

## War God 2791

Chapter 2791 - Phoenix Cry Phoenix

From Sovereign Qingdian's taunts, Long Chen roughly heard that this girl called Zhu Xi was not normal.

The Five Saint race paid particular attention to pure blood. She was indeed born after the two different phoenix bloodlines mixed together. But what was certain was that Zhu Xi's talent was also relatively high, and he was probably the strongest genius born from the Phoenix Clan in this period of time! He had already rushed to the level of Taizhen Deity Realm.

Even though she had been ridiculed by Sovereign Qingdian, she did not take it to heart. She coldly laughed: "What is a real bastard? It has nothing to do with bloodlines, but it has something to do with a filthy, shameless soul like yours. In our Phoenix Clan's territory, you are only joking if you want to take the Wood God's Accumulation Crystal away. Just you wait, before the Wood God's Accumulation Crystal is fully formed, we, five Saint Emperors, will arrive! "

Sovereign Qingdian's heart was beating really fast. The longer the Wood God's Accumulation Crystal was, the more trouble he would have! His personality was rather decisive, and he immediately said to Long Chen at this time: "First, help me block Zhu Xi, and then the other two will be dealt with by me. You will wait here for the Wood God's Accumulation Crystal to take shape, and the moment it takes form, you will take it away first, and then the two of us will flee.

"Alright." If he was only going to stop Zhu Xi, it would be very simple. However, Long Chen had other ideas in his mind. It had to be said that Sovereign Qingdian was bold. A mere Perfection Divine King actually dared to fight two Perfection Divine Kings directly!

Of course, he placed his hopes on Long Chen. He only needed to stop those two.

"Attack!"

With his personality, he could do as he said. Long Chen continued to stay in the vicinity of the Wood Creation God's Accumulation Crystal, and this time he directly took out the natural tree — — sacred tree of thunder!

Fusion!

Instantly.

Sovereign Qingdian was definitely very cunning, with all of his branches shining with green lightning, dancing about. The moment he attacked, he created a terrifying power that could destroy the heavens and the earth, it was unknown how many lives would be lost in this battle!

God's previous struggle, no matter what, was still a disaster!

"Zhu Xi, we will deal with you. Find a chance to get the Wood God's Accumulation Crystal, and we will work together to kill him!"

Feng Chen and Huang Qiong were furious, and they turned into the true body of the Phoenix right in front of Sovereign Qingdian. They were two gigantic purple phoenixes, pure, bright, and filled with purple brilliance.

The two of them were members of the Five Saints of the phoenix race. They practiced three different types of rules: one was the path of righteousness, one was the rule of love, and the other was the unique rule of water. These two were extremely imposing. After taking on their human forms, they had far surpassed the Qilins. Any one of them could easily defeat the Dark Desolate God King!

Both sides wanted to suppress the other as soon as possible, so when the sacred tree of thunder and the two purple phoenixes fought, the battle became extremely intense. As expected, Sovereign Qingdian intentionally directed the battle towards the direction of the living, causing the purple phoenix to be tied down, even though the two experts worked together and could possibly defeat Sovereign Qingdian, it was not something that could be done in a short period of time.

Sovereign Qingdian was very confident in Long Chen. The moment the Wood God's Accumulation Crystal materialized, Long Chen would definitely be able to snatch it away. He only needed to restrain the two purple phoenixes.

RUU...!

In the sky, there were green lightning bolts everywhere and strange purple waves were present. Under the intense confrontation, no one was able to do anything about it. However, quite a number of living beings had died. It would be difficult for them to determine the victor in a short period of time. If they continued to waste more time, the number of casualties would only increase!

Seeing this scene, the girl called Zhu Xi was so angry that his eyes turned red. She poured all of his anger onto Long Chen and scolded him: "Who are you? How is it that I haven't seen you before, a mere Divine Monarch, you actually want to stop me? "

At this time, Cat of the Gods had rushed out from the Divine Kingdom, laughing mischievously as she said to Zhu Xi, "Little beauty, I'm called Zhuge Cat. To be able to meet her here, this is such a great fate. Why don't we make friends?"

"Go die." Zhu Xi really wanted to spit all over him.

"Boss, you have to help me settle this. I feel like this girl is really good, even though she's not from my cat race!"

The kitten giggled, gave him a few flirtatious glances, and then returned to the Divine Kingdom. Could it be that he was so interested in girls that Long Chen allowed him to do as he pleased? He was standing in front of Zhu Xi, and he would not do anything if Zhu Xi did not make a move.

"You're strange. You're not a human from the Tree Creation Holy Tree. You have something similar to my phoenix race on your body. Just who are you?" At this time, Zhu Xi was full of curiosity about Long Chen.

"How can you feel this way?" Long Chen thought about it carefully. It should be that she could sense the bloodline of his divine dragon. A true Divine Dragon could transform into a human, and so could the phoenix race. From this point of view, a Divine Dragon was like a type of demon.

"And that cat, what a weird guy, I think I've seen it somewhere before." Zhu Xi looked at Long Chen with incomparable curiosity, but she quickly regained her ferocious look and shouted angrily, "No matter what, you and a shameless scoundrel like Sovereign Qingdian are the same kind of person! You deserve to die too. Wait until we, the Five Saint Kings, arrive, we will definitely not forgive you! "

If she didn't make a move, Long Chen wouldn't have to bother with her. He carefully looked at the God Creation Crystal, as if all the power of the World Tree was gathering and forming at this place.

"Little Cat, you really do like this little chili." In the God Kingdom, Ling Xi and the others could not help but tease Little Cat.

"What little chili? That's a phoenix, what a beautiful bird." The kitten said with a longing expression.

"You've seen it many times before, why aren't you interested?" Yang Lingqing rolled her eyes at him.

"That is because it is called the underworld, and it is called being connected by blood. You do not understand." The kitten said proudly.

"Cat, come here." Ling Xi waved his hand, allowing him to enter her Divine Kingdom, and said: "Wait here, I'll bring you to see her in a while."

"How?"

"It's a secret."

The battlefield outside was already in chaos. The two great phoenixes had indeed suppressed Sovereign Qingdian, but the problem was that Sovereign Qingdian had killed so many lives, causing the two of them to take too much into consideration, resulting in the stalemate. Unless they made up their minds, it would not be easy to defeat Sovereign Qingdian!

"Zhu Xi, attack! We have to go all out! "

If this carried on, it would only get worse and worse. Therefore, Feng Chen and Huang Qiong had already made up their minds, the Phoenix Clan placed special importance on love, and they even had achievements that would reach the pinnacle in these areas. For example, today, Feng Chen and Huang Qiong had actually performed a type of rule together!

"Feng Ji Feng!"

The two spread their wings, entangled with each other in the air, rotated together, and emitted a purple brilliance that was thirty thousand meters wide. In the process, their strengths began to fuse together, and actually had a similar effect to Long Chen's Three Lives Silk! This rule could only be used by couples. It required a deep relationship and the determination to live and die together.

After the rules, the purple phoenix energy exploded once again. Once it attacked, it formed a set of rules, this time they couldn't care less about the amount of destruction, if they did not actually defeat Sovereign Qingdian, then even more would die!

Zhu Xi was about to attack!

Long Chen was even faster than her, and immediately used a ray of the Heaven's Eye to suppress her body. In that instant, it was as if Zhu Xi had lost all his power, and after that, he had endured Long Chen's wishful eye, so he was unable to move.

"Stand still." Long Chen had a good impression of this girl. Although she was a little fierce, she looked kind, had a just heart, and was clearly different from Sovereign Qingdian. Although Di Yao was fierce, she was too charming, too self-righteous, and was different from Zhu Xi. Plus, Cat was talking nonsense. Since fate had brought them together, he didn't want to hurt her.

Perhaps in the future, he might be able to tie a string for Cat.

"You, what's wrong with you!" Zhu Xi was so frightened that his face turned pale. There was actually such a person, just one gaze was enough to make his unable to move. I have Taizhen Deity Realm after all! She thought that he would be able to surpass Sovereign Qingdian before long, but now, he was crushed by him?

"Impossible!" What evil technique are you using?! " Zhu Xi was so scared that he was about to cry out loud. If Long Chen were to attack him now, he would probably lose his life.

"As long as you don't move." Long Chen glanced at her, then raised his head to look. In the combined power of Feng Chen and Huang Qiong, the husband and wife alike, Sovereign Qingdian had underestimated the enemy. Even though he had the cover of many lives, he was still beaten into a sorry state, heavily injured, and could not hold on any longer!

"Yang Chen, come and help me!"

When Sovereign Qingdian saw that Long Chen had already suppressed Zhu Xi, and had not cared about face, and the Wood God's Accumulation Crystal had not fully formed yet, he could only summon Long Chen over. Otherwise, after a few more rounds, if he was severely injured, even the Five Sacred Emperor would not be able to escape. Although the other party did not dare to kill him, the Wood God's Accumulation Crystal would definitely be taken away!

"Alright." Furthermore, their coordination was perfect. Without saying a word, Long Chen rushed up to them, and Lingxiang's twin swords appeared in his hands as he stared at Huang Qiong. With his sword soaring into the sky, he blocked between the two purple phoenixes and separated their collaboration.

Two swords, one on the left, one on the right.

Huang Qiong was just about to go over, but she was suppressed by Fate Sky Eye. Only then did she notice Long Chen, and she said with shock in her heart, "Who are you, why are you so strong?"

"Yang Chen, try your best to hide it, as long as you can stop him, I will kill this damn person!"

Sovereign Qingdian's pressure decreased greatly, and once again, he boldly went dry.

Chapter 2792 - Benevolence, righteousness, courtesy, filial piety

Just now, Feng Chen and Huang Qiong had used a set of rules called 'Wrath of Absolute Wrath' on the basis of the 'Phoenix Praying Phoenix' rule, and had almost heavily injured Sovereign Qingdian.

"As expected, no wonder the Phoenix Clan's elders came out in a one-on-one match, the combined fighting power of the two of them is not as simple as one plus one equals two, now that you have separated them, I can feel much easier on you, you just need to stop Huang Qiong, wait until I defeat Feng Chen, then we can take care of that little girl Zhu Xi!"

Sovereign Qingdian laughed as he unleashed his attacks towards Feng Chen, causing the sacred tree of thunder's cyan colored lightning to dance all over the sky. When he had the chance, he would become extremely berserk, and the other party would not dare to kill him yet, but every move and style he used was basically aimed at killing the other party!

In terms of ferocity, he indeed surpassed Feng Chen.

"No matter who you are, you will fight against my Phoenix Clan and help Sovereign Qingdian kill the innocent. You deserve to die, our Phoenix Clan will not let you off!" Huang Qiong was worried about Feng Chen's safety, hence she immediately made her move. The countless purple feathers on her body lit up, and purple droplets condensed on top of each feather, turning into ice crystals!

"Amethyst Rain!"

Bang! Bang! Bang!

Long Chen's entire body was enveloped by the knife-like purple crystal rain. The purple crystal rain was comparable to a creation divine tool, being able to penetrate deep into the World Tree and then emitting a destructive explosion!

Even though it looked gorgeous, in reality, the power of the laws that had such a strong killing ability should come from the special laws of water. Huang Qiong also wanted to defeat Long Chen as soon as possible.

"Death Realm's Dragon Gate!"

Both of his hands formed a giant circular wheel in front of him. The Death Realm's Dragon Door opened and expanded, blocking in front of Long Chen, causing all of the purple crystal rain that was attacking him to be completely swallowed by the Death Realm's Dragon Door. Long Chen was completely uninjured, since Sovereign Qingdian wanted him to conserve his strength, he only needed to stop Huang Qiong, so of course he wouldn't fight to the death.

"In times of chaos."

Controlling the surrounding time had a huge impact on Huang Qiong's speed. Even though she had a vast divine power to suppress the rules of this time, she was still unable to eliminate them. It was as if she was in a storm.

"The Tempest of Time."

Time was chaotic, Huang Qiong was right in this storm, although she was the God King of Perfection, and his Spirit Demon body also had an extremely strong resistance, she still suffered a lot of injuries after being torn apart by Long Chen's storm of recent years, such as breaking of many feathers. However, its recovery rate was extremely high. No matter how many wounds appeared, they were recovering at a speed visible to the naked eye!

"You're not bad!" Huang Qiong let out a sharp cry, and broke through the chaotic sea in a short period of time. At this moment, she displayed a different rule, which was similar to the Ink Qilin's power or luck, a kind of righteous rule!

That ray of light was like a flame, burning his body at that moment. This was a kind of righteous and honorable power, more similar to Ling Xi's vegetative energy, but the vegetative energy was biased towards purification, and that light ray was biased towards the judgement of evil, to the killing of evil.

"Benevolent, righteous, filial, and intelligent!"

Each of these words was a test, an extremely intense impact, and it had to be said that it was a type of torture. It had to be said that it was an extremely mystical rule that only belonged to the phoenix, and it was difficult for Long Chen to understand it at the moment, as the violent impact made his head a little dizzy, making him unable to resist it. However, he reacted quickly, when he made his move, a Power of Sky Execution, carried by the Shattered Soul Sword Qi, rushed towards Huang Qiong, and as the other party was using that benevolent, filial intelligence to suppress him, the Power of Sky Execution also pierced into her body!

Huang Qiong screamed in pain.

Her rules were immediately cut off, so it seemed that Long Chen was still the strongest. had not used his full strength yet, so he did not want Huang Qiong to be injured.

Everything was back to normal.

"You!" Huang Qiong looked at Long Chen in shock. She naturally knew that Long Chen had withdrawn the Power of Sky Execution, or else she would have been severely injured.

"Not bad, continue!"

Long Chen acted as if nothing had happened and continued to attack, preparing to wait for a while more, as long as the Wood God's Accumulation Crystal was formed, there would be no problem.

"Brother, Zhu Xi is still under your control, right?"

Sovereign Qingdian had not taken down Feng Qiong for a while, but he was worried that the Wood God's Accumulation Crystal would take shape at this time.

"Don't worry, it should be fine." Long Chen said solemnly, and continued to fight with Huang Qiong. Just as he finished speaking, the brilliance around the God Creation Crystal vanished, and the entire huge crystal started to shrink. In an instant, it had shrunk to the size of a fist!

"It's formed!"

Everyone cried out in alarm!

Sovereign Qingdian immediately put down his opponent and rushed over.

Right at this moment, Zhu Xi had actually recovered all of his movement. In the blink of an eye, he removed the Sword God's Accumulation Crystal, turned around and said to Long Chen with a sneer: "Do you really think you can suppress me! Stupid! " After speaking, she immediately fled.

Sovereign Qingdian's expression changed greatly. He didn't have time to blame Long Chen, and was about to give chase when Feng Chen blocked his path and mocked: "Where are you going? Your opponent is me, how can you run around?"

"Scram!"

The sacred tree of thunder went on a rampage.

"I'm sorry, I didn't expect her to be able to break free. However, these two Celestial Kings are hard to deal with as well. " Long Chen said apologetically.

looked like he had gone mad, as he chased in the direction of Zhu Xi's escape. However, with Feng Chen constantly stopping him, he simply couldn't catch up with Zhu Xi at all, and in the blink of an eye, Zhu Xi disappeared from his field of vision. If she returned to the Phoenix nest, there was no way he could take back the Wood God's Accumulation Crystal!

"Damn it!"

Sovereign Qingdian was about to go crazy.

Even the eyes that looked at Long Chen were blood-red.

Of course, Long Chen didn't care about all of this, because he could let Zhu Xi go easily.

Someone was waiting for her.

"You two idiots, this is really funny. After fighting for so long, didn't you guys say that the Wood Building God's Accumulation Crystals have fallen into my hands?" After escaping from the place, Zhu Xi held the God Creation Crystal, and couldn't help but smile.

In front of her eyes was a vast expanse of stars. She was heading in the direction of the Phoenix Nest and happily informed her seniors that she had already obtained the Wood God's Accumulation Crystals.

Suddenly, a light flashed in front of her and a peerless beauty appeared in front of her. The woman was ethereal and quiet like an immortal descending to the mortal world, but when Zhu Xi saw her, he couldn't help but want to exclaim in admiration.

"So beautiful!"

Just as he finished speaking, the God Creation Crystals that he was still holding in his hand suddenly appeared in the other party's hands!

Zhu Xi was stunned, what is this method? He took the thing from his hands without even realizing it?

Actually, Ling Xi only used Star Shift to snatch the Wood God's Accumulation Crystal in her hands, which was much easier than she had imagined. She thought she would have to go through a round of snatching. When she first saw Ling Xi, she had even forgotten about the Wood God's Accumulation Crystal in her hands.

Ling Xi put away the Sword God's Accumulation Crystal, smiled slightly, and said: "If I were you, once I get hold of some good stuff, I would definitely have to hide it first."

"I, I, I, you, you ..."

She looked at Ling Xi in a daze. Even though she still felt that the woman before her was very beautiful, she had snatched away the Sword God's Accumulation Crystal.

"Are you pregnant?" Zhu Xi's gaze landed on Ling Xi's lower abdomen in the end and he was shocked. He immediately forgot about the matter of the Wood Creation God's Accumulation as he looked at it with curiosity and said in surprise, "She's actually pregnant, is there a child here? When will it be born? "

A hole opened up on the side and the kitten stuck its head out. It looked at Zhu Xi like a thief and said, "Little beauty, we meet again. "It's really fate. To bump into each other twice in a single day, the probability is not high."

"It's you! You two are in cahoots with that guy!" Zhu Xi was immediately enraged. The God Creation Crystals had actually been snatched away by that guy, the one who could cause him to be unable to move at all.

"Don't worry, we aren't on the same side as those wooden puppets. We really do need the Godly Building Wood Crystals. We won't give them to you." I find you pleasing to the eye, that's why I took away your Wood Creation God's Accumulation Crystal. And keep it a secret from the woodsmen. "

"Do you think they are wooden? It's really funny, haha. " Zhu Xi couldn't help but laugh as he thought in his heart: It's really great that they're not in the same group.

knew how to look at her and knew that she was a pretty good girl. How would a person with her personality meet with a kitten? It was indeed something people looked forward to, so she said: "I have a name that is very similar to yours, there is one word that is identical, I am called Ling Xi, and you are called Zhu Xi."

"Ling Xi? You should be nicer! " Zhu Xi opened her eyes wide and looked at the two of them curiously, but what he was more curious about was the child in Ling Xi's stomach.

Ling Xi said: "We are not people who built the Wood Creation Holy Tree, although we are staying at the Creation of the Heavenly Palace of the Wood God's side, we might not help them, it is only a temporary

measure. We need to use the God Creation Stone to restore the Creation God Manifestation Art, of course we won't give it to the Creatures of Jianmu, it's very embarrassing to rob you, but in the future, if there is a chance, we will use other things to repay you. Please don't tell anyone about us after you return, just say that a mysterious person took our things away, is that alright? "

Zhu Xi tilted his head and thought, then said: "You can do that, I see that you guys are not bad people, and that brother didn't do anything to me just now, as long as you don't let those wood people get their hands on any of it, the more things they get, the more they will bully our Phoenix Clan, can I contact you guys more often?"

"Of course." Ling Xi smiled slightly. At this time, Zhu Xi gave her a leaf, which should be the method of communication for their Phoenix Clan, so Ling Xi accepted it and said: "Remember, it would be best if you don't divulge our information to your Five Sacred Emperor. In any case, we won't do anything to your Phoenix Clan. We must definitely not spread this to the Creatures of Jianmu, and let them know that we have the God Creation Crystals. Otherwise, we'll be in danger. Do you know? "

Zhu Xi nodded, and said: "Alright, looks like you all also want to beat down those bastards, I will of course support it with both hands!"

#### Chapter 2793 - Trees

However, Cat seemed to be very close to this girl, and although Zhu Xi seemed to be a little fierce sometimes, it was also very pleasing. Thus, Ling Xi revealed his identity in front of his.

They didn't have to worry too much. Now that he had the Wood Building God's Accumulation Crystal, Long Chen was more and more confident in the Dragon Soul's origin. In fact, he couldn't wait to create a Unparalleled Dragon.

"Sister Ling Xi, I will use this' Tree Talisman 'to contact you guys from now on. Don't lose my Tree Talisman."

Zhu Xi said.

Cat quickly said, "Not at all, definitely not at all."

"It has nothing to do with you!" Zhu Xi rolled his eyes at him and became fierce again, scaring the little kitten into laughing awkwardly.

He didn't think that this little girl would be so frightened by a little kitten that even the Heavenly Demon Genesis would laugh at. Even though they didn't know how old Zhu Xi was, to the gods and devils, sometimes, even age didn't mean anything, especially for them, who spent most of their time cultivating.

"Then we will leave first, Zhu Xi, we will come again to find you the next time." Ling Xi waved goodbye to her.

After all, allowing Zhu Xi to obtain the Wood God's Accumulation Crystal first was already in Long Chen's plans, and Long Chen had only used her to deceive Sovereign Qingdian. From today's experience, the quality of the entire Phoenix Clan was slightly better than that of the Creatures of Jianmu s. They did not have a strong fighting heart like the Creatures of Jianmu s and were slightly easier to get along with, so Long Chen did not plan to get into a conflict with them.

Of course, the World War hadn't arrived yet, so no one knew what would happen then.

In fact, the World Spiritist Sacred War had more of an impact on Long Chen, giving him enough time to find a strong opportunity on the tree.

To him, the God of Wood's Accumulation Crystal was an opportunity.

With a hu sound, Ling Xi directly disappeared from Zhu Xi's sight, and returned to Long Chen's Divine Kingdom. She was not far away, and would arrive in an instant.

Zhu Xi watched in a daze, and muttered: "What kind of rule is this, it is not that it was fast, but it directly disappeared."

If its speed was fast enough, it could create such an effect. In the past, the reason the Infernal King had been able to disappear in front of Long Chen was because he was fast.

After finishing everything on Ling Xi's side, Long Chen should be preparing to leave. At this time, he had just casually delayed Huang Qiong, and Sovereign Qingdian's side had already completely suppressed Feng Chen. Feng Chen was severely injured, but there was still a period of time before she was defeated.

"Sovereign Qingdian! You don't have the chance, Zhu Xi is almost back in the Phoenix Nest now! "Our Sacred Emperors are about to arrive. If you injure me, the Sacred Emperors will return the favor!"

When Feng Chen said till here, he suddenly shot Huang Qiong a glance. The two of them got rid of their opponents and rushed towards the Phoenix nest. They roughly knew that Zhu Xi was completely safe, so they dared to leave.

"Chase!"

Sovereign Qingdian's entire body was filled with veins and his gaze was sinister.

The meat that was almost in his mouth had been lost so quickly.

Long Chen did not leave, but said: "Let's go, if we don't leave now, the enemy's experts will come, and we won't be able to leave. It's already been a long time, and they will be here soon."

"At this time, the God of Wood's Accumulation Crystal has already fallen into the hands of the five Saint Kings! "Damn it!" Sovereign Qingdian was so angry that he almost died. He coldly swept his eyes over Long Chen and said: You dare to say that in the end, you're not the one who released Zhu Xi?

Long Chen was too lazy to explain. He shook his head and said, "What benefits do I have? Do you still suspect that I'm a phoenix spy? Actually, there's no need for that. If I stood on the Phoenix Clan's side, I can take your life this time, and then attack your Creation of the Heavenly Palace of the Wood God together with that Five Saint Emperor. As long as they persist, the rest of the Phoenix Clan and I can destroy all of your divine beings. You guys are balanced, but if I come, it will disrupt your balance, understand? I'm still on your side right now, but you better not push me towards the Phoenix Clan. "

When the opponent became tough, Long Chen was stronger than him.

These words made Sovereign Qingdian speechless.

Honestly speaking, Long Chen was still worried that the five Sacred Emperors would chase after him. After all, he was the one who had obtained the Wood Creation God's Accumulation Crystal.

"We'll talk about it when we get back!"

Sovereign Qingdian did not dare to stay here for long, and the two quickly returned to the Creation of the Heavenly Palace of the Wood God. In fact, at this time, the five Sky Sovereigns also came out to help them, but when they heard that the Wood God's Accumulation Crystal had been snatched away by Zhu Xi, the five Sky Sovereigns did not look too good.

"If the two of you were to use your full strength, it shouldn't be possible for them to snatch you away!" Extreme East Golden Wood Sky Sovereign said with a deep voice.

Sovereign Qingdian said: "There's no other way around it, I was the one who told Yang Chen not to display too much of his strength. That period of time just happened to create the Wood God's Accumulation Crystal, and got Zhu Xi to take advantage of it.

Everyone walked back, the item had already been snatched away by someone, so there was not much point in holding back now. Long Chen remained calm and collected, although he knew that they were definitely discussing about how to punish him in the future, but it was not certain who would do so in the future.

After returning to the Creation of the Heavenly Palace of the Wood God, Long Chen left first. He was anxious to use the Wood God's Accumulation Crystal to help the Lingxiang's twin swords recover, so Ling Xi could do this. On the way back, she had already begun her work. Just as he had expected, Sovereign Qingdian and the five Emphyreans had gathered together and were discussing in secret.

"Green Lightning, what is going on?!"

The five Sky Sovereigns all had gloomy and cold expressions, and that was the Wood God's Accumulation Crystal that Sovereign Qingdian discovered first!

Sovereign Qingdian shook his head, and said: "Honestly speaking, I am not sure, but for five masters, there is definitely a problem with Yang Chen. If we let him stay here, I feel that there will be trouble sooner or later.

Emphyrean Desolate Wood shook his head and said, "No, actually, I believe that he is not related to the Phoenix Clan. With his strength, it is impossible for him to be under the control of the Phoenix Clan. But he definitely has his own ambitions. Maybe he wants to dominate us, the Tree Creation Tree, by himself. This time, we have already lost the Sword Wood God's Accumulation Crystal, so for the next World War, we must win, and we must use Yang Chen's worth. He is a human, and is definitely not a substitute for the phoenix race, but he can fight in our stead. From today onwards, we just need to keep an eye on this Long Yang Chen until we reach the World War II. "

The other four Emphyreans all agreed.

"If a normal person watches him, they will definitely be discovered. Let the Holy Masters come! Even the five of us have to keep an eye on him at all times to see what kind of ambitions he has. "

Sovereign Qingdian asked: "In other words, there's no way to kill him right now? I think he's a dangerous person, and the sooner we kill him, the better. "

Extreme West Water Wood said softly, "Don't worry. There isn't anyone on the Tree of the World's Building Wood that we are unable to control."

Although he said that, Sovereign Qingdian still felt a bit of anger in his heart. His intuition was that he would definitely be played for a fool by Long Chen today, although he did not seem to get any benefits in the end, but when he thought about his indifference, as though nothing had happened, Sovereign Qingdian felt frustrated once again.

The last setback was a defeat.

Two waves of suppression caused him to feel extremely depressed. It had been countless years since he had felt this kind of pressure. When he left the palace of the five great Sky Sovereigns, the well-dressed jade complexion was waiting for him outside. She immediately grabbed onto Sovereign Qingdian's arm, gently rubbing it, and said in a tender voice: "Big Brother Qing Lei, I've been waiting for you for a long time, I heard that you're in the Phoenix Clan ..."

"Scram!"

Sovereign Qingdian was in a bad mood, with a sullen look on his face, he casually flung the defenseless jade complexion away and fiercely crashed into the inner wall of the Creation of the Heavenly Palace of the Wood God. With a loud rumble, as the jade complexion was merely a god from the Taiji Realm, it naturally could not handle such pressure.

She hadn't expected it to be like this.

"jade complexion!" Wan Qing just happened to see this scene, and in that instant, both of his eyes became bloodshot, as though he had forgotten about everything else. He rushed over like a madman to help the jade complexion up, and the woman in his arms looked at Sovereign Qingdian in a daze.

"F \* ck off." Sovereign Qingdian said a single word indifferently and was about to leave.

"Halt!" Seeing the jade complexion's body and heart suffering such heavy injuries, blood started to drip from her heart. At this time, both of her eyes were already completely covered with blood threads.

"She loves you, but you actually hurt her! Sovereign Qingdian! "

Wan Qing trembled as he said those words while gnashing his teeth.

At this time, Sovereign Qingdian turned his head around in shock, and looked at Wan Qing with an incredulous expression. He could not help but laugh, and said: "Wan Qing, are you sure you're talking to me?"

As if he was struck by lightning, Wan Qing was about to kneel, but the woman in his embrace made him persevere. Lowering his head, he saw that the jade complexion's expression was lifeless, and there was no telling how much pain it was in.

"Wan Qing, kneel down!" He was extremely anxious, but in front of Sovereign Qingdian, he was basically nothing. Without saying a word, Sovereign Qingdian had already passed the Royal Elder of Yi Mu City, and with his dark and cold eyes, the Royal Elder did not dare move an inch. In the blink of an eye, he was right in front of Wan Qing, with his hand out, he grabbed Wan Qing's neck.

"No, don't kill him!" However, Sovereign Qingdian kicked her aside with a kick, then coldly pushed Wan Qing down to his knees. He held Wan Qing down with one hand and raised the other hand, smiling as he looked at Wan Qing, and said: "This strike of mine severed hundreds of thousands of years of your cultivation, allowing you to return to the dust. Do you know why? "Because you are very stupid and you don't even know that you are not qualified to speak loudly to me. You know that, right?"

"I ... I ..." Wan Qing was being suppressed by his divine might at this time, and only death awaited him. Only then did he know regret, because he saw Sovereign Qingdian's palm that was covered with lightning.

"No, you can't kill him." jade complexion crawled over.

It was a pity that Sovereign Qingdian had never really put her in his heart, as he was only a foolish plaything.

"Enjoy it." Sovereign Qingdian slapped his palm.

Chapter 2794 - Pax

However, this palm landed in Long Chen's hands.

Long Chen blocked Sovereign Qingdian with one hand and pulled Wan Qing out with the other. Wan Qing staggered, thinking that he was already dead.

"Brother Wan Qing!"

The jade complexion turned pale and crawled back up, supporting Wan Qing who was staggering.

"jade complexion!"

Wan Qing's voice was hoarse.

At this time, Long Chen had already released his palm, he had heard the loud noise coming from outside and realized that Sovereign Qingdian was going to kill Wan Qing, so he made his move. Although he said that it would seriously offend Sovereign Qingdian, he liked Wan Qing, and thus helped him.

"Yang Chen?" Sovereign Qingdian looked at him, then could not hold back his laughter, and said in a low voice: "You're really strange, you actually have the interest to pay attention to such a lowly life, if I knew that you valued him highly, I would have spared his life."

Seeing his demonic smile, he knew that although this guy said that, he hated Long Chen to the core. Long Chen could clearly feel the rage he was enduring.

"Since we are all on the same side, it wouldn't be good for us to lose our lives, so I couldn't help but stop you. I hope that Sovereign Qingdian wouldn't blame me for meddling in other people's business."

Sovereign Qingdian suddenly understood what he meant. Wan Qing did not rush to kill him, what he meant was that once Long Chen left this place, no one would be able to protect him, and at that time, he would probably end up dying an even more miserable death.

"No, of course not. jade complexion, come, follow me back."

Sovereign Qingdian's gaze fell on the jade complexion.

"AHH!" She nervously and fearfully looked at Sovereign Qingdian, then looked at Wan Qing. Wan Qing's face was filled with pain, wanting to shake his head at her to stop her from moving. It was just that he knew that it was impossible, that they did not have the power to resist Sovereign Qingdian.

"I ... I'm leaving." In the end, the jade complexion still walked to Sovereign Qingdian's side, but his beautiful dream had already completely shattered, and she could only live within the fear that Sovereign Qingdian brought her.

"Bro, I'll be leaving first." Sovereign Qingdian pulled the jade complexion away, and when he turned his head back, he could only see his expression, exactly how sinister was he? Long Chen already made him rather unhappy with the matter of the Wood God's Accumulation Crystal, but this time, on his territory, he actually stopped him from killing and challenged his authority. The two things that had directly touched his bottom line, for him to be able to hold back from fighting with Long Chen at this moment, was already his limit.

In his entire life, he had never met someone that he couldn't defeat yet feared.

Wan Qing was still blankly watching the figure of the jade complexion leave.

"Let's go. If you want to live, don't bother with them." Long Chen pressed down on his shoulder, and in the blink of an eye, they had returned to his residence.

"Saint Yang!" I ... I want to kill him! " Suddenly, Wan Qing mustered up his courage and shouted at Long Chen: "He's incomparably agitated now, and will still go back and torture his after bringing back the jade complexion. With his personality, it's simply impossible to treat the jade complexion well, I want to kill him and bring the jade complexion out of this place, I don't want her to suffer, I love her, I don't want to be a weak man. Saint Yang, I beg you, please help me!"

Wan Qing calmly knelt on the ground and continuously kowtowed in front of Long Chen.

Long Chen was surprised, he never thought that this fellow would have such courage, was this the power of love? He couldn't help but ask, "She betrayed you, yet you're still willing to pay such a price for her?"

"I am willing. It doesn't matter whether I live or die!" I can't watch her suffer. " Wan Qing still heavily kowtowed.

"Why?"

"No reason. I should have."

Long Chen had a better impression of him now. Every single life was fresh, every single person was fighting for their own fate, and so was Wan Qing. No matter how pathetic their lives were, they had their own dreams, protections, and goals.

Dreams, protections, and pursuits, the two most important things you need are courage and love. Today, in order to make love, Wan Qing gained the courage to kneel in front of Long Chen.

Very good.

Long Chen admired his courage and effort at that moment.

"The first thing you need to do to achieve your goal is to wait."

Long Chen said indifferently.

"Wait?"

Wan Qing raised his head in shock.

"Right, waiting for the time to come isn't too far away. If you don't even have that much control, your dream will only be a dream. "You just wait quietly and you'll get the chance." After Long Chen said his last sentence, he did not pay any more attention to him. He himself was also thinking of a way to find an opportunity.

Phoenix nest.

The highest place in the phoenix nest was the holy land of the phoenix race. This was the place where the five holy emperors met. Only when they were summoned by the five holy emperors could the phoenix clansmen enter.

Zhu Xi, Feng Chen and Huang Qiong were called into the palace.

The palace was darker, with five Divine Spirit Warriors seated in the darkness. Zhu Xi and the rest entered to pay their respects, while Feng Chen and Huang Qiong remained a little more at ease.

"Feng Chen, tell us in detail what you saw and heard today." someone asked.

Feng Chen stood out and said: "When Huang Qiong, Zhu Xi, and I heard Huo Ye's cry for help, we knew that Sovereign Qingdian was attacking the Sacred Leaf Continent, so we immediately rushed over. Midway, we encountered the Sword God's Accumulation Crystal forming, and Sovereign Qingdian and another unknown human was also there. In order to fight over the Wood God's Accumulation Crystal, they started to fight.

From then on, Feng Chen recounted everything that had happened.

After he finished speaking, Huang Qiong added, "That unknown human being is extremely strange. When he first started fighting with Zhu Xi, he used a strange rule to directly suppress Zhu Xi, making him unable to move or harm Zhu Xi. When Sovereign Qingdian made him stop me, there were several times where he could have completely defeated me without making a move."

Zhu Xi snatched the conversation away and said: "Also, the reason why I was able to obtain the God Creation Crystal was because he suddenly released me. Thus, that beautiful big sister Ling Xi later took away my God Creation Crystal. That big brother isn't with Sovereign Qingdian, he's borrowing my power to quietly snatch away the Wood God's Accumulation Crystal. "

Feng Chen and Huang Qiong had roughly explained their situation to each other. The Five Saint Emperor let them go out first, and then one of them said to Zhu Xi, "Little Zhu Xi, do you know what the rules are

for him to use to imprison you? In other words, that human being's strength very possibly surpasses Sovereign Qingdian's and can almost reach the realm where the Perfection Divine King is invincible, right? "

Zhu Xi thought for a while, then said: "I completely don't understand the rules, but as for strength, he seems to be at the Divine Lord Realm, but he has already left. If he can control the entire battlefield, it should be about the same! But you don't have to worry, Sister Ling Xi said that they are from another world, and they are just temporarily staying with the human race. After all, they are also human beings, but she said that she will not help the human race to attack us! "She's definitely not a bad sister. Since I told you about this matter, you shouldn't let anyone else know that they took the God's Accumulation Crystal. If it were to spread to the human race, they would definitely be in danger!"

"Is that so?"

The five Saint Kings were still confused.

"Little Zhu Xi, do you really trust them that much? "What if they lied to you?" A male Sacred Emperor.

Zhu Xi chuckled, and said: "I'm clever, it's completely impossible. Moreover, they also have a cat demon beast, it's pretty cute, just like the Holy God in the pictures."

"Pax!"

The Five Saint Kings' voices trembled.

Immediately, a Sacred Emperor said, "Zhu Xi, you can't speak carelessly about this. According to the legends, the Holy God was an existence that once saved our phoenix race a long, long time ago. This legend has already been passed down too long.

"That Holy God is so strong. Where did he go?" Zhu Xi pouted and asked.

"No one knows. Let's not talk about this, we have to discuss this. If the Jianmu Jianghu, that unknown human, were to help them, wouldn't it be even more troublesome if we were to obtain the Jianmu Holy Soul? The humans are so aggressive, if we were to let them become strong, our Phoenix Clan would sooner or later be annihilated. "

Zhu Xi was also very angry, and said: "These human beings are too despicable, we can't stay in peace, we must take over the entire wooden holy tree, if our Phoenix Clan becomes strong, they would be obedient, and we can only blame ourselves for not being strong enough right now. But we won't be like them, always wanting to kill and take territory. It was obvious that they were bad people. But, just by looking at it, Big Sister Ling Xi is a good person. She said that I don't need to worry, they won't help the humans to harm us, that's all. I heard from Huo Yu that Sovereign Qingdian had attacked the Sacred Leaf Continent and captured her. She was just about to humiliate her brother and say that he was a guest, so she gave Huo Yu to that brother, but that brother immediately released her. That's why she was able to notify us, such a person definitely isn't a bad person. "

The Five Sacred Emperors discussed for a moment, then finally said: "Alright, we'll believe your judgement for now, but after such a huge change, the future is still rather dangerous, and the World Spiritist Sacred War is also extremely unstable, so little Zhu Xi, in order to resist the pressure from the future, we are prepared to open your true Divine Phoenix bloodline. Are you ready?"

"Will it hurt?" Zhu Xi asked with concern.

"He will, but he will be very strong in the future. He will surpass us."

"I'm afraid of pain, no!" Zhu Xi was shocked, he immediately slipped away, and in the blink of an eye, he was nowhere to be found.

## Chapter 2795 - God and Devil Zhou Mountain

"Both swords, have recovered their Order-level." In the Divine Kingdom, which had persisted for more than ten days, the effects of the Wood Creation God's Accumulation Crystal had finally been unleashed. Now, all of them had reached the Order-level.

The Lingxiang's twin swords itself was a Hun Yuan grade Creation Divine Artifact, and when the sword fell, it became so weak that it couldn't even be considered a Creation Divine Artifact. On the other hand, the Su Sword was still at Hun Yuan's level, and after the two swords clashed, the two swords became one and the plain sword was flat and damaged, both of them returning to the Genesis.

Now, under the nourishment of the Wood God's Constellation Crystal, it had already returned to the fifth stage of Order-level. The power of the fusion of the two swords could already be considered close to that of Hun Yuan. At the very least, the Wood Holy Tree should not have any Creation God Equipment that could compare to the combination of Lingxiang's twin swords s.

"If I hold these two swords in my hands now, it is very likely that I will be able to contend against Extreme Realm God King for a bit. At the very least, I won't have any problems with my life and I won't have any worries."

Especially since Ling Xi still had the Heavenly Rules Spiritualism of the Revolving Star Passage Technique.

"If there are a few more God Creation Crystals, the Lingxiang's twin swords might be able to completely recover. I wonder if there are still any more of these God Creation Crystals?"

Long Chen shook his head and said, "This item was created by the Wood Creation Holy Tree. It is extremely useful for Creation Deity Equipment, and if there is one, they wouldn't keep it, so they would definitely use it as soon as possible. So I don't think so. Right now, there is still some time before the World Tree Battle War begins, so we need to acquire the power of the Dragon Soul before that happens."

Of course, if there weren't any special circumstances, they wouldn't go deal with the Phoenix Clan.

"Brother, the Origin Dragon Soul is at the foot of the Creation of the Heavenly Palace of the Wood God. I can try to summon it. We'll see if we can attract the attention of the Origin Dragon Soul. If we can directly make the Origin Dragon Soul rush out from below, then it won't be that arduous. After we obtain it, we can just flee.

Yang Lingqing suddenly said.

"Why didn't you tell me earlier?" Long Chen rolled his eyes. The effect of knocking over the Creation of the Heavenly Palace of the Wood God and the Origin Dragon Soul was naturally different, if he could not open the Creation of the Heavenly Palace of the Wood God at once, then his goal would be exposed, thus Yang Lingqing's method was much simpler.

"I don't know if I can succeed either. I just feel that there seems to be some connection. After all, I don't know much about this spiritual dragon's inherited blood essence." "Then I'll give it a try now."

Yang Lingqing quickly entered a state where she communicated with the Creation of the Heavenly Palace of the Wood God's Dragon Soul.

Time passed quietly.

Long Chen's attention was initially on the Creation of the Heavenly Palace of the Wood God, but there were no movements at all. After about fifteen minutes, Yang Lingqing suddenly shouted in a low voice, "I saw it! It has also seen me, it is unconscious, but it is heading towards me! "

Just as Yang Lingqing's words fell, the entire Creation of the Heavenly Palace of the Wood God suddenly shook violently. With a loud bang, it seemed as if the entire world was trembling, and in the blink of an eye, cries of alarm came from the outside world. Long Chen rushed out, and discovered that there was chaos outside, and the various gods had arrived at the top of the forest in Creation of the Heavenly Palace of the Wood God, looking around in bewilderment!

At this time, the Creation of the Heavenly Palace of the Wood God was still trembling, which meant that the origin of the Dragon Soul was attacking the Creation God Manifestation Weapon. The God Creation Artifact of the Order-level was swaying violently from the impact!

"Continue!"

Long Chen and a portion of the other Gods rushed out of the Creation of the Heavenly Palace of the Wood God. At this time, the five Sky Sovereigns also came out.

"It's the Jianmu Holy Soul, how can there be such a commotion!"

"For countless years, nothing like this has happened!"

"If I let it out, it will be troublesome if I let it back!"

He had just used his divine power to suppress the Creation of the Heavenly Palace of the Wood God, and the other four Empyrean began to help him, the many other gods were also using part of their own power, at the beginning, there was a large commotion in the Creation of the Heavenly Palace of the Wood God, but after being suppressed by the gods, it seemed like the origin dragon soul would not be able to collide with it, since the origin dragon soul was not a real divine dragon, but a kind of imprint, a kind of imprint that was the core of the Dragon God's Soul.

It did not possess any true offensive power.

"Brother!" Yang Lingqing broke out in a cold sweat.

"Stop." Long Chen said. Although the fact that he could communicate with the Jianmu Holy Soul surprised him, the Sky Sovereigns were not easy to deal with. Although they worshipped the Jianmu Holy Soul, they would still suppress it and prevent it from coming out.

"This method won't work. We can only wait until we have the power to defeat the five great Emphyreans." If we defeat them, the Dragon Soul will naturally leave with us. "

Long Chen calmed down and went back.

This matter caused a huge disturbance in the Creation of the Heavenly Palace of the Wood God, the five Sky Sovereigns naturally did not know that it was Long Chen that caused this change, and they trembled in fear as they fought for several days. It was only until they realized that the Jianmu Holy Soul was no longer moving, did they calm down.

Long Chen had quietly cultivated for two months, and his strength had improved once again. Both he and Mo Xiaolang were currently stuck at the threshold, and with just a single step more, they would be able to cross over into a new realm.

"Zhu Xi contacted us." It was only on this day that Ling Xi suddenly received some information, and Cat immediately started talking to Zhu Xi impatiently. After she was done, Cat said, "Boss, I've already arranged a meeting place with her. She's waiting for us there.

If there was anything else, just say it out, Cat must meet him. Seeing him so excited, as if he was on stimulants, Long Chen could only grant his wish. He found an opportunity to exit Creation of the Heavenly Palace of the Wood God.

"That guy is still watching us?" Ling Xi asked softly.

"Yes, it's been two months." Long Chen shuttled through the sky, with a god following behind him from the shadows. Long Chen remembered that this was one of the ten Sacred Masters of the Jianmu, someone who belonged to the same realm as Sovereign Qingdian.

"Throw him aside."

Long Chen entered the state of the Time Traversing Dragon, and in the blink of an eye, he disappeared from Exalted Saint Blueflame's sight, after accelerating a few times, he was completely out of the way. This time, Zhu Xi had directly arrived at the human race's side, so it would be quite easy for Long Chen to find her.

"Where's Sister Ling Xi?" Zhu Xi's eyes were wide open, she did not like the sight of Long Chen.

"Little beauty, do you miss me?" The kitten jumped out and placed itself in front of Zhu Xi, smiling mischievously.

"Go away, I don't want to see you." Zhu Xi glared at the kitten and scared it away. This guy who feared nothing in heaven or earth really had a day where he was tamed.

"What did you want us to do here?" Ling Xi asked gently.

"I sneaked out this time. I just want to ask if you guys will be my friends. In the future, can you take me away from here?" Zhu Xi said with anticipation.

"Why did you leave?" Ling Xi asked.

Zhu Xi curled his lips and said: "That group of old fellows are really too annoying. They make me chase after Sovereign Qingdian everyday and for the past few days, they even want me to awaken some sort of bloodline. They really hurt me to death. It seems like you can travel through the ten thousand worlds! Ever since I was young, my dream has been to roam the myriad worlds. If I could go with you, that would be great! In return, no matter what you want, you can ask me for my help. I can get the Saints to help you. "

Cat immediately laughed out loud and said, "No problem at all. I'll agree on behalf of the God Kingdom's one trillion handsome men and women."

Zhu Xi obviously did not know what a trillion was.

But what Long Chen wanted was the Origin Dragon Soul.

Even if Zhu Xi is willing, the Phoenix Clan might not necessarily agree. Zhu Xi has the personality of a child, so he said: "You go back first, I can actually promise you that when we leave this place, I will come and find you. "Don't worry."

Zhu Xi knew that Long Chen was the true backbone of their group, and it would be fine with him agreeing to it. Wandering through the myriad realms was indeed her dream since she was very small, and this was also the reason why she was so excited when he heard that Ling Xi had actually come from another world.

However, Long Chen understood that she did not know his fate. She was the hope of the Phoenix Clan, and if she left, the future of the Phoenix Clan would be even more suppressed by the rest of the clan, but, what changes would happen in the human race in the future would not be certain. If he could balance the two races, it would not cause the destruction of a region of the common people.

"Then the first place I'm going to is the 'Godfiend Zhou Mountain'! The Godly Demon Zhou Mountain is not far from the World Tree! "

Zhu Xi jumped up excitedly as he spoke.

"The Godfiend Zhou Mountain, is it a world? "How powerful is it?" Seeing her so excited, Long Chen casually asked.

Zhu Xi rolled his eyes at him, and said: "You are truly ill-informed, to the point where even the gods and devils do not know about you! That was the pillar that supported ten thousand worlds! That place could not be considered to be a world, because there were no mortal spirits there. Mortal spirits could not survive in the mountains of the gods and devils, and if the gods and devils did not take over the mountains, then that was the battlefield of the gods and devils! Where only gods and devils could go, countless Creation God Creation Equipment, hongmengxinling, and Chaos Treasures were born, it was the place where countless gods and devils yearned to kill! Countless powerful Fiendgods had been born here. Fiendgods from all over the world might all gather here for the sake of gaining insights into the Dao! Anyway, it's very, very powerful! "

Zhu Xi was extremely agitated, as if Long Chen had promised her that she would go to the Divine Spirit Realm.

"A place like this?"

Long Chen was truly startled.

This was because none of them knew that such a place existed in the Allworld.

The greatest mountain peak of the Myriad Realms Pillar was the Battlefield of Divine Devil. The place where Myriad Realms Gods and Demons gathered was sufficient to leave one breathless. This kind of battlefield was exactly what Long Chen desired the most, the place with the most information and the fastest growth.

Fiendgods and devils, Zhou Shan! Heavenly Pillar!

He remembered this place, but he was still relatively calm. After all, he was still escaping, and the most important matter at the moment was to obtain the Dragon Soul of the Dragon Spirit Origin.

However, he thought that if there was something left behind by the Divine Dragons, it should be very possible that it would appear on the Divine Abyss, right?

Chapter 2796 - Exalted Saint Blueflame

"The Exalted Saint Blueflame is here." Long Chen could roughly feel his approach, so he said to Zhu Xi: "Someone from Jianmu is following us. Go back to the Phoenix Clan first, so that we won't be suspected. In the future, if anything happens, you can use the tree talisman to contact us.

"Then you have to promise to take me with you!" Zhu Xi was afraid that Yue Yang had lied to him.

"Don't worry, if he doesn't take you with him, I will take you with me." The kitten patted its chest and said.

"You don't need to bring it." Zhu Xi rolled his eyes at him, then turned and ran off, leaving the kitten in a mess in the wind.

"What's so special about her?" Long Chen looked at Zhu Xi, then looked at Cat and asked.

The kitten pretended to be deep in thought, sighed, and said sadly, "I don't know, bad luck. There's always a similar feeling, as if I loved her before."

These provocative words made everyone burst out in laughter.

"What are you laughing at? You bunch of mortals don't know anything about love." The little kitten humphed and went back to the God Nation to sleep. At this time, the Exalted Saint Blueflame quickly came closer and the others also went back.

Swish!

Long Chen appeared in front of Exalted Saint Blueflame.

It was a tall and sturdy man with blue hair that seemed to be burning with flames and a pair of deep blue eyes that seemed to be filled with boiling lava. His entire body's skin was slanted towards blue and there was a vague flicker of fire. He also had a very high reputation in the Creatures of Jianmu. There were tens of thousands of versions of the legend regarding him, spreading through the people.

"Are you looking for me?" Long Chen smiled as he looked at him.

"AHH!" Exalted Saint Blueflame was shocked, he retreated a few steps and immediately said: "What is Saint Yang saying? I was just passing by. Why is Saint Yang here? Come out to relax? "

Long Chen laughed: "Indeed, the reason why I left Azure Sky Continent is to experience more of the other worlds, so I came here to explore, and am about to return to Creation of the Heavenly Palace of the Wood God now, do you want me to go with you?"

The Exalted Saint Blueflame shook his head and said, "I still have some things to do, you go back first. "I will pay a visit to Saint Yang another day to learn more about cultivation."

"Learning from each other, learning from each other." Long Chen arrived in front of him, and when he brushed shoulders with him, he lightly patted his shoulder and said: "Since that's the case, then I'll be leaving first. See you later."

Exalted Saint Blueflame was slightly frightened, he thought Long Chen was going to attack him, but in the end he just casually touched him, and when he managed to react, Long Chen was already gone.

"He must have known I was following him and left me behind. Are you kidding me? What was he doing here? Is he really related to the Phoenix Clan? "

Exalted Saint Blueflame was still quietly following Long Chen.

"I, a dignified Holy Master, actually dares to do such a thing. How preposterous! "If it wasn't for the World Tree Holy War, those Sky Sovereigns would have already slaughtered him for such a big threat. Even if they didn't slaughter him, I would have already resisted!"

Long Chen quickly returned to the Creation of the Heavenly Palace of the Wood God.

"Did you stay?" Long Chen asked.

"Un, no matter where he goes, I will be able to instantly reach his side." Ling Xi said as she nodded her head.

This was the effect of the Revolving Star Passage Technique.

"Next, we'll have to wait."

With the Exalted Saint Blueflame following him, Long Chen became angry. He had been at the Tree Creation Holy Tree for so long, yet it was still quiet. It was time for the battle to start. But this time he did not, and allowed Ling Xi, Mo Xiaolang and Su Yan to take action. The most important goal was to help Mo Xiaolang break through to the realm of the Divine King.

The five Sky Sovereigns would not let the Exalted Saint Blueflame follow them all the time. The Exalted Saint Blueflame would also cause some trouble, especially after Long Chen found out about this time, the Sky Sovereigns had also changed their Sacred Masters to monitor Long Chen from time to time. This time, they were more secretive, and the Exalted Saint Blueflame was free to do whatever they wanted.

Most of the time, he stayed in the Creation of the Heavenly Palace of the Wood God.

He would occasionally go outside, but he had to be more careful, and wasn't far from where the Creation of the Heavenly Palace of the Wood God was.

"This Exalted Saint Blueflame is not a good thing, maybe it's because the Heaven-Devouring Tribe changed. In their divine hearts, living beings are nothing, and the number of casualties is only a number."

Ling Xi could see his words and actions. For example, every time this fellow went out, she would go and find some young men and women who had good talent and bring them back to be nurtured. However, the method was extremely crude and crude, as she would directly erase the memory, and even erase the child's parents.

"Wait for him to walk far away, then we'll make our move."

It was not easy to wait for Exalted Saint Blueflame to leave. It was only two months ago that this opportunity had finally arrived, but this time Exalted Saint Blueflame was heading towards the bottom of the trunk of the World Tree. He arrived at the location of the roots, and followed the roots to one of the planets which was punctured by the roots.

"Today." Long Chen still remained in the Creation of the Heavenly Palace of the Wood God, which meant that he had an alibi.'s Star Shift was now of great use, and although it was far away, she had enough time to prepare, and could directly travel from Long Chen's Divine Kingdom to his surroundings!

Even on the planets on the roots, there were many living beings.

It was just that for the living beings here, most of the sky was the shadow of the World Tree.

The reason the Exalted Saint Blueflame came here was because this planet was owned by him, and had tens of thousands of youths and girls, but in truth, they were all raised by him. The conditions here were slightly difficult, and the resources were scarce. He also hoped that his future disciple would become a god.

This was a pitch black planet filled with cracks, and below the cracks was endless lava. The temperature was very high, there wasn't a single tree on the entire planet, even if there were, they would still quickly burn.

The planet wasn't big, but there were tens of thousands of youths drinking blood.

The Exalted Saint Blueflame transformed into a flame, appearing in the sky above the planet. The flame rose to a hundred thousand feet, then condensed into the shape of the Exalted Saint Blueflame, which appeared in the sight of all the teenagers. The bright flame in the sky illuminated the entire planet, and when they saw this flame, all the children immediately kneeled down on the ground, kowtowing continuously.

"God of Heaven!" The children were incomparably reverent, not daring to be the slightest bit negligent.

"That's right, many of you have new developments." The Exalted Saint Blueflame's voice spread throughout the entire planet, causing all the youths to become excited. But at this time, his voice became cold, and he said: "But there is still too far of a gap from my request, continue fighting, I will give you all a year's time, and you all have a total of 3383 people here. After a year, the remaining 10 people will directly become my disciples, and if the number of people who are still alive exceeds 10, then everyone will have to die.

"Listen up!" Tens of thousands of people spoke with a trembling voice.

They already knew what would happen to them.

He remembered that when he first arrived, there were a hundred thousand of them, and now, there were only thirty thousand left.

During this year, they had all lived through endless slaughter. If he killed one more person, then he would have another chance to live. There were a total of a hundred thousand people, but in the end, only ten of them were able to survive and become Exalted Saint Blueflame's disciples. Most of the time, they were not doing it for the sake of becoming the disciples of the Exalted Saint Blueflame, but to stay alive.

Pain, fear, and the 70,000 dead had all died in despair. There was only a year left, and only ten spots were left to live.

They would definitely want to escape, but this planet had a seal placed on it. Whoever dared to escape would be turned into dust, or even be affected by the restrictive spells, causing their parents, who were still at home, to die.

Thus, no one dared to flee.

They did not dare to resent the Exalted Saint Blueflame. If they had even the slightest thought of it, they would not be able to escape the perception of the Exalted Saint Blueflame and would be killed. Thus, the most important thing they did everyday was to hypnotize themselves and fanatically follow the Exalted Saint Blueflame.

This pitch-black land had been left behind for many years with the blood and tears of a young girl.

If this pitch-black planet were to turn blood-red in the future, it would definitely be blood-red.

"Very good, one year later, I will descend again. I hope to see less than ten people remaining, if you want to live, then kill as much as you can! Time was running out! The victor can become a god and wield the power of the masses. The loser will become a ghost! " The Exalted Saint Blueflame laughed.

The teenagers were all trembling.

The Exalted Saint Blueflame was about to leave.

The living beings on the planet didn't dare to raise their heads. They only dared to look at the flickering blue flames in the sky. They were extremely ferocious ...

Suddenly, a strand of white light appeared within the blue flames.

"Who are you!" Everyone raised their heads, but what they could faintly see was that in front of the Exalted Saint Blueflame appeared a fairy-like woman. She was so beautiful, so holy, and so holy!

Next to them was a black-haired, cold youth, and a cute girl with a snake tail. The three of them surrounded Exalted Saint Blueflame.

"The person who took your life." The black-haired youth said.

On the planet, the youngsters were all stunned. There was actually someone who dared to speak to this deity like this? Could it be that they were also deities? They wanted to take the life of the God of Heaven?

For a time, this place was in an uproar. Everyone forgot to fight and looked at everything in the sky.

"Kill me? Haha? Two devils, one of them isn't even a devil king and there's even a god king with initial state, you want to kill me? I don't care where you came from. I don't care who you are, but if you dare to talk to me like this, you're dead for sure. This is the World Tree! "

Exalted Saint Blueflame laughed crazily.

Don't they know the huge gap between them and me?

What replied him was Ling Xi and the others' attacks.

When Mo Xiaolang became a Sun Devouring Demonic Wolf and transformed into a devil, these two rankers appeared in the starry sky. The children on the planet suddenly wished for them to be able to defeat the Exalted Saint Blueflame.

At this time, Long Chen was chatting with Wan Qing, and coincidentally, Sovereign Qingdian came again. He still acted as if he was very familiar with Long Chen, and said: "The World Tree Holy War is in two months, are you ready?"

#### Chapter 2797 - Devil Flame Tree

Sovereign Qingdian came at the perfect time, if this was the case, then he would have proof that he was not there. Even if the five Sky Sovereigns suspected that he was related to Ling Xi, but they had no evidence, and could not do anything to Long Chen.

With the Wood Creation God's Accumulation Crystal, Long Chen's courage was even greater now.

Not long after Sovereign Qingdian arrived, he deeply furrowed his brows and looked at Long Chen with a somewhat unfriendly expression.

"What's wrong?" Long Chen asked calmly. In fact, he knew that at the location far away from the Tree Root, Ling Xi and the others were already fighting with the Exalted Saint Blueflame.

"Five Sky Sovereigns have left and are rushing towards the direction of the Tree Root. Do you know what happened over there?" Sovereign Qingdian squinted his eyes and asked.

Long Chen laughed and said: "Of course I don't know. As for other minor matters, they shouldn't alarm the Emphyreans, right? "

From Long Chen, Sovereign Qingdian could not find even the slightest flaw.

"Exalted Saint Blueflame is suffering from the attacks of three mysterious people, and is not a god from our world." At this point, he asked, "It's a coincidence that you've only been here for a short time and someone else has already arrived. It shouldn't have anything to do with you, right?"

Long Chen said solemnly, "Of course it's alright. I set off from the Azure Sky Continent alone. Sovereign Qingdian, you wouldn't suspect me, right? "

"Of course not. You're my brother, so I know your character the best. How could I suspect you?" Sovereign Qingdian laughed, paused for a while, and then said: "Moreover, it's just three Primal Realm Kings, to actually dare to deal with Exalted Saint Blueflame, that's just too ridiculous. The Emphyreans really do want to know who dared to attack our people. Don't worry, in our territory, since ancient times, no one has been able to touch our people. "

"That's good." Long Chen nodded and smiled.

But he could see the battle.

On that pitch-black planet, in the vision of tens of thousands of young boys and girls, Exalted Saint Blueflame was laughing maniacally, looking down upon the world with a domineering aura, and shouted loudly: "Two girls, your looks are not bad, and you are worthy to be in this god's eyes. Since that's the case, you can be this god's concubine from now on."

His entire body was now enveloped in a deep blue flame, and it was as if his body was hiding endless blue lava, ready to erupt at any time. While he was laughing, Ling Xi and Mo Xiaolang had launched their merciless first round of attacks.

"monocardium!"

"Bone Devil Flame!"

These two were the rules that were directly released from within the body. The monocardium came from the Spiritualism s, so there was no need to mention the fact that the Bone Enchantment Devil

Flame only came from the Explosive Flame Demon, but had instead been modified by Mo Xiaolang's Ancestral Fire. Its power could only be described as terrifying!

The threads wrapped around Ling Xi's finger were also directly entangled into Exalted Saint Blueflame's body. Inside the World Tree, Mo Xiaolang's Bone Enchantment Devil Flame was directly used to burn the Exalted Saint Blueflame's bones, and the flames that burned were naturally the Nine Hell Devil Ancestral Flame and the Azure Sky Emperor Ancestral Flame.

At that time, Exalted Saint Blueflame was still arrogantly communicating with the five Sky Sovereigns.

"It's fine. I'll stabilize the three of them. When you guys come, we'll catch them together. These little guys will definitely be scared after just a slight struggle!"

Just as he said that, the monocardium and the Bone Enchantment Devil Flame descended.

"Ugh!"

In that moment, the Exalted Saint Blueflame trembled in pain. The two types of power were both extremely terrifying, the monocardium was currently strangling his internal organs, locking his World Tree, directly restricting his ability to use his power, and the Bone Enchantment Devil Flame was born on his bones. Under each other's attacks, the two completely different kind of Ancestral Flames would directly cause a conflict and explosion, no matter how strong the body of the Exalted Saint Blueflame was, it was unable to suppress this kind of explosion!

He screamed three times in a row, causing the Exalted Saint Blueflame's flesh and blood to fly into the air.

"Blue Flame!" "What's wrong!"

When the five Saint Masters heard his scream, they, who were on the way, were startled.

"No, I'll take care of them!"

He was furious!

He had actually been injured. Not only had he lost face in front of the five Sky Sovereigns, he had also brought down tens of thousands of youths who had deep respect for him. In their hearts, he was a god, the ruler of the world.

They all watched in a daze, not expecting that Exalted Saint Blueflame would be injured as well. In that instant, they looked at Ling Xi and the others with incomparable reverence, their eyes filled with tears!

"Damn little things, I left you with a way out, but you just didn't want it. Don't blame me for this!" The Exalted Saint Blueflame was furious, flames ignited from his body that were thirty kilometers high. He had only wanted to delay Ling Xi and the other two, but now that he was angry, he wanted to directly kill them! As for the five Emphyreans, they would naturally hurry over.

Do you think the Exalted Saint Blueflame will lose? Extreme Western Water, Exalted Celestial Woodpass suddenly said.

"Impossible." That Exalted Saint Blueflame was trained by him, so he could be considered his junior brother. No matter how many Primal Realm King there were, they would still not be his match.

Sky Sovereign Desolate Wood said: "I wouldn't have believed it either if I hadn't met that Yang Chen before, but Yang Chen is only a Divine Lord Realm expert on the surface, yet he is able to do it to such a degree, so it might not be impossible. "Lan Yan's character is reckless, joyful, and he underestimates the enemy. He will suffer no matter what, so just let him suffer a setback and grow his wisdom!"

At this time, Extreme East Golden Tree said, "Don't you find it strange? It's been a few years since any otherworldly gods or devils have come to build the Wood Holy Tree, and now that there are two batches of them, they are all very bizarre. It's very likely that Yang Chen is related to those three, after all, they are probably the same age. Right now, those three are attacking the Blue Flames, and the person that we sent to monitor Long Chen before, isn't that the Blue Flames? "

If that was the case, the five Sky Sovereign truly did suspect something.

"The World Tree Holy War, there are still two months left, let's take another gamble!" If Lan Yan is unable to defeat him this time, let him suffer a little. As for Yang Chen, since there's no evidence, let's just pretend that we don't know anything! He's the only one who can help us with the Holy War, no matter what he does. We'll take care of him when it's over. "

With their speed, it wouldn't be too long before they reached the battlefield. They didn't believe that anyone would be able to escape them on this tree.

"Blue Flame Giant Wood!"

Under the nervous gazes of the youngsters, the flames in the starry sky condensed and an incomparably thick and huge tree suddenly appeared, pressing down on the top of Ling Xi and the other two's heads. The gigantic tree burned with dark blue flames, and its aura was majestic, heavy, and had an incomparably enormous weight.

Even if they dodged, with the blue firewood suppressing the black planet, they would probably be able to directly pierce through it!

"You seem to want to save these children, right? Just hold on! If you can't withstand it, then these thirty thousand will die in your hands." Exalted Saint Blueflame was expressionless and cold to the extreme. To him, these thirty thousand people were nothing. Even if he died, he could capture another hundred thousand people and let them continue to fight.

It was so cruel and immoral, but it didn't count much to him. Fiendgods were born capable of dominating the entire universe!

The blue firewood burned with monstrous flames, causing the entire planet to shine with incomparable brilliance. The scorching rays of light accompanied Exalted Saint Blueflame's laughter as they descended, scaring the youths and young girls on the planet.

Of course he couldn't dodge.

Exalted Saint Blueflame had underestimated them. Right at this moment, only Su Yan blocked it all by herself.

"Eternal Black Hole."

Not long after that, an incomparably large black hole appeared on that planet and intercepted them. The blue firewood burned with monstrous flames as it descended from the sky, suppressing down with the fury of the Exalted Saint Blueflame!

"Break!" Exalted Saint Blueflame was very confident that he could tear apart this black hole. However, what shocked him was that the blue firewood had actually all disappeared into the black hole, leaving Exalted Saint Blueflame without a trace. He had lost a large amount of his power for nothing!

"How is this possible!?" What rule is this!? " Exalted Saint Blueflame was stunned.

The black hole vanished, the youth on the planet had escaped a calamity, at this moment they truly understood, the three gods were here to save them!

"Cruel imprisonment, killing the innocent. We came to the Tree Creation Tree to kill you!" Ling Xi had already used Lingxiang's twin swords before, so she could not easily use it. However, she still had a lot of Heavenly Law Spiritualism, and so far she had already learnt six.

"Humph!" Laughable! "

Exalted Saint Blueflame took out his natural tree.

The natural tree of the Genesis.

In actuality, it was equivalent to a Creation Divine Artifact, but it could be better used than the Creation Divine Artifact in Genesis. His natural tree was a strange tree that was burning with blue flames.

"Devil Flame Tree!"

After the fusion, the Exalted Saint Blueflame turned into a giant tree, standing proudly in the starry sky. Its entire body was made up of blue flames, especially the branches and leaves, they were practically fire whips. In front of this giant tree, even Mo Xiaolang and the others looked insignificant.

"Are you ready to be burnt to black charcoal in front of my tree?" Exalted Saint Blueflame's loud laughter came out, the way he acted caused the people on the planet to be even more terrified, it was just that he was not able to scare Ling Xi and the rest.

"Xiao Lang, Yan Er, attack together!"

Ling Xi had the Star Shift technique, moving around in the surroundings was only a matter of time, the Exalted Saint Blueflame was simply unable to grasp her position.

"Cyan Snow!"

Ling Xi made her move. Before the Demon Flame Tree moved, green snowflakes fell from the sky.

"So beautiful!"

Those cyan snowflakes floated on the flame of the tree and did not melt.

#### Chapter 2798 - Diverging Arts

The azure snow was a sort of strange sealing rule. The falling snowflakes were not real snowflakes, but the power of the laws.

This was also the reason why Ling Xi, a mere Primal Realm King, was able to restrict the Exalted Saint Blueflame. Of course, the most important reason was that she had used a portion of Long Chen's power through her Three Lives Love Silk, which was the reason why he was able to suppress the Exalted Saint Blueflame!

With Long Chen's support, Ling Xi could only possess an almost limitless amount of power!

The moment the Devil Flame Tree appeared, under Ling Xi's vast cyan colored snow laws, endless snowflakes fell and engulfed and even froze the tree. In that instant, an incomparably huge cyan colored snowflake floated in the starry sky, and the Devil Flame Tree was frozen within these rules!

Seal!

The combination of the green snowflakes and the blue colored flame tree was quite a perfect picture!

Under the seal of this cyan snowflake, it caused a certain amount of damage to the Exalted Saint Blueflame, and could even lead to serious injuries if this continued for a long time. Under this torture, the Exalted Saint Blueflame became even more furious, igniting the flame energy in his body, and finally exploded, blasting away the frozen cyan snow.

However, under the suppression of the green snow, the blue flames on the Demon Flame Tree became somewhat dispirited.

Exalted Saint Blueflame roared.

Just as he was about to break free and counterattack, Ling Xi suddenly appeared right behind him, right at the center of the Devil Flame Tree. A ray of sword light pierced in.

"Heartbreak Sword Finger!"

Yet another Spiritualism of the heavenly set.

"Die!" The Exalted Saint Blueflame's flames expanded, and was just about to swallow Ling Xi, but right at that moment, Ling Xi disappeared from his sight, and appeared in the distant horizon. The attack brought by the Heartbreak Sword Finger did not disappear, and Exalted Saint Blueflame cried out in pain once again.

"Blueflame, what's wrong?"

"You have to hold on. It will take us some time to get here." The five Sky Sovereign felt anxious. They had only thought that the Exalted Saint Blueflame would be slightly punished, but they did not expect him to be so mysterious.

Under the Heartcrush Sword Finger, the flames on the Exalted Saint Blueflame's Devil Flame Tree were even more uncontrollable, rising from all over the place. It was at this time that the hibernating Mo Xiaolang suddenly appeared in front of his eyes.

"Concentrating Heart Flame!"

The Exalted Saint Blueflame was shocked. Ling Xi had let him break down his courage, and when he suddenly saw Mo Xiaolang, he immediately gathered all of his branches and leaves at one point. All of his flames were instilled to this point! This was a rather tyrannical rule. He gathered all the flame energy at one point, and when it exploded, the resulting might was unimaginable!

"Scram!"

Exalted Saint Blueflame thrusted the Core Fire towards Mo Xiaolang.

What he did not expect was that Mo Xiaolang did not retreat, and actually advanced, rushing forward, ripping off the Concentrating Heart Fire, and swallowing it whole.

"You're courting death!" Exalted Saint Blueflame was stunned and couldn't help but want to laugh. He had never seen such a foolish opponent such as the power of the Concentrating Heart Fire, which was greater than the blue firewood from before. However, Mo Xiaolang actually swallowed it.

"Explode!"

The Exalted Saint Blueflame roared.

But at this time, Mo Xiaolang rushed at him once again. Opening his mouth, two flames attacked him left and right, not attacking Exalted Saint Blueflame, but colliding with him in front of his eyes, and suddenly exploding! The clash of the two types of Ancestral Flames was the true explosion!

BOOM!

The branches and leaves on Exalted Saint Blueflame's body all broke as blue flames rained down like a rain of fire.

"Gathering Heart Flame!" Exalted Saint Blueflame was stunned. Why didn't the Core Formation fire explode? That was one of the rules he was most proud of!

"Soul Division Technique!"

Just as Exalted Saint Blueflame was retreating from the explosion, Ling Xi suddenly appeared behind him. The pure white light in her eyes illuminated heaven and earth, and the vegetative energy erupted forth.

[Soul Division Technique]!

This was practically the most shocking killing move out of the six types of Spiritualism s that Ling Xi had controlled. This was a type of strongest vibration that was even stronger than the Broken Heart Sword Finger, which dealt with Heart of Rules s, but the Spirit Division Technique was directly used on the World Tree and linked it to the Divine Palace. With the release of the Spirit Division Technique, the connection between the World Tree and the Divine Palace started to break one after another.

Long Chen's was a living being, while this Exalted Saint Blueflame's was a blue colored flame. The energy source was cut off and might be able to recover after a while, but Ling Xi and the others did not give Exalted Saint Blueflame the chance to!

Weng! \*

Exalted Saint Blueflame's body was trembling violently.

A booming sound rang out.

The next was the most painful and most panicked scream for the Exalted Saint Blueflame. Ling Xi had already left his back, but the Divine Clone Technique had instantly turned him into a cripple in a short amount of time!

It was even more serious than the rupturing of time!

Most of the palaces were broken.

Of course, it was also because of Ling Xi's good timing and cooperation.

They looked dumbstruck as they watched Exalted Saint Blueflame suddenly regain his human form from the state of the Devil Flame Tree. His face was riddled with scars and he had a deathly pale complexion, but right at this moment, the Sun Devouring Demonic Wolf spat out countless types of divine flames, which condensed into a flaming lotus, surrounding Exalted Saint Blueflame!

"What is he trying to do!"

The young boys and girls watched on dumbfoundedly.

"Let me go! Our Sky Sovereign is here! " Exalted Saint Blueflame never thought that he would lose so badly. Right now, he was already surrounded by the fire lotuses, and losing was already very tragic. He never thought that he would be killed while building the Wood Holy Tree. Defeat and death were simply not the same thing. Many deities simply could not be killed, unless they had power that far exceeded that of their region.

"Forbidden Land of Fire!"

Mo Xiaolang's gaze was cold and indifferent as he opened his huge mouth. The flaming lotus started to shrink.

"AHH!" The law of devouring descended upon the body of the Exalted Saint Blueflame. Only when he discovered that he had become completely food, did he truly panic, and let out a miserable scream of despair.

"Sky Sovereign!" Save me! "Save me!"

The voice was close to tears, and everyone on the planet heard it. This was a sound they were very familiar with, because often, they too felt the same way.

It was a pity that Mo Xiaolang was smart and directly devoured the other party.

It was so easy for Mo Xiaolang to swallow them all. When the fire lotus entered Mo Xiaolang's mouth, the battle had already ended, and he did not know when the five Sky Sovereigns would come, but it was time to prepare to leave.

Of course, the five Sky Sovereign felt that the Exalted Saint Blueflame lost his breath in the end, and their expressions were actually quite relaxed, especially towards the location of the battle, which was getting closer and closer. There was still about three quarters of an hour or so left to the journey, and in their eyes, even if Exalted Saint Blueflame received a little lesson, facing the three Divine Kings of initial state, he would at least be able to hold on for a few days.

But the situation was getting worse.

The Exalted Saint Blueflame was continuously being defeated.

In the end, he was actually heavily injured! At this time, the Emypreans were already somewhat anxious, but in the next moment, something even more terrifying happened. Although they didn't know exactly what had happened, they could guess.

"The blue flames have been swallowed!" In the center, Emyprean Desolate Wood's complexion completely changed!

"Who could actually have this devouring technique?!"

"How is this possible!?" Lan Yan is dead? "

Everything they said at this time was unnecessary, they didn't even have time to care about their old lives. As they gave their orders, they separated and rushed towards the location of the battle with Ling Xi and the others.

At this moment, they were extremely shocked in their hearts.

How long had it been since any existence above the Saint realm had fallen?

The value of a Saint realm master was incomparable. Any one of them falling was an incomparably heavy blow to humanity! Especially the Archaeopterygium australis, he had a very deep friendship with him.

"Kill!"

"We have to find these three!" "Definitely!"

The fury of the five Emypreans swept through heaven and earth. They did not dare to let the Phoenix Clan know of this news.

"What!"

Sovereign Qingdian jumped up, his face was filled with shock, and his entire body was trembling.

"What's wrong?" Long Chen asked pretentiously.

"Exalted Saint Blueflame has fallen!" Sovereign Qingdian panted heavily, green lightning flashed past his eyes.

Wan Qing who was outside also heard the news, and almost fell to the ground.

"Exalted Saint Blueflame!" He thought of Long Chen. That's right, he knew that Long Chen must have done it, but Long Chen was right here!

"Were those three the ones who killed him? Didn't you say the three Primal Realm King s? " Long Chen frowned and asked. Although he did it himself, he still had to pretend.

Sovereign Qingdian squinted his eyes and looked at Long Chen, but thinking back to what the Sky Sovereign said, he knew that he would have to endure for another two months. Furthermore, there wasn't any evidence to prove that Long Chen was involved, so he could only try his best to calm down and say, "That's right, it's them.

he said in a cruel tone.

If Long Chen was an accomplice, he would definitely be nervous upon hearing this news.

But Long Chen didn't feel anything and said: "I'm actually quite curious, just who did it. Since the Emyreans have arrived, it seems that these three won't be able to escape even if they have wings. "

What a joke, through his Three Lives Love Silk, he already knew how Ling Xi had attacked him, how could he have been tricked by Sovereign Qingdian? Moreover, he also had a rough idea of the distance. It was still too early for the Emyreans to rush over.

Sovereign Qingdian was unable to detect Long Chen, and could only say: "This matter can't be known by the Phoenix Clan, I hope brother can keep it a secret."

Long Chen said: "Don't worry, even without the Exalted Saint Blueflame, the World Tree Holy War, I will definitely give my all and help you all defeat them as many as you can!"

Chapter 2799 - Thousand Eyed Fire Tree

However, he was still slightly shocked in his heart.

I wonder what kind of background this Sphinx has, at least the six types of Heavenly Code Spiritualism that Ling Xi is currently cultivating are all quite extraordinary. Although it was not as tyrannical as the Ancestor Dragon's rule, it was still extremely strange. Its might was mysterious and huge, not something that a mere Divine Emperor could create.

Especially that Divine Clone Technique, Ling Xi was merely a Primal Realm King. She had only used her own strength slightly, yet she had actually crippled Exalted Saint Blueflame.

Relying on those few sets of Heavenly Rules Spiritualism, Ling Xi could almost defeat the Exalted Saint Blueflame herself. Su Yan didn't really help much this time. It was just that after the first battle with the Giant Blue Flames Tree, the battle ended in a short time.

When the Exalted Saint Blueflame disappeared, the remaining thirty thousand people kneeled onto the ground, suffocating with expressions of disbelief all over their faces. After a long while, they looked at Ling Xi and the others with tears in their eyes.

Mo Xiaolang was suppressing and digesting the Exalted Saint Blueflame.

Su Yan was currently accompanying him, Ling Xi had originally wanted to leave immediately, but seeing that there were so many people trapped here, she quickly descended.

Ling Xi helped them settle the problem.

Such a goddess had moved the youths and young girls greatly.

"You guys can go home now. Increase your speed, the five Sky Sovereigns of Creation of the Heavenly Palace of the Wood God will be coming over soon. At that time, you might not be able to leave." Ling Xi informed everyone in a gentle and soft voice.

These young males and females were all young, yet they were all forcefully brought here and subjected to a cruel torture.

"Thank you!" Although they were slow, they still took care of each other. One day, they would be able to return to their original home, after all, having been trained by the Exalted Saint Blueflame for a year, they already had a certain amount of strength.

"Let's go." Returning to the Divine Kingdom of Long Chen, even if it was Stellar Transposition, would still take about fifteen minutes of time to prepare. Mo Xiaolang and Su Yan returned to the Divine Kingdom of Ling Xi, while Ling Xi stayed alone in the starry sky, the vast expanse of white light surrounding him turned into a bright light for the tens of thousands of youths to see. As they were escaping, they couldn't help but raise their heads and look at Ling Xi, only until one time they lifted their heads, she suddenly disappeared.

"Where did he go?"

"I don't know, maybe they were specially arranged by the heavens to save us!"

"Yes, that Empyrean God was Pathless! "Damn it!"

Today, they could finally voice out the discontent in their hearts.

In the Creation of the Heavenly Palace of the Wood God.

Ling Xi returned.

Mo Xiaolang and Su Yan also came out.

"It's really dangerous this time around. That Exalted Saint Blueflame is also quite powerful. Even without Big Brother Long Chen by his side, I'm still a bit nervous." Su Yan heaved a sigh of relief, he was no longer nervous.

In the past, Long Chen would always be worried for her. But now, it was no longer necessary, as her growth had allowed his to have an even greater charm in Long Chen's heart.

"However, that Exalted Saint Blueflame is too disgusting, his death is not worth lamenting." Su Yan thought about those young boys and girls, and felt a little uncomfortable in her heart.

With the addition of the two types of Ancestral Flames and the rule of him being able to devour Exalted Saint Blueflame, if he succeeded, he would probably approach Long Chen again, and would even be able to single-handedly defeat the God King Perfection.

Their battle experience and consciousness were still stronger than Su Yan's and Ling Xi's.

"Have a good rest." Long Chen was very satisfied with their performance this time. The stronger their team was, the closer they got to the Origin Dragon Soul, causing their strength. This was also his responsibility, and was something Long Qinglan had entrusted to him before.

Who was the next candidate?

Two more months.

Long Chen asked Sovereign Qingdian, after the few people from the Divine Kingdom had settled down, "Did the Heavenly Sovereigns kill those three enemies?"

Sovereign Qingdian said embarrassedly: "Not yet, but I have caught it, and will probably bring it back."

Previously, in order to probe Long Chen, they panicked a little, but now the Sky Sovereigns have not arrived yet. He didn't want to make a fuss about it, so he said, "I still have a few things to do, so I'll be leaving first. I'll tell you about the Jianmu Jihad plan in a few days. "

When he left, everyone laughed.

"This idiot, he thought he was very smart. "It's not even ten percent as good as me." The kitten said proudly.

"Brother Chen, once Xiao Lang becomes the God King, will we be able to handle Sovereign Qingdian?" After all, Sovereign Qingdian was the most brutal and deserved to die the most.

Long Chen shook his head: "He is still not enough, if he falls, this place will be in complete chaos. These days, I will see if there are any other Holy Saints suitable for this place. He wanted to make Su Yan and the others strong as much as possible.

As for himself, he was confident.

After about half an hour, the five Emphyreans arrived at the battlefield.

"Where is he?" The five Emphyreans gathered together.

"Why is it that after searching everywhere, it seems to have vanished into thin air?"

Everyone had an ugly expression on their faces.

"I don't believe it! There are three Divine Kings in my World Tree, how can you not find them! We have to find these three people before the Holy War, the five of us will personally do it! From today onwards, everyone will be in charge of an area, and I don't believe that he will be able to escape us five! "

"Alright!"

Losing the Exalted Saint Blueflame and not being able to find the culprit was too much of a loss.

"I had Green Lightning monitor Yang Chen well, it might not be his doing!"

After saying that, he contacted Sovereign Qingdian and helplessly said, "Qing Lei said that he had deceived Yang Chen just now and said that we have already caught those three murderers, but Yang Chen is not worried at all. These three people should have nothing to do with him."

"Then, who could it be!"

"Search carefully, it's impossible for them to disappear!"

Before the Holy War on Building Wood, the Exalted Saint Blueflame had fallen.

This sort of news would definitely cause everyone to panic, and the five Emphyreans wouldn't dare to announce it.

The five of them searched the borders of the human territory for half a month, but were unable to find any traces of Ling Xi and the others. Seeing the World War I right in front of them, they had no choice but to give up.

They didn't know about the rules of Star Shift, so they naturally didn't know that Ling Xi was in the God Kingdom of Long Chen.

Were those three murderers from the Phoenix Clan, or were they in cahoots with Long Chen, or even in cahoots with them? The Emphyreans thought for a long time and had no choice but to gamble.

In fact, the Exalted Saint Blueflame was not a participant in the World Spiritist Sacred War in the first place, so his death would not affect the World Spiritist Sacred War.

Long Chen had actually always been very obedient and spent most of his time cultivating under the Wood Holy Tree. The Sky Sovereigns only suspected him a little, but could not be sure. They still hoped that Long Chen would be able to help them win the World Tree Holy War.

On this day, Archaeopterygium australis suddenly came to find Long Chen.

The fall of the Exalted Saint Blueflame seemed to be nothing to him, and he was full of smiles as he said to Long Chen: "Sir Yang Chen, the reason why I came this time was mainly to inform you about the World Tree Holy War. There is still a little more than a month before the World Tree Holy War, and at that time, we will arrange the battle sequence according to the appearance of the other party, I hope that you will listen to our arrangements."

Long Chen smiled and said, "There is no need for Sky Sovereign to be so polite with me. Since I have agreed to all of you, I will definitely use all my strength in this World War I. Whatever Sky Sovereign wants me to do, I will do it. I'll have to trouble you guys to stay here for the past few days. If you don't put in some effort, I'll feel bad about it. "

Archaeopterygium australis shook his head, "You came all the way here, and are our guest. Yet, we asked you to fight for us, it really is a bit unjustifiable."

"No worries, the reason I left Azure Sky Continent was to make friends. It is my honor to be able to make friends with five Saint Masters." Long Chen said politely.

Saying that, Archaeopterygium australis's tone changed as he said, "Then thank you very much. If you can help us humans achieve victory, I actually have a small gift for you. It was a type of hongmengxinling known as the 'Order-level'. His name was the Thousand Eyed Fire Tree. "The main thing is that this thing is not fully ripe yet. Otherwise, I would be able to give it to you now."

Although that was what he said, Long Chen understood what he meant. He meant to say: if Long Chen could help them obtain victory, then they would be able to obtain the rewards from Order-level. This was the heaviest gift they could come up with.

With regards to this Thousand Eyed Fire Tree, the first thing that came to Long Chen's mind was that it might be useful to Mo Xiaolang, and the moment he heard the name, it would be a treasure of the fire element. But he quickly reacted, the Exalted Saint Blueflame was engulfed by Mo Xiaolang, the five Sky Sovereigns definitely guessed that the Sun Devouring Demonic Wolf liked to devour flames, so they used the Thousand Eyed Fire Tree to probe. If Long Chen showed interest in the Thousand Eyed Fire Tree, then they were tricked!

This was the final test they were going to take on, Long Chen!

Long Chen thought about the dangerous situation and quickly said, "Thousand Eyed Fire Tree? The rules that I cultivate have nothing to do with fire at all. I'm afraid that I won't be able to use it. This item must be precious to Sky Sovereign.

"There's no hurry. Let's wait until the Thousand Eyed Fire Tree matures first. No matter what, as long as you win the battle for us, we will repay you handsomely! "

Long Chen laughed: "In any case, with the help of the five Emphyreans, I will just take the formality, and it won't be considered as any contribution. It's just that I might want to stay here for a few more days in the future.

"That's definitely not a problem. You can stay in our World Tree for as long as you want, so of course we welcome you."

With another sentence, Archaeopterygium australis left. His objective was very simple. One was to probe Long Chen, and the other was to tempt Long Chen to contribute.

But what he did not know was that the Exalted Saint Blueflame was just the beginning, Long Chen was already looking for a second target.

The news of the fall of the Exalted Saint Blueflame was only spread among the higher ups of the All Gods Sect.

Currently, out of the five Sky Sovereigns, only Sky Sovereign Desolate Wood was guarding the Creation of the Heavenly Palace of the Wood God. The other four people were constantly searching for the whereabouts of Ling Xi and the other two in the human territory. Even though the time for the Holy War was drawing nearer and nearer.

"This Saint is one of the ten Great Saint Masters, and in addition to that, he should be one of the Saint Saints that will participate in the Wood Building Holy War. If that's the case, his power should be even stronger than Exalted Saint Blueflame's. His name is the Demon Saint. "

Long Chen casually walked with Wan Qing inside the Creation of the Heavenly Palace of the Wood God, and all the Divine Spirits that passed by looked at him with reverence. Because once the news spread, Long Chen would immediately represent their Jianmu and participate in the Wood Creation Holy War.

"Amongst the ten Great Holy Saints, this Demon Saint is the one with the worst reputation and the one who makes mortals afraid of him. He has built thousands of 'Demonic Temple' s in the people and has been doing all sorts of things since ancient times, causing the world to become a tragic sight to behold. The Demonic Temple is very vicious, but with the protection of the Demon Lord, no one can eradicate the Demonic Temple. Furthermore, the relationship between the Demon Lord and Sovereign Qingdian should be the best. "

Counting the sins, the Demon Lord had even surpassed the Exalted Saint Blueflame.

That was why Long Chen set this goal on him.

Although he was called the Demon Lord, he was actually a young man with a handsome and fair appearance. He was fair and charming, with a smile that made one feel like they were bathed in spring breeze. His figure was slender, and his words were warm.

"Saint Yang." The demon saint walked up and smiled, "I've heard that Saint Yang is going to represent us in the World Tree Holy War. Then, I wish Saint Yang victory and a fruitful battle."

Long Chen smiled and exchanged a few words with the young man, then the two parted ways. Although the Demon Saint Sage looked kind on the outside, there was a very serious killing intent in his heart. It was just that he did not know how many vengeful spirits were on his white and tender palms.

"Did you stay?" Long Chen asked.

"Yes, as long as he is still on the tree, no matter where he went, I will be able to find him." Ling Xi smiled sweetly.

If not for Long Chen, he would not even have had the chance to get close to the demon saint. The demon saint had a weird temper and did not like people coming close to him, so if Wan Qing was this close to him, he might have already been killed.

"You're so scared?" Long Chen asked indifferently.

"No, no!"

"Then go back."

Long Chen left as soon as he said it, Wan Qing raised his head, looked at him, then looked in the direction the Demon Saint Ruler went in, his mind was in a mess, he had a feeling that something was going to happen. After all, he already knew that the Exalted Saint Blueflame had fallen, he had a feeling that this matter was definitely related to Long Chen, because Long Chen had once asked him whether or not he wanted to kill Sovereign Qingdian!

"He must have a reason for coming here! Even the Exalted Saint Blueflame has fallen, I am a god of the Creatures of Jianmu! "We should have denounced him in front of the Sky Sovereign."

Wan Qing's heart trembled.

However, at this time, he thought of Sovereign Qingdian, thought of jade complexion, and his heart trembled even more. He had a monstrous hatred for Sovereign Qingdian, and he thought that he must wait for Long Chen to kill Sovereign Qingdian first before deciding.

After going back, Long Chen focused on Mo Xiaolang.

After about the time of today, Mo Xiaolang successfully devoured the Exalted Saint Blueflame, his cultivation increased explosively, rushed up the Taizhen Deity Realm, and became the Celestial King who ruled over a region! All three of them were truly at the level of Divine Kings, all that was left was Long Chen himself. Furthermore, with the particularities of Ling Xi and her, letting them deal with the Perfection Divine King alone might even be possible!

It was time to let Su Yan recover some.

"After devouring the rules of the Exalted Saint Blueflame, I can now better utilize the two kinds of Ancestral Flames. It's just that the 'Nine-Nine Burning Heaven Secret Technique' we cultivate right now is still just a Genesis, so we might suffer a little loss. "

Long Chen was the same as well. The 'Primordial Divine Dragon Heaven Calamity' secret manual given by the Incantation Guardian was not even close to Order-level. Based on the nature of the power, if one fought against a Divine Spirit with Infinite Divine Arts in their body, it would be slightly disadvantageous.

Of course, it wasn't easy to find a suitable place for them within the Tree Building Sacred Tree. Perhaps there was a chance that one would be able to find a place like the Zhou Mountains, where Fiendgods gathered.

"Are you confident in defeating the Demon Saint fast?" Long Chen asked the three of them.

The main difference from last time was that Mo Xiaolang had become stronger.

Mo Xiaolang nodded, and said: "This time, I will be the main attacker, and my speed should be much faster than last time. After all, Big Sister Ling Xi's Heavenly Rules Spiritualism will give her opponent a lot of restrictions. It's much easier to fight. "

"Fine, if it doesn't work, then retreat. Just don't let those five Sky Sovereign catch him."

Honestly speaking, this time was a bit more risky than last time, but it was more or less the last time. Long Chen was accumulating his capital and waiting for the final day to come.

"Saint Yang Saint, when can I kill Sovereign Qingdian?" Wan Qing could not help but ask boldly.

"Soon." Long Chen smiled slightly. According to this tempo, it was indeed fast.

Not long afterwards, the Demon Lord left the Creation of the Heavenly Palace of the Wood God. He himself was the one who stayed in the Creation of the Heavenly Palace of the Wood God the shortest amount of time, often staying outside. Amongst the ten Holy Masters, he was the only one who had built so many Demonic Temples.

Long Chen and the others were a little nervous as they waited for the Demon Saint Lord to leave.

Of course, it was impossible for him to go to such a remote place like the Exalted Saint Blueflame, it might be because of the Exalted Saint Blueflame's fall.

Very quickly, he reached a place, below him was a gigantic black city, it looked like a ghost city, at this time, blood was flowing in rivers, there were two sides fighting, the one side who was on the right path and the disciples of the Demonic Temple, it seemed like the Demonic Temple was doing evil, many righteous people had gathered, wanting to destroy this Demonic Temple.

"Heavenly Demon God!"

When the Evil Demon Saint appeared in the sky, the disciples of the Demonic Temple were in a frenzy.

"Our Heavenly Demon God has appeared!"

"Damned righteous disciples, you actually dare to attack our Demonic Temple!? Now that you have angered the Heavenly Demon God, you will all die without a burial ground, and will never be able to reincarnate! "

This was a merry celebration of the Demonic Temple, the doomsday for the righteous disciples. When the Evil Demon Saint appeared, all of their faces were pale white, they could not help but flee. Everyone had grown up listening to the terrifying rumors of the Evil Demon Saint, if not for him protecting Demonic Temple, they would not be able to live until now!

"Run!"

In that moment, the people who were about to take down the Demonic Temple immediately ran, but before the Evil Demon Saint could make his move, the danger had already dissipated.

"A mere ant dares to come and destroy my Demonic Temple? You are truly courting death."

The vicious-sounding voice of the demon saint entered the ears of everyone present.

The righteous disciple felt miserable in his heart. He was finished!

At this time, a white light flashed in the sky. Everyone was horrified to find that there were three youths standing next to the demon Saint. Those that could stand side by side with the demon Saint must be gods! But looking at their menacing appearance, it seemed as though they wanted to fight against the Demon Saint at any moment?

"It's all of you!"

He knew that the Exalted Saint Blueflame had died in the hands of these three, so at this moment, he directly informed the five Emphyreans without saying a word, especially the fact that four of the Emphyreans were still searching for them outside the Creation of the Heavenly Palace of the Wood God!

"We have to stabilize them, we'll be there shortly!"

"Not even a quarter of an hour!"

The Emphyreans immediately went berserk. This time was different from last time, the distance between Exalted Saint Blueflame and them was too far. The closest Emphyrean amongst the five of them was only 10% of the last time! As long as the Demon Saint Ruler could last a little longer, if they managed to make it in time, Ling Xi and the rest would definitely not be able to escape!

"Eternal Black Hole!"

According to their plans, Su Yan would transform into a devil and charge into the starry sky, creating a gigantic black hole above the Demon Lord's head. The black hole would devour everything and would drag down the Demon Lord, but the power of her Primal Realm King would not be able to do anything at the moment, so the impact on the Demon Lord would definitely be great.

The ones who acted the most were Mo Xiaolang and Ling Xi.

At this time, Mo Xiaolang had already turned into a Sun Devouring Demonic Wolf, his entire body wreathed in flames!

"Oh my god!" Someone is fighting the Heavenly Demon God! "

"What's going on!?"

The people that were about to come to a halt, even the righteous disciples stopped running. They stood there blankly, watching the battle between the gods!

"An insignificant skill!" You can fool trash, Lan Yan, but you can't deceive me! " He estimated that the most recent Ascendant would arrive in less than a quarter of an hour. In such a short period of time, it would be laughable if the enemy wanted to kill him. Furthermore, although they were powerful, Exalted Saint Blueflame had endured for a long time, so he must be stronger!

"monocardium!"

Ling Xi immediately lashed out, before he could attack, the monocardium's laws were immediately born in his body, and the sharp threads immediately began to pull!

The demon saint cried out in pain.

"Heartbreak Sword Finger!"

Pch!

It was almost impossible to block the attack from the physical body to the primordial spirit. The only thing he could do was resist. In just an instant, the Demon Lord had been struck twice and his face turned white.

"You!"

The Demon Saint was furious, he summoned his power to destroy the monocardium, and just at this time, the Sun Devouring Demonic Wolf flew over, and in the eyes of the Demon Saint, it was magnified!

"Gather!" Heart! "Fire!"

This was a rule which the Exalted Demon Saint was extremely familiar with.
