

## War God 2661

Chapter 2661 - Divine Lord of the Netherworld

What did he know?

Long Chen shut his mouth, and looked at the god that he wanted to kill the most. The danger that had descended on him that day, the figure that he left behind, he would probably never be able to forget it!

If not for his growth, he might have been unable to hold it in!

After all, he had almost killed Ling Xi, the most important person in his life!

Seeing him fall silent, the Infernal King said, "I believe you can tell, perhaps it is because of what happened in the Incantation, or maybe it is because of something else. Princess has probably fallen for you, and you can definitely see that too. It definitely will not be groundless. "

Although Ling Xi had said it before, Long Chen was still not mentally prepared. Did she really like him? 'It can't be that easy, right? '

He had a nagging feeling that he hadn't done anything at all.

The Infernal King continued, "Today, I am the clearest about her condition. Let me tell you directly! Right now, she is very sad and very sad, but either, you have to obey her and listen to her, the person you like is no longer here, and you can't be alone for all your life, so with this unparalleled chance that all men are envious of, from the perspective of an elder, I naturally hope that the Princess Di Yao can reap her happiness, and your future prospects are very likely. You had better seize this great opportunity. Princess Di Yao will definitely have a new pursuer, and they won't let you get away with it. In the entire Ten Thousand Worlds, this group of people's power and influence is much stronger than Xing Chen. Furthermore, the Divine Emperor will definitely return. If he finds out that his daughter is sad because of you, then you'll be miserable ... "

After saying all that, the Infernal King patted Long Chen's shoulder and said sincerely, "The reason why I said all this today was for your own good. I wanted you to see it in the longer term, don't be too stubborn. Even if your lover had just passed away and you're not really prepared for it now, passing

away means passing away. Such a good chance, such a good woman, you only have one chance in your life, and as your elders, we can't even envy you enough. Long Chen, you have been back in the Dragon Sacrifice Continent for so long, have I ever hurt you before? "

The last question caused waves of killing intent to swirl in Long Chen's heart. Of course, he replied, "The Divine King has taken good care of me, so of course he won't harm me."

I am proud of you, and no man would refuse a woman of such status and position. I don't think you would either, of course, since you are a special case, you can understand that, but I hope that you will not miss this great opportunity and end up getting yourself killed instead. At that time, I will not be able to protect you.

The Infernal King didn't know what had happened in the Dreamland Pearl, or else the conversation wouldn't have stopped just now. It was obvious that he would either accept Di Yao or die.

"Please give me a few days' time to consider it, God King, and help me greet the princess."

Long Chen said.

"Alright." The Infernal King patted him on the shoulder again, and continued as an elder: "The chance is fleeting. Becoming the son-in-law of the Divine Emperor is destined to become successful in the future, becoming an eternal tyrant. It is the final wish and extravagant wish of countless Divine Spirits in all of these realms, and I envy you to death. "No matter what, don't let go of this great opportunity!"

After saying that, he laughed loudly, and in the blink of an eye, he disappeared from Long Chen's sight and returned to his Hell City.

Looking in the direction in which the Infernal King had left, Long Chen clenched his fists tightly. He calculated for a bit and thought, "The road to becoming a god is bound to be shorter than those divine beings' path of growth. Faster, watch, before long, it will be time for you to pay the price! I really look forward to what kind of attitude and expression you'll have when you face me at that time! "

Whether it was towards the Infernal King or the Primordial Gods, Long Chen did not have the slightest amount of respect in his heart. There were many people who were bewitched by the rumors, but Long Chen was not in a rush, the truly strong ones would have to endure the loneliness, and at the most crucial moment, give their opponent a fatal strike!

He started to chat with Ling Xi.

"What are you going to do?" Ling Xi asked in concern.

She understood Long Chen and knew that he would definitely not give up on his to get Di Yao.

With so many companions, the trust between them was still sufficient.

Long Chen said: "Looks like I won't be able to delay any longer. Since I have confirmed her intentions, then I must explain everything to her as soon as possible. Even though I don't know why she likes me, but since she likes me, there must be a reason for her to do so. You won't harm me, right? "

"I think if Di Yao didn't get you, she would probably destroy you." Ling Xi suddenly said.

Long Chen thought that Ling Xi's words were reasonable.

But no matter what, he had to find her.

In fact, Di Yao's current palace was near the Hell City. The Infernal King also had the responsibility and responsibility to protect her. Long Chen did not think too much about it. After informing Mo Xiaolang about it, he headed towards Dragon Devouring City. He did not go into details on this matter with them.

"The path to becoming a god! If he could become a god, it would be much easier to go from initial state to Perfection and then back to the polar state that the little wolf was currently in. Right now, the most important thing was to become a Deity! After becoming a god, you will no longer have to be afraid of so many things! "

With the return of the gods, when the ancestors came back and occupied this world, Long Chen became a bystander instead.

They had changed this era and suppressed Long Chen. In the beginning, Long Chen respected them, but now, no matter if it was instinct or what happened, Long Chen had the will to resist!

It was the birth of this will that determined his path to becoming a god slayer!

He set off from Dragon City towards Di Yao's palace. He pondered for a moment, if Di Yao really liked him, he should be able to help him. If he really couldn't do it, he would just have to delay for a little while. He already knew that if he were to offend this princess of his, he would be in deep trouble.

Now, trouble had really come.

Di Yao's palace was located at the southern side of the Hell City. Long Chen did not go to the Hell City, but instead, went straight to Di Yao's palace. With the nourishment of the eternal radiance, Long Chen's cultivation speed also explosively increased. He felt that he was gradually approaching the limit.

"He's actually going to close in on the Fiendgod tribulation right now?"

After a long and arduous wait, she didn't expect that right in front of Di Yao's palace, there would be signs of the Divine Demon Tribulation. She just didn't know how long it would take for this sign to become a reality!

He had truly become a Deity!

Although in the eyes of the gods, he was already a true Divine Spirit and could even defeat Divine Monarchs with Perfection, he had not truly reached the Divine Spirit Realm. The most important thing was that after becoming a Divine Spirit, he would be able to go to the Origin Dragon Palace! He would be able to become a True Dragon Realm warrior!

This moment had finally arrived!

The final Fiendgod tribulation would definitely be terrifying!

Long Chen stopped in his tracks, stood where he was, and tried to grab that miraculous feeling. But right at this moment, he was interrupted by a god, who suddenly appeared in front of him from afar. This was a withered god, with a face that was extremely sallow, skin and bones wrapped in skin, eyes sunken in so deep that there wasn't much blood and flesh on his body.

This was the spirit that didn't seem like a god the most, because all of his power was from the power of death, negative energy and dark energy. However, this spirit was undeniably one of the gods that Long Chen was wary of, because he was one of the few Divine Realm Monarchs after he returned!

The Yellow Springs Divine Lord!

He was said to be one of the first figures below the two Divine Kings. It was just like how he had cultivated the rules of the Yellow Springs, cold, evil, and cruel, as if he was no different from an ancient Giant Demon.

According to the legends, this Divine Monarch Netherworld had another name, and that was Patriarch Netherworld. Amongst the seventy-two Divine Spirits, he was even more fearsome than the Divine King because the Divine King was mostly righteous.

Now, this legendary being stood in front of him, stared with his greyish-yellow eyes, and said with a sharp voice. "Long Chen, you aren't staying in your Five Dragon Cities to properly mourn the death of your wife and daughter. What are you doing in this territory?"

Long Chen was currently feeling the arrival of the god and devil calamity, and was immediately interrupted by him. Of course, he was annoyed, and said: "I was just passing by to find the Princess Di Yao, and it's not your territory yet, I can't even pass by, can I?"

"Looking for Princess Di Yao? You are really ruthless, to be able to kill your own wife and daughter, in order to get to Princess Di Yao. You are even more ruthless than my Divine Monarch Netherworld, I truly admire you.

Although he heard a lot, it still sounded extremely uncomfortable. However, it was a critical moment, so Long Chen had to close his eyes and feel the signs of the Demon God's calamity, which was like a reminder to Long Chen. It was possible that once Long Chen found out about this information, he would know when the Demon God Tribulation had arrived.

"I'm talking to you! Do you hear me? Aren't you a toad that wants to eat swan meat? It's alright, there are plenty of people like you. I'm used to it. I just want to see how long you can be arrogant for. I'm really curious!

The Yellow Springs Divine Lord laughed sarcastically as she stared at Long Chen.

Long Chen still did not move.

"Why are you standing here? Have you gone stupid? "

When the Divine Monarch saw that he was not paying attention to him, he got slightly angry and waved his hand to release a gust of wind that rushed towards Long Chen. When the wind hit Long Chen's body, he was suddenly pushed back, and at this time, there was a sudden explosion in the sky.

Chapter 2662 - World Tree

"What the hell is that?"

The Yellow Springs God was suspicious, so she took a few steps back.

Just as he was retreating, a drastic change occurred!

Long Chen had once faced Mo Xiaolang's tribulation, seen the Black World Tree and the laws and currents, so he had a general idea of what would happen.

Now, he was quite clear. The Fiendgod tribulation that he had been waiting for had finally arrived!

He had already waited far too long for this moment.

To be honest, when the Gods had returned, especially when the Hell God King had secretly attacked Ling Xi and almost killed him, he needed more power than when she was dealing with the Ancient Giant Demons!

Even though at this very moment, what he wanted to surpass the Hell God King and surpass the previous War Demons and Nothingness Demon, was not even enough to contend against the Divine Monarch with Perfection!

Even the Infernal King could be considered a figure that could shake all realms.

He was now Long Chen's target.

And the Great Demonic God Tribulation was the first step for Long Chen!

He had never been afraid of the Primordial Gods, he had even defeated a Heavenly Demon, so why would he be afraid of the Primordial Gods? And why would he be afraid of the Infernal King? They were only in their peak state, but what Long Chen had inherited were the inherited blood essences of the four kind of Ancestral Dragons. It was just that he had not fully displayed this kind of power yet, and had not even become a True Dragon yet!

BOOM!

A huge commotion!

Long Chen didn't say anything else as he charged out from the Immortal God Realm into the starry sky. Of course, he was worried that after he crossed the Immortal God Realm, he would accidentally destroy the Immortal God Realm and cause harm to all living beings in the Immortal God Realm.

He turned into a streak of blood-red light, passing over the Eternal Rock, and travelling further away from the Dragon Sacrifice Continent. Only then would he feel more at ease.

"This is the Fiendgod Apocalypse?"

The Yellow Springs Divine Lord's face was lifeless.

The Yellow Springs Grandmaster from tens of millions of years ago was currently extremely shocked. He obviously remembered that Long Chen had defeated Xing Chen, this Star Flood Dragon whose Taiyu Deity was profound energy.

In the eyes of the Gods, Long Chen was a little strange. The most obvious thing was that he possessed a great amount of power that truly belonged to the gods, but the Heart of Rules and the others had not formed yet. Everyone thought that he had already become a god.

This was also the reason why the Gods looked down on him sometimes.

He was not an incomplete person who had just become a god. Rather, he had not reached the Divine level at all, but he possessed divine strength and was already able to defeat people at the A master-class Emyrean God level!

In the entire ten thousand worlds, nothing like this had ever happened!

Therefore, to the Gods, it was simply unimaginable that such a miracle had occurred.

In truth, the Infernal King wasn't too far away. Sensing the commotion, he practically instantly appeared before the Divine Monarch. "What happened?"

The Divine Monarch of the Yellow Springs said in a daze, "It seems that this Long Chen hasn't passed through the calamity of the gods and devils yet. He hasn't truly become a god. Previously, I had thought that he had already transcended the Fiendgod tribulation, and that he also had a portion of the power of the Edicts within him. "

"Great Demonic God Tribulation?"

The Infernal King narrowed his eyes. By this time, he had already charged into the distant starry sky. Without saying a word, the Infernal King followed along. A few other gods arrived in this place due to shock as they followed the Infernal King into the starry sky to watch Long Chen's movements.

"That is to say, if he did not pass the Divine Spirit Tribulation in the past, he would possess a power equivalent to a god of the A master-class Empyrean God. After he overcame the Fiendgod tribulation, he would grow stronger. He didn't expect that he would still have room for improvement. Even after a million years of closed door cultivation, we probably still haven't made such progress. "

"Unfortunately ... the Fiendgod Tribulation only has one chance."

As the commotion grew bigger and bigger, finally, more and more divine beings surrounded the area. In fact, there were even some rare Divine King of Light in the crowd.

Everyone knew that Long Chen had not completely become a god, but they didn't know that he had not even passed through the Demon God's calamity. This meant that if he could pass the Demon God's calamity, his power would explosively rise.

The cultivation of the gods was incomparably long. Most of the gods would never be able to break through the current realm, for example, when the Infernal King was the Primal Realm King, he had been stuck in this realm for tens of millions of years without any progress. This was his limit.

If it weren't for these terrifying fortuitous encounters, no matter how much they cultivated in this life, it would be impossible for them to progress even a single inch. Thus, to them, much of their energy was placed on comprehending the laws.

The seventy-two deities were basically at their peak.

Every living being has their own shackles and shackles, even the Divine Emperor. For example, Di Jun, his highest life form is the Divine Emperor. It was impossible for him to progress any further. Of course, the Divine Emperor had already become the lord of ten thousand realms.

On the other hand, for those young sects like Long Chen and Di Yao, there was still a lot of room for improvement. Right now, they were not able to determine where their cultivation would stop.

Di Yao was naturally someone with a bright future. Twin Daughter of the Divine Emperor, there was a huge possibility that she would become the new Divine Emperor.

The reason why the gods could not overestimate him was because he was born in the Dragon Sacrifice Continent. It was possible that he would experience a sudden rise in strength, but it was very difficult for his fate to reach a high level. Historically, there have been many people who directly rose to become Divine Monarchs, but after stopping for tens of millions of years, they had not made any progress.

This was very normal. Many things depended on one's bloodline and fate.

However, today, they had actually discovered that Long Chen had not yet passed through the great calamity of the gods and devils, so it was very difficult for them not to be shocked. This meant that there was a certain possibility for Long Chen's fate and the peak decided upon in his bloodline to not be as low as they had imagined.

As of now, basically all of the human gods in dragon sacrifice had descended as they looked at Long Chen in shock.

In actuality, the demon clan divine spirit had also noticed this matter, but it didn't raise its head to look.

"Divine King, this Long Chen hasn't even passed the Divine Demon Tribulation and yet he's already at such a level. If he passes the Divine Demon Tribulation, what do you think his level would be?" Divine

Lord Netherworld was the first Divine Lord of the Infernal Realm. The rules which he trained in were one of the Infernal Laws of the Infernal Realm's Celestial Kings, with the Infernal King as the leader.

The Hell God King stared at Long Chen as his eyes flashed with a cold and harsh light, and said: "He might be able to match up to the Divine Monarch in your polar state, but he might also die here and now. His Demon Calamity is very strong."

"How can he be on par with me?" "How laughable would it be if he, who had just become a god, could defeat the Lord of polar state? How heaven-defying, I calculate, didn't he directly jump five levels? In the entire Myriad Realms, even if it's the two Daughter of the Divine Emperor s, they wouldn't have such abilities, right? "

Yes, he is just an aboriginal of the Dragon Sacrifice Continent, what right do you have to do that?

The gods could not believe it.

He was also really looking forward to what would happen next. What kind of surprise would this Long Chen be able to bring him?

At this moment, Di Yao came to his side.

Her expression was somewhat cold. The gods did not dare to approach her, but even so, they were unable to conceal the soul-stirring beauty they had. Her red lips were raised arrogantly, her cold eyes were looking in every direction. The gods couldn't help but lower their heads, not daring to mess with this heavenly girl.

"Princess." The Infernal King stood by her side.

"Can you overcome this tribulation?"

Di Yao asked lightly. Although it was obvious that she had already recovered from the events in the Dream Spirit World, her eyes still showed traces of having cried.

"I guess so. Otherwise, how could he be worthy of the princess?" The Infernal King chuckled softly.

"So, he's going to be stronger than me next?" Di Yao stared at Long Chen, at this time, the huge World Tree had already started to form.

The Infernal King said, "The princess has a lot of trump cards, so that might not necessarily be the case. Especially if you use the third rule, I'm afraid none of the Divine Monarchs would be your match, right? I have heard of the impressiveness of the Divine Emperor's rules. "

Di Yao shook her head and said, "You don't understand. In order to use that kind of rule, I will need some huge stimulation. So, what you're saying is, if I didn't suffer a lot, I probably wouldn't be his opponent, right?"

She seemed concerned about that.

Because the best way to plant a love seed was to kill the enemy himself! This was what the woman told him every day.

The Infernal King narrowed his eyes and had an idea. He said, "Princess, please don't worry. If you don't use the third rule, you can try if he's your opponent or not. You can get the Divine Monarch Netherworld to make a move. If he can defeat the Divine Monarch Netherworld ..."

Di Yao thought for a moment, before replying, "Okay, Divine Lord Yellow Springs is your number one expert, Divine Lord polar state. She's a lot stronger than me. But he cannot harm Long Chen, if not I will have you return it to him ten times over! "

The Infernal King was shocked. He knew that Di Yao was speaking the truth.

He was in a daze, the situation had developed to this point, how could Di Yao like Long Chen so much? In other words, even he himself could not figure out what was so attractive about Long Chen that could attract Di Yao to him.

In front of the shocked eyes of the audience, a white world tree had been formed. This was a gigantic and vast world tree, and Long Chen had clearly already arrived in the distant starry sky, but this gigantic world tree was still extending downwards. In the end, the roots of the world tree were all rooted in the entire Immortal God Region, as if this enormous world tree had grown up from the vast territory of the Immortal God Realm!

To the living beings in the Immortal God Realm, they were currently surrounded by a snow-white light. This kind of warm light made them feel very comfortable, even allowing their cultivation to increase.

What was even invisible was that this snow-white light formed countless thin lines that wrapped around their bodies.

From afar, the World Tree looked like it was planted in the Immortal God Region. The countless snow-white roots even passed through the Immortal God Region, swaying beneath it.

As for Long Chen's current position at the core of the World Tree, it was actually the position of the Heart of Rules in the World Tree within his body.

Chapter 2663 - Myriad Gods Palace

What he saw was also a vast expanse of whiteness.

Many of the divine beings had almost forgotten what it looked like when they became divine. Although they remembered those new Divine Generals, in their memories, the World Tree that appeared at that time was definitely not as huge as Long Chen today, and might not even be one percent of the size of the World Tree!

This was true shock!

The Gods could not help but retreat. They were speechless towards Long Chen's World Tree.

The bigger the World Tree was, the greater the calamity that would be contained within it. Therefore, the Gods were very curious, what kind of calamity would Long Chen encounter next? Would he be able to hold on?

The Infernal King was filled with eagerness.

She had advanced to this step with great difficulty, and of course she wouldn't let Long Chen die so easily. It was just that he had become stronger, and if she wanted to control Long Chen in the future, it would be difficult. So she was unwilling.

But for Long Chen, at this moment, he was not experiencing a calamity, but warmth.

"This is my Fiendgod tribulation?"

According to the legends, the last trial of becoming a god was also the trial of countless people who were half a step into the Divine Spirit Realm, and they had never crossed the threshold of disaster before.

However, Long Chen could not feel the killing intent within, and instead, felt a particular warmth, so even he himself wanted to know why.

He could not see the entire World Tree, but he could see that the surroundings were filled with endless light, and he was standing at the center of it all.

Long Chen remembered hearing from Mo Xiaolang that the first step of the Divine Demon Tribulation was the World Tree's baptism. In reality, it was a type of transformation from a human to a god, to their physical body and to their primordial spirit. This was a tribulation, because baptism was extremely painful.

Thus, he was already prepared.

Very quickly, he saw many white vines and snow-white willow leaves in the middle of this boundless world tree. These things continuously danced, and they were extremely long and slender, constantly revolving around Long Chen, and their numbers simply couldn't be counted.

Very quickly, these things that were revolving around Long Chen began to surround him, forming a thick cocoon around him. Strangely, from start to finish, Long Chen did not feel any kind of tribulation, but only comfort and power.

When he himself did not know how far these snow-white willow leaves had surrounded him, all of a sudden, a wave of pure, emulsion-like energy of heaven and earth poured into his body, leading to a tremendous change in his body!

Firstly, was the true formation of the Heart of Rules in his own internal world tree. That was a world that was even more stable than his sea of consciousness, and had an enormous limitless world. To the god, it was a place that hid his primordial spirit and rules.

Only then could he begin to study the laws.

In reality, it was only a divine ability, a Ancestral Dragon Art. However, with the addition of the rules, what exactly would be created from the fusion of the Ancestral Dragon Art, Long Chen was also very much looking forward to, and even felt very excited.

Weng! \*

The power was mysterious, as though it came from a primal world. After being nourished once, Long Chen felt that his entire body had changed, this was the true change of a person's body!

The biggest point was that his sea of consciousness had disappeared.

From then on, the sea of consciousness no longer existed.

Weng! \*

The Great Void Cosmic Dragon's primordial spirit appeared in another place. This was a vast world which was stable, and was connected to the entire world tree by countless thin lines, making it a mystical world. After arriving here, the Great Void Cosmic Dragon's primordial spirit was like a fish in water, and under that creamy white energy, even the Dao Seal was undergoing changes.

This was to prepare for Long Chen to comprehend the power of the Rules in the future.

When that milky white power left his body, he had already become a Deity! Strangely, he did not experience any kind of pain. This process was completed in an incomparably swift manner. It was as if he was dreaming! He even felt that there wouldn't be any more dangers in the future!

It was as if even the heavens were helping him today!

However, Long Chen's current skin was as white as snow, the muscles on his entire body were distinct, and his body seemed to be almost perfect, as though he was a newborn baby. In his body, however, he was already no different from any other divine being, possessing the World Tree, Heart of Rules, and the Divine Palace.

Long Chen did not know where their power came from. Perhaps it was because, like Mo Xiaolang, the Divine Palace contained flames or something similar, but to a large extent, Long Chen still relied on the life of the Divine Palace, because he was a believer in becoming a god!

After he became a god, the tens of billions of God Palaces lit up!

Because the gods had returned, Long Chen had lost many of his faith.

But now, when the enormous World Tree connected Long Chen and all of the Gods in the Immortal God Realm, he felt their power of life once again, and also felt their willingness once again! This allowed Long Chen to obtain an unending stream of Life Power!

In the hearts of the living, Long Chen's image had become even more intense.

This was 10 billion lives!

But just at this time, an item appeared in Long Chen's mind, which was the inheritance dragon ladder!

Back then when he stepped on the inheritance ladder, with every step he took, he felt like he was connected to the 10 billion lives. To this day, those connections still exist!

At this moment, when the ten billion God Palaces lit up, the connection that had previously disappeared became clear once again. Now, there were already many people who recognized the God Long Chen.

From the outside, the roots of the World Tree had already passed through the Immortal God Realm and took root on the Dragon Sacrifice Continent.

From an internal point of view, around each of the divine palaces in Long Chen's body, were a hundred little divine palaces. Every little divine palace also had a living being, and this living being was actually associated with the trillions of lives in the Dragon Sacrifice Continent!

Every single creature in the palace was the size of a normal person.

As for the creatures of the palace, they were ten meters tall.

Long Chen's body did not change, but a trillion little divine palaces and ten billion great divine palaces were born inside his body. Because he had become a god, all the living beings in the Dragon Sacrifice Continent had entered into his body. Through the creatures in the palace, Long Chen was basically connected to the entire world!

At this moment, he finally understood that this was probably a gift from his ancestors!

It was because he stepped on the inheritance dragon ladder that he obtained all of this.

But his own body gave birth to another million million lives. With so much power of will, even if everyone only knew a little about him, with just that little bit of faith, Long Chen would be able to obtain limitless strength, strength that could almost explode his body!

All living wills could be quickly transformed into the origin energy of Primordial Divine Dragon Sky Calamity under the refinement of the secret manual for Primordial Divine Dragon. With Long Chen's current condition, not only did his strength explode, he was also the same as the Lingsu Star Sea back then, who had obtained numerous beliefs and thus possessed enough strength to use Lingxiang's twin swords!

In the entire Dragon Sacrifice Continent, every living creature's mind, the image of Long Chen appeared. Regardless of whether or not they knew Long Chen before, or whether or not they had any doubts about him, at this moment, all of them held a respectful spirit and were looking at the god that had suddenly appeared in their hearts.

This was not caused by Long Chen himself!

It must be those lost dragons, helping him!

They must exist!

Just like how the Black Jade Dragon head had told him to protect the Dragon Sacrifice Continent, just like how the guardians of the Incantation were silently protecting the dragon tomb of the Incantation, just like how the mysterious Dragon Palace of Origin was doing!

They needed him, they were helping him!

They had given themselves the faith to live on!

The first time he transformed, he was safe and sound. He completed the foundation of becoming a god, and completed the transformation of the Heart of Rules and primordial spirit.

The second metamorphosis, created a myriad of stars and moons around each of the divine palaces, forming a hundred small divine palaces, giving birth to one trillion new divine palaces and divine palace beings. Countless lifeforce, even if they were merely basic, still benefited Long Chen greatly, allowing his primordial divine dragon origin energy to soar, and he even maintained a state of being brimming with energy at all times.

Although his body did not change, the content in his body was endlessly huge, every single god was like this, but in terms of size, even the Celestial King could not compare to the current Long Chen. He was destined to have potential and talent that the gods would be envious of!

He was the same as Mo Xiaolang, simply a creature with no peak!

However, this was not the end.

The Fiendgod tribulation that he had been waiting for a long time, to him, was not a calamity, but a gift from beginning to end!

The gods could not see Long Chen's current state, but they could feel a vast aura!

At this time, a deity cried out in alarm, "The laws of the world have also appeared, but they are actually a hundred times bigger than the normal ones!"

Surrounding the World Tree was the vast natural law torrent.

This was a great rule of ten thousand worlds, and the entire ten thousand worlds were governed by the great law of this world. From the very beginning, all living beings were derived from the great law of this

world, obtaining the rules of a Deity, such as the rules of a black hole, the rules of time, the rules of hell, the rules of the Yellow Springs, and so on.

And there's also Mo Xiaolang's Fire Rules.

Even Mo Xiaolang's Forbidden Area of Fire seemed to be a divine ability that had been awakened by his bloodline, but in terms of true consciousness, it was a type of rule. That wasn't the rule of fire, but his devouring rule. However, these rules were not obtained from a flood of natural laws, but were awakened by his own body. This had to do with his bloodline and talent.

Long Chen looked at the current of rules and he was a little confused, what should he do?

Chapter 2664 - Dragons in Disasters

There were trillions and trillions of rules within these flows.

Every drop of water was a type of rule.

There were rules that existed everywhere and were easy to find.

There were some rules that were mysterious and unpredictable, making it difficult to find them.

If there were two types of rules, then it was already considered complicated to learn them, but if there were three types, then it was rather complicated. Although most people who could practice three types of rules had a lot of confidence, it didn't mean that the more the rules, the stronger one type of rule was, and one could grasp the deepest level, or maybe even stronger than all four types of rules.

Although there were billions of rules and regulations in the flood, no one dared to be greedy or obtain something that was not suitable for them. For example, if one was cultivating the path of fire and suddenly harvesting the rules of water, no one would do such a thing.

Mo Xiaolang obtained the most ordinary rules of flame from the flood of rules, but in the midst of battle, he also awakened his own law of devouring.

Long Chen had a total of five Dao Seals. Other than the Dragon Jade Dao Seal, the rest were Slaughter, Time, Life and Karma. Aside from killing, the other three were the most mysterious and difficult to find rules.

He fearlessly headed towards the vast flood of laws.

In reality, once the flood of laws appeared, it meant that he had basically succeeded in becoming a Deity. What he needed to do next was to take the flood of rules that suited him. This would determine his choice.

His gaze fell upon those countless dazzling rules. Countless water droplets danced in the air, and every water droplet was a world of rules, containing myriad mysteries. These rules constantly flashed past Long Chen's eyes.

Some of the water droplets were relatively large, and were also the ones that had the most choices.

For example, killing. This was a very common rule.

That drop of blood red water, had broken through countless rules and arrived in front of Long Chen's eyes, seeping into his Heart of Rules, and finally fused together with the Slaughter Dao Seal. From then on, Long Chen could be considered to have mastered the slaughter laws, and relying solely on the Ancestral Dragon's divine ability to suppress the gods, if he truly became a god and had the power of laws, it was clear that the Ancestral Dragon's divine ability would grow to an unimaginable level.

Long Chen first closed all of his senses, and focused on the Killing Way Seal. After fusing the slaughter laws with it, the seal changed a little, as if it had slowly come to life from a deathly still state, and gave birth to a huge life force!

The various divine abilities that he had previously obtained from the Archaic Blood Spirit Dragon now completely appeared. When they encountered the power of laws, they underwent all sorts of interesting changes!

**BOOM!**

Long Chen transformed into the Primordial Blood Spirit Dragon, and rolled and crashed in the torrent of rules and regulations, knocking aside countless laws and water droplets. After becoming a god, the great

advantage on the Primordial Blood Spirit Dragon's flesh was also revealed, the Divine Dragon Body was incomparably powerful! The power that came from fusing Laws and supernatural powers gradually took shape within the slaughter dao seal!

"Dao of Slaughter Seal!" Heavenly Slaughter Blood Sword! Blood Spirit Spikes! Blood Weeping Dragon Soul! Ten Thousand Deadly Claw! The Divine Flame of Refinement! Death Realm's Dragon Gate! "

After fusing with the natural law, the power seemed to have become the true power of the Ancestral Dragon. These powerful supernatural powers were undergoing a terrifying transformation.

This kind of change was likely because even a mere Slaughter Dao Seal could become as powerful as the Death Realm's Dragon Gate.

In the midst of the torrent of rules, Long Chen was constantly comprehending the new power.

"Time!"

In the midst of a myriad of torrents, he finally saw the drops of water that belonged to time.

Illusionary, formless, and difficult to find.

Long Chen rushed forward and directly opened his divine dragon's mouth, swallowing the Time Laws water drop. That water drop became invisible and fused into the Heart of Rules.

The Time Dao Seal also underwent the same transformation.

BOOM!

Long Chen transformed into an illusory Great Void Cosmic Dragon.

Amongst the Time Dao Seal, the powers of time that had existed before also underwent a drastic change!

"Time Reversal, Instant Eternity, Dream Bubble, Time Traversing Dragon, Dream Return to its Origin, Time Storm, Time Reversal, Chaos, Time Break!"

For example, a moment of eternity, this was time stop. He was only at a lower level of time stop, but when the fusion of the Time Laws reached a higher level, even if he was facing a God, they would still not be able to move, maybe even more powerful than Di Yao's Forbidden Sky Dance!

Then, Long Chen found the Water of Life drop.

He turned into a fifteen dragon head Taiji Creature Dragon and continued to wander around, searching for the final divine way - the Heart Refining Dragon.

At the same time, the fourteenth sacrifice, the fourteenth formation, and the fire of life were also fusing with the laws of life.

Long Chen found it and then transformed into the Heart Refining Dragon of the divine way, charging out of the current of laws. At the same time, the seal of cause and effect was also changing in a terrifying manner, believing that after the laws of cause and effect were fused together, the Sword God Prison and the Karma Emperor Sword would become even more different.

It was over!

It was powerful from the inside out.

Long Chen was exceptionally happy. With such a large transformation, he would be able to seize the initiative in the future, and the day where he could kill the Infernal King wouldn't be long in the future.

He never thought that he would become a god so soon. Although in terms of combat ability, he did not have a real battle experience, but as long as he was not the God King or Divine Emperor, he could still fight them!

This was already quite heaven defying.

His growth, was something that even the Primordial Gods could only stare with their mouths agape.

Now, the mighty currents of laws and the World Tree were finally beginning to dissipate.

Three transformations, from the primordial spirit and Heart of Rules, to the divine palace, and then to the fusion of the four great laws.

The result of becoming a god this time was far greater than what Long Chen had imagined. Now that he had become a Taiji Realm, it was just a initial state, nothing more.

Even though it was initial state, it was also the most extraordinary kind of initial state!

Just when Long Chen thought that it was over, he suddenly discovered that in the middle of the flow of laws, there was a grey divine dragon swimming about. He seemed to have countless broken wings and dragon claws, his entire body was filled with the aura of disaster, making people revere him.

"You are a True Dragon! Only the Origin Dragon Soul was missing! They are in the Origin Dragon Palace, but when you don't have the ability to guard it, don't open it. This is what our enemies want the most! "

Long Chen was most familiar with the voice!

That was the voice of the Black Jade Dragon's Head when he spoke to Long Chen.

He never thought that it would actually appear here at this moment. It was a dark gray divine dragon, and the feeling he gave Long Chen was that of an Ancestral Dragon!

That's right, it must be a Ancestral Dragon!

Long Chen was extremely excited. Just as he was about to speak, the surge of laws and the World Tree suddenly disappeared, everything disappeared.

The ancestral dragon also disappeared without a trace.

Although he had become a god, Long Chen was no longer happy because of the appearance of the Ancestral Dragon. He remembered what the Ancestral Dragon had told him.

"Within a hundred years, dragon sacrifice will be destroyed!"

"Origin Dragon Palace, enemies!"

With too much information, Long Chen needed to think about it slowly before dealing with it.

"Just who is he? Who are our enemies! 'Who is the mysterious existence mentioned by the Heavenly Demon Ji?'

Long Chen's heart was filled with shock.

This was much more shocking than becoming a god.

Now, he truly possessed divine might, but he was a different god. This was because at this moment, he had obtained the faith of the entire Dragon Sacrifice Continent!

This made him look so different from the gods.

Currently, the entire God Realm was staring at him in a daze, feeling the earth-shaking changes that had occurred in Long Chen's surroundings.

He began to understand that today, he had received a huge gift. Just like when he had first stepped onto the inheritance dragon ladder, there was some existence that looked after him, helped him, and treated him as hope for the future.

He could be an Ancestral Dragon or something else, and this kind of existence, was just like Long Qinglan back then, who was motivating Long Chen. Of course, Long Qinglan seemed to have completely disappeared now. Long Chen did not know whether he was dead or alive.

He really wanted to know.

However, he didn't have the time to think about it.

The Gods had already surrounded them. As the leader of the dragon sacrifice's Gods, the Infernal King stepped forward and clapped with laughter, "Not bad, not bad. It has given us an eye-opener. Are you interested in letting us know? "

Long Chen temporarily put aside the matter regarding the Divine Dragon. He looked around, and all the Gods were staring at him with covetous eyes. If he was strong, perhaps they would be more afraid of him.

Long Chen then asked: "Does the God King have any arrangements?"

The Infernal King laughed brightly and said, "Of course it's to spar. I'll arrange for you to have an opponent that you are absolutely satisfied with. Since you've just grown, you must also want to test your own abilities. Young people are all like this, I understand. "How about it?"

All the Gods were shocked. They had guessed that it was the Divine Lord of Netherworld, but they hadn't expected it to be true.

This was a vicious and merciless guy who had been famous for tens of millions of years. In the Archeozoic era, he was not a good person. If not for the Infernal King protecting him, he would have long ago fallen out of the ranks of the dragon sacrifice's gods.

For a moment, the various Gods tactfully dodged.

"He's really in a hurry." Long Chen didn't know why the Infernal King was in such a hurry to do such a thing. Or Di Yao?

She hid behind the Infernal King, lowering her head, not daring to look at him. Judging from her wronged look, it shouldn't have anything to do with her. But no matter what, Long Chen had never been afraid of challenges, especially at this moment. He yearned for battle.

Chapter 2665 - Hell's Reincarnation, Netherworld's divine power

Before today, Long Chen had met the Divine Monarch of the Yellow Springs several times, but they had never interacted. This Deity had always been led by the Infernal King.

In the past, Long Chen did not hate him, nor did he hate him.

First, because of what he had said to himself before his Fiendgod tribulation. That is intolerable. Though that's what a lot of gods think.

Secondly, it was because of his relationship with the Infernal King! The Infernal King was the one who had made the move and almost killed Ling Xi. Until now, Long Chen had never attacked him, or revealed

the slightest bit of killing intent; it was all because now was not the right time, but this did not mean that he did not have any hatred or anger.

Since he had a fair chance now, and he could fight face to face with, not only would Long Chen not have any worries, he wouldn't be courteous in the slightest. This was a chance that he was looking forward to!

Therefore, he directly said, "I have just become a complete god and am quite curious about my current realm. It just so happens that Divine Monarch Netherworld can give me some pointers. If you have no eyes, then Divine Monarch Netherworld is a being that will shake the heavens. Please be merciful to me!"

Of course, these words were all polite.

At this moment, the Yellow Springs Divine Lord had already arrived beside the Infernal King. She said with a crafty tone, "Relax, I will definitely know my limits and won't let you lose too miserably. After all, you've just become a god and can be considered a Divine Weapon. You need a bit of confidence in yourself."

The Gods started laughing. This Divine Monarch Yellow Springs was really cheap, Long Chen was being so polite with him and even teased him, not giving him any face at all.

"Enough, don't embarrass yourself if you lose." The Infernal King gave him a cold glance, then left with Di Yao and the others. He said to Long Chen, "You can do whatever you want, but we are all very curious about your current situation. If you perform well, the Divine Emperor will think highly of you in the future."

"Yes."

Long Chen closed his eyes.

He felt the vast and boundless world within his body. It was as if there were stars all over the sky, and a trillion divine palaces were revolving within it. The life forms in the divine palaces were like stars, and they were all his energy.

Amongst the Heart of Rules, the fusion of the four Dao Seals had made the power of the laws perfect.

The entire body of the god seemed to be one with the entire world, as if its body was like a miniature starry sky; it was the most perfect spirit body.

When he opened his eyes again, they were like bright stars, boundless and boundless. Gradually, a layer of blood covered everything.

The gods were ready to watch the battle.

It was obvious that he was an evil person. At the moment, he had his hands behind his back, and was giggling: "This little guy has a surging divine power, and it really makes this old man fear. It is clear that he is already at the Genesis realm. It's really enviable. "

He was a Divine Monarch of the polar state, he didn't even have the power of Genesis!

The Divine Monarch Styx's Infinite Divine Art was very famous. The power that came from cultivation was called: Hell's Reincarnation, Yellow Springs Divine Power.

Although it was the third stage of prehistoric level, it was still very close to it. Its Hell Reincarnation Yellow Springs divine power had a lot of nefarious properties, and it had endless corrosive and destructive powers.

Right now, the Divine Monarch of the Yellow Springs opened her arms, releasing waves of Hell's Samsara divine power from her voluminous robe that swept through the starry sky. She was originally quite far away from the Immortal God Realm, but the power of the hell's Samsara divine power could even affect the Immortal God Realm!

From the Immortal God Realm, it seemed as if half of the sky had already sunk into the faint yellow vortex. The vortex emitted an endless amount of ghost aura. The power of that evil was truly terrifying to hear.

However, there was immediately a surge of power that suppressed it!

It was a blood-red energy!

Slaughter!

Divine Dragon!

This was the source energy of the primordial divine dragon's heavenly tribulation!

It had been a long time since Long Chen had felt such a hot blood rush. Unknowingly, he did not use the Creation God Equipment, but transformed into the Primordial Blood Spirit Dragon's body right in front of the gods.

Becoming a Deity wasn't just a matter of raising one's strength.

Now, he possessed limitless strength!

"Dragon?"

The Yellow Springs Divine Lord revealed an expression of interest. Before Long Chen made his move, he had never shown the state of a dragon.

This divine dragon also made him very excited.

"I really want to know what it feels like to slay a dragon."

This was a mission from the Infernal Realm's Divine King, and he had already instructed himself to give it his best, so of course he wouldn't be courteous at all. Although his divine body looked too small compared to the Divine Dragon's, in truth, even though the power of the Divine Monarch was inferior to Long Chen's, in terms of numbers, he had suppressed Long Chen.

This action revealed the difference that Long Chen had at the moment.

Because before today, the object of his deadlock was the Perfection's Divine Monarch Xing Chen.

One of them had become a Deity, raising his strength by a whole level!

The showdown between the Yellow Springs God Power of Hell's Reincarnation and the origin energy of the Primordial Divine Dragon Sky Calamity!

The Divine Dragon and Death!

He could not wait to take action, wanting to quickly control Long Chen. He had the confidence to dominate Long Chen for ten million years. After all, right now, he was one of the top five Deities, and the only ones who could truly suppress him were the two Godkings.

"Whirlpool of Death!"

The divine power of the Yellow Springs from hell condensed into two huge vortexes, one of which was an earthen yellow spring water. It was a terrifying spring water that originated from the laws of the world, and corpses and residual souls continued to appear within the maelstrom of the magma.

The death whirlpools of the two Yellow Springs grew larger and larger rapidly. In a short span of time, they broke through more than ten thousand meters, and like two full moons, they hung in the sky while the death whirlpools spun rapidly. The death whirlpools created by the Yellow Springs Divine Monarch Occult Force from the Underworld's reincarnation cycle and the Yellow Springs were pressing towards Long Chen!

BOOM!

It was simply unstoppable.

The two swirls of death would collide at where Long Chen was, then there would definitely be an unimaginable danger!

The Gods were stunned.

"I never thought that old fogey Gloria was still so ruthless. It was just a spar, and she instantly used the profound laws of a Divine Lord. If Long Chen couldn't handle it, then he's going to lose his life."

Now, the one facing them was Long Chen.

The gods held their breath.

But in truth, Long Chen watched this attack with cold eyes. He was very decisive, because he wanted to make the latest attempt!

He suddenly thought of an image.

That was the day when he had truly become a dragon. He had awakened the Slaughter Dragon Seal, and relied on it to defeat the Four Sword Sovereigns.

The Slaughter Dragon Seal was the first divine ability he had awakened after transforming into a dragon.

Later on, the might of the Slaughter Dragon Seal gradually failed to match up to the level of Long Chen's opponents.

But today, the rules of massacre allowed the Slaughter Dragon Seal to truly reach perfection. In reality, this was the most basic attack of the Primordial Blood Spirit Dragon, representing the will of the Primordial Blood Spirit Dragon, massacre!

The blood-colored dragon suddenly rushed forward inside the whirlpool of death, and on the two dragon claws on the left and right, condensed two death Dragon Seal s. Just like how Long Chen used to use the Azure Dragon Seal and the Taixuan Dragon Seal back in White Yang Town, his opponent today had changed to a god.

"Break!"

The transformed Slaughter Dragon Seal clashed against the whirlpool of death!

This was the collision between the Yellow Springs God Power of Hell's Reincarnation and the origin energy of the Primordial Divine Dragon Sky Calamity!

This was the first time Long Chen fused his sacred art with the power of laws to fight against another's power of laws!

If their strengths were said to be equal, then on the level of the rules, Long Chen had actually suppressed the Yellow Springs Divine Sovereign!

So what the gods saw was that the Slaughter Dragon Seal broke through the Death Vortex!

This shocked even Long Chen himself!

The Gods were shocked. They watched as the Laws of the Netherworld of the Whirlpool of Death was annihilated.

"I've never seen Long Chen possessing such power of laws. Could it be that he had just comprehended it after becoming a god?"

The gods began to discuss.

Long Chen laughed instead, he suddenly felt that he was actually so powerful. If his Slaughter Dragon Seal could even destroy the opponent's attack, then what would happen after the Ancient Blood Spirit Dragons with their many abilities transform into the Edicts?

At this time, the Yellow Springs Divine Lord was the first to lose. She had already turned angry from embarrassment.

"Not bad. Once you become a god, you will immediately comprehend the power of the new laws!  
"Genius!"

The Yellow Springs God had once again condensed her Underworld Samsara's Yellow Springs divine power. Her face was filled with a dark haze. He could shake the world, make people tremble in fear. She did not want to die here. Therefore, he was even more careful. This time, she was using all her trump cards.

"Water of Forgetfulness?"

With a wave of his hand, it was as if a huge cavern had been opened in the starry sky. An incomparably bizarre and nefarious river water gushed out from within, circling around the Yellow Springs Divine Lord like a snake. The river surged.

The greatest lethality of this rule should be on the water. It may seem simple, but it would be quite troublesome to let this kind of water touch your body.

When the Yellow Springs Divine Monarch's face was filled with haze, held onto the river water, and flooded towards Long Chen, Long Chen remained calm and collected. When the crowd was extremely nervous, he turned into a Great Void Cosmic Dragon and the illusory divine dragon swam through the endless starry sky.

"Time Traversing Dragon."

He had actually disappeared without a trace in front of the gods.

In reality, Long Chen was only trying it out. When he saw his Time Traversing Dragon, the gods were actually shocked, thinking that he had disappeared. He roughly knew that any one of the abilities was already heaven-defying.

The River of Forgetfulness had come upon them.

"Eternal!"

He reappeared and activated the Great Void Cosmic Dragon's rule. Right before his eyes, the River of Forgetfulness stopped moving. No matter how much the Yellow Springs Divine Lord tried to control it, the River of Forgetfulness just stood there.

"Spacetime reversal!"

The backflow of the River of Forgetfulness.

The Yellow Springs God was instantly submerged in the endless river of oblivion. Her cries rang out in the starry sky, but of course, his own rules wouldn't harm him. She would only be overwhelmed by the river for a short period of time.

But even so, he could only look at Long Chen with shock in his eyes.

How did he know so many rules?

## Chapter 2666 - Boundless Sea of Bitterness

Patriarch Netherworld was ranked in the top five of the returning gods. Along with his notorious reputation, he was an object that the gods feared. Even the hot-tempered Monarch Storm had to take a detour when he encountered the Yellow Springs Divine Lord. He had to lower his voice and address him as his elder brother and senior.

Many of the deities were afraid of him.

The moment he was attacked, he would not be injured for a few days. The endless corrosion and corrosion from the dark energy could last for several years, or even hundreds, or even thousands of years.

For thousands of years, Patriarch Netherworld had been the nightmare of many.

They had the most confidence in Ancestor Huang Quan, but they never thought that from the start of the battle till now, the Divine Monarch Huang Quan was completely suppressed by Long Chen. Whether it was the frightening rules of the whirlpool of death or the laws of the river of forgetfulness, Long Chen had been able to easily decipher them!

Slaughter Dragon Seal, Time Traversing Dragon, Instant Eternity, Reversal of Space and Time!

Not only did it break through the vortex of death, it even caused the River of Forgetfulness to rush onto the head of the Yellow Springs Divine Lord. Although it didn't injure him, it left him in a miserable state!

All of a sudden, all the gods were extremely shocked, even the ones who were paying attention to them, did not react as they watched this scene in a daze.

Long Chen's performance after he became a god was like a heavy hammer smashing onto their heads!

"How could this be? How could he suddenly understand so much power of laws? " The look in his eyes had already changed. This youth had challenged their imagination time and time again, and when he just returned to the Dragon Sacrifice Continent, other than the Infernal King, no one had placed him in their eyes. But now it was different ...

The performance of the Incantation, the intimate relationship with Di Yao, and the fact that he had defeated Xing Chen, had now truly become a god ...

He became a person that was inconceivable in the eyes of the gods. From now on, no one would dare to look down on him.

Of course, under the shocked eyes of the Gods, the battle continued.

One of them was the God King of Hell. He and Divine King of Light were the ones who had seen the clearest, and they were also the people who had lived for the longest period of time among the Gods. They had seen countless geniuses, and the fact that they were able to grow to their current state was already the pinnacle of geniuses!

However, they were still deeply puzzled by Long Chen.

"How did he do it?"

Although in his opinion, Long Chen did not know about it now, there was always such a worry in his heart. If Long Chen and Di Yao were to get along well and their strength and position would surpass his, would he become enemies with because of this?

He could still be at ease because this was something that Di Yao had ordered him to do. As long as Di Yao did not want Long Chen to know the truth, he should be fine. Of course, this sort of imagination was still rather far away. The Divine Spirit, Divine Monarch and Divine King were all at different levels. The Celestial King was a legendary figure. Many middle level worlds of the ten thousand worlds didn't even have a Celestial King.

But for Di Yao, there were many secrets hidden in her eyes, which were extremely complicated and hard to guess.

Of course, Long Chen was concerned about the battle between him and the Divine Monarch Huang Quan.

The old man had never thought that he would lose. He was someone who cared a lot about his reputation and had even boasted a moment ago, but now that he was suppressed, he had gone

completely crazy. He had displayed his most insidious nature, and now, he was not sparring, but fighting back with his life!

As an elder of Long Chen's clan, he had to win back some face!

Therefore, when Long Chen used the power of time to remove the Water of Forgetfulness, he became extremely furious. His old face became completely red, and with a roar, he removed the Water of Forgetfulness, but now, the Divine Monarch Huang Quan had given his all. This was his most confident attack!

"Boundless Sea of Bitterness!"

Everyone who was familiar with the Divine Lord of Netherworld knew that this was his highest rule, the rule of the Divine King. It was his ultimate killing move, and even many of the other Gods had once suffered a huge loss under his endless sea of suffering!

His power of laws was constantly increasing!

From the whirlpool of water, to the River of Forgetfulness, to the current Sea of Bitterness! Since it was an ocean, its scope was naturally indescribable with words! For instance, at this moment, under the control of the Yellow Springs Divine Lord, the skies of the entire Immortal God Region seemed to be shrouded in an endless gray-yellow sea!

The Sea of Bitterness descended!

Long Chen's surroundings had already been covered by this boundless ocean and the spectating gods had already disappeared. Even the starry sky had disappeared, and in this enormous world, he was the only person left. Of course, there was also this boundless ocean of suffering!

Even if one's body were to be submerged in this endless sea of bitterness, before long, it would completely corrode and turn into dried up bones. This was the power of the Sea of Bitterness.

If he were to send this Sea of Bitterness to the Dragon Sacrifice Continent, at least tens of billions of people would lose their bodies and souls in an instant, immersing themselves in this Sea of Bitterness for all eternity, enduring countless pain!

Under the influence of the Yellow Springs Divine Lord, there were actually quite a few people like this.

Within this Sea of Bitterness, there were countless vengeful spirits that had been tormented to death by the Yellow Springs Divine Lord. Of course, to them, these were insignificant creatures.

Long Chen had sunk into the deepest parts of the Sea of Bitterness, there was no way out at all. No matter how he moved forward, he was always trapped in this world!

In the outside world, the gods were probably holding their breaths.

What they saw was that the Divine Monarch of the Yellow Springs had finally used the boundless power of the laws in her Sea of Bitterness to trap Long Chen. As long as he didn't take the initiative, it was very likely that Long Chen would never be able to come out.

Because of this, the Yellow Springs Divine Lord finally let out a sigh of relief. Her face had been redeemed, and she couldn't help but laugh out loud.

The power of the Sea of Bitterness was truly inexhaustible.

The faces of the various Gods changed dramatically. They stared at God Lord Netherworld in shock, still filled with dread and veneration. Seeing the power of the Sea of Bitterness, they were all the more afraid of the Godking.

It seemed as though it had been many years since the Divine Lord of Yellow Springs had taken action.

"When you admit defeat, I'll let you out!"

Of course he didn't dare to kill Long Chen, since they were in public right now. There will be opportunities in the future. To him, Long Chen was too ruthless, so he had to be treated.

Furthermore, he had caused her to lose face just now!

The Yellow Springs Divine Lord's voice echoed through the sea of bitterness.

The Sea of Bitterness was a type of rule, its seawater would never disappear unless Long Chen changed this rule. It must be said that the Edicts of the Divine Lord of the Netherworld were indeed quite fierce.

But was he really afraid?

Vaguely, the Gods seemed to see Long Chen's transformation once again. He seemed to have materialized 15 heads, turning into a 15 headed gigantic dragon. The dragon was multicolored, extremely beautiful.

It was the dragon of life and creation, the Taiji Creature Dragon!

Of course, the Gods didn't know that they weren't even paying close attention.

"Fourteenth Fiendgod Formation!"

Long Chen was decisive and straightforward.

When the fourteen [Life Arrays] appeared, fourteen diagrams appeared around Long Chen in the Sea of Bitterness. After the fourteen diagrams achieved the Rules, they instantly transformed and began to be plundered, these were the Taiji Creature Dragon's rules. He was the leader with his life, and the other fourteen diagrams were the power of laws that created the world.

The endless Sea of Bitterness was in fact a type of array formation!

Transformation!

They saw that Long Chen had broken free from the Sea of Bitterness, and had even transformed the power of the Sea of Bitterness into his own laws! Long Chen was now in the midst of a strong power, a power that belonged to the Sun, Moon, stars, mountains, trees, wind, rain, lightning and so on.

"Old ghost, I'll return it to you."

Long Chen broke through the sea of bitterness and let out a cold laugh. The transformed power of the fourteen living beings' formations suddenly erupted, and today, it was not Long Chen who was besieged, but the Divine Monarch of the Yellow Springs!

Even if he had thought it through, he would never have imagined that the suffering that he was most proud of, that he had even defeated a few at the same level, would actually be broken by Long Chen in such a strange way!

This was an unimaginable miracle!

At the very least, he was completely unable to accept it. At that moment, he was on the verge of going crazy, and his tears couldn't help but gush out. Just what was going on?

He had merely passed through the Fiendgod tribulation. Was there really a need for such a tremendous change?

In front of him, they, the gods, felt like a bunch of idiots, completely mediocre. How could a dignified god not even compare to the natives of Dragon Sacrifice Continent?

"Impossible!"

He had almost gone mad. The God of Creation that he had hidden for a long time had also used it at this time. This was his most important life-saving treasure, and it could only be used to defend himself now.

"Yellow Springs Heaven Diagram! Genesis! "

This was the only treasure from the Yellow Springs Divine Lord's Genesis. This was something that Di Jun had personally bestowed to him.

But right now, he was only using it to block Long Chen's Fourteenth Life Formation.

BOOM!

When the Yellow Springs Heaven Diagram pulled the painting apart, it was a picture. It was extremely huge, and within the painting, there was the surging flow of the Yellow Springs. It was as if it was the real world.

The image had just started, and the fourteen living creatures formation smashed into it. The Yellow Springs Divine Lord immediately spat out blood, and was defeated by another thirty thousand meters along with the Yellow Springs Heaven Diagram. The Yellow Springs Heaven Diagram crashed into his body, causing the light to dim, and the Yellow Spring Divine Sovereign herself was in a sorry state!

"Whiz!"

This is not the end!

At this time, Long Chen had already taken human form, and in the blink of an eye, he spanned thirty thousand meters. He wielded the peerless Dragon Slaying Sabre and placed it on the Yellow Springs Divine Lord's neck, saying, "Old dog, you've lost."

As he finished speaking, he turned the blade around and slapped the Yellow Springs Divine Lord's head with the back of the blade.

#### Chapter 2667 - One More Battle

Once the Divine Monarch of the Yellow Springs was completely suppressed and her Sea of Bitterness and Yellow Springs Heaven Diagram were easily dealt with, anyone with a discerning eye would be able to tell that Long Chen was the victor of this battle, and he had even easily won. His current combat strength was completely superior to the Yellow Springs Divine Lord!

Suppressing this, an expert with Taiyu Deity!

This result was extremely shocking to Long Chen himself. He never thought that becoming a god would bring him such a huge change, whether it was the increase in primordial divine dragon origin energy, the formation of the trillion God Palaces, or the changes after the fusion of divine powers, they were all the reasons for his victory!

Less than a few days after returning from the Lingsu Star Sea, Mo Xiaolang was still at the Taiji Realm and had already defeated polar state. In terms of speed, he was too fast and too fierce.

This result was completely out of the Gods' expectations.

However, when they saw Long Chen forcing the Divine Monarch Huang Quan to flee in a sorry state, and his young, resolute eyes, everyone felt that everything was real.

After the incident with Ling Xi, there had been too many rumors regarding him. If not for him fighting with Xing Chen and defeating Xing Chen, the Gods would have almost forgotten him, a pitiful person.

Fighting with Xing Chen, everyone once again realised how terrifying he was.

Although the fight against the Divine Lord of Netherworld was arranged by the Infernal King, it was enough to see how terrifying his potential was in the future! His wife and children were no longer present. If Long Chen and Di Yao were to end up together, there was no doubt that he would become the super core of the dragon sacrifice's Gods in the future!

He would even become the absolute leader of the new generation!

The gods seemed to understand a little why the Infernal King thought so highly of Long Chen. This was the problem of judgement, because the gods did not even want to think of Long Chen as one.

The Divine Lord of Styx had suffered a major blow and had truly fled.

Whether it was the human gods, demon gods, or a portion of the living beings, such as the Dragon Emperor s, they were all paying attention to this battle. Back then, when Long Chen had defeated Xing Chen, all of the living beings in the Dragon Sacrifice Continent had believed in him even more.

Furthermore, he was recently born in the Dragon Sacrifice Continent.

Therefore, compared to these ancestors of the Dragon Sacrifice Continent, Long Chen was even more revered and revered by others. No matter what, the living beings would never believe that Long Chen was that kind of malicious person.

As for the relationship between him and Di Yao, that was a completely different story.

Since ancient times, heroes and beauties, if Di Yao really liked Long Chen, who could stop her?

Today could be considered the day Long Chen would truly rise up.

From today onwards, they would probably never dare to mock Long Chen again. Some people's rise could not be stopped, for example Long Chen, in the entire human group of the Gods, it was likely that only two Divine Kings would be able to suppress him. Since that was the case, who would dare to mock him again?

Even the Tempest God would only dare to hide behind the crowd. He didn't dare to make a single sound.

The Infernal King raised his hands and began to clap enthusiastically. He nodded his head and said, "Alright! Good! "Alright!"

He said three good words in succession and clapped three times. The Gods understood immediately. Although they were Long Chen's ancestors, the Gods still applauded in front of him. Now that the situation was different, the Gods understood that offending Long Chen right now was entirely asking for trouble.

"Everyone, let's disperse. Leave the space for two people." The Infernal King's words had a hidden meaning. He smiled to himself as he glanced at Di Yao, who had her head lowered.

The Gods couldn't help but laugh loudly.

It seems that Di Yao and Long Chen were more and more appropriate. Although they didn't know what attitude the Divine Emperor had towards this matter, but the only one who could contact God was Di Yao. Even if they wanted to it, there was nothing they could do.

Right when the crowd was laughing in an ambiguous manner, Di Yao suddenly raised her head. Her eyes were cold as she said, "No, everyone, don't leave." I want to have a fight with him too. "

With that, she took out a nine star Emperor Sword, her light golden hair fluttered in the wind, and her long skirt fluttered, revealing her round smooth and smooth thighs. Behind her, a pair of golden wings suddenly appeared, bringing light and radiance with it, like the descent of a sacred goddess, and after she said that, she directly landed in front of Long Chen, pointed his nine star Emperor Sword at Long Chen, and said: "You have to fight against me too, let me see, whether or not you are truly stronger than me."

Judging from these words, using Divine Lord Netherworld to test his strength was her idea?

The reason why he came here this time was to explain things to Di Yao. After all, the other party was still a fledgling and had never experienced anything like this before. It was possible that she would have a greater affinity with him.

Although something had happened in the middle, Long Chen was still standing in front of her. He just did not expect her inner heart to be so active, and now he was actually going to make a move on his.

"Princess, we can have a good chat, there's no need for you to take action. I'm here today to explain things to you. I'll definitely give you an explanation, is that alright?"

Of course, Long Chen didn't want to fight with her, acting against her would only make things worse. After all, he was still trying to figure out where Ling Xi would go next, so he didn't have the time and effort to entangle her.

"Impossible. Get out of the way!" Di Yao seemed to have returned to her previous stubborn look.

The Gods were shocked and hurriedly retreated. They all said that women's thoughts were hard to guess. They had cultivated for tens of millions of years and were all Archaic True Gods, yet they still didn't understand what had happened. Could this be a beating, a scolding, or a love?

And what did Long Chen mean by his previous explanation? Could it be that something special happened between them?

The Gods were very curious, and although they avoided it, they stared with wide eyes.

"As a man, you have to take responsibility for everything you've done. If you can't do it, you can kill me today." Di Yao spoke until here, the coldness she created before finally collapsed, tears could be seen in her eyes. Long Chen wanted to explain, but the other party had already charged over!

Three Swords of Di Jun!

A pleasant surprise!

A gigantic stream of sword aura shot out like a rainbow, containing the laws of the unparalleled sun, scorching hot and vast, shattering everything. Di Yao, who was strong, was using a divine artifact made

from Genesis, so naturally, it was out of the ordinary. Long Chen did not dare be negligent, and hurriedly pulled out the peerless Dragon Slaying Sabre!

"Demon Slaying!"

The extreme blade technique was naturally not as strong as the Three Sword Emperor's, but Long Chen had already cultivated the extreme blade technique to a high realm, and adding on his surging power that was even stronger than Di Yao, he used the Demon Slaying Sabre to suppress the Fleeting Sword, sending the Sword Qi flying!

This time, there were nine sword energies, each one was a superior sword of laws. The nine sword energies turned into nine golden crows, soaring into the sky, and each golden feather was formed from countless sword auras!

"What is she crazy about?" Long Chen was embarrassed, of course he could not stop it, otherwise he would be killed. Of course, he did not want to face Di Jun directly, so he directly used Time Traversing Dragon and left Di Yao, not allowing her to find him!

"Dance of the Forbidden Sky!"

Long Chen was in this space, so even if she could not find him, he would not be able to move. Therefore, he had no choice but to think of another way, to break through the Forbidden Sky Dance, he needed boundless divine power, and his divine power just happened to be able to do this!

However, this also allowed Di Yao to discover him.

"You only know how to run and not face it. Are you still a man?" Di Yao was extremely infuriated. The Nine Slaughter Sword Technique once again rushed forwards.

Seeing this scene, not only did the gods widen their horizons, what was going on? Was it a small fight, or was it? From the looks of Di Yao, it seemed like she wanted Long Chen to admit something?

She could only keep attacking, she would never stop! Thinking about that, Long Chen immediately stopped in his tracks, the blood-red dragon scales covering his body, he instantly entered a state of battle!

For a time, there was only one kind of aura around him, and that was killing intent!

Under Long Chen's control, Di Yao, who was not as fast as the Yellow Springs Divine Lord, had been affected greatly. Long Chen instantly rushed forward and his hands transformed into two dragon claws, which were the Myriad Death Claw that had not been used for a long time!

The Ten Thousand Deadly Claw directly grabbed Di Yao's Nine Star Emperor Sword!

"Let go!"

Long Chen roared out explosively, his physical body and strength exploding out, using his overwhelming power, he forcefully snatched the nine star Emperor Sword away from his opponent's hands. At the same time, he also pulled out his hand and wrapped it around Di Yao's neck, restraining her, and as he got closer, Long Chen took the initiative, he needed to chat with this woman properly, so he had to ask her to stop. When he restricted her, Di Yao did indeed stop, her entire body went soft, and she directly fell onto Long Chen's body.

At that moment, Long Chen's brain could only be described as gigantic ...

The Gods watched this scene in a daze. They looked at Long Chen's embarrassed face, then at Di Yao's crying face. Although they were not willing to see this fresh flower inserted into the cow dung just like that, they couldn't help but to suspect that something had really happened. In any case, from Di Yao's perspective, she was completely at the hands of this man.

Her two hands pulled at herself. If Long Chen wanted to push her away, he might have to tear her hands apart. In front of the gods, he obviously couldn't do that.

He had come today to explain.

But with Di Yao acting like this, how could she explain it all?

At this time, the Infernal King led the gods forward and asked directly, "Long Chen, did you do something to let the princess down? Let her cry so bitterly? If you don't explain everything clearly today, don't even think about leaving this place. The princess is the treasure of all of us, and you dare to bully her.

He had originally wanted to break through to the Fiendgod Calamity and have a spar, but he hadn't expected it to turn out like this.

Since the entire God Realm was present today, he was unable to speak about the matters of the Dream Spirit World. In addition to Di Yao hugging him and crying, he was pitiful as she was the victim of this accident. Long Chen did not know what kind of attack she had suffered, so he had a headache for a moment.

He was an expert in battle, for example when fighting with the Divine Monarch of the Yellow Springs, he had beat this Divine Monarch of the polar state to the point where he had to piss his pants off and flee in a sorry state, and he was extremely decisive. Now that Di Yao was no longer his opponent, but she had stuck to him, he had no other choice.

For an undocumented girl, such an assault was practically the same as an act of suicide.

thought so anyway.

Facing the Infernal King's skeptical question, especially the last time he saw Di Yao crying, he felt anger for the other gods. No matter how much he thought highly of Long Chen, he was still a little angry at this moment.

Just as Long Chen was about to explain himself, Di Yao gently pushed him away and wiped away her tears. She was a little agitated, as if she wasn't bothered by the presence of the other gods, as her teary golden eyes stared blankly at Long Chen.

She was only focused on Long Chen. Suddenly, with a choked voice, she asked: "Can I ask you a few questions?"

Long Chen nodded his head, now that Ling Xi was also at the critical point of reaching the next location, he did not have the time to worry about it, if not he would have been able to take care of all the emotional issues.

Di Yao pursed her lips, her voice slightly trembling, "Do you like me?"

Long Chen was dumbstruck. This was in front of the gods, so of course, he couldn't say that he didn't like such a question on the spot. So he took a detour and said, "The princess is young and beautiful, her position is noble and her heart is kind."

He was just lying with his eyes wide open. Other than being good to Di Yao, it was a small disaster for her to others ...

She shook her head with tears in her eyes and said, "I just don't understand why you don't like me, but instead want to be with me now that I'm yours, I don't want to give you pressure. After all, the person you like has just left, and his or her heart is also in pain, but since it has already happened, I want you to give me an explanation. Even if I have to wait, I can still wait for you."

These words were like a bomb, the gods were stunned.

The Princess Di Yao, was already Long Chen's person? Were they done cooking? This was way too fast! This was the daughter of the Divine Emperor's Di Jun, how could anyone accept being bullied by a pig like Long Chen.

Long Chen was a little confused. Was she unable to control himself due to her emotions, or was he putting pressure on him? This kind of thing, was obviously better to be communicated privately, but she was still a princess after all, so he might be pampered. Perhaps, that incident had dealt a huge blow to her, causing her to feel too much, and cause her too much fear, and his to lack a sense of security.

After she asked this question, Di Yao looked at him with tears in her eyes. That pitiful appearance of her caused people to feel pity for her.

This could be considered as them not protecting the princess very well. Di Jun had asked Di Yao to follow them back this time, but in reality, it was very impulsive, even the Hell God King could only wait for the Divine Emperor to contact him personally, otherwise, he would not be able to find Di Jun, and only Di Yao could communicate with him. However, Di Yao was the one who was in trouble now.

Originally, he thought that even if they loved each other, even if Long Chen would have the right to be the God Yao for him in the future, this kind of thing could only be done with Di Jun's consent.

The thing that troubled Long Chen the most was that it was something that was originally caused by the Evil Spirit of the Dream Spirit World. Now that Di Yao had said it, it was as if he could not hold it in any

longer, and had only touched it a few times, and it did not happen at all. However, he could not describe the details.

"Long Chen, how dare you!"

If the Divine Emperor knew that under his protection, the Princess had lost her chastity, even Long Chen and him would have been killed if the Divine Emperor didn't like Long Chen!

If Divine Emperor got angry, it would be troublesome!

Moreover, a normal father would probably hold a huge hostility towards the man who stole his daughter, right?

"Don't talk, I want him to answer my question." Di Yao snapped, making all the other demon gods shut their mouths. The Hell King could only show his anger in his eyes, while the rest of them loved to watch the show, such as the demon race's gods.

Of course, the huge commotion between the gods would affect the entire Dragon Sacrifice Continent at all times.

Now, Di Yao extended her delicate hands and stood in front of Long Chen, holding onto Long Chen's hand. Even though there were tears in her eyes, she was still very gentle as she said: "Forgive me for being here today, and telling them everything that happened between us, but I am too afraid that you will treat it as if it never happened, afraid that because of Ling Xi's matter, you will not accept that I am still a woman even though I am a Princess of the Divine Emperor, and that I will only have one man in my life. Now that you have become this man for some reason, I am very afraid that you won't be able to keep guarding against me."

Her watery eyes waited for Long Chen's reply.

After hearing all that, Long Chen roughly knew what she was thinking. It was just as Ling Xi had said, maybe she had a good impression of him after returning from the Incantation, and after that, Ling Xi's matter regarding the Dream Spirit World occurred, causing her to be completely focused on him.

However, no matter what, it was impossible for Long Chen to be with her. He still had to wait for Ling Xi to return and finish off the Infernal King.

So, he thought for a while and cautiously said, "Princess, I was just about to explain it to you. First of all, the things in the Dream Spirit World are indeed strange. Moreover, the princess is a person with a very low status. Furthermore, I have just lost the two most important people, so my love for her is still very painful. It is still very difficult for me to pick her up again and it will be even more difficult to continue on.

"Are you your answer?" Di Yao burst into laughter as she cried. Everything she had hoped for had been for naught.

At the start, they were angry because Long Chen did something wrong. But now, they were angry because he was still not willing to admit it!

"Can't you give me a chance? Even if you want me to wait for you, I can. Long Chen, I understand your feelings, but you can't ruin me. Before, I had good feelings for you, but good feelings for you, I could still have a new life and life, but now, it's different, I have recognized you, I love you, if there's any pain in your heart, I can help you heal it, I will help you change myself, become the way you like me, no longer willful, okay?"

Di Yao was a little flustered, she held onto Long Chen's hand tightly, worried that he would leave.

This was a dignified Princess of the Divine Emperor like them, yet they were actually humble in front of Long Chen. Furthermore, this was in front of the eyes of the gods, if Divine Emperor saw this, he would probably be discouraged even if he were to kill all the people involved!

This is the daughter of the Emperor, the person with the highest status in all the realms. Now that you have done something wrong, you might still have a chance to live if you bear this responsibility, if you do not even dare to take it on, haha, then don't blame me for not only harming yourself, but all the other people who are related to you as well. Do you think that the Divine Emperor's temper is so good that she can become a princess? I'm not trying to force you. You're trying to force yourself into a corner. I'm just trying to analyze it for you. "I think highly of you. Don't let me down. Now that something has happened, the only way is to face it."

The other gods began to speak as well.

"Even if Princess Di Yao abandoned her identity to be together with you, I still might not agree. The only way for you to do something so wrong is to love him deeply, otherwise, you guys would have been able to escape my wrath."

But you will implicate us princesses, your Five Dragon Cities and your brothers and sisters, we don't want to scare you at all. The Celestial King said it, you are the one who forced yourself into a corner, and now you only have one choice, regardless of whether or not you are still in the midst of losing your wife, the princess is still a million times better than you, your woman. Are you really blind when you see the most respected woman in the world standing in front of you? "

Di Yao made all the other gods shut their mouths once again, and said: "All of you stop talking, and don't force him. I just want him to give me a chance, I can do better than Ling Xi."

For the sake of pursuing love, she abandoned her dignity as a princess, making the Gods even more furious. They hated Long Chen even more. Not only was they lucky, they did something wrong and didn't want to take responsibility. How could there be such a good thing in the world?

Long Chen thought about everything clearly.

If he didn't have that many divine spirits, he could say that what happened in the Dream Spirit World was actually nothing. He really didn't do anything to Di Yao, but this woman was still perfectly fine, so now he was at a disadvantage.

However, since Di Yao had said that at the beginning, she would repeat the details herself, making it so that everyone would be so arrogant that they would punish her on the spot.

Moreover, to Di Yao, this probably wouldn't be any different.

That's right, if he did not quickly fall in love with Di Yao until the moment the Divine Emperor Di Jun arrived and knew that he had actually fallen in love with her daughter and did not want to take responsibility for it, then he would be in trouble.

However, he still didn't want to do this, for Ling Xi, and also for himself.

Chapter 2669 - Lovers

Some things that touch the bottom line cannot be compromised.

For example, if Long Chen accepted Di Yao and announced this relationship to the world, he might not have any trouble at all. In the future, as long as he worked hard, even the Divine Emperor Di Jun might not be able to do much to him.

If he didn't accept this, even if Di Yao didn't do anything to him, his fate would still be disastrous.

Moreover, she was already going all out, and it would definitely make her sad. After all, her status was honorable, and now she had already given up on her status to pursue him.

In fact, Long Chen really didn't understand why Di Yao would like him. However, after what had happened in the Dream Spirit World, he actually couldn't take this matter into consideration anymore.

No matter what, he couldn't accept her, and she couldn't take over his place as Ling Xi in his heart. Even if he had to take huge risks, even if he had to hurt her, he still couldn't compromise at this time, and had to promise Di Yao for the sake of a moment of peace. Thus, amidst the crowd's attention, he shook his head and said, "Princess, I'm sorry. We've always been good friends, haven't we? "

But now the situation was different. There were also other people watching here, and if he did not give any face to Di Yao, then there would inevitably be a violent conflict. It would severely injure Di Yao, and the consequences would be unimaginable.

Although this was a rejection, it was at least within the range of Di Yao's tolerance. Of course, she guessed that under this kind of pressure, Long Chen should have immediately accepted it.

It was just like what his mother had said. He was young and beautiful, and no one could compare to him in terms of status and position. No man could resist him ...

Therefore, the moment Long Chen made his decision, even if Di Yao didn't collapse, her heart was still in pain. After all, for today, she had already made a lot of efforts. It didn't matter whether it was for her feelings or if she really liked him. There was no difference.

For a moment, although she did not collapse, tears still flowed down her face.

"Long Chen!"

The Infernal King let out a furious roar.

Long Chen bellowed as if he accepted the offer.

When he had just returned to the Dragon Sacrifice Continent, this Celestial King, who was comparable to a full-fledged war devil in his prime, and all these deities had caused him to feel great fear.

But now he could accept their glares. This was a huge transformation brought about by his own advancement. From the start of the War of the Demon Planets until now, he was already different from the Gods.

The Infernal King roared like thunder, "The princess has treated you like this with all her heart, and she has treated you with all her heart, without even caring about her dignity. She is such a magnificent body, yet she is so devoted to you, yet you are grieving for your dead wife, and you have betrayed her kindness! Are you still a man? If you are honest, then you have to take responsibility for what you have done. Even if you just met with a calamity, this is not your excuse. You made me angry today, if you don't understand, then you don't have to leave here today! I will replace the Divine Emperor and personally kill you! "

The Godking was enraged, and the Gods retreated!

This roar, was something the entire world knew of. When all sorts of news spread out, this matter became complicated and confusing, making people have all kinds of guesses about what happened between Long Chen and Di Yao. It was as if Long Chen's current rejection was a forceful retaliation against the rumors! If it was him who had killed her wife in order to climb the Princess Di Yao, he wouldn't need to reject him now.

However, what did the Infernal King mean by 'responsible'?

The bond between them was truly wonderful!

In the past, when all sorts of Gods were used against Long Chen, they had all been defeated by him. But now, the strongest among the Gods, the one who surpassed all the Gods, the Hell God King, was making a move against them. No matter how Long Chen defied the heavens, he would still meet his end.

Not many Divine Lords would be able to cross a chasm between a Divine Lord and a Divine King.

If the Infernal King really wanted to punish Long Chen, there would be no suspense. So everyone was shaken. Was there going to be a new battle?

Facing the existence of returning to the top of the Gods, could the heaven-defying Long Chen still hold on?

Now that the trillion God Palaces had been formed, all the living beings felt a great sense of belonging towards Long Chen. After Long Chen met with danger, they were also very nervous and concerned about him.

Di Yao suddenly swung her sword at the Infernal King when Long Chen was about to explode at any moment. Her eyes were moist red, but her gaze was incomparably cold and fierce: "You don't have to care about this, this is my own problem."

She then looked gently at Long Chen, and said: Long Chen, you can leave now. I was too anxious today, but I will come to find you another day and apologize for today's matters. No matter what, you must remember my feelings for you, and not abandon me. Go back and quiet down first, we'll have a good chat in the future. "

She became even more humble in front of Long Chen.

Originally, the one who was at fault was Long Chen, it was Long Chen who seized her innocence. She merely wanted Long Chen to be responsible, but in order to obtain his love she had to be so humble and obedient. It was indeed a grievance, if it was the character of Di Yao from the past, he wouldn't even bother to speak, she could just directly have the King of Hell kill Long Chen.

She didn't have to.

Although she had hurt Di Yao and made her very sad, it was also because of her misunderstanding. The evil fruit of forcing herself to do so in front of a large crowd of people, if there was a chance, the two of them could have a good chat, but now was not the time.

"Princess, goodbye. I'll apologize to you in a few days, when we are at peace."

With that, he passed through the gods, and headed in the direction of the Five Dragon Cities.

The other gods were all looking at Long Chen with cold eyes, especially the Infernal King. He couldn't control himself and wanted to kill Long Chen, but he couldn't go against Di Yao's wishes. But now, even if Long Chen had proven his strength and potential, the seal between him and the gods had almost broken. Of course, the current him had the qualifications to be opposing the Infernal King.

The blood feud between him and Ling Xi back then, Long Chen had not been forgotten for a single moment.

Long Chen decisively left.

When he left, Di Yao's expression was as cold as it could be.

"Princess!"

They were indeed angered to death by Long Chen. If not for the fact that Di Yao still cared about him, they would have already killed Long Chen millions of times.

But of course, right now, there were probably only two Godkings who could control him.

"Get out of my way, don't bother me. Without my permission, no one can touch Long Chen, and no one can even get close to my palace, or else you will have to bear the consequences! "

She too left in a cloud of dust. It didn't take long for her to return to her palace, and she had to be chased out by everyone else in the palace.

The remaining gods looked at each other.

"Celestial King, what should we do?" Seeing the chance to take revenge against Long Chen, the Storm Divine Sovereign was ready to make a move again.

"I feel that the Princess Di Yao is giving too much face for this Long Chen, it's not possible for them, and this Long Chen doesn't know what's good for him, he deserves to die."

"The problem is not this, but that between the Princess Di Yao and him, if he still does not behave herself and the Emperor Jun Divine Emperor admits to it, then she will definitely die. The only reason we did not kill him immediately, is because we are afraid that the Princess Di Yao will be hurt. But we can't go on like this, the Divine Emperor will eventually find out, and then we'll be screwed. "

Di Yao was not willing to kill Long Chen. Not killing Long Chen was not something Long Chen would do. That's why it's hard to do both.

The Infernal King pondered for a while and said, "Give Long Chen some time first. He still has some potential, and is qualified to become the son-in-law of the Divine Emperor, depending on how he thinks. If he still doesn't understand in the end, then we can only think of a way to tell the Divine Emperor about this matter and wait for the Divine Emperor to come to a decision."

"That's all, I hope Long Chen is smarter. For a dignified Princess of the Divine Emperor like him, no matter what, it would be easy for him. "

"I just don't understand. Princess Di Yao has seen so many outstanding gods, how could they have their eyes on this guy?"

Not only did he not understand, but everyone else did not. Furthermore, this was all too fast.

"Don't just stand here. Let's go."

The Infernal King ordered.

He returned to the Hell City, but in the middle of the road, the Divine King of Light appeared in front of him and said: "This is truly strange, you used the Aroma Burst to kill his woman, it should have been Princess Di Yao's orders, from the beginning to the end it was like the Princess Di Yao was scheming this, she wanted to get Long Chen, not only does she want him, why do you think so?"

The Infernal King chuckled and said, "What nonsense are you guessing about? As subordinates, don't think too much. Whatever the princess thinks, we will do. If she wants Long Chen's body and mind, we can give Long Chen's body and mind to her. Why do you care so much? "

The Divine King of Light shook his head and said, "I'm just afraid that what the princess is thinking is not what Divine Emperor is thinking. It's best if you contact the Divine Emperor first."

"Why do you care? Is your mission complete? Your mission is the core of our mission. Don't forget." The Infernal King patted his shoulder, smiled, and charged into the Hell City.

"Then, let Princess Di Yao do as she pleases. "What is her goal?" The Divine King of Light couldn't understand, because even he didn't know which Divine Emperor Di Yao's mother was actually from.

And at this moment, in Di Yao's palace, only she remained.

But at this time, there was another woman who was a little flustered and said, "I didn't expect that there would be such a crazy person in such a small place. You gave up everything for him, but he still thinks about that dead woman, and if it wasn't for the fact that you don't have much time, with your condition, you would have been able to move him and get a relationship. It's just that you don't have much time left, so I used these methods."

#### Chapter 2670 - Sushi Palace

Di Yao still hadn't recovered from her previous state. Her mother was very satisfied with her current state, just like a girl deeply in love. All her emotions and emotions were controlled by the man she liked.

She was in a bit of a daze, and asked blankly: "Then what can we do now? "I feel that with his personality, no matter how good I treat him, it will be difficult for him to recover from the pain in a short period of time and fall in love with me."

I have underestimated his persistence in dealing with his woman. I think I have underestimated him, I think that the natives of this world, no matter how high their potential is, once they see your Daughter of the Divine Emperor, as long as you fall in love with her, he will shamelessly stick to you. But now, he is in front of the Gods, and even if she has offended the Gods, she will still insist on being loyal to the dead woman.

"Then what should I do?" Di Yao asked in a daze.

"I feel that no matter how much you try to please him, it will be useless. This kind of man will take a long time to change, at least for a few years. He might be able to forget the pain and choose to get along with

you. So even if you are infinitely good to him next, it will take him a while to accept you. But you don't have the time. "

Di Yao panicked. Maybe she was hypnotizing or maybe she was sincere, she was already very afraid of losing Long Chen, so she anxiously asked: "Then do I still have a way to get him?"

The woman suddenly smiled and asked, "My foolish child, imagine the scene where you finally killed him."

Di Yao was thinking.

"Will it hurt?"

"It hurts."

"That's right. The more pain you feel, the better. That is your goal. He wants to love you deeply, and you also want to love him deeply. So, everything you do is for love, and nothing else. Now that we find him to be a troublesome person, we won't be able to deal with him if we use a new method to deal with an ordinary man. If we use a new method, we will definitely be able to succeed, but you will also have to pay the price. "Are you willing to pay that price?"

Di Yao's eyes sparkled as she replied, "As long as I can get his love, I don't care about anything else."

The woman was quite satisfied with Di Yao's performance. She finally told him the method, and said, "According to my estimation, even if he is full of guilt towards you, with today's level of resistance, he will need at least several years to accept you and forget that woman who fell in love with you. Since gentle methods are ineffective, we will come to hate him. As long as you cooperate, we can use 'Infatuation Curse' on him. "

Di Yao was a little nervous as she asked, "What is the Infatuation Curse?"

"This is a rule that I comprehended after I became a Divine Emperor. If Long Chen was struck by the Infatuation Curse, he would be able to completely forget about all the people he loved, including his lovers, parents and brothers. He would also forget about all his love, but when he woke up, he would place his love for the entire world and for all his loved ones onto the person he saw for the first time. And you, will become the first person he sees when he wakes up. "

Di Yao carefully thought about it. She finally understood why so many terrifying existences feared her mother so much. This kind of Divine Emperor level rule, as long as she carefully thought about it, she would understand how terrifying it was.

Long Chen loved his wife, brothers, parents, and all his friends and seniors. He even loved the entire world, so the combination of love for this kind of person was truly terrifying. If he transferred this love to one person, then Long Chen should be able to give up everything for her.

This was the power of the laws and it was much more flexible than the control of soul-controlling demon. This was because if one were to control it, the controlled person would just be a dead person or a puppet.

And if it was this Infatuation Curse, then Long Chen still possessed emotions, happiness, anger and sorrow. Sometimes, a person's will would be able to erupt with a power that exceeded one's imagination.

This was the true terror of the Infatuation Curse.

Di Yao asked in disbelief, "Such a terrifying rule, if you use it, doesn't that mean you can control the entire world? Why?"

The woman chuckled, "Of course there's a price. I once wanted to use it on Di Jun, but I failed." Because he was too powerful. Of course, Long Chen is still weak right now, so I can deal with him. But because I am here, I am unable to put all of my rules onto him, and it will take me a very long time to prepare. After that, in order to succeed, you will have to put in a lot of effort, and have to prepare with me; we need a lot of things. In the end, if I succeed, you will have to pay a price because I used your body this time. Of course, even though the price is huge, it doesn't seem like a big deal when you end up with love! "

Infatuation Curse!

Di Yao silently recited these words, her whole body was trembling.

What kind of terrifying power would it be to be able to make a person transfer the love of the entire world to him?

If that was the case, what was the point in paying any price?

"Mother, let's prepare earlier!"

Di Yao excitedly said.

She was already sick of begging Long Chen, it was too exhausting, she felt a huge blow to her heart.

"Okay, then I will tell you in detail what kind of preparations you need to make and what kind of price you need to pay. You need to be mentally prepared. I didn't advocate this method in the beginning because it is too terrifying, but now it seems like we don't have any other choices. We need to finish this quickly! "

After returning, Mo Xiaolang and the Dragon Emperor were very concerned about him. They too wanted to know what happened, and even though there were rumors about Long Chen and Di Yao, they still believed in Long Chen the most.

Long Chen said helplessly: "Some strange things have happened, I'll first quietly think about it, then I'll tell everyone, but everyone do not need to worry."

As the core members of the team, most of them knew that Ling Xi was not dead. Right now, they could not help much in terms of strength, but seeing that Long Chen had become stronger, they felt more at ease.

Yang You smiled and said, "Don't worry, we know better than anyone what kind of person you are. Even if the whole world doesn't believe you, we won't have the slightest suspicion."

Her encouragement calmed Long Chen's heart.

"Relax, I believe you, Ling Xi, and Little Wolf will be able to get through this trial even though both of you are so young."

In the end, Long Chen bade farewell to the rest of the people, and returned to the repaired Scarlet Dragon Palace. On one hand, it was to stabilize her current cultivation, and on the other hand, it was to communicate with Ling Xi.

"Why do I feel that the matter today is strange? 'Di Yao shouldn't force me like this, right? ' Does she really like me that much? " This was still the most puzzling thing for Long Chen.

Ling Xi said: "I also don't understand. From an intuition, this is not a good thing. The matter of the Dream Spirit World is not considered big, but she took it out to cause such a ruckus. It doesn't seem like it would be appropriate.

Although it was said to be unofficial, it could not be used to threaten the public.

thought for a moment, then said: "Right now, we can only delay time, one is to wait for me to kill the Infernal King for revenge, and two is to wait for you to return. As for Di Yao, we can just delay as long as we can, when you return, she will probably understand what I am thinking, and it will be easier to explain later. I don't want to become enemies with her. After all, the people behind her are too strong. "

Ling Xi made a sound of acknowledgement, then suddenly said, "Actually, it's not that terrifying. If you can kill the Infernal King in the future, the future of Divine Emperor isn't impossible either."

Long Chen was stunned for a moment. Although he had said that he had obtained the inherited blood essence of the Ancestral Dragon, but Di Jun was, after all, the number one God of all time, the supreme being of all realms. Who knows, maybe only one would be born in tens of millions of years.

That would mean he had completely surpassed Long Qinglan.

He never thought that he would actually defeat the Devil, and in the end, he never thought that he would actually defeat the Heavenly Demon. He never thought that he would actually become a god and even become the faith of billions of lives ...

Thinking about it, it was like a dream.

"I'm here." Ling Xi suddenly said somewhat excitedly.

Long Chen didn't want to bother about Di Yao anymore. He concentrated all of his attention on Ling Xi's situation, and it was also to protect her. Now, a huge snow-white vortex appeared in front of Ling Xi.

"This should be the second location." During this period of time, she had thoroughly familiarized herself with the Mortal Sword Intent, and then, using the Mortal Sword Intent as her foundation, she began researching the 'God Sword Dao'. It was a type of ultimate sword dao, extremely terrifying, and if it was cultivated to its peak, then with Ling Xi's current realm, he would probably be able to kill gods.

Ling Xi's future was also limitless, it might not even be worse than Di Yao's!

She rushed into the snow-white vortex.

The world left behind by the Sphinx would not hurt her.

The scenery in front of his eyes changed.

In the blink of an eye, she stood in another patch of void. Beneath her feet was a long corridor that was snow-white like the most translucent jade. There were exquisite carvings on the walls, and from the looks of these beautiful carvings, it seemed to belong to the Spirit Race.

The entire Lingsu Star Sea loved to be beautiful.

Ling Xi passed through the long corridor, and finally reached the front of the palace. It was an extremely huge palace, from left to right, it was practically the distance between Dragon Slayer City and Fate Dragon City.

Standing in front of him, there was no way to determine his height.

In front of him was a sparkling and transparent door. On the sign, there were two huge and sparkling words, 'Su Palace'.
