

War God 2711

Chapter 2711 - polar state

When he inherited Hun Yuan's Heavenly Fate Dragon's Inherited Blood, the moment he sat down and prepared to cultivate, he heard a voice like this.

Illusionary, from before the era.

"If you want to know the true identity of your father, then after you have the strength to defeat the Celestial King, go to the Origin Dragon Palace. He'll be waiting for you there!"

Long Chen had just closed his eyes, when he suddenly opened them again.

When he heard this, there was no way to describe the shock in his heart!

Long Qinglan's true identity was waiting for him at the Origin Dragon Palace!

What shocking news!

In fact, when Long Chen reached the current realm, he had already surpassed the realm where the Eternal Dragon Emperor used to be, and could even fight against the Battle God King. Back then, Long Qinglan definitely would not be able to do this, but at this moment, he had already completed his father's long-cherished wish, and surpassed Long Qinglan's thoughts.

Back then, Long Qinglan still hadn't become a god.

But how did he die? What were the mysteries around him? The most important thing was, what was going on with the God of Taishang?

Long Chen did not believe it. He was already so much stronger than the Eternal Dragon Emperor, he still did not know about those mysteries.

There was only one reason, and that was that Long Qinglan was not as simple as he thought.

Even if this mysterious man had long since distanced himself from Long Chen, every single word he said would forever remain in Long Chen's heart.

"Who are you!"

Long Chen immediately said.

"Don't ask too many questions. Once we arrive at the Origin Dragon Palace and release the Origin Dragon Soul, all the hopes of my clan will be placed on you."

These were the last words, and after he finished speaking, the voice completely disappeared. No matter how Long Chen shouted, it never appeared again. It was as if the black dragon had only appeared for that moment at the moment it became a god.

"Go to the Origin Dragon Palace and release the Origin Dragon Soul. If you want to know my father's true identity, you can go to the Origin Dragon Palace and find him there. He's waiting there for me to hide all this secret, but the prerequisite is to defeat the Celestial King!"

Although Long Chen had many doubts, his thoughts were clear.

What he needed to do now was to be powerful and defeat the Celestial King! Then, he would be able to go to the Origin Dragon Palace as instructed! Then he would know what he wanted to know!

Mo Xiaolang was still working hard, and Ling Xi was also like this. Then, the most important thing for him was to break through to the Taiji Realm as soon as possible. He was completely confident that he could leave the Star of Destiny. Of course, he couldn't drag it out for too long, because the Divine Emperor Emperor Jun will personally descend. At that time, he might need to defeat Di Jun in order to enter the Origin Dragon Palace.

That was impossible.

"The reason why I was able to defeat the Celestial King and enter the Dragon Palace was because he was worried that I was weaker than the Celestial King. Opening the Palace just now would only benefit them.

Long Chen thought.

His mood wasn't particularly calm, so he let Yang You out.

He told Yang You what he had just heard. Yang You was his mother, and also a wise man.

She was naturally excited, but she was even more calm. She was as gentle as water and gently replied: "Chen Er, there may be some things that are inconvenient for them to explain, you have inherited too many things, these are all given to you by your father. With such a huge responsibility, to protect and even save the world, do you regret it? Will you blame him? "

Long Chen shook his head: "No, he gave me everything. As a man, he should drink blood and go to war. A small responsibility was nothing. When I lived in the White Poplar Town, he gave me the chance to change my fate. Naturally, I wouldn't blame him, but even more so, I would be grateful to him! "I am not used to having my fate controlled and being enslaved to me. Not in the past, but even more so in the future."

She took Long Chen into her embrace and stroked his hair, saying: "Child, then let's go out and fight bravely. No matter what happens, we will always support you. No matter how much you love us, we will love you as long as you are the pillar of all the Dragon Fighter, and even more so, the future of this world! That's right, you are a real man, so you shouldn't be afraid of gods and devils. Just do as they say and defeat the Celestial King.

"Alright!"

Long Chen could not help but tear up.

Just as he said, he had never blamed Long Qinglan for giving him such a huge responsibility, making him so tired, to bear all of this. This was his destiny, his persistence, and his personality.

After sending Yang You back to the God Kingdom, Long Chen's heart was as firm as iron.

He would always remember Yang You's words. He was protecting the common people, and the common people were also protecting him. Just like now, they were one and the same.

Then there was only one will in his heart, and that was power!

He was fighting, and Mo Xiaolang was also fighting. With the passage of time, Mo Xiaolang successfully reached the realm of the A master-class Empyrean God, and gradually climbed to the higher levels among the gods!

The same goal!

Six months later, Mo Xiaolang had devoured a total of two hundred types of Divine Flames, leaving behind only a hundred.

Long Chen, on the other hand, calmed his heart and cultivated. His heart was as hard as iron, as fierce as a violent dragon.

To see him in the Origin Dragon Palace!

Who is he!

Why was he his father, and also the god of the beginning?

He also wanted revenge, hatred as a husband.

Six months passed, a year passed, close to a year and a half had passed. According to the time taken, it was likely that the Divine Emperor's Emperor would descend upon the Dragon Sacrifice Continent at any time in the next year or so!

Long Chen had closed up for a year and a half, assaulted for a year and a half!

All for this moment!

BOOM!

The primordial divine dragon origin energy soared once again.

All life's will had been stored up for too long. It was the will of trillions of lives that had pushed him to his current level. During cultivation, he and everyone else had shared the same will.

He once again stepped into the next realm.

At this moment, he was only a step away from Taiyu Deity.

He was the only one in all the realms who had just become a god and didn't rely on devouring to make it to the Taiji Realm in just a few short years.

His second goal had finally been accomplished!

He did not know what had happened outside. He did not know if the Divine King was still standing guard outside. He only knew that the decisive battle was coming. Of course, he didn't dare relax, because he was about to face the four Divine Kings.

Even with the God's Eye of Fate, even if one reached the Taiji Realm realm, Long Chen was only confident that he could fight with the Infernal King. Fighting against the four Divine Kings alone, was simply impossible, after all, there was still the frightening role of the Dark Desolate God King, and every single one of them was an existence at the peak of ten thousand worlds.

He walked out of that space and returned to the abyss.

"Big brother Long Chen!"

When Su Yan saw him, she was naturally overjoyed. After all, Long Chen had been cultivating for more than a year, and not a single time had passed. Mo Xiaolang was also very crazy, but she was very bored.

"You've changed!"

The moment he saw Long Chen, Su Yan was stunned, and stared at him in a daze.

She was unable to describe where Long Chen had changed, but she could sense that he had become mysterious, yet firm and pure.

It was especially so for that pair of eyes. It was as if there were countless creatures living within them, countless lives. It was as vast and boundless as the universe.

"Why did it change?" Long Chen smiled faintly.

"I don't know. It's gotten even better!"

Since Su Yan's description was not clear, she flattered her.

However, all of her thoughts were still on Mo Xiaolang.

At this time, the multicolored Sun Devouring Demonic Wolf raised its head from the abyss and saw Long Chen.

"Big brother!"

At this time, there was only a single flame left in the entire abyss, the Emperor Ancestral Fire!

Mo Xiaolang had swallowed the other divine flames.

Now that Mo Xiaolang possessed nearly four hundred divine flames, there was practically no duplication and it was impossible to imagine just how terrifying he was right now.

The strength of the A master-class Empyrean God!

However, their battle strength was probably close to that of the polar state Divine Lord, or even Di Yao.

Not only that, he still had a new dimension within him, the Heavenly Emperor Ancestral Fire.

A scorching heat assaulted his face.

With four hundred types of Ancestral Flames in tow, the Nether Demon Ancestral Fire fought against the Firmament Emperor Ancestral Flame.

"Big brother, you're done?" Mo Xiaolang asked.

He felt the change in Long Chen even more than Su Yan.

The current Long Chen had already merged with the masses. He was the weapon of trillions of people.

"Yes."

"I have one last step left. Wait for me for a while." Mo Xiaolang laughed.

He was very relaxed.

"I'm waiting to broaden my horizons."

Long Chen smiled gently.

Their conversation seemed to have forgotten that they were about to rush out and engage in the most critical battle.

The Sun Devouring Demonic Wolf went to face the Sky Emperor Ancestral Fire.

"Yan Er, I'm afraid I'll need to use you in this battle."

Long Chen sat cross-legged on the side of the abyss. He still had a crucial mission to complete.

"I ... I am not afraid. I understand now. Who dares to bully me, I will eat them all." Su Yan said dumbly.

"Very good."

Long Chen nodded.

The day of the final battle was not far away.

"I wonder if they have thought that I would rush out to fight the Infernal King in the near future ..."

Long Chen had been waiting for this moment for too long. It was because he could endure it that he was able to progress so quickly, reaching his current state.

But Long Chen was still not satisfied!

"I just don't know, if I could defeat the Infernal King and enter the Origin Dragon Palace, completing the mission and escaping from here, would I be able to get rid of the Divine Emperor's Emperor Jun?"

That was in the future.

As Mo Xiaolang prepared to subdue the raging Emperor's Ancestral Fire, he was trying a new idea.

"Amongst the abilities of an Archaic Blood Spirit Dragon, the one thing that should be considered more terrifying is that I have yet to truly comprehend them, and the past usage is only on the skin of my eyes. I will see if I can use the rules to restore this Blood Refinement Art during this period of time!"

If possible, he was the devil, the Mo Xiaolang!

He could also consume it!

Devouring bloodline!

Chapter 2712 - The Battle of the Ancestral Fire

It had been more than a year since the Star of Destiny had been sealed.

A year and a half ago, the Monarch of the Storm had announced that Long Chen had been executed, and thus, for the most part, he had now fallen.

This was a world that had lost its genius and was ruled by the gods.

Long Chen's execution did not cause any great disturbance. That was because they could vaguely sense Long Chen's existence to the rest of the living beings. Perhaps this was the power of faith.

After more than a year of time, the relationship between Long Chen and the two of them had actually become even closer.

Therefore, they believed that Long Chen definitely still existed. In the end, almost everyone knew in their hearts, because the gods had no choice but to give Long Chen face, hence they claimed that Long Chen had already been killed. Not really.

It was because of this that the prestige and prestige of the Primordial Gods plummeted.

Furthermore, during this period of time, they had seen too many of Long Chen's opponents. What they had displayed was not intelligence, how they loved the world, but rather self-interest and arrogance, as if they were rulers, and not gods.

Long Chen was much better. Among his two great deeds, the first was to defeat the City Lord in Three Great Imperial Domains, and the second was to sacrifice his life to fight against the Primordial Demons. All of these deeds reflected his spirit.

Even if the gods did everything they could to discredit him and drag the blame onto his head, all living beings were no fools. Everyone had bright eyes, and everyone could see who was in the right and who was in the wrong.

It was precisely because of the support of all the living beings that Long Chen smoothly broke through to the Taiji Realm realm.

Amongst the humans, demons, seas, and witches, there were many spirits that came to the Hell City, bringing carefully prepared gifts and delivering them to the Hell City. This was because today was the birthday of the Infernal King.

Tens of thousands of years ago, the Infernal King descended upon the world.

Every ten thousand years or so, the Infernal King would have his birthday. This was a rule unique to him.

On this day, several hundred divine gods gathered in Hell City.

Many reputable gods had arrived.

It was a pity that the Divine Monarchs who lacked a lot of polar state had lost those who truly held weight. This birthdate seemed to be extremely bleak as well.

Originally, the Infernal Realm's Divine King and Starry Skies Divine King were guarding the place, but they only returned in a few days. After all, Long Chen hadn't come out for over a year, so he wouldn't be coming out during this period of time.

For more than a year, just to be safe, they had at least two Divine Kings, who were always on guard in Star of Destiny.

Later on, the Dark Desolate God King received a mission and left.

Although it was his birthday, his eyes were still deep. At the moment, he said, "The Dark Desolate God King has already completed the mission of 'Endless Universe Mountains' and found the key point of this mission. He is currently on his way back, and will probably be back here in a short period of time."

Endless Universe Mountains was one of the ten thousand neighboring realms next to the Dragon Sacrifice Continent. In the direction opposite from the Lingsu Star Sea, the distance between the two was slightly more far. In Endless Universe Mountains, deities were slightly stronger than Lingsu Star Sea, and there was even the possibility that there was a Divine King.

However, the moment the God King made his move, they were all suppressed.

More than a year ago, when the Star of Destiny had just closed up, the Divine King of Mo Huang was preparing to wait for him at the Star of Destiny when he received the Endless Universe Mountains's mission and hurried over.

"God King, may I ask, what exactly is the mission of the 'Endless Universe Mountains'? What did we get?"

one of the deities asked.

After all, this was one of the ten thousand realms bordering the Dragon Sacrificial World. It was reasonable for him to have some relationship with the Dragon Sacrificial World, such as the Lingsu Star Sea.

The Infernal King shook his head. "This has nothing to do with you."

Saying this, he looked towards Di Yao in the corner and asked, "Princess, Divine Emperor said that there's still about two years before we reach here from Taihao Region, right?"

Di Yao indifferently replied, "Not even two years. Maybe more than a year should do." He came together with the other seven Divine Kings. The two Demon Divine Emperors are also in the midst of the group.

The Infernal King could not hold back his laughter as he said, "From the looks of it, that grandson, Long Chen, will not be coming out of the Star of Destiny in the next two years. And when the Divine Emperor descends, there will be nowhere for him to run to. In a few days, I will go with Xingfeng to guard there. "

Beside him was the Space Dragon and Starry Skies Divine King.

Starry Skies Divine King's little brother, Xing Chen, was currently beside Di Yao, trying to please his. At this moment, he laughed, "There's no need for the two Divine Kings to be so cautious, Princess Di Yao has made great progress in this one year, it's more than enough for her to deal with Long Chen.

Hearing this, all the people congratulated Di Yao.

What you said is right, Long Chen was able to make those six Divine Monarchs fall simply because of the strange divine dragon of the Star of Destiny. In a true battle, he naturally cannot be a match for the six Divine Monarchs.

"I think that Long Chen will never dare to come out, he can only be a cowardly tortoise."

Upon hearing these words, the Infernal King smiled and asked, "Princess, do you have any good news to tell everyone?"

Di Yao was a little pleased with herself, and said: "At that time, if Long Chen comes out of Star of Destiny, leave him to me. I have already prepared for this for a year, and have comprehended a new rule, one that is even more powerful than 'Love Injuries'. With his abilities, there's no way he can stop it."

The Infernal King nodded. "Can you tell us what this rule is called?"

Di Yao didn't try to hide it at all as she replied with an air of arrogance, "Dejected Sky Slayer."

"Just by hearing this name, he is already quite extraordinary!" Fine, in these two years, if Long Chen dares to come out from there, we will hand him over to you to handle.

The gods cheered and celebrated.

Di Yao's eyes could not help but flicker with a look of contempt. For a mere Long Chen, the Gods were actually so nervous, it was truly funny. In this one year's time, she understood that a genius was only a genius. As long as she had her father and mother supporting her, even Long Chen would not be able to compare to her.

Actually, she did not want Long Chen to be found out from the Star of Destiny once he returned. That way, she would not have the chance to take revenge and wash away her shame. What she wanted the most was naturally Long Chen coming out of there openly and fighting with her in a decisive battle!

"I hope you have the guts! I'll wait for you at Star of Destiny. "

Thus, she left early and headed towards the Star of Destiny.

"Disperse!" Don't wait for Divine Emperor to return, we haven't even found the palace yet, how will we explain this to him then? " The Infernal King roared and followed the Starry Skies Divine King. The two of them followed Di Yao and headed towards the gigantic Star of Destiny in the north.

Divine King of Light stayed at the side of the Dragon Sacrifice Continent and continued to search for the palace.

Of course, Long Chen was not clear about the changes outside.

The eyes of all living beings were his eyes. At the very least, he knew that all living beings were good now. The eternal Haoyue had given them a great amount of life.

However, he did not know what the other deities were doing.

None of this mattered. They were about to leave.

He sat cross-legged above the abyss, with Su Yan also guarding at his side. And at this time, Mo Xiaolang, who had been hibernating for a long time, finally launched an attack on the berserking Azure Sky Emperor's Ancestral Fire under the abyss!

This was destined to be a peak battle!

Now that Mo Xiaolang had swallowed several hundred types of divine flames, these few hundred types of divine flames had fused with the Nether Demon Ancestral Fire and turned into a part of it, becoming an extremely cold flame. Every single part of his body, even a single strand of hair, was currently burning with the Nether Demon Ancestral Fire!

And right in front of his eyes, the pale white Azure Sky Emperor's flame slowly changed into a white flame tiger, eyeing Mo Xiaolang covetously. This Sky Emperor's flame knew that Mo Xiaolang was going to devour it.

This was a battle between wolves and tigers!

The Nefarious Spectral Demon Ancestral Fire was like a wolf, serene, patient, and mysterious. The Azure Sky Emperor's Ancestral Fire was like a fierce tiger. It was berserk, possessing the might of an emperor and unparalleled domineering aura!

The battle between the two types of Ancestral Flames!

Right now, they were almost equally matched.

Long Chen roughly knew that this battle would definitely last for a period of time, or maybe more than half a year. He had complete confidence in Mo Xiaolang, especially after he absorbed the hundred types of Divine Flames.

Fighting, passion, and hot blood!

BOOM!

The extremely cold and hot flames collided.

The intense fighting began at this moment.

Mo Xiaolang was not able to suppress the Azure Sky Emperor's Ancestral Fire, so this was destined to be a battle of life and death! The outcome of the battle in the beginning was not much. For example, from the start, Sun Devouring Demonic Wolf was not as brutal as the white tiger and was almost suppressed. It was just that Mo Xiaolang still had a certain amount of leeway.

Below them, the battle between the two giant beasts continued.

Up above, Long Chen closed his eyes. He was still able to watch this battle, and then, a lot of things appeared in his heart.

He focused his attention on the slaughter rules.

On one hand, he was watching the battle between Mo Xiaolang and the Azure Sky Emperor's Ancestral Fire, and on the other hand, he was thinking back to back then when he refined the Blood Qi. That was an extremely shallow usage of the Primordial Blood Spirit Dragon's ability, but it had found a way for Long Chen.

He remembered the first time, when he used his dragon claw to pierce through the underground blood lizard's heart.

That kind of feeling made one's heart throb.

He had swallowed the blood of the underground blood lizard and turned it into his own power.

The Primordial Blood Spirit Dragon was a Dragon of Slaughter, and that was one of his killing methods. But now, after Long Chen thought about it again and again, it slowly took shape.

Chapter 2713 - Blood Devour

To Mo Xiaolang, time was passing by in the midst of intense killing.

He was riddled with injuries, but he had never been defeated. He was determined to subdue this Emperor Ancestral Fire.

A single portion of the Firmament Ancestral Fire was equivalent to all of the flames he had consumed thus far.

To Long Chen, time passed in peaceful and bloody thoughts.

He focused and focused in search of an even more brutal way of slaughter from Mo Xiaolang's massacre. This was what he needed right now, because he was about to step onto the battlefield and needed this power!

Killing was just for protection!

This was the dao in his heart, eternal and unchanging. Therefore, even though the Blood Refinement Art had reappeared, he was not the least bit afraid.

Only Su Yan was the one who had the most leisure to do so. She silently watched Mo Xiaolang's battle, and although her heart felt very uncomfortable, and felt very protective, she had no way to stop him.

As time passed, everything would change.

For example, Mo Xiaolang went from being in a sorry state to being forced to retreat, after fiercely fighting countless battles, it became deadlocked, and finally, it became the fear and dread of the Azure Sky Emperor's Ancestral Fire. It might have thought that it could already force Mo Xiaolang to retreat, but he was wrong.

In the end, half a year had passed.

But now, half of the Azure Sky Emperor's Ancestral Fire had been swallowed by Mo Xiaolang, Mo Xiaolang was becoming more and more tyrannical while the Sky Emperor's Ancestral Fire was becoming weaker and weaker. When Mo Xiaolang had digested half of the Sky Emperor's Ancestral Fire and used it

to burn the ash white Ancestral Fire, he had completely suppressed the remaining Sky Emperor's Ancestral Fire!

On that day, he had completely devoured all of the Sky Emperor Ancestral Flames!

BOOM!

The flames on his body burned up to a thousand meters high!

Half was black and the other half was white, scorching hot. The two types of fire and water were actually perfectly fused together on his body.

Unbelievable!

The Azure Sky Emperor's Ancestral Fire had also allowed Mo Xiaolang to break through to a new level!

The Divine Monarch of the polar state!

Several hundred types of divine flames and a portion of the Sky Emperor Ancestral Fire allowed him to step past two divine gods.

Since ancient times, even those existences who were good at devouring probably did not have as high an efficiency as Mo Xiaolang.

Now, he had already reached the level of the Divine Lord of the Netherworld.

It was the Ancestor Fire of the Azure Sky Emperor that created him, and it was also he who created himself.

Of course, what was even more important was that Long Chen had brought him here, allowed him to swallow the Holy Martial Fire God, and allowed him to go against the Azure Sky Emperor's Ancestral Fire.

Of course, they were all brothers, so they didn't care about these things.

Even the Nether Demon Ancestral Fire and Azure Sky Emperor Ancestral Fire were similar. The current Mo Xiaolang was a peerless furnace, so the two types of Ancestral Flames would definitely cause him to have a fearsome killing power!

After all, there were no rules for the divine flame to consume. Therefore, he would probably be stuck in the polar state for a period of time, where he would need a very long time to become the God King.

Most importantly, he was very close to the current Long Chen. Although it was impossible for him to defeat the God King, a deadlock should not be a problem. After all, he had two Ancestral Flames, the protection of the Ancestral Flames, and it was enough for him to not die!

Mo Xiaolang and Su Yan were both heaven defying beings!

Even the little kitten was envious of him, it was just that Long Chen didn't know what suited him, otherwise it would have made him stronger.

"You bunch of heartless things are all getting stronger and stronger. You are all specifically bullying a young kitten like me!"

When Mo Xiaolang succeeded, he was still going through the final stage of the attack.

He knew that Mo Xiaolang had succeeded, and his final tenacious battle had allowed Long Chen, the spectator, to receive a lot of help.

At this moment, he was in a sea of blood. It was as if he had seen the Primordial Blood Spirit Dragon's sea of blood for the first time. In the sea of blood below, an incomparably enormous divine dragon was buried.

The sea of blood was vast and endless.

"Blood Refinement Qi, it should be called the 'Blood Devour'."

It was about time.

After half a year of hard work, he had finally succeeded.

He spread his arms, and a sea of blood shot up into the sky. Countless streams of blood poured down onto his body, but they were all miraculously swallowed up by him. At this time, every scale on his body was like an evil mouth.

Rumble rumble rumble!

Long Chen opened his eyes.

A trace of a demonic red color flashed past the eyes of the Heaven's Eyes of Fate and the wishful eye.

"Big brother."

Mo Xiaolang and Su Yan stood in front of his eyes. They realized that Long Chen was even more mysterious and hard to fathom, his temperament constantly changed. Sometimes he was sinister and cold, sometimes he was mysterious and ethereal.

No matter which side he took, he was the real him.

Long Chen looked at his surroundings, then looked at the two of them, and laughed softly: "We have hibernated here for two years, and we have all undergone a great transformation. It is time to leave this place. "Revenge!"

Defeat the Godking. Origin Dragon Palace. Meet him!

"Alright!"

Mo Xiaolang nodded firmly.

Long Chen said: "We still have to plan a little. I want to kill the Infernal King, so you guys can help me temporarily stop the Starry Skies Divine King and the Divine King of Light, and there is also the Desolate God King who is the most difficult to deal with. So, even if we go out, we cannot do it openly and need to be cautious in order to succeed."

Although the three of them were heaven defying, they were still a bit lacking.

Furthermore, the Dark Desolate God King and the Order-level's creation god artifact could not be underestimated.

They could not stay here forever. After all, the Divine Emperor Emperor had come.

"Right now, Di Jun must have yet to return."

Long Chen was very confident.

"Let's go in first."

He had and Su Yan first stay in the Divine Kingdom, then use the rules of time to enter the Time Traversing Dragon. This way, they could secretly leave the Star of Destiny, and even the Divine King might not be able to discover him.

In terms of the rules of time, his attainment was rather deep.

"Just like how you assassinated Ling Xi back then, it was time to repay the debt of blood with blood." There was no need for Long Chen to choose openly, he only wanted to pay for it with blood.

However, at this time, the Ling Xi he had been waiting for, finally underwent a change.

The peerless beauty's body suddenly trembled as she opened her eyes. She, who had achieved the body of a Pure Immortal, had become extremely different. Her eyes were deep and pure like the fairies of the nine heavens. They were spotless and could not be desecrated.

In front of him was the orange statue of the God of Souls.

"Is it done?"

Long Chen asked.

"Yes, this set of Heavenly Rules Spiritualism is called 'monocardium'."

After he succeeded, it would be time for Ling Xi to leave that place and return to his side. Although it was still visible, Long Chen still missed her a lot.

But it didn't seem to be over.

When Ling Xi comprehended the 'monocardium', the color of the orange colored deity statue suddenly scattered, transforming into a monstrous divine power that poured into Ling Xi's body. That was the purest form of divine power, and after going through many changes in the laws, Long Chen did not know what the Sphinx had done, but after the enormous amount of divine power entered Ling Xi's body, it actually became Ling Xi's divine power!

This was unbelievable.

Even if it was a god, it was very difficult to have a direct inheritance of power, but the Sphinx did it.

Firstly, Ling Xi's body was extremely tough.

Secondly, the energy that had appeared was simply too compatible with her. There was no second body of immortal origin energy in this world, nor was there such a pure second energy.

Third, there was a profound change in the rules, which was causing a direct divine power inheritance. It was clear that the Sphinx had sealed all of his power here.

Ling Xi was a little dazed at the beginning, as her strength increased, she also continued to become stronger, "It should be so, among these eighteen types of Heavenly Law Spiritualism, every single one of them contains the inheritance power of the Sphinx, and when I comprehend one of them, I will be able to obtain the power within the deity statue. This can allow me to only need to comprehend the Heavenly Law Spiritualism, to constantly become stronger, and not have to spend time on slow cultivation.

In other words, she didn't have to worry about the level of power that even Long Chen and Mo Xiaolang had to worry about.

Her path of divine cultivation only required her to progress on the rules. It was not only limited to Spiritualism s, but also the path of the Divine Sword, and so on. The three rules must go hand in hand.

This was a huge gift from the Sphinx.

"This kind of inheritance of power is very difficult to carry out. Firstly, this inheritance is itself one of the eighteen types of Spiritualism s in the heavenly laws, only the Sphinx knows about it, and secondly, it must be an inheritance from a Pure Immortal Body. So she did it, but only if I made progress on a regular basis. "

monocardium itself was a very high level rule.

The color of the orange idol slowly faded as a large amount of power was passed down to Ling Xi!

Long Chen was originally worried that she wouldn't be able to keep up with him and the Little Wolf and the others, but it seemed that he wouldn't have to worry at all. It was her kindness, her purity and dedication that won all of this!

The Sphinx was creating her, and even going so far as to give up everything, wanted to beat her into a new Divine Emperor.

In a short span of today, a statue had allowed Ling Xi to progress from Taiji Realm to Taiji Realm!

Of course, the more powerful she was, the lower the level of power she would have. In the future, there might be several idols that could help her level up once.

It was all possible.

And now, she only had seventeen deity statues and seventeen types of heaven set Spiritualism left!

And there's also the Spirit Elemental God Sword Dao, the vegetative energy!

Her future was also limitless, and she might not lose to Di Yao. Di Yao did indeed have two bloodlines, which was one more than Ling Xi, but Ling Xi was created by the Sphinx!

These few days, Long Chen had already received too many good news.

He told Ling Xi what happened when she was training in the Spiritualism of the heavenly laws.

"Actually, I know what you're thinking. I know what you're thinking!"

Ling Xi smiled, but it went without saying.

"Time to go out and fight." Long Chen nodded his head, thought for a while and said: "Even though you can come back now, you are temporarily unable to participate in this battle. You can try to comprehend an additional type of Heavenly Code Spiritualism."

Chapter 2714 - Return of the Goddess

Of course, Long Chen only gave her a suggestion.

If she wanted to come back now, she could.

He just wasn't sure if the remaining seventeen idols were still there when she left.

However, he was overthinking it.

Just as he was speaking, all seventeen statues entered Ling Xi's Divine Kingdom and stood there. When she needed to cultivate, she could come in contact with these statues at any time, and she could also cultivate a dozen or so types of Heavenly Code Spiritualism s at any time. However, once she wanted to enter a state of cultivation, she would have to cut off all contact with the outside world and be more focused.

Putting away the remaining seventeen deities, Ling Xi said: "I will be back soon. There are still many people in Five Dragon Cities who do not know that I am still alive, right?"

"Other than the Dragon Emperor and the rest, they don't know much."

She was finally going to return. Even if she wasn't in any danger over there, Long Chen was still worried about her. Back then, the Infernal King could easily crush them, but it was different now.

To the millions of Dragon Fighter s in Five Dragon Cities, this must be a huge surprise.

Not only had he obtained Hun Yuan's Heavenly Fate Dragon's inherited blood essence, he had even reached the level of Taiji Realm. The people around him had all become stronger, and Ling Xi had also reached the consummate stage, and was about to return!

The Dragon Fighter had already gotten used to living in the Divine Kingdom. To them, Long Chen's Divine Kingdom was like a new continent, and they could no longer feel any big difference between the inside and outside.

Today, Long Chen suddenly descended and said: "Everyone, today, I have to announce a good piece of news to everyone!"

Because it was Long Chen's voice, all the Dragon Fighters were awakened from their cultivation, and they were all filled with reverence and anticipation. The Dragon Emperors were currently gathered and chatting, and when they saw Long Chen's appearance, the violent blood Dragon Emperor among them laughed: "Isn't it just the little wolf that subdued the Sky Emperor's Ancestral Fire, and reached the level of Taiyu Deity? We all know. "

"That's right, this is indeed a heavenly good news. You youngsters are too amazing. We old guys don't even know where we're going to lose face."

The words from the Immortal Dragon Emperor made all the other Dragon Fighters burst out into laughter.

But Long Chen laughed, and during the discussion of the crowd, he mysteriously said: "Of course, this is one of the good news, but it is not the good news that I want to say. Maybe everyone feels very surprised, so get ready! "

It was impossible to describe the excitement in his heart.

Back then when Ling Xi was assassinated, he felt as if a knife was twisted inside her heart and she swore to take revenge.

Although Ling Xi was not injured at all, she had endured until today. He could always remember what had happened at that time.

His words caused everyone to quiet down.

The Dragon Emperor had already guessed it, and they couldn't help but reveal smiles because they knew how important this was to Long Chen.

Until now, he already had the power to take revenge, so he could completely announce it!

"Let us welcome her."

On the other side, Ling Xi was currently returning. Back then, she had arrived at the Heavenly Sovereign Sword Sea in the blink of an eye, and had left inside Long Chen's Divine Kingdom.

When Long Chen's words fell, a peerlessly beautiful woman with a pure and flawless radiance suddenly appeared by Long Chen's side. For a moment, it was as if a fairy from the nine heavens had descended, holy and boundless, allowing people to bathe in an incomparably pleasant and comfortable glow.

That peerlessly beautiful face, that pure and comfortable smile, those two eyes that were as clear as air, were extremely familiar to the Dragon Fighter. It was Ling Xi who had set up the Universe Teleportation Formations, which was the reason why she was able to protect the Five Dragon Cities.

"Ling Xi!"

Suddenly, many people almost suffocated. They could not imagine that this dead person would actually reappear and return here completely unharmed. More importantly, she became even more powerful, and completed the transformation from a human to a divine being.

The millions of people were stunned. Ling Xi was too beautiful, so beautiful that they even forgot the passage of time.

She's not dead.

Long Chen held her hand and loudly said: "Everyone, in fact, after getting assassinated, although she was heavily injured, he did not die of great misfortune. But the murderer God King of Hell believed that she was already dead, so at that time, I could only play it by ear and hid the truth from everyone, making them sad for me. But I believe that everyone will not blame me.

He roared out the last two words.

Everyone could understand his decision.

If he told everyone that Ling Xi was not dead, then the news would eventually leak out and the Infernal King would know. At that time, it wouldn't be so hard for her to take revenge in peace.

And Long Chen did not do it today!

They did not blame Long Chen, but Long Chen had given them a huge surprise instead. They respected Ling Xi because she was also someone who deserved her respect. Her passing did cause countless people to feel regret and grief, but her return also brought many people excitement and joy.

Many people could not hold back their tears as they cheered for Long Chen and Ling Xi.

It was bustling with noise and excitement.

"No matter what, we support you! If the gods are immoral, then we should pay the price! "

"It is time for revenge! We did not target them, but they, the Divine King, assassinated Miss Ling Xi. It's a good thing that Miss Ling Xi did not die, but this hatred must be avenged! "

They were forced to come to Star of Destiny and lose their homes and dignity.

The Dragon Fighters did not have a divine way, they were selfish and did whatever they wanted, the Dragon Fighters were incomparably supportive of Long Chen going against it, so they wanted them to pay this price. They extremely trusted Long Chen, and they believed that the current him already had the strength to make the Infernal King pay the price!

He couldn't wait any longer. Otherwise, if the Celestial King returned, everything would be over!

Right now, Long Chen was hugging Ling Xi's slender waist. Their understanding and support made the blood in Long Chen's heart burn, making him boil with excitement! And today, he had finally reunited with Ling Xi. She had suffered too much grievance, and this time, Long Chen didn't dare to promise her anymore, so he could only use his life to protect her again!

What happened last time was unacceptable. There would be a second time!

Amidst the cheers, Mo Xiaolang also hugged Su Yan.

"wolf cub."

Su Yan's face reddened, in front of so many people, she still felt uncomfortable.

Mo Xiaolang said: "En, are you ready? You have to take it on your own. "

Su Yan nodded heavily, and said: "Alright, I want to give my all as well. Since Big Brother Long Chen is going for revenge, I will work hard to help him stop a Divine King."

Only by resisting would he be able to unleash the hot blood in his heart!

Ling Xi will stay here. After returning, even though she has suffered a lot, her eyes were still filled with tears. Now that they are all people who want to resist, they are willing to give their all.

"You can cultivate the Heavenly Rules Spiritualism without worry. With so many people accompanying you, we won't be alone. As for the matter of revenge, leave it to me now!" Long Chen whispered into her ear.

Although Ling Xi's progress was terrifying, the opponent she was facing this time was just too strong, she was still lacking a little. Right now, it could only be said that her future achievements would definitely not be any worse than Di Yao's.

"Alright." Ling Xi was also someone who knew her limits.

She landed in front of the Dragon Emperor s and hugged Yang You. With the greetings of these elders, at least Ling Xi would not be lonely. Her smile and gaze also made Long Chen have endless hope.

Ready to go.

Under the heated gazes of countless people, Long Chen was ready to set off and leave the Heavenly Fate Palace. After inheriting the blood essence from Hun Yuan's Heavenly Fate Dragon, he had the means to leave this place at any time.

After opening up the Heavenly Fate Palace, Long Chen walked out.

Outside was the Maze of Destiny, but he knew the way out. The Maze was constantly changing, but as the controller, he naturally knew the exit.

"Law Suppression, from god to mortal, this is the law of the Heaven's Eye."

Long Chen's Heaven's Eye had the same effects as this maze of destiny.

Soon, he found a door. After exiting, he arrived at the Bottomless Pit. He then went up and saw many white snakes.

"These little snakes are the same as the black dragons of the Incantation. They are all cursed divine dragons and the thing that is wrapped around their bodies is called 'Chains of Fate'. They have been trapped here for all their lives. What should I do to save them if I lose my fate? "

Along the way, they were countless little white snakes. They huddled together blankly and slept in the endless abyss. Long Chen felt sorrow in his heart, but was also extremely generous.

"One day, I will make the Dragon Sacrifice Continent truly strong again. I will free this white dragon and black dragon from its curse and allow the divine dragon to descend upon the Dragon Sacrifice Continent once more!"

It was his oldest dream.

But now, his greatest dream was to defeat the Celestial King and meet him in the Origin Dragon Palace!

He arrived at the top floor of the Bottomless Pit and it was already sealed outside. But of course, Long Chen could easily leave, as it was an unbreakable barrier to others. To himself, it was an empty tunnel, and after half a day, he had already easily arrived outside the Star of Destiny.

Time Traversing Dragon.

After all, there were a total of four Divine Kings. Neither he nor Mo Xiaolang could be in a stalemate with two of them.

He tried to make as little noise as possible, so that the Celestial King would not be able to discover him.

Sure enough, there were three gods in Star of Destiny. They did not conceal their presence at all and were incomparably passionate, allowing people who were in Dragon Sacrifice Continent to easily feel their existence.

"It's Di Yao, Starry Skies Divine King and the Infernal King!"

It was none other than the three of them!

Long Chen suppressed the hatred in his heart and went over secretly.

Chapter 2715 - Endless Universe Mountains

The three of them were now gathered together.

In the blink of an eye, they had not seen each other for two years.

might feel that two years was a long time, but to the divine beings, it was just a blink of an eye, and he was just not used to it.

In reality, the amount of time he had been alive was not even a fraction of the god's true strength.

That was why he was a miracle.

Under his influence, Mo Xiaolang and the others had practically become miracles.

Long Chen skillfully used the Time Traversing Dragon to escape into the river of time, and quietly approached them. Even though they were still very far away, he had already seen those three people.

Among them, the Starry Skies Divine King and the Infernal King cultivated together, so Di Yao should have just come looking for them. After two years, the white-haired woman was even more enchanting, still peerlessly beautiful, with an exquisite figure. The Princess of the Divine Emperor's might was something no one dared to look at directly, nor did they dare to imagine.

Even though she had fallen in love, and her blonde hair had turned white, she was still an outstanding beauty, and instead had an endless amount of grace. Of course, compared to Ling Xi, this bad-tempered Di Yao was only dog shit.

Long Chen still wanted to hear what they had to say.

Soon, he heard an important piece of information that was useful to him!

Di Yao said with a slightly arrogant tone: "I just asked about my father, he should be able to come here in about another year or two. Although Long Chen is hiding in here, it's of no use to him."

The Infernal King nodded leisurely and said, "That's true. With the arrival of the Divine Emperor, we don't have to guard this lousy place. It's just that we haven't completed our mission. We really don't have the face to meet the Divine Emperor!"

Di Yao replied: "It's alright, my father said that the place itself is not easy to find, you just have to concentrate on protecting Long Chen, if he runs away, that will be the real crime."

The two Godkings nodded helplessly.

He hadn't expected that the exalted Celestial King would actually do such a thing after coming here.

Long Chen thought that he was in danger, he only had a little over a year left. If he delayed for another year and came out again, then not to mention taking revenge, he would be completely dead.

The Infernal King cursed and said, "That old bastard from the Dark Wasteland is about to return. About a month or so. This fellow was lucky to have been sent to the 'Endless Universe Mountains'. There was no need to stand guard here. When he comes back, he'll have to change his place and enjoy himself here. "

His personality could be considered the most active amongst the four Celestial Kings.

"The Dark Desolate God King went to the Endless Universe Mountains?" To Long Chen, this was extremely good news. After hearing the news, he had almost decided to take action. If not, he would not have such a good chance when the divine king returned in a month.

Now that they had three Divine Kings, even if they were to come together, it would only be a little dangerous. This danger mainly rested on Su Yan and Mo Xiaolang, after all, the Divine King had a lot of uncertainties, it was not something that could be accomplished just by persisting and resisting.

If something unexpected happened, both Mo Xiaolang and Su Yan would be in danger.

Even if it was Long Chen himself, he had only come for revenge and was not absolutely sure that he would be able to defeat the Infernal King!

Therefore, even with the great condition of the Dark Desolate God King not being present, he still needed to observe carefully for a day or two, to find the most suitable time!

"Oh, that's right. Princess, you've come here today. Are you looking for us two?"

The Infernal King asked calmly.

Di Yao's face was cold and detached, "No, I just thought of a good way to force Long Chen out. I can't wait until the day my father returns."

Of course she didn't expect that Long Chen had already come out of Star of Destiny at this time, and was right in front of her!

"Speak!"

The two Celestial Kings looked at each other.

Actually, they did not want to wait for the return of the Divine Emperor either. After all, they, the four Divine Kings, could not even handle a single aboriginal. If they could catch Long Chen now, they could save some face for now.

The Storm God had once announced that Long Chen had already been executed, and this is what we have told the living beings these past few years. However, it was very obvious that they did not believe it, as I have understood that faith comes from becoming a god, and it was clear that some people believed in Long Chen because they believed in his existence. They could feel his existence, and even Long Chen might be able to see their situation and thoughts. Even though he is in the depths of Star of Destiny, he still understands the current Dragon Sacrifice Continent very well. "

At this point, he was about to unravel the mystery.

Long Chen really wanted to know, what kind of evil scheme was this woman up to now?

It was fortunate that he had come out earlier. Otherwise, she would have brought him new trouble!

As expected, she said at this time: "Long Chen was rumored to have been born in Dragon Sacrifice Continent, and at that time, Dragon Sacrifice Continent was still a broken world. He was born on the verge of destruction, and that place is called 'Divine Dragon Nation', and there is also a slightly stable place next to it, called 'Three Great Imperial Domains'. The Divine Dragon Nation is his homeland, and there are many people he knows, even his relatives.

Hearing this, the eyes of the Infernal King and the Starry Skies Divine King lit up. They roughly understood what Di Yao meant!

"Princess, your thoughts are truly thoughtful, we were not aware of Long Chen's ability to scout the situation outside, and Divine Emperor had also instructed us not to touch the life forms of the Dragon Sacrifice Continent, so we did not expect this, but if it were thousands of people, or tens of thousands of people, as long as we hid ourselves, there is no problem at all. The weight of these thousands of people in Long Chen's heart, is heavier than hundreds of millions of people!"

Two Divine Kings are guarding here, waiting for Long Chen's anger to come out before capturing him. But when I go to the Dragon Sacrifice Continent, I secretly pulled out all the people he knows and

gathered them all together, I don't believe that Long Chen can't feel it, I will kill a few every day, and one day, he will come out. "

As she spoke to here, she and the two Celestial Kings couldn't help but laugh.

It's just that we overlooked it previously. With Long Chen's personality, he definitely could not endure such an outcome, and this naive fellow really thought that bringing Five Dragon Cities into the God Kingdom would be alright. "

The Infernal King laughed mockingly.

Starry Skies Divine King said, "Then let's not delay this any further. Let's begin immediately."

They were already eager and looking forward to what was about to happen.

In fact, his main goal was to force Long Chen out, so it wasn't important how many of them died.

As long as it wasn't a hundred million deaths, they weren't breaking the rules.

In the eyes of God, the lives of living beings were simply unimportant.

After hearing all of this, Long Chen's opinion of Di Yao changed even more. She was a woman who would use any means possible to achieve her goals, she wanted to take revenge on Long Chen.

Maybe she had really liked Long Chen before, but it was also a kind of abnormal love, a kind of domination.

And just like that, although her smile was beautiful, the malevolence contained within it also caused others to be moved.

This Princess of the Divine Emperor was changing more and more.

Or perhaps, until now, she had never been able to obtain anything!

He actually set his sights on the Divine Dragon Nation and Three Great Imperial Domains, how despicable and shameless. However, this had always been the case for the Gods, and the Infernal King and the others were the most outstanding ones.

Five Dragon Cities was Long Chen's reverse scale, and Divine Dragon Nation and Three Great Imperial Domains were the same as well.

Bai Yang Town, Source Spirit City, Huang Yang Royal City, Holy Martial Empire, Shen Long Kingdom, etc. There were many of Long Chen's former comrades here, such as the Dragon Clan's people, his sister, such as Liu Yiyi.

On Three Great Imperial Domains's side, True Martial Imperial Palace, Sword Soul Imperial Palace etc!
If they were to ...

That's right, Long Chen would indeed rush out of Star of Destiny.

Just that they were a step too late, Long Chen had already dashed out of Star of Destiny.

At this time, Di Yao had already made an agreement with the two Divine Kings. She went to find all the people that Long Chen knew, while the two Divine Kings guarded the area, waiting for the dragon carriage to appear.

Long Chen had only recently reached the level of Perfection not too long ago, so they simply could not imagine that Long Chen would make yet another seemingly impossible progress in such a short amount of time.

Di Yao set off.

When Long Chen followed her, since she had chosen to do this, it was time to give her a surprise.

"Everyone has to pay the price for their wrongdoings, even if you are the Daughter of the Divine Emperor, the Princess Di Yao ..."

Her decision made Long Chen hate her even more!

How could such a woman be compared with Ling Xi? She was of noble birth, but her entire body was filthy.

Finally, her divine body descended upon the top of the Archaic Graveyard. Here, on the left was the Three Great Imperial Domains, and on the right was the Divine Dragon Nation, both home for Long Chen.

Long Chen followed behind her. It had been a long time since he had returned to this place, and he still cherished the memory. This time, Long Chen decided to take away and protect all the people and things that had a deep relationship with him. Otherwise, with the despicable nature of the gods, it would inevitably bring about a calamity that would cause him pain for the rest of his life.

Within the violent storm, Di Yao stood against the wind. Her white hair was like snow, her figure was exquisite, her snow-like skin had an amazing luster to it, and her delicate face made people drool. She was like a goddess descending from the sky. She was completely silent and did not want to cause too much of a commotion.

Her willpower used White Poplar Town as the source of the search and searched everyone's memories. She was a god, and that was his ability. Very soon, he locked onto a small town and sneered, "This place should be his starting point. Then this whole family will come up!"

She reached out towards the void!

Instantly, Yang Xueqing, Yang Ancestor, Yang Qingxuan, Yang Yuntian, Yang Wu, Yang Lingyue, Yang Lingyue and the others all appeared in front of Di Yao!

Chapter 2716 - War between Women

They knew that the gods had returned, and they also knew that Long Chen was currently in Star of Destiny. To them, Long Chen had long been a myth.

The goddess before his eyes was disdainful, domineering, cold, and just like the legends described, she was the daughter of the Divine Emperor, the one who had been tangled up with Long Chen before!

Long Chen was too glorious, causing them to feel like they were living in a dream, they did not dare to reveal too much, and had hidden their names, but never expected to be captured by the gods today!

No one from the Yang family dared to speak, because Di Yao didn't care about them at all.

Long Chen did not interrupt her. He was waiting for Di Yao to find all the people who had huge relations with him, and then he would be able to protect them and bring them to the God Kingdom.

What he was looking forward to was, when he appeared, how astonished would Di Yao be!

She must be afraid of him!

Following that, it was the Source Spirit City. Those who were related to Long Chen or his wife, as long as they had a good relationship with her, would appear one after another, such as the sexy and enchanting Liu Lan, such as Mo Xiaolang, or the sister Yin Mengyao that Mo Xiaolang was still worried about. After that, when they arrived at the Canyon Kingdom, no one's memories could escape the search of Di Yao, this god. Currently, she was good at forgetting rules and relationships, but emotions and memories were closely related.

Demonic Palace, Zhao Qingyun, Murong Yu! And also Long Chen's foster father, Dongfang Xuanxiao and Xuan Ming! They all came here one after another, and Di Yao couldn't help but stare at them.

Especially Zhao Qingyun and Dongfang Xuanxiao, these two were the most important elders that Long Chen had just stepped into the cultivation world. It could be said that without them, there would be no Long Chen today!

Long Chen could see them at any time, but he was standing at a position that was too high for him to disturb their peaceful life. He could communicate with them at any time. Of course, it had been a long time since he had seen them face to face.

No one could escape her search. From the current ruler of the Holy Martial Empire, to that guy with the same name as Long Chen, to the six brothers and sisters of the dragon race, to Long Yue and Jiang Wuya, to the grown up Huangfu Qi, to the Huangfu Qi, to the Huangfu Qi, to the Huangfu Qi, to the Huangfu Qi, to the Huangfu Qi, to the very beautiful Huangfu Qi.

They were all listening to Long Chen's story and still remembered the heroic figure who fought alongside them back then.

In the end, a character that made Di Yao look at him in a new light, the delicate and charming Liu Yiyi who cultivated the world of medicine, appeared.

"This guy is merciful and irresponsible. He deserves to die. It seems that you and I are the same. Unfortunately, you are just an ant."

Di Yao gave a disdainful smile.

Liu Yiyi had a rough understanding of what had happened after her initial shock.

Although there were some people around that did not know him, those that they knew were all related to Long Chen!

Then there was the entire Divine Dragon Nation!

Bai Suxue and the rest had also appeared here and were captured by Di Yao.

"And you are also the big sister of that Nuwa monster?" And also Long Chen's little lover? Double identity, it seems like you are the most important here. "

Di Yao couldn't hold back her laughter. She was just thinking about it, but who would have thought that the benefits this time around would be so great?

Of course she did not stop, in the end, her will descended upon the Three Great Imperial Domains!

The Three Great Imperial Domains was more concentrated, which made things much easier. From the True Martial Imperial Palace, the companions, all the acquaintances, as well as the pestering Feng Zhiling countless times ...

On Sword Soul Imperial Palace's side, there were Ling Xi's parents!

There was also Dragon Star from the Nine Star Primal Chaos City, and the and Ye Xuan siblings from the Nether Realm!

They were all very important people to Long Chen!

In total, there were over two hundred people, all trapped and controlled by Di Yao.

Di Yao couldn't help but giggle as she looked at these several hundred people. The feeling of looking at their terror was simply too great. Ever since she was young, she knew that living beings were nothing but jokes. They weren't on the same level as her. Although their appearances were the same, their levels of existence were different.

They were the masters, and their animals.

Seeing these people, one could feel the story between them and Long Chen. Di Yao had to admit that these stories were very interesting, making her feel that Long Chen was extraordinary, but that was all. To her, even the battle with the City Lord was just a small matter, two ants fighting each other!

Di Yao's eyes swept across the crowd and said: "I brought everyone here today to ask for a little favor. Long Chen has been hiding in Star of Destiny for too long, I hope everyone can call him out."

This was more or less what everyone had expected!

But no one could resist the gods.

This place was the strongest place in the Sword Master Ling Wu. After the Eternal Harmony Stone descended, it brought about a huge change for him, allowing him to charge up the Nirvana Tribulation Realm and also the tribulation of reincarnation. He was now one of the top experts of the Dragon Sacrifice Continent.

He was Ling Xi's father.

He said, "Princess of the Divine Emperor, if Long Chen wants to come out, he will naturally come out. With a heaven warping talent, he left us long ago, so he might not care about us.

He knew that no matter what, he mustn't harm Long Chen and Ling Xi.

In reality, the news of Ling Xi's death had only spread around the Immortal God Realm.

"Useless!" You are Ling Xi's father, right? Did you know that your daughter died? "

Di Yao mocked, her eyes shining so brilliantly that people couldn't even look at her directly.

Sword Master Ling Wu was stunned, but his mind was firm. He comforted the woman beside him and said: "I believe in Long Chen."

Just these five words caused Long Chen to be extremely excited. This was his father-in-law, his words were more important than anything else!

"Enough, I won't waste any more words with you guys!"

Di Yao's eyes turned and she stretched out her hand. Suddenly, three women were attracted to her, and were Liu Yiyi, Sanxue and Feng Zhiling.

"Long Chen is the one who is the most protective of the fairer sex. Since you guys have been infatuated with him and fallen in love with him, then I presume that he has also pampered you guys before! Since he has so much love, he will definitely come back to save you guys. Then, today we will start with you guys. You must tell Long Chen, if he doesn't come back soon, then I will kill three of you every day! "

No panic.

Everyone looked at her coldly.

Feng Zhiling was the Palace Master of the True Martial Imperial Palace, her personality was still tough and unyielding. At this moment, she could not help but sneer: "The so-called Divine Spirit is only so-so. I heard that a certain Princess of the Divine Emperor shamelessly chased after Long Chen, and was rejected and abandoned.

After Di Yao was scolded like this, her face began to contort.

They were not afraid of death.

Liu Yiyi said: "You won't get him if you continue to act like this, it will only make him hate you even more."

Being the emperor, she was also used to life and death. At the moment, she chuckled softly: "You have nothing to be superior to, you're just like us, losing to Ling Xi is nothing shameful. Of course, killing us is also not a big deal. I believe that he knows her limits, so don't think of forcing him out of the Star of Destiny. Once he is confident enough, there will be a day when you die! "

What Di Yao wanted to see was their painful tears. She wanted to see them beg Long Chen to save her, but she didn't expect these three girls to be so unyielding. She was a god, but they were not afraid!

"How preposterous! I refuse to believe it!"

Di Yao was so angry that her heart was trembling. Just as she was about to make a move, the three women in front of her suddenly disappeared. By the time she had reacted, they had already returned to the crowd of several hundred people.

"Huh?"

Di Yao was stunned.

There were very few people in the world who could steal her prey without making a sound.

Perhaps there are only a few Celestial Kings

Even Long Chen might not be able to do it.

But now, such a thing happened.

To tell the truth, Feng Zhiling and her men were ready to die. They felt a soft and powerful force enveloping them, and in a blink of an eye, they were back in the group.

"Who is it!"

Di Yao let out a loud shout.

That voice broke through heaven and earth, forming a terrifying impact. The might of that voice, without any surprise, could directly kill hundreds of people. However, when that voice reached the ears of those hundreds of people, it was immediately cut off.

There was an expert that was trying to stop him!

"Who are you!"

Di Yao was furious.

At this time, they couldn't help but look forward, where a figure had gradually turned from illusory to real. Even if they hadn't seen Long Chen for a long time, today's meeting, even if it was the back of the person, they could still see Long Chen at first glance!

Black hair, a red and blue robe, thick shoulders, and an aura that could touch the heavens!

His appearance was like a pillar that could lift up the Heavens, causing everyone to feel as if their heads were about to rise up into the sky!

"Long Chen!"

Everyone found it hard to imagine, wasn't he hiding in the Star of Destiny? How could he suddenly appear here!

Everyone covered their mouths as they looked at Long Chen in shock. Some even had tears in their eyes, such as the three women who were saved, something like this had happened before but it had been a long time!

They were once again saved by Long Chen.

The throbbing in his heart didn't cease for a long time.

Di Yao, on the other hand, couldn't believe it.

Obviously, Long Chen had already escaped from the perception of the two Divine Kings, and escaped from the Star of Destiny's. He couldn't possibly escape so quickly, unless he was followed by them!

Everything had gone beyond Di Yao's expectation.

But the result was the same, Long Chen was forced to appear!

He had indeed improved and changed, but Di Yao had been looking forward to this moment for a very long time. She was stunned at first, but then she laughed and said, "You're finally going to appear like a man. I thought you were going to be a coward for life! Do you know that the moment you appeared, you would never be able to escape from us? "

Long Chen's gaze was calm as he turned around to look at these familiar people. With a gentle smile, he turned his head back and said with malevolent killing intent: "This time, I've appeared to make all of you, the gods, pay the price!"

Chapter 2717 - Mourning Sky

Pay the price.

"Such childish words, only you can say them!"

When Di Yao said this, she had already informed the three Divine Kings of the situation, and among them, the Infernal King and the Starry Skies Divine King were preparing to capture Long Chen in Star of Destiny.

As for the Divine King of Light, they were in the Immortal God Realm. It would take about the same amount of time for the three god kings to reach here.

However, Long Chen had actually escaped right under their noses. This was definitely a great humiliation, and also caused them to be unable to resist the lingering fear, if Di Yao could not think of such a method, and coincidentally lure Long Chen out, then wouldn't the current Long Chen be able to escape without leaving a trace?

At that time, how would they explain this to Divine Emperor?

In fact, they didn't have to worry, if Long Chen wanted to escape, he would have long escaped. This time, he appeared for revenge, for the Origin Dragon Palace, not to escape! That wasn't his character.

The three Divine Kings immediately rushed over. Di Yao had been captured by Long Chen the last time, and although Di Yao had improved greatly this time, the three of them were still slightly worried, it was not that they did not trust her, but Long Chen had many tricks up his sleeve. Who knew what kind of strategy he would use?

At that moment, time seemed to come to a standstill.

In the next moment, it was as if the entire Dragon Sacrifice Continent was trembling because of Long Chen's return!

When Long Chen returned, even Di Yao didn't need to hide it.

She could not help but laugh. Although she was hateful, she was also very charming. However, in Feng Zhiling's eyes, it was similar to the way she used to look. She couldn't help but curse, "Bitch."

"What did you say!"

Di Yao flew into a rage.

Long Chen raised his hand, without even turning his head, the hundreds of people behind him all entered his Divine Kingdom, he had to thank Di Yao, if he was to look for them himself, it would not be easy for him to find all of them, but now, it was okay, he could protect them all and send them to the Divine Kingdom.

Towards Di Yao, Long Chen no longer had any feelings.

Perhaps he still felt guilty towards her during that period of time, but now, he was her enemy.

His opponent was the God King. To him, Di Yao had long been his opponent.

However, the furious woman in front of him did not think so. Her eyes gradually turned red, her white hair flew in the air, her voice was sharp and domineering as she said: "Two years ago, I lost miserably at your hands, but today, I want to take back everything I lost to you! When my father said that your talent was unrivalled, I just didn't believe it! Today, we will once again determine the victor! "

Long Chen's gaze was cold. Now that he had appeared, he was already prepared for battle, and now that the gods were charging towards him, he laughed coldly: "Since that's the case, let's use your sacrificial blade!"

A beauty is a beauty, but a venomous heart.

If he did not return today, it would definitely be a lifetime of pain and Long Chen would never forget what she had possibly brought him today!

"That's the knife I gave you!"

Di Yao let out a shrill scream, not even bothering about her beautiful face.

With her white hair flying in the air, she had prepared for this battle for two years. Now, she could no longer care about it.

These were the deepest rules she had comprehended when she was immersed in the rule of forgetfulness.

When Di Yao opened her arms, the area within five thousand kilometers became under her control. With her white hair fluttering in the wind, the transformed Yang Yuan of Emperor Huang swept through the heaven and earth. Vaguely, everything returned to its gray state of deathly stillness, and the sound of a dejected flute resonated throughout the world.

Forgetting the rules, controlling your emotions.

The sound of the flute, sound of crying, and countless of gray colors had changed the entire world, causing the colorful Dragon Sacrifice Continent to lose their original color, and all of them turned gray. There were even strong emotions that turned into physical entities, moving between the heaven and earth like long snake s.

"I'm going to let you know that the sky is the same as the sky, and the sky is the same as the sky!"

This lament came from her mouth, containing an endless amount of magic power, and it was precisely the power of the rules. Being dismal about the rules of Tian Shang, what affected one's will was what suppressed was Long Chen's will, in order to weaken his will, and thus reduce his strength, causing Long Chen to begin to weaken from the inside. He began to lose his will, and started to lose all his will.

It must be said that this 'Mourning Skyfall' had already completely mastered the Laws of the Godking, which was the standard for a Deity.

Under Tian Shang, all living things were still alive, and their hearts were already dead!

After all, in Long Chen's heart, there was the pain of Ling Xi's death. At the very least, if it was triggered slightly, it would cause him to lose her desire to live, and even cause him to seek death!

"Surviving is not easy, and the sea of bitterness is limitless. Why don't you follow her as soon as possible, don't let her suffer alone in hell with endless sorrow."

Di Yao's voice was like the voice of a devil, resonating outwards as it solidified and surrounded Long Chen, trying to penetrate his body and destroy him.

But from start to finish, Long Chen had been quietly looking at Di Yao who was hidden in the darkness.

There wasn't the slightest change in his eyes.

On one hand, his willpower was terrifyingly strong. Di Yao was unable to defeat it.

On the other hand, Ling Xi hadn't died at all, and there was no pain in her heart either. There was only hatred!

When Di Yao exhausted all her strength, wanting to use that depressing Tian Shang to kill Long Chen, all of a sudden, she felt that Long Chen, who should have been in extreme pain, had revealed a slight smile, and said to her: "Your rule only wants pain on people's part, it wants their heart to die. So that you can enslave me, but I cannot be defeated by these boring things. Love is not a method you use to attack me."
"

"Bullshit!"

Seeing his smile, Di Yao started to panic. She was so confident about Tian Shang, why was Long Chen unharmed? His eyes, his smile, were as indifferent as if her rules were completely useless. She simply did not know that since Long Chen dared to come out of the Star of Destiny, he was not on the same level as her!

"Let me show you what a rule is."

Just when Di Yao was in a state of disbelief, her gaze was attracted by Long Chen's left eye, which was an illusionary eye. The entire world was within it, and the deepest part was like a ball of white flames.

That was the same terrifying feeling he had when he was in the Maze of Destiny!

He had transformed from a deity to a mortal.

Her body was truly powerless, her heart was like dying embers, not only was all her power suppressed, her heart was also heavily injured, she was once again defeated in front of Long Chen, with a crushing defeat!

Heaven's Eye!

Just by showing it to her, Long Chen was able to make her lose her power.

Long Chen similarly hated her, hated her! This kind of person, if not for the Divine Emperor's daughter, and if not for the peerless Dragon Slaying Sabre, Long Chen would have already killed her!

In the blink of an eye, Long Chen had appeared before her. The coldness of his gaze caused Di Yao to feel fear in his heart and he couldn't help but want to ask the Infernal King and the rest for help. She thought that he could hold on for a very long time, but he didn't expect to lose in an instant.

"You brought the relatives of my elders from Baiyang Town here to intimidate them. I didn't want to get entangled with you, but since you did, I'll give you a slap on their behalf!"

Pow!

With a crisp sound, Di Yao's left cheek flushed red. She was hit so hard by Long Chen that she almost cried out.

"Are you convinced?"

Long Chen lifted her collar, and that sharp gaze pierced into Di Yao's heart. Only now did she realise how terrifying had Long Chen become this time when he came out of the Star of Destiny!

"I am not convinced! You have insulted me! You will die a horrible death!"

She had always been like this. When she realized that she was a Princess of the Divine Emperor, she had always been arrogant, but after being slapped by Long Chen, she immediately woke up and became a little girl. She was scared and helpless.

Pow!

The second time.

"If you are not convinced, I will slap you as many people as you bring here until you are convinced."

Long Chen would not kill her, he was the Daughter of the Divine Emperor, she had angered the Divine Emperor to the extreme, he did not care, but he had to protect all of them, he could not do anything to her. In addition, Di Yao really didn't have any enmity with him. It was just that she was unruly and willful.

He wanted to kill the Infernal King. He had to kill him. There was no room for negotiation.

As for Di Yao, there was nothing he could do about it. Di Yao's life was just too expensive, he didn't even have the qualifications to kill her. Unless he wanted to run away again.

But the punishment was fine.

Third time, fourth time.

Every time, he used all his strength and hit the woman's face, causing blood to spurt out.

Di Yao screamed out again and again. She shrank into a corner, her whole body shivering, just like that, and the last time was the same, she was extremely arrogant, only when she was kidnapped by Long Chen and knew she was not able to continue, only then did she realize her fear.

"You must be convinced."

After ten consecutive slaps, Di Yao couldn't even recognize her own mother anymore.

"I'm convinced! I'm convinced! Don't hit me!"

The once noble and noble princess could only beg with a face filled with tears in front of Long Chen's eyes.

"Di Yao."

Long Chen lifted her up, looked into her eyes and said: "Let me explain to you clearly today, that all of the conflict between the two of us originated from the matter of you using the Infatuation Curse on me in the Hell City. You did this in the wrong, so I was furious and taught you a lesson. However, there is no hatred between us. As for our matter, it is merely a small matter, do you understand? "

Honestly speaking, if he had a choice, Long Chen would of course not offend her. Just like what he had thought earlier, if he could get on good terms with her, it would indeed be a good thing.

"What do you want to say?"

Di Yao was stunned.

Seeing that the Celestial King was about to descend, Long Chen said solemnly: "Remember, I don't want to kill you, so you better not challenge my bottom line again and again. The only one I want to kill is the Infernal King. If I kill him, I will leave your sight. We have our own wrongs and wrongs, and both of us

owe each other nothing. I don't want to continue entangling with you, do you understand what I mean?
"

Chapter 2718 - Hot Blood of All Living Things

He was not a bloodthirsty demon.

Especially now, he had to protect too many people, and he couldn't act recklessly. Killing the Infernal King was still acceptable, but Divine Emperor Di Jun probably wouldn't tire him out too much, but if he really killed Di Yao, then no matter where he escaped to, he would personally chase after him!

He still needed to be reasonable about this.

Therefore, he wanted to give Di Yao a big shock.

"Did you hear that!"

Long Chen suddenly shouted loudly, causing Di Yao's entire body to tremble. His delicate face was now flushed red, and her entire body was weak. He only dared to nod immediately, and say: "Okay, okay!"

"That's good. Remember, we have no hatred. I only wish to kill the Infernal King. "

He did not know that the person in front of him was the real culprit. If he had known, he might not be like this anymore.

The commotion caused by their battle had already affected the entire Dragon Sacrifice Continent.

"Long Chen, put down the princess. You still have one last chance. If you let anything happen to the princess, I will kill your entire clan without a burial ground!"

This was the voice of the Infernal King.

From Northern Star Domain, to Star of Destiny, it had spread throughout the entire Immortal Divine Region and the Dragon Sacrifice Continent!

Dragon Sacrificial World, who had been immersed in it for two years, finally exploded with excitement.

"Long Chen has appeared!"

"He came out from the Star of Destiny!"

"Oh my god, he really did not die!" What is he doing out here at this time!?"

"The God had indeed deceived us, he is truly useless, he clearly cannot deal with Long Chen, but has actually deceived us, he is already dead!"

For a time, the entire world was talking about it.

In the Era of Gods, there were gods everywhere who ruled over the world.

Suddenly, the trillions of lives became lively. Even if they were children, they all paid close attention to what kind of great battle was going to break out between the gods, especially between Long Chen and them!

Two years ago, Long Chen brought the Five Dragon Cities and rushed into the Star of Destiny. The four Divine Kings chased after him, but were forced out once again.

Divine Kings guarded the Star of Destiny for two years and vowed to kill Long Chen. Today, Long Chen has finally returned!

When Long Chen heard the Infernal King and the shouts of the others, the two hundred divine gods on the Dragon Sacrifice Continent suddenly boiled. Although they knew that they were no match for Long Chen, this monster, they had no choice but to charge forward to create at least a bit of momentum!

A peerless king! Unrivaled domineering and unparalleled!

Instead, he smiled and thought back to two years ago, when the Infernal King could still easily take control of his life and let him flee with his arms around his head. If he had heard his threats, he would definitely have fled far away.

However, now was the time for him to show his attitude!

Once again, he controlled Di Yao and grabbed her with one hand. Then, he turned into a sharp sword and rushed towards Northern Star Domain!

"Three Divine Kings, don't come over, the reason why I came out this time is to fight with you three. You three stay in the Northern Star Domain and wait for me, Long Chen, to behead you all!"

Two years later, his voice returned.

Two years ago, he had made the decision to go to war, to be chased into the Heavenly Fate Palace by the four great Celestial Kings.

That day of misery was for that day's return!

When he returned, he was bold and unrestrained. He beheaded everyone and spread throughout the world. To those who knew him, he was the unrivalled genius that came back unscathed!

Many people did not know what the gods were.

At the beginning, they held endless reverence, but the further one went, the more wrong they became. Such a divine creature, how could it be their own ancestor?

Most people were suspicious.

On the contrary, they were even more familiar with Long Chen. From the very beginning, Long Chen had been at odds with them, and did not look like a junior at all. They believed that Long Chen, who had defeated the Ancient Giant Demon before, was no fool!

Thus, he had been puzzled until today.

If they had to stand in one spot, they would rather stand on Long Chen's side!

"Impudent!" You have committed a grave sin, you brutally killed six Divine Monarchs, your crimes are extremely heinous, the Divine Emperor has already sentenced you to death! Since you've come out today, there's no escape for you! If I were you, I would choose to surrender.

The Infernal King's voice rang out once more.

No matter how he listened, he was still more ruthless.

Long Chen laughed, and said: "I am not you, and you are the turtle, yet you think everyone in the world is the turtle? Wait until grandpa comes over to take care of you! "

After speaking, he brought Di Yao along with him as he charged towards the north, towards the Northern Star Domain. There, he believed that the Infernal King and the rest would be waiting for him.

Because he had changed his position, hundreds of gods quickly changed their positions and headed towards the north. Everyone's eyes turned to the north, preparing for what might be a soul-stirring battle that would change the course of history!

For a moment, everyone was almost out of breath.

"What the hell is going on?"

"With Long Chen's innate talent being so great, how could he have inexplicably killed six Divine Monarchs? There must be something strange about this."

"You're right. From his deeds, he can't be reckless."

Inside Dragon Sacrifice Continent, there were gods flying everywhere, frantically rushing towards the Northern Star Domain. It had been a long time since there was such a chaos, and many of the spirits were extremely nervous. In their eyes, that aboriginal who was not even a fart before was now a peerless nightmare!

And now, he had even kidnapped Di Yao. This was going to be difficult!

In the process of going to the Northern Star Domain, Long Chen naturally knew that the decisive battle was about to begin. He came to his own Divine Kingdom, and the people who just came had already gathered with the Dragon Fighter, they were being entertained by the Dragon Emperor.

Actually, the reason why Long Chen did not want to see them was because he was afraid of disturbing their lives.

For example, how were Yang Xueqing and Yang You going to meet each other?

For example, Liu Yiyi and the others, they should be able to forget about him and live a good life ...

It was all because of Di Yao that had affected their peace and stability.

However, since the situation had reached such a stage, protecting them would also be Long Chen's responsibility. Moreover, Ling Xi had not seen her parents for many years.

When he came in, Ling Xi was meeting his parents. After experiencing death once, she understood what she should cherish more. No matter how strong she was, she couldn't resist crying at this moment.

"I'm going to be a grandpa soon?" Maybe in his eyes, Ling Xi had always been a child. He never thought that even his own child would be born soon.

In White Yang Town, Yang Lingqing was once a family member. When Yang Xueqing saw the Yang You who looked exactly like him, Long Chen didn't know what kind of emotions she had, but Yang You would definitely mediate things well.

and everyone else

At this time, he was condensing his body within the Divine Kingdom. Everyone was looking at him. didn't know how to explain to these familiar people like him.

He thought for a moment and said, "I did not expect that I would still affect everyone's lives. Next, I will have an extremely important battle that would affect their lives and also the fate of this world. Since everyone has such a good relationship with me, it will eventually bring trouble to everyone. When this is all over, I will let everyone return to their hometown. "

He thought for a moment. That was all he could say.

Cat stood in the middle and laughed out loud. "Boss, I told you to show mercy everywhere. I thought you could do it without anyone noticing, but now you put all the girls together. How many do you have? Haha!"

Long Chen looked over and realized that no matter what, everyone would treat him with extreme respect and not the slightest bit of blame. Even Soo Xue and Liu Yiyi's gazes were no longer the same as they had been before. Perhaps they had once liked him, but now, they believed in him, and he was already the god in their hearts.

No one would want to possess a deity in their heart.

This was even more so a type of deep love, and was also the surging strength in Long Chen's heart.

All living things were equal. Even though he had become a god, he still felt that life was life, and that there was no difference in essence.

"Go and fight." As Yang Xueqing and Yang You stood together, it was difficult for Long Chen to distinguish them. Presumably, at this time, Yang You had already made things clear to her.

To Long Chen, the smile on her face was like the knot in her heart from half a lifetime ago.

Not only Yang Xueqing, everyone treated him in such a manner. Even if they were insignificant in terms of power, in front of him, they were important parts of her life. For example, the elders of the dragon race, even after she became a god, they still treated him with incomparable respect.

For example, the Sword Master Ling Wu, he still had a deep respect for him in his heart. Back then, when she snatched Ling Xi from his hands, he really wasn't as simple as he thought ...

But now, they all deeply wished and believed in him!

"Go and fight!"

For survival, for protection, for justice!

And lastly, for Ling Xi!

In the blink of an eye, he was already in the northern starry sky. He had Di Yao in his arms as he stood proudly in the middle of the endless starry sky.

With the majesty of the gods, a huge divine might condensed, wanting to make Long Chen into an ant in front of their eyes!

But what they didn't know was that at this moment, he was coming from the Dragon Sacrifice Continent, and behind him, were the billions of lives in the Dragon Sacrifice Continent! If they were to compete in numbers, Long Chen would surpass them by countless of times!

The two sides clashed!

The moment Long Chen arrived, the weaklings in the God Realm couldn't help but retreat, scared off by his disdainful gaze.

Everyone's blood boiled.

Long Chen turned his head to the side, and smiled to the three Divine Kings from behind, "It's been a long time since we last met. Today, I've come to take the life of the Infernal King."

Amongst the three of them was the Godking of Hell.

Now, all of their faces were ashen.

"Let go of the princess and talk about other things." The Infernal King would naturally not be frightened. He gently waved his hand. The power of the Celestial King was indeed extraordinary.

"Don't worry, this time, I won't threaten you with her, but I will make her swear on the spot."

Chapter 2719 - Poison Swearing

To the north of Dragon Sacrifice Continent, the gods had descended.

The current scene was extremely huge. Not only in the Dragon Sacrifice Continent, even in the Immortal God Realm, almost all the living creatures were looking towards the north. Last time he was chased into the Star of Destiny, this time he had the courage of a bear, a heroic spirit that pierced through the heavens.

The faces of the three Celestial Kings were ashen.

With the support of three Divine Kings, the gods were even more sarcastic. Their faces were full of disdain, waiting to see a good show with Long Chen!

Who let him come out of Star of Destiny?

"Swear?"

The Gods were somewhat puzzled.

But they did not believe that Long Chen could release Di Yao. Now that they did not have the help of Star of Destiny's White Dragon, they had a total of three Divine Kings and they had the confidence to snatch Di Yao back from Long Chen's hands!

"Set what up?"

Di Yao sobbed, her voice choked with sobs as she asked.

Maybe she was smart, and knew that the more pitiful she felt, the softer Long Chen would naturally be.

Now was the critical moment!

Suddenly, he shouted loudly. "Today, in order to force me out of the Star of Destiny, Di Yao and the three Divine Kings didn't hesitate to stay in the Dragon Sacrifice Continent and uncover all my friends, companions, and relatives that were once related to me. They are all planning to kill me! For the distinguished Divine King and Princess of the Divine Emperor to actually do such a despicable and shameless thing, it is truly an eye-opener. Fortunately, I returned in time, otherwise, it would have left behind regret! "

Long Chen's voice was naturally meant for the common folk to hear.

He had a purpose.

Long Chen wanted to let the common people of the Dragon Sacrifice Continent have a good look at the true face of these gods. Long Chen needed their support to participate in this battle!

The entire Dragon Sacrificial World was in an uproar as countless people were looking towards the north. They already felt that the gods were a little strange, although they were called ancestors, they definitely did not have the appearance of ancestors. Now, they could even use such a despicable method against ordinary beings.

Therefore, they sympathized with Long Chen and supported him.

The gods were even more enraged, so that they would completely lose the trust of the common people.

But Long Chen did not stop, and continued: "I was born in this Dragon Sacrifice Continent, and am a part of it. I do not know if the gods have ever treated this place as their own homeland, or if they have treated all living beings as their own descendants! I am your enemy, but I definitely do not wish for you all to use your lives to threaten me. I am myself, and life and death have nothing to do with them, so I want you all, Di Yao, to swear that from today onwards, you and your gods will not make a move against any living creature, and even more so, you will not kill any innocent people just because of threatening me. "How about it?"

His voice was loud and full of righteousness.

A peerless hero, that was all.

These words resonated greatly in the hearts of the living, they never thought that Long Chen was actually thinking for them!

Making the Princess of the Divine Emperor swear in front of the rest of the people, this method was also absolute. Although the methods of the masses were ruthless, they also cared about their reputation. Even if there was a possibility that they could tear off this face in the future, they would still restrict themselves a little. However, with just a few short sentences, he allowed everyone present to see the true face of the Primordial Gods, and allowed them to believe in Long Chen even more.

Currently, almost every single one of their hearts was closely linked to Long Chen. They had brought incomparable strength to Long Chen, causing him to become more and more powerful!

"How dare you!"

The Divine King was furious.

"Swear!"

Long Chen's voice was cold and grim. He shouted and scared Di Yao so much that he started trembling, he was not going to show any mercy, both of his hands turned into claws and directly grabbed onto Di Yao's head. He said to the Divine Kings: "If the three of you can't wait anymore, go ahead, you can all watch how I crush her head!"

The coldness and calmness in his voice caused the three Celestial Kings to be unable to contain their rage. They were naturally confident that they could tear Long Chen apart in an instant, but the fact that he could kidnap Di Yao every time was also a big trouble.

"Do you need me to remind you?" Long Chen said to Di Yao again.

A mere young hero born in the Dragon Sacrifice Continent was able to force the Gods to the point of blushing. This was also an astonishing myth.

"I swear, from today onwards, I will not attack any living beings from the Dragon Sacrifice Continent, nor will I let any other living beings do anything. Long Long Chen, just let me go!"

Di Yao's face had already turned pale.

"Otherwise what?"

Long Chen said coldly.

"If not, my Primordial Gods will be completely exterminated."

Di Yao said in fear.

Alright.

It was just a matter of his own attitude. Moreover, he did not need to worry too much about it, since the Divine Emperor, Di Jun, was also a person who cared about his dignity. He would not casually make a move on the entire Dragon Sacrifice Continent just because of him.

However, these words still created great turmoil in the hearts of the living.

Even though the Archaic Gods was known as their ancestor, at that moment, they seemed to have a new answer in their hearts. It was that regardless of whether the Archaic Gods was right or wrong, Long Chen was definitely right.

He was born to protect all beings.

His fate was the fate of all living beings.

", if you're a man, then let's have a fair and square battle."

The Infernal King was as cold as ice.

Back then, when he returned from the Lingsu Star Sea, Long Chen was nothing.

But today, his strength was heaven defying. When fighting against a god, the first thing he did was to fight against himself!

"Sure!"

No one would have thought that Long Chen would actually be so direct. With just a single word, he had truly thrown the biggest reliance in his hands, which was Di Yao, at the various gods without even frowning once.

"What if, in a fair and honorable battle, the three Celestial Kings besieged me?" Seeing the Divine King of Light bringing Di Yao into the God Kingdom to recuperate while the gods retreated, leaving only the three Divine Kings behind, Long Chen smiled easily. Facing such a desperate situation, he actually wasn't worried at all.

In actuality, because Long Chen had let the seven polar state Divine Lords perish, the gap between the gods was just too wide, apart from the three Divine Kings, the other Divine Spirits did not even have a single opponent who could defeat Long Chen with a single move. These Primordial Gods were once terrifying, but to the current Long Chen, they could definitely kill a large group of them.

Because of the oath made by him, the dragon sacrifice was currently in a frenzy, all life roared for Long Chen, and when they cheered, they used their own life's desire to give Long Chen endless power. Now, he was at the peak of his power, even more so than when he had obtained the support of the other life forms of the Lingsu Star Sea, when he fought against the Sky Demons!

"Long Chen, you don't need to sow discord between us and everyone else. When we return, we will carefully cultivate you, give you rich resources, and hope that you can achieve great things. Unexpectedly, your murderous nature hasn't changed, and you still kill seven of our polar state's Divine Monarchs consecutively. You are an Evil Demon, and you do not know how to repent, we are acting on behalf of the heavens today, walking the path of the Divine Emperor! "

The Infernal King still had to regain some of the face of the gods.

Long Chen laughed, then said: "Then, to find all of my relatives and friends, prepare to kill them to force me to leave the Star of Destiny, is that also acting on behalf of the heavens?"

Hearing Long Chen's words, the Infernal King was rendered speechless.

"Impudent!" We won't do this, Long Chen, summon your evil friend, the Nuwa Demon! She has devoured my clan's polar state, Monarch, and today, I will penetrate her stomach! "

The space Flood Dragon roared, its roar piercing through heaven and earth.

In that moment, the Dragon Sacrifice Continent trembled.

There was no point in speaking any further. For the sake of today's battle, Long Chen had prepared for a very long time. Right now, he had thirty thousand feet of hot blood, and not only himself, millions of Dragon Fighter in the Divine Kingdom were also cheering for him!

Su Yan came out.

She was also well-prepared. Facing Starry Skies Divine King, she was not afraid at all, and said: "Your own people wanted to kill us. We were just retaliating.

Although they felt that they far surpassed Long Chen, they could not act rashly. Thus, they decided to act together and quickly control Long Chen first.

As for the Nuwa Devils, just let the Starry Skies Divine King keep them in check.

A fight to the death was imminent!

Just as the three Divine Kings were about to make a move, another skinny black-haired youth suddenly appeared beside Long Chen. One of his eyes was black and one was white;

Even without displaying the terrifying flames and heat, it was enough to cause the entire world to sink in.

This youngster bathed in flames seemed to be as terrifying as the devil of Nuwa.

"You two freakish youths. It seems like you two have long since been prepared. Whatever, I'll let you fight him!"

Divine King of Light had chosen a target, it was Mo Xiaolang!

Three against three!

The situation had changed, and those who were worried for Long Chen had a faint sense of anticipation. It seemed that Long Chen had long been prepared, and this was the strongest combination they had right now.

Mo Xiaolang had always been under the shine of Long Chen, which was why he was able to make the gods neglect his talent. In just a short two years, his progress was even greater than Long Chen's.

Of course, it was because he could easily swallow the flames.

At this time, Long Chen's eyes met with the Infernal King's.

It was finally time for revenge.

After not facing Ling Xi like this for a long time, he suddenly sneered and said: "God King of Hell, the person who sneaked in and secretly assassinated Ling Xi while I was cultivating in Dragon City, was it you?"

His words were meant for the rest of the world.

In the Immortal God Realm, this was something that everyone knew. Many people in the Dragon Sacrifice Continent also knew this, but they didn't know that the real culprit was actually the Infernal King!

Now that the fame of the Gods had already been soured by Long Chen, it was likely that this was the source of Long Chen's pain. He had waited all the way until Long Chen came here to seek revenge today, so he could not help but want to agitate him.

Everyone knew about this and was well aware of it.

A huge uproar was stirred in the Dragon Sacrifice Continent.

And at this time, another person appeared beside Long Chen, right in front of the Infernal King.

Chapter 2720 - Star Realm Dragon Cave

From the moment Long Chen appeared until now, the entire scene had been under his control.

Even under the encirclement of the three Divine Kings, even though he did not hold Di Yao hostage anymore, he still remained calm. Although he had two capable helpers, the Underworld God King could not let Long Chen remain calm like this.

Since everyone knew about it, they might as well admit it.

This way, when faced with the person who killed his wife and daughter, he would be infuriated and lose his sense of propriety, even if he was a god.

The admission of the Infernal God King made all the living beings understand even more why Long Chen wanted to rebel against all of them, especially the ones from the Immortal God Realm. Aside from the Shencheng, who was tightly controlled by the gods, almost everyone understood that from the very beginning, the living beings had never truly treated Long Chen as one of their own.

There had to be a reason why Long Chen had to kill the six Divine Monarchs even though it seemed like he had killed them for no reason.

If Ling Xi had died, the Infernal King would have succeeded, and Long Chen would have been provoked by his indifferent attitude. But when Ling Xi appeared right next to Long Chen, he had even become a god, and when she reached the Taiji Realm of the gods after becoming a god, the time of the gods seemed to have stopped.

In order to wait for this moment, he clearly knew how long Long Chen had suppressed his rage.

Until now, he could finally get Ling Xi to appear openly in public. He knew that the Infernal King had clearly seen it, and that Di Yao, who was recuperating in the Divine King of Light Divine Kingdom, had definitely seen it too!

Ling Xi did not die!

The Infernal King had personally witnessed her lose all signs of life.

"Impossible!"

At this moment, the Infernal King's eyes were wide open, and his eyeballs were about to fall out of their sockets. He clenched his fists, and could not help but tremble.

"There is nothing that is impossible. You did almost succeed. At that time, I knew that you were the one who did it, but I have endured until today."

Long Chen laughed, yes, he had endured this period of time, constantly challenging his limits, until today, when he finally succeeded! The Infernal King was right in front of him.

"Speaking of which, I have to thank you for bringing me these changes. However, the suffering you brought me is unimaginable. He will make you pay with your life." Ling Xi's gaze was calm as she gently pulled on Long Chen's arm. There was no need to say anything else, just a gaze of infinite trust allowed Long Chen to have boundless power.

"Ling Xi is still alive!"

"It's great that she wasn't killed. It's great."

"Like I said, a good person will definitely be rewarded. She's so kind, she helped us so much ..."

Hearing these blessings, Ling Xi felt that everything was worth it.

The Hell God King wanted to disturb Long Chen's state of mind, but who would have thought that he would instead be taken over by Long Chen. Right now, his emotions were in turmoil, and it was hard for him to calm himself down, as his eyes were completely red.

Calm down, don't talk too much with him. It's already very scary for this kid to be able to endure until now. I must make him lose his strength as soon as possible and completely seal him away, or else, there will be endless problems. The earlier I act, the better it will be.

The Starry Skies Divine King said a few words to the Infernal King.

When the three of them analyzed it, they found out that the Nuwa Demons were naturally the most terrifying, while Mo Xiaolang and Long Chen were far worse off.

The Divine King of Light said: "Long Chen has a lot of methods, although you are the God King, you have to be careful, after I take care of that demon wolf, I will come to help you."

After the two of them finished speaking, Divine King of Light gazed at Mo Xiaolang, and headed towards the left, while Starry Skies Divine King hooked his hands at Su Yan, and said, "Nuwa, let's decide life and death. This demon of yours is unworthy of being in this world. "

"You're the scoundrel, you're not worthy!"

Su Yan had long been trembling from anger over Ling Xi's matter. This time, she also wanted to take revenge for Ling Xi, maybe she was afraid of fighting in the past, but now, she could only feel fury in her heart.

Long Chen had already explained everything clearly. The only thing he could do for his younger brother and sister was to slaughter the Infernal King as soon as possible, and challenge him to the limit before he went to help them!

But now, these three young lives, every single action they took, was proof that they had returned for revenge. Their time had come!

In that moment, the entire Dragon Sacrifice Continent couldn't help but feel their blood boil for them!

To challenge the various Deities, to fight against the War God, what a crazy thing to do. These three youths, they actually dared to do it just because they wanted to!

Determined, decisive, and without a trace of hesitation, when Mo Xiaolang didn't say a word and headed towards that direction, without even turning his head back, when Su Yan looked at the Starry

Skies Divine King with an angry look, and suddenly turned into a giant Nuwa Demon in front of Long Chen's eyes, the battle between the God Kings had finally begun!

This was a fated death match!

Three against three, the Celestial King was out in full force!

The king of the gods!

No one knew how powerful the Divine Emperor's Emperor was, but now, the God King was the ruler of all the gods. Long Chen was already challenging the ruler of all the gods!

The three great battlefields!

However, what everyone was paying attention to was Long Chen's battle for revenge. He was the leader, and was also the pillar of the masses. His victory or defeat directly determined the fate of the three of them!

This was also the battle that everyone was most worried about, because Long Chen's previous performance was still within the Star of Destiny. His strongest record was that he killed six Divine Monarchs with the eight white dragons.

This was a battle that could shatter the heavens and earth!

This was hatred, revenge, and the end of the battle!

When the flames of war had just been ignited, the two sides had already begun fighting. It had to be said that Su Yan had already been in her best state, and was just as decisive and terrifying as when she had first engulfed the Nine Heavens Thunder God. She had displayed the most fundamental characteristic of the Nuwa Demons, which was her cold-blooded bloodlust!

The bodies of the Ancient Giant Demons and the Starry Sky Flood Dragon were incomparably large. The people in Dragon Sacrifice Continent could see them very clearly, it was a huge demon with a snake head and snake tail, but it had a torso, four limbs and flesh wings. As for the Starry Sky Flood Dragon, it was shining brightly like a star, its body was also similar to the Ancient Giant Demon's.

The two huge beasts coldly stared at each other, and then instantly killed each other!

In the eyes of all the gods, he was also the most powerful of Long Chen's group of three. In truth, all they had to do was to restrict him and allow the other two Godkings to finish off their opponents quickly, and they would all have a chance at victory.

Therefore, the pressure on Starry Skies Divine King was slightly greater.

"Brat, you only have the body of a neo-demon, but are miles and miles away from the true one. If you're obedient, perhaps we might be able to forgive you for having such a body. Why did you follow Long Chen to die?!"

The Starry Skies Flood Dragon used its seniority to engage in close combat with neo-demons. After battling with them for a few times, it could clearly sense how powerful the power of the Nuwa Demon was.

"You bastards, there is no difference between this and the Primordial Giant Demons. You are the evildoers, and my Big Brother Long Chen did not offend you, yet you attacked him. It is all because of your insatiable greed."

In terms of physical power, although the body of the Space Flood Dragon was made up of countless stars, countless times tougher than even the Dragon Sacrifice Continent, it still wasn't able to block the claws and fangs of the Nuwa Demon!

His slender tail was even more so when compared to a Genesis Creation Divine Tool. As he spoke, the Space Flood Dragon was struck by the tail and it screamed miserably, losing all its dignity. Only then did he understand that even if the mission was just to delay the Nuwa Demon, it wouldn't be that easy!

"She isn't familiar with the usage of the laws. I can use the rules to deal with her!"

The Space Flood Dragon had given the order, and the thought of killing the Nuwa Demonic Commander appeared in its mind. He was the most proud of the Edicts of the Godking, and it was impossible for him to rely on his tens of millions of years of cultivation to deal with this Nuwa Devil!

The massive flood dragon's body spun in the northern starry sky. In the eyes of all living beings, this space dragon was like a galaxy, bright and dazzling. No wonder there was the legend of a space dragon.

The stars crossed the sky!

Suddenly, an idea struck him, and he couldn't help but laugh, "Right, I can use this move against this little demon. This guy never left Dragon Sacrifice Continent, and even if he did leave, he would have already gone to Lingsu Star Sea. If I lure him to other places, it would be hard for her to even return!"

This rule couldn't hurt the opponent.

Although it was not comparable to the Death Realm, whose dragon gate would directly send him to the Death Realm, who would never return, when Su Yan returned, the Dragon Sacrifice Continent would probably have already been here for over a hundred years!

"Everyone, watch me!"

Starry Skies Divine King swooped down!

When he began to move, the gods vaguely guessed what it was. They had forgotten that the Starry Skies Divine King had such a magical rule, but now that they suddenly woke up, they couldn't help but feel overjoyed.

"Haha, let's just send this neo-demon to a place that's hundreds of millions of kilometers away to enjoy itself."

The Winged Flood Dragon was proficient in the laws, and this rule was comprehended from the tribulation of a type of 'Dark Cave' in the starry sky. It was rumored that if one was accidentally sent into the Dark Cave during an interstellar travel, they would instantly travel hundreds of millions of kilometers and be completely lost, and it was very possible that they would travel all the way from the Ten Thousand Worlds to the other side.

The Space Flood Dragon named the rules it had comprehended the Star Realm Dragon Cave!

At this moment, he descended from the sky, opening his mouth and spitting out a dot that transformed into a sphere. It was a dark sphere, instantly expanding.

"Star Realm Dragon Cave!"

"Little girl, we will meet again in several hundred years in a world billions of miles away!"

Starry Skies Divine King could not help but laugh out loud.

Su Yan already saw the strange sphere. This was actually a tunnel leading to another world.

Time seemed to stop at this moment.

As all the Gods cheered for the Starry Skies Divine King's cleverness, Su Yan gritted her teeth and the power of the Nuwa Demon that had been stored away for a long time exploded forth. The Edicts and Edicts which she was skilled in, the black hole, was one of the many phenomena which existed within the Allworld. It was a phenomenon which was countless times more terrifying than the Dark Cave!
