

War God 2591

Chapter 2591 - Enmity

Long Chen was already unclear of the exact number of grudges that existed between the two.

Although this woman had no intention to kill him and only wanted to control and imprison him, he had countless reasons to kill her as fast as he could!

Especially now, after the battle between the Heavenly Demon Ji and the Susu Sword, there was a new change. The Lingsu Star Sea was no longer able to endure.

He woke up from his love for the Three Lives Silk in this blue lake.

"Attack!"

This was the best chance!

The blue mist had already blended into the blue lake water around them. She was the lake itself.

At that moment, many images flashed past Long Chen's mind. With regards to this devil woman fighting with him, of course, she was even more heartless and deserved to die!

"Death Realm's Dragon Gate!"

This was the only way Long Chen could deal with her!

From waking up to using it, there was almost no time between them. It could be seen how strong his determination was! As long as he completely fell asleep, when he woke up, it was very likely that he would already be in Dragon Sacrifice Continent. Just like what Shui Lanyan had said, he would become an ancient Giant Demon who would destroy everything he protected, including his own children and women!

This was a blood feud.

He had already endured this for a long time, and now that it was finally his turn to explode, this was his chance, his chance to retaliate ruthlessly!

BOOM!

This time, he was using the Death Realm's Dragon Gate, which could be said to be unprecedented in strength!

A boom rang out, causing the entire world to shake, and the Lingsu Star Sea to tremble!

Above the blue lake, a huge round blood-red door suddenly appeared. The round door quickly opened and inside was a blood-red world. An overwhelming, blood-red death energy rushed out from within and surrounded the entire blue lake with a lightning speed!

"Hmm?" At this time, the blue smoke that seemed to think Long Chen had already fallen asleep was finally awakened. Her expression immediately changed, she knew clearly that Long Chen was definitely unable to stop the rules of her slumber and everything was within her control.

She couldn't help but think carefully. Just as she was about to remove these rules, eight gigantic Unparalleled Dragons rushed out from the Death Realm's Dragon Gate and lined up in a formation, their eight divine dragons forming a blood-colored dragon. With the Divine Dragon Body connecting the other way, they actually trapped the entire blue lake, making the shocked water blue smoke unable to move at all!

The first reason was because she was completely unprepared. Something had suddenly happened. Secondly, because she had used such a strong power on the Azure Lake, she had truly reached the end of her tether!

The combination of these two factors had produced such a terrifying result.

"Retreat!"

In her panic, she struggled with all she had. The blue lake disappeared and turned into her original appearance of a blue ancient Giant Demon, but after she transformed into an ancient Giant Demon, the cage formed by the eight Unparalleled Dragons quickly shrank and embedded itself into her body.

The tough Divine Dragon Body had almost minced her body into meat paste!

It was unimaginable just how much anger this contained for Long Chen!

"We'll see each other again in the future. City Lord Bastard, Water Blue Smoke, or perhaps it's the Prison Demon God Sakyamuni!"

"Whiz!"

At this time, Long Chen appeared in front of Shui Lan Yan, his entire body ignited with blood-colored flames. He had already used all of his strength to support the Death Realm's Dragon Gate!

Maybe at this moment, everyone in the Lingsu Star Sea was looking at Long Chen revealing his astonishing divine might. Previously, when the Azure Lake appeared, he was already imprisoned inside, and everyone thought that he was finished.

For a time, there were actually people who worshipped him!

"Long Chen!"

Aqua Blue Smoke roared, and his azure eyes turned blood-red!

BOOM!

Long Chen did not bother to be courteous with her. At this moment, delaying even a single breath of time was already a sin that he could not afford.

He never wanted to see this devil again in his life!

It just so happened that this was a time when the Primordial Heavenly Demon could not take this matter into consideration. Long Chen used the power of the eight divine dragons and pulled the blue smoke towards the Death Realm's Dragon Gate!

Aqua Blue Smoke was truly panicking and struggling with all her might. This world of death and loneliness made her feel endless fear! It made her tremble all over!

"NO!" No! You can't kill me! "

She was afraid, perhaps at this moment, she had finally surrendered in front of Long Chen.

Long Chen increased the speed of the flow of time, making it even more impossible for her to resist. In that short moment, the entire blue archaic Giant Demon was smashed into the Death Realm with all of his strength, along with the rage that exploded from his chest!

The Death Realm's Dragon Gate was closed!

At that moment, the entire Lingsu Star Sea erupted into an earth-shattering cheer. Even up till now, this battle of life or death had not yet resulted in the complete destruction of a deity from another world.

Before the Death Realm, Death Realm, had closed the dragon door, the heavy depression in his heart had completely disappeared. He really wanted to laugh. This terrifying woman had always been proud and crafty, believing that she controlled everything and endlessly toyed with Long Chen, yet today, she had finally suffered the consequences!

It was a pity that the God Slaying Sword that had followed him for so many years was still in her possession and thrown into Death Realm. She was afraid that she would never be able to return, so Long Chen thought that she would have a chance to stay.

The Death Realm's Dragon Door gradually closed, leaving only a small crack behind.

"Whiz!"

Suddenly, a burst of blue smoke, wrapped in a grey sword, rushed out and ran away. That blue smoke was an extremely weak aqua blue smoke, probably a portion of her soul. She actually committed suicide inside, abandoning everything and only leaving a tiny bit of her soul behind to rush out!

Of course Long Chen chased after him. No matter what, he could not let this guy leave even a single trace!

"Yan Er!"

A loud roar echoed in this boundless starry sky.

It meant that this chase had crossed a long distance. Although the other party had suffered heavy injuries, his speed was still frightening, and before, she had already devoured five stars, and with almost fifty million lives, she had recovered some.

At the very least, it was much more terrifying than Aqua Blue Smoke.

Of course, she had been severely injured and her power had been lost again. Otherwise, with Mo Xiaolang's speed, he wouldn't be able to catch up to her.

Whoa!

At this moment, the Sword Qi of the Pure Sword was still flowing through her body. Her body had only just recovered and would be destroyed once again, so this was definitely not the way to go about this. She wasn't at his most tyrannical moment, so she didn't have that much energy to consume!

He originally thought that he would be able to recover safely after leaving the battlefield. He didn't expect that this guy would abandon his opponent, Shui Lanyan, and catch up to him. He was truly bold and insane!

Although the injuries on her body were very severe and required her to use most of her strength to suppress the sword energy in her body, her baleful aura still soared to the heavens.

"If you really want to die, then I'll grant you your wish. Save yourself the trouble!"

Mo Xiaolang's eyes were incomparably passionate and sincere. This was his determination and his will, and he ignored the words of the devil, saying instead, "Yan Er, I know you still exist, you haven't died, don't even think about escaping my senses, don't be afraid. Now is a chance, I will definitely save you, I have never made any promises in my life, but right now, I swear, as long as I don't die, I will definitely let you return to this world.

"Is that enough?"

If not for the fact that she wanted to suppress the Sword Qi of the Pure Sword, she would have ripped Mo Xiaolang apart long ago.

"Let me tell you, for a weak being like her, she doesn't have any qualifications to fight with me for her body. When I refined her body into an ancient Giant Demon, and refined into a Nuwa Devil, she had already died completely. Now that this is my Primordial Demons's body, it has nothing to do with her. This is the power of the rules, do you understand? "

He suppressed his sword-ki as he spoke through gritted teeth.

She didn't waste as much time as Aqua Blue Smoke did. When the time came, she would definitely not hesitate.

"You don't need to tell me any of this. I only know that she still exists, and that's enough! "

As a Sun Devouring Demonic Wolf, Mo Xiaolang was extremely cautious. Step by step, he approached this long snake beast that seemed to have demon claws and wings.

"Then go to hell!"

Although she still had to suppress her wounds, making the situation unsuitable for battle, she wasn't the type of person to worry too much about others. If he angered her, the only thing she would do was kill him!

BOOM!

He opened his mouth and spat out a small black hole. The black whirlpool rushed towards Mo Xiaolang and swallowed all the space it passed through.

That enormous devouring power had not even gotten close to Mo Xiaolang when it forced him towards that direction.

In fact, Mo Xiaolang didn't even know how to make the person he loved return to this world. But, fighting should be unavoidable!

"Yan Er, wait for me!"

He tightly clenched his teeth as he charged towards the black hole of death. He belonged to the devouring side, while the devilish Nuwa belonged to the devouring side. This was a clash between two devilish devils of devouring side by side!

Although they were not big, every single one of them was like a meat grinder. Although she was severely injured, when she fought, she was not the slightest bit hesitant!

"Bone Devil Flame!"

Mo Xiaolang had actually used a move that looked weak, but was strengthened by his Nine Hell Devil Ancestral Fire and seventy types of divine flames and it became extremely terrifying. This was a rule that belonged to the Explosive Flame Devil.

All of the bones in the body of the netherworld began to blaze with fire, merging into a sea of flames!

In that instant, the face of Nuwa changed dramatically. He couldn't even control the black hole!

Chapter 2592 - The Genesis of the Era

The pain of the Enchantment Demon Flame would sometimes cause more damage.

This was a type of injury that came from the other party's body. The Bursting Flame Demon's talent was limited, and was unable to make this kind of rule shine, but in Mo Xiaolang's hands, it was completely different!

Especially the 99% of the Burning Heaven Origin Energy he possessed, which meant that he possessed an even higher level of divine power.

Thus, he could harm the enemy from afar.

The power of the laws often exceeded one's imagination!

In the blink of an eye, it came from his bones. Nether Devil's entire body was covered in flames, with the Nether Devil Ancestral Fire at its head and the other seventy types of divine fire supporting him. The Nine Netherdevil Ancestral Flames were the coldest and coldest of fire, while the other was the scorching flames. The damage they caused was even greater, and they even exploded within the body of the voodoo demon.

The attack of the Sword Qi and the Demonic Bone Enchantment Flame caused her entire body to collapse, causing her to fall into a situation of death.

"wolf cub, I'm in so much pain!"

To him, hurting the Voodoo Devil was the same as hurting Su Yan. Any man would not be able to do it, but any man would have to do it in order to save his beloved woman!

Otherwise, he would really lose her forever.

Mo Xiaolang doted on her and sent her to hell. This was the most regretful thing in his life, so even if he had to lose everything now, he had to let this girl go out of pain and return to this world!

However, at this moment, he heard her voice.

This was not an act by Nuwa, but her real voice. This voice confirmed Mo Xiaolang's guess, causing him to almost collapse in shock!

Su Yan was really still alive!

After the collapse, he was filled with wild joy!

All of this was fabricated by him. He did not acknowledge this fact, all of this was just a dream on his part, and all he wanted to do was to chase after and kill the devil. What he wanted to do was to perish together with the devil.

However, he had truly heard Su Yan's voice.

"She's not dead yet!"

However, he was actually using the flames to burn her, and she was even telling herself that she was in great pain!

Mo Xiaolang panicked and immediately put away the Bone Enchantment Devil Flame.

The flames on the body of the netherworld instantly vanished as well!

Mo Xiaolang's mind was currently a little muddled. Knowing that Su Yan was still alive, he couldn't attack the Nuwa Demon at all, but he had no choice but to understand, the one controlling her body right now was the Nuwa Demon!

With a cold laugh, he waved his wings, and the two black holes around Mo Xiaolang immediately collided with each other. Their power instantly increased by three times, and their speed increased by three times.

The difference between a black hole and a whirlpool was that even space itself could be torn into dust!

In an instant, Mo Xiaolang's body was covered with wounds!

"Unbroken Fire World!"

When Mo Xiaolang woke up, he could only use the Unbroken Fire Realm to protect himself. However, this was unable to stop the Nuwa Demon's black hole from being torn apart in the blink of an eye, and the Unbroken Fire World had exploded. Although Mo Xiaolang had dodged very quickly and was unable to be engulfed directly by the black hole, the terrifying killing power had still rushed into his body, causing him to instantly be gravely injured and mangled!

That force sent Mo Xiaolang flying out of the arena.

Swish!

The Demon Claw struck Mo Xiaolang's body, locking him in place with a strength surpassing the limits of his Genesis. He said with a cold smile, "I was once at the peak of the Grand Desolate Demon Realm and am only a step away from becoming the supreme Demon Emperor. Do you think that a trash like you can control my fate?"

"Although I am unable to devour others and strengthen myself like you, I am able to devour you. That is enough. That way, I can recover a portion of my strength and get rid of that damn Sword Qi! "

It was possible that Mo Xiaolang's injuries would be even worse than hers at this time. Under such a circumstance, devouring Mo Xiaolang would be an easy task for her.

Mo Xiaolang understood, his mistake was that he should not have pulled back the Bone Enchantment Devil Flame after hearing Su Yan's voice. As expected, this was a fatal blow to him.

At that moment, everyone was cheering for Long Chen.

With the blue smoke wrapped around the God Slaying Sword, it would not be easy to leave Lingsu Star Sea!

"You want to leave?"

When Long Chen unleashed his Inside-Outside Ocean, the God Slaying Sword instantly sunk into a quagmire as Long Chen gave chase with a speed several times faster than it was.

"Although she gave up everything and even if her cultivation was once at the Infernal King level, it would be difficult for her to return to the Infernal King level before a hundred thousand years had passed, this sort of fated enemy must be killed. Otherwise, it might bring about trouble again in the future."

This was Old Dragon's reminder to Long Chen.

Long Chen also deeply understood that he had to kill her, otherwise, she would be like a ticking time bomb in the future, one day exploding by his side and hurting him and the people beside him.

"Big brother, save me!"

However, the blue smoke surrounding the God-Slaying Sword actually produced such a sound.

Long Chen had fallen into a deep slumber before, before quickly killing Shui Lanyan, and so far, he had not been able to see the battle between Su Jian and the Sky Demon. At this moment, he finally understood that it was not because they had the absolute advantage in this battle, nor was it because Long Chen had improved after defeating Shui Lanyan.

Long Chen was suddenly frozen and was unable to move.

He naturally knew that this was the power of time. It was the power of the Heavenly Demon of the era!

"What a strong time rule!"

He never thought that one day he would be stopped by the laws of time. In that short moment, he could only watch as the blue smoke disappeared from his sight!

Although it had injured her to the point where it would take countless of years before she could return to her peak state, which was an incomparably heavy blow, Long Chen was still unreconciled to not being able to completely tear her apart and allow her to take away the God Slaying Sword!

Although he was unwilling, he understood clearly that the blue smoke had passed. The Lingsu Star Sea was facing an even bigger problem that no one could solve, and that was the angry Heavenly Demon Ji!

He had always been calm, calm, and collected. However, at this moment, he had already changed his state of mind due to his rage.

Obviously, he was going all out.

It was very possible that the Heavenly Demon Genesis was very resistant to putting her life on the line because he was naturally respected. He was once the Demon King and was once a terrifying character that made people tremble in fear.

If word were to spread that he had won, his opponents would probably laugh at him.

After recuperating for a while, when she came back, he would probably be able to take care of all of these Lingin Gods, and then she would be able to swallow all of them and recover.

As for Shui Lanyan and Long Chen, he had never felt that there was any problem with them. He was also very satisfied with the way Shui Lanyan used the sleeping rule, so he was a little slower and entangled himself with the plain sword.

The Pure Sword was a huge accident that he had encountered today. No matter who it was, no one would have imagined that a Hun Yuan level Creation Divine Tool would appear in this small world.

Fortunately, these Lingin Gods did not have any control over the power of the Creation God Equipment. Ji Yuan understood that he only needed to shake for a little bit and he would be able to exhaust these fellows to death without putting his life on the line.

He did not have much strength left, and taking into account that he might be injured, he had been avoiding the attack the entire time. At this rate, in another fifteen minutes, Lingin Gods would probably die.

On the other side of the blue smoke, Long Chen was also about to fall into a deep slumber. Although the process was much more troublesome than he had imagined, it was still the same as what he had obtained in the end.

The second big accident after Su Suo Sword was Long Chen's sudden awakening and killed Shui Lan Yan.

This process was too fast. Under the entanglement of the white sword and the desperate attacks of the Lingin Gods, the Primordial Heavenly Demon was not saved before the blue water smoke was swallowed by the Death Realm Dragon Gate.

The Battle Demon and Nothingness Demon's death could be cured by the Ji Yuan Sky Demon but when his favorite little sister dies, no one could make up for it!

So, even though he had spent a long period of time and was only left with a little bit of time to deal with the sword without any injuries, the Heavenly Demon Genesis was still angry. This was the first time he was angry!

Long Chen was stunned.

Water Blue Smoke's mind fled in one breath.

And at this moment, the humanoid Heavenly Demon had finally turned into his ancient Giant Demon body!

BOOM!

This was an unprecedented shock, and under this shock, 100,000 stars moved, a deep moat opened up on the Ling Ji Ji Xing.

Weng! *

He also didn't know how many lives had died because of this.

Right at this moment, in front of Long Chen's eyes, the body of the Heavenly Demon became bigger, and countless white mist rose up!

An instant later, what appeared before Long Chen's eyes was actually an illusion!

An enormous shadow was born from the countless white fog. This was the shape of an ancient Giant Demon. Dragon scales, Demon Claw, giant wings, long tail, and sharp fangs could be vaguely seen.

It was an illusory body.

However, it had a huge impact on Long Chen, because the Great Void Cosmic Dragon were also like that. They were both powerful existences that could control the laws of time, but their true bodies were actually of the same nature!

Heavenly Demon of the Era, overlord of all time!

His true form was revealed here, and it was extremely terrifying!

Right now, he didn't care about getting injured.

Furthermore, the Lingin Gods s who were controlling the Su Sword were burnt dry, all of their faces turned pale white, their bodies dried up like dried corpses, even if they absorbed too much energy, they could not do anything now, controlling the Su Sword above their levels was just a joke.

Of course, the Susu Sword did not have a choice.

At this moment, the Heavenly Demon Claw extended out and with a point of a finger, time swept past like a storm and struck the white sword. The white sword was sent flying and the fifteen divine gods were severely injured by it and flew out.

A stream of blood sprayed out from the god's mouth like crazy. There was not even a bit of power left in his body, he was close to death!

"It's the end!" It's the end!

The low voice of the Heavenly Demon Ji Yuan resounded throughout the world.

When all fifteen Lingin Gods were on the verge of death and no one could stop the Heavenly Demon Age, they finally lost all hope and panic.

Chapter 2593 - Spirit Element Reunion

At this moment, the group of divine gods were all miserably defeated, and they couldn't even get up.

From this, it could be seen how powerful this Heavenly Demon of the Era was!

This was when he would truly get angry.

Of course, if it wasn't for the fact that Lingin Gods had been using the white sword for too long, it wouldn't have been defeated so easily. Their defeat was only natural.

At this moment, the Heavenly Demon Ji had completely digested Yan Jun. Based on his past strength as the ten thousand realm ruler of the Demon Emperor, even if the power within his body was equivalent

to Taiji Realm, it was still not something that an ordinary god could face. Even Divine Monarchs would not be able to face.

Once the fifteen Divine Spirit were to lose, even if the threat of Shui Lanyan disappeared, the entire Lingsu Star Sea would still be in imminent danger.

Mo Xiaolang chased after the Nuwa Devil, but even if he could defeat it and return, it would not be able to change anything. After Long Chen defeated Shui Lanyan, his energy consumption had become relatively large. As of now, he was the only one left with enough power to fight.

The gigantic snow-white sword was once again thrust into the Ling Ji Ji Xing, causing tremors once again, causing earthquakes and tsunamis, and many disasters to occur. The passionate war song of the gods from before was now being replaced by a despairing cry that resounded throughout the entire Lingsu Star Sea.

They had submitted and were afraid!

Through the beautiful seven-coloured clouds of the Lingsu Star Sea, one could see one crying face after another. They were not numbers, but real lives. Everyone has their own experiences, emotions and spirit.

However, a single devouring of a single Heavenly Demon could end the lives of countless others.

Such a threat had also previously occurred on Dragon Sacrifice Continent.

The living beings of Lingsu Star Sea had already collapsed. Many of them chose to commit suicide, no one wanted to be devoured by the Giant Demon Beast and be unable to escape for eternity. But in truth, they didn't understand. What the Ancient Giant Demons devoured was their souls. Their suicide happened to be convenient for the Heavenly Demons to devour!

But at this moment, Long Chen was right in front of him.

It was like a clash between fates.

Before this, they had never fought head on, but at this time, they fought with each other over Lingsu Star Sea. Heavenly Demon Ji Yuan was originally about to start devouring it, when he suddenly saw Long Chen. Seeing him in front of his eyes, that tiny body was actually so fearless.

It was difficult to imagine that he actually wasn't afraid of her.

"Get ready, I will lead you to a new world. That was freedom, stability, no pain or sadness. I am a Heavenly Demon, becoming an undead in my stomach is also a kind of honor. Because, you are my power. "

Through Long Chen, the voice of the Heavenly Demon resounded throughout the world.

The fifteen divine gods struggled to get up, but no one was able to rush out of the Lingsu Star Sea. The despair and fear of the masses had also led to his exhaustion. They were completely unable to make it.

"Long Chen, stop him!"

The Holy Lord seemed to be in pain as he spoke to himself.

Long Chen obviously knew that he wanted to stop him, so how was he supposed to stop him? Even the Sacred Masters, Dark Monarch and thirteen other gods who were stronger than him were unable to do anything to him!

Heavenly Demon of Ji!

That illusory devil shadow was just like Great Void Cosmic Dragon. This time Overlord had once been a character that approached Great Void Cosmic Dragon, and was currently pressing down towards Long Chen.

"I will find Lan Yan and let him recover. As for you, you must become part of my clan and be loyal to me for all eternity. "To be loyal to Blue Smoke for all eternity."

The Heavenly Demon's eyes that were hidden in the illusion stared at Long Chen. That was the magical power of the Demon Emperor, suppressing Long Chen to the point where he couldn't even breathe. As expected, he would not easily kill Long Chen. For people at their level, killing was not the best punishment for revenge, but for the other party's release!

The moment Long Chen reneged on the deal, the Heavenly Demon Ji was prepared to let him suffer for his entire life.

He approached step by step.

Long Chen bit his lower lip and retreated a few steps, but he could not retreat any further, behind him was the Lingsu Star Sea, and there were still people looking at him, treating him as his only hope. However, this hope was not high.

The moment he faced this Heavenly Demon, Long Chen thought of many things.

Starting from the calamity of the demon star, or perhaps, this might be the final battle! He had already endured to such an extent, and had killed his enemies one by one. In the end, only the neo-demons and the neo-demons were left, and they were badly injured. Only the Diremonster was left!

After thinking about it carefully, this step could really be described as heaven-defying.

When he first stepped into the devil star realm, he was even inferior to soul-controlling demon!

Thinking of this, he suddenly had the courage to face the Heavenly Demon Genesis!

A good man, take it as such! Even if no one believed him, he still had to believe himself.

There were three trillion living beings in two worlds standing on him alone! They were three trillion living beings, and the personality of each of them was no different from Long Chen. They also had someone they loved, a world that they needed to protect. Everyone's tears were different.

This was definitely not just a number!

Ling Xi, Mo Xiaolang, Little Cat, Su Yan, Yang You, the Dragon Emperor s, as well as all their companions from Bai Yang Town and True Martial Imperial Palace, they were definitely not numbers.

How could he possibly lose everything when he was standing here!

Therefore, he stopped retreating. The Heavenly Demon Genesis was unable to scare him.

"Your courage, luck, and potential are rarely seen in the world. In time, you may even surpass me in peak condition and reach an even more terrifying level! However, you met me. That is fate. It's the end of your destiny! "

The Heavenly Demon Ji Yuan said.

"I do not believe in fate. I believe in cause and effect. The wicked must die without a burial ground. Heaven destroys Earth. " Long Chen responded loudly.

"What is good and what is evil? Cats eat rats and humans eat beasts. These are the rules of the world. The strong preys on the weak; how can one differentiate good and evil?" I am the devil, the soul of the man-eater, and the law of all worlds. "

The heavenly demon's voice was loud like a bell.

"Although the gods and devils are powerful, they are also a part of the living. This was truly breaking the rules of the world. This is a great evil! "

When Long Chen said till here, the Heavenly Demon Primordial Era did not argue with him anymore. In the final analysis, he believed that demons ruled over humans as food. However, Long Chen believed that the gods and devils came from everyone, and that everyone was their foundation, so there was no difference in nature.

But even so, it was useless.

If it was evil, then the Heavenly Demon would do evil and never frown.

Time stopped.

He once again restrained himself, making it impossible for him to move. Afterwards, his body became uncontrollable and was swallowed by him.

The illusory mouth grew closer and closer. Long Chen resisted with all his might, causing the Divine Source Power to erupt with unprecedented force. Even when fighting against time, he could only slow down his footsteps slightly.

Suddenly, he saw a scene.

On top of the Ling Ji Ji Xing, there was a snow white gigantic sword inserted inside. The greatsword rushed up to the clouds, and on the sword hilt, a Rainbow Butterfly appeared. The butterfly flapped its wings, looking at Long Chen!

"This sword!"

Long Chen realized that, other than the pure white colour of the sword, it was no different from Ling Xi's sword.

"Xiao Xi, call the Nine Hell Illusory Butterfly out."

The Nine Hell Illusory Butterfly had once become the core of the resplendent star, the spirit of the Butterfly Illusory Sword. When Long Chen said these words, he was already struggling to hold onto the long awaited Ling Xi's sword in his hand. The black blade reappeared!

Weng! *

The Nine Hell Illusory Butterfly flew out from the Divine Kingdom.

This little butterfly had followed Ling Xi for some unknown reason. It did not even know where it came from, and later on, it became the spirit of the Butterfly Illusory Sword.

"This place ... I ... I seem to have thought of something!"

little butterfly flew onto Ling Xi's sword, her body emitted nine rays of light, and along with Long Chen, was swallowed by the Heavenly Demon.

"Buzz!"

Suddenly, a shocking mysterious power exploded from Ling Xi's sword, swallowing the Nine Hell Illusory Butterfly inside. This was the first time in many years that Ling Xi's sword had changed, showing the power that only a Creation God Manifestation Sword should have!

BOOM!

A black sword light pierced towards the Heavenly Devil.

Sword-light sputtered out, transforming into tens of thousands of beams that submerged the Heavenly Demon of Ji Dynasty within the illusion. At that moment, the Time Freezing Power of the Heavenly Demon disappeared, and Long Chen finally rushed out of the danger.

He was floating above the Lingsu Star Sea, holding Ling Xi's sword, he looked towards Su Jian.

"Spirit Sword!"

On the white sword, the colorful butterfly emitted an incomparably shocked sound. Although the sword was not controlled by anyone, it quickly shrank and rushed out from the Ling Ji Ji Xing, arriving in front of Long Chen in an instant.

This change caused all the beings of Lingsu Star Sea to stop shouting out in despair as they raised their heads to take a look.

Sky Demon seemed to have been restrained, and unexpectedly did not continue to attack Long Chen, but forced him to release the black sword aura.

Inside Ling Ji Ji Xing, fifteen divine gods gathered with much difficulty and saw this scene. They were all dumbstruck, looking at the Immortal Sword in Long Chen's hand, other than the fact that it was black, the rest of it was exactly the same as the plain sword.

"That's a spirit sword! One of the sword spirits, the one that was once taken away by the Sphinx! Black Soul Ripper! Heavens, how could this be possible! How could he be so lucky as to bring a spirit sword! " The Holy Lord could not suppress his tears.

In actuality, the plain sword could not be considered Hun Yuan's Creation Divine Artifact.

Only when merged with the spirit sword and the two swords at the same time, would it be at Hun Yuan's level. Under normal circumstances, it could only be considered at half Hun Yuan's level.

Now, it's very likely that the elements will converge

Of course, no matter how powerful the Creation God Equipment was, someone had to use it. Therefore, at this moment, even though the Gods were excited, they knew that the miserable state would not change.

"Even if the spirit sword appears, it doesn't seem to be able to change anything, right?"

Seeing the excitement of the gods, one of them said.

The expressions of the others instantly dimmed.

"What is this? Spirit sword? What a coincidence! " At this moment, the Heavenly Demon Ji has dispelled the black Sword Qi from Ling Xi's sword.

On Long Chen's side, the Nine-colored Butterfly on the Susu Sword was exactly the same as the Nine Hell Illusory Butterfly, being only a male. It stared at Ling Xi's sword and said in disbelief, "Spirit Sword, you're finally back! "But, why are you in such a disorderly state? You don't even have a Manifestation Divine Weapon anymore!"

Chapter 2594 - The Sword of Fusion

"Aiyo, my ass!"

Cat fell to the ground, grimacing in pain.

He rubbed his buttocks as he got up, cursing and swearing. When he looked up, the scene before him was immediately stunned.

"This is ..."

After he mumbled those two lines, his eyes immediately lit up like he was a money grubber.

"This young master is going to make a windfall!"

For a moment, he was drooling as he walked in front of Ye Xiao in a daze.

There was an unimaginable amount of spiritual energy in this space. With immortal energy swirling around, it was very comfortable to just take a whiff. In front of Cat's eyes was a lake. Within the lake, there were countless white crystals floating in the air, emitting a large amount of pure energy. As for the surroundings of the lake, they were filled with oddly-shaped flowers and plants. There was also a special item; it should be some materials.

This is Su Hai.

Even the gods of Lingsu Star Sea would never have thought that kitten would be able to sneak into the sea of nothingness.

He was attracted by the pronucleus's attraction to this place. After arriving here, he did not expect that there would be so many treasures here.

"These are hongmengxinling! These are Chaos Treasures and the Creation God Equipment that exist in the depths of the lake. I'm really rich, haha! "

He put his hands on his hips and laughed.

"No, it's mine!"

Thinking about this, he jogged forward and jumped into the incomparably pure snow-white lake. He was surrounded by the pronucleus he had yearned for in his dreams, and the level was even higher than what he had in the past. Thus, he could not help but start devouring these pronucleus and refining them.

"One at a time. Haha, one at a time."

Although he said that, he continued refining and collecting pronucleus at the same time. After around half an hour, he had probably swallowed more than ten pronucleus, but he had already finished

cleaning up all the pronucleus s on the surface of the lake. At this time, as he was refining the pronucleus, he threw his gaze towards other treasures.

"Let's just refine them first. These hongmengxinling and Chaos Treasures are not as good as pronucleus's, with my current abilities, I estimate that if I don't swallow them, they will instead!"

It was exciting just thinking of it!

The kitten sat cross-legged by the lake, not caring about the intense battle happening outside. How critical was the situation?! He was relaxed and carefree, humming a small tune while refining the pronucleus. The strength in his body increased bit by bit, but it did not reach his limit.

If only there were so many treasures every day, it would be a pity that this seems to be the territory of the Lingin Gods, if I took away so many things, would they go crazy? Haha, thinking back to how they were blowing their hair and glaring at me, I really want to laugh out loud!

Thinking of this, the kitten smiled like a madman.

It looks like they are going to die soon. If they die, then this place will belong to me, no, if they die, then Boss will probably not be able to defeat that Heavenly Demon, and this place will become the Heavenly Demon's! I better hurry up, don't let that Heavenly Demon eat it before I enjoy enough!

Thinking of this, he started to wholeheartedly eat the pronucleus.

Of course, his goal was to collect the treasures beside him.

"What spirit sword!"

The Nine Hell Illusory Butterfly that was just swallowed by Ling Xi's sword came out again, but it was already different. It no longer seemed to be the spirit of the butterfly Illusory Sword, but instead a different form of existence.

"Spirit Sword, you don't recognize me?" The colorful butterfly on the plain sword said in a daze.

"Who knows who you are, why do you look the same as me!"

said unhappily. There was actually someone who looked exactly like him, that was really unlucky, the only difference was that this person was male.

The Pure Sword's Creation Heroic Spirit was stunned.

Now was not the time to talk! Long Chen was extremely anxious, he now understood the true identity of Ling Xi's sword, it was only when it was combined with the Pure Sword and became the 'Hun Yuan Level' Creation God Weapon that was hard to imagine. It was a rare and precious treasure of the ten thousand worlds.

It was the spirit sword.

But obviously, Ling Xi was now the same as God Slaying Sword, falling to a point where she was not even a Creation God tier weapon. In fact, Ling Xi was even more severe, she was not even a Dao item before!

The first time he had relied on Ling Xi's sword to meet Ling Xi, he would have never imagined that such a pitch-black sword, would actually be a peerless treasure that was at the level of an Eternal Realm Sovereign! The value of a sword far exceeded that of an entire world!

Of course, it was badly damaged.

"Su Jian, the spirit sword is already damaged, do you have any way to make it recover?" After all they were originally one, which was why Long Chen asked so urgently. The Heavenly Demon Ji Yuan wouldn't even give them time, and everything that was happening right now was still in danger. If not for the black sword qi from Ling Xi's sword which caused the Heavenly Demon to become slightly blurry, Long Chen's life would probably have already been taken.

Seeing the Heavenly Demon attack again, was extremely nervous.

Su Jian sighed, "I was originally fused with it, but now that it has been damaged to this extent, I am naturally willing to share its power and damage with it, averaging all of its injuries onto both of us. But because of this, I will also be injured, and my power will drop, of course, I can make it a Creation God Creation God Equipment once again to coordinate with it, the attack the holder can indeed be stronger

than me alone, and it's more suitable. But as you can see, Lingin Gods is no longer able to do it, and you don't have the Lingsu Star Sea's bloodline, so you can't control me.

It turned out that it had already fallen into despair after its defeat.

It was only a creation god artifact, so it naturally had the right to make such a choice.

Long Chen understood that the so called degree of compatibility was due to the combination of the Lingin Gods and the Pure Sword, which was considered to be too lacking. The Pure Sword was once a divine weapon of the Sphinx, and it had not even become its master yet, so they could only look at the difference between their bloodline and the Sphinx's. Although the Lingin Gods was fine, it was still impossible to use the simple sword like the real Sphinx.

As for Long Chen, who came from the Dragon Sacrifice Continent, the difference between his bloodline and the Sphinx's was even greater. It was probably Long Chen who spent ten times more power to inject the Pure Sword than the Lingin Gods. The effect was naturally twice the result, not to mention defeating the Heavenly Demon Genesis.

But, Long Chen was secretly surprised.

He naturally understood that if Spirit Sages and virgin or were related to the Sphinx, then Ling Xi must also be related to them. Theoretically speaking, Ling Xi's bloodline was closer to the Sphinx than the Lingin Gods's. However, she was currently pregnant and she did not have the will to fight against the Heavenly Demon Genesis.

However, they had love for three lifetimes!

As soon as this thought appeared, Long Chen used Three Lives Love Threads to perfectly fuse with Ling Xi, fusing the two forces together, allowing Long Chen's Divine Source Power to have Ling Xi's bloodline and power, allowing Ling Xi to wield Long Chen's divine strength! As a result, his strength had also increased.

The most important change is the change in nature.

Buzz! Buzz!

But after the change in nature, the Ling Xi Sword in her left hand vibrated slightly, showing that it was in perfect harmony with him. In reality, the Ling Xi Sword was very compatible with Long Chen, and there was no bloodline related to the Sphinx at all.

"How is this possible!" Su Jian was shocked.

In front of his eyes, Long Chen had suddenly become something like a Sphinx. It was as if he had obtained his legacy.

"It's not your attribute, in your god country ..." The plain sword could hardly believe it.

"It's my wife. She seems to have a great relationship with your Sphinx, Su Jian, and there's not much time left. Let's give it a try, no one wants to be destroyed, this is their last chance!"

Long Chen had no choice but to increase his speed.

They had long since given up all hope and panic as they looked at Long Chen with their only hopeful gaze. Although they did not believe that the outcome of being annihilated could be changed, they still displayed their own imaginations.

An imagination that even he himself thought was impossible.

"Alright, I'll be relying on you!" If it can end, please tell me about Sphinx! "

The plain sword agreed clearly.

It understood what Long Chen meant.

Therefore, he immediately agreed. The snow white sword hilt, instantly reached Long Chen's right hand.

After so many years, he once again wielded two swords in his hands!

It was a pity that he was missing his God-Slaying Sword.

The spirit sword and the plain sword were both relatively simple swords. Although they looked quite simple, who would have thought that this was a Creation God Manifestation Weapon that was worth more than a world!

Su Jian was willing to bear all this damage with the Spirit Sword.

This entire process was not controlled by Long Chen, but by the Susu Sword.

When the sword landed in his hand, he felt as if he was holding an incomparably heavy mountain. Not only was it heavy, it was also terrifying. No wonder the Lingin Gods had been devoured to that extent.

Fortunately, Ling Xi's strength, perfectly matched with the psionic sword's, had led Long Chen to use a power that was dozens of times more powerful than the Lingin Gods s! If not for Ling Xi, Long Chen would never have been able to do it!

"It's starting!"

The plain sword shouted!

Suddenly, Long Chen's body became a channel for the exchange of spirit swords.

"Look, he's holding onto the Pure Sword!"

"What's going on? The two swords are communicating, integrating, and it seems like the spirit sword is becoming stronger, the plain sword is becoming weaker!"

"Are the two swords going to fuse together again?" Su Jian placed his hopes on Long Chen? This young man actually has the blood of a spirit sword wielder and a plain sword wielder! "

For a moment, the Gods were confused, they couldn't believe what they saw.

"What are you doing, Long Chen?"

The Heavenly Demon Ji Yuan said calmly.

"In order to kill you, I will prepare!"

Long Chen said with difficulty!

It had to be said that the Heavenly Creation God Power of the Pure Sword that was close to that of Hun Yuan's, was just too terrifying! Long Chen could not even count how many times more powerful it was than his own!

But now, these energies were all transmitted through his body to the spirit sword, awakening it!

Chapter 2595 - Blade of Time

The speed of awakening could be said to be quite fast.

In just a few breaths of time, the two swords started to change their appearances. The white sword was dimmer than before, but the spirit sword had truly awakened. Long Chen realised that Ling Xi's sword was different.

It should be said that it was the Creation Spirit of the Spirit Sword!

The two swords were balanced in Long Chen's hands.

It was almost equivalent to using half of her power to give the spirit sword a new life.

As it said, they are one.

Even if it was only half of it, it had already caused a tremendous change to the spirit swords. Long Chen was currently not the owner of the two swords, but he relied on Ling Xi's strength, his coordination was extremely high, and was barely able to use the two swords.

Right now, Ling Xi's sword was at least above Genesis!

Half of the Creation Divine Equipment of the Genesis were all in the hands of the Demon King and God King. The three Divine Monarchs of the Lingsu Star Sea all had Divine Sovereign initial state, they were thousands of miles away from becoming Divine Kings.

The peak state of a battle demon was the Infernal King's true strength.

Therefore, these two God Creation Equipment were still very difficult for Long Chen.

Of course, the Pure Sword had also lost the power of a Hun Yuan level Dao item. It was about the same level as the Spirit Sword, although it might recover in the future, it had at least passed the stage of today!

Long Chen felt as if he had grabbed two iron mountains, it was terrifyingly heavy!

On his right hand, the snow-white sword carried a terrifying tearing sword aura. It was called the 'Sword Qi'. On his left hand, the black spirit sword, after it had awakened, the black sword qi started to revolve around the sword blade. It was a type of sword qi that could rush into Heart of Rules s and pierce through their souls, it was called 'Shattered Soul Sword Qi'!

Although a Manifestation Divine Artifact was truly terrifying and had a high compatibility rate, he didn't have much confidence that he could defeat a Heavenly Demon Genesis in this way! Right now, the Creation God Creation God Equipment could barely fuse and change with his Divine Source Power. However, his Divine Source Power was too small and could easily be controlled by the God Creation God Equipment, causing the coordination between him and the God Creation Artifact to collapse.

However, something unexpected happened.

A large portion of the great power of the Su Sword had truly stayed within his body. In sharing, it was gifted to Long Chen, becoming his Divine Source Power!

It actually benefited Long Chen, causing his own strength to surge again. Adding on enough strength of all living things, his strength once again increased explosively, and once again broke through another barrier, arriving at the late stage of the Nine Palace Calamity!

They had finally reached the level of the Dragon Emperor s!

Long Chen possessed the power of all living things, so he probably did not have a half-step Spirit Realm anymore. In the next step, he could directly become a god!

He suddenly remembered that the Long Qinglan back then was also at the realm where he could become a god in the next step, and then, he would disappear forever. He had inherited the Great Void Cosmic Dragon's blood essence back then, which meant, his true strength was Long Qinglan's strength back then!

He was the same as himself. Although he hadn't become a god yet, his combat prowess was comparable to a Divine Lord's!

It was the same for Long Chen as well. During the early stages of Nine Palace Calamity, he was practically invincible, and now, with the help of the Pure Sword, his strength had increased explosively once again. When he reached the final stage before becoming a god, he would probably be able to contend against the Divine Monarchs of initial state!

Although he did not cultivate the Infinite Divine Art, the enormous Divine Source Power allowed him to have the ability to do so.

If one became a True God and cultivated Infinite Divine Art, that would be even more terrifying!

Of course, now that he had the Lingxiang's twin swords, it was the best time for him to imagine. This was because even with his combat power that was comparable to that of a Divine Monarch, it was nothing in front of these two Creation Equipment, just a drop in the ocean.

With the fusion of the two swords, Long Chen levelled up.

In fact, it all happened in an instant.

When they saw that Long Chen alone, with the Lingxiang's twin swords in his hand, was actually more than fifteen divine gods working together, all of them were stupefied!

A miracle!

For a moment, the entire Lingsu Star Sea was completely silent. Everyone stared wide-eyed at the Emperor Long Chen, and at that moment, it was as if he had become the Sphinx's possession. In an instant, it gave the Lingin Gods an unimaginable confidence!

The Holy Lord was extremely excited, he knelt on the ground and shouted loudly, "All living beings of the Lingsu Star Sea listen, even though you all cannot imagine, I still have to tell you this, in the moment of our most dangerous moment of destruction, our peerless ancient god, the Sphinx, has come to save us. He has descended on our comrade from the Dragon Sacrifice World, and let us pray for the Sphinx!"

The Saints are very clever.

He himself was unable to explain this matter, but he was sure that the Sphinx did not personally return, but rather, he knew what kind of agreement Long Chen and Su Jian had made, but he could make it up this way, not only would it give Ling Su and the rest unimaginable confidence, it would also give them the strength to wish of all Long Chen's people!

Endless power!

When the two trillion living beings infuse their hope into Long Chen's body, an unfathomable change would definitely occur!

Just as the Holy Lord had shouted, his authority caused everyone to trust him. Furthermore, everyone could also see Long Chen's situation, as an outsider, he had already grasped Lingxiang's twin swords!

"Divine Emperor!"

All the people in the midst of despair stood up with excitement, passion and faith. In the past, they believed in different gods, but now, they only believed in one person, and that was the Zhi Zun who had never appeared in Lingsu Star Sea! Sphinx!

Everyone began to sing the war song of the Sphinx.

For a moment, the loud and clear voice resounded through the world.

During the process of the song, Long Chen found it hard to imagine that this was not his home's Lingsu Star Sea, but the living beings above, had actually brought him the power of wish! Although they did not have a thread connecting them to his body, all of their will had been transferred to him!

At that moment, he had finally overcome the pressure of the two swords of Ling Su. With two trillion lives as a shield, his strength did not change at all, but it was still constantly at its peak. Even if he used up even the slightest bit, it would instantly fill up, and he did not need to worry about the consumption of his energy!

BOOM!

Once Long Chen became stronger like this, from now on, he only needed to kill!

At that moment, the white sword was on the left and the black sword on the right, the two sword energies were earthshaking.

This power was rarely seen. It was enough to suppress a Heavenly Demon.

To the Heavenly Demon, it was actually just a few breaths of time before Long Chen completed such a transformation. It was truly inconceivable.

When Long Chen was at his strongest and craziest, in reality, he had only scattered the 'Shattered Soul Sword Qi' that had suddenly attacked him from before. That unexpected attack did indeed cause some damage to his mental state.

When he saw the current Long Chen, he unexpectedly did not go crazy, nor was he nervous. Instead, he returned to being calm and said: "Seeing the current you, I believe in one word."

Long Chen moved for a while, adapting to this abundant of strength, and said: "What?"

"Destiny. You are my fated rival, but I was blinded by your weak eyes. I thought ten million years of imprisonment would be my greatest punishment and torment. I didn't expect you to be. Your fate is the greatest torment for me. "

The Heavenly Demon Primordial Era was becoming more and more peaceful. Like this, he was becoming more and more terrifying.

"You flatter me. Since you are the main thought in my mind, and I only arranged this torture for you by destiny, then you must have thought that you could endure it, right?" Everyone wants you to disappear from this world. To me, the so-called "heaven" means all living things, and the reason why I am fighting for my life today is only to uphold justice for the heavens! "

Just as he had said, there were countless lives supporting him from behind.

"I am not fighting alone. Millions of lives have contributed to me with one sword! However, you are different. You originally had more than forty brothers and sisters, but now you are alone! I think you should understand who is in charge of this world, look down on the common people, plant seeds of evil, and finally bear fruit. So you believe in fate, and I believe in cause and effect. "I believe in retribution!"

The Heavenly Demon did not think that such a young life form would actually make him doubt himself. His way of life, his rules, were practically nothing in Long Chen's eyes.

He did not believe it, so he shook his head and said, "You haven't experienced long enough. Traveling together with time, karma has long since failed to restrain me. "There is no cause or effect. It can last for an entire era."

Long Chen laughed and said: "That's because retribution is not here yet. A era, it is simply too short! You think you control time, but you're controlling time! You are not the Overlord of Time, you are just a pitiful person who is playing games in time! "

"Is that so?"

The Heavenly Demon returned to tranquility. Upon hearing Long Chen's words, his heart suddenly exploded, becoming extremely impulsive as his illusionary body opened up huge wings. The Demon Claw attacked, and the first attack was to topple mountains and overturn the seas!

"Has it finally begun!?"

In this battle, everything about Long Chen rose to a whole new level.

Actually, he believed in fate. Destiny and karma did not conflict, but fate gave him the chance to participate in this precious battle!

"Kill!"

Dragon scales covered his entire body!

With both swords in his hands, it was as if he had returned back to the time when the Three Great Imperial Domains was fighting for power. Although the opponents were different, the battles were always the same — exciting, exciting, and berserk! At the same time, it was also a game!

"Blade of Time!"

He would make his move from this moment onwards.

As the Heavenly Demon Claw swung out, dozens of illusionary shadows attacked. Every single one of them carried the power of time, allowing the user to speed up. Naturally, their speed was extremely fast, and there was no way for them to resist at all.

"Each of these Time Blades has the rule to speed up the process of power depletion. It cannot be touched! "

Chapter 2596 - Sand of Time

Amongst the dozens of Time Blades, not only did they contain the topmost strength of laws that the Heavenly Demon has grasped, they were also the rules of a Divine Monarch. They also contained the extremely high attribute Divine Source Power s that he had recovered from consuming Yan Jun!

This kind of 'Order-level', and even the power of a 'Hun Yuan's' class', was able to make Long Chen's vast Divine Source Power grow larger bit by bit.

So even if Long Chen was as strong as a monster now, the blades at that time were still terrifying!

To all living things, the most critical battle had begun!

To Long Chen, this was the only chance he had in his life to defeat a Ji Yuan Sky Demon. If he lost the battle, he would lose everything, and he would even have to personally destroy the thing he protected.

He was not qualified to be defeated.

However, he did not have the power to resist. In his despair, he fought for his life. Now that he had finally arrived, he could fight against this Heavenly Demon!

"Blade of Time!"

Long Chen understood the power of time, and he immediately understood that Time Blade was a type of use of time acceleration. If struck, the speed of time would instantly increase by countless times, allowing the opponent to quickly become exhausted and aging.

Especially when the Heavenly Demon Genesis was used. There was no way to dodge at all; they could only fight back.

Long Chen held his two swords tightly. The two God Manifestation stage were no longer a burden to him because he had the support of all the living beings.

Move!

Kill!

The black sword and white sword were covered in illusions, of which the most precious 'Shattered Soul Sword Qi' and 'Demon Slayer Sword Qi' poured out, condensing into a myriad of sword auras, clashing against the Time Blades for the first time!

If it was the Long Chen of the past, this Time Blade would be able to make him disappear from this world.

His goal was to use the astral sword in order to disperse the sharp blades of time. Even if it was the laws of time, they were formed by the Divine Source Power, and in essence, they were still Divine Source Power.

Thus, it could be destroyed by an equal amount of force!

A tyrannical Sword Qi had such power!

Although Long Chen swung his sword in a seemingly violent manner, the true time blades clashed against the white Sword Qi, while the black Shattered Soul Sword Qi flew past the time blades and rushed towards the source of the time blade, the Heavenly Demon!

RUU...!

The Blade of Time and the Sword Qi clashed in the starry sky, tearing open numerous spatial rifts! Sky Demon needed to conserve energy, so the number of blades was far less than the Sword Qi. With the war song resonating behind them, Long Chen did not need to worry about his strength being depleted at all. The amount of life and will he had was far more than the amount of time the fifteen divine gods had combined to use the white sword!

The Holy One deceived all beings, but gave them a chance to save their lives.

If they did not think that he was the Sphinx, who would be willing to place their only hope on him, even in death?

BOOM!

Even though one Sword Qi was unable to break through the Time Blades, it would only need a few more to do it.

Other than the Sword Qi, there was also the Shattered Soul Sword Qi!

This was what the Heavenly Demon Primordial Era feared.

At this moment, the Shattered Soul Sword Qi rushed towards him from all directions.

The Primordial Heavenly Demon's body flashed, the surrounding time quickly slowed down. His Time Rules suppressed the law of the sea when Long Chen was going against the rules, and he successfully charged out of the Shattered Soul Sword Qi's encirclement, closing in even closer to Long Chen.

The first clash could be considered as a draw.

This was no easy task. After all, the Pure Sword was now split into two parts. There was no longer the attacking power that caused the Heavenly Demon Genesis to be wary of. Of course, the good thing about it was that Long Chen was able to perfectly control it.

At the very least, he could now block this Heavenly Demon Genesis!

The first time they had crossed swords, it had also given the masses an incomparable amount of confidence!

"Not bad at all!" The Heavenly Demon's emotionless voice sounded. Before, he was always like an elder, and in order to control Long Chen, he now treated Long Chen as a powerful rival in fate!

One wave had yet to calm down, the other wave had already begun.

The Heavenly Demon Ji Yuan couldn't wait any longer.

"Sand of Time!"

His laws of time were endless. For example, at this moment, his huge wings were flapping, causing time to swirl like a storm, but the most important thing was not the tearing storm of time, but the sand that was rapidly forming amidst the endless storm. It was a silver particle that was flying all over the sky, flickering with a faint silver light.

This was the Sand of Time.

Each grain of sand contained the mysterious power of time.

Under the sweeping storm, the sand of time turned into a whirlpool of sand, enveloping Long Chen in its center.

"What kind of power is this?!"

Long Chen admitted that he actually could not recognize what kind of rule this was. The sand of time was mysterious and beautiful, as if he had arrived at a silver sea of sand.

"Long Chen!"

The voice of the Heavenly Demon Ji was heard.

"What do you want to say?" Long Chen frowned, such a strange attack, he felt that it was hard to deal with. It was as if the sand cloud had formed into a Time Vortex, cutting him off from the outside world, it was a form of imprisonment!

It was like creating an independent space within the laws of space, trapping one within.

"Our battle is not fair." The Heavenly Demon Ji Yuan said calmly.

"Why?"

"I am not at my peak state. The Sand of Time will let you stay here, and once I swallow the Lingsu Star Sea and return to my peak state, I will fight you again."

Long Chen could not hold back his laughter. If that was the case, then there was no need to fight.

However, he naturally knew that the Sand of Time was very difficult to deal with. The Heavenly Demon Ji had already made its move outside and was being suppressed within. He had to tear this place apart as soon as possible!

He had tried it from the beginning. The silver dust in the surroundings could not be cut apart. This was the same logic as pulling out a knife to break water. However, if he were to use his body to rush over, he would probably suffer a heavy injury from the Sand of Time!

Only, the Lingsu Star Sea did not have time!

Long Chen held his breath.

Indeed, the Primal Heavenly Demon was much more difficult to deal with than he had imagined. This was his last battle with the Ancient Giant Demons, but this battle was countless times more difficult than the Fighting Demons and Prison Demon Shakya!

Long Chen seemed to have already seen the scene of countless living beings, who were still holding onto hope, being devoured by the Heavenly Demon from the Era.

This, no!

As for the battle between the Nuwa Demons and Mo Xiaolang, it continued. Long Chen didn't know whether or not Mo Xiaolang was safe, and whether or not he was dead.

He believed that this brother of his could do it!

However, he did not know what kind of predicament Mo Xiaolang was in. He had already been killed and injured by the black hole, and now that he was suppressed by the Nuwa Demon, Mo Xiaolang was sent flying by the black hole's powerful demonic claws.

"Yan Er!"

Mo Xiaolang's mind was a little muddled, he only knew that Su Yan was right in front of him, his eyes were bloodshot, his entire body was covered in blood lines, and the Demonic Qi was overflowing, but he was still not as evil as the Nuwa Demons.

Both were heavily injured, but after having devoured two deities and countless lives, the neo-demon was still more powerful than him!

Especially since she had seized the opportunity and displayed that gigantic black hole once again without any hesitation, right in front of Mo Xiaolang's eyes.

As it tumbled, the black hole instantly formed.

She was the black hole. The black hole swallowed everything, and at this moment, it actually moved, devouring Mo Xiaolang with a speed so fast that no one could hear it!

It had always been Mo Xiaolang devouring others.

This was the first time he had tried the taste of being swallowed by a black hole, and this was truly terrifying, because black holes were the most brutal forms of devouring, and all the surrounding light and space were all swallowed into the vortex. Under the terrifying ability of strangling, Mo Xiaolang's body was practically smashed into pieces.

"Yan Er!"

Under the excruciating pain, his mind was still filled with that girl's image. It was every scene of him getting along with her. Compared to the pain in front of his eyes, there was a huge contrast.

But he kept on remembering that he had come here in order to save Su Yan!

Su Yan did not die!

She's not dead!

Mo Xiaolang was extremely excited in his heart. It was just that the rules of the black hole was too strong for the Demon of Nuwa, even though he had been severely injured previously, he was still unable to squeeze out of it even after using all his strength.

BOOM!

He arrived at a whirlpool.

Terrifying murderous power emanated from all directions. The vortex was like an infinite number of huge hands, grabbing onto every part of his body and tearing it apart!

He knew that this was the belly of the neo-demon. He was digesting himself.

No matter what, he still had the power of the Taiji Devil Realm. After being digested, he would most likely be able to recover.

Mo Xiaolang caught up, but he never thought that it would become her hope to free the 'Sword Qi'.

"Ugh ..."

He was surrounded by a boundless vortex, and there was no longer a way out. The ripping power that filled the skies had surpassed Mo Xiaolang's strength, causing his body to quickly disintegrate and even his consciousness had become more and more blurry!

But at that moment, he felt that he was actually so close to Su Yan!

"Yan Er, where are you!"

He screamed at the top of his lungs, but no one answered him.

As he drifted through the vortex, his wounds grew more and more severe. Although he was fighting with his life on the line, there would still come a time when he wouldn't be able to hold on and would be completely digested by the neo-demons.

"Give up. Those who came here were never able to leave. Be a good part of my power! " Nuwa's cold voice echoed in the air.

"Despicable, damn it!"

Mo Xiaolang climbed back up with much difficulty, but the whirlpool was even more destructive than before, causing his wounds to open even wider. Countless black Qi poured into the wound like bugs, corroding his body, and bringing extreme pain to him.

"Stop struggling. To tell you the truth, no matter how much you struggle, you won't be able to hold on for a hundred breaths of time." Nuwa said coldly.

She was currently trying her best to digest Mo Xiaolang.

On one hand, he was recovering his strength so that he could go back and help the Heavenly Demon.

On the other hand, because of Mo Xiaolang's special identity, if he swallowed this fellow alive, perhaps the remnant spirit would lose its obsession and dissipate from her body.

She thought so. In order to get rid of Su Yan's remnant soul which was hiding in a dead end, she had spent a lot of effort!

Chapter 2597 - Mo Xiaolang's death

He had absolute confidence in himself.

The rules of her black hole were unrivalled in the world. It was the origin of devouring energy and shook the entire world. Even those in the upper realms would feel fear from the sound of it.

Although his power was exhausted today, suppressing Mo Xiaolang who was heavily injured by him was definitely not a problem. She had a general idea of Mo Xiaolang's current realm, and had to say, it was an increase in levels that defied the heavens. Although Long Chen's performance was more eye-catching every time, the Nuwa Demons still thought that Mo Xiaolang was the most talented of them all.

Devour leveling up. Devour the Laws. Just these two were enough to shake 10,000 worlds.

Since the very beginning, the devouring power of the devouring Nuwa had never been able to grow stronger. When the Primordial Demons devoured souls, it could only recover its lost power. But he couldn't grow.

Therefore, at least she had to guarantee that Mo Xiaolang would be weakened to the extreme and would not have the slightest ability to resist. As for whether or not he would kill his, that would depend on the will of the Heavenly Demon. Of course, she had to show that she had to kill Mo Xiaolang now, because she wanted to take this chance to force Su Yan out.

Under the tearing force of her powerful Devouring Power, Mo Xiaolang suffered a heavy blow in the midst of the black vortex. His power faded extremely quickly, and the injuries on his body caused him to gradually enter a coma state.

Mo Xiaolang felt that his head was extremely heavy, Su Yan's figure could be seen everywhere, but no matter what, he could not touch it. This feeling made him break down.

"Yan Er, where are you? "Don't leave me."

He reached out to grab the shadows, but each time he touched them, the shadows vanished. Tell him that these are illusions.

It was not big, and could not be seen what was on it. It seemed to be a sculpture of a huge beast, and when Mo Xiaolang saw the stone tablet, he completely lost his consciousness. His body floated in the endless vortex, and gradually disintegrated as he was digested by the devils!

"Their potential is indeed limitless, and can very likely create miracles that have never been seen in ten thousand worlds. Unfortunately, they met us and even made us enemies, so they are destined to die." Nuwa said in a cold voice.

Just as she was laughing in glee, her expression suddenly became conflicted. Those blood-red eyes continued to struggle as the color of blood continuously surged and then dispersed!

"Stupid girl, are you finally willing to come out from that corner!? You really aren't afraid of death, why are you out when you've been hiding? If you hide inside it forever, I won't be able to do anything to you!"

When his eyes turned blood-red, he spoke out coldly.

Her body continued to tremble and struggle as she made many uncoordinated movements. It was as if two people were fighting over her body.

His eyes suddenly turned clear.

"wolf cub! Wake up! "

It was Su Yan. She could have been hiding in a corner to prevent herself from being devoured by the Nuwa Demon, but if she had been hiding, she would never have had the chance to save Mo Xiaolang.

So she came out.

She didn't expect herself to live for long. Previously, she also hoped that Mo Xiaolang would be able to help her. She saw his hard work and perseverance, but she knew that it was simply impossible!

She, Su Yan, was now like an outsider to her. With her weak soul, if it wasn't for her luck that she found a place to hide, she would have disappeared a long time ago.

The only thing she could do and the only thing she could do was to continue hiding.

But now, she couldn't just sit by and watch as Mo Xiaolang was digested.

Therefore, she chose to muster up her courage. She knew that she wouldn't be able to defeat the Nuwa Devil, and this was already the body of the Nuwa Devil, but she still did not turn back. At this moment, there was only one thing in her life that was more important to her, and that was Mo Xiaolang's life.

Even her soul was struggling and crying.

When her eyes became clear, she let out a tearing roar. The Nuwa Demon was currently devouring her soul, because Su Yan had also merged with her body, so he needed to spend some time to do it!

"Idiot, I was trying to force you out. Since you've come out, don't even think about going back!" As long as she could get rid of Su Yan, she wouldn't have to worry about anything anymore.

Suddenly, when the eyes of the Ancient Giant Demon became clear, it suddenly raised its sharp claws and pierced towards its abdomen. Suddenly, the Demon Claw stabbed into its abdomen, sending flesh and blood flying everywhere!

"wolf cub, I'm Yan Er. Quickly escape!"

Vaguely, Mo Xiaolang could hear such an urgent cry, and the person who was speaking had been crying the entire time. Her anxious heart was actually so passionate.

"Are you crazy!"

Nuwa didn't expect that this timid girl would actually dare to do such a thing.

"He's even giving up his own life, yet we still have to let him live! Such humble and laughable feelings! The feelings between mortal spirits are actually so boring! "

She had no choice but to stop devouring Su Yan and control her own body. Otherwise, this crazy girl might tear her body apart.

But when she took control of her body, Su Yan's originally timid soul continued to attack her nonstop. She had gone insane, her life was already the most useless thing in the world.

"Don't even think about killing him! I want to die with you! Let him go! The devil! "

It was precisely because of her insanity that he felt such a headache coming on. She was unable to understand all of her emotions, so she never expected this little girl to bring him such trouble after coming out.

"You forced me to do this, go to hell!"

Nuwa was enraged.

The girl's rarely seen ferocious appearance made her feel extremely annoyed and disgusted. She no longer controlled her body and focused on eating Su Yan's soul instead, but the girl didn't care at all. She

would control her body and then crazily tear open her own abdomen, pulling out her own blood and flesh in an attempt to pull Mo Xiaolang out from within!

Seeing how his body had been torn apart by her to such a state, he was truly infuriated. She didn't think that she would be forced to this extent by this little girl!

"You angered me! "Damn it, go to hell!"

She had originally wanted to leave Mo Xiaolang with a way out for the Heavenly Demon to decide, but she couldn't resist it now. She was really mad.

Emotions, what were they?

Was it worth the two of them to forget themselves?

One chased after him while disregarding his own life, the other rushed out without a care for his own life.

Nuwa truly didn't understand. She had the feeling that these two were seeking death for no reason at all.

"wolf cub! Wake up! I'm dying! "

That anxious voice was like a drum that continuously shook beside Mo Xiaolang's ears. He was really tired, but when he heard the words 'near death ', his entire body shivered, and his blood energy rushed to his head, before he finally woke up from the whirlpool. Although it was a short period of time, he was already injured to the extreme!

"Yan Er!"

Mo Xiaolang's eyes instantly turned red, he heard Su Yan talking to him, and at that moment, he was also going crazy. His tears also started flowing uncontrollably, it was blood red tears, it was so hot, so red, it was like their love!

"Swallow that stone stele! I'll hold it up for you, as soon as possible!"

With a boom, the whirlpool that surrounded him actually disappeared. In front of Mo Xiaolang's eyes, the illusory stone tablet had actually solidified right in front of him.

She was even very smart. Previously, when she tried to tear apart the Nuwa Demon's lower abdomen, she had only done so as a camouflage. Only when Mo Xiaolang was awakened did she truly make a move. For this moment, she had actually already been prepared.

Mo Xiaolang heard it very clearly.

Swallow the stone stele!

She was holding it off for him!

If she wanted to withstand it, it would definitely be extremely difficult. The Devil Nuwa would definitely kill her, so he didn't have any time to hesitate at all!

After hearing Su Yan's words, the Nuwa Demon was stunned as well. She thought that for a timid and useless girl like Su Yan, even if she could control her own body, she would only be able to save Mo Xiaolang by tearing open his abdomen. How could the structure of an ancient Giant Demon be so simple?

As a result, she was not afraid of being controlled by Su Yan, she only focused on tearing apart her soul. In reality, in a few more breaths of time, Su Yan would never exist in this world. Although it was a little risky, she had never expected that the method Su Yan used to tear open her abdomen was actually a deceptive trick.

The neo-demon didn't understand. When a person was forced into a corner, even a timid girl would be able to unleash unimaginable, terrifying power. When she spoke these words, it was as though she had been struck by lightning!

She did not expect Su Yan to actually understand the secret of her body.

In reality, this was normal as she could be considered the owner of half of her body. There was some information that could be inferred from her actions.

Thus, her final battle for her life truly terrified the Nuwa Clan!

"No!"

The Nuwa Demon regained control of his body and stopped biting Su Yan. And during this short period of time, Mo Xiaolang had already activated the Forbidden Area of Fire, including the stone tablet! Just a little more time!

Just a little more and he would have swallowed it!

In that instant, the vortex returned to normal as a storm descended and the stone tablet from the Forbidden Land of Fire disappeared. That stone tablet would only appear in front of Mo Xiaolang when it was under the control of the Ancient Giant Demon's body.

If he failed this time, Su Yan would definitely die, Mo Xiaolang would also die!

"Fight with me! "You two still ..."

When the devil of Nuwa finished speaking, and was about to materialize the stone tablet, Su Yan threw herself onto her body without caring about his life. She had almost ignited her own soul, using her own teeth to tear apart the devil's soul!

This was something that the past Su Yan did not dare to do.

But now, she had done it, even though she was only left with a remnant soul, her eyes were still filled with tears, and they were bloodshot. At that moment, she was actually smiling, because she knew, she would definitely be able to save Mo Xiaolang, and make him leave, and that, the meaning of her life, would be enough!

Chapter 2598 - Mirror Reunion

"wolf cub!"

In a daze, she cried out his name.

"Die!"

In truth, due to the fact that she was being refined, the souls of the two were already of the same origin. It would be more troublesome for the devil to devour her than devouring her soul, otherwise, it wouldn't have dragged on until now. Therefore, although Su Yan was weak, it was more or less enough to cause her some pain.

This was Su Yan's last effort!

No one had expected that her final effort and hard work would bring them such a future!

"Yan Er!"

At this moment, Mo Xiaolang saw her existence. Her love had surrounded him, and it had given him endless power.

Back then, this was how he had engulfed the Nothingness Demon.

When the flaming lotus disappeared into the pitch-black vortex, everything seemed to have come to a standstill. The whirlpool and storm around him disappeared, and Mo Xiaolang, covered in scars, stood blankly in this pitch-black world.

"Uhhh"

Su Yan woke up from the intense pain and confusion to see a scene that stunned her.

In front of her, the soul of the Ancient Giant Demon was being burned by the black flames. She looked at Su Yan with a dull face, but the flames were growing stronger and stronger, until they were about to engulf her!

"I ... I ..."

The moment she was engulfed in the flames, Su Yan saw her the most painful and most unbelievable eyes. There was an endless confusion, unwillingness, and even the most ferocious hatred. But no matter what, she had actually ended it. In front of Su Yan's eyes, when the last trace of the black colored flame disappeared, her soul had completely disappeared as well.

"Am I going to die too? wolf cub should be able to live, right?"

Su Yan stood there in a daze.

She had succeeded.

When she had survived, she had imagined the day where she would be able to reunite with Mo Xiaolang. As long as she could take a single glance at him, she would be satisfied. Today, they even had an exchange. She was already satisfied. He even dared to leave in peace.

She could feel her soul ascending to a higher level. It was time for her to leave this world.

"Goodbye, wolf cub. I hope you can always remember me."

Su Yan held back her tears.

She felt that she was changing. Strangely enough, after a while, she was still conscious.

When he opened his eyes, he felt an unbearable pain all over his body. Before his eyes was an endless starry sky. Su Yan was a little dazed. It had been a long time since she had such a realistic vision, but she actually saw this starry sky.

The pain was so real, the stars were so real.

"Yan Er, are you still there?"

Suddenly, Mo Xiaolang's voice came from somewhere.

Swish!

At that moment, countless information flooded Su Yan's mind once again.

"I ... I ..."

She lowered her head and unexpectedly saw the body of an Archaic Giant Demon. This scared her to death; he actually didn't die!

Snake head, snake tail, giant wings, sharp limbs, and a body like a wild beast covered in dragon scales. This was the power of the Nuwa Devilsnake!

Master of the rules of the black hole.

She actually didn't die, and even took control of this body, becoming the only master!

"Yan Er! Are you there? "

He thought that Su Yan was no longer around and had died for him.

Su Yan naturally knew how to make him come out.

She opened her mouth and exhaled, allowing the youth to return to his human form. His entire body was covered with wounds, just like the body of Nuwa.

Su Yan immediately changed. She felt that the Ancient Giant Demon's body was too ugly, she had turned into her original appearance. Half a person, half a snake.

Both of their bodies were riddled with scars, and they were extremely weak. It was as if they had been separated for 10,000 years when they met in this starry sky!

They stared blankly at each other. How could there be such a long period of time?

Although he was extremely dizzy, Mo Xiaolang was still extremely clear.

"She ... seems to have died after you swallowed the stone tablet ..."

"Oh!"

Mo Xiaolang was stunned, happiness had actually come so suddenly, it was unbelievable, it made his whole body stiffen!

"wolf cub!"

At this time, the girl was already in his embrace, tears flowing uncontrollably. She was not a very strong person, and this time she had exhausted all of her courage. She had surpassed her limit and saved two people.

However, courage will always be reborn.

"Yan Er!" This really wasn't a dream! She was the person he loved the most, and her body temperature was so real that Mo Xiaolang finally believed it.

"We are saved! Victory! Yan Er! Yan Er! "

He could not help but laugh out loud. The haze in his chest exploded, and the anger that was suppressed exploded in the starry sky. It trembled heavily, and even spread back to the Lingsu Star Sea!

"Big brother! "Big brother!"

Mo Xiaolang could not help but tell the incomparably excited news to Long Chen. However, he was too tired. His battle with the Nuwa Devils had already exhausted all of his energy, yet now it was actually difficult for him to even move. Furthermore, Su Yan had just regained control of his body.

"Lingsu Star Sea is still fighting, I want to go back!"

Mo Xiaolang insisted.

"Alright." Of course Su Yan supported it.

At this time, Long Chen's voice sounded in the surroundings.

"What's wrong?" His voice was very calm.

Actually, within Long Chen's ten billion god palace, there was only one Mo Xiaolang. He was also a believer of Long Chen and was one of the immortals Divine Realm, so when Long Chen heard his voice, he could communicate with him through the thin line.

Mo Xiaolang excitedly recounted the entire process to him. It was very brief, but the important part was brought up!

"Big brother, how's the situation over there? I'm going to help you!" Mo Xiaolang said solemnly.

"No need, you guys recuperate first. This side has already been controlled and should be cherished."

After saying that last word, Long Chen cut off the connection between him and Su Hengshan. He had tried several methods, but the time sand was too troublesome, in reality, he could leave within fifteen minutes. Even the Primal Sky Demons might not be able to use the time sand to hurt him, but the problem was that the Lingsu Star Sea couldn't wait for more than fifteen minutes.

He was sincerely happy for Mo Xiaolang, he had finally completed the most impossible victory, and Long Chen was also proud of him. His happiness came from great difficulty, so Long Chen did not want to ruin his happiness.

Even if the situation was extremely critical, he could not allow Mo Xiaolang to come back and participate in the battle!

"Diremonster Ji, the neo-demon is dead. You are the only one left." Breaking through this Sand of Time, don't you want revenge? "

Long Chen believed that this blow was even more infuriating than Shui Lan Yan's defeat. He also felt it ...

Right now, the Heavenly Demon Ji Yuan is already in the sky above the Ling Ji Ji Xing. The battle song of the spirits have stopped, and the gods in their hearts seem to be trapped, while the devil seems to be able to devour them at any time. Thus, at this moment, no one dared to make a sound.

"You are not my enemy. All living beings in these two worlds are my enemies. I will avenge Ziyin. From now on, don't be anxious. Once I finish off the Lingsu Star Sea, it'll be your turn.

The terrifying thing about the Primordial Heavenly Demon was that even now, he was still as calm as water. He was not affected by Long Chen and did the right thing.

Long Chen was not only anxious.

It was as if he was really done for!

Although Mo Xiaolang and the others had already taken care of the Nuwa Demon, leaving only the Primal Heavenly Demon behind, this fellow, was truly hard to deal with! He did not have any emotions. All he had was reason!

"Sand of Time!"

With Long Chen's spirit sword and plain sword slashing down, the sand of time had been destroyed, but was constantly being reborn. This time, the strangeness of the laws was that the inside of the sword could not be destroyed, and if there were people in the outside world, it would be much more convenient!

At this time, the Heavenly Demon Ji Yuan opened his huge mouth, ready to swallow!

Long Chen was about to go crazy, he only had energy, but was stuck in the sand of time!

"Boss!" Haha, the savior you look forward to the most is here! Hurry up and come out to pay your respects! "

At this moment, the sound of laughter came from the outside world.

Just as the people of the Ling Ji Ji Xing were about to faint from fright from the Heavenly Demon, a white figure rushed out from the Ling Ji Ji Xing. It was extremely fast, arcing across the Heavenly Demon, not only attracting the Heavenly Demon's attention, but also rushing in front of the Sand of Time!

The kitten seemed different!

"This damned thing must have swallowed quite a few pronucleus!"

Long Chen could feel that he had an aura comparable to a god's, which was too heaven-defying. Although he had used up all of his energy, it was still useful at critical moments.

"You son of a b * tch, Heavenly Demon of the Era, quickly watch me beat up your ass and pull out my punches!"

The little kitten came from the Ling Ji Ji Xing and crashed into the sand of time like a meteor. It released a large portion of the pronucleus's power, and such a collision caused the sand of time to crumble!

Rumble, Long Chen who was holding onto both swords, finally rushed out from within, and blocked in front of the gigantic Heavenly Demon!

"Done!" This young master has succeeded! Children, come welcome their peerless hero! "

After he made his move, the kitten once again turned into a streak of light and circled to the other side of the Ling Ji Ji Xing.

Even though this fellow was unreliable, this time, he had helped Long Chen resolve a truly large encirclement, giving him the power to fight against the Heavenly Demon Genuine once again.

At this moment, his eyes were like lightning. He pointed his sword at the ground and then at the Heavenly Demon, asking, "Once upon a time, did the Demon Emperor have the guts to fight a fair and square battle?"

The same provocation.

He believed that there would come times when Sky Demons of the Era wouldn't be as rational, especially after the death of the Nuwa Empire. He definitely would feel unresigned and furious; after all, they had been companions for countless years. He did not believe that he could remain so calm!

"Heh."

A rare smile appeared on the face of the Diremonster.

"Make your move."

To say these two words meant that he had agreed to it.

Long Chen was finally relieved. What he desired the most right now was a fair battle!

Chapter 2599 - Time Prison

There were more than 40 ancient Giant Demons on the Demon Star. Up till now, there were only the former Demon Emperor, the one who had shocked the world with her Heavenly Demon Genesis tens of millions of years ago!

To Long Chen, this battle had lasted for exactly two years.

From the battle strength of someone close to a god, to the point where just his strength was comparable to that of a Divine Sovereign, with the support of the life force of the Lingsu Star Sea, and the existence of the "Hun Yuan" Creation Divine Weapon, Long Chen was now in his most perfect state!

He finally had the chance to fight against the Heavenly Demon Genesis.

The battle he longed for the most!

The people of Dragon Sacrifice Continent, the people he protected, were already living a peaceful life.

All the beings of Lingsu Star Sea, Long Chen had brought disaster upon them, he had to bear the consequences and beg for forgiveness.

Ling Xi was the biggest support he had when using the Lingxiang's twin swords. She was Long Chen's strongest shield and was Long Chen's mental faith. They were all waiting for their child to come to this world.

Mo Xiaolang had overcome everything and obtained his own happiness.

Long Chen knew clearly in his heart that if he lost, he would lose everything, and let everyone's efforts come to nothing. Although this was the final battle, it was also the most important battle!

This was not only a battle of luck, but also victory!

He understood all of this very well.

He thought of Long Qinglan, he had also been to the Demon Star, and at that time, he had become Long Chen's strongest mental support. All his life, he had remembered the mission that his father had entrusted to him, and he had been chasing after the reason behind his death. Now, he was quite close to this step!

"Kill!"

The awakening of the Slaughter Bloodline, only the spirit of slaughter could bear all of his responsibilities at the moment.

Killing, was to protect these two worlds, to protect those who believed in him, to kill evil, to protect justice. In order to not let the people of these two worlds become the food for the Heavenly Demon, in order to save these countless lives, he had no choice but to kill.

A blood-colored body, black and white swords!

Tens of thousands of wills, trillions of wills!

He gathered the world, history, and all life into one body. Like the creation of the world, he turned into a divine light. With a flash of both swords, he rushed towards the heavenly demon.

A peerless battle erupted!

"I was born a generation ago, and that was the moment of Divine Dragon Extermination. I didn't expect that today, I would actually fight against a Divine Dragon. Unfortunately, you are not a True Dragon. "

As the Heavenly Demon spoke, its illusory body flashed in the sky as a pair of palms formed together. In between its palms, a black illusory sphere gradually formed and then evolved into a heart.

The power of the Time Laws was unprecedented!

His attainments in time had reached the peak of perfection. Although he was unable to unleash at least eighty percent of the time rule, due to his energy being depleted, that remaining twenty percent surpassed all of Long Chen's understanding of time.

This Heavenly Demon was indeed a genius.

Furthermore, when he was at his peak, he might have been the only one that was closest to The Age of Dragons in terms of the usage of the laws of time. But today, he was still exhausted. Of course he wanted to devour all living things, but that would depend on being able to digest them peacefully. Long Chen was strong to the point that he needed to fight them head on, to the point of killing them!

"Time Heart."

In the middle of the giant Heavenly Demon palms, an illusory black heart formed. Although it was a heart, it was indeed condensed by the power of the laws of time.

"Let's go back to when you were just born."

The Time Heart floated over swiftly, the power of the laws in her black heart flowing. The level was extremely high, so much so that it was likely a rule that belonged to a Divine King. was something that was far beyond what Long Chen could comprehend at the moment!

"Reversing Time huh?"

He understood that this was the power of Time Reversal, but the Heavenly Demon Genesis's countercurrent was very scary. As long as one was trapped here, if they were unable to escape, then the time in their body would be pushed back, possibly all the way back to when they were just born.

It was still difficult for Long Chen to understand such a high level time reversal.

But this Time Heart, had indeed shocked him greatly!

Of course, being shocked didn't mean being afraid.

At the moment, his killing intent was a hundred million times stronger than the emotionless Heavenly Demon, and he even made all the living beings in Lingsu Star Sea feel that he was incomparably terrifying. When the Time Heart arrived, Long Chen quietly raised both of his swords, and his blood-colored dragon scales instantly changed into a combination of gold and black.

The righteous will of the God Path's Heart Refining Dragon formed a sharp contrast against the evil that was released from the bones of the Heavenly Demon. Although the killing intent wasn't that strong, it still gave people the feeling of not wanting to kneel down and worship!

Causality and the power of moral judgment respectively entered the spirit sword and the plain sword.

The Karma Emperor Sword might be able to perfectly coordinate with the psionic sword and use the two Godly Creation Weapons to unleash the Karma Emperor Sword!

Their target, was the Time Heart, the Heavenly Devil of this era!

"Whiz!"

Immediately!

A ray of light shot towards the Heart of Time, tearing through layers of space. This was Long Chen's breakthrough on the Karma King Sword, which was similar to the upgraded version of the Death Realm's Dragon Door!

The spirit sword was above, the plain sword was below, the plain sword was the cause, the spirit sword was the fruit, the Karma and God Power were both released from the swords, the power of Karma and the Spirit Creation God Power of the Lingxiang's twin swords, perfectly combined, erupted!

The Karma Emperor Sword was a Ancestral Dragon Art. When fighting against the opponent's super high level laws, one would not be at a disadvantage. The Lingxiang's twin swords s and Shattered Soul Sword Qi, on the other hand, had become perfect and majestic all of a sudden and had risen to a new level!

The Sword Qi, and because of that, directly collided with the Time Heart!

Originally, Sword Qi was unable to disintegrate this power of time, but after adding in the nature of 'cause', she was affected by the miraculous power of cause and effect. This was because it was as if the Sword Qi was in the right direction, allowing it to resist the Time Heart with all its destructive power!

This sword strike condensed the will of two trillion lives.

"Break!"

Everyone shouted!

The truth proved that desire was a type of power, causing the cause and effect to be even more distinct. If the Heavenly Demon Genesis planted an evil seed, it would inevitably be punished. In the underworld, the Karma Emperor Sword was this kind of power!

BOOM!

The Time Heart had not even allowed Long Chen to return to his infancy, and had already been destroyed by the white sword!

However, this was not the end. The attack of the Suyuan Sword and the Spirit Sword were in fact only missing an instant. The Heavenly Demon Ji Yuan was in an illusory state, but the Spirit Sword could heavily injure him!

Shattered Soul Sword Qi!

The power of karma!

What was most unimaginable was that the time reversal energy of the Time Heart, because it had turned into a fruit, condensed atop the Shattered Soul Sword Qi, was quickly approaching the Heavenly Demon Era! This was the first time Long Chen counterattacked with full of anger and hatred!

Or perhaps, the Heavenly Demon did not even think that Long Chen could do this step in terms of rules. He relied on the fusion of the Ancestral Dragon Art and the Lingxiang's twin swords to break his Time Heart, and he even closed in on Long Chen with a slash of his sword!

it was also the Shattered Soul Sword Qi that he was most afraid of!

Weng! *

Under Long Chen's overbearing sword qi attack, the illusionary body actually suffered another heavy blow from the Shattered Soul Sword Qi. In that moment, the Primordial Heavenly Demon gave a muffled groan, his entire body was trembling, he was injured.

He was indeed injured. Although he couldn't see it, his trembling figure was no longer as solid as before!

At that moment, tens of thousands of people began to boil with excitement!

Mad cheers swept through the entire Lingsu Star Sea. Even Mo Xiaolang and Su Yan could hear it clearly.

In that moment, Long Chen's mind was also tensed to the extreme. This sword strike had exhausted all of his strength and willpower, and completely exhausted him.

However, when the Lingin Gods was cheering, their two trillion worth of power quickly allowed Long Chen to return to his peak state. It was they who helped Long Chen in the battle!

It could be said that if not for them, it would be simply impossible for Long Chen to use the Lingxiang's twin swords in such a luxurious manner, much less explode to such an extent!

After all, the other party was the former Demon Emperor, an existence at the very peak of the ten thousand realms.

He was a character that was similar to the number one Primordial Divine Emperor.

Inside Long Chen's heart, there was blood boiling like an explosion!

This was the first strike!

It was the first sword he used to break the power of the Heavenly Demon! This allowed him to gain the trust and faith of many more citizens. There was even someone who expanded his Sacred Palace and became his subjects, not the Sphinx s!

The flames were rolling down his entire body!

He yearned for battle again, for madness, for roaring.

"I believe even more that you are my mortal enemy. However, you were born too late and lost a era of my time. You cannot defeat me."

The voice of the Heavenly Demon was still terrifyingly calm.

"Bullshit!"

Another fight!

But this time, Long Chen was going to be in charge!

He rushed forward, but although the Heavenly Demon was injured, it was faster and more violent than him. Even though he could only unleash twenty percent of the power of laws, there were still many Time Arts that Long Chen could not come into contact with.

For example, his time prison.

"Eternal Rest, the time to leave this world forever! The time column has descended! "Time Prison!"

This move was also a form of imprisonment, but compared to the Sand of Time, it might be more troublesome. Clearly, it would not allow the kitten to destroy it from the outside.

Right at that moment, a total of eight enormous illusory pillars suddenly appeared around Long Chen, each pillar was formed from the energy of the Time Code. Between them, there was the use of an

incomparably enormous illusory chain to connect them, forming a sealed cage, trapping Long Chen in this time prison within an incomparably short period of time.

It was the ultimate usage of the Time Freezing Technique. There was no mistake!

But why?

First of all, the eight time column had a vast amount of power, which was a higher order than Time Heart. Long Chen once again used the Karma King Sword, but was actually unable to cut through the time column.

Furthermore, inside the time column, Long Chen's time had not stopped, but other than the time column, time seemed to have stopped as well.

This made it unclear whether the time was still for Long Chen or outside the time column.

In reality, it was Long Chen.

He was trapped in an eternal cage of time, and all he could see was the image of death.

Reddit

Chapter 2600 - Time Break

To Long Chen, he was independent from true time, so everything he saw was completely still. Only Ling Xi from the Divine Kingdom could communicate with him.

But he was truly trapped by the time prison, and the one who was truly still was himself.

This was the power of the natural laws of the Primordial Heavenly Demons. This was already a fairly powerful type of the primordial divinity. If it wasn't for the fact that the Heavenly Demon Genesis was too weak, the true Primal Beginning Divine Technique would absolutely not be in this situation.

In the eyes of those outside the time column, the Long Chen they saw, was eternally fixed within the time column. With both swords in hand, he faced the Heavenly Demon Era, completely motionless.

Even the Ancestral Dragon Art of the Karma Emperor Sword was unable to break the power of this time column!

Although he was injured, he was still unable to defeat Long Chen. Right now, to him, Long Chen being sealed in the Eternal Time Dimension was already equivalent to him being defeated.

Thus, he could devour as much as he wanted, take revenge as much as he wanted, and restore his peak state.

He was going to tell the entire Allworld that he was back!

Yes, he was back.

Before he recovered his strength, he didn't even dare to use it.

He had an extremely long period of time and life, and had witnessed all sorts of things, but today, he was truly a little angry, especially after the death of the Nuwa Demon. After Long Chen had actually injured him with the Karma Emperor Sword.

Fortunately, time had trapped Long Chen and dispelled the knot in his heart!

"I'm back!"

The gigantic and illusory body of the Heavenly Demon passed by the time column and descended in the sky above the Ling Ji Ji Xing. This was the first time he came close to it. Last time, he had not gotten so close to the Sand of Time.

At this moment, he did not say anything. He opened his mouth, and that illusionary mouth formed a vortex. At the place closest to him, countless spirit creatures were sucked towards his mouth.

Doomsday!

For a time, the war song stopped, and screams began to sweep across the world, accompanied by a pestilential panic. Every true life that existed revealed the most pain and despair in their eyes!

Long Chen, who was entrusted with the heaviest hope, was sent by the Sphinx to resolve this crisis.

The fifteen Divine Spirits all knelt down on the ground, dumbfounded. As a Divine Lord, he could clearly feel that the sealing power of the Time Prison was far greater than that of the Sand of Time. Not even a kitten showed up

In reality, Cat knew his own limitations. Last time, he had exhausted nearly half of his pronucleus, but this time, he was not confident at all.

Of course, he believed in Long Chen.

"The boss never drops the chain at critical moments." As Cat looked at the tens of thousands of people that were swallowed up by the Heavenly Demon, she could only frown.

"This young master is afraid of death, why would he care about the lives of these people?"

Although he said this, after struggling for a while and cursing, he still rushed towards the Heavenly Demon Ji Yuan!

"Listen up, big devil, your opponent is me. Don't look around, I'm here to beat you up. Hurry up and put your little butt up for me to touch!"

In the blink of an eye, the kitten appeared behind the Heavenly Demon, baring its fangs and brandishing its claws as it spoke.

This voice made the Heavenly Demon Devour Summer before it stopped. It also caused countless people who were panicking and desperate to fall to the ground, and it made everyone even more shocked. Under this situation, even Long Chen was eternally imprisoned.

"What kind of existence are you to be so mysterious?" The Heavenly Demon Ji Yuan turned around slightly. His illusionary eyes stared at the kitten with a serious expression.

"Aiyo, you really care a lot about this stupid thing. Do you really have to ask what kind of existence I am?" Although some wonderful things might have happened between your mother and me back then, you might not be a seed of this young master! "

The kitten had its hands on its waist, as if it was cursing and swearing.

Sky Demon seemed to smile and said, "My mother? "Are you talking about the 'Heavenly Mother'?"

He did not pay any attention to Cat. Just as he was about to turn around and continue devouring it, the little kitten became anxious. It gathered its fist and punched the back of the Heavenly Demon, causing a certain degree of shock to the Heavenly Demon.

"This is bad, I've eaten so many pronucleus, and now you've used up all of them for me, I'm truly a prodigal son!" Cat stared at the Sky Demon with wide eyes. Although she knew that she should stop him, she couldn't figure out what she should do now.

Although he could not see it, there was already a flame in his heart. He was already in a situation where he was prone to rage, and Little Cat just happened to hit the muzzle of his gun!

Weng! *

The illusory Demon Claw instantly attacked and grabbed the kitten. The immense pressure of time made the kitten immediately piss in fright, and it cried out miserably, "Boss, quickly save me! If I don't come out now, I'll be squashed into pulp by this dog stuff.

"Cat!"

Long Chen's heart jumped. His instincts told him that Cat was in danger at this time!

He anxiously looked around him. The entire world was still. How could he break through this place!

"Long Chen, don't be anxious. This is a cage created by the rules of time. I think we can only use the rules of time to break it. "Think about it."

It had been a while since then, and there was no way Long Chen wouldn't be anxious. What he was most worried about was this kind of unfathomable attack from the rules, it wouldn't even be equal to fighting an open battle. But the terrifying Primal Heavenly Demon was here, so it was difficult for him to fight against Long Chen in broad daylight.

If he did not leave, he would regret it for the rest of his life!

The kitten couldn't wait.

His heart was like a drum as it emitted waves of rumbling sounds.

"That's right, only with the power of time can it be broken!"

He closed his eyes, using his primordial spirit to feel the power of time, and Great Void Cosmic Dragon to feel it. Now that he was forced onto a dead end, this was a desperate situation for him.

But he had to be quiet.

He had interacted with the time ruler of the Sky Demon Country for a very long time. Every time he used the Time Rules, Long Chen would gain a lot of benefits, from the Sword of Time, the Sand of Time, the Time Heart and the Prison of Time. Each of them was incomparably exquisite and exquisite, amazing enough to make people submit to him!

Those scenes appeared one after another in Long Chen's mind. Now that he was running around in a race against time, those images flashed by one after another, stimulating the Great Void Cosmic Dragon's primordial spirit, especially the Sand of Time and the Time Heart, allowing him to gradually gain enlightenment.

This process was as if he suddenly came to a realization.

He was really too anxious, his heart burning with anxiety, his desire so strong that it almost exploded. The similar imprint on the Great Void Cosmic Dragon's body was gradually being displayed under the impact of his mental will.

The images flashed through his mind faster and faster, eventually forming into a picture. It was an eternal being, and to him, it was like being struck by lightning. Under the stimulation, it became more clear, as if he were seeing a new world, a world of time!

"This is his eternally motionless power of time ..."

The eight time column formed a vortex and continuously moved backwards, allowing Long Chen to see the always still scene but in reality, it had already been going on for quite some time.

Following the direction of the whirlpool, Long Chen finally saw the outside world move. It exceeded the normal speed of development, and he knew that he saw the Heavenly Demon Ji Yuan holding the kitten in his hands!

"Cat!"

At that moment, his eyes were bloodshot.

If the Heavenly Demon Ji could easily kill the kitten, that would become his greatest pain. This scene gave him a terrifying shock in his heart, making his blood boil and his body rage like a violent dragon. The laws of time became clearer and clearer in his eyes!

He could even clearly see the complex rules within the time column!

From the Time Heart and the Sand of Time, a new Great Void Cosmic Dragon ability gradually formed in his mind. At this moment, he deeply realized that he had grasped a new kind of power, a new comprehension!

This was completely because of the Heavenly Demon, and also because of Cat's safety!

"This is the lost method of eternal loss of time!"

Time was everywhere, and every single life was living in time and space. Even if they were to remain still, it would still be a certain amount of time. Even if he used the Sand of Time, he would still live in time, but be stuck in another time.

However, what the Great Void Cosmic Dragon was imbuing was a method to make people lose time!

This method was named: Time Break!

Long Chen's dual swords wielded such power. The Great Void Cosmic Dragon's new ability had fused into the dual swords, and the two swords became an exit for Long Chen to unleash her new ability, becoming an amplifier for him!

At that moment, he comprehended!

Everything was so clear in his eyes!

He saw Little Cat's pained expression, and everyone also saw Long Chen finally moving amidst the time column!

At this moment, he had hacked out two swords!

"Time Breaks!"

It was not only the Sword Qi and the Shattered Soul Sword Qi, but Long Chen's ability to break through time had given these two types of terrifying life forms a new lease of life. This was probably the most terrifying move Long Chen had ever performed!

The combination of the Time Heart and the Sand of Time stimulated the killing move of the Great Void Cosmic Dragon!

A method that would cause time to suddenly break and temporarily lose time on one's body. If it were to lose time, would really look forward to what kind of change would occur!

The rule of breaking time was on top of the time prison.

Regarding the breaking of time, one of the abilities that he had was to interrupt all rules of time and suppress all rules of time. All of the rules of time, before the breaking of time, could not be formed at

all, and at this moment, even time column, in front of the two Sword Qi, had collapsed and was instantly destroyed!

Long Chen had unleashed the heroic stance of the Sword Qi and the Time Interrupting Spell, and now, it was an everlasting, spectacular sight to the audience!

The time column had collapsed!

As the Heavenly Demon Ji Yuan was about to deal with the kitten, he raised his head in shock. He felt a power that surpassed all the rules of time, especially his own!

"What rule is that!"

This was the first time he cried out in alarm!

This was because he couldn't see through these rules.
