

War God 2801

Chapter 2801 - Yama Minamiya

With the same rules and the same principles, when Mo Xiaolang used it on the Ancestral Fire, it would truly show a difference.

For example, he was currently gathering the two kinds of Ancestral Flames together at a central point.

Before, before the rules of the Core Fire, he could only use the two kinds of Ancestral Flames to collide with each other and form an attack. But now, it was much more frightening. The rule of the Core Fire was to gather all the flames at a small point.

This point might even be smaller than a grain of sand.

What the Demon Saint had seen at the beginning was that there were two types of extremely terrifying flames on Mo Xiaolang's body. One was the ice-cold Nine Hell Devil Ancestral Fire, and the other was the scorching Burning Heaven Emperor's Ancestral Fire.

Any one of the two types of flames would cause a demon saint to feel incomparable dread.

He was still being tortured by the monocardium, so the Concentrating Heart Fire came.

On Mo Xiaolang's body, two types of flames condensed in the middle of his two canines. The vast and tyrannical flames wildly surged into the sand speck that was the size of a grain of sand.

The Demon Saint Lord had seen the Exalted Saint Blueflame use the Concentrating Heart Fire before and he had also fought it, but the two feelings were completely different. This originated from the difference between the two fires. In particular, these two Ancestral Flames had completely different attributes. One was a cold and the other was a hot flame. When they were gathered at a single point, a terrifying event occurred!

What was most shocking to the Demon Saint was why Mo Xiaolang would use the rules of the Concentrating Heart Fire!

This was entirely a rule that was invented by the Exalted Saint Blueflame!

Even if there was a similarity, would there be a similarity? He had heard that it was a demon wolf that had devoured Exalted Saint Blueflame.

He can digest rules?

Mo Xiaolang prepared for a long time and in almost an instant, two kinds of Ancestral Flames and several hundred types of Divine Flames had already fused together at the center. At this moment, he had already rushed to the front of the Demon Saint who was bound by the monocardium, and released the Concentrating Heart Flame!

"Scram!"

Just now, he was restricted by the monocardium and before he could counterattack, Ling Xi had already arrived at another rule, which was blue snow.

Snowflakes fell, and in a very short period of time, they had frozen the Demon Saint!

Ling Xi being able to use Long Chen's strength, was what was so heaven defying about it. She didn't even have to think about how much power was expended, as she only needed to understand how many Heavenly Rules and Spiritualism to release as much of them as she wanted. With her by her side, any battle seemed to be incomparably easy.

Of course, this time they had to deal with their opponents as soon as possible.

A speck the size of a grain of sand crashed into the green snow.

Of course, Ling Xi would not let the cyan snow to become a barrier blocking the rules of the Everlasting Heart Flame. When the Core Fire descended, the cyan snow opened a small hole for the Core Fire to enter.

Then, of course, it exploded.

Below, the two sides who had been fighting earlier were watching in a daze. Seeing the demon saint being frozen and looking at the terrifying black hole in the sky, it did not seem to be aimed at him. Otherwise, even the Demonic Temple would have been swallowed by it.

"This is the God of Heaven who killed Yao Xie! We must kneel down and kowtow!"

All the righteous disciples knelt down.

Right at this moment, the azure snow suddenly exploded.

The entire World Tree trembled.

"Ugh ..."

The black and white flames mixed together as he stared blankly at Mo Xiaolang. At that moment, no matter what aspect he was facing, he had suffered an absolute heavy injury, which made it difficult for him to even move a muscle!

How many years had it been since he'd been injured so badly?

Even the demon Saint was beginning to grow dazed.

"Sky Sovereign, save me!"

Weng! *

Ling Xi's palm had struck his Divine Kingdom and this time, the Evil Demon Saint was completely crippled. Time was tight. The Emypreans were probably even crazier now!

In that instant, the Demon Lord, who was heavily injured, was devoured by Su Yan, who was already prepared, because he had lost his ability to resist. He entered the black hole.

Down below, the living creatures watched on in shock.

In the blink of an eye, the Nuwa Demon and Sun Devouring Demonic Wolf had taken human form and returned to Ling Xi's Divine Kingdom. The only thing left in the sky was a beautiful woman.

"Boom!"

In the distance, a streak of fiery light attacked.

"It's the Archaeopterygium australis. He arrived first."

Ling Xi closed her eyes. She was pretty close to Creation of the Heavenly Palace of the Wood God, she did not need to spend too much time to prepare the Revolving Star Passage Technique.

"Witch!" Let's see where you can escape to this time! "

Archaeopterygium australis was furious to the extreme when he saw that Demon Saint Sage had been swallowed. He quickly rushed over, but on the other side, even Extreme West Earth Sky Sovereign Mu had arrived.

With the two sides surrounding them, Ling Xi was unable to escape.

The two Sky Sovereigns were catching turtles in a jar.

The other three Emphyreans were about to arrive as well.

This time, no matter what price they had to pay, they had to capture Ling Xi, or else at this rate, Jianmu would be finished!

"Don't even think about leaving!"

Archaeopterygium australis rushed over in a flash. Everyone looked at the sky in shock, only to see that more than half of the sky had been covered by layers of flames, that was an endless sea of fire!

"That's one of the five heavenly beings!"

"The demon saint is so evil, why does he want to help him?"

Everyone could not help but worry for Ling Xi's safety.

At that moment, the Sky Sovereigns were staring at Ling Xi with fiery eyes.

In their eyes, Ling Xi was doomed.

But right at that moment, Ling Xi suddenly smiled. In a blink of an eye, she disappeared into thin air right in front of the Sky Sovereign!

"Me!"

Archaeopterygium australis was stunned on the spot.

"Is this the law of space?"

She disappeared in an instant. There was no trace of her to be found in the entire tree again. She had disappeared into thin air when she said that this was the laws of space and that she couldn't even reach such a level.

With the Emypreans' perception, it was enough to cover the entire human territory. It was a pity that Ling Xi just disappeared like that.

Anger, grievance, depression!

"Damn it!"

Under his wrath, countless flames rained down from the skies, especially from the ground directly below him, causing countless creatures to be instantly engulfed by the flames. This time, due to the fury of the Archaeopterygium australis, hundreds of thousands of creatures were killed in the midst of the rain of fire.

The Demonic Temple below was burnt to the ground, becoming scorched earth.

"Antarctica!" At this time, Emyrean Desolate Wood arrived in the center and gave him a furious glare. Archaeopterygium australis suppressed his anger and the five Emyreans regrouped!

"I saw it. This woman is too strange, and she actually disappeared into thin air. What kind of natural law is needed to do this?"

"It might not disappear. Let's keep searching, maybe she's nearby!"

The five Sky Sovereign began searching with all they had.

The death of the demon saint couldn't be hidden. There were bound to be many people who knew about it.

However, after two hours, they realized that no matter how hard they tried, they could not find a single person!

"As long as this woman still exists, we can't help it! Maybe the Saints will die one by one, or even come to us in the end. "

The Emyreans discussed for a while.

In the end, Emyrean Desolate Wood said: "The World Tree Creation Holy War is about to begin, it is very likely that this is a helper that the Phoenix Clan found. From today onwards, all the divine beings will return to the Creation of the Heavenly Palace of the Wood God, no one can leave until the end of the World Tree Holy War! Wait until the end of the World Tree Holy War, then we will throw down an inescapable net and arrest these three people! "" No, no

"Alright!"

As expected, all the divine beings returned to the Creation of the Heavenly Palace of the Wood God, and no one dared to leave.

However, the news of the fall of the Evil Demon Saint still spread throughout the world and reached the Phoenix Clan. It was said that it was a human woman, a demon wolf, and a creature that looked similar to a demon. Of course Zhu Xi knew who it was.

The World Tree Holy War was about to begin, and such a change made everyone anxious, especially the people from the Creation of the Heavenly Palace of the Wood God, who were extremely serious throughout the day.

"The demon saint is dead!"

When Wan Qing heard this news, he almost sat down on the ground.

He thought back to the time when Long Chen had met the Demon Saint. In this period of time, Long Chen had talked to several Saint realm experts, but that time was the strangest time with the Demon Saint. At that time, Wan Qing had the same feeling, that Long Chen had observed the Demon Saint a little more.

"It was said that three people killed him! The Exalted Saint Blueflame has also fallen, and it was even before the Demon Lord had appeared. It is said that it was done by the Phoenix Clan, and it is at least related to the Phoenix Clan in a huge way, and now that the five Emphyreans are preparing for war, for the sake of the construction of the Wood Battle War, there are already twenty days left. "

"Alright! I hope we can win! " Wan Qing immediately returned to Long Chen's place, only to see that Long Chen was resting with his eyes closed, completely focused on his cultivation. No one would have suspected that he was the one who killed the Demonic Saint Lord.

"You're back?" Long Chen opened his eyes and smiled at him.

"Saint Yang, I ... I want to ask you ..."

"Go ahead."

"Is the Demon Saint Sage you?" Saying this, Wan Qing did not dare to continue as he looked at Long Chen in awe.

Long Chen laughed: "What do you think?"

Seeing that he did not have any intention to kill her, and thinking back to when he saw the jade complexion and how miserable she looked, it was obvious that Sovereign Qingdian did not treat her well, so he braced himself and asked: "When will it be Sovereign Qingdian's turn?!"

"Soon."

"Can I help?" Wan Qing asked nervously.

"Of course, I'll have to rely on you this time, Wan Qing." Long Chen stood up, patted his shoulder, and said: "As a person, you must be bold and do what you desire. When the time comes, if you still cower like a tortoise, you will be a coward. The ones who live will also live in pain. "

"Thank you!"

Wan Qing's eyes were filled with tears.

"At that time, I will tell you exactly what you want to do. Now you just wait in peace. " Long Chen smiled faintly. The Creation Holy War was about to arrive, and Long Chen planned to unleash the ultimate attack on the Jianmu Holy Soul, the Origin Dragon Soul, that day.

There were only twenty days left, and he would have to wait slowly.

In any case, Su Yan had already recovered to the realm of the Perfection Divine King.

Chapter 2802 - Five-Colored Divine Phoenix

The Exalted Saint Blueflame and the Demon Lord had raised both Mo Xiaolang and Demon Saint by a level.

Right now, Mo Xiaolang, Su Yan and the others all had the ability to approach Long Chen closely. In the future, they might even include Cat, Yang Lingqing and even Zhu Xi. Of course, that included Li Xuanji, who Long Chen would never forget.

Of course, that was something to be said later.

As time passed, more and more people within the Divine Kingdom became true Divine Dragons, and the first batch of Dragon Emperor who became Ultimate Dragon also continuously grew stronger. They gradually gained power that was close to the Divine King, and there were even some that were comparable to Divine Kings in initial state.

More and more Divine level experts appeared in the Divine Kingdom.

Their entire dragon race was growing larger and larger.

Long Chen had not completely confirmed the existence of the Unparalleled Dragon yet, but he wanted to observe for a while more. In any case, he was not in a hurry to do so.

There was less than half a month left before the World War.

Ling Xi was steadily increasing, and it would not be long before she succeeded in learning the next set of Heavenly Rules and Spiritualism, by which time, she would probably directly enter the realm of the Perfection, the realm of the Divine King.

The finishing point of the Sphinx s was very likely to be the Divine Emperor s of the polar state.

After all, Ling Xi still had eleven types of Heavenly Law Spiritualism that she had yet to learn, and it was still worth about two-thirds.

First, he practiced the monocardium, and then he trained in the Origin Dragon Palace for five times. And then, during his five years of travel, he had learned another type of battleship. There were a total of eighteen types of Spiritualism s, but she had already learned seven.

As for Long Chen himself, he was waiting for the last chance. If he wanted to obtain the Origin Dragon Soul, then he must first become a Divine Monarch himself!

"Zhu Xi, where do you want to escape to!"

Behind him were five magnificent rays of light.

Red, white, purple, cyan, and yellow.

There were five kinds of phoenixes in the phoenix race: a fiery red phoenix, a green phoenix, a white swan, a yellow phoenix, and a purple phoenix! They were all skilled in unique phoenix rules, such as benevolent, righteous, filial, or phoenix requests. At the same time, each of them was proficient in a type of rule, such as the Vermillion Bird's Fire, or the Water of Earth.

The five beautiful lights that were chasing Zhu Xi were actually the five Sacred Emperors of the Phoenix Clan. The leader of the Five Saints!

"It's over! I'm finished!" Zhu Xi's face tensed up as he looked miserable. She had used all his strength to escape, but he had already been discovered by the Five Saint Kings and was about to be caught!

"Heavens, how could I, Zhu Xi, have such a hard time!" The moment he finished speaking, the Vermillion Bird Emperor grabbed the back of her neck and lifted her up. He said with slight anger: "Zhu Xi, you're not young anymore, why are you still acting like a child.

Beside them were Emperor Yu, Emperor Qing Luan, Emperor Qing Luan and Emperor Hong Si.

The Blue Luan Emperor was a gentle and beautiful woman. She lightly seized Zhu Xi and rebuked him: "Don't scare little Zhu Xi." Then, he patted Zhu Xi's head and said: "Little Zhu Xi, opening the Phoenix bloodline has endless benefits for you. Not only will it help you become strong, you will also have endless possibilities for the future. We have spent so many years and painstakingly made you out, and you are about to succeed. You cannot create trouble, and if you do that again, we will get angry, and then we will imprison you for ten thousand years.

"Ten thousand years?!" Zhu Xi's eyes widened, he was so scared that his soul almost left his body.

The Blue Luan Emperor understood her the best, and knew that with her personality, what she was most afraid of was confinement. Furthermore, activating the Divine Phoenix bloodline is also good for me, so why would I refuse?! Go back, quickly go back!

The five Sacred Emperors couldn't help but laugh when they saw how incoherent she was.

After capturing Zhu Xi and scaring her to the point of scaring her, he finally brought her back. To be honest, this Zhu Xi really made people not know whether to laugh or cry.

"Zhu Xi, we, the Phoenix, must preserve the purity of our bloodline. This is a tradition of our clan. We love peace, but humans are different from us. They are born with the intention to invade and fight. We have already lost so many times in a row, and if we continue to lose, they will flourish and one day, we, the phoenix race, will be forced to leave the World Tree and our homeland. So, even if it goes against our clan's tradition, we were still forced to make you. Do you know what the Divine Phoenix means? "

Zhu Xi shook his head.

"Divine Phoenix is the ancestor of our clan, the very first Phoenix. From one to five, we, the Five Saints, were born. And then, it would give birth to the countless number of phoenix races today. You are not just a combination of the Vermillion Bird and the Five Saint Clan, you are also a gathering of them. If you can open the Divine Phoenix bloodline, then you will have all the strength of the Five Saint Clan. You will become a Rainbow Phoenix. which is also called Divine Phoenix. "

"AHH!" Then wouldn't my hair have three additional colors! " Zhu Xi said in shock.

"I'm not sure about that."

Seeing how this young lady was concerned about such a problem, the Sacred Emperors were speechless. It was useless speaking to Zhu Xi anyway, so they brought her back to the 'Holy Shrine'.

"From today onwards, the Holy Shrine will be closed until we come out." The Five Saint Emperor gave such an order. Everyone within the Phoenix Clan were extremely nervous, as they roughly understood what kind of change would occur in Zhu Xi.

"Zhu Xi."

"Un, what is it!"

"The next time you come out of the Sacred Palace, you will be the emperor of our Phoenix Clan. I hope that you can mature at that time, until your responsibility lies with you. Our Phoenix Clan does not seek to occupy the entire World Tree, we only seek to preserve our homeland, so that all our citizens can live in peace and work in peace. "

"Can I order you then?" Zhu Xi's eyes turned and his smile became weird.

"Okay?" Vermillion Bird Emperor was a little helpless. This girl was too weird, he always made people feel depressed.

"That's great! "When the time comes, I will order the five of you to dance in front of me and kiss each other on the mouth!"

Puff!

The Five Saint Kings nearly vomited blood. They were gods that had cultivated for tens of millions of years, the leaders of the Five Saint Clan, and they even wanted to dance? Even kissing?

"What kind of monster did we train so hard for?" However, they still had to continue with their plan, and they could not keep it that way. Zhu Xi was still young, if they waited for her to grow up a little more, he would know what responsibility it was to protect them.

The other phoenix races would be guarding outside the sacred shrine of the phoenix nest everyday.

Time ticked by, and in the blink of an eye, ten days had gone by without any movement. There were only three days left until the World Tree Battle War, and at this time, a five-colored ray of light shot out from the top of the Holy Shrine into the starry sky. The distance between these five rays of light was equivalent to ten of the World Tree's height.

"What is this!"

He felt that the light contained supreme authority and divine might.

However, it soon disappeared.

Humans were rather far away, so they could not see it clearly, but on the side of the Phoenix Nest, there was a large area of distance, and it was currently covered by this five-colored light. Accompanied by five types of light, these five types of energy were emitted an aura that seemed like an emperor, that was ancient and thick, causing all of the Phoenix Tribes to be unable to help themselves from kneeling on the ground, paying their respects to the five-colored light!

Divine Phoenix was born!

As the light gradually dissipated, everyone could clearly see the most gorgeous phoenix in all of history above the phoenix nest. Each of her body had five different colors, and each color was as if they were sprinkled with golden powder. The phoenix itself was a beautiful creature, and this body of the Divine Phoenix was even more perfect. It caused all the phoenix races to be envious and worship it!

There were five Sacred Emperors surrounding the Divine Phoenix. They had all turned into phoenixes, and although they were all a bit larger than the Divine Phoenix, in terms of temperament and authority, they were not as breathtaking as the Divine Phoenix.

"From today onwards, Zhu Xi is the Divine Phoenix, the ruler of our Phoenix Clan! Every phoenix, including us Five Sacred Emperors, all obey the orders of the Divine Phoenix. We firmly believe that the Divine Phoenix will lead our Phoenix Clan and obtain victory in the World Tree Holy War! To build peace and a beautiful home! Protect all of our Phoenix Clan! "

"Divine Phoenix! Divine Phoenix! "

From today onwards, there weren't many people who would call Zhu Xi by his name anymore.

Zhu Xi watched all of this in a daze.

Tens of millions of lives bowed down in worship.

The moment her bloodline awakened, she felt the existence of responsibility and protection. It was a responsibility given to her as the pinnacle of bloodlines, a duty that deeply moved her. To fight for the survival of an entire race! What a glorious and glorious thing it was!

This kind of quest was similar to Long Chen's, but Long Chen's was even more tragic and vast, and had to fight back with all he had. It was also more difficult. She was different from Long Chen. At least, she was still a child at heart, so she couldn't react to it even after a very, very long time.

"Everyone!" Zhu Xi was a little dazed, and only after a while did she react, as though his current momentum was too great, not good at all. Thus, she returned to his human form, and after activating the Divine Phoenix bloodline, even in his human form, her temperament had undergone a huge change. She became noble and dignified. Pure! In the past, she could only be considered a beauty. Even though

he was still the same as before, he was still mesmerizingly beautiful. At the very least, Di Yao was not as noble as her ...

"My hair has really changed into five different colors!"

Chapter 2803 - Absolute Boundary

Zhu Xi was shocked. He had originally imagined that the combination of five different colors would be very ugly, but now it seemed like it was not possible at all. This made her extremely satisfied. Actually, what she didn't know was that at this moment, even the pupils of her eyes had five colors. They were five concentric circles, the most central one was red, the second circle was green, then white, yellow and purple. At this moment, her pupils were still revolving slowly around the center, like a five-colored vortex.

"We pay our respects to the Divine Phoenix!" The Divine Phoenix clansmen were still incomparably excited.

"Get up, get up!"

Zhu Xi was a little impatient. These fellows were all too formal, what was so good about kneeling?

However, she discovered a time when she was overjoyed. That was, her realm, had already reached the realm of the Perfection Divine King, and had also increased by a lot, to the point where she had not even seen some of them herself. In terms of the rules, the phoenix rules were still there. There were also five rules that belonged to the Five Sacred Clan. In the end, there was also a black rule that was a mysterious dao seal.

"Reincarnation?" Zhu Xi only managed to obtain this information after coming into contact with it for a while.

"Forget it, it really gives me a headache. I need to take a good rest!" Zhu Xi thought that no matter what she wanted to do at this time, no one would be able to control her.

"Divine Phoenix, don't go. Three days from now, it will be the World Tree Holy War!" The five Saint Kings stopped her once again.

"Alright, I'll definitely beat that Sovereign Qingdian into a pulp!" After Zhu Xi finished speaking, she slipped away like a wisp of smoke. However, seeing that she was only running towards her residence, the Sacred Emperors were no longer worried.

"This child ..." The five of them looked at each other and smiled. They didn't know whether to laugh or cry.

"Fortunately, I succeeded. Her future was limitless! We have finally succeeded! "

"That's right. With the Divine Phoenix Empire, we'll be able to obtain the Jianmu Holy Soul! Although we do not need it, it will always be in the possession of the human race. Sooner or later, it will bring about a calamity to us. "

Countdown to the third day, the penultimate day, the penultimate day

Last night.

Tomorrow, the five Emperors would lead the 10 Holy Saints and all the Divine King level powerhouses to the 'World Tree Heaven's Altar' at the border between the two races to carry out the world-famous holy war between the World Tree and Heavenly Altar!

The World Tree Battle War was the most important event in the entire world, even for mortal souls! Once in a hundred thousand years, the majority of mortals had never experienced a single World War II! This was a contest between the ruling gods of the entire world, the final war between humans and the phoenixes! The victor will obtain the soul of the Tree Creation Tree!

The Jianmu Holy Soul could protect the clan's prosperity for eternity! In the common people, this rumor had long been spread like wildfire.

Tomorrow was the day when the World Tree boiled with excitement! Even to a mortal, they might not even be able to see the battle, but from the sounds of battle, from the sounds of the battle, and from the shaking of the World Tree, they could understand that the World War had truly happened! According to the rumors, every time there was a World War, there would be a Holy War to build the tree! A large number of mortal souls would be killed by the aftermath of the battle between the gods!

When the light shone tomorrow, the two armies set off! The battle officially began at noon!

Before this, Sovereign Qingdian had already come to greet them. In four to four hours, he would arrive at the entrance of the Creation of the Heavenly Palace of the Wood God, gather with the five Sky Sovereigns and the other Divine Kings, and head over to the Wooden Heaven Altar.

In the middle of the night, Wan Qing was getting anxious. He asked Long Chen: "Saint Yang, tomorrow is the World Tree Holy War, if you help them obtain the Jianmu Holy Soul, I guess that you will be of no use to them, and they will target you! After all, the Exalted Saint Blueflame and the Evil Demon Saint have fallen, they will suspect you, or else the Archaeopterygium australis will not use the Thousand Eyed Fire Tree to test you."

In fact, of course Long Chen understood what he had said.

Now, he was counting on Long Chen to give him a chance. He could not bear the sight of the jade complexion every time he looked at her.

There were around four hours left to the gathering time. After calculating for awhile, Long Chen felt that it was about time, and he had almost settled in.

"Is the seal complete?" Long Chen asked.

"That's enough," Ling Xi replied as she nodded.

The seven types of Spiritualism s she had mastered were: monocardium, Heartcrush Sword Finger, Sky Realm Flowing Sand, Green Snow, Dividing Spirit Art, and Stellar Transposition.

And there was even a type of Heavenly Code Spiritualism, Ling Xi had actually never used it before.

That was the 'Seal'.

If he were to be imprisoned in a sealed realm, it would basically be equivalent to disappearing from the world, and not being able to transmit any information. Long Chen had tried it, but if he was imprisoned in a sealed realm, even his love for three lifetimes couldn't communicate with Ling Xi.

If others were imprisoned in a sealed realm, it would be even more so if they were unable to detect it.

Of course, the defensive power of a sealed realm was ordinary. It was very easy to break it apart, and it wasn't a completely imprisoning technique like Azure Snow's. However, a sealed realm was completely invisible. If one did not transmit information to the outside world, it would be difficult for one to know that they were actually already within the sealed realm's rules.

All seven types of Heavenly Rules Spiritualism s were either effective in attacks or as support.

He attacked with the Heartbreak Sword Finger, the Flowing Sand of the Celestial Realm, and the Divine Division.

The reason why Long Chen placed Sovereign Qingdian last, and dared to be so confident of Wan Qing, was because Ling Xi knew the [Seal the World], this type of Spiritualism.

Allowing Mo Xiaolang and his to level up was only for the final battle. After all, the last time they were going to 'hunt', should be the shortest and the most difficult. And this time, it was for Long Chen himself.

"Wan Qing, your mission is here."

Long Chen suddenly said with a stern expression.

"What!" Wan Qing looked at Long Chen with an excited expression and his eyes were bloodshot.

"Don't be like this. It's a small matter, don't be too nervous."

Long Chen smiled slightly, then whispered in his ear, "Sovereign Qingdian and the other Divine Kings are currently with the five Empyreans. jade complexion is currently at her original residence. Go find her and bring her away from Creation of the Heavenly Palace of the Wood God, the further the better. If she doesn't want to, then take her away. Of course, don't let anyone else find out. Now that all the Empyreans are discussing about the World Tree Holy War, no one will even pay attention to you! "

"Take the jade complexion away, why?" Wan Qing looked at Long Chen in a daze.

Long Chen said: "This is the first step, as for the second step, once you have completed the first step, I will tell you. Don't worry. The further you take her, the more hope you have. "

Wan Qing clenched his teeth and struggled for a while, but in the end, he still nodded his head. He naturally understood that he wouldn't be able to help much. Since Long Chen wanted him to take the jade complexion away, there must be a reason! He believed in Long Chen, because Long Chen had unknowingly killed the Exalted Saint Blueflame and the Evil Demon Saint!

Others might not know about it, but he knew it!

"I'll go!"

"Remember, of course. Don't worry, there's still a lot of time. If you leave here at this time, no one will pay attention to you. "

Long Chen patted his shoulder. To be honest, he still used wishful eyes at this time in order to allow Wan Qing to complete the mission. Now that things had reached such a stage, without any special methods, it would be impossible for Sovereign Qingdian to leave the Creation of the Heavenly Palace of the Wood God.

As for why before the Wooden War? Naturally, it was to make the five Sky Sovereigns unable to leave.

"I'll go!"

Wan Qing quietly left the place, took a deep breath, and headed towards the jade complexion.

"Brother Wan Qing, you better not look for me, don't let Sovereign Qingdian see you!" The jade complexion panicked, not wanting to let Wan Qing go.

"jade complexion, there's something I want to tell you. Just give me a chance, okay? It seems that we have been together since we started cultivating! " Wan Qing's eyes filled with tears.

Seeing him in such a state, the jade complexion's heart shattered. She looked at Wan Qing in a daze, and said: "Speak, after you're done speaking, you'll leave. "We're not going to make it."

"Listen to me!" Wan Qing moved closer. He did not believe that he could take away the jade complexion, so when they approached him, he used the power of the laws to imprison the jade

complexion, causing it to pass out, and threw it into the Divine Kingdom. After all, he was a Taiji Realm, a level higher than the jade complexion.

"It's a success!" Wan Qing's body trembled. He placed the jade complexion in the middle of the Divine Kingdom, calmed himself down, and then quietly left the place, walking towards the Creation of the Heavenly Palace of the Wood God.

"Wan Qing, the Heavenly Sovereign has ordered that for the sake of safety, all the Gods are not allowed to leave the Creation of the Heavenly Palace of the Wood God." The god at the gate stopped him.

Wan Qing shook his head bitterly, and said: "Brother, don't joke around, that guy is staring at the God King. For small fry like me, they would probably not even bother to kill me. "This period of time is really ..."

In fact, Wan Qing was also one of the guards, and these people were all his friends. In the past, they were also part of the guards, and initially, they were all envious that Wan Qing could have someone he loved amongst the guards.

"Bro, we understand your feelings as well. Sigh, you're right. Even if we somehow died in the outside world, I don't think the Sky Sovereign and the others would care." But just relax, don't go too far. Come back early. To be honest, Creation of the Heavenly Palace of the Wood God is too bored. "

Thus, Wan Qing safely left the place.

The moment he left, he fled like a fugitive. According to Long Chen's instructions, he fled in the direction far away from the Phoenix Clan. Long Chen gave him more than two hours to escape. With Wan Qing's speed, even though it wasn't far, it was enough.

"Saint Yang, what should I and I do?!"

Wan Qing's face flushed red as he said excitedly.

Long Chen said: "There is a tree talisman on the jade complexion that connects the two of them. Take it out and tell Sovereign Qingdian, if you take the jade complexion away, in the future, you will love the jade complexion more than him.

Chapter 2804 - Assaulting Wan Qing

Wan Qing finally understood.

"Saint Yang, do you want me to lure him out? But he's about to participate in the World Tree Holy War!"

Long Chen laughed: "That's right, you chose to secretly take away the jade complexion and leave the tree trunk at this time, that's how it works, right? Only then would Sovereign Qingdian believe that it was your own idea. One more thing. He only knew how to steal someone else's woman, but his own woman had never been taken away before. This sort of shameful matter, he would settle it himself. If you don't believe me, just try it yourself. He will come. "

This was Long Chen's analysis of Sovereign Qingdian's personality.

He cared about face, he could steal Wan Qing's woman, but if Wan Qing took his back, he would lose face. Even if he did not love jade complexion, and was only playing, he would definitely not let Wan Qing snatch it back. This would make him furious, but he wouldn't tell anyone. After all, this was a shameful matter.

"Remember, be embarrassed, be crazy, and throw caution to the wind. You have to be crazy to be trusted. "

Long Chen said.

"Alright!"

Wan Qing clenched his teeth, took out the tree symbol and followed Long Chen's instructions.

"Sovereign Qingdian! I, Wan Qing, will leave with the jade complexion! From then on, we left the tree, happy and carefree! I know you're going to participate in the World Tree Holy War, you don't have time to chase after me! That's why I dared to say goodbye to you! By the way, let me tell you, that one day, I, Wan Qing, will get back at you for the harm you gave me and the jade complexion! "

If Sovereign Qingdian wanted to chase them out, he would only do so himself. This kind of thing was too embarrassing, with his personality, he definitely wouldn't even let any outsider know about it.

This was Long Chen's understanding of his personality. Although he was smart and cunning, he loved face too much.

"Where are you going? We're leaving soon?" When the five Sky Sovereign saw that Sovereign Qingdian was about to leave, they became suspicious.

Sovereign Qingdian waved his hand and said: "I have to take care of some small matters. Don't worry, you guys go first, I'll catch up later."

"Green Lightning, don't be reckless. Have you forgotten about Blueflame and the Magical Beasts?"

Sovereign Qingdian laughed and said: "Of course I know, but the place I am going is near the Creation of the Heavenly Palace of the Wood God. What's more, if the two of you can't do it, then I can't? Alright, let's not talk too much. I'm leaving. Worst case scenario, you guys fight the Jianmu Jianghu first, and I'll be there shortly. "

"Green Lightning, the most important thing is to not act recklessly!"

The Emphyreans all stood up.

Sovereign Qingdian was very annoyed.

A mere ant dared to use the World Tree Holy War to run to his head and behave atrociously.

Forget about that, because the three mysterious beings, the five Sky Sovereigns were like turtles, causing everyone to be stuck in Creation of the Heavenly Palace of the Wood God. Since when did they need to be in such a sorry state?

He had originally been very dissatisfied, thinking that the five Sky Sovereigns were making a fuss about nothing. For example, those three mysterious figures could use one or two God Kings as bait to lure those three people over and then kill them.

Of course, he felt that these old fellows were too cowardly.

"The five great Emphyreans were actually frightened by three little characters like this. This is too funny, where did your courage go when you were young?" What a joke! "

"Green Lightning!" Sovereign Qingdian had always been an impudent person, but they were already used to it. It was just that this time, when it was a big matter, he was still reckless, so the Sky Sovereign and the others were angry in their hearts.

Just like that, the two of them started arguing, and after a few words, Sovereign Qingdian left with a message: Don't worry, I will not die in front of you old guys.

With that, he rushed out of Creation of the Heavenly Palace of the Wood God, angering the five Sky Sovereigns so much that they almost vomited blood.

"This disobedient son!"

"It's not your fault, this is what you're used to!"

Of course, they did not think that Sovereign Qingdian would have anything to do after he left the place for a while, it was just that they were not too satisfied with Sovereign Qingdian's attitude. After all, he did not follow the orders for such an important matter as the World Tree Sacred War, it was indeed a little too much.

"After the Holy War ends, we should teach this guy a lesson. Have him change his attitude. Otherwise, it will not be a problem for him in the long run. "

"That's true."

To be honest, Sovereign Qingdian was about to explode from his anger.

For a trash who had just become a god, it was normal for him to enjoy his woman and humiliate him. After all, in the eyes of Sovereign Qingdian, out of the hundred thousand Wan Qing s, none of them were worth anything.

Yet, the other party dared to take advantage of the World Tree Holy War to snatch the woman back? And he even said those harsh words to her? Honestly speaking, he was not interested in jade complexion at all, but he had a rule. Any woman he ate before, as long as they were abandoned, would be wiped out by him. He was just about to eliminate the jade complexion, but he didn't think of a substitute for it, so he kept it.

But it was taken back?

If word of this got out, he would lose all face. He was indeed like what Long Chen had thought. Even if he had a few words with the Sky Sovereign, he wouldn't be able to endure it and come out. Didn't Wan Qing want to be in front of him right before he left?

Wan Qing had already reached the starry sky. He did have the Creation Divine Equipment to travel through the starry sky, but even though the dreamy grade was slow, after a few decades and a hundred years, he would still be able to travel to another world.

At this moment, he felt a sense of suffocation.

"He's coming for Sovereign Qingdian!"

Indeed, Long Chen had guessed correctly, Sovereign Qingdian was indeed like that.

In the Divine Kingdom, the jade complexion slowly woke up.

"Brother Wan Qing, this is ..."

"jade complexion, I will bring you out of this World Tree and into a new world!"

Wan Qing said as he nervously fled. Right now, Long Chen's mission was to advance in one direction, so he could only follow what Long Chen said.

"What did you say!?" Are you crazy? Take me out! Brother Wan Qing, you will die like that! You will let Sovereign Qingdian kill you! " The jade complexion was terrified, tears flowing from its eyes.

"No, Sovereign Qingdian will die! Believe me! This is how Exalted Saint Blueflame and the Evil Demon Saint died! " Wan Qing's face was filled with fanaticism. He ran with all his might and charged into the vast starry sky.

"How did he die?" They are not Brother Wan Qing, what are you talking about? " The jade complexion looked at Wan Qing with a pale expression.

"Wait a moment, you'll know!" jade complexion, I once promised you that I would give you a lifetime of happiness! I have never forgotten. Even if you change, I will not change! " Wan Qing cried as he faced the endless void, the memories of many years surging in his heart. They climbed up from a little place together, cultivated together, experienced great dangers together, took revenge together, wandered together, and in the end, became gods together. They entered the holy land of the Creatures of Jianmu, the place where the legendary gods resided, the Creation of the Heavenly Palace of the Wood God!

Today, love was in pieces.

Wan Qing was unwilling.

He could not see that the jade complexion was still suffering.

"Saint Yang will kill him!" Exalted Saint Blueflame and the Evil Demon Saint were both killed by him! "

Wan Qing said excitedly.

"Is that so? "Him?" The jade complexion knew that Wan Qing served beside Long Chen and that Long Chen had once saved Wan Qing's life. In the heart of the jade complexion, he was a strong and mysterious person.

"Now that you know the truth, you must be anxious to tell Sovereign Qingdian right?" Wan Qing said somewhat sorrowfully.

Unexpectedly, the jade complexion shook its head. She wiped away her tears and said, "I also want to see how Sovereign Qingdian died."

"jade complexion, you ..." Wan Qing did not dare believe it. He remembered that on the day Long Chen had just arrived, she was still snuggling in his embrace, as sweet as he could get. and he was even forever cut off from Wan Qing.

At this moment, Wan Qing felt that he had arrived in an incomparably quiet world.

"Welcome, Hero of Vengeance!" Long Chen suddenly appeared in front of him.

The specific process was when Ling Xi created a boundary inside the Creation of the Heavenly Palace of the Wood God, then when Long Chen entered her divine country, she brought him here, and then set up an incomparably enormous boundary here. Everything had to be resolved quickly.

Right now, Wan Qing had already entered the sealed realm.

"What should I do next!" Seeing Long Chen, Wan Qing finally relaxed.

"Just watch." Long Chen smiled at him. This guy had worked hard, and honestly speaking, under this kind of situation, other than Wan Qing, no one else could deceive Sovereign Qingdian.

Below, a green bolt of lightning was speeding along.

Sou sou sou!

That was Sovereign Qingdian's fury!

"Bastard, do you really think you can escape!" Sovereign Qingdian's cold laughter came over, causing both Wan Qing and the jade complexion to tremble. At this time, they didn't dare to speak and could only watch on blankly.

Long Chen created a sealed space within the Divine Kingdom so that they wouldn't be able to see the enormous continent but he also protected them.

"Thank you for completing your mission. Let's take care of Sovereign Qingdian first. You can all rest a little. " Long Chen smiled slightly.

Bang.

Sovereign Qingdian had broken into the Conferred Realm.

Entering the sealed realm was the same as completely vanishing from the ten thousand worlds. Even many of the mystic realms didn't have such an effect. This was a result of the rules of the Spiritualism. After entering, Sovereign Qingdian didn't hope that the commotion outside could affect the people outside. The seal that Ling Xi had set up was very, very large.

When Sovereign Qingdian came in, he did not see Wan Qing. Instead, he saw Long Chen.

"You?" He was stunned for a long time.

"You and Wan Qing." Only now did he remember that Wan Qing had been nearing Long Chen's place the past few days.

"So you were the one who lured me here? What was his goal? Kill me? " Previously, he was furious and wanted to immediately tear Wan Qing apart, but after seeing Long Chen, he calmed down.

"Phew ..."

At this time, Ling Xi, Mo Xiaolang and Su Yan all appeared beside Long Chen. The four of them surrounded Sovereign Qingdian from four different directions.

"As expected, they are in cahoots with you guys, using Wan Qing to lure me out at this juncture! It's really smart, and Long Yang Chen, you are already stronger than me! It seems you have the confidence to kill me soon! Only, don't you know that this place is very close to the Creation of the Heavenly Palace of the Wood God? Or are you thinking too little of me? "

Chapter 2805 - Instant Killer

"The sky is about to brighten. We're about to set off. If Qing Lei is not back yet, just hurry him up. If he still isn't back, then he can only leave. "

Among the Creation of the Heavenly Palace of the Wood God, five Empyreans were seated at the head while the other Celestial Kings were seated around them.

"Yes, there's still that Yang Chen who hasn't arrived yet. He is the key figure today. " Archaeopterygium australis said with a hoarse voice.

"This Yang Chen is mysterious. Even though he is in my Creation of the Heavenly Palace of the Wood God, I actually can't feel his existence. He was probably cultivating. On the other hand, he was according to the rules and stayed in Creation of the Heavenly Palace of the Wood God to cultivate during the past few days. We'll need him soon. "

"I'll call him later." Archaeopterygium australis looked in Long Chen's direction and could not help but let out a sneer.

The Jianmu would not allow a mysterious fellow with shocking potential to remain on the tree. The dream of the five Empyreans was to defeat and expel the Phoenix Clan and have this enormous World Tree become the domain of their humankind. Of course it was the Creatures of Jianmu, and it had nothing to do with Long Chen, the outsider.

What they didn't know was that Long Chen and Sovereign Qingdian were currently fighting within the Conferred Realm.

"What are these rules?" It could actually completely seal this place off? so I can't contact anyone else? " When Sovereign Qingdian realized this, then looked at Long Chen and the other three, his heart finally shook a little. Undeniably, they had prepared for today's arrangement for a long time.

"Yang Chen! Why did you set yourself against me? I have no grievances or grievances with you. " Sovereign Qingdian did not dare to move at all for the time being. He believed that once Long Chen came here, the five Sky Sovereigns would realize that as long as he delayed for time, the five Sky Sovereigns would still come here. Of course, he didn't think he could defeat Long Chen's group of four.

Long Chen said indifferently: "There are indeed no grievances and no grievances, but you are blocking my way. Furthermore, although I have no enmity with you, but my friends do have enmity with you. In

the end, if I do not kill you, you all will be the ones to get revenge. If I do not kill you now, after the World Tree Holy War, it will be your turn to wash away your shame, Sovereign Qingdian.

"You're thinking too little of me." Sovereign Qingdian laughed shamelessly. He was actually very brave, even though he was surrounded by Long Chen and the other three, he did not show a single sign of fear. Seeing Sovereign Qingdian like this, Wan Qing and the other two were extremely nervous.

Speaking till here, sacred tree of thunder appeared in Sovereign Qingdian's hand, and he was already prepared to fuse them. Looking at the sacred tree of thunder in his hand, Sovereign Qingdian laughed: "Just that, you are underestimating me too much! You want to imprison me in such a small sealed world? If you want to defeat me, it's easy! You want to kill me? Haha! You're f * * king looking down on me too much! I am Sovereign Qingdian! Do you know the weight of my name? The value of these trillions of mortal souls is not worth as much as my name! "

In the end, he howled savagely.

Indeed, he was arrogant.

He looked down upon all living beings. He was the disciple of my five Ascendants, and would be a future Paragon of the human race. There was no reason for him not to be proud. Just as Wan Qing had said, since young, he had never been defeated, so how arrogant was he?

Forget about losing to Long Chen.

Everyone had their first loss.

But from then on, his goal was Long Chen.

But now, Long Chen was going to intercept him! The meaning was different, it meant that Sovereign Qingdian was no longer an opponent, but a prey!

Sovereign Qingdian brought him to hunt, and in the end, I became his prey?

This feeling caused Sovereign Qingdian to laugh and cry at the same time. His entire body was covered by the cyan lightning. The sacred tree of thunder released a terrifying electrical light, just like the current Sovereign Qingdian, who was furious.

"Unfortunately, the weight in my heart, isn't even comparable to Wan Qing." Just when Sovereign Qingdian was at his most arrogant, he received a direct hit to the head with Long Chen's words. was just a trash, a laughable man who had been toyed with by his own woman. It was already enough that he had been toyed with by Wan Qing this time, yet Long Chen still wanted to humiliate him like this!

This was a humiliation, to Sovereign Qingdian!

"Damned dog stuff!" He couldn't help but laugh.

"It's begun!"

When Sovereign Qingdian was about to fuse with his sacred tree of thunder, Long Chen was faster than him. In a short moment, appeared as though he was a long and slender gigantic beast covered in blood and dragon scales.

"Jianmu Holy Soul!" Sovereign Qingdian was stunned. Originally, he was prepared to fuse with the sacred tree of thunder, but when he saw the state Long Chen was in, he abruptly stopped.

This moment was the most shocking moment in Sovereign Qingdian's life.

When he was young, the Central Desolate Wood Sky Sovereign brought him to see the Jianmu Holy Soul for the first time. This miraculous soul was unforgettable for him. In his life, the Jianmu Holy Soul had become the most sacred thing.

But today, one of his opponents had turned into a Jianmu Holy Soul.

Although the appearance was different, it was definitely the same thing! Most importantly, Long Chen is no longer a soul, but a living being! The boundless life force, overflowing divine might, and icy-cold killing intent directly displayed Long Chen's true strength!

"monocardium!" Ling Xi's attack speed was the fastest. When Sovereign Qingdian was shocked by the Jianmu Holy Soul, she made her move, and the monocardium imprisoned Sovereign Qingdian's World Tree. Originally, the World Tree fused with the sacred tree of thunder, but when the World Tree was entangled, Sovereign Qingdian realized that he was unable to fuse them!

"Concentrating Heart Flame!"

Next was Mo Xiaolang!

The power of the attacks of the Concentrating Heart Fire was tremendous. It was virtually impossible for the Demon Saint to withstand it!

At one point, the Ancestral Fire struck towards Sovereign Qingdian, who was just about to escape to the other side, but right at this moment, a terrifying black hole suddenly appeared on the other side. If Sovereign Qingdian did not react in time, he would have been swallowed by it! But the Concentrating Heart Fire still exploded right in front of his eyes!

"Boom!"

He did not expect this seemingly insignificant point to be so powerful! Half of his life had nearly been blown away by the explosion. The black hole had cut through his body and torn him apart, instantly turning him into a bloody mess!

The continuous attacks, made Sovereign Qingdian not even have a chance to resist!

How can it be a Jianmu Holy Soul! "How could that be!" In front of him, Long Chen had already turned into Hun Yuan's Heavenly Fate Dragon. With a glare of her eyes, the left eye of the Heaven's Eye of Fate suppressed him! In front of the Heaven's Eye, Sovereign Qingdian was in a state of incomparable weakness. At this time, Ling Xi easily moved behind him.

"Soul Division Technique!"

Weng! *

A muffled sound rang out.

Sovereign Qingdian couldn't help but have the connection between his Divine Palace and the World Tree broken, causing him to instantly cough out blood, and his body to explode with lightning. These were all energies that he was unable to control, and just in that moment, Long Chen's sword had already pierced through his body, the current Long Chen was in his human form, and the sword strike just now, was Sky Execution.

Actually, with the power of all four of them being able to contend against the Perfection Divine King, Long Chen could easily kill him even without having to transform into a dragon. The purpose of the dragon transformation was to shock him, and from his shock, Long Chen was even more certain that their so-called Jianmu Holy Soul was the origin of the Unparalleled Dragon, the Dragon Soul!

Sky Execution had completely shattered Sovereign Qingdian's power.

"It's not that we underestimated you, but you underestimated us, Green Lightning." Long Chen pressed down on his head, his fingers almost stabbed into his skull, blood flowing all over. He slowly took out the plain sword, and said as he stared into the green lightning's green thunder eyes.

"Uhh ..." Qing Lei's entire body trembled. Maybe he finally understood that Long Chen was determined to kill him, and coming to this sealed realm meant certain death. It was laughable that he had thought that he still had the strength to fight Long Chen. Indeed, he had underestimated Long Chen and the others.

If the four of them were to join hands, Sovereign Qingdian would definitely fall in less than three breaths.

This was the strength of their group.

"You, why are you a Jianmu Holy Soul?"

Sovereign Qingdian's Divine Body had been destroyed, and he was trembling as he looked at Long Chen, and said with great difficulty. Long Chen's coldness and decisiveness made him truly tremble. He had originally thought that Long Chen had only slightly surpassed him, and only now did he truly understand that he was truly his prey! At this moment, there was no chance for him to make a comeback.

"Because the so called Jianmu Holy Soul is what I left my home to search for." Long Chen said solemnly.

"Spare me!" Sovereign Qingdian pleaded. He admitted defeat.

"I'll spare you. The Ascendants won't spare me. Why did I kill you? It's because I'm worried that they will kill me." Long Chen's blood-red dragon claw pressed onto Sovereign Qingdian's head. Blood Devour, it had begun!

"Qing!"

Wan Qing and the jade complexion both had pale faces as they watched this nervously. They saw how Sovereign Qingdian was almost instantly killed by them, saw how Sovereign Qingdian was struggling and turning into flesh and blood, and heard how Sovereign Qingdian screamed ...

To be honest, if they did not know what kind of person Long Chen was, they would definitely have been scared to death.

"This guy finally died!" Wan Qing clenched his fists. Long Chen did not lie to him, he had really succeeded, and it was easy.

Actually, everything that had happened today was all because Long Chen had made too many preparations. Starting from the Exalted Saint Blueflame and the Demon Lord, he had allowed Mo Xiaolang and Su Yan to become strong, allowing him the opportunity to train fully. Until today, when they had perfectly coordinated together, it was still the first time he spent a little effort and killed his opponent.

When he had fought with Sovereign Qingdian earlier, it was only him, who had indeed expended a lot of effort.

The Blood Devour now was to fight the five Empyreans! At this moment, the sun had already risen. The World Tree Battle War was about to begin, and the Gods were about to set as well!

Sovereign Qingdian turned into dust, and completely disappeared before Long Chen's eyes.

"Maybe this sacred tree of thunder will be useful in the future?" Long Chen planted the sacred tree of thunder in the Divine Kingdom. Then, he said to Wan Qing: "Your hatred has already been avenged, but I have more important matters to take care of right now. Whether you want to come with me or leave the World Tree alone in the future, you should make the decision first. When I finish what I need to do, you can just tell me your decision."

After all, the other side had helped him.

Chapter 2806 - The Holy War has begun!

"Hurry up, they're already here." Ling Xi said somewhat anxiously.

"Alright." Long Chen immediately went along with the others and had Ling Xi instantly bring him back to the Creation of the Heavenly Palace of the Wood God. After that, he swiftly changed locations and allowed Ling Xi to return first before removing the seal. The moment the seal disappeared, and Long Chen saw the outside world, the Archaeopterygium australis coincidentally appeared right in front of his eyes.

"Yang Chen, your rules are truly amazing. Even if I'm in front of you, you still won't notice your existence. In terms of concealment, you are definitely the most powerful person I've ever seen. I've gone to the Mountain of Zhou before, but I've never seen a master like you. "

Long Chen would obviously not tell him that it was because of the existence of the seal.

And because Long Chen wasn't here just now.

It was really dangerous. If he had come back a little later, he would have known that he had just left. Although he could have chosen not to come back if he was found out, he would not have been able to carry out his next plan.

After all, if they didn't find him, they would definitely be suspicious.

If they still could not contact Sovereign Qingdian, they would be even more suspicious. By then, they would not even be able to go to the Jianmu Holy War. After all, a prolonged battle was completely possible.

Now, Long Chen needed some time to digest the success of the blood devouring just now.

If Archaeopterygium australis knew that their most beloved disciple, Sovereign Qingdian, had already been devoured by Long Chen, who knew what kind of expression they would have!

"The World Tree Holy War is more important. Let's go." As Long Chen walked, he secretly converted that energy into the origin energy of the primordial divine dragon's heavenly tribulation. As his strength rose, it would very quickly rise to the realm of the A master-class Empyrean God!

When the Archaeopterygium australis arrived at the entrance of the Heavenly Palace, the expressions of the other four Empyreans turned ugly.

"You haven't contacted that bastard?" Archaeopterygium australis said in anger.

"This child is too naive, even though we've restricted him a bit too much recently." It annoyed him, but don't do it! Is this because you're too lazy to care about what we mean? "

The Sky Sovereigns had painstakingly nurtured him, but now that they had gotten used to it, before the World War I, Sovereign Qingdian dared to disobey their orders.

In the center, Empyrean Desolate Wood was slightly angered as he said: "Forget about it, let's go build the Wood Altar first, otherwise the phoenix race will laugh at us. This time, after the Mu Building War is over, it's time to give him a good treatment! "

The other Empyreans were also angry in their hearts.

"Don't worry. If Sovereign Qingdian encounters any danger, he will naturally come to you for help. It is impossible for that expert to appear on the tree and kill those who did not even have the chance to seek help, right? " Long Chen chuckled.

Of course not.

The reason the five Sky Sovereign were not worried right now, but were angry, was because Sovereign Qingdian did not notify them like how the Exalted Saint Blueflame or the Evil Demon Saint had done.

This meant that Sovereign Qingdian was not in danger. Maybe he had already rushed over and just didn't want to bother with them.

Perhaps he had already arrived at the World Tree Heaven's Altar.

Under the joyous greetings from the gods and all the races in the world, Divine Kings's team embarked on the most honorable journey and headed towards the Wooden Heaven Altar at the border between the two races.

On the way, Long Chen completely digested Sovereign Qingdian's power, and successfully rushed to the realm of A master-class Empyrean God. The Sky Sovereigns could feel this slight change, but they obviously thought that Long Chen's true strength was the Divine King, so they did not care too much about this minuscule change in realm.

What they were concerned about was the World Tree Holy War!

To them, Sovereign Qingdian's small temper this time was merely an interlude.

Divine Kings was extremely fast and fast, before long, he had already arrived at the Wooden Heaven's Altar. It used to be the branch of a Wooden Heavenly Tree, but it was cut off by its roots, which was why a 'tree stump' like the Heaven's Altar appeared. This was a very flat piece of land. More than thirty Divine Kings had arrived here before heading towards the center!

Ahead of them, was the territory of the Phoenix Clan!

RUU...!

Passing through layers of dense fog, they finally saw the Phoenix Clan, and on the Phoenix Clan's side, there were a total of more than thirty Divine King level experts.

All the Celestial Kings were lined up in a row, their gazes colliding with each other.

Countless people on the World Spiritist Sacred Tree were shouting and cheering. This was a showdown between humans and phoenixes!

"Friends, long time no see!" When Empyrean Desolate Wood saw his old opponent, his long hair fluttered in the wind. He said a few words, and was immediately stunned on the spot. which brought about a certain amount of pressure to the Phoenix Clan's Divine Kings s.

found Zhu Xi among the crowd. Upon closer inspection, he discovered that Zhu Xi was actually different, the color of his hair and eyes were very obvious, but there were other changes, it was a huge improvement in his bloodline. If the previous Zhu Xi was only the blood of a super divine dragon, then he was now the blood of Unparalleled Dragon.

In terms of bloodlines, even the Five Saint Kings were inferior to her.

Even the Empyreans would easily see this. But now, none of them knew what was going on.

Now, all of the most powerful experts of the World Tree were gathered here!

When the Five Saint Emperor saw this, the Vermillion Bird Emperor among them said: "Why is it that the famous Sovereign Qingdian did not appear? And this, who is it? Does he also want to join the battle? I think, he is not one of us who built the Wood Sacred Tree! "

He stroked his long beard and laughed: "Green Lightning will arrive shortly, as for this Brother Yang Chen, yes, he is not our race to build the Wood Sacred Tree, but he has joined us, and become one of us. He is also a member of our race, and in the past, the rules of the Sacred War on the World of the Ancient Era stated that humans and phoenixes are not allowed to participate in battles, and it doesn't matter if you guys belong to a different realm phoenix race. What, is Vermillion Bird Emperor afraid of him? "

This was indeed a loophole in the rules.

Furthermore, according to the Sky Sovereign, Long Chen was already a member of their Creatures of Jianmu.

Honestly speaking, the five Sacred Emperors did not know much about Long Chen's strength. However, when they heard from Zhu Xi that Long Chen would definitely not help them, they felt slightly relieved. However, they were still on guard. And it really was missing the Exalted Saint Blueflame and the Evil Demon Saint.

The Blue Luan Emperor laughed: "May I ask about Exalted Saint Blueflame and the Evil Demon Saint?"

The phoenix race already knew of this news.

They also knew that it was Long Chen who had caused their deaths.

This was the reason why they weren't willing to give up on Long Chen.

"Don't ask anymore questions, cut the crap. Let's fight!" Last time, it was your Phoenix Clan that lost. According to the rules, there was one person that came out of your Phoenix Clan first. "

Archaeopterygium australis's anger was the greatest, and he directly countered it with a cold voice.

Sovereign Qingdian's reckless actions had already angered them enough, so when they mentioned the two great losses that Exalted Saint Blueflame and the others suffered, their hearts naturally became even more angry.

"Feng Chen, you go first."

As for the Five Sacred Emperor, he had already decided on the first candidate. This was actually very important. The outcome of the first match was related to their morale.

The Feng Chen who was previously fighting with Sovereign Qingdian stepped forward, and the other Phoenix Clan God Kings retreated.

The five Sky Sovereign smiled at each other.

"Long Chen, you come." Archaeopterygium australis patted his shoulder, and then said in a low voice beside him: "Remember, don't display too strong. For the first time, you must beat your opponent with difficulty ". They definitely won't allow the Sacred Emperor to do as he pleases. "

"Alright."

Long Chen nodded his head with a faint smile, staying where he was, while the others all retreated. This Heavenly Altar was huge enough for them to fight.

"We meet again." Under the gazes of dozens of Divine Kings, Feng Chen was extremely polite and gently smiled at Long Chen. Phoenix Clan was very particular about etiquette, Feng Chen was very polite too, and bowed to Long Chen.

Except for Zhu Xi.

"Thank you, thank you." Long Chen cupped his hands.

The other party was the God King Perfection.

In this period of time, Long Chen had seen too many Divine Kings of Perfection.

He had just killed one of them, and by relying on him, he reached a whole new realm.

The Phoenix Clan and Emphyreans were still extremely interested in his strength!

This was Feng Chen against Long Chen!

From the Celestial King to the Gods, and then to the rest of the world! This was also the first time Long Chen's name had spread across the world. Of course, it was the name Yang Chen.

"Tell me, will he do as we say?" Looking at Yang Chen and Feng Chen who were in confrontation, the Sky Sovereigns discussed in low voices.

"Who knows? This Yang Chen is extremely mysterious, but just what is his goal? From this first battle, we should be able to understand his intentions. Our goal, isn't it just to get him to help us win two more Perfection Divine Kings? As long as he is able to accomplish his goal, no matter what it is, he will just kill him on the spot." Archaeopterygium australis said sinisterly.

"That's right."

They had already decided.

"It's just that that fellow Qing Lei isn't here yet. Just don't affect our battle arrangements when the time comes!"

"If he doesn't come, we must punish him severely when we go back."

"Not coming? If he were to mess around to this extent, it would not just be a simple punishment! "

After all, this was the most important event of the World Tree, not a place to vent their anger.

While the Emyreans were speaking, Long Chen had almost started fighting with Feng Chen. Feng Chen turned into a phoenix, incomparably huge, gorgeous and solemn. He overlooked the common people, and in front of his, Long Chen seemed incomparably small.

But at that moment, just as Feng Chen was about to attack, Long Chen held onto his two swords and rushed into the sky at a terrifying speed.

"Time Breaks!"

Double sword attack!

These two swords, had already reached the Order-level!

Pch!

No matter how Feng Chen resisted, he was unable to resist the terrifying power of the two swords. Even if he managed to escape the sword edge, he could not escape the laws of time and was struck by them!

After three breaths, Long Chen's fist struck downwards at the center of his forehead. At that moment, the gigantic purple phoenix fell from the sky, crashed onto the ground, and lost all ability to fight.

Silence.

Chapter 2807 - Vermillion Bird battle with the Heavenly Sovereign

The battle progressed very quickly. Of course, it ended too quickly.

After a few breaths of time, Feng Chen had already fallen to the ground. Although he had not admitted defeat, nor had he fallen, he had already lost his fighting strength. He wanted to stand up once more, and even defeat Long Chen, to reverse the situation, was simply impossible.

This situation caused all the Divine Kings to be completely silent.

Long Chen gently waved his hand and helped Feng Chen up. His eyes swept around, looking at the people who were looking at him in shock, he laughed: "Why, is there still no victor?"

To be honest, Long Chen's display of strength at this moment had already caused the Phoenix Clan to be filled with worry. Although Long Chen had done many things that made them happy, no matter what, Long Chen was their enemy in this World's Building Wood Holy War!

As for the humankind, they couldn't be happy either.

To be honest, the fact that Long Chen could defeat Feng Chen so quickly basically meant that he could fight against the ten Perfection Divine Kings, who were the Five Sacred Emperors and Five Heavenly Sovereigns. Previously, they had thought that they had defeated Long Chen. Who knew that the strength Long Chen had displayed was growing stronger and stronger.

Furthermore, the Five Sky Sovereigns made it harder for him to show off.

He did not agree.

This was a reversal.

Therefore, even if they won, no one from the humankind cheered.

This scene was rather strange.

"I've lost!" On the side of the Phoenix Clan, Zhu Xi looked at herself in slight anger. Of course, she was blaming Long Chen for standing on the human side right now. Long Chen smiled at her faintly.

"I'll test you!"

Indeed, it was as the five Emperors had predicted. The Five Sacred Kings had gone on stage. In the past, the opening matches had always involved the several Perfection Divine Kings, so the later the Extreme Realm God King was kept, the better. This time, Vermillion Bird Emperor had no choice but to break the routine and walk forward, due to Long Chen's relationship with him.

Because everyone knew clearly in their hearts that if the Five Sacred Emperor had not acted, the speed at which the other Divine Kings would be defeated in Long Chen's hands would not be any faster.

"Humph!" It's good to be this strong. At the very least, we will be the victors in the Creation Formation!
"

"Even if it doesn't work, we can still exhaust some of the power of the Vermillion Bird Emperor. When the time comes, it will be easy for us to deal with them. Not bad, not bad at all! "

The Sky Sovereigns all sneered in their hearts when they saw Long Chen and the Vermillion Bird Emperor face off against each other. If Long Chen and the two of them were both injured by this time, they would be even happier.

They understood that the one who should be having a headache right now should be the phoenix race right?

"I never thought that Brother Yang Chen's attainment would be so profound. Today, my Vermillion Bird Emperor will experience your high skill." Vermillion Bird Emperor's eyes were blazing with fire. As a phoenix and as emperor, he was majestic and powerful. He was the spirit of the Vermillion Bird, and was the symbol of justice and authority within the phoenix race.

This battle, with Long Chen's previous preparation, was undoubtedly even more anticipated.

For a time, the crowd of God Kings couldn't help but retreat, giving more space for the two to fight. With half a hundred of peak level gods guarding this place, victory and defeat could only be decided!

Just when everyone was guessing what kind of ability Long Chen could possibly display at the hands of the Vermillion Bird Emperor, Long Chen suddenly smiled and cupped his hands in greeting: "I have long heard of the great reputation of the Vermillion Bird Emperor. As a junior, Yang Chen knows his own limitations and knows that he is definitely not a match for the Vermillion Bird Emperor, thus I will not embarrass myself in this battle. I admit defeat. "

The moment he said this, it brought forth a great uproar.

The phoenix race was still alright, as this was a situation they loved to see and hear about the most. The human Divine Kings was going crazy with anger. Although Long Chen had already defeated Feng Chen and could be considered to have completed his mission, he had at least blocked one of the opposing Perfection Divine Kings.

But he clearly had tyrannical strength!

It wasn't that he knew that he couldn't win, but he didn't want to fight. This was simply fooling around with the five Emphyreans! It was a real humiliation, so when they heard those words, the expressions of the five Sky Sovereigns instantly changed. Sovereign Qingdian's argument with them had already made them feel a ball of anger in their hearts!

Long Chen's amiable smile made them even more infuriated.

"Since that's the case, you may withdraw. If it's any other opponent come up. " Vermillion Bird Emperor seized this opportunity and did not give the humans a chance to refute his.

"Yes." Long Chen retreated respectfully.

In these two battles, he had displayed his strength, letting the Phoenix Clan know his value, and also cutting off their relationship with the human race. Naturally, he was only a Creatures of Jianmu.

"Yang Chen!"

In the center, Emphyrean Desolate Wood gave a furious shout. The entire Heavenly Altar was trembling, and even the kings of the gods found it difficult to withstand such a voice, much less a mortal. It could be seen how angry he was at this moment!

The five Emphyreans were burning with anger. They had never experienced this sort of feeling in so many years!

"Sky Sovereign, he's one of you. He admitted defeat personally, you can't be going back on your word, right?" The World Tree battle has been the rule of our two clans for countless of years, you can't break that rule. " Vermillion Bird Emperor stood in front of Long Chen, his voice contending with Emphyrean Desolate Wood's voice.

Emphyrean Desolate Wood gritted his teeth and said, "Of course I'm not breaking the rules. I just wanted the Jianmu Sacred War to be suspended for a moment. We accidentally let the thieves get into the Jianmu Sacred Battle Team. At this moment, we have to clean up the mess!"

When the four words "Purge the Door" came out, Divine Kings couldn't help but boil.

Even the living beings could hear about this. They knew about Yang Chen, and the change in events ...

The other Godking retreated.

The reason they had kept Long Chen back then, was for the sake of this Wood Building Holy War. They never thought that Long Chen would dare to mess with them, the five Sky Sovereigns, in this wood building holy war. With such a disaster, they definitely could not let Long Chen stay!

To tell the truth, why didn't Long Chen immediately hide himself and only make his move against Creation of the Heavenly Palace of the Wood God when they were going to build the Wood Sacrificial Altar? That was because he had an even better method to obtain the Dragon Soul's origin.

Right now!

When the five Emphyreans approached him, Long Chen laughed and said, "Clean our own sect? When did I become your man? Other than me agreeing to help you participate in the World's Building Wood Holy War, I don't have any relationship with any of you, okay? Besides, won't I finish what you want me to do for you? Are they going to destroy the bridge after crossing the river? However, I am friends with the five Sacred Emperors of the Phoenix Clan, and my relationship with them is much better than yours.

From the two Holy Saints' deaths to their various relationships with Zhu Xi, Long Chen felt like he was standing on the side of the Phoenix Clan. The Phoenix Clan understood that this was an exceptional

expert that could be compared to an Emyrean or a Saint Emperor, but when Creatures of Jianmu abandoned him and Long Chen threw them an olive branch, if they did not accept it, they would truly be idiots!

is one of our five good friends, how can he be killed just because you said you want to? Is the World Tree more important, or is this matter more important? " The Five Sacred Emperors came to a tacit understanding. When the five Emyreans were preparing to kill Long Chen together, the five of them stood by Long Chen's side. In an instant, it turned into a six versus five situation!

This situation was greatly detrimental to the human race!

They truly understood that perhaps Long Chen had already decided to do this during the Wood Creation Battlefield. Although he was not a spy sent by the Phoenix Clan, he had already succeeded in getting involved with the Phoenix Clan. This was the purpose of him building the Wood Sacrificial Altar.

He could come and trade with the phoenixes.

"Yang Chen!"

Even with such a strong smell of gunpowder, they were still unable to fight. After all, the two races had established the rules of the World Tree Holy War. If they were to start fighting now, from today onwards, the World Tree Holy War would be useless! The world that was about to return to war was the World Tree!

Zhu Xi was grinning from ear to ear. She knew that Long Chen would embarrass the Sky Sovereigns.

"Saint Kings!" To openly defend our clan's defectors in the World Tree Holy War, isn't that against the rules? Was there a need to continue this World War II? Do we really need to have a life-and-death battle between our clans? " Archaeopterygium australis was already overwhelmed with anger.

Among the Five Sacred Kings, Emperor Honghu said, "Friends of the human race, you all know that the human race is spread throughout all worlds. Letting a non-tree human participate in the World War II is a form of disrespect towards the World War II. If that is the case, then we two clans can go outside to look for helpers for the next hundred thousand years! It was you who broke the rules first, and now you're blaming us instead. This is truly an eye-opener! "

The Emperor said: "That's right, if we really want the Jianmu Jihad to take effect, then let's continue fighting! As for Yang Chen, from today onwards, he is my Phoenix Clan's friend, a friend of my Phoenix Clan, not someone you can touch as long as you wish! "

In such a tit for tat confrontation, the five Venerable Ones simply did not have the chance to join hands and kill Long Chen. Otherwise, it would be a war. They knew that they could only swallow their anger down. In any case, they had only fought two battles in the World War II, so it was considered a draw.

Even if they wished to kill Long Chen immediately, for the greater good, they could only accept it. However, anger and the smell of gunpowder could not disappear, and the Divine Kings still looked at Long Chen with their sinister eyes.

"I'll do it!"

Now that the Vermillion Bird Emperor had appeared, Extreme West Water Wood Sky Sovereign said that it was a very good strategy to use to fight the Vermillion Bird Emperor and water against fire! In the past, whenever the Vermillion Bird Emperor fought with the other Emperors, the chances of victory were very high.

This time, he had met this terrifying opponent.

As the two Extreme Realm God King faced off, Long Chen suddenly spoke to the four Sacred Emperors beside him. "Four, I want to make a deal with the four of you, how about it?"

The Sacred Emperors naturally knew that Long Chen had a goal.

"Tell me about it." The more the Blue Luan Emperor looked at Long Chen, the more pleasing to the eye. After all, such a long time had passed that no one had been able to anger the five Innates to such an extent.

Chapter 2808 - Formidable Ones

Vermillion Bird Emperor against Extreme West Water Wood Sky Sovereign!

Not only was the World Tree's Heavenly Altar, but the starry skies surrounding the World Tree were their battlefield!

In the sky, there was an endless Flaming Phoenix. It was majestic, vast, and just. On the other side was a giant tree that grew in the middle of the turbulent waters! The two were engaged in an intense battle. The resulting commotion had completely affected the World Tree!

RUU...!

Endless explosions, countless flames, and the waves reminded everyone that today was the Great World Tree Creation War that happened every 100,000 years! It was a contest between the ruling gods!

Humankind, fight against the phoenix race!

Even the Divine Kings was anxiously watching. Aside from Long Chen and the four Sacred Emperors, when they were fighting, Long Chen used this opportunity to say: "The four of you, I have a very good impression of the Phoenix Clan and my relationship with Zhu Xi is also very good. Thus, I will not beat around the bush.

He really did come with a purpose.

The four Saint Kings were naturally extremely curious, so they listened attentively.

Long Chen said: "This time, I have to take away the Jianmu Holy Soul. In reality, the Jianmu Holy Soul is not called the Jianmu Holy Soul, its original name was Origin Dragon Soul. That was something my clan scattered around here, it has nothing to do with the World Tree."

The four Sacred Kings were shocked.

He didn't expect that Long Chen's first sentence would scare them.

The Jianmu Holy Soul! Wasn't this once in a hundred thousand year war for the sake of these Jianmu Holy Soul?

For countless of years, the Jianmu Holy Soul had left a very thick line in the history of the Wood Holy Tree!

The Phoenix Clan highly valued Long Chen, so when they heard this sentence, the Sacred Emperors did not object in a hurry. Among them, Emperor Qing Yin asked: "You said just now, the Jianmu Holy Soul was originally from your clan, but they just wandered over here. Then, I would like to know, what world did you come from, and what kind of people you are from?"

Long Chen shook his head and said: "This is not convenient to say, but I can give the four of you proof."

This proved that he was a dragon.

Now that all the Divine Kings were looking at the battle between the Vermillion Bird Emperor and the Extreme Western Water Wood Sky Sovereign, Long Chen had stealthily concealed himself and instantly turned into a Divine Dragon in front of the four Sacred Emperors. He said solemnly, "You all have also seen my transformation. I am in the same state as you all are when you took the form of phoenixes. I am in the form of a phoenix when I take the form of a phoenix when I take the form of a phoenix when I am not in the form of a phoenix when I am in the form of a phoenix when I am not in the form of a phoenix when I am not in the form of a phoenix. The bloodline in my body and the Origin Dragon Soul are the same, this is a part of the soul of my clan's ancestors. I came to the ten thousand worlds to roam around, just to find the Origin Dragon Soul. Actually, neither you nor the humans have the ability to truly use the Origin Dragon Soul, and it is of little use to you guys. It is not worth it for you guys to fight over this Jianmu Holy Soul. "

The four Saint Kings finally reacted after a long while.

They looked at each other and pondered the pros and cons.

Long Chen continued, "If I obtain the Origin Dragon Soul, I will leave this place. Actually, there is something that everyone still doesn't know, and that is that I have already caused the fall of the Exalted Saint Blueflame and the Demon Lord. At the same time, Sovereign Qingdian had already died in my hands before the creation of the Wood Holy War, but the five Sky Sovereigns still didn't know about it. Your balance between the Phoenix Clan and the human race has already been broken by me. In the future, you don't have to worry about them. I remember that the reason the Phoenix Clan wanted to obtain the Jianmu Holy Soul was because they were worried that the human race would be strong and annihilate the Phoenix Clan in the future, right? "

Sovereign Qingdian!

To the Phoenix Clan, this was extremely good news!

The four Saint Kings took a deep breath.

The Emperor said: "That's right, Jianmu Holy Soul are useless to us, the bigger reason to snatch them is because we are afraid of the growth of the human race. My phoenix race loves peace and is tired of conquest. If you want to take away the Jianmu Holy Soul, so that the human race will never obtain it, to be honest, we don't need to worry about the World War I, which only happens every hundred thousand years. If it really is yours, there's no harm in letting you go. "However, you said that this was a deal, so we can help you snatch the Jianmu Holy Soul but you have to help us. You have to join hands and let an Emyrean perish."

They had decided.

The two could be considered to be in cahoots!

"As long as they let an Emyrean fall! For at least several million years, if the human race is unable to recover their peak strength, they will no longer be able to invade our Phoenix Clan. All mortals should be able to live and work in peace now! "

Long Chen had seen so many gods and devils. To be honest, the phoenix spirit in front of him was the only one who would think for a mortal! Although they should have changed the Heaven-Devouring Tribe as well, it was very possible that the mark of something that their race valued the most still existed in the past.

Therefore, Long Chen respected them.

The Phoenix Clan was indeed different from the Creatures of Jianmu; their battle was for peace. And the Creatures of Jianmu did this in order to unify the world and establish the Wood Holy Tree!

Therefore, the peace of the Tree Creation Holy Tree required that the Phoenix Clan be stronger than humans.

But they couldn't be too strong, or the mortal souls would have no chance of surviving.

The best state of balance would be to let the human race have one less Emyrean!

In this way, the phoenix race still feared the human race, and the human race did not dare to invade them!

The reason why Long Chen did not want to steal the Jianmu Holy Soul was because he was afraid of breaking the balance between the two races. If millions of lives were to be lost, it would be his fault.

An Sky Sovereign just happened to reach Long Chen's limit.

"Yes. But you must promise me, after this battle, the Phoenix Clan cannot invade Creatures of Jianmu, and even more so, cannot make a move against mortal spirits. If I return to this place in the future and see my life destroyed, we will no longer be friends. "

Hearing this, the four Sacred Emperor laughed loudly.

They were all fellow Daoists.

"Don't worry, if we attack the human race and cause them to be annihilated, when you come back, we will personally deliver our heads to them."

Just like that, the deal was completed.

Time passed quickly. Just as the battle between the Vermillion Bird Emperor and Extreme Western Water Wood Sky Sovereign reached its climax, the four Sacred Emperors were already preparing themselves.

"Little Zhu Xi, you and the other Divine Kings, after hearing my order, immediately return to the Phoenix Clan and protect the territory of the Phoenix Clan."

The four Sacred Kings had already secretly given their orders. As for the Jianmu, he was still unaware of the changes that had occurred on Long Chen's side. Abruptly, Long Chen flew into the starry sky, heading in his direction.

Hearing that, even the fight between the Vermillion Bird Emperor and the Extreme Western Water Wood Sky Sovereign stopped. The Sky Sovereigns had a bad premonition, their eyes opened wide as they stared at Long Chen, filled with dense killing intent.

Long Chen's body flashed, and three people appeared in the surroundings. They were Ling Xi, Mo Xiaolang and Su Yan.

"Introduce me to the Sky Sovereign. They are my wife, brothers, and sisters." I believe that the Heavenly Sovereigns are very familiar with them? "

Ling Xi and Su Yan should not even be needed in this battle. Long Chen let them show their faces and then went back to rest, leaving Mo Xiaolang to accompany him. His previous battles had worked together with Mo Xiaolang, the two's vitality was the strongest!

When these three people appeared, it was a huge commotion for the Jianmu!

The eyes of the five Emypreans turned bloodshot!

Indeed, the Exalted Saint Blueflame and the Demonic Lord had died because of Long Chen! They had their suspicions before, but Long Chen tricked them! Now that the truth had been revealed, it was Long Chen again! Let alone an Emyprean, even the other divine gods were bursting with anger! Especially since Long Chen had mentioned about Sovereign Qingdian earlier!

"It's really you! Beast! Where's the green lightning! "

The Sky Sovereigns could not believe it at all. If Sovereign Qingdian was to be killed, he would at least send a message asking for help! Long Chen had always been in the Creation of the Heavenly Palace of the Wood God, so there was no chance for him to kill Sovereign Qingdian.

Their hearts were in disarray!

At this moment, a sacred tree of thunder appeared in Long Chen's hand.

"Sovereign Qingdian, it's right here." Long Chen showed the sacred tree of thunder to the Jianmu.

To the Jianmu, only when the natural tree falls would it fall and be obtained by others. This almost meant that Sovereign Qingdian was dead.

Therefore, when they saw the sacred tree of thunder, the Sky Sovereigns were as if they had been struck by lightning. Their minds were blank!

The genius that they painstakingly nurtured to dominate the Tree Creation Tree!

It really disappeared just like that!

This was a huge enmity! The value of one Sovereign Qingdian, could not even be compared to the other nine Great Sacred Masters combined!

Their hearts trembled.

When they saw the sacred tree of thunder, they knew that whatever World Building Wood Holy War was just bullsh * t. What they wanted to do the most was to kill Long Chen, regardless of whether the Phoenix Clan's Five Saint Kings would stop them or not!

"Move!"

At this moment, the Five Sacred Emperor gave the order.

Phoenix Divine Kings s had hurriedly returned to their territory! Although he did not know what the five Sacred Emperors were planning to do, seeing that even Sovereign Qingdian had died in Long Chen's hands made him extremely happy. After all, the huge threats that Sovereign Qingdian had posed over the years, such as ' hunting ', were naturally countless.

How many creatures had died under his brutality!

A huge battle erupted!

It was not the World Tree Holy War, it was a battle that was even bigger than the World Tree Holy War!

When the five Emphyreans roared as they charged forward, about to tear Long Chen apart, the Five Saint Kings intercepted them.

The Five Sacred Emperors would face off against four Emphyreans!

Long Chen withdrew his sacred tree of thunder, exchanged a glance with Mo Xiaolang, and headed in the direction of the Creation of the Heavenly Palace of the Wood God.

Why are they the four Sky Sovereigns?

This was because, according to Long Chen's instructions, the Five Sacred Emperor had coincidentally missed out an Sky Sovereign and allowed him to chase after Long Chen. This was the Archaeopterygium australis that Long Chen had designated!

Boundless flames swept towards Long Chen.

Originally, the Five Sacred Emperor's plan was for one of the two to fight against the Archaeopterygium australis together with Long Chen, but Long Chen rejected it, saying that he would be fine.

The Five Saint Emperors were all looking forward to see why Long Chen was so confident.

The Archaeopterygium australis was the chosen one to die.

And these five against four, could be said to be a piece of cake!

This situation, was what Long Chen had been waiting for!

Chapter 2809 - The Great Prison Fire Holy Tree

It was a good World War II, but because of Long Chen's appearance, it turned into a mess. Until this moment of great chaos, because of Sovereign Qingdian's death, it was obvious that the World Spiritist Sacred War was already dead in name.

To be honest, although the Sky Sovereign was not very satisfied with Sovereign Qingdian's character, he was still very proud of his strength. According to the five Sky Sovereign's guidance, in the future, he could become a new Sky Sovereign, or even the first Divine Emperor in the past tens of millions of years.

And now, there was nothing left ...

Long Chen's appearance brought a heavy injury to the Jianmu.

Not to mention how hateful the five Sky Sovereign's were right now. Even if it were the five Sacred Emperors, it would still be difficult for them to stop the four furious Empyreans.

For a time, the sounds of battle on the tree grew even more intense. A battle between a Saint King and an Empyrean was already terrifying enough. Now, all of the peerless powerhouses had begun to fight! Earth-shaking, earth-shattering ... even that wasn't enough to describe this miserable scene!

Furthermore, the Ascendants didn't pay any attention to mortal spirits. Everywhere they went, corpses would be strewn all over the place. It was a good thing that the Sacred Emperor was doing his best to direct the battlefield towards the starry sky.

"Five Saint King!" If you stop us today, do you know that you are instigating a war between our two races? The deaths and injuries in the future will be your fault! Today is the hatred between us and this Yang Chen, if you all still interfere, then we will not be courteous! "

"If the Phoenix Clan is destroyed, it will all be your fault! Believe it or not, we'll destroy a whole Sacred Leaf Continent for all of you to see right now! If you stop, we will not bother with you. We can continue the World War II! What we want, is to kill this Yang Chen! "

The furious roars of the Empyreans shook the world!

RUU...! In the starry sky, there were a total of five gigantic phoenixes. Red, green, white, purple and yellow. Five coloured phoenixes danced in the starry sky, their feathers filling the sky!

This was the only chance that the Phoenix Clan had to make a comeback. If they did not make use of this chance, as long as the Jianmu Holy Soul still existed, there would be a day when the human race would continue to grow stronger, until the Phoenix Clan was exterminated!

Since he had made the decision, he naturally couldn't give up halfway!

"Third brother!" Kill Yang Chen! " Sky Sovereign Desolate Wood was in the middle of his battle with the Emperor, the enraged voice pierced through the starry sky and reached Long Chen.

Chaos! The whole world was in chaos!

From afar, the World Tree trembled as it was firmly surrounded by the light of the laws!

They had personally witnessed the destruction of the world, the destruction of the mountains and rivers, and of course, because of the deaths of many every time, there was no other way around it. Today's disaster would establish new rules, allowing the entire Tree Creation Tree to have a longer period of peace!

In the middle of the whirlpool of countless battle, Long Chen stood shoulder to shoulder with Mo Xiaolang. In front of him was Archaeopterygium australis with long fiery red hair! Of the five Emphyreans, the one that looked the fiercest was him. Of course, this was because one of the rules he cultivated in was fire!

That was why he allowed Mo Xiaolang to come out and help him.

Most importantly, Long Chen wanted to make Mo Xiaolang!

Archaeopterygium australis's eyes were blazing like fire, there were boiling lava inside his body, his entire body seemed to be boiling hot, making him look like a volcanic rock, his entire body had an unimaginable heat. This kind of scorching heat was rarely seen in the world, and under his scorching heat, the World Tree below him had turned into scorched black, while the nearby Sacred Leaf Continent had turned into ashes.

There weren't many living creatures in the Sacred Leaf Continent, which was close to the human race.

"Yang Chen!" When Archaeopterygium australis said that word, his mouth practically spouted fire.

"Follow if you have the guts." Long Chen said indifferently, he turned and rushed into the starry sky. The Archaeopterygium australis, of course, exploded with power and chased after him at full speed. This was also to avoid harming the top of the mortal spirit!

"Charge!" Don't let him get away! "

Right now, the five Sky Sovereigns only wished to kill Long Chen.

Therefore, when Long Chen rushed into the starry sky, they also wanted to escape from their opponents and rush into the starry sky. In a short period of time, including Long Chen and Mo Xiaolang, a total of twelve experts charged into the boundless starry sky!

The impact of their battle on the World Tree had already been minimized!

The Divine Kings that was left on the tree didn't start a war yet. In truth, the victory of these two races depended on how well these ten Chief Sovereigns would perform! They were all supreme deities that had built the holy tree!

Long Chen rushed to the farthest place!

As for the other four Sky Sovereigns, they were still stopped by the Five Saint Emperor. Only the Archaeopterygium australis had managed to rush to Long Chen's front.

"Stop running, you can't escape!" Archaeopterygium australis's voice was loud like a bell.

"Who said I was escaping? I was just choosing a place to fight." Long Chen turned around and quickly separated from his body. In his hand, there were two swords containing Order-level, they were Lingxiang's twin swords!

When it transformed into Order-level, the Lingxiang's twin swords became even more different.

The last time they fought to their heart's content, was still with Sovereign Qingdian. However, in reality, Sovereign Qingdian was still a little weak against him! Now that he met Archaeopterygium australis, there was no need to mention how excited he was!

"Great Prison Fire Holy Tree!"

In terms of quality, it was not any inferior to the sacred tree of thunder. In terms of power, background, it surpassed the sacred tree of thunder by quite a bit, and Archaeopterygium australis was one of

Sovereign Qingdian's masters. The cultivation of the natural tree was naturally much stronger than Sovereign Qingdian's!

"Fuse!"

Facing Long Chen, he did not dare be careless. The reason the four Sky Sovereigns had resisted the five Sacred Emperors was to give him time to kill Long Chen. He did not have that much time to waste talking with Long Chen.

In front of Long Chen's eyes, the Hellfire Sacred Tree had successfully fused into his World Tree. In that moment, the Archaeopterygium australis's entire body changed, from a single person to a gigantic flaming tree rooted in the starry sky. Wherever it went, even space itself was burnt and distorted!

Shua shua shua!

Around the great Hellfire Holy Tree, space caved in, forming a vortex of fire!

"Die!"

A roar that shook the world!

BOOM!

Mo Xiaolang had turned into a Sun Devouring Demonic Wolf in front of him, he did not focus on attack, but wanted to find an opportunity to attack and swallow it, and the most important part was still with Long Chen. At the moment, Long Chen was wielding two swords, both swords had an overflowing power, and truthfully speaking, the power of the Archaeopterygium australis had brought about a terrifying pressure to Long Chen! He had truly displayed the level of his Extreme Realm God King! But Long Chen had his methods!

They attacked almost at the same time, but Long Chen was faster than the Archaeopterygium australis!

This was because he used the Edicts of Fate!

Heaven's Eye in the left eye and wishful eye in the right!

When the Heaven's Eyes of Destiny was suppressed on the Great Prison Fire Holy Tree, half of the boundless flames were immediately suppressed. Even if the Sky Sovereign met the Heaven's Eye, he had the ability to defy the heavens.

Long Chen was not weaker than him in the slightest!

And the wishful eye was even more exaggerated!

This was the first time Long Chen had truly used the wishful eye, because the wishful eye were usually only used for single units. It was Long Chen's wish, and this time, it was to absorb all living things!

In an instant, it turned into endless light that engulfed the entire tree trunk. Anyone in Long Chen's field of vision, whether they were humans or phoenix races, were all under Long Chen's control!

"Trust me!"

This was the rule of wish!

Forced wishes.

It was not as effective as the Immortal God Clan's God Sacrifice Techniques. Instead, it was even more effective, as long as the people in Long Chen's field of vision quickly changed from strangers to worshippers, they would be able to give Long Chen a lot of time.

On the tree, there were nearly nine trillion lives, nine times more powerful than the Dragon Sacrifice Continent! Although the power of will that it gave Long Chen was not as strong as that of the other living beings, it was at least twice as strong as the Dragon Sacrifice Continent's power!

When the two types of laws were used, it went against each other!

An incomparably strong halo of will was born from Long Chen's body, he was a true Divine Spirit, a transcendent being, with all living beings as its foundation, the resplendent light made it impossible for people to look at him directly, and his Qi rose to the extreme!

to the point of even causing Archaeopterygium australis s to feel shocked and terrified!

"What sort of natural law is that!? How can you absorb the power of all living things!?" In the midst of the Archaeopterygium australis's rage, those countless flaming branches charged towards Long Chen, trying to kill him. All the places Long Chen could escape to were completely sealed!

"What do you think?" Facing such an attack, Long Chen had not even made his move yet. Mo Xiaolang rushed forward from the side, releasing the Concentrating Heart Fire, causing all of the leaves and branches in front of Long Chen to shatter, washed away by the two kinds of Ancestral Flames!

"What kind of flame is that!" Archaeopterygium australis was shocked again!

But this was not the time for him to be shaken, Long Chen had gathered all of the power of the Sword Creation Holy Tree and condensed it into his two swords.

"Sky Execution!"

With the two slashes, it formed a cross between the words 'ten'. From the Shattered Soul Sword Qi and the Sword Qi, they instantly appeared in front of Archaeopterygium australis, exploding forth with a hundred thousand meters of death light! The strongest Power of Sky Execution rushed into the Great Prison Fire Holy Tree of the Archaeopterygium australis!

Violent!

RUU...!

Countless golden-black divine dragons had activated the Archaeopterygium australis's own strength, destroying his body from the inside, causing him to scream miserably. The other four Sky Sovereigns were not injured, this gave them the greatest hope, the Archaeopterygium australis who came to kill Long Chen was actually injured first!

BOOM!

However, he still could not underestimate this fellow. At this time, there were actually hundreds of branches piercing into his body, shattering the Power of Sky Execution, and protecting himself!

Chapter 2810 - Sacred Tree Smelting Furnace

Currently, all of the Emphyreans and Saint Kings had rushed into the starry sky. The effects of this battle on the mortals on the tree were already rather low.

Many experts could even see the soaring phoenixes and giant trees. The battle between the two would determine the fate of all living things within the Tree Creation Holy Tree.

It was just that under the wishful eye's rules, more and more people were concerned about Long Chen's battle.

There was no doubt that the outcome of Long Chen's battle would directly affect the outcome of both races. It was the most critical battle. The five Sky Sovereigns originally wanted to quickly kill Long Chen and take revenge for him, but after a battle, they realized that Long Chen had already reached their level!

Of course, they thought Long Chen had long since reached this realm and that he had only been hiding his strength previously! When the other four Venerable Ones were fighting against the Five Sacred Emperor, they were constantly paying attention to Long Chen's battle. When they saw Long Chen suppressing the Archaeopterygium australis, not to mention the Emphyreans, even the divine gods below were greatly shocked!

Just how strong was this outsider? How dangerous?

"Immortal Fire Soul!" After defending against the Power of Sky Execution, the Archaeopterygium australis was still in a state of furious rage. In a state where he was even more anxious to defeat Long Chen, his attacks were even more berserk.

Right now, all of the branches and leaves of the fire had entangled together, and the flames were burning at an unprecedented level. Every single branch hid a raging flame that would never extinguish, and that flame had a tenacious vitality. It was actually able to grow out of the suppression of the Heaven's Eye and fight against Long Chen's Heaven's Eye!

Then, the power of the Immortal Fire Soul erupted, and the flames all over the sky exploded into a rain of flames. Billions upon millions of them, every single drop of the fire rain turned into a tree, trapping Long Chen from all directions. From the outside, this fire seed practically formed a flaming planet, trapping Long Chen in the core position!

"Fire, with the support of life, will never die!"

Being under the laws of this Immortal Fire Soul, Long Chen was being refined by layers of flames. There would be a moment when he would completely lose his strength, and be burned into ashes, and the seeds of those flames would be rooted in his body, turning him into one of the flames as well!

All of Archaeopterygium australis's thoughts were on Long Chen, so he naturally did not care about Mo Xiaolang. In his eyes, Mo Xiaolang was merely a Divine King with initial state.

However, just as he was preparing to use the Immortal Fire Soul to refine Long Chen, the Sun Devouring Demonic Wolf beside him suddenly rushed into the Immortal Fire Soul.

"You're courting death!" Archaeopterygium australis was about to laugh.

But soon, he couldn't laugh anymore because he discovered that the Immortal Fire Soul's life force was rapidly decreasing and was being devoured!

"What?"

It was only then that Archaeopterygium australis saw the Sun Devouring Demonic Wolf swimming in the sea of fire and devoured as much as it could. With its speed, he estimated that it wouldn't be long before his laws were completely devoured!

"What kind of demon beast is this!?" How can one swallow fire! " Archaeopterygium australis immediately removed the Immortal Fire Soul, but at this time, Mo Xiaolang who had devoured a large amount of the Undying Fire Soul Flame suddenly threw up, and in that instant, a myriad of sea of fire rushed towards Archaeopterygium australis!

It was as if a blazing galaxy of flames had appeared in the starry sky, an extremely spectacular sight!

Long Chen was hiding in the middle of the blazing star river, and just as Archaeopterygium australis was blocking the power of the Ancient Code, he suddenly appeared out of nowhere and slashed on the Hellfire Sacred Tree!

"AHH!" This was the Archaeopterygium australis's scream again. All the living beings and all the gods were watching closely, of course they knew that he was being suppressed by Long Chen once again. He had already been suppressed by the Heaven's Eye, so he could only display a bit of his strength!

"Sky Execution!"

Another Heaven Punisher's Sword!

The Archaeopterygium australis was scared witless, he did not care about anything as he tried to escape. In a very sorry state, he managed to dissolve Long Chen's Sky Execution once again, but the power behind these two strikes had already terrified the Archaeopterygium australis, causing him to feel extremely humiliated. He had come to kill Long Chen! But now, Long Chen had completely suppressed his old face, and now, there was nowhere to put his old face!

Seeing that Long Chen was about to coldly attack again, the Archaeopterygium australis roared and prepared to put his life on the line.

"Third brother, the Thousand Eyed Fire Tree!"

Suddenly, the loud roar of Sky Sovereign Huangmu rang out.

"Alright!"

At this point, he had no choice but to go all out.

This Thousand Eyed Fire Tree, Archaeopterygium australis had even told Long Chen before, was actually not any less valuable than the God Creation Stone, it was all Order-level! As for giving it to Long Chen, it was obviously fake. It was just to test Long Chen, since it was the treasure of the Archaeopterygium australis, its value in his heart was about the same as the Great Prison Fire Holy Tree!

The Thousand Eyed Fire Tree was born on the Ancient Wood Tree. Millions of years ago, the two clans had a great war to snatch the Thousand Eyed Fire Tree, but in the end, Archaeopterygium australis obtained it.

The Thousand Eyed Fire Tree only had one chance to be used!

When he was completely suppressed by Long Chen and was about to lose his life, the Archaeopterygium australis didn't care about losing face or feeling heartache. In front of the Great Prison Fire Holy Tree, a tree suddenly appeared, and it was a small fiery-red tree, filled with blood-red flames. The most important thing was that on the trunk of the tree, there were actually thousands of blood-red eyes.

The boundless flame power of the Hellfire Sacred Tree was just as strong as it was before! Upon seeing this Thousand Eyed Fire Tree, even Mo Xiaolang was amazed. This was truly the hongmengxinling of a Order-level!

"Your time of death has come!"

He could easily fuse the Thousand Eyed Fire Tree into the Great Prison Fire Holy Tree. When the Thousand Eyed Fire Tree disappeared, the Great Prison Fire Holy Tree suddenly cracked open a thousand times, then split open again, and a total of thousands of blood-red eyes appeared. The power of each of these eyes hid an incomparable amount of flames!

The Archaeopterygium australis's imposing aura and divine might suddenly increased greatly. It actually broke through the suppression of the Heaven's Eye of Fate, surpassing Long Chen's limit, and the entire Prison Fire Holy Tree had increased in size by one fold, much larger than even the Central Desolate Wood Sky Sovereign's holy tree! This meant that his strength had completely surpassed all the other Emyreans and Saint Kings!

"You sure are lucky. You can pick any Emyrean and pick me who possesses the Thousand Eyed Fire Tree!" Yang Chen, your day of sacrifice is here! "

At that moment, the thousand eyes on the Thousand Eyed Great Prison Fire Sage Tree were all looking coldly at Long Chen. In those huge pupils, was an endless world of flames. To be able to fight such an opponent was undoubtedly quite a proud matter! This also proved Long Chen's growth!

The gigantic Thousand Eyed Great Hellfire Sacred Tree swept towards him, blotting out the sky and blotting out the sun. Long Chen was just a tiny speck in front of him. Even if there were trillions of lives that provided him with the will to live and gave him endless power to unleash, he would still be suppressed by the current Archaeopterygium australis!

"Big brother, what should we do?" Mo Xiaolang sensed the approaching danger.

"You stay by the side for now and wait for an opportunity." To be honest, the Thousand Eyed Fire Tree was something that exceeded Long Chen's expectations, so he wasn't completely confident at the moment.

"Archaeopterygium australis has merged with the Thousand Eyed Fire Tree. He's going to kill Yang Chen, and this time Yang Chen won't be able to escape."

"Although this Exotic God King has turned the entire World upside down, and caused us Ten Holy Saints to only have seven left, causing the strength of our Jianmu to drop greatly, at least the Heavenly Sovereigns can suppress him! Otherwise we're in for it. All these years of development, it's all going to be for naught. "

Seeing the birth of the Thousand Eyed Great Prison Fire Holy Tree, the human Gods all relaxed.

As expected, under the anger of the Archaeopterygium australis, he was obviously going to blast Long Chen to death even if he had to use all his strength! He had already deeply comprehended the terrifying nature of Long Chen!

"Sacred Tree Furnace!"

Under the laws, those thousands of eyes burst forth with incomparable intense flames that pierced through heaven and earth and penetrated through the endless space. These thousands of eyes formed a terrifying sealed world in front of Archaeopterygium australis, suppressing Long Chen in this world without any suspense!

When Long Chen looked at his surroundings, he realized that his surroundings was a dark void. However, there were over a thousand gigantic eyes surrounding him, looking at him.

"It's over, Yang Chen. This furnace was specially created to burn you! "

In a short moment, all eyes were brimming with boiling lava and flowing into this sealed world, their speed was terrifying. It probably wouldn't be long before they could completely burn Long Chen!

Outside, the Archaeopterygium australis laughed, "Burn! Burn it! In my holy tree's furnace, even the Divine Emperor would have to be completely refined! "It will become the nourishment of our Great Prison Fire Holy Tree!"

It was just a waste of the Thousand Eyed Fire Tree, Archaeopterygium australis felt some heartache!

But no matter what, Long Chen had solved it.

His gaze landed on Mo Xiaolang's body, and suddenly laughed: "Yang Chen is waiting to be turned into ashes, now it's your turn, a demon beast that can swallow flames? It's really magical. I'd like to tear you apart to see what's in your body. "

With that, the countless leaves of the Thousand Eyed Great Inferno Holy Tree started to extend towards Mo Xiaolang.

"Do you really think that this holy tree's furnace can burn him to death?" Mo Xiaolang wasn't afraid in the slightest, in fact, he said those words with contempt.
