

War God 2831

Chapter 2831 - Dark Star Divine Emperor

"We are the Heavenly Sacrifice Realm, the World of Sacrifice, one of the immortal gods, one of the eight great Divine Emperor! We are members of the Star Alliance, and we wish to enter the Battlefield of Divine Devil to search for a Divine Spirit, three of us are fellow comrades of the Star Alliance, I hope that you can help us with a small matter. "

At this time, standing outside the Battlefield of Divine Devil were eight goddesses who looked almost identical. They had long, white eyes, and it was impossible to tell them apart. These eight Divine Emperor s stood outside the Battlefield of Divine Devil, and even this king level Battlefield of Divine Devil of Eternity couldn't help but tremble. There were a total of eight Divine Emperor s. Although all of them were Divine Kings of initial state, to the Divine Kings, this was simply too shocking.

If they were to wait for their anger and for their divine might to be suppressed, the three Divine Kings, Tian Yu, Fan Qing and Di Yang, would probably kneel down.

Tian Yu had Extreme Realm God King, so it was very difficult for him to face the eight Divine Kings. He said respectfully: "Junior Star Alliance Tianyu greets the eight Divine Emperor s. Eight Divine Emperor s have arrived at the king level, Tianyu naturally welcomes you!"

"Then take us in!" One of the Divine Emperor said impatiently.

Tian Yu paused, then hurriedly said: "Eight seniors, according to the Star Alliance's rules, without the permission of the Alliance, the other Divine Emperor s cannot casually enter king level Battlefield of Divine Devil s. The Alliance has set these rules, in order to prevent Divine Emperor from disturbing the God King's cultivation. And for the protection of my Battlefield of Divine Devil. Tianyu truly wants to help the eight seniors, but this is indeed against the rules. "

"We are Divine Emperor from the Star Alliance anyway, to go in and capture someone, and it actually doesn't conform to the rules? Who set this rule? "

The Immortal God Clan was enraged.

When the might of the Divine Emperor was displayed, even if the three of them knelt down, they would not be able to stop the eight of them. Those Divine Emperor s of the Immortal God Clan were too lazy to waste their breath on them, they passed directly by them and prepared to rush in to find the person. Naturally, they weren't sure if Long Chen was really here, but the Immortal God Zhou Mountain was simply too big, and they couldn't find him even after searching for a long time, so they could only come in and check.

As for the rules of the king level Battlefield of Divine Devil s, of course they knew about it but did not agree with it.

No matter the rules, they had to give way to the strong.

"Senior, that won't do!" Di Yang could not bear to watch, he had a premonition that the person they were looking for, was probably Long Chen and the rest.

"How dare you!"

One of the Divine Emperor turned around and glanced at Di Yang. Di Yang instantly fell to the ground as if she had suffered a heavy blow, spitting blood from her mouth, and her body was severely injured. Seeing this scene, Tianyu and Fan Qing immediately no longer dared to speak.

To be honest, the Celestial King of king level Battlefield of Divine Devil had come all for the sake of becoming a Divine Emperor.

If the Divine Emperor was not so scary, why would they spend billions of years here? To come here and risk his life?

"What great prestige you guys have. In my territory, you hit my people."

His black eyes were as black as ink, his beard was longer than his long hair, and his aura was floating in the air. The most eye-piercing thing was that there was a vertical eye on his forehead, it was as black as ink, or more accurately, it was a black star, if one looked at it roughly, it would only feel that it was sparkling, if one was stared at, it was as if a black light that was tens of thousands of meters long was piercing his eyes, it was extremely painful.

This astral eye was too terrifying, and those who were familiar with it knew that it was actually refined from a true stellar body, allowing it to release such power. It wasn't that there weren't any planets like the Ling Ji Ji Xing in the Myriad Realms, but that some of them were very poor in conditions and couldn't be allowed to live. The black star in the old man's forehead was a giant star that was refined into an eye that fused with her divine body.

"Dark Star Divine Emperor!"

When the eight Divine Emperor saw the black haired elder, they immediately stopped. The eight Divine Emperor s looked identical, it was difficult to differentiate between the sexes, and their expressions were exactly the same, which was truly strange.

"You've lived in seclusion for so many years, and you still recognize me."

The Dark Star Divine Emperor laughed at himself.

Hearing this, the Battlefield of Divine Devil was in an uproar!

"Dark Star Divine Emperor? He seems to be the The God Emperor of Perfection! I only heard that Star Alliance had Divine Emperor guarding this place, I never thought that it would actually be this Darkstar Divine Emperor! "

"He has indeed not appeared for many years! But back then, his name was resounding throughout all realms. "

"The dark star in his forehead is made from a giant star. Rumor has it that it's a 'Hun Yuan Ranked' Chaos Treasures, and that's not even his strongest weapon. These eight Divine Emperor of the Immortal God Clan, will probably need to work together in order to fight the Dark Star Divine Emperor! "

Today was really lively, a total of nine Divine Emperor s appeared!

Seeing the Dark Star Divine Emperor, the Immortal God Clan Divine Emperor s lost their temper. One of them said, "I didn't know that the Dark Star Divine Emperor was here.

Divine Emperor of the Dark Star Realm laughed: "It's alright, it's not a big deal. As long as you all don't do anything rash, it's fine. I will follow the rules of this place to maintain the peace of Battlefield of Divine Devil. Do you understand what I mean? "

Hearing this, the immortal god race Divine Emperor were a bit unhappy. They originally thought that since they were both Divine Emperor, the other party would also give them some face, but they didn't expect him to be like this.

"We only want to enter the Battlefield of Divine Devil to find an enemy. Such a small matter shouldn't be worth mentioning. I hope that you don't make things difficult for us, I am the same as the Star Alliance, and should help each other, right? "

The immortal Divine Emperor did not budge an inch.

The mission Star Alliance gave me was to ensure the safety of all the Divine Kings in the Battlefield of Divine Devil. If they were to leave the Battlefield of Divine Devil, then it will not belong to me, but as long as they are in the middle of Battlefield of Divine Devil, my Dark Star will have to protect their safety. This is the rule, and it is also my duty.

"You!"

The immortal Divine Emperor were even angrier.

It's fine if this little one doesn't know anything, but since I'm an old one, I'm even less sensible.

"Sir, are you looking down on my Immortal God clan?"

The Darkstar Divine Emperor shook his head and laughed, "Of course not. The Immortal God Clan's name will shake the entire world. I just hope that everyone will not make things difficult for me. "

"If he were to stay in Battlefield of Divine Devil for his entire life, would you protect him for your entire life?"

The Darkstar Divine Emperor said: "Then I don't care about all that. Who knows? If I was transferred away that day, I wouldn't even bother, right?"

His words were light, but he kept suppressing the eight Divine Emperor s. The voices of the eight Divine Emperor s grew colder and colder, they were probably already considering whether or not they want to force their way in!

Just then, the Dark Star Divine Emperor changed into a serious one and said: "Everyone, I won't joke with you. Tell me the truth. All eight of you know very well just whose Creation God Equipment is king level. That person is currently in closed door cultivation, and he had instructed the Creation Heroic Spirit of the Battlefield of Divine Devil. Apart from me, the rest of the Divine Emperor are not allowed to enter, so if any of you do not believe me, you can give it a try. "

"Is that really the case?"

Only then did the eternal Divine Emperor look better. The person the Darkstar Divine Emperor was talking about was obviously not someone to be trifled with! But they still had to try.

"I'll do it!"

One of the Divine Emperor s went past the Dark Star and took a few steps forward.

"That's true!"

The Darkstar Divine Emperor laughed: "I didn't lie to you right? Thus, there is nothing I can do about it. "

If not for the Dark Star Divine Emperor making things difficult for them, they would naturally not pester too much. They discussed for a while, then one of them said: "Darkstar Divine Emperor, since we are unable to enter, then we won't trouble you anymore. However, if there is someone in Battlefield of Divine Devil that we want, we hope that the Dark Star Divine Emperor can find him, at that time, we will definitely have a good gift for you."

Immediately after, they described Long Chen's characteristics.

"That person looks like a Divine Lord, but he has the strength of a Divine King. The art of concealment is extraordinary, and can fool many people. "

When these words came out, Long Chen's heart was greatly shaken.

He backed up a bit, and by this time, many people had already set their gazes on him. It was clear that everyone knew that the one being sought by the eight Divine Emperors was him, but for the time being, no one dared to say it out loud.

However, Long Chen knew that this Divine Emperor Dark Star was the person who had entered the hut on the first floor of the Battlefield of Divine Devil.

He roughly knew what strength Long Chen had.

"Fine, if such a person appears, I will immediately inform everyone."

The Divine Emperor said heartily.

His words caused Long Chen's beating heart to calm down.

"This Darkstar Divine Emperor definitely knows that they are looking for me, but he protected me. Is it because he is unhappy with these eight Divine Emperors, or is there another reason? Could it be that he is just following the rules to protect all the Divine Emperors in the Battlefield of Divine Devil? "

For a moment, Long Chen had a lot of suspicions in his heart.

"Since that's the case, then thank the Darkstar Divine Emperor. We'll be leaving first!"

They had only guessed that Long Chen might be here, and since the gods and devils weren't as powerful as Zhou Shan, the possibility of Long Chen not being here was quite high, so they would continue to search for him.

"Bye."

After sending them off, the Darkstar Divine Emperor turned his head and saw that all the other Divine Kings were staring at him.

He would come looking for him.

Long Chen decided to stay where he was.

Sure enough, at this time, all the Divine Kings dispersed like wisps of smoke. Outside of the Battlefield of Divine Devil, a black figure instantly appeared in front of Long Chen, which was precisely the Darkstar Divine Emperor.

Long Chen then followed him, and in the end, walked into the hut itself. Inside the hut, was a world filled with the fragrance of flowers, and after entering, Long Chen said: "Thank you, Senior Darkstar, for saving my life."

He stared at Long Chen for a long time, then said coldly: "Brat, I'm asking you, answer me honestly, who exactly was the person who killed Dong Hua that day?"

Chapter 2832 - Papyrus korshinskii

Long Chen roughly knew that this time, this Darkstar Divine Emperor would definitely know something if he summoned him alone.

Unexpectedly, he even knew about Emperor Eastflower.

However, Long Chen now had the God Slaying Sword, the Demon Suppressing Pagoda. This was the Creation Divine Weapon that he subdued.

They naturally stood on Long Chen's side.

Although the Heavenly Sword Tower had a lot of Creation Heroic Spirits, they all had their own intelligence. A hundred thousand deities and a hundred thousand demon spirits were actually just one entity.

"Both the Darkstar Divine Emperor and Great Monarch Donghua come from the Sky Rush Domain and they are the masters of the two neighboring worlds within the Sky Rush Domain. We fought in the past, and after that, we became friends without fighting each other. We formed a deep friendship with each other, and we also ventured the ten thousand worlds together.

This was the message that the Demon Spirits in the Immortal Sword Tower had sent to Long Chen.

Long Chen was pleasantly surprised. He didn't expect that the Darkstar Divine Emperor had such a relationship with the Great Monarch Donghua. The two of them were of the same level, and their strength was probably around the same.

Since he was his brother, he naturally had to do with the death of Emperor Eastflower.

It was obvious that the Darkstar Divine Emperor had also felt the familiar existence of the Immortal Sword Magic Tower.

Maybe when Long Chen came to the Battlefield of Divine Devil, he already knew about it. With his capabilities, he roughly knew that Long Chen's cultivation level was far more than what he displayed.

With this condition, Long Chen could finally relax and say: "Senior, that day, when Great Emperor Donghua and that mysterious person were fighting on top of my head, it was just that junior was unable to clearly see that person's appearance, but I am certain of one thing, that the person he cultivates is a type of rule called 'None', or it is related to that. Senior, do you know who in the entire Myriad Realms is capable of this? "

When the Darkstar Divine Emperor heard these words, he shook his head and said, "Dong Hua sent a message to me. Unfortunately, by the time I rushed over, his divine form had already been destroyed. He doesn't know who it is, and neither do I. "

Of course he wouldn't suspect that Long Chen was related to that mysterious person. Although Long Chen was casual, he could only be considered a Divine King, and couldn't even enter their Taiyuan Deity Realm's circle.

He had already expected that Long Chen would not understand either. He only wanted to ask once more to see if there was still any hope.

"If that person really did exist, then he would have definitely left behind some traces in the Myriad Realms. Senior, you can just follow the rules of his cultivation and ask around. You might be able to take revenge for Senior Donghua." Long Chen suggested.

The Darkstar Divine Emperor nodded and said, "Dong Hua is my brother for life, but he suddenly died in such an obscure manner. Revenge for him is something I will do for the rest of my life! I have already sent a request to the 'Papyrus korshinskii'. They will look for it for me. "

"Papyrus korshinskii?"

"An intelligence organization that spans all over the Allworld. As long as they can afford it, there's no one they can't find! "

The Darkstar Divine Emperor said.

"It seems that Di Jun will definitely use this Papyrus korshinskii to search for me. He might already know that I am in this Zhou Mountain of the Gods and Demons." I have to hurry up. Since the Immortal God Clan's Divine Emperor are guarding the outside, I am unable to leave the Battlefield of Divine Devil.

Regardless of the reason, it was all urging him to charge!

There was one thing worth celebrating, and that was that this Darkstar Divine Emperor might become his backer because of his relationship with Great Emperor Donghua! This old man, who was guarding the Battlefield of Divine Devil, had to be on good terms with him. If he was the one protecting Long Chen, it would be much easier for Long Chen. Today, it was him who was protecting Long Chen, so he could escape this calamity.

"Yang Chen, I can see that you are very talented. If it wasn't for that, Dong Hua would not have handed over his last inherited treasure to you, so that you could control the Immortal Sword Demon Pagoda. Presumably, he also wants you to find out the truth and seek revenge for him in the future, right? "

The eyes of the Dark Star Divine Emperor were serene and deep, making others revere him. Looking him in the eyes, it was as if they were in the endless starry sky.

Long Chen nodded and said, "Senior is right. I did promise him that I would avenge him. "

The Darkstar Divine Emperor smiled helplessly and said, "That's exactly what this old fogey is like. He's unwilling to give up even if he dies. From this, we can see how sullen his death is."

He looked at Long Chen and said: "Yang Chen, I'll be direct with you. Since you have obtained the Immortal Sword Magic Tower, you can also be considered to be Dong Hua's disciple. He's my brother, so

I'm your elder. As a senior, I have to remind you that the matter of revenge is too distant for you right now. What's most important to you is to grow up properly, and also, on the Immortal God Clan's side, you have to be extra careful. Battlefield of Divine Devil, with me here, there won't be any problems for the time being, but you definitely can't leave this place. Even in the Battlefield of Divine Devil, they themselves were still members of the Star Alliance. If they found out that you were here, and started a ruckus, it would be enough for me to go through with it. I don't want to know how you've offended them, but I have to tell you, to get out of trouble, you have to be better than trouble. "

It could be seen that the Darkstar Divine Emperor genuinely wanted Long Chen to grow up safely. After leaving the Dragon Sacrifice Continent, there were only a few people who were good to Long Chen, from the World Tree to the gods and devils. Now that he had the Darkstar Divine Emperor, he could be considered lucky. For people who were good to him, such as Great Monarch Donghua, who gave him the Immortal Sword Magic Pagoda, Long Chen always knew how to repay the gratitude!

"Don't worry, senior. I understand everything you've said."

The Darkstar Divine Emperor nodded in satisfaction. Long Chen was a steady man, his actions were decisive and he was indeed a good successor.

"Old man, you can be considered to be lucky before you die. You just happened to find someone to entrust your life to." The Divine Emperor sighed in his heart, then said to Long Chen: "As for the people inside the Battlefield of Divine Devil, I will instruct them not to tell the Immortal God Clan about you here. No one can escape my eyes from the Celestial King who is living in Battlefield of Divine Devil. "

In front of this Darkstar Divine Emperor, Long Chen fully felt himself to be insignificant. There was a huge gap between his Taizhen Deity Realm and that of his own, and even the physique of an Ancestral Dragon could sometimes not make up for it.

The current him was simply too young.

But now that he had reached such a high level, he might be able to climb up again!

"I would actually like to see how far you can go in this Battlefield of Divine Devil. Dong Hua and I have been brothers for our entire lives, but we were unable to reach here before he died. In order to let this old demon be at ease, as long as you stay in Battlefield of Divine Devil, I will guarantee your safety.

"Thank you, senior!"

Long Chen was completely relieved.

Like this, he would have enough time to hone his skills, and chase after the cultivation levels of the Initial stage Divine Emperor, until he could fight against them! As for Di Jun, he definitely could not trouble the Darkstar Divine Emperor, because the Darkstar Divine Emperor was definitely not his opponent.

The words of a Dark Star Divine Emperor was heavier than anything else.

"Let's go to war." The Darkstar Divine Emperor waved his hand. After Long Chen expressed his gratitude, he left the wooden house. After he came out, the group of several hundred Divine Kings looked at him blankly.

The Dark Star Divine Emperor guarding the Battlefield of Divine Devil called out to him!

For Long Chen, he actually went against the eight Divine Emperor s of the Immortal God Clan!

It was obvious!

Of course they understood that they couldn't mess with Long Chen, as they were only at the bottom level of Battlefield of Divine Devil.

"Goodbye, everyone." Long Chen bade farewell to these Divine Kings who were envious of him, and went to the second floor with Mo Xiaolang and the others. The others had already left the Divine Kingdom at this time. Everyone glanced at each other, their eyes relaxed.

"Charge!"

Together, they headed for the second level!

Long Chen's goal was to penetrate Battlefield of Divine Devil!

From today onwards, he would only belong to the battlefield! Work hard for the two words "Divine Emperor" that Li Xuanji had spoken!

What followed next was the moment when the Battlefield of Divine Devil was stunned!

Starting from the second floor, Long Chen charged forward almost all the way. From the first floor to the fiftieth floor, he had spent less than a month in total. In this one month, most of the time was spent waiting for the opponent!

He was the new legend of the Battlefield of Divine Devil!

When he reached the fiftieth floor, he was already surrounded by Divine Kings with Perfection. But in these fifty matches, without exception, Long Chen had defeated his opponent in one move.

His name began to rise in the Battlefield of Divine Devil!

Of course, there was also Mo Xiaolang and the others! Mo Xiaolang followed closely behind Long Chen, and they had already fought their way to the 40th floor. Su Yan, Yang Lingqing and the others were also close to the 40th floor. When they reached the fortieth floor, the God King started to appear from within, so Yang Lingqing and the others slowed down. They had to rest and recuperate for a while before participating in the battle.

Only Long Chen and Mo Xiaolang did not stop at all as they walked up the mountain.

Only when he was seventy or eighty percent sure that Mo Xiaolang had made it to the fiftieth floor, would he reach his limit, and only then would his battles get more exciting. But where the limits of Long Chen were, until now, no one knew, but until it reached the fiftieth floor, his battles had all ended in an instant, and there were no surprises at all!

"This Yang Chen, his true realm, is at least that of a Perfection Divine King or even Extreme Realm God King! This damnable fellow, he's actually pretending to be a pig to eat the tiger. A friend of mine managed to rush to the forty-third floor and let him do it again. "

"It's said that this guy has very close ties with the Darkstar Divine Emperor, and no one dares to provoke him! I think that he wants to challenge the Divine King Board's tempo! "

"There are a lot of people who want to challenge the Divine King Ranking. There's only one chance every month, do you think he'll succeed?"

"The rankings of the Divine Kings are filled with super geniuses from the Extreme Realm God King who are nearing the Divine Emperor Realm! Every single one of them was the elite of the Godking of the Myriad Realms! Based on the strength that this fellow has displayed, he should still be slightly lacking. However, he will definitely rush forward and wait and see! "

"In addition, the Demon King and Demon Clan with him has already fought their way to the forty-eighth floor and closely followed behind him. However, the Demon King Demon Clan should not be as good as Yang Chen. "

Chapter 2833 - Floating Capital Beasts

Rushing up to the fiftieth floor at one go was not really much of a news to the Battlefield of Divine Devil.

For example, the ones on the list of the Divine Kings. When they first came to the Battlefield of Divine Devil, they basically rushed up dozens of levels in one go, and there were some who directly rushed up to more than ninety levels in the past!

It was a series of battles without any rest.

To be able to accomplish such a feat, it was already a heaven-defying feat.

Even the top ten of the Divine King Rankings, after experiencing many battles of the same level, would take a break and slowly move forward. They would not be in too much of a hurry.

But to Long Chen, the fifty floor was just the beginning!

When he stepped onto the fiftieth floor, the hundred Divine Kings on the floor all came out of their cultivation rooms, watching him with cold eyes.

The Battlefield of Divine Devil of the fiftieth floor wasn't too different from the first floor. It was just that the Celestial King was a bit stronger! Those who were able to reach here probably had fighting strength similar to Zhu Xi and the others.

Of course, Zhu Xi and the others had a lot of room to improve.

In order to save time, Long Chen headed straight for the wooden house, and prepared to apply for battle.

This was a heroic spirit!

"He really went to challenge it!"

"The moment the battle ended, something happened!"

"So fierce! Will he succeed? "

Seeing how calm he was and how swift and decisive he was, the various divine kings all felt a deep sense of reverence.

"It's you!"

In the midst of the crowd, a Celestial King suddenly let out a cry of shock.

Long Chen immediately looked over. He really wanted to see this Immortal King, but after thinking about it carefully, wasn't this the first God King he had met since he obtained the Immortal Sword Magic Tower? Of course, Long Chen made him kneel, he even suspected that Long Chen was the mysterious person who killed Great Monarch Donghua!

"If he was that mysterious person, he would not have been able to enter this place and would not have challenged us here. "Seems like I'm overthinking it!"

The Vastheaven King hurriedly lowered his head.

It turned out the one who had been scuttling all the way up was actually Long Chen.

Long Chen looked at him, not paying him any heed. After submitting his application in the hut, he started to wait. To be honest, the time spent the most in each floor was to wait for the opponent. Everyone had finally made it to this floor with great difficulty, and no one wanted to retreat, so less and less people had the determination to fight Long Chen.

"Allow me."

Suddenly, a young man with a face as fair as jade walked out of the cultivation room. He did not look old, but his eyes were sharp and fierce. Even after staring at Long Chen for a long time, he could feel his eyes burning.

"It's the Young Master Fu Du."

"Young Master Fu Du only arrived here last month, and after he charged to the 50th floor, he rested for a month. Coincidentally, he met Yang Chen, probably because he heard news about Yang Chen!"

"They're all heaven defying fellows that managed to break through to the 50th level in one go. Who's stronger?"

The gods were making way for his Young Master Fu Du.

The look in the Young Master Fu Du's eyes was indifferent, he looked calm and collected, and once he passed by Long Chen and registered at the hut, he turned and said to Long Chen: "Don't you think that gambling, will it be more interesting when we start fighting?"

"What do you want to bet? Tell me." Long Chen did not mind.

"How about a life wager?"

Young Master Fu Du smiled faintly.

The gods did not expect him to say something like this, and immediately became noisy, their hearts shaking. Generally speaking, everyone was here for the sake of breaking through. Unless they had no other choice, they couldn't be bothered to put their lives on the line.

Long Chen was also surprised, he never thought that Young Master Fu Du would actually be such a haughty person, it seemed that he treated him as a mortal enemy. It was not easy for him to kill his way up to the 50th floor. Just when he was feeling proud in his heart, Long Chen also easily did it.

"I remember that among the elders in the Young Master Fu Du, there is an existence at the Divine Emperor realm! If he dies in battle, this Yang Chen would be in trouble right? "

"That might not be true, Yang Chen has the backing of the Dark Star Divine Emperor, then the elders of the Young Master Fu Du are not as powerful as the Dark Star Divine Emperor!"

Everyone was waiting for Long Chen's decision.

"Then let's bet."

In fact, no matter how strong one was in a fight, even a god or devil would have battle-qi. There would always be times of excitement when people would fight, and it was the same for Young Master Fu Du.

Long Chen's acceptance of the challenge immediately caused a huge commotion on the fiftieth floor. After hearing the news, there were even some Divine Kings on the upper floor who hurried over to watch the battle.

For a time, the number of people on the fifty levels increased!

"A battle of life and death is bound to be extremely exciting! All of them have charged up to the 50th floor in one go.

This kind of suspense was something that everyone desired to know.

"Immediately battle, Yang Chen against Young Master Fu Du! The wager is: life! "

A loud shout echoed throughout the Battlefield of Divine Devil at this level.

"Bring it on!"

The Young Master Fu Du descended onto the Divine Demon Heavenly Star, his hot eyes looking at Long Chen. This Perfection Divine King was filled with a thick, delicate aura, he was proud and arrogant, contending for victory so easily, that it was hard to admit defeat.

In comparison to his enthusiasm, Long Chen was much more relaxed. The more he was like this, the more Young Master Fu Du felt like she was being looked down upon!

In the blink of an eye, there were already hundreds of people outside the Heavenly Star God and Extreme Realm God King was present.

"I'm afraid that after this battle, my reputation will rise even higher." Long Chen said with a light smile.

"What's the use of having a reputation as a dead man? I came to Battlefield of Divine Devil to challenge a strong warrior like you! In my Floating Capital, there is no one of the same generation who can fight against me! "

"That's because you haven't seen the larger world." This fellow was too short-sighted.

"Yang Chen! Yang Chen! "

"Floating Capital!"

With every battle, the Battlefield of Divine Devil was on fire. As the number of spectators increased, the atmosphere became hotter and hotter. Just at the most fervent moment, Young Master Fu Du suddenly transformed into a gigantic beast!

He was of the demon race!

Floating Capital Beast!

On the gigantic Heavenly Demon Beast, what appeared in front of Long Chen was a huge beast. The huge beast looked extremely strange, as though it was a city. It looked no different from a city.

BOOM!

A monstrous divine power exploded forth from the body of the Floating Capital Behemoth!

"Let me see how capable you are!"

The Floating Capital Beast roared.

The gods were shocked, this was the first time many had seen the shape of the Floating Capital Beast.

Suppression!

The Floating Capital Beast suppressed down. Under this huge beast, Long Chen seemed very small.

"With your strength, it won't be a problem for you to rush up to the 20th step. There's no need for you to die here." Long Chen said helplessly.

However, he would not show mercy.

Humans needed to be taught a lesson before they could truly grow!

His eyes were currently illusory, and with a light shout, when the Floating Capital Beast rushed over, Long Chen rushed up to the clouds. He released the Slaughter Dragon Seal in his hand, and directly imprinted it onto the body of the Floating Capital Beast.

BOOM!

Dust filled the sky!

With the simplest rules, Long Chen was able to instantly kill the Floating Capital Beast who had fallen on the Divine Demon and Heavenly Star Realm.

His superiority was obvious!

It was already clear who would win and who would lose!

Long Chen was the same as before, he defeated his opponent in one move!

Shock!

All the Divine Kings were dumbstruck. They had originally thought that there would be a fierce battle between the tigers, but they hadn't thought that a mighty Young Master Fu Du who could make it to the 70th floor would be like a chicken or dog in front of Long Chen. Didn't that mean that Long Chen was really just Extreme Realm God King?

"Too strong!"

"Compared to Young Master Fu Du, it's simply a lot stronger."

"This Yang Chen, he's probably going to rush to the Extreme Realm God King s!"

Everyone was deeply shocked.

"Me!"

Young Master Fu Du had a clear understanding of the gap between him and Long Chen.

"You're not as good as me. "That's very normal. There's a mountain outside the mountain and a sky beyond the mountain. There are still countless people stronger than me, not to mention you."

Long Chen floated in front of the Floating Capital Beast and said indifferently.

"I haven't lost yet! "Don't be happy too early!"

Young Master Fu Du was furious.

Long Chen punched casually, causing the ball to fall to the ground, causing his entire body to split apart once again. With such injuries, Young Master Fu Du was unable to maintain his beast form, and transformed into a human, his eyes glazed over as he looked at Long Chen in pain.

"I actually died in your hands!"

He was shaking so badly that he couldn't even speak clearly.

Long Chen could not be bothered with him, and said to the outside: "The outcome is already decided, let us go out."

Young Master Fu Du said angrily: "What are you trying to say? Pity me? The bet was made by me, and if I lose, I deserve to die! "

"That's your problem, it has nothing to do with me. What's the benefit of killing you anyway? I don't want trouble. "

Hearing this, everyone could not help but acknowledge Long Chen. Compared to Long Chen, this Young Master Fu Du was betting his life on right from the start, and he was far from being his opponent, it was truly a joke.

"Even if you don't kill me, you will still humiliate me. One day, I will catch up to you and defeat you! My cultivation speed is unrivaled, and I am far from reaching my end! " The Young Master Fu Du shouted in anger.

At this time, the Divine Demon Heavenly Star Seal was released.

"Yang Chen wins, one level higher!"

The wooden house announced.

As Long Chen left the Heavenly Demon God Realm, he was about to head towards the next level under the reverent gazes of the Divine Kings. This was just a small episode during his promotion!

"I will catch up to you, Yang Chen!"

Before he could finish his sentence, a black ray of light pierced through his Heart of Rules. The Young Master Fu Du was immediately turned into ashes before everyone's eyes.

The Dark Star Divine Emperor appeared beside him!

All the Divine Kings were stunned.

The Darkstar Divine Emperor looked around and said: "The bet made by Battlefield of Divine Devil must be carried out. Since this young man has made the life and death gamble, he must die if he loses! There is no kindness in the rules, and no chance for idiots. "

Long Chen turned around. Actually, what the Dark Star Divine Emperor said was right, rules are rules. The Young Master Fu Du did not realize that this was a lesson he should be teaching, which also made him speechless.

The Dark Star Divine Emperor disappeared a long time ago.

It seemed like he had been observing Long Chen's fight the entire time.

Now, everyone understood that the Divine Emperor was backing Long Chen up. It seemed that this Long Chen would have to stir up a bloody storm in the Battlefield of Divine Devil!

Chapter 2834 - Demon Fiends

The news of Long Chen's battle on the fiftieth floor spread like wildfire throughout the entire king level Battlefield of Divine Devil.

It was a small matter for him to defeat Young Master Fu Du.

In the end, the appearance of the Darkstar Divine Emperor, not only did he kill the Young Master Fu Du according to the rules, it also showed the unusual relationship between him and Long Chen.

As a result, Long Chen's identity became a mystery.

Many people were guessing, what was the relationship between him and the terrifying Darkstar Divine Emperor?

No one knew.

Long Chen fought his way up, and rarely stopped.

Because of his relationship with the Dark Star Divine Emperor, it was said that even the people on the God King Board had noticed him.

After defeating the Young Master Fu Du, Long Chen, Mo Xiaolang and the others gathered together. Mo Xiaolang had also rushed to the 50th floor. As for Su Yan, Yang Lingqing and Zhu Xi, they had already fought their way to the 40th floor.

"Boss, you can kill your own way up!" Don't worry about us, we'll just have a little fight down here. We three are big women, so there's nothing to worry about. Even if we encounter any trouble, we still have Brother Wolf to help us. " Zhu Xi worshipped Long Chen more and more.

"Then I have to separate from boss." Little Cat quickly ran over to Yang Lingqing's side. Yang Lingqing had her own country, so it was very convenient for her to take him there.

Mo Xiaolang had not reached the extent where he could truly contend against the Extreme Realm God King, where he estimated his limit to be around the eightieth floor. The limit for the three of them was Level 50 to Level 60, similar to the Young Master Fu Du. These are the places where they get plenty of practice. And for Long Chen to obtain the tempering, he had to challenge the Divine King Ranking!

Therefore, after chatting with them for a while, Long Chen was relieved and rushed up alone.

What followed next was the moment when he would explode with power!

The Battlefield of Divine Devil became his venue!

He started from the 50th floor!

The 60th level!

The various Celestial Kings had noticed his rise in power!

The 70th level!

In just one move, he managed to kill his way to the 70th level! This was already quite rare.

To this day, everyone believed that since Long Chen possessed Extreme Realm God King, his battlefield should be above the eightieth floor!

The higher up they went, the fewer Godkings there would be. For example, on the eightieth floor or above, there were only about fifty Godkings on each floor. And out of the fifty Divine Kings, ninety-five percent of them were Divine Kings of polar state!

Only the few of them were the heaven defying Divine Kings of Perfection who had fought their way to this point. However, they normally wouldn't be able to stay at this level for long before they were challenged.

Actually, on the seventy-ninth floor, there were already a few Extreme Realm God King, but wasn't able to become Long Chen's opponent. Long Chen defeated the last God Queen of Perfection and obtained the chance to enter the eightieth floor.

Next was Extreme Realm God King.

To him, the real battle had just begun.

All the Divine Kings understood that it was time for him to display his true strength!

"Yang Chen, it's said that someone on the 80th floor has long been preparing for you and is waiting for you to come up to welcome you. It's said that they began preparing ten days ago."

The last God King, who was defeated by Long Chen, was convinced from the bottom of his heart, and he did not forget to remind Long Chen one last time.

"Someone's waiting for me?" He thought about it. Ten days ago, at that time, he had just been about the fiftieth floor. At that time, he had already made his preparations, and it was even Extreme Realm God King. After thinking about it, there was only one person — — Tian Jingxue.

Since she was in the Battlefield of Divine Devil, she naturally knew of his existence.

Thinking back to when she had left, she had even told Long Chen that as long as Long Chen came here, she could teach him a lesson.

When Long Chen arrived at the eightieth floor, sure enough, those fifty or so Divine Kings were already waiting for his arrival. Looking around, all of them were Divine Kings of polar state.

Every single one of them was stronger than those Emphyreans! They had been fighting here all year long, and every single one of them had trained an astonishing aura of slaughter and battle. No matter if it was their divine might or their eyes, they were all powerful enough to harm weak gods and devils.

"Oh, you're finally here." Sure enough, Tian Jingxue was among the crowd.

Her beautiful face revealed a knowing smile, as if she really welcomed Long Chen.

She thought that after returning to the Battlefield of Divine Devil, she would have a lot of friends that could easily crush this guy. She never thought that she would actually be related to the Dark Star Divine Emperor!

But, luckily this was the Battlefield of Divine Devil, and they had to pay attention to the rules, if Long Chen died in battle here, the Darkstar Divine Emperor would not be able to do anything to them.

Long Chen looked at her, and said: "It's said that someone had waited for me for more than ten days, is that you? "I have lost. I have no intention of fighting with you."

Tian Jingxue did not care about his humiliation in the slightest, and said: "On that day, you merely surrounded and attacked me, I am not considered to have lost to you. Of course, the person waiting for you here today is not me. "It's not easy for you to climb to the 80th step, but he came to end your charge."

Long Chen swept his eyes across them. Around him, most of the Extreme Realm God King were around Tian Jingxue's strength, and there weren't many who stood on her side. Most of them had the attitude of watching from the sidelines. In fact, most of the time they were cultivating in the training rooms. Today, they heard that a new disciple had rushed up, so they came out to take a look.

Dozens of Divine Kings were scattered across the vast Battlefield of Divine Devil.

"Then I'm looking forward to his appearance."

After Long Chen said this, he headed towards the Demonic Sky Star. His target was the God King Board, he did not care about the people that Tian Jingxue had arranged for him.

"Humph!" "I will go and get him!"

Tian Jingxue's eyes turned cold, that time she lost to Long Chen, she was too angry. Her personality had always been like this. Most of the people in the Battlefield of Divine Devil knew her. That was why many people were unwilling to fight her.

That fellow was Tian Jingxue's lover. Originally, he was on the ninety-third floor, but had recently listened to Tian Jingxue's instigation and continued to feign defeat, falling from the ninety-third floor to the eightieth floor. Just to intercept you. Those who were able to stay on the ninety-third floor were all elites of the Extreme Realm God King. It was normal for them to occasionally rush to the hundredth floor, and they were all people who had the qualifications to challenge the Divine King Board.

Seeing Long Chen fearless, some of the Divine Kings could not bear to watch and secretly reminded him.

"Thank you, but I came here to challenge the leaderboard as well." "I was planning to go to the 93rd level." Long Chen smiled and thanked the man.

"Then you must be careful. That person's name is Demon." There is a blood brother on the Divine King Ranking, but he can't do anything to you. You have the support of the Dark Star Divine Emperor.

At this time, Tian Jingxue and the other Divine Kings had gone to the cultivation room, probably to welcome the devil demon.

Reaching the door of the cultivation room, Tian Jingxue's voice became gentle, and said: "Big Brother Demon Fiend, Yang Chen has already arrived. "You have to stand up for Xue'er."

"Make the decision!" "Of course, why else would I come down from the ninety-third floor?" The Divine King was very thin and long, both his arms were over his knees, and he looked very sinister. The most striking feature of him was that he had four blood-red eyes, placed side by side between his forehead and his mouth, and had a very strong and terrifying visual impact.

In addition, there was a scarlet tail behind him that was extremely sharp, as if it were a creation of a divine artifact.

Of course, the thing that made one's heart palpitate the most was those four eyes. They were blood-red like the ocean, and they were relatively distributed, hiding terrifying killing intent.

Surrounded by the few Divine Kings, he carried Tian Jingxue with his long arms and shouted as he headed in the direction of the Heavenly God Realm. Wherever he went, even the other Divine Kings of polar state made way for him.

"Yang Chen, is that you?"

In the blink of an eye, he was right in front of Long Chen, and was sizing him up.

Tian Jingxue said, "Big Brother Mo Sha, that's him. That day, she relied on her numbers to humiliate me. If I wasn't lucky enough to escape, I probably wouldn't be able to see you anymore. "

"You really don't know how to show mercy to the fairer sex. Even a woman like Xue Er would be willing to do anything to you." The Demon's four eyes continued to spin, looking extremely strange.

This was a pretty good opponent, when thinking about it carefully, he seemed to be much stronger than Tian Jingxue and Archaeopterygium australis. It could be considered the strongest opponent that Long Chen had ever faced. He had only just gotten to the 80th floor and he already received such a huge gift. Long Chen's blood boiled, to be honest, all of his previous opponents were too useless.

"Finished, I will begin."

Long Chen had specially gone to that wooden house and directly applied for battle. This straightforwardly and straightforwardly made all the Divine Kings admire him greatly!

"Good courage!" Even in the face of a devil, you still dare to act like this! "

"I heard that he's at the 18th step, and has always won with a single move. Now that he's facing an opponent like Demon Demon, let's see just what level he can persevere at."

"Demon Enchantment is also about one of the highest standards of the first 100 floors. "Rumor has it that his highest record reached the ninety-ninth floor."

After Long Chen's application was completed, Demon Fiend also went up to him. After finishing, Demon Fiend smiled at him and said, "Just fighting is really boring, let's get some rewards."

Long Chen said: "What do you think we should bet?"

"The bet is a bit big. It's the same God of Creation Artifact for Order-level, do you have it?"

This was a huge gift, and normally speaking, no one would dare to gamble. Unless they had to fight for their lives, many gods viewed this treasure more important than life.

Everyone was waiting for Long Chen's answer.

"Yang Chen, you wouldn't not dare, right? A grown man doesn't even have this much courage?" Tian Jingxue ridiculed.

Long Chen shook his head and said: "It's just that I feel that it's too boring. "When I was on the fiftieth floor, I made a bet that was much braver than yours. This bet of yours seems like a small fight."

Order-class Creation God Equipment, a small fight?

Everyone looked at Long Chen in disbelief. Can you still take out the [Hun Yuan] class?

"A life wager." "The victor lives, and the loser dies." "If you have the courage to use the thirteenth floor to intercept me, then you must be prepared to die."

After hearing that, the Demon Fiends couldn't help but laugh heartily.

"Damn it, I haven't fought in a few years, and yet I'm being looked down upon by a little grandson!" Then let's bet our lives! "Looks like it is finally going to be a little interesting."

After the confirmation, the people from the Star Alliance s of the wooden house had already announced.

"Immediately!" Yang Chen against the Demon Terminus! "A fight to the death!"

The battle on the eightieth floor, this news instantly engulfed the entire Battlefield of Divine Devil.

The Divine Kings below was speechless because they could no longer watch this battle. As for the Divine Kings above, they all came down to watch the battle. Of course, hundreds of Extreme Realm God King were quickly gathered on these eighty floors!

The total number of Extreme Realm God King was only around one thousand. Very soon, they were almost average, and there were quite a few people hiding in the corners.

Long Chen first landed on the Divine Demon Heavenly Star, and stretched his limbs. He had to thank Tian Jingxue for finding him a pretty good opponent!

"Xue'er, let Big Brother Mo Sha vent his anger for you." Watch carefully! I'll have to thank you later. " Mo Sha teased.

"Big brother, don't worry. Xue'er will definitely 'thank' you." "I'll satisfy you."

Seeing this beauty's bewitching look, the Demon Evil Beast had to thank Long Chen for sending himself to them. It had been a long time since he had last shown his might, and in this battle, he had to go all out as well. But when he faced Long Chen, his four eyes instantly erupted with an intense cold light!

BOOM!

The devil fiend landed on the Divine Demon Heavenly Star, causing it to tremble.

Chapter 2835 - Destiny Decree

The seal of the Godfiend Heavenly Star was released.

From then on, Long Chen and Demon Sha were trapped in this sealed space.

However, this space was enormous enough to support several Celestial Kings in battle!

Since the bet was between life and death, then it would be a battle of life and death. It was clear that once the battle was over, a person between Long Chen and Demon Fiend would die in battle.

Life was the biggest wager in the Battlefield of Divine Devil. To any Divine Kings, no matter what treasure, it was obviously not as important as one's life.

It was precisely because of the suspense of the strength of these two that such a massive gamble had attracted so many Divine Kings to come.

More than half of the Battlefield of Divine Devil's Extreme Realm God King had come!

They surrounded the Divine Demon Heavenly Star in all directions, coldly examining Long Chen and Demon Fiend. Their gazes would bring invisible pressure to the combatants, because they were the Celestial King!

"Yang Chen!"

The Demon Ghost was covered in blood Qi, and floated before Long Chen's eyes, his four blood red eyes a torrential sea of blood, his face was filled with an evil smile, his hands had claws as sharp as iron, and his long tail was also a terrifying weapon.

"Do you know our clan's name?"

The Order-level on the Demon's body seemed to have awoken as its power rose bit by bit. In terms of both quality and quantity, it surpassed Long Chen.

However, Long Chen was not afraid. He said, "It should be the kind that sounds very stupid."

"Hmm?" This answer made Mo Sha laugh uncontrollably. He did not care in the slightest and said, "We are the nightmare of all the gods and devils. Today, I will let you enjoy my clan's nightmare feast! "

"Just come."

Long Chen was calm and straightforward, like a piece of rock. For the time being, the devil fiend was unable to find any weakness in him, but he still did not know the extent of Long Chen's strength. However, since he had promised the beauty, he naturally had to do it beautifully.

"Then let's begin."

The conversation was also a way to probe each other, but when the Demon race discovered that they could not scare Long Chen, they chose to take action. His actions were very strange, and Long Chen could see that his four eyes were obviously attacking weapons! This devil fiend might even be skilled in the laws of the eye arts!

"cardiac distress!"

A natural law descended!

When Long Chen looked into his eyes, he realized that the four eyes on his face had changed. They had gathered together and formed a huge blood red eye that covered half of his face! It was a bizarre eye, and a sea of blood tumbled inside, as though countless ghosts were howling. In that moment, rules followed his line of sight and rushed towards Long Chen!

There was no way to resist his vision.

Just like how Long Chen was unable to temporarily prevent the other party from seeing him.

The speed of his gaze was unprecedented.

The cardiac distress had hit Long Chen!

This was a type of rule!

The cold laughter of the devil fiend continuously resounded in Long Chen's ears, creating a sinister atmosphere. When the cardiac distress entered his body, blood colored threads suddenly exploded around Long Chen's Heart of Rules, and every thread, like the opponent's firm tail, exploded like a sea urchin, piercing through a large portion of Long Chen's body, entangling him within a world tree, extending towards his hands and feet, instantly controlling Long Chen's entire body!

Pain!

This kind of feeling was very similar to Ling Xi's monocardium.

However, the cardiac distress's greater use was its control.

"Be good and listen to my orders. Do whatever I say." No matter how outstanding Yang Chen was in the front 80 levels, he would not be able to escape from the palms of his hands!

Outside, seeing that Long Chen was being controlled by the cardiac distress, Tian Jingxue covered her cherry lips with her fair hands and revealed a satisfied smile. She was already itching to see Long Chen begging for mercy.

"In the end, this child is not a match for the Demon Fiend."

"The battle just now was controlled by the Demon Fiend. It seems that today is his doomsday."

"Even though the Darkstar Divine Emperor values him highly, this life wager was something that he had agreed to. Even if it's the Darkstar Divine Emperor s, they can't break the rules of the Battlefield of Divine Devil. After all, the rules of the Battlefield of Divine Devil wasn't set by him."

While watching the battle, the various Celestial Kings discussed in hushed tones.

"Then, just tear yourself apart!"

The one eye on his face controlled the rules. As to how to release the rules, the cardiac distress would control Long Chen and would do whatever it wanted. Generally speaking, for those under the control of the cardiac distress, not many would be able to escape. Even if they could escape, they would be severely injured.

"It's boring right after the battle, don't you think?" Mo Sha said with a smile.

In front of him, the cardiac distress had already pierced through Long Chen's body and was currently controlling Long Chen's hands and feet to tear himself apart.

Long Chen was about to be finished.

However, the Demon Ghost seemed to have seen that there was no pain on his face?

Indeed!

"Is that all?" The blood colored cardiac distress was burnt into powder, causing his physical injuries to quickly recover. In a short moment, what stood before the Demon Fiend's eyes, was the perfectly fine Long Chen!

"How is this possible!"

It was not only the Demon Kill, even the Divine Kings was surprised. Long Chen had never displayed such a heaven defying rule!

"It's my turn."

Long Chen's eyes instantly changed. The left eye was the Heaven's Eye, the right eye was the wishful eye, and when the Heaven's Eye was merged with the wishful eye's control, they suppressed the Demon's body. In that instant, the Demon's face turned deathly pale as he let out a groan.

"My demands are not high. Slap yourself ten times!"

Long Chen used the wish rule.

Demon Fiend was shocked.

The All Gods King was shocked.

But what they saw was the Demon Witch raising her hand without hesitation and slapping themselves ten times in a row. That face was badly mutilated, and it could be said that her handsome face had been ruined!

"Yang Chen!"

When he received such humiliation, Mo Sha went berserk. Previously, it was considered a probe, but in the end, he suffered a crushing defeat, and was completely humiliated. Now he truly knew the terrifying aspects of Long Chen, but he was just as scary! That humiliation could only be redeemed through a battle to the death!

"An ancient magic formation!"

After being humiliated, in just an instant, his divine power completely erupted. For a moment, the black air and demonic energy, as well as the blood qi, instantly swept through the entire Heavenly Demon Star, completely taking control of this space. With the devil fiend as the center, his divine power erupted, forming his array formation.

"Big Brother Demon Fiend, kill him!"

Tian Jingxue shouted anxiously from outside.

"Don't worry!"

This was an ancient array formation that was now weakened. The natural law was so that as long as one was inside this array formation, their strength would be completely weakened and they would be exhausted. All sorts of negative energy would invade their bodies, causing them to be eternally doomed!

Right now, Long Chen could only see endless thick smoke around him, the gray and black energy was eerie and disgusting. The surrounding wails and howls were extremely miserable and he could no longer see anything from the outside world.

The power of weakness!

It had already landed on Long Chen's body!

This sort of rule was already everywhere.

If one was trapped in this array, they would be exhausted and weakened, eventually falling into a coma and losing everything. There wasn't even a need for Mo Sha to act.

"Enjoy this nightmare! This is the world that I control. Your life and death is just one of my thoughts! "
The devil fiend roared in anger!

"Destroying Heavenly Book!"

Then, Long Chen saw a book appear in his hands. That black book was actually a Creation God Equipment for Order-level, which should be the kind that was close to the level of Hun Yuan!

For example, the Ancient King Cauldron of the God King Mo Huang belonged to a lower tier, and the Destiny Decree was several times stronger than the Ancient King Cauldron!

"Monster Formation, Destiny Grasp. Can you even escape death?"

Demon Fiend's laughter resounded throughout the world.

Outside of the Heavenly Star God, the various God Kings were extremely solemn.

"This Yang Chen actually made the Demon Fiends use their killing moves. With the God Creation Art and the monstrous demon formation, not many among us can block him."

Tian Jingxue became excited.

"He does look pretty good."

Just that, Long Chen was afraid?

No, he had a rule. He was the nemesis of this ancient demon formation! Just when the Demon Demon God was proud of his Demon Burst Array, a green tunnel pierced through all the negative energy in the Demon Burst Array until it was surrounded!

"The Origin of Life!"

This tunnel of the Origin of Life was like a sharp blade, slicing open the monstrous demonic array when it was the most impossible, controlling the demonic fiend! The power of life restrained this evil energy! Long Chen effortlessly tore apart the monstrous demon array. In the eyes of the devil fiend, the green gem in his mouth was fatal!

But the two swords in his hands were even more deadly!

Long Chen still used the Lingxiang's twin swords!

"Sky Execution!"

Accompanying the Origin of Life, the Sky Execution erupted with two sword qi, releasing it at the same time. When the Source of Life gained control over the devil fiend through the green tunnel, the Shattered Soul Sword Qi and the Sword Qi shot over! Mo Sha turned pale with fright. He released the Destiny Decree, turning it into a shield to block the two sword energies!

"You want to touch me?"

Before he could finish his words, the Power of Sky Execution had already penetrated the Book of Life Seizing Heavenly Tome and landed on his body!

The Sky Execution and the Source of Life erupted at the same time. The devil fiend could be seen being killed to the point of being reduced to slag. His vitality was rapidly disappearing and his body was frantically exploding. At this time, the monstrous devil formation was still slowly disappearing!

From the Heavenly Star of the Gods came the terrified screams of the devil fiend, unending!

"What's going on!" The various divine kings were all shocked beyond words as they stared wide-eyed. They could only see that Long Chen had used the green tunnel to control the Demonic Gale, and the Demonic Gale's flesh and blood was being turned upside down, it was truly drying up!

"Demon lost?"

Tian Jingxue took three steps back with a flustered expression. Looking down, her hands were actually trembling!

In the end, the Demon's voice suddenly stopped.

The various Divine Kings did not see it clearly, but Long Chen had devoured him with his blood.

Chapter 2836 - Demon!

The source of life, Sky Execution, and finally Blood Devour.

To be honest, just based on the source of life, Long Chen could kill off this Demon Fiend! He just needed a bit more time to completely take away his life.

Sky Execution and Blood Devour hastened the demise of the devil fiend.

Long Chen had his own rules, which opponents he would forgive and which he should kill, all had certain standards in his heart. Last time, Tian Jingxue wanted to harm him, but on the account that she had introduced him to the Divine Spirit Realm's Zhou Shan, Long Chen had spared her life.

But she was restless.

Mo Sha was the one who lured Long Chen over to kill him.

As for the devil fiend, there was no need to be merciful. This was the rule of all worlds. Since a life and death gamble had been set, one needed to be prepared to be killed. Even gods and devils could not escape death.

In the end, the devil fiend turned into dust in Long Chen's hands.

"You will die a horrible death!"

These were the last words the Demon Terminus said when its four scarlet eyes stared at Long Chen.

His life was taken away by the Origin of Life, his flesh, blood, and essence became a part of Long Chen's power. Although this surge of energy did not allow Long Chen to rush to the realm of the polar state Divine Monarch, it had also allowed his strength to reach an even higher level!

They were already infinitely close to the Divine Lord of polar state.

Long Chen could feel that he was lacking a Infinite Divine Art when he was fighting. The reason why he defeated Mo Sha was because he had the upper hand in terms of rules, but his strength was actually weaker than Mo Sha's.

"Long Chen wins! One level up! "

The people from the wooden house announced in shock!

The entire Battlefield of Divine Devil was silent.

When the smoke and dust from the Divine Demon Heavenly Star dissipated, everyone could only see Long Chen. The devilish fiend that was extraordinarily powerful in the Divine Martial Realm had now disappeared without a trace.

Long Chen's actions were actually so thorough.

From the first level to the seventy-ninth level, Long Chen had not displayed his true strength.

It was only when they fought the devil fiend that the Divine Kings finally realized how frightening he truly was.

The people at the 80th floor thought that Long Chen was merely close to the Extreme Realm God King, and was only at the 80th floor. However, they never expected that at this moment, he had actually killed an expert at the 93rd floor, moreover, he was completely unharmed!

Shocking news!

In this battle, he had truly been able to intimidate the tens of thousands of Celestial Kings in terms of power! Although the elites of the Ten Thousand Realm God King were gathered here, and each of them were trained by fighting, Long Chen was obviously an elite amongst elites!

"This kid's target should be the God King Board!"

The surrounding Divine Kings felt Long Chen's strong battle intent!

He came out from the Heavenly Demon Constellation and in the blink of an eye, he was in front of Tian Jingxue.'s face was pale white, but Long Chen had given her such a huge fear that she did not dare look at him directly. She could not help but retreat, and said in panic, "You ... In the Battlefield of Divine Devil, if I didn't challenge you, you would have violated the rules by touching me, and you would have been expelled from the Battlefield of Divine Devil! "

Long Chen stared at her, then laughed: "If I can kill you, so what if I am expelled from this place?"

"AHH!" Tian Jingxue's body trembled, she was scared half to death, after a long while, she finally understood that Long Chen was trying to scare her.

"Don't do it again. I have already spared your life. If you provoke me again, the result of the devil fiend will be your end." Long Chen said word by word, each word was like a sharp knife stabbing into Tian Jingxue's body, causing her to not dare to make a sound. Compared to his arrogant and domineering attitude from before, it was a huge contrast.

"Yes, I don't dare." Tian Jingxue knew how to endure, so naturally he wouldn't go against Long Chen at this time.

Long Chen was too lazy to bother with her, so he went to the eighty-first floor.

"Wait." Tian Jingxue called out to him, and said: "I have something to tell you, the Demon Fiend has a blood brother called 'Mo Xiao'. Mo Xiao is also in the Extreme Realm God King, but he approached the realm of Divine Emperor and reached the Divine King List tens of millions of years ago. He is now ranked eighteenth on the Divine King List! "

"Eighteen?"

This was really cruel.

Old Pig said that this woman had friends from the God King Board, so she must be the Mo Xiao that the Demonic Qi met before. That Mo Xiao might not help Tian Jingxue, but if she was going to avenge the Demonic Qi, she should be sure!

To Long Chen, the eighteenth floor of the Divine King List was practically the limit of what he could predict!

He loved limits the most!

After Tian Jingxue said this, the crowd couldn't help but feel pity for Long Chen. Offending the Ultimate God King of the leaderboard, meant that their future path would be difficult.

"Eighteenth?" I like this ranking. The next 18 places might be mine. " Long Chen said in the midst of silence before heading to the eighty-first floor.

Silence.

"Who is he, will he challenge the 18th place Mo Xiao?"

"It should be because of this that he's exaggerating. Let's not talk about the fact that he still hasn't obtained the monthly placing to challenge the Divine King Board." Even if one obtained it, most people would only dare to challenge more than ninety people. The most exaggerated one would only challenge more than fifty people. After all, a single chance is not easy to come by, the first thing I need to do is to enter the Divine King Board. "

"When he first arrived here, he probably didn't know how strong the Divine King Board was. This is a list that he had honed for tens of thousands of years, and almost everyone here closed in on the strength of the Divine Emperor. Even the one hundredth rank, is pretty scary. At the very least, you will be much stronger than the devil fiend.

"Although Mo Xiao is a brother of the devil, none of the ten devil fiends are a match for him. It is said that Mo Xiao has cultivated an external incarnation of 'Sky Demon'. We are not his match at all. "

Following the discussions of the Divine Kings, Tian Jingxue watched coldly as Long Chen left. She guessed that by this time, Mo Xiao should already know that something had happened to the devil fiend.

"Even though Mo Xiao's personality is cold and he rarely appears, he is the most protective of the people. I have chosen to have the Demonic Demon take care of Yang Chen, it is truly wise, even if the Demonic Demon do not take care of him, Mo Xiao will still take revenge for me! How can you avoid such a series of schemes? "

Actually, some of the fear and dread from before was just an act.

"Now, no matter what realm Yang Chen has rushed to, he will definitely meet Mo Xiao in the end. the eighteenth place on the Divine King List is roughly the strongest divine king in all the realms. Unless it's a Divine Emperor, how can he be a match for him? "

The one Tian Jingxue revered the most was actually Mo Xiao.

He was far more terrifying than the devil.

"I'll need another fire." Tian Jingxue thought about it carefully and analyzed it in his heart: "This Yang Chen seems to have some relationship with the Dark Star Divine Emperor. Previously, when the Immortal God Clan came over to capture Long Chen, they were stopped by the Divine Emperor. That of the Immortal God Clan didn't know that Yang Chen was here, so if I were to sneak out and tell them, they would definitely come back to make a ruckus! It would be very lively then. Double attack, this Yang Chen, will definitely be unable to escape this calamity. "

She only remembered that she had wanted to play with him, but was tricked instead, and resented in her heart. She had only wanted to take revenge, but did not expect Long Chen to be so strong, and with that, the matter became even worse.

"Forget it, I'll go out and look for the eight asexual Divine Emperor!"

Thinking about it, Tian Jingxue laughed to herself. Going down from the 80th floor, there was actually someone who left Battlefield of Divine Devil to hunt.

After leaving the Battlefield of Divine Devil, Tian Jingxue was elated. Her long skirt fluttered in the wind, and thinking of how she could release such a vile aura, she felt much better.

"Speaking of which, if this Yang Chen is more polite to me, I might not want to go against him!"

She blamed all of her faults on Long Chen.

"Tian Jingxue, do you want to find the Immortal God Clan?" Just as Tian Jingxue was feeling complacent, a deep voice suddenly sounded beside her ear.

"AHH!" Tian Jingxue was so frightened that her hair stood on end. She checked with her mind and indeed, a three-eyed old man was standing in front of her. Her cold eyes that were like stars made Tian Jingxue scared out of her wits.

"Dark Star Divine Emperor! Of course not, it's just that Battlefield of Divine Devil is too bored, so I came out to relax. "

At this time, she was so scared that her scalp went numb. She did not expect that the Divine Emperor would actually follow her out ...

She was vaguely aware that she seemed to be in big trouble.

Regardless of whether she tried to argue, the Dark Star Divine Emperor had instantly appeared in front of her eyes and the black star in between her eyebrows shot out a ray of light, which instantly pierced through Tian Jingxue's forehead.

Weng! *

The body of the Divine King turned into countless dust, causing wild killing intent to swirl around it as it dissipated into the air.

Tian Jingxue, dead!

They were also turned into ashes, not even ashes were left.

"You seek your own death, no one else can be blamed." The Dark Star Divine Emperor sneered and disappeared from the place.

And at the same time, Long Chen's name had already shocked the entire Battlefield of Divine Devil. There were already many people who heard that Long Chen had charged up to the 80th floor and defeated the strong devil fiend.

His final destination wasn't just the 80th level, but also rising!

The 90th level!

When Long Chen spent a few days and consecutively defeated ten people with Extreme Realm God King all the way to the 90th floor, even tens of thousands of Divine Kings were stunned! At this time, they could all tell that Long Chen had come for the God King Board!

He would have to go through another ten battles. As long as he succeeded in his challenge, he would be able to enter the list of Divine Kings!

For a time, his name had already resounded throughout the entire Battlefield of Divine Devil! Every battle caused a sensation, because even Mo Xiaolang and the others were attracted to it! Currently, Mo Xiaolang was rushing towards the eightieth floor, and there were no longer any opponents for him amongst the Perfection Divine Kings.

Zhu Xi, Yang Lingqing and Su Yan were charging towards the sixtieth floor, but they had already gradually separated. Among them, Zhu Xi was at the top, Su Yan was in the middle, and Yang Lingqing had just grasped the power of the Unparalleled Dragon, so she was not very familiar with it.

Their new group had already become the absolute center of attention, especially Long Chen's. The entire Battlefield of Divine Devil was currently focused on him, wanting to see how far he was going to go!

Long Chen almost did not rest, and began to charge towards the 91st level!

Chapter 2837 - The Battle of the Ultimate Selection

On the ninety-first floor, Long Chen was facing the Heavenly King Blizzard! Victory!

On the 92nd level, Long Chen had defeated 100,000 Thunderclap True Lords!

The battle strength of these two people were extremely close to that of the devil fiend, and each of them required Long Chen to use his full strength to quickly defeat them!

Of course, these opponents were different from the Demon Enmity, they all came with the intent to challenge. When they heard that Long Chen was strong, they were filled with admiration, and amongst the warriors that Long Chen admired, usually only the victor was decided, and not the life and death, at most, only something unimportant would be bet to cheer them up.

Most of the people were trying to break through during the battle, so when they met an enemy like Long Chen, they were actually very passionate.

This was what Long Chen was happy to see!

Next was the 93rd level!

This was originally the place where the Infernals were. Every Celestial King here was roughly the same as the Infernals. There were even some who had charged up to the 100th level and participated in the battle for the spot on the leaderboards.

Under everyone's anticipation, Long Chen once again quickly defeated the Battlefield of Divine Devil, shocking them all.

In the Battlefield of Divine Devil, power was more respected than character, of course Long Chen's character was not bad either, he only wanted to win, train, and never hurt others for the sake of hurting others.

Thus, he continued to charge upwards despite his flourishing popularity.

This hot-blooded battle caused all the living beings of the Divine Kingdom to cheer for him!

Within the Divine Kingdom, there were tens of billions of Dragon Fighters. With the distribution of the inherited blood essence, the number of true Divine Dragons that could fuse together with the origin of the dragon soul was becoming increasingly numerous!

Every day, there would be a huge increase.

For example, for Long Chen, who was able to make it up to the 90th level, usually only an expert on the God King Board could do it. However, the truth was that most of the God Kings were able to make it into the Divine King List through training in the Battlefield of Divine Devil. In other words, only a small number of those on the Divine King Leaderboard would be able to make it up to over 90 floors at once.

But with over ninety levels, it was still not the end for Long Chen!

Amidst the shocked expressions of many Divine Kings, he was still able to soar up to the ninety-ninth floor from the ninety-third floor. Once again, he charged up to the ninety-ninth floor! And then, he defeated Daolord Taia of the ninety-ninth floor and charged up to the hundredth floor!

One hundred levels at a time!

Long Chen had completed this legend!

It was rumored that even the top ten of the Divine King Ranking were asking about his daily battles, because they knew that if Long Chen kept going up like this, all the way until the 100th level, he would definitely challenge the Divine King Ranking!

When he rushed up to the 100th floor, the entire Battlefield of Divine Devil was in a frenzy, almost everyone was talking about Long Chen and the others. Even the old pig King of Light Wind who brought Long Chen here received special treatment and was currently bragging everywhere.

After reaching the 100th floor, without a doubt, an even more shocking battle was about to begin!

This battle was held every month, and from all the Extreme Realm God King in the hundredth floor, one person was selected to challenge the Divine King Board. This selection was obviously a battle!

Every month's battle for the selection, everyone was filled with anticipation.

Long Chen rushed from the first floor to the hundredth floor, spending about two months of time. The time he spent on the battle was very little, and he spent most of his time waiting for his opponents.

Whether or not Long Chen could stand out amongst the ten or so tyrannical Divine Kings, becoming the only one to challenge the Divine King Ranking this month, became the biggest suspense!

Amongst the several tens of thousands of people, there were only less than ten who managed to make it to the hundredth floor and stabilize there. This time, Long Chen just so happened to have amassed a total of ten people.

These ten people were naturally the most outstanding among the Extreme Realm God King. Each of them were tyrannical existences that could rush into the Divine Emperor Realm at any time! They were much stronger than the opponents Long Chen had met previously, so they were not even able to compete with the devil fiends!

Therefore, all the Divine Kings s knew that it was extremely difficult to obtain a monthly quota. Although Long Chen had charged all the way here with a special performance, the original nine people were all old hands of the Battlefield of Divine Devil, who had honed themselves here for millions of years. In their original world, they were all super hegemony that could rule over an entire region!

Therefore, the chances of Long Chen winning were about the same as the others, around a tenth of the win.

Being able to reach the 100th floor was a symbol of strength.

The other nine people, and even five of them, had all stayed on the Divine King Board before, but they had all been challenged down to the next level.

The fight had changed in an instant. It wasn't that they weren't strong enough, but that they had been dropped by luck. Therefore, there was a saying in the Battlefield of Divine Devil that a victory in the selection would mean that one would be able to successfully challenge the Divine King Ranking, and that a battle would be even more difficult than challenging the Divine King Ranking! Of course, the precondition was that he didn't directly challenge the top 50 rankings of the Divine King Rankings!

On this day, Long Chen waited for the start of the battle for the selection.

After a series of continuous battles, Mo Xiaolang had rushed to the eightieth floor. He had once fought with Extreme Realm God King, and had barely been able to contend against them.

When Zhu Xi reached the sixty-third floor, he was already considered quite good among the Perfection Divine Kings.

Su Yan was at the 61st level, the Nuwa Demon Black Hole was invincible.

Yang Lingqing also rushed up to the 60th floor. This was her limit. In recent battles, she had fought rather hard and each side had their own victories. Usually, when she fell a level, she would learn from her mistakes and would quickly rush up to them.

She was the most hardworking and had the most benefits, so Long Chen was more at ease in letting her try.

Of course, they did not need to watch Long Chen's selection battle. In the future, if they challenged the Divine King Ranking, they could come up.

When challenging the Divine King Ranking, for example, if Long Chen chose the eighteenth floor, then, on the hundred floors below Battlefield of Divine Devil, each floor would have a path that led to the eighteen floors above, and all of them could watch from the sidelines. Because every time he challenged the God King Board, it was always a grand occasion for the Battlefield of Divine Devil.

"Brother, I wish you success. My goal is the 70th floor. When I reach the 70th floor, I'll take a rest." Recently, Yang Lingqing had grown up very quickly, and her heart had changed a lot. Her biggest goal was to share these responsibilities for Long Chen.

"You can trust yourself now with the Unparalleled Dragon. For the future you, the enemies you face right now are all nothing." Long Chen made her understand that he had to be confident.

Although this battle wasn't watched by any of the lower level Celestial Kings, there was one that had come down from the Divine King Leaderboard!

Now, Long Chen and the others were waiting for the appearance of the God King.

In front of him was a huge Fiendgod Heavenly Star. It was much larger than the other stars, about ten times larger.

"The rules of the battle selection are that the ten God Kings will enter this Fiendgod Heavenly Star and engage in a chaotic battle. In the end, the God King, who can still persevere, wins."

Honestly speaking, although this seemed simple, it was actually quite complicated. A free-for-all was the most difficult battle to grasp, and it tested one's strength to the point of being more than just combat strength.

Given how large this Fiendgod Star of Heaven was, the ten Godking would definitely scatter upon entering.

But it's also possible to join forces.

However, even if they joined forces, they would still have to engage in internal battles in the end.

In a battle royale, many things could happen.

There would even be situations where nine people would attack one person. If that was the case, no matter how strong that person was, he would be the first to be eliminated.

It was precisely because there were so many possibilities that this selection would be quite interesting. Those who could win in a battle of selection were all extraordinary people.

There were still a few other fighting Godking in the training room, preparing for this final battle. When they arrived, they would be able to start the battle.

When the participating Divine Kings had not arrived, the Divine Kings on the Divine King List had all descended!

Today, they were all spectators!

As for how many people had come, Long Chen did not know. These Divine Kings were simply too strong, to be able to make it onto the list of the Divine Kings, any one of them would definitely surpass the opponents that Long Chen would challenge today. The location they were at, was a distance away from the Divine Demon Heavenly Star Realm.

One after another, there were no signs of movement.

"What a group of battle maniacs." Long Chen laughed to himself.

With his current realm, looking back would cause him to be shocked, not to mention others, but also realms of Extreme Realm God King. There were some people like Tian Jingxue who did not have many special characteristics, and there were even some who had the strength to defy the heavens, that could even compare to Taiyuan Deity Realm!

There was definitely such a person among the onlookers!

To these ten War God Kings, the watching Divine King Leaderboard powerhouses was a form of pressure, a form of display of power! After all, they were here to challenge the Celestial King Board!

With the fame of the Divine King Ranking, even if one left the Divine Demon Zhou Mountain in the future, it would still shock the entire world. It would also be a great honor to bring back the glory of the entire world. There were many people who came to Mount Zhou because of their infamy as gods and devils, but they also wished to be able to be ranked on the Divine King List and become famous throughout the world!

Dozens of guys on the Divine King List surrounded the Divine Demon Heavenly Star Realm in the distance, surrounding Long Chen and the others. The enormous might that they had combined together simply made it hard for Long Chen to breathe, as if there were many Divine Emperor s present in the surroundings!

Those divine eyes were like swords as they stabbed into the chest of the War God King. Under this pressure, those that could still display their combat strength were the strongest!

Long Chen realized that many people's gazes were on him. He was a newcomer, so the attention he received would naturally increase, causing him to be under a lot of pressure. Many of them were blatantly suppressing him, which was quite excessive. However, this also showed how ruthless and cold the Battlefield of Divine Devil was.

It was about to begin.

Amongst the people on the Divine King List, there was a four-eyed young man standing right in front of Long Chen. The youth looked similar to the devil fiend, and he looked a little younger. His eyes were scarlet, and he looked even more noble and cold than the fiend fiend.

Long Chen could sense that this person was extremely hostile towards him.

"Xiao De, it's this Yang Chen. A few days ago, he took your brother's life during the battle."

There was another Divine King ranked on the Divine King's List surrounding Mo Xiao. If they could stand together, they probably wouldn't be too far away from each other.

This was a The white-haired Godking.

"Demon? He's just a piece of trash, so he's not qualified to be counted as my brother. "

Chapter 2838 - Double-headed Fury

"Haha, although that is the case, with the connection of this bloodline, it is difficult to determine his qualifications. Moreover, everyone will think of you once he is killed in battle. Right now, I'm afraid they are also waiting for your response."

The white-haired Godking smiled without changing his expression, he looked at Long Chen who was quietly standing on the Divine Demon Heavenly Star, preparing to fight.

Mo Xiao nodded, and said somewhat helplessly: "Indeed, it is. It is said that this Yang Chen, is preparing to challenge me. "Looks like we're going to have to deal with the Nightmare Race."

"That's not it, I heard that it was a woman called Tian Jingxue who had the Demon Kill against him, and the Demon Kill was also used. Originally, he did not know who you brothers were, but he was not afraid of you, and now that things have gotten to this point, someone has to die.

"Tian Jingxue seems to have gone missing. Otherwise, I would have ripped her apart."

Mo Xiao hated trouble.

This time, public opinion pushed him out for no good reason, and he was determined to solve this problem.

"Say, if he wins this selection battle, will he challenge you directly?" The white-haired Godking guessed softly.

It was about to start. The ten of them had already arrived, and now they were waiting for the log cabin's announcement. They would enter the largest Fiendgod Sky Star to fight.

"Yes." Mo Xiao suddenly grinned and said with certainty.

"Why?"

The white-haired Godking asked curiously.

Mo Xiao lowered his head and laughed, saying, "That's because I actually already made my move. Didn't he kill my brother? That's why I had to make a move on the people around him. This is how a game should be played, in order for it to be interesting. "

"Interesting," The white-haired Godking's eyes lit up. "I understand, he seems to have a few friends, one man and three women. They are all approximately at the position of the Perfection Divine King. I'm curious, how did you do it? "

Mo Xiao said indifferently: "Of course it is a method to imitate the demonic fiend, that idiot. Didn't he pretend to have lost more than ten matches to reach the 80th level just to fight with Yang Chen? I also found four decent guys and made them descend about ten levels in the dark to where those four guys are. "

The white-haired Godking could not hold back his laughter, and said: "You guys are truly reckless. Star Alliance clearly says that we can't pretend to lose, but they all grabbed hold of the loophole of the rules, and acted brazenly."

Mo Xiao waved his hands, and said: "There's nothing I can do, Battlefield of Divine Devil is so big, I can't care about it. Besides, feigning defeat, as long as you act a little more truthfully, who would understand? If not, Mo Sha would not have been able to succeed. I know a few friends in Star Alliance, and I won't have too much of a problem getting rid of this Xiao Kong Zi. "

"Your idea is not bad. How do you plan on carrying it out?"

Mo Xiao said: It's very simple, the four of them are already preparing to dupe the four of them, it's about to start a war, this Yang Chen has to take into account the battles here, he can't care about them, if he is lucky, the four battles might start at the same time, if this Yang Chen heard the news of his friends dying in battle, or being humiliated, what kind of feeling would he have?

"So sure?" Who are you looking for? "

Mo Xiao laughed, and said: "There is fame, one of them is a Angry Yuan, he has two heads, and likes to eat people. There are also three Sound Beasts that are the most worthless. They can perfectly deal with those three girls and make them suffer a fate worse than death in front of all these people. "

"Absolutely."

The white-haired Godking had no choice but to raise his thumb, praising from the bottom of his heart.

"I thought you wouldn't care about the Demon's death."

"I really do not care, but I do care about me, Mo Xiao's, face."

"The selection battle has officially begun!"

Following the announcement by the vast voice from the wooden house, Long Chen and the other ten Divine Kings, one by one, entered the Heavenly Star of the Gods from all directions as they were surrounded by the numerous experts from the Divine King Ranking.

This Fiendgod planet was simply too big.

After landing on the ground and choosing their positions, it was almost impossible to find the positions of others.

Long Chen landed on this vast piece of land and for the time being, he could not see where the other Divine Kings were.

Of the nine opponents, five of them had once been members of the Divine King Ranking, and the other four had fought their way here through the great war!

When the seal on the Heavenly Demon God Star opened, it would be the start of the battle! In other places, there were people shouting for battle, but the battle for the selection was quiet. The surrounding Divine Kings did not make any sound, they just stared coldly at Long Chen and the rest, causing them to be unable to breathe!

Suppression!

When he raised his head to take a look, all he saw were ice-cold eyes and monstrous divine might!

"The most powerful group of Godkings of the Allworld?" Long Chen laughed in his heart, but he did not mind at all. He was quite confident in this selection battle.

"However, from now on, it's true that every battle will be of great help to me. This Battlefield of Divine Devil is indeed very effective in gaining experience. It seems like Little Wolf and the others have also gained quite a lot."

Long Chen was already quite satisfied.

The other Divine Kings were trying to break through the Divine Emperor.

For the sake of possessing the strength to fight against the Divine Emperor!

When the seal was activated, it would be the start of the battle!

"From this day forth, whoever wins will have the chance to challenge the Divine King Ranking! "Let's begin!"

The wooden house was announced once more.

The atmosphere instantly became tense.

sensed the movements of the Divine Demon Heavenly Star, and it seemed that the other nine Divine Kings had already started to make their move. Whether it was an alliance or a one on one fight, whether it was a conspiracy, they would all start soon. Long Chen did not form an alliance with any of the Divine Kings, he fled into the Time Traversing Dragon, and was the most concealed out of the ten Divine Kings!

A 1 vs 9, that was very difficult!

Therefore, he wasn't in a hurry. Let them kill for a while before anything else, there would be people who wouldn't be able to hold themselves back first.

He began to roam the Divine Demon and Heavenly Star, searching for his opponent.

His opponent could not see him.

Outside of the Heavenly Demon Realm, the experts on the list were also quite surprised at the sudden disappearance of Long Chen.

"This Yang Chen is not simple."

"He hid so well first. The other Celestial Kings might not have a better chance than him, even if they worked together in groups of two or three."

"It depends on his luck. Sometimes, luck and luck are important in a battle for selection."

When Long Chen was wandering around searching for his opponent, Mo Xiaolang was cultivating quietly in the eighty-first floor, where he was surrounded by Extreme Realm God King. When he first came up, the Extreme Realm God King cultivators were all looking for him, and in the end, he lost his first battle against the Extreme Realm God King, as he went up to the eighty-first floor.

It was because of this that he chose to meditate for a while before starting another battle.

The quiet training ended.

"Big brother is probably going to start the selection battle right now. I have to work hard too!" Fighting with Extreme Realm God King has been quite a help to me. Previously, I had swallowed so many rules and regulations, but was still unable to harmonize and integrate them.

He just came out of the training room.

A wave of scorching heat hit his face.

This was not the key point, the key point was that there was a head at the back of his head, facing behind him. These two ugly heads were burning with a fiery red flame, and those triangular eyes looked quite angry.

However, he still spoke with a humble and amiable tone towards Mo Xiaolang, saying, "Your name is Mo Xiaolang, right? My name is Angry Yuan, and I come from the 'Two-headed Rage Clan', and I have the Extreme Realm God King of a person. I heard that you are also proficient in the laws of fire, so I wanted to invite you to battle with me.

Mo Xiaolang was already prepared to find an opponent to begin with.

Intent, was obviously Extreme Realm God King. If she cultivated the laws of fire, that would be even better.

However, the fellow before him made him feel that he was in danger. Thus, he hesitated for a moment. Especially that head behind his back; it was simply too ugly.

"Don't look at me because I'm ugly. In the ten thousand worlds, we are known for being friendly. Brother, you won't look down on me, right?" The Angry Yuan laughed, looking simple and honest.

"Honestly speaking, I have specialized in the laws of fire for many years. In the end, I have already comprehended a type of rule, but I was unable to see through it, so I wanted to find a fire expert that specializes in fire. I have seen your battle before, and that's quite impressive. Brother, if I really can succeed, I will definitely thank you! "

The Angry Yuan said sincerely.

Mo Xiaolang didn't have any misgivings, he just subconsciously thought that the other party was scary a while ago. But now, he didn't feel that way anymore. He continued, "I was intending to fight. Since that's the case, let's head to the Heavenly Star God."

He thought to himself, by the time the battle ended, Long Chen's side would also be done.

When the results came, he would go and cheer for him!

Mo Xiaolang walked in front, with the head in front of the Angry Yuan following him expectantly. However, the head behind him was sneering, looking extremely disgusting.

At the same time, the three elegant young masters arrived at the 63rd, 61st and 69th levels respectively. The three of them looked very similar. They were all Perfection Realm Gods, three of them were demon beasts, and were known as the "three brothers of the Sound Beasts". He seemed to be an elegant young master, but he was actually an eerie, evil, and dirty man. In the entire Battlefield of Divine Devil, he was a character that normal people did not dare approach.

Their targets were Su Yan, Zhu Xi and Yang Lingqing.

Su Yan and the others did not plan to fight at the moment, they were waiting for Long Chen's situation, but it was said that the battle for the selection battle would still take a long time, so they were rather bored.

As Zhu Xi was walking around randomly, a handsome young man suddenly appeared in front of him. The young man smiled shyly and said: "Miss, my name is Silver Sea and I wish to fight with you."

Zhu Xi looked at him with wide eyes for a while, then said: "If you want to be beaten up, then just say it, why are you so disgusted? Hurry up and I'll tell you, do you want to be beaten up?"

Yin Hai said awkwardly, "Lady, I really want to be beaten up."

"Alright then, let's go!" Zhu Xi threw down his words, and directly headed towards the hut.

Chapter 2839 - Three Yin Beasts

"Miss, before, I saw your battle on the 58th floor and admired you greatly. Now that I know that you've come to the 61st floor, I really want to spar with you. I wonder if that's possible?"

A graceful young master stood in front of Su Yan.

The other party was very polite, making it difficult for him to refuse.

The other party was the God King Perfection.

Su Yan was actually not very keen on fighting, but she knew that her weakness was that she was still unable to use her powers well. The Nuwa Demon was strong, but because of her experience, she was unable to display her strongest side most of the time.

Hence, with the opportunity of the Battlefield of Divine Devil, she decided to come out and train.

The rules here in the Battlefield of Divine Devil was very strict. If you lost, you would stop, and there weren't any big dangers. Su Yan had rushed too fast, and it had been awhile since anyone was willing to fight her.

"My name is Silvermoon." The man smiled.

Su Yan didn't care what his name was, she only had Mo Xiaolang in her heart, so the other men were no different in her eyes.

"Quickly fight, quickly fight, quickly catch up to Zhu Xi!" He wanted to follow Zhu Xi, but he didn't expect that Zhu Xi would run so fast. He was already on the sixty-third floor. He couldn't slow down.

Yang Lingqing did try her best, but the opponents she had met recently were quite difficult, so she took a while to recuperate. She wasn't affected by the kitten, but chose to follow her own rhythm.

She came to the wooden house and filled in the application form. Now, she was waiting for her opponent.

Because she was related to Long Chen, there were still many Divine Kings surrounding her to watch her battle. When Yang Lingqing left the hut, a young man in a silver robe walked up and completed the application. As the two of them had chosen to battle at any time, the hut quickly announced: "Yang Lingqing will against Yin Xing."

The gods came to watch.

"Miss, this is Yin Xing. Please advise me." Yin Xing said gently.

"Did you pick me as your opponent?" Yang Lingqing was alarmed. It seemed that the other party had been waiting for her for a long time.

"I really admire you, and I would like to exchange some pointers with you."

Yin Xing nodded and smiled.

Yang Lingqing looked at him, secretly observing the expressions of the surrounding gods. Sure enough, their faces were unnatural, as though they knew about Yin Xing's strangeness, but they did not dare to say it out loud.

"Miss, please." Yin Xing very politely invited Yang Lingqing to the Heavenly Demon Star God. Normally, once the wooden house was announced, it would signify the establishment of the battle, and it would not be easy for her to go back on her words.

"What are you afraid of him for? If it's really impossible, cat-lord will protect you." The little kitten wanted Yang Lingqing to defeat her opponent quickly and catch up with Zhu Xi.

"Yes." No matter what strange thing happened to her, she was just a Divine King Perfection, in the same realm as him, while he was a Unparalleled Dragon, in any direction, she would surpass him. From the beginning to the end, she, Yang Lingqing, had never become a dragon.

The two of them arrived on the Godfiend planet.

The seal opened, sealing the two of them inside!

"It's actually one of the three brothers of the Sound Beast Sect!" Weren't they on the 70th floor or something? Why are they here!?"

"Seems like they are here specifically to deal with this Yang Lingqing!"

"Rumor has it that Yang Chen is currently in the middle of a battle of selection. This little lady might be his younger sister, the three Sound Beast Brothers!"

"I once heard that when Yang Chen was on the 80th floor, he defeated and killed Mo Sha. Mo Sha had a brother from the Divine King List, could it be that he was the culprit?"

"There are three brothers in the Sound Beasts, and there are three girls by Yang Chen's side. The Sound Beasts were very vicious, and they were famous in the ten thousand worlds for cultivating the 'desire' rule. It was not good! In the past, they had publicly humiliated their opponent, causing their opponent to commit suicide!

"This is definitely a battle between Yang Chen and the expert from the Divine King List.

Amidst their discussion, at almost the same time, Mo Xiaolang, Su Yan, and Yang Lingqing stepped onto the battlefield. Besides Yang Lingqing, the other three didn't feel anything strange about their opponent. Furthermore, Long Chen was currently in the midst of the most important battle for the selection.

80th level, Mo Xiaolang against Two-headed Rage Clan!

Below, Zhu Xi will fight Silver Sea, Su Yan will fight Silver Moon, and Yang Lingqing will fight Yin Xing!

Yang Lingqing was still on guard, but at this time, Yin Xing bowed to her with a sly smile on his face, and said: "Time is up, miss, let Yin Xing serve you well."

That was wrong.

"Aren't you here to fight?" Yang Lingqing narrowed her eyes. The power of a spiritual dragon, even in its youth, was quite majestic.

It was just that the person in front of her was an expert who had killed his way to the seventieth floor, an expert that was the best of the Perfection Divine Kings!

"Of course, it's just another battle. A battle that will make you feel good again!" Yin Xing opened up both of his arms, and suddenly, the silver mist engulfed the entire God Demon Star Realm, causing it to appear as a silver, dreamlike sphere.

"As expected, the Sound Beasts still did it!"

The rules of his lust weren't that simple.

"An enchanting sea."

At this moment, Yang Lingqing was in an endless silver ocean. She did not let the silver mist touch her, but this silver ocean had completely blocked her view, and Yin Xing, who was right in front of her, was also a little hazy!

"This rule ..."

Yang Lingqing could already feel it. This rule was not an attack, but a hallucination. It was hard to imagine what would happen if the silver energy invaded her body. Even though she was surrounded by the silver mist, she felt dizzy.

"The Sword of Love." Yin Xing's voice was filled with enticement, as though it was right beside her ear. Yang Lingqing looked over coldly to see that he was holding onto an illusionary sword, which was also like a whip, soft and slender. Now, Yin Xing's eyes became dreamy, like two silver stars!

"It's starting. Beautiful lady, are you able to endure my, Yin Xing's, violent winds and torrential rain?"

This tempting voice continuously sounded in the silver sea.

Cat froze and said, "Holy sh * t, so it's a silver stick!" "No wonder he looks so greasy."

However, he was depressed.

This Yin Xing's rule was extremely tyrannical, and Yang Lingqing might not be able to stop it!

Even at that moment, in the Dazzling Sea, in the dual rules of the Sword of Love, she was already a bit dizzy.

"This is bad!" The kitten knew that it had probably gotten into trouble. If it hadn't urged Yang Lingqing, she wouldn't have come out to fight without a good rest.

"This is bad, if anything were to happen to her, my boss would definitely skin me alive!" The kitten could not help but let out a sharp cry!

"Beautiful lady, please allow Yin Xing to bring you on a dream-like journey, how about it?"

Yang Lingqing suddenly shook her head to clear it up a little. She did not expect to meet such an obscene person in Battlefield of Divine Devil, so she was naturally furious. The true battle of the Spirit Dragon Fury had just begun!

It was not only Yang Lingqing, but even Zhu Xi and Su Yan had encountered this problem.

But Mo Xiaolang was different from them, his opponent was truly berserk!

"You're from the 90th floor?" Mo Xiaolang heard some people talking.

But unfortunately, at this time, the two of them had already entered the Heavenly Star of the Gods and Demons.

"That's right. I've seen your battle, and I can't wait to have a fight with you. Now I'm coming down!"

The two heads of the Angry Yuan s said the same thing!

This had to be a fierce battle!

Mo Xiaolang's blood was burning. If it was any other type of Extreme Realm God King like this, he would probably be afraid. However, since the other party was of the fire attribute, that would be even better!

"Do you want to kill me?" He stared at his opponent and said word by word.

"Yes." The Angry Yuan answered without even thinking.

The smell of gunpowder became stronger.

Hearing this word, Mo Xiaolang knew that this would be a battle to the death. He had already prepared a chance to surpass his limits, and from the battle of Battlefield of Divine Devil till now, it was the first time he had surpassed his limits.

BOOM!

Many of the Divine Kings had come down to watch, they could not watch Yang Chen's fight, only watch Mo Xiaolang's fight!

Mo Xiaolang did not dare to underestimate his opponent. When the battle had just begun, he had already transformed into a Sun Devouring Demonic Wolf. That pure black demon wolf was filled with shock, especially the flames in its eyes.

Roar!

His two heads, back and forth, were burning with raging flames. During his battle with Mo Xiaolang, his body had also undergone some changes. After all, he was not a pure human, so it was normal for him to have these changes.

"Fiery Blaze!"

The rules of Angry Yuan, one was fire, and the other was anger!

Anger was a type of emotion, and also a type of rule.

He could control his anger!

But when he used the Rule of Rushing Flames of Wrath, his emotions instantly changed and turned into a state of raging flames. At this moment, Mo Xiaolang was his life and death enemy! He had a blood feud with him! He would turn into a mad devil! That savage divine might instantly pressed down!

"As expected of someone from the 90th level!"

Mo Xiaolang's heart was shaken, but even so, his fighting spirit was ignited!

The Angry Yuan took out a mace. This was a Order-class Creation God Equipment! Those fierce wolf teeth, its overbearing shape, it was full of terrifying destructive power! At this moment, he grabbed onto the mace and charged forward. Flames billowed, and explosions exploded!

Rumble rumble rumble!

The entire Fiendgod Star was instantly engulfed in flames!

"Bone Devil Flame!"

Mo Xiaolang was calmer than him by a lot. Using these rules to attach the Ancestral Fire onto the opponent's bones was naturally painful! He was prepared to use this to obstruct the opponent's footsteps, but he did not expect that the opponent would be able to endure this pain. The mace danced, and the overflowing flames collided into Mo Xiaolang's body!

Chapter 2840 - Sword

Just like Yang Lingqing, Zhu Xi and Su Yan were currently trapped in the ocean of charm. He would be controlled by the sword of love of the Sound Beasts!

The silver sea rolled. Wherever the sword went, it would cause people to be mesmerized!

Despite constantly trying to think of ways to clear his head, he would still gradually fall into a state of dizziness.

"What's going on?" Zhu Xi had already turned into the body of the Divine Phoenix, the phoenix energy had dispersed the evil, she was dancing in the beautiful ocean, the silver ocean could no longer be found, but she was shaking nonstop, almost like he was falling down from the God Demon Heavenly Star Realm!

Swish!

Suddenly, a sword stroke came from behind. This was an elusive sword stroke that was as swift and powerful as a whip!

"Break!"

Fire condensed in front of the Divine Phoenix's eyes. This was a subconscious reaction on Zhu Xi's part, but he did not expect the sword light to disperse, and the power of the laws were everywhere as they invaded Zhu Xi's body from all directions!

"Damn it!" Are you playing with this young lady!?"

Zhu Xi was furious, he hated the way this Silver Sea fought. Right now, she still didn't know that he was in a precarious situation!

"Why are your rules so strange?"

Su Yan calmly stared at the charming sea around her. This was a kind of muddled feeling that only she would have when facing Mo Xiaolang, so she definitely wouldn't act this way for no reason, it had to be the other party's rules! Now that she thought about it, the other party must have approached him with some motive in mind!

"Should I tell wolf cub or Brother Long Chen?"

She felt that the other party was targeting her, but then she thought that it was very likely that Long Chen and Mo Xiaolang were fighting and it wasn't convenient for them. Furthermore, according to the

rules of the Battlefield of Divine Devil, now that their own battle had started, Long Chen and the others couldn't interfere either!

"I have to defeat this bad guy by myself!"

Su Yan firmed her heart. When the enchanting sea spread, her body expanded, from half a person, half a snake, she directly transformed into a devil, covering the sky and blotting out the sun. Her huge body seemed to be hidden in a dark whirlpool, looking extremely fierce.

Seeing her appearance, Silvermoon was shocked. "I didn't expect your original form to be so fiendish. So far from your human form."

Su Yan flapped her flesh wings, looked at the silver moon with her scarlet eyes and said: "I can feel that you're deliberately approaching me! No matter what, I will beat you! "

Silver Moon smiled and said, "Fighting and killing is really bad, we can use another method, but it seems that we have to beat you back to your human form first. Poor little lady, from today onwards, you will not have the face to see anyone again, and no one will be able to save you on this Heavenly Demon Star!"

BOOM!

Silvermoon was a demi-human!

His body became larger and he turned into a Yin Beast!

The Yin Beast was a dark silver wolf-like demonic beast. Its eyes had a faint yellow glow, and it looked ferocious and illusory! After transforming into his original form, regardless of whether it was in terms of rules or power, he had to suppress Su Yan. At the very least, from the perspective of the various Divine Kings outside, Su Yan could be considered to be in danger!

"That Yang Chen who went through the selection battle and found out about what happened here, I'm afraid he has gone crazy."

"That expert on the Divine King List named Mo Xiao is really too ruthless."

Bang!

The Sun Devouring Demonic Wolf collided heavily with the Demon God Star's seal, causing its internal organs to tremble greatly, and even its wolf claws were torn to shreds by the beast. It had to be said that even though Mo Xiaolang restrained the beast's flames, its power was still far greater than his!

Roar! Roar!

The Angry Yuan was more like a beast, charging over! Controlling the overflowing rage in his hands, he pulled back the gigantic cloud formed by the two flames and smashed towards Mo Xiaolang!

"Concentrating Heart Flame!"

Mo Xiaolang quickly reacted. Even though the battle had reached this point and he was completely suppressed by the other party, he was still not afraid. On the contrary, he was even more excited!

When the Nefarious Spectral Demon Ancestral Fire and the Firmament Ancestor Flame gathered at the same point and struck the Angry Yuan in the center, only after repelling it for the first time, would Mo Xiaolang barely have the chance to restore her own body. However, the recovery rate of the Angry Yuan s was also extremely shocking!

"Today is the day you die!"

That guy let out another heaven-shaking, earth-shattering roar, charging over once again. And it was as if two heads were shouting at the same time!

"This Mo Xiaolang is in danger!"

"I can see that Extreme Realm God King is his limit. He could only barely manage to fight Extreme Realm God King in the first place, and the person he is fighting now is an expert from the 90th floor!"

The rules of Angry Yuan s were far more than this!

Everyone was right, from the start of the battle, Mo Xiaolang had been completely suppressed by the opposing party. If the other party had another type of attribute rule, he would have probably been torn to shreds!

"We can't tell Eldest Brother that he is still in the middle of the selection battle! If I can't even deal with such an opponent, what kind of Mo Xiaolang am I! "

The battle continued, Mo Xiaolang persevered!

Amidst the violent attacks of the Angry Yuan, he fell down a few times, but she was able to last through them in the end!

"Immortal Fire Soul!"

This was a rule that came from the *Archaeopterygium australis*. Mo Xiaolang had extracted a portion of the flame and used it with the two kinds of Ancestral Flames. He had been waiting for this opportunity for a long time!

The soul of the Undying Fire had condensed onto the body of the Angry Yuan which was relatively close to Mo Xiaolang! At this moment, this fellow's Wolf Fanged Mace almost shattered the Sun Devouring Demonic Wolf, but it was blocked by Mo Xiaolang! The Angry Yuan was once again forced back, unable to kill Mo Xiaolang in one move!

"That was close!" Mo Xiaolang's entire body was now dyed in blood. It was almost the same as devil fiend, so this kind of opponent should have been dealt with by Long Chen at his level!

The Angry Yuan quickly tore open the Soul of Undying Fire. His eyes were burning with passion as she laughed loudly: "What are you struggling for? At this time, the three girls below are also fighting. I think they're about to die!"

"What!"

Su Yan, Zhu Xi and Yang Lingqing!

Long Chen wanted him to take good care of them!

"Someone has instructed you to target us!"

As he spoke these words, Mo Xiaolang's eyes instantly turned red. Streaks of blood suddenly extended out of his body, turning him into a blood wolf!

"So what if I am? You won't be able to leave here today!"

The Angry Yuan roared. He vaguely felt that Mo Xiaolang was somewhat different, but he did not know that he had completely angered him.

"Aooo!"

A ray of blood red light rushed forward and fiercely collided with the Angry Yuan. That Wolf Fang directly ripped out a large chunk of flesh from the Angry Yuan's body and then turned it into ashes in Mo Xiaolang's mouth!

"What!" The Angry Yuan was frightened by the current him, who was in a berserk and bewitching state.

"Forbidden Land of Fire!"

Only by defeating him, would Mo Xiaolang be able to leave this place. Currently, his entire world was dyed in blood!

The ten thousand types of Divine Flames formed a lotus-like cage, trapping the Angry Yuan inside!

"You can trap me here?"

Angry Yuan was rather disdainful.

"That's right!"

The shrinking of the lotus was a rule that belonged to the bloodline of Mo Xiaolang. When he entered this state of bedevilment, the lethality it produced was extremely terrifying!

"Break for me!"

The Angry Yuan brandished the Creation Divine Artifact that was filled with a destructive aura and smashed towards Mo Xiaolang. Mo Xiaolang immediately used the Sun Devouring Demonic Wolf's claws to block it, even though she was smashed into a bloody mess, he still managed to grab onto the Creation Divine Artifact.

"AHH!"

The Angry Yuan was engulfed by the rolling flames!

As the lotus shrunk, Mo Xiaolang instantly rushed forward and swallowed the lotus. It wasn't just the Angry Yuan, it also connected together with the layers of fury he had created. Now, as Mo Xiaolang's flames were sucked into the lotus, like a whale devouring water, it completely entered his stomach.

All of these scene caused the surrounding Divine Kings to be dumbstruck.

"He actually defeated the Godking of the ninetieth floor!"

At this moment, Mo Xiaolang turned his head around, and those blood-red liquid-like eyes deeply shocked them!

"You dare to mess with me?"

Zhu Xi was so angry that he almost went crazy. The fellow in front of his had very strange rules, not only did he not fight with Zhu Xi, but he was even sneaking around and using some illusory methods on her. If it wasn't for the fact that the phoenix race was innately skilled in resisting these evil ways, she would have fainted long ago.

"It's useless for you to be angry now. In my enchanting sea of emotions and the sword of passion, in less than a quarter of an hour, you will become a fanatic and let me do whatever I want!"

Silver Sea sneered in the dark.

"Despicable, filthy dog stuff!" Zhu Xi was extremely shameless, she was truly dizzy, but it was not as severe as what the other party said. Looking at the Divine Kings around him looking at him with eyes filled with pity, she knew that his opponent was a villain who especially coveted his beauty.

"See if your grandaunt won't roast you!"

She was of the Divine Phoenix bloodline, and was extremely noble and dignified. She was the nemesis of the yin beasts, this kind of sinister beast, and now that she had angered Zhu Xi, she was incomparably berserk. A kind of phoenix rule! Together, they would bombard this Fiendgod planet!

All the Divine Kings originally pitied Zhu Xi. Then, they saw how the silver sea, which was extremely confident in themselves before, was being bombarded by the six rules under Zhu Xi's fury.

"Impossible! No one can stop the rule of my desire! How can it be ineffective on you?"

"Lust your mother!"

The entire Battlefield of Divine Devil began to constantly emit Silver Sea's screams.

If they angered Zhu Xi, the consequences would be severe.

Therefore, for Zhu Xi, it was very simple for the other party to succeed, but for Su Yan and Yang Lingqing, they would not be so lucky.

Su Yan was still alright, her Nuwa Demonic body might not lose to the Sound Beasts. After all, she was the God King of polar state, and had not fully recovered!

Under the black hole, the charming ocean was being devoured one after another. All of the Silver Moon's arrangements were destroyed by Su Yan, and his body of a Sound Beast had nowhere to hide on the Divine Demon Heavenly Star.

"Have you swallowed me, Yin Hai? However, do you think that I, Silvermoon, as the elder brother of the Three Yin Beast, have this little bit of ability? Today, I must take you down! "

After transforming, the Sound Beasts started to attack step by step. Su Yan entered into a state of battle, she wanted to rely on herself to complete this difficult battle!
