

War God 2851

Chapter 2851 - Battling the Divine Emperor

They were eight identical looking Divine Emperor s, none of whom were of equal gender, and each of them were nearly as tyrannical as the other eight Divine Emperor s. In comparison to the Dark Star Divine Emperor's low profile and profoundness, these eight Divine Emperor Rankers were very strong. Their divine might was vast, giving the Divine Kings a huge pressure. This caused the numerous Divine Kings to only dare watch from afar, not daring to step forward.

Taiyuan Deity Realm was the dream of all the Divine Kings s on the king level. It was their lifetime dream and their only wish to enter the Battlefield of Divine Devil. So when they saw these eight Divine Emperor s, they would feel deep veneration!

But Long Chen was different, these eight Divine Emperor were his targets! However, he still needed some time!

When he appeared, the hot gazes of the eight Divine Emperor s all landed on him! It was an attack which had always been on the mind, causing Long Chen to feel as if he were standing in front of the eight giants. It was a deep reverence, and of course, this was all created by these eight Divine Emperor s!

"Long Chen!"

The eight Divine Emperor s said almost in unison as they shouted out Long Chen's name.

In order to chase after Long Chen, they had wandered around the mountain for a long time. They had not expected that Long Chen was actually in the middle of the mountain with the gods and devils.

"Long Chen?"

All the Divine Kings knew, that Long Chen's name, should be Yang Chen right?

Long Chen said to the Dark Star Divine Emperor: "Senior, because they were looking for me, I changed my name to Yang Chen. Actually, I was originally named Long Chen."

The name wasn't important.

The Darkstar Divine Emperor did not care too. It was obvious that he was going to protect Long Chen this time around. When Long Chen appeared, he immediately stood beside Long Chen and said: "You eight, Long Chen is the only disciple of my brother Great Monarch Donghua, and also the successor to my brother Great Emperor Hun Yuan. He is the successor to my two brothers, so regardless of what reason you eight have, you absolutely cannot touch a single hair on his head in front of my Darkstar!"

Long Chen was currently in the Battlefield of Divine Devil, so it was impossible for the eight Divine Emperor s to enter unless the Dark Star Divine Emperor was willing to go in and pull Long Chen out.

"The disciple of Emperor Eastflower? What kind of joke was this? He was merely lucky enough to obtain the Manifestation Divine Artifact left behind by Great Emperor Donghua after his defeat! What kind of disciple was Donghua? Let me tell you, we understand him better than you do. He comes from a world that can't even be called dreamy grade, and he is the only god within it. My Immortal God Clan has two Divine Kings who passed through this world and were killed by this brat. The reason we came here from the Godly Worship Great World was for the revenge of those two Divine Kings! "

Hearing this, all the Divine Kings were surprised, they never thought that in a world that could not even be considered dreamy grade, a person like Long Chen could actually appear, and they felt that Long Chen was even more so a miracle.

After hearing that, Long Chen could not hold back his laughter. He said: "The eight Divine Emperor s sure are interested in getting revenge for the two Divine Kings. To actually travel across a long star field to search for this nameless disciple of mine, it truly is flattering! Do you think I don't know your purpose? Do you need me to say it out loud? "

Their goal, of course, was the Everlasting Stone.

They didn't know that Di Jun had already arrived at the Dragon Sacrifice Continent and brought away the Everlasting Stone. Now that they were here to capture Long Chen, they only wanted Long Chen to lead the way, so they could find the Dragon Sacrifice Continent more easily.

"I'm not afraid to tell everyone, that his master has long been taken away by his master. Rumor has it that his master is a Divine Emperor of the polar state, and I wonder if the eight of them can snatch his Everlasting Stone from him?"

When these words came out, the eight Divine Emperor s were all stunned.

"Everlasting Stone?" The Dark Star Divine Emperor was also shocked, he knew that it was a Chaos Treasures of the seventh stage of Eternity, and its effects were huge. He never thought that Long Chen, a mere Divine King, would actually recognize such an item.

Moreover, there was a Extreme Realm Divine Emperor involved.

Every single Extreme Realm Divine Emperor was a peak expert of the ten thousand realms, an existence that all his Darkstar Divine Emperor had to look up to.

"Has his master returned?" The Immortal God Clan Divine Emperor s looked at each other, it seemed like this was a wasted effort. They did not know who the Divine Emperor was, as the difference between them and the Taihao Region was huge. However, they did not expect that the person holding the Everlasting Stone was actually a Extreme Realm Divine Emperor!

They did not dare to touch something from the Extreme Realm Divine Emperor!

However, all of these were just Long Chen's one-sided words, they could not completely trust him.

They also did not want to reveal any more information about the Eternal Light Stone in front of a large crowd.

They still had the determination to capture Long Chen. They couldn't come out for nothing, and go back dejectedly, even if they couldn't get the Everlasting Stone, they would have to avenge Shen Yang and Shen Qiong! This way, she wouldn't lose face.

So at that moment, the eight Divine Emperor s thought the same thing.

They looked at each other, and secretly approached the Divine Emperor s. One of them said, "No matter what, Long Chen killed my Divine Sacrifice Great World's Divine King, so he can be considered to have killed my Star Alliance's people. Today, I want to avenge my clan's Celestial King.

The Darkstar Divine Emperor's thoughts were resolute as he said, "Long Chen is fated to be with Dong Hua and Hun Yuan, and is considered to be a part of the Star Alliance. Furthermore, he is the Divine King of the Battlefield of Divine Devil.

His words and actions were decisive, not giving the eight Divine Emperor any face, and completely cutting off their thoughts!

The eight Divine Emperor s were enraged!

Although they were Initial stage Divine Emperor, there were a total of eight of them, and now that the Dark Star did not give them any face at all, if they were to run away with their tails between their legs, that would be too embarrassing.

"Damn it!"

"I never thought that Long Chen's luck would be so good. Not long after I arrived at Mount Zhou, I received the protection of the Dark Star Divine Emperor!"

"This Darkstar Divine Emperor actually looked down on us, the Immortal God Clan. He didn't give us any face!"

Anger turned into anger!

The eight Divine Emperor s found it hard to endure and shouted angrily in unison: "Dark Star Divine Emperor, we will not fight against you because we are all from the Star Alliance, don't be too excessive, our Immortal God Clan is not some weakling, everyone knows better, for today's matter, you have offended us for a mere small fry, you will regret it in the future!"

To be honest, they did not know much about the Dark Star Divine Emperor. The Dark Star Divine Emperor was famous for his stubbornness, why would he guard this king level Battlefield of Divine Devil? In reality, he was being punished here, the Battlefield of Divine Devil was like a prison of the Dark Star.

Therefore, he directly said, "I have decided. If you all are not convinced, you can attack me. I will accompany you to the end. If you dare not speak useless words in front of me, leave at your own pace!"

"You've gone too far!"

Seeing that a great battle was about to break out among the Divine Emperor, the surrounding Divine Kings were immediately shocked. They all returned to the Battlefield of Divine Devil, leaving Long Chen himself at the Battlefield of Divine Devil's entrance. He couldn't leave, after all the Divine Emperor was fighting for him!

BOOM!

Furthermore, it was right beside the Battlefield of Divine Devil. Long Chen only felt his vision go black, and then he would be unable to see anything. Fortunately, the Battlefield of Divine Devil was a Creation God Equipment for the 'Eternity', and in the hands of one of the Extreme Realm Divine Emperor, the battle of the nine Divine Emperor's could not affect this place!

RUU...!

During the battle, they had drawn a distance away from each other.

Long Chen raised his head to look at the resplendent stars in the sky. Suddenly, an incomparably enormous black star appeared above the entire Battlefield of Divine Devil. That giant star was practically the size of a Star of Destiny, but it was even scarier than the Star of Destiny.

"This should be the Dark Star Divine Emperor's Dark Star!"

It was a weapon he had refined!

The battle continued!

It caused the heaven and earth to shake, causing the black sand to churn, making everything inside to become indistinct. Last time, there was the protection of a sealed realm, and if not for the Battlefield of Divine Devil protecting him this time, Long Chen would probably have been swept up as well!

Faintly, one could see several rays of white light around the Dark Star Divine Emperor, but they were unable to stop the Dark Star Divine Emperor. Although there were eight of them, all of their realms were inferior to the Dark Star Divine Emperor's.

"A battle between Divine Emperors is truly something one would yearn for. I wonder if I, Long Chen, can contend against a Divine Emperor right now!"

This battle caused Long Chen's blood to boil.

While he was thinking about this, a star suddenly fell from the sky and shot towards him.

"It seems like a Divine Emperor took the opportunity to come down and capture me. The Dark Star could not stop him for a while, after all, there are too many of them." Long Chen's mind spun, and he found out the whole story!

Indeed, an immortal Divine Emperor had arrived!

"Die!" The androgynous Divine Emperor was incomparably sinister, he extended his hand and grabbed towards Long Chen, but in reality, when Long Chen stood at the entrance of the Battlefield of Divine Devil, the Battlefield of Divine Devil was able to suppress the Divine Emperor!

When he got close to Long Chen, his speed decreased greatly, and he was under huge suppression. With the power of the Divine Emperor, he could only display a little, and this was actually the reason why Long Chen dared to stand here.

BOOM!

The Divine Emperor still broke through the layers of suppression and rushed towards Long Chen. The Rules in his hand congealed into a white sword blade which pierced towards Long Chen's forehead.

Long Chen laughed coldly, the God Slaying Sword with its boundless killing intent suddenly appeared in his hands. Holding the heavy sword with both of his hands, he leapt upwards and slashed. The Power of Sky Execution erupted as the Sword Qi and the Rules of Judgement rushed out at the same time.

Bang!

The Divine Emperor was flung out, he spat out a mouthful of blood and fell to the ground in a sorry state. The Power of Sky Execution erupted from his body, causing him to explode with countless of holes! Inside his body, the dragon kept biting at him!

Although the Battlefield of Divine Devil suppressed the other party completely.

However, to be able to cause the other party to suffer such a loss, Long Chen understood that his Hun Yuan's divine power and polar state had evidently played a great role!

Chapter 2852 - Celestial kill order

Of course, there was another reason why this was possible. This was the God-Slaying Sword that was guarded by the Demon Army. As long as it was a god, the God-Slaying Sword would have the power to slay any enemy!

It was only because of the combination of several aspects that Long Chen was able to defeat the Divine Emperor in one move!

To the Divine Kings behind him, this was simply a miracle! At that time, Shen Yang and Shen Qiong only had the strength of a Primal Realm King, and at that time, Long Chen was the same as well. That was why they had always thought that Long Chen was only around Primal Realm King!

But, Primal Realm King, one move can make Divine Emperor retreat?

Is the world insane?

Silence, shock, disbelief.

Because of this explosive slash from Long Chen's sword, even the Divine Emperor who were fighting in the sky were stunned. The Darkstar Divine Emperor seized this opportunity to force them back, and instantly appeared in front of Long Chen. He looked at Long Chen, and then looked at the Divine Emperor who was being forced back by Long Chen, and already had an idea in his heart. He could vaguely tell that Long Chen possessed an enormous potential that was hard to imagine.

Hun Yuan Scripture, he had actually already succeeded in cultivating it!

This was the manifestation of talent, potential, and perception. This meant that he was extremely compatible with the Hun Yuan Scripture, so the Dark Star Divine Emperor himself was extremely shocked, just that his performance was not as exaggerated as the Divine Kings's.

Their battle with the Darkstar Divine Emperor could be considered to be extremely exhausted. In addition to that, Long Chen had already slightly injured the other one with his Power of Sky Execution, so they had also tested the might of the Darkstar Divine Emperor. They knew that they wouldn't be able to punish Long Chen with their strength.

"It's only been a little more than ten years, but you've actually grown to such a level. It seems that you're no longer a simple person. With two Hun Yuan grade Creation God Equipment and a Hun Yuan grade Infinite Divine Art at such a young age, I'm afraid it would be difficult to find a genius like you in this entire ten thousand worlds! "

They naturally did not know how old Long Chen was, and only knew that his time of cultivation could be considered the shortest.

"Thank you for your praise." Long Chen knew that there was no need to continue the fight. He kept back his God Slaying Sword and said: "Everyone, if you want to find the Eternal Harmony Stone, you can go right now and stop wasting time on me. As for Shen Yang, the death of two mere Divine Kings, is it a problem for you all?"

Hearing Long Chen's words, the eight Divine Emperor s laughed, and said: "The reason the eight of us are fighting with the Divine Emperor is to avenge my clan's Divine King, do you want us to retreat after knowing the difficulties?"

"Long Chen, we are not done with you."

In the end, this was a matter of face. They had already come all the way here, and they couldn't just go back empty-handed. Furthermore, the Divine Emperor had humiliated them too, so how could they take this lying down?

Thus, they would definitely pester him to the end.

Otherwise, their trip this time would be a huge joke.

He spat a mouthful of black blood, looked coldly at Long Chen, then looked at the Darkstar Divine Emperor, and suddenly laughed: "Fine, we will stop here for today, but the two of you better not think it's over like this. We will go to Star Alliance to request for the 'Heaven Realm Kill Order'. Long Chen, at that time, even if this Darkstar Divine Emperor has heavenly powers, he will not be able to protect you. "

Long Chen was startled.

Was there such a thing?

"Remember, the day that we obtain the Heaven Realm Killing Order is the day that you die.

The eight Divine Emperor s regrouped with almost the same actions and demeanor. After speaking one last time, they turned into eight white beams of light that suddenly disappeared before Long Chen's eyes and rushed into the sky.

He must have gone to apply for the Sky Region Kill Order.

The Darkstar Divine Emperor sighed, turned his head and said to Long Chen, "Just as I expected, the Immortal God Clan has such a vengeful personality. Their reputation in the Star Alliance is extremely bad, but they would probably succeed in applying for the Sky Region Killing Order."

Long Chen asked: "Senior, in other words, if they were to obtain the Sky Region Killing Order, even if I am here in the Battlefield of Divine Devil, it would still be useless right?"

The Dark Star Divine Emperor said: "Right, when I see the Sky Region Killing Order, I have to cooperate with them and drag you out. This is a rule of the Star Alliance and as a member of the Star Alliance, naturally I have to abide by it."

So that's how it was.

It seemed like he really didn't have much time left.

If the Darkstar Divine Emperor couldn't help him, then the only way was for him to defeat the eight great Divine Emperor in order to charge out. If he couldn't even deal with these eight Divine Emperor s, it would be hard to say how he could take Li Xuanji away.

"Senior, how long do you think it will take them to obtain the Celestial domain's kill order?"

Long Chen cautiously asked.

The Darkstar Divine Emperor said: "This needs to go through the process, so normally, it takes a year or even a few years. Of course, if they are in a rush, half a year would be enough. It was possible that he would be absorbed into the Star Alliance. You can still stay in Battlefield of Divine Devil for around half a year. If I have any news of you at that time, I will notify you to leave early. "

In reality, it was extremely difficult to completely enter the realm of the Divine King in half a year's time. However, this was the Battlefield of Divine Devil, and anything was possible.

"To be honest, if it was before, I might not have placed these eight Initial stage Divine Emperor in my eyes, and they wouldn't have been able to move against you. He didn't have much authority in the Star Alliance. Otherwise, they wouldn't be able to get the Sky Realm Killing Order. "

So that's how it was.

"Senior, don't worry. This is my personal grudge, and I can resolve it."

Long Chen understood that the Darkstar Divine Emperor was not related to him in any way, he had already done his best to help him. To roam the ten thousand worlds, the only thing he could truly rely on was himself!

The Dark Star Divine Emperor sized him up for a while, then laughed in satisfaction: "I didn't expect that in such a short period of time, you had already successfully cultivated the Hun Yuan Scripture. The power that you exploded forth just now already possesses the qualifications to rush into the top ten rankings of the Divine King Rankings. After a while, you might be able to make it into the top ten. At that time, Star Alliance will definitely value you more. You can rely on yourself to fight against the eight Divine Emperor s, work hard! "

Speaking to here, the Darkstar Divine Emperor said with emotion: "I have always believed that adversity is the cultivation's strongest push. In adversity, it's like you have unlimited help. You have to make good use of this opportunity."

With that, the Darkstar Divine Emperor turned into a ray of black light and disappeared into the Battlefield of Divine Devil. Long Chen knew that time was of the essence, so he went back to cultivate.

What he wanted wasn't just to get into the top ten, but to get number one on the list!

Silk was something he had to challenge.

Just when he thought of Ling Luo, when he passed through that long tunnel and entered the Battlefield of Divine Devil, he saw Ling Luo with a black flower on her head leaning against the wall. Her long skirt laid flat on the ground, waiting for him.

"After seeing your performance just now, I feel that the first thing you should do when you return will be to challenge me." Ling Luo still spoke in the same tone, neither impatient nor impatient. Everything seemed insignificant to her.

"Yes." Choose a time, and it will be done as soon as possible. " Long Chen did not hold back. After all, it was just a spar, there was no need to fight to the death with Mo Xiao that time. That was what Hiro wanted.

Ling Luo calculated before saying, "You just got the Hun Yuan Scripture, so you can get more familiar with it. Half a month later will be fine. You and I can both be well-prepared and perform at our best. "

She was like a gentle friend, not like Long Chen challenging her at all.

"Alright." Actually, Long Chen had wanted to do it in just these two days, but if she said that it would take half a month, then it would be fine, it would just be the same as Long Chen.

The Divine King was ranked on the Divine King's List. There were two challenges a month, and Long Chen planned to challenge them every half a month. If he could succeed in his match half a month from now, he would challenge the tenth rank of the Divine King List in another half a month, and then challenge the ninth rank in forty-five days!

These eleven experts, the top-notch and supreme Divine Kings of all realms, were now Long Chen's most precious treasure! Long Chen was already a little impatient, he wanted to witness just what kind of Inherent Skill, abilities, and rules each one of them had!

Being able to stand at the peak of the Divine King, when they become Divine Emperor, would also be extraordinary! They had even surprised Long Chen more than an ordinary Divine Emperor!

Therefore, Long Chen desired nothing more than to fight with them.

If he could go on with this pace every half a month, it would probably take him nearly half a year to reach the top of the Divine King Rankings. At that time, it would depend on whether or not he could reach the realm of the Divine King. Once he becomes the Divine King, Long Chen believed that he would definitely be able to take down the ordinary Divine Emperor!

This was the toughness of the Ancestral Dragon Bloodline!

"Then let's make an appointment for half a month. Also, there is something that I need to tell you." Ling Luo smiled lightly, turned around and looked straight at Long Chen, saying, "If I say that if you defeat me, I will tell you the specifics of a person you really want to know, and tell you about her situation. and what happened. "

Long Chen was startled, he naturally knew who Ling Luo was referring to. From the moment Ling Luo appeared, he felt that Ling Luo had a temperament similar to Li Xuanji.

"It's her, right?"

"Mn, Li Xuanji."

After saying this, Ling Luo emphasized again, "I'll explain everything clearly to you after you defeat me. This is her command, so don't make things difficult for me, and don't be anxious. She has a lot of time to wait for you."

Long Chen would not make things difficult for Ling Luo. After all, it was just a matter of waiting for fifteen more days.

He said, "I just want to ask you a question.

"Tell me first, then I'll know if I can answer." Silk said.

Long Chen asked: "What is your relationship with her?"

After thinking for a moment, Ling Luo replied, "Mn, I think I'm her senior sister. You can understand that."

Chapter 2853 - White Hair of the Sky

They were people close to him.

Li Xuanji trusted her and instructed her to contact Long Chen. Naturally, their relationship was extremely good.

He never thought that he would reap such rewards from challenging the Divine King Rankings.

"You can rest assured now. In half a month, I'll be waiting for you at the eleventh floor of the Battlefield of Divine Devil. There, I'll take the only path to the top ten rankings of the Divine King Rankings."

After saying this, Ling Luo turned around and left.

Long Chen also returned to the eighteenth floor. The matter of the Sky Region Killing Order had been full of energy for him to begin with, and he was just about to reunite with it when Ling Luo suddenly appeared and said something about Li Xuanji, which made him a little frustrated.

Ling Xi said, "Ling Luo belongs to the 'Nine Yin ancestral realm' realm. This was a world of the Hierarchy. That Xuanji sister was also one of the people from the Nine Yin ancestral realm. After all, she was his junior sister. Then you might have to deal with this Nine Yin ancestral realm. This Nine Yin ancestral realm must have many Divine Emperors. No wonder this Xuanji sister wants you to have the power of the Divine Emperor to find out more about her. "

Ling Xi was right.

It was related to both the Nine Yin ancestral realm and the Star Alliance.

"Previously, when Emperor Eastflower had fallen, Xuanji was right here at the Eternal Demon God Zhou Mountain. I presume that now is also the case, but if I want to take her away, then I don't need to rush to the Nine Yin ancestral realm. There must be a Divine Emperor around her." Long Chen pondered and said.

Ling Xi saw that he was annoyed and said: "Brother Chen, Divine Emperor Emperor Jun, Immortal God Clan and xuanji sister all seem to have a lot of things to take care of. In fact, there is only one thing you need to do, and that is to become strong, and pass the challenge to become strong in the God King Board. As long as you are strong, we can all obtain your protection. We can also get stronger because of your resources, and the trillion divine dragons in the Divine Kingdom can also grow stronger. Therefore, you don't need to think too much. All you need to do is to do your best and challenge the God King Board. "

Challenge the Divine King Ranking!

For prosperity!

Ling Xi's words allowed Long Chen to understand everything suddenly. Right now, he was competing in time with the other party, so she could understand the power of time even more. No matter how much trouble there was, the only solution, was to become a stronger existence and a stronger god and devil!

"Xiao Xi, thank you." She was pregnant, but she was fighting for other women, even though she didn't care and could think so much for herself.

If he got a wife like this, what else could he ask for?

"Come on, I only allowed you to help. I didn't allow you to marry the xuanji sister to me." Seeing that he was touched, Ling Xi poured cold water on him.

But in conclusion, with regards to the road ahead, Long Chen was suddenly enlightened and full of fighting spirit!

Ten days passed in the blink of an eye.

The battle with Ling Luo was far less sensational than the last time, when they had challenged the Divine King Board. Neither of them had spread this news, so this battle was destined to quietly proceed.

The internal battles of the leaderboards could be decided by allowing all the Divine Kings to watch the battle, or by sealing themselves in. However, before the battle begins, Star Alliance will still announce the results of it.

The purpose of allowing the Divine Kings to watch the battle was to allow all the Divine Kings to learn and improve themselves.

After all, they all wanted to enter the Divine King Rankings.

But against the War God, he also had the right to choose a sealed battle.

If it was a sea of people, she definitely wouldn't be able to stand it, and that was exactly the case. Although she had participated in many battles, in the eyes of many people, she was still a mysterious Divine King.

There was one more thing, once the challenge had started, Ling Luo and Long Chen who were at the eleventh floor and eighteen floors would have their names disappear from the Ranking of the Divine Kings. When the result of the battle was out, the names of the two people would appear once more.

The Battlefield of Divine Devil that was relatively quiet, became noisy again due to Star Alliance's announcement, which was like a clap of thunder.

"Ranked eighteenth on the Divine King Ranking, Long Chen has challenged the eleventh place on the Divine King Ranking, Ling Luo. It's about to start! "

The challenges within the rankings of the Divine Kings would be announced by the Star Alliance.

The most important thing about the Battlefield of Divine Devil was that they had to fight. The battle on the list of the Divine Kings was especially eye-catching, making people's blood boil.

As a result, many Divine Kings who were preparing to fight or cultivate stopped.

If it was any other Divine King, they wouldn't really care too much but Long Chen was currently a celebrity. If he challenged the eleventh rank on the Divine King List, the attention he focused on would naturally be at the top of the Battlefield of Divine Devil.

But unfortunately, he wasn't able to watch this battle.

To the various Celestial Kings, this was the most regretful thing they had ever done.

Therefore, they could only wait for Star Alliance to announce the results.

On this day, Long Chen arrived at the eleventh floor from the Battlefield of Divine Devil after he finished cultivating.

When he entered the eleventh floor, Ling Luo was floating in the air, meditating. The black silk on her body scattered and fluttered in the air, and the black flower on the left side of her head was filled with black smoke.

"He's here. Come here." Ling Luo opened his eyes, smiled at Long Chen, and waved his hand slightly. Then, he led Long Chen towards the direction of the Divine Demon Heavenly Star.

Long Chen followed her, and walked to the mysterious Heavenly Star. Actually, if it was just two people, there was no need for the Demonic Sky Star, they could just fight in the air.

"Looking at you, are you in a hurry?" Ling Luo turned around and smiled. Her face was pretty, but there was something else in her expression.

"Not bad!"

In fact, what Long Chen was most anxious about was still news of Li Xuanji.

asked all four of them about it today. In fact, when Ling Luo came to the Battlefield of Divine Devil, she had never lost in a battle before. She had also charged all the way up, and in fact, had slowly charged into the ranks of the eleven Divine Kings in the midst of battle.

It wasn't fast, but it had never been defeated.

In other words, she had never participated in battles that she might not be confident of. And as long as she participated, it would be very difficult for her to lose.

Today would probably be a battle to the death.

"Then I'll let the notary come."

This is a Extreme Realm God King. When he arrived, he was extremely courteous, and said: "Long Chen, Ling Luo, I am Tian Yu, Star Alliance's representative, and today I will be the public witness for the exchange of pointers."

It was as if Long Chen had seen him before. He thought about it carefully and said: "I seem to have seen you by Mo Xiao's side before?"

Tian Yu smiled slightly, and said: "That's right, when you challenged the 18th rank of the Divine King List, I was by Mo Xiao's side, and Mo Xiao and I could be considered good friends. Of course, me and the top one hundred rankings on the Divine King Rankings are all good friends. "

Long Chen even remembered his name.

When he had just entered the Battlefield of Divine Devil and received the Demon God's Token, Fan Qing and Di Yang had mentioned a name. It was Senior Brother Tianyu. One of the leaders of the Star Alliance. Long Chen thought that he was on Mo Xiao's side, but it seemed that he was not. He directly said that he was good friends with all the Rankers on the God King Board. So he wouldn't do anything to Long Chen just because of his death.

He said: "Mo Xiao is too arrogant, before the battle, I had a chat with him, I had a premonition that he would lose, and as expected, he lost. However, I am unable to predict the outcome of the two of you today. After all, the two of you are monster-level characters. "

Long Chen was not fighting with him, so he did not need to care too much about who this Tian Yu was.

"Do the two of you have anything to tell me?" Tianyu asked.

Long Chen and Yue Yang looked at each other, and said: "Nothing, you can begin."

Tian Yu smiled and said, "Then let's begin. I really look forward to the match. Tian Yu will be the only spectator to watch."

With that, he backed up a distance.

And together with Ling Luo, Long Chen descended upon the Divine Demon Heavenly Star.

At this time, Tian Yu's voice once again spread throughout the Battlefield of Divine Devil.

"Ranked eighteenth on the Divine King Ranking, Long Chen has challenged the eleventh place on the Divine King Ranking. Ling Luo, begin the fight now!"

This sentence caused the blood of tens of thousands of the Celestial King to boil!

"Who will win?"

"Ling Luo hasn't lost a single battle!"

"But Long Chen is also extremely strong and ferocious. Not mentioning how we defeated Mo Xiao earlier, we were even able to force him to retreat at the entrance of Battlefield of Divine Devil half a month ago."

"He also has the Hun Yuan grade Creation God Equipment, the Magic Tower, and the Hun Yuan grade gifted by the Dark Star Divine Emperor."

"But I still think that Xiluo is a bit more mysterious. the Celestial King who needs to fight her doesn't even know how they were defeated! "

Actually, while they were still discussing, Long Chen and Ling Luo had not started a fight yet.

Many black colored petals danced around her. Her pitch-black eyes that were as black as ink focused on Long Chen as she suddenly said: "If you want her to return to your side, she definitely has to go through a lot of hard work. I'm afraid that her life is in danger, are you really willing?"

Before the battle, she suddenly said this

Long Chen's thoughts were extremely firm, and he said: "I have long been in danger, and am currently fleeing, so this is nothing to me. Furthermore, I am not willing to speak with his, if she does not like the place I'm currently staying, I must bring her away."

"Is that necessary?"

Ling Luo was a little dazed. She pursed her lips and said, "That doesn't sound too bad. She definitely has no reason to be so sure of you." Of course, you'd better be prepared to fight to the death. I can't help you, but I support her, so no matter what choice she makes, I will do my best to help her. "

She seemed to have recalled something unsatisfactory.

Actually, Li Xuanji didn't come out for a long time, it was just that it was quite rare for Ling Luo to treat her like this, to have a friend like Ling Luo. Ling Luo wouldn't lie, her eyes, her actions, were all real people.

Long Chen asked: "Is she still in the God Realm of Zhou Mountain?"

Ling Luo took a deep breath and said, "That's right, she's here."

That's good.

Long Chen waved at her, then suddenly laughed: "There's no need to be so gloomy. Come, let's begin!"

Chapter 2854 - Yin Master

Hiro.

Of course, she was not as good as the Immortal God Clan's Divine Emperor, but when Long Chen fought with the Divine Emperor, he took big advantage of her.

To be able to make it into the top ten of the Divine King Rankings, he was definitely an existence at the very pinnacle of existence amongst the Myriad Realm's Divine Kings. Therefore, at this moment, Long Chen was extremely cautious and cautious. To Ling Luo, victory might not be important, but to Long Chen, it was extremely important, because he wanted to know Li Xuanji's situation!

He knew exactly what had happened to her.

For this moment, he had suffered for fifteen days.

Ling Luo didn't say much. This was a closed-door battle, with only Tian Yu standing in the distance. There weren't many onlookers, nor was there much pressure. Most likely, only one outcome would be known in this battle.

She made her move!

Yin Qi gathered on Ling Luo's body as the cold air surrounded him. Ling Luo had come from the ancestral realm of the nine yin, so the rules he trained in should be the Dao of yin and cold. At this moment, she could tell from the boundless divine power she had condensed that his Infinite Divine Art should be her Order-level. Although it was inferior to Long Chen's divine power, in terms of grandeur and purity, it was superior to Long Chen.

Therefore, in the area of divine power, Long Chen's advantage wasn't too big. After all, his true realm was merely that of the polar state Lord. It was already a miracle for a polar state Lord to possess such power. So no one believed that he was actually a Divine Master of polar state!

Silk was terrible.

But when she made her move, she was completely enveloped by the cold Qi, forming a black wave, as though she had become the center of this world. The cold and gloomy laws engulfed the entire Divine Demon Heavenly Star, if not for the Divine Demon Heavenly Star's seal, it would be enough to fill the entire Battlefield of Divine Devil.

With Long Chen's current Divine Dragon Body, even standing in this place caused his to tremble, let alone an ordinary Divine King. Just the cold nature of the divine power itself was enough to scare off many Divine Kings, and ordinary Divine Monarchs and Gods would not be able to stand firmly in her surroundings.

Even if it was a god, they would be frozen to death.

Existence of absolute coldness!

"It's begun!"

Ling Luo's voice came from all directions, cold and indifferent. When he attacked, it was indeed different from his usual self. This also caused Long Chen to feel a certain amount of pressure, but it also aroused his incomparably strong fighting spirit! At this moment, Long Chen did not hold anything back at all. In his left hand, a treasure condensed and turned into an ancient bronze pagoda, causing a hundred thousand soldiers of the Divine Spirit Realm to shout out their battle song. In his right hand, a blood-black death sword was held horizontally in front of him, blocking Ling Luo's icy-cold waves!

The cold current was right in front of his eyes, and had already been separated by Long Chen!

To be able to directly use the Immortal Sword Demon Tower, it was because Long Chen did not want to take too long, and Ling Luo was not his ideal opponent. Honestly speaking, he was afraid of hurting Ling Luo, so he would definitely not be able to challenge his limits!

Amidst the dark clouds, Ling Luo's long skirt floated in and out of existence.

"Yin Master, summon!"

Long Chen will let her make the first move, let's see what she can do!

He actually saw an attack similar to Sky Demon's! Around Ling Luo, as the laws were being displayed, a black mist rapidly gathered together. Two explosive roars sounded out, and right and left of Ling Luo, two enormous demon gods appeared, clad in dilapidated armor, with long horns, fierce black faces, and a thick copper ring around their necks. They grasped a hard steel trident that was comparable to a Creation Divine Weapon, and stood beside Ling Luo, roaring in anger!

To the graceful swaying Ling Luo, these two Yin Masters were simply beasts.

"Yin Master, kill!"

Long Chen dared to say that just the fighting strength of these two Yin Gods was not inferior to Mo Xiao's Tian Shi at all. This was also the reason why Ling Luo was ranked number 11 while Mo Xiao was not!

The strength of the Yin Gods were terrifying, they rushed up at the same time, releasing a vast amount of divine power, one on the left and one on the right, bringing about a huge threat to Long Chen.

However, their appearance made Long Chen unable to hold back his laughter, he found it difficult to kill Ling Luo, but the two Yin Gods were different!

"Demon Suppressing Pagoda, go!"

Instantly!

The Demon Suppressing Pagoda wailed. Long Chen now had enough power to move it, so the Demon Suppressing Pagoda instantly expanded and with the sound of the bell, it struck one of the Yin Gods before he arrived. After that, it swept up to the head of the Yin God.

Only now could the battle truly be considered to have erupted!

"Die!"

Long Chen held onto the heavy sword with both of his hands, and shot it towards the other Yin Master like a streak of blood.

"God Slaying Three Movement!"

The Yin God roared out in anger, and the sharp steel trident stabbed forward. Long Chen used the Divine Slaying Sword to slash upwards, and the power of rioting collided with the steel trident, directly ripping the steel trident apart. Long Chen waved his gigantic sword to pass through the body of the Yin God, and in the next moment, the Yin God was split into two pieces behind him, before crumbling and filling the sky with mist!

On the other side, Demon Suppressing Pagoda s pressed down from above like a giant mountain, weighing millions and millions of kilograms. The pressure of the laws on the head of the Yin God also directly shattered the Yin God!

The Immortal Sword Demon Pagoda had finished off two Yin Masters in an instant!

Especially with the Demon Suppressing Pagoda s, there was no need for Long Chen to do it!

The Demon Suppressing Pagoda returned to Long Chen's hands. Long Chen was holding onto the sword with one hand and the other the tower with the other.

Of course, this was Ling Luo's first attack. Now, with Ling Luo hiding in the shadows, her abilities were more than enough, and Long Chen was prepared to accompany her slowly to let her know the current state of her cultivation. It was also equivalent to letting Li Xuanji know the extent of her abilities!

Let her believe in herself!

"Yin Devouring Hand!"

In the next moment, the clouds in the sky changed, and suddenly, a black cloud exploded. What descended before Long Chen's eyes was an incomparably large black palm, and that palm was like a vortex, engulfing a large amount of mist and pressuring toward Long Chen. Under the suppression of this palm, it was as if Long Chen was being suppressed by a Demon Suppressing Pagoda!

"If a Divine Spirit that doesn't have enough strength is suppressed like this, it's impossible for them to block this move!"

Of course, Long Chen wasn't!

Seeing the hand that was devouring the Yin, he hid the Demon Suppressing Pagoda for the time being and held onto the huge sword with both of his hands. With a roar, he soared into the sky, this time concentrating all of his power onto the sword! What erupted from the God Slaying Sword was a combination of Hun Yuan's Creation God Power and Hun Yuan's God Power!

Of course, there was also the power of laws!

"Time Breaks!"

The God Slaying Sword swept across a ray of light, that was the power of time, the sword carried the force of tearing time, and instantly collided with the Yin Devouring Hand! It was a difficult collision, but with Long Chen's current berserk strength, he had actually directly ripped apart the Yin Devouring Hand!

"Yes." However, she had still been infected by it, and had lost part of her strength. This was the first time that she had been suppressed by Long Chen in this battle, but she did not surrender. Instead, she gritted her teeth and persevered, preparing to return and escape from Long Chen's line of sight!

Long Chen chased after him!

The long skirt rolled in the wind and spread out like a black flower!

"Where do you want to go?" Long Chen was like a ray of bloody light, quickly approaching the other party.

"I don't want to go anywhere." Suddenly, Ling Luo turned around, and her originally black eyes froze, as if they had turned into ice blocks in the blink of an eye, ice-cold to the bone. The moment she saw her eyes, Long Chen's mind consciousness received a shock, and became absent-minded for a split-second!

This was her counterattack!

"Eye of Cold Charm!"

His two eyes were like ghosts, causing Long Chen to feel a wave of terrifying coldness. This was completely against the Primordial Spirit's rules, so in that instant, Long Chen's battle state fell greatly, as if it had suddenly become frozen!

At this moment, Silk immediately turned around and once again displayed the rules.

"Bone Chilling Tide!"

It was a wave after wave, violent and brutal, and it was the most fearsome type of cold that came from the bones. In an instant, it had frozen Long Chen's divine power, and the World Tree froze his entire body, from inside to outside, until it finally turned him into a dark green colored ice block!

It didn't move at all!

"Success?" Honestly speaking, she was still a little nervous when fighting with Long Chen. The Yin Master was one of her greatest dependencies, she did not expect to be easily killed.

Just as she was about to heave a sigh of relief, the ice that sealed Long Chen suddenly exploded. Long Chen's sword slashed downwards, shattering the icy laws, and at the same time, ignited his fires of life.

"This rule is really terrifying!"

Ling Luo was slightly surprised. He didn't expect that the Chilling Eye that he had planned for would be destroyed so quickly.

"The same goes for you." Long Chen had underestimated her, which was why he had experienced that previous crisis. Honestly speaking, if Ling Luo had continued to attack him, she might have caused him some damage.

Ling Luo pursed her lips into a smile and said, "Then let's continue. It's also been a long time since I've met such a terrifying opponent like you."

Their battle was quite harmonious. It was as if they were playing around. But Long Chen knew the dangers involved, after all this was a battle on the Divine King List.

Continue!

However, most of the rules Ling Luo was proficient in had been cracked by Long Chen. Her beautiful eyes turned and stopped moving, but she remained in place and formed seals with her hands. That pitch-black eyes stared at Long Chen, afraid that she would need to use the most tyrannical rule.

Long Chen was fearless, dragging the gigantic God Slaying Sword, with Demon Suppressing Pagoda circling around him, they rushed towards Ling Luo, their speed becoming faster and faster. In the midst of it, Long Chen had already unleashed the power of the sea during times of chaos, suppressing Ling Luo's time, and at the same time increasing his own speed!

All of a sudden, Ling Luo opened his eyes wide, and surging cold energy exploded like a tidal wave.

Bang!

The seal of the Divine Demon Heavenly Star had actually shattered!

Chapter 2855 - Heart-Piercing Needles

It shattered into countless shards.

When he first fought with Mo Xiao, he had not reached such a realm. All of this was caused by Ling Luo himself! Her strength was indeed terrifying.

She didn't take the initiative to attack the seal, but the seal was shattered for her sake!

Of course, this was unrelated to him. This was the Battlefield of Divine Devil, a divine creation artifact of the Eternity. This kind of seal would automatically recover after a period of time.

As Tian Yu watched this from the sidelines, he could only helplessly smile and mutter, "Ling Luo has already reached the top ten. After all, only the top ten will cause the seal to shatter."

The most exciting part had been shattered.

Ling Luo now opened his arms, and the black flowers danced around him. The black silk spread out like long snake, and his long hair scattered, making him look even more beautiful.

However, it was even more terrifying!

At this moment, she was covered in a layer of black ice. After the seal was broken, the power of laws exploded forth, engulfing the entire eleventh floor. Even Tianyu could not do anything but retreat!

"Ice Sealing Century!"

This was a rule that changed the times.

When the laws exploded, with Ling Luo as the center, the black ice started to cover the entire world and freeze the entire world. The ice instantly rushed past Long Chen and completely froze all of the space within the Battlefield of Divine Devil in the midst of the black ice. Tian Yu had no choice but to retreat to the entrance of this layer in order to avoid being harmed by Ling Luo.

"When this Ling Luo attacks, it is truly terrifying." Tianyu felt embarrassed.

Of course, at the heart of the rule was still Long Chen. Right now, there was ice everywhere around him, even he himself had almost been completely frozen. The reason he wasn't frozen was because the flames of his life force was burning, and to a certain extent, he was resisting the ice!

However, to Ling Luo, this was just the beginning!

"Be careful!"

As they drew near, the terrifying cold yin approached Long Chen. Although Long Chen was not covered in ice, the white frost had already begun to flutter about and snow had begun to fall everywhere!

"Don't worry!"

Long Chen still had this bit of confidence. Overall, Ling Luo didn't disappoint him today, but her performance was quite impressive, which also allowed Long Chen to clearly realize how powerful the top ten of the Divine King List really were! Of course, it did not scare him, but made his heart burn even more intensely!

"Sky Execution!"

This was a rule that incorporated the cause and effect of karma into the hundred thousand divine wills gathered together on the ice in front of Long Chen. Instantly, the ice shattered, turning into fragments that filled the sky.

Bang! Bang! Bang!

Blasting along the road.

The Power of Sky Execution, hidden within the Sword Qi of the God Slaying Sword, rushed towards Ling Luo, instantly arriving in front of Ling Luo. Long Chen used his absolute power and rules to suppress Ling Luo's rule! At the last moment, Long Chen kept the Power of Sky Execution, in case he hurt her, but the victor should already be decided.

Freezing Age, Revocation!

All of the ice melted into the dark clouds.

Ling Luo let out a soft moan, and retreated a few steps. After everything dispersed, she shook her head, looked at Long Chen, and said: "You shouldn't stop. This rule, you still can't do anything to me.

"What did you use to break it?" Long Chen originally thought that she wouldn't be able to handle it, so he kept his Power of Sky Execution. If she could use it, it wouldn't be considered a loss.

Ling Luo smiled slightly and said, "Right now, it can't be counted as my defeat. That's because I also have a Creation God Equipment." Hun Yuan ranked Creation God Equipment. "

Just now, she was preparing to use this God Creation Art to break Long Chen's Power of Sky Execution!

"Hmm?" Hun Yuan's Creation Divine Artifact!

In Long Chen's eyes, these were also all peerless treasures. It was said that there was a possibility that Hun Yuan's Creation God Equipment and Infinite Divine Art were in the top ten of the God King Board. He never expected that Ling Luo would have one himself.

Then, it couldn't be considered that she had lost.

Sure enough, at this time, she reached out her hand and grabbed something extremely small, small yet terrifying. Upon closer inspection, it was actually a black colored needle, extremely exquisite, with many complex patterns on it.

This was a Hun Yuan grade God Manifestation Weapon!

Li Xuanji also had a black needle, but it was a little different from this one.

A mere needle like that was actually as astonishing as the Immortal Sword Demon Pagoda. Long Chen's horizons were all opened. What he could feel was that this needle was actually very weak and couldn't compare to the Immortal Sword Magic Tower. It looked ordinary after all, but when he carefully felt it, he could feel a lethality that made his scalp tingle!

"This is called 'Heart Piercing Needles'. One needle pierced the heart, the other killed. Want to try it out? " Ling Luo smiled as he looked at Long Chen. Right now, she was actually a little exhausted, since piercing her heart was her last hope in defeating Long Chen.

"Bring it on!"

Long Chen held the God Slaying Sword with both hands, and the Demon Suppressing Pagoda would naturally float beside him. On the God Slaying Sword, blood was flowing, faintly revealing the malevolence and brutality of a hundred thousand Demon Army.

"Ready! If you can block it, then I will lose! "

How could a Hun Yuan grade God Manifestation Weapon be so simple? When Ling Luo threw out the Heart Piercing Needle, she had already used up all of her divine power and almost collapsed in front of Long Chen. However, her God Manifestation Weapon still brought Long Chen a terrifying amount of trouble!

The feeling that the Heart Piercing Needle gave Long Chen was: fast, accurate, and ruthless!

A needle pierced the heart!

Their target was Long Chen's Heart of Rules.

It was simply unstoppable!

If the Heart of Rules was broken, then the primordial spirit would be broken and that would be true death!

Once the Heart Piercing Needle appeared, Long Chen was surrounded by a deathly still world. The only thing that could cause his scalp to go numb was a point of light that was closing in on Long Chen at a terrifying speed!

"Slow down!" "Slow down!"

When Long Chen was controlling the sea while the world was in chaos, the Piercing Heart Needle had broken through the law of the sea when the world was in chaos.

"Penetrating Time!"

To be able to do this, this Heart Piercing Needle must be a Hun Yuan level God Manifestation Weapon!

Long Chen focused his mind carefully.

Prepare to block this Heart Piercing Needle!

However, the scene of the needle piercing through the laws of time still echoed in his heart. During the process, he clearly saw the collapse of time, saw the traces of time, and saw everything about time ...

At this time, Long Chen had a deep impression of time.

Time was running out. Time was running out. It was as if as the Heart Piercing Needles neared him, time would be destroyed, pierced, and reduced!

"Time can flow in reverse, it can flow in reverse, it can stand still, it can pass through time. But if I condense time into a blade and make it hard and sharp, what will happen? "

This reminded Long Chen of the Time Blades of the Heavenly Demons.

The stronger he felt of time, the more acute the Great Void Cosmic Dragon's primordial spirit became. The Time Dao Seal slightly trembled, it sped up Long Chen's comprehension, and using the Great Void Cosmic Dragon's eyes, he saw the tracks of time in front of him!

Those trails were all around the God Slaying Sword and filled the entire world!

"Time, gather! Rigid! Sharp!" A weapon for time! "

Very few of the rules of time that Long Chen had comprehended were actually used to attack, such as the Tempest of Time. However, the Tempest of Time was rather chaotic and specialized in group attacks. It did not truly condense time. It did not condense, which was why it was so fragile in front of the Piercing Heart Needle!

"So that's how it is!"

Fighting was indeed the best way to gain insights!

In that split-second, Long Chen was enlightened.

Time was the rule that he respected. It came from his father, and it was the rule that he was the second most familiar with!

It was also his favorite rule and rule that he wanted to know about the most!

When he saw the Heart-Piercing Needle piercing through time, he remembered the resistance of time, and at that moment, everything came to fruition. When Long Chen held the Heaven Slaying Sword horizontally, countless of invisible laws of time gathered on the God Slaying Sword. In that instant, the God Slaying Sword seemed to disappear right in front of Long Chen's eyes, turning into a sharp and terrifying formless sword!

Slash!

Clang!

A loud sound echoed out!

Long Chen was forced three steps back!

However, the Piercing Heart Needle was sent flying!

As a result, Ling Luo was also wounded, and blood faintly flowed from the corner of his mouth.

She was very confused, because she saw that at the last moment, the God Slaying Sword that was bursting with killing intent suddenly changed. It was covered with a layer of terrifying and mysterious rules, and although it was impossible to say for sure, it was precisely these rules that contained a terrifying killing power.

Every time she challenged the tenth place position, her opponent was most afraid of her. Every time she would be injured by Ling Luo's Heart Piercing Needle, but Ling Luo's battle was not as long as her opponent's, and she would only lose every single time, not enter the top ten!

But today, Long Chen had actually directly pushed away her Piercing Heart Needle, and wasn't harmed in the slightest!

What made Long Chen overjoyed was the tyranny and fierceness of the Time Code. It was the condensation of the power of time, the condensation of the power of time, and the formation of a sword. The formation of the Time Blade that surpassed the Primal Heavenly Demon Realm, the condensation of tens of thousands of years, turning time into a blade, was the thought of a true genius! So he succeeded!

Moreover, this was just his first try. After a period of tempering and perfecting, the power that erupted from this law would far surpass the time limit. It would also far surpass the rule of judgement, Sky Execution! As long as he cultivated and perfected it, Long Chen was confident that he would be able to make it his strongest killing move!

This was the wrath of time!

The most important aspect of time was change. Disorder, reversal, stillness and so on. However, this time, it was the law of attack, the law of anger. With a strong will, the place where it was used would definitely be even more shocking.

All of this was thanks to Ling Luo, as well as to her piercing heart.

Of course, Long Chen had won against her this time, and from now on, he was the Eleventh on the Divine King's List!

Chapter 2856 - The Sword of Time

This time, he was using the God-Slaying Sword.

Therefore, Long Chen named the rule of this time: Sword of Time.

The newest killing move was not a killing move, but it had become a killing move.

"Congratulations, you seem to have made a new breakthrough." Ling Luo walked up to him and stood in front of him. Her face was slightly pale. This battle had consumed quite a bit of her energy.

"Indeed, I have some new ideas. However, I have to thank you for all of this." Long Chen transferred the fire of life into Ling Luo's body, and the flame of life swiftly healed Ling Luo's relatively light injuries.

Looking at this miraculous flame, Ling Luo's eyes lit up. At this moment, she was truly impressed by Long Chen, and said: "You truly know a lot of laws, and that previous sword strike should have been used in terms of time. And this flame, if I'm not wrong, it should have something to do with life and growth. "These are all the top rules. Compared to me, you are superior in terms of rules."

At this time, Tianyu sighed in admiration and said with a smile, "Have the two of you won or lost yet?"

Ling Luo replied, "That's right. I'm already exhausted, and he's completely unscathed. I've indeed lost this battle, and I have no choice but to admit that I'm inferior to him. From then on, he's ranked eleventh on the Divine King Rankings."

Tian Yu nodded his head and said, "In that case, I won't disturb the two of you. I'll take my leave first."

Tian Yu did not stay, when he just left, the results of the battle had already spread throughout the entire Battlefield of Divine Devil.

"Long Chen's challenge was successful. He was ranked eleventh, and Ling Luo was ranked twelfth. From twelfth to seventeenth, his ranking would fall by one rank!"

This news shook Battlefield of Divine Devil.

Although many people had already expected this to happen.

However, when they heard this news, everyone was extremely amazed.

After all, Silk had never been defeated. It could also be considered a miracle in the Battlefield of Divine Devil, and was the strongest person under the top ten. In the entire Allworld, he had a very famous reputation.

He had already become the Eleventh of the Divine Kings!

To Long Chen, the biggest benefit of being ranked eleventh of the Divine King Ranking was that he could challenge the top ten rankings of the Divine King Ranking. From the looks of the situation today, he had made the right decision. To challenge the Divine King Rankings had brought him enormous benefits from the very beginning, and even if he didn't use Blood Devour, Ling Luo had still helped him greatly this time.

Without the Heart Piercing Needle, how much time would Long Chen need to use time as a weapon?

But to him, the most important thing in defeating Ling Luo was still Li Xuanji's situation. Therefore, he temporarily put down the Sword of Time and stood in front of Ling Luo, waiting for her to fulfill her promise.

Ling Luo pursed her lips and looked into his eyes. After a long while, she finally said helplessly, "It seems that I have no choice but to ask you to help her." Before the battle, you also said that no matter what kind of challenge you face, you will never regret it. "

Long Chen nodded.

"Do you remember a needle?" Ling Luo rolled up her long hair, and then placed the heart piercing needle on her hair, saying: "They are also hairpins, and the God Creation Art that we use frequently in our Nine Yin ancestral realm, is a needle."

Long Chen recalled the black colored needle he found in the Everlasting City and said, "I remember that needle was given to her by me."

Ling Luo smiled slightly and said, "This is also fate, so it can be counted as you sending her to the ancestral realm of the nine yin."

"How so?" Long Chen was very confused. That needle was obviously related to the Goddess of Darkness!

Ling Luo replied, "I know you have a lot of confusion. Before this, I did the same, and there was a remnant soul of the God King hiding inside that needle. That remnant soul didn't have anything to do with my Nine Yin ancestral realm, but that needle did."

Long Chen finally understood. The remnant soul that she mentioned should be the remnant soul of the Goddess of Darkness, or the remnants of the Gods that had been remodelled and hidden in that needle. The truly strange thing was that needle.

Ling Luo said: "Simply speaking, that needle is actually the Creation Divine Artifact for my 'Junior Martial Aunt'. She has a stubborn personality and often goes against our ancestor's wishes, she once escaped from the Nine Yin ancestral realm tens of millions of years ago and never returned after that incident. It is said that she was killed outside. She was indeed killed by someone, and only had a tiny bit of will left in her broken God Creation Art. That God Creation Art was like scrap iron, it was passed around for a few times, and then a broken soul hid inside, and found a user for the black needle, and that user was Li Xuanji. "

Long Chen understood.

It turned out that there were a total of two gods in that black needle.

One was the original owner, Ling Luo's Junior Martial Aunt. One was the Goddess of Darkness.

"Our Junior Martial Aunt was already completely dead, but the remnant spirit that was hiding inside coincidentally made her grow up. She hid in the shadows, and she absorbed the remnant spirit of the other party bit by bit until one day, she finally had a backlash and completely swallowed the remnant soul. Then, she pretended to be the remnant soul and accepted the user as her disciple. Of course, Xun Ji only managed to contact the Nine Yin ancestral realm, and it was my grandmaster who personally went to bring Junior Martial Aunt and her back. "

That Junior Martial Aunt was originally completely dead, but she coincidentally swallowed the Goddess of Darkness and pretended to be it. She let Li Xuanji communicate with her Nine Yin ancestral realm and then returned. No wonder at that time Li Xuanji said that she was looking for something in the Dark City, then disappeared, and directly left the Dragon Sacrifice Continent.

It was a pity that she herself wasn't clear about it, so Long Chen even more so didn't expect it!

He never thought that just one needle would be able to connect to the ancestral realm of the nine yin which was countless distances away.

With the Dark God gone, how was the Junior Martial Aunt going to deal with Li Xuanji?

Since Ling Luo said that Li Xuanji could be considered her junior sister, then she should still take Li Xuanji as her disciple.

He did not interrupt, waiting for her to explain.

Ling Luo continued, "In fact, it could be said that she saved the Junior Martial Aunt. Without her, after a few more days, her trace would have completely disappeared, and she wouldn't have been able to come back to life. But the disciple my ancestor doted on the most was this Junior Martial Aunt. Back then, when the Junior Martial Aunt went out on a private tour to avoid the ancestor, she was completely annihilated, the ancestor was furious, and after searching through the entire Myriad Realms, he couldn't find any trace of her, he had gone into a fit of rage several times, and for many years, couldn't forget about the Junior Martial Aunt. Thus, after the news of the Junior Martial Aunt came out, he became extremely excited, and after bringing the Junior Martial Aunt back, he even spent a huge sum of money. "Reach the Ten Thousand Worlds once more."

Eternity.

The value of this stone was definitely comparable to that of the Everlasting Skystone.

Long Chen was startled, and asked: "Who is your ancestor?"

Ling Luo laughed helplessly, and said: "There's something scary about him being the current master of the world with the Nine Yin ancestral realm, which is said to be the Tai Yi Shen Jing of the Nine Yin ancestral realm. At the same time, he is also the domain lord of one of the eight northern regions, the 'Tianyin Region'."

Long Chen was truly frightened.

This was more than a little terrifying.

He was one of the strongest people in all of the Myriad Realms, the true Tai Yi Shen Jing that existed! Being called a supreme deity, even a Extreme Realm Divine Emperor like Di Jun was nothing but a pile of shit in front of this kind of Hierarch!

No wonder, at such a young age, Ling Luo already had a God Creation Artifact that was at the level of Hun Yuan. So he was this Hierarch's disciple.

"Don't envy me. Honestly speaking, there are a lot of disciples in my ancestor and every disciple has a lot of disciples. If I didn't perform a bit better, I would only be considered as a nobody. My master and Xuanji's master are the master's disciples. Also, don't be too nervous, you don't need to fight with my ancestor master. If you want to take Xuanji away, it will bring the most trouble to you because of my Junior Martial Aunt.

Speaking to her, she tried to imagine what it must be like, "Long Chen, can you imagine the feeling of having died for tens of millions of years before returning to your homeland? Her thoughts were also very strange. She was very grateful towards Xun Ji, so she let Xun Ji be her only disciple, and her requirements for her were strict to the extreme. Her character was also competitive; not only was she stronger than her fellow disciples, but she also needed to force her own disciples to far surpass others. However, Xuanji was not born in the Nine Yin ancestral realm. Although Junior Martial Aunt had fought for her over many things, she was still inferior to others. Thus, Junior Martial Aunt would often use some oppressive methods to make her suffer a lot. "

"In short, this is a madman, isn't it?" A crazy person who had just returned.

"You may say so. It wasn't easy to deal with anyway, when she first left the ancestral realm of the nine yin, she was a Divine Emperor of the initial state. And now, with the help of the ancestor master, he had just become a Divine Emperor of the Perfection. For the time being, you are unable to deal with her, but if you want to take her away, it will be very difficult to use force. More importantly, you need to move her and make her willingly let her leave. I have seen her do this many times, she has suffered too much, the Junior Martial Aunt has trained her in many ways, it is simply a form of revenge. This time, I have heard that she also wants to send Xuanji to our Nine Yin ancestral realm's Great Ancestor Battlefield 'so that she can fight with many warriors who are far stronger than her. I feel that she will not be able to survive this ordeal, but Junior Martial Aunt believes that if she does not train like this, she will never surpass anyone else and become her pride. "

To move her?

This is crazy.

Hearing that, Long Chen could imagine the scene, his fists could not help but clench, this kind of woman was not moved, Long Chen could only forcefully take her away.

"Why is she in the Divine Demon Zhou Shan?"

Ling Luo said, "She is now the Divine Lord of initial state. This is the result of training in the Junior Martial Aunt. The reason she came to the Divine Spirit Mountain this time was because the Junior Martial Aunt wanted to challenge the The Diremonster Battlefield of the imperial level herself. She wanted to bring her along to guide them and when the Great Ancestor Battlefield opens, she would probably bring back the xuanji first. "You can only bring her away before this. Otherwise, as long as you send Xuanji into the Ancestor Battlefield, there will only be one possibility: death."

Chapter 2857 - Indestructible Profound Bees

Now, Long Chen had a rough understanding of the situation.

Even Ling Luo felt that he should take Li Xuanji away. That only meant that Li Xuanji didn't like it here, and wasn't willing to be controlled by the 'Junior Martial Aunt'.

Today, they were both in the Divine Spirit Realm and the Zhou Mountain, so this was the best chance. If they were to return to the Nine Yin ancestral realm, Li Xuanji would be sent to the 'Grand Ancestor Battlefield', where there was absolutely no chance of him surviving.

Long Chen didn't want to lose her no matter what!

Her every frown, every movement, and every breath she took, were all things carved into Long Chen's life.

The most important factor was still time!

"They'll be here for about how long." Long Chen asked.

The half a year of the Immortal God Tribe's life was about to come.

Ling Luo shook his head, and said: "This is not clear, but if they want to leave, Xuanji will tell me in advance, and I will transfer it to you in advance so that you have time to respond. There are still many years before the Ancestor Battlefield reopens, but returning to the Nine Yin ancestral realm will also require some time, and the possibility of them leaving in advance is not excluded. If it's like this, then four to five years at most, or at the very least, two years. "

"Two years!"

Although time was of the essence and it seemed like Long Chen simply had no way of completing the mission, he could at least find a way to ease the tension. He let out a deep sigh of relief.

At his current level, improving was not an easy thing.

Everything still needed to be fought for!

Half a year. Two years.

There would always be a day when he would catch up to Long Chen. Long Chen needed to escape this God Realm, Zhou Shan, to hide from him.

The Eclipse clan couldn't even give him that much time.

In the end, it was still time.

If he had enough time, Long Chen would be able to successfully challenge him no matter what!

He clenched his fists, his eyes exuding a deep baleful aura.

"Don't worry, she is a kind person. You will have good luck. I believe you. She told me that as long as you were here, any difficulties would not be a problem and you would create miracles." Ling Luo smiled, which gave Long Chen a lot of encouragement.

"Did she say that?"

He didn't expect her to believe in him so much.

Yes, that's why she didn't hide it when she found out that she had actually come to the Divine Demon Zhou Mountain as well, and even asked for help through Ling Luo. If it wasn't for the real trouble, she wouldn't have bothered him, especially since her desire for freedom could be seen! Long Chen could imagine the struggle in her heart. It was precisely that, that he hated the woman who caused her trouble even more!

"Since that's the case, then let's have a fierce battle. In half a month, it will be the tenth rank of the Divine King Rankings. " Long Chen calmed his heart. No matter what Li Xuanji's current situation was, what he needed the most right now was to raise her strength.

"Bless you all." Ling Luo's eyes were somewhat moist.

"Thank you. I can't let you down, can I? " Although they hadn't known each other for long, it was a great favor for her to be able to help him.

"Next, you are going to challenge the top ten of the list of Divine Kings, right?" Silk asked.

"Yes." In half a year's time, I'll have to rely on these ten people to train myself. "

Although I know that the top 10 of the Divine King Decree are terrifying and stronger than me, I still believe that you will be able to create even more miracles. Thus, I will follow your plan and act according to your plan.

After learning some other details, she went down to the twelfth floor. Currently, the eleventh floor of the Divine King List was Long Chen's place.

The news of him becoming the eleventh rank on the Divine King Rankings had already spread throughout the entire king level Battlefield of Divine Devil!

Swift!

From the lowest level all the way to the eleventh level of the Divine King Ranking, he had crossed nearly 190 levels! The most amazing thing was that he would very likely continue to rise higher, challenge the top ten rankings of the Divine King Board, and challenge the top ten of the Divine King Board!

These ten people could be said to be the most powerful divine kings of all worlds!

Every single one of them was practically able to contend against Divine Emperor!

Every single one of them was a legend. They had once made a glorious battle record in the myriad worlds! Even if they were hidden in the Battlefield of Divine Devils, they would never be forgotten. They were the ones who had surpassed the limit of their abilities, and every single one of them was already infinitely close to the Divine Emperor Realm;

Long Chen's rise had already severely affected the position of the top ten.

The top ten rankings were all a special group within the Divine King Ranking. Every name was high up on the Divine King Ranking, shining brightly, and was the object of envy for the tens of thousands of Divine Kings! The name that was closest to Long Chen right now was 'Indestructible God King' — Xuan Feng.

After defeating Ling Luo, Long Chen kept a very low profile. In these ten days, he had spent most of his time in cultivation, and the Time Sword was only there for a flash of inspiration. He needed to study it carefully, comprehend it, integrate it fully, and truly excavate this rule to make it perfect and natural.

Only through true comprehension would one be able to unleash the strongest destructive power!

This was the biggest killing move in the history of Time Rules, and was even scarier than the breaking of time. Long Chen would of course try his best to make good use of it. In this aspect, perhaps because of the inheritance of the *Draconis officinalis* Hance, his talent was very high, he was most proficient in attacking and killing. After fusing the laws of time into the elements of slaughter, he actually comprehended things even faster, after some research, he had already reached a rather high realm.

As long as he made a move, the entire audience would be shocked!

Long Chen's plan was to challenge it every half a month, and there were still a few days until the next challenge. He relaxed, and went to watch the battle between Mo Xiaolang, Yang Lingqing, and the others, and sure enough, Su Yan had already recovered to the highest level of the Nuwa Demons, which was, his Extreme Realm God King, and the level of strength he could challenge quickly increased as well.

Yang Lingqing's improvement was huge, and she had also caught up with Zhu Xi.

After going through many life and death experiences, the team had improved tremendously, and there would still be room for improvement in the future.

What made Long Chen the most satisfied was Yang Lingqing. She had a tenacious personality to begin with, and was always serious and persistent when doing things, especially after going through the last Yin Beast Calamity. She was especially careful and prudent.

"Ling Qing has improved greatly, but she is also very nervous. You can talk more with her to make her feel more relaxed." Ling Xi watched Yang Lingqing fight with him.

Long Chen replied: "I am quite at ease with her, and it was the same when I was young. Although she is very persistent, she knows a lot of things."

"That's good." Ling Xi was relieved.

Because Long Chen was here, almost all the Divine Kings on this level had come out and also spectated the battle. From time to time, some Divine Kings would come up and strike up a conversation with Long Chen.

There were even many Godkings who came down to experience his' elegance '.

It should be known that it was not even easy for an ordinary Divine King to meet the Divine King, let alone Long Chen who was ranked eleventh.

"Long Chen, do you want to challenge the 'Profound Wind' that is ranked tenth on the God King List?" A Godking asked.

Long Chen didn't hesitate and nodded immediately. Actually, he had already planned for him to rush to the tenth floor in three days.

"AHH!"

Hearing this news, the various Divine Kings exclaimed in shock, Long Chen was indeed Long Chen.

"But I heard that God King Siluo challenged the Indestructible God King many times, but was unable to defeat him. He was much stronger than Ling Luo. It's said that the same goes for you, that you have cultivated the Infinite Divine Art of the 'Hun Yuan Rank', and also cultivated it for a very long time, for over a million years. You have cultivated the Hun Yuan Scripture for a long time, are you really confident? "

"The Indestructible God King is called Profound Wind, is a demon, and its main body is a terrifying demon beast, called the 'Indestructible Profound Bee'. It's been said that he once slaughtered eight people of the same level of Extreme Realm God King by himself, and even repelled one true Divine Emperor.

"If we don't destroy the profound bees, we won't be able to kill them!" Indestructible. Long Chen, do you understand him? "

To be honest, Long Chen did not understand

Therefore, when the Divine Kings asked him about it, Long Chen smiled and said: "A challenge is a challenge, and there's no way to care about it too much. The reason why I came to the Battlefield of Divine Devil is to challenge the top ten, and that's my wish, so I have already prepared for it.

"Well said! The reason we came to the Battlefield of Divine Devil was to surpass our limits. If we don't dare to challenge experts for face, then we might as well go home. "

The Divine Kings s admired Long Chen a lot. Compared to the top ten of the Divine King Decree, they were actually more familiar with Long Chen. After all, Long Chen did not have any airs of arrogance and would not be like the top ten of the Divine King List, where he would rarely appear.

"Long Chen, no matter what, we will support you! Also, can we watch the war three days from now? "

The internal battle of the Celestial King List required the agreement of two Celestial Kings to let the other two watch it. Only then would the entrance be opened. If either one of them did not agree, then the battle would be closed.

"Of course I can!"

Suddenly, a sharp voice pierced the air, causing all of the God Kings present to deeply frown, their expressions were painful, everyone thought of someone and quickly turned their heads, and sure enough, there was an additional person behind them. It was a man wearing elegant yellow silk clothing, with a devilish appearance, and long narrow eyes that made one's hair stand on end.

This was precisely the tenth on the Divine King List, Indestructible God King, a demon clan whose main body was 'Indestructible Mystic Bee' — Black Wind.

I didn't expect him to be here.

Long Chen glanced at him. He could tell from the deep poison in this man's eyes that he was more skilled in battle than Ling Luo, why he could kill eight people from the Extreme Realm God King and join forces, to be able to become one of the strongest Divine Kings in all of the Ten Thousand Realms, he was naturally not weak. At least, the feeling this profound wind gave Long Chen was no different from that of the Initial stage Divine Emperor.

Chapter 2858 - The Eternal Poison Scripture

"Xuan Feng has arrived."

Seeing this tenth rank of the Divine King List, which had not appeared for ten thousand of years, suddenly appear here, the various Divine Kings were all shocked. Although they knew that it was definitely because of Long Chen, they still couldn't help but retreat, leaving this Long Chen behind and allow this Xuan Feng and Long Chen to confront each other face to face.

The challenge was not malicious.

Therefore, Long Chen said: "So you are Indestructible God King on the tenth rank of the Divine King List. Nice to meet you, I am Long Chen. "

His left eye was pure black, and was filled with a black poison. Those poisonous substances could even corrode space, and anything that approached it would distort and rot. His right eye was completely empty, filled with howling gales. It was like a whirlpool, swallowing and sucking in everything around it.

Facing a pair of eyes like this, even Extreme Realm God King would make one's hair stand on end.

Long Chen, Long Chen ... "He wasn't as friendly as Long Chen had imagined, he could tell from the sound of his voice that he had just come out. With that sharp voice, he said," It's always that damn Ling Luo, you can finally become a fresh you.

After he finished speaking, he was just a meter away from Long Chen. The poisonous substance in his left eye had vaguely turned into dozens of poisonous wasps.

Extremely poisonous!

Even a Divine Emperor would need a terrifying poison.

In the face of such a threat, the various Divine Kings did not even dare to breathe loudly. Even the fight on the Heavenly Star of the Gods and Demons with Yang Lingqing and her opponents had stopped for the time being, watching the commotion outside. Many of the Divine Kings in Battlefield of Divine Devil followed the rules, there weren't many of them like the Sound Beasts.

But even so, Long Chen turned a deaf ear to all of this. He smiled and said: "You can rest assured Profound Wind, I will give you a huge surprise in three days. I hope that you are still well-prepared and will not disappoint me. After all, you are in the top ten of the Divine King's List. "

This was tit for tat!

The various Divine Kings all admired Long Chen too much. He had not even started a war yet, and Long Chen already dared to look straight into the eyes of the Indestructible God King. He calmly faced him, but with this kind of courage, he was qualified to be the opponent of the Indestructible God King.

"Not bad, I hope your ability is the same as your courage. It's such a pity that I didn't watch the fight between you and Mo Xiao. "Then let's do it this way. Three days later, on the tenth floor, I will entertain you with great hospitality!" Then, he said to all the Divine Kings: "Everyone, in three days, I welcome all of you to the tenth level of the Divine King List. It's been a long time since a battle, and I'm preparing to make a ruckus. At that time, everyone must come."

Not only did he accept the challenge, he was even preparing to make this matter big like Mo Xiao.

It was probably because they, ten Divine Kings, knew of Long Chen's challenge, that was why they agreed to stifle Long Chen's advance with Profound Wind. If not, it would be a disgrace to them, and would become a stepping stone for Long Chen's rise!

For them to occupy the top ten ranks of the Divine King Ranking for so long, they had to care about face!

They knew Xuan Feng's motive for coming out like this. Three days later, the number of people watching their battle would definitely be more than Mo Xiao's at that time. There would even be a few Divine Kings who would come out to watch the show.

"In three days, I, Xuan Feng, will await your arrival. Also, when I fight, there will be a prize. Prepare the wager. I want your sword. "

The Godslayer Sword in the God-Slaying Sword of the Demon God Sword Pagoda.

The weapon that Long Chen relied on the most.

"Could it be that you want to be like Mo Xiao, and bet your life and everything?" Long Chen continued to smile.

"I'm not that stupid. Don't worry, I will bring out the same item." After he finished speaking, Xuan Feng turned around and directly left the place like a storm. The moment he left, all the Divine Kings looked at Long Chen with their mouths agape, thinking that this Long Chen was indeed an influential figure!

He was about to set off a new storm!

One could watch this battle, and it was a challenge to the top ten rankings of the Divine King Rankings!

Everyone's blood was boiling. Many of them could not help but spread the news quickly. The news spread like wildfire. In these three days, it was enough for everyone to know about this grand gathering!

"Let's continue." But Long Chen acted as if nothing had happened and let Yang Lingqing continue.

"En!" Yang Lingqing nodded her head heavily. Since Long Chen was already challenging the top ten of the Divine King Rankings, she needed to win more. She could also be considered as cheering for Long Chen, so she had to put in more effort in her battle.

Three days later.

On the tenth floor of the Divine King Rankings, there was a sea of people.

However, these tens of thousands of Divine Kings, did not dare to approach the Divine Demon Heavenly Star, because they heard that the top ten rankings of the Divine King List would destroy the seal on the Divine Demon Heavenly Star.

After that, their worries were dispelled because the appearance of the Dark Star Divine Emperor meant that with him here, there would not be any danger to their lives.

At this moment, it was a rare sight for the Battlefield of Divine Devil to stop all of the battles, as almost everyone ran over here.

Right now, all of the Divine Kings held their breath, not daring to speak. They were afraid that they would miss the important information, and the battle was about to begin. The people of Star Alliance were already in position, waiting for the battle to begin. This place was originally Xuan Feng's territory, and Long Chen had also arrived.

"Those few over there are the top ten Celestial Kings!"

Old Pig stood beside Mo Xiaolang and the others and secretly introduced them. He pointed in the direction of a corner opposite them, where about six people were standing. Every single one of them was scarier than the profound wind but they did not speak much, and were instead observing Long Chen and the profound wind.

"Including Xuan Feng, there are a total of seven people. There are three who are not here, and those three are the three most terrifying Divine Kings in the entire Myriad Realms because they are ranked in the top three of the Divine King List. They were all characters that could truly fight with the Initial stage Divine Emperor, with no clear victor. He was also the very young heir to one of the major powers! Actually, out of the ten Divine Kings, other than Xuan Feng and one or two others, they are basically the future pillars of the great powers! "

If the top three of the Divine King Rankings didn't appear, that meant that they didn't care about this sort of battle, and were too lazy to pay attention to it.

It was very normal, for example, when Long Chen challenged Mo Xiao, the top ten rankings did not appear, but now they had no choice but to appear, because if Long Chen really defeated Xuan Feng, then it would be their turn next!

Although they were in the corner, in reality, a majority of the Divine Kings's envious gazes had all landed on them. Instead, they were all looking coldly at Long Chen and Xuan Feng who were standing outside the Heavenly Demon Star.

The six peak Divine Kings stared at Long Chen and Xuan Feng.

"It's very strange, why is this Long Chen only at the Divine Lord realm.

"I don't know. It's said that they're hiding their strength. Their realms are the same as us."

"Mystical Wind can stop him?"

"I have heard of the situation in which he defeated Mo Xiao. However, he won against Ling Luo. Ling Luo and Xuan Feng aren't far from each other. I asked Ling Luo, "She doesn't dare to reveal the details of the battle."

"In other words, there's a suspense?"

"Yes."

"It's good that Xuan Feng lost, I can't help but want to try out this Long Chen. All these years, I've been stuck at the ninth rank and can only fight two people at the same time. If I don't die, I won't be able to beat you and Xuan Feng won't be able to defeat me. "

"These are the rules of the Divine King Rankings."

When the Star Alliance announced this, the God King started to pay attention to Long Chen and Xuan Feng. Xuan Feng took off his fur coat, and said: "Let's make a bet. I want your God Slaying Sword, and as for me, I can take out the of the Hun Yuan grade, my 'Eternal Indestructible Poison Scripture'."

All the Divine Kings s had guessed it would be like this a long time ago. The Profound Wind possessed a at the Hun Yuan level. He wanted Long Chen's God-Slaying Sword the most. Long Chen had come in full fury, so in order to break through his defenses, he definitely would not refuse.

"Just one set of Infinite Divine Art, can it be exchanged for my Creation God Equipment?" Long Chen smiled slightly, obviously refusing them.

Xuan Feng was slightly angry.

It was true that he couldn't compare to Long Chen in terms of value, but he had already given him face. If Long Chen wanted victory, it was glory.

He was just about to scold Long Chen, but Long Chen said first: "Add one more. If you lose, then we will give face to everyone and have a dance. How about it?"

All the Divine Kings s thought they had heard wrongly, but when they heard other people's laughter, they realized that they had not heard wrongly. For a moment, everyone laughed, and the solemn atmosphere instantly became extremely strange.

"How dare you!" Xuan Feng thought Long Chen was humiliating him!

"Are you afraid of losing and dancing? Or did he not want the God-Slaying Sword? I'm not joking with you. " "Everyone knows that I don't need your Infinite Divine Art, but you desire to get my Heaven Slayer Sword. I am only letting you dance a little more, are you afraid?"

It was Xuan Feng himself who emphasized the need to place the bet.

On one hand, it was a huge temptation. On the other hand, it seemed like Long Chen was going to humiliate him, but it was purely his bad taste, and not the least bit that Xuan Feng felt that he would lose to Long Chen. With such a great good thing placed in front of him, he understood what was going on and could not help but laugh: "Looks like I've misunderstood you. Everyone is here as brothers and sisters, so it's not a big deal for us to be together. "

Although his words had backfired, the fact that Long Chen suppressed him just now was true. The only way for him to win was through battle.

"After such a farce, Xuan Feng knows that he has to win. He will definitely go all out."

"But, that Long Chen has the guts to even gamble with the Creation God Equipment that he relies on the most, obviously, he is more confident!"

"If one is confident, it would be a head-on collision between strong opponents. That would truly be interesting. There would always be a person who would be a fool. Who could it be?"

The top ten rankers of the Divine King Ranking were all discussing this battle with great interest. They had never thought that one day, such a battle would descend upon them and not too far away.

Chapter 2859 - Time of killing

"Let the battle begin! Both sides confirmed the bet. Long Chen was the Hun Yuan's Creation God Weapon — God Slaying Sword. Xuan Feng was the Hun Yuan's Infinite Divine Art and performed.

At the end, even Tianyu found it embarrassing to continue.

Today, he was still the host of this battle.

After he declared the start of the battle, the seal of the Heavenly God's Demonic Star opened. Because there was the Divine Emperor of the Dark Star Realm present, the seal today had an additional darkness to it, evidently becoming more stable.

The top ten of the God King Board frequently broke this seal, and with the presence of the Dark Star Divine Emperor s present today, it was difficult for them to break it, so it would not harm the observing God King.

Watching this level of battle and studying the rules of this battle was a rare opportunity for many Extreme Realm Celestial Kings. After all, to them, Divine Emperor s were hard to understand.

Eternal Mystic Bees!

Long Chen was now tens of thousands of metres away from the Goblin Tribe, standing facing them!

The two of them stood on top of the clouds of the Divine Demon Heavenly Star. There was a storm blowing around them, and their hair was fluttering in the wind.

Tens of thousands of Godking level experts were watching. How awe-inspiring!

"Long Chen! Long Chen! "

"Mystic Wind!" "Xuan Feng!"

Both sides were shouting and cheering. Obviously, Long Chen had more supporters than the other side, because everyone liked to see their authority challenged. Their dreams were also to challenge their authority!

So very quickly, Xuan Feng's name was drowned out.

"Buzz!"

Suddenly, a sharp, crisp sound pierced through the seal, engulfing the entire Battlefield of Divine Devil. The cries of tens of thousands of Divine Kings were suppressed, causing the entire place to turn deathly silent!

This was Xuan Feng's ability!

In front of Long Chen, he did not hold back at all. He desperately wanted to get Long Chen's God Slaying Sword, so at this moment, when the wind blew, the profound wind had suddenly turned into the Unvanquished Profound Bee!

Yellow and black mist rolled out, and in the midst of the endless clouds, a giant beast vaguely appeared in the midst of the black and yellow clouds. Yellow and yellow mist rolled away, and in the midst of the endless clouds, a giant beast vaguely appeared in the midst of the black and yellow clouds.

The various divine kings could not help but frown as they retreated, covering their ears!

BOOM!

One of the rules of the Eternal Mystic Bees, Storm, began to display. In this seal, his tempest was trapped within, and could display an even more terrifying strength!

One could vaguely see that under the vibrations of those transparent wings, a terrifying gale was created. In an extremely short amount of time, it swept across the entire world, leveling countless mountains and dispersing the martial world of the Heavenly God Realm!

Immediately after, the real poisonous miasma also started to spread towards Long Chen's direction with the flap of its wings.

"Are you ready to let me die from the poison if you can't do anything?" Long Chen? " At that moment, the sharp sound of the profound wind formed into a barrage of attacks, causing Long Chen to retreat step by step under his berserk attacks!

They had long known that this profound wind was scary, but looking at it now, it was actually a bit more terrifying than what they had imagined. Just looking at the situation, it was definitely worthy of being in the top ten of the Divine King Rankings!

"Would Long Chen be a little more confident after defeating Godking Hierarch Ling Luo?"

"That's right, God King Siluo didn't succeed even after challenging the Indestructible God King many times."

Many people began discussing.

For a time, under the violent attack of Xuan Feng, the balance of victory had already tilted in the direction of Xuan Feng.

But no one forgot that Long Chen still had not made his move!

"Annihilate the world!"

This was the rule of the Mysterious Wind Poison! As long as they were trapped in the Extinction Realm, they would suffer the pain of ten thousand types of death poison from the Eternal Profound Bees. Even the Divine Emperor was afraid of the rules of this Extinction Realm.

The word 'extermination' could be imagined!

"Immortal Deity Storm!"

Casting the Tempest Rules at the same time!

The storm was like a blade, like a sword, like a sword that filled the sky. It swept through the world of annihilation, and the ten thousand poisonous mists all stained the sword and tornado, piercing through the heavens and earth!

Honestly speaking, the reason why the Mystique Wind Sword was so terrifying was because the fusion of the Tempest and Poison Laws could achieve an effect that was one plus one exceeds two.

The left eye of the giant beast hiding in the clouds was filled with all sorts of poisonous fog, condensing into a myriad of black wasps. The right eye was condensed by the storm, the left and right eye were mixed, the storm and the deadly poison attacked simultaneously!

Beneath the realm of extinction, all of the deadly poison turned into a monstrous rain of swords under the storm, charging towards Long Chen! Seeing this scene, the Divine Kings that needed them could not help but scream. They admired the rules of the Profound Wind Empire, which was so ruthless and majestic, caused them to be even more worried for Long Chen!

Until now, Long Chen still had not changed. This was the place where Xuan Feng was the most speechless, thus, he directly killed him, without caring about anything else.

This time, Long Chen's most important use of the Demon Suppressing Pagoda was to protect himself from the destructive realm. Therefore, when he released the Demon Suppressing Pagoda, the Demon Suppressing Pagoda descended right on top of his head, and the hundred thousand gods seemed to be inside as they displayed one hundred thousand rules to protect Long Chen! had never heard of such a thing before, but he had never seen such a thing in his life.

At this time, all the Divine Kings could see that under the protection of the Demon Suppressing Pagoda, the tornado swords that were tainted with the ten thousand types of Extinction-Poison had all smashed onto the Demon Suppressing Pagoda. However, in such a short period of time, they were actually unable to break apart the Demon Suppressing Pagoda's protection.

RUUMMBLLLLL!

The entire seal was in a state of intense shock, as if it would explode at any moment. A massive crack directly appeared on the Divine Demon Heavenly Star. This was the most terrifying destruction that had ever occurred to this Divine Demon Heavenly Star in its entire history!

Long Chen is fine!

This was the reason why all the Divine Kings were shocked!

The Demon Suppressing Pagoda had firmly protected Long Chen!

This was just the beginning!

Xuan Feng was also extremely shocked.

"It's only relying on the power of the Creation Divine Artifact, Ling Luo also has a Hun Yuan level Creation Divine Artifact, so she's still not my match! Watch me break this Demon Suppressing Pagoda! "

Just as he finished speaking, he welcomed Long Chen's attack!

"Long Chen has counterattacked!"

Everyone saw it.

When the Demon Suppressing Pagoda was protecting him from the profound wind's attack, Long Chen had already grasped the Heaven Slaying Sword with both hands. That blood red and black colored sword blade had a myriad of killing intent, the hundred thousand demon soldiers inside seemed to want to charge out and fight with the profound wind! Seeing this Godslayer Sword, all Divine Kings couldn't help but be amazed.

"It is said that this God Slaying Sword has beheaded over a hundred thousand devil soldiers, and its killing intent is monstrous. No wonder this Xuan Feng is dreaming about killing it!"

However, what happened next greatly surprised them, because right at this moment, the aura of the God Slaying Sword suddenly changed. It went from murderous to mysterious, ethereal, almost formless, but it was even stranger, more mystical, continuously changing. Just looking at it, all the Divine Kings felt like their eyes were not used to it!

They did not know that this was the power of time!

"He directly used this move. It seems that he doesn't want to be entangled with Xuan Feng." Amongst the crowd, Ling Luo carefully looked at Long Chen's sword. The last time the Heart Needle pierced, it was precisely that sword strike that easily broke through it!

In that instant!

"Sword of Time!"

Long Chen and the Immortal Mystical Bee were tens of thousands of meters apart!

When he lifted up the mysterious sword, he instantly crossed tens of thousands of meters.

The Demon Suppressing Pagoda above his head wielded the Sword of Time in its hand and violently slashed down!

"Hua!"

For a time, countless clamors sounded out.

After all, Long Chen's counterattack looked too fierce.

"Will the Mysterious Wind be able to block it?" Everyone watched nervously!

"What are these rules?" This was merely Long Chen's first counterattack and for the time being, he did not feel any sort of danger. After all, within a short period of time, he could not clearly see the timing and timing of Long Chen's counterattack!

"Break!"

Long Chen's God Slaying Sword came down from the sky!

Sword energy rushed into the sky!

Sword of Time!

Time to kill!

Rip!

Space was safe and sound, yet this sword had actually broken through the heavy storm and stood on the Eternal Profound Bee's body in such an unimaginably short period of time!

"So fast!"

This was the strongest feeling the Indestructible Profound Bee could feel.

The sword of time had changed the flow of time, this speed was obviously terrifying, it was almost impossible to dodge, because no one could avoid it, even the Divine Emperors and the Hierarch! Therefore, the Imperishable Mystic Bees had to bear the brunt of this sword attack!

Only when he was truly killed did he realize just how terrifying the power of time was!

Ripping! Crash! Collapse! Chaos!

The Eternal Mystic Bee felt as if a giant beast ten times bigger than it had suddenly stabbed into its own body, pushing itself out of the way as its entire body exploded. This was a cruel and devastating blow that could not be resisted, causing the flesh and blood within its body to disintegrate.

A single sword strike had dealt a fatal blow!

The power of this Time Sword, had even exceeded Long Chen's own imagination. When this sword exploded out, even with the willingness of all living things, he was practically sucked empty!

The result was that Xuan Feng was heavily injured until he was unable to maintain the demon beast's condition. He directly transformed into a human form, covered in blood. He fell from the sky and crashed onto the Divine Demon Heavenly Star, causing heavy mud to be buried there!

Forget about him being able to get up and continue fighting, even if he received the Sword of Time, he might not even be able to stand up again without 10,000 years of recovery. Unless one had a very good hongmengxinling to help them recover.

At this moment, Long Chen put away his Demon Suppressing Pagoda and sword. He stood in the wind, not under the control of the Indestructible Profound Bee, and the Extinction Realm and the Eternal God Storm automatically spread out. Everything was bright and clear between the heaven and earth, allowing the divine kings to directly see Long Chen clearly. He struggled slightly, but from beginning to end, he suffered no injuries at all.

"It's actually an instant kill!"

Tianyu's shriek woke all the Celestial Kings from their stupor.

Chapter 2860 - I Want to Be First in the King of Gods List

All the Divine Kings present were not weaklings, so it was obvious what kind of injury Profound Wind had suffered.

It could not be denied that Long Chen had directly used the Sword of Time to instantly kill the tenth ranked disciple of the Divine King List, Xuan Feng!

Back when he was facing Mo Xiao, he hadn't been this relaxed either!

This was sufficient to prove that in these three challenges, he had gradually become stronger, until he had reached the point where he could kill Indestructible God King with a single move!

Originally, everyone had thought that he would barely make it into the top 10. Now, he was infinitely close to reaching the top of the Divine King Ranking. Obviously, he would definitely continue to challenge the top 10 of the Divine King Ranking!

"So powerful!" This person will definitely be able to shock all of the realms! "

"The disciple of Great Emperor Donghua is indeed extraordinary!"

Having such a title was actually very beneficial for Long Chen, as there were countless people called Long Chen in the myriad worlds. Because of this, when Li Xuanji, that Junior Martial Aunt, heard the name Long Chen, she did not suspect that she was the of the Dragon Sacrifice Continent, but she did not have such an imagination.

In her opinion, no matter how heaven-defying Long Chen was, he would still be trapped in a small place like the Dragon Sacrifice Continent. The lowest level of the world.

Under the gaze of the Darkstar Divine Emperor, Tian Yu shockingly announced: "This battle, Long Chen's challenge to the tenth rank of the Divine King Board is a success! Profound Wind has dropped to the eleventh rank on the Divine King Rankings. At the same time, I would like to request that Xuan Feng hand over the of the Hun Yuan Rank and perform for me. "

But now, no one looked forward to it. After all, everyone was still in deep shock as they looked at Long Chen with incomparable reverence.

To be honest, even the top ten of the Divine King Ranking were incomparably shocked. From the fourth place on the Divine King Rankings to the ninth place on the Divine King Rankings, all of them looked at each other in dismay. Everyone was well aware of Long Chen's strength.

"Fine, let me intercept him!" The ninth ranked Ghost King said in a gloomy voice.

"You, can't." A man standing in the furthest corner said. When Ghost King heard this voice, although he was not too happy, he did not dare show it. After all, regardless of identity or strength, this person had to surpass him.

Even the Dark Star Divine Emperor did not expect Long Chen to be able to unleash such power.

So he was rather pleasantly surprised.

At this time, the first thing Long Chen did was to condense a fire of life, allowing it to fall on the Divine Demon Heavenly Star, Xuan Feng's body. Under the nourishment of the fire of life, Xuan Feng's injuries had somewhat improved, and at the same time, Long Chen had also received the destructive power of time in his body. In this way, he did not have to lie down sick for too long. He could just barely wake up in a daze.

"Xuan Feng, you've lost!"

Long Chen said from above him.

Xuan Feng was clear in his heart.

With tens of thousands of Godkings watching him, he wouldn't lose any face. He was previously scared witless by Long Chen, but now that he saw Long Chen had such strength, he was sure that Long Chen would continue to charge forward. At that time, the top ten of the Divine King Rankings would not only be defeated by him!

"I concede." You really do have the qualifications to enter the top ten of the Divine King Rankings. " At this point, it was not wise to go against Long Chen at all. Xuan Feng knew that Long Chen withdrawing the destructive power of time and healing himself after that, was already the greatest respect he had for his opponent.

All of the Divine Kings' gazes fell upon Xuan Feng.

It was time to carry out the wager.

The Profound Wind felt extremely pained, but the Infinite Divine Art was nothing compared to the Creation God Equipment. Even if he gave it to Long Chen, his own strength as a Hun Yuan Divine Spirit wouldn't be lost, so the 'Eternal Poison Scripture' would finally fall into Long Chen's hands. It was just that there was currently no one suitable to use the Infinite Divine Art beside Long Chen, or perhaps Su Yan could go a little closer, but if she forced herself to cultivate, it should not be beneficial at all.

No matter what, he would just leave it for now.

The next step was dancing.

Indestructible God King was very stubborn, he only jumped, since no one had the mood to mock him now. He also knew that he was definitely not the only joke.

So he casually twisted and turned for a few paragraphs, and under the gazes of all the Divine Kings, he left the tenth floor and went to the eleventh floor. From then on, he would be considered as someone who fell out of the top ten of the Divine King Rankings!

Divine Kings had it hard, wanting to laugh but not daring to do so.

On the other hand, the other top ten rankers of the Divine King Rankings laughed.

"This trash, Xuan Feng!"

Just that, when the God Demon Heavenly Star Realm's seal closed, Long Chen's gaze shifted to them. Everyone originally wanted to cheer out loud, but now they could not help but get nervous, could it be that ...

Sure enough, just as they had expected, Long Chen had walked a hundred meters in front of their eyes.

He had a smile on his face as he said, "Everyone, every half month, I will challenge a Celestial King. Meet my, Long Chen's, challenges. "

He was telling the truth, and speaking frankly.

However, this obvious provocation still made the top ten of the Divine King's List extremely resistant to it. They were naturally united together, resisting Long Chen in terms of aura.

The tens of thousands of Divine Kings held their breaths and watched Long Chen and the others fight.

What Long Chen meant was that he would challenge, and even defeat, to charge forward without anyone being able to escape. After all, according to the rules of the God King Board, he had to challenge them one by one.

The ninth ranked Ghost King said, "Don't talk big for now, it's just that we defeated the tenth ranked Xuan Feng. The fact that we are ranked in the top ten is not something that this trash, Xuan Feng, can compare to. Fine, half a month from now, I will wait for you on the ninth floor. The rules are the same as today.

Long Chen liked things to be so straightforward.

"Then, I'll have to thank Ghost King. "Please be prepared for the other five. It's a pity that the top three of the list isn't here, if not I can say so myself."

They laughed.

A contemptuous smile.

Ghost King said: "What you mean is, you still want to challenge the top three of the Divine King List?"

Long Chen said: "That's right, in half a year, I want to be the number one on the God King Board."

He indifferently said these words, but when these words came out, it instantly stirred up a huge uproar. It wasn't just the experts in the top ten of the Divine King List, all the other Divine Kings were staring at Long Chen with their mouths agape!

"This heart, is really too big!"

"Ranked number one on the Divine King Ranking!" How is it possible for him to be the most powerful Celestial King in all of the Myriad Realms? "

No matter how surprised the crowd was, Long Chen had just said it. This was his will, and was also his goal in battle! Of course, even though he had defeated Xuan Feng in an instant, everyone still could not believe it. After all, the position of number one on the Divine King Rankings and the position of number ten on the Divine King Rankings were two completely different concepts!

"Haha." The five Divine Kings in front of Long Chen could not hold back their laughter.

It was the person at the furthest corner, Long Chen had a feeling that this Divine King was a level stronger than the other five. This was a genius who looked to be quite young, he had a terrifying and majestic aura, and was extremely scorching hot. He had short golden hair, a stern expression, a burly figure, and his eyes were hidden in the shadows.

The others laughed was Long Chen's wishful thinking.

And this one, he looked straight at Long Chen, but while everyone was laughing, he said, "Then, exactly three months from now, I'll be waiting for you at the fourth floor of the Divine King Ranking. If you defeat me, you'll be able to see the top three of the Divine King Ranking."

After he finished speaking, he passed all the Divine Kings, turned into a ball of blazing sun, and disappeared before Long Chen's eyes.

Everyone held their breath and did not speak.

"This!"

The other Divine Kings in the top ten rankings of the Divine King Rankings were not too happy. Previously, he had intended to let Long Chen challenge him three months later, so wouldn't that mean that Long Chen could defeat all five of them?

They had a general idea of how strong Long Chen was, but they also needed to build up their own momentum.

However, even so, the five men in front of him just didn't dare to say anything.

Long Chen was able to see that the position and strength of the fourth rank in the Divine King List would likely surpass the five Divine Kings in front of him by a large margin, especially in terms of status. He was definitely a descendant of some great power! His status and position very possibly exceeded Hiro's.

It was very possible that he was almost the same as the Divine Emperor.

"It seems that after I have comprehended the Sword of Time, this person will be my true opponent!"

He began to yearn for the fourth rank of the Divine King Ranking, and for the top three of the Divine King Ranking! As for the other five, Long Chen's goal was to defeat them within half a month without any hesitation!

"So it's like this. In half a month, I will be inviting everyone to the ninth floor of the Divine King List to challenge the Ghost King. I hope everyone will be able to attend."

Long Chen said to the various Divine Kings.

"Definitely arrive!" Divine Kings was incomparably fanatical.

Because, Long Chen was crazy, they supported Long Chen, they supported challenging authority!

"Humph!" The five Celestial Kings also left with the fourth place on the list. Amongst them, of course the Ghost King went to prepare for battle. Long Chen left Ling Luo behind. She was more familiar with the top ten of the Divine King List, and from her, Long Chen could gather more information on the top ten rankings.

"Firstly, the ninth ranked ghost possesses a Hun Yuan ranked Infinite Divine Art. Although it is similar to Xuan Feng, he is stronger than him. His Infinite Divine Art was called the 'Great Dream Ghost Art', and it had once attracted the Divine Emperor's competition. The Ghost King was the master of a 'Order-level' world. He was a good ruler who ruled over a world. But I guess he's no match for you at all. "

Afterwards, she roughly listed the top eight on the Divine King Rankings to the fifth place ranking. The higher one's ranking was, the more shocking it was. But in the end, she said: "Actually, I feel that with the strength that you have displayed today, these five will find it very difficult to defeat you. However, the fourth rank of the Divine King List is your true terrifying rival. To be honest, the four people ranked in the top four can all be considered good friends. The most important thing is that they represent the

'Heavenly Sacrifice Realm', 'Sky Rush Domain', 'celestial domain' and 'Heavenly God Region' respectively.

"
