

War God 2511

Chapter 2511 - Demon Slaughterer Only

"You're right, but if it were you, you would have made the same choice as me."

However, Long Chen did not let him destroy it with a single sentence. He was firm enough in his heart, he knew what he was doing well, and he also knew that he had a clear conscience.

If a choice had to be made between the entire world and Mo Xiaolang, no matter who it was, they would have to abandon the world with the greatest pain, and save Long Chen for all eternity.

But now, it was not the time to make a final choice.

"Now is not the time to make my last choice. Before that moment comes, I will do my best to save you! Although I don't know how you are currently, Wolf, I still say that you should never try to deceive me. I know you better than you do yourself. Remember this, the battle is far from over! "

These last words, he said while staring straight into Mo Xiaolang's eyes.

That would not escape Long Chen's eyes, but Mo Xiaolang quickly closed his eyes and said with a smile: "You can guarantee that you won't die, so tell me more about this."

Just as he finished his words, the Dark Star seemed as if it was about to explode.

BOOM!

The huge devil claw had broken through everything and was grabbing towards Long Chen. At the same time, accompanied by the furious roar of the Immemorial Giant Demon, this roar once again alarmed the devil horde and also spread to the devil stars, causing those outside the devil star to tighten their hearts!

Rumble rumble rumble!

Long Chen left Mo Xiaolang at this time, and rushed up to the sky.

The explosion of speed, coupled with the control of the sea during times of chaos, allowed him to escape the attack of the Demon Claw this time, and rushed to the sky above the God Burying Mountain. Just as the group of demons surrounded him, he was sent flying back by Long Chen!

Just as Long Chen appeared, the soul-controlling demon also rushed out from the abyss!

Its tall body and pitch black dragon scales made it look like a killing machine!

On his arm, Mo Xiaolang stood there and looked at Long Chen, still sneering.

When Long Chen saw this smile, he turned and left without saying a word!

"You can't escape from my grasp!"

The Archaic Giant Demon was furious. These words directly spread outside of the demonic star.

From the outside, they could see that the entire Magic Star Seal was trembling intensely. When the audience heard this voice, they naturally knew that Long Chen was still fighting and was not dead yet, but the scene was too big, so they couldn't help but be worried. This was not an ordinary battle, and the outcome of this battle was much heavier than the battle between Spirit King and Long Chen.

Long Chen had originally wanted to head towards the opposite side of the God Burying Mountain.

Unexpectedly, as soon as he rushed towards the opposite side, the whole demon star started spinning.

No matter where Long Chen rushed to, the Demon Star would turn in any direction. This caused Long Chen to advance at a high speed, but the Primordial Giant Demon was still under his feet!

However, the Ancient Giant Demon did not care about whether they lived or died. He did not think that Long Chen would still be able to escape, after being played by the mortal once again, he was already extremely angry, to the point of the other Ancient Giant Demons not being able to stop him at this time!

"I originally had a lot of patience with you, but you actually forced me to kill you! Since that's the case, I won't be polite! A genius like you must be a great tonic! "

The Giant Demon's voice reverberated throughout the entire demonic planet.

At this time, it was as if the devil star had become the opponent's weapon, and it was difficult for Long Chen to even land on the ground.

As expected, as long as one was under the control of this Magic Star Seal, they wouldn't be able to escape the control of the Ancient Giant Demons!

"Cat's power will dissipate with time. Looks like I have no choice but to fight!"

He had originally thought that he could make some preparations, but now, there was no time to do so.

Originally, Long Chen didn't have much confidence in battling this kind of Divine Spirit Realm expert, but after these few months of experience, he had become familiar with what an Ancient Giant Demon was. Even if the other party was a Divine Spirit, at this moment, he no longer had any fear in his heart.

Since he could not retreat, he could only fight bravely!

In reality, Long Chen didn't even think of retreating at all. He was only searching for a more suitable method to deal with the Ancient Giant Demons, but he didn't have that right now, and there wasn't much time left. He wanted Mo Xiaolang to return to his original state, and his only option was to kill this Ancient Giant Demon!

This was not wishful thinking and daydreaming, but his only goal!

If he couldn't kill the Ancient Giant Demon, when the end of the world arrived, Long Chen would have no choice but to kill Mo Xiaolang. He would absolutely not be able to send Mo Xiaolang into the Death Realm, so this battle would be his final desperate battle!

This was the most important battle he had ever fought in his entire life, even when he was fighting against City Lord Wasteland. It was not as important as this moment, because the one that was wreaking havoc here was only the Three Great Imperial Domains, and now, as long as Long Chen lost, it would be the entire Dragon Sacrifice World!

Billions of lives!

In that moment, he slashed down with his sword and turned around to face the angry ancient Giant Demon.

The hatred and anger in his heart were at least 10,000 times greater than that of an ancient Giant Demon!

Endless rage was also his current strength!

"Are you finally willing to die obediently? If I knew this would happen, I wouldn't have needed to spend these two months of time. "

The ancient Giant Demon roared.

A giant pair of wings, sharp claws, thick arms, thick dragon scales, sharp fangs, as well as the strongest ability and power of laws, these were all the most powerful weapons the Ancient Giant Demons possessed. At their peak condition, not even a hundred Long Chen would be his match, but now, he was still sealed and weak to the extreme.

After two months of training and Little Cat's help, Long Chen was no longer the same Long Chen as before after his defeat!

When the Ancient Giant Demon was speaking, Long Chen used his human form to control the chaotic situation!

"Time changes!"

He adjusted the time while he was fighting against the chaos. As he entangled the ancient Giant Demon in the swamp of time, he accelerated and instantly arrived in front of the ancient Giant Demon!

"One Sword Slaying God!"

The true essence of the God-Slaying Sword lay in this sword!

In his eyes, mortals did not have the guts to attack Primordial Demons like them. Just standing in front of them was enough to scare them to death.

But Long Chen was a freak.

Even the ability to control souls was useless against him.

Rip!

This time, Long Chen's speed was too fast. After the God Slaying Sword gained 990 dao patterns, its power quickly climbed up, the sword beam soaring to the sky, and directly slashed onto the Immemorial Giant Demon's blood-red sun-like eyes! Clang!

Sssii! *

The Immemorial Demon Eye exploded, releasing a painful scream, the sound wave directly sent Long Chen flying out, and fiercely collided with the devil star!

At this time, the ancient Giant Demon was no different from a wild beast. He roared in pain, and blood flowed out, but in reality, the wounds on his eyes quickly healed.

However, his anger had truly been ignited.

"Damned mortal spirit!" Livestock! "You're just an ant!"

RUU...!

In the roar of the ancient Giant Demon, the entire Demon Star was razed to the ground by his sound waves. Even outside of the Demon Star, the nine planets outside of the 10 super planets were all violently shaking, almost shattering!

Outside, everyone was truly aware that Long Chen and the Ancient Giant Demon were probably fighting to the death right now!

A mere mortal had to face such a challenge.

Everyone couldn't help but shed tears.

When the Eternal Dragon Emperor was so righteous, his son was the same as well. But now that no one could help him, they could only pray silently that Long Chen could survive.

As long as he survived, there would definitely be hope.

The sword strike had successfully angered the ancient Giant Demon.

This was just the beginning!

Long Chen had never felt that hurting this thing was an outrageous or unrighteous thing. In his eyes, the Ancient Giant Demon was now just like a strong beast, just like a few decades ago when he was still at Dragon Sacrifice Continent and had only just started cultivating to fight against the beasts.

At that time, he was full of heroic spirit, and his future was limitless.

At this moment, he was already standing at the peak of the world, shouldering the heavy responsibility of protecting others. But his pride and his will, had never changed!

Right now, no matter how strong the enemy was, be it the gods or the Primordial Demons, he only had one thought in his mind, and that was to kill them!

Slaying the gods and exterminating devils, he never thought that one day, he would actually do such a thing, the guy in front of him was probably at the lowest level of a god, Long Chen's heart was filled with passion and fanaticism!

"KILL KILL KILL!"

This was the voice surging in his heart!

The sword swung out. The slaughter sword technique was unleashed and tens of thousands of sword techniques instantly cut into the body of the ancient Giant Demon. The God Slaying Sword was so sharp that it could tear apart the dragon scales of an ancient Giant Demon!

However, this archaic Giant Demon's recovery was equally amazing. It could be said that he didn't die, and even a mere sword would be able to kill him.

BOOM!

When Long Chen transformed into the Divine Dragon, the power of the sea became even stronger.

"A rice grain bead, how dare it shine in front of Haoyue!"

The Ancient Giant Demon was extremely disdainful. He waved his hand and used his demonic claws to grab at Long Chen.

Long Chen's eyes were ice-cold and fearless. Facing the same attack again, he had transformed into the God Dao's Heart Refining Dragon!

The God way's Refinement Dragon maintained justice, order, judgement of evil, and judgement of those that broke the rules. But, an ancient Giant Demon was undoubtedly an existence that was evil to the extreme.

Just like this, when he transformed into the God Realm's Heart Refining Dragon, the blood in Long Chen's entire body began to boil!

The black and gold greatsword in his forehead glinted with a peerless brilliance as it pierced through the heavens, causing the entire demonic star to light up!

This was a combination of both him and Cat's powers!

If he wasn't afraid of death, he wouldn't be able to kill this demon!

Shining with boundless light!

"Karma Royal Sword!"

The sword world merged into one and reappeared once more.

The group of demons had all hidden themselves. Only after the Ancient Giant Demons, Mo Xiaolang floated in the air and looked at everything.

He saw Long Chen's madness.

Weng! *

The Karma Royal Sword had actually trapped half of the Ancient Giant Demon's body inside.

Chapter 2512 - God of Faith

This strike could be considered to contain all of Long Chen's strength, strength and hatred.

The mark of the God Way's Heart Refining Dragon raised the level of this sword technique to a new level. It formed the power of righteousness, killing off the evil brilliance.

The Sword World merged together and quickly slashed downwards!

The last time Long Chen was imprisoned by the demon claw, but this time, after two months of hiding and tempering, all of his unwillingness was contained within this sword. This Karma King Sword had fused with the Karma King Realm, and with a swing of the sword, the entire world began to crumble and crack!

In the end, the sword that was used to maintain order and to disperse the evil spirits clashed with the Demon Claw!

At this moment, the God Realm Demon Refining Dragon didn't look any weaker than the Ancient Giant Demons. In fact, its aura had even suppressed the enemy!

The same attack twice, but it was a completely different reversal!

In the distance, Mo Xiaolang was watching everything.

He saw Long Chen's fighting spirit and determination, saw his madness and savagery! Every time he fought, he would be the most violent!

The power of this sword was monstrous, in Mo Xiaolang's eyes, the clash of the Karma Royal Sword and Demon Claw had created a huge disturbance. The sword marks on the surface of the Demon Star were dense, and many of the surrounding demons were immediately minced.

Rip!

Before the Karma Royal Sword broke free from the demon claw, it slashed at the Archaic Giant Demon's elbow. At this time, Long Chen released a divine dragon's roar, and with an earth-shattering force, chopped off the Archaic Giant Demon's arm!

No one had thought that he would actually be able to truly wound this ancient Giant Demon!

To be able to harm an ancient Giant Demon, that was the same as being able to harm a god!

Crash! *

Blood gushed out!

This time, even more screams of pain rang out from the ancient Giant Demon. Although his arm had been cut off, he wasn't worried. At this time, that broken arm was heading towards him again.

Even if it was chopped in half, the truth was that the Archaic Giant Demon wasn't injured at all.

This was perhaps the highest level of sword strike that Long Chen had ever performed.

It was the result of him trying his best.

At this time, Long Chen did not retreat at all, as the Ancient Giant Demon was unable to estimate his courage and determination. Just as he finished using the Karma Royal Sword, Long Chen took the risk of being torn to pieces and continued to pester him, this time he quickly used the Death Realm's Dragon Gate!

This move was actually inferior to the Karma Royal Sword in dealing with an ancient Giant Demon.

Last time, the Death Realm Dragon Claw was directly smashed apart by the Demon Claw!

Only, no one expected that Long Chen's target this time was not his opponent. The moment the Death Realm's dragon claw appeared, with a swoosh, it grabbed the arm of the Ancient Giant Demon that had just been broken, and pulled it back into the Death Realm with lightning speed!

The Death Realm's Dragon Gate was closed!

At this time, Long Chen finally dodged the opponent's attack, and temporarily escaped from their range of control!

"Roar!"

This was something that the Immemorial Giant Demon never imagined would happen.

Because of this, the Ancient Giant Demon was not willing to completely resurrect his arm. Instead, he allowed his severed arm to come into contact with his body, but Long Chen actually brought that arm to the Death Realm!

Then he would never come back!

"Damn it!"

At this moment, he thought back to the troubles Long Chen had created for him, the first time he tried to turn the tide. He had originally wanted to obtain the five dragon pearls, but he didn't expect that his previous efforts would be in vain due to Long Chen's obstruction.

But now that he had come to the demon star realm, he had come to stop him and play tricks on him. This time, he had lost an arm, and it was difficult for him to recover it in a short period of time!

The ancient Giant Demons were evil creatures, and their hearts couldn't tolerate any hatred. They only cared about killing and devouring. They were like brutal wild beasts; they simply didn't have much patience.

So at this moment, he had already reached the realm of fury!

Roar!

At this moment, this roar shook the entire Immortal God Region, causing the hearts of the entire Realm of the Gods to tremble. Even from trillions of miles away, everyone could feel the tyrannical strength of an ancient Giant Demon.

What was hidden in that voice was naturally more terrifying than divine might, it was the dignity of a savage upper class expert!

Countless people were trembling!

After losing his arm, the Primordial Giant Demon did not recover. Now, he was even more determined to kill Long Chen, so he directly made a move!

"The Sea of Chaos!"

This time, with the Divine Dragon Body, Long Chen was able to once again use Inside-Outside Ocean, the power of time gave the other party a huge trouble. As for Long Chen, taking advantage of this time to continue moving, even if the Immemorial Troll Demon Star appeared, he was not afraid.

"He's been imprisoned for thousands of years, and he's always been weaker than me. The longer I delay, the more hope I have for victory."

Previously, the combination of Karma Royal Sword and Death Realm's Dragon Gate had given Long Chen a large amount of confidence.

Now he already believed that as long as they had sufficient strength, slaughtering gods and exterminating devils would not be a problem at all. They were not perfect creatures, and even if they could live forever, they would still die!

"As long as I can persevere ..."

This was his only method. Other than fighting, he was also the calmest and clearest.

When he dealt a certain amount of damage to the Archaic Giant Demon, he immediately changed his fighting style.

The Demon Star continued to turn, and the current situation changed to Long Chen changing directions. The Immemorial Giant Demon had furiously chased after him, unleashed its bloody attacks, breaking through his limits time and time again, wanting to kill Long Chen!

The entire world and the entire world resounded with the roars of the ancient Giant Demons.

Everyone knew that he was fighting with Long Chen. At this point, seeing that the Magic Star Seal was almost done, no one was not nervous.

Everyone's heart rose to their throats as they cried, filled with endless hope and prayers. In their hearts, their faith was the current Long Chen!

At this time, Long Chen had that kind of feeling. It felt like all the people in the world were connected to him, and the current him was like a real god, receiving everyone's respect, reverence and blessings. His body was connected not only to the people of the entire Dragon Sacrifice Continent, but also to the billions of people in the entire Immortal God Realm!

Long Chen heard their voices, heard their prayers!

"Don't die! We must come back alive and lead all of us through this disaster! "

"If you lose, the entire world will be destroyed. You must win, we all believe in you!"

"In our hearts, the ancient Giant Demon is not your opponent. You will definitely succeed!"

Long Chen ignored the crying voices. All he saw were encouragement and prayers. With billions of people blessing him, he would be willing even if he were to die.

What is a god?

In Long Chen's heart, everything he believed in existed. He believed in the heavens as a ruler, he believed in kindness and order.

This situation was so similar to his own!

He could clearly see the thread connecting him to the common people. Everyone placed their mental strength on him, as well as their faith on him.

Perhaps, at this moment, he understood a little bit more about what a god really was.

He also understood why even Long Qinglan was unable to become a god when he thought of all the ways, because he did not manage to obtain the beliefs of the people of the world.

Gods exist because of faith.

When everyone thinks that you are a god, then you will truly be a god.

The increase in his level of existence was not only in terms of strength alone.

Of course, there was still some distance between Long Chen and this level, he was only at the late stage of the Seven Stars Tribulation. However, this moment of comprehension was of great help to him in his entire life.

It was as if a thunderbolt had struck him.

Maybe this kind of comprehension was baseless and laughable, but there would be a day when Long Chen would verify this. This might be the truth. Because at that moment, he discovered that he was like a god. Everyone's faith was already placed on him. He wasn't fighting alone, but billions of people!

All of his psychic power had entered his body!

This caused his spirit and soul to undergo a transformation!

Long Chen still did not understand the importance of such a profound change. He was still trying his best to dodge the Ancient Giant Demon Beast's attacks, but fortunately Long Chen had the ability to change his direction during times of chaos. With the help of this ability, the Ancient Giant Demon Beast wasn't able to hit him in time, if not, he wouldn't even be able to hold on for a second!

Facing the furious ancient Giant Demon, the current him still did not have the power to fight to the death.

While in a trance, he saw Mo Xiaolang. He was still looking at himself calmly and peacefully, without a single emotion on his face.

Long Chen suddenly smiled at him.

It was a kind of smile that was as refreshing as the spring breeze. This was because Long Chen remembered the first time he saw him, and at that time, he could not even tell whether this fellow was male or female at first glance.

In the blink of an eye, in this moment, she saw him again.

His appearance did not change much, but his heart was no longer the same as before. It was just that Long Chen did not believe that for him, letting Mo Xiaolang return was more important than anything!

He owed this big boy!

Faith, Guardian, Justice, Commitment, Oath.

It was all in his chest now.

This battle made Long Chen think of many things. He felt that he was going through a huge transformation, his chest felt especially warm, as if something was being born.

His entire body was undergoing an earth-shattering transformation!

BOOM!

An explosion sounded, causing Long Chen's entire body to tense up.

Roar!

At this time, he was really forced by Long Chen to go crazy. Not caring about the Magic Star Seal's suppression, he struggled to crawl out of the abyss, and with a flap of his wings, he sent Long Chen flying. At this time, the Ancient Giant Demon spread its wings and rushed into the clouds like a bolt of lightning, and suddenly opened its mouth, as its body expanded and swallowed Long Chen's Divine Dragon Body into its stomach!

Sssii! *

BOOM!

The Immemorial Giant Demon was knocked back into the primordial spirit by the Magic Star Seal and he vomited blood while being heavily injured.

However, he had successfully eaten Long Chen.

Chapter 2513 - Mysterious Tablet

For example, this time, the Ancient Giant Demon Swallowing Technique was only able to display its divine might at the highest level of life, and it was only under the wrath of the Ancient Giant Demon Clan, so this time, even if Long Chen thought of all sorts of methods, he was still unable to dodge it.

In that instant, it was as if he was fighting against an ancient Giant Demon in this world. It was a rather powerless feeling. No matter what, Long Chen had encountered a huge limitation. This was the aura which Fiendgods exerted on mortals, the binding power of the natural laws of the world.

"Even though I have a ancestral dragon-inherited blood, I don't have the so-called 'Origin Dragon Soul'. Therefore, even though I possess extraordinary talent that even the gods and devils cannot compare to, I still belong to the mortal category. I lose to the Archaic Giant Demons in terms of life."

Long Chen was very clear about all of this.

When he cut off one of the Ancient Giant Demons' arms and sucked it into the Death Realm, this had nearly completed something that no mortal had ever done before. A God was a Paragon, so humans were not qualified to fight against gods and demons. They were just like ants that couldn't fight against mortals.

When mortals wanted to crush ants, it was actually equivalent to a Fiendgod wanting to crush an ordinary mortal.

The Immemorial Giant Demon roared angrily, and did not hesitate to use up a large amount of its remaining strength to deal with Long Chen with the Ingurgitation Divine Might, and swallow Long Chen whole!

In that instant, the world shook.

Mo Xiaolang's eyes suddenly widened, his body shivered, and his entire body surged with an endless killing intent. However, Long Chen was not able to see what happened.

To Long Chen, it was as if the entire world had turned black in the blink of an eye and he could not see anything. He was completely enveloped in darkness. By the time he realized that this was the stomach of an ancient Giant Demon, he had already entered a zone of death.

The reason why he was lost in thought was because the previous battle had given him a great deal of insights. He had felt the power of faith and knew that there were too many people who were praying and crying for him. He saw the deep expectations in the hearts of too many people. No one wanted to lose everything.

Countless people's hopes and wishes were currently filling up his body, as though they were going to squeeze his body to pieces. This made Long Chen feel like he was suffocating.

This was the stomach of the Ancient Giant Demon, it was a place with a mystical rule. If it was a normal beast, Long Chen only needed to break out from his weak body, but the Ancient Giant Demon was definitely different.

This was because the ancient Giant Demons were best at eating!

Hu hu hu hu!

At this moment, Long Chen found himself in an endless darkness without any other light. The place he was in was an endless whirlpool of storm, this black storm had a terrifying tearing ability, like the claws of countless primordial demons pulling at his limbs, head, and body, tearing them apart with terrifying power!

The entire world was filled with black tornados like this.

"Your physical body and primordial spirit will both shatter and become one of my powers."

Now, the arrogant voice of the ancient Giant Demon echoed in this endless vortex.

As his voice sounded, Long Chen's entire person was swept up towards the center of the storm, and now that he was getting closer to the center, the storm's power became stronger and stronger, and in the midst of the wind, one could faintly make out black words merging into it. This was a language from the Primordial Era, and with the boundless power of the laws, even if mortals were here, they could only be torn apart!

"Fire of Life!"

Long Chen had no choice but to use this Ancestral Dragon Art to recover from the injuries on his body. If he did not retaliate at this time and rushed out from this place, he might not have a chance!

He was still in the form of a Divine Dragon. He did not expect the abdomen to be so huge.

It was like an endless world.

Perhaps, this was one of the most powerful methods of an ancient Giant Demon.

Rumble rumble rumble!

Endless storms rolled in front of his eyes, creating endless booms.

Rip!

Long Chen used all his might to tear the storm apart. He realized that there was light in the sky and he rushed out.

"We might be able to charge out from here!"

Now, the Ancient Giant Demons already had the intent to kill. If they didn't go out now, then they would be finished.

Right at this moment, Long Chen seemed to have arrived at a peaceful place. There were no gales in the surroundings, only a huge gust of wind charging towards the strong wind.

At this moment, he raised his head and saw a black stone tablet above his head. That stone tablet was pressed down on top of his head, and it was ancient and mysterious with an ancient aura. It was the same mysteriousness as the Three Lives Holy Stone, the Causality Holy Stone, and so on!

"What is that!"

The black stone tablet was currently revolving, and after it turned for half a week, Long Chen saw a relief sculpture on one side. The relief sculpture was a beast, and seemed to be extremely big, Long Chen still wasn't able to see clearly what the relief sculpture was, when suddenly, a black light flashed from the relief sculpture, forming a terrifying shock as it struck Long Chen's primordial spirit!

Weng! *

In that instant, the entire world around Long Chen lost its sound. He lost consciousness, and was once again twisted into a violent storm ...

"Ugh ..."

Ling Xi's face suddenly turned pale white, her heart beating really hard.

She had originally been in the city, where she had accepted the psionic inheritance, but her progress had been extremely fast, surpassing her expectations. There had even been a certain degree of connection between her blood of the Goddess Su and the psionic inheritance. Wonderful, but also terrible.

Everything was waiting for Long Chen's safe return, waiting for him to fulfill his oath.

In terms of age, Ling Xi was still a girl and she needed Long Chen. Her future child also needed this father, so she prayed in her heart more than anyone else.

But at this moment, she suddenly became flustered and extremely uncomfortable.

She was currently in Yang You's Divine Kingdom.

"Aunt You, I'm going out for a bit."

Ling Xi said with a trembling voice.

A few months had passed, and everything that needed to be arranged had been set up in the entire Immortal God Realm. A large portion of the people were currently in their respective secret realms, while the human race was all concentrated in the Five Dragon Cities. Because of Ling Xi's control, there were actually many people hiding inside the Ling Residence.

However, Yang You and the rest, along with a few Dragon Emperor s, Demon Lords, Saint Magi and Ocean Emperor, were currently on Sky Dragon Star. They had all come here voluntarily, so they were waiting at the nearest place to observe the movements on Sky Dragon Star.

"Yes."

Yang You brought her out.

Right now, everyone was standing here and looking at Heavenly Dragon Star, all of their faces were pale and nervous, their bodies trembling, especially the Immortal Dragon Emperor s, who were close friends with Long Chen and viewed him as very important.

"Just a moment ago, we were still fighting, but now there's suddenly no movement. Tell me, what exactly happened?"

The Eternal Dragon Emperor's eyes were bloodshot, his body trembling as he looked towards the Demon Star.

"It can't be over already, right?"

The Demon Lord, Tengu, said helplessly.

"Don't talk nonsense!"

Yang You was ice-cold. In terms of nervousness, discomfort, and pain, she was not inferior to Ling Xi, but like Ling Xi, she trusted Long Chen a lot.

The reason why she scolded Tengu was because Ling Xi was already standing beside her. She was wearing a bright long skirt, and her rainbow colored training surrounded her body as a light muslin dress fluttered in the wind.

Seeing Ling Xi here, everyone stopped talking. No matter what, she was the closest person to Long Chen. If one were to say pain and nervousness, no one could compare to her.

Her face was terrifyingly pale as she looked in the direction of the demon star. Because she was once connected to it by her love threads, she had a great connection in the underworld. At this moment, she was very clear and muttered, "Aunt You, he's in danger now. He doesn't have much hope of survival ..."

When these words came out, her soul was on the verge of breaking.

"You guys take care of Ling Xi, I'll go in and help."

Yang You instantly made her decision. In reality, she had wanted to do this tens of thousands of times.

"I want to go in too!" Ling Xi resolutely said. She did not cry, because she knew Long Chen did not like the way she cried. When he needed her, he had to be strong.

Even if she could not control herself, she would bite her lips and not let her emotions affect her. All of this was taught to her by Long Chen.

Although it is said that it is of no use, but since we are going in, let us go in together, no one should think of being heroes by ourselves, all of us have lived for such a long time, we should die, now that everything has been arranged, it is my turn to go in and die, we can only hope to save Long Chen, and only with him here, we will have hope.

The Immortal Dragon Emperor said loudly. He seemed to be filled with boundless passion.

Long Qinglan's figure appeared in front of him.

He and Long Chen were two different people, but they had the same side, and that was if there were some things that needed to be shouldered by them, they would never frown once.

Not every expert pursued this kind of responsibility that required them to sacrifice everything!

With the Immortal Dragon Emperor taking the lead, almost no one objected now. Although Yang You didn't want to let them go, she knew that it would be a waste of time to stop them. The only one she wanted to stop was Ling Xi, but Ling Xi was faster than anyone else.

RUU...!

One by one, they left Heavenly Dragon Star. With such decisiveness, no one hesitated at all.

Magic Star Seal.

This enormous vortex was like a huge mouth that was devouring them.

This was obviously scary, but everyone had to bite the bullet, because even a young life form like Long Chen could do this, why couldn't they?

Especially for Ling Xi, from start to finish, she had always been at the forefront.

However, at this moment, a huge change occurred from the demon star, forcing everyone to retreat.

"Is this a divine tribulation? "No, it's the Tribulations of the Eight Trigrams!"

Chapter 2514 - Ten Million Wish

Hearing the last three words, everyone stopped in front of the Magic Star Seal.

The words' tribulation of the Eight Trigrams' were simply too ear-piercing.

Especially Ling Xi and Yang You, they were the ones who understood the realm Long Chen was in the most clearly. Although he was strong to this degree, he was only at the late Seven Star Tribulation.

The next level was the Eight Tribulations.

Although he was only at the late stage of the Seven Stars Tribulation, Long Chen seemed to be able to fight against the Ancient Giant Demons. Furthermore, it seemed that he wasn't completely suppressed.

Very few people in the entire demon star had ever gone through the tribulation.

Even if one had to transcend a tribulation, no one would transcend a tribulation comparable to Divine Tribulation!

That wave of calamity power, which was extremely frightening and could directly shake everyone away, was inevitably going to be Long Chen's!

It was so much so that when Long Chen knew what they were doing, he directly used the power of a calamity to make them stop in their tracks.

At this moment, everyone understood that Long Chen had met with a turning point, and was out of danger. He did not need them to go in and cause trouble!

If they really were to face an Primordial Giant Demon, truthfully speaking, the purpose of their entry would only be to take one last look at Long Chen and fulfill their wish, allowing them to have no regrets.

But now, there was no need to do so.

"Xi Er, go back first!"

Yang You knew her responsibilities. He had promised Long Chen that he would take care of Ling Xi, she had acted on impulse just now, and upon seeing the birth of this opportunity, she immediately grabbed hold of the dazed Ling Xi and brought her back to Heavenly Dragon Star. This place in front of her was affected too greatly by the devil star, and all the peak experts followed Yang You back.

From that moment on, their eyes never left the demonic star.

Standing on top of the demon star, Yang You held Ling Xi. The two of them saw the changes on the demon star and remained motionless, but their hearts had tensed up a moment ago. Now that they had encountered a turning point and seen hope, they could no longer hold back their tears.

The Immortal Dragon Emperor was old and stubborn. At this moment, he suddenly received such a sacrifice and couldn't help but cry out loud. However, at this time, no one laughed at him.

In their hearts, Long Chen was just like that. It was always very difficult for him to be defeated, especially this time, he was really too mysterious.

Everyone knew what a terrible thing he was shouldering.

However, under this world's heaviest pressure, he was actually able to achieve such a level. This made everyone admire this young man.

He was a natural peerless existence that created a new world.

In their eyes, the originally pitch-black demon star started to shine. One type of eight types of light shot out from the Magic Star Seal, shining through the entire starry sky.

This scene stunned everyone present, leaving them unable to react for a long time.

"When I crossed the Eight Trigrams tribulation, the Innate Eight Trigram Formation diagram is less than ten thousand meters away."

"However, the Eight Trigrams Assimilation Formation in front of me is at least a thousand times more powerful than mine. It should be at least ten million meters long!"

"Such power, it can't even be compared to a SemiGod tribulation. Only a divine tribulation can have such power. How many years has it been since one has experienced true divine tribulation? Even Spirit King who are half-step into the Divine Realm do not have this ability! "

Yang You said, "If you were to bear this kind of tribulation, you can only say that you will definitely die."

A mere tribulation of the Eight Trigrams, yet it was terrifying to this extent. However, he wasn't the least bit worried, because the hardest part, Long Chen had already passed through, and he suddenly broke through when he was about to die, creating such a miracle. How could such a person die in the Tribulation of the Eight Tribulations?

Although, his Eight Tribulations were terrifying enough!

Yang You wiped away the tears at the corner of his eyes, comforted Ling Xi, and said, "Everyone, since he made such a huge breakthrough, we won't go in and cause trouble, lest he protects us. Right now, the only thing we can do is to pray and bless him. Hopefully, he will be able to survive this tribulation and gain greater power! "

"Alright!"

"It is not only our wish, but also the wish of the people of this world. This good news must be known to everyone. Let us, the billions of lives in the Divine Realm, pray, and wish!"

What Yang You didn't know, was that her words had actually helped Long Chen a lot.

When the various experts had spread the news to the Immortal God Realm, everyone knew that Long Chen had not lost against the Ancient Giant Demons. He had actually fought against the Ancient Giant Demons that were comparable to gods, and at this time, he welcomed the tribulation that was comparable to gods!

"Long Chen is about to become a god!"

"He will definitely succeed and kill the ancient Giant Demons! This is an invention that has never happened in tens of thousands of years. He will definitely succeed! "

This news brought hope to the despairing humans, demons, and so on. Yet, the entire Immortal God Realm, which was shrouded in gloom, was suddenly shining brilliantly, and every one of them were crying tears of joy. Their hearts were shaken the most, and in their minds, they were constantly imagining the scene of Long Chen battling the Ancient Giant Demons.

"He must succeed! After passing through this divine tribulation, he will become the first divine god that appeared in my Divine Realm of Immortality in the last tens of millions of years! Only by becoming a god can he kill the ancient Giant Demons! "

To ordinary people, Long Chen was the realm closest to the Divine Spirit in the Spirit King. They didn't care if Long Chen was at the late stage of the Seven Stars Calamity, they only thought that Long Chen was experiencing a divine tribulation!

When everyone thought that he would become a true deity after experiencing this, bringing peace to the Immortal God Realm, then he would already possess the qualifications to do so!

Long Chen never thought that at this moment, so much power would actually arrive.

This was because tens of billions of lives in the entire Divine Realm of Immortality were all filled with the desire for him to become a god, to transform into a divine god, to massacre a Giant Demon, and to save the common people!

A person's desire was a small matter.

The desire of ten thousand people could change many things.

A million, that was even more terrifying. Think about it, if a million people wanted one person to die, one person would definitely be able to easily kill that person who was desired to die, right?

Then ... 100 million! 100 million! One billion! Ten billion!

This was a mysterious power. From the mouth of the Spirit King, Long Chen knew that this power was called the Power of All Living Beings!

The power of the will of all beings!

It was as if Long Chen had found the path to becoming a true god. He began to understand why even though Long Qinglan had obtained the ancestral dragon's inherited blood essence, he was not able to become a god despite being so powerful.

This was because not many people wished for him to become a god!

But Long Chen was different.

"Is God the god in people's hearts created by all the manmade things?"

If that was the case, it would be too difficult. Could it be that in the Archeozoic era, all of those gods relied on the wishes of countless people to become gods? In the Archeozoic era, there aren't that many people, right? And in the The Age of Dragons, a large majority of the Divine Dragons were existences comparable to gods, so it was definitely not the case for them.

Long Chen did not have much time to think about it, the only thing he wanted to do was to borrow the power of the desire of the living beings, which nearly caused his body to explode, to overcome the Eight Trigrams Calamity!

Long Chen didn't think that this gossip tribulation would come.

After seeing the stone tablet on the Giant Demon's stomach, he entered into a dazed state. His body was gradually torn apart by the ancient Giant Demon's black storm. In that instant, he died so close to himself.

At some point in time, perhaps before he was about to die, he suddenly woke up from his stupor and heard many people crying for him, feeling sad for him. This feeling made him even more miserable, and out of nowhere, he saw Ling Xi, as he saw her rushing towards the Magic Star Seal.

In that instant, Long Chen was so scared that he broke out in cold sweat.

This kind of connection was an extremely mysterious feeling. When Long Chen was experiencing this mysterious feeling and had gained many comprehensions, he suddenly discovered that he had actually triggered the Eight Trigrams Calamity!

This was a necessity in the midst of an accident.

He had reached this point long ago. All he needed was an opportunity to deepen his comprehension. When he was about to die, all the connections were very deep, giving him the qualifications to become a demigod!

After the tribulation of the Eight Tribulations, it was time to form a body of a demigod and use the divine power of all living things.

He just hadn't thought that the Eight Trigrams Calamity would be this powerful. This was way more powerful than the Seven Stars Calamity.

So powerful that when the Ancient Giant Demon was at its happiest, he had to spit him out. If he was allowed to experience this tribulation in his abdomen, then he would definitely be killed by this tribulation!

"What's going on!" The Archaic Giant Demon was furious once again.

At this time, Long Chen had been spat out a great distance. The Immemorial Giant Demon had not even seen clearly when that terrifying Innate Eight Trigram Formation Diagram had already appeared.

"Passing the tribulation? The Apocalypse of Samsara? Damn it! Why did he choose to descend at this time? Although all of these reincarnation tribulations are just a joke, I guess I should still be able to digest this fellow for a bit! "

soul-controlling demon was so angry that he scolded.

In the distance behind him, Mo Xiaolang watched for a long time before finally choosing to hide in the darkness. He saw a pair of eyes inside the Innate Eight Trigram Formation Diagram. He was staring at him, and Mo Xiaolang quickly avoided his gaze.

While he was undergoing this tribulation, the archaic Giant Demon continued to roar. However, he was also afraid of this type of tribulation, so he did not advance forward.

Yet at this moment, Long Chen received the wishful thinking from all within the entire Immortal Divine Region. As this boundless energy swept out, it caused his primordial spirit, body, and the entire level of his life to change.

And at this time, the Celestial Tribulation began to take shape.

This time, it was the innate tribulation of the eight Tribulations. After this tribulation, one could 'return to the origin realm, become a Nirvana Realm Deity' and become a demigod. This was the first step to becoming a Deity. The first step was to transform one's body into half of a body.

It was at this time that the World Tree, the Heart of Rules, and the Divine Palace were born.

Of course, the premise of this was that one had to survive the refinement of the Innate Eight Trigram Formation diagram. This tribulation was countless times more terrifying than the Seven Star Tribulations. And now, this tribulation was gradually taking shape.

Qian, Kun, Xun, Zhen, Kan, Li, Gen, and Qi!

They gathered in every direction.

The eight trigrams formed a world, surrounding Long Chen within.

As long as Long Chen did not die, he could be reborn for this round of refinement.

Chapter 2515 - Ten billion palace

The eight trigram array diagram of the Innate Realm was a major world of its own.

Being besieged and refined in this large world, what Long Chen saw was different from what others saw.

What others saw was a blueprint of the array formation, spinning in between the heaven and earth, shining with a bright light that spread across the entire chaotic star field. Long Chen was already inside the array, so he couldn't see anything.

The Innate Eight Trigram Formation diagram that Long Chen saw was a furnace for the heavens and the earth, an entire world. Around him, the originally flat Eight Trigram Formation diagram had surrounded him from all directions, making him unable to escape from this furnace.

One of them was Heaven, the Earth was Earth!

This was the foundation of the eight trigram formation diagram. The universe formed this furnace world!

As for the other six divinities, they shook like thunder. This was the calamity of ancient thunder. For the wind, it was the same as the ancient Yin Wind. In this Heaven and Earth furnace, there was a fire, a water, a mountain, and even a lake!

In the sky, in the earth, there were tribulations, refining, blowing, thunderclaps, crushing, attacking, binding!

The suppression of the heaven and earth, the tempering of all living things, this was the tribulation of the Eight Tribulations.

The Eight Trigrams Fire, Wind, Fire, Water, and Thunder, were even more terrifying than the five element tribulation, and came from an ancient tribulation. The eight tribulations that Long Chen endured were also different than those of ordinary people.

Long Chen naturally did not know at this time that the wind, fire, water, and earth within these tribulations had already surpassed the level of mortals. This was a vast power that only gods could come

into contact with. The calamity that Long Chen was currently enduring, even if it was a tiny drop of water, would probably still be able to crush a Heavenly Dragon Star outside!

And in front of him, were countless torrents!

Right now, the Immortal God Realm was already extremely weak. There was even less of a need to talk about Dragon Sacrifice Continent, they were almost destroyed. The Nether Demon Ancestral Fire that Mo Xiaolang had attracted was indeed an Ancestral Flame that was born in the beginning of heaven and earth, but to this day, there were only seeds left. If not, just a little of the Ancestral Flame would have destroyed the entire weak Dragon Sacrifice World!

From the The Age of Dragons all the way until now, not only had the divine dragon disappeared, the entire world had long ago been inferior to the world from before.

If the Eight Trigrams Calamity that Long Chen had endured were to be leaked out and all of its power poured into the Immortal God Realm, it would be enough to cause half of the Immortal God Realm to collapse.

When he felt the power of this tribulation, Long Chen finally understood why the gods had disappeared. If they had not disappeared, then this world would probably not be able to endure their power either. It was one thing if they didn't do anything, but once they did, it would result in billions of deaths and injuries.

If not for the ten billion lives of the common people supporting him, Long Chen himself would have been scared by this tribulation. Indeed, this Eight Tribulations was equivalent to a divine tribulation!

It was almost like becoming a god!

This made him especially excited, he had placed all his faith in this battle, but he had lost. Now, in the underworld, with the support of tens of billions of lives, he had obtained a chance at a new life. Then, at this moment, he had no reason not to grasp this opportunity, and smoothly become a god!

Even if he became a demigod, he would at least have the chance to deal with the ancient Giant Demons. He wouldn't be suppressed again.

Now, the ancient thunder came rolling down from the eight trigram array diagram. This thunder had 30 different colors, several shapes, and there were giant balls of thunder. It was like an iron chain, like a spear, it came with the power to destroy the heavens and the earth! There was also the incredibly heavy

flood, and the surroundings were filled with endless mud. There were scorching beast-like flames and powerful black tornados!

RUU...!

Once an attack came, his life would be in danger.

Not only that, the universe was the heaven and earth, while Long Chen was actually fighting against the heaven and earth at this moment, when other calamities arrived at the same time, the heaven and earth was also being squeezed!

The Eight Tribulations actually had the power of laws.

If word of this got out, no one would believe it.

In the blink of an eye, everything surrounded him. The tribulation that was even scarier than the Primordial Giant Demons had all fallen onto his body! After that, Long Chen used the Fire of Life, and used the Fire of the Gods to fight the Ancient Giant Demons ...

The Innate Eight Trigram Formation diagram started to refine Long Chen. If it failed, Long Chen would disappear without a trace, and if it succeeded, he would complete the 'rebirth of the body into the body of a demigod!'

In the Immortal God Realm, tens of billions of lives were gathered with their eyes closed, praying nonstop for Long Chen to become a god.

On Sky Dragon Star, the person he loved was also filled with anticipation as he watched the Eight Trigrams Calamity nervously.

Within the Demon Star, the Ancient Giant Demon roared uneasily, but he still had a strong aura of someone in power. From start to finish, he did not think highly of Long Chen. He was only shocked that this brat had caused such a calamity!

Broken, reborn!

This was a miraculous change.

Every time he was torn apart by the storm, flattened by the flood and crushed by the mountain, his body would be in the midst of rebirth. On one hand, it would be the powerful recovery ability of his fires of life, and on the other, it would be the boundless strength of all living things.

His own success was the desire of every single one of them.

In this kind of situation, Long Chen didn't even need to try his best to resist the calamity. He wouldn't die, his beliefs and all other living creatures' beliefs completely merged, forming a terrifying will!

It was true that his body was in the center of the furnace and he had been on the verge of death multiple times. The power of this calamity was simply unimaginable, and if Long Chen lacked the support of the life's desire, he would almost certainly die instantly.

Usually, he originally wanted to go from the power of a god to the divine powers of all living beings, but that was not right now, because he did not have the power of a god, but only the primordial Power of Reincarnation!

Long Chen was not sure what kind of power he would gain from this transformation.

His body and primordial spirit were currently filled with the energy of all living beings within the Immortal God Region. This was not really a power that could be used in battle, but it was already at the pinnacle!

It was this power that had enabled Long Chen to almost never die!

The tempering continued. Heaven and Earth were suppressed, the tempest was torn apart, thunder was blown apart, the waters rushed in, the giant mountains crushed, the swamp was bound, and the flames burned! The Eight Trigrams Calamity kept repeating, wanting to completely destroy Long Chen from all angles. This kind of attitude was almost crazed, without the Ancestral Dragon Art, there was no way to resist the power of laws within the Eight Trigrams Calamity!

The reason why he could endure for one day and one night was entirely due to the will of the people and the Ancestral Dragon Art!

A day had passed, and everyone was still praying. But Long Chen, who hadn't died even after experiencing a day and a night of tribulation, had undergone a huge change.

Long Chen naturally knew that a tribulation of the Eight Trigrams would naturally not be able to make him a god!

However, because of the power of all living things, he could be closer to the realm of gods than anyone else, even if it was Spirit King which was half a step into the Divine Spirit Realm. Of course, this was only referring to the level of life, and in terms of strength, Long Chen was not limited to that.

The biggest change that happened on this day came from his physical body. As his body was being reborn and destroyed, it was being reconstructed. It was constantly improving and being optimized, causing Long Chen to abandon the mortal's body, and change towards the god. The acupoints and meridians in his body had all disappeared and were replaced by a new structure!

The World Tree extended out from his spine and became a tree branch that connected to every corner of his body. It was densely packed, endless, the entire body looked small, but in reality, it was already infinitely big. Looking from the inside, the size and diameter of a World Tree already exceeded that of the demon star.

Within the boundless World Tree, Heart of Rules had already been formed. Now, Long Chen's sea of consciousness and primordial spirit had undergone many changes and had already reached the center of the Heart of Rules.

At the same time, the entire world's tree, the palace appeared!

Compared to the other strong practitioners with the body of a half god, Long Chen's transformation this time was much more different.

Firstly, the other half god bodies had only formed the World Tree, Divine Palace and Heart of Rules, but in reality, they were not very useful. Just for preparation to become a Divine Spirit in the future, they still used the original power system.

Second, perhaps because of the Divine Path's Heart Refining Dragon's inheritance, Long Chen's heart had become independent from the world tree's system, and it still beat powerfully. However, the blood vessels in his body and the leaves on the world tree were already tangled together.

Third, other people's world trees and shrines were just for show, but Long Chen had already activated them. His Primordial Power of Reincarnation and Mysterious God Force had fused together, giving birth to a new kind of power. This strength had completely surpassed the divine power of all living things, and had formed the strength of a true god! It was comparable to the power of the ancient Giant Demons. It was absolute suppression, possessing the imposing strength of a deity!

The name of this power was 'Divine Source Power'. He no longer had the original strength system, so the newly born strength now revolved within the World Tree. The Shrine was the place where this power was born!

The eight tribulations had just been born, there were only a few million god palaces on his body, and he did not actually use them. He only changed the nature of the power slightly, making it into the divine power of living beings.

These were all formed from the will of the masses!

Why was there ten billion?

The reason was because the ten billion living beings in the Immortal God Realm, were once connected to Long Chen's thread, the thread that provided Long Chen with the power of will, were all connected to this ten billion living beings in the palace. Every single palace had produced a new life form, and their appearances were exactly the same as every single living being in the Immortal God Realm.

had even found Ling Xi and Yang You among them.

Chapter 2516 - Divine Source Power

Back then, when Spirit King used the painting, the power he used had completely surpassed the divine power of all living things. Presumably, this was the power born from the combination of everyone's will and one's own strength.

The Divine Source Power that was born from Long Chen's primordial Power of Reincarnation and All Living Beings' Wishing to come into existence was in reality the foundation of all gods and devils. It's just that to the Primordial Demons, they call this kind of god's power 'Demon Spirit Source Energy'!

Long Chen didn't really know much about the God Realm. He had only become a god in terms of strength and a half-god in terms of flesh, but his true life force had yet to reach the realm of a true god. In terms of strength, he was a full ten times more powerful than an ordinary god's one billion god palace!

The tens of billions of divine palaces were inextricably linked to the people of the entire Divine Realm of Immortality. Currently, a large portion of Long Chen's power originated from the Divine Palace, and the source of the Divine Palace's power, was a portion of the power Long Chen had cultivated for many years.

That's why, as long as everyone trusts him, then his Divine Source Power will never end, transcending everything!

The Divine Source Power was the first huge transformation after becoming a god. He never thought that Long Chen had already completed it the moment he reached the body of a half god during the Eight Trigrams Calamity, and this was a miracle for everyone.

In truth, the majority of the people here weren't clear about the fact that he had become Long Chen's divine palace creature. They only hoped that Long Chen could win and treat him as their god, since they didn't know that they were trying to contribute to him.

Under the wishful thinking of ten billion people, Long Chen's current Divine Source Power was incomparably majestic, and had exploded. However, the newly born body, the newly born world tree, was able to contain such a small amount of energy and send it into Long Chen's four limbs and hundreds of bones. His body was like a world, like a tree, while the other divine palaces lived on it like all other living beings.

To him, this was a perfect body.

If he were to transform into a divine dragon, the World Tree would not disappear, and it would continue to grow along with him.

The end of the Eight Tribulations, however, brought an unbelievable transformation to Long Chen.

At this moment, even though he was only at the Eight Trigrams tribulation of reincarnation, he had a feeling that he was already nearing the realm of the Divine Spirit without end, and some aspects even surpassed the Divine Spirit! This was the first time he surpassed Long Qinglan in a certain aspect. At that time, Long Qinglan was even stronger than he was now, and he had already reached half-step into the Divine Spirit Realm. But even then, he did not give birth to Divine Source Power, nor was he able to utilize the power of the World Tree.

"This power!"

From this power, Long Chen truly experienced the feeling of becoming a god. He felt that this was a very primal and noble power, and to any mortal, it was an absolute suppression. This power was also very ancient, as if it contained endless changes and endless possibilities.

"The Divine Source Power is definitely not the final force."

He could feel that this power could also be transformed into various levels.

At this moment, he had already opened his eyes before the eyes of the ancient Giant Demon.

"World Tree activated, Divine Source Power!"

His pair of eyes that were like red suns opened wide as he stared fixedly at Long Chen. Even as a noble Primordial Demon, he could not believe everything that had happened.

"As expected, it's no wonder that such a genius was born with such a miracle. You have found the right path to becoming a god. However, as long as I devour the Immortal God Realm, you will naturally lose your power." The ancient Giant Demon coldly laughed.

Long Chen naturally knew that half of the reason why he was so strong now was because all living things had become his backing. This way, he had even more of a need to protect these people. Water could carry a boat, but it could also overturn a boat. He understood even more clearly that a true god could not lose his people.

Losing them meant losing all their strength!

His gaze was searching for Mo Xiaolang's figure. Right now, Mo Xiaolang was still very far away, but Long Chen had still found him. However, the other party did not meet his gaze.

"Dodging me?"

It was time for the solution.

Long Chen did not believe that after killing the Primordial Giant Demon soul-controlling demon, he would not wake up. Regardless of whether he was controlled or not, he should still wake up.

As long as soul-controlling demon died, the other Immortals would also have no chance of breaking through the seal. As long as he stopped Mo Xiaolang, the Immortal God Realm and the Dragon Sacrifice Continent would be safe and sound and he would be able to solve this crisis!

They saw the Eight Tribulations disappear outside the demonic star.

That was the moment when everyone was almost suffocating.

"Everyone, as long as we calm down and carefully listen to the inner voices in our hearts, will we be able to sense his presence?"

Just as everyone was nervous about whether Long Chen could pass through the Eight Trigrams Calamity, someone suddenly said.

Everyone focused their attention. Sure enough, everyone could feel the connection between them. For a time, everyone cheered as they cried tears of joy. This immense joy nearly made everyone faint.

When the news reached the Immortal God Realm, it gave rise to an even greater excitement. In everyone's eyes, Long Chen had already become a god in this battle!

For a moment, all the people of the Immortal God Realm were shouting for Long Chen. They all felt that Long Chen needed this power!

RUU...!

With his power now, he was now the same level as the Primordial Giant Demons. Even if he could not use the highest power of the rules, the rules of the Primordial Giant Demons, for the time being, were not very effective on him, because his Ancestral Dragon Art was able to resist those rules!

Originally, the Ancient Giant Demons relied solely on their strength and abilities to suppress Long Chen.

Now, Long Chen had the same level of strength and divine ability as him! So much so that Long Chen's power, like that of a true god, became even more majestic and definitely surpassed the current weakened soul-controlling demon!

The original realm of the soul-controlling demon was the polar state of the Supreme Demon Realm, but right now, he only had the power of initial state. This was the ultimate form of exhaustion.

initial state, Perfection and polar state.

At this time, the Primordial Giant Demon opened his huge wings once more, his viciousness rising as endless devil energy erupted from the entire Demon Star, flooding the entire space below the Magic Star Seal. For a moment, everything became evil, falling into the demon realm, only Long Chen's current Divine Source Power was able to defend him.

"Do you think that just the Divine Source Power is enough to resist my power? That's right, my power, is basically the same as the demon spirit's power source, but that's only at the root. A mortal like you, you simply don't know what a real World Tree is, and what a 'Infinite Divine Art' is! "

Long Chen was currently in a state of hunger and thirst. He desperately wanted to obtain information regarding the God Realm but he knew nothing at all.

He said, "Oh? Then please tell me, what is Infinite Divine Art? "

"Humph!"

The Primordial Giant Demon was filled with disdain and satisfaction. He turned the devil star and spun around Long Chen, ridiculing, "How can an ignorant mortal spirit like you understand the true way of the gods and demons! Even with you acting like this, trying to defeat me in your heart is a bit too ridiculous. So what if I let you know? Demon source energy, since it's an source energy, naturally it's only a foundation. Since it's a demon, then you have to cultivate the 'Infinite Divine Art', a change to the basic demon source energy, turning it into something of a higher nature, more suited to your own strength! Do you know why it's called 'Infinite Divine Art'? This was because the path of cultivation for Fiendgods was known as the 'Boundless Path'! Of course, there's no need for you to understand all of this. "

Long Chen had a rough understanding of the situation.

The Divine Source Power was only its foundation. Through cultivating the 'Infinite Divine Art', it could make a god's power reproduce into a myriad of powers. No wonder the Immemorial Giant Demon's source of power was so much more terrifying.

"The Infinite Divine Art of my soul-controlling demon is called: Agatha's Dark Demon Mysterious Heaven Technique!"

Hu hu!

As he finished speaking, a deep purple colored energy, with bloodstains, was released from his body, instantly controlling the entire demon star. If not for the Magic Star Seal, then it would have probably engulfed the entire Immortal God Realm, this was a majestic and incomparably evil, but it was also a type of supreme power that was filled with hallucinations and disorder. The purple energy was roiling, and evil energy was everywhere, even the Divine Source Power seemed to be corroded by her opponent, and had been forced to retreat layer after layer.

"This is the source energy of the great nether demonic energy!"

In regards to this, the Ancient Giant Demon was extremely proud of being able to suppress Long Chen and destroy his heart. This was exactly the kind of effect he wanted to get rid of Long Chen's confidence, otherwise, it would be much more troublesome.

The reason for this was because he did not reveal a single fact.

The truth was, although Long Chen's Divine Source Power was weaker than the Netherworld Devil Grand Source Energy that he had cultivated in, in terms of quantity, it had far surpassed his!

"The Infinite Divine Art has a total of nine levels. My [Agatha Dark Demon] Profound Heaven Technique is the second level. The second level is death grade, which is even close to the third level! As for your Divine Source Power, it can't even be considered to be of the rank. So, you should understand everything that I've told you today, right? A mortal is still a mortal. Even if you possess the Divine Source Power, it will not change the fact that you're an ant! "

The Primordial Giant Demon's voice was extremely loud. Not only was Long Chen's hearing deafening, everyone on Sky Dragon Star was also the same.

"Oh!"

In the end, he laughed out loud, stared at the Ancient Giant Demon and said: "Although you said that, I want to ask you a question. Why do I feel like you are afraid of me now?"

It had to be said that the other party's intellect wasn't that great. He knew that Long Chen's Divine Source Power was too powerful, so he used its power to threaten Long Chen. Unfortunately, this fellow's acting wasn't very good, and his words were filled with holes, so Long Chen finally understood a lot.

Infinite Divine Art was something that would happen in the future.

Now, he would use the most powerful Divine Source Power, to defeat, and even kill his opponent!

Chapter 2517 - The Battle of the Devils

Back then when he had obtained the God Slaying Sword, Long Chen had been deeply shocked because it was said that the God Slaying Sword had once killed gods.

In his heart, the supreme deity was a ruler that had existed for tens of thousands of years.

They possessed the same kind of power as Ancient Dragon God. After the extinction of the divine dragon, they were the strongest existences ever born in the Dragon Sacrifice World.

What Long Chen was most envious of was naturally being able to break away from the Eighteen Major Tribulations and live forever!

Eternal and immortal.

In fact, the word 'eternal life' was the goal of all cultivators. It was the legendary realm.

The Primordial Demons was almost the same as a god.

What Long Chen was facing right now was a god-like existence he wanted to kill.

To anyone who challenged an opponent like this, the first thing they would have to do was challenge their own hearts. Many people, even if they had Long Chen's ability, would not have the guts to fight against their own beliefs, dreams, and dreams.

Only someone who had truly committed an outrageous crime would have the thought of exterminating the gods and exterminating the devils.

At this moment, his thoughts were already more intense than anyone else's. His heart was filled with boundless desire, a desire to kill his opponent, and everything that happened to him on the Demon Star, he had to shoulder all of his responsibilities, all of his promises and oaths. In order to save his brother, as long as he killed this soul-controlling demon, he could solve everything!

At this moment, the hearts of tens of billions of lives were linked with his own!

At this moment, the hatred and killing intent of tens of billions of lives, in addition to his own hatred and killing intent, also gathered together!

This allowed his Divine Source Power to break past the limits time and time again. Although the Divine Source Power could not compare to the great amount of nether demonic energy cultivated by the opponent's Agatha Nether Demon Mysterious Sky Technique, it still had the largest and most majestic amount. Under the suppression of the great source of nether demonic energy, Long Chen's Divine Source Power sharply increased in strength!

At the moment of counterattack!

Long Chen used his best body when he was at his peak and the Divine Source Power when he was at his peak to shake everything, forcing the dark purple Abyss Demon Great Source Energy to retreat step by step. Long Chen used his own strength to quickly occupy half of the Demon Star, and even continued to suppress it.

With his boundless superiority in power, he created a huge suppression.

Seeing that all of the Nether Demon's source energy had been pushed back, the blood red eyes of the ancient Giant Demon flashed with a storm. This fight to the death was unavoidable!

In his eyes, this Long Chen had already initially completed the first step of transformation onto the road to becoming a divine being. She had initially gained the dignity of a divine being, so in terms of aura and strength, she could completely contend against him!

"Dammit, I have the polar state of the Supreme Demon Realm! If you weren't sealed for tens of thousands of years and your power had flowed away, how would you suppress it? However, polar state is merely polar state, you can't even be considered a initial state god, what qualifications do you have to fight against me! "

"I can kill you!"

BOOM!

The battle began!

Long Chen transformed into an Primordial Blood Spirit Dragon, Soaring in the sky, the Divine Source Power kept on flowing, becoming more majestic like an endless river, vast and mighty, it formed a terrifying impact, shaking towards the soul-controlling demon again and again!

With the power of the Nether Demon Abyss Mantra, Long Chen could feel that the power of the second stage 'death grade' Infinite Divine Art, he needed several portions of Divine Source Power in order to suppress the opponent's Nether Demon Grand Source. If Long Chen's Divine Source Power was a wooden sword, then the opponent's Nether Demon Grand Source power was an iron sword!

Shoo! Shoo! Shoo!

This was a power that only the gods and devils could control. Just the passing of this power alone would be enough to kill fifteen Dragon Emperors, sixteen Great Demon Masters and the other top experts with it!

"This is the difference between a Fiendgod and a mortal spirit, right?"

No matter how strong the Dragon Emperors were, once they met with the power of the gods, they would not collapse. Let alone the rules, just the power of the Infinite Divine Art itself was enough to destroy the world!

If not for the fact that the devil stars were terrifying, at the current level of Dragon Sacrifice World, it would be impossible for them to withstand the power of this devil god!

"Gather!"

However, Long Chen had a lot of power, and the thing that the Ancient Giant Demons lacked the most was precisely the thing that he lacked the most!

condensed the ability 'Blood Spirit Spikes' of the Primordial Blood Spirit Dragon, and as he used it all, the Divine Source Power became a sharp storm that swept through the entire devil star, causing sand and rocks to fly, heading straight for the remaining half of the Ancient Giant Demons that were trapped in the deep abyss!

BOOM!

The great nether demonic energy of the Ancient Giant Demon was torn apart by the enormous Divine Source Power. With Long Chen's single attack, a bloody hole was left in the Ancient Giant Demon's chest.

Puff!

Blood burst out!

This time, it was the first time Long Chen suppressed the Ancient Giant Demon with the power of a frontal battle.

"Roar!"

In front of Long Chen, the Ancient Giant Demon was like a wild beast. His injuries had further stimulated his fierceness.

However, he had already completed a breakthrough.

Now, in terms of strength, he had defeated an existence that was comparable to a god.

This also proved to him that slaughtering gods and exterminating devils was not impossible, and saving the lives of the common people was not impossible either. All of these things were very close to the current Long Chen.

Most importantly, he wanted to find that Mo Xiaolang from back then.

Success meant an earth-shattering change!

After witnessing the power of the Infinite Divine Art, he knew that if the Ancient Giant Demon wasn't weak, it would definitely have many other terrifying abilities. What he wanted was to take advantage of this opportunity to kill him regardless of anything!

There was no battle that was more exciting than the current Long Chen!

He used the Divine Source Power to fight the Immemorial Giant Demons, and right now, all of the devils on the Demon Star had already dodged and dodged. In this battle, he had accidentally injured many people. What Long Chen discovered was that those devils that had been injured by the Divine Source Power or the Underworld Devil Grand Source Energy were all real dead, with no one left with nine lives and no infinite lives.

It seems that the infinite life of a demon is not that it cannot be killed, but that it has not truly been killed.

The Divine Source Power could truly turn them into ashes in one go.

But there was no other way, without using his full strength, he wouldn't be able to kill this Ancient Giant Demon. Therefore, this kind of accidental injury was unavoidable for Long Chen!

In this battle, not only was the devil planet trembling, all of the planets in chaotic star field were violently trembling. The Immortal God Realm was also not calm, if not for the fact that the gods and devils were unable to charge out of the Magic Star Seal, the current chaotic star field was probably completely destroyed!

"Roar! Roar! Roar! Roar!"

On the demonic star, the ancient Giant Demon roared again and again, and his body was covered in many bloody wounds. The range of the large nether demonic energy was also retreating step by step. Currently, almost the entire demon star was being controlled by Long Chen's majestic Divine Source Power!

In the Immortal God Realm, at this moment, tens of billions of lives were cheering for Long Chen. Their mind's will, was precisely the boundless energy born from Long Chen's body.

Although the Ancient Giant Demon was an existence comparable to gods, in his heart, Long Chen was still a god. Only he, was qualified to kill someone of the same level!

Everyone's eyes were red, shouting and roaring, as if they were fighting together with Long Chen. In reality, what they did not know was that they were indeed fighting together with Long Chen. In this tens of billions of lives, any one of them was Long Chen's most solid support!

If it were not for them, Long Chen would not even be able to pass through the Eight Trigrams Calamity!

In the battle of strength, even though the Archaic Giant Demon could not believe it any longer, he was still completely defeated, in the aspect that he was the most proud of!

The scars on his body was evidence!

"Dammit, he only passed the tribulation of the Eight Trigrams, how could he become so powerful? He must have found the path to becoming a primordial god and embarked on it, but how could the path to

becoming a primordial god be so strong?" "If they were that strong, how could they have been eliminated?"

The ancient Giant Demon had 10,000 questions in his heart.

"Divine Law!"

Although his every action and action right now possessed the divine might of the laws, giving him a terrifying pressure against mortals, those rules were useless against Long Chen. He could only use the rules and techniques he had comprehended from them!

"Bloodthirsty."

When this rule was displayed, the Ancient Giant Demon's appearance immediately changed.

The Moon Demon had turned from a human into a blood-red Giant Demon. As for the ancient Giant Demons, their black scales had changed, finally turning into a blood-red color!

The entire body of the ancient Giant Demon suddenly turned blood-red, as if his entire body was filled with lava. An endless bloodthirsty aura was added to the demonic energy, and instantly, countless blood mist filled the air.

The bloodthirsty state allowed the Ancient Giant Demons to stimulate their own potential, allowing them to enter an even crazier and more bloodthirsty state. His originally weakened Netherworld Great Source Energy suddenly soared, and at the same time, a bloodthirsty force was added which caused the power and power of the Netherworld Great Source Energy to continue to rise!

On the surface of the black demon star, a bloody beast that looked like lava had appeared!

From the outside, the cracks of the Magic Star Seal revealed countless glimmers of blood.

"Ssii!" This roar shook the entire world!

He believed that even in the Dragon Sacrifice Continent, countless people would hear such a brutal voice!

"Die!"

The Blood Giant Demon's eyes were burning hot as he looked at Long Chen. His sharp tail had also struggled free from the seal, so this was similarly a terrifying weapon.

"Hiss, hiss, hiss!"

This sound came from the long blood-red tongue that covered the depths of the ancient Giant Demon race.

At this moment, Long Chen was right in front of him. The glow of his Divine Source Power was now equal in strength to the other party's Nether Demon Grand Source Force in his bloodthirsty state!

But from the beginning to end, Long Chen's expression had never changed.

BOOM!

In the blink of an eye, the two collided once again!

"Karma Royal Sword!"

In that instant, Long Chen transformed into the God Realm's Heart Refining Dragon. Immediately, the light of justice and order merged with the Divine Source Power, becoming even more majestic and violent!

The Sword World merged into one, enveloping the entire planet.

Chapter 2518 - Rules of the Gods

After obtaining the Divine Source Power, the Ancestral Dragon Art that was being used now had a new difference.

Looking at it from the current perspective, it used to be more like a child's play. After all, even the Power of Reincarnation was unable to fully display the characteristics of the Ancestral Dragon. But it was different now. The level of the Divine Source Power was enough for Long Chen to slightly display the divine might that a The Age of Dragons ruler possessed.

It was the ancestor who stood above all the other divine beings.

The Divine Path of the Heartdragon. The Karma Emperor Sword.

The sword realm was one, and in the Karma King Realm, the bloodthirsty and evil Primordial Giant Demons seemed to be facing the cruelest of trials. This was undoubtedly a rule that was maintained by the heart dragon of the divine way, and the most forbidden thing to appear was the evil demons that destroyed justice and order. So against this ancient Giant Demon, the Karma King Sword, supported by the Divine Source Power, displayed an incomparably terrifying divine might!

When the sword slashed down, the sky and earth lost their color!

The ancient Giant Demon was bound by the endless karma. His bloodthirsty state melted under the Karma King Sword, and the power that he had released earlier began to dissipate. Under the Karma King Sword, he was almost in a state of collapse!

"Roar!"

Other than roaring, there was no other choice for the Ancient Giant Demons as they condensed nether demonic source energy to tear apart the Karma World. Right now, he only had brute force!

He gathered all the Nether Demon Grand Source energy into a claw, blocking in front of the Karma Royal Sword!

This was another contest between Karma King Sword and the great nether demonic energy!

Last time, the Immemorial Giant Demon used such a small amount of power from his Nether Demon Grand Source to look down on Long Chen. In the end, his arm was chopped off by Long Chen and it had already sprouted back when he was in his bloodthirsty state.

But now, when the strong powers clashed, the Primordial Giant Demon's arm with a portion of shoulder was completely sliced off by Long Chen!

Rip!

Blood gushed out!

The power behind this strike was too strong, even Long Chen himself did not expect it, and slashed into the abyss, injuring the Magic Star Seal.

The outcome of the strongest Long Chen fighting against the weakest and most struggling Primordial Giant Demon was obvious.

This time round, completely demonstrated that the opponent's power of laws were not even comparable to Long Chen's Ancestral Dragon Art.

All of this was so hard for him to believe. He began to regret why he did not kill Long Chen in the beginning, but now, this mere mortal spirit was already this strong!

Shock and panic!

The group of demons watched in a daze. They had never imagined that their master would be injured by the enemy, and even be completely crushed!

Long Chen also did not expect that, for him who had just started, he naturally did not think that he would be able to slay demons!

It had only been a single sword strike, and it hadn't been able to kill his opponent.

At this time, the ancient Giant Demon once again displayed a new rule.

"Chaos spacetime!"

Weng! *

Rules were much stronger and more mysterious than the Heavenly Dao. They were a method of controlling the natural laws with the will of the mind. There were billions of rules in the world. As long as one could understand and control these rules, they could be turned into their own.

This was how the chaotic spacetime worked.

In a short period of time, the space of the entire demon star underwent a huge change. Everything became chaotic in an instant, such as: up, down, left, right, changing, such as hallucinations, countless ghosts, such as the descent of darkness, the transformation of all living things, and so on.

In these chaotic laws of space and time, everything seemed different.

Everything he could see and hear were all in a state of chaos, and would even affect his attacks!

In truth, everything that the Ancient Giant Demon had seen was normal.

And in Long Chen's world, under the crushing influence of the Ancient Giant Demons, they faced east, then west, sometimes they were incomparably huge, and sometimes they were extremely small!

His angry roars came from all directions.

This was the first time Long Chen experienced the power of the Rules the most.

"So that's how it is. This is the rule."

"If not for the fact that my mind was damaged and my Heart of Rules was incomplete after being imprisoned for millions of years, I would have had eighteen types of power of laws in my polar state back then. "It won't even be easy to die."

"So, you can only lose to me now, right?" Long Chen said with a faint smile.

Even though his heart was filled with rage and hatred, he was still calm and clear-headed in this moment of battle.

"Keep dreaming!"

The ancient Giant Demon's voice became more and more distant.

It looked like he was going to unleash a new attack.

In the blink of an eye, Long Chen had turned into a Taiji Creature Dragon. With his body as the center, fifteen dragon heads faced in all directions.

"I would actually like to see if the Taiji Creature Dragon's Ancestral Dragon Art can break apart the power of laws."

In his heart, the Ancestral Dragon Art stood above all other rules.

This was because the Ancestral Dragon Art was the supreme rule of heaven.

Fourteen life formations were born and engulfed around him, completely surrounding Long Chen within a short period of time.

"Turn!"

The fourteen spirit arrays started to revolve, and Long Chen could see that the entire space was filled with the uncontrollable derangement of the Ancient Giant Demons' rules.

This was a fusion of the world's power and one's power.

The whole world was made up of countless rules.

The fourteenth formation could also break down the power of laws!

Although it was not that easy, with the support of the Divine Source Power, he had become much faster. The Ancient Giant Demons' rules started to crumble once again, and at the same time, he was faced

with the danger of Long Chen condensing the power of the rules into fourteen types of powers to attack him!

RUU...!

The disintegration of chaotic spacetime was extremely quick. Within a very short period of time, the 14 living formations formed the sun, moon, stars, mountains, trees, wind, rain, thunder, etc!

After fusing with the power of laws, the fourteen formations had become different.

Now that he appeared in front of Long Chen, there was no room for him to dodge at all.

"No!"

After he roared all his life and evaded awkwardly, Long Chen launched the attack of the Fourteenth Life Formation!

Hate!

At this moment, the hatred of the tens of billions of lives combined with his own.

This was an opportunity to kill his opponent, and was not to be missed. After waiting for a long time, Long Chen had finally found this opportunity;

Now, all of his responsibilities, fury, hatred, protection, as well as his oath to Ling Xi and her promises to everyone had been gathered together. It made him unimaginably hateful.

Calm analysis, violent attack!

At this moment of berserk, all of his resentment and hatred turned into a terrifying storm that engulfed the entire demon star like a tornado!

Rumble rumble rumble!

The formation that was within reach of the Archaic Giant, all of it blasted towards it. This was a combination of the opponent's power and his own!

Rules plus Divine Source Power, Ancestral Dragon Art!

BOOM!

With an explosion, flesh and blood flew in all directions!

Even though the Archaic Giant Demon had used many methods, he was still unable to stop the continuous bombardment of the Fourteen Fiends' Formation. In that instant, everything seemed to have come to a halt.

Hu hu!

The strong wind continued to sweep through, dispersing everything in its path! "Aoo!"

Long Chen broke through the black dust, lowered his head, and saw that the Ancient Giant Demon had already disappeared into the abyss. He was right in front of him, and should be on his last breath, so Long Chen quickly found him.

Although it was badly mangled, Long Chen could still see his broken lower body.

"I never thought that the power of this attack would be so strong that it would be able to knock him out of the Magic Star Seal!"

But right now, Long Chen was not afraid. He quickly rushed to the front of the Ancient Giant Demon's eyes, and now that the Ancient Giant Demon was seriously injured, his body was already weak to the extreme. This kind of injury was something that he could no longer recuperate from.

When he saw Long Chen, he, who was still in a daze, was immediately scared stiff. He flapped his broken wings and wanted to rush up, but Long Chen did not give him the chance.

Towards this kind of opponent, in order to prevent him from having other methods, Long Chen would naturally use the fastest speed and do everything possible to kill the opponent!

"Death Realm's Dragon Gate!"

Long Chen transformed into an Primordial Blood Spirit Dragon. This time, it condensed into a huge Death Realm dragon claw, pressing the entire Ancient Giant Demon into his palm.

"Long Chen! Don't let me enter the Death Realm! We can talk! If you have any conditions, just tell me!"

The archaic Giant Demon panicked. Only now did he realize that he was truly afraid of that world.

Long Chen's Death Realm Dragon Claw quickly retracted, not even giving the other party a chance.

"I can tell you many secrets, including the 'Origin Dragon Soul', and even the gods of the Immortal God Realm. I will tell you everything you want to know!"

The ancient Giant Demon screamed in a sorry state.

Long Chen paused in his movements. He really wanted to know more about these things, but if he did not kill his opponent, with the opponent's strong primordial power, once he found the chance, he would be the one to die.

His power was about to explode, wanting to tear the Death Realm Dragon Claw apart. This kind of dangerous thing, giving the other party a little time, would be stupid. Long Chen thirsted to know these things, just like how the Ancient Giant Demons thirsted to control Long Chen, making Long Chen into his puppet. The Ancient Giant Demon had left Long Chen behind, but Long Chen would not be like him. He would rather endure than to find out all these things, in order to kill the Ancient Giant Demon!

"Whiz!"

In the blink of an eye, the power of Death Realm's dragon claws increased as they pulled the Ancient Giant Demons away. Before the Ancient Giant Demons could struggle free, he had already pulled half of their bodies into the Death Realm!

"Damned ant!" Do you think you won just like that? If you dare to pull me out of the seal, my brothers will be born within three days and will be torn apart! "

With that, the Death Realm's Dragon Gate closed!

Rumble ... the ancient Giant Devil Qu had completely disappeared from the demonic star.

Chapter 2519 - Silent Demon

After the Death Realm's Dragon Door closed, the aura of death that filled the sky also disappeared.

The great nether demonic energy that had engulfed the entire demonic planet due to the existence of the ancient Giant Demons had completely disappeared.

The Dark Star gradually quieted down.

This kind of silence was something that stunned even Long Chen himself.

Now that he had transformed into his human form and stood under the Magic Star Seal, his mind was completely blank as he looked at the Demon Star that was riddled with holes in the battle.

The reason he came to the Demon Star was to wake Mo Xiaolang up and tell him to stop destroying the Magic Star Seal.

He never thought that he would actually have the ability to kill an ancient Giant Demon that was comparable to a god. Although Qu Hui did not really die and he was only sent to Death Realm by Long Chen, he would never be able to come back.

At the very least, he would not continue to appear on the Dark Star.

This battle had a huge impact on everything he had. Compared to his battle with the Spirit King, this battle was even more important to him.

He carried countless responsibilities and promises, and at the same time, carried a deep desire. It was his apology to Mo Xiaolang, and his determination to rescue him from this place. He had engaged in a battle that was destined to be impossible from the very beginning. In the end, if it wasn't for the help of tens of billions of lives and his own eventual transformation, he would be the one who would disappear from this world today.

In a month's time, every living creature in the Dragon Sacrifice World would become the food of the ancient Giant Demons.

Fortunately, none of this happened.

Even now, the Divine Source Power on his body was still majestic, domineering, and comparable to a god or devil. It could be said that the current him was closer to the Divine Spirit Realm than anyone else. As long as he followed the rules of the heaven and earth, and passed through the Nine Palace Calamity and divine tribulation, he would inevitably become a true god!

Because, right now he had already completed the most crucial step in the process of becoming a god, something that even Long Qinglan did not have in the past.

That was the fusion of the various living wills with the primordial Power of Reincarnation, giving birth to the Divine Source Power.

The level of the Divine Source Power was vastly different from the divine power of all living creatures in the Dragon Emperor.

Right now, he truly felt like he had become a god.

Maybe if Long Chen met with an expert like Spirit King once again, he would be able to easily defeat him with the help of his Divine Source Power.

At this moment, he was like a god that ruled over the world.

And at this time, for people outside of the devil star, the most intense battle from before had suddenly stopped. Everyone had clearly heard the last miserable shriek of the Immemorial Giant Demon, and clearly knew that Long Chen was still alive.

After all of this was over, their emotions were exactly the same as Long Chen's ...

"Is it over? Long Chen, he defeated the Ancient Giant Demon? "

Even though everyone knew that it was like this, they still wished for something like this to happen. Yet, it seemed that no one was prepared for it. To them, this was simply a dream.

When they found out that the devil star was in danger, everyone was in a state of despair, constantly imagining how miserable it would be if that day were to happen, how many people would lose their homes, loved ones, and their lives.

"Unbelievable!"

Dragon Emperor and the Great Demon Masters all sighed deeply.

They looked deeply in the direction of the Demon Star, and right now the Demon Star had already quieted down. Although the Magic Star Seal had more or less been destroyed, at least it had stopped, and they believed that with Long Chen's strength, he should still be able to stop Mo Xiaolang.

Perhaps, he had already succeeded!

After a long while, the Dragon Emperor, the Great Demon Masters, the Holy Mage and the Ocean Emperor could not help but cheer and hug each other. This kind of excitement was too huge, even at their age, they could not help but laugh and leave, not caring about their own image!

Yang You held Ling Xi's hand tightly and said gently, "You can relax now, right? "Obediently go back."

"Yes."

Ling Xi nodded obediently, she took one last look at the devil star, the black planet was surrounded by the black vortex, the one she loved the most was inside.

The news of Long Chen killing the Ancient Giant Demons was naturally spread to the entire Immortal God Realm. By now, almost all the living creatures in the entire Immortal God Region had been connected, so the speed at which information was transmitted was simply too fast. In just an instant, it had practically spread to every corner of the world.

At first, everyone was stunned.

After a long while, as the first person cheered, the entire Immortal God Realm cheered.

"Slaughter the Dragon Emperor!"

This name shook the world!

Perhaps at this moment, this name had a soul within it. If others were to bring up this name, their hearts would tremble with reverence. Compared to the Eternal Dragon Emperor s, they were even more revered!

This belonged to Long Chen!

This cheer was destined to last for days and nights, but it could not release the excitement in everyone's heart.

This was the equivalent of slaying a god!

In these tens of thousands of years, no one could complete it, but Long Chen succeeded! He became a real god!

Even the spirit race clansmen were rejoicing, because in the future, Ling Xi becoming a Spirit Master would be a great thing for them. It was indeed the defeat and death of the Spirit King, but it had started a new era!

But to Long Chen, he had yet to accomplish the most important matter.

This matter, was none other than Mo Xiaolang.

With the death of the Immemorial Giant Demon, all the demons on the instantly escaped from the control of the soul-controlling demon. They crawled out from the corners one after another, their eyes turning clear and bright.

There was no need for Long Chen to explain, they naturally knew what exactly had happened.

Seeing that all of them regained consciousness, had escaped from their countless years of control, and had regained their freedom, Long Chen was sincerely happy for them. He became excited in his heart, because what he was looking forward to the most was Mo Xiaolang's awakening.

As long as he returned to his original state, Long Chen was willing to do anything.

If Mo Xiaolang was not controlled, then there was no reason for him to pretend to be cold and detached anymore with the death of the Primordial Giant Demon.

It would be even better if he was controlled.

With the death of an ancient Giant Demon, he could completely recover.

So when he found Mo Xiaolang's position, in the blink of an eye, he was right in front of him.

In front of him was a black-robed youth who was hidden in the darkness. When Long Chen saw him, his heart skipped a beat;

That cold and indifferent gaze of his caused Long Chen to have a bad premonition in his heart.

The reason why the demons were so strong was to prove to Mo Xiaolang. Although to him, the Primordial Giant Demons were extremely scary, in Long Chen's eyes, they were not scary at all, they could still be killed!

"soul-controlling demon, Qu Qu is dead. You were indeed not controlled by him, but now you are still like that. Why? "

Long Chen's heart had turned cold, but he was baffled by the disgusted look in Mo Xiaolang's eyes.

He said, "I said, this is how I am. I don't know you. Also, you just killed the weakest Qu, his strength is already exhausted beyond recognition. If he wasn't a member of the Archaic Giant Demons, with his ability, he would have already been killed by the other Archaic Giant Demons at the exit. "

Long Chen's body trembled, and he said in shock: What did you say?

had thought that as long as Mo Xiaolang recovered, then everything on Demon Star would be over, and the real peace in the world would come, and his mission would also end.

But he didn't expect to hear these words.

Mo Xiaolang lowered his voice and said, "I'm saying, don't be happy too early. It's not over yet. Now you just so happen to be the one to kill Qu. Look at the abyss, Qu is gone, a gap has appeared in the seal, the ancient Giant Demon under him is about to squeeze out from the seal! "

BOOM!

To Long Chen, this was undoubtedly a bolt from the blue.

He didn't understand the seal on the Demon Star, but he also didn't think that it was because the outermost layer of the seal had prevented the other ancient Giant Demons from coming out.

Hearing Mo Xiaolang's words, his gaze had already landed on the abyss. He could already feel that there was an even more terrifying demonic aura awakening in that abyss right now, born!

"He also cannot break out of the seal, but the seal can only trap half of him. Once this ancient Giant Demon comes out, it's not certain if you can still beat him."

Mo Xiaolang said behind Long Chen.

Long Chen could already feel that the Ancient Giant Demon below was stronger than Qu Hui, it was terrifying! It was even more difficult to deal with! Although it was impossible to completely break out of the seal, it was still difficult to deal with. It was most likely another fight to the death!

His entire body suddenly trembled as he turned around to look at Mo Xiaolang. He thought to himself, "Although he rejected me, his words seemed to remind me that the other group of demons called all the Ancient Giant Demons master, but he called them Ancient Giant Demons."

Seeing Mo Xiaolang's cold and indifferent eyes, he seemed to have understood something.

Right at this moment, he suddenly made his move. The Divine Source Power condensed on his fist, instantly broke through the space, and smashed onto Mo Xiaolang's body. The tyrannical power instantly shattered the inside of his body, causing him to fall into a dazed state.

Without Ling Xi by her side, Long Chen could only use such a crude method to trap him. If there was Ling Xi, he would immediately be sealed.

In that situation, Long Chen quickly threw Mo Xiaolang into the God Kingdom.

As long as the Magic Star Seal was not at that critical point, the people outside would be fine. As long as Long Chen stayed within the demon star and fought with the Immemorial Giant Demons, he did not know the final solution. He only knew that he had to restrain it!

This was what Mo Xiaolang had reminded him.

Long Chen firmly believed that he was definitely reminding himself.

Therefore, Long Chen had dealt with him in such a manner.

From today onwards, the movement of the Magic Star Seal would stop, unless the newly-appeared Immemorial Giant Demon killed Long Chen and made him reappear!

He was already prepared to wait for the birth of that ancient Giant Demon!

A familiar feeling appeared.

"Perhaps it is the Silent Demon that possesses the Immovable Devil Eyes. Cultivate it."

Long Chen could already feel it.

Chapter 2520 - The Heavenly Devil King has been on the divine path since time immemorial

Maybe Mo Xiaolang had warned them, or maybe he had thought about it too much. In any case, he had temporarily imprisoned Mo Xiaolang in his own Divine Kingdom and so he had nothing to worry about. He could deal with all the Ancient Giant Demons peacefully, and Long Chen believed that with his current abilities, protecting himself wouldn't be a problem.

If he did not have the Divine Source Power and the body of a half god, imprisoning Mo Xiaolang right now wouldn't be an easy task either. At the very least, he wouldn't be able to do it so easily.

After all, he had fought very hard against the Moon Demon Zero Demon before, and at that time, Mo Xiaolang had also fought against the Moon Demon Zero Demon before, so it was almost a tie.

Beneath the Magic Star Seal, sending messages using the Star Symbols definitely wouldn't work. Through the connection between Long Chen and the others, and the connection between him and Yang You in the Divine Palace, Long Chen had only given it a try.

"Chen Er?"

Yang You was pleasantly surprised.

"It's me, Aunt You."

Yang You quickly asked, "Why would I hear your voice?" You are in the Demon Star. "

"Let's talk about this later."

Long Chen could tell that there was no worry in her voice, only excitement. It seemed that she thought that the turmoil on the Demon Star had ended.

There isn't much time left, the Silent Demon is about to come out, he immediately said: "The situation now is like this, I had previously defeated the Ancient Giant Demon that controls demons, Qu, and sent it to the Death Realm, but now the group of demons on the Demon Star is out of my control, but the Little Wolf is still a little strange, he needs me to work hard, and furthermore, the seal inside the Demon Star is heavy, and now the next Ancient Giant Demon is about to get up, and the matter is not over yet, I have to think of a new way, but you don't need to worry, I have enough self-protection now, the Little Wolf is already under my control, at least he will not destroy the Magic Star Seal anymore."

"Is that so? Alright, be careful then. We will take care of everything that happens outside. Everyone is waiting for you to come back. Don't let anything happen to you, your life is more important than anything else. "

"Yes."

Speaking to this point, Long Chen was no longer able to talk to Yang You, because a new Immemorial Giant Demon had already appeared. He had always been at a position below Qu, and now that Qu had disappeared, he could no longer focus on talking.

In the blink of an eye, half of the body of this legendary Silent Demon struggled free from its body, while the other half had been tightly sealed by the seal created by the Demon Star.

The seal was like a transparent mucus that firmly suppressed the devils.

The newly-appeared Immemorial Giant Demons were of a different type from the soul-controlling demon s. He was a Silent Demon cultivator, so his everything was different from the soul-controlling demon's.

But the Silent Demon's body was slightly smaller, it wasn't as sinister as the soul-controlling demon's. What was different was that he had two pairs of wings in total, and her head was a little like a bat covered in scales. The blood-red threads that surrounded her body were twice as dense, and the density was as high as the soul-controlling demon's.

The most eye-catching thing was his eyes, which were two huge eyes that seemed to be the core of the Silent Demon. Although the soul-controlling demon was big in size, when two eyes were added together, they were not as big as a Silent Demon eye.

Both eyes were currently moving in a strange manner. Although they did not have any expression, it was still suffocating.

This Primordial Giant Demon silently appeared below Long Chen's feet like his name. Then, he used his extremely deep and strange spinning eyes to look at Long Chen without batting an eyelid.

The entire demon star seemed to have lost its voice.

The group of demons had already awakened, and they all hid far away to watch, not daring to get close. The Silent Demon did not seem as scary as the soul-controlling demon, but this was only its appearance, the Primordial Demons was a symbol of evil, this Silent Demon had an extremely terrifying evil aura, and compared to the one Long Chen had killed, it was even more evil, it was just that he was extremely restrained.

Long Chen saw intelligence that the soul-controlling demon did not have.

"This guy is even harder to deal with!"

Obviously, he was already ready to kill him.

Fortunately, he had already told Yang You about the situation here. This way, if there was any more commotion, they wouldn't be too worried.

With Yang You's communication, everyone already knew the situation inside the demon star.

At least, he did not need to worry about the Magic Star Seal collapsing. Unless Long Chen was killed, he would not be able to control him.

In Long Chen's world, whether it was the voice or the scene, everything was disappearing. It was the same for the entire Demon Star as this was a change brought about by the Silent Demon.

Weng! *

Right at that moment, the Silent Demon's spinning eyes suddenly stopped when it saw Long Chen.

At that time, it was as if everything in the world had quietened down, as if all the rivers on the planet had stopped flowing, and sand and dust had stopped flying. The demons still maintained their original expressions, and the only thing that could be changed was their frightened gazes.

"This is the Unmoving Devil Eyes?"

When the group of demons had formed a formation array to cast the Immoveable Demon Eye, compared to the Silent Demon, the difference was too big. This was true divine might. This was the power of understanding and of being born from the Laws. 'Immovable' was one of them.

Under the restriction of this law, Long Chen was unable to move. The entire devil star was suppressed by this kind of law and there was nowhere to run.

It was obvious that he was cultivating a different kind of Infinite Divine Art. Although Long Chen did not know what it was, he could feel that it was not as brutal as the Nether Demon Grand Source, but it was longer, more majestic, and more evil!

"You know very little about Fiendgods."

At this time, the Silent Demon looked at him slowly, and used an extremely wise and gentle voice to talk to Long Chen.

He opened his mouth, and a tongue that was as red as a snake's tongue came out from within, extending out in Long Chen's direction. At this rate, Long Chen, who had unmoved by his devil pupils, would roll him up with his tongue, and then, swallow him into his stomach.

Silent Demon always hunted like this.

In his world, nothing moved.

"My strength, was obtained from the cultivation of the Infinite Divine Art 'Devil King Acalanātha's Way of the Gods'. It's called the 'Power of the Primordial Demon God'! Compared to the large amount of nether demonic energy in Qu County, it was slightly more peaceful, but also a bit more powerful. It was also the second stage 'death grade' of the Infinite Divine Art. Initially, I had wanted to turn you into my race and would also have given you the Infinite Divine Art, but unfortunately, you do not have this chance. "

When Long Chen heard this, his tongue had already approached Long Chen's.

The hundreds of meters long bloody tongue looked really disgusting.

"Immovable Demon Eye is the power of the laws. You are still unable to come into contact with it. Once you have comprehended the laws and use the spirit energy as a guide and the demon spirit source energy as the basic, you can draw upon the laws of the world and use them. "

During this entire process, the Silent Demon had already wrapped its tongue around the motionless Long Chen and slowly pulled him towards its direction. Although it was slow, Long Chen was also unable to struggle free.

The reason he said all these was because he was going to swallow Long Chen whole.

The entire demon star was actually covered by the ancient demon god's power. This extremely evil power confined everything, allowing him to hunt, kill, and do all sorts of evil things in this silent world.

Long Chen had tried countless of times, and with his vast Divine Source Power, he would definitely surpass the opponent's ancient devil god strength in terms of numbers. But even so, he was still unable to struggle free from the opponent's control over the rules, on one hand, the opponent's divine laws were simply too powerful, and on the other hand, it was naturally because after cultivating the Infinite Divine Art, their world tree had changed, and the ancient devil god's power had become even more superior!

Regarding the Infinite Divine Art that they mentioned, Long Chen still did not have any thoughts right now.

If this continued, he would really feed the Silent Demon.

"Eye of Hell!"

Long Chen had no choice but to summon his Heaven Smiting Sword. The God Slaying Sword had a spirit, with just a thought from Long Chen, it would automatically be used. The God Slaying Sword had just used the Eye of Hell to open a small gap, then Long Chen held onto the sword, completing the Eye of Hell!

BOOM!

This was the first time he used the Divine Source Power and the Eye of Hell!

In addition, at this moment, the God-Slaying Sword had already reached the level of 990 runes. Now that it had become a Limitless Dao-item, it was even close to nine hundred and ninety-nine.

On the Magic Star Seal behind him, two incomparably large green eyes appeared. For a moment, green rays of light illuminated the entire Demon Star, forming countless sword beams, as if they were mutually restraining and ripping apart the area controlled by the Unmoving Devil Eyes.

This was how Long Chen gained his freedom.

Last time, this was how he escaped from the Immoveable Demon Eye.

"Eh, I didn't expect this thing to be so destructive."

The Silent Demon's emotions did not fluctuate too much, but it felt a little strange. Or perhaps this was how he faced everything with the most calmness and serenity.

It was different from soul-controlling demon's fiery temper.

However, this kind of Silent Demon seemed to be even more terrifying, because this way, Long Chen wouldn't know his weakness.

The God Slaying Sword tore open the Unmoving Devil Eye, Long Chen was prepared to attack first to gain the upper hand, the God Slaying Sword flashed past, Long Chen immediately used his human form, instilled with a huge amount of Divine Source Power, the God Slaying Sword!

Rip!

The long sword tore the sky apart as the Divine Source Power erupted with a peerless light. It pierced through the darkness and reached the limit of its speed.

"Don't move!"

The Silent Demon slowly spoke two words. This attack, which contained an unparalleled sword beam, actually stopped in midair.
