

## War God 2621

### Chapter 2621 - True Dragon Descends

The golden vortex was roughly a hundred meters in diameter. It wasn't as terrifying as the black hole of the Nuwa Clan, but rather quite gentle. The golden liquid was flowing in circles around one of the centers.

Even the various Archaic Gods would call this place Ancient Secret Realm. It was obvious that the history here was even older than it was a century ago. Previously, the Infernal King had used the power of the Celestial King to blast this place apart. No wonder no one had been able to discover this place for thousands of years.

The Infernal King sighed with emotion and said, "This place is extremely well-hidden. If not for the fact that thousands of years have passed by and the entrance has become dilapidated over time, it would be difficult for us to discover it. At least ten million years ago, we never realized that there was an Ancient Secret Realm here."

They were all powerful divine gods and divine beasts, and there were even more different kinds of divine beasts present. Most of them were people Long Chen had never heard of before. They were all existences comparable to a high level divine dragon or supreme divine dragon. If they could materialize their real bodies, they would inevitably become incomparably huge.

Amongst the crowd, Long Chen was not the least bit inconspicuous.

He noticed that the Space Dragon called Xing Chen was standing next to Di Yao. Although it did not say anything, its intent was obvious. The Gods were also paying attention to this good show. To the divine beasts, this was the Daughter of the Divine Emperor of the human race. If they could marry her, the demon race's face would also shine.

The Infernal King stared at the bizarre whirlpool and said, "Which warrior dares to explore the path ahead? I would like to remind you that the dangers are unknown. Of course, if one's luck is good, they will obtain nothing but envy."

For a time, everyone quieted down.

Exploring the path was indeed a very risky task, but once there was a harvest, it was bound to be the greatest. After all, this was the Dragon Sacrifice Continent. With their strength, there was no need to worry about anything in this world that could harm them.

"I'll do it!"

Suddenly, a clear sound rang out.

It was that Starry Sky Flood Dragon, Xing Chen. He came out of the crowd, walked to the side of the Infernal King and Starry Skies Divine King, and said, "Big Brother, there's also the Infernal King, leave this matter to me."

Everyone was well aware that this Space Flood Dragon had bravely accepted this mission in order to show off in front of the people he liked. Although Starry Skies Divine King was a little worried, he knew that there was not much problem here, so he said: "Be careful of your safety after entering, if there is any news, feel free to to me."

"Don't worry, no problem."

Stellar Union waved his hand and turned back to glance at Di Yao, but didn't want Di Yao to be too lazy to look at him, she only focused on watching the golden vortex, which caused the young space dragon to be a bit unwilling. He knew that on the side of the human gods, there was no one who was worthy of Di Yao.

"Brothers, I'm going in!"

Xing Chen was extremely generous, he turned and rushed into the golden vortex, and very quickly, he was enveloped by the golden vortex.

Roughly a dozen or so breaths of time later, Xing Chen's voice broke through the golden vortex and travelled to the sides of the Gods. He said, "Everyone, there is an endless starry sky inside."

Long Chen was also very curious about this Ancient Secret Realm. Right at this moment, from within the golden vortex, came a loud shout from Xing Chen, very miserably, but at the same time, it was cut off in the middle of summer. Upon hearing this voice, everyone's expressions changed, and without saying a word, the Starry Skies Divine King and the Infernal King charged straight in!

Obviously, there was danger inside, so Xing Chen was afraid something had happened.

He was supposed to explore this Ancient Secret Realm today. Although there was the change in the situation with Xing Chen, but the Gods were bold and talented, and a few of the Gods had entered the golden vortex without a second word.

With someone taking the lead, more and more spirits entered, and Di Yao, who was not far away, moved her body in a flash, her expression cold. In the end, only Long Chen was left outside, and other than Xing Chen's loud shout, nothing else seemed to have happened.

In the entire starry sky, only Long Chen and the few Divine General soldiers were left.

Long Chen clenched his teeth. Since he was here, there was naturally no reason for him to return with his tail between his legs. After he made his decision, he brought Ling Xi towards the golden whirlpool.

It was obvious that this so-called Ancient Secret Realm should be related to the divine dragon.

This further strengthened his resolve to enter.

Her entire body was already surrounded by the golden liquid. Judging from the time Xing Chen went in and the sounds that occurred, he should be arriving inside the Ancient Secret Realm very quickly.

Long Chen floated within the golden liquid and sank into the depths. There was no danger, he easily passed through the golden liquid.

This piece of starry sky was extremely similar to the starry sky surrounding the Origin Dragon Palace. However, there was no such grand palace like the Origin Dragon Palace within his line of sight, but there were other shocking things. Around Long Chen, there were actually many Xing Chen s, each of them was not big, and was not even a tenth of the size of the devil star.

He was in a starry sky completely surrounded by small stars. Each of these stars gave him a special feeling. He remembered that not long after Xing Chen entered, he let out a loud shout. Clearly, he had met with danger here, so after entering, he was very careful.

"Everyone else is gone!"

This was the most serious problem he had ever discovered. It was like a maze, and with his current perception, he actually didn't discover even a single deity. Everyone came in almost at the same time, could it be that everyone was dispersed in different places?

This Ancient Secret Realm was deathly still. There were almost no sounds coming from her, making her seem even more mysterious.

Long Chen stayed in the starry sky for a while, but didn't smell anything.

"How did Xing Chen get attacked?" He was puzzled.

However, after a quarter of an hour passed, and he still did not encounter any danger, he still chose a direction and cautiously advanced forward. A star in front of him continuously expanded in his eyes, and his territory should be around the size of a dozen Everlasting Dragon City s.

"What is this?"

As he stood on this star, he saw something that stunned him. This was the head of a Black Jade Dragon!

The entire planet was completely empty. It was a black desert, and even the dust was black. Only the Black Jade Dragon was special. The Black Jade Dragon's head was completely similar to that of the Immortal God Realm. Its size was about the same, and the Black Jade Dragon head on the Immortal God Realm seemed slightly old and worn from the erosion of time. As for the Black Jade Dragon head on this planet, it seemed a bit newer.

Other than that, there was no other difference.

"Why is there a Black Jade Dragon Head here?"

Long Chen was rather doubtful. He landed on the Black Jade Dragon's head and tested it a little, but it seemed that this Black Jade Dragon head was not as indestructible as the one in the Immortal God Realm. If he used all his strength, he might be able to leave a mark on this Black Jade Dragon head.

He checked a few times, but he couldn't find anything special about the Black Jade Dragon's head.

"In this Ancient Secret Realm, there are countless stars like this. Doesn't that mean there are countless Black Jade Dragons?"

This idea could only be verified by looking at other stars. Therefore, he locked onto a star and prepared to charge it.

The moment he left the Black Jade Dragon's head, a change suddenly occurred on the Black Jade Dragon's head beneath his feet.

Long Chen quickly retreated several kilometers, protecting himself, and at the same time, stared fixedly at the black jade dragon's head. The black jade dragon head actually moved, moving from the dead state the jade head was in, and in the blink of an eye, its head shot up from the ground, and dragon body, dragon claws, and dragon tail all appeared from the inside of the star!

In the blink of an eye, a black jade dragon floated before Long Chen's eyes and looked down at him from above.

It was true that Long Chen already possessed the strength to defeat the initial state Divine Monarch, but when he faced the black jade dragon head, there was still a deep respect and awe in his heart. He could roughly feel that the black jade dragon possessed an unimaginable strength. In terms of quantity, there was no lack. In any case, this jade black dragon actually had the might of a True Dragon!

"What is this?"

Long Chen could feel the dense hostility from the other party. He guessed that the reason Xing Chen had suddenly cried out miserably earlier was definitely because of the attacks of the jade black dragon.

Before the return of the gods, Long Chen never would have thought that this Eastern Star Region would still be hiding such a terrifying thing. This ancient starry sky was rather stable, comparable to the world outside today, and if not for the fact that the gods had returned and changed the world, even a Black Dragon in front of him could have destroyed the world!

However, something even more shocking happened!

In front of him, the jade stones on the jade black dragon began to fall off one after another, while the Divine Dragon Body also increased dramatically. After about ten breaths of time, the body of this Black Dragon was enough to coil around Xing Chen two times.

But most importantly, after the jade stone fell off, what actually appeared were dragon scales, dragon teeth, dragon whiskers, dragon eyes, and dragon claws! Long Chen had only seen the Divine Dragon that the Dragon Fighter had transformed into, and had never seen a real Divine Dragon before. But this black dragon that was so huge, no matter which direction it looked at, even if he had never seen a True Dragon, Long Chen could guess that this one was definitely a real Divine Dragon!

It was impossible to describe the shock in his heart.

He had always been searching for the real Divine Dragon. He never thought that it would actually exist in the Eastern Star Region, near the Land of Origin and adjacent to the Origin Dragon Palace. The Black Dragon in front of him was without a doubt a True Dragon! Dignity, dominance, and grandeur were just as the legends described them.

This Divine Dragon's enormous body was currently approaching Long Chen. He appeared to be in extreme danger, as if he could tear Long Chen to shreds at any time. The pair of eyes revealed a cold and detached light, which was completely different from what Long Chen had imagined.

Did this dragon in front of him have any enmity towards him?

After being agitated, Long Chen calmed down. He had to figure out what was going on and quickly said: "Senior Divine Dragon, I am a descendant of a Divine Dragon, a Dragon Fighter."

After he finished speaking, he realized that the Black Dragon still had not changed. Instead, the power on its body had become even more majestic, and could attack at any time. Without choice, Long Chen could only transform into the Primordial Blood Spirit Dragon shape to confront the Black Dragon.

Dragons of various sizes faced each other atop this planet.

This was a True Dragon!

Now, in the eyes of all living beings, a Divine Dragon from before this era had long since become extinct. However, the Black Dragon in front of them was undoubtedly a genuine Divine Dragon. It was absolutely true.

Long Chen could guarantee that what he was facing right now was a true divine dragon.

He was excited, excited, and it was as if all of his hopes and dreams of so many years had been fulfilled. However, he was slightly worried. As far as he was concerned, this matter should not be so simple.

"Senior?"

Long Chen asked in a probing tone. After the Black Dragon discovered Long Chen's Divine Dragon Body, it did not continue attacking, but calmed down instead and looked at Long Chen with some suspicion. From its eyes, Long Chen could tell that it did not seem to have any intelligence.

He did not even have intelligence, much less memories. It was obvious that even though every part of him was a True Dragon, but in reality, if he did not have intelligence, then he would be like a powerful wild beast.

As expected, after sizing up Long Chen for a while, the Black Dragon cried out a few times and its huge body started to shrink. It actually reformed into a black jade stone, and sunk into the stars, leaving behind a black jade dragon head outside, which was completely silent.

Long Chen opened his eyes wide and landed on the ground in human form, sizing up the Black Jade Dragon's head. It had already calmed down and was no longer making any sounds or movements. It even made people feel as if all of his movements were just a dream of their own.

"Although it's a True Dragon, it seems to have lost its intelligence. It doesn't have any memory of where this place is. How could such a divine dragon exist? If there's such a divine dragon on every star ..."

How many true divine dragons would there be in such a dense cluster of stars?

Moreover, they only had the body of a True Dragon and the soul of a Dragon, but they did not have any consciousness or memories. Furthermore, they could transform into a sleeping jade.

"Even in the Immortal God Realm, a divine dragon is sleeping?"

Thinking about all these, Long Chen couldn't help but become excited, although everything in front of him was still a mystery, but at least he found a direction. As long as he understood this Ancient Secret Realm, he might be able to know a lot!

"Try a few more times."

The fact that the other party would not attack him because of his Divine Dragon Body gave Long Chen some confidence. He left this star, and upon reaching the second star, he discovered that there was actually a Black Jade Dragon Head on this vast star. The size and size of the Black Jade Dragon Head was related to Xing Chen's size, for example, the Xing Chen he met was even larger, and the Black Jade Dragon Head was also larger.

After being alarmed, an even bigger Black Dragon descended, with power similar to a god, and a strong killing intent. Just as she was about to attack, Long Chen turned into a Divine Dragon Body, and like the previous one, the other party also stopped their attacks, turning suspicious.

Taking this opportunity, Long Chen immediately asked: "Senior, can you understand what I'm saying? What is this place? I am a descendant who obtained inherited blood essence, a Dragon Fighter. Can you tell me the secret? "

The Black Dragon gave a low roar and looked at Long Chen a few times. It then started to shrink and turn back into the head of the Black Jade Dragon.

"That's strange."

The other stars in his body had been tested a few times, but the result was still the same. The other stars in his body had a rather low intelligence, it was almost no different from a young beast. Long Chen consecutively awakened a divine dragon twice. Before it had turned into a dragon, the other party had simply not recognized him.

"I have to go to other places to take a look."

After a few tries, he realized that there was nothing new to be gained. What made him most excited was that a True Dragon had appeared here, but he was helpless because the True Dragon was unable to detect it.

This starry sky seemed to be infinitely large. He avoided the densest of places and did not approach the stars to travel. Along the way, he actually did not encounter any other deities.

"That's amazing. Where did the others go?"

Long Chen could not help but be suspicious, even the Gods could play around with them, the creator of this place must be a terrifying character. He never thought that the Dragon Sacrifice Continent would actually exist in such a place.

Only after wandering around for a while did he realize that the space around him had become distorted. Even if he were to follow a straight line, he might still be able to return to his original location.

After realizing this, Long Chen took note of it for a bit. He did not continue to advance in a straight line, but instead went in a random direction, and unexpectedly, by chance, he arrived at a new region. Just as he arrived, he heard the sound of fierce fighting, and a sharp scream from deep within the starry sky in front!

"There's a god here!"

He finally met someone else.

Long Chen increased his speed and instantly charged forward, but he was still very careful, he had to first determine who was fighting who before he could appear. As he approached, he saw that the two sides were fighting on a small planet. One side was naturally a black dragon, and the other side was a demon god beast, a strange giant bird.

Both sides were enormous.

The most obvious feature of that strange bird was that each of its eyes had two pupils. They were extremely vicious, surging with divine power, and it was adept at close combat. It was the same for the divine dragon as well.

"This should be one of the demon race's divine beasts, the 'Wise Bird'. The realm ought to be the Taiji Realm. "

Long Chen remembered the identity of the divine beast.

Its wings were like sharp blades, and they had the brutal destructive power of a tornado. But the most miraculous thing about a true dragon was that even if the bird was torn apart, it could still turn into countless jade fragments and reform into a new complete divine dragon!

As a result, after fighting for a period of time, the Heavy Ming Bird was unable to hold on. Until now, it was still dripping with blood and its divine power was almost exhausted. If this went on, it would definitely be killed by the Black Dragon.

The divine dragon had an extraordinary significance to Long Chen, so he might not treat the divine dragon as his enemy. Of course, the human gods and demon gods could not be considered as his enemies, so seeing the bird of light in such a sorry state, he thought for a moment and decided to save him.

After all, the Black Dragon hadn't died at all, so Long Chen wouldn't hurt him either.

This battle was extremely intense, it was the first time Long Chen had seen such a huge beast fight, and the beasts had even used their flesh to fight. This was their innate advantage, but a real dragon was not weak in any aspect.

"Help!"

The Heavy Bright Bird wailed mournfully as it fought to the death.

He never would have thought that after returning to the Dragon Sacrifice Continent, there was actually something that could harm a divine beast like him in this broken world. It was simply unbelievable! Now that his life was at stake, he was about to go insane from anxiety.

At this moment, he saw Long Chen.

He immediately remembered Long Chen's identity. Although he did not know the exact strength of the youth, but when he heard that he was stronger than himself after defeating the Martial God, he immediately shouted: "Long Chen, quickly save me!"

Since he had seen it, he had no choice but to act.

Long Chen rushed forward, and the Heavy Clarity Bird instantly transformed into its human form. At this moment, Long Chen blocked in front of him, and with one hand grabbing him, and the other punching out, the True Dragon in front of him was even smaller than the ones he had met before. It was a bit easier to deal with.

Of course, this was on purpose, he seized the opportunity to retreat, and escape with the Shiming. In terms of speed, the Black Dragon could not catch up to him, and in the blink of an eye, Long Chen had thrown him off.

ignited the fire of his life, allowing him to recover a little. The Shiming looked at Long Chen in shock and said: "I have only heard of your reputation in the past, but I never thought that you would actually be this strong. It really opened my eyes. Thank you for saving my life! "

Long Chen waved his hand and said: "It's nothing, not worth mentioning."

The Shiming laughed helplessly, and said: "To you, such a small matter is a huge matter. I have already personally witnessed a divine beast with Perfection being torn apart by a black dragon, nearly losing its life. He's got help for me, and I don't know where she's gone now. Long Chen, you grew up here, do you know where you are? There was actually a True Dragon from the Ancient Era! The entire secret realm is filled with mysterious places, which are extremely shocking. If I had known that it was like this inside, I think the Infernal King and the Starry Skies Divine King would not have entered this place so quickly! "

They had indeed underestimated the world that was going to happen in tens of thousands of years.

With regards to his answer, Long Chen could only shake his head, because these were all things that he wanted to know.

"For the time being, as long as we don't go near these stars, we should be fine. "We should go find other people first, only with more people can we find out more." Long Chen said.

"Alright, then I'll follow you. There's nothing I can do. I've already been scared out of my wits by this divine dragon. "If he can't even kill someone with the power of the laws, he might not even be injured at all. This is just too terrifying."

The Shiming said with lingering fear.

"Alright."

Long Chen obviously did not mind that someone was following behind him.

One more person would be easier to negotiate with.

After finding a direction, the two of them started to move forward. They were very careful to not touch the stars, and Long Chen did not want this guy to know that the True Dragon would not attack him.

"I have to say, this space is huge. It's ancient and endless. What secret is there?" It must be related to the divine dragon. " The Shiming were full of questions along the way.

Long Chen gently stopped him and listened carefully. There was a faint sound coming from a certain direction, as if he was also fighting.

"You want to save him?" The Shiming was shocked.

"Let's take a look first."

Although he did not know who was fighting, he knew that if he were to meet the Infernal King, it would be safer and he would also be able to know the secrets of the Ancient Secret Realm.

"Yes."

The two followed the sounds of the battle, and the result was beyond their imagination, because the sound of the battle was more than ten times as loud as the last one between the Shiming, and the nearby stars were extremely dense, and were also relatively huge. In other words, if they were to fight,

it was very likely to alarm the other Divine Dragons, and they were actually surrounded and attacked by the Divine Dragons!

In front of him, it was most likely such a thing because Long Chen had heard the divine dragon's roar more than once in a short period of time. From the sounds, there were at least five or six of them, maybe even more than ten. Each one of them was much stronger than the one from the other side.

"That Long Chen, I still won't go." The Shiming was shocked, and did not dare to advance.

Long Chen did not try to force him, so he said: "Wait for me here, I'll go ahead and take a look."

Long Chen indeed did not need his help, because once they started to fight, they would most likely have to save him.

Long Chen did not insist, but the Shiming was extremely grateful.

After separating, Long Chen increased his speed, and could vaguely hear a few berating voices. After nearing, he was roughly able to determine who was being attacked by approximately ten divine dragons.

Chapter 2623 - Dancing in the Air

That's right, it was the Eternal Daughter of the Divine Emperor, Di Yao.

To be honest, this was the person that Long Chen didn't want to see the most. No matter who it was, her temper was a huge problem to.

Not only that, she was the only one who would run into such a place filled with countless constellations.

Long Chen carefully walked forward, he was not anxious at all, after all, Di Yao had some methods up his sleeves, last time he was just scared by him. After passing through many stars, he finally saw the grand

scene of the battle. Di Yao was fighting against more than ten black dragons in the most concentrated group of stars.

As the battle progressed, more and more Black Dragons were awakened from their Black Jade Dragon Head state and joined the battle.

According to the battle between the Shiming and the black dragon, Long Chen could see that the black dragon was not dead, even if its entire body were to shatter into pieces, he would be able to reform it, unless the black dragon's opponent had methods like Long Chen's, or captured the entire black dragon to the Death Realm, which would make it completely annihilated.

Of course, Long Chen would never do this, nor would he allow others to do so.

When he got close, Di Yao, who was in the middle of a fierce battle, naturally noticed him. At this time, she was holding the God Creation Art called [Nine Star Emperor Sword] with the Genesis in her hand, and the nine blazing suns were revolving inside the sword.

"Don't come near me! I don't need your help, scram! "

Di Yao did not hold back and directly expelled him. It seemed that because of what happened earlier, she still hated him in her heart, and she probably did not want Long Chen to see her miserable state.

Long Chen was too lazy to save her, although she had attacked so many divine dragons, but as a Daughter of the Divine Emperor, she should be able to struggle free, so Long Chen turned around and left.

Seeing that Long Chen actually left, Di Yao was so angry that her face turned red. The most powerful aspect of the black dragon was their bodies, but that was not their only method of attack. They were able to spit out a kind of mysterious black Qi that could corrode their bodies.

So in truth, to Di Yao, the Black Dragon was very difficult to deal with. In truth, her situation was very dangerous!

"Shocking Rainbow!"

In her fury, she seemed to have gone mad, as she waved the nine star Emperor Sword, releasing a world-shaking move. Long Chen turned back in shock, and saw that terrifying sword which contained a

formidable sword dao, as though it was a sword that could split heaven and earth. With the thrust of the sword, almost all the surrounding black dragons turned into black powder in an instant!

"This kind of Sword Truth shouldn't be something that she can comprehend. It should be something that her father taught her!"

This sword strike, was majestic, tyrannical, and possessed the power to rule the world. It was clearly a godly might that only those with ten thousand World King would possess.

Now that the Divine Dragons had disappeared, her danger should have been resolved. Long Chen was just about to leave her side, but he did not expect that at this time, the torn Divine Dragon suddenly condensed itself, baring its fangs and brandishing its claws at his. One of the Divine Dragons' black Qi directly spat onto Di Yao's body, causing her arm to instantly wither and become unrecoverable.

Under the protection of the Divine Emperor, she had never suffered such heavy injuries since he was young. Perhaps the Ten Thousand World Gods respected her father's identity and did not dare to hurt her, but the Black Dragon here did not care about her identity.

That withered old arm was something that made even Long Chen's scalp tingle!

"Dance of the Forbidden Sky!"

She started to dance in the ancient starry sky. Although she was missing an arm, her long skirt was floating, her golden hair was dancing in the air, and her movements were graceful and beautiful, full of beauty, but this was not just dance, each movement was connected to the surrounding space. It was just like her name.

This was the only thing Di Yao could think of to deal with them. After she succeeded, she immediately escaped in the opposite direction, towards Long Chen. She also didn't want to see Long Chen, especially when her arms were so ugly.

"Crap."

Long Chen was secretly shocked, he saw the look in the eyes of those Divine Dragons, each of them seemed to possess the power of a Divine Sovereign, and Di Yao, by herself, was unable to restrict them all with just her Forbidden Sky Dance. Just as he had expected, when Di Yao had just succeeded and was about to escape, in that instant, the Forbidden Sky Dance was torn apart, and the power of space crumbled!

The divine dragons were also enraged. Their bodies underwent a drastic change. Their gigantic bodies instantly became two meters long. Like steel whips, their speed greatly increased. Over ten divine dragons rushed towards Di Yao like lightning!

In this critical moment, she was stunned for a moment. The Nine Star Emperor Sword was crazily waving and killing everything in its path, yet it was not even able to touch a single divine dragon. Instead, all of the steel whips made from more than ten divine dragons intertwined with her body!

Her arms, head, legs, neck, and body were all tightly entangled by more than ten divine dragons. She was already bound by all kinds of restrictions, and just that frightening power alone had already strangled her body of a god to the point of distortion and shattering it, let alone the fact that a majestic black aura instantly appeared from every divine dragon's body. That black aura instantly engulfed her entire body!

A single defeat would be a crushing defeat!

Being entangled by so many divine dragons and with the nine star Emperor Sword gone, she could not even move the slightest bit, let alone resist. With so much black aura around her, her divine body would rapidly wither.

This was a terrifying event that Di Yao had never experienced before!

No one dared to disobey her, and no one dared to touch her. She had never experienced the danger of death before, and furthermore, she had never experienced such pain. This pain was something even Long Chen was afraid of, no one could watch herself being swallowed by the black qi!

One could only imagine how much pain Di Yao was currently in.

Letting Long Chen help out would not have happened.

Long Chen had not left yet, and the results now gave him a big shock. After looking carefully, amongst the black Qi, Di Yao was already scared silly, crying and shouting, his misery was unbelievable, his entire body was trembling, and estimated that in a short period of time, he would die from extreme pain, his beautiful face turned white.

"Brother Chen, save her." Ling Xi could not bear to see this. Although this girl was a little arrogant and despotic, he did not have a bad personality. Long Chen should not bother about her.

"Fine."

Because of his body, the Black Dragon did not attack him. When he arrived, the Black Dragon did not want to chase away the Black Dragon, but regardless of whether or not they wanted to hurt Long Chen, they did not want to, so under Long Chen's insistence, the Black Dragon which was tying up Di Yao all left one by one. When Long Chen finally saved Di Yao, she was no longer in a human shape.

Long Chen grabbed onto her from the dragon claw, and quickly moved away from the battle. Now that he was at peace, he immediately transformed into Taiji Creature Dragon and channeled all his life force into the woman's body. At this time, it was probably only life fire that could save her.

In the midst of the green colored life flame, Di Yao's mind was always clear. Fortunately, Long Chen's movements were fast, she only suffered from corrosion on the surface of his divine body. Although it was extremely painful, it still did not cause any major injuries.

However, Di Yao was still in the shadows and had yet to recover.

Perhaps to her, this was the most terrifying experience of her life. She was scared stiff. At this time, her divine body regained its senses and she blankly stared at the divine dragon in her divine dragon state.

Long Chen changed into his human form and gently let go of her. Seeing her pale face, he said: "Don't worry, you will be fine."

However, the fear in her heart was not something that could be healed by the fire of life. She was still trembling in fear, her face was pale white, but suddenly she rushed into Long Chen's embrace and hugged him tightly, unable to hold back her tears from flowing down.

"I ... I ..."

To her, this was a terrifying experience that she had never experienced before in her life. The shock that she received nearly shattered her soul.

Long Chen originally wanted to push her away, but the girl's body was trembling in fear. It was hard to imagine what kind of nightmare was going on inside her heart, so Long Chen let her do as she pleased.

In order to express to Ling Xi that she did not have any ulterior motives, he opened her hands and did not touch Di Yao.

"At least you're sensible." Ling Xi said sourly.

Long Chen embarrassedly smiled, he did not expect to hear Di Yao say in a trembling voice, "Hug me, I'm scared ..."

As he said that, his tears fell again, wetting Long Chen's shoulders.

Although saving the beauty was a problem now, Long Chen didn't feel anything for the girl. Previously, he thought that she was arrogant and despotic, that it was difficult to get close to her.

"Alright, it's over. It's just a small matter. Even though I've experienced countless life and death situations, I still managed to survive. At that time, there was no one by my side who could hug me and cry. This was not a big deal. "

Long Chen whispered into her ear.

"Really?"

After a long while, her divine body had almost fully recovered. Suddenly, she trembled for a moment, as if she had more or less recovered, and suddenly pushed Long Chen away. She looked at Long Chen hatefully, and grinded his teeth.

"What's wrong?" Long Chen was a little baffled, it was just that the other party was hugging him, he did not even touch her.

Di Yao closed her eyes and took in a deep breath, finally recovering from her shock. Thinking back to the previous incident, although she was a bit embarrassed, she still said, "Thank you for saving my life. When my father returns, I will definitely tell him to heavily reward you."

To be able to speak such arrogant words, it seemed that she had indeed recovered from her fear.

Long Chen waved his hand, and said: "That's enough, just don't target me in the future, I'm just a commoner, I don't dare to offend you, the princess, as long as there's peace and harmony, I'll be satisfied."

She turned around and looked at the battlefield before. This was probably the place where she remembered Long Chen the most, she did not argue with him, but said: "Rest assured, in the future, I will not look for you anymore, as repayment, if anyone bullies you, you can look for me, I will help you settle it, I do not want to owe you a favor, but this is only one chance."

"You're still reasonable." Long Chen lamented.

"I'm not as disgusting as you think!"

Di Yao was a little angry. Before this, she still thought that he was not bad, but now that he had said those words, she felt that he was really annoying. As a Daughter of the Divine Emperor, very few would dare to use such a tone to speak to her. Furthermore, all of them were elders like her father.

The two of them went silent. Di Yao asked, "Strange, why isn't the divine dragon attacking you?"

"Maybe it's because I inherited the inherited blood essence." Long Chen said.

Di Yao nodded, "Do you know where this place is?"

Long Chen shook his head and said: "Since fate has brought us together, then let's go together. With more people, we should take care of each other, we should go find the Infernal God King and the others, it would be safer by their side. I think it would be better to think of a way to leave this world as soon as possible."

This was a place that was related to the Divine Dragon, Long Chen didn't want everyone to linger here for too long.

"Alright." Di Yao agreed with his decision.

Long Chen patted his head, and said: "Right, I was still with the Goblin Tribe's mythical beast, Shiming, before coming over. He was waiting for me in the distance, let's go look for him together."

Di Yao sneered, "Are you afraid of death, afraid of coming forward?" The majority of demon clan God Beasts are like that. "

It was true that the Shiming was afraid and did not dare to go forward. Therefore, Long Chen had nothing to say.

"Long Chen, look over there!"

Di Yao's voice was a little hoarse, as if she was frightened out of her wits.

Long Chen followed her gaze and saw a gigantic corpse of a divine beast. It was a Shiming!

#### Chapter 2624 - Mysterious God Killing

At this moment, what entered Long Chen's line of sight was a gigantic Divine Bird. Previously, when Long Chen saw the original body of the Shiming, he was able to tell at a glance that it was him.

However, he could confirm that this was a corpse, because he had already lost all of his life force, and had already died. After becoming a god, it was usually very difficult for him to die, and even if he received an incomparably heavy injury, as long as there was a trace of it, he could be reborn.

Such an undetectable death that lost all signs of life could only be a single situation, just like when the Infernal King killed the Divine General.

Long Chen arrived beside the Shiming and checked. His expression changed and he said: "He was killed by a very strong existence. At least in front of the opponent, he did not even have the strength to retaliate. He instantly died!"

"What!"

Di Yao's golden eyes were wide open as she looked at the Shiming's corpse in disbelief.

Long Chen did not say anymore. Although the Shiming's corpse was huge, his Divine Kingdom could support it. So Long Chen placed it inside his Divine Kingdom.

"What are you doing?" Di Yao asked.

Long Chen said: "Bring his corpse back to the Spirit Demon Race. Also, the culprit is very likely to be nearby, we have to leave immediately, we are not a match for him."

Long Chen did not want to risk his life in this place, so without saying a word, he directly left. As for Di Yao, she understood that he would eventually catch up to him, and as expected, not long later, she caught up to him and was worried about him. He was obediently sticking close to him, worried about him, and extremely nervous.

Earlier, she already understood that regardless of her identity, she might die here. Therefore, she now knew that she had to protect her life.

"Long Chen, who do you think killed the Shiming? Only two Celestial Kings would be able to kill him like this, right? The Infernal King and Starry Skies Divine King didn't need to do such a thing. It won't be them. "

Long Chen frowned and said: "If that's the case, in this Ancient Secret Realm, other than the Black Dragons on the stars, there is a possibility that there is an enemy that is at the Divine King level. He has killed the Shiming without anyone noticing, and there is a possibility that he is conducting a hunt to kill all the gods that barge in here."

"Huh?" Di Yao shivered. She had never thought that the situation would be this serious. To be honest, the Gods did not care about the Dragon Sacrifice Continent at all. This old and broken world was not dangerous at all, thus Di Jun was at ease and let Di Yao come back first. The two God Kings did not think highly of the Ancient Secret Realm, otherwise they would not have let so many gods in.

For them, this was supposed to be a leisurely adventure

But now, there was actually more than one deity that had fallen.

"This damned place! Just what was it!? These goddamned dragons, they must be harming us! I've already said that I don't want to come to this world, but my father still told me to come and stay here! "I ..."

After saying that, Di Yao saw Long Chen staring at her, she snorted and did not say anymore.

"Di Yao wasn't born in this world. It's normal for her not to have feelings for this place ..."

Although her words were a little strange, it seemed that she could explain it this way.

The two of them did their best to head in the direction where the stars were sparse.

"We need to first find the two Godking before we can be safe." Long Chen said.

"Alright, lead the way." After going through a life and death battle, and knowing that there was a terrifying assassin in the Ancient Secret Realm, Di Yao was already scared, and now, she didn't even dare to leave Long Chen's side. Although he still viewed Long Chen as an aboriginal, it was not the same.

In truth, Long Chen was not as worried as Di Yao when he travelled through this ancient starry sky. Because he was the Dragon Fighter, and those divine dragons would not harm him, he knew that this Ancient Secret Realm was definitely related to the divine dragon. That mysterious killer might also be related to the divine dragon.

This was his huge advantage over the Gods.

Long Chen remembered something and said: "Xing Chen entered first. He said that he was fine at the start, but suddenly let out a painful cry; and then we all came in, and we got mixed up in different places. "

If it was the Black Dragon's attack, the only possibility was that Xing Chen had descended onto the star right from the start. Otherwise, the Black Dragon wouldn't have attacked him for no reason at all.

When she thought of Xing Chen, Di Yao snorted coldly and said: "Don't mention this guy, a toad that wants to eat swan meat actually dares to hit on me. If it wasn't for the face of the Starry Skies Divine

King, I would have already ripped his mouth to shreds, a fellow with such a bad reputation, do you think that I, Di Yao, don't know what kind of virtue he has?"

Long Chen pursed his lips and could not help but want to laugh. So that was what Di Yao was thinking, it seems like there was no hope for that brother called Xing Chen. This meant that reputation was something that needed to be managed.

"There's someone up ahead."

Just as he thought about it, Long Chen became cautious, but, they quickly realised that it was the aura of a divine beast, not an enemy, and their hearts heaved a sigh of relief. If they could have one more partner, it would be one more safeguard.

"Let's go."

The two of them approached where he was, and when the other side saw him, they came over. After passing by a few stars, Long Chen's gaze swept across and discovered that they were three Goblin Divine Beasts. Upon closer inspection, it was three different types of divine beasts.

The one on the left was a tall, dark, muscular man with a body as thick as steel needles. There was a wild, brutal aura all over his body, and a strong desire could be seen in his eyes.

The one in the middle was a skinny, stooped old man with white hair. His hair wasn't long, about ten centimeters long. The old man's face was solemn and his temper was explosive.

The last one was an old woman wearing a long black robe. She was also very skinny like a witch. She was leaning on a black cane and exuded a sinister aura. Her pair of green eyes made people's hearts feel numb.

When Long Chen was sizing them up, they were also sizing up Long Chen and Di Yao. As Daughter of the Divine Emperor, it was naturally easy for them to recognize Di Yao, and the Starry Skies Divine King had especially mentioned her before their meeting, so they knew each other as well.

Di Yao said in a low voice: "These three are quite strong, they are all Divine Monarchs of the initial state, Taiyu Deity. The one on the left is the 'Terminator Emperor Beast', the one in the middle is the Divine Beast 'Zhuyan', and the one on the right is the 'Ten Thousand Eyed Dark Beast'. It's a disgusting bat! "

It was obvious that Di Yao didn't really like them.

On one hand, they were ugly, and their strength was dark and evil. On the other hand, they were from the demon race. The way demons acted was slightly different from the way gods did things.

The Shiming s were still only at Taiji Realm and the three of them were actually the initial state's Divine Monarchs, whose strength was about the same as the Sacred Masters and Yan Jun.

To Long Chen, they could be considered his friends.

"The Terminator Emperor Beast specializes in roaring. When it roars, it causes an entire world to fall into a state of destruction. It is extremely powerful. The Zhuyan Ape was a vicious beast with a fiery temper. As for that 'Ten Thousand Eyed Sound Beast', it is a sinister old lady with many tricks. " Di Yao chattered on and on, describing how disgusting they were, implying that she didn't want to be associated with them.

If it was the past, she would definitely not use this method to hint at Long Chen, but after being saved by him, the decision of the group fell onto Long Chen.

However, at this time, the three divine beasts suddenly stopped and said behind them, "Divine Master Xing Chen, it's Princess Di Yao."

Sure enough, there was someone behind them.

Long Chen was only paying attention to these three people, and had forgotten to pay attention to what was happening behind them. At this time, a young man appeared from the other side of the star, and actually turned out to be Xing Chen.

Long Chen had just analyzed it, there was a high possibility that Xing Chen would be killed by that mysterious existence. He did not expect him to appear at such a time, and the reason why the Infernal King and Starry Skies Divine King rushed in was to save him.

In this Ancient Secret Realm that was filled with dangers, meeting God Yao by chance made Xing Chen very excited. Of course, they wouldn't care about Long Chen who was by Di Yao's side. In their eyes, he was but a small member of the humankind.

"Di Yao, I didn't expect to meet you, this means that our fate is not shallow. Ancient Secret Realm is so dangerous, are you injured?"

Xing Chen appeared beside Di Yao in a flash, his face completely red.

The other three Divine Beasts also came forward. They sized up Long Chen but did not look any further.

At this time, Long Chen had already squeezed Long Chen to the side.

Long Chen was too lazy to bother with them, he just wanted them to properly reminisce about the past. He believed that Di Yao knew that the most important thing right now was to find the others.

When Xing Chen was still trying to persuade him, Di Yao had stared at him, ignoring his heartbroken words, and asked: "When you first came to this Ancient Secret Realm, what exactly happened? Did a Divine King level expert attack you? How did you survive? "

Long Chen also wanted to know this question.

Xing Chen was startled, then said emotionally: "Di Yao, you're finally going to care about me?"

Di Yao felt a burst of disgust, "Answer my question."

Xing Chen smiled faintly, and said: "I don't understand what you're saying. How could there be a Celestial King level expert in this crappy place? At that time, I was standing on the head of a black jade dragon. When I was talking to you, that black jade dragon had turned into a real dragon, which almost scared me to death. Luckily I managed to escape, and met these three, and also met you! Right, how did you come in? After I issued the warning, everyone rushed in? "

This answer seemed to be barely enough to explain why he was here.

This guy was nothing special, Long Chen was just barely able to believe it.

#### Chapter 2625 - Xing Chen Mutation

"So everyone had entered. It was indeed very mysterious. This black jade was actually able to turn into an ancient Divine Dragon. It was already quite mysterious. But as long as we do not land on the stars, there will be no threat. Princess, it is fate that we can meet each other in this starry sky. It was a rare chance to meet, so Xing Chen naturally didn't want to miss out on such an opportunity.

If he had not met them, he would be able to get along with Di Yao on his own now. He had forgotten about Long Chen.

Compared to Long Chen, Di Yao was even more disgusted with this guy. Not only did he not come to her rescue when she was near death, he was even preaching about fate. Furthermore, in such a dangerous place, he actually said he was going to adventure everywhere ...

Di Yao's face turned cold, and said: "Long Chen, tell him what happened!"

She was too lazy to talk to Xing Chen anymore.

At this time, Xing Chen finally noticed Long Chen's existence. He had heard of this person's story before, and it was extremely powerful. It was said that he was lucky, and was the strongest warrior in Dragon Sacrifice Continent before the God Realm.

However, the other party actually had some familiarity with Di Yao, which resulted in Xing Chen becoming hostile towards her. He had pursued Di Yao for tens of thousands of years but still did not make any progress.

He stared at Long Chen and said: "What happened? Speak clearly."

This tone seemed to be somewhat impatient.

In Long Chen's eyes, Xing Chen had greatly reduced his image. He was not a partner that he could negotiate with, as he was more intelligent. He then told her about the Shiming's death.

"You actually saved Di Yao?" After hearing it, Xing Chen's face was filled with suspicion.

Long Chen was startled. He was talking about the Shiming's swift and silent death, but he did not expect that he was the one who saved Di Yao.

In the eyes of the space Flood Dragon, it was obvious who was more important.

Long Chen did not reply him, but instead said solemnly: "The person who killed the Shiming must exist, and her strength must be very strong. She's in that direction, not someone we can deal with. We've already wasted a bit of time, so we need to hurry up and leave this place."

Xing Chen looked at Long Chen a few more times, it was clear that this space dragon was not used to him, Long Chen could not be bothered to respond to him, he immediately said to Di Yao: "It's time to go."

"Yes." Di Yao nodded, at this critical moment, she still felt that Long Chen was more reliable. With the fear of death, she began to fear death.

The two of them leaving just like that. Xing Chen's face darkened, and hurriedly followed after them, walking shoulder to shoulder with Di Yao, and said to the three Divine Beasts behind them. "Since there's a mysterious assassin over there, then we'll form a team of six.

The three Divine Beasts naturally followed along. Firstly, had an elder brother Divine King, but he was stronger than them, so of course they would listen to him. Xing Chen was a little aware that Di Yao had listened to his orders, which was why he overestimated Long Chen. Without mentioning the others, at least in this small group, he would definitely take over the leadership position.

Therefore, he quickly walked to the front and said, "Follow me. This should be the right direction. You're heading in the same direction we came from."

Long Chen was walking in another direction.

He looked back and said, "You can't go that way. The ancient starry sky is twisting and turning. If you go that way, you'll end up going in the direction Princess and I came from. The enemy is nearby."

Xing Chen's face immediately darkened.

Although he knew that what Long Chen said was true, he felt that it was too embarrassing. Especially in front of the woman he had been pursuing for the past ten thousand years. Seeing his expression, Long Chen was speechless, he knew that he had been hated by this guy.

At this point, he really wanted to throw these guys away, since he didn't have that much trouble to walk away from them. He did not have a single trace of good will towards Di Yao, yet Xing Chen gave birth to such a huge hostility towards him.

"Never mind, you decide which way to go." "I'll go with you guys." He did not want to cause trouble, after all, he was leading his family and had to be protected by the Five Dragon Cities, it would be troublesome if he pissed off the rest of the demons.

The team temporarily stopped.

Di Yao saw all of this, she naturally believed in Long Chen. With Xing Chen's actions, she became even more annoyed, and said: "Then follow me."

With that, she took the lead, and Xing Chen immediately followed, apologizing to her sincerely. The three Divine Beasts also followed along, blocking in front of Long Chen.

"Brat, you even dare to have ideas on Daughter of the Divine Emperor, you must have a lot of guts." The burly, dark-skinned man, the Nihilum Emperor, chuckled.

The old lady at the side, who was also the Ten Thousand Eyed Sound Beast, said: "You have offended all of us Spirit Demons, how dare you in such a small place like this. You have truly enlightened us, it would be weird if the Princess Di Yao would even glance at you. A toad cannot eat swan meat, you can call it that."

They kept stopping in front of Long Chen, not allowing him to get close to Di Yao and Xing Chen, leaving them with separate spaces. At the back of the line, Long Chen could almost not see Di Yao at all.

Ling Xi was amused, she very rarely saw Long Chen suffer such a loss.

"Xiao Xi, I'll leave myself. These idiots!"

Long Chen was warned for no reason and immediately felt bored. The three Divine Beasts should be eager for him to leave, so when he stopped and did not leave, the three Divine Beasts smiled at each other.

"This stinking brat knows when to back off."

"Not bad, you have a bright future ahead of you."

"If he keeps up, I'll finish him off without anyone knowing."

Long Chen wanted to wait until they left before moving forward alone in a different direction. It was not impossible for him to search for the Infernal King and the others as he himself would be able to figure out the secrets of the Ancient Secret Realm more easily by himself.

However, just as they were about to disappear, something happened. Di Yao, who was in front of them seemed to be enraged, scolded Xing Chen a few times, and then actually returned.

"Princess, don't go. Listen to my explanation!"

Xing Chen chased after him with a worried expression.

Long Chen was too lazy to see their love and hatred, just as he was about to turn around and leave, he did not expect Di Yao to have her eyes on him, and chased after him. The three Divine Beasts were still laughing complacently, who would have thought that Di Yao would pass by them so quickly right now. Xing Chen's face turned anxious as he chased after his, causing the three Divine Beasts to be startled.

They looked back.

"Long Chen, stop."

At this time, Xing Chen had already caught up with him. Without saying a word, Di Yao came forward and took Long Chen's arm, pretending to be close, he said to Xing Chen: "I'll tell you one last time, don't pester me, if you anger me, I'll just say it directly to my father. Also, if I have someone I like, I'll marry him in the future, it's him, he's the one who saved my life.

Long Chen was frightened to death, he did not think that this dog blood matter would actually splash onto him, and have him drenched in blood. He anxiously pulled his hand away from Di Yao's arm, but he did not expect this girl to be so serious, to even use the spatial laws. He suppressed Long Chen with his divine power, causing him to be unable to move, and not a single word came out from his mouth.

It was imaginable how angry and painful the face of the Xing Chen in front of him was. No matter what he said, he had pursued Di Yao for tens of thousands of years. Although her status was very high, but he wasn't too bad, at least he could be considered a match for her. After all, there weren't many people in the entire Ten Thousand Worlds that had an identity like Di Yao's.

You don't have to count them out.

If one were to say that he lost to a young genius who was stronger than him and had a stronger background, then he really had nothing to say. After all, even if he was more shameless, Di Yao still wouldn't choose him. He knew that Di Yao was well aware of his previous reputation.

The question was, did he actually lose to an aboriginal?

Every word that Di Yao said was like a sharp knife that stabbed into his heart. Not to mention Xing Chen, even the three Divine Beasts behind him had painful expressions on their faces.

"I ..."

Long Chen had only spoken one word before he forced Di Yao back.

"Do me a favor and make this guy give up. Consider that I owe you two favors; later, ask my father to compensate you with the Infinite Divine Art of 'Genesis'."

After hearing those words, Long Chen compromised. Even if it wasn't on the account of the Infinite Divine Art, befriending the Divine Emperor Di Jun was still quite fun. As for Xing Chen, he could only make things difficult for him. Long Chen was not the least bit interested in their love and hate.

However, at this time, Xing Chen's eyes were suddenly shrouded by a layer of gray fog.

This mist was actually quite similar to the mist spat out by the Black Dragon. In that instant, Xing Chen's entire temperament had undergone a huge change, as though he had turned into the incarnation of the god of death.

"Be careful!"

She was proficient at the laws of space, and with a teleportation, she brought Long Chen far away from Xing Chen. Just as she left, Xing Chen attacked her, if she did not discover that he was in time, she would have been injured by him.

Di Yao never thought that Xing Chen would actually attack her?

He was the Daughter of the Divine Emperor!

Not only did he attack, he was also filled with killing intent. It was as if he ate a leopard's gall bladder!

"Xing Chen, are you crazy? How dare you attack me! Do you believe that not even your brother can protect you? " Di Yao was simply mad.

He must have been lying before. When he first came in, he must have met that mysterious assassin, but that assassin could not kill him. He left something on his body. Long Chen looked carefully and roughly made a guess.

"Is that so?"

Di Yao understood that it was because she had angered him, that such a change had occurred. However, she obviously didn't feel any guilt, and said: "I don't care about that much, he was the one who started it. If I kill him, you have to testify for me."

Saying that, when Xing Chen attacked, she was the first one out to kill.

smiled faintly and said: "There's no problem to testify to this."

## Chapter 2626 - Three Great Beasts

These two Divine Monarchs of the Perfection were practically both heaven favored sons of the myriad realms. They were rich in resources and were a little stronger than ordinary A master-class Empyrean God. In terms of real combat, Long Chen, who had yet to become a god, was definitely not as good as them.

Last time, Long Chen had only used his twin swords to scare Di Yao, and the loss of power later on was even greater than Di Yao. If Di Yao was not scared, Long Chen would have let her beat him up a long time ago.

Of course, this was the Ancient Secret Realm, which was different.

The stars of the Black Dragon were all around them. They didn't attack Long Chen, but they did attack others. If they were to fight, and they needed Long Chen to do so, then Long Chen was basically in an invincible position.

Xing Chen didn't know how he was affected by this Ancient Secret Realm. In any case, he had already lost his mind due to anger and hatred, which resulted in him turning into a space dragon and using the most ferocious and most brutal method to fight against Di Yao!

This was definitely a battle of life and death!

It was a deep blue Flood Dragon that had spread out for countless of miles, and its body was covered with shining crystal-like dragon scales. From afar, this space Flood Dragon looked like a Milky Way, made up of countless stars, incomparably gorgeous and beautiful.

In front of him, Di Yao appeared extremely insignificant.

Although it had the blood of a Divine Dragon, it looked even more similar to a lizard. There was a single horn on its head, and it radiated boundless light that illuminated the ancient starry sky. Its eyes glittered like the sun and moon.

However, Di Yao wasn't afraid of him at all.

"Xing Chen, I will say it again, you dare attack me, once we leave Ancient Secret Realm, even your brother will not be able to protect you! If I get hurt, it will definitely implicate your brother! "

"You can't leave here!"

Xing Chen laughed sinisterly, he had actually started to attack with a huge beast's body, the might of a divine beast was obviously extraordinary.

Long Chen was unable to help, and was just looking on leisurely. Unexpectedly, Xing Chen suddenly said: "The three of you, help me kill this brat, we already have no way of getting down from the tiger's back, and now you guys are unable to escape our grasp, why not kill all of them? If you die here, who knows how they died?"

The three divine beasts were stunned for a moment, as they looked sinisterly at Long Chen. Under Xing Chen's instructions, the Terminator Emperor Beast, Zhuyan and the Ten Thousand Eyed Sound Beast surrounded Long Chen. The three of them were all Divine Monarchs of the initial state, and were considered extraordinary, but once they were surrounded, they were truly difficult to deal with.

Long Chen said: "Didn't you notice, that Xing Chen was already affected by Ancient Secret Realm? He has already lost his consciousness. The thing that you all should do is to stop him. It might still be too late. "

The three divine beasts glanced at each other.

The Ten Thousand Eyed Sound Beast laughed: "No, we have to listen to Xing Chen, if he takes care of Di Yao, and we do not make a move, he will vent his anger on us, and we really don't like you, our young master Xing Chen has chased after women for tens of thousands of years, and you think you can steal them away?"

Long Chen said helplessly: "It's obvious that she is lying. You all believe it?"

The violent Divine Beast Zhuyan said, "Rather believe it than not."

Just at this moment, the battle between Xing Chen and Di Yao expanded once again. When the opponents changed, Long Chen discovered that Di Yao was still extremely strong and fierce.

"Attack!"

The three divine beasts said nothing.

This was the Ancient Secret Realm, everything was invisible. If Long Chen and Di Yao were to die, they could simply push the blame to the mysterious assassin they were talking about.

All three of these divine beasts had transformed into their true forms in front of Long Chen.

On the left was a black boar covered with steel spikes, its body was half the size of a space dragon, in the middle was a white ape holding a giant pillar that reached the sky, while on the right was a black bat, its entire body was surrounded by Yin Qi, and it actually had tens of thousands of real eyes on her body. All of the eyes had different expressions, as if countless creatures were gathering together, making it extremely disgusting.

If he really wanted to take action, Long Chen had no other choice. Previously, he had been looked down upon by these three, and was rather angry in his heart, but now he slowly took out his two swords. Although it was a little forced, but as long as he did not break this technique which required a lot of time, he would still be able to endure for a while.

His left hand had a black spirit sword, while his right hand had a white plain sword. Long Chen gathered all the Divine Source Power on his two swords and sneered at the three divine beasts.

"What terrifying Creation Divine Weapons!"

The Terminator Emperor Beast cried out in shock.

Long Chen had locked onto him! He had heard Di Yao say before that this fellow's specialty was the Roaring Rules. A single roar was all-pervasive, and was a huge threat to Long Chen. As the saying goes, make the first move and gain the upper hand, when the opponent was shocked by his weapon, he had already made his move.

"I heard your mouth is very powerful." Long Chen's voice did not come yet, the sword had already arrived.

The white sword and the spirit sword were in parallel, as two sword energies erupted. The light radiated, causing the Terminator Emperor to become alarmed, and the countless hairs on his body stood up to block the attack in front of his head. He was confident in the strength of his own body, but he did not know that, whether it was the Sword Qi s or the Shattered Soul Sword Qi s, his body could not resist them!

One was focused specifically on the fleshly body, while the other was focused on Transcendence!

Swish swish!

Under the quick and violent attack, the Terminator Emperor Beast did not reveal anything. First, the needle-like hair was torn apart by the Sword Qi, and the Shattered Soul Sword Qi rushed into his body, killing her soul!

Pow!

Bang!! With a loud sound, before the Terminator Emperor Beast could even let out a scream, its mouth and nose were already torn apart by the Sword Qi, the Shattered Soul Sword Qi was even more effective, the double power attack caused it incomparable pain in an instant, but in reality, the Terminator Emperor Beast was extremely timid, extremely afraid of death, and belonged to the category of bullying the weak and afraid of the strong. Long Chen's attack made it extremely painful for him, even though it was not severely injured, he still turned around and ran, leaving Zhu Yan and the Ten Thousand Eye Shadow Beast at the same place.

In just one move, he forced back a Divine Monarch of initial state.

Long Chen was getting fiercer and fiercer.

However, the battle had only just begun. First, the berserk white ape held the gigantic pillar and smashed it towards Long Chen. Long Chen retreated quickly while also taking precautions against the Ten Thousand Eyed Sound Beast. It was obvious that the other party was preparing to use a strange killing move.

"Let's settle this Zhuyan first."

The white ape was different from the black wild boar. The white ape was timid and the wild beast was weak, but the ape was furious and violent, and if it was not severely injured, it could not be scared off, and when the opponent attacked him violently, Long Chen did not retreat, but rushed forward instead. He prepared to exhaust himself once, and that was the Heart Refining Dragon's Karma Emperor Sword!

Of course, the sword was the cause, the sword was the effect, and the two swords combined. This was the technique that he used to deal with the Heavenly Demon Ji in the past, breaking the time and order of the Heavenly Demon.

Especially when the support Sword Qi and the Shattered Soul Sword Qi were used together, his sacred art had changed the nature of these two sword Qis and made them even more terrifying!

This pair of swords were facing the Zhuyan Ape's colossal pillar that connected the sky!

Intense clash!

Long Chen used the Sword Qi in the Karma King Sword to shatter the gigantic pillar that connected the sky. Even though he had expended a huge amount of energy, he had still successfully pierced the Shattered Soul Sword Qi into the opponent's body. This outstanding person from the Myriad Realms, the Divine Beast with a huge reputation, had been severely injured by Long Chen in an instant!

This kind of pain was much more terrifying than the pain on his body.

The combination of two swords was indeed terrifying.

Of course, the consumption was also extremely huge. After executing this strike, Long Chen had actually almost been hollowed out, and there was also the Ten Thousand Eyed Yin Beast. Under the situation where the Zhuyan was screaming in pain and charging around, Long Chen leisurely looked at the Ten Thousand Eyed Yin Beast, and laughed: "It's your turn."

The Ten Thousand Eyed Sound Beast had over ten thousand eyes now, and they were all filled with deep shock. In just two seconds, it did not expect that Long Chen had already taken care of its two comrades. From the surface, it looked like Long Chen did not have that kind of strength!

From contempt to awe and fear.

The Ten Thousand Eyed Sound Beast didn't want to suffer a loss. Realizing how terrifying Long Chen was, it immediately ran away with Zhu Yan after realizing that he didn't even need to fight anymore. In the blink of an eye, the two of them were already fighting.

"The feeling of lacking power is really unbearable."

Long Chen kept his swords and could not help but sigh. In truth, he could become stronger, but he was lacking in strength.

"There is only one path left now, and that is to become a god. Only after becoming a god can I find the Infinite Divine Art to cultivate. Under the double power, my powers will increase exponentially and I won't feel as awkward as I did today."

Although he had scared the other three away, he could not keep fighting. Using two swords at the same time consumed a lot of energy.

However, Di Yao's berserk mode was indeed scary. Xing Chen had been suppressed for a long time, her body was full of wounds from her slashes. When the Space Flood Dragon saw that the Three Divine Beasts were chased away by Long Chen, it roared angrily and finally chose to escape!

"Don't go!"

Di Yao chased after him.

After chasing a few steps and discovering that Long Chen was still standing there, she withdrew his hand, picked up the nine star Emperor Sword and tidied himself up. He then came before Long Chen and said: "You're pretty amazing, even scaring off three Divine Monarchs of initial state. Now that I understand, you only know how to scare people. "

Long Chen smiled faintly and said: "How do we deal with this Xing Chen?"

Di Yao clenched her teeth and said, "When I meet the Infernal King, I will tell him everything that has happened here. The way to deal with it all depends on my father's decision!"

She had fought with the space dragon for no reason, so of course she was angry.

#### Chapter 2627 - Guardian of the Incantation

A dignified Daughter of the Divine Emperor was actually attacked by a space dragon god beast of the demon race. Although this was due to the Ancient Secret Realm, Di Yao's heart was about to explode with anger. Previously, it was Long Chen who made a move against her, and now it was this Xing Chen as well. Could her identity as a Daughter of the Divine Emperor already be so worthless?

Her chest heaved with anger and her expression darkened.

Long Chen naturally did not understand the change in her heart. In any case, in his heart, Di Yao was a very difficult character to deal with, he was too delicate, she regarded his identity too highly, and thus, it was difficult for him to become a friend. Since they had come together in the Ancient Secret Realm, it could only be considered helplessness.

"Also, the words I said to you in front of Xing Chen earlier were all nonsense. Don't let your imagination run wild, it's impossible even for Xing Chen, so it's even more impossible for you." Di Yao solemnly said to him, his tone filled with arrogance.

Long Chen smacked his lips and said: "Don't worry, I have a family, I have a wife and a daughter."

She herself had said that it was impossible for her to say that, but he did not care about it at all. This made her lose out a little, as a dignified Daughter of the Divine Emperor, did he not have even a thought?

"Let's go. We have to hurry and find the Infernal King or we'll be in even more danger."

Long Chen originally wanted to advance by himself, but now it was impossible.

However, at this time, something creepy happened.

He and Di Yao stood facing each other. When he was preparing to advance, he suddenly saw a person standing behind Di Yao, roughly ten meters away.

Long Chen had no idea how he managed to get close. The most important thing was, even if he was standing here, Long Chen only needed to close his eyes to be completely unable to feel his existence. Clearly, this person was a god! Moreover, his level was not ordinary. He was not a Divine Spirit or Divine Beast of the dragon sacrifice, he should be the existence of the Ancient Secret Realm itself.

This person was wearing a black robe and his head was covered by a wide hood. It was difficult to see his face clearly. Only a lump of black gas could be seen under the hood. However, this was indeed a person!

A silent person appeared here, it was obvious that he belonged to the Ancient Secret Realm! Obviously, he was the expert who Long Chen had guessed had the strength of a Divine King! Thinking about it, Long Chen's entire body was covered in cold sweat, he did not move an inch, and he truly felt terrifying.

If the gods did not return, he would probably be the strongest warrior in the Dragon Sacrifice Continent, but he did not leave the Ancient Secret Realm.

Just what kind of existence was this?

Di Yao did not even know that there was such a person behind her. She saw Long Chen's strange expression and asked: "What's wrong with you? Hurry up, I just said a few words and you're already in such a state? "I've said before that I owe you two favors. I'll repay whatever I owe you. Everything I say is worth it!"

She hadn't realized that death was approaching.

In fact, his heart was already prepared for it. Right at this moment, the Di Yao in front of him suddenly disappeared, Long Chen took a closer look, and discovered that she had already appeared in front of the mysterious person. The mysterious person stretched out his skinny hand and grabbed onto Di Yao's neck, and with his other hand, he took out a black evil short blade that was only a foot long, and placed it on Di Yao's body!

As for the dignified A master-class Empyrean God, after he had landed in the other party's hands, he was actually unable to move at all.

Di Yao could be considered to have instantly gone to hell.

She wanted to resist, but the opponent's black gas surrounded her, making her unable to use her vast divine power. Her entire body was as weak as a chicken, her entire body was sore, and the black short blade that was releasing the danger of death was obviously more dangerous than when she was surrounded by the black dragon!

The moment the opponent makes a move, the only possibility is death!

It was possible that Xing Chen was changed by this person, and the Shiming must have been killed by him without a sound. Even Di Yao could not feel the existence of this person, how could the Shiming?

"Wow!"

Her whole body was trembling, this time the danger of death was much more terrifying than the last time. Under the protection of her father, she had never been injured before, and now she had almost died two times in a row.

"Save me, Long Chen, save me!"

Her tear-filled eyes placed all her hope on Long Chen. The arrogant and despotic her from before was truly pitiful now. Although her temper wasn't good, she wasn't to the point of dying.

Looking at Di Yao, Long Chen thought that in the future, he must not let his daughter be spoiled anymore, otherwise she would become the Di Yao of today.

Speaking of saving them, Long Chen could only bite the bullet. The mysterious man did not immediately kill them, there should still be a chance for negotiations.

His voice was very hoarse, as if he had not let out a sound for countless of years. He said: "If you dare intrude into the 'Incantation', no matter who it is, you will pay the price of death. She is not the first, and she is not the last."

"Incantation?" Long Chen's mind started to spin quickly, the current situation was extremely tense, there was no room for any mistakes, if Di Yao died here, it would be very troublesome.

"He's speaking to himself, because he knows that I'm from the Dragon Fighter. Since that's the case, he might kill everyone, but he won't kill me. This place is called Incantation and he does not want anyone to barge in. The reason why he killed people might be because of some agreement ... "

Long Chen hurriedly said: "Senior, we entered this place unintentionally, and we don't have any ill intentions. It's just that we have no way of leaving right now, can you let her go? Her identity is special, she is the daughter of a Taiyuan Deity Realm god. If we kill her, the other party will probably know, and then more people will come in. I hope senior can think things through, we just came in by accident, and have no ill intentions. "

The mysterious man in black thought for a moment and said: "If I barge into the Incantation, will I only have death Taiyuan Deity Realm? It is indeed difficult to deal with. For your sake, I will spare her this time, but the other deities who intrude this place will all die. There is no exception. "

For your sake!

Sure enough, he valued himself greatly. At least he was fine. Long Chen heaved a sigh of relief.

However, just as he had guessed, the mysterious man in black would probably kill all the other gods. It should be known that almost half of the gods in Dragon Sacrifice Continent had entered this place.

Long Chen immediately said: "Senior, why not be a little more friendly with us? We don't have any ill intentions, furthermore there are two Divine Kings here."

"The Godking must die as well." As he said till here, the mysterious black-cloaked person released Di Yao, pushed her towards Long Chen, and disappeared in the blink of an eye.

"I am the guardian of this Incantation. Aside from you, all the gods and devils that come in must die."

These were his last words.

Incantation, Guardian

He had already started to kill, probably just like the Shiming, he had already killed quite a number of them, luckily Mo Xiaolang did not come back.

Moreover, he had just said that even the Celestial King had to die. That was simply too terrifying. Clearly, he was as powerful as the Celestial King!

"I really never thought that there would be a Incantation beside the Immortal God Realm. And this Incantation actually has such a powerful guardian! If the chaos on the demonic planet could cause this protector to appear, there would be no need for me to risk my life! "

Long Chen was extremely shocked in his heart.

Once again escaping from the danger of death, Di Yao's face turned pale white, her legs went soft, and her entire body fell down towards Xing Chen. Long Chen had no choice but to borrow her, and sure enough, this woman was terrified, she was crying and tightly hugged Long Chen, using all her strength. She did not care about the difference between males and females, she was probably even able to carry a pig right now.

"I'll comfort her, she's just a willful little girl. She's scared now." Ling Xi was a kind girl, seeing Di Yao being scared so badly, his heart also ached.

Seeing that she was not willing to let go, Long Chen comforted her, "It's over, you won't die. You have a Divine Emperor as a father, and today is only an exception. As long as you have two very valuable experiences, isn't it? "

He was not good at this, so everything was very stiff.

It was clear that Di Yao did not hear him, she was still scared senseless and did not even have the strength to cry. She continued to hug Long Chen tightly, her entire body shivering uncontrollably, as if she was afraid that he would run away.

"Then I'll go find the Infernal King first." He let this woman carry him as he hurried on his way. If it was before, he would naturally take advantage of such a great beauty who needed comfort and protection, but now that he had a family, his thoughts changed. He knew what was the most important thing in his life, especially for a woman like Di Yao.

After a long while, she recovered and was able to walk, but she still kept her head low and did not speak. She did not dare to leave Long Chen for a moment as she followed behind Long Chen.

Seeing her so pitiful, Long Chen wanted to say a few words, but found that he did not know what to say, and said: "It's better now, isn't it?"

Di Yao was startled, but she still didn't say anything, her face was still very pale.

At this time, from one of these directions, an incomparably intense light flashed over, and the voice of the Infernal King vaguely sounded, "All gods, please meet here!"

On one hand, this ancient starry sky was huge, on the other hand, because of the distortion in space, no matter if it was fighting or sound, it was difficult to spread far and wide. It was obvious that the Infernal King had to use all his strength to do this, and it could even consume some precious things.

With his summons, it would be much easier for everyone to gather.

"Go over there!"

Long Chen immediately found the direction.

Turning back, he saw Di Yao following him closely, not even taking half a step away from him.

Chapter 2628 - The Secret of Incantation

This is the Incantation!

It was clear that the Infernal King and the Starry Skies Divine King didn't know of this mystical place, and possibly didn't know of the existence of the Incantation's guardians either. Otherwise, he wouldn't have spent so much money just now to have the gods gather in front of him.

Although the Spirit Sea, the Origin Dragon Palace, the Black Jade Dragon's head, the Ancestral Dragon Cave, the place where the Sphinx passed down, and the current Dragon Sacrifice Continent seemed simple on the outside, but in reality, they were all very mysterious. Even after Long Chen had become a god, he was still quite puzzled.

Long Chen and Di Yao did not dare hesitate. Since they had just met such a dangerous figure like the Guardian of the Incantation, even the Divine King did not put them in their eyes. This news must be told to the Infernal King as soon as possible.

In truth, the position of the Infernal King was not far from where he and Di Yao were. It was just that this ancient starry sky was simply too big, even larger than the Dragon Sacrifice Continent. In such a large

world, even if one was very close, without any guidance, it would be very difficult to meet the opposite party.

The closer they got to the Infernal King, the easier it was for them to encounter others.

"Little Divine Emperor!"

They were indeed very worried for Di Yao's safety. Now that they suddenly saw Di Yao, they were naturally relieved, and all of them came over to protect Di Yao, pushing Long Chen out of the room.

Seeing that she was being protected, Long Chen tactfully left.

"Princess Di Yao, why is your face so ugly, did you encounter danger?!"

"We deserve to die in this damn place, to actually let something happen to the Princess Di Yao, we are guilty!" When Divine Emperor returns, how will we explain this to him? "

The crowd was filled with fear and trepidation, stubbornly guarding Di Yao, fearing that Di Yao would make another mistake. There were two female Divine Spirits who were talking to Di Yao, trying to comfort her.

"Go away."

Di Yao was extremely annoyed, she ran past them and followed Long Chen once again. She naturally knew that no one would be of any use here, and following Long Chen was the safest option.

"Long Chen, what's wrong with Princess Di Yao?"

Everyone surrounded him, no longer daring to talk to Di Yao anymore, and asked Long Chen.

Long Chen said: "I met with some trouble, and it is indeed very dangerous. We can talk about the details when we meet the Infernal King. We have to hurry up. "

Everyone was skeptical. In truth, they had been in danger in the beginning. But later on, they didn't even get close to the stars, so they didn't expect for Di Yao to be so strong.

"Fine. We'll meet with the Infernal King first."

The group of people headed towards the direction of the light. Not long after, they met with even more divine gods and divine beasts, and finally saw the Infernal King, who was together with the Starry Skies Divine King.

"If the two of them are together, it should be much safer."

Although Long Chen did not have any malice towards the Incantation Guardian and did not hate him at all, and thought that he was extremely familiar with it, he knew that if he were to kill all of the gods, it would definitely lead to an even greater disaster.

If the Divine Emperor returned, it would be a disaster to the peaceful Incantation.

"Little Divine Emperor!"

He was indeed very anxious, it was he who had asked Di Yao to follow him in. Before entering, he never thought that such a thing would happen, never thought that this broken world would actually have such a mysterious place. If something were to happen to Di Yao, he would probably be killed by the Divine Emperor, or even have huge implications.

The extent to which the Divine Emperor doted on her was something no one could imagine.

Thus, when he saw that Di Yao was fine, he had finally recovered his life.

A total of over seventy people came in, and there were about thirty of them gathered now. There were still a lot of people rushing back, there was no time to delay, there were some things that had to be said.

The Infernal King and the Starry Skies Divine King also noticed the change in Di Yao. She was still in a state of fear.

"Who came together with Di Yao? What happened?!"

He did not dare to directly ask the little princess, but when he looked at the people around Long Chen, they immediately shifted their gaze towards Long Chen. The Infernal King cupped his hands, and said, "Long Chen, speak clearly."

Now that the number of gods returning is increasing, he said straightforwardly, "Let me start from the beginning. I just came here, and like everyone else, I met those strange black dragons. I first met the Goblin Tribe Divine Beast, Shiming. "

All the gods quieted down and listened to him.

He continued speaking: "I saved the Shiming, and travelled together with him, and also encountered the Princess Di Yao in a place filled with stars, surrounded by a dozen or so black dragons. The black dragons were unable to kill her, and the Princess Di Yao suffered a fright, because the black dragons wouldn't attack me, so I relied on this to save her."

"AHH!"

The gods and divine beasts all sucked in a breath of cold air. Di Yao was right here, of course Long Chen would not lie, this was too dangerous, if not for Long Chen, many people would have already been killed if anything went wrong with Di Yao. Divine Emperor was furious, this was too scary.

"Where's the Shiming?"

Everyone had wanted to let the Shiming verify Long Chen's words, but after looking around, they did not see any Shiming!

"Here."

Long Chen took out the corpse. The huge god corpse immediately took up most of the space. Among them, the Starry Skies Divine King was the current commander of the Goblin Tribe. He shouted angrily, "Long Chen, what happened! You killed him? "

After all, he was following Long Chen.

Long Chen shook his head and said, "When I saved Princess Di Yao, he did not dare to approach us because there were too many black dragons. When Princess Di Yao and I went to look for him, he was actually silently killed. Everyone remembers that when Xing Chen just entered, he suddenly let out a miserable scream. Have all of you seen Xing Chen before? "

The three divine beasts had not returned yet, so no one nodded their heads at this time. On the other hand, Starry Skies Divine King's face paled, he had been searching for Xing Chen the entire time, but he couldn't find him.

"You mean my brother was killed?"

Starry Skies Divine King rushed in front of Long Chen's eyes. That terrifying pressure descended, making it hard for Long Chen to breathe.

"Xingfeng, don't worry, let Long Chen finish."

The Infernal King said as he stood beside Di Yao. At this time, many people had already returned and were listening attentively.

Long Chen shook his head and said, "Starry Skies Divine King, do not worry. Xing Chen did not die, but we met him later on. However, some unforeseen events have occurred. "

He briefly described the conflict between Xing Chen and Di Yao, then explained the sudden change in Xing Chen. After Di Yao's battle, the four of them were once again driven away by Long Chen.

After hearing it, the Starry Skies Divine King's eyes turned cold and he said: "Xing Chen has been controlled? You beat the three of them off by yourself? Long Chen, are you bragging or are you telling a story? What evidence do you have to prove that what he said is true? "

To be honest, this was simply too unfathomable, and they had no choice but to doubt it.

Everyone could only look at Di Yao, as Di Yao stated, "What he said is the truth."

Even the little Divine Emperor said that ...

Long Chen knew that they would not believe him, so he said: "Everyone, don't be in such a hurry, I still have the most important thing to say, about the reason why Princess Di Yao is like this."

He quickly explained what happened to the Incantation Guardian.

"That is to say, this could be an existence even stronger than the Celestial King. The Gods who are hunting us and haven't returned yet, it is possible that they didn't kill a portion of them, just like the Shiming. The reason I said so much is to remind everyone that it's very dangerous right now. This place is called Incantation, that mysterious existence is the guardian of Incantation. "

When this matter was over, everyone fell silent. Before, they didn't believe it, but now, they still didn't want to believe it. However, the facts could be laid out in front of them.

At this time, one of the divine beasts said: "Everyone, I have examined the corpses of the Shiming s, they are extremely strange, and they should have instantly destroyed their divine souls. If they were truly silent, then only the Divine King or above should have been able to do so.

The Infernal King's expression was heavy as he asked Di Yao, "Princess, everything he said ..."

"I'll say it again, it's all true! "So annoying!" Di Yao was slightly angry.

Looking at her current expression, she should have been scared by the Incantation Guardian.

The expressions of the Infernal King and the Starry Skies Divine King were very complicated.

The Infernal King said to Long Chen, "You have saved the princess twice and made a great contribution. You will receive the reward that you deserve. All of us will be grateful to you."

Starry Skies Divine King was burning with anxiety.

As more and more gods returned, the Starry Skies Divine King finally reached the three others. He pulled the three people closer to him, glared at them, and almost bellowed, "Where's Xing Chen?"

The three of them were already frightened. Now that the Starry Skies Divine King knew everything, they all trembled. The Terminator Emperor said in fear, "We don't know if we'll return to the Celestial King."

They hurriedly knelt down and begged: "Little Divine Emperor, at that time, we didn't know what happened to Xing Chen. Listening to his instructions, we made a move on him only as a last resort, but luckily you guys weren't injured, we didn't have any ill intentions, and I hope you can forgive us!"

As they spoke, the three of them began to cry.

"Stupid thing!"

Starry Skies Divine King had almost whipped all of them into pig heads, his eyes had already turned red.

The Hell God King brought Di Yao into his God Kingdom and said: "Brother Xing Feng, don't be anxious. Since the Incantation's Guardian is very strong, we have to protect everyone first. After all, Xing Chen did not die. This is a big problem. "

"Alright."

Although the Starry Skies Divine King was extremely anxious, he was not an unreasonable person. Of course, this could not be blamed on Xing Chen as he had been affected by the Incantation Guardian after all.

Long Chen was still outside. The Infernal King said, "You have met the guardian of the Incantation. When he arrives, you can remind us."

"Yes."

Following that, the two mighty Celestial Kings waited patiently.

After half an hour, all the gods that ought to have come have returned. The two great Divine Kings counted for a bit, then said: "There are five less, eight that were injured by the divine dragon, and those five that were missing, if all of them die. Adding the Shiming, six of them would have died.

To the two Divine Kings, the death of six deities was also their responsibility.

"I never thought that Dragon Sacrifice Continent would be so dangerous!" Starry Skies Divine King gnashed his teeth.

Suddenly, one of them appeared in front of them and was slowly approaching them. The two Divine Kings were extremely vigilant.

"It's Xing Chen."

Seeing that he was alright, the two Divine Kings let out a breath of relief. Starry Skies Divine King quickly went to welcome him and asked: "Xing Chen, are you alright?"

Xing Chen's face was also pale white. He shook his head and said: "I ... I was a little irritable just now and couldn't control myself. It seemed like I made a move against Di Yao."

When he saw Long Chen at this time, the bottom of his heart was once again inexplicably angry.

Long Chen hurriedly said: "You were tricked by her, she is only using me as a shield, don't you dare believe that your matter has nothing to do with me."

At this time, Di Yao wasn't pestering him. He could explain it clearly, in case he provoked another enemy.

"Is that so?"

Xing Chen was startled. In truth, this was something that was very easy to understand, but he did not understand it at the time.

The Infernal King examined it for a moment and said, "It's the power of a curse. This entire Incantation is like an angry, curse filled place, and those divine dragons are all cursed. I'm afraid that even those sealed here for more than a century are the existence of the The Age of Dragons!"

After Long Chen heard this, he was deeply shocked in his heart.

Curse, the real dragon

Who exactly were the guardians of the Incantation s?

"I'll deal with you when we get back!"

Starry Skies Divine King threw Xing Chen into the Infernal King's Divine Kingdom. They had already sensed the approaching danger.

"It's a guy wearing a black robe." Long Chen gave a brief description.

"Alright, you come in as well." The Infernal King pulled Long Chen and threw him into the Divine Kingdom. Long Chen and the others were waiting on a black island. It was obvious that a great battle was about to take place outside, so everyone was a little nervous.

#### Chapter 2629 - God King Perfection

The Infernal King did not hide the scene outside from the gods.

Through the God Kingdom, the Gods could see the outside world. The two God Kings couldn't find a way out either, so they patiently waited for the arrival of the Incantation Guardian.

After a period of silence, in this ancient starry sky, before the two God Kings, a mysterious person finally appeared. He was the guardian of the Incantation, and seemed to be fearless as he appeared before the two God Kings.

He was just waiting for the gods to gather. If he was confident enough in his own strength, he probably wanted to take care of the gods all at once.

So before, he made Long Chen stay where he was.

Of course, Long Chen didn't do it.

Looking at the Incantation Guardian once again, Long Chen understood just how terrifying this person was. Even the two Divine Kings who were facing him earlier were frowning deeply. It was obvious that even they had realized that the guardian of the Incantation was very strong. Before they came to the Dragon Sacrifice Continent, they had never imagined that such a strong person would actually exist in an ancient secret realm within this run-down world!

Fortunately, the strongest of the Gods have yet to return!

Seeing the Incantation Guardian, the Gods in the God Kingdom started to panic.

At this moment, the guardian of the Incantation said with an ancient and hoarse voice: "Everyone, this place is the Incantation, it is an ancient land. According to the rules, if everyone breaks in, I must kill them! So, don't blame me for being merciless! "

At this moment, he opened his arms, and the Gods could actually see that his palms which were exposed started to cover with grey dragon scales. More accurately, one of his hands was covered with grey dragon scales, and the other hand had lost its flesh, exposing its bones.

This pair of hands was indeed strange and ancient. In Long Chen's eyes, they carried a huge shock force, and he seemed to see the shadow of an Ancestral Dragon on the body and hands of this mysterious person.

And in the eyes of the two realm kings, the power that the hands possessed was terrifying.

"The power of disaster and the rules of disaster"

The two Godking exchanged glances, roughly understanding what this mysterious man was skilled in.

Although the Infernal King knew that there would be battles, he still wanted to know more. He said, "You are the guardian of the Incantation right? If it's appropriate, you let us go, and we know that this is your territory, so we will naturally not set foot here. The two of us had no intention of fighting with you, so entering this place by accident is actually your fault, I don't know if you would agree? "

What answered him was the attack of the Incantation Guardian!

He only replied with three words, "Impossible!"

At this moment, Long Chen saw the Guardian of the Incantation emit a power as terrifying as a divine dragon, and it swept through the entire ancient starry sky. It was as the Hell God King said, he specializes in the rules of disaster and calamity.

The two Celestial Kings were under constant control.

"This person is very strong. Everyone, be prepared."

The Infernal King said solemnly.

To the gods, this was indeed a great disaster. Such a relaxed return had actually turned into such a scene. This was truly unexpected.

The moment the Infernal King made his move, it was too big of a commotion and it was hard for everyone to clearly see what was happening outside. The Starry Skies Divine King had also participated in the battle!

"This is a battle between three Celestial Kings!"

The various Gods looked at each other, naturally feeling incomparably shocked in their hearts. Everyone's face turned pale. As gods, it was very difficult for them to encounter such threats, especially after tens of thousands of years. Most people here had known these few people for many years, especially after losing a few deities.

Long Chen did not know if the two Divine Kings could defeat the Incantation Guardian, but he could not interfere in a battle of this level. He could only wait and see.

"Long Chen!"

Di Yao thought for a moment, then followed Long Chen to her side. She was naturally smart, and knew that maybe following Long Chen was the safest way.

Even though Long Chen had already explained the situation to him, he had already put in a lot of effort for the sake of Di Yao. Seeing her following Long Chen, made him feel very unbalanced in his heart.

Long Chen did not care about these things at the moment, he was focused on sensing the battle outside. He had never heard of battles of this level, the three of them were experts at the peak of their strength as Battle Demons and Nothingness Demon, and the Guardian of the Incantation was even stronger than them, reaching the level of the Demonic Sakyamuni!

They were all super existences that could easily crush Long Chen!

A divine being that had lived for tens of millions of years!

Long Chen was clear on this point, it was not Dragon Fighter, but instead, he was using the power of the Divine Dragon. Although he did not know what kind of power Divine Kings was using, it should be at least at the Genesis realm and above.

Something that Long Chen and Di Yao could possess Genesis at this time could be considered to be quite rare.

The ancient space continued to shake, and some of the black stars and the black jade dragon capital city had been destroyed. From this, it could be seen just how powerful these three people were.

"The guardian of the Incantation, if we keep fighting like this, we will destroy this place. It has no meaning at all! If you let us leave, we promise we won't set foot in this place anymore! "

As the battle continued, the Infernal King continued to persevere.

In fact, for the proud and arrogant Yun Che to actually say such words, it proved that the current battle should have been fought by the Incantation's Guardian taking the upper hand. The Incantation's Guardian fighting two alone, yet it was actually able to suppress the other party.

In all of the Myriad Realms, there were not many Perfection Divine Kings!

Although the Infernal King had repeatedly asked for peace, there was almost no effect.

The guardian of the Incantation did not say a word.

However, his killing did not stop!

BOOM!

Waves of tremors came from outside. With every explosion, a star should have been destroyed, and a head of a black jade dragon should have been destroyed. If the stars were destroyed, then the head of the black jade dragon might have disappeared ...

"The protector of the Incantation said that the Black Dragon is a cursed divine dragon. If the stars are destroyed, wouldn't that mean they would die?"

Thinking about it here, Long Chen felt a bit sad. His feelings for the divine dragon could not even be compared to the other gods combined.

The battle continued, the gods that remained on the black island were still terrified, they were unable to calm their hearts, and were extremely worried, but the battle outside had clearly reached its daytime, and was extremely intense, even the sound of the stars exploding became much louder, although they could not see the scene outside, but with every echo, Long Chen frowned.

"Are you not feeling well?" Di Yao stared at him with her golden eyes.

"Nope."

Long Chen shook his head.

He only thought, "If this goes on, it won't do anyone any good!"

At this time, he actually heard the Incantation Guardian's voice!

He said, "Child, I can only let you go. Everyone else must die. This is Incantation's rule, it's my duty! "

Being able to converse with him alone made Long Chen extremely excited. He hurriedly said: "Senior, although it's a rule, it's obviously going to lead to more trouble, after all, these gods are the weakest part of the group, and behind them are the Divine Emperor and the various Divine Kings, they are all stronger than the two of them. If they were to die here, I am the only one who can leave, they would definitely come here again!"

The people outside all knew that these Divine Spirit had entered the Ancient Secret Realm, so they couldn't hide anything.

The Incantation Guardian said: "I will only carry out my duties, although I will die with no regrets."

His tone was stiff and hard.

"I will be able to finish off these two Godkings in fifteen minutes."

The Incantation protector said.

He was even more terrifying than what Long Chen imagined.

Long Chen thought for a moment, then said calmly: "Although the responsibilities are important, it is not impossible. None of them were weak. You have already destroyed quite a few stars in this battle, so where should we go with those cursed black dragons? For their sake, I feel that you should make some changes to your plan and make an agreement with the two Godkings. "

Speaking of this issue, the Guardian of Incantation probably really cared about it. He stayed silent during the battle for a while, then said: "Indeed, I am not willing to let them die."

Long Chen was overjoyed, and said: "Then let them go. The Gods should still keep their promise, if they still want to come in in the future, I will do my best to stop them. "

He was confident about his future. In the future, he would definitely not be weak, and he would definitely be able to raise his status amongst the gods.

Like this, the Incantation Guardian seemed to agree.

The battle stopped!

Everyone could clearly see the scene outside clearly. The two Divine Kings and the Incantation Protector stood facing each other, the Incantation Protector was obviously unharmed, while the two Divine Kings' faces were pale white, covered in blood, gasping for breath, and extremely weak. It was just as the Incantation Protector said, if they continued to fight, he would be able to easily kill the two Divine Kings.

This scene terrified all the gods to their limits.

In truth, the two Divine Kings were already at the brink of despair. They didn't understand why the protectors of the Incantation would stop their battle at this moment, but he was already close to victory. The Hell God King really wanted Long Chen to protect Di Yao and leave, so that the Divine Emperor could take revenge for him in the future.

In the God Nation, the attitude of the gods were in complete despair. Di Yao was terrified as she pulled on the corner of Long Chen's clothes and followed behind him in a daze, afraid that he would leave her.

The scene suddenly became quiet.

The Infernal King gasped, "Why did you stop? I still haven't fought enough!"

The Incantation Guardian did not care about what he said and said, "Make an agreement. I can let you leave, but you swear to God that you will never enter this place again. Not just you all, but the Divine Kings and Divine Emperor behind you as well. "

Chapter 2630 - Secret Scripture of the Primordial Divine Dragon Sky Calamity

Hearing this, the two God Kings and the other Gods were stunned.

Now, he could almost kill the two Divine Kings. As long as he killed the Celestial King, killing the others would be as easy as pie for him. If he really wanted to plead for peace, he should have said it from the beginning, not now ...

That was why the surprise came so suddenly that everyone found it hard to react.

This was not only a surprise, but also a ray of hope for survival.

Long Chen heaved a sigh of relief, luckily the Incantation Guardian heard his words, although he did not know what would happen in the future, but if the Incantation Guardian were to kill them, the Divine Emperor Emperor would definitely rush over in the future.

Although the two god kings didn't really understand, the Infernal King still said immediately, "We can understand your duty. It was our fault to have barged in here without permission, so losing a few of our god friends can be considered as a heavy punishment. Since you are willing to forgive us, we can naturally guarantee that we will not enter this place again in the future and bring you trouble. "

The Incantation Guardian said, "I have another condition."

He was indeed a little afraid of the conditions of the Incantation's Guardian. In the battle just now, the Incantation's Guardian had always been suppressing them.

Right now, it was the only chance for them to survive. There were many things that they could abandon.

The gods were nervous again.

The Incantation Guardian said at this time: "The condition is that I want that Long Chen to stay behind to accompany me for a while."

For a moment, there was complete silence among the gods.

This time, Long Chen saved Di Yao twice. If he were to throw him here, it would be too dishonorable, everyone would know the terror of the Incantation Guardian. If they were to leave him here, what difference would it make if they were to die?

Di Yao was the first to reply, "No, we can't let him stay here by himself."

But among the Gods, she was the only one who said that, the others all slightly moved away, worried that this matter would implicate them. Although they were Gods, their hearts were no different from others, and they were even more selfish.

Long Chen knew that the guardian of the Incantation would definitely not do anything to him, so he said: "Don't worry, I alone can exchange for it so that everyone can leave safely, isn't it worth it? We're all on the same side, so there's no need to be polite with me.

That's right, the Incantation Guardian did not kill him twice. He is a Dragon Fighter, so there should be no problem. Amongst the human gods, the dark and muscular Titan said.

The Infernal King could not give up the lives of all the gods just for Long Chen. Now that Long Chen had agreed to it himself, even if Di Yao did not agree, he had no other choice. He said to the Incantation Guardian, "Alright, let's make an agreement like this."

An agreement was something that no one was forced upon. It was unknown what would happen in the future. However, as long as the Gods still cared about face, they wouldn't act rashly.

"You can't leave!"

Di Yao tensed up, and pulled on Long Chen's arm. Her light golden eyes flashed with worry and nervousness, and it was rare for this fellow to actually worry about her. Long Chen laughed: "Don't worry, I will be fine. "Goodbye."

He was very decisive. After shaking off Di Yao's hand, the Infernal King casually allowed him to step outside.

"Long Chen, I'm sorry, but we have no other choice. I was going to give you a reward. "

The Infernal King said helplessly.

Long Chen did not want to say more.

At this time, the Incantation Guardian waved its arm, and a golden whirlpool appeared.

"Let's go."

The Incantation Guardian said one word.

The Infernal King took one last glance at Long Chen and said, "Take care."

With that, he and Starry Skies Divine King entered the golden vortex, and in the blink of an eye, the golden vortex disappeared. They should have left the Incantation and returned to Eastern Star Region.

Only Long Chen and the Incantation Protector were left.

To Long Chen, the Guardian of the Incantation held endless secrets. There was a huge connection between this place and the divine dragon and he must know a lot of things that he wanted to know!

"Senior, can you tell me your identity?"

The two of them stood facing each other in the ancient starry sky. Long Chen held his breath and asked softly.

"I am the guardian of this Incantation and have guarded this place for an entire era. Or even longer. " The Incantation Guardian was extremely friendly to him.

A single era meant a hundred million years.

Of course, Long Chen didn't want such an answer, so he asked, "Then before you became the guardian of the Incantation, what identity do you have?"

The other side thought for a bit, and seemed to have a headache. He shook his head, and said: "I ... I seem to be a Dragon Servant. "It should be the Dragon Attendant. It's been too long, I can't remember clearly. A piece of its memory was missing, as if it was devoured ..."

It was obvious that remembering this part of the story was more painful for him.

"It was eaten?"

Long Chen was stunned, he had never heard of something that could swallow memories.

When he heard the unfamiliar word 'Dragon Servant', he was somewhat confused, so he asked, "Just who is the Dragon Servant?"

The Incantation Guardian said: "Dragon servant, serve the divine dragon. A part of the bloodline that possesses the divine dragon is like me. I vaguely remember that I once served an ancestral dragon.

Long Chen was stunned.

He was a human, he was a dragon servant, and the The Age of Dragons was the origin of the human race. Although the human race was called the descendant of the Divine Dragon, he had never figured out the relationship between them and the Divine Dragon, and now that the other party said that the Dragon Attendant was the ancestor of the human race, it was obvious that he possessed a part of the Divine Dragon's bloodline. The truth of history should be like this!

The most important thing was, he had once served an ancestral dragon!

That was a real Ancestral Dragon!

It was no wonder why this person was so powerful, to the point where there was a possibility that there were more than just Divine Kings in the Perfection. Furthermore, it was very possible that this person did not possess the strength at his peak, and the current him was even sealed and cursed like the Black Dragon.

"Senior, can you tell me what kind of ancestral dragon you serve?"

Long Chen asked nervously.

The Incantation Guardian shook her head in pain and said, "It's too long ago. I can't remember clearly, it should be related to the disaster and the primordial dragon tribulation. My duty now is to protect this Incantation and protect these cursed Divine Dragons! "

His mind was actually not very clear.

It was just better than those cursed dragons.

"This Incantation is a tomb. The Divine Dragons have been buried here for a very long time."

The Incantation Guardian said.

Long Chen asked the question he wanted to know the most, and he said very carefully: "Senior, I want to know, who was it that cursed them and buried them here?"

At this point, the Incantation protector suddenly let out a painful cry. He waved her hand and said, "Don't ask me this question. I'm in pain. I don't know. My memories have been swallowed ..."

Long Chen was stunned.

It was just like the mysterious existence mentioned by the Heavenly Demon.

It was indeed mysterious, even the clue of the Incantation Guardian was broken.

Maybe what he remembered was that he was only the guardian of the Incantation, he wanted to protect this place and kill everyone who came. At the same time, he was once a dragon servant serving his ancestral dragon, the ancestor of the human race.

He couldn't remember anything else.

Long Chen felt that he was rather pitiful. He was lonely in this incomparably long time and space, guarding this enormous tomb, with no one capable of communicating with him.

Long Chen did not continue asking about his past affairs, and asked instead: "Senior, you want me to stay, is there anything you need my help with? If there is anything I need, please do not hesitate to tell me. "

The Incantation Guardian shook his head and said, "No, I just wanted to give you something."

Is that all?

Long Chen thought that there was something big going on.

The other party said, "You have inherited the divine dragon's blood essence and are also a descendant of a divine dragon. Since you have become a god, you must use the power of a divine dragon. This is for you. "

He took out a pitch-black stone. It was extremely ancient and had dense dragon markings on it that flickered with light. One look was enough to tell that it wasn't an ordinary stone.

"This is the 'Primal Dragon Sky Calamity Scripture', it can allow your strength to evolve."

The Incantation protector said.

Long Chen was surprised for a moment, and said: "I have yet to truly become a god, can I cultivate it now?"

The Incantation Guardian nodded and said, "You can cultivate in this Incantation. After you succeed, you can leave."

So the reason he left me here was for such a thing.

Long Chen was truly pleasantly surprised. To be honest, he had originally planned to look for Infinite Divine Art to cultivate after becoming a god. After all, Di Yao still owed him a part of his life, and it was from his Genesis. But just as the Guardian of the Incantation had said, he was a Divine Dragon and he should cultivate the power of a Divine Dragon! It was just like how the guardians of the Black Dragon and Incantation used!

In terms of nature, it was definitely not low!

Long Chen was still unclear of how many benefits there were, but he was indeed very grateful to the Incantation Guardian. Not only did the Guardian not kill him, it had even given him such a great face, and it was even because of him that the gods were let go.

"Many thanks for the gift, senior. Junior will never forget it." Long Chen bowed deeply to express his thanks.

The Incantation Guardian said, "First, think about it carefully. If there are things you find hard to understand, then call me."

After speaking, his silhouette gradually vanished into the starry sky.

"What a magical person." Ling Xi said seriously.

"He has been alone here for so long, he must be lonely. Brother Chen, if we have time, we must accompany him more. He is our ancestor."

Long Chen nodded.

The guardian of the Incantation was not only Long Chen's ancestor, but also the ancestor of the Primordial Gods. After all, at that time, it was the origin of the human race.

He sat down cross-legged and started to study the 'Primordial Divine Dragon Sky Calamity Secret Scripture' that the Incantation Guardian had given him. After carefully reading it, he was pleasantly surprised, with his current level of cultivation, when converting all the Divine Source Power, he would roughly reach the level of 'Genesis'. However, the amount of time he had to spend should be much less than others.

"Little Wolf and the others are still waiting for me outside. Five Dragon Cities needs someone to make the decision, I have to settle this as soon as possible."
