

War God 2651

Chapter 2651 - Mortal Sword Intent

Long Chen had a headache: "Although he said that, I believe in your judgement. But I feel that it's not possible, right? She doesn't seem to be someone who would fall in love with someone just because of this little matter, furthermore, I've only known her for a short period of time, and as a dignified Daughter of the Divine Emperor, her status and position is greatly different from mine. It's strange, no matter what you say."

Ling Xi said: "Actually, I also feel that it's strange, so I'm going to tell you this, you can't offend her anymore, I hate her."

As though this was the first time he had seen her jealous, Long Chen couldn't help but laugh, and said: "Don't worry, even if she loves me to the point where she wants me to die, feeling so much pain that she doesn't want to live, and wished that she could take off all her clothes to repay me with it, I wouldn't even touch a single hair on her head."

This was the first time she smiled. While she smiled, she was still as quiet and gentle as before, like a snow white lotus blooming at the peak of a snowy mountain.

"I'm not being stingy. If there really is someone who can share you with me, I would rather it be the xuanji sister. I don't like others at all. She's the only one I always feel guilty about. "

Li Xuanji!

Where did she go?!

When she left back then, it was probably because she was worried about disturbing Long Chen and Ling Xi. She had always been hiding in a dark place, hiding her own love. There was nothing to be seen, she might even have seen Long Chen countless of times, but Long Chen had never seen her before. In reality, she had already become a part of Long Chen's body, becoming his Yin Mo. As long as she called out, Long Chen could hear her.

However, after such a long time, they actually did not search for each other. At the beginning, they did not search for each other, but after that, they lost their courage.

"Yes."

He understood Ling Xi's intentions.

"Do I need to return this knife to her?"

Since Ling Xi wanted to draw a clear line between him and her, he would definitely do as she said. He knew who was the most important woman in her life.

"There's no need for that. Just like you said, you are the person you should take back. It would have been a blessing in disguise if he hadn't been able to get better stuff from her. "Stinky woman, my bones haven't turned cold yet, and you still want to rob my man? You even hurt me over and over again, and I won't kill you next time!"

She muttered a few curses to herself and continued to try to understand the sword intent.

Hearing her muttering to herself, Long Chen couldn't help but laugh. She was still so cute, it was just that he had forgotten to discover her beauty. Perhaps he had to thank them for this ordeal, for making them love each other even more.

Presently, they were all moving in one direction, and that was to be strong!

After leaving the Dragon Slaying City, Di Yao turned her head to look at the blood coloured city. Her eyes flashed with the sadness in Long Chen's eyes when he was still, and her domineering attitude when she subdued the peerless Dragon Slaying Sabre.

Every shadow of him was stuck in his heart.

"You've done quite well. It's only just the beginning, yet you've already loved him so deeply. Your mind is filled with him." That woman laughed in Di Yao's ear.

Di Yao shook her head, "Mother, I might not be faking it. He does have some kind of magical power to attract me." I always find him good. "

"Very good, that's for the best. As long as you end up killing him, the more you think of him as the one who's destined to die, the better, much better, and I can't love your father in the least. So I failed. "

"Kill him in the end?" As his mother had said, he was the person chosen by the Fate Compass. Apart from the two of them, no one else knew that he possessed the most terrifying potential and talent in the entire Myriad Worlds.

Actually, there was another person who knew that it was a Heavenly Demon.

That was why he wanted to sign the Giant Demon Contract with Long Chen and control him, resulting in him losing everything in the end.

On the way back, the woman said, "Yao'er, you have to increase your speed. Using a friend as a cover is indeed good, but you might never be able to break through.

"Mother, what method are you talking about?" asked Di Yao curiously.

The woman said: "First of all, you have to have the space to be alone with him so that no one can disturb you all. Now, when he is at his most injured, he needs the nourishment of love, and if you can be alone in this space, then naturally, there will be heat and dryness, as long as you go with him to Wu Shan, after the event of rain, you can quickly determine the relationship. You are still a virgin, if he takes away your chastity, then you can ask for his marriage as a Daughter of the Divine Emperor. If even men are so heartless, then your appearance is peerless in all realms and you are far superior to his woman.

After hearing this, Di Yao was scared stiff. She became extremely flustered as she listened to the woman's story. She trembled as she said, "Mother, this is ... no, this is too fast. I'm not ready yet." I don't understand this, and do you really need to go so fast? I'm not sure if I want to marry him, so how can I? "

"Bastard!"

The woman suddenly became vicious and said angrily: "What do you mean by unsure about marrying him? What was the relationship between marriage and not marrying? What you want is love, everything about him, his fate and potential. How small is chastity? These are all methods. If you don't abandon these childish thoughts, how can you succeed? If you don't succeed, I will suffer here for the rest of my

life for trillions of years! You will never break through the shackles of our clan! Mother won't harm you. Listen to me and don't overestimate a man. With your status and beauty, as long as you try to seduce him a little, he won't know which direction is which. You have seen so many men who want to woo you, but among them, who is not greedy for your Daughter of the Divine Emperor's tender body? "

After being scolded like that, Di Yao's expression changed again and again. She thought for a long time, since she had already taken the first step, and killed Ling Xi, what else could she not do? Just like what his mother had said, for the sake of everything he wanted, chastity was nothing. Moreover, he loved her so much.

"I can do what you say, but I keep feeling that it's not that easy for him to be with my people."

The woman laughed and said, "Don't worry, don't be nervous. That's why I will teach you how to create an environment, create an atmosphere, and make him become a lustful beast in front of you, making you a victim of his forced aggression. Only then will he feel guilty for his actions, and truly love and take responsibility for you. You just need to do as I say. "

"Yes!"

Di Yao took one last look at the Dragon Slaying City, as if she could imagine Long Chen turning into a lustful beast. She was so scared that her legs were trembling, and after taking a few deep breaths, her face flushed red.

"Looking forward to it. This is a good thing." The woman giggled, as if she saw herself on Di Yao's body.

The Heavenly Sovereign Sword Sea.

It had already been a long time since Ling Xi came to this place. In this period of time, Ling Xi had been fighting with Di Yao the entire time, and what Di Yao used was what she wanted to comprehend. As long as she could learn it, she could move on to the next place.

"The Mortal Sword Intent is the foundation and also the foundation of the path of the Heavenly Sword. Only by comprehending this type of sword intent can one begin to understand the path of the Heavenly Sword."

From this, it could be seen how important the Mortal Sword Intent was.

From the Immortal Sword Dao Seal, Ling Xi could obtain the details, records and guidance of the Immortal Sword Technique left behind by the Sphinx. And from Di Yao's actions, Ling Xi could see the true Immortal Sword Technique!

Every time Di Yao made a move, the sword in her hand would no longer be a sword, but herself. It was also this boundless universe. This was the Myriad Worlds, any ordinary thing in the Myriad Worlds, perhaps it was a blade of grass, perhaps it was a tree branch.

Whatever it was, as long as there was sword intent, it would be filled with destructive power.

In a battle with Di Yao, Di Yao was only holding onto a simple wooden sword. Ling Xi had persisted for countless of times, but was unable to harm her in the slightest. Instead, every time she successfully attacked, she had to rely on Long Chen's fire of life to persevere.

"There must be changes in order to learn."

During this period of time, Ling Xi had to rely on her psionic sword to barely block the opponent's attack, and even obtained a certain amount of retaliation, but her understanding of the mortal sword intent was still at a relatively basic level, so she could not be considered a beginner. Seems like going out from here, and returning to the outside world, would require a long period of time.

Day after day.

It was hard for Ling Xi not to hate her when she fought with the same woman every day, looked at her stinky face, and even got beaten up. Of course, Di Yao had not looked for Long Chen for a while, so she was a lot more at ease.

On this day, when she once again used her spirit essence to block her opponent's wooden sword, but was forced back by her opponent, Ling Xi suddenly had an idea.

She could not wait to tell Long Chen, and said: "The so-called sword intent of the mortal world, everything is mortal. Di Yao is using ordinary things to fight against me, but I am holding onto a divine object to resist her and comprehend the sword intent of the mortal world. Maybe I have done the most fundamental wrong thing, so I want to give up on the spirit sword and the plain sword, and use my fingers as a sword to deal with her. What do you think? "

In terms of cultivation, Long Chen could indeed point out her problems.

After thinking about it, Long Chen said, "What you said makes sense, but if it was like this, you would have relied on the psionic sword to stop her. Now that you have lost them, you will be in danger, and your life might be in danger.

Ling Xi pursed her lips into a smile, and said: "You just don't want me to take the risk, but life is impossible without taking the risk. I think if it was you, you would definitely throw the Lingxiang's twin swords away. If it was me, you would consider it for such a long time. I am very grateful to you, because you cherish me, but I cannot pity myself, or else I will make you, our child, suffer. "

This was her greatest comprehension.

"Alright."

Long Chen closed his eyes.

He couldn't watch Ling Xi take the risk, but he could provide the greatest help to Ling Xi. His fire of life, as well as his life, was always prepared for Ling Xi. He stopped her cultivation and wholeheartedly helped Ling Xi comprehend the sword intent of a mortal!

"It's begun!"

Discarding the divine object and using ordinary fingers to deal with the same mortal sword intent was undoubtedly the right decision. Even Long Chen understood that the basics of the Immortal Sword Dao was to allow Ling Xi to turn herself into a sword, to turn everything into a sword.

Therefore, he was unable to stop Ling Xi.

Of course, he always trusted his woman. She would do something that would shock him, such as this time.

He looked forward to it.

Chapter 2652 - Fatal Rumors

Mortal Sword Intent.

Ling Xi began to let go of the Lingxiang's twin swords, using her own fingers to receive the attack of Di Yao Fan's sword intent.

The current her looked so similar to the crazy Long Chen when she was cultivating.

Having been killed for no reason, she did not want to experience the same thing again. So there was only one path in front of her, and that was true power, not the strength that Long Chen had helped her create.

Long Chen worked hard, and it could be said that the reason she was able to reach his current cultivation level at this age was largely because of Long Chen. However, he was still not the strongest person in the entire Allworld, and there was still something that even he was powerless against.

Only when he was strong would he be able to move forward with ease.

So she was really envious of Su Yan, who had suddenly possessed such immense power to fight alongside Mo Xiaolang.

Of course, she was not jealous, because Su Yan's power was something that she had experienced many hardships and deserved. Only through hardships would she be able to see the truly beautiful rainbow.

Her heart was already incomparably strong.

Long Chen did not dare look at her side.

Ling Xi was probably the biggest weakness of his life. He could tolerate it even if she risked his life, but he could not bear to see her take the risk. Just like how he was extremely worried when one of the ten people could only survive in that battle of the Gods.

A moment passed. Two quarters of an hour.

She was indeed injured. Previously, she had to rely on the spirit sword and the plain sword to block Di Yao, but now it was very difficult.

Fortunately, Long Chen's Fire of Life was protecting her at all times, allowing her to have limitless vitality. Although it was a bit painful, it definitely wouldn't be life-threatening.

Obviously, the Sphinx would not let her die either.

After a fierce battle, Ling Xi didn't even know how she was able to last until the end.

She did not have the chance to fight back at all. Her entire body was controlled by Di Yao. Her wooden sword was connected to the heaven and earth. What was terrifying was not the sword, but the indescribable sword intent within the sword, the unfathomable law.

Just like all the Dragon Emperors, Ling Xi was now stuck at the border of becoming a god. They did not have the faith like Long Chen, nor did they have Mo Xiaolang's talent.

"How do you feel?"

As a result, Long Chen heaved a sigh of relief. He knew that as long as he passed through the first hurdle, Ling Xi would have already taken a big step towards success.

"Like rebirth, many of the difficulties are suddenly clear and bright. Brother Chen, my choice was correct." Although Ling Xi was currently exhausted, she was also full of smiles. This was an extremely rare moment of satisfaction and excitement. The last time she had seen such excitement was when she was still in Three Great Imperial Domains.

She had made herself.

"Very good."

This was even better than the fact that Long Chen himself had achieved a huge breakthrough.

Their hearts were inextricably linked.

"She's even more excited than I am. I was too quiet before, and she was very quiet too. Now that I started moving, she became naughty and mischievous."

This was a place that she had to protect no matter what kind of trap she encountered. Although she had always been defeated, her abdomen had never been injured.

At this moment, the woman was undoubtedly breathtakingly beautiful.

Just this scene alone, Long Chen knew in his heart that Di Yao would never be able to compare to Ling Xi.

Resting. Comprehending. When Di Yao appeared again, she once again welcomed this battle with her own hands.

"I feel that the Immortal Sword Intent is ordinary. It is the fusion of all things in the world, and there is no sword in one's hand, but the heart must have a sword. With the sword in the heart, everything can be used as a sword, and even a tiny bit of air can be condensed into a sword. It has a terrifying killing power. "

Ling Xi found the right direction to go, went through a lot of tribulations, and at the same time, interacted with Long Chen. At least Long Chen had some comprehension in this area, and through their interchange, the two of them could achieve great progress.

Time slowly passed by, and the number of injuries Ling Xi had sustained lessened with the flow of time. One day, she would be able to defeat Di Yao with her fingers, or perhaps that would be the time when she would be able to retreat.

The Infernal King came here once and told Long Chen that he had searched the entire world and there was no trace of the murderer, causing Long Chen to lament.

Long Chen's eyes were bloodshot as he said: "I'll have to trouble the Celestial King, I believe that he will surface one day. If there is such a chance, I will make him regret being born into this world."

Seeing that his killing intent was still heavy and unable to recover from his grief, the Infernal King said, "Don't worry, we will continue to help you search for it. Of course, you can't indulge in such sorrow and affect your cultivation."

"Don't worry."

After he left, for the Gods, this period of time was considered to be over. From then on, Long Chen never took a single step out of Dragon City, and even gradually made the gods forget about him. Of course, many people knew that Ling Xi had been assassinated, and from the view of the masses, Long Chen had already completely fallen into silence. The activities of the Gods became more and more obvious, and this more and more proved that this was the Era of the Gods!

Of course, because of Ling Xi, even if it was for the past few months, Five Dragon Cities was still in the range of sadness. They don't know the truth. As for the Dragon Emperor, they did not come to disturb Long Chen. They knew who Long Chen was, so they knew what she was doing.

Mo Xiaolang and Su Yan were also preparing. Now, they were Long Chen's greatest helpers. As for the kitten, it still appeared and disappeared like a ghost, looking as dashing as ever. However, who knew if he had any grudges in his heart?

As Ling Xi gradually comprehended the sword intent of the mortal, she was actually not idle either. He was familiarizing herself with the newest toy — the peerless Dragon Slaying Sabre.

It was not easy to get familiar with the God Manifestation Weapon, the Tripod black had completely surrendered to Long Chen, naturally it had let go of everything and completely merged with Long Chen, becoming one with his blade. After a few tries, Long Chen realized that the spirit sword and the plain sword did not suit him very well. Although the two Creation Divine Tools were of high quality and were once of Hun Yuan's rank, they were actually of a softer level. Fang Zheng's method of killing was slightly off from Long Chen's.

Although the Unparalleled Dragon Slaying Blade did not need the two swords' strength to be enormous, and their concepts matched well enough, they could still erupt with unimaginable power. Long Chen spent about two months, and completely grasped the Unparalleled Dragon Slaying Blade.

Due to the loss of a portion of his battle power from the psionic sword, he had now returned to where he was previously. The primordial divine dragon origin energy, equivalent to Genesis, had clashed against the peerless Dragon Slaying Sabre.

Of course, for the sake of the Dragon Slaying Sabre, he had to waste some time. After that, he continued to focus on his cultivation to prepare for the Fiendgod Calamity. In reality, he was fast. For him now, everything had already been completed.

Other than that one time when he obtained the peerless Dragon Slaying Sabre, Long Chen had almost disappeared from the field of vision of the masses.

He didn't care. As long as he was strong, he only wanted revenge.

While he, Ling Xi, Mo Xiaolang and Su Yan were all upgrading themselves, a special guest had arrived at Slaughter Dragon City today. Without attracting the attention of the three Dragon Emperors, he directly appeared in front of Long Chen in the Scarlet Dragon Palace.

His black hair flickered with a faint purple light, and his eyes were like the vast starry sky. He was tall and strong, handsome and extraordinary, shining with divine light, and was the most handsome deity in the hearts of the living, satisfying all of the young girls' fantasies about the young deities.

Long Chen stood up, his heart was currently cold and fierce, naturally he would not laugh, and calmly said: "You've come to find me for something?"

Xing Chen looked around and circled around Long Chen, and said a bit absent-mindedly: "Is this Dragon Sacrifice Continent's former holy land, one of the Five Dragon Cities? This world is too weak to even have a single divine spirit. "

Long Chen waited for him to say the key.

After walking one round, Xing Chen listened to what Long Chen said. Those eyes that were like vast stars stared at Long Chen, and suddenly shook his head: "I heard about you, and it seems that a woman and her unborn child were assassinated by a mysterious God King. When I first heard about this, I also felt that it was inconceivable. It's been such a long time since we've met. I heard that you've been hiding here all this time to cultivate.

Long Chen didn't really like this guy's playful personality, so he said: "Xing Chen, you didn't come here to pity me. I need to be quiet. "

Hearing that, Xing Chen laughed, and said: "Alright, you are straightforward enough, I am indeed not here to take pity on you, not my wife, not even a deity, a woman, I think you won't mind too much, maybe even all of this is all part of your plan."

He violated Long Chen's taboo.

Although it looked like he didn't have the heart to say it, Xing Chen's meaning was, maybe Ling Xi had actually killed her and her daughter! In truth, among the various Gods, this speculation had already spread and many people believed it. The only reason was because of Di Yao!

Everyone would compare Ling Xi to Di Yao.

An ordinary woman who wasn't even a god, the daughter of the great number one primordial god, the Divine Emperor's Di Jun, who had a more noble identity could be imagined. If there was a choice, any god would choose Di Yao, and Long Chen was also one of the gods!

He could tell that Di Yao had feelings for him, so he probably made the decision on the spot and killed his own woman and child, and then created this God King. Although this kind of behavior was disgusting, cruel, and made others despise him, but if it was really Di Yao's turn, then they could all understand, if they didn't kill their own wife and children, how could they continue with Di Yao?

Long Chen's killing intent flashed past his heart for a split-second.

To be honest, he also knew that such rumors were spreading among all the living beings. Anyone who was described as such would be furious, but in reality, among all the living beings, there were still many who believed in Long Chen. For example, above the Immortal God Realm, there were those who knew the story of Long Chen and Ling Xi.

Of course, this also meant that some people believed the saying of the Gods.

After all, this was the era of the gods!

This kind of terrible disgrace caused Long Chen to be very angry at the start, and he even felt countless of sinister eyes sizing himself up. In the hearts of many people, it was possible that he had turned from a peerless genius of his generation, the Savior, into a despicable person.

But when he told Ling Xi about this, Ling Xi told him to not care about it, because the moment she returned, all the rumors would be blown away and Long Chen would have figured it out. No matter how unwilling he was, it would all be worth it. Therefore, he didn't mind. As a manly man, he was magnanimous in his heart. All evil and evil beings would naturally give way to him.

So he endured his killing intent and allowed Xing Chen to continue.

Seeing that he was not angry at her, Xing Chen laughed coldly in his heart, and thought to himself: The rumors are true, I had underestimated this guy, I never thought that he would be so ruthless, for a better future, he would actually kill his wife! Such ruthlessness!

Chapter 2653 - The Battle of Anger

If that was the case, then he had a huge grudge against him.

He also didn't need to be polite with Long Chen because he lost his wife and daughter, so he went straight to the point: "I've been lied to by you several times in Incantation, and now that the truth is out, don't pretend to be a grandson in front of me, and say that you and Di Yao aren't related. Although I don't know which of her tendons is wrong, and she actually looks at you in a new light, Long Chen, you have to understand, a toad wanting to eat swan meat, this is a very funny thought.

Indeed, he came for this kind of boring thing. Long Chen didn't have the slightest interest in pestering him, and waved his hand: "You should leave."

He hated dealing with such people the most. They were used to being in a position of power, and if they did not flatter them as if they were guilty, they would not forgive them. In truth, when he said this, he already expected that if he didn't take this Space Flood Dragon today, he wouldn't give up.

Therefore, he was too lazy to say another word.

As expected, when Xing Chen saw his impatience, he became angered to the point that his heart burned with anger. He took a few steps forward, coldly looked at Long Chen, and suppressed the aura of the A master-class Empyrean God, then pointed at Long Chen's nose and said: "Let me tell you, I'll give you one last chance. Don't hit Di Yao's principles, you're just dog shit compared to her. If I hear any other news, the next time we meet will not be as simple as warning me. If I want to kill you here, no one will be able to do anything to me! "

There were a lot of things that needed to be said once. If Long Chen could not mind it this way, it would save him a lot of trouble, but if he could take a step back and let his opponent take a step forward, then

this kind of step back was completely impossible. It was enough for him to listen to the story of killing his wife and girl once, but the second time would be breaking his bottom line.

He could only cultivate in peace, but since there were people who wanted to destroy his plan and self-righteous enough to teach him a lesson, even if he had no interest in Di Yao, he still had to fight in this battle. Victory or defeat was not a problem, if he did not solve this problem, who knew how much trouble this guy would bring him?

He directly said, "There's no need to wait for the next time. If you have the guts, come with me!"

These words scared Xing Chen to death.

He was here to intimidate Long Chen, but he didn't think that before he could even react, Long Chen was not scared at all when threatened him. In the past, he would explain to him that he had nothing to do with Di Yao, but now, he was inviting him to battle!

In actuality, Mo Xiaolang and Su Yan were already in the vicinity at this time.

"Take good care of Five Dragon Cities, I'll be right back." Long Chen instructed them.

"Big Bro, it's best to get rid of those rumors as soon as possible. I'm very angry when I hear them." Mo Xiaolang was actually very pained for Long Chen.

Long Chen smiled faintly, and said: "Let them think like this, it'll be even more exciting when the time comes."

This was his state of mind.

One person couldn't stop everyone from closing their mouths, they could only slap the mouths of these villains.

"Long Chen, are you provoking me?!"

Seeing that he was ignoring her and talking with Mo Xiaolang, Xing Chen was immediately enraged.

"Didn't you want to kill me? Don't wait any longer. Let me tell you, if you can't kill me, then Di Yao has nothing to do with you. When I'm having sex with her, should I inform you? "

After being provoked by the words of this self-righteous fellow, the devil fire in Long Chen's heart had long ago ignited to a height of thirty thousand meters.

"Bastard!"

Xing Chen's eyes instantly turned red.

This damned country bumpkin, how dare he look down on me! Initially, he had no intention to fight, he only wanted to intimidate Long Chen to make him realize that he was not worthy enough to be called God Yao. Now, he directly challenged him, and did not even put himself in his eyes!

Xing Chen felt extremely miserable. Before he could even respond, Long Chen had already rushed into the clouds, rushed into the starry sky, and distanced himself from the Immortal God Realm, arriving at the right battlefield.

Second, he wanted to integrate himself with the gods, so as to not cause trouble. But now, it was different, even if Ling Xi did not die, the hatred in his heart was like fire, and he would not be courteous to anyone who dared to clash with him. In the future, he might have to oppose the Divine Emperor Di Jun, so why would he be afraid of a mere space dragon?

Just because he didn't wish to cause trouble didn't mean that he was afraid of trouble.

was also furious, after being stimulated by Long Chen, his rationality had been pushed far away, and he saw a point in the sky, which was Long Chen. At this moment, his eyes were bright red, his entire body was filled with rage, with a stomp of his legs, the entire Scarlet Dragon Palace had collapsed, creating a huge commotion!

At the same time, he let out a furious roar!

"Long Chen, you are courting death!"

A roar that shook the entire Dragon God Domain!

Mo Xiaolang and Su Yan protected Slaughter Dragon City. The people here weren't hurt by the furious roar, but the commotion was too big, not to mention the human gods, even the demons, Witch clan and other gods heard Xing Chen's roar. All of them were startled.

"Xing Chen? Long Chen? What did they do? "

"Looking for death? Xing Chen wants to kill Long Chen? "

It was not only the gods, but all living beings as well. These past few years, they had already gotten to know most of the deities, and of course, they knew the pride of the demi-humans.

To many people, this deity was their greatest wish. He was of noble birth, and had a divine king level brother who cultivated the laws of the universe ...

Of course, although Long Chen had killed his wife and made up the rumor that the God King had assassinated them, at least in the Dragon Sacrifice Continent, there were still many people who chose to believe in Long Chen. Further up, he and Ling Xi had subsided from the great war between the Four Clans, how great were their contributions? There would be no Dragon Sacrifice Continent today without Long Chen.

But when the two of them started to fight, it made people think of a person, and that person was the number one Primordial God, the daughter of the Divine Emperor's Di Jun, Di Yao! A peerless princess! The reason why Long Chen killed Ling Xi in the rumors was because he wanted to pursue Daughter of the Divine Emperor. He even heard that Daughter of the Divine Emperor had already given him a terrifying God Creation Art.

Then, it would be understandable if Xing Chen, who was chasing after Di Yao today, came to look for Long Chen.

In the eyes of the crowd, Long Chen was actually enraged by Xing Chen. Did he say then that the rumors were true? Since Long Chen was truly related to the Princess Di Yao, then ...

No one was willing to let Long Chen become like this. If it was really him who did it, perhaps no one would forgive him, because this matter was really too deranged.

But now, the Gods had hurried over. Because it was Xing Chen's voice, the demon race's gods were not idle either. The Immortal God Realm was simply too small for them.

This was something that would only happen after a long period of silence. From the looks of Xing Chen's heart-tearing and lung-splitting voice, this was something extremely infuriating.

All sorts of speculations and speculations filled the air in that moment.

Some people continued to blush while others were filled with doubts. The discussions of the crowd echoed throughout the entire sky.

Some people were angry because of Long Chen, some people were confused by the rumors, and some people felt extreme sorrow for the him of today. In reality, they really hoped that Long Chen would come out and say that he wouldn't do such a thing. However, Long Chen was very silent.

Below them were the living beings, surrounded by rushing divine gods. Long Chen could hear all of their voices, but today, he only wanted to do one thing, and that was to beat the person in front of him up.

"Don't hesitate. When the gods arrive, we might not be able to fight. Let's fight." Long Chen was too lazy to waste anymore time.

However, Xing Chen gave a cold laugh and said: "What's the rush? You're the one who asked for a fight, don't be afraid of losing face. It's better if everyone came. You were able to defeat three initial state Divine Lords back then, and are indeed very capable. It is said that you even caused the Storm Divine Sovereign to suffer losses, which is probably a bit too much. "Do you have the guts to bet with me? If you lose, you will never ever have the thought of chasing after Di Yao again!"

"Truly boring. But if you lose, why don't you kneel on the ground and call me grandpa three times?" Long Chen said.

"Grandfather?" Xing Chen was startled. He thought that Long Chen's conditions were the same as his and he was not afraid. was confident in himself, defeat was something that would never happen.

"Mmm, good girl." Long Chen sneered, at the moment, the Primordial Divine Dragon's origin energy was erupting from his body. He thirsted for battle, so at this moment, there was no one who could stop his thirst for battle, the cruel negative emotions in his heart had all been released. He was like a person who was about to starve to death, Xing Chen was his delicious food!

That boundless desire for battle swept through the starry sky like endless black fog, filling the surroundings. Even though he was smiling, he could feel that his mouth was wide open, as if he wanted to swallow something!

He yearned for battle, for slaughter, for revenge!

Xing Chen was enraged once again. He couldn't hold back and roared: "Fine, let's do it this way. I think everyone heard the promise between us. All the Gods are notaries between us. When they arrive, it will be the start of the battle, and you will regret your decision today. "

Long Chen could only say that I would regret my ass, and that it wouldn't matter if I lost or lost, I would be able to vent my anger. He was very grateful to Xing Chen for giving him a chance to vent his anger, last time I didn't have a good fight with the Tripod black.

A confrontation between a divine dragon and a flood dragon!

In the blink of an eye, the gods descended. Aside from the Divine King of Light, the Infernal King was the leader, and the rest of the humans appeared. The demons, led by the Starry Skies Divine King, also rushed over in a hurry.

Before they had rushed over, they had already heard of the agreement between Long Chen and the two of them.

They were actually fighting for Di Yao, it was indeed child's play, but young people were like this, hearing the agreement between them, the gods did not want to laugh, they were curious why Long Chen needed others to kneel on the ground and call him grandpa three times.

If Xing Chen really lost, then that would be fun, because the Starry Skies Divine King was here. If his brother called him Grandfather, then wouldn't he be?

"How preposterous!"

The Starry Skies Divine King was slightly angry, Xing Chen's actions were too immature, even if he won, he would not win against Di Yao, it would only make Di Yao disgusted, young people were indeed too impulsive, but now that the situation had developed to this point, the Gods of the world were watching, pulling him back now, seemed to make him even happier.

The Hell God King was also a little stunned. In his opinion, Long Chen should be in extreme pain for Ling Xi's matter, to actually fight for the sake of chasing after Di Yao today. Could it be that Di Yao had already made him fall for her?

At this moment, Di Yao also arrived.

Chapter 2654 - The Sword Scripture

She had appeared by the side of the Infernal King. Before she had arrived, she too had heard of what was happening.

To be honest, she had to thank Xing Chen because he had given Di Yao a chance. This kind of situation would undoubtedly make the Gods even more suspicious of the relationship between his and Long Chen. What she needed was this kind of opportunity to bridge the gap between them, even though it wasn't her initiative, so at least everyone would feel dubious about them!

Of course, this was what her mother had told her.

She was the star of the day.

When she arrived here, the eyes of the entire god could not help but shift from Long Chen and the other person's body to her body. The expression in their eyes was ambiguous, obviously, it was because of her that the two of them were fighting here today. Did he like one of them, or did he hate both of them?

The gods wanted to know what her preference was.

At this time, Xing Chen also saw Di Yao, and he was waiting for her. When she had just arrived, Xing Chen said: "Di Yao, this matter has nothing to do with you, it's because I don't like him, and can't tolerate this kind of insane person, that's why I fought with him. Just don't interfere."

Originally, she was inclined towards Long Chen from the bottom of her heart. But now, she coldly said: "You don't need to explain to me, you should prepare to kneel and beg for forgiveness, he won't lose to you!"

It was clear that Di Yao, who was between Xing Chen and Long Chen, was completely biased towards Xing Chen, not giving him any face at all. This action had also disgraced the Spirit Demon race, and caused the two clans to immediately become angry. But of course, to the human gods, this was also quite unbelievable!

Di Yao had previously gifted Long Chen with a peerless Dragon Slaying Sabre, and now she was standing on Long Chen's side and belittling Xing Chen. Could it be that the rumors were true, that she had fallen in love with Long Chen? Isn't this too exaggerated?

She was a dignified Daughter of the Divine Emperor.

However, at this time, Di Yao explained: "Everyone, don't think too much. Long Chen saved my life twice, and is my good friend. As a friend, I am extremely disgusted with people who deliberately discredit him."

As for the burning flames of gossip in the surrounding area, although Di Yao was able to explain it at this time, it also caused people to be unable to restrain their fantasies. Of course, no one felt that they were a good match.

Xing Chen had already suffered a crushing defeat before he had even started.

He was reaping the consequences.

Therefore, at this moment, the only way he could win face was to defeat Long Chen. At the very least, this way, Long Chen would keep his promise and not pursue after Di Yao. If he couldn't get it, then he wouldn't be able to get it either.

"Everyone, get out of the way!" I hope that everyone can bear witness that we have already made a bet.
"

Xing Chen announced loudly.

Not only to let the gods know, but also to let all the living beings in the world know.

One side was the peerless genius born in the Dragon Sacrifice Continent, and the other side was the most outstanding person in the Archaic Gods!

After the gods dispersed, it was time for them to act.

Xing Chen showed Long Chen his strength without restraint. This Starry Sky Flood Dragon was born from an endless starry sky, it devoured countless stars to grow as its body became as big as a river, it cultivated the 'prehistoric level' Infinite Divine Art ', and the 'Eternal Heaven Divine Art 'to give birth to the 'Power of the Milky Way Celestial Emperor '!

Although in terms of the Infinite Divine Art, he was slightly inferior to Long Chen, but he was still a A master-class Empyrean God. His strength was like the vast and boundless stars, limitless, and in terms of total strength, he far surpassed Long Chen.

As for the other aspects, Long Chen did not have the advantage!

Right now, in the endless starry sky, 's purple 'Astral Heaven Emperor's power' was on the left, occupying half of the starry sky. On the right was Long Chen's Primordial Divine Dragon Heaven Calamity's origin force.

"A million star fields!"

Xing Chen shouted in a deep voice and stretched out his hand. In an instant, countless specks of light began to gather in his hand, and within each speck of light, it was as if there were countless stars revolving within, and on each star were countless living beings.

Millions of specks of light gathered together, forming a purple, glassy, crystal clear long spear in the hands of the stars. This spear was not like a divine creation artifact, but more like a beautiful work of art that would shatter upon contact.

Long Chen remembered that he once had a weapon called the Three Thousand Star Domain. Of course, it was extremely simple. Compared to this million star field, these million star fields should be, without a doubt, the creator of Genesis.

The violet-colored long spear and the Starry Sky Divine Lord were truly heroic and extraordinary!

All living beings bow in worship.

However, Long Chen took out the peerless Dragon Slaying Sabre!

His appearance was simple, but because of his ruthless strength, he suppressed the millions of star fields. His peerless Dragon Slaying Sabre and Long Chen's temperament were the same;

Ding!

The rings on the back of the saber vibrated.

This was the first battle that Long Chen and the Tripod black had coordinated with each other. The Tripod black was also very excited, and it even met an opponent that could be considered a challenge!

The Gods were very curious, what kind of strength did Long Chen have? Without those two swords, what could he do with this peerless Dragon Slaying Sabre?

In reality, from Xing Chen's perspective, Long Chen did not use the twin swords, but the peerless Dragon Slaying Sabre, was a form of show off, a form of contempt for himself! It also gave him a huge shock!

They were fighting over Di Yao, and this peerless Dragon Slaying Sabre was given to Long Chen by Di Yao!

"Sabers are good sabers, but it's a pity that people are trash!" "What a waste of a blade!"

Xing Chen shouted loudly, striking out angrily amidst the discussions of the Gods. He had to defeat Long Chen quickly in order to save all these lost face.

The war had begun!

Long Chen held onto the peerless Dragon Slaying Sabre, and placed it in front of his eyes. This blade released a monstrous black ruthless aura that swept through heaven and earth, and made him feel as though he was wrapped in an endless demonic mist, faintly discernible, the gods found it hard to believe. Could this be his true appearance?

If Xing Chen could be said to be a fierce tiger, then the current Long Chen was like a starving wolf. No matter how he looked at it, Long Chen was not a match for the fierce tiger.

"The Star River Emperor has no way to walk the path of spears!"

With a spear in hand, Xing Chen attacked like a space war god!

The purple millionth star field became a mirage in his hand at an extreme speed. The power of the laws and the power of the spear swept through the space, as it was outside of the Immortal God Region, it had a tremendous impact as soon as possible, but at least it didn't affect that world.

"Endless Starfield!"

This move!

This move contained the laws of the spear and the starry sky.

The power of the A master-class Empyrean God erupted, the power of the Heavenly Emperor of the Milky Way swept out like a tidal wave. The spear-tip of the million star domain horizontally across the sky above Long Chen, and instantly turned into countless of stars. Looking up, one could see that it was also the power of countless stars, which was also the power of countless lives!

Long Chen put down the thick and peerless Dragon Slaying Sabre, which was still as vicious as before.

"It's time for you to show the power of your 'Peerless blade technique'."

Long Chen held onto the Dragon Slaying Sabre, a domineering aura surged in his heart. He held onto the saber with one hand, and rushed into the river of stars in the eyes of the God of Heaven. The astral energy on the saber was released, the starry sky shook, and all living things were deathly still!

"Demon Slaying!"

This was the first move of the 'Peerless Saber Scripture'!

The Absolute Saber Scripture did not have a specific form, it only had the most suitable will to complement the peerless Dragon Slaying Sabre. The so-called Demon Slaying Sabre was only the simplest of slashes, but this slash could channel all the God of Creation Power of the peerless Dragon Slaying Sabre, forming an earth-shattering slash!

From the bottom up, the blade shattered the starry sky!

Slash!

This was the most tyrannical and most important attack of the saber. Different from a sword, the attack of a sword varied greatly.

Although Xing Chen's attack was not bad, fair and square, with the dignity of a god, it seemed to have some disadvantages when compared to Long Chen's fierce attacks. This was the difference between fighting with one's life on the line and fighting with one's life on the line.

"Break!"

The Sword Scripture had reached the sky!

Following his world-shaking shout, the peerless Dragon Slaying Sabre's aura shot up into the sky, slicing the endless star field into two, clashing once with the million star field, causing a destructive force to shake the place. Long Chen was shaken by the vast power of the Heavenly Emperor of the Milky Way, while Xing Chen was thrown into the air, even the million star field in his hands almost fell out of his hands!

"How is this possible!?" He had just grasped this peerless Dragon Slaying Sabre, how could he unleash such strength! He even managed to cultivate the peerless blade scripture! "

Although Xing Chen was not injured, he was still shaken after his first battle with Long Chen.

They all knew the exact time when Di Yao gave Long Chen the Dragon Slaying Sabre. In just a few months, he was able to reach such a level. He was truly a peerless genius.

Di Yao was also overjoyed. Seeing that Long Chen was able to take out his present to use, it was also a sign of affirmation.

In truth, they didn't know that Long Chen already had no Lingxiang's twin swords left. Otherwise, he wouldn't have wanted the peerless Dragon Slaying Sabre.

One slash was just the beginning!

So, he was faster than Xing Chen. When the first blade destroyed his attack, Long Chen made a grasping motion with his left hand, and the ocean was activated during times of chaos, he controlled the time between the stars and the stars. Up till now, the strongest point was actually the way of time, the deeper he went, the more terrifying the power of time was!

Long Chen had made his time become chaotic, thus, even though he was using a spear technique, he was actually a little weak at heart, and was often disturbed, as even with a huge amount of energy, he was unable to completely break free of the restraints of time. Instead, it was Long Chen who was even faster, and attacked with his second blade!

The name of the second cut was even bolder.

"God Slaughtering Strike!"

Demon Slaying, God Slaughtering!

The peerless blade technique was stronger than one. The second blade was built on the foundation of the first blade, slaying demons and killing gods.

Divine Obstruction - God-Slaying Fist!

Just as Xing Chen was getting used to the chaos, he saw that Long Chen seemed to have turned into a huge black bird. With a slash of the blade, the astral blade tore apart the heaven and earth, and under the influence of the sea, it was either slow or fast, but when Xing Chen thought that the attack had arrived, it was actually still far away, landing in the next moment!

"Break!"

The saber once again broke through layers of the Star Domain.

"Absolute Star Spear!"

Xing Chen's move was similar to the Nothingness Demon's, the million star domain in his hands became formless, and the attacks of his Absolute Star Spear were already everywhere. Before Long Chen's blade even hit Xing Chen, it had already been pierced through by the other party.

"Die!"

Xing Chen roared excitedly, he was forcing Long Chen to put down his peerless Dragon Slaying Sabre!

But he had underestimated Long Chen's will!

In a battle, injuries were certain, especially for Long Chen who had the Fire of Life. Bathing in the Fire of Life, he continued to swing his Dragon Slaying Sabre, causing his strength to increase explosively.

Through the sword, Xing Chen saw the current Long Chen, cold and bloodthirsty. He did not want to spar with him, but instead, thought of himself as his enemy, his prey, and his cold smile, making Xing Chen's heart tremble violently once!

BOOM!

With one slash, both the spear and human were sent flying.

Chapter 2655 - Xinghe Fall

With two consecutive slashes, Demon Slaying Sabre blocked Xing Chen's attacks. The God Slaying Sabre directly sent Xing Chen and his spear flying. Obviously they had suffered a huge shock and impact!

In terms of might, this Creation Divine Tool of a million stars was not any weaker than the peerless Dragon Slaying Sabre. However, Long Chen's victory was in his willpower, his control over time energy, and his coordination with the peerless Dragon Slaying Sabre.

Although his injuries were not considered heavy, to a god, such injuries were nothing to him. However, the loss of face was huge, and he, a dignified A master-class Empyrean God, a heaven favored son of the demon race, was actually forced to retreat by Long Chen's blade! Furthermore, the amount of time that Long Chen had obtained the peerless Dragon Slaying Sabre was not long.

For a moment, the crowd was in an uproar.

Two consecutive slashes only lasted for an instant. The fact that Long Chen had the upper hand in this short moment had far exceeded everyone's expectations.

The Gods looked on in disbelief at the following developments.

Of course they knew that Xing Chen only looked down upon him a little in the beginning, but after this loss, he would probably become smarter. At the very least, they had not turned into their true bodies yet.

As expected, after he was forced to retreat, he immediately became enraged, with a wave of his hand, the million star fields became countless stars, returning to his hands, his hair was flying wildly, the starlight in his eyes was surging, as though countless stars had exploded in his eyes, his entire body was flashing like stars, the vast universe like the Heavenly Emperor energy in his body had exploded!

With Xing Chen's current ability, if not for the Everlasting Skystone, he could destroy the Dragon Sacrifice Continent with a single move.

As Xing Chen roared, a million star fields released a blinding light, and within each star point, an endless amount of power was released.

"If you have the qualifications, then let me, Xing Chen, fight you with my all!"

That roar spread across the world, causing all living beings to hear it. The scene was too big. It was as if there was a black sun and many rivers of stars in the sky. It was impossible for the crowd to not notice.

This battle had filled everyone who didn't understand much about the gods with anticipation. Hearing Xing Chen's words, it seemed like Long Chen's performance was not bad?

Not only was it good, when Xing Chen said this, it was also to save some face for himself.

After boasting, it was clear that he only had one chance. If he did not suppress Long Chen this time, he might very well lose his confidence and be defeated in the end. He could not imagine what would happen to him.

One chance!

Xing Chen clenched his teeth. This time he was serious.

Millions of stars pierced into the heavens, fusing together with his body. A massive snake formed from starlight coiled around him, shining with boundless light!

At this moment, the direction in which the million star fields were pointing towards was a river of stars in the sky! It was a river of stars some distance away from the Dragon Sacrifice Continent, with numerous stars on its surface!

Seeing this scene, the Infernal God King said, "Long Chen is not bad, to be able to force Xing Chen to use this move. This move will most likely decide the outcome of the match. "

"Is Long Chen in danger?" Di Yao was shocked.

The current Long Chen, after using the second slash, did not seize the opportunity to attack. Instead, he looked at the furious Xing Chen with a relaxed expression.

"From the looks of it, victory and defeat should be within his grasp. Of course, it could also be because he was unable to do anything and pretended to be calm. But I have to say, the peerless Dragon Slaying

Sabre that you gave him is even more suitable for him than his own twin swords. " The Infernal King said with slight shock.

He had even sent out his peerless Dragon Slaying Blade. This was a problem that was difficult for him to think through, after all, Di Yao's status was too noble, anyone would be envious, and would also want to obtain her love, such as Xing Chen.

However, no one had ever made Di Yao worry so much.

He could only sigh at Long Chen's luck.

Right at this moment, Xing Chen's killing move was already complete. He was dancing on the million star fields, using the power of the laws to control the rivers of stars in the sky. After a while, the distant river of stars began to violently tremble, and the countless stars above began to move rhythmically under the guidance of the laws of the stars, changing!

In the end, they had even headed towards Long Chen!

Countless stars attacked!

"The river of stars has fallen!"

Holding a million star fields in his hand, Xing Chen charged forward angrily, thrusting out with his spear!

The simple piercing of the spear was actually so different. This was because behind him was the river of stars, an entire river of stars, and countless stars. Under the guidance of his million star fields, these stars began to descend at a terrifying speed!

To the beings of Dragon Sacrifice Continent, the sky was filled with an incomparably gorgeous meteor shower. A river of stars really had collapsed from the sky, as if it was bringing doomsday!

Those stars were falling, and at the moment of their descent, they were actually fusing. In the weak and weak, all the essence was gradually fusing together, the stars were already tough to begin with, and when all the power and brilliance was condensed together, what appeared was naturally terrifying!

This was the greatest killing power of Xing Chen's move.

What the Gods saw was, when the entire galaxy landed in front of them, everything had already disappeared, leaving only one star, this star had landed on the spearpoint of a million star fields!

A single river of stars fused together to become a single point.

Especially when he was in the million star field, and became the most acute part of the Creation God Creation Art. At this time, Long Chen had already felt the most frightening aspect of the million star field.

It penetrated everything.

It truly was worthy of being called the Stellar River's Fall!

Faced with such a threat, even the Gods were scared witless, especially those with the same strength as Xing Chen, they believed that they did not have the ability to block such a fatal attack.

Therefore, they couldn't help but feel pity for Long Chen.

After all, he had angered Xing Chen, so if he lost, he had to keep his promise.

A shocking moment!

Long Chen was more calm than anyone, he held onto the big blade with both of his hands, and stalked steadily in the starry sky, his eyes were as calm as water, as though he was a completely different person. Right at this moment, his eyes started to become illusionary, and turned into nothingness, without any emotions.

He did not have much time, and in that instant, the river of stars had already fallen before his eyes.

He simply sent out a saber strike.

This saber strike was different from the past. In terms of might, he reckoned that it was a bit more powerful than the slaying of demons or gods. This was because this was the third move of the unrivalled

Saber Scripture - Dragon Slaying. It was also the move that Tripod black was the most adept at. At the moment of release, the Tripod black had simply used all of its strength, activating this move together with Long Chen!

Of course, Long Chen understood in his heart that since the other party was already going all out, even if it was the third move of the ultimate sword art, it might not be able to stop him.

That was the 'Time Split'!

This move of his had produced two types of laws.

Slaughter, time!

Among them, the power of the time warping had consumed a certain amount of his energy.

With a simple slash of the blade, the sharpest part of the blade clashed with Xing Chen's million star field with one river of stars!

This was the clash of the twentieth century!

At this moment, something strange happened.

From the looks of the scene, the move from the million star fields was at least ten times better than the one from Long Chen's Absolute Saber Scripture, Dragon Slaying. After all, in terms of scene, Dragon Slaying couldn't even compare to Demon Slaying and God Slaying.

From the looks of it, Long Chen was bound to lose, and would even be killed.

His reaction seemed to be rather slow.

But the situation was that Xing Chen and the million star fields were rooted to the ground, their faces turned pale white in an instant, and Long Chen was indeed sent flying by the immense force. The peerless Dragon Slaying Blade flew out of his hand and disappeared into the starry sky in an instant.

What happened next was that Long Chen was surrounded by a green flame and quickly recovered. Although he was pushed back, he instantly returned, and in the blink of an eye, he was back in front of Xing Chen.

Xing Chen's face was deathly pale. Even though his Starry Skies Fall had broken his Dragon Slaying technique, he was still unable to dodge the power of time and at a high degree of energy consumption, he was instantly drained of energy and could not even move. And at this time, Long Chen charged over!

"Whiz!"

The peerless Dragon Slaying Blade that was sent flying instantly returned. When Long Chen approached Xing Chen, it appeared in his hand, and in the next moment, the peerless dragon slaying blade appeared above Xing Chen's head!

Stop!

Swish!

A violent gust of wind rose, tearing apart Xing Chen's disheveled hair as it flew towards the back.

The peerless Dragon Slaying Sabre howled, showing its unparalleled killing intent. It moved horizontally above Xing Chen's head, and this was done deliberately by Long Chen, if he were to continue downwards, he should be able to slash Xing Chen into two!

BOOM!

This was the end. Xing Chen originally wanted to move, but Long Chen's peerless Dragon Slaying Sabre had already pressed down on his neck, using the back of the saber to pat his head, causing the pale Divine Monarch to bleed from his seven orifices.

"Don't move, if you continue to move, you will die. It's over. Xing Chen. "

Long Chen looked into the other party's eyes, and said calmly.

Xing Chen was not his match. Although he was still fighting with the state of a Spirit Demon Beast, but right now he had already lost, and he did not even have the time to transform into a Spirit Demon Beast.

"Ugh ..."

The million star fields in Xing Chen's hands almost fell out of his grasp. He felt a wave of dizziness and he was still unable to accept this reality; the more he looked at Long Chen, the more furious he became. He couldn't resist raising his million star fields again, and was about to stab towards Long Chen's chest.

Long Chen had long since paid attention to his movements, and before the other party could make a move, he had already moved away. In front of all the people, he said, "You're not a child, what's the point of going back on your words? As a man, you have to bear the consequences. Now that you've lost, don't deny it. Remember your bet? "

Maybe when Long Chen finished speaking, the gods would know that this matter was already over.

The citizens were also waiting for their results. This was a mysterious era, and they could often see the legendary gods fighting in front of their eyes.

"Long Chen won?"

At this moment, it was unknown how many people were speechless.

He was always like that, creating miracles over and over again. Now that the gods had returned, he was still like a demon, creating many impossible miracles. This time, he had even defeated the Divine Monarch of Perfection.

To the Gods, this result was also very surprising.

Many people's emotions were in fact about the same as Xing Chen's. He lost too quickly, too strangely, and there was naturally a lot of unwillingness in his heart. He even more could not accept that he had lost to a country bumpkin he didn't even look down upon, in front of the woman he wanted to pursue!

Oh my god!

Right now, she hadn't even won, but had quickly lost to Long Chen. How much disdain would Di Yao have towards him, and how would it be possible that he would pursue such a daughter of heaven in this lifetime?

Especially after all the bets from before, now that he thought about it, how terrifying it was!

A fierce light suddenly appeared in Xing Chen's eyes. He had recovered some of his strength at this time, and seeing that Long Chen was also almost at the end of his tether, his heart suddenly went mad. He charged over once more and said angrily, "I didn't die, how can we determine the victor! Again! "

Chapter 2656 - Wrath of the Celestial King

However, he was quickly intercepted by a deity.

The man was blocking in front of him, causing Xing Chen to be unable to move.

Long Chen took a closer look and realized it was Starry Skies Divine King. His eyes were deep and profound as he faced Long Chen, and if Xing Chen's eyes were starry sky, then his eyes would look like an entire boundless sea of stars, unfathomable. He was the most famous Starry Sky Flood Dragon, whose body was gigantic and indescribable.

"Pah!"

At this time, Xing Chen didn't recognize anyone. Just as he was about to cross over and fight with Long Chen, he was violently slapped by Starry Skies Divine King, even though it was the Divine Body, but with this slap, half of his face was almost rotten to the point of rotting. The kind of pain could be imagined, Starry Skies Divine King's slap was much more serious than the injury Long Chen received.

Of course, this made Xing Chen even more confused.

They could also feel the anger of the Starry Skies Divine King.

"Brother!"

Xing Chen instantly cried. This was the most shameful moment of his life, if he couldn't kill Long Chen now, he would commit suicide even if he wanted to. He no longer had the face to live in this world anymore. To be defeated by someone he looked down upon was too much of a blow to him. He could not bear this fact.

Starry Skies Divine King glared with anger, his dignity as iron, and said furiously: "As a man, a god, you can't even admit defeat, how can you admit it? If you can't even believe this, you are destined to be a defeated opponent for the rest of your life! It would be better to die. "

"Brother, I ..." Xing Chen's heart was in extreme pain. He felt that his surroundings were filled with glaring eyes, making him want to die, and even more so, he didn't dare look at Di Yao for fear of looking down on her.

"To Di Yao."

The Starry Skies Divine King showed no mercy, he pressed down on his head, looked at Di Yao and whispered in his ear, "Tell her, one day you will win. Tell her not to jump to conclusions so quickly. Have you forgotten the courage I usually teach you men? The setbacks today will be nothing to you in your lifetime. If you can't even admit the strength of your opponent, then what else can you do in your lifetime? "

swallowed the tears in his eyes. Under the control of the Starry Skies Divine King, he couldn't help but look at Di Yao, and at this time, Di Yao was too lazy to look at him, she also didn't want to meet his eyes. If it wasn't for the little bit of respect she had for the Starry Skies Divine King, she wouldn't have been stingy with her gaze of contempt.

"I will win. Wait for me!"

Under the Starry Skies Divine King's suppression, Xing Chen's state of mind crumbled as he shouted loudly.

"Very well, we shall fulfill your bet and fulfill your promise!"

The gods were shocked. Starry Skies Divine King was truly angry today, but he would definitely not do anything to Long Chen, but he would definitely not do anything to his little brother.

That promise, was to kneel in front of Long Chen!

"Kneel!"

Starry Skies Divine King kicked twice, causing Xing Chen to scream in pain as he knelt in front of Long Chen. His painful and bloody gaze met with Long Chen's calm gaze, this young Divine Beast's eyes were filled with hysteria.

Long Chen did not say anything as he watched Starry Skies Divine King's performance.

"Call him grandpa."

Starry Skies Divine King glared at Xing Chen.

"No, I can't! He didn't have the qualifications! He is one! "

"Pah!" The Starry Skies Divine King's tone was calm, and he said again: "If you can't even afford to fail, what use is there if you're still alive? Call him grandfather, don't let me say it again."

The viciousness of the Starry Skies Divine King had already caused the gods to go silent. Even the Infernal King shut his mouth and watched his' education 'and performance.

The person that he could not resist in his entire life was this big brother. Such a disgrace today had already caused him to lose a lot of courage, and had even caused him to accumulate all his hatred onto Long Chen. He knew that if he did not listen to Starry Skies Divine King's words, today would definitely be miserable.

"Grandfather!"

"Louder!"

"Grandfather!"

In the end, Xing Chen yelled "grandfather" three times, but not only did it cause Long Chen's hearing to become deafening, it even caused all the living beings to laugh when they heard it. It was likely that even the entire Dragon Sacrifice Continent knew of this shameful matter.

"Remember today's shame, remember today's laughter. From today onwards, you will no longer be the old Xing Chen. You will be an avenger. Put your enemy in the highest position. Don't think that today is the end, that it is only the beginning. The higher you place yourself, the more miserable it is to fall. Today's lesson will be enough for you to enjoy your entire life. "

Vaguely, Xing Chen heard the words of the Starry Skies Divine King. This suddenly opened his eyes and became even more gloomy. He opened his eyes and looked at Long Chen who was calm and collected, suddenly smiling widely.

"Goodbye."

Xing Chen said, and blood flowed out.

"Brothers, we'll be leaving first." The Starry Skies Divine King did not look at Long Chen. After bidding farewell to the Infernal God King, he chased Xing Chen away, bringing along the angry demon clan spirits and finally disappeared from the eyes of the human gods. They were unable to say anything for a long time.

All the gods turned to look at Long Chen.

The outcome was so clear, and no one could say for sure, that some people were shocked and rejoiced at his misfortune, because he had undoubtedly offended the Starry Skies Divine King. If Xing Chen surpassed him in the future, then Long Chen's fate would be very miserable.

"Everyone dispersed." The Infernal King waved his hand.

Thinking carefully, they could not help but feel that Long Chen was terrifying. In order to obtain the 'God Yao', he was actually able to do such a thing, and even easily settle his love rival today. Although everyone looked down on him, this person was too terrifying! The Storm Divine Sovereign and the

others' hearts skipped a beat, they immediately left to prevent them from being as miserable as Xing Chen.

After they left, the Hell God King said: "Today, Xingfeng was enraged, and gave his little brother a chance for rebirth. With his abilities, he should have allowed Xing Chen to go down a whole level, if he walked in front of you, he would definitely seek revenge. Although we can protect you, you still have to be on your guard. Otherwise, the consequences will be dire. "

Originally, it was nothing much for Long Chen. When he first kneeled down and called Xing Chen grandpa as a bet, it was only to tease the other party. He didn't ask Xing Chen to do it at all. Since they were going to be so extreme today, they would have to return it to Long Chen in the future.

"Yes, I understand." Long Chen couldn't help but sneer in his heart. The Infernal King was his greatest enemy, he truly thought that Long Chen didn't know it was him.

In his heart, he wished that he could kill this fellow millions of times. That was a never-ending hatred!

"Princess, you are?" the Infernal King asked in a low voice.

"You can go first." Finally, it was her time to be alone with Long Chen. She smiled charmingly and said: "To be honest, you were so handsome just now that you almost enchanted me. I never thought the peerless Dragon Slaying Sabre would be so suitable for you.

Speaking of the peerless Dragon Slaying Sabre, he did have to thank her, but Long Chen didn't really like being alone with her, and Di Yao had already changed. The way she looked at him, was indeed what Ling Xi had said.

He maintained his distance and said, "I do need to thank the princess. This knife is very good to use. "

Saying this, Di Yao interrupted him, "Didn't I tell you to call me Yao'er? Looks like even if I gave you a knife, you wouldn't treat me as a friend. Long Chen, you should be concerned about the rumors outside, don't worry, I know what kind of person you are, and I definitely believe in you, but of course, we know what we are, the ones who are muddled, the ones who are muddled, you are still very depressed, it is rare for me to have a friend, if you do not think like that, then it can only be considered as me overthinking. "

Seeing that she was a little angry and a little disappointed, Long Chen could not help but feel that his head was hurting, that he had taken her peerless Dragon Slaying Sabre, that he could use it well, of course he did not want to offend her, so he said awkwardly: "About that, Yao'er, I am just a little not used to it, after all, her status is a noble princess. Of course, I don't have any intention of not seeing the princess as a friend at all. It's just that I was in a trance after getting into a great trouble. I hope that the princess can forgive me. "

The reason for Di Yao's change should have been because the Incantation Protector had almost killed her, and the time he had saved her, that was the second time she had saved her.

Although Ling Xi didn't like her, Long Chen still kept the distance between them. If Di Yao was a good person, making friends shouldn't be too much of a problem, as long as he didn't cross over the border, then dealing with the Infernal King in the future would bring him a lot of benefits.

Therefore, he couldn't just ignore her. After all, he was still holding onto the things she had given him. It would be great if the Pure Sword and Spirit Sword came back.

In the past, your heart was hurt, so I can't order you. But now, it has already been a long time since you have last seen it, so don't take it too seriously. Today, you have to listen to me, I'll take you to a place to relax, and I'll give you a surprise. You wouldn't not even give me that much face, right? Then I must take back my peerless Dragon Slaying Sabre. or let my dad break your legs! "

She was barbaric, but also had character.

Long Chen thought for a bit, she couldn't eat him after all, he only needed to adhere to one principle, so there wouldn't be any problems, especially since he had already become enemies with the Starry Skies Divine King.

He instructed the wolf cub and Yan Er to look after the Five Dragon Cities, then said to Di Yao: "Then let's go."

Di Yao instantly smiled, her light hair fluttering in the wind. Her smile was as resplendent as a sunflower, giving people a feeling of spring breeze.

"At least you're sensible." Otherwise I'll break your dog leg. "

Di Yao proudly smiled, then turned around and twisted her slender waist. Her long skirt fluttered in the starry sky, showing her curvy figure. Her slightly raised butt was quite charming. Her identity as the daughter of the Myriad Realms Paragon in particular caused everyone to be unable to refrain from coveting her.

However, Long Chen did not notice that when she turned around, his entire body was trembling, he was extremely nervous, and his face was flushed red.

Chapter 2657 - Dream Spirit World

Since Long Chen could see the world Ling Xi resided in, it was only natural that Ling Xi could see the world that he lived in as well.

Based on Long Chen's personality, he had to at least be confident that he would be able to carry out this battle. In this period of time, he had completely controlled the Tripod black and the peerless Dragon Slaying Sabre.

With just a try, he was able to deduce that the unique sword art was indeed formidable.

There was no need to mention how he had fused the Time Break Skill into the Sword Scripture. Time was a mysterious power, it could even fuse together with attacks. This also gave Long Chen a lot of inspiration.

Ling Xi had never been worried for Long Chen from the beginning till the end.

In reality, she was also fighting on the other side, but her opponent was Ling Xi who was currently by Long Chen's side. She was not as confident as Long Chen, it could be said that her battle, from start to finish, was extremely dangerous, and Long Chen had been using his fire of life to protect her the entire time.

It had already been a period of time since she chose to fight against Di Yao with her bare hands.

From being unable to resist, to being able to comprehend a little, until today, she had already entered into a very critical period. From Long Chen's observation, her understanding and use of the Mortal Sword Intent was drawing closer and closer to Di Yao.

She had worked hard, and her hard work was a reminder of hatred to Long Chen, making him unable to forget that moment. Right now, his hatred for the Infernal King was still as blazing as fire.

"It's about time."

Ling Xi closed her eyes. She was already able to react freely in battle, her fingers revolving with multiple sword qi, fighting against Di Yao's wooden sword, it was almost no different from Di Yao's Mortal Sword Intent. Although it was just a finger, every movement she made, was no different from a true sword.

The comprehension of the Mortal Sword Intent had led to a huge change in Ling Xi's temperament.

In the past, she looked gentle and weak, but now, her entire body was enveloped in an awe-inspiring sword aura, making people feel intimidated. Her ethereal temperament, under the purification of the sword aura, had risen to a new level, giving her an indescribable beauty, causing people to only dare look from afar, not dare to approach, only dare to envy, not dare to desecrate.

Even those intelligent eyes hid a stern killing intent.

Of course, she would not reveal all this to her loved one. In front of Long Chen, she was still the same as before. She just got stronger.

Not just his appearance, but his spirit. This was because the sword intent had already fused into her primordial spirit.

"Wait until I return, just return that peerless Dragon Slaying Sabre to her. This woman is too much of an eyesore. I always thought she had bad intentions. Besides, this place makes her my enemy. I think it's a reminder to me. "

Ling Xi was jealous as she fought.

Long Chen replied: "Mn, no problem. Rest assured, I will know my limits. "

pursed his lips and said: "Maybe I'm being too sensitive, to be honest, I feel that she's somewhat useful, and it's good that she doesn't become your enemy, otherwise it'll be too troublesome for you, what request does she have? As long as it's not too excessive, just satisfy her a little."

Ling Xi was also not a person who did not understand anything. She knew that with their current levels of cultivation, they still could not offend this little Divine Emperor. In order to protect Five Dragon Cities, Su Yan, Su Yan and the others, Long Chen had no choice but to give Di Yao face. After all, she didn't have any malicious intentions from the beginning to the end. Perhaps it was because he had saved her before, that he was grateful to her.

"Focus." I really want to see what will happen after you comprehend the Sword Intent of the Mortal Realm. "

The closest person to her was Long Chen and her.

Ling Xi really needed to focus, her training on the Mortal Sword Intent was nearing its end.

And at this time, Long Chen was currently following Di Yao and walking around the Dragon Sacrifice Continent. He had been silent all this time, and Di Yao couldn't help but turn her head and ask, "It's been so long, are you still not feeling better? You will die if you speak to me. "

"No matter how much time passes, as long as I don't seek revenge and don't find the culprit, my heart will never be at peace. This matter will never end. " Long Chen said with a cold expression.

Of course, she would not tell Long Chen, the real culprit was her. She sighed helplessly and said: "Fine, I understand you, looks like my only way is to wait for my father's return and let him take a look, but since we are good friends, I can't just keep watching you go down like this, and lose your direction in life. At least in front of me, you have to say a few more words, okay?"

Seeing her sincere expression, Long Chen nodded, then asked: "Didn't you say you want to bring me to an interesting place?"

Di Yao nodded her head and gave a mysterious smile, "Actually, we have already arrived."

Long Chen looked at his surroundings. It was just an ordinary forest, filled with increasingly stronger demon beasts. The Everlasting Stone had changed a lot, but it shouldn't have made this place more interesting, right?

Di Yao's eyes flashed, "Stop looking at the surroundings, it's here."

At this time, she took out a pure white pearl surrounded by a purple aura. It was about the size of her fingertip and extremely pure. The inside of the pearl seemed to be empty.

This was not an ordinary pearl, nor was it a Creation Divine Artifact or a Chaos Treasures. However, with a single look, Long Chen was able to discover that this pearl was not ordinary. This was supposed to be a mysterious thing, but what was it interesting?

Upon closer inspection, there seemed to be a world within.

And it could be a fairly large world.

Di Yao mysteriously asked, "What do you think this is?"

Long Chen shook his head. She was a Daughter of the Divine Emperor, it was normal for the things that he took out to be so mysterious.

Di Yao giggled. She looked kind of charming as she said, "This thing is called the 'Dream Spirit Pearl'. It is neither a Creation God Equipment nor a Chaos Treasures. This is actually a world. There are many interesting things hidden inside, you'll know when I bring you in. "

"What's inside?"

"To be honest, this is something that my father gave me when I was young. He was not by my side when I was young and I was lonely, so he gave me this Dreamland Pearl. I lived in it for a long time with many companions who made me happy." It also brought me a lot of happiness. I saw that you were frowning every day, so I thought of a way to make you happy. Let me tell you, you are the second person besides me that is qualified to enter this place. No one else has the chance to do so! "

Long Chen was also not very interested in this thing. Although she wanted to free himself from 'pain', his starting point was good, so she couldn't be angry, so he couldn't refuse.

"I promise you, you'll be very surprised when you get in. Because this was a wonderful world. There are a lot of my friends. "

Under her control, the Dreamland Pearl had opened a door.

"Inside is the Dream Spirit World!"

Di Yao suddenly grabbed Long Chen's hand and pulled him into the Dream Spirit World together. Her hand was soft and smooth, but just as they entered, she withdrew it. She said to Long Chen with a smile, "It's just pulling you a little, don't think of taking advantage of me."

Long Chen did not listen to her words, because he had indeed seen many interesting things. After looking carefully, this Dream Spirit World was truly quite large, at least half the size of the Immortal God Realm, and its territory was even wider than the Dragon God Domain. It was a small independent world.

Furthermore, the space inside was also relatively stable, at least a little higher than the Lingsu Star Sea. This meant that the Dreamland Pearl was definitely not simple. According to Di Yao, her father had given it to her as a gift. He had accompanied her when she was little, so it could be a hidden treasure.

Of course it was only Long Chen's guess.

The second reason he was surprised was that this world was especially beautiful. The Dream Spirit World was different from the ordinary world, it was just like the world in a dream, the entire world was light purple, some trees were growing on the ground, some were floating in the air, some were growing in the sky. Flowers were big and small. They had all kinds of shapes, and their fragrance assaulted his nostrils. In any case, everything seemed to be out of the ordinary, like a dream or illusion.

However, the most surprising thing was the creatures here.

"This is 'Meng Ling'. They're all my friends." Upon entering this area, Di Yao's face was filled with a bright smile.

If one looked carefully, they would see that they were little purple spirits with dragonfly wings, about two centimeters long. They were similar to Ling Xi who was initially hiding within Ling Xi's sword, but they were not in human form.

Their small mouths turned red as they circled around Di Yao, yelling at each other.

"Little Princess, you've finally returned to visit us! We're so happy! "

"That's right, why did you just come? You're so annoying, I don't even want to play with you anymore!"

"Don't say it like that, the little princess will definitely be busy with cultivation and will beat down the bad guys."

Long Chen looked carefully, these little lifeforms did not have any power, it was possible that they could not even pluck a single leaf, and were extremely pure. However, the smile on their faces was indeed real, making people want to pinch them.

"Everyone, don't worry. Although I'm late, didn't I bring you all a new friend today?"

Di Yao smiled sweetly at Long Chen. You guys can just call him Big Brother Long Chen. He won't hurt you.
"

Suddenly, a dozen or so of the 'Dream Spirit' had surrounded them, and started to ask Long Chen all kinds of questions, with many other Dream Spirit had also joined them. In such a large world, there were probably over a hundred million Dream Spirit, or even more.

Di Yao replied, "They have no power, and no disputes. They are naturally kind-hearted creatures with no dark sides in their hearts. I've been playing here since I was young, you can't bully them."

She was indeed very different from when they first met.

At that time, Long Chen had personally witnessed her bad temper.

Long Chen thought for a while, but he still could not figure out what was so strange about Meng Ling. Maybe Di Yao had really put in a lot of effort in order to get rid of her pain.

"Actually, I have left here for a very long time, so it was a bit of a waste for me to let them down. After all, I am different from them. There are a lot of things that I can't communicate with. Maybe it's because I was lonely when I was young that I resented others, so I don't have a good temper towards them. But to the Dream Spirits, they are all my family. You better not disappoint my good intentions. I have never

brought anyone in before. You are the first one, remember this. " Di Yao trembled as she said this. She looked towards a certain direction in the Dream Spirit World. Then, she turned her head and smiled, "I'll bring you there. There are more Dream Spirits there."

Chapter 2658 - Evil Spirit Heart

It was a dreamy world.

She was together with the other Dream Souls, but she had actually forgotten about Long Chen. However, Long Chen was currently surrounded by many Dream Souls, so these little things were indeed very cute, surrounding him and asking questions. They were all very curious about Long Chen.

"Big brother, are you also a friend of big sister Di Yao? We all are. So are we friends? "

"That must be it, big brother, tell us something interesting from the outside world. We can't go out into the world, because once we go out, we will disappear."

"Our Dreamscape is big enough, but I've already cleared out the entire Dreamscape."

There were more and more cute dream spirits surrounding Long Chen.

This was a place that was different from the normal world. It was very mysterious and had no rules. It was even difficult to tell which side was the sky and which side was the earth.

At this time, Di Yao leaned over, revealing a spirited smile as she said, "How is it, is the place I introduced interesting?" At the very least, not like you, you used a strange black dragon to fool me, and even took advantage of me! "

"Interesting."

Long Chen looked around.

Ten thousand worlds was simply too big, so it was hard to know how many novel places existed in this boundless world. For example, the Dream Spirit World was its own world. The Dreamscape was a creature that was neither human nor beast.

Although they called Long Chen their big brother, in terms of the time they had, Long Chen was far inferior to them.

As for taking advantage of the situation, he wasn't too interested in bringing it up. He was still at that place right now, and it was already the most critical moment, and Long Chen was using his life force to protect her every single moment. His focus wasn't on Di Yao, if he didn't have to give this fellow face, he definitely wouldn't have allowed her to wander around.

News of their arrival in the Dream Spirit World quickly spread. As they went deeper in, more and more Dream Spirit began to appear. Not long after, hundreds of thousands of small creatures covered in purple light began to dance around them.

The atmosphere here was truly wonderful. No wonder Di Jun would send this thing over to accompany Di Yao.

It was very hard to get along with these Dream Spirits.

For example, at this time, Di Yao was dancing with Meng Ling. Her graceful figure was dancing with Meng Ling, and her melodious laughter spread through the entire Dream Spirit World, attracting even more Meng Ling. At this time, she seemed to have returned to her childhood.

"Is that what she looks like?"

Seeing her in such a happy state, Long Chen felt that he had some prejudice against her, possibly because she was prejudiced against him. From his current judgement, since she wanted him to make him happy because of Ling Xi's death, to distance herself from the pain, and even gave him a peerless Dragon Slaying Sabre, this was also a kind intention.

In this Dream Spirit World, Di Yao could indeed affect any man's heart. She was like a cold and elegant peony that couldn't be sullied, but at the same time, it made people's hearts beat faster, making them want to touch her.

Of course, Long Chen was not moved.

He only admired the beauty of a beauty, but he had no intention of obtaining it. There were countless wonderful women in this Allworld; one or two of them would be enough.

However, Di Yao did one thing, that was, coming to this Dream Spirit World and feeling this mysterious world, Long Chen's mood was a little better.

At this time, Di Yao stopped and asked, "Why are there only you two? Where are the other Meng Ling?"

However, Long Chen understood what they meant. It was as if there was something at the core of this world that was called the 'Evil Spirit Heart' that was destroying the Dream Spirit World, and once the Evil Spirit Heart grew to its peak, it would destroy the entire Dream Spirit World.

Meng Ling and the others found it hard to worry, but at this time, Di Yao's face revealed worry, she came to Long Chen and said: "I'm sorry, I originally wanted to bring you here to relax your mind, I haven't been here for too long, I didn't think that some troublesome things would happen here, I need to go and take care of it. You're so strong, how about you help me out a little?"

Long Chen did not think much and nodded: "Let's go over first."

As she walked, she said, "You probably understand now, Meng Ling is a special kind of life form, she can only exist in this dream spirit world. They are simply one with this world, although they don't have any power, but because of this, they don't have any disputes, in their hearts, they never have any evil and pain, only eternal happiness, they were born together with the dream spirit world, they have never died, that is to say, they are immortal. Any Meng Ling's life could probably be longer than my father's. "

"This is indeed a mysterious place. What is the Evil Spirit Heart?"

Long Chen looked ahead and asked.

The most obvious feature of them is that their bodies will quickly turn gray, they will become selfish, painful, malevolent, they will seize and occupy each other. When thousands of evil spirits gather together, they will form an evil spirit, and the more evil spirits there are, the greater the evil spirit's heart will be, and the more evil spirit it will attract, and one day in the future, it will turn all of the dream

spirits into evil spirits. So, in the end, this kind of evil spirit should be infinitely huge, and in the end, it should be able to destroy this world.

It could be seen that she was unwilling to part with these pure creatures and become selfish and violent. She also did not like the damage done to the place where her childhood memories were located.

"Is there any solution?"

She didn't seem to need to lie to herself, so Long Chen naturally believed what she said.

Even though he was still wary of her, it wasn't normal for the beauty to be in trouble out of politeness and gratitude.

Di Yao suddenly smiled, "Don't be too nervous, I knew you would care. You are a good person, I will tell you the truth, every single owner of the Dreamy Spirit Pearl has almost cleared away the evil spirit heart, and also condensed the evil spirit heart before, but it is not difficult for my father to remove it. Now, I can take care of it myself, but every time I remove the evil spirit, it is equal to the death of those dream spirits. "That's why I'm a little uncomfortable. You can just wait and watch from the side. If necessary, help me get rid of the fish that slipped through the net."

It turned out to be a small matter.

Long Chen did not mind, he was curious, what would the magical Dream Spirit look like after becoming an Evil Spirit?

"Actually, I was thinking too much. Meng Ling has so many things. Even if she can gather evil spirits after a period of time, when all of them disappear, it would still take tens of thousands of years. At that time, who knows if I still exist?"

When he said this, they were almost there.

The reason why there were so few evil spirits welcoming Di Yao was because a large majority of them surrounded the evil spirit's heart. Meng Ling and the other evil spirits curiously looked at the center, not afraid at all. When they saw that Di Yao and Long Chen had arrived, they suddenly separated.

"Perhaps it's sympathy for the fate of his transformed comrade." Long Chen stood at a corner and in front of him was a huge gray flame that soared into the sky, releasing a monstrous evil aura. It was as if tens of thousands of evil spirits were gathered inside, all of them incomparably furious and constantly roaring, their tiny bodies releasing astonishing energy.

She then said with a serious face, "Everyone spread out first, I have to get rid of them, otherwise, you will be assimilated very quickly, and in the end, I will destroy your world."

"Thank you, Princess Di Yao."

Meng Ling's group gradually dispersed, leaving them with a large amount of space.

"Just stay here and help me find out what's missing." Di Yao turned her head to look at Long Chen, and smiled at him wholeheartedly. This smile was extremely alluring, causing Long Chen to be a little absent-minded, thinking that the person in front of him was Ling Xi.

He nodded his head, watching as Di Yao handled this matter. Currently, Di Yao was in front of that evil spirit's heart, and after meeting her, the grey flames condensed by that evil spirit, which was the unprecedented anger of that evil spirit. Tens of thousands of voices roared out, cursing unceasingly, their target was, of course, Di Yao who wanted to destroy them!

"We have eternal life, but we live eternally in ignorance! "He can only enjoy himself. For thousands upon thousands of years, he has been like a fool. This kind of life has no meaning at all!"

"We want to explore other worlds, we want to be free! We want feelings! If we want to live like you, if we can't get all of this, the world will have no meaning at all. We destroyed all the Dream Souls just to free everyone! We must be imprisoned here! "

The evil spirits roared furiously.

"Nonsense!" It is a happy world, and you have become depraved and selfish, and you are no longer worthy of living in this beautiful world. "

She was the first to unleash the law of space, the dance of forbidding skies, while the Nine Star Emperor Sword danced in the Dream Spirit World. Under her beautiful dancing posture, the space was sealed,

and the green flames burned crazily, but soon disappeared. The roaring evil spirits still maintained their angry expressions, but were unable to move!

"Fleeing!"

Di Yao started to use her Nine Star Emperor Sword. She used the Sword Truth that came from Di Jun.

Chapter 2659 - Half-maturity

At the very least, Di Yao would not be able to deal with this Evil Spirit Heart in one fell swoop. She had already performed a high level attack, but after one time, she had only split this Evil Spirit Heart into two halves, clearing out thousands of evil spirits.

And at this time, there were already many evil spirits that had managed to break free from the Forbidden Sky Dance.

Di Yao was not in a hurry. She put away the Nine Star Emperor Sword, pointed at it, and then gripped it. She once again used the rule of space.

In reality, although Di Yao was in the same realm as Xing Chen, the Daughter of the Divine Emperor was actually much stronger than him. The last time he was surrounded by the black dragon in the Incantation, it was probably because she had been careless.

In terms of actual strength, her attacks were still rather tyrannical, especially when the spatial and flame laws were combined. She still had a third type of power, but she didn't display it very often, so Long Chen wasn't even able to see clearly what kind of power she had.

If he were to fight with her, the chances of him defeating her in a direct battle would not be high. Long Chen had a rather accurate intuition, to her, Di Yao was a dangerous person.

"She has the 'Emperor Jun's Three Swords' that her father passed down to her. It's an extremely strong attack that combines the laws of raging flames and the way of the sword. The other two were stronger, and they were also proficient in many different spatial laws. Their potential was enormous. It's just that her mother is very mysterious. I don't know what she inherited from her. " The Tripod black was now completely on Long Chen's side, and took the initiative to analyze Di Yao for Long Chen.

"Return to your world!"

This was the rule of space compression!

She had locked the evil spirits that had been trying to escape into a different space. Under her control, the world started to shrink, and under the immense compression of space, a large number of evil spirits were shattered, unable to escape her control.

"Nine Slaughter!"

He had killed a total of nine swords, and nine sword Qis were released from their bodies. Like raging fire, if it was the Three-legged Golden Crow, each Three-legged Golden Crow would be made up of hundreds of thousands of fire sword Qi, covering the entire sky and covering the earth, beheading most of the evil spirits in the world!

This time, she used all of her skills, and only managed to deal with a large portion of the evil spirits.

And those good and evil spirits had gathered together, forming the heart of an evil spirit. Otherwise, if Di Yao wanted to kill them, it would be extremely difficult.

"This is also one of the 'Three Swords of the Di Jun'. Of course, what Di Yao displayed was the technique used by the Divine Emperor Di Jun. One is in the sky, the other is in the ground."

The Tripod black said with disdain.

However, if one looked carefully, it seemed that there were still thousands of fish that had slipped through the net. As long as there were more than 1000 of them, it would be very troublesome, because they would reform into Evil Spirit Heart and then induce other Dream Spirits to become Evil Spirits.

More!

"Stop them!"

Di Yao shouted, right now, she needed Long Chen's help.

Without saying a word, Long Chen took out his exceptional Dragon Slaying Sabre. Coincidentally, most of the Evil Spirits were rushing towards him, his speed was extremely quick, many blade auras shot out, accurately attacking the majority of the Evil Spirits. Right now, the evil spirits had already dispersed.

What they needed to do was to deal with them quickly. Therefore, like him, Di Yao also wanted to chase and kill these evil spirits!

"You will never be able to kill us. We will continue to constantly increase our numbers. One day, we will destroy this world by ourselves and obtain true freedom!"

The evil spirits were screaming at the top of their lungs, making their last struggles.

Sou sou sou!

Wherever Long Chen's peerless Dragon Slaying Sabre passed, no Evil Spirit would be able to survive. To him, escaping from the net of thousands of Evil Spirits was just a small matter, although there were still some that escaped, but there were less than a hundred in total, so it was not a big deal. Furthermore, Evil Spirits were so obvious, if he searched carefully, they wouldn't be able to escape!

The scorching aura of her nine star Emperor Sword, was more able to destroy Evil Spirits. Long Chen only used his hand and basically did not use much strength, in the blink of an eye, the number of Evil Spirits in his surroundings was pretty little, so this problem could be considered as solved. The two of them chased after a portion of the Evil Spirits that had escaped, and gradually left each other, but they were not far from each other.

There were only a few people left in his line of sight.

"There are probably only a dozen or so people who can escape after killing these few. They are no longer a problem."

Long Chen thought.

Swish swish!

This gaze made Long Chen hesitate a little, but he also felt that this world should not be destroyed. Thus, he directly took action, killed that Evil Spirit, and then prepared to reunite with Di Yao.

Right at this moment, when the last evil spirit was turned to ashes, a pink light suddenly appeared. It moved along Long Chen's peerless Dragon Slaying Sabre, and silently approached Long Chen!

With such a strange aura, not only did Long Chen not realize it, even the peerless dragon slaying blade that was attached to him did not, and the red light was extremely fast. Just as Long Chen was about to put the peerless dragon slaying blade back into his Divine Kingdom, the pink light had already touched his finger and disappeared in the blink of an eye!

"Ugh!"

Long Chen was startled, he felt something strange heading towards his own primordial spirit!

This feeling, was simply too familiar. Back then, this was how the 'Aroma of the Desire' soundlessly appeared, bewitched him, and caused him to almost lose Ling Xi. But now this feeling had descended once again! How could there be such a thing on the body of that evil spirit that had been killed!?

Of course, the two things seemed to be different. Long Chen was very clear-headed and did not fall into a deep sleep. The pink light also did not attack any part of his body.

"Get out!"

He channeled all of his Primordial Divine Dragon Calamity's source energy and instantly blocked the pink light. The power of the Divine Dragon formed an absolute suppression on the light, and at this moment, the pink light quickly disappeared into nothingness under this suppression.

"In this Myriad Realms, there are still countless things that I cannot comprehend. For example, the hongmengxinling that caused me to fall into a deep sleep that day, or the pinkish glow that appeared on the body of this Evil Spirit!"

Long Chen was still shocked.

But what he did not expect was that when he thought that the pink light had dissipated, a pink ball of light actually appeared out of nowhere in his sea of consciousness, forming a pink female figure. Just as Long Chen's Great Void Cosmic Dragon Primordial Spirit was on alert, the pink female figure revealed a tempting laugh, transforming into smoke, surrounding the Great Void Cosmic Dragon Primordial Spirit!

"Long Chen, is that settled?"

At this time, Di Yao had already dealt with almost all of the Evil Spirits, and lightly smiled as she headed towards Long Chen. She had already put away the Nine Star Emperor Sword, and was completely unprepared as she headed towards Long Chen.

"Alright, alright, I'll accompany you guys later this time." Di Yao arrived in front of Long Chen at this time. At this time, Long Chen suddenly turned his head, his pair of eyes turning blood-red.

"Long Chen, you!"

Di Yao was shocked. Just as she said the third word, Long Chen suddenly raised his peerless dragon slaying blade and chopped down, which was not the peerless blade technique, but time itself!

She had just summoned her nine star Emperor Sword. Although she had blocked the astral energy from the peerless dragon slaying blade and the Primordial Divine Dragon Tribulations, she still could not block the attack from the source of the source of the origin energy!

Three breaths of time. Time was lost.

Because she saw that Long Chen's eyes were bloodshot and he had lost his peerless Dragon Slaying Sabre, in a flash, he appeared in front of her and pressed down on her shoulders with both of his hands. He used a violent force that was like a mountain and knocked her down to the ground, separating her delicate legs and pressing her hands down, causing her entire body to roughly fall on her body!

She had lost most of her strength. Under Long Chen's berserk Primordial Divine Dragon origin force, her hands and feet were bound, and she was unable to struggle for a moment. The Long Chen in front of her was like a rough wild beast, whether it was the eyes or the expression on her face, there was only strong desire!

Her rough gaze made Di Yao tremble all over, and tears flowed down her face. She could not even release her divine power, and was completely terrified by Long Chen. What do you want! Don't be like that! "

Long Chen could hear her words, and he could even see her current appearance clearly. Seeing her panic and fear, she should be very afraid of him at this time, right? In reality, his mind was incomparably clear, and he clearly knew what was happening right now.

The problem was that he was controlling himself!

His Great Void Cosmic Dragon Primordial Spirit was currently surrounded by the pink colored smoke. That pink smoke was bizarre and astonishing, and there was a vague power of laws, yet it temporarily restricted Long Chen and was even controlling his body. It was simply unimaginable that a mere Evil Spirit would actually have such a thing appear on its body! Long Chen wanted Di Yao to escape as soon as possible. The problem was that he was trapped, and it was difficult to even say a single word!

All of Meng Ling was standing around, staring at the scene in a daze. She didn't know what they were doing.

Di Yao was once again frightened silly by the passionate look Long Chen was giving her. She tried her best to resist, but her godly powers had finally recovered a little, and she was suppressed by Long Chen. Her hands were being held down and she started to struggle free.

However, at this time, Long Chen's strength shook, he released one of Di Yao's hand, took out his own hand, and pulled Di Yao's clothes. With all his might, the dignified Daughter of the Divine Emperor turned into a delicate little white rabbit in front of Long Chen.

Di Yao screamed out in pain, she had forgotten to resist, her eyes were filled with grief, her entire body was trembling, allowing Long Chen to hold onto the mountain range as he pleased, massaging it, causing the surrounding Dream Spirit to be extremely curious, what exactly was she doing?

Long Chen was going crazy, if he did not stop his, in less than five breaths of time, he would enter Di Yao's body, and that would be very troublesome, last time he violently hit her on the corner of his lips, if he could even do this, then he would really be unable to get rid of this woman for the rest of his life!

It was impossible to do such a thing!

The last time the Avarice Fragrance was broken by the Mysterious Dragon Jade, but this pink smoke was different now. It could only confuse and control Long Chen, and did not touch him, causing Long Chen's

Great Void Cosmic Dragon Primordial Spirit to use many divine abilities. Although it could definitely make the pink smoke dissipate, it would still take at least ten breaths of time!

When the time comes, even the raw rice would be cooked to ripen the rice!

Even though it was said that there was no danger to his life, if it really happened, it would be too terrifying! Although the scene in front of her eyes had reached an unstoppable level of excitement for any man, Di Yao's face was completely red. Her entire body was trembling as though she was a lamb that was ready to be slaughtered.

"Xiao Xi!"

What gave Long Chen hope was that Ling Xi actually succeeded at this time!

In the decisive battle, she suddenly opened her eyes. Under all the wounds, she had finally comprehended the sword intent of the heavens. Using her fingers as a sword, she killed Di Yao with one sword strike!

She had been stuck at the most critical moment, so she had not paid attention to Long Chen's side for a period of time. She had just succeeded, and with one look, she almost fainted from anger.

"Save me!" Long Chen was so anxious that he almost fainted. Although he didn't have control over his body, any feeling was stronger. This was also why it was disturbing his mind, making him unable to concentrate on breaking the pink smoke. He was about to succeed.

Ling Xi finally understood Long Chen.

She had just comprehended the sword intent of the mortal world, and through her Three Lives Love Silk, she immediately thrust the sword intent of the mortal world towards Long Chen's primordial spirit, piercing into the pink smoke, causing it to cause the woman who transformed into pink smoke to be shocked. At this time, Long Chen activated the Time Storm, instantly controlling this pink smoke, and after coming into contact with it, he almost succeeded in retreating.

To be honest, this matter was much more terrifying than being almost killed. Even at the moment of death, he did not have such a feeling of weakness in his legs. He could only pat his chest and rejoice, "So dangerous, so dangerous!"

The question was, what then? How should he explain this to Di Yao? Even though it wasn't cooked properly, it was already cooked. Furthermore, it was only half done. What would others think?

Chapter 2660 - Suspicion

Although he was already out of danger, Long Chen was still incomparably terrified.

It was only with great difficulty that he managed to calm his emotions. The previous contact was still very deep in his mind, and the feeling of that touch still lingered on his palm.

As matters stood, in reality, he still did not understand how the Evil Spirit could produce such a terrifying thing that could directly affect him and cause him to be unable to even control his own body. If this were to happen in a battle, how terrifying would it be?

"Then what is it?" Ling Xi was also filled with suspicion.

Long Chen shook his head in confusion, and said: "I was helping Di Yao get rid of the Evil Spirit, but I don't know how these things came about. I think I'll go over and take a look. "

"En, alright, don't let her misunderstand."

Seeing this scene, Ling Xi naturally felt uncomfortable. It was just that she understood that this matter was not wrong because Long Chen was also the victim. She hoped even more that Long Chen could resolve this matter.

"Alright."

Long Chen calmed his heart. Honestly speaking, it was easier for him to kill someone in battle than for him to face a woman in such a situation.

He carefully returned, but the Meng Ling group still surrounded Di Yao. When he looked through Meng Ling's group and placed his gaze on Di Yao, she had already put on her clothes and was standing there blankly.

She lowered her head, her light golden hair fluttering in the wind, making it difficult to see her expression, and it was even harder for Long Chen to judge her emotions. However, Long Chen understood, she would definitely not treat him like he did before, what he needed to do now was how to explain it to her.

"Tell her I'm under control. Can she believe it?"

Long Chen was puzzled.

This was the Dream Spirit World, so she should be well aware that Di Jun definitely wouldn't harm her, so she shouldn't believe him, right?!

Anyway, he had no confidence in himself.

"Princess, I want to explain ..."

Long Chen said softly as he stood in front of her. He was actually a little nervous. Although Di Yao had already put on his clothes, his sense of touch and vision were still in front of his eyes. It was hard to forget for a moment, and when he saw her, he couldn't help but think of her previous appearance.

Di Yao did not reply.

Long Chen said straightforwardly: "Don't you mind it, what happened just now was not my wish. I seem to have been controlled, and in the end I killed an Evil Spirit. But luckily nothing happened. "

Fortunately, he was able to push back his horse with his strength ...

"You said nothing happened?" At this moment, Di Yao struggled to lift her head up. Her pale golden eyes were watery as she stared at him. Her entire body was still trembling.

Long Chen said embarrassedly: "It shouldn't be. I'm sorry, I didn't do it on my own accord."

"But it has already happened."

Di Yao choked with sobs.

"Ugh ..."

Long Chen was speechless for a moment. It seemed like in her opinion, even if she was still a virgin, since he had already touched her, that was a huge matter.

Long Chen's head started to hurt. How should he handle this kind of thing?

I want to be alone for a while. You just lost your wife, so I won't make things difficult for you, but I don't care what your reason is, since you already did this to me, then if you don't want to be with me in the future, then I might kill you! I can't let a man who isn't responsible for me live in this world, I can't ... "

After being pushed by her, Long Chen left the Dream Spirit World. The Dream Spirit World also disappeared in front of his eyes, and Di Yao had already left for who knows where.

The last sentence, made Long Chen even more dumbstruck.

"Appearance? Wasn't it just touching it? Just this level? This is too child's play! "

Now that Di Yao had directly ran away, even if he was to be reasonable, it did not seem to be of any use. The only thing he could do now was to wait for her to calm down.

At this time, Ling Xi was supporting herself with the only remaining meteor sword, and was heading in another direction, but she didn't know where she was going to go. But right now, she was not in a state of anticipation, she was thinking about Long Chen and Di Yao.

After some thought, she said, "I feel that it's a little strange. She's the master of this Dream Spirit World, and her father gave this Dream Spirit World to her. He definitely wouldn't harm her, right? Why would something like that appear in the Dream Spirit World? "That is way beyond the level of evil spirits. If that thing existed, how could Di Jun not have eliminated it. Furthermore, Di Yao knew nothing about it."

Long Chen was upset, it took him a long time to calm down. After thinking about it carefully, he asked in disbelief: "Xiao Xi, what you're saying is, what happened today, could have been intentional by her?"

Even though Long Chen had admitted that he was indeed very charming, but it was definitely impossible for a daughter of an ancient Divine Emperor to personally sacrifice her life for him. That would simply be no different from a dream. Furthermore, Di Yao should have this kind of confidence. As long as she wanted to offer her life, no one in all the realms would reject his.

"That's not true. Anyway, there's something strange about it, and being with Di Yao from start to finish makes me feel weird, so you shouldn't have to worry about this matter. You should go back to the Five Dragon Cities first, and we can analyze it in detail."

Long Chen then set foot on the road back.

"In the end, she told me that she would either stay together or kill me. If this was what she planned to do, the only thing that was hard to explain was why she did it. There shouldn't be anyone in this Myriad Realms that would make her so anxious, right? After all, you just left not long ago ...

Long Chen carefully thought about it. When he thought about this point, a sudden inspiration struck him, as if he had thought of something.

"It is indeed very strange, maybe we are overthinking things. Maybe she doesn't understand the Dream Spirit World, or perhaps Di Jun doesn't understand the Dream Spirit World, so if she thinks like that, then she still wants to stay together with you. You'll have to conflict with her later on."

Although Long Chen had a headache, he was not afraid. He said: "If she really likes me, then he won't harm me. As long as I communicate with her properly, there shouldn't be a problem."

Initially, he had wanted to build a good relationship with Di Yao, when the time came, he would take revenge for Ling Xi, and let her speak up for him.

"By the way, do you know where your next location is?"

"I don't know, but it will definitely be more interesting. Brother Chen, maybe I will become a god before you."

Long Chen laughed, "Impossible. I'll be there in a few days. "

To him, he was beginning to realize that the Fiendgod tribulation was drawing closer and closer.

"That was great, hmph!"

"Nonsense, not at all. Compared to you, the feeling is far worse."

At the peak of a mountain in the distance, a golden figure appeared exceptionally beautiful under the rays of the setting sun.

Di Yao sat on the mountain peak, hugging her knees as tears flowed uncontrollably down her beautiful face.

She stared blankly at the east.

"What are you crying for? Your main goal is to form this relationship and make him feel guilty towards you. As long as he succeeds in this way, it would be logical for us to have our relationship again in the future. "

The woman said happily.

Di Yao said in a daze, "Isn't this good? He already touched me." I feel it. "

"Of course not, but you've already succeeded so don't even think about these details. What I find strange is that the sword energy that broke me in the end, where did it come from?" That doesn't seem to be his own power, otherwise I wouldn't have been caught off guard. "

This was not the issue that Di Yao was concerned about.

She was still immersed in what happened just now. Some of it was an act on her part, but most of it was her real reaction. In that instant, she was indeed afraid and looked forward to it.

"Now that I've basically completed this step, what should I do next?"

The woman thought for a while and said, "Actually, you can use a few more Hell King. Let him do one more thing, the treasures of Order-level are not so easily obtained, he has to pay an even greater price. "

"Then what should I do?"

"Listen to me in detail, then go find the Infernal King."

As soon as Long Chen returned to Slaughter Dragon City, before he could even understand what had happened today, the Infernal King suddenly appeared in front of him.

He was a man who had a blood feud with him, but who he thought he did not know!

His subconscious gaze was fierce, but his thoughts were meticulous. He quickly covered it up and said, "So it was the arrival of the God King that scared me. I was wondering who it was."

After finding Long Chen, he asked. "I heard that you went out with the princess today, and have just returned, right?"

Long Chen paid close attention and asked: "That's right, is there a problem?"

He had realized that there might be trouble.

The Infernal King looked at him with a serious gaze and said, "Tell me what happened. "Don't try to hide it from me, it can't be hidden."

Sure enough ...

Long Chen thought: "Since he told me this, in reality, he might not know the details. I might be able to bullsh * t for a bit, maybe he just noticed that Di Yao's condition is not right."

So he hurriedly said: "Is it because Princess Di Yao is in a bad mood? Maybe it's because my mood hasn't recovered and I haven't accepted her good intentions, so I'm making her feel uncomfortable. "

Who would have thought that the Infernal King would say with slight anger, "Even at such a level, you still dare to hide it from me? "I've seen the princess crying, but she's never cried in her entire life. You can't get out of this, and I already know what's going on!"
