

War God 2741

Chapter 2741 - Bloodstained Dragon Attendant

Finally, Su Yan gasped for breath. Coming out from the Illusory Dimension, she was in a slightly sorry state and also injured a little. If Long Chen could use his fire of life, he could recover it in an instant.

"What did you encounter?" Long Chen asked.

He didn't need to inform Mo Xiaolang because when Mo Xiaolang saw the golden door open, he knew that Su Yan had passed and he would be at ease.

"Him." Su Yan furiously looked at Starry Skies Divine King and said: "I defeated him."

"That's great."

Long Chen could not help but laugh.

It seemed that Mo Xiaolang's opponent would be the Divine King of Light.

"What's there to be proud of? I've torn you to pieces too." The Starry Skies Divine King said grumpily.

At this time, Mo Xiaolang had already entered the hall and started his battle. Although he did not know the actual situation, Long Chen trusted him a lot, and before long, Mo Xiaolang passed the dragon horned woman's test and arrived at the new golden platform. There were a total of six strong warriors here, still three to three.

The golden platform began to move towards the next location.

The six of them split into two opposing sides.

"The Origin Dragon Palace is perhaps the place where the The Age of Dragons is currently located, there must be many strange treasures here. Before the era, it was no simple feat for the Divine Dragon Realm to be ranked first in the God Realm. The Divine Emperor clearly has a reason for letting us find this place. I thought it was a waste of time to come back here. " The Starry Sky Divine Dragon exclaimed as it looked at the divine dragons flying around it.

"Let's control this place first. When the Divine Emperor returns, we will naturally dig everything up. As for the Immortal God Clan, we don't need to be afraid at all. Once we return to the Taihao Region, there will be no more for them."

God King Mo Huang said.

As expected, they did not care about the life or death of the Dragon Sacrifice Continent at all. The reason they used the Eternal Rocks was to suppress the Dragon Sacrifice Continent so that they, the gods, could freely move about on it!

When they get what they want, they will of course immediately remove the Eternal Light Stone, and then, the Dragon Sacrifice Continent would probably not have a good ending.

It was very likely that it would collapse very quickly.

In fact, when the Immortal God Clan came here, whether or not this place would be destroyed would depend on their mood.

"Since that's the case, why are you all still putting on an act to curry favor with all these people? You don't have to care what they think of you. You are gods, anyway. " Su Yan hated them because they, too, had almost killed her sister and father.

Starry Skies Divine King laughed and said: "The reason is very simple. Since we came back so blatantly, if the other powers were to find out, they would definitely suspect what we are looking for. However, if it is with the excuse of us building our homeland, the other experts of the Ten Thousand Worlds would not even bother to pay attention. We have to act as if we are rebuilding our home so that we can hide it from others, don't we? Of course, this was originally our hometown, but it was ruined beyond recognition. The people here, or are really our descendants, are just too useless. "

Long Chen could roughly guess what it was like.

It was precisely because of this that he looked at Long Chen in a different light, and wanted to properly train Long Chen. If he really wanted to rebuild his home, then that would be completely reasonable.

"Just like this, none of you have the qualifications to call the Dragon Sacrifice Continent your homeland."

Long Chen said.

"Whether you have the qualifications or not is not up for you to decide."

"It's just that it's not right now."

Right now, his mission was to chase this group of locusts out of the Dragon Sacrifice Continent. His only hope lay in the Origin Dragon Palace!

They were about to argue, but at this time, another golden door appeared in the void, so all of them shut their mouths. There was no point in saying anything. They still wanted to see who could break through to the end!

The small golden door merged into the light barrier and opened, waiting for the adventurer to enter.

The trial this time would naturally be different from the last.

The three Divine Kings just happened to be there. The Dark Desolate Divine King was bold. He took over the golden door without a word and said, "The second trial, let me go first."

No one fought with him.

Judging from the previous tests, there was no point in starting from the beginning. After he went in, Long Chen and the rest still did not know what exactly happened, but they could confirm one thing, that this time, it was definitely not as simple as the last time.

The Dark Desolate God King went in without hesitation.

This time, it took even longer. After about three quarters of an hour, the small golden door finally opened again. This meant that the Dark Desolate God King had succeeded.

"As expected, he is still the most difficult Celestial King to deal with."

Seeing the Dark Desolate God King's success, Divine King of Light and Starry Skies Divine King were extremely excited. They laughed and said, "You guys have to be careful, I'll be going in first."

After he finished speaking, it was his turn.

Everyone continued to wait. The Dark Desolate God King had passed without a hitch, so the Starry Skies Divine King should be able to do the same, right?

Roughly half an hour had passed, and to be able to hold on for so long, the Starry Skies Divine King should be able to complete the mission, but right at that moment, a figure was ejected from the golden door, it was the bloodied Starry Skies Divine King!

From the moment he entered, he was in high spirits, to the moment he came out he was as miserable as a dog. His face was pale white as he turned around and shouted at Divine King of Light, probably to have Divine King of Light save him, but Divine King of Light was simply unable to do so, and in that instant, a gigantic golden mountain descended from the sky once again, suppressing Starry Skies Divine King's body, pressing him down onto the ground.

"What a pity. If I had been swallowed by the blood, I would have reached the Divine Lord realm."

Long Chen took a glance at his miserable state, and when he thought of his previous attitude, he could not help but laugh.

But if even the Starry Skies Divine King had failed, would Mo Xiaolang and Su Yan be able to pass?

If he didn't pass, wouldn't he die?

"Big brother!"

The three of them looked at each other, their eyes filled with worry.

It was the same for the Divine King of Light as well. He and the Starry Skies Divine King were actually pretty similar, each having their own merits. Even the Starry Skies Divine King at their peak condition would end up in such a miserable state.

Long Chen patted both of their shoulders. The current atmosphere was incomparably heavy, so Long Chen said to them: "Relax, I will go in early and tell you guys what you need to pay attention to. This is an advantage that they don't have."

As long as it wasn't unknown, it wouldn't be so troublesome.

"Yes."

With this, they temporarily felt more at ease.

The Divine King of Light mustered up his courage and finally embarked on his journey. Since he was here, in order to obtain the Origin Dragon Palace, he couldn't be timid.

After he entered, there was a new round of waiting. After all, no one knew what he had encountered.

"Even the Starry Skies Divine King failed, so he should be about right." Su Yan muttered.

However, he didn't expect that after an entire hour had passed, the golden door didn't seem to move at all. After a period of time, the golden door was reopened.

"He succeeded?"

The three of them were slightly surprised, because in terms of combat strength, there was not much difference between Divine King of Light and Starry Skies Divine King, moreover, Starry Skies Divine King had the Divine Dragon Bloodline.

Then, Long Chen's greatest advantage might not be there anymore.

But Long Chen had to go in at this time.

"There is no need to panic. I'm going in. "

Long Chen firmly said a few words to them before he strode through the small golden door. After passing through the small door, what came straight at him was thick killing intent, and it reminded Long Chen of a place in an instant.

"Death Realm!"

For example, Long Chen was currently floating here, and there was a blood colored fog floating everywhere. That was the Death Realm's death aura, and it was extremely dense. If one stayed here, it would be a kind of terrifying torture.

Of course, to Long Chen, this was a type of enjoyment.

It was time to show up.

"Whiz!"

A figure appeared in front of Long Chen.

It was difficult to see his face clearly. The only difference was that his robe was completely red, as if it was dyed red with blood, and through the hood, a pair of blood-red eyes could be seen. From the contours of his chin, Long Chen discovered that he was actually completely similar to himself.

Even the same?

If appearance was the same, then the difference in temperament was huge. Because Long Chen had inherited five types of inherited blood essences, he too had changed in terms of five different temperaments, but this fellow in front of him had a completely murderous aura, and fully displayed his cold-blooded ruthlessness. That bloodthirsty aura was simply like an Primordial Blood Dragon!

Dressed up like a Guardian of the Incantation, it fit the aura of an Primordial Blood Dragon. This made Long Chen's mind shake, and he blurted out: "You're the Primordial Blood Dragon's Dragon Servant!"

Even that dragon-horned woman from before was a dragon-servant of an Ancestral Dragon.

Long Chen now knew that the ninth Ancestral Dragon was compatible with the first stage of the ninth stage of dreamy grade. It was related to the 'Illusion' and 'Change'.

As for the eighth Ancestral Dragon, it was the Primordial Blood Spirit Dragon. Doesn't that mean that there's a possibility of meeting the dragon servant of the seventh Ancestral Dragon below?

There was no time for him to think any further.

The blood-robed dragon servant in front of him didn't care what he said, and had directly attacked. To Long Chen's surprise, the moment he attacked, he practically attacked with the Slaughter Dragon Seal!

That was Long Chen's first Ancestral Dragon rule, and also his first rule.

He was not as comprehensive as himself, but he had also proliferated to the peak, and his killing power was also extremely strong. It was clear that he did not inherit this rule, but was guided and learned this rule, so it was very possible that it was actually taught by the Primordial Blood Dragon!

Long Chen could not help but use the Slaughter Dragon Seal to deal with him.

When the two Slaughter Dragon Seal collided, the result was that Long Chen lost by a level, while the other party had a profound comprehension of the rules of slaughter like the ocean.

This allowed Long Chen to understand that this was not a simple battle. Just relying on the rules of killing, he might not be able to defeat his opponent, because these were the opponents that his opponent was most proficient in.

Someone had asked him to come to the Origin Dragon Palace to meet Long Qinglan.

Right now, the two people he was looking at could both be Dragon Attendants, so what about Long Qinglan? He is not just an Eternal Dragon Emperor? Or was it the God of the Beginnings?

Chapter 2742 - The Path to Life and Death

The Dragonhead Palace was filled with confusion.

Long Chen didn't know what was waiting for him in front of him.

What Long Chen needed to do was to quickly find a change in the Origin Dragon Palace and leave. This was because in three months, the Divine Emperor would descend, and it would not even be three months, he had to find a true solution as soon as possible.

At least for now, his future was still fraught with dangers!

He had roughly guessed the identity of his opponent, but even so, the opponent still ignored him and continued to fight him, even showing no mercy.

"Soul Refining Flame!"

The opponent's body was ignited with blood colored flames, becoming even more powerful, and started to fight with Long Chen even more violently!

Long Chen had also ignited his Divine Flames of Refinement. The advantage of fighting the Blood Cloaked Dragon Attendant was that he could see the rules that he was proficient in from others. It was precisely because of this that he was able to learn something that he had neglected in this battle.

For him, the benefits were still quite great.

So he was not in a hurry, even if it caused Mo Xiaolang and the others to be worried for a while, Long Chen was still in a stalemate. Although the opponent had used the slaughter rules better than, Long Chen did not think that he would lose to Yue Yang.

"Since it's a dragon servant, then perhaps you should recognize me. I have inherited the Archaic Blood Spirit Dragon's inherited blood essence."

He believed that since the dragon-horned woman from before had treated him with her true face and treated him with special treatment, the him before her should have been conscious.

However, after Long Chen said a few words, the other party still did not have any reaction. He was very clear that no matter what said, the other party would not reply.

So he continued to fight!

"Blood Spirit Spikes!"

He did not expect that the other party would even use Blood Spirit Spikes. Even though he was not using Divine Dragon Body s, he had performed it extremely meticulously, and although it was not as strong as Long Chen, the lethality was even greater. If Long Chen used Blood Spirit Spikes against him head on, he would definitely lose!

Since this person was possibly the Primordial Blood Spirit Dragon's Dragon Attendant, then it was likely that Mo Xiaolang and the others had met him as well. Long Chen was very clear on his strength, and if Mo Xiaolang and Su Yan wanted to pass this trial, it would be very suspenseful.

"Time Breaks!"

Long Chen used the peerless dragon slaying blade to forcefully resist the Blood Spirit Spikes. The peerless blade technique was one thing, but the stronger one was the rules of time, which made it possible for Long Chen to hit the blood-robed dragon servant, but he was also forced by the power of the Blood Spirit Spikes to throw the peerless dragon slaying blade in his hands out!

When Long Chen used the fire of life, his injuries were not serious, but he had successfully restricted the blood-robed dragon servant with the rules of time. The following steps were very simple, he then used the Karma King Sword to strike the blood-robed dragon servant and beat him back.

A single slaughter rule, although stronger, but with Long Chen coordinating with the other four rules, defeating him could be considered normal.

At this moment, the blood-robed dragon servant instantly transformed into a bloody mist, dissipating into the air. From his original position, a small golden door appeared.

"Success."

Long Chen was not overjoyed by this news, instead, he was even more confused. If he was conscious and knew his identity, why would he not speak to him, nor communicate with him? Or could it be said that he was actually not conscious? He was just a puppet?

Was the so-called Dragon Servant just a guess of his own?

After all, the Guardian of the Incantation would still tell him that he was a Dragon Servant.

He estimated the blood-robed dragon servant's strength and couldn't help but to worry for Mo Xiaolang and Su Yan. Right now, he could only go out and quickly tell them the situation.

Just as expected, when he stepped out, he saw that God King Mo Huang was slightly injured and Divine King of Light was relatively heavily injured. Furthermore, under this suppression, he was still unable to recuperate and could only continue.

If there were more tests for such an injury, he wouldn't be able to withstand it.

From the looks of the surroundings, this was the third golden platform. It was obvious that he would continue moving forward.

Seeing that Long Chen was unharmed and expressionless, the two of them spoke a little less.

Long Chen asked: "Did you fight with me again?"

Long Chen had already seen clearly during the battle whether the two Divine Kings' opponents were the blood-robed dragon servants. The blood-robed dragon servant's appearance was completely identical to his; it was simply the other him.

Judging from the expressions of these two Celestial Kings, his guess was correct.

In truth, the two of them understood themselves quite well. Since they could even pass through the Divine King of Light, they might not be unable to do it, but Long Chen was also worried that they would get heavily injured. After all, who knew how many more obstacles they would have to face after this?

This time, it was Su Yan who went first.

Mo Xiaolang wanted to let her know that he had Long Chen in front of her and him behind his, so that he could support him and give him this kind of security.

No one knew what would happen after they entered.

Su Yan mustered up her courage and said: "wolf cub, don't worry. I'll be waiting for you at the front."

After she finished speaking, she immediately entered the blood-colored world in a flash, and the connection between Long Chen and her was also severed.

The thing he didn't want to see the most was the scene of Su Yan being flung out of the golden door, then being suppressed by the golden mountain.

Time quietly passed, as if she could suddenly be eliminated at any moment. Long Chen could understand the torment she felt, but he was naturally concerned about Su Yan, and had also cared about Ling Xi in the past.

quarter of an hour, half of an hour

The outside was calm, but inside, there was bound to be an earth-shattering battle. Moreover, Su Yan was fighting alone, so her only advantage lay in knowing Long Chen's rules even more.

"Yan Er!"

For Long Chen and the others, ever since the awakening of the Primordial Demons, every step they took was soul-stirring. It was also the most soul-stirring process right now.

Before the results had appeared, every second was a form of torture to Mo Xiaolang.

And at that moment, just as he was about to tear the small golden door open, it suddenly opened.

Mo Xiaolang was stunned.

On the other side, Long Chen watched as Su Yan came out from the other side. She seemed to be especially tired, but what was rare was that her injuries were not serious and she would not suffer as much as the Divine King of Light. Although Mo Xiaolang was not at the realm of a Divine King yet, Long Chen was not worried about Mo Xiaolang.

When she arrived in front of Long Chen, she couldn't hold back two streams of tears and choked with sobs, "I thought I would never see you two again."

"I'm fine." Long Chen smiled slightly, and said: "Don't worry, as long as we are here, you won't be left all alone. The wolf cub has already entered. "

Su Yan nodded her head heavily, and now it was her turn to worry. Long Chen said: "Little Wolf has always performed miracles, and such a small matter won't be difficult for him."

In truth, Mo Xiaolang had already come out of the cave around the same time as Long Chen. Although he was a little tired, he was fine, and upon seeing Long Chen and Su Yan, he shook his head and laughed. "Fortunately I've seen you display this often, otherwise, it would really be troublesome."

He and Su Yan embraced each other. After this tribulation, Long Chen could understand this feeling.

After that, the golden platform continued to move forward.

Starry Skies Divine King was suppressed by the golden mountain, leaving him with only five people left. Furthermore, Divine King of Light was still heavily injured, if there was still a test, he would obviously be unable to pass.

The Divine Kings was not so confident now.

However, the Mo Huang Divine King's gaze remained calm and unaffected. He simply closed his eyes and refused to communicate with the others.

Now was the time to face the next test.

"From fantasy to death, the next step should be prehistoric. But what kind of Ancestral Dragon's Dragon Servant is the protector of the Incantation? The ancestral dragons that had never been seen before were devouring, dreaming, and prehistoric. Then came the origins and beginnings of the first and second place. Origin and Primeval should not be possible, so the Guardian of Incantation could be the Seventh Ancestral Dragon 'Primordial Era' right? After all, the devourer is not below the ninth rank, but after that, from the death of the eighth rank, which is an Primordial Blood Spirit Dragon, it should be time for the seventh rank prehistoric land. Could it be that the protector of the Incantation will appear here? "

The two people he had seen before, whether or not they were the Dragon Servants, would immediately be revealed.

If the guardians of the Incantation appeared next, it meant that they were the Dragon Guards. But the question was, why would the guardians of the Incantation appear here?

If that wasn't the case, but also had something to do with the prehistoric era, it meant that the two people from before weren't the Dragon Servants, but just happened to be at the ninth rank.

Sure enough, they finally saw the next door.

It was time for the answer to be revealed.

This time, the Dark Desolate God King did not fight again with the vanguard. Perhaps he knew that from the previous two tests, the third test was nearing his limit, and he might need more time to prepare before passing!

But at this time, Divine King of Light stood up and said: "I'll go first! I won't be able to persevere anyway. Mo Huang, I'll leave everything to you. Let me see if I can give you some hints. "

They hadn't thought that this would be the situation after they had entered the Dragon Palace.

"If you can rush over, then just give it your all. Otherwise, when the time comes, Divine Emperor will come to save you."

God King Mo Huang said.

He did not believe that being suppressed by the golden mountain was death.

"Alright."

Divine King of Light did not speak further, and stepped into the golden door.

From the way the God King Mo Huang said it, they probably thought that victory was in their grasp. Even if they did not break into the Origin Dragon Palace, they would have obtained everything here if the Divine Emperor Emperor Jun came. As for Long Chen, although he was powerful, it was impossible for him to fight against the entire God System.

In the blink of an eye, Divine King of Light shot out from the golden door. His body was dyed in blood and he had lost his consciousness.

Chapter 2743 - Green Robed Man

From Shen Qiong to Starry Skies Divine King, then to the seven Divine King level characters that had entered the Divine King of Light, a total of three of them were currently being suppressed by the terrifying golden mountain, their bodies covered in blood and they had completely lost contact with it. It was unknown whether he was dead or alive.

There were only four people left.

Although everyone was fine for the time being, this didn't mean that nothing would happen to Mo Xiaolang and Su Yan next. At least, the two fellows in front of them who were similar to Dragon Servants had already reached their limits.

Seeing how the Divine King of Light was in such a miserable state, everyone could not help but take in a breath of cold air.

The third golden door!

What was hidden inside? Could it be the guardian of the Incantation? Back then, the guardian of the Incantation was the Perfection God King, so what kind of power did he use now? If it wasn't him, who else would it be?

For a moment, the four within the golden barrier quieted down.

The Dark Desolate God King turned ashen, because he was the only one left on his side. Even the other Gods were in the Divine King of Light's Divine Kingdom, and they did not know if they were dead or alive, but for the time being, they had not made any movements, so they should still be alive.

His greatest limitation should be the trial in front of him, so he suddenly said, "According to the rules here, as long as there is one person who is still at his original location, then he will not go to the next place. In any case, I'm not going to leave, so feel free to do whatever you want."

He wanted to stall for time and wait for the arrival of the Divine Emperor's Emperor Jun. In any case, there was not much time left, and they had already told Di Jun the entrance to this place, allowing the Divine Emperor and other Perfection, as well as the Divine King of the polar state, to arrive.

Furthermore, amongst the Immortal God Clan, Shen Yang was already dead and she was being suppressed. The world of the God's Sacrifice Realm was extremely far from here and by the time their eight great Divine Emperor found this place, Di Jun would probably have already flipped through the entire Dragon Sacrifice Continent and wouldn't have to worry at all. Therefore, the Dark Desolate God King made a rational decision.

He was forcing Long Chen.

Because, Long Chen definitely could not continue to waste time like this.

If he waited until Di Jun returned, he really would not have any other way out. The fate of all the beings in Dragon Sacrifice Continent was in his hands.

"But the Primordial Dragon Palace won't allow you to stay here and buy time."

Long Chen's way of thinking was different from the Dark Desolate God King's.

He felt that he could delay, but Long Chen felt that this might not be the case. He could not delay like God King Mo Huang, even if he was worried about Mo Xiaolang and Su Yan.

"Brother, let's go!" Don't worry about us, we have to get through, don't we? Since he doesn't have the guts, it just so happens that we can make our way through the Origin Dragon Palace. "

Mo Xiaolang said firmly.

He also understood that the three of them didn't have any other option but to risk their lives.

"Big brother Long Chen, I'm not afraid!"

Su Yan was also very persistent, there was a kind of tenacious look in her eyes, which was a yearning for success and the future. It was also the same faith in the future of Dragon Sacrifice Continent as Long Chen!

"Alright!"

With so many people to fight side by side, even if they failed, so what?

In the face of destiny, there was only hot-bloodedness and bravery to fight! Long Chen bid farewell to Mo Xiaolang and Su Yan, coldly looked at the Dark Desolate God King, and taunted: "I originally respected you, but I didn't expect you to be a coward."

"Humph!"

The Dark God King insisted.

Long Chen had to make a very good demonstration for Mo Xiaolang and Su Yan so that they would have the courage to challenge him. Otherwise, if they were to fail, it would be very difficult for them to be confident, and it would not just be their own defeat, it would also the failure of the entire Dragon Sacrifice World!

That would disappoint countless people.

Moreover, he really wanted to see whether or not the next person up to now is the Incantation's Guardian. The two people from before, are also not the Dragon Servant.

Inside the small golden door.

This was an incredibly prosperous life world. It was very specific, there were even sun, moon and stars, mountains and trees beneath his feet, wind, rain, lightning and so on. All the elements of life were extremely clear in this place, and it was a world that was much more beautiful than the Dragon Sacrifice Continent, very much like the Divine Kingdom of Long Chen.

If it was the Guardian of the Incantation, representing the Great Desolate, then this would already be a dead silent world. Even if it wasn't the guardian of the Incantation, according to the previous Illusion, Slaughter order, the following should still be the 'Great Desolate', but here it seemed as if it had jumped to the fourth stage, 'Creation', which was the life that the Taiji Creature Dragon represented.

Life and Creation.

The third door was actually a fourth rank?

Were these small doors not ranked according to the ninth rank, or was there another reason?

Long Chen didn't have time to think about it further. Previously, he had thought that after entering, no matter what results he saw, he would have been able to confirm that the two before him were actually dragon servants.

The surroundings were filled with towering ancient trees, lush and verdant.

Of course, under the wide hood, there weren't many faces that could be seen. Unsurprisingly, this was a beautiful man, and his entire body was filled with a boundless life force, as if he was the core of the entire world. The sun, moon, rain, lightning, mountains, and trees were all within his body.

"The Edicts of Life?"

Long Chen became vigilant.

This fellow would most likely use the natural laws of the Ancestral Dragon.

The moment this thought appeared in his mind, he didn't expect it to be true.

Under the guidance of the laws of life, the sun in the sky actually split open and fell down from the sky, falling into his hands. It was a gigantic fireball of destruction, larger than the green-robed man's body by tens of thousands of times, stronger than the Sun Sacrifice Long Chen himself had!

As expected, he was proficient in many of the Taiji Creature Dragon's rules!

The Sun Sacrifice descended!

Long Chen looked up and saw that the entire sky was engulfed in a sea of fire. The surrounding temperature had risen to the limit, which allowed him to understand that this green-robed man was definitely stronger than the blood-robed dragon servant and was difficult to deal with.

"Fourteenth Fiendgod Formation!"

If Long Chen were to use the same sun sacrifice to fight him, he would simply be courting death.

"I really wonder how Little Wolf and the others are going to deal with such a powerful warrior!"

No wonder the Divine King of Light was thrown out in an instant. It could be seen from the size of this mere Sun Sacrifice!

Long Chen's strength was that he could transform into an Ancestral Dragon, and when the scale of the Sun Sacrifice arrived, he could transform into a Taiji Creature Dragon. With his 15 dragon heads as the foundation, he used the Life Dragon Head and set up 14 life arrays around him.

Transformation!

Now was the time to struggle against the power of conversion of the Fourteen Fiends Array and the destructive power of the Sun Sacrifice! However, the Sun Sacrifice was only a small part of the Taiji Creature Dragon's rules. Long Chen could use the simplest method to completely convert the power of the Sun Sacrifice into his own Sun Spirit Formation!

Reverse!

"Break!"

Under the immense pressure, Long Chen reversed almost all of his opponents' powers and blasted them back into the sky. All that could be seen was that at that moment, the huge and fiery sun, which was filled with destruction, was directly sent into the sky by Long Chen and was completely sent back to the green-robed man!

Long Chen had seen with his own eyes how countless of energy were destroying his body, but in reality, he was burning with a type of fire of life. No matter how much damage he received, he would almost instantly recover his divine body, which was truly an indestructible body!

Compared to Long Chen, he recovered even faster!

"Are you Life Dragon Attendants?"

Long Chen still tried to ask.

Sure enough, the opponent's eyes were wooden. He did not reply to Long Chen and continued to attack! In the Life Laws, there were many other powers that were perfectly displayed in his hands!

"From the dragon-horned woman in the dream world, to the guy who looks exactly like me in the slaughtering world, to the man whose rules of life are in front of me, they are all using the rules of the ancestral dragon, just like the guardians of the Incantation back then. They must be dragon servants, the origin dragon palace must have been passed down from a generation ago! "Then my father ..."

If they were Dragon Attendants, and Long Qinglan was also here, could he also be a Dragon Attendant? The Great Void Cosmic Dragon's Dragon Servant?

But, what about the God of Doom?

Long Chen had many conjectures that could shake his soul, but he could not confirm them either. He could only kill them bravely, he believed that the Origin Dragon Palace would not treat him unfairly.

RUU...!

And then, the green-robed man's wild attacks came. Fourteenth sacrifice - Astral Sacrifice! Flame Sacrifice! Windstorm Sacrifice! Thunderbolt Sacrifice! Every single time he used it, it was several times, or even ten times, stronger than the Fourteenth Sacrifice Long Chen used! Facing these simple attacks, Long Chen had to reveal her strongest rules!

"It seems that cultivating a single set of laws to the extreme will also be very terrifying, even if it's just Slaughter Dragon Seal and Fourteenth Sacrifice."

Long Chen had a new experience.

"Death Realm's Dragon Gate!"

He transformed into his Primordial Blood Spirit Dragon, absorbing all of the opponent's attacks into the Death Realm. He only had one chance to fight, to fight against an opponent who was proficient in all of the laws, to be honest, it was easy. Long Chen had already gained a lot from his battle with the Blood Cloaked Dragon Attendant!

He wasn't particularly good at the Edicts of Life, but in his battle with the green-robed man, he had improved very quickly, with many more understandings that he didn't know about before! Furthermore, Long Chen also urgently needed to pave the way and find the opponents' weaknesses so that Mo Xiaolang and Su Yan could pass through as well!

The other party had also not died, so this battle was destined to be a tragic one!

Chapter 2744 - The Source of Life

Fourteenth Sacrifice, Flame of Life, and Fourteenth Life Formation.

After seeing the green robed man use it, Long Chen finally understood his own inadequacies. Before he entered the Origin Dragon Palace, other than him, there were no other people in this world who could use the rules of the Ancestor Dragon. Thus, many of them were personally figured out by him, and he had never observed them like this before.

In addition, he excelled in the rules of slaughter and time, and his understanding of life, karma, and fate was still rather shallow. It had to be said that the battle with the green-robed man had brought him quite a bit of help!

He was indeed stalling for time, and was also trying to find a solution for Mo Xiaolang and Su Yan. Presumably, Mo Xiaolang and Su Yan were also especially worried.

However, in this battle, because he had observed the rules his opponent displayed, allowing him to completely understand the Fourteenth Sacrifice, Fourteenth Creature Spell, and Fire of Life, the power these three rules displayed was even more tyrannical, allowing Long Chen to rely entirely on the rules of life to almost be able to contend against his opponent.

That's right, the other party almost did not die, but Long Chen also had the Fire of Life, and it was the same!

"It's about time, even though it's very scary, the attacks of the little wolf and Yan Er are all related to devouring. They aren't even afraid that his indestructible body will be able to threaten his life. There's still a certain level of confidence. "

If not for the Forbidden Area of Fire and the black hole whirlpool, Long Chen reckoned that Mo Xiaolang and Su Yan would never be able to truly injure their opponent.

There was nothing else he could do to help them.

"Heaven's Eye!"

Long Chen planned to defeat his opponent at this time.

Every time he comprehended the new Heavenly Eye of Destiny, it was his key rule. At this moment, there was countless flames of fate burning in his left eye, as if there were trillions of lives hidden within it. The eyes of the trillions of lives hidden within it were fixed upon the green robed man, causing a rapid change.

The rules of destiny were a form of imprisonment from the gods to mortals!

It worked.

The green robed man stood still as he stared at Long Chen with those green eyes of his. His body was still burning with the flames of his life.

"Admit defeat!"

Long Chen held onto the blade in his hand. The peerless Dragon Slaying Sabre had never been good at the Time Laws of Attack, but now, it had become his must-kill weapon. It was extremely effective in breaking time, especially when used in the context of the Heaven's Eye.

Unparalleled Sword Scripture activated!

The power of the rupture of time was hidden within the black blade aura, it was the most terrifying power.

His calm gaze gave Long Chen a bad premonition, his intuition told him that this time, he should not be able to defeat his opponent, the green robed man definitely had other tricks up his sleeves!

What could that be?

Just when Long Chen's heart was shaken, he suddenly opened his mouth slightly. Between his green lips, there appeared a green gem, and perhaps that green gem emitted a glow like his tongue. Under the glow, Long Chen was unable to see clearly what it was.

However, just like the life fire burning all over his body, one could see that the green glow in his mouth was filled with the power of life. His boundless life force surpassed any of the three types, the Fourteenth Sacrifice, Fourteenth Creature Spell Formation, and Life Fire.

"This should be a type of Life Code that even I have yet to comprehend, and it's even from a Taiji Creature Dragon."

This thought suddenly flashed through Long Chen's mind!

That's right!

The serene, mysterious look on the face of the green-robed man truly did cause one to feel uneasy.

All of this happened in an instant, and the moment the green light appeared from his mouth, Long Chen felt as if he had entered a green tunnel, and in that instant, he felt as if he was surrounded by a whirlpool that was spinning extremely quickly, with huge undulations, and he and the beautiful green robed man were at different parts of the tunnel. In his slightly opened mouth, the green light was dazzling, surging, and even suppressing Long Chen from breaking time!

"The rules of life!"

Long Chen was absolutely sure.

And it was a terrifying law of life that surpassed his knowledge.

That green fluorescent light was like a source, the source of life. In the entire green tunnel, countless amounts of life energy were gathering towards this source, surging into this source.

Using this type of rule to break even Long Chen's Time Break and Heaven's Eyes could be considered terrifying enough. Of course, Long Chen hadn't used these two rules to their strongest state, so if he had used the Dragon Form, it would definitely not be so simple.

He finally felt the effects of these rules with his own eyes.

Life was the most important thing to any living being or divine being. If one lost life, they would die, and could even view life as a type of element. The more these elements in the body, the more vigorous the life force would be, and the more likely to be a divine being. And since Long Chen had the Fire of Life, he could make himself replenish this element anytime!

However, the life source that the green robed man spoke of was taking Long Chen's life right now!

It was a transfer, but it was also a seizure.

The most terrifying thing about this rule was that Long Chen could feel his own life being devoured, and in the end, it converged at the green source in that mouth. His life force was transformed into specific elements under this rule, and under this domineering devouring of the green robed man, it became less and less.

This was robbing Long Chen of his life!

Directly devouring the elements of life!

Taiji Creature Dragon was the dragon of life and creation, of which the Fourteenth Sacrifice and the Fourteenth Creator Formation belonged to the 'Creation Group'. What belonged to the true rules of life, was actually only the Flame of Life.

The terrifying laws which the green-robed man was using also belonged to the true laws of life. If one said that the fires of life were meant to awaken and give life to others, then the rules in front of him were a deprivation of life! It was a ruthless attack. To the Taiji Creature Dragon that was famous for their 'Creation', this kind of brutal attack was actually quite rare.

However, what the green-robed man displayed was a type of life deprivation.

Long Chen could see with his eyes that his own life force was slowly flowing towards that green source, and even the speed of his life force couldn't replenish it back. If it wasn't for the life flame constantly replenishing him, he reckoned that he would very quickly lose his life, and even if there was life fire, if he couldn't escape from this green tunnel, he would have definitely died!

"This guy is indeed frightening!"

Although Long Chen watched his life disappearing, he was still able to remain calm. Now, he was facing a choice, which was to turn into a dragon and resist, or to tear apart this green tunnel, or to struggle once!

Fighting for one's life was naturally a precious opportunity for the other side to use this rule. This must be the rule of the Ancestral Dragon, the Life Seal must exist in this kind of rule. Now that someone used it, it was a rare chance to stir up something, and if they missed this chance, they wouldn't have this shop.

In the future, he would face an even greater challenge!

Therefore, Long Chen decided to fight it out!

"Let's go all out!"

He gripped his fists and crazily ignited his fire of life, protecting himself and completely immersing his mind in the surrounding green tunnel, immersing himself in the green fluorescent source from the green robed man's mouth! He had to understand! As for how much he had to pay, that would depend on his own destiny.

Everything that would determine the future was within this Dragonbirth Palace.

If he did not fight with all his might now, when the Divine Emperor returns, and when the Immortal God Clan descended, he would not even have the chance to fight with his life on the line.

He gritted his teeth!

Every second was the loss of his life. This process brought about dizziness, dizziness, and the pain of losing his life, as if tens of thousands of years had passed in an instant.

But he persisted.

Since he had made the bet, he would not turn back. This was the time when he needed to believe in himself the most. He would lose everything if he were to worry about fear, and even die here.

Therefore, he had isolated himself from all the pain and discomfort, and tried to gain enlightenment of the true meaning of the natural law.

It took courage to make such a decision.

"This kind of rule devours my life, transferring my life to the source of his mouth. "In front of these rules, life is a type of element. Every living being has a certain amount of life within them. Once they lose their life, even gods would die."

"The key to this rule is to turn life into elements. It is to take them out of the other party's body and allow them to return to the origin. The Taiji Creature Dragon was the source of all life. "I guess that should be the case ..."

Long Chen had always been experiencing the changes in the rules, and had instead forgotten that he was already a person on the verge of death.

If this went on, he would die.

However, the more this happened, the more he became addicted to it. The power of laws was just like this.

There were many times when there was simply no way out for the future, so Long Chen could only do this and bravely advance.

He did not know when, but he had already come to understand the name of this type of law.

"The Origin of Life."

Correspondingly to the flame of life, fire itself is destructive, but it brings life, while the source of life is the source of life, yet it reclaims and deprives life.

This rule had an extremely strong will. The user was the creator, the creator of all life. Because of this, they had the right to reclaim life and return it to its source. Maybe it was like that in the The Age of Dragons, where Taiji Creature Dragon gave life to them and then took back their lives.

After occupying this highest point, Long Chen had thoroughly mastered it. If not for the green-robed man personally demonstrating and giving him such a good opportunity, who knows how long it would take for him to comprehend the life origin.

Thus, he had to thank the other party.

For example, at this moment, Long Chen's body was almost at the brink of losing his life, after a period of time, his life would probably be lost.

Almost at the last moment, Long Chen suddenly transformed into the Taiji Creature Dragon, with fourteen dragon heads encircling the life dragon head in the middle, wanting to take back the life!

The life dragon head of the Taiji Creature Dragon was the core of it. Although the fourteen dragon heads existed, they were still under the control of the living dragon heads.

Now that the Taiji Creature Dragon had appeared, it almost crushed the opponent's green tunnel.

The whirlpool expanded.

Of course, after his life disappeared, Long Chen had become extremely old, and he had even reached the end of his lifespan. To comprehend this type of rule, the price one had to pay was simply too great.

But luckily, his hard work and decisiveness had paid off. Now, he had grasped the law of the 'Source of Life'!

Attack!

Fourteen different colored dragon heads, including wind, rain, sun, moon, and mountains. The dragon heads of wind, lightning, and so on, they were incomparably beautiful. The star dragon heads had a dazzling light, but under the encirclement of all the dragon heads, the life dragon heads looked like they were descended by an emperor.

"The Origin of Life!"

However, Long Chen was the head of a life dragon, and in his dragon mouth, a green pearl also appeared. It erupted with boundless life energy, and this green pearl was the materialization of the laws of life!

The Taiji Creature Dragon was much larger than the green robed man had said!

At the moment, he was being polite, not caring about his own life. Long Chen's jade green eyes shone, and his fourteen dragon heads released waves after waves of berserk dragon roars.

The advantage of turning into an Ancestral Dragon was immediately displayed.

The life force that was supposed to be devoured towards the green robed man continuously rushed towards Long Chen. It was completely reversed, and was sucked back by Long Chen's life force.

Immediately after, was the life force that originally belonged to Long Chen in the green-robed man's life source!

Indeed, it was flowing backwards!

The green robed man frowned slightly. He was still resisting Long Chen and also urging his life origin to take Long Chen's life. However, this reversal already could not be avoided.

From this moment onwards, Long Chen's source of life became brighter and brighter, while the green-robed man's source of life became dimmer and dimmer. What he seized from Long Chen's body, he had to vomit all of it now!

Once this reversal was formed, unless the green robed man had a transformation as huge as Long Chen, he would be engulfed to death! Of course, there was a great deal of time to it, and the deprivation of the life source was not as violent as it seemed.

Of course, because the green-robed man was also proficient in the path of life, he was able to maintain a slight stalemate. If it were anyone else, the deprivation of life would have been even more brutal!

"You lost!"

Relying on his strong willpower, Long Chen completely suppressed the green-robed man, who gave up on using the Origin of Life to absorb, but the situation was already completely under Long Chen's control. It would be difficult for him to escape from this green tunnel!

If Long Chen had chosen to tear apart the green tunnel from the very beginning, he would definitely not be able to comprehend the rules of the Origin of Life now!

For now, the laws of the great Ancestral Dragons to reach the realm of Blood Devour, Time Break, Origin of Life, and Heaven's Eye were already quite frightening. These were all extremely mature rules, comparable to the rules of a high level Celestial King or even higher! If Long Chen had a stronger power, then it would be even more terrifying.

After all, all of them were unique!

RUU...!

The life force it absorbed was like a tempest!

Until the green-robed man's Origin of Life had dimmed, the Taiji Creature Dragon's Origin of Life had gained a glimmer of light, and all of the life that Long Chen had taken away now returned back to his body.

He could choose to continue to devour his opponent, robbing them of their life!

However, Long Chen believed that he was his Life Dragon Attendant, otherwise, he would not use the Ancestral Dragon Art, nor would he use the Ancestral Dragon Art that even he himself had not comprehended. It was definitely because he was an Ancestral Dragon's Dragon Attendant, that he was qualified to be bestowed with this kind of power.

Therefore, when he took back everything he had, Long Chen would of course choose to stop there.

Furthermore, he had to be extremely grateful to the other party for allowing him to comprehend the origin of life. This was a debt of gratitude!

The green robed man had difficulty reacting, as though he was already prepared to be killed, but Long Chen did not do so. Although he was currently in a sorry state, he was willing to admit defeat, he did not stay behind. With a casual wave of his hand, a small golden door appeared in front of Long Chen, which meant that Long Chen had already passed.

"My father is Long Qinglan. He is the Great Void Cosmic Dragon's Dragon Servant, right?" Before the green robed man left, Long Chen blocked in front of him and asked loudly and straightforwardly. He stared into his opponent's eyes, wanting to find any information within.

"Senior, please point me in the right direction!"

Without saying a word, Long Chen half knelt on the ground. Although he could not confirm the identity of the fellow in front of him, he firmly believed that these people would not harm him, they were just like the guardians of the Incantation.

When he was half-kneeling on the ground, the green-robed man finally revealed the slightest hint of change.

"Continue."

Four words.

These four short words caused Long Chen to become incomparably excited, but he did not have the time to say anything more. The green-robed man had already turned into a green mist before his eyes, and completely disappeared.

"He really is intelligent, he really spoke!"

The Origin Dragon Palace would definitely not harm him. Even if it was a trap for him right now, he believed that with the help of these seniors, he would definitely be able to survive. The entire Dragon Sacrifice Continent would definitely be able to survive!

They fought for survival and glory.

Talking proved that the three people Long Chen met were not puppets, but real existences like the guardians of the Incantation.

In fact, it was very likely that they were Dragon Guards!

Illusory Dragon Attendant, Slaughter Dragon Attendant, Life Dragon Attendant! It was very possible that it was because the guardian of the Incantation that represented the prehistoric era was not in the Origin Dragon Palace, but in the Incantation instead!

This was Long Chen's guess!

He even guessed that the further in they go, the more dragon servants they see. It was even possible that they were the Ten Great Ancestor Dragon's dragon servants!

It was just like how the Life Dragon Attendant allowed him to continue forward.

His heart was moved as he stepped through the small golden door. Sure enough, he arrived at the fourth golden platform. Of course, he was the only one here. He was the first to pass the third test. Although he was excited in his heart, he still had to explain to Mo Xiaolang and the others clearly what exactly happened to him this time, and how he had to deal with the green-robed man.

A full four hours passed on this side!

Mo Xiaolang and Su Yan were extremely nervous, but at this moment, they finally saw the golden door open once more, representing that Long Chen had passed the test.

"Big brother, are you alright? Are you heavily injured?"

Mo Xiaolang asked anxiously.

From their perspective, after battling for such a long period of time, the injuries sustained must be severe.

"Don't worry, I'm not injured. I need to quickly explain the situation to you. Just listen."

Hearing Long Chen's affirmation, the two of them heaved a sigh of relief.

"Do you remember that I told you about the Incantation? The guardian of the Incantation, the one who claimed to be the Ancestral Dragon's Dragon Servant. I suspect that the three people we met were all Ancestral Dragon servants. The first one is the ninth ranked Ancestral Dragon, which is related to fantasy and change. The second one is an Primordial Blood Spirit Dragon. As for the third position, he should be the guardian of the Incantation who represents the prehistoric era, but he is in the Incantation, so this time, the one I met was the Taiji Creature Dragon's Dragon Servant, maybe he is the Life Dragon Servant! "

Hearing this guess, Mo Xiaolang and Su Yan were completely confused, as they simply could not believe what they had just heard ...

"Big brother Long Chen, then what should we do?"

Long Chen answered: "If that's the case, then we should have more confidence. In the Origin Dragon Palace, we have the absolute advantage. Of course, the most important thing right now is to let you pass the trial of the Life Dragon Attendant. I will tell you about his fighting techniques. "

Firstly, the Life Dragon Attendant isn't dead, and normal attacks can't really hurt him. Even if it's Mo Xiaolang's Ancestral Fire, it can't really hurt him either. It was either the Forbidden Land of Fire or Su Yan's black hole whirlpool.

Knowing yourself and knowing your enemy was much more effective.

Although Mo Xiaolang and Su Yan were a little bit weaker, they were still able to have Long Chen to scout the way ahead and explain in detail the plan to them. Long Chen had basically already made a good plan when he was fighting with the Life Dragon Attendant, so he passed the detailed plan to the two of them.

This was the limit of what he could do.

Whether they could complete it or not depended on themselves.

Even if it couldn't be completed, Long Chen wasn't worried. If the Dragon Servant was one of them, even if Mo Xiaolang and the others failed, even if they were suppressed, there definitely wouldn't be any danger of death. As long as he explored the secrets of the Origin Dragon Palace, he would definitely be able to save them!

"Yan Er, you first. Come on. "We'll do as big brother says."

Mo Xiaolang suddenly wasn't worried anymore.

"Alright."

The sudden burst of light from both of their eyes confused the Dark Desolate God King.

He could not help but sneer, "Even Long Chen took four hours, yet you all want to court death? He doesn't want you to be like this. "

Su Yan snorted, and said: "You are a coward, of course you think so, just wait and see! God King Coward!"

As she spoke, she had the courage to walk through the small golden door.

This was the first time that the Divine King of Dark Desolate Divine King had been made a coward by someone, and this opened his eyes widely. He looked at Su Yan's disappearing figure in a daze, unable to let go of his heart for a moment.

"Hehe, then let's see how much courage a courageous little girl like you can endure for a few breaths of time."

The Dark Desolate God King said without changing his expression.

Mo Xiaolang focused his attention, not at all nervous.

had been inside for the past four hours, and they had been pacing left and right, wishing they were dead. Why were they so calm now?

Chapter 2746 - Black and White Temples

When facing an unknown opponent, it was inevitable that they would feel some psychological pressure.

Especially the Life Dragon Attendant. Compared to the two previous Dragon Servants, he was much more difficult to deal with, especially with his immortal fire of life.

If there were no suitable rules to suppress the opponent, then obtaining victory was truly difficult.

This was considering whether or not the Life Dragon Attendant could use the Origin of Life.

Long Chen reckoned that his Life Dragon Servant wouldn't be able to use this Origin of Life that easily. When he fought with Long Chen, it took him a full four hours, and he only chose to counterattack when Long Chen had almost defeated him.

"I have already told them my plan and the worst case scenario. Although Yan Er is inexperienced, with his innate talent and the body of the devil, there shouldn't be any problems."

Currently, he and Mo Xiaolang were both waiting for Su Yan's results.

Time passed silently.

Roughly an hour passed.

Long Chen suddenly raised his head, he saw Su Yan walking out from the small golden door, his face was pale white, he had expended a lot of energy, and although it looked like they had engaged in a battle to the death, the undeniable truth was, she had succeeded!

"Awesome!"

Long Chen couldn't help but give her a thumbs up!

One had to know, the Life Dragon Attendant was truly terrifying!

"Did he use the Origin of Life?" Long Chen supported her and asked softly.

"No, but it's also hard to deal with. I can never hit him! "

Su Yan said somewhat angrily.

Long Chen nodded his head, then said to Mo Xiaolang: "If we can resolve this quickly, the opponent shouldn't use the source of life. After all, it's too difficult to use this move."

On the other side, when the small golden door opened once again, the expression on Mo Xiaolang's face was completely different from Divine King Mo Huang's. Mo Xiaolang smiled faintly, his mood relaxed a lot, while God King Mo Huang's face was full of astonishment. He felt that Long Chen was the strongest in the team, but Su Yan's performance was much better than Long Chen's!

After all, Su Yan had only used an hour, which was one-tenth of Long Chen's strength.

"That's impossible, right?"

Even someone as powerful as him, a Divine King, would find it hard to accept this result. He was waiting to see a good show for Long Chen and the rest! As he saw it, that blood-robed man from before was already so hard to deal with, much less the next trial.

"Nothing is impossible, it's just that you don't have the guts. The great Celestial King, if you can't even be compared to a little girl, it would be quite funny even if you were to hear it through your own ears. "

The Dark Desolate God King was not provoked and said, "Enough. I won't change my mind. It will be useless even if you go. Obediently wait for the Divine Emperor to descend. "

As if he didn't say anything, Mo Xiaolang smiled faintly. With a provocative look in her eyes, she said: "You won't be able to stay for long, we'll wait for you at the other side.

As he spoke, he did not give the Dark Desolate God King a chance to speak. He walked through the small, golden door and closed it once more.

The thing that God King Mo Huang didn't understand the most was that Long Chen had already analyzed the internal trials and had planned for them. He still did not know what Mo Xiaolang and the others were facing.

"I have the bloodline of a Divine Dragon and it's a True Dragon. "I should have received good treatment in this Origin Dragon Palace, right?"

God King Mo Huang narrowed his eyes and looked at the golden door. It was impossible for such a miracle to happen twice, he looked forward to seeing Mo Xiaolang being suppressed by the golden mountain.

On the other side, Long Chen and Su Yan were waiting with anticipation. Since Su Yan was fine with it, then Mo Xiaolang would definitely have a better chance of doing so. Just like Long Chen, he was one of the type of extremely strong, explosive combatants. In battle, he could even display a destructive ability that completely surpassed his real combat strength!

Another hour passed!

Whoosh!

When Mo Xiaolang came out, his body was still ignited with black and white flames. Of course, it was quickly extinguished, but he still had a very strong will to fight, and wasn't too injured. As soon as he came out, he said: "Big Brother, the method you spoke of was really effective. The moment I entered, I used the two types of Ancestral Flames to incite the Forbidden Land of Fire to deal with him.

To be able to pass through safely, in truth, their relationship with Long Chen was quite large.

The three of them reorganized a little. To think that there were no big problems coming here, it could be considered a miracle. In this regard, they completely defeated the Immortal God Clan and Divine Kings.

Su Yan said: "Now that guy doesn't even dare to come here, what should we do? Could it be that we have been waiting here the entire time? What should we do if the Divine Emperor Emperor descends? "

Long Chen and Mo Xiaolang looked at each other and smiled, then Mo Xiaolang said: "Yan Er, don't worry. He will come over. Even if he hadn't made this decision, I don't think the Origin Dragon Palace would have stopped him in his tracks. How unfair would that be to those who have already passed? Could it be that even if he stays there for tens of millions of years, we will still have to wait here for tens of millions of years? "

"So that's how it is."

The three of them waited in silence, not panicking at all.

Actually, on the other side, when God King Mo Huang saw the golden door open once again, he did receive a huge blow. In fact, the time that Mo Xiaolang experienced was shorter!

"Could it be that it was easy to pass the third checkpoint, but Long Chen deliberately extended the time he had taken, or perhaps he was exploring something?"

But now, it was difficult for him to maintain such a thought. Even Mo Xiaolang and Su Yan were able to pass through it, which made him suspect deeply, if it was really that easy, he would be staying here, and Long Chen and the others might have already found the secret of the Dragon Palace's origin.

"I guess I can't stay."

In reality, his current thoughts were part of Long Chen's and Mo Xiaolang's plan. This was also the reason why Long Chen dared to assume that God King Mo Huang would continue intruding. Without Long Chen's reminder, he believed that the Life Dragon Attendant would give the King a pleasant surprise!

From Long Chen's side, it was hard to tell whether or not the Divine King had entered.

The three of them were bored, so they relaxed and chatted with each other. In any case, under the suppression of this rule, there seemed to be nothing else they could do other than talk.

Roughly two hours later.

"Did he go in?"

Su Yan curiously looked at the door, and could not help but ask.

Long Chen calculated the time and said: "It's about to come out, or maybe it won't come out."

It was all possible.

It did not mean that the Dark Desolate God King would have to pass just because he was strong, but it would depend on whether he had a way to deal with the Life Dragon Attendant.

A quarter of an hour later.

It was precisely the Dark Desolate God King, who was in a worse state than Mo Xiaolang and Su Yan, with even greater consumption of energy. However, he was suppressed by the rules the moment he came out, and he did not even have time to recover, which made him look extremely miserable. But

when he saw that Mo Xiaolang and Su Yan were basically not heavily injured, it was simply a huge blow to his heart!

"How is this possible!"

He was flabbergasted. He naturally understood how great the pressure was on an opponent like the Life Dragon Attendant in this sudden situation. He had even summoned the Ancient King Cauldron in order to barely obtain victory!

Could it be that these two little fellows are also so strong that Long Chen can battle with me to that extent?

Are they monsters?

"I've been waiting for you for a long time, Godking of Dark Desolate. This time, you'll probably continue to be a cowardly turtle."

Long Chen said with a light smile. Now that the three of them were together, that relaxed and natural appearance did indeed make the current Divine King Mo Huang nervous and aggrieved. It brought a lot of psychological pressure.

"We just don't know what we're going to face."

At this time, the golden platform had already begun moving. The four of them had no idea where it would lead to in the future.

"If it wasn't for the restriction of this environment, I would really be looking forward to the difference between our lives and death." The Dark Desolate God King had never suffered such humiliation before.

"There will be such an opportunity."

Long Chen laughed.

After suffering such a blow, he probably already harbored hatred in his heart, and would never stay where he was until the arrival of the Divine Emperor's Emperor. In the end, Long Chen still provoked him.

This time, the golden platform took a bit longer.

"If another similar golden door appears, then this test should be 'Karma'. If it's a Dragon Servant, then the Karma Dragon Servant, and then fate, and then time!"

If that was the case, then if Long Qinglan was related to the time, then Long Chen was already quite close to him.

However, what surprised him was that this time, in front of the endless void, there was no small golden door. But, there was something else, a black and white palace appeared in front of him. It wasn't large, and in front of him was a door.

The face on it was actually painted by the folk of Dragon Sacrifice Continent.

"This is ..."

In his memory, there was this kind of scene.

At this time, the golden platform was already leaning on the black and white palace. The most worrisome thing was that the light barrier had disappeared, and the suppressed power of Long Chen and the others had returned back to their bodies.

The black and white door in front of him opened!

"This is completely different from the first three trials. That is to say, we have arrived at a new place, or perhaps it is the end, but there is no 'Karma', 'Fate', or 'Time' at all?"

Long Chen's heart was in a mess. This was not what he had expected, but now, he was once again confused about the Origin Dragon Palace.

"He's even recovered his strength. It's clear that there won't be another test like the first three. Furthermore, it seems that he'll be able to fight against the Dark Desolate God King."

They even fought on this narrow golden platform.

As the Dark Desolate God King looked at him coldly, he suddenly said, "Let's go in first. It's time to rely on our own abilities."

Long Chen, Mo Xiaolang and Su Yan formed a triangle. The door was already opened, but they did not fight each other.

Obviously, everyone could enter this time.

"Thank you very much."

Without another word, the Dark Desolate God King stepped into the black and white palace.

Chapter 2747 - Taiji Restoration

"Enter our God Kingdom, and we'll discuss about it after we guarantee our safety."

In an environment like the Origin Dragon Palace, Mo Xiaolang and Su Yan did not have much of a relationship with the Divine Dragon. As long as they were outside, many of the tests would be aimed at them. After experiencing the thrilling experience of the first three times, Long Chen decided to start right in front of them.

Mo Xiaolang and Su Yan had been worried sick about the last three stages. Now that there was such a chance, they naturally did not oppose it.

"Big brother, be careful. Ask us to come out and help at any time."

"Relax, it's definitely going to be a one-on-one battle with the Dark Desolate God King. The last time I was interrupted by Shen Qiong, coming here, it's about time to take a look at his Ancient King Cauldron."

Order-class Creation God Equipment!

To surpass the Genesis, its terror was unknown.

After Long Chen protected Mo Xiaolang and the others, he followed the God King Mo Huang into the black and white palace. The Dark Desolate God King looked back and was stunned for a moment before he said, "You want to fight me alone to determine the outcome of the battle, do you want to die?"

Long Chen chuckled: "If there is this opportunity, I will naturally accompany you to the end. I am also looking forward to see, will it be you who is stronger, or am I stronger than you?"

He did not say much as he strode forward, entering the black and white palace completely. Long Chen was almost right behind him as well.

In a new environment, one would definitely be able to observe the surroundings.

"Crack!"

With a loud bang, the door closed behind them.

The space in front of them was not very large, it was difficult for them to even turn into their real bodies here. For dragons and qilins like Long Chen and the Dark Desolate Divine King, the space in this place was simply too small.

The interior of the palace was very simple. There were only two walls, black and white. The walls were completely sealed, and there was a design on the door. It was a human face drawn with black and white ink.

Other than that, there was nothing else.

Long Chen and Divine King Mo Huang were standing on opposite sides of the black and white space, facing each other with raging battle intent. In reality, he was waiting, since he didn't know the intentions of the Dragon Palace and wanted to see what would happen here.

"Black and White Face, the God of Taiji?"

Looking at the black and white faces on the wall, Long Chen thought of his Primal Tribulation. At that time, the opponent he had met was exactly the same as the one he had seen on the wall!

But, how could the Primal Chaos God be related to this place?

Tai Chi God, god of tai-su, and the Primal Beginning God?

Could it be?

Just as Long Chen thought of this, the God King Mo Huang's gaze suddenly shifted towards himself, and said in a deep voice, "There's nothing inside, it seems like they want us to determine who is stronger. Before, they were interrupted by Shen Qiong, but now, before the battle, there's probably no one who will interrupt us anymore."

Long Chen looked at it. Although there was something strange within the black and white palace, nothing really appeared.

For example, the Taiji God from back then.

Then he said, "This place is too small and it seems like it cannot be morphed into a human form. However, it might be more exciting in this kind of environment. Since the Celestial King has decided, let's begin! "

Once again, it was time to fight against the Dark Desolate God King!

He was the real strongest after the descent of the gods! He was the leader who overturned all living beings in Dragon Sacrifice Continent, the moment Long Chen wanted nothing more than to defeat him! This was also the biggest proof to him!

Perhaps this was the place where life and death were decided.

"If I can devour even the Dark Desolate God King, he can at least let me reach the Divine Lord realm and I will be able to obtain his Ancient King Cauldron! After all, this is the Order-level's Creation Divine Artifact! "

The Ancient King Cauldron was a great temptation, and also a great killing tool.

This battle, to Long Chen, was indeed a challenging one, especially in such a narrow space. If he couldn't transform into a dragon-shaped battle, then most of the power of the rules would be weakened!

Just as they were about to exchange tit for tat, a sly grin suddenly appeared on one of the black and white faces on the walls of the black and white palace. However, it quickly disappeared.

's entire body was now covered with dragon scales, and the blood on his body looked like he was filled with killing intent. Regardless of the situation, what he was most proficient at, was still slaughter!

In the previous battle, Long Chen and the Divine King Mo Huang had completely understood their opponent, and the probing had ended long ago. Long Chen had already wanted to devour him with blood for a very long time!

When the aura reached its peak, the black and white palace didn't even budge an inch. It was able to stabilize the divine powers of the two Divine Kings, and it was also able to show how extraordinary the Dragon Palace was!

However, from the inside, there were already sounds of explosions!

Long Chen's primordial divine dragon origin energy and the Dark Wasteland Divine King's divine power occupied half of the confrontation. In terms of aura, killing and authority should be equal, no matter how miserable the Dark Wasteland Divine King was previously, once he entered a state of true battle, his prestige as the Ten Thousand Beast Emperor still surged high, his power, luck, and the tribulation's three rules!

A mere Primal Realm King, yet they even had the temperament and might of the Perfection of a Divine King and a Extreme Realm God King!

To Long Chen, this was indeed a suppression!

"Myriad Beasts Calamity!"

The Dark Desolate God King erupted!

Ten thousand clones!

Right now, the Dark Desolate God King was using a killing move right from the start. In the narrow space, millions of the Dark Desolate God Kings appeared, all of them wearing Divine Fate Armors and carrying terrifying divine powers. As if they were ten thousand disasters, they charged towards Long Chen!

"There's no need to use the same rule twice!"

Long Chen had also entered a state of passion and passion!

His hatred for the gods was no worse than that of the Primordial Demons, it could even be said that they were more ferocious. After all, the pressure that the Primordial Gods brought him was even greater! Especially that one time with Ling Xi!

"Death Realm's Dragon Gate!"

His hands drew a huge circle, encompassing all the space in front of him. Under Long Chen's rule, the Death Realm's dragon door opened, and endless amounts of blood colored death aura surged out. Under the control of the Death Realm's dragon door, eight divine dragons descended.

"Swallow!"

Long Chen controlled the Death Realm's Dragon Gate, and crazily clashed with the Myriad Beasts Calamity of the Dark Desolate Divine King!

This time, Long Chen still had the upper hand!

Just like last time, all his clones were devoured by Long Chen! Long Chen remembered that the last time he used the Ancient King Cauldron was because the Ancient King Cauldron was destroyed by the Myriad Beasts Calamity. The reason why the Ancient King Cauldron was used was because the other party wanted to use enough time to set up the Ancient King Cauldron, and not just because the Ancient King Cauldron was destroyed by the Ancient King Cauldron!

Neither Long Chen nor the Divine King Mo Huang saw that during the time they were fighting, a black and white shadow had appeared on the wall and landed on the ground. Then, the shadow had moved between the two parties.

Long Chen focused on the Divine King Mo Huang.

When his Death Realm's Dragon Gate advanced, it had devoured almost all of the Dark Desolate God King's clones into the Death Realm, which was also a part of his power!

However, the Mo Huang Divine King had yet to take out the Ancient King Cauldron!

"If you can receive my highest level of attainment within the rules of this tribulation, then you are qualified to be my opponent!"

In fact, he had used it in the Dragon Sacrifice Continent before, when he tried to destroy the Star of Destiny, but he did not succeed. However, this did not deny the use of his attack, as this was the most shocking killing move before he used the Ancient King Cauldron. Even using the Ancient King Cauldron might not be able to cause such a great amount of damage!

"Qilin Tribulation!"

At the moment Long Chen destroyed the Myriad Beast Armageddon in this narrow space, the Qilin Tribulation appeared. This was the Ink Kylin's natural laws and it most suited his bloodline.

But Qilin Tribulation looked very simple.

It was only a green beam of light, moving with incredible speed, making it impossible for anyone to defend against it!

"Whiz!"

They arrived in front of Long Chen in the blink of an eye.

It was rumored that once he was struck by the Qilin Tribulation, he would be suppressed and lose everything. Long Chen would return to the lowest level of his power in White Yang Town and become a cripple. That was the only way it could be called tribulation!

Of course, Long Chen could understand the terrifying aspects of these rules. These were the most terrifying rules of the Divine King!

This was a truly terrifying confrontation!

"Time Breaks!"

At this moment, Long Chen no longer hesitated, but what appeared was not a peerless dragon slaying blade, but a Lingxiang's twin swords. Ling Xi had already returned, so of course Long Chen could take a look, at the place the Sphinx left behind, the Lingxiang's twin swords had already recovered some, and now, it was extremely close to the Order-level. Adding the both of them together, it was almost the same as the Ancient King's Cauldron!

Ling Xi didn't dare to rashly disturb him as she was currently trying to comprehend the second type of Heavenly Rules Spiritualism, but the two's love for three lifetimes were constantly connected. Relying on the love for three lifetimes, Long Chen could control the Lingxiang's twin swords!

Both swords moved!

Two rays of sword light shot out, and collided head on with the Qilin Tribulation. When the first ray of Shattered Soul Sword Qi collided with the Qilin Tribulation, its sister Ling had already dimmed down by half.

It was completely dissolved!

"I've never seen you use these two Manifestation Divine Weapons before!"

The Dark Desolate God King was shocked!

He could feel that the combined power of these two swords was almost the same as his Ancient King Cauldron. Long Chen was even stronger than he imagined! It also gave him an even greater headache!

With his heart still in shock, the Dark Desolate God King had no way out!

He took a deep breath and retreated to the edge of this narrow space. At this moment, he summoned the Ancient Royal Cauldron and started to fight with Long Chen!

"That's right. You are indeed the strongest opponent I have ever faced in my entire life!"

The Dark Desolate God King had to admit.

Long Chen held onto both his swords, and approached his step by step. His left eye was about to shine with the Heaven's Eye of Fate, while his mouth was about to speak about the origin of life.

However, what he didn't notice was that the black and white shadow had been floating on the ground and gradually approaching him.

Chapter 2748 - Ancient Apocalypse

Just like when Long Chen was using the Death Realm's Dragon Door, a small black cauldron gradually appeared between his hands. Black energy surrounded the cauldron, and its authority and destruction coexisted.

With the ancient King's Cauldron, the Dark Desolate God King merged the power of a divine being with his Creation God Power, causing his strength and aura to abruptly increase. It was as if he had become a completely different person!

Originally, he was slightly suppressed by Long Chen, but not now!

BOOM!

The Dark Desolate God King had become the controller of the Ancient King Cauldron!

A boundless radiance erupted from his pair of black eyes. With a deep bellow, the Ancient King Cauldron expanded in his hand. It was ten meters in diameter, and rotated on top of his head! If it were not for the fact that they were inside the black and white palace, they would have been even bigger, almost as big as the entire Dragon God Domain!

The power of the Ancient King Cauldron was limitless, the willpower of the two beasts was filled with impact, bringing about a huge impact to Long Chen. Now that Long Chen was holding onto the two swords tightly, his eyes turned deep and profound, he cautiously faced the Ancient King Cauldron!

"The two ancient beasts, my twin ancestors!"

He controlled the Ancient King Cauldron and it suddenly erupted, smashing it towards Long Chen. This was only a single collision, but the hard ancient cauldron had the power of three rules, namely power, luck, and calamity. The three rules surrounded the cauldron, causing it to weigh millions of kilograms!

RUU...!

Beneath the Ancient King's Cauldron, the Black-White Shrine began to tremble.

This was the Dark Desolate God King's suppression!

His Ancient King Cauldron had destroyed too many opponents.

To the Dark Desolate God King, Long Chen was definitely the last one!

"Submit!"

The giant cauldron rumbled over!

Long Chen looked on coldly, and in an instant, he turned into a streak of blood, which then quickly turned into gold and black. He had turned into a Divine Core dragon, with black and gold dragon scales on its body, it was the ancestor of authority.

Lingxiang's twin swords s, one was a cause, one was a consequence!

There was no limit to the cycle of Karma. The two swords instantly transformed the Karma King Realm into an endless sea. One in front of the other, the two swords unleashed a destructive power that fought back against the Ancient King Cauldron!

The supreme dragon slaying blade was definitely unable to contend against the ancient kingdom's cauldron!

Dang! Dang! Dang!

Two loud sounds resounded in succession, as if the heavens and the earth were being torn apart.

The Karma Royal Sword landed on the Ancient King's Cauldron, causing a strong shockwave! Long Chen and the Dark Desolate God King both retreated. At this moment, Long Chen's hands were trembling, but the Dark Desolate God King had gained some advantage in terms of the Creation God Manifestation grade equipment. He obtained a certain advantage and used the Ancient King Cauldron to attack again!

Long Chen raised his head and saw two huge beasts fighting against each other inside the King Cauldron. It was just a mere cauldron, but it looked like an immortal domain that was smashing towards his head.

Long Chen still had a good chance for him to kill his opponent!

However, this did not scare him! He was very clear that if Order-level's Creation Divine Artifact was so easy to deal with, then Order-level would not be the real deal. This kind of divine object, other than the existence of Divine Emperor, was an ultimate treasure in the myriad realms!

He dodged. His target was not the Ancient King's Cauldron, but the God King of Mo Huang who controlled the Ancient King's Cauldron. There was no need for him to clash head on with the hardest part of the other party!

When he slightly missed the Ancient King Cauldron, an intense light exploded out of Long Chen's left eye, which broke through everything that it had onto the God King Mo Huang. At this moment, the God King had ordered the Ancient King Cauldron to smash Long Chen to pieces.

The Rules of Fate!

At the very least, during this period of time, the Dark Desolate God King was unable to unleash all of his power, but controlling the Ancient King Cauldron undoubtedly required a strong amount of power. The Heaven's Eyes of Destiny could be said to have struck his lifeline, causing the Ancient King Cauldron to lose control of itself and crash into the ground, completely losing the attack power it had used on Long Chen previously!

"Crap!"

God King Mo Huang had truly experienced the terror of Long Chen's various rules and regulations. As for the Blood Devour and the source of life, he had yet to experience it.

Therefore, at this moment, his expression changed greatly!

Relying on the rules, Long Chen cut the connection between him and the Ancient King Cauldron. Even though it was only for a split-second, it was enough. As long as he could hit the Dark Desolate God King, he would be able to win and devour the enemy!

"Qilin Tribulation!"

The Dark Desolate God King used this rule to protect his life once again, but in front of the Heaven's Eye of Destiny, his strength was being suppressed and the attack he unleashed was not at the same level as before. Even if he could defend against it, he would be injured.

And in that instant, a time that Long Chen did not expect appeared.

He could sense another killing intent!

Such killing intent had actually come from behind him!

With the Dark Desolate God King in front of his eyes and the Ancient King Cauldron on the ground, where did the killing intent come from?

"Be careful!"

Mo Xiaolang and the others in the God Nation were all reminding themselves!

Long Chen could no longer afford to kill the Dark Desolate God King, he had no choice but to give up the chance in front of him.

Turning around, he finally saw his opponent!

It was the Primal Chaos God who was dressed in a singing costume, with a black and white painted on his face and a big flag on his back!

In the past, Long Chen had killed him no less than ten thousand times, so he had a very deep impression of him.

However, the him back then was naturally not the current him!

Tai Chi was attacking him!

In his hands were two weapons that resembled wooden swords, one was pure black, the other was pure white. When he attacked with his two swords, the laws descended, and Long Chen was extremely shocked, to his surprise, he actually used the Karma King Sword!

The Karma King Realm had arrived!

The movements of the Primal Chaos God were strange, the two swords that formed karma and attacked him were even more exquisite than Long Chen's. In the midst of Long Chen's haste, he used a break in time to fight against the Karma Emperor Sword, although he had blocked it, the power of time had not been able to completely disperse the destructive power of the Karma Emperor Sword!

Puff!

Retreat!

Long Chen's body was instantly set ablaze, and only then did he truly protect himself!

Fortunately, everything was fine!

However, the appearance of the Primal Chaos God was not the right time to do so. If he had a little more time, he might be able to deal with the Dark Desolate God King.

Crash! *

The Dark Desolate God King had removed the Heavenly Eye of Destiny and regained control of the Ancient King Cauldron. It would not be easy for him to put the Ancient King Cauldron in danger the next time.

In the blink of an eye, he blended into the black and white divine hall and disappeared in the blink of an eye. However, Long Chen and the God King Mo Huang both knew that he was nearby and would rush out to attack at any moment!

"So it turns out that the test this time around is the Primal Chaos God! What he truly uses is the power of karma, which means that the Taiji God might very well be the Karma Dragon Servant! "

Long Chen now completely recovered from the shock from the appearance of the Primal Chaos God, and thought of another thing that made him excited!

Thus, his eyes became incomparably bright.

"If the Primal Chaos God is a Causality Dragon Servant, then the god of tai-su should be the Fate Dragon Attendant, after all, the Causality is after fate, Tai Chi is after Tai Su, before Tai Su, before fate is time, this is coincident, then my father would once appear before me as the first god of the Ether Origin God, and it has something to do with the Great Void Cosmic Dragon of time. Then the Primal Chaos God might very well be the Draconis officinalis Hance, and my father might also be the only one who doesn't die, so why would he be the Draconis officinalis Hance!"

Of course, these were all Long Chen's guesses.

Until he saw Long Qinglan, until he answered everything for his, he could not be sure.

However, he couldn't conceal the excitement in his heart.

Although the Primal Chaos Realm God had attacked him, he did not care at the moment. What he cared about was that once he took care of the Dark Desolate God King, he would be able to see the god of tai-su and the Primal Chaos Realm God! Now he could see Long Qinglan!

"Long Chen!"

With the Ancient King Cauldron in hand, the Dark Desolate God King suddenly let out a loud roar.

His eyes were bloodshot as he shouted, "It was my loss earlier, but I was lucky. This weird person blocked your attack for me, this is all fate, we have not really decided who is going to win. Since he has hidden himself again, let us continue!"

He could be considered to be upright. When Long Chen was attacked by the Primal Chaos God, he did not add fuel to the fire, but now, he was warning Long Chen.

Without a doubt, the taiji God was the test of this trial.

With him around, the battle between him and the Dark Desolate God King would be fraught with many problems, as if there was always a knife by his side that could stab him at his most desperate moment or accidentally injure him.

God King Mo Huang had calmed down after being helped by the Primal Chaos God. Now that he had reminded Long Chen, he erupted again!

"You are indeed peerless! When I wielded the Ancient King Cauldron, I was almost defeated by you! But there is only one chance. Now that it's my turn, you should enjoy it! "

This was the last chance for him. He channeled all his power into the Ancient King Cauldron, and suddenly flipped it over, forming a black destructive space in the middle of the cauldron. He could see two Ancient Giant Beasts roaring inside!

"The end of time!"

The Ancient King Cauldron became extremely huge, filling up the entire space within the divine hall. Then, it pressed down towards the bottom, where Long Chen had no place to block, and was suppressed by the Ancient King Cauldron. It was as if Long Chen had arrived into a new world!

A world with two terrifying giant beasts in the ancient times!

But, Long Chen thought, since the Primal Chaos God would attack him, he would definitely attack the Dark Desolate God King!

Chapter 2749 - Extermination of Giant Beasts

What Long Chen did not know was that in reality, this Ancient King Cauldron had flipped over and brought Long Chen to a completely different world. This was the most ultimate move of the Ancient God King Cauldron, if he could not even deal with Long Chen with this move, then the Dark Desolate God King would probably be defeated.

Now that he had already used all of his strength to attack Long Chen, all of his strength was crazily channeled into the Ancient King Cauldron. He was using the Ancient King Cauldron to kill Long Chen and successfully suppress Long Chen with it.

"Since you have entered the ancient world, enjoy it! It won't be too late for you to come out after you turn into fine powder! "

The Dark Desolate God King's eyes were bloodshot as he roared in a soul-stirring manner. Starry Skies Divine King and Divine King of Light had already been suppressed by the Origin Dragon Palace. If he himself were to be defeated, it would be a huge joke, and they would not be able to face the Divine Emperor's Emperor Jun anymore!

He was extremely excited in his heart. It had been a long time since the Dark Desolate God King had such a state, but now, his eyes were fierce. After using the Ancient King Cauldron to suppress Long Chen, he crazily urged the Ancient King Cauldron while shouting the word "die"!

When he stepped on the Ancient King Cauldron, he immediately stomped on it. Every single stomp was like an attack to Long Chen who was trapped inside the cauldron!

"This Order-class Creation God Equipment from the Mo Huang Tribe is even more terrifying than I imagined."

At this time, Long Chen, who was still inside the Ancient King's Cauldron, truly felt the terrifying destructive force of this Ancient King's Cauldron. Right now, he was in an extremely illusionary black world, this world was endless. Waves after waves of attacks arrived in front of Long Chen, and thousands of primordial auras transformed into two monstrous beasts!

It was infinitely large!

One of them was a blurry divine dragon, and the other was a gigantic black demonic beast. It looked like a wild bull, shrouded in thick black smoke, and one could vaguely see the blood-red color of its eyes!

It was very likely that this was the remnant soul of the Qilin ancestor. This was a creature that existed above the Divine Emperor in the past, known as the supreme divine spirit, and even had a special title!

Even the Divine Emperor Di Jun would be easily killed by such a fearsome beast. Under the Ancestor Dragon, it was as if the terrifying ruler of a thousand worlds was walking right in front of his door, it was not difficult at all. Its real body could even be as large as a land.

Pressure and destructive energy, violent dragon roars and roars erupted above Long Chen's head like a surging wave. In the midst of the waves, he appeared exceptionally insignificant.

"Long Chen, entering my Ancient King's Cauldron will be the world that you regret the most in your life, the end of your life!"

God King Mo Huang's voice was like a bell that rang in his ears. It was a pity that Long Chen did not hear it at all, and at that moment, under the suppression of the Ancient King Cauldron, the two huge beasts attacked Long Chen! They were even more powerful than the Dark Desolate God King himself!

But when Long Chen saw the divine dragon simulacrum, he was not worried.

He turned from a human figure into a divine way's heart dragon. He activated the blood of the divine way's heart dragon, making himself into a miniature Ancestral Dragon. He imagined the Unparalleled Dragon that had died long ago disappearing by some other means, being able to hear his summons.

This Unparalleled Dragon was specialized in power, luck, and other rules. It was very possible that it was a Divine Dragon accompanying the heart refining dragon in the divine way, so Long Chen wanted to see whether it would be able to recognize his bloodline after coming to this world. If not, then he would have to fight these two huge beasts here!

In a battle to the death, life and death would be decided.

Long Chen could faintly feel that if the Order-level's Ancient King Cauldron and the two huge beasts were to fight to the death with him, they would definitely consume a large amount of energy.

BOOM!

Long Chen transformed into a Divine Core dragon and charged towards the two gigantic beasts.

In the world of darkness, these two gigantic beasts stood on both sides, occupying one of the worlds. When Long Chen took action, the roars of the two parties became even louder, and a terrifying pressure pressured Long Chen from all sides, especially the demon beasts that represented the laws of annihilation and calamity, they were even more brutal. At this moment, they were already ready to move, and wanted to tear Long Chen apart!

"Divine Dragon of Life!"

Long Chen's target was the Unparalleled Dragon. He had already arrived in front of it, and with a loud shout, the golden light shone for an extremely long time, illuminating the black silhouette of the invulnerable divine dragon!

Roar!

As the Dark Desolate God King desperately urged the divine beasts of Tai Yi Shen Jing to attack, it was as if the entire sky was being suppressed for a moment.

Long Chen could not help but frown, it was time to go all out.

Vaguely, he understood the terrifying aspect of these demon beasts' rules. To be able to be compared with Unparalleled Dragon, it would definitely not be simple!

But right at this moment, the Unparalleled Dragon behind Long Chen seemed to have felt Long Chen's summons, and glanced at him with difficulty. The clouds and mist surged, and with a sudden roar, it rushed towards the Tai Yi Shen Jing Goblin Beast, blocking in front of it, helping Long Chen block the attack!

"Effective?"

Long Chen couldn't help but loosen his heart. He thought that there would be an inevitable battle soon.

Not only did the Unparalleled Dragon help him, it even opened a small crack for him to leave this world! Long Chen quickly left and he could vaguely hear the sounds of the battle between the two giant beasts. Although they seemed to be partners, they still paid attention to principles.

"If that's the case, you're not going to die yet!"

had already fought with the two gigantic beasts inside the Ancient King Cauldron. Even if it was the God King himself, he would only die if he met the two gigantic beasts!

What he did not expect was that, at the moment he was feeling proud, the Ancient King Cauldron suddenly cracked open a crack outside his control. Long Chen walked out of the crack easily with a smile on his face that made the King of Dark Desolate suddenly look terrified.

"How did you get out?" God King Mo Huang was shocked, he raised the Ancient King Cauldron and rushed towards Long Chen once again!

"You want me to fall for the same trick twice?"

Long Chen laughed coldly. In the middle of the Black White Temple, he suddenly activated his life force source, and at this moment, the Dark Desolate Divine King was not really on guard. He had been waiting for this moment for a long time since he got so close to the Dark Desolate God King.

"This move!"

The Dark Wasteland Divine King was quite familiar with it, he had fought against the Life Dragon Attendant and in the end, the Life Dragon Attendant had used this move. He had barely suppressed the Life Dragon Attendant under the Ancient King's Cauldron at the last moment in order to prevent it from coming out alive! However, Long Chen's chance this time was much better than the Life Dragon Attendant. Under his control, the Dark Desolate God King was swept into the green whirlpool!

"Don't even think about moving!"

Long Chen was even more terrifying than the Life Dragon Attendant, the Heaven's Eyes of Destiny. He was at a heaven defying level, and when his mouth opened slightly to form the origin of life, his left eye was also displaying the rules of the Heaven's Eye! The Heaven's Eye made the Dark Desolate God King have the power to not use it. He couldn't even control the ancient emperor's cauldron, and the source of life directly devoured his life!

Long Chen wanted the Dark Desolate God King to be slightly weaker and use his blood to devour the other party!

He had succeeded!

Even the Ancient King Cauldron fell to the ground, completely losing all its strength. Furthermore, he was locked by the God's Eye and the Origin of Life, unable to even speak, and fell from the sky into hell. Under the devouring of the Origin of Life, he couldn't even speak!

"You!"

Life vanishes!

Now, he finally knew what it felt like when the Infernal King was defeated by Long Chen in battle. In front of him was a cold and detached youth, who held hatred and the hope of survival for his race. No one could scare him, and block his will!

The pain of his life being extinguished was unimaginable. Long Chen had also experienced this kind of pain before, he was very clear about this! But he would not show mercy, show mercy to the enemy, in the future, he would be cruel to himself, the Divine Emperor was about to descend, there was not much time left for him to escape!

"Don't kill me!"

The Dark Desolate God King had wandered for thousands of years, but at this time, he had no choice but to be afraid. The danger of death was right in front of him, and after becoming a god, he had never thought that he would die, let alone in Dragon Sacrifice Continent!

"No!"

Now that his life had been lost, he was no longer in his prime.

Just as he roared out, Long Chen was about to transform into a blood devourer to devour the opponent, but something suddenly happened. The Primal Chaos God, who had disappeared for half a day and did not manage to deal with the Dark Desolate God King, once again appeared behind his back, forcefully interrupting Long Chen's Heavenly Pupil and the source of his life!

Two swords slashed over!

If Long Chen wanted to devour the opponent with his blood, it would be impossible to do so with the help of the Primal Chaos God. At the moment, the attack of the Primal Chaos God was extremely ferocious, and in the instant that Long Chen lost his consciousness, the Dark Desolate God King had already escaped from the shackles of the Origin of Life and regained control of the Ancient Emperor Cauldron.

"The loser is eliminated."

Just as he was about to leave, a golden mountain peak appeared out of nowhere and landed right on top of his head. The golden mountain crashed onto the ground along with the Ancient King Cauldron, and suffered the same fate as Divine King of Light and the rest!

"What's going on?"

Long Chen was extremely depressed. He was just about to devour his opponent with his blood, and now that the Dark Desolate God King had been suppressed by the Origin Dragon Palace, wouldn't it be a waste of his energy?

"Whiz!"

At this moment, the Primal Chaos Deity finally appeared before his eyes.

His face was expressionless, holding onto the black and white wooden sword, he waved it a few times, pointing at Long Chen, clearly showing that he wanted to challenge him.

Chapter 2750 - Blades of Retribution

Long Chen reckoned that the original goal of the Black-White Divine Palace was to let Long Chen and the others deal with the Primal Chaos God himself.

However, Long Chen and the God King Mo Huang started to fight.

In this battle, Long Chen had the upper hand twice, but both times, the Primal Chaos God had disrupted the situation. It was obvious that the Primal Chaos God was maintaining the balance between them, and wanted them to join hands to deal with him.

However, he realized that Long Chen and Divine King Mo Huang did not even have this intention towards each other.

Therefore, they continued to fight, leaving the Taiji Deity to the side.

Until the very end, if the Primal Chaos God did not act, the Dark Desolate God King would almost lose his life.

It was only then that he eliminated the Dark Desolate God King and suppressed it beneath the golden mountain. Perhaps this was the rule set by the Origin Dragon Palace.

Therefore, even if Long Chen wanted to devour the blood of the Dark Desolate God King, he had no other choice.

It could only be considered bad luck.

They would not be able to escape for a lifetime. When they continued to move forward and saw Long Qinglan, they would know the secret of the Origin Dragon Palace and find a way to break the current stalemate. He did not believe that the three Divine Kings and Shen Qiong would be able to escape to any place.

Since the Taiji God had used the Karma Emperor Sword, then it was very likely that it was the Karma Dragon Servant.

This was why Long Chen was currently so excited in his heart. He had long known that Long Qinglan was here in the Star of Destiny, but he had already put in a lot of effort and effort to reach this point in front of him!

What he needed to do now was to defeat the Primal Chaos God!

Long Chen was not discouraged, instead, his blood boiled. When the Primal Chaos God held the black and white wooden swords in his hand and had a stern expression on his face, he also held the Karma Emperor Sword, almost in the same position as the Primal Chaos God.

The Black-White College was not large.

"Karma Dragon Guards, you are the ancestor of us humans." I respect you, so make your move. "

Even though Long Chen knew that he would not answer his, his eyes still burst with a strong light as he sized up the Primal Chaos God!

"Whiz!"

As expected, the other party didn't hold back and attacked directly.

He was millions of times more powerful than when Long Chen was still a Nirvana Tribulation Realm. Now, he possessed true divine might, and although he was called the Primal Chaos God, he was not a Taiji Realm cultivator, and their powers were extremely bizarre. They originated from the divine dragon, and although they were in human form, they were actually no different from divine dragons.

The twin swords of the Primal Chaos God had used the Karma Emperor Sword!

But he was in black and white.

A lot of karma appeared on Long Chen's body, and he was even more proficient in using the methods of the Primal Chaos Realm. When the power of karma was unleashed, not only would the power of karma be no weaker than Long Chen's, it would actually be much more terrifying, and the movements of the Primal Chaos Realm gods were also floating, making it difficult to figure them out, which was also a troublesome problem.

"Karma Royal Sword!"

Facing his familiar attack, Long Chen felt that the hope was right in front of him. Long Chen was hot-blooded at this moment, and clashed strongly with the Primal Chaos God, so he used the same Karma Emperor Sword as the Lingxiang's twin swords. The world he created was filled with profound yellow and black energy, which formed the golden and black color.

The confrontation between the Karma King Realms was also a battle between Karma King swords!

The combination of Long Chen and the Lingxiang's twin swords had resulted in the release of power. When the karma met the karma and the rules were the same, even the rules were not as effective as before. The Taiji God's usage of rules was even more exquisite, so he suppressed Long Chen with this sword strike!

Long Chen retreated.

But in reality, with the Life Fire, a few small wounds wouldn't have any effect at all.

"So powerful!"

Long Chen was sincerely moved!

He once again focused his mind meticulously. The Primal Chaos God did not seem to have any intentions of stopping, and what made Long Chen alarmed was that, like the Life Dragon Attendant, the rules he understood were not limited to what Long Chen had comprehended! Long Chen had only comprehended the Blade Sword God Prison and the Karma Emperor Sword.

On this path, his calculations were very shallow.

However, the Primal Chaos God was not like that! For example, at this moment, he had once again joined his sword and his eyes seemed to have turned black and white, extremely strange. In an instant, his temperament had undergone a tremendous change and his original appearance was rather strange, but at this moment, he looked just like a judge, Guardian of Order, or even a ruler! He crossed his swords in front of his chest. His aura soared and his divine might was vast. In an instant, his majesty surpassed that of the Dark Desolate God King. There was a frightening rule that seemed to be triggered by his swords!

The dragon of morality and Karma!

The Karma Emperor Sword was more biased towards Karma.

And the rules that the Primal Chaos Deity had activated at the moment, killing, berserking, and suppressing, were obviously of the moral and evil category. They were related to slaughtering evil, safeguarding order and morality, and adjudicating and punishing! It's quite similar to the Sword and Saber God Prison! However, its power was clearly much more terrifying than the Sword and Saber God Prison!

Long Chen looked over with wide eyes and could not help but frown deeply. The power of the laws displayed by the Primal Chaos God, who crossed swords in front of his chest, made him unsure if he could endure it!

This was a killing move!

Long Chen's new comprehension of the laws, from Blood Devour to Time Break to Heaven's Eyes and the Origin of Life, in reality, only Blood Devour and the Origin of Life could be considered a killing move. However, it was not a pure killing move, but the Primal Chaos God before his eyes definitely was! It was as pure and decisive as the Sword and Saber Prison! Long Chen's understanding of the cause and effect is limited, of course he would extremely like to learn these rules, but the risk involved is obviously a little greater than the life source!

"In the hands of the Life Dragon Attendant, I learned the Origin of Life. When I first displayed it, he was indeed not the slightest bit merciful, and I was only able to truly comprehend it at the very end. However, the Origin of Life gave me time to comprehend it while still in a stalemate, and this karmic law that is biased towards judgement is clearly extremely ruthless."

Although these rules were meant to belong to him sooner or later, it was not something that could be comprehended just because he wanted to learn them. The source of life was already accompanied by great danger, and there was no need to mention such a moral punishment!

"Let's block them first!"

Long Chen quickly made a decision in his heart.

The power of the laws was condensed on the two blade edges of the swords. The two swords looked rather simple, but the only thing that could be seen was that the black and white swords were covered in dense dragon scales, which made the two swords look like real dragons!

Swish!

The natural law which had formed around the sword ripped everything to shreds, then descended in the blink of an eye!

"The Sea of Chaos!"

With that set of rules of time, Long Chen could control the speed at any time. However, the time that this sword tore apart, made Long Chen's sea of time, which was in reverse, lose its effect even in times of chaos. Long Chen immediately changed the timing to break, and naturally used both swords! He wanted to see for himself just how terrifying the power of the Karma rule attack was!

From the rules, he could already make out some clues.

That's right, a punishment!

This was the Blade of Retribution. It was an honorable and honorable strike that killed all evil and Yin! It was like the Sword of the Heavens, the Sword of the World, the Sword of the King! There was a certain difference from Karma Emperor Sword. In terms of lethality, it was certain that the power of punishment was even stronger!

Dang! Dang! Dang!

It did have the power to weaken everything, causing it to be unable to continue, and even tore apart the laws of time. But this Blade of Punishment was extremely tenacious, even if the power of Time Break were to hit the Primal Chaos God, the Primal Chaos God would not care about it, instead, he wanted to use the power of laws of karma to attack Long Chen!

This could be considered a mutual destruction!

Whoosh!

Tai Chi was immobilized and its power dissipated.

It was the power of a law that rushed into the body. It was a power of a punishment that exploded the moment it came into contact with the Origin Energy of his Primordial Divine Dragon Sky Calamity,

bringing about the backlash of Long Chen's own strength. For a moment, it was as if countless blades had appeared in his body, and he could not even control his own strength!

The backlash of his strength turned into a giant black and white divine dragon that revolved in his body, biting at his tendons, bones, and blood! He didn't expect that the Karma Judgement's power would occur inside the body. If this destructive force were to strike head on, then it would be even more terrifying!

The stronger Long Chen was, the stronger the divine dragon in his body would become. His devouring power must continue until Long Chen died, and with such a power of laws, it was clear to see!

"Hah!"

Long Chen immediately made a decision, and directly thrust the spirit sword into his body, right into the head of the black and white Divine Dragon in his body. Fortunately, Long Chen's reaction was fast, and he had used the power of time to block it, or else the consequences would have been unthinkable.

Flames of Life!

Only then did the wound gradually heal.

And under Long Chen's control, the power of the backlash from before stabilized. In this clash, Long Chen could only say that he almost died this time, he deeply felt the terror of this rule, but it also made him even more excited, because he wanted to comprehend it!

He lacked an extremely important killing move!

Therefore, the God of Tai Chi didn't expect that Long Chen would be struck by a sword, but the look in his eyes was extremely passionate, as if he was going to dissect the God of Tai Chi with his gaze. Now that he had approached the Primal Chaos God one step at a time, the sword strike from before did not scare Long Chen at all!

"One more time, I might be able to see it clearly!"

Now that he had his guard up, he was sure that he wouldn't be as bedraggled as last time.

He was like a god of Taiji, crossing his two swords in front of his chest to comprehend the details of the rules. He had experienced the success of the life source, and he believed that there was someone guiding him from the shadows, making him even more powerful, and allowing him to meet future struggles!
