

## War God 2521

### Chapter 2521 - Creation of a Divine Equipment

This battle was different from the one he had with the soul-controlling demon.

At that time, with endless hatred and desire, Long Chen wanted to kill the soul-controlling demon as soon as possible to save everything and fulfill his promise. And now that the Magic Star Seal was safe, he only needed to save his own life.

This was also what Yang You had instructed him to do.

Therefore, he was not anxious at all. Even if his sword attack had been destroyed by the other party, he was still very calm and collected. He continued to stay far away from the Silent Demon, and this time, he did not even take the initiative to attack.

At this time, the group of demons recovered their ability to move, so they hurriedly ran away. If they stayed in this god-level battle range, there was a high chance that they would be accidentally killed.

Very quickly, only Long Chen was left above the God Burying Mountain, facing this slow-moving Silent Demon.

"In all the thousands of years, there has never been a human like you in the Dragon Sacrifice World. You must have many secrets that we can't understand. As long as I swallow you up, I can have all your secrets! "

All the Ancient Giant Demons came from the same origin, so they all had certain feelings for each other. Just for this reason, he had to kill Long Chen.

Needless to say, Mo Xiaolang was still under Long Chen's control.

Long Chen held onto the God Slaying Sword and said: "You are much easier to talk about than Qu Clan. To be honest, you have been imprisoned here for tens of millions of years and have suffered greatly, but

it is true that behind me, there are hundreds of millions of my compatriots who are raising my family and living in this land. When you are born, you will destroy everything.

The Silent Demon said slowly: "Really? Then fate has made you hostile to us. I have to say, although you mortals are weak, your souls can make us strong. Only by restoring us to our peak can we have enough power to take revenge. "It's been ten million years. Hatred has been torturing us all the time. We can't wait any longer! You have a mission that you have to complete even if it costs you your life. Our ten million years of hatred can also make us forget our lives!"

If the soul-controlling demon was considered a beast, then this Silent Demon was a thinker. In terms of intelligence, it was invulnerable.

"Who are your enemies?" After saying so much, Long Chen was actually trying to understand just this point.

He had heard of the Great War of Gods and Demons before, so his guess should be the Gods of the Immortal God Region from tens of millions of years ago. Of course it was just a guess, but if the Gods were victorious, then where would they be? By sealing the ancient Giant Demons here, they would disappear forever?

"In the world of our Primordial Demons, mortal spirits are only food. We don't need to tell ourselves what food we eat or who our enemies are. Even though one of the food has brought us some trouble, I appeared here to make you disappear forever. You blocked our ten million years of hatred, that is very scary. "

Long Chen laughed coldly, and said: "You want one trillion of us dead, this hatred is even more terrifying!"

From this dialogue, there was no possibility of peace between the two.

Just as the Silent Demon had said, Primordial Demons would naturally not compromise with a group of food. They had waited thousands of years for this moment to take revenge.

The Silent Demon would never tell Long Chen anything.

When Long Chen finished his sentence, it meant that they were going to fight again! This time Long Chen thought for a long time. He knew that even if he had the ability, he couldn't drag this Silent Demon away. Otherwise, the Ancient Giant Demons would come out one by one.

If he could suppress the Silent Demon, then he would have to occupy this place forever.

What he needed to do was to delay them, and then find a way to bring Mo Xiaolang away from this place. However, the most troublesome part was that he did not know what kind of situation Mo Xiaolang was in nor did he know where he had gone to.

At this moment, the Silent Demon's everlasting demonic god's power swept out like poison. It seemed to be slow, but it circled around Demon Star, turning this place into a world of Silent Demon, and that endless evil energy surged towards Long Chen.

The ten billion divine palace on Long Chen's body gave birth to limitless Divine Source Power, which flowed along the World Tree and covered his entire body, forming an enormous amount of dignity that was spread out. He wasn't like the Silent Demon, he only used the Divine Source Power to protect himself.

In his hand, the God-Slaying Sword released an endless amount of sharp sword light.

Whoosh!

The Silent Demon raised its body slightly, and the spinning vortex eyes instantly stopped. Then, the two eyes actually started to merge together, and in the area between its eyebrows, became a gigantic blood-red eye that covered its entire face.

This was the true form of the Silent Demon!

When the two eyes merged, Long Chen felt that he was even more terrifying. That blood colored eye seemed especially frightening, as if it was the Eye of Death, as if a single glance at it could cause a person's soul to leave their body.

"Eternal Eyes of Silence."

In the midst of his slowness, Long Chen heard this voice.

This was the strengthening effect of the Unmoving Devil Eyes. Compared to before, under the power of the ancient Devil God, its power had simply doubled, and this was the true silence, as if time had stopped completely. All the images were still, all the sounds had disappeared, and only one tongue suddenly turned into a sharp sword, slashing through heaven and earth and stabbing towards him!

Within this Eternal Eyes of Tranquility, the most frightening thing was that the power of laws penetrated deep into Long Chen's body and controlled the flow of his Divine Source Power, making it impossible for him to even move a single drop of blood inside his body.

And this time, his tongue was like a sword, not even giving Long Chen the chance to react!

The power of laws was indeed heaven-defying!

In the blink of an eye, the tip of the tongue had pierced into Long Chen's lower abdomen. Just as it was about to tear Long Chen apart, it was still the God Slaying Sword that saved Long Chen at this time. Long Chen did not even have time to give the sword an order, the small skeleton had automatically activated the God Slaying Sword and gave Long Chen a space!

He once again activated the Eye of Hell, breaking open the Eye of Eternal Silence!

It was clear that he was not a match for the Silent Demon. If not for the help of the Heaven Smiting Sword, he might have been eaten by the other party at this time. The other party had used the Heaven Smiting Sword to save his two attacks.

With two consecutive attacks broken, the Silent Demon's huge eye revealed a dangerous glint.

Long Chen knew that under this strange opponent's attack, he could not delay any further. Or else, if he did not kill the opponent, he would be killed!

In that moment, he transformed into the Primordial Blood Spirit Dragon and charged towards the Silent Demon to kill it!

Furthermore, this time Long Chen had even used the power of the ocean during times of chaos. At the same time as the Silent Demon restricted him, he had also used the power of time to increase his own speed, while at the same time limiting the speed of the Silent Demon!

Rip!

Under the Ten Thousand Deadly Claws, one of the Silent Demon's flesh wings was directly ripped apart by Long Chen!

Sure enough, the opponent was not good at fighting.

Just as Long Chen thought this, he realized that he was wrong. Just as he was about to succeed in his attack, he turned around, and saw that the Silent Demon's body had undergone a huge change. From within the blood veins all over its body, blood-red eyes appeared, and the entire Silent Demon was instantly covered by these eyes.

"Sobbing of the Heavens."

This was the other power of the rules that the Silent Demon was not using. The moment it was used, Long Chen felt the opposing party's Primordial Demon God Power undergo a huge change. It was always quiet before, but now it had instantly become berserk!

Buzz! Buzz! Buzz!

quickly found himself in a crying storm, where the entire world was quickly disappearing before his eyes. He was brought to another space, and all of a sudden, a heavy rain poured down from the sky!

Rumble rumble rumble!

Every single drop was very terrifying, because they were blood-red in color and carried a terrifying weight. At the same time, they brought about endless chaos, in which the shadows of Silent Demon were concealed.

He was mixed up in so many raindrops.

Sou sou!

Long Chen felt that his flesh wings had already turned into blades that were attacking him!

This was a simple attack, but it contained a deep divinity!

"Fourteenth Fiendgod Formation!"

To break this power, Long Chen could only use it this way. In fact, he was not afraid of the Silent Demon, as its specialty was rules like the Immovable Devil Eyes, so when it came to using other rules, although it had a killing power, it was still a distance away from killing Long Chen. His destructive power was all built on the Immoveable Demon Eye!

The moment the fourteen spirit formations appeared, the situation reversed. The Divine Source Power had the power of an explosion, as it blasted out and instantly shattered the entire world!

BOOM!

The Silent Demon fell into the abyss, but its injuries were not serious.

Long Chen was able to escape from the opponent's attack. Even though he finally escaped, it was also extremely dangerous just now. The Silent Demon may not be good at offense or restriction, but in terms of attack level, they were not weaker than the soul-controlling demon. Long Chen had to use the Fourteenth Life Formation to break through.

The Silent Demon said faintly: "It seems that the two of us can restrain each other, neither of us can do anything to the other."

Long Chen climbed up from the devil star and laughed coldly: "You are wrong, it is I who restrained you, it is you who can't do anything to me, but I can't do anything to you!"

He was the one who attacked earlier, but now it's his turn!

He had lost his chance when he failed to kill himself in the Eye of Eternal Silence.

However, the Silent Demon did not seem to be afraid at all, and quietly said: "You know, when the Dao item reaches 999 dao patterns, is there still space above him? The Limitless Dao-item was only the Limitless of mortals, and not the Limitless of gods. Divine Demons, after countless years of refinement,

normally have their own weapon. However, in the current Dragon Sacrifice Continent, this weapon has already become extinct. "

"What are you trying to say?"

Long Chen realized that there were changes to his body.

The Silent Demon spoke word by word, "I mean, I have a Creation Divine Weapon!"

#### Chapter 2522 - Eternal Demon City

Spirit King and the rest had already mastered more than 950 Dao patterns, and the peak of 999 Dao patterns. That was the number of Limitless.

In other words, the mortal spirit that had yet to become a god was able to use the Limitless Dao-item with the ultimate Dao imprint.

Then the Archaic Gods and the demons would definitely have their own weapons. They would come from the Archeozoic era and would be born in a perfect Primordial World, an even more perfect weapon with immense power.

Long Chen had already known since long ago that there would definitely exist that kind of terrifying battle weapon that could transcend 999 dao marks and be used by gods and devils! After all, most of the weapons were forged and refined from living things, and a small portion were born from the heavens and the earth. With such a powerful Fiendgod, there would naturally be a treasure that had existed for countless ages, or even tens of millions of years!

Tens of millions of years ago, the world was different then and it was now, the The Age of Dragons! At that time, the Dragon Sacrifice Continent was many times more powerful than the present one. Just a mere Dragon Sacrifice Continent was a world that was even tougher than the Immortal God Realm. It was almost the world of the highest level.

In the face of that natural Yuan Power, the treasures that were born were naturally quite terrifying as well. Even if they were passed down until now, they would not weaken in the slightest. In the old world,

these divine weapons could be found everywhere, but now, any of them could be considered a peerless treasure!

Their names were the Creation Divine Artifacts!

Seizing the good fortune of the world was for the use of the gods and devils. It was unrivalled in the world, and it could destroy the heavens and the earth. It was a creation divine artifact!

Towards this kind of mysterious treasure, Long Chen had naturally never heard of it before.

In truth, the entire Dragon Sacrifice World had lost its Creation Divine Artifact a long time ago. If it wasn't for the rebirth of the Ancient Giant Demon, he might never have seen this Creation Divine Artifact again!

"It's a pity that I, as a Creation Divine Weapon, am skilled in defense. If not for this, you would have been dead by now."

During the process of the Silent Demon's slow talking, a certain amount of change had occurred to her body. Long Chen hurriedly withdrew a distance, as all of his attention was placed on the Silent Demon.

"Creation God Equipment? "Just this name alone is enough to make people look forward to ..."

This wasn't the 'Eternal Demon God Power' that he cultivated using the Art of the Immovable Devil King. It was another kind of power that was comparable to it, a power that hadn't appeared in this world for more than a thousand years!

It was different from the Infinite Divine Art which was used to cultivate and transform the Divine Source Power. This was another type of power which belonged to the heaven and earth, belonged to a supreme treasure.

The only difference was that the power of the Dao Artifact was dead, and the God-Slaying Sword was an exception. It would increase the number of dao runes, but the power in front of his eyes was alive.

"This is Manifestation Divine Energy." This is different from the Dao artifacts of your mortal world. Only the Creation God Equipment are able to have the God of Creation's God of Creation. Simply put, the

Creation God Equipment have the God of Creation's God of Creation as their core. Although my current Creation Divine Artifact is only at the first stage of dreamy grade, it is not like this. It was heavily injured before finally dropping to the first stage, but in the future, I will definitely make it return to the 'prehistoric level'! "

Even though Silent Demon had the 'silence' rule, it had not been able to speak for many years. In these tens of millions of years to this day, there were many loneliness in his heart, and after finally meeting Long Chen, his opponent with great difficulty, he patiently talked about his own matters.

Long Chen thought in his heart: "The Creation Heroic Spirit should be something similar to the Dao Spirit. However, it definitely has the nature of a god and possesses the Creation God Power that is comparable to the Divine Source Power. To be able to cultivate and improve on his own, he is simply a god who uses divine weapons as his body. As for those nine grades, the Infinite Divine Art is divided into this way, and the Creation God Creation Equipment also seems to be divided into this way. The first stage 'dreamy grade', the second stage 'death grade', and the third stage 'prehistoric level', I just don't know what will happen in the future. "

The nature of a Creation God Creation was very similar to the God-Slaying Sword. It could be strengthened, and it could also be weakened. The ancient Giant Demon once said that the God-Slaying Sword was a divine weapon like this. Perhaps, even before the God-Slaying Sword was used, it was a Manifestation Divine Weapon. Otherwise, it wouldn't have been able to swallow and enhance itself when it was still a Dao weapon!

At this time, the power of two types of gods exploded from the body of the Silent Demon!

Weng! \*

The combination of these two powers sent Long Chen flying, and before the God Creation Art even appeared, it already displayed its terrifying power.

The God of Fortune was different from the Divine Source Power, the Divine Source Power was born from the God's body, but the God of Creation was able to absorb the energy of heaven and earth, seizing the luck of heaven and earth, it was similar to the energy of the Ancient Era, but the Spirit of Creation was able to use it flexibly, it was comparable to a God!

The Silent Demon's Creation Divine Equipment was completely unleashed.

"Eternal Demon City!"

BOOM!

A black city appeared in front of Long Chen's eyes. Most of it was just an illusion, and only part of it was open. But even so, he was still unable to conceal the power of this Creation God Creation Tool.

Currently, the destruction of the Eternal Demon City was extremely heavy, and it seemed like ruins and black rubble were everywhere. However, the vast might that emanated from within was enough to see just how terrifying the complete Eternal Demon City would be. Long Chen guessed that from the fall of prehistoric level to the fall of dreamy grade, it must have definitely weakened down to not even ten percent of its original strength!

After all, a Manifestation Divine Artifact had nine grades, and a Divine Spirit might have fifteen levels. The highest level Divine Spirit would definitely be a ninth grade Creation Divine Artifact, or even something that they wouldn't be able to use. It was just that he did not know what the next six levels of the Creation God Manifestation and Infinite Divine Art were.

The Silent Demon did not enlarge the Ancient Devil City but opened it and protected herself instead. Long Chen possessed the God Slaying Sword, which could break through his rules of 'immobility', and could restrain him. Knowing that it was hopeless to defeat Long Chen, the Silent Demon chose to protect himself.

In the middle of Ancient Devil City, Long Chen saw billions of black crows. These black crows had rotten bodies and had blood-red eyes as they flew around in the Demon City.

"These crows must be the Creation Heroic Spirits. "There's usually only one Dao spirit, but the Creation Heroic Spirits can also be a group!"

From these crows, Long Chen felt an aura that could compare to that of a god. Although they were Heroic Spirits of Creation, their level of life was perhaps even higher than that of ordinary spirits.

"Now, can you do anything to me?"

The Silent Demon said quietly.

Although he was still under the control of the seal, he had already entered Eternal Demon City. If Long Chen wanted to defeat him, he had to tear apart this Eternal Demon City.

'This is a Creation Divine Artifact!'

Looking at this Eternal Demon City from afar, Long Chen sank into deep thought.

"Right now, this Eternal Demon City is no longer the same as it was before. Although it is said to be a Creation God Equipment, it has weakened to the weakest level of a God Creation God Creation Artifact. The God Slaying Sword now had 990 dao marks, and it might have been a divine creation artifact once upon a time. If it was able to advance, then that would be great news! Although it might not be able to tear apart this Eternal Demon City, if the other party was unable to counterattack, then it was still possible to do so thousands and tens of times! However —

What worried him the most were the things that happened before. At that time, soul-controlling demon took out all kinds of Dao artifacts and intentionally raised the level of the Heaven Smiting Sword by a level. Although the Divine Slaying Sword was still in his control, if he were to reach 999 dao patterns or even higher, that would not necessarily be the case.

This was a dangerous evil sword, even though Long Chen had controlled it for a long time, he was still wary of it.

At this time, the God Slaying Sword was ready to make a move in front of the Eternal Demon City.

"Daddy, I want to eat that!"

The small skeleton eyes became oily as it began to request for Long Chen's help in the God Slaying Sword.

His desire to devour seemed to grow stronger and stronger.

Long Chen said: "There's no rush, we're safe now. If we kill this Silent Demon, there will definitely be stronger Primordial Giants appearing, so we don't need to do anything for now. With the Little Wolf in our hands, we can find a way to leave this place."

"No, I want to eat that! I'm starving!"

The small skeleton's tone suddenly became sharp. It jumped up and down on the God Slaying Sword, very excited, its green eyes staring at Eternal Demon City. It couldn't help but salivate at this broken Creation God Slaying Sword.

There had never been anything that attracted it so much.

Ding! Ding! Ding!

This was the first time it had defied Long Chen's orders, and Long Chen had only tested the small skeleton a little before. Now, he understood that devouring was the nature of the sword, and even though the previous dead skeleton had disappeared and given birth to this foolish small skeleton, at times like this, his nature would still show itself. This desire had been dormant for a long time, and now that it had exploded, it was uncontrollable!

If he lost the God Slaying Sword, he would not be able to defend against the Silent Demon's Unmoving Devil Eyes!

Long Chen frowned, the change in the Heaven Smiting Sword had brought him a new crisis.

He was not in a hurry at all. In fact, he was also thinking of a way, after all, the Magic Star Seal must be broken.

"Although I hate to part with this Ancient Devil City and have accompanied me for tens of millions of years, I can only bear with it for this time. In the future, I will definitely possess an even more powerful Creation God Equipment!"

The Silent Demon sneered in his heart.

He knew that the God-Slaying Sword would change!

In front of this old and worn-out Creation Divine Weapon, the God-Slaying Sword had no ability to resist at all.

"No, Daddy, I must eat that!"

At that time, the God Slaying Sword had already unleashed a ruthless power. Even when Long Chen was in control of him, this power had never appeared before!

"Eye of Hell!"

This was the voice of the small skeleton.

Weng! \*

This was the first time Long Chen saw the Eye of Hell.

It was a pair of green eyes that were infinitely large. They gave him a deep sense of awe, causing him to sink into a state of fear.

Chapter 2523 - Buddha

He had always been the one to use the Eye of Hell on others, but no one had ever used it on him.

But this time was exactly the same.

In the beginning, it had only allowed Long Chen to destroy his memories. Although a new Dao Spirit had been born, but even so, the God Slaying Sword was the God Slaying Sword, his nature would not change.

Long Chen was now certain that the complete form of the Heaven Smiting Sword should be the God Manifestation Art.

This was because the Creation God Manifestation Art could automatically absorb the energy of heaven and earth, or even automatically cultivate. Although it was more difficult to advance to a higher level than a god, it was still possible to succeed!

For a damaged Creation Artifact, it basically dropped off and became a Dao Artifact. It also had a very strong suppression towards other Dao Artifacts. The reason why the God-Slaying Sword was able to devour other Daos and increase Dao patterns was because it was a Creation Artifact.

Now, it had recovered 990 dao patterns, and was on the verge of Transcending Mortality, returning to its original appearance.

The God Slaying Sword was an evil weapon to begin with. Even if it had been suppressed by Long Chen before, now that its natural instincts had awakened, it was not strange for it to directly deal with Long Chen in front of the temptation of this huge delicacy.

After arriving at Demon Star, Long Chen seemed to have anticipated this day.

He never thought that when the Silent Demon came out, it would have to use the Eye of Hell to destroy his Unmoving Devil Eyes. Now, he had even brought out the Creation God Manifestation Weapon, as if he had planned all this out beforehand!

"Looks like not only does this Silent Demon know about the God Slaying Sword, it also wants to use a strategy to help the God Slaying Sword recover!"

Amidst the intense mental shock of the Eye of Hell, the God Slaying Sword escaped Long Chen's control. It was only when he was far away from Long Chen that the Eye of Hell's power dissipated.

Long Chen was not injured because of this, but he had already lost his God-Slaying Sword!

Around the Silent Demon, this was a rather dangerous situation!

In the middle of the God Slaying Sword, a small skeleton with green eyes appeared from within. He grew taller, gradually turning into an adult skeleton, the green in his eyes became even denser, and there was an evil glint flashing within them, no longer as innocent as they were before.

He grasped the God-Slaying Sword and instantly released a monstrous amount of Sword Qi.

Shua shua shua!

Endless gray sword qi flew past Long Chen's body.

Long Chen squinted his eyes. Honestly speaking, he was still quite reluctant to let go of the sword, because the sword had been with him for too long, ever since the City Lord had given it to him. He had held it in his hand, abandoning all the other Dao weapons, and cultivated it from a Dao pattern all by himself to 999 Dao patterns.

He had spent too much effort on the God-Slaying Sword, and had even changed many of his own battle methods.

And now, he understood that the time had come for the God-Slaying Sword to leave him forever.

He would forever lose his God-Slaying Sword.

Even if the other party had become evil and returned to his nature, Long Chen was still deeply reluctant to part with him.

He was very reluctant, even though the small skeleton looked a little ugly, it was very naive, and the him who kept on calling him father, no matter how much he scolded himself, would never change his name, had already disappeared forever.

Wuu!

Right now, the black skeleton was holding onto the God-Slaying Sword, his hand holding onto his own head. He shook it a few times, letting out a few cries of pain.

Swish!

The evil aura on his body constantly expanded, and approached the ancient Giant Demon. As expected, the God Slaying Sword was related to the ancient Giant Demon!

"Who are you!"

The black skull's green eyes continuously flickered as it looked at Long Chen.

Very quickly, he was no longer able to remember Long Chen anymore. It seemed that the small skeleton truly had a very deep affection for Long Chen, but the Heaven Smiting Sword was its true nature. As long as the God Slaying Sword woke up, he would also change.

Long Chen's expression did not change as his clothes fluttered in the wind. He said: "Being able to accompany me today is fate. If you leave me today, when I have the chance and the strength, I will definitely let you return to my side and return to the way you like me."

He could see through it more than anyone else. This was not the small skeleton's choice, he could not restrain his own nature, but he was innocent, so Long Chen naturally did not blame him.

These words caused the black skeleton to feel somewhat pained. He roared, and no longer looked at Long Chen, but held onto the God Slaying Sword, and gazed down at the Eternal Demon City with blazing eyes!

That was a Creation God Manifestation Weapon!

As long as he destroyed it and devoured it, he would be able to return to his original form.

Seeing Long Chen being so calm, the Silent Demon said: "You don't seem to have figured out the situation, now, it is no longer an equal situation. Without this sword, you can no longer restrain me."

As he said till here, the Silent Demon's huge blood-red eyes stopped moving. This is the 'Eternal Eyes of Tranquility'!

Compared to the Immovable Devil Eye, it was much stronger!

To be exact, it was the ability of the Silent Demon bloodline, coupled with the power of the laws. And the Immovable Devil Eye was only the power of the laws.

The power of the laws that filled the skies once again restricted Long Chen, preventing the Divine Source Power from flowing throughout his entire body, even within his body. The divine spirit was also immediately frozen, and everything seemed to have stopped moving.

Without the God Slaying Sword, Long Chen would lose his initiative, and be unable to deal with the Silent Demon. Right now, the Silent Demon was his nemesis!

Under this kind of control, Long Chen quickly entered a critical state.

But even so, the tenacity in his eyes did not change at all. He was still looking at the God Slaying Sword, the weapon that had accompanied him for so many years, the cute and innocent small skeleton, had disappeared forever. To him, it was like an important friend had passed away.

Of course, he was also very angry.

In the beginning, he hated the soul-controlling demon and wanted to kill him.

Before this moment, he did not hate the Silent Demon, but had fought with reason. Until now, he could not suppress the anger and hatred in his heart!

"If it wasn't for him, my God-Slaying Sword wouldn't have ended up like this!"

The Eternal Eyes of Silence was unable to control the rage within his heart.

Even the God Slaying Sword and the small skeleton, the Eternal Eyes of Silence, could not stop them.

When the Silent Demon first trapped Long Chen, the black skeleton was already holding onto the God Slaying Sword.

RUU...!

The Killing Sword Technique was unleashed time and time again. Although every attack did not cause too much damage to the Creation God Slaying Sword, in the past ten million years, Eternal Demon City had suffered heavy injuries, and the Silent Demon had been completely released. This resulted in the attack of the God Slaying Sword being able to achieve a certain degree of effect.

As long as this continued, although he wouldn't be able to complete a sword or two, there would always be a time where he would be able to successfully slash through 10 days, 20 days, or even half a year!

"I won't hide it from you. This sword is called the 'Sakyamuni Prison Sword'. It was once the Creation Divine Artifact of the fifth stage 'Order-level'. It is just that in the battle at the time when my Primordial Demons was defeated, the 'Shakya Prison Sword' was destroyed, fell down to the Divine level, and became a Dao Artifact. Now, it can finally return to the level of a Creation Divine Artifact, and with its foundation, it can finally return to the level of the fifth stage 'Order-level'!"

The reason the Silent Demon brought out the Ancient Devil City was so that the God Slaying Sword could destroy and devour it. He used the Eternal Silence's Eye to trap Long Chen, causing him to be unable to move.

"Perhaps, you don't know the level of the Creation God Equipment of the 'Hun Yuan' class. Let me tell you, with the level of the Dragon Sacrifice World s, this land, the Immortal God Realm, won't be able to withstand a single attack from a fourth stage God Creation Artifact, 'Genesis'. Dragon Sacrifice World is no longer the former 'Ten Thousand Realms Supreme Dragon World'!"

The Silent Demon's blood-red eyes shot out from the depths of Ancient Devil City. He stared coldly at Long Chen, and continued to speak, "Of course, the people who were born in your generation of Dragon Sacrifice World do not know about the affairs of the myriad worlds. In this endless starry sky, from countless hundreds of millions of years to today, there have been a total of tens of thousands of worlds similar to the Dragon Sacrifice World. In your The Age of Dragons, Dragon Sacrifice World was once the supreme 'first in ten thousand realms'! It is a place all worlds yearn for, but right now, you are just the last in the ten thousand worlds!

Just as he finished speaking up to here, the Silent Demon suddenly shut its mouth. Its expression was extremely shocked, and even the eyes of eternal silence trembled, causing Long Chen to regain consciousness for an instant. The Silent Demon hurriedly replied with a face full of shock and embarrassment, "Yes, yes, I won't say more!"

He must have been warned by another ancient Giant Demon.

Indeed, to a mortal, Silent Demon talked too much. He pursued the rule of quietness, but after so many years, he was quietly tortured to the point of going crazy. He longed to tell Long Chen about it, if not, he wouldn't have explained it to Long Chen so much out of thin air.

But what he said still gave Long Chen a huge shock!

A long time ago, when he was at the edge of Dragon Sacrifice Continent, he had thought about what could be deep in the starry sky.

Standing at the edge of the Immortal God Realm and looking at the Dragon Sacrifice Continent below, it seemed like a divine dragon. For example, what would it be like to head north from the chaotic star field?

Now he might understand.

This starry sky was boundless. It was infinitely huge, and it did not just exist in the Dragon Sacrifice World, there must be other worlds as well.

Just as the Silent Demon said, that should be the 'Ten Thousand Worlds'.

Rumor has it that Spirit King's move, "Ten Thousand Worlds End Heavenly Spirit Formation", was comprehended from ten thousand worlds. Long Chen thought that this was an exaggerated legend, but he didn't expect that it was actually true!

The Dragon Sacrifice Continent was not the only one!

And more importantly, in the The Age of Dragons, which is to say hundreds of millions of years ago, the Dragon Sacrifice World was the Supreme Dragon Realm of Ten Thousand Realms that the Silent Demon spoke of! She was number one in all realms! But now, the world was weak and the strong were few and far between. There weren't even any gods, and she had fallen into the end of ten thousand worlds!

What was the cause of all this?

Long Qinglan wanted to find out this reason throughout his life.

Long Chen was the same.

Immense changes must have occurred in this world in order to cause the once-dominating Divine Dragon Extermination, causing the first place of ten thousand realms to disappear, causing it to fall to such a level today!

Even if it wasn't for the calamity brought about by the Ancient Giant Demon, Long Chen was still very worried.

Because of the words he heard from the Black Jade Dragon, that the dragon sacrifice would perish within a hundred years!

Every year, a continent would be lost. Within the next million years, the Immortal God Realm would definitely repeat the trajectory of the Dragon Sacrifice Continent, and in the end, this world would be destroyed!

What was the reason behind this number one of ten thousand worlds becoming so tragic?

From the moment he had lost his God-Slaying Sword, to when he had learned the truth of this part, Long Chen's heart had become incomparably heavy. Now, the Silent Demon had shut its mouth, the black skeleton continued to hack at the God Transforming Weapon, and he was completely unable to move in front of the other party's Eternal Eyes of Silence!

Once the Black Skeleton destroyed the God Creation Art, the Silent Demon would probably come out and send Long Chen to hell. They had to destroy the Magic Star Seal, so they had to rescue Mo Xiaolang.

"It's useless for you to resist. This world is doomed to be destroyed. Our Primordial Demons is only sending the mortal spirit above to the west as soon as possible."

The Silent Demon could not help but say one more sentence!

"At the very least, before that happens, I will destroy you, an ancient Giant Demon!"

Although Long Chen was unable to move, his mind was still filled with tyrannical power. This sentence was like an impact to the Silent Demon! He could feel the fire of anger from the boy!

Vast and mighty!

Under such a sinister fighting spirit, the Silent Demon's heart tightened. He had swallowed countless mortal spirits, but she had never seen anyone able to be as terrifying as Long Chen. Right now, even the Eternal Eyes of Tranquility was trembling in the face of Long Chen's powerful will.

"Dream on, with your strength, you won't even be able to pass my test. Although my Primordial Demons has been imprisoned for tens of thousands of years, any of us can crush you to death with a single finger. If you are able to struggle free from my Eternal Tranquility Eye and continue bragging, you don't have much time left. Once the 'Shakya Prison Sword' returns to the Creation God Manifestation Sword, you will be dead. You can choose to let that Mo Xiaolang go, and at the same time, become our people controlled by my Primordial Demons. "

Long Chen no longer said anything!

But from now on, he would resist!

The only thing he could move was her willpower, which controlled the Divine Source Power in his body! Tens of billions of lives and Long Chen's heart are the same! With only one goal in mind, even without the Heaven Smiting Sword, Long Chen had to rely on her own willpower to tear apart the Eternal Eyes of Tranquility!

Otherwise, just as the Silent Demon had said, he would have lost her life here!

He still had so many things he didn't understand, so how could he die here!

RUU...!

The black skeleton was like a hungry ghost, untiredly slashing its sword at the Creation God Manifestation Weapon, the Eternal Demon City! Eternal Demon City didn't resist at all. As the sword qi

rushed into Eternal Demon City, the crows continued to die, turning into fragments, being swallowed up by the God-Slaying Sword. In this process, only two hours had passed, the God-Slaying Sword had already transformed to 999 dao patterns.

Next, he had to break through his shackles and become a Creation God Manifestation Weapon!

He was just like the black skeleton at the moment, even more berserk than the black skeleton. Under his charge, although the Divine Source Power's flow was slow, it had indeed broken the opponent's rules!

"It's useless. Only to this extent, I'm still 90% away from destroying my Eye of Eternal Tranquility!"

The Silent Demon was not worried at all, she was more concerned about the birth of the 'Sakyamuni Prison Sword', the divine weapon of their Primordial Demons's third ranking, the 'Sakyamuni Prison Demon'! It was once a Creation Divine Artifact with the fifth stage of 'Order-level'!

Order-level, this was an extremely powerful Divine Spirit, a divine weapon that only the people of the Divine Spirit Realm could control!

Even in the The Age of Dragons back then, this kind of Divine Weapon was quite rare!

No matter what the Silent Demon said, Long Chen still continued to attack.

No matter how hard you try, how tough you are, you will never be able to break through the shackles of life. There are only two types of existences in this universe, one is a mortal spirit, and the other is a Fiendgod. Fiendgods and Fiendgods are born with the power over ordinary beings, just like you, who are born with the power over livestock.

The Silent Demon started chattering again, only that from now on, he would not care about matters that involved the original Dragon Sacrifice Continent anymore.

This process continued without end.

One day, two days!

The Silent Demon was not worried. The moment when the God Slaying Sword destroyed Ancient Devil City, perhaps Long Chen would be able to only use the Divine Source Power to move slowly in his body, just barely able to move a little.

Perhaps by then, his body would not be able to move.

With this bit of confidence, the Silent Demon still had it. His Unmoving Devil's Pupil was a heaven-defying technique, and she had relied on it to kill countless opponents.

It continued to circulate!

"However, this mortal spirit's perseverance is truly admirable. It's been half a month and he's still trying to break through. Should I evacuate Eternal Demon City and kill him first?"

The Silent Demon had this thought.

It would be a little troublesome to evacuate the Eternal Demon City. After all, Long Chen had controlled the sword for too long, if the city disappeared, the sword would probably wake up and return to his side. At that time, all his efforts would be for naught.

Furthermore, this was the most important moment for the God-Slaying Sword in attacking the Creation God Manifestation Art.

After weighing the pros and cons for a bit, the Silent Demon still gave up. He was not afraid of Long Chen.

If it wasn't for Long Chen's resolute and hateful gaze making him a little worried, he wouldn't be thinking so much.

Half a month passed!

God Slaying Sword and Long Chen, they were still attacking!

They were becoming more and more explosive, as if they were becoming more and more powerful!

Long Chen wasn't really familiar with the Divine Source Power, it was a newly born power after all, it was the power of a god. Her primordial spirit was still an ordinary person, so it was quite difficult for him to get familiar with the power of a god to control it.

Long Chen was waiting for a critical point.

He felt close.

There were countless yearning and anger in his heart that was about to be vented! His gaze never left the God-Slaying Sword. As Eternal Demon City fell into ruin and the God-Slaying Sword became stronger, it had already gotten further and further away from him!

"In the end, I still have to lose it!"

Although he was unwilling, there was nothing he could do!

Right at the time during the twenty-first day, the Eternal Demon City that had accompanied the Silent Demon for many years finally shattered! The entire Demon City began to explode, collapse, shatter, and collapse.

The destruction of a Manifestation Divine Artifact was like the disappearance and destruction of a world. Long Chen heard countless of explosions, heard countless of miserable screams, those crows were Creation Heroic Spirits, they were even more clear-headed and clear-headed than the spirit of a Dao Artifact.

To be abandoned and killed by a master that had been together for tens of thousands of years ... this was perhaps the greatest pain of all!

The Silent Demon was also reluctant to leave, but this was under the orders of the 'Sakyamuni Prison Demon', so he had no choice. After all, he was the closest to the outside world, and after the soul-controlling demon disappeared, it was his turn.

In the end, the Ancient Devil City was completely destroyed.

In his original position, a pitch black vortex had formed. After the vortex expanded, it seemed to be able to swallow the entire Demon Star. If Eternal Demon City were to be destroyed outside, it would probably swallow the entire chaotic star field.

However, the sword was like a hungry ghost, swallowing up the whirlpool.

An Eternal Demon City had created a God-Slaying Sword. No, it should be the God Slaying Sword!

In Long Chen's eyes, the God Slaying Sword he was so familiar with had undergone a tremendous change, becoming further and further away from him.

But Long Chen would never forget his promise, if he had the chance and strength in the future, he would definitely let it return to his side.

Even so, that feeling of loss still made him rather unhappy!

BOOM!

The God Slaying Sword began to return to its original form. It seemed like there was no suspense for it to return to its divine creation.

To the Silent Demon, this was when he came out from the Ancient Devil City and took care of Long Chen.

However, at this time, what he really wanted to see was the rebirth of this legendary Creation God Manifestation weapon! Surrounded by a clump of grey sword qi, the God Slaying Sword underwent a transformation!

This sort of transformation began with the Dao patterns.

The 999 Dao marks instantly vanished.

Only Long Chen knew how difficult it was to form these Dao patterns.

Now, however, the dao patterns disappeared and converged into a new core. A new power was born!

God Creation Art!

With the growth of the seed, the God of Creation began to flood through the entire body of the God Slaying Sword. Every single place he passed by, there would be a drastic change, not in appearance, but in level.

RUU!

Gray lightning flashed on the surface of the entire demon star.

The sword qi roiled, and its aura was monstrous.

Right now, the God-Slaying Sword was much more terrifying than in Eternal Demon City.

Long Chen was still unable to see the Heaven Slaying Sword, it was surrounded by the grey sword qi and was now completely far away from Long Chen.

Even farther away.

At this moment, a familiar laughter rang out.

In the midst of that boundless grey sword aura, a blue-haired, tall, curvy, snow-white woman appeared. This woman possessed an unrivaled charm, and her beauty could be said to be unparalleled in the world.

But it was only a shadow.

Long Chen remembered that when he first saw her, she was still in the crystal coffin, naked.

Chapter 2525 - Blue Water Smoke

This blue-haired, beautiful, and peerlessly beautiful woman was the heart of the City Lord of Bastard, who was once suppressed by the Golden Demon Pillar of Subjugation.

After that, even though City Master Bastard had been killed nine times by Long Chen, she managed to fool Long Chen with his kindness and survived. She claimed that he came from a race of spirits of life, but the last time they met, she claimed that he was the city lord who wasted his life, and was not the only one killed by Long Chen.

In any case, although this woman was beautiful and sexy, she was strange and mysterious. She had created all kinds of scams in front of Long Chen to trick him.

Now that he met her shadow here, even Long Chen himself didn't know what kind of identity she, who had appeared at this time, had.

This was not the real her, but only an afterimage condensed from her mind and will. However, she held onto the Heaven Smiting Sword, and her pair of charming eyes coincidentally looked at Long Chen as she softly chuckled.

"Did I tell you that one day, I will make this sword return to my side? Do you believe me now?" The blue woman giggled.

She was actually able to control the God Slaying Sword, and that was the God Slaying Sword that had now become a Creation God Slaying Sword. Moreover, at this time, the black skeleton within the God Slaying Sword that transformed into the Creation Spirit also bowed down to her.

"Who the hell are you?"

At this time, Long Chen broke through the Eye of Eternal Silence. Although he was still unable to move his body, he was already able to speak with his mouth and transmit his voice out.

The blue woman laughed, "You forgot about me so quickly? Back then, you saved my life in front of the City Lord. Oh yeah, when I was in the crystal coffin, you seemed to have looked at it many times. "

This woman was quite scary. Just by showing a frown, she was able to bring Long Chen into a strange mental world and confuse him. However, at this time, his mental will was firm enough, so he was indifferent to her charm.

"You are also an ancient Giant Demon?"

Long Chen squinted his eyes and revealed his guess.

The Silent Demon at the side coldly snorted: "Ignorant man, this is the third ranked 'God of Hell', 'God of Sakyamuni', from Primordial Demons!"

"Xiu, you really talk too much." Blue-haired woman said calmly. Immediately, the Silent Demon was so scared that it used its wings to cover its head.

Then, the Blue-haired woman continued in a spoiled tone, "Don't listen to his nonsense. His real name is 'Shui Lan Yan ', isn't that a pretty name?"

Prison Demon God Shakya? Blue Water Smoke?

Long Chen would rather believe in Silent Demon than her.

"What's the difference between the heart of Emperor Shakya and the heart of the City Lord?"

He was eager to find out.

Lan Yan asked, "Do you really want to know?"

Long Chen said: "That's right."

She smiled faintly and said, "Actually it's very simple, I have always lied to you, I am the Sakyamuni Prison Demon of the Primordial Demons, an overlord of the past ten million years, my Creation Divine Equipment had fallen to the Dragon Sacrifice World during the battle, so in these ten million years, I have always been paying attention to it. I know how many masters it has passed down, but there has never been a master who was able to make it return to its original owner.

Every time Long Chen saw the blue mist, it was actually not real. It was just that her spirit energy had congealed, just like the clones of the soul-controlling demon's will. However, at that time, Long Chen was still in the Dragon Sacrifice Continent, and Long Chen was still in the chaotic star field.

She had been keeping an eye on her Creation God Equipment all this time, waiting for her master to return the God Slaying Sword to its creator.

"Its true name is the 'Prison Sword of Emperor Shakyamuni' that was born alongside me. The Creation Divine Artifact that used to possess the 'Order-level'! "

Aqua Blue Smoke giggled.

This woman was really a depressed liar. She had lied to Long Chen so much in the past, yet Long Chen was unable to understand a single one of her lies. The main thing was that her original identity was simply too heaven opposing, no matter how Long Chen thought about it, he did not think too much.

She waved her sword a little, and said: "Although I am grateful that you took back my Creation God Equipment, as you have blocked the path of our Primordial Demons's return to the peak, I can give you one last chance to surrender. If you are willing to follow us, and become one of us, we will use the Dragon Sacrifice World as a springboard to take revenge against the gods! To open up a bigger world! Are you willing? "

Become one of them, and then watch them devour the whole of Dragon Sacrifice Continent.

"Impossible."

Long Chen firmly shook his head. This was a war, there was no way they would give in.

She said: "That's right, I knew that you would be like this. You thought that by locking Mo Xiaolang down, you would be able to stop us from destroying the Magic Star Seal? You are too naive. Xiu, he no longer has the God Slaying Prison Sword, send him on his way. "

The Silent Demon was originally lying on the ground in fear, but now it hurriedly nodded.

He stood up and spread open his wings, revealing a dense killing intent from the huge blood-red eye in the middle.

Shui Lan Yan looked at Long Chen one last time and laughed softly, "You fool, if I was young, I might have liked you tens of thousands of years ago. Now, I can only send you to your death. You will never know what kind of hatred you can accumulate after ten million years. "

"You'll never know what kind of hatred a trillion lives would accumulate!"

Long Chen responded word by word.

From his eyes, Aqua Smoke could see a hatred that was even more turbulent than her own.

She did not speak further. Carrying the God-Slaying Sword, she disappeared from Long Chen's sight. This image of hers didn't have any offensive capabilities, but to kill Long Chen, just the Silent Demon would be enough. Now that she had lost her Godslayer Sword, the Silent Demon had completely restrained Long Chen. Although his power was exhausted, the Silent Demon was still a divine spirit of the polar state tens of millions of years ago!

Under the control of the Silent Demon, the power of the Eternal Eyes of Silence suddenly rose, and with a myriad of surging auras, it pressured Long Chen!

"Enough, we have been in a stalemate for a month. Now is the time to restore the damage done to the Magic Star Seal and send you on your way."

Silent Demon admired Long Chen a lot. It was really not easy for a mortal to do this, but it was impossible for him to rely on her own side. Right now, his brothers were all waiting to see his performance. Previously, she was unable to do anything to Long Chen because of the Shakya Emperor's Prison Sword, which could be explained by his actions, but now, she couldn't!

"Kill!"

Under the control of the Eternal Eyes of Tranquility, the Silent Demon controlled everything. In his world, under the power of the ancient devil god, anything could not be moved!

After he finished controlling it, he suddenly stuck out his tongue, turning it into an incomparably sharp sword. It seemed to be even more terrifying than the soul-controlling demon's Demon Claw!

"Whiz!"

The blood red sword pierced towards Long Chen!

In Long Chen's world, this killing intent was getting closer and closer. If one was hit by this killing intent, although one wouldn't die, if he was unable to move after two or three consecutive attacks, he would die for sure.

He had been brewing for an entire month just to wait for this moment!

During this one month, the God Slaying Sword was destroying the Eternal Demon City, and Long Chen was also resisting the eye of eternal silence! His mind and body had gone through endless tempering. It was just as he had said before, the ancient Giant Demons would never understand how terrifying the hatred brought about by a trillion lives would be!

This allowed Long Chen to forget himself, and his entire body was drowned in hatred and fury!

The God Slaying Sword was gone, Mo Xiaolang's situation was unclear, Su Yan was also nowhere to be found, all the lives in the world were in danger!

Who could stop the ancient Giant Demons?

Only he, Long Chen.

If he died here today, then everything would be over!

He was born rebellious. He hated being controlled and being suppressed the most. Although he did not show it on his face, he had been resisting the Eye of Eternal Tranquility for a month!

This was the moment of his explosive power!

At the moment, Long Chen's body was blood-red, and he released a world-shaking roar!

The Divine Source Power seemed to explode as it vibrated. Long Chen spent a month's time to slowly progress, controlling the Divine Source Power, and after storing it for a month, it suddenly erupted at this time!

BOOM!

Something that the Silent Demon could not imagine happened.

It was simply impossible for an ordinary spirit to break through it, and even the divine gods of Taiji Realm might not be able to break through it. But at this time, Long Chen had relied on his Divine Source Power to cause the explosion of the Eternal Eyes of Silence!

That earth-shattering sound formed a destructive storm that swept out in all directions, causing the black dust and the river of blood to fill the sky!

The Silent Demon was knocked down to the ground by the force.

His tongue was shaken back, and almost half of it was broken. It could be seen how terrifying the explosion of Long Chen's power was!

In the next moment, black and golden light exploded from the sky!

Xiu had just crawled back up when he was surrounded by a golden and black colored world. In the depths of this world, a huge divine dragon was coming from within, and all the evil Silent Demon had nowhere to escape!

Rip!

The Sword of Judgment was a Karma King Sword. When the sword world was one, the Karma King Realm would converge and the Karma King Sword would slash down! Under this situation, under the

terrifying might of the Karma Royal Sword, before the Silent Demon could even do anything, Long Chen's sword pierced right into its eyes and straight to the back of its head!

In that moment, the Silent Demon screamed and twitched!

Weng! \*

The Karma Emperor Sword disappeared, and Long Chen quickly retreated, leaving his opponent rolling around on the ground. The power of this sword was too strong, and would definitely cause huge damage to the Silent Demon, so if he continued to attack, Long Chen would be able to kill him.

But he was not in a rush. When the Silent Demon died, there would be more that would come out of it, making it even more difficult to deal with. During this period of time, he could think of other ways.

Chapter 2526 - The return of the wolf cub

From the beginning of the resistance, until now, a month had passed. Only now did he use all of his strength to destroy the Eye of Tranquility.

Long Chen had experienced many tests during this process, so he had no choice but to suppress his anger and wait for the most suitable moment. He just hadn't thought that the blue smoke would appear at this moment and take the sword away.

But, to his relief, he regained control.

The Heavens did not disappoint those who wanted to.

The Silent Demon's eyes were the most important part of her body. Not to mention that he was extremely weak now, even if it wasn't so, it wouldn't be easy for him to completely recover her eyes. There was even less of a need to talk about this now. At the very least, within a month's time, he wouldn't be able to use the Immovable Devil Eyes in front of Long Chen.

When Long Chen's overwhelming Divine Source Power suppressed down onto him, even the most savage of them all couldn't help but feel fear. He knew that in the current situation, Long Chen might not be able to kill him, but that one move from the Death Realm's Dragon Door could definitely lead to the same ending as his own.

He had been imprisoned here for tens of thousands of years, and he didn't want to go anywhere else to bear the eternal loneliness!

As a result, he stopped his hissing and laid prostrate on the ground while trembling, vigilant of Long Chen's approach.

Long Chen had already turned into human and was floating in front of the Silent Demon. Looking at this scene, the group of demons in the distance were stunned, they never thought that Long Chen would actually be able to break the Silent Demon's Eternal Tranquility Eye.

"How can this young man be so strong when he kills the Dragon Emperor?"

"Perhaps, he really does have hope. Would he be able to resolve this crisis?" At least for now, he seems to have gained the upper hand. "

"Impossible!" Even if he could deal with Silent Demon, the Magic Star Seal had so many Ancient Giant Demons, and the deeper she went, the stronger she would become. "The ancient Giant Demons definitely have a way!"

In the midst of their discussion, Long Chen had completely suppressed the Silent Demon. He said in a deep voice, "Don't worry, I won't kill you. But I have to ask you some questions. If you don't answer them, it will definitely hurt. "

The Silent Demon trembled: "Don't make things difficult for me, there are some things that I am not qualified to say. If you break the taboo and don't kill me, my brothers will also kill me!"

The taboo he spoke of should be the mystery behind the changes in the Dragon Sacrifice World, from first place in a million realms to last place in a million realms. Of course, Long Chen was very anxious to

know about this, but at the moment, he couldn't even go through the difficulties of going to the demon star realm, so knowing about it was useless.

He then said, "Don't worry, I just want to ask you, is there a girl called Su Yan in the hands of you Immemorial Troll? You all used her to threaten Mo Xiaolang, right?"

This question caused the Silent Demon to pause.

He shook his head and said, "You're thinking too much. There's no one here."

Long Chen laughed: "Don't try to lie to me, it was Emperor Shakya who brought Mo Xiaolang and Su Yan here. Since she appeared, then Su Yan must be under your control. Actually, you don't need to answer to know the answer. "

The Silent Demon lowered its head, and silently repaired its own eyes. Long Chen's voice was too sure, so he simply did not say anything.

"Silence, that is acquiescence. "Alright, I know what's going on now."

Before, it was only a guess, but now from the Silent Demon's performance, he was almost sure. During this period of time, Mo Xiaoli had been secretly guiding him. Even though he was hidden, Long Chen could feel it.

"It's just your wild guesses." Long Chen, you can choose not to kill me, but don't get cocky too early, because just because you have control over Mo Xiaolang, we can't destroy the Magic Star Seal! "

Long Chen laughed coldly: "Then let me see, what other methods do you have? If there is, why not use it for thousands of years? "

With that, he ignored the Silent Demon and headed off in another direction. He still had something important to do.

Now that the soul-controlling demon had disappeared, he was very sure of Su Yan's whereabouts and circumstances. It was time to convince Mo Xiaolang. No matter what other thoughts Mo Xiaolang had, he had to communicate with him.

The Demon Star did not turn, and the Silent Demon did not dare to chase after Long Chen.

He was slightly at ease here. After giving his safety to Yang You and the others, he released Mo Xiaolang from the Divine Kingdom and used his flame of life to heal him.

Mo Xiaolang's fighting strength was equivalent to a half-step Divine Spirit, just a step away from Divine Spirit. However, Long Chen had already reached the level of god slaying, so he could completely suppress him in terms of fighting strength.

Under the nourishment of the flame of life, Mo Xiaolang's injuries gradually recovered, and his consciousness also gradually sobered up. He suddenly opened his bloodshot eyes, and upon seeing Long Chen, he instantly retreated a few dozen meters. His entire body was filled with an overflowing killing intent, as he stared at Long Chen, and said coldly: "What are you trying to do?!"

As he said this, he was also observing his surroundings.

He knew that this place was on the other side of the mountain.

"A month has passed since the last time." Long Chen calmly looked at him and said this.

"You actually didn't die in a month! Didn't the second Ancient Giant Demon appear? That is a Silent Demon, and you weren't killed by it?" Mo Xiaolang remained silent for a moment, but continued to speak with his cold voice.

Long Chen did not answer, but calmly looked at him, sizing up his changes over the years.

Such a peaceful gaze made Mo Xiaolang somewhat uncomfortable. He said: "Since you don't want to kill me, then I'll leave first!"

With that, he turned around and left.

"Go back and continue destroying the Magic Star Seal. Throw a trillion lives into the mouths of the Ancient Giant Demons?"

Long Chen said.

Mo Xiaolang stopped in his tracks, turned his head and sneered: "What's the big deal about that, I should have done all this for my masters. They have been imprisoned for tens of thousands of years, and are merely the lives of a trillion ants, what's there to be concerned about?"

"Oh." Until now, Mo Xiaolang was still the same as before, without any flaws.

Just that, in his panic, he did not have any killing intent or enmity towards Long Chen, so even though his words were ruthless, he did not have any power at all.

When the other party was about to leave, Long Chen said: "I subdued the Silent Demon, but did not kill him. The blue-haired woman from before had already appeared. Her name was Shui Bluesmoke, and she was the third ranked Archaic Giant Demon, Prison Demon God Shakya. She was the one who brought you and Su Yan to the devil star, and they also told me clearly that you had Su Yan in your hands.

He said this very calmly, because he was confident.

No matter how hard Mo Xiaolang tried to pretend, he couldn't avoid the details. Just a small detail was enough to let Long Chen see through everything about him.

"Ugh ..."

When he heard these words, he stopped his steps and did not turn around. His entire body froze in place, motionless, and his entire body was stiff.

Long Chen had lied to him the last few words, the Silent Demon had not admitted it, but this fact did not need to be admitted.

Long Chen flashed, and stood half a meter behind him. He reached out and pressed on Mo Xiaolang's shoulder, and his heart was filled with hot blood, as he said in a deep voice, "You and I have traveled together for so many years, and I know you better than you do. Your personality is just like this. You want to shoulder everything by yourself and don't want to implicate others, but you made a mistake this time. So what's the difference between us and our blood brothers? "

Mo Xiaolang did not turn back, but Long Chen could feel the change in his body, and he was trembling. At this moment, Long Chen roughly knew that his guesses were close.

Mo Xiaolang was really not controlled by the Ancient Giant Demon.

He really had something hard to say.

Long Chen had never felt that he was at fault. Even if he was going to destroy the Magic Star Seal, it would be the same. So Long Chen continued: "From the first time you told me to leave this place as soon as possible, I could feel that you didn't want me to join in and you wanted to settle it yourself. He didn't want me to die here, yes, when I first came in, I was indeed unable to fight any of the Ancient Giant Demons. Now that we have grasped the initiative, the only thing left to do is for us brothers to work together to rescue Yan Er and leave this place! "

He hoped that, this time, Mo Xiaolang would listen to him.

I hope that we can once again fight side by side, rather than when Mo Xiaolang has been avoiding this matter.

Mo Xiaolang still hadn't looked at himself.

Long Chen heaved a sigh of relief, to make himself less serious, and said with a smile: "Don't blame yourself too much, this is not really a big deal to destroy the Magic Star Seal. If Ling Xi was on them, under the circumstances where I was forced to the extreme, maybe I would have made the same choice too. The current situation is different from when I first came in. You don't have the need or ability to stop me from interfering with these matters. I also have no way to leave the demon star. You are familiar with Demon Star and the Archaic Giant Demons, just like how we dealt with City Lord Wasteland. Although the Archaic Giant Demons are strong, they are not impossible to defeat! "

These were his inner thoughts.

He hoped that Mo Xiaolang could understand his painstaking efforts.

Now that it had come to this, it was useless for him to persevere and flee.

Moreover, Long Chen already knew about Su Yan's situation. It was even more impossible for him to escape from this devil star in accordance to her own will.

Only, Mo Xiaolang's heart still had a deep knot.

In the end, his voice trembled as he said, "Big brother, I don't have the face to see you."

Chapter 2527 - dramatic changes

Hearing that, Long Chen could not hold back his laughter.

In his heart, there was a huge rock that had been pressed down. Today, it finally shattered and disappeared without a trace.

When he arrived at the Demon Star, the thing that made Long Chen the most uncomfortable was Mo Xiaolang's change.

It was his greatest sorrow, for he had caused it. Back then, when Mo Xiaolang was bedeviled, it was because he was following him that made him think of the martial magic seeds.

So he kept on killing and fighting, just to prove to Mo Xiaolang that he had the ability to fight against the Ancient Giant Demons!

At the same time, he was also constantly telling himself that Mo Xiaolang would definitely not change. What he saw might not be the truth, and even if he did commit an outrageous act, there could still be a reason for it!

And this sentence confirmed all his guesses.

At first, no one believed that Mo Xiaolang had not been controlled, and even Little Cat did not believe him. Only Long Chen himself, who did not have any doubts, was able to persevere until now before his original line of defense finally collapsed, revealing him.

Long Chen reached out and pulled, causing Mo Xiaolang to turn around. This youth's eyes were now completely red and filled with tears. It was hard to imagine just what kind of torture he had endured on this planet.

A kind and pure youth, yet he had become like this. The anger in Long Chen's heart burned once again, but this time, it was directed at the Immemorial Giant Demons.

"Big brother."

It would take a lot of courage for Mo Xiaolang to say these two words.

"I thought that I no longer had the qualifications to say those two words!"

He shook his head and wiped away his tears.

It was as if he had never seen tears in his eyes before, and in this situation he must have suffered an endless struggle in his heart to last until today.

Long Chen patted his shoulder, and said: "Enough, you don't have the face to see something like this. I have no doubts about your trust. It is more important that you recognize me again and are willing to work with me to resolve this issue. I still have a lot of doubts about all this. Can you explain it to me? "

Mo Xiaolang nodded his head, he was not being hypocritical, since he decided to face things together, he was mentally prepared to adapt to Long Chen's crazy actions.

He said, "As you know, the blue smoke is the Prison Demon God Sakyamuni. She brought Yan Er to the depths of the Magic Star Seal. They had sent two soul-controlling demons to take control of me in the beginning with all their might, but in the end they failed. So, he used Yan Er's life to threaten me. At first, I made an agreement with them that after they leave the devil star, they would not be able to harm Dragon Sacrifice Continent and the people of the Immortal God Realm. In order to save Yan Er, I started to destroy the Magic Star Seal for them. "

Long Chen knew that this would happen, he would not suddenly become an evil demon. All his guesses were basically correct.

"Later on, I found out that they needed to swallow life to recover themselves, so I stopped, but at that time, half of soul-controlling demon's body had already come out of the seal, and he had sufficient

control over my life and death, and Shui Lan Yan had threatened me with Su Yan countless times. Every time I didn't want to destroy the Magic Star Seal, she would torture Yan Er in front of me and make my mind collapse, and this situation would continue to persist countless of times, so I had no choice but to compromise and continue to destroy Big Brother Magic Star Seal.

Mo Xiaolang's eyes were in pain.

He didn't want to face Long Chen before, but in reality, the biggest thing was that Long Chen was unable to forgive himself.

Rather than being unable to forgive, it would be better to just pretend to be controlled. He thought, maybe Long Chen would feel better that way. He knew that Long Chen was absolutely no match for the Ancient Giant Demons and he didn't want him to die, so he wanted to force Long Chen to leave.

Now, with so many things still happening, Long Chen defeating two Immemorial Giant Demons was truly out of his expectations.

Amidst Mo Xiaolang's anticipating gaze, he said with certainty: "There are times when humans are unable to make a choice, for example, when we were willing to let everyone in the world take the risk for the sake of the kitten. If it was me, I would not know how I would choose either, so it's not your fault, it's the Primordial Giant Demon that's at fault, why would I blame you?"

Hearing Long Chen's words, all the worry in Mo Xiaolang's heart finally disappeared.

He said, "Actually, there is still one more thing that I am facing right now, and that is that I feel like I can go as far as you can, towards the direction of gods or devils. But I do not know how much more flame I need, and the more I devour the fire element in the Magic Star Seal once a day, the closer I will get to that level, so I am also betting on how I can reach that level before I, the Magic Star Seal, can be completely destroyed. I think I can solve it myself, so when you come, I'm worried about you, and I want to face it myself. "

"A god or a devil?"

Hearing this, Long Chen was shocked.

In ten million years, no one had been able to become a Deity.

Although Long Chen now had the Divine Source Power, he couldn't be considered a True God. Long Qinglan also did not become a god.

As for the Archaic Giant Demons, they were creatures from tens of millions of years ago, and could not be consulted.

To Long Chen, it seemed like if he wanted to become a god, then he had to obtain the beliefs of the people, just like him. Now, relying on the will of all beings, the Divine Source Power was born.

If Mo Xiaolang had that kind of feeling, what did he rely on to become a god or a devil?

Although it was not easy, Mo Xiaolang's physique was special, he might even create miracles and open up new paths.

However, this move was indeed too risky.

"How do you feel now?"

"From the moment the Magic Star Seal was destroyed and disintegrated, it would only take me a month, but I still have no idea what happened. This proves that my initial bet was destined to be a failure. "I thought I might succeed. That way, I would have a chance to fight back!"

Therefore, there were two reasons to destroy the Magic Star Seal. Firstly, to stop Su Yan from being tormented, and secondly, to gamble. Now that gambling was about to fail, it was fortunate that Long Chen, who he was worried about before, had become his new hope.

Only now did Long Chen truly understand the situation.

Mo Xiaolang kept feigning indifference because he wanted him to leave this place and let him face it alone while he gambled. After all, he was clear about the strength of the Ancient Giant Demons, and he knew that Long Chen was completely hopeless. With Long Chen's capabilities, maybe if it was outside, the Ancient Giant Demon would not devour him.

"At this point, we can't destroy the Magic Star Seal anymore. We have to think about how to save Yan Er." Long Chen analyzed it carefully.

With Long Chen's forgiveness, there was no more unhappiness in Mo Xiaolang's heart now. He calmed down and said: "Right now, I will not destroy the Magic Star Seal, and the Silent Demon is severely injured, it is not your opponent. Both sides are in a stalemate, big brother, I have a way to let the two of us break out of the Magic Star Seal, but Yan Er."

"If I can get out, I'll be able to solve a big problem."

Long Chen nodded.

Back then, Mo Xiaolang was the one who sent Meng Hen and Yi Xue out. He was familiar with the Magic Star Seal, so he was probably the only one who could do this.

"The only problem is to rescue Yan Er."

Long Chen said.

Mo Xiaolang shook his head and said, "It's not necessarily true that the Primordial Giant Demons know very well that I can bring you away, so why aren't they nervous at all? If we decided to give up on Yan Er and save the common people, wouldn't that mean they would lose the opportunity to destroy the Magic Star Seal for all eternity? "They are not in a hurry, or they represent that they have a way."

On this point, Long Chen did not expect it!

This caused his entire body to tremble, and he suddenly had a bad premonition.

Seeing Long Chen's frown, Mo Xiaolang asked: "Big Brother, what do you think?"

"The Silent Demon said, they seem to really have a way!"

He just didn't know what their so-called method was!

Thinking about that, Long Chen immediately said: "We need to return to the Silent Demon's side quickly, there's still no movement from them up till now. There must be a reason, let's go!"

Without a word, he brought Mo Xiaolang and headed in the direction of the God Burying Mountain. As they advanced at a high speed, Long Chen's heart trembled and the sense of foreboding became stronger and stronger.

"Little Wolf, how much do you know about Archaic Giant Demons?"

"He's about the same as you, just the soul-controlling demon, Silent Demon, and the central Shakya Emperor Prison Demon. Ranked third, it seemed that the top five were all extremely terrifying powerhouses, and when they were at their peak, it was very likely that they would be the ultimate powerhouses among the divine gods. However, as they were connected to the center of the seal, the power that was lost was the greatest, and the stronger they were, the greater their decline would be. But even so, it's still better than the other Archaic Giant Demons. "

After running for a while, Long Chen finally reached the God Burying Mountain!

"Whiz!"

He stopped above the canyon and below him, Silent Demon lay dormant in an attempt to quickly recover the injuries on its eyes and take care of Long Chen again. For the time being, the God Burying Mountain was unmoving.

"What did they do?"

The two of them felt strange inside.

"You're here?" The Silent Demon's voice sounded by her ear.

"We thought you'd run away from the Dark Star." The Silent Demon raised its head, and its eyes were filled with tears, but from its tone, it seemed to be sad?

Long Chen asked cautiously: "If we were to escape from the demon star, what would you do?"

The Silent Demon said: "Since Mo Xiaolang is under your control and I have lost, then I deserve to be punished. I'm waiting for you to come. As long as I get punished, my Primordial Demons does not need to use the Devouring Demon to break the Magic Star Seal! "

This sentence did not seem to make much of a connection.

Why is it that even if he is punished, he can destroy Magic Star Seal?

"Let's witness it!"

The Silent Demon shouted.

Weng! \*

Right at this moment, his body turned into a black and red mist of blood. It condensed into a ball, breaking free from the internal seal of the Demon Star. The blood mist gradually condensed into a ball of flesh.

Sssii! \*

The devil planet was shaken!

"How can he escape from the internal seal of the demon star?" Mo Xiaolang was shocked.

Long Chen looked at the ball of flesh that had a large amount of essence, and said in astonishment, "It seems that he killed himself, and then left the most important part of his body ..."

BOOM!

At this time, another Ancient Giant Demon came out of the seal and swallowed the Silent Demon's blood essence in one gulp.

Chapter 2528 - Explosive Blazing Demons

did not even have time to react to this sudden turn of events!

Earlier, soul-controlling demon was moved to another place in Death Realm by Long Chen, but he didn't die. Killing an ancient Giant Demon wasn't easy.

But he felt the death of the Silent Demon.

The Immemorial Giant Demon Bone contained an intense devouring attribute. That Silent Demon seemed to directly commit suicide and sealed itself for a thousand years, then condensed all of the remaining strength in its flesh and blood vessels, and even the soul and will within it. Then, he gave himself to an ancient Giant Demon!

Because they could not defeat Long Chen, they voluntarily received the punishment of death, and used their own bodies to restore the other Ancient Giant Demons' strength?

Long Chen originally thought that the Immemorial Giant Demons would be more united with each other, so he never thought that the Silent Demon would do such a thing. It seemed that even though they were siblings, there were strict levels and rules among them.

This was something that both Long Chen and Long Chen found hard to predict.

If Mo Xiaolang did not complete a certain mission, Long Chen would swallow him whole. It was simply something that a person with deep emotions would not do.

"The Silent Demon is actually dead!"

Mo Xiaolang was also staring widely at the Divine Kingdom.

**BOOM!**

Before the two of them could react, a new Archaic Giant Demon rushed out from the depths. Because it had swallowed the Silent Demon, his body had undergone an earth-shattering change! Originally, every single Primordial Giant Demon was exhausted to the extreme. Because of their exhaustion, their realm would have weakened and they might even have the strength of the Taiji Demon Realm. In the end, only their initial state remained.

However, after the Ancient Giant Demon had devoured the Silent Demon's flesh and blood, he was actually rapidly improving and recovering. Although he could not recover to his peak state, it was still possible for him to reach a level that was much stronger than the Silent Demon!

that would definitely pose a huge threat to Long Chen!

Furthermore, this was even an action that the Immemorial Giant Demons had taken to counter attack Long Chen. Since they were willing to sacrifice the Silent Demon, then they must obtain enormous results.

RUU...!

When the Ancient Giant Demon in front of him came out of the Magic Star Seal, his entire Demon Star underwent a huge change. First, the temperature quickly rose, and in a short moment, the entire inside of the Magic Star Seal was covered in a dreadful high temperature.

This high temperature caused the blood-red rivers to rapidly dry up. The entire planet became pitch-black, and the originally black rocks and soil became charred black, emitting an unpleasant smell.

Waves of blood-red colored flames spread out to the devil star and enveloped the entire devil star, turning it into a gigantic blood colored flame sphere. Although it was floating in the air, Long Chen was also under great pressure, because he was the closest to this new Immemorial Giant Demon!

In his field of vision, a giant black beast appeared in the abyss. It was thicker and larger than the soul-controlling demon, and it was filled with a wild and brutal will. Compared to the soul-controlling demon, this ancient Giant Demon was several times more brutal! No matter if it was claws or teeth, they were all stronger than the soul-controlling demon.

His body was also covered with blood veins, but that blood vein was burning with a blood flame. This was a divine flame that was similar to the one Long Chen had encountered during the Eight Trigrams Calamity.

Flaming wings, black dragon scales, and most importantly, he had a head like a lion's, yet he was covered in hard dragon scales. His pair of eyes were formed from crimson flames, as if two suns were burning, on the verge of exploding! Although he wasn't adept at eye techniques, just his eyes alone could bring about a tremendous amount of awe!

This ancient Giant Demon was obviously related to flames.

"This should be one of the Ancient Giant Demons, the Explosive Blazing Demon!" He's ranked third from the bottom. Originally, today, tens of millions of years later, his strength is also almost the same as the Silent Demons and soul-controlling demons, but he just swallowed the Silent Demon, so it's very possible that he has recovered to a very high level. He might have already left the initial state realm, and returned to the state where his Perfection can't be compared to his peak, but it's more than enough to crush us! Most importantly, he also has the ability to swallow flames. If we don't stop him, he might just destroy the Magic Star Seal! It won't even take a month, much less two hours! "

Mo Xiaolang's somewhat nervous voice came from the God Nation.

"This is troublesome."

The danger brought by this upheaval was unprecedented, and was even scarier than the previous two. What he needed to face was basically an opponent that was impossible to defeat, and previously, Silent Demon were already so hard to deal with, let alone this Explosive Blaze Demon.

In actuality, the Primordial Giant Demons themselves had ways to escape the Magic Star Seal. But if Long Chen didn't come, they could have relied on him, so there was naturally no need to sacrifice soul-controlling demon and the Silent Demon to let the Explosive Flame Demons out. They only had around thirty plus people, and every single Primordial Demons was precious to them, so they would rather wait for a year.

But it was different now. The soul-controlling demon was taken away by Long Chen, the Silent Demon was defeated, and there was no way to deal with Long Chen. Mo Xiaolang was kidnapped by Long Chen, so without taking such measures, the Primordial Demons could not wait any longer.

Sacrifice of a Silent Demon was enough to completely open the deadlock. This was something that Long Chen had forced them to do, they did not have the patience to continue wasting time with Long Chen.

Mo Xiaolang had stayed here for such a long time, and it was only because he happened to know about the existence of the Explosive Flame Devil within Qu Clan.

The reason he knew this was because the Explosive Flame Demon had a similar nature to him. It was a flame demon, and similarly possessed the divine power to devour flames. However, it was unable to completely digest the flames and make them become a part of one's own strength.

But for the ancient Giant Demons, this was already enough!

The moment the demon appeared, the sky changed colors.

In this endless calamity, the Demon Star had completely entered into this world of flames. As for the Explosive Blazing Demon, he let out a series of terrifying roars. He was still accumulating his strength!

"Long Chen, what's going on!?"

From the outside, Yang You and the others could see that the entire Magic Star Seal was emitting boundless flames, and a stronger aura appeared. This terrifying pressure made them almost unable to stand on the outside.

"Another Ancient Giant Demon has appeared, but that doesn't matter, I have already teamed up with Little Wolf. Aunt You, this battle will probably be rather big, you should lead the group away first, so as to avoid being affected by it. In addition, let all of chaotic star field's people leave quickly."

Yang You said: "Most of the people from the chaotic star field have already retreated. You really have no problem with that? "

Long Chen nodded and said, "Don't worry."

After instructing them, Long Chen took a deep breath. He had lied, and this time he wasn't confident, because the Explosive Flame Demon was just too strong now, and if he did not swallow the Silent Demon, Long Chen might have defeated him, but right now, his strength was recovering very quickly, and in a flash, he broke through a bottleneck.

Be it pressure or might, both suddenly increased dramatically, reaching the level of being able to completely suppress Long Chen. Long Chen guessed that he had already reached the Perfection of the Supreme Demon Realm!

The reason the Ancient Giant Demons had to devour the people of the Dragon Sacrifice World was because they wanted to recover their strength. They had all been at least in the Tai Chi Demon Realm,

but had temporarily been reduced to the extent where Long Chen, this mortal spirit who was not even a god, could defeat them!

"Let's call it a day!"

Weng! \*

The Explosive Flame Demon had a pair of eyes. It finally saw Long Chen, who was even fiercer than the two Immemorial Giant Demons. The moment it saw Long Chen, it immediately took action.

In his eyes, a mere mortal did not even require him to say a word!

"Annihilating Devil Flame Source Energy!"

This wave of energy quickly covered the entire Demon Star, suppressing Long Chen's Divine Source Power! Shrink to a very small area!

In the previous battle, the nature of the soul-controlling demon and Silent Demon surpassed Long Chen's, but the quantity was far less than Long Chen's. And this time, after devouring the Silent Demon, the explosive flame devil's strength surpassed Long Chen's in both terms of quality and quantity.

"Fight!"

Other than fighting in battle, Long Chen had no other choice!

He transformed into an Archaic Blood Dragon, fighting against the Dragon and Demons! Although he was completely suppressed by the opponent from the start, but he was very clear in his heart that the Devil Star Crisis was finally coming. Although he was completely suppressed by the opponent from the start, he was very clear in his heart that the Devil Star Crisis was now truly coming.

"KILL KILL KILL!"

There were countless screams in his heart!

Facing the exploding flame demon, Long Chen's eyes also gradually turned blood-red. He reached an extremely high point as the blood-colored dragon swam in the air.

Roar!

The flames turned into a tornado, like an iron drill, blotting out the sky and the earth. Long Chen had to use his sea of control during times of chaos to barely escape from these attacks!

"Big Brother, let me help! Although these flames are terrifying, I might be able to swallow them! "

It wasn't that Long Chen didn't believe him, but he was worried about something. He said, "The Immemorial Giant Demons think that you're on their side.

After hearing this, Mo Xiaolang could only worry.

"I'll give it a try first. If I can't, then I can only fight them together."

Long Chen wasn't someone who didn't have a sense of propriety. In a match just now, he already knew how terrifying the Explosive Flame Demon was. No matter what level it was at, it would always be able to crush him!

At this moment, the great battle began once again!

The demon star horde couldn't hide any longer. No matter where they went, the aftermath of the battle would sweep over them, killing them one by one in the power of the gods and devils!

And at this moment, the Blazing Flame Demon that was enveloped in flames laughed coldly.

"Bone Devil Flame!"

Chapter 2529 - Defeat

Power of laws!

Long Chen had experienced many attacks based on the power of laws, and now he had some experience. He could feel that the earth-shattering 'destructive devil flame spirit force' was transforming into divine inscriptions, these divine inscriptions were the laws of the world, being used by the Explosive Flame Demons, they were unstoppable and intertwined around Long Chen!

Buzz! Buzz!

Divine characters like these could be seen in the surrounding space.

The Erupting Flame Demon roared, and suddenly activated the power of the laws of the Bone Devil Flame, just like the name, this strong destructive flame was directly born in Long Chen's body, attaching itself to all the bones in his body!

This was the power of the laws. They were mysterious, powerful, and unexplainable! Long Chen didn't even know how he managed to attack the inside of his body!

This was an attack that was even more terrifying than the Tribulations of the Eight Trigrams, because they were both flames, but if it appeared inside the body, then it would become a terrifying torment. The flames would directly use the bone marrow as fuel and burn Long Chen's flesh and blood channels.

BOOM!

From the outside, Long Chen's entire body was already covered in flames.

What Long Chen and the others did not know was that in Archeozoic era, although the Bone Enchantment Devil Flame was not the strongest rule of the Explosive Flame Demon, it was the most famous one.

Now, all of the bones in his body had undergone such a change. At the same time, an excruciating pain caused him endless weakness. If this continued, then he estimated that in less than a quarter of an hour, he would die completely at the hands of this Explosive Flame Demon!

In that moment of pain, Long Chen clenched his teeth, and let the fire of his life engulf his entire body, he transformed his body into a Taiji Creature Dragon, with his life dragon head taking the lead, the fire

of his life instantly produced a great effect, and he started to fight against the Bone Enchantment Devil Flame.

Fortunately, the Flame of Life was effective.

This was just like a flame that was incompatible with its element. Although the flame of life was still at a very weak stage, it had successfully suppressed the Bone Enchantment Devil Flame. Long Chen clenched his teeth, and used his great willpower to slowly drive the Bone Enchantment Devil Flame out of his body.

This process was undoubtedly quite tragic.

At this time, the Explosive Flame Demon was not paying attention to him, his eyes were staring at the Magic Star Seal, he was starting to destroy it!

"Break!"

Long Chen endured the pain, and it took him a great amount of energy to finally expel all the Bone Enchantment Magic Flame from his body. The flame itself was extremely powerful, but it was also like a Bone Enriching Maggot, directly attacking from the inside. Long Chen could only say that the power of the laws, if used to a suitable place, it was truly terrifying!

If he didn't have the fire of life this time, he would certainly die from the burning of his flesh.

Even after dispelling the Enchantment Demon Flame, after causing a certain amount of injuries, and even being unable to ignite his life force, Long Chen was still unable to recover from it quickly, he was still in a relatively dizzy state!

But he knew that he absolutely could not let the Explosive Flame Demons destroy the Magic Star Seal!

To stop him!

At this moment, he clenched his teeth, turned into a divine way heart dragon, and pounced towards the Explosive Flame Devil King with the Karma Emperor Sword. The Karma Emperor Sword expanded out, and quickly surrounded the Explosive Flame Devil King, bringing both of them into the Karma King Realm.

The Karma Emperor Sword slashed down!

The Evil Qi of the Explosive Flame Devil was larger than the two soul-controlling demons and the Silent Demon. Countless creatures had died in his hands, and the Karma Emperor Sword had also released its strongest destructive force. This was practically the strongest sword attack Long Chen had ever performed!

The sword came slashing down. The sword world became one!

It was only during the Ancestral Dragon Art's attack that the Explosive Flame Demon did not seem to have any reaction at all, and only when the attack approached, did the fiery temper in his bones thoroughly ignite!

Roar!

In that moment, the Explosive Blaze Demon opened its lion's mouth which was filled with flames, and a ball of fire rushed out from within. However, its speed was extremely strange, in the blink of an eye, the ball of fire was right in front of Long Chen! It was just a small fire spark.

"Big brother, dodge!"

Mo Xiaolang was the one who was most sensitive to fire, he understood how terrifying this fire spark was.

Even if the opponent's attack was scary, his Karma Emperor Sword was not weak either. He had meticulously unleashed an attack, yet he had already escaped before Long Chen could even resist, which was a little too much.

But, Long Chen believes in Mo Xiaolang!

When it was most likely he would injure the Explosive Flame Demon, he would dodge at the moment of life or death. He would remove the Karma Emperor Sword and swallow it, controlling the sea of fire and his own speed in the chaos!

However, this spark was actually quite difficult to control!

BOOM!

In that short moment, just as Long Chen was able to escape, the Fire Elemental had already exploded in its previous location!

Long Chen suffered an endless amount of impact, causing nearly half of his body to directly explode. This time, the explosion was so powerful that it even caused the surface of the devil star to shatter.

Explosive Blazing Demon!

This flame spark was exactly the same as his name; it was a flame that could explode!

At that moment, flames engulfed the entire planet, and many more were burned to death.

Long Chen was defeated once again!

He naturally understood that, in the face of the Explosive Flame Demon which had devoured the Silent Demon and returned to the Perfection, he really couldn't do anything. In such a state, it was simply impossible to prevent the other party from destroying the Magic Star Seal, unless he reached an even stronger level.

BOOM!

His body collapsed in the middle of the mountain, creating a deep crater.

If he had not given up just now, his head would probably have been blown into smithereens. He would have died without a trace.

It was just that this time, Long Chen understood the difference between him and the other party even more.

"Big brother, let's join forces." Mo Xiaolang understood the current situation.

"En!"

Now, he had no other choice. Although Mo Xiaolang did not have the power of a divine spirit, he could still devour flames. As long as he protected him well, there might be some effect!

It's just that right now, the Explosive Flame Seed had still caused Long Chen a lot of injuries. With the power of the laws of this kind of devil, even if one used their life force to recover, it would still take a certain amount of time!

Long Chen was not discouraged. Right now, he was fighting against the gods and devils from tens of millions of years ago, something that billions of people would never be able to accomplish in their lives.

It was useless to be discouraged. The only way to do so now was, of course, to stop him. And to protect his own life!

Mo Xiaolang appeared and hid his appearance inside Long Chen's Divine Dragon Body. At this moment, Long Chen had no choice but to endure the pain, and flew up to the sky again, blocking in front of the Explosive Flame Demon.

"You're not dead yet, ant!"

Rumble rumble rumble!

As the Explosive Blazing Demon spoke, the flames in the surroundings constantly exploded.

"You ancient Giant Demons aren't dead yet, how could I possibly die!"

While Long Chen was stalling for time, he was also recovering from his injuries.

No wonder the other siblings wanted to keep you here, it's just that I am different, I have always used killing to resolve matters. Since you want to stop me from destroying the Magic Star Seal, then I can only kill you.

The Explosive Blaze Demon said with a cruel laugh.

The destructive devil fire elemental energy emanating from his body was even more majestic and terrifying. This was a gigantic beast that had been born purely for the sake of destruction and destruction. The flames around his body constantly exploded, as violent as his temper!

Death crisis!

Long Chen almost suffocated.

Now, when the Explosive Blazing Demon was focusing on him, it was even more terrifying.

However, he also seemed to have experienced this kind of situation countless times. It was as if he was facing an opponent that far surpassed him. However, this battle was more important than any other battle. This was no longer a matter of life and death, but the life and death of billions of people!

"The Sea of Chaos!"

At the same time, Long Chen started his attack. He transformed into an Primordial Blood Spirit Dragon and descended from the sky, this time he won't let the Explosive Flame Demon have the chance to use the Fire Burst Seed again. Long Chen controlled his speed!

"How interesting!"

The Explosive Blaze Demon's words slowed down, but the look of contempt on its face didn't change at all!

Long Chen had circled behind him!

"Death Realm's Dragon Gate!"

The most furious of times, the Death Realm's Dragon Gate opened wide as a gigantic crimson dragon claw stretched out from inside the Death Realm's Dragon Gate. With the help of Hai Shui during times of chaos, it quickly grabbed onto the Explosive Flame Demon's waist.

Rip!

Flesh and blood flew all over the Explosive Flame Demon's body!

But his body was as sturdy as an iron pillar, it was difficult to pull, the extreme high temperature caused the Death Realm dragon claw to tremble, and huge flames came out from it!

BOOM!

Under the Explosive Flame Devil's enormous strength, the Death Realm's dragon claw directly shattered, and the Death Realm's Dragon Door was also directly destroyed the first time Long Chen used it. The Explosive Flame Devil turned around and smashed onto Long Chen's body with a fist, and once again heavily injured Long Chen.

"Little ants, do you really think you can do anything to our Primordial Demons? The reason why I didn't kill you in one go is because my brothers and sisters want to play with you. Your torture has not arrived, so don't put on such an evil expression towards me, and you will be in an even more miserable state. As for now, I think it's better for me to destroy this Magic Star Seal first and release all my brothers and sisters first.

The Explosive Flame Demon's voice was filled with scorn and ridicule. He was an absolute powerhouse, one who could absolutely crush Long Chen. Therefore, he did not take his opponent seriously at all.

The Ancient Giant Demons were just like this. No matter how heaven defying a mortal was, in their eyes, it was nothing more than food.

Now that he had received another heavy blow, Long Chen was already extremely weak. Just now, when the Death Realm's Dragon Door was torn apart, it was a heavy blow to him, and the latter half of the punch directly injured his primordial spirit, causing his entire being to still be in a dazed state.

He had heard all the things the Explosive Flame Demon had said.

That's right, he wasn't a match for the Explosive Blazing Demon Flames.

However, that feeling of humiliation was unbearable!

A small part of the disparity in strength could be made up by risking one's life, by relying on willpower. However, there was no other way to overcome such a huge disparity in strength.

With Long Chen's current fighting strength, he could still contend against the initial state's gods. For example, if he could defeat the soul-controlling demon, then he could restrain the Silent Demon.

But if they met the Explosive Blaze Demon with the strength of Perfection, the gap would be huge. In actuality, there would be a huge difference in the initial state even if they were both divine gods.

In terms of the rules, the nature of its power, and its quantity, the Explosive Flame Demon had formed a kind of crush on Long Chen. At this moment, Long Chen truly experienced the power of a devil!

In just a few short exchanges, he had completely defeated Long Chen!

The Explosive Flame Demon looked down on Long Chen, but he had the qualifications to do so. In his eyes, there was a difference between the level of his life and Long Chen's. If he wanted to kill Long Chen, it would be like crushing an ant to death.

Even though Long Chen had caused him to come out and destroy the Magic Star Seal, and even though Long Chen had caused him to lose two brothers, he still did not take Long Chen seriously. It wasn't a deliberate contempt, but a disdain that came from the bloodline!

"The Unbroken Fire Realm."

The Explosive Flame Devil's black lion-like head spat out a transparent, hollow fireball from its bloody mouth. The fireball formed a boundary and surrounded the heavily injured Long Chen, trapping him within. The Boundless Fire Realm had a majestic amount of fire energy and its temperature was extremely high. Long Chen's flesh and blood quickly ignited in the Unbroken Fire Realm.

This was an additional injury!

The huge binding power was like a gigantic mountain pressing down on Long Chen, preventing him from leaving the Unbroken Fire Realm.

"Stay there obediently. Wait until I destroy this Magic Star Seal, then you can play with me and my brothers and sisters. After all these years, we have more than thirty brothers and sisters who are always together and close to each other. There is no one who can make us lose two brothers, so you can be considered quite capable. "

With that, he looked into the sky and laughed: "It's also thanks to that Mo Xiaolang that you managed to open this Magic Star Seal's flame gap. Otherwise, even if I tore open the seal and released it, I still wouldn't be able to deal with the thing that the Magic Star Seal sealed us for millions of years!

Speaking up to here, the Explosive Flame Demon released a world-shaking roar, this roar, which was even more brutal than the soul-controlling demon's, shook the entire world, causing Magic Star Seal to tremble violently. The sound wave resonated outwards, causing the closest Sky Dragon Star to directly explode, almost shattering into pieces in the middle of the sky.

The entire Immortal God Realm was also in a state of shock, and everyone there was flustered.

"Another ancient Giant Demon has appeared!"

"After killing one Dragon Emperor, another one appeared!"

"It seems even stronger this time. Can he handle it?"

They did not know that Long Chen had already lost a large portion of his power. They still had confidence in Long Chen, the boundless power of all living things, and was precisely what was supporting Long Chen now. Even though he was dizzy, even though he was on the verge of death, he still climbed up from the mountain.

No matter how much fighting will he had, it seemed that he could only watch as the Explosive Flames Demon destroyed the Magic Star Seal.

At this time, the Explosive Flame Demon opened its mouth, and extended its hand towards the opening of the Magic Star Seal. Under its devouring, the entire Magic Star Seal began to tremble, and a large amount of fire energy gathered towards the Explosive Flame Demon!

RUU...!

The entire Magic Star Seal began to burn, one side was burning and the other side was trembling, it was reaching the edge of collapse!

Long Chen could only watch as this happened. He roared and used all his strength, but all he could do was make the Flawless Fire Realm restrict himself even more. This was the difference between Perfection!

"Big brother!"

He transformed into a pitch-black Sun Devouring Demonic Wolf and pounced towards the Unbroken Fire Realm. Although this power belonged to the gods and devils, only he could use his innate talent to break this power.

Sssii! \*

The Sun Devouring Demonic Wolf bit into the Flawless Fire Realm, and under the change in his talent, the Flawless Fire Realm turned into a blazing torrent, which was sucked in by him. This was a very strong flame, so Mo Xiaolang's expression was extremely painful, but she endured it just to save Long Chen!

RUU...!

Under Mo Xiaolang's devouring, the Unbroken Fire Realm gradually disintegrated!

For the current them, every moment was a life and death moment.

During this process, the two of them looked at each other and could only smile bitterly. Under the absolute suppression of the Primordial Demons, even if the two of them risked their lives, it would only be completed fart. The Magic Star Seal was about to break.

Everyone they knew, White Yang Town, Source Spirit City s, the Central Palace, the Holy Martial Empire s, the entire Divine Dragon Nation, the Three Great Imperial Domains s, the three great Imperial Palace s, and even the entire Immortal God Realm, were all about to be shattered into pieces and completely lost.

Everything that had been passed down for tens of millions of years!

How many creatures, how many emotions!

Long Chen had never felt so much pain before, but he had to admit that he was still lacking a little.

Mo Xiaolang was the same!

All the passion and passion, all the protection and commitment, had turned into trembling when the fact of defeat appeared. Even when he was fighting against the City Lord, he did not tremble like this!

"Big brother!"

Mo Xiaolang felt extremely guilty. He also felt responsible for everything that had happened today. Currently, he had already engulfed the Unbroken Fire Realm. The burning flames had nearly riddled him with holes as he did his best to devour this portion of the power.

"I don't blame you!"

Long Chen rushed out from the Flawless Fire Realm. The battle was not over, he was not dead yet, no matter what, if all of this was going to be destroyed, then he had to die before everyone else, because he was the strongest person and the responsibility of the strongest was also the mission his father had given him!

This was the world that belonged to them, the Dragon Sacrifice World!

At this moment, the Explosive Blaze Demon discovered them.

"Oh, is he still betraying us?" He stared at the Sun Devouring Demonic Wolf with his pair of blazing eyes and laughed coldly. He opened his mouth and spat out a mouthful of fire!

With Mo Xiaolang's current condition, if he were to be met with such an attack, he would definitely turn into ashes and die without leaving a single bit behind. After all, this was the power of the gods and devils, it was a power that belonged to Perfection!

Mo Xiaolang could only swallow it.

"Be careful!"

Long Chen saw all of this.

His mind went blank. He only knew that no matter what, he couldn't just sit by and watch this brother of his die!

"Karma Royal Sword!"

In that instant, he endured all of his injuries and pounced towards Mo Xiaolang, pulling him into the Karma King Realm. In that instant, the exploding flames seed had already rushed out and struck Long Chen's Karma King Sword!

BOOM!

The Karma King Realm was annihilated in the midst of the battle. Mo Xiaolang was protected well, but Long Chen actually suffered a heavy blow in the direct confrontation. This destructive power caused the Karma King Sword between his brows to directly explode.

BOOM!

Long Chen fell to the ground!

In his world, everything had become blurry. But what made his mood a little bit better was that he had successfully saved Mo Xiaolang, and in the midst of all the exploding flames, he was not injured.

It was just that he had suffered heavy injuries!

His consciousness became blurry, and only the Explosive Flame Demon's pair of terrifying fiery eyes burned brightly in his blurry vision, intimidating his mind!

He felt a very similar feeling as the last time he was killed by the Spirit King. All of his life force seemed to be distancing itself from him. At this time, Long Chen seemed to be unable to even activate his fire of life!

"Big brother!"

In the midst of it all, he heard Mo Xiaolang's heart-wrenching howl. A black demon wolf was running wild and shivering beside him, and its howls carried a crying tone and a sense of destruction as well as a deep despair, as well as a malevolent look.

"Protect yourself and them!"

He, who had never admitted defeat, when he had lost all hope, he could only hope that Mo Xiaolang would be able to rush out at this moment, bring Yang You, Ling Xi and the others away. Even if the Dragon Sacrifice World was destroyed, Long Chen hoped that the day would come when they rebuilt their home!

As for him, he could only die here.

"NO!" If you want to die, die together! " This was Mo Xiaolang's reply to him. At this time, his voice was a little different, Long Chen became a little more focused, he saw that the blood veins on Mo Xiaolang's body had recovered, and his entire body erupted with terrifying devil energy. He had already digested the power of the Unbroken Fire Realm, and became even more powerful!

"Hold on, I will enter the Magic Star Seal and use the seal as a shield and fight him to the death!"

Mo Xiaolang roared, and left Long Chen's side. He quickly became very far away, to forcefully resist the Explosive Flame Demon!

"Come back!"

Long Chen used all his remaining strength to shout out, but he could not save Mo Xiaolang. His will was already low, but at this time, he was still unwilling to give up, he had lost all hope, he had carried so many things on his body, if it was not instant death, but this kind of heavy injury and death, he would not be able to kill himself!

Even though his vision was blurred, and Long Chen had relied on his strong will to climb up, making him unable to see anything, his mind only had one thought, and that was: You can't die!

The common people had suffered and their homes had collapsed. How could they die here?!

Everything in his body seemed to roar again as endless power began to push him from the palace.

"Fire of Life!"

He activated his sacred art. Finally, his injuries began to heal to a certain extent, and he was pulled back from the brink of death.

Heh heh!

Long Chen breathed heavily, his mental will gradually awakening. Opening his eyes, he saw that the Sun Devouring Demonic Wolf had already rushed into the opening of the Magic Star Seal, and was currently fighting with the Explosive Flame Demon for the fire.
