

War God 2721

Chapter 2721 - Light Graveyard

"Eternal Black Hole."

In the blink of an eye, space itself caved in, creating a terrifying, formless black vortex that swallowed up everything around it!

But this time, the laws of this black hole were different. In the past, the black hole vortex had been fixed, and it had relied on a powerful devouring force to attract its foes.

The black vortex moved.

When the Star Realm Dragon Lair descended from the top, Su Yan transformed into that eternal black hole, becoming even more ferocious, and causing a huge change. This caused the Star of Destiny and the Dragon Sacrifice Continent to tremble because of the huge suction force, if Su Yan placed the eternal black hole on the side of the Dragon Sacrifice Continent, he could definitely swallow all living beings!

In the blink of an eye, the Star Realm Dragon Lair, the place the Starry Skies Divine King was most proud of, collided with Su Yan's Eternal Black Hole. This time, as darkness descended, all of the light disappeared, and everything seemed to become completely silent.

BOOM!

Starry Skies Divine King was originally very proud of himself, but he instantly lost control of that Star Realm Dragon Cave. This caused his expression to become very interesting, and although Su Yan was not able to hurt him, he still managed to slap him loudly!

"This ..."

Starry Skies Divine King felt that it was a bit embarrassing.

He hadn't expected that the laws of this black hole would be so terrifying; it would actually be able to devour everything. Even the astral dragon den that had been created to mimic the Gloomy Cave would actually be devoured; this was a passageway to another world.

But this was not the end!

Now, everyone could see that Su Yan had suppressed him, broken his Star Realm Dragon Cave, and caused him to lose a lot of face. After all, this was the first battle that their God King was going to fight.

The Starry Skies Divine King was enraged and was about to attack, but at this moment, the Eternal Demon Abyss had already devoured the astral dragon cave, becoming even more powerful.

Seeing this scene, everyone couldn't help but burst out in laughter.

The exalted Godking had been bragging himself to the heavens a while ago. When they had truly begun to fight, they had actually only been able to do so in the face of the Nuwa Devils. Everyone's previous worries lessened a little. At the very least, everyone felt that Long Chen still had a certain level of confidence.

But of course, ever since the beginning of the battle between the Nuwa Demons and the Starry Skies Divine King, only an instant had passed.

The reason why they felt that Long Chen had not acted recklessly, and was not because he was hot headed for revenge, was because of Mo Xiaolang. Because during the battle between the Nuwa Demons and the Starry Skies Divine King, Mo Xiaolang had actually already clashed with the Divine King of Light!

The Divine King of Light's mission was also very simple, get rid of the Sun Devouring Demonic Wolf as soon as possible. Although the other party had made great progress, he was stuck at the realm of the polar state's Divine Monarch, which was heaven defying. This kind of progress was something even the Divine King of Light could only admire, but unfortunately, he was still one step away from becoming the Divine King!

"In the past, I had underestimated you. If it wasn't for the fact that Long Chen was too dazzling, just you alone would have been able to cause us to be shocked." Divine King of Light was extremely calm, even though Su Yan's battle was world-shaking, he remained calm and collected, and was a rather terrifying opponent.

Right now, his body was radiating light. He was like the God of Dawn, bringing warmth and heat to everyone. He was a God that all living beings would find difficult to dislike.

Mo Xiaolang looked at Su Yan's battle and knew that she was more confident than him, so she relaxed a lot. She only needed to stop the Divine King of Light, and the other party would not be in a hurry to fight him, and he was even less anxious.

"I am curious, who are you? When we fought the Ancient Giant Demons and you guys didn't show up, and when we succeeded, we actually came back to find out that you guys had taken over this world. Indeed, we were grateful to you guys for the Eternal Rocks, but after that, we didn't have any intention of fighting with you guys, and it was just a conflict to this extent, don't you think that it's all because of you guys? "

All of these things began with the King of Hell attempting to assassinate Ling Xi.

If this did not happen, and if not for Di Yao's pestering, it would be very difficult for Long Chen to kill those six Divine Monarchs. There was simply no need for him to do so.

Divine King of Light knew that he was willing to delay time, but he was not. Now that there was a white light on his hand, he said in a deep voice, "There is no need to say anymore. Since you have the guts to stop me, let me see what you can do."

In the blink of an eye, a boundless radiance shone.

When the Divine King of Light descended, all of a sudden, light shone and another white sun appeared in the sky. In the northern starry sky, nothing could be seen clearly anymore.

The might of the Celestial King was this terrifying!

Light, holiness, Zhi Zun - these were the characteristics of the Divine King of Light. He was the god that the gods in the hearts of the living world imagined the most.

In front of him, Mo Xiaolang seemed incomparably small.

"If you can block this move of mine, you might have the qualifications to fight me."

The vast voice of the Divine King of Light resounded throughout the world, carrying along with it a fatal pressure.

"Light Graveyard!"

At this moment, he, who was brightening the world, flicked a white dot of light in his hand.

The power of natural law descended!

In the blink of an eye, that white light had disappeared, but it had turned into an endless world of light, surrounding Mo Xiaolang within.

In the sky, countless rays of light gathered, forming a gigantic pale-green tombstone. This tombstone seemed to be as large and thick as the entire Immortal God Realm, and it was hard to imagine just how terrifying of a power it actually had. But now, this tombstone was pressing down towards Mo Xiaolang with lightning speed!

"May the Yin of the world be eternally suppressed under the grave of light, never to reincarnate, to perish forever."

The moment the tombstone descended, accompanied by Divine King of Light's mutterings, it captivated people and made them lose their minds. They could not help but prostrate on the ground, although it did not make Mo Xiaolang kneel, it had already confused most of the spirits in Dragon Sacrifice Continent. They could not help but kneel on the ground.

This was the power of a Celestial King!

Underneath this tombstone of light, Mo Xiaolang was as insignificant as one could imagine.

The Divine King of Light used this tombstone to create an eternal grave for Mo Xiaolang!

Truly vicious!

Mo Xiaolang was more worried about him.

But as the tombstone descended, Mo Xiaolang's expression remained unchanged. He was very calm, but in his left hand appeared a black flame, and in his right a white flame. It was black, cold, and scorching!

The tiny flames, one was cold while the other was hot.

However, it was these two flames that split the surrounding boundless starry sky, including the Dragon Sacrifice Continent, into two. One was icy-cold to the bone, while the other was scorching hot like a sea of fire!

The cold and the heat were not tolerated!

The two types of Ancestral Flames were so close together, they affected Heaven and Earth!

The appearance of the Ancestral Fire might only be a seed, but it also caused Divine King of Light to be stunned for a moment. He could feel the power of the Ancestral Fire, the iciness of the black flames and the violence of the white flames.

As expected, the moment the tombstone descended, Mo Xiaolang remained unperturbed. With a calm expression, he collided those two flames together and in a short moment, the entire world trembled.

Then, he rushed into the sky and pressed the fused flames onto the tombstone.

Explosion!

The destructive light had completely destroyed the world of light. Even under the suppression of the Eternal Rocks, the space between Dragon Sacrifice Continent and Star of Destiny had completely collapsed. All the light was engulfed by the destructive light!

Although Mo Xiaolang was not the Divine King, the counterattack this time was definitely something that only Divine Kings could use.

This was the power of the Ancestral Fire.

He had succeeded.

The explosion of the fusion of the two Ancestral Flames caused the laws of Divine King of Light to shatter. The Divine King of Light who looked down on Mo Xiaolang was even more miserable than him because he was injured.

When a god is removed from the divine altar, it is the way Divine King of Light is now. Even if the injury isn't severe, the loss of dignity cannot be made up for.

The huge impact of the explosion this time made people recall of all living things. The spectating gods even suffered from injuries, they had no choice but to remember one name, and that was Mo Xiaolang.

At the same time, Di Yao, who was in the Divine King of Light's Divine Kingdom, was also shocked.

If she was allowed to face Mo Xiaolang's move, she would definitely die. She never thought that even the youth that never showed himself beside Long Chen would be so tyrannical at this moment. The daughters of two Divine Emperor s?

She admitted that what she saw in the Dragon Sacrifice Continent were two evildoers.

After all, the power of the Nuwa Demons did not belong to Su Yan. She could not be considered lucky.

It was only now that Di Yao and the others could clearly see Long Chen's plan. It turned out that the three of them all had the ability to fight against the Celestial King, which was why he dared to come out from there ...

Then, as the core of the team, what sort of transformation had the only person who could enter the Heavenly Fate Palace undergone? At the same time as the battle between the Divine King of Light and the Starry Skies Divine King began, Long Chen and the Infernal King had already started fighting. It was just that their battle progress was far from being as earth-shaking as it was now, it was similarly filled with countless dangers.

From the many details, it could be seen that Long Chen had already transformed.

In reality, Long Chen was more worried about Mo Xiaolang and Su Yan, worried that they wouldn't be able to stop him. After all, Mo Xiaolang's strength and rules were lacking and he didn't have much fighting experience, but when the two battles started and they practically suppressed their opponents, he found himself overthinking.

"It's time to return all this to this guy!"

He understood that the reason why Mo Xiaolang and Su Yan were working so hard was nothing more than to create a chance for him to fight against the Infernal King, and to give him a chance for a face-to-face revenge!

The sound of that Ancestral Fire exploding caused the fury and hatred in Long Chen's heart to rise to the extreme. Every time this happened, he would be the coldest ...

Chapter 2722 - Heavenly Dao, Ghost, God, Devil, Yuan

The Infernal King cultivated the 'Ksitigarbha Devil Prison Mantra' and forged the Genesis's strength, 'Heaven Dao, Devil God and Devil Yuan'. The nature of the Heaven Dao, the Evil God's Spirit and the Demon Yuan, was cold and bizarre. It was the ultimate yin and evil power, and also belonged to the branch of death.

In comparison, although Long Chen's Primordial Divine Dragon Sky Calamity's source of power was on the same level as it was, it was even more violent and majestic.

Right now, the two most crucial experts were at loggerheads, so it was obvious that the Infernal King was even more powerful than before. But because Long Chen had the power of all living things to support him, he was even more powerful, it didn't stop!

Now that he was no longer worried about Mo Xiaolang's and Su Yan's safety, he could focus all of his attention on the Infernal King!

"To go against the gods, although it's not your choice from the start, but since you can't tolerate it, it's your biggest mistake in life. Long Chen, you can only be like a praying mantis trying to stop a chariot, don't even mention that you won't succeed today, even if you manage to escape today, will you be able to escape the control of the Divine Emperor and the other Divine Kings in the future? Oh right, since you killed the people from the Demon Clan, the Demon Divine Emperor will also show it to you. "

While the Infernal King was speaking, he had already made his move. His black robe fluttered in the starry sky, and endless amounts of Heaven's Path demon essence surged through the world. Unknowingly, the rules of hell had already descended! That was power, and it was everything!

"To attempt to use the might of an ant to fight against the Primordial Gods, how laughable, how laughable!"

The Infernal King laughed loudly, his voice echoing throughout the world.

"Didn't Primordial Demons think so too? No one is destined to be an ant. In my opinion, the loser is an ant. "

"But we are different from the ancient Giant Demons that have been sealed for tens of millions of years!"

The Infernal King smiled sinisterly.

"Ghost Transformation."

Facing Long Chen, the Infernal King unleashed the first of the Celestial King's rules and initiated the battle.

It was as if there were countless ghosts and powers pouring into the body of the Infernal God King. In front of Long Chen, this body was changing at a speed that could be seen with the naked eye as it expanded. In the blink of an eye, the Infernal God King had changed into another form.

This was a huge demon beast with a hunched body, green scales, sharp fangs, and a black horn on its forehead. The scariest thing was that it had eight arms on its two ribs and eight sharp Demon Claw.

This was the result of the Infernal King's Edicts, the Ghost Transformation!

Long Chen focused his mind meticulously. Seeing the Infernal King in such a state, he did not say much, even if he was a god, cultivating such an evil method was very normal. There was naturally a reason why he was called the Infernal God King.

Because, he could bring people to hell.

After the Ghost Transformation, the baleful aura of the Infernal King broke through the heavens and earth, causing all living beings in Dragon Sacrifice Continent to tremble because of this devil god. His influence was great, and they couldn't help but worry for Long Chen.

"Hundred Ghost Massacre!"

After the Ghost Transformation, the Infernal King, who was in a hurry to finish off Long Chen, immediately unleashed his new power of laws once more. Now, his eight arms began to move.

Long Chen's movements were extremely quick and violent. When the other party executed the Ghost Transformation, he had already turned into a heart dragon of the divine way.

The claws were like blades, while the tail was like a spear!

With the descent of the Divine Dragon, it used its majesty and righteous strength to disperse the ghost aura, allowing the beings to feel extremely safe in their hearts. Furthermore, Long Chen provided them with limitless power!

This was vaguely the first round of confrontation!

The Hundred Ghost Slaughter was activated.

The Infernal King's Eight Armed Ghost Claw pierced through space, and on each of the giant ghost claws, there were actually countless corpses. They were densely packed, and as long as they attached themselves onto the ghost claws, their ferocious faces would cause the opponent to be extremely terrified!

Sou sou!

It was difficult to dodge, and it was not only limited to an arm. At any time, there were also several ghost claws, and after piercing through space, they rushed towards Long Chen at an angle that he could not dodge!

If they couldn't withstand it, they would be easily torn apart by the ghost claws.

"An insignificant skill."

Just when everyone was worried, Long Chen remained calm and collected. Seeing that the terrifying ghost claws had descended down to countless places and brought about hell, he moved the Divine Dragon Body, the Divine Path's Heart Refining Dragon was the righteous power, but in reality, it was the nemesis of all the Yin energy. Especially at this moment!

This was also the reason why Long Chen chose the divine way of refining the heart dragon!

"Karma Royal Sword!"

A single sword strike had caused the Karma King Realm to gain control of the starry sky!

The starry sky instantly turned into an endless world of cause and effect. Originally, the Ghost Claw, which could freely travel within the starry sky, had become so inconvenient for the eyes after arriving at the Karma King Realm. However, Long Chen seemed to ignore the Ghost Claw, as the Sword of Judgment shone brilliantly at the center of his brows.

A sword rushed out, chopping down!

"Madman!"

Long Chen had actually chosen to ignore those demon claws and directly attack him. This would only result in a mutual destruction that would not benefit anyone!

But it had to be said that Long Chen's Karma Emperor Sword was terrifying, and that light was the nemesis of the Infernal King's Ghost Transformation!

"If I had been caught in his trap, I would have accompanied him to the end since he wanted both of us to suffer!"

The Hell God King's eyes flashed. While trying his best to protect himself, he laughed coldly and the rules of the Hundred Ghost Massacre directly stabbed into Long Chen's heart dragon's body, causing the countless corpses on the ghost claws to instantly crawl onto Long Chen's body. He opened his claws and pierced into the golden and black dragon's scales, it was extremely brutal, and wanted to rush into Long Chen's Divine Dragon Body!

The Eight Armed Ghost Claw directly slashed at the God Realm's Heart Refining Dragon's body, tearing apart one bloody hole after another!

The killing power of the Infernal King was second only to that of the Dark Desolate God King. He was not a pushover. He had killed countless enemies with the rules of the Hundred Ghost Massacre!

Of course, at this time, the Karma Emperor Sword that Long Chen had risked his life for was still right in front of the Infernal King.

Kcha! *

The Karmic Sword Qi had even charged into the Infernal King's body, wantonly destroying everything in its path!

However, the Infernal King still laughed out loud. "For a hundred ghosts to enter your body, you are destined to be tormented for eternity! Long Chen, in order to harm me, you have paid too much of a price! "

With just four arms, it would be fine if they grew out again, but Long Chen had been struck by the Hundred Ghost Massacre, allowing a hundred ghosts to enter his body, it would be different!

"Is that so?"

The Karma Emperor Sword disappeared and Long Chen and the Infernal King appeared once again. Long Chen's body was riddled with scars, and the living beings that could be seen could not help but feel even more worried, as the nervous hearts of the gods finally started to roar with laughter. Indeed, Long Chen was not that scary, he was not as scary as Mo Xiaolang and Su Yan who caused such a commotion!

"He's just a paper tiger, that's all. He only knows how to scare people."

"Right, previously, when he stood in the middle and acted like a boss, he really thought that he would carry out a battle of vengeance at the Epic Tier."

The living beings could not help but burst into laughter.

But soon, their laughter disappeared, just like the ugly smile on the Infernal King's face. Because the green flames of life had been ignited on Long Chen's body, and those boundless flames of life had caused all the 'hundred ghosts' attached to his body to burn and die. The injuries on Long Chen's body, on the other hand, were not much of a hindrance.

He did not receive any damage at all. A mere Hundred Ghost Slaughter was not enough to fight against so many of his divine abilities and rules!

"How is this possible!?" This is the power of life! "

Whether it was order or life, both had restrained the Infernal King to a certain extent. Now that he had lost four of his arms, even if he could grow them back again, he would still need to consume a large amount of energy. But no matter how Long Chen looked at it, his power was still endless!

His expression was still calm and cold.

The Hell God King had defeated countless opponents in his battle, and he had no choice but to admit that this Long Chen in front of him was definitely one of the most terrifying. When he saw that Mo Xiaolang and Su Yan had also held their opponents in a stalemate, he started to understand that today's battle was definitely going to be a draw, and not a battle where they could crush their opponents!

"Dammit, if the Ink Kylin had returned earlier, it wouldn't be so awkward now. No matter what, I have to send this Long Chen to the west quickly before I go and help the two of them."

He had withdrawn the Ghost God Transformation and returned to his divine body. Now that his arms had been retracted, his fighting spirit was even stronger than before. Maybe he felt relaxed in the beginning, but after Long Chen had cut off his arm, he truly wanted to fight to the death!

Such an enemy must not be underestimated!

This was the experience of the Infernal King.

Long Chen had also taken human form. His actions made the Hell God King understand that what he wanted was an absolutely fair battle, to defeat himself in the most direct confrontation. This was his revenge! Long Chen's enemy was not the Infernal King, but the him who had watched Ling Xi get killed a few years ago. The one he wanted to surpass wasn't the Infernal King, but himself!

Thus, no matter what the Infernal King did, he would do as he pleased!

"You're very confident, very good, but you're underestimating me ..."

The Infernal King was shrouded in a black mist. This was the terrifying Heavenly Demon God's soul, and in every drop of this black mist, there were countless ghosts and gods howling.

"Make your move. You don't have many chances left."

Long Chen's calm voice resounded through heaven and earth.

Facing the real Infernal King, he felt much more relaxed than he had imagined. It was just as the Infernal King had thought. That's right, his real opponent was himself.

This voice filled with faith was a great mental suppression towards the Infernal King.

"Young man, you just don't know your place. If I can't suppress you, how can you become the Celestial King?"

No matter how dazzling Long Chen's performance was, in reality, he was not really worried. After so many years, it was impossible for him to not have some true trapping abilities, and there were even some of the scariest rules that he had never used before!

For example: soulless purgatory!

"Homeless souls and wild ghosts, follow me to the road of immortality, undergo purgatory tribulations, and walk towards eternal immortality. This is the world that belongs to my Infernal Realm's Celestial King."

Chapter 2723 - Rebirth Beast

soulless purgatory!

This was a rule which the Infernal King had never used before.

But of course, the Infernal King had spent hundreds of thousands of years without being able to use all of his strength to do battle. This was clearly the rule he had been born with for the past hundreds of thousands of years!

He was right, this was his world.

The power of the laws had transformed this boundless starry sky into his world. It had even surrounded the Dragon Sacrifice Continent s, the battlefield of the other two realm kings, and his soulless purgatory s!

"In my soulless purgatory, you will lose your soul and suffer the pain of being smelted!"

The Infernal King's terrifying voice reverberated in the world and did not cease for a long time. In the blink of an eye, this vast world had turned into a purgatory!

And Long Chen, right now, was in the core of this Purgatory!

The majesty of the Lord of Hell swept through the world. In front of him, all the gods seemed to have turned into mere mortals, and in this world, only the God of Hell King was the true god. Everyone's fate, was under his control!

BOOM!

The Great Void Cosmic Dragon was pulled by a ripping force. That force wanted to pull Long Chen's primordial spirit out of his body and throw him into this Purgatory World, to experience the pain of being reincarnated!

"The soulless purgatory is unbreakable. You can persevere for one day, can't persevere for one year, and can't persevere for ten thousand years! One day, your soul will disperse and you will be eternally suppressed! "

Not only Long Chen, but everyone who was surrounded by Purgatory would suffer the pain of their soul being torn apart. Of course, at this time, the Hell God King had to take Di Yao's oath into consideration and only let all living beings have a taste of pain.

"Long Chen!"

It was as if countless people were shouting out Long Chen's name in pain.

On one hand, they were imprisoning him, the soulless purgatory that engulfed the heaven and earth was too painful, it had even affected Mo Xiaolang and Su Yan.

On the other hand, they were also supporting Long Chen, because in the soulless purgatory, Long Chen was their only hope.

Surrounding Long Chen was an endless expanse of hell. Ash, wails, souls, corpses, and the aura of death were everywhere. The entire world had been changed by the Infernal King's laws!

Until that moment, when Long Chen opened his left eye.

"Fate Heavenly Pupil."

The pain of his primordial spirit tearing was nothing compared to the time the Infernal God King almost killed Ling Xi. He only wanted to see how powerful the Infernal God King was, and now he understood that it was indeed terrifying. The combined strength of the six polar state Divine Monarchs would definitely not be a match for the Infernal God King, but

Long Chen was also not the same Long Chen from back then.

Everything will change.

The instant Long Chen opened his Heaven's Eye, any place he swept his gaze across, underwent a heavenly transformation, and the light of destiny shined upon the Infernal God King. The Infernal God King's eyes met Long Chen's profound left eye, and in that instant, the Infernal God King saw that countless of lives were looking at him with anger!

Heaven's Eye!

He hurriedly resisted it with a stern expression. His rules of hell were intensely fighting against Long Chen's rules of fate, and what he wanted was, of course, was to use this soulless purgatory to suppress Long Chen's eyes of destiny!

Or perhaps, he could suppress the effects of the Heaven's Eye to the minimum!

But the rules of fate, like time and karma, were things that ordinary gods and devils couldn't understand. The Infernal King had still underestimated the power of anger that thousands of lives had at this moment!

"That maze!"

The Infernal King realized in shock that this was the suppression from the maze. Under the suppression of this fate, his identity and fate were still changed. Even though his strength existed, he could only unleash a small portion of it! This led to the soulless purgatory instantly shrinking by countless times, to the point where even Long Chen was unable to control it!

The crisis was over!

He was no longer a god, but instead an ordinary spirit. Instead, all the experts around him were gods, and he had fallen into a vortex where his mental and physical body were extremely insignificant. As long as he could not leave Long Chen's left eye, he could not leave the control of the Heaven's Eye of Fate!

The soulless purgatory, under the effects of the Heaven's Eye, collapsed!

Last time, Long Chen had relied on his ruthlessness and his flames of life to suppress him, but this time, he was relying on the laws. He was relying entirely on the rules to achieve victory.

Reverse!

When the light descended once more, the tall, muscular Celestial King of Hell was now incomparably tiny.

On the Dragon Sacrifice Continent, all the living beings could no longer hold on and started cheering loudly.

But Long Chen's strange tyranny had once again slapped them in the face. At this moment, all of them were staring at this youth, who looked as cold and silent as the beginning, but whose gaze was so terrifying, this was the true gaze of a god!

In front of this gaze, the Infernal King had indeed become tiny.

This made the god's heart tremble. They recalled that since Long Chen was smart, he definitely wasn't stupid, and if that's the case, he really did come here today for revenge. Perhaps, he really did have a chance of success! Although everyone had unlimited confidence in the three Celestial Kings and knew that they would definitely win in the end, at least for now, they felt that the three of them would need to spend a great deal of effort to defeat the three heaven-defying young experts!

"Three monsters!"

"It looks like Divine Kings will need a lot of effort to deal with them."

The Gods were still standing at a very high place, looking at Long Chen and the others with a noble attitude.

In reality, in Long Chen's eyes, it wasn't worth a single cent.

The soulless purgatory was not bad, but it had already been broken by the Destiny Heavenly Eye. When the Rules of Fate changed the Infernal King, Long Chen didn't say anything further, holding his peerless Dragon Slaying Blade, he moved as fast as lightning, in a blink of an eye he crossed countless of distances and slashed his blade downwards!

"Time Breaks!"

From the start of the battle till now, Long Chen had been using almost the strongest power of the rules! After the Heaven's Eye, time was naturally no exception. When the blade slashed down, the Infernal King dodged and resisted with all his might. Even though he was intimidated by the Heaven's Eye, he still used a few of the Divine King's rules, but they were all broken by time itself!

Others might not be aware of it, but the Infernal King knew very well that from the start of the battle to now, he had been suppressed by Long Chen. The rule of the soulless purgatory that he was the most proud of had been broken by Long Chen, which shocked him the most, and when that rule of time snapped and hit him, causing the power that he could not use to fade, the Infernal King knew that if he did not put his all into this fight, he would probably lose his life!

Fall!

To fall in this desolate Dragon Sacrifice Continent, how laughable would that be? The mighty Celestial King would probably be the laughingstock of the entire Myriad Realms!

But he had to admit that Long Chen was very scary. He really did it, from the start of the battle till now, he was stronger than Mo Xiaolang and the Nuwa Demon! Mo Xiaolang could only rely on the Ancestral Fire, the laws of the black hole were the most proficient in coming and going of the devils, only Long Chen, was unfathomable!

"No wonder he dared to fight with me today. He was already fully prepared, no wonder Divine Emperor warned me to control him no matter what, otherwise I would not have a chance in the future. This future, might actually be right now!"

No matter how unreconciled he was in his heart, no matter how unconvinced he was, the Infernal King could not deny that this young god was about to kill him! If he didn't even die as a Divine Lord, then he must have obtained the greatest destiny of this dying world. He carried the hope of resurrection and the faith of trillions of people. He was a terrifying mortal enemy!

When he felt that his opponent was terrifying enough, it would be easy to deal with. When the Infernal King was back when he was young, he fought with the same desperation as Long Chen.

"AHH!"

After the time break, the important Infernal King chose to erupt his strength before Long Chen could approach him again.

"What's going on?" Long Chen laughed coldly. The coldness of his voice made all the gods tremble, but made all the living beings excited.

"Die!"

After the Infernal King roared, his body felt like it was about to explode. He used some unknown power to miraculously break through the bindings of the Heaven's Eye and even suppressed the laws of time, stabilizing the power that was dissipating. In an instant, he climbed back up to the state where even the Phantom Transformation did not exist!

The Divine King was truly worthy of his title. After being suppressed to such an extent, he was still able to erupt.

The hearts of all living beings once again rose!

The competition of rules of the Divine King level had undoubtedly been the highest level competition in the Dragon Sacrifice Continent for tens of thousands of years. The process of the battle to this point was very short, but every fight was extremely thrilling.

The Infernal King had finally revealed his trump card!

"The Rebirth Beast!"

His divine body changed once again, as if it had been transformed by the Fiend Transformation Art. A thick aura of death erupted, and even his entire level of life was undergoing a transformation. It was hard to imagine that this was the power of laws!

It was because he had transformed into the 'Rebirth Beast' that he was able to free himself from the Eye of Destiny, and even break the law of tearing time!

In the blink of an eye, what appeared before Long Chen's eyes was a grey colored beast that was shrouded in Primal Chaos, and he couldn't even see its appearance clearly. Maybe it was just a grey colored ball of flesh, and there was a countless amount of rolling mist at his side, but it couldn't be denied that the Infernal King at this moment was even more terrifying than when he was using the soulless purgatory!

"Sure enough, he can be even more terrifying!"

In Long Chen's eyes, this Rebirth Beast was a type of Giant Devouring Beast!

Chapter 2724 - The King of Gods Fall

Roar!

The huge beast roared. The sound was like a whirlpool, and everyone who heard it quickly lost their lives.

In the grey fog, it was impossible to see the appearance of the Rebirth Beast clearly, or it could be said that he didn't have any form at all. He was nothing more than a natural law, a natural law that could devour life!

Devouring life to rebirth!

"Divine Emperor doesn't want to kill you right now, I want to retrieve your secret, but right now, I am unable to complete the mission that he had assigned to me. I can only kill you, Long Chen, but you can only blame your bad luck."

The Infernal King's voice echoed in his ears!

He was mad!

A dignified Divine King, a senior that had lived for tens of millions of years, had actually been forced to such an extent by a junior!

BOOM!

While the Gods and even the other two God Kings were in shock, the Rebirth Beast appeared in front of Long Chen. It wanted to devour Long Chen and build a path to rebirth!

"In the past, he didn't want to use these rules."

"That's right. If I use it once, I won't be able to use it for at least ten years. The Rebirth Beast consumed too much energy. However, it cannot be denied that neither you nor I are able to escape his rule. "

This was a dialogue between Divine King of Light and himself.

Before this, they were unable to differentiate themselves from their opponents, but it was very difficult for them to completely overwhelm their opponents. They did not expect that Long Chen and the Infernal King would be the ones truly affect in battle, but of course, they were relieved when they saw that the Infernal King was willing to use the Rebirth Beast rule.

Not many people could withstand the devouring of the enormous beasts.

They all understood the terror of that enormous gray beast and knew that if Long Chen was unable to stop this rule, even if he had to suppress the Infernal King back then, it would be completely useless!

Time seemed to stop at this moment.

Everyone held their breaths as they waited for the results.

They were powerless to influence the outcome.

There was one other person who was struggling internally, and that was naturally Di Yao. Although she was at Divine King of Light's side, she kept watch on the battle there, and from beginning to end, she knew that Long Chen would definitely be more terrifying than Mo Xiaolang and Su Yan, because he had always been the leader!

"Will he die?"

She had heard of the reincarnation of the Infernal King's behemoth. He had once used this move to kill a divine king of an alien race, causing his name to resound throughout the world! Amongst the gods in the dragon sacrifice, all of the Divine Kings of initial state did not dare to fight against this enormous beast!

Everyone was worried!

But only Long Chen himself laughed. Today, the Infernal King had decided to go all out against him, and from the soulless purgatory to this terrifying rebirth beast, all of them were challenging his limits.

The moment he turned into the Primordial Blood Dragon, countless scenes flashed before his eyes.

In the end, it stopped at Ling Xi falling to the ground, but she was powerless to do anything as he watched the scene of the Infernal King leaving.

"It's time to end this."

When the rebirth beast drew near, even with the fire of life, his life was still fading away. This Edicts of Hell was in fact the Edicts of Death. It was somewhat similar to the Edicts of the Primordial Blood Spirit Dragon.

Everyone finally saw the blood-colored dragon vaguely appear amidst the huge beasts.

"He turned into a dragon!"

"That's right!"

Was this hope, or was it a desperate struggle?

"Sssii!"

The Hell God King, who fought with his life on the line, would not give Long Chen any chance, and an incomparably large mouth, which was even bigger than Long Chen's Divine Dragon Body, appeared from within the gray mist. This was the mouth of a rebirth beast, and it was swallowing Long Chen inside.

Furthermore, during the process of devouring, Long Chen's body had not yet moved, his strength, bloodline, essences, were all being lost, and he was being carried away by the power of death!

"The path of rebirth is in my mouth. Hurry up and reincarnate, we might meet again in the next life, Long Chen."

The entire world was filled with the strange voice of the Infernal King.

"Is that so?"

Long Chen realized that if the stalemate continued, it would be useless. Even if he managed to stabilize himself, his life would eventually be completely devoured, and that would not be worth it.

"No matter how much you swallow, you will return it to me."

What shocked the Rebirth Beast and all of the Gods was that Long Chen had actually rushed towards the huge mouth of the huge Rebirth Beast. This act of disregarding one's own life and death, was he mocking the Infernal King, or was he simply courting death!

Seeing that the other party was rushing towards him, the Infernal King did not care about it at all. This was a huge opportunity for him.

"See you in the next life!"

The Infernal King roared wildly.

"You're right. See you in the next life."

Long Chen increased his speed again.

In the eyes of the beast, this blood-red divine dragon was shrouded in a thick bloody aura. This was the supreme expert of slaughter! That cold and bloodthirsty gaze was filled with the might of an ancient hegemon. Even though it was just a tiny divine dragon, it was actually able to make the rebirth beast tremble!

"Who exactly is it? Who wants to devour who?"

When the Infernal King hesitated for a moment, Long Chen was already right in front of him. At this moment, the devouring power was enormous without end, and the Infernal King roared out loud. Without any hesitation, he directly swallowed Long Chen in one gulp.

"Done!"

The Infernal King couldn't help but heave a sigh of relief. With such a close call, he couldn't help but want to laugh out loud. It had been a long time since he had such a refreshing feeling.

Even though he was still a little afraid, he didn't understand why Long Chen would act like this in the end.

Perhaps it was because he was too confident.

The Infernal King laughed coldly as he thought about it.

"Is it done?"

Right at this moment, the Infernal King heard a sound like this. He was still in the state of a reborn beast and he had indeed swallowed Long Chen, but Long Chen was still stuck in the mouth of the reborn beast. His dragon claw had deeply stabbed into the reborn beast's body.

"You're not dead!"

The rebirth beast was about to devour it again.

"I say, who will swallow who?"

Blood Devour!

The reason they had arrived at this place was to use Blood Devour.

This was Blood Refinement Art!

That year, Long Chen refined Bai Zhanxiong at the Bai Family in White Yang Town.

Refining his blood into energy, gave Long Chen a new life.

That was the beginning of all his successes.

Now that he was facing this peerless Divine King, he was going to transform his blood refinement skill into a blood devourer. Blood devourer was a type of law; it was a law that could devour bloodlines!

Whether it was the Infernal King or the rebirth giant beast, regardless of what bloodline they had, they were all being devoured!

At the moment, victory over all natural laws was a victory over all devouring.

The Rebirth Beast was a terrifying rule, but unfortunately, he encountered the Ancestral Fire!

This was the sacred art that Long Chen was most familiar with. He had practiced it countless times, and once again comprehended it countless times, and now that he used it all again, it was extremely smooth. His Blood Devouring Rule's power controlled the Rebirth Beast, so even if the rebirth beast was much larger than him, at this moment, it was still the prey in his mouth!

They devour at the same time.

However, the moment it began, the Infernal King collapsed. The rebirth beast collapsed and was directly destroyed, transforming into the Infernal God King in the hands of the divine dragon. Long Chen had also transformed into his human form, with a body covered in red dragon scales!

His fingers pierced the Infernal King's body and grabbed onto his blood. The two stood face to face, Long Chen coldly and cheerfully, while the Infernal King screamed in pain, fear, despair, and despair!

"I've been waiting for this moment for a long time." Long Chen said indifferently.

What responded to him was the Infernal King's miserable cries, struggling, and his gradually drying up body.

Previously, when the strange beasts had devoured Long Chen, everyone had lost all hope and had even fallen to the ground.

And the gods cheered and rejoiced.

Long Chen was completely unscathed, while the Infernal King was in a miserable state to the extreme. Looking at the Infernal King's current state, he knew that he wouldn't be able to persevere much longer under the terrifying rules of Long Chen. It was very likely that the Infernal King would fall ...

Those people who fell on the ground stood up blankly, looking at the surprise that Long Chen gave them in disbelief.

And none of the Gods could react.

Back then, Long Chen did not die even after being chased around by the four Divine Kings, and this was even more impossible now. So at this moment, they were using all of their methods to stop the Divine King of Light and the Starry Skies Divine King!

"No!"

The two Celestial Kings were the most clearly aware of the exhaustion of the Infernal King's life!

Under Long Chen's blood devouring, the Infernal King was no longer able to continue fighting!

He would soon truly perish!

The two Divine Kings felt as if they had been struck by lightning. If the Infernal King were to die, the situation would become even more serious. Their heads were filled with rumbling sounds in an attempt to save the Infernal King, but they were stopped by Long Chen's comrades!

Time seemed to stop at this moment.

The two Celestial Kings stood rooted to the spot, witnessing the most impossible thing that had happened in the past ten million years. The despairing pleading looks of the Infernal King was their eternal nightmare.

"Save me!"

The Infernal King was incomparably miserable. He only said these two words.

However, the two Divine Kings did not move, because their minds were focused on something, and were forced to move even further away from Mo Xiaolang and Su Yan!

This was the first major change in the history of the dragon sacrifice's gods in thousands of years. This was caused by Long Chen!

He had been waiting for this moment for a very long time, and it was impossible for him to stop now. Under the effects of the Blood Devour, he coldly watched as the Infernal King fell and his blood became Long Chen's.

"This is what you deserve. If someone does not offend me, I will not offend them. Yet you want my wife and daughter's lives. If this enmity is not avenged, I swear I will not be a human."

So, even if he killed the God King, there would be other troubles in the future.

"I ... I ..."

Long Chen could understand the Infernal King's despair and pain, because it was a blood devourer!

It was the Primordial Blood Dragon's wrath!

From the high and mighty Celestial King to the pitiful people begging for mercy, Long Chen would never pity him. There were simply too many pitiful people in this world because of him, and even more people were miserable than him.

His pity came from his self-proclaimed nobility and Long Chen's lowly status. It was precisely because he was defeated by the despised Long Chen that he suffered so much. This was all caused by him.

"I have a secret to tell you."

Before he died, the Infernal King had brought back the light.

"Go ahead."

The Infernal King suddenly started laughing. He struggled for a while, his eyes becoming clouded as he slowly said, "The person who asked me to make a move to kill Ling Xi is ..."

"Who?" Long Chen's gaze turned cold again.

So it turned out that he hadn't avenged himself yet.

"Di Yao."

He said the last two words. The Infernal King had perished!

Chapter 2725 - Galactic Gigantic Ship

This was almost the most unbelievable moment in history.

In the Dragon Sacrifice Continent, although the people could not see the competition between the gods, they could roughly guess from the sound that something was off, especially the painful cries of the Infernal King in the end. It was hard to imagine that a dignified Celestial King would make such a sound.

All the returning gods, including the humans, demons, marine races and witches, were surrounding them. They had personally witnessed the Infernal King's Divine King's body withering under Long Chen's hands, dying of old age before turning into dust.

Until the mighty Infernal King had completely disappeared from this world.

Long Chen had two methods that could make gods die. One was the Death Realm's Dragon Gate, but in actuality, the Death Realm's Dragon Gate probably did not actually die. The other method was to devour the blood. For example, when Long Chen had killed the seven polar state Divine Monarchs, he had given them to the devils to swallow.

And now, his own Blood Devour also possessed the power to slaughter.

It was not just a massacre, Long Chen had engulfed everything in his body and was currently refining the power of the Infernal King! Of course, it was to refine the parts that were useful to him, the large amount of parts that were unsuitable for him, they would still disappear. Long Chen, of course, wouldn't be able to swallow the rules like that.

But even so, to be able to rely on devouring bloodlines to raise one's strength was something extremely terrifying to all gods.

It was true that she could devour the Vatican, but she had an end. As long as she could recover to the level of Extreme Realm God King, it would be difficult for her devouring power to increase any further.

And Mo Xiaolang's devouring was only effective towards flames, or divine beings who cultivated the laws of fire.

But only the current Long Chen had recovered his Blood Refinement Qi and climbed to the peak.

His original strength was not too different from the Infernal God King's. After all, he had the strongest Taiji Realm in all of history, the Divine King's bloodline and strength, had the attribute of the 'Heaven's Path Ghost God and Devil Yuan'. The most heaven-defying ability of Blood Devour, was to purify all that he had devoured into the most primitive Divine Source Power, and then add it into Long Chen's divine power.

There was a lot of choice in this process, but in the end, the divine power that he obtained suited Long Chen well, and seemed to have been obtained without cause or reason, and was even faster than the power all living beings wished for. Even though a large portion of the energy had been devoured away, the Hell God King had still allowed Long Chen to level up, and was even close to the realm of the Divine Monarch!

"Di Yao!"

The moment the Infernal King in his hands was annihilated, Long Chen finally understood.

After Ling Xi met with trouble, Di Yao had immediately appeared, and then approached him layer by layer. Even the Dream Spirit World might have been arranged by her, until the Infatuation Curse was clear that her goal was to get him, and killing Ling Xi was obviously the first step she had to take!

"So it's you!"

Although he didn't know why she would want this so much, to the current Long Chen, it wasn't important anymore. Right after killing the Infernal King, Long Chen wanted to kill Di Yao once again. He

couldn't stand the fact that he actually spent so much time with this woman after something happened to Ling Xi!

"So it really is her ..."

In the God Kingdom, Ling Xi had predicted that, in fact, when her opponent was Di Yao in the Heavenly Sovereign Sword Sea, she had roughly guessed that among all the gods, the only one who could order the Infernal King would be Di Yao. Ling Xi's intuition told her that it was very likely that Di Yao had acted, but she did not have any proof, and was also waiting for the moment when the truth came to light!

Seeing Long Chen's killing intent come out, her heart felt a lot more at ease. In fact, in the years she had been cultivating, Long Chen had already expressed his attitude towards his without even paying attention to the peerless beauty Di Yao.

Now, he was a true enemy.

"Brother Chen, I want to take revenge myself. There are some things that I need to personally repay."

Ling Xi was as gentle as water, but her words were laced with killing intent.

"Alright."

Hearing her voice, Long Chen suppressed the urge to kill Di Yao.

If Ling Xi had to deal with her, it would take a while. In any case, as long as she did not die, there would be a lot of time in the future! But after killing the Infernal King today, it was time for him to fight with the other two Celestial Kings!

For the Gods, this was the moment they could not accept!

The Infernal King had fallen!

The fall of the Celestial King was a major event for the entire Myriad Realms!

In addition, there weren't many Deities like that amongst the various Deities.

Initially, they thought that they could easily capture Long Chen and the other two, the Gods were still chatting and laughing. But now, the King of Hell had fallen right in front of their eyes, everything seemed to have changed!

The ruler of the Dragon Sacrifice Continent had suddenly changed!

Long Chen, who had originally returned from the Lingsu Star Sea without any power or influence, had actually climbed onto the top of the Gods. When the Infernal King had fallen, and the Divine King had been absent, the majestic dragon sacrifice had actually turned into a suppressed party in an instant!

The moment the Infernal King fell, two Divine Kings who were fighting against Mo Xiaolang and Su Yan looked at each other in shock. The fall of the Infernal King had definitely caused Long Chen to be able to attack him or some other god and he even killed the Infernal King, so there was nothing to be afraid of.

It was also possible for him to join hands with Mo Xiaolang or both to surround him!

Regardless of the outcome, they were all terrifying!

Divine King of Light and Divine King Mo Huang were not fools. They immediately made a decision and retreated!

Divine King of Light finally got rid of Mo Xiaolang and said to the gathered gods, "Enter my God Kingdom!"

The gods panicked, and hundreds of gods rushed over in succession, all hiding within the Divine King of Light's Divine Kingdom. And at this moment, the Starry Skies Divine King was truly free from Su Yan, the two Divine Kings had reunited, and in the blink of an eye, they had gathered all of the returning gods together.

"Long Chen, you have committed a heinous crime. When the Divine Emperor returns, you and everyone else around you will live in pain for eternity!"

The Starry Skies Divine King roared in anger and actually started to flee with the Divine King of Light. They were heading in the direction of the 'Endless Universe Mountains' and should be meeting up with the Divine King for the time being.

But no matter what, the several hundred dragon sacrifice's Gods were now forced back by Long Chen and the other two, escaping from the Dragon Sacrifice Continent. This was simply a myth, a miracle among miracles!

This was a Divine Battleship controlled by the Genesis, and with the help of the Starry Skies Divine King, its speed was terrifying. Long Chen chased for a period of time with the Windmoon Divine Battleship, until they were far away from the Dragon Sacrifice Continent, but he discovered that he was simply unable to catch up to them.

Thus, he could only give up.

Ahead of them, the galactic ship had already disappeared. It seemed like they would not be able to return until they found the Dark Desolate God King.

"Boss, aren't you guys too awesome? Haha, you actually forced these old fellows to run away like piss. This is too venting!"

In the God Kingdom, the Dragon Fighter were cheering loudly.

This was their world, the Primordial Gods's return was more like an invasion, a wanton transformation, yet it was actually driven away by Long Chen!

"They'll come back."

Long Chen said as he looked at the endless stars in the sky with a profound gaze.

Today, it could not be considered that he had really chased them away. It could only be considered as having caused them to retreat for a period of time. When they returned, it would definitely be another round of war. He didn't have much time left.

After confirming that they were far away, Long Chen returned to the Dragon Sacrifice Continent with Mo Xiaolang and the others. It was as if everyone was waiting for their return.

"I never thought it would be Di Yao and Xiao Xi. I didn't even notice this, you can't be angry at me right?" Facing Ling Xi, Long Chen was a little scared. He should have already discovered such a simple matter a long time ago.

Ling Xi shook his head, and said: "If you want to blame something, you can only blame yourself for acting too arrogantly in front of you, Brother Chen, I only have one request, when I defeat her one day, you must remember to step on her, and tell her: You slut will not have a good ending!"

Long Chen could not hold back his laughter. It seemed that he was still angered by Di Yao, she had not scolded anyone for a long time.

Even though the other party would still return, and he had only temporarily gained control of the Dragon Sacrifice Continent, he couldn't help but feel relieved. At the very least, he was able to take revenge and prove that he was the one who had made the billions of people in the Dragon Sacrifice Continent see clearly the true face of the masses.

Almost everyone who knew him was happy for him.

Right now, they were the only divine beings left in the Dragon Sacrifice Continent.

Long Chen always remembered that the reason he could have this day was because of the support of these trillions of people. When he returned to the Dragon Sacrifice Continent, the first thing he did was to thank all of them.

Very sincere.

Everyone, actually, I am very sorry. A battle with the Infernal King is more of a personal grudge against me. Now that the gods have left, I can be considered to have succeeded in my revenge.

As he spoke, there were cheers everywhere.

Right now, he was the true ruler of the Dragon Sacrifice Continent, the faith of countless creatures. Long Chen thought that if not for the Primordial Gods, he would have completed all of his dreams here, and would be able to live a carefree life from now on.

But no.

He had to explain.

So he continued: "Today, even though I let the Infernal King perish, and even allowed the Primordial Gods to escape, they will still return in the end and fight with me again. If I lose this battle, perhaps I will leave this place for a while, and may they have other goals, so they won't want to hurt you all. After all, you all are innocent, and I can guarantee that when I have enough strength, I will definitely return and chase them away once again.

That was his future.

It was impossible for him to defeat the Divine Emperor in a short period of time, so after he went to the Origin Dragon Palace, the only option left was to 'escape'.

Chapter 2726 - Seeking Origin

Of course, these were all matters of the future.

The first thing to look at was the Dragon Palace.

Of course, he did not really settle the matter of the four Divine Kings. Right now, they had just fallen, and the Divine King of Light and the Starry Skies Divine King had temporarily retreated, while the strongest and most mysterious Divine King, the Mohuang God King, was currently rushing back from the 'Endless Universe Mountains'.

The Divine Emperor placed an important task on the four Divine Kings, wasn't every one of them the role of someone who could shake the heavens? Naturally, they could not be frightened, nor could they give up.

Therefore, after they reunited, they would definitely return quickly. At that time, it would definitely be another great battle!

"The Dark Desolate God King is probably more difficult to deal with than the Infernal King. I'm not sure about that, but it seems like I have to quickly figure out the origin of the Dragon Palace."

Long Chen thought so in his heart.

This Divine King who cultivated in power, destiny, and calamity was mysterious and vast. Even he himself was a Divine Spirit expert of this level, but his chances of success were not high.

It was equivalent to a God Slaying Sword at its peak.

Hearing Long Chen's plan for the future, everyone fell silent.

"No matter what, we are willing to fight alongside you. We don't trust others, we only trust you!"

"We believe in you. No matter what, this is our home. You're right, we can't let others easily take over this place!"

"That's right."

What made Long Chen very happy was that many people had told him this.

They trust themselves.

This was already the greatest respect Long Chen had for him. In the future, no matter what he would pay for this fragile world, he would not frown! Because this place was the Dragon Sacrifice Continent, his homeland, the land he grew up in, and they were the descendants of dragons!

Everyone's heart was filled with boiling blood.

Long Chen could not help but say: "That's right, we are currently very weak. It seems as if any one of our opponents could destroy our world. Why should we be ruled by others? No matter what happens in the future, I hope everyone can fight together with me. That way, we won't be seen as ants by others! "

After the return of the gods, everyone began to realize that in this world, they were actually so insignificant.

He was no different from an ant.

Everyone was unwilling to accept this, and even more unwilling to submit to the Chief Sovereign of the Gods, who had been looked down upon.

But Long Chen respected them.

He respected every single one of them from the bottom of his heart. Long Chen could see that their flames of destiny were every single one of them.

They were no ants, nor were they numbers. There was no great difference between them and Fiendgods.

Therefore, they couldn't help but shout out.

Being able to obtain their support and faith was the greatest motivation Long Chen had at the moment.

After communicating with them, the results were much better than what Long Chen had imagined. He did not think that he would receive so much support, because he felt that all of the battles he had previously were just personal grudges that had nothing to do with all living things.

Everyone had their own intelligence, and could clearly see the attitude of the gods towards him, especially the action of Di Yao forcing Long Chen to come out.

This was not only an era where the gods returned, but also an era where everyone could see the highest levels and then think. In the past, when Long Chen was still in White Yang Town, he thought that Divine Pill Realm were the strongest in the world.

Long Chen had to go to the Origin Dragon Palace before the Divine King and the others arrived.

In reality, he couldn't wait any longer. After telling all the living things, he went to the Immortal God Realm and headed towards the Eastern Star Region. Now was still a time of crisis. He did not allow the Five Dragon Cities to return to the Five Dragon Cities, but instead brought them with him at all times.

All the people in the Dragon Sacrifice Continent who were close to him, Long Chen was by his side.

In Long Chen's enormous Divine Kingdom, they could live their lives freely, and were practically no different from the outside world.

As for Long Chen and Mo Xiaolang, they were currently focused on the Origin Dragon Palace. The main reason they wanted to defeat the God King was also to come to this Origin Dragon Palace.

Actually, Long Chen should have come here since he had become a god. It was just that he did not expect the return of the gods, and those existences were worried that the gods had taken over the Origin Dragon Palace, which was why Long Chen had been able to endure until now.

It was finally time.

He still remembered the last time, when they were dealing with the Black Yama Beast. Yi Xue Meng Hen from the Dark Star used her Sky Piercing Blade to cut open the passageway to the Origin Dragon Palace.

Now, Long Chen had once again arrived in front of the Ancestral Dragon Cave.

Ahead of them was the region of origin of the divine dragons.

He closed his Divine Kingdom and felt his surroundings alone. Mo Xiaolang and Su Yan had consumed a lot of energy in their battle, since those two Divine Kings were not easy to deal with so they were currently recuperating.

And Ling Xi should be in a hurry to kill Di Yao and take revenge for herself, so she had already gone to rest for the second type of 'Heavenly Rules Spiritualism'. The first type of Heavenly Rules Spiritualism had taken her many years to learn, but she did not know how long the second type would take.

But now that he had an enemy at the Divine Emperor level, it was not easy.

"Father!"

Looking at the boundless space in front of him, he felt that everything was within Long Qinglan's grasp. At this moment, he had finally come looking for him, but he didn't know how dangerous the path of the Origin Dragon Palace was, but he felt that it wouldn't be easy.

In addition, there were three other Celestial Kings who were eyeing them covetously. Who knew when they would return?

"How do I get in?"

Long Chen wandered around the Ancestral Dragon Cave for a long time. In fact, the first time he entered the Origin Dragon Palace was when he got lucky. Maybe this small piece of land was the only gap in the Origin Dragon Palace, it was just that it would be difficult to find a gap in the huge starry sky.

This was also the reason why the gods had not found the Dragon Palace after searching for so many years. They had actually discovered the Incantation not too far away.

"There's no other way. I can only try it bit by bit."

Long Chen searched through his memories, finding a crack in the wall. In his hands, he held onto the peerless Dragon Slaying Sabre that Di Yao had given him, and was trying it out.

With regards to the blade, he had originally wanted to return it to Di Yao, but the Tripod black followed him after crying bitterly. It seemed like on the basis of loyalty, Long Chen had satisfied him.

Even if he had some memories, it wouldn't be easy for him to find the gap.

Even though he was anxious, there was nothing he could do.

As a result, he could be seen brandishing his blade everywhere in front of the Ancestral Dragon Cave, not sparing a single place.

One day, two days, all the way until eight days had passed. At this time, Long Chen was already a little anxious, there was a possibility that the three Divine Kings would be able to return one day, so before they knew the secret of the Origin Dragon Palace, they absolutely could not let them know that the Origin Dragon Palace was in this position.

As expected, the place they were looking for might be the Origin Dragon Palace.

Furthermore, the Dark Desolate God King was not an easy opponent to deal with.

Finally, with every chop he made, he created a crack in a spherical space that was only one meter in diameter. He believed that this was where he had entered the Origin Dragon Palace. It could only be said that his luck was very good at that time.

Long Chen was extremely excited, as he remembered the location in front of his eyes, then put away his peerless Dragon Slaying Sabre. Without saying a word, he rushed into the ancient and vast starry sky.

The fissure closed.

Raising his head, he was once more deeply shocked. That's right, that vast, grand, resplendent palace with countless divine dragons soaring into the skies ... that was the 'Origin Dragon Palace'!

"We've finally arrived!"

All the secrets were here.

Long Chen could not help but approach the Origin Dragon Palace.

Within the endless starry sky.

A giant starship that looked like a galaxy was rapidly advancing in space. A dark green god ship appeared in front of it, even more ancient and domineering!

The galactic giant ship increased its speed and converged with the dark green god ship.

The dark green god ship opened and all the gods entered. Divine King of Light, Starry Skies Divine King and Di Yao were the leaders. The Godking stood in the shadows, waiting for them.

The gods meet.

"In that case, the Infernal King really is a piece of trash." The Dark Desolate God King knew what had happened, which was why he sped up his speed and rushed back. This dark green godly ship was moving at a terrifying speed towards the Dragon Sacrifice Continent.

Starry Skies Divine King said: "Don't speak nonsense, that Long Chen is too terrifying. His growth is too fast, I'm afraid we will only have one last chance to kill him. "

God King Mo Huang didn't want to waste any more time, so he said, "Alright, after we go back, you guys continue to deal with Mo Xiaolang and the Nuwa Devil. Leave this Long Chen to me. "

Divine King of Light said, "Your Dark Desolate made a move, so there is naturally no big problem. However, we have personally witnessed how powerful he is, so we recommend that you still value him as a life or death enemy. The Infernal King was arrogant, underestimated his opponent, and so he ended up like this."

When God King Mo Huang heard this Divine King of Light who was famous for being cautious, he was not stupid. He nodded and said, "Don't worry, I have not fought for many years and I am more looking forward to this battle than any of you. Since this is the only chance, then we will completely take his life. Now that even the Infernal King has lost his life, we have already lost all our face, so if we don't take care of him now, we won't be able to face the Divine Emperor and the two Demon Divine Emperor. "

They continued with their plans, each with a plan in mind.

In front of the dark green god ship, one could see the huge dragon-shaped continent.

Divine Emperor is truly interested in him, it's just that the difficulty of capturing him alive is getting higher and higher. Until now, we haven't completed the mission, maybe it's because of Long Chen's existence from beginning to end! "Feng Xue'er said.

Chapter 2727 - Supreme Gods

That enormous Origin Dragon Palace gradually expanded before his eyes.

The closer he got to the golden palace, the more excited Long Chen became.

It was finally here.

The Origin Dragon Palace was in a completely sealed state. The only way to enter was through the two ten-thousand-meter tall golden gates.

Long Chen was already standing in front of the door, his entire body bathed in the golden light.

Raising his head, he could see that the Origin Dragon Palace was boundless. A huge golden barrier of light could be seen shrouding it. The barrier of light flickered with the sun, moon, stars, mountains, trees, and all kinds of flying dragons. It was an ancient land.

"This might be the Dragon Sacrifice Continent of the top ten thousand realms before this era ..."

Long Chen didn't really understand what rank one in a million worlds was, but he could imagine that Divine Emperor, who currently dominated ten thousand worlds and stood at the peak of life, was even at the same level as Ultimate Dragon, or maybe even inferior. There were even some Ultimate Dragon that could compare to the gods and devils of Tai Yi Shen Jing, to say nothing of Unparalleled Dragon and Ancestral Dragon.

The realm of an Ancestral Dragon, was bound to be above Tai Yi Shen Jing.

Tai Chi, Tai Su, Tai Chi, Tai Chu, Tai Yi! Tai Yi Shen Jing was the peak of the Divine Realm, the supreme ruler of all realms. Even Divine Emperor had to bow before Tai Yi Shen Jing.

In the Myriad Realms, the Ultimate God of Tai Yi Shen Jing was called the 'Sovereign God'.

Even Unparalleled Dragons that were equivalent to or above the level of Supreme Gods had more than eighty of them. One could imagine how terrifying this was. Now, even if a 'supreme deity' existed in the ten thousand worlds, it would still be alive today, even before the era of the Primordial Era.

In front of him, this golden door blocked the secret that Long Chen wanted to see.

The Everlasting Dragon Emperor, Long Qinglan, was inside the Origin Dragon Palace.

"It seems I need to open this door."

He had no choice but to proceed forward cautiously, step by step, until he stood before the golden door that was tens of thousands of meters tall. In front of this door, he seemed incomparably small, like an ant at the door, or even smaller.

Not excluded.

However, as Long Chen slightly exerted his strength, he already felt a terrifying sense of thickness.

"It seems that if I want to push open the door, I'll need a lot of strength! The power of a Celestial King! "

Long Chen finally understood that this was also a challenge!

He placed both his hands on the door and channeled all the strength in his body. Like an ancient beast, he let out a loud roar and slammed all the strength in his body into the door, launching a violent attack!

Next to the Everlasting Stone, a black dot suddenly appeared.

There were trillions of lives, and there would always be attentive people who would discover it.

After the battle between Long Chen and the Divine King, the gods fled and Long Chen disappeared, and the days became peaceful again. With the help of the Everlasting Stone, the whole world had indeed become much more wonderful.

As more and more people absorbed the Spiritual Qi of Creation, their cultivation rose rapidly.

"What is that?"

"Seems to be so."

This black dot became larger and larger, finally turning into a gigantic divine ship, flying above the Dragon Sacrifice Continent. Finally, the divine ship disappeared, and four gods appeared: Di Yao, Divine King Muhuang, Divine King of Light and Starry Skies Divine King.

"They're back!"

"Primordial Gods!"

The four of them naturally would not hide their tracks at all.

That was why all the living beings easily saw them. In an instant, the Dragon Sacrifice Continent became flustered again, everyone was afraid, and knew that the great battle that they had anticipated was about to begin.

"Long Chen, if you didn't escape, then come out quickly! Don't be a coward! "

Although Long Chen found out the truth, with the presence of God King Mo Huang, Di Yao still mustered her courage and became spirited again.

Divine King Mo Huang was close to the Perfection, just a step away. The realm he was in could be said to be at the level of a small Perfection.

Her voice spread throughout the Dragon Sacrifice Continent, and as long as Long Chen was still here, she could naturally listen to him easily.

But after a period of time, even though the living beings were in an uproar and were extremely panicking, Long Chen did not appear. In the entire Dragon Sacrifice Continent, there was indeed not a single god.

"He ran away?"

The Dark Desolate God King frowned.

In fact, as long as he did not have to worry about the Dragon Sacrifice Continent, he could escape long ago. Especially after he was able to kill the Infernal King, logically speaking, he was a smart guy and knew that he was not able to fight against the Primordial Gods, so he should be able to escape.

"Damn it!"

Di Yao was very angry. This time, Long Chen had won so much, and even caused the gods to flee, it was simply a great shame and humiliation. But now that he had killed his way back, he actually escaped.

The Divine King of Light searched for a while, then said: "Since he has escaped, there is nothing we can do, let's continue occupying this Dragon Sacrifice Continent, and find that palace. As for the matter with the Infernal King, we have already ed it to the Divine Emperor, he will definitely rush over, and I believe there won't be much time until the Divine Emperor arrives. When the Divine Emperor arrives, regardless of where Long Chen escapes to, he will definitely have a way to find him."

God King Mo Huang thought for a while and said, "Since that's the case, then there's no other way. However, in order to prevent this kid from sneaking back, we still have to be on guard. At the very least, during the period of time that the Divine Emperor returns, nothing bad will happen. As for the hatred between the Infernal King and the seven Divine Monarchs, I believe that Divine Emperor will definitely make Long Chen pay a sufficient price. "

"No!"

Suddenly, Di Yao shook her head.

She said: "I understand that Long Chen this fellow, when he was still weak, he did not escape, and now that he has defeated the God King, and my father still needs some time to return, I keep having the feeling that in just a few days time, he will not escape so quickly! He must still be around. I want to make a try. "

The three Godkings looked at her, roughly understanding what she was trying to do.

"Princess, did you swear an oath?" Divine King of Light reminded him.

Di Yao sneered: "Indeed, but oaths are nothing more than children's toys. Furthermore, I don't even need to kill people, as long as we uncover a million people, they will definitely appear. Long Chen, you won't just watch as they get humiliated by me!"

Although this method was a little despicable, it was indeed a good idea. The three Divine Kings also had a hunch that Long Chen was still nearby.

Di Yao could do whoever she wanted.

After knowing that they had returned, all the living beings in Dragon Sacrifice Continent became nervous.

Suddenly, on the side of the Three Great Imperial Domains, the people of the entire Sword Soul Imperial Palace, under the control of a god, flew into the sky. In the blink of an eye, tens of millions of people appeared before the four gods.

The entire Heavenly Sword Soul Mountain was already devoid of people.

Di Yao remembered that this was the place where Ling Xi grew up in. She hated this place to death. If not for Ling Xi, Long Chen would already be in her pockets. She knew how heaven-defying Long Chen was, so even now, she was still unwilling to give up. If she were to obtain his love, her future would be limitless!

"Tell Long Chen to come out."

Di Yao's power was vast, suppressing all of the disciples of the Sword Soul Imperial Palace to the point that they couldn't even breathe.

Among the disciples, there were young people and old people.

Long Chen and Ling Xi were the legends of the Sword Soul Imperial Palace.

That day, the legend of Long Chen transforming into a dragon was passed down by others to this day.

Even though it was currently under the control of the four gods, the disciples of the Sword Soul Imperial Palace were not really worried.

"Get Long Chen out!"

Seeing that they weren't afraid of death, Di Yao reiterated her words.

At this time, amongst the Four Sword Sovereigns, the Heavenly Sword Sovereign sneered: "I remember someone swearing a poison oath in front of Long Chen a few days ago, but I didn't think that they would forget about it so quickly. Let me tell you this, he left this place a long time ago, you can easily kill us, but one day, he will return to avenge us. , you despicable woman, I will make you die a graveless death! "

Although the disciples of the other Sword Soul Imperial Palace s did not say anything, everyone's thoughts were almost unanimous. They were not afraid of death.

"You said it yourselves!"

Di Yao was like gunpowder. She couldn't help but take action the first time, and with just a grasp of her hand, the Heavenly Sword Sovereign immediately turned into ashes before her eyes.

Heavenly Sword Sovereign, dead!

The tens of millions of disciples in the Sword Soul Imperial Palace watched on helplessly. They understood even more clearly that these were the Gods and these were the so called Ancestors!

He completely disregarded human life!

Compared to Long Chen, they could only be considered as invaders.

"Where is your Guardian God? Let him save you all! "

Di Yao couldn't help but laugh when she saw their pale faces filled with anger and helplessness.

"Every breath of time, I'll cripple 10,000 of you. Let's see when he'll come out!"

Di Yao's cold voice came out.

Actually, she was doing it in a more covert manner, and only the people from Sword Soul Imperial Palace disappeared. The others still did not know what had happened.

Inside the Eastern Star Region, Long Chen was pushing open the door with all his might.

At the same time, Su Yan and Mo Xiaolang were helping, all three of them had the power of the Divine King, and under their combined power, they were finally able to move the golden door that was tens of thousands of metres tall. They mustered their strength again to try and push the door open.

"Let go!"

Just before he succeeded, Long Chen suddenly shouted out explosively and pulled Mo Xiaolang and Su Yan backwards. The door lost its support and it fell back with a loud crash, forming a terrifying impact and knocking them tens of thousands of meters away as their blood and energy tumbled.

"Big brother, what's wrong?"

Seeing Long Chen's complexion suddenly become extremely ugly, Mo Xiaolang asked in confusion.

"The Dark Desolate God King returned early, Di Yao captured the Sword Soul Imperial Palace's men." Long Chen's eyes were filled with killing intent.

Di Yao again!

Every time he let her go, she would challenge his bottom line!

Long Chen was a little afraid, but she seemed to have taken a step forward. Last time, he was the one who cared about everyone, and this time it was the entire Sword Soul Imperial Palace. Who knew what would happen the next time?

"Go back!"

Even if the Origin Dragon Palace was right in front of him, Long Chen would have to go back and fight again!

Chapter 2728 - Exotic God King

On the way back from the Origin Dragon Palace, the Heavenly Sword Sovereign was killed.

Long Chen still remembered that this senior was an old friend of the Sword Master Ling Wu.

He didn't expect that just because of a single sentence, Di Yao would be the one to kill him.

Ling Xi was currently in the midst of comprehending her second set of Heavenly Rules Spiritualism, so once she succeeded, she would very quickly step into the ranks of the strong within the divine realms. With her speed, she was actually very terrifying, this was an inheritance from the Sphinx, and it was as if she had given her all to Ling Xi. Given how Ling Xi was able to comprehend a type of Heavenly Code Spiritualism, it was very likely that she would surpass Su Yan and become a Divine Emperor within a hundred years.

Perhaps, in the later stages of the game, it would be difficult for Long Chen to catch up to her.

This was her own fate, and also her own good fortune!

"Di Yao", this Daughter of the Divine Emperor, repeatedly challenged her own limits. Long Chen had known that she was disgusting from the start, she had been better in the middle. Now that she had recovered her personality, she was even more disgusting. Long Chen was already considering if he could kill the Three God Kings this time around, or if he should also kill her ...

In any case, the hatred between him and the Primordial Gods had already reached the level of not giving up until one party died.

After leaving the ancient starry sky of the Origin Dragon Palace and concealing the marks he had left behind, Long Chen swiftly rushed to his battlefield. After leaving the Eastern Star Region for a period of time, he revealed a trace of himself and shouted loudly, "Put them down, I'll wait for you here."

Di Yao was about to get rid of ten thousand people, but hearing Long Chen's voice, she laughed mockingly. She understood Long Chen, this was his hometown, and unless he was completely relieved, she would not easily leave, so it was as expected. This little threat of his had only killed a trivial ant, and it had lured him out.

"Let's go back!"

Di Yao coldly smiled and waved her hand. Tens of millions of Sword Soul Imperial Palace disciples rushed towards the Heavenly Sword Soul Mountain, it was hard for them to even stabilize at such a high altitude. Although they had a certain level of cultivation and were fine, they were still covered in cold sweat from fear.

"Long Chen has appeared!"

"It's him, he saved us again!"

"That despicable and shameless Daughter of the Divine Emperor, who once swore a venomous oath, has now attacked us once again without even this bit of trust. Sooner or later, Primordial Gods will die!"

Each and every one of his curses expressed the rage in their hearts.

Fortunately, Long Chen had returned. Previously, due to the return of the three God Kings, the living creatures had become nervous and worried, but after hearing Long Chen's voice, they were finally relieved, but they knew that the new God Battle Horse was about to start! Last time, Long Chen had forcefully killed the Infernal King. But this time, would he still be able to take care of this strongest Divine King?

As for what Long Chen had said, it was clear that the three Divine Kings, in order to force Long Chen to reveal himself, had once again sneakily attacked the people. Such a despicable action was too shameless. A person who could even disregard the oath he made, regardless of whether they were gods or not, would be looked down upon in terms of personality.

On this Dragon Sacrifice Continent, there were curses directed at the Primordial Gods everywhere. Back then, when the Primordial Gods returned, they were pleasantly surprised and cheered, as these gods could only appear in legends. But now, they realized that these gods were even more disgusting than they imagined.

But no matter what, the fate of the Dragon Sacrifice Continent will be determined in the next battle!

All the living beings silently prayed for Long Chen in their hearts.

This was their wish!

Wishing was one of Long Chen's powers!

Long Chen was equally furious this time. Although it was not as intense as the last time he was with the Infernal King, this battle was even more crucial. As long as he killed another Divine King, he might be able to rise to a new level.

That way, he would be able to explore the Origin Dragon Palace with ease and chase away the Primordial Gods until the Divine Emperor returns with his extremely strong Divine Kings. At that time, perhaps Long Chen would have already found a way to solve this problem.

He rushed up into the starry sky, and waited for them on the battlefield.

Above his head was the Everlasting Skystone, which was covered with boundless light. The treasures of the Eternity were terrifying. They were capable of changing the entire world.

This was something that Di Jun had, nobody could take it away from him.

The three Divine Kings and Di Yao streaked across the sky in a shiny trajectory, instantly appearing ten kilometers away from Long Chen. They confronted Long Chen, and after some time of recuperation, Mo Xiaolang and Di Yao were more or less recovered.

The Dark Desolate God King was wearing a dark green battle armor and standing in the middle. His Emperor's will was suppressing the world and making all things submit. This was a natural disposition that belonged to a king.

His eyes were cold and detached, sizing up Long Chen from head to toe. If not for the two Divine Kings clearly describing him, he wouldn't have believed that Long Chen would be able to do such a thing!

One had to know that two years ago, he could only rely on seizing Di Yao to escape into the Destiny Heavenly Palace.

But Long Chen was looking at Di Yao.

This white-haired enchanting woman was currently looking at Long Chen with passionate eyes. She laughed tenderly: "The last time we left was too sudden, so I didn't have the time to tell you. That's right, the one who sent the Infernal King to kill Ling Xi was me. As for why are you developing to such a state, you can only blame yourself for being untactful. Long Chen, the fate of you and everyone around you in the end will inevitably be very tragic.

Seeing her high and mighty pride, Long Chen was actually already very calm. He said indifferently: "It's a pity that you didn't succeed, and also, don't even mention you're a Daughter of the Divine Emperor, what princess. In my heart, you can't even compare to a single hair on Ling Xi's head. Get lost, battle has no eyes, if I accidentally kill you, I'm afraid that Divine Emperor Di Jun will personally chase me down! "

Each and every one of his words stung the heart.

Di Yao was originally very pleased with herself, but after hearing all that, her eyes turned red. She clenched her fists and stared at Long Chen angrily, her eyes filled with killing intent.

"Princess, don't waste anymore time." He signaled to the Divine King of Light with his eyes, he couldn't let Long Chen kidnap Di Yao anymore, so he had to protect her first, and let the Divine King of Light bring her into the God Kingdom.

"Long Chen, we have cut off all ties a long time ago. "Let me tell you, one day, you will kneel in front of me and beg me to forgive you!"

Di Yao scolded, unwilling to give up.

"One day, there will be someone who should kill you, someone who will kill you." Long Chen replied. This was Ling Xi's wish, if he did not make a move, it would be an opportunity for Ling Xi to take revenge.

After hearing this, Di Yao let the Divine King of Light take him away.

The remaining three Celestial Kings!

"Leave your old opponent, Long Chen to me!"

With the demeanor of a leader, the Dark Desolate God King coldly said one sentence and took the lead, directly rushing towards Long Chen. It was decisive and direct, its tall and sturdy body had the pressure of a mountain, and although its body hadn't changed, in Long Chen's eyes, the Ink Kylin had already become thirty thousand feet tall!

"As expected, his strength alone is a level higher than the Infernal King's. it is obviously getting closer to the Perfection. "

Although Long Chen wasn't very confident, it still couldn't stop his fighting spirit from erupting! The final battle! How could he retreat! These trillions of lives were all waiting for him!

"Be careful, if anything happens, listen to my orders." Long Chen said to Mo Xiaolang and Su Yan.

This battle was incomparable to the previous one.

If it was the last battle, Long Chen had a seventy percent chance of winning. However, this time around, his chances of winning were only around forty percent and not even fifty percent.

"Yes."

In Mo Xiaolang and Su Yan's eyes, there was similarly only hatred, not fear.

Right at this moment, a ray of light flashed by the Eternal Rest's side, and a powerful aura descended, interrupting the confrontation between Long Chen and the God King. The six experts raised their heads to look at the sky, but discovered that a small dot had actually appeared beside the Eternal Rocks.

"Someone's coming!"

Long Chen was shocked!

In the past millions of years, no one had discovered this corner of the Dragon Sacrifice Continent, and no one had been willing to send any gods into this broken world. But at this moment, the greatest possibility was that the Divine Emperor's Di Jun and his subordinates were here!

If that was the case, then Long Chen's entire life would definitely be over. Not only would he be done for, all the Dragon Fighter in the God Nation would also be done for!

Divine Emperor Emperor Jun, ever since he had ascended to the Immortal God Region, the name of this Eternal Divine Emperor had always been like a thunderclap piercing one's ears. This Myriad Sector lord Slaughter had always been terrifying to the extreme.

Therefore, even Mo Xiaolang and Su Yan were stunned in shock for a moment.

However, Long Chen quickly noticed one detail, and that was after seeing this little dot, the three Divine Kings' faces were filled with suspicion. There was simply nothing like the respect they should show when Di Jun descended, and if Di Jun descended at this moment, then there was no need to descend earlier right?

"It's not Di Jun!"

Long Chen immediately determined and told the others.

"Who could it be that came here?"

Presumably, the three Godkings were equally puzzled by this question.

The divine ship was heading towards them, and it was an extremely beautiful divine ship. The majority of it was white, like a palace walking in the starry sky, magnificent and magnificent, it was the creation god artifact of the Genesis!

Basically, all the Gods who possessed a God Creation Divine Weapon with the Genesis were all above the level of a Divine King.

Clearly, a Celestial King had arrived!

God King Mo Huang said coldly, "Who are you? Why have you come to my Dragon Sacrifice Continent? If you are not friends, then please leave as soon as possible! "

As expected, they were not their people.

It was the 'Exotic God King'.

Speaking of which, it was laughable. He didn't think that the Exotic God King would actually appear, and at such a time at that.

This is the troublemaker.

Chapter 2729 - Immortal God Clan

The moment the God King's voice fell, the God Battle Ship was immediately withdrawn. The person who appeared in front of Long Chen and the others was not one person, but two.

In the ten thousand worlds, running into two Godkings together was truly not an easy thing.

These two Exotic God King s gave Long Chen a very strange feeling.

That is, they have no gender, no distinction between men and women.

The two Divine Kings in front of him had black hair and black pupils, which were not far from the human race in Dragon Sacrifice Continent. However, they couldn't tell if they were a man or a woman. After all, even ants had a gender, much less the Godking.

But neither of them did.

In fact, even their appearances were completely the same. There wasn't the slightest difference between the two, and it was impossible to determine who was who.

Long black hair, a slender body, slender fingers, handsome and enchanting.

They even wore strange smiles on their faces. Even the corners of their mouths were the same.

But it was undeniable that they were very powerful.

The rules they practiced should be the same. However, there was a slight difference between the two. This was a rule that could not be explored, and it made them even more strange. Before they displayed their true strength, Long Chen was still unable to ascertain what exactly they were good at. However, he had a feeling that these two would be very difficult to deal with, and that he at least mustn't rashly provoke them.

At this time, among the two Exotic God King s, the one on the left spoke with a voice that was filled with magnetism, but one could not tell the difference between the sexes: "Are you two fighting each other? I'm sorry to bother you guys, but we'll come back when the outcome of the battle is decided. "

After speaking, they turned and prepared to leave.

Judging from their unmoved attitude towards the six of them, they were not afraid of the six of them, it was obvious that they needed to rely on themselves for this, so Long Chen used this method to determine that they were definitely not simple people.

However, the Divine Kings did not want them to leave.

Starry Skies Divine King said in a deep voice, "Since you have come, let's explain your background and goal. If you want to leave, it won't be that easy. "

"Is that so?" Hearing that, the two Exotic God King s turned around. They still maintained their strange smiles, their expressions not changing at all.

"Origin and purpose?"

They smiled as they looked at each other, and then the one on the right said, "As for us, we come from the extreme north of the Myriad Realms, and you must have heard of us. There are many legends in the Myriad Realms, and we come from the 'Sacrifice Great World'."

When they said the last five words, they were indeed very proud and proud.

Of course, it was impossible for Long Chen to have heard of it, but this was the Dragon Sacrificial World, and the other party was the Great World God Sacrifice.

But the three of them looked at each other, and God King Mo Huang said: "I've never heard of it before, is it very famous? Are all the people on your side neither men nor women? "

Hearing that, the two Exotic God King s were not angry at all. Their smiles never stopped, and the one on the left said, "Gender, is only the desire of ignorance. We, True Gods, do not need gender. Even

though all of you have become Deities, you are merely a mortal god. There is no difference between you and a mortal spirit. "

Long Chen was stunned. If they didn't have sex, that would be fine. He didn't dare to imagine how these guys lived their lives. If they were to interrupt like this, something would have definitely gone wrong with the battle that should have been going on.

The Exotic God King on the right said: "It's normal that I never heard of him, we are too far away from here. My name is Shen Yang and his name is Shen Qiong. We are the eternal god race of the God Sacrificial World. You've never heard of it before, but from now on, you'll remember it well. "

"Immortal God Clan?"

The three Godkings exchanged glances. If it weren't for the fact that the other side was quite strong and had interrupted them, they would have long ago been driven away. Right now, the three Celestial Kings were probably having a headache. Just how were they supposed to chase these two away?

Shen Qiong, Shen Yang.

Shen Qiong said, "That's right. The Immortal God Clan, our Immortal God Clan, has a total of eight Divine Emperor. Its name shook the extreme north. This trip between the two of us through the Endless World just happened to pass by and was attracted here. "

Shen Yang smiled and said, "What is the name of this world? The world was clearly on the verge of collapse, yet there was actually such a treasure suppressing the entire world, causing the entire place to stabilize. If it wasn't for that, the arrival of a Celestial King would have probably shattered the world. This should be the Eternal Light Stone from the 'Eternity'. I really didn't expect that we would actually be so lucky to actually be able to find this Eternal Light Stone in the corner of this Myriad Realms. "

They had actually been attracted by the Everlasting Stone.

However, the thing that shocked Long Chen the most was that the Immortal God Clan of the God Sacrifice Realm actually had eight Divine Emperor s. After all, the dragon sacrifice's gods and two Demon Divine Emperor s only had three Divine Emperor s.

If the eight Divine Emperor s descended upon the Dragon Sacrifice Continent, then it would be unimaginable.

The myriad worlds were vast and filled with countless experts. It was truly terrifying.

Clearly, the faces of the three Celestial Kings had changed. They had realized that they had attracted a terrifying opponent. A world with eight Divine Emperor s was considered pretty good in all ten thousand worlds. Coincidentally, their Taihao Region was very far from the world of the God's Sacrifice Realm, so they had never heard of it.

The Dark Desolate God King was still relatively calm as he asked, "What are you planning to do?"

Shen Yang looked at this place, then looked at the Eternal Light Stone, and said: "We need at least the Divine Emperor to control such a treasure with Eternity, so in your world, there should be a Divine Emperor. We would like to negotiate with him, and are willing to pay a certain price for revenge in exchange for the Eternal Light Stone. "Since we've discovered the Everlasting Stone, we shall first come down and say hello to everyone."

From his tone, it seemed as if this Everlasting Stone was already in his possession.

Perhaps this was the attitude of the Immortal God Clan in the Ten Thousand Worlds and everything they saw belonged to them. Even if they only had two people now, they were speaking to the Divine King and the others with absolute contempt. This feeling of superiority was not something that an ordinary race could possess. They had eight Divine Emperor s, so they naturally had the right to do so. However, the dragon sacrifice beings led by Di Jun were no ordinary characters either!

To Long Chen, it was precisely the Eternal Light Stone that he needed to stabilize her Dragon Sacrifice Continent and prevent it from being destroyed. Thus, he had stood on the opposite side of the Immortal God Tribe. Of course, he should now wait and see what happens.

"Impossible." Indeed, at this time, the Dark Desolate God King rejected them decisively, saying, "The Everlasting Skystone is extremely important to us, and we need it to maintain the stability of this world. Our Divine Emperor will definitely not use the Everlasting Stone to exchange for it with you. You can go."
"

Shen Qiong and Shen Yang seemed to have guessed that this would happen. They chuckled and glanced at each other, and one of them said: "It's nothing, it's just a small matter, I'm just afraid that I'll have to trouble the eight of us Divine Emperor s to personally make a trip here, this place is truly hard to find. We'll just wait here for them to come over.

The myriad worlds were vast and limitless, it wasn't easy to find the Dragon Sacrifice Continent s, unless someone was leading the way. Furthermore, these two Divine Kings were so far away from their world, so it would be troublesome if they could send the message back.

"Are the two of you forcing us to take action?"

If they were to kill them, it would take a few more years for the other party to arrive and complete the Dragon Sacrifice Continent's mission. At that time, they would leave and go back to the Taihao Region, it would be weird if the Immortal God Realm still could find them!

Hearing the decision of the God King Mo Huang, Shen Yang and Shen Qiong Yao sighed and said, "You two are really too untactful. It's possible that it's because you two are too far away from the world of the God Sacrifice Realm, and out of the several hundred worlds that are located near us, they have never dared to not stop with our requests, even if it's the world with the Divine Emperor s. "Sigh, looks like I have to make my move again."

In his eyes, the beings of dragon sacrifice were already crazy enough and arrogant enough. He never thought that today, he would meet the Immortal God Clan and be even more arrogant than them! He was even more arrogant. Receiving such treatment could be considered retribution, but it also proved that there was still a higher mountain!

God King Mo Huang stared at Long Chen and said, "What do you decide? The enmity between you and me is only a personal enmity, we need to protect this broken world just like you. The moment the Everlasting Stone is taken away, the Dragon Sacrifice Continent will inevitably collapse, and the lives of trillions of lives will perish. If you kill these two, in the future, when the Divine Emperor arrives, it will at least take a very long time to settle.

He wanted to ally with Long Chen, get rid of them, and then fight with them.

Long Chen thought, "Wait until Di Jun arrives and after he finishes what he wants, with the personality of the dragon sacrifice Gods, they might not stay here any longer. At that time, they might even take the Everlasting Stone and leave the place, it has nothing to do with me at all.

Thinking about this, he shook his head and said, "This has nothing to do with me. You guys can settle your own matters. "

After he finished speaking, he retreated and let them go to battle. They had fought to the point where both sides had suffered heavy injuries. He had picked up an advantage, since the battles between the three factions were already very troublesome to deal with.

Obviously, when Long Chen retreated, they could not fight.

Suddenly, he turned to Shen Yang and said: "Then let's make a deal. We'll work together to eliminate these three first, and then slowly discuss what to do next. First, we'll tell Divine Emperor about your request, and then we'll wait for our Divine Emperor's decision."

Shen Yang and Shen Qiong looked at each other and started laughing loudly.

"You mortals are good at being rebellious, but we, the Immortal God Clan, have never been able to do that."

Chapter 2730 - Successor of the Dragon

With such conditions, the Dark Desolate God King thought that the Immortal God Clan would care about their reputation for the sake of big matters. He never expected them to look down on them. It was obvious that they did not put the King and the others in their eyes at all.

Divine Kings could not help but be angry. With the smiles on the faces of the Immortal God Clan's people, anyone who saw them would want to beat them up.

But, there was also Long Chen and the others.

Normally, under the circumstances of three parties, the first battle between any two parties would result in a battle between the jellyfish and the clam, resulting in a victorious outcome. The Dark Desolate God King obviously didn't want Long Chen to take this benefit away from him, so even if he was despised by the Immortal God Clan, he had no other choice. Initially, they were about to injure Long Chen, but these two Immortal God Clan members were attracted by the Eternal Harstones, so they could only blame their bad luck.

For a moment, the three sides looked at each other. None of them could come up with a good idea.

Shen Yang the Immortal God Clan laughed and said, "You guys go ahead and fight, we won't obstruct you guys. We will stay here and wait for the arrival of us eight Divine Emperors. Eight Divine Emperors, even if you have the eternal Haoyue to protect you, when they descend, your fragile world will collapse as well! "

After speaking, they actually wanted to leave.

If God King Mo Huang and Long Chen could stop them, it would be a huge battle. Once they started to fight, it was likely that they would not care about all the living beings. Therefore, their arrival not only gave the Divine King a headache, it also exceeded Long Chen's control. It was even more impossible for him to explore the Origin Dragon Palace.

Secondly, he was worried that he wouldn't be able to come out from the Origin Dragon Palace. If there were heavy casualties in the outside world, that would be a huge sin on Long Chen's part. After all, he couldn't let the people of the Dragon Sacrifice Continent enter his own Divine Kingdom.

The two Immortals landed in the Immortal God Domain.

Although he had a deep grudge with Long Chen, right now, it seems that these two Immortal God Clans are also a huge source of trouble. Not only does the Divine King Mo Huang inform Di Yao to contact the Divine Emperor Di Jun, he also said to Long Chen: "Let's temporarily stop the battle and keep an eye on the two of them. I have said it before, the most you and my Primordial Gods can be considered as a private grudge.

Actually, compared to the dragon sacrifice and the other Gods, Long Chen was more afraid of the Immortal God Clan. Honestly speaking, the Divine King was right.

But he couldn't be so hasty.

"Let's just watch for a while first. Since these two dare to look down on you, they naturally have their own methods."

Long Chen was unable to continue fighting today, but he was temporarily unable to enter the Origin Dragon Palace. Thus, Long Chen fell into the Immortal God Realm and returned to the Dragon Slayer City to discuss with the various Dragon Emperor.

Maybe you have to figure out the secret of the Origin Dragon Palace as soon as possible during this period of time, and during this period of time, you can't leave any hidden dangers in the Dragon Sacrifice Continent. So your final goal is to have God King Muhuang and the other two, as well as the two Immortal God Clans from the Divine Sacrificial World, leave, or even die! "" En! The Dragon Emperor could see it clearly.

This was Long Chen's final goal.

Long Chen thought for a while, then said: "The Immortal God Clan is too arrogant, they completely do not put us in their eyes, and are unable to join hands with us. However, they have already informed their eight great Divine Emperor of the World of Sacrifice of Eternal Rocks. If they were to die here, at that time, if Divine Emperor Di Jun has already left, their main goal would still be the Eternal Razor, but they could also vent their anger and destroy the Dragon Sacrifice Continent. "

"However, if I don't kill them, I will continue to live. Then, before the arrival of the Divine Emperor's Emperor Jun, I won't even have a clear understanding of the Dragon Palace's origin. Although I can choose to escape now, exposing the Dragon Sacrifice Continent to the two divine systems might become their battlefield, and that won't do any better."

After careful analysis, Long Chen realized that both of them were extremely difficult.

The descent of the Immortal God Tribe brought him a huge dilemma.

"In the final analysis, it's because we are too weak that under the attacks of these two gods, we can be smashed to smithereens at any time! This is our home! "

No matter who it was, they would never be able to see their home perish like this. Even if Long Chen could escape right now, fleeing like the Primordial Gods in the past, abandoning his homeland, he would never be able to do it. This place even held all of his dreams and dreams.

"Right, there's still them silently protecting us!"

Black Dragon, White Dragon, the guardian of the Incantation, at most, she could even transfer all of the life forms of the Dragon Sacrifice Continent to the Star of Destiny. At least, the Star of Destiny was incomparably sturdy, and as long as he could become strong, there was a way to do it.

Last time, when Long Chen was strong, he fought a war in the Star of Destiny. He succeeded in killing the Infernal King and took revenge.

This time, the chance for me to become strong should be at the Origin Dragon Palace, and I should be able to go in no matter what price I have to pay, even if I have to kill the Immortal God Clan, and bear the risk of being annihilated by the Immortal God Clan. But I will not wait for the arrival of the Divine Emperor Emperor, and let him imprison me, I will never be able to rise again, I will be suppressed by them forever. When the Divine Emperor completes their mission, find what they want, and leave this place, at that time, the Dragon Sacrifice Continent will possibly become the place where the Immortal God Clan can vent their anger.

After going through the analysis of the Dragon Emperor s, Long Chen finally had a set goal.

That's right, kill the Immortal God Clan and fight the three god kings!

The Dragon Emperor supported his actions.

There seems to be no path in front of us right now, but I believe that it will naturally be a straight path to reach the top of the bridge. Moreover, there will definitely be some existences that will protect us from the shadows, Chen Er, someone told you to go to the Origin Dragon Palace to meet your father, so you must definitely go. As long as you meet him, I believe that he will definitely point you to a path! "

"Yes, father!"

Long Chen's heart was deeply shaken.

Yang You was right, he couldn't be too afraid. He had to be brave enough to protect her. The Dragon Sacrifice Continent was too weak, the living creatures were too weak. If it wasn't for the return of the gods, perhaps this world wouldn't have been involved in the war for tens of thousands of worlds and wouldn't have been discovered by the Immortal God Tribe. If it wasn't for the return of the gods, perhaps this world wouldn't have been involved in the war for tens of thousands of worlds and wouldn't have been discovered by the Immortal God Clan.

It could not be denied that Long Chen was the protector of this world, he was responsible for the protection of the dragon sacrifice, he had to protect his home and inheritance, and any decision he made would affect the lives of trillions of people!

Currently, millions of Dragon Fighter were watching him.

The Dragon Sacrifice Continent was experiencing a terrifying crisis that had lasted for tens of thousands of years.

He was chosen by fate and quickly rose to prominence.

And now, he had become the pillar. Everyone was waiting for him, waiting for him. In the face of danger, their eyes filled with tears, but they did not yield!

Long Chen raised his hand and said one word: "Fight!"

It was his decision.

The Dragon Fighter started cheering!

They were the last inheritances of the Divine Dragon! The last successor of the dragon! Successor, Guardian! There were so many lives here, Long Chen had seen their fires of destiny, and he loved every single one of them! At the moment, regardless of whether they were evil or kind, powerful or weak, all living beings only had one identity. They were the last people to survive before the end of the world!

Their ancestors had all been born in this world, their bloodline was all here, and even their roots were here. This was a place dyed in blood, how could they allow others to wantonly destroy this land?

"Everyone, after walking through this darkness, no matter what price I have to pay, I will definitely lead everyone here and find our own dawn. I hope that one day, we will be able to restore the glory we had before the era! At the very least, we cannot allow anyone to humiliate us or look down on us! This is the dream in my heart! "I will definitely finish it!"

His blood boiled!

At this moment, the five kind of Ancestral Dragon inheritances were boiling, they could feel Long Chen's current heroic spirit!

That's right, kill!

Since they had already discussed this, Long Chen decided to set off immediately. He brought Mo Xiaolang and Su Yan to search for the Immortal God Clan and the God King Mo Huang in the Immortal God Region. The God King and the others were still monitoring the Immortal God Clan.

"What is this strange thing?"

Right now, the two living gods were on top of the Black Jade Dragon's head. They tried to attack it a few times, but they couldn't break the Black Jade Dragon's head. This made them very interested, and they tried many times in succession.

"There's no other way. It's really strange, it must be some great treasure. When the Divine Emperor arrives, I must tell them about this place."

Shen Yang and Shen Qiong continued to head east. If things continued like this, they would probably go to the Divine Dragon's Origin.

"Demonic beasts, you should have informed your Divine Emperor. What is your Divine Emperor's decision?" Shen Qiong looked to the west at the clouds, and said while smiling.

The demonic beast he was referring to was, of course, the Dark Desolate Divine King.

When the three of them came out from the clouds, their faces were ashen. God King Mo Huang said, "The Everlasting Stone is not simple, our Divine Emperor knows about the Great Sacrifice Realm, do you know what he said?"

Shen Yang smiled and said: "I'm very curious."

"He said that even if the eight of you Divine Emperor joined hands, you would still die in front of him!"

This was the first time Shen Yang and Shen Qiong were stunned. After a long while, they finally laughed out loud, laughed till they fell backwards and forwards, and said in the end: "Does this mean that you have prepared to fight a great battle with us!"

At this moment, they were on top of a Shencheng in the east.

When Shen Yang said this, she pushed downwards, and the Shencheng below immediately collapsed, and hundreds of thousands of people died in an instant!
