

War God 2541

Chapter 2541 - Pure Demon Spirit

He had never experienced the Divine Demon Tribulation, so he was naturally unclear about Mo Xiaolang's current situation. He wasn't sure if he succeeded in transcending the calamity or if he relied on his innate talent to become a Divine Demon, or if there were other unforeseen events.

However, in the process of god-walking demon's battle, he couldn't be too excessive. This time, the god-walking demon did not hesitate to exhaust the last of his strength to completely destroy Long Chen!

They had spent tens of millions of years to defeat the Magic Star Seal, and now they were waiting for this moment, to immediately recover their original strength. They, who were extremely thirsty, could immediately eat a living being.

Even Old Dragon couldn't help but advise Long Chen to give up. If he ran now, he might even have a chance to escape from this world.

"Impossible!"

Long Chen charged into the storm of space. The boundless laws, together with the power produced by the Infinite Divine Art that god-walking demon had cultivated to an extremely terrifying level, under the dual attack, the countless Cosmic Blades attacked him. Any one of them could cut open the Immortal God Realm.

"Alright, then I'll accompany you and leave your life here." Old Dragon didn't say anything more. He poured out more of his Creation God Power into the Supreme Divine Emperor Halberd and fused it with Long Chen's Divine Source Power. Long Chen had the power of all living beings, and his power was still increasing explosively!

"Kill!"

When the Profound Truths of the Severing character was activated, the supreme Divine Emperor Halberd erupted with millions of dazzling light. The momentary ancient gold's astral energy collided continuously with the Qiankun blade and exploded, the Fiery Golden Flames also formed a flaming tornado, clashing against the space storm!

When the Supreme Divine Emperor Halberd exploded, it was like a golden sun exploding. Long Chen slashed down with the Supreme Divine Emperor Halberd, forming a destructive blade aura, the attack this time finally tore apart the spatial storm, giving Long Chen the chance to escape!

But the moment it appeared, a terrifying attack suddenly came forth, the god-walking demon with a speed that exceeded it, instantly arrived behind it, the Demon Claw and the snake-like tail behind it moved at a speed that could not be seen, in a blink of an eye, it was right in front of Long Chen!

Rip!

Long Chen turned around and slashed at him, using the Divine Source Power to deflect the opponent's tail. To him, this was something extremely dangerous, but he was also injured by the god-walking demon's devil claws.

Fortunately, he could still endure the fire of life!

However, the remaining Immemorial Giant Demons are all eyeing him covetously, and even more Perfection demons are awakening, causing the A web of gold and steel s to be on the verge of collapse!

Even if he had tens of thousands of clones, he was afraid that he wouldn't be able to stop the destruction of the Dragon Sacrifice Continent at this time!

Long Chen's heart was filled with deep guilt. After all, there were so many people who had placed their hopes and dreams in his own hands, yet he wasn't able to accomplish it for them. He wasn't resigned to his fate. If he had to accept his fate, then he wouldn't have to fight until now!

BOOM!

As if god-walking demon was playing with Long Chen, he swept around him with that terrifying speed, instantly forming tens of thousands of afterimages. It was unclear which was real and which was fake, but Long Chen was sure that he would not be able to resist the next attack!

"I have to admit that you're very interesting, but I've had enough."

Whoosh!

A deadly sense of danger instantly attacked him as the god-walking demon disappeared from his side.

"Future!"

In this short period of time, countless of scenes flashed past Long Chen's eyes. To reach this step in his life, he already had no regrets. Right now, his only wish was for Ling Xi to escape and pass on his legacy to his descendents so that he could live well. If there was any hope in the future, she would take revenge for herself.

When Long Qinglan died, he thought of the same thing, so Long Chen was born.

Long Chen was naturally unwilling to give his child any pressure, but he was unwilling!

Long Qinglan was also not willing to give up!

Mo Xiaolang had experienced the calamity of a god and he had not truly become a god yet!

How could he die so easily!

With his usual habits, even if he died, he would drag someone down with him. Therefore, he wouldn't let go of his weapon until he was completely dead!

"Whiz!"

However, just at this moment, a streak of red flame unexpectedly blocked him in the middle.

BOOM!

The god-walking demon broke through the familiar flames, but Long Chen had already rushed to another place and temporarily dodged the flames.

"Little Wolf!"

His body was not very big, and was not much different from before. However, the symbol that belonged to a devil disappeared, and his eyes returned to the deep black color once again. All the blood veins on his body also disappeared, and he turned into a completely black demon wolf in the darkness!

This was what he looked like in the first place!

But in terms of his level of existence, he was completely different.

Looking at his current state, Long Chen was extremely excited. He knew that although he had experienced a lot of hardships, Mo Xiaolang had succeeded! He had just transcended the calamity of the gods and devils, and in ten million years, he was the first existence to become a god and devils, he was even faster than Long Chen!

The feeling he gave Long Chen right now, was no different from that of the Primordial Giant Demons. It was the kind of god and demon that stood above all beings and grasped the power of laws! However, he was not as evil as the Ancient Giant Demons. Instead, he was extremely pure and was a type of peaceful dark energy. Dark and deep, pure and natural, he had returned to his most primitive state!

Seeing him like this, Long Chen couldn't help but be extremely excited!

His good brother had finally returned. Maybe the negative impact that the martial magic seed had on him back then had completely disappeared from today onwards.

That was the deepest guilt in Long Chen's heart.

"Big brother!"

Mo Xiaolang's pitch black, deep eyes, couldn't help but tear up at this moment. He clearly remembered how Long Chen was injured the first time he faced the Explosive Flame Devil, and how he blocked the Flame Devil's attack for himself.

He had used a long time to transcend the tribulation, but he had not expected that under this kind of extreme situation, Long Chen would still be able to endure until now!

Even though there were ten thousand emotions in his heart, ten thousand gratitude, and boundless hatred for the Ancient Giant Demon and Ancient Giant Demon, the most important thing right now was to stop the Primordial Demons!

Long Chen did not dare to tell Mo Xiaolang about this matter. And at this time, the god-walking demon had already attacked!

"Inherent skill became a devil? Or was it such a pure demon spirit? It was extremely shocking! Ever since that time in Dragon Sacrifice World, there has actually been someone who was able to become a devil with talent! I have to say, you are indeed a demon wolf that has partially escaped the laws of the world, which is why you are able to do this! It's just that you met us too early. Maybe it'll allow you to cultivate for a million years, so that you can reach the level of a 'Demon Lord' might not be certain! "

With a sou sound, god-walking demon appeared in front of them.

The other Primordial Demons s were still working hard to free themselves from the nine Demon Spirits. Mo Xiaolang, the newly born Demon Spirit, didn't have anything that deserved their attention.

In reality, Long Chen had a ancestral dragon-inherited blood, so his talent was even higher. However, he did not know whether or not he could become the Talent to become a god, because he might lack something called the 'Origin Dragon Soul'.

It had been many years since they had fought together!

The two of them looked at each other. They could see the fire in each other's eyes. Even if they were in a desperate situation, even if it was impossible to defeat an opponent like this, as long as the other party was here, they had the confidence to win!

"Was that the Unbroken Fire Realm just now?"

He was extremely familiar with that type of rule. That was the Flawless Fire Realm where buck teeth were silently using it countless times on his body. He was guessing, could it be that Mo Xiaolang had inherited the power of the rules from the Explosive Flame Devil?

When he thought about it, the god-walking demon had already treated him as her primary target and started attacking!

Long Chen held onto the's halberd and moved forward like exploding thunder. The's halberd was like a fierce dragon emerging from its hole, it pierced through and revolved in his hand, forming a terrifying aura and a flaming tornado that charged towards the god-walking demon!

"Too weak!"

god-walking demon laughed out loud. Under the flapping of his wings, countless spatial fragments turned into blades that charged towards Long Chen, locking all of his methods of escape!

And at this time, Long Chen discovered that Mo Xiaolang's speed was also extremely fast. Long Chen's mind stirred, when he fought, he used the sea to control his surroundings during times of chaos. When he was restricting the god-walking demon, he actually gave Mo Xiaolang several times the speed!

In that situation, Mo Xiaolang's speed was instantly at the same level as the god-walking demon!

He and Long Chen had an inexhaustible tacit understanding, and basically didn't need to communicate at all. When Long Chen risked his life to directly clash with god-walking demon, he suddenly rushed behind god-walking demon and spat out.

That was the flame of the Explosive Blaze Demon!

Long Chen was extremely familiar with this move. It was the power of the Erupting Flame Demon's laws, and at this moment, the two Fire Elementals had already descended behind god-walking demon.

"He actually grasped the rules of the Explosive Blaze Demon!"

Long Chen was shocked.

What he knew was that no matter who it was, if they wanted to display the power of the laws, they would have to rely on their own comprehension. Inside the supreme Divine Emperor Halberd, this was what Old Dragon knew.

god-walking demon was equally deeply shocked!

"Impossible!"

He turned around and flapped his massive wings, causing a torrent of space fragments to crash into the explosive flame seed. At the same time, he used his massive wings to completely envelop his body, protecting himself!

The explosive flame seed collided with the torrent in front of his eyes and exploded!

BOOM!

This explosion had alarmed the other Primordial Demons. Only now did they realise of Mo Xiaolang's existence.

Rip!

Under the explosion, criss-crossing wounds appeared on god-walking demon's fleshy wings. The two of them worked together and finally injured him!

Long Chen's supreme Divine Emperor Halberd had also left a scar on his opponent's back!

However, this was only the beginning!

Chapter 2542 - Sweeping the Thousand Militaries.

Mo Xiaolang seemed to have other plans. After he used the explosive flame seeds to attack the god-walking demon from the beginning to the end, he signaled to Long Chen with his eyes. His intention should be for Long Chen to continue restraining the other party!

"Understood!"

When the god-walking demon was first injured, Long Chen's eyes turned cold, and the Divine Source Power erupted. The Supreme Divine Emperor Halberd used the majesty of the emperor, and inherited the prestige of the Divine Emperor and Divine Dragon, and charged straight into the god-walking demon head on. Long Chen now displayed the insanity of his battle, and like a war god, fought against the closest to him!

"Sweep!"

This was the rule he had followed during his battles. He was getting more and more familiar with the Supreme Divine Emperor Halberd, erupting with his strongest power along with the God of Creation!

He had wiped out an army of a thousand!

The current him looked like he was facing a million opponents. The Supreme Divine Emperor Halberd tore through everything, and in an instant, the halberd light shone brightly, the momentary ancient gold's astral energy formed rays that cut through the heaven and earth, and on it, there was an endless amount of wind and fire wrapped around it. The god-walking demon was right in front of Long Chen, receiving such an attack!

At the same time, he was constantly disturbing the god-walking demon, as opposed to that, the god-walking demon was still twice as scary! Because of Long Chen's restriction, he started to feel frustrated. Now that he could not complete the mission, maybe the Demonic God Shakya was angry.

Although only a short period of time had passed during the battle ...

Just as he was about to completely crush Long Chen in a frontal battle, he did not expect Mo Xiaolang to run behind him at this time. This time, at the most critical moment, he spat out three Fire Elementals!

What god-walking demon did not realize was that these three fire droplets were actually black, and did not have the blood-red zeal of the Explosive Flame Devil Flame, but were extremely cold. What he was facing was Long Chen's violent attack, so he did not notice this detail for a moment.

However, Long Chen noticed it.

He understood Mo Xiaolang's plan.

This was the spark formed by the netherworld Devil Ancestral Fire. Although it still looked the same at the moment, at the moment of explosion, it would certainly be exceptionally terrifying!

"Break!"

In order to prevent god-walking demon from going all out against Mo Xiaolang, Long Chen didn't even give up his life, and directly rushed to the front of god-walking demon. Under the sweeping of the supreme Divine Emperor Halberd, god-walking demon had no choice but to face Long Chen head on!

BOOM!

He condensed the space in front of him, forming a round shield, and blocked Long Chen's front, allowing Long Chen's supreme Divine Emperor halberd to slash onto the round shield!

Under the attack that Long Chen had almost exhausted all of his strength in, the round spatial shield exploded, and god-walking demon was swept away by the immense power as he rushed towards Mo Xiaolang's direction!

Although he was in a sorry state, he was confident.

"You want to use the same method on me twice?"

god-walking demon could not help but laugh out loud.

In front of him, the three Fire Elementals were unstoppable, and were getting very close to him. god-walking demon ignored him and flapped his wings once again, causing a spatial current to rush at the Fire Elemental, but this time, the Fire Elemental exploded closer to god-walking demon, but this time, god-walking demon was already using his wings to protect himself!

"Unbroken Fire World!"

But at this time, Mo Xiaolang used some other method.

This was the Unbroken Fire Realm that had been protecting Long Chen before. However, this time, the flames used were also the black flames of the Nine Serenities Devil Ancestral Fire, but this time the target was not Long Chen but the god-walking demon. The Unbroken Fire Realm had surrounded him!

Of course, it also surrounded the fire element!

Long Chen finally understood that in a fixed space, the explosive power of the Fire Burst Seed had been completely locked in a very small radius by the Flawless Fire Realm. Both of them were not as strong as the god-walking demon, but in the process of teaming up, Long Chen found a way to kill the god-walking demon!

As Mo Xiaolang was retreating, he rushed towards the god-walking demon!

At this moment, the fire spark formed from the Nether Demon Ancestral Fire exploded!

It was when god-walking demon first discovered that this Fire Elemental was slightly different, but it was already too late. The reason why Mo Xiaolang did not use this Fire Elemental for the first time, was to confuse the other party!

Rumble rumble rumble!

This terrifying explosion had occurred right within the Unbroken Fire Realm!

In that instant, the entire Unbroken Fire Realm was filled with black flames and the god-walking demon was completely submerged. In the next instant, the Unbroken Fire Realm shattered and once again exploded!

This shock wave was even more destructive, it almost caused the breaking of A web of gold and steel s, and there was even less of a need to talk about the entire chaotic star field.

Because Long Chen was too close, he also encountered an attack, and as expected, the fire seed of the Nine Serenities Devil Ancestral Flame was extraordinary. The fire seed Mo Xiaolang had previously used was far inferior to the Explosive Flame Devil, but if it was the Nine Serenities Devil Ancestral Flame, it was almost stronger than the one he had used when he first exploded the flame devil.

Sssii! *

Deep inside the explosion, was the god-walking demon's miserable cry!

This was the most furious scream that Long Chen had heard recently. The god-walking demon knew that he had been tricked, although this time the injury did not kill him, it had still injured him severely in an instant. This kind of disgusting injuries, even if he had to recover, it would still be quite troublesome.

god-walking demon never thought that Mo Xiaolang would use this kind of method to play with him.

Two, they did not expect Long Chen to have even more guts to charge in under the terrifying explosive power. Now was the time when the god-walking demon was at its weakest. After being imprisoned for millions of years, the god-walking demon was extremely weak as well.

"You're courting death!"

When he saw Long Chen, he roared in anger.

"Who died?"

There was only one chance.

Long Chen instantly turned into a dragon and with the body of the Primordial Blood Spirit Dragon, he unleashed the Death Realm's dragon gate. Right before the severely injured god-walking demon, the Death Realm's dragon claw had already pierced through his body.

"You!"

He had forgotten that Long Chen had such a method. Once thrown into the Death Realm, there would be no difference than death!

They did not spend ten million years just to enter the Death Realm!

In that moment, the god-walking demon was about to go crazy. He didn't even care about his life, as an existence that was once at the Demon Lord level, although he was heavily injured and exhausted, just based on his physical strength alone, it would be difficult for Long Chen to drag him into the Death Realm under such circumstances!

"Crap!"

He felt that he would have to lose this most difficult opportunity. The other party was simply too afraid of the Death Realm, so much so that he was willing to let Long Chen rip his lower body apart to escape from Long Chen's grasp!

All of this happened in an instant!

"Little Wolf!"

Long Chen shouted!

He believed that Mo Xiaolang would understand what he meant!

As expected, just as he said those words, the god-walking demon cried out miserably again. Long Chen saw that the god-walking demon's body was ignited with black flames.

However, this Bone Enchantment Devil Flame was extremely cold and instantly froze the god-walking demon into an ice sculpture. This was because this was the Nine Hell Devil Ancestral Flame!

BOOM!

In that instant, Long Chen threw the god-walking demon into the Death Realm, if not, he reckoned that he would very quickly be able to shatter the frozen Nine Hell Devil Ancestral Fire and escape!

When the Death Realm's Dragon Door closed, Long Chen still had a feeling of disbelief.

He did not expect that, although he and Mo Xiaolang were obviously not as good as the god-walking demon, and the possibility of the gap between them was still too big, but they had actually relied on their own tacit understanding and familiarity towards each other, to actually kill this god-walking demon!

If they entered the Death Realm and never came back, then they would be dead!

Therefore, when the god-walking demon disappeared, even the two of them were stunned for a moment.

"If only we can throw all of the Ancient Giant Demons other than the five Primordial Demons inside the coffin into the Death Realm!"

The other side still had nine existences that could compare to god-walking demon s!

Long Chen knew that now was a chance. If he and Little Wolf could fight against twenty Primordial Demons of the initial state in a group, maybe they could finish it before the nine of the Perfection could release the seal. Then, who would release the seal on them?

However, this idea was too idealistic.

Moreover, it was destined to be impossible to achieve.

Because at this time, there were two Primordial Giant Demons with Perfection who, with the help of the other Ancient Giant Demons, managed to escape the seal.

Furthermore, her other Perfections were almost out as well. It was simply impossible for Long Chen to let them out one by one to let him kill them all.

To be able to take care of the god-walking demon, this could already be considered as ten thousand of good fortune, luck that even they could not believe in!

To be honest, the god-walking demon had suddenly been defeated. Right now, the dozens of Ancient Giant Demons were still in a daze, unable to react. Even Shui Lanyan, who was sitting on the third Heavenly Tomb Crystal Coffin had a somewhat astonished expression. The battle between Long Chen and his team just now could be said to be perfect; it was simply a miracle created!

The true strength of the god-walking demon was the polar state of the Tassel Devil Realm!

This was the most central force within the Primordial Demons, and not something the Silent Demon could compare to. Losing this member of the clan had caused the great drop in power, and even the Demonic Sakyamuni had felt extreme pain, and the other Ancient Giant Demons were even more furious. They called each other brothers and sisters, but on this day that they were free, a brother mysteriously died in Long Chen's hands, and each was more bizarre than the other.

For a moment, all the Primordial Demons who had escaped roared in unison. Under the lead of the two Perfections, they prepared to tear apart Long Chen and Mo Xiaolang in an instant.

However, before this, everyone believed that the god-walking demon could easily kill Long Chen.

Looking at the blue smoke in the water, they waited for her order. The Ancient Giant Demons could no longer afford to lose them, and Long Chen, these two housefly like existences, had to be cleared as much as he wanted. Even the god-walking demon was gone, so from now on, it would be foolish to be careless in the slightest.

She stared at Long Chen and Mo Xiaolang, and suddenly said, "Everyone, it's enough to defend yourself. Even if you can let the other seven escape, it won't be too late to make a move. Don't worry, they won't run away. "

Chapter 2543 - Beauty Like Poem

The Primordial Demons of the Perfection was the strongest force that the Demon King of Shakya, Shui Lan Yan, could muster right now. His clansmen were already at their weakest. Especially the five of them at the Heavenly Tomb Crystal Coffin, who were once the Demon Kings and Demon Emperors, they were now at their weakest.

The most important thing to their former opponents was to seal the five of them.

The sudden loss of the god-walking demon s was unexpected, but they only had nine remaining Primordial Demons s left, so Shui Lanyan did not want to lose another one. As for those twenty or so initial state Primordial Demons s, they were not Long Chen's match at the moment. Even if they were to go all out against him, they might still suffer losses.

There were very few Primordial Demons s, so even losing a single mortal spirit like Long Chen was not worth it.

Therefore, she chose not to take the initiative and attack again. Of course, this was only temporary, and once the five of them were excluded, all of the Perfection and Primordial Demons s had been released from their seals. If they were to crowd in again, Long Chen and Mo Xiaolang would undoubtedly die.

That was why Long Chen seized the opportunity to lose so many of his compatriots.

No matter how much hatred and unwillingness the Immemorial Giant Demons had in their hearts, they could only endure it now. Everyone was helping the remaining seven Perfection Primordial Demons s to escape their confinement.

Long Chen obviously would not run away at this time, if not all of his previous efforts would have been for naught.

Therefore, he only had two choices left. The first one was: attack right now.

Then, he would have to face two terrifying Primordial Demons that were comparable to god-walking demon and twenty equally powerful Primordial Demons. Just relying on Long Chen and Mo Xiaolang alone to defeat a Primordial Demons who was comparable to god-walking demon together was extremely difficult, almost impossible. Defeating god-walking demon was in fact a great deal of luck, and god-walking demon had looked down on them as well. However, they did not have such a fortuitous encounter after that.

Therefore, this choice was not possible to kill all of the Ancient Giant Demons here. The only possibility was that they might be able to kill a few of them, but he and Mo Xiaolang were definitely going to die.

The second choice was to delay, to wait, but if all of the other party members were to escape, then once they charged forward, he and Mo Xiaolang would die without a doubt!

Both options would be death.

No one could make this kind of choice.

The old dragon said, "To be able to kill god-walking demon is already considered a stroke of luck. Shui Lan Yan is not an idiot. She has already lost her god-walking demon and now, she will not allow any of the Ancient Giant Demons to die again. "

Long Chen and Mo Xiaolang looked at each other.

They could all see the determination in each other's eyes, and also, of course, the helplessness that Old Dragon had said. Even if Mo Xiaolang managed to become a demon spirit at this time, there was nothing they could do about it. From the moment the Magic Star Seal was destroyed, they had no hope of winning at all.

Long Chen was extremely curious about the situation regarding Mo Xiaolang's Demon Spirit. It was a pity that he didn't have the time to understand it. Right now they had decided not to attack for the time being, but as time went on, other Primordial Demons with Perfection would be born soon!

"Brother, did you see Yan Er?"

At this time, Mo Xiaolang, who was standing beside Long Chen, said with a trembling voice.

He looked past the blue smoke at the second to last coffin.

Even though it was filled with black fog, he still felt that familiar feeling. This result caused his entire body to tremble, and his eyes to become burning hot.

Long Chen naturally did not want to hide this from him. This monstrous hatred, Mo Xiaolang should know. Thus, he told him everything that he had heard earlier ...

"Is that so?"

Mo Xiaolang did not lose control over himself. He wiped away the tears at the corner of his eyes and said: "I think, she still has a big brother. She's definitely still alive! If she was really dead, I must have felt it! I want to save her! "

Long Chen said as his brows knitted together, "The bodies that they, the Immemorial Giant Demons, took over should be different from what we saw in the Dragon Sacrifice Continent. Yan Er's current body has already become an Ancient Giant Demon, but just as you said, the reason is the same. As long as she still exists, there is hope for her to revive. "

Of course, all of this was based on the premise that they could win this battle!

But with the passing of time, the distance between them and victory was growing further and further apart.

An ancient Giant Demon with a third Perfection had appeared!

Then there was the fourth!

If not for Shui Lan Yan's caution, the four Primordial Demons of the Perfection could have taken Long Chen's and Mo Xiaolang's lives in an instant.

Mo Xiaolang's heart was filled with boundless desire. Like Long Chen, he had the conviction that he would definitely win, even if the reality were to become so cruel. The hope of victory had never appeared.

The two of them were both lunatics, because the Supreme Divine Emperor Halberd had also given up.

As long as it was a human, they could all understand. When facing this archaic deity, they were nothing but a bunch of ants, and they were simply unable to prevent anything. This was simply not a contest between two people on the same level.

This was fate.

The more time passed, the more desperate they should be.

Shui Lanyan laughed softly and said, "I suddenly remember that the two of you are both lucky people. Back then, when you defeated the dead City Lord, it was because of this point that I underestimated you, which resulted in the death of my brothers. But now, I understand that you two are worthy of respect."

The more highly she thought of Long Chen, the more it meant that Long Chen and the others had even less of a chance.

Those who had underestimated them, had Long Chen send them to the Death Realm.

Lan Yan continued, "The two of you are too dangerous, so I've already made up my mind. However, it cannot be denied that you have created a miracle by blocking my Ancient Giant Demons to such an extent. I will leave a few seeds for the Dragon Sacrifice Continent to reproduce and let them remember the names of the two of you heroes. After all, this Dragon Sacrifice World was once the most terrifying of all the Ten Thousand Worlds. "

She covered her sexy lips with her white fingers and giggled.

Even if he was enraged, there was nothing he could do.

"Only by killing all the ancient Giant Demons that escaped will we be able to successfully save all of this."

This was much more difficult than killing a dead city lord.

"Big brother, if we don't fight now, then there's even less hope. Let's fight to the death."

Mo Xiaolang burned with fury. To him, this was the deepest hatred in the world. It was unclear whether the person he loved was dead or alive, and he could not endure this kind of hatred and pain even for a moment!

Long Chen wanted to attack even more, but he had missed the opportunity to do so. Now that there were four Primordial Giant Demons with Perfection, even if one of them came out, it would be enough to suppress the two of them working together! This was a battle without hope of victory, how could he fight it?

However, as long as he didn't stop them, the beautiful world behind him would be finished!

Impulse was the devil, and now that the responsibility was so huge, he should be able to think of a better way, no matter which of the two choices he had made, it would all be seeking death!

"Brother Chen!"

This shout caused Long Chen's heart to tremble. He suddenly turned around, and saw Ling Xi standing not far behind him, her white long skirt fluttering in the starry sky. In this chaotic place, her eyes were slightly red. With tears in her eyes, she was actually so beautiful.

She looked at herself earnestly with deep feelings of love hidden within her eyes. That was the deepest love she could bear, and it was precisely because of that that she didn't listen to Long Chen's words and came to this place.

Long Chen was extremely nervous in an instant, and shouted angrily: "What are you doing!"

Speaking till here, he saw that Yang You had appeared beside Ling Xi. Behind them, the Dragon Emperor, the Great Demon Lord and the Ocean Emperor's Holy Witch had all arrived.

They understood that even if they were to stay in the Dragon Sacrifice Continent's Immortal Divine Region, they would be of no use to him. I might as well come here.

Long Chen had no choice but to get angry. His place was already chaotic enough, he would rather die first than watch them die in front of his eyes. Ling Xi could tell with one glance that her lower abdomen was slightly bulging, and there was life pulsating inside it.

"It's a girl."

Ling Xi's eyes were filled with tears, she pursed her lips and said to Long Chen. It was as if she had used up all his energy just to say those words.

"Ugh ..."

Long Chen saw that the fetus in her stomach was still in the process of forming. Ling Xi was right, he was indeed a girl, and in the blink of an eye, Long Chen could imagine how cute she would be after he was born, how beautiful and enchanting he would be after she had grown up, and how cute and adorable. Imagine everything

However, all of this would be destroyed. Perhaps this child's life was limited to today!

Long Chen woke up from his stupor and quickly made his move before Shui Lanyan could do anything. He brought all of them into the Divine Kingdom. That way, at least until he died, they wouldn't die. Long Chen did not expect them to come, so he could only do it.

At this moment, he was speechless.

"Chen Er, you don't have to worry about that. This is everyone's choice. We do this, at least in our hearts. All of us are proud of you for being able to do this. "

Yang You smiled, as though she was relaxed. She had many stories, so her heart was even more stable than Long Chen.

"Brother Chen, I have also fulfilled my promise to you."

Ling Xi's eyes reddened, but she smiled and said.

In just half a year, she had actually inherited the psionic inheritance. From the looks of it, she was already pretty much at the same level as the Spirit Lord, and there might even be a large amount of space for her to advance in the future.

If he used Three Lives Love Silk, it would also be able to increase Long Chen's strength by a certain amount. However, he did not know the actual extent of it. Furthermore, with Ling Xi's current condition, it was not suitable for him to make a move.

Chapter 2544 - Ten Extreme Realms Demon Sealing Formation

Being able to reach such a level in such a short period of time was entirely related to her being extremely suitable for the psionic inheritance. Originally, there was a huge connection between a Holy Master and a virgin.

For example, she discovered that after fusing the bloodlines of a Psionic Imperial and a virgin, one could become an even more perfect bloodline.

It was as if they were originally one and then separated into two different groups.

Therefore, in just half a year of time, Ling Xi's strength had explosively increased, and her speed of accepting psionic inheritance was countless of times faster than an ordinary person!

Of course, there was also the fact that her hard work during this period of time had nothing to do with it. She always remembered what Long Chen had told her, so she didn't dare to relax at all. If it wasn't for Yang You asking her to rest sometimes, she wouldn't even dare to stop.

Resting was also for the good of the fetus.

Therefore, Ling Xi was in a very good state right now, her vitality was immense, and so was the baby in her womb. Of course, she had already suspected that if she participated in the battle, it would be very easy for her to be injured by the fetus. Thus, no matter what, even if she had already completed the mission that Long Chen gave her, Long Chen had never thought of letting her join the battle.

Right now, the difference between him and the other party was not only Ling Xi. If it was, maybe Long Chen would let his woman take a risk too. After all, the consequences this time were too severe.

The group of people were all taken by Long Chen into the Divine Kingdom.

Lan Yan glanced at it for a while and chuckled, "So it's this beauty. I've seen her before, but I seem to have inherited some great things." You're the one who gave it to her, right? "

As he spoke, another Primordial Demons of Perfection was born!

Long Chen did not bother to reply her, but the pressure in his heart had increased. He said to Lan Yan, "Is there really no way to ease the situation? Do you have to destroy the world? "

Lan Yan smiled. "This is your world, not ours. We have waited ten million years for this day. If you do not kill so many of our brothers, or if we can spare you, what about now, even if I do not want you to die, they will not be willing. "

Currently, every single Primordial Giant Demon was eyeing Long Chen covetously and wanted to attack him right now. They had full confidence in their abilities right now, it was just that Shui Lan Yan was already cautious to the extreme.

There was no chance for negotiation.

At this time, the Supreme Divine Emperor Halberd had turned into a golden dragon and was walking upstream of the God Kingdom of Long Chen. He suddenly said, "There are a few fellows inside that seem to have some kind of decent thing on them that has a very large sealing power. And Long Chen, it seems like there's something like this on your body as well."

Long Chen's heart trembled, and asked: "Are you talking about the Five Dragons Pearl? That's right. Now, all the Dragon God Domain s have one of their own, I have the Slaughter Dragon Pearl with me. "

"Five Dragon Cities? Tens of thousands of years ago, the Five Dragon Cities was still in the corner and couldn't be compared to any other Shencheng. Now that the Immortal God Realm doesn't seem to have any more deities, the Shencheng should have declined as well. The Dragon Fighter was a little stronger. What a miracle. "Let me take a look at these five dragon pearls."

According to him, ten million years ago, the Five Dragon Cities was not as strong as the 72 - The Ancient City of God's descendants, and was an extremely hidden force. At that time, the Shencheng was overseen by the gods, so it was normal for them to be more powerful than the Five Dragon Cities. Now it was different.

Following his rage, the four Dragon Emperors took out four Dragon Pearls, and Long Chen said: "The Dragon Slaughter Pearl has fused into my body, so I am now the Dragon Slaughter Pearl."

The old dragon turned around on the four dragon pearls, taking the four dragon pearls under his control and rotating them around his body. The Dragon Emperor knew that this was a Creation God Equipment and a complete dragon soul, so they were extremely respectful. He didn't dare to have the slightest bit of negligence.

"How is it? Is there any hope? "

Right now, Long Chen had placed almost all of his hope on these five dragon pearls, and only three Ancient Giant Demons with Perfection remained. The twenty-six Ancient Giant Demons glared at Long Chen, and the moment Shui Lan Yan gave the order, they would instantly charge towards Long Chen and tear him apart, then charge towards the Dragon Sacrifice Continent that was a paradise for them.

They, whose stomachs were rumbling with hunger, couldn't hold themselves back for even a moment. Now that they were breathing heavily and the aura they produced swept out, even the Immortal God Region would tremble!

When Long Chen was holding onto his greatest hope, the old dragon shook his head helplessly and said: "That's right, these five dragon pearls truly do contain a limitless amount of power, and they are extremely well hidden. Sealing power is only the outermost type of power, maybe you can use them to set up an array, and can even temporarily suppress the Ancient Giant Demons, but it's a pity that this old one is not proficient in arrays, and is unable to use these five dragon pearls."

Seeing him shake his head, Long Chen felt a little dizzy. Long Chen naturally believed that if he truly used the five mysterious dragon pearls, he could turn the tide. After all, the Magic Star Seal still required the five dragon pearls to break it back then.

This was something that came from the Land of Origin of the Divine Dragons. Who knew how many secrets it contained?

Just as Long Chen was feeling dejected, Ling Xi suddenly asked in a probing tone, "Senior, do you mean to say that using these five dragon pearls as the limit, we will form a formation chart, and release the

seal power on the outermost layer of these five dragon pearls, thereby forming a purpose of suppression, disturbance, and so on?"

Here, Ling Xi was definitely an Array Master. Having obtained the Sector lord's Divine Arts and psionic inheritance, she had basically obtained all the Spirit Race's inheritance on formation diagrams. Furthermore, they all came from the two Spirit Race super strong Gods. Besides, she had always loved to study these things since she was young.

It was obvious that she was Long Chen's lover. His tone was kind as he said: "It is indeed so. It seems that you are proficient in these, what thoughts do you have?"

Long Chen's eyes lit up. If Ling Xi had a way, how great would that be! Before, he was still depressed that they had come over, but she did not expect that they were precisely here, and gave him hope. At this moment, Long Chen deeply understood that many things could not be resolved with just strength!

He had always been straightforward every time. He only believed in his own way of fighting, and that wasn't necessarily the right thing to do.

Time was running out, and Aqua Mist was ready to attack as soon as possible.

The blue haired woman actually knew that the six Ancient Giant Demons with Perfection could kill Long Chen instantly, but she was a little hesitant. In truth, she thought that Long Chen would risk his life to attack from the very beginning, but she didn't expect that he would stabilize himself and not attack. Instead, he was waiting for more and more Rankers to escape, which was exactly the case.

Because of this, it gave Long Chen the chance.

Ling Xi said, "In the psionic inheritance and Sector lord Divine Arts, there is a common record of a type of formation, it is called the 'Five Extreme Realms Demon Sealing Array'. In ten chaotic worlds, the enemies would be trapped here, disturbed, and dispersed into the ten chaotic worlds. It would be very difficult to escape from these ten chaotic worlds, but it would be very difficult to return to the outside world, unless they possessed the power to instantly destroy the entire Five Extreme Realms' Demon Sealing Formation. Of course, the more powerful these five extremes are, the more stable the chaotic world will be. "

Long Chen's eyes lit up as he said, "If this Five Extreme Realms Ten Realm Demon Sealing Formation is successful, it will bring all of the Ancient Giant Demons into these ten chaotic worlds. It will let them spread themselves everywhere, find their way out, and even find companions?"

Ling Xi nodded her head: "It's like this, but as the ones who set up the formation, we know their positions. This formation pattern was originally created by the creator to disperse the opponents, then surround and kill them one by one in these ten worlds. I feel that I can try using the Five Dragons Pearl as the pole. Although I am unable to bring out the power of the Five Dragons Pearl, Senior should be able to do it? "

She was very serious about talking about this, and was originally very anxious. However, when she talked about array diagrams, she immediately woke up and quickly analyzed it rationally, because she knew, from Long Chen's eyes, she could tell that he thirsted for dawn of hope. Ling Xi wanted to help him.

No matter what the price.

After hearing all this, Old Long couldn't help but sigh and say, "That's right! Very good! I can draw upon the power of the five Dragon Balls and also assist in forming this formation diagram. However, I still need a familiar formation setter as the center of attention. To trap a Divine Spirit or Demon Wolf, the center would need to have the power of a Divine Spirit or at the very least, Long Chen. But the only person who is familiar with the array diagram is a girl like you, and yet you don't have enough strength. Just a little more! If you are also as strong as Long Chen, then this chance is extremely high! "

He was just a bit away from losing all hope. This caused Old Dragon to wish that he was dead.

If there was no hope, then so be it. Now, they were only one step away from the hope of a complete reversal.

Old Dragon couldn't imagine how ecstatic he would be if he could actually complete it.

But in his most depressing matter, Long Chen and the others were overjoyed.

"What's going on?"

Old Dragon was stunned.

"Senior, just watch!"

After Long Chen said this, the Three Lives Love Silk quickly connected, and the two of them had not fused together like this in a long time.

Compared to last time, Long Chen's improvement was huge, he had achieved Divine Source Power!

Ling Xi had also digested the psionic inheritance, which allowed him to soar in power, and was close to the Divine Spirit Realm. Reaching the realm of a half-step Divine Spirit.

So, no matter if it was him or Ling Xi, after the fusion of three lifetimes of love, both of them received a huge increase!

Chapter 2545 - Divine Power Sharing

This was a wondrous feeling. From the body to the primordial spirit, it was incomparably warm and comfortable. Her spirit was one with another, rising to a higher level.

The power that came from Ling Xi fused with her own Divine Source Power. Although this power wasn't great to Long Chen, it gave him a kind of sublimation, allowing his power to become more round and improve even more quickly.

And Ling Xi naturally obtained this benefit as well.

In front of Old Dragon, Ling Xi had become the same as the current Long Chen. It had only been half a year and Ling Xi's body had actually formed a World Tree. Heart of Rules s and Divine Palaces, they were just temporarily useless to her, but once Long Chen poured this wave of Divine Source Power in, it activated and almost transformed to the same level as Long Chen!

This time, the amount of assistance they had received from the two of them was enormous. At least, Long Chen felt that he was in high spirits and his fighting strength had increased again.

To Ling Xi, this was naturally a qualitative leap!

She was in a bit of a mess for a moment. To be able to control this power, she needed a bit of time, but luckily he and Long Chen had thought it through and had Long Chen to take care of them.

"Little Xi, you absolutely cannot force this. If you encounter any difficulties, you must tell me clearly. If you are hiding anything from me, I will not allow you to help you with any matters in the future."

Long Chen had to scare her, otherwise she wouldn't be able to hold on for much longer.

"Don't worry." Ling Xi smiled slightly. She had grown up a lot, so she naturally knew that Long Chen was just scaring her. However, her heart was still incomparably warm.

"This is simply a miracle. Is this a divine power transfer? "No, it's sharing?"

The old dragon trembled, his eyes wide.

Long Chen said: "Senior, there is not much time left, let's quickly make our move. Could you arrange it in the God Kingdom so that I can take it out? "

Old Dragon gritted his teeth and said, "Sure! Do it! "

has gathered a portion of his power within the God Kingdom and placed it at the fifth position. Once this formation has been formed and it is outside of the formation, he will go to the fifth position. "

Ling Xi and the old dragon started to cooperate with each other. With Ling Xi as the leader and the's halberd as the support, they began to set up the formation. The other party could attack them at any time, and now every second was extremely precious.

"Once it has been formed, the five extremes will constantly move, causing this formation to become chaotic and cause chaos in the ten worlds. It just so happens that after the Ancient Giant Demons are dispersed, you and Little Wolf should have no problem dealing with them. " Ling Xi explained the various details to Long Chen while he laid it out.

As for the old dragon, he was communicating with the four great dragon pearls and Long Chen's body, and was gradually channeling the outermost strength of the five great dragon pearls. For the time being, progress has been very smooth.

All of the Archaic Giant Demons worked together to free the last two of the Archaic Giant Demons. When the two of them broke through the seal, Aqua Blue Smoke would then command them to attack.

Right now, everyone was racing against time.

Long Chen's heart was also beating wildly. Once this Ten Five Extreme Realms Demon Sealing Formation was formed, the moment he separated all the Ancient Giant Demons, he would begin his slaughter without restraint. His eyes were bloodshot now, and his hatred had long since reached its limit.

If there was a chance, he wouldn't miss even a single one of these Giant Demons!

Ancient Giant Demons were imprisoned for tens of thousands of years. They were born with power, so devouring billions of lives was not a big deal for them, but for Long Chen, that was a capital offense!

Another Ancient Giant Demon broke free from the seal!

Right now, all of the Ancient Giant Demons were roaring and waving their sharp claws, flapping their huge wings, their blood-red eyes were staring straight at Long Chen and Mo Xiaolang. Right now, the Demon Star was completely annihilated in this starry sky, and they were floating at the core of the Demon Star.

"Let's do it!" "Let's do it!"

The Giant Demons began to urge Aqua Smoke. They were all cruel and evil people. So far, their patience had almost reached its limit.

The demons started to shout and roar, the sound resonating through the sky and earth, giving Ling Xi a lot of pressure. Every time, it was her who would undertake such an important mission at this crucial moment, but Ling Xi was already more and more powerful. Even in this situation, she turned a deaf ear and proceeded steadily.

Only the last one was left

She looked up and down at Long Chen and Mo Xiaolang, completely unable to tell what other methods they had to escape from the fight between the close to thirty Ancient Giant Demons. However, they did not intervene to avoid it, instead calmly guarding outside the A web of gold and steel.

"Are you guys trying to stall for time?" Lan Yan asked with a chuckle.

Long Chen was extremely nervous, but he was still able to hold on. You let them try. Our decision is clear. No matter what the situation is, if we are to die, we must at least drag them down with us. Don't think that just because we lost a few we can kill me. "

Lan Yan was puzzled. "Could it be that my thirty brothers and sisters are still unable to kill you?"

Everyone knew that it would be hard for Long Chen to kill an Ancient Giant Demon right now.

However, he had to stall for time, so he was not afraid in the slightest. He said, "Just let them try."

As a result, although she was not frightened on the surface, she was still a bit hesitant. She had already lost several, so she had no way to explain this to the Heavenly Demon. If she were to suffer any more losses, even one, she would not be willing to accept it.

But unfortunately, he wasn't able to do anything.

Right now, she had to rely on these thirty Archaic Giant Demons to recover first before coming back to rescue the five of them.

She did not speak any further and instead looked towards the last ancient Giant Demon. He gradually tore out the seal with the help of the other ancient Giant Demons and was now afraid. He spread his wings and used his incomparably large head to let out a monstrous roar!

BOOM!

All of the Ancient Giant Demons, with the exception of the Chief Sovereign's five, had already escaped their seals!

She couldn't bring out any more. This was his most cautious method at the moment. When the last Ancient Giant Demon escaped, she immediately announced without much hesitation, "Everyone, let's attack together."

The ancient Giant Demons had been waiting for this moment for far too long.

Under their huge chests, concealed an endless amount of fury, was released at this moment. The 30 ancient Giant Demons roared together, causing terrifying waves, their strength was something Long Chen couldn't withstand, and in that instant, the most terrifying thing happened. That was the A web of gold and steel, it had actually shattered their voices!

They were completely free!

Long Chen had even underestimated their strength.

To be honest, as long as they charged at him, he and Mo Xiaolang would definitely be annihilated, and would definitely not have the slightest opportunity to drag them down. It was only because he had created too many miracles that Aqua Blue Smoke was a little wary of him. Otherwise, she would have ordered him to attack.

The 30 ancient Giant Demons did not stop at all as they attacked with shock!

For a moment, the entire world was trembling. The Immemorial Giant Demons did not fear Long Chen in the slightest. They had ten thousand ways to instantly tear Long Chen to shreds!

"Back off!"

Long Chen controlled the sea during times of chaos and pulled Mo Xiaolang backwards. Once the Ancient Giant Demon got close to his sea control during times of chaos, his speed would slow down. Without the god-walking demon's speed, it would be difficult for any Ancient Giant Demon to survive the chaos and even crush Long Chen.

However, this method could only be maintained for a short period of time.

After all, as long as he was too far away from the demon star, the ancient Giant Demons would definitely rush towards the Immortal God Realm. As long as one managed to escape, he would be able to recover his terrifying strength at his peak.

"Quick, quick!"

The cry that Long Chen desired in his heart, but he could not affect Ling Xi.

Therefore, he insisted on not telling Ling Xi about their current situation.

Actually, the thirty Primordial Giants were still chasing after Long Chen now, they hadn't left him and headed towards the Immortal God Realm. As long as Long Chen died, the Immortal God Realm would eventually belong to them.

What they desired most was to kill Long Chen.

"He actually ran away?" She didn't think that Long Chen would still be able to escape. Since that was the case, she should first order the Ancient Giant Demons to go to the Immortal God Realm.

Even if it was just a single recovery, Long Chen would not be able to do anything about it.

All of a sudden, all of the ancient Giant Demons dispersed and headed towards the Immortal God Region.

Chapter 2546 - Unparalleled Reversal

She knew in her heart that right now, the Ancient Giant Demons were scattered and charging towards the Dragon Sacrifice Continent. This was the moment where Long Chen was the most flustered, he could at most stop one Ancient Giant Demon, and it wouldn't be long before the Ancient Giant Demons that had devoured billions of lives returned. At that time, killing Long Chen would be a piece of cake.

To them, Long Chen had always been a small fly, a small fly that had done a few things that they did not expect.

She did not see the most nervous expression on Long Chen's face.

The Primordial Giants were extremely fast and were about to disperse. Even if Long Chen was a few times stronger, he wouldn't be able to stop them.

At this critical moment!

Finally, it was time to give it a try.

Ling Xi and Old Dragon bore the enormous pressure and completed the Five Extreme Realms Demon Sealing Formation within the God Nation. When they were finished, they almost fainted.

The Five Extreme World Demon Sealing Array had been completed.

As the most important part of it, Long Chen could already feel a mysterious power emitting from his body. This kind of power had already exceeded Long Chen's expectations, and he could not understand it at all.

The Five Dragons Pearls displayed a mysterious effect at this time.

"Activate!"

With Ling Xi's sweet shout, the enormous array was activated. When Long Chen was at her most nervous moments, he transferred the Five Extreme Realms Ten Realm Demon Sealing Formation to the outside world.

All hope depended on this moment.

Today, everyone held their breath as they watched nervously at this critical moment!

Ling Xi controlled the entire array and under her control, the Five Extreme Realms Demon Sealing Array quickly expanded. What she wanted to do now was to envelop all of the Ancient Giant Demons that had spread out into the array!

The formation created ten chaotic worlds.

It was as if time itself had become eternal!

Buzz! Buzz!

Five different colors of chaotic energy swept out, as though ink was flowing into water, Ling Xi had used all of her strength!

When the Five Element Ten Realm's Demon Sealing Formation came to the outside world, the five Dragon Pearls' output was even greater. Ling Xi had spent most of her energy on controlling them, so she actually didn't feel too much pressure.

Long Chen could feel that, in order to block the Primordial Giants, the Five Dragons Pearl itself was also changing!

BOOM!

In that instant, he and Mo Xiaolang grabbed each other's hands. When the two of them converged, a huge surge of reversed energy brought them to a completely new world. This was a fiery red world, the entire world was covered in red mist and it was as boundless as the Karma King Realm.

As long as they were in the array, they would be swallowed. If the two forces did not converge before he entered the array,, the controller of the array, would have pushed them into a completely different world!

"Xiao Xi, did you succeed?!"

When he arrived at the Five Extreme Realms Demon Sealing Formation, Long Chen couldn't help but ask. Immediately, Ling Xi's joyous voice came out.

"If we succeed, then all of the Ancient Giant Demons will enter the Pentacre Ten Realm's Demon Sealing Array. Each realm will have around three Ancient Giant Demons, and I will disperse them to different places, so even if they are in the same world, the chances of them meeting each other is very small. After all, this is a chaotic array formation, and if there is no direction, they will still absorb sound.

Hearing Ling Xi's words, Long Chen really didn't know how to let out the excitement in her heart.

He was still very cautious and asked, "Then how long can this formation last for? Are you able to hold on?"

Ling Xi replied: "Don't worry, I don't need to unleash any power, I just need to constantly disturb and also remind you about the position and quantity of the Ancient Giant Demons. As for stability, the power of the Five Dragons Pearls are very stable now, there shouldn't be any problems, even if the Ancient Giant Demons can tear a world apart and escape, they will still enter another world, unless they can instantly destroy ten worlds. Only then will they be able to escape and that would be our complete defeat."

Long Chen was ecstatic.

All of this, despite the difficulties, went much more smoothly than he had imagined. Happiness and luck came so suddenly that he could not believe that all of this was real!

How much hatred must he have towards these ancient Giant Demons!

From the very beginning, he knew just how powerful these ancient Giant Demons were. Although he had successfully killed several of them, he had never imagined that at this moment, he would actually be able to control the life and death of these 30 ancient Giant Demons! It was so exciting, it made his blood boil!

This allowed him to instantly enter a state of incomparable bloodshed. At this time, the Supreme Divine Emperor Halberd had already appeared in his hand.

"Big brother, are we going to kill them all?"

Mo Xiaolang asked.

Long Chen's hand that was holding onto the Supreme Divine Emperor Halberd made sounds of "pa pa". He gritted his teeth and said word by word, "If not, letting one of them escape to the Immortal God Realm would be our doomsday."

Under Ling Xi's instructions, the two of them began their revenge! Their hearts burned with a blazing flame. They had been waiting for this moment for far too long!

There could be no mercy in killing!

Shui Lanyan sat on top of the Heavenly Tomb Crystal Coffin, looking at the large formation which seemed to surround the entire chaotic star field. It seemed that the only thing that was not enveloped in it was the five coffins.

In the next instant, the blue smoke which had been smiling a moment ago turned into shock.

"This is the seal strength of the five great dragon pearls. The formation of this chaotic array formation is terrible!"

At that moment, her expression changed drastically. Her blue eyes started to fill with blood, and her body started to tremble. She had thought that she had been extremely cautious, and only when all the Primordial Demons had been released from their seals would she be able to attack together. Now it seemed that it was precisely her decision to allow Long Chen the opportunity to stall for time and use the five dragon pearls!

When he thought about the mortal spirits that Long Chen had accepted into the Divine Kingdom, about his own teasing of Ling Xi's arrival, about the traps that all the Ancient Giant Demons were facing, Shui Bluesmoke nearly went crazy for a moment!

She had always been the one to tease Long Chen, and it was one thing for Long Chen to have killed the god-walking demon before her very eyes, but now, he had actually created such a huge array formation. In this moment, this little fly actually possessed the power to destroy the entire Primordial Demons's reincarnation!

If all the Primordial Demons were to be killed by Long Chen in these ten chaotic worlds, Aqua Smoke would have no way of imagining such an outcome. She was the only one among the five who was still conscious, and all the responsibility would be on her shoulders!

If she lost to the gods, she wouldn't be able to say anything, but the enemy was just Long Chen! 'Is a mortal spirit that no one thinks highly of?'

Aqua Blue Smoke stood up from the coffin, her entire body trembling as she rushed towards these ten worlds. Of course, her main body was still in the Heavenly Tomb Crystal Coffins.

Hatred could only be resolved through slaughter.

Long Chen now didn't know whether he was dead or alive, and the group of demons that were originally on the Demon Star had also died. Every single Immemorial Giant Demon was now the enemy he hated the most in his life, and they all deserved to die!

Under Ling Xi's instructions, he and Mo Xiaolang continued to change directions, and move closer to their first opponent.

At that moment, Long Chen's blood was already boiling!

The Primordial Giant Demons were suppressed by the Five Great Dragon Pearls, and Long Chen, through his Three Lives Love Silk and combined with Ling Xi, had an even fiercer fighting strength. One rising and one falling, he had already become the god of death within the Five Extreme Realms Demon Sealing Formation! Furthermore, with Mo Xiaolang's heaven defying ability, they would definitely become the nightmare of the Ancient Giant Demons!

Weng! *

The two of them instantly appeared in front of a giant ancient Giant Demon!

"Earth Fiend!"

Long Chen could not help but shout.

It was the Earth Fiend Demon that was imprisoned by Long Chen and almost killed by Long Chen. It was saved by the god-walking demon later on and had recovered some of its strength, but it was undoubtedly extremely weak!

The Earth Fiend was shocked and quickly fled!

"Little fellow, you really aren't afraid of death. What's the use of trapping me here? My brothers have already gone to the Immortal God Realm. You will watch as everything you guard becomes our food in our stomachs! "

As the Earth Fiend ran, it let out a strange cry!

"Whiz!"

At this time, Mo Xiaolang transformed into a Sun Devouring Demonic Wolf and descended from the sky. He spat out a fiery-red seed of fire from his mouth, directly entering the Earth Fiend Demon's stomach, and suddenly exploded!

BOOM!

The Earth Fiend's head exploded! The upper half of his body was turned into flying flesh and blood.

"Even if you kill me, you won't be able to save your world. If you can spare my life, I can ask them not to kill you! "

The Earth Fiend immediately changed his words.

Long Chen did not have the time to talk to him, he immediately opened the Death Realm's Dragon Door, which was the most suitable method to kill the other party.

"I forgot to tell you, all the ancient Giant Demons are in this formation. Just like you, they're all alone!"

Long Chen practically roared, and told this fact to the Earth Fiend Demon.

Long Chen couldn't be bothered to care about how he would collapse, because once the Death Realm's Dragon Gate was closed, he was already a dead man.

"Long Chen!"

Just then, the image of the blue smoke appeared before his eyes. This woman's chest was heaving up and down and her eyes were bloodshot. She said coldly, "If you continue like this, there will be no good outcome! We are all gods and devils whose mana has reached the heavens tens of thousands of years ago. If you force us into a corner, we can make sure that you and your entire world are not just dead, but eternally doomed! This is your life. If you fight, it will only make your lives worse. "

Long Chen laughed and said: "You don't seem to understand the situation. Wait until you learn not to speak to me with such an aloof and superior tone, then you can talk to me again. "Wolf, burn her."

Shui Lanyan said angrily, "Don't force us."

Long Chen stared at the other party without retreating in the slightest, and said: "It should be you who should not approach me."

At this moment, Mo Xiaolang's Ninefire Devil Ancestral Fire swept out, and in the middle of the flames, the afterimage of the blue smoke turned into ashes.

Without a word, the two continued their slaughter!

Chapter 2547 - The Eight Parts of the Netherworld Great Pagoda Art

The Ten Five Extreme Realms Demon Sealing Array had created an unprecedented miracle.

This miracle no longer only belonged to Long Chen, but to all humans.

They gave their all to Long Chen and Ling Xi, and gave them endless power, allowing Long Chen to become braver and more energetic!

The two of them were in an unprecedented good state.

The strength Long Chen had gathered from the billions of lives was simply as easy as pulling out dried weeds and rotten wood. With unstoppable force, he forcefully sent one Primordial Giant Demon after another into the Death Realm without even discussing at all.

Once you enter the Death Realm, you will never come back.

At this moment, there was nothing that could affect Long Chen and his determination. They were taking revenge, but they were also saving them, and in this period of time, the rebirth of the Primordial Giant Demon had brought them too much pressure, causing them to almost part from each other several times.

And today, at that very instant, only then did he grasp onto that sliver of hope. In an impossible situation, he completed a peerless reversal and obtained the final success.

However, they were still more cautious than anyone else, because they knew that even if they missed out even a single archaic Giant Demon, if they let it slip into the Immortal God Region, it would bring about a calamity upon everyone!

"Brother Chen, rest for a while."

Seeing that he had fought several rounds, Ling Xi could not help but to ask.

"It's fine. Don't you think that I will become more and more powerful during my battle with this ancient Giant Demon?" Long Chen was naturally endless gentleness to Ling Xi.

This was something that Long Chen had realized earlier, his growth rate was very fast, although he had reached the level of the Eight Tribulations, and was not far from where he was today, but after going through battle after battle with the Ancient Giant Demons, who were extremely proficient in the laws, his cultivation level and realm was constantly increasing, and very soon, he would be able to progress to a deeper level.

Although it was linked to many battles, Long Chen's condition was still unprecedented.

In fact, it was the same for Mo Xiaolang.

The previous opponent was the Purple Flame Demon, a Primordial Demons that was similar to the Explosive Flame Demon. Ten million years ago, he too was at the strength of the 'Demon Lord' Taisi Demon Realm, but this time, he was struggling as his Supreme Divine Emperor Halberd split him into two and was engulfed by Mo Xiaolang.

It was also a Divine level flame, and was even stronger and fiercer than the Fiery Blaze of the Wind and Fire Golden Flame on Long Chen's Supreme Divine Emperor's halberd, but it was also unable to withstand Mo Xiaolang's devouring. He was the master of flames, and after devouring the Purple Flame Demon, Mo Xiaolang's progress was even faster than Long Chen's.

"After you become a god and devil, your greatest advantage isn't just swallowing fire and becoming a part of your strength, but also being able to partially digest the enemy's comprehension of fire. The

rules of a god and demon have always been based on your own comprehension, but you are an exception. All of this is because you have already partially transcended the laws of this world. "

This was Old Dragon's evaluation of Mo Xiaolang.

When he said these words, Old Dragon was completely shocked. In fact, in his heart, Mo Xiaolang's evildoer had already far surpassed Long Chen. Mo Xiaolang's birth, was in itself a miracle, a coincidence. He was originally not destined to be a strong living being, but he had instead followed Long Chen.

There had never been a Sun Devouring Demonic Wolf that could grow to his level.

At this time, he had already broken the rules. Not only could he increase the source of demon spirits by swallowing fire, he could also devour the comprehension of fire laws that others had. It was only part of it, of course, but it was also a miracle that had never happened. On the path of the gods and devils, Mo Xiaolang was destined to walk quickly.

"Right now, you are the same as Long Chen. He is the purest Divine Source Power and you are the purest source of devilish spirit energy. Long Chen has not truly become a god, so he is still not able to cultivate the 'Infinite Divine Art'. But you can, if you can obtain a high level 'Infinite Divine Art', your devil spirit source energy will definitely transform. Of course, Infinite Divine Art not only needs to be strong, it also has to be suitable for you. For example, you. As for Long Chen, what he has learned is very complicated, even I do not understand. "

"Infinite Divine Art?"

Long Chen and Mo Xiaolang looked at each other.

In fact, the Primordial Demons and the others were extremely powerful millions of years ago, so many of the levels of the Infinite Divine Art that they trained in were very high. 'death grade', 'prehistoric level', or even the fourth stage 'Genesis', might even have some, and since the Underworld God Shakya had a Creation Divine Equipment of the fifth stage 'Order-level', naturally, he would have a fifth stage 'Order-level', as well. At the same time, it was possible that the other four super Giant Demons also had one. That was the 'Demon God of Absolute Beginning Level', a terrifying existence comparable to the Divine Emperor. The things that he cultivates ought to transcend 'Order-level'!

Therefore, choosing the first Infinite Divine Art is very important, try your best not to overstep your level as much as possible, but you can't be too weak either. For example, 'dreamy grade' is the weakest Infinite Divine Art, so it's best if you don't choose. "

The Supreme Divine Emperor Halberd was already a creation god weapon for the 'death grade'. Long Chen naturally would not choose to be too weak when it came to choosing the Infinite Divine Art.

"The problem is, we don't have anything yet."

Long Chen laughed.

Moreover, he would probably need to truly become a god to cultivate, but Mo Xiaolang could actually become stronger through cultivating the Infinite Divine Art. In reality, the power nature of any of the Ancient Giant Demons now far surpassed the two of them. It was only because they were almost exhausted to the extreme that they were defeated by Long Chen!

If any of them could have the power of Long Chen, they would probably have already recovered to the polar state level of the Absolute Beginning Demonic Mirror.

"We've already killed six! "Continue!"

Under Ling Xi's instructions, Long Chen and her continuously changed directions, moving forward in this chaotic world. Breaking through the world, they arrived at another world.

"Up till now, I haven't encountered an ancient Giant Demon with the strength of 'Perfection'." Long Chen muttered.

There were only nine Giant Demons left. Previously, when they were fighting the god-walking demon, he and Mo Xiaolang had used a strategy, but now, they could only fight head on. However, Long Chen was very confident that as long as the two Primordial Giant Demons didn't come together, he could take care of them.

Or, don't let the ancient Giant Demons come together and devour each other. That way, Giant Demons that were much stronger than the Explosive Flame Demons would be born and could very likely tear apart the Five Extreme Realms Demon Sealing Formation.

"Compared to that time in the god-walking demon, we were both much stronger. Moreover, they were suppressed by the Five Great Dragon Pearls, and also, Big Bro, you seemed to have established some sort of connection with Big Sis Ling Xi. Now that we have jointly defeated a Perfection, there should be no problem. "

"Quickly make your move!"

Long Chen's eyes were still filled with a bloody light. Under Ling Xi's instructions, the two hot-blooded men rushed towards the next opponent! It was not worth it to waste any time on the counterattack!

"This one is even stronger than the previous one."

Ling Xi reminded her.

Long Chen understood, this was Perfection.

Indeed, even from a distance, he could see an enormous ancient Giant Demon roaring and charging within this green cloud. It was extremely brutal.

Its entire body was dark green, and its abdomen was enormous, like a gigantic crocodile with dragon scales that could be approved. Its mouth was huge, and when it opened its mouth, it seemed to be able to swallow up heaven and earth. Even though it had been imprisoned for tens of millions of years and had become extremely weak, it still possessed terrifying strength.

"This is the yin devouring demon. There were even yin demons that could absorb Yin Qi from the heavens and earth, ghosts, and other dark places. They were the ancestors of darkness, and they were extremely cold. The Infinite Divine Art that he was cultivating was the 'Tai Nether Heaven's Eight Parts of the Pagoda Art', and it gave birth to the 'Tai Nether Sky's Eight Yin Demons'! It is also just now that you two little fellows can have the qualifications to fight him. If it were tens of millions of years ago, you wouldn't even be qualified to be his shoes. "

Old Dragon sighed.

Long Chen gripped the Supreme Divine Emperor Halberd with a sharp gaze and said: "To be able to fight with such an expert, and even kill him, is naturally like a dream to us. But for the sake of the world and

our families and friends, we have no choice. "Since I'm going to kill him, I don't care what sort of Fiendgod he is. As long as I can kill him, I won't show any mercy!"

BOOM!

He and Mo Xiaolang had instantly rushed to the front of the yin devouring demon. This was a fairly critical battle, and defeating him proved that the two of them could completely defeat the Primordial Demons of Perfection. As long as they quickly continued, Dawn would definitely favor them.

"So it was you who imprisoned me, and did you not care about your compatriots in the Dragon Sacrifice Continent? "Alright, I'll pester you for a while."

yin devouring demon opened her mouth wide, and her loud voice shook the entire place. However, because it had been swallowed by the Five Elements Ten Realms Demon Sealing Formation, it was unable to travel to the other Ancient Giant Demons.

Under Ling Xi's overall control, it was very difficult for the other Immortals to meet each other.

"It's not a fight, it's a fight to the death." On Long Chen's supreme Divine Emperor Halberd, the God of Creation and Divine Source Power converged. He controlled time with one hand and the God Creation Art with the other, transforming into a ray of golden light. It was small in number but it posed a huge threat to the yin devouring demon!

Before Long Chen's attack could arrive, Mo Xiaolang had already made his move.

The Bone Enchantment Devil Flame was unable to go away, so he could only endure it. Even though he was a demon from the cold, his bones and flesh were frozen by the Nine Netherworld Devil Ancestral Flame, he was actually not as cold as the cold of the nine Netherworld Devil Ancestral Flames!

"Swoosh!"

Long Chen used the Supreme Divine Emperor Halberd and erupted in a violent explosion of light. While the yin devouring demon was still in pain, he stabbed the Supreme Divine Emperor Halberd deep into his opponent's flesh and blood, exploding outwards and fleeing!

From the very beginning, the other party was already injured!

Chapter 2548 - Violent Killing yin devouring demon

Of course, it would not be easy for him to cripple a great devil like the Archaeozoic era who was everywhere. Even though the enemy had been imprisoned for tens of thousands of years and was already spent, a skinny camel was still bigger than a horse!

In that moment, yin devouring demon was furious!

Following his uprising, the entire Five Elements Ten Realms Demon Sealing Formation started to shake, especially the world that the yin devouring demon was in. Fortunately, the five dragon pearls suppressed them, allowing the trembling to subside.

BOOM!

yin devouring demon's huge throat let out an earthshaking roar.

He was also an arrogant and proud man, and didn't even put the two little things Long Chen in his eyes. Even though he was injured, he still said disdainfully, "Merely an ant, do you really think that you can save all of the spirits? You were born to be our food, but you don't understand it yet. To go against us gods and demons is to go against the heavens and earth. I guess by this time, my brothers and sisters must have already arrived at the Dragon Sacrifice Continent and were happily eating! "

yin devouring demon laughed loudly.

The pride in his bones did not waver even a little because of Long Chen and Mo Xiaolang's strength. In his opinion, this was an inborn nobility.

At the same time, he attacked.

"Yin He!"

As the yin devouring demon's fleshy wings swept down, a gigantic dark green river formed out of thin air, the divine inscriptions inside made up for it, every fingernail-sized divine inscriptions were a part of the river, this was a yin river formed by billions of divine inscriptions, it was the power of the laws!

Under the power of the laws, it was as if the entire world was under the control of the yin devouring demon, and the sweeping Miasma River released a terrifying cold aura, bringing Long Chen and his group into almost another world, an extremely dark world.

Rules contained boundless divine might, which was not something the current Long Chen could understand.

Under the sweep of this Miasma River, both he and Mo Xiaolang were constantly being eroded by the cold energy. The endless Miasma River water was constantly rushing towards them, it was difficult to defend against it from all directions.

"As expected, even though any ancient Giant Demon has been sealed for tens of thousands of years and their strength has been depleted to the limit, they still can't be underestimated by me!"

This was also the reason why yin devouring demon was so proud.

From his point of view, his comrades were quickly recovering, but he was actually able to easily suppress Long Chen and the others. It was just that Aqua Blue Smoke was making too much of a fuss.

Under the sweep of the Miasma River, Long Chen and Mo Xiaolang lost their initiative.

yin devouring demon laughed again: "Now, you should understand. A mere mortal spirit does not have the qualifications to go against gods and demons. As punishment, you all will receive the cruelest fate in the world, and it will even affect the cycle of reincarnation after your death. "

"Eight Great Pagoda Palm!"

In reality, every single Infinite Divine Art would produce a corresponding battle technique. Some of them were not weaker than the attacks of the laws, but they complemented each other. It was just that the Immemorial Giants basically did not have the strength to use this kind of Infinite Divine Art.

Above Long Chen and Mo Xiaolang's heads, in the middle of the yin river, the coldest and coldest energy condensed into a giant palm, which seemed to be the hand of heaven, and was pressing down on them at this moment. Although it was not close, it was still an irresistible pressure!

"With a palm. It can crush your mortal spirit to pieces! "

Yin devouring demon could not help but laugh out loud.

Long Chen and Mo Xiaolang looked at each other inside the storm of the Miasma River. They finally understood how much power the Primordial Giant Demon had right now. In truth, their Perfection was not even close to the level of initial state. It was just that their nature was very high, allowing them to be able to hold on until the use of their Perfection, but they were still very terrifying.

But that was it!

"Attack!"

The two of them immediately erupted at that moment. The trifling Yin River and the eight Great Pagoda Palms might not be able to suppress them. The reason why they did not counterattack before was considered as the final test. The next step was for them to seize the opportunity to launch a fierce attack!

BOOM!

Long Chen instantly transformed into a Taiji Creature Dragon and fifteen dragon heads appeared in the air, coiling together.

"Fourteenth Fiendgod Formation!"

Under the control of Long Chen's supernatural powers, the fourteen living formations planted within the Miasma River would disintegrate the power of the Miasma River. Even if it was the power of laws, they would still collapse in front of Long Chen's Ancestral Dragon Art at this moment!

BOOM!

In an instant, under the situation that yin devouring demon completely did not expect, the power of the Miasma River was completely swallowed by Long Chen. Almost at the same time, the power of the Fourteenth Life Formation was released from all directions, bombarding towards the center of the yin devouring demon!

The sun, moon, stars, mountains, rivers, trees, wind, rain, thunder!

Fourteen different kinds of attacks, at the most shocking moment in yin devouring demon, destroyed his defense, and all struck his body. The sun exploded, the moon corroded, the stars fell, the wind whistled, flames burned and so on!

These attacks, alone, were nothing much, but in reality, it was formed by the power of the Miasma River. Adding Long Chen's strength, the attacks became stronger, resulting in the yin devouring demon's flesh becoming indistinct and fresh blood splattering everywhere!

Of course, this was only the beginning!

Mo Xiaolang had already transformed into the voice of a Sun Devouring Demonic Wolf, charging straight in front of yin devouring demon's eyes. First, he trapped yin devouring demon with the Flawless Fire Realm, and then, he shot a few balls of fire at him.

And at this time, Long Chen, halberd in hand, descended from the sky, and just as the Flawless Fire Realm was being torn apart, the halberd slashed down, transforming into a resplendent blade aura, with the power of exterminating the world, he released his death grade and directly cut off the head of the yin devouring demon!

When Mo Xiaolang used the Bone Enchantment Devil Flame and the Unbroken Fire World to deal with the yin devouring demon's head, Long Chen had already used the Death Realm's Dragon Door to swallow the yin devouring demon's body into the Death Realm!

The Death Realm Dragon Claw flew towards the head of the yin devouring demon that was controlled by Mo Xiaolang!

All of this happened in a split-second. The two's teamwork was flawless, as if they were living legends. There were not many people in this world that had such a quick, efficient battle coordination.

To yin devouring demon, all of this was simply like a dream. In that instant, under the extreme coordination of his opponent, only his head remained. He was different from god-walking demon back then. Right now, they were at a disadvantage.

"NO!" Don't kill me! "

yin devouring demon was about to go crazy. When the Death Realm's dragon claw held his head down and swallowed him towards the direction of the Death Realm's Dragon Gate, he cried out miserably, but seeing that Long Chen did not hesitate at all, he immediately said: "You two, if you let me go, no matter what condition you have, I can promise you anything."

stopped at the very back and said: "You have nothing, so what can you give us?"

In a moment of desperation, yin devouring demon said: "I can pass you my Infinite Divine Art, the one I am cultivating is the 'Eight Parts of the Great Firmament Sky Pagoda Art', this is the third stage 'prehistoric level' Infinite Divine Art! "Infinite power!"

"Hand it over." Long Chen said directly.

"Fine, but you have to let me go, after all, it's useless for you to kill me, and now that my companions have all gone to the Dragon Sacrifice Continent, no one can stop the revival of the Primordial Demons, let me go, I can still say a few words of apology for you."

yin devouring demon said in a flustered manner. Her eyes flashed with a cunning light as she thought to herself, "So what if I give it to you guys? When my brothers return, you will have to obediently return it to me."

Of course, Long Chen would not be fooled by his little tricks. He pretended to discuss it with Mo Xiaolang for a while, then said: "Hand it over, and we can spare your life."

Although he did not know if the Infinite Divine Art was useful, there would always be benefits from it.

"It's a deal." yin devouring demon immediately spat out a stone tablet. To him, that black stone tablet was extremely small, but to Long Chen, it was extremely huge, and after the old dragon had confirmed it was indeed the Infinite Divine Art of the yin devouring demon, Long Chen placed it back into the Divine Kingdom. Then, without a word, he threw the yin devouring demon in the direction of the Death Realm's Dragon Gate!

yin devouring demon was instantly anxious and she roared angrily: "Long Chen, you did not keep your promise! You're a villain! Don't you dare, as long as you don't kill me, I can promise you anything! "

In his memories, Long Chen was more like a gentleman who would give up everything to fulfill his promise, that's why he dared to negotiate with. He thought that would keep his promise and let him go, since killing him would be of no benefit to him.

"I've already said it, you won't benefit from killing me!"

Until he reached the entrance of the Death Realm's Dragon Gate, he was still roaring and struggling.

In the end, Long Chen still stopped. This caused yin devouring demon to be covered in cold sweat from fright, but he was also rejoicing by the fact that he had indeed convinced Long Chen to do so.

However, at this time, the person that appeared before his eyes was a gloomy and cold Sun Devouring Demonic Wolf. This Sun Devouring Demonic Wolf caused yin devouring demon to feel fear, because this person was even colder than he was.

Mo Xiaolang sneered, then said: "Let me tell you at the end, your brothers and sisters, they did not eat heartily in the Dragon Sacrifice Continent. Right now, they are all like you, trapped in this world by us, waiting for us to slaughter them one by one. This means that you thirty ancient Giant Demons are finished!

Long Chen added, "Adding on the few that I killed, other than the five in the Heavenly Tomb Crystal Coffin s, the rest of your people will all die! We must die! "

Hearing all this, the yin devouring demon could only say that it was extremely painful.

He stopped begging for forgiveness and looked at Mo Xiaolang in a daze. He felt that these two should be lying, but after thinking about it carefully, they did not have any reason to lie to him, and when the array appeared, the few brothers beside the yin devouring demon had also disappeared. They were not stronger than him, there was no reason for them to escape, and he did not manage to escape either.

"In other words, we planned on rebirth for thousands of years, and we were destroyed by two ants. All of our brothers and sisters will die in their hands!"

To the yin devouring demon, this was the greatest pain they could experience.

Rumble, the Death Realm's dragon gate closed. He arrived in a new world, a world of death.

Chapter 2549 - Operation Five Devils

After sending yin devouring demon into the Death Realm as well, it meant that if the two of them continued with this pace, they would definitely be able to complete this impossible mission, and would be able to create a world-shaking miracle. It would cause the entire world to cheer and cheer for them.

Of course, he had to avoid any accidents!

They would definitely resist, they would have other ways. The five terrifying Giant Demons among the Heavenly Tomb Crystal Coffin, they probably wouldn't allow Long Chen to eliminate everyone like this.

Just as Long Chen was about to finish off the yin devouring demon, Shui Lanyan's voice passed through the layers of chaotic world and reached Long Chen's side.

"Since you've already reached this level, there's no point in discussing it. I want to see how much more you can kill. This time, we admit defeat. But Long Chen, everything that should happen will happen, and it will be ten times more miserable than what you imagined. Enjoy your life. "

With that, the voice disappeared.

Mo Xiaolang said, "If she can talk to us, he can also talk to the other Immemorial Giant Demons. By now, the other Immemorial Giant Demons should already know about the matter of the Five Extreme Realms Demon Sealing Formation. What will they do? "

"Gather together, do everything we can to reunite, or perhaps they might devour each other. However, it is possible that those five Heavenly Tomb Crystal Coffin will bring us trouble."

The two of them both knew how miraculous it was that they could suppress a group of 'Demon Lord' and 'Demon King' to such a state that they had no face right now that they had just stepped into the

realm of gods and devils. If it was tens of thousands of years ago, even if one found the weakest of the Ancient Giant Demons here, they could easily tear Long Chen and Mo Xiaolang into pieces!

Besides luck, that was the victory of perseverance, courage and fighting spirit!

However, Long Chen knew that he couldn't be scared. This was a time where one needed to be very brave and ruthless to say such words with her status!

"Continue to attack and increase your speed. Little Xi, do your best to disturb them. Don't let them converge within this Five Extreme Realms Demon Sealing Array." to guide us in the direction of an ancient Giant Demon. "

Long Chen said decisively.

Not only did Aqua Smoke's warning not stop him, it made him even more ferocious!

"Alright!"

Everyone supported his decision. There was simply nothing to discuss with this group of ancient Giant Demons!

"Whiz!"

The two of them advanced quickly like a comet in a chaotic world. This was a world with a huge sealing power that could change at any time!

They had advanced with great fanfare! He slaughtered his way through! Those Immemorial Giant Demons that weren't taken seriously were all sent to the Death Realm by Long Chen at this moment. Those that were slightly close to the flame power were directly devoured by Mo Xiaolang, so from the looks of it, Mo Xiaolang was the real heaven defying one. After all, while the Primordial Demons devoured the mortal spirits, he devoured the Immemorial Giant Demons!

One! Two!

The Immemorial Giant Demons who had died in their hands, had all found out about the current situation and were completely unreconciled. They were enraged, roared, and their millions of years of waiting and hatred, was cut off by Long Chen just as they were about to be reborn! The ancient Giant Demon was equally unwilling!

Every single one of them was fighting to the death!

Especially those who were as strong as yin devouring demon and god-walking demon; their desperate counterattacks, had also brought about a huge amount of trouble for Long Chen and Long Chen! In this battle of life and death, the viciousness of it could not be described with words. Luckily Long Chen had the power of all the living to support him, otherwise, he would not have been able to endure such an intense battle!

Kill!

Only by slaughtering them would he be able to find a sense of security.

"Only by killing them would the Dragon Sacrifice World be able to continue existing. With so many people, we wouldn't end up as food. Although I don't know if we are heroes or not, I believe Yan Er would still want me to do the same."

Mo Xiaolang now seemed to have completely lost all relations with the devil. His mind and will were both ethereal, calm, and pure dark energy. To him, this was his ideal demon!

"After we kill these Ancient Giant Demons, our goal will be those five Heavenly Tomb Crystal Coffin."

Long Chen said in a serious tone.

This was his promise, as well as a way to forever sever all troubles. His ambition would shock the other gods and demons, because not only would he want to give these Primordial Giant Demons, which far surpassed them, to the Death Realm, he would also want to give those five Heavenly Tomb Crystal Coffin s to the Death Realm!

On the halberd of the, blood gurgled out.

This place was a small part of the Five Extreme Realms Demon Sealing Array. This place was originally the core area of the Demon Star, but now that the Demon Star was gone, the entire chaotic star field was gone.

Among them, there were a total of five crystal coffins floating in the air. They were sparkling and extremely beautiful. However, it was possible that ordinary people would not be able to imagine that there were actually five terrifying devils sealed within them.

Nothingness Demon, Battle Demon, Prison Demon Shakya, Devil Nuwa, and the most terrifying of all, the Celestial Demons of the Era.

Now, a sound actually came from the three crystal coffins on the outside.

The outermost crystal coffin belonged to the Nothingness Demon. Inside the coffin, there was an empty space, and no matter how one used their senses, they could not seem to discover anything inside it.

The second to last place belonged to the Battle Demons. Amidst the black fog and battle qi, the Battle Demon was coiled around him with the blood colored battle flag, like a ghost. Even though his battle intent was sealed within the Heavenly Tomb Crystal Coffin, he seemed to want to tear the world apart.

The third was Prison Demon Sakya, Aqua Blue Smoke.

Inside the fifth crystal coffin, the invisible Nothingness Demon laughed strangely and said, "How laughable. Our group of people were actually stopped by two little fellows who were wandering between a mortal spirit and a god or devil. If this gets out, how many people will laugh their teeth off? "

However, Lan Yan wasn't anxious. She smiled and said, "Indeed, it's not that we were careless, but that Long Chen brat has a good chance of survival. He belongs to the generation with high destiny and is hard to kill. That's why it has caused so much trouble today, and it also happened to hinder us. "

The Nothingness Demon's voice was smooth like a wretched little person, but every word of it gave off a creepy atmosphere. He said: "Third Sister, now that we have been bullied to this extent, the little ones are almost done for. Just tell us what we should do. Although our core is still the five of us, if we lose all of them, our boss will definitely be angry when he wakes up. I don't dare to make boss angry. "

After listening to all of this, the fourth demon finally spoke. He was an existence that was filled with powerful impact, regardless of which direction he was in. He was a devil in battle.

"Why not break this Heavenly Tomb Crystal Coffin? It is true that we will lose some of our strength, but we just need to go to the Dragon Sacrifice Continent to make up for it."

His voice was extremely cold and cruel.

The Nothingness Demon laughed: "This is the only way. Initially, I wanted you to help us break this damn thing after we recover so that we wouldn't have to waste our own strength. If this continues, they will be completely annihilated. Of course, the only thing we need to be sure of is, Fourth Bro, after you break this damned thing, your strength shouldn't fall to the level of those two little fellows, right? If that's the case, then that's the real joke. "

Battle Demon said in a deep voice, "Little Wu, mind your words, I have fought hundreds of millions of battles in my life. I don't need strength, just the strength of my body is enough to kill two people. "If I were to recover even one thousandth of my peak state, I would use my willpower to tear them apart without fighting them."

The Nothingness Demon had nothing to say.

They were not too weak, but their strengths had been weakened by the Heavenly Tomb Crystal Coffin and them for tens of thousands of years. Now, not even one in ten thousand was left, and he still had to tear this Heavenly Tomb Crystal Coffin apart.

"Second Sis is awake."

At this time, Lan Yan's face turned cold as he said this.

Nothingness Demon and War Demon immediately shut their mouths.

At this time, in the second crystal coffin, a human-like woman with a multicolored snake tail opened her eyes. It was a pair of incomparably terrifying eyes, and it was as if billions of creatures were screaming and trying to crawl out of it. They were struggling and shouting, but it was useless, no matter how hard they tried, they would all continue to be swallowed and fall into the endless sea of blood.

This girl clearly looked like Su Yan, but she was not the same as him.

"Second sister, did you succeed?"

The Nothingness Demon whispered.

"It's not a big deal now. After all, it's going to be quite troublesome to escape from the perception of many existences." This made it difficult for the devils to adapt. In their minds, the voice of the devils was more unpleasant and terrifying than anything else they could imagine.

Nuwa swept the area with his gaze. Stunned, he said, "What's going on?" Are you joking with me? "

Under the guidance of the blue smoke, the Nothingness Demon began to explain the situation to the neo-demon.

"Can this ruined Dragon Sacrifice World, that was on the verge of destruction, give birth to such a lucky person? Our Primordial Demons must borrow the Dragon Sacrifice World's power to return to our peak. She is our great enemy, we cannot underestimate him. Fourth Bro and Fifth Bro, you two can join hands. If you can't even complete this little task, you know the result. "

The Nothingness Demon and Battle Demon were silent for a while.

Battle Demon said: "Don't worry, I will break through this Heavenly Tomb Crystal Coffin right now. But right now, my strength is exhausted, I'm afraid I will have to wait for about four to four hours."

The Nothingness Demon laughed: "I am more or less the same. Both sisters can relax, if it wasn't for me, even if Fourth Bro didn't have any strength, just his physical strength alone could shatter the current Immortal God Realm with a single punch. If this punch were to land on the bodies of the two little brats, they definitely wouldn't be able to survive. Also, the most powerful part of Fourth Bro is not his physical body, but his Battle Demon Heroic Soul. "

The Battle Demon snorted and said, "Aren't you known for being the number one assassin in the ten thousand worlds? If you were to make a move, they would likely not even know who killed them, right? "

Chapter 2550 - Ice Demon Sealing

"Speed!"

To Long Chen and Mo Xiaolang, every second now was a race against time.

They had already left Aqua Smoke's warning behind.

In their battle to the death, every single Immemorial Giant Demon was unable to escape their fate of being sent to Death Realm. Death Realm's Dragon Gate's ability had helped Long Chen a lot, allowing him to deal with them easily and efficiently.

After arriving at the Death Realm, although it did not mean death, he would never be able to return here.

In the beginning, the Immemorial Giant Demons were like playthings to the two of them, but now, it had become their nightmare. Now, with the remaining Immemorial Giant Demons crazily making a huge ruckus in the Five Extreme Realms' Demon Sealing Formation, searching for each other, Ling Xi had to use a lot of effort to disturb them, making it impossible for them to find their companions through a series of movements.

However, the Primordial Giant Demons were all peerless experts and there were many methods to it. The amount of time Ling Xi could hold on for was not long.

"It is very possible that they will still be able to tear this Ten Thousand Realms Demon Sealing Formation apart before we completely exterminate them."

This was part of Long Chen's worry.

That was exactly the case. He didn't give himself any time to rest.

"Now that I think about it, there should only be nine left. Four of them had the power of Perfection at the moment. This kind of ancient Giant Demon only needs to devour a companion to break through the Five Elements Ten Realms Demon Sealing Formation. "

Although the two of them had achieved an unimaginable miracle, they still had a lot of worries before they truly succeeded.

In the beginning, there were more than forty Ancient Giant Demons in the Demon Star and now, all of them were sent to the Death Realm. If the five Heavenly Tomb Crystal Coffins had no other way, Long Chen and the other two would already be very close to success.

This was an unimaginable miracle.

Even if the people of the Immortal God Realm knew what Long Chen and Mo Xiaolang were doing, they would still not believe it. That was a god or devil! Even after the Magic Star Seal had been destroyed, Long Chen was still able to kill that many Immemorial Giant Demons, especially when the Five Ten Realms Demon Sealing Formation had appeared.

This was a miracle that hadn't been seen in tens of thousands of years. It was a miracle that could cause people to cheer after inheriting into the world for tens of thousands of years! If this world could still be passed down, Long Chen and Mo Xiaolang would definitely be legends!

Thus, at this moment, the entire Immortal God Realm was in an uproar because of the two of them.

Through his battle with the Ancient Giant Demon Clan, his battle with the Infinite Divine Art, and his increase in the power of all living things, he had advanced by leaps and bounds in all aspects, even using the Creation God Manifestation King's Halberd. With the support of Ling Xi's power, he had increased his strength once again, and his strength was now very close to that of the later stage of the Eight Tribulations.

He reckoned that in a short period of time, he would break through to the late stage, and then begin to attack the Nine Palace Calamity.

This was one of the great rewards he had gained from the Five Extreme Realms Demon Sealing Array.

As the 10 billion people cheered, their hearts surged, and they began the next round of battles! Under Ling Xi's guidance, they headed towards their other opponents!

"It's another Ancient Giant Demon that has the strength of Perfection!"

When they approached it, he and Mo Xiaolang could already feel it.

Only nine were left!

"I believe those five people have long hated us to the point that they almost died from anger!"

Long Chen knew that it would be like this.

They had been waiting for their rebirth for ten million years, yet they were killed by Long Chen just like that. If Long Chen was a peerless god or demon, it didn't matter, what was important was that he was just an insignificant mortal spirit.

If it was Long Chen, he would also die of anger on the spot.

"This one is a Ice Demon Sealer, and ten million years ago, he was also a Demon Lord. He once sealed a world that was comparable to the Dragon Sacrifice Continent with ice, turning several hundred billion mortal spirits into ice sculptures. Of course it's far from it now. "

The Supreme Divine Emperor Halberd said with emotion.

In reality, he also thought that it was a miracle. Just Long Chen and Mo Xiaolang alone, yet they had made so many terrifying existences in the past into such a sorry state, and even sent them into the Death Realm. If word of this got out, no one would be willing to believe it.

"Kill!"

Long Chen had inherited the dragon's refined heart blood. He could sense that every single Ancient Giant Demon almost every single one of them was an extremely vicious and evil being, an evil incarnation. Every single one of them had practically destroyed countless lives and worlds before, and they were born to be killers.

Just like this Ice Demon Sealing.

In the blink of an eye, that Ice Demon was right in front of them.

This was an incomparably cold gigantic beast. It rolled and roared, and wherever it went, everything was covered in ice. The moment it discovered Long Chen and Mo Xiaolang, it sneered.

At that time, his ice sculpture-like wings spread open, and with a flash, billions of divine inscriptions poured out like a torrential rain, flooding the entire world. The divine inscriptions flashed and turned into pitch-black ice, freezing the surrounding space!

"His area of ice has already affected half of the chaotic world. At this time, if any other ancient Giant Demons were to enter this world, they might discover your battleground, so we have to finish this battle as soon as possible."

Ling Xi had no choice but to remind her.

"Understood!"

Long Chen and Mo Xiaolang looked at each other.

"If I were to be the main attacker and fight him, it might allow me to reach a deeper level. Your flames will restrain him and help me restrict him. "

"No problem."

Both of them were full of hatred and passion. They had not fought together for many years, but now they had fought together. But even so, their tacit understanding in battle still far surpassed all other combinations.

Generally speaking, only Long Chen was in charge of the offense, while Mo Xiaolang was in charge of the support and assassination. With Long Chen blocking at the very front, he was completely able to display his specialty to the extreme!

In this period of time, Mo Xiaolang had devoured two to three Ancient Giant Demons, and learnt a part of their power of law. Its use in battle had a huge effect.

"Purple Flame Devouring the Heavens!"

This was the power of the Purple Flame Devil, but it had been unleashed by Mo Xiaolang's Nine Hell Devil Ancestral Flame. In that instant, he was enveloped by flames, and like a tide, an endless sea of flames pressed down towards him, causing the surroundings to shake. It was endless, as though the entire world had been submerged.

Under the domination of the flames, the entire frozen world was unsealed.

In the world where Ice Demon hated fire the most, he became even more furious as he was enveloped in it. When two types of anger and hatred collided, it was destined to lead to the most intense battle!

Long Chen did not transform into a dragon. In this period of time, he and the halberd, the Supreme Divine Emperor, had simply merged together, and developed a total of more than ten different types of attacks. His attacks were all comparable to spinning, slashing, sweeping, and even combining together.

Until now, even Old Long couldn't help but admire this kid.

With Long Chen as the leader, Mo Xiaolang assisted him in his covert attacks, and after a quarter of an hour, no matter how brutal the Ice Demon Beast was, it would still be riddled with scars, almost to the point of Long Chen using the supreme Divine Emperor's Halberd tearing it apart.

"So what if you kill me?! Our boss will definitely let us return from Death Realm! But you will never be able to change your fate. Long Chen, even if you kill all of our brothers in this array, you will still not be able to escape the most severe punishment, and will not be able to escape the pain of being imprisoned for millions of years.

Responding to him, was Long Chen's Death Realm's Dragon Gate!

Long Chen was not afraid of what he said at all. Since he had reached this step, it meant that he had nothing to say.

That was enough.

This was his belief.

BOOM!

At this time, the entire world began to stir. Ice Demon took advantage of this time to transform into a myriad of ice particles and escape.

"An Archaic Giant Demon has barged in. He's quite close to you!"

Ling Xi reminded her.

Just as Ling Xi reminded him, the Ancient Giant Demon arrived. After all, when going from one chaotic world to another, they were unable to determine where he would go, and this Ancient Giant Demon had coincidentally come to their battlefield, causing Ling Xi to be unable to warn him in advance.

"It's the Infinite Fire Devil. Amongst the Primordial Demons clansmen, he was the strongest in terms of the laws of fire. He had a total of eight types of Divine level flames. Right now, there should only be the battle strength of the Perfection s left but they are still in great danger. It should be one of the three most dangerous formations in the entire Five Elements Ten Realms. "

Old Dragon urgently told Long Chen.

Long Chen immediately made a decision. Mo Xiaolang was best at fighting opponents with the fire attribute, so he said: "I'll chase after the Ice Demon, kill him, and then deal with him together with you!"

"Alright!"

Upon meeting this Infinite Fire Devil, Mo Xiaolang was also extremely excited. At this time, the ice above his head suddenly melted, and an incomparably huge Primordial Giant Demon with a divine flame wrapped around each of its eight pairs of wings descended from the sky, burning heaven and earth!

The one in front of him was Mo Xiaolang!

"After taking care of these two, there are only seven ancient Giant Demons left in the Five Elements Ten Realms Demon Sealing Formation. It can be considered a success!" Furthermore, as long as I swallow this Infinite Fire Devil, I will definitely be able to reach the Perfection! "

Mo Xiaolang's heart was in a frenzy.

He was different from Long Chen, now he was a true demon spirit!

Moreover, Long Chen's heart was related to the heaven and earth, and in Mo Xiaolang's heart, what he desired the most was revenge. He wanted Su Yan to return to his side, so his desire for revenge was even stronger than Long Chen's.

When he met this Infinite Fire Devil, an even bigger storm burst out from his chest!

At that moment, his pitch-black eyes finally revealed traces of blood-red. However, even if it was just a trace of blood-red, the current him was already extremely terrifying!

Roar!

The Infinite Fire Devil with eight pairs of wings and eight types of Divine Flames roared at Mo Xiaolang and charged forward!

A huge battle erupted!
