

## War God 2571

### Chapter 2571 - Human Gods

Listening to Sky Demon's brief description, Long Chen could already guess what kind of world it would be just by imagining it again.

At least, it was more terrifying than the current Dragon Sacrifice Continent, because there were gods. There are two trillion living creatures. Just the 100,000 surrounding planets that were comparable to the demon planets alone could probably hold up to a trillion people. This Lingsu Star Sea should be considered very big, several times bigger than the Dragon Sacrifice Continent.

Just the Ling Ji Ji Xing s themselves, were already twice the size of the Dragon Sacrifice Continent s.

The two spirits of the Spirit Race should have travelled to the Dragon Sacrifice Continent from here. Those two should either be Divine Kings or Divine Emperor s. It was just that they had no idea where they went, or they might have already fallen.

In order for Long Chen to protect the Dragon Sacrifice Continent, it was very likely that he would bring a calamity to the life of this world.

This was something that he couldn't do anything about, maybe the only way now was to try his best to defeat the Era's Sky Demon at Lingsu Star Sea. If possible, perhaps he could even join hands with the Divine Spirits in the Lingsu Star Sea. After all, he and Mo Xiaolang were currently one on one.

It was just that he did not know how many Divine Spirits there were in the Lingsu Star Sea and what level they were at.

"Lingsu Star Sea is one of the middle and lower realms among the ten thousand realms, while the current dragon sacrifice's Galaxy is of the lower realm, so the ten thousand realms should roughly have five levels. These two realms can be considered the fourth and the last, respectively."

His gaze was deep and profound, passing through time. At this moment, he seemed to have penetrated Long Chen's heart, and said: "Long Chen, I know that you will not obediently sign the Giant Demon Contract, or else before we recover, he will do everything he can to escape, or perhaps, he will think of sending us to the Death Realm. But what I want to tell you, since it's a transaction, don't think about making any loopholes and obediently fulfill your obligations, I won't treat you unfairly. I only have one

goal, and that is to find the Archaeozoic era. "To avenge the hatred that I have been imprisoned for thousands of years!"

Long Chen understood, the Heavenly Demon Genesis was a person who said that they were one. His goal was very clear. Since Long Chen had promised him to sign the Giant Demon Contract, he would be loyal to him from then on and definitely could not have any other thoughts before this. If he did not violate his principles, he would definitely not do anything to Long Chen, because his goal was the human gods and not Long Chen.

The reason why Long Chen and Mo Xiaolang had to serve him was because he had lost two powerful generals, the Battle Demon and the Nothingness Demon. If they were only relying on the three of them, they would still be lacking in power. Therefore, if Long Chen listened to them, he wouldn't even mind personally making the two of them stronger.

He only needed to be loyal and loyal.

"I'm afraid I know where they are."

Long Chen suddenly said.

Everything he had seen and heard in the battlefield of the gods were all mysterious. On one hand, there was the Spirit Sea's Divine Corpse, and on the other, there was the White Bone Divine Palace that was transformed from the battlefield of gods. There were also Confusion such as Divine Generals and the Rain of Gods.

For the first time, the Heavenly Demon Ji Yuan's eyes changed.

"You actually know about it?" That voice was filled with coldness.

For a moment, Long Chen felt as if he was stuck in a long river of time, his life quickly disappearing.

Maybe he could use this era's Sky Demon to break the gods' weirdness. If the gods really came, and if they were the gods of the Dragon Sacrifice Continent, they should have defeated the Era's Sky Demon, so Long Chen would definitely gain his freedom.

It was a dangerous attempt, but it was an opportunity.

He said, "It's a pity that it's a little late. I've seen the gods before, and they were among the Spirit Sea s on the battlefield of the gods in the Dragon God Domain. The War God's Divine Corpse. Other than that, someone had infiltrated the Spirit Sea, and there should be all seventy-two god corpses of humans there! "

The Heavenly Demon Ji Yuan shook his head, "That's impossible. The human gods in the dragon sacrifice wouldn't die, right? They're still alive right now. I can feel it."

Long Chen saw that he was not excited, and said: "Then I am not clear about it, since I have told you what I saw and heard."

Sky Demon said, "Let's go to Lingsu Star Sea first. Once I recover my strength, I'll come back to visit after signing the Giant Demon Contract with you."

Hearing this decision, Long Chen felt quite satisfied in his heart. If the Heavenly Demon Genesis was successful in Lingsu Star Sea, he would be forced to become an Ancient Giant Demon, and according to the contract, he would not be able to touch the life forms of the Dragon Sacrifice Continent. Therefore, he didn't need to worry about him going back to destroy that world.

If he could kill Yue Yang in the Lingsu Star Sea, it would be even better.

"I would actually like to thank you for telling me this news. "It seems that tens of thousands of years from now, this ten thousand year world will no longer be a world I'm familiar with. Perhaps you won't be able to sense it. A terrifying 'change in laws' is sweeping through the entire ten thousand year world. I feel it ..."

The Heavenly Demon Ji Yuan closed his eyes, revealing a slightly frightened expression.

Being able to talk to him was very likely meant that he would get a lot of rewards from this ancient Sky Demon. When Long Chen heard the four words "rule change", he immediately asked: "What does this mean?"

Sky Demon said, "The Ten Thousand Worlds are changing. This change started from the Dragon Sacrifice Continent. I can only say that I am not even qualified to know what exactly happened, but I can't deny

that, a era ago, he was a Ten Great Ancestor Dragon of the Dragon Sacrificial World, he controlled this entire realm, and stood at the peak of ten thousand worlds. With the small rules of the Dragon Sacrifice World, he spread the great rules of the entire ten thousand realms, but it's different now, the The Age of Dragons has long ended, and new rules have spread through one world after another.

"Is Eighteen Major Tribulations one of the new rules?"

Although he spoke very mysteriously, Long Chen could roughly hear what he was trying to say. )))))

"It's already not bad that you can think of this step." The Heavenly Demon Ji Yuan nodded, and then said, "It's better not to say too much. There are some things that no one can stop, that are useless to talk about, and that can lead to death. "

Long Chen was deeply shocked.

Just what kind of existence could make a Heavenly Demon like Ji Yuan shut his mouth and refuse to talk about it?

What was that formless energy?

Was his father trying to find out about this change because of this invisible force?

What Long Chen knew was still too little.

It was true that the Heavenly Demon Ji Yuan was an evil incarnation, but to be honest, he was really good to Long Chen and Mo Xiaolang. It was only fate that made them enemies.

After saying this, the Heavenly Demon Genesis left. Only Long Chen and Mo Xiaolang looked at each other.

"Senior, do you know what he meant by 'rule change'?"

Long Chen asked.

The old dragon replied, "I don't know, he is a Sky Demon that has lived for more than an era. He is an ancient Giant Demon that has existed since the end of time in the The Age of Dragons. Very little. Even I don't know where the dragon sacrifice's human gods are right now. "

"This change of rules started from the Dragon Sacrifice Continent, it started with the rules of the Dragon Sacrifice Continent, as it affected the rules of the myriad realms. But now that the Dragon Sacrifice Continent has changed a new rule, the Ten Great Ancestor Dragon and the entire The Age of Dragons have disappeared, and the myriad realms are also contained within the change of rules, how many more secrets are still hidden!"

These things were all too far away from Long Chen.

Although the Heavenly Demon did not want him to resist, that was impossible. He only had one path he could walk on, because he would not be willing to become an ancient Giant Demon that was loyal to the Heavenly Demon.

"Cultivate!"

For the next few months, he didn't encounter the great calamity, which meant that the probability of it happening was not high.

But in reality, if one did not have a strong enough Creation God Equipment, if one was not strong enough, it was very likely that one would die in this endless space.

After sailing for a few months, Long Chen finally understood how vast and limitless this world was.

"It's too big!"

Right now, he had probably only walked less than half the distance.

At this time, the connection between Long Chen and the Dragon Sacrifice Continent was already extremely weak, but their strength had not decreased. Those beings' willingness to live were still growing steadily, and it was hard to imagine that the entire Dragon Sacrifice Continent would be grateful to Long Chen right now.

"The Nine Palace Calamity is about to descend."

After a few months of hard work, he had finally reached this step.

In terms of speed, decades of growth, compared to those old monsters that lived for millions of years, were simply too fast.

To the Heavenly Demon that had been imprisoned for ten million years, this was just an instant.

It was impossible for the Nine Palace Calamity to descend from the interior of the Primordial Divine ship!

Once it descended, the entire Primordial Divine Battleship would probably belong to Long Chen, which would increase its might. Thus, in order to pass through this Nine Palace Calamity, he had to go to the starry sky.

"Is this the last calamity that has to be found in the new rules?" Long Chen was already prepared, he was getting closer and closer to becoming a true god.

At this time, the Heavenly Demon Ji, the Devil Nuwa, and the Prison Demon Emperor Shakya appeared in front of Long Chen at the same time.

"Nine Palace Calamity?"

The Heavenly Demon Ji Yuan frowned.

Nuwa said, "Big brother, if he gets stronger, he'll definitely have even more sinister ideas. If he causes trouble for us, why don't we just kill him?"

The Heavenly Demon Ji Yuan shook his head and said, "If we kill him, we will lose. If he can become one of us, his future achievements will definitely surpass the peak, fourth elder. Let him be strong. He has benefits for us, but under the new rules, he managed to break the rules. It isn't easy for him to become a god with his faith. In reality, he had escaped the new rule even more than Mo Xiaolang. I'm really looking forward to his appearance after he becomes a god. "

"What if it's hard to control?"

The Dao of Nuwa.

"At least we can be friends." The Heavenly Demon Ji Yuan smiled.

He never thought that he would actually give Long Chen such a high evaluation.

However, Nuwa shook his head, "That's impossible. My current body is the person Mo Xiaolang likes."

"Oh!" Just as Sky Demon thought of this, he said, "As long as we sign the Giant Demon Contract, everything will be fine. At least until we recover our strength, he won't have the ability to defeat us."

Speaking till here, he was very casual, immediately opening the Primal Godship, stopping it in its tracks, allowing Long Chen to exit.

"Thank you." Long Chen rushed out of the warship.

Chapter 2572 - The Great Calamity of the Stars

Boundless starry sky!

Floating within this boundless starry sky, Long Chen finally felt how insignificant he truly was.

He raised his head and looked in all directions. There were many stars shining brightly. This was a world filled with stars.

There were some places that were truly strange, such as places where the stars shone in blood-red light. There were places where the stars were covered in a colorful fog and could not be seen clearly. One could see how enormous they were now.

The Primal Godship was tens of thousands of meters away.

Mo Xiaolang was on top of the era's divine ship, so of course he couldn't escape right now. If not for the era's divine ship, he didn't know how many tens of thousands of years it would take to return to the Dragon Sacrifice Continent. Moreover, it might even be possible for him to do so.

The tribulation of the starry sky was omnipresent.

The Nine Palace Calamity began to condense and descend.

On the Primordial Divine ship, the Three Demons and Mo Xiaolang were watching the show.

Long Chen closed his eyes and recuperated, using his strength to await the arrival of the calamity.

"The Nine Palace Calamity, according to the rumors, has nine divine palaces, each with countless deities residing within. In times of disaster, the nine divine palaces descended, and the gods used their true strength to test the tribulation. Only by crossing the Nine Palace Calamity can one have the chance to face the true calamity of the gods and devils."

This was the Nine Palace Calamity that Long Chen was familiar with.

"Eighteen Major Tribulations, came from a new rule. The origin of the new rule should be something that caused the Divine Dragon to become extinct, right? "So, these nine palaces, the deities within, and the seven ancient gods all belong to the new rules system?"

Long Chen guessed in his heart.

Ordinary Nine Palace Calamity and divine power, definitely wouldn't even be able to harm Long Chen's skin now.

So he was very curious, what would his true appearance be like with his Nine Palace Calamity!

On the warship, the Heavenly Demon was startled. "Something unbelievable has happened."

Shui Lanyan smiled sweetly, "Big Brother, what is it exactly? Don't keep us in suspense."

The Primordial Dragon Calamity is different from the Eighteen Major Tribulations. The Eighteen Major Tribulations will cause the tribulation to turn into dust, but if the primordial dragon Calamity could not withstand it, it would be eliminated, but it would not die, and it would have the chance to experience the Primordial Dragon Calamity again in the future. "

Speaking to here, he suddenly said, "No, it isn't all Primordial Dragon Calamity either. Rather, it's a fusion of Nine Palace Calamity and primordial dragon Calamity. What a miracle. "

Just as he finished speaking, the final calamity Long Chen had before he became a god had already descended.

From nine different directions, a terrifying object had appeared. It wasn't the nine palaces, but the nine tribulations of the starry sky.

After discovering all of these, the three demons looked at each other, and controlled the Primal Ship to retreat. It was impossible to describe the terror of this matter with words, but it must have been because Long Chen had arrived in the starry sky and the rules were in disarray, which was why his Nine Palace Calamity had actually changed to the descent of nine types of tribulations!

Only when they were very far away did the Heavenly Demon stop.

"The arrival of the nine types of tribulations must have been caused by the primordial dragon's tribulation that changed the Eighteen Major Tribulations of the heavens. I have lived for more than a century. This is the strongest non-god or demonic tribulation I have ever seen. In the future, his Fiendgod tribulation will most likely be the strongest Fiendgod calamity I have ever seen. Fortunately, these nine kinds of tribulations are considered the smallest. Among them, the Ancestral Star Aurora is not as powerful as the last time we met it, but to face it with our own bodies is already troublesome enough. "

Just as he said, Long Chen now shockingly discovered that, from nine different directions, nine different types of calamities were actually descending at the same time!

"Oh my god!" How was this possible! This is the Astral Tempest! "

It was a huge tornado in the middle of the starry sky, and one could see countless stars rolling within the tornado, forming a tornado that emitted dense starlight. From afar, it looked extremely beautiful.

"And also that Ancestral Star Aurora from last time!"

The Ancestral Star Aurora was a bright white light that came from the distant starry sky.

"This is the Quicksand of the Star Domain! Water of the River Styx! Ten Thousand Heavy Gold Rain! The super huge stellar nucleus's heart flame, the fog of god's death, and the Mount Xumi! "

Nine types of great calamities descended.

The sand that flickered with a black light, the cold and gloomy river in the sky, the golden raindrops that were everywhere, the scorching flames that covered the sky, and the endless gray corrosive fog, the strangest thing was actually an enormous black mountain!

These were the great astral tribulation which the Fiendgods and Fiendgods had feared the most during their journey through the starry sky. And yet, today, they were all here! The great tribulation of the starry sky was a natural power that no one could manipulate. Furthermore, it would not usually occur together. If nine different types appeared together, then one could only say that they might not even be able to encounter them for an entire era.

"Hah!"

No matter how surprised the old dragon was, to Long Chen, it was just another form of Nine Palace Calamity. Although he had seen the terror of the Ancestral Star Aurora before, it still could not scare him.

This was the last layer of Eighteen Major Tribulations, so it must be the most powerful. From now on, it should be with the intent of completely killing Long Chen.

He took out the supreme Divine Emperor Halberd, his body covered in green flames, and said: "Senior, I'll be troubling you."

Although the old fellow was making a fuss, he would still do his best when he was on the battlefield.

In the blink of an eye, nine types of heavenly tribulation swiftly descended!

Long Chen could not sit still and wait for death. Grabbing the halberd, he rushed towards Mount Xumi without saying a word. Amongst the nine types of astral tribulations, the only one that looked less terrifying was this tribulation, the more of these tribulations there were, the more they could be destroyed!

Swish!

The closer he got to Xumi Mountain, the heavier Long Chen's body became. Even using the sea to change the time when he was in chaos, the weight of his body was not affected at all, which made it harder for him to unleash his powers!

"Kill!"

The Supreme Divine Emperor halberd struck the sturdy Mount Xumi and with an explosive sound, Long Chen was sent flying. However, Xumi Shan only stopped for a moment, before immediately coming over to suppress him again!

"Mount Xumi is an endless mountain, and its weight is terrifying. Generally speaking, the Creation Divine Artifacts that are comparable to death grade to them are often knocked over the Creation Divine Artifacts of the gods and devils in the endless sea of stars, they are not allowed to go head to head with them."

Old Dragon quickly reminded him.

The chop just now was a strong collision, the supreme Divine Emperor halberd almost went askew.

When they left Mount Xumi, they immediately encountered other terrifying storms.

Star Domain Quicksand, Ten Thousand Heavy Gold Rain, and Ancestral Star Aurora!

Almost at the same time.

The black quicksand was like countless blades that quickly engulfed Long Chen, blocking the heavy rain and the Ancestral Star Aurora. However, the impact from the clash of the stars was still rather terrifying,

in the middle of the star realm, the hard and sharp grains of sand were almost enough to crush Long Chen into pieces!

"Death Realm's Dragon Gate!"

At this moment, Long Chen suddenly transformed into the Primordial Blood Spirit Dragon, and used the normal version of the Death Realm's Gate. Only after swallowing most of the surrounding meteor sand into the Death Realm did he finally recover from his shock, and just as he used his fire of life to recover from his injuries, the Ancestral Star Aurora that was everywhere crashed onto him!

Extreme burning pain.

His body started to quickly melt under the light, even the fire of his life couldn't be saved, it was impossible to describe the terror of this space tribulation with words, this Nine Palace Calamity was much harder than Long Chen could imagine.

"Damn it!"

Long Chen swiftly transformed into human form, reducing the area he had in contact with the Ancestral Star Aurora. Only then did he finally feel a little better, but these nine types of Starry Sky Tribulations simply did not end.

He was basically always in a state of injury and had almost been killed several times.

If it had been anyone else, they would have been driven crazy long ago. Normally, when Fiendgods fell into the encirclement of these nine types of space tribulation, they would all die.

This was not just a battle of strength, but a battle of willpower.

In this situation, he could only persevere.

Just a single drop would be able to penetrate through the heavens and earth. If he did not block it, this drop of golden rain would be able to penetrate through Long Chen, let alone the heavy rain that was pouring down right now.

As the Heavenly Demon Ji Yuan looked at the miserable scene in front of him, he moved the Divine ship a bit further back, worried that the nine types of space tribulations would affect him.

"Big brother, do you think this little guy can survive this? If you can't take it, then isn't your deal a waste of money? "

She saw that Long Chen was fleeing in a sorry state in the Nine Starry Sky Tribulations, and the situation was critical.

"It's hard to say. "It's much scarier than I thought." Heavenly Demon Primal Daoist.

"How could something have exceeded your expectations? This means that this little guy is truly not simple."

Aqua Mist blinked her watery blue eyes, flawless.

"It depends. If these nine types of tribulations do not disappear within a short period of time, I'm afraid they will last for at least a month." This time, it's definitely going to be a bit suspenseful. It's probably because he's too heaven-defying and disturbed the rules, and the rules have to be destroyed, but they were blocked by another type of rule. The Nine Palace Calamity is now, whether or not he can pass through it all will be up to him. "

"So it's like that. That really makes me look forward to it." Shui Lanyan pursed her lips, a crafty look in her eyes.

Just as the Heavenly Demon Ji Yuan had said, these nine tribulations continued to bombard them like crazy. After half a month, they still had no intention of stopping.

During this process, Long Chen experienced the most miserable period of time, and almost lost his life several times.

After half a month, he was like a god of war. Under the joint attacks of these nine types of tribulation in space, he was able to move with ease.

While fighting back, Long Chen raised his head. In the midst of the chaos, he saw a dragon, a huge greyish-black divine dragon.

For example, this dark gray divine dragon was shrouded in evil and disaster aura. Its body was slender like a centipede, with more than ten thousand dragon claws on its left and right, and more than ten thousand rotting dragon wings on its wings. It seemed that there were two dragon heads on its left, and the one on its left was extremely ferocious.

In the blink of an eye, the divine dragon disappeared.

### Chapter 2573 - Lingsu Star Sea

From the start until now, it had been more than half a month since the Primal Godship had stayed in this starry sky.

All this while, the great calamity of the starry sky had been blowing up like crazy, and its might was even more terrifying than before.

Star Storm, Thousand Gold Rain, Mount Xu Mi, and Ancestral Light, these were all deadly tribulations of the starry sky. If one could withstand even a little bit of them, it would cause serious injuries.

No one had thought that the last calamity of his Eighteen Major Tribulations would be so tyrannical. This was far beyond the tribulation of Fiendgods. There was no need for gods and devils to encounter calamities, so this tribulation of Long Chen's was perhaps the most terrifying one that had existed since time immemorial.

Everyone who was watching felt their scalps go numb.

What caused them to be even more shocked was that under the bombardment of such a high level of space tribulation, Long Chen had gone from a sorry state in the beginning to today, half a month later. He was practically like an iron man who had not frowned even once.

He had a clear understanding of the attack patterns of the nine types of space tribulations, and after travelling back and forth, he was still able to counterattack, absorbing a large number of the calamities into the Death Realm s.

During this process, both his state of mind and spirit had been greatly improved. During this half month, he had rapidly increased his strength. The speed of his growth and his willpower were both frightening, enough to shock the Three Devils.

If this continued, after a period of time, he should be able to pass through the Nine Palace Calamity without any suspense.

On the God of War ship, Nuwa Demons looked coldly at Long Chen, and asked Sky Demon, "He has already increased his power to this extent, and the three of us are already exhausted. If we really start fighting, perhaps he might be able to escape our control.

The Heavenly Demon said, "Don't worry. If he has the chance, he will still cause trouble. Let's continue until the Giant Demon Contract is successfully signed."

"If we don't kill him now, he might bring us big trouble."

The Heavenly Demon Ji Yuan pursed his lips, and said, "Yes, heaven-defying people will always be like that, so I want to see whether or not I can subdue him. It will be revealed once we arrive at the Lingsu Star Sea. If things go as expected, he won't have much of a chance. "

From the very beginning, he had been indifferent, and was not one bit surprised at Long Chen's strength.

"Even if big brother has lost all of his strength, these two little fellows still won't be able to deal with you. Don't worry!"

She had always had some sort of opinion towards him. Now that the War God and the Nothingness Demon were gone, it seemed like they would have to go find him if they wanted to argue.

Like this, nearly ten days passed.

At the last moment, Long Chen let go of his defense and allowed the nine types of space tribulations to bombard his body at the same time. He did not resist, and allowed himself to endure the tempering of the space tribulation.

RUU...!

Everyone stood on top of the warship, watching this incomparably dazzling scene.

"He really isn't afraid of death."

Aqua Smoke's small mouth slightly opened, her eyes flashing with splendor.

Every time he attacked Long Chen, a little would be swallowed away. In the end, all nine types of tribulation in the starry sky would completely disappear, and were all devoured by Long Chen, transformed, and combined with the power of all living wills, they formed even more Divine Source Powers!

At the same time, his body received an extremely powerful tempering that surpassed the bodies of many deities.

All of this was obtained through hard work and hard work.

This time, resisting this Nine Palace Calamity could only be described as crazy, because at this time, he simply did not have much time and opportunity, he had to become the strongest in the shortest amount of time!

After going all out, he had finally received a reward. His Nine Palace Calamity had risen to the limit once, and he felt like he was only a step away from becoming a god.

**BOOM!**

Surprisingly, there were nine types of remnant waves from the great calamity in the starry sky. At this moment, Long Chen was floating in the middle of the starry sky, his body erupting with terrifying destructive powers and endless light!

It was just a tiny body, but it seemed like a boundless world, displaying terrifying vitality and power.

In fact, even the 30,000-meter starry sky was trembling because of him.

"Long Chen, do you want to try and see if you can defeat the Ji Yuan Sky Demon?" He felt that Long Chen had a very strong will to fight, he should have this kind of desire to fight.

After all, he was different from before.

Now, after the calamity, he had become the overlord.

"Right now, at the level of Taiji Realm, I should not have many opponents. However, although the Heavenly Demon has not been devoured, it should not be limited to this level of strength. It should just bear with it for now! "

Long Chen had not lost his reason.

It was still too early to take action. If he failed, he would completely lose his chance.

So after he finished, he returned to the era's divine ship and went to Mo Xiaolang's side.

I have watched all of you grow from the young mortal spirit to your current state. Long Chen, do you need to compare notes? Lan Yan's smile was suddenly very beautiful, but her heart was still numb.

"Forget it." Long Chen did not say much.

He knew that this was Aqua Blue Smoke testing him. They naturally suspected that Long Chen would not obediently sign the Giant Demon Contract with them.

After restarting the God ship, they started their journey at an even faster speed. It seemed that even if he didn't devour them, he would still be in the process of recovery.

The three Devils had all sorts of expressions. Some were calm, some were cold, some had smiles on their faces. They all disappeared, disappearing into the divine ship. It was hard to find their whereabouts.

Returning to the rear part of the era's divine ship, Mo Xiaolang said, "Big Brother, I thought you were going to attack."

"It is possible that we will have a chance once we reach the Lingsu Star Sea. Attacking on a warship wasn't realistic at all. There is nothing to achieve. "

"You mean, the Gods in the Lingsu Star Sea?" Mo Xiaolang asked.

Long Chen nodded: "Mn, that's right, I hope that they can help. After all, right now, their world is about to be destroyed. Of course, the chances weren't that high either. We all have to be mentally prepared. The Heavenly Demons definitely know that I will do so. There's nothing else we can do. Before now, the only thing we can do is to try our best to become stronger. "

Mo Xiaolang pondered and nodded.

Within the Divine Kingdom, Ling Xi was on top of a high mountain, peacefully resting amidst the clear water. Even though the change in her lower abdomen was very slow, it was obvious that she was going to grow up.

"I can't let her come to this world and see my father as an evil ancient Giant Demon! I can't ..."

Thinking about this child, Long Chen became extremely determined in his heart. Although it could be said that he was in danger, but even if there was a slight possibility, he would still fight to the end, because he was a father!

The war on the Dark Star did not end. Instead, it turned into another battlefield, reaching its climax.

The Primal Godship sailed all the way into the vicinity of the Lingsu Star Sea. Amongst them, they once again encountered the great calamity, this time with a heavy rain of gold, and the Primal Godship was riddled with holes. The Primal Heavenly Demon had great difficulty recovering it, and it was obvious that it was going to be difficult for him to continue forward.

Long Chen wanted to try thousands of times, but he endured it because he believed that a skinny camel was bigger than a horse. The thick sense of crisis in his heart told him everything.

Along the way, the only thing he could do was consolidate his strength and complete the Heavenly Dao.

Mo Xiaolang was still stuck at the Taiji Demon Realm's Perfection. He had not made much progress, but he had become more proficient at controlling those rules, and Long Chen had also adjusted his condition to the limit during this half a year.

During this period of time, the Three Devils rarely appeared, and most likely, they were recovering as well.

He didn't know when the Lingsu Star Sea had arrived, but the surrounding stars had begun to increase. At first, it was a large number of fragmentary stars, but gradually, they became smaller and smaller, and the closer they got to the inside, the larger the stars were.

"So beautiful!"

Ling Xi could also see the stars in the endless starry sky. After arriving in the Lingsu Star Sea, those stars were actually of all kinds of colors, they were extremely gorgeous, shining with dazzling light, red, orange, yellow, green, cyan, blue and purple.

In a certain place, surrounded by colorful clouds, it was like a paradise.

This was the direction Long Chen was heading in. He did not care about it at the start, but in his eyes, this place which was shrouded in a dense multicolored mist was actually an incomparably huge planet.

According to the Heavenly Demon, the Ling Ji Ji Xing is a giant star, and its territory is twice the size of the Dragon Sacrifice Continent.

Even though it was far away, Long Chen could already feel how huge he was.

This was a colorful planet, and endless rainbow clouds surrounded him. It was a beautiful world, a world of extreme beauty.

At the waist of this huge, colourful planet, there were over a hundred thousand different colored planets, revolving around Ling Ji Ji Xing.

Looking from their current position, these planets were only the size of a thumb. They were densely packed, like the belts of Ling Ji Ji Xing.

However, Long Chen knew clearly that each of them was the size of a Demon Star. Maybe Fire is one of the ten super planets in chaotic star field.

This was the first time Long Chen had seen another world besides the Dragon Sacrifice Continent.

It could only be described as strong, wonderful, and shocking.

In terms of beauty, the seven-colored Lingsu Star Sea was much prettier than the dragon-shaped continent's Dragon Sacrifice Continent that was in decline. This beautiful world made people even more unwilling to destroy it.

This was the origin of the Spirit Race!

Lingsu Star Sea!

Stars, such as a colourful ocean.

Every single star was like a drop of water on the sea.

"I can't let them destroy this place!"

Long Chen finally understood.

No matter where he went, he would be alive, and he could not be devoured. Even though he was born in the Dragon Sacrifice Continent, if he brought this disaster to this beautiful world for this kind of transaction, it would be a mistake and he would not be able to face it.

Therefore, he knew it was time to resist.

Chapter 2574 - The Gods of the Spirits

"He's here. He really made me wait too long."

Right at this moment, Emperor Shakya, Nuwa, and Sky Demon Ji Yuan all arrived at Long Chen's side from three different directions. They all looked at the Lingsu Star Sea together.

"What a beautiful world, it's hard for people to bear to destroy, don't you think so, Long Chen?"

Aqua Smoke looked at him with an enchanting smile.

Sky Demon said, "Get ready. If we get any closer, I will pack up the Primal Godship. We will quietly land on one of the hundred thousand planets in the outer perimeter." Don't make any noise. The divine gods of the Lingsu Star Sea should generally be present in the Ling Ji Ji Xing. Don't startle them, we can all devour these 100k planets one by one. "

I'm already hungry, but I don't know if some people will keep their promise or not. If there's a ruckus on purpose, if the Lingsu Star Sea's gods find out, and want to join hands to deal with us, what should we do, Big Brother? "

They naturally understood such a simple logic.

The reason why Aqua Smoke said this out loud was to warn Long Chen. Ten million years had passed, and no one knew just how many divine beings there were in the Lingsu Star Sea. When they were exhausted, they were still willing to quietly devour them. This required Long Chen to be obedient.

The Sky Demon turned his head to look at Long Chen, and said, "I believe he won't. Firstly, he is someone who keeps his promise. Furthermore, if we do that, it would be a violation of the deal. Since he did that, I don't mind turning around and devouring all of the billions of lives in Dragon Sacrificial World after destroying them. When we return from Lingsu Star Sea at that time, our speed would be hundreds of times faster than now. "It won't take long."

Sky Demon had always been quiet, never saying any harsh words to Long Chen.

But now he did.

It was impossible for him to make any other concessions. He was the leader of the demons, the origin of all evil, and if he really went against his bottom line, no matter how much he admired Long Chen's talent, he would do whatever he just said. For him, this was not a difficult matter.

Long Chen's heart trembled for a bit. He raised his head, looked at the Heavenly Demon Ji Yuan, and said, "Rest assured, I know what to do. "He won't do anything rash."

"Good girl, this is my new good brother. Don't worry, as long as you join our Primordial Demons and sign the Giant Demon Contract. From now on, your future will be bright. You will be able to shake the entire world, and your world will grow stronger and more glorious because of you. You don't have to pay. So I believe that you will make your choice. "

Aqua Smoke said coquettishly as she blinked her watery blue eyes.

The nearby Nuwa let out a snort, his eyes filled with murderous intent.

Mo Xiaolang had been looking at her the entire time. Perhaps, only Long Chen knew what kind of hatred existed in his heart, and that it was impossible for him to compromise. In fact, even more than that, Long Chen did not need his opponent to threaten him, he had already understood that today's battle was his last chance and he wanted to participate in this battle. This was his only chance, and if he missed this opportunity, he would not be able to explain to his own daughter, nor would he be able to face the torture in his heart.

Perhaps it was hard for the Three Devils to understand. To him, there were some things that were more important than their threats. Long Chen made the most dangerous decision on the road full of blades. He believed in his own judgement. The great war was about to begin.

As they got closer and closer to the Lingsu Star Sea, the size of this planet became more and more shocking.

Outside, this planet had covered more than half of the sky, I believe that on the hundred thousand planets, there would often be a whole sky covered by this Ling Ji Ji Xing.

He concealed his power within the starry sky and the Nuwa Devils followed behind him, as did the blue water smoke. Long Chen and Mo Xiaolang did the same as the five of them as they headed towards the surrounding hundred thousand planets. When they got closer, the Heavenly Demon Ji Yuan chose one of them to be a planet filled with green trees and the sounds of birds chirping.

After passing through the thick clouds, the five of them landed in this world.

Raising his head, he saw that half of the sky was filled with the colourful Ling Ji Ji Xing.

The entire world was filled with lush greenery and was extremely peaceful. There were roughly ten million spirit race cultivators. Of course, in their eyes, they were human beings, humans of the Lingsu Star Sea. No wonder the spirit race of Dragon Sacrifice Continent was unable to inherit the dragon's inherited blood.

This beautiful world was about the same as Sky Dragon Star.

Through the trees, Long Chen could see that every single face of the humans in the sea of trees was actually not much different from the people of the Dragon Sacrifice Continent. However, the level of their cultivation was different, their strength was average, and the average level of the Heaven Martial Stage s were about the same.

"It seems that the Lingsu Star Sea has not been replaced by the new rules yet. The gods of this world should still be gods of faith, and now that another ten million years have passed, it's rather rare that they haven't been replaced by the new rules. After all, this is the place closest to the dragon sacrifice's sea of stars. Their old rules seem to be that once one passes ten tribulations, they will become a Deity. It will be fairly easy. "

This sentence that the Heavenly Demon Ji Yuan said was more or less telling Long Chen.

"Little brother, we have to start. If you don't like it, then go play on the side, these are all mortal spirits, and to us Ancient Giant Demons, they are just food. I think you guys won't sympathize with the fish on your table, right? So don't easily define us as evil. "

After Shui Lanyan finished speaking, the process began with the Heavenly Demon Genesis.

Long Chen watched as the three of them disappeared. With their speed, the ten million people would probably disappear in less than fifteen minutes. All life.

"But you don't know that the fish in your eyes and I are of the same species!"

Long Chen had already made a firm decision long ago.

When they had first started, he had rushed into the starry sky with Mo Xiaolang without a second word, then unsheathed his supreme Divine Emperor's halberd and slashed in the direction of the Ling Ji Ji Xing. This was the power of a god, so the resulting upheaval was naturally unimaginable!

BOOM!

The entire incomparably large Ling Ji Ji Xing trembled for a moment.

This world was actually much more stable than the Immortal God Realm.

There were trillions of living things in the Ling Ji Ji Xing, and all of them had been extremely peaceful for a million years. There had never been a vibration like today, and the power that belonged solely to gods instantly swept across the entire Lingsu Star Sea. I believe that as long as there were gods in the Lingsu Star Sea, they would rush forward to surround and kill Long Chen within a short amount of time!

"It's really a huge world. I didn't expect it to be like this, and it can only be considered to be in the Ten Thousand Worlds. The fourth level is only better than Dragon Sacrifice Continent's." This huge planet had a huge territory. If one were to look around and enjoy it, one wouldn't be able to experience all of the scenery for a million years.

It worked.

"Who's the demon or god, come and wait for my Lingsu Star Sea! Stop right now! Otherwise, you have to bear the consequences! "

Just as expected, at that moment, there was a loud explosion that shook the entire Lingsu Star Sea.

"Huala!"

Everyone in the world was shaken as they looked around blankly at the enormous change that had just occurred. To everyone, Fiendgods were legends, but now, they appeared. When they heard the sound, the mortal spirits dropped to their knees, trembling, and began to cry out!

From the sound of it, there should be more than a dozen deities.

"Hopefully, there's someone a bit stronger. If it's all Taiji Realm, then we're really screwed."

Long Chen laughed bitterly.

He and Mo Xiaolang had already made their preparations.

"I really don't understand."

Right at this moment, behind them, the Diremonster of the Primordial Era, the Nuwa Devil, and Prison Demon Shakya, who had yet to be devoured, appeared.

The Sky Demon, Ji Yuan, was still very calm. The Demon of Nuwa was cold and bloodthirsty, Shui Lan Yan pursed his lips and shook his head, looking at the two of them with a regretful expression.

"You're so brave, and finally managed to let so many people from the Dragon Sacrifice World live. Now you're betting with their lives, what's the meaning of this?" The Heavenly Demon did not understand.

He thought that what he had said before was enough to scare Long Chen.

Long Chen's eyes were sharp like a torch, and said: "All of you are lives, you all believe yourselves to be noble, view your mortal souls as dung, and naturally cannot understand. I have no enmity with this Lingsu Star Sea, so I can't harm them. Either both worlds will perish together, or you will all die together. This is my choice. In my entire life, I will never become an ancient Giant Demon. It's not that I loathe your dirty blood, but that I look down on you. All things have retribution. You rampage through tens of thousands of worlds, and view all living things as worthless, so you have been imprisoned for tens of thousands of years. Now that you have escaped and have harmed all living things, there is no way that you can escape retribution.

"I understand that you and I are not on the same side as each other, so it is impossible for us to be together. However, since you chose to do so, you should bear the consequences that you have to endure. "You still want to kill us, but we will destroy these two worlds. If you keep your promise, we will all have to wait and see!"

Right at this moment, the Ling Ji Ji Xing trembled, and a rainbow light enveloped the entire Lingsu Star Sea. The Spirit Race was proficient in formation diagrams, so such a huge formation must have been set up by a god. It seemed like it would be impossible for the Heavenly Demon Ji Realm and the others to return to the Dragon Sacrifice Continent before they devoured them.

"Don't worry, we won't leave first." Lan Yan was not worried at all as she smiled coquettishly.

"You made a choice that I admire. "Then, let the contest begin!"

The Heavenly Demon Ji Yuan was still peacefully sleeping. At this moment, he held the shoulders of the Demon of Nuwa and Shui Lanyan, and swept up the power of time in an instant, sending Long Chen flying. In the blink of an eye, the three of them disappeared, hiding somewhere!

"Quickly chase them!"

Mo Xiaolang was anxious.

Long Chen shook his head and said: "Don't be rash, they won't be able to leave.

Just as he finished speaking, from the direction of the Ling Ji Ji Xing, more than ten divine beings came attacking in a rage. Their formation was extremely shocking!

#### Chapter 2575 - Difficulties in Communication

The Immemorial Giant Demon was a demon, and Mo Xiaolang was also a demon. However, he himself had not truly become a god, and only possessed the power of a god.

Therefore, all these people in front of him, were actually the deities that he had seen for the first time!

In the World of Gods, the ones that the White Bone Divine General encountered were not true Gods.

Now, so much time had passed, and Long Chen also possessed a divine strength, surpassing any single one of the world's trillion living beings. With his current level, what he saw was the entire outside world, but there shouldn't be many people stronger than him.

Right now, the Spirit Race's gods had already constructed a colored formation that covered the entire Lingsu Star Sea with their fastest speed. It was the most magnificent formation that Long Chen had ever seen in his life, even more terrifying than Magic Star Seal s.

At the same time, countless array diagrams appeared in the colorful starry sky between the Ling Ji Ji Xing and the hundred thousand stars. It should be the teleportation formation that Ling Xi had previously set up, but there were a lot of these Heaven and Earth Transference Array s.

Sou sou!

In the blink of an eye, several transfer array diagrams appeared around him.

Because he had used the power of a Divine Spirit once, the entire Lingsu Star Sea was on guard. It seemed that the people here were quite cautious. They treated Long Chen as a true divine being, so those who came out were all divine beings, and if they hadn't reached the Divine Realm, they would have hidden themselves.

BOOM!

Around eighteen spirit race gods surrounded Long Chen and Mo Xiaolang.

Long Chen's gaze quickly swept across them. He did not try to conceal his strength any longer, and based on his detection and the feeling of danger he felt, there should be fifteen of these eighteen Divine Spirits, all of them with Taiji Realm s.

Amongst the Taiji Realm, there were approximately seven or eight people who had the same level of initial state as the soul-controlling demon and the Silent Demon, and they had the most number of them. Those equivalent to Mo Xiaolang's current Perfection should be around the five of them, while the remaining three should be of polar state. had surpassed him in terms of the quantity of Divine Source Power, but the other party should have already cultivated the Infinite Divine Art, so the nature of their strength surpassed his.

polar state, could be considered to be something that Long Chen was wary of.

However, what he was most afraid of were the other three. From their intuition, these three should have exceeded the Taiji Realm, as they carried with them a higher level of power of laws. They were not like the half-assed Mo Xiaolang had when he used the fire wings of the Infinite Fire Devil, but were truly vigorous, noble, and profound. It should be at the 'Divine Monarch's' level, Taiyu Deity.

From the very beginning, Long Chen only suppressed the current Sky Demons because he hoped to have more gods of this level.

Among the three Divine Monarchs, one of them was a white-haired old man with a long beard that fluttered in the wind. His status was the highest, his qualifications were the oldest, and he should be the most powerful.

The second was a red-haired man who trained in the laws of fire. He was tall and sturdy, had a dark red tattoo, his hair was burning like fire, his eyes were like torches, and his body emitted a terrifying heat.

The third was a dark lady. She was dressed in a long robe and was surrounded by a black mist, which was hard to tell by her figure. She held a black scepter in her hand, and on the top of the scepter was a black gem.

Eighteen divine gods. They were all very united, vaguely led by these three Divine Monarchs.

As soon as he arrived, the flame patterns all over his body released a terrifying heat. The Flame God who was bathing in the divine flame suppressed his words with a domineering and imposing voice, "Who are you, you are not the God of Lingsu Star Sea. Could it be that you came from another world? Hurry up and reveal yourself!

The imposing aura of the Divine Monarch was heavy, his eyes looked like they were filled with the screams of Divine Birds, but they were unable to completely suppress Long Chen.

Now that the Sky Demon had escaped, in order to avoid any misunderstandings, Long Chen packed up the Supreme Divine Emperor Halberd. He was extremely frank and polite as he said to the Spirit Race gods, "Everyone, don't worry, I have no ill intentions. My name is Long Chen, and this is my brother. We are from the world beside the Lingsu Star Sea — — Dragon Sacrifice Continent. "

"Dragon Sacrifice Continent?"

The eighteen Divine Spirits were a little suspicious. Their age shouldn't be too far away, probably not over ten million years old.

The white-haired old man was most likely the First God. He said, "I know that this world seems to be a low level world. It is difficult for even deities to be born. It seemed very powerful in the past. Our Lingsu Star Sea has been sealed for many years, and outsiders are not allowed to come.

For the current Ten Thousand Worlds, the Lingsu Star Sea and the Dragon Sacrifice Continent should be considered as corners.

They obviously didn't know much about the Ten Thousand Worlds, but actually, Long Chen was more or less the same. If not for the fact that Primordial Demons came out, he would not have known that there were so many worlds.

The white-haired Divine Monarch was easier to talk to, so Long Chen asked him: "Everyone, I would like to ask, have you heard of the Primordial Demons?"

The gods of the spirit race were still at a loss.

The Flame God was enraged. "What Primordial Demons? You guys barged in without permission and attacked the Ling Ji Ji Xing, you have malicious intents, do you want to lie to us now? Lingsu Star Sea is our world, don't even think about doing anything! "

The other Gods all had vicious looks in their eyes as well, and they surrounded him.

"Wait." The white-haired Divine Monarch waved his hand and said, "I know that the Primordial Demons is a clan of demons that wreaked havoc throughout the myriad realms thousands of years ago. But rumours have it that they have been sealed somewhere in the Myriad Worlds by strong people and have disappeared for ten million years. "

It was good enough to have someone who understood.

Long Chen took this opportunity to make a long story and said, "Everyone, there are more than 40 Primordial Demons in total, and all of them have been sealed in the Dragon Sacrifice Continent. Millions of years later, they found an opportunity to break the seal and escape, and amongst them, more than 30 ordinary Ancient Giant Demons, because of the depletion of the seal and only the of the Taiji Devil Realm, have been killed by me, and there are five Overlords among them. Among them, the Battle Demons and the Nothingness Demon are all at the level of 'Demon Kings' from tens of thousands of years ago.

"What!"

Most of the gods in the spirit race had never left the Lingsu Star Sea since birth, nor had they heard of the ancient Giant Demons. But they knew what a 'Demon King' meant, and what a 'Demon Emperor' meant.

The Taiji Realm was an ordinary divine spirit.

Even though it was ordinary, it was still considered to be an extremely powerful divine power. To all living beings, it was considered to be the absolute ruler.

The Taiyu Deity was known as the Monarch. The Lingsu Star Sea had a total of three Divine Monarchs. Although it was inferior to tens of thousands of years ago, it was still quite good to have three Divine Sovereigns existing at the same time for at least another ten million years.

Above a Divine Lord was a realm far beyond that of a Divine Lord. It was known as a Celestial King, the same level as the Infernal King.

Above the Demon King, he was far more powerful than the Demon King, and was only considered a Demon Emperor, but he was also a Divine Emperor! Only in the most top-notch world would Divine Emperor be born! The emperor of the Fiendgods was an invincible figure of all ten thousand worlds! To control trillions and trillions of lives, there was no problem at all. A single Divine Emperor could easily destroy an entire Lingsu Star Sea.

"Heavenly Demon of the Era! "Lord Nuwa and Emperor Shakya!"

The white-haired Godking's face changed dramatically as he spat out these words. Indeed, he recognized these people.

"That's right, it's them. The two of us lost to him and allowed him to capture us. Just then, they were just about to start devouring us, so I seized the opportunity to inform them by attacking. The goal is for you all to join hands with me in fighting the three demons who are still in a weakened state. I hope that everyone can accept this matter as soon as possible.

For a time, the eighteen Divine Spirits looked at each other.

At this time, the only goddess said: "No, let's not talk about how the two of you are able to handle Nothingness Demon and Battle Demon. Furthermore, he killed dozens of Ancient Giant Demons. The most inexplicable thing is, I want to ask, do the life forms of the Dragon Sacrifice Continent still exist? Otherwise, those three devils would have already recovered to the point where we can't deal with them. "

Her voice was cool and melodious, very pleasant to listen to.

Long Chen naturally knew that they would think of this issue, and he could not hide it from them. Otherwise, there was no way they could work together, so he said: "There is a reason."

As he spoke, he told them about how the Heavenly Demon Primaltwin valued them and how he had set up a deal with them.

"Everyone, at that time, in order to save others, we did not think about it that much, moreover, we had no other choice. He couldn't watch everyone die either, so he could only agree to this trade. As for why Sky Demon Ji has come to the Lingsu Star Sea, that is not something that we can control, so I am sorry. "

It was because Long Chen and the others were connected to this world, that he was truly apologetic in his heart.

The white-haired Divine Lord said, "Are you saying that the Heavenly Demon Ji values your potential, makes a deal, does not destroy the Dragon Sacrifice Continent, and comes here to devour the life forms of the Lingsu Star Sea? What does the Lingsu Star Sea have to do with you, since you have made the deal, you can just go and become the Primordial Demons. Why take such a big risk to remind us?"

In the end, even if they hadn't seen the Heavenly Demon Genesis, they still wouldn't believe it.

The eighteen Divine Spirits still stared at them covetously.

Long Chen said seriously: "This is nothing much to answer, everyone, be prepared, they are under the control of your array, so they should not be able to leave now, they are currently in a weakened state, the only time we can take care of them, if we let them devour even a hundred million lives, then everything will probably go down the drain. If everyone truly cares about the Lingsu Star Sea, even if my words are unbelievable, please be serious. "If you don't believe me, I can't explain it, but I believe they will appear!"

"He's right." The Godking suddenly said.

"Everyone, get ready, we will search the entire Lingsu Star Sea!"

"Wait!" The Flame God stopped them and said angrily, "Impossible, even if we have to search for them, we must not let these two slip out of our control. What if everything they say is false? What if they had already signed the Troll Contract? The two of them were unstable, so they had to be imprisoned. Then, even if we have to search, we can feel more at ease! "

#### Chapter 2576 - Flame God Gourd

"No matter what, I feel that these two foreign fellows have malicious intents. If they are not of my race, then their hearts must be different!" At the moment, we are unable to ascertain whether what he said was true or false, and we cannot ascertain if they have other motives. This matter is related to all living things in Lingsu Star Sea, and we cannot let our guard down. Leave it to me. In any case, the Lingsu Star Sea's Gods are strong enough to deal with three Devils, what's there to be afraid of? "

The Divine Monarch, who was shrouded in flames, glared at Long Chen and Long Chen menacingly, like a ferocious tiger staring at its prey.

"I agree with Yan Jun's thoughts. Although we need to be careful, we cannot completely trust these two people."

Other gods began to speak.

If the other party were to think like this, this was understandable. Long Chen said: "Whether what we say is true or not, it will be known very soon. There was no need to prove anything. Other than that, we are here in good faith to seek cooperation to face this calamity together, not here for everyone to imprison us. So, if you want to make a move against us, please forgive us for not cooperating. "

Hearing that, the Flame God laughed coldly. "Cooperation? If what you said is true, then it is you who brought this calamity to my Lingsu Star Sea, you are the true culprit! Furthermore, you truly think highly of yourself. You don't even have a Infinite Divine Art, only a Divine Source Power, and yet you have yet to become a god. What qualifications do you have to cooperate with us, and what qualifications do you have to negotiate conditions with us? "

This fellow's temper was too overbearing, and his heart was too dark, so he wasn't suitable for a conversation.

Long Chen passed him and said to the white-haired Divine Monarch, "Senior, this is a serious matter, so let's not argue over such a trivial matter. If there are any deaths or injuries, even if we argue here for a few more breaths of time, it would not be worth it."

Yan Jun was about to make a move when the white-haired Divine Monarch stopped him in the end, "Since it's like this, I'll give you ten days. If nothing happens within these ten days, then we'll have to assume that everyone is lying and that we're not plotting this. Before that, we would like to request the two of you to cooperate and act together with us. "

"No problem."

Different positions, different methods, Yan Jun actually did not believe what Long Chen said.

Of course, he didn't want the feeling of danger that would come from Mo Xiaolang even more. He felt that this person was his nemesis, and if he wasn't right, this wasn't a god but a devil spirit!

Of course, the other gods had also noticed this, so they didn't say much.

They were still surrounding Long Chen, at the same time they were arranging everything, monitoring the entire Lingsu Star Sea. There were Heaven and Earth Transference Array s everywhere, as long as the Three Devils appeared, they could pass through this Heaven and Earth Transference Array and reach any corner of the Lingsu Star Sea.

The white-haired Divine Lord and the others all closed their eyes, searching the entire Lingsu Star Sea.

Time passed quietly.

Yan Jun spun around Long Chen and Yue Yang, the power of the flames on his body churning. After his Divine Source Power cultivated the Infinite Divine Art, it added a fire attribute to it.

"The Infinite Divine Art that has cultivated the 'prehistoric level', is a Divine Lord initial state that has reached its peak state. Its combat power is super strong, and it is probably worthy of being called the second ranked Lingsu Star Sea." Old Dragon analyzed.

This was also a reminder to Long Chen and Mo Xiaolang that it would be best not to get into conflict with such people. Although their appearances were similar, the other party might have cultivated for a million years or even longer in the midst of an endless amount of time.

"Listen up, the two of you. If you even damage the Lingsu Star Sea in the slightest, I, Yan Jun, will definitely allow you two to refine it alive, to the point where you can't even die!"

he said in a low voice.

"Ten days, ten days have passed. If they still do not appear, you must be lying. When that time comes, let's see how I'll deal with you!" Judging from your appearances, you all are definitely not good people! And yet, her potential was limitless, causing the Heavenly Demon Genesis to have a whole new level of respect for her? You can make up such a joke, don't you feel embarrassed? "

Yan Jun and the few Divine Spirits beside him started to mock them.

It seems that although there are only eighteen Divine Spirits, they are also divided into various factions. With three Divine Lords as the leader, the other Divine Gods are all loyal to them. The few people beside Yan Jun were all loyal to him, and they followed behind Yan Jun with every movement.

The other two were honored as 'Sacred Masters' and 'Dark Monarch'. They were the three great rulers of the Lingsu Star Sea. The fifteen Divine Spirits were also known as the 'Overgods'. They were the faith of the entire Lingsu Star Sea.

It could be seen that they were similar to Long Chen and had a lot of followers. However, ordinary divine gods did not have as many divine palaces as Long Chen had. Only about a billion.

This meant that even if there were two trillion people, it was impossible for everyone to provide the god with the power he desired. Even that Yan Jun had around ten billion people who were loyal and trustworthy.

Time quietly passed, but the three Devils didn't make any movements. So far, there hadn't been any widespread casualties.

As a result, Yan Jun stared at Long Chen, his smile becoming more and more sinister.

"Ten days are almost up. I want to see how you're going to explain it!"

Yan Jun moved closer and said solemnly.

Long Chen said in an indifferent manner: "That only means they have to be patient enough, but to be hungry to this extent, in front of a good meal, there will be a day when they will not be able to hold themselves back."

"That has nothing to do with you, because after ten days, you will enter my 'Flame God's Gourd' and be refined by the furnace inside. You cannot come out without my permission! You country bumpkins who don't even have Infinite Divine Art must not know what this is, right? "Let me tell you, this is a 'Creation Divine Artifact'!" the Creation Divine Weapon of the 'prehistoric level'!"

A fiery-red bottle gourd appeared in Yan Jun's hand. It flashed and disappeared, but a terrifying heat was transmitted over, and it was as if a sun had appeared beside Long Chen. The might of a Creation God Creation Tool could be clearly seen.

"The flames spat out by this bottle gourd can burn away half of Lingsu Star Sea. Yan Jun threatened.

Suddenly, he thought of Long Chen's Supreme Divine Emperor Halberd. Even though he had only taken a glance, he was sure that it was a Creation God Manifestation grade weapon. Before this, he had used a divine creation to showcase his superiority. But as he thought of this, he couldn't help but feel even more dissatisfied.

In any case, he just did not like Long Chen.

Especially the silent Mo Xiaolang.

"Let's wait and see." Yan Jun said in a low voice.

In the blink of an eye, the tenth day had arrived. At this time, the Holy Monarch, Dark Monarch and the others had gathered beside Long Chen.

The Sacred Master said, "Long Chen, ten days are up. If you don't have a reasonable explanation, we will have to imprison you first."

Yan Jun hurriedly said, "There's no need for any reasonable explanation, nor is there a need to be courteous to these two little fellows."

In reality, among the spirit race gods, there were even more who supported Yan Jun. He was more overbearing and aggressive.

Long Chen was neither humble nor arrogant, he cupped his hands and said: "Senior, this doesn't mean anything, it only means that they are holding back, if this Lingsu Star Sea is only a short-sighted person, then I have nothing to say."

"What did you say!"

He understood that Long Chen was saying that he was short-sighted.

"Brat, you are forcing me to take care of you!"

Yan Jun was about to make his move.

At this time, the faces of everyone present changed.

"Stop!"

With a loud shout, he disappeared. The Holy Lord brought everyone into the nearest Heaven and Earth Transference Array and disappeared.

"They've appeared!"

Long Chen pulled Mo Xiaolang, and with lightning speed, followed the Lingin Gods. Only Yan Jun was in a daze for a moment, said that he deserved to die, then chased after Long Chen, and entered the Heaven and Earth Transference Array together.

In the blink of an eye, it appeared in another part of the world!

This was an incomparably vast land. The sky was filled with colorful clouds, and rainbows were everywhere. It was an extremely beautiful world, and even the sand under their feet was colored.

Unfortunately, no one appreciated this kind of beauty at this time.

"Holy Spirit God Palace!"

In front of him was a snow-white palace that floated in the clouds. It was extremely large, and was made from top-level Daoist items. It was estimated that there were more than nine hundred Dao patterns on it. This snow-white palace, which was originally shuttling through the colorful clouds, was now surrounded by black demonic energy. It screamed miserably, as if it was hell on earth!

"Evil creature!" "Break into my Holy Spirit Palace, die!"

Sacred Masters and Dark Monarch were terrifyingly fast, just as Long Chen arrived at this place, they were already at the Holy Spirit Palace. At this moment, the devil aura on the Holy Spirit Palace retreated. Endless amounts of devil aura was being forced back by the Holy Lord and the Dark Monarch. At this time, the other gods all rushed forward!

"Don't let them escape!"

Yan Jun also blocked a corner.

The demonic energy was retracted, because of the Lingin Gods's quick reaction, the Holy Spirit Palace was preserved. However, most of the people inside had fallen to the ground as they were affected by the demonic energy. They were not gods, and even if they were spirit race warriors equivalent to Dragon Emperor s, they would probably not be able to resist.

This Holy Spirit Palace should be one of the places in the Ling Ji Ji Xing where the strong gathered. There were many warriors at the same level as the Dragon Emperor, and there were probably several hundred of them. This showed just how powerful the Ling Ji Ji Xing was.

"Dawn!"

The First Divine Lord unleashed a rain of light, filling the entire Holy Spirit Palace with his warm energy. Under the nourishment of the rain water, the powerhouses that were contaminated by the demonic energy gradually recovered. However, from the looks of it, they were swallowed up.

"Whiz!"

The three figures formed from demonic energy were naturally the Diremonster, the Nuwa Devilsnake, and the Prison Demon God Sakya.

She licked her pink tongue and said tenderly: "As expected, the higher the cultivation, the more delicious it is., this is only the beginning, Long Chen, don't hide, let this sister see it."

Even if they were surrounded, they did not show any signs of fear.

The crowd was enraged. Without saying a word, they rushed forward. Although they knew that these three were ancient gods and demons, and that the youth in the middle was once the Demon Emperor of an entire world, they would have no chance of survival if they did not take action now!

#### Chapter 2577 - Exotic Fiendgods

Long Chen was now before the Sacred Spirit Palace, before the Primordial Heavenly Demon.

This youth who looked exactly the same as Di Yu actually smiled faintly to himself at this moment, and said: "It's only just the beginning, you'll regret it. Thank you for making this game, hide and seek? It will definitely be very interesting! "

At this time, the deities had already taken action.

When the Sky Demon finished speaking, he waved his hand, releasing a tempest of time. Even Long Chen was trapped in a state of intense time disorder, and when it calmed down, they had already disappeared.

"Chase!"

Yan Jun bellowed.

However, after they investigated the entire Lingsu Star Sea, they immediately understood that when the Heavenly Demon Ji Yuan didn't want them to find him, they couldn't find him at all. For a time, the gods remained where they were.

A deity checked the casualties and said, "The Holy Spirit Palace originally had a total of a hundred thousand people, and they are all good seedlings that may become deities in the future. Now, thirty thousand people have been devoured. They are all pretty good geniuses from our clan. "

This result was undoubtedly very painful.

The levels of Lingsu Star Sea were very clear. If one's talent was not enough, they would be kicked out of Ling Ji Ji Xing and they could only survive on the hundred thousand stars. To the Gods, this thirty thousand loss was much more severe than the loss of a single star among a hundred thousand stars!

"Damn it!"

The gods were enraged, and the surrounding world began to crumble. Below them, countless people saw them and couldn't help but kneel down and kowtow to them.

Now that the Holy Spirit Palace was under such a terrible attack, everyone understood even more deeply that in a short period of time, the news had spread very quickly, and they believed that before long, it would cause a certain amount of panic. After all, even the three Divine Monarchs had all taken action because of this!

What a big thing that must be!

The Dark Monarch said at this time: "Everyone, the arrival of the Primordial Heavenly Demon has been confirmed, this matter is extremely huge, if we do not handle it well, it will cause our Lingsu Star Sea to become extinct, from this moment onwards, we will no longer have any tricks up our sleeves! It's time to discuss in detail how to deal with them! "

The gods watched the Lingsu Star Sea and conversed at the same time.

To be honest, the title of the Heavenly Demon was too well-known, the title of the Demon Emperor was too terrifying. The more Lingin Gods thought about it, the more terrified he became.

Who would want him to die? Who would want this beautiful world and countless citizens to disappear?

For a time, everyone's hearts were heavy, as if they had gone insane.

"It's all your fault!" If it weren't for you, the Heavenly Demons of the Era wouldn't have come to Lingsu Star Sea! These two damned things, what does your world being destroyed have to do with us! " Yan Jun turned his head and saw Long Chen and Yue Shan, the anger in his heart couldn't help but burst out.

"Yan Jun!"

This time, it was the Holy Lord who stopped him. Before Yan Jun could make his move, the Holy Lord appeared right in front of him, and said with a torch-like gaze: "Can you clear your mind a little? The fact that they are willing to risk informing us will prove that they have the courage and the courage to trust us. Now that I have verified the existence of the Heavenly Demon, as the God Lord of Spirits, do you not have the courage to face it? The most important thing right now was how! It's not about you killing our helpers! "

The Holy Lord normally did not bat an eyelid, but when he got angry, it was indeed very impressive. It immediately deterred Yan Jun and the few Gods.

After saying all that, the Holy Lord's expression did not change. At this time, countless people on the Ling Ji Ji Xing were discussing amongst themselves, and some of them were panicking.

The Holy Lord's voice resounded throughout the world, "My people, I am the Holy Spirit King! When the Holy Spirit Palace suffered an attack today, it was three otherworldly demons that sneaked into my Lingsu Star Sea. But don't worry, I will join forces with the gods to capture these three otherworldly demons quickly! "

In the Lingsu Star Sea, the Holy Lord was the highest ruler.

Most people would never be able to hear the Holy Lord's voice.

So, when the sound spread throughout the world, at that instant, almost everyone knelt on the ground and started to sincerely chant.

In the Lingsu Star Sea, this saint was a peerless legend, a god who had protected the Lingsu Star Sea for millions of years! His achievements before he became a god were widely spread among the people. In the entire Ling Ji Ji Xing, countless Holy Lord's Temple 'was built for him.

With a single sentence, he comforted all living beings.

Next was the layout.

Yan Jun was burning with anger, but he decided not to target Long Chen at the moment. That would be too petty. He really didn't expect that what Long Chen said was actually true.

The Holy Lord continued to instruct, "Next, we must not separate. We must carefully monitor every corner where there is life! There must be no mishap. "

"Yes sir!"

The gods responded heavily.

"Remember, this might be the most difficult calamity to deal with in the past few million years. I hope everyone can adjust your heartbeat and take it seriously. "The battle is about to begin!"

The spirit race's gods all nodded. Their fighting spirit surged. They had been living in peace for too many years, and after experiencing this kind of thing, they truly could not adjust themselves.

"Activate the 'Lingsu Star Sea's Consecutive Array', protecting each and every star." The Dark Monarch said to the woman shrouded in black robes.

Everyone looked at each other and nodded as well. This was not an ordinary array, every time it was used, the consumption was huge, and all the living creatures' power had to be used. This was only done when the Lingsu Star Sea was in a life or death situation.

Amongst the eighteen divine beings, ten of them were Ling Ji Ji Xing s, the others were bringing Long Chen and the other two out of the rainbow colored clouds, constantly monitoring the entire Lingsu Star Sea.

"You two, I had a misunderstanding about you two. I hope you can understand. " The Holy Lord himself had come, full of regret.

Long Chen nodded and said, "It's alright. I was the one who brought the calamity here, and the one who should apologize was me.

"That's good."

The Holy Lord didn't say anything more, but continued to pay attention to the entire world.

At this time, they had probably already activated the Lingsu Star Sea Consecutive Array. At the start, there was a colorful light barrier that enveloped the entire Lingsu Star Sea, but now, a new colored light barrier appeared, protecting the Ling Ji Ji Xing. However, this colorful light barrier was a bit different, the light patterns on it were complicated and constantly changing.

Not only that, the hundred thousand stars in the surroundings also appeared to have a light barrier. The one hundred thousand stars connected with the light barrier of the Ling Ji Ji Xing with a thick, multicolored light pillar.

From a distance, it looked like a giant ball, with all the small balls tied onto itself with ropes.

If those three people are still in the Ling Ji Ji Xing, then it would be difficult for them to come out. If they are in the starry sky, then it would be hard for them to go in, but if they are on the hundred thousand stars, that would be even better. We can trap them in there, but there's no way we can get out.

However, no matter what, it was better than the passive situation they were in previously. Furthermore, they, the gods, were able to mobilize the power of the entire Lingsu Star Sea's Consecutive Diagram Array at any time, and change the structure of the Diagram Array.

The Sacred Emperor stood in the starry skies, overlooking the world. He said, "Everyone, we can only wait for our opponents to show up out of hunger. Once they appear, it will be the time for us to fight to

the death. With this 'Lingsu Star Sea's Consecutive Diagram Array', they wouldn't be able to escape as easily as last time!"

Long Chen's eyes widened, indeed, the Lingsu Star Sea and the other gods were not weak, at least in terms of their knowledge in formations, they were all very powerful.

"Brother Chen, their array formation and the array formation outside have records of the Sector lord Divine Arts. It seems that the Spirit Race and the Pure Maiden Goddess are related to their world."

Ling Xi said from within the Divine Kingdom.

"It's true that we don't know what happened, those two probably Divine Emperors are heading towards the Dragon Sacrifice Continent. Then it disappeared again. "Before you find out, don't reveal your identity so that there won't be trouble."

"Alright." Ling Xi knew the benefits.

What followed was endless waiting.

Yan Jun was still not convinced, he kept staring at Long Chen with anger, he was too lazy to bother with such a petty person. Although he said that he was the one who had caused the Heavenly Demon Genesis to come to this world, Yan Jun still did not understand what it was that he needed to devote all his heart and soul to.

Time passed slowly.

"Saint, if they still don't show up within the next two months, I'm afraid that everyone won't be able to handle this 'Ling Ji Ji Xing's Consecutive Array Diagram' anymore. After all, this is a huge consumption of energy."

A deity said.

The Holy Lord replied, "We'll just hold on for a bit longer. At the very least, we'll be able to keep ourselves safe for two months. "Other than that, they definitely do not know about our formation diagram, so we do not know how long we can hold on for. They will definitely take action!"

As the First Godking, he was currently the most pressured of them all.

Who would have thought that in the blink of an eye, a month had passed and not even the Primal Heavenly Demon appeared!

"He really can endure it, as expected of a figure that once belonged to the Demon Emperor level!" Yan Jun scolded.

The Lingin Gods were tense. Until today, they were already a little tired, and the 'Lingsu Star Sea Diagram Array' could not hold on much longer.

"Still not appearing?"

At this point, the living beings had a huge opinion of one another. The fact that the gods had not dealt with him yet made them realize the power of this otherworldly demon. If they panicked, the Lingsu Star Sea's array formation would also waver.

Long Chen was very patient. He treated this as a game.

"They should be arriving soon."

"If it's me, I should be here for a few days!"

When he raised his head, the Holy Lord was completely focused. This was probably what he was thinking as well.

More than a month passed.

Suddenly, the Holy Lord shouted, "One hundred thousand stars, Cloud Crane Star!"

A loud alarm rang out!

Beside them was a Heaven and Earth Transference Array. At that moment, everyone instantly rushed in.

## Chapter 2578 - Internal conflict

After waiting for more than a month, this moment had finally arrived!

Just now, the Sacred Monarch had discovered the movements of the Cloud Crane Star.

Amongst the hundred thousand stars orbiting around Ling Ji Ji Xing, Cloud Crane Star could not be considered to be much, only a few million people. Furthermore, the ones with the highest cultivation were equivalent to the Nirvana Tribulation Realm, and were about the same as the entire Three Great Imperial Domains.

However, the space on the Lingsu Star Sea's side was extremely stable, so even a mere Cloud Crane Star would have more stability than the Immortal God Realm.

Passing through the Heaven and Earth Transference Array, they had instantly arrived.

In the blink of an eye, Long Chen, along with the other divine beings, had arrived at a planet called Cloud Mist. There were many crane-like beasts here, and their cultivation systems were also different from those in the Dragon Sacrifice Continent.

"Over there!"

After arriving here, the gods immediately discovered the existence of the devil. On the horizon, the devil aura was overflowing, and that demon aura instantly occupied more than half of the planet, drowning the entire planet in clouds and turning most of the planet black!

This was an ancient giant demon that looked like a snake. Although it also had dragon scales, devil claws, and hard flesh wings, it had a snake-like triangular head and long snake tail. To the other ancient giant devils, the one in front of them was considered beautiful!

At this moment, countless people were being swallowed by this archaic Giant Demon. They flew towards its enormous mouth and were washed into the black vortex. In an instant, there were tens of thousands of them!

"It's the Netherworld Devil!"

In an instant, they traversed ten thousand kilometers. Before Long Chen had even arrived, they had already surrounded the neo-demon, cutting off the process of her devouring. With a myriad of attacks, they began to fight against the Nuwa Demon which didn't have enough time to flee.

"Only the Nuwa himself ... most likely, the other two have already split up from her. Now that everyone is here, we must pay attention to other places!"

Long Chen said anxiously.

Hearing these words, the remaining ten or so Gods didn't charge forward, but instead continued to monitor the entire Lingsu Star Sea. As for the Nuwa Devils, they were dealt with by the three Divine Lords, so there shouldn't be any problems.

When Long Chen arrived at the battlefield, it was as if the devils had been suppressed by the divine powers of the three Divine Monarchs. Yan Jun and the Dark Monarch among them used the Creation God Equipment. The Flame God Gourd swallowed and spat out the purple divine flame, forming a gigantic flame beast. When fighting with the Nuwa Demons, the nature of the flames was much stronger than the flames Mo Xiaolang produced, while the Dark Monarch wielded the dark scepter.

"Secure space!" Don't destroy the Cloud Crane Star! " There were still a few other Gods around. They were afraid that the battle would escalate and destroy the Cloud Crane Star, since there were still many who were alive!

Under the suppression of the three mighty Gods, the power of the Nuwa Devils grew fewer and fewer. Even now, Long Chen still wasn't clear what kind of power the Nuwa Demon had.

"It can't be just the Nuwa himself; the other two are definitely doing something else." "And, given their craftiness, how could they allow the neo-demons to be killed on their own?" Long Chen calmed down, it was not his turn to take action.

The Holy Lord shouted in anger, "Evil evil spirits, you dare offend my Lingsu Star Sea, two Divine Monarchs, kill him quickly!"

Only by quickly killing such an existence could the Holy Lord feel at ease!

BOOM!

They didn't even care about the continuous cloud and Hei Xing as they launched their Divine Lord level law attacks, making Long Chen's vision go blurry. Indeed, under their powerful bombardment, the Nuwa Demon seemed to have been injured, blood splattering everywhere.

"At my peak, you ants are not even fit to carry my shoes!"

The voice of Nuwa was miserable.

Seeing her bloodied body, Long Chen was shocked, it seemed like her choice was right. This Lingsu Star Sea was still very strong, that was why he brought so much trouble to the Three Devils, he didn't even have time to swallow her!

But ... would he be killed just like that?

If he was killed, then Su Yan would definitely die as well.

Mo Xiaolang would definitely not let this happen!

In that moment, Long Chen understood the true scheme of the Heavenly Demon!

Or maybe this was Aqua Blue Smoke's idea! Or perhaps, at this time, the two of them had already started to swallow them from another world!

"Little Wolf!"

However, just as he realised that it was already too late and the three Divine Monarchs were defeated and were about to execute a slaughter, the Nuwa Demon, who was trapped in a spirit array, suddenly shouted towards Mo Xiaolang, "wolf cub, save me!"

That was Su Yan's voice.

In the blink of an eye, he transformed into a Sun Devouring Demonic Wolf and charged forward. At this moment, Yan Jun's purple divine flame was extremely close to the devil, and in the blink of an eye, it had wrapped around and bound and burned the beast.

At this point in time, the Saints and the Dark Monarch would use the Edicts of the Laws, preparing to kill the entangled nether demonic god in a single blow!

Right at this moment, a black shadow charged in, pouncing towards the side of the Vatican. As he inhaled, the violet flames actually began to be absorbed by him, completely disappearing.

"Thank you!" He flew into the air, and today, the formation that had been blocking his path was no longer particularly powerful. He spun around, forming a dark violet tornado that smashed into the interior of the 'Lingsu Star Sea's Consecutive Diagram', tearing a hole in it as he charged out!

All of this happened in the time between the flint and the firelight.

The Holy Lord and the Dark Monarch were slightly prepared. They were about to kill the Nuwa Demon, but their enemies were all gone.

Mo Xiaolang knew that he had been tricked. That was the voice of the Demon God of Nuwa, trying to confuse him ... However, he could not watch the Demon God of Nether Domain perish, it would cause him to lose all hope!

"You!"

With just a simple plan, he managed to cause internal strife between Long Chen and the Lingin Gods. Right now, the three Divine Monarchs and the other divine gods were looking at Long Chen and Long Chen with eyes filled with hatred and incomprehension.

If not for Mo Xiaolang, the Nuwa Demon would probably be dead by now!

Why did he have to save the Nuwa?

"Yan Jun! Control them! "

He didn't know if they could catch up with Long Chen, but he guessed that they wouldn't be able to. That was because maybe the pressure on the devil was all an act, so her real situation should be a little stronger. It wouldn't be that easy to deal with her.

All the divine beings had left, except Yan Jun!

Now, Yan Jun's entire body was enveloped in purple flames, under the scorching heat, the entire Cloud Crane Star seemed to be melting, his eyes ignited with blazing flames as he stared at Long Chen and Mo Xiaolang.

"Big brother, I'm sorry!"

Mo Xiaolang knew that his actions had brought about trouble for Long Chen. Long Chen had gotten their trust with great difficulty, and now it was probably gone again, and not only that, Sky Demon and Prison Demon Shakya had not appeared. Who knew what they were doing right now?

All of the gods were attracted by the Demon Lord and Yan Jun was also suppressing Long Chen and Mo Xiaolang at the same time. They wouldn't let go of this opportunity. It could only be said that the other party had used a small scheme to place these two worlds in extreme danger.

"I advise you to guard the Ling Ji Ji Xing. At this time, the place that the Heavenly Demon Ji Yuan would go the most is the Ling Ji Ji Xing!"

Long Chen glared at Yan Jun coldly.

The Sacred Master probably didn't believe in himself anymore, otherwise he wouldn't have allowed Yan Jun to control him and Mo Xiaolang. In front of Yan Jun, it seemed like explaining would be useless.

Yan Jun approached step by step and coldly snorted, "Don't think that you can fool me anymore. You've already revealed your fox tails, now just you wait to die!"

He naturally knew that he couldn't waste any more time. At the very least, he had to send them into the Flame God's Gourd!

For the sake of two different worlds, Long Chen had to persevere. He loudly shouted: "There's no time to explain, we've all been tricked by them, if you still try to stop us here, Lingsu Star Sea and Dragon Sacrifice Continent will definitely die! As for why we attacked them, that is because the body of the Nuwa Demon is that of a friend of ours. Did you hear her confused voice just now? Their goal is to cause internal strife among us so that they can have a chance! "

Although Long Chen said it very clearly.

But unfortunately, Yan Jun didn't listen to him at all. There was a great battle happening outside. The situation was now under the control of the Heavenly Demon Ji Yuan. It seemed that the Lingin Gods outside would definitely not be able to take advantage of it.

As soon as he heard the voices outside, Yan Jun said furiously, "It seems that I can't possibly let you all off so easily, and surrender without a fight!"

Long Chen understood that once she started fighting with him, they would probably not be his match, but it would still take Yan Jun a while to take care of them. To the Primordial Heavenly Demon, the Lingin Gods's power had been reduced by one third!

He definitely could not do this, and could not even go against this Yan Jun.

"Big brother, let's defeat this idiot together and rush out to help?" Mo Xiaolang immediately asked.

"No."

Long Chen restrained himself, and spoke to Yan Jun without using any power: "Enough, use the God Creation Art to imprison us. Hurry up and go out to help, otherwise danger will descend upon these two worlds. Let's cut the crap and take action immediately. We will not retaliate. "

This made Yan Jun startled.

"Until you believe us, and then let us out."

Long Chen's eyes burned with passion as he added.

Yan Jun looked outside and knew that the situation was urgent. Without saying more, he released the Flame God's Gourd, and indeed, Long Chen and Mo Xiaolang did not resist, and were directly swallowed inside.

"He really doesn't resist?"

Yan Jun thought that they were up to something.

"Cut the crap, get out and help!"

Long Chen shouted in anger.

Yan Jun roared, "You don't need to teach me.

At this point, he finally rushed out.

It was true that there were layers upon layers of divine flames within the Creation God Manifestation Weapon, so Long Chen would definitely find it hard to endure them. However, with Mo Xiaolang here, he did not have to worry about anything.

Mo Xiaolang opened up a flaming space within the Fire God's Gourd. Looking at the raging divine flames around him, he said, "If I could swallow the fire inside, I think I can reach the Primal Chaos Devil Realm."

"Don't, that's even more unclear." Long Chen shook his head.

What he most wanted to know was, what was the situation?

Chapter 2579 - Black Hole Rules

Coming out from the Cloud Crane Star's' Lingsu Star Sea's Diagram Array ', they realised that a new battle had already begun outside. The entire Lingsu Star Sea was in a state of chaos.

Long Chen and Mo Xiaolang could just barely see the scenery outside from within the Flame God's Gourd. It was a little blurry, but they could be sure that with the Holy Lord and Dark Monarch in the lead, the other seventeen gods were currently fighting the two Primordial Demons.

These two were the two Celestial Demons of the Primordial Era, the Nuwa Devil and the one who had just appeared!

The Nuwa Devils were already in the Archaic Giant Demons state, but the Primal Heavenly Demons were still in human form. Even so, it seemed like they were still unable to do anything to the Primal Heavenly Demons.

Yan Jun let out a world-shaking roar.

"Cyan Snow Star! Heavenly Sun Star! "

In the starry sky, these two stars that were comparable to devil stars had already disappeared. Most likely, during the battle with the Cloud Crane Star, the Heavenly Demon Ji Realm had taken the chance to destroy these two stars while devouring nearly twenty million creatures.

Twenty million lives, gone just like that ...

However, this was still far from enough to fill the stomachs of the two ancient Giant Demons. However, it still allowed them to recover a portion of their strength. The Infinite Divine Art that the Demon Emperor used to cultivate was truly terrifying. Perhaps, with just a sliver of his power, he could crush any Divine Lord level powerhouse!

After all, the disparity between the two was too great.

Not only had the Heavenly Demon become stronger, the devils had also become stronger. Now, the two devils were facing against the various gods led by the Holy Lord and the Dark Monarch.

The entire space had been destroyed.

"They're coming out so soon?" When the Heavenly Demon Ji Yuan saw Yan Jun, he was slightly surprised.

According to the plan, Yan Jun should be fighting with Long Chen and the others, and would be able to restrict a portion of the Lingin Gods's strength. Now that Yan Jun appeared, Long Chen disappeared.

"He disappeared, maybe Yan Jun killed him immediately?"

The Heavenly Demon Ji Yuan thought in his heart.

At this time, Yan Jun roared and joined the battle.

They had too many people. Facing two of them, every one of them felt as if they were going to die, so naturally, they were able to force the Heavenly Demon to retreat step by step.

The beautiful and profound power of the Ancient Code made Long Chen dizzy. Everyone's cultivation was different, but they all possessed a strong killing power!

"Where's Aqua Blue Smoke?"

There must be a problem to suddenly lose someone at this point.

Long Chen realized that the Lingin Gods was still somewhat distracted in the midst of the battle, so he reckoned that they were also searching for the location of the blue smoke.

"This might just be their plan. If Aqua Blue Smoke doesn't appear, then even if they fight, their hearts won't be at peace." "This will affect the performance of the battle. At the same time, that crafty fellow is very likely to be making something at the same time!"

The three of them were well-prepared this time. Lingin Gods defending passively, it was normal for them to be caught unprepared.

"Kill them!"

The Holy Lord ordered.

With the three Divine Monarchs as the leaders, after Yan Jun joined the battle, it was a complete reversal.

However, even so, they did not see any panic on the face of the Heavenly Demon. From the beginning to the end, he was completely calm, so calm that it made people panic.

"Zi Yin, prepare to end." Diremonster Ji Yuan said to the enormous neo-demon behind him.

"Yes." The long snake like body of the Nuwa Demon left the battlefield of the Dark Monarch and began to roil about in the starry sky.

Right now, the Diremonster, Ji Primaltwin, was blocking the advance of the Nuwa Devilsnake. He had blocked all three of the Empyrean Gods' Lingin Gods's attacks, and was able to withstand all of the pressure!

"Kill them all!"

This was a rare opportunity, one which could allow three Divine Lords to attack a single person!

At this moment, the Holy Monarch, Yan Jun and the Dark Monarch were all using their ultimate moves!

Among them, with the Flame God's Gourd as the center, Yan Jun was about to construct a furnace like formation that gathered boundless flames.

However, they never expected that the Heavenly Demon Genesis was even faster!

He closed his eyes and opened them again in an instant. His eyes went from black to ethereal, as if he was in a deep valley.

"Time stands still!"

Long Chen was extremely familiar with this power.

In truth, although the Upper Era Heavenly Demon was the most familiar with the power of time, he had never used it ever since the start of the battle. Perhaps his current strength was still insufficient for him to display the laws of time.

But now, he'd executed it!

His attainments in the immobility of time had already reached the level of a rule, so naturally, he far surpassed Long Chen. Long Chen used Eternity for a split second as he executed the ability of the supporting Great Void Cosmic Dragon. His own comprehension was still very weak. Of course, he had only cultivated for a few decades. Compared to this sort of terrifying existence that had hundreds of millions of years of cultivation, he naturally couldn't be compared.

Long Chen still lacked the Origin Dragon Soul.

No matter what, this power that had stopped in time had swept through the entire Lingsu Star Sea.

Weng! \*

Not to mention the other gods, even the three great Divine Lords stopped in their tracks at this moment. They were about to kill the Primal Heavenly Demon, but they weren't as fast as it.

Aside from the weak power of the Heavenly Demon, the attributes of the laws and the powers of the powers far exceeded that of the Divine Lord's. Many of the rules were too weak to be used by him, so once he used them, it would be impossible for the three Divine Lords to break free for a short period of time.

Within this period of time, he had completed a major project.

"Black hole."

Behind the Heavenly Demon, the spinning body of the devil formed a black hole. It was also like a whirlpool, a whirlpool that sucked in everything. Even space and light was slowly sucked into the black hole.

It was as if a huge hole had opened up in the sky.

In truth, the Edicts which the neo-demons trained in were a terrifying, complicated set of Edicts, comparable to the Edicts of Time. These Edicts were known as black holes.

It was precisely because she trained in these rules that she was able to suppress the other three, and was ranked second amongst the Five Devils.

This was the most terrifying suction vortex Long Chen had ever seen, even more terrifying than when Mo Xiaolang was swallowing fire. This was because Mo Xiaolang was only able to swallow fire, and this enormous and endless black hole had devoured everything in this world, the entire world, everything that could possibly exist!

The more powerful the vortex, the more powerful that strange cave became.

In that moment of stillness, all the divine beings were unable to move. At that moment, they had lost all sense of perception.

Everyone's resistance to the power of time travel differed in this situation. Naturally, the stronger the deity was, the stronger their resistance would be. For example, the three almighty Divine Sovereigns' resistance would be.

When the black hole was activated, the 18 gods, along with the surrounding planets, all headed towards the black hole!

Rumble rumble rumble!

Long Chen could hear the terrifying tremors in the ground, as well as countless screams. This was a terrifying disaster that not even the gods could avoid, to say nothing of them, even the 'Lingsu Star Sea's Consecutive Diagram Array' was unable to protect them.

"Bang!"

The beam of light connecting these planets was torn apart by the suction force of the black hole!

"If this goes on, everything will be over!" Even after Heavenly Demon Ji has been exhausted to such a degree, is time still so strong!?"

Long Chen was so anxious that he almost lost his mind right now, he simply couldn't let himself out. Even if he did go out, he didn't know whether he could resist the power of the black hole or not.

Fortunately, the Heavenly Demon Genesis was not as strong as he had imagined. After all, he was exhausted.

BOOM!

The three Divine Sovereigns were the first to break free from the temporal stillness. To them, time had never existed before. Just as they were able to react, they were swallowed up by that powerful black hole!

"No!"

The three Divine Monarchs were closest to the black hole. This was a profound rule once used by a peak expert of the Infernal King level. They were in a difficult situation, but the only thing they could do was fight to the death and erupt with power to resist the black hole vortex and stabilize their bodies!

However, it was too late. No one could do anything but watch as those planets disintegrated in front of the black hole, turning into dust, lava, and was annihilated in the middle of the black hole!

The current black hole was almost the size of a tenth of Ling Ji Ji Xing!

BOOM!

One by one, the deities came to their senses. Some resisted desperately, but they still headed towards the black hole whirlpool. Some of them were completely unable to resist, and were swallowed up by the black hole whirlpool!

"No!"

The three mighty Divine Sovereigns saw that their souls were about to be devoured, and so they had no choice but to take action after stabilizing themselves.

At the same time, the three Divine Monarchs unleashed their attacks on the edges of the black hole. The Divine Monarch's power was not to be underestimated; it began to cause the black hole to collapse, but at the last moment, he was able to hold on until he swallowed the two Divine Spirits!

BOOM!

The black hole exploded, turning into countless fragments and disappearing from this world.

Those two gods were both ordinary gods of initial state. Not long after they had become gods, one of them, who had not yet finished cultivating the Infinite Divine Art, had also disappeared.

In that moment, it was as if everything had come to a standstill!

As expected, these two gods had already perished!

So far, this battle had lost seven planets, nearly 70 million lives, and two deities ...

To anyone, this was unimaginable.

Long Chen crawled out from the lowest rung of this world. He understood clearly that even the weakest of beings have life and emotions. Just like when he was in White Poplar Town, even though he was weak, he was still a thinking, living being!

Of these 70 million people, there might be some who were working hard. They were full of fantasies about the future!

Maybe some of them had a blood feud and were trying to get revenge.

Maybe some people have a happy life and a happy family.

Perhaps some children were just born and were filled with hope and curiosity towards this world!

There were too many, too many. There were all kinds of people.

Long Chen had already climbed up to an extremely high level. A single god was comparable to millions and millions of lives, but he felt that it was not like this. The seventy million was not just a cold number, but countless living people.

It was possible that in the eyes of others, every single person here was as important as the Ling Xi in their eyes. He was not the only one who had such feelings.

However, everything was gone.

## Chapter 2580 - Divine Objects

In front of the black hole, everything was annihilated.

The two newly born deities also disappeared within.

Weng! \*

The Heavenly Demon Ji Yuan and the humanoid Nuwa Mo, which was also Su Yan's appearance, appeared before everyone's eyes.

However, she was too cold, and did not look like Su Yan at all.

The three Devils had planned to come here today.

Lingsu Star Sea had been very calm for at least a million years. Although there were many internal struggles, battles between factions, and even among the stars, there had never been such a huge loss!

When two deities both fell, when a total of seven stars shattered and disappeared, all the deities couldn't even believe what they had just seen. They were too relaxed, and too lacking in battle, resulting in them being completely unable to face such a situation today!

He had taken the initiative to enter the Flame God's Gourd just so Yan Jun could help him, and was even stronger than him. But regretfully, the Three Devils' plans were too thorough, and they themselves were too strong as well, or perhaps from the very beginning, they had treated this as a game.

They would only get stronger and stronger. In the game, they would destroy the Lingsu Star Sea, destroy the Dragon Sacrifice Continent!

This tragic defeat was undoubtedly a cause for despair.

The hearts of the remaining sixteen Divine Spirits all twitched.

Out of the two trillion lives in the entire Lingsu Star Sea, only eighteen were born. To the gods, this blow was even more terrifying than losing seven stars.

"The first round of the game is over. Remember, this is just the beginning. The three of us will continue to play with you guys. This game of hide and seek is extremely fun. "

The Heavenly Demon Ji Yuan said.

In the absolute silence, the Diremonster prepared to leave.

Hatred had already dyed the eyes of all the Gods red. Every single one of them was already in a berserk state. They angrily roared as they chased after the Heavenly Demon Ji Yuan!

The Heavenly Demon Ji Yuan's target this time was actually the Ling Ji Ji Xing!

At this moment, on the Ling Ji Ji Xing, the blue smoke that had completed the mission of 'diverting' the gods finally appeared. She had transformed into a blue colored Ancient Giant Demon, and could not see his appearance clearly as he devoured the Ling Ji Ji Xing as much as he wanted. In the blink of an eye, countless creatures were being devoured by her.

Like a comet, the two of them collided against the largest of the intersecting formations of the Lingsu Star Sea.

**BOOM!**

Under the impact of their immense power, the formation formed by the countless living beings actually broke through once more. They charged in and reunited with the blue water and blue smoke.

In the end, the Lingin Gods had still underestimated them.

He had a nagging feeling that if even Long Chen and Mo Xiaolang could handle it, then the Immemorial Giant Demons wouldn't be so scary. They had been living in peace for far too long.

They had underestimated Long Chen's power, so they had underestimated the Primordial Giant Demon's power.

"Don't let them escape!"

The divine gods desperately pursued after the Heavenly Demon, especially the Holy Monarch and the Dark Monarch.

Yan Jun was behind them, but he quickly rushed into a Heaven and Earth Transference Array, and instantly appeared beside the three devils!

"Die!"

All of this happened in a split-second.

Yan Jun rushed in front of the Heavenly Demon.

At that moment, the Heavenly Demon Genesis was protecting the two demons, causing their bodies to disappear quickly. The only surprise was that Yan Jun had caught up too quickly.

"Brother, drag him in!"

Aqua Smoke quickly said.

The three of them acted immediately, and the three of them attacked Yan Jun together. Before Yan Jun could launch his punch, the three of them collided head-on with the Nuwa Demon, causing a binding to suddenly appear around them, causing the four of them to disappear in a flash, disappearing right in front of the eyes of all the gods!

**BOOM!**

It was completely empty!

The Sacred Masters and the Dark Monarch all stopped in their tracks to search for the entire Lingsu Star Sea, but they could not find any trace of them, not even Yan Jun.

For a time, everyone was in a long daze.

"Will Yan Jun be alright? He seemed to have followed them? They must have a Creation Divine Artifact that can be hidden, so Yan Jun is definitely in the midst of a Creation Divine Artifact! "

The faces of all the gods were pained.

The remaining two were incomparably cold. Not even the Gods dared to speak to them.

The entire Lingsu Star Sea was now in ruins. Such a great commotion was something that the entire world would know of, and right now, there were already countless people surrounding the area. The gods had only said that they were three otherworldly gods and they had never said that they were this terrifying.

The entire Lingsu Star Sea was currently in a state of panic.

"Find someone to pacify the living." These grievances were really too irritating to listen to.

The Sacred Master took a deep breath and said, "Yan Jun is definitely fighting with them right now. Everyone can think of a way to help. If he really had no other choice, then he could only ignore the teachings of his ancestors and request to use that divine object. This divine object had not been used for millions of years. But I think it's almost done now. "

"If you use it, there is a possibility that it will be destroyed, but at least it is only a possibility. If you don't use it, if you continue, the entire Lingsu Star Sea will probably be finished!"

Perhaps today, they finally understood the seriousness of the situation!

This matter was simply too big.

So much that the entire Lingsu Star Sea would probably not be able to endure it.

When they heard that he had used such a divine item, everyone was shocked. They blankly stared at the Holy Lord.

"Such a divine object! If he were to be born, it would inevitably attract the suspicion of the entire Ten Thousand Worlds! We need to use it, but we can't leak it out! We absolutely cannot let anyone know even a tiny bit. Otherwise, even if we do manage to deal with the ancient Giant Demons, we won't be able to solve this crisis! "

Right, Sacred Master, you should think about it first. Things have not reached that point yet, I believe Yan Jun, those two devils used up all their energy using the power of the rules, so Yan Jun might be able to finish them off soon.

"Divine items, no matter how cautious you have to be, you absolutely cannot make any mistakes. Once you use it, you must immediately kill those three devils! "

Everyone started talking at once.

In the end, they decided to first wait for Yan Jun's situation ...

Everyone was panicking, what was going to happen to Yan Jun? He was one of the three great rulers who had existed for more than a million years, the backbone of the Lingsu Star Sea, a legendary figure. If he had also fallen, no one could imagine what kind of attack the Lingsu Star Sea would receive!

At that time, he would have to use the divine object!

"Oh right, where's Long Chen?" Dark Monarch asked.

Everyone searched the entire Lingsu Star Sea and found that they had also disappeared.

The Holy Lord frowned and said, "I let Yan Jun watch them, and Yan Jun soon followed him out, but they didn't follow him. Previously, when Mo Xiaolang helped the Nuwa Demon, he was obviously with them. That's why we suffered such injuries? "

The gods had long ago lost their minds due to anger and hatred, at this moment, they could not help but scold loudly. To people like Long Chen, they hated him more than they hated the Heavenly Demon!

"That's not right." The Holy Lord frowned again.

He looked at Dark Monarch and said, "What do you think?"

The Dark Monarch said, "Something is indeed wrong. If they were in the same group as us, Long Chen wouldn't even need to remind us that they would immediately proceed in silence. By the time we discovered them, most of the people from the hundred thousand stars would have already been swallowed. However, there was no way to explain Mo Xiaolang helping the Nuwa Demon. And now they're gone. "

At this time, a god said, "Two Divine Monarchs, earlier, I was a little closer to Yan Jun. It seems that he had trapped Long Chen and Mo Xiaolang inside the Flame God's Gourd. "Then I will participate in the battle."

"Is that so?"

Everyone fell silent.

If Long Chen and Mo Xiaolang were on their side, then Yan Jun would have two helpers, and might even have some hope. But if it was the opposite, then Yan Jun was even more dangerous.

"Everyone, get ready and wait for Yan Jun to return. Now, he would start to build the Heaven and Earth Transference Array to the sea of nothingness. On the other hand, everyone was trying to calm the citizens down and make some adjustments. If they waver in their belief, we would not even have the strength to fight against a Heavenly Demon. "

"Yes sir!"

Now, this was the only thing they could do.

A Primal Godship! "" Sssssssssssssssssssssssssssssssssss! "" Ssssssss!

The entire warship was now completely hollow.

The Primal Godship traveled back and forth in time, quickly leaving the line of sight of the gods, floating outside the Lingsu Star Sea.

Yan Jun stood on top of it, his entire body surrounded by flames, and said angrily: "So it was all because of this God Creation Art that disappeared before our eyes! This dilapidated thing still has such an effect?"

In front of him was the humanoid Diremonster, Diremonster Ji, and Waterblue Smoke. There was also the snake-tailed Nuwa, whose name was Xing Ziyin.

Shui Lan Yan laughed charmingly, "You really have no eyes. The lousy thing you're talking about was once a 'Hun Yuan' -class God Creation Artifact. Do you know Hun Yuan?"

Yan Jun opened his eyes wide.

He tightly clenched his fists. The muscles all over his body tensed up as the power of fire engulfed the entirety of the Primal Divine ship's interior!

"They are all the same as you. Although they were once strong, they are now like lamps that have run out of oil." I will make you understand that letting me, Yan Jun, into this place, is your greatest mistake!"

Hearing this, Long Chen understood that this fellow was finished. Despite seeing the Heavenly Demon Genesis's Time stop and the Black Hole of the Nuwa Demons. Still so arrogant.

Of course, if Yan Jun didn't have this kind of personality, he wouldn't have conflicts with Long Chen.

Now that he was back on the era's divine ship, Long Chen was extremely nervous.

"Big brother, it might be dangerous!"

Mo Xiaolang shook his head.

Long Chen said: "There's no other way. Who told me to choose this inundated creation artifact? The only thing we can do now is to go out and fight alongside him. Let's see if we can escape from this Primal Craft. If he is killed, we will be in even greater danger. "

Evidently, Yan Jun was about to fight with the Heavenly Demon Ji Yuan.

Long Chen held his breath, made his decision, and said to Yan Jun: "You yourself are definitely not their match, this is their territory and you can't leave it. If you let us go now, with the three of us together, we might be able to escape from this place. Don't even think about fighting them to the death. "

Unexpectedly, Yan Jun replied him, "Shut up!"
