

War God 2641

Chapter 2641 - Killing Heart

After returning to the Five Dragon Cities, what welcomed Long Chen were the most revered cheers.

As expected of Long Chen, something that no one was able to accomplish. As long as he came back, even though he encountered many troubles, he was able to easily settle it. Although it was Di Yao who helped Long Chen, but Di Yao helping Long Chen was also a kind of ability.

Ling Xi, Mo Xiaolang, Su Yan and Cat had long since returned and were waiting for him with the Dragon Fighters. As he welcomed the cheers that came from the heart, Long Chen couldn't help but say: "This time, I've made everyone worry. Although the world is different, no matter what difficulties we encounter in the future, as long as we unite, we can definitely solve them!"

To be honest, the Dragon God Domain was still the strongest when compared to the other living beings of the. They were favored by the Chaos Treasures Eternity, even though they weren't as strong as the other Shencheng's living beings, their progress was still quite fast.

Then, he met with the fifteen Dragon Emperors, Yang You and the others one by one.

Long Chen briefly explained the matters regarding the Incantation to reassure everyone.

He said, "After today's incident, the Gods will no longer harass Five Dragon Cities. The Nine Heavens Thunder God was only an accident. Now that the Infernal King thinks highly of me, the other gods probably wouldn't come over to cause trouble for themselves for no reason at all.

"It's all thanks to you."

After chatting for a while, the kitten suddenly appeared and asked like a thief, "Boss! How do you feel! "Is that Di Yao a little chick?"

This fellow had always been a scoundrel with his words, especially now that he was in front of everyone, Long Chen really wanted to seal his mouth.

Ling Xi knew that he was joking, so she didn't really mind in her heart. She merely looked at Cat angrily and said: "If you continue to talk like this, even more girls won't like you."

Cat put her hands on her hips and said, "Don't worry. With my charm, there's no female species that can resist me. Just obediently climb into my arms."

After a while, Long Chen had already dispersed from the group and returned to his residence, the Scarlet Dragon Palace.

"Big brother, thank you so much for this." Mo Xiaolang said from behind while holding Su Yan's hand.

Long Chen turned around and said: "We brothers shouldn't be so formal with each other, furthermore, the responsibility for this matter lies with me. Little Wolf, although it seems like we are being suppressed, but there will be a day when they will act on our behalf."

The Primordial Gods did not have the kind and intelligent appearance of the ancestors he had imagined, but instead had a group of strong Rankers who were full of emotions and desires. Long Chen originally respected them a lot, but now he no longer had this kind of respect.

"Yes." Mo Xiaolang nodded.

Needless to say more, they understood what the other party meant.

"Yan Er, you two can improve together. This is also a good thing. If the killing intent of Nuwa is too great of an impact on you, then you have to inform us in advance. "Trust us." Long Chen pointed out.

Su Yan nodded obediently and said, "I understand, Big Brother Long Chen. "Then we'll leave first."

After saying their goodbyes, of course, they would be in the vicinity cultivating. If they needed to communicate, they could just say it out loud. To them, this distance was but an instant.

Finally, Ling Xi was left behind. The charming beauty smiled at him, she knew every single detail of Long Chen's heart.

Long Chen sat behind her on the roof with his hands around her waist, placing them on her beautiful round stomach, he whispered into her ear: "Actually I also don't understand what this Di Yao wants to

do, maybe she's just a naughty kid who likes to mess around. I won't have much contact with her in the future."

"You don't have to tell me this." Ling Xi gazed into the distance and said, "I know you even better than you do."

Since that was the case, Long Chen was relieved. Ling Xi was always able to understand his feelings, and this was her most beautiful place.

"Since there's nothing else to do, I will focus on my cultivation and try my best to prepare for the calamity of the gods and demons as soon as possible. When I become a true god and reach the True Dragon Realm, we will search for traces of the Sphinx in this world and visit the Origin Dragon Palace together. Maybe there was something new. I should be able to discover the Fiendgod tribulation very soon. "

"Is it dangerous?"

Long Chen said in a grave voice, "This is my last calamity. Judging from the calamity ahead, it will definitely not be simple. There is definitely danger, but I am certain of it now. If nothing unexpected happens, there shouldn't be any problems. "

"That's good!"

Ling Xi also gently caressed her lower abdomen, her eyes filled with a maternal light. This child had changed her mental state by a lot, and as she gazed at her, she said: "In a few years, she will probably be born as well, I must protect her well."

Being a father and a mother made people grow up again.

Immediately after, Long Chen began his cultivation, and Ling Xi followed along with her, neither leaving nor leaving.

They seemed to be busy with other matters, as if the 72 - The Ancient City of God's descendants and the Five Dragon Cities were at peace. The influence of the gods spread throughout the entire Dragon Sacrifice World, and the Five Dragon Cities was independent from the shadows, no longer managing the affairs of the world.

The days seemed to be coming to a standstill.

In reality, calmness was all for the sake of creating a greater disturbance.

Di Yao was currently on her way to Hell City.

"Child, if you wait for your father to come, you still won't steal his affection. With his dazzling performance, if you interact with him at that time, your father will definitely notice. Therefore, before this father arrives, you must complete the most important challenge in your life. This is the best chance fate has given you, to arrange for you to arrive at Dragon Sacrifice Continent first. I met the person who suits you the most in this life. "

Di Yao always remembered what her mother had told her.

That mysterious woman had accompanied him in all kinds of ways since he was young. Compared to his father, Di Yao was more reliant on this woman.

Although she hesitated a lot, she still decided that she must complete this task.

"If it can be completed, I can possess the power of someone who is at the peak of ten thousand realms, become a Divine Emperor who surpasses his parents, and even beyond that, reach the final Tai Yi Shen Jing of the God Realm! He could even become a 'Overgod' or 'Overgod'! , and your woman, they can only sacrifice you guys. Who asked you to provide me with such a good opportunity! "

After experiencing so many struggles, she no longer had any hesitation today.

She was indeed a little grateful to Long Chen and had a vague good impression of him. However, this was unable to stop her desire to become a Zhi Zun warrior, and could not stop her mother's wish in her heart. From the very beginning, that woman had grown up with her. She was the most important person in her heart, someone who surpassed Di Jun.

In the blink of an eye, she had reached the Hell City. However, she had concealed herself and snuck in until the Infernal King suddenly appeared behind her back.

"Little Divine Emperor, you sneaked into my Hell City, you shouldn't be here to look for me, right?"

The Infernal King sloppily asked as a straw was stuck in his mouth.

The Infernal Realm's Godking was feeling quite comfortable as well, given that everything had been peaceful for the past few days.

Di Yao turned her head, only to see a gloomy and grim expression on her face. "That's right, I am looking for you."

The Infernal King was speechless and asked, "What do I have to find? Does the little Divine Emperor here want to go back after having a bad time?"

This was what he was most worried about.

Initially, she was the one who wanted to follow him, but now, it was her who wanted to leave as well.

Unexpectedly, Di Yao shook her head and said, "Be more serious. I came here today because I wanted to make a deal with you. If you help me with something, I will give you a reward."

The Infernal King was stunned.

He never thought that this girl would make such a deal with him. Logically speaking, if it was a normal thing, she would directly order him to do it, but she would never do it in such a way. This was enough to prove that what she needed him to do was a bit difficult and must be hidden.

"Princess, go ahead." The Infernal King threw up the straw, his expression solemn.

Di Yao struggled for a while, but in the end, she still clenched her teeth, her eyes faintly emitting a murderous intent. She gloomily said, "I want you to help me kill someone!"

The Infernal King was already mentally prepared. As expected, it was not an easy task to accomplish. He asked, "Who? "Lady Xuan Bing?"

He had a rough idea of what Di Yao was thinking. She didn't really like this God a lot. With her temper, it was normal for her to kill this guy if she didn't like him.

However, Di Yao shook her head and bluntly replied, "It's not her. Listen carefully. You have seen this person before. With your strength, you can easily accomplish this feat without attracting anyone's attention. So this person is ..."

At this point, the Infernal King had already begun guessing.

Di Yao answered: "She is Long Chen's woman, her name is Ling Xi, you have met her a few days ago."

The Infernal King was stunned.

Even if he had cracked his brains, he couldn't understand why a dignified Daughter of the Divine Emperor would suddenly want to kill an unrelated woman.

But seeing how serious and resentful Di Yao was, she would definitely not joke around with him.

The Infernal King thought for a moment and said, "Princess, I'm a little puzzled. Can you let me know a little bit? If that's the case, although there shouldn't be too much of a problem in making a move, there should be a small reason behind it. You have also met this woman once before."

Di Yao's eyes turned cold, she did not answer the Infernal King's question, but instead said: "This is a deal, if you help me kill her, and guarantee that both you and I won't reveal it, and will not let Long Chen suspect us, then when I become strong, or even reach the realm of the Divine Emperor, I will gift you with a 'Order-level' treasure!"

"Order-level!"

The Infernal King stared, slack-jawed.

Normally, only Divine Kings with polar state would be able to obtain treasures with Order-level. He did not doubt the possibility that Di Yao would be able to obtain such a treasure, but he was shocked that this deal was actually so important to Di Yao, to the point where she had even made such a promise.

Honestly speaking, even if he did not have this Order-level as a treasure, being able to receive the care of this Daughter of the Divine Emperor was already more than enough for him.

Chapter 2642 - Aphrodisiac Fragrance

The Infernal King trembled for a good while, then said, "Princess, since you are taking such good care of me, I naturally can help you accomplish this task perfectly." The treasures of Order-level could be discussed later. I believe this is just a small matter for the princess. "

He was tempted.

It was merely killing a woman that wasn't a divine being. Although she was always by Long Chen's side, it wasn't any difficulty for the Infernal King to kill her.

Di Yao was very satisfied. She let out a sigh of relief and said, "God King, this will all depend on you. I will wait for your good news. If it succeeds, I will definitely fulfill my promise and give you what you deserve in the future."

"Then I'll head there today, and find a chance to attack. I must do this so that Long Chen won't notice that I did it, and I can't implicate you, or even make him suspect us, right?" The Infernal King confirmed.

His heart was already burning with passion.

Di Yao coldly replied, "Yes."

She was already impatient for Ling Xi to die.

"If that's the case, it might take a few days. You just have to wait for my good news." The Infernal King laughed coldly.

"Also, you must not let my father know about this." Di Yao emphasized.

The Infernal King pondered for a moment before suddenly understanding, "Princess, I understand ..."

Thinking of this, he didn't leave immediately, but tried to figure out what to say. "Princess, there's something I don't know whether or not I should say."

"Go ahead."

"Then I will dare to ask the woman who Princess wants to kill Long Chen, and if he's a pregnant woman. Is it because you like Long Chen? "

This was the only reason the Infernal King could find.

In the Incantation, Long Chen had saved Di Yao twice, causing her to become dependent on him. A few days ago, Di Yao and Long Chen had interacted for a period of time, so the Infernal King did not doubt Long Chen's charm. To him, this brat was also a miracle.

It was already an inconceivable thing, and he even saved the Gods from the Incantation.

From his point of view, Di Yao had yet to reach a deep understanding of the world. So, it was normal for her to fall in love with a man she had never seen before.

She remembered what her mother had told her. From today onwards, she was a person who deeply loved Long Chen, so she nodded her head and said, "That's right, I like him. In order to obtain him, I must first kill the person at his side.

The woman. Do you understand now? Do you have any objections? "

He could not help but say: "Princess, although this is a private matter, and I have no way of interfering, but I still have to remind you that you are the daughter of the Emperor, the Daughter of the Divine Emperor. Your status is extremely high, and a thousand worlds are rare.

He's just an aboriginal of Dragon Sacrifice Continent. In terms of identity and position, he's not worthy of you. Although you might not care about this, Divine Emperor might object. Of course, that's just a possibility. "

He did not dare to speak too harshly.

Di Yao replied: That's my problem, it has nothing to do with you, as for Long Chen, I believe that he will definitely have an outstanding future, it is normal for him to surpass you, just wait and see. I will persuade my father, but right now, the first step is still to kill Ling Xi, and that will be you ...

Stop talking nonsense and go on. "

The Infernal King thought about it for a moment, but other questions were not in his consideration. For the sake of the Order-level and treasures, he would of course choose to make his move as soon as possible. After leaving, he muttered to himself, "What luck did this Long Chen have to actually be able to obtain the princess' green blood?"

"Although the Clayde lost a woman, they had a great future ahead of them. It is really enviable."

With that, he disappeared from the Hell City.

After he left, Di Yao heaved a sigh of relief. This was only the beginning, but it also meant that she had made her choice. From today onwards, she would embark on this path.

Di Yao followed Long Chen to the Dragon Slayer City. Of course, she stayed far away from Dragon Slayer City so Long Chen wouldn't notice her at all. At this time, the King of Hell had already arrived at Dragon Slayer City.

"Child, there will always be a beginning to everything. You must always remember that this is the most important thing in your life. You must do it without any regrets. Your performance today is already pretty good. "

"Yes, I hope this is a perfect start."

As long as he killed Ling Xi, Long Chen would suffer the pain of her death and her heart would weaken. At that time, as long as she accompanied Long Chen by his side day and night, it was also an opportunity.

Long Chen didn't know that the Dragon Sacrifice Continent's most terrifying Infernal King was hiding in his surroundings, observing him at all times.

While he was secretly cultivating, Ling Xi was peacefully raising her child in his Divine Kingdom.

The Infernal King had already stayed in the shadows for an entire day. He frowned and said, "He keeps women in the Divine Kingdom at all times. If I try to force my way through, he might discover my identity. The risk is rather high."

Thinking of this, he could only wait.

After three or four days, Long Chen was still cultivating, and had no intention of letting Ling Xi come out from the cultivation, so no one came to disturb them in the Dragon Slayer City.

Di Yao was already extremely anxious, she wanted to summon the Infernal King back.

"Why haven't you succeeded yet!"

Di Yao said with a bit of excitement in her voice. She couldn't wait any longer.

The Infernal King shook his head and said, "Ling Xi is always in his Divine Kingdom, so the risk of him making a move is rather high. She can only wait for a while and see;

Although she didn't have much time, it didn't seem useful to be in a hurry. Di Yao held back her fretful mood and said: "Hurry up and defend, cut that woman into ten thousand pieces!"

The Infernal King nodded and left. From Di Yao's anxious expression, it was as if she had fallen in love with a river, so the Infernal King was a little curious, what kind of terrifying charm did Long Chen possess to make the dignified Divine Emperor's daughter anxious like this? He even had to use the treasure of 'Order-level' to deal with him.

Exchange?

He concealed himself beside Long Chen and continued to wait.

Day after day.

What made him speechless was that, even though Long Chen stopped cultivating at times, he had never allowed Ling Xi to leave his Divine Kingdom. It could be seen how protective he was of his wife and children, but in reality, he did not know that it was Ling Xi's own request.

The world and home that was designed for her, made her feel very comfortable, so she quietly accompanied Long Chen in cultivating.

This hibernation lasted for more than twenty days.

Di Yao finally couldn't hold it in any longer. She summoned the Infernal King back and cursed at him.

"Who do you think you are?! "Initially, you promised me that you would be able to solve the problem after a while. Now that it's been more than 20 days and there's no news at all, don't tell me you want to explain things to me. What I want is the result, can't you think of something?"

The Infernal King felt a headache coming. As expected, this was not an easy task as he had thought. He thought for a moment and said, "How about you go back and let him meet with you alone?"

After thinking for a moment, Di Yao shook her head, "No, this is too far-fetched. He won't agree. Moreover, it's too obvious. If something happens to his woman during this period of time, he will definitely suspect me."

Seeing Di Yao's violent temperament, the Infernal King couldn't help but think that the Order-level was about to fly out of his body. After racking his brains, he finally thought of a solution.

He said, "I remember now, there is an item called 'Aroma of the Desire' in Divine King of Light. It is a type of hongmengxinling called 'Genesis'. The faint fragrance it was emitting was enough to make a god sleep. If it was sufficient, even the Divine Monarch of the polar state would not be able to block it ...

The effect of hongmengxinling is great, and is famous in all realms. Furthermore, there aren't many people who know about the existence of Divine King of Light, I am the only one who knows about it in the entire Dragon Sacrifice Continent. If this Dustless Incense was used against Long Chen, it could cause him to enter a temporary coma ...

I then forcefully opened his kingdom. "Kill that woman."

Hearing this news, Di Yao's eyes became incomparably hot.

She said: "Enough, don't explain it to me. I only want the results, go and borrow that thing from Divine King of Light."

The Divine King of Light was not on the same side as him, there were even quite a few conflicts between them. This time, when they came to borrow things, they would clearly meet with a setback. However, for the sake of obtaining the 'Order-level', he had worked hard for a month already.

A little face.

He left the Slaughter Dragon City and sped towards the Light Shencheng. Not long after, before he reached the Light Shencheng, a white haired old man suddenly appeared in front of him and said, "Hell, you're not going to do anything proper. Why are you looking for me?"

The Infernal King chuckled, saying, "Don't mention it to me. After so many days, have you gained anything? Since we didn't get anything, then no one said anything. Anyway, we didn't forget our mission this time. But this thing is so hidden, it would be too difficult to find. "

Divine King of Light asked: "Did you not reap anything from your last visit to Incantation?"

The Infernal King shook his head and said, "What the hell? He was almost killed by the Incantation's guardian. When the Divine Emperor arrives, he will definitely take care of this Incantation. Let's see what's the secret behind this."

Divine King of Light did not speak further. Instead, he stared at the Infernal King and asked, "You still haven't said it, why did you seek me out today?"

The Infernal King felt somewhat embarrassed, but he still went all out, saying, "I won't hide it from you. I want to borrow an item from you, 'Aroma of the Desire'. After borrowing it, I can return it to you a day later. If there's any loss, you can find me.

"Disgusting, even though I'm afraid of trouble the most."

The Divine King of Light's expression did not change as he replied, "This is very surprising. I really want to know what you want to do with my Aroma of Desire."

The Infernal King chuckled and said, "Don't worry, it's not a big deal. It's just that the small problem that the Princess Di Yao is finding requires this thing to settle. Treat it as a good thing and help me resolve it."

Chapter 2643 - Emotions of Life and Death

"When she is born, what name are you going to give her?" When the child started to grow up, Ling Xi became very quiet and comfortable. Long Chen had provided her with the most peaceful environment. No matter how dangerous he was outside, Ling Xi was not harmed in the slightest.

He had kept his promise and would never leave her side.

This was a man's promise.

Even though the opponents he faced were getting stronger and stronger, to the point where he could deal with opponents as strong as the Heavenly Demons and Gods, giving Ling Xi the best partner.

Long Chen had thought about this before, but he had a rough idea about it. He said, "I am usually good at naming small animals, so I can just add a small word in front of me, such as kittens, puppies, and so on. But my child definitely cannot be called a 'little person', right? So I thought about it, dragon is my surname and also my belief, and since she is a girl, I naturally hope that she can one day be as perfect as you in terms of looks and temper, and if she is my daughter, then she cannot be too weak, you have to be magnanimous, be sensible, what do you think about 'Long Yan'?"

"Long Yan is so angry. Who knows, she might have the same bad temper as Di Yao in the future. Are you sure?" Ling Xi said with a faint smile. Her gentleness was the most beautiful harbor for Long Chen.

Long Chen was startled for a moment, then said while shaking his head: "This is a question of discipline; my daughter, would definitely not be like this. The name of this item depends on fate. My thoughts are quite passionate today. Long Yan's voice sounded very domineering and domineering. Just thinking about it makes one excited. "

The two couldn't help but laugh. This was the sweetness of love. To them, everything was beautiful today. Who would have thought that the danger would approach at such a time?

"If this child were to find out in the future that his name was randomly chosen by her father in his lifetime, he would definitely be very angry at you, right?"

Ling Xi looked at the beautiful world in the Divine Kingdom, her eyes revealing a happy glow. It seemed that everything was peaceful now, and she was quietly waiting for the arrival of her first child.

Long Chen also started to cultivate, but at this time, he felt a little strange, and it was even a little dangerous. At this moment, he instantly opened his eyes, and discovered that he was actually no longer in the Scarlet Dragon Palace, but instead in a snow-white fog, as if he had been brought to another world!

He immediately stood up, and just as he was about to summon his spirit sword and white sword, the snow white mist surged forth and enveloped them. What made people feel the most, was that this was the most fragrant smell that Long Chen had ever smelled in his entire life, to the point where he couldn't even describe it with words.

It must be known that Long Chen's current body was as vast as the starry sky. There were over ten billion divine palaces in there, and every single one of them was filled with living beings, vast and boundless. However, the snow-white fragrance, in just a short period of time, had completely invaded every inch of the palace.

Being able to approach him silently, Long Chen already felt a terrifying sense of danger. At this moment, he didn't even have the time to think about who would attack him at this time! Before he could even make a sound or time to summon Mo Xiaolang, this invisible danger had already invaded his body!

"This is bad!"

When the fragrance enveloped his body, his consciousness started to blur. Long Chen had once been afflicted with the 'Sleeping Rules' of the Demonic God Sakyamuni, and the current situation was extremely similar to the one before him. But the thing that was different was, that time was when he was struck by the rules, and the one he was struck with this time should be hongmengxinling!

The reason it had the same effect was so that Long Chen would fall into a deep sleep and forget about himself.

He only thought that someone was going to deal with him, and he never would have thought of going to Ling Xi's place.

"Brother Chen, what's wrong!"

Ling Xi suddenly felt a change and an ominous premonition caused her face to go pale as she abruptly turned her head around. But she did not hear a response from Long Chen.

At the very least, he did not have to be afraid of enemies below the Divine King level. As long as he protected himself with the Dustless Fragrance at all times, he would at least not be killed. Of course, being assassinated was excluded.

With the ability of the Hell God King, being able to quietly approach Long Chen and then use the Dustless Incense, was absolutely foolproof. Not long later, the Dustless Incense made Long Chen faint and he fell into a deep sleep.

"He's really strong. He actually used half of it. That's more than two times more than what I imagined!" How do I explain it to Divine King of Light tomorrow? It will be a problem, but for the treasure of 'Order-level', I will give it my all. "

The first step was to tear apart Long Chen's divine country. While the other party was unconscious, he, the dignified Infernal King, was still able to do such a thing.

"Brother Chen!"

Without Long Chen's response, and with the Divine Kingdom starting to shake, Ling Xi was a little nervous. What exactly happened?

She had tried to use her Three Lives Love Silk and Long Chen's share to awaken Long Chen, but she hadn't thought that the sweet smell of dust would also be transmitted from the Three Lives Love Silk like poison, causing Ling Xi to be greatly affected as well!

Her face changed.

"This is a type of fragrance that can make one fall into a deep slumber!"

Even Long Chen was rendered unconscious by the Aroma Burst, so she was even more unable to break it.

It was obvious that he was being coerced by the enemy, so Ling Xi quickly understood that the other party's goal was her, because in the God Kingdom of Long Chen, the only person alive was herself. She saw a black figure, and his killing intent was locked on her!

"Who is it!"

Ling Xi hadn't even said a word when a black ray of light shot out from the God Nation's opening and pierced into her forehead. This was a Divine King level divine spirit. In the eyes of the Infernal King, Ling Xi instantly fell to the ground and lost all of her life force. Even the fetus in her abdomen stopped beating.

"He's already dead."

After completing the mission, he let out a sigh of relief. The closed Divine Kingdom quickly left. The entire process was efficient and without any accidents. Of course, he had already made sufficient preparations, and with his current strength as a Divine King, it was impossible for anything to go wrong.

In the midst of the haze, the smell of dust had already engulfed his entire body, and even his primordial spirit was surrounded by this unique fragrance. Long Chen entered into a tranquil and serene world, as if his lower body was wrapped in a fragrant swamp, his senses naturally felt extremely comfortable.

But he was in danger.

The only place that was not tainted by the Avarice Fragrance was probably his Dragon Jade Dao Seal.

At this time, the Avaricious Incense rushed towards the Dragon Jade Dao Seal with the intent to spread over them, but at this time, the black Dragon Jade Dao Seal trembled, and all of the nearby Avaricious Incense dissipated. Long Chen's primordial spirit was relieved, and instantly sobered up. Almost his own life had already been exterminated! The danger of death made him use the fires of his life!

He quickly discovered with incomparable fury that the danger of death did not come from him, but from Ling Xi who was in the God Nation. She had suffered enormous injuries, and Long Chen felt as if she was struck by lightning! In all these years, he had never been as angry and angry as he was at this moment, when his heart was being torn apart by ants!

But he did not lose his reason.

It was Ling Xi who had entangled the heart of the two of them and connected their lives together. Now that Long Chen was not dead, he had to bear the consequences of Ling Xi's injuries. Evidently, Ling Xi was not dead!

"Xiao Xi, hold on!"

But now, there was still the Aroma Burst that was interfering with Long Chen, making it difficult for him to differentiate between his and Ling Xi's situation. He faintly felt that she seemed to be distancing himself from him, and to Long Chen, this was a terrifying disaster, causing his entire person to fall from heaven into hell. At this moment, he was angry to the point that he couldn't control his own strength. If he was also a demon at this time, then when he went crazy, he would be even more terrifying than an ancient Giant Demon!

"Brother Chen, I'm fine!"

She did not seem to be weak at all, in fact, her condition was perfect. On the contrary, Long Chen's own state was more miserable, after all, three lifetimes of love had sent half of the damage to Ling Xi to him!

"Did you see it clearly? Who did it? "

This was Ling Xi's second sentence.

As long as she was fine and in good condition, for Long Chen, this was the greatest happiness. But even so, the person who made a move today was still a blood feud! He was someone who needed to be killed for the rest of his life! No matter who he is! He ignited the flames that had been burning in Long Chen's heart for a long time, causing him to go from a kind-hearted person to a demon that massacred!

The blow this time could even change Long Chen completely!

He was so confident that after confirming that he had killed Ling Xi and that Long Chen had fallen into a deep slumber, he would immediately leave. It was precisely because of this that he heaved a sigh of relief, allowing Long Chen to guess his identity!

In reality, to be able to do this, it was definitely not possible for ordinary Divine Monarchs. To release the Dustless Incense, Long Chen would have realized that it would not be like this, where no one would be able to do it. If Long Chen had not seen him leave with his own eyes, he could have made it up in the future.

After all, there was no reason for Long Chen to suspect him even if he did such a thing!

He was the Infernal King!

"The Infernal King!"

Long Chen clenched his fists tightly. At this moment, he had actually calmed down, as he knew that Ling Xi was completely unharmed. That was enough! Although the Hell God King did not kill Ling Xi, he had already made up his mind. He was not a match for the Hell God King, so chasing after him now was undoubtedly courting death. He had to endure it.

Even if he had secretly killed, Long Chen would not be this angry!

He was dealing with Ling Xi!

That was the most precious thing to Long Chen, and was more important than anything.

Right now, the Aroma Essence was gradually dissipating, but the anger in his heart, as long as the Infernal King was not dead, would not dissipate. In fact, it would even be impossible for him to weaken. Following the disappearance of the Aroma of Desire, he gradually regained his senses, and shockingly discovered that the God Nation was actually empty. Ling Xi had disappeared!

At that moment, Long Chen's tears couldn't help but start streaming down his face. But luckily, Ling Xi's voice immediately sounded and her voice was a little choked up, but she still forced herself to calm down and she said: "I'm not dead, and the child is fine. Calm down first, I'll tell you what happened to me."

"Tell me, where are you?"

Long Chen stood there in a daze. His eyes were normally filled with killing intent and half of it was fury. His eyes were already completely red, and were completely bloodshot, staining his eyes red.

Ling Xi said: "That person took the opportunity while you were sleeping to open the Divine Kingdom, and killed me and my child. It was my Three Lives Silk, and it allowed you to bear part of the burden of our deaths, and kept you alive for a short period of time. The child also struggled to survive, and then, the spirit sword and the plain sword protected me, and a space suddenly appeared around me, swallowing me, the spirit sword and the plain sword. You must not worry. "

Although such a calamity had occurred, fortunately Ling Xi and the child were fine. It could only be said that her luck was too good, but there was one more thing, since he knew who took action, then she would not be kept in the dark, and this hatred would definitely be fiercely avenged, no matter who he was, even if he was the Divine Emperor's Di Jun.

In Long Chen's eyes, there had never been an enemy that no one could defeat.

Just that, he still had to understand clearly what had happened to Ling Xi.

At this time, Ling Xi said in pleasant surprise: "Brother Chen, I know where I am now, and the place I am standing is called 'Heavenly Sovereign Sword Sea'. This is the space that the Sphinx left in the Dragon Sacrifice Continent, I am filled with goddess blood and psionic inheritance, and this place has sensed my existence and has been protecting me ever since I was seriously injured and on the verge of death, so it is here that I have been brought here by summoning psionic sword s. "He helped me recover from my injuries."

"Sphinx?"

Long Chen heaved a sigh of relief. He had originally planned to go to this place for the Pure Sword and Ling Xi after he had become a god, but he hadn't thought that when Ling Xi was injured, this place would actually be his place to look for him. If it wasn't for the help from this place, even if his Three Lives Love Thread had eased up a little, Ling Xi wouldn't have been able to escape this calamity!

What was certain was that Long Chen possessed the blood of the Goddess of Su and the psionic inheritance. Although the Sphinx didn't know whether or not it still existed, he definitely wouldn't harm Ling Xi.

Reaching the 'Heavenly Sovereign Sword Ocean' at least meant that Ling Xi was safe.

Furthermore, she had also completely recovered without any injuries. This was the credit of the Sphinx.

Moreover, there were even spirit swords and plain swords protecting her.

Perhaps, she might even be able to gain some benefits from this disaster and obtain some inheritance from the Supreme Heavenly Sword Sea.

Based on her understanding of the Lingsu Star Sea, from the moment Ling Xi and the sword came into contact, she had started to interact closely with the Sphinx. She had opened the blood of Goddess Su, obtained the psionic inheritance, and met with the sword in the Lingsu Star Sea.

Presumably, the traces left behind by the Sphinx that Long Chen and the others were looking for had long noticed her. It was just that at this critical moment, he brought her to the place she should be.

"Don't worry, the world here is very friendly to me. Everything here is peaceful, and the child and I should be fine. If anything happens, I will definitely inform you in advance. Brother Chen, you don't have to worry about me, I won't die! "

Having experienced the most soul-stirring life and death crisis, now that they had passed through this calamity, both of their hearts had become half-cold. Ling Xi was currently perfectly fine, so she was worried that Long Chen might lose control because of worry for her.

"I know that. You are much stronger than I imagined you to be. "

He wanted to protect her under his own protection so that she would be safe and not encounter any danger, but because of this, she would also become weak, and lose the ability to resist danger. Perhaps, with this change, Ling Xi would be able to break away from the greenhouse that he had created for her.

Ling Xi was at ease within the 'Heavenly Sovereign Sword Sea', and Long Chen could even see what she was seeing, it was a similarly boundless starry sky. Ling Xi was standing on a greatsword that seemed to

be carved out of meteorites, flying far away, and around her, there were countless meteors forged into greatswords, these greatswords were comparable to stars, and replaced their positions in the starry sky.

Each Meteor Sword was ancient and mottled, full of the vestiges of time. There seemed to be many complicated patterns on it. It seemed simple, but it actually contained the profound laws of the Dao of the Heavens.

Ling Xi was now drifting in the endless starry sky.

She was not a person without a temper who had suddenly encountered such a killing intent.

At this time, her voice was somewhat shaky, and she asked: "Brother Chen, do you see who is making a move against me? I ask myself, you should not offend anyone? "

All along, Ling Xi had been under Long Chen's protection and had been safe with anyone. It was even more impossible for her to offend such a strong practitioner.

Long Chen took a deep breath, killing intent flickered in his eyes as he said, "It's the Infernal King."

Ling Xi, who was standing on top of the ancient sword, was startled, her eyes revealed a hidden fierceness, and also some doubt: "How could it be like this? This Infernal King and I have never interacted at all. Why would he hide the truth and secretly kill me?! "

Long Chen did not understand either.

Killing intent flickered in his eyes as he said, "We don't need to think too much into it. Once I slaughter him, we will naturally know the result. Don't worry, I won't be rash. Now, the reason is no longer important. "

It had been a long time since Long Chen hated the Ancient Giant Demon so much. When he fought the Ancient Giant Demons, he hated them more for saving the life of the people and for taking responsibility. However, this kind of personal hatred at that time was not weaker than it was back then. He once thought that the Infernal King was a good senior, but now, he was the personal enemy Long Chen wanted to kill ten thousand times!

"I hate you!"

Long Chen squinted his eyes. He had just come back from Lingsu Star Sea and met the return of the gods! Long Chen did not trust them from the beginning, but now he even more so!

"Although I don't know the reason, but I must take revenge for this grudge. Not only did he almost kill me, he even nearly killed our child, if not for the Three Lives Love Silk and Sphinx, the child and I would have left you, I can't imagine what this would mean to you. If it was me, I'm afraid the world would have collapsed, and everything would have lost its meaning." Ling Xi was a very gentle person, she had always been by Long Chen's side, growing up from the liveliness and loveliness to the gentleness of a wife.

Because of her child, and also because she doted on Long Chen.

If they had not lost their child, if they had let Long Chen suffer great suffering, then their hatred would have been huge. If not for their good fortune, the Infernal King would have almost caused Ling Xi to suffer the world's most fearsome torture. Every mud man has a temper.

"I want revenge. Brother Chen, just you wait, I must make him regret what he did today. He almost made me lose everything."

Gently, Ling Xi wiped away her tears. Her eyes became even brighter, for her child and husband, at this moment she held the sword in her heart.

Long Chen saw the change in her.

He couldn't say anything. No matter what kind of lifestyle Ling Xi chose, she was still the person he loved the most, and her heart wouldn't change. Because of love, she chose to love and raise her children.

"Blame me for being too relaxed. I was wrong to think that this was a peaceful occasion, but I did not expect this to happen. It was even scarier than I had imagined. From today onwards, I will accompany you to the end! Xiao Xi, no matter who wants to touch you and your daughter, I will make them pay a heavy price! "

From a docile sheep to a cruel, hungry wolf, from today onwards, Long Chen would once again become the one who bears the burden of hatred. This hatred is limitless, and no matter whether the Infernal King succeeded or not, he had at least done this, and would have to pay a heavy price!

"Brother Chen, promise me one thing."

Ling Xi bit her lips and said seriously.

"Go ahead."

"When I come back, I want to fight alongside you, just like how we did in the past, I don't want to be a burden to you, I want to face everything together, like revenge, I'm a mother, I can't be like before, I have the two most important people in my life now, I have to work hard, I don't want to be a woman who can't even protect my children and husband, I don't want to lose you, you guys are more important than my own life ... I can't bear to be killed before she even sees this world, I don't want to see you suffer for my entire life, so I want to work harder, I want to work harder."

Long Chen was extremely shocked in his heart.

He had always felt that she would stay obediently and stay in the greenhouse that he had created for her. He had to face any kind of suffering himself, it was extremely unfair for her, as he did not have enough respect for her. Even though she was extremely important to him, wasn't he the same to her!? She was afraid that she would suffer for the rest of her life. After this lesson, she was afraid that she would never let herself slack off again.

Only by breaking free from the cage, would she be able to move further away and not need her protection.

Her love was the cage that surrounded her.

Long Chen understood. He nodded heavily and said, "From today onwards, let's change our habits and methods. I will respect any of your choices, and I will take care of myself. When you come back, we'll work together and take revenge! "

"You have to be sensible about this. After all, behind the Infernal King, there might be other Divine Kings, and even Divine Emperor. "

"I understand."

Long Chen took a deep breath.

Revenge had begun!

He suddenly opened his mouth and sneered. He once thought that after defeating the Age Sky Demon, his life's mission would be over and he would be able to start a comfortable life. He didn't expect that wasn't the case.

He had never been afraid to fight. If he fought, he would think of the enemy as one of his own. That would be the worst. Having learned a lesson and nearly losing the most important person in his life was enough!

Ten years was not too late for a gentleman to seek revenge. Before he had no confidence in winning, would not reveal his true strength. As for the Infernal King, just pretend that he had never seen him before!

This was a promise between her and Ling Xi.

Protecting yourself is the greatest love you have for your lover.

After the agreement was made, it was time to launch a counterattack. Long Chen cleared his throat and called Mo Xiaolang, Su Yan and Little Cat over. They still did not know what had happened.

Hearing Long Chen's urgent shout, Mo Xiaolang and the other two quickly appeared. The moment they saw Long Chen's red eyes that were filled with killing intent, they were startled for a moment, and immediately asked: "Big Brother, what happened?"

"Boss, is there something wrong with your eyes?"

Long Chen stared at them, and said: "From today onwards, you all must remember one thing. "It's very important!"

Seeing Long Chen being so serious, even Little Cat dared to joke around.

"Go ahead."

Long Chen enunciated word by word, "Today, just now, Ling Xi was killed by a god who was at least at the Divine King level!"

The three of them were shocked. This news was undoubtedly scary, but Long Chen's current condition was still alright, not to the extent of Ling Xi's death.

"This is something that you should remember. The process went like this: While I was cultivating, he used a mysterious 'incense'. It should have been hongmengxinling, which caused me to fall asleep, then opened my Divine Kingdom and killed Ling Xi and my child! I don't know who he is! And now I hate and suffer!"

Chapter 2645 - Opening of the Battle of Gods

This was something that they had to remember. From Long Chen's words, and also his current performance, it was likely that Ling Xi and his child did not die.

Cat was the one who could not take it the most. She said anxiously, "Boss, we know all about it. We just want to know what happened to them. You're going to kill me!"

Mo Xiaolang and Su Yan were the same, Su Yan could not stand hearing such news.

Long Chen found it hard to control his emotions.

He became speechless, but he still sighed and said: "It's a coincidence, before she died, she was brought to a place called the 'Heavenly Sovereign Sword Sea' by the spirit swords and Susu Jian, and it's already completely recovered. It's fine. You can rest assured of this, but I must have my revenge! So, just pretend that you don't know about this. All you know is that she was killed! That's it! As for the others, even the Dragon Emperors do not need to elaborate, so I will naturally explain everything to her clearly."

"Damn it!"

Mo Xiaolang probably understood him the best. He was the first person who met Long Chen, and followed after Long Chen and Ling Xi through countless mountains and rivers. In his heart, he respected Ling Xi the most, but he never thought that such a thing would happen today!

Cat was also silent, with a hint of killing intent in her voice. "Boss, from your tone, you should know who did it." Don't hide it from us, the three of us at least won't be exposed. If we are too strong, we

definitely won't be able to deal with it. So we have to be patient, we understand. Let me think about it a bit.

If it was an expert he did not know, Long Chen would not be so furious, because he would want to know who they were the most. He had a goal and he even knew who it was.

That was why the kitten could guess.

"En, but just pretend that you don't know, and I will also pretend that I don't know."

Mo Xiaolang nodded, and said: "Big brother, we understand. Just think of it as Sister Ling Xi being killed, you don't even know who did it! If it's a Divine King, with your relationship with the Infernal King, the most important thing to do right now is to seek help from the Hell City! Just follow this. confuse them, and wait for the right time to act. "

Su Yan and Cat, who were at the side, also understood.

"Damn, this son of a b * tch is definitely not a good dog, it really is the dog stuff. Big brother, you guys can go to Hell City and I won't show my face anymore, I'm afraid that I won't be able to hold myself back. "

The kitten cursed.

In fact, Long Chen wasn't worried about Cat the most. Although he was eccentric, he had his limits and would never be vague when it came to big things.

Mo Xiaolang was right, this matter had to continue. If he treated it as nothing, then the Infernal King would definitely know that Ling Xi was still alive.

Long Chen thought for a moment, then said: "Little Wolf, wait for me for a while. As for the Infernal King, he probably thinks that I haven't awoken from that trance for now.

Su Yan had to follow along, she was also fighting strength now, and if Long Chen lost his psionic sword, his fighting strength would definitely be affected a lot.

However, this was only the beginning.

Long Chen explained the entire situation to his aunt.

Yang You was very calm as she said, "The actions of the gods are very strange. There will be a day when the conflict between you and them will break out. Today is just the beginning." Since Xi Er is fine and has told you so much, then first, you have to respect her opinion. Second, you have to be calm and take care of things. Do you understand? In addition, you should also understand what the Hell God King represents. Behind him, is the enormous dragon sacrifice Divine Spirit System! You have to be prepared to confront this system! Especially the Divine Emperor's Di Jun! "

She was her mother, the person who unselfishly loved Long Chen the most.

Long Chen finally understood that it was very possible that the person he was going to kill was not a single person. All the returning gods! After a period of confrontation, as far as Long Chen was concerned, the battle had begun. He and the Gods were not on the same side.

"I understand, this is not just a small murder, but a war that has to be waged! What happened today was just the fuse. I'm not destined to be on the same path as them. This is a battle that lasts even longer than fighting an ancient Giant Demon. It's also a difficult battle, so I'm ready! "

Knowing this, he knew how childish the impulse was.

If Long Chen was extremely angry, he would immediately find the Infernal King and question him. If he risked his life, not only would he die, everyone in Five Dragon Cities would suffer as well. He would not do such a foolish thing.

Yang You looked a little further away than him.

"I'll be leaving first."

"Always remember how much she loves you. "And us." Yang You faintly smiled as he looked at his child.

"Understood."

Long Chen told Cat to stay in the Five Dragon Cities, and he brought Mo Xiaolang and Su Yan to Dragon Devouring City, then to the Hell City. Just as Yang You said, this was the beginning of a war. Since this was a war, one had to be extremely tense! Right now, he had to act as if the person he loved the most had already been killed!

He had lost his wife and children! He became the most miserable person!

In this situation, he did not hide his pain at all. From the moment he reached Dragon Devouring City, a thick wave of killing intent covered the sky and earth, heading towards the Hell City from the Dragon Devouring City. On the way, even the gods of the Western Regions would be able to feel this fatal killing intent!

"What's going on?"

"Isn't this Long Chen? The red person in the eyes of the Infernal King. "

"What's with that bitter and vengeful look on his face? Did his mother die at home? Or did the woman bring him a green hat? "

The gods followed faintly from behind. They wanted to see what happened to Long Chen, who was in such grief and indignation.

In the blink of an eye, the Hell City had arrived.

There were already a few divine beings who arrived here first, but due to Long Chen's imposing manner, all the divine beings from the Hell City came out. Adding to that, there were quite a few people who followed behind Long Chen.

This sort of battle formation would definitely startle the Infernal King.

"Long Chen, what happened?"

The Hell God King came out of the Shencheng with a calm face. Just as he came out, he met Long Chen, who was extremely aggressive, with raging killing intent and blood-red eyes. The two youngsters beside him were practically the same, and even Su Yan was not pretending.

In the face of the calm of the Infernal King, Long Chen's heart overflowed with anger! However, he could not vent his anger on the Infernal King. He immediately half-knelt in front of the Infernal King and said in grief and indignation, "Celestial King, please help me take revenge!"

The Infernal King had already expected this. He promptly helped Long Chen up and said with concern, "Don't hold grudges for now, tell me what exactly happened!"

After hearing all these, the god was extremely shocked. Although they did not like Long Chen, but they couldn't deny that this was indeed very painful, and though everyone was showing sympathy, they didn't know whether they were happy or happy. They would not care about Long Chen's life or death. What they were concerned about was that, other than the Divine King of Light and the Infernal King, there were also the two Divine Kings of the Goblin Tribe.

The Infernal King frowned deeply and said, "You grieve for the passing of your lover. As for revenge, are you sure that person has at least the cultivation of a Celestial King?"

Long Chen said angrily: "To be able to approach me without a sound and use that strange thing to let me sleep, you must at least have the strength of a Divine King!"

The Infernal King nodded. "Indeed."

He thought for a moment and said, "Other than us, there are no other gods who have returned from the Dragon Sacrifice Continent. This means that there are two possibilities.

I didn't think that he would drag the Incantation Guardian into this, so Long Chen shook his head and said, "It can't be him, if he wants to make a move on Ling Xi, he can completely make a move inside the Incantation. I think the God Kings from other worlds must have snuck in! Although the two Demon God Kings are not close with me, they would not do such a thing! "

The Infernal King nodded. "Indeed, those two Celestial Kings are very friendly. They are our allies. Then he could confirm that it was the God King of the outside world. Damn it, someone had actually snuck in! Don't worry, I'll give the order right now to have all the gods track this guy down! You are a member of

the dragon sacrifice's Gods, so your hatred is our hatred. Right now, that person might not even have left, and that's the chance to grab him. Also, I will inform the Witch clan and Seafolk about this. "

When the acting is almost done, Long Chen immediately said gratefully: "Thank you, God King. If I can catch him, I beg the Godking to let me handle him! I will definitely let him taste all the pain he has to endure, never to reincarnate! Cut his body into ten thousand pieces! Let him taste all the pain in the world! "

"Alright, this is our world, it's not a good omen for someone else to sneak in. I'll leave right away to search. You go back and wait for my news, if anything happens, I'll immediately notify you."

Aside from himself, all the other divine beings thought that what he said was true. They thought that there would be the arrival of a Exotic God King and became very nervous, but this was their territory, so with the protection of the Divine King, they could still chase after a God from another realm!

Long Chen thanked the Hellgod King before returning in a daze. At this time, almost the entire Dragon Sacrifice Continent had sent people to find an intruder from the outside world. From this, one could see how much the Infernal King valued Long Chen.

"Why would you do such a thing?"

After Long Chen left, a dot of light appeared behind the Infernal King.

The Infernal King narrowed his eyes and smiled, "It's just playing. Otherwise, it would be boring, right? This brat is not simple, I want to see how much potential he has. There's a woman who's just a burden, a burden that can't bring out the dark side of him. "

That speck of light replied: "Stop talking nonsense, Princess Di Yao told you to do it. Wasn't she doing a lot of this kind of nonsense? If you go with her, you will pay for it one day. "

Chapter 2646 - God Slaughterer

When the Infernal King ordered the gods to search for the mysterious God King, Long Chen could only return to the Five Dragon Cities to wait for news. Of course, he knew in his heart that there couldn't be any news.

This was because the person who had attacked was the Infernal King himself.

Of course, if he didn't go to the Infernal King for help, the Infernal King would naturally suspect something.

Right now, he could only pretend to return to the Five Dragon Cities and wait for news. Of course, his actual plan was to become stronger as soon as possible and prepare for the upcoming war.

At the very least, he had to survive the demonic god tribulation as soon as possible. Otherwise, he wouldn't even have the right to speak.

With the sword and spirit sword not by his side, Long Chen's battle power was greatly reduced. Right now, he was still lacking a suitable Divine Manifestation grade equipment, after all, spirit swords and spirit swords still had to be returned to Ling Xi. That was something that belonged to Ling Xi, she would take revenge against him.

On the way back, the three of them were very determined.

"From the moment the Nine Heavenly Thunder God appeared, we could no longer live in peace with them. Big Brother, in truth, we should have already understood that the god corpses in the Spirit Sea back then could not be fake. There must be something strange with these Primordial Gods now, and even their return is strange."

Mo Xiaolang said coldly.

"To be able to distinguish between friend and foe at this moment, we can be considered lucky. The Primordial Gods is different from the Primordial Demons, they are all at their peak, they have tens of millions of years of cultivation time, if we really want to fight against this group, we have to think carefully and be cautious. You two can't be too hasty. "

Long Chen warned.

Mo Xiaolang and Su Yan nodded. Su Yan didn't have too many thoughts, she naturally listened to Long Chen and Mo Xiaolang.

Currently, their team only had four people, so if Ling Xi managed to return safely, she reckoned that it would be five people. Therefore, she had to become stronger!

"The Origin Dragon Palace!"

Maybe this was a hope for Long Chen.

So his goal was obvious, and that was to first become a god, then a true dragon, and then the Dragon Palace of Origin.

Because when he went to look for the Infernal King, the news of his wife and daughter being killed had already spread among the gods. It was obvious that the Primordial Gods had not allowed him to join them. For example, the Storm God.

"Let them be happy."

One day, they would not be able to laugh.

During the journey back, Long Chen had also been in contact with Ling Xi. Ling Xi was still travelling on the ancient sword, passing through this 'Heavenly Sovereign Sword Ocean'. As for where she would go, even she herself did not know. The Spirit Sword and Su Jian were currently protecting her, the two butterflies dancing around her, this dying was a new life for her, her eyes had changed a lot, from weak to stern, but the hand she placed on her lower abdomen was still filled with endless gentleness.

Her killing intent was for protection.

"Next up, I will cultivate in the Five Dragon Cities. From time to time, I will get angry and pass on to them the information that I am still in pain and cannot extricate myself."

"Waiting for me. I feel like I'm about to reach my destination. "Wait for me to go back."

"Alright."

Long Chen felt her deep love for him. She had grown up with him, from being cute and gentle to becoming a mother now. She had moved Long Chen too much.

Girls, wives, and mothers, three different times, three different duties.

When he was near Dragon Devouring City, a woman suddenly appeared before Long Chen's eyes. Her light golden hair danced in the sunlight, and her suet jade like skin flickered with a beautiful radiance. His bright and lively eyes hid worry and gentleness, as well as deep sympathy and heartache from the woman. At this time, she naturally appeared in front of Long Chen with the posture that was the most beautiful she could perform.

After Long Chen saw her, he went around, as he did not want to mess with this woman. Especially ever since then, almost everyone who had connections with the Infernal King had been his enemy.

"Long Chen!"

Di Yao caught up and blocked Long Chen's view with her hands. Her light golden eyes were slightly teardrops, and she said with a choked voice: "I ... I heard about your matter, I know that your heart is currently in pain, so I wanted to accompany you, okay?"

"Get out of the way."

Long Chen could not be bothered with her, especially after seeing that Ling Xi was almost killed, he had even less interest to bother with other women, no matter how beautiful this woman was or how high his status was.

Just as he was about to leave, Di Yao still refused to forgive him. She said: "Long Chen, even if we recognize him now, he can still be considered a friend. You saved my life, and I'm grateful to you, and I don't want you to suffer too much. Today you may not be able to come out of the abyss of pain, and I don't know what I can do. "Both of you, take good care of him."

Everything she said seemed to be from her heart. From her anxious expression, it could be seen that she was indeed very concerned about Long Chen.

"I'll be leaving first. We can talk next time if you have anything to say."

Long Chen still left. He brought Mo Xiaolang and Su Yan into the Swallowing Dragon City, and now that everyone in the city knew of this news, the fifteen Dragon Emperor s and Yang You were all gathered together. At this time, everyone was staring at him blankly, their eyes filled with tears of pain.

Ling Xi was someone that everyone liked.

No one would hate her.

Back then, when the Ancient Giant Demons were in chaos, she was the one who used the teleportation formation to save the Five Dragon Cities, and it was she who used the formation diagram to help Long Chen settle the matter of the soul-controlling demon's avatar.

The effort she put in was far more than this.

In everyone's eyes, she was the most suitable woman for Long Chen.

He hadn't thought that such news would suddenly come today.

In order to get revenge, Long Chen had to hide even fifteen Dragon Emperor s, so he could only let them suffer from this pain temporarily, in the hope that they would forgive him in the future.

When he landed on the ground, tens of thousands of people looked at him with tears in their eyes. The entire Dragon Devouring City was extremely quiet, and only the sound of people silently sobbing could be heard. He was very sorry to Long Chen, but he could not be exposed, so without saying anything, he quickly rushed towards the teleportation array and returned to the Dragon Slayer City.

Only then did the crowd burst into an uproar.

Yang You said in a clear voice, "Everyone, don't be anxious. We will comfort him well. During this period of time, everyone is peacefully staying in Five Dragon Cities. Don't go out."

She and those fifteen Dragon Emperor s were jointly maintaining the order within the Five Dragon Cities. Currently, almost all of the Five Dragon Cities s were extremely angry and sad!

"We must find the murderer and hack him into pieces!"

"Miss Ling Xi is so good, to think that there would be someone who would do something to her. Damn it, this kind of person deserves to die a thousand times!"

"I heard that it was done by a very powerful god, possibly from another world. I don't believe that those gods even dared to snatch the Everlasting Dragon City, what else could they possibly not do!"

The entire Five Dragon Cities was in a flurry of discussion, needing Yang You and the fifteen Dragon Emperor s to suppress them, but in reality, the hearts of the fifteen Dragon Emperor s were filled with pain, how could they calm down?

"Yang You, are there any more secrets?" The Immortal Dragon Emperor's eyes were red as he pulled her aside. All the fifteen Dragon Emperor s treated Ling Xi as their grandson, and their love and love for her even exceeded that of their own children.

Yang You took a deep breath and said, "Let's continue like this. The one who makes a move will pay the price." I swear on my life, everyone, believe in me. His spirit in heaven will definitely protect Chen Er and Xi Er and let them pass through this crisis. "

Her words were vague, but it was enough for fifteen Dragon Emperor s. The fifteen Dragon Emperor s had lived for so many years, so they still understood this matter. Regardless of whether Ling Xi was dead or not, with their hatred set down, the young people would naturally have their own plans for what to do.

The Immortal Dragon Emperor laughed coldly and spat out a mouthful of saliva, "Primordial Gods, hehe, whoever did this will have to swallow this bitter fruit! I can't do it, but Chen Er, there is nothing that he can't do! "

There were too many people in Five Dragon Cities who were filled with righteous indignation, for example, asking them to suppress the scene.

Long Chen had already returned to the Scarlet Dragon Palace, which seemed desolate.

He thought back to the first time he came here, when Ling Xi was still waiting for him on Sky Dragon Star.

In the blink of an eye, it was as if thousands of things had happened.

He had helped Long Qinglan regain his reputation as the Eternal Dragon Emperor. He himself became a slaughter Dragon Emperor and lost against the Immemorial Giants who were impossible to defeat.

Everything was a miracle.

"I'm afraid that the next one would be Deity Slaying."

He was not his target, he was his desire.

To slay a Deity, one had to first become a Deity! If one didn't become a god, how could he massacre gods?

The state of his heart today allowed him to approach it once again. The day of becoming a god was almost within reach.

When he entered the Dragon Devouring City, Di Yao was still far away, her eyes were still watery, her heart was full of worry. Just now, Long Chen's appearance caused her to feel extremely pained, she could not believe that he would be in such pain. But she had to do it.

"Mother, I love him!"

"Heartache? You will fall in love with him, and he will fall in love with you. You have already completed the most crucial step, and now you can comfort him in his most painful moment, and take advantage of the moment to take the place of that girl in his heart. The more you fall in love with him, the faster it grows. Your father will arrive in the Dragon Sacrifice World in a few years, so you don't have much time left. "

"Yes!"

Di Yao nodded heavily.

The Infernal King had succeeded, but she was actually rather afraid.

At last, however, she had come to this path, and by now she could not tell whether she was really in love with this man, or with him for the sake of being in love with him. There didn't seem to be much difference. In any case, her entire world was filled with that blood-red eyed man.

"I love him, I must have him!"

Di Yao held her hands together and said in a trembling voice.

At the same time, when Long Chen was preparing to cultivate in silence, Ling Xi said with a bit of pleasant surprise: "I seem to have reached my destination."

Through these love threads, Long Chen could see everything around her, such as the gigantic ancient sword beneath her feet, the gigantic Ancient Meteorite Sword that replaced all the stars in the entire starry sky, densely packed and numbering in the hundreds of thousands.

and now, the largest Ancient Meteor Sword appeared in front of Ling Xi. It was a hundred times bigger than the one she was standing on right now, and as it floated above the starry sky, it was even larger than the combined area of the three Everlasting Dragon City s combined. It was practically a huge island in the starry sky.

Other than its enormous size, this Ancient Meteor Sword was no different from the others.

"This should be the core of the 'Heavenly Sovereign Sword Sea'." Ling Xi had already stepped onto the ancient sword, she was now standing at the tip of the sword, walking towards the sword hilt, the spirit sword and the plain sword were circling around her, two rainbow colored butterflies were on her shoulders, curiously looking at the surroundings.

"That's right, this is the core of the Heavenly Sovereign Sword Sea. I sensed the aura left behind by the Sphinx at the sword hilt. " The Pure Sword's Creation Heroic Spirit Butterfly said.

In order to distinguish them, Long Chen gave them two other simple names, Little Spirit and Little Su.

Although the two Good Fortune Heroic Spirits were against such a name, if Long Chen called them out, they could only admit defeat.

The key thing was that after that, even Ling Xi called them that, they accepted their fate even more.

"This place is so magical, I can't believe I was this powerful before!" No wonder when I met Big Sister Ling Xi, I felt that I had to follow her.

Ling Xi's Good Fortune Heroic Spirit, Little Spirit said happily.

Xiao Su asked Ling Xi, "Are you sure you want to go over? I'm not sure if there's any danger, are you not afraid?"

Ling Xi shook her head and said: "I must be scared in the past, but now, I have already experienced death, so there is nothing to be afraid of. Nothing here will hurt me. I'm not afraid. "

She was a person without a goal in the past.

Now that she had it, she wanted revenge. to be with Long Chen.

If he didn't do so, it would be hard to resolve the hatred in his heart.

She would never forget how terrifying she felt when she looked after Long Chen and the child before she died.

Therefore, she walked up resolutely to the hilt. There, she saw that there were two slots on the hilt of the Meteor Sword. Looking at its size, it seemed like it wanted to place the sword and the sword down.

"Are you ready?"

Su Jian asked again.

"Yes." Ling Xi faintly smiled, the look in her eyes had changed a lot.

Chapter 2647 - The Path of the Sword

Ling Xi seemed to have already arrived at her destination, and upon hearing the news, Long Chen became a little nervous. After all, the territory left behind by the Sphinx was still considered unknown, as mysterious as the Incantation and the Origin Dragon Palace.

Who knows if they will encounter danger again.

He stopped his cultivation and focused on waiting for Ling Xi to continue cultivating. For some reason, ever since this incident happened, he started to have a lot of trust in Ling Xi.

She always felt that the current her could accomplish many things that surpassed her imagination.

Right now, she had already separated herself from the sea and was facing it on her own. In the endless sea of the Skysword Sovereign Sword, her beautiful face was the only color and light in the entire starry sky. She had an ethereal aura that no one could compare to.

She used her slender and smooth hands to hold onto the black and white Lingxiang's twin swords and stabbed it into the slot without any hesitation. The depth of the slot happened to be at the point where the sword blade completely submerged into the slot while the sword hilt remained outside.

This might be the eye of an identity.

Ling Xi let go of both her hands. At this moment, she could see that the Meteor Sword beneath her feet had started to shine with black and white light, blossoming like the sun in the dark starry sky. The light even started to spread towards the outside world, gradually causing the entire Meteor Sword in her field of vision, the entire starry sky, to be dyed with this simple but mysterious divine light.

On the giant meteor sword beneath his feet, the indistinct patterns on it had become clear due to the glow of the light. On the giant meteor sword under his feet, the indistinct patterns on the giant sword had become clear due to the glow of the light.

In the blink of an eye, hundreds of thousands of giant meteor swords that could be seen all lit up like stars. Looking from Ling Xi's side, there were countless sword-shaped stars shining brightly in the night sky, covering the entire Supreme Sword Sea, it was also a kind of beauty.

Through his love for three lifetimes and through his divine palace, Long Chen could also see these scenes.

They converged towards the same direction, and countless divine swords began to combine together. This process was very quick, and before long, they formed five big words in front of Long Chen and Ling Xi.

These were the five characters formed by the sword.

These words were: Spirit! Su! Deity! Sword! Dao!

All combined, it was the Path of the Divine Sword!

Although they did not know what the 'Divine Sword Dao' was, these five words, which were formed from countless meteors and giant swords, were enough to shock the two of them! This was a type of sword dao that caused people to be deeply afraid, it was the laws of the sword. There were only five big words, but it meant that this was most likely something that had been passed down in the Sphinx.

It was the feeling these five big words brought to Long Chen and Yue Shan. It was like the first time Long Chen had seen the Primordial Blood Spirit Dragon's inherited blood essence, which made his heart tremble uncontrollably, even the Immortal Sword Dao was so unfathomably profound.

Those five big words seemed to be shrinking, but its immense power was still increasing, even occupying the entire ancient starry sky.

Su Jian was even more excited than Ling Xi, he said: "The Immortal Sword Dao! This was Sphinx's territory! What exactly happened to him to actually leave the Immortal Sword Dao here? "

Ling Xi's heart was calm, and she asked: "Xiao Su, what is this?"

Su Jian said excitedly: "Sphinx cultivates a total of three great rules. The first is 'spirit' and the second is 'Su', but Ling Su is not her strongest attack. Her third rule is ... sword. He is the God of Swords, before leaving the Lingsu Star Sea, she had comprehended the laws of the sword and made them into the 'Spirit Elemental God Sword Dao'. Presumably, these five words contain all of his attainments in the way of the sword, as for why he is here, I do not know. "

Long Chen and Ling Xi were very clear that if the Immortal Sword Dao really existed, its value would definitely surpass that of the Sector lord Divine Arts and psionic inheritance. And it was far beyond.

As they continued to guess, the five gigantic words had actually already shrunk to the limit, becoming smaller and smaller. At the same time, they were also closing in on Ling Xi. Not too long after, Ling Xi was shocked to discover that these five gigantic words were actually only the size of a palm, and had already reached her eyes!

Being so close to the 'Immortal Sword Dao', the shock that came from the depths of his heart was even more intense, it was even more intense, and deeply shocked Ling Xi's heart. These five words were formed from the countless meteors that filled the sky, and just from this, one could tell how terrifying these five words were.

"Don't move."

The plain sword's Rainbow Butterfly reminded Ling Xi.

Ling Xi calmed down and closed her eyes, her entire body relaxed. Under the illumination of the light, her beautiful face looked like a work of art that was hard to come by.

What Long Chen saw were the five words, they were already the size of a pinky finger, rolling towards Ling Xi's forehead. Starting from the word 'spirit,' they merged into her forehead.

"Brother Chen, they have reached the Immortal Sword Seal!"

Ling Xi had a total of two Dao Seals. One of them was the Pure Maiden Dao Seal formed by the blood of the Goddess Su. The other type of seal was the Immortal Sword or Dao Seal from the Sword Soul Imperial Palace. And at this time, the Immortal Sword Dao Seal was fused with the five words of the Immortal Sword Dao, causing a subtle change. The five words disappeared, but her Immortal Sword Dao Seal had been completely restored.

Of course, for a moment, even Ling Xi herself didn't feel the difference.

"The world seems to have become much clearer. The whole world is filled with the marks of swords."

Ling Xi opened her eyes and curiously sized up her surroundings. Even though the giant meteor swords had all merged into her Immortal Sword Dao Seal, she could still see countless of them.

"Any other changes?"

From the looks of it, the Sphinx would definitely not harm Ling Xi, and would instead bring her many benefits. Long Chen was truly relieved.

Ling Xi took a deep breath and said: "I still have some more memories. According to these memories, I can start training in the new way of the sword, or maybe it will be of great help, and the meaning of the Immortal Sword Technique, seems like it requires me to master the first stage of the 'Sword Intent', in order to leave this place."

"In that case, concentrate on your cultivation and protect yourself."

Long Chen was happy for her. This was an opportunity for her to realize her own value.

She will succeed.

Now, Long Chen had a lot of confidence in her, and he still remembered that she had said that he would take revenge himself.

"You too, let's work together."

It was as if in this lifetime, with Long Chen's protection, she had never had to yearn for power. But now that she had changed, she did not want himself to continue to be weak, and let Long Chen worry about his, so he could not protect his own child.

Fortunately, the little guy's vitality was terrifyingly strong, even more so than Ling Xi's own tenacious. She had followed the method in the Immortal Sword Dao to cultivate the first stage of the 'Sword Intent', and it seemed to be no problem at all.

After a few days, Ling Xi had a basic understanding of the 'sword intent'.

Under normal circumstances, she would find it hard to understand such a thing. However, because of the relationship between the blood of Goddess Su and the psionic inheritance, she had an extremely high degree of compatibility with the Immortal Sword Dao. This was simply a design for her, but in reality, she was already considered a descendant of the Sphinx.

The rule of the sword was also one of the laws of the world. When one cultivated to the deepest part, it would be similar to the rules of martial cultivation, the rules of slaughter. They were all extremely terrifying. The rules of the sword would be even more complicated, but it would also be more bizarre, making it even more lethal.

Ling Xi had not fought or trained seriously for many years, so it was indeed difficult for him to even understand the rules of this kind of sword. At least until now, she was still completely befuddled by the laws of the sword. Just like the name of sword intent, this was a kind of mental state. Sometimes, it required a certain amount of comprehension and insight.

Now that she had a goal and was immersed in cultivation, she had already forgotten herself.

Suddenly, she opened her eyes, and her two hands could not help but grab onto the Spirit Sword and Su Jian by her side. She stood up, and in front of him, a white light started to change, and it headed towards the humans.

This woman's beauty shocked Ling Xi!

She asked with some doubt, "Are you Di Yao?"

That's right, this woman in front of him was exactly the same as Di Yao. Other than her lifeless eyes, there wasn't much difference.

"She's not, I'm afraid that the opponents and puppets that Sphinx wants you to train with your sword intent, are not True Gods. I'm afraid that you have to defeat her."

Su Jian reminded him.

Ling Xi took a few steps back, while retreating, she was suspicious, she had only chosen an opponent for him, why did she want to use Di Yao's appearance to fight with him? It was incomprehensible that she had no enmity with this bad-tempered woman.

Long Chen also saw the situation, he started to worry, although Di Yao was not real, but no matter the sword wielding Qi, or the killing intent, she was much stronger than Ling Xi, if Ling Xi lost, what would happen?

Immediately, Ling Xi did not retreat, but advanced instead, and started fighting with her on the giant meteor sword. In her heart, after a change of events, Ling Xi was indeed rather brave and fierce, she did

not retreat in the slightest when fighting, and the Spirit Sword and Su Jian were even more compatible with her, so she did not need to waste any energy to use it, of course she would not be able to release such a strong power at that time.

Di Yao sneered, she took out her sword and retracted it. Her speed didn't seem to be fast, the sword light flashed past and pierced towards Ling Xi's forehead, Ling Xi's head flashed, the sword light cut into her snow-white oval face, and fresh blood dripped.

Long Chen hurriedly passed the Three Lives Love Thread to her, and the Three Lives Love Thread became more and more mystical. Although they were separated by such a long distance, they were actually able to cause his sacred art to transfer over.

But from today onwards, Long Chen would probably be keeping an eye on her.

As the two continued to fight, Di Yao should be using the sword intent that Ling Xi wanted to learn. Although Long Chen was using a sword, his Creation God Equipment was only a medium to release it, and under normal circumstances, he would not be able to use a weapon at all. Thus, he did not understand this sword intent.

So on this point, he was unable to help Ling Xi.

Although she was in a sorry state at the beginning, not understanding a thing about the sword intent and being injured a few times, Ling Xi had persevered on and on. From this point onwards, she also had the belief that she would not lose.

Fight!

Regardless of who it was, Di Yao.

They couldn't stop her steps.

Seeing that she was gradually gaining the ability to resist, Long Chen felt more at ease.

Chapter 2648 - Peerless Dragon Slaying Sabre

The process of Ling Xi's growth, for Long Chen, was undoubtedly soul-stirring.

To a man, watching his woman fight might be somewhat bitter, but it was all necessary because he could not always protect her. There would always be unexpected situations, such as this time.

Ling Xi had chosen to face it bravely and protect the man and child she wanted to protect. No matter what, he should support her decision.

At least, Long Chen suddenly realised that although she had become more ferocious recently, like when he first met her, this kind of her, was even more enchanting and attractive. Her actions were decisive and resolute. Her growth had even captivated Long Chen, who was so proud of her. Even though he was protecting her, he paid less and less attention to her. It was only at this moment that he realized just how irreplaceable Ling Xi was.

Every so often, Di Yao would appear and fight to the death with him. Every time she did so, it was extremely intense, and what made Long Chen relieved was that from Ling Xi's actions, he could see that she was gradually forming a similar sword intent to Di Yao, but there was a hint of the sword intent she had herself comprehended. It was a type of sword law that was hard to understand, and the lethality of the sword was astonishing.

At the same time, he would frequently ask the Infernal King if there was any news of the murderer. At the same time, he would also occasionally go out to cause a ruckus so as to prevent others from finding it strange. Although this kind of action made those who were concerned about him feel heartbroken, the Five Dragon Cities fell into a state of hatred and silence. Long Chen could only feel apologetic in his heart, he couldn't tell everyone that Ling Xi was still alive.

Otherwise, it wouldn't be easy for him to take revenge.

After that, he gradually faded out of the eyes of the gods. The gods were too lazy to think about him and they knew that this would give Long Chen a huge blow, making them gloat over his misfortune quite a few times.

When Ling Xi was fighting against Di Yao in the Heavenly Sovereign Sword Sea, on this day, the real Di Yao came. Long Chen initially did not want to see anyone, but the Dragon Emperor could not stop this little Divine Emperor.

When she arrived at the Scarlet Dragon Palace and saw that Long Chen was cultivating by himself, she softly said from the side, "I've come to see you."

Long Chen raised his head to look at her and saw the faint worry and pain in her bright, light gold eyes. Maybe it was because he was a woman's unique mother, he didn't think that his current predicament would make this irritable woman pity him so much, and now, he was even paying her a visit personally. She still owed him a favor, and he felt guilty, so Long Chen didn't feel that anything was amiss.

"Is the princess free? Actually, I don't really have anything to look at, I'm just meditating and cultivating." Long Chen's expression was indifferent, even though a gorgeous Princess of the Divine Emperor stood beside him, which countless people wanted to occupy their own land, he was not interested in at all.

She said, "Don't torture yourself anymore, why don't you accompany me for a walk this time? I've always ordered you to do so, today I promise you that you won't do this, you should go out and relax, don't always stay here, so that you won't see the people who think about you and feel sad. They have already passed away, no matter how sad they are, they have no choice."

He was a little surprised that she would change so much and be so concerned about him. Could it be that the person in his memories was not like this, and it was possible that it was because of his circumstances that she pitied him to such an extent? Thinking about it carefully, losing a wife and daughter, dying in one body and dying in two lives, it was indeed very tragic.

The other party's identity was respected, so he put down his status to care for. Long Chen was also embarrassed to show her face, although he hated the Gods now, there was still a difference in his heart. At least until now, Di Yao had no longer despised him.

He then said, "Princess, to be honest, I am very sorry, but I really don't want to go anywhere right now. I just want to stay here and cultivate seriously, hoping to break through."

Di Yao didn't really care. She revealed a gentle smile and said, "Okay, then I will listen to you. I will stay here and talk to you. There shouldn't be a problem, right? If you continue to refuse, I will get angry."

Although he wished for nothing more than for her to leave so that he could accompany Ling Xi, but after all, she had good intentions. Long Chen had a plan in his heart, if he and the Infernal King were enemies and Di Yao was on his side, at that time, facing the Ten Thousand Realm Sovereign Divine Emperor, there might be some leeway for him.

Thus, he nodded his head in agreement.

Di Yao seemed to have been prepared for a period of time. She stayed by Long Chen's side and various topics arose one after another, allowing Long Chen to understand her better. At the same time, she continuously comforted Long Chen, wanting him to recover from his pain.

"A woman who can make you suffer like this must love you very much, so you can't let her down. After coming to the Dragon Sacrifice Continent, I initially looked down on you. But after I let you save your life in the Incantation for a while, I found you to be quite interesting, and I also helped you save your two friends. We can be considered friends, anyway it's quite interesting to be together with you, if you were a friend, then of course I wouldn't want you to be too sad. You don't think that the weasel didn't have good intentions when he paid his respects to the chicken, do you? "

Long Chen communicated with Ling Xi while talking to Di Yao, and he was quite busy talking about it. In addition, when Ling Xi was fighting with Di Yao over there, he actually talked to her here, which was quite a strange scene. There were many times when Long Chen treated Di Yao as the real Di Yao.

After a few days of interaction, Long Chen had become more familiar with her. It was rare that she was so concerned about him, and he was not as unruly and unruly as before, it was embarrassing to chase her away. Furthermore, the Spirit Sword Sect and the Pure Sword Sect were no longer with him, so there seemed to be no way to chase this woman away.

At this time, Di Yao said, "You still remember the first time we met, and you already made a move against me. To be honest, you really have a lot of guts, and I was still angry at the time. It's a miracle that you can have such a good thing in such a small place. "

At that time, Di Yao was indeed different from her current self. Therefore, Long Chen was still a little not used to how passionate she was now.

"Indeed."

Di Yao looked at him and said, "Strange, back then those two swords gave me a very intense and terrifying feeling. But now you don't have that feeling anymore, are those two Heavenly Daos gone? Or are you hiding it from me?"

Long Chen was still unwilling to leak out the news that the spirit sword and the plain sword were not on him, thus he smiled and did not answer Di Yao. He did not expect Di Yao to suddenly say at this time: "Although you already have a Creation God Weapon and both of them are from Genesis, you can be considered my Di Yao's first friend. As my first friend, I must give you a present. Do you know of my Nine Star Emperor Sword? "

Long Chen was stunned for a moment. Just because he had become her friend, she was giving him a Nine Star Emperor Sword? It was a genuine divine artifact made of Genesis and nine scorching suns. Its power was terrifying. Combined with Di Yao's raging flames, its destructive power was heaven-defying.

The artifact that she was most suitable for naturally wouldn't be given to him.

So he asked: "What does Princess Di Yao mean?"

Di Yao shook her head, pouted and angrily said, "I already said that I'm your friend, but you can't call me princess anymore. Then, you can call me Yao'er, and that's what my father and uncles call me."

Long Chen did not want to act recklessly, calling her Yao'er was a matter that would kill him. So he tactfully changed the topic and asked: "You aren't going to give me the nine star Emperor Sword are you?"

It just so happened that without the psionic sword here, her strength would be greatly reduced. If he could 'borrow' a God Creation Artifact from her, even Genesis and above would be considered not bad. Long Chen would definitely not refuse her offer just because of her status, after this period of time, he could just return it to her. Furthermore, with the God Manifestation Art that Di Yao gave him, the Primordial Gods would definitely not dare to act rashly.

Seeing him interested, Di Yao's heart was filled with joy. She blushed a little and said, "Of course it's not the Nine Star Emperor Sword. However, it's actually more or less the same as a nine star Emperor Sword. After I became the Divine Monarch of Perfection, my father gave me a total of two Godly Creation Tools for my Genesis, allowing me to choose between them. I like swords more, so I chose 'Nine Star Emperor Sword', so I have a God Creation Artifact with Genesis, I want to give it to you. This and a nine star Emperor Sword are a pair. "

Was it really a creation god artifact of the Genesis?

Long Chen stood up in shock. He had always thought that he was joking, but he did not expect her words to be true. How could such a dignified Divine Creation Equipment of the Genesis be so easily given away? And only the Daughter of the Divine Emperor could be so formidable, right?

Seeing him making such a fuss out of nothing, Di Yao was very satisfied in her heart. From the past few days of comforting, to her, Long Chen had already slowly allowed her to open her heart, and was no longer as painful as it was now.

In reality, she did not understand that Long Chen did not have any pain at all.

She was one step closer to her goal. In her opinion, after the gift was given, the relationship between the two of them would definitely advance by another step, so she said a little impatiently: "The Nine Star Emperor Sword, is formed from nine scorching suns in the endless starry sky. The scorching sun is formed after the death of the divine beast 'Golden Crow'. As for the other Creation Divine Artifact, it is even more ancient. Its name is 'Peerless Dragon Slaying Blade'!"

Dragon-slaying?

A single name made Long Chen feel extremely uncomfortable.

However, Di Yao still proudly introduced: "Actually, the Dragon Slaying Sabre is related to the divine beast, the Three-legged Golden Crow, but it is an evolved, mutated Golden Crow. It is entirely black, and is known as the 'Apocalyptic Black Sun', after it is destroyed, it will transform into a black sun, fierce, violent, and has the power of the 'Devil Yang'. It is not scorching hot, but it has a terrifying destructive power, which is one of the calamities. This black sun was later refined into a black battle knife, which was the peerless Dragon Slaying Sabre. As for why this name is given, it is naturally because of the rumors that this blade has killed the divine dragon of the The Age of Dragons!"

After having described so much, Di Yao finally showed the value of the gift she wanted to give. She wanted to prove her feelings. Long Chen might have hesitated to borrow such a precious gift. Although it seemed like she was borrowing it, she could not borrow it to such an extent ...

But the most important thing was that this blade had actually killed a Divine Dragon. Although it was a rumor, and although he did not know how it was done, it was definitely very distant, and had a history that was even longer than an Emperor Jun's, slaying a dragon. This was a violation of Long Chen's taboo, he wanted to see, how this blade was done!

"You can't be unhappy about the name of 'slaying a dragon', right?" Di Yao asked tentatively.

Now, she could take out this blade. If Long Chen didn't like it, she could only ask Di Jun for it again. The reason why he chose the peerless dragon slaying saber was because it was a pair with a nine star Emperor Sword.

Just to express his feelings.

Chapter 2649 - Golden Crow Variant

In order to experience the peerless Dragon Slaying Sabre, Long Chen followed Di Yao out of the Dragon Slaying City and into the wilderness.

The peerless Dragon Slaying Sabre was now ownerless. If they were to forcefully subdue it, it might cause a huge commotion. If they accidentally destroyed the Dragon Slayer City, it would not be good. So they had to come out.

Long Chen had already decided to restrain this peerless Dragon Slaying Sabre.

On one hand, he was not too pleased with this blade. It was actually called dragon slaying.

On the other hand, he currently lacked a Creation God Equipment. If he could use the power of Time Break and other abilities with the assistance of a Creation God Equipment, then the power would be a bit stronger. This was a dangerous time, and once a fight broke out, any details would determine the outcome. He could not afford to be careless.

The third aspect was that since Di Yao had given him face and received this divine weapon, it also meant that they had a relationship with Di Yao. When the other divine gods saw that Di Yao had given this to them, they would surely feel some fear in their hearts.

As for the other problems, there was no need to consider them too much. If there were any problems, he could just directly return them to Di Yao. He had saved two of her lives, and now he still owed her a favor. It wasn't too much to take one of her weapons.

When he thought about it carefully, he realized that he had never used a knife before.

The king of weapons was a sword, the swordsman Fang Zheng was magnanimous.

Long Chen used swords and halberds the most, and he also used a spear, but he basically used a spear the same way he used a halberd.

The halberd was incomparably domineering; it was the tyrant of long weapons. However, in terms of dominance, there was one thing in the weapon manual that could never be surpassed, and that was the saber.

The saber was the true domineering and powerful weapon!

The blade descended, and the world split apart.

Therefore, Long Chen did indeed have a certain amount of expectations for this blade, especially for the God Creation Divine Equipment of the Genesis. Being the same Genesis, there was actually a difference between the two. The peerless Dragon Slaying Sabre and the Nine Star Emperor Sword were considered top grade divine creation artifacts from the Genesis, similar to the Order-level, the Shakya Prison Sword.

In the Heavenly Sovereign Sword Sea, when Ling Xi and Di Yao fought, she could also use both swords proficiently.

And right here, Di Yao had a sweet smile on her face, as she said to Long Chen with a hint of happiness: "Are you ready? I have to take it out, it is even more ferocious than a nine star Emperor Sword.

She was so happy that it was a little strange, but Long Chen was more focused on the God Manifestation Art, he didn't feel that there was anything suspicious about it.

After he nodded his head, he stood far away, and at this time, Di Yao opened her Divine Kingdom and broke through some kind of restriction. Instantly, the inside of the Divine Kingdom trembled, and the first thing Long Chen heard was a sharp, hoarse and brutal bird cry.

A wave of thick black qi rushed out from within!

Within the black gas, there was a black ray of light that was filled with a destructive aura. It had the power of a scorching sun, but it did not have that kind of heat.

BOOM!

The black light soared into the sky, and then landed right on top of the ground. Instantly, the earth trembled, and such a stable world couldn't stop trembling, as the black colored aura spread out like demonic energy.

The blade before him was like a burning sun on the verge of being shattered, ready to explode at any moment.

Through the layers upon layers of violent black mist, Long Chen saw the true appearance of this blade. It was a completely black, violent and black, wide and thick, with an incomparably sharp edge. Its back was thick and heavy, with three huge rings buckled on it, and a pair of wings at the hilt.

This was the first feeling that Long Chen had when he saw the blade. Di Yao's description was not exaggerated at all, although it was a pair with the Nine Star Emperor Sword, but in terms of attack power, it should be even stronger than the Nine Star Emperor Sword.

To be honest, this blade was incomparably compatible with Long Chen's current desire to kill, and with his current state of mind. This was like his Blade of vengeance. After the Lingxiang's twin swords followed Ling Xi and left, it appeared, and it even had a name that challenged Long Chen to a fight.

The sharp bird cries continuously sounded out, aimed straight at Long Chen, it was clear that it knew Long Chen was going to tame it, at that moment a pure black bird had already appeared on the sword hilt, although the bird was not big, its entire body hid the power of the riots, its eyes were sharp like blades, its claws were sharp like iron, not like a bird, but more like a fiery killing weapon.

"It's provoking you."

Di Yao reminded.

"Yes."

Long Chen saw through it.

"Are you giving me to this guy? "Di Yao, you are too irresponsible." The black bird on the peerless Dragon Slaying Sabre said with a hoarse voice. It was not polite to Di Yao at all. He had quite a character.

The transformed Three-legged Golden Crow was once ten times stronger than Three-legged Golden Crow and was not as hot as Three-legged Golden Crow, but in reality, it had already transformed all of its scorching energy into destructive force. This Tripod black could be said to be the destroyer amongst the Golden Crow. Three feet below the abdomen, very obvious.

"You'll know once you try. He's very powerful." Di Yao coldly laughed.

"Humph!"

The bird stared at Long Chen with its blade-like eyes. On the peerless Dragon Slaying Sabre, a destructive black qi pervaded the air and wherever the black qi passed, even the ground was turned to ashes. It was completely destroyed.

"Whether or not she wants to give me to you, if you do not have the qualifications to control me, you cannot have me either. Little guy. Show me what you can do. "

Hei Wu's voice was filled with killing intent.

"Have you ever killed a dragon?"

In front of its eyes, Long Chen's expression did not change in the slightest.

Hei Wu sneered with his hoarse voice. "The three rings on the back of my blade were forged from dragon bones. What do you think?"

"Oh!"

Long Chen saw those three rings. They should be bones of some sort, and they also possessed the aura of a dragon. However, they were extremely ancient, and almost had no traces of them.

"What dragon did you kill?"

Long Chen asked.

"That's not important. It's too long ago, and it happened when I was born. I've already passed through endless years and have changed countless masters. Do you still want to continue stalling for time?"

Black Crow's voice was filled with dissatisfaction and disdain.

Of course, Long Chen was not stalling for time, there was no need at all. He just wanted to know more, and since this fellow was so unyielding, he would have to wait until she submitted to him.

He used the psionic sword, but he was not the owner of it, so he had to rely on his love for three lifetimes to make a move. However, if he could subdue the peerless Dragon Slaying Sabre, he could become its master, and there would be no need to go through all that trouble.

It was just a battle with the Good Fortune Heroic Spirit.

At this moment, the black crow soared into the sky and spread its wings. Although it was a crow, it was like a hawk that covered the sky as it flew towards the endless starry sky.

The black warblade too shot up into the starry sky.

With a move of the peerless Dragon Slaying Sabre, a lot of gods could feel it. They all knew that this was Di Yao's item, but since it had appeared at the place where the Dragon Slayer City was located, ordinary gods couldn't guess what had happened and all came over to take a look.

At this time, Long Chen had already followed the Tripod black and confronted him.

They raised their heads, and discovered that there was actually a sun in the sky. Although there was no heat emitted from a black sun, the entire world was trembling because of this black blazing sun, and that was because the destructive aura had already affected the eternal white stone.

"Someone wants to control the peerless Dragon Slaying Sabre!"

"This is the Creation Divine Artifact of the Princess Di Yao, who can control it? Could it be taken away from the Princess Di Yao? Could it be the God King who killed Long Chen's woman? "

"Inform the Infernal King and Divine King of Light!"

Everyone panicked, because they thought that it was related to the Exotic God King, they temporarily did not dare to approach him. Looking up into the sky, it seemed like the Princess Di Yao was also there.

"The Infernal King has sent some news. He said that the Princess Di Yao had given the peerless dragon slaying blade to Long Chen and now that Long Chen is about to surrender, he told us not to panic!"

Hearing this news, the gods were stunned for a long time.

It had to be known, that many Divine Monarchs with polar state were unable to obtain the Creation God Manifestation Weapon with Genesis, but they didn't expect that Di Yao would actually give Long Chen the peerless Dragon Slaying Sabre that everyone was looking forward to. What exactly was going on?

Although Long Chen had saved Di Yao twice in the Incantation and now that he had lost his wife and daughter, Di Yao pitied him and gave him such a precious thing, right?

After the various gods found out, they felt extremely unsatisfied in their hearts. However, they couldn't change Di Yao's mind at all, and for a moment, they all scolded Long Chen for having such bad luck.

"Don't be too nervous, he might be able to subdue the peerless Dragon Slaying Blade, but there are many in history who failed to subdue the peerless dragon slaying blade and were instead killed. Also, about this dragon slaying blade, isn't it a joke for the Dragon Fighter to go up against this blade?" Ever since he found out that Long Chen had lost his wife and daughter, the Monarch of the Storm felt extremely happy.

Now that such a thing had suddenly happened, she spoke in a sour tone. Honestly speaking, her dream was merely to obtain a type of Creation God Equipment for Genesis. But now, Long Chen actually had three? He was just a trivial junior in the Dragon Sacrifice Continent.

No matter how they thought, Long Chen was in the starry sky, and had fought a great battle with his Tripod black. Generally speaking, in this kind of battle, if Long Chen used a Creation God Equipment, the Tripod black would be dissatisfied, and it would be even more difficult to submit to him.

Fortunately, his Primordial Divine Dragon Sky Calamity's source of power was already quite mature. This was comparable to Genesis, and even exceeded the power of Genesis combined with the many abilities he had displayed.

Because, from the very beginning, Long Chen had only used Time Break.

The Tripod black was unable to penetrate the power of time. At that moment, at least half of the energy it had stored up for so long was lost, and it was unable to move for three breaths of time.

As for the Death Realm's Dragon Gate, they died the moment they attacked.

It had been a long time since it turned into a Divine Dragon during a battle. After it turned into a Divine Dragon, the ability's power was even more terrifying, especially towards the Death Realm's Dragon Gate. From the very start, the Tripod black was suppressed to the point of being stupefied, and the Karma Emperor Sword pierced through it, causing it to become even more confused.

"What!"

The appearance of the eight Unparalleled Dragon made their hairs stand on end. They immediately screamed: "I have never slayed a dragon before, please don't kill me!"

It looked like it was about time.

Long Chen used the Death Realm's Dragon Gate to pester him and the peerless Dragon Slaying Sabre, pulling them towards Death Realm and said at the same time, "I'll stop whenever you submit. If you don't submit, I can only let you go to another world with only a dead world."

Chapter 2650 - Love Gift

The destructive aura of the supreme dragon slaying blade engulfed the world, and the Tripod black covered the sky.

In the closest Immortal God Realm, on the side of the Dragon God Domain, there were a large number of living beings watching the show in the sky. Now that the gods had returned, it could already be considered normal for a battle to take place on this level. Back when Long Chen fought with the Battle Demon, the damage they caused was far more terrifying than it was today.

Of course, Dragon Sacrifice World was not as stable back then.

Among the Gods, there were many who were watching the battle. They were mainly jealous of Long Chen, and were extremely envious of the peerless Dragon Slaying Sabre. Although they did not have any sympathy for Long Chen after he met with such a disaster, they were eager to see Long Chen make a joke out of it and see him being beaten by the peerless Dragon Slaying Sabre.

As for why Di Yao was so good to Long Chen, the reason why the gods could only blame it on Long Chen saving Di Yao twice in the Incantation. There was no other reason.

When the battle began, it quickly came to an end.

No one could imagine how intense Long Chen's current hatred and anger was. Ever since something had happened to Ling Xi, he had not made a move, and her heart was burning with fury. Today, the Tripod black had hit the nail on the head.

Now, he was no longer the same as when he was carefree and could run away. He had the Five Dragon Cities and the entire Dragon God Domain to protect him, so he had to consider them at all times.

He could only wait, just like a hungry wolf, waiting for a chance to kill its prey.

The Tripod black was like an appetizer. It came from Di Yao, and could be considered to be from the various gods. It actually dared to call itself a dragon slaying in front of Long Chen!

Therefore, Long Chen wanted to let him see whether it could kill him or not.

In actuality, the Tripod black was not weak at all. Long Chen had used all of the primordial divine dragon's origin energy, and only now did he use the Death Realm's Dragon Gate to control it, preventing it from moving.

If he did not cultivate the Primordial Divine Dragon's secret scripture, without the psionic sword, he would not be able to subdue this peerless Dragon Slaying Sabre!

But now, only the Tripod black was scared stiff. In its eyes, Long Chen who was previously like a sheep instantly transformed into a peerless god of death, the killing aura immediately suppressing even the Tripod black!

In terms of savageness and ruthlessness, the Archaic Blood Spirit Dragon was the ancestor. The Archaic Blood Spirit Dragon was especially angry at this moment.

Long Chen looked at the Tripod black with his bloody eyes, and asked a final question: "Do you choose to live or die?"

At this time, the Tripod black had almost been swallowed by the Death Realm. It could clearly sense just how terrifying this world was and if it entered, it would truly be over.

In truth, if there was no one who was able to subdue a creation artifact and give them a life or death choice, then generally speaking, defeating them was more like it. That was the reason why he was so bold, which was why Long Chen was so domineering right now. It also caused his image to be deeply engraved in the heart of the peerless Dragon Slaying Sabre.

"I submit!"

This was the Tripod black saying these words in a mournful tone!

From beginning to end, it was completely silent from the inside to the outside. At the beginning, it did not put Long Chen in its eyes, but it now understood that this was a master that made its blood boil, and very few people could suppress it on this level of ruthlessness. It was so scared that its entire body trembled, but Long Chen was able to do it.

"Go back!"

Long Chen berated.

The Tripod black immediately fused into the exceptional Dragon Slaying Sabre. This exceptional Dragon Slaying Sabre was now right in front of Long Chen and released a monstrous amount of black energy, enveloping Long Chen within. Following the vibration of the exceptional Dragon Slaying Sabre, the surrounding 30,000-meter long starry sky shook, not because it was afraid, but because it was excited!

For a Creation Artifact, finding a master that could completely control it and was compatible with it in all aspects was something to be excited about.

Previously, the Tripod black might have even blamed Di Yao for giving him to Long Chen, but now, it was extremely grateful!

In the starry sky, Long Chen coldly stared as he extended his hand and grabbed the hilt of the peerless dragon slaying blade.

Behind Long Chen, the illusory black wings blotted out the sky and the sun as layers upon layers of waves formed from the black destructive aura. On this peerless dragon slaying blade, he felt a surge of power! The nature of the Creation God Power and his Primordial Divine Dragon Calamity's source energy had a huge compatibility!

"You are more suitable for me than the Pure Sword Spirit Sword. The psionic sword s are more suitable for Ling Xi. " This was Long Chen's evaluation of the peerless Dragon Slaying Sabre. Honestly, the first time he wielded a sabre, he was also intimidated by its berserk and tyranny, this kind of weapon was born to destroy weapons in the sky. This sabre, was like Long Chen's current state of mind of revenge!

One man, one saber, looking down upon the world!

Layers of destructive aura churned like demonic waves, holding onto the blade, Long Chen had already changed.

To be honest, because of the degree of compatibility, it was possible for him to only use the peerless Dragon Slaying Sabre with his Genesis, and could even display the lethality that could only be produced when using psionic sword together. After all, the peerless Dragon Slaying Sabre was already close to the Order-level.

It was the God-Slaying Sword, which was close to the blue smoke!

A Long Chen like this was undoubtedly a blow to all the Gods. Previously, they were praying that Long Chen would not succeed, but in the blink of an eye, he had completely suppressed the peerless Dragon Slaying Sabre.

Holding the peerless Dragon Slaying Sabre, Long Chen couldn't help but want to split the heavens and earth to release the killing intent in his heart, but he knew that this was still not the right time. Although he was still extremely excited about obtaining a suitable Divine Weapon, he still had to consider the source of this weapon.

When he completely controlled the peerless Dragon Slaying Sabre, he quickly threw it into the God Kingdom, letting it first fall asleep, then slowly descend to the ground. Now, everything in the sky had disappeared, and just by looking at the sky, the Gods could no longer see anything.

"Scram!"

Di Yao didn't really like to see them joining in on the fun.

After being scolded by Di Yao, all the Gods felt embarrassed. However, they didn't dare to make a sound. They turned around and left. Far to the south, Lord Tempest and the others had looks of utter astonishment on their faces.

Just a moment ago, the Storm God King had mocked that it would be difficult to succeed due to Long Chen's broken heart. In the blink of an eye, her face was flushed red as she said to herself in a flustered and exasperated manner: "My wife and daughter were both killed, but I can't believe you're still so unlucky! This young man is truly outrageous, I think that he must have seen that the Princess Di Yao was unfathomable, so he used some methods to attract the attention of the Princess Di Yao, and wanted her to have a good impression of him. Maybe the death of his wife and son was something he did himself! If his wife and daughter didn't die, how could he continue to flatter the princess? How could he win the princess's favor? How can one obtain the peerless Dragon Slaying Sabre? "

Everyone felt that the Monarch's words made sense.

"No wonder we searched for so many days. This is our territory, how could a God King dare to intrude here?"

"If that's the case, then it must be because he did such a heartless thing to get close to the princess. This person can even kill his own wife and daughter, his thoughts are malicious, and are completely inhuman, even scarier than the Primordial Demons. This matter, we have to quickly let the Infernal King know, don't let the princess be fooled by him!"

The Godking said, "Don't waste your time. The Godking will definitely know. You don't need us to worry, you think you're smart? We should just go back and guard our respective Shencheng s. "

She could actually tell that Di Yao was actively interacting with Long Chen. If her words were to spread to the Infernal King, without any basis, it would only lower her image in the eyes of the Infernal King.

When they were about to leave, Di Yao excitedly circled around Long Chen. She was as happy as a little girl as she sweetly smiled and said: "It's too funny, did you see that fellow, Tripod black, begging for mercy? Before, he had been incredibly arrogant. I knew you could handle it. You're always better than I thought. "

The way Di Yao said this, her eyes simply flashed with little stars of worship.

After all, it was a gift from her, and just in time to show how useful it is, so Long Chen said: "I will take good care of this blade, and use it properly, thank you Princess."

Di Yao stopped being excited and a little reserved, and said, "It's nothing. Anyway, there's no use in leaving it with me." You can use it. We're friends, don't worry about it. I want you to come out of your misery. Everyone has to look ahead, out of the shadows, out of the shadows for the rest of their lives. One day you'll have a new life, and I'm afraid you'll make it too hard for yourself. I hope that when you see this blade, you will remember what I have said. "

Long Chen sized her up and found that she had indeed changed. Much more comfortable than before. He did want to use this woman's identity and status to help him. As for his true friend, Long Chen's impression of her at the beginning was a little bad, so he could only wait and see if he could get this opportunity.

He and Di Yao returned to the Dragon Slaying City together. At this time, Ling Xi had also reached a rather critical moment, so Long Chen said to her: "Next, I want to cultivate in seclusion for a period of time, to see if I can break through. It's better for you to go back first."

Di Yao was very enthusiastic, but seeing that Long Chen had asked her to leave, she was startled, but she immediately smiled and said: "Since that's the case, I will be leaving first. When you see this knife, remember what I said and find a new life. "

Long Chen nodded his head. What's new, if Ling Xi was really dead, he would probably kill him the moment he saw him.

Just a moment ago, she was able to endure under Di Yao's attack. Through her Three Lives Silk, she was able to find out the situation on Long Chen's side. At this time, she carefully looked at Long Chen's back as he left, and suddenly said: "Brother Chen, what happened to you after you received her love keepsake?"

Long Chen was shocked, and said: "Don't speak nonsense, this is the reward I deserve for saving this girl's life. She is so pampered, it is normal for one life to be exchanged for one God Creation Artifact."

Ling Xi smiled faintly, her gaze profound. She said: "Maybe because my current opponent is her, I really hate her, and also because she wanted you to start a new life so quickly after I 'died'. It seems that she has hinted that she also wants you to start a new life.

Hearing Ling Xi's words, Long Chen also felt that it was a little strange. In the beginning, he naturally did not suspect anything, after all, the other party's identity was noble, there was no reason for him to fall for it after saving two lives.

"Where did you see it?"

Long Chen asked.

"The way she looks at you. It couldn't be wrong. Ten thousand percent won't be wrong. "

Ling Xi said with certainty.
