

War God 2551

Chapter 2551 - Infinite Fire Devil

"Can you escape!?"

Long Chen bellowed, and transformed into an illusory Great Void Cosmic Dragon.

"The Sea of Chaos!"

Moreover, he was still suppressed by the seal of the Five Dragon Pearl. When Long Chen's sea of power had enveloped his body in the chaos he was in, causing him to instantly fall into a quagmire, making him unable to move!

Long Chen held onto the supreme Divine Emperor's halberd, and erupted with a myriad of golden astral energies. The boundless golden flames of wind and fire swept over, forming a flaming tornado, completely sealing off the Ice Demon Sealing Sword!

"I'll say it again, you never had a chance to win. You'll die if you deserve to die, and if you kill an ancient Giant Demon, you'll suffer even more! It'll be hard for you to die in your life!" In the end, you will realize that death is your greatest dream! "

The Ice Demon returned to his senses and roared.

He felt that he had made it clear enough.

He admitted that Long Chen had already gone against the heavens. He felt a deep shock towards this mortal spirit, even though every Immemorial Giant Demon was currently in their weakest state, Long Chen had still completed extraordinary things.

He had broken the yearning of over 30 Archaic Giant Demons over a million years.

With his terrifying courage.

But this was limited to this point because the five demons that were imprisoned within the Heavenly Tomb Crystal Coffin were different from the other Giant Demons such as the Ice Demon Sealers. They were the rulers of the demons, so the value of over thirty Ice Demon Sealers was not even comparable to one Nothingness Demon.

There was a huge difference between the two.

"Stop this as soon as possible, or maybe we, the general assembly, will be a little bit more open to this world. Don't push yourself to death. "

Ice Demon Beast roared in front of Long Chen's Supreme Divine Emperor Halberd.

Finally, Long Chen's supreme Divine Emperor halberd stopped in front of the Ice Demon's eyes.

Ice Demon heaved a sigh of relief.

However, the killing intent on Long Chen's body instantly grew even more majestic. He suddenly sneered and said, "You're talking about peace, and Shui Lanyan's description is extremely frightening. But I don't care about despair, pain, and even ten million years of torture."

His relaxed tone caused Ice Demon to be incomparably stunned. He had never seen such a person speak in such a manner in front of his eyes before.

"It's just that you haven't been imprisoned for thousands of years and don't know the pain within, that's why you can speak so easily."

Ice Demon laughed coldly.

"That's not right. I truly do not care, because in my heart, there is something even more important than this."

"What's that?"

Ice Demon asked in shock.

"As a devil, you will never understand."

Long Chen raised the supreme Divine Emperor Halberd once again, and after saying that, the God Creation Artifact shone with ten thousand rays of cold light, slashing onto the shocked Ice Demon's body. Long Chen's actions proved, he truly did not care about everything the Ice Demon's words!

Rip!

Death Realm's dragon claw pierced the Ice Demon's flesh.

"Go to the Death Realm and stay there. From your point of view, you guys want to survive. It's just that your survival is a disaster for us. This is fate, I have no choice. "

Long Chen threw the Ice Demon into the Death Realm.

During the instant their relationship with each other in the Death Realm, the Ice Demon Sealing Sword still could not figure it out, but he could no longer see Long Chen, nor could he see the result of Long Chen's actions.

However, for some reason, he suddenly felt admiration for this mortal spirit. It was deep admiration, like he was revering the Heavenly Demons of the era. To him, reverence for this thing was nothing more than food.

The problem with the Ice Demon Sealer had also brought about some changes in Long Chen's state of mind, and the current him was even more resolute.

He took in a deep breath of air and turned around to head towards the battlefield between Mo Xiaolang and the Infinite Fire Devil.

BOOM!

Power exploded forth like a wave. After his victory, even more people rushed towards his ten billion divine palace, and the boundless power of all living things gave birth to even more Divine Source Power, causing his power to soar to a great degree. This sudden increase in power entered Ling Xi's body through the Three Lives Silk, causing the entire Ten Thousand Realms Demon Sealing Formation to become even more stable!

RUU...!

On the way back, he had actually risen a level, reaching the late stage of the Eight Tribulations.

His strength and victory were the desires of all living things. After experiencing many pinnacle battles, he was able to find the truth and destiny in these battles. He was able to find a way to grow.

The current Long Chen had experienced a metamorphosis, and right now, he was confident that he could use a single person's power to defeat an archaic Giant Demon with Perfection, or even a god with any kind of Perfection!

Although he had yet to become a True God, the current him was not the weakest among the Gods.

The ten billion palace's power was majestic, and the wishful thinking of all living things was limitless. It had created this peerless war god that he was!

At this moment, Sun Devouring Demonic Wolf was fighting with Infinite Fire Devil at the moment. Infinite Fire Devil was once the polar state of the Tassel Demon Realm, one of the three strongest warriors under the Five Devils, and although Mo Xiaolang could restrain him, the only thing he could do was to stop him!

The battle had been extremely intense, but there had been no clear victor.

Mo Xiaolang knew that Long Chen would definitely return!

Each of the eight types of Divine Flames of the Infinite Fire Devil, Heaven Burning Earth Destruction, and Heaven Burning Earth, all possessed terrifying divine might that could even be mixed together to form a terrifying explosion. It was many times stronger than the Flame Devil, and it was restricted by many rules at the same time.

"The Infinite Fire Devil cultivates the Infinite Divine Arts of 'prehistoric level' and 'Limitless too much of the Heaven Fire Heart Art'. They are the devils of fire and are extremely difficult to deal with. Its reputation was twice that of an Ice Demon. In terms of power, he was quite a bit stronger as well. "Be careful."

Old Dragon reminded.

But this time, Long Chen did not listen to him. He returned from afar and rushed into the battlefield between the Infinite Fire Devil and Sun Devouring Demonic Wolf like a golden arrow. The extremely powerful shockwave instantly separated the two gigantic beasts!

""s Slash!"

Long Chen activated the limitless power of the Supreme Divine Emperor Halberd, completely releasing the power of the God Creation Art of the death grade, forming a slash that shot into the sky, coming down from the sky!

That world-destroying divine light's speed was beyond the Infinite Fire Devil's imagination. He never thought that Long Chen would actually be able to unleash such a terrifying attack!

During his battle with the Ice Demon Sealer, Long Chen had not been this brave.

Who would have thought that at the moment he returned, he would become so much stronger!

All of the flames and stones that were struck by the halberd became infinitely large as it chopped down explosively. With a ripping sound, it actually cut off one of the Infinite Fire Devil's flesh wings, and the divine flames that twined around it also weakened!

The Sun Devouring Demonic Wolf roared and rushed into the sky. At the most suitable time, it quickly dodged the meat wings, opened its mouth, and swallowed the flames and meat wings!

Infinite Fire Devil was heavily injured in an instant!

Long Chen held the Supreme Divine Emperor Halberd in his hand, and floated in front of the Infinite Fire Devil like he was in the past. That majestic aura formed a huge impact, causing the Infinite Fire Devil to feel deep fear.

The burning sensation of having one's flesh wings chopped off was so intense!

The Infinite Fire Devil's heart gradually crumbled under Long Chen's strength.

"After your death, there will only be seven ancient Giant Demons left within the Five Elements Ten Realms Demon Sealing Formation."

Long Chen said word by word, each word was like a blade that stabbed at Infinite Fire Devil's body.

"Ice Demon also said what I wanted to say. Your ending is definitely worse than mine. If you have the ability, then send me to the Death Realm! "

The Infinite Fire Devil said coldly.

"No. You do not have the qualifications to go to Death Realm. "

At this time, Mo Xiaolang had swallowed one of his divine flames.

At this moment, he was even stronger than before.

"You want to eat me!"

Infinite Fire Devil took a deep breath.

Mo Xiaolang did not answer, because he and Long Chen had already done so at this time!

After transforming, under many different circumstances, Long Chen would definitely crush Infinite Fire Devil. At the same time, he would also have Mo Xiaolang's help.

Crack!

It was his flesh wings again, which had been chopped off by Long Chen! After every single type of flame landed, they would be engulfed by Mo Xiaolang!

Infinite Fire Devil was heavily injured!

All of the rules seemed to lack the power to be used.

"I swear, everything that you've bestowed upon me today, in the future, I will return all five brothers and sisters to you. Ten thousand times, a hundred thousand times!"

This was a place under Ling Xi's control, the Infinite Fire Devil simply could not escape.

Long Chen and Mo Xiaolang's eyes were red from killing, they did not want to talk to Infinite Fire Devil at all, they did not have much time. Therefore, they had been fighting to the death all along. Everyone knew that the two of them bore an enormous pressure. If they lost even the slightest bit, it would be irreparable!

Eight pairs of fleshy wings, eight types of flames, were all chopped down by Long Chen in the end, and finally swallowed by him! After losing eight types of flames, although Infinite Fire Devil had not died, it was more or less the same as death.

"I'll spare your life."

He no longer had anything on him to devour, so Long Chen prepared to send him to the Death Realm.

"You'll make me more miserable." The Infinite Fire Devil said with a trembling voice. Having lost its flames, going to a terrifying place like the Death Realm would be a nightmare!

"Alright, in my next life, don't become an ancient Giant Demon!"

Long Chen didn't want to discuss it too much with him, killing an Ancient Giant Demon wasn't easy at all, he had to destroy all the seals on his body. It just so happened that right now Mo Xiaolang was digesting and becoming stronger!

However it took Long Chen an entire hour to completely kill the Infinite Fire Devil.

"I'm at the Perfection."

Mo Xiaolang opened his eyes. After engulfing eight types of flames, he had caught up to Long Chen in terms of battle power. He had even swallowed several rules of the Infinite Fire Devil. Other than the fact that he had not cultivated the Infinite Divine Art, he was now no different from a real god or demon.

At this time, they heard two loud explosions from outside of the Ten Thousand World's Demon Sealing Array. Just two explosions were enough to shake the entire world.

"What's going on?" Mo Xiaolang's face changed slightly.

"Kill the remaining seven first!"

Long Chen had a rough understanding of the situation.

The only thing he could do was make this decision. Before a true calamity arrived, he would kill as many ancient Giant Demons as he could to save as many people.

Chapter 2552 - Demonic Awakening

The two explosions created far too great of an uproar. The Five Element Ten Realms' Demon Sealing Array was almost shaken.

"Crap, I'm afraid two of the devils did not hesitate to use their last bits of strength to tear apart the Heavenly Tomb Crystal Coffin s that were used to create the Genesis. Leaving from this would probably be their last resort. Although destroying the Heavenly Tomb Crystal Coffin ahead of time is not worth it and will make them fall to the bottom of the valley, with the level of the five Chief Demon Masters, even if they lose all their power, they might still be much stronger than the current you guys. "

The old man was shocked and asked, with a worried tone.

The fatal danger had arrived once again.

Shui Lanyan and the Ancient Giant Demons were not trying to scare Long Chen, so they naturally wouldn't just sit there and wait for death. Although there were only seven remaining, it was already too late. As long as the five Devils did not die, the danger to Dragon Sacrifice World would never be solved. They had killed too many Ancient Giant Demons, so it could be considered as their failure.

"I really thought that without these Ancient Giant Demons, they would be trapped inside that Heavenly Tomb Crystal Coffin and never come out again."

Long Chen laughed helplessly.

The old dragon said, "That's impossible. There's nothing they can't do. There's only the price they aren't willing to pay."

"You're right, let's kill!"

Long Chen's attitude suddenly changed, he seemed to have an even greater fighting spirit!

"Impossible. You guys aren't the match of this once 'Infernal King', or the 'Infernal Realm of the Grand Desolate Demon'. The difference is too great, even though they have already exhausted themselves to the point of completely losing all their strength. "

Old Dragon shook his head.

Long Chen did not say much. In his eyes, there was no victory or defeat, only life and death, only battle and not battle. He had no retreat, he only chose to fight.

Of course I can. The most important thing right now is to quickly slaughter the remaining Ancient Giant Demons and kill all the Ancient Giant Demons that were trapped here before the two terrifying devils that were born after the explosion!

At the location where the Spirit Demon stellar nucleus's heart was originally at, the two outermost Heavenly Tomb Crystal Coffin had already shattered and disappeared into thin air. The fourth stage Genesis, the Creation Divine Equipment had disappeared just like that.

A terrifying shadow instantly penetrated through the Five Extreme Realms Demon Sealing Array, enveloping the entire Dragon Sacrifice Continent and the Immortal God Realm. Everyone looked up and saw endless black clouds sweeping across the sky, as if countless demons had taken over the sky.

Demonic energy, blood flags, songs, drums ... Under the intense vibrations, everyone turned pale from fright. The entire Dragon Sacrifice World felt a deep fear for the rebirth of this devil.

This was a battle devil!

Demonic Qi roiled around his body as an incomparably majestic fighting will pierced through the heavens and earth, engulfing everything in its path. Under this dense fighting intent, everyone almost kneeled on the ground. This showed just how terrifying this demon of war was! He was a devil born for battle, and was famous in the Archeozoic era, known by all!

One of the Five Major Sky Demons, the one ranked fourth, was much stronger than the Nothingness Demon that caused countless people to tremble in fear just like it was.

As for the Nothingness Demon, it could not be seen, could not be touched, and appeared to be invisible. Even if it appeared from within the Heavenly Tomb Crystal Coffin, it would not be able to find any trace of it.

The two demons spent an incomparable amount of energy before finally ripping the Heavenly Tomb Crystal Coffin out.

In this process, nearly four hours had been spent, and in this period of time, Long Chen and Yue Yang had already massacred a large portion of the Ancient Giant Demons!

They came out too late.

That was because they never expected such a troublesome matter to happen. It was unexpected that more than thirty ancient Giant Demons were still unable to deal with two tiny mortal spirits.

Shui Lanyan said daintily, "Stop dawdling and quickly go. They are almost finished now, so you can save as many as you can." Today, we've really screwed up. "

"Alright." The war demon didn't speak much. Just a single word from him contained boundless divine might. This was a powerful Fiendgod with terrifying power. Although right now, it might not be as powerful as a single hair on its head, it was still this terrifying!

"Remember, don't kill them, trap them." Behind Fogdeep, the master of the second coffin, Lord Nuwa, said.

"Alright, sisters. Little brothers and sisters know that we have such great hatred in our hearts. How could we so easily kill them?"

The Nothingness Demon laughed.

Just as they were about to rush into the Five Elements Ten Realms Demon Sealing Formation, the crystal coffin in the center suddenly moved. This was the largest crystal coffin, twice the size of the one that belonged to Nuwa himself.

Hearing this, the four Devils' faces changed, the Battle-Demon with battle qi soaring to the sky half knelt down, although the Nothingness Demon could not see it, it should be the same.

"Big Brother, congratulations on awakening!"

The four of them said almost at the same time.

From the respectful, terrified attitude of the Battle Demon, it could be seen how terrifying this Heavenly Demon Ji was. This was the only terrifying figure among the ancient Giant Demons that was at the level of the 'Demon Emperor' of the Absolute Beginning Demonic Mirror.

"Yes."

He gave a light grunt, but his voice was also a bit immature. There was no battle demon with such great power.

As the demonic energy surged, the pale face of the Battle Demon was revealed. This was a very handsome man with messy black hair and blood-red eyes. He was wearing a blood-red battle flag and his demonic energy was monstrous.

The four Devils didn't dare to say anything else.

"How could this be?"

With his ability, perhaps he could easily find out what had happened. He had planned everything, but he didn't expect to see such a scene after waking up. Even he was shocked.

Due to the turmoil of the demonic energy, the largest crystal coffin was completely empty. Only the figure of a young man could be seen in the center. He was not tall or tall and looked young, just that he could not see what he looked like.

She narrated the matter in a gentle voice. Of course, her voice was also trembling, because such a huge loss was entirely because of their carelessness, but in reality, it could have never happened.

Heavenly Demon Ji Yuan said, "Luck is indeed the result of our Primordial Demons's calamity. It's fine, even if there's only the five of us left, there's no harm. Only, Fourth and Fifth, if even you two are unable to subdue these two mortal spirits, then don't come back and join the Death Realm. "

"Yes sir!"

The Battle Demon and Nothingness Demon hurriedly replied, their voices had a hint of fear. Right now, they also felt a heavy pressure. Although they were dealing with two little brats, if they did not succeed and caused the Heavenly Demon Genesis to become angry, they would probably lose their lives.

"Big brother, don't worry. They'll take care of it, right?" Shui Lanyan said with her charming voice.

The Battle Demon stood up, nodded once, and then charged towards the Five Extreme Realms Demon Sealing Formation together with the invisible Nothingness Demon.

"Pretending to be flirtatious, disgusting." The nearby Nuwa sneered.

Shui Lanyan was slightly angry, but she didn't say much and continued to speak in a soft voice, talking to the Heavenly Demon of this era.

At this time, the Nothingness Demon and the Battle Demon had already descended!

"Brother Chen, there are two people who have charged into the Five Ten Realms Demon Sealing Array. However, one of them cannot be found, and the other should be a war demon. They are currently shuttling through ten worlds, searching for you! His speed is very fast! "

Long Chen also felt the deadly aura of death!

Will to fight!

Long Chen had just sent an archaic Giant Demon into the Death Realm. When he looked up, he saw that the world he lived in was actually completely covered in black demon energy!

"The entire Five Extreme World's Demon Sealing Array has turned black."

Ling Xi said somewhat nervously.

She felt that this battle demon was far too terrifying. She believed that the Five Extreme World Demon Sealing Array simply wasn't able to hold him back! Other than that, the Nothingness Demon had also disappeared. Who knew when it would approach the two of them?

"Give up. If the two of you run away, you might have hope for revenge in the future."

The old dragon was actually trying to dissuade them from making their most powerful choice.

"Impossible!"

Long Chen decisively refused, and then said to Ling Xi: "Tell me the location of the remaining five Immemorial Giant Demons! As for the Battle Demon, try your best not to let him get close to me first! "

Long Chen had already felt his terrifying fighting spirit!

He had to act as soon as possible!

Under Ling Xi's instructions, they burst forth with their strongest speed towards the next Ancient Giant Demon which was closest to them. There were only five remaining, he had to quickly kill them all and then fight against the Battle Demon and the others. Otherwise, if she missed even one, by the time he reached Dragon Sacrifice Continent, all of her efforts would be for naught!

He absolutely could not let any of them live!

He was not afraid of fighting with the five Sky Demons. According to Old Dragon, forcefully destroying Heavenly Tomb Crystal Coffin was their weakest moment right now.

"Stop running, you guys won't be able to escape from me. You seem to be practicing the path of battle. Do you have the guts to fight against me, Demon Fighting? "

That incomparably domineering voice rumbled within the entire Ten Thousand Realms Demon Sealing Formation, bringing about an unprecedented pressure, as if the entire world was shaken by that voice. Boundless devil energy spread outwards, blocking Long Chen's vision!

"Brother Chen, towards the left!"

With Ling Xi's reminder, Long Chen quickly changed her method. She was already close to an Ancient Giant Demon just now, but that was closer to the Battle Demon.

"Crack crack!"

Now that Long Chen had reached the late stage of the Eight Tribulations, dealing with the initial state of the Immemorial Giant Demons was basically an absolute stomp!

"Only four left!"

"Only three left!"

The further they went, the greater the pressure they felt. Not only were the battle demons getting closer and closer, there was also the Nothingness Demon that had gone somewhere else!

"I am craving more and more to fight against you. Is your name Long Chen? "If you weren't my enemy, you might have become my best successor, what a pity ..."

The Battle Demon's voice exploded in his ears like a cannonball.

"Big Brother, over here!"

Mo Xiaolang had already found the location of the next Ancient Giant Demon. Right now, they were at their fastest speeds, so even if it was just for a breath of time, it would be extremely precious!

In a desperate situation, he had to kill two more devils!

"The last one!"

They identified their direction and charged forward with their lives on the line!

Chapter 2553 - No Sky Demons

Only one was left.

To be able to do it to such a degree, Long Chen had already profited deeply.

The surroundings were filled with endless roiling demonic energy. The war demons crazily attacked from within this array formation, nearly disintegrating this Five Extreme World Demon Sealing Imprint. The ten chaosworlds were constantly shaking.

The Nothingness Demon did not know where it was hiding.

In the Divine Kingdom, everyone's faces were pale with fright. Although the battle demons had yet to arrive, the dense battle intent had already affected them, causing them to feel a deep sense of terror. Under the attack of the Demon King's willpower, no one could withstand it ...

If not for the support of Long Chen's power, Ling Xi would never have been able to control the Five Extreme Realms Demon Sealing Array again.

All that could be seen was violently shaking.

Although, being able to send over thirty ancient Giant Demons into the Death Realm was already an unimaginable miracle. However, everyone wanted this world to continue existing and did not want the end of the world. Everyone present would rather die than allow this world's people to become food ...

The person.

However, they still wished for Long Chen and Mo Xiaolang to be able to accomplish even more.

"At first, I thought that I would be able to obtain peace and relief after taking care of these ancient Giant Demons. Who knew that these two Devils would also come out of there ..."

"Long Chen and his brother are constantly becoming stronger. I hope that they can withstand the attack of the demon."

After hearing the old dragon's description, everyone knew that the chances of this happening were actually very small. Compared to killing all the ancient Giant Demons in the Five Element World's Demon Sealing Array, this was much smaller.

No matter who it was, they could only frown and resign themselves to fate.

Maybe only Long Chen and Mo Xiaolang had no other thoughts, they only had one thought, and that was to fight to the death. As long as they did not die, no matter what kind of opponent they met, they would not stop!

In front of them, the last Ancient Giant Demon belonged to Perfection!

Half a year ago, in Long Chen's eyes, every single Primordial Giant Demon was a nightmare that could easily destroy this world. But now, this kind of huge beast was easily killed by him.

That was enough!

There were relatives, friends, and a lover. Everyone in the world was supporting him in battle, and no one could stop him from shouting the name of the Dragon Emperor. He had this courage, and even if he met a demon, he only had one thing in mind, and that was to fight to the death.

It wouldn't stop until one of them was dead.

"This last one is the soul-controlling demon."

Amongst the thirty odd Ancient Giant Demons, there were one or two that were indeed of the same type. This last Ancient Giant Demon must be the one that was going to control Long Chen the next day.

But today, the situation had greatly changed!

"Big brother, do it!"

Mo Xiaolang transformed into the Sun Devouring Demonic Wolf and charged in front. Under the countless roiling devilish qi, the huge body of the soul-controlling demon suddenly turned around and saw two shooting stars approaching him. She almost already knew that all of the Ancient Giant Demons were left with him and the Red Meteor Shower.

The Five Devils.

"Don't kill me!"

soul-controlling demon retreated in shock!

From the look in his eyes, he was terrified.

If it was a year ago, he wouldn't have been able to imagine that these two little fellows would actually cause him to be extremely terrified.

"Bone Devil Flame!"

Mo Xiaolang understood that time was of the essence. Since the Battle Demons were attacking them at high speeds, the two of them had to be in their best condition to deal with the two demons. Therefore, before that, all the other Ancient Giant Demons would have to die.

Under the enveloping of the Bone Enchantment Devil Flame, the soul-controlling demon screamed miserably again and again.

Long Chen explosively shot forward, his eyes blood-red. He held his breath, and the Supreme Divine Emperor Halberd erupted with 30,000-meter-long astral energy, as the berserk Fiery Golden Flame followed along with Long Chen's halberd and cleaved down from the sky. The soul-controlling demon who was still in the midst of struggling with the Bone Enchantment Devil Flame was cut in half by Long Chen, causing heavy injuries in an instant!

"Death Realm's Dragon Gate!"

With an unstoppable force, Long Chen opened the Death Realm, grabbed it, and threw it in amidst the most terrified screams of the soul-controlling demon!

The moment the Death Realm's Dragon Door closed, Long Chen finally heaved a sigh of relief. He could not imagine that all thirty plus Ancient Giant Demons had really been killed by them. They relied on the Five Extreme Realms Demon Sealing Array, Ling Xi, and the five great dragon pearls and the old dragon.

Relying on Long Chen and the others.

All this help and experience had made them complete the miracle of this miracle.

If not for the appearance of the Battle Demon and Nothingness Demon from the Heavenly Tomb Crystal Coffin, this endless battle would have almost ended.

But unfortunately, he was still a step away.

Long Chen was actually quite tired, it was just that his spirit was still in its most fiery state. He knew that he was far from being able to rest, and they were about to face an even more terrifying opponent. His opponent's strength had always been increasing, but now, he was almost at the level of being able to do so ...

The extent to which his Taiji Realm had been unleashed!

Battle demons and Nothingness Demon, after destroying the Heavenly Tomb Crystal Coffin, even if their remaining strength was inferior to Taiji Realm, their fighting strength would still need to reach polar state. It was even stronger. They were exhausted to the point of almost losing all their strength. But so what?!

Even at their former height, they could still easily kill other ancient Giant Demons.

"Little Wolf, let's go find the Nothingness Demon and avoid the Demon Fighters. We'll try our best to get rid of them in the Five Extreme Realms Demon Sealing Formation. Don't let them find us at the same time! "

What Long Chen wanted was for him and Mo Xiaolang to surround and attack one person, and not for no one to attack an opponent alone. Their teamwork could produce powerful combat strength, especially when they reached the late stage of the Eight Tribulations. However, if they were to fight alone, there was no chance of success.

"Alright!"

Mo Xiaolang promised.

"Looking for me?" Suddenly, a voice travelled into Mo Xiaolang's ears. He was so frightened that his hairs stood on end, because the voice came from a place very close to him.

The Nothingness Demon is here!

When this heaven-defying idea appeared in his heart, Long Chen was already under attack.

In reality, before he had even spoken with Mo Xiaolang, the Nothingness Demon had already attacked. Long Chen didn't even know how he appeared, even if he was struck, he had not been able to see where the Nothingness Demon was. In that instant, after he sent the soul-controlling demon into the Death Realm.

He was hit.

It was as if a palm had hit his back.

Weng! *

Just a slight concussion had inflicted an unimaginable amount of damage to Long Chen.

This was the power of the rules, and it was also the highest rule of the Nothingness Demon's cultivation. From the moment he was hit, it was nothing, but after being hit, a terrifying ripping force nearly tore Long Chen into pieces, and even annihilated him completely.

He couldn't completely disappear from this world.

Even so, there was still a part of his body that was completely drained. He was in a completely exhausted state!

This palm from the Nothingness Demon had enormous power. If it was a little heavier, it might be able to kill Long Chen on the spot.

"You were too careless. I was here a long time ago."

Without knowing where, the Nothingness Demon began to giggle.

Fortunately, Long Chen still had some power left in his body, so the power was able to once again return to him, allowing him to catch his breath. It was just that, because of his injuries, he was actually able to isolate the power of the Slaughter Dragon Pearl, which also allowed him to take control of the Five Elements Ten Realms Demon Sealing Formation.

The diagram quickly crumbled!

Rumble rumble rumble!

In the chaos, the Nothingness Demon's objective had been achieved. The Five Extreme Realms Demon Sealing Formation was no longer able to hold on and it quickly collapsed. The Nothingness Demon had gone somewhere.

"Big brother!"

Mo Xiaolang immediately rushed to Long Chen's side. At this time, Long Chen's face was pale and he almost fell down.

But the strike from the Nothingness Demon had completely disrupted his plans and tempo.

"I didn't expect him to be here so early. He was waiting for you to take action when you were at your most relaxed! No matter what you do, you won't be able to find this Nothingness Demon, why! "

As long as it was a living being, even gods and devils would reveal traces of it. However, no matter how they searched, the Nothingness Demon seemed to be something that simply did not exist.

Now, there was no way to restore the Five Extreme World Demon Sealing Array.

Everyone within the divine realm was thrown into chaos. At this time, the battle demons were quickly closing in, but there was no way to escape.

"Don't worry everyone, I'm not dead yet!"

After withstanding the palm strike, Long Chen finally recovered. At the moment, all the living beings had tremendous amounts of power, and the energy that had disappeared due to the shock was more or less recovered. To others, Long Chen's recovery ability was indeed a miracle.

Seeing that Long Chen was fine, Old Dragon heaved a sigh of relief and anxiously said: "The Nothingness Demon's rule of 'nothingness' cultivation, goes from scratch to nothingness. Since there is nothing, then it is natural that no matter the method, we will be unable to find any trace of him. He was once the strongest existence in the Dao of Concealment.

No one could surpass him, and he was also the most terrifying assassin. The people he killed basically had no idea who killed them. In fact, no one has ever seen a Nothingness Demon. "

This rule was simply heaven-defying. In terms of strange rules, it was countless times stronger than the battle rules of a battle demon.

The old dragon had just finished his explanation when the other four dragon pearls had returned to the Divine Kingdom. The Five Extreme Realms Demon Sealing Array had completely vanished. A monstrous demonic energy had appeared in front of everyone, submerging the entire demonic energy and even the scattered and shattered starry sky.

"What should we do next?"

Everyone couldn't help but ask this question.

As for the Battle Demon, he was ranked above the Nothingness Demon, so he was naturally more frightening than the Nothingness Demon. Long Chen and Mo Xiaolang had both attacked one person, but now that they had met two, it was absolutely impossible for them to attack.

"We can only fight."

Long Chen took in a deep breath. He controlled his surroundings with his Sea of Chaos, and realized that he wasn't even able to grasp the position of the Nothingness Demon with his bare hands even after using such a sacred art.

As for the war demon that released this monstrous demonic energy, it was not far away.

It was a terrifying battle. The two Demon Kings who once dominated the entire myriad realms quietly approached. Although they were exhausted to the extreme, no one believed that they would be unable to deal with the two little fellows who had just become gods and devils.

Chapter 2554 - Di Yu's Rebirth

Amongst the demonic energy that covered the entire chaotic star field and even the countless star fields, there was a pure land. That was naturally the location of the three crystal coffins.

Long Chen and Mo Xiaolang floated with their backs against the boundless demonic energy. The Five Extreme Realms Demon Sealing Array that they relied on the most right now was gone. Honestly speaking, they did not even have a sliver of confidence to survive this tribulation. It was as Long Chen had said, no matter what the result would be, as long as they fought to their deaths, they would be fine.

It was precisely this thought that made him fearless in his heart.

Perhaps the five Sky Demons at their peak wouldn't even strike fear into his heart.

This was the strength of his conviction. Until now, his protections, glory, resistance, commitment, and dignity had all been clearly proven! Speaking of hatred, after killing over 30 ancient Giant Demons, the five great Sky Demons would probably hate him even more.

Sure enough, the War Demon appeared.

In front of Long Chen, countless devil aura had started to spread, forming a gigantic whirlpool of tens of thousands of meters in diameter. The thick devil energy was as majestic as a giant wave. If a mortal were to be contaminated by it, they would probably be as strong as their tribulation of reincarnation ...

They would all die instantly.

As long as this demonic energy engulfed Dragon Sacrifice Continent once, all living creatures would die instantly.

The war devil was at the center of this whirlpool. That was where the demonic energy was the most majestic. Its terrifying battle intent made it look like a mad devil.

It was a man with pale white skin and blood-red eyes who possessed a similar figure to Long Chen. He wore a blood-red war flag, and his long hair tumbled amidst the demonic energy. That was the most terrifying gaze that Long Chen had ever truly seen

He was truly worthy of being a battle maniac.

On the other side of the Battle Demon Realm, a hole had appeared in the whirlpool. Although it was empty, Long Chen knew that the Nothingness Demon was definitely there.

"I've killed so many of their brothers and sisters. At this moment, they'll definitely be furious and hate me to the bone!"

Long Chen said with a deep sense of consciousness.

At this time, Shui Lanyan's charming voice floated over once again from inside the crystal coffin. She smiled charmingly and said, "What an unbelievable miracle. Other than the five of us, all the other Primordial Demons have been sent to the Death Realm.

"

From the sound of it, she didn't sound angry at all.

Old Dragon said: "To be honest, with so many Primordial Demons gone, they definitely won't feel well, but it's not to the extent of being angry. The reason for that was because in their hearts, they were the most important people to each other. To them, those Ancient Giant Demons were merely subordinates, small soldiers.

However, even if you don't think highly of them, you'll still be unable to escape from their grasp today. "

He was not speaking nonsense. Everything he said was true. Anyone with a brain would know what their situation was right now. However, this would not affect Long Chen's fighting spirit.

"Our boss is quite interested in seeing you two."

Aqua Blue Smoke said mysteriously.

At this moment, the largest crystal coffin in the center stood up!

It was the Heavenly Demon of Ji!

BOOM!

Inside the crystal coffin, the black colored devil energy was gradually dissipating as a youth in embroidered clothes gradually appeared in front of Long Chen and Mo Xiaolang's eyes. This was a young boy that looked to be quite young. Although he was handsome and masculine, he definitely did not match up to the terrifying name of the Heavenly Demon.

uppermost.

With his appearance, he should be a talented young master from a noble family.

Clean, ordinary, and a faint smile hung on the corners of his mouth.

BOOM!

However, Long Chen's brain seemed to have suffered a heavy blow, it was a complete blank, and his entire body was shivering.

"Long Chen, long time no see."

In the biggest crystal coffin, the youth had a smile on his face as he looked at Long Chen.

Within the Divine Kingdom, everyone was also in an uproar.

"Di Yu! "How is this possible!?"

It was a peerless genius born in the Di Jun Divine City who possessed 80% of the divine blood of the gods, a genius who was revered as the future god. When he was very young, he met Long Chen, and was killed by Long Chen on the battlefield of the gods.

At that time, the entire human race felt regret for the death of this youth. They were angry and resentful. It was precisely because of Di Yu that he was directly chased away and was hated by many when he first arrived in the Dragon God Domain.

He was already dead, there was no reason for him to become a Heavenly Demon.

Long Chen naturally knew that it was impossible.

After he calmed down, he said: "Don't think too much about it. It isn't him."

He knew that of the five great Celestial Fiends, the bodies of Prison Demon Sakyamuni, Devil Nuwa, and Diremonster Primaltwin had been stolen, and that the Nuwa devils had used Su Yan's body to attack. While the Heavenly Demon was naturally Di Yu's, he remembered that Di Yu was immediately devoured by the Sobbing Blood Dragon Soul.

I really don't know what method Aqua Blue Smoke used to make him appear again.

As soon as Long Chen had finished speaking, the Sky Demon Emperor said, "You are wrong, he is me, I am him. He is just what I created to rebirth the Emperor's blood essence, but before he could fully awaken, you killed him."

These words from the Heavenly Demon Ji Yuan indeed made Long Chen feel extremely surprised.

"So you're saying, you originally wanted to use Di Yu to free your Primordial Demons?"

"Yes, without you, I would have succeeded long ago."

The Heavenly Demon Ji was neither hurried nor slow. There was no anger nor hatred, as if he was narrating some insignificant matter.

However, Long Chen knew very well that he was many times more terrifying than Battle Demons. When he spoke, whether it was the Nuwa Devils or the Shakya Demons, both could only be seen from his respectful gaze.

"What a coincidence."

Long Chen couldn't help but want to laugh. Originally, the Dragon Sacrifice Continent and the Immortal God Realm should have long been in danger of death. However, this time, it was intentional. However, even though he was only one step away from success, this step was too much ...

Far away.

"You are a person with boundless destiny. If you had enough time, you might be able to change the fate of this destroyed world. However, you do not have this world. I've been trapped here for thousands of years. Even a single breath of time can make me ...

"The itching is unbearable"

The Heavenly Demon Age crystal coffin gradually collapsed and returned to its original position. His voice also gradually became softer, until it finally disappeared. This was actually an order from him.

"Even if it's just waiting for a breath of time, is it really that uncomfortable?"

Long Chen might finally understand the craziness of this Heavenly Demon.

Someone that could compare to the number one divine emperor!

Upon further consideration, he felt that this sort of supreme Fiendgod was even more terrifying.

However, he also had no way out!

"Enough, our boss is already asleep. The two kids, it's time to end this nonsense."

This was a sly and sly voice that came from a Nothingness Demon.

He was right above the hole in the whirlpool, and when he was speaking, he seemed to be able to reveal himself. Long Chen and Mo Xiaolang could see a blurry figure.

At this time, the terrifying Battle Demon pointed a finger at Long Chen, at that moment, Long Chen felt a chill down his spine.

"You, fight with me."

These words held the authority not to resist.

Each of the two Sky Demons should have one each, so it could be said that they were giving Long Chen and Yue Yang the greatest amount of respect. However, they were demons, and they were not people who followed the rules. At this time, the battle demons and Nothingness Demon had a similar look, and actually separated, but their destination ...

Both were from the Immortal God Realm!

After the two of them went around it, they quickly headed towards the Immortal God Realm. Their speed was not fast, but they were forcing Long Chen and Mo Xiaolang to go separate to fight them alone!

"Big brother, you can't lose!"

There were too many emotions in Mo Xiaolang's burning gaze. He felt deep guilt towards Su Yan, felt deep hatred for the Ancient Giant Demon, and made a promise to Long Chen to follow. This was not the

time to hesitate, he gritted his teeth, turned into a beam of black light, and chased after the Nothingness Demon!

What they were most afraid of was the destruction of the Dragon Sacrifice Continent and the Immortal God Realm, so this way, the battle demons and Nothingness Demon would almost be considered as holding their fatal spots!

"En!"

There was no other choice.

When Mo Xiaolang was chasing after the Nothingness Demon that could reveal its figure, Long Chen disregarded everything and rushed towards the berserk fighting demon. The other party had already decided on an opponent, and the battle demon thirsted for Long Chen.

She will understand Long Chen's strong desire for battle.

They're the same type!

The fire burned in his heart as it swept through everything. In the end, he took a final look at Mo Xiaolang. To deal with this terrifying Nothingness Demon, he could only pray that Mo Xiaolang could continue to live. But in reality, he also needed to pray for his life, because fighting demons were much better than Nothingness Demon.

Afraid!

The Nothingness Demon's victory was strange, or perhaps it could break his weirdness and even hope of victory. But when fighting against the war demon, it was definitely the most violent attack, without any techniques or weirdness, only life and death could be said!

He chased the whirlpool across countless distances, but the enemy wasn't fast. They were waiting for him to get close, and only when they reached an empty starry sky did the war devil stop.

On the other side, Mo Xiaolang similarly stopped at a place near the Immortal God Realm as his opponent, the Nothingness Demon, gradually disappeared before his eyes.

"You two, are both good. Worthy of being respected as mortal spirits, I, Nothingness Demon, rarely show respect for my own food. I will promise you right now that I won't secretly go to the Immortal God Realm, only after eating you will I do this. So when I disappeared in your eyes

"Before, don't think that I'm not here anymore."

The Nothingness Demon's laughter echoed around Mo Xiaolang.

"Who eats who, isn't that certain?"

Mo Xiaolang's voice was hoarse, he had ten thousand desires in his heart, to swallow this Nothingness Demon.

"Right. You must be very angry, because the woman you love has become the body of the Lord of the Nuwa." But I'm also angry, no matter what, they are brothers that have followed us for many years, and were taken care of by you two little fellows, that would really drive me mad! "

He violated Mo Xiaolang's taboo.

Chapter 2555 - Undefeatable Battle Demon Diagram

The Nothingness Demon and the War Demon had completely pulled Long Chen and Mo Xiaolang apart.

After Long Chen sent the Ancient Giant Demons into the Death Realm, they were already cautious enough. But even so, other than the five of them, all the other Ancient Giant Demons had either died or been sent to the Death Realm.

Therefore, even though the Battle Demon and Nothingness Demon were people who were countless times stronger than Long Chen and Mo Xiaolang, they still used the most prudent method to deal with them. After all, when they struggled out of the Heavenly Tomb Crystal Coffin, they had already used up all their energy.

At this moment, Long Chen could see the Immortal God Realm in the distance, and he also saw the Dragon Sacrifice Continent below him. The Battle Demon was currently floating in front of his eyes and stopped his steps, with the ability of the Battle Demon, it wouldn't take him much time even if he reached the Immortal God Realm.

Words could not describe the desire of the Battle Demon to fight.

"I have not fought for ten million years. Ten million years ago, I was in combat almost all the time. My thirst for battle is a hundred times stronger than my thirst for power. "

The Battle Demon's surging voice was earth-shattering. Under his sweeping, boundless demonic energy formed a huge cocoon, surrounding him and Long Chen.

Now, he was in human form.

This handsome pale white man was gradually approaching Long Chen at this moment. His face was filled with an incomparable desire, and his eyes were filled with fighting spirit. That fighting will, was even stronger than Long Chen's. Even at this time, he was still suppressing Long Chen with his will.

Long Chen had already thrown everything aside to deal with the most terrifying opponent he had ever faced in his life. This was not just a contest of strength, it was also a battle of courage and willpower. This was the battle of wills and courage that Long Chen was the best at, as well as the battle demons!

This was a clash of strength!

As for Mo Xiaolang, who was going to fight against the Nothingness Demon, Long Chen could only pray that he could hold on. He did not dare to think that Mo Xiaolang could turn the tables on him, because he himself was the same.

He no longer had the conviction to win this battle. It was not real. All he had was the determination to die in battle.

Everyone in the Divine Kingdom were extremely nervous, waiting for the judgement of fate.

"To be able to rival my Battle Demon, not a single one of them weren't unparalleled hegemony, unrivalled gods and devils, and their reputations resounded throughout all realms. However, you weren't the one to do so. However, today is my new life, and you are the one who created the miracles.

You have the qualifications to be my opponent, so you must not disappoint me. My temper is, if you're too weak, I'll be very angry, very angry! "

The Battle Demon's eyes burned hotter and hotter. Although his body was not big, he looked like a supreme god, towering above as he examined Long Chen with the eyes of an ant!

The battle between the two sides continued at high speed.

Weng! *

The Battle Demon had already unleashed his boundless power, which was a type of divine power that was of a higher quality than any other Ancient Giant Demons. Even if it was only a little bit left, its enormous power had already surpassed Long Chen's Divine Source Power!

This was the difference in nature!

"Battle devil, train the fourth stage 'Genesis' Infinite Divine Art. It's called the 'Eternal Undefeatable Devil Record'. Cultivating demon spirit source energy to Eternal Demon Dipper energy. It was a terrifying demonic power that was hard and crazy. The Infinite Divine Art of the Genesis was already very heaven-defying. If they were in their best condition, the Battle Demons could easily destroy the current Dragon Sacrifice Continent. It's said that this fellow has mastered over a hundred different types of battle laws, and some of them are the 'rules of the Infernal King', which is also known as the 'Primal Chaos Law'. But I just don't know how many techniques he is able to unleash right now. "

Following the old dragon's explanation, Long Chen also felt it.

To be honest, the Battle Demon was already at his limits, his Eternal War Demon Aura was extremely weak, probably not even one out of several hundred of Long Chen's Divine Source Power. However, its majesty and might directly surpassed Long Chen's power!

It truly is worthy of being the Infinite Divine Art of the 'Genesis'!

Under the cover of this power, the Battle Demon became the craziest of states. This was a devil that treated fighting as the most desired thing in his life. After tens of millions of years, on the level of 'battle', his stomach was already rumbling with hunger!

"Long Chen, let's see if you have a chance to escape. You're still young!"

"That's right. Death and battle, just let us old fellows do it." "Even if our world is destroyed in the end, perhaps in the future, you will be able to avenge us and rebuild our home!"

Within the Divine Kingdom, everyone was panicking in panic. The battle demon's will first caused them to completely collapse. Right now, everyone's expression was somber and panicked. They simply could not imagine what kind of opponent Long Chen was facing!

The old dragon originally wanted to advise, but when he saw Long Chen's similarly passionate look, he changed his mind. He understood that this was the most important battle that this youth had ever fought in his entire life, and his desire for this battle was not one bit inferior to that of Fighting Demon!

The Divine Source Power and the Eternal Demon Dipper Qi clashed against each other in the starry sky. Space twisted, time shook, heaven and earth lost their color!

A shocking battle was about to begin!

Sensing Long Chen's fighting spirit, the war demon laughed out loud and said, "Very good. It's just that you train in the path of battle, the path of slaughter. Is this the extent of your willpower? "

Long Chen understood, he was going to attack! Long Chen respected his opponent at first, because he had yet to rush straight to the Immortal God Realm.

Of course, this didn't mean that he wouldn't do something like this. After all, a war devil wasn't a gentleman. His true goal was to devour creatures and restore his strength!

BOOM!

It was at this moment that a tremendous change occurred in the pair of crimson eyes of the Battle Demon.

"This is the Battle Demon Heroic Soul."

From the Battle Demon's words, Long Chen heard him say these four words lightly.

His eyes focused on the Battle Demon's eyes.

Weng! *

Suddenly, his head felt as if it had been hit!

At this moment, the war devil's blood-red eyes were suddenly divided into hundreds of millions of tiny eyeballs, or spaces. Every eyeball as big as a baby's fist was separated into hundreds of millions of space, and every space was thick with blood.

Two blood-red eyeballs holding two hundred million souls!

Some were incomplete, some were complete. However, without exception, they were all trapped and had no way to escape. These 200 million soul fragments had gone through the Battle Demon's strength and became his weapon. When the Battle Demon needed it, all of these soul fragments had a monstrous will that condensed into a single entity. In that instant, the Battle Demon's will to fight could be said to have increased by more than 10 times!

At first, Long Chen could only resist, but if his battle will was increased ten times, he would collapse.

"These two hundred million remnant souls were all defeated by me, some of them are tyrannical Fiendgods. They were imprisoned by me, and today, you are just as lucky as I am. To be able to become one of them, to be able to be on the same level as real gods and devils, can be considered your luck! "

As the war demon spoke the last word, it brought out an unimaginable will pressure.

That was the most terrifying battle intent Long Chen had ever seen, the sum of the two hundred million strong warriors. It was a power strong enough to crush the entire world. He had always been stable mentally, and could not even move the soul-controlling demon an inch. However, this willpower impact from the Battle Demon had nearly caused him to collapse!

In that moment, Long Chen felt that he had returned to the White Yang Town, becoming powerless at first. The war Devil in front of him was like a monstrous flood that slammed into him!

BOOM!

He was beaten black and blue, and his entire body was almost torn apart!

A deep sense of fear had defeated his courage, willpower, and perseverance, allowing him to persevere for such a long time. However, at this moment, he suddenly fell into the depths of despair!

This was the attack of a war devil!

He had not made his move yet, but he had relied on his will to scare Long Chen to the point that his face turned pale and his body trembled. This was something that Long Chen would never do in a battle. Even if he lost the battle, he wouldn't lose mentally!

A cold laughter filled with battle demons greeted them.

To be honest, forget about Long Chen, even though everyone in the Divine Kingdom had Long Chen's protection, they had all already collapsed under the battle demon warrior's heroic soul. Every single one of them had their will destroyed greatly, becoming desperate and completely losing the courage to fight.

This was the most terrifying aspect of a battle demon.

This was what Old Dragon was most worried about.

"Long Chen, seize this opportunity and run! Once he makes a move, you won't be allowed to leave. "

In his eyes, the current Long Chen simply did not have the courage to fight. As long as the Battle Demon made a move, one move would cause him to be turned into ashes!

"No!"

But unexpectedly to the old dragon, in the midst of his ultimate collapse, Long Chen actually spat out one word while gritting his teeth. When Long Chen bellowed the word after using up the greatest amount of energy, he was able to withstand the pressure and became even tougher, his mind and spirit even stronger!

His entire body was covered in veins, as he struggled out from the pressure of that terrifying willpower. At this moment, his blood-red eyes that were even redder than the Battle Demon's opened, looking straight at the Battle Demon's heroic soul. At this moment, he actually didn't cower at all!

He did it.

Before the two hundred million strong will, he raised the Halberd!

To a battle demon, this was simply unimaginable. However, the Battle Demon became even more excited. "Very good, you really did not disappoint me. He was a very good seedling. But unfortunately, fate has made you my enemy. "

He was no longer polite.

"Cut the crap!"

Long Chen endured the endless pressure and the Divine Source Power started surging once again. He had to bear the desire and mental strength of tens of billions of people, he had to bear heavy responsibilities, his parents, his loved ones and his brothers were the biggest support of him. Although he feared the Battle Demon Heroic Soul, he feared the qualifications to continue!

In this way, he was able to recover his rarest battle courage.

Chapter 2556 - Eternal Undefeatable Divine Fist

"Very good, very good!"

The Battle Demon in human form let out a roar that pierced the heavens and earth. His face revealed an ecstatic smile, expressing his satisfaction towards Long Chen.

At the same time, it had also stimulated his blood and battle that had been dormant for ten million years.

He only possessed his strength today through battle. The battle with Long Chen was the appetizer for him to swallow the living beings in the Immortal God Realm! After all, Long Chen was the strongest warrior in this world!

BOOM!

His entire body was covered in blood colored torn apart flags, and pitch-black dragon scales appeared on his body. His body was simply similar to the Dragon Fighter's human form, only, a pair of black flesh wings grew out from behind him.

Compared to the blood dragon scales on Long Chen's body, this sinister look was more like a battle machine, more like a killing machine!

"I know 130 different types of rules! "Now that I'm at the end of my strength, I can only use a few of them. But even one can make you become my Heroic Soul Battle Demon!"

With their current strength, any kind of fight would almost tear the world apart. Long Chen could only try his best to leave the area of battle as far away from the Immortal God Realm, otherwise, before the opponent could swallow him, everyone would have been killed by the remnant waves of their battle.

"Whiz!"

A Battle Demon whose entire body was covered in black dragon scales appeared in front of Long Chen's eyes.

Roar!

Although it was in human form, the battle demon still gave a deafening roar! His voice was filled with extreme excitement and madness!

It was a desire to fight!

Although it was a simple posture, it gave Long Chen a huge visual impact. He was acutely aware that this was a very deep type of power of laws and that the laws of the world were intertwined with his body. It was as if if if he were to move, the heaven and earth would follow him and destroy Long Chen.

"Eternal invincible fist!"

The War Demon said these six words in a contemptuous manner. When the last word was spoken, it would be the time for him to explode.

The rule of this fist technique was undefeatable.

As long as he failed to defeat his opponent with his fist technique, he would never stop until he won. He didn't use his combat skills, and once he used them, he would have to kill his opponent!

"Whiz!"

The most violent punch arrived in the blink of an eye!

BOOM!

His fist condensed the Eternal Demon Dipper Qi. It was fierce, explosive, and full of power. With the assistance of the Heroic Soul Battle Demon, it also contained an inexhaustible lethality. A fist exploded!

"Swoosh!"

Bearing with such a huge pressure, Long Chen was still able to unleash such a strong attack, it was already considered a miracle!

His supreme Divine Emperor Halberd directly collided with his opponent's fist at its sharpest point!

Bang!

On the other hand, Long Chen's Supreme Divine Emperor Halberd had almost slipped out of his hands from the shock!

"His body is actually this strong!?" Even though it had been corroded for tens of millions of years, it was still at least the equivalent of a 'death grade' creation artifact! "It used to be even stronger!"

The old dragon fearfully reminded.

Swish!

Right after he finished speaking, Long Chen used an even faster speed and retreated instead of advancing, and once again rushed forward to kill! In a battle like this, the most important thing was to not lose courage or fear. Once one was defeated in their heart, they would lose without a doubt!

Bang!

In the blink of an eye, Long Chen endured the terrifying impact, using the God Creation Art to clash with his opponent's fists.

"Every single punch is actually stronger than the last?"

Long Chen thought, the Eternal Heaven Divine Fist and the Killing Sword Technique were similar, but they were much stronger. There might even be no end to it!

Endless enhancement, that was the most terrifying thing!

"As far as I know, the Battle Demon once used this Eternal invincible Divine Fist to use 10 million fists!"

Old Dragon said.

So it was like that.

It was precisely this sort of inexhaustible power that allowed him to remain undefeated. As long as it wasn't an opponent that could crush a war demon, then once his fist entwined with it, he would lose without a doubt!

At the very least, Long Chen was glad that he was able to withstand his opponent's attack and not to the point of being unable to retaliate at all!

"As long as I can endure it once!"

To Long Chen, the time to compete in willpower was coming, and the power of the Battle Demon was ultimately limited. But although Long Chen was weak, his power was limitless.

"Kill!"

Countless times, he had been crying out in his heart for such a voice.

"KILL KILL KILL!"

In his hands, the Life Creation God Weapon, the Halberd, was nimble, swift, and as crazy as the fist art of a war demon!

At this time, the Battle Demon had already gone mad. He kept accelerating and constantly increasing his speed. His fists were as powerful as the heavens, ripping apart the space in front of him and creating powerful explosions time and time again.

Long Chen had never seen such a violent opponent.

Although he himself had such a personality.

On this Battle Demon Beast, it was as if he could see himself. Of course, on this crazy level, the opponent wanted to surpass him, but Long Chen had more rationality than him.

"The Sea of Chaos!"

He used the Supreme Divine Emperor Halberd to clash with his opponent's fist technique time and time again, and even used the Ancestral Dragon Art to bind his opponent. Only then was he able to barely block his opponent's attacks, and in the blink of an eye, his opponent had already sent out tens of thousands of punches, completely annihilating his surroundings and turning it into void space.

"You're really interesting!"

The war demon punched again, completely raising the level of his punch.

That extremely high quality Eternal Demon Dipper Qi formed a fist print that was comparable to the heaven and earth. Once again, it collided with Long Chen's Supreme Divine Emperor's halberd that was sent flying backwards!

"If you can withstand thirty thousand punches, then I'll stop."

The Battle Demon laughed sinisterly.

"Thirty thousand, how can that be enough?"

Even though his hands were trembling, even though he could not even take a single punch, Long Chen still gritted his teeth and said those words.

If it were not for the fact that the fire of life was burning constantly, he would have died thousands of times by now!

Almost every punch from the opponent had exceeded his limit!

"However, if I were to fight him, my improvement would be even faster!"

This was the biggest reason why Long Chen could still persevere, and was also his greatest belief. His current belief was that not only would he need to defeat the Battle Demon, he would also need to become stronger! That was his greatest dream and hope!

Why did he have to let others do whatever they wanted!

Why did I have to be ridiculed!?

Why was life lower than others? Why couldn't they resist? Why couldn't they kill an ancient Giant Demon?

He had already sent in so many Archaic Giant Demons, how could he fear War Demons!

When the battle had reached this point, even the heroic soul of the Demon Fighter was unable to defeat the courage in Long Chen's heart! He and the war demon fought for different purposes, which meant that their fate was different.

"Your path is wrong. In your heart, you believe in the good way, yet you practice the path of slaughter. Killing is evil, and you have committed all sorts of crimes, so you should be killed by the heavens and destroyed by the earth!"

The war demon couldn't help but mock him.

"You are either evil, or good. You are one with good and evil, you do good with evil, and ultimately, you are in disarray. Your achievements in the laws of your entire life, will all end here!"

RUU...!

The heaven and earth shattered. The Battle Demon Punch shook the Supreme Divine Emperor Halberd and it fell onto Long Chen's body, causing his body to cave deeply in, as though it was broken into two pieces.

"I'll send you back to the West!"

The Battle Demon was a little disappointed, he never thought that Long Chen would lose so quickly. However, he would never force Long Chen, so he was prepared to send him off first.

In a blink of an eye, he was right in front of Long Chen, who smashed his fist on Long Chen's head!

"Die?"

Although he had died for the war, he was still unwilling to give up at this moment!

"No way!"

He had killed so many Archaic Giant Demons, and at this moment, when he was about to succeed, even though he encountered his most terrifying enemy, he didn't want to die!

At this time, the strong desire to survive caused his flames of life to erupt once more at his weakest moment, engulfing his entire body and resisting once again. He once again had the courage to defeat.

He did not block the other party's attack, and instead thrust the Halberd towards the other party's eyes! He was even more resolute than the war demons, and he wasn't afraid of death!

At this time, the Battle Demon could choose to directly smash Long Chen's head!

Of course, his eyes would also be pierced by the's halberd.

To him, withdrawing his attack meant the end of the Eternal invincible Divine Fist, and also the breaking of his own rules of combat. In the past, it was impossible for him to do this. He would choose to kill the other party even if he was injured.

But this time, Long Chen was even more determined than him. It was impossible for him to stop!

At this moment, they were fighting with courage.

The Battle Demon didn't hesitate at the start, but when the halberd was about to stab him, he hesitated. To him, paying such a huge price in front of such a weak opponent was truly not worth it!

"Whiz!"

As he retreated, Eternal invincible Divine Fist had no choice but to stop.

The Battle Demon retreated back into his berserk fighting state. Long Chen was able to recover a lot of his strength, but his fighting strength was no longer as strong as before. He had withstood around 20,000 fists of the Battle Demon, which was a miracle for him, but the Battle Demon thirsted for a stronger opponent, so at this time, although Long Chen still had some skills, it was also boring.

"Your strength is truly too weak to withstand a single blow. Not half as good as I thought. "My Battle Demon has my rules. Since you forced me back, I'll let you live a little longer."

He was not interested in Long Chen at all.

Previously, it was to save the Immortals and Giants, but now that all the Immortals were gone, leaving behind the five of them, Long Chen couldn't do anything about it. Seemingly the Heavenly Demon

Primordial Era still wanted to study him and Mo Xiaolang, so the Battle Demon went straight to the Immortal God Realm.

As for Long Chen, after going through a battle, the Battle Demon understood that had miracles, and that was it. To be honest, he longed for a miracle to happen on Long Chen.

Therefore, he headed straight for the Immortal God Realm at an incredible speed, faster than the god-walking demon!

Long Chen knew what he was thinking!

Without a doubt, this was even more dangerous. As soon as the war demon moved, he would desperately chase after it. The matter that he was most worried about had actually happened!

Chapter 2557 - Universal Annihilation Heart Sutra

Mo Xiaolang's situation was even more troublesome than Long Chen's. Even though he had already reached the Perfection of the Supreme Demon Realm. However, he couldn't even see where his opponent was!

However, the Nothingness Demon did not flee to the Immortal God Realm alone.

Right now, there were only five Primordial Demons left, and the value of each one of them exceeded the value of the other 30 plus. The Nothingness Demon had also admitted to the fact that those thirty people had been sent to the Death Realm.

Therefore, he was not anxious at all. Now that Long Chen and the Battle Demon were fighting passionately, he needed to play with Mo Xiaolang a little. If not for taking care of these two troublesome fellows, it was likely that even if they went to the Immortal God Realm, they wouldn't be able to relax!

After all, before this, Long Chen and Yue Yang had several times exceeded their imagination!

"Kid, to see me, you have to first break my 'No' rule. Even if I don't have the combat strength of a 'Demon Lord', you need to have the 'Demon King's Rule' in order to do this!"

"Whiz!"

Just as he said that, the Nothingness Demon flew past Mo Xiaolang.

Roar!

At this moment, Mo Xiaolang had already become a Sun Devouring Demonic Wolf, his eyes were pitch black and he was constantly looking around vigilantly. Right now, he did not know about Long Chen's battle situation, and did not know if he could hold on, but if he could not beat back the Nothingness Demon, there was no meaning in thinking about it!

"I have to think of a way to defeat him. His greatest weakness should be his lack of strength. Big Brother and I can defeat other ancient Giant Demons, but we must have a way to deal with these two! "

Mo Xiaolang constantly reminded himself that he absolutely could not be afraid.

In reality, choosing Long Chen was an extremely dangerous thing for Mo Xiaolang. Once he chose to fight the Battle Demon, it would be impossible for him to fight against the Battle Demon's Heroic Soul.

Of course, the mysteriousness of Nothingness Demons were also quite scary.

From the very beginning, Long Chen had only been struck squarely, causing the Five Extreme Realms Demon Sealing Formation to shatter.

Ah, I think it's better if I let you take a look. Otherwise, it's really boring. It seems that the battle over there will last for a while.

The Nothingness Demon once again displayed a blurry human shaped shadow in front of Mo Xiaolang, allowing Mo Xiaolang to find his position. He sneered in front of Mo Xiaolang, and did not take the initiative to attack. His intention was naturally for Mo Xiaolang to use all means at his disposal to deal with him. He had the qualifications to look down on him.

"Yan Er, brother!"

To Mo Xiaolang, these two were the most important people in his life. Right now, one was fighting to the death, and the other did not know whether he was dead or alive, but all of this was caused by them.

After Long Chen arrived, in order to avoid Long Chen, his heart was even more helpless.

At this moment, one of the main culprits was right in front of him!

"Heh!"

Mo Xiaolang took a deep breath, and all of his killing intent surged. It made him go into a frenzy, completely forgetting about life and death. There was only one thought in his mind, and that was to tear this fellow apart.

"If the current me is a demon, then I would rather become a demon!"

His ability to devour the power of laws was already a shocking talent! The Nothingness Demons were definitely aware of it, but they did not see it clearly.

"Unbroken Fire World!"

The battle would begin at this moment!

The Sun Devouring Demonic Wolf released the ferocious Nine Hell Devil Ancestral Fire, releasing it caused the surroundings to be completely released. His eyes lit up with blazing fire, and all of her hatred and anger exploded in this moment of extreme silence!

At that moment, it was as if his eyes were filled with blood!

With the Nine Hell Devil Ancestral Fire, which covered a large area, it enveloped the Nothingness Demon. When it surrounded the other party, Mo Xiaolang suddenly spat out five explosive flame seeds!

However, the Nothingness Demon was still smiling as it faced such an attack. It casually waved its hand, and right in front of his eyes, the explosive flame seed exploded, and the 'Exploding' rule was released along with layers of divine inscriptions!

"Retreat!"

The Explosion Flame Seed was completely silent, with bursts of rumbling sounds. The Unbroken Fire Realm had shrunk under Mo Xiaolang's control, pressing down the power of the explosion, thereby producing an even stronger destructive force!

The Nothingness Demon's laughter suddenly stopped!

The Flawless Fire Realm was immediately torn apart by the massive explosion. The Nine Hell Devil Ancestral Flame swept out, and even space itself turned into a black layer of ice!

"Bang!"

All the ice shattered and the world turned into nothingness.

The Nothingness Demon disappeared.

Mo Xiaolang was very clear that the Nothingness Demon would definitely not be killed that easily.

"Its might isn't bad. Is this the rule of the Explosive Blaze Demon? Did he just happen to understand the rules he learned, or was it? "

Just then, the Nothingness Demon's voice sounded out from behind Mo Xiaolang.

He was still as silent as before, without even a hint of danger. If he had made a move just now, he might have already injured Mo Xiaolang!

Turning his head to look, he saw that the Nothingness Demon was right behind him. He could clearly see its figure for Mo Xiaolang to see.

"Now, do you understand the difference between us? It's a pity, if I was at my peak, a devil spirit like you wouldn't even be able to compare to the weakest one in my Primordial Demons. "

The Nothingness Demon began to giggle. His voice was very feminine, at the opposite extremes from the Battle Demon.

Mo Xiaolang knew clearly in his heart that the other party was attacking him, and the disparity was naturally too great, so much that it was unimaginable, but that was when the Nothingness Demon was at its peak, and as for now, no matter how difficult it was, he knew that there would definitely be a chance for him, because he saw, in the distance. Even if he was facing against Demon Fighters, wasn't Long Chen still fighting?

The commotion on his side was much more intense than now!

"Bone Devil Flame!"

Mo Xiaolang was not willing to give up, he continued to attack, he had already become a devil, a real devil, he had the black world tree, he had the Heart of Rules, he condensed nearly ten types of rules, he firmly believed that there was hope of victory!

He wanted to avenge Su Yan!

"You're the first, the first!"

The black demon wolf let out a roar, and rushed towards the Nothingness Demon!

"Oh, what a pity!"

The Nothingness Demon reached her hands into her illusionary body and grabbed out the Bone Enchantment Devil Flame that was produced by the Nine Hell Devil Ancestral Fire. Mo Xiaolang did not know what kind of rule he used, but he had done it!

"You can't even withstand a single blow. Continue to attack!"

The Nothingness Demon sneered.

The more he mocked and laughed, the more pleased he felt with himself. The hatred in Mo Xiaolang's heart would only grow heavier as well.

"Purple Flame Devouring the Heavens!"

This was the power of the Purple Flame Devil. The Nether Demon Ancestral Fire was released with an even stronger power of laws, forming a magnificent flame that blossomed like a flower, with an extremely cold aura that deeply locked onto and devoured the Nothingness Demon! This flaming flower was like a man-eating flower!

"Yi, isn't this the power of the Purple Flame Devil's laws?"

The Nothingness Demon was finally shocked. Mo Xiaolang had just passed the Divine Demon Tribulations, although he had grown at an incomparable speed, even reaching the Perfection, it was impossible for him to grasp so many rules in such a short period of time. He hadn't even cultivated Infinite Divine Art yet.

"What a miracle, you actually swallowed their rules? The Devouring Demon not only grew rapidly, but also possessed such divine might? "

The Nothingness Demon was deeply shocked.

What shocked him was Mo Xiaolang's devouring ability, so of course it was not at his current level of strength.

"Buzz!"

The Nothingness Demon swung out a palm, and directly annihilated this mighty 'Purple Flame Swallowing the Heavens' with one palm!

This was the most magical move that Mo Xiaolang had ever seen!

He actually shot out a palm, making the purple flames swallow the heavens. It was as if they were instantly swallowed up by something, disappearing in the blink of an eye.

A large amount of devilish spirit energy that belonged to Mo Xiaolang also suddenly disappeared.

This was the power of the Nothingness Demon. Not only could it 'make' him, it could also make anything else disappear. In the Archeozoic era, there were many Creation God artifacts that caused him to

suddenly be destroyed and she could no longer find anything. If the battle demon did not suppress him in terms of absolute combat strength, the Nothingness Demon would not have been ranked as fifth.

Of course, there was no need to talk about Emperor Shakya's Prison Demon, Nuwa's and Sky Demons of the Era. They were at a higher level than Nothingness Demon and Battle Demon.

However, Mo Xiaolang was not such a person who gave up!

Taking advantage of the other party's shock, not only did he not stop, he even moved forward and attacked!

"Everlasting Heart Flame!"

This deepest kind of rule, comes from the Infinite Fire Devil!

The Everlasting Heart Flame, born from the heart, was not a heart but a Heart of Rules. It was a divine flame that was suddenly born from the eight types of laws, and it burned the primordial spirit of the Nothingness Demon! Mo Xiaolang refused to believe that he could still block such a rule!

The eight types of Divine Flames controlled by the Infinite Fire Devil were: Soul Severing Corpse Flame, Nirvana Spirit Flame, Ashen Elemental Flame, Mysterious Nine Mystical Flames, Shrouding Sand Divine Martial Heart Flame, Shrouding Sun Ghost Flame, Four Symbols Heavenly Capital Flame, and Green Essence Wolf Fang Divine Flame!

Every single one of them was comparable to the golden flames of wind and fire on the halberd of the!

The eight types of Divine Flames were born from Nothingness Demons!

He began to burn them!

"This belongs to the Infinite Fire Devil!"

The Nothingness Demon was even more shocked, it never thought that Mo Xiaolang would even be able to comprehend the rules of a Infinite Fire Devil in such a short period of time. This divine ability was simply heaven-defying. Even amongst Fiendgods, it was extremely terrifying.

"If you are so heaven-defying, either you will be eradicated, or you will have complete control. I wonder what kind of decision boss would make if they knew about this little fellow's divine abilities! "

At this time, the destructive power of the Everlasting Heart Flame was born.

"This is really troublesome!"

The Nothingness Demon's heart was in a mess, it was in extreme pain. He was already exhausted, and now she had to use more strength to force the Everlasting Heart Flame away.

"Fortunately, the 'Thousand Worlds Returning to the World without Perception Force' that was born from the 'Universal Annihilation Heart Scripture' that I cultivate is able to deal with this ' Limitless Heart Flame '. Otherwise, it would be really troublesome, but there isn't much strength left. Initially, I wanted to give this little fellow a chance, but from the looks of it now, there doesn't seem to be a need. "

The Nothingness Demon had already made its decision. Although it had shaken Mo Xiaolang's devouring ability, it couldn't threaten itself either. He had used up a large amount of energy and completely used the boundless spirit energy from the Myriad Realms to obliterate the Everlasting Heart Flame. Then, those blood-colored eyes appeared inside his formless body and stared at Mo Xiaolang.

Chapter 2558 - Dispersion

From his blood-red eyes, he could determine his position, and also know that the Nothingness Demon was emitting killing intent.

"Whiz!"

The Nothingness Demon disappeared once again, and even the blood red eyes disappeared, in that situation, Mo Xiaolang could only tense his body and look for his location. At the same time, he released his own demon spirit energy, forming a huge domain, in the domain that he covered, he could sense the slightest movements from any opponent!

Of course, he had no confidence in facing this Nothingness Demon, so he could only defend with all his heart!

After all, the Nothingness Demon's rule was 'nil'. Since it was 'nil', it basically meant that it didn't exist. Even if something that didn't exist was to enter the domain that she controlled, it would be difficult to discover it.

"You're really naive. If you could stop me like this, then my Nothingness Demon would have died at the hands of another million years ago."

Between heaven and earth, all that could be seen was the Nothingness Demon's mocking laughter.

Mo Xiaolang exhaled countless flames that engulfed the surroundings. He was not scared by the Nothingness Demon, nor was he affected by it, but he continued his search. No matter how strong he was tens of millions of years ago, he was already at the end of his tether.

Whoosh!

Right at this moment, Long Chen noticed a slight change. After all, it wasn't that easy to endure the Nine Hell Devil Ancestral Flame coming close to him! It was too late after he found out that the Nothingness Demon was already behind him.

"Unparalleled Palm!"

Before, it had always been Mo Xiaolang who was attacking, but now, it was the Nothingness Demon's turn to attack.

This was the Nothingness Demon's attack on Long Chen, as well as the palm which had instantly extinguished Mo Xiaolang's purple flames and swallowed the heavens. It looked casual, but it contained a frightening amount of laws, and the Nothingness Demon's strongest point was that it could make anything disappear from this world, which was basically death.

This palm was extremely swift and unstoppable. Just as Mo Xiaolang was about to escape, he was already under the pressure of the Unstoppable Palm. It was truly difficult to defend against the opponent's sudden attack!

Weng! *

every part of his body, including even his primordial spirit and thought, seemed to be disappearing. His energy was also being quickly exhausted, and if not for Mo Xiaolang's painstaking efforts to persevere, he might even have completely disappeared in an instant!

Even if it did not disappear, it had suffered a heavy injury!

In this urgent moment, Mo Xiaolang had used the explosive flames to force the Nothingness Demon away. Only then did he finally heave a sigh of relief, and get heavily injured by the Nothingness Demon in one move.

"What a pity. Even if I were to recover just a tiny bit of my strength, an Immaterial Palm would be able to make you disappear from this world."

The Nothingness Demon chuckled.

Mo Xiaolang clenched his teeth tightly. He could not retreat, even though he was injured, this was still the time for him to have the strongest fighting spirit! He always remembered that the opponent in front of him was one of his enemies. He was not afraid of death. What he was afraid of was not having his opponent pay the price!

The Nothingness Demon's laughter stopped abruptly and he said: "Then, I'll just barely let you have a taste of the more explosive power of the Ancient Code. I hope you can survive this. After all, you're a pretty good genius, but unfortunately, you met me. If you can block this move, maybe I can consider not so anxiously killing you. "

The Nothingness Demon disappeared again!

"Are they coming!"

Mo Xiaolang's heart was heavy, he knew that the Nothingness Demon at this time would definitely bring him a terrifying crisis. Under the situation where the other party was completely unable to see through it, it seemed that his only option, and the only way to persist was to block the other party's attack. He believed that the Nothingness Demon were exhausted, and as long as he persevered, there would definitely be a chance!

"Yan Er, I will definitely save you! "Of course, of course!"

He was related to this young girl by blood. He believed that she was definitely still alive. She would definitely wait for him. Wasn't it the same every time? Mo Xiaolang hadn't seen her in a long time, he missed her so much!

"Just like what Big Brother said, we can start from soul-controlling demon and kill all the Ancient Giant Demons other than the five. Why can't we also kill all five of them? "Even though it's crazy, we've always done this kind of crazy thing from the beginning!"

Mo Xiaolang reminded himself every single moment!

He couldn't lose! I can't die! I must survive! He had to have a desire, what if it came true?

He only knew that even if there were 10,000 tribulations, he absolutely couldn't die now!

"It's simply a vanishing spell!"

With the Nothingness Demon in the air, his body seemed to have grown infinitely large, become the entire world, and merged together with the entire world. Mo Xiaolang was completely under his control. The power of the laws was unleashed at this moment!

Pain!

Mo Xiaolang understood that this was similarly an usage of the laws of the world. This was the amplification of the palm of the Invisible Palm, which was magnified to the point of a Diagram Array. It seemed that the law of nothingness could restrain all other rules. It was simply impossible for Mo Xiaolang to break this rule when he used fire!

The fundamental vanishing method was activated at this time.

An array formed and trapped Mo Xiaolang within it.

This invisible array suddenly unleashed its power, as though there were innumerable invisible palms, smashing towards Mo Xiaolang!

"Enjoy it!"

The Nothingness Demon smiled proudly.

The Hand of Immortality was just an appetizer, this was the most effective way to use it. If it was before, he could extend this method to half of the Immortal Divine Realm, and he could make such a large world disappear in an instant!

BOOM!

It was as if hundreds of hands were tearing at him, the pain was indescribable. These palms were invisible, even the burning flames had no effect on them. Facing such an attack, they could only bear it!

"As long as we can survive!"

Mo Xiaolang's eyes turned blood-red once again. He was unwilling to die, no one could possess his current desire to live, his hatred towards Nothingness Demon, this was his greatest perseverance after becoming a Demon Spirit. Even if it was extremely painful, he was currently enduring it patiently!

"Eh, you're quite stubborn. I want to see how long you can last."

He had been relaxed throughout this battle. Of course, if it wasn't for the fact that he had expended too much energy to destroy the Heavenly Tomb Crystal Coffin, Mo Xiaolang would already be dead.

"This little bit of strength is truly insufficient. I should still go to the Immortal God Realm to replenish my strength and let my boss and the others come out first. I'm afraid they won't be able to wait any longer." Fourth Bro seemed to have dealt with his opponent and was heading towards the Immortal God Realm. We can't let him swallow all the delicious food first! "

He had even restrained his desire to go to the Immortal God Realm to become stronger. He only wanted to fight, so the Nothingness Demon had no choice but to take the chance and play. After all, the Heavenly Demon Genesis had told them to take care of these two little fellows.

But now it would seem that the difference was still too great.

"These two immature fellows truly scared everyone. They also have their limits."

The Nothingness Demon turned and headed in the direction of the Immortal God Realm. It was time for him to finally eat her fill, so he couldn't help but feel excited in her heart. She had been waiting tens of thousands of years for this moment!

"Don't go!"

At this time, a hoarse roar came from behind the Nothingness Demon.

The Nothingness Demon turned its head in shock, only to see that Mo Xiaolang had crawled out from the formation diagram that was completely gone. His body was now covered in scars, and was in a heavily injured state, but his pair of blood red eyes still possessed limitless fighting spirit, limitless killing intent and hatred!

From the looks of it, this Sun Devouring Demonic Wolf was quite scary.

"He actually climbed out?"

According to his estimations, Mo Xiaolang would definitely die in this method.

"It's fine to crawl out, you're going to die soon, right? "Haha, just wait obediently for me to come back from the Immortal God Realm and teach you a lesson."

The Nothingness Demon had once again disappeared. He wanted to go to the Immortal God Realm, but it seemed like no one could stop him.

"Halt!"

The roar was so loud and clear that it scared the Nothingness Demon again.

"How hateful and hateful you are! I didn't think you would already hate me so much! Was it because of the girl? "She really is an infatuated seed. However, it was my second sister, the one who was refining her body, not me. What's the use of you hating me like that?"

The Nothingness Demon laughed and said: "You should hate her. However, you will never have the chance to take revenge in your entire life. Because she's much stronger than me. Millions of years ago,

she already possessed Taizhen Deity Realm, and was at the peak of the Demon King. He was an expert that was second only to our boss. Haha, what a pitiful bug. "

He really enjoyed the feeling of being hated by others, but the other side was powerless. He was a demon, an incarnation of evil, and that made him especially excited.

"Alright, I won't talk to trash like you anymore."

The Nothingness Demon turned around and disappeared.

Even if Mo Xiaolang was extremely angry at the moment, it was nothing to him. He had seen too much of this kind of anger, but it would very quickly be extinguished by him.

But soon, he felt a terrifying attack coming from behind him!

Turning his head to look, Mo Xiaolang in his Sun Devouring Demonic Wolf form was already charging towards him. However, Mo Xiaolang was no longer the same as before, he still had a black demon wolf body, but had eight pairs of wings!

These eight pairs of wings carried with them eight types of flames. It was practically the same as the Infinite Fire Devil!

The only difference was that the Infinite Fire Devil's fleshy wings were real, while Mo Xiaolang's wings were formed from eight different types of divine flames!

Just like this, the power that he was forced to dissipate by the palm of the Immaterial Palm had actually condensed and even sublimated under the waving of the eight types of flames. At this time, Mo Xiaolang had actually become extremely similar to the Infinite Fire Devil!

"Is this the Infinite Fire Devil's Flaming Wings?"

The Nothingness Demon was alarmed again, because this was the Limitless Demonic Palace's' Demon Lord's Rule '. It was a level stronger than the Demon Spirit's Rule, but it was unexpected for Mo Xiaolang, who was only a Demon Spirit, to actually use this.

"Not good, he wants to activate the Infinite Divine Flame Vortex!"

Chapter 2559 - The Great Calamity that doesn't break anything in the world

Long Chen didn't know what was happening to Mo Xiaolang, but he only had one thought in his mind, and that was to stop the Battle Demon from going to the Immortal God Realm, no matter what price he had to pay!

Therefore, he was prepared to recover his strength first. Long Chen could only stop him, but he had to stop it as well.

When so many people's lives were in his heart, nothing else mattered anymore. In the previous battle, he was almost crushed by this old monster from ten million years ago. However, this did not allow him to take even a single step back!

As the Battle Demon rushed towards the Immortal God Realm with overflowing might, Long Chen chased after him with all his might. His recovery rate was astonishing, and his injuries from before recovered very quickly.

Letting a defeated opponent follow behind him would be quite a troublesome task.

"In that case, you are in a hurry to die."

The Battle Demon was not prepared to leave Long Chen behind. Instead, he turned around and looked at Long Chen with a cold expression.

Long Chen replied him, it was his attack!

"It's not over yet!"

Every time he fought or fought, his chances of winning would increase. The more difficult the fight, the greater his gains would be.

When the responsibility in his heart grew greater and the crisis became heavier, he became even more valiant than before. The death grade's supreme Divine Emperor Halberd also cooperated with him, releasing its greatest strength!

In the God Kingdom, everyone was supporting Long Chen!

In the Immortal God Realm, all living beings prayed for Long Chen, providing him with an unending stream of willpower!

Slash! Sweep! Swoosh! Stab! Dot!

And under the control of the sea during times of chaos, Long Chen's control of time could also bring about a lot of trouble for the Battle Demon. Long Chen, who was originally very far away from them, suddenly approached them, and with every move of the Supreme Divine Emperor Halberd, he formed a destructive force that could constantly force the Battle Demon back!

"To think that you've reached such a level. If you don't speak the truth, perhaps I really won't be able to do anything to you."

The cold voice of the Battle Demon rang out once more.

It seemed like he was truly angry!

Rip!

The halberd swept past him, and the war demon raised his arm to block the violent halberd, but was pushed back a few kilometers!

"Whiz!"

Long Chen caught up once again, his attacks becoming fiercer!

"You're courting death!"

He was unable to understand Long Chen's action of courting death. In fact, Long Chen's thoughts were very simple, he only wanted to stop the Battle Demon, even if it would take a moment. For the people in the Immortal God Realm, this was hope!

"Then die!"

After being pushed back by Long Chen several times, the Battle Demon was already very angry!

"There is nothing in this world that can't break the Great Calamity Finger!"

In the blink of an eye, he was more than a thousand meters away.

This was a simple attack, yet it contained rules that were far more terrifying than the Eternal Undefeatable Divine Fist. These rules were the same as its name, 'Unbreakable Body'!

There was only one possibility for one to block this Great Calamity Finger, and that was that there was a stronger rule that could suppress this rule that no matter what it was, it would be able to break through it!

This finger instantly pierced through the heavens and earth, thrusting towards Long Chen!

It formed into a giant finger in the air and pierced forward. The finger was made up of dense divine runes and each divine inscription was emitting a sharp and surging power!

This finger strike had an extraordinary significance to Long Chen.

This crushing power seemed to contain the peak attack that the Battle Demon was capable of doing right now. This was prepared for the sake of killing Long Chen!

What Long Chen felt right now was precisely this kind of dangerous aura of slaughter!

"Humph!"

The battle demon's cold snort contained a deep contempt.

The speed of the attack was only enough for Long Chen to block it with his supreme Divine Emperor Halberd!

BOOM!

He used the 'Spinning Character Formula' and used the momentary ancient gold's spear point to clash with the Great Calamity Finger. Instantly, the danger of death descended upon him!

The Supreme Divine Emperor Halberd flew out and flew behind him, and the power of the Eternal Heaven Great Calamity Finger pierced through his body!

BOOM!

This kind of injury could not be described with words.

In short, in the midst of this shock, Long Chen felt as if his soul had scattered!

"Enjoy everything that you have, feel like it has been shattered under my laws."

He was very clear about Long Chen's current condition. No matter how powerful he was, he had already reached the end. Therefore, the Battle Demon no longer looked and directly turned around to leave, heading towards his Immortal God Realm. Long Chen was unable to catch up to him, so in the blink of an eye, he disappeared without a trace.

"Ugh ..."

Long Chen felt his vision becoming blurry, and his body started to collapse.

"Brother Chen, what's wrong?"

In the last moment, Long Chen had cut off three of his life's love threads. Although Ling Xi was not injured, her complexion was paler than anyone else.

Everyone in the Divine Kingdom began to panic. They clearly understood just how terrifying that finger attack of the war demon was! Even if his strength had been depleted to the extreme, that was still something that could not be underestimated!

"Long Chen!"

"Chen Er!"

Everyone saw a terrifying matter. That was that the Divine Kingdom they were in was actually collapsing!

When the Divine Kingdom collapsed, the only possibility was that the master was already dead.

Although everyone had expected this to happen, it was only now that they realized their hearts were in such a state of panic, grief and pain. In their eyes, this young man was worthy of deep respect. Even though he knew there was a huge gap between him and his opponent, he was still able to stall them!

This was an ending he could have avoided!

However, he had sacrificed his own life for all of this!

Many people started to cry, even the most stable person, Yang You, had completely collapsed at this moment, almost losing his footing in the Divine Kingdom. After all, no matter what was said, in her heart, Long Chen was still her flesh and blood!

But now, even the Divine Kingdom was collapsing.

"Xi Er!"

In her panic, Yang You held Ling Xi's hand. She knew that this girl's heart was much more fragile than her own. She felt that she should comfort her or else she would be in even more pain.

"Aunt You, Brother Chen will not die. He's not dead yet. "

Unexpectedly, Ling Xi turned out to be much more determined than him. Perhaps, the relationship between her and Long Chen was even closer. By this time, Long Chen had already endured past the most frightening period.

Just now, he felt as if he had returned to that world of death.

Looking at this vast and boundless world, Long Chen was stunned for a moment: "Am I dead again? "This is my second time. In other words, once I die, I won't be able to go back in time?"

Was this the end of everything?

However, he still had so many things that he hadn't done yet. He still hadn't fulfilled his father's wish, and he still hadn't been able to figure out what had happened to him. He still hadn't seen his own girl being born! they were unable to help Mo Xiaolang to return back to his side!

All of these things were things he longed for!

There were too many things that he had yet to accomplish.

He also couldn't protect this world that belonged to them. Perhaps at this time, this world that had been passed down for so many years, his hometown, the place that he and his father had protected with their lives, was about to become the food of an ancient Giant Demon!

"Damn it!"

He had already sent more than thirty Archaic Giant Demons into the Death Realm! How could he fail now, when he was just missing the last bit!

"No way!"

There were ten thousand voices shouting in his heart. He couldn't die at this time, he definitely couldn't!

"I have to go back."

Everyone was definitely waiting for him, and at this time, Mo Xiaolang was definitely still fighting, so he couldn't leave first.

Turning his head around, he actually saw a glimmer of light. He did not enter this world of death, he was right at the entrance to this world.

He saw many people who, after entering this world, did not even look back as they walked forward, unable to look back.

Long Chen clenched his teeth, there were still countless obstructions in the world outside, he could not walk forward at all, and although it would be very easy to walk forward, he could not!

In the blink of an eye, he had already crossed that ray of light, and his vision was filled with bright green flames. That was the flame of his life, and after he had been struck by the Eternal Heaven Great Calamity Finger, the flame of his life had continued burning, and in the end, it had saved him!

It was the fire of life that saved him again.

His life had been extremely weak, almost dead, but the fire of his life had still pulled him back. However, Long Chen clearly understood in his heart that it wasn't just his fire of life, it was also his own faith. It was his faith that made him turn back, made him return to this world, and allowed him to complete the mission that he had yet to accomplish!

Tens of billions of lives were dragging him down, not wanting him to die.

In his heart, there was an even greater sense of responsibility and conviction that made him constantly warn himself!

BOOM!

The fire of life had increased by a lot. The injuries on his body were rapidly healing, and the tattered World Tree and its power system had been reconstructed. He returned to his original appearance, and the will of all beings returned to him. It was countless people who had pulled him back from the world of death!

The Divine Kingdom was restored.

Many of the people inside were still in tears, but at this moment, they were stunned.

"Long Chen did not die!"

For a moment, everyone wiped their tears and cheered. Counting them, every single one of them had not cried for over ten thousand years. Now that Long Chen had suddenly returned to life, they immediately felt extremely awkward.

"Everyone, I am unwilling to die."

Seeing this world once again, Long Chen had different thoughts in his heart. After adjusting his state of mind, he once again felt that he was filled with power.

The war devil had already gone to the Immortal God Realm. He couldn't stay here any longer. There were so many people who needed him!

"Battle demon!" The battle has only just begun! "

Courage was the fog that surrounded him the most. This courage had become a type of power, a power comparable to the will of all living things, causing his Divine Source Power to become even more majestic in battle!

Chapter 2560 - Indestructible Palm

BOOM!

In front of the Battle Demon was the Immortal Divine Realm. For his current body, this piece of land was incomparably large. There were tens of billions of living creatures on it.

"Back then, he was the top master of the Myriad Realms. I never thought that even the Ancestral Dragon World would be in his current state. The extent to which it could be shattered with just a few punches. No wonder those guys also left. However, although the world level has fallen to the lowest, there are still many living creatures that reproduce. Just the Ancestral Dragon World alone has ten billion! "

"If it wasn't for the fact that Dragon Sacrifice World was once so huge, this world wouldn't have been able to support so many living creatures. This is enough for the five of us to recover to our peak levels. It's just that these creatures were too weak, especially in Dragon Sacrifice Continent. Fortunately, we are only devouring souls, and the strength of our bodies has nothing to do with it. This broken Dragon Sacrificial World is really prepared for us five! "

His gaze had already covered the entire Immortal God Realm. He could see all of those creatures that were seemingly hiding, but in truth, none of them could escape the eyes of the war demons!

"I'm here, delicious food!"

The war devil's hearty laughter started from Northern Star Domain and instantly swept out, attacking the entire Immortal God Realm and entering everyone's ears. At that moment, countless frightened and weeping voices came out from the entire world, every voice hiding a deep despair!

The War Demon laughed. He loved to hear these sounds the most. This was the wail of mortal souls. As gods and devils, they naturally didn't treat their food as a type of life.

"Truly beautiful. Fifth Bro hasn't arrived yet, but I'm going to enjoy the ten billion." The Battle Demon licked his tongue, unable to restrain the excitement in his heart.

"Naturally, the soul has to be eaten raw. Only then will it taste good. Come on all of you! "

If he wanted to kill them, he only needed to use his own demonic energy to sweep them away and turn the entire Immortal God Realm into hell. But he didn't do that, even though he desperately wanted to recover his strength, he still had to be careful when devouring the souls of mortals!

First, he had to display his true body of an ancient Giant Demon!

On the Northern Star Domain's side, the Battle Demon opened his arms wide, and his extremely sturdy body underwent a huge change. He was expanding, and the Ancient Giant Demon himself was famous for being huge.

However, if he were to swallow all of these trillions of lives, that was not necessarily the case.

At that time, he would be incomparably huge, and perhaps, Long Chen's Divine Dragon Body would be no different from an earthworm in front of his eyes!

A terrifying Archaic Giant Demon gradually appeared in the Northern Star Domain. Everyone in the entire Immortal God Realm seemed to see that enormous shadow, and that wailing sound became louder.

The entire Immortal God Realm was plunged into a state of abject misery.

Countless creatures huddled in a corner, trembling.

On the side of the Dragon God Domain, the Five Dragon Cities, the 72 - The Ancient City of God's descendants, and more, it was the same. No one was an exception to this rule. Even the Dragon Emperor who were still here trembled under this heavy pressure. Other than Long Chen, they were already at the peak of the strong. But the current peak of the strong was not enough to fight against demons.

It was a vicious ancient Giant Demon. Its body was hard, huge, and its black wings were like two war blades, incomparably sharp, with four thick limbs, steel dragon scales, a thick tail covered in sharp thorns, and a huge iron ball with sharp spikes on its tail.

This was a terrifying killing machine.

At this moment, he gazed at the Immortal God Realm with bloodshot eyes that he yearned for the most. He opened his massive mouth and began to absorb. At this moment, he felt danger approaching him.

"What's going on?"

The war devil immediately turned its head. A golden light flashed as it slashed its tail. Immediately, a sharp friction sound resounded through the world!

"AHH!"

In the Immortal God Realm, countless people were screaming in fear and wailing in grief.

They thought that they were about to devour the Battle Demon, but unexpectedly, Long Chen appeared again, and chased after them!

"It's Long Chen!"

No one knew what had happened, but Long Chen had already become the biggest faith in their hearts, especially before the arrival of death and when Long Chen had appeared at this time, practically everyone had crazily given him all their hopes!

This was the reason why the life force in Long Chen's body was increasing, resulting in the Divine Source Power becoming stronger as well!

"You're not dead?"

The Battle Demon was indeed a little surprised. In this moment of shock, Long Chen rushed in front of him and blocked the front of the Immortal God Realm. This was an extremely dangerous place.

"If you aren't dead, how can I be dead?"

The war demon looked at him and found him completely unharmed.

Of course, that didn't scare him.

"Get out of my way, or I'll swallow you up too."

Now, he no longer had any interest in fighting Long Chen. To him, Long Chen was too weak and not worth him fighting. Right now, he was not even interested in fighting Long Chen.

However, no matter what he said, Long Chen was still in front of him.

"If you dare, come forth and fight again. Before the outcome is decided, don't touch the Immortal God Realm. Do you have the guts to do so?" Long Chen stared at him coldly, he was not nervous at all, but after dying once, his heart had become very quiet, he was not afraid of death, he was afraid that he would not be able to prevent anything.

"Battle demon, do you have the guts to do so?"

Long Chen asked again.

"What a cheap provocation." The war demon said in a deep voice.

"But you did, didn't you!"

Battle Demon said, "It's just that you are still a surprising figure. The other mortal spirits don't even have the right to talk to me. Even if you are about to become a Fiendgod! "

He retreated a distance, and Long Chen also followed closely behind. Right now, the true Immemorial Troll, was even more terrifying.

"I was surprised that I didn't kill you last time, and this time, I will only give you one last chance."

If not for his absolute confidence, the Battle Demon would not have talked so much with Long Chen. He had his principles, facing Long Chen who had not died in battle yet, he only wanted Long Chen to give up.

"Are you ready?" The war demon roared!

In front of him, Long Chen had no choice but to put away the Supreme Divine Emperor Halberd and transform into the Primordial Blood Spirit Dragon! Dragons and devils faced off against each other in the northern starry sky!

After his rebirth, Long Chen had become stronger, and the fighting demons had become weaker.

At this moment, the Battle Demon's eyes were bloodshot, the Battle Demon Heroic Soul that had an immense pressure and will exploded out with an even stronger suppression, but this suppression was still ineffective against Long Chen.

"In that case, I'll use the rest of my strength to unleash the strongest law I can."

He laughed coldly, like a messenger of death.

"Immortal Hand Seal!"

Weng! *

In that moment, the sky changed colors!

The war demon shook its body, and the body of the archaic Giant Demon actually turned into a giant palm that was as large as heaven and earth. That palm was wrapped in endless demonic energy, and as it horizontally covered the sky, it was as if the heavens were suppressing it!

This huge handprint represented the Devil's Note, and the rules were 'immortal and indestructible'!

Just like how undefeatable and unbreakable were the rules of death.

This was already the most famous power of laws in the early stages of Fighting Demons!

Long Chen had to dodge even faster, so as to not affect the Immortal God Realm in the process. However, no matter where he moved to, the terrifying big hand still followed behind him.

"You won't be able to escape from my grasp and will never be able to leave this world."

The war demon's cold voice filled the world.

BOOM!

The world was annihilated in his hands, and Long Chen was indeed unable to escape the palm of his hand.

In the blink of an eye, he was already above Long Chen, and he pressed down with shock!

Long Chen's eyes were calm.

"Death Realm's Dragon Gate!"

When the big hand seal was pressing down on him, he did his best to open the Death Realm's Dragon Gate to its greatest extent. The dragon gate rumbled and opened, releasing a surge of death aura that swept out, and after the death aura dissipated, the Death Realm Dragon Claw rushed out.

"Is this the thing that sent all of us into the Death Realm?"

The Battle Demon couldn't help but laugh out loud, his big hand pressed down on the Death Realm Dragon Gate. With a ripping sound, the Death Realm Dragon Claw instantly crumbled into pieces and disappeared from the world, this was the first time the Death Realm Dragon Claw suffered such a miserable defeat!

Long Chen summoned the Death Realm Dragon Claw, and when the Death Realm Dragon Claw shattered, he suffered another heavy injury!

"Break!"

With the war devil's huge hand pressing down on him, Long Chen had no choice but to escape through the sea during times of chaos. Otherwise, he would be crushed like the Death Realm's dragon claw!

"Can you escape?"

The war devil laughed heartily. In the blink of an eye, it had already arrived above Long Chen as the large hand seal pressed down and captured the Primordial Blood Spirit Dragon. Instantly, the destructive power it brought was even more terrifying than the invincible Great Calamity Finger.

"Die!"

The Battle Demon laughed.

However, he suddenly slowed down and said, "That's right, I must avenge my brother. Then, I'll let you have a taste of the thing that you are protecting and see it disappear right before your eyes."

At this moment, he flapped his wings, bringing Long Chen with him as he charged towards the Immortal God Realm. The demon claws and tail had already left deep wounds on Long Chen's body!

"Look down!"

The war devil roared!

He opened his mouth and swallowed, and a pitch black vortex appeared before his eyes.

In an instant, tens of thousands, or even hundreds of thousands of creatures were sucked into the sky by that surge of energy. In that instant, nearly a million creatures crashed into that black vortex, entering it densely, right into the mouths of the war demons!

Long Chen could clearly see the incomparably painful expressions on every living being's face before they were devoured. At this moment, Long Chen saw this scene with his own eyes, and the excitement this brought him couldn't be described with words. It was as if his head, at this moment, was about to explode.

He had to be, had to be stronger.
