

## War God 2821

Chapter 2821 - Great Monarch Donghua

BOOM!

In the eastern sky, an incomparably resplendent golden sword light exploded, forming a rain of swords that filled the sky. With a loud rumble, every single rain of swords contained a terrifying power of laws, and even though they were separated by a great distance, they still brought a strong shock to Long Chen and the others. Although it was not within the scope of the rain of swords, the suppression of the laws directly made them unable to breathe!

"Come back!"

Long Chen instantly opened the Divine Kingdom and let Mo Xiaolang and the others in.

Even though it was still far away, it was still enough to flip Long Chen over. If it was the Divine King, he definitely wouldn't be able to do such a thing!

Obviously, this was a possibility only for the Divine Emperor s.

Although Long Chen was shocked, he was absolutely certain. This was the most terrifying battle he had seen so far in his life. Even in the mountains where the gods and devils were inferior, the rain of swords had directly torn apart space, causing a great stir in the world within a massive radius!

If this battle had occurred on the Tree Building Tree, just the previous shock alone would have been enough to shatter it! This pair of fighters is definitely at the Divine Emperor level!

Taiyuan Deity Realm!

Amongst the Gods, it was a peak existence of ten thousand worlds.

As for the Divine Emperor s, why were they in the God King's Domain at the Zhou Mountains? In fact, this had only been the Divine Lord Realm in the past.

Long Chen didn't need to ponder over this issue as he could go anywhere on the Divine Emperor.

"Xiao Xi, seal the world."

He quickly made a decision to leave Ling Xi and himself outside, and quickly dug a hole in the ground where the gods and devils did not belong, before jumping in together with Ling Xi. After a short period of preparation, Ling Xi first created a seal that cut off everything from the world outside, making it so that those inside could not feel the inside at all, and also made it so that those outside could not feel the inside at all.

Everything was under Ling Xi's control.

The reason why he used the Sealing Realm was because Long Chen was worried that a Divine Emperor level expert would discover him.

Moreover, a great battle between Divine Emperor s would definitely cause a huge commotion and would likely attract countless experts. Right now, he was unfamiliar with the God and Demon Zhou Mountain, so he had to be cautious around Fang Xing!

Once the Sealing Realm was established, he and Ling Xi would use their love from three lifetimes to jointly maintain the stability of the Sealing Realm and resist the suppression from the terrifying laws. Only then would he have the chance to see the battle that had suddenly occurred outside! This boundary was covered by the soil, but it did not affect the scene in the sky that Long Chen saw.

When he saw it clearly, he knew that sealing this realm was the right choice.

This was because the two people from the Divine Emperor battle were drawing closer to him. Once they got near, the aftermath of the battle would bring about a lot of trouble. Not to mention the fact that there were indeed a large number of Godking level onlookers in the area.

"Who are these two?" Ling Xi's pure eyes also revealed a trace of reverence. All of her emotions came from the Sphinx, so she knew how frightening the Divine Emperor was.

Long Chen could roughly see it!

Amongst the two fighters, one of them was enveloped in a golden brilliance. He was extremely tyrannical, vast, wearing a golden robe, his white hair and beard fluttering, eyes golden like fire,

extremely tall. Just his human form alone was close to three meters tall, extremely muscular, and his strength was great.

What Long Chen noticed was that he actually controlled two Creation Divine Weapons in his hands!

These two God Creation Artifacts also gave Long Chen a huge pressure!

This was the terrifying feeling that a plain sword could give Long Chen. A peerless divine tool, if it wasn't outside of his expectations, these two Creation Divine Weapons were both at the sixth grade, 'Hun Yuan'! Only the Divine Emperor s could control the Hun Yuan grade Creation God Equipment! For example, the Heavenly Demon Ji Realm's Divine Battleship and the Sphinx's Lingxiang's twin swords all had a history above that of the Era, they were all divine tools that stole the Heaven and Earth!

There was a sword in the old man's right hand. It was a giant sword, almost two meters long, black and blood-red, the center black, demonic energy overflowing the heavens, the sword blade blood-red, its murderous intent cold, it was a demon sword, as it was waved, tens of thousands of souls roared in unison, one could vaguely see that on the blade of the sword there was actually an army of gods and demons of over a hundred thousand, every swing of the sword was feared that there would be a hundred thousand laws erupting, forming a killing intent that could destroy the heavens and the earth!

This sword was demonic in nature, and possessed the power of slaughter and destruction! It was just that it was not as sharp and ruthless as the sword. The blood qi of the hundred thousand soldiers of the Demon God's Army that was condensed onto the sword was truly terrifying, becoming the sword's enemy. If one's will was not strong enough, they would be directly destroyed!

Seeing the sword, Long Chen's eyes lit up.

"This sword is a Hun Yuan grade Manifestation Divine Weapon, it suits me very well, but it's a pity that it has a Divine Emperor level master, and it might not just be the God King of initial state."

Long Chen could only sigh.

He let go of the Gold-robed Divine Emperor's other Creation Divine Artifact and was as shocked as he was when he saw the sword!

This was a bronze pagoda.

It was bronze in color, with a total of nine levels. Each level had four bronze bells hanging from it.

This pagoda looked very ancient, and was even stained with rust. However, when used, one could vaguely see that within this pagoda with nine floors, there was also a huge army of hundred thousand Fiendgods that wore the same bronze armor. A hundred thousand gods and devils were like the heroic spirits of this pagoda. They simultaneously began to chant a war song in a divine language that they could not understand! That heavy sword had the power to kill! The bronze pagoda, on the other hand, possessed a terrifying suppressive force!

This pagoda had divinity!

This was the difference between the two.

The great army of Fiendgods in the sword contained a massive amount of black demonic energy around them. Without exception, all of them were demon spirits! And the bronze army in the tower are all vast and endless. They should all be gods. A hundred thousand Demon Spirits and a hundred thousand Divine Spirits ... one could tell how terrifying they were just by the sound of it.

The Lingxiang's twin swords were actually all at least Hun Yuan's level, and when combined together, they could be considered at the peak of Hun Yuan's level.

If it was used together, the might of the sword would naturally be rather heaven-defying if used by one person, which was why the gold-robed Divine Emperor was so terrifying. If it wasn't for the fact that Long Chen was familiar with Di Jun's rules, he would have thought that the golden-robed Divine Emperor was Di Jun.

Fortunately, it wasn't.

Seeing this Divine Emperor, the thing that Long Chen envied the most was this God Creation Divine Equipment.

However, to be able to contend against him, it was clear that his opponent was not simple. What shocked Long Chen the most was that from start to finish, he had not seen that gold-robed Divine Emperor's opponent!

This opponent naturally existed.

For example, when the gold-robed Divine Emperor was fighting, the pagoda's suppression and the devil sword's slaughter would be blocked and suddenly disappear, but even if Long Chen and Ling Xi could not see his opponent, they could still sense his existence.

"Who is this person? We have actually turned a blind eye to him?" It would be difficult for Ling Xi to stabilize his seal in this battlefield.

"He is very likely stronger than this gold-robed Divine Emperor! We have to stabilize the boundary, or we might get accidentally killed! That gold-robed Divine Emperor must at least have Taiyuan Deity Realm!" Long Chen said cautiously.

If not for this, the gold-robed Divine Emperor would not have fought to the point of sweating profusely!

Weirdly, even if one had strong concealment skills, during battles, rules, attacks and so on, there would still be some movement. That mysterious opponent was naturally fighting, but even if he was attacking, it was still invisible. Only when a huge crater suddenly appeared on the ground would one be able to determine that one person was also attacking.

"It's very similar to the Nothingness Demon we met before. It's just that the Nothingness Demon is far from this powerful." Ling Xi's fair white forehead started to perspire.

"Yes." Long Chen also felt it.

Just at this time, the gold-robed Divine Emperor shouted angrily, "If you continue to hide yourself, don't blame me for being rude! Fiendgods, Mount Zhou! Everyone came here to cultivate and fight because they wanted to break through their shackles! All of you are fair and square people, not someone who hides the head and shows the tail!"

This roar had been spread far and wide. The commotion in this battle was too great, Long Chen did not even need to look to know that there were a large number of Divine Kings and even Divine Emperor experts rushing over! Long Chen was currently located closest to the battlefield, and was probably surrounded by these people. Of course, they didn't have the guts to approach.

The battle continued in the Sword Tower!

He needed to fully cooperate with Ling Xi in order to ensure that the boundary wouldn't be torn apart. Honestly speaking, he was too close to the battlefield now, but he was unable to move at all. Under this storm, even Ling Xi was unable to use her Star Shift as he normally would, because once she was discovered, it would be troublesome if she was implicated.

"You are the Immortal Elder of the Three Islands and Ten Continents — Emperor Eastflower!" At this time, the mysterious person finally spoke. His voice was extremely ordinary, one could not tell who it was.

"That's right, it's me!" The golden-robed elderly man, who was also known as the 'Great Monarch Donghua', said.

"The one I killed was you." The mysterious man's tone was so loud that after he said those words, he no longer said anything. However, his attacks became more violent, completely invisible and formless. Facing such an attack, the Eastern Flower Great Emperor was enraged but he was helpless.

"Scoundrel!" If I don't even dare to say my name, then how can I have the face to be my opponent! " In order to prevent Ling Xi from getting injured, she had to withstand most of the power. But now, those two experts had actually arrived directly above Long Chen, and the intensity of the battle was indescribable with words. In any case, from this moment onwards, Long Chen could not see a thing, and the sky was completely engulfed by the laws of Great Monarch Donghua!

For Long Chen to be able to defend a sealed realm, it could already be considered quite good!

"Whoever wins?" Ling Xi asked, trembling.

Long Chen squinted his eyes and looked at the battle above him. Being drawn in was extremely tragic, his luck was really bad. This was the first time he had seen the true rules of a Divine Emperor. Honestly speaking, he once again felt the mysteriousness of the road of cultivation. This battle, could be considered as opening a new door of rules for him.

"It is possible that the Immortal Emperor Eastflower, Immortal Elder of the Ten Continents, might die in battle." Long Chen muttered.

"Impossible, how could Divine Emperor die so easily?" Ling Xi took a deep breath.

## Chapter 2822 - Immortal Sword Demon Tower

This battle had definitely shocked the entire Fiendgod world.

If this battle had occurred in the Divine Emperor Region, it might have already been stopped. Of course, that was not necessarily the case. If it was a normal fight, unless there were friends from both sides, there wouldn't be many people who would stop it.

Obviously, that mysterious figure was trying to assassinate Emperor Eastflower, which was why even Emperor Eastflower didn't know who that person was.

However, it had happened in the Realm of the Gods, and it was in a place close to the Realm of the Divine Monarch. It would take a very long time for the Taiyuan Deity Realm experts to reach this place.

As for the Divine Kings, although they had already arrived, they could only watch from the sidelines, and did not dare to step forward. Tian Jinxue, who had just left Long Chen's position, did not have the time to leave as she was also amongst the crowd.

"This battle place is right at the place where Yang Chen and I were battling earlier! With such a huge disturbance, if they were to be accidentally killed, it would be great! "

Tian Jinxue gritted her teeth in hatred.

Even with Long Chen's help, they were already sweating profusely. If they had directly attacked the Sealing Realm at this time, it would have been obvious that they would have broken through the Sealing Realm.

"Has the outcome been decided?" Ling Xi said with difficulty.

Long Chen doted on her a lot. After going through this battle with the Divine Emperor, he had a new understanding in his heart. He was not strong enough now, but everything was imminent.

"It should be soon." Inside the endless black mist, the black blood colored sword beam overflowed into the sky. The ancient bronze pagoda appeared vaguely, and a majestic war song was emitted from within the pagoda, even its voice was strongly suppressed!

Honestly speaking, it was precisely the existence of this ancient bronze pagoda that prevented Ling Xi from completing the Stellar Transposition. If not for the fact that Long Chen had the power of all living things and endless power, the seal would have dissipated long ago.

"Ugh!" Emperor Eastflower let out a muffled grunt.

The sword and pagoda both stopped.

"Just who are you!"

At this very moment, it was possible that the entire God or Demon Mountain Zhou would be filled with the unyielding roar of Emperor Eastflower! There was too much unwillingness and anger in it!

"Such an expert hiding his head and showing his tail, what a disgrace, truly laughable!"

No matter how much Emperor Dong Hua roared, his opponent did not answer him. He did not show himself from start to finish. It was obvious that the mysterious man's attacks had gotten fiercer. Emperor Dong Hua had sprinkled a rain of blood throughout the fight to land on the ground.

"AHH!" "AHH!" "Ahhh!"

When he heard the last three screams of Great Monarch Donghua, Long Chen was extremely shocked. His line of sight broke through the thick layer of dense fog, and he could roughly see that the current Great Emperor Donghua was suffering heavy injuries. Clearly, he was going to lose, or even die!

"Scoundrel!" I won't let you off! "

Great Monarch Dong Hua was about to escape, but Long Chen knew in his heart that he would probably not be able to escape now. And indeed, right at this moment, an unprecedented huge tremor occurred in the sky, and with a loud bang, countless spatial cracks appeared. The sword beams and tower images

that filled the sky suddenly disappeared, and at this moment, with Great Monarch Dong Hua's last cry of despair, the battle had ended!

At this time, the two ultimate Rankers were right on top of Long Chen's head.

Long Chen could clearly see that the golden-robed Divine Emperor had vanished into thin air right before his eyes, turning into dust. He had been swept up by the black mist surrounding the Divine Spirit Mountain, and disappeared in the blink of an eye. When Long Chen saw this scene, he knew that not only had Great Monarch Donghua lost in battle, he had also died in it.

Divine Emperor has fallen!

This was a super great event in the world, one of the ten thousand worlds! Even in a place like the God Realm's Zhou Shan where battles and killings were the most frequent, it was still hard to see where Taiyuan Deity Realm had fallen. At the level of the Divine Emperor s, no matter what, they had the means to rebirth, even if there was only a small trace of it left, they would still be able to rise again!

However, it was very likely that Emperor Donghua had already erased all traces of his existence!

Completely fallen!

It's rare to see it in a million years!

If Divine Emperor was so easy to kill, then there wouldn't be so many people working hard to become the Divine Emperor! If he really wanted to die, other than Divine Emperor's opponent whose strength far exceeded his, an opponent of the same level, no matter what the situation was, would have no way to complete the slaughter!

From start to finish, the mysterious person had never revealed his true face.

From the very beginning, Long Chen had already guessed this scene. From the start of the battle, even Great Monarch Donghua was in a passive position and was completely tied down by this mysterious person. Although he couldn't see the details of the battle, it was obvious that the mysterious person was much more powerful.

It was only until Great Emperor Donghua turned into dust, that Long Chen vaguely saw a black silhouette. That black silhouette actually directly left, walked away, and disappeared into the dense black mist.

BOOM!

Two sounds altogether.

The gigantic black blood sword that was almost two meters long, the ancient bronze pagoda, fell from the sky and landed right in front of Long Chen. Without the support of Emperor Donghua, the light of the two artifacts dimmed, appearing ancient and heavy.

Long Chen and Ling Xi were stunned.

Killing people for treasures was a very normal thing.

These two Hun Yuan grade Creation God Equipment were simply the most precious things to Great Monarch Donghua! Long Chen had thought that the mysterious person's target would be them, but when Great Monarch Donghua turned into dust, he unexpectedly left without leaving any trace. He would let those two Manifestation Heavenly Artifacts be thrown here!

Even Hun Yuan level God Creation Equipment did not catch his eyes, what kind of terrifying existence was this?

Right now, even if Long Chen were to come across a God Creation Artifact of dreamy grade, he would still put it away and if it was thrown into the God Nation, he would eventually have a suitable partner.

Now, the two God Creation Treasures were right in front of him.

The mysterious man left.

There were many spectating Divine Kings, and they still did not understand the situation. They did not see that the mysterious person had already left, if not, when they came and saw Emperor Donghua's two divine artifacts, they would definitely go crazy. This place was the gathering of the strongest Divine Kings, so it was difficult for Long Chen to obtain any benefits!

"Brother Chen!" Ling Xi became nervous, and her breathing became a little hurried.

The great treasure was right at his feet.

Although Great Monarch Dong Hua had already fallen, the Manifestation Divine Artifact was not that easy to deal with. It would take a lot of effort for Long Chen to take away the two Creation Divine Artifacts. It is very possible that he would not be able to handle them and would end up getting killed instead!

This sort of encounter was also a terrifying one.

If he wanted to make a decision, Long Chen would have to decide for himself.

What was certain was that the mysterious man had already left. Although the Divine Kings did not know about it yet, they guessed that the Eastern Flower Great Emperor had fallen.

Most of the Hun Yuan grade Creation God Equipment could only be used by the Divine Emperor. To the current Long Chen, mastering it was indeed an extremely big challenge! It would be fine if he had enough time, but the problem was that he didn't have enough time at the moment!

"If there aren't any Divine Emperor around, it looks like we'll have to put our lives on the line for this!"  
"Little Xi."

Long Chen made a decision.

The Creation Artifacts were intelligent. If they were to reject him, then he would have to submit to them in order to be able to move against them. Long Chen made Ling Xi remove the seal on the realm and let her return to the Divine Kingdom to rest.

First was the gigantic sword, it was black and strange, it was blood red and ruthless, although it did not have the power to support it and turned dark, but the powerful killing intent that looked down upon it still caused Long Chen's heart to tremble. The same was true for the ancient bronze pagoda. Although it was not as ruthless and powerful as the giant sword, it was still more imposing and domineering. Combined with the Heavenly Eye of Fate, it would probably be able to create an even more terrifying suppression!

Within the sword, there were a hundred thousand devil soldiers. They were all Heroic Spirits of Creation.

Within the tower, there were a hundred thousand soldiers of God, all of them were Heroic Spirits of Creation!

"This is my Creation Divine Artifact 'Immortal Sword Devil Tower!'" Suddenly, a low and deep roar sounded beside Long Chen's ears. This was the voice of Great Monarch Donghua, so Long Chen was naturally shocked in his heart. But he quickly recovered from his shock and respectfully asked: "Senior, have you not fallen yet?"

Emperor Eastflower was nowhere to be seen.

However, his voice sounded again, "There's no other way around it. Since you're coincidentally here, it can be considered fate that we met. You might have also seen that I died in a very sullen manner, without even knowing who my opponent is. "Child, I want to make a deal with you."

"Senior, please speak." Long Chen replied.

Emperor Eastflower said, "It's a very simple matter. If you can hide from us here, your strength is definitely not bad. However, I'm afraid you won't be able to control the Immortal Sword Tower for a short period of time. "I can help you control these two Creation Divine Weapons and what you need to do is to help me, Dong Hua, find the culprit. If there is hope in the future, take revenge for me."

It was a very simple logic.

He said that this was fate, he fell right above Long Chen's head. Now that he kept the Immortal Sword Demon Tower, it was useless to him, so he could only ask Long Chen to fulfill this wish of his.

"Sure." This junior will do as he says. "

Long Chen practically did not hesitate at all.

The reason was simple. Among his opponents, there were already eight Divine Emperors, along with people like Di Jun, plus a mysterious person, it was nothing much, and the Eastern Flower Great

Monarch didn't even have a time limit. Long Chen could just wait until he reached a very high realm in the future and have enough strength to investigate the truth for him.

He agreed too quickly, but Great Emperor Donghua still smiled and said, "It seems like you are a bold and audacious person. Honestly speaking, after you obtain the Immortal Sword Magic Pagoda, you can ignore this deal. I can't do anything to you anyway.

Long Chen naturally would not disappoint someone who was about to die on such a matter.

"Don't worry, senior."

Although he did not speak much, he was still very powerful and felt very at ease. He smiled bitterly and said, "If possible, I would like to get to know you as soon as possible. It seems quite interesting to know just what kind of person you are. "It's a pity that I won't have this chance."

Chapter 2823 - Strength of an arm

Right now, he was just lingering around like a ghost. Before long, even his final bit of consciousness would disappear from this world.

It was not easy for a dignified Divine Emperor to cultivate to this point. He had always valued gratitude towards others. Today, when the other party gave him the Immortal Sword Magic Tower, even if Emperor Dong Hua did not say so, he would still do something for him.

"You reassure me. I won't waste any more time. I am an immortal elder of three continents, Great Emperor Eastflower, and some people call me Divine Emperor Eastflower. This is the Creation God Creation Divine Weapon that I possess, the Immortal Sword Devil Tower. It had a long history. The name of each sword was 'Godslayer Sword'.

Hearing that, Long Chen was startled.

This sword that was overflowing with demonic qi was also called the God-Slaying Sword?

He understood in his heart that the true name of Shui Lanyan's sword was actually the God Slaying Sword. The God Slaying Sword was only a name given by a descendant, and that sword had once slain a god. So he had this name. And this demon sword in front of him, could actually be considered a real God-Slaying Sword!

"The God-Slaying Sword is forged from the body of a blacksmith that has killed a hundred thousand demon spirits. These hundred thousand demon spirits are the life and death spirits and possess a terrifying baleful aura. When they attack, they also possess the rules of a hundred thousand demon spirits! Tearing apart the sky and splitting the earth contained endless power. Demonic energy, baleful qi, and divine energy were all too powerful for him to avoid. If he was injured by demonic energy, it would enter his body and cause enormous damage. That's why it's called the God-Slaying Sword! "

On that God-Slaying Sword, there was the afterimage of a hundred thousand demon spirits.

No wonder this was clearly a demonic sword, it's even called the Immortal Sword Magic Tower. So it was just an abbreviation for the God-Slaying Sword.

"This is the Demon Suppressing Pagoda! The blacksmith had beheaded a hundred thousand spirits, forged them with her primordial spirit, and created them with her divine spirit. These hundred thousand spirits had the divine power of heaven and earth, and had the laws of a hundred thousand gods, suppressing the heavens and earth. These two Creation Divine Weapons have been following me for countless years and are my most important treasures. I will gift them to you today.

Immortal Sword Demon Pagoda.

God Slaying Sword, Demon Suppressing Pagoda.

The sword in his right hand slaughtered!

Left hand pagoda, suppress!

Perfect.

Long Chen was slightly agitated in his heart, but his communication with Great Monarch Donghua was very straightforward and direct. After introducing the two of them to each other, he directly said, "Your power is biased towards devilish natures. I will help you. "

"Thank you, senior."

Great Monarch Donghua also knew that there wasn't much time left. Long Chen had to retrieve the two divine weapons and leave this place quickly in a short period of time in order to guarantee his safety.

Thus, he did not waste any time. At this moment, his gaze landed on the nearly two meter long giant sword, the Heaven's Tremor Sword. It was a monstrous demon sword filled with killing intent. It had the will of a hundred thousand demon spirits!

Without saying a word, Long Chen activated all the strength in his body and grabbed the handle of the God Slaying Sword. In that moment, with the black sword as the center, the blood red God Slaying Sword started to vibrate.

Hun Yuan's Manifestation Divine Artifact completely suppressed Long Chen's divine power in terms of the divine power of Creation, and in the mental attack, Long Chen instantly entered a world where blood and black mixed together. The sea of blood below surged, the sky was filled with black fog, the blood energy and devil energy roiled, it was endless!

Suddenly, a hundred thousand demon spirits wearing black armor, with bloodshot eyes and long hair, rushed out from the sea of blood and black fog and surrounded Long Chen. These hundred thousand demon spirits were all wielding a God Slaying Sword, their killing intent overflowing, which brought about an unimaginable crisis to Long Chen!

"Kill!"

In a moment, a hundred thousand demon soldiers brandished God Slaying Sword, and charged towards the center of the formation with all kinds of rules. Long Chen came to challenge the God Slaying Sword, so of course he had to endure this trial! It wasn't just a battle of the Creation God Power, but more importantly, it was a battle of spirit and will!

**BOOM!**

Long Chen did not stop for a moment, and immediately transformed into the Great Void Cosmic Dragon. When the hundred thousand demon soldiers attacked, he used the laws of the Tempest of Time. Under the time storm, most of the demon soldiers were blasted away!

"The Sea of Chaos!"

Even so, he was still unable to stop the onslaught of the hundred thousand devil soldiers. He could only reduce their speed by reversing the flow of the sea. However, this was not the way to solve the problem!

Long Chen suddenly thought of another move!

He quickly turned into an Archaic Blood Dragon!

In terms of viciousness, the Primordial Blood Spirit Dragon was naturally the ancestor! This was a sea of blood, which was the place where the Primordial Blood Spirit Dragon galloped. When this dragon appeared, even the hundred thousand Demon Army soldiers were intimidated by its power.

BOOM! Long Chen initially had the disadvantage in terms of numbers, but now he had the advantage.

"Are you a human or a demon?" Emperor Eastflower's voice rang out again.

He appeared in the middle of the battlefield, and he still had the appearance of the golden-robed elder. As he watched Long Chen fight with the hundred thousand Demon Army, it was clear that although Long Chen had more killing dragons, the Demon Army was stronger. Although Long Chen could temporarily stabilize them, it would still take a long time before he could completely subdue the God Slaying Sword!

By then, those Divine Kings would have rushed over and cut him into pieces.

"Let me help you."

Emperor Eastflower struck out.

Indeed, without him, it would have been impossible for Long Chen to succeed in a short amount of time.

"Everyone, he is the new holder that I have found for you. I believe in him. To be able to use your worth, old friends, believe me! "

Emperor Donghua's so-called help was actually just speaking nicely ...

But it worked.

After all, he was the previous owner of the Demon God's Sword. He had held the Demon God's Pagoda for far too long and had long been one with the hundred thousand demon soldiers.

"If you have the chance, you can test him well. It's just that time is running out, and I'm telling you all to trust me. Although I, Eastflower, shall die, I have no regrets. "

Emperor Eastflower spoke out once more amidst the slaughter.

In fact, Long Chen was currently fighting evenly with the hundred thousand Demon Army. Although he couldn't crush the Demon Army, he had at least entangled them, showing that he was different. The Primordial Blood Spirit Dragon's aura, in particular, was faintly suppressing them.

On one hand, it was Great Emperor Donghua's request.

On one hand, Long Chen had an extremely strong power of conquest!

Thus, everything was natural.

After fighting for a while, the hundred thousand Demon Army retreated. Long Chen suddenly opened his eyes, and the God of Creation he was fighting against suddenly started to fuse with his Primordial Divine Dragon Sky Calamity source energy. This meant that he had successfully reclaimed the Hun Yuan grade God Slaying Sword!

He succeeded!

To be able to move so quickly, it was mostly due to Emperor Donghua!

"There's also Demon Suppressing Pagoda!"

When he held onto the Demon Suppressing Pagoda, he was suddenly imprisoned inside it. This was a world of gold and jade, the Gods were dressed in bronze divine armor, their divine might was vast, and they surrounded him!

Without saying a word, Long Chen transformed into the God Realm's Heart Refining Dragon!

This was a divine dragon that could suppress these deities! Sword and Sword God Prison, Karma Emperor Sword and Power of Sky Execution, they were all unleashed by him. In addition, the God Slaying Sword had already been retracted, and with the help of Great Monarch Donghua, it could be said to be even more natural.

"Greetings, my lord!"

The hundred thousand spirits half knelt on the ground.

Long Chen took back the Heaven Slaying Sword, the Demon Suppressing Pagoda, and quickly put them all away in the God Nation. Only then did he heave a sigh of relief, time was of the essence, and seeing that the other Divine Kings were about to arrive, Long Chen immediately rushed into the black mist and prepared to leave.

At this moment, it could only be described as a state of fear and trepidation.

"Kid, you haven't told me your name yet."

Emperor Eastflower's voice had aged quite a bit, and it had dimmed as well.

Long Chen felt pity for him.

"My name is Long Chen." Long Chen did not hide from him.

"I'll remember you. Remember our deal. " He could not help but exhort again.

"Senior, this doesn't count as a deal. Since you gave me such a precious gift, I naturally have to repay you." Of course, it might take a while. Right now, I am not that person's opponent. "

Emperor Eastflower was silent for a moment, then suddenly laughed. "It's rare for me to meet someone as disciplined as you. Looks like I really have no regrets now that I've died. Fine, I trust you. Then, I'll leave."

After he finished speaking those last three words, Long Chen no longer heard his voice. He really did go, truly gone.

"How pitiful!"

Seeing him leave just like that, the girls of the Divine Kingdom all felt a bit of regret. From their short interaction, it could be seen that this Great Emperor Donghua was a pretty good person.

Even the return of the Divine Emperor to be assassinated for no reason was really strange.

"Who is that mysterious person?" Everyone was curious.

Of course, their understanding of the Ten Thousand Worlds was simply too little.

Soon, they all quieted down.

Although the Divine Demons were not as powerful as Zhou Shan's primitive level and had suppressed too many of his senses, Long Chen could still feel them when too many Divine Kings appeared in the surroundings. In just that short period of time, he had felt quite a few threats.

Therefore, they dared to come up and take a look.

Long Chen called Ling Xi out to come out, and then immediately teleported him outside, leaving the core area. From this position, the battlefield from before could be seen behind him, and there were quite a few Divine Kings surrounding him, heading in the direction from where they were standing just a moment ago.

Just as Long Chen was about to leave, a Divine King suddenly rushed into his field of vision. If he were to run outside now and be different from everyone's line of sight, he would definitely be suspected of something. Thus, he faced the core position and headed in that direction like all the other Divine Kings.

This way, he would be able to fool others.

The Divine King stopped by his side, glanced at Long Chen, and said, "Who are you, a mere Divine Lord, you actually dared to watch the battle of Divine Emperor. You're courting death!"

Before Long Chen could say anything, the other party said, "Since you are a Divine Monarch, then scam back to your territory. Otherwise, don't blame me for being impolite!"

### Chapter 2824 - The Invisible Beauty

It seemed that walking alone in the Realm of the Gods was indeed an eyesore.

After all, they were all part of the Celestial King Realm. How could a Celestial Lord have the guts to travel around in the Celestial domain? Outside of Battlefield of Divine Devil, there were hunting grounds. The weak were all prey, and a mere prey, how could they dare to walk around randomly?

It was easy to doubt, and it was also easy to get into trouble.

This Divine King did remind Long Chen.

At this time, the battle between Great Emperor Donghua and the mysterious man had already ended. The situation was currently unclear, and even though it was just to watch the show, one side might be heavily injured, and they might even leave behind something!

Of course, the news of Emperor Donghua dying in battle would spread out sooner or later.

The Divine King had only walked a few steps when he noticed Long Chen standing in place. He sized up Long Chen for a while and asked curiously: "You're by yourself? A mere Divine Monarch, this is the battlefield of Divine Emperor, do you really dare to come? Not afraid of death? "

"The Divine Emperor's battlefield? May I ask if the golden-robed old man from before is very famous? "

Long Chen still did not know Emperor Dong Hua very well, so he asked him about it casually.

The other party could not help but laugh and said, "Even Great Emperor Donghua knows you. You must be a newcomer! No wonder the Monarch had dared to barge into this place. Emperor Eastflower was the sole ruler of one of the major worlds of the Allworld, the Three Islands and Ten Continents. He ruled over an entire world. And it was a 'Hun Yuan's' level world! The Zhou Mountains were extremely famous among the gods and devils, and had already reached the level of perfection in Taiyuan Deity Realm! You don't even know this, and you still dare to charge into the God Realm, Zhou Shan? "

Honestly speaking, he was just a Perfection Celestial King. No matter what happened to Emperor Eastflower, it was not his place to leave behind anything. Thus, he had merely come to watch the show. Now that he saw Long Chen, he was even more curious about him.

"Brat, you don't need to go to the Realm of the Gods. I am the God King of Perfection, follow me, I promise you that I will taste good food and drink good food. "

Long Chen was too lazy to bother with him, he had wanted to get more information from this fellow, but the other party's arrogant attitude made his feel disgusted.

But since the other party had started the fight first, Long Chen had to settle this issue as well. Without waiting for the Divine King to speak, Long Chen activated both the Heaven's Eye of Fate and the wishful eye in his right eye at the same time. These two rules instantly controlled the Divine King's Perfection.

"Kneel."

With a normal sound, the Divine King couldn't control his own body at all under Long Chen's suppression and knelt on the ground while trembling. His entire body trembled, and he was unable to say a single word. At this moment, in front of him, Long Chen was like a Divine Emperor, in a position where he would be completely suppressed.

"I ... I know!" The person who will be fighting against Emperor Donghua is you! " The trembling voice said.

"You overestimated me." Long Chen didn't know whether to laugh or cry. He didn't expect that after scaring him just a little, he had actually scared himself to such a degree.

"If that's the case, do you still have the qualifications for me to be your follower? "Remember, don't provoke me. You will regret it." Long Chen removed the two rules, and instantly disappeared from the God King's sight, leaving the God King trembling on the ground, his face pale white.

"It must be him! It was very possible that it was him! If it wasn't Divine Emperor, how could she have controlled me with just a look? How would an ordinary Divine King have the ability to do that? "

"However, if I this matter to the 'Star Alliance', will he kill me?"

Tens of thousands of meters away, Long Chen and Mo Xiaolang were moving together, and Mo Xiaolang was at least a Divine King of initial state. This way, although their team would look a little weaker, they would at least not look that strange.

Looking back, he saw that there were already many Divine Kings gathered there. He reckoned that there would be a few Divine Emperor s appearing soon, and he had yet to fully control the Immortal Sword Tower, so it was possible that the Divine Emperor would discover some clues. Therefore, he decided to leave this place as soon as possible. So he and Mo Xiaolang were currently walking towards the distance.

He had to reconsider what he should do next.

No matter what, he had accidentally obtained such a suitable Divine Weapon. Unfortunately, if he wanted to use this weapon for the time being, it would be a little troublesome.

The death of Emperor Eastflower would definitely bring about a certain amount of trouble.

He wasn't in a hurry.

"Big brother, this Fiendgod Zhou Shan seems to be in a state of turmoil as well."

"Mm, so it's best to be careful and focus on increasing your strength."

Just as Long Chen finished speaking, he turned his head back abruptly and looked towards the direction of the battlefield! His expression changed drastically and he became lost for a moment.

Seeing him become so serious, Mo Xiaolang asked softly: "Did you find anything?"

Long Chen was in disbelief.

However, that feeling just now had not been enough to fool him. It was a feeling of being connected by blood, as if another part of his body was nearby. At that moment, the resonance of his bloodline and the sensation in his heart was so real! It had been a long time since he had felt this way.

Long Chen took a deep breath and looked in that direction in a daze. He said, "It seems like Xuanji is where we were just now."

"How could she be here?" Mo Xiaolang was in a state of disbelief. This was a place where gods and devils didn't follow each other, where Li Xuanji followed her Master of the Dark Goddess' residual soul to wander around. When she left, she still hadn't become a god, so why was she here? This god and devil didn't belong to Zhou Shan which was quite a distance away, but Li Xuanji didn't have such a good foundation and fortune like them ...

"Ask her, your feelings can't be wrong." Ling Xi said gently. Honestly speaking, she was also worried that it would be difficult for Li Xuanji to wander around in this vast starry sky by herself! Her and Long Chen's minds were connected, but they had yet to come out.

This indifferent woman, was only hot-blooded when she was by Long Chen's side.

"Alright." Although it had been many years since he had mustered the courage to call her out to the other half of his body, Long Chen naturally wouldn't suppress it now that he had such a wonderful feeling. She was a good woman to live up to.

So he took a deep breath, and called out her name in his heart. This was the first time, that even Long Chen himself was trembling a little.

"Xuanji."

A soft call.

"Hmm?" It was as if she had been waiting for this moment for a very long time. Although it was only a voice, it was still trembling like Long Chen's;

It had been a long time.

familiar voice

The past flashed by, and the scene of them being together returned to the present. Long Chen held back the excitement in his heart, gritted his teeth and asked: "Are you at the Divine Demon Zhou Mountain?!"

He was sure that he would get an affirmative answer.

But this time, the answer that was supposed to come did not appear for a long time. She no longer answered Long Chen, and it was as if she had completely disappeared into thin air. Long Chen waited a long time, but still did not hear a single word from her.

"Why didn't you answer me?" Long Chen was startled, what exactly happened?

Why did her surprised response just now not have anything more to say? Just from the moment Long Chen mentioned the God Realm Demon Zhou Shan, she had no further news.

"Xuanji, you should be at the Divine Demon Zhou Mountain." Long Chen's mind was blank. After asking a few questions, without even getting a reply, the other party seemed to have completely disappeared. This caused him to feel increasingly frustrated and unable to calm down.

Why hadn't she answered herself?

Could something have happened?

It took Long Chen a lot of effort to calm down.

"No matter where you are, no matter what happens, I will find you." Since she did not answer, Long Chen would not force her. After saying this sentence, it was his determination and also his promise. He was sure she was here, but for some reason she couldn't answer him.

"Alright."

She didn't expect that after Long Chen finished his last sentence, she would answer him with one word. It was simple and reassuring. If he could get her answer back, it meant that she still deeply remembered him. There was no need to say anything else.

After finishing, Long Chen stabilized his emotions.

"Go find her. We're all gathered here, the only thing left is her." Ling Xi's heart was the best, and she couldn't stand Li Xuanji wandering outside alone.

"We're a family, all that's left is her."

It was not only Ling Xi, but the others had also said so, then Long Chen would not have any qualms at all. She must definitely have a lot of difficulties, so Long Chen naturally could not bear to see her suffer!

"I didn't take the initiative to look for her, and that was my biggest mistake. Fortunately, I came to this Godly Demon Zhou Mountain and met her. I hope I can make up for my mistake!"

Long Chen took a deep breath.

"Go back?"

Mo Xiaolang asked.

Maybe, Li Xuanji was right there.

Of course, that was also where the other Celestial Kings resided.

"No." Long Chen shook his head. She did not explain in detail to him, which meant that that that was not the right place to meet up. Long Chen still had some sense of propriety. What he needed the most right now was familiarity with the Fiendgods and Mount Zhou.

"She will definitely return to the Battlefield of Divine Devil. It's not convenient for us to meet here, so we will eventually meet her in the Battlefield of Divine Devil. Then, we must first understand, what exactly is the Battlefield of Divine Devil like, and how strong the experts on the Divine King List are, whether I can deal with them! "

Long Chen's heart was currently filled with endless passion and passion.

Everyone's heart was the same as his. From today onwards, their mission and belief would be to find Li Xuanji! This was the most important thing!

She must have already experienced many trials and tribulations. Long Chen told himself countless of times in his heart that from today onwards, he would never let her wander around by herself again.

It was very likely that the woman in the black needle had restrictions on her. After all, she was the one closest to her, and was the one who most affected her and controlled her. Until now, Long Chen still did not know who this guy who claimed to be the Goddess of Darkness was, since the real Goddess of Darkness was definitely still around Di Jun. As for the remnant thoughts of the gods, they were all inside the Spirit Sea, but he didn't know whether or not this person had escaped from the Spirit Sea.

#### Chapter 2825 - Old Pig

Now that he had met her at the Divine Demon Zhou Mountain, Long Chen's heart was no longer at peace.

At the beginning, he had come here to escape, to fight, and to become stronger! However, the most important goal now was to take her away, not to let her wander around by herself, and to return to this large family!

This was her personality. She would always travel alone and bear the burden. Just like when she went to the Immortal God Realm. It was even earlier than Long Chen and the rest. And now, they had arrived at the Ten Thousand Worlds earlier than Long Chen, so they had to experience the light from the swords and shadows of the boundless universe!

Last time, when Long Chen told her to leave, he wouldn't make this kind of mistake again. Li Xuanji was like a piece of flesh that could never be separated from his body, a part of him. It was simply impossible for him to forget about this flesh and blood, let alone ignore her disappearance. Now, Long Chen desired to see her again, just like how he longed to breathe.

Together with Mo Xiaolang, he embarked on a new journey.

They followed the direction that Tian Jingxue originally headed towards.

It had already been half a month since the death of Great Monarch Donghua. In this period of time, Long Chen and the God Sword Demon Pagoda had a good understanding of each other. With the help of

Great Emperor Donghua, even if his power was insufficient, he could barely control the Hun Yuan level God Sword Demon Pagoda!

This was a creation god artifact that only the Divine Emperor s could control! The moment Long Chen could unleash all of his power, even if he had not yet become a Divine Emperor, it would cause the Divine Emperor s to be terrified. To be honest, even the Divine Emperor of Taiyuan Deity Realm would want to snatch this kind of divine weapon. That day, Long Chen's luck was really too good that he was able to control it.

Most likely, by now, the news of Emperor Eastflower's death had spread far and wide.

During the battle, there were not many people approaching, so for the time being, no one knew that the Immortal Sword Demon Pagoda was in Long Chen's hands. After all, for most experts, after defeating Emperor Eastflower, it would be quite normal for them to take away his ' Creation God Equipment '. In the eyes of the crowd, Emperor Eastflower had been reduced to dust.

"Xuanji, I will definitely return to the Battlefield of Divine Devil! We have to go to the Battlefield of Divine Devil. Hopefully, we can find out what happened to her there. " Long Chen had already made up his mind.

But they definitely could not rashly go to the Battlefield of Divine Devil s, so the two of them proceeded forward while searching for people who were friendly and able to communicate with each other. During this process, he met a few more Divine Kings, but once they saw the combination of Long Chen and Mo Xiaolang, they immediately took action.

"Outside of Battlefield of Divine Devil is indeed a hunting ground. As long as they discover us, they can immediately kill us, regardless of any reason. Every single move is fatal. " Long Chen had finally experienced it.

In other places, one had to have a reason to make a move. They could not use this place at all, and would not fight or run away. All the God Kings were in the process of transforming into Hunters and Hunters.

Those Divine Kings who were not kind, after losing the battle, would have difficulty communicating with each other. If they were to lead the way, they would most likely end up like Tian Jingxue, who kept a cautious mindset until meeting this person in front of him.

"In front of us, is that the demonic god's mouth!?"

Mo Xiaolang had already seen that the black mist in front of him had formed into a black pillar that supported the sky. A large amount of black mist was being devoured and sucked into the center of the Divine Abyss, and the black mist in the sky had formed into a gigantic vortex that was quite spectacular!

"The mouth of a Fiendgod is indeed very strange. There seems to be people above it."

Long Chen saw that there seemed to be a god inside the black pillar that the god's mouth was sucking in. He was flying up and down, screaming in pain as he struggled and yelled out the word "save" non-stop.

"Let's go over and take a look!"

The two of them were extremely fast, and in the blink of an eye, they were already in front of the Divine Demon's mouth. In the midst of the berserk, frenzied devouring, a Divine King was already extremely close to the mouth of the Divine Demon's mouth.

To anyone on the mountain, being swallowed into the mouth of a demon was a terrifying thing, a supreme nightmare. One could tell just by looking at that fellow's miserable screams.

Ling Xi was still researching the next Heavenly Rules and Spiritualism, so Long Chen did not bother her, and directly rushed into the devouring range of the god and devil's mouth without saying a word!

In that moment, a violent suction force acted on Long Chen's body!

**BOOM!**

Long Chen broke through the suction force and reached the God King with great difficulty. At this time, the two were inside the God Demon's mouth, and Long Chen forcefully dragged the fellow out, allowing him to escape from his fate of being devoured. This process could be said to be extremely dangerous, and caused one's scalp to go numb. The Divine King was like a drowning person, holding onto Long Chen tightly as he wailed incessantly, almost losing control of himself in fear.

"The mouth of the Fiendgod!"

In that instant, Long Chen looked down at the depths of the devil god's mouth. It was an endless darkness but there was a terrifying aura revolving around it, it was just like a devil's mouth that didn't reach the mountain, or one of the countless mouths of the mountains. Only, this feeling of devouring couldn't help but make Long Chen think of the Eclipse clan.

"The Divine Demon Zhou Shan has existed for too long. It's a pillar of heaven that supports the entire Myriad Realms. It shouldn't have anything to do with the Eclipse Tribe. I might be overthinking it."

Long Chen heaved a sigh of relief, dragging the Divine King who was wrapped around his body like an octopus, and rushed out of the mouth of the god and devil. After they left the mouth of the god and devil, the mouth gradually closed, and the vast array formation disappeared.

Long Chen threw the Divine King onto the ground.

"Father!" Mother! Your son almost lost his life! " The Divine King was still scared to the point of paleness. His entire body was trembling and he was still crying and howling.

Long Chen and Mo Xiaolang stood in front of him, and upon closer look, it should be a tall and fat Divine King. He had a fat head and big ears, a swollen lower abdomen, and his eyes were not big as they narrowed into slits.

"Stop screaming. The Fiendgod mouth has already closed. " Long Chen said.

The fat Divine King opened his eyes wide and looked at Long Chen. He immediately jumped and half kneeled in front of Long Chen, and said with a weeping voice, "Thank you, Sir, for saving my life! I am the King of Light Wind! My friends call me Old Pig, may I ask your name? Your Excellency saved my life, so I will definitely repay you! "

Light Wind?

This name did not match his physique at all, just the opposite.

Old Pig's nickname suited him quite well.

After saying that, the King of Light Wind raised his head in shock. He looked at Long Chen, and knew that Long Chen had saved him just now.

"It's impossible for the Divine Monarch to charge into the mouth of the god and drag me out. Only the Divine King of polar state has such power, he must be a level higher than me. Yet, he was able to hide it from me. Even I am unable to see through him. King of Light Wind thought.

"Stand up and speak." Long Chen just so happened to need him. The Fiendgod mouth had helped him.

"Just call me Yang Chen. Old pig? I do need your help. " He went straight to the point.

King of Light Wind immediately asked: What orders do you have for me, Senior Yang Chen?

"I want to go to Battlefield of Divine Devil. Take me with you." Long Chen said.

King of Light Wind thought that it was some big matter, but when he heard that, he laughed and said: "This is a small matter! I was originally returning to the Battlefield of Divine Devil, but then I coincidentally bumped into this damned god demon's mouth, which is our road ahead of us. Master Yang Chen is so strong, but he has never been to the Battlefield of Divine Devil before.

Long Chen nodded. In order to repay the debt of gratitude that he owed for saving his own life, this King of Light Wind was able to understand some of his problems.

"Yes, this is indeed my first time here. Let's hurry on, there are still a lot of questions I need to ask you on the way. "

King of Light Wind understood.

Long Chen had a reason for saving him, he needed to find a passerby. Of course, the King of Light Wind did not feel that there was anything wrong with that at all. After all, the Divine Spirit was not the Zhou Mountain, and in comparison to life, asking for directions was simply too insignificant. To save someone in order to ask for directions, in the Demonic God's Zhou Mountain, this was considered a very good deed!

With the King of Light Wind leading the way, the three of them accurately headed towards the direction of the Battlefield of Divine Devil. They passed through layers of desert and rushed through endless black mountains.

On the way, King of Light Wind introduced them to Yue Yang excitedly.

"Don't you know what a king level Battlefield of Divine Devil is? That's right, that was a Creation Divine Artifact with a 'Eternity'! His master was a Divine Emperor from the Star Alliance! It was said that the Divine Emperor was among the The Diremonster Battlefield of the imperial level s of the Divine Emperor Region! Eternity, the seventh stage, was indeed terrifying enough! If that's the case, you want to ask, then what is the The Diremonster Battlefield of the imperial level then? That's right, the The Diremonster Battlefield of the imperial level is a rare 'primitive level' Creation Divine Weapon! Eighth level! Only the Hierarchs of the Tai Yi Shen Jing were able to control it! Legend has it that the owner of this The Diremonster Battlefield of the imperial level is one of the rulers of the Star Alliance! A supreme deity! You choosing to come to Battlefield of Divine Devil to break through your own limits is absolutely correct! "

Eternity, primitive level!

To be honest, the Everlasting Skystone was only at the seventh stage, but it was just a Chaos Treasures. There was still a gap between it and the Creation God Equipment, so the value of the Everlasting Stone was definitely not worth as much as this king level Battlefield of Divine Devil. There was even less of a need to talk about the The Diremonster Battlefield of the imperial level. The primitive level was the most top-notch Creation God Creation Art in the entire ten thousand realms.

Long Chen had the Origin Dragon Palace, and it was the ninth stage origin level, but their current maximum use was just to suppress the Divine Kingdom, that was all.

"I heard that the Demonic Zhou Mountain is at its peak, and there is also the battlefield for the Hierarchs. If this battlefield exists for a supreme Battlefield of Divine Devil, it shouldn't be at the ninth stage or origin level, right?"

Long Chen asked.

After Old Pig heard this, he laughed out loud: "You're really too funny, you even believe in words like that, in this entire Ten Thousand Worlds, origin level is only a legend, how can it exist. Supreme Battlefield of Divine Devil, this is just us making it up."

Chapter 2826 - Star Alliance

The King of Light Wind laughed happily, but Long Chen did not pursue the matter any further. After all, this thing could not possibly come out empty-handed. If it really existed, it was also something that the King of Light Wind couldn't touch.

Of course, to the current him, it seemed like the The Diremonster Battlefield of the imperial level and Primitive Creation Deity Equipment were all difficult to imagine. He didn't know what kind of power Tai Yi Shen Jing of that level would have when it was used with such a Creation God Creation Art.

Along the way, the King of Light Wind began to tell Long Chen all sorts of details about king level Battlefield of Divine Devil.

"A king level Battlefield of Divine Devil has a total of two hundred floors. The lower one hundred floors had a total of thirty to forty thousand Godkings from the ten thousand worlds who had gathered here. Challenge here, battle here. As for the top one hundred floors, every level is occupied by a peak level God King. The higher level it is, the higher the God King's ranking is.

Long Chen nodded slightly.

King of Light Wind slapped his thigh and said, "It's here! Only those in the top 100 could enter the Divine King Rankings. Only those in the top 100 could enter the king level Battlefield of Divine Devil s. From the top 100 to the bottom of the Divine King Rankings, they were respectively ranked first on the Divine King Rankings! The first rank on the Divine King List is at the top of the Battlefield of Divine Devil. When you reach the Battlefield of Divine Devil, you will be able to see their names. The Divine King's Ranking is the top 100 floors of Battlefield of Divine Devil. "

Long Chen understood.

There were a total of two hundred floors. A hundred floors below were where the battles took place.

The top one hundred floors were the Divine King Ranking, and each of the Divine King Ranking occupied one floor.

Long Chen asked: "Then, if the Divine King on the Divine King List was challenged and lost, would he retreat to the next level?"

Old Pig laughed mischievously. "This is indeed your first time asking such a question! The truth is that it is different from what you imagine. If the Divine King lost the battle, then the victor would immediately belong to the loser's ranking, but the loser would not fall to the next level. Instead, he would just withdraw from the Divine King's ranking and fight his way out of the first level of Battlefield of Divine Devil, only then would he be able to return to the Divine King's ranking. "

"So that's how it is." Long Chen nodded his head, looks like if he did that, he would be able to avoid all the trouble. Those who were able to reach the top of the Divine King Ranking and gain fame were all true powerhouses. For the sake of assailing a madman at the Divine Emperor Realm!

At this point, Old Pig became somewhat fanatical! He said, "There's one more thing. It's actually quite difficult to challenge the Divine King! The Divine King Ranking had existed for a very, very long time. Up until now, those who occupied the top 100 rankings of the Divine King Ranking were the most terrifying Divine Kings of all worlds! They had all gone through countless battles, fought their way out from the bloody winds and rain, and received countless challenges and trainings. In fact, let alone the top hundred, the fact was that all of the top thousand in Battlefield of Divine Devil had the same level of Extreme Realm God King. After all these years, other than those who had reached Divine Emperor, the most elite Divine Kings s were still gathered at the Divine King List. And there was one more thing. If one wanted to challenge the Celestial King, they had to fight their way out from the tens of thousands of other Celestial Kings. Every month, there would only be one quota to challenge the Celestial King Board! Therefore, it's not that easy! "

This Battlefield of Divine Devil actually had over a thousand Extreme Realm God King.

If one were to carefully imagine it, it was indeed very powerful. After all, the World Tree only had ten Extreme Realm God King s.

In the past, the Dragon Sacrifice Continent did not have a single spirit.

Forget about the entire Ten Thousand Worlds, the strongest Divine Kings in the Ten Thousand Worlds Northern Territories would definitely be gathered here. To be able to be ranked on the list of Divine Kings, every single one of them was indeed a person who had reached the pinnacle of perfection.

"Rumor has it that among the top ten in the God King Ranking, every single one of them might have battle prowess comparable to a Divine Emperor, and there might even be some who possess Hun Yuan ranked Creation God Equipment! One person alone could defeat the combined Extreme Realm God King of ten people who were not on the Divine King List! That is why the Divine King's List is definitely the location of the most monstrous of all Divine Kings in the entire Myriad Realms. "

Old Pig was the Perfection Divine King, so he naturally did not have the chance to challenge the experts on the Divine King Board. Towards those experts on the Divine King Board, his only attitude was naturally to worship them. To tell the truth, almost all of the Gods and Demons here were trying to break through their limits. The ones who had done the best in this field would definitely be the God King Board!

"My dream is to become a Divine Emperor! Then, I will return to my homeland, lead my homeland, and charge towards the 'Hun Yuan rank'! Of course, this is only a 'Genesis'. " Old Pig chuckled. This was an interesting fellow.

Listening to Old Pig's description, Long Chen calculated that his fighting strength should be able to enter the Immortal King Board. With the Immortal Sword Magic Tower, he should be able to get close to the top 20. It was impossible for him to be in the top ten, because there was no way he could be a match for the Divine Emperor.

"If I could obtain Taiyu Deity, then it would be much better." Long Chen thought in his heart.

"Brother Yang Chen, do you want to challenge the God King Board?" Old Pig asked curiously.

Putting Li Xuanji aside, Long Chen's goal this time was the God King Board. If he were to fight with an expert, then he would be stronger! And with Li Xuanji, if there was no conflict, then he needed to challenge the Divine King List even more, because he wanted to become strong! Only power could solve everything!

"Yes." Long Chen nodded.

Old Pig opened his mouth wide, he admired Long Chen, and said: "You are truly bold, but with your strength, you will definitely have the chance, and may even succeed, when that time comes, your name will become famous, and it will shake the entire world, don't forget about me!"

He was probably older than Long Chen by a lot, but he had the nerve to call Long Chen his brother now, calling him brother.

"However, when we get to Battlefield of Divine Devil, I suggest you to keep a low profile and start from the beginning. Once you have a clear understanding of your opponent's strength, you can attack.

"Star Alliance?" This powerful organization had once again appeared in front of Long Chen.

"Mn, you should know that the Star Alliance is the strongest organization in the northern part of the Myriad Realms. The alliance of the Five Great Regions is the strongest power here, the God Demon Zhou Mountain." There were so many experts in the Battlefield of Divine Devil. If there wasn't someone controlling them, it would be impossible to maintain a stable order, and the Star Alliance was in order to maintain a stable existence. All sorts of battle arrangements are handled by the Star Alliance s, and there are even king level Battlefield of Divine Devil s who are secretly maintaining order, just that they did not show themselves publicly! "

Long Chen thanked Old Pig.

Knowing this, he understood the importance of being cautious in the Battlefield of Divine Devil. If it was one of those Divine King Ranking Divine Kings, he wouldn't be able to kill Long Chen. However, this might not be the case for the Divine Emperor. In Battlefield of Divine Devil, there was still someone that could threaten his life.

"Of course, you don't have to worry at all. It was because Battlefield of Divine Devil had rules that allowed him to become famous in the entire Ten Thousand Worlds, and attract experts from all over the world to come to this place. All the strong will also maintain order on their own. For example, in the Battlefield of Divine Devil, it was forbidden to fight to the death in private. If there was a conflict, it was fine to just fight, but if there was too much of a commotion, even if there was a fight to the death, it would still be punished. Star Alliance will also follow this rule, which means, as long as we are in Battlefield of Divine Devil, and do not participate in battles, we will not have to worry about our lives! "

Outside of Battlefield of Divine Devil was the hunting grounds.

Inside Battlefield of Divine Devil, it was a place where people competed and fought for fame and fortune.

With Old Pig's help, in a short few days, Long Chen had become very familiar with the Battlefield of Divine Devil. At this time, he already had the qualifications to enter the Battlefield of Divine Devil, so he didn't hesitate any longer. To enter the Battlefield of Divine Devil, one had to first obtain the Demon God's Token, and the Demon God's Token had to be obtained from the Star Alliance. As long as they were the Divine King, they could be obtained and used as registrations.

With so many Divine Kings in the Battlefield of Divine Devil, this was a good opportunity to hone themselves. Not only Long Chen, Mo Xiaolang, Zhu Xi, Yang Lingqing and Su Yan wanted to participate in the battle and temper themselves in the process. Ling Xi, on the other hand, only studied Spiritualism s. So the five of them prepared to go collect the Demon God's Token together.

With Old Pig's speed, about ten days later, they finally reached Battlefield of Divine Devil.

It was a pitch black pillar that supported the sky, and deeply rooted itself into the Divine Spirit Realm's Zhou Mountain. The pillar pierced deep into the clouds, and extended into the endless sky! Obviously, if the Battlefield of Divine Devil was pulled out, it could be used as a stick.

The upper half of this pitch-black Sky-upholding Pillar was the location of the Divine King List. Faintly, when they were very far away, Long Chen could already see the names of a hundred people altogether. From top to bottom, these names pierced through the black mist, shaking the entire world! Different words represented different rules! The Myriad Realms God King wanted to carve his name onto this glorious land!

The name of the highest floor was something many people yearned for!

With regards to the Divine King Ranking's rank 100, every single one of them were not easy to deal with. Long Chen had plenty of time to get to know them well.

However, he still had to fight in the lower hundred levels.

"On the bottom one hundred levels, every victory will result in an increase in level. Every defeat will result in a decrease in level. Only by consecutively defeating a hundred matches, defeating a hundred opponents who also wanted to rise up, would he be able to reach the 100th level. Then, every month, the final victor would have the chance to challenge the Divine King Ranking! With this mechanism, to be honest, the Celestial King who finally had the chance to challenge the Celestial King's ranking was definitely an outstanding talent! After all, starting from the 80s, it is already the world of Extreme Realm God King. "

Old Pig said with great yearning.

"I'm ashamed to say that Old Pig is only at level twenty at the moment. The experts here are really too desperate. "

Long Chen asked: "Can the Divine King of the upper echelons come down as he pleases? And leave the Battlefield of Divine Devil? "

"Anyone can leave the Battlefield of Divine Devil at any time and go out to hunt, as long as they don't leave the mountains of the Divine Spirit Realm. In addition, the lower level Celestial Kings could not go to the upper levels, but the upper levels could come down to watch the battle at any time. For example, I can stay on the first floor. The first floor has the most people, of course, to you guys, it's very simple, Old Pig will bring you guys to pick the Demon God's Token right now. "

## Chapter 2827 - Demon God's Token

Approaching the Battlefield of Divine Devil, he realized just how big it was. After all, this was a battlefield that contained tens of thousands of Celestial Kings.

According to Old Pig, there were hundreds of God Kings on the first level alone. Each God King would definitely occupy quite a bit of space.

When they arrived at Battlefield of Divine Devil, they discovered that this Battlefield of Divine Devil was an extremely tall city, as if there were countless other cities piled up together.

"Eternal Creation Divine Artifact!"

From his appearance, Long Chen really could not see anything.

Looking at it from close up, it seemed more like an ancient building that had lived for countless years, filled with the vicissitudes of time. It was simple and heavy, without the domineering and domineering feeling of a Creation Divine Tool. It was different from Long Chen's Immortal Sword Demon Pagoda.

God Slaying Sword, Demon Suppressing Pagoda!

A sword and a pagoda, this was almost the most perfect combination.

There was only one entrance to the Battlefield of Divine Devil. It was the first and lowest level of the Battlefield of Divine Devil. As for the location to obtain the Demon God's Token, it was not far away from the entrance. Although there were tens of thousands of Gods and Demons in the Battlefield of Divine Devil, the entrance was extremely deserted and devoid of people.

Old Pig brought Long Chen and the others to the place where they could obtain the Demon God's Token. This was the most initial registration. Only by registering here could they begin to participate in the battle.

No matter what name he changed, Di Jun would probably be able to recognize him. Long Chen was too lazy to change his name, he directly made them use their real names. In any case, he wouldn't stay in the Battlefield of Divine Devil for too long. After a year or two, he would have to leave immediately.

The Ten Thousand Worlds was so vast. Who knew how long it would take for them to catch up?

At that time, Long Chen might not be weaker than him!

This was the first time Old Pig had seen Zhu Xi, Yang Lingqing and Su Yan. Suddenly, three little beauties appeared, causing his face to turn completely red from impatience, and he said, "They're all God Kings of Perfection, admiring, admiring! The two of you are really lucky! "

Long Chen said: "Don't speak nonsense, it's all my sister."

"AHH!" "Good sister, good sister!" Old Pig did not dare to look any further, and quickly led the five of them to the place where they could obtain the Demon God's Token. It was a wooden house beside the Battlefield of Divine Devil. In the wasteland, there was a fresh wooden house there.

"Who is it?" Before he could get close, a cold female voice came from the wooden house.

"Masters, I am King of Light Wind, and I have brought five Divine King friends with me. They wish to receive the Demon God's Token and enter the Battlefield of Divine Devil to challenge us, and I hope that the three masters can help out."

Old Pig bowed and said very politely.

"Five? There are only four of them, I think. " A lazy male voice came from the wooden house.

The old pig knew that it was Long Chen he was talking about, and he immediately laughed: "My three lords, you do not know, that this Celestial King hid his strength and overcame us. Honestly speaking, this time I met a god or devil's mouth, and almost lost my life. His strength is unfathomable! "

Just as he finished speaking, the wooden house creaked open with a creak. It was a complete mess, Old Pig immediately thanked him and led Long Chen and the others into the wooden house. The wooden house was a small world, about the size of the Three Great Imperial Domains.

The man was valiant and the woman was cold and elegant. The white godly armor he wore was a divine creation artifact, and it was extremely exquisite, making the two of them look even more noble. On the left side of his chest, there was a relief carved with the word "Sky", it was extremely domineering, and there was a hint of divine might.

These two should be the people from the Star Alliance.

"Qingfeng, greets Master Di Yang and Master Fan Qing." Old Pig bowed respectfully, also urging Long Chen and the others to bow.

Although these two were just Perfection Divine Kings and were of the same realm as the King of Light Wind, they were the people who handled the affairs of the Star Alliance, and were in charge of handling the Demon God's Token, so they naturally could not offend them. Otherwise, they would not give you the Demon God's Token and you would not be able to enter the Battlefield of Divine Devil.

Old Pig had long warned Long Chen and the others about this.

It was just a small matter, so Long Chen and the others bowed.

The five of them, could be considered as forceful and forceful, especially the three young girls. They all had different temperaments, and were very young, yet they had all reached the Taizhen Deity Realm, and were all considered quite special. They were extremely dazzling, Su Yan was cute and quiet, Zhu Xi was lively and passionate, Yang Lingqing was quiet and decisive, it was very difficult to not attract people's attention when put together.

The lady at the side was Fan Qing. Seeing Di Yang like that, she was slightly displeased, her gaze finally sweeping across Long Chen's body and asked: "King of Light Wind, the expert you're talking about, saved you from the mouth of the gods and devils, is he speaking about this? You should know that the Divine Monarch is unable to get her king level Demon God's Token and can only enter the Battlefield of Divine Devil to fight. "

Old Pig laughed and nodded, then said: "Master Fan Qing, that is correct, I can guarantee with my life, Sir Yang Chen is indeed powerful."

Fan Qing shook his head, and said: "It is not up to you to decide whether or not one is strong. To save a person from the mouth of a god or devil, only Extreme Realm God King could accomplish this. If you say he is a Extreme Realm God King, then he is a Extreme Realm God King? Of course I cannot believe it, although there has never been a rule to test others, if he insists on entering the Battlefield of Divine Devil, he still has to display her abilities. "

Old Pig paused for a moment, then said: "Master Fan Qing, this isn't good, if he is injured ... .."

"How dare you!" Fan Qing reprimanded angrily, and said: "Can you even hurt us? I'll do it myself. "

Seeing her disdainful attitude, she would not believe it if Long Chen did not reveal his true strength. Old Pig had said long ago that of the three masters working here, Fan Qing had the worst temper. Many of them had come here to make things difficult for her, but she only had the Star Alliance as her backing, so no one bothered with her.

"Fan Qing, let me do it! Rest easy, don't be too angry, this old pig can't talk. " Di Yang was not bad, with a face full of smiles, she pointed at Long Chen and said: "This' expert ', let me, Master Di Yang, test your abilities. If it's really that terrifying, I will immediately send you Demon God's Tokens."

"Old Pig is exaggerating too much. However, I still have the strength of a Divine King." Long Chen nodded with a smile, but did not say much.

"Very good."

Di Yang was the Perfection Divine King, she could not stay idle the entire time. If not for the mission being there, he would have entered the Battlefield of Divine Devil to fight.

Fan Qing stood at the side with a gloomy and cold expression.

Attack!

Di Yang made the first move.

In a flash, he rushed towards Long Chen with a lance in his hand. It was actually a God Manifestation Weapon with Order-level! For the Divine King of Perfection to possess a Creation Divine Artifact of Order-level meant that her status was already pretty good!

"Whiz!"

The long spear stabbed forward!

Life-Extermination Spear.

Di Yang was naturally very confident in her spear. However, when he neared Long Chen, she discovered that this fellow still maintained his composure, and a smile hung on his face. Suddenly, his eyes changed, and instantly turned pure white.

"What's going on!"

When he raised his head, he saw that his long spear was actually in the hands of Long Chen, who was currently trembling and struggling in Long Chen's hands, attempting to escape Long Chen's control.

At this moment, there was complete silence.

Actually, he didn't know what Di Yang was doing just now, but the others could see that she was being controlled by Long Chen and had personally gifted the spear to Long Chen. If Long Chen was going to deal with him, in that instant just now, he would have been injured and even killed.

Di Yang was confused. When he saw Old Pig's surprised expression, she finally understood, although it was just for an instant, although she did not understand anything, but she was sure that she had lost!

"A miracle!" Di Yang said in disbelief.

On the other side, Fan Qing had also said before that he wouldn't be harmed by Long Chen, and this matter was immediately resolved. It was as if she had been slapped in the face, causing her to feel very uncomfortable.

"Not bad, you definitely have the strength of Extreme Realm God King. I look forward to your challenge on the Divine King's List! I'll register you right now and give you Demon God's Tokens." Di Yang laughed and said.

"Wait!" Fan Qing shouted angrily, the crowd looked at her with puzzled expressions, then she said: "According to the rules, Divine Monarchs are Divine Monarchs, you cannot take Demon God's Tokens."

Unable to speak for Long Chen and the others, Di Yang sneered: "Fan Qing, we work for the Battlefield of Divine Devil, can you keep your temper? It is not for you to quibble that we speak the truth. If you are dissatisfied, then complain to 'Shixiong Tianyu', aren't you doing what you often do? "

Fan Qing fiercely glanced at him and said: "You're really good. To embarrass me in front of others. Di Yang, I won't let you off this time." Finished speaking, she turned around angrily and left.

"Don't bother with this crazy old woman. She likes to bite people everywhere she goes. There are so many people who couldn't even bite enough. I really can't take it anymore." Di Yang laughed without care, and then, he excitedly followed after Long Chen, and unceasingly asked: "Just now, what rule did you use to defeat me?"

"I can't say, ah, I won't say. Yang Chen, what is your goal in coming to Battlefield of Divine Devil?"

Next was the Demon God's Token.

All five of them obtained their Demon God's Token, and their information and names entered the records of the Battlefield of Divine Devil.

"Yang Lingqing, Bai Su Yan, Zhu Xi! These were all good names! Mo Xiaolang? Di Yang's most direct reason for ingratiating himself to them was these three girls.

The Demon God's Token was done.

"Five of you, it's rare to meet you, so just make friends. If you encounter any trouble in the Battlefield of Divine Devil in the future, you can come find me, Di Yang. Although I cannot help much in terms of strength, I am a member of the Star Alliance." When Long Chen and the others were preparing to enter the Battlefield of Divine Devil, Di Yang waved his hand at them.

## Chapter 2828 - Demonic Sky Star

Old Pig came out of the wooden hut and directly brought Long Chen and the others to Battlefield of Divine Devil, who was known to the entire world as Yun Xiao.

Once the people of Battlefield of Divine Devil went out, in order to avoid being targeted by others, they would usually quickly leave.

The Battlefield of Divine Devil was a territory with a radius of hundreds of thousands of metres, and killing was prohibited. It was the same as the rules in the Battlefield of Divine Devil. Long Chen and the others safely stepped into the Creation Divine Artifact of Eternity. It was the first Creation Divine Artifact of Eternity that he had ever seen.

Seventh rank!

This was someone else's Creation Divine Artifact, and it was equivalent to walking into someone else's cage, and it was also a Divine Emperor with polar state.

A person close to a Sovereign God.

If he had a thought, killing the Fiendgods of this king level Battlefield of Divine Devil would be as easy as pie.

Of course, he could not do that, after all, Gods and Demons did not rule Zhou Mountain, and there was a rule, Star Alliance also had to care about reputation. Above Extreme Realm Divine Emperor, there were obviously stronger existences controlling everything.

So for the current Long Chen, not only was he not in danger after stepping into the Battlefield of Divine Devil, he was instead safe.

This was because the Divine Emperor could intercept and kill him whenever they wanted to outside. However, once they entered the Battlefield of Divine Devil and obtained the approval of the Demon God's Token, they would receive protection from the Star Alliance. Under normal circumstances, the Star Alliance would not allow other Divine Emperors to intrude into the Battlefield of Divine Devil to kill people.

The fact that the Battlefield of Divine Devil could not fight on her own was a rule that had never changed since ancient times.

The first thing Long Chen and the others did was to walk through a pitch black and lengthy tunnel. On both sides of the tunnel, it looked like an endless void, and further in, they could sense the auras of a large number of experts, all of them gods and devils of Taizhen Deity Realm.

"It's very depressing here." The moment he stepped into the Battlefield of Divine Devil, Long Chen felt it. As expected of the Creation Divine Artifact that was controlled by someone else, Long Chen felt that his life could be taken at any moment.

At the same time, perhaps because of the years of battle and the battles itself, a strong, passionate and suffocating battle qi was born in the Battlefield of Divine Devil. If an ordinary Divine Lord were here, they wouldn't be able to withstand this sort of intense suppression. They wouldn't even be able to move.

There was also a vague sense of bloodlust and killing intent.

This must be the place to fight.

The winner soars to the sky while the loser tries his luck.

He had finally stepped into the Battlefield of Divine Devil.

In front of him was an endless black void.

This is the first floor of Battlefield of Divine Devil.

Of course, for Long Chen and the others, what they saw now was not the first level, but the entire world.

From this, it could be seen how huge this Battlefield of Divine Devil was.

"This is a place of casual activity. The Battlefield of Divine Devil on the first hundred floors had a total of two special places to go. The first was a place to rest and cultivate. For the Divine Kings to cultivate and comprehend the rules, only one person would be able to enter each cultivation room. Furthermore, once someone enters, they would be sealed away, not allowed to be disturbed by others. If any of you

do not wish to fight, you can go to the training room and carefully meditate and meditate on the Divine Path. The second special location is naturally the core of every level of Battlefield of Divine Devil, and it is the true location of the battlefield. Every level of Battlefield of Divine Devil has a place like this, and it is right in that direction. "

Following Old Pig's instructions, everyone looked over. This was the only point of light in this black void. It looked like a giant star, very magnificent. If they looked closely, they would definitely see that it was huge.

"That is the core of the Battlefield of Divine Devil, called 'Demonic God Star'. Generally speaking, when the various Divine Kings first submit an application, they can also do so and wait for the Star Alliance to arrange for the time and opponents to enter the Heavenly Demon God Star Realm, only when the Divine Kings is watching the battle, can the victor be determined, and only then can they leave the Heavenly God Star Realm. During the battle, no outsiders are allowed to enter the Heavenly God Star Realm. Otherwise, I will be expelled from the Battlefield of Divine Devil and will never be able to enter. The Battlefield of Divine Devil is a game for the brave, and one needs the support of others to help them.

Old Pig was filled with respect towards this Fiendgod Star Fiendgod as well.

"How do I submit an application?"

Mo Xiaolang asked.

Old Pig laughed mischievously, and said: "It's simple, there is a 'cabin' right beside the Heavenly Demon God Star. It's consistent with the wooden house outside the Battlefield of Divine Devil, it's the office of the Star Alliance, if you have an agreed opponent, you can register there together. All you need to do is to take out your respective Demon God's Token, and the agreed time for the battle. The Star Alliance will arrange for you to win, of course you can also bet on the spot, and the Star Alliance will supervise you, if you only want to fight as you please, without an agreed opponent, then immediately submit your application, and the Star Alliance will arrange for an opponent to fight with you in the same manner, and after that, they will notify you using the Demon God's Token. "Of course, generally speaking, those who do such a thing are those who are powerful and courageous."

Everyone understood. It was very simple.

Long Chen and the rest of them were naturally here to fight as well.

"Take us to the training room first." There was still no one around, Long Chen said to Old Pig.

"Very much so." Facing this savior, Old Pig was very cordial and actively hugged his leg.

On the way, Long Chen asked him softly.

"Old Pig, I want you to ask around for two people."

Old Pig was startled, all the way while they were at it, Long Chen was being cautious, he had already asked too many questions, and now he was even asking about people, so he should have missed it. Naturally, he was willing to answer the questions for Long Chen.

"First, her name is Tian Jingxue, Extreme Realm God King, does she have any background?"

"Tian Jingxue?" Old Pig was surprised. "How do you know this wicked woman?" She came from the Endless Divine Clan, so her power was considered average within the Extreme Realm God King around seven to eight hundred, but her heart was very vicious. With some tricks and no background, she actually had a few male Divine Kings with decent strength who were willing to work with her, and amongst them, there were rumored to be people from the Divine King List supporting her. We don't dare to offend people like them. "

Back then, when Tian Jingxue left, she had threatened Long Chen with something, so Long Chen asked casually.

But now, it sounded like it wasn't worth worrying about, as long as he only had a friend on the leaderboard. Long Chen was slightly afraid of the top ten in the Divine King List, or perhaps the Divine Emperor s.

"What about the second person?" Old Pig asked.

Actually, this was what Long Chen really wanted to ask.

"Did you know that Li Xuanji is in this Battlefield of Divine Devil?"

"Li what?" Old Pig opened his eyes wide, and didn't really understand what Long Chen was trying to say. Long Chen repeated the words twice, and then, he finally shook his head and said, "Big bro, if it's the

Perfection Divine King, I'm afraid I would know thousands of people, and I would recognize almost all of the Extreme Realm God King. However, Primal Realm King has tens of thousands of people, and most of them are newcomers. This Li Xuanji you're talking about, I have never heard of before. "

"Oh!"

It seems that she was either very ordinary in the Battlefield of Divine Devil or she was in a relatively mysterious position. Long Chen had yet to gain a foothold in this place and did not plan to act recklessly. He knew how anxious he was to know what was going on with Li Xuanji, but he had to be cautious at the moment. Li Xuanji wasn't even convenient to talk with him, so she naturally couldn't be reckless, but she was certain that there wasn't anything big happening to her at the moment.

She was not a person who did not know her limits, so she naturally knew what kind of person Long Chen was.

Next, Old Pig brought Long Chen and the others to see the cultivation rooms. Each cultivation room was like a small world, it was extremely spectacular.

"We are under the watch of the Divine Emperor, so we have some secrets, we have to be careful, and not reveal them." Long Chen warned the three little girls.

Su Yan, Yang Lingqing and Zhu Xi all nodded heavily.

In fact, they were the same as Long Chen, also wanting to advance urgently. Helping Long Chen could also be considered helping himself.

Long Chen planned to watch for a few more days. Mo Xiaolang said, "Then, I'll go first. "Let's see what level we'll eventually reach."

Truthfully, these ten or so floors were not a threat to him at all. The truly difficult opponents would definitely appear after the 40th or 50th floor. Those would only appear after a dozen battles.

Mo Xiaolang longed to fight with them!

Maybe Long Chen needed to take charge of the situation, but they only needed to fight.

"Let's start off with our small team!" Long Chen said with a smile.

"Great, I, Old Pig, will lead the way!" Old Pig still didn't know about Mo Xiaolang's strength, he only thought that he was an ordinary initial state Demon King.

Including Old Pig, there were a total of six Divine Kings with Perfection. The majority of them were Primal Realm Kings on the first floor, so either they had just arrived from the outside, returned from hunting or came down from above. No matter what, they could not deal with them.

From their eyes, they could see indifference and a gaze that was like cold light enveloping their entire group. It was obvious that during the long years of fighting in the Battlefield of Divine Devil, the Divine King here was more direct, more passionate, and more unyielding.

Along the way, Long Chen saw hundreds of Divine Kings, and among them were those who came down from the top. However, they were all hidden in the shadows as they coldly looked at the group of new arrivals, and now that they had been noticed, their information would naturally be known to people who needed to know it within a short period of time.

What was the purpose of the first level's Celestial King?

Naturally, he would go to the second floor.

The first level was a loss of face.

As long as he defeated an opponent, he would be able to make it to the second floor.

Sometimes, when one's strength was insufficient, one could only find a soft persimmon. As such, if there was a soft persimmon, the crowd would try to rob them into fighting him.

As such, they paid special attention to the rookies.

However, this time, the rookies were too strong and no one dared to move.

The three beauties were too eye-catching, causing the audience to no longer care about how Long Chen, the Divine Monarch, was acting so arrogantly inside the Battlefield of Divine Devil. Even if Divine Monarch had infiltrated in the past, she would only dare to stay in the Divine Kingdom.

On the Divine Demon Heavenly Star, there were two Divine Kings fighting intensely. These people were originally watching the battle, but now that they were staring at Long Chen, no one was interested in the people on the battlefield anymore.

Long Chen took a few glances, and realized that the two Divine Kings of initial state had an outstanding grasp over the rules, their attacks were ruthless and tough, even though they had fought until they were extremely weak.

"Big brother, I'll go register first."

Mo Xiaolang moved, heading towards the wooden house.

He was the only Primal Realm King in this group, he was the only character they could handle, and now that he was participating in the battle, and was even going up on the stage by himself, it was clear that if they fought, they would be his opponents, and there was a high chance that they would be able to get rid of the first layer of humiliation!

"Attack!" For a moment, many people followed Mo Xiaolang.

"Brother, I'll fight with you, and we'll bet Genesis on Genesis. How about it?"

"I am the Creation Divine Artifact of the 'Genesis'! It is the weapon that I am using now, do you dare? "

He had even taken out a weapon. This was a real fight.

Mo Xiaolang did not bother with them and returned the Demon God's Token to the hut.

"You can fight at any time. "No bet."

After settling the matter, he left. When the rest saw that he was so straightforward, they were all stunned for a moment. After all, those who dared to do so were either fools, or they had absolute confidence in themselves.

"Scram, I'll do it!"

Just at this time, a loud shout rang out, causing the Divine Kings's troops to disperse. A tall man whose skin had turned ashen, yet had blood-red veined patterns all over appeared outside the wooden house, and no one dared to approach him.

"Why is he on the first floor? When did you get down? " The crowd became noisy.

Chapter 2829 - Furious Blood Demon Art

This was a devil.

Fiendgods did not form a part of the mountain. The ratio of Deities to Deities was, of course, greater than Fiendgods.

Mo Xiaolang cultivated the demonic way, and was also a demon. The number of demons in the Allworld was not as great as the number of Deities.

Of course, the and Demon King were different from each other.

A normal demon spirit, like Mo Xiaolang, had only experienced the transformation of a black world's tree into a demon, and didn't have the form of a Primordial Demons. It was only then that Long Chen found out that the group of Primordial Demons that had been sealed on the devil star was indeed a very special group of Primordial Demons.

Mo Xiaolang this kind of demon, was actually a type of god. If they were to be subdivided, they were more like gods, and not Primordial Demons s. The devil that Long Qinglan had once told him about, the devil created by the Devouring Sky Clan, should be the Primordial Demons.

For example, the hundred thousand demon spirits in the God Slaying Sword were demons that were close to god. not Primordial Demons. The Primordial Demons was like a different kind of creature.

Of course, their names were also Archaic Giant Demons.

Long Chen received the God-Slaying Sword, the Demon Suppressing Pagoda. After all, the death of Great Monarch Donghua a few days ago had caused a huge uproar in the entire Divine Spirit Realm. If there

was not sufficient preparation, the sudden appearance of these two Hun Yuan grade God Creation Equipment in the Battlefield of Divine Devil would bring about a great deal of disadvantage for Long Chen.

"I came to challenge you on behalf of the 'Blood Frenzy'."

The moment Mo Xiaolang walked out, the muscular man with bloodshot eyes and a body as sturdy as a gray boulder, growled at with a voice as if he was rubbing steel. When he headed towards the wooden house, no one dared to stop him. It was clear how high this person was on the first floor.

obviously did not care about a Demon King with only initial state.

However, because this was the first time he had seen a demon in the boundless universe, he had only looked at it a few times. Actually, there wasn't anything strange about it. There was a huge difference between him and the Ancient Giant Demons, for example, when compared to Su Yan's current body, there was a huge difference. Mo Xiaolang's devil and Nuwa's devil were completely different.

"Blood Frenzy!" He seems to be serving the Star Alliance. Someone from Fan Qing, this guy can at least make it to the tenth floor. Old Pig's expression was ugly. He knew with just his butt alone that Fan Qing, this narrow-minded guy, had already taken his revenge after just a short while.

"Brother, don't let Mo Xiaolang fight with him. This guy is ruthless, his opponent has been tortured very miserably, and he can be considered a terrifying person in the next few floors. To be honest, if I were to meet him myself, I would even have a headache."

Old Pig said nervously.

The surrounding Divine Kings all retreated, they were all paying close attention to the commotion, obviously they were very interested.

"No worries, you've underestimated my brother." Long Chen, Yang Lingqing and the rest were already outside of the Divine Demon Heavenly Star. Honestly speaking, there was no suspense in such a battle, but Old Pig and the hundreds of gathered Divine Kings did not believe them.

"There are a few among these people who are Perfection Divine Kings, and their backgrounds aren't small, but Xue Kuang wouldn't go so far as to go after them for no reason. Could it be that they have offended the Star Alliance?"

"This is going to be a good show." I'm afraid that the black-haired teenager is too pitiful. To be able to become the opponent of the Blood Wild Demon King and receive the attack of his' Blood Enmity Art ', he will not be able to recover until ten thousand years have passed. "

When Blood Frenzy made the application in front of the wooden house, the other God Kings spread out to watch. They were prepared to watch this battle.

At this time, among the two Divine Kings that were fighting on the Divine Demon Heavenly Star, one of them had lost. In truth, they were also aware of the situation here and wanted to end the battle as soon as possible.

"Next battle!" Mo Xiaolang against Blood Frenzy, since both sides did not have the time to ask for it, they could just go ahead and do it. Please descend upon the Fiendgod Heavenly Star. "

Very quickly, the voice spread throughout the first level of Battlefield of Divine Devil.

"Blood Frenzy?" Upon hearing this name, many of the Divine Kings who were still cultivating in their training rooms all came out, and quickly, a lot of people gathered in the Battlefield of Divine Devil on the first level.

Close to a thousand people, and all of them had Taizhen Deity Realm, it was truly spectacular! There were even some who came down from the upper floors to watch the battle!

Without saying a word, Mo Xiaolang rushed to the Divine Demon Heavenly Star, and landed on the huge planet. This place was hard enough, it was enough to resist their Divine King level attacks. Outsiders couldn't affect the battle either.

"Victory and defeat must be decided in the battle of Battlefield of Divine Devil. It is not counted as having conceded before the victor is decided. I request the two of you to do your best in battle. If one of you is found to be secretly releasing water, then you will be imprisoned for a thousand years. "

Such words came out from the wooden house again.

Maybe it was Mo Xiaolang's first time coming here, so he gave him a reminder.

This rule was different from ordinary battles.

It could even determine life and death!

The appearance of the seal meant the start of the battle!

"Blood Frenzy!" "Blood Frenzy!" In an instant, hundreds of Divine Kings started shouting, their terrifying voices shaking the entire Battlefield of Divine Devil.

The atmosphere became tense and fanatical.

Hearing Long Chen's words, Old Pig's heart felt a lot more at ease. Seeing that Mo Xiaolang was so skinny, yet that Blood Frenzy had such a monstrous battle intent and blood energy, like a fierce beast or a lamb, with such a huge difference in aura, it was very difficult for him to believe that Mo Xiaolang could stop this Blood Frenzy's crazy killing intent.

Just when the Gods were roaring their hardest, Blood Frenzy bellowed out without a second word, the blood traces on his body shone with a sinister light, vaguely forming a picture of a blood skull. Sharp claws grew out from the fingers on his hands, and like a ferocious tiger, he charged towards Mo Xiaolang!

"Boom!"

In the blink of an eye, the two sides collided with incomparable intensity. The gods only felt a flash below them, and a scorching heat wave passed through the seal and rushed outside. It was flames! The Gods lowered their heads, only to see a flame explode right in front of Blood Frenzy's eyes. The power of the explosion instantly swept across more than half of the entire Fiendgod world!

Bang!

Xue Kuang let out a miserable howl and crashed into the inner wall of the seal. His entire body was charred black as it trembled uncontrollably.

Below, the flame energy instantly disappeared and Mo Xiaolang stood in place, his position still the same as before. To him, it was like playing a game.

"Thank you."

He cupped his hands and smiled.

It was clear that the outcome of the battle was clear, although Xue Kuang was not dead, his entire body was charred black, his divine body was severely injured, and he did not have any strength to fight in a short period of time. If Mo Xiaolang wanted to kill him, he would not even have a chance.

"They are all Divine Kings of the initial state! Yet there is such a disparity, a miracle! " Old Pig was ecstatic, he clapped heavily, breaking the silence in Battlefield of Divine Devil. This was Mo Xiaolang's first battle, so it could be considered Long Chen's first battle with his team! From today onwards, their charge would definitely cause the Battlefield of Divine Devil to tremble!

"In this battle, Mo Xiaolang won, rise to the second level!" The voice of the person announcing the results from the wooden house trembled. It was obvious that he was shocked by the result.

The seal on the Divine Demon Heavenly Star was lifted.

When Mo Xiaolang returned, he said: "Even though the first section is a bit simpler, but according to this Battlefield of Divine Devil's rules and mechanisms, those who are at the top dozens of floors and above, must all be peak experts. Furthermore, they are all people who specialize in battle and are the elite of the Realm of the Gods! To be able to fight against them, the amount of help he would receive would be enormous. This Battlefield of Divine Devil is indeed a good place. "

He had personally experienced it, so what he said was naturally the truth.

Long Chen laughed, then said: "Then from now on, the three of you can try again, but you all have to follow Xiao Lang, and can't run around, once Xiao Lang reaches that level, you all can follow him to that level, don't speed him up, understand?"

Yang Lingqing and the others also wanted to go and play, so they all nodded, and even Zhu Xi became obedient.

"Take it easy, don't make too much noise." Long Chen said to Mo Xiaolang.

Coming here, of course he had to let them go and train themselves. As for himself, he needed to stand from a contemplative standpoint to observe the Battlefield of Divine Devil, to observe the situation here and his own situation.

While they were talking, Divine Kings could not accept the fact that the Blood Frenzy had been defeated so quickly.

"To be able to do this, that youngster should at least be able to fight with the God King Perfection!"

"That's right! Probably similar to the other three girls. However, why did they all focus on the Divine Lord? It's strange, how can a Monarch appear in public? "

News of Long Chen and the others quickly spread through the entire first level of Battlefield of Divine Devil. Someone arrived outside the wooden house and asked: "Sir, may I ask how the Divine Lord is able to strut around the king level Battlefield of Divine Devil like this?"

"Who said he was a Monarch? It's just that you're blind. "

It was only after these words were spoken that everyone realized that this seemingly insignificant Divine Lord was actually the most mysterious figure among them all.

Of course, new Divine Kings from the myriad realms would often come here, and among them, were Extreme Realm God King. As long as this level came, it was basically all the way up, and it would only stabilize after killing dozens of levels. If they had the strength, it wouldn't be strange for them to fight their way to dozens of levels.

In the next few days, Yang Lingqing, Su Yan, and Zhu Xi fought their first battle and followed Mo Xiaolang up to the second floor. The strength that they displayed was about the same, so it was not surprising. According to their strength, they should have at least killed their way up to the thirtieth floor.

After that, it would depend on how much they had.

They all needed to be tempered, especially Yang Lingqing, who had just come into contact with a Celestial King level battle. She also needed experience, and Long Chen was unable to protect them forever. Thus, he completely let them go to battle by themselves. If they were in trouble, of course they would tell him.

Long Chen stayed on the first floor for a while, Old Pig had already taught him some rules and he would be leaving first. He was already quite familiar with the Battlefield of Divine Devil, so he began to make preparations. Challenge the Divine King Ranking!

Chapter 2830 - Invincible Bravehearts

In Long Chen's heart, there were three things.

1st: Di Jun.

Second, the Immortal God Clan.

Third, Li Xuanji.

The first two were still far away, but the one who stood before him now was Li Xuanji. What had happened to her was still unclear.

The more he was puzzled, the more Long Chen felt heavy in his heart!

Scenes from her past flashed through her mind, filled with her beauty. She was sure that she would soon be here, but she would never be able to meet her again. This helplessness was like an ant biting her heart! If he had monstrous strength and looked down on all gods and devils, he would not need to be so timid!

A real man with lofty sentiments, yet now, it was as if he was locked in a Battlefield of Divine Devil!

Maybe from the moment Dragon Sacrifice Continent left him, he had been full of passion and pride, and carried the heaviest responsibility in this world. But now, he had completed it bit by bit, and only then did he know how difficult it was!

"Since you wish for it, then don't worry too much. Go and fight bravely, just like how you fought your way to the Immortal God Realm from the Dragon Sacrifice Continent to White Sun Town for me, and for your father! At that time, when you were young and hot-blooded, you didn't have as many worries as you do now, but you were also unstoppable? "

Ling Xi understood him the best.

With just a simple sentence, it revealed the knot in Long Chen's heart.

He was also aware of this problem.

If he thought too much about it, it only caused more restrictions to appear. That was not his Dao!

His Dao was that of war and slaughter! He had to go forward bravely!

"Alright!"

Ling Xi gave him a new experience.

In the past, wasn't he still alive? What a dangerous choice! How did he die here today? He stopped thinking about it and decided to do as he pleased. The first thing he had to do was contact Li Xuanji again.

"I'm in the Battlefield of Divine Devil, what should I do?"

Through the call in his heart, he spoke to Li Xuanji. She was Long Chen's yin devil, his heart demon, the flesh and blood he could not part with. This time, he was even more determined. No matter what he encountered, no one or what happened, he would be able to walk the same path as he did before!

"Divine Emperor."

Li Xuanji stayed silent for a while, before giving Long Chen a word.

Long Chen finally understood!

Her meaning was always this straightforward and direct. She did not reject Long Chen, which meant that the current her really needed help. She definitely trusted Long Chen, so she would not be the slightest bit shy!

What the Divine Emperor meant was that if Long Chen wanted to save her, he would definitely encounter resistance from someone of the Divine Emperor's! Then Long Chen would also need to have the strength of a Divine Emperor himself!

But Long Chen was still one step away.

"Understood!"

After mustering up the courage, he saw a magnificent road ahead of him! Right now in the training room, his long hair was dancing in the wind and his eyes were blazing as he said, "Xiao Xi, you are right. I was too cautious. I am the most talented person in the world, born for fighting. Only fighting is where I can create miracles! The Battlefield of Divine Devil is like a cage locking down the people here, and since I am here, I should be able to break through the Battlefield of Divine Devil in one go! Fang might have the fighting strength of the Divine Emperor!"

It had been seven years since he came out of the World Tree.

Now, he had the ability to break through once again!

Bravehearts were invincible.

There were too many things to worry about. He was worried about the Star Alliance and Di Jun and the Immortal God Tribe, the more they dodged, the harder it was for them to improve! To Long Chen, the levelling that he desired the most was improvement during battle, not an increase in Blood Devour. Blood Devour could only allow him to have the power to break through into the next realm at the last moment of each realm!

Maybe this change of heart was a storm for the quiet Battlefield of Divine Devil!

The one hundred names on the Divine King Leaderboard had a reputation that shook the entire myriad worlds. It had been a long time since it had changed!

"You guys need to speed up. I'll make my move soon. I think I'll overtake you guys very soon." Long Chen said to Mo Xiaolang and the others. Right now, Mo Xiaolang had already reached the third floor and was advancing forward.

Hearing Long Chen's words, Mo Xiaolang laughed and said, "Big Brother, this is the real you."

When he needed to be cautious, he needed to be careful. When he needed to be crazy, he needed to be crazy!

Yang Lingqing and the others were getting nervous, afraid that they were thrown too far by Long Chen.

After leaving the cultivation room, Long Chen, who was the only one left on the first level, naturally attracted the attention of many Divine Kings. He went to the Heavenly Star of the Gods alone, and at this time, the Heavenly Star of the Gods did not engage in battle.

However, the battles on the first level were always the most frequent.

When Long Chen walked towards the wooden house, many Divine Kings followed behind him quietly. Sure enough, they saw Long Chen applying for a battle.

"This guy looks like a Divine Lord. I heard that he's hiding his strength and is the Celestial King. Does anyone dare to fight him?"

"If you're like his companions, then there's no meaning. We were sent up as cannon fodder. "

"There will be someone who wants to try, right?"

They did not underestimate Long Chen.

"You can fight at any time."

Long Chen said.

"I'll arrange it for you immediately."

In the hut, the voice of the unknown Star Alliance God King was calm. She did not seem to be the voice of the person from the day of Mo Xiaolang's battle.

Just as Long Chen came out, the person inside the cabin announced.

"Immediately! Zi Shang Shen Wang versus Yang Chen. "

Long Chen's battle wasn't as grand as Mo Xiaolang's battle, but generally speaking, the Divine King would come out here to watch the battle and try to figure out some rules and principles. The number of times the first floor's Divine Kings would lose was shocking, but no one wanted to stay here.

Long Chen rushed into the middle of the Divine Demon Heavenly Star.

The outside was filled with onlookers.

Before long, the Godking of Purple Injury arrived. He had previously applied for a random battle, so he had arranged for Long Chen to be his opponent. This purple-haired Divine King was somewhat surprised to see Long Chen.

"I didn't expect my opponent to be you." The other party was extremely courteous, he first cupped his hands towards Long Chen and said: "Then let's not waste time, make your move."

"You're not my opponent." Long Chen smiled.

"We'll have to try." He gave a slight smile and made his move. Although he was a Primal Realm King, he was a bit more tyrannical than the Infernal King. But to the current Long Chen, it was just too weak. Back then, the Infernal King had left him feeling extremely helpless!

**BOOM!**

Not even three breaths of time had passed before the Divine King struck the inner wall of the Divine Demon Heavenly Star Seal and fainted. Although he had already lost his consciousness, his injuries weren't actually that severe.

"He lost." Long Chen looked at the surrounding Divine Kings and said.

"What's going on!"

Divine Kings could not help but wipe his eyes. They swore that they had not seen anything clearly just now.

"This is a top-notch expert!"

In an instant, everyone sucked in a breath of cold air!

"Yang Chen, victory, increase by one level!"

The announcement came from the wooden house.

This made Long Chen curious. This person was obviously not the same person from a few days ago, but seeing his performance, he actually did not have any reaction. That person must be a very strong existence, and from the start, he knew that he was not a simple person.

"Awesome!"

"The Divine King Zi Shang fainted. It only took an instant."

"It looks like this Yang Chen will walk very far in the Battlefield of Divine Devil, and might even reach the circle of Extreme Realm God King!"

The numerous Divine Kings did not dare approach Long Chen. They gathered together to discuss and were filled with envy for Long Chen. In the Battlefield of Divine Devil, the only thing that people respected was strength. Even as Celestial Kings, they admired Long Chen immensely.

Dozens of floors in front of him was completely uninteresting to Long Chen. He was about to rush over when at this moment, a few sounds of disturbance came from the entrance of the Battlefield of Divine Devil. Initially, he did not pay much attention to them, but at this time, a black shadow suddenly scuttled out from within the wooden house, leaving the Battlefield of Divine Devil at a speed so fast that even Long Chen could not see his tracks clearly!

The other Divine Kings did not notice either.

From the entrance of the Divine Demon Heavenly Star to Battlefield of Divine Devil, the Void was actually very long, but in an instant, the other party disappeared.

The ruckus outside quickly attracted the attention of the Divine Kings inside.

Someone had just entered from the outside, and most of the Divine Kings had rushed over.

"What's going on?"

"It seems that eight Divine Emperors have come from outside. They are said to be from the Heavenly Sacrifice Realm and the Divine Sacrifice Realm! It's a very tyrannical world, known as the Immortal God Clan. Those eight Divine Emperors were going to break into the Battlefield of Divine Devil to look for someone, but they were stopped by the people from the Star Alliance. "

"Eight Divine Emperors? How terrifying! But, the rumors in the Star Alliance that someone from the Divine Emperor had set up camp here, is it actually true? "

"Quickly, go out and take a look!"

Many Divine Kings left the place, since this matter would not harm them, and eight supreme Divine Emperor appeared at once. They respected and yearned to see their dreams. Divine Emperor was a top Ranker of the ten thousand realms, and people who could enter the The Diremonster Battlefield of the imperial level were much more powerful than their Divine Kings!

"They?"

I didn't expect them to chase me here.

Long Chen wasn't as nervous as he thought. What should come will eventually come. It was just that it came too fast!

"Clearly, after we had gotten out of the way and remembered that the person we met could have been me, we chased in. Old Pig said that without Star Alliance's permission, the other Divine Emperors are not allowed to enter. As for me, I have Star Alliance's protection in this place! "

These eight were all Primal Realm King s, if he really had no other choice, he could only allow Ling Xi to bring him along in his Star Shift and escape. He told Mo Xiaolang and the others about the news, and they immediately came down, looking extremely nervous.

"It's fine, they can't do anything to us."

Long Chen comforted the girls.

The arrival of the Immortal God Clan disrupted the tempo of Long Chen rushing forward, but he was not scared. He blended into the crowd, ready to go out and see what was going on. At the same time, Ling Xi was also preparing.

Originally, he was prepared to kill to his heart's content in the Battlefield of Divine Devil, but he never thought that he would directly start a battle to the death with the Divine Emperor. Long Chen did not want to leave the Divine Spirit Realm Zhou Shan, because he was still here.

Very quickly, he blended into the crowd, and when he arrived at the entrance, he saw the eight Divine Emperor s through the crowd!
