon God Domain, and before becoming a demon, he was an expert. "Because he came from the same place, he took care of me so I could get close to him. However, the problem is that when this great devil master was in Dragon God Domain, he was also a demon king who killed people himself. Even if you succeed in awakening him, he might not take any risks for you."

Long Chen said: "This is what I should be worried about, don't worry. We're off now, planning as we go. Oh right, what is the name of this Demon Lord? "

"Lin Mo."

Long Chen had naturally not heard of anyone from so many years ago, but he was still very confident. After obtaining the Karma Emperor Sword, he was now one step away from success.

Chapter 2492 - Risks

After some preparation, the first huge adventure began.

Long Chen had now moved to Zheng Zilong's Divine Kingdom. It was just like his personality, like the environment of the devil planet, a black barren land.

Desolation, desolation.

Zheng Zilong brought Long Chen back to the God Burying Mountain and started moving deeper inside. At this point, everyone held their breath. Of course, the most dangerous one was still Long Chen. This time, he was really going to do it under the eyes of the Ancient Giant Demon, and he even wanted to take down a Demon Lord without anyone knowing.

If it were any other place, this adventure would have been nothing at all.

However, this was near the place where the ancient Giant Demons were sealed. If one was even the slightest bit careless, they might be surrounded by all of the demons and even wake up the ancient Giant Demons, causing them to lose their lives.

One failure, eternal regret.

However, he had a lot of confidence this time, so Long Chen had a lot of courage to face it.

"When I see him again, I will think of a way to trick him out of it. He will take good care of me, so this shouldn't be too difficult. However, you still need to move more quickly. "

"Got it."

Long Chen closed his eyes and rested his mind, the God Slaying Sword remained in his hand.

"Let's just say that I found something strange in my territory. It was supposed to be a sword, but I couldn't hold it. He should believe me. After all, in the world of demons, everyone is influenced by the ancient Giant Demons. There is no such thing as deceiving each other. "

Zheng Zilong said in a deep voice.

He was much more stable than Wang Ming, and Long Chen trusted him a lot.

With Zheng Zilong here, he would soon reach his destination after teleporting into the God Burying Mountain. As long as he failed by even a tiny bit, the price he had to pay was unimaginable. Long Chen had already thought it through, no matter what price he had to pay, he had to try, otherwise, after these four months passed, he would not have the chance to try again!

Thinking about the people in the Immortal God Realm who still looked forward to his success, Long Chen was filled with confidence and conviction! Those were the wishes and wills of countless people. They were all concentrated on him now.

The mountain was covered with demonic figures and was filled with cold wind. A group of devils passed by Zheng Zilong. They were very free to do anything they wanted, but they were very respectful when facing a little devil lord like Zheng Zilong and didn't dare to move forward.

The deeper they went, the denser the demon fog became. Because of the Ancient Giant Demons' presence, anyone here would feel fear in their heart. If they listened carefully, they would even hear the terrifying breathing of the giant beast and its heartbeat ...

Every beat was like a deafening explosion.

At this point, Zheng Zilong was also a bit nervous. He was no longer under the control of the Ancient Giant Demons, so he was unable to resist the terrifying fear that came from the Ancient Giant Demons. The deeper he went, the more anxious he became.

"Calm down."

Long Chen reminded him.

Zheng Zilong's back was cold and he was covered in cold sweat. He raised his head and looked at the dense demonic energy. He took a deep breath and said, "Okay."

After adjusting his position, he continued to delve deeper.

They quickly arrived at their destination. But, to Zheng Zilong, after losing the will of the ancient Giant Demons, being able to approach them alone was truly a terrifying matter.

"Can you do it?"

Long Chen could not help but ask.

"Sure."

Zheng Zilong stabilized his emotions for a moment and said: "There are already quite a few little devil lords around. I know Lin Mo's location, it's not far ahead. We'll head over right now."

The place they were at now, was much deeper than the place Long Chen had entered alone last time. They had to continue going deeper to find the Great Demon Lord Lin Mo now. Fortunately, the surroundings were very wide. Basically, all the Demon Masters of large and small sizes were cultivating, so they didn't encounter any Demon Masters along the way.

The Little Devil Lord met a few and looked at each other. Then, they scattered and didn't find any trouble with Zheng Zilong.

"They entered the Demon Lord's territory."

Zheng Zilong reminded him.

Not long after he left, a shadow appeared in the black fog ahead. It was hard to see its appearance clearly, only a pair of blood-colored eyes could be seen very clearly in the darkness. The shadow said in a high-pitched voice, "Little Devil Lord, why did you break in here?"

Zheng Zilong immediately replied, "ing to the Great Demon Lord, I have something that I need to ask Great Demon Lord, Lin Mo. I am the Little Demon Lord under his command!"

Although he answered calmly, it was obvious that Zheng Zilong was bearing an unimaginable pressure. What they didn't expect the most was that when he was no longer affected by the ancient Giant Demon's will, it would be difficult for him to withstand the Giant Demon's pressure with his own willpower.

That was an existence comparable to a real god!

"Lin Mo? "Go ahead."

That black shadow was a Demon Lord, and it just happened to pass by. Fortunately, he didn't make things difficult for Zheng Zilong. She probably had a good relationship with Lin Mo as well.

"Thank you, Great Devil Lord."

Zheng Zilong let out a breath of relief. At this time, the black figure had already disappeared. Zheng Zilong continued to delve deeper and finally found Lin Mo in a quiet and pitch-black valley.

Long Chen was ready.

Opening his eyes, he saw a white-haired old man, the most eye-catching feature of his body was naturally his blood-red eyes, which were extremely sharp. He had a thin eagle nose and thin lips, and a high nose bridge, which exuded a strong, malevolent, and bloody aura. He was dressed in an ancient black robe, and his skinny body seemed to possess terrifying strength. His entire being was like an eagle, and even though he was old, his killing intent was extremely powerful.

"Zi Long, what's the matter?"

Lin Mo's bloody eyes turned, staring at his big subordinate.

Zheng Zilong hurriedly knelt in front of Lin Mo and said: "Senior, I found a mysterious sword in my territory that I couldn't take away. Senior took care of me the most, so I came here to tell senior."

"Oh?"

Lin Mo's bloodshot eyes were surging like a sea of blood. Streaks of blood lines appeared on his eyes, twisting around his face like snakes, making him look even more sinister. After hearing this news, his heart was very calm.

"It seems like this old fellow isn't easy to deal with."

Long Chen had been brewing the Karma Emperor Sword at every moment.

If he could, he definitely wouldn't choose to fight here, because this place was too close to the place where the Ancient Giant Demons resided. If he were to go past this place and go past a few tall mountains, then that would be the Ancient Giant Demons' Abyss.

If anything happened here, even the tiniest bit of it could be heard or detected by the core of the mountain. It was very likely that the ancient Giant Demons would be alerted when the time came.

However, looking at the situation now, Zheng Zilong might have failed, this was Long Chen's intuition. Although he had persisted till now and still believed in him, there were some things that surpassed his current strength, such as the pressure to fight the Ancient Giant Demons.

Since it was an adventure, then there must be danger. It may seem early in the morning, but Long Chen was already prepared for it!

At this time, Lin Mo nodded his head, his eyes still bloodshot as he said: "Alright, I will go with you, lead the way."

Zheng Zilong thought to himself, the mission is finally complete. He stood up in excitement and said, "Senior, please come with me."

As he spoke, he turned his body and walked in front. He noticed that Lin Mo had also followed behind and did not seem to suspect him at all.

However, at this time, Long Chen's heart was the most tense!

Right at this moment, Lin Mo's eyes surged with a crimson color. He suddenly increased his speed, and in an instant, he arrived behind Zheng Zilong. He extended both of his hands, and with a ripping sound, broke Zheng Zilong's arms!

"Zi Long, the smell on your body is a bit strange today."

Lin Mo licked his tongue, and said coldly behind him.

Even though he was in pain, he did not make a sound. He knew that at this time, he naturally knew that today's plan had failed, and that Lin Mo was much more sensitive than he had imagined.

What did failure mean?

Before Zheng Zilong could think further, before he even had the chance to mourn, Long Chen rushed out from his Divine Kingdom at this moment.

He acted decisively, seizing the opportunity and not hesitating at all.

The Karma Emperor Sword came out, engulfing the heaven and earth. With a swing of her sword, she brought Zheng Zilong and Lin Mo into the Karma King Realm. This time, because Lin Mo had placed all his attention on Zheng Zilong, Long Chen seized this opportunity and pulled Lin Mo into the Karma King Realm without any danger!

In this most dangerous moment, he had grasped very well, even if it was sooner or later, he might not be able to pull Lin Mo in so easily.

To strike at such a close proximity to an ancient Giant Demon, even a Karma Royal Sword would require courage!

And the one facing him was the great devil lord, not the little devil lord!

The Great Demonic Lord was also a pinnacle expert. He was an existence at the peak of the world, so none of them were that easy to deal with.

The Karma Emperor Sword swept out, golden and black Karma filled the air, trapping Lin Mo within this boundless world.

Zheng Zilong was startled, he never thought that Long Chen would actually dare to make a move here. In that crucial moment, he reacted, tore off both his arms, broke free from Lin Mo's grasp, and escaped to the side!

"Who are you!" Lin Mo's bloody red eyes instantly revealed endless killing intent!

In this Karma King Realm, everyone felt the same way. Lin Mo was a man who was too ferocious in the past, and in this judgement world, he was the one who suffered the most. It was as if there were ants crawling all over his body, and the power in his body was weakening rapidly.

This was the core of the mountain!

Long Chen felt that it was a waste of time to even say a single word. This time around, he had gathered all the power of the Sword Realm as one, the Karma King Sword and the Karma King Realm combining together. As he swung his sword, the Karma King Realm also shook and disappeared. The power of the sword was limitless, but Long Chen had shown mercy, if not, with Lin Mo's previous crimes, this sword would be able to kill him!

Chapter 2493 - Humans and Demons

To be honest, even though the Karma Emperor's sword had destroyed and dissipated the Primordial Giant Demon that affected Lin Mo's will, Long Chen was still so scared that he was sweating cold sweat profusely. He didn't even know if he had affected the other person or the Primordial Giant Demon right now.

"Open the Divine Kingdom."

At the moment when he was at his most anxious, he still made the most correct decision. At this time, the Karma King Realm had already disappeared and he was also exposed to the outside. It just so happened that while Lin Mo was still in a state of confusion when he was awake, Long Chen wordlessly pulled him into Zheng Zilong's Divine Kingdom.

"Whiz!"

Zheng Zilong was left alone.

"Calm down and leave."

Long Chen instructed, and focused on dealing with Lin Mo!

Even now, his heart was still beating fast, because he didn't know if this dangerous encounter would alarm even a Demon Lord. It was too dangerous just now, but it still made a little noise and ripples. Now, he could only pray that no one would care about it anymore.

On one hand, Zheng Zilong's heart was beating really fast as he brought Long Chen to leave. On the other hand, Long Chen was also unable to predict whether it was safe, but what he needed to do more was to suppress Lin Mo!

Even if he had awakened, his eyes would still be bloodshot, and would be just as vicious as before. Although he had thought of a lot of things in his mind, once he saw Long Chen, he still immediately charged forward to kill him, and strike out viciously!

Long Chen squinted his eyes and used both hands to cut open the Death Realm's dragon door. The bloody dragon claw immediately extended and grabbed Lin Mo in the middle of Zheng Zilong's Divine Kingdom and sealed him with the Death Realm's dragon claw, immediately causing Lin Mo's entire body to be unable to move other than his mouth.

To use the Death Realm Dragon Claw against a Dragon Emperor Ranker, that was more than enough.

Although Lin Mo was still filled with killing intent, what surprised him even more was that such a young man actually had such strength.

Although his heart was shocked, what was even more shocking was the memories after he awakened. He quickly understood the gist of it. He was unable to tear open Long Chen's control, and gave up right away. He coldly laughed: "You dare to act so recklessly next to this Immemorial Giant Demon, you really are bold, but your skills aren't bad, seems like you have succeeded?"

At this time, Zheng Zilong had already walked out of the Great Devil Lord's territory and returned to the Little Devil Lord's territory. When he arrived, he increased his speed and finally felt a bit more relaxed.

This kind of adventure had not alarmed anyone, it could only be said that their luck was too good this time, there was no one by Lin Mo's side. After this adventure, even if he came out, Zheng Zilong was weak and could barely walk steadily.

It wasn't because they were afraid of death, but because the pressure from the ancient Giant Demons was too great. Although the demons were difficult to kill, once they encountered an ancient Giant Demon, even a small method could completely exterminate them and cause them to suffer for life.

Seeing that Lin Mo did not resist, he released the Death Realm Dragon Claw. After all, he was a figure from over a hundred thousand years ago, and he needed the help of the other party. He sincerely said: "Senior, there was nothing we could do.

Lin Mo waved his hands, and said: "Forget it, your strength is very heaven defying. With your age, with that kind of strength, could it be that you have already reached the level of Dragon City's Conferred Dragon Emperor? "A few thousand years ago, there was an eternal Dragon Emperor. I met him before, and he looks similar to you in some ways."

Although his strength was not as good as Long Chen's, one could see that he was still extremely arrogant. His expression was cold and fierce, as if asking for help was not easy.

"Before coming to the Demon Star, he coincidentally defeated fifteen Dragon Emperors at the same time. Now, he has to kill the Dragon Emperor."

Hearing that, Zheng Zilong and Wang Ming were shocked in their hearts. They knew that Long Chen was strong, but they did not expect him to have the title of Killing Dragon Emperor. This title was given to him because of his outstanding morals, responsibilities, reputation and strength.

Lin Mo did not expect that at this age, he would actually become a Dragon Emperor killer.

He smiled and said, "Then you are a terrifying legend in the outside world. I admire you, but this is the demon star. Now that the Magic Star Seal is about to be destroyed, you entered the Demon Star and used the method of awakening me. I believe you want to use this old man to bring you to the depths of the God Burying Mountain and use the same method to deal with the Devouring Demon? "

This Lin Mo was indeed hard to deal with. Long Chen did not say anything, but he had already guessed that Lin Mo was close to it.

"Senior, do you think it's feasible?"

Long Chen was someone who could agree to work for him just because he had strength that could crush him. Because he was different from Wang Ming and Zheng Zilong, he was not a kind person, because he had encountered problems in his heart that left him pessimistic, sinister, and had no conscience.

Lin Mo could not help but laugh, and said: "Speaking of which, it is truly strange. Don't you think it's funny? You actually chose me, that only proves that Zheng Zilong is too stupid? Who am I? Although this old man is a useless old fogey, do you know how much I hate the Immortal God Realm? How much do I hate Dragon God Domain? How much do you hate humans? You don't know any of this, do you? My everything, my family, my disciples, all my friends, were destroyed because of them. I originally did not want to kill anyone, but was forced to such a state, what you want to save is a world where I wish for nothing more than for him to die, for everyone to die, tell me, why should I, Lin Mo, help you? "

Saying that, he laughed out loud, looking at Long Chen with contempt.

Long Chen more or less guessed that it would be like this.

He chose the new option, which was to take another risk. This time, he chose a Demon Master similar to Zheng Zilong and Wang Ming, at least he didn't have to be so extreme and had a bit of conscience.

However, he wasn't willing to give up.

This time, he was taking such a risk before finally succeeding.

In his eyes, this place was at most an old man who had experienced pain himself and hated the entire world. No matter what, that place was the world and home that had been passed down for hundreds of millions of years, he wanted this old man to be able to put down such an unwise hatred and give him a chance.

Lin Mo clasped his hands behind his back and said, "Don't worry, although I won't help you, I won't make things difficult for you either. It's just that you want to find the Great Devil Lord to get close to the Devouring Demon, so I can only trouble you to find another one. With your astonishing ability, it might not be impossible. "

Hearing this, everyone became anxious.

Zheng Zilong could not take it anymore and said, "Senior, although you said that there is a bad memory in the Immortal God Realm, but how many years has it been since then? No matter the cause and effect, it should all be gone by now. At least right now, the Immortal God Realm has already spawned for countless generations, and your enemies have long died. However, those living beings now are all innocent lives, and this entire world is also our only home. No matter what, since we have already escaped the control of the Ancient Giant Demons, we should work hard for this final hope. After all, right now, too many people's lives are at stake, so no matter what, I am unable to see the entire Immortal God Realm turning into a hell similar to the devil star. "

Lin Mo did not move, his expression was still very stubborn.

I'll tell you guys, this matter is simply impossible to succeed. Even if you had the Dragon Emperor with you, it would have been in vain. If you did not have the ability to directly defeat dozens of Ancient Giant Demons, this Dragon Sacrifice World would have definitely been finished, there would be no other possibility. It's not that I don't want to help, it's just that I don't want to do something in vain.

"So you are willing to let the Ancient Giant Demons control your life from now on, lose your consciousness, and live an endless life like this? I'm not like you. I don't want to be manipulated for a moment, to live my life like a puppet. You are not smart, but you have lost the will and strength to resist. Perhaps, you have already become a cripple. "

Long Chen took over his words, and then said indifferently.

Lin Mo looked at him coldly, his eyes flickering with a dangerous light.

Long Chen continued: "Life, may be long or short, and in a short period of time, you may not lose to a long life. Just like you, Lin Mo, you have achieved nothing in your life and at this moment, your entire body is filled with regret. You will never have the chance to be reborn again. If I don't wake you up, it might be a good thing for you to go down in front of the puppets again, but it's not like that now. You're awake, and I believe that right now, you must be suffering the most pain, because you can't hide it from me. "

When Long Chen used the Karma Emperor Sword, he could see that there were too many Karma involved on his body. There were countless regrets in his heart that he had not completed. Now that he

had awoken and thought of these regrets once again, the pain he felt was something even Long Chen could not imagine.

After being exposed, Lin Mo's expression became somewhat sinister.

His current mood was truly hysterical. Perhaps, he also hated Long Chen for allowing him to return to this painful world.

"If I had been allowed to live forever in this state, to die forever, I wouldn't have the unwillingness and pain I have today."

Lin Mo said while gasping for air.

Long Chen said: "There is no difference between humans and demons, it is just a different cultivation method. As long as we can take care of the ancient Giant Demons, I can let the Dark Star return to your world and let you begin your rebirth to welcome new life. I know that all of this is not easy, but I think that it is still better than being an Ancient Giant Demon puppet. "

Lin Mo looked at him strangely and said: "As a killing Dragon Emperor, don't you know that demons must be eradicated?"

Long Chen smiled and said, "I don't know. All I know is that all beings have the right to exist. In addition, the Devouring Demon that appeared on the demonic star was one of the most important people in my life. This way, you can at least believe it. "

Chapter 2494 - Tao Li

Lin Mo naturally knew Long Chen's position in the Immortal God Realm.

For a long time, the Divine Realm of Immortality had never become a true deity. With Long Chen's current level, it could be said that he had already reached the pinnacle of the Immortal God Region. The Long Chen now was the strongest person in the Immortal Divine Realm for all eternity, so he could at least rule over everything humans did.

The other four races would definitely listen to Long Chen.

If he knew that Long Chen had helped his wife obtain the psionic inheritance, he would probably admire Long Chen even more.

Such a character constructed a future filled with harmony for Lin Mo. Humans and devils could coexist together, and never be affected by the Primordial Giant Demons again. This was a scene that Long Qinglan had once imagined, so he brought those demons that were not affected by the Giant Demon's will back to the Dragon God Domain.

Now, Long Chen had also unknowingly walked onto the same path.

Long Chen had already gotten closer and closer to his father's footsteps. He knew in his heart that the closer he got to the Eternal Dragon Emperor, the closer he got to the culprit who killed his father. The Long Qinglan back then was much stronger than the current Long Chen, and as Long Chen walked forward, he believed that he would definitely encounter the same fate as Long Qinglan.

However, that was all to be said in the future. Currently, the ancient Giant Demons had almost no way of dealing with them.

"Humans and demons coexist?"

Lin Mo laughed helplessly, and said: "Then we must eliminate the Primordial Giant Demons, but this is simply impossible. At the very least, we have to kill the Archaic Giant Demon Kui so that he can no longer control us. These were all things that could not have happened. However, as you said, I am truly unwilling right now, so I am willing to accompany you in this attempt. You must understand, young man, that I am only doing this so that you can finally give up. No matter how strong the mortals are, they will never be the match of gods and devils. The devils are talking about the ancient Giant Demons, not us.

No matter what he said, as long as he was willing to help, Long Chen would achieve his goal.

In reality, he could tell that Lin Mo's character was not bad. Most of the people who came to the Demon Star Realm were actually forced to do so, at least he still had a trace of emotion towards this world and wanted to gamble on his own future.

"Thank you, senior. This junior will never forget the kindness that I have shown you today."

Long Chen said respectfully.

"You are an Omnipotent Expert, there is no need for you to speak to me in such a respectful manner. For your duty, for my unwillingness, I am merely cooperating with you. If you succeed, don't forget what you've said today. "

Lin Mo said indifferently.

At this time, the group had already left the God Burying Mountain, and Mo Xiaolang seemed to have rushed up the Magic Star Seal again as he started to absorb the fire energy inside.

Lin Mo continued, "If you want me to get close to this Devouring Demon, then I will have to pass the trial of Moon Demon and Zero Demon. These two demons that have existed for nearly a million years, their strength is not far from yours. They were ordered to protect the devouring demons and the ancient Giant Demons. Naturally, they were extremely vigilant and would not allow any damage to be sustained. "

This was also a headache for Long Chen.

He could get the Great Demon Lord from the Little Demon Lord, but there was no way for him to make the Zero and Moon Demons awaken. The two were extremely strong, so Long Chen was naturally unable to quickly use the Karma King Sword to wake them up.

Any random individual that woke up an ancient Giant Demon would have completely failed the operation.

"Don't be in such a hurry. Everyone gather together and think of a way. There will always be a good idea."

After some discussion, the kitten suddenly said, "Are you two still near women after you've become devils? Wasn't the little black dog in the control of the ancient Giant Demon? Su Yan had lost track of where the little girl went, for a long time now, he was eating fire everyday, so he must be full of fire. I think Old Man, you should go and catch a pretty Evil Woman to send to the little black dog, while our Boss is hiding in the Evil Woman's Divine Kingdom, even if the Demon Zero and Moon Demon are not

letting you go, the Evil Woman should still be able to go, right? While they were still in high spirits, boss, you suddenly appeared and used your sword to wake him up.

Although Cat's method was not very proper, upon careful consideration, it was more likely than the other methods discussed previously.

Lin Mo stroked his beard, and said: "This is a good idea, the status of the devouring devil is lofty, and all the Great Demon Masters want to curry favor with him. There were no gifts on the planet, but the Devils were still young, and lonely, and aloof. Giving him a beautiful girl to keep him from being lonely was a good idea, or at least a good one. If I don't succeed, the Moon Demon and the Zero Demon won't suspect me. "

Long Chen pondered for a moment.

If Mo Xiaolang was awake, he definitely would not want someone to accompany him because he was lonely. Su Yan's matter had now become a mystery, he would definitely not be interested in other women. However, he wasn't clear-headed. Rather, he was the will that was heavily influenced by the Archaic Giant Demons. Thus, he couldn't continue to look at him the same way he used to be.

After some discussion, everyone decided to use this method.

"If this woman can reach the Devouring Demon's side and make the devils interested, then it would be up to you to kill the Dragon Emperor yourself. I forgot to tell you, the power of the Devouring Demon is now unfathomably deep, it can even fight against the Zero Demons and the Moon Demons. If you want him to wake up, do not make any noise, it will not be that easy. "

On this point, Long Chen could only try his best.

He believed that after seeing him, Mo Xiaolang's will, which was growing stronger by the day, would definitely be able to tremble a little. Years of affection would definitely be able to awaken some of his original will, and that was the chance for Long Chen.

After making up his mind, he began searching for the most attractive woman on the planet.

After wandering around the devil planet, he had actually found a few charming and attractive girls, all of them were extremely beautiful, and in the end, he had chosen one. Her figure was comparatively petite, and she was inclined to be cute, like a peach.

She was also controlled by the Giant Demon herself, but Long Chen had woken her up and explained the mission to her clearly. This woman named 'Tao Li' was also very kind, in fact, she was born on a demonic star, so she wasn't very old. The most recent time she was controlled by the Ancient Giant Demon wasn't long ago, but her biggest wish was to see the outside world.

For a girl, the magic star was too bad.

"Big brother Long Chen, will I die this time?"

Tao Li was a little nervous.

"Nope." Long Chen said firmly.

He was hidden within the divine realm of Tao Li.

In fact, if he had been bewitched before the Eighth Stage of the Divine Martial Stage, there wouldn't have been a Divine Kingdom. But in reality, most of the warriors were after that. Although Tao Li grew up on a devil star, and even though she was controlled by an archaic Giant Demon, and her parents were demons, she wasn't one of them. There were also 18 levels of heavenly tribulation on a devil star, and Tao Li was currently in the Nine Layered Nirvana Tribulations realm.

When Long Chen was hiding within it, he had to use the Time Traversing Dragon to hide himself. He was already prepared to almost make himself into the state of a dead man, so even if the Moon Demon and the Zero Demon's eyes passed through her Divine Kingdom, it would be difficult for them to discover the Long Chen that was hiding inside.

"Alright, let's go."

The others went over to where Lin Mo was. In the end, Lin Mo brought Tao Li and let her enter his Divine Kingdom. Lin Mo headed towards the God Burying Mountain alone!

Although the plan for this mission was detailed, it was still much more dangerous than last time. Although Zheng Zilong, Wang Ming, and Cat didn't need them to do anything, their hearts were racing.

This kind of life and death adventure could drive a person insane a few more times. Fortunately, Lin Mo's heart was much more stable than Zheng Zilong's. As he advanced, his mood did not change in the slightest, because he had the identity of the Great Devil Lord and was a peak character on the Demon Star. Wherever he went, the group of demons would prostrate themselves before him.

In the blink of an eye, he had returned to the place where Lin Mo was previously at.

The Moon Demon, Zero Demon and Mo Xiaolang were all inside the abyss. The deepest part of the abyss was where the Immemorial Giant Demons were sealed, and it was the core of the God Burying Mountain.

Here, even Lin Mo could not help but take a deep breath.

Tao Li had never seen such an adventure and was extremely nervous. However, her nervousness was not strange. If it was any other girl who came here, it would be normal for her to be so nervous.

"I'm ready."

Lin Mo said as he headed deeper into the cave.

Although they were separated by two divine realms, Long Chen felt a deep threat the closer he was to the core of the Ancient Giant Demons. The Ancient Giant Demons undoubtedly hated him the most, and he was currently in a deep sleep.

It was thrilling and exciting!

It was as if the Primordial Giant Demon's breathing was right next to his ears. Long Chen did not dare breathe, lest he alarm the other party.

Very quickly, Lin Mo reached the top of the abyss. With just a slight movement downwards, he was already locked down by the dense demonic mist, unable to move at all. This was the might of a magic spell, and Lin Mo and everyone else knew in their hearts that they were already locked on by the Moon Demon and the magic, unable to enter even a little more.

Indeed, in the next moment, the two demons appeared in front of Lin Mo.

This was the first time Long Chen got so close to these two fellows, and since they were monsters from nearly a million years ago, there was always a kind of ancient and deep feeling coming from them that was not compatible with anyone now. However, one could not deny that these two fellows were extremely powerful.

After all, they had cultivated on this planet for nearly a million years.

People of the same generation had already died long ago. Yet, they still existed. It could only be said that demons were a sort of miracle.

"Lin Mo, trespassing into the abyss, are you seeking death?"

The Moon Demon said in a deep voice.

Chapter 2495 - Scram

The Moon Demon and the Zero Demon both had the image of young men standing in front of Lin Mo, one on the left and one on the right. They had long since become devils. Their bodies were filled with the most majestic devilish energy, and they were the closest to the ancient Giant Demons.

If there was such a boundary, then they should be considered half-step Giant Demons.

which was actually no different from Spirit King's half-step Divine Spirit Realm.

Each of them had their own level, and each of them had their own specialty. In terms of ruthlessness, in terms of endurance in battle, a devil's tenacity in battle far surpassed that of a Spirit King. If the Moon Demon and a Spirit King were to fight, it would be very difficult for the Moon Demon to die in battle, and the Demon would only lose.

It had black hair that was like a waterfall and looked similar to the Spirit King. Both of them were extremely handsome with a blood-red crescent moon on the center of their brows, it was not just a pattern, but a part of his flesh and blood. A pair of blood-red eyes shone like the bright moon, strange and evil.

His expression was extremely cold, and his body seemed to have a strange whirlpool. Compared to the Moon Demon, his gloomy and cold temperament was even more frightening, around his left arm wound a pure blue snake the size of a thumb, on the head there was a small crystal-like horn, and this seemingly cute little snake was in fact very terrifying.

Before he came, Lin Mo had already introduced these two to Long Chen.

This little blue snake was actually a part of the body of the Zero Demons. It had already cultivated for a million years and was equivalent to a clone of the Zero Demons. It was highly toxic, and its toxicity was countless times more terrifying than the demon clan in the Eternal Demon God Domain. In actuality, this little blue snake was an 'ancient being' born in the The Age of Dragons, but it was exterminated later on. The one at the side of the Zero Demon was the last bloodline, but it was already refined into its own clone by the Zero Demon.

In front of these two, Lin Mo did not have the slightest bit of strength to retaliate, and he promptly said, "Moon Demon, Zero Demon, Lin Mo saw that the Devouring Demon is still young but is still able to accomplish such a great task. Every day, he destroys the Magic Star Seal, which is extremely lonely and tiring. At the age of devouring demons, females were needed to comfort and accompany them. Thus, after searching for a beautiful woman on the demonic planet, he wanted to give her away so that she could dispel the loneliness and loneliness of devouring devils. Lin Mo was sincere and hoped that the Moon Demon and the Zero Demon were able to fulfill his wish. "

After hearing this, the Moon Demon and the Zero Demon looked at each other.

They naturally wouldn't think that this was Long Chen's plan, or that all the people under the control of the Ancient Giant Demons would use any method to harm the Devouring Demon, so they were extremely at ease. However, they did not like Lin Mo's action of trying to please the Devouring Demon. The Moon Demon waved his hand and said, "Lin Mo, you can go back now.

Lin Mo said respectfully: "This woman is very beautiful, I think the Devouring Demon would like her. Please help the two of you, let the Devouring Demon see, maybe he would like her? Lin Mo begs the two of you. "

In truth, the other people in the Divine Kingdom had long been terrified. It had to be said that this was the most thrilling moment. Success or failure depended only on the line.

In reality, as long as they passed the trial of Moon Demon and Zero Demon, there wouldn't be a big problem, because if Mo Xiaolang was controlled, he probably wouldn't reject a beautiful woman, right?

However, when Lin Mo said till here, the Moon Demon was a little angry. It was a kind of terrifying killing intent, causing Lin Mo's face to instantly turn pale white.

"Lin Mo, do you want to become Master's food?"

Moon Demon said in a gloomy voice.

Lin Mo hurriedly said: "I won't dare, I'll leave now."

However, they never expected the two to be strict to such an extent. No one had come to present them before, so Lin Mo was not too clear on the situation, but from the looks of it, the Ancient Giant Demon had given these two a death order.

He hurriedly brought Tao Li into the God Kingdom and respectfully said: "Moon Demon, Zero Demon, this time Lin Mo has done wrong. Lin Mo promises that there won't be a next time, and he will immediately leave this place."

If they didn't leave now, they would be finished if they kept delaying.

The plan had failed, and Long Chen did not even have the chance to take action. He was even more aware of the difficulties encountered, and this made his mind a mess.

At this moment, a third person suddenly appeared behind the Moon Demon and the Zero Demon.

"What is it?"

This was a voice that Long Chen was extremely familiar with, but it was much more aged and hoarse than before.

That's right, it was Mo Xiaolang.

It had been a long time since someone had looked at him up close. His appearance was no different from before, but he now looked like a completely different person. He was even more evil-looking than the Moon Demons and even colder than the Zero Demons. It was simply the same as them, with a monstrous demonic aura, and their strength was actually about the same as Long Chen's current strength.

Indeed, the Devouring Demon was this heaven-defying.

Seeing him like this, Long Chen felt like he was in a dream. Honestly speaking, he had ten thousand wishes in his heart to speak to him, but he could not do so for now. Right now, it was as if the success was right in front of him.

It was as if he had seen Mo Xiaolang atop the head of an Ancient Giant Demon.

Strange, evil, cold, evil.

Maybe it was because he was being controlled.

There had been no one on the planet since the last time Qu had awakened.

Just as Long Chen was looking at him in shock, Moon Demon turned his head and said to him, "This guy wants to get you a woman to relieve your boredom."

Hearing this, Mo Xiaolang expressionlessly replied: "Scram."

He actually refused to accept it!

Long Chen had thought that he had already been controlled and lost himself, so there was a chance that he would accept it. He didn't think that he would not even look at Tao Li, and would directly say "scram".

This was somewhat out of Long Chen's expectations.

Lin Mo rolled very quickly. When Mo Xiaolang appeared, he originally thought that there was still a glimmer of hope, but when he heard the word "scram", he immediately disappeared. He knew that if he stayed in front of these three people, he would be thrown down and eaten by the Ancient Giant Demons.

However, when Lin Mo's figure disappeared, Mo Xiaolang raised his head and looked at him. His eyes trembled and a blood light surged in his body.

"Devouring Demon, what happened?" The voice of the Zero Demon, which has been silent for a long time, is as sharp as a woman's.

"Nope." Mo Xiaolang turned around and disappeared behind them. In the blink of an eye, he was already in his own position. To the Moon Demon Zero Demon, this was the end of the small interlude.

Lin Mo returned to his own region and sat cross-legged on the ground, cold sweat pouring down his body.

When Long Chen came out of the Peach Blossom God Kingdom, everyone was currently sitting in a circle around the Peach Blossom God Realm.

The kitten looked worried as it said, "This sh * t! Why did he turn into a bad guy and still be so unenlightened? It's really strange that he doesn't want a fat beauty giving him a gift. This is simply an insult to my intelligence!"

Long Chen sank into deep thought, while Zheng Zilong and Wang Ming did not know what to say. In any case, they could only find the next method, but the next method was not easy. At the very least, if Lin Mo made another move, he would definitely be suspected.

Lin Mo said: "This is considered a failure, in the end, we still do not understand this Devouring Demon. Next, if there was no such thing as a foolproof plan, it was best not to take any action. Everyone, if you want to succeed, you'd better be at ease. Long Chen, what do you think? "

Long Chen nodded and did not say anymore.

He understood Mo Xiaolang more than anyone else. If not for the influence of the Ancient Giant Demon's willpower, the wolf cub would definitely not be like this, he thought that Mo Xiaolang should be evil and unrestrained. However, today, although he looked similar to Long Chen, Long Chen felt that something was off.

It was indeed a little sudden to say the word "scram" so decisively, with a hint of hatred in it.

"Maybe the wolf cub isn't in control, or perhaps he still retains some consciousness?"

He guessed.

Saying the word 'scram' should be a normal thing for him to say. If he deeply loved a person, it would be normal for others to send a beauty over. This way, it would be normal for him to reject her.

But Long Chen immediately denied it.

"Impossible, if he was conscious, then he wouldn't have swallowed the Magic Star Seal. He naturally knows in his heart what kind of tragedy it would be if he let the Immemorial Troll and the group of devils out, and he wouldn't let his friends face such danger. He's pure and kind, and even more so, he wouldn't destroy this world!"

Thinking of this, Long Chen suddenly felt that his previous thoughts were extremely ridiculous.

Mo Xiaolang only said "scram", but he actually guessed that he still had his own consciousness. This was simply impossible, because as long as he was a normal person, he would never do something like destroying a Magic Star Seal. This was no joke. The Mo Xiaolang he knew was a sincere youth. No matter what he did, he would have a clear conscience and would have no regrets.

Long Chen trusted him more than he believed in him.

"If we have the time, everyone, think carefully. Is there any other way?"

Lin Mo said in a cold voice, then began to rest with his eyes closed.

Tao Li, Wang Ming, Zheng Zilong, and Little Cat were all deep in thought and started discussing amongst themselves. However, he had already reached such a level. Wanting to come up with a solution for this problem was easier said than done!

In the blink of an eye, a day had passed.

Very quickly, it was time for the devils to destroy the Magic Star Seal. At this moment, a large amount of devils were dancing in the air, and all of the devils were soaring up into the sky, crazily shouting, protecting, and even though Lin Mo had woken up, he had no choice but to protect his surroundings. Otherwise, if he stayed in his original place, everyone would be able to tell with a glance that he was an abnormal person.

This time, Mo Xiaolang shot a glance at it and instantly rushed into the gap between the Magic Star Seals, disappearing without a trace. This lasted for two hours as the demons continued to dance about chaotically.

After two hours had passed, Mo Xiaolang came down from the flames and he suddenly saw Lin Mo with a glance.

Chapter 2496 - Troll Awakening

At this time, Long Chen originally did not pay much attention to it. After all, he was in Lin Mo's Divine Kingdom right now, and it was safe enough. And Mo Xiaolang should have returned to his abyss by now.

But who would have thought that at this time, Mo Xiaolang came out of the flame gap, and his eyes immediately swept towards Lin Mo.

"Little Wolf, how's the progress?"

The Moon Demon and the Zero Demon quickly arrived at his side, and the Moon Demon asked with a smile on his face.

"Less than half."

Mo Xiaolang coldly replied, before suddenly passing by the Moon Demon and the Zero Demon, and heading in the direction of the Great Demon Lord. This took many by surprise.

All the demons quieted down and looked at Mo Xiaolang curiously.

Behind him, the Moon Demon and the Zero Demon followed, keeping close to him.

The Great Demon Masters naturally knew that Mo Xiaolang's gaze was not on them, and so they all scattered. The crowd before them became empty all of a sudden.

Lin Mo knew that Mo Xiaolang was looking at him, but he followed the crowd and spread out, providing himself with the last bit of protection.

Like this, no one knew who Mo Xiaolang was looking at.

However, Mo Xiaolang was already heading his way.

"Strange, did he discover us?"

"No way, even if it's the Great Demon Lord, it's normal for him to have a few people in the Divine Kingdom."

Long Chen and the rest all stood up.

"Boss, what do you think?"

Mo Xiaolang's gaze had a penetrating feeling, as if he was looking at the Divine Kingdom's Long Chen.

"Don't worry."

Long Chen was still very calm.

In truth, he was slightly shocked in his heart.

Had Mo Xiaolang found out?

Because his relationship with her was not ordinary, he still had many memories about her, so he had that intense feeling. Did she know that he was currently by his side?

For such a small distance, Mo Xiaolang had arrived in the blink of an eye. Even though Lin Mo had dodged it before, at this moment, Mo Xiaolang was still standing right in front of him.

At this moment, it was completely silent.

Lin Mo was not worried, he had long forgotten about life and death, there was nothing to be afraid of anymore.

Everyone looked over, they did not know why Mo Xiaolang had come to find Lin Mo.

Long Chen closed his eyes. This was a situation he did not expect, if the other party was able to see through it, then it would be troublesome. He knew that he was the one feeling it the most strongly, so he simply closed his eyes.

"You're the one who sent me the beauty yesterday, right?"

Mo Xiaolang said while looking at Lin Mo with a slightly hoarse voice.

Lin Mo nodded, and said: "Yes, that's right. Does Devouring Demon still need to be done? "

Mo Xiaolang did not reply. After a while, he nodded and said: "Give her to me, I'll take her away."

Hearing this, within the God Nation, Long Chen hurriedly entered Tao Li's God Nation. Naturally, the little kitten followed him as well, otherwise, the moment the God Nation opened, Mo Xiaolang would have found out about them. Now, it seemed that it was not Mo Xiaolang who discovered Long Chen, but he had changed his mind.

Long Chen could not help but laugh bitterly. He still held some hope in Mo Xiaolang's heart, he had initially thought that he was the same as him, that kind of mysterious feeling.

Although he realized that it wasn't the case now, it was still a good thing. Otherwise, it would be a crisis instead of a rare opportunity.

As long as he brought Tao Li into that abyss, Long Chen had a certain amount of confidence that he would be able to succeed.

If they succeeded, it would affect the lives of billions of people, and the survival of their entire home.

In the Immortal God Realm, so many people were in tears, waiting, hoping for their own success.

Lin Mo didn't speak first, and allowed Long Chen to prepare for a while. When everyone seized this opportunity, Lin Mo was just about to let Tao Li out, but he didn't expect that at this time, the Moon Demon and the Zero Demon would step forward.

They stopped Lin Mo.

One of the Moon Demons said in a somewhat domineering tone, "No, Wolf, the Lord has ordered that apart from the two of us, no one else is allowed to approach you, not even a woman."

After saying that, everyone's faces stiffened and could not help but feel anxious. They did not expect that Mo Xiaolang would change his mind and try to stop the Moon Demon and the Zero Demon.

Long Chen was originally prepared to take this opportunity to thoroughly settle this matter in one go, but he didn't expect another unforeseen event to occur.

This made him realize many strange things.

My master is naturally the Primordial Giant Demon Qilin. Why should he restrict others from approaching Mo Xiaolang? Worried that Mo Xiaolang would be harmed? This is the Devil?

When he thought about it carefully, he realized that there were many contradictions between them that were hard to explain.

But this was not going to end so soon.

"Wait and see."

He said this to Lin Mo.

Just as he finished speaking these words, Mo Xiaolang turned around. What could be seen was that the normally calm Devouring Demon's expression was actually extremely terrifying, the rolling devil energy swept out, and the group of devils were immediately sent flying, including Lin Mo.

BOOM!

The God Burying Mountain trembled a few times. There were even some among the demons that were injured because of this.

Mo Xiaolang's gaze was vicious and his voice was heavy with killing intent. He said coldly: "The two of you, this is my private matter, it is best if you do not restrict me. Otherwise, I won't be polite. Whatever I want to do, you guys can't do anything about it! "

Moon Demon and Zero Demon really didn't think that Mo Xiaolang would have such a huge reaction. In their eyes, Mo Xiaolang had always been a junior. Although their statuses were different, to them, the will of an ancient Giant Demon was everything. Therefore, the Moon Demon did not retreat at this time. He said, "I said before, the Lord said that no one is allowed near you. If you want a woman to serve you, then that would be breaking the Lord's rules. This is a great crime of destruction and destruction, if you will excuse us, we cannot agree to it! "

Actually, no one knew about this rule. Thinking about it carefully, Long Chen also felt that it was strange. Mo Xiaolang was in his control, why did the Ancient Giant Demons restrict him like this? Was it because his role was too important? But in this demon star, Mo Xiaolang would not be in any danger!

But before they could think about it, the conflict was already very big.

Mo Xiaolang had always been afraid of the group of demons, but now that he was angry, he actually attacked without hesitation. What shocked everyone was that the Moon Demon and the Zero Demon actually attacked at the same time.

"Devouring Demon, are you going to defy my lord's will?" The Moon Demon shouted in alarm.

"That's not true. I don't like you two old fellows to look after me. Who do you think you are? In just a few days, I will be able to surpass all of you. What qualifications do you have to discipline me? "

The group of demons didn't dare to interfere in their battle. However, the group of demons were extremely excited. They stood on the side, wailing like ghosts. Their eyes were surging with bloody light, and they were even dancing and cheering non-stop.

However, a battle of this level naturally created a huge commotion.

The world on the Demon Star was much more stable than the Immortal God Realm. Back then, when Long Chen fought with the Spirit King, a large part of the realm was destroyed.

He possessed the magic power that could even surpass two Rankers, blotting out the sky and covering the earth. He also had the power to control the world, and with the endless flames and devouring divine might, the two Rankers, working together, were unable to take him down for a while.

The little blue snake on the Zero Demon's body also participated in the battle, transforming into a giant blue snake. It split into tens of thousands of heads, and started to fight with Mo Xiaolang's Sun Devouring Demonic Wolf!

This fiery battle did not last long.

Because, something even more terrifying had appeared.

He had to do his best to control himself. Even if there were two Divine Kingdoms surrounding him, he still wouldn't be able to make the slightest sound. After all, his opponent hadn't noticed him at this time.

BOOM!

The mountain suddenly exploded.

Lin Mo blended into the crowd of people, and continued to retreat as he was enveloped by layers upon layers of devil shadows.

Just as he, Long Chen and the rest were about to hide, an arm covered in pitch black dragon scales that was covered in blood suddenly extended out from within the abyss. This arm was extremely similar to a

Divine Dragon in size and was even more terrifying than the Death Realm Dragon Claw that Long Chen had used to the greatest extent.

"God!"

It was the aura of a god, or perhaps a devil.

The ancient Giant Demon appeared.

This person should be Long Chen's old rival, Qu.

In the battle between Mo Xiaolang and the Twin Demons, it had actually shocked him, and allowed the monster to wake up from its slumber. The situation became even worse as Long Chen held his breath, and his mind went blank for a moment.

The outstretched arm was filled with a monstrous devil aura. Under his arm, the battle between Mo Xiaolang and the Twin Demons, who were at their peak, was no different from a child's play!

BOOM!

The Demon Claw's eyes had a speed that was hard to see. It slammed down from the sky and all three of them wanted to escape, but they were all caught and instantly charged into the abyss, and everything disappeared.

Everything was dead silent.

The group of demons had long since knelt down fearfully on the ground, as did Lin Mo. Although Lin Mo was not afraid of death, he still broke out in a cold sweat when he faced this Ancient Giant Demon.

"What's going on?" Seeing that Mo Xiaolang had been captured, Long Chen was immediately extremely anxious.

Lin Mo said: "Don't worry, he's fine. It's just that he was disturbed during Qu Qu's sleep and was a little angry. And Qu hadn't fully awoken either, and such a small thing didn't stop him from sleeping. "With his will clone destroyed, he'll still have to rest for a while."

After hearing this, Long Chen was finally relieved.

Lin Mo took this opportunity to continue to retreat, and said: "Actually, after being sealed for ten million years, the strength of these dozens of Immortals have long since dropped to the lowest level of the Divine Spirit Realm. In Archeozoic era, they should be even stronger, and I heard that they can fight against the Gods. to restore myself to my peak strength. "

Like this, if they were to break open the Magic Star Seal, no matter if it was the Immortal God Realm or the Dragon Sacrifice Continent, no one would be able to survive.

However, many points of doubt emerged in the battle this time, causing both Long Chen and Lin Mo to become suspicious as well.

Chapter 2497 - One step

Long Chen thought in his heart, "First, it's the Moon Demon and the Zero Demon that protect the little wolf, or it's monitoring them. It's too strict, and they actually don't let the little wolf near anyone, and this is what the Immemorial Giant Demon means.

At this time, the Great Demon Masters gave Lin Mo a few more glances. There weren't many internal struggles within the demons, and Lin Mo was only giving him a gift, so it wasn't much.

Currently, Lin Mo had returned to the God Burying Mountain and was hibernating.

Right now, Mo Xiaolang and the Moon Demon Zero Demon were caught by the Ancient Giant Demons, and it was now a dangerous time for them. Therefore, Lin Mo said, "We have to leave this place quickly.

However, Long Chen said, "The devil star is just this big. If the Moon Demon and the Zero Demon are suspicious, there's no way to go anywhere."

There were other doubts in his mind.

For example, for Mo Xiaolang's own actions, if he was really looking for Lin Mo this time, then why didn't he do this for the first time? Why was he so determined to say "scram" the first time?

Furthermore, when he first looked at Lin Mo, his eyes were calm yet seemed to be filled with a deep struggle. It was difficult for him to figure out what it was, but it was definitely not desire. Therefore, he did not seem to long for the appearance of Tao Li.

"The two devils have been on the demonic planet for almost a million years, and the devouring devil is the most important figure of the Ancient Giant Demons this time. Even if the Ancient Giant Demons wanted to punish them, they wouldn't do anything. After a while, the three of them will definitely come out again.

This question was difficult for everyone to answer.

The scene just now was truly too thrilling. The arm that the Ancient Giant Demon had just appeared on was just too terrifying. It was as if it had come from the heavens; it was enough to change the fate of everyone present.

Only Long Chen remained resolute in his heart, and said: "Now that we have reached the point where we can't escape anymore, we might as well gamble. I think that they are currently fighting against each other. After they come out, Mo Xiaolang would probably come to look for us, or ask for Tao Li. We just need to prepare. "

To the lot, Long Chen's decision was a little hard to understand, but what he said was right, if they were to escape now, it would be a cowardly retreat, and all their previous work would be for naught. Furthermore, there was no way to escape this place, it would be better to be calm.

As for why he felt that Mo Xiaolang would return, it was probably his intuition. From Mo Xiaolang's gaze, Long Chen could tell, or perhaps it could be said that he was too familiar with this person. Even if he was controlled by the Primordial Giant Demon Clan, Long Chen knew how stubborn he was. Mo Xiaolang was the same type of person as him, the type of person who would vow to never turn back once he was confirmed.

Lin Mo finally said: "Fine, then we'll do as you say. I am doing this for myself, you are doing this for your people, your home. My personal matters are small, life and death are decided by fate. Your matters are big, so everything will be decided by you. "

Long Chen laughed bitterly and said: "I know it's dangerous to stay here, but how could I not be dangerous when I barged into the Demon Star Realm alone? I have no other choice but to survive and to beg for my life. If there were no dangers, I would not have come here. "

From the moment he entered the Dark Star, he had no regrets.

It was not as generous and righteous as he thought it to be, nor was it as righteous as he thought it to be, but Long Chen just felt that the strong had to bear responsibility. He had to do this, and it was the only thing he could do. Moreover, if it wasn't for him, this life and death brother Mo Xiaolang, one of the most important people in his life, this pure and kind youth, who else would be able to bring him away from here?

"Then prepare yourself. Tao Li, don't be afraid."

Lin Mo said.

Tao Li was startled. Just now, she was indeed frightened, so she hurriedly said: "I ... I'm not afraid." I want to see the outside world. I don't want it to be destroyed before I see it. "

It was a simple wish.

So she had to take such a risk.

At this moment, Long Chen suddenly had a lot of confidence. Everyone was working together, what could not be completed?

It was as if he had promised Ling Xi that he would return alive, as he told Tao Li: "Don't worry, if something were to happen to me, at least I would die in front of you. Let's go together and realize the future that we desire the most in our hearts! "

Everyone nodded heavily.

Just like the Five Dragon Cities's Five Great Heavenly Diagram, where everyone was determined to achieve victory in the end!

No matter how difficult it was, it could not stop this group of people who had dreams in their hearts, especially Long Chen, he had turned all of his responsibilities, responsibilities, and all of his promises into dreams for the future. In his heart, there was an limitless desire for him to walk out from the devil

star proudly and proudly, to completely eliminate all dangers on the devil star, and at the same time, to bring all those who wished to leave this place, away from here!

Wolf, he must want to go back to his old life!

His blood boiled and his fighting spirit soared!

As he had expected, the moment of tension had come again. This time, everyone thought that he wouldn't appear. But who would have thought that when the time came, he would actually appear again, charging towards Yun Xiao, and the Moon Demon and the Zero Demon were once again by his side.

Lin Mo said, "Now that the Primordial Giant Demon is back in slumber, and the Moon Demon and the Zero Demon are a little haggard, they should have received their retribution. Long Chen, your guess might not be wrong, everyone needs to be prepared.

There were simply too many powerful warriors in the surrounding area, especially the Moon Demon and the Zero Devil. The monstrous demon aura was like a violent river, not even the Demon Masters dared to approach them.

It seemed that these two demons still had a lot of grudges in their hearts.

Once, when the Moon Demon saw Lin Mo coming over, his blood-colored eyes looked very strange, to the point where his hair was standing on end. Lin Mo had long since put life and death on the line, so he could still accept lowering his head.

Two hours passed.

The time for tension had come.

Mo Xiaolang's entire body was covered in raging flames, the scorching heat forced even more people to retreat. Without even looking at the Moon Demon and the Zero Demon, he instantly arrived in front of Lin Mo.

Seeing him again, there was still no change to him. Cold and quiet, his eyes had a terrifying penetrating power, as if he could see through two levels of the Divine Kingdom and see Long Chen.

"I want that woman, give it to me!"

Mo Xiaolang gasped for breath, and said a little sinisterly.

Lin Mo bowed and said respectfully: "Returning to the devouring demon, I have long prepared it for you."

Although she was petite and cute, her figure was still very attractive. Furthermore, she was a virgin who was about to bloom, and it was true that Zheng Zilong and the others had found the entire demon planet and found the most beautiful and suitable woman.

Mo Xiaolang pulled Tao Li over, glanced at her, and hugged her to his chest. He then said to Lin Mo: "You can scam now."

He did not speak to the Moon Demon and the Zero Demon from the beginning, and the Moon Demon and the Zero Demon did not stop him either. It looks like yesterday, they probably fulfilled some kind of agreement, or the Primordial Giant Demon gave Mo Xiaolang a higher status!

"This little fellow must succeed!"

At this point, Lin Mo could only pray.

Although the Moon Demon and the Zero Demon did not stop them, when Mo Xiaolang just left, they immediately followed, as if they were not even a step away from him. This caused Lin Mo to be a little worried. Mo Xiaolang was strong enough to begin with, and under the situation where the two devils were not even a step away from him, the possibility of his success had been greatly reduced.

"As expected, the difficulty is great and the probability of success is really small."

No matter how worried and nervous Lin Mo was, he was unable to change the outcome.

He followed the demons back to his seat, closed his eyes and rested, and waited for time to pass.

Mo Xiaolang's speed was extremely fast, and in the blink of an eye, he had already charged into the abyss. Long Chen had also started to get infinitely close to the Ancient Giant Demons, and his bottom level existence was comparable to a god. The closer he got to the God Realm, the more Long Chen discovered that there were really two huge levels between the God and the Devil Realm. They seemed to be two different types of life, a little like the relationship between humans and beasts.

Of course, gods and demons were equal to humans and humans to livestock.

At this time, Mo Xiaolang had reached his destination: a gigantic and serene cave located on the mountain wall. He immediately threw Tao Li in, and at this moment, the Moon Demon and the Zero Demon both arrived at the entrance.

Mo Xiaolang's eyes turned scarlet as he gnashed his teeth, "Don't get too close to me!"

The Moon Demon said, "Do what you need to do. We won't go in. We'll stay at the door."

In the past, they had been guarding a relatively distant place. But today, they had arrived at the entrance.

"If I find out that you guys have come in, I don't mind waking the Lord up again." Mo Xiaolang threw down his words and then walked back into the deep cave. Even though it was deep, with the strength of experts at their level, they would be able to enter in an instant.

To Long Chen, these two devils were too close. In this situation, he basically did not have the chance to make a move. Perhaps as soon as he left the Divine Kingdom, they would appear in front of him.

Most importantly, this position was almost at the tip of the Ancient Giant Demon's nose. From below, he could see the blood-red lines and the dark black dragon scales. With a slight movement, he lost the match completely ...

After going through so many twists and turns, finally reaching his goal, yet being watched so closely by the Moon Demon and the Zero Demon, Long Chen couldn't help but have a headache.

The other side was too careful.

This caution made Long Chen suspect that Mo Xiaolang was not controlled by the Ancient Giant Demons at all. Only when he wasn't under control would he be able to monitor the situation closely.

But in reality, the Mo Xiaolang in front of him wasn't what he used to be.

No matter how you looked at it, he was not the same Mo Xiaolang as before.

Most importantly, there was one thing that could completely deny Long Chen's thoughts. It was that if he was not controlled, how could he possibly have engulfed the Magic Star Seal? He definitely knew that if this Magic Star Seal was destroyed, the Ancient Giant Demons would be born one after another. At that time, they would go to the Immortal God Realm, go to the Dragon Sacrifice Continent, and eat them one by one.

This action would bring about an unimaginable catastrophe, causing the entire world to be on the verge of destruction.

Not only Mo Xiaolang, any normal person would not do such a thing, they would not be so fierce, no matter how evil they were, they would not destroy the entire world, or the lives of billions of lives. Therefore, after Lin Mo regained consciousness, even though he was stubborn, he still chose to help Long Chen.

Only the craziest of lunatics would do such a thing.

There was no reason why Long Chen would believe that Mo Xiaolang would become like this, so two contradictions caused him to be a little conflicted in his heart. The Moon Demon and the Zero Demon were so close together, looking extremely cautious.

At this time, Tao Li was standing in the deepest part of the cave. This place was very big. Although it was very dark and there was almost no light, it was very quiet. This was where Mo Xiaolang usually rested after swallowing the flames.

Without thinking to chase the two out, Mo Xiaolang walked straight in front of Tao Li. A pair of eyes that were like a blood sea stared fixedly at Tao Li, and the monstrous devil aura and blood stench couldn't help but cause Tao Li to retreat, and in the end, lean against the wall.

"I ... I ..."

Tao Li was a little afraid as she nervously curled up into a ball. Her chest was constantly moving up and down and her face was somewhat pale.

She also didn't know what the situation had become, nor did she know when Long Chen would make his move. Long Chen had promised her before Mo Xiaolang could attack her, but she also understood that in this place where there were many unexpected situations, Long Chen might not be able to take her into account.

After all, the things in Long Chen's heart were much more than the things in her heart.

If she really didn't have any other choice, then she wouldn't have any more complaints or regrets. She just couldn't control her fear.

She knew that the Moon Demon and the Zero Demon were right outside the cave, making it inconvenient for Long Chen to make a move. She said, "Can we keep the two outside far away from us? I'm a little shy ..."

Tao Li's timid look was somewhat similar to Su Yan's.

Mo Xiaolang's blood-colored eyes flashed a few times, he shook his head and said: "No, this is their biggest concession."

If they were to fight at this time, the danger would be too great. With the risk being so high, even Long Chen was a little nervous in his heart. But he understood that if it really came to that, it would be his life and he had no way of escaping.

Right at this moment, Mo Xiaolang suddenly looked a little excited. He reached out his hands and held onto Tao Li's shoulders, his blood-red eyes rolling around like an ocean. The blood veins on his body were also shining with a terrifying red light in the darkness. Tao Li's face turned blood-red from the reflection, he screamed in fear, her entire body collapsing as he looked at Mo Xiaolang with wide eyes.

At this time, she was completely terrified, but in reality, Mo Xiaolang did not make the next move. His pair of blood-colored eyes were fixated on Tao Li's eyes, and with that low and hoarse voice that carried a trace of malevolence, he said: "I see you! In her Divine Kingdom, just who are you!? "Why do I know you're here from so far away?"

Long Chen's heart trembled.

He tried to find Tao Li twice in a row. It turned out that he did not truly want to be a woman, but had instead discovered the Long Chen who was using the Time Traversing Dragon to carefully linger here!

Being discovered was the worst thing that could happen.

However, when Long Chen thought about it carefully, the current situation was that Mo Xiaolang did not tell the Moon Demon and the Zero Demon, nor did he tell the Ancient Giant Demon that he had brought him here to interrogate him. This meant that although he was not the him of the past, he definitely had a certain level of independence and consciousness, and another thing was that he was actually the same as her.

All of this was enough to create a turning point.

And it was a turning point without the need to act.

Long Chen's mission this time was simply to let Mo Xiaolang get rid of the Ancient Giant Demons. If they could, it would be even better if they could leave the Magic Star Seal safely.

Then wake him.

It would be better if he remembered himself.

So when Mo Xiaolang was speaking to himself, he knew that since Mo Xiaolang was hiding here, he wouldn't let Moon Demon and the Zero Demon hear what was going on inside, so he said with some excitement, "Do you remember who I am? I am Long Chen, I once traveled together with you in the Dragon Sacrifice Continent and the Immortal God Realm.

Since he had been discovered, continuing to hide or suddenly attacking didn't seem to be of any use.

At this time, Long Chen chose to believe in this former brother of his.

When he heard this sentence, Mo Xiaolang loosened his hands that were tightly holding onto Tao Li, causing his entire body to freeze, his expression trembling, and even his entire body trembling. Obviously, he had experienced a terrifying struggle in his heart, causing his eyes to tremble.

Long Chen realized that when he heard his name and voice, his reaction was even greater than his own reaction. This confused him a bit, and for a moment, he didn't know what to make of it.

He gritted his teeth as his expression suddenly became extremely harsh and cold. He said: "As expected, I don't know who you are, so from now on, you only have one choice, and that is to leave this place far, far away from the God Burying Mountain, or even the Demon Star! Otherwise, I will be rude and I will kill you. Even if I can't kill you, the Ancient Giant Demon will kill you! "

Such a cold voice made Tao Li tremble even more, she did not expect that Mo Xiaolang's speed of transformation would be so fast.

His reaction was somewhat unexpected, but Long Chen had originally thought that after hearing his name, this guy might have recalled something, but it was not certain.

He hurriedly said: "Little Wolf, I am your big brother and you have been controlled by the Ancient Giant Demon's will to destroy the Magic Star Seal s for him. I came here specifically to save you from the Immortal God Realm, do you know, if the Magic Star Seal s were to be destroyed, and the Ancient Giant Demons were to have an accident, then everyone in the world would die. Our Dragon Sacrifice Continent is on the verge of destruction, and none of our friends would be left.

At this point, he was starting to get anxious.

"Bullshit!"

Mo Xiaolang let go of Tao Li, and instantly retreated tens of metres away. The distance between him and Tao Li was quite far, and this way, the possibility of Long Chen launching a surprise attack was basically cut off. Once they started fighting, the Moon Demon Zero Demons outside would probably rush in in the next instant, and then, there would be nothing left.

He had to calm down and think about the situation.

What exactly was going on with Mo Xiaolang?

His performance, why were there so many points of doubt? What was he thinking?

"I'm warning you, I'm giving you one last chance. I didn't expose your existence because you seemed to have some mysterious connection with me, but if you continue to speak nonsense in front of me, I don't have the interest to continue bullshitting with you. Now, I will say it one last time, leave this place immediately. Otherwise, including you, this girl, and that Great Demon Lord outside, they will all become food for the Ancient Giant Demons. I will never say it a third time, so this is the last time.

His expression was extremely serious and cold-blooded. There was no chance for him to negotiate at all. He really wanted to fight for another chance to leave safely, but he had many doubts in his heart. He thought that perhaps he should really take this opportunity to leave this place, if not, if he forced this fellow into a corner, perhaps he would really throw himself onto the Primordial Giant Demon?

He clenched his teeth and allowed Tao Li to stand up before walking outside.

Finally escaping from the great calamity, Tao Li's entire body trembled, and her eyes were filled with tears. She trembled as she walked out, and when she was near the outside, Long Chen suddenly said: "What do you think, she looks similar to Su Yan? Unfortunately, no one knew where this girl had gone to. Who told me I could take care of her? "

It was one of his adventures.

If Mo Xiaolang were to continue with what seemed like a performance from before, then it would be the truth. At this time, he would probably be furious, because Long Chen had broken his bottom line with what he had said once again.

But Mo Xiaolang did not, and Long Chen could not see his current appearance. He was in the deepest darkness, and at this moment, he did not say a single word, as if he did not hear what Long Chen had said.

"Tao Li, let's go."

Long Chen had a rough idea of what to do.

He was really familiar with Mo Xiaolang, even though they had not met for so many years, this little brother of his, no matter what, could not deceive Long Chen. Although it was only a guess, Long Chen's intuition made him more inclined to such a guess, and the more he thought about it, the more likely it was.

Just because he couldn't see Mo Xiaolang's expression didn't mean that he couldn't guess it.

At this time, Moon Demon and Zero Demon had already seen Tao Li walk out. The expressions of these two devils were not friendly, making Tao Li extremely nervous.

Chapter 2499 - Conjecture

Didn't Mo Xiaolang want women?

Why was this woman crying the moment she entered?

Such a short period of time was not enough for him to take off his clothes.

Moonfiend and Zero Demons glanced at each other. They knew that there was definitely something fishy going on.

The Moon Demon sneered, "It looks like the Devouring Demon doesn't fancy you, so what's the point of you keeping your life?"

Perhaps it was because of Tao Li, but right now, the two of them were still angry, so the ruler of this Demon Star, a figure from a million years ago, would actually make a move against Tao Li at this time.

With his level of existence, just a wave of his hand would be able to make Tao Li vanish into thin air.

He never thought that he would encounter danger here. If no one was around to help, Long Chen would have to appear. If he showed up here, he would most likely be finished.

Just as the Moon Demon waved his hand, Mo Xiaolang appeared in front of Tao Li and blocked the Moon Demon's attack.

"My people, you better not move!"

Mo Xiaolang said coldly.

The Moon Demon looked at her, then looked at Tao Li, and nodded with a smile. "Okay, okay."

Long Chen could see the side of this youth from Tao Li's eyes. His gaze and expression were slightly different from before. Although his eyes were filled with bloody shadows, Long Chen didn't know why, but he felt that they were very moving. They weren't like the two devils in front of him, who had the same eyes as the sea of blood, but their eyes made people feel uncomfortable.

"Thank you."

Right now, Tao Li was in a clear-headed state. Even if she wasn't clear-headed, staying so close to an Ancient Giant Demon before long would cause her to crumble, thus Mo Xiaolang pulled her arm and directly threw her into the air. He threw Tao Li out of the abyss and headed towards Lin Mo.

After he was done, Mo Xiaolang returned to the cave.

The Moon Demon and the Zero Demon looked at each other, then looked up at the sky. The Moon Demon said, "How interesting. For this woman to attack us, she even threatened our Lord. Now we are releasing her. Why is that?"

"Maybe it's because this girl looks like the previous one," Zero Demon replied.

"What do you mean?" At this point, the Moon Demon couldn't help but chuckle. The blood moon between his eyebrows moved, looking extremely strange.

At this time, Lin Mo was waiting for something like this.

He didn't expect that Tao Li would return so soon. Moreover, there wasn't any movement from the other side of the abyss.

Seeing that Tao Li had landed in front of him, Lin Mo hurriedly used him to ask: "What, did you devour the devil?"

When Tao Li got here, she finally let out a sigh of relief and said: "Let me go to the Divine Kingdom. Tell it in detail. I can't breathe outside. "

The reason why he was doing this was because he was afraid that someone would spy on him. In fact, the person Lin Mo should be asking the most was Long Chen.

After returning to the God Nation of Lin Mo, Long Chen finally came out from Tao Li's place. Right now, his expression was one of deep contemplation. Seeing his strange expression, Lin Mo asked Tao Li about what had happened.

"That's weird, what's going on?" Discovered Long Chen? They didn't want to kill him, but they warned him to leave the mountain and the devil planet? If it was a controlled demon, how could it have such an independent line of thinking? Even if the devils were strange and had strong independence, this wasn't strange at all. There is always a limit to how much he can bear. If we continue to stay on the mountain, we might really be finished. This time, I am able to survive because of luck? "

Under the current situation, Mo Xiaolang was already a threat to Long Chen. The reason he sent Tao Li out was to make Long Chen quickly leave this place. According to his words, if Long Chen hadn't done it, he definitely wouldn't have repeated it a third time. He would have directly attacked without sparing any face, which made everything seem to be reasonable.

"Since that's the case, let's hurry up and leave the mountain. Even if we can't leave the demon star, since we've been discovered, there's no use staying here. It looks like there isn't much time left, but we still have to think of other ways." Lin Mo said.

Zheng Zilong, Wang Ming, and Tao Li also sighed. Only Little Cat looked at Long Chen's expression and said: "Boss, if you have any thoughts, just say them out. Everyone will listen to you anyway."

Long Chen raised his head, his eyes incomparably firm, and said: "I want to stay here."

Now that he had been discovered by the Devouring Demon, he had given Long Chen a chance. If he still dared to challenge the patience of the Devouring Demon, then wouldn't he just be courting death, and have all of his paths sealed off?

Lin Mo's face turned cold, and said: To be able to kill a Dragon Emperor, there must be a reason for making such a choice, right? We may not be as strong as you, but we are still alive, and we can't just follow you around. Now that we are awake, we have done our best with the same goal as you, but we are not here to serve you. "

This old fellow's temper was truly strange.

Long Chen shook his head, and said: "If he was acting recklessly, I wouldn't tell you, and I won't tell you anymore. My explanation is, I suspect right now that Mo Xiaolang wasn't controlled by the Ancient Giant Demons, he doesn't only have a very independent mindset. The Ancient Giant Demons aren't able to affect him at all."

When he said this, everyone was shocked.

"Boss, why are you making fun of me?"

Little Cat was dumbstruck. He knew the meaning of Long Chen's words, even he did not dare to imagine it. He never thought that Long Chen would have such an idea.

He said anxiously: "Boss, although my relationship with him is not as deep as yours, the problem is that I believe that if he was not controlled, he would definitely not do such a thing. Breaking through the Magic Star Seal is not something a normal person can do, what you are saying is too exaggerated."

Although the others remained silent, judging from their expressions, they basically had the same intentions as the kitten.

In reality, Long Chen didn't believe it even more than them. Even before today, he felt that this was fundamentally impossible, and he would never believe it. Compared to everyone else, he understood that if Mo Xiaolang was in his normal state, he would definitely not do something like destroying the Magic Star Seal.

However, what happened today had made him suspicious.

Today, Mo Xiaolang's condition was a little strange, and Long Chen didn't even want to say much about this strangeness. He closed his eyes and recalled what had happened in the cave. After a while, he said, "There are times when people are forced to do something. If there is something in my heart that I hate to part with and this thing is threatened the most, even I would have to make a choice."

At this point, everything was just a suspicion. He still wasn't sure.

But logically speaking, if he were to choose between Ling Xi's life and that of the common people's, if he were to be forced to the extreme, he might even choose Ling Xi's life ...

Moreover, maybe Mo Xiaolang had other plans if he continued to do so.

Although Long Chen suspected that he was awake, he had never doubted his brother's character. The more it seemed like he did not do the most evil things, the more it proved that he was helpless, and that he was forced! This caused Long Chen to feel even more furious in his heart. If it was really like this, then the suffering Mo Xiaolang had endured, and the torture he had experienced in his heart, would be something that Long Chen could not imagine.

At this time, he would rather believe that his guess was false.

He calmed himself and said, "I am not just saying this. First of all, the Moon Demon and the Zero Demon don't believe him at all. They call him a guardian, but more like a supervisor, a captive, and they won't let him go anywhere other than the God Burying Mountain. Don't let anyone near." "Second, after I said those words and confirmed my identity, he suddenly became very emotional. Then, he immediately turned hostile, chased me away, and even forced me to leave the demon star. This is obviously because he was concerned about my safety and didn't want me to face any danger."

That was when he was talking about Su Yan.

At that moment, even though Long Chen did not see it, he could feel the trembling of the youth in the shadows.

But he didn't want to say it, so he said at last, "I believe my brother more than you do, and he is certainly not insane. I think it must be some kind of irresistible pressure. You may have experienced this before. I also believe in my judgement. I stayed here because I believed that even if I stayed here, even though he was anxious, he would not do me any harm. I have nothing to persuade you all, but I still

plead for help. I can say that even if we leave the mountain, we won't be able to think of any way. Might as well bet with me. "

At this point, everyone looked at each other with strange expressions on their faces.

The kitten said, "Alright, let's do it like this. I think it's not that they don't want to help, it's just that they are worried that you are too anxious, acting recklessly, not caring for your life and not knowing the importance of your life. But fortunately, you are more awake than we are, so they will definitely continue to support you. "

Lin Mo actually meant it like that.

He nodded his head and said, "Sure, as long as you are not impatient and are able to think calmly, we can do anything." At the very least, I, Lin Mo, have never done anything without any hope.

Long Chen laughed. He said, "Thank you very much, everyone."

For a moment, everyone laughed, feeling a lot more relaxed.

However, no one knew what would happen next.

He only needed to stay here and let Mo Xiaolang see him every day. He believed that if he followed Long Chen's words, he would definitely be unable to endure it, if not he would urge Long Chen to leave quickly, or else, if Long Chen made a mistake, everyone would die.

This kind of stimulation and nervousness was endless.

Everyone could not help but walk around, only Long Chen closed his eyes and meditated to comprehend the heavenly dao.

Chapter 2500 - Moon Demon Assault

Everything seemed very calm.

The second day, was basically the time to verify Long Chen's guess.

Yesterday, Mo Xiaolang had already said it, he would not repeat it a third time. If he saw that Long Chen was still at the God Burying Mountain, according to what he had said yesterday, he would definitely not be polite.

If Long Chen's guess was wrong, it would be a life and death battle, and it would definitely alarm the Ancient Giant Demons.

But there was not much time left.

The second day quietly arrived, and all the demons began to rise into the sky, waiting for the Devil of Devour to appear. Lin Mo brought Long Chen and continued to appear in the middle of the crowd.

In the God Nation, other than Long Chen who was still very firm in his heart, everyone else was still very nervous. It was as if a big battle to the death and the risk of their life was about to begin.

Very quickly, Moon Demon and Zero Demon also appeared. They were directly below the Magic Star Seal gap, and they were guarding it from both the left and right. But at this time, that black figure quickly appeared!

In the past, he would always rush straight into the sky, straight into the Magic Star Seal, ignoring everything else.

Whatever it was, it would come after the completion of today's mission.

But at that moment, he stopped at a gap in the Magic Star Seal s, staring fixedly at Lin Mo, his fists unconsciously clenching tightly.

The current Mo Xiaolang was emitting an extremely terrifying aura of death, as the devil aura roiled towards him, causing all the demons to be unable to resist kneeling and submitting themselves to him.

"He saw us!"

"It's over?"

Wang Ming and Tao Li did not have much confidence, so they could not help but be scared.

Lin Mo was not afraid, following the other demons, he knelt in the air and did not make a sound.

Long Chen stared fixedly at this fellow. Just as he had expected, the anger and indifference he displayed was absolutely not enough for him to kill someone at this moment. This caused Long Chen to be incomparably excited;

That was, he had never been controlled. He only wanted to scare himself away, but he had never thought of killing Long Chen!

Although he was not 100% sure, or perhaps even if he was controlled, there was still a very large amount of consciousness that belonged to him, and all of these were possible, Long Chen was certain that he would not make a move today.

Sure enough, he Mo Xiaolang paused for a moment, under the Moon Demon's doubtful gaze, he continued to move forward, entering the gap in the Magic Star Seal's body, and started to devour the flames.

Lin Mo and the rest heaved a sigh of relief.

"If what you see appears, then there is indeed a possibility. If the longer you stay here, the more he won't care about you. "

Long Chen nodded.

There was no way to describe his excitement at the moment. There was no way to describe his anger at that moment. If everything he guessed was true, then as his brother, he should stand firmly by his side, freeing him from the Demon Claw.

was not a person like this in the first place. He was a youth who was filled with sunlight, and for him to become like this, it was already a deep hatred and hatred towards Long Chen. Now that he had finally arrived here, no matter the cost, he had to take back everything!

His heart was filled with boundless power and anger, giving him endless conviction and fighting spirit!

Two hours passed.

After Mo Xiaolang completed his mission, he descended from the Magic Star Seal and didn't even glance at Lin Mo's direction. Instead, he quickly returned to the deep abyss and didn't speak to anyone else.

One day passed just like that.

The next thing he knew was that Long Chen would always be here, so he didn't make any other movements. Every day, he continuously devoured the Magic Star Seal and Long Chen was always protecting right here. He tried his best to think of a way to get an opportunity to communicate with Mo Xiaolang, but the protection of the Moon Demon and the Zero Demon was simply too strict.

It was to the extent that the further he went, the more he ignored Long Chen, as if he had completely forgotten about him.

"Your guess should be correct. Perhaps he has other intentions. In any case, he doesn't want to have anything to do with you right now, so he will definitely ignore you."

Lin Mo analyzed.

Long Chen also understood, but Lin Mo's current performance was too obvious, he was thinking to himself that he should find another Great Demon Lord to get close to Mo Xiaolang, but Mo Xiaolang would easily see through it. With the Moon Demon's group guarding this area so strictly, they might be discovered if they were to go any closer.

Long Chen had a tyrannical strength, but in this demon star, he was restricted at every turn.

Just like this, another month of time passed in the blink of an eye. According to this situation, the Magic Star Seal only had three months left to break, and the remaining time was getting shorter and shorter. In the blink of an eye, ninety days would pass, and if there were no more major changes, the entire world would be finished.

Under the heavens, everyone was doomed.

From the Dragon Sacrifice Continent to the Immortal God Realm, those places that they were on good terms with Long Chen and left behind many good memories, all of those places that they had once traversed, were now about to be destroyed.

Regardless of whether it was for anyone else or not, Long Chen's heart was extremely anxious. He couldn't keep on wasting time with Mo Xiaolang, so he had to take another risk, otherwise there would be no possibility of success. Under the current situation, it was possible that Mo Xiaolang was not being controlled, so it was not a matter that could be completed in a single strike. He wanted Mo Xiaolang to stop moving, advise him, and share the threat with him. At least they had to communicate with each other so that Long Chen would understand what was on his mind.

Otherwise, Long Chen could not continue to wait for his death like this.

During this one month, he had actually tried many different methods, but they all ended in failure.

This place was strictly guarded, with not a single drop of water missing from Mo Xiaolang's body. The Demon Star trial was ten times more difficult than the Psionic Imperial Mansion!

Even though Mo Xiaolang was watertight, he gave Lin Mo a few extra glances on several occasions. It was precisely these unremarkable few glances that brought about a completely new sense of danger.

On this day, when everyone was discussing new methods, Lin Mo suddenly stopped talking when he reached an important point. Everyone still had not figured out what happened. Lin Mo stood up, his eyes looking at the dark corner, his head covered in cold sweat.

"Moonfiend."

Long Chen's eyes became sharp.

Since he came alone to find Lin Mo, then he must have discovered something.

In this one month's time, although there had been no progress and Mo Xiaolang had completely ignored him, but with Moon Demon and Zero Demon's cleverness, experience and caution, not a single detail could escape their eyes.

He stared at Lin Mo for a while, then chuckled: "Lin Mo, you seem to have some secrets, relating to the devouring of demons. I came here today to ask you, that girl from back then, is she still around?"

Sure enough, he had his suspicions.

In this period of time, even if he managed to cover it up well, Mo Xiaolang would still feel emotional. However, when he kept fluctuating in his heart for someone, the Moon Demon Beast started to suspect that Mo Xiaolang had actually fought with the Moon Demon Zero Demon for them. This was something unprecedented in history, so the Moon Demon would naturally take it to heart.

It could only be said that at this point, it was only natural and was not anxious at all.

"Think of a way to leave the God Burying Mountain. If it's just Moon Demon, then we can only try our best. If we can wake up this old guy, then our chances of success will be very far."

Hearing Long Chen's words, Lin Mo agreed in his heart. There was no other way, since the Moon Demon was already suspicious, then there was only one way left for him to risk his life and fight.

Lin Mo said, "Returning Moon Demon, that girl has already been sent out by me. If the Moon Demon wants to find her, I can lead the way, or I can go find her myself."

"Oh?" The Moon Demon laughed and said, "We are all his servants. We will obey his orders, so we won't lie to him. That's why I trust you." You want to go out, don't you? "Then take me with you."

After hearing that, Long Chen's heart was clear. He had already suspected that they were just playing with Lin Mo. He clearly wanted to eliminate Lin Mo and figure out what exactly was going on, but he knew that Mo Xiaolang was nearby, so he did not want to make a move here. When Lin Mo indicated it with his words, he was naturally pleased and agreed.

The two of them did not want to fight here. That would be great. The more they left this place, the better. Lin Mo immediately replied: "Yes, please follow me."

The Moon Demon followed behind him like a shadow, and as the Moon Demon and the Great Devil Lord left, the other devils all made way for them to leave. To these demons whose minds were not very developed, they basically wouldn't consider the reason for their departure; under the influence of the ancient Giant Demon's will, they only knew that they had to stay here.

From the depths of the mountain, he walked step by step toward the outside.

Long Chen had already made his preparations, he was not prepared to use the God Slaying Sword this time, the Karma Emperor Sword needed to be finished quickly, so he also needed to quickly kill the opponent in order to turn the situation around.

After walking for a quarter of an hour, the tall mountain had already become very small. The Moon Demon stopped in his tracks and leisurely said, "I suddenly lost interest in that girl and became interested in your Divine Kingdom. Lin Mo, open up your Divine Kingdom, let me see, what treasure is inside?"

Lin Mo stopped in his tracks, turned around to face the Moon Demon, and laughed, "The Moon Demon is really smart, how did he know that Tao Li is in my Divine Kingdom? The reason I brought Lunar Demons to this place is because I have something very important to tell you. "

The Moon Demon shook his head and said, "Lin Mo, under Master's control, we would not have such thoughts."
