

## War God 2781

### Chapter 2781 - Royal Highness

In the process of walking towards the Creation of the Heavenly Palace of the Wood God with the juvenile spirit, Long Chen made up a whole world for him. After all, it was inconvenient for the Dragon Sacrifice Continent to say. Of course, he only took the Dragon Sacrifice Continent as his model, and adding to that the things he had seen and heard in the Lingsu Star Sea, as well as the few other worlds that he passed by, he talked a lot about nothing.

"A flat piece of land? It was said that among all worlds, the most common one was a giant planet, followed by land. It is said that there is only one world like the World Tree. So we are indeed very unique! "

Speaking of which, Wan Qing was very proud.

Through their conversation, he found out that the world Long Chen resided in was named Azure Sky Continent. There were only a total of a few dozen or so Divine Spirits and the highest was when compared to Divine Monarchs with initial state.

"For you to become the strongest warrior in this world is much more difficult than becoming a Divine Lord here. However, you only have a trillion living creatures there, and that's a bit too few. Speaking of which, the feeling of being at the pinnacle of the world, of becoming a sovereign, would surely be wonderful! If I were you, being able to control a world, I definitely wouldn't want to travel to the Ten Thousand Worlds, because there are simply too many experts in the Ten Thousand Worlds. "

Wan Qing lamented.

Long Chen laughed and said: "I did indeed think that way when I first became the strongest, but it has been going on for countless of years. Everyone has been bowing and groveling to me, and after a while, everyone will get bored and bored. Once you become the controller of the World Tree, you will be able to experience this feeling. "

"No, no! This is absolutely impossible. " Wan Qing was shocked, he did not dare think that he could become the strongest expert within the World Tree. If the elders knew about this, they would definitely be punished. However, he accepted Long Chen's words.

"I admire you! A powerful god with a goal, is someone who should continuously challenge his own limits. "

He seemed to have gotten more familiar with him.

Long Chen used his wishful eyes and chatted with him to obtain information about the Creation of the Heavenly Palace of the Wood God. In the end, he found out that on Creation of the Heavenly Palace of the Wood God's side, there were a total of five Sky Sovereigns. And then, there were actually ten Perfection Divine Kings, and they were even called the: Ten Great Holy Sovereigns. And then there were the more than ten Primal Realm Kings.

The dragon sacrifice didn't have that many Divine Kings, but to have one was indeed a miracle, and it was not even an ordinary Divine Emperor.

As for the phoenix race, it was actually more or less the same.

Although there were a lot of Divine Kings in the Perfection, they couldn't do anything to Long Chen. Long Chen was mainly afraid of the ten Extreme Realm God King experts.

"Oh right, I just heard the 'Jianmu Holy Soul' that the demonic beast mentioned. What exactly is it?"

"AHH!"

The juvenile spirit was shocked, but after seeing that there was no one around, he dared to say to Long Chen in a low voice: "The Jianmu Holy Soul is the most mystical and precious thing in my World of the Wood Sacred Tree. It exists within the World Tree and is the soul of the entire world. Whoever had the Jianmu Holy Soul would be able to make the entire race prosper, and they would be able to produce strong warriors. Right now, this Jianmu Holy Soul is in the hands of the human race for millions of years, so the phoenix race is panicking. Their new generation is already inferior to us! "

"Oh!"

It was impossible for there to be a soul in this world, so even though they were called Jianmu Holy Souls, they might not have anything to do with the World Tree. Long Chen asked again, "Then, do you know what the Jianmu Holy Soul looks like?"

Wan Qing shook his head and said: "You better not ask too much. If other gods were to find out, they would probably question your motive. If you want to stay in the Wood Holy Tree for a long time, you must still follow the rules here. After all, this is no longer your old world. I also have to let my seniors see you before I can confirm if what you say is true or not. "

"Oh, that's fine. I was just curious."

On the other hand, Long Chen did not care. The most important thing was that he knew the approximate strength of the World Spiritists, and with the foundation he had now, he was not afraid of appearing before the Building Wood Gods.

"We're here."

In front of them was the Creation of the Heavenly Palace of the Wood God.

It was a palace that was as large as the Dragon Palace of Origin.

Pure white, like an immortal palace, surrounded by immortal qi, it was built at the very core of the tree.

This was actually a divine creation artifact with the same Order-level.

Fifth stage!

To tell the truth, a fifth-grade Manifestation Divine Artifact was already considered one of the most precious treasures of the myriad worlds. There wasn't much that a Divine King wouldn't have.

In this Creation of the Heavenly Palace of the Wood God, there were about a thousand or so gods.

"Once you enter the Creation of the Heavenly Palace of the Wood God, you will be shackled by the master of this place. It will not be so easy to leave. However, if even the Creation of the Heavenly Palace of the Wood God does not dare to enter, how will we find the Origin Dragon Soul? "

Long Chen followed juvenile spirit Wan Qing and approached the vast palace.

"Qing`er, how is it?"

Yang Lingqing said: "This place should be the closest to the Origin Dragon Soul. If I'm not wrong, it should be located at the bottom of this Creation of the Heavenly Palace of the Wood God. The Creation of the Heavenly Palace of the Wood God must have blocked a hole."

"Oh, so the Jianmu Holy Soul they are talking about is the origin of the dragon's soul, eighty percent of them. It seems that this is really fate. The first time we came to this world, we actually had a Dragon Soul of origin. "

This time, Long Chen would not rest until he obtained the Origin Dragon Soul.

As long as he got it, he would decide to leave this place.

Of course, he also wanted to know more about the Ten Thousand Worlds. However, Wan Qing didn't know much, he still had to ask a stronger Divine Spirit.

Wan Qing had long informed the inside of Creation of the Heavenly Palace of the Wood God.

There were several divine gods guarding the door, but they were all Taiji Realm and could not be considered strong. Seeing Wan Qing bringing Long Chen over, they slightly bowed and then looked straight ahead, as if they couldn't see Long Chen at all.

Following Wan Qing, he entered the Creation of the Heavenly Palace of the Wood God. Inside was yet another world, an endless forest that only the most noble people could live in. To ordinary people, this was simply the God Realm.

In the entire Creation of the Heavenly Palace of the Wood God, Divine Spirit, as well as some important figures or geniuses from all over the world, approximately ten thousand people were present, and they were the core of the Creatures of Jianmu.

Wan Qing brought Long Chen to a palace not too far away from the palace gate, and had not even gone deep into the Creation of the Heavenly Palace of the Wood God yet. Wan Qing's expression changed a little as he said, "Wait here for a while, my master will first come to see you, and then bring you to meet the five Emphyreans. We need to confirm your identity."

As he spoke, he was about to leave.

"You're not here to accompany me, Wan Qing." Long Chen smiled as he looked at him, causing Wan Qing to become nervous.

"Don't worry, my Master will definitely not do anything to you, as long as you don't have any ulterior motives!"

Wan Qing said with blazing eyes.

It looked like he was still doubtful.

"Wan Qing, go out."

At this moment, a low and deep voice sounded out, and a middle-aged man wearing a green robe walked out from the darkness of the palace. Her eyes were dark green, her stature slender, and her eyebrows were very long, like long hair. This man emitted a domineering pressure and divine might, secretly resisting Long Chen, as though she was going to suppress Long Chen.

"Alright!" Wan Qing immediately retreated and the palace closed. Suddenly, it changed into a small world that sealed Long Chen inside. This was also a Creation Divine Artifact, but it was also the Creation Divine Artifact of the Genesis. It belonged to the man in front of him. He was a Celestial King. He was similar to the Infernal King, a Primal Realm King.

To have a Divine King of initial state as his master, it seemed that Wan Qing's status was indeed not low.

"I am the Royal Elder of Yi Mu. Your name is Yang Chen, right? From the Azure Sky Continent? "

After imprisoning Long Chen, the man squinted his eyes as he looked at Long Chen. To him, he naturally had victory in hand, and that, from the moment Wan Qing met him, he had already sent a message to the Wood Emperor, luring him here, was the idea of the Wood Sovereign. It was now a chaotic time of war, so he had to be extremely careful, especially against the spies sent by the Phoenix Clan.

Long Chen knew what they were preparing for.

However, if he wanted to obtain the Origin Dragon Soul, he would have to go deeper in them to create more opportunities. He wasn't worried, because he wasn't a spy from the Phoenix Clan in the first place, so he said very straightforwardly, "You are Wan Qing's master? That's right, I am Yang Chen, so you should know about the content of my conversation with Wan Qing. However, for you to be so ready in battle, are you suspecting that I am a spy from the Phoenix Clan? "

Yi Mu Emperor smiled and said, "You were also a human just now, so you have the identity of a human from a different world. It was indeed easy for you to deceive us. The phoenix race must also be thinking the same thing, which is why they sent you over right? Now that we have been exposed, what do you want to do? "

As he was speaking, he walked towards Long Chen step by step. Seeing that Long Chen was merely a Divine Monarch, it would be extremely easy for him to capture Long Chen, so he was not the least bit worried.

Long Chen smiled slightly, and said: "Then I'm curious, if the Phoenix Clan had my help, they wouldn't even need to use spies, and could immediately start a war and annihilate your Creatures of Jianmu."

Throwing a startled look at him, he couldn't help but laugh. "You're quite calm, and yet you're still joking with me?"

Long Chen said: "Indeed, to make such a joke now, you are simply courting death. Therefore, if Royal Elder Yi Mu wants to kill me, why don't you do it earlier? "

He had already spoken to such an extent.

"You seem very confident?"

did not reply to his question. Instead, he looked at him with a faint smile until he was stunned by his question.

"You've succeeded. I would like to see what sort of strength you have."

Just as Duke Yi Mu said this, he saw two of Long Chen's eyes, the left eye's Heaven's Eye and the right eye's wishful eye.

The Heaven's Eye instantly suppressed Yi Mu sovereign kneeling down, while the wishful eye instead made him reach out and grab its throat, torturing itself. During this process, Yi Mu emperor widened his eyes, unable to struggle free.

"How is it? If the Phoenix Clan has spies like me, wouldn't it be a big deal? " Long Chen walked in front of the Wood Emperor and said each word.

Chapter 2782 - Sky Sovereign Huang Mu

The Wood Emperor was shocked!

A Divine Lord initial state could suppress a Divine King like him with just his eyes! Impossible for him to move, completely suppressed, and even crippled himself?

He couldn't even understand why he had attacked him.

What was he doing?

Why was his hands not under his control?

"Just who are you!"

Although it was hard to believe, he still accepted the reality before him. That was, the other party might have the power to suppress him, but this was the Creation of the Heavenly Palace of the Wood God, so he did not need to be afraid!

"Do you think it's a spy from the Phoenix Clan? Isn't it too much of a waste to use me as a spy? "

Long Chen said with a faint smile. His relaxed smile made Duke Yi Mu's heart even heavier. He dared to enter the Creation of the Heavenly Palace of the Wood God with the five Sky Sovereigns alone, and he was not worried at all.

Of course, if he was once the ruler of a world, it would be normal for him to have the guts to do so. After all, anyone who could reach first place in their world was basically a terrifying lunatic.

He must be hiding something.

In that case, it was time for the five great Emphyreans to appear.

This was the Creation of the Heavenly Palace of the Wood God, and it was always under the control of the five great Emphyreans. Right at this time, Emperor Yi Mu removed the Creation Divine Artifact that he was controlling, and Long Chen returned to the center of the Creation of the Heavenly Palace of the Wood God. The surroundings were the dense forest of the Creation of the Heavenly Palace of the Wood God, and it seemed to be endless.

Sou sou sou!

More and more divine spirits came to the surroundings and looked at Long Chen in shock, chatting and laughing merrily. On the other hand, the Royal Elder Yi Mu was in a sorry state with a pale face in front of him.

"Master!"

Wan Qing was not far away, and thought that his master had already checked on Long Chen, but did not expect such a scene to occur. He immediately became anxious, and wanted to help Hierarch Yi Mu.

"Go back!"

With a casual sweep, Wood Emperor sent Wan Qing flying backwards. At this time, more than a hundred gods had already gathered.

"Who is that youth?"

"I don't know. He looks like he is a Divine Lord, so it doesn't matter, but why is it that even the Royal Elder Yi Mu was defeated in front of him? Duke Yi Mu's strength can be ranked in the top thirty, or even the top twenty! "

"Can it be that this young man can defeat the Celestial King?!"

Long Chen looked very friendly now, but the Wood Emperor had also regained his composure and was waiting for the arrival of the five Sky Sovereigns.

"Yemu."

There were a total of a few dozen Divine Kings, a few of them being the equivalent of the and the Divine King of Perfection. The others were all Primal Realm King, and those who were able to become the Divine King were all the most outstanding among the billions of lives that existed in this world.

The number of people in the Jianmu grew more and more, and in the blink of an eye, there were several hundred Divine Spirit s. Most of their rules were related to Mu, and the combined power of the Divine Spirit might was not very effective on Long Chen, as they did not know that Long Chen currently had tens of thousands of existences which were equivalent to Divine Spirit!

Divine Kings was almost here.

It seemed like Long Chen was not here to cause trouble. If it was, then he would have made trouble earlier, and would not cause trouble now that there were so many strong experts around.

Divine Kings was not moving for the time being.

Honestly speaking, he had never seen so many Divine Kings in his entire life. This was merely a Wood Creation Holy Tree, and it looked like there were countless strong experts in all the realms. Even the Taizhen Deity Realm and the king among the gods did not mean much.

"Friend, welcome to our World Tree, our Creation of the Heavenly Palace of the Wood God."

Just at this moment, five of the strongest Divine Kings appeared. They stood before all the Divine Kings, and these five were probably the strongest experts Long Chen had ever seen in his life.

The five of them were known as the 'Extreme Realm God King'; they represented the peak power of the 'Nuwa Devilsnake'.

They were the five great Sky Sovereigns of Jianmu!

Their appearances were all different, and the rules they excelled in were also different. However, they were all related to trees, which was probably a special characteristic of Jianmu. But at the same time, the five Emphyreans gave Long Chen a very dangerous feeling. It was very scary, and made him

understand that he had to pay attention to these five people. After all, these five people had ruled over the Creatures of Jianmu for tens of millions of years!

Luckily, from the surface, they did not seem to have any ill intentions.

You can use them.

To obtain the Origin Dragon Soul, without knowing them, holding the chance was impossible. would have to defeat the five of them together, then he wouldn't have to put in so much effort.

Long Chen smiled and said, "This junior greets the five Sky Sovereigns. As for this junior's origins, I presume Empress Yi Mu has already explained them clearly to everyone. I am indeed from another world, and am also the strongest in that world, but my true combat power is not limited to just the Divine Monarch. I left the Azure Sky Continent in order to seek a more powerful path, and when I marched through the myriad realms, I saw the miraculous Wood Building Holy Tree in the starry sky.

As soon as he finished speaking, the gods began to discuss.

"He actually came from another world! This is a deity from another world!"

"From the looks of it, they aren't much different from us. They probably have the same kind of relationship as us."

After hearing his words, the five Sky Sovereign looked at each other in dismay with smiles still on their faces. At this time, one of them asked, "When I was young, I traveled a lot of places, but I have never heard of this Azure Sky Continent world.

Long Chen smiled: "May I ask if Senior has heard of Lingsu Star Sea?"

The other shook his head.

Long Chen said: "Then that's right, no matter if it's the Azure Sky Continent s or the Lingsu Star Sea s, none of them could compare to the Wood Creation Holy Tree. There are many small worlds hidden in the corners of the myriad realms, and just as I happened to pass by the Lingsu Star Sea on this trip, to be

honest, the strongest divine spirit there is only the Divine Monarch of the initial state. For a small world like us, it's very normal for senior to not have heard of us. "

The five opponents chuckled.

One of the old men said: "In that case, I would like to welcome you to my World Tree!" I am one of the Five Great Emyreans, the 'Central Desolate Wood Celestial'. The oldest. "

Their characteristics were very obvious. Their bodies were more or less similar to trees. For instance, Emyrean Desolate Wood in the center, his hair was very similar to the withered yellow roots on the tree.

The other four introduced themselves as well. They were a golden-haired middle-aged man, Emyrean Golden Light of the East Extreme Golden Wood. A red robed middle age man was Archaeopterygium australis. A woman in a black dress, mysterious and dark, was Emyrean Waterwood of the Arctic. The last was a chunky, round old woman, known as Extreme West's Sky Sovereign Earth.

East, South, West, and North.

The five great Emyreans, the people who were building the Wood Holy Tree, were the most noble of gods. Their statuses were extraordinary, and the legends about each of them could be written into a thick book.

Sky Sovereign Huang Mu asked: "We naturally believe your words, but for the sake of my Jianmu clan's safety, we must ask Sir Yang Chen, what is your purpose in coming to build my Wood Holy Tree?"

Long Chen answered: "Actually, I don't have any other goal. My biggest goal in traveling this time, is to experience the outside world, fight more battles, and find a way to breakthrough. When I came to the World Tree this time, I found that there were other humans here, and I coincidentally met Wan Qing. He said that it was necessary for external gods to meet the five Sky Sovereigns, so I came. However, upon arriving here, Royal Elder Yi Mu seemed to have treated me as a spy for the Phoenix Clan. Since I was helpless, I could only prove that I was not a spy.

In that case, naturally, it was perfect.

Presumably, the thing that the five Sky Sovereigns were most interested in was his strength.

Hearing Long Chen's words, and looking at the miserable state that Royal Elder Yi Mu was in previously, the crowd couldn't help but guess, could it be that Long Chen was even stronger than Royal Elder Yi Mu?

Empyrean Eastern Extreme Golden Wood said. "Brother Yang Chen, I heard from you earlier that you are willing to help us fight against the Phoenix Clan?"

That was what Long Chen said to the Royal Elder, but he changed it a little.

Long Chen said: It's not like that, it's mainly because we are all human beings, and I still want to walk around the Sword Wood Holy Tree, but walking around in your territory is not reasonable, so if there's a place that requires me, the five Sky Sovereigns can instruct me as well, and treat it as making a friend. "If the five of you don't mind my weak point ..."

Sky Sovereign Huang Mu laughed, "Of course I don't mind."

Of course, they were still well on their guard against Long Chen.

Defend, use.

No matter what goal he had, as long as he could make good use of it, he would be able to inflict heavy injuries on the phoenix race!

This was definitely the true intention of the five Sky Sovereign.

"I do!"

In Long Chen's field of vision, a young man with green hair and brown eyes holding an enchanting female god walked over with large strides. His eyes were evil, his expression was arrogant, and was extremely overbearing;

"Who is this?" To have the audacity to act so arrogantly in front of the five great Emphyreans, to talk back, and to be so unrestrained, his status should be very special. Especially when they saw him appear, almost all the deities secretly retreated in fear, afraid that they would block his path.

"Who did Sovereign Qingdian fall in love with this time?"

"Isn't that the jade complexion! She is not with Wan Qing. "

All the people present uniformly looked at Wan Qing, and Wan Qing's eyes were bloodshot as if he had been struck by lightning. He looked at the girl nestled in the youth's embrace ...

#### Chapter 2783 - Tai Yi Green Wood Lightning Conjunction

The process was interrupted.

Long Chen looked carefully, since the young divine spirit was called 'Sovereign Qingdian', then he should be one of the Saint Rulers. There were five Emphyreans and ten Holy Juniors in the Jianmu, and all ten Holy Justices were at the realm of the Perfection Divine King.

This Sovereign Qingdian was about the youngest among the ten or so Holy Masters, which was why he was so unique.

However, since he dared to act so arrogantly in front of the five Sky Sovereign, he must have some other identity.

"He's not very old, but his cultivation is already at the Perfection, the Divine King! There are no such characters in the dragon sacrifice. Seems like this Sovereign Qingdian is the strongest genius in the entire human race who built the Wood Holy Tree. "

He was definitely the future successor that the five Emphyreans had groomed.

and even their hope of overpowering the Phoenix Clan.

However, the Taiji Realm being called jade complexion s that he was carrying, was that person that Wan Qing liked? She and Wan Qing were once a pair?

No matter what, Sovereign Qingdian's appearance had attracted everyone's attention, and no one paid any more attention to him.

"jade complexion!"

Wan Qing trembled from head to toe, his eyes were completely red, he stared at Sovereign Qingdian and the enchanting goddess in his embrace with incomparable fury, and bellowed: "What are you doing!"

"Tell him." Sovereign Qingdian laughed sinisterly, he lowered his head and said to the woman in his embrace.

The divine spirit called jade complexion mustered up her courage and said to Wan Qing: "Brother Wan Qing, I like him. In the future, we will no longer have any relationship. He will be very kind to me, don't worry! "

"What!"

Wan Qing was even more so as if he had been struck by lightning, and his tears could not help but fall. If not for his Master, Royal Elder Yi Mu, suddenly appearing beside him and stopping him, he probably would not have been able to control himself. Only, in front of Sovereign Qingdian, he was just too petty.

"Qing`er, let's go!"

The Duke of Yi Mu stopped him.

"NO!" jade complexion! He's just playing with you! It's not like you don't know how many people he's toyed with! " Wan Qing roared.

The jade complexion shook his head and said: "He treats me differently. Rest assured. "

They could also be considered childhood friends. They grew up together and cultivated together.

Sovereign Qingdian slightly frowned, and said: "Yi Mu, mind that disciple of yours, and let me hear one more word, and I'll tear him apart. From today onwards, jade complexion is mine, don't bother her. "

He opened his big hands and held the jade complexion in his arms, looking down at Wan Qing arrogantly.

"Let's go!"

Royal Elder Yi Mu pulled Wan Qing into the Divine Kingdom and left without saying a word. Even he himself couldn't compare up to Sovereign Qingdian, much less Wan Qing. This was someone Wan Qing couldn't afford to offend. It was even possible that the World Tree will be Sovereign Qingdian's domain for the next tens of millions of years!

He could tell that this fellow was very shameless, but he was also very powerful.

From the reverence the deities had for him, it could be seen that not even the other Holy Saints dared to criticize him. As for the Emphyreans, they were also a bit helpless.

"My five good masters, it's been so lively today, how could they possibly lack me?" Once Wan Qing and the others left, Sovereign Qingdian would smile and look over. In the end, his gaze landed on Long Chen and looked at him with a teasing gaze.

"Oh," Long Chen had a rough understanding of the situation.

As the two races had struggled for countless years, each clan had a deep hatred for the other, and each wanted to completely annihilate the other clan. The moment the clan was powerless, they would lose to the other clan, so they paid particular attention to the development of the new generation strong warriors, and this Sovereign Qingdian was able to become one of the ten Great Saint Masters at such a young age, with extraordinary talent, worthy of the title of being the number one amongst the new generation Divine Spirit Realm. It was possible that when he was nurturing this fellow, the five Sky Sovereign were extremely excited, and the five of them accepted Sovereign Qingdian as their disciple.

Other than the five great Emphyreans, no one dared to provoke him.

The five Emphyreans were all his masters, so they naturally protected him as well. Once this Sovereign Qingdian became an Emphyrean, he would definitely crush the Phoenix Clan! It could be seen how precious this Sovereign Qingdian was today.

If not for this, he wouldn't have been able to create such an arrogant and despotic character of his.

From the dotting look in the five Sky Sovereign's eyes, it could be seen that as long as he did not destroy Creation of the Heavenly Palace of the Wood God, they would not blame him.

That was a problem.

"Green Lightning, stop messing around. This is our guest." Emyrean Waterwood of the North Pole said very gently.

The black dressed woman spoke relatively little, but she was extremely cold and only towards Sovereign Qingdian did she display her gentleness.

"Guest?" Didn't he just beat Yi Mu? What kind of guest was that? If he wants to stay on our tree, if he wants to climb our legs, he has to show his worth. What kind of guest is a worthless person? If you guys don't try his strength, then I'll have to try. "

Sovereign Qingdian walked towards Long Chen. His two eyes were like two vast lightning pools, and there were countless green lightning explosions within them. When those eyes pierced into Long Chen's body, it was rather uncomfortable.

"Green Lightning, don't mess around!"

finally understood, in truth, the five Sky Sovereign wanted to test what ability he had. After all, to them, he was a ticking time bomb.

This Sovereign Qingdian was at the very top of the Sacred Masters, and in the future, he would also have the greatest hope of achieving polar state. Every little bit of progress he made was a matter of the utmost importance to the five Emyreans. Now, what the five Emyreans were looking forward to the most was to have their disciple become an Emyrean from a Emyrean!

At that time, it would be the end of the Phoenix Clan!

Sovereign Qingdian reached out his hands to caress the beauty's face, as if nothing had happened, and licked the jade complexion's face as he made an intoxicated expression, saying: "You few old fellows really do like to be courteous to others. It's clear that the other party wants to join us, become our members, and find a backer as a reward to help us deal with the Phoenix Clan. This was already a deal,

and in order to trade, one had to inspect the goods! Since you guys don't want to inspect the goods, then I'll do it myself. Master Yang Chen, what do you think? "

As he finished speaking, his pair of eyes that flickered with green electric light, looked at Long Chen with shining eyes.

Beside him, the jade complexion was trembling in excitement. Sovereign Qingdian's current performance made him anxious. The personality and strength of this peerless genius was so strong that any girl who knew they would be hurt would be unable to resist the temptation.

Sovereign Qingdian had never lost a single battle on his journey to becoming a god!

In everyone's eyes, he was always terrifying. A lot of people wanted to beat him to fame, but their end was miserable.

The thousands of surrounding gods were also in an uproar, as Sovereign Qingdian was going to attack again.

"Seems like this Yang Chen is really unlucky."

"Yeah, to be targeted by Sovereign Qingdian, even the five great Sky Sovereigns wouldn't be able to do anything."

"Who asked Sovereign Qingdian to be such a genius? The five Sky Sovereigns are his Masters. "

Even the saints pretended not to see anything at this time. They had originally planned to test Long Chen, but they just did not expect him to be interested.

In the face of such an invitation, Long Chen suddenly laughed and said: "Actually, what you said makes a lot of sense. I'm also a very straightforward person, I don't like to beat around the bush. Since I've come to the World Tree, of course I want to have a good time. "I assume that you are the most talented person in the World of Building Wood Holy Trees. To be honest, I would really rather have you come test me!"

Actually, what the gods wanted to see was Long Chen's terrified and embarrassed appearance. They never thought that he would actually agree to it, and so easily at that.

"He probably doesn't know how terrifying Sovereign Qingdian is!"

"That's right, among the ten Great Sacred Masters, there aren't many who can suppress Sovereign Qingdian. Furthermore, he had only obtained 'Order-level' and 'Infinite Divine Arts' when he had trained with the Emyreans. Even 'natural tree' had to possess Order-level! This treatment was something that only Sovereign Qingdian had. This foreign divine spirit is from such a small world, what use is there to fight with Sovereign Qingdian? "

"That's right, it's the 'Supreme Yi Greenwood Lightning Mantra' of the 'Order-level'! Our human race has a total of six types of Infinite Divine Arts, which are owned by the Five Sky Sovereigns and Sovereign Qingdian! Furthermore, it was said that the might of the Sublime Yi Green Wood Lightning Conjunction was ranked in the top three of all the Infinite Divine Arts! The 'Great Yi Greenwood Thunder Power' is ferocious and tyrannical. It has the 'Greenwood' and 'Thunder' two rules! "

He vaguely understood Sovereign Qingdian from the conversations of the people around him.

Honestly speaking, his fighting strength should be even higher than Emperor Violetjewel's. This was not a playboy who did not learn from others, but a cultivation genius with a vicious personality who was unparalleled and tyrannical. He had even amassed the most supreme resources in the Jianmu.

Wan Qing fighting with him was indeed suicidal.

To Long Chen, this was also an extremely troublesome opponent.

Reaching Long Chen's words, Sovereign Qingdian's eyes squinted, he never thought that Long Chen would agree. This could be considered Long Chen's first counterattack.

"Interesting! Then don't stay in Creation of the Heavenly Palace of the Wood God. "Follow me out." He comforted the jade complexion with a few words, glanced at Long Chen, and said: "If you have the guts, then leave."

After he finished speaking, he transformed into green lightning, and instantly rushed out of Creation of the Heavenly Palace of the Wood God.

"Yang Chen, I am truly sorry. Our disciple is too mischievous," the despicable Sky Sovereign Huang Mu said apologetically. They could only do it like that, testing Long Chen was their original plan.

"It's fine." Long Chen passed the jade complexion, looked at the woman who was still intoxicated by Sovereign Qingdian's charm, and then left the Creation of the Heavenly Palace of the Wood God.

Behind him was the mighty Jianmu, they obviously wouldn't miss this battle.

"Wait for me!" The jade complexion immediately gave chase. Her identity was different now, all the gods had to make way for her, lest they agree to Sovereign Qingdian's request.

"What are you so proud of!" It won't be long before he is abandoned, and he won't even be able to survive then! "

A few female deities whispered amongst themselves, their eyes completely red.

Outside of Creation of the Heavenly Palace of the Wood God, when all the gods had come out, in the distant starry sky, the two experts were already facing each other.

Chapter 2784 - natural tree

They were already in space.

From the starry sky, one could see the endless tree trunk of the World Tree. The larger tree trunk and the endless leaves were all in another direction.

The farther away they were from the tree, the more they could see it clearly.

The low level beings that lived on the Wood Sacred Tree were completely unable to imagine just how huge this world was. For example, when Long Chen was in the Divine Dragon Nation, he didn't know just how huge the entire Dragon Sacrifice Continent was.

In front of his eyes was Sovereign Qingdian who was surrounded by a cyan lightning web. Both of his eyes were like thunder as streaks of lightning exploded out and coiled around his entire body like tree branches, tree roots, or vines, causing him to be extremely terrifying.

"I don't like to talk nonsense. Let's go to war. "

Sovereign Qingdian let out a dark laugh, he was too lazy to care whether Long Chen decided to keep his face hidden or not, the moment he attacked, he could immediately determine the outcome of the battle, whether he lived or died. If his strength was very ordinary and was only pretending to be sly, he really wouldn't mind sending Long Chen to the west. After all, there was a useless person who might be a spy in Creation of the Heavenly Palace of the Wood God, which was indeed troublesome.

He hated trouble.

Supreme Yi Green Wood Lightning Conjunction!

Under Sovereign Qingdian's actions, a large portion of the territories above the starry sky were suppressed by him. Now, his entire body was enveloped in a cyan colored ball of lightning, and countless bolts of cyan lightning shot out in all directions. Although it was lightning, its appearance was extremely similar to tree branches and tree roots!

Therefore, there should be two types of rules for Sovereign Qingdian: one is lightning, and the other is wood.

"Endless Verdant Wood Electricity Network!"

Sovereign Qingdian decisively made his move, and the moment he did, the entire audience was in an uproar, screaming and shaking in shock. Evidently, this rule was Sovereign Qingdian's extremely famous, shocking ability!

"Fire!"

He opened both his hands, and countless tree shaped electricity shot out from his fingers. In the blink of an eye, it swept through the entire starry sky, as if a person's hand was entangled with billions upon

millions of whips that were intertwined together! Suddenly, green lightning flashed in the sky, startling billions of lives!

Boundless green lightning surrounded Long Chen!

"Withdraw!"

A huge explosion.

was trapped in this place, and in the blink of an eye, he would be completely crushed by this endless green net! Sovereign Qingdian's attacks were tyrannical, ferocious, and cruel. If they hit the tree, all the living beings on it would be exterminated!

"Will you die?" Sovereign Qingdian smiled weirdly.

Under his control, the power of the Infinity Verdant Wood Net grew even stronger. It was as if Long Chen was trapped inside a green lightning tree. And then explode!

"The terrifying Sovereign Qingdian!"

The might of this rule had long intimidated the gods, causing them to fear Sovereign Qingdian even more!

It was just that in the process, Long Chen was still able to calm his heart and focus. Because the divine dragon was too obvious, he decided not to transform into his real body for a long time and wanted to fight in a human form. He did not have the God Creation Art in his hands right now, so he used Ling Xi's Lingxiang's twin swords!

What was worth mentioning was that Ling Xi had now become the Divine King. Even if she hadn't participated in the battle, she could still exchange power with Long Chen through the Three Lives Love Silk. Both were at the Divine King's level, so Long Chen was able to use a huge amount of his energy.

"Time Breaks!"

Two sword strikes soared into the sky!

Swish swish!

A formless sword beam overflowed into the sky as one was forced toward Sovereign Qingdian, while the other vibrated and directly tore a hole in the endless green net, allowing Long Chen to charge out. Completely flawless, he easily dodged Sovereign Qingdian's destructive laws, and at the same time, the other sword also directly posed a threat to Sovereign Qingdian!

"What rule is that!"

Sovereign Qingdian managed to avoid Long Chen's time break with great difficulty, and his previous playful expression finally became serious. This sudden reversal caused many people to be shocked. The Gods were now staring at the two of them in astonishment. The first clash could only be considered a test, but it was quite exciting.

"He just used two sword strikes. What are the rules?!"

"To think that it would be so magical, it's really unbelievable!"

"Sovereign Qingdian, have you met a strong opponent?"

To be honest, just these two strikes alone was enough to shut up all the gods who had underestimated Long Chen. Of course, they were looking forward to Sovereign Qingdian being able to kill Long Chen with a single move, but it was obviously impossible right now!

The jade complexion was about to cheer, but realized that Long Chen was not dead yet.

"Sovereign Qingdian probably just tested his strength and did not truly attack. Otherwise, he definitely wouldn't be able to withstand it! "

She thinks so.

In her heart, no one was his match. Moreover, there would be a day when he would become the ruler of the Jianmu, and even of the World Tree! jade complexion also believed that her beauty could keep him.

It was now very quiet.

Sovereign Qingdian came back to reality from his astonishment. His eyes were solemn as he said: "I have underestimated you." It's taboo to underestimate, and I wouldn't make such a low-level mistake. Then, why don't we bet our lives on it? "

"Whatever you want, I will keep you company until the end." Long Chen smiled faintly. His calmness made Sovereign Qingdian feel as if he was facing a great enemy. In his heart, Long Chen understood that he was different from other silkpants. He was just arrogant on the surface, but in his heart, he was actually ruthless and cautious. Otherwise, the five Sky Sovereigns would not cultivate him like this, and they would not want the Phoenix Clan to underestimate Sovereign Qingdian.

Only he knew that the endless green net was actually not easy to deal with.

"You have just arrived so you naturally do not know about our natural tree!"

Sovereign Qingdian snickered as he suddenly stretched out his hand. On his palm was a majestic and boundless life force, trembling with it. Under the cyan lightning, even his face was flashing with cyan light. ))

"natural tree is our strongest fighting force, and also the greatest respect we have for our enemies."

He didn't forget to remind Long Chen that he could still be considered a gentleman.

"natural tree! That's the sacred tree of thunder! It is equivalent to the stuff of Order-class Creation God Equipment! "

The gods sighed again. Today, they could be considered to have broadened their horizons. Many legendary things had appeared before them. On the other hand, the five Sky Sovereigns also had grave expressions on their faces. They were discussing secretly, roughly estimating Long Chen's value. Until now, Long Chen was still mysterious.

Of course, they were extremely confident in their disciples. All these years, in order to paralyze the Phoenix Clan, Sovereign Qingdian had always been a disgusting image. But the five Emphyreans knew that his viciousness, his decisiveness, were all things that could become a cold-blooded ruler, and open a new world for the Creatures of Jianmu!

At this time, a small tree wrapped in lightning appeared in Sovereign Qingdian's hands. It was indeed a tree, and it contained a majestic power, the life force of a tree, the ripping power of thunder, the strength of a tree, it was equivalent to Sovereign Qingdian!

"Fuse."

Sovereign Qingdian sneered, and right in front of Long Chen's eyes, the natural tree — the sacred tree of thunder — melted into his chest. Looking at this position, it was practically the same as the World Tree, merging together!

Mysterious!

Long Chen was stunned, he had also underestimated Sovereign Qingdian, his strength was not only slightly stronger than Emperor Violetjewel and the rest. The sacred tree of thunder that was the same as Order-class Creation God Equipment had now completely fused with his world tree. Not only was it the fusion of two trees, it was also the complete fusion of two types of energy!

Sovereign Qingdian guaranteed both in terms of bloodline and strength. His body was currently undergoing an intense transformation, and with a loud explosion, what appeared in front of Long Chen wasn't just a person, but rather a huge tree entirely made of green lightning!

Every leaf was entangled by thousands of electric serpents.

Every branch and root was made of thick green lightning!

The massive tree trunk was just like a green lightning dragon. It was strong and strong!

"Dragon?"

Sovereign Qingdian had not only transformed into a tree that shook Long Chen, the tree trunk actually became a dragon that shook Long Chen even more.

"Brother, it could be that this guy has been with the Dragon Soul's Origin since he was young and has been affected by it." It will be the same only after the natural tree have been assimilated. " Yang Lingqing reminded.

"So that's how it is. Seems like he is the one who has the most contact with the so-called 'Jianmu Holy Soul'!"

This time, he had countless leaves, and every leaf was a blade, and each blade was an arm. With a myriad of arms, in front of this tree, Long Chen was as small as an ant!

"The Green Wood Lightning World!"

Killing technique: Descent!

The Gods sighed in amazement once more.

This was Sovereign Qingdian's strongest form. Even the five Sky Sovereigns would frown when facing him like this. Long Chen didn't need to say anything more!

At this time, countless leaves, roots, and branches interweaved and enveloped Long Chen within a completely sealed world. Every single one of them was formed from endless lightning, and in the instant that they were sealed, Long Chen seemed to have completely entered Sovereign Qingdian's area of control. It was as if this was a new world that had pulled Long Chen out of his original world!

The walls were made of dense lightning. There was no way to escape!

The cyan colored lightning twisted and distorted like a snake, and gradually formed many array diagrams. After that, it constantly shrank, as though it was trying to crush Long Chen and make him turn into ashes!

To be honest, this was similar to the Endless Green Tree's electric net.

But in truth, after transforming into a sacred tree of thunder, they formed a new world, the power had increased by too much. Previously, it was just a test, but now it was a destructive test!

If Long Chen couldn't block it, he could have been annihilated!

"So vicious!"

Long Chen had to widen his horizons.

The Allworld was also a battlefield!

Facing this shrinking world, he held the Lingxiang's twin swords, facing a crisis, but it was also when he was going to erupt! After five years of not having a proper battle, this time, he could finally feel refreshed!

Chapter 2785 - Everlasting Lightning Soul

A fierce battle like this rarely happened near the Creation of the Heavenly Palace of the Wood God!

Such a large scale naturally came from the Rankers. However, to the ordinary citizens, they might know Sovereign Qingdian, but they would not know him at all.

Above the starry sky, Sovereign Qingdian had turned into a sacred tree of thunder, all the leaves and roots had formed a world, locking Long Chen down. The lightning and thunder had contracted and were just about to tear Long Chen into pieces! All of a sudden, the Gods couldn't help but clamor at this scene!

Long Chen, however, became excited. Now, he was also channeling his own energy into Ling Xi, when the origin energy of the Primordial Divine Dragon Sky Calamity merged with the vegetative energy, a new type of energy was born. It had the nature of a dragon, but it also had the way to purify the vegetative energy!

"Sky Execution!"

Lingxiang's twin swords, the Sky Execution used by the two swords were different.

This part of the spirit sword, with the fusion of the Shattered Soul Sword Qi, was even harder to resist.

On the other hand, this part of the Susu Sword, which had been fused with the Sword Qi, was even more powerful and ferocious, possessing a berserk destructive power!

This Sky Execution of the Rules of Judgment charged straight at Sovereign Qingdian. He completely disregarded the surrounding lightning. This was actually an extremely desperate strategy, it was possible that both sides would suffer!

"What rule is that!"

The five Sky Sovereign and the other Rankers were stunned. The time rule that Long Chen had set earlier was already very profound, and it was actually difficult to differentiate between them in a short period of time. The reason why the rules now were the same, whether it be time break or Sky Execution, they were all extremely profound rules.

Rip!

The Sword Qi had first touched the Green Wood Lightning World!

Bang! Bang! Bang!

On the sacred tree of thunder, each branch was broken.

Most importantly, these branches and leaves were a part of Sovereign Qingdian's body!

"Do you think I would cower in the face of such a lose-lose situation?"

Sovereign Qingdian laughed out loud. He was completely going all out against Long Chen, and the Green Wood Thunder World continued to contract! He did not care about the power of the Sky Execution at all!

"Who wants to suffer a loss with you? I want to defeat you! "

Long Chen was small.

The other party thought that Sky Execution was just like that.

The real Sky Execution would only be used when the opponent cut off their branches and leaves. Before, it was also just the power of the Sword Qi. In the next moment, the Sky Execution erupted, bringing forth the power of Sovereign Qingdian's body. It turned into an uproar, and instantly engulfed his entire body, causing the golden and black divine dragons to destroy everything. Sovereign Qingdian's sacred tree of thunder body, started to explode from the inside!

"Rumble!"

The Gods clearly saw Sovereign Qingdian scream in pain. The Green Wood Thunder World exploded, his body exploding. Even if it was a tree, it looked very miserable!

This time, he was defeated!

Of course, this was only the beginning, because Long Chen's Sky Execution was still partly on the spirit sword! Then, his next sword strike pierced through the Green Wood Lightning World and stabbed onto the body of the sacred tree of thunder!

"Scram!"

Sovereign Qingdian roared and sent Long Chen flying, causing him to clash with the wall. But truthfully, this kind of injury could be easily healed with just the fire of Long Chen's life, whereas Sovereign Qingdian, who had received two Sky Execution in a row, did not have this kind of luck. Long Chen had fused the Power of Sky Execution into the Shattered Soul Sword Qi, so he only killed the primordial spirit!

"AHH!"

After forcing Long Chen back, Sovereign Qingdian screamed once again!

In the middle of the starry sky, the Green Wood Lightning World had completely shattered. Sovereign Qingdian's leaves that were formed from lightning continued to dance about, creating a ruckus as it tore apart the layers of space! The dual physical and primordial spirit attacks definitely caused Sovereign Qingdian severe injuries. Long Chen's rule had indeed suppressed the other party!

"How is this possible!"

Looking at the relaxed Long Chen and the defeated Sovereign Qingdian, the various gods opened their eyes wide and looked at this inconceivable scene. Sovereign Qingdian had never been defeated before, even when he was fighting with the other Holy Masters, he was at most tied with them.

It had to be known that Sovereign Qingdian had been nurtured by the five of them with all of their effort. Although they had a slight premonition, they still found it hard to believe that the blood and sweat they had nurtured had been broken down just like that.

The most unbearable estimate would be the jade complexion.

"He ... He actually loses!"

In her heart, even though Sovereign Qingdian's reputation was ruined, his strength had always been perfect. This was where jade complexion worshipped him, and she was extremely excited whenever she thought about it. She could not believe her eyes. This was actually real!

"Admit it."

Long Chen cupped his hands and laughed.

"No, it's not over yet." Looks like his wood attribute was a little similar to the power of life. It was extremely strong and durable, and the violent Power of Sky Execution was actually suppressed by this kind of Life Code. Of course, Sovereign Qingdian was still injured!

Amongst the sacred tree of thunder, two sets of thunderous eyes suddenly opened. Sovereign Qingdian let out a furious roar, the him who did not dare fail once again exploded out, this time he was going to risk it all! Evidently, he was not willing to accept this was the first time in his life that he had lost! To him, his life was destined to be eternally invincible!

"You're very strong!"

"But you met me!"

Sovereign Qingdian's low roar made all the people in the area revere, and they all drew closer to the Five Great Sky Sovereigns, afraid that they would be hurt by Sovereign Qingdian in this state. To be honest, Sovereign Qingdian rarely displayed such a state!

Law Explosion!

"Eternal Lightning Soul!"

This was definitely one of the most profound laws of a Celestial King!

Relying on his own power and natural trees, he unleashed it together. In an instant, the sacred trees of thunder underwent a huge change, their innumerable leaves and roots actually combining together to form a gigantic lightning array formation, and the tree trunk was like a swimming dragon swimming within the lightning array formation!

Extermination spell formation!

The cyan colored lightning array formation surged for a short period of time. Once it was formed, it would definitely be a power that could destroy the heavens and earth, and could even spread to the common people. It was definitely impossible for Emperor Violetjewel and Emperor Qing Xu to display this kind of destruction laws, and it was also a point that Sovereign Qingdian was proud of!

"Let's turn to dust!"

On the blue thunder array diagram, countless arcs of thunder began to explode outwards, vaguely forming a divine dragon made of thunder!

"Will it?"

What made Sovereign Qingdian feel uneasy was that even in the face of such a killing move, Long Chen still maintained his composure and only smiled normally. However, at this moment, he was different. His eyes had started to change.

"It's that move!" Below, Yi Mu Emperor's eyes were wide open. He was defeated by Long Chen's eyes. In his Divine Kingdom, Wan Qing was also watching this scene, his eyes filled with longing.

"He's actually able to fight against Sovereign Qingdian, he's too powerful!"

Then, what does Long Chen want to do?

It was very simple, it was just the Eye of Fate and wishful eye.

But in truth, this was almost his strongest combination.

Even though Sovereign Qingdian's current voice was loud, when Long Chen used the Heaven's Eye of Destiny and that streak of white light instantly pressed down onto Sovereign Qingdian's body, the opponent's current arrangement was immediately suppressed. The Eternal Indestructible Lightning Soul instantly dimmed, as if it was about to change its fate!

"Why?"

This kind of opponent that he could not defend against was the most terrifying. Even when the opponent was able to suppress his own attack, still couldn't help but panic!

He looked at Long Chen in shock, especially his two white eyes.

"wishful eye!"

Swish!

The other streak of white light rushed into his field of vision. It was the power of the rules, and in that instant, Sovereign Qingdian had suddenly withdrawn the power of the Eternal Endless Lightning Soul, causing him to give up resisting. And in the next moment, Long Chen appeared right in front of him, transformed his hands into dragon claws, and pierced into Sovereign Qingdian's body in an instant.

To be honest, even though he had merged with natural tree, Infinite Divine Art and sacred tree of thunder with Order-level, this guy was still not his match.

"You lost." Long Chen said again.

Sovereign Qingdian felt the danger of death.

They were all confused, and were also extremely shocked. This result, currently, not many people could guess, only that everyone understood that Long Chen was the genius who had truly defeated them, Sovereign Qingdian!

Sovereign Qingdian withdrew his natural tree and recovered his human form. After experiencing this battle, his face was completely pale. He reckoned that this kind of guy would definitely hate him after losing and would definitely be unable to endure it. However, Sovereign Qingdian was much stronger than what he could endure in his heart, so he suddenly laughed and said, "Brother Yang Chen is truly amazing. I, Qinglei, am completely convinced. Awesome, admiring! "

To be able to accept it so confidently meant that he was not the brutal and brutal foppish young lord he seemed. He was dark and cunning. Apparently, he was pretending to be so careless.

It was over.

Many Jianmu s could not accept the result of this battle. They watched in astonishment as Long Chen and Sovereign Qingdian returned. Especially that jade complexion, she was waiting for Sovereign Qingdian to easily finish off his opponent and then bring her to something else.

The five Sky Sovereign looked at each other. They had already made up their minds.

"Brother Yang Chen is indeed worthy of being the strongest person in the world. As expected, he is not ordinary.

Sovereign Qingdian immediately replied: "Yes, yes, Brother Yang Chen taught me that there are mountains outside the mountain, and there are people beyond the mountains. Master, the test is now over. He is our friend after all. " Then, he said to Long Chen, "Brother Yang Chen, from today onwards, you will be my, Sovereign Qingdian's, brother."

## Chapter 2786 - Jianmu Jihad

When Sovereign Qingdian was about to bring Long Chen into the Creation of the Heavenly Palace of the Wood God, she quietly went over to Sovereign Qingdian's side and looked at him with a bit of hatred. Then, he said to Sovereign Qingdian, "Big Brother Qinglei, I ..."

Sovereign Qingdian glanced at her, then said: "Go to the side, I'm busy right now."

The jade complexion was suddenly upset. Just then, he had hugged her and said all the good things. Could it be that because Long Chen defeated him, he suffered a setback in his heart, and although he was showing a very cheerful appearance, his heart was still tormented?

"In my heart, you will always be the strongest!" The jade complexion anxiously said.

"Didn't I tell you to go to the side!" Sovereign Qingdian was suddenly angered, and his blue eyes flashed with lightning. However, it was in front of the crowd now, so his anger only lasted for a moment, and then was immediately retracted, and he said: "Go back first. I still have some important matters to attend to, so I'll come look for you again tonight."

"Mhmm!" "Alright!" She quickly ran away happily. Not long after she left, she actually saw Wan Qing standing in front of her, and her mood immediately dropped. After all, she was already very uncomfortable after losing to Sovereign Qingdian, so she directly thought of leaving through Wan Qing.

"Jade complexion, turn around and face the shore. Don't ruin everything on yourself."

Wan Qing said with a hoarse voice.

"Like I said, you and I are impossible!" Don't be so alarmist, he's not as bad as you think. "

"What's impossible? How long have we grown up together?" Wan Qing could not imagine that she would become like this.

"So what?" The jade complexion shot a glance at her before swiftly entering the Creation of the Heavenly Palace of the Wood God, leaving Wan Qing standing alone in the breeze, unable to hold back his tears from flowing down. He knelt on the ground and trembled, his mind filled with the last words the jade complexion said, the more he imagined it, the more painful it would be.

"After experiencing so many things together, I ended up with a sentence. What does that matter?"

"If I have Yang Chen's power, I can defeat him."

He pulled Wan Qing up. Seeing that his disciple had completely lost all will to fight, he shook his head and said: "Calm down for a while, and then you will understand. This has nothing to do with fate, it's mainly because you insist on doing so for someone you aren't suitable for. The future is still long. Who knows what will happen in the future? "

"Yes!"

Wan Qing woodenly nodded his head, but he did not take it in.

It was at this moment that Sky Sovereign Desolate Wood announced: "Regarding today's battle, don't spread the news of Yang Chen's existence. If the Phoenix Clan were to find out who leaked the news, what kind of punishment would that be, everyone would understand in their hearts."

The gods immediately became terrified and shut their mouths.

"Brother Yang Chen, this way please." Sovereign Qingdian seemed to have completely forgotten about that previous battle and became extremely passionate. However, a devilish smile constantly hung on the corners of his mouth, causing people to be unable to help from feeling fear. Of course, Long Chen already knew what kind of person he was, he naturally wouldn't have any fear of losing, but there was still some fear. This was the Wood Creation Holy Tree, it was their territory.

Those accompanying Long Chen next, were all Sky Sovereign and Saint level experts. They brought Long Chen to a magnificent palace one after another, and invited him to take a seat.

"Since Master Yang Chen is willing to help us, then we will not be unreasonable. After all, we do need your help in places. In return, you can freely move about in the areas controlled by our Creatures of Jianmu, and can also obtain the deepest friendship from our Creation of the Heavenly Palace of the Wood God. In addition, if you have any requests, you can ask us for them. " The moment he sat down, Sky Sovereign Huang Mu went straight to the point, and started to chat with Long Chen.

Long Chen knew what they meant. He smiled faintly and said: "Actually, there's no need to make it sound so formal. The reason I'm here today, is mainly to make friends.

"Clap clap!" Sovereign Qingdian clapped his hands at the side, and laughed: "Brother's words are much better than that old man's. Don't bother with them, they are just official like this, it is too boring. If there's anything lacking, tell me, as long as you have it on the Tree, it's not impossible! "

That, of course, is all.

Long Chen wanted their Jianmu Holy Soul, of course they wouldn't give it to him.

Everyone started to chat and laugh. After confirming the relationship between the friends, the atmosphere seemed to be extremely harmonious, and after chatting for a bit, Long Chen said: "I wonder what all of you have said I would help you with?"

At this time, he coughed twice and said: "It's like this, we are building the Wood Sacred Tree, the Phoenix Clan and our human race are mortal enemies for the past tens of millions of years, you should know that right?"

Long Chen nodded: "I heard from the God that was leading the way."

Sky Sovereign Desolate Wood was very satisfied and continued: "We have a unique treasure called the Jianmu Holy Soul on the tree. This was the soul of the holy tree. By occupying the Jianmu Holy Soul, it could ensure the prosperity of every race. It is precisely because we control Jianmu Holy Soul that, in these past few million years, the number of talents in our human race has increased, and we have faintly suppressed the Phoenix Clan. That is why the Jianmu Holy Soul are so important! "

"So that's how it is!"

Actually, they would not actually use the Origin Dragon Soul. Of course, they were not human beings from dragon sacrifice, so it was normal for them to not know that the Origin Dragon Soul was the Origin Dragon Soul.

"Actually, for a period of time, our two races have always been fighting for the Jianmu Holy Soul, and it has continued for countless years. For the sake of the Jianmu Holy Soul, our two races have suffered countless deaths and injuries, and it has even become weaker and weaker, and the result is not good for either of us. So, later on, our two races have agreed that every hundred thousand years, there will be a 'World Tree Battle War' to determine the location of the Jianmu Holy Soul. The victorious side in the World Tree Battle War will have a hundred thousand years for the Jianmu Holy Soul, and the other side will not be allowed to snatch the Jianmu Holy Soul or break the rules for the next hundred thousand years."

This was a good idea. As long as both parties strictly followed each other, it could prevent unnecessary casualties.

"This rule has been going on for a very long time. Both of us have strictly followed this rule for tens of millions of years. That's why you can see how peaceful it is right now." What we humans are proud of is that in fact, there are nearly two million years of time, and the Jianmu Holy Soul are all on our side. This was an unprecedented glory and glory! And because we have possessed Jianmu Holy Soul for over two million years, we have given birth to a genius like Qinglei, and maybe even more in the future! Therefore, no matter how many times the World Spiritist Sacred War occurs, we cannot abandon the Jianmu Holy Soul! We absolutely cannot let the Phoenix Clan have it! "

Long Chen roughly knew what to do now.

He asked, "Is the next World War Building Tree going to start soon?"

In the center, Sky Sovereign Desolate Wood nodded his head and said, "Recently, the atmosphere in the World Tree has been extremely tense. It is actually the calm before the storm. Because the World Tree Battle War is about to start in less than half a year, without you, we have a 60% chance of winning. If you're included, we have a 90% chance of winning! Saying 90% is actually a courtesy, after all, you have to give some face to your opponent, right? "

Everyone burst into laughter.

Long Chen also laughed, and said, "Sky Sovereign thinks so highly of me? However, I am actually quite curious, exactly what kind of form is this World Spiritist Sacred War? "

Sovereign Qingdian snatched back the words and said: "It's simple. Our two races, each clan will send ten people. With ten of them and ten of us, our side's Five Great Sacred Masters and their Five Sacred Sovereigns will definitely come out to fight. On our side, we will choose five of the ten strongest Saint Rulers, and they will also choose five of the strongest Saint Kings in the phoenix race. Each side had ten people, and each side was engaged in a war of attrition. Each side will send one person out. Defeat, death, or surrender until one side loses the first ten, while the other side wins. "

We have fought against them countless of times, but in reality, we have won far more. Other than the Ascendants and the Saint Kings, the other martial artists aren't very useful, but there are still a few that can change the balance of the battle! Speaking to here, what I mean is that they don't actually understand you. When the time comes, I'll arrange for you to be defeated by at least two opponents, so you won't be one of the five Saint Kings, which would be of great help to us. After all, even if we want to settle the God King of Perfection, it would take us a lot of effort.

Sovereign Qingdian laughed coldly: "Tell the truth, they have already lost more than twenty times in a row. If this goes on, their clans will be exterminated! Therefore, their counterattack this time would be very serious! So with your help, we can give them a big surprise! "

Long Chen understood.

It seemed that his role was very important!

Then, at least before the Creation Holy War, he would be safe, and with all sorts of reasons, he could get close to the Jianmu Holy Soul. Of course, he didn't care about the Holy War, his only goal was to get the Origin Dragon Soul!

Of course, the other party would definitely have ulterior motives. After all, no matter what, he was a threat to them.

After discussion, Sovereign Qingdian arranged a place for Long Chen to stay.

"From today onwards, we are brothers. If we cannot live together, then we will die together. I finally found someone of the same generation who can surpass me, and I welcome you to stay behind and build the holy tree. We brothers will flatten the phoenix race together, what do you think?"

Long Chen said: "That's great, I also want to kill a few more gods, to see what it feels like."

## Chapter 2787 - Hunting

"Damn it, your mother is so strong. Those eyes glanced at your father, and your father's Eternal Indestructible Lightning Soul crumbled. I was the one who crumbled it!" Furthermore, that previous sword strike only cut apart a few branches of the sacred tree of thunder, yet a surge of power unexpectedly rushed in. It is hard to determine what kind of rule it was, but it directly ignited my Supreme Yi Greenwood Thunder Power source, so even I am unable to control it! "

Sovereign Qingdian fiercely sat down, his face full of sullenness.

On the side, there were five Sky Sovereign s. When facing Long Chen, they were more amiable, but their expressions were very serious.

"Disciple, can you tell what the rules are?"

Empyrean Waterwood of the Arctic asked in a soft and gentle voice.

"Who knows!" "It's not just one type, it might be three or four. Each type is extremely magical, especially after that claw pierced into my body. I felt as if my life was about to be taken away at that instant, so it must be a type of rule."

In the golden-haired middle-aged man, Extreme East Golden Wood Sky Sovereign said in shock, "Since he's that powerful and he's so young, if he continues to stay with us, he'll become a great threat to us in the future. Although they were both human beings, he was not one of them. It was best to get rid of him as soon as possible. It was too dangerous to use such a person. Other than the five of us, I am afraid that no one else in Creation of the Heavenly Palace of the Wood God will be able to suppress him. "

Indeed, they did not expect Long Chen to be powerful to this extent.

"There's no need to worry, the World Tree Holy War still needs his help. How about this, let's see the result of the World Tree Holy War. After we win, we will immediately eliminate him. He's no use to us anyway. " Finally, Empyrean Desolate Wood made his decision.

He was the oldest of them all. Compared to the other Empyreans, he had tens of millions of years of history. The other Empyreans also respected him.

"Green Lightning."

In the end, Empyrean Desolate Wood looked at Sovereign Qingdian.

"What?" The first time he lost, even though his mind was calm, he still didn't feel good about it. If he lost to an Sky Sovereign, that would be good, but he was defeated by Long Chen.

"Then I'll leave Yang Chen to you. Before the World War I, keep an eye on him and any actions you make to us. Our only goal is to use his power to help us achieve victory in the Wooden War. "Also, I still

suspect that he came here to build the Wood Holy Tree for his purpose, so you'd better be able to figure out what his real purpose is."

"Do you want me to drop my status and get close to him?"

"Is there a problem?"

"No, I've already done it, but you have to agree to one of my requests. When we get rid of him, I'll make a move."

"Of course."

Long Chen received hospitality from the Jianmu, and was able to move about in the borders of Creation of the Heavenly Palace of the Wood God as well as all of its borders. Wan Qing was sent to be Long Chen's guide, to introduce all of this to Long Chen. However, in these past few days, Long Chen rarely left the Creation of the Heavenly Palace of the Wood God, and even very rarely left his residence.

If he were to go out and meet other deities, they would respectfully address him as Saint Yang. This was their way of addressing themselves. The status that represented Long Chen, was the same as the ten Great Sacred Masters because he had defeated Sovereign Qingdian. The thousands of Jianmu s were actually more respectful towards him.

Other than Wan Qing.

For the past few days, not only had he served Long Chen, he even spent more of his time standing there stunned, not saying a word.

"How is it, do you want to kill him?"

Long Chen stood beside him and said softly.

"No, no!"

Wan Qing was shocked, and said: "Saint Yang, don't speak nonsense. This is going to kill me. "

"Don't worry, they won't be able to hear what you're saying here. This is my territory." Long Chen said with a smile.

"Is that so?"

Wan Qing looked at Long Chen blankly.

Long Chen patted his shoulder, and said: "Work hard, there will always be a chance. However, some people weren't suitable to begin with, and the things that should be abandoned still had to be abandoned. I don't want to be beyond redemption. "

Although he had never experienced this kind of feeling of being betrayed, it should be very miserable. It was just that the reality was so cruel, and he simply had no way of surpassing Sovereign Qingdian in terms of strength, and jade complexion was not the jade complexion in his heart.

"Thank you." Wan Qing bowed to him respectfully.

"Saint Yang, you are definitely a good person. I apologize for my previous actions. When I heard that you came from another world, I had already planned to lure you to the Creation of the Heavenly Palace of the Wood God and have my master deal with you. I didn't expect you to be so powerful. "

He only expressed his thanks and did not leave this matter. In his heart, he was still very miserable, but he felt that Long Chen would not be able to help out in this matter. Wan Qing did not seem to want to give up, so he had no choice.

"My long life in the jade complexion was only her shadow. We had planned so many wonderful things, yet she suddenly left me. Why is it that Sovereign Qingdian is stronger than me?! "But, he's not a good person!"

As soon as Long Chen left, he painfully covered his head with his hands as his eyes filled with tears.

"What a pity." Yang Lingqing, Su Yan and the others were so moved that they burst into tears.

Boss, when we leave, we can just take him away. Staying here in the World Tree, sooner or later, he will be killed by Sovereign Qingdian. "

The kitten said slyly.

However, he had said what Long Chen wanted to say. After all, meeting was fate.

But the most important thing was the Origin Dragon Soul. He was currently in Creation of the Heavenly Palace of the Wood God and as he stepped on the ground in the middle of the forest, he could vaguely sense that there was something trembling in the earth. It was obvious that there was something below him.

"If I want to take away the Origin Dragon Soul, I have to move the Creation of the Heavenly Palace of the Wood God. This Creation Divine Weapon is in the hands of Emphyrean Desolate Wood, and all the deities are in there. It's impossible for me to unknowingly move it away!"

So for the time being, what could he do?

After all, they were five Emphyreans, five Extreme Realm God King, and ten Perfection Divine Kings. It was hard to escape.

"It seems that the only way is to make use of the conditions here to make us stronger. If necessary, there's no problem in secretly killing gods!"

Long Chen made a decision.

In the Divine Kingdom, the development of the entire human race was not balanced. More and more strong warriors were born, and the group of Dragon Emperors were also growing.

Mo Xiaolang was getting closer to the Divine King.

Ling Xi made better progress and started to study the seventh type of Heavenly Code Spiritualism. After the seventh type was successful, she reckoned that she would be able to reach the realm of the God King Perfection.

Of course, there were even more interesting things by her side, and that were the lionesses. As Ling Xi grew, they also grew bigger, and gradually gained some mysterious power. She believed that these cute little things would become more useful in the future.

"Everything is ready, we just have to wait for us to become stronger, snatch the Jianmu Holy Soul, and then quickly leave this place!"

As for power, he had to wait for an opportunity.

After around ten days, Long Chen began to travel across the entire Creation of the Heavenly Palace of the Wood God, and also walked around the entire Tree Creation Holy Tree. He estimated that the Jianmu had already collected all the valuable things here, and did not find anything special.

On the contrary, Sovereign Qingdian had looked for Long Chen a few times, and they were all talking about things that had no nutrition.

He seemed to be in a very good mood as he loudly said: "Brother Yang Chen, today, I plan to bring you to 'hunt', and it is extremely interesting. You must come with me, since you have been here for such a long time, you must first meet those damned Phoenix Clan, right?"

"Hunt?" Phoenix Clan? To attack them? "

Long Chen squinted his eyes and asked.

"Not only that, I'm actually also bringing you along to experience it. Just follow me, didn't I say before? The two of us brothers will trample the Phoenix Clan one day, and that's just for the first time today. "Let's go!"

Phoenix Clan!

Then I'll have to go check out the territory of the Phoenix Clan.

Although the Origin Dragon Soul was just around the corner, Long Chen didn't have any other choice for the time being, unless he could get rid of the five Sky Sovereigns.

"Alright, then let's go hunt."

To be in their company, one must abide by their rules.

Sovereign Qingdian had always been a type of scum that made people hate him when he was outside.

So he followed Sovereign Qingdian and prepared to leave this place.

"Wan Qing? It's been said that the jade complexion has been with you for a long time. Sovereign Qingdian suddenly saw Wan Qing.

"I ..."

Wan Qing crumbled once again. There were millions of emotions of anger in his heart, and he didn't dare to release them in order to survive.

"She's not bad. After so long, you really can't take it anymore. I can't stand it anymore, haha." After ridiculing him for a while, Sovereign Qingdian called Long Chen to leave, leaving him standing there in a daze, his heart as though it was being stabbed by knives.

"Can you imagine the day you kill him?"

Suddenly, a sentence appeared in his mind.

"Who is it!" Wan Qing looked around anxiously with tears in his eyes, but there was no one around him.

"What does Saint Yang's voice mean?" Wan Qing was bewildered. Looking at the direction that Long Chen disappeared in, Long Chen did not turn around to look at him. At this time, they had already left the Creation of the Heavenly Palace of the Wood God, and were heading towards the borders of the Phoenix Clan.

"This guy is truly a shameless person. Not only did he steal the women of others, he even humiliated them. This kind of person will not have a good ending. " Yang Lingqing looked at Sovereign Qingdian silently, and said with disgust.

"It just so happens that I almost entered the realm of A master-class Empyrean God." Long Chen followed behind Sovereign Qingdian, their speed was extremely fast. Although the distance between the tree trunk and the crown of the Tree Building Holy Tree was limitless, equivalent to crossing Dragon Sacrifice Continent, it was still nothing more than half a day's worth of time for a Divine King.

"We're here."

In front of him was a pitch black area, as if there were countless land masses floating in space. Those were the leaves.

#### Chapter 2788 - Sacred Leaf Continent

The phoenix race were all bird-type demon beasts, so no matter how weak they were, they still possessed the ability to fly. The difference was how high they could fly.

The phoenix race occupied the entire crown of the World Tree, and they had countless branches and leaves. If you counted the territories within, they were actually much larger than the territories occupied by their Creatures of Jianmu s.

However, the territory of the Phoenix Clan was more scattered and not as stable as the trunk of the World Tree.

Generally speaking, leaves would grow and they would also wither. A single leaf would have a lifespan of several hundred thousand years and new leaves would appear. Old leaves would die, so for the phoenix race, migration was a common occurrence. It was precisely because of this that this world seemed so interesting.

In the endless starry sky, there were layers and layers of leaves, just like continents. At the same time, the thick branches would also have phoenixes resting within them, and there would also be powerful phoenixes dancing amidst the leaves. This was a paradise for birds.

"A magical world."

Looking at this endless world of leaves, Long Chen couldn't help but sigh.

Just as they were about to enter the territory of the Phoenix Clan, Long Chen could not help but ask: "Are you not afraid of the Phoenix Clan attacking you from afar when you enter even deeper into their territory? After all, if they were to kill you, it would be much easier for them. "

Sovereign Qingdian laughed disdainfully, then said, "Unless the five of them, the five Sacred Emperors, were to attack together, it would not be that easy to kill me. Secondly, my masters can save me at any time. Thirdly, I have many ways of protecting my life, and the most important one is that the Phoenix Clan does not dare to kill me. If they dare to kill me, it means that a great war between the two races will erupt, and their deaths will be nullified.

After saying that, he laughed complacently and said, "Actually, this is all because of the World Tree Holy War. Since the World Tree Holy War began, neither of the two races have ever fought against each other again, because the World Tree Holy War can convince both sides. However, the funny thing is that they have not won any of the twenty-three times in a row. For the sake of this World War II, they have probably been preparing for it for over a hundred thousand years. It's a pity that this time we have you, so they will lose twenty-four times in a row! "

After he finished speaking, Sovereign Qingdian transformed into a bolt of lightning, laughed loudly and rushed into the Phoenix Clan's territory, searching for his hunting grounds.

"Of course, during the hunt, or rather, because I had killed over a hundred million members of the Phoenix Clan, they could only protest a few words. Think about it, if I were to fall, a great war between the two races will happen. And if I kill a hundred million of the phoenix race's creatures, they will only be able to protest a few times. My life is more precious than at least half of the human life! "

Sovereign Qingdian laughed sinisterly, his eyes full of lightning filled with impact.

"I feel good about myself, but what he said is the truth. These gods who have been assimilated by the Heaven-Devouring Race will not take all living beings seriously. Looks like assassinating this fellow here isn't a good thing. Even if I were to push him to the Phoenix Clan, it would bring disaster to the creatures on the holy tree. Just bear with it. "

Long Chen thought it through in his heart.

Previously, he had thought of devouring Sovereign Qingdian blood, but now it seemed that he couldn't do that. Otherwise, it would bring about a disaster.

"Let the hunt begin! "Brother, let's play!" Sovereign Qingdian screamed as he charged towards a leaf. That leaf was as big as the Divine Dragon Nation, and was about the size of a Imperial Domain or a War God's Ancient City Realm. As they descended upon the leaf, one could see that although it was just a leaf, it wasn't much different from the real land. There were tall mountains, large rivers, forests, and plains.

"The Phoenix Clan calls every leaf of the Wood Building Holy Tree as the 'Holy Leaf Continent'. Then, he added a name on top of that, forming the names of every Holy Leaf Continent. For example, 'Holy Snow Continent', 'Sacred Heart Continent'. There were too many people on the World of Holy Leaves on this tree. The Holy Leaf Continent would often be destroyed, and a new Holy Leaf Continent would be born. Every Holy Leaf Continent has a Holy Leaf's Nest. It is the place where the experts of the Holy Leaf Continent gather.

To see him kill someone?

Long Chen would not kill innocent people, but Sovereign Qingdian had done so before, so he was in a difficult position. However, if he was stopped, the other party would definitely think that he was related to the Phoenix Clan! Long Chen clearly understood that this time, the reason Sovereign Qingdian had brought him here was definitely because the five Emphyreans had permitted it. The purpose should be to test whether or not Long Chen was related to the Phoenix Clan!

If she stopped him, it would be hard to explain.

While he was still thinking, Sovereign Qingdian had descended in front of the Sacred Leaf's Nest on the Sacred Leaf Continent. It was a multi-colored bird nest, and it was extremely exquisite, like a dream or illusion, like a sparkling gem. It was extremely warm, not too big, and there were about a thousand plus Phoenix Clan members within it.

This was the gathering place of the strongest experts of the Sacred Leaf Continent.

"The bastards of the Phoenix Clan!"

At this time, Sovereign Qingdian laughed sinisterly, his expression turned sinister and berserk. His voice immediately gave rise to panic, and the numerous beasts inside the Holy Leaf's nest were preparing to escape. Sovereign Qingdian looked at Long Chen and said, "Brother, let's fight! Kill to your heart's content! "

Finished speaking, he waved his hand, and a green bolt of lightning hundreds of meters in diameter descended from the sky.

Pah pah pah!

The Sacred Leaf's nest was not destroyed. On the other hand, over a thousand of the demon beasts were wrapped by the green lightning. For a time, countless screams of despair rang out from below.

"It's Sovereign Qingdian!"

They finally recognized Sovereign Qingdian.

But it was already too late. A thousand demons were in despair, screaming in pain as Sovereign Qingdian killed them all right in front of him!

Long Chen personally saw these innocent people die, but he endured it in the end. Life was indeed like this, there was always a chance of death, and every moment there was always a chance of death.

Now, it was not the world that the Ten Great Ancestor Dragon controlled previously. All life was reincarnated, but it was shrinking now at all times. A large portion of the souls of these dead would be absorbed by the Fiendgod.

"It's really great, let's do it again, Yang Chen, you do it too!"

Sovereign Qingdian laughed out loud. This time, he had played a big game, he opened his arms wide, his face filled with a sinister look, and in an instant, the entire Sacred Leaf Continent's sky was covered with a cyan colored electric net. The hundred million beasts here immediately screamed miserably, as they knew, if this cyan electric net descended, the entire Sacred Leaf Continent would be destroyed!

With a wave of his hand, he exterminated a continent. This was the might of a god!

"Come! "Come on!" The hundred million living beings were all wailing in pain, and every single one of their faces of terror appeared in front of Long Chen. Every single one of them were screaming at the top of their lungs, because every single one of them had their own family and friends, and every single one of them was facing the fear of death.

Long Chen recalled Sovereign Qingdian's words.

His life, was comparable to half of Creatures of Jianmu's.

This was not arrogance, this was the truth. This was the rule of the world that the Heaven-Devouring Tribe controlled. The strong were everything!

"This damned thing!" Yang Lingqing could not stand watching this any longer.

"Brother Chen." Ling Xi called out softly. Although Long Chen had no relationship with the Phoenix Clan, this matter had occurred right before his eyes. Even if the other party was testing him, he could not tolerate it.

Long Chen obviously knew his limits.

"There's no rush."

Long Chen interrupted Sovereign Qingdian and said: "Don't touch these normal lives, killing them is useless. Let's go deeper in and see if we can find any big fish, that's a hunting, and this is destruction on your part. This is very boring, what do you think?"

The big fish that Long Chen spoke of was naturally a god.

If a deity's destruction could be exchanged for the survival of this hundred million lives, then he would be able to accept it a little.

"You're right, I'm not hunting. Haha, brother, you have some taste. I'm just a mortal, no wonder I can't beat you." Sovereign Qingdian removed the electric net and looked at Long Chen meaningfully for a

moment. Then, he smiled and said, "Then let's go and hunt for our true big fish. I won't go back unless we catch a big fish today."

Obviously, he was trying to provoke and test him.

On one hand, it was the Origin Dragon Soul that he had to obtain. On the other hand, it was the life of innocent people, and he had indeed given Long Chen a very difficult choice. If he really forced Long Chen to a dead end, he wouldn't mind fighting on the spot.

Of course, that was a last resort.

This area of the Sacred Leaf Continent could be considered to be safe.

However, the panic did not dissipate.

"Is this guy crazy?" Yang Lingqing said angrily.

"Don't worry, I'll take care of him." Long Chen said.

Following that, the two of them wandered around the Sacred Leaf Continent.

"Big fish, big fish, hurry up and show yourself. This place is almost at the phoenix nest. Where the Five Sacred Emperor is, hehe. "

After searching around 20 odd Holy Leaf Continents and finding that there were no gods, Sovereign Qingdian was about to lose his patience.

"When we find a big fish, I'll have to play around and kill it. Otherwise, we'll have wasted our time searching for a big fish today."

Sovereign Qingdian laughed as they went over a sea of trees. Finally, they saw a new piece of land.

"This Holy Leaf Continent is truly huge!"

When they approached, Sovereign Qingdian's eyes lit up, and said in surprise: "I think, I already saw the big fish. Big fish, don't run! "

In the blink of an eye, he traversed thousands of kilometers and appeared on top of the Sacred Leaf's nest on the Sacred Leaf Continent. With just a slight bit of control, he had already restricted this area.

"He took the bait." Sovereign Qingdian laughed loudly.

Chapter 2789 - Building the Wood God's Containment Crystal

"Greetings, noble phoenixes."

Sovereign Qingdian appeared at the entrance of the Sacred Leaf Nest. No matter how many layers of restrictions were placed on the door, he would directly enter through them. Long Chen followed him in as well.

"Who is it!"

There were around a few thousand people in Sacred Leaf City, all of them above tribulation of reincarnation. They were either the strongest people in the entire Sacred Leaf Continent, or some young geniuses. Of course, this level of genius could not compare to Sovereign Qingdian.

Shua shua shua!

Hearing Sovereign Qingdian's voice, thousands of people immediately appeared in front of him. There were old and young, all of them were of the Phoenix Clan. Within the Sacred Leaf Nest, they naturally lived in human forms.

To the entire Sacred Leaf Continent, this was a sacred land, a place that ordinary people yearned for, so no one would barge in here. Furthermore, it was obvious that it was not of the Phoenix Clan!

"Who are you!"

Right at this moment, a large movement exploded out from the depths of the Holy Leaf's nest. With the ear-piercing cry of a bird, flames rushed into the skies, and a Flaming Phoenix similar to the one that had seen in the Nine Phoenix Sect all rushed out from there, heading in their direction.

"Everyone, don't try to dodge it. The other side is a human deity!"

This was the Fire Phoenix's urgent notification.

The phoenixes were terrified.

But it was too late.

Sovereign Qingdian smiled and flicked the green lightning ball in his hand, releasing it. Instantly, the green light engulfed every inch of his field of vision, and with a boom, the lightning ball exploded, producing a destructive might. Under the strong shockwave, not only were there thousands of phoenix clansmen with tribulation of reincarnation, even the fire phoenix was drowned!

BOOM!

He attacked too quickly, and Long Chen was not even able to stop him. The scene before his eyes made Long Chen feel extremely stifled in his heart, whether or not to kill Sovereign Qingdian at this time, became his difficult choice.

Even though that fire phoenix was a divine spirit, it was only a Taiji Realm. There were already tens of thousands of divine dragons of this level in the God Nation of Long Chen. Of course, those divine dragons had a bright future ahead of them.

In one attack from Sovereign Qingdian, aside from the Fire Phoenix, the rest had all died. In this charred world, the only thing that survived was the phoenix's weakened body.

"This big fish is actually a little small, but at least it's full. It's just that Brother Yang Chen seems to only have one fish, it's not enough for us to share."

In the hands of the Perfection Divine King, the injured Phoenix Divine Spirit was completely unable to resist, let alone escape from this predicament. This was a woman with a beautiful face and an exquisite figure, she was currently trembling with hatred as she looked at Sovereign Qingdian and said in despair, "I know you, you are Sovereign Qingdian! You actually appeared here and killed my Phoenix Clan's clansmen! The five of us won't let you off! "

"Is that so?" Sovereign Qingdian's eyes burned with passion as he sized up the woman of the Phoenix Clan, and said: "You're just a fish today, so you should be more obedient. Don't think about anything else, you five Sacred Emperors won't be able to kill me. No one can save you today. Do you know what I'm going to do? I'll tell you in secret, I have never tasted the flavor of a Phoenix God, don't you feel honored? "

Hearing this, the originally sad and hateful Fire Phoenix's face became pale white. She crazily resisted, but could not escape Sovereign Qingdian's control, so she could only wail and howl and angrily curse: "Sovereign Qingdian, you are a bastard! You won't live long! Our Phoenix Clan will definitely exterminate you, this dog stuff! You have committed so many crimes, even the heavens cannot forgive you! You will die a horrible death! "

"Haha, it feels good scolding me!" Yes, that's right. Only by acting like this can you look a bit more energetic. "You are our big fish." Sovereign Qingdian scolded as he began to assault the other party. Right at this moment, he stopped, looked at Long Chen, and laughed awkwardly: "I am truly sorry, brother, I am sure that I gave you some good things to enjoy first. Today, I will give you this big fish first, since you are a guest, after all, I have not entertained you even after coming for so many days. You probably won't reject my good intentions, right? I'm sure you won't refuse. "

After saying that, he tossed the Fire Phoenix, who was cursing furiously, to Long Chen, and laughed: "You enjoy yourself, I won't stand in your way anymore, I'll wait for you outside. "Don't worry, I have plenty of time."

With that, he turned into a bolt of lightning and disappeared.

Long Chen caught the woman from the Phoenix Clan.

"Bastard, who are you!" In her eyes, Long Chen was definitely an accomplice of hers. Merely, just as she finished cursing, Long Chen released her and said: "Let's go."

"What do you mean?" The Phoenix girl was stunned. Before she finished speaking, Long Chen had already left. He arrived outside of the Sacred Leaf Continent, and stood before Sovereign Qingdian. Sovereign Qingdian looked at him coldly, and said: "Brother, are you really not giving me face?"

Long Chen said indifferently: "You left in too much of a hurry, I'm already different from you in this regard, I'm already married."

"Brothers are like siblings, women are like clothes, what kind of marriage are you? Don't worry about her, once you're done putting on your clothes, you can change." Sovereign Qingdian laughed sinisterly.

"No."

"Alright, then this big fish belongs to me."

Sovereign Qingdian was about to go down.

Long Chen stopped him.

Sovereign Qingdian squinted his eyes. Of course, he did everything today on purpose, and now that Long Chen was still blocking him, he could not help but sneer: "Yang Chen, I treat you as my brother. You can't be a spy for the Phoenix Clan, right?"

Long Chen wasn't afraid of him, if they really were to fight, then he could only kill them and start a fight immediately. If he didn't want to fight, he could cover it up. After all, the Origin Dragon Soul was still very important. Therefore, he said, "Even so, we have different ways of handling things. As the strong, I have never humiliated the weak and the weak. So, your so-called 'hunt' today should not have me brought out. Of course, apart from this, I have no other conflicts with you. I am willing to travel the world and I am willing to help you win the World War II, but I am sorry that if you kill innocently and insult others in front of me, I cannot sit idly by and do nothing. This has nothing to do with the Phoenix Clan. No matter who you are facing, I will not sit idly by. "

"Oh?"

After Sovereign Qingdian heard this, he laughed and said, "Looks like there are quite a few rules for a fellow like you. Not bad, very personal. Today's hunt was truly a failure. At worst, I just won't bring you

out next time. However, this will not affect us from being brothers. I'm afraid we won't be able to do it even if we flatten the entire Phoenix Clan together? "

"I won't be here for long. Things that I can't see, and I won't care. " Long Chen said. Previously, he had been a bit hesitant. After all, the other party was testing him. Now that he had thought it through, it didn't matter. He was worried about the Five Great Emperors and the Five Great Emperors.

At this time, on the Sacred Leaf Continent, the fire phoenix had already recovered quite a bit. It immediately fled in the direction of the phoenix nest.

As Sovereign Qingdian saw her fleeing voice, he chuckled and said, "Little girl, tell Zhu Xi to wash up and wait for me. In a short while, she will be my woman!"

Fire Phoenix immediately fled.

"Who is Zhu Xi?" This was the first time Long Chen had heard of this name.

"He's a member of the Phoenix Clan, he can be considered my opponent. She's around the same age as me, and was groomed by the Phoenix Clan to deal with me. If she became my woman, do you think those old fellows of the Phoenix Clan would die from anger? "Haha!"

As if he had forgotten about the conflict between the two, Sovereign Qingdian started laughing heartily.

"Go back." Long Chen was too lazy to bother with this crazy guy.

Not long after they returned, a ray of light suddenly appeared in the distance, soaring into the sky. It seemed to be towards a tree branch of the Tree Creation Holy Tree, and there were also many Phoenix nation built on it.

That beam of light was extremely bright. Even though it was still very far away, there was still a dense amount of spirit artifacts that surged towards Long Chen's eyes. It was very possible that a treasure had appeared in front of him.

"It's actually the God Creation Crystal?" My luck is that good? " Sovereign Qingdian was stunned.

"What's that?"

Long Chen squinted as he looked at the light. It was a rare sight that a treasure could reach this far and pass through dozens of Sacred Leaves Continent.

Sovereign Qingdian said: "It's the Chaos Treasures of the 'Order-level'. "It is the Wood Creation Holy Tree that has gathered the spirit energy for tens of thousands of years and condensed it at a single point. It can be considered to be the fruit of the tree." The effect of the Wood God's Accumulation Crystal is very great. It can help the Creation God Creation Artifact raise its level and the God of Creation's power, and it can also help the damaged Creation God Creation Artifact recover. can also be used to nurture our natural tree. This is something our two races want to snatch. This time, it was born near us. That was our luck! "Go!"

Before he finished speaking, Sovereign Qingdian had already left as fast as lightning. He was not in a rush, because the God Creation Crystal had yet to fully grow out of the World Tree.

"Is it able to restore a damaged Creation God Creation Art?"

"The Lingxiang's twin swords can be allowed to ..." Long Chen and Ling Xi immediately thought of the Lingxiang's twin swords. Therefore, to them, the Wood Creation God's Accumulation Crystal was also very important, and even more importantly! Therefore, Long Chen instantly decided that no matter what method he used, he must obtain the Wood God's Accumulation Crystal.

Even if they offended Sovereign Qingdian, it didn't matter. After all, everyone relied on their own abilities.

However, this seemed to be the Phoenix Clan's territory.

How could the Phoenix Clan not know about the birth of such an obvious God of Wood Accumulation Crystal?

No matter what, Long Chen still went up. His speed was around the same as Sovereign Qingdian's, and the two of them moved extremely quickly, passing through layers upon layers of Saint Ye Continent, and heading in the direction of the Wood God's Accumulation Crystal.

## Chapter 2790 - Zhu Xi

There was only one tree trunk, and to the creatures on it, it was like a flat, endless piece of land.

The innumerable leaves formed layers upon layers of leaves on the Sacred Leaf Continent. It was similar to the Dragon Sacrifice Continent.

Just like those thick branches and the trunk of the World Tree, any living being living on it would only feel that it was flat, no different from land.

To the entire world, Long Chen and Sovereign Qingdian were incomparably insignificant, but their speed was extremely fast. In less than fifteen minutes, they had swiftly dashed through dozens of Sacred Leaf Continent.

"Be careful, this place is rather close to the Phoenix nest. Those fellows from the Phoenix Clan might appear." It was rare for Sovereign Qingdian to become serious, and he was no longer as shameless as he was before.

"Perhaps it's because it can increase the level of his natural tree. For a world at the level of the Tree God's Accumulation Crystal, it should be considered the best treasure! In a world like the Lingsu Star Sea's, the appearance of something with Genesis was already heaven-defying. As for the Dragon Sacrifice Continent, they did not even have a Manifestation Divine Weapon. "

Actually, there were people who ranked the myriad worlds according to this method.

Dragon Sacrifice Continent belonged to the lowest level world, so he couldn't even call it dreamy grade.

Lingsu Star Sea was considered a third stage prehistoric level.

As for the World Tree, it could be considered a fifth grade Order-level.

Counting it this way, there would definitely be a sixth stage, Hun Yuan level, and even a world of Eternity, primitive level, and even origin level!

Very simple, there must be a Divine Emperor in Hun Yuan's world.

In the world of Eternity, there are experts from the Divine Emperor!

primitive level and origin level; that was probably the world where the Sovereign God existed. Tai Yi Shen Jing, that was how the Sovereign God was shortened to 'Hierarch'.

Of course, the level of this world was not something that could be determined just because of the existence of some experts. For example, even if Di Jun had returned to the Dragon Sacrifice Continent, the Dragon Sacrifice Continent could not be counted as Eternity. Second level.

A treasure that could give birth to Order-level in this world. With so many Extreme Realm God Kings, it was as if the experts in the pyramid from the bottom of the Extreme Realm God King. There would be no major faults.

It was said that there were eight Divine Emperors in the Immortal God Clan's Divine Sacrifice Great World, but most probably none of them had polar state. And with so many Divine Kings, it should be a level higher than the World Tree. It could be considered a Hun Yuan level world. There actually weren't many worlds on this level.

As for Eternity, primitive level and origin level, they were certainly even less.

The reason why the World Tree could be classified as a Order-level was because it could automatically give birth to Chaos Treasures such as the Wood Creation God's Accumulation Crystal. So this coincidental discovery made Sovereign Qingdian extremely excited.

"Yang Chen, this time, you've helped me snatch the Wood Creation God's Accumulation Crystal. When we return, I will definitely repay you handsomely!"

Something that belonged to the Order-level could be considered a great treasure to anyone. Long Chen also wanted to own them, but unfortunately, they were all things that belonged to the dragon sacrifice and the Gods. He was afraid that Di Jun would catch up to him because of this, so he didn't even dare to bring them along.

"Alright."

Long Chen agreed openly.

"Xiao Xi, you also have a type of Heavenly Rules Spiritualism called 'Star Shift', right?"

Long Chen asked Ling Xi.

This type of Star Shift was the origin of the Star Shift technique that Ling Xi had used before, and it was even the origin of the Heaven and Earth Transference Array.

"That's right, when I use this Revolving Star Passage Technique, I can travel across the entire Dragon Sacrifice Continent in one go and instantly return to the Creation of the Heavenly Palace of the Wood God from here. I can leave your Divine Kingdom in a flash and then return to your Divine Kingdom. However, the further the distance, the longer the preparations needed to be made. For example, to get to Creation of the Heavenly Palace of the Wood God, I would need to prepare for it to take around fifteen minutes. "

The Spiritualism of the heavens, so mystical!

If it wasn't for the fact that he needed to prepare for a slightly longer period of time, Long Chen would have directly snatched away the Origin Dragon Soul, then had Ling Xi bring him instantly to the starry sky.

Although Long Chen bore the weight of millions of lives, he could still enter Ling Xi's divine country and he would not let it collapse. That was because these millions of lives could only survive if they were suppressed by the origin dragon soul, and it was as if they lived inside the origin dragon soul. The origin dragon palace was the same as the ten thousand worlds, so it would not cause any pressure for Long Chen, nor would it cause any pressure for Ling Xi.

"I might use it. Get ready."

Long Chen reminded her.

"Yes, I understand."

As they spoke, they landed on the branch that held the God of Building Crystal Tree. Below them was a huge piece of land, because the God of Building Crystal Tree was born in this land, there were over a hundred million living creatures living in this light, and in this light, their martial arts cultivation was growing as well.

Long Chen finally saw the Wood God's Accumulation Crystal. It was a huge crystal with a diameter of at least a few thousand meters that was still in the middle of building the Wood Holy Tree. It released a vast amount of radiance, shaking and releasing a wave of halos of light that swept out.

"There is still more than half of it inside the Tree Creation Tree, and it has not fully formed yet. Once it has fully formed, I will take it away. Help me guard it and let me watch over the Phoenix Clan!" Sovereign Qingdian's eyes were filled with lightning as he said excitedly.

"Such good luck!" Coming over to the Phoenix Clan to play with them, I was able to come across it. Luckily I saw it, otherwise, it would have been a waste of the Phoenix Clan! Quickly form, quickly form! " Sovereign Qingdian's eyes were full of light, he was so excited that he was trembling.

At the same time, he had also taken control of five Emyreans!

The orders that the five Emyreans had given him were that he must obtain the Wood God's Accumulation Crystal. If he couldn't, he could destroy it!

"Hurry up!"

Sovereign Qingdian naturally knew that since they were so close to the Phoenix Nest, the Phoenix Nest would definitely be able to sense the birth of the treasure here. If there was a divine spirit nearby, they would definitely come.

"I don't know when it will take form, but if it does so before the Phoenix Clan arrives, wouldn't that be letting this fellow off easy? If I can make the Lingxiang's twin swords recover its Order-level, maybe I can battle against those five Emyreans. "

Long Chen calmed himself down and observed the situation. He wanted to see whether the Phoenix Clan would be the first one to make a move, or if the Wood God's Accumulation Crystal would take shape.

"Yang Chen, you don't want this?" Seeing that it was not fully formed, Sovereign Qingdian asked.

Long Chen laughed: "Don't worry, my appetite is not that big. I can't swallow this thing."

"That's good. When you help me this time, I, Qing Lei, will never forget. If there is anything good in the future, I will give it to you." Sovereign Qingdian said seriously.

Long Chen smiled, this guy was truly anxious, was it just that he was anxious for it to be useful?

Right at this time, the experts of the Phoenix Clan had indeed descended, and they had done so before the construction of the Wood God's Accumulation Crystal. Long Chen and Sovereign Qingdian leaned against the God's Accumulation Crystal. Facing the enemy, Sovereign Qingdian hurriedly said: "If I can take care of it, you don't have to do anything, you don't need to reveal your strength for now, after all, you will have to numb our enemy while we are in the middle of the Wood Holy War. Even if you make a move, you don't need to use all your strength to stop him."

"Oh, I understand." Long Chen smiled inwardly. This was even better.

Three members of the Phoenix Clan actually came!

"Those two are from the Phoenix Clan's Five Holy Clan! This was difficult to deal with! And these two, seem to be Feng Chen and Huang Qiong! "

There were definitely not many opponents in the Phoenix Clan that could cause him to feel fear, and those that came should be experts. Long Chen looked carefully, and saw a man and a woman standing in front of him. They were both purple-haired and had purple pupils, their skin and bodies were decorated with feathers, making them look extremely elegant. This handsome man and woman both had a dignified aura similar to that of an Ink Kylin, and their power was also very majestic.

Phoenix Clan's Five Holy Beasts, Purple Blood Phoenix.

"Sovereign Qingdian! You were the one who destroyed Sacred Leaf's nest in our Sacred Leaf Continent, and we came out to capture you. I didn't think that the Wood God's Accumulation Crystal was coincidentally born, and that the Wood God's Accumulation Crystal was born in our Phoenix Clan's territory.

In the middle, the male Feng Chen shouted loudly.

"Even Zhu Xi came?" did not blame Long Chen for letting the Fire Phoenix go, but instead called for the three of them to come here. Right now, the Wood God's Accumulation Crystal was not ripe yet, so his gaze fell upon the last petite Phoenix girl. The girl was a little different, one of her eyes was actually red, and had flames igniting it. Her long hair was black.

This young girl's appearance was extremely exquisite. Although she did not look that old, she was definitely a devastatingly beautiful beauty with bright eyes, white teeth, and a delicate nose. She also had the pure temperament of a high and mighty phoenix.

This person should be Zhu Xi.

However, even though she wasn't as strong as Sovereign Qingdian, who was also the Divine King of initial state, she was still much younger than him. Before, Sovereign Qingdian had said that she was raised by the Phoenix Clan. In order to deal with his genius from the Phoenix Clan, it seemed that her position within the Phoenix Clan would not be any worse than Sovereign Qingdian's position within the human race.

"Qing Lei, you dog stuff that have been hacked into pieces! I wish I could chop you up and feed you to the dogs! You still dare to behave so atrociously in my Phoenix Clan's territory? Let's see if I won't chop you into ten thousand pieces this time! "

Although Zhu Xi's strength was not as good as the two Feng Chen's, Huang Qiong's, could only be considered as the core strength of the three.

turned a deaf ear to her fierce words and instead chuckled at Long Chen: "Brother, look, in order to maintain the purity of their bloodline, the Phoenix Clan's Five Saints have never mixed blood. But now, in order to deal with me, they created this bastard Zhu Xi, and even mixed two types of bloodline that aren't compatible with fire and water. "How laughable."

No matter how much they bickered, when they saw Zhu Xi, the kitten's eyes lit up and said, "Boss, I have my eyes on this girl. Can you hold her down for me?"
