

War God 2841

Chapter 2841 - Nine Star Prison

Su Yan's battle was somewhat similar to Mo Xiaolang's.

Compared to Zhu Xi's opponent, Silver Moon, was much stronger. It was the boss of the Three Sound Beasts. His personality was the coldest and most brutal, with many female gods miserably dying in his hands!

"Eternal Black Hole!"

"The path of extinction!"

Su Yan was already able to control more and more of the rules of the Nuwa Demons. Even if Silvermoon was still using all kinds of laws of lust to affect her mental state and performance, she had also brought about fatal danger to Su Yan several times, but Su Yan had endured it all!

She had a huge amount of faith in her heart!

After fighting for a period of time, Silvermoon and she were already quite tired.

"To think that this woman has such astonishing tenacity. If I wanted to confuse her, she would be easily devoured. How troublesome!" Silvermoon's head hurt.

The more they fought, the more shocking it became.

Su Yan's journey had not been smooth sailing, so in terms of tenacity and perseverance, she surpassed many people.

"You bitch, go to hell!"

Under the laws of this world, he was like a silver ray of light, revolving crazily around the devil of Nuwa, his teeth already emitting a cold silver light. That was his strongest point, once Su Yan was bitten, he would lose his consciousness quickly, and be at the mercy of the silver moon!

In that instant!

Just as the silver moon was about to attack, an enormous demon wolf pounced onto the seal and stared at the silver moon with scarlet eyes.

"wolf cub!"

Su Yan knew that she had come.

He was overjoyed.

"What the hell is this?!" Silvermoon suddenly raised his head, and when he saw the pure black colored flame demon wolf and its scarlet eyes, he was greatly shocked. They were both wolves, and the state that the Sun Devouring Demonic Wolf was in right now was too terrifying for him, even though he knew there was a seal blocking it, he still felt his scalp tingle!

What he did not know was that Mo Xiaolang had relied on his Angry Yuan s to rush to the realm of the Perfection Divine King! The current him also had the same strength as Long Chen, who had charged up to the hundredth floor. Even though there was only a single seal separating them, his aura and killing intent had firmly locked onto the silver moon!

To Mo Xiaolang, whoever dared to harm Su Yan, that was his deep grudge against him.

"I ..." Silvermoon was terrified by the demon wolf.

Su Yan was right after Silvermoon, she realized that she also hated this opponent, they were obviously targeting her. If Mo Xiaolang didn't come now, then she would very likely be defeated by him, forget how miserable her fate would be!

"Nine Star Prison!"

After the silver moon, while the silver moon was still in shock of Mo Xiaolang, Su Yan used the most recently mastered laws of the Nuwa Demons! The same black hole's rules were indeed different. The nine black holes lined up in a row, just like nine blades that suddenly formed and sliced towards the silver moon from all directions!

"AHH!"

In the extreme shock, that Sound Beast was divided into nine pieces and swallowed by the black hole! Not a single one of them were able to escape. This Perfection Divine King had been reduced to ashes before Su Yan's eyes!

It was over!

Su Yan heaved a sigh of relief and transformed into her human form. She looked at Mo Xiaolang with tears in her eyes.

The seal was released.

Mo Xiaolang did not affect the battle, and it was not considered to be against the rules.

The surrounding Divine Kings left one after another, as they looked at them with reverence. They could be considered to have realized that these fellows who came with Long Chen were all monsters.

Mo Xiaolang and Su Yan were together.

Su Yan was shocked, and said: "Where is Zhu Xi and Ling Qing?!"

"Just now, I saw that Zhu Xi had already defeated his opponent, while Ling Qing ..."

As he spoke to here, Mo Xiaolang laughed coldly and said, "The four of us have encountered a trap, and it just so happens that Big Brother is participating in the selection battle."

Yang Lingqing's condition was not good.

She was not like Zhu Xi who just so happened to restrain his power, nor was she like Su Yan who helped her. The charming ocean could not dissipate, and it became thicker and thicker. No matter how much she destroyed it, it was still like a maggot attached to the bone!

The surrounding was filled with Yin Xing's cheap laughter.

"Stop struggling, little beauty. You are mine!"

His voice was extremely terrifying.

The more stalemate there was, the more troublesome it would be.

That Sword of Love kept coming from all directions, and every time it attacked, it would make Yang Lingqing dizzy.

When they reached the back, Yang Lingqing had already become indistinct. She clenched her teeth tightly, but she still fell to the side. Yin Xing's laughter came closer and closer, while Yang Lingqing's face became paler and paler.

"You're almost at your limit. Just throw yourself into my warm embrace!"

Yin Xing seemed to be right in front of him.

"Scram!" Yang Lingqing shook her head with all her might, trying to escape the rules of love. These rules were too terrifying; they were simply all-pervasive.

"I have to tell my boss to save you." The kitten said something like that.

"No, he's carrying out the selection battle, we can't affect him!" Yang Lingqing still wanted to persist on her own. She thought about how she hadn't become a dragon yet. If she had become a dragon, she would definitely be able to defeat her opponent! However, right now, he was dizzy and didn't even have the strength to transform into a dragon!

"Time's up, prepare for the show!"

Suddenly, Yin Xing appeared in front of Yang Lingqing. His sword pierced forward quickly, and even though Yang Lingqing used the Rules to resist, she was inexperienced, and could not block it completely,

causing the [Obscuration Sword] to pierce through her wrist. In that moment, even if she wanted to wake herself up, her opponent's impact of the rules of lust was too strong!

"Holy sh * t!" Do you think that the cat-lord does not exist?! Boss! Someone wants to fuck your sister! "

Little Cat wanted to notify Long Chen a long time ago, but Yang Lingqing had a stubborn personality and did not want to disturb Long Chen. Cat knew that if she did not disturb Long Chen now, she would be in deep trouble if anything happened to her.

From the 60th to the 100th level!

Seeing that Yang Lingqing had been tricked, Yin Xing was overjoyed. He had already been unable to resist and hurriedly reached out to hug her, grinning from ear to ear.

In this silver sea, no one could see what was happening inside.

Just as he was about to succeed, a white light suddenly flashed and a beautiful woman suddenly appeared before his eyes. She looked like a fairy, causing Yin Xing's eyes to widen.

"Soul Division Technique!"

That's right, Ling Xi had used Stellar Transposition to instantly arrive here!

The Divine Clone Technique was her most powerful technique.

Yin Xing's World Tree completely collapsed. In that instant, he suffered a terrifying heavy injury, and directly turned from a Divine Spirit into a powerless piece of trash! The [Soul Division] technique had crippled him.

"Ling Qing." Ling Xi pulled her back, her vegetative energy was a purifying power that was stronger than the power of the Phoenix. Under the effect of the vegetative energy, all the evil laws in Yang Lingqing's body were dispelled one by one, and she quickly woke up.

"If there's anything in the future, you must tell us as soon as possible. The rules of the Battlefield of Divine Devil are strict. You can take care of him slowly! "

Ling Xi had only appeared for an instant, and moreover, it was in this silver sea. Right now, the Divine Demon Heavenly Star was extremely chaotic, it was hard for everyone to guess that someone could use rules to directly penetrate the seal and arrive at Yang Lingqing's side.

Only Yang Lingqing was awake, while Yin Xing was seriously injured and dying!

"You broke the rules!" Yin Xing turned pale with fright. He was about to shout loudly, but before he could even make a sound, he was drowned out by Yang Lingqing's furious attack! After being attacked by the soul splitting technique, he couldn't even defend against an ordinary god, let alone the angry Yang Lingqing!

"Women are so scary!"

The little kitten trembled, looking at Yin Xing who had been beaten to death by Yang Lingqing, it was extremely afraid. He was considering whether or not he should go and provoke Zhu Xi again. What if he couldn't do it, and got beaten to such a state?

When Yang Lingqing turned him into dust, Mo Xiaolang, Zhu Xi and Su Yan were already waiting for her outside.

Despite the danger, everyone was fine.

Mo Xiaolang said: "It's good that everyone is fine, we have met with traps and attacks, these opponents were originally all on the tenth floor or above, someone had instructed them to attack us."

"It should be related to a brother of the devil."

"How is my brother now?" Yang Lingqing could not help but ask.

Mo Xiaolang slightly smiled, and said: "He must be very angry. This is just the beginning of a good show, so we'll just wait for him to get angry and then challenge the Divine King Rankings. Before he challenges the Divine King Rankings, we'll temporarily stop battling. "

"Alright." After experiencing this scare, the girls all became a lot more cautious.

At that moment, he felt a sense of fear.

However, after experiencing this soul-stirring crisis, the three of them had grown up a bit. This was also a good thing.

The kitten pursed its lips and said, "Boss is the most protective of the short, and hates people who get close to him doing anything to him. This time, this Battlefield of Divine Devil will probably be torn apart by him."

Everyone thought back to how Long Chen looked when he went berserk, and felt that the description that Cat gave was indeed very fitting. Everyone couldn't help but laugh.

This time, Yang Lingqing was the most in danger.

In Long Chen's eyes, she was just a sister, born the same day and brought up together.

Thus, when he heard Mo Xiaolang and Little Cat's reminder and saw that Yang Lingqing was in danger, he immediately told Ling Xi to go over. At this time, he was actually still fighting with a top ranked Extreme Realm God King!

That drove him crazy.

He actually attacked four people in his life while he was fighting!

Every one of them was extremely dangerous!

Especially Yang Lingqing, she was almost taken advantage of! It was just like Cat had guessed. When he saw this scene, his blood rushed to his head and he instantly went berserk. Originally, he only wanted to casually pass the selection battle. But now, his eyes were bloodshot. No matter who he saw, they were his enemies!

"Who?"

It's very simple, I just want to think about it, and it can only be that Mo Xiao!

This method was truly despicable.

Since you have touched Long Chen's reverse scale, then you must be prepared to be challenged!

Chapter 2842 - Master of the Ultimate World

The selection battles usually lasted for several days! In fact, it might even take half a month, or even one month!

Once they were severely injured, they would be eliminated, and the number of people would naturally decrease!

In the end, only one person remained, and that was the final victor!

From the start of the battle till now, there was only one person who had been eliminated, and Long Chen included, and the remaining nine peak Divine Kings!

That Celestial King was actually defeated by three Celestial Kings who had ganged up on him. Long Chen had watched that battle from afar and had a certain understanding of the true strength of these nine!

It could be said that each and every one of them were extraordinary.

An expert that had experienced tens of thousands of life and death battles!

To reach the Taiyuan Deity Realm, to fight to the death, to become a cultivator!

Originally, he had been prepared to fight as he pleased. If he were to encounter such an opponent, victory and defeat would be decided. There was no need for him to worry.

However, the attack on Yang Lingqing and the rest angered Long Chen.

Outside of the Godfiend Heavenly Star, many of the Divine King Ranking's Divine Kings were scattered like stars in the night sky.

Every single one of them was so bright, so boundless!

The Divine Kings of the Divine King List was giving these remaining nine combatants immense pressure with his own divine might!

Mo Xiao, he must be here!

He must be looking at her!

He already knew that his plan had failed! But in truth, he still won. He angered Long Chen, provoked his, and let his know his methods.

gritted his teeth in hatred.

In one direction, there was an especially intense gaze. Everyone's special, presumably Mo Xiao should be there!

"Eighteenth?"

At the beginning, Long Chen did not want to challenge someone that high, but since the opponent forced him to do so, there was nothing he could do. Since the other party has provoked your reverse scale, I can't tolerate it!

He took one last look in that direction.

Long Chen still had his opponent in front of his!

"Brahma King!"

This Divine King's body was like King Kong, enveloped in divine light, unbreakable blade and sword. It was said that in terms of the toughness of his body, he had surpassed Divine Emperor! It was said that he had once been on the Divine King Ranking, but later on he had been challenged, and he had been ranked 91 on the Divine King Ranking! He could also be considered to be a person who shocked the entire Battlefield of Divine Devil!

"What are you looking around for? I'm not worthy to be your opponent!"

The Brahma King's voice was like a bell, he held a huge golden scepter in his hand, possessing the power to split heaven and earth, and all of his angry roars contained a huge pressure. Now, like a mountain, he rushed towards Long Chen, the golden scepter in his hand erupted with boundless light!

"Great Heavenly Scripture!"

Mouth, hand in hand, the rules were overwhelming! Endless golden words, like sharp blades, surrounded Long Chen and attacked him from all sides!

"Sky Fault Great Palm!"

Brahma King's body that seemed to weigh millions of kilograms rushed into the sky and down. The palm that was filled with golden light instantly expanded and formed a giant handprint, inside the handprint, a palace could be vaguely seen. Inside the palace, hundreds of thousands of Brahma King were chanting!

Double attack!

Brahma King's methods could be considered the pinnacle even amongst the Ten Thousand Realm God Kings. With normal Extreme Realm God King, perhaps even two or three of them wouldn't be his match! Such an attack caused even the experts on the Heavenly King Ranking outside to be amazed.

"Brahma King has improved a lot."

"That little fellow on the 100th floor is in danger."

"This month, Brahma King will probably succeed."

The selection battle was like this. Once a month, but very likely once a month.

Faced with so many crises, was precisely the time when Long Chen was displaying his strength!

Dragon Transformation!

The Dao of the God, Heartdragon!

This was the first time Long Chen had turned into a dragon in the Battlefield of Divine Devil!

The people of the Myriad Realms basically didn't recognize this divine dragon. They would only treat it as a type of demon clan!

The God Path's Heart Refining Dragon was fair, mighty, domineering, and black and gold in color. The sword in his forehead, claws like blades, and tail like spears!

"Sky Execution!"

Using what the Sword of Judgment had unleashed, was the true Sky Execution!

Ripples!

The Great Heaven Meridian had been broken!

Amidst the amazement of tens of thousands of people, the divine way heart refining dragon shot into the sky. The Sword of Judgment brought along the Power of Sky Execution, directly colliding with the Heavenly Imperial Grand Palm!

BOOM!

Long Chen was shaken, and almost smashed into the ground! There was no other way. In a battle of absolute strength, he would easily be at a disadvantage!

But, what surprised everyone was that although he was pushed back, he was not even injured at all, while the Brahma King who seemed to have the upper hand was currently being attacked by the Power of Sky Execution, causing his entire body to tremble violently and let out a few painful cries. Long Chen's dense Power of Sky Execution was igniting his own energy, causing the Brahma King to start collapsing from the inside out!

Long Chen morphed into a human, held onto the Lingxiang's twin swords, and slashed at the Brahma King's Divine King.

"Time Breaks!"

Rip!

Brahma King fell to the ground!

Power dissipated!

From beginning to end, it was clean and clean, directly taking care of the Brahma King in his strongest state.

After receiving such heavy injuries, the Brahma King had lost the ability to continue fighting.

He was originally one of the most popular contenders to become the champion!

Long Chen's swift performance this time was considered the first highlight of the selection battle, and made all the experts on the God King's List remember him. Almost everyone's discussion turned into Long Chen.

"To be able to take care of the Brahma King so quickly, in terms of individual strength, he can be considered as number one."

"Indeed. However, in the battles of selection, the people with the strongest strength are usually the first to be killed."

"If he wants to obtain the qualifications to challenge us, just his current performance is not enough."

This performance had indeed set off a huge wave.

In the dark, the The white-haired Godking covered his mouth as he laughed and said, "Demon, this is truly interesting. The other party seems to be provoking you."

Mo Xiao scoffed, and said: "That's right, he is actually quite lucky. Even though I had made such an interesting plan, he and his comrades managed to avoid it. But the result is still the same, he knows that I did it, or will challenge me. "

The white-haired Godking said: "Are you not afraid of losing to him?"

Mo Xiao was startled for a moment, looked at the The white-haired Godking, and asked: "Do you think he will have power at the Divine Emperor level?"

The The white-haired Godking laughed.

"That's right. It's not easy for us Celestial Kings to climb to such heights in the entire Myriad Realms."

However, what happened next still shocked everyone.

Long Chen was no longer following his fate, but taking the initiative to look for his opponent.

Thus, the battle of the selection had completely turned into a battle of attrition for him alone!

The next moment, his three consecutive opponents were all defeated and eliminated by him in a short period of time!

Adding in the people who had been eliminated at the start, there were already five people who had been eliminated.

On this Fiendgod Heavenly Star, there were only four remaining opponents.

The remaining four people definitely heard the news while Long Chen was killing all the way here. They even saw it with their own eyes;

At this point, everyone had no choice but to admit that Long Chen was definitely the strongest out of the ten of them!

This cannot be denied.

Even that Mo Xiao was unable to deny it.

"However, the battle of selection is a battle of selection. Most of the time, it's not the final victory of the strongest people. There are still five people. It's not certain who will be the final victor."

"Indeed, the other four have formed an alliance. With how eye-catching Yang Chen is, the alliance of the other four will definitely be stable as well. It looks like before the four of them defeat Yang Chen, the alliance will not be disbanded."

When Long Chen had defeated his fourth opponent, the remaining four had already made an agreement. When they were ready, they would directly stop Long Chen!

Long Chen met them in a black desert.

"The good show has begun." The Divine Kings on the Divine King List were filled with anticipation. They looked down from above as if they were looking at a beast, their expressions full of ridicule.

Long Chen recognized them. The remaining four were: God King Cangyue, Wan Fa Ming Wang, Master of the Ultimate Realm, and nine flash!

Coincidentally, these four plus Brahma King were the five experts who had previously made it onto the list of the God King!

The remaining four people were once part of the God King Board. Especially the master of the Ultimate World, who had fallen down a year ago. And it was a little over 80!

The crescent Divine King was dressed in blue battle armor, had long beard and hair, phoenix eyes, and held a Order-class Creation God Equipment in his hand — the crescent moon blade! This huge blade was even bigger than the God-Slaying Sword in the Demon God Sword Pagoda.

The Wan Fa Ming Wang held the Order-class Creation God Equipment s in his hands: Wise King Tian Zhong. His rules should have something to do with sound. He was used to hiding in the corner. It was extremely dangerous!

The Ultimate World is a world within the Ten Thousand Worlds, it is the world of Order-level, and the Ultimate World's Master is the master of the Ultimate World! He had a Eight Desolations War Flag, and was also a Creation Divine Artifact from the Order-level!

It was said that he walked ten thousand worlds, killed countless people, offended too many people, and in the end, he fled to this Battlefield of Divine Devil. He did not dare go out, because once he went out, he would be chased down by his enemies.

It was clear that the four of them were going to besiege Long Chen, capture Long Chen first, and then decide the winner between them! It was the same every time. No matter who was the most eye-catching, they would always be the first to be targeted!

"To be honest, we admire you very much. You can just bear with it, but your performance is too outstanding. We have no choice but to join hands!"

The Master of the Ultimate World Flag stabbed the Eight Desolate War Flag into the ground. The power of the laws rumbled through the ground as countless souls charged forth from within the Eight Desolate War Flag, all of them charging towards the Master of the Ultimate World Flag!

"You are looking down on us for your outstanding performance, so we will besiege you, understand?" Godking crescent moon said with a calm look on her face.

Long Chen looked at them!

An unprecedented pressure!

However, when there was pressure, there would be hot-bloodedness, and the desire to fight!

"Brothers, I am here in the Battlefield of Divine Devil to seek a challenge, and today is also for this purpose. I, Yang Chen, am somewhat confident in myself, so please do not hesitate to attack.

nine flash said: "Alright, you are a man. We are of the same sect."

The four of them intercepted Long Chen from four different directions, and then, they immediately attacked him with torrential attacks!

The great battle had begun!

The Gods held their breath as they watched the battle.

Long Chen scanned the place coldly, before finding his first opponent, the Moon Sinking God King. He was the closest to Long Chen. In this kind of situation, he would not waste any more energy, and had to be quick and accurate! He had to break them one by one in order to break this deadlock!

Chapter 2843 - Heaven and Earth Battle Song

"A pair of four, extremely stupid. This Yang Chen is still a child, so after knowing what happened, he was furious. "

The white-haired Godking chuckled. Although he was a man, his smile was very pleasing to the eyes.

Mo Xiao snorted, and did not say much.

In general, his thoughts were similar to the The white-haired Godking's.

It was just a small matter, yet it angered him so much that he made a move, causing him to be besieged and almost reborn.

The crescent moon blade! The Wise King's Heaven Bell! The Eight Desolations War Flag! The sound of the three Creation Gods was immense, and under their suppression, even the Godfiend planet was trembling. And the nine flash was hidden in the shadows, preparing to deliver a fatal blow to Long Chen at any time!

On the surface, the attacks of the three peak level Divine Kings were even more ferocious, but in reality, the one who posed the most danger to Long Chen was the nine flash!

"Soul Suppressing Melody!"

When Long Chen's target was the Shennu of the Sinking Moon God King, the Wan Fa Ming Wang moved even faster and intercepted Long Chen at the side. In his hand appeared a gigantic dark yellow ancient bell, and when the Wan Fa Ming Wang flew above the ancient bell, every time his feet landed on the Wise King's Heaven Bell, a dong sound would sound out.

The Wan Fa Ming Wang used dozens of songs to rule the entire Myriad Worlds. Although the rhythm was very rare, the effects were still quite crazy! The Soul Suppressing Melody was simply like waves of violent attacks charging at him, and it was completely unable to resist. It suppressed Long Chen where he stood and brought about an incomparably fierce impact to his soul!

Outside the Heavenly Star God.

The other members of the Divine King Ranking were all watching.

"Wan Fa Ming Wang is also stronger, this Soul Suppressing Melody is not easy to deal with."

"The other three are also difficult to deal with characters, each one of them is as good as Brahma King. Yang Chen was reckless this time. "

"Now that he's reached a dead end, it's difficult for him to win! If we are to defeat the four of them, then the difficulty will be much higher. "

Everyone wanted to see how Long Chen could block this Soul Suppressing Melody and the other three Divine Kings' next attacks.

Because regarding Yang Lingqing and the others, no matter how angry he was, it was useless!

It was just that Long Chen's calmness had exceeded their expectations. He was extremely efficient, but when the Soul Suppressing Melody arrived, what appeared before Wan Fa Ming Wang was a white colored illusion of a divine dragon. The Heaven's Eye was an attack aimed at suppressing the Wan Fa Ming Wang!

Under the suppression of the Heaven's Eye of Destiny, the rhythm of Wan Fa Ming Wang's Soul Suppressing Melody was restrained in an instant. The amount of energy Wan Fa Ming Wang could

release was extremely limited, and this was his weakness in the rules of the music, if it was affected even a little, it would be very difficult to form a strong and effective attack!

On the other hand, the wishful eye had met the Moon God King.

The Crescent Moon God King had originally wanted to attack Long Chen, but due to the influence of Long Chen's wishful eye, the direction of her attack immediately changed and the blade directly slashed at Wan Fa Ming Wang!

"Yanyue, you ambushed me?" The Wan Fa Ming Wang was furious!

"No, I'm being controlled by the laws!" Shocked, the Moon God King only managed to barely get his attack ready at the last moment. The change this time made him a little confused, but it was this unforeseen event that gave Long Chen the chance to attack!

"Sky Execution!"

Long Chen instantly transformed into a human form with a terrifying speed. With Lingxiang's twin swords in his hands, he used the two God Creation Equipment of Order-level to kill him.

"You're courting death!"

He used his blade to counterattack!

In another direction, a nine flash suddenly appeared. Its speed was terrifying, and a short blade in its hand pierced towards Long Chen's left rib. at least it's an item from the Order-level!

With a single glance, one could tell that it was extremely lethal!

If Long Chen had insisted on attacking the Moon God King, he would definitely be injured by nine flash, who was currently using the encirclement's method of saving Zhao. It was extremely effective!

However, Long Chen didn't care about him at all, and still seized the best opportunity to view the Crescent Moon God as his only target!

The Shattered Soul Sword Qi erupted and the crescent Divine King let out a blood-curdling scream as she fell from the sky. The energy in her body exploded and formed several golden and black divine dragons, causing a violent impact in her body!

At the same time, the nine flash's attack was successful!

That short blade pierced Long Chen's forearm, and then the other party left in a hurry.

"You lost." nine flash was very confident as he snickered from afar.

It was just that Long Chen had a fire of life, and when the ice blue color spread across his body, the fire of life burned up, causing the ice blue color to be suppressed and eventually disappearing from Long Chen's arms!

The attacks of the nine flash were useless!

Long Chen didn't say anything further and pressed down on the ground. In an instant, a Time storm descended and with the time it took, the Moon God King was unable to resist the Power of Sky Execution in peace. Under the explosive effects of the Power of Sky Execution, she was continuously injured! In the end, he was judged to have lost his combat ability and was eliminated!

The change in the firelight caused many people to be stupefied.

From the Edicts of Fate to the Edicts of Life, there was also the Edicts of Karma!

The three of them combined had taken care of the crescent moon divine king, and had intimidated the other three divine kings!

At the same time, it had also shocked the existences on the leaderboard!

The nine flash, Wan Fa Ming Wang and the Master of the Ultimate Realm were all left standing. In truth, they thought that nine flash's attack just now was enough to deal with Long Chen, but didn't think that it would be ineffective. Long Chen seemed to be perfect in every aspect!

On the God King Board side, The white-haired Godking and Mo Xiao looked at each other without saying a word.

They had already vaguely seen a possibility of this happening. If they were to mock him now, they would only slap their own faces.

"Attack!"

This time, all three of them attacked at the same time!

"Heaven and Earth Battle Song!"

Wan Fa Ming Wang used both hands and feet to start a heaven and earth war song on the spot. This was several times more violent than the Soul Suppressing Melody!

The Master of the Ultimate Supreme Realm did not succeed before. However, right now, he was facing Long Chen at the very front, waving the Eight Desolate War Flag in his hands and transforming into the Eight Desolations! Wherever the flag swept past, eight terrifying worlds appeared. They released negative energy and pressured towards Long Chen!

In every world, Demon Claw of various colors extended!

The nine flash was still as elusive as before!

Long Chen instantly transformed into an Primordial Blood Spirit Dragon. This was the Ancestral Dragon he was most familiar with, and also the rule of massacre he was the most familiar with! No matter how strange the attacks of the Master of the Ultimate Realm and the Wan Fa Ming Wang were, he would directly charge forward and transform into a sharp Blood Spirit Spikes! Today, any sacred art, after transforming into a rule, could display an extremely powerful strength!

A ray of blood-red light passed through the Ultimate World Flag Master's Eight Desolate War Flag in an incomparably domineering manner!

"Break!"

The moment the Ten Thousand Deadly Claw was torn apart, the entire Eight Desolations World began to crumble!

"The Origin of Life!"

Long Chen's speed was extremely fast, to the point that it was almost dazzling. After he rushed past the Master of the Ultimate World, the one he was facing was actually the Wan Fa Ming Wang, which immediately disrupted the rhythm of the Wan Fa Ming Wang. When he raised his head, a green light descended, enveloping him within a green tunnel.

"Life, take away!"

The rule of the Way of Life was the most overbearing one among all of Long Chen's current rules. It was to the point that it was difficult to resist, and in a short moment, it was as if Long Chen had stolen a large amount of flesh and blood from Wan Fa Ming Wang, causing him to be extremely weak!

It was separated once again!

This time, nine flash was unable to catch up to Long Chen!

Long Chen turned back once again, transforming into a Great Void Cosmic Dragon. Using the Time Break skill, under the might of the dragon claw, the Wan Fa Ming Wang was unable to resist, and after being suppressed for a full three breaths of time, his power dissipated, and he fell atop the Wise King's Heaven Bell!

Wan Fa Ming Wang, defeat!

The four of them attacked together, and before long, they were continuously pushed back by Long Chen by two people!

The only ones left were the nine flash and the Master of the Ultimate Realm!

Long Chen had won beautifully this time, and had relied purely on the power of the rules to suppress the remaining three Divine Kings, suppressing them unwaveringly!

No matter who it was, they had nothing to say now. Divine Kings, who were still talking about how difficult it was to fight against the four just now, had now shut their mouths as well!

It was indeed difficult, but Long Chen managed to do it!

"You are so powerful, I admit defeat." Nine Flash was very tactful, seeing that the remaining two people did not have any hope of defeating Long Chen, he immediately admitted defeat. Although rushing to this place was not easy, if he was injured, it would take some time for him to recover.

"I admit defeat as well." The Master of the Supreme Realm admired Long Chen from the bottom of his heart.

When the two of them admitted defeat, Long Chen's opponents had already been completely defeated.

Without a doubt, the victor of this battle was himself!

Long Chen had completely revealed his true strength, so it was reasonable for the two people to admit defeat, but there was no hint that they were going to go easy on him.

The battle had ended.

The result of today's battle was something that every Divine King on the Divine King List could not predict. Currently, all of their gazes were focused on Long Chen, because after all, Long Chen was someone who wanted to challenge them to a fight. Long Chen was someone who could make those who had been challenged fall off the Divine King List, and that would cause them to lose their honor.

In this instant, it was Long Chen himself and these dozens of peak Divine Kings who looked at each other!

"In the battle of selection, the victor was Yang Chen! He had the right to challenge any one of the Divine Kings in one month's time, with the exception of the top ten! The person being challenged must accept the challenge! "

From inside the wooden house, the Star Alliance's declaration came.

This was the rule of the Battlefield of Divine Devil, and it was precisely because of this rule that this place was so attractive.

"Hur hur." Mo Xiao knew that Long Chen had found his direction.

"Tell me, do you really think he has the guts to choose you?" The white-haired Godking squinted his eyes.

"He has already found me. Fine, let me end this boring farce myself."

Mo Xiao crossed his hands together and gently stretched his muscles and bones.

His four blood-red eyes pierced through the darkness and met Long Chen's gaze.

Chapter 2844 - Hun Yuan Classic

Scarlet.

Fierce.

Indifference.

Pride.

This was what Long Chen saw in his eyes.

"By imitating the Demon Enchantment, sending people to sneak down there and take advantage of my battle in the selection to attack the wolf cub and the others. Do you want me to experience that kind of pain?"

Long Chen could not hold back such a person.

Long Chen had killed his brothers, but this was different. His eyes did not have the slightest intention to seek revenge, but instead wanted to provoke Long Chen.

Now that Yang Lingqing was fine, but what had happened, Mo Xiao was still very proud of himself.

According to the rules, after the nine of them lost the battle here, they had to descend to the 30th level, and then slowly rush to the top. From the 90th level onwards, there would not be a single weak person.

And then he would prepare for the new battle of the selection!

After Long Chen wins, he had a month of time to prepare.

Right at this moment, between Long Chen and the experts on the Divine King List, a black starlight condensed and formed the shape of an old man.

Dark Star Divine Emperor!

The experts on the leaderboards all knew about the existence of the Dark Star Divine Emperor. Right now, the Darkstar Divine Emperor was the manager of this Battlefield of Divine Devil. Seeing this Divine Emperor with Perfection, they all bowed respectfully with reverence in their hearts.

The Divine Emperor looked around, and his gaze finally landed on Long Chen. He said: "I've watched today's battle from the beginning to the end, and it's extremely interesting. Yang Chen won in the end, and obtained the chance to challenge the Divine King Board. Congratulations, brave young man. "

"Thank you, Divine Emperor." Long Chen said respectfully as he shifted his gaze away from Mo Xiao.

The appearance of the Darkstar Divine Emperor seemed to be an announcement?

If not for that, with his ability to appear and disappear without a trace, he would never appear without proper business. For example, on an occasion like today, there was no need for him to appear.

Perhaps it was because of the relationship with Great Monarch Donghua, but he had specially taken care of Long Chen.

In fact, the Dark Star Divine Emperor also saw what happened next. As for Yang Lingqing, even if Long Chen didn't know about it in the end, he would have intervened to stop her.

He smiled as he looked at Long Chen and said: "Your future is limitless, today I am representing myself to gift you a small gift."

The Dark Star Divine Emperor had treated him too well.

Long Chen instantly understood what he meant. He was telling all the Divine Kings not to rashly provoke Long Chen, because he was the one protecting Long Chen. If Long Chen accepted his gift here today, the other Divine Kings would know of Long Chen's value.

However, what gift was it?

Amidst the looks of anticipation from the Divine Kings, the answer was revealed by the Darkstar Divine Emperor. He took out an ancient jade scroll that was completely black in color and looked extremely magical.

"This is the 'Hun Yuan Scripture', left behind by a good friend of mine, the 'Hun Yuan Dao Emperor'. He has already disappeared, and entrusted me to leave the 'Hun Yuan Sutra' to the people who deserve it. I'll give it to you today. This is the 'Hun Yuan Stage' Infinite Divine Art. Hun Yuan is the origin of all things, so you can dig out the various powers in the bloodline and fuse them. The complexity of your knowledge should be the most suitable for you. "

Hun Yuan class!

Sixth level!

Previously, when the Divine Emperor of the Dark Star Realm said that it was a small gift, Long Chen had indeed not paid much attention to it.

As long as it was a gift from the Dark Star Divine Emperor, even if it was just a dreamy grade, it showed their weight.

But to actually send out a Hun Yuan rank!

When the name "Hun Yuan Scripture" was announced, even those on the Divine King's side, were shocked!

That was because this was something that they all yearned for!

Even if it was the top ten of the God King Board, people who could own items of the Hun Yuan grade were few and far between!

They had heard of the name of the Hun Yuan Dao Emperor, who was also a 'The God Emperor of Perfection'. His reputation was great, but he had offended a Extreme Realm Divine Emperor and was killed by him.

The Hun Yuan Dao Emperor was also a good friend of the Darkstar Divine Emperor.

The matter of him entrusting Hun Yuan's Scripture to the Dark Star Divine Emperor was something that many people knew about. Thus, many Divine Emperor had coveted the Hun Yuan Scripture. He once asked the Dark Star Divine Emperor for it.

But today, the Darkstar Divine Emperor gave it to Long Chen personally in public.

This undoubtedly severed the minds of many, and also showed how important Long Chen was in their hearts. It reminded everyone of Long Chen's position.

Of course, envy, jealousy, and hatred were inevitable.

But this was the Battlefield of Divine Devil, the territory of his Dark Star Divine Emperor!

Furthermore, the Darkstar Divine Emperor must know clearly in his heart that Long Chen's goal was to defeat all the other Divine Kings present besides him!

This gift, made Long Chen himself tremble a little!

Hun Yuan level, sixth stage!

Even if it was the Divine Emperor s or the Taiyuan Deity Realm s, they would still fight over it!

Obviously, the Divine Emperor saw through this and took out the Hun Yuan Scripture. Or perhaps, he had this thought when he saw that Long Chen had inherited the Divine Sword Devil Pagoda of Great Monarch Donghua.

"Thank you, Divine Emperor!" Long Chen knelt on one knee and accepted the scripture.

He would remember to repay anyone who was good to him.

The Divine Emperor smiled faintly, and said: "You need to make good use of them, so I am relieved. Now that the things that my two good friends left behind are with you, if you do not bring them to light, I will take them all back."

His words were really a bit helpless!

Three The God Emperor of Perfection s! All of them were existences that were on the level of the Ten Thousand Sector lord s!

The Great Monarch of the Eastern Flower died in the hands of a mysterious person.

Only he, the Dark Star, was left in the Battlefield of Divine Devil.

"Don't worry, Divine Emperor." Long Chen was naturally confident in himself.

He stood up, and looked at the countless fiery eyes behind the Dark Star Divine Emperor. These people definitely had a lot of thoughts, they obviously wanted the Hun Yuan Scripture!

The Darkstar Divine Emperor was also making enemies for Long Chen. Of course, he knew that Long Chen was not afraid of these enemies, he just wanted to challenge them!

Yang Chen, let me ask you, you want to challenge that expert on the Divine King List? I suggest that you start from rank 90 or 100. As long as you are on the God King Board, you will have many chances to challenge those ranked higher. "

The Darkstar Divine Emperor said in front of the various Divine Kings.

Long Chen put down the matter of Hun Yuan.

Of course he knew now that the Divine King Ranking's Level 100 was different from the rules of the Level 100 below it.

On the bottom one hundred floors, only by passing the hundred level selection battles, would one be able to challenge the Divine King's List. And as long as one was on the Divine King's List, one could seemingly challenge and change rankings as one pleased.

In any case, there were plenty of opportunities to issue challenges.

However, it was impossible for him to start from the 90th level!

Because he was Long Chen, and Mo Xiao had used a sinister method to provoke him!

The God King on the list was a little nervous, who would Long Chen challenge? This was especially true for those who were in the nineties. They naturally knew that no matter which one of them was challenged by Long Chen, they had to be on the Divine King's List!

Back then, it was difficult for him to accommodate her!

Silence.

Long Chen's gaze swept across all the Divine Kings on the Divine King List, and finally landed in front of a Four Eyed King. He smiled slightly, and said word by word: "ing to Divine Emperor, the one I want to challenge is the eighteenth place, Mo Xiao! And I want it right now, right now! I want to know, Mo Xiao, do you have the guts to immediately, immediately, accept my challenge? "

Vibrate.

Even the Divine Kings, who was at the peak of Ten Thousand Worlds, couldn't help but become restless at this moment.

Mo Xiao.

Eighteen!

To be able to challenge the eighteenth place on the Divine King Ranking, this was something rarely seen in history!

According to the rules, he actually couldn't challenge the top ten for the first time. The top 10 and the top 100 were two different concepts.

But the ranking of the 18th place was still within the rules.

"Mo Xiao!"

The various Divine Kings could not help but look at the fellow with four eyes. Some of them even vaguely knew that Long Chen had just defeated the devil fiend before, and he seemed to be this Mo Xiao's brother. It was just that they never expected Long Chen to be so daring!

Mo Xiao revealed a faint smile, as though he had expected this from the very beginning. Even when Long Chen said that they would fight immediately, he was not surprised.

When the Divine Kings saw Mo Xiao's smile, they immediately understood that the good show was about to start.

Long Chen didn't actually understand how strong Mo Xiao was.

However, the other party was using the lives of his closest kin to provoke him. If he threatened him, there would be no way for him to retreat. Long Chen only wanted to break this person's smile.

"Mo Xiao?" The Darkstar Divine Emperor was also surprised. However, he quickly smiled. This was what he liked about Long Chen. He had courage and strength.

It turned out that the climax of the day was still to come.

At that moment, everyone was waiting for Mo Xiao's answer.

He tidied up his clothes and then spread out his hands, saying to all the Divine Kings: "In that case, Mo Xiao will welcome the forty-eight thousand five hundred and fifty Divine Kings of Battlefield of Divine Devil as a guest on the eighteenth floor of Battlefield of Divine Devil. Mo Xiao will treat you all to a feast with his eyes. "

This meant that he had accepted the challenge.

Before the challenge, it was very special. All the experts in Battlefield of Divine Devil could watch.

"In that case, I announce the start of the battle. We will begin in an hour." The voices of the Darkstar Divine Emperor s continuously spread throughout the one hundredth floor, as well as the entire Battlefield of Divine Devil. Every hut on every floor was passing on this news!

"Yang Chen will challenge the eighteenth place on the Divine King List, God King Mo Xiao! The battle would begin in an hour! Every floor will open the entrance to the '18th floor'.

"Godking, if you wish to watch this battle, please hurry up and head to the eighteenth floor!"

"Eighteenth floor, Mo Xiao! Yang Chen challenges! "

These few keywords circulated in the ears of all the divine kings, shocking quite a few people.

Many of their dreams were to enter the top ten of the Divine King Rankings, a dream that they would never be able to fulfill in their entire lives. The opportunity to go to the eighteenth floor, this was a dream that would probably never happen again in millions of years! No one was willing to miss out on such a battle!

Even in the training room, there were still many people who were pulled out.

Tens of thousands of people all rushed towards the 18th level!

Chapter 2845 - Unparalleled Gambling

Every challenge to the God King Board was a grand occasion for the Battlefield of Divine Devil.

It was also the greatest pleasure in Battlefield of Divine Devil.

The Divine King Ranking was the ultimate goal of the Divine Kings in the lower hundred floors of the Battlefield of Divine Devil. To them, the existences on the Divine King Ranking were above them!

Their dream was to challenge this exalted existence!

Break through me, surpass me!

Therefore, every time someone stood out from the rest in the selection, they would not only be challenging the Divine King List to obtain glory, but would also rely on the dreams and hopes of all the s at the bottom to make a breakthrough into the top 100!

Challenge the authority, break through the self!

This was the dream of all the Divine Kings.

Everyone came here for the same dream!

Especially Mo Xiao, who directly challenged the eighteenth floor!

If he succeeded, then this would be the first time that the Battlefield of Divine Devil had encountered such an event in a long time!

After all, the eighteenth rank of the Divine King was considered one of the top existences in the entire Myriad Realms' countless Divine Kings! Those who were able to be ranked on the Divine King List had many more abilities than ordinary Divine Kings. There were even some who gave them a separate realm called 'Half-step Divine Emperor'.

As the name implied, one of his feet had already stepped into the realm of Divine Emperor.

Taiyuan Deity Realm.

After mutual notification, this news quickly spread throughout the entire Battlefield of Divine Devil. All the Divine Kings in the training rooms were pulled up to participate in this unparalleled battle.

On every floor of the Battlefield of Divine Devil, an entrance to the eighteenth floor appeared.

Almost no one had ever entered the Battlefield of Divine Devil on the eighteenth floor. To be able to enjoy it and see what it really looked like was also a form of enjoyment!

If not for Long Chen, they would never have had this chance in their lives.

Long Chen and the others had already reached their destination.

This was the 18th floor.

There was only one God King on each of the hundred floors, but the space he occupied was the same as the space the thousand God Kings on the first floor had occupied.

Even bigger.

The Fiendgod Star used for combat in the center was even larger!

It was even larger than that Fiendgod of the hundredth floor.

Mo Xiao had already stayed here for a very long time, in order to become a Divine Emperor.

That was why he said this was his territory and his home.

But today, a challenger had arrived.

Many of the Divine Kings were surrounding them, taking up the most important position to spectate the battle. Afterwards, the other Divine Kings came one after another. Of course, they did not dare to occupy this position and only dared to surround the Divine Demon Heavenly Star Realm. The originally incomparably vast Battlefield of Divine Devil was gradually being occupied by a large number of Divine Kings!

Tens of thousands of Celestial Kings appeared at once!

To Long Chen, this was also a terrifying number.

For example, the various Gods in the dragon sacrifice only had a few dozen Deities.

All of them were Celestial King level experts, and they were not weak at all.

They were all trained in the Battlefield of Divine Devil.

The battle had begun in an hour.

An hour had passed and practically all of the Divine Kings had arrived. At this moment, the atmosphere was so tense and heavy that none of the Divine Kings dared to make a sound. The entire Battlefield of Divine Devil was in a strange silence.

However, the smell of gunpowder was getting stronger and stronger.

When Long Chen saw Mo Xiaolang and the others, they naturally noticed it in the crowd. Now that they did not have much to do, they could not help but feel worried for Long Chen due to the danger from before.

"Just watch and be at ease. Only challenging battles will be interesting." Long Chen was very calm.

Just like last time, the Divine Kings on the Divine King List and Mo Xiao were standing together, so their pressure was mostly on Long Chen, which could be considered as giving Long Chen, who was challenging the Divine King List, a show of power.

"You've just finished the selection battle, do you really not need to rest?" "What I mean is that I do not want others to think that I have taken advantage of you after I have defeated you." Mo Xiao said coldly as he stood in front of the huge Divine Demon Heavenly Star.

"No need." Long Chen answered very straightforwardly. His courage, however, received the support of a large majority of the Divine Kings, causing some of them to start to cheer for Long Chen.

"Yang Chen, Yang Chen!"

The cheers gradually grew stronger, there were only dozens of people on the God King Board, but there were tens of thousands of people on the other God Kings. In terms of voice and aura, they were inferior to Long Chen's supporters, so on this Battlefield of Divine Devil, there was an overwhelming voice that supported Long Chen!

He frowned and scolded a bunch of trash, then said to Long Chen: "Just challenging me, there's not much meaning to it. My old rule in battle is to win a prize, this time I'm willing to take out my Creation God Creation Equipment, Infinite Divine Art, as well as my unique incarnation of 'Sky Demon', and my life! All my hongmengxinling, Chaos Treasures. "

After he said this, the Divine Kings were stunned.

Mo Xiao was a little exaggerated.

His meaning was that as long as he lost, he would give Long Chen everything, including his life. This wager was simply too big, which meant that Long Chen had to pay a wager of the same value in order for this bet to be valid.

Mo Xiao was very casual. He pointed at Long Chen and said: "I don't want your life, I don't want anything. I only want one thing, and that is the 'Hun Yuan Scripture'."

When those words were said, countless Divine Kings scolded Mo Xiao for being despicable, including the peak Divine Kings of the Divine King Board. But they had no choice but to admit that Mo Xiao was bold, the Divine Emperor had just gifted the scripture to Long Chen, and he had planned to do it openly!

But it was wonderful.

But right now, he was following the rules of the Battlefield of Divine Devil, making a bet openly against Long Chen. If Long Chen lost to him in a fight, then even the Dark Star Divine Emperor would not have anything to say!

"Mo Xiao is too ruthless."

"You have guts, why should we worry that Hun Yuan's scriptures are not his."

"With his talent, if he were to master the Hun Yuan Meridian, he might have a chance to make it into the top ten, or even step into the realm of Divine Emperor. His calculations are really good. "

Divine Kings could only feel envious, jealous and hateful.

"What is it? Aren't you very bold? Do you have the guts to accept this bet? To be honest, just the challenge itself is completely meaningless. " Mo Xiao revealed a clear and cold smile, looked down at Long Chen from above, and put all of the pressure on Long Chen.

At this time, all the Divine Kings were watching Long Chen's decision.

Mo Xiao used everything he had in exchange for Hun Yuan's Scripture.

However, Long Chen wasn't interested in him at all, he was only interested in his life. Of course, if he were to take his life, the rest would be his.

To be honest, this wasn't as exciting as a life and death battle.

Only, Mo Xiao knew that even if he were to fight to the death, if he were to kill Long Chen, he would definitely not be able to obtain the Hun Yuan Scripture. That was a gift from the Darkstar Divine Emperor.

Right now, the Divine Emperor was still hiding in the darkness.

It seemed like he had to make his own decision. This was also one of the trust the dark star had in Long Chen.

Since that was the case, he naturally had to clear his mind.

Under tens of thousands of expectations, Long Chen only said one word, and that was: Good!

It was one word, but it was filled with heroic spirit.

"Let's begin!" Mo Xiao grinned, that smile was filled with pride and joy, just like the smile he had when he had arranged four traps to deal with Yang Lingqing and the others. He always thought that everything was under his control!

"Poor child. He would definitely not be able to imagine just how powerful I am." Mo Xiao thought.

As he was thinking this, Long Chen had already landed on top of the Divine Demon Heavenly Star, stepping on this black desert, with a single glance, he could feel a large amount of sand flying everywhere. Looking up, tens of thousands of Divine Kings were like tens of thousands of stars, shining brightly in the night sky!

A blood-red star suddenly appeared!

Mo Xiao wore a blood-red and black robe, and a boundless sea of blood flowed down from within his four scarlet eyes. Monstrous baleful qi exploded from his body, giving Long Chen the same feeling as when he was fighting against Demons, but this Mo Xiao was even more ruthless and fierce!

The bet, is about the Infinite Divine Art of the sixth stage of the Hun Yuan Scripture!

All the Divine Kings s were stunned, this undoubtedly pushed the battle to the peak of its suspense, and all of the Divine Kings s felt as though their hearts were about to split open.

For a moment, the entire world shook on top of the Divine Demon Heavenly Star, shrouding Mo Xiao in layers of bloody light. The seal of the Divine Spirit Realm was activated, this meant that the battle had already begun. The people who were previously shouting for Long Chen now all held their breaths, quietly watching the battle!

Silence!

On the Heavenly Star God, Long Chen looked at Mo Xiao.

Mo Xiao spread open his arms, and his four blood-red eyes revealed a baleful aura that overflowed into the heavens. At this moment, it was as if the endless Divine Demon and Heavenly Star was in his hands!

"It's a pity that we can't kill the wolf-shaped demon clan today, and let the Sound Beasts humiliate the three little girls beside you. However, we can't do it today, as long as they're still participating in the Battlefield of Divine Devil's battle, these things will definitely happen. Yang Chen, you can't protect them. "Because you have offended me."

"That useless brother of mine, I don't care about his life or death at all. However, other people would gossip about me, so I can't help but express my opinion, right? Therefore, I will take away the Hun Yuan Scripture and just treat it as a gift to me. My brother's death was truly worth it, if not, how would I have had the chance to obtain such a good thing from Hun Yuan. I have longed for it for millions of years! "

"Where did all this nonsense come from?" Long Chen was very direct, the blood aura roiled, and this time, on this Heavenly God's Demonic Star, he changed into a dragon. What appeared in front of Mo Xiao was a blood-colored dragon, in terms of killing intent and blood, Long Chen had far surpassed his opponent.

"What kind of beast is this?" Mo Xiao covered his mouth and laughed.

With regards to Long Chen's Primordial Blood Dragon's body, Mo Xiao lightly hooked his hand and said: "Tianshu, it's time for you to come out and exercise."

Chapter 2846 - Heavenly Mo Xiao

Heavenly Demon!

His clone!

Actually, it was himself.

This was the innate talent of their Nightmare Race. Only the purest of their bloodline could give birth to an avatar like Tian Demon. Although the Demon Ghost was older, he was born from a concubine and wasn't as pure as Mo Xiao's blood. It was because of this bloodline that caused such a huge gap between the two brothers!

Behind Mo Xiao, a snow white and gigantic figure suddenly appeared, forming an extremely intense contrast with the blood-colored Mo Xiao. That violent aura condensed behind him, it shone with light and, amidst the exclamations of countless Divine Kings, formed into a berserk beast!

When he opened his eyes, what Long Chen saw was an extreme level of berserk mental will. At the same time, Long Chen could also feel that this was a completely berserk state, like the Heavenly Demon Beast he was in right now. The strength he possessed, his divine might and rules, were not any weaker than that of Mo Xiao, and in fact, it was even more brutal, crazier, and completely disregarded his own life and death!

Therefore, Mo Xiao's fighting strength was a combination of Mo Xiao and Sky Demon. This was the real reason why he was ranked eighteenth. A normal him, in addition to a berserk him, formed a frightening combination. Mo Xiao was cold, but this Heavenly Demon was absolutely ruthless!

Roar! Roar! Roar!

As soon as he appeared, Tian Xie clenched his huge claws, and frantically beat his chest. His scarlet eyes stared at Long Chen as if he was looking at his own prey!

Crash.

All of the Divine Kings held their breaths as they watched in an even more serious manner, to the point where they were even more nervous than Long Chen himself.

It was about to explode!

"My darling, don't eat him accidentally. I promised to spare his life." Mo Xiao laughed. Just as he finished speaking, Sky Demon roared once again, shaking the entire Demon God Star, causing it to crumble. The ground around Long Chen cracked, dust soared into the sky, and mountain ranges exploded!

That white figure descended from the sky!

"The battle begins!"

Divine Kings was in an uproar.

At that moment, Long Chen could clearly see Tian Demon, see Mo Xiao standing on his shoulder, and was probably prepared to attack at any moment. At this moment, Long Chen could be considered to be dealing with two super Divine Kings who were several times stronger than devil fiends! Among them, Sky Demon looked even more terrifying, but Long Chen knew in his heart that Mo Xiao was even more difficult to deal with.

"Weeping Sky!"

This was the attack of Heaven Demon!

It was hard to imagine that such a huge beast could make such a sharp sound. The sound was like countless swords spitting out of his mouth and piercing through the sky! This was a type of rule! But of course, the most important thing was still Long Chen! This was the first time Long Chen had ever seen an attack, and even the seal of the Divine Spirit and Heavenly Star Realm was trembling!

The attack of sound was all-pervasive!

Especially the law impact that came from the roar of the beast!

This was the first time Mo Xiao had shown his might to Long Chen, but he had actually controlled Demon's body himself! It was just that he had created the image of a pet, one that belonged solely to him! The one who used the power of the Edicts was also him!

Tears of Heaven!

The seal trembled!

Sound waves rippled out, transforming into blades and swords that struck at Long Chen. This kind of attack was the most headache-inducing.

There was no other option but to take it head-on.

Green colored life flame ignited on Long Chen's body. No matter how much damage he received from the Sobbing Sky Sober, he could recover quickly and quickly, and with the power of billions of lives

willing to support him, he did not need to worry about the loss of his strength at all. If this stalemate continued, Mo Xiao would definitely die from exhaustion!

"Sky Fist Art!"

Amidst the Weeping Sky, this was the Heavenly Demon's second attack!

The huge beast clenched both its hands into fists, its thick pair of arms looked extremely terrifying, as a wave of energy condensed on top of his hands. If things went according to his expectations, the laws of the Sky Fist Art would be destroyed, and at this moment, Sky Demon was clenching his fists and punching towards Long Chen. Wherever he went, space, earth, and world, would shatter and be reduced to dust! The world was now in chaos!

Long Chen had dodged the Sky Fist Art this time, and the one that was harmed was the giant mountain behind him on the Heavenly Demon God Star. In the blink of an eye, the huge mountain peak turned to dust and completely disappeared. The surrounding territories were leveled!

If he was hit by this Sky Fist Art, he would definitely be seriously injured!

Just the two rules of Sky Shattering Fist was enough to cause continuous explosions and berserk bombardment, which brought Long Chen a lot of trouble. Under this kind of bombardment, Long Chen was only able to dodge in fright for the time being, and the reason why he did not clash with Sky Shattering Fist was because the strongest Mo Xiao, Mo Xiao, had yet to attack!

From the start of the battle, Mo Xiao had completely suppressed Long Chen!

All the Divine Kings looked on dumbfoundedly as Sky Demon chased after Long Chen, killing everyone on the Divine Demon Heavenly Star. The Sobbing Sky and Rumbling Sky Fist destroyed every nook and cranny of the planet.

"If this goes on, as long as Mo Xiao takes action, Long Chen will definitely lose."

Many Divine Kings s had the same thought.

They were very sorry.

Once Long Chen lost the Hun Yuan Scripture, then once Hun Yuan obtained it, it would definitely display an even greater effect. This time, it could only be said that Mo Xiao's luck was really too good!

BOOM!

This was the first time Long Chen had exchanged blows with the Sky Fist Art, and as expected, his current strength was only at the Genesis level, so he was completely unable to compare to the other party. In terms of overall strength, even if Ling Xi's strength was added to the other party's, he would be completely suppressed by the other party.

"It's my turn." Mo Xiao finally made his move.

Long Chen had already adapted to Sky Demon's Tears of Heaven and Sky Fist, so he had been paying attention to Mo Xiao this whole time. Indeed, at this time, although Mo Xiao was still on Sky Demon's shoulder, he instantly made his move.

It was a technique that Long Chen was familiar with.

"cardiac distress!"

Although it was a cardiac distress, it was much stronger than when Mo Sha used it. The blood colored aura exploded from Long Chen's body like a snake, controlling his body. This time, Long Chen's reaction speed was even faster, he had instantly transformed into Hun Yuan's Heavenly Fate Dragon in the middle of dancing!

Heaven's Eye, wishful eye!

The Heaven's Eye had suppressed Mo Xiao's power within the cardiac distress, forcing him to retreat in defeat. He had failed prematurely, and in terms of control, the cardiac distress was inferior to the Rules of Fate!

As for wishful eye, Long Chen had been waiting for this opportunity for a long time. He had been waiting for the devil fiend to attack, and then used the Heaven's Eye of Fate to suppress him.

"Kill him!"

A white line of sight pierced into the eyes of Tian Demon.

However, it could only be considered his second body, not the master's, but the vice president's. Mo Xiao must have used some sort of method to control this body, so Long Chen reckoned that he would be able to change this kind of control through the wishful eye!

In the end, he really succeeded!

At the same time, he threw a punch out at Mo Xiao, who was on his shoulder. This change could be said to be world-shaking, and completely exceeded everyone's expectations. Through this change, Long Chen had directly turned the tables on the battle!

"How is this possible!" Mo Xiao was suddenly struck by the Sobbing Sky Fist, which he was most familiar with, followed by the Rumbling Sky Fist. He retreated in a panic, causing Heaven Demon's Rumbling Heaven Fist to smash onto his shoulder, and in that moment, Heaven Demon's Fist smashed into his own arm!

Flesh and blood flew everywhere!

Sky Demon howled miserably and struggled out from Long Chen's control, becoming even more ruthless. And when Mo Xiao was suddenly attacked by Sobbing Sky, blood also flowed out from both of his ears, so it could be said that he had suffered a certain amount of injury!

With a single move, he had injured two opponents!

The reversal of the battle was simply astounding!

Mo Xiao's expression instantly changed greatly. His eyes became incomparably cruel, scarlet, and he gnashed his teeth. It was his turn to be truly furious, to go berserk!

Roar!

Sky Demon brought him along once again, and used Tears of Heaven and Sky Fist to violently chase after Long Chen! Mo Xiao was very careful this time. He knew that the Divine Kings outside was already talking about him.

"I won't give you a second chance, Yang Chen!"

Mo Xiao said coldly.

"Do I need your chance?" Long Chen turned his head and smiled. Although his strength was suppressed, he could still choose to split apart the enemy's sharp edge. If Sky Demon chased him, he would flee, and the two would once again play a game of chasing each other on the Divine Demon Heavenly Star!

"Coward!" Mo Xiao laughed coldly.

Outside of the Heavenly Demon God Realm, the various god kings looked at each other. Although Long Chen had reversed the situation and hurt his opponent, and was now fleeing in a sorry state, it was truly a little too ugly. But from Long Chen's counterattack just now, the battle was not one-sided either!

Mo Xiao chased after Long Chen.

"An ancient magic formation, a monstrous magic formation!"

When Sky Demon was in the middle of the fight with Long Chen, Mo Xiao found an opportunity to attack and sneered repeatedly. This array of his, covered the entire Divine Demon Heavenly Star, and the boundless power of weakness began to spread towards Long Chen from all directions!

"Diagram Array?" Fourteenth Fiendgod Formation! "

In front of the various Divine Kings, Long Chen suddenly transformed into a Taiji Creature Dragon, those fifteen dragon heads were truly terrifying, the head of his life dragon directly unleashed its origin of life, trapping Sky Demon. It was taking away Sky Demon's life, while the remaining fourteen dragon heads were about to use the fourteen life arrays!

The fourteen array diagrams surrounded Long Chen tightly. The moment the monstrous demon array's power entered, it would be completely transformed by the fourteen array formations, condensing into Long Chen's own power!

He had taken away his life, trapped Demon Heaven!

The reverse array formation was safe and sound!

Every time Mo Xiao attacked, Long Chen would restrain him once again!

This made Mo Xiao extremely aggrieved! Why was Long Chen suppressing him with every rule? This unfathomable ancient magic formation could be said to be completely useless! It was only to give power to Long Chen!

This situation caused all the Divine Kings outside to laugh!

They saw Mo Xiao's distress.

It looked like this was an evenly matched battle.

Furthermore, if this continued, Mo Xiao would be in danger.

"Mo Xiao must bring out his true abilities. He despises his opponent too much, and finally understands."

"Yeah, I would actually like to see that astonishing 'Heavenly Mo Xiao' he has!"

Indeed, when he found out that the Monster Formation had been completely used to create the Fourteen Creatures Formation, and that Sky Demon had been miserably deprived of Sky Demon, Mo Xiao was enraged!

"Heavenly Demon, return!"

In that instant, Mo Xiao turned into countless drops of blood, and directly fused into the body of Tian Demon!

These two bodies were actually fusing! This was the true power of Sky Demon. They would cultivate together, grow together, fuse together in battle, and become 'Heavenly Mo Xiao'!

Then, their battle strength would not be as simple as one plus one equals two!

Chapter 2847 - Ancient Ancestral Devil Eyes

When Mo Xiao and Heaven Demon merged together, it produced an enormous shock. Because Sky Demon had obtained Mo Xiao's power, he was able to struggle free from Long Chen's life source!

"Break!"

The fourteen living beings' formation gathered a large amount of power from the unfathomable magic formations, releasing it at this moment. The power of wind, fire, water, earth, sun, moon, stars, mountains, rivers, trees, etc.

RUU...!

Bang bang bang bang The continuous explosions landed on Sky Demon and Mo Xiao's bodies!

Weng! *

The vast amounts of land and mountains on the Fiendgod world were shattered.

Sky Demon and the others were completely engulfed in the smoke and dust. Long Chen did not give chase, because he knew that the opponent's divine body was extremely tough.

Moreover, the opponent's most powerful form was about to arrive!

It was not unreasonable for Mo Xiao to stand at the eighteenth place on the Divine King Rankings and not get eliminated for so many years! That day, Mo Xiao was born, that was the real him!

Long Chen transformed into a human form and rushed into the clouds. Looking at the endless smoke and dust below, he waited for Tian Mo Xiao to appear.

Combining two into one.

The tens of thousands of Godkings outside were all holding their breaths.

Although Long Chen had once again suppressed Mo Xiao and humiliated him earlier, the Divine Kings was still worried for him now, especially those who understood him well, and understood how terrifying he was when he merged the two together!

"If this Yang Chen is able to withstand Tian Mo Xiao's attack, then he can be considered a person."

"Even if it was the real Divine Emperor, he would still be able to contend against Mo Xiao's Heavenly Mo Xiao form for a short period of time. It seems that he has not displayed this power for many years. "

"Just the aura alone is already terrifying enough!"

To be honest, none of the Divine Kings ranked in the top ten had come to watch the battle.

Therefore, out of the tens of thousands of Divine Kings present, only a few, and only a few, were ranked above Mo Xiao.

The other Godking had to sigh in amazement and admit defeat.

At the same time, in their eyes, Long Chen challenging Mo Xiao for the first time on the Divine King Rankings was indeed an impulsive action.

"It's time to announce the outcome of the battle."

That day, Mo Xiao had revealed his body amidst the layers of layers of layers of clouds and revealed a strength that seemed to be shocked. The first thing Long Chen saw were the six eyes on the wide face of the other party!

A total of three rows, from top to bottom!

His six eyes were all scarlet!

As Mo Xiao fused with the Heavenly Demon, the originally white Heavenly Demon turned into a black color and blood red. Not only did it have a monstrous killing intent, it also had a bloody and demonic aura! A lot of negative energy, such as darkness, corrosion, coldness, slaughter, etc. gathered around him, causing him to be extremely terrifying!

RUU...!

Tian Mo Xiao's thick feet stepped on the ground of the Heavenly Demon Star God, and with every step he took, the ground would crack, and the ground would shake!

Roar!

With a roar, the wind and clouds changed, and all the smoke and dust were blown away, allowing Tian Mo Xiao to see everything clearly! This huge beast was ruthless and berserk. Currently, its body was brimming with an incomparable amount of power, and it had surpassed the combined power of Mo Xiao and Sky Withering Sword. In front of Long Chen, it was as terrifying as a real Divine Emperor!

The moment he saw this Heavenly Mo Xiao, he knew clearly in his heart that his strength was far lower than his opponent's. If he were to fight to the death, he would definitely not be his opponent's match.

In the distance, Zhu Xi asked in astonishment, "Big Brother Xiao Lang, about that, Boss won't lose, right?"

Mo Xiaolang shook his head, and said indifferently: "He still has another move, and has been suppressing it for a long time, and has not used it yet."

"What!" Zhu Xi was immediately curious.

But right at that moment, Tian Mo Xiao erupted!

"Yang Chen, what a pity, I said I won't kill you! This kind of feeling of wanting to suppress myself, so that I don't have to kill you, is really hard to bear! "

"But I am sorry, Hun Yuan Sutra is still mine, I hope that you lose to me this time, and the next time, you can challenge me again, when that time comes, I can take your life."

Tian Mo Xiao laughed sharply, his voice was like the rules of the Sobbing Sky, stabbing into the Demon God's Heavenly Star's seal, causing it to continuously tremble!

"It's over!" Mo Xiao moved forward like a ghost.

"Who said it's over?" Long Chen stared at the six eyes of his opponent. This was the most terrifying thing about Tian Mo Xiao. When these six eyes lit up, the Divine Kings were all trembling with fear. They wanted to warn Long Chen to be careful, but they couldn't even say a word.

After Tian Mo Xiao laughed loudly, the surging divine power in his body condensed and when it reached the peak, it instantly erupted!

"Ancient Ancestral Devil Eye!"

A rule!

In a few short moments, the six eyes actually merged together and became a huge eye that occupied half of the face. This was a blood-red eye, as if it was a huge, blood-red planet with roiling waves of blood on it. It was as if there were endless resentful souls within the waves of blood, who were currently screaming in pain!

Danger!

These rules were similar to the cardiac distress, but they were countless times stronger! From the very beginning, Long Chen had already sensed a fatal crisis, and he had also heard the cries of all the Divine Kings.

"The Ancestral Devil Ancient Eye has appeared, Yang Chen is finished!"

"Luckily he used the Hun Yuan Scripture to gamble, otherwise, his life would definitely be lost this time."

"I have to say, this battle is truly marvelous!"

Under the ancient eyes of the Ancestral Devil, Long Chen was completely sealed within a blood-colored space. The eyes of Tian Mo Xiao in front of him was the core of the world, which was a strange eye. He felt as if he had completely lost all of his strength!

"Submit! Kneel!" "Admit defeat!"

Mo Xiao's sinister and proud laughter continued to echo in the surroundings.

"This guy, really disgusts me," Long Chen did not expect him to force himself to such a state. Honestly speaking, letting Yang Lingqing meet with danger, had already touched Long Chen's reverse scale. Now that they had fought to this extent, it was truly a battle of life and death. Of course, for the sake of the Hun Yuan Scripture, the other party would not kill him for the time being.

The Ancestral Devil Ancient Eye was still suppressing it, this power had only just started, if Long Chen did not resist, he would definitely be crushed into dust and disappear. This blood-red world in front of him was shrinking, and it would probably press down on Long Chen's body very soon!

"Since when are you unable to hold on? Tell me and I'll treat it as you admitting defeat." Mo Xiao said with complete confidence.

"Who said I'm admitting defeat?"

Long Chen raised his head and looked at Tian Mo Xiao's huge eyes. When the two looked at each other, Tian Mo Xiao was startled, he did not understand why Long Chen did not give in. Was he really not afraid of death? If it were not for the Hun Yuan Scripture, Mo Xiao would definitely not be polite right now!

"Kneel!"

Mo Xiao shouted coldly!

The pressure came from all directions!

The various Divine Kings were in despair, worried that Long Chen might lose his life like this!

Just then, they saw a sword and a pagoda appear in Long Chen's hands!

Immortal Sword Demon Pagoda!

With the Demon Suppressing Pagoda in his left hand, and the God-Slaying Sword in his right!

The bronze colored Demon Suppressing Pagoda's might was vast and its war song was surging, the blood color and black mixed together was similar to the Slaying God Sword Domain's Mo Xiao, but it was more ferocious, more sinister. This huge sword was dyed in blood, and with the blood-red dragon's scale in Long Chen's hands, it naturally matched well!

Two Hun Yuan grade Creation God Equipment!

Sixth level!

When he first appeared, no one recognized what it was.

The Lingxiang's twin swords they had previously seen with Long Chen only felt that there was a slight difference.

But at the moment when Tian Mo Xiao's Ancestral Devil Ancient Eye was at its peak, Long Chen laughed coldly, holding the God Slaying Sword, he slashed out with the Hun Yuan's Creation God Manifestation Weapon, and in that instant, a berserk Sword Qi rushed out, bringing along the Power of Sky Execution, as it directly tore apart the blood colored space created by the Ancestral Devil Ancient Eye!

BOOM!

Long Chen rushed out of the blood colored space with the Immortal Sword Demon Tower in hand. This scene changed too quickly for everyone to react!

"What is this!" Tian Mo Xiao let out a world-shaking cry!

To be honest, if not for him being too strong, Long Chen was not prepared to reveal the Immortal Sword Demon Pagoda so quickly, as it would cause some trouble.

There was no other way!

A Hun Yuan grade Creation God Equipment, and it was a set, how strong was it?

The first time he performed it, Long Chen truly understood it.

With one sword strike, the Ancient Eye of the Ancestral Devil was torn apart and the Power of Sky Execution forced Tian Mo Xiao to retreat. He staggered backwards and almost fell to the ground!

This change stunned everyone. The entire Battlefield of Divine Devil was completely silent!

"What is this!" Tian Mo Xiao screamed again in shock, as his Ancestral Devil Ancient Eye was completely broken! And right at this moment, Long Chen who was holding onto the Immortal Sword Demon Pagoda had descended above his head!

"Demon Suppressing Pagoda, go!"

With a twist of his left hand.

The Demon Suppressing Pagoda grew bigger and shot up to the sky, finally landing on the top of Tian Mo Xiao's head. The bronze colored tower body erupted with intense light, and one after another, the hundred thousand soldiers of the Divine Spirit Realm appeared, releasing their suppressing powers! On every level, there was a bronze bell that rang loudly. The sounds penetrated the seal of the Demonic God, the Heavenly Star, and resounded throughout the entire Battlefield of Divine Devil.

"Demon Suppressing Bell and Demon Suppressing Pagoda, a hundred thousand demon soldiers, God-Slaying Sword! This is the Immortal Sword Demon Pagoda! "

Finally, someone recognized this Emperor Donghua's Creation Divine Artifact!

They were all at Hun Yuan's level!

It was extremely rare for a Divine King to be able to master two Hun Yuan grade Creation God Equipment!

"Demon Suppressing Pagoda!"

Tian Mo Xiao let out a heart-wrenching scream. He also recognized his, but it was already too late, the Demon Suppressing Pagoda was already right above his head, the suppressive power of the Creation Divine Equipment that belonged to Hun Yuan was suppressing his body, this power truly caused him to be unable to move!

Beneath the Demon Suppressing Pagoda, Tian Mo Xiao's movements were completely fixed. He was panicking in panic, and even after using all his strength, he could not move the slightest bit.

Chapter 2848 - Donghua Disciple

The consumption rate of the Immortal Sword Demon Pagoda was, of course, terrifyingly high.

Long Chen's own strength would not be able to hold on for too long. Fortunately, with the help of the various vital energy, he was able to hold on for a little longer.

The Demon God Sword Pagoda was his last hope in defeating his opponent. His weakness was in the aspect of divine power. Regardless of whether it was in terms of nature or quantity, he was inferior to his opponent. It was just that the rules were tyrannical. Now, with the help of the Immortal Sword Demon Pagoda, if he did not take care of the other party in one go, then he would really have to use the power of Hun Yuan's scripture!

Hun Yuan's scripture was a gift from the Dark Star Divine Emperor, if he were to take it out, it would be a huge joke.

Therefore, it was time to go all out!

It had to be said that the appearance of the Immortal Sword Demon Pagoda brought about a huge shock to almost everyone present. It even frightened Tian Mo Xiao even more so, and he, who was previously

full of himself, was now pressured onto his body by the Demon Suppressing Pagoda, sealing his strength!

"Yang Chen, stop!"

When he saw Long Chen rush towards him with a surging blood energy while wielding the gigantic God Slaying Sword in both hands, Tian Mo Xiao turned pale with fright. He was completely panic-stricken and completely defeated, as he pleaded shamelessly, "I admit defeat, I admit defeat!"

However, according to their bet, admitting defeat was useless.

Because even if he admitted defeat, Mo Xiao would still lose everything, including his life! Therefore, it was obvious that the Star Alliance would judge Mo Xiao's admission of defeat to be null and void. Long Chen admitting defeat was effective. As long as he admitted defeat, of course Hun Yuan would have to hand over the scripture to the other party.

Putting aside the fact that his opponent was despicable, just based on the fact that his opponent was strong and oppressing him, it was impossible for Long Chen to stop at this moment. The moment he stopped, he would have completely dispersed his power and not be able to finish his opponent off.

"Too late!"

Long Chen rushed over!

This God-Slaying Sword truly consumed a lot of energy!

In the God Slaying Sword, a hundred thousand Demon Army soldiers roared, raising a blood mist that enveloped Long Chen within the blood mist. At that moment, Long Chen felt as though his body was covered in blood mist, and was rushing straight towards the gigantic Tian Mo Xiao!

The Demon Suppressing Pagoda was suppressing them, causing Tian Mo Xiao to be unable to move!

"No!"

Amidst Tian Mo Xiao's despairing screams!

The tens of thousands of Godking stared in shock!

Long Chen waved the blood colored god slaying sword, using the Power of Sky Execution, he crushed the dead Tian Mo Xiao into eight pieces! Suddenly, a bloody mist filled the air! The sky was filled with Mo Xiao's cries of repentance! However, the various divine kings all understood that he had brought this upon himself, and could not be blamed on anyone else. The bet was set by himself.

Even he himself knew that if he wanted to snatch Hun Yuan's scripture, he would have to endure this outcome!

Sky Mo Xiao was still alive!

But even if he did not die, under the Demon Suppressing Pagoda's suppression, there was not a single drop of blood left in his body, and he was unable to escape. And at this time, Long Chen first put away the God Slaying Sword, turned into an Primordial Blood Spirit Dragon, and rolled up all of Tian Mo Xiao's flesh and blood!

Mo Xiao and Sky Demon, this is a rare opportunity for Blood Devour!

The Primordial Blood Spirit Dragon opened its bloody mouth and swallowed Mo Xiao and Tian Ya one by one. The blood mist permeated, but none of the Divine Kings were able to escape, and the miserable screams that the Divine Kings could hear became smaller and smaller. It was only until Tian Mo Xiao completely disappeared that Long Chen retracted his Demon Suppressing Pagoda!

What a huge consumption!

However, Long Chen had also benefited from his misfortune. After defeating the two of them, he had successfully broken through his shackles and charged into the realm of the polar state's Divine Monarch. In terms of realm, he was finally nearing the realm of the Divine King! I guess I can just barely catch up to other Extreme Realm God King s.

"With the Hun Yuan Scripture, as long as I cultivate it properly, I will soon be able to possess the strength of a Hun Yuan. Furthermore, the strength of the Hun Yuan Scripture has no attribute, anyone can cultivate it, if Little Wolf and the rest can control it. This Hun Yuan Scripture is truly a good thing! "

Hun Yuan was grateful to the Darkstar Divine Emperor and his two friends in the Divine Sword Tower. If not for Great Monarch Donghua's Immortal Sword Demon Pagoda, Long Chen would not have been able to win today.

He still underestimated Mo Xiao.

But at least, he won.

Only then did the smoke and dust from the explosions on the Divine Demon Heavenly Star slowly descend. Only after the battle was over did everything finally calm down.

It was just that no one would be able to forget about the appearance of the Demon God Sword Pagoda!

All the Divine Kings could see that Long Chen had increased his strength by leaps and bounds. Most likely, this time, even without the Immortal Sword Demon Tower, he would be able to defeat Tian Mo Xiao. They did not know about the Blood Devour, and only thought of it as an improvement in Long Chen's fighting. In their hearts, Long Chen was one step closer to the Divine Emperor!

He had succeeded in his challenge!

From today onwards, he, Long Chen, will be ranked 18th on the Divine King List!

This battle was quite exciting and explosive. Tens of thousands of divine kings had yet to regain their senses.

Long Chen's performance, was definitely stunning.

There were layers upon layers of laws and the Immortal Sword Demon Pagoda. In the future, there would still be the power of a Hun Yuan, to make up for that weakness. Everyone thought that the top ten of the God King Ranking, which had not changed for millions of years, would probably change!

Long Chen himself also understood that the cultivation of [Hun Yuan] level was extremely urgent, if not, he would always be weaker than others in terms of Divine Source Power.

Silence.

The Empyrean God and the Celestial Star had been sealed off.

Two people went in and Long Chen came out alone. Mo Xiao had already turned into ashes.

Under the gazes of tens of thousands of Divine Kings, he arrived in front of the various Divine Kings. Compared to Long Chen's victory, what they were more shocked about now was, why was the Immortal Sword Demon Pagoda on Long Chen?

He has a Hun Yuan grade Creation God Equipment? And also has a Hun Yuan ranked Infinite Divine Art?

So heaven defying?

The death of Emperor Eastflower was a monumental event that had recently occurred!

The Darkstar Divine Emperor had to come out at this time.

Indeed, when he appeared beside Long Chen, the restless hearts of the various Divine Kings quietened down. Everyone shifted their gaze from Long Chen to the Dark Star Divine Emperor.

"I declare that Yang Chen has succeeded in challenging the Divine King's Rankings. From today onwards, the 18th level of the Divine King's Rankings is his territory!"

The Darkstar Divine Emperor patted Long Chen's shoulder.

Of course.

Yang Chen's name was destined to intimidate the myriad worlds. The Godfiend Zhou Shan was in contact with information regarding all worlds.

Many people would know of the news here. Mo Xiao's death would also be spread out, and so would the Immortal Sword Demon Pagoda.

"Everyone will definitely be very curious about the Immortal Sword Demon Pagoda. The truth is that the person in front of you all is the successor of Great Emperor Donghua. Before Emperor Donghua died, he passed the Immortal Sword Demon Pagoda down to Yang Chen! I am a good friend of Dong Hua, and Dong Hua's disciple is my disciple. Therefore, do not let me know who has the intention of capturing the Immortal Sword Tower, understand? "

The Divine Emperor came forward to explain. To let everyone know, it was already enough to show their respect to the various Divine Kings. There was nothing in the Divine Kings that they didn't understand and they finally knew the relationship between Long Chen and the Dark Star Divine Emperor. In any case, from now on, Long Chen was someone that he could not afford to offend.

"At the same time, I passed down the Hun Yuan Scripture to him, which could also be considered to have allowed him to inherit the legacy of the Dao Emperor." The Darkstar Divine Emperor's words told Long Chen, as he had always been looking for someone who was worthy enough for him to pass down his scripture to, and he hoped that Long Chen would be able to make this scripture shine.

The Divine Kings understood Emperor Donghua and Daofather Hun Yuan even better. Long Chen would definitely suppress Mo Xiao with all his might, and if Mo Xiao were to provoke him, he would definitely be courting death. It was a pity that he didn't know this before.

"Battlefield of Divine Devil surpasses the limit and breaks through the boundaries of cultivation. I hope that everyone will pay more attention to cultivation and growth, and less to areas other than battles, and even more so, not allowing loopholes in the rules. If I were to know about this, I would definitely receive a heavy penalty."

The Darkstar Divine Emperor had also relied on Long Chen's opportunity to gather tens of thousands of Divine Kings, intimidating them and reforming the Battlefield of Divine Devil's atmosphere. Hearing this, Divine Kings was not stupid, and naturally knew what to do. In the next tens of thousands of years, there would probably be no feint here, and then they would be able to get close to their opponents.

"Then let's disperse." The Dark Star Divine Emperor didn't speak anymore. After he finished speaking, he immediately left. Tens of thousands of Godkings could leave by themselves.

"Brother Yang Chen, we will be leaving first!" Now that he was on the Divine King Ranking, the other experts all greeted him before leaving. Actually, the 100 floors of the Battlefield of Divine Devil were rather random, as long as the master of the floors agreed, they could freely enter and leave each floor.

While the tens of thousands of Divine Kings were feeling emotional and jealous toward Long Chen, they had also silently returned.

Mo Xiaolang and the rest were still here.

The older they were, the fewer people there were. Long Chen, Mo Xiaolang and the others gathered together.

"Boss, you really are awesome!" "He hugged another leg!"

The kitten suddenly cried out.

Long Chen looked at the three girls, especially Yang Lingqing, he said: "The next time you encounter something, no matter what the reason is, you have to tell me first. I will not help you with small matters, but if something big happens, you cannot act recklessly."

"Bro, I understand. "Don't be mean." Yang Lingqing laughed coquettishly, making Long Chen unable to do anything if he wanted to teach her a lesson.

Upon closer inspection, they had gained quite a bit as well.

With his abilities, Mo Xiaolang should be able to make it into the Divine King Rankings. After consuming the silver moon, Su Yan had also recovered quite a bit, almost being able to enter the Extreme Realm God King realm to recover her perfect realm.

"Let's continue working hard. I plan to first train in the Hun Yuan Realm, then charge to the Divine King Rankings, until I reach Rank 1, and even have the power to fight against the Divine Emperor. The eight Divine Emperors of the Immortal God Clan still have to rely on us to solve their problems."

He didn't have much time, but his hopes were still high!

After today's battle, Long Chen had a lot of confidence in himself.

"Big brother, we can all help. This Battlefield of Divine Devil is truly a good place to hone our skills. In a while, we will return to our respective floors and continue our assault." Mo Xiaolang nodded.

"I want to challenge the leaderboard too!" Zhu Xi held onto her small fist, and said imposingly.

They've all worked hard.

The feeling of everyone fighting together was really good!

Ling Xi was happy for them too, but her mission was still to recuperate and allow her child to safely descend into society.

"Yang Chen." Suddenly, someone called out to him from behind.

It was a woman's voice, cold and empty, extremely familiar. Mo Xiaolang and the others looked at it, then looked at Long Chen with a strange expression.

Chapter 2849 - Nine Yin ancestral realm

Although her voice sounded like Li Xuanji's, Long Chen knew in his heart that if she was here, he would have discovered her a long time ago. So it's impossible.

He turned around and saw a cold, beautiful woman standing in front of him. She wore a long black silk dress, simple and clean. Her hair was tied up and she had a devilish black flower on her left, which was very eye-catching. This was an empty and charming woman emitting a faint black aura from her body. Ordinary Divine Kings would not dare to approach her surroundings.

She was very strong, but she did not let Long Chen feel any danger, because to Long Chen, she had no hostility at all.

Seeing Long Chen turn his head around, she lightly and elegantly bowed towards him. With a gentle smile, she said: "My name is Ling Luo, the reason I'm looking for you is because I feel that your next challenge target will definitely be me."

This feeling was just too similar to when he was with Li Xuanji. Long Chen couldn't help but be a little dazed as he looked at her.

With her strength, cultivation level and the words she had spoken, it was clear that she was someone from the Divine King List. Furthermore, her rank should be before Mo Xiao's.

She said: "However, I am different from Mo Xiao. I am only here to become a Divine Emperor and there are no grudges between us, and it does not involve life and death. If you were to fight with me, there would not be any bet made. If you are ready, come and find me. "

With that, she gave Long Chen a slight nod of her head before turning around to leave. Long Chen looked at her leaving back, and from her elegant back, he could tell that she looked even more similar.

"What does she mean?" Long Chen didn't really understand. Just then, Long Chen saw Old Pig standing not far away. He wanted to go near Old Pig but did not dare to, so Long Chen waved him over.

"That old bro, you even know me!" Old Pig came up to him in fear and trepidation.

His meaning was because Long Chen's current appearance was too eye-catching, he felt that his status was low, and did not dare to approach Long Chen.

"You still owe me your life. How could I forget about you?" Long Chen understood what he meant, and joked around before asking, "I still have to ask for your help right now, I want to ask, who is this woman called Ling Luo?"

Old Pig looked at Ling Luo's delicate back with infatuation, muttering to himself, "So it's her, ah. She's the rare good person in the entire Battlefield of Divine Devil."

Everyone gathered around, curious about this Ling Luo.

"Tell me more details."

instructed.

Old Pig quickly nodded his head, and said: "Ling Luo, to put it simply, she doesn't have much heart, and has never hurt anyone, and has been in Battlefield of Divine Devil for a long time, longer than I have ever come. Look at the God King Board, don't you remember her name?"

Back then, Long Chen had only taken a glance, but now that he thought about it carefully, it did seem like he had read it before.

"Right." Old Pig said.

It was said that the top ten of the Divine King Rankings hadn't even reached that level yet. The top ten of the Divine King Rankings had always been treated with respect and reverence, as if they were at a completely different realm. And since Ling Luo was ranked eleventh on the Divine King Ranking, that meant that of the experts on the Divine King Ranking that came here today, Ling Luo was the strongest!

"Why did she say I would definitely challenge her?" Long Chen asked curiously.

Old Pig thought for a moment, then said, "Oh! I understand, this must start from the rules of the Divine King Rankings. In fact, it's not only the lower rankings that challenge the upper echelons once a month. Among the Divine King Rankings, for the sake of a better ranking, it's also possible to challenge them! It seemed that every person would have two chances to challenge someone who was ranked higher than him, the Celestial King. But there are limitations. "

"How?" Long Chen asked.

Old Pig said, "For example, from 91 to 100, these 10 people will be in a group. If the 100 God Kings want to challenge someone, he obviously won't be able to directly challenge the first rank of the God King Board, nor can he challenge the 89 or 90 ranks. At most, he can only challenge the strongest person in the group, which is only 91 people. Only by becoming the strongest will you be able to challenge the next group. For example, by becoming the ninety-first person, you will have the chance to challenge the ninetieth or even the eighty-first person. "

In other words, the Divine King Rankings were divided into ten groups. Only by becoming the strongest person in the group would they be able to challenge the next group.

"Also, the results of the internal challenges are different. If a person from the lower rankings directly challenges the Divine King List and is challenged, the defeated Divine King will fall to the first level, but the internal challenges in the Divine King List will not, for example, a hundred places challenge the ninety-first place. If the one hundred places challenge the ninety-first place, then he will become ninety-first, and his previous rank will drop by one place to the ninety-second place."

Long Chen understood that the rules of the Divine King Board were different. If you were to be defeated by an external challenger, your name would appear on the list of the Divine Kings. If the internal challengers were to be defeated, your ranking would drop by one.

He said, "In other words, if I want to challenge the top ten of the Divine King Rankings, I must challenge the strongest person in the group, Ling Luo, to become the eleventh rank in the Divine King Rankings. Only then will I have the chance, right?"

Old Pig suddenly nodded. "That's the truth. I guess this is the reason why Goddess Silk said that the next challenger must be her!"

It turned out that she wasn't just baffled.

Long Chen thought: "Looks like if I want to become the top ranker of the Divine King Rankings, I only need to first challenge Ling Luo, and then directly challenge the first rank of the Divine King Rankings."

Thinking about that, Old Pig said: "In fact, from the 11th to the 100th place, there are these kinds of rules, but the top 10 rules don't change, among the top 10, if you want to advance, you can only challenge someone one rank higher than you, for example, if you want to reach the 8th place, he can't directly challenge the 8th place, but can only challenge the 9th place. Only by continuously defeating the ninth place and the eighth place would it be possible to become the eighth place. If you become the eleventh, you will only be able to challenge the tenth place in order to enter the top ten. For example, Ling Luo. She often challenges the top ten, but not all of them have passed. "

Long Chen could not help but feel gloomy.

He said, "In other words, if I want to reach the top of the Divine King Ranking, I will have to go through more than ten battles, killing everyone in the top ten of the Divine King Ranking?"

These were roughly the strongest ten Godkings in the entire Allworld.

As they all went to battle, Long Chen still felt a bit of pressure.

When he said those words, Old Pig was stunned. He covered his face with his fat hands and said in shock: "Brother, are you really here to become the top ranker?! This is too much. I can only support you! If you succeed, you will have created the ultimate legend of the Battlefield of Divine Devil. When that happens, you will shake the entire world!

Seeing his expression, Long Chen knew what he meant.

"Is it difficult?"

"Um, consecutively losing to the top ten, the difficulty is countless times greater than the difficulty in challenging Ling Luo. Even Goddess Ling Luo was unable to enter the top ten, and every single one of the top ten are all experts who are much stronger than Mo Xiao. They all possess Hun Yuan's level of treasures like you, let alone the top three."

The reason why he did not directly say that it was impossible was because he was afraid of discouraging Long Chen's enthusiasm.

"Let's talk about that later." Long Chen laughed, to be honest, he was secretly excited in his heart, the stronger the opponent, the more excited he would be. In his battle with Mo Xiao today, he had witnessed the power of the Divine King's List. It was obvious that Ling Luo would be stronger, and the top ten would be even more terrifying.

But that was the challenge!

Fighting against ten people in a row was the only way to become number one. That was fighting, and surpassing the limit was the only way!

If Ling Luo was included, they would be named as having battled against ten of the strongest Divine Kings in the entire Allworld!

If I can succeed ...

At that time, it would not be a problem for him to break through to the realm of the Divine King. If he comprehended new rules, it wouldn't be a problem! To top it all, defeating the Immortal Divine Emperor was not a problem! The most important thing was Li Xuanji, she needed him to have a Divine Emperor level fighting strength! Long Chen would never forget this!

The key to all of this was to challenge the top ten rankings of the Divine King Rankings!

His goal was clear! The Divine Kings defeating Mo Xiao was Long Chen's greatest legend, but Ling Luo knew that Long Chen had definitely come here in order to make it to the top ten of the Divine King Rankings!

Therefore, she spoke a few words with Long Chen.

Then, his first opponent would be Ling Luo.

Now that he had reached the realm of the polar state Divine Monarch and had the Hun Yuan Scripture, if Long Chen was able to master it thoroughly, he would be able to make up for his weakness and become much stronger than when he was fighting Mo Xiao.

He asked, "Are you familiar with this Xiluo?"

First of all, he had to understand his opponent.

Old Pig shook his head, and said: "She is very mysterious. I understand her well, but I know that she comes from a very terrifying world in the Star Alliance. That was a world with the seventh stage of 'Eternity'! In the entire Northern Star Domain, this Eternity world held a great reputation. The Eternity world was much stronger than the Hun Yuan Realm world! A world of Eternity can suppress dozens of worlds of the Hun Yuan level! "

The Dragon Sacrifice Continent was not even of the rank.

The Tree Creation Holy Tree was only Order-level.

The Divine Sacrificial Great World could barely be considered Hun Yuan's level!

Moreover, the existence of Eternity, and even the existence of a Sovereign God, was indeed very powerful.

"What is the name of this world?" Long Chen exclaimed.

Old Pig thought for a moment, then said: "It seems to be called 'Nine Yin ancestral realm'."

Long Chen understood.

In this Myriad Worlds, anything that was related to the word 'ancestor' was definitely not a simple item.

For example, the mysterious 'Ancestral Star '.

For example, the Ancestral Dragon and the Ancestral Fire.

Nine Yin ancestral realm, Eternity World.

"The Nine Yin ancestral realm is actually relatively close to the Divine Demon Zhou Mountain, it is the largest world around the Divine Demon Zhou Mountain. It's the same size as the gods and devils, Zhou Shan. It's said that there are hundreds of billions of living creatures. "

Just the number of these creatures was a hundred times that of the Dragon Sacrifice Continent, fifty times that of the Lingsu Star Sea, and more than ten times that of the World Tree.

"Is there no other information about this Xiluo?" Long Chen asked.

Old Pig waved his hands, "Old Brother, it's good enough that we have this information under Battlefield of Divine Devil. This Ling Luo came and went like ghosts, how could we have seen her fight?"

Even so, Long Chen had to prepare for the next battle!

Chapter 2850 - Hun Yuan's Divine Powers

All the Divine Kings on the eighteenth floor had already returned.

The place was empty again.

Mo Xiao had disappeared, and the eighteen floors had been replaced by a new master, Long Chen.

"Big brother, then we'll take our leave as well." Mo Xiaolang and the other two were not planning to stay here, but to head back and continue upwards. For example, Mo Xiaolang, he had made new improvements. It was of great benefit to him in merging the various rules.

Yang Lingqing and the others also needed to train.

"Brother, I'm leaving too." Yang Lingqing blinked her eyes, and also left with Su Yan and the others. In these dozen years, they had received a deep friendship, and they had interacted with each other with their lives.

After he left, only Long Chen was left.

Of course, there were also a trillion other life forms of the Divine Kingdom.

More and more dragons.

Even the Dragon Emperor s had rushed up to the realm of the Divine King, and they were still growing.

Long Chen was prepared. When he truly possessed the power to fight against the Divine Emperor, he would be able to force back the Immortal God Clan Divine Emperor s.

Since he was in a rush, he had to hurry up and cultivate Hun Yuan Scripture.

The eighteen levels up to the one hundred levels below were all closed.

Long Chen was the only one left in this huge Battlefield of Divine Devil, so naturally, there were places for him to cultivate in.

Long Chen landed on the Divine Demon Heavenly Star, put aside the matters regarding Li Xuanji, Ling Luo and the Immortal Divine Emperor, and focused entirely on the Hun Yuan Scripture. What he lacked the most right now was power.

"With the power of a Hun Yuan, I can suppress my opponent even on the Divine Source Power."

"Hun Yuan Scripture is pure and primal. Although it does not have a specific attribute, it is able to unearth the characteristics of my bloodline. I have five attributes: Killing, Time, Fate, Karma and Life. Compared to my Primordial Divine Dragon's Heavenly Tribulation Origin Energy, it's actually a bit better."
"

This way, even the Divine Source Power would be fused with the characteristics of the Ancestral Dragon, becoming even stronger and more powerful!

This was the value of the Hun Yuan Scripture.

The more powerful a warrior's bloodline was, the more terrifying the effect would be when they used the Hun Yuan Scripture! Long Chen just happened to get the Infinite Divine Art that suited him the most.

Naturally, the Darkstar Divine Emperor also saw this point, which was why he gave the Hun Yuan Scripture of the Hun Yuan Dao Emperor to him.

Now, he wanted to convert all the origin energy of the Primordial Divine Dragon Sky Calamity into Hun Yuan's divine power! His Hun Yuan Divine Power would have the nature of five kinds of Ancestral Dragons.

If Mo Xiaolang cultivated this Hun Yuan Scripture, then his God Power would have two attributes, fire and devour.

Long Chen held the jade slip in his hand and focused on comprehending it. With his innate talent, he could quickly penetrate the world inside the jade slip.

It was a chaosworld. Heaven and Earth had yet to open, and the world was shrouded in gloom.

"I am the Hun Yuan Dao Emperor, since you have inherited the Hun Yuan Scripture, then you must continue to pass on the Hun Yuan Scripture. "We'll do our best to expand our horizons." A thunderous voice rang beside Long Chen's ears, and then quickly faded away.

"Yes."

Within the Primal Chaos world, the profoundness of the Hun Yuan Scripture was recorded.

Long Chen was fully immersed in it. Even though he had not cultivated the Infinite Divine Art for a long time, he had already inherited five ancestral dragon-inherited blood s, with extraordinary talent, a mere

Hun Yuan Sutra was not difficult for him. The speed at which he cultivated Hun Yuan's scripture to perfection, would definitely surpass everyone's imagination.

Time passed day by day.

In the blink of an eye, half a month passed.

Other than focusing on training Hun Yuan, Long Chen would occasionally chat with him.

"Tell me, what sort of existence is Xuanji in this Godly Mt. Zhou?" Long Chen said.

Ling Xi pursed her lips and smiled: "She should be an important person, a key character. I have a premonition that you might be able to meet her very soon."

"Since I have to possess the power of a Divine Emperor to get close to her, then maybe she is in the The Diremonster Battlefield of the imperial level?" Long Chen guessed.

"Your cultivation speed is rarely seen in this world. There is no way she can surpass you. I feel that she is facing many difficulties and needs your help. Brother Chen, you have to help her quickly. "

Long Chen laughed, and said: "Xiao Xi, I'm worried about her, aren't you jealous?"

Ling Xi stared at him, and said: "Of course I will, however, if it's xuanji sister, then it's fine. I was more concerned about her safety. She is our friend, it would be wrong to let her wander alone. "

She was still so kind and understanding. No matter what, she would always be the first to think of Long Chen's idea and would rarely have her own requests.

"In a few more years, in less than ten years, I'll probably be a father." Long Chen caressed her smooth lower abdomen and couldn't help but shiver. This was the first life that he had ever created, everything between him and Ling Xi. He could already see that she was gradually growing.

"Give her a face. Her name is Long Yan." There was also the ancient saying, 'Long Yan's fury'. Be careful of your daughter, she has the same temper as little Zhu Xi. Ling Xi said while laughing.

"Oh, no." Long Chen was most afraid of a girl who could jump up and down in the future. Of course, it seemed that this little life was rather quiet now.

"Xi Er, you truly are the most beautiful treasures that the heavens have bestowed upon me. I have to properly protect you two. Both of you are more important than my life." Speaking of which, Long Chen remembered the time when the Infernal King had appeared. That time was truly dangerous! Therefore, before Long Yan was born, Long Chen had planned not to let Ling Xi take the slightest risk.

Ling Xi shook her head, and said: "Everything is fate, and fate is good as long as it is whatever it is. You have a deep sense of responsibility, so you naturally know what is most important. You don't have to worry about protecting us. The two of us can protect you too. Other than xuanji sister, you are not allowed to get involved with any other woman. "

"Good, good, good. Your words are exactly what I, Long Chen, believe."

If she allowed herself to save Li Xuanji, Long Chen's heart would be much smoother. He didn't want to let Ling Xi down at any time, and definitely wouldn't forget that she was the one who used her youth, life, and everything to accompany him.

Time flowed on once more.

After another month, Long Chen's Hun Yuan Scripture had matured.

There were a total of five types of Hun Yuan Divine Powers at large, and they could even be transformed from one to the other. If Long Chen used the rules of killing alone, then Hun Yuan's Divine Powers would transform into the color of blood, and if he used the rules of life, then there would be fifteen colors orbiting around it.

Sometimes it was cold and brutal, sometimes it was fair and strict, sometimes it was filled with boundless vitality, and sometimes it was mysterious and indistinct! The nature of this Hun Yuan's divine power was extremely high, far surpassing Long Chen's previous strength. After using it as Hun Yuan's divine power, his weakness in the Divine Source Power could be considered to be completely fixed. The current him, compared to before, was even more powerful. Now that he was able to control the Immortal Sword Demon Pagoda, he was no longer as forced as before. Instead, he would be able to freely make his move!

Five types of Hun Yuan's divine powers surged out, transforming into countless palms, as they covered the entire Divine Demon Heavenly Star. Under Long Chen's vast power, the entire Divine Demon Heavenly Star was trembling due to his divine might!

Heh!

With a light shout, waves of light shook the entire Battlefield of Divine Devil.

An endless amount of Hun Yuan's divine power condensed into tens of thousands of divine dragons, rolling around Long Chen's body, soaring! His new improvement had already given him the confidence to challenge higher levels! Ling Luo and the top ten of the Divine King Rankings!

"Success."

Hun Yuan once again condensed into a jade slip, and it landed in Long Chen's hands. He was not in a hurry to challenge Ling Luo. Instead, he thought: "The Dark Star and Hun Yuan Dao Emperor didn't say whether or not they can pass on the Hun Yuan Scripture to others. Hun Yuan Dao Emperor also let me pass on the scripture, Xiao Lang is definitely a qualified inheritor, so I'll let Xiao Lang try it out for now."

Thinking of this, he left the empty eighteenth floor.

Currently, Ling Xi was recuperating in the Divine Kingdom, and would occasionally study Spiritualism s of the heaven's rules.

She looked like a pregnant woman.

In just two months, Mo Xiaolang had already made it to the ninety-fifth floor. This meant that his strength was already around the same as the devil fiend that Long Chen had defeated before.

"Big brother." He was very excited. All these battles had made him very tense up.

"Hun Yuan will let you try." Long Chen passed the jade slip into his hands.

"You've already succeeded? "It doesn't matter?" Mo Xiaolang asked in surprise.

"Yes, it's a success. Of course it doesn't matter." laughed. Through the connection between the Divine Palace and Su Yan, he saw that Zhu Xi had already charged to the 70th floor, and was really strong. Together with Yang Lingqing and Su Yan, at the 65th floor, this was more or less their limit. But they still had a lot of room to improve, and it would be easy for Yang Lingqing to reach Extreme Realm God King as well as for Su Yan to recover from it.

Just now, when he delivered the jade slip to Mo Xiaolang, he was injured. This Battlefield of Divine Devil had made some big movements, so it should be someone attacking this Battlefield of Divine Devil from the outside. Long Chen's expression changed as he said, "Most likely, the eight Divine Emperor of the Immortal God Clan heard about the news about me again."

Just as he was guessing, the voice of the Dark Star Divine Emperor came over.

"The Immortal God Clan's Divine Emperor have returned. They heard about your battle with Mo Xiao, and it was indeed you. Rest assured, I can stop them for you this time, but we belong to the same Star Alliance, so I think they will us. If the higher ups are biased towards them, I won't be able to protect you. At that time, you will probably have to leave the Battlefield of Divine Devil. "

"Thank you, senior!" Long Chen naturally understood this logic, and there were times when the Dark Star Divine Emperor could do nothing about it. After all, the other party were all from the eight Divine Emperor s, and all of them were from the Star Alliance. Right now, the Divine Emperor would be blocking the way. Long Chen said: "You stay here, I will go down to take a look."

After he finished speaking, he went down from the ninety-fifth floor to the first floor. There were already a lot of people surrounding the entrance of the Battlefield of Divine Devil on the first floor.

"Yang Chen, there's someone outside trying to kill you for revenge. It's better if you don't come out." Old Pig ran out and said nervously.

Seeing his worry, he was truly worried for Long Chen.

"It's fine." Long Chen came out of the crowd and saw the eight Divine Emperor s of the Immortal God Clan as well as the Dark Star Divine Emperor.
