

War God 2561

Chapter 2561 - The Rage of the Mortal Life

To this day, Long Chen's life was very different from before. In the Immortal God Realm, everyone seemed to be a part of his body. When the Battle Demon swallowed one, he would swallow millions of creatures into his stomach, digest their souls and make them become his own power. Then, Long Chen's body would also become a part of his own.

He had ten billion divine palaces, and a million of them were instantly destroyed, causing all life within them to disappear.

In fact, his ten billion divine palaces had constantly been changing. There were countless deaths and births in the Immortal God Realm, and more and more people joined in on Long Chen's faith. This formed a balance, and when a divine palace disappeared, a new one would be born.

But this time, the annihilation of the million god palaces had been a large-scale annihilation, and there was no chance of a new beginning!

This was the pain of being cut.

This was the kind of pain a war demon wanted him to endure. He could only watch as the world that he had sworn to protect was destroyed by him! This could be considered his revenge on Long Chen. After all, no matter what, Long Chen had still killed his brothers.

Of course, they weren't actually killed, but sent to the Death Realm.

"They have waited for this day for ten million years, yet you send them to the Death Realm. That's why you have to endure pain worse than just death. Enjoy it. This is only the beginning! "

The war demons had devoured millions of creatures and quickly digested them. To them, the wails, howls, and despair of the weaker ones were nothing at all. In their eyes, these were nothing more than food!

BOOM!

The war devil unfurled his steel-like wings and flew towards the sky above the Immortal God Realm. He saw countless creatures wailing and wailing in grief. He saw them run away in a sorry state, crawling in despair. The familiar scene made him excited all over.

"This is only the beginning. Next up, let's continue appreciating it!" Look at the people you're protecting!
"

The war demon sneered and then swallowed it again.

Under his sharp and strong claws that were comparable to the Divine Manifestation Equipment of the death grade, Long Chen was simply unable to move. The opposing party's' Eternal War Demonic Dipper Qi 'firmly locked onto Long Chen like a net, preventing him from moving even the slightest bit!

BOOM!

The ground beneath the ground shattered as countless creatures, Long Chen's companions, and others, who were screaming miserably, lost control of their bodies in despair and fear. They were controlled by the War Demons, lured down by this demon!

"We're finished! This was the devil! "Ancient Giant Demon!"

"Long Chen was killed by him, and his corpse is in his hands, now, he is going to eat all of us!"

"Run away! I'd rather die than be eaten by this thing!"

Such an ending was undoubtedly tragic.

The Battle Demon guessed correctly, his actions had brought a great deal of shock to Long Chen. If he had just killed Long Chen, he would not have felt such great frustration and pain, nor would he have felt such terrifying fury!

Right now, both of his eyes were covered in blood. Even if he didn't look, the sound of countless screams would still reach his ears, as if it was a nightmare.

The entire world suddenly turned blurry.

This was a world of death.

Long Chen could tell how many people would die from one devouring of the Battle Demon from the loss of the Divine Palace in his body. His soul had been devoured, and he would never be able to free himself.

If he hadn't sent all thirty plus Ancient Giant Demons to the Death Realm, then the Dragon Sacrifice Continent would already be hell on earth. To the Gods and Demons, there was no difference in strength between the Dragon Sacrifice Continent and the people of the Immortal God Region.

When one became their religion, one would shoulder the responsibility of protecting them.

When Long Chen was born into the World Tree and formed the Divine Source Power with the will of all beings, he was not only himself anymore. He represented the will and power of the entire Immortal God Realm.

At this time, in front of the war demons, all living creatures were defeated.

However, the more it was like this, the more they hated and were enraged. These emotions of theirs were also power to Long Chen!

When the Battle Demon was unrestrainedly devouring him, Long Chen's body was trembling, countless of people's anger had flowed through the thin line into his body, and adding his own anger, he was gradually being drowned by endless rage!

His entire body was hot and dry. It had never been like this before!

At that moment, Long Chen finally experienced what a god was!

Now, he was a god! It was the center of tens of billions of lives, the collection of their desires, the existence that used their spiritual energy. It was as if a god was born for them!

Even the Dragon Emperor and Demon Masters in the God Kingdom imperceptibly gifted this power to them under extreme anger and hatred.

"Chen Er!"

It was as if he could hear Long Qinglan's voice from the outside.

In this blood-red colored world, his voice was like a tranquil pill, allowing Long Chen to gradually control this power that was angry to the extreme.

"God, be the will of the people and fight against the heavens and the earth. "If you don't die now, you will still have a long road ahead of you. You might as well die today!"

Unyielding until the end!

Why had the battle gone this far?

Why did he go to the Dark Star without hesitation?

Right now, all the myriad of lives in the Dragon Sacrificial World, were longing for him and were waiting for him. He was their wish, and they wanted him to act for them!

Every sincere gaze was his boundless power!

Ling Xi was silently waiting for him, prepared to live and die with him. Their child was prepared to be born in the future to meet Long Chen.

He had countless reasons not to die in battle!

Long Chen suddenly understood one thing.

"After becoming a god, sometimes training and weapons aren't the most important. What is important is instant comprehension. "It's a change of spirit will."

Just like now, when he had a new idea, his primordial spirit and his entire life would be transformed because of this!

All of his will was now merged with the Primordial Blood Spirit Dragon!

The Battle Demon had previously said, massacre was evil, Long Chen was not qualified to cultivate on this path, but Long Chen was in a different situation. Fighting demons was the real mistake. Killing was not evil, it was the massacres, not the heroes that fought for the sake of protection!

BOOM!

His heart surged!

The rage of ten billion lives gathered onto Long Chen's body, and became his power.

"Look carefully!"

The Battle Demon sensed that he was struggling, and increased his strength to suppress Long Chen, his voice cold and fierce. During this process, countless creatures still flew into his huge mouth. During the process of devouring, the war demon had become more and more powerful, and it could be seen from the fact that his body had doubled in size.

It was no surprise that he could crush Long Chen earlier.

On the Demon Star's side, those three people should already be completely at ease. Long Chen and Mo Xiaolang, were destined to not even compare to 1% of the Battle Demons and Nothingness Demon!

But at this time, the war demon actually felt a tearing strength!

Rip!

Long Chen broke free from the Demon Claw, his entire body enveloped in dense blood colored flames, the killing intent in his eyes kept increasing. The Battle Demon didn't care at first, but the more time passed, the more fatal he felt.

"You changed? Your strength has increased? "

Honestly speaking, the power within Long Chen's body had not changed much, but he looked very angry, so much that anger could no longer be used to describe him. He was not a person who was angry, but someone who carried the anger of the entire world with him! It carried the anger of his entire life!

just as he heard his father's voice in the blur

"Kill!"

Instantly, the sound of ten billion voices charging up burst out from Long Chen's mouth, as though a dam had been broken, causing a terrifying current. The Battle Demon who did not pay attention to it was the first to be struck, and was actually sent flying, the scales on his death grade actually exploding!

In that moment, under Long Chen's roar, he was actually drenched in blood!

The war demon was immediately startled. His blood-red eyes widened, unable to respond for a moment. This weak and small being didn't seem to have any strength, so how could he injure his already powerful self? What was he relying on?

"This is impossible!"

The Battle Demon confirmed that Long Chen only looked a little terrifying. He didn't have the power to defeat himself.

"What is that sound?" Great Devil of the three Heavenly Tomb Crystal Coffin s exclaimed in shock.

Their eyes pierced through everything and arrived at the battlefield between Long Chen and the Battle Demon!

The Battle Demon had already become stronger. This was the first time he was injured, and his heart throbbed in surprise. He instantly decided to kill Long Chen first, and the current Long Chen had already given him a definite sense of danger!

He simply did not know what kind of fury Long Chen currently carried in his heart!

Within his body, in every inch of the Divine Palace, the living beings were all roaring. They were furiously giving endless energy to Long Chen, and this invisible energy was causing Long Chen's Divine Source Power to continuously change, becoming full of destructive power!

Everything was blood-red!

The battle demon flapped its huge wings, shocking the enemy! Wherever it went, everything was torn apart!

"I'm sending you on your way."

His devil claw was extremely swift and violent as it pierced through the air once again. It was actually Long Chen's' Indestructible Great Calamity Finger 'from before!

Swift and violent, ultimate attack!

Facing this finger, Long Chen, who carried all his hopes, erupted at this moment. His blood-colored eyes were even denser than the Battle Demon's, and also filled with a murderous intent!

"Death Realm's Dragon Gate!"

This was a different type of dragon gate from the Death Realm!

Long Chen's body did not move, the real Death Realm Dragon Gate was condensed at the top of the Battle Devil, it was a circular door, it was extremely large, it enveloped the Battle Demon as well as a large area of land, in a short moment the door condensed into a solid form, forming a blood colored door with complex carvings!

"Activate!"

BOOM!

The Death Realm's dragon door opened!

This Death Realm's Dragon Gate was several dozens of times larger than the one Long Chen was normal at!

When the Death Realm's Dragon Gate opened, tens of times the aura of death surged out, but this aura of death only surrounded the Battle Demon, it did not touch the Immortal God Realm, and did not harm anyone!

Immediately after, a divine dragon rushed out from within!

Chapter 2562 - Murderous Rebirth

Even Long Chen himself did not know that this would happen.

He was incomparably shocked by the might of the Death Realm's Dragon Gate. He discovered that he had simply completed a rather impressive move, creating an unimaginable miracle!

The Death Realm dragon door opened, and under the siege of death aura, the Battle Demon's face momentarily changed. He discovered that this death aura was actually able to suppress him, causing him to be unable to escape under the Death Realm dragon door at all times!

"Impossible, with his strength, even if he were to exhaust all of his strength, it would be impossible for him to create such an attack that surpasses his limit. Is this just an illusion?"

The Battle Demon calmed his heart down. He was very familiar with Long Chen, since Long Chen was far inferior to him before, and his strength had not increased nor did he undergo tribulation. It was simply impossible for him to suddenly release such a powerful attack.

Even though the feeling of danger was so strong, he would not believe it!

Millions of years ago, he was a character at the level of a Demon King, a figure that could shake all worlds. The little opponent he faced today was an opponent at that level that he had almost met just when he was born!

"This kind of creature, even though it hasn't truly stepped into the realm of gods, can still pose a threat to me?"

He made a living by fighting, fought his way through the world, had extensive knowledge, and a strong confidence!

But at this time, he actually heard the Heavenly Demon Era's warning.

"Escape!"

These two words scared the war demon to the bone. He could hear that the voice of this Heavenly Demon contained a deep shock!

Since he was so nervous, there was no reason for him to not be nervous!

But at this time, he felt a sense of impending doom. He suddenly raised his head and saw: Eight divine dragons rushing out from the Death Realm's dragon gate!

That was not a real dragon, nor was it a dragon's soul. It existed in the Death Realm, so the Battle Demon did not understand what it was at the moment. The Death Realm was a mysterious place, and he did not know much about it.

Although it was not a complete Divine Dragon, in Long Chen's eyes, it was real dragon claws, dragon scales, dragon teeth, dragon heads, dragon bodies, and dragon tails. Everything was there.

The eight divine dragons formed an array formation that surrounded the war demons!

"This is ..."

Long Chen did not know what these were. They looked like dragons, yet not dragons, and disappeared in a flash. Their birth was the most terrifying thing about them all.

"These seem to be the eight great concomitant dragons of the eighth ancestral dragon, the Primordial Blood Spirit Dragon, in the legends of the Unparalleled Dragon! But this is not a True Dragon, it seems to be the Dragon Soul. Why is it in the Death Realm? "

Old Dragon's surprised voice sounded beside Long Chen's ears.

The eight great concomitant dragons of the Primordial Blood Spirit Dragon!

So it was them!

This was the Origin Dragon Soul?

What was missing from all the Dragon Fighter? Something that could become a True Dragon?

After obtaining the's halberd, Long Chen had not had the time to ask this old dragon about many things.

Furthermore, since the old dragon had lost his memories, he couldn't even tell if Long Chen was an Ancestral Dragon or not. He probably knew about the eight concomitant dragons from the Archaeozoic era.

Regardless of what appeared in the Death Realm's Dragon Gate, to Long Chen, in order to understand these secrets, a prerequisite was that he had to not die today!

If he wanted to survive, he had to make the war devil disappear from this world forever!

In that moment, he used all of his Divine Source Power to support the Death Realm's Dragon Door, and under his control, the eight concomitant dragons roared and started moving. Under his control, the Battle Demons were controlled, and they rushed towards the Death Realm's Dragon Door!

In that moment, the war demon trembled with fear!

He understood the terror of being sent to the Death Realm. Although he did not know why Long Chen was able to use such a terrifying attack at this time, even the Heavenly Demon Genius had reminded himself that if he was sent to the Death Realm, then everything would be over.

"AHH!"

As long as his demonic energy enveloped the Immortal God Realm and could instantly kill billions of lives, he did not believe that Long Chen would still have the strength to resist him at that time!

"If I had known this would happen, I would have killed you sooner or later!"

The Battle Demon howled ferociously.

"Too late!"

Long Chen stood right in front of him, expressionless. He had been waiting for this moment for too long, and it was impossible to describe the excitement in his heart with words.

"Kill!"

The fighting demons' roiling demonic energy could not be released, as they were all surrounded by the death energy from the Death Realm's Dragon Gate, unable to release a single bit of it. When his revenge failed, the Battle Demon started to use the most berserk power to break free from the restraints of the eight concomitant dragon!

"Immortal Hand Seal!"

At this moment, his power was only enough for him to use this spell. The giant demon body was turning into a giant hand. It was about to succeed!

But at this time, the eight divine dragons charged and tightly wrapped around his body, tightly entangling his claws, wings, and teeth. The war demons seemed to have been tied up by all kinds of shackles and were unable to move for a moment.

At this moment, he truly felt fear and despair.

He opened his eyes wide, and looked at Long Chen in that moment of life and death. In that instant, he saw this youth's eyes, saw the power in his eyes, and saw the anger of over ten billion living creatures. He seemed to understand why Long Chen was so strong now.

But it was too late.

"Let me tell you, this is my way of killing."

When half of the Battle Demon's body went into the Death Realm, Long Chen said this. This was his previous response. The Battle Demon was not stupid. He was very smart and naturally understood what Long Chen meant. If Long Chen's power could be said to have destroyed his body, then his words had shaken the will and the rules that the Battle Demon had cultivated for countless of years!

BOOM!

The speed of the Death Realm's Dragon Gate was still too fast.

Before Long Chen could even see the Battle Demon's expression, he was sent inside, and then, the blood-red door rapidly closed as it spun. With a loud bang, the Death Realm's Dragon Gate abruptly closed, and all traces of it instantly disappeared. In the sky, only the broken space and the exhausted Long Chen remained.

Until this moment, he still could not believe that he actually sent a Battle Demon into the Death Realm.

Ever since the appearance of the Battle Demon, he didn't dare to think like this, because he knew that these two were different from those ordinary ancient Giant Demons. They could not be defeated.

Yet now, he had done such an impossible thing ...

Of course, it was not only him, but everyone was working hard together. It was their common anger that gave Long Chen strength.

In the Divine Kingdom, no one believed this scene.

This scene was what they longed for the most. They did not dare to hope that it would appear, so right now, everyone's mind was completely blank. They did not even dare to have a wild party.

Only the common people below could clearly see what had happened. Long Chen had subdued the Battle Demon and sent him into hell.

They only looked deeply at Long Chen. This victory this time, brought even more strength to Dragon City for all who wished to live, and in the eyes of the masses, he, the living god, had already been rooted in the bottom of their hearts.

In the eyes of all the living beings, killing Dragon Emperor was equivalent to killing a god.

Very quickly, Long Chen's followers were all kneeling on the ground.

However, he had no choice but to leave this place and head towards the Northern Star Domain.

In his battle with the war demon, he lost more than two million lives. Although it was very rare for tens of billions of lives, they were still living lives!

That expression of despair was still extremely profound in Long Chen's eyes!

He absolutely could not stop his hatred and anger!

"Thank you everyone for giving me your strength. The battle hasn't stopped yet!"

This was the last word Long Chen had left for the Immortal God Realm. He rushed to the battlefield with Mo Xiaolang and what he desired the most right now was for Mo Xiaolang to still be alive.

"Since all the Fighting Demons have been sent to the Death Realm, I will definitely be able to find a way to send the Nothingness Demon there. There's also Prison Demon Sakya, the Primal Diremonster, Nuwa ..."

He knew that he could not send Su Yan in as well. Otherwise, she would disappear forever.

Of course, who knew if there would be any more miracles like when he was dealing with Fighting Demons?

He could only keep moving forward.

Lifting his head, he saw a gray vortex in front of him and he could feel Mo Xiaolang's strength. He was not dead yet, he was still fighting, and he was even more tenacious than himself!

Weng! *

Long Chen stopped in his tracks. He felt a terrifying energy, it was the power of devouring, it was definitely not the Nothingness Demon's, this power covered the entire chaotic star field, it was infinitely strong, or it could even be Mo Xiaolang's!

However, since when did Mo Xiaolang become so strong?

Or could it be that just like him, when he had been forced to his limits, a miracle had occurred?

What Long Chen did not know was that right now, for the three great devils who were inside the heart of the demonic stellar nucleus, the most unimaginable thing had happened.

First, it was Long Chen's side. Seeing that the Battle Demon was about to recover his strength, and was about to recover to his peak, and that they were about to return to this world, in that instant, Long Chen created a Death Realm Dragon Gate that even he couldn't understand, and sent the Battle Demon inside.

"Fourth brother also entered the Death Realm?"

Aqua Blue Smoke was stunned.

"Impossible." Nuwa couldn't believe it either.

"This is already the truth. Accept it. We have encountered an unimaginable enemy. Perhaps, he was the new founder of this Age of Chaos. His destiny had already reached a terrifying level. This kind of person is the most terrifying! "

The voice of this Diremonster was something which even Emperor Shakya and Nuwa were somewhat unable to believe.

"I told Ol 'Five to be careful and use his fastest killing move and kill these two immediately?" Aqua Blue Smoke panicked as well. He didn't think that the Battle Demon he was extremely confident in would suddenly disappear.

Just as he said that, an accident happened at the Nothingness Demon's side.

Chapter 2563 - Boundless Gate

In actuality, the moment the Battle Demon had just used the Indestructible Great Calamity to force Long Chen back was the time Mo Xiaolang would use his Flaming Wings on the Nothingness Demon!

The eight types of Divine Flames that the Infinite Fire Devil had controlled were actually used to execute an attack based on laws.

This was a power of laws that exceeded the rules of ordinary demon spirits and had reached the rules of the Demon Lord, that is to say, the level of the Primordial Divine Priestess. Generally speaking, Mo Xiaolang who was only in the Primal Chaos Realm, would not be able to control such an attack!

However, he did it. When the Nothingness Demon was heading towards the Immortal God Realm, he broke through the 'fundamental law of extinction' and used the Infinite Fire Devil's rule, 'Infinite Divine Flame Vortex'!

The whirlpool was a terrifying force of destruction, akin to a storm. This kind of whirlpool was the combination of the eight types of super strong divine flames, it was an extremely powerful move that the Infinite Fire Devil had once used. In reality, when he fought with Mo Xiaolang, the Infinite Fire Devil wasn't able to use this technique either.

BOOM!

When the Nothingness Demon turned back, the Sun Devouring Demonic Wolf had spread out those eight pairs of fire wings, and its speed had increased. As expected, he had used the Infinite Divine Flame Vortex right in front of the Nothingness Demon!

Eight types of Divine Flames, all stopped at eight points, surrounding the Nothingness Demon.

Weng! *

In an instant, under the guidance of the power of laws, the eight types of Divine Flames rose dramatically. They swept through the world and began to collide with each other. In a short moment, the eight types of flames gathered together, forming an endless sea of fire!

The eight colors of the sea of fire were very clear.

Under the burning of the flames, the remaining fragmentary stars also quickly disappeared. The space twisted and shattered under the scorching flames. If this Infinite Divine Flame Vortex was used on the Immortal God Region, it would probably be able to destroy billions of lives!

Unknowingly, Long Chen and Mo Xiaolang had already reached a level beyond the Immortal God Realm!

They were like gods. Any one of them could destroy the heavens and the earth. They could call the wind and summon the rain; they could control everyone's destinies.

But now, there was an even stronger opponent!

Under Mo Xiaolang's control, the real Infinite Divine Flame Vortex was born with eight types of flames rotating at a terrifying speed, while the Nothingness Demon was in the center of the vortex, following the rotation of the vortex, it tore apart due to the strong wind. Everything was burned away, and most importantly, the eight types of divine flames were actually being merged rapidly by the high speed rotation of the vortex!

The eight types of Divine Flames gave birth to a seven-colored flame!

As it continued to spin, the seven-colored flame finally turned completely white and rose to a new level. Its lethality simply surpassed the combined power of the eight Divine Flames combined!

"Explode!"

The final control was the final control of the power of laws. Whether it was rotation or fusion, it was all for this final killing move. When he used the vortex to imprison the Nothingness Demon, Mo Xiaolang used all his strength and completely released the power of the eight divine nations!

Under his command, the white Infinite Divine Flame Vortex with a diameter of tens of thousands of meters exploded loudly!

What was produced was a devastating blow!

Mo Xiaolang then used the rules of the Explosive Flame Devil onto it, causing the Infinite Divine Flame Vortex to explode even more fiercely. It was like a gigantic white beast, instantly devouring all of the Nothingness Demons without leaving anything behind.

"This exceeds my imagination. He even used the Demon Lord's Rule. But unfortunately, your ability is too poor. You can't kill me. "

The voice of the Nothingness Demon came from the center of the explosion.

As expected, he still crushed all of Mo Xiaolang's attacks with a crushing posture. For example, at this moment, he once again used an even stronger set of rules.

"Boundless Gate!"

BOOM!

An illusory gate suddenly appeared in the sky above the explosion. The gate was faintly discernible and extremely grand, like a shrine to the gods. Ancient stone tablets stood next to the gate.

Every stone tablet had an immense amount of divine scripture and contained the power of laws within them. This was a deeper level of the laws of the gods!

"Such insignificant skill, this is the true rule of invincibility!"

The Nothingness Demon seemed to have disappeared.

That Boundless Gate seemed to be a gate to a heavenly palace. It was simply as good as Long Chen's Death Realm Dragon Gate, but it was even more mysterious and frightening.

"Open!"

Under the control of the Nothingness Demon, the Boundless Gate opened. Behind the door, what made Mo Xiaolang curious was that it was indeed 'nil', because there was nothing there.

However, the Boundless Gate used a terrifying suction force and swallowed all of the exploding power of the Infinite Divine Flame Vortex. The moment it rushed into the Boundless Gate, all of the power disappeared and was replaced with nothingness.

All eight types of laws were sucked into it in the blink of an eye, and in the blink of an eye, they had completely disappeared. Only Mo Xiaolang remained to face the Boundless Gate, and the Nothingness Demon was also nowhere to be seen.

"Oh, and your brother is currently fighting a great battle against our Fourth Bro in the Immortal God Realm? Unfortunately, this battle of yours is going to end first. "

The shadow of the Nothingness Demon appeared beside the Boundless Gate. He smiled with incomparable pride and stroked the Boundless Gate and said: "This is the fate of all my opponents. It won't be like that Battle Demon who will refine all of my opponents into Heroic Spirits and imprison them for countless years.

Speaking till here, the devouring power of the Boundless Gate had already landed on the Sun Devouring Demonic Wolf's body. The Boundless Gate was so vast, it was huge and scary, and the Nothingness Demon possessed an extreme amount of power, so this enormous gap made it impossible for Mo Xiaolang to block this devouring power. Even though he was struggling extremely, he was still unable to escape from it.

At this rate, he estimated that he would be dead in a few dozen breaths.

The Sun Devouring Demonic Wolf struggled madly, unleashing layers upon layers of power of laws. The laws that came from the Immemorial Giant Demons were simply being displayed by him one by one, but they were useless, he could not escape the laws of the Boundless Gate. Because this was a higher rule.

"Struggle, I like to watch my prey struggle under the Boundless Gate the most. Your current appearance is really funny, isn't it? Don't look at me so fiercely. Do you hate me? After all, we used a woman to force you. In the end, we still didn't keep our promise and didn't return her to you. "

The Nothingness Demon laughed out loud. He extended a hand and continuously waved her palm up. Time and again, she suppressed Mo Xiaolang with the power of the Boundless Gate.

He was powerless, but Yan Er still did not know whether he was dead or alive. He knew that Long Chen was still holding on, and he told himself ten thousand times that he could not lose! Once they entered the Boundless Gate, everything would become empty.

All the hatred was gone. There was no chance for revenge!

He could not imagine what would happen to that girl if she left him. Maybe she was already dead, but Mo Xiaolang still owed her a promise, a lifetime of happiness. This was the reason why Mo Xiaolang was struggling with reddened eyes. His world was completely blood-red, and the Nothingness Demon's laughter inside was becoming more and more ear-piercing.

"Looking at your eyes, you seem to really love that girl. Isn't love the most boring thing? As for her body, don't worry. My second elder sister has already transformed and refined it into an ancient Giant Demon. With my second elder sister's protection, it will exist forever. Her ending is much better than yours. Who told her to be so suitable for the [Nuwa]?"

The bursts of laughter became more and more ear-piercing and shameless.

"That little girl, she's really timid, but she's also afraid that we'll hurt you, so she had the guts to make an agreement with us, so as long as she agrees to the conditions, we'll let you go. But, we're from the Primordial Demons, a clan that believes in evil, how can we keep our promise? Even if an ignorant mortal spirit were to become a demon spirit, it wouldn't be able to cover up the lowly truth.

"You cheated her!"

Mo Xiaolang seemed to be about to go crazy. He could clearly feel that his emotions had reached a critical point, a point that he could not control.

Before becoming a demon spirit, he was the same as the other demons, but after going through the Demon God's tribulation, he became very stable. He was a pure demon spirit, the devil nature had already completely left him, but at this time, this kind of demon star, under the suppression of the Boundless Gate, unexpectedly attacked again, and it was a thousand times stronger, a thousand times stronger!

"Yes, we deceived her. You mortal spirits, even love is so lowly, isn't it? What are you all doing? Contribution? "Haha, I am truly unable to understand. Exactly what sort of foolishness would it take to hand over my life to another person?"

At this time, the Nothingness Demon had already pulled Mo Xiaolang to the edge of the Boundless Gate. As long as Mo Xiaolang raised his head, he would be able to see that empty world, where anything that entered this world would instantly disappear, forever disappearing.

"Your end is here."

The Nothingness Demon stopped laughing and said with squinted eyes.

Mo Xiaolang saw that his eyes were blood-red.

"Ugh ..."

The Sun Devouring Demonic Wolf no longer struggled.

Under this Boundless Sect, Mo Xiaolang thought about Su Yan's cowardly look. From the Desolate Imperial Domain onwards, this girl who had always been following him ... She was so pure and sincere, silently protecting him and following him through life and death ...

But now, he had actually lost her.

"Unforgivable, unforgivable!"

At this time, Mo Xiaolang's eyes were bleeding, the blood tears burned and left deep marks on his face. Starting from his blood tears, lines of blood lines started to spread throughout his body, making his entire body look as if he was covered by a blood net!

The current him was no longer the same as before.

He was transforming, and the demonic nature that had disappeared after the calamity of the gods and devils returned to him once more. That dense bloody and evil aura instantly overflowed into the heavens. At that moment, when he stared at the pair of eyes of the Nothingness Demon, it was like he was staring at a ghost, and it was as if thousands of flames were burning within them!

"Hmm?"

The Nothingness Demon actually discovered that at this critical moment, it was actually unable to throw Mo Xiaolang into the Boundless Gate.

At the same time, he also got the feeling that this trifling demon wolf was giving birth to a feeling that even he was frightened, and that it was most likely awakening.

Chapter 2564 - Forbidden Area of Fire

"This is ..."

Suddenly, the Nothingness Demon had an illusion, as if it was being thrown into the Boundless Realm and the invisible Sun Devouring Demonic Wolf had disappeared, as if it was a higher level life form!

"It must be an illusion!"

He didn't believe it from the bottom of his heart, but he knew that Mo Xiaolang was just an ordinary mortal spirit before, that he only had the miraculous ability of devouring. Even if he became a Demon Spirit now, it was impossible for him to surpass Lin Ming in terms of level of existence. That was because that sort of existence simply did not exist!

But why, why would the Sun Devouring Demonic Wolf at this time actually have such a terrifying aura?

When the Sun Devouring Demonic Wolf actually broke free from the control of the Boundless Gate, all of his fury and hatred rose to the limit at that moment. The deepest hidden bloodline in his body woke up, the brand within his bloodline activated, and spread throughout his body. The mysterious symbol

rushed to the Heart of Rules in the center of his World Tree, and engraved the black core with an ancient, dark and terrifying symbol!

Just like what Mo Xiaolang had displayed at this moment!

His eyes blazed with flames as he broke free from the Boundless Gate. His body was now covered in a web of blood!

Aooo!

At that moment, the howls of the wolves shook the world!

He instinctively told himself that the current Mo Xiaolang was in danger, but he was unwilling to admit it. Therefore, his movements were a bit slow, but in the end, he still completely concealed himself, and at the same time, pressed the Boundless Gate towards the Sun Devouring Demonic Wolf!

Wherever it went, everything turned into nothingness!

After the howls of the wolves burst out, an ancient and overbearing rune was released from Mo Xiaolang's body!

"Forbidden Land of Fire!"

He did not know where the Nothingness Demon were at this time, nor did he need to know.

In his eyes, on one side was his damned enemy, and on the other side was Su Yan's gentle and sweet smile. It made him wish he could force all his strength out of his body!

In that moment, all the black hair on the Sun Devouring Demonic Wolf's body started burning, and every single type of hair on its body started burning with different flames. Those were all flames that he had engulfed from the very beginning until now, and there were tens of thousands of them, some were strong and some weak.

Tens of thousands of different types of flames were instantly released, charging through the Boundless Gate and towards the surrounding area. In just a short moment, they covered an area of hundreds of thousands of meters around Hell, and amongst them, there were eight types of Divine Flames that were much more powerful than Infinite Divine Flame Vortex s.

"Found you!"

Suddenly, the Nothingness Demon heard Mo Xiaolang's voice that seemed to be right beside his ear.

"How is this possible?"

His immeasurable rule was to turn himself into nothing. Only gods and devils, which transcended his laws, would be able to discover it, so how would Mo Xiaolang know about it?

Right at this moment, countless flames gathered in the direction of the Nothingness Demon, surrounding him in the blink of an eye. Tens of thousands of different types of flames formed countless layers, trapping the Nothingness Demon at the very core!

In actuality, it was not that Mo Xiaolang had surpassed his rule, but rather, he had used a similar intuition to find the approximate position of the Nothingness Demon.

This was the Forbidden Land of Fire!

Fire was not the most frightening attack. Although the Nothingness Demon was currently caught in the midst of the boundless flames and suffered from extreme flames, causing it to be difficult to break out of it, it still wasn't able to threaten his life. Therefore, the Nothingness Demon was not flustered. Instead, it sneered: "As expected, although it looks terrifying, it's actually not that bad."

Just as he breathed a sigh of relief and was about to charge out of the flames, he did not know that the flames surrounding him were actually undergoing an irreversible change!

Tens of thousands of flames filled the entire starry sky.

After surrounding the Nothingness Demon, it formed into a flaming lotus with countless colors. The Nothingness Demon was somewhere within the flaming lotus.

After that, the speed of the fire lotuses had already decreased to a frightening degree.

Nothingness Demon did not feel this shrinking, but from his perspective, everything was normal, and he was currently trying to break out of it.

However, in Mo Xiaolang's eyes, the fire that was previously hundreds of thousands of metres tall, suddenly became the size of a human head. The Nothingness Demon, on the other hand, had become the size of an ant in the flames, but he could still not feel any change!

This was the power that Mo Xiaolang's awakened bloodline gave him when he was enraged this time.

The Sun Devouring Demonic Wolf did not hesitate at all. From the top, when it just crawled out a little bit from the flames, it immediately swallowed it.

What the Nothingness Demon saw was a gigantic beast whose fur was countless times larger than normal. At that moment, he was stunned!

"How could he become so big!"

What he did not know was that Mo Xiaolang's sacred art, which was hidden deep within the heart, had merged with the flames and became one with him. Only with profound laws could such a power be born.

When the Nothingness Demon was at its most shocked, the flaming lotus entered a pitch-black world. It wasn't just Mo Xiaolang's abdomen, but it was a world of 'swallowing'. Just like the Boundless and Death Realm, an unexplainable world.

However, after entering, he was unable to leave.

"Boss, save me, save me!"

In the end, from Mo Xiaolang's mouth, the most terrified sound came from the Nothingness Demon that had entered his abdomen.

"Mo Xiaolang!"

The sound of the last three words became smaller and smaller, eventually disappearing.

In actuality, even Mo Xiaolang himself did not know where the Nothingness Demon would go after he used the "Forbidden Area of Fire" to devour them. This was different from when he was swallowing fire. When he was swallowing fire, the fire was directly digested by him.

The Forbidden Area of Fire was a divine ability he had awakened in his bloodline under the Boundless Gate. It was a power that belonged to his own bloodline.

He didn't know why he would wake up like this.

It was a counterattack in a situation of extreme anger.

And at this moment, Mo Xiaolang himself did not believe it, it was as if the 'Nothingness Demon' had already disappeared from this world.

His voice did not appear, and everything seemed to have become deathly silent.

"I ..."

The blood veins on Mo Xiaolang's body gradually disappeared and the color of blood in his eyes faded as well. The boiling blood and the brand of laws throughout his body also faded away quickly.

At this moment, his mind regained its clarity.

"Nothingness Demon?"

He could not believe that such a change had actually happened in that moment of fury just now. He even awakened a type of power that was either a law or a sacred art, fusing the Nothingness Demon into the flame and swallowing it into his stomach. However, this time, the Nothingness Demon was not in his stomach either.

However, he should have forever disappeared like a Death Realm entering Long Chen.

"Big brother!"

What Mo Xiaolang did not know was that after he finished devouring the 'Forbidden Area of Fire', Long Chen had just sent the Battle Demon to the Death Realm. At this time, Long Chen was rushing towards him!

Long Chen was very clear on why he had settled the Battle Demon, but Mo Xiaolang was still a little blurry.

However, what he was certain of was that if he wanted to use the Forbidden Land of Fire, he should be able to do so.

As for the mystical world that appeared in his stomach, perhaps he would never know what it was!

In the blink of an eye, Long Chen appeared before him.

"Where's the Nothingness Demon?"

Long Chen asked anxiously.

Mo Xiaolang said in disbelief, "Earlier, I seemed to have awakened an attack method and swallowed him. But now, he has completely disappeared. It's not that he is using the Boundless Rules, but that he really doesn't exist anymore! "

"Hmm?"

Long Chen naturally knew that the closer Mo Xiaolang's Sun Devouring Demonic Wolf's got, the more mystical they seemed to become. Of course, he wouldn't forget that back when he saw the carvings of the Heaven-Devouring Tribe in the God Battlefield, there were carvings of something similar to Sun Devouring Demonic Wolf. However, all of this didn't matter, he only needed to know that Mo Xiaolang had already partially broken away from the rules of the world.

"Where's the Battle Demon?"

Mo Xiaolang was even more surprised than his.

In their eyes, neither of them could defeat the Battle Demon and Nothingness Demon.

"They let me send them to the Death Realm." Long Chen said with a wry smile.

The hardest battle of all. I didn't expect both of them to finish it!]

In the Divine Kingdom, everyone also couldn't believe that this was an unimaginable surprise. So much so that everyone was completely astonished now.

"Those two are truly unbelievable!"

"It has always been like this. To become their opponent, do you need to experience this kind of miraculous defeat? Spirit King was the same, all their previous opponents were the same.

Not only did he get rid of more than 30 Archaic Giant Demons, he even got rid of the Battle Demons, Nothingness Demons!

"Perhaps if there are still people who can survive in this world, countless years from now, there will be people who will talk about the legends of today!"

However, even though they were pleasantly surprised and excited, no one could forget that the Battle Demon and Nothingness Demon were only the weakest of the five, and they still had their most terrifying opponents that they had not dealt with. Against these two, Long Chen and Mo Xiaolang had obviously reached their limits.

Everyone followed Long Chen and fought. Naturally, they knew how hard and terrifying Long Chen and the Battle Demon were. The people who died were the best witnesses.

Although everyone in the Immortal God Realm still had the strongest faith in Long Chen, they didn't have any confidence in Long Chen himself. Facing off against the Battle Demon, he had already used up all of his luck and miracles, and Mo Xiaolang was the same when he fought the Nothingness Demon.

"Big brother, let's go!"

But no matter what, they had to face it.

In order to repay his promise to his father, in order to repay the faith of all the people in the world, he had fulfilled his oath to Ling Xi.

Fight for everything!

Chapter 2565 - Heavenly Fiendish Calamity Coffin

Mo Xiaolang didn't have as many reasons as Long Chen to fight the remaining three Devils head on.

However, only one reason was needed.

This reason, was Su Yan. He almost thought stubbornly that Su Yan wasn't dead, that she must still be alive. Otherwise, he would have died a long time ago.

Their love might not be as passionate and passionate as Long Chen and Ling Xi's, but his love in his heart was definitely not less than Long Chen's love for Ling Xi. It was incomparable.

Su Yan was the reason why he destroyed the Magic Star Seal in the beginning.

He was willing to give up even to the common people to save her, and now he had no reason to take the opportunity to escape. Their opponents were becoming more and more terrifying, and like this, they would be forced to take the last step!

It was also the most impossible step.

The Divine Kingdom's powerhouses as well as everyone in the Divine Realm of Immortality were similarly shocked by the legends they created. They were like gods that worshipped them.

However, they also understood that there were three even more terrifying existences that could not be surpassed in the entire Dragon Sacrifice World.

To be able to send a former Infernal King to another world, that was already going against the heavens!

Although the remaining three were many times more terrifying, the citizens did not know how big the gap was between them. They only knew that Long Chen would definitely protect them, and that was enough. It was precisely this kind of thought, this kind of power that allowed Long Chen to remain in his most powerful state of battle!

"They must be extremely angry, and are preparing to break the Heavenly Tomb Crystal Coffin at all costs."

Long Chen guessed as he headed towards the depths of the demon star.

This was the last time they would give up the chance to escape. They would bravely face a battle that was practically impossible to win.

This was not the time to think about whether it was worth it or not.

In the blink of an eye, they saw three Heavenly Tomb Crystal Coffins, and they were still floating in the air. The largest crystal coffin was in the center, and two crystal coffins were around it, serving as maids.

Inside the coffin, the demonic qi was surging and carrying the anger of the three devils!

BOOM!

Long Chen and Mo Xiaolang stopped in front of the three crystal coffins. His eyes were sharp and fearless.

RUU!

The three crystal coffins rose up at the same time, and the three Sky Demons faced Long Chen through the crystal coffin's lid. On the far left was a beautiful Blue-haired woman. Her figure was graceful and enchanting, absolutely gorgeous in the world, with a beauty that could shake the world, her temperament was extraordinary, and even the slightest details could be described as perfect to the extreme.

On the right, there was an ice-cold young lady, with a human body and snake tail, and a cold and cruel expression on her face. Even though the coffin was in front of her, she could still feel the vast devil aura coming from the ancient era.

And in the center, on top of the biggest crystal coffin, Di Yu was floating within the crystal coffin. Of course, although he looked like Di Yu, he was completely not the ignorant, arrogant child from back then, but an unparalleled heavenly demon. He looked like a pure youth, at peace and tranquility.

He was a Heavenly Demon from the Era!

Charm, indifference, and serenity.

The five of them faced each other.

First of all, Aqua Smoke shook her head and said, "You have already shocked the three of us so much that we cannot use words to describe it anymore. It is true that we admire you both greatly, but what do you say we should do about the enmity between us? "

She wasn't very angry, but the killing intent in her voice was clear. This was a woman who always maintained a smile, but her inner scheming was too many for ordinary people to guess.

The three crystal coffins were currently trembling.

"I forgot to tell you, after the last four hours, our three crystal coffins will shatter." What would happen then that would be interesting? Am I really looking forward to it? Of course, before that, you can also give it a try and see if we can use the same method to send the pitiful people like us trapped in this Heavenly Tomb Crystal Coffin to the Death Realm. "

In actuality, what Shui Lanyan was saying was the only thought in Long Chen's mind!

He knew that the other party was currently trapped within the Heavenly Tomb Crystal Coffin. Once they came out, with their strength compared to Battle Demons and Nothingness Demon, if they seriously fought him, one move would be enough to send them to hell.

Only until he was free would it be possible.

"Thanks for the reminder!"

Long Chen did as he was told.

He wouldn't be scared by the blue smoke. He didn't want to try, even though he knew that this was his only hope.

He and Mo Xiaolang were both prepared.

Long Chen would once again use the improved version of the Death Realm's Dragon Door, and Mo Xiaolang would use the Forbidden Area of Fire.

They instantly separated.

For this moment, everyone held their breath.

Long Chen's target was Aqua Blue Smoke, and Mo Xiaolang's target was not the Nuwa Devils, but the Primal Sky Demons.

The Death Realm's Dragon Gate and Forbidden Realm of Fire were unleashed almost at the same time.

Under the summoning of Long Chen's ability, the Death Realm's Dragon Door once again opened wide in the sky above the blue water vapor, completely enveloping the crystal coffin that was not really a big one. The death aura engulfed everything and the blue water vapor was completely imprisoned.

On the other side, Mo Xiaolang had once again activated the Forbidden Area of Fire. Under normal circumstances, this move was not as powerful as before, but it was still more difficult to hold onto a coffin than it was before!

Beneath the Death Realm's Dragon Gate, the Origin Dragon Souls from the ten old dragons' mouths appeared once more. Under Long Chen's anticipating gaze, they dashed towards Shui Bluesmoke.

This was also what everyone was looking forward to.

At this moment, Long Chen had already unleashed all of his strength to its limit.

However, from beginning to end, it was as if Aqua Smoke was watching a play.

When the power of the ten divine dragons entangled the crystal coffin, that Heavenly Tomb Crystal Coffin seemed to be attacked, and it suddenly trembled, releasing millions of streams of ice energy. It was extremely sharp, and instantly pierced through the surroundings! The ten Origin Dragon Souls were actually pierced and dispersed. When they returned to the Death Realm, the Death Realm Dragon Gate closed!

As a result, Long Chen was heavily injured and his strength was severely damaged.

"As expected, the Heavenly Tomb Crystal Coffin is a terrifying Creation God Equipment, you cannot touch it. Furthermore, their Creation Heroic Spirits have been in a deep slumber or have been replaced by these devils for tens of thousands of years. "

Old Dragon explained.

From the looks of it, their only option was to wait for them to defeat this Heavenly Tomb Crystal Coffin and then fight to the death with them, just like defeating Demon Fighters and Nothingness Demon.

But could the same miracle happen twice or thrice?

Most likely, the even more powerful Prison Demon Shakya, Devil Nuwa, and Diremonster Ji would never make such a stupid, low-level mistake. As for the War Demons and Nothingness Demon, they had always crushed their opponents. If not for the sudden reversal of Long Chen and his counterattacks, which were just about to reach their deaths, they would not even have had a chance to escape.

Shui Lan Yan laughed and said, "You guys are really pitiful. All you can do is obediently wait for us to come out." As for your fates, it should be decided by my big brother. Of course, Dragon Sacrificial World and all living creatures are destined to leave this world. "

As she said this, she looked towards the Heavenly Demon Ji.

In their group, the Heavenly Demons of the Age had a very high position. When Shui Lanyan looked at him, her eyes were filled with respect.

It was as if she didn't understand what this man, who couldn't read his emotions, would do either.

Right at this moment, the Heavenly Tomb Crystal Coffin at the very center moved, its speed wasn't fast, and the coffin that was erected headed towards, and Di Yu's figure became clearer and clearer before his eyes. Long Chen made his guard up, his mind spun very quickly, but no matter what he did, he could not resist the disparity in strength.

However, the crystal coffin passed by the two of them and headed in the direction of the Immortal God Realm!

His speed was not fast, so Long Chen and Luo Hua City Mistress still tried to stop him. Even if they tried to do so, they would not be able to stop the ice energy coming from the Heavenly Tomb Crystal Coffin.

"This Archeozoic era's Mo Tian Mo, what does he want to do?" Old Long asked curiously.

Behind the Diremonster, the neo-demon followed in cold silence, always behind the Diremonster, and Bluewater Smoke following as well. They were headed in the direction of the Immortal God Realm.

Of course Long Chen understood that he couldn't let them go there. If they escaped, as long as they fought, they could eat a large amount of lives.

He and Mo Xiaolang quickly stood in front of them.

"Little guy, it's useless. We can't attack you right now. If I were you, I would have definitely run away. The farther the better. If that's the case, it might be a bit difficult for us to get revenge on you in the future. " Lan Yan blinked her charming eyes. Her beautiful face was filled with smiles. It was impossible to tell how she wanted revenge. Perhaps to their demons, the affection between siblings was not that important.

Once Long Chen got close, no matter what methods he used, the Heavenly Tomb Crystal Coffin would attack him and tear apart his defense.

"It's useless. The Heavenly Tomb Crystal Coffin will treat you as an enemy who wants to save them. "
The old dragon sighed.

If he couldn't stop them, then he wouldn't be able to prevent them from going to the Immortal God Realm!

Long Chen's mind was in a mess. He had tried to do it a few times, but even the improved version of the Death Realm's Dragon Gate had no effect.

None of them were able to stop the three of them.

Within the Divine Kingdom, everyone also roughly understood that although miracles were created again and again, there would always be an end. Perhaps now, there was an end. It was already an amazing miracle that they had sent away the two Infernal Kings.

In the blink of an eye, he had already charged to the center of the Immortal God Realm, where the Spirit God Realm, Dragon God Domain, and Demon God Area were located. In the sky above this place, three crystal coffins fell with a loud rumble, and smashed onto the ground!

BOOM!

The entire Immortal God Realm began to shake violently. The heavens collapsed and the earth split. Mountains and rivers shattered, forming countless storms that swept across the world. Many people died in the midst of all these natural disasters.

Many people had already seen that the three strongest demons had arrived at the Immortal God Realm, and their most trusted ones, Long Chen and Mo Xiaolang, were helpless against it.

That vibration caused the hearts of all the living creatures in the Divine Realm of Immortality to sink into their throats.

After experiencing several great tribulations, in the face of this death crisis, everyone quieted down. There was only death on their left and right, and it was already difficult for them to fear it anymore. After all, even if they didn't die here, they would die in Eighteen Major Tribulations in the end.

Many people wouldn't necessarily be afraid of death after the end.

They stood up one by one and looked in the direction of the center of the Immortal God Realm. They knew that in this place, Long Chen and Mo Xiaolang were doing their best to stop them.

What they could do was to give Long Chen an even bigger help with their minds!

The willingness of all gave Long Chen strength and courage.

Since the start of the Demon Calamity, everyone had been frightened to death, especially the war demons. Millions of people had died, and many of them had seen their companions and loved ones being swallowed up. They were no longer afraid, because the greatest emotion in their hearts should be hatred!

"Big brother, what should we do?"

Mo Xiaolang's voice was hoarse. He was different from Long Chen, he did not have the power of desire from the masses. But the three Heavenly Tomb Crystal Coffins still did not move at all.

Three crystal coffins stood atop the mountain range, deeply embedded into the earth. The three ancient Giant Demon rulers lay within them.

In the blink of an eye, more than two hours had probably passed.

Long Chen exhausted his means and finally understood that everything he had done was in vain. He might as well rest for a bit and wait for the battle to come!

"Everyone, please protect yourselves!"

Long Chen didn't know what to say. Actually he knew that even if everyone protected themselves well, they would not be able to escape their doom.

Mo Xiaolang stared unblinkingly at the devil.

It was more important to him than anything else.

In the God Nation, Ling Xi said softly, "Brother Chen, you can actually relax a little. Everyone is here. They would live and die together. No matter what, I will accompany you to the end. Remember when we first met? "

Long Chen relaxed a little and asked: "Of course I remember. I will never forget it."

At that time, Ling Xi was still in the middle of Ling Xi's sword, a slightly unruly little girl, but she was very kind in her heart.

"After all these years, I must have felt that my life was picked up by you. Thus, I am already very satisfied to have everything today. The only regret I have is that I am unable to bring this child into this world. "

At this point, her eyes flickered with tears, but she quickly wiped them away. "So, you don't have to be nervous, but you can be a bit braver. It's no big deal. Just do what you want to do the most!"

No matter what, she was a woman who would unwaveringly and unwaveringly support Long Chen.

"Alright!"

Less pressure, more courage.

As a result, Long Chen released his. He was not confident, but he was confident. This was his best condition right now.

At this moment, the largest crystal coffin quietly melted.

It melted and completely disappeared, unlike the way it broke when the Battle Demon and Nothingness Demon escaped.

The appearance of the Heavenly Demon Ji in this world was still very quiet. The surrounding demonic energy had completely disappeared, making him look like a boy next door. He did not look like the Demon Emperor that could shake the heavens and earth.

With a wave of his hand, he caused both the crystal coffin that belonged to the Netherworld Devil and Aqua Blue Smoke to disappear as well.

Three terrifying monsters had been born at the very core of the Immortal God Region. Both Waterblue Smoke and Nuwa were standing guard on either side of the Primal Diremonster, appearing extremely respectful.

Emperor Shakya's Prison Demon was even more enchanting, while the Nuwa Demon was even colder. It was just that the snake tail that changed color at any time was constantly grabbing onto Mo Xiaolang's eyes, causing his eyes to turn more and more red.

When that overflowing killing intent appeared, both Long Chen and Wu Guike instantly felt that the entire world had changed. The world had fallen into complete darkness, and the feeling of death was now so clear!

Indeed, even the second ranked member of the Nuwa Alliance was more powerful than both the Battle Demon and the Nothingness Demon.

Long Chen remembered that the Battle Demon had said that when they were at their peak state, the Nuwa Demon had used Taizhen Deity Realm, and they used Taizhen Deity Realm. The difference was great. As soon as he began to fight, his level changed.

However, right now, the Diremonster actually acted and stopped the Nuwa, raising a hand to block him and suppressing all of his killing intent.

"Big Brother, I'll go kill them!"

Nuwa said in a gloomy voice.

The Heavenly Demon gave a faint smile and said, "No."

This caused Nuwa to feel rather strange. She said, "Are you going to do it yourself?" They don't have the qualifications for you to take action. "

Lan Yan chuckled. "You really are stupid. Big Brother means you don't want to kill them?"

She was quite smart and guessed the thoughts of the Heavenly Demon.

The killing intent of the neo-demon had all landed on Aqua Blue Smoke, who took a few steps back, then shut his mouth. Although she didn't find him very pleasing to the eye, she had to admit that in terms of power, she was inferior to him.

However, she didn't understand why the Heavenly Demon Ji had such thoughts.

"Didn't he say that both of them were people who started an era of innovation? Their luck is heaven-defying, and they can either quickly kill them or run far away?"

While Shui Lanyan was muttering in her heart, the Heavenly Demon Ji was already facing Long Chen.

Long Chen heard their words. This was the time when he was the most suspicious and the time when he was the most vigilant. It was very possible that there would be a life and death battle that he would be unable to save in the next moment.

As the Heavenly Demon Ji Yuan spoke, it sounded soft but it spread to the ears of the billions of living beings in the Immortal God Region. He purposely let everyone hear his words.

"Long Chen, Mo Xiaolang, how about we make a deal?"

He deeply understood that if they were to start fighting now, it would only be a dead end for them and a miracle would not happen again. Then, could this trade be a turning point?

All the creatures of the world were waiting for the Heavenly Demon Ji.

"What do you mean?"

Long Chen replied.

At the same time, the people from the Divine Kingdom were also discussing, all the people in the world were discussing, no one understood what this terrifying Heavenly Demon was thinking. At the same

time, the people from the Divine Kingdom were also discussing, all the people in the world were discussing, all the people all god.

"I can tell you this, the three of us need to devour you and all living things in your Immortal God Realm and Dragon Sacrifice Continent without wasting any of your energy. If he doesn't believe me, I can let you experience it right now."

"What is the meaning of all this?" Long Chen replied.

The Heavenly Demon said, "This is the precondition to the transaction. You have to admit this. "

If Long Chen did not admit it, he would show it to him.

This transaction must be unequal, because the three Devils now controlled their lives and everything.

"What's the deal?"

Long Chen was not in a hurry to argue with him. The content was what he wanted to know the most right now.

The Heavenly Demon said calmly, "The five of us have been together for tens of millions of years. The terms of the trade are, if you agree to sign the 'Giant Demon Contract' with me, from now on, you will become part of my Archaic Giant Demon Race. You have to be sincere to me, to replace the position of War Demon and Nothingness Demon. Then, I will bring all of you with me, and leave the Dragon Sacrifice Continent immediately.

These words were meant for the people of the world.

This deal caused an uproar. In reality, most of the creatures were already prepared to die. No one had expected the situation to develop to this extent. Although no one knew what the other party was referring to, it sounded as though it wasn't something simple.

Long Chen and Mo Xiaolang's hearts also shook!

To them, this trade was extremely terrifying. Firstly, the temptation was too great. After which, they only needed to pay the price. In actuality, if they really wanted Long Chen and his death in exchange for the survival of this world, they would of course agree without hesitation. They were just a life form. Compared to the trillions of lives, they had no choice.

However, it still sounded somewhat strange following the Heavenly Demon Genesis.

Long Chen asked: "What is the Giant Demon Contract?"

After it is signed, it must be carried out. If there is even the slightest disobedience, you will be killed on the spot for the Law, and after it is signed, you will turn into an Ancient Giant Demon, and at the same time, you will be loyal to me. And I must keep my promise and not destroy this Dragon Sacrificial World. "

As the Heavenly Demon Ji Yuan spoke, Long Chen also took the opportunity to ask about the's halberd.

Old Dragon was more shocked: "I didn't think that this guy would actually appreciate you. He even took out the 'Giant Demon Contract'." Although I don't know much about the Giant Demon Contract, it is still the highest law of the ancient Giant Demon race. After the signing, both sides became irreversible. Under the Giant Demon Contract's power of laws, both your body and soul will undergo changes, replacing the battle demons and Nothingness Demon. "But a Heavenly Demon is bound by the power of law. That is to say, the 'Giant Demon Contract' is the most amazing power of law within the ancient Giant Demon race. Even the peak form of a Heavenly Demon will be restricted."

In other words, what the Heavenly Demon said was actually true ...

"Big brother, but ..."

She also had a lot of suspicions. She wanted to kill Long Chen and Mo Xiaolang because of fear and hatred, and also because the fear within her heart surpassed the hatred, because the Sky Demons of Primordial Era thought too highly of them.

"Shut up. You should understand Big Brother's thoughts. As long as you sign the 'Giant Demon Contract', these two heaven-defying figures will forever be under Big Brother's control. In this world, there is no existence that is able to transcend the 'Giant Demon Contract'."

Shui Lanyan smiled faintly.

All of this was for Long Chen to decide.

This was without a doubt the most terrifying decision that he had ever made in his life.

The Heavenly Demon Ji Yuan continued, "As long as you agree, we will bring all of you along and leave this world immediately. As for the 'Giant Demon Contract', I will recover my strength in the future and sign a contract with you. "

If that was the case, the world wouldn't need to be destroyed.

Long Chen clenched his teeth, enduring the immense pressure, he asked: "Then, my last question, if you do not devour this place, how will you recover your strength?"

Lan Yan smiled first. "Dumb one, do you think you're the only one in this endless starry sky? Of course we have many choices."

The endless starry sky. All worlds coexisted here.

Long Chen fell into deep thought.

Chapter 2567 - Final Selection

The devil has no feelings.

So even though Long Chen and Mo Xiaolang had sent the Battle Demon and Nothingness Demon into an eternally caged world, the three of them were actually not angry, only fearful.

But now, the Heavenly Demon Ji Yuan had cleverly changed this fear, and pierced Long Chen's weak point. The reason why he allowed everyone to hear him was because he wanted to give Long Chen a huge pressure and force him to make a decision.

"He didn't destroy this Dragon Sacrifice World, but will he still destroy other worlds? The Giant Demon Contract ..."

Even Old Dragon said that this was the highest rule of the Primordial Giant Demons. After he signed it, even the Primordial Sky Demons at their peak would be restricted, and since this Primordial Sky Demon had the confidence to use this Giant Demon Contract to restrain himself, that meant that as long as he signed it, he would have the bloodline of the Ancient Giant Demon, at the same time, he would be absolutely loyal to the Primordial Sky Demon.

"I have to say, this is a pretty bad result."

Long Chen was very clear about this in his heart.

However, no matter how bad the outcome was, it would still not be as good as seeing his home and seeing all his family, friends and lovers perish. This was the world Long Chen was born in, a place his father had to protect. Starting from White Yang Town, he left behind countless of memories and memories. Even the Dragon Emperor s and Demon Lord were seniors that he respected.

No one wanted to be devoured by these three devils.

The reason why Long Chen had ventured deep into the devil star realm, fought, fought, and fought till now, was only because of one reason. That was, to survive, to let everyone survive, to prevent the destruction of this world, there were too many precious things here that he could not abandon.

Every single person had their own family and friends, and had their own love and memories. Through the ten billion divine palace, Long Chen could see their faces that were filled with desire, see the fear underneath their toughness, and see their reluctance to leave the world.

"You have to think this through. In this world, you have the lives of a trillion lives in your hands. Even if you have to fight to the death, you still have to live for them, right? I will give you a way out. As long as you submit, you can accomplish your mission and save your people. "

Ji Yuan Heavenly Demon calmly said.

He was a person with a lot of ambition. He knew that Long Chen and Mo Xiaolang being born in this Dragon Sacrifice World would very likely be the hope for this world to rise again. He valued these two very highly, but he was more confident and believed in the Giant Demon Contract.

Presently, tens of billions of lives were awaiting Long Chen's decision. They felt that the Heavenly Demon would not joke with them. Moreover, he didn't want Long Chen to sign the Giant Demon Contract now, but to go to a new world and wait for the three of them to recover their strength.

How terrifying was this Heavenly Demon?

Before, the war demons had scared everyone in the Immortal God Realm to death, and this was their boss. Just by thinking about it, one could tell that before he was imprisoned, he was the Demon Emperor who had fought against the primordial Divine Emperor Jun. The pinnacle of Fiendgods.

In the God Nation, the Dragon Emperors also looked at each other in dismay.

The Immortal Dragon Emperor said, "It's best if you don't agree first. Maybe this Heavenly Demon Ji doesn't have the confidence to win against you, so I'm trying to trick you. "We have to test their strength first. When there's no hope ..."

At that time, he didn't know what to do.

"Impossible. Although the Heavenly Demon is similarly exhausted, he is still a demon. As long as he is not dead, even if he is exhausted, he is still ten times stronger than the Battle Demon. More. He hadn't made a move yet, and the moment he did, no one would be able to stop him. Even the Demonic God Sakyamuni is an existence who once possessed the Perfection of the Grand Beginning Demon Realm. " Old Dragon explained.

Both Yang You and Ling Xi were tangled up in their thoughts. Two choices, one was for to become an Ancient Giant Demon, while the other was for Long Chen to become an Ancient Giant Demon. It was hard to part with them.

Yang You said: "Chen Er, you don't need to think too much. No matter what decision you make, I will support you! "

Even though Ling Xi didn't say anything, the look in her eyes decided everything.

Hearing Yang You's words, everyone nodded their heads, no longer affecting Long Chen. They had tears in their eyes, even though they had lived for more than ten thousand years, they could not control their emotions, because they knew that if they were to encounter such a choice, it would be extremely painful for them.

No one wanted to lose themselves and become someone else's subordinate. However, there was also no one who could watch their home be destroyed, watch billions of lives become food, and after it was devoured, their souls would never be at peace, existing in pain and not care about it.

Being devoured by the Ancient Giant Demons was the most miserable of endings, and that way, one's soul would forever be in endless pain, and it wouldn't be as simple as just dying. If Long Chen refused, then the thing that he feared the most in the beginning might happen, and then, everyone's ending might be even more miserable than the Ancient Giant Demons that had been sealed for tens of millions of years.

Endless death, darkness, and pain, eternal and eternal, unable to be released.

could feel their deep fear of being devoured, and could feel their thirst for life and survival. Everyone was filled with this desire, and even he himself felt the same!

"If I agree, before signing the Giant Demon Contract, I still have a chance. This is like delaying a battle! And, wolf cub ..."

Honestly speaking, Long Chen understood that this was the Heavenly Demon Genesis that had given him the most perfect path to retreat. It would be a better choice than what he had now.

Of course, everything was built on a premise. This prerequisite was that the Ji Yuan Sky Demon far surpassed Long Chen at this moment and could kill them at any time.

During the most nervous moment in the world, Ji Yuan Sky Demon asked, "Long Chen, Mo Xiaolang, have you made your decision yet?"

The Diremonster of the Primordial Era was simple and pure. The one on the left was the Prison Demon Sakyamuni, which was charmingly alluring. The one on the right was the Devil Nuwa, who was cold and sinister.

In a group of three, their strength was extraordinary.

Long Chen's eyes trembled slightly. He clenched his fists, and said word by word: "How can I believe that you two will definitely be able to defeat us two!"

"That's it!"

Right at this moment, Long Chen's body trembled, the Nuwa Demon in front of his had already disappeared, and a terrifying power came from his side. It was the Nuwa Devil, and Long Chen could instantly see that her speed was extremely fast, and at this moment, he had already used his long snake tail to burn Mo Xiaolang up. He arrived behind Mo Xiaolang, and under her control, Mo Xiaolang was actually unable to move!

It seemed to be a simple entanglement, but in reality, it had already taken control of Mo Xiaolang's life. With the great power of this devil, it could tear Mo Xiaolang apart at any time.

Mo Xiaolang struggled, but he quickly gave up.

"Big Brother, her strength is several times stronger than my Forbidden Area of Fire, and I don't think I can handle her." Mo Xiaolang said truthfully.

His life was in her hands.

Perhaps, in his heart, he would feel even worse than Long Chen. However, Mo Xiaolang's goal was clear, no matter what, and if there was such an opportunity to follow the Vatican, he would not give it up. He was only waiting for Long Chen to make a decision.

"Big brother!"

His gaze spoke of his decision, and he decided to follow the devil. He believed that one day, he would be able to find the person he loved.

"You're the only one left. If you need big sister, I will cover it up too. Can I kill you? " At some point in time, the blue smoke had already turned into blue smoke and was wandering around Long Chen, locking all of his escape routes.

Just as Old Long had said, they were indeed very strong!

In reality, Long Chen had naturally understood long ago that the Battle Demon and Nothingness Demon were the limits of their limits.

At this moment, the Heavenly Demon extended his hand. Countless threads appeared in his hand, extending outwards. There were at least a hundred million living creatures connected by these threads.

"Do you believe that my big brother only needs to think of a hundred million creatures entering his stomach?" Aqua Blue Smoke giggled.

Amongst those one hundred million living creatures, there was the Goddess Heart that Long Chen knew. There were ten people who had once saved his life, and there were also some human friends that he knew, such as the Dragons of Dragon Slayer City.

No one forced Long Chen to make such a choice, and they could not even open their mouths to speak. However, their strength was weak, they could only accept defeat and were unable to resist!

"Master, we're not afraid of death, do not surrender!"

On the Dragon-Slaughtering City's Battle Dragon Clan's side, the youths spoke to Long Chen.

They were young, hot-blooded, and possessed limitless possibilities.

The heart of a goddess was the love of ten kind sisters. They all loved each other, so they didn't deserve to die.

For this hundred million lives, everyone had their own story. With someone who loved them, no one would die, and Long Chen could let everyone live!

His final struggle only required the Heavenly Demon Ji to prove to him that in this final battle, he and Mo Xiaolang definitely did not have the slightest chance of victory.

The Heavenly Demon Ji had done it.

Whether it was for righteousness or for the heart, whether it was to be a hero or not, it didn't matter. Now, at this moment, he made a choice as he said, "As long as you keep your promise, I choose to agree."

He spoke these words the most indifferently, yet he used all the strength in his body.

"No problem."

When the Sky Demon, Ji Yuan, released his hand, the evil god also retreated back to his side, and the moment Long Chen's words spread across the world, the entire world became silent.

Chapter 2568 - Era Ship

He agreed to the deal.

Although, if it was someone else who was Long Chen, they would probably choose to do this. After all, it was extremely difficult for them to come up with a choice. If the Heavenly Demon Ji Yuan didn't think that way, this Dragon Sacrificial World might not even have a choice.

But even so, everyone still did not know what they should be feeling.

In reality, from the moment the Magic Star Seal was destroyed, all living creatures had almost resigned themselves to fate, especially the time when the Battle Demon reached the Immortal God Realm, he had truly displayed his terror!

Before he died, such a situation had occurred.

They had used their freedom for all of eternity, and were even willing to have their bloodline degenerate to save the lives of trillions of lives.

After making such a decision, they used their determination to subdue all the people in the world.

In reality, even if Long Chen did not make such a choice, all the living beings in this world would admire him to the extreme.

This silence lasted for a long time, and in the end, was still broken by Long Chen.

"Brothers and sisters, elders, and children. Even though we've persisted for a long time and defeated quite a few opponents, we have to admit that we've lost. To that end, we are willing to pay the price and follow them out of here. From today onwards, I wish everyone a safe and successful journey. May the Immortal God Realm and the Dragon Sacrifice Continent live forever! "

At this moment, it didn't matter if he was a hero or if he had conquered everyone. If that was the case, then no matter what the future would be like, he wouldn't regret it. Moreover, at least before he signs the Giant Demon Contract, he still had a chance, and even after that, he would have a chance!

As long as they quickly grew stronger and won more time, the current Heavenly Demon epic era would not reach a level where they would have no hope of surpassing it in their entire lives.

Now that he was taken away, if he had the chance, he would definitely return.

Of course, he knew these words in his heart. It was good that he understood them. The people of the world would understand that they would be waiting for Long Chen's return.

's deepest wish was for this world to exist for all eternity.

At this moment, many people who were not afraid of death revealed painful tears. They shared the same desire and passion. The entire world, in Long Chen's words, had gathered together at an unprecedented level!

From their bodies, Long Chen could feel a deep sense of faith in their power. Under their power, he continuously grew, and perhaps before long, he would reach the level of Nine Palace Calamity, and even become a true god!

Next up, perhaps it was time to fight intelligence and courage with this Heavenly Demon Genesis!

"Since that's the case, then let's make an agreement. I'll first bring the two of you out of this world." Say your goodbyes. This place, you will never come back. "

Heavenly Demon Primal Daoist.

Farewell?

In the Divine Kingdom, even the Dragon Emperor and the Great Demon Lord were covered in tears. They felt that all of this should not be borne by this young man, and from the very beginning, they had incomparably respected this young man. Now this is the situation

Long Chen, remember, you must not lose yourself. You must return, all of us are waiting for your return. In this world, we can wait for you for thousands of years, tens of thousands of years, hundreds of thousands of years, and even millions of years! "" You ... " The Blood Red Dragon Emperor cried.

He had said what everyone wanted to say.

Long Chen swept his gaze over, and in the end, saw Ling Xi. This was his greatest hindrance, and he and Mo Xiaolang did not know whether he was dead or alive, when Little Cat was still in deep sleep, and Long Chen did not plan to let him take the risk with him. But Ling Xi was currently pregnant, so she should not have accompanied Long Chen on this road of no return.

Anyone with a rational mind would know that Ling Xi should stay in this world and wait for her return.

But most of the time, reason cannot resist sensibility.

Ling Xi's eyes were red but there were no tears. She said resolutely, "You once said that you would never leave me alone again. You going to the Dark Star is an exception. "If you leave me here this time, I will be courting death."

Long Chen's heart trembled violently once.

He did indeed have ten thousand thoughts of Ling Xi living a good life here. However, he couldn't say it at the moment. Reason could not dictate him. Love was not a simple thing. Since he had already decided that it was this woman, no matter how frightening the predicament was, he should follow her for the rest of his life. Ling Xi didn't feel that it was troublesome or terrifying, he also didn't want to never be able to see her again.

"Let's go together." Long Chen smiled and gave her the best and most resolute answer. And at this moment, Ling Xi finally stopped crying. This was the greatest respect Long Chen gave her.

As for Yang You, this ruined world, he needed her.

"Aunt You, if I were to change the battlefield, I would rush back with the fastest speed possible. This is my foundation, and I will never be able to leave this world for the rest of my life."

He did not give in so easily.

Since the Heavenly Demon Ji Yuan gave him an opening, then he was a fool. The battle wasn't over yet, and to Long Chen, it had merely been changed to a different battlefield. If the battle were to end, he would definitely rush back, because there were still many things here that he had yet to settle. He wanted to know about Long Qinglan's life, wanted to know about the extinction of the Ancestral Dragon, wanted to know about the god corpses beneath the Spirit Sea, wanted to know about the Origin Dragon Palace! He needed to answer all of this!

"Take care!"

Long Chen sent all the Dragon Emperor, Demon Lords, Ocean Emperor and Holy Mage out of the Divine Kingdom, leaving only Ling Xi behind. As for Cat, after thinking about it for a while, Long Chen decided to keep her.

Today, there were many people surrounding them.

The atmosphere was bleak.

"Boring feelings!"

"Hmph." Nuwa twisted his long, snake-like tail and let out a cold snort.

The Heavenly Demon Ji Yuan looked at Long Chen and said, "Then, we can set off."

This endless starry sky was so huge, Long Chen didn't even know what method they were planning to use to pass through this impenetrable starry sky.

This was destined to be a terrifying opponent.

It was at this moment that the Sky Demon, Ji Yuan, pointed to the ground of the Immortal God Region. Long Chen finally understood why he had come to the Immortal God Region to make a trade with him.

So he had left something here.

Under his guidance, the Immortal God Realm began to tremble, and the surrounding people began to stagger and stagger, and had no choice but to retreat.

Endless cracks appeared in the ground.

Rumble rumble rumble!

The web of cracks spread throughout this endless mountain range.

In the midst of the rumbling sounds, the mountain broke and the river disappeared. A large amount of earth sank into the ground, and deep within the earth, something was rising. There were no traces at all of what was buried here, and ordinary people would not be able to see it.

BOOM!

Finally, the mysterious object revealed its true appearance.

It was a pitch black battleship, about two thousand meters long. It was very old and dilapidated, but just like the God Slaying Sword from back then, it should be a damaged Manifestation Divine Weapon. Currently, in this pitch-black, dilapidated battleship, one could only sense a weak power.

"Wu wu!"

The battleship seemed to have awoken from a long time, as it let out a crying sound in front of the Heavenly Demon. The frightfulness of the battleship was also gradually revealed; it was probably suppressed by the Heavenly Demon, or else, when the demonic energy swept out, the people around would die.

This black battleship was extremely ancient, and the endless divine runes on it were mottled and tattered. One could vaguely see the majesty and grandeur of the past.

"This is the Creation God Equipment of the Heavenly Demon Ji Yuan, the most terrifying demon in all of the realms of the Archaeozoic era. The sixth stage 'Hun Yuan' grade 'God Battleship' can traverse space and time with unparalleled speed. It is the Heavenly Demon Ji Yuan's greatest reliance to sweep through all of the realms. Only Di Jun was able to destroy this ancient sacred ship and catch up with this Heavenly Demon. Archaeozoic era of the Archaeozoic era, you are still quite strong, being in the top ten in a million realms. But now, it's no good, you don't even have a single divine spirit. "

Old Long introduced.

"Sixth level?" Hun Yuan class? Seven to nine, what is that? " At this time, Long Chen finally had some time to ask Old Dragon some things.

The old dragon said, "The Infinite Divine Art, Creation God Equipment, hongmengxinling, and Chaos Treasures are all divided into nine stages. They were 'dreamy grade', 'death grade', 'prehistoric level', 'Order-level', 'Hun Yuan's'. This was the first six levels. Ordinary Divine Emperor and Demon Emperors could at most only control a sixth stage 'Hun Yuan' level divine object. As for the higher third-grade realms, they might have existed tens of thousands of years ago. But the higher third-grade realms might still exist tens of millions of years ago. It is called the 'Eternity', the eighth rank is the 'primitive level', and the ninth rank is the final 'origin level'. "

"hongmengxinling? Chaos Treasures Eternity, primitive level and origin level. "

Long Chen memorized them all. He could roughly guess what this hongmengxinling and Chaos Treasures was.

At this time, the Hun Yuan grade Creation God Equipment, the Primal Godship, was already floating in the air above the Immortal God Region. Although it was in tatters, it was still possible for it to travel to other worlds.

Seeing this warship, all living beings in the Immortal God Realm understood even more clearly that at least for now, the Heavenly Demon Primal was not something they could deal with. Long Chen made the right choice.

The three Diremonsters rose into the air, quickly landing atop that warship.

They didn't have a time limit, so Long Chen still had time to say goodbye to the living beings.

From then on, no one knew where fate would lead.

Mo Xiaolang followed the Demon of Nuwa with a very obvious goal and will. And Long Chen had no choice but to board this era's divine ship.

He brought Ling Xi and Cat.

Below, more and more people gathered. Facing Long Chen, everyone, no matter how much of a man they were, could not help but shed tears at this moment.

"Don't worry, we will make the Immortal God Realm and the Dragon Sacrifice Continent much better than before." Yang You's eyes were moist, even though her heart was trembling, she could not bear for Long Chen to see her sadness.

"Bless you, child. You will break through the haze and see the brightest light."

At this moment, there was no doubt that everyone's heart was the same. They deeply understood why this world still existed and why they were still alive, was all because of Long Chen.

Chapter 2569 - The Hegemony of Time

"Long Chen, let's go."

The gentle voice of the Heavenly Demon, Ji Yuan, came from above.

He kept his promise and did not touch the Dragon Sacrifice Continent.

No matter how much he missed her, it would only make him more miserable!

Long Chen thought back to the time he killed Di Yu and was forced to leave the Dragon God Domain. Today, he was also forced to leave this world that belonged to him.

But it was worth it, because at that moment, all tens of billions of lives were believing in him with their greatest will, bringing him the power of will, such a profound faith, would probably continue to be passed down forever, as long as the beings of this world continued to pass down their legacy, then Long Chen's story would continue on, and would probably not end for tens of millions of years. After millions of years, there would be new life that would send him the power of will!

He had no regrets.

He stopped speaking and rushed up to the sky under everyone's tearful gazes. Maybe many people thought that they would never see him again, but Long Chen knew in his heart that it definitely wasn't so! One day, he would return to this world that belonged to him. Moreover, it definitely wouldn't be too far away!

Below, every single person who passionately believed in themselves had become extremely insignificant. However, Long Chen could contact every single one of them through the Divine Palace. He could feel their passionate power.

"Slaughter the Dragon Emperor!"

The moment he stepped onto the warship, shouts like this echoed throughout the entire Immortal God Realm. That voice shook the entire warship, causing it to tremble incessantly.

"The faith to become a Deity, what a miracle!"

At this time, Long Chen had already stepped onto the deck of the Primal Godship. The Primal Heavenly Demon said, "Welcome to our Primal Godship. You are the only two people who are not from our clan yet have come here."

Standing there and looking at the Immortal God Realm and the Dragon Sacrifice Continent, Long Chen was not sad at all. He resolutely left the edges and came before the Heavenly Demon of this era.

"It's a casual event, I have to start this warship."

He didn't want to be an opponent, but instead seemed to be an elder. At this moment, he suddenly disappeared from in front of Long Chen's eyes. As for Nuwa, he let out a cold snort, then disappeared from this place. Only the blue smoke remained in front of them.

"Be careful, this place is about to be sealed up." "My two lovely little brothers."

Just as she finished her sentence, the entire warship changed dramatically. The black warship quickly became completely sealed, like a slender shuttle, the sharpest part already pierced into the starry sky. Through the transparent wall, one could see the myriad living beings below, and the endless starry sky above.

"This trip will take a year. Get used to it. Don't think too much about it. Otherwise, if we leave you in that endless starry sky, you will be stuck here for all eternity. If only I had been there, would the journey have taken only two hours? "

After saying that, Aqua Blue Smoke giggled, turning into a blue smoke in front of Long Chen's eyes and quickly disappearing, leaving Long Chen and in the middle of this empty god ship.

However, Shui Lan Yan's voice sounded again. "To be honest, I really don't know what our big brother is thinking. He actually let Dragon Sacrificial World go for your sake. "Thus, all of you must cherish such a great grace. Else, one day, you all will understand what regret means."

She was serious.

Then, he didn't say anything else.

At this time, the God Manifestation Art had already activated, the speed of the God Creation God Equipment was shockingly fast. Very quickly, in Long Chen's eyes, the huge Immortal Domain was getting smaller and smaller, until now, when he had never flown at such a height before.

Indeed, other than this world, there are other worlds.

The Primal Godship was very large, so one could walk freely in it.

It proved that Long Chen was still connected to the rest of the living beings. However, the further he went, the harder it was for them to hear the voices in their hearts.

"Although it will be difficult to contact them in the future, their strength will not weaken because of this."

This caused him to heave a sigh of relief. To him, this time he was only heading towards another battlefield.

After leaving the Immortal God Realm and the Dragon Sacrifice Continent, Long Chen didn't feel any pain or grief, unlike the other living beings below, who thought that this was the end of everything. To him, this was just the beginning. He hadn't lost yet.

However, this battle between the two demon planets should be considered to have come to an end.

From the battle with the Moon Demon Zero Demons to the soul-controlling demon, Silent Demon and Explosive Flame Demons, then the breaking of the Magic Star Seal, the descent of the demons, to the Five Extreme Realms Demon Sealing Formation, and then to the Battle Demon Nothingness Demon, and Mo Xiaolang finally had a chance to rest. Only now did they finally have a chance to fight.

The two of them leaned against the wall and looked up at the boundless starry sky and the shrinking world below them.

"Big Brother, look. The Dragon Sacrifice Continent's Divine Dragon Continent and your Divine Kingdom's Divine Dragon Continent are exactly the same." Mo Xiaolang said.

"Yes." Long Chen had noticed it long ago.

"I want to know why as well! However, it's up to us to come back and uncover these secrets!"

Mo Xiaolang nodded, he naturally knew what Long Chen was planning to do.

"Big Brother, I must save Yan Er and bring him back."

This was his greatest desire during this trip of his, but Long Chen, wanted to send these three devils to hell, wished to return to the Dragon Sacrificial World. Their goal was the same.

"Let's work together. There must be a chance, there must be hope." Long Chen was also full of confidence in him. They were all extraordinary people, moreover, Ling Xi and Cat were also around, they would definitely have a way.

"The Heavenly Demons of the era will definitely know what you guys are thinking. That's why before you sign the Giant Demon Contract." He should be very careful." Old Dragon reminded.

Everyone understood this point.

However, there was only one chance. Fighting was a must!

"In this era, we have one year to go to that world. There is also a chance. Before they recover their strength, we need to improve ourselves as soon as possible."

As long as he had the time, Long Chen was not afraid of anything.

What followed was a long journey.

In the blink of an eye, the big senior sister below them had almost disappeared. Long Chen had truly arrived at a world with only an endless starry sky, and even now, he understood even more clearly that in this boundless starry sky, there wasn't just the Dragon Sacrifice Continent, or perhaps this place, was actually just a drop in the ocean.

"This world is too big!"

Long Chen could not help but sigh.

"The Myriad Realms is the largest of the ten thousand worlds, and in the endless starry sky, there are countless miniature worlds, trillions of tiny worlds, and there are also many mysterious ancient regions. Dragon Sacrificial World was in the Archeozoic era, commanding a huge sea of stars around him. The rules of the Dragon Sacrificial World envelops the entire sea of stars in the entire dragon sacrifice. However, I don't know what the situation is like right now.

In Long Chen's eyes, the Dragon Sacrifice Continent was already big and scary. Who would have thought that this was only one of the weak worlds of the Allworld, and that below it, there were countless smaller worlds?

No wonder in the eyes of these ancient Giant Demons, a mortal soul's life was so worthless, because there were simply too many of them.

In order to defeat this Heavenly Demon, he had to first understand this world.

Long Chen organized his thoughts and continued to ask, "Do you know where the gods, such as the human gods, and the demon gods, have gone to?"

Old Dragon shook his head. "Of course not." After I used it to seal the Demon Star, I no longer have any consciousness. "

Long Chen was dazed for a moment, and said: "Do you know about the battlefield of the gods in the Dragon God Domain? Why is there a God Corpse beneath the Spirit Sea? "

"What?"

The old dragon was shocked, his eyes opened wide, and he said, "Impossible, the gods will not die!" After their battle with the ancient Giant Demon, although their strength had been greatly weakened, there have not been any deities that died. If not for that, why would the Heavenly Demon Ji Yuan still want to take revenge? "

"I don't know about that!"

Now, it seemed like he could not return. Ever since Long Chen had surpassed the Spirit King, he did not have the time to go back to the Spirit Sea. If he had the chance, he would definitely explore it once more.

The Old Dragon was found by Di Jun and refined into a Creation God Equipment. However, Di Jun did not have much use for him and had been sealed from day to day. Thus, his understanding of the Archeozoic era was not that great either.

"Do you know what the Origin Dragon Soul is? Why does the Dragon Fighter need to obtain the Origin Dragon Soul in order to become a true Divine Dragon?" Long Chen thought of this question.

The old dragon said, "I have only heard of it. It seems that the Ancient Dragon God has divided his legacy into two parts, one for his bloodline, the other for his ability. The source of his true power is his Dragon Soul. In other words, after obtaining the inherited blood essence, one could only become a Dragon Fighter, and could only use the path of the Divine Dragon. However, it was an infinitely small version, and only after obtaining the Origin Dragon Soul could one truly become a Divine Dragon. It is a pity that even though I am a dragon, I have forgotten all my memories. "

This was all he knew.

Long Chen thought, "Perhaps, it is very possible that the origin of the Dragon Soul is within the Origin Dragon Palace. To preserve all of them, even the Ten Great Ancestor Dragon's origin, the Dragon Soul was there! The Origin Dragon Palace told me to go once more after reaching the True Dragon Realm, which is to say, break through Nine Palace Calamity, and pass through the calamity of the gods and devils ... "

Perhaps once they got there, all the mysteries would be solved!

There were still some questions that Long Chen couldn't remember at the moment. But now, when he looked down, the Dragon Sacrificial World below him had completely disappeared.

The speed of this era's divine warship had reached a terrifying level. On this era's divine ship, the power of time had actually appeared!

Infinite acceleration of the surrounding time caused the Primal Godship to become faster and faster!

"Heavenly Demon of the Era, is he good at the rules of time?"

Long Chen asked.

Old Dragon replied, "That's right, an era means 100 million years. That's why, the Heavenly Demon of era is the time ruler of Archaeozoic era!"

Chapter 2570 - Ancestral Aurora

"I didn't expect him to be proficient in the power of time!"

It was possible that before he had obtained the Origin Dragon Soul, this divine ability was only a transcendent in nature, not in power. Although the Heavenly Demon Genesis was still in a weakened state, since the opponent was proficient in the rules of time and was also famous in all realms, it was still not easy to defeat him and escape back to the Dragon Sacrifice Continent!

This kind of rule is fundamental to all of the ten thousand worlds, and no one is able to control it. What you are proficient in are only the small rules of any realm, but even the small rules are enough to go against the heavens, to become a god or devil. You were born in the Dragon Sacrificial World, and you have the brand of this world on your body. For example, even if you, Long Chen, leave the Dragon Sacrificial World, you would still encounter Nine Palace Calamity that might not exist in other worlds, such as the Little Wolf, for example, the rules that you use, in reality, still came from the Dragon Sacrificial World. Although you have already transcended the rules of the Dragon Sacrificial World, there is still a large portion of you that is inside. This is a good thing, because if you leave, you will lose all your power. "

With regards to what Long Chen and Mo Xiaolang were currently saying, what Old Dragon was saying was a little too profound. It was somewhat difficult for them to understand it, and they could only get a rough understanding of it, unable to understand it in depth.

"In other words, if the Dragon Sacrifice World is destroyed, then we would all lose our powers?"

The old dragon shook his head. "Not only that. All living things are connected to their world. If the world is destroyed, even if you escape to the ends of the earth, you will disappear in this world."

"Oh ..." Long Chen recalled the words that he had heard from the Black Jade Dragon's Head, 'Within a hundred years, dragon sacrifice will perish'. He had thought that it would be this Devil Star Calamity, but now it seemed that it shouldn't be so.

It would be unimaginable grief.

"I don't think I have the chance to think about it now." Long Chen smiled, because they still had the most important mission at hand.

"Oh yeah, big brother, we got a copy of 'Infinite Divine Art' previously, can I train with it?"

If it was purely demon spirit energy, then he would have no advantage at all.

The old dragon shook his head: "That is the yin devouring demon's eight parts of the Tai Nether Heaven Pagoda Art. Although it is called the Infinite Divine Art of the 'prehistoric level', the third stage, at your current level of cultivation, is definitely enough, but in reality, this is a yin cold type 'Infinite Divine Art', it is not particularly suitable for you. It would be troublesome to change the Infinite Divine Art in the future. Although the situation is still critical right now, this old one recommends that you not be in a hurry to cultivate. "

The pros and cons of this matter had been clearly explained by Old Long.

"Sure." Then let me see if there's any other way. "

Of course, you are also trying to comprehend your own rules, such as the move of the dead Nothingness Demon. I feel that if you want to quickly strengthen your physique, you can only rely on devouring them. This is your greatest talent, this is what you have to rely on. In the future, as long as you succeed in developing it, you will definitely surpass the Nothingness Demon at your peak condition. "

Old Dragon didn't know that Long Chen had inherited four ancestral dragon-inherited blood s, so in his eyes, Mo Xiaolang's innate talent far surpassed Long Chen's. If not for that, the Heavenly Demon Ji Yuan would not have thought highly of them and would have given up on devouring the Dragon Sacrifice Continent.

"I see."

Being guided by someone was very good, and could avoid detours on the cultivation path of the gods and devils. Mo Xiaolang had already reached the level of Tai Chi Demon Realm Perfection, and this speed could already be considered very fast.

Fiendgods and Fiendgods were the final destination of their cultivation!

Although Long Chen had yet to become a god, he seemed to possess everything that a god should have. When he truly becomes a god, there would definitely be a greater change!

Old Dragon looked at the boundless starry sky and said, "Actually, this starry sky is quite dangerous. Normally, only gods and devils would dare to travel through such a terrifying space. You have to protect the little girl in the Divine Kingdom well. In the starry sky, there were many 'calamities of the starry sky' that would come, such as: Astral Tempest, Aurora of the Ancestral Star, Quicksand of the Star Region, River Styx's Water, etc. They are all things that can destroy normal Creation Gods. Although the 'era god ship' is scary enough, but as you can see, it is already broken. To be honest, I really don't understand why the Heavenly Demon Genesis would let the Dragon Sacrificial World go for you guys. This year's journey is really too unstable, any strong person would choose to recover their strength first. "

He could only ask the Heavenly Demon himself.

Right now, there was no longer any racial hatred between Long Chen and the Heavenly Demon Genesis. All of this had been transformed into a private matter. Long Chen's goal was to escape from his hands, and it would be best if he killed him, so that he would never be able to threaten his in his life. As for Mo Xiaolang, what he wanted was the complete Su Yan.

Disregarding the hatred between races, the pressure was actually not that great. Long Chen was also able to calm his heart and think of a countermeasure.

At the same time, he was able to relax and cultivate on the ancient god ship while it traveled through the starry sky. Ling Xi, on the other hand, continued to calmly accept the psionic inheritance;

Mo Xiaolang was also wandering in the ocean of rules.

In the blink of an eye, more than a month had passed, and Long Chen already felt that he was about to receive Nine Palace Calamity. He might be able to welcome the arrival of the Nine Palace Calamity from this era's divine ship.

I just don't know what will happen then.

The Heavenly Demon Ji Yuan definitely could not stop him from becoming stronger!

Mo Xiaolang had already become a devil spirit, so it was naturally difficult for him to progress unless he could devour him.

Ling Xi had instead entered into a deeper stage.

On this day, when Long Chen was cultivating, he suddenly suffered from a terrifying attack, which caused his body to tremble violently.

"Long Chen, the great calamity is coming, it's the Ancestral Star Aurora!"

Old Dragon reminded.

"En!"

He immediately warned Mo Xiaolang, and at the same time closed the Divine Kingdom, using his own Divine Source Power to protect Ling Xi and Little Cat. At this moment, he looked outside at the starry sky, and realised that the entire sky was covered by the white light.

BOOM!

The ancient god ship was on the verge of exploding. Under the impact, its speed was increased by over a hundred times. It was blasted away, rolling through the starry sky at a terrifying speed!

To Long Chen and his, the turmoil caused was also extremely huge!

"What is this!?"

Long Chen was extremely shocked, he never thought that there would be such a terrifying storm in this endless space. If it were not for the fact that it was inside this Primordial Divine ship, his body would probably have been torn apart in an instant.

However, even with the warship blocking, it was still quite uncomfortable.

With the flame of his life, Long Chen protected him and Mo Xiaolang. The two of them continuously shook inside the Primal Divine Ship, and after about fifteen minutes, the ship finally stabilized. The white light outside had already disappeared, and the peaceful starry sky appeared again!

Under the effects of the Life Fire, he didn't sustain any major injuries.

"It is indeed very scary. What is this Ancestral Star Aurora?"

After experiencing it for himself, Long Chen finally understood how terrifying interstellar travel was.

"One of the tens of heavenly tribulations, the Astral Tribulations, is very powerful. As for the world outside of the inheritance, it's called the Ancestral Star, which is a strange planet. This Ancestral Light is the light emitted by this planet. Of course, no one has ever been to the Ancestral Star, since it is the birthplace of the Ancestral Aurora after all.

It seemed like every type of tribulation had its own origins.

After having just understood the Ancestral Star Aurora, the Ji Yuan Sky Demon suddenly appeared in front of them. With a glance at Long Chen and Mo Xiaolang, he knew that they were fine.

"Due to the Zenith Light, the flight path has been broken from the original plan. The destination is now estimated to be a year away. Time is getting longer."

"Yes."

To Long Chen, the longer it took, the more advantages they would have.

In truth, at least on this era warship, the Heavenly Demon did not restrict them.

The Heavenly Demon did not leave. Instead, he looked out into the starry sky and said, "Do you know where our destination is?"

Long Chen naturally shook his head. Even though it was a world closest to the Dragon Sacrificial World, he did not know of it.

Sky Demon said indifferently, "There seems to be a spirit race in the Immortal God Realm. The place I am going to, is the Realm closest to the Dragon Sacrificial World, named Lingsu Star Sea. This was the true birthplace of the Spiritual Race in the Immortal God Realm. Of course, they did not call themselves a spirit race, but a human. You are a clan after all, only one of you are a human from the Dragon Sacrificial World, and the other is a human from the Lingsu Star Sea. This world will not decline like the Dragon Sacrifice World. There should still be gods. "

"Spirit race!"

Long Chen never thought that the Spirit Race would actually be from a foreign place. Furthermore, they were from a neighbor of the Dragon Sacrificial World, a place called the Lingsu Star Sea. Although he and Ling Xi were not of the spirit race, they were still a little helpless. They didn't know what kind of disaster the Lingsu Star Sea would bring to this world.

The Heavenly Demon Genesis continued, "Within the Lingsu Star Sea, there is a super giant planet with an Endless Territories. All the territories there are double the size of the continents floating in the sky like the Dragon Sacrifice Continent, and this planet is called the super giant star. The name of this planet was: Ling Ji Ji Xing. Around Ling Ji Ji Xing, there were a total of a hundred thousand planets orbiting around it. Each of them were more than the size of a demon star. In the entire Lingsu Star Sea, there are approximately two trillion humans, which is double the number in the Dragon Sacrifice Continent. "
