### Chapter 2631 - Revenge Attacks

Coming out of the golden vortex, the gods in Eastern Star Region looked forward with tears in their eyes.

In less than a day's time, it had already given everyone a huge blow. If not for the final change in attitude of the Guardian of the Incantation, all of the divine spirits present would have died inside. Even if they were not killed, it would be difficult for them to escape the seal.

The Guardian of the Incantation is so strong, it must be heavily injured.

Today, although they had lost a few deities, most of them were still relatively weak. There were more demons amongst them.

"It's such a headache. Even though he came out alive, I don't know how to explain it to the 'Demon Divine Emperor'." The Starry Skies Divine King said with a frown.

The Infernal King who was at the front of the procession, took one last look at the position of the Incantation and said, "Anyway, we can't let this go. Although we can't handle this matter, we will definitely it to the Divine Emperor and let him handle it."

"Right. Wait for their return."

The two Celestial Kings shared the same thought. They looked down on this place from the bottom of their hearts.

"Oh right, how is your brother Xing Chen?"

The Infernal King said.

Starry Skies Divine King looked at Xing Chen and said, "There's nothing major wrong, it's just that the power of the Guardian's curse has been clearly understood by me. Furthermore, he is currently apologizing to Di Yao for what happened earlier. Because of the Protector's control, he dared to make a move on Di Yao.

The reason the Starry Skies Divine King said this was because he was worried Di Yao would tell the Divine Emperor about Xing Chen attacking her. As long as the Divine Emperor knew about this, Xing Chen would have no chance.

The Infernal King nodded. "Don't worry."

"Since that's the case, we will be leaving first. If there's any news, inform us immediately. As for that Long Chen ..."

The Infernal King said, "He is one of us. We can handle him ourselves."

"Very good."

After he finished speaking, the Starry Skies Divine King didn't say anymore and left with the demon race's gods. The Hell God King counted the number of people, a total of two gods went missing, which could be considered to be dead.

"Let's go!"

The Infernal King waved his hand, preparing to lead the gods away. However, at this time, he saw that Di Yao was still looking in the direction of the Incantation and her eyes were blazing hot. He seemed to have thought of something and said to the gods, "You guys can go back first. will take revenge for us in the future. "

The Gods nodded and immediately left. They didn't want to come to this damn place.

Leaving behind the Infernal King and Di Yao.

"I want to save him! If it wasn't for him, we wouldn't have been able to leave that place.

Di Yao turned her head, her eyes cold as she spoke.

The Infernal King shrugged his shoulders and said, "Princess, you better think carefully. The guardian of the Incantation won't kill him, and she won't do anything to him.

Di Yao sneered, "Do you think I'm a three year old kid that's easy to fool?" I know how terrifying that Incantation Guardian is, he almost took my life! I must save him! "

When he thought about how Long Chen had saved her twice when she was in danger, he understood something a little. He nodded and said, "Princess, we are definitely unable to do anything about it. You have a way to contact the Divine Emperor, so just tell the whole story to the Divine Emperor. I think if we need to save him, the Divine Emperor will have a decision."

The Infernal King knew that it would be inconvenient for him to interfere, and he was definitely not the match of the Incantation Guardian.

"Did I promise my father that I would owe him a copy of Infinite Divine Art with 'Genesis'?" Di Yao said in a daze.

The Infernal King thought to himself, "Giving away one's Genesis is such a big effort indeed. Many Divine Kings are thirsting for the Infinite Divine Arts with their Genesis. "

For example, he himself, was currently training her Genesis. This was the foundation of the Celestial King. Di Yao also trained in Genesis, but that was her limit.

"I'll contact my father first."

After coming to a conclusion, Di Yao left first. Her long golden hair fluttered in the wind, gradually disappearing from the Infernal King's sight.

"I'm afraid no one would have thought that this would happen. "Hehe." He quickly stepped into the Immortal God Realm and headed in the direction of the Life Dragon City.

"Under the glory of the Everlasting Stone, the vitality of this sea of life is the most exuberant in the entire world. At least for now, Five Dragon Cities is indeed a heavenly paradise, no wonder some little fellows were so envious. It's just that Long Chen made a huge contribution this time ..."

Very quickly, he stood on top of the Life Dragon City. With the descent of his divine might, all of the Dragon Fighters could feel it immediately, as it was a divine might that they had to bow down to. Many of the Dragon Fighters could not help but kneel on the ground under this kind of divine might.

Life Dragon City was in a state of chaos.

At this time, three Dragon Emperor s appeared, and one of them asked: "Lord God, may I ask what are your orders for?"

They had never seen the real body of the Infernal King, so they didn't know who he was.

The Hell God King said, "I am the King of Hell, there are some things I need to inform you about, please invite Mo Xiaolang and the other Dragon Emperor."

"The Infernal King!"

This name was naturally the most famous among the returning gods. It was the strongest, and the one who had the most appearances. He was one of the two great human gods, and was practically a Paragon!

The three Dragon Emperor s immediately informed the others.

With the Heaven and Earth Transference Array, it would only take a short time to get here from the other dragon cities. After Mo Xiaolang received the news, he, along with Yang You and the others quickly rushed to the Life Dragon City. Fifteen Dragon Emperor s had also arrived. They knew that Long Chen and the Infernal King had entered the Ancient Secret Realm together, so it was likely that something bad had happened.

Coming here and seeing the Infernal King in person, everyone felt a sense of foreboding.

Mo Xiaolang was relatively calm, he had been following Long Chen's instructions and guarding the Five Dragon Cities for the past few days.

"May I ask, Godking, what are your orders today?"

Mo Xiaolang meditated and asked.

Now that everyone is here, the Underworld God King only came to pass on a message: "Our entire team has entered the Ancient Secret Realm, it is a world called the Incantation, there are many cursed True Dragons inside, one of them was a Guardian of the Incantation, it was extremely powerful and we all defeated me, and now we have all left the Incantation, but the Guardian of the Incantation has given Long Chen a lot of attention, and told him to stay there. Even though we don't know when he will return, there shouldn't be any safety problems. Other than that, if he still did not return after a long time, Divine Emperor would probably send someone to bring him there. You don't have to worry. "

The Infernal King had made it very clear.

When the Dragon Emperor s still wanted to ask, he had already disappeared.

Everyone lowered their heads, carefully considering what the Infernal King had just said.

Mo Xiaolang said: "Everyone, don't be anxious, the God King said that the world should be related to the divine dragon. The guardian of the Incantation is so powerful, he values Big Brother so much that everyone can stay behind, but for now, there definitely won't be any safety problems. As Big Brother is the Dragon Fighter, if the guardian of the Incantation is related to the divine dragon, he shouldn't do anything to him."

This was the meaning of the Infernal King's words.

"But these are all one-sided words from the Infernal King. How do we know the truth?" The Immortal Dragon Emperor asked.

With regards to the safety of Long Chen, every one of them were anxious. After all, Long Chen was their pillar of support now. Without Long Chen, the Five Dragon Cities wouldn't be able to hold on.

Yang You was still rational, so she said: "Since the Incantation is so dangerous, then I guess we won't be able to charge in. I believe more in Long Chen, because he wouldn't do something he wasn't confident in, and this time he should wait for a while, and even if we go think of a way, with our abilities, naturally it'll be futile if we can't compare to the Divine King. It seems like we can only wait for a while, first look at the situation, then we can ask the other gods, and then we can find out more about what happened."

It was admirable that she could remain so calm as a mother.

"Everyone, wait here for a while. Xiao Lang, I know that you are worried about Long Chen's safety, but if you rashly head there, it will be very dangerous for you, and even the God King will not be able to solve

the problem, let's not take any risks, furthermore, the Five Dragon Cities will need your help. " Yang You saw through Mo Xiaolang's thoughts and knew that he definitely wanted to go to Incantation.

Although Mo Xiaolang was anxious in his heart, he endured it in the end. He said: "Then it's just as Aunt You said, we believe in Big Brother, he can do it."

After the decision was made, it was time to wait day after day.

Ten days passed, twenty days passed, and it was impossible for everyone to not be anxious. During this time, Mo Xiaolang went out and asked a few Divine Spirit s who had entered the Incantation, and the answers he received were similar to those of the Infernal King's. Indeed, Long Chen had chosen to stay behind, and the Guardian of the Incantation had treated him with special treatment, so even the Black Dragon did not lay its hands on him.

After understanding all of this, everyone felt more at ease. It was precisely because Long Chen had created many miracles that they had so much confidence in him.

Mo Xiaolang had also dispelled the idea of going to the Incantation, and peacefully protected the Five Dragon Cities with Su Yan. Honestly speaking, Su Yan had already returned to the level of the Nuwa Devil back in the Lingsu Star Sea, and just based on her killing power, she might even surpass Mo Xiaolang. It was just that she wasn't very familiar with fighting and using the rules, so she needed a period of time to hone her skills.

To the crowd, this sort of waiting was undoubtedly long.

Just as Mo Xiaolang and the rest and the fifteen Dragon Emperor were waiting anxiously in the midst of the Life Dragon City, a message suddenly came through the Star Talisman. The Nine Heavens Thunder God had descended upon the Everlasting Dragon City once more, and even brought along several Divine Soldiers and Generals!

After Mo Xiaolang heard the news, he immediately brought Su Yan and rushed to Everlasting Dragon City. The reason why Long Chen asked him to stay here was because she was worried about the revenge from the Nine Heavens Thunder God. She never thought that the Nine Heavens Thunder God would actually come at this time, and even chose to wait for Long Chen in the Life Dragon City.

Mo Xiaolang could only hope that this guy would not make a move against ordinary people. If this was the case, then the opponent would be too despicable!

After reaching the Divine Spirit Realm, it was much easier to teleport through the teleportation formation. Before long, Mo Xiaolang and Su Yan would return to the Everlasting Dragon City.

"Yan Er, protect them, I will go stop the Nine Heavens Thunder God!"

He did not expect that the Nine Heavens Thunder God would be summoning heavenly lightning and would be attacking the Everlasting Dragon City. The other divine generals were also aiding him, causing many of the Dragon Fighter to be injured and some to even die.

"Where's Long Chen? Tell him to come out!"

The Nine Heavens Thunder God had just recovered not long ago and just happened to hear the news of Long Chen being left in Incantation, causing its heart to feel extremely good. Not only was it severely injured last time, its face was also swept across the ground.

Mo Xiaolang rushed in front of him and stopped him with the Unbroken Fire Realm. What he hated the most was this kind of fellow who only dared to make a move behind his back.

Although Su Yan was still in her human form, she was able to use a certain set of black hole rules which had a huge killing power. Under her control, the few Divine Soldiers were actually frightened, and immediately fled to the back of the Nine Heavens Thunder God.

It was at this time that the Dragon Emperor returned. Seeing the destroyed Everlasting Dragon City, the crowd burned with fury, and some even lost their innocent lives miserably!

The one who attacked them, was actually their worshipped Archaic Gods, their ancestor!

Mo Xiaolang gnashed his teeth and said: "Nine Heavens Thunder God, you dare to destroy Five Dragon Cities! Don't you feel ashamed that you, as a Archaic Gods, would actually do such a shameless thing? "

The sound of the heavenly thunder was like thunder as it roared, "What kind of joke is this? Is this place not allowed to be destroyed? What do you think, Long Chen? Let him out, I let him sneak attack me the last time, I let him win by a fluke, I want to fight with him again this time! Why don't you call him out! "

The other Godly General laughed.

The Nine Heavens Thunder God continued, "I'm guessing that the Incantation must be very comfortable, right? It's so dark and gloomy, always staying by the side of a devil. I wonder if he still has flesh and blood? "

Mo Xiaolang squinted his eyes. It was indeed rare to see such a despicable person in the Archaic Gods.

The Nine Heavens Thunder God said loudly, "Long Chen is no longer here, so there's no need for me to be polite. From this day forth, I, the Nine Heavens Thunder God, will occupy this place, so hurry up and move this crappy Everlasting Dragon City away. Otherwise, don't blame me for being impolite!"

Chapter 2632 - Ten-Thousand Jin Giant Space Thunderbolt

The last time he was suddenly defeated by Long Chen, the prestige of the Nine Heavens Thunder God plummeted greatly, and he simply didn't have the face to face with other gods. Until now, when he heard that Long Chen had been left behind in the terrifying Incantation, everyone was happy. No one forbade him from seizing Everlasting Dragon City's territory, so of course he would come.

How could he face himself if he didn't show off his strength?

Back then, when he had been defeated by Long Chen in an instant, these people were all watching the show and cheering loudly.

Although he had been a god for tens of thousands of years and had lived for countless years, he was still easily defeated by a junior. It was something that had never happened before.

His Divine General of the Nine Heavens Thunder God had already made his preparations. If the people of the Everlasting Dragon City did not take the initiative to move the Everlasting Dragon City away, they would make their move.

Those Divine Generals had already landed around the Everlasting Dragon City. Seeing the furious but powerless expressions on the Dragon Fighter's faces, the gods all laughed.

"Hurry up and move away. A life form like an ant wants to occupy such a good place."

"Isn't it all because of Long Chen? Now that he is gone, we want to see what kind of waves you can create. "Daring to go against the Gods, he's really courting death."

Seeing their faces, the crowd couldn't help but want to ask, "Is a god like this really a human ancestor?" In the past, the Dragon Fighter also believed in gods, and treated them as their ancestors who were revered them. They worshipped them from the bottom of their hearts, and the gods were like symbols of power, dignity and wisdom, as well as spiritual beliefs to them. However, the desire displayed by this god right now was no different from a mortal's.

Their sinister smiles, revenge, and every word was filled with great doubt for the Dragon Fighter. After this world was changed, all the Dragon Fighter were the same as the rest, thanking the gods. However, right now, there was only deep disappointment in their hearts, and they couldn't help but doubt.

Seeing that they were about to take action, Mo Xiaolang, who carried the mission of protecting the Five Dragon Cities, obviously could not endure any longer. At the moment, as a demon, his temper was naturally not as good as before. Now that Long Chen didn't know when he would return, he had to chase away these Nine Heavens Thunder God.

This ocean of time was the place that the Everlasting Dragon City had occupied since the Primordial Era, it was their inheritance. They absolutely could not let anyone else occupy the home of the Dragon Fighter.

Therefore, Mo Xiaolang stood in front of the Nine Heavens Thunder God and said: "The duty of a god is to teach and guide all living beings. Yet, you stole away the homeland of the world. You are arrogant, domineering and crafty, which makes others doubt whether the grand Nine Heavens Thunder God is the ancestor of our human race or not. "

This question also revealed the doubts of the crowd. Previously, the news about the Nine Heavens Thunder God seizing the time and sea had already spread a little too far.

Being subjected to such responsibilities, the Nine Heavens Thunder God did not know how to reply. His patience was limited, his temper flared up and he angrily roared: "As a god, it's not up to you to say anything. You're obviously trying to stop me today, aren't you? Alright, since you and Long Chen are brothers, he is already on his way, I will also send you off! Everyone, please throw the Everlasting Dragon City out for me. I will play with this beast! "

Judging from his ferocious expression, it was obvious that he would not take back his opinion.

"Yan Er!"

Mo Xiaolang reminded them. Even if Su Yan's strength did not transform into the Ancient Giant Demons, it was more than enough to deal with these Divine Weapons and Divine Generals. He only needed to stop the Nine Heavens Thunder God and let him know the difficulties and retreat.

To be honest, Mo Xiaolang definitely felt a lot of pressure.

After all, he was only at the Tai Chi Demon Realm, while the Nine Heavens Thunder God was a Divine Lord initial state, so he was proficient in the laws of many kinds of Thunder Gods. Mo Xiaolang's only advantage should be that he had almost fully formed his Genesis, which was of higher quality and boundless than the Nine Heavens Thunder God's, and that he had the source of power of nine by nine times!

Integrate the divine flame into the flames!

Therefore, before that, they had already been thinking of a way to protect Everlasting Dragon City's weak and weak body. Now that the Everlasting Dragon City's overall strength had dramatically increased, the Heavenly Diagram of Eternity could even block an ordinary god's attack!

To guarantee their own safety, all they could do was to rely on Su Yan and Mo Xiaolang to chase away these Gods. Now that they were filled with righteous indignation, their view of the Gods had changed slightly. They started to reminisce the day when Long Chen and Mo Xiaolang turned the tide and defeated the Ancient Giant Demons.

The battle began!

Fortunately, the Eternal Demon God Realm had stabilized under the effects of the Eternal Harbour Stone, allowing it to withstand a battle between deities. When the weak War Demons had arrived at the Eternal Demon God Realm, they had nearly torn the entire world asunder!

Su Yan did not dare to transform into her Primordial Giant Demon body, which she was not familiar with, but even in her human form, she still had a large weapon, which was the rule of black hole. This was the rule of terror, the power was limitless, although there were many Divine Soldiers and their cultivation was complicated, with just one black hole, Su Yan could break any of their laws, and even though she was not familiar with their control, but obviously, these Divine Soldiers could not do anything to Su Yan!

"Truly a bunch of trash!"

The Nine Heavens Thunder God was extremely angry. A pair of purple eyes that were rolling snakes of lightning stared at Mo Xiaolang as he made his move in an instant.

"It seems like it's still up to me!"

Last time he fought with Long Chen, he unfortunately did not even have the chance to make a move.

The power of prehistoric level swept through the world, and a dense purple net appeared in front of him, as if the entire world was covered by thunder. At this moment, the hair of the Thunder God of the Ninth Heaven was standing up, turning into electric snakes that danced in the sky, all of his hair was split into nine bundles, each bundle a different color of electric snake!

These were nine types of explosive divine lightning!

It had been a long time since the Nine Heavens Thunder God made a move like this, causing the world to dim and the sky to go berserk. The Dragon Emperor were all worried about whether Mo Xiaolang could still hold on.

This was a Monarch!

For a moment, everyone almost suffocated.

It was as if he had suddenly reached the end of the starry sky. Right at this moment, he said with a sinister smile, "Thunder can cleanse your filth, mere ordinary demon spirits do not even reach the realm of the Demon Lord, yet you dare to make an enemy of me. What a joke!"

With a clench of his hands, his long, mane of nine colored hair burst forth, lightning snakes dancing in the air.

"Ten Thousand Meteor Giant Lightning!"

It summoned the power of the great calamity of the starry sky. The Nine Heavens Thunder God only needed to put in a little bit of his divine power and he could cause attacks that were more than ten times stronger. This was simply his reputation, a rule at the Divine Lord level, and also the target of fear for the other gods.

BOOM!

In the blink of an eye, it was as if a nine-headed beast was crazily roaring towards them at a terrifying speed. As soon as everyone raised their heads, they could see that in the distant horizon, there were nine thick bolts of lightning. They were like electric snakes twisting in the starry sky as they bombarded towards them!

This speed was simply unavoidable!

Mo Xiaolang had already transformed into a Sun Devouring Demonic Wolf, and was in awe and awe. He was the one who had to bear the enormous roars of space, so he knew how powerful the attack was, but since he had the determination to fight, he was not afraid of the laws of lightning. During this period of time, his attainments in the Nine Burning Heaven Secret Technique was extremely high, and it was one of the two great treasures of the Lingsu Star Sea.

"Infinite Divine Flame Vortex!"

The divine flames he controlled were far more than eight types. At this moment, eight pairs of fiery wings were born on his body, but every pair of fiery wings were formed from several types of divine flames, and the Nine Hell Devil Ancestral Flame was one of them!

Tens of thousands of giant lightning bolts shot out from the starry sky!

The Sun Devouring Demonic Wolf roared towards the sky, the sound shaking the earth, the flames from its tail feathers formed into the Infinite Divine Flame Vortex, a divine fire vortex that defied the heavens rushed towards the sky, like a gigantic millstone, revolving at a terrifying speed, and that enormous trillions of tons of starry sky, smashed onto the Infinite Divine Flame Vortex formed by dozens of divine flames in an instant!

At that moment, even under the protection of the Eternal Heaven Diagram, everyone still felt a deafening silence. Their chests were stuffy and breathless, and at the moment, the earth was trembling crazily, the ocean water in the Time Sea had risen up to the skies and completely engulfed the Everlasting Dragon City, and they could vaguely see that the giant hundred thousand kilograms of space thunder was actually blocked by the Infinite Divine Flame Vortex. Mo Xiaolang had used a spinning method to throw the nine types of lightning in another direction, but the most he could do was to move the attack to a spot near the Everlasting Dragon City where no one was around, which was why this disturbance was happening!

Even though he was somewhat exhausted, he was at least unharmed, and this battle had allowed Mo Xiaolang to feel the power of her Genesis's Nine-Nine Heavenly Burning Secret Art, as well as his own strength. Although his realm was not as good as the Nine Heavens Thunder God's, the Infinite Divine Art of his Genesis had allowed him to infinitely make up for this disparity.

It was obvious that the Nine Heavens Thunder God never thought that Mo Xiaolang could actually block his own Divine Monarch rule. Looking at the chaotic scene that was destroyed all around him, he was simply stunned, and looked at Mo Xiaolang in disbelief.

"You won't be able to take the time. My big brother will be back in a short period of time. Even if I'm no match for you, when he returns, you'll be chased away from here."

Mo Xiaolang spoke the truth. If this continued, there would be no benefit to it.

Unexpectedly, this kind of statement made the Nine Heavens Thunder God even more enraged. The lightning on his body burned even more fiercely, as he gnashed his teeth, and roared with so much pain that his heart and lungs seemed like they were about to puke, "You said, that I would be driven away by Long Chen?"

This was simply an extraordinary shame and humiliation!

He was enraged, and once again condensed the Divine Lord's rules. He coldly said, "If you can't see the coffin and can't shed tears, then don't blame me. When the Infernal King asks, I can only say that I accidentally killed you!"

This fellow was even angrier. He focused his gaze and knew that there was only one way left, and that was to let this Nine Heavens Thunder God know the difficulties of getting out of here.

#### Chapter 2633 - Clear Sky Clear Electricity

That was to defeat him.

Although the chances were not high, Mo Xiaolang had never lacked the will to fight. This was the Five Dragon Cities that Long Chen was protecting, and that was the same as the one he was protecting.

At this time, the Nine Heavens Thunder God had already erupted once again. This time, he wanted to kill Mo Xiaolang in one go, so the rules used were obviously even more enormous and terrifying.

From this, it could be seen how determined he was to kill Mo Xiaolang!

The Nine Heavens Thunder God spread his arms wide and arched his horse, his posture like he was holding a big ball. His entire body was covered by the electric snakes, only his long nine-colored hair was still dancing in the air like long whips, it was hard to see anything else.

At this moment, he shouted loudly!

"Nine Heavens Clear Lightning!"

Ding!

With a light sound, nine electric balls appeared in the center of his hands. These nine electric balls had different colors. They were all different types of divine lightning, and each type was extremely violent.

The nine thunder balls danced in his hands!

As the number of times he threw these nine balls of lightning increased, the speed of his hands had reached a level that Mo Xiaolang couldn't even see. The nine balls of lightning grew larger and larger, and in the blink of an eye, they were a hundred meters in diameter, with the power to destroy heaven and earth. More importantly, as their speed increased, the nine types of lightning would obviously approach each other.

This Clear Cloud Lightning, had condensed nearly half of the power of the Nine Heavens Thunder God. If he did not want to kill Mo Xiaolang, he would not even use this move!

In reality, when he attacked, Mo Xiaolang was even faster, he knew that he couldn't sit still and wait for death, thus he used the ninety-nine Burning Heaven Secret Arts array of Yan Jun's, which was recorded within the formation diagram. It could be considered the power of his Genesis, and even though his strength was inferior to Yan Jun's, if he truly used it, the power would probably be even greater, because Yan Jun also wasn't able to cultivate the ninety-nine Burning Heaven Secret Arts to the limit!

Within the formation, the flames were blazing!

The black demon wolf appeared exceptionally brave within the flames.

"wolf cub!"

Su Yan had easily suppressed a few Divine Soldiers. She was still a little worried, and there was no need to mention the Dragon Fighters below her. After all, at this time, the Nine Heavens Thunder God was already terrifying. The explosive power of the Nine Heavens Thunder God's thunder was probably twice as powerful as that of the enormous heavenly lightning!

How could Mo Xiaolang block this!

The Nine Heavens Thunder God was furious to the extreme, and had already lost all sense of limits. When the Nine Heavens Thunder God blasted out the nine balls of lightning towards Mo Xiaolang, the scariest thing was that during this process, the nine colors of the lightning god actually clashed together and merged into a gigantic ball of nine colors. Because of the berserk nature of the lightning god, it was truly impossible to fuse them, so the attack of the Nine Heavens Thunder God was also exploding right here!

"Activate the secret array!"

Facing such an attack, Mo Xiaolang took advantage of the time while facing it to activate the power of the Nine-Nine Heavenly Burning Secret Formation. Dozens of divine flames were helping him, and at the same time, the Flame God's calabash was also breathing out flames, strengthening the power of the secret formation!

If two strong individuals were to meet, it would only mean that the sky and earth would be dark, and the sun and moon would be dim. This battle would not be as direct as Long Chen, and the Nine Heavens Thunder God's true strength being released would also be terrifying!

Facing this move, Mo Xiaolang could only endure!

"Big Brother still hasn't returned. I can't let anyone else occupy my sea of time, especially this despicable Nine Heavens Thunder God!"

This was Mo Xiaolang's belief!

Back then, he had stayed in Five Dragon Cities to prevent the Nine Heavens Thunder God from taking revenge. Now that he had come, it was also the time for him to prove himself! To be honest, he hated the Gods a little more than Long Chen, because he felt that something was wrong as well. Could people like the Nine Heavens Thunder God, be counted as the ancestors of humans?

The Infinite Divine Art of the Genesis had given him a huge amount of support, and now he was beginning to understand the benefits of the high level of the Infinite Divine Art!

He did not know how much time had passed, but he was already exhausted to the extreme. However, he did not expect that he would really be able to block the Nine Heavens Divine Lightning, and that the attack of the Nine Heavens Thunder God was also aimed at the Everlasting Dragon City. If he did not block it, it was very likely that the entire Everlasting Dragon City would be destroyed and everyone on it would die!

The viciousness of this Nine Heavens Thunder God could be easily seen.

"Despicable!"

Mo Xiaolang withdrew the nine heaven Burning secret array, and at this moment, it was finally peaceful. He looked at the grinning lightning god of the nine heavens, and he roughly knew that he was at the end of the road, and in order to block the lightning from the nine heavens, he had almost dug himself out

empty space. Now, his battle strength was extremely limited, and blocking him again seemed to be somewhat difficult!

If not for Everlasting Dragon City, Mo Xiaolang would have been able to dodge his attack halfway through.

"What, is the feeling of being exhausted really terrible? Honestly speaking, you have really broadened my horizons. It is indeed a miracle that the Taiji Demon Realm can achieve such a level. I presume that you are cultivating the Infinite Divine Art of Genesis? It's really enviable. Only normal Divine Kings would have such a thing! "

He continued to speak, "I already said, you can't stop me, and it's time for it to end. You shouldn't have provoked me, and amongst the seventy-two divine spirits, my position isn't as low as you think!"

As he advanced, his body underwent some changes. His flesh and blood transformed into his nine-colored lightning body. He could transform between lightning and his body at any time, increasing his speed by several times.

"Eternal Chaos Lightning Body and Violet Firmament Lightning Spear!" Let me show you something interesting. "

He still possessed a violent strength. His indestructible body and the Creation God Equipment were obviously not something the current Mo Xiaolang could handle!

At this moment, Su Yan was struggling a little. She had been besieged by a few Divine Soldiers, and the other party was worried that she would intervene to help Mo Xiaolang. Hence, they were able to get close to her.

"Accept your fate."

With a flash from the Nine Heavens Thunder God, the lightning and the lightning spears activated, able to penetrate Mo Xiaolang's body at any time. This was not a fair battle, Mo Xiaolang only had one chance. That was the move he used to kill the Nothingness Demon, but right now, the Nine Heavens Thunder God's speed was so fast and violent, he estimated that he only had a ten percent chance of success!

This probability was almost nil.

If he failed, then it was obvious that the Nine Heavens Thunder God wouldn't show him any mercy.

"Moreover, the Forbidden Land of Fire will probably kill him immediately. I'm different from him, if the gods die, not only me, but big brother will also be in trouble. After all, their seventy-two divine gods are a group, so we're not considered one of them for now."

Mo Xiaolang knew this well and that maybe if the other party killed him, he would be punished for it. However, if he killed him, it was very likely that he would be killed by the gods.

There was still a limit to this.

This injustice made it impossible for Mo Xiaolang to attack. Furthermore, to be honest, his chances of success were even lower, at most not even five percent. Unless the Nine Heavens Thunder God stood up differently and allowed him to attack!

"The feeling of having your body pierced by thunder!"

The Nine Heavens Thunder God liked to torture people, especially someone like Mo Xiaolang, who was at the end of his road.

Lightning arced through the air, the spear of lightning instantly shooting out 10,000 miles!

"Aha!"

At that moment, Cat actually appeared out of nowhere. Just as Nine Heavens Thunder God was about to attack, a fist landed on the back of its head!

The Nine Heavens Thunder God gave a muffled grunt as it stumbled, almost falling to the ground!

"Who is it!"

Dazed, he let out a deafening roar and abruptly turned around.

"Doggie, you don't even know your father anymore! Your mom is telling you to go home and eat shit! "

As the kitten fled, it disappeared in a flash.

He did not know what kind of method he had, to be able to stay dormant for such a long time and strike down the lightning god of the nine heavens at such a critical moment. Not only did it cause his lungs to explode, it even gave Mo Xiaolang a rare opportunity!

Five percent became one hundred percent!

At that moment, Mo Xiaolang really could not hesitate. Cat had beaten him up, and had consumed a lot of pronucleus s, so this kind of encounter was not something that could be done easily. Cat understood him, and that was why he wanted him to use the Forbidden Land of Fire for this adventure.

He couldn't hesitate any longer.

Nine Heavens Thunder God would not show them any mercy.

Mo Xiaolang gritted his teeth as he activated the Forbidden Land of Fire. When the Nine Heavens Thunder God turned around to look for Cat, countless divine flames fell on his body, forming a huge lotus flower. This was an ability of the Sun Devouring Demonic Wolf, with a frightening effect.

The key to the Forbidden Land of Fire wasn't fire, but devouring it.

The Forbidden Land of Fire's speed was not slow at all. As long as Mo Xiaolang swallowed this lotus, the Nine Heavens Thunder God would definitely disappear without a trace!

Obviously, the Nine Heavens Thunder God felt the danger of death!

Although he could not believe that this guy could actually bring about a crisis of death, this feeling was not wrong. It had been a long time since he had this kind of feeling of running down your pants. At this

moment, he was simply incapable of thinking, nor could he care about his own dignity. I'm willing to retreat, I swear that I, Nine Heavens Thunder God, will never return to the Sea of Time ever again! Forgive me! I swear to God! "

"If you kill me, you will die as well. You won't get anything good out of it, and the seventy-two divine gods will not let you off, even your big brother will be implicated! I admit defeat, let me go! I'll bring my people and leave immediately! "

#### Chapter 2634 - Wrath of the Nuwa Devil

At this time, the Nine Heavens Thunder God was only a single step away from death.

The Forbidden Land of Fire had swallowed it into Mo Xiaolang's body. It was a world that he himself did not know about. Back then, the Nothingness Demon died just like that for no reason. Even the Demon Emperor died because of Mo Xiaolang devouring the mysterious stone tablet.

The Nothingness Demon and the stone tablet had gone somewhere.

Now, the Nine Heavens Thunder God could roughly feel his end. He was in the middle of a lotus flower, the power in his body had already been suppressed by the devouring power.

"Don't kill me, I'll leave immediately!"

The Nine Heavens Thunder God was miserable, its voice hoarse.

In reality, Mo Xiaolang had long heard his begging, which surprised him a little. He did not expect this guy to be so weak, and so full of confidence just now.

Mo Xiaolang carefully thought about the consequences of killing him. If he could, he would naturally not choose to do such an immature thing. Now, the Nine Heavens Thunder God was giving him a choice.

At the last moment, he still gave up. He did not want to bring trouble to Long Chen and the others, once he killed him, the matter would become big.

So at the last moment, he removed the Forbidden Area of Fire. Without the shackles of power, the Nine Heavens Thunder God escaped from the lotus and returned to his original form. At this time, he was still in a state of shock, his face pale.

Mo Xiaolang put all his remaining strength into the Forbidden Land of Fire. Right now, he is at his weakest state, so it is hard for him to pose any more threat to the Nine Heavens Thunder God.

On the other side, Su Yan and the Divine Soldier General had also stopped fighting.

That was why everyone knew that killing the Nine Heavens Thunder God would be a great disaster. But after coming into contact with the Forbidden Land of Fire, although the Thunder God of the Nine Heavens had already pledged to leave, Mo Xiaolang's strength was far inferior to him now, so would he abide by the oath?

He was a god, a dignified ancestor. If he were to swear an oath on the spot, he should abide by it, right?

According to common sense, this should be the case. However, some people still found it difficult to calm down.

It was even more humiliating than last time. When he came out from the Forbidden Land of Fire, his mind was still in a state of shock, and his mind was completely blank. It had been a long time since he was this close to death.

"Nine Heavens Thunder God, you should keep your promise and leave with your men."

Mo Xiaolang reminded her once again.

He had made an oath before, and it was already shameful enough now. If he had broken the oath, then the image of his deity would definitely plummet even further.

"Yes." The Nine Heavens Thunder God finally reacted. It seemed like he couldn't stay here any longer. He called out to the Divine General and said, "Let's go."

Passing Mo Xiaolang, he headed in the direction of the Nine Lightning Shencheng s.

At this moment, the Nine Heavens Thunder God appeared to be incomparably lonely and miserable. He had actually lost two consecutive battles to the young Divine Spirit and even had to swear an oath in order to survive. This was truly too miserable.

Mo Xiaolang turned and stared at him.

He was also a little nervous. If the other party didn't even bother to take the oath and attacked him, then he clearly wouldn't be a match for one of the other party's moves.

The Nine Heavens Thunder God had missed him. Just as it was about to take a leap, lightning suddenly appeared in its eyes! In that moment, the indestructible chaos thunder body appeared once more. He turned into a man formed from nine colored thunder, and the Purple Lightning Spear in his hand instantly erupted with 10,000 feet thunder light. After walking for a short distance, he instantly turned around and attacked with his spear!

Not only that, it was even more intense than before.

It was despicable, shameless, and despicable. It could no longer be described with words. Everyone had a certain bottom line in their hearts. They felt that deities and ancestors would never treat them like this. The result was that he was truly like this! He had even made this decision when he left the Forbidden Land of Fire and made the oath. He had only done this to confuse Mo Xiaolang.

The Eternal Chaos Lightning Body flashed, and instantly appeared in front of Mo Xiaolang. The Purple Clouds Lightning Spear shot out like a bolt of lightning!

All of this happened in the nick of time.

Mo Xiaolang was actually preparing for a moment, but the Heavenly Thunder God had prepared for this attack for too long, he was a ruthless person who would use any means in order to ignore an oath, he did not care about the image of the gods!

"In my eyes, only the final outcome will be decided. What happens in the end doesn't matter at all!"

This was what he was roaring at the moment!

The Purple Clouds Lightning Spear pierced through Mo Xiaolang's Flawless Fire Realm and into the Sun Devouring Demonic Wolf's chest, almost piercing through from the back!

At this moment, everyone was almost suffocated.

"Go to hell!"

He believed in the power of his Purple Clouds Divine Lightning Spear. After he pulled the Creation God Creation Tool out of Mo Xiaolang's body, the Sun Devouring Demonic Wolf took human form and descended from the sky. After using the Forbidden Land of Fire, even if he was prepared, he still wouldn't be able to withstand the attack of the Nine Heavens Thunder God!

No one would have thought that a deity or ancestor would be despicable to this degree.

That was something that everyone saw with their own eyes, and it was not a fabrication. Today, the actions of the Nine Heavens Thunder God really did not have any bottom lines and it made all living things look down on them.

Seeing Mo Xiaolang getting injured, they didn't think that it was wrong for Mo Xiaolang to give up on killing the Nine Heavens Thunder God. They only felt that the despicable Sky Thunder God was something to be looked down upon.

"Is this God?"

All living beings could not help but be suspicious in their hearts.

In their eyes, perhaps only Long Chen could truly live up to the name of god! He saved the lives of the people, created countless of miracles, sacrificed his own fate for the lives of the people, and defeated and returned. But these so-called ancestor and god in front of him, could not even compare to a ten thousandth of Long Chen!

In that moment, everyone's eyes turned blood-red. They couldn't help but want to go up and fight with the Nine Heavens Thunder God!

The Dragon Emperor lamented. Mo Xiaolang was a kind and simple person, yet he was actually injured by such a despicable person. Moreover, it was clear that the Nine Heavens Thunder God wanted to kill him. This time he wanted Mo Xiaolang's life!

"Evil creature, I won't be as stupid as you, to give the enemy a chance to live! Since ancient times, battles had always depended on life and death, only on the outcome. If you defeat me in the process, what does it matter? "An uncivilized beast, it's just that stupid!"

This time, he would of course take Mo Xiaolang's life.

However, he had forgotten one person.

It was Su Yan.

Su Yan was the closest person to her. Watching everything that happened, she admired Mo Xiaolang's courage, and respected his decision to release her. At that time, Su Yan believed that gods would never violate oaths, but she didn't expect that the Nine Heavens Thunder God would teach her a lesson right in front of her.

She had personally seen the Nine Heavens Thunder God stab Mo Xiaolang.

At that moment, her eyes turned red. No matter how cowardly she was, or how adept she was at fighting, she still had the impulse to go crazy. In that instant, her body underwent a huge change.

Nuwa!

The long snake's head and body, strong four limbs and huge wings, all of its body released a terrifying aura, but such a terrifying image, to the common people, was much more lovable than the Nine Heavens Thunder God. At least they knew, this was Su Yan, a cute girl.

It was the Nine Heavens Thunder God, forcing a cute girl like her to go crazy!

Those blood-red eyes were so very similar to the eyes of the past Nuwa.

At the same time, his enormous tail swept out, protecting Mo Xiaolang. At this time, Mo Xiaolang had suffered the first heavy injury and recovered some of it, but he was still a little dizzy, so he could only vaguely see that Su Yan seemed to have become an Ancient Giant Demon, and saved himself!

"Ancient Giant Demon!" Haha, you dare to oppose me? The Infernal King had said before that if you dared to devour a single person, that person would take your life! "Let's attack together!"

The Nine Heavens Thunder God wasn't scared at all. This was just a lucky little girl. Therefore, at this time, he brought the Divine General of the Divine Weapon along with him. He could never imagine what would happen if he angered a kind-hearted person.

Just like what the Nine Heavens Thunder God said, a battle would never care about the process, it only depended on the outcome, it only depended on who died and who lived. Su Yan only remembered two things now, the first was Mo Xiaolang being heavily injured, the second was the words of the Nine Heavens Thunder God.

Her blood contained a violent, cold-blooded personality, just like that of the previous Nuwa Devils. However, when she was enraged, when she was enraged, she couldn't think too much. There was only one word in her mind. KILL!

She was just like the neo-demon she had encountered in the past; she unleashed the most powerful of black hole laws!

It was controlled by the devil of Nuwa. Although Su Yan was furious, she knew how to stabilize the black hole, not harming the Everlasting Dragon City in the slightest! Although the black hole was extremely fast, she was able to dodge Su Yan's attack very well.

All of their lethality lay with the Nine Heavens Thunder God and the Divine General!

Such a terrifying black hole!

When he had used the black hole, the three Divine Monarchs of the Lingsu Star Sea had no way at all. Just now, when the Nine Heavenly Thunder God had fought against Mo Xiaolang, he had expended a

tremendous amount of energy as well, especially now that he wasn't prepared at all. He looked down at Su Yan even more and used the indestructible Chaotic Lightning Body to charge towards him.

"Impossible."

The Nine Heavens Thunder God tried to struggle for a bit, but unexpectedly discovered that he was unable to stop himself from being sucked in. That terrifying energy had completely locked onto him and he was Su Yan's primary target!

Raising his head to look, he found that deep within the black hole, there were two large blood-colored eyes staring at him fixedly. Those eyes were filled with boundless killing intent.

The Divine General of the Nine Heavens Thunder God was stunned. He turned his head and saw that his Divine Generals were unable to resist the suction of the black hole. They were all sucked into the black hole while screaming in pain!

That meant death!

The Nine Heavens Thunder God once again felt the threat of death, just like when Mo Xiaolang was in the Forbidden Land of Fire. For the third time in a row, he actually felt the threat of death!

"Impossible!"

Thunder God of the Nine Heavens Thunder roared. He was losing control of himself more and more.

"You dare to kill gods, you are truly courting death! Haha, even if you don't kill me, no one in the world can save you! That damned Ancient Giant Demon, did you think that just by changing your soul, you can change your true nature? "

The Nine Heavens Thunder God didn't beg for mercy, but instead used frightful methods.

He admitted that if the other party did not stop, he was going to die.

He couldn't use the same method twice, so he shouted with all his might, "If you kill me too, then everyone around you will die! I am the Archaic Gods! This beast, and that Long Chen, will die because of your wrong actions! "

He was confident that he could scare this little fellow.

"You are the one who taught me that when you kill someone, they must die."

At this time, that young and tender voice actually said these words to the Nine Heavens Thunder God.

Su Yan was no longer that simple and cowardly her back then. She also had someone she had to protect, even if it meant sacrificing her life.

Therefore, she had no regrets, no fears, and no complaints!

She crazily poured all of her strength into the black hole, she did not want to hear the words of the Nine Heavens Thunder God, so she immediately expanded the black hole and used ten times the speed to pull at the Nine Heavens Thunder God, the process was very fast and violent, the expression of the Thunder God from the Nine Heavens was extremely fierce, his entire body was trembling uncontrollably, he trembled and was about to scare Su Yan again, but before he could even say a word of No, he was swallowed into the black hole!

BOOM!

The black hole shattered, leaving only the Ancient Giant Demon, Nuwa Demon, and Mo Xiaolang, who had just woken up. The Nine Heavens Thunder God and the Divine General had all disappeared.

At this time, it seemed as if the whole world had turned quiet, the people of Everlasting Dragon City were also staring at them with widened eyes.

They had killed several deities!

This may have been an outrageous act, it was a disaster, but right now, everyone was feeling very comfortable and excited in their hearts. They started to cheer out loud, not only did they not feel that Su Yan was ugly, they even wanted to get close to him.

But Mo Xiaolang knew, killing the Nine Heavens Thunder God was only the start of the trouble, and this kind of conclusion cannot be avoided, because if I didn't kill them, they would actually want to kill me.

All of this had been forced upon him.

Chapter 2635 - Storm God

"Yan Er, calm down."

Now, the Nine Heavens Thunder God and his Divine Generals had disappeared.

The lightning attack was fierce and powerful, it was able to cause huge damage in an instant, but the damage sustained was relatively average, so Mo Xiaolang had already recovered a bit.

In front of him, Su Yan was still a colossus.

However, when she faced Mo Xiaolang, her heart would always be soft. No matter how much anger and hatred she had in her heart, at this moment, when she saw that Mo Xiaolang was safe and sound, she woke up and obediently took human form.

She clearly knew what she had done, and said in a sobbing tone, "I'm sorry, wolf cub, I have caused you so much trouble."

Mo Xiaolang patted her waist and said: "It has nothing to do with you, it's just that I have to trouble myself to come knocking. I still have to thank you for saving my life, if not for you, I would be dead now."

After waking up, he had to face this fact.

Mo Xiaolang did not blame Su Yan at all. He even regretted not killing the Nine Heavens Thunder God right from the start, so that he would be in danger no matter how hard he tried. was a proud and unyielding person, even though the other party could kill him, he could not kill the other party.

Now was the time to think of a way to face it.

Looking down, there were people who were excited and worried.

Those who would be worried would be people with meticulous thinking. They were well aware of the fact that there was no benefit in offending a deity.

In reality, everyone in the Five Dragon Cities knew that the returning gods were not as easy to deal with as he had imagined.

Just as Mo Xiaolang and Su Yan had not spoken much and hadn't even had the chance to communicate with Yang You and the others, they had already sensed that some other divine god had arrived because of the commotion.

There were even more of them.

After all, because of the previously intense battle, to the Gods, the Dragon God Domain was just a small place. Basically, the Gods in the south of the Dragon God Domain were all attracted by the battle.

But as they approached, they saw the black hole, heard the miserable shrieks of the Nine Heavens Thunder God, felt his presence abruptly stop, and then completely disappear from this world.

All of the Divine Generals in the Shencheng who were connected to him were devoured by the rules of the black hole!

After devouring a Divine Monarch and a few other Gods, Su Yan's power that originally belonged to the Nuwa Devils all swelled up, causing her to become even stronger than before. She was still in a state of exhaustion, but it was no longer the same as before the battle.

In actuality, if Su Yan had no one to restrict her, if she had engulfed all of the living creatures, she would be able to return to the power of the devil's Extreme Realm God King within a month's time.

Of course, Su Yan was terrified at the recovery of this power.

Especially now that the gods were closing in on her, she felt scared. The punishment after killing the Nine Heavens Thunder God was soon to come.

These few divine gods and the divine general that followed them were all gods of the Southern Domain. They all looked at Mo Xiaolang and Su Yan with shocked and furious expressions. They had already subconsciously surrounded the two of them. Their eyes were filled with thick killing intent!

One of the gods looked around and confirmed that he didn't find the Nine Heavens Thunder God. His voice became extremely cold as he said word by word, "You guys, actually killed the Nine Heavens Thunder God?"

There was no need to answer, the facts were laid bare before his eyes.

But the gods were still deeply shocked, partly because of their strength, and secondly because of their courage. In the era of the Chief Sovereigns, how could they have the courage to kill gods?

"Honestly speaking, it has been a long time since the last two brothers died in Incantation and the Divine Kings' camp. We have not seen anyone die for tens of thousands of years, and not long after we returned to Dragon Sacrifice Continent, two brothers died in Incantation. Did the Nine Heavens Thunder God actually die here?!"

The Gods all had a bitter smile on their faces.

This Dragon Sacrifice Continent, who was once number one in the entire Myriad Realms, is already so strange?

Although there were not many people who liked the Nine Heavens Thunder God's fiery temper, and there were even many who hated him, as he was a member of the gods, there was an agreement between the gods not to kill each other. Otherwise, if it was a severe punishment, from any perspective, it would be hard for Mo Xiaolang and Su Yan to escape from death today!

The gods only surrounded them, but they didn't make a move. They just didn't want to be involved in this.

They crossed their arms and looked coldly at the two young children, Mo Xiaolang and Su Yan.

Below, the Dragon Fighters realized that danger was approaching and did not dare to shout excitedly. This would bring Mo Xiaolang an even greater disaster.

Everyone had a heavy heart, and the Dragon Emperors were also quite anxious. Now that their pillar was gone, their hearts were in a mess for the moment.

One of them was a divine spirit who was covered in black silk and was as black as ink. He was the master of Shencheng Ye Nether, the God of Night Nether, who was standing next to the War God's Ancient City. He walked around Mo Xiaolang and, clucked his tongue, and laughed, "It's not easy, it's really not easy to have the guts to do so. I seem to remember that the Infernal King once said that if a little girl like you were to swallow a person, he would make you beyond redemption. Now you've already swallowed the Nine Heavens Thunder God, isn't that tasty? Maybe this is just the beginning. Should we eat us up next? At that time, even the Infernal King won't be a match for you, right? "

From their cold gazes, it was clear that this time, they had to leave for Su Yan. As for Mo Xiaolang, as their accomplice, they could not escape their relationship, but most importantly, Long Chen was no longer around, and there was no one left to speak for them.

To be injured was not a concept at all.

It was fine for gods to fight without harming one another, but killing each other was a huge taboo for Divine Emperor.

The eyes of the gods grew colder and colder.

Mo Xiaolang pondered for a long time. He hated these divine beings, but he still wanted to give them a try, so he said: "Everyone, I want to explain that the Nine Heavens Thunder God is taking revenge on us, he does not care if we live or die. I once let him go, but he took this opportunity to seriously injure me. The reason Yan Er swallowed them in the end was only to save my life. If it wasn't for the Nine Heavens Thunder God pushing us too far, we wouldn't even have wanted to kill him. "

After saying that, the Gods still remained expressionless, still coldly surrounding him. Clearly, they didn't care about this at all. What they cared about was the result, the Nine Heavens Thunder God had been killed.

They seemed to be waiting for someone.

Mo Xiaolang held Su Yan's hands and said: "Yan Er, since we are under the eaves, we have no choice but to lower our heads. If they want to kill us on the spot, we can only resist. He definitely has a way. "

Su Yan nodded heavily, and said in a soft voice, "wolf cub, I will listen to you in everything."

When she arrived, the entire world was on the verge of collapse. The storm swept up and the wind surged, as if the entire world was in the middle of a hurricane. In the distance, a dark green tornado rushed over, tearing the earth wherever it went.

Swish!

Right at this moment, the tornado suddenly appeared in front of Mo Xiaolang and the others, turning into a woman.

A head of long green hair cascaded down like a waterfall, and on top of her head was a lot of sparkling and translucent headdress. She was extraordinarily exquisite, her fingernails were also jade-green, and extremely slender, and her appearance and temperament were among the best of the best, especially her jade-green fingernails, which could captivate souls and captivate souls. Those jade-green eyes were cold and noble, making one want to conquer but be unable to do anything.

"Lord of the Storm!"

After her arrival, the other divine gods all cupped their hands and bowed in greeting. It was evident that the position of the Windstorm Divine Lord was above them.

The Storm Divine Monarch was practically one of the strongest Divine Monarchs in the Southern Domain. Other than the Divine King of Light, he had already reached the level of Divine Monarch tens of millions of years ago and today, he had even reached the level of the A master-class Empyrean God. He was a domineering person, swift and decisive. While he made others respect him, he was also a fearsome figure.

Now that she had arrived, a pair of eyes locked onto Mo Xiaolang and Su Yan as she coldly said at the same time, "My apologies, I was late. They probably killed the Nine Heavens Thunder God. "

Night Demon nodded and said, "That's right. "He's been devoured by the Nuwa Devilsnake."

She looked at the two young men coldly for a moment, and then decided, "Originally, according to common sense, when gods kill each other, they should be handed over to the Divine King, but these two are not part of my Divine Spirit, so I believe that we can kill them on the spot. What do you think? "

Mo Xiaolang had seen this woman before in the Hell City, and at that time, she was also one of the gods who did not think highly of Long Chen.

But, she was the A master-class Empyrean God!

The gods did not dare to express their opinion first, but there had to be a person who had just started talking. Ye Nether God had just said something when he continued, "I feel that the Storm God's words are reasonable, and this woman is a devil of Nuwa. She will definitely be a disaster if she remains in the Dragon Sacrifice Continent.

The other gods probably thought the same.

They had even completely forgotten how much Mo Xiaolang had contributed to the Dragon Sacrifice Continent in the past.

"Since everyone has agreed, and I am the one who initiated this matter, I shall settle this matter and take their lives."

Her face was gloomy and cold, facing Mo Xiaolang and Su Yan, she sneered, and said: "This life of yours, I shall take it. Our 72 brothers and sisters have been fighting together for tens of millions of years, how could a bastard like you be able to kill us? "

The word 'bastard' was spoken with an ear-piercing tone, clearly showing her thoughts. These two words were extremely uncomfortable for them, because they were both human, but for some inexplicable reason, they became what they were now.

Seeing that she was about to make a move, if she really made a move, Mo Xiaolang wouldn't care about anything else, he couldn't possibly let himself and Su Yan die, so he could only fight. Even if he couldn't live, he had to let Su Yan live.

But at this time, under the lead of a few Dragon Emperor s, all the beings of Everlasting Dragon City rushed up to the sky, with hundreds of thousands of people coming up at once. That scene was quite

spectacular, where the Immortal Dragon Emperor was unmoved by any of them, he said loudly: "May I ask, everyone, do you know what happened today?"

He knew what he was doing, so he raised his voice so that more people could hear what he was saying.

"Did the Nine Heavens Thunder God occupy our inheritance? After being forced back by Long Chen, he came here to take revenge when he wasn't around and was extremely vicious. He simply didn't spare any face and directly destroyed our Everlasting Dragon City. So arrogant and despotic, looking down on us, claiming that we are ants. How could such a god be the god in our hearts? On the contrary, in order to protect us, the two of them had no choice but to resist the Nine Heavens Thunder God. There was one chance where they could kill the Nine Heavens Thunder God, but Mo Xiaolang gave up, not expecting the Nine Heavens Thunder God to go against his oath and kill him. It was Nine Heavens Thunder God that forced us to resist with our lives, why did you kill them on the spot? Aren't the gods our ancestors? Isn't that the true God that we respect and believe in? "

The Eternal Dragon Emperor could only do his best to let more people know about this.

This was the only way he could resist. He felt that he had been shamed by Long Chen and his son in this life. Mo Xiaolang was Long Chen's brother.

#### Chapter 2636 - Murderous intent to return

Not only the Immortal Dragon Emperor, but everyone in the Everlasting Dragon City knew who was protecting them. So at this time, they did not care whether or not these gods were their own ancestors, and followed the Immortal Dragon Emperor to boldly interrogate them. Although this act was risky, it was the only method to give Mo Xiaolang the chance to buy time.

They all wanted Long Chen to return so they could truly settle this matter.

All of a sudden, hundreds of thousands of people were talking the same words as the Immortal Dragon Emperor, pressuring the Gods.

In fact, this was also the first time that the Gods were truly testing their attitude towards them.

If in their eyes, all living beings were truly useless ants, then they could even kill all those who were noisy, and from then on, intimidate all living beings in the world.

But, a real ancestor wouldn't do such a thing, right?

The Immortal Dragon Emperor had seen the Spirit Sea's Divine Corpses before, so he held the greatest suspicion. That was why he dared to test the Gods.

The rage of all living things spread, to the point where even more people became aware of what was happening.

The dozen or so divine gods narrowed their eyes and did not speak, but the murderous aura still existed on their bodies. Clearly, they were hesitating, weighing the pros and cons!

The Immortal Dragon Emperor saw their hesitation. As long as they hesitated, then it would not be a good omen.

He continued to shout, pressuring the gods.

Right at this moment, a ball of white light came from afar, causing the gods to let go of Mo Xiaolang for the time being, they saluted the ball of light and said, "Greetings, Divine King of Light."

He said: "Mo Xiaolang and Su Yan have rendered meritorious service to the Dragon Sacrifice Continent, although killing the gods is a mistake, but they will not be put to death on the spot. Bring them to the Hell City and let the Infernal King handle them."

The two Godking's missions upon returning were completely different.

The Infernal King commanded the gods, while the Divine King of Light was in charge of other missions. The Gods did not expect him to specially explain this matter.

The Immortal Dragon Emperor led everyone to thank the Divine King of Light, and then obediently returned to the Everlasting Dragon City. Although they didn't resolve the crisis completely for Mo Xiaolang, they had at least won a certain amount of time.

Time could accomplish many things.

"Protect yourselves. Once Long Chen returns, I will immediately tell him about all of you. "You have to hold on."

This was what Yang You had said to Mo Xiaolang.

"I understand."

This was the only way.

Under the respectful greetings of the gods, the Divine King of Light left.

The faces of the various gods were sinister. Just now, at the critical moment of their decision, they almost couldn't control themselves and attacked the people of Everlasting Dragon City. When Divine King of Light came out, it was a warning to them.

As the leader here, the Windstorm Godking was naturally in charge.

Her heart was still cold and detached. After Divine King of Light left, without saying a word, she swept up a gust of wind and formed a formless chain out of wind, entangling Mo Xiaolang and Su Yan. The two did not resist.

However, the feeling of those invisible chains on his body was extremely uncomfortable. The Storm Divine Sovereign naturally did not care whether or not they could endure it, so she tied Mo Xiaolang and Su Yan up and dragged them away like animals!

"Let's go to the Hell City and let the Celestial King decide their life and death!"

The entire God Realm followed after them aggressively, leaving the Everlasting Dragon City behind under the sunset. They could only silently pray for Mo Xiaolang and the others.

"The era has changed. To be honest, even though the entire world looks much better now, with the Everlasting Stone, where everyone can become stronger, I still remember how Long Chen and Mo

Xiaolang, the two children, did such a great service for the world. When they came back, they were still so quiet.

"Yes, Little Wolf and Yan Er, I wonder if they can survive this calamity. They only hoped that Chen Er would return soon. If he comes back and finds out that something has happened to the wolf cub, she probably won't be able to control herself." Dragon Emperor Yongye also sighed silently.

Although no one said much, they all had the same idea. The Dragon Sacrifice Continent had changed, and was no longer something that these old people couldn't recognize.

Of course, compared to the gods, they weren't old at all.

"Let's wait and see. For Chen Er to be able to climb here from the Dragon Sacrifice Continent, she might be able to drive the Divine Emperor off the throne." Yang You suddenly said something that could scare people to death.

Everyone stared at her blankly. If the gods were to hear her outrageous words, they would be done for. But to be honest, even though they knew it was impossible, it was still quite satisfying when they thought about it carefully.

The heavenly tribulation secret manual to the primal god dragon was extremely simple, but also extremely difficult.

In some places, Long Chen had a huge advantage. In others, it might be because he lacked the Origin Dragon Soul, but it had also become quite troublesome.

He once asked the Guardian of the Incantation if he knew about the 'Origin Dragon Palace'. His answer was no. All he remembered was his mission, which was to protect this Incantation. At the same time, he only remembered that he was once a Dragon Servant.

Long Chen had thought of asking the Incantation Guardian for answers many times, but he always ended up with a negative answer. He had pretty much given up on this idea.

This dimension in the Incantation was of great help to him in cultivating this Ancient Divine Dragon Calamity Secret Manual. This was a dragon's world, if it was outside, who knows how much time Long Chen would need to settle this special Infinite Divine Art!

But there was one thing that he was sure of, and that was that cultivating this primordial divine dragon heavenly tribulation secret scripture was definitely much more suitable than the Infinite Divine Art of the Genesis. He also used Ancestral Dragon Art more frequently, to the extent that he could consume less energy, but could also unleash a greater degree of lethality.

Especially when he was in urgent need of strength.

From the beginning to the end, transforming his Divine Source Power into the origin energy of the Primordial Divine Dragon Sky Calamity took a total of forty days. According to the Incantation Guardian, this was the power of a Divine Dragon at the very beginning. If one wanted to cultivate higher level Divine Dragon power, that would depend on Long Chen's luck.

At least right now, he possessed a power equivalent to the surging Infinite Divine Art of the Genesis, but it was even more suitable for him.

However, when Long Chen displayed the Primordial Blood Spirit Dragon, it was blood-red, but when Long Chen used the power of the Great Void Cosmic Dragon, it was only an illusion. Although he had yet to become a god, in terms of strength, he had increased by a lot!

The intensity was also very different from before.

If he could become a god immediately, then he would be even more perfect. Even if it was in a head-on battle, the A master-class Empyrean God probably wouldn't be his match. But he was still a little short.

However, in the end, it was still a success.

Just as he succeeded, the Incantation Guardian said to him, "It's time for you to leave, this is not a place for you to stay, I have kept you here for too long."

Although Mo Xiaolang was protecting him, Long Chen was still a little worried. After all, the other gods were not that friendly with Mo Xiaolang, who had the protection of the Infernal King, but they did not have it.

"Senior, if I want to enter in the future, is it okay?"

The Incantation Guardian said, "It's best if you don't come in. But if it is fate, I cannot stop it. "

With the last sentence, Long Chen slightly comprehended and more or less understood what he meant.

"Then I'll leave first."

Without saying a word, the Guardian of the Incantation opened up a golden vortex for him. Long Chen took one last look at the mysterious Incantation, as well as the Dragon Servant who was an Ancestral Dragon, filled with reverence towards this place!

But, this is the Incantation! It was a grave, and all the dragons were cursed!

"In the future, I want them to return."

This was Long Chen's wish at the moment. Of course, he did not tell the Incantation Guardian that he wanted to do it, and not say it out loud.

Coming out from the whirlpool, Long Chen felt as if it had been ages.

Although the return of the gods protected the Dragon Sacrifice Continent, his position was indeed under great threat. He was no longer the sole core of the tens of thousands of people that were killing Dragon Emperor. There seemed to be many challenges awaiting him.

"I hope it's okay."

After the Divine Source Power transformed into the Primordial Divine Dragon's origin energy, his speed had also increased by quite a bit. His target was the Life Dragon City behind the Black Jade Dragon's head.

"Indeed, he's no different from the dragon in the Incantation. In other words, this Black Jade Dragon is most likely a divine dragon, and the real divine dragon is only cursed here. He was the one who told me that a hundred years from now, the dragon sacrifice would be destroyed!"

Thinking of this, Long Chen felt his head spinning!

Time was running out.

In the past 100 years, it was only now 95 years or so. Now that the gods had returned and the Eternal Light Stone had stabilized the world, would this place still be destroyed?

He hoped that Black Jade Dragon would be able to tell him other information, but there was none.

Perhaps one day, I will think of a way to let you return to this world. Leaving the curse, I will lead my Dragon Sacrifice World and once again become the most glorious dragon in this entire Myriad Realms.

Long Chen desperately desired that era!

The Dragon Sacrifice Continent was incomparably huge, and there were countless divine dragons dancing on it. It was a holy nation of experts, with the Ten Great Ancestor Dragon as the leader of all the divine dragons.

To that era, even something like the Everlasting Stone was nothing.

Now that he had put aside the matter regarding the Black Jade Dragon's head, in the blink of an eye, he arrived in the air above the Life Dragon City. However, the person he was most familiar with was of course Yang You, who was waiting for him there.

Long Chen's speed was too fast, shocking Yang You.

Seeing that Long Chen was safe and sound, she settled down. To make a long story short, she said, "Something has happened. The Nine Heavens Thunder God attacked Everlasting Dragon City and was killed by Little Wolf and Yan Er. "Hurry up and go over there."

Long Chen's eyes were immediately filled with killing intent, and without saying a word, he headed towards the Heaven and Earth Transference Array.

"Chen Er, calm down." Yang You could not help but exclaim.

"Aunt You, don't worry. I know what I'm doing."

Impulse was the devil, his opponent was the god, and he couldn't be anxious at the moment. Right now, Mo Xiaolang didn't know whether they were dead or alive, but Long Chen had his own decisions to make, so if they were not there, then there was no need to talk about anything. Even if they couldn't now, there must be someone to accompany them in death.

"Boss, I'm going with you too. This time, I'm so angry!"

The kitten came out from the side.

At that time, he had also participated in that battle and helped Mo Xiaolang a lot. Later on, the Gods had targeted Mo Xiaolang, so even if he stepped out, it would be useless.

"Let's go!"

Long Chen brought him closer to the Divine Kingdom, and stepped into the Heaven and Earth Transference Array. By the time he came out from the Heaven and Earth Transference Array in Dragon City, Cat had already explained everything that had happened to Long Chen.

Chapter 2637 - Life imprisonment

The distance from Dragon City to Hell City was not too far.

These two places were both in the Western Territory of the Dragon God Domain.

In the past, the Dragon-Devouring City was the core of the Western Regions and was a place that tens of thousands of citizens yearned for. But now, it was the return of the gods. As for the Western Territories, because of the return of the Infernal King, the Hell City had become the number one Holy Land in the Western Regions!

I am afraid, without a certain amount of capital, you do not have the qualifications to approach the Hell City.

As for the warriors who were originally descendants of the Hell City, or perhaps belonged to the outer city of the Hell City, they received even more generous treatment and their rate of progress far surpassed others.

From the moment Long Chen first heard the news, he was furious. After seeing Hell City, his heart had completely calmed down. With his status, there was no need for him to notify anyone that he was heading to Hell City. Outside of Hell City, there were the Divine Soldiers, who sat down to guard the Infernal King. Long Chen's appearance naturally attracted their attention.

"Who is it!"

The Divine Generals surrounded him and upon closer inspection, it was actually Long Chen. It had already been over a month since Long Chen had stayed in the Incantation. The gods had originally thought that he would not return, and there were even rumors that he had already died inside.

Unexpectedly, he was still alive.

"So it's you, you just came out of Incantation? Are you looking for the Infernal King? But the Divine King has been away recently, and is not in the Shencheng anymore. If there is nothing else, you should go first.

He seemed to be making things difficult for himself?

The Dragon Sacrifice Continent was only this big, if he wanted the Infernal King, as long as he wasn't able to hide from him, he could hear the sound of his own roar.

Long Chen was too lazy to waste words with these Divine Soldiers and Divine Generals. Most importantly, ten days had already passed since Mo Xiaolang and Su Yan were sent here.

Long Chen's gaze became serious as he stared at the young divine general leading the group. Although they both had the strength of Taiji Realm, he looked a little younger than the other divine generals. It was precisely because of this potential that he was able to stay by the side of the Infernal King.

However, Long Chen was even younger than him, and had an even more imposing manner. Although he did not become a god, after cultivating the origin energy of the Primordial Divine Dragon Calamity, even with just a glance, he was able to make the divine general submit to him.

"Tell me how the Infernal King dealt with Mo Xiaolang and Su Yan." He had already locked onto the Divine General. Under the pincer attack of his will, the Divine General was drenched in sweat as he muttered, "I don't know much about them, but I heard that they might have already been killed. After all, the Celestial King of Hell was extremely angry that day."

"Only heard of it?"

Long Chen would never let such uncertain news disturb his mind. In reality, he was the same as Mo Xiaolang and the rest. He didn't think that the Nine Heavens Thunder God would be despicable to such a degree, if not, Su Yan wouldn't have instantly killed him out of anger.

Just as he passed the Divine General, a kind of divine spirit emerged from the Hell City. There were roughly twenty or so of them, and most of them were naturally Divine Lords. These were all one of the seventy-two divine spirits. After seeing that Long Chen had returned alive, their eyes narrowed, obviously a little disgusted.

For your sake, the Infernal King didn't kill them on the spot, but he has already sentenced them to imprisonment for their entire lives. Now, they are imprisoned in a secret place that no one knows about in the depths of the Hell City.

The person who spoke to Long Chen was a cold and beautiful woman in a dark green long skirt, plump yet cold and noble. There was a deep contempt for Long Chen hidden in his eyes, and he should be the 'coquettish and stinking woman' that Cat had spoken of.

Lord of the Storm.

"Imprison for life?"

As long as he didn't die, Long Chen could still heave a sigh of relief. If he didn't die, then there was a way to save him. If he died, then it would be his biggest fault, he had been careless. He hadn't thought that he would cause such a huge commotion, and he would have made the Thunder God of the Nine Heavens lying down for a while longer.

This Hell City was a type of Creation God Equipment with 'prehistoric level', controlled by the Infernal King. If Mo Xiaolang and Su Yan were to be imprisoned here, only the Infernal King would be able to save them. However, the Infernal King had already decided on the matter of killing gods. The chances of success were very low!

Long Chen clenched his fists.

To be honest, he was not convinced!

This Dragon Sacrifice Continent was something that he and Mo Xiaolang had saved with their lives. If not for them, this world would have been burnt to ashes long ago. Although the Primordial Gods were something that people yearned for, after leaving for millions of years, they suddenly came back at this time. Under their rule, Long Chen actually felt like he was an outsider.

He couldn't even protect his own brothers and sisters?

He was extremely unwilling.

This woman called the Storm Divine Sovereign, was indeed very arrogant. It was as if she had said that she would kill Mo Xiaolang on the spot. The Long Chen brothers had no enmity with her, why would she go against them?

"If you have nothing else, then hurry up and leave. Don't even think of meeting them, at least for the next hundred thousand years, the Divine King will not allow them to see anyone. They have committed the crime of murdering the gods, and they will be imprisoned for their entire lives." The Tempest God couldn't help but mock him.

Cat exploded in anger: "Boss, why aren't you beating this woman up! I'll help you blindfold Sister Ling Xi!"

"

"You?" Long Chen could not help but laugh.

Of course, this was only a joke. Facing the covetous eyes of the gods, Long Chen still stood there, unmoving. It was as though he hadn't heard the Windstorm Godking's words.

The Storm God saw that he was ignoring him, so he sneered and said, "Can't you hear what I'm saying? Let's quickly leave. A dignified divine spirit standing at the entrance of the Hell City, aren't you afraid of being laughed at? "

Long Chen, on the other hand, was convinced that he was unable to kill Mo Xiaolang, and there was a sense of anger in his heart. Coincidentally, Long Chen also had a trace of anger in his heart, because he was not an easy person to be courteous to.

He changed as soon as he said "change". He moved to the side and prepared himself for battle. He, who should have been furious, was much calmer than the Storm God. On the other hand, a woman like the Storm God cared the most about face, and after hearing Long Chen's words, his lungs almost exploded.

"Lord of the Storm, don't do it!"

The other gods quickly advised.

"It's not good to beat him in front of the Hell City and let the Infernal King know that."

"That's right, that's right. There will be plenty of opportunities in the future. Don't listen to this sharp-tongued little guy. He's just angry in his heart and has no place to vent his anger."

If she didn't kill Mo Xiaolang, she would be angry, and now, she would even be scolded as a bitch. As a A master-class Empyrean God, she was ranked in the seventy-two divine gods, who would be courteous to her if they saw her?

"Don't worry, I will bear the consequences of this battle."

The Storm Divine Sovereign turned into a storm and appeared in front of Long Chen.

It was as if the entire world was in a storm.

Even the Hell City began to tremble violently.

To be honest, the rules of the gods were also related to their personalities. For example, the Primal Heavenly Demon was mysterious and had the rules of time. "Kill!" The cold, bloodthirsty Nuwa had a

black hole that could devour everything. The Windstorm Divine Lord before him had the Edicts of Tempest, and his temper was like a tornado that couldn't be stopped at all.

"Damned woman, this is what you said! You have to bear the consequences of this battle, and if you get crippled by me, don't cry and let the Infernal King punish you, but don't worry, I won't kill you. If I kill you, how would you know how to write the word shame?"

In terms of being a rogue, Long Chen was an expert when he was young. Long Chen had long understood the kind of language that could make people lose their sanity, what kind of character could make people lose their minds, Long Chen had long understood that the gods and devils were the powerful mortal spirits, their strength had climbed up limitlessly, but their intelligence would always be around the same.

These words were like a knife that stabbed into the Storm God's body, like sparks igniting her bomb. In an instant, under the control of the storm, this woman reminded Long Chen of Feng Zhilin, a person who he was very familiar with from many years ago. They had also played together for a while, but now that Feng Zhilin was in True Martial Imperial Palace, his personality was much better.

Although he had scolded the other party, the anger in his stomach had not disappeared!

Lifetime imprisonment? Fuck!

Seeing this woman, the anger in Long Chen's heart could not be suppressed. He was indeed unconvinced, a god was just a strong Ranker, when he was strong himself, what was there to be afraid of! At most, he would just scam to the Incantation, he didn't believe that the Incantation Protectors wouldn't protect him.

Two swords!

The spirit sword in his left hand, the plain sword in his right!

In terms of the Creation God Equipment, Long Chen could instantly kill his opponent!

Primordial Divine Dragon's origin energy! In terms of level, the power of this divine dragon which was suitable for him had completely surpassed the strength of the opponent's' prehistoric level '!'

This was the first time Long Chen imbued the Origin Energy of the Primordial Divine Dragon into the twin swords. Previously, he used the same move to deal with Di Yao, who was stronger than the Storm

Divine Sovereign, and had even scared her silly. As for now, he wanted to try and see what kind of changes the Origin Energy of the Primordial Divine Dragon Heavenly Tribulation would bring!

In an instant!

"Time Breaks!"

Back then, even the Primal Heavenly Demon had fallen because of this time rule. This was Long Chen's strongest time rule!

Time ruptured, merging into the Demon Slayer's sword Qi and Shattered Soul Sword Qi, two sword Qi shot out, forming a cross!

He was going to let the Monarch of the Storm be defeated!

His actions were much faster, much more ruthless, and much more accurate than the Windstorm Divine Lord's!

The Storm God Monarch had the power of the A master-class Emyrean God, and the moment she used the Storm Rule, Long Chen had the absolute advantage. She could not stop the break of time, and even more so, could not stop the Sword Qi and Shattered Soul Sword Qi!

Double attack!

She had lost time, and the power of the storm had started to dissipate. A total of three breaths of time passed by for Long Chen, and in an instant, he was already in front of her, punching her in the face, causing the Divine Monarch of Perfection to be sent flying a hundred thousand kilometers away.

The Gods raised their heads. The Windstorm Godking had long ago disappeared off into the distance.

Chapter 2638 - Enclosure of the Gods

From the start to the end, it had only been an instant. Those gods who were prepared to admire the heroic attitude of the A master-class Emyrean God never expected that the battle would end in such a short period of time!

This could only be described as: an instant kill!

Although he did not kill him, Long Chen did manage to subdue the Storm Divine Sovereign in one move.

Thus, for them, this match was simply too shocking.

They had heard of Long Chen defeating the Nine Heavens Thunder God with a single move. It was just that the Nine Heavens Thunder God was only a Divine Monarch with initial state, it was simply not comparable to the Storm God at all.

Long Chen kept his two swords and patted his hands in front of the gods as if nothing had happened, as though he had done something insignificant. He could be considered benevolent. If they were to fight, then it wouldn't just be a single punch. Instead, it would be two God Creation Equipment with Genesis of a higher level, both of which would be stabbed into the Storm God's body.

A single punch would only cause her to lose all face. Naturally, she wouldn't allow him to be seriously injured.

However, Long Chen had already achieved his greatest goal. He didn't want to kill her to begin with, so killing her would be even more troublesome.

Needless to say, the kitten was extremely happy and chirped non-stop.

In fact, even without the Primordial Divine Dragon's origin energy, Long Chen could probably achieve this step. The only difference was that after he used the two swords to break the time, he exhausted even more strength than his opponent, but it was different now. Although the Primordial Divine Dragon's origin energy had just been converted and not completely completed, he could still fight!

Dealing with the Storm Divine Sovereign, who had lost more than half of his time, with his remaining strength, coupled with his powerful recovery rate, it shouldn't be difficult for him to win. In other words, before he became a god, he would be able to defeat the Divine Monarch!

This was already a myth.

Of course, after the divine gods had reacted, a portion of them immediately went to receive the Storm Divine Sovereign, while the other portion surrounded Long Chen in the middle. Their expressions were fierce, as though Long Chen had already committed a great sin, all of them were extremely furious, in the end, they still did not view him as one of their own.

Facing these threats, Long Chen actually smiled slightly, and said: "Seniors, what's wrong? I have already spoken with the Tempest God. It's just a spar, but there will always be a victor. I can also kill her, so why are you guys so nervous? Could it be that all of you are having an affair with the Tempest God? Then, it seems that the Windstorm God is rather coquettish? I gave her a punch. She should be feeling good right now, so I guess she wants to take it again, don't you think? "

The eyes of all the Gods were strange. They were filled with many strange emotions, such as anger, patience, arrogance, and so on ...

A divine spirit raged, "A mere child, disrespecting your elders, openly provoking and speaking vulgarly! It was in vain for you to claim that you had defeated the Ancient Giant Demons and saved the Dragon Sacrifice Continent. You are just a scoundrel, what qualifications do you have to be on par with the Gods! Your brother has already been imprisoned for his life, I think you will end up like them! "

Long Chen licked his lips, coldly looked at him, and said: "Really? That would have to wait for me to kill you! "

Honestly speaking, if it wasn't easy for him to cultivate a little bit of respect for the Gods, he would have already used up all of it. He had seen through the essence of this group of fellows. The god in his heart before was the symbol of wisdom, the love of the world, and the faith of all living things, just like the gods in the Lingsu Star Sea. Although they were hostile towards Long Chen in the beginning, they still resolutely protected him.

But the deities in front of him were selfish and greedy, deceiving themselves, scheming and scheming, and the weak were prey to the strong. They were practically no different from mortals. It was truly impossible to imagine that they were deities that had cultivated for tens of millions of years.

However, they only surrounded Long Chen, and did not dare to act rashly. After all, the Storm God was already one of the strongest in their group, if he was defeated so quickly, who knew what would happen to him?

In this matter, the Infernal King should be the one to punish Long Chen.

She was sent flying far away, directly smashing over a thousand tall mountains. Her entire body was a mess, filled with dust, and her originally cold and beautiful face had turned extremely ugly. Her cheeks were swollen, this was a masterpiece of Long Chen's origin energy from the Primordial Divine Dragon Calamity.

With the return of the main character, the gods immediately joined her in a common enemy!

The Storm Divine Monarch clenched his fists tightly and stood in front of Long Chen. The little guy in front of him had a face full of smiles, the Storm God was extremely angry, his huge chest was moving up and down as he pointed at Long Chen, unable to say a single word.

"Losers have been defeated." "F \* ck off."

Long Chen was too lazy to bother with her, since she was going to deal with Mo Xiaolang, he had to punish her a little. In actuality, the main culprit for this matter was the Nine Heavens Thunder God, it had nothing to do with the Storm God. The main reason why they could save Xiao Lang and Yan Er was due to the will of the Infernal King.

"My fellow colleagues!" Today, I have suffered such humiliation from this kid and I hope that everyone will come with me to teach him a lesson so that he will not put us in his eyes. Such an arrogant and despotic person, if he does not discipline him, he will definitely become more lawless and do whatever he wants.

The Tempest God had won over the others.

The other divine beings looked at each other. Due to the face of the Storm God, although they knew that Long Chen was powerful, they couldn't avoid him either. The Gods had surrounded Long Chen and were releasing their pressure together, of which there were three A master-class Empyrean Gods.

This caused his heart to experience an even greater change.

"Is the Gods such a thing?"

He was still unable to listen to the Dragon Emperor and assimilate into them. From the looks of it, Long Chen and them were not the same type of people, how could he assimilate into them?

He was still unwilling to accept it.

What he wanted to do the most right now was to become a god, then go to the Origin Dragon Palace and have a look. Or maybe he could use that opportunity to go with psionic sword to find the true inheritance of the Sphinx, and see what the relationship was between a Spirit Master, a virgin, and the Sphinx was.

Now he had to think of a way to save his life from the onslaught.

However, Long Chen did not need to worry anymore. Although the current situation was critical and the gods would definitely teach him a lesson, they would definitely not do so when the Infernal King returned!

"What's going on!"

Still quite far away, the Infernal King's charming voice could be heard. The gods felt their hearts tremble, and they hurriedly retracted their divine powers. Their fighting stance had been lifted, and they were on the verge of attacking.

Swoosh.

With a light sound, the Infernal King appeared before them, dressed in a gray robe, his long hair fluttering in the wind. His eyes were cold and devilish. As he lightly swept his gaze across the crowd, all of the gods felt a chill in their hearts.

"Let me ask you, what's going on?!"

He emphasized it.

He directly suppressed the entire realm and said, "ing to the Divine King, I have just returned from Incantation and wish to see my brother Little Wolf and my sister Su Yan. Since the Divine King is not

present, I can only wait here, but the seniors seem to think that this Hell City is their territory and wish to expel me there."

The Monarch of the Storm immediately stood forward and shouted, "Your Majesty, don't even think about listening to his nonsense. He was the one who tried to break into the Infernal King. I risked my life to stop him and ended up getting heavily injured."

After Long Chen heard this, he could not help but laugh, and said: "The great Storm God's ability is truly not weak, just now, I didn't know who talked about this battle in front of everyone, and in the end, you took responsibility for it? Do you dare to say that you never said such a thing? Do you dare to say that you didn't chase me away? "

The Storm God was stunned. She had indeed said those words before. The Infernal King was not an idiot. Just by being stuck here, he knew what was going on.

"You were defeated by Long Chen?"

He stared at the Tempest God in disbelief.

The Monarch gritted her teeth, feeling incomparably embarrassed and humiliated. She had to admit to something like this, and her heart was like an ant biting the wind. She could only stutter, "I was careless and fell for his trap!"

The Infernal King sized up Long Chen and suddenly clapped. "Not bad, you actually learned a Infinite Divine Art from the Incantation, which greatly increased your strength. And it's a Infinite Divine Art that belongs to the divine dragon. Long Chen, it seems that when we were fighting with the Incantation Guardian, you were the one who made the Incantation Guardian compromise and let us out, right? "

Long Chen was shocked, he did not think that Yun Che knew of anything. It seemed that he was in his Divine Kingdom at that time and had not been able to hide the secret conversation he had.

"In a way, you are our savior. Therefore, everyone, be more respectful to Long Chen in the future. Otherwise, don't blame me for being rude. I made it so clear, don't you guys understand? "

The Infernal King shouted.

They never thought that such a thing would happen. The Infernal King actually valued Long Chen so much, and to this extent, the Storm God knew that this punch would be useless to him. Furthermore, he would be suppressed by Long Chen in the future, humiliated by him, so he wouldn't be able to resist!

"Understood, we understand!"

The Gods said in embarrassment.

Long Chen was a little surprised. A moment ago, he hated the gods, but with the Infernal King protecting him ...

Of course, this was not the main reason why he was here today. The Infernal King had done this, perhaps because he had saved Di Yao twice, or maybe it was because he had made the Incantation Guardian let them go. Of course, at that time Long Chen only wanted to avoid the destruction of the Incantation.

At this time, the Hell God King spoke sincerely to Long Chen, "You are the young hero of my Dragon Sacrifice Continent, and have also saved the life of the little Divine Emperor, so the gods have to respect you. Of course, Mo Xiaolang is the same, but you have to understand one thing, the gods of our dragon sacrifice have set of gods for tens of millions of years, and we must follow their divine rules so that we don't kill each other unless you are stronger than them by at least five levels. But Mo Xiaolang and the others killed the Divine Monarch, let me make it clear to you. I exempted him from death penalty because he made a meritorious deed, and changed it to life imprisonment, which is already the most generous of punishments. It comes down to one yard, so you can't see him today, you can't even see him for ever. "

Chapter 2639 - People

This was the attitude of the Infernal King.

He could make everyone respect Long Chen, or even revere Long Chen. But rules were rules, Mo Xiaolang and Su Yan had violated the gods, so they had to be punished.

Seeing the Infernal King treat Long Chen with such kindness, the Tempest God was worried that he would let Mo Xiaolang go. Now that he heard the imposing words of the Infernal King, his heart immediately bloomed with joy and he couldn't help but want to laugh out loud.

The other Gods were probably in the same mood as well.

They did not like Long Chen, and were even very annoyed. As the ancestors of the Dragon Sacrifice Continent, Long Chen indeed could not understand why they would reject a Divine Spirit from the younger generation.

After listening to the Infernal King's words, he narrowed his eyes.

In the Divine Kingdom, Ling Xi and Cat were extremely worried. They naturally knew that Long Chen would not let it go.

Sure enough, he showed no fear and directly said, "The God King doesn't know? Divine rules were divine rules, and there was always a reason to kill. All the living beings of the several hundred thousand Everlasting Dragon City knew what happened at that time, and the news of this matter has now spread across the entire continent, into the people, and everyone knows that the Nine Heavens Thunder God was the one who sought death. If not for Su Yan finally making a move, the one who died today would be Mo Xiaolang. "

The Infernal King seemed to have expected him to say this, so he continued, "If that's the case, then I will follow the gods' rules and deal with Nine Heavens Thunder God as an example. Divine rules are divine rules, if you don't strictly enforce them, who will abide by them? "

Long Chen was naturally not convinced.

If they really wanted to come out, there are only two possibilities. The first possibility is that when Mo Xiaolang becomes a person who has surpassed five levels of the Nine Heavens Thunder God, which is to say, a person with Extreme Realm God King, then he can be released without guilt. Other than that, if you have the battle power of Extreme Realm God King, Divine Emperor might change his mind for you. Don't think of any other way. They are only imprisoned for eternity and will not suffer any suffering because of this. But if you keep pestering me, the result will be different. "

The reason why he said so much was to make Long Chen completely convinced.

This matter could not be rushed.

If they were to continue fighting now, it wouldn't do anyone any good to anger the Infernal King. Long Chen thought for a while, then said: "Then, God King, whether or not I can meet them once, I will take responsibility for this. I am the elder brother."

"Please go back." The Infernal King waved his hand. For him, there was no room for negotiation.

These cold and detached three words were a form of humiliation to Long Chen, but he would of course remember how powerless he was for a day. He had protected this world, but he had no right to speak in this world.

"Extreme Realm God King?"

This was the level of power which the Nuwa Devils were at. There weren't many human Gods who were only second to the Divine Emperor in power.

At least Mo Xiaolang and the others weren't hurt or tortured.

He was preparing to leave, leaving his anger behind in the future. But at this moment, Di Yao appeared. It had been more than a month, but there was now a trace of melancholy in her light golden eyes. However, her impeccable appearance and her arrogant and domineering character hadn't changed in the slightest.

"Release them." Di Yao suddenly said.

The crowd was still laughing in their hearts, but when they heard Di Yao's words, their smiles froze.

The Infernal King shook his head and said, "No. I made a judgement according to the gods' rules. Unless it's the Divine Emperor, no one else is allowed to violate it. Princess, please do not make things difficult for me."

Di Yao was still as domineering as ever. She stepped forward as her pale golden eyes coldly stared at the Infernal King, her long golden hair fluttering in the wind, as she spoke word by word, "I said, release them."

The Infernal King took a few steps back.

He was familiar with Di Yao, and he knew that this was the most troublesome time for her. So it was a headache.

"I owe him two favors, so I must repay him. If you go against me today, I won't let you off for the rest of my life. If you want my father's orders, fine, I can contact him right now. "

Di Yao said in a very serious tone, she didn't leave any room for him.

Her words were too cruel. Who dared to make her hate them for the rest of her life? The Infernal King knew that it might not be too long before her ability would surpass his.

Furthermore, if she said that she could contact the Divine Emperor, then the Divine Emperor would definitely listen to her. Only one god lived on top of the Divine Rules, and that was the Divine Emperor Emperor, because the Divine Rules were set by him!

This was a headache for the Infernal King.

The other deities could only watch in a daze. The Storm Goddess was really not willing to give up after being punched. She muttered, "I'm afraid that won't do. Divine Rules are divine rules. How can one act recklessly?"

"If you don't want to die, then shut up." Di Yao turned her head. Although their strengths were equal, she was still able to suppress the Tempest God with her inborn bloodline.

"Yes sir!"

The Tempest God took a few frightened steps back, not daring to speak another word.

"Celestial King, I'm going to contact my father!"

At this time, Di Yao had already become the master of the scene. She was very aggressive and no one could resist her. Although the two Divine Kings had the heavy responsibility of protecting her, they couldn't stop her ...

Moreover, this matter with Mo Xiaolang, it could indeed be considered as something that could be said for nothing ...

Although the Infernal King adhered to the divine rules, he wouldn't let himself get into trouble for no reason. After weighing things over and over again, he sighed and said, "Since it's like this, we'll listen to the princess. This matter is understandable, and they are our meritorious ministers. So we have to release them, but definitely not as an example. It's the same for everyone, but if something similar happens again, there will be no possibility of being forgiven! "

He couldn't be bothered to interfere in such matters.

On the God Realm's side, their faces had already collapsed a long time ago. They never would have thought that Di Yao would be so concerned about Long Chen, this little princess was truly someone no one dared to offend. At this moment, the Eternal Emperor had secretly retreated to the very back of the group.

"Thank you very much." Long Chen was grateful, even though the other party did it to repay him.

"I'm not thanking you, I'm just returning the favor." I still owe you one. "

When Di Yao turned her head to look at him, her expression softened a lot, but on the contrary, her face revealed a natural beauty.

At this time, the Infernal King thought of something and a huge disturbance appeared in the Hell City behind him. The walls turned, and suddenly, two favors rushed out from the ground and arrived in front of Long Chen. They were none other than Mo Xiaolang and Su Yan. They were still suspicious, but when they saw Long Chen, they were overjoyed.

"Big brother."

"Big brother Long Chen!"

At this moment, they had found the backbone of their group and hurried forward. In their eyes, it was as if the others didn't exist.

Long Chen smiled in his heart. To be able to see them come out safe and sound, his suppressed emotions had finally improved a lot. Of course, he couldn't show it at this time. He said, "It's good that you're fine. It was Princess Di Yao and the Infernal King who got together to allow you guys to regain your freedom. Hurry up and thank them."

Mo Xiaolang and Yue Shan understood and immediately thanked them. This was just a formality. After receiving them, Long Chen was fine. Five Dragon Cities was still anxiously waiting for them, so Long Chen said: "The two of you, I will have to bring them back first. If you have any orders, Long Chen will definitely rush over quickly."

Putting aside this matter regarding the slaughter of the gods, the Infernal King was still quite satisfied with Long Chen. To him, it was as if nothing had ever happened as he smiled and said, "Since that's the case, let's hurry up and return."

"Wait." Di Yao suddenly called out to Long Chen.

Long Chen looked at the girl who seemed to have something on her mind. She looked slightly different from before.

"Princess, what orders do you have?" This time, she was the one who had helped him greatly. In Long Chen's heart, she was no longer an enemy.

Di Yao replied, "I want to talk to you alone. Do you think it's possible for those from your Divine Kingdom to leave first?"

She was talking about Ling Xi and Cat.

If it was any other time, Long Chen would naturally reject this request. After all, Ling Xi was now pregnant, so he would have to protect her at all times to be at ease.

Only, she was the one who had saved Mo Xiaolang and Yue Yang.

Then it would be hard to refuse.

Ling Xi understood the logic and said with a smile, "Then I'll be leaving first. Even though this place is good, I haven't gone out for a breather for a long time."

She was used to staying in the God Kingdom of Long Chen the most. Traveling with him, Long Chen built the God Kingdom into her favorite place.

"Alright."

This was the first time that Cat and Ling Xi appeared from within, and the gods couldn't help but take a few more glances at them, especially the Storm God, who had finally seen Little Cat. At this time, Cat also saw her and said with a straight face, "Why are you looking at Father?"

This caused the Windgod to be even more enraged than before.

Di Yao's gaze fell on Ling Xi. She had heard about Long Chen having a wife, so she could not help but be curious, and today, looking at her, she was truly an astonishing woman that caused people to feel pity for her. Especially her slightly bulging stomach, it was filled with a sense of beauty that any woman would envy.

"Go back and wait for me."

Long Chen whispered into her ear.

"I can't steal something." Ling Xi laughed slyly, she knew that Di Yao had a strange feeling towards Long Chen, it was not that she liked him, but she was still entangled with him a little.

"Big brother, I'll leave first."

Under the eyes of the Infernal King, no one dared to do anything to them. After what happened to the Nine Heavens Thunder God, no one would ever mess with them again.

In actuality, if Ling Xi left, Long Chen would no longer be able to freely utilize his psionic sword s. This was the reason why he was the most unwilling to let Ling Xi leave, but it was just that right now, he couldn't lose any face for Di Yao.

"Follow me." After they had left, Di Yao hooked her hand at him, and made Long Chen follow him. Very quickly, the two of them left the Immortal Divine Region, falling towards Dragon Sacrifice Continent with raging winds blowing. Long Chen turned his head to take a look, but when he had an idea, she had the smell of a woman, and not just a spoiled Princess of the Divine Emperor.

Under the contrast of this light gold light, her white and tender skin was clear and translucent like jade. Adding on the unique temperament formed by the Princess of the Divine Emperor bloodline, it was truly mesmerizing.

But right now, Long Chen's thoughts had dulled. It was enough for him to have protected one person for a lifetime, and Li Xuanji, whom he could not bear to part with, had also chosen to distance herself from her. Or perhaps, it was to not let her love grow so strong.

Furthermore, the Princess of the Divine Emperor s were not people he could afford to offend.

He was grateful that Di Yao had saved Little Wolf and Su Yan, but he was also very careful to be with her alone.

Very quickly they landed on the Dragon Sacrifice Continent. Di Yao walked barefoot on the vast earth, passing through mountains and rivers and forests, looking at the sunset in front of her, releasing her beautiful figure. As she walked, she said: "You saved me twice, today I have returned a favor to you. You have no objections, right? "

This exchange was very worthwhile, so Long Chen replied: "Of course not."

He followed behind her. He didn't know what she was going to do by inviting him alone.

Di Yao continued: "There's another favor I want to owe you. I'm preparing to wait for my father's return and ask him for a Infinite Divine Art that is suitable for you. You have no objections, right? "

Even though she was speaking, she was completely captivated by the surrounding scenery and didn't look at Long Chen.

Long Chen subconsciously said: "There's no need for this right now. I obtained something of the same utility from the Incantation."

Only now did Di Yao turn her head. Although she couldn't see clearly like the Infernal King, she could vaguely feel that it was the power of a divine dragon that she had encountered in the Incantation.

Her ethereal eyes slightly fluctuated as she muttered: "Since that's the case, then let it owe you. If you ask for it in the future, I'll return it to you."

#### Chapter 2640 - Emotions

The two of them continued to walk aimlessly. They were both gods, and if ordinary people didn't want to see them, they naturally wouldn't be able to. Passing through the bustling bazaar, passing through the cities where the martial winds were strong, these were all places that Long Chen was familiar with, but today, they had all changed greatly.

Of course, these things were hard for them to be interested in.

Di Yao sat down under the city wall, looking at the endless dust in front of her, and said, "The woman who just looked at you was really attractive, no wonder she was able to tame someone like you, who has no fear of the heavens or the earth. You even dared to deal with the Heavenly Demon, and you even dared to attack me.

"Are you praising me or her?"

Long Chen didn't quite understand what she wanted him to do by himself. He stood at the side, a certain distance away from Di Yao. There were soldiers guarding the area, yet no one could sense their presence.

Today, Di Yao was a little different. Her thoughts were hard to figure out.

She looked into the distance. Her eyes were very clever. She suddenly smiled and said, "Then, which do you think is better, me or her?"

This was undoubtedly a problem that would cause one to vomit blood ...

Long Chen was already experienced, now that Ling Xi was not around, she could just deal with him for a while, thus she said: "Princess's status is esteemed, she is a Daughter of the Divine Emperor, in terms of beauty, my wife is naturally inferior to a princess."

Di Yao tilted her head, as if she had guessed that Long Chen would say that. "I know, you're lying.

"Words from the bottom of my heart." Long Chen was still thinking, what was this woman planning to do?

Di Yao's interest was piqued, she stood on top of the city wall barefooted and walked towards Long Chen. Her small feet, on the other hand, were exceptionally beautiful, sparkling and translucent, like precious jade that was as smooth as crystal.

"Then why do you still love her and not me after you've met me? "Men, don't they all like wonderful things?"

Long Chen's heart was startled. He took a few steps back and said: "Princess, circumstances are different, this thing does not care about what I like, but about who I have experienced it with, and what they have interacted with each other internally. The Princess probably doesn't have anyone she likes, so she thinks so. "

Di Yao stopped her steps, and doubtfully asked, "Is that so?" There are many people who want to court me, but they are all as hateful as Xing Chen. I can understand what they think important with a single glance, I am a person that they hate, but they all liked my identity, Daughter of the Divine Emperor. "

To be honest, Di Yao's temper was really too bad. Although it looked alright now, but maybe she would die in a moment, so Long Chen had to deal with her carefully.

However, she was still a little strange. At this time, she was already very close to Long Chen. Blinking her eyes, she asked: "Oh right, do you think I will be detestable? At the beginning, you really did hate me, but after that, you saved me, and after that, you didn't seem to hate me that much anymore. "

Long Chen only felt that she was very difficult to deal with, so he didn't dare to say that he was annoying. Under the situation where Daughter of the Divine Emperor was staring at him closely, he naturally shook his head.

"Then I have a new idea. Listen." Di Yao cleared her throat.

Long Chen felt that her new idea would be a bit more troublesome.

Sure enough, the other party said, "Since you think I'm good-looking and not annoying, let me kiss your cheek. Even if I have to return that favor, what do you think?"

Hearing this, Long Chen thought for a moment. A kiss was obviously a small matter, he was afraid that she would have some sort of change in her heart. Because this was an ambiguous situation, he had to give her a signal to end it.

But if she refused, she would probably give herself a slap. For her, or maybe it was because she hated her. I don't think she's good-looking

No, that's not right. She is merely testing me. Even if I were to agree to it, she would definitely not actually do it. After all, I am not familiar with this Heaven's Chosen either.

Thinking about that, Long Chen threw caution to the wind, nodded his head, and smiled: "Of course you can."

"Hmm?" Indeed, Di Yao was a little stunned. From what she had heard before, Long Chen should be a very dedicated person, could it be that he was truly enticed by his?

"Come on, I'm ready." Long Chen smirked at her. He knew that she was just scaring him.

"Then I will really come. You better not regret it." Di Yao looked at him suspiciously.

Long Chen laughed: "A beauty like you, and the daughter of the Divine Emperor, a favor in exchange for a kiss, isn't that something that's worth it? at least the Infinite Divine Art's worth a set of Genesis."

Di Yao clenched her teeth and revealed her true nature. She stretched out her hand to slap Long Chen, but she held back and angrily said: "You are really not a good person, scram. Don't dirty my eyes. "

Long Chen thought: "Looks like he wanted to test whether or not I'm a loyal man. Now that he knows I'm not, she's angry?"

Since she wanted him to leave, then the mission would be completed. He was alone with her because she had saved the wolf cub, so he couldn't refuse her.

Di Yao was left alone on the city wall, trembling with rage.

"Die!"

She stomped on the city wall with her smooth and small feet. Instantly, the entire city wall collapsed into pieces, and countless soldiers were pressed down by the huge rock. Although it didn't hurt their lives, they were still scared to death, and by the time they had gotten out of the huge rock, Di Yao had already run far away.

She suddenly stopped on a lake and attentively shouted, "Mother, quickly come out!"

A faint ripple appeared in front of her eyes and descended on the lake. The figure of a woman appeared in the middle of the lake, it was very mysterious.

Di Yao replied with some anger, "This guy is not a good person. He fell into my trap. Although he didn't show it in the beginning, he should still be plotting against me. Men are always like that."

In the lake, the mysterious man chuckled and said, "Child, he knew that you wouldn't kiss him so he did it on purpose. If he refused, you would be even more angry."

Di Yao paused for a second, then suddenly became angry and pouted, "He actually tricked me?"

Thinking about it, she wished that she could chase after Long Chen and beat him up.

After a while, she calmed herself down and said, "Mother, do you think it's appropriate for him? He has a woman and a child, so how could he be suitable when he hasn't even been born yet? "

The mysterious man in the lake said, "You just have to trust me. You have inherited my emotions, and this is the most supreme bloodline in all worlds. You have to be loving and affectionate, throw everything into love, to reap a man's undying love for you, and to let your emotions take root in his body. Once the fruits have been formed, you will kill him. If you succeed, you will definitely surpass me and your father. Become the ultimate hegemon of the ten thousand worlds. As for him, I have spent all my effort to use the 'Compass of Destiny' to find the man most suitable for you in all the realms and plant all the emotions into him. In the future, if you are able to harvest all of his emotions and get everything that he has, he will not be simple at all.

"Is it really him? "How could it be possible for us to be in a place like Dragon Sacrifice Continent?"

Di Yao mumbled.

The mysterious man in the lake said, "I didn't believe it from the beginning, but his fate is too terrifying. Perhaps in this entire Ten Thousand Worlds, only we know about it. His future is definitely not limited to just that. You have to understand, the greater the future a man has, the more useful it is to our tribe. When you obtain the love seed, his fate and all of his capital will be transferred to you. Before you reap your rewards, you can't tell others that I found him through the 'Compass of Destiny'. If I wasn't imprisoned here by your father, I could go there to help you. You must not let your father know about this. "

Di Yao nodded heavily, "Okay, I understand. I will think of something."

Phantom Shadow said, "Hurry up, you don't have much time. The 'Compass of Destiny' shows that his progress will be extremely fast, or he will surpass you in no time. He is a terrifying genius who has been hiding in the myriad realms, but has yet to encounter his best opportunity. You must let him love you deeply before he surpasses you, and let his love grow. Only then can you kill him, or rely on your father to kill him, and not be like me in the end.

Di Yao nodded again, "Okay, mother, I will try my best to think of a solution."

The other party's voice became cruel as he said, "Don't even think about it. The best thing to do right now is to first kill off all of his women and children." That woman is a thorn in your side, a thorn in your

side. She is the biggest enemy of your life, you have to kill her! But don't let him know that you're the one who did it. "

Di Yao trembled.

"Kill her?"

She thought of that woman. She was ethereal and quiet, like a white lotus flower that people couldn't help but love.

But

For her mother, for her sake, for the sake of helping her escape from the prison, there seemed to be no other choice.

"He is bestowed upon you by the heavens as the best man. You must rob him of everything in return for being worthy of this world. Do you understand? "Child, all my hopes are placed on you. If you still love me, then think about everything for me."

Di Yao's eyes were leaking tears, her expression became gloomy and cold, and she said: "Mother, I will remember, I will think of a way as soon as possible, to fulfill your wish, kill that woman, and not let Long Chen know, and also not let father know!"

"I'll wait for your good news. Child, you are at the most important moment of your life.

"Alright!"

At some point, the lake had returned to its serene state.

Di Yao wiped the tears away from her eyes, sneered, and rushed towards the Immortal God Realm, launching her plan.
