

## War God 2691

### Chapter 2691 - Holy Martial Immortal Record

As long as he could get rid of the Infernal King, he would be considered to have succeeded.

Therefore, even if these six polar state Divine Monarchs were to appear before him, Long Chen would not worry about them at all. At most, it would just be a fierce battle.

In fact, when he had just clearly seen his surroundings, what shocked him the most was that the Star of Destiny was definitely not only big from the outside. Even though Long Chen had opened the barrier at the start, the size of the Star of Destiny in front of him was still exactly the same as what he had seen from the outside.

At this moment, in front of him was an incomparably huge dark grey planet.

How big exactly was the Star of Destiny?

It was very simple. In terms of size, it was equivalent to a quarter of Ling Ji Ji Xing!

The surface area of the Ling Ji Ji Xing was about twice that of the Dragon Sacrifice Continent. Of course, the density of the people on the surface of the Ling Ji Ji Xing was also a little less, about half of the density of the people on the surface of the Ling Ji Ji Xing.

From this, it could be seen how big the Star of Destiny, which was a quarter of the size of the Ling Ji Ji Xing, was.

In truth, the Star of Destiny looked about the same as the Ling Ji Ji Xing.

This was also the reason why Long Chen was shocked.

Who would have thought that there would be such a huge world hidden beside the Dragon Sacrifice Continent? If it was slightly crowded, it would not be a problem at all to squeeze in the trillions of lives in the Dragon Sacrifice Continent.

This was also the reason why the Star of Destiny was not destroyed during the battle on the Demon Star back then. The reason was because the Demon Star and the Star of Destiny were not on the same level.

It was very possible that Long Qinglan had once used the white floating Life Grass to enter this place. Otherwise, why would he remind Long Chen otherwise?

"I originally thought that the most mysterious planet in chaotic star field was the devil star, but I never thought that this Star of Destiny was actually even more mysterious than the devil star."

Long Chen took a glance around, the gigantic planet was extremely desolate, and the spirit energy inside was extremely scarce as well. But what was important was that the interior space was actually extremely stable, the structure was extremely stable, the entire world was extremely heavy and heavy, and here, even Long Chen felt a sense of pressure from the planet.

For example, even Long Chen himself, was resisting the terrifying pressure from the Star of Destiny at this time. If a non-god ran in, he would probably be squashed flat!

The sudden change in gravity was also the reason why Long Chen was caught off guard after he entered the room.

But no matter what, he had to get what he wanted!

In that case, these six Divine Monarchs were, no matter what, a hindrance to him!

In fact, the six Divine Monarchs who had just entered were also in a state of deep shock!

They never thought that the real Star of Destiny would be like this. From the outside, this was a bustling and beautiful planet with many people on it.

"Unbelievable!"

The six Divine Monarchs separated very widely, but due to the huge gravity, they were unable to control themselves. However, they immediately thought that Long Chen was right here!

Then, the gods immediately became vigilant.

At this moment, the Infernal King outside was filled with rage. Although the Infernal King was unable to see what was going on inside, he knew that the six Divine Lords had entered. They were currently howling loudly!

"Capture him!" "How dare you mess with me, catch him if you can, kill him if you can't!" This was the fate of the Infernal King against the six Divine Sovereigns!

Then, Holy Martial Fire God, who was in front of Long Chen, woke up the fastest. He was less than a hundred meters away from him.

"Don't even think about escaping!"

Holy Martial Fire God chased after him.

It was only because they were surrounded and attacked by the six polar state Gods that they were fools. Of course, Long Chen would choose to avoid them first. The most important thing was to destroy them one by one, and to let them all stay here to rest!

If there was no other choice, Long Chen would consider god slaying them.

He had already killed the Yellow Springs Divine Lord. If Di Yao didn't protect him, when the stronger gods returned, he wouldn't be in a good mood. She was already prepared to fight to the death. If the other party still didn't give him a way out, he would not be courteous, so he was curious, if Su Yan were to swallow these six polar state Divine Lords, to what extent would she recover?

Holy Martial Fire God was a famous Divine Monarch of the human race, known as the leader of the Divine Monarchs. The God Power was like a white sacred fire, vast and grand. It came from the same source as Di Yao's Great Emperor Yang Yuan, and was the power of masculine fire.

"Sage Dao Killing Fist!"

Previously, when Long Chen had forced him back with the Blood Spirit Spikes, Holy Martial Fire God had been holding back all his anger.

Now that the other five deities had made their move, he completely released them all. He decisively struck out, using the Divine Lord rules that he had comprehended to their utmost limit — the Sage Dao Killing Fist!

This fist strike was the symbol of the Holy Martial Fire God, it was huge and vast, glowing with boundless light, filled with killing intent, wherever it went, the Evil Demon would retreat, and all living things would submit!

Ling Xi's Road Seal actually belonged to this line as well, and the Killing Fist was a Bright Killing Punch, representing righteousness and prestige. The Killing Fist gave Long Chen the feeling of a Primordial Gods, looking holy and pure, but in reality, it was very dignified and cold-blooded!

Long Chen wanted to leave and explore the secrets of the Star of Destiny, but the Holy Martial Fire God had already arrived. How could he escape?

Without a word, he turned around and stabbed.

The peerless Dragon Slaying Sabre sensed Long Chen's battle intent and let out a shrill scream. The black Qi spread, and Long Chen's speed instantly increased greatly.

The Sword Scripture contained the laws of karma!

The Karma Emperor Sword was a sword that could cut through karma, it did not need a sword to be able to be unleashed, as long as Long Chen was willing, he could use it with his arm, but the effect was different, after fusing the Ancient Code into the unique Sword Scripture, the power was actually stronger!

Holy Martial Fire God had originally wanted to go all out, but now, he was so depressed that he wanted to vomit blood. Under such a chaotic situation, Long Chen's speed increased drastically, and suddenly flew past the point where the Holy Martial Fire God's fist intent was the most concentrated, and used the peerless Dragon Slaying Sabre to display the Karma King Sword, slashing down!

A dual attack of Time and Karma!

Long Chen displayed the rules of his sacred art to the extreme.

His hand raised and the blade fell!

The Holy Martial Fire God turned pale with fright and adjusted his Sacred Path Killing Fist, but he was not able to completely block Long Chen's ace attack. In the end, Long Chen's slash deviated and cut into his shoulder.

The Holy Martial Fire God cried out in pain and fled.

"He can't even withstand a single blow!"

Long Chen looked down on this kind of fellow who only knew how to hoot the most. In terms of true combat strength, this Holy Martial Fire God might be the weakest. The other Divine Monarchs brought him a rather dangerous feeling instead.

"Everyone, let's work together to kill him!"

Holy Martial Fire God's face was pale, he escaped to the outer circle to recover his arm, and shouted.

Generally speaking, those who were good at blabbermouth were all useless. This Holy Martial Fire God was extremely arrogant in front of Long Chen earlier, but he submitted in the blink of an eye.

However, what was more troublesome was that the other polar state Divine Monarchs had all charged forward!

Long Chen did not dare to underestimate them. To be able to grow to the level of a king among countless Divine Spirit, he was sure that they were not simple people. They all had their own abilities, and their reputations shook the entire world!

Of the returning gods, aside from the four Celestial Kings, these six were already the strongest!

The battle between Long Chen and the two of them could be considered the most intense battle, below that between Divine Kings!

After forcing back the Holy Martial Fire God, the first to attack was the demon clan's Empyrean Tyrant Tiger! This tiger's entire body was snow-white, but although practicing the path of slaughter seemed simple, its strength was the most terrifying of the six! Just as Long Chen raised his head, a gigantic white tiger descended!

BOOM!

Long Chen suddenly turned into a dragon, fighting against the terrifying Heavenly Sovereign King Tiger, he was the king of beasts, he was born with the Qi of a king, a tyrannical power!

"Not bad, take this!" "Autumn Blades!"

The Sky Sovereign Emperor Tiger had a concept based on autumn. Although Long Chen was right next to the Star of Destiny, in an instant, under the effects of the Sky Sovereign Emperor Tiger's concept, it was as if leaves were flying everywhere, the place was filled with killing intent!

The Emphyrean Tyrant Tiger smashed down. Just its claws alone had the power to destroy the heavens and earth!

This was a strong display of the path of slaughter!

"He really is powerful!"

Long Chen praised in his heart, but he was not afraid. A battle of slaughter, this was a battle that made his blood boil, what exactly was he going to use?

The Primordial Blood Spirit Dragon's Fury! Ten Thousand Deadly Claw!

The blood-colored dragon's four claws were intertwined with an angry power. It moved upwards and clashed with the Sky Sovereign Emperor Tiger!

This was a battle between dragons and tigers, it all relied on hard power. After a fight, Long Chen had the upper hand and used his claw to grab the head of the Sky Sovereign Emperor Tiger, cutting it open with blood!

Sky Sovereign Emperor Hu was defeated!

Such massacre godly might indeed intimidated the other Divine Monarchs. They knew clearly that Long Chen was very strong, but they didn't expect him to defeat two Divine Monarchs consecutively. His might was limitless, causing people to sigh in admiration.

Of course, in his battle with the Sky Sovereign Emperor Tiger, Long Chen had also suffered a small injury.

But of course, the attacks of the six Divine Sovereigns wouldn't stop. Perhaps this battle had just begun! Long Chen couldn't help but want to know how long he could last against six.

Currently, the six of them had not attacked Long Chen at the same time, and he was also breaking away from them at the same time. When the Sky Sovereign King, Di Hu, was forced to retreat, he immediately changed his position and a new Monarch appeared in front of him to stop him.

"You want to leave? In your dreams." The Divine Monarch in front of him was shrouded in a black robe. His face was pale and his mouth was long and thin. It was extremely strange. Although he was a god, the death aura he emitted was monstrous!

"You killed my good partner, that old geezer Netherworld." Lord of the Soulreaper laughed as he tested the waters.

Chapter 2692 - Xuanming Sea

"Whiz!"

The Lord of the Soulreaper was extremely swift, and in the blink of an eye, a Manifestation Divine Weapon appeared in his hands!

It's not as good as an accident, it's all Genesis!

After all, once someone reached the realm of the polar state Divine Lord, if they still couldn't take out something from the Genesis, that would be a bit embarrassing.

It was a pitch black sickle with the pattern of skeletons. The dead aura churned, it was extremely dark and dense, with billions of vengeful spirits hidden within the small sickle. Countless faces that screamed miserably came out from the sickle and screamed at Long Chen, as though they had reached out their hands to grab Long Chen.

Long Chen could feel those hands pulling at his soul, pulling him into the scythe.

"You will soon be one of them, Long Chen. Fighting against the gods, this is truly an enormous joke."

The voice of the Lord of the Soulreaper was like a shadow that followed him. He caught up to Long Chen, and the black scythe was already approaching him.

"Really!"

It was simply challenging Long Chen's limit today!

Just the thought of it was enough to shock the Six Divine Monarchs!

But he was facing it, and he had even quickly forced the Holy Martial Fire God and the Heavenly Emperor Tiger to retreat!

At this moment, facing Lord of the Soulreaper's Genesis Sickle, he suddenly turned around, the peerless Dragon Slaying Sabre in his hand suddenly slashed back, although the Lord of the Soulreaper's frontal attack was not strong, it was extremely strange, Long Chen turned around and slashed, time was stopped!

The Berserk Blade and the sickle met!

No matter how strong Lord of the Soulreaper was, he was still unable to face Long Chen's strongest attack in terms of laws. In three breaths of time, his life and death had already been grasped by Long Chen, and now he was finally in a state of shock!

If not for the other Divine Monarchs charging up at this time, Long Chen would have been able to kill him.

If he was killed, Long Chen would have to face the attacks of at least three Divine Monarchs at the same time, which wouldn't be a good idea. Without saying anything further, he turned and retreated, while Lord of the Soulreaper who was hit by the Time Break lost most of his strength, and was almost swallowed by Star of Destiny, falling right into the Star of Destiny!

Dang! Dang! Dang!

At this moment, what was blocking in front of Long Chen was a gigantic figure that covered the sky! It was the Sorcerer!

His consecutively losing three polar state Divine Monarchs already made the Divine Monarchs gasp in admiration. Only Long Chen could bring out such a glorious result in battle, so if he allowed Long Chen to go against the heavens again, they would lose all face!

In such an urgent situation, Long Chen simply did not have time to see what he looked like. In any case, there was one aspect of him that surpassed the Sky Sovereign Emperor Tiger, and that was his tough body.

This was the most terrifying steel that Long Chen had ever seen!

RUU...!

He charged towards Long Chen, releasing a sound that shook the heavens and earth!

Long Chen suddenly transformed into the God Dao's Heart Refining Dragon!

Speed up, impact!

Sword and Saber God Prison!

With millions of blade and sword as the vanguard and Sword of Judgment as the apex, he exerted all his might.

BOOM!

That terrifying collision sound had erupted like never before!

Both sides were incredibly tough!

This was a completely head-on clash, with no techniques to speak of.

The other five Divine Sovereigns felt their scalps go numb as they watched!

But in the end, Long Chen still managed to suppress the Steel Witch God!

His Sword of Judgment pierced through the Black Mage's fist and knocked the Sorcerer away.

Defeating the Four Divine Monarchs in a row!

Each time, it was only one move!

This kind of glorious battle record truly moved the Gods!

They had been chasing after Long Chen from the start, and had just failed to catch up. Long Chen, who had no intentions to shake with them, had even avoided being besieged by them at the same time. However, at this time, with a few Divine Monarchs blocking him, he was finally unable to escape his fate of being besieged!

However, this time, there were only two people surrounding them.

A gigantic turtle with a snake's head, body, and tail!

A pale little girl in a short black skirt.

Long Chen couldn't see the Lord Phantom, but he knew that she was right in front of him.

"Xuanming Sea!"

When Long Chen had just beaten back the Sorcerer, the Profound Nether Holy Beast had immediately used its power of law against him! Suddenly, Long Chen was surrounded by the endless ocean. That was an extremely dark and cold ocean, omnipresent, with nowhere to escape. The terrifying ocean water was freezing Long Chen's divine body, this was somewhat similar to the Yellow Springs Divine Lord's Sea of Bitterness!

However, the Sea of Dark Underworld was colder and wilder!

It was bone-chilling cold!

In this sort of situation, the Lord Phantom would always be beside him. The other Divine Monarchs would soon rush up to surround him, if they didn't leave now, they would be completely surrounded.

Long Chen did not panic, but only laughed coldly. He instantly transformed into the Taiji Creature Dragon and activated the Fourteenth Spirit Formation with his strongest posture!

The Sea of Xuanming was just the power of a diagram.

As long as it was a formation, the Fourteenth Life Formation could be broken down and transformed!

Fourteen huge spirit formations completely enveloped the Sea of Xuanming, telling everyone to break down and transform them. Even if it was a Profound Nether Holy Beast, they could only watch as their own attacks were swapped for Long Chen's attacks!

"Explode!"

At this moment, Long Chen felt a killing intent lock onto his chest. That was the location of the Heart of Rules, the Lord Phantom who had been hibernating for a long time had finally made his move. Lord Phantom was the king of assassins amongst the Divine Monarchs, so he came and went without a trace.

Therefore, she could only attack right now!

If he did not attack, Long Chen was going to escape!

At this time, Long Chen had detonated the Fourteenth Life Formation. As long as it was near him, everything would be destroyed.

"You're too slow." Looking in that direction, Long Chen smiled lightly.

The fourteenth formation had produced unprecedented movements!

BOOM!

Colorful rays of light bloomed, and directly sending the six Divine Monarchs flying. Lord Phantom, who was in the very center of the light, was the one to bear the brunt of the attack.

When the light faded, Long Chen no longer knew what to do.

The six of them were left behind, and virtually all of them were injured. They glanced at each other, their faces extremely ugly.

The Heavenly Sovereign Di Hu said, "I underestimated him. I never thought that he would be able to leave without a hitch under the siege of the six of us. Not only that, he even injured us!" Truly powerful! It would not be excessive to be known as the number one person below the Celestial King! "

Holy Martial Fire God was furious to the extreme, and roared: "I refuse to accept this! If the six of us were to attack at the same time, he would definitely not be able to stop us. No, I must tell the Divine King, this kind of person cannot be captured alive, and can only be killed.

At this moment, Lord Phantom opened her eyes from under the severe injury. She glanced at Holy Martial Fire God and said: "Were you restraining yourself just now?"

Holy Martial Fire God was speechless.

He had used all his strength, but in the end he was defeated by Long Chen in one move. If it wasn't for the other people around him, he probably would have ended up like the Divine Lord Huang Quan.

Lord of the Soulreaper said: "Enough, stop quarreling, we should all have the same thoughts. As for what we should do next, we will follow the God King's instructions."

They told all they had seen and heard in the Star of Destiny as well as the details of the battle to the God King outside.

Almost all the gods were gathered outside of the Star of Destiny. From their point of view, the Star of Destiny was a small and bustling place.

It was very lively inside.

At the top of the Gods, there were three Divine Kings, respectively the Infernal King, the Starry Skies Divine King, and the Divine King of Light. There was still one more member of the Monster race, the Celestial King, who had yet to arrive.

The faces of the three Godkings were all different, and there were discussions amongst the various gods. However, their faces were ugly, and they were all enraged.

The Infernal King's expression darkened. "I never thought that the interior of the Star of Destiny would actually be like this, which is beyond our expectations. This mysterious place of the Dragon Sacrifice Continent is really not good, and so is the Incantation from before.

Divine King of Light said: "Once number one in the Ten Thousand Worlds, how can it not be simple. For example, isn't this Long Chen a miracle? His initial goal was to fight his way to Star of Destiny. It's a pity that we thought he was trying to escape! "

"I'm only missing one breath of time to rush in. If I were to go in, it wouldn't be so troublesome." These six useless things! "

I am very clear of the strength of these six people, especially the Sky Sovereign, the Emperor Tiger, and the Black Tortoise Sacred Beast; they were personally raised by me, so I know what level they are at, the reason why Long Chen was able to harm each one of them and then disappear from their sight proves that he is already close to our level. "He has already chosen to give it his all to break off with us. Now, we have to think of a way to resolve this issue."

He ordered the six Divine Monarchs, "All of you go find Long Chen, remember that you can't separate, and that he is useless now. Furthermore, this matter is of great importance, so there is no need for you to hold back, kill him as long as you can, find the mysterious blade of grass in his hand and break this barrier. Let us go in, and carefully study this Star of Destiny."

The six Divine Sovereigns immediately obeyed.

"For the time being, we can only wait here." The Infernal King suppressed the anger in his heart and said somewhat helplessly.

They, as stately Archaic Gods, were actually toyed with by a Long Chen when they came to this place. This was just too laughable. Everyone felt a deep sense of shame on their faces!

"I have a solution, isn't Long Chen just concerned about the lives of the creatures in Dragon Sacrifice Continent? We can take out a hundred million people and kill them right here and there, I don't believe that he will sit still and do nothing!" The Windstorm Divine Lord had an epiphany as he quickly spoke.

"Shut up!"

The Infernal King slapped her across the face, causing her to bleed profusely. He then furiously roared, "In the future, whoever dares to say something similar will be imprisoned for a million years!"

All the Gods were shocked, and immediately shut their mouths. In truth, many of them had already thought of this method just a moment ago, but had been preempted by the Windstorm Godking.

Long Chen brought Five Dragon Cities away because he was concerned about the life and death of the people around him.

If the gods really did this and didn't do it, Long Chen would definitely come out. Other than the Five Dragon Cities, all the other creatures were connected to him.

Chapter 2693 - Shadow Snakes

The gods thought that if they could defeat Long Chen, they would have to wait to see what would happen to him every day.

In their eyes, regardless of whether it was Di Yao or Di Jun, they would beat him down to death in the end, and even take down his Five Dragon Cities as they please. This way, they could all rejoice.

Long Chen wasn't someone who liked to cause trouble, and he didn't want to get into conflict with the gods. Make them hate themselves.

But this was the problem of the gods. From the initial contempt to the assassination of the Infernal King, to Di Yao's various threats, it was simply not him taking the initiative.

Long Chen's actions today could be said to have been a slap on the face of the gods.

The three Celestial Kings, in particular, had a fire burning in their bellies.

Only after having shouted at the Lord of the Tempest was the Hellfire Godking able to calm down slightly.

The Divine King of Light was still relatively calm as he spoke between the other two Divine Kings, "Long Chen is young and vigorous, has created many miracles and failed to hold him back even for the first time. Although the six Divine Monarchs have surrounded and attacked him together and it might be hard for even us to handle them, Long Chen has some strange abilities, so it is likely that we are completely awaiting their news!"

Starry Skies Divine King shook his head: "No, I believe in the strength of these six Divine Monarchs. It's just that this time, they aren't very familiar with Long Chen, after this battle, they should be well aware of it. If they can find him next time, it shouldn't be too much of a problem. After all, Long Chen's cultivation time is too short and his foundation is too shallow, and these six polar state Divine Lords are all powerful divine beings that have undergone tens of millions of years of cultivation. "

The two of them had reached an agreement and argued for a while.

The Infernal King interrupted her. "Although I have a lot of confidence in the six Divine Monarchs, Star of Destiny isn't as simple as we think. It's possible that the palace we're looking for will be inside."

Hearing this, the other two Celestial Kings grew cautious.

Divine King of Light said the first thing: "Then let's take a look at the situation of the six of them. Xing Feng, please invite that demon clan member over. After entering the Dragon Sacrifice Continent, he has not shown his face, although he is actually the strongest among us, he cannot do anything but carry out a mission. With him around, together with the three of us, we might be able to break this barrier. "

Before this, Yang You had thought that the four Divine Kings had tried, but in truth, the information she had received was not very accurate.

Starry Skies Divine King said, "Alright, I'll have a chat with him, but he is currently cultivating in seclusion. It will probably take some time for him to come out."

The Infernal King and Divine King of Light nodded.

At this time, the Divine King of Light's face hardened, and said: "This Long Chen is my negligence, the thing we are looking for here is itself related to the divine dragon. Since he is the biggest inheritor of the dragon, he will definitely be favored by this world, and he might even possess many secrets. It's all my fault, I wanted to nurture him when I first saw his outstanding talent. "

The reason the Starry Skies Divine King didn't like Long Chen was because he had defeated him.

He said, "It's too late to understand it now. We've underestimated him. Even his decision today was insane, but it did give us a headache. Now you are sure that we need to use him, but are there any problems with the Princess Di Yao? "

Di Yao arrived right after Ye Zichen mentioned her.

Her face was cold and grim, her long white hair fluttering behind her back. Her young and passionate self had actually turned into this current state, causing the Gods to be unable to help themselves from feeling regret.

"Did he go in? You guys can't get in? "

Di Yao walked to the middle of the three Divine Kings, her voice bone-chilling cold. Although her face was still as tender and beautiful as before, her coldness was enough to make people revere her.

The Infernal King had interacted with her the most. He knew that she was hard to deal with.

He nodded his head and said, "This barrier is a mysterious object in this world. The three of us are unable to break through it even if we use all our strength. We can only have the four of us try it out once more to get that member of the Monster race to come over."

Di Yao stared at the flourishing Star of Destiny in front of her. Although she didn't say anything more, she was so angry that she was trembling. Long Chen had never listened to her words. After their break up, the decision that he had made was to counterattack powerfully at Di Yao. At this time, she was even more enraged than when she was defeated by Long Chen.

"I'll give you guys a month to break it! Capture Long Chen for me, I want to personally teach him a lesson! If even that fellow from the Goblin Tribe is unable to do it, then use the Eternal Light Stone to smash open this place. If you guys are unable to break through, then the Eternity's Eternal Light Stone will definitely not be able to break through! "

Di Yao scolded.

Not even the Gods dared to speak.

The three Godkings fell silent.

That's right, the Everlasting Stone could.

However ...

Inside, there are six Divine Monarchs of polar state besieging Long Chen. If nothing unexpected happens, they can bring out the key to open the barrier, and Long Chen will be at your disposal when the time comes. The other four of us will do our best, as it concerns our mission. But the Eternal Rocks cannot be used without the Divine Emperor's order. "

Di Yao sneered, "Don't worry, when the time comes, I will contact my father and tell him about the situation."

With her coming forward to apply, and taking responsibility from her, the Divine Kings was obviously not afraid. Indeed, as long as they could use the Eternal Rocks, there was nothing they couldn't break. Before coming to the Dragon Sacrifice Continent, Di Jun had already given them the ability to use the Eternal Rocks.

"Remember, one month!" Di Yao coldly replied. She had just left this place and was about to go crazy from anger.

After the failure of the Infatuation Curse last time, her mother had actually never contacted her again. Previously, she had relied on the jade hairpin, but now, it was broken into pieces. It was even possible that The God Emperor of Forgetfulness would be injured because of some sort of change that had occurred to Long Chen!

"This damned thing! You let me down, and even hurt my mother. This time when you come out, I will use my own strength to tear you to pieces! Now that I have already awakened the laws of forgetfulness, why would I be afraid of you. "

He had to do it personally in order to dispel the hatred in her heart.

From love to hate, it was that simple.

In fact, it was very easy for Long Chen to avoid them.

Relying on the huge movements of the fourteen formations and escaping into the river of time, it was very easy to get rid of them. Furthermore, the Star of Destiny was so huge, coupled with the huge gravity and the extremely strong spatial stability, even Long Chen could only unleash around a tenth of his speed in this place. To rely on a speed that was much slower than normal to find him was nothing more than a pipe dream.

In the God Kingdom, all the Dragon Fighter looked at this vast wasteland and couldn't help but exclaim in admiration. It was unimaginable that there would be such a vast piece of land right beside the Dragon Sacrifice Continent.

"What a miracle!"

"This Star of Destiny shouldn't have anything to do with the great war between the gods and devils tens of thousands of years ago. It seems to have appeared out of nowhere in this chaotic star field.

Right now, Long Chen was stepping on top of this Star of Destiny which had a huge gravity, moving forward on this boundless planet.

In fact, he had two choices.

First, he had to search through the Star of Destiny and find what he was looking for.

Secondly, he had to quickly kill the six Divine Monarchs in order to prevent them from finding what he was looking for before he did.

Long Chen chose to be number one and explored first because he was far too curious about this world. In addition, he had a certain level of confidence that if this was really the ancestral dragon's inherited blood essence, then not just anyone could easily obtain it.

Between him and the six Divine Monarchs, he still had a bit of leeway. If they were not going to show him any mercy, he could only choose to fight them to the death in order to let Su Yan recover his strength.

If it was an enemy, Long Chen would not show them any mercy.

To be merciful to others is to be cruel to oneself and one's own people.

Moreover, it would also be very difficult to kill all of them at once because they had to gather together at all times. If Long Chen had to choose between the two to kill all of them, he would probably need a very long time.

He had still considered another possibility, and that was that the Celestial King had broken through the barrier and entered. This was a possibility.

Hence, he had to find the mysterious place in the Star of Destiny as soon as possible.

Long Chen was walking on these endless desolate stars. There was nothing on top of it other than sand and dust, and it was dancing in the air. Even with such gravity, it was a miracle that the sand and dust could still fly.

"This Star of Destiny ..."

Long Chen felt that he had entered the Incantation.

It had come from before the Primordial Era, and it had a heavy aura of desolation. It even had the thick smell of a The Age of Dragons, so this must be a secret place.

"Father, you definitely want me to come here!"

Long Chen couldn't help but think of Long Qinglan.

He was the one who made me find this place, yes.

There were several times when he brushed past the Star of Destiny, he did not expect that this would be the case.

After walking for half a day, he finally saw something different.

"What is this?"

Long Chen was a little stunned and hurried forward. In front of him, he saw a vast expanse of white, and it was a kind of gentle light. It was stuck to the ground, and seemed like a shining river flowing past him.

Long Chen instantly increased his speed, only then did he realize that it wasn't a river, but rather that he couldn't explain what it was.

The snake in front of his eyes was a hundred thousand year old snake. The snake was not very big, and its longest was around ten meters, densely packed and dense, with all of them moving at the same speed, from Long Chen's right to the left. It was precisely because they were too close together that all of them were crawling forward, and Long Chen would even think that it was a river.

However, this was not a snake. Instead, their bodies were emitting a misty white brilliance.

Their eyes glazed over with grandeur as they crawled forward in the hundreds of thousands.

Long Chen noticed that there was a chain that was also made up of white light wrapped around their bodies. Even if it was a chain, a light tap from Long Chen would dissipate it here.

"This is the only thing in the Star of Destiny, it must be related to the secret here!"

Long Chen was assured, hence he followed the shadow snake group. As he followed them, he wanted to see where the shadow snake group was!

Chapter 2694 - Inside the Star of God

The term Hun Yuan referred to an extremely long time ago when the world was being created.

Heaven's Mandate was the fate of all living things in the universe.

Therefore, a fourth kind of Ancestral Dragon was born. It was Hun Yuan's Heavenly Fate Dragon, which held the fate and wish of all living beings in the universe.

As Long Chen followed the small snakes, he also started to think. For the time being, the Star of Destiny was still unable to see where it had anything to do with Hun Yuan's Heavenly Fate Dragon, the only strange thing was the groups of white snakes rushing towards the distance. Their eyes were glazed, as if they were only looking at the distance, and even more so, were not concerned with whether there were people around them.

"We've already followed them around half of the Star of Destiny, why haven't we arrived at our destination yet?"

Could it be that they had no destination at all, and just continued to revolve and crawl around the Star of Destiny, going on for tens of thousands of years, or perhaps even a whole era?

If they were not living beings, then what could they be?

Just as Long Chen chased the group of Shadow Snakes forward, the six Divine Monarchs of polar state also discovered the group of Shadow Snakes that was running past the Star of Destiny. This was the only special thing about the gigantic Star of Destiny, so they were naturally able to notice it.

"What the hell is this thing!"

He was not in a good mood after being scolded by the Infernal King. What he wanted to do the most now was to quickly find Long Chen and chop him into eight pieces!

With a wave of his hand, a white sacred flame formed into a fist and pressed down on the hundreds of white fluorescent snakes that turned into dust immediately. However, the other white snakes were not affected and continued to move forward.

"Don't move." Lord Phantom coldly said. After the previous battle, the six of them were in a bad mood. But she couldn't let the Holy Martial Fire God do as she pleased.

By now, the six Empyrean Gods had already arrived next to the shadow serpents, and they all began to study them.

The Heavenly Emperor said, "This is truly strange. This is not a living being, but it is advancing forward for an eternity. It is as if it is being cursed and sealed." It was extremely similar to the Divine Dragon on every single Xing Chen in the Incantation. The only difference is that these black dragons have offensive power, while this little white snake doesn't. "

Lord of the Soulreaper chuckled: "Looks like this is also the Land of the Gods' Dragon. Who knows, maybe this little snake is a kind of dragon. Let's first destroy these little snakes."

The Divine Dark Wizard thought for a moment. "Don't worry, Divine Lords. Logically speaking, this group of snakes should be rushing towards the end of the line, since this is the only thing that we met that is different from the ones we met in Star of Destiny. Then Long Chen must have also seen it, he came here to explore, so he would definitely be going in the same direction as the group of snakes. Once we finish him, we will have plenty of time to study this Star of Destiny. "

"That makes sense. Let's go! "I can guarantee that this kid will be right in front of us. Last time we teamed up, he even managed to escape. This is such a shame, don't try again. This time, I will definitely make him die without a burial ground!"

Holy Martial Fire God clenched his teeth, the holy fire in his eyes igniting.

The six Divine Monarchs left as soon as they heard his command. They sped up their pace and continued onward.

After going forward for another day, Long Chen finally saw a mystical place.

In front of his eyes were two enormous vortexes, one in front of him, the other behind him.

This whirlpool was like a water filled with snow-white light, and its rotation speed was not fast. Each whirlpool was tens of thousands of meters in diameter, and they emitted a beautiful light, like a spinning lake.

"Perhaps these snakes are a type of dragon!"

Long Chen also thought so.

One was the starting point and the other was the finishing point. The one closest to Long Chen was the finishing point, and the white fluorescent snakes that were circling around the Star of Destiny rumbled and charged into the whirlpool before him. When they came into contact with the water surface, they turned into shiny powder and entered the whirlpool.

And the same whirlpool in front, it was the starting point. The more snakes dissipating on this side, the more formed on that side, and after forming on that side, they would continue to move forward. They would probably circle around the Star of Destiny to return to the finish line.

"Why is it like this?"

Long Chen was puzzled.

He stood quietly before the huge whirlpool and watched as each of the white snakes charged into the whirlpool and disappeared without a trace.

Their eyes were empty and lifeless, and did not seem to be filled with life. However, Long Chen felt that only a divine dragon could have such a feeling, or maybe it was possible, that they were dragons and not snakes.

But if it was a dragon, why was it like this?

In truth, everyone in Five Dragon Cities also had the same vision as Long Chen. When they saw this whirlpool, they were amazed.

Long Chen, on the other hand, was thinking whether or not he should enter this whirlpool.

Perhaps it was the real secret within.

However, this was accompanied by risk. After all, no one knew what would happen after entering.

So he hesitated for a moment.

At this moment, he sensed the arrival of the six Divine Monarchs in advance.

His gaze instantly turned cold.

"These fellows must have received the God King's order. It seems like they want to kill me." They obviously came in pursuit of the snakes as well. "

To deal with them, Long Chen would not choose to let them attack him together. It would be best if he defeated them one by one, so he escaped into the river of time.

Holy Martial Fire God looked around, the flames in his eyes ignited, and he said angrily: "This aboriginal is not here? That's not right! "Just now, I could still feel his aura, so I escaped quickly. We have to chase after him!"

The Lord Phantom shook her head and looked around suspiciously: "If she escaped, we should be able to detect her movements as well. He disappeared all of a sudden, I remember he has a rule to hide her body, maybe he's around, everyone be careful, he definitely wants to defeat us one by one, we can't give him a chance like that."

After being injured by Long Chen the last time, this little girl wearing a short black skirt was also extremely angry.

The six Divine Monarchs instantly grew vigilant, preparing to attack.

The Profound Nether Holy Beast suddenly said sinisterly, "I have a plan."

"Hurry up and use it."

The Holy Martial Fire God urged, he was already impatient.

Without a second word, the Profound Nether Sacred Beast used the Sea of Xuanming on the slithering shadow serpents. In an instant, the countless serpents disintegrated before they reached the white vortex. Thousands of white serpents disappeared.

He had destroyed a group of snakes before Long Chen's eyes.

Long Chen and the others knew that this group of snakes might be related to the dragon, and the dragon was their enemy and Long Chen's companion.

The Profound Nether Holy Beast was a considerably effective method, one that could even anger Long Chen.

"Despicable."

Long Chen secretly cursed, and his figure appeared in front of them. His eyes were calm, his gaze cold, his huge body standing in front of the white whirlpool, with surging divine power sweeping out.

"Ladies and gentlemen, I didn't expect to see you so soon."

They had already prepared to make their move at the same time to kill Long Chen. As for how to kill him, before they had even arrived, they had already thought of a method to join hands with him. They definitely could not let Long Chen succeed this time!

"The Divine King ordered for you to die without a burial ground!"

The Holy Martial Fire God said coldly and angrily.

"The Infernal King?" Long Chen laughed, he had not yet avenged his revenge, he was actually anxious to kill him.

"It's all the Divine Kings! You violated the God Clan's taboo, not only did you violate the God's rule, you also secretly ran away and injured us, your crimes are extremely heinous, Divine Kings has already

joined together to sentence you to death! If you surrender, perhaps you might even be slightly forgiven. If you resist, then your crime will be even greater. "

The Holy Martial Fire God wanted to suppress Long Chen's arrogance.

Long Chen laughed. Then this time, they could be considered to be fighting with their backs against the water, and at this moment, being merciful was actually treating him cruelly, he had not really made the decision to send these six Divine Monarchs to the west, it seemed like this was the right time.

"Then make your move. Let me see what these six so called polar state Divine Monarchs have up their sleeves. Or was it like last time, when no one was a match for my move? "

"Shut up!"

The gods were slightly angered, and scattered apart. However, they maintained a certain distance from each other, and attacked Long Chen!

Attack!

In this battle, Long Chen was filled with anticipation. That's right, he liked challenging battles. Now, although it was very difficult, it actually stimulated his hot-blooded fighting spirit!

"I want to slaughter the gods!" It will start just like this! "

The conflict had reached a point of no return!

Just as Long Chen was about to use the Rules of Time in one hand and the peerless Dragon Slaying Sabre in the other, the white vortex behind him suddenly started to spin faster, instantly increasing in speed by a few hundred times, creating a terrifying devouring power. Long Chen was just inches away from him, and just as he was caught off guard, he was engulfed by the white vortex!

The same was true for the six Divine Monarchs. They had just taken action, but felt as if their bodies had been caught by a monster and were being pulled towards the vortex.

The six Divine Monarchs, after following Long Chen, also crashed into the snow-white whirlpool and disappeared one after another. Only at this moment did the high-speed rotation of the whirlpool stop.

The group of Shadow Snakes continued to move towards the whirlpool, with an end to the end, the entire Star of Destiny returned to its previous tranquility.

"Martial Saint!"

The Infernal King had suddenly lost contact with the Holy Martial Fire God and the others.

"What's going on, isn't he going to fight with Long Chen? Why did it suddenly disappear? "

Just as they were wondering about it, the voice of the Holy Martial Fire God finally sounded. "Divine King, we've arrived inside the Star of Destiny and this place is extremely shocking. We'll kill Long Chen first, then we'll explain in detail to you!"

"Inside?"

The Star of Destiny was so big, so the interior must be huge as well.

"Hold on, we are about to break this barrier." The Infernal King said confidently.

Chapter 2695 - Divine King Mo Huang

The devouring from before was extremely dangerous for Long Chen.

"I never thought that the white vortex would suddenly change. Fortunately, this should be the Star of Destiny's interior ... right?"

What Long Chen was facing right now was a gigantic tunnel. This tunnel was very wide, with a diameter of at least several tens of thousands of metres, which was enough for him to fight with the six Divine Monarchs here. Long Chen wasn't sure either, but if he looked down, he would see an endless abyss.

The six Divine Monarchs spread out in front of him as they stared in shock at the bottomless pit. It wasn't pitch black here, because there were little snakes that emitted a white glow everywhere, and

every ten meters there was one. Unlike the white snakes outside, they didn't run at all, instead curling up and closing their eyes, as though they were in deep sleep as they floated within the bottomless pit.

There were sleeping little snakes everywhere. Looking down, they were densely packed and emitting a white light, like beautiful gems in the night.

Without enough time to observe, Long Chen once again clashed with the six Divine Monarchs.

In this situation, they could only fight to the death!

Killing intent gradually spread out among the seven of them! In the eyes of millions of Five Dragon Cities, the fact that Long Chen dared to face the six polar state Divine Monarchs at the same time was an impressive display of unparalleled boldness!

But fighting here and fighting outside, for Long Chen, was an extremely huge restriction on him, and that was that there were white snakes everywhere, and those white snakes would immediately shatter upon touching it. If they really fought, who knows how many tens of thousands of little snakes Long Chen would cause, who knows what disappearance would mean for them, so he was in a lot of trouble!

The six Divine Monarchs took care of each other, their expressions fierce, as they had already approached Long Chen!

Amongst them, the Ascendant Di Hu, the Black Tortoise Holy Beast, and the Sorcerer had already transformed into their true forms. Just by revealing their true forms, they were able to crush quite a number of the small white snakes.

The three human Divine Lords were basically at their peak condition before them!

Long Chen's eyes turned. Under this kind of disadvantageous situation, he could only think of one method.

Among the six Divine Monarchs, there was one who was truly anxious, anxious to wash away his shame, and that was the Holy Martial Fire God. The six Divine Monarchs had already agreed to attack at the same time, but he was still a little too far ahead!

Long Chen held onto the peerless Dragon Slaying Sabre, his goal was the Holy Martial Fire God.

"If you ancestor or heroic spirit, please forgive Long Chen for his rudeness."

His heart was filled with respect towards this divine dragon!

The battle was about to begin!

Just as Holy Martial Fire God was making his move, Long Chen was even faster than him.

"Time Breaks!"

A simple move, a move that could be said to be unstoppable by anyone even by the Divine Monarch of polar state. Time-breaking was one of the most profound rules of Long Chen on the path of time, and despite the lack of killing intent in Holy Martial Fire God, he was defeated by Long Chen at the first collision! But of course, the other Empyrean Gods were already mentally prepared. In but a few short moments, several attacks of the Edicts had arrived!

"Death Realm's Dragon Gate!"

In the next moment, Long Chen became even faster, both of his hands spun, the Death Realm Dragon Gate opened, a gigantic dragon claw extended out, releasing the Death Realm's Qi.

"If you don't want him to die, then stop."

In the blink of an eye, Holy Martial Fire God was right in front of the Death Realm's Dragon Gate. The mighty Divine Lord of polar state was defeated by Long Chen in one move.

All of this happened within the time it takes for a spark to fly off a flint. In the blink of an eye, the almighty Holy Martial Fire God had entered Long Chen's hands and his life and death was in his hands.

Death Realm's Dragon Gate!

It had been a long time since Long Chen used this absolute art, causing the gods to be unsure of what it was. However, the Immemorial Giant Demons back then were almost all dealt with by Long Chen in this way.

Seeing that the Holy Martial Fire God was about to die, the other five Divine Monarchs were still hesitant. It was true that they had a chance to injure Long Chen now, but his entire body was ignited by the flames of life, and he was even controlling the life of the Holy Martial Fire God.

The gods were angry and unwilling, but they were not as fierce as Long Chen. They could only retreat and attack, besieging Long Chen.

"That's right, I originally did not want to kill gods, but I think that Holy Martial Fire God will definitely not seek death, right?"

Long Chen's dragon claws had imprisoned Holy Martial Fire God completely, almost distorting his body.

To Holy Martial Fire God, this was worse than death.

Amongst the six Divine Monarchs present, he was the youngest, and the only one who had a chance of becoming the future Celestial King! He even directly came from the Di Jun Divine City!

However, he lost twice in a row to someone even younger than him.

It would have been better if he had lost in a battle to the death, since every defeat was an overwhelming one. In front of Long Chen, he was just a joke, especially since his life was in the other party's hands!

"Long Chen, kill me if you dare! If you don't have the guts, you better let go. If you dare to kill me, our gods will not let you off! Do you have the guts!? I am a member of the Di Jun Divine City, if you dare kill me, the Princess Di Yao won't be able to protect you. Furthermore, the Princess Di Yao won't care about your life right now! "

The Holy Martial Fire God shouted in anger.

Long Chen smiled faintly and said: "Don't be agitated, everything can be discussed. Alright, I won't dare to kill you, I'm a coward that fears death, how can I dare to kill you? Therefore, I can only kidnap you for a while, and then discuss with the various Divine Monarchs. "

felt extremely uncomfortable. It was really not a good choice to fight here, the Bottomless Pit must have some other places to go. If there was a place to fight below, Long Chen would not be polite.

Right now, using such a method was something he had no choice but to do.

He said to the Gods, "I have made a deal. In truth, my main objective this time was to explore this Star of Destiny by myself and move it to my Divine Kingdom. I do this so that I can better protect them and not have any malicious intentions in opposing you. Since the six of you have entered, then that is a kind of fate. What I want to trade is, I will return the Holy Martial Fire God to you and we will not fight.

The five Divine Monarchs looked at each other. Their current mission was to kill Long Chen, not explore the Star of Destiny.

"Ask the Celestial King!"

They made their choice.

Long Chen had a lot of time to wait for their conversation. During this time, Holy Martial Fire God was extremely embarrassed, he was furious and humiliated, his face flushed red, and every time he roared, Long Chen would suppress the Death Realm's dragon claw, causing him to feel so much pain that he wished he was dead.

Looking at the flushed face of this god, Long Chen could not help but think in his heart: "You will die, but is it only right now? Don't be too anxious!"

What he said just now was naturally just to tease them. He just wanted to find a place where he could fight without this little white snake.

Long Chen did not want to hurt them

After a while, the discussion between the gods came to an end.

The Sky Sovereign said, "Alright, we agree to your request. As long as you return the Holy Martial Fire God to us, we are willing to explore together with you. As for the follow-up matters, we'll settle them after you go out and meet the God King. If you perform well, the Divine Kings might be able to forgive you. "

"Oh. That would be great. "

Long Chen could not hold back his laughter. Without saying a word, he threw Holy Martial Fire God back, he was not at all worried that the other party would not keep his promise at all. After all, he could succeed the first time and succeed the second time.

Then, he ignored them and headed straight for the Bottomless Pit.

"Long Chen!"

Holy Martial Fire God regained his mobility and couldn't help but want to fight again, but he was stopped by the other Divine Monarchs this time.

"Isn't that humiliating enough?" Lord Phantom said coldly.

"What did you say!"

Holy Martial Fire God was furious.

The Lord Phantom did not pay attention to him as the God Realm warriors descended and quickly caught up with Long Chen. They were obviously worried that Long Chen would get some good stuff first.

The Holy Martial Fire God was burning with anger, but the other five Divine Monarchs remained calm, as if everything was within their expectations.

"Soulreaper, what happened?" Holy Martial Fire God asked.

Lord of the Soulreaper chuckled and thought: "You should retract yourself now. It will not be good for us to suppress your anger. This time, you acted too hastily. This is not your usual self. "

When Holy Martial Fire God thought about it carefully, it was true that he had been blinded by hatred and arrogance. He took a deep breath and said: "Go ahead."

The Lord of the Soulreaper said: "Originally, Divine Kings wanted to give up on you and fight you to the death. After all, Long Chen should be afraid of those white snakes, if he was afraid, we could have succeeded but you are lucky."

"What do you mean?" Holy Martial Fire God was a little scared, he did not expect that he was walking at the edge of the gates to hell for a while.

The Lord of the Soulreaper thought to himself, "The demon race's Celestial King has arrived. They are preparing to destroy the barrier. You can't give Long Chen anything, don't care about the others. "

The Holy Martial Fire God was shocked and said, "Has the Dark World arrived?"

"Yes, that's right, the real strongest of the four Divine Kings here right now. Their bloodline is much better than that of the Winged Flood Dragon, and in time, they will reach the level of the Perfection Divine King."

Holy Martial Fire God sighed: "This is a peerless expert, after all, he has reached the realm of the Divine King, and the disparity between initial state and initial state is just a huge gap. With the Dark Desolate God King's help, it shouldn't be a problem. "

It is said that his ancestors were descendants of Dragon Sacrifice Continent's Unparalleled Dragon and a Tai Yi Shen Jing Divine Beast. If not for the fact that they had been around for too many generations and their bloodlines are so thin, Mo Huang would have been able to become a Divine Emperor. You have to know, the Unparalleled Dragon and the divine beasts of the Tai Yi Shen Jing are many times stronger than the Divine Emperor. "

When the Holy Martial Fire God heard Long Chen's voice, he couldn't help but laugh.

"You can be proud of yourself. It won't be long before you know how miserable your end is. Was I really surprised that the Divine Kings would be merciful to you? This time, you have already challenged their limits! "

The seven of them continued to go deeper in.

This time, after going in for half a day, they were surrounded by little white snakes, yet they had yet to find a suitable place to fight.

But Long Chen felt that something was in front ...

Chapter 2696 - Ink Kylin

Outside the Star of Destiny.

Now, the gods were in a rather distant position.

An unprecedented event had occurred in the Star of Destiny, startling the gods and all the living beings in the world. The movements of the gods had always been great, and with their movements, even if the living beings did not want to know, there was nothing they could do.

Long Chen became enemies with the gods, brought the Five Dragon Cities and escaped into the Star of Destiny.

From the moment Long Chen killed the Divine Monarch of the Yellow Springs and was imprisoned in the Hell City, the common citizens seemed to have guessed that such a day would come.

They were familiar with Long Chen, and even had a feeling that they were closely related to him. Long Chen's fate was now closely connected to theirs.

In the Immortal God Realm, most people believed in gods under the control of the gods, but in reality, the entire Dragon Sacrifice Continent still had a rather shallow impression of gods. Although it was said that the Primordial Gods had made this world stronger, they still had a relationship with Long Chen.  
dehiscence of hair

Looking at the situation, they seemed to have sensed something.

The Gods were mostly targeting Long Chen.

Currently, all the gods, including those Divine Generals, were outside of the Star of Destiny and had completely surrounded the place.

Their eyes were fixated on the four Divine Kings who were closest to the Star of Destiny.

Aside from the Infernal King, the Divine King of Light and the Starry Skies Divine King had appeared frequently. There was also the arrival of a Celestial King. The curiosity of the gods towards this newly descended Celestial King had deepened as most of their gazes landed on him.

"Everyone step back, I'll give it a try first."

At this moment, the God King spoke with a voice filled with charisma and charisma. This voice carried the authority of a leader and a king, and just the voice alone was enough to suppress the Hell God King and the others.

Hearing the order, all the gods retreated, filled with anticipation. Even the three god kings retreated, clearly about to make their move.

"With the Dark Desolate God King's help, it should be fine."

"Ridiculous Long Chen, I thought that just because we escaped into the Star of Destiny, we could not do anything about him.

Looking at it from the face, this Dark Desolate God King was a handsome man. He was tall and sturdy with long black hair that was tied together into a bunch. His face was as hard as a knife, and his eyes were black

In terms of profundity, he naturally possessed the divine might of a king, making people convinced.

Right now, his black eyes were staring at the barrier above Star of Destiny, his expression was gloomy, probably deciding this time.

"God King Mo Huang is a divine beast that cultivates power, calamity, and luck — — It is said that his ancestors were descendants of Unparalleled Dragon and Tai Yi Shen Jing. Although the Dark Desolate God King had grown to such a degree, there was still room for growth. Among all the kings, there was still room for cultivation ...

"It's the shortest."

There were whispers among the various gods, and a portion of the female spirits were especially fond of this God King Mo Huang. The Godking was one of the returning gods, and he had the greatest reputation amongst the myriad worlds!

"Tai Yi Shen Jing! The Divine Emperor is only a Taiyuan Deity Realm, in the current ten thousand realms, there isn't even a single supreme divine spirit with a Tai Yi Shen Jing. "

Just as he said that, the Dark Desolate God King made his move.

"How fortunate. I never thought that I'd be able to see the true form of the Dark Desolate God King." All the Gods couldn't help but start to look forward to it.

In the blink of an eye, a huge, pitch-black beast appeared before everyone's eyes. This beast looked very similar to a divine dragon; it could be said to be the dragon's head, but it was more rugged and thicker. It was not as slender as a dragon's head, but it also had a trace of dignity.

The tail was filled with a strong and forceful force! It was a dragon-shaped beast!

Compared to flood dragons and divine dragon bloodlines, ink qilin was one of the kings of qilin beasts. Since ancient times, it symbolized great power and status, luck and fortune, the head of auspicious signs, and even more terrifying.

The power of the attack.

Now, the Mo Kylin stood still in front of the Star of Destiny.

The gods were incomparably respectful as they waited for the Ink Kylin to make its move.

At this moment, the sky suddenly changed color as the power of the laws descended. The gods had already pushed a distance away, and after sensing the frightening power of the Celestial King, they immediately retreated. Even the three Celestial Kings couldn't help but to retreat.

The Ink Qilin had even more room to unleash its power!

"Qilin Tribulation!"

Among them, the path of disaster was its most terrifying attack. Just like now, when tribulation descended from the endless starry sky, a bolt of black lightning passed through ten thousand worlds and struck the top of the Qilin's head, landing on its feet and congealing on its body ...

Gather, form a terrifying black thunder ball!

As the black lightning passed by, the black lightning ball grew bigger and bigger. The surrounding space began to move and warp, causing the gods to feel more suffocated than ever before!

BOOM!

The Ink Qilin released the black lightning ball. Its target was of course the Star of Destiny, and in the blink of an eye, the lightning ball was already half the size of the Star of Destiny. It had already gathered the terrifying power of the Qilin Tribulation!

Under everyone's anticipation, the Qilin Tribulation struck the Star of Destiny!

This was an unprecedented collision!

The Infernal King and the others might not be able to reach this level even after using all their strength. In reality, the Inky Qilin had already used all of its techniques.

A terrifying shock wave descended.

Weng! \*

What could be seen with the naked eye was that when the Qilin Tribulation struck the barrier, it created an extremely violent shockwave. The entire transparent barrier trembled like the wings of a dragonfly, creating invisible waves.

In that instant, even the gods were at a loss.

After a while, the shock of the barrier stopped.

"It doesn't seem to have broken."

The gods watched in a daze.

That's right, although there was a relatively strong vibration, the barrier was definitely there. In other words, the Dark Desolate God King, the one that the Gods were looking forward to the most, had failed.

God King Mo Huang had taken human form and was gathered with the other three God Kings. The gods did not dare to speak, but they were still rather speechless in their hearts.

However, Divine Kings was not depressed.

God King Mo Huang said, "Since the three of you can't break it, it's normal that I can't break it myself. This time, let's join hands and do it again. "

The other three nodded.

Seeing that the four Celestial Kings were about to attack at the same time, the Gods instantly went from depressed to excited.

Of the returning deities, these four were the strongest, the leaders!

Each of them had the important resources bestowed to them by the Divine Emperor and the Demon Divine Emperor.

Since it was the four of them, the chance of success was high. However, the commotion caused would definitely be even greater. Thus, when the Infernal King glared at them, the gods knew that it was time for them to leave. And so, all the gods happily left, and some even directly returned to the Forever ...

Life God Domain.

"Protect the living beings for a bit."

The Divine King of Light ordered.

If they were to make a move, it would inevitably affect the common people.

"Yes sir!"

The gods were respectively guarding the Immortal God Realm and the Dragon Sacrifice Continent.

"This time, the Dark Desolate God King will definitely take out that terrifying Order-class Creation God Equipment!"

"It has to be!" Out of so many of our Primal Realm King, only he himself possesses a Creation God Equipment capable of producing Order-level, and he might not even possess a portion of the Perfection.  
"

When they thought about the Creation God Equipment of the Order-level, they felt even more confident.

There were many gods in the Immortal God Realm, watching the movements of the distant Star of Destiny. When all the preparations were completed, the Star of Destiny would begin!

The gods held their breath.

In their eyes, the current Star of Destiny was just a tiny dot, as for the four Divine Kings, they could not see them at all.

Time quietly passed!

The hearts of the gods began to race, filled with excitement.

Di Yao was the quietest person among all the Gods.

The current white-haired Di Yao was even more terrifying than the time when she had long golden hair. Not even the gods dared to approach her now.

In the next moment, all kinds of lights appeared in the distant Star of Destiny. The lights flashed past and caused the entire Northern Star Domain to sink into chaos that they couldn't see clearly.

The impact this time was too great!

"The combined strength of four Celestial Kings is indeed terrifying!"

"This time, if the Star of Destiny is not broken, then it would be too exaggerated. Even if he did not, Long Chen would probably faint from the shock."

Even under the protection of the eternal Haoyue, the entire Divine Realm was still trembling, and waves of earthquakes were occurring.

A violent storm continued for a long time.

All sorts of terrifying power of laws swept out, making it hard for even the gods to defend against them.

Some of the Godly Generals had gotten too close, and were even heavily injured.

However, the Star of Destiny and the Immortal God Realm were so far apart, yet they still managed to injure the Godly General.

Then silence.

"It should be a success!"

"Let's go!" The four Divine Kings would definitely not let Long Chen escape. "

The commotion gradually disappeared, and the Gods rushed back to the Star of Destiny with full expectations. They couldn't help but cheer all the way, and by the time they reached the Star of Destiny, almost all of the commotion had already disappeared.

What they saw was that the four Divine Kings were still standing outside the Star of Destiny, while the Star of Destiny was still shrouded in smoke.

"Celestial King!"

All the Gods were stunned on the spot.

If the four Divine Kings did not take action to capture Long Chen, this likely meant that even if the four of them joined forces, they still failed.

As expected, they saw the displeasure in the four Celestial Kings.

The other Gods were completely quiet, their faces burning with anger. They had the nagging feeling that Long Chen was playing a trick on them, and the harder they tried to break the barrier, the more pleased he would get with it.

At this moment, Di Yao had already appeared behind the four Divine Kings.

The Infernal King turned around to look at her and said, "Princess, it's time. Please consult the Divine Emperor. If we have his permission, we can use the Everlasting Stone. "

As long as he used the Everlasting Stone, there wouldn't be any problems.

Chapter 2697 - The Secret of the Ninth Rank

The failure of the Dark Desolate God King for the first time was already hard for the gods to accept. Now, the four Celestial Kings had joined forces. Earlier, they had launched an earth-shattering attack, yet they were still unable to succeed.

From this, it could be seen how terrifying this barrier was.

Furthermore, the Moon God King had used a divine creation artifact of the Order-level back then!

Although he was not willing to accept it, being toyed with by Long Chen for a while, he could not do anything about it.

However, it was a good show in the end.

Everlasting Stone!

Seventh stage, Chaos Treasures of the Eternity.

This was a very rare treasure in the entire Ten Thousand Worlds. Only the Zhi Zun of ten thousand realms, as well as the various Divine Emperor, were able to own this Chaos Treasures, and even the majority of Divine Emperor did not.

The owner of the Everlasting Stone was the Divine Emperor Emperor.

The amount of time it took for him to obtain the Eternal Light Stone was not a long time, but the Eternal Light Stone had undoubtedly increased Di Jun's strength, as well as his terrifying status in the myriad worlds. Although the Eternal stone was very far away from him now, the true controller of it was Emperor Jun.

This was also the reason why the Gods weren't worried about the Eternal Rocks being stolen.

As for them, they had obtained Di Jun's authority, so they were able to use the Eternal Light Stone for a while. However, they were only able to assist with Di Jun's help.

Thus, they had to ask Di Jun.

And inside the Star of Destiny, they naturally trusted those six Divine Monarchs. It was just that the Divine Kings couldn't endure it any longer; they couldn't bear to be played like this by a juvenile spirit. This had a huge impact on their prestige, position, reputation and reputation.

The battle between the six polar state Divine Monarchs and Long Chen had reached an extremely critical point.

Hearing the words of the Infernal King, Di Yao left alone. The gods did not dare to follow her because they still had yet to see the current Di Jun.

But the gods are looking forward to it!

In their hearts, they knew how terrifying the Everlasting Stone was.

Even if it was a fifth stage Order-level, there were still levels to it. For example, the God Creation Divine Weapon of the Dark Desolate God King was not as good as the God Slaying Sword at its complete victory.

The sixth stage, Hun Yuan, was even more different. Those who were able to use Hun Yuan were basically all Innate Experts at the Divine Emperor level.

In fact, Long Chen had discovered a rather critical matter.

Illusion, Death, Desolation, Creation, Order, Hun Yuan, Eternity, Origin, Origin.

Among them, Death, Creation, Order, Hun Yuan, Eternal, these five words were extremely familiar to him. When he understood that the fourth Ancestral Dragon was Hun Yuan's Heavenly Fate Dragon, he vaguely understood that these nine levels were actually named after nine out of the Ten Great Ancestor Dragons.

Primordial Blood Spirit Dragon was third from the bottom, corresponding to the second death grade. The natural rule of slaughter was death.

The fifth to last Taiji Creature Dragon, corresponding to the fourth Genesis. It is in itself the dragon of life and creation.

The sixth to last place dragon of the heart of the divine way, corresponding to the Order-level of the fifth level, was itself a dragon of morality and order.

It was even more obvious when Hun Yuan's Heavenly Fate Dragon was the seventh to last place, corresponding to the level of Hun Yuan.

Great Void Cosmic Dragon ranked eighth from the bottom, with a positive number three, corresponding to Eternity. It was a dragon of time and eternity.

In actuality, it was not counting the tenth ancestral dragon, but considering the ninth ancestral dragon's characteristics as the first of these nine great levels, and so on.

Thus, Long Chen obtained the key information.

The ninth dragon was ranked after the Primordial Blood Spirit Dragon. Its laws and characteristics definitely had something to do with the 'Dream'!

The rules and characteristics of the seventh ancestral dragon, which was ranked before the Primordial Blood Spirit Dragon, were definitely related to the third grade, Primordial!

The tenth ancestral dragon had no way of guessing. But after some thought, there was still Dragon Devouring City, and the Ancestral Dragon Devouring Dragon City had several names, but they were all closely related to Devouring.

There was still the first and second place Ancestral Dragon left!

This was the most crucial point!

Second, it was the beginning.

The first was the origin.

Long Chen was still unable to understand the meaning of these two words.

But he believed that one day, he would find all the inherited blood essence!

For example, right now, he was fighting for the blood essence of Hun Yuan's Heavenly Fate Dragon, and he did not doubt Hun Yuan's Heavenly Fate Dragon's power at all. This was the dragon of destiny and wishes, the one who could control the fates of all living things. The one who had transformed the ancient snake, the one who had changed its fate to become a dragon, was Hun Yuan's Heavenly Fate Dragon.

But there was always someone interfering with him!

For example, right now, Di Yao couldn't wait to go to a corner and communicate with the biggest master of Dragon Sacrifice Continent. He wanted to shake the entire world, dominate all the realms, and become a terrifying existence in the whole universe.

In Di Yao's hand, she held a small golden knife. When the knife flashed, one could see layers upon layers of golden mist covering the blade edge, and a world shaking emperor had arrived. It possessed a godly might, a might that was not angered, but was very similar to the one Long Chen saw in the Di Jun Divine City's Emperor's Jun God Sculpture.

"Father."

Di Yao was extremely respectful.

In the midst of the golden fog, the Emperor Jun and the Divine Emperor descended over ten thousand realms. Their voices were open and open, shaking the ten thousand realms, and although they were facing their own daughter, they were much gentler as they asked, "Yao`er, why are you looking for me for?"

Although Di Yao was in pain, in order to catch Long Chen, she continued, "Father, after coming to the Dragon Sacrifice Continent, there is a very strong native who is closing in on the various Divine Kings. Now that he has escaped to a place called the Star of Destiny, this place has a very strong barrier that even the four Divine Kings can't open, so I recommended using the Everlasting Stone. I hope Father can agree to it. This child is our enemy. If we don't get out soon, he will definitely affect our plans. "

"Oh!"

Di Jun nodded, and continued, "His name, should be Long Chen, right?"

Di Yao was shocked and panicked.

She didn't tell Di Jun. This was the first time she contacted him since he came here, and the other Divine Kings didn't even have a chance to contact him.

At this time, Di Jun said, "What are you doing that you can never escape my eyes. Although the future is your freedom, you have the Twin Divine Emperor Bloodline and now you have it. But you need to know your limits. The previous failure was a lesson for you. "

Di Yao felt even more ashamed, she didn't expect Di Jun to know everything.

"Father, why can't we release our mother? Why should we make things difficult for her?" Di Yao couldn't hold back her tears.

"It's not that I'm not willing to let her go, it's just that she wants to kill me. Why would I want to get entangled with her? I don't want you to go her way. As for this Long Chen, I can only look at his luck, it is the hope of the dragon sacrifice coming back to life, gathering the luck of the entire world, and may become our life or death enemy in the future. Being able to find him as soon as possible is our luck, so, I will personally kill him. "

Hearing this, Di Yao's face turned pale. She only wanted to open the Star of Destiny, but if she really wanted to kill Long Chen, she hesitated.

Although she kept saying that she wanted to kill him, in her heart, she still didn't want him to die.

Even if he was going to die, he would have to kill him himself. That would be his revenge!

Therefore, Di Yao asked, "Father, I want to defeat him myself!"

"Even though you have the twin Divine Emperor's bloodlines, you still can't compare to this dragon sacrifice's hope of rebirth. The Dragon Sacrifice Continent was once the number one of ten thousand worlds, and after a period of hibernation, he managed to condense all of his destiny onto this young man. In terms of potential, he is definitely number one, and you are definitely not number two.

She did not expect Di Jun's evaluation of Long Chen to be even higher than that of the The God Emperor of Forgetfulness. She had always understood that his father was the symbol of intelligence, he had never made any mistakes in his life.

Give up!

These two words sounded so ear-piercing!

"This is the The Dragon God Clan's counterattack. If we are unable to settle this matter this time, we can only wait for my arrival. " As Di Jun spoke up to this point, his silhouette gradually disappeared, but his voice still reached the ears of the four Divine Kings.

"Kill this brat."

"Yes sir!"

Hearing the order, the four Divine Kings acted as if they were facing a great enemy. Divine Emperor personally giving the order, which was extremely extraordinary.

They couldn't help but look towards the Eternal Everlasting Stone above the Immortal God Realm!

"I never thought that we would have to use this divine object!"

"Let's prepare a bit more. Perhaps just a ray of divine light would be enough to exhaust all four of us."

"Then there's no other way. This barrier must be broken. Don't worry, Divine Emperor will definitely control it too."

It had finally begun.

The four empires departed with their Eternal Argent Rocks. ... ..

She only wanted to be willful for a moment, but she did not expect that in the blink of an eye, there was nothing to save. This was an order personally given by Di Jun, the gods must definitely execute it to the death, even if she wanted to save Long Chen right now, the Divine Kings would not listen to her.

She suddenly thought of a saying, "Self-inflicted injuries cannot be avoided."

"Long Chen!"

The only person in her heart in the past two years.

Even though she hated him so much, at this moment, she felt extremely uncomfortable in her heart. Her hair was white, it was impossible for Di Jun to not understand.

In her eyes, this father was indeed much more terrifying than the The God Emperor of Forgetfulness.

She couldn't get in touch with her mother now.

After a while, the four Divine Kings had already gotten close to the Everlasting Stone, while the other Gods had all left the Star of Destiny. If they were to stay here any longer, they would definitely be affected.

The entire Dragon Sacrifice Continent was enveloped in an astonishing silence.

All the living beings still did not know that they were going to use the Eternal Harmony Stone to kill Long Chen. They still did not know if the gods had succeeded in their previous attack, but they only knew that Long Chen was still alive!

To them, the eternal stone was the new sun.

At this time, when he raised his head, he could already see four points, respectively appearing in the four directions of the Eternal Harmony Stone. This Chaos Treasures, which had undergone a huge change in the entire Dragon Sacrifice Continent, had now undergone a slight change.

For a time, even with the Eternal Argent Stone suppressing him, he still felt as if the sky would collapse and the earth would shatter. A storm was about to descend.

"Time to end it."

The gods smiled in satisfaction.

#### Chapter 2698 - Coiling Dragon Great Pillar

When Di Yao was consulting with the Divine Emperor's Di Jun, inside the Star of Destiny —

They continued to delve deeper and deeper into the Bottomless Pit until they finally reached a place where there were fewer and fewer white snakes. But even so, the number of white snakes Long Chen saw from top to bottom were more than a million or even tens of millions.

There were traces of dragons on their bodies.

On their bodies, Long Chen found the same feeling as the Incantation's Divine Dragons. Perhaps they had also been cursed and sealed by the white shackles.

Empty, blank.

Therefore, Long Chen did not dare to disturb them, nor did he dare to destroy them.

Finally, he saw the bottom of the Bottomless Pit.

It appeared to be an azure altar!

It was placed horizontally at the bottom, blocking the road to go deeper in. In other words, this was the true bottom.

This pale white altar was huge, hundreds of thousands of meters wide, and it was close to the tunnel.

On the altar, there were almost no small white snakes.

Long Chen and the six Divine Monarchs saw the pale white altar almost at the same time. Since this was the finishing point, then it meant that the thing that Long Chen was looking for, or perhaps the secret of the Star of Destiny, must be here, because the Star of Destiny only had this strange place!

The reason the six polar state Divine Sovereigns went deeper was so that they could compete with Long Chen, and then find a suitable opportunity. From their point of view, Long Chen still thought that he had a way to ease the tension, and that was foolishness.

"Six, looks like we need to go down and take a look. I promise, if we get anything, we will split it equally with the Gods. I hope the six of you don't get me wrong. I really did come here to explore and have no intention of running away."

Long Chen took a glance at it. The six Divine Monarchs were anxious to rush to the altar, but he wasn't in a rush.

First of all, this pale white altar was ancient. It was mottled with the marks of time, and there were even deep ravines in many places.

The lines on it seemed to be dragon scales, simple and neat.

Most importantly, there were a total of eight coiling dragon column standing on the eight directions of the altar!

The coiling dragon column was extremely thick, and each of them had a jade-like divine dragon coiled around it.

Regardless of the details, these eight jade divine dragons were lifelike.

They coiled around the pillar and guarded the altar.

Long Chen thought about the Black Jade Dragon's head.

These eight jade divine dragons were a bit larger than the black dragons of the Incantation, and they were also a bit thicker and more mysterious. Long Chen's intuition was that they would definitely awaken and attack.

"It is naturally a good thing that you are able to think like this and awaken."

The six of them were one step ahead of the others, and one by one, they landed on the nine altars.

They understood that it would be very difficult to steal Long Chen's Floating Life Grass, but they were already preparing the Everlasting Stone outside, so they were very at ease. As long as they could restrain Long Chen, the Divine Kings would arrive after a while, and by then, Long Chen would be dead without a burial ground.

"What the hell is this place?"

"I don't know." There's no way, what secrets can this altar hold? "

The six divine gods' gazes were all set on the eight coiling dragon column. This could be considered the only difference.

Long Chen surveyed his surroundings. There were not many little white snakes around, and it was the right time to make a move. He understood his lifelong thoughts, that being merciful to others right now was equivalent to asking for his life.

Just as he was about to ascend the altar and fight to the death, he suddenly felt a change in the altar. He had not landed on the altar yet, but at this moment, the eight coiling dragon column seemed to have trembled.

All of a sudden, the jade dragon opened its shining eyes. Radiance burst out, enveloping the entire altar in a white light. That light rushed all the way to the entrance of the Bottomless Pit!

In the midst of the light, Long Chen saw eight enormous snow-white divine dragons leaving the pillar. They moved forward coldly, their target six Divine Monarchs of polar state!

It had to be said that these eight snow-white divine dragons were much stronger than the black dragons of the Incantation. Firstly, was their physique, and secondly, their strength.

They were filled with terrifying killing intent.

If they were to land on the altar, they would basically become their enemies!

"Be careful!"

As the gods were submerged in the light, they immediately knew that they were in danger. Suddenly, they felt eight killing intents coming from eight different directions! On closer look, it was actually eight White Dragons that were fiercely charging over!

"Let's leave first!"

Lord Phantom said.

However, at this time, there was already a Divine Lord and a White Dragon battling together. It was impossible for them to leave, and in their first battle, they could immediately sense that the White Dragon's combat strength was close to that of the polar state Divine Lord's.

Even if it was shattered, it could quickly reform the body.

Just like the Black Dragon of the Incantation back then!

Unable to escape, they were caught up in the whirlpool of White Dragon attacks.

The Empyrean Emperor Tiger, the Profound Nether Saint Beast, and the Black Shaman all turned into their true forms and engaged the White Dragon in a bloodthirsty battle. It was difficult to tell who was fighting whom, but it was a complete mess!

"Long Chen, come and help us quickly!"

The Holy Martial Fire God shouted in anger.

"Alright!"

He transformed into an Primordial Blood Spirit Dragon and charged down. Now that the Holy Martial Fire God was facing two White Dragons, when Long Chen arrived, he attracted the attention of the two White Dragons.

But aside from the color of Long Chen's face, he was not far from the white dragon. The white dragon only paid attention to him for a moment, before it continued to attack the Holy Martial Fire God!

"Sage Dao Killing Fist!"

Holy Martial Fire God was furious. He shattered a White Dragon's jaw with a punch and shouted angrily at Long Chen, "Idiot, attack!"

He did not stop the two white dragons, but instead, he focused on the Holy Martial Fire God. Suddenly, when he encountered the power of time, Holy Martial Fire God stopped his movements in an instant, and the white dragon closest to him was extremely quick and fierce, as though it was split into two halves!

"Long Chen!"

The Holy Martial Fire God screamed miserably!

He himself wasn't Long Chen's match in the first place, and adding two white dragons, he would definitely die! He really didn't think that Long Chen would be so daring. He was pretending to be a grandson in front of him just a moment ago, and now he finally understood that he had still underestimated Long Chen's determination and viciousness!

"See you in the next life!"

These were the last words Long Chen said to Holy Martial Fire God!

When Bai Long still wanted to continue fighting, Long Chen rushed forward and used his death claw to heavily injure Holy Martial Fire God once again, barely keeping his breath. Of course, he was a Monarch, so this kind of injury would not completely kill him.

"Long Chen, you will die a horrible death!" Holy Martial Fire God was so angry that if he was struck by the Ten Thousand Claws again, he would definitely die. He did not have any more strength left.

"Who?"

Long Chen had already been waiting for this moment, he hated this noisy fellow the most. Now that he was so heavily wounded, without a second word, he firmly pressed down on him and threw him into the Divine Kingdom.

Mo Xiaolang was waiting.

"Forbidden Land of Fire!"

When Holy Martial Fire God just entered the Divine Kingdom, he was devoured by the Forbidden Area of Fire due to his weak and heavily injured body. In the midst of miserable cries, he was swallowed by Mo Xiaolang.

Bai Long and Long Chen matched well.

After taking care of the Holy Martial Fire God, the two White Dragons respectively attacked the Empyrean Emperor Tiger and the Black Tortoise Holy Beast. This way, three of the remaining five Divine Spirits would be fighting against the two White Dragons.

They had personally witnessed Long Chen throwing the Holy Martial Fire God into the God Nation. Although they hadn't seen him get devoured, they knew in their hearts!

His heart was incomparably shocked and terrified!

The gods quickly ed the news!

Upon hearing this, the face of the Godking and the others all turned incomparably ashen. They had just been preparing the Everlasting Stone, and they were now all the more determined.

"Looks like this kid is going to fight to the death!" It's all our fault for not making a decision sooner. If we don't act now, the remaining five polar state Divine Lords will all die! "

"There's nothing we can do. It won't be that easy for us to use the Everlasting Stone!"

The four Divine Kings were trembling in anger, and the Gods who knew of this news were about to explode in anger as well. They roared in succession, the group of Divine Spirits had been forced by Long Chen to such a state, it could be considered a miracle.

The Holy Martial Fire God was never Long Chen's final destination.

"Hurry up and run!"

The Emyrean Tyrant Tiger roared!

Even if he had two white dragons coiled around him, he could actually break free from them. He knew that Long Chen was afraid that those white snakes would be destroyed, so he knew that rushing up was the only way to survive.

"This is the real him! Resolute and decisive! From the very beginning, he knew that we would not show him any mercy, so he never thought of showing us any mercy, and only wanted to bring us here! "

All the Gods were extremely shocked.

"Let's go back." Long Chen instantly appeared in front of the Sky Sovereign Imperial Tiger.

At this moment, he had turned into a God's Path Core Refining Dragon, the Karma Emperor Sword had erupted, the Sword of Judgment was incomparably powerful, under the assistance of the two white dragons, it was almost able to pierce through the Heavenly Sovereign King Tiger!

The Emyrean Tyrant Tiger had been severely wounded and was on the verge of death, nearly torn apart by the white dragon!

Long Chen added another trick, confirming that he was on his last breath, it was the battle era, all of the Dragon Fighter's blood were boiling, and he would not joke with the lives of so many people, if the gods wanted to kill him, he could only do it!

"You forced me."

Long Chen told Sky Sovereign Di Hu as soon as he was thrown into the Divine Kingdom. Sky Sovereign Di Hu was looking at him with despair in his eyes.

In the Divine Kingdom, it was Su Yan this time. She ordered the Dragon Fighters to retreat, and they transformed into a black hole in Long Chen's body, causing him to directly throw the Heavenly Emperor Tiger into it.

Su Yan herself had the power of Extreme Realm God King, but with these five polar state Divine Monarchs, Long Chen was extremely curious, how far could she recover?

The remaining four.

Each of them would battle two White Dragons. Let alone running, they couldn't even fight the two.

"Who's next?"

Long Chen's voice gave the four polar state Divine Monarchs goosebumps. They had personally witnessed the outcome of the Heavenly Sovereign Emperor Tiger and Holy Martial Fire God, and they had not experienced death for many years. At this moment, their bodies were trembling in fear!

It was unimaginable just where did Long Chen get the guts to fight against the gods?

In actuality, the Primordial Demons back then did not know where he had the guts to do so.

Actually, to Long Chen, it was very simple. In order to live, in order to let the person he loved live.

## Chapter 2699 - Divine Punisher

When the news that the Holy Martial Fire God and the Sky Sovereign Emperor Tiger had been devoured by Long Chen spread out, the entire God Realm was in an uproar. Their faces changed greatly. Every deity's face turned red, and they were so angry that they wanted to vomit blood!

In their eyes, even though Long Chen had created miracles many times, he was still not one of them, a member of the Gods.

Taking Five Dragon Cities into the Star of Destiny would already be courting death, but now, he was even crazier. He didn't even know that the four Divine Kings were using the Everlasting Skystone, but he was still very determined, and had completely embarked on the road of a life and death battle with the gods!

With the death of the Holy Martial Fire God and the Empyrean Emperor Tiger, the human demon race would be able to offend them.

Right now, the only thing left of the gods towards Long Chen was one thought. Not only would he die, he would also let Long Chen have a taste of the pain that caused him to feel fear!

"Hold on!" As long as the Eternal Razorstone emits a divine light, this Star of Destiny will definitely break it, and all of you will definitely be able to leave! "

The Gods couldn't help but roar in anger.

At first, they were very at ease with the six Divine Monarchs. If they teamed up, even the Divine King would be afraid of them. Long Chen had no reason to kill all of them in a short period of time.

The appearance of the coiling dragon column and the White Dragon was obviously something the gods could not predict!

"This damned beast!" Despicable and shameless! "

The Gods looked towards the direction of the Star of Destiny, all of them trembling from anger.

But they didn't expect that the ones who forced Long Chen to such a state was themselves. Long Chen had never been a person who would sit still and wait for death.

Thus, he resisted.

From the moment the Hell God King assassinated Ling Xi, he was destined to show his heartless side. Even if these gods were the Dragon Sacrifice Continent's Primordial Ancestors, it didn't matter anymore.

Under the entanglement and killing of the White Dragon, the remaining Lord of the Soulreaper, Lord Phantom, Black Tortoise and the Dark Witch witnessed the ending of the Holy Martial Fire God and the Sky Sovereign Imperial Tiger. The fear that they had not felt for tens of thousands of years rushed into their hearts.

Defeating and killing were two completely different concepts.

When Yellow Springs Divine Lord died, it was probably because he only had one.

But now, there were six of them!

If six polar state Divine Lords had all died in Long Chen's hands, then this would be an enormous event that had not occurred in the Primordial Gods for tens of thousands of years!

"Think of a way!"

Lord of the Soulreaper's face was already pale white, at this time, he was even more pale. Facing the entanglement of two White Dragons, he was already at his limit!

Unexpectedly, Long Chen had his eye on him at this time!

"Whiz!"

In an instant, Long Chen appeared before his eyes. Controlling time and sea during times of chaos, the four polar state Monarchs were all in control of a sea during times of chaos!

"Divine Kings wants us to escape quickly!"

The Profound Nether Holy Beast roared loudly.

They escaped out of the altar as if their lives were on the line. As long as they left the altar, the White Dragon might not catch up to them anymore. Furthermore, they still had ways to threaten Long Chen!

However, under the control of the sea during times of chaos, time seemed to go out of control. Sometimes faster and sometimes slower, sometimes faster and sometimes faster, yet sometimes they seemed to sink into a quagmire.

Long Chen instantly appeared in front of Lord of the Soulreaper and slashed his blade downwards. The collision of the two types of God Creation Equipment caused Lord of the Soulreaper's entire body to tremble, and the God Creation Artifact almost slipped out of his hands. It was because of the collision with Long Chen that the claws of a white dragon pierced through it!

"AHH!"

The Lord of the Soulreaper let out a miserable cry.

At this moment, Long Chen had become a killer, and had embarked on his path to revenge. Since the gods did not give him a way out, and the Infernal King and Di Yao had played their fate together, ignoring the orders of all the Dragon Fighter, why not take revenge as the descendants of the dragon?

After three slashes, the Lord of the Soulreaper's body had already shattered into pieces. Long Chen did not even need to use any force to imprison the Lord of the Soulreaper and the origin energy of the Primordial Divine Dragon Calamity also severely injured him. Without exception, he was thrown back into the God Nation!

"The Lord of the Soulreaper has been devoured by the neo-demons!"

All the gods heard the news.

On the Everlasting Stone, the four Divine Kings' complexions were ashen, but they were still activating the Haoyue's power, guarding the surroundings of the Everlasting Stone. They had no choice but to increase their speed, because with Long Chen's current terrifying speed, even more Divine Monarchs would die!

The terrifying thing was, they had become the food of the Nuwa Alliance.

The Gods were so angry that their eyes were red, but they did not have the ability to enter the Star of Destiny, so they could only roar in place.

Di Yao was also trembling with anger. She could almost imagine this scene, where Long Chen was massacring in the Star of Destiny, causing the Divine Monarchs to flee in all directions. And all of this, it was as if he was doing all this for her to see.

"If I didn't want his emotional type, then kill Ling Xi and force him to such an extent, he probably wouldn't be like this today. But, he was originally not of my race, and sooner or later, this will be the result!"

Long Chen wouldn't give up the chance to make the Nuwa Demons stronger. It was as though he had placed his chances of turning the situation around on the likes of the Nuwa Demons, hoping to use them to leave the Dragon Sacrifice Continent.

"Too naive!"

Di Yao couldn't help but want to laugh. No matter what, the Everlasting Stone had already been activated, and there was no way to turn back now. One could only imagine Long Chen's fate today.

At this moment, a new piece of news came.

"The Profound Nether Holy Beast is also dead!" The Nuwa devils had taken it!

The gods had instead turned silent, looking at the Eternal Rocks and the four Divine Kings at the same time, feeling incomparably anxious. They wanted the four Divine Kings to be faster, so that they could save the two Divine Monarchs with polar state!

If the remaining two people were to die, then the entire dragon sacrifice would probably lose all of their polar state Monarchs.

The White Dragon was powerful, and furthermore, it was immortal. Long Chen did not need to attack, even the Lord Phantom and the Sorcerer would not be able to hold on.

Long Chen was in no hurry to take action.

He was the strongest god of the witch clan, and was being suppressed repeatedly. He shouted angrily, "You killed four Divine Lords, and have violated a great taboo in my clan. From today onwards, no matter where you run to, you will not be able to escape the punishment of my Divine Emperor! Long Chen, you are finished, not only you, your entire Dragon Sacrifice World is also finished! "

Long Chen laughed and said: "Strange, what do you mean the Dragon Sacrifice World is finished? Isn't this your homeland? Could it be that this place belongs to me alone? "

The black witch shut her mouth.

"You people are indeed not my Dragon Sacrifice Continent's ancestors' gods, but who are you people? I am very curious, but you will not have the chance to answer this question."

Long Chen sneered.

"This crappy place called the Dragon Sacrifice Continent is indeed our homeland, but what's the use of this crappy world? We have already built an extremely powerful home in the Taihao Region, it's ten thousand times better than here. Only a native like you would think of this place as a piece of cake! But you are wrong about one thing, we are indeed your ancestors! "

"Then go to hell." Long Chen transformed into an Primordial Blood Spirit Dragon, rushed forward, the four white dragons instantly imprisoned the Black Shaman, causing Long Chen to transform into a Blood Spirit Spikes, and pierced through his Heart of Rules!

"Yan Er, do it again!"

With this feature, the next battle of life and death for Su Yan would be a great help to him. After swallowing the Black Lich, she would become stronger, and the Su Yan now was already quite terrifying.

Long Chen did not dare to let her go, he was only worried that Bai Long would attack her.

Only the Lord Phantom was left.

Long Chen knew that when he heard that the First God of the Witch Clan had fallen, there would definitely be more commotions outside. But he did not care, in reality, to the lot of them, killing one was no different from killing seven.

The eight white dragons tightly sealed the little girl Lord Phantom. Long Chen realized that she was a subordinate of the Dark Goddess, and because of Li Xuanji's relationship, he had kept a bit of mercy in mind. At this time, the eight white dragons seemed to be able to detect his intentions, and didn't take the initiative to attack the Lord Phantom, but instead stabilized her.

"I'll give you a chance to live, how about it?"

Lord Phantom's face was cold and detached, "Impossible, don't even think about finding out anything from me."

"Do you know the Dark Goddess?" Long Chen looked at her coldly.

"Of course I know her. If you don't die today, then when she descends, and you kill me, then she will make you wish you were dead!"

Long Chen was still confused, what was going on?

Was Li Xuanji's master still the real Goddess of Darkness?

Or could it be that the Goddess of Darkness was related to the god corpse under the Spirit Sea?

Without saying a word, she had chosen to burn herself. In that moment, all the God Power in her body was going to explode, and at that time, Long Chen would probably be injured!

Very few deities would commit suicide in this way!

Since she was courting death, Long Chen would not be courteous.

No matter what their Primordial Gods was, due to their hatred, Long Chen carried the fate of millions of people. If he was to be merciful, that would mean he would be deadly to all of these billions of lives.

"Whiz!"

The sea!

A slash, disintegrating time!

His speed was much faster than Lord Phantom's. Under the time break, no matter how much power she gathered, it instantly dissipated, and Long Chen had destroyed her strength. Under the different divine dragon's rules, she made Lord Phantom completely lose all battle power!

"Die!"

But at this time, the Lord Phantom did not forget to counterattack!

Su Yan had reached a critical juncture, and a single Lord Phantom would be able to help her recover a considerable amount of strength. Without any further hesitation, she gave her the last Divine Monarch she had left to her!

This time, both she and Mo Xiaolang had profited.

Mo Xiaolang's efficiency was even higher. A mere Holy Martial Fire God had directly allowed him to breakthrough into the Divine Lord Realm!

Taiyu Deity!

He had even devoured a portion of the Holy Martial Fire God's rules, especially those of the Divine Monarchs!

Mo Xiaolang had changed a lot, and that was even more so for Su Yan. Her transformation was unimaginable, and Long Chen gradually realized that the power she had recovered, coupled with her black hole laws, might even surpass her!

Su Yan, who had been the most inconspicuous in the past, had now become the strongest person in their team!

Chapter 2700 - The Age of War!

What Long Chen felt was of course joy.

Su Yan deserved all of this. Ever since she joined this team from Archaic Graveyard, she had suffered a lot during this period of time.

The strength of her and Mo Xiaolang, as well as the strength of Ling Xi and the others, were all Long Chen's wishes.

Su Yan wasn't at her end yet. As long as she had enough strength to swallow her, she could recover to the peak of the devil's power, Extreme Realm God King, in a short period of time!

It was even more terrifying than the guardian of the Incantation!

At that time, there would only be a few gods from the demon race and the human race that would be stronger than her.

Of course, to recover his Extreme Realm God King, which was also his Taizhen Deity Realm, was extremely difficult. If he had to rely solely on devouring the gods, then he would have to devour the god king.

Right now, Su Yan could be considered to have reached a few limits.

Long Chen was confident about the barrier that surrounded the Star of Destiny. He knew that the four Divine Kings had already tried it.

The six devoured Divine Monarchs did not tell Long Chen that they had already consulted the Divine King and had even used the eternal Haoyue.

Long Chen didn't understand the Everlasting Stone, and it was impossible for him to understand it, so this matter was outside of his expectations.

Right now, eight huge white divine dragons were coiling around his body, extremely intimate with him.

The six Divine Lords had fallen.

Although they had already expected such an outcome, but when it really happened, the gods still found it hard to accept that it was actually the truth.

Anger and hatred could no longer be described with words.

No matter where one was in the Dragon Sacrifice Continent or the Immortal God Realm of the Gods, they would be able to see the crimson red sky. The divine might that blotted the sky and covered the earth had suppressed all living beings, once again startling all living beings, causing them to be unable to breathe!

A true big event!

This was the era of the gods, and all life became incomparably insignificant. They could often see how high the gods were, as if they were ants.

Long Chen had killed six more terrifying Divine Monarchs!

The six Divine Spirit Realm experts were only second to the Divine King!

"What the hell is he doing?"

"It seems like these gods wanted to kill him, not him."

"Yes, Long Chen has always been good. If not for him last time, our world would have been destroyed long ago."

Now, as the overall level of the Dragon Sacrifice Continent rose, and instead, as the people here who understood Long Chen better and followed Long Chen, the Immortal God Realm was instead under the control of the various gods. Although they also respected Long Chen, in the hearts of some people, especially those descendants of the Shencheng, they naturally believed in their ancestors a little more.

It seemed like the biggest thing that happened since Long Chen fought against the Primordial Demons.

For a time, the world was in chaos.

The people were all shaken.

The gods shouted and roared, their voices shaking the world, scaring countless creatures into shrinking back. For a moment, the sky darkened, the rivers flowed backwards, the earth cracked, as if doomsday was approaching.

It was precisely because of this that many people suddenly recalled that before the return of the gods, even though the heaven and earth were barren, they had never been so world-shaking.

Therefore, they were faintly looking forward to see what that proud son of god who was born in Dragon Sacrifice Continent could do.

However, what they did not know was that after a long period of preparation, the four Divine Kings had finally activated the Eternal Rocks that were impossible for them when the Lord Phantom had fallen.

Of course, when the four of them combined their divine powers, it could only be used as a trigger. The real user of the Eternal Harmony Stone was the Divine Emperor in the distant Taihao Region!

"If the three of you continue to be unable to break through, then we will no longer have the face to face the Divine Emperor and our other brothers and sisters!"

The Infernal King roared loudly!

The four of them were almost completely swallowed up by the light of the eternal stone!

Right now, the Everlasting Stone was the most dazzling object in the entire Dragon Sacrifice Continent, and it was even further away than the sun. What he released was not heat, but the creation of the world, the source of all life! Now that the Everlasting Stone had started to vibrate, everyone immediately paid attention to it!

RUU!

The Everlasting Stone was like the core of the entire Dragon Sacrifice Continent. When the Everlasting Stone trembled, the Dragon Sacrifice Continent began to shake as well.

As a result, there was a huge fissure in the ground, and a large number of cultivators fell into it.

All sorts of storms and flames erupted, creating countless calamities.

Space twisted and tore, swallowing a large amount of creatures. For a moment, the entire Dragon Sacrifice Continent was on the verge of collapse.

"What's going on!"

"Oh my god!"

This made all living beings deeply realize that the moment they lost the Everlasting Stone, the Dragon Sacrifice Continent would probably recover to her original state in an instant, and might even be destroyed! Furthermore, the Everlasting Stone was even more powerful than before!

In this way, their hearts became even colder.

Especially for many people, after seeing their family and friends being swallowed up by this shattered world.

They now had a new faith in Long Chen. This unforeseen event made many people's belief in Long Chen firm.

But it was of no use. Under the expectant gaze of all the divine dragons, the Eternal Rock was finally activated.

The stone in the sky that was like a sun suddenly emitted a bright light, and instantly enveloped the entire Dragon Sacrifice Continent. The light was extremely gentle, and did not hurt anyone, but it nearly covered up everyone's line of sight, and was so bright that it seemed as if time itself had stopped.

It was unknown how much time had passed before this light finally started to dissipate, and the trembling Dragon Sacrifice Continent also started to stabilize.

Four of the Divine Kings were right in front. They were more nervous than anyone else in their hearts, did they break through the Star of Destiny or not?

BOOM!

When the light dissipated, the gods could feel everything.

With a loud bang, a powerful repelling force covered the sky and struck the bodies of the gods.

"What's going on!"

The gods were dumbfounded.

What they saw was an incomparably huge planet appearing in front of them, and it was tens of thousands of times larger than the Star of Destiny before them. Such a large grey planet suddenly appearing outside of the Dragon Sacrifice Continent, and it even had a terrifying gravitational force.

When they saw the huge planet in the northern skies, almost everyone was stunned.

"What is this?"

Such a thought appeared in the minds of countless people.

A huge world appeared beside the Dragon Sacrifice Continent.

This was a gray planet. To most people on Dragon Sacrifice Continent, this huge grey planet covered up half of the sky, and was many times larger than the Immortal God Realm.

This kind of shock was impossible to describe with words.

Even if one stood on the Immortal God Realm, half of the sky could be seen to be this gray planet.

Fortunately, this grey colored Star of Destiny did not harm the Immortal God Realm or the Dragon Sacrifice Continent. After it appeared, it actually shifted its direction away from the Dragon Sacrifice

Continent, causing the grey giant star in everyone's eyes to become smaller and smaller. It only stopped when it occupied about a quarter of the sky.

For the time being, there was no other effect other than visual changes in the sky.

In fact, the gods could see that the Star of Destiny had already reached a place that was very far away from the Dragon Sacrifice Continent. From a distance, if the dragon sacrifice was a sheet of paper, then the Star of Destiny was a ball.

All the living beings did not know what was going on until there were not many people in Star of Destiny.

However, all the Gods were ecstatic, because the Star of Destiny's barrier had finally been broken!

Now that the real Star of Destiny had appeared, although it was outside of their expectations, it was not a big deal. Their main goal was to kill Long Chen and then explore the mysteries of the Star of Destiny! Although he might not necessarily be killed, it was certain that Long Chen would embark on a miserable path from now on!

"All the divine beings should stay in the Dragon Sacrifice Continent. We four can go and capture Long Chen!"

The Infernal King ordered.

The deities had wanted to charge forward, but upon hearing the Infernal King's words, they came to a halt, all of them very excited.

To be honest, the four Divine Kings had already expended a lot of energy just to activate the Eternal Harmony Stone once, but with the four of them 'abilities, catching Long Chen wasn't a big problem.

She turned a deaf ear to the God King's words, and her beautiful figure followed behind the four God Kings with a cold face, flying away quickly, as if she couldn't resist the urge to see Long Chen repent in front of her, and begged herself to forgive him.

"If he's willing to repent, I might be able to forgive him!"

Di Yao snorted coldly, thinking in her heart.

However, the four Divine Kings were still very fast and she could only chase after them with all her might. The Divine Kings had followed them until she reached them, but she had no way of stopping them.

Almost all the people who had minds of their own were paying attention to this scene. They vaguely understood, it seemed like the gods had succeeded, and Long Chen was in trouble.

"According to the Divine Monarchs, they followed a group of strange white snakes and entered a white vortex. Long Chen is inside that vortex!"

From afar, it was easy to see the gigantic group of white snakes. The four Divine Kings had specially charged towards the group of white snakes, and as long as they followed the group of white snakes, no matter how big the Star of Destiny was, they would quickly find Long Chen!

"This time, he won't be allowed to escape at all, and will be heavily punished for it. Seven polar state Divine Lords have died, and this matter has already been blown up, so no one can escape from it now! As for how he will deal with it, we should listen to the Godking's words. "

But, they would definitely not let Long Chen have it easy.

Once they got close to the Star of Destiny, their speed would drop greatly and they would be restricted. Therefore, they could only find the entrance of the whirlpool in the distance before quickly descending.

"Yes, it's right here!"

They had gone all the way to the back of the Star of Destiny, if they got any closer, they wouldn't be able to unleash such speed. The reason why Long Chen had spent so much time at that time was because he was right on the surface of Star of Destiny.

"Enter!"

Without another word, the four Celestial Kings charged into the white vortex.
