

## War God 2811

### Chapter 2811 - The Milky Way of Life

Relying on the Thousand Eyed Fire Tree to create the sacred tree furnace, this was the strongest rule Archaeopterygium australis had ever displayed in his life!

He was confident.

"Thousand Eyed Fire Tree, Holy Tree Furnace!" The perfect fusion of the laws of fire and the trees of life! Within the holy tree's furnace, there was an endless stream of divine fire. All life was like the holy tree's furnace; there was only one kind of fate that was refined! Unless he is as strong as the Taiyuan Deity Realm or is a peerless Divine Emperor, it is simply impossible for him to escape! "

The wild laughter of the Archaeopterygium australis had already spread throughout the world, and all the living beings on the tree could clearly hear it.

"Then the Exotic God King is going to lose?"

What was funny was that although Long Chen came from a different world, because of his wishful eye rules, everyone was eager to see the Archaeopterygium australis lose in battle. When they heard this news, many of them were depressed and sad. At the same time, he could not help but provide Long Chen with more willingness, praying that he could break out of the Sacred Tree Furnace!

"Saint Kings!" Aren't you going to stop? If he didn't stop now, he wouldn't have a chance in the future. We don't have any more green lightning, he thought angrily. Don't blame us for not giving up on you. At that time, the World Tree will be in chaos, and billions of people will be killed or injured.

"Even now, they still think that Yang Chen can really suppress us five Sky Sovereigns to the point that we can't even raise our heads? "Then you guys are underestimating us too much!"

Seeing that Long Chen did not know whether he was dead or alive, the other four Sky Sovereigns were relieved. They knew Archaeopterygium australis the best and naturally knew just how powerful the Sacred Tree Smelting Furnace was, which was made from the Thousand Eyed Fire Tree.

The endless branches and leaves of the Thousand Eyed Great Prison's Fire Holy Tree sealed all of Mo Xiaolang's escape routes, and he shouted coldly, "It's your turn! Accept your death! "

Mo Xiaolang was naturally not his match, and the gap between them was indeed quite large.

However, he calmly replied, "In terms of fire, you are inferior to me. In terms of life, you are inferior to my big brother. What ability do you have to defeat us? "

It was precisely the laws of the trees that provided the holy tree with endless life force.

But life, was all too simple for Long Chen!

"What!"

Archaeopterygium australis looked at the holy tree's furnace in shock, he had already sensed something! At this moment, he suddenly saw that the holy tree's furnace was rapidly collapsing. From within the fiery red flames, a green flame abruptly rushed out!

Mo Xiaolang took this opportunity to rush into the holy tree's furnace, rushing into the sea of flames. At the same time, a gigantic figure rushed out from the flames.

When he clearly saw the appearance of the Taiji Creature Dragon, the Archaeopterygium australis suffered an unprecedented heavy injury, and the shock in his heart was even more intense than Sovereign Qingdian! That mystical being that broke out from the Sacred Tree Furnace, he could only be Long Chen!

Not only was Long Chen not dead, he had even turned into such a huge beast in front of his eyes!

"Jianmu Holy Soul!"

Archaeopterygium australis roared in disbelief.

Immediately, he understood that this was not a Jianmu Holy Soul at all, because this was not a soul, but a physical entity!

The Taiji Creature Dragon, the central life dragon head, had a total of fourteen other dragon heads, including the sun, moon, stars, mountains, trees, wind, rain, thunder, and so on!

It was as if the head of the Thunder Dragon was made of thunder and lightning!

It was as if the blazing dragon's head was formed from raging flames!

The appearance of this Taiji Creature Dragon had broken through the sacred tree's furnace, shocking the entire Archaeopterygium australis, the Five Great Sky Sovereigns, all the gods, and all the living beings of the world! The five Sacred Emperor were not that surprised after seeing Long Chen's body!

Now, Long Chen was truly using the power of the Divine Dragon.

"What are you!" Archaeopterygium australis roared loudly. The Thousand Eyed Great Hellfire Sacred Tree went berserk, going into an extremely berserk state.

"The Jianmu Holy Soul is mine." Only the Archaeopterygium australis heard Long Chen's voice.

"The Origin of Life!"

Just a moment ago, he had relied on the Source of Life to break through the holy tree's furnace. Although it was dangerous, the only thing he could blame was Archaeopterygium australis's bad luck, because Long Chen just so happened to be more proficient in the way of life than him!

"Let me show you what real life is!"

With the movement of the laws, the Thousand Eyed Great Prison Fire Holy Tree was swept into the green tunnel. Long Chen had firmly suppressed him!

"What is that!"

Outside, the remaining four Sky Sovereigns were stunned. They watched Long Chen appear with their own eyes and use the rules to drag the Thousand Eyed Great Fire Holy Tree into a green tunnel. They felt how terrifying the rules were.

"It's something similar to the Jianmu Holy Soul!" Exalted Celestial Desolate Wood said in shock.

"Now you know why he built the Wood Holy Tree! That is only the name you gave it. That is the soul of the ancestor Yang Chen, and the reason why he traveled through the myriad realms was to find the soul of his ancestor. Our Phoenix Clan is willing to help him with this. "

Only now did Vermillion Bird Emperor find out.

"So that's how it is! However, the dignified Five Sacred Emperors of the Phoenix Clan actually gave up their Jianmu Holy Soul that they had been fighting over for countless years to an outsider? " The Sky Sovereigns ridiculed.

Emperor Honghu said loudly, "The Jianmu Holy Soul is the beginning of the battle between our two races. Without the Jianmu Holy Soul, we would be more at ease. You humans would be able to share a bit of it with us!" Why shouldn't I wait? Although we hold the Jianmu Holy Soul, we don't even use its real value. That's their thing in itself, and we're just returning it to its rightful owner. Look at Yang Chen's current appearance, is there any difference between his appearance and that of Jianmu Holy Soul s? "

The Sky Sovereigns were unwilling!

Of course they wouldn't hand over the Jianmu Holy Soul for nothing, especially when Sovereign Qingdian was killed.

Millions of years of painstaking effort had now been completely destroyed!

Only, they did not expect that the Phoenix Clan had a condition for giving up their Jianmu Holy Soul!

"Save me!"

At this moment, an extremely tragic cry for help came from the Archaeopterygium australis. After being swept into the green tunnel, he did not come out again! When they heard this voice, the Sky Sovereigns who were originally waiting for the Archaeopterygium australis to come out immediately paled!

The human gods were stunned as well.

The common people were even more shocked!

How could a dignified Heavenly Sovereign be in such a miserable state in front of Long Chen?

The swirling green tunnel was like a green galaxy as it covered the sky. Under the boundless life force, the World Tree started to moisturize itself.

"Third brother!"

The Emyreans had all gone mad. They wanted to charge forward!

Of course, the five Saint Kings were no pushovers! They knew that Long Chen was at his most critical moment. If they did not stop him at this moment, Long Chen's efforts would have been for naught. They had five Saint Emperors, four of them were already enough!

"Stop them!"

The Five Saint Kings had formed a pentagonal array formation, forming a five-layered phoenix formation that instantly suppressed the four Emyreans. They didn't hesitate to expend a massive amount of energy to stop the Emyreans from moving. Although they couldn't instantly harm the four Emyreans, they could at least stop them!

"Let go!"

"Damn it!"

"Third brother!"

"Yang Chen, stop!"

The Sky Sovereigns roared.

Their voices caused the entire world to shake as countless people covered their ears to watch this scene in shock. The other Divine Kings among the human race wanted to charge forward, but they were stopped by the Phoenix Divine Kings.

Zhu Xi was also shocked, watching this battle which had changed the history of the Tree Creation Holy Tree!

In the middle of the green tunnel, the Archaeopterygium australis described the dead wood. At this time, the Taiji Creature Dragon was coiling around him, completely coiling around the Thousand Eyed Great Inferno Holy Tree, entangling it tightly, making it unable to move. The life dragon was aimed at the enemy Heart of Rules's position, and it was its core!

The limitless life energy was being devoured by Long Chen using his life origin.

The holy tree that had a boundless life force slowly withered under Long Chen's deprivation and turned into dried up wood!

"You can't kill me! Yang Chen, stop wasting our energy, we, the Sword God, will not die! " Archaeopterygium australis was still struggling in death's door! Perhaps at this moment, even he could not believe that he had truly lost to Long Chen.

"But Sovereign Qingdian, isn't he dead?"

Now that Long Chen had devoured more than 80% of his opponent's life force, even if he was let off, he no longer had the power of an Sky Sovereign, and would only be a cripple from now on.

"If I let you go, will I get the Jianmu Holy Soul?" Long Chen asked.

"Bullshit!" What right do you have to let me go? Did I lose? Even you, yourself, want to snatch the Jianmu Holy Soul away?

The Archaeopterygium australis was berserk, berserk!

"Then you won't be polite. Your life can be exchanged for this Tree Creation Holy Tree, for a million years of peace!"

Long Chen suddenly withdrew his life origin!

The dragon with the head of 15 dragons charged into the sky. Below him was a withered tree that was currently struggling at death's door!

"Third brother!"

Seeing that the *Archaeopterygium australis* was still sealed by the Saint King, all four Emyreans gnashed their teeth in anger!

It was at this moment that Long Chen took on a human form and appeared before the four Sky Sovereigns. Above the starry sky, a black colored demon wolf descended swiftly, and just above the *Archaeopterygium australis*, countless flames sprayed out. Those flames formed into a gigantic lotus flower, surrounding the Thousand Eyed Great Prison Fire Holy Tree.

"So beautiful!"

All the living beings exclaimed in admiration as they stared at that lotus flower.

It was just that within the lotus, the *Archaeopterygium australis* was still struggling and roaring, all the way until Mo Xiaolang had swallowed the lotus. This Emyrean's mark, had already completely disappeared from this world.

Long Chen waved his hand, allowing Mo Xiaolang to go back and refine it.

The four Sky Sovereigns stopped their hands in shock and looked at Long Chen.

The *Archaeopterygium australis*, of course, had fallen.

Long Chen said in a clear voice, "Let me tell everyone, *Archaeopterygium australis*, one of the five great Sky Sovereigns of the human race, will fall from today onwards! From then on, the World Tree no longer had an Emyrean! Do you all understand? "

At this time, the wishful eye had already been removed.

This news had spread throughout the world ...

This news silenced everyone!

Long Chen took another glance at the four Sky Sovereigns, and then rushed towards Creation of the Heavenly Palace of the Wood God!

## Chapter 2812 - Battlefield of Divine Devil

The Creation of the Heavenly Palace of the Wood God was a Creation God Equipment of the Central Sky Desolate Wood, but in order to suppress the Origin Dragon Soul, he would not use it in battle.

The remaining four Sky Sovereigns could obviously tell that Long Chen was determined to get the Origin Dragon Soul.

Especially after he defeated the Archaeopterygium australis and caused its fall.

To the four remaining Sky Sovereigns, the fall of the Archaeopterygium australis was an incomparably heavy blow to them. Compared to Sovereign Qingdian's death, it caused them to be even more afraid, and it also caused them to truly feel afraid! He was afraid that if this went on, he would die even more!

If another Sky Sovereign fell, the Creatures of Jianmu would be done for!

Of course, all the gods understood this point, so the further one goes, the more they mean about how terrifying the fall of Archaeopterygium australis was! When the four Sky Sovereigns suddenly stopped, the spirit gods of the Creatures of Jianmu also stopped. Their eyes were all filled with despair, and they were afraid that from today onwards, the World Spiritist Sacred Tree would no longer be under the protection of Long Chen!

At that moment, Long Chen had already descended on the Creation of the Heavenly Palace of the Wood God!

There were still many gods in the Creation of the Heavenly Palace of the Wood God, but they stayed there, terrified and trembling as they looked at Long Chen who was in the sky, as if the apocalypse had arrived!

Long Chen turned his head to look at Sky Sovereign Huang Mu in the distance, and said solemnly: "Be smart, give up, the situation has settled."

To be able to obtain a Jianmu Holy Soul without making a move was naturally quite good.

This would depend on whether or not the remaining four Emphyreans were sensible or not. With their current statuses, what they had just experienced was inconceivable to them. However, reality was reality, and they had to abide by it! If he could not see this fact clearly, it would only make the Creatures of Jianmu even more doomed!

"Rise!"

In the center, Emphyrean Desolate Wood had voluntarily admitted defeat!

He took the initiative and activated the Creation of the Heavenly Palace of the Wood God, causing it to leave the ground. By this time, Long Chen had already asked Yang Lingqing to prepare. Let her come out and stand in front of him.

"Brother, I'm a little nervous."

At this moment, Yang Lingqing's voice trembled a little.

"I'm fine. It won't hurt you." Long Chen patted her shoulders and smiled faintly.

"En!"

Just at the moment when Yang Lingqing nodded, Creation of the Heavenly Palace of the Wood God rushed towards the center of Desolate Wood Sky Sovereign, and right at the spot where they were previously at, a deep pit appeared. All the gods could not help but look at this place, the deep pit was filled with dense smoke and clouds, it was difficult to see clearly, but at this moment, an extremely excited dragon cry came out!

A draconic roar resounded through the world.

Hearing this voice, all the Dragon Fighters started to boil.

The first real Unparalleled Dragon, Ma Shan was about to be born!

In front of their shocked eyes, a multi-colored Dragon Soul rushed out from the deep hole. This Dragon Soul was extremely huge, ten times bigger than the Dragon Form that Long Chen had today. This was one of the concomitant dragons — — Dragon Soul's Origin!

It appeared!

When it appeared, even Yang Lingqing's body was covered in colorful lights, and she was attracted to the origin of the dragon soul!

Every Ancestral Dragon had a Twin Divine Dragons, and in the Dragon Sacrifice Continent s, the Ancestral Dragons usually did not show themselves. What truly maintained order were all these super strong Unparalleled Dragon, and even in the The Age of Dragons s, the number of Unparalleled Dragon did not exceed a hundred!

A spirit dragon had appeared!

At this moment of anticipation, everyone was indeed rushing towards Yang Lingqing!

When it reached Long Chen's eyes, it lowered its head, humbly circled around Long Chen, and finally returned to Yang Lingqing's side. Under Yang Lingqing's expectant gaze, the origin of the Unparalleled Dragon began to weaken, and finally, it surrounded Yang Lingqing's body.

Afterwards, the Origin Dragon Soul gradually fused into her body, merging with her body and her soul.

"Ling Qing just inherited the spirit dragon blood essence for a short period of time. I thought that it would take some time before the spirit dragon could accept her. I never thought that it would begin to fuse with her as soon as it started."

At this moment, Yang Lingqing was undergoing a huge transformation, from a human to a Unparalleled Dragon.

The light on her body was constantly changing.

"Brother, I think it'll be a while. Let me go back to the Divine Kingdom." Yang Lingqing said to Long Chen softly.

"Alright!"

In the God Kingdom, she could peacefully undergo her transformation, but Long Chen still had a few matters to take care of. When he allowed Yang Lingqing to return to the Divine Kingdom, he realized that all the Gods were looking at Long Chen with reverence. That's right, this time Long Chen had won against the Wood Creation Holy Tree!

The entire world!

The Five Sacred Emperor and the four Emyreans stopped fighting.

Long Chen arrived in front of the nine in the blink of an eye. He looked at the four Sky Sovereigns and said, "I've taken what I wanted. I will help them kill an Emyrean. At the same time, they have also promised me that they will not take over the human territory nor harm the mortal spirits. From today onwards, the World Tree will be peaceful for countless years! I hope that everyone values the life of a mortal! "

Even if there were four Emyreans remaining, the human race still had a very strong combat strength! If the battle really started, both sides would suffer. However, the phoenix race had no one with such a strong desire to invade, so they were slightly stronger, and could completely suppress the human race.

"You are the greatest victor today, so you don't have to make sarcastic remarks. You made us lose our loved ones. Disciple, one day, no matter where you go, I will find a chance to take revenge on you! Now that I have obtained what you want, I shall quickly scam! "

Of course, the hatred they had towards Long Chen, would not disappear!

"Of course I don't want to stay here." Long Chen looked at the five Sacred Emperors in the end and said, "Five, I'll be leaving first. I hope the five of you will remember your promise not to bully the weak and cause chaos here. "

"Don't worry!" The five Saint Kings had achieved great victories today and were in an extremely good mood. Although the Jianmu Holy Soul had been lost, the two clans no longer had anything to fight over. This was great news.

Long Chen looked in the direction of the Phoenix Clan and saw that Zhu Xi had secretly made a face at him before disappearing. This fellow was big and small, and would definitely follow him.

"Goodbye." Long Chen did not stay long. After obtaining the Origin Dragon Soul and accomplishing his goal, he bid farewell to the Holy Emperor and the Sky Sovereign, and immediately embarked on a new journey. His Murderous Dragon Boat appeared outside the World Tree, heading towards the vast starry sky, while the World Tree behind him was getting smaller and smaller.

"Zhu Xi, you still haven't come out!"

Long Chen shouted from inside the Dragon Slayer Boat.

Zhu Xi then appeared, looked at Long Chen and laughed, saying: "You promised to take me with you, you are not to be shameless!"

"Then did you make things clear with the Sacred Emperors?" Long Chen asked.

"Of course I can't say it. After I say it, they will let me out!"

Zhu Xi said weirdly.

"Then what if they think I kidnapped you?" Long Chen asked.

Zhu Xi said: "Don't worry, if they can't find me, they will immediately contact me. As long as we hurry up and leave, if they can't catch up, they will definitely not pursue us."

Just as she said that, she frowned and said, "How did you find out so quickly? Hurry up and leave! "

She urged Long Chen urgently, and then began to negotiate with the five Sacred Emperors.

"Don't worry!" Don't worry, I'm definitely not in trouble. It wasn't him who kidnapped me, but I was the one who sneakily ran over to his place! You old guys can relax, isn't he very strong! Now that I'm friends with them, I want to follow them and wander the world! Look at a lot of interesting things! All of you are

just waiting for me, Zhu Xi, to become a Divine Emperor, or even a Sovereign God! "Finally, come back and honor your ancestors!"

With that said, Zhu Xi excitedly threw the tree symbol away.

"Yea, from today onwards, I'm free!" Zhu Xi was so excited that he jumped up and down.

This girl was obviously able to add a lot of vitality to his team!

"Little beauty, I knew you would follow me! Come, quickly let me hug one of you! " The kitten scuttled out of the Divine Kingdom, waving its arms around. Just as it pounced on Zhu Xi, it made him spurt out a mouthful of flames, making it scream.

"Bastard, you want to take me lightly? No way!" Zhu Xi laughed as he jumped up and down on the killing dragon boat.

Ling Xi and the others had also appeared, and everyone liked staying together like this. When Cat was introducing everyone to Zhu Xi, Ling Xi was right in front of him, and asked: "Where are you going next?"

"The Gods and Demons of Zhou Mountain!" Zhu Xi suddenly scuttled over, and said excitedly: "Let's go to the God Realm of Zhou Mountain! There were many interesting things, many experts! They were all Fiendgods! It's a lot more interesting than the Tree Building. "

Long Chen also thought of this place.

"If things go as expected, Di Jun and the rest should be headed towards the east. They probably don't know that I've already turned towards the north yet." However, if you want to go back, you should be safe for a period of time, at least for a few years. In that case, you should be able to go to the Godly Mt. Zhou Mountain and have a look, since the people who built the Wood Holy Tree rarely left it.

Long Chen pondered in his heart for a while, then decided: "Okay, then we'll go to the God Realm's Zhou Mountain. Zhu Xi, you know the location right?"

Zhu Xi had been preparing for a long time, and said: "For this great voyage, I have long prepared a map for you! It was stolen from the Holy Shrine. Although it is not very clear, the Gods and Demons that do

not form a mountain are the pillars of heaven. As long as they do not go too far in their direction, they will definitely be able to find it! "

Looking at her glowing eyes, Long Chen knew that if not for him, she would have immediately ran over to that place.

"Alright, then let's go!"

He began to move forward!

"Battlefield of Divine Devil? "What is this place?"

Chapter 2813 - Spirit Dragon Birth

goblin mountain

The Myriad Realms was so huge and so vast, that even the Divine Emperor, or even the stronger gods, would need a large amount of time to travel from one world to another.

From the Dragon Sacrifice Continent to the World Tree, Long Chen took five years.

Now that he was at the Godfiend Zhou Mountain, who knew how far he would have to go?

Just the title of 'Myriad Realms Pillar' made Long Chen unable to resist being filled with yearning for it.

Although the ten thousand worlds were vast and boundless, he also wanted to explore the boundless world and explore its mysteries. Perhaps everyone was like this as well.

As for the passage of time, he had long since gotten used to it. Divine Kings s with Taizhen Deity Realm would always exist for tens of thousands of years. Almost in the blink of an eye. A lot of deities had already reached their limits. Their cultivation was to protect their cultivation and not drop any further.

Unlike Long Chen and the others, there was still a very long time left.

Especially him and Mo Xiaolang, they simply had no limits.

Right now, she had already reached the realm of the Perfection Divine King. Long Chen had fought with her before, and it was indeed not bad.

After Mo Xiaolang swallowed the Archaeopterygium australis, his cultivation rose rapidly and he learnt a few more rules. He would say that it was the Immortal Fire Soul or even the Holy Tree Furnace. Although it was not at the level of the Perfection Divine King, with two kinds of Ancestral Flames at his side, his battle power was extraordinary!

After spending a long time with them, Zhu Xi, the new friend, quickly became close to them and they soon got to know each other.

As for Wan Qing.

When Long Chen left the Wood Holy Tree, he gave him a choice as to whether he should leave on his own or accompany Long Chen. Originally, he wanted to follow Long Chen, but later on he chose to leave on his own with the jade complexion, wandering around alone, going to a new world, and start a new life.

Long Chen naturally supported him.

The reason she was with Sovereign Qingdian, and the reason why she brought Wan Qing humiliation in broad daylight, was all because of Sovereign Qingdian. She had no choice but to do this, because Sovereign Qingdian used his life to threaten her, and if she did not do this, Sovereign Qingdian would kill Wan Qing.

In the Creation of the Heavenly Palace of the Wood God, Sovereign Qingdian was the ruler. She could only choose in pain under his helplessness, because even if he injured Wan Qing, she did not want him to die. During that period of time, all the gods were secretly discussing about her shamelessness.

No matter what, after experiencing so much suffering and reuniting with each other, perhaps they could value each other even more in the future!

A new journey!

Ling Xi began to nurture her body with a peace of mind, waiting for her child to be born. Even though this was the case, she still hadn't stopped her research into the Heavenly Rules Spiritualism, and after six years, she had not reached the peak of the Divine Spirit Realm yet. She had finally cultivated up to the eighth Heavenly Rules Spiritualism, and her realm had also rushed into Taizhen Deity Realm, becoming the perfect Divine King.

Afterwards, after mastering the Mortal Sword Intent, there would be a great improvement in the Mortal Sword Intent. She believed that it wouldn't be long before she would be able to unleash the other sword arts and the laws of the sword with just the two sword Intent. It would only be stronger and more terrifying.

To tell the truth, this feeling of growing stronger together and going on a journey together was indeed a good feeling!

About the seventh year, there was a new expert in the team!

That was Yang Lingqing!

In these seven years, she finally completely merged with her Origin Dragon Soul and became a true Unparalleled Dragon. Even though she was only a young dragon, her fighting strength had completely surpassed Dragon Emperor and the others, and was definitely comparable to a Divine King!

At this time within the Divine Kingdom, tens of billions of dragons were seething in excitement. The myriad lives of the common people could transform into divine dragons that soared through the heavens and earth, and there were even some True Dragons amongst them! Possessing power comparable to a god!

This was a world of dragons!

Ten thousand dragons flourishing, an incomparable glory!

It gave people the illusion that the The Age of Dragons had returned!

The Origin Dragon's Soul was placed in the center of the world.

The Dragon Emperor managed the entire world in an orderly manner. There were no problems at all! All of the inherited blood essence and origin dragon souls had been allocated. With the passage of time, there would come a day when tens of billions of true divine dragons would appear here!

Long Chen did not want them to be exposed for now. Let them develop properly like this, until they possess the power to protect themselves in these ten thousand realms. Then, the entire race of the Divine Dragons will truly descend! Return to the Allworld!

Long Chen's blood boiled with anticipation for that day. Right now, he and his comrades were also fighting with all their might for the return of the Dragon Clan. That was their fate, and also the duty that the bloodline in their bodies brought to them!

In a battle, one would rather die than submit!

Now, the moment Yang Lingqing woke up, a colourful divine dragon rushed into the sky. It was so big that it covered the sky, and even if it was just a young dragon, it still possessed a supreme majesty. Countless divine dragons revered it and bowed down; this was the first birth of a Unparalleled Dragon!

This was a spirit dragon!

"A spirit dragon has mastered all the rules of life other than the one used by the Taiji Creature Dragon." Long Chen stared intently, as he sensed the majestic power of the Ancient Code within Yang Lingqing's body. Yang Lingqing's current strength, was definitely not inferior to that of the Perfection Divine King! He should be able to compete with Mo Xiaolang and the others!

The most important thing was, this was a Ranker that Long Chen had completely created himself!

Compared to them, Yang Lingqing did not have a good foundation, but she had a good brother. Under the training of this brother, she obtained the blood essence and origin of the Unparalleled Dragon, and became a Unparalleled Dragon easily. As long as she grew up in the future, with the passage of time, as long as she did not get killed, she would definitely reach the ancestral realm realm!

"Brother!" "Thank you!"

Yang Lingqing had turned into her human form in front of his eyes. The Yang Lingqing now was no longer the pretty and jade-like Yang family of the past. She had the temperament of a godly dragon and possessed abundant spiritual energy. However, Yang Lingqing's personality was cold and aloof. After so many years, although there were many people pursuing her, there was no one suitable for her.

"Don't be polite with me." You have to be strong, don't you? I can't protect you for the rest of your life. " Long Chen laughed. Speaking of which, the two of them were born on the same day of the same year.

Everyone gathered together, seeing Yang Lingqing's power, they were all very happy!

"Brother, we have been in the World Tree for such a long time and you have taken many risks for my sake. Now that I have gained the strength, I will work hard and use it wherever I can to help you. I will work hard for you throughout my life, and as you move forward, I will live and die with you." As Yang Lingqing spoke, her tears couldn't help falling.

"Qing`er." Long Chen hugged her and said: "Don't be like this, what I want to see most is you living for yourself. As your brother, no matter what I give you, it is all natural. Don't stand on ceremony with me. And don't give yourself any pressure, as long as you can be happy and satisfied, I can be happy and satisfied too. "

To have such a sister in this life, Long Chen felt that he was already very perfect.

"Don't be jealous, the demonic god Zhou Shan is about to arrive!" Cat rolled her eyes and said.

Only then did everyone start laughing.

Yang Lingqing laughed even though she was crying. She said angrily, "Little Cat, how dare you laugh at me. See if I beat you up or not."

"Help! The tigress was going to kill someone! Little beauty Zhu Xi, why aren't you coming to save your husband! If I don't have you, I won't be able to be happy in the future! " The kitten covered its head and scurried away.

Zhu Xi rolled his eyes, and said: "Fight! Sister Ling Qing, I'll help you beat him up too! "

While they were messing around, Long Chen stood in front of the Dragon Boat, and looked towards the boundless starry sky in the distance. Suddenly, an incomparably huge black shadow appeared in his field of vision, covering the sky and covering the sun.

"This is the Divine Demon Zhou Shan!"

They had finally seen the battlefield of this Fiendgod world, the place where all ten thousand worlds fought for power! Long Chen's blood could not help but heat up! It was another seven years since there was a battle!

"Not here." The Supreme One Divine King flew out from a vast sea of stars. After travelling for a period of time, he finally reunited with Di Jun's team.

"Perhaps, the direction he is heading towards, is not the east?" Emperor Violetjewel could not help but ask. Back then, when he was trapped by Long Chen and Ling Xi in the east, he had also watched as Long Chen and the others headed in that direction.

After all, there was the Immortal God Clan in the north. Long Chen should not dare to go there.

Di Jun's golden eyes transcended space, the Divine Kings followed behind him. Seeing that Di Jun did not reply, they all remained silent.

"This kid is very daring, he might have headed towards the north." The True God said to himself.

"We still have to rely on the 'Papyrus korshinskii' to search for him. If we were to deviate from the correct direction like this, even if we knew his location, it would be somewhat troublesome to go over. It would be better to stay where we are."

Di Jun's position was very high, even the Divine King of polar state had to rely on Di Jun to be able to establish a foothold in this Myriad Worlds. In front of Di Jun, they could only dare to discuss in hushed tones.

"There's news. They've gone to the north and just left a world called the 'World Tree'." Di Jun suddenly said.

Among the two Divine Emperors, the white-haired teenager laughed strangely and said: "The Papyrus korshinskii are not bad, next time we will find them to trade."

"Let's go." Di Jun retracted all the Divine Spirits into his Divine Kingdom and disappeared from this space in the blink of an eye. With a flash, he rushed towards the direction of the Holy Tree Building Tree with a terrifying speed!

Of course he knew where the World Tree was, because he had the complete star map.

Within the star map, the positions of the tens of thousands of worlds were all very clear.

Amongst them, the Dragon Sacrifice Continent was the central point right in the middle!

It was a pity that the weakest regions of the Myriad Realms instead had a core in the north, south, east, and west. In the core of the north was the Godfiend Zhou Mountain!

#### Chapter 2814 - Immortal Eight Divine Emperor

Although he saw that the Divine Spirit was not Zhou Shan, Long Chen knew in his heart that it would still take a long time to get close.

After all, the Fiendgod Zhou Mountain was simply too enormous.

Although he did not know how the Divine Demon Zhou Shan supported the Allworld, it was clear that the Myriad World Pillars played an extremely important role. Although Long Chen had made a trip to the World Tree, he still didn't know much about it. As such, he didn't know much about it either.

They only knew that this was the battlefield of the Fiendgods!

However, with such a large Fiendgod body, if it wasn't Zhou Shan, there would definitely be many secrets and places to pay attention to, as well as many taboos!

These things could only be slowly discovered after one truly entered Mount Zhou as a Fiendgod.

Following that, this huge world gradually appeared and expanded in front of Long Chen. Looking down, one would not be able to see the foot of the mountain. Looking up, even though there was still quite a distance between them, one would not be able to see the top of the mountain.

A pitch black mountain peak!

The number one mountain peak of the Allworld!

It was just that at this moment, Long Chen and the others could not see anything special. To them, this endless mountain peak that was as large as a mountain range that had an innumerable amount of jade falling into the Yellow Springs was mysterious and unknowable.

The closer they got, the more they passed through the thick black fog, the more they couldn't clearly see the entire picture of the mountain. Even with their current abilities, they weren't able to sense any kind of powerhouse within the mountain.

"I heard from those old fellows that the Immortals and Fiendgods, Zhou Shan, isn't controlled by any other world, and can't be considered to be one of the Ten Thousand Worlds. But in terms of world level, it was equivalent to the world of primitive level! Of course he was not the real world, he was only comparable to the primitive level world. There was no native deity in it. As for the entire Ten Thousand Worlds, I don't know if they have the true world of primitive level! Generally speaking, in this primitive level world, one has a Sovereign God, and a Tai Yi Shen Jing is controlling it! "

When Zhu Xi saw the Divine Spirit Realm Zhou Shan, his eyes began to shine. He hated that he couldn't immediately rush forward!

"Eighth grade world?" To be honest, Long Chen was truly shocked. Although there was no mortal spirit, its degree of stability, degree of suppression, and so on, were bound to be no different from that of a world of the eighth stage. Furthermore, there might even be those who had Tai Yi Shen Jing that surpassed the Divine Emperors within this Godly Demon Zhou Mountain!

The Divine Emperor was already an existence at the level of Ten Thousand Sector lord!

If it was Tai Yi Shen Jing or the realm of the Hierarch, then its value was at the peak of the entire ten thousand worlds! She was the supreme overlord of Fiendgods! They were definitely monsters that had survived until now!

In this way, although the Divine Demon Zhou Shan was not one of the myriad worlds, to him, this was no different from an eighth level world. If not for the fact that an eighth stage primitive level treasure could be born here! would not attract the Divine Emperor to come here! Even the Hierarch had been drawn here.

Right now, the Ten Thousand Worlds, even if it was a world with the seventh stage of Eternity, could suppress an entire region! The Divine Sacrificial Great World was Hun Yuan level, and it also dominated the northern stars, enslaving many worlds!

For example, this Godfiend Zhou Mountain did not have any ordinary mortals' worries, nor did it have anyone to occupy it. It was strange and mysterious, and it also had countless heavenly treasures, which was why it had become the dominating ground for Fiendgods!

Closer and closer.

Roughly a month's time later, Long Chen and the rest finally reached the Godly Demon Zhou Mountain. Honestly speaking, this Godly Demon Zhou Mountain was simply too big, if they wanted to go around to the back of the mountain, it would take a long time.

There was already an endless black fog down there. For the time being, he couldn't see anything clearly.

However, Long Chen could feel that the berserking attraction it was emitting was getting stronger and stronger, which meant that if it reached the ground, it was very likely that it would have the same gravity as the Star of Destiny, or even exceed it. This was also the reason why ordinary mortals could not live here. Only the gods would be able to come here.

"We're finally here!"

"The Gods and Demons of Zhou Mountain!"

Even in his dreams, Zhu Xi wished to come to this place. Under her influence, everyone here had become very curious, and they were all watching carefully now. It was obvious that this place was much more interesting than the World Tree!

"Everyone, get ready. We're going down soon." Long Chen reminded her. Now that they were all strong, each of them had their own strength. If they were to travel together, they could help each other.

Right at this moment, a gigantic snow-white divine ship was approaching Long Chen from another direction. After Long Chen sensed them, he let them enter the Divine Kingdom first.

And this battleship was clearly several times stronger than the Slaughter Dragon Boat. One look and it was obvious that it was of the 'Hun Yuan' class!

The one who could control it, was most likely the Divine Emperor!

The current Long Chen was far from being able to deal with the Taiyuan Deity Realm's Divine Emperor, so when he saw the undamaged Hun Yuan grade battleship, Long Chen had already made Ling Xi ready to use Stellar Transposition!

The Hun Yuan Rank warship that he had seen before was also a warship that belonged to the Age Sky Demon, but it was broken, and at this moment, it was a battleship that was incomparably majestic, imposing, and shone with a divine light, as if it had come from the ancient times. It was extremely imposing, and the killing dragon boat in front of it was just like a small boat.

The battleship was blocking the path of the snow-white ship.

Long Chen immediately dodged, and gave the other side a path.

"The enemy must have come from the north side of the Godfiend Zhou Mountain. He shouldn't have entered Mount Zhou as a god or devil, but rather, he should have gone around it to head south. "

Long Chen analyzed the situation in his heart.

Suddenly, he had a feeling that there were a few deities on this ship. The feeling they gave Long Chen was kind of familiar.

"This should be one of the ten thousand worlds that I don't know!"

Just as Long Chen thought of this, he was suddenly shocked in his heart!

He knew who it was!

The Sacrificial World, the Immortal God Clan, and the Eight Great Divine Emperor!

They were here!

They had come from the Great World of the God's Sacrifice Realm, and had circled around the Divine Spirit Realm's Zhou Mountain, preparing to continue their journey to Dragon Sacrifice Continent! Their goal, was obviously to take away the Everlasting Stone to avenge Shen Yang and Shen Qiong. She even went to explore the Origin Dragon Palace! Shen Qiong passed this message back to them!

They did indeed set off!

Long Chen was 90% sure that there were 8 Immortal God Tribe Divine Emperors on this ship!

"This is bad. If I hadn't made a detour to Zhou Shan, I definitely wouldn't have met them in the original direction ..."

The direction that Long Chen had originally chosen was slightly northwest, and under Zhu Xi's guidance, he arrived at the Divine Demon Zhou Mountain, but he didn't expect that the Divine Demon Zhou Mountain would be in the direct line from the Divine Sacrifice Realm to the Dragon Sacrifice Continent!

At this moment, Long Chen was trembling in fear.

He knew the consequences.

Once it was seen through, once the battle started, they would definitely lose. The eight Divine Emperors would kill Long Chen and the others within seconds. When the time comes and the Divine Kingdom is exposed, the lives and deaths of millions of lives in the Divine Kingdom will be completely under the control of the eight Divine Emperors, and the Origin Dragon Palace will also land in their hands. Long Qinglan will die in vain, and the dragon sacrifice will have no chance of survival.

The consequences would undoubtedly be disastrous.

Long Chen knew the value of his life, to the point where only a small part of his life belonged to him. The other parts all belonged to someone else. The people and world he wanted to protect!

Therefore, he had no choice but to remain calm. On this mountain of Immortals and Demons, there was a chance to escape!

The slaughter dragon ship and the huge god ship quickly brushed past each other!

The scene of Long Chen and the Emperor Violetjewel meeting, was actually repeated at this moment!

On the snow white divine ship, a beautiful Divine Emperor that was unable to differentiate between male and female suddenly appeared. Compared to Shen Qiong, it was stranger and more enchanting, and that charming gaze of hers made one's hair stand on end.

Long Chen did as he was told and stopped the Dragon Slayer Boat. At the moment, he could only let Ling Xi prepare. If anything went wrong, she would bring him Star Shift. Although he did not know if he would succeed, he had to try!

"Come out." One of the eight immortal god race Divine Emperor ordered.

They cultivated the path of faith, and their words had the same influence as Long Chen's wishful eye. They could control other people just by talking, and if Long Chen did not come out, then they would have to fight him.

Who would fight against the eight Divine Emperors?

Long Chen came out of the killing dragon boat with a bit of reverence: "Divine Emperor, what can I do for you?"

That person looked at him and said: "You are able to tell that I am Divine Emperor, not bad, I just want to ask you one thing, do you know this place called Dragon Sacrifice Continent?"

It turned out that he didn't recognize her, but he had asked her about it in passing.

Long Chen shook his head and said: "Sorry, I don't know. This junior's trip is to come to this Godfiend Zhou Mountain to give it a try. "

"Yes." The Divine Emperor probably asked many people along the way, but when he saw that Long Chen did not know anything, he did not care and directly returned to the middle of the divine ship. The divine ship continued to move forward, heading towards the south, and without saying a word, Long Chen naturally returned to the slaying dragon boat.

This time, there was no danger!

"Who are they!?" Divine Emperor? Are all of them truly strong people from the Taiyuan Deity Realm!?" Zhu Xi said in shock.

"That's right! It's said that they come from the Divine Sacrifice Great World and have eight Divine Emperors. At the same time, they are chasing after us!" Long Chen reminded her. Now that he had escaped this calamity, he told Zhu Xi so that she wouldn't prick him.

Despite this incident, the god and the devil still arrived at Zhou Shan! They increased their speed and rushed in. As expected, this pitch-black world contained an incomparably terrifying gravity, so after Long Chen put away the Dragon King Ark, he actually dropped down like a cannonball. He was unable to stabilize himself no matter what, and directly smashed into the ground!

BOOM!

Chapter 2815 - Endless Divine Clan

He had finally arrived.

Although it was badly injured, it was not a big deal.

"It's the equivalent of a world of primitive level." Long Chen started to look around carefully.

Right now, he already had the strength to defeat Extreme Realm God King, but truthfully, he was unable to break through the space here, and he couldn't even warp or distort it.

With his divine powers, the damage he could do to this barren world was limited. Although its power was the same, in Dragon Sacrifice Continent, he could destroy it with a single punch. In here, he could only blast away the short mountain and the huge rock. He was still able to shake the entire World Tree while it was being constructed. Yet here, he was like a small ant that had descended upon the mountain of the Immortals and Demons. He was like a stone that had sunk into the ocean.

The most important thing was the restriction of perception. In this Mount Zhou, regardless of whether it was the will or the facial features, the range of perception was too small. For example, if Long Chen was on the Wood Sacred Tree, even if he was on the Creation of the Heavenly Palace of the Wood God, he would be able to sense the territory of the Phoenix Clan. As long as there was any movement, any expert would instantly be able to sense him.

However, within this Godly Mt. Zhou, the enemies would not be able to find them even if they were thousands of meters away.

Fortunately, there was no limit to their speed and divine power. To them, a few thousand meters was just a thought.

"This is basically the same as being blind."

Long Chen thought so.

In the end, it was a matter of movement.

If they were building the Wood Holy Tree, the battle of Extreme Realm God King would cause the spirits of the entire tree to be affected. In this place, it only affected a small area ...

Therefore, the Fiendgods would choose to fight here. The more hidden the environment, the more possibilities there would be to fight. This was a world where only Deities would come!

Fiendgods and devils, Zhou Shan!

Long Chen looked around and saw endless black mountain peaks that stretched far and wide. In the distance, it was completely blocked by the black mist and the only thing he could see clearly was about ten thousand meters around him.

"It's like he's really blind." Mo Xiaolang and the others also came out from the Divine Kingdom. Only Ling Xi. Ling Xi's personality was calm, and not interested in these mystical worlds, to her, being able to safely stay by Long Chen's side was already very beautiful. As for the others, they were all standing by Long Chen's side, sighing as they looked around.

Even though he was here, to be honest, he still did not know anything about this Zhou Mountain of Gods and Demons.

However, they had a large amount of time to explore all over, and learn more about this terrifying world that was equivalent to primitive level!

"I wonder if the eight Divine Emperors will return here. Let's quickly change locations, in this kind of environment, I estimate that even if it's the Divine Emperors, it would still be difficult to find others. This place is actually safer than space." Long Chen took the lead, and started to head towards the direction of the Divine Spirit Realm's summit.

Half a month passed.

What Long Chen did not know was that, the divine ship heading towards the south suddenly headed back, flying at full speed towards the direction of the Divine Spirit Realm!

"Damn it!" The person whom they had met at the God Realm of the Zhou Mountains might very well be the Long Chen that Shen Qiong and the others were talking about! He can recognize me as the Divine Emperor, a Creation Divine Artifact that can control Order-level, and he only has the realm of Divine Monarchs! For such a bizarre person like him, I'm afraid he's the only one in the entire Myriad Realms! "

"Yes, it's very likely that it's him! It's my fault, I thought he was still in Dragon Sacrifice Continent, I didn't think he had already escaped so far! And when he first met us, he was obviously nervous for a period of time.

"Now that we have gone to the Godly Demon Zhou Mountain, in this damned place, it probably won't be easy to find him! Even if it's us, coming here will be quite a headache! "

"Even so, this Long Chen dares to kill my Immortal God Tribe members. We must catch him, and let him bring us to the Dragon Sacrifice Continent, wouldn't that be better? Since he just arrived at the Divine Spirit Mountain, he is definitely not familiar with it and will not run far away. The eight of us will split up and search for him, and within half a year's time, we will try our best to catch him! "

"Fine. In a place like Zhou Shan's where the Fiendgods don't rule, we can only split up and search."

Long Chen did not know that the eight Divine Emperor of the Immortal God Clan had actually chased him back.

In this half a month, he had traveled with the rest towards the summit, but he had not met a single person. The entire place was filled with endless mountains, and for the time being, they had not seen anything else.

"The Divine Demons aren't as large as Zhou Shan, and just by looking at the size of the territory, it's already dozens of times larger than the World Tree. However, the Divine Spirits that come here are all above the Divine Lord and there aren't many of them. "So this should be normal."

They traversed mountains and mountains, advancing in secret. They did not dare to be too flamboyant.

The biggest benefit of travelling with a group of people was that they were in a good mood, it was bustling with noise and excitement, especially when Zhu Xi joined their party.

Other than Ling Xi resting in the Divine Kingdom, everyone else was outside. Mo Xiaolang was also always with him, so the two of them had relatively peaceful personalities.

And so it went on for a month. The distance wasn't too far. After all, they hadn't advanced at full speed.

"Now that we're here, it's even more austere. I'm afraid there's a demon god in this place now," Long Chen looked around, the advantage of having a large number of people was that they could more easily discover other demons.

"Someone seems to be coming over there." Mo Xiaolang suddenly said.

If it was the Wood Holy Tree, Long Chen would have noticed it long ago, given how close it was to him. He would have to rely on his eyes to look around, to find it.

"Pay a little more attention." Long Chen pointed out.

Of course, everyone had at least the strength of the Perfection Divine King. When they gathered together, Long Chen wouldn't be their match. So there was nothing to worry about. He looked in the direction of Mo Xiaolang's gaze, only to see three blue figures breaking through the thick black fog. They had discovered Long Chen and the others, and were quickly rushing towards Long Chen!

On Long Chen's side, including Little Cat, there were a total of six people. One could tell with a glance that four of them were Divine Kings. Other than Mo Xiaolang, the three women Su Yan, Zhu Xi, and Yang Lingqing had the strongest appearance, being the realm of the Perfection's Divine Kings.

Long Chen was a little shocked.

This was the first time he had seen other Fiendgods on Mount Zhou, but all three of them were actually Celestial Kings! Obviously, even a Divine King level expert might not be much of a threat here!

Out of the three of them, the one leading the group was a woman. She had long, watery blue hair, alluring red lips, snow-white skin, and a rosy white skin. If not for his long hair, which was coiled up in a dignified manner, Long Chen would have thought it was blue smoke.

In the battle at Lingsu Star Sea, although Shui Lanyan had escaped, he was still severely injured. At the moment, he could only hide in a corner and continue on with his life!

The two people around them were two handsome men dressed in blue and white robes with patterns of waves. In the eyes of Long Chen and the others, that wave had directly evolved into a monstrous wave, sweeping past them like a gem at the bottom of the sea.

Three God-level experts!

Among them, the enchanting woman was the leader. This woman had blue hair and blue eyes. She had a natural seductive disposition, and her red lips seemed to possess some kind of magic. She would always attract people's attention, no matter if it was a man or a woman.

This was obviously the Divine King who had cultivated for countless years. There was no difference from the Emphyreans and Saint Rulers, this should be due to the strength of his Taizhen Deity Realm!

The other two were none other than the Perfection Divine Kings.

Long Chen reckoned that although on the surface, his side could not compare to the other side, the reality was that the three of them were not a threat to him.

He still did not know the rules of this God of Death, Zhou Shan, so he did not make the first move. When the three Divine Kings arrived in front of them, they did not panic either. The expressions of the two handsome men were cold, even though they did not speak, a faint killing intent could be seen in their eyes, looking at Long Chen and the others as if they were their prey.

Her gaze finally landed on Long Chen. Although Long Chen was the weakest of the group in terms of realm, it seemed that the others had subtly taken him as their leader.

"Everyone, don't you all want to introduce yourselves?" Blue-haired woman's voice was as gentle as water, making people numb after hearing it.

Long Chen sized them up and thought: Why not negotiate with them? We can use their mouths to get to know this Zhou Shan God Demon.

With this idea in mind, he said, "Since you've come to visit us, you should be the first to introduce us."

Hearing this, the woman giggled and said, "Little brother, you're really interesting. What's the difference between the first and second place?"

Long Chen did not answer, and waited for her to speak first.

Seeing that Long Chen and the others were not afraid of her, the woman was a little curious. She pursed his lips and laughed, saying: "Alright, then I'll go first. The three of us from the 'Endless Sea', are from the 'Endless God Tribe'. Have you heard of the Endless God Tribe? "

Immortal God Clan, Boundless God Clan

It shouldn't matter, for example Di Jun and the others, they are known as the dragon sacrifice's God Tribes. Just from different places.

Long Chen shook his head.

The woman did not mind, and said: "Ten thousand realms is so huge, it's fine if you don't know about it, we are just a world of 'Order-level', right? My name is 'Tian Jingxue ', and these two are my male servants, namely Tian Yusha and Tian Qing Sha. "

The world of Order-level.

It was similar to the World Tree.

Honestly speaking, even though the ten thousand worlds were large, a world that could give birth to Extreme Realm God King was still a little small! The Order-level World is already considered a rather tyrannical world! Tian Jingxue had said that she came from a world of Order-level, but in reality, that was a form of deterrence towards Long Chen.

"It's your turn." Tian Jingxue looked forward to it, she did not know what plan she had in mind, or rather, it could be said that this Immortal Deity Zhou Shan had some sort of special rule.

"I am Yang Chen, from Azure Sky Continent. These are my younger brothers and sisters." Long Chen said simply.

"Azure Sky Continent?" Of course Tian Jingxue had never heard of it.

At this time, one of the 'male servants' behind her whispered into Tian Jingxue's ears, "Master, how should we handle this?"

Tian Jingxue looked at him rebukingly, and said. "It wasn't easy to meet other gods and devils, so of course we should be friends."

"But the leader is only a Divine Lord. Let the rest of the team speak to us. Those three women are on the other hand, Divine Kings of Perfection. " Tian Yusha raised her head, her eyes filled with disdain.

#### Chapter 2816 - Royal Battlefield of Divine Devil

It was clearly a team of four Celestial Kings, but the one who spoke was a Celestial Lord. This was indeed a bit strange. Under normal circumstances, if not for the Divine King beside Long Chen, these three people would probably not even bother to take a glance at him.

This was because in the Mountain of Zhou, the Divine Lord was the lowest level of existence.

If he wasn't even close to becoming a Divine Lord, then it would be extremely difficult for him to travel even a single inch since he had arrived at the mountain where the Divine Demons were located, let alone take any risks.

The status of the Gods, naturally, was the first criterion to separate levels of strength. People like Di Yao were not many in all worlds. And he had to know Di Jun.

These two 'male servants' seemed to ignore Long Chen a little; it was very normal.

Long Chen was actually curious, why did the two great Perfection Divine Kings actually call Tian Jingxue their master? Although her male servants didn't know the specifics of their relationship, in the end, Tian Jingxue was still able to dictate their will. Perhaps this was some sort of rule of the endless god race.

After hearing Tian Yusha's words, Zhu Xi laughed, and said: "Who do you think you are, a dignified man hiding behind a woman, and not a male servant. You're so embarrassed to death. He's the only boss on our side, what about it? Do you want to fight?! "

Zhu Xi had personally witnessed Long Chen killing *Archaeopterygium australis* and felt extreme admiration for him. Although the other party also had a Divine King polar state, she did not put him in her eyes.

"You!" Tian Yusha's royal blue eyes were filled with killing intent, she was just about to attack, but Tian Jingxue cut her off, the anger in her eyes caused Tian Yusha to retreat, lowering her head, not daring to say a word. Only then did Tian Jingxue become satisfied, and said to Long Chen: "Sorry, I didn't properly

teach these two fellows to you guys, you guys are too kind. "We're friends after all. It isn't easy for Zhou Shan to meet a God or Demon. Can you all come together and chat?"

"I couldn't ask for more." Long Chen's reply was much faster than Tian Jingxue expected.

Tian Jingxue smiled charmingly, and made a gesture of invitation towards Long Chen, saying: "Then let's chat while we walk, we're just about to go to 'Battlefield of Divine Devil', are you guys on the way?"

"Of course it's along the way." Long Chen said frankly. His attitude made the two male servants unable to tolerate it. They viewed Tian Jingxue quite highly, and had a strong enmity towards him, even towards Mo Xiaolang and Cat. Could it be that it had something to do with them being male?

Long Chen naturally understood, that this Tian Jingxue must have some sort of scheme, this was extremely obvious. She was afraid that they would come over to kill, but seeing that Long Chen seemed to have a lot of strong experts, she changed his mind. Long Chen was not afraid of her scheming, only that she did not want to chat with him, as long as they continued their conversation, he would be able to familiarize himself with the Great Demonic God Zhou Mountain.

As for the 'Battlefield of Divine Devil', since others said that the 'Divine Demon Zhou Mountain' was the Battlefield of Divine Devil, then the place that could be named the 'Battlefield of Divine Devil', was perhaps the most important, most central place of the 'Divine Demon Zhou Mountain'!

"Please."

Tian Jingxue let the two male attendants follow behind him and stood shoulder to shoulder with Long Chen. Long Chen was cold and evil, with a changing temperament, but Tian Jingxue was captivating and passionate, so the two of them matched each other well, causing the killing intent in the two male attendants' eyes to grow stronger, almost unable to hide it. This was a type of contempt, this was also a type of jealousy, and an even stronger possession.

This was the complete opposite of the Immortal God Clan. The Immortal God Clan did not have a gender, nor did they have this desire.

But this endless God Tribe was showing such a strong reaction.

They followed behind Tian Jingxue with their terrifying eyes. Mo Xiaolang and the others were behind Long Chen, they were also on guard against the two male servants, but as for Zhu Xi, it was extremely obvious.

"Two bullshit, it's like our boss has taken a fancy to your master, how can you not be so sentimental!" Zhu Xi also imitated the kitten and started to call him boss.

"You're right! Seeing their sour expressions, it seems like our boss is pressing his master down on the ground and groaning. Aiyo, not bad. The little kitten chimed in with Zhu Xi in excitement, the two of them were extremely happy, causing Tian Yusha and Tian Qing Sha's faces to turn ashen.

"Cat, don't say too much." Mo Xiaolang naturally knew that Long Chen was trying to gain a bit more confidence. If the two continued to tease like this, they would probably start fighting very soon.

Long Chen and Tian Jingxue had a very happy conversation.

"Actually, a very, very long time ago, the Divine Demon Zhou Mountain had a total of three 'Battlefield of Divine Devil'. They were respectively at the Sovereign level, King level, and Emperor level. The Sovereign Realm was located at the foot of the mountain, the King Realm was at the tip of the mountain while the The Diremonster Battlefield of the imperial level was at the top of the mountain! Because of these three Battlefield of Divine Devil s, the Divine Demon Zhou Mountain was roughly divided into three regions. In the lowest part, most of the Divine Monarchs were active, and in the middle, there was an area where the Divine Kings were gathered. If one's level isn't high enough then they certainly aren't qualified to enter a higher level, otherwise they will be directly killed. "

Tian Jingxue had a gentle smile on her face at all times. Her blue hair, blue eyes, and red lips were captivating and alluring. It was a pleasant experience to watch her speak softly.

Long Chen said: "To be honest, I have indeed just arrived at this Zhou Mountain of the Gods and Demons. I have only heard a little about it in the past. I was fortunate enough to get to know Big Sister Tian Jingxue today, and I even hoped that you could explain in detail about this Zhou Mountain of the Gods and Demons.

Tian Jingxue was a little surprised, she used her white finger to lightly caress her lips and said: "You've actually just arrived? That could be considered fate for me. I have been here for quite some time, and it is my fortune to be the first person my little brother met when you first arrived at the Zhou Mountains. As you know, the Zhou Mountains are not part of the Fiendgods and as such, are extremely dangerous for you. Since you have just arrived, you do not understand many rules and regulations, so you might be harmed by others.

Long Chen pretended to be overjoyed and said, "That's naturally for the best. Of course, we could only hope that our sister would take care of us. Right now, I am completely clueless about battles against the Gods and Demons, Zhou Shan. Bringing a group of brothers and sisters, I feel extremely terrified in my heart as well. However, with Big Sister Tian Jingxue by my side right now, I feel much more at ease. "

He almost wanted to puke at this, but, since she wanted to play, Long Chen would continue to play with her. In any case, he had a lot of time. Furthermore, although Tian Jingxue suspected that he wasn't just a Divine Monarch, he didn't think that he could completely crush her.

Hearing Long Chen's words, Tian Jingxue smiled sweetly, in a charming manner, she charmingly said: "Being able to know little brother, is also my fortune. Let me first explain to you just how weak this' Fiendgod 'was! In a while, you have to introduce me to all these cute little brothers and sisters. "

This woman speak too softly and too pretentiously

Long Chen continued to chat with her, and once again changed the topic to Battlefield of Divine Devil.

Tian Jingxue said, "The gods and devils are not part of Zhou Mountain, and they themselves are only active here because they are at least Divine Monarchs. In fact, it would be extremely difficult for Divine Monarchs to come to this place, and the probability of them dying would be quite high. For most Divine Monarchs, the absence of a mountain of Divine Demons was a nightmare in the long run, so the number of Divine Monarchs that came here was decreasing by the minute. This place is actually where the Divine Monarchs often move, but there aren't many right now. Therefore, the range of the Monarchs has been directly subsumed into the king level. Right now, there are a total of two Battlefield of Divine Devils on the mountain, one of them being the king level and the other being the emperor level. This time, the one we are going to be going to, is a king level Battlefield of Divine Devil. "

"Which is to say, the Demon King and Demon King of the God King are fighting in this king level Battlefield of Divine Devil, while the Demon Emperor of the Divine Emperor is fighting in the 'The Diremonster Battlefield of the imperial level'. Only those at the 'God King level' are allowed to enter the 'God King area', and those at the 'Divine Emperor level' are not allowed to enter the 'Divine Emperor area'. Otherwise you'll be killed, right? "

Tian Jingxue smiled charmingly, "That's only natural, they are all places that the Divine King roams around. If the Divine Lord were to sneak in, it would be very easy for him to be robbed and killed. It's the same logic everywhere in Divine Emperor, but Divine Emperor can also go down the mountain, and we can also come to the area where the Divine Monarch lives, like right now. "

Long Chen finally understood why he had only met other gods and devils in this one month. This was because this was the Divine Lord region, but there weren't many Divine Monarchs that would dare to come here. Thus, this place was deserted and desolate. The true battlefield was the Divine King region.

"Actually!" Why did we abandon our peaceful environment and come to this Battlefield of Divine Devil? I believe you are here for the same purpose as us! Everyone had their own limits. For instance, there were many Divine Lords whose limit was the Divine Lord Realm. Their cultivation could only help stabilize the Divine Lord Realm! Many Divine Kings, upon reaching the pinnacle, would forever be Divine Kings, without being able to become a Divine Emperor! However, those of us who have come to the Zhou Mountains and are Fiendgods are all not satisfied. They all want to fight, train, break through, and find a new peak, and they are all warriors who have surpassed the limits of their own destiny. They are all warriors of fate. For example, I, I have come to the God Realm of Bian Shan with the sole purpose of breaking through the shackles of the God King, with the hope of reaching the Taiyuan Deity Realm one day. The Battlefield of Divine Devil exists for the sake of people like us. If we win, we become emperors, but if we lose, there will be no remains left of us, and our lives will be lost. "

Everyone has their limits.

Sky Sovereign and Sacred Emperor had both reached their limits.

Sovereign Qingdian, Zhu Xi, Long Chen and the others still had a huge space.

Most of the gods and devils of the myriad worlds were at their limits, unable to take another step forward. For instance, Empyrean Gods and the others. For example, even Tian Jingxue was one. They had already sensed the limit, and had been stuck at it for ten million years.

The true warriors, the ones who went against the heavens and changed their destinies, had come to the God of Death, Zhou Shan, to challenge, fight, and find a way to break through the shackles of fate!

"Over the countless years, there have been many gods and devils that have broken through their limits here. That's why it is said that these gods and devils are not Zhou Shan, but instead the holy land of our gods and devils! Only brave warriors would dare to come to this place! "

Chapter 2817 - Celestial King List

The Battlefield of Divine Devil was where a group of Divine Spirit fought.

At all times, for the sake of breaking through the shackles of fate, there would be creatures that had surpassed their limits fighting to the death here! He didn't even care about life and death! Thus, Fiendgods like Zhou Mountain had gathered a large number of lunatics from the Allworld.

In order to increase their determination to fight, they would usually bet against each other. They would even bet on their most precious Creation God Equipment and bet on the world they controlled. There are many other ways.

Every battle would be recorded.

The Divine Demon Zhou Mountain was located in the northern part of the Myriad Realms, so a large number of experts from the northern stars were gathered here. Among them, the king level Battlefield of Divine Devil was the most lively place in the entire Divine Demon Zhou Mountain.

"Outside the Battlefield of Divine Devil, battles are not allowed. No one will target you. In fact, the Battlefield of Divine Devil is very safe, but it is different once you get there, it is a place where the strength is complex and after experiencing many years of development, it is not as simple as just fighting, it involves a lot of benefits and you will understand when you go there. "

In the first half of what Tian Jingxue said, Long Chen did not believe it. When he came here, and felt the berserk and desolate aura, he knew clearly in his heart that, other than the Battlefield of Divine Devil, there were also definitely battles that occurred in other places! The reason Tian Jingxue told her this, it was probably because she had been careless and wanted to take action!

As for the second paragraph, Long Chen believed it. The Gods and Demons weren't as large as Zhou Shan. With so many experts occupying this area, and so many forces clashing against each other, there would definitely be various conflicts in order to obtain victory and obtain treasures. If no one was in control of the rules, then it would be difficult to get things in order.

At this moment, Tian Jingxue's expression was slightly respectful, and she said, "In the God Realm's Zhou Mountain Range, there is an alliance that is without a doubt the strongest and most terrifying. That was the 'Star Alliance'. Currently, the two Battlefield of Divine Devil s were under the control of the Star Alliance. Run according to their rules. Many times, many of the gods and devils here have to listen to Star Alliance's wishes. "

"What is Star Alliance?" Long Chen was already an image who didn't understand anything anyways, he might as well ask a little bit more. As for whether it was real or not, he would naturally judge.

"You don't even know about Star Alliance?" Tian Jingxue laughed helplessly, and said: "Child, you really are reckless. It's great that you know nothing and dare to bring a group of people to this place when you're young. Honestly speaking, I envy you, but I also have that period of time when we were travelling together and living and dying together, let alone living and dying together." Realizing that Long Chen was staring at his, she smiled charmingly, and said: "Actually, there are a total of eight regions in the northern sky, of which five are headed by the word sky, namely celestial domain, Sky Rush Domain and Heavenly Sacrifice Realm. These five regions formed the 'Star Alliance' on the mountain. They controlled this area together, making it the strongest power in the mountain. The other three regions, as well as some forces from the east, south and west, are also mixed in here. Overall, they are considered the strongest among the Star Alliance s as well! "

Based on this, the entire Allworld had roughly a few dozen 'Domains'. For example, Di Jun, they had once established a power in the southern Taihao Region!

In the north, there were a total of eight regions, including celestial domain s, Sky Rush Domain s, Heavenly Sacrifice Realm s, and so on.

From what Zhu Xi said, the World Tree seemed to be in the 'celestial domain'.

As for the current Fiendgods, they were not at the Zhou Mountains, but at the borders of their respective regions.

The Domain was almost the largest area of influence among all the realms. If not for Tian Jingxue, Long Chen would not have known about this.

"Rumor has it that the Domain Lords of every region are basically all Divine Sovereigns who transcend the Taiyuan Deity Realm, become supreme Divine Spirits, verify the way of the Tai Yi Shen Jing, and return to the primal chaos! They were the true Paragons of the Allworld! Of course, this is only a rumor. It is impossible for us, the Divine King, to be sure whether or not it exists, or if it is only known to those Divine Phoenix who are currently fighting in the The Diremonster Battlefield of the imperial level! "

The myriad worlds were vast, and there were countless experts. It was clear to see!

In the hearts of Tian Jingxue and the others, the Supreme Divine Spirit of the Tai Yi Shen Jing was the ultimate ruler of all worlds. It was endless, but Long Chen knew that there were still the Heaven-Devouring Clan and the Divine Devil Giant Beast behind them. He was the true ruler, the ruler of all worlds.

Only, Long Chen was too far away from that realm, so much so that even he did not dare imagine it. Even the Divine Emperor and Hierarch still far surpassed him!

The current him needed to stand on solid ground to grow strong. Completing the dragon servants' wish for the entire The Dragon God Clan.

As for the matter with the Heaven-Devouring Tribe, he chose to forget it because the more he thought about it, the more dangerous it would become!

"I would like to ask, right now, I'm only at the Divine Lord Realm. If I go to the king level Battlefield of Divine Devil, won't I be killed?" Long Chen calmed down and asked Tian Jingxue.

Tian Jingxue's eyes flashed, and she said thoughtfully: "There is an exception, and that is, your true realm, is not only for Divine Monarchs?"

It seemed that she did have her own guesses. Indeed, in her opinion, for Long Chen to be able to lead this group of Divine Demons, he must definitely have some extraordinary qualities.

"Big sister must be joking." I am just a Divine Monarch after all. It seems like I cannot go to this king level Battlefield of Divine Devil. " Long Chen shook his head helplessly.

Tian Jingxue giggled and said: "You're so cute, I was just joking with you before. Honestly speaking, as long as you follow me, you'll be my man. As long as there's someone protecting you, you can even go up using Taiji Realm. It's just that you are unable to participate in the battles in Battlefield of Divine Devil. "

"I see. Thank you, big sister." Actually, he was very clear in his heart that Tian Jingxue would definitely lure him to the king level Battlefield of Divine Devil.

Looking ahead, Tian Jingxue revealed an expression of yearning, and said: "Battlefield of Divine Devil, that is the Sacred Ground in our hearts! We, a group of Fiendgods, fight all day just to break through the shackles of fate. There are many Fiendgods of the same level, but the difference in strength is enormous. For example, those experts on the 'King of Gods List'! All of them were people who had reached the pinnacle of the Divine King Realm! It's really enviable! "

"The Divine King Rankings?" Long Chen was not familiar with this place.

Seeing that he was interested, Tian Jingxue laughed: "That's right, the Divine King Ranking, according to the arrangement of the battles and victories, and the comparison of strength, as long as you enter the

Battlefield of Divine Devil, everyone will have their own ranking in the Divine King Ranking. This Ranking changes every day, but the people who rank in the top few ranks among the Divine Kings of the world are all terrifying people! When you reach the king level Battlefield of Divine Devil, you will see the Divine King List! The Celestial King Board is a heavy weight, a symbol of status and strength. To be honest, the reason we are fighting right now is also for the ranking list of the Celestial King Board! The higher the ranking, the more shocking the Myriad Realms would be! "

Long Chen nodded. The fame of the Divine Demon Zhou Shan was great, if an expert were to fight here, perhaps the strongest Divine King in the entire Myriad Realms would appear!

"Then, there will definitely be a Divine Emperor's leaderboard?" Long Chen asked curiously.

"That's right!" The Divine Emperor Board was even more powerful! Even the southern, eastern and western Divine Emperor s would come to the west to carry out the great battle to challenge the experts ranked at the top of the Divine Emperor. Compared to the Divine King Ranking, the Divine Emperor Ranking was even more powerful. It's just that the Divine Emperor's ranking is too far away from us. Our lifelong wish is only for the Divine Emperor! "

With regards to the rankings on the Divine Emperor, he could only dream about it.

"We're here!" Suddenly, Tian Jingxue revealed a strange smile.

Long Chen looked around him. This was also a black barren mountain, and there was nothing here.

"This is the king level Battlefield of Divine Devil?" He didn't quite believe it.

"Who said I wanted to bring you to Battlefield of Divine Devil? "Stupid little guy." Tian Jingxue could not hold back and laughed out loud. She always looked as gentle as water, but now that she was laughing, her expression did not look good.

Sure enough, she was uneasy and kind.

Fortunately, Long Chen had been prepared for this.

Then, why did he bring me here?

Was there an ambush here, or was there some other strange place?

No matter what, he should still meet up with Mo Xiaolang and the others first! Long Chen did not attack Long Chen. Everyone was not far from each other, and in the blink of an eye, Long Chen had already stood beside Mo Xiaolang and the others. Needless to say more, they were sucked into the Divine Kingdom in the blink of an eye.

"You're going to stay and deal with me?" Seeing that, Tian Jingxue was stunned.

"Yes, that's me." Long Chen could already feel that something was not right. Something was not right, it came from the ground.

He suddenly soared into the sky.

She sized Long Chen up and asked: "Speaking of which, you already knew that I would harm you, but you still chose to follow me here. Perhaps, you are fully confident that you can escape from my attacks?"

The commotion below was getting bigger and bigger, and Tian Jingxue had faintly begun to display the rules, starting to seal the surroundings. She had finally lured Long Chen here with great difficulty, so of course she didn't want him to escape!

"That's right." Long Chen's attention was placed below, and sure enough, the God and Demon Zhou Mountain was a dangerous place! If it wasn't for someone with a vicious personality, he wouldn't even have come here.

Tian Jingxue could not help but laugh coquettishly as she looked at Long Chen, saying with contempt, "Child, you are the most naive person I have ever seen. You are confident, and it surprises me! Only, you don't know that this place is the Zhou Mountains of the Gods and Demons! Do you really know the significance of having the gods and devils not knowing Zhou Shan? "

A faint crack appeared on the ground below him. A crisis had arrived, but Long Chen found it strange. Why was there danger, but he did not sense any signs of life at all.

Looking at Long Chen, Tian Jingxue gnashed her teeth, and said in a ruthless voice, "The Gods and Demons are not Zhou Shan, so where is the battlefield! The Battlefield of Divine Devil is just an official

battlefield! The true place to kill and to fight was outside of the Battlefield of Divine Devil! Leaving Battlefield of Divine Devil is the true way to hunt! And inside the Battlefield of Divine Devil, that is a peaceful place! "

Chapter 2818 - The Mouth of the Gods and Demons

This was the true rule of the Fiendgod Zhou Mountains.

The moment they left Battlefield of Divine Devil, they would fight and hunt. Outside was a life and death battlefield, and inside was the God King Board's battlefield.

Generally speaking, when two Fiendgods encountered each other in Mount Zhou, they would either flee or fight to the death.

When Tian Jingxue first met him, she was probably prepared to take action. It was just that she had thought of an easier way to deal with him.

In a God King level hunt, defeating the opponent and obtaining everything from the opponent, battle, and rewards were all ways for one to become strong.

"You don't know your own limits, and yet you came here rashly without knowing the secrets of the gods and devils, so you deserve such a fate. Don't blame me, Tian Jingxue, for being ruthless and harming you." She giggled with a look of having succeeded in her scheme.

Long Chen knew that she relied on himself the most.

Suddenly!

A large part of the mountain range below suddenly split open as an incomparably large 'dark mouth' appeared. The moment that mouth opened, it gave Long Chen a creepy feeling, and made his scalp go slightly numb.

This was like the mouth of a demon god, Zhou Shan!

It split open from the ground, revealing a pitch-black void, yet it gave off a terrifying feeling, so much so that Long Chen felt like he was suffocating! When this enormous mouth split open in the mountain range below, a terrifying devouring force suddenly emerged from the mouth!

This devouring power was even more terrifying than Su Yan's black hole. It was a kind of devouring! Although she did not know what this was, Long Chen had this kind of intuition, that once it was devoured and lost, the only outcome would probably be death! Furthermore, it was a land of death!

"This should be a dangerous place unique to the God Realm's Zhou Mountain. Since Tian Jingxue knew that this place was dangerous, she intentionally brought me here!"

Long Chen understood.

But the reason he was not afraid was because Tian Jingxue himself was also within the devouring range of this "Darkness Mouth"!

From afar, within the circle range of tens of thousands of meters in diameter, a huge mouth suddenly opened up on the surface of the Divine Demon Bian Shan. From afar, within the circle range of tens of thousands of meters in diameter, a huge mouth suddenly opened up on the surface of the Divine Demon Bow Mountain, and everything within the circle was swallowed up by the mouth at a terrifying speed.

Long Chen and Tian Jingxue were both currently in this black pillar of air!

RUU...!

Long Chen's gaze penetrated through the thick mist and saw that Tian Jingxue was also struggling while being sucked in. However, even though she was also being sucked in, she was not afraid in the slightest, and still looked at Long Chen with contempt and pride, and said: "I can block the devouring of the 'Demon God's mouth', can you? Yang Chen, if you want to blame something, blame it on being too young and reckless. With just your little bit of strength, you actually dare to come to the Godly Mt. Zhou, just to seek death! "

At this point, even her own voice trembled.

The reason why she brought Long Chen here, was probably to reduce Long Chen's strength, so that she could defeat him easily. So at this moment, she said: "Let the three Perfection Divine Kings of your God Nation try it, if you come, there's only one possibility, and that is death!"

If Long Chen and everyone else were to be swallowed by this god and devil mouth, then she would not be able to get anything and would be at a disadvantage.

Long Chen finally understood.

It looks like Tian Jingxue was guessing that he had the fighting strength of the Divine King, but at most she was just a Primal Realm King. They had never imagined it would be the polar state!

At this time, Tian Jingxue was laughing arrogantly, enduring the suction force that overflowed into the heavens as she walked outside.

"I want to see how many of you can survive."

"Is that so?" Since he knew everything he wanted to know, and also knew the other party's intentions, then it just so happened to be the time of the war. He immediately made a move, and Ling Xi walked out of his Divine Kingdom to stand by his side, and grabbed Long Chen's arm.

"This is!" Tian Jingxue was shocked, she did not expect Long Chen to have another Divine King Perfection on her side! If she hadn't used the plan of the Fiendgod mouth to start the battle, it might have been truly difficult to capture her! Thinking of this, she couldn't help but feel proud of her decision.

The devouring power from the god and devil's mouth increased explosively once again. If it was Primal Realm King, he would probably not be able to withstand it at this time and would probably be swallowed!

Just when Tian Jingxue was still extremely proud of herself, Ling Xi used the Star Shift and instantly disappeared from Tian Jingxue's sight. She appeared thousands of meters behind her, right outside the devouring range of the Evil God's mouth!

"You're too slow." Long Chen's voice came from behind Tian Jingxue.

In that instant, Tian Jingxue's smile froze, and then it trembled for a moment. She turned her head in shock, and actually saw that Long Chen had already escaped the shackles of the god and rushed outside!

"How is this possible!"

Tian Jingxue's face immediately changed.

It should be known that the mouth of the Fiendgod was one of the places where even Fiendgods and Fiendgods feared. The entire mountain was devoid of Fiendgods and had a large number of mouth of a Fiendgod, which was simply incalculable. Furthermore, every once in a while, the Fiendgod's position would change once in a while.

Half a month ago, Tian Jingxue found out that there was a mouth of a god and devil here, and as expected, it was still here when she came today to try.

To be honest, if the Primal Realm King didn't have the help of the other Divine Kings when they met the mouth of the gods and devils, he would undoubtedly die.

Even if the Perfection Divine King was able to escape, she would definitely exhaust her strength and be half dead.

Only the Divine King's polar state could be better. Tian Jingxue had met many mouths of gods and devils, and had a lot of experience, that was why she dared to personally bring Long Chen here, to face the danger with her own body. In order to reduce the power of Long Chen's side.

Therefore, no matter what happened, they would always maintain their peak state. If there was something they could use, if they could avoid it, they would absolutely not fight to the death!

It was just that Tian Jingxue did not think that this noob Long Chen would be able to escape from the mouth of the Gods and Demons, even though he had been scammed!

And, to be able to escape in an instant was even faster than him!

"The woman beside him actually has such a magical rule! Get him to change his position! "Escape here!" Tian Jingxue gritted his teeth in anger. He had wanted to trick Long Chen, but he never thought that he would not succeed, and instead end up in such a sorry state!

"If you have the guts, don't run away!"

It wasn't easy to capture Long Chen, so Tian Jingxue miscalculated at this moment. Of course, she was worried about Long Chen escaping the most, as she had to have some time to escape from the jaws of the gods and devils.

"Who said I was going to run away?" Long Chen let out a cold laugh. He had to thank Tian Jingxue, she was the one who personally explained to him the rules of the Divine Spirit Realm, allowing him to clearly understand how frightening this place was. This strange mouth of the god and devil was coincidentally giving Long Chen this lesson!

"Boss, we must beat this bad girl to a pulp. We must burn her to ashes! How dare you plot against us? You must have some guts!"

Zhu Xi and the others came out.

To be honest, if Long Chen had not acted quickly and protected them, the sudden appearance of the Demon God's mouth might have brought them a lot of trouble.

Mo Xiaolang, Su Yan, and Yang Lingqing also appeared. Now, he only needed to wait for Tian Jingxue to appear and understand this 'fate'. It was impossible for Long Chen to be deceived and not retaliate.

"I'll help you." Ling Xi smiled gently. That extremely pure look of hers was indeed countless times more beautiful than Tian Jingxue's act.

"How laughable! Are you prepared to fight with us?" When Tian Jingxue heard his answer, she couldn't help but laugh. She was afraid that Long Chen would escape, but seeing that his group of people had appeared, she felt relieved.

"Whatever, since the mouth of the god and devil cannot be used, then let's start the fight!" She was one of the strongest gods in the entire Endless Divine Clan, with countless achievements, making her ranked at the top of the list. The countless years of legacies that the clan had passed down to her had mostly fallen into her hands.

In the 'Eternal Endless Sea', Tian Jingxue was honored as the 'One Heavenly Goddess', and she was the most revered ruler of the Endless Sea!

Of course, Long Chen did not care about all these!

RUU...!

Tian Jingxue was like a goddess in the sea, a majestic whirlpool of ocean appeared around him, and the more it swirled, the larger it became. In a short period of time, it expanded by ten kilometers, gradually resisting the devouring power of the gods and demons, ripping apart the black pillar of air!

BOOM!

's beautiful figure descended from the sky, her clothes fluttering in the air, the waves scattering in all directions. Under the contrast of the blue light, she looked noble and elegant, cool and noble, her divine might was boundless, one could imagine how she looked like when she stood at the peak of the world in the 'Eternal Endless Sea'!

Sou sou!

Two tall and handsome male servants appeared behind her. The waves surged towards the heavens, surging high into the sky. The aura of the Divine King suppressed down, sweeping through the world!

When Tian Jingxue came out of the Evil God's mouth, the mouth instantly closed.

The surroundings finally quieted down.

Dust to dust, dust to dust.

The two sides faced off, and a raging fire burst forth!

"A group of ignorant disciples, they are quite bold, actually going against our endless divine clan! Master, let me, Tian Yusha, face off against two Perfection Divine Kings, you take your time to clean up!"

"I, Tian Qing Sha, am also willing to battle two Perfection Divine Kings!"

The two male servants stood on opposite sides, expressing their goodwill to Tian Jingxue.

On Long Chen's side, there were only a total of four Perfection Divine Kings, so they had to split two of them.

In the past seven years, the first battle had occurred!

"Get it done quickly. Divide into three groups, do a competition, and see who can take care of the opponent! Xiao Xi clan, Xiao Lang and Yan Er clan, Zhu Xi and Ling Qing clan. How about it, do you dare?"  
" In front of a huge battle, Long Chen and the rest were actually much more relaxed.

"Who wouldn't dare! Whoever finishes the last one will be punished, okay? Do you dare to kiss him? Sister Ling Qing, if I lose, I'll kiss your lips!" Zhu Xi heard about the competition and immediately became excited.

"I ..." Yang Lingqing was startled for a moment. She pursed her lips and said, "I am not afraid. We will not lose."

"What!" The kitten was shocked and angrily said, "No! I want to be in the same group as the little beauty. Let me lose!"

Seeing them playing around, Tian Jingxue and the two male attendants were looked down upon to the point that they were about to die from anger.

## Chapter 2819 - Endless Divine Art

The two male servants were almost as they wished. According to Long Chen's arrangements, their opponents were Mo Xiaolang and Su Yan, Zhu Xi and Yang Lingqing.

This was the opponent that the two male servants feared. In a 1v2 fight, they would definitely feel a huge amount of pressure.

However, they had no choice but to endure this battle with their lives on the line in front of the beauties. Furthermore, Long Chen and the others were obviously noobs. Even though they were all Perfection Divine Kings, they were not afraid!

On the other hand, Long Chen had actually teamed up with Ling Xi to deal with Tian Jingxue, which made them suspicious. According to normal reasoning, if they wanted to live, they should have placed all their focus on Long Chen!

"You are quite bold, is this your woman? "There's quite a lot of people here, you can follow me from now on." Although Tian Jingxue was looked down upon, she was not the least bit angry.

"Attack!"

Long Chen shouted lightly.

Mo Xiaolang and Su Yan held hands, and quickly went to the left side. Yang Lingqing and Zhu Xi followed along, and with her eyes wide open, Zhu Xi said to Tian Yusha: "Pretty boy, get over here, let your aunt beat you up!"

"Master, rest!" Wait until I finish off my opponent, then I'll help you share your worries! " Tian Yusha was so angry that his face turned pale, and in the blink of an eye, he rushed towards Zhu Xi! On the other side, the Heavenly Crystal Sand was also facing off against Mo Xiaolang and Su Yan!

For Mo Xiaolang and Su Yan, the opponent was actually too easy. Just Mo Xiaolang himself, after devouring the *Archaeopterygium australis*, had greatly increased in strength once again. Although he had not reached the level of the Perfection Divine King, in terms of combat strength, he definitely surpassed Su Yan by a lot!

had never seen Zhu Xi and Yang Lingqing before. This was the first time the two of them had fought together, and their teamwork with dragons and phoenixes seemed to be quite interesting as well. In order to obtain victory, the two of them had actually obtained first place in three groups.

These two giant beasts caused Tian Yusha to be dumbstruck. He only knew that Zhu Xi was of the Spirit Demon race and Yang Lingqing was human, but she did not know that Yang Lingqing could actually transform into such a huge beast!

To his left was an incomparably dazzling five-colored phoenix. It was magnificent and majestic, and its temperament was extraordinary. Even the Five Saint Kings couldn't compare to it. It was proud and aloof, causing others to feel ashamed of their inferiority.

Just like the Rainbow Phoenix, they were both incomparably beautiful. Compared to the phoenix, the divine dragon was even more tyrannical, a bit less noble, and an extra bit of dignity. To Tian Yusha, it was still considered just as terrifying!

"Five Prison Phoenix Wheel!"

Zhu Xi had a fiery temper, in order to obtain victory, when looking at other people's kiss, it was natural that he would use his killing move the moment he attacked. His incomparably gorgeous five colored wings unfurled, and with a sudden swing, the power of laws erupted. She was proficient in the laws of the five phoenix species.

"This is!"

For Tian Yusha's performance in front of her master, she naturally wanted to kill the two of them! But under the suppression of the Five Prison Phoenix Wheel, he had yet to find a way to break through, and that gigantic spirit dragon was already right behind him. This was a true Unparalleled Dragon, just that it was still young, otherwise, this Tian Yusha would not even be considered as fart in front of it!

Every color on the spirit dragon's body was a type of power.

Under Long Chen's guidance, Yang Lingqing used a few years to comprehend the rules of the Fourteenth Sacrifice. When the Fourteenth Sacrifice was combined into a whole and was displayed using the body of a spirit dragon, the power that was formed was extremely close to that of a Taiji Creature Dragon. After all, Long Chen did not have the Origin Dragon Dragon Soul!

The Five Prison Phoenix Wheel and Fourteenth Sacrifice!

Almost at the same time, two incomparably gorgeous attacks stopped Tian Yusha, and Tian Yusha shouted angrily: "Puny! Look at the rules of our endless God Tribe! "

In the end, the Five Prison Phoenix Wheel and Fourteenth Sacrifice clashed and immediately caused it to lose its ability to resist. The berserk wave had not even formed when it was suppressed back, causing Tian Yusha to be shocked.

Previously, he had put down his haughty words of wanting to fight two Perfection Divine Kings alone. Long Chen had satisfied him greatly.

The endless God Tribes might sound terrifying, but compared to these five colored phoenixes and spirit dragons, they were completely incomparable in terms of bloodline. At the same level, if he fought even a single one of them, he would inevitably lose!

Zhu Xi and Yang Lingqing did not have much combat experience, they were only bombarding him, but even so, Tian Yusha was going to be crippled. Now, it was too late for him to even cry. Waves of pained cries came from the battlefield.

Right now, the Heavenly Crystal Sand was already a pile of charcoal. He was the first one to take care of the opponent, and now, it all depended on Long Chen whether he wanted to kill them or not.

"How is it?" Long Chen held Ling Xi's hand, carefully caressed it, and then turned his head to look at Tian Jingxue.

This result, was naturally something that Tian Jingxue had never expected.

She lost her smile, looked at Long Chen seriously, and said: "You made me angry."

"I trust you, but you brought me to this Fiendgod's mouth. That's why I was angry." Long Chen laughed faintly.

Tian Jingxue shook her head and said, "It seems you are very confident. But even if you are all Divine King Perfection, what can you do to me? The Realm of the God King, this was the world of Extreme Realm God King. If one did not reach the level of Extreme Realm God King, one would have to hide from it on a daily basis. Such arrogance is truly rare. "

As he said till here, he looked at Mo Xiaolang, then looked at Zhu Xi and the others who were still bombing Tian Yusha, and couldn't help but laugh: "We're going to attack.

This is a bad taste

This was a joke, but it completely looked down on Tian Jingxue. After all, Tian Yusha was about to be completely defeated! Tian Jingxue admitted that in all these years, no one had been able to humiliate her to this extent! Previously, she had thought of Long Chen as her prey, but now she had levelled up!

"You're courting death!"

After that was the eruption of power!

"Boundless Water!"

Tian Jingxue's hands rolled over, and a drop of liquid appeared in each of her hands. It was condensed from the laws of the world, and instantly occupied Long Chen's eyeballs. That's right, this rolling drop of liquid, the so-called Infinity Water, should have a rather terrifying weight! Its weight should be limitless!

"Whiz!"

Tian Jingxue smashed the endless water toward Long Chen and Ling Xi. It was clearly only two drops of water, yet the force behind the two water droplets was like two continents smashing towards Long Chen and Ling Xi! It could be seen that the power of these rules, this Tian Jingxue's power, was probably around the same as the *Archaeopterygium australis*'s.

Its Infinite Divine Art was the never-ending divine art of the 'Order-level'. Compared to Long Chen's current strength, it was a whole level higher!

"monocardium! Heartbreak Sword Finger! "

At the same time, he moved. Her left hand controlled the threads of the monocardium while her right hand transformed into a sword finger, thrusting towards Tian Jingxue. Her attack speed was rarely seen in the world, and the monocardium was able to directly control the interior of Tian Jingxue's body.

The Infinity Water was also greatly affected, and was moving slightly away from where it was!

"Die!"

The Infinity Water came crashing down!

"Brother Chen!"

Ling Xi was in a very good mood. Under Long Chen's protection, she fought without worry and she pulled Long Chen along, instantly disappearing from Tian Jingxue's sight. This was Stellar Transposition, and the speed was even faster than the spatial laws for teleportation, which was different from the laws of space. Furthermore, the range of the Stellar Transposition was terrifying.

This kind of short distance teleportation was even faster than the natural laws!

The Infinity Water did not hit Long Chen and struck his back. In an instant, even the ground beneath this Zhou Shan of the Gods and Demons began to tremble. The weight of these two drops of water were probably enough to crush the World Tree! Tian Jingxue was so confident because of her strength!

"How is this possible!"

Tian Jingxue turned her head in shock. The snowflakes in the sky started to fall, and then turned into a sealing technique, condensing and surrounding her in the blink of an eye!

"Break!"

However, Tian Jingxue was not an ordinary person, she still had a lot of confidence in herself. After all, it was Ling Xi who had acted up until now.

"Good Fortune Dew!"

At this moment, her body was covered with a layer of transparent liquid, nourishing her tender and round body. Under the nourishment of the Good Fortune Dew, Ling Xi's monocardium was finally cut off, and the attack created by the Heartbreak Sword Finger also started to recover. This rule was extremely similar to Long Chen's fire of life, only that the effect wasn't as fierce as the fire of life!

"It's over!"

Killing intent exploded in Tian Jingxue's eyes!

"Tears of Void!"

Another rule!

In the face of such an attack from the laws, Ling Xi was unable to break through it in a short period of time. After all, when the rules were about the same, in terms of strength, she was inferior to, even if it was the Three Lives Passion that allowed her to use Long Chen's strength!

And at this time, right after Ling Xi,, who had initially thought that she could only hide behind a woman, suddenly made a move. A Lingxiang's twin swords appeared in his hands, but the first to move were the rules of fate, the Heavenly Eye of Fate and the wishful eye!

"Swish!" Heaven's Eye Suppression!

wishful eye control!

One down, one confused!

Under the dual impact, Tian Jingxue was struck dumb. First, her strength was suppressed, and her Tears of Void attack plummeted. Then, she actually couldn't control her body, and actually tried to forcefully retract the power of the rules! Let the tears of nothingness vanish!

The situation was reversed!

Long Chen instantly rushed in front of her eyes. With a move of Sky Execution, the Lingxiang's twin swords pierced her arms and left a trail of blood on them.

Judgement, Power of Sky Execution!

Chapter 2820 - Family

BOOM!

The Power of Sky Execution activated Tian Jingxue's divine power, she angrily turned the Divine Path's Heart Refining Dragon, using the body of the God of Tian Jingxue as a battlefield, they violently fought. Tian Jingxue was unable to suppress the power of the riot!

In a short period of time, the Power of Sky Execution was already heavily injured! This kind of speed obviously surpassed Zhu Xi and the others. A rule like Sky Execution, it was always quick, ruthless and accurate!

Tian Jingxue's face changed drastically as she let out a stuffy groan. Her long hair was scattered, the previously exalted and noble self was now in a miserable state.

"Good Fortune Dew!"

She cried as she used another rule, but she was still unable to stop the destruction of the Sky Execution Dragon. Especially when Ling Xi used his monocardium once again, she received an enormous restriction!

After seven years of cultivation, both Ling Xi and Ling Xi had greatly improved. Even Long Chen himself had almost reached the level of perfection in his Taiyu Deity, reaching the pinnacle!

"The victor has been decided."

Long Chen kept his Power of Sky Execution, and at that moment, Tian Jingxue fell limply onto the ground, his entire body was drenched in black sand, and his tears and blood were all over the place.

Of course, to Divine Spirit, as long as they were not killed, they could recover from this kind of injury as long as they had time, especially since Tian Jingxue had the Lucky Dew, it was a rule.

She was defeated.

Long Chen and Ling Xi's speed was very fast, they surpassed Zhu Xi and Yang Lingqing, and became the second group to finish the fight. This simply meant that Zhu Xi and Yang Lingqing wanted to do it in public ...

Therefore, when they saw Tian Jingxue falling, they almost went crazy.

Long Chen did not kill her.

After all, he was currently at a loss with regards to killing. If it wasn't for the fact that it was certain that he would have to kill him, he would rather leave the other party a path to survival. If he constantly relied on killing and devouring, like a crazy devouring demon, then what was the difference between him and the Eclipse Tribe?

Tian Jingxue wanted to harm them, so Long Chen gave her the appropriate punishment, causing her to be severely injured and sweeping away her face. Furthermore, she had indeed told Long Chen quite a lot about the matter of the Divine Spirit Realm Zhou Mountain, and Long Chen had even called her elder sister a few times, allowing her to understand the rules of the Divine Spirit Realm.

On the other side, and Yang Lingqing panicked, and in that moment, Tian Yusha was completely defeated and was almost killed. Luckily, Yang Lingqing held him back at the end and did not let Zhu Xi, who was about to die, kill him. This bet was suggested by Zhu Xi himself. Now, she could be considered to have committed a crime ...

Thinking about what would happen later, Zhu Xi's eyes turned white. He wanted to find a hole to hide in, she was already preparing an excuse to act shamelessly.

"This kitten's boss is really abnormal! I was the one who started the battle so long ago, they'll be taking care of one Extreme Realm God King later."

And when her opponent, Tian Yusha, and the Heavenly Crystal Sand saw Tian Jingxue's miserable defeat, they felt as if they were struck by lightning and shed blood and tears.

The three groups had achieved complete victories!

Victory!

This was completely within Long Chen's expectations, but it was completely out of his expectations. At this moment, the three of them were defeated and started to fight shakily, and with the Innate Dew, Tian Jingxue was able to recover even faster than the two beside his. Right now, her eyes were filled with hatred, and her teeth were trembling as she clenched her teeth, completely unlike his big sister from before. The method of hiding one's strength is really powerful, even I can be fooled! You can play the pig to eat the tiger, you really can do it, let me fall into your trap! Looks like you have been lying to me as a rookie in the Godly Zhou Mountain since a long time ago! From the beginning till the end, I have been part of your scam! "

Long Chen said: "You're thinking too much, get lost."

Tian Jingxue glared at him, and said: "Why didn't you kill me! Fiendgods and devils are not supposed to cause trouble, but they are all the masters of adding insult to injury! "

Long Chen laughed coldly, and said: "Get lost before I change my mind. Otherwise, if I'm not in a good mood, you might not be able to leave. "

"Hur hur." Tian Jingxue also sneered. She straightforwardly brought the two male servants into the Divine Kingdom, gave them a deep look, then quickly left. However, when she entered the black mist and was about ten kilometers away, she suddenly said: "You truly have the guts to humiliate me but not kill me. Clearly, you are giving me a chance to take revenge. Your victory today will one day become the reason for your fall! Yang Chen, I will remember you! Come to Battlefield of Divine Devil if you dare! I'll wait for you here. I'll tell you straight away, there are still other friends here. Do you dare to come? "

After she finished speaking, she quickly disappeared. It was obvious that she had recovered a lot, as a Extreme Realm God King could not catch up to her if they were to escape in this Divine Spirit Realm, Zhou Shan. Moreover, he was not familiar with this place.

"Should I catch up to her?" Ling Xi had Stellar Transposition, so if she tried to give chase, her chances of success were high. If she had thought that Tian Jingxue would repay her kindness with enmity, she would have left a mark on her body.

Long Chen thought for a while, then said: "Forget it, a clown is not worth mentioning."

It was not that he was arrogant, it was just that Tian Jingxue did not understand his speed, and now that Long Chen was able to crush her, let alone her future. As for her friend, if he was a king level Battlefield

of Divine Devil, then at most, he would only have Extreme Realm God King. might not necessarily be afraid of an opponent at this level.

What he was interested in right now was naturally the Divine Kings, one of the top ranked Divine King rankings.

This was the true elite of the Allworld Godking!

That was the person he wanted to challenge!

"It seems like we won't have to rush to the Battlefield of Divine Devil anymore." Mo Xiaolang said.

If Tian Jingxue went back, in order to deal with Long Chen, he would definitely be prepared. She would need to increase her strength a little in order to have an absolute advantage in the king level Battlefield of Divine Devil.

Long Chen said: "Right, just by listening to one person's description, we cannot act rashly. We have to ask a few more people to determine how many experts there are and then enter. "Prepare for battle."

Ling Xi was slightly worried, and said, "I'm worried that Di Jun would know about our appearance like this. "So we can catch up."

This was indeed a problem.

He said, "Right now, we have two major opponents. One is the Divine Emperor Emperor, and the other is the Immortal God Clan. The Immortal God Clan just headed towards the Dragon Sacrifice Continent, but they might return. It was very dangerous. While Divine Emperor Di Jun and the rest are heading towards the east, even if they hear news of us, they would still need a few years to come over. We can't stay here for too long, but we don't have to worry about it after two or three years. "

After saying that, he paused and continued, "The most important thing is that our advancement in interstellar travel is limited. The most important thing is still our strength! Battling and taking risks could increase one's strength! Perhaps appearing here would make everyone feel that it's risky, but in fact, it's the safest way for me to help them grow faster and avoid Di Jun. As for the Immortal God Clan, to be honest, I don't think of them as my opponents. It's just a small problem for a short period of time. "

This was the heroism in Long Chen's heart.

Eight Initial stage Divine Emperor!

In the eyes of the other gods and devils, it was extremely shocking, but Long Chen had already rushed to the Extreme Realm God King, why did he come to this Zhou Shan of the gods and devils? exactly for the sake of possessing the strength to defeat Divine Emperor! This was his ultimate goal! He treated this place as a training ground!

If he was afraid of Di Jun, afraid of the Immortal God Clan, then he definitely wouldn't be able to survive as a turtle! He didn't have much time! If he didn't take the risk, there was no way he could have a future!

This was his determination.

As a result, he had come to Mount Zhou, where the Fiendgods were, to race against time.

At this moment, everyone understood. Long Chen was right, there was no battle, there were no strong warriors.

To take the risk here seemed foolish, but it was actually a struggle to win.

"Big Brother, no matter what, we will fight together with you. We are family. To live and die together. " Mo Xiaolang said seriously.

"Brother, me too." Yang Lingqing said anxiously.

"A whole family!" It sounds so cool! I want to be one of your family too, although I joined too late, hehe. " Zhu Xi smiled mischievously.

"AHH!" Have you finally agreed to follow this young master! " The kitten immediately became excited.

"Go, who said that!"

"A whole family? If you don't obey me, how can you be a family? "

"Fuck you, I'm going to squash you!" Zhu Xi put on an evil and evil look.

Long Chen and Ling Xi looked at each other and smiled like each other. They were big brothers and big sisters in such a beautiful group. This was also one of Long Chen's responsibilities. They were the most important people to Long Chen's life.

"You're right, we live and die together." He extended a hand, and everyone placed it on the back of his hand.

"One day, we will change this world and restore the beauty of this place! We want to shake all realms! "

Long Chen's heart burned with endless hot blood. This was a new beginning, a new battlefield!

"Ha ha!"

Everyone was filled with boundless enthusiasm. Looking at the smiles on their faces, Long Chen was satisfied that they had so many brothers and sisters in their lifetime.

Only Li Xuanji was missing one.

I wonder how she is.

When everyone was at their happiest, Su Yan rarely said a sentence. She said: "Didn't you just say that whoever loses will be the one to answer."

Therefore, she and Mo Xiaolang were the fastest to become first.

"Who said that? No, that's not the case!" Zhu Xi's face turned red, he placed his hands on his hips and started shouting.

"We all heard it." Ling Xi pursed her lips and smiled, she was extremely captivating.

"AHH!" What's the big deal! Sister Ling Qing, come here! "

Little Cat scuttled out, and said angrily, "In the vast world, the Four Great Emperors, the Five Sacred Emperors, and the cat-lord are not allowed to! If you want to kiss her, then let me do it! Yang Lingqing, since my cat-lord owes you a favor today, I will definitely return it to you one day. So, how about I exchange you for me? "

Yang Lingqing rolled her eyes and said: "You are such a rogue, I won't let you take advantage of Zhu Xi, stop dreaming."

The group of people were playing around. They almost forgot that this was a place where gods and devils did not exist. After so many years, this was how they came to this place.

Suddenly, high up in the sky, a world-destroying battle erupted.
