

## War God 2671

### Chapter 2671 - Celestials

"Susu Palace?"

In front of the snow-white palace, the shoulder is cut into a waist like Su Su, the flesh like condensate and Qi like an orchid. Ling Xi opened her bright eyes wide, and looked at the two huge words. Any one of her strokes were probably even bigger than Long Chen's Divine Dragon Body.

"The Spirit Master of the Sphinx and the virgin. This Master must be related to the virgin." Long Chen guessed.

In truth, they did not know the relationship between the Sphinx, the Holy Master, and the virgin. There were many legends regarding the virgin woman. It was said that there was a grudge between the Three Great Imperial Domains and the dragon, but looking at it today, the legend should be fake. Or perhaps, it should not be the real dragon, but the Dragon Fighter.

"Let's go in and take a look." Now, the two of them put Di Yao's matter aside and focused on the mysterious 'Susu Palace'.

Ling Xi curiously looked inside, and gently stepped in. This palace was extremely huge, but it was very spacious and empty inside. It was like an empty shell, filled with endless snow-white jadestone space.

"There's a very pure aura here that's very comfortable. It has a lot to do with the blood of the Goddess Su. After coming here, I feel as if I've returned to my mother's womb."

Ling Xi tilted her head and thought for a long time before finally thinking of a similar feeling.

It was very soft and gentle, as if she belonged here in the first place.

As she spoke, she continued to walk forward. The interior of the Su Palace was simply too big. It was as if there was no end to it. However, no matter where she went, she could hear the sound of flowing water.

"In the distance, there seems to be rivers or lakes. The closer we are to them, the thicker the aura of a virgin, which seems to be able to evoke the senses of my bloodline. This should be related to the blood of Goddess Su. "

One must know, Ling Xi was someone who possessed more than 80% of the Goddess' blood.

It was because of her Pure Maiden Dao Seal that and her had received such a huge amount of help.

"Hurry up and go take a look." Long Chen encouraged her.

"Mm. Alright." Ling Xi was filled with curiosity and joy. Ever since she had arrived here, she had been in a very good state, the power within her body and the surrounding snow-white fog had formed a communication loop. She was absorbing this dense, pure, and incomparably comfortable snow-white fog.

This kind of snow-white fog was simply like the blood of a goddess. She had the ability to cleanse evil, and up to now, was still the purest power that Long Chen had ever seen.

Pure, ethereal, and truly holy. It was completely different from Di Yao's noble and holy aura.

The deeper they went, the more the white mist condensed into water. As Ling Xi moved forward, a large amount of mist started to surge into her body, causing her to experience an unprecedented change.

"So beautiful!"

Ling Xi looked around him. This world was simply too pure.

Through her Three Lives Sentiment, Long Chen was able to clearly see the changes in her body without needing Ling Xi to describe it. It was a rebirth like rebirth, just like how Long Chen changed when he was a god.

"Staying in this place should be to change your body, allowing your blood of the Goddess of Su to be of greater use. If you keep going forward, there will definitely be water."

After all, the current mist might actually be emitted by the water. Just the mist itself was able to bring about such great help to Ling Xi, let alone such water.

"En!"

Ling Xi nodded heavily, she was in a very good mood as the milky white mist seeped into every single pore of her body, blending with her bloodline, strength, organs, bones and flesh. The change was extremely comfortable, and under the nourishment of the mist, she could feel it constantly strengthening.

She continued on through the fog.

She had already been walking for more than half a day. With her current speed, if she were to travel at full speed, she would almost reach the end of the palace. However, she didn't go at full speed, but needed to experience it as she walked. After all, she needed to gradually adapt to the milky white mist's density.

Roughly a day had passed, and she was already very deep.

The surroundings were now surrounded by a milky white mist, and it was hard to see everything from a distance. They adhered onto Ling Xi's body, and continued to rush in, speeding up the process of altering her body. This was equivalent to changing her in a favorable direction, and in a short day, Ling Xi had become many times more powerful. Under the nourishment of the mist, which was similar to her own strength, her body became as firm and ethereal as a god, as it became extremely pure.

This was the direction in which she had grown up.

"So comfortable!"

Ling Xi squinted her eyes as she walked even further, the sound of the water was getting clearer and clearer. She was sure that even if she did not need water, just staying here for a little longer, she would be able to achieve an unexpected transformation.

"I understand that this Sphinx is going to refine you into a 'Pure Immortal Source Body'. Sphinx is a Pure Immortal Body, and in ten thousand realms, there can only be one Pure Immortal Body. In other words,

it is very possible that she has already perished. " Suddenly, the plain sword's Rainbow Butterfly said in pain.

His original master might have died. After he left, they never saw each other again. This went on for a long time. When he suddenly learned that he had passed away, he couldn't help but feel uncomfortable.

"Don't do that. That old fellow has lived for so long, for so many tens of thousands of years. It's time to die, right?"

The Nine Hell Illusory Butterfly said angrily.

"Mm, alright!"

Su Jian could be unhappy with anyone but the Spirit Sword. If not for this, then he wouldn't have lowered his own Genesis to allow the Spirit Sword to reincarnate.

"Pure Immortal Origin Body?" "What is it?" Long Chen asked.

It is called the 'vegetative energy'. Once, a god who fused with the vegetative energy, became the purest, most sacred, and most able to cleanse the evil energy of all worlds, the 'Pure Immortal Source Body'. If it could form the most perfect body, it would be equivalent to a Infinite Divine Art of the 'Eternity'. The Eternity was the seventh stage, something that many Divine Emperor did not possess. For example, Di Jun and the Heavenly Demon of the era. Therefore, the Pure Immortal Body was once the biggest reliance of the Sphinx. However, I never thought that when used with the Pure Immortal Body, she would actually be able to decimate her in the Dragon Sacrifice Continent.

Long Chen and Ling Xi were also very interested to know this question.

Ling Xi sensed her surroundings and muttered: "Then what you mean is, this surrounding fog, is the 'vegetative energy' that you were talking about?"

The vegetative energy, might all be here. If it wasn't for the inheritance of the Sphinx, it wouldn't have left the body of the Sphinx. Therefore, there can only be one Pure Immortal Body in all the realms. There were three rules of Sphinx: sword, spirit, and form. There were many records of the Dao of the Sword on the Immortal Sword of the Spirit Elemental Realm. Spirit was the origin rule of the Spiritualism of the Lingsu Star Sea, and nature was a rule that came from the Immortal Origin Body. There were many uses for the body, and they were all born from the laws of nature. Since you came here, she wanted to pass on her most precious' Pure Immortal origin body 'to you. You possess the bloodline of the Sphinx, so you

are completely compatible with the vegetative energy. That is to say, you may have been selected by the Sphinx since you were very young.

"Really?"

Ling Xi was a little touched. She had never known that there was still such an elder in her life who had left behind so many precious things for her. However, she had never once appeared in her life ...

She only knew that the Palace Mistress of the Sword Soul Imperial Palace had once been 'Lingxiu'. She just did not know if this 'Lingxiu' had anything to do with the Sphinx.

"There is a pond in front of us, which must be the convergence of the vegetative energy. You will get the Pure Immortal Body, and to you, it will be the most precious thing in the future. Of course, the Immortal Sword Dao is also the same, I think that the Sphinx will pass on her sword, spirit, and spirit techniques to you."

Su Jian said seriously.

"So, from today onwards, you are my, Su Jian's, new master. It was because of Sphinx's arrangements that I came to your side. In the future, Spirit Sword and I will definitely recover to the peak of the "Hun Yuan" level! "

"Alright." Ling Xi revealed a gentle smile, she knew the feelings of the Pure Sword, he was a very serious Destiny Heroic Spirit.

She kept her sword and continued to walk forward. As expected, she saw nine streams of pure white water falling from the sky into a round pond with a diameter of three meters. The water in the pool was filled with the densest vegetative energy.

This was a power that had been formed since the birth of the world.

"A Pure Immortal Source Body that's the same as Eternity, that's really terrifying. That Eternal Rocks, is only the Eternity after all." Long Chen was really happy for Ling Xi in his heart.

She had found her future. Long Chen believed with all his heart that if she were to leave this place and return to the Immortal God Realm in the future, no one would be able to easily take control of her life. At that time, she would be able to do as he wished without becoming a burden.

She was afraid that Long Chen would lose her, and also afraid that her daughter would lose her.

Therefore, this was the most important moment on her journey to fulfill her wish. He was sincerely happy for her, and to her, this was the greatest happiness.

What she longed for was precisely this kind of vegetative energy.

The purest form of purification!

Just like Ling Xi, she was pure, ethereal and natural.

"Brother Chen, when I return, you will probably be even more beautiful, right?" Ling Xi suddenly smiled. She only had happiness in her heart now, and it was fate that had given her today's opportunity.

"Thank you Sphinx. She gave you the thing you wanted the most. Enjoy your fortuitous encounter!"

Long Chen breathed a sigh of relief.

He seemed to be able to foresee Ling Xi holding onto the Lingxiang's twin swords and fighting with the Gods!

This day was not far away.

## Chapter 2672 - Lion

The entire Su Palace was filled with vegetative energy s. The core was located within the pond, and many of the scattered parts were also sealed within the Su Palace. All the vegetative energy s in the entire ten thousand realms were gathered here.

After absorbing enough mist, Ling Xi's eyes became even clearer. Her gaze penetrated through the heavy vegetative energy and saw that there were a total of nine snow white stone lions around the pool, looking mighty and domineering like stone lions. The aura of the King of Beasts was completely displayed, and it was flawless and pure.

Even his eyes were as white as gems.

The vegetative energy that had condensed into liquid came from the mouth of this stone lion.

"I never thought that these nine 'Pure Lion' would also have fallen to this stage. Back then, they accompanied the Sphinx in his journey, and their fame similarly shook thousands of worlds, so they are not considered a demonic beast, but a strange creature. The world itself was born, and they have existed for countless years as a guardian of the vegetative energy.

"Lion?"

To the current Ling Xi, they were ice-cold and mysterious.

She headed towards the pond. At the moment, the most important thing was to try and see if she could fuse with this body and become a body. However, no one knew how long this would take.

In the blink of an eye, she appeared before the pool, surrounded by mist. Her peerless beauty was faintly discernable.

There was no difference between her snow-white skin and the milky white mist.

Without hesitation, she gently floated down towards the pond filled with vegetative energy. The pool's depth was barely enough to submerge her, starting from her slender and exquisite feet, when she touched the pool formed by vegetative energy, her clothes gradually disappeared.

He knew that her entire body was submerged in the vegetative energy, and that she was unblemished. Right now, she had completely fused with it, and was similarly pure, and similarly flawless. Even if it was her man, seeing this scene, Long Chen was still a little shocked.

But this was the vegetative energy!

With the birth of the land and skies, the primal energy appeared!

When Ling Xi was in complete contact with so many vegetative energy s, those quiet vegetative energy s started to boil all of a sudden. With a stable speed, they invaded and transformed Ling Xi, allowing her to truly be reborn. It was heading in the direction of the Immortal Yuan Body.

This was the rarest and most effective rebirth she had ever experienced.

From her skin, to her flesh and blood, from her flesh, to her internal organs, to her muscles and bones, to the World Tree, to the Divine Palace, then to all of the living divine power, then to her sea of consciousness and primordial spirit. Everything that belonged to her, under the fusion of the vegetative energy, had a very gentle change.

Until now, the changes that Long Chen had endured were all crude, but the vegetative energy was different. It was a gentle purifying power.

Long Chen, with his Three Lives Love Silk, was even more clear on the slightest changes in her body. She was extremely powerful, and not only would her body eventually become the body of the 'Eternity', even her power had begun to have this type of effect.

If she succeeded in the end, then all the vegetative energy in her body would be absorbed by her. At that time, even if she was unable to unleash her super power for a short period of time, at least in terms of nature and physique, she would be able to surpass many people!

Long Chen calculated the time based on his current speed and said, "It will take about a month. In this month, you will obediently stay here."

"Yes."

Ling Xi snorted lightly, her voice making people numb. Obviously, this rebirth was a form of enjoyment for her.

Long Chen's hanging heart had all been set at rest.

Ling Xi was strong, and even he himself could not slow him down. Right now, she had just achieved Taiji Realm and became a god.

Defeating the Divine Monarch Netherworld Sword did not make him overly excited, because he knew clearly in his heart that although the Divine Monarch Netherworld Udumbara Flower was already very terrifying, he was still not his goal. His goal should be to make it so that the returning Primordial Gods would not be able to control his own fate.

He did not like it. Fate was in someone else's hands.

Hell City.

Deep in a dark room, the Infernal King was resting with his eyes closed. Suddenly, there was a clank and a skinny figure appeared in front of him. Under that withered old man's skin, the veins on his body bulged and he looked extremely ferocious.

"You finally dare to come back?" The Infernal King raised his head coldly.

After being defeated by Long Chen, the Yellow Springs Divine King had immediately fled. She had no face to see anyone, and probably had to go out to vent her anger before arriving in front of the Infernal King.

The Yellow Springs Divine Lord clenched her fists and said with a sinister tone, "What do you think of today's battle?"

The Infernal King said, "What else can you do? You've lost."

The Yellow Springs God Lord shook his head and said, "If you listen carefully to his deeds, you will understand that his growth is truly too fast. Climbing from the bottom level all the way to now, defeating the Ancient Giant Demons is a miracle. After that, when his opponents returned from the Lingsu Star Sea, from the Divine General to me, you clearly knew this transformation in your heart. He's a rare religious deity, different from us. Maybe one day, we won't be able to control him! "

The Infernal King pondered for a while and said, "Let's take a look first. There's no need to rush. He still has a long way to go from the Celestial King to the Celestial King. Moreover, those with heaven-defying talent also had their own aptitude. The Godking needed a trillion people to produce one. What's more, it was even stronger. If I really can't control him one day, Divine Emperor will probably be back by then. Such a novel kid should be handed over to Divine Emperor to make a decision, right? "

The Yellow Springs Divine Lord grit her teeth and said with a cold smile, "In other words, even though I lost so miserably today, I don't have the chance to vent my anger?"

"Bear with it. We have more important things to find here."

"Good!" However, since I am unable to take revenge on Long Chen, I can make him suffer once more, just like how you did last time. " The Divine Lord of Styx turned and prepared to leave.

The Infernal King instantly appeared before him, pinching his neck with one hand as he smiled. "Who told you this?"

The Yellow Springs God was so frightened that her face paled and she said, "I guessed! There is simply no other Divine King coming here, and the Divine King of Light doesn't seem to have any connections with Long Chen, so I guessed it! "

"If I find out about this, do you know the consequences?"

The Yellow Springs Divine Lord nodded in shock and said, "Don't worry, Celestial King. We will always be on the same side!"

"Then tell me, how did you make him suffer?"

The Infernal King asked curiously.

"Of course I wouldn't touch him. I just want to imperceptibly trap that monstrous wolf and that neo-demon into my 'Yellow Springs Heaven Diagram', and then unknowingly bind them. After losing their women and losing their brothers and sisters, how could he not feel pain?" "I must take revenge on him. Today, he let me suffer humiliation and have no face to see anyone. I must let him have a taste of this taste again!"

However, your Yellow Springs Heaven Diagram was personally bestowed by the Divine Emperor, hence you are still very good at refining these two little fellows, especially the Nuwa Devils. They are just weak, and if the Yellow Springs Heaven Diagram is able to refine them, they probably won't be able to provide you with too many benefits.

The Yellow Springs God avoided his question and hurriedly said with a smile, "Many thanks to the God King for her consent. Please wait for my good news. This Long Chen is growing up too fast, I need to give him a good beating. "

With that, he left.

"What will happen? Princess Di Yao, what are you thinking? Giving away treasures of the Order-level like that must be something important, is it merely because I like Long Chen? Can love be formed so easily? "

Long Chen was cultivating in seclusion, so he did not know about the conversation going on here.

And at this time, Mo Xiaolang and Su Yan were always together as well. Normally, Long Chen would stay in Dragon City more often than the others, so they were basically in Dragon City too. They would occasionally walk around in the other Dragon Cities.

Usually, ordinary strong warriors would not pose any threat to the Five Dragon Cities, since there were too many strong warriors in the Five Dragon Cities. They were afraid that the gods would descend. If they made a move, they could easily destroy Five Dragon Cities, so they had to be very careful.

The moment there was news, the Dragon Emperor s would immediately tell Mo Xiaolang.

For example, right now, he and Su Yan were at the Everlasting Dragon City's side. Their cultivation was different from Long Chen's, and they had to rely on devouring, so they normally wouldn't be as busy as Long Chen.

The sun was setting.

Su Yan stood above the ocean of time, waving her snake tail and playing in the ocean of time, while Mo Xiaolang stood on the water, looking at the little girl gently.

"wolf cub, tell me, what will happen to us in the future?"

"You mean, between us and the gods?" Mo Xiaolang asked.

"Yes."

Mo Xiaolang said: "If they were really our ancestors and they really liked this world, then they wouldn't be what they are now. We are the only ones who truly think of this place as their home. Add to that the matter with Sister Ling Xi, there would be a day when a conflict would break out. So we have to be prepared. It is very likely that to us, they are no different from Ancient Giant Demons. "

Su Yan was shocked, and said: "Is it that serious?"

Although she was strong, she did not have much battle awareness.

"Then what about Di Yao?" Did she like big brother Long Chen? Do you like her, Big Brother Long Chen?  
"

Mo Xiaolang shook his head: "I don't really understand this kind of thing, but she definitely has a motive, right? I just don't know why she wants to get his big brother's heart. "

## Chapter 2673 - Celestial Diagram

Su Yan tilted her head and thought for a long time, then said: "Anyway, I feel that this Di Yao is a bad woman, different from Big Sister Ling Xi and xuanji sister. For example, the xuanji sister would not come after she left. But I can tell that she must still miss Big Brother Long Chen a lot, it's just that her personality doesn't like her to say what she likes. "

"That's right, but that's not the definition. At least, right now, I can't tell that she has done anything bad to Big Bro. Especially the most recent thing. Other than Big Bro and herself, no one knows if it's true or not. Didn't Big Bro say that something strange happened, but I believe that he can handle it? We will guard the Five Dragon Cities well. "Now that big brother's fighting strength is even stronger, we should hurry up and catch up with him or else we'll be flung far away again."

"Hmm, it's a pity that I can't just randomly swallow other people. "If I can recover the power of this peak Nuwa, I'd at least be more powerful than that Infernal King. Let's see if he dares to act so arrogant."

While they were talking, they did not know that someone was approaching them under the sea of time.

The Divine Monarch of the Netherworld hid amongst the Yellow Springs Heaven Diagram and approached them silently. Time flowed chaotically in the sea, providing him with quite a bit of help.

Now that the Yellow Springs Heaven Diagram had turned into a pool of yellow water and merged into the ocean of time, the God Manifestation Art that he used to control the Genesis, regardless of which direction he was in, would far surpass Mo Xiaolang or Su Yan.

As a result, even when they were relatively close, the two of them did not discover the existence of Yellow Springs Heaven Diagram.

At this time, the water flow that the Yellow Springs Heaven Diagram turned into was deep below Su Yan. Through the Yellow Springs Heaven Diagram, the Yellow Springs Divine Lord looked at them and could not help but sneer.

"One was the devilish Nuwa, who had lost all of his power, but was still left with his quintessence. The other was a monstrous wolf with limitless potential." If you let my Yellow Springs Heaven Diagram refine it, the benefits will most likely surpass my imagination! Who told you to beat me? As for the reason why you found out that they died, you can push it onto that Exotic God King again. This plan is indeed foolproof. "

He was miraculously defeated by Long Chen, but he was not the slightest bit worried for the two people in front of him. Mo Xiaolang was very clear that they were Taiji Realm. As for Nuwa, he was just a little girl who had taken control of his body. He didn't seem to be worried at all.

He used the Yellow Springs Heaven Diagram quietly, sneering again and again.

At this moment, he made his move.

The Yellow Springs Heaven Diagram suddenly turned into an earthen yellow current, and like a huge python, rushed up from the depths of the ocean of time. Its speed was incomparably quick and violent, ambushing Mo Xiaolang and Su Yan in an unlimited time.

"Yan Er!"

His first thought was not to flee, but to protect Su Yan, and to protect him in his embrace. When he and Su Yan converged, a low current of energy rushed out, suddenly opened up, and surrounded them within the torrent of Yellow Springs. In the blink of an eye, the time in his surroundings changed greatly, and Mo Xiaolang knew that she and Su Yan had been pulled into another world!

This is the world inside the Yellow Springs Heaven Diagram!

This was also where Lord Yellow Springs had refined them!

As far as the eye could see, it was still water, but not a sea of time, but an endless sea of yellow, with endless flowing rivers and yellow clouds floating in the sky. The world within the Yellow Springs Heaven Diagram was a world of death.

Nothing but death.

"Where is this place?"

After arriving here, everything had been sealed like when he was in Long Chen's Death Realm. Mo Xiaolang originally wanted to notify Long Chen immediately, but he couldn't do it on the star runes. However, in reality, he also had faith in Long Chen. Through the connection, he believed that Long Chen could feel his current anxious mood.

This was something that the Divine Monarch of the Netherworld had overlooked!

Even though he knew that Long Chen became a god through faith, he didn't even know that the two people beside Long Chen held absolute faith in him!

Looking at the surging Yellow Springs, Mo Xiaolang shouted in a deep voice: "Divine Lord Yellow Springs, stop hiding, I know it's you, didn't you get beaten up by my big brother? You're looking for us now because you want to use us to take revenge on him, right? You are truly laughable. You have already cultivated for tens of thousands of years as a divine spirit, yet you still play such a house-like trick? "

The Yellow Springs Divine Lord came out of the gushing Yellow Springs and said with a chuckle, "No matter what you say, you guys are dead for sure today. As long as you die, he can pay the price. It's not like you don't know my reputation as an old ghost of the Yellow Springs. From the moment I became a god, there hasn't been a revenge that I can't take! "

With his voice, the entire world within the Yellow Springs Heaven Diagram trembled. The Divine Monarch of the Yellow Springs was assassinating, so he would not give Mo Xiaolang the chance to stall for time.

"I'll let you guys go to the real underworld, and I'll let you guys be a pair of dead lovebirds! One wolf and one snake, truly laughable! "

BOOM!

The Yellow Springs Heaven Diagram was rioting.

What Mo Xiaolang did not expect was that the water of the Yellow Springs in the Yellow Springs Heaven Diagram was originally dim, evil, and messy. The rules of the Yellow Springs itself was a type of corrosion and erosion, a type of mutual erosion of the primordial spirit and the body.

The water and fire mixed together.

Water was the water of the Yellow Springs and fire was the fire of the Yellow Springs. They all had the power and nature of the Yellow Springs' laws, but they all had different levels of attack.

The combination of fire and water ... the divine body had been destroyed!

"Hell's Reincarnation, Yellow Springs, Water and Fire!"

RUU...!

All of the Yellow Springs water had formed into a huge reincarnated whirlpool, and all of the flames were attached to it. This kind of evil flame was very similar to the Nine Hell Evil Ancestral Flame.

"Listen to my command, refine!"

The Yellow Springs Divine Lord was incomparably sinister. He herself had already merged into the Yellow Springs Heaven Diagram, controlling the Yellow Springs Heaven Diagram from the inside was the Yellow Springs Heaven Diagram's greatest strength!

Mo Xiaolang and Su Yan looked at each other, and without saying a word, the two of them had to guarantee that they wouldn't die in the face of such an attack. Therefore, at this time, the real bodies of the Sun Devouring Demonic Wolf and the Demon God of Nuwa suddenly appeared. In terms of appearances, the Nuwa Devils were even more astonishing than the Sun Devouring Demonic Wolf!

It had to be said that the Divine Monarchs of the polar state and the Creation God Equipment of the Genesis had already far surpassed them. Even if they joined hands, they would only be able to deal with the Divine Monarchs of the initial state.

But they also had something they were good at!

Like Mo Xiaolang!

When he saw the Yellow Springs Fire, without any hesitation, he transformed into a Sun Devouring Demonic Wolf and directly devoured the huge amount of flames! He was the nemesis of the flames. Although the burning power of the Underworld Flame was quite terrifying, under his protection, even if the flames were not devoured cleanly, the Underworld Flame could not hurt them!

It was just that the opponent's strength was too great!

Not only was it the Yellow Springs Heaven Diagram, it was also the attack from the polar state Divine Lord herself!

"Can it swallow fire? However, can you swallow them all up cleanly? "

He stood around the two of them, ready to attack at any moment.

"wolf cub, what should we do?"

"Hold on."

Mo Xiaolang did not want to give it his all. Although the Yellow Springs Heaven Diagram was tightly restrained, he knew that Long Chen would definitely hear his call. The Yellow Springs Divine Lord was undoubtedly arrogant right now, but when Long Chen arrived, he was done for.

"You can't kill us. When my big brother arrives, with his temper, I estimate that you will die today." Mo Xiaolang said calmly.

"Are you joking? In my Yellow Springs Heaven Diagram, even if the Celestial King descends, he won't be able to save you! "

Even if Mo Xiaolang was able to swallow the flames, it wouldn't be able to stop the Yellow Springs water. If the Yellow Springs water were to be contaminated, then Mo Xiaolang's body would be filled with thousands of holes!

After the first impact, Mo Xiaolang was sent flying to Su Yan's side. The Yellow Springs water on his body had corroded many wounds, such that even the bodies of gods and devils could not block such terrifying laws.

"The next time will be the day you die."

"Heh heh heh heh, heh heh heh," Godking Netherworld laughed sinisterly.

"wolf cub, let me do it!"

Seeing Mo Xiaolang being injured, Su Yan was so angry that her face turned white. Her devil body had rushed to the front, and after consuming the Nine Heavens Thunder God, she became even stronger, and when the water and fire from the Yellow Springs were about to descend, she tore open a gigantic black hole. The attack of the Yellow Springs Divine Lord was completely swallowed into the black hole!

"Interesting, interesting. I would quite like to see how much water and fire I, the Yellow Springs, can devour without end." "Haha ..."

He had originally planned to use the Yellow Springs Heaven Diagram to refine the two little fellows. After all, he did not care about their strength at all, but from the looks of it, he had to take action personally!

"Whiz!"

He suddenly appeared in front of Su Yan.

"Huang Long, get out of your cave!"

The water and fire from the Yellow Springs, which were not restricted, came crashing down, sweeping across the area like a tsunami. Although the devil and the Sun Devouring Demonic Wolf were huge, in the face of this disaster, they seemed so small.

"wolf cub!"

Su Yan was shocked, they were under a huge threat.

"I'll block it. Attack from that direction! "Faster!"

Mo Xiaolang suddenly pointed in a direction for Su Yan.

He then went to block the power of the Yellow Springs Heaven Diagram.

Although she didn't know what Mo Xiaolang meant by that, why did he attack such a strange direction, and she was quite worried that he would face such an attack himself, due to the many years of tacit understanding between them, they had told her that this was the most dangerous moment. She had to listen to his commands, if there was a way out, Mo Xiaolang would definitely make him do something dangerous, but as a man, he had to do it!

Therefore, when the Sun Devouring Demonic Wolf rushed forward to face the countless Yellow Springs Reincarnation, Su Yan once again ripped open a huge black hole, and it was even bigger than last time!

The Yellow Springs Heaven Diagram shook violently.

Chapter 2674 - Sword Kill!

Basically, both the Sun Devouring Demonic Wolf and the neo-demon attacked at the same time.

When the Sun Devouring Demonic Wolf used the Forbidden Area of Fire to charge into the endless Yellow Springs reincarnation cycle and fight against the Yellow Springs reincarnation cycle, the Demon of Nuwa's black hole rules were displayed to the greatest extent. That was the direction in which the water and fire of the Yellow Springs didn't exist, and Su Yan could only faintly guess what Mo Xiaolang wanted him to do!

As expected, the rules of her black hole tore a small hole in the sealed Yellow Springs Heaven Diagram.

This was a mistake on the part of the Yellow Springs Divine Sovereign. He had even underestimated the power of Su Yan's black hole.

The Yellow Springs Divine Lord quickly let the Yellow Springs Heaven Diagram repair the damage.

But today, he almost laughed out loud, because at this moment, even if Mo Xiaolang was in the Forbidden Area of Fire, he could not withstand his and the Yellow Springs Heaven Diagram's joint attack. At this moment, she was completely engulfed by his Underworld Fire and Water!

However, at this moment, the Yellow Springs Divine Lord felt an unprecedented killing intent!

This kind of killing intent, did not come from Mo Xiaolang, nor did it come from Su Yan, but from the outside world!

He actually sensed the existence of the outside world. Just as he turned his gaze to the outside world, an even more frightening thing happened. The killing intent from the outside world actually shifted to the inside world!

The passageway was naturally the small gap that had just been broken by Su Yan, and it had almost already recovered by now.

A person appeared within the Yellow Springs Heaven Diagram.

If it wasn't Long Chen, who else could it be?

A thick killing intent!

"How do you know!"

According to his plan, it was impossible for Long Chen to come here. He did not understand the topic of beliefs. To Mo Xiaolang, Long Chen was one of his beliefs. When there was a huge change in his emotions, he would be able to sense it. He could even clearly see what was happening beside Mo Xiaolang!

When he saw the Yellow Springs Heaven Diagram, he was naturally trembling with anger.

How did Ling Xi encounter the attack back then, and almost get killed by the Infernal King? The situation back then, was so similar to the present moment; it was all done by the Primordial Gods, and they were all done in secret from Long Chen! The result would be heart-tearing and lung-splitting pain for him!

It was enough for Long Chen to have tried it once!

He did not expect that a second time, just as his eyelids drooped down, would actually occur. This time, it wasn't the Infernal King, but it was indeed the Monarch of the Yellow Springs. If he could endure the first time, then the second time was simply unbearable! Every single person had a certain limit, and this was the limit of Long Chen.

What did he see?

He saw that Mo Xiaolang's body was not only under the attack of the Yellow Springs Rules, but also under the Primordial Spirit's attack. In order to let Long Chen in, he had suffered a great deal of damage!

There was no time to hesitate. There was only one thing to do, and that was to kill!

"The Tempest of Time!"

His four limbs grabbed onto Mo Xiaolang's body, and in an instant, turned into a Taiji Creature Dragon, full of vitality. It was obvious that he was using the flame of life that was the nemesis of the Yellow Springs Rules, causing all of the injuries on Mo Xiaolang's body to quickly and quickly recover.

"Take good care of him!"

Long Chen was just about to throw Mo Xiaolang over to Su Yan, when he realised that his expression was cold and detached. However, Mo Xiaolang and Su Yan knew that the current Long Chen was the most terrifying one! The first time the Infernal King assassinated Ling Xi, he was already angered to the extreme, his hatred had reached a boiling point. For the greater good, he endured it, but this was the second time, and this was the Divine Monarch Huang Quan assassinating his most important brother and sister!

This was his reverse scale, and many times, he would be able to endure it patiently. But once it touched his reverse scale, and this was even his second time, he had also seen Mo Xiaolang's injuries.

After all, this was the Divine Monarch of the polar state, who had cultivated for tens of millions of years!

It was impossible to describe the rage in his heart.

"Big brother, I'm fine." had almost recovered. He and Su Yan then converged together and without saying a word, he began to swallow all that the Yellow Springs Heaven Diagram had to say, as many as he wanted because he understood Long Chen. He knew what Long Chen wanted to do, and now that he was unable to help out greatly, he could just take advantage of the time to engulf them!

"Long Chen!"

His own good plan had actually been ruined by. Now that everything had been leaked, Long Chen would definitely not let him off, but he was still not convinced of his defeat last time, so he did not run away right now. His head was burning with anger as he confronted Long Chen.

"I underestimated you last time!" Since you're lucky enough to find this place, I'll grant your wish! This time, don't even think about defeating me! "

The Yellow Springs Divine Lord roared in anger.

What responded to him were Long Chen's cold and indifferent eyes.

The Taiji Creature Dragon had transformed into a God Realm, the Heart Refining Dragon.

Gold and black steel-like bodies flashed with cold-blooded light. In that instant, a million divine swords emerged from the dragon scales and appeared around the divine way's heart dragon. Those swords that flashed with cold light were filled with a solemn killing intent!

Sword and Saber God Prison!

Without saying a word, he immediately began his slaughter!

Not only did Blade Sword God Prison take over the entire Yellow Springs Heaven Diagram, even he himself had rushed towards the Yellow Springs Divine Lord! Long Chen did not hold back. In his heart, this was the enemy who almost killed his own brother and sister, there was nothing much to say.

Kill!

Sword and Saber God Prison! Karma Royal Sword!

The Yellow Springs Divine Monarch's heart was boiling as she controlled the water and fire in the reincarnation cycle of the Yellow Springs to attack Long Chen. Long Chen had condensed the Blade Sword and Sword God Prison into a giant sword, ripping the countless reincarnation cycle of the Yellow Springs apart!

Then, the sharpest Karma King Sword between the brows would erupt, forming a karma King Realm among the Yellow Springs Heaven Diagram!

BOOM!

An endless world had trapped the Divine Lord of Styx.

"Where is this place?!"

What responded to him was the most terrifying Karma Royal Sword!

This was the judgement of the Godly Path's Heart Refining Dragon, and after the fusion of laws and abilities, it was practically one of Long Chen's strongest attacks!

Piercing!

He had already lost control of the Yellow Springs Heaven Diagram for a short period of time. He could only use his own means, such as the Boundless Sea of Bitterness to restrict Long Chen, but once Long Chen broke through the boundless Sea of Bitterness, he would be able to break through it a second time!

In the end, the Karma Emperor Sword pierced through the Yellow Springs Divine Lord!

"Ugh!"

The Yellow Springs Divine Lord was heavily injured, both in terms of her divine body and primordial spirit.

With the destruction of the Karma King Realm, the Divine Monarch of the Yellow Springs vomited blood and fell. Currently, Long Chen's power of the Cards of Karma was still wreaking havoc all over his body. He didn't expect that he would lose so quickly, and for a moment, he was stupefied.

"You ... You actually dared to injure me this severely. Aren't you afraid of the Infernal King?"

The Divine Monarch of the Yellow Springs had never worried that she would die, because under the rule of the Divine Emperor, even the Divine King would not care about killing other gods. He did not succeed in assassinating Mo Xiaolang and Su Yan, but he subconsciously thought that since his plan had failed, Long Chen would at most defeat him and teach him a lesson.

That sword attack was truly too vicious, so the Yellow Springs Divine Lord was both furious and afraid.

"What kind of power is this, quickly expel it from my body!"

He stabilized his body and continued to be overbearing. Today, he had admitted defeat. He finally admitted that he was not Long Chen's match.

But he did not expect that the one to respond would be Long Chen's blade.

He had already transformed into his human form, the peerless Dragon Slaying Sabre in his hand. His expression was cold and without a word, his head was chopped off right in front of his own head!

"Time Breaks!"

This was his most terrifying divine ability!

At this time, even if it was a Divine General, he would probably be able to take care of as well. It had been a long time since he was in such a miserable state, and the Divine Monarch of the Yellow Springs was completely dumbfounded. What the hell was Long Chen trying to do?

When he saw Long Chen's cold and indifferent eyes, he was shocked. He was scared, Long Chen clearly wanted to kill him!

For a moment, he was so scared that his entire body was trembling. Even though he only had half his life remaining, he still struggled and miserably warned, "You want to kill me? You give it a try! When you see the situation, do you think the two Divine Kings will kill you? Last time, Nine Heavens Thunder God's death was already your limit.

He was confident that Long Chen would not dare to violate the divine rules.

"Who said I was going to violate the divine rules?"

Long Chen's words reassured the Divine Monarch of Styx. It seemed that he still did not dare to kill him.

But he ignored the fact that to Long Chen, they were still inside the Yellow Springs Heaven Diagram, so no one knew what was happening inside.

Therefore, right at this moment, Long Chen stopped his head and threw it towards Su Yan.

"Yan Er, swallow him."

These five words were the most frightening nightmares that the Divine Monarch of the Yellow Springs had ever heard of in her life. He had just let out a sigh of relief, but when she heard these words, her entire body began to tremble.

"En!"

Su Yan was not a pedant person, she was a demon too. The Yellow Springs God Lord thought that since she looked young, she would be polite, but what she had displayed just now was a black hole!

The power that Long Chen flung out was so great that the Divine Monarch of the Yellow Springs was unable to move. Without even saying a single word, she crashed into the black hole and was devoured by Su Yan.

Before entering the black hole, his expression showed that he was as scared and regretful as he could possibly be.

But unfortunately, no matter who it was, they didn't have a chance to regret.

Mo Xiaolang took this opportunity to continuously devour the flames within the Yellow Springs Heaven Diagram. Everything was not over yet, he had to make sure that everything disappeared without a trace. Long Chen then grasped the empty air and pulled out a gigantic python from the middle.

"Your master is dead. Do you know what to do?" Long Chen asked.

That python continuously trembled as it said, "I know, master. From now on, you are my master."

"Wrong, it's her." Long Chen pointed to Su Yan. This Yellow Springs Heaven Diagram was useless to him, but it could allow Su Yan to protect herself. Furthermore, the Creation Spirit was a python, it was similar to Su Yan.

#### Chapter 2675 - Major Trouble

"She?" Although he had just witnessed Su Yan's strength, when the Divine Monarch Netherworld Udumbara Flower was killed, the ideal candidate in his heart was obviously Long Chen. This was because Long Chen had defeated the Divine Monarch Netherworld Udumbara Flower, leaving him with no way to fight back!

After fighting with Long Chen twice, he had truly comprehended just how terrifying and powerful Long Chen was.

Thus, he was somewhat unwilling.

"Don't be hypocritical, she will become many times stronger than your previous master before long. It's just a matter of time. "

Long Chen sneered.

Sensing his killing intent, even the Genesis s were shocked. They immediately replied, "Alright, I'll listen to you!"

With that, he eagerly ran over to Su Yan's side. With the God Creation Art of the Genesis, if there was a chance that there would be a war in the future, Su Yan could use it.

But in reality, it should have been a long time since he put it away. It was impossible to use it.

"Let her be the leader."

Long Chen of course wanted to force the Yellow Springs Heaven Diagram, to be honest, the Yellow Springs Heaven Diagram and the Yellow Springs Divine Lord shared the same moral character, it could be considered as having a bad taste. If he did not scare the Yellow Springs Heaven Diagram, it would not listen to him.

Under Long Chen's orders, the Yellow Springs Heaven Diagram was obediently controlled by Su Yan.

Looking at the vast world of Yellow Springs Heaven Diagram, Long Chen was in a bit of a trance. Only now did he finally calm down from his previous anger. But he couldn't help it. This was the second time he had been able to bear with it.

The moment he felt Mo Xiaolang's change, he saw the situation over here. In an instant, his vital energy and blood surged, and he rushed over without any care for his life. At that time, he only had one thought in his mind, and that was to make this Divine Lord of Styx truly go to hell!

This was the Divine Monarch of the polar state. Most likely, after she had completely digested the Divine Monarch of the Yellow Springs, her energy exhaustion would be able to return to the level of a A master-class Emphyrean God, and with the terrifying talent and power of the laws of the Nuwa Devil, her black hole laws would be able to cause a huge threat to opponents of the same level as his Divine Monarch of the Yellow Springs.

Nuwa himself was extremely powerful.

Long Chen was not that old-fashioned. If it was an enemy, then they would endanger the people he protected and this world. Then, he would kill them all, no matter what method he used to kill them, everything would be the same. It would be better to let Su Yan and Mo Xiaolang have some strength in this era where gods return.

After consuming so much of the Yellow Springs flames, Mo Xiaolang's injuries had completely recovered. He had also made a large improvement, and was almost at the level of a Divine Monarch. In terms of realm, he was in front of Long Chen.

Of course, because of the huge transformation of Long Chen to become a god, his combat prowess was inferior to Long Chen's.

But with Mo Xiaolang's Inherent Skill here, once he devours a divine spirit who specializes in the laws of fire or something similar, he will explode with strength in a short amount of time and directly devour another person's rules! This was more terrifying than anything!

"The number one divine spirit under the Hell God Monarch of the Yellow Springs Divine Lord, that vicious character from thousands of years ago, made people tremble in fear." The number one divine spirit under the Hell God Monarch of the Yellow Springs Divine Throne, that ruthless character from millions of years ago, made people tremble in fear.

"As long as we don't say anything, who will know? Just like back then, who knew who killed Ling Xi? "

Long Chen smiled faintly.

At this time, Su Yan had already taken control of the Yellow Springs Heaven Diagram.

Long Chen said to the Yellow Springs Heaven Diagram: "Listen up, as long as you don't listen, I have a way to let you end up like the Yellow Springs Divine Lord. Even worse. "Only the few of us know about what happened today. You better hide yourself well and not let anyone see your existence. How about it?"

The Yellow Springs Heaven Diagram hurriedly nodded, and said: "I understand, I understand. From today onwards, I will be on your side."

"Thank you Big Brother Long Chen." No matter what, the God Creation Divine Weapon of the Genesis was a huge gift to the Yellow Springs Divine Lord.

"Be careful." Long Chen said to Su Yan alone. Of course he wanted to make his siblings strong so that things wouldn't happen today.

If it was the past, he would definitely respect this Yellow Springs Divine Lord, but now it was different. He was also a god, and even though what he faced were legends, he himself was a legend!

It was time to leave this place and return without a sound.

The battle before was being fought amongst the Yellow Springs Heaven Diagram and Long Chen was controlling the Divine Monarch of Styx at all times, so there shouldn't be any problems. When they came out from the Yellow Springs Heaven Diagram and floated above the ocean of time, everything was normal.

When Long Chen and the others were about to return to the Five Dragon Cities, a god suddenly descended. It could be said that this person was originally in the vicinity, but in reality, to Long Chen and the others, they were very clear on the positions of all the gods in the Dragon Sacrifice Continent. Of course, they were weaker than Long Chen.

However, the person who came was not the Infernal King, but Di Yao!

Maybe she had been around for a while, but the Yellow Springs Heaven Diagram had not discovered her, so Long Chen and the others who were inside the seal of the Yellow Springs Heaven Diagram found it even harder to see her.

Just as she came out from the Yellow Springs Heaven Diagram, Di Yao caught up from afar.

Long Chen was shocked in his heart. Luckily, it was Di Yao, if there were other gods nearby at this time, they would definitely suspect, and maybe even confirm that Long Chen had killed the Yellow Springs Divine Lord. If this matter spread, under the divine rules, Long Chen would definitely face punishment.

But since it was Di Yao, there was still a way to save her, right?!

"You guys go back first."

Long Chen said to Mo Xiaolang and the others.

"Yes." Mo Xiaolang knew that Long Chen would take care of it. Therefore, he and Su Yan looked at each other and returned to the Everlasting Dragon City. The secrecy of this battle was extremely high because the Divine Monarch of the Yellow Springs herself didn't want the news of him killing Mo Xiaolang and Mo Xiaolang to spread either.

Her face carried a calm smile, and she didn't seem to be herself anymore. It was obvious that her smile was a little forced, and there was deep sorrow in her eyes, as well as an increasing obsession with Long Chen.

At this time, even Long Chen himself could tell that she liked him, or maybe it was because he liked his power, allowing her, a savage and overbearing princess, to turn into a little bird following a human's lead.

Long Chen lowered his voice and said, "What did you see?"

Di Yao stood in front of him, staring at him with her beautiful eyes as she softly replied, "I didn't see anything. I came to apologize to you."

Her tone was light and soft, it was rare for her to have such a comforting side, that kind of gentleness was unbearable for Long Chen.

"Did you really not see anything? For example, killing a certain god?" Long Chen asked suspiciously.

"That is not the point. I'm here to apologize. "I was too anxious before, and I was scared, so I wanted you to give me an explanation. Ignoring your feelings, I brought him quite a bit of trouble, and now I have thought it through, even if something happens, but it can't be forced. If you don't want to do it now, I can wait for you for a very long time, maybe even millions of years."

She looked at Long Chen a little nervously. Her light golden eyes flashed with a faint water glow, making them seem as translucent as gems. Her skin was smooth and tender like snow, and her figure was graceful. There was nothing that was not perfect.

She must have seen him kill the Yellow Springs Divine Lord.

However, she did not mention it out loud. She did not even care about this matter, which was a true big matter to anyone. Perhaps her previous relationship with her was more important?

Long Chen was even more confused now. Why was she like this? Was his charm really that great? They had only known each other for a short while, yet the Princess of the Divine Emperor was already determined to follow him?

He thought for a moment, but still explained, "Princess, the awkwardness between us started from the Dream Spirit World, and I do need to explain this matter to you. After I killed the last evil spirit, a red light appeared on the evil spirit and affected me, causing me to be unable to control my body during this period of time.

Di Yao pursed her lips, smiled and said, "I know you're not that kind of person." It's just that this is fate, and I am very grateful for this change, which gave us the opportunity to get together. You are the first man in my life, and I will never forget you. "

Long Chen couldn't help but have a headache, as he tried to explain: "Actually, I'm still not your man. I just haven't progressed to the extent of success at the time, a little bit lacking, so it's not really counted."

Hearing this, Di Yao's face instantly turned red. Her mind was in a mess as she said in a daze, "Keke, since I was young, no one has ever treated me like this! Not to mention you, you've seen all of me, and you even touched me ... To me, this is already enough. You can't argue, you won't be such an irresponsible person! If worse comes to worse, you won't be able to succeed, I can let you succeed. I'm already yours."

Seeing her shy appearance, Long Chen felt that the more he explained, the more he would make her misunderstand. But he had to admit that he had gotten himself into trouble, and it would be very difficult to get rid of him. If Di Yao had come to fight him, he might be able to resist, for example, last time, but she actually turned soft this time, looking completely like a little girl. Long Chen was thinking that if he slapped her, would she be able to escape?

After thinking about it, she still felt that when Ling Xi returned, she would give up on this idea. Right now, it was not appropriate for her to strongly reject him, as she was, after all, the victim in this matter, and her status was very high, so Long Chen didn't want to anger her to the point of going berserk. That would be troublesome.

Chapter 2676 - Ling Xi becoming a god

Long Chen continued: "Let's talk about these things in the future. I have to go back and continue my cultivation, what about you? "

Seeing that he wasn't angry, Di Yao was already very happy. She revealed a entangled smile on her face as she coyly said, "I just want to stay by your side. Don't worry, I won't disturb you."

It was hard to imagine that the Princess of the Divine Emperor who didn't put anything in his eyes and ignored Long Chen back then would now be in this pitiful state in front of Long Chen.

Her being by his side was a problem, so Long Chen said: "That's not too good. If the princess was here, on one hand, it wouldn't be safe, and on the other hand, others would probably gossip."

"I am not afraid of gossip, and there is no need to talk about safety. In Dragon Sacrifice Continent, no one can do anything to me. There is also a very important point, which is that although the Divine Lord of Netherworld is hidden from view, he suddenly disappeared, and is also in the vicinity. If the Infernal King had not noticed him, then he would have definitely suspected that you were the one who killed him. If he eventually finds out that I'm by your side, I can protect you. Otherwise, according to the divine rules, he will definitely kill you. just like the last time when Thunder God of the Nine Heavens had died. "

It seemed that he had done this too impulsively.

But Long Chen did not regret it, he was not the type of person who would tolerate someone being assassinated twice. When he killed the Yellow Springs Divine Lord, he thought about the result, of course he was also prepared to bear the consequences, it was nothing more than a struggle, it was about time for him to reach this stage!

Of course, with Di Yao's help, it could save them a lot of trouble and life. He owed her even more. Although he didn't understand why this girl would be so infatuated with him, the more things he owed, the more difficult it would be to return it.

"Alright, if you want to follow, then follow."

In fact, no matter what choice she made, he wouldn't be able to stop her.

Hearing that, Di Yao was overjoyed and happy as she followed Long Chen back to the Everlasting Dragon City, then to the Dragon Slaying City. Mo Xiaolang told Yang You and the others to gather by his side. After a moment of peace and quiet, he continued to cultivate inside the Crimson Dragon Palace, and at the same time, waited for the Divine Monarch Huang Quan to disappear. There would always be people who came to find him.

After all, there were only a few people who could defeat the Divine Monarch Netherworld after Long Chen fought.

Di Yao, on the other hand, sat down obediently beside him. The dignified Princess of the Divine Emperor was using her palms to support her chin as she looked at Long Chen with an infatuated expression. She did not say a word, as if that was enough for her.

Since Di Yao did not say anything and did not disturb him, Long Chen would not go and provoke her. As he organized the things that he was proficient in and stabilized his power after becoming a god, he was also communicating with Ling Xi, observing his current condition.

Now, he could be considered a True Dragon, having reached the True Dragon Realm. He could go to the Origin Dragon Palace now, but from the reminder after becoming a God, it should be very important to say that the Origin Dragon Palace was involved. He didn't have the ability to protect the Origin Dragon Palace right now, so he temporarily couldn't rush in recklessly or else there would be unimaginable consequences.

Furthermore, Ling Xi was at a critical juncture right now, so he endured it.

Ling Xi's condition was exceptionally good.

This was likely the most top-notch transformation of all the gods in the entire Myriad Realms. To be honest, this was definitely a huge opportunity that all Gods and Demons yearned for, but now, Ling Xi had gotten all of it.

Within an entire month, the vegetative energy was gradually entering, fusing, and altering her body, making all of the vegetative energy become a part of her body. The first was that the vegetative energy in the pool was decreasing every day, and about a month later, this gentle and terrifying change was almost successful.

Even Long Chen himself was unable to imagine just how terrifying she would actually become. All he knew was that right now, Ling Xi and him had settled in such a large amount. When the child was born, they could definitely communicate for a bit more, which would definitely have a huge impact on each other.

How perfect was Ling Xi now?

She was no longer a person, but more so the most perfect, flawless, tender, and beautiful jade in the world. Even when Long Chen looked at her, his heart was filled with yearning, this was the most sacred and purest woman in the world. In his heart, Long Chen respected and protected her the most.

The vegetative energy had changed everything for her.

At the very least, it had already reached a point where Long Chen was unable to comprehend it. Although Ling Xi was not a god yet, she possessed this body, so in terms of physique, she had already surpassed the majority of the Divine Spirits, and had even surpassed Long Chen.

"This is only the initial state of the body. In the future, as my realm grows, the body will also gradually grow to the level of Eternity. However, by that time, I should have attained Divine Emperor's realm as well. This is very difficult. "

Ling Xi was more clear about her current situation.

Long Chen was drunk, her voice had become even more enchanting than before. It was just a few sentences, but it was enough to make people intoxicated.

In this world, there seemed to be no one who was more perfect than her.

But there was one thing in the Dragon Sacrifice Continent, other than the Talent to become a god, there seemed to be only faith that had become a god. It was just like Long Chen, but in reality, the Gods all seemed to have lost their faith, and Ling Xi herself did not have anyone that believed in her.

Could she become a god like him?

Just as Long Chen was still thinking, a change suddenly occurred.

Ling Xi suddenly became quiet and said, "Brother Chen, the calamity is coming!"

Long Chen also realized that the World Tree was about to take shape. Although it had a smaller scope and scale than his, it was still a little bigger than Mo Xiaolang's. But it was also very scary.

"I seem to be the Talent to become a god, this vegetative immortal body, which is one of my Inherent Skills. In other words, it's very likely that I have already reached this level. It's just that I lack a type of innate talent, and now that the Immortal Yuan Body has given me this kind of innate talent."

"Do you feel confident?" Long Chen was more worried.

"No problem." What he heard instead was Ling Xi's words that were full of confidence.

Long Chen was extremely pleased with her.

At the same time, he was also proud.

She had made up her mind to become stronger, and then she had succeeded. Perhaps the heavens were making her stronger, but it was also inseparable from her persistence and hard work. It was just like back then when she had chosen to put down the spirit sword and the plain sword to deal with Di Yao.

A pure snow-white world tree appeared above the palace.

Ling Xi had already left the Pure Palace and became the core of the World Tree. At this moment, all of Long Chen's thoughts were on her, and these were the two of the three most important women in his life.

If it was the past, Long Chen would definitely not be at ease, but now, he had complete confidence in Ling Xi, and believed that she would definitely complete it!

The snow-white World Tree was crystal clear and full of luster, just like Ling Xi herself.

She had just reached the Pure Immortal Body. The Fiendgod Calamity should be able to make her even more solid and powerful.

Ling Xi had really changed. This was the second major change in her life.

In the past, she went from vivacity to gentleness in order to be a good wife.

Now, in order to protect her family and catch up with Long Chen, she went from being gentle to being magnanimous and powerful. Every single move he made was respected.

Long Chen's line of sight was also on the World Tree. He had personally witnessed Ling Xi's transformation from the calamity of the gods and demons, whether it was the formation of the Heart of Rules or the condensation of the World Tree and the Divine Palace, all of them were in extreme pain.

It was the purest form of power!

What he needed was perseverance. Ling Xi clenched his teeth and persevered, his expression unchanging as he continued to undergo another transformation on the basis of the transformation of the vegetative energy. His Pure Immortal Body had reached the Divine level!

World Tree, Divine Palace, Heart of Rules, all of them were perfect!

Amongst the Heart of Rules, there was the Primordial Spirit that was like a real person.

Ling Xi herself already had two types of Dao Seals, the Immortal Sword Dao Seal and the Pure Maiden Dao Seal.

The Immortal Sword Dao Seal had merged with the Spirit Sword Dao, while the Pure Maiden Dao Seal had fused with the vegetative energy. But now, after the emergence of the flood of rules, she had truly embarked on the path of rules. She was well versed in the rules, so whether it was the sword of Sphinx or the laws of nature, she could both comprehend and learn from them.

That vast wave of natural laws appeared around the World Tree.

This almost meant that Ling Xi had succeeded in becoming a god, and her gains this time were huge.

She was going to find the rules.

The rules of the Immortal Sword were actually quite biased, and the rules of the Immortal Sword were almost exactly the same as the laws of Karma. It was even harder to find the rules of the Immortal Sword. Having experienced the cleansing of the vegetative energy and the comprehension of the mortal sword intent, it could be said that the current Ling Xi, chasing after these two rules, was not a problem at all!

When she incorporated the rules of the Immortal Sword into the Immortal Sword Technique Seal and the Pure Maiden Dao Seal, it meant that she had become a Deity! He achieved Taiji Realm just like Long Chen!

In fact, she even surpassed Long Chen in some areas, such as the body constitution of the Pure Immortal Body.

Ling Xi had just become a god and what she condensed was not the Divine Source Power, but the vegetative energy. This means that she does not need to cultivate the Infinite Divine Art at all, and in the future, her power levels and physiques will all grow along with the progress of her realm.

This was the result of Divine Emperor leaving almost everything to her.

Chapter 2677 - Little Milk Cat

So at this moment, even she felt like she was in a dream.

From the time she entered the Heavenly Sovereign Sword Sea to the time she became a deity, she went through a huge and drastic change. She went from being a living being to becoming a deity, even becoming a rather special deity.

Even Long Chen himself was amazed.

Even though Di Yao was still silently watching him cultivate, he couldn't help but laugh out loud.

Of course, since Ling Xi had completed her own wish, he was naturally the happiest one. Because she had realized her own value.

Now, everything had come to an end. The World Tree and the surge of laws had disappeared above the Pure Palace, and Ling Xi's body shone with a sparkling and translucent snow-white light as she returned to the center of the Pure Palace.

The Master of the Su Palace was completely empty as the vegetative energy had already disappeared.

With her newly formed God's Eye, she could see through this enormous palace to the end with a single glance.

Ling Xi squinted her eyes. She felt the changes in her body and couldn't help but be shocked as well. "Brother Chen, I feel like I have become a new life form.

"No, it should be a divine spirit that possesses a Pure Immortal Origin Body. You are the only one in all the Ten Thousand Worlds. "

Long Chen smiled slightly.

Maybe she was already destined to be able to accept such a thing since she was young, but of course, it wasn't necessarily so. If she hadn't met Long Chen, allowing him to protect her until now, allowing her to reach a strength that was equivalent to a Spirit King, she might not have been able to reach this place either.

Other than the blood of the Goddess of Su, the psionic inheritance was equally important.

"Yes!"

She did not know how strong she was. In terms of realm, she and Long Chen were on the same level, and although her combat prowess was definitely inferior to Long Chen, her Mortal Sword Intent, Lingxiang's twin swords, and vegetative energy was still bound to produce some miraculous effects. especially the vegetative energy, this is the purest purifying power in all the realms!

When she opened her eyes, she was already in front of the only thing in the Intermediate Palace. This was the pool where she had previously absorbed the vegetative energy. Around the pool, there were a total of nine stone lions. They turned into rocks, and seemed to have died.

There was no sign of life.

"Use your vegetative energy to try and wake them up."

The Pure Sword turned into a colorful butterfly, dancing in front of Ling Xi's eyes, bringing her the most beautiful ornaments, and the butterfly of the Spirit Sword was stuck onto Ling Xi's body at all times. She liked the vegetative energy on Ling Xi's body, and it was also because she discovered the bloodline of the female on her body, that made Ling Xi and her look for Ling Xi.

Ling Xi nodded, and she gently floated in front of one of the lions. Looking at the stone lion in front of her, she quietly placed her delicate hand on the lion's forehead, and the snow white vegetative energy had already fused with her. Under her control, it had now become her own vegetative energy.

As expected, the vegetative energy had permeated into the stone lion's body, and the stone lion started to shine, especially when its eyes became extremely lively. Ling Xi could not help but reveal a beautiful smile when she felt the life in its body.

"He came back to life."

Long Chen cultivated in the way of life, he was very clear on this point. Under the ignite of the vegetative energy, a mystical life like the plain lion started to give birth to a life form. The plain lion was not a demon beast, nor was it any kind of space beast.

Just like Meng Ling, she was also the magical life form of this world.

There were many such beings in the Allworld.

When the light scattered, the lion in front of Ling Xi changed from a stone lion to a jade lion, and from a mighty lion, it changed into a newborn baby lion. At this time, the cub was like a little cat, snow-white all over, without any color at all, it used its watery white eyes to look at Ling Xi, and started to mutter loudly, then extended its pink tongue to lick at Ling Xi's dress. Although it was a young lion, its face was full of smiles, and from time to time it fell down, looking cute and adorable.

Ling Xi was of course the same.

"So beautiful! "Brother Chen."

As if it was afraid of falling, the lion trembled and its appearance was extremely amusing. However, when it saw Ling Xi's beautiful face, it forgot about height and squinted its eyes as it laughed slyly, extending its pink claws.

She knew that the other stone lions would definitely turn into small lions because of her, so she did not stop and let the other eight mighty lions change. In the end, the nine young lions that were like little kittens gathered together, ran around Ling Xi, and started circling around Ling Xi. She was so happy that she came here to do what she was doing.

"They are very mysterious. When their dragon faces are born, how great would it be for them to grow up together? She must like it. " Ling Xi's face was filled with surprise and joy.

"Well, they can protect her, too."

Of course Long Chen would not forget this moment of happiness, he would not let anyone ruin this beauty, even Di Yao.

However, at this time, the one who broke the silence of the Dragon City wasn't Di Yao. Long Chen stood up from his cultivating state and said to Ling Xi: "Don't be in a hurry to go to the next place, and properly digest everything. The Infernal King and quite a few of the gods have come over, probably because of the Divine Sovereign of the Yellow Springs."

"You have to be careful." Ling Xi warned repeatedly in a soft voice.

"Don't worry."

She had probably been watching Long Chen for over a month now. Now that there was someone to disturb this tranquility, although she had already expected it, she was still not too happy.

"What?"

She was at the front of the group. Before the gods had arrived at Slaughter Dragon City, she had arrived before them. At this time, there were quite a few deities following behind the Infernal King.

The Infernal King stood in front of everyone, and there were even a few Divine Monarchs of the polar state in the surroundings.

Long Chen stood behind Di Yao.

Mo Xiaolang and Su Yan were still in the Dragon Slaying City. The two of them did not come up, but they were paying attention to what was happening below.

Then, his voice became colder as he said, "Princess, I know you're here, so I haven't come to disturb you. However, a month has already passed and we still haven't found a solution to the problem, so today, we've come to find Long Chen. We just need to give us some time."

Di Yao waved her hand, "What can it be? Isn't it very peaceful?" From now on, you don't have to come to the Five Dragon Cities. "

Since the Infernal King had come, he would not be sent away like this. His gaze swept past Di Yao and landed on Long Chen as he said, "The Yellow Springs Divine Lord has gone missing. We searched the entire Dragon Sacrifice Continent, and we couldn't find him even at a distant place far away. The only possibility was that he might have been killed in hiding, or that he might have been sealed somewhere. You were in a conflict with the Yellow Springs God Lord, and you are also someone with such power. I have already ruled out all the other deities, so I would like to ask you now, does the disappearance of the Yellow Springs God Lord have anything to do with you? "

Long Chen said: "After I returned from the Great Demonic Calamity, I did not leave the Five Dragon Cities at all. Even though I could defeat the Divine Monarch of the Netherworld, I had to kill him without a sound in front of the Divine King's eyes. It is clear that I do not have that capability.

As he spoke till here, Long Chen's voice turned cold and he shouted angrily, "Divine King! I got it, it must be the Exotic God King who made a move against Ling Xi previously! Only he could make the Yellow Springs Divine Lord disappear without a trace. Hadn't he done the same thing last time? I think that this time, when he makes a move, we must catch him as soon as possible. Otherwise, in the future, even more Gods will die in his hands! "

When the audience heard this, they became rowdy. What Long Chen said made sense. After all, the only explanation for Ling Xi's death earlier was still that Exotic God King. He had appeared and disappeared without a trace, causing the Divine Monarch of the Yellow Springs to disappear!

When Long Chen said this, Di Yao was indeed helping him. With a firm attitude, she said: "If you have time, why not chase after that Exotic God King? Why waste it here? He has not yet recovered from his grief. Do you still doubt him? Let's move fast, I don't want our Primordial Gods to be assassinated one by one. The Infernal King, this is your responsibility! "

The Infernal King narrowed his eyes in thought.

Of course he knew what had happened to the Yellow Springs Divine Lord. It was just that he had held it in for a month and pretended to search for a long time. However, Di Yao had no intention of leaving.

The Yellow Springs God had followed him for so many years, and even though she didn't achieve anything, he was still working hard. Even the Infernal King himself didn't expect such a result from an action that seemed very confident. This led to the death of the Yellow Springs Divine Lord.

He didn't even have time to stop her.

On one side was the princess and Order-level treasures.

On the one hand, he had been a loyal subordinate for many years.

Moreover, Di Yao had doted on Long Chen too much, and kept breaking the rules for him. If Di Jun arrived and heard all those ridiculous things, the first thing that would trouble him would probably be himself, and he wouldn't even be able to think about Order-level or treasures by then.

That was why he came.

However, Long Chen and Di Yao had perfectly coordinated them, he was unable to find any evidence right now.

If this stalemate continued, there would be no other way.

"Infernal King, don't disturb us. Don't you understand?" Di Yao's voice was already extremely cold. From start to finish, it was someone else who listened to her.

At that time, he had indeed admired Long Chen, and if Long Chen were to perform outstandingly in the future, he would definitely be able to do so. But the reality had proven that Long Chen's rise to power was even faster than he had imagined!

Not only that, Di Yao also loved him so much that it was unfathomable.

He could only go.

However, at this time, from the middle of the Dragon City, right beside Su Yan, the Slaughter Heavenly Diagram suddenly rushed out, its voice shaking the heavens. It was Long Chen who killed Divine Lord Huangquan and snatched me away! "

Chapter 2678 - Divine Rule Disposal

Yellow Springs Heaven Diagram!

Long Chen didn't really understand. It already had Su Yan as its master, how could it take such a risk and actually tell this news to the Infernal King?

When he finished that sentence, the surroundings quieted down.

The Yellow Springs Heaven Diagram was the Creation Divine Artifact of the Yellow Springs God Lord. It appeared here and told the gods why the Yellow Spring God had disappeared.

Su Yan and Mo Xiaolang were also shocked. What the Yellow Springs Heaven Diagram was doing right now, was a bit against the norm. Di Yaoyang knew about the situation but she did not remind Long Chen.

Now, no matter how he tried to cover it up, when the creator of the corpse personally came out to testify, no matter how much of an excuse he made, it would be useless. The gods are not fools.

After saying that, the Yellow Springs Heaven Diagram angrily resisted Su Yan, and laughed: "You little brats, do you think you can settle me like this? We have known each other for thousands of years, although the Old Ghost was not of good character, even though she had done many evil deeds, she still took good care of me. You guys took his life, and even wanted me to surrender to you, isn't that too beautiful! "

This was an oversight on the part of Long Chen and the others. Honestly speaking, he had seen a lot of Creation God Weapons, such as the peerless Dragon Slaying Sabre's Tripod black. After meeting Long Chen, they had witnessed Long Chen's potential and strength, so he immediately submitted.

He never thought that the Yellow Springs Heaven Diagram would actually recognize Su Yan as its master, and would fight back now. It was already being controlled by Su Yan, so it naturally could not escape. However, if it did not cooperate with him, it would be difficult for Su Yan to use its strength.

"Infernal King, quickly follow the gods' rules and avenge the Divine Monarch Styx! I am willing to follow you from now on. No matter who you give me to, I am willing. This is the favor I owe him. "

The Yellow Springs Heaven Diagram said arrogantly, without the slightest fear of Long Chen.

He had waited thousands of times for the Infernal King to lead his people to their deaths.

When they found out that the Divine Monarch of the Yellow Springs had been killed by Long Chen, they could no longer hold it in. They already had an opinion of Long Chen, from the death of the Nine Heavens Thunder God to the matter of Di Yao, then to the matter of him killing the Divine Monarch of the Yellow Springs.

The Gods were one, and although they all had their own contradictions, in the tens of millions of years of being in the same team, they took care of each other. Now that the Divine Lord of Styx had been killed, they naturally couldn't just sit idly by.

He was even angry!

They had also tolerated Long Chen for a long time, and seeing Long Chen's sudden rise in power caused them to feel extremely uncomfortable.

Every single time, it was always the Infernal King who protected Long Chen, and this time, it was Long Chen who directly killed the number one Divine Lord under him.

"Although old fogey Gloria isn't much, he's still one of us, I didn't expect her to kill him just like that, haha we haven't lost any brothers for tens of thousands of years, but when we returned to Dragon Sacrifice Continent, one after the other, we lost the Nine Heavens Thunder God, and also lost the Yellow Springs God."

"It really is unfair. If we don't deal with it this time, then the Divine Law will really be useless." In the past, there was a commander in charge of the Divine Emperor and no one dared to offend him. But now, he has come to a new place.

The Gods did not loudly press him, but only whispered to each other, so that the Hell God King would hear them. At this time, there was already no one among them who stood on Long Chen's side.

It was just that he did not have any evidence. Now that the evidence had come, he could not help but smile faintly and ask: "Long Chen, don't you want to explain?"

Long Chen thought for a bit, and decided to forget about it. Even if he said that it was the Divine Monarch Huang Quan who had assassinated two such important people in his life, it would remind him of that time when Ling Xi caused him to be unable to hide his anger and directly killed the Divine Monarch Huang Quan. However, the massacre of the gods was a fact. The gods were so afraid of themselves, they simply did not want to care about the outcome.

Therefore, he said, "There are many things that I don't wish for. However, since it has already happened, everyone knows what to do. The God King has the final say."

"How dare you!"

"How dare you!" He was blind! To not put the Divine Rules in his eyes, was to not put the Divine Emperor in his eyes! Since you are a member of the dragon sacrifice's Gods, you must accept our divine punishment! "

"At the level of the Yellow Springs Divine Lord, even the Divine King of polar state has no right to kill him!"

Under their rage, even the surrounding land and Dragon Slayer City started to distort. All the living beings felt extremely uncomfortable, so Long Chen did not mention anything else, he went straight to the starry sky, with Mo Xiaolang and Su Yan following behind him.

The Yellow Springs Heaven Diagram laughed: "Little bastard, now you know regret! The reason why I have endured until now is precisely to see your current expression! "

Long Chen tilted his head to look at it, and said: "I've said this before, if you cause trouble, the outcome will be very miserable. Before, I wanted to let you live, but now it's different."

Although his voice was indifferent, his most terrifying killing intent was concealed in his eyes.

This caused the Yellow Springs Heaven Diagram to shut its mouth in fear.

The gods still surrounded Long Chen, preventing him from escaping. This time, they were determined to kill, no matter what the Infernal King's decision was, as long as Long Chen was not miserable, the gods would not accept it!

Hearing this news, all the gods in the entire Dragon Sacrificial World descended, and soon enough, millions of divine spirits were present, but only the Divine King of Light was no longer present.

The scene was grand, and it once again attracted the attention of everyone.

It's Long Chen again!

Every single time, it was Long Chen who started a conflict with the gods.

This time, he had actually killed a Monarch, and had refused to explain himself!

After Long Chen became a god, everyone had a very strong image of him in their hearts. They all had a deep and complete trust in him, as he was, after all, the true god that had risen to prominence in the Dragon Sacrifice Continent recently.

So many of them were on Long Chen's side, especially the Five Dragon Cities, who was their god!

It was finally time for the Godking to make his decision.

The Hell God King's eyes were dark and cold as he continued, "According to the gods' rules, a god should be killed for his life. Although you have made a great contribution to Dragon Sacrifice Continent and have saved lives before, you have repeatedly refused to listen to its teachings, have been arrogant and despotic, and do not repent for nothing. If I do not punish you, the divine rules of the Divine Emperor will be ineffective. "

Seeing the Infernal King's decision, the Gods finally let out sighs of relief. Most of them were no longer Long Chen's match, but they still treated Long Chen as a junior, a tiny junior.

Long Chen said indifferently: "I have never been hurt by others, I have never been hurt by them, but if someone tried to kill the person beside me, that would make me feel pain. The first time, I might be able to endure it, but there will never be a second time! The second time we made a move, I couldn't take it anymore. Of course, if I were to find the person who made a move the first time, no matter what the divine rules are, I must make him die without a burial ground! "There are only a few important people around me, not many!"

The killing intent in his words swept across every single one of the gods.

It was a killing intent that came from an Primordial Blood Spirit Dragon. It was more reserved, but also more frightening, and whenever it was unwittingly released, Long Chen would reveal this kind of killing intent that caused the hearts of the gods to turn cold.

The Infernal King shook his head. "I don't care about the divine rules. I only care about the result ... Princess ..."

Just as she was speaking up to this point, Di Yao couldn't listen any longer. She appeared beside Long Chen, reached out her hand and grabbed Long Chen's arm, intimately leaning on his body, and said word by word: "He's my man. If he dies, I'll die here on the spot. Do not bring up such a messed up thing with me. Whoever wants my life, hurry up and make your move. If I want to commit suicide, a mere Infernal King cannot stop me. "

She might be a little bird in love with Long Chen, but in front of the gods, there was not a single person who was not afraid of the domineering and resolute Daughter of the Divine Emperor!

In the past, the Infernal King did want to discipline Long Chen, but not now, especially after the Divine Monarch Huang Quan died, he understood Long Chen's threat even more. It was just that he did not expect that Di Yao would fall for him for some reason, and now, she could even go and die!

Furthermore, the treasures of Di Yao and Order-level were all very important to him. With Di Yao threatening him like this, he had his own means of escape, and the other gods would not object to his actions, so he seized this opportunity: "Princess, of course we wouldn't dare to threaten your life, but the divine rule is set by the Divine Emperor, and what we use is the might of the Divine Emperor. They couldn't act rashly either. Then decide it! Since I, the God King of Hell, am unable to make a decision regarding this matter, then I can only imprison Long Chen within the Hell City for now. What do you guys think? "

Although the Gods were furious, they knew that they could not handle this unruly Princess of the Divine Emperor. All the Gods could do was sigh in anger.

"If you want to imprison me, then imprison me along with him. I don't have to see you all every day, it's disgusting! " Di Yao said.

"With the princess' golden body, how could I dare to imprison her?" The Infernal King hurriedly said.

"You won't listen to me?" Di Yao's voice was ice-cold.

When the Infernal King thought about it, she definitely wanted to take this opportunity to get along with Long Chen. She was suddenly speechless and could only agree.

For Long Chen, this might be the best result after the accident. In reality, he also needed a quiet environment. After all, Ling Xi had not returned yet. He was only worried that after she left, there would be Mo Xiaolang, Su Yan and Cat.

"Big Brother, I will quickly tell you everything that has happened. If you are able to come out of Hell City, you shouldn't need too much time." Mo Xiaolang said.

Di Yao replied, "Don't worry, I will instruct them. No one will dare to touch your people and your Five Dragon Cities. "But since you've killed the Divine Lord, you can only be locked up for a period of time by the Infernal King ..."

Judging from her excited expression, it was obvious that she was looking forward to seeing him in a separate space.

Who would have thought that one day, he would become the prey of a woman.

## Chapter 2679 - Orphans

Until now, Long Chen still did not know why the Infernal King wanted to kill Ling Xi.

If they were imprisoned in the Hell City, what would happen if the Infernal King did it again?

This was a terrifying figure, and he was extremely famous in the ten thousand worlds. But now, the decision he had made was the final step backwards of the Infernal King.

Although Su Yan said that it was he who swallowed the Yellow Springs Divine Lord, Long Chen would definitely take responsibility for it.

"Nothing will happen to them. Just trust me once. If anything happens to them, I'll have everyone die with them!"

Di Yao wished that she could be alone with Long Chen, so she was not very anxious right now.

"What about the Yellow Springs Heaven Diagram?"

Long Chen believed that she had the ability, but the Yellow Springs Heaven Diagram brought him such danger, before he entered the Hell City, he had to take care of her, who knows what kind of trouble he would cause?

Di Yao suddenly said to the other gods, "Listen up, no one moves this Yellow Springs Heaven Diagram. Let its master properly take care of this guy who can't even keep his mouth shut." If I find out who tried to snatch their Yellow Springs Heaven Diagram, there's only one outcome, and that is death. "

The Yellow Springs Heaven Diagram was shocked. He never thought that the Divine Rules would be so strict and he would obtain such an outcome in exchange for revenge against the Divine Monarch of the Yellow Springs. Not only would he not fall into the hands of the Infernal King, Long Chen would not be punished in the near future, and his future was even more uncertain.

So in the end, the one who suffered was himself!

This scared him silly. He knew that Di Yao liked Long Chen, but he did not know that it would actually reach such a degree ...

On the other hand, Su Yan could control him. As she grew, Yellow Springs Heaven Diagram would definitely yield in the end. Besides, there was also Mo Xiaolang at her side.

From the beginning to the end, it was all because of Di Yao's orders.

The Infernal King silently watched. Although he lost a great general, to be honest, he couldn't do anything to Di Yao. Especially when she threatened him with death and even involved the transaction between him and Di Yao.

"Alright, the two of you follow me to the Hell City." The Infernal King said in a low voice.

Even if they knew clearly that the Divine Monarch of the Yellow Springs had been killed by Long Chen and had Di Yao protecting him with her life, the Divine Rules would still not help.

"During this time in Hell City, I will properly protect these places that he is guarding and the people he is protecting. You will regret losing any one of them."

After arriving at the side of the Infernal King, Di Yao threatened as she stared at him.

"Don't worry, Princess. Under my supervision, nothing will happen to the Immortal God Realm. Of course, it's the same for the Dragon Sacrifice Continent s below. "

In reality, they still had a deeper level of communication. Of course, it was a treasure from the Order-level, and there was also a relationship between the two. The Infernal King did not expect that he would accidentally create a space for Di Yao. He could only accept this loss, maybe he could help Di Yao this time. If she succeeded and was happy, then he would have many benefits in the future.

After all, her achievements were certainly not as simple as those of a Divine Lord.

The meaning behind his words, was that Mo Xiaolang and the rest would not have any problems.

Of course, Long Chen didn't know about the trade between them.

This was the person he wanted to kill the most at this moment, his enemy. He would never forget the moment when Ling Xi came close to death!

"Endure it!"

It was not far, he told himself.

Although the Gods were furious, they could only return to their respective Shencheng s. This matter was over, and after killing the Yellow Springs God Lord, Long Chen had moved to another place, and there was no guarantee that he would really be punished in the future. If Di Jun really liked Long Chen, then there would be no chance for revenge.

"No, I can't take this lying down! The exalted and famous Divine Monarch of the Yellow Springs, she actually died at the hands of this country bumpkin! If I don't take revenge, I really can't live this life anymore. I have to at least kill a few Dragon Emperor s to vent my anger. "

Amongst the Gods, there really were some who couldn't help themselves. They respected Di Yao and were powerless against her, but they could still teach Long Chen a lesson.

However, at this time, the Infernal King coldly told the gods, "From today onwards, no god is allowed to approach the Five Dragon Cities or attack anyone inside. Otherwise, don't blame me for being impolite. As for Long Chen, once the Divine Emperor returns, we will naturally judge him. You all need not worry!"

The gods could only obey. No matter how angry they were, they could only swallow it down.

Following the Hell God King and the few Divine Generals, Long Chen and Di Yao soon arrived at the Hell City. To them right now, the Dragon God Domain was simply too small.

Di Yao stuck to Long Chen all the way, her face filled with a blissful smile. She hid behind Long Chen like a little bird hiding behind a person, completely unlike her previous domineering state as a Princess of the Divine Emperor. This peerless beauty had already become a neighboring lady.

He glanced at Long Chen, only to realize that this youth was extremely calm.

If there is no Di Yao, I can only kill him on the spot, but he is not nervous at all. Now that he knows that Di Yao will protect him, but looking at his expression, it seems that he does not have a good impression of the princess.

He brought Long Chen and Di Yao and walked into the Hell City. There were many descendants of him, the Infernal King, and there were many experts in the entire Hell City. They had almost caught up to the Swallowing Dragon City.

"Deep inside the Hell City, there is a private room. It is sealed under the rules of my Divine King. Although your strength is not bad without my permission, it is completely impossible for you to charge out. Of course, the one being confined is Long Chen. Princess, you can choose to not enter at all, and you aren't wrong." The Infernal King said from the front.

Di Yao hurriedly replied, "No, no, I'm afraid that he would be lonely inside. I need to go in and accompany him."

"If you decide to go in and out, it will be troublesome. I won't let you in and out."

"After I go in, I won't come out." Di Yao confidently said.

Her gaze was currently fixated on Long Chen at all times. Anyone could tell from her intimate gaze that she was becoming more and more infatuated with him.

He was helpless as long as he could bring Long Chen and Di Yao into this not too big of a secret room.

"Princess, I'll take my leave first."

The Infernal King no longer spoke. After sealing the secret chamber, the surroundings immediately turned pitch black. In this small space, everything was completely silent. Not even the slightest movement from the other party's body could be concealed from his senses. Indeed, there were the imprisoned Edicts of the Infernal King.

Hell City was only the prehistoric level's Creation Divine Artifact, but because of the rule that imprisoned this secret room, the two of them probably wouldn't be able to destroy this place even if they used all their strength.

To Long Chen, it was just a place to cultivate. His current cultivation was extremely important, and the most important thing was that he was moving towards the Taiji Realm. His realm's growth was still very fast, much faster than ordinary Divine Spirits. After all, he now had a trillion divine palaces, and trillions of creatures to provide him with the power of life. That was the power of his growth.

Even if he didn't move, his speed of growth would still surpass Di Yao's.

To a god, growing a level was a matter of millions of years. But of course, to a Fiendgod, ten thousand years of closed-door training was the same as a year.

Long Chen was very familiar with the route, so he thanked Di Yao and sat down in a corner, absorbing the energy of countless living beings.

"Hey, I saved you, why don't you chat with me for a bit?" Di Yao knew that she couldn't force Long Chen, so she could only grumble gently.

Indeed, in this narrow secret room, there was an extremely alluring and charming beauty like her. The atmosphere was also very charming, thus the way Long Chen avoided this kind of ambiguity was to cultivate, even though in his heart, he was still rather grateful to Di Yao for understanding that there was no other danger.

Right now with the two of them in this secret room, Long Chen felt a headache, but the other party seemed to have saved his life. He had to greet them, but he still maintained his distance.

However, Di Yao was easily satisfied. After saying a few more words, she continued, "Continue your cultivation, the stronger you become the better. I will obediently watch you."

Saying that, she stood at the side, her light gold eyes opened wide, looking at Long Chen with love in her eyes, her entire body was curvaceous and graceful, her beautiful face was extremely beautiful, and she gave out a signal to Long Chen, a dignified Princess of the Divine Emperor, for her to become like this, Long Chen was also amazed.

He carefully focused his mind and allowed Di Yao to do as she pleased. After which, he silently immersed himself in the quiet environment of the Moon Continent, accumulating his strength. He would only get stronger! It exceeded the imaginations of all the gods!

"I have to go to the third place."

Within the Pure Palace, Ling Xi used her vegetative energy to raise nine cute and adorable small lions. The small lion seemed to have treated her as its mother, sticking at her feet and squeaking all the time, before rolling around and playing with her. It was extremely adorable.

Ling Xi had put them all into the Divine Kingdom and was ready to move forward.

"Why are you in such a hurry?" Long Chen asked.

Ling Xi said snappily: "You're already alone in this room. If I don't go back, I wonder what trouble Di Yao will bring you."

Long Chen was embarrassed, he did not expect her to be jealous.

Seeing that he did not dare to make a sound, Ling Xi smiled with satisfaction, and said: "Brother Chen, I am just a little uneasy in my heart. He was very powerful, at the Celestial King level. "According to what we've discovered, I'm worried that you might have a big impulse towards him. He represents that he has returned to the peak of the Gods and I want to help you deal with him. He's our common enemy, right?"

Long Chen always remembered that scene from back then, and he had almost gone insane from fright. It had to be said that the reason he had been so desperate recently, was actually for revenge! Of course he would not forget this hatred. No matter what reason the Infernal King used to want to kill Ling Xi, it was unforgivable!

And those other Gods, how many of them didn't want him to die?

They were their ancestors, yes, but if that was all their ancestors said, it wouldn't be that easy for them to make him submit.

Chapter 2680 - Heavenly Rules Spiritualism

When will Divine Emperor return?

Long Chen knew that the time was definitely very close.

Not only the Divine Emperor, there were also quite a few Divine Kings, many of whom were Divine Kings with polar state. It was comparable to the power of Nuwa at its peak.

The Guardian of the Incantation was so powerful, it was only comparable to the Perfection Divine King.

If these supreme gods were to return, the Incantation might also be conquered.

In the future, if he wanted to be able to hold his ground amongst the Dragon Sacrifice Continent and the Gods, he had to be strong.

Strength was the power to speak.

Long Chen didn't know why the gods returned. He had a nagging feeling that it wasn't as simple as them wanting to rebuild the world. Since he didn't know why, he needed even more strength to protect himself and everyone else.

Especially after the trillion God Palace, he was the god that all living beings believed in. This was something that other gods did not have.

Ling Xi was already walking towards the third location.

"The Heavenly Sovereign Sword Sea is the 'Rules of the Sword', and the 'Rules of the Void' is the Pure Palace's Immortal Origin Body. Sphinx possesses the Sword, Spirit and Su. That should be the third place, the last place, and it should be related to the 'spirit'."

This was Long Chen's guess.

What exactly happened in this mysterious Sphinx? Maybe she would tell Ling Xi!

Ling Xi passed through the Pure Palace and arrived at the opposite side of the Pure Palace. A snow-white colored door appeared behind the door, and behind the door was a long corridor.

When he had become a god, Ling Xi had seen this place.

After walking through the long corridor, he realized that the name of this place was ' Spirit Palace '.

Spiritual Palace, Pure Palace.

There was a lot to do with the rules of the spirit.

"In regards to the laws of the sword, all the rules that the Sphinx comprehends are recorded in the Spirit Sword Dao. The laws of nature all depend on the body of origin. And the rules of the spirit are collectively called 'Heavenly Rules Spiritualism'. The Heavenly Rules Spiritualism was the origin of the entire Lingsu Star Sea and all the Spiritualism s were bred from the Heavenly Rules Spiritualism. There weren't many Spiritualism s in the Heavenly Rules Spiritualism, but every single one of them were supreme Daos of the Spiritualism. This is the origin of the entire Lingsu Star Sea. Thus, 'Heavenly Rules Spiritualism', is actually the foundation of the entire Sphinx. According to what I know, there are a total of eighteen types of 'Heavenly Rules Spiritualism'. "

Su Jian explained it clearly.

"That's great, Xiao Su!"

The Nine Hell Illusory Butterfly said in surprise.

"For example, the Sector lord Divine Arts, as well as the Spiritualism, they all grow up from the 'Heavenly Rules Spiritualism'?" Ling Xi asked.

"That's right. The Spiritualism of the heavenly laws is the foundation of everything, and also the strongest attack of the Sphinx."

Ling Xi curiously stepped into the Spirit Palace.

The Spirit Palace was empty and without any fog, one could see the end of the palace. However, it was different from the pure color of the Su Palace, the interior of the Spirit Palace was filled with many different colors.

"So beautiful!"

If the Spirit Palace was a world, then this place was a colorful world.

Even Long Chen was impressed by such beauty.

"Did you see that?" Su Jian was very excited.

Ling Xi looked around and saw a total of eighteen statues of deities around the Peace Hall. Each statue was of one color and the statue was of the same god, a woman that Ling Xi had seen before. That was right, she was the same as the previous Sword Soul Imperial Palace's Palace Mistress, Ling Su.

It was a kind of purity that could not be desecrated, just like the current Ling Xi, who was extremely perfect, like a white lotus at the peak of a snowy mountain, standing proudly in the midst of wind and frost.

The eighteen types of deity statues might represent the eighteen of the 'Heavenly Code Spiritualism' s eighteen types.

Looking at him, Ling Xi felt goosebumps all over his body. However, she had been waiting for a long time, and no one had been able to talk to her. The Sphinx was still nowhere to be seen, and the godly statue was looking at him as if it was just an illusion.

At this time, she saw the rainbow and colors above her head, condensing into a line in front of her eyes, which was: Once you have mastered the 'Heavenly Rules Spiritualism', you will be able to leave this place.

This was just like the path of the Heavenly Sword, where the Heavenly Sword Sect was the first step in comprehending the sword intent of the mortal world, but here in the Spirit Palace, she was required to train in the 'Heavenly Rules Spiritualism'. Although it was only one sect, it was one of the origins of the Spiritualism of the Lingsu Star Sea. To be able to extend the range of ten million different types of Daos, it would be even more difficult than the mortal sword intent of the Immortal Sword Dao.

However, for Long Chen, for the sake of the child, Ling Xi was full of confidence in herself. She almost closed her eyes as she selected one of the god statues.

"Brother Chen, maybe I'll have to cultivate for a long period of time. I'm not even sure how long it will be, but as long as I succeed, I should be able to return to your side."

Ling Xi said gently.

Her eyes were very bright, making others feel the power within her.

"Let's go together." Long Chen said with a smile. He wanted to let Ling Xi know that it was not only her that was trying hard, he was also trying hard. Even Little Wolf and Su Yan were working hard as well.

She reached out her hand and touched the orange idol. In the blink of an eye, her entire body turned orange, whether it was her skin, eyes, hair or the like. But even so, she still looked so beautiful, so breathtaking.

She seemed to be immersed in a world, and did not communicate with Long Chen anymore. Long Chen also did not disturb her. This was her last stop. Although the name of the 'Heavenly Rules Spiritualism' told her that it would be difficult to get rid of it, Ling Xi had her own will. It was different from Long Chen's will, but it was all for the sake of protection.

Therefore, Long Chen firmly believed that she would succeed.

Just like how she believed that Long Chen wouldn't love God Yao.

In this quiet secret room, Di Yao, from start to finish, had been silently looking at Long Chen. Her eyes were shining, and it was hard to imagine what she was thinking about.

One month passed, two months passed, other than occasionally saying a few words, there were almost no other interactions, but Di Yao still liked it. She was like an emotional little girl, staring at her lover every day, as sweet as she could get, completely without the appearance of a Princess of the Divine Emperor. With her status, countless people would want to get their hands on her, but she did not resist Long Chen at all. The expression in her eyes probably expressed that as long as Long Chen wanted to, he could do whatever he wanted with her.

Long Chen was a little unable to resist anymore. He looked at Di Yao and asked: "Are you bored like this? With your personality, you probably won't get used to being imprisoned here. It's better for you to leave. "

"No, I just want to be with you. Even if you don't talk to me, I'm happy. "I really like how you'll talk to me when your mood improves in the future."

She blinked and looked innocent.

Di Yao was very emotional and touching. However, the time when Long Chen met her was not right, regardless of whether Ling Xi was dead or not, he would never suddenly start talking to another woman like that ...

Therefore, he felt that he had to say something.

He then said, "It's not that I don't have any interest in matters between men and women. Moreover, Princess is a Daughter of the Divine Emperor, so I am not worthy of her. As for the matters in the Dream Spirit World, if Princess wants any compensation, I will try my best to do so."

She smiled and shook her head, "Don't worry, I won't rush you. I just want to stay with you like this for a year or two, maybe you won't notice me, but there's still a long way to go in the future. We have an endless amount of time left, one day you will forget about her, and see how sincere I am towards you. Love is not something that is worthy of being loved. As for the matters of the Dream Spirit World, I have already forgotten about them.

Talking to her about this aspect, Long Chen was powerless.

Maybe that's what women are like, they talk nonsense and even talk with relish.

He could not say anything heartless as she had helped him many times and he had almost done something wrong to her. It was because of the incident in the Dream Spirit World that changed her and caused her to be so engrossed in him.

"Let's wait for Ling Xi to come back first. It's impossible to reason with her right now."

Long Chen pondered for a while, then decided not to bother with her anymore. If she liked it, he would let her see it.

A year passed.

Five Dragon Cities and Mo Xiaolang were fine, the Gods were also very calm. There were more and more Rankers in the entire Dragon Sacrifice Continent, and it was getting better and better.

However, Di Yao really looked at him silently for a year. That happy, sweet and shy gaze of hers made Long Chen feel as if he was sitting on pins and needles. It was hard to imagine that she was a princess of the Divine Emperor. Furthermore, in terms of appearance and charm, she was also almost at the pinnacle of the world, peerless and peerless in his generation. It was indeed difficult to lose weight with such a beauty at his disposal. If it were not for the big trouble being caused by the happy occasion with her, Long Chen would not be so conflicted.

In a year, Ling Xi was still standing face to face with the statue, still cultivating the 'Heavenly Rules Spiritualism'. From the looks of her current state, she would probably need a period of time before she could succeed.

Long Chen deeply sighed, thinking that Di Yao would continue like this.

Unexpectedly, she finally exploded.

At this moment, her expression had become extremely gloomy and cold. Without saying a word, she sent a slap towards Long Chen's head; even without using the power of laws, with her divine power, she would be able to break a mountain just by doing so.

This was especially sudden.

Long Chen blocked her path and pressed down on her palms. His eyes burning with passion, he asked: "What happened to you!"
