

War God 2871

Chapter 2871 - Never stop

Although this battle was grand and had many twists and turns, it did not last long.

Especially when Long Chen was reborn, he fought with his extermination again. When Tian Yi was struck by the of Extinction, he fell from the sky and crashed into the mountain of Immortals and Demons, forming a deep pit. From the beginning to the end, the battle lasted for no more than a quarter of an hour!

However, in such a short period of time, it had brought an unprecedented shock to all the Celestial Kings!

Long Chen, who had been stomped by Tian Yi, relied on the Demon Suppressing Pagoda s to use a single move to kill with the help of the rules of the battle.

When Tian Yi fell on the back of the Divine Spirit Realm Zhou Shan, the Divine Kings s were still unclear about what had happened. They thought Tian Yi would still be able to stand up and continue battling, but he looked like his injuries were much better than Long Chen's!

But after a long time, until Long Chen put away the Immortal Sword Tower, Tian Yi was still lying in the deep pit, breathing weakly, without moving at all.

"Is he dead?" Ling Xi asked somewhat nervously.

Although he almost took Long Chen's life and did not care about Long Chen's life, Ling Xi still understood that he could not kill Tian Yi. If he really did kill, no matter how heaven defying he was, Long Chen would definitely lose his life.

"No, Dragon Seal of Extinction was a killing move that directly dispersed the primordial spirit, which was why it has such a great effect. Although it hurt his primordial spirit, I did not really kill him. However, the Dragon Seal of Extinction was a Dragon Seal of Extermination, born for the sake of extermination. Therefore, he will probably need a period of time to recover. "

The remnants of the destructive Dragon Seal's death force still remained within the opponent's primordial spirit. If Long Chen didn't retract the death force, Tian Yi would forever fall into deep sleep.

This was also Long Chen's retaliation, revenge.

If Tian Yi did not have that status, his counterattack would have been even more ruthless. The scenes of the battles that he had lost before were all a profound experience to Long Chen in his life. After all, he rarely lost battles, and even less of losing battles and dying!

Tian Yi had brought him endless calamity, and also brought him changes.

"Did Tian Yi lose?"

"Why aren't you getting up?"

"From the looks of it, his aura is weak and his primordial spirit is scattered. He must have been defeated!"

Tens of thousands of Divine Kings watched this scene in disbelief. Seeing Tian Yi's fall to the ground and Long Chen's calmness, it clearly showed who the victor was! At the moment, in their eyes, Long Chen was already a monster that could not even be described with words! They could not help but look at the Tu Shan Divine Emperor, only to see that these five Divine Emperors had serious expressions and deep shock could be seen from their eyes!

The Dark Star Divine Emperor stopped Mo Xiaolang and the others from rushing out.

That's right.

It was only when they saw that Long Chen was safe and sound that they burst into tears while laughing.

"As expected, he is always the toughest. He knows how important he is. "

"Thus, he has returned."

This was the best answer to give Mo Xiaolang and the others.

Resurrected from the dead.

To be honest, when Long Chen was pierced by the setting sun, he had already lost all hope. He was just about to announce Tian Yi's victory, but he didn't expect that Long Chen would suddenly undergo a strange rebirth at that time!

However, Tian Yi did not have the ability to do so. After being suppressed by the Dragon Seal of Extermination, he remained motionless on the ground. The Shooting Sun God Bow s and the The divine arrow of the setting sun's dim light were placed in the surroundings.

In fact, his life force was getting weaker and weaker!

The Dark Star Divine Emperor understood.

Not everyone can create miracles.

"The battle is over. Long Chen has won, he is ranked fourth on the Immortal King Board. He has won the wager, Shooting Sun God Bow." The voice of the Divine Emperor was very abrupt, ending the deathly silence that lasted for a long time!

The reason he brought up Shooting Sun God Bow s and The divine arrow of the setting sun s was to fight for Long Chen's sake. He knew how precious these two Hun Yuan grade Creation God Equipment were, but the opponent was a Sovereign Sun Refining Divine Realm, so even if they did not give him any, or even kill Long Chen, no one dared to say anything.

"It's over."

"Tian Yi actually lost!"

"Long Chen won? This is too unbelievable, just how did he do it in the end! "

It was only at this point that countless Divine Kings burst into an uproar as they discussed emotionally.

Amongst the crowd, the faces of the two Immortal God Clan Divine Emperor s were especially unsightly. They could imagine, if they were to withstand Long Chen's attack, their fate might be the same as Tian Yi's.

"Since when was Long Chen this strong?"

When their hearts were filled with intense dissatisfaction, what caused the tens of thousands of Divine Kings to immediately shut their mouths was that the five Divine Emperor s of the Sovereign Sun Refining Divine Realm had moved. With cold and stern expressions, they walked towards Long Chen and Tian Yi, among the five Divine Emperor s, especially the Mountain Shattering Divine Emperor, who were extremely terrifying when their expressions turned ice-cold.

He felt a monstrous pressure that forced him to use all the divine power in his body to resist, but even so, he was still drenched in sweat and even his knees were bent!

He had truly experienced the power of the Extreme Realm Divine Emperor. Just from a glance, without any sort of rules, just that divine might was enough to make Long Chen unable to move!

Of course the various kings of the gods could see this detail.

"Long Chen is finished. Although he defeated Tian Yi, he offended the Sovereign Sun Refining Divine Realm and this Divine Emperor Tu Shan."

"To be able to injure Tian Yi so heavily, he definitely won't be able to live much longer!"

"We who have no power or influence are truly pitiful. If we are killed in battle, no one will care about us. Even if we win, we will be miserable. If we offend others, we will be killed by their elders." Old Pig was mixed in the crowd, sighing continuously. He had witnessed Long Chen's rise, but at this moment, he was powerless.

"The fault is that he shouldn't be too dazzling, and he even threatened to challenge the top ranker of the Divine King Rankings. He doesn't have a solid background, but he still has such a high profile.

Many people sympathized with Long Chen's situation, but no one could help it.

"Long Chen." The Dark Star Divine Emperor stood in front of him and gave him a look. Right now, he could only look at the mood of the Divine Emperor Tu Shan.

"It's fine." Long Chen's heart was very calm.

At this time, the Tu Shan Divine Emperor was already using his precious hongmengxinling to save Tian Yi. With his special recuperation, everyone thought that Tian Yi should be able to wake up.

"Heh heh, Long Chen, you should have heard of a saying, 'Self-inflicted injuries should not be allowed to live,' right? I think this is a good opportunity for us, the Divine Emperor Tu Shan has a noble position in the Star Alliance, we will go and request for the Sky Region Killing Order from him now, if you offend him, he can use us to get rid of you!" The two Immortal God Divine Emperor s with the same appearances arrived in front of Long Chen.

Indeed, Divine Emperor Tu Shan did not want to make a move.

But they can!

This was a rare opportunity, and they did indeed have a grudge with Long Chen.

After the two Divine Emperor s finished speaking, they were extremely pleased with themselves. He rushed towards the direction of the Tu Shan Divine Emperor, but at the moment, his face was extremely ugly, because no matter what he used, Tian Yi's origin soul was damaged severely, and it was hard to recover from it. Even if he recovered, he would immediately destroy Long Chen's killing power!

"What kind of killing power is this?!"

It was a slaughter rule that not even the mountain slaying Divine Emperor was able to resolve!

At this rate, Tian Yi's Primordial Spirit would be severely injured, and it would be difficult to recover. At that time, it would be hard for him to explain to Shen Yi since he was the one who brought Tian Yi here to train!

"Senior Tu Shan, let me do it."

Just when the two Immortal God Clan Divine Emperor s were about to be used as blades and be killed by the Divine Emperor Mo Shan, Long Chen said something before them, and then, while bearing the enormous pressure, he walked in front of Tian Yi.

The answer bell also needs to be a bell person.

There was a blood colored mark on the Heart of Rules s on Tian Yi's chest. That was, the Dragon Seal of Extinction. When Long Chen got close, he covered the Dragon Seal with his palm and retrieved the Dragon Seal of Extinction.

As a result, Tian Yi recovered at a much faster rate.

Seeing that his situation was getting better, the Divine Emperor even removed the huge pressure he had been pressuring Long Chen. At this time, the two Immortal God Clan Divine Emperor s wanted to take this opportunity to speak out, but they were coldly stared at by the Divine Emperor. That ice-cold, bone-piercing gaze of the two Divine Emperor s made them take back their words.

"Scram!" Divine Emperor Tu Shan shouted angrily.

The two Divine Emperor s felt as if they had been struck by lightning. They had lost so much face that they could only run away with their heads covered in dirt, surrounded by the laughter of the tens of thousands of Divine Kings.

Tens of thousands of Divine Kings were also waiting for the noble Tian Yi to recover. After about fifteen minutes, Tian Yi's primordial spirit recovered considerably, and he slowly opened his eyes to look at everyone around him. He even saw a Long Chen who was completely unharmed!

"You're not dead!" Tian Yi growled, his eyes instantly turning red.

"Tian Yi, you have lost. "He's been unconscious for a long time." The Mount Tu Divine Emperor was not willing to let him lose face, so he pressed down on his shoulders, suppressing him and preventing Tian Yi from retaliating.

Tian Yi was stunned, his entire body was powerless as he looked at his surroundings in a daze. Everyone's eyes were talking about the truth, and they knew that he had been defeated.

Tian Yi remembered, Long Chen's last Extinct Dragon Seal had almost taken his life, at that moment he had already lost consciousness, and the last thing he saw was Long Chen using the Sword of Time to shatter his extermination!

In other words, Long Chen had won completely!

No matter how impossible it was, it was a reality!

Tian Yi was silent for a long while, only then did he stagger to stand up. His pair of bloodshot eyes looked at Long Chen, and after gritting his teeth for a long while, he said: "Fine, I, Tian Yi, admit defeat. From today onwards, you will be waiting for my challenge until I defeat you. Otherwise, in your entire life, even if you escape to the ends of the earth, you will not be able to escape from the palm of my hand! "

Long Chen smiled faintly, and said: "But, if I rush into Ranking of the King of the Gods third place, you won't be able to challenge me. You have to hurry. Because half a month from now, I will challenge the Ranking of the King of the Gods third place! "

His steps never stopped!

Chapter 2872 - The Paradise of the Gods

After Long Chen said this, Tian Yi and Divine Emperor Tu Shan looked at each other and could not help but suddenly laugh. After Tian Yi lost, it was rare for him to relax. He shook his head and said: "I knew that you would challenge the top three.

Of course Long Chen didn't know.

Logically speaking, Ranking of the King of the Gods third place should have appeared at least today.

"That's because they aren't even in Battlefield of Divine Devil, they're in The Diremonster Battlefield of the imperial level! When you challenged the Divine Kings, they were already challenging the Divine Emperor s. With my current strength, I do not have the qualifications to go to the The Diremonster

Battlefield of the imperial level. Do you think that by relying on your background, you can win against those three people who have been fighting in the The Diremonster Battlefield of the imperial level for so many years? "

Tian Yi was laughing at his ignorance.

Long Chen really didn't know that the three of them were actually this fierce.

But no matter, the fiercer the better.

In the end, they were still Divine Kings and they could not be more powerful than Li Xuanji's master, who was even stronger than the Divine Emperor's Di Jun. They were the stepping stones Long Chen wanted to challenge, just like the current Tian Yi!

Facing Tian Yi's ridicule, Long Chen said: "It's very normal, before I fight with you, you wouldn't think that I would defeat you either. Was there any meaning to the word 'challenge' because of this? To be honest, I can totally wait for you to challenge me, but I have no obligation to stay at the fourth place on the Divine King Rankings to wait for you.

Tian Yi's face was still dark.

He was still young, and his status was honorable. It was rare for him to be humiliated like this! But he did lose! Right now, the result was already known, and the more he talked, the more it would be beneficial for him. Everything he had to say should wait until he defeated Long Chen!

He sneered, then took the Shooting Sun God Bow and its contents into his hands. After examining them for a while, he threw them on the ground and said: "Right now, these two treasures will temporarily be left with you, and one of these days, I will take them back. Long Chen, I, Tian Yi, do not have that easy of a time to obtain my treasures, you have to pay a heavy price."

Long Chen knew that he wouldn't let this go easily, so he waved his hand and said: "I understand, then I will temporarily keep this safe for you. However, if you are unable to catch up with me, I will use it. If you have the guts, then it would be best for you to not rely on the power behind me.

Being provoked by Long Chen like this, Tian Yi's heart was ruthlessly trampled once again. Since young, he had always relied on himself, and now that he had lost to Long Chen, to be honest, he wanted the

Divine Emperor of Tu Shan to immediately eliminate Long Chen, but he was unwilling! The more Long Chen provoked him, the more he wanted to defeat Long Chen, otherwise, this inner demon would hover around him for all eternity!

"Let's go!" The Divine Emperor stopped him. He knew that it was not appropriate for Tian Yi to communicate with Long Chen.

"Long Chen, I will tell you what the top three of the Divine King's List are about. You definitely won't understand, you are just a joke in their eyes!"

Tian Yi threw down the Shooting Sun God Bow and the The divine arrow of the setting sun, then left with the group of Divine Emperor Tu Shan. In the end, they turned into rays of golden light and disappeared from Long Chen's field of vision.

Shooting Sun God Bow, The divine arrow of the setting sun, two Hun Yuan grade God Manifestation grade spirit artifacts, their fate Heroic Spirits, after seeing Long Chen's power, knew that Tian Yi had lost to him.

"Gentlemen, I'll temporarily keep the two of you in custody. How about it?"

The two Good Fortune Heroic Spirits did not make things difficult for Long Chen. To be honest, they had personally witnessed Long Chen's performance and were filled with deep respect for him.

Long Chen separated them out and placed them in a position within the God Kingdom.

He already had the Immortal Sword Magic Tower, but in truth, these Shooting Sun God Bow and The divine arrow of the setting sun were not of much use to him!

"Little Wolf is of the fire attribute, which is extremely compatible with Shooting Sun God Bow and The divine arrow of the setting sun. If he succeeds in cultivating Hun Yuan's power, which is of the devouring and fire attribute, and has two kinds of Ancestral Flames, he should be able to control this Shooting Sun God Bow and The divine arrow of the setting sun, so of course he can only reach the realm of Extreme Realm God King. These two treasures will be left for Little Wolf. "

The best fit would be the wolf cub.

The others were far from being able to control it.

As for Tian Yi, Long Chen had never believed that a defeated opponent could still win back his hand. Even the son of the Hierarch was not as fast as Long Chen! Therefore, he was not worried that Tian Yi would win back the Shooting Sun God Bow s.

After Tian Yi and the others left, the tens of thousands of Divine Kings were stunned, followed by overwhelming cheers!

"Long Chen, Long Chen!"

The current Long Chen was the hero in their hearts, they simply believed in him!

They fervently worshipped Long Chen and the challenger, because they came here also to surpass their limits and to become a challenger!

"Victory!"

This round of cheers continued for a long time.

The warm smile on their face made Long Chen feel that this battle was worth it, but he would not be proud because he knew in his heart that an even more difficult battle was still to come. From the start of the first level of Battlefield of Divine Devil, until now, Long Chen had already fallen in love with this feeling of battle!

It was a narrow escape today, but he had acquired the Extinction Dragon Seal!

In the future, he still had a lot of room for improvement!

"Everyone, I need to go back and prepare. It's time to challenge Ranking of the King of the Gods third place, or even the second rank of the Divine King Ranking. In the future, I'll interact with my fellow brothers and sisters again."

Long Chen calmed his heart. The road he had to walk, was still very far.

The mountain road was bumpy.

A whole row of Divine Emperor Divine Kings had leapt over thousands of mountains and rivers.

The atmosphere was gloomy.

The Divine Emperor said: "This Long Chen doesn't have any background, he is indeed a genius in terms of rules, but he actually managed to breakthrough at the last moment and comprehend a new rule. This kind of genius, if he can join my Sovereign Sun Refining Divine Realm and become your left and right hand, in the future, he will definitely give you great help. In a few years, maybe he will be able to become a supreme deity. Then, our Heavenly Sacrifice Realm will only become stronger. "

Tian Yi shook his head, and said: "I understand this point, but it is impossible, if I were to defeat him today, it would be fine. Not only did I lose, but I also saw him as my mortal enemy, and I could no longer make friends with him. He had missed it. However, I am very clear in my heart that a genius of the Edicts, without any background, cannot be taken advantage of. "

The Divine Emperor nodded and said: "celestial domain, Sky Rush Domain and Heavenly God Realm. If the three of them challenge him and admire him, they will probably absorb him. If that's the case, then we will suffer a great loss. "

Tian Yi laughed coldly: "Impossible, you don't understand Long Chen's personality, he will definitely offend everyone just for his growth. He would not be willing to be controlled. Even if he were to absorb it, sooner or later, it would backfire. It was not a good thing. I was unable to kill him. Out of the top three, any one of them can do it. "

The Divine Emperor thought for a moment and said: "The next person should be celestial domain's ' Ji Taixu ' ? The son of the handsome guy, it seems like you've never won when you challenged him. "

Tian Yi nodded his head, and said: "That's true, Ji Taixu's personality is sinister and ruthless, he likes to kill mercilessly and his killing intent is ten times stronger than mine. If Long Chen were to challenge him, even with new rules, he would most likely die."

Tu Shan nodded his head and said: "However, I have heard that Ji Taixu is currently challenging the one who is ranked second on the Divine King List. That date, seems to be in the middle of this month, and according to the rules, should be in half a month's time.

Tian Yi thought for a while, then said: "The two of you obviously do not put Long Chen in your eyes, so it is definitely your own challenge. Long Chen, let's hang it. "

"Shooting Sun God Bow, The divine arrow of the setting sun, what are you preparing to do?"

"That is mine and no one can take it. I'll take it back, Uncle. "

In the king level Battlefield of Divine Devil.

The Divine Emperor who was walking in front of Long Chen suddenly turned around and asked: "Are you sure you want to continue with the challenge ahead? Today, I see that you have reached your limit and almost died in battle. If we go any further, I think we'll lose our lives. "

Long Chen nodded, and said very straightforwardly: "I've come here for the sake of a challenge, a challenge that will cost my life, which is the only way I have a chance to grow."

The Darkstar Divine Emperor said helplessly: "But it's not every single time that someone gets lucky like today."

Long Chen chuckled: "Senior, this is not luck, this is my will. If it were purely due to luck, I would have died long ago. "

"Fine, you have this fighting spirit, and you're even bringing honor to Dong Hua, I shouldn't have stopped you, but in these few days, you have to understand more information on Ranking of the King of the Gods third place! All of his heart and soul is prepared for this battle. "

"No problem."

The slaughter, the challenge, the advance, would never stop.

"I need to ask about Ranking of the King of the Gods third place first. He previously applied to challenge the second rank in the Divine King Rankings, and the time is about the same as yours. Let me see what arrangements he has."

When the Dark Star Divine Emperor contacted the The Diremonster Battlefield of the imperial level, Long Chen was waiting quietly.

After a while, the Dark Star Divine Emperor frowned. He had asked for the details already.

"Senior, what's the situation?" Long Chen was a little depressed in his heart. Could it be that that Ranking of the King of the Gods third place was not willing to accept his challenge?

The Darkstar Divine Emperor sighed and said, "The three of them already know that you defeated Tian Yi. Especially the second and the third rankings. They were originally prepared to fight, but now you have joined in. "

"So, they've decided to fight me now, and the loser will fight me again?" Long Chen was still tight on time. After all, the Immortal God Clan's Divine Emperor was still applying for the Celestial domain's kill command, if the Darkstar Divine Emperor didn't help him and the eight Divine Emperor s didn't, that would be too terrifying.

The Divine Emperor shook his head, and said: "If that's the case, then I should be happy, but in reality, they have a new idea, the two of them are very interested in you, so the Star Alliance has developed a new method, one where a Tianyin Region Extreme Realm Divine Emperor provides him with the God Creation Divine Equipment, the " God's Paradise "of Eternity, and then they put you, the second on the God King Rankings and the two of them fight against each other in the God's Paradise so that their respective performances can determine victory or defeat, placing them second, third and fourth on the God King Rankings."

Chapter 2873 - The Diremonster Battlefield of the imperial level

The Diremonster Battlefield of the imperial level.

The The Diremonster Battlefield of the imperial level was a creator of the primitive level and was controlled by one of the 'supreme gods' of the Star Alliance.

The structure of the spirit was naturally different from that of a king level Battlefield of Divine Devil.

A king level Battlefield of Divine Devil, although it was a creation god artifact of the seventh stage of Eternity, suppressing a Divine Kings like Long Chen was not a problem at all. However, this The Diremonster Battlefield of the imperial level had to bear the pressure from the numerous Divine Emperor s. It had to be primitive level.

It had to be known that in the The Diremonster Battlefield of the imperial level, there were many who were close to the Hierarch Realm.

Especially the "Divine Emperor Ranking"!

The weight of the Divine Emperor s were much more terrifying than the Immortal King Board.

If it was said that the rankings of the Divine Emperor were filled with true supreme experts from the ten thousand realms, then those ranked on the Divine King Board could only be considered as some tyrannical juniors or juniors.

In the entire Myriad Realms, the Gods and Demons Zhou Shan were ranked according to the Divine Emperor, which was why he had such a ranking.

Those who had surpassed the rankings of the Divine Emperor to become Tai Yi Shen Jing and who possessed supreme divine powers were all the most powerful practitioners of today's ten thousand realms. There were very few in the entire ten thousand realms.

This Divine Emperor List was actually one of Long Chen's future challenges.

Of course, he was still too far away from the Divine Emperor's rankings.

Actually, the majority of the contestants on the Battle God King List were the Northern Star Domain's Divine Kings, and the other three Divine Kings rarely came, but the Divine Emperor s' ranking actually swept the entire Myriad Realms. It was said that the rankings on the Divine Emperor s were basically equal to the peak Divine Emperor s' rankings in the myriad realms!

Of course, to get on the Divine Emperor's list, would be even more difficult!

In a space within the The Diremonster Battlefield of the imperial level of this' primitive level ', a man and a woman sat facing each other with their eyes closed while cultivating.

In the darkness, it was difficult to clearly see their appearances, but one could feel that their boundless auras were most definitely the result of being blessed by the heavens. The most respected divine beings of the myriad worlds.

With a slightly hoarse voice, the man suddenly said, "Those old guys made such a decision, yet you actually agreed to let a nameless person interfere with our battle. Is it that interesting?"

The woman slightly raised her head, and her thin lips had a hint of scarlet curve in them. She said with a slightly overbearing voice that seemed to be slightly low and deep amongst the women, "Don't underestimate others, you still defeated Tian Yi in the end. I would like to see what kind of person they are."

"Defeating Tian Yi, this useless thing, is nothing. I want to challenge you this time to get the second place on the Divine King List. I hope that you can treat it seriously and treat me seriously. I'm not afraid of the World of Gods, but adding someone else in the way of trouble really annoyed me. "

The woman replied, "I don't think so. You've challenged me quite a few times, and each time it was rather boring. This time, with one more person, it will be more interesting and perhaps there will be some unexpected changes. I've heard of this person. According to his experience, he will give me a pleasant surprise."

Her voice was forceful and decisive, with an irrefutable tone. Under her authority, she actually suppressed this man.

Then, she continued, "To be honest, I still want that person to join in the fray. But after some careful thought, if he were to join in, even if the three of us were to join forces, we might not necessarily be his match. As long as he does not become the Divine Emperor, he will probably always be ranked second on the Divine King's List. "

Speaking of that person, the man fell silent.

That was the only person he didn't dare to challenge.

The woman said: "Ji Taixu, don't tell me you don't have the guts."

The man smiled faintly and said: "Don't joke with me. I'm afraid that you will lose too miserably this time. After the battle, I will first take care of that Long Chen fellow, and then we will fight. "

"It doesn't seem fair to you."

"It doesn't matter, I think you will win."

Within a desolate, borderless world.

The dark green Yin Qi condensed into mist and covered the entire sky.

The entire world was extremely cold.

The clouds changed, the cold wind howled.

There was a thick layer of dark green glacier on the ground. This dark green glacier was emitting a dark mist, which looked strange and cold.

It was a pond embedded in the middle of the glacier, and the pool was filled with a dark liquid. There were a lot of sundries in the liquid, and it seemed like a bunch of sundries, but when one looked carefully, they would be able to tell that they were all precious hongmengxinling.

This was a precious medicinal pond.

In all ten thousand worlds, only existences with extremely high statuses could enjoy a medicinal pond of this scale. In this sort of medicine pool, a mortal would be able to directly become a Fiendgod if they were exposed to even a tiny bit of it.

In the center of the medicine pool, there seemed to be a lady with long black hair bathing in it. The curves were all in the pond, but at the parts outside the pond, it was enough to move one's heart.

The girl's bright eyes opened, revealing a pair of black eyes. They were as beautiful as orchids in a valley.

There was a stone in her hand, and she was holding it as she spoke softly with someone. The power from the medicinal pond that entered her body seemed to be somewhat difficult and painful, causing her to frown slightly. However, she had gotten used to it over the years.

Li Xuanji had heard the news of her region's Tian Yi's battle today. Before the results had come out, all the nervousness she had earlier had already disappeared.

"She has been pondering a rule recently, and is currently in closed-door training. I cannot disturb her. She definitely will not know about his matters for the time being."

When Ling Luo asked about her master, Li Xuanji answered. Actually, even if her master heard the name Long Chen, it would still be difficult for her to recall him. After all, there were too many such names in the myriad worlds;

Ling Luo asked, "Even so, he isn't a match for the Junior Martial Aunt in the end. How can he allow you to obtain your freedom?"

This question allowed Li Xuanji to calm down. She thought for a moment, shook her head, and said: "I don't know if I'll continue walking like this. I don't know why, but I always thought she could. I don't know who else can help me. "

Not just help.

When he found out that he had arrived at the Zhou Mountains, he nearly cried out.

If she wasn't afraid of this woman's suspicions, she would definitely cry bitterly. When she first left, it was her own choice. It was only after leaving for such a long time that she finally realized how terrifying her longing was. It was like a demon that was slowly tearing and biting at her. Arriving at this magnificent Myriad Worlds, however, what she encountered was indeed misery and loneliness.

She knew what he was thinking in her heart, she never wanted to trouble Long Chen to do anything for her, she only wanted him to be happy. But this time, she suddenly realized, if she didn't let him take her away, she would never have the chance to see him again in her entire life!

He would never have the chance to return to his hometown again.

To her, this was fear and a nightmare.

So this time, after struggling for a long time, she finally decided to gamble. She wanted to see Long Chen;

Hiro doesn't understand their world.

He only felt that the two of them were giving their lives for an impossibility.

Just as Ling Luo was about to speak, on Li Xuanji's side, a cold wind blew. Above the sky, a sharp woman's voice said: "Xuanji, if you're not desperately cultivating, then who are you talking to!"

Li Xuanji remained calm and replied, "ing to Master, it's Senior Sister Ling Luo."

This was the reason why she didn't dare speak to Long Chen; this woman was familiar with her like the back of her hand at all times.

"It's Ling Luo again! She must be afraid that you'll surpass her, so she intentionally disturbed you. From today onwards, you're not allowed to talk to her!"

As her voice fell, the stone in front of Li Xuanji also crumbled into dust.

"Hurry up and refine these medicine, we're waiting for you to bring glory to me on the Ancestor Battlefield!" I have done so much for you, don't make me lose face! "

The woman's sharp voice pierced the darkness.

This was her Divine Kingdom!

"Yes." Li Xuanji lowered her head.

In fact, this kind of scene had been repeated countless times. She was used to it, but she was disgusted with it. This way of living was not for himself, but for this woman.

Under the suppression by the Origin Dragon Palace, Long Chen's divine country became all the more powerful.

Standing on top of a tall mountain, one could see the godly dragon of this world dancing in the air, causing one to feel as if they had returned to the era before the era of the ages, the Dragon Sacrifice Continent of that time!

Many newly born True Dragons were enjoying the fun of becoming dragons, becoming stronger.

This world was truly too huge, to the point that it could make people forget that this was actually a divine country.

In fact, to the beings of the original Dragon Sacrifice Continent, this was no different from the Dragon Sacrifice Continent. They still grow and reproduce here.

On top of a mountain stood a fairy-like woman, and beside her stood a black-veiled woman, Ling Xi and Yang You.

Yang You gazed at the vast world and said: "All of this was created by him."

"Yes."

Ling Xi was also shocked, sighing deeply about this world.

"The little guy is getting bigger and bigger. He's almost coming to this world, but her father is the most crucial moment. The moment where he needs to fight to the death the most."

Yang You was full of smiles.

Then, Yang You looked at Ling Xi and asked with concern, "Child, do you blame him? If it was me, maybe I would like a man that isn't that brilliant, but I will just stay put and live a peaceful life. I will be able to lead a life that is not that majestic, but not that bumpy either. "

Ling Xi shook her head, and said: "Aunt You, you didn't say that. To me, love is to like him as a person, from the beginning is like this, what he is doing, not that big of a relationship. I still remember that if it hadn't been for him, I would have lost my life a long time ago. So I followed him. He fought for me for ten years. I am already satisfied to have someone who has given so much to me. Love is a guardian. I just want to stay by his side and do whatever I can for him. This is what I've been looking for all my life. "

"But he's been through a lot, aren't you afraid?" Yang You talked about what happened today.

"I'm not afraid. I'm not afraid of death. If he dies, I'll let him live. If he lives, I'll let him live. However, Yan'Er made it hard for me to be at ease, and it was even harder for him to be at ease. "What do I have to worry about?"

To live and die together, this was Ling Xi's love.

In this world, there were few women who could do this.

Chapter 2874 - Great Desolate Emperor and the Celestial domain

The World Tree.

From the boundless starry sky, it was indeed a giant tree, no different from a tree.

Only the people in the World Tree would feel that this was an endless world. Only Fiendgods were able to fly out of this world and see their own appearance.

On this day, a golden god ship flashed in the endless starry sky, appearing outside the World Tree.

The ship disappeared and a group of deities appeared.

This group of divine beings was at least at the Divine King's level.

Especially at the very front, there were obviously three Divine Emperor s there. Two of them were white-haired youth and girl. The white-haired youth was cold and domineering, while the white-haired

girl was gentle and cute. Both of them accompanied a middle-aged Divine Emperor by his side. That Divine Emperor's left eye, Scorching Sun, and right eye were illusionary.

The white-haired youth looked at the World Tree and said, "It's barely considered a 'Order-level' world. They only had a few Extreme Realm God King s. I alone will be able to destroy this so called Wood Creation Holy Tree. "

"Long Chen is here?"

Divine Emperor Di Jun shook his head and said: "He doesn't seem to be here, he probably left."

From the Eastern Star Region to this place, they had chased for a long time. However, they were not in a rush, and Di Jun was not in a hurry to get revenge either. Or perhaps, to him, Long Chen had something more important than revenge.

"The ... the Papyrus korshinskii has new news. Long Chen had already reached the Divine Demon Zhou Mountain and was challenging the Divine King's List. It was said that the one who had defeated the fourth ranker on the Divine King's List a few days ago was none other than the son of Shen Yi. Now, you have the strength to barely contend against Divine Emperor. " Behind him, an old Celestial King respectfully said.

"The gods and the devils are not Zhou Shan, why are you acting so high-profile?" The white-haired youth revealed a cold smile. He thought for a while and said, "Is this the effect of that palace? When he left Dragon Sacrifice Continent, he could barely defeat her, but now, he was charging straight for Divine Emperor. To be able to defy the will of the heavens, I think we need to increase our speed. "

Everyone was waiting for Di Jun's decision.

Di Jun, on the other hand, was deep in thought. He looked towards the area outside of the World Tree and said, "Since the gods and devils didn't come, and nobody challenged me after so many days, my ranking probably hasn't changed."

When this point was mentioned, the surrounding Divine Kings were all in awe.

"There aren't many Divine Emperor in this Myriad Realm that can compare to the Emperor."

"That's true, the Emperor inherited the destiny of the Dragon Sacrifice Continent."

"Then let's go to the Godly Demon Bow Mountain!"

Di Jun gave the order, having a clear goal in mind, they were not worried that Long Chen would leave quickly, they once again set out on their journey, heading towards the direction of the God Demon Zhou Mountain.

After talking for a short while, Ling Luo came over. The Darkstar Divine Emperor then said, "Ling Luo understands your opponent better than I do. Let her explain in detail to you, I'll be leaving first."

After the Darkstar Divine Emperor had left, Ling Luo's expression was solemn as she said, "I've contacted Xuanji before."

Then, she recounted the details from before.

"The battle at the Myriad Gods Garden, Junior Martial Aunt is currently in closed door cultivation, at critical moments, he shouldn't appear. It's a pity that my channel of communication with Xuanji was destroyed by the Junior Martial Aunt. If there's any change over there, we probably won't know. "

Long Chen was not worried about this.

He and Li Xuanji shared a mutual understanding. If Zhi Zun were to come to watch the battle, she would definitely think of a way to let him know.

"Speaking of which, you really decided to join the war? Fighting with Ranking of the King of the Gods third place at the same time? To attack the Ranking of the King of the Gods third place? "

Ling Luo admired Long Chen's courage to the point of prostrating himself to him.

Long Chen shook his head and said: "Of course not." While Ling Luo was still puzzled, he then said with a smile, "Since this is a free-for-all, and even the second place on the Divine King Rankings was taken care of, my goal is the second place on the Divine King Rankings. If I can solve this in one go, then I don't have to wait two more times."

The way Ling Luo looked at him was as if she were looking at a monster.

She said in shock: "Do you know how long the two of them have been training in The Diremonster Battlefield of the imperial level? With their strength, the two of them could look down on Tian Yi. Do you know what that means? You have defeated Tian Yi today, but in their eyes, you are still just a small fry. "

Long Chen knew the pride of these supreme divine god children, so he said, "It doesn't matter, because the more this happens, the more chance I have to surpass my limits. It is for this purpose that I am here to challenge you! "

"Then you will die?" Ling Luo was surprised by Long Chen's thoughts.

"Nope." Long Chen smiled confidently, this rebirth allowed him to understand a lot of things. He was an Ancestral Dragon, yet he still underestimated how terrifying he was. He was still just a descendant of one of the Hierarch. In terms of bloodlines, they would never be able to catch up to Long Chen. Even Yang Lingqing couldn't compare to him.

"Since you insist, there's nothing I can do to help. I can only try my best to gather information about these two for you. I'll briefly introduce you now."

"I couldn't ask for more."

Long Chen was very much looking forward to see, just what kind of amazing abilities would the two remaining opponents, the peak existences of the Divine King List, possess?

Ling Luo explained.

"First is his Ranking of the King of the Gods third place. His name is ' Ji Taixu ', and he came from ' celestial domain '."

"Great Void?" Obtaining this name is awesome, I almost had Great Void Cosmic Dragon s involved.

"As you expected, he comes from one of the Five Great Regions of the Star Alliance, the Master World, and he is also a world of 'Eternity'. Honestly speaking, the celestial domain is even bigger and more powerful than the Heavenly Sacrifice Realm. Among the Five Great Regions, our Tianyin Region is the weakest, second from the bottom, and celestial domain is third. No matter what, Ji Taixu is stronger than Tian Yi, and even Ji Taixu's father is stronger than the Heavenly Worship Domain Lord's Shen Yi. "

Ling Luo had previously said that Shen Yi was terrifying, and now she was saying that the celestial domain Lord was even more terrifying.

She continued, "The world where Ji Taixu and the celestial domain Lord reside isn't as complicated as the Sovereign Sun Refining Divine Realm itself. The world of Eternity in this world is called 'The Great Desolate Emperor Realm'. It was like a continent. It was located in the center of celestial domain and was incomparably strong, surpassing Sovereign Sun Refining Divine Realm. The celestial domain Lord was called 'handsome god', and was known throughout the ten thousand realms as the 'emperor spirit'. Of course, all of this is related to Ji Taixu, and this is related to the rules for Ji Taixu's cultivation. "

"The Realm of the Great Desolate Emperor?" Long Chen secretly memorized each and every world of Eternity.

Now, he knew three different worlds of Eternity.

Ling Luo tried to recall Ji Taixu's information and continued, "Ji Taixu's rules have all inherited" Jun'er ", named" Monarch Century "and" Summon ". First of all, this' Monarch's Century 'is a unique set of rules that are unique to all gods in all the realms. It's extremely hard to describe it.

Long Chen said: "I have seen a type of 'authority' rule before, so it should be similar to this era of kings?"

Ling Luo nodded: "That's right, the rule of power, but indeed the supreme rule of power, the origin of all power. I have never fought with Ji Taixu, but rumor has it that every time he relied on the rules of this century of kings to suppress Tian Yi, making Tian Yi not dare to attack him, and even directly break down into a mental state, begging for mercy on his knees."

"That powerful?" Long Chen deeply remembered this rule in his heart. It seems that this Ji Taixu and this handsome god was not simple.

Ling Luo smiled, and said: "This is just the beginning, I heard that Ji Taixu has another type of 'Summoning' rule, one that can summon many mystical existences, and even many deities that have fallen. This rule is even stronger than 'Monarch Century'."

"Summon?"

Hearing Ling Luo's words, just's two rules alone were enough to completely suppress her.

Long Chen digested it, but he was more excited in his heart. It was obvious that the battle at the Myriad Gods Garden would be more exciting!

"Then, he must have a Hun Yuan level God Creation Divine Artifact and a Infinite Divine Art?"

Long Chen asked.

Ling Luo nodded, and said: "Naturally. The Infinite Divine Art that Ji Taixu cultivates is called the 'Monarch Heart Technique', which is the most terrifying Infinite Divine Art passed down by the gods, and is not one bit inferior to the 'Sun Refining Divine Art'. The god power of this Emperor's Heart Technique combined with the laws of this century, causing Ji Taixu to be invincible! Of course, the most powerful ones are still his two Creation Divine Weapons! "

"He also has two Manifestation Divine Weapons?" Long Chen originally thought that his Immortal Sword Demon Pagoda was rare enough, and so did the Lingxiang's twin swords, but he never thought that he would encounter two fusion Godly Creation Weapons, the Shooting Sun God Bow and the The divine arrow of the setting sun.

Ling Luo nodded, his eyes filled with slight reverence as he said, "Ji Taixu's Creation Divine Artifact is called the 'Heavenly Land of the Rivers and Mountains'. They were the Pen of the Rivers and Mountains and the Diagram of the World. "I've never seen it before, but it's said that it has heaven-defying effects. I've asked my fellow brothers and sisters about it a few times, so that you can get a clear understanding of the details."

Long Chen was extremely grateful to Ling Luo.

He sighed: "In that case, if this Ji Taixu with the Ranking of the King of the Gods third place is so powerful, then the one who's ranked second on the Divine King List should be even stronger?"

Ling Luo said, "Putting aside being number two, there's actually a rumor that Ji Taixu has another type of rule that he doesn't usually show. He will only show it when he challenges the second rank of the Divine King Board."

"There's another rule?"

Long Chen was speechless.

Just how strong was he?

He really was the son of the Hierarch!

Ling Luo nodded heavily, saying, "This dao law is called ... the Demon Emperor."

"What effect?"

"The Demon Emperor was Ji Taixu's demonification. He relied on the Demon Emperor's rules to transform into a demonized state and had a special attacking method. It is said that in this state, Ji Taixu would only kill whoever he caught, even if he did not kill all the living beings within a million miles, he would never stop. Its fighting strength is naturally a lot higher than its normal state. "

This was Ji Taixu's limit!

Ranking of the King of the Gods third place!

Long Chen had a deep impression of the endless geniuses that appeared one after another. It turned out that Tian Yi was really quite a bit worse than the top three of the Divine King Rankings.

Then, what's the situation with the two people in front of Ji Taixu?

Chapter 2875 - Heaven Punisher Star

If Ji Taixu wanted to challenge the second rank of the Divine King Ranking, he would definitely do his best.

He would definitely become the third type of 'Demon'.

If even the Emperors and Demons were unable to contend against the second rank of the Divine King List, then just what sort of heaven-defying existence was the second rank in the Divine King List?

This person was also Long Chen's opponent, so Long Chen had to understand that he was going to fight soon.

Speaking of the second one, Ling Luo sucked in a breath of cold air and said, "Speaking of the second place on the Divine King Rankings, she's the only woman amongst the top ten on the Divine Ranking, so she's probably a woman that makes me feel afraid. Of course, although she is a girl, she is stronger than many other men, her name is also extremely tyrannical, and her name is Xing Wuji.

Xing Wuji, this should actually be a man's name.

But the second rank on the Divine King Rankings was indeed a woman.

"Is this the Heavenly God Realm or the Sky Rush Domain?"

Of the five great regions, these two should be amongst the best. It could even be seen from the Divine King Leaderboard who was first and who was second.

The Heavenly God Realm is ranked number one among the Five Great Regions, and is also the core of the Northern Star Domain. Let's not talk about it for now, Xing Wuji comes from the Sky Rush Domain, but just as you had expected, she is also the daughter of a supreme deity among the Sky Rush Domain. He comes from a world called the 'Heaven Punisher Star'.

"This Xing Wuji, what is so surprising about him?" Long Chen asked.

Ling Luo's face revealed an expression of admiration, as he said, "Xing Wuji's father was the Sky Rush Domain's Lord, and also a supreme deity who surpassed Shen Yi and Shen Jun. People call him the 'Heaven Punisher'. The world he resided in was named after him. Heaven Punisher was the number one expert of the Allworld who trained in the Edicts of War, and was thus known as the 'Heaven Punisher'.

The Heaven Punisher planet was the place of origin for the rules of battle. The most powerful and terrifying rules of battle in the Allworld came from the Heaven Punishers. Thus, the Heaven Punisher was also known as the 'War Ancestor'. "According to the legends, in the entire Myriad Realms, there aren't many supreme deities that can withstand the battle rules of the Heaven Punisher."

Long Chen trained in the Way of Slaughter. There were similarities between slaughter and battle, so he knew clearly in his heart that if he could train the rules of slaughter to the level of exterminating Dragon Seal, then with an Ancestral Dragon like the Primordial Blood Spirit Dragon, it would be terrifying if he could reach the peak of his cultivation in the rules of battle!

After all, any strength, any rules, all had to be used in battle.

The Heaven Punisher, however, was able to train the rules of the battle to their peak. Most likely, there was no one in the entire Allworld who understood the art of battle better than him.

Ling Luo felt the most reverence towards the Heaven Punisher. "The Heaven Punisher has done many things. If you are interested in it in the future, you can understand them in detail." Furthermore, Xing Wuji is extremely powerful. She has a resolute nature and a domineering temperament, so although he is a woman, he is also the most similar to a Heaven Punisher. In terms of the way of battle, although she is a woman, he is more adept at fighting with others as well, such as fighting in a storm. She only has one type of rule, and that is the rule for fighting.

A domineering and wild lady required unreasonable rules of battle the most. Long Chen could imagine how big and big Xing Wuji was!

Seeing his expression, Ling Luo couldn't help but burst out laughing, and said: "Don't think that Xing Wuji is so ugly. On the contrary, she's a great beauty, there are a lot of people who pursue her in all the realms, it's just that there's rarely anyone who can control her. Even Ji Taixu doesn't dare to approach her. With her character, he doesn't need the protection of a man. "

"Really?" Other than the rules of the battle, there's nothing else? "

Ling Luo said, "Indeed not, but you definitely shouldn't underestimate her battle rules. How can it be possible for a seemingly ordinary rule to suppress Ji Taixu's' Monarch Century 'and' Summon '? Furthermore, Xing Wuji was the same as her father, she had an innate ability. It sounds weird. "

"What are the specifics?"

Long Chen was extremely curious.

Ling Luo was speechless. "I have only heard rumors that the clan cut off their own heads, and when their heads are cut off, they will have a kind of 'berserk' state. This berserk state's ability is even more terrifying than Ji Taixu's Emperor Devil Rules.

"Head Severing Berserk?" Long Chen was indeed shocked.

This was just too ridiculous. If he were to cut off his own head, would he become even stronger?

But he still believed it.

This was because these experts of the Myriad Realms were indeed extraordinary!

It was just that it was indeed hard to imagine what would happen if such a beauty were to cut off her own head in battle.

Ling Luo said, "Now do you know how dangerous the war at the All Gods Garden is?" Xing Wuji was definitely stronger than Ji Taixu. In addition, the Hun Yuan Infinite Divine Art that Xing Wuji trained in was called the 'Heaven Splitting Earth War God Tactics'. It could create the most ferocious and powerful 'Heaven Splitting Earth War God's Origin Energy'! This was one of the most powerful godly powers in the entire Myriad Realms, and many Extreme Realm Divine Emperor did not even have this kind of power. At the same time, she also had two Creation Divine Equipment, which were of the Hun Yuan class, namely 'Mighty Sky Shield' and 'Heaven Splitting Axe'. Mighty Sky Shield s were said to be able to block any attack from The God Emperor of Perfection, while Heaven Splitting Axe was capable of hacking apart any defense, and could split heaven and earth! The Mighty Sky Shield and the Sky Splitting Axe are both huge weapons, which suits Xing Wuji's personality. "

One could imagine how powerful the visual impact of a seemingly delicate woman with a giant shield in one hand and a giant axe in the other was!

Compared to their brush of rivers and mountains, their map of the lands, their Mighty Sky Shield, and their Heaven Splitting Axe, Long Chen's Immortal Sword Demon Pagoda seemed somewhat pitiful.

At this point, Long Chen could be considered to have an initial understanding of the two. After that, Ling Luo would do her best to help him gather the specific details and rules of Ji Taixu's battle to help him.

"In the previous battle with Tian Yi, I felt that you had a slight chance of winning, but fighting with these two in the God's Paradise, I feel that it's very difficult, at that time, I will definitely learn to protect my life. You must know that better than I do. "

Ling Luo had said so much, but in reality, she still hoped that Long Chen would retreat after learning of the difficulties. However, she now understood that this was simply impossible. The more she described Ji Taixu and his power, the stronger the fighting spirit in Long Chen's heart would be!

"They will only have a few days. They will probably be returning to the king level Battlefield of Divine Devil soon. You should prepare yourself so that they won't be in trouble." After saying that, Ling Luo didn't disturb Long Chen any longer and went back first.

"In that case, if everything goes well, we will be able to obtain the first rank in the Divine King List after another two matches. I hope that we can take these two chances to reach the realm of the Divine King."

Long Chen was different from them. They were trying to break through the realm of Divine Emperor, but Long Chen was only trying to break through the realm of Divine King. Therefore, if they were to truly fight, Long Chen's chances of breaking through would be greater.

"Oh, that's right. I forgot to ask Ling Luo what kind of opponent that number one person on the Divine King List is." Just being influenced by Ji Taixu and his had caused him to forget about the top ranker. Ling Luo also felt that it would be difficult for him to even fight in this match, which was why he didn't mention that he was ranked number one on the Divine King Board.

"Rank 1 on the Divine King List. His name, seems to be 'Tian Shenwushuang'."

This was a very strange name, the first time Long Chen came to the Battlefield of Divine Devil and saw his name. From top to bottom, they were respectively 'Tian Shenwushuang', 'Xing Wuji', 'Ji Taixu', 'Tian Yi', and 'Tian Yi'. It was just that at that time, he did not know that the Divine King Board was so powerful, so he did not pay much attention to it.

"According to this logic, Tian Shenwushuang comes from the Heavenly God Realm, and his father might be the strongest warrior in the Star Alliance. This person would definitely be stronger, and only by

defeating Xing Wuji and Ji Taixu, would he have the qualifications to fight him! Looks like this battle at the All Gods Garden is also quite important! "

He knew clearly in his heart that within the boundaries of the entire God Realm, Zhou Shan, and in the Star Alliance, he was just a condiment for the second and third battles of the God King Rankings. The reason he had asked him to join was just to make all of this more interesting, not just an old-fashioned challenge.

The fact that he had defeated Tian Yi had indeed caused a huge stir in the Sovereign Sun Refining Divine Realm.

And at this time, his name had also spread into the 'Realm of the Great Wasteland Emperor' and 'Heaven Punisher'. However, it was not as loud at the time of the Sovereign Sun Refining Divine Realm, because the people of the two realms were more concerned with Ji Taixu against Xing Wuji!

The son of the King, against that peerless female war god!

As for Long Chen, being able to participate in this 'God's Paradise' battle was his honor.

The people of the Realm of the Great Desolate Emperor and Heaven Punisher were even more proud than their Sovereign Sun Refining Divine Realm!

This battle happened extremely quickly.

Outside the Battlefield of Divine Devil, many people did not even return. They just waited outside for Ji Taixu and Xing Wuji's return, waiting for the start of the battle at the All Gods Garden!

At that time, All Gods Garden will land beside the Battlefield of Divine Devil, and all God Kings will have the right to watch this battle. At the same time, a large number of Divine Emperor will come to watch the battle!

After all, this was a battle between Sky Rush Domain s!

In fact, the strength of the Sky Rush Domain and the celestial domain were the closest.

The Heaven Punisher was only slightly more powerful than a Deity.

The gods and devils of the celestial domain, wanted to reverse the situation and surpass the Sky Rush Domain at all times!

But now, the competition between the two great regions had shrunk to the two sons of the Hierarchs. Long Chen had coincidentally participated in this battle without anyone knowing ...

What effect would it have?

The only person who looked forward to it would be Long Chen himself.

Chapter 2876 - Hell of the Gods

In the blink of an eye, only one day remained of the agreed date.

Ji Taixu and Xing Wuji had not returned to the king level Battlefield of Divine Devil yet.

In the past few days, Long Chen had instead obtained quite a bit of information regarding these two opponents from Ling Luo, including the rules that they were proficient in. In fact, he didn't look too closely.

He knew his enemies too well, was too familiar with them, and couldn't surpass himself.

The unknown was the most terrifying.

Half a month was very short, and was only enough time for him to become familiar with the Dragon Seal of Extinction and grasp it deeply.

Actually, the Extinction Dragon Seal was cast using the palm. After transforming into a dragon, it could also be used using the dragon's palm. But now that he had the Demon Suppressing Pagoda, Long Chen could use the Dragon Seal of Extinction.

The effect was the same as when the God-Slaying Sword used the Sword of Time.

The Demon Suppressing Pagoda's Creation God Power could fuse with Hun Yuan's God Power, and with the two added together, it would greatly increase the lethality of Long Chen's laws. This was the reason why, after he had Demon Suppressing Pagoda, he chose to fight with Demon Suppressing Pagoda more.

The Time Sword and Extinction Dragon Seal were currently Long Chen's two great killing moves, especially the Extinction Dragon Seal.

When the Immortal Sword Demon Pagoda was used in concert, the power displayed would be extremely terrifying. Naturally, there would be no limit to how much power one could wield.

On this day, Long Chen was quietly cultivating on the fourth floor of the Divine King Rankings to welcome the battle the next day. Suddenly, the entire Battlefield of Divine Devil shook with an incomparably strong vibration, causing huge rumbling sounds. It wasn't just Long Chen, the entire two hundredth floor of the Battlefield of Divine Devil was shaking.

Many battles had to stop as well.

"What's going on?"

"Isn't the battle for second to third or fourth rank starting tomorrow?"

In the current Battlefield of Divine Devil, there were many Divine Kings who viewed Long Chen as their idol and respected him a lot.

Long Chen was also very doubtful as he felt a wave of pressure.

"Long Chen, it's that Myriad Gods Garden. It has already landed on the left side of the Battlefield of Divine Devil, and that's your battlefield tomorrow. You can come out and take a look first."

The voice of the Darkstar Divine Emperor resounded in his ears.

"Yes."

He was naturally very interested in this 'Eternity', the Creation God Equipment, the Alchemy Paradise.

was unable to see their might for the time being, but to think that a mere Everlasting Skystone would be able to change Dragon Sacrifice Continent that much, it was obvious.

When he was about to go out, hearing that it was the All Gods Garden, almost all the Divine Kings no longer had any intention to fight, and rushed out of the Battlefield of Divine Devil one after another. When Long Chen came out from the Battlefield of Divine Devil, all of the Divine Kings probably already came out.

Seeing that it was Long Chen, they immediately gave way.

As for Mo Xiaolang and the others, they were currently in Long Chen's Divine Kingdom.

The last battle was just too thrilling, and now that Long Chen's challenge in the Battlefield of Divine Devil was nearing its end, the four of them obtained enough trial training.

Now, they had all returned to Long Chen's Divine Kingdom to quietly cultivate.

They did not want to be like last time, where whether Long Chen lived or died was unknown, yet they were powerless to do anything.

This way, Long Chen could focus even more on facing the two new opponents.

"Wow!"

When they saw the 'Realm of the Gods', all the Divine Kings sucked in a breath of cold air.

This All Gods Garden was simply too big.

He was several times stronger than the Battlefield of Divine Devil.

Every floor of the Battlefield of Divine Devil was incomparably wide, as though they were a single world.

And this park in front of him, was actually a world, a paradise.

Long Chen raised his head to look. In front of him, what should have been a barren and pitch-black mountain range that didn't contain gods and devils, should have been an endless black mist. But now, everything within his field of vision had turned into a dense sea of pure white Immortal qi. It was a world of immortals, filled with no end.

Through the hazy immortal fog, he could vaguely see the towering green mountains and the dark green rivers. He could see the endless sea of flowers and the lush green plains. He could see the endless snow-covered forests, and he could also see the tall mountains and flowing water. He saw that everything was full of life.

What a wonderful world!

"This Divine Paradise is indeed similar to my Divine Kingdom. It's just that it's not as big as my Divine Kingdom, and this is indeed a Godly Creation Artifact!"

Long Chen secretly compared them.

This world seemed to be like a fairyland, but in reality, it was still a divine creation tool, because there was a boundary to this world. This was a world that was pressing down on the mountain with gods and devils, and there was an absolute barrier in the sky that could not be seen, but without the permission of the people from the Sector lord of this world, no one could barge into it rashly.

A sealed Immortal Realm!

Immortal mist curled around the towering mountain, and an immortal palace could be vaguely seen. Immortal cranes fluttered in the air.

All of this was inextricably linked to the name of this Creation God Creation Art.

All Gods Paradise.

From the outside, it was indeed a paradise of gods.

The tens of thousands of Divine Kings widened their eyes as they looked enviously at the Creation God Equipment of the Eternity. Battlefield of Divine Devil and the others had seen too much. If not for Long Chen, they wouldn't even have had the chance to see the All Gods Garden.

The entire area was in an uproar.

"The owner of the Divine Paradise, Tianyin Region, has not arrived yet, so the Creation God Equipment arrived first. He would probably come tomorrow. It is said that Ji Taixu and Xing Wuji will also arrive tomorrow. " The Darkstar Divine Emperor stood beside Long Chen, her voice somewhat heavy.

When he first saw Long Chen, he never thought that he would challenge him to such an extent.

And even at this level, he still calmly challenged. This courage caused the Dark Star Divine Emperor to be incomparably respectful.

"Yes." Long Chen looked carefully at the Gods' Paradise and asked: "Senior, what's so special about this Creation God Creation Art?"

The Darkstar Divine Emperor took a glance at them and said, "It is said that when Star Alliance was discussing your battle, he suggested using the Myriad Gods Paradise as a battlefield. The moment he suggested it, he was immediately agreed to it. Because his Paradise of the Gods was indeed very interesting. There is one thing that is similar to your Immortal Sword Demon Tower, and that is the Destiny Heroic Spirit of the All Gods Garden, which is the 'A million Fiendgods'. It's ten times more powerful than your God-Slaying Sword. On the surface, it looks like a paradise, but in reality, this is the Infernal Realm of Gods and Demons. Changing its name to the Infernal Realm of the Gods would be more appropriate. "

In fact, Long Chen could feel it too.

This so-called Heavenly Paradise, looks like a fairyland, but the truth is that the killing intent is very strong, and it's all hidden. Although it looks like a fairyland, but it's actually dangerous and ferocious!

Otherwise, how could he have killed A million Fiendgods before?! At least ten times the power of the God-Slaying Sword!

The Darkstar Divine Emperor continued to speak, "So during the battle inside, not only must you and Ji Taixu be on guard against each other, you and Xing Wuji must also be on guard against the attacks of this A million Fiendgods. Just based on the A million Fiendgods's attack, it is equivalent to a self attack by a 'Eternity' divine artifact. You have to be careful of this A million Fiendgods, they are countless times absent in the All Gods Garden! "

Long Chen was a little flabbergasted. Not only did he have to fight the other two, he also had to fight the A million Fiendgods. No wonder he chose to fight in this All Gods Garden.

The Dark Star Divine Emperor shook his head and said, "The Myriad Gods Garden is not that simple. First and foremost, there is a supreme rule inside the Myriad Gods Garden, and that is 'Forbidden Sky '. Unless you can escape from the park, you will be bound by the 'Forbidden Sky' rule, and that is you won't be able to fly in this park. You can only walk on the ground or jump. Supposedly, even someone at my level of cultivation wouldn't be able to stay in the air. Not to mention the three of you. "

"Being unable to fly is indeed very troublesome, but it is the same for all three. Long Chen remembered what the Dark Star Divine Emperor had said and couldn't help but ask, "Could it be that there are other troubles?"

The Darkstar Divine Emperor nodded solemnly and said: "This is the first point, Forbidden Rules, and this is the second. The third point was, in this God's Paradise, anything that looked wonderful was actually quite terrifying. It was said that there were Soul Devouring Wind s, zodiac s, Yellow Springs Earth, Death Soul Fragrance and more. For example, if a breeze blew over, you might feel comfortable, but it was very likely to be Soul Devouring Wind s. For example, that torrential river, which may seem dark green and clear, is very likely to be a zodiac. As long as that zodiac is contaminated even a little, its divine body will have to rot and wither away. The Soul Death Fragrance is a type of flower's fragrance, but it can cause gods and demons to fall into eternal slumber, nearing the Realm of the Gods.

Long Chen was shocked, but he could only remember.

He said, "It is precisely because of these three troubles in the All Gods Garden that they chose to let us three fight in this battle. Not only do we have to deal with the other two in this environment, but we also have to deal with the trouble in the park itself. This is what those upper class want to see. "

The Dark Star Divine Emperor nodded and said, "That's right. They want to see what happens to you in this environment. It's just that for the three of you, the difficulty has increased, and the result is even more unpredictable. Even luck could occupy a large part of it. That's right, everyone is looking forward

to this battle even more. This feeling of anticipation, is at least ten times greater than your battle with Tian Yi! "

"Big hand!" Long Chen couldn't help but sigh to himself!

However, this made him look forward to it even more.

In the end, what kind of battle would happen in the God's Paradise?

"Right, there's still one last thing." The Dark Star Divine Emperor thought for a moment and reminded, "The Realm of the Gods is circular. According to the arrangement of the Tai Chi Yin Yang Fish, there are two core locations of the Tai Chi Yin Yang Fish Formation Diagram, named 'Yin Formation' and 'Yang Formation'. This is the core of the All Gods Garden, and also the most dangerous place. Be careful in the park, if you barge in, you will be dead for sure. I didn't even dare to go there. Do you understand? "

Long Chen thought about the two spots and nodded: "Don't worry, I roughly know where they are."

Chapter 2877 - Extreme Delight

In another day, the battle would begin, so Long Chen was not prepared to return to Battlefield of Divine Devil.

He stood outside the Divine Paradise, waiting for the time to pass and for the battle to begin.

"Xiao Xi, don't worry too much this time. I'm quite confident. " Of course Long Chen would never forget to let her feel a little more at ease.

Last time, it was too dangerous.

"Just do your best, I have absolute confidence in you." Ling Xi smiled gently. Long Chen was thinking about something, she was thinking about, both of them were very clear about one another, and sometimes, even without using any words to communicate, they could still feel each other's thoughts.

The tenderness is in the heart.

Slaughter in hand.

He stood at his original position, as calm as iron, but all the Divine Kings were waiting for his explosive appearance tomorrow.

Even to the people of the 'Realm of the Great Wasteland Emperor' and the 'Heaven Punisher', he was so insignificant and looked down upon. The Battlefield of Divine Devil and the other Divine King brothers all supported Long Chen!

They wanted to see Long Chen create a new legend.

The next day, just before the arrival of the two loathsome fellows, they appeared again.

They were the two Divine Emperors from the Immortal God Clan. They had been around the entire time to prevent Long Chen from escaping.

With the lesson from last time, the two Divine Emperors were now standing in front of Long Chen with faces full of malice.

They said in unison, "Long Chen, we have already obtained the Celestial kill command, so we are on our way. When the six of them arrive, it will be your funeral. "You have to hold on today. That way, we can 'entertain' you properly."

"Aren't the two of them disgusting when they say the same thing?" Long Chen acted as if he did not hear about the matter regarding the Sky Region Killing Order.

"Hur hur. It's still the same, don't blame me for staying in Battlefield of Divine Devil. In less than a month, once the Sky Region Killing Order arrives, you will be dead. "

With that, the two Divine Emperors left Long Chen's place and went to the other side of the Myriad Gods Garden. Of course, they wouldn't miss today's match.

After they left, the Dark Star Divine Emperor and Long Chen's gazes calmed down.

The Darkstar Divine Emperor shook his head and said, "They sure are fast. It hasn't even been half a year and they have already obtained the Sky Region Killing Order. When those six people return, as long as they take out the Sky Region Killing Order, I will have no other choice. He had only been back from that

place for a month. If not for the Extreme Realm Divine Emperor, they would have had to cooperate with the actions of the eight Divine Emperors. At that time, I can only do my best not to attack you. If I protect you, I might be punished even more by the Star Alliance.

Of course Long Chen would not implicate the Dark Star Divine Emperor.

He had defended himself a few times and even gifted Hun Yuan a scripture. The two of them had met by chance and it was already enough for him to be able to do this step for him. Long Chen was grateful enough!

"Eight Divine Emperors, and all of them are from the Divine Sacrifice Great World, their cooperation can barely compare to that of the Perfection's Divine Emperor. With my current level, it's naturally hard to deal with. But if they want to kill me, it won't be that easy either. I can still escape. However, the most important thing right now is still today's battle. If I can become the second ranked member of the Divine King Ranking, then I will challenge the first ranked participant of the Divine King Ranking in half a month! If I can become number one on the God King Board, I can definitely have some new transformations. At that time, I will naturally have a way to deal with them. "

Long Chen was very calm as he said these words.

When he spoke, his calmness, strength, and bravery was unquestionable.

"During the process of challenging the Celestial King Board, they wouldn't dare to lay their hands on you even if they had the Celestial kill order. Looks like all of your hopes are placed on this battle at the All Gods Garden. Long Chen, you are a heaven warping talent, if there was a Extreme Realm Divine Emperor that thought highly of you, these eight Divine Emperors would not dare to touch you even if they had the Sky Region Kill Order. Unfortunately, you don't have Ji Taixu's or Xing Wuji's background. "

This was the worry the Darkstar Divine Emperor had for Long Chen.

Long Chen smiled faintly, and said. "Senior, this is the fate we have set it up, but I am someone who defies the will of the heavens."

Change fate!

The Dark Star Divine Emperor trembled, and the way he looked at Long Chen was already different.

"Very well, this battle is the moment for you to rise to prominence!"

There were already many Divine Emperor coming from the direction of the The Diremonster Battlefield of the imperial level!

They floated above the God's Paradise. Looking around, there were a total of a few hundred Divine Emperor. Every single one of them were extremely powerful, with hundreds of Divine Emperor gathered together. Only the Battlefield of Divine Devil could have such a spectacular scene! You have to know, even in the Order-level world, it's not easy to produce a Divine Emperor!

Of course, the majority of them were Initial stage Divine Emperor.

However, there was definitely a The God Emperor of Perfection like the Dark Star hidden within them, a figure who was comparable to Great Monarch Donghua.

They were here to watch the battle between Ji Taixu and Xing Wuji.

Hundreds of Divine Emperor were able to completely suppress these tens of thousands of Divine Kings, making tens of thousands of them not dare to make a sound. Right at this moment, an ethereal woman, shrouded in immortal fog, landed on the Myriad Gods Paradise. She seemed to be the most beautiful person in the world, flawless, with only a slight coldness in her eyes. Even the hundreds of Divine Emperor s did not dare approach her.

"Extreme Delight!"

All the Divine Emperor s immediately greeted him with respect.

Ordinary Extreme Realm Divine Emperor s were in an extraordinary position within the group of Divine Emperor. There weren't many Extreme Realm Divine Emperor in the entire Ten Thousand Worlds.

It was said that this Extreme Delight was a character on the Divine Emperor's rankings.

That beautiful fairy who seemed to be associated with the Heavenly God Paradise was the Extreme Delight. Long Chen took one more glance at her and felt that the Extreme Delight was definitely as terrifying as the Mountain Shattering Divine Emperor. They were all at the same level as Di Jun in Divine Emperor, but they didn't know what was going on when compared to Di Jun in Extreme Delight.

Who is Long Chen? Ever since Extreme Delight arrived, he had become the focus of everyone's attention. Those gazes that looked at her were filled with respect, reverence, and fear.

Her voice had a certain charm to it, causing one to be intoxicated with it. It was incomparably wonderful. After hearing this voice, everyone subconsciously shifted their gaze towards Long Chen.

"Is that you?" Waiting for Ji Taixu, Xing Wuji to arrive. Let's begin! "

Seeing Long Chen, Extreme Delight did not say much. After saying that, she merged into the All Gods Garden and disappeared. When Long Chen first heard the name Extreme Delight, he thought that it was a big guy with a bald head and smiling face. He never thought that it would actually be such an immortal lady, it's just that he was a little too cold.

It might as well be called Divine Emperor Extreme Cold.

"There are two sides to her. Right now, she's both good and cold. When she's evil, she's happy. The more beautiful her smile is, the more frightening it will be." The Divine Emperor only dared to tell Long Chen in a low voice, not daring to say too much.

He was naturally afraid that Long Chen would offend the Extreme Delight.

"Got it."

This was the world of the gods, the pinnacle of all worlds. It was the mountain of the Immortals and Fiendgods. In this place, Long Chen was no longer the ruler of the Dragon Sacrifice Continent, so he knew where he should be!

Right now, they were waiting for Ji Taixu and Xing Wuji's arrival.

At that time, the Divine Emperor's army from the Realm of the Great Desolate Emperor and the Heaven Punisher planet would definitely come as well.

"This is Long Chen? Defeating Tian Yi? "

"It is said that he broke through at the very last moment and defeated Tian Yi. "He reversed the situation."

Vaguely, one could hear the discussion of the Divine Emperor s that came from the The Diremonster Battlefield of the imperial level to watch the show.

"Not bad. It just looked a little too young. Furthermore, he had no background, and his knowledge in terms of resources was far inferior to those favored by the heavens like Ji Taixu and Xing Wuji. There were always shortcomings. The strength required to barely defeat Tian Yi is not enough. "

"You don't have to be aware of this, today's battles are mainly between Ji Taixu and Xing Wuji. The competition between Sky Rush Domain and celestial domain has invited the All Gods Garden to add this Long Chen to the fight, it is only to increase the difficulty of the battle between Ji Taixu and Ji Taixu, and to increase the degree of brilliance of the battle. Do you really think this Long Chen can reverse the situation to the third place? If he gets third, who will get fourth? "

Whether it was Ji Taixu or Xing Wuji, both were impossible.

"Speaking of which, if he was lucky, with both Ji Taixu and Xing Wuji being injured, maybe he would be second, haha."

The Divine Emperor started laughing.

But they knew it was impossible.

This was because this battle wasn't only about the final result. It was also about the process, as well as the assessment of the final result. The Star Alliance will have a team specially evaluated. All the onlookers also evaluated together.

"It's about time."

The Extreme Delight appeared again and sat on the barrier of the God's Paradise. His long skirt fluttered as though he was a fairy from a dream.

"They're here!"

Everyone couldn't help but look into the distance and saw three teams suddenly appearing in the sky. Each team had about ten people or so, and were split into three groups.

"The left side is the Sky Region of the King of Big Yellow, the center side is the assessment team of the Star Alliance, and all of them are from the Heavenly God Realm. It was said that the Extreme Delight was also a member of the assessment team. On the right was the Heaven Punisher Star. Rest assured, ten The God Emperor of Perfection s have come to the Heavenly God Realm, their evaluation will definitely be fair. "

The Darkstar Divine Emperor said.

Long Chen gazed into the distance. In the middle was a group of white-gowned and black-haired Divine Emperor, all of them were around the same size as the Darkstar Divine Emperor. There were different levels on the left and right side, the leaders should be at the Extreme Realm Divine Emperor level. But the thing that attracted his attention the most was still Ji Taixu, Xing Wuji!

A small battle with the Divine King and there were actually three Extreme Realm Divine Emperor s present.

In all the realms, other than those Divine Sovereigns, the Extreme Realm Divine Emperor s were the strongest, the ones with the highest levels of Taiyuan Deity Realm!

Ji Taixu was a man born with the might of a king. He wore a rolling dragon yellow robe, had a golden crown on his head, golden boots on his feet, and had a gaze like a golden pearl, his imposing manner was overflowing, and behind him was surging waves of Qi. Although he was only a Divine Emperor, his divine might was actually comparable to that of the Extreme Realm Divine Emperor beside him.

He had to be the son of a god, the son of a king!

The other was Xing Wuji.

Compared to Ji Taixu's overflowing aura, Xing Wuji was extremely ordinary. He was a woman wearing a black, tight-fitting, embroidered clothes, his appearance was exceptional, but he was not dressed up. He was clean and straightforward, with his long hair tied up into a bunch like a cheetah. Her pair of pure black eyes instantly penetrated through the sea of people and saw Long Chen.

BOOM!

In that instant, a wave of fighting spirit rushed over.

Chapter 2878 - God Creation Stone

The troops of the Realm of the Great Wasteland Emperor were led by the Wiping Emperor Divine Emperor, who was about the same as the Tu Shan Divine Emperor. Ji Taixu's foster father held quite a high status in the Realm of the Great Desolate Emperor.

Among the The Diremonster Battlefield of the imperial level, basically all the Divine Emperor of the Realm of the Great Desolate Emperor were paying close attention to Ji Taixu's battle. Of course they wanted to see Ji Taixu defeat Xing Wuji.

In the 'Heaven's Punishment Star', the 'Heavenly Profound Divine Emperor' that was considered to be the strongest and most powerful existence in the entire Myriad Realms. This Celestial Divine Emperor was named 'Heavenly God', and was in fact the blood brother of the 'Heaven Punisher'. In Xing Tian Martial Immortal, he too had a high position.

Yue Emperor and Tong Tian God could be considered rivals for many years.

The challenges of the younger generation were also a contest between them.

For three Extreme Realm Divine Emperor to come to challenge the Divine King Board, it was practically unprecedented.

Not to mention the assessment team of the Star Alliance, there were also many other The God Emperor of Perfection.

In front of such a lineup, although the battle was arranged to be fought outside of Battlefield of Divine Devil, the Darkstar Divine Emperor did not have any authority to speak.

Of course, even if there were three Extreme Realm Divine Emperors, the ones who received the most attention were still Ji Taixu and Xing Wuji.

Long Chen watched intently, Ji Taixu was born to be an emperor, he looked down upon the entire world, even though he had restrained his divine might, his expression remained indifferent, but deep down, he was extremely arrogant. He was just arrogant, but he maintained his calm and rationality at all times.

Therefore, his arrogance was completely normal.

On the other hand, Xing Wuji, was simple and pure, yet hot and crazy. In her calm eyes, there was definitely a raging storm, a storm of battle that swept through all of the realms.

The three formed a triangle, floating above the Gods Paradise.

Following Xing Wuji's gaze, Ji Taixu also saw Long Chen, but he did not care about it. He was more concerned about Xing Wuji, so his gaze was always on Xing Wuji's exquisite body, and the corners of his mouth hung an extremely confident smile. He had prepared for this moment for a long time.

Even if Long Chen was added to the game, and even if the All Gods Garden was added, it wouldn't be able to affect his plans.

None of the three parties spoke a word as they arrived.

The Wiping Emperor and the Heavenly Divine Emperor looked at each other.

Extreme Delight's gaze swept across and said, "If there is nothing else, let us begin. The young generation's challenge is not a big deal, don't make it sound like the Star Alliance is having a civil war. "

She was powerful, came and went without a trace, and was not afraid of offending people. At this moment, she was directly at three distant locations in the All Gods Garden, with three entrances, she could allow Long Chen and the others to jump over the barrier of the All Gods Garden and fight in this dream-like fairyland.

"Alright, then it's starting. Xing Wuji, we'll meet at the God Realm Paradise." Ji Taixu's voice was loud and clear, inherently carrying a wave of authority, but his voice also contained the laws of an emperor. No matter what he said, it was as if there was a power behind Long Chen's wish, causing others to be unable to help but obey him.

Just by relying on this voice, Ji Taixu was able to control all the gods and devils below the Divine King, let alone normal spirits.

Xing Wuji didn't say much and was about to head towards one of the entrances. From the location of the entrance, the three groups were initially separated by quite a distance, so they had a certain amount of time to prepare.

"Wait." Suddenly, Ji Taixu stopped in his tracks. Under the gaze of everyone, he looked at Xing Wuji once again, and said: "The meaning of the battles in the past wasn't great. It's rare to see so many Divine Emperor here to watch today, so we should at least make it a little more interesting. Then make a bet. This 'Creation Stone' is a gift which my father gifted me. I originally planned to use it to refine the 'Rivers and Mountains Pen'.

As Ji Taixu spoke, he took out a multicolored divine stone, and in a flash, he put it back down. But even if it appeared for an instant, the rich aura it gave birth to made the gods salivate.

Although Long Chen did not know the specific effects of the 'River Mountain Pen', the reason why he was able to refine the 'River Mountain Pen' should have the same effect as the 'Wood God's Accumulation Crystal'. He just did not know if he could restore the Lingxiang's twin swords.

This God Creation Stone should belong to the "Hun Yuan" level of Chaos Treasures.

The gods took a deep breath and looked at Xing Wuji.

A treasure like the God Creation Stone was casually taken out to gamble with. The women of these Hierarch were truly extravagant. To the Divine Kings, these were things that they yearned for day and night.

"Grandmist spark."

Facing Ji Taixu's provocation, Xing Wuji's expression was cold, and only said four words. Her voice was very low and full of magnetism. Although he was a woman, he seemed very masculine and fierce, like a fierce tiger.

Although she didn't say what that grandmist spark was, it was definitely the same as the God Creation Stone.

"Alright, although it won't be of much use to me, I'm definitely going to get this grandmist spark!" Ji Taixu said.

After he finished speaking, he headed towards one of the entrances.

From the very beginning, Long Chen did not seem to have anything to do with it, and the Divine Spirit of the Realm of the Great Desolate Emperor and the Heaven Punisher planet did not seem to care too much about it. To them, this challenge was something between two people.

Therefore, no one paid attention to Long Chen's wager.

"Wait!" Extreme Delight coldly snorted, and said: "Isn't this the challenge of the King of Gods' List? According to the rules, you should also get your bet. What's your bet? "

When Extreme Delight asked Long Chen this question, those divine gods who had neglected Long Chen remembered that there was actually such a person. However, they quickly laughed out loud. With Long Chen, this God who didn't have any background, what kind of bet could he take out?

"I'm done with the Shooting Sun God Bow."

Unexpectedly, the next sentence that Long Chen said caused all the gods to shut their mouths!

Shooting Sun God Bow!

This was something he had won from Tian Yi's body.

Taking this out meant that Long Chen was not afraid of the pressure of Tian Yi and the pressure of the Sovereign Sun Refining Divine Realm. At the same time, it was either because he did not see this Hun Yuan class Manifestation Divine Artifact as one thing, or because he was confident in his own fighting abilities! Regardless of that possibility, it showed his boldness in front of the two proud sons of heaven.

At the same level as Hun Yuan, the value of Creation Divine Equipment was greater than hongmengxinling and Chaos Treasures.

Extreme Delight was very satisfied, and said: "According to the rules of the three people's challenge, whoever defeats the person, can take away the opponent's wager. As for who exactly defeated whom, it's up to us to decide! "

That was easy to understand.

For example, if Ji Taixu and Xing Wuji ganged up on Long Chen, but Xing Wuji used too much force and directly caused Long Chen to lose, then Long Chen's Shooting Sun God Bow would belong to Xing Wuji.

If Xing Wuji had defeated Ji Taixu, then Ji Taixu had lost the Creation Stone, but won against Long Chen's Shooting Sun God Bow.

Even before the battle had begun, the smell of gunpowder had already filled the air.

"Very good, take this Shooting Sun God Bow, and sell it to Tian Yi for a favor." Ji Taixu looked at Long Chen a few more times and could not help but smile. Perhaps it was because Long Chen took out the Shooting Sun God Bow that he noticed Long Chen. However, more than half of them felt that Long Chen was just slapping himself to make a fool of himself.

"Your name is Long Chen? See you at the Paradise of the Gods. "

All the participating gods in the assessment began to place their positions on the barrier of the All Gods Garden. On the other hand, Ji Taixu and Xing Wuji, under the encirclement of their respective forces, walked toward the two entrances in the distance and left the closest entrance to Long Chen.

Divine Kings was above the God Realm, where he could see the internal battle scenes.

But after entering, Long Chen could no longer see the outside. What he saw was a blue sky, a green mountain and river.

"Long Chen, you better not lose the Shooting Sun God Bow. You won it back with great difficulty!" When Long Chen was about to enter the All Gods Garden, Old Pig brought a bunch of Divine Kings along as he said with great heartache.

"Don't worry." Long Chen smiled at him.

This battle would once again surpass the limit that he wanted to surpass! This was his ultimate goal! It was a test for him to be able to compete in the past few months. Long Chen knew better than anyone that he no longer had any way out under the Sky Region Killing Order.

Li Xuanji suffered, while Di Jun pursued him. If she was not strong, she would die.

"I have to create a surprise for them in this God's Paradise." Long Chen's eyes were firm. He took a look at the location of Xing Wuji and Ji Taixu, and saw that these two opponents were even more afraid of each other. At this time, they had already entered the All Gods Garden.

Extreme Delight closed the entrance.

From then on, they were completely sealed inside the World of Gods. Without the Extreme Delight's permission, no one could come out!

When Long Chen first came in, he experienced the first trouble of the All Gods Garden — — 'Forbidden Sky'!

The rules of a 'Eternity' divine artifact.

It was almost like the Extreme Delight was dealing with him!

This kind of existence could easily kill Long Chen in an instant. Even if it was just a rule, the effect was still very large, and now that Long Chen had just entered, he was in the midst of a blue sky and white clouds. He was instantly struck by an unstoppable force, and was being swallowed by it, smashing downwards!

To be honest, it was beyond the devouring power of the Fiendgod mouth!

Since he could not resist, Long Chen no longer resisted, and allowed the Forbidden Rules to drag him down. The air next to his ears rumbled, the air trembled, and countless immortal mists were split apart by him. In the blink of an eye, endless towering green mountains appeared below him.

"Senior Darkstar said that this seemingly beautiful object is a disaster and a crisis!"

Long Chen was on guard.

At the other two positions in the All Gods Garden, Xing Wuji and Ji Taixu were falling down at high speed!

"Whiz!"

The river became clearer and clearer below, and was about to smash onto the ground. Long Chen looked carefully, and saw a surging river below him, the river was dark green, flowing far away.

"It's better to fall into the river than on the rocks or on the ground." Long Chen thought.

This is the inside of the Eternal Creation Divine Artifact, who knows how hard the rocks here are?

However, he immediately became alert, the dark green river water was filled with white mist, it was extremely beautiful, didn't this echo the Darkstar Divine Emperor's words?

What he didn't know was that outside the park, the Divine Emperor all laughed.

"This Long Chen is really unlucky. Just randomly choosing a position and he would directly smash into the 'zodiac'."

Chapter 2879 - Forbidden Rules

"zodiac?"

He remembered the Dark Star Divine Emperor saying that there was a zodiac in the Paradise of the Gods. If one was tainted with even a little bit of it, their divine body would wither and become extinct. No Divine King dared to touch it, let alone smash it into the zodiac.

If ordinary Extreme Realm God King were to smash into this zodiac, their lives would be lost here.

Don't think about it.

Even if it was the Divine King Ranking, he would still be severely injured.

Seeing that Long Chen was so unlucky, the various Divine Kings were helpless. They couldn't ask Extreme Delight to save Long Chen at all, so if that was the case, the All Gods Garden would have no meaning.

Seeing that Long Chen was about to smash his way into the zodiac, the other Gods could only feel pity for Long Chen. Of course, there were also a large number of people who had a lot of confidence in him!

"If I don't die, I'll be injured."

This was the conclusion from the Divine Emperor.

In the next moment, Long Chen was indeed pulled by the Forbidden Rules, and smashed into the surging river. In that instant, water splashed everywhere, and not only did Long Chen not escape the zodiac, he even entered the river bottom with the Forbidden Rules that he was unable to resist, shattering the rocks at the bottom of the river!

"This is interesting, we were hit by the All Gods Garden the moment we entered."

Many of the Divine Emperor s could not help but laugh lightly. They had never seen Long Chen fight before, so they did not think too highly of him.

But in the next moment, a green flame rushed out of the dark green river, and stepped onto the water surface, ultimately rushing out of the river surface, landing on a cliff by the river side. This cliff cut the sword, and there was no danger.

At this moment, he was completely unharmed.

"It's really quite dangerous."

It just so happened that his fire of life was the nemesis of the zodiac, it corroded, and his fire of life was reborn. If it wasn't for this, with the lethality of the zodiac, even a 'Hun Yuan's' hongmengxinling might not have been able to save him.

It was precisely because of this that when the Divine Emperor saw Long Chen coming out of the river unscathed, they felt that it was inconceivable. Many Divine Emperor with initial state imagined that if they were to fall into this zodiac, even if they were able to escape, they would definitely not be able to do it as easily as Long Chen.

"Rumor has it that this Long Chen's attainments in terms of rules are not bad, so it looks like he does have some tricks up his sleeve."

"Limitless and the Great Void have both quickly hidden themselves. The battle just started. To tell the truth, everyone in the Myriad Gods Garden is looking forward to them meeting and fighting."

Very quickly, the Divine Emperor s' gazes and topics were still on Xing Wuji and Ji Taixu.

"Forbidden Rules!"

Because of this rule, Long Chen's speed had also been greatly suppressed.

In front of his eyes was an endless mountain range, with many mountains and mountains. It was over a million miles in the Endless Territories, and there was also a huge suppression and danger. He couldn't mistakenly enter the Yin and Yang Formation. It would definitely greatly affect his speed!

"There will be a period of time until I find them, unless I can create a big commotion to lure them over or find them in the dark first."

The interesting part of the battle in the forest was concealment and the unknown. How to use the surrounding conditions to fight was also an art!

When Long Chen entered the state of the Time Traversing Dragon, he slipped away in the direction of where he remembered Ji Taixu was.

"Ji Taixu and Xing Wuji are obviously heading towards the other party. I will head towards the center of their meeting."

Long Chen did not fear them, and did not want to completely hide and take advantage of them behind him, because this was a battle with points. Even if he was the last to have complete combat strength, Xing Wuji and Ji Taixu had lost, and if Long Chen had attacked too little, even if he won the sneak attack, he would still be ranked fourth on the Divine King List.

If he wanted to be number two, he had to participate and win!

Therefore, he couldn't avoid it!

His actions were extremely fast and violent. Under the effect of the Forbidden Rules, he went over hills, crossed rivers, passed through thousands of mountains and rivers, went through countless of rivers, and under the effect of the Time Traversing Dragon, even the Divine Kings had lost track of Long Chen. In the end, the Extreme Delight marked him down, allowing everyone to see him clearly.

"Looking at his direction, is he planning to head towards the center of the meeting between the Great Void and Limitless?"

"Do you want to wait until both the Great Void and Limitless are injured before making a move? However, even if we were to succeed, this kind of sneak attack can only be used to place fourth on the Divine King Rankings. "

After all, Xing Wuji and Ji Taixu were advancing opposite each other, and Long Chen's goal was the point where they met. Since they had to travel longer than Long Chen, by the time he arrived, the outcome of the battle would most likely be decided.

However, if the war at the Myriad Gods Garden was that simple, there wouldn't be a need for the Extreme Delight!

In the eyes of the Gods, Extreme Delight's hands had already touched the barrier of the God's Paradise. She was very focused, as if there was no one around.

"The A million Fiendgods has appeared!"

"Every person has to be around a hundred and thirty thousand Fiendgods, so Extreme Delight is quite fair. These Fiendgods were capable of giving them a good beating before they encountered any danger, disrupting the rhythm of their battle. How to preserve one's strength in this kind of high consumption is an important test for them. "

"Moreover, Forbidden Rules s, Yellow Springs Earth, Soul Devouring Wind, zodiac, death soul incense, etc. will always be there to accompany them. Even if it was him, his Primordial Spirit was ruthlessly scratched a few times. Just as he was about to recuperate, a A million Fiendgods appeared, which is a bit unfair to him. "

"There's no fairness, this is the All Gods Garden. If that's the case, then Long Chen would fall into the zodiac the moment he enters, wouldn't that be even more unfair?"

Outside the Paradise of the Gods, all the gods were discussing.

Unknowingly, they had originally been paying attention to Xing Wuji and Ji Taixu, but the number of topics regarding Long Chen had become more and more. At this moment, the army of fate Heroic Spirits in the park appeared one after another!

At this time, Long Chen was stepping onto a grassland. Upon closer inspection, he saw that the grassland ahead was lush and verdant, with a light breeze blowing and a fragrant wind blowing, faintly giving people a feeling of comfort.

"This wind ..."

He couldn't help but suspect that the more beautiful a place was, the more dangerous it would be. This grassland was endless, and it was a magnificent green field. It might even be a land of murder! Especially Soul Devouring Wind, they were ten times more difficult to deal with than zodiac, after all, they were directly aimed at the primordial spirit!

He had to take a detour.

Behind him was a forest, from which Long Chen had just emerged.

Just as he was about to take a detour, all of a sudden, an endless amount of killing intent came from behind him. The originally tranquil world suddenly resounded with a monstrous killing intent, and for a moment, it was deafening. A cold murderous intent gushed out from the forest behind him.

Every single one of the Fiendgods seemed to be real!

Each god and demon was different, they were all proficient in different rules, holding different divine tools for creation, and similarly, the killing intent that could tear the heaven and earth apart, one was fine, but the combined killing intent of three hundred and thirty thousand gods and demons, had brought about an incomparably fierce impact on Long Chen!

"Kill!!!"

In that instant, the sounds of killing were like a heavy hammer smashing down, like monstrous waves sweeping over!

The 330,000 Fiendgods were able to unleash the power of hundreds of thousands of Laws. That beautiful forest and the endless green in front of them were instantly destroyed, turning into a barren wasteland!

But the Soul Devouring Wind still existed!

With Soul Devouring Wind in front and three hundred thirty thousand gods and devils behind, Long Chen laughed helplessly, "Is this still the battle of the Divine King Board? It's the three of us challenging the All Gods Garden! "But, interesting!"

He was not frightened.

A million Fiendgods, three hundred and thirty thousand appeared. It was clear that both Xing Wuji and Ji Taixu were facing such an attack at the same time, but no one knew how their current situation was!

Long Chen did not care so much.

He only needed to defend himself!

"If I rush to the grassland, where the Soul Devouring Winds are located, these three hundred and thirty thousand Fiendgods will also chase. That would be a double danger! "That's why I have to run into the forest!"

Although it was called a forest, it was actually completely destroyed!

Long Chen made a prompt decision. When the 330,000 Divine Demons rushed over, not only did he not retreat, he was not pursued. Instead, he charged into the army of Divine Demons and charged directly at them!

"Victory or defeat will be decided through evaluation. The battle between me and these 330,000 Fiendgods will definitely be included in the assessment." Any kind of performance is a way for me to seek power! "

With this thought, Long Chen became even more straightforward!

Outside the park, the hearts of countless spectators tightened. In their eyes, the three challengers were all facing the slaughter of three hundred and thirty thousand gods and devils, Long Chen being the most dangerous among them. He was accompanied by the Soul Devouring Wind, but he was smart enough to not get rushed in.

But it was also very troublesome because he had nowhere to run. And right now, Xing Wuji and Ji Taixu were both avoiding fighting against the three hundred and thirty thousand Divine Demons, instead, they were preserving their fighting strength. The three hundred and thirty thousand Divine Demons were hunting them down majestically, but it was difficult to pose any threat to them in the near future!

If Long Chen wasn't a Soul Devouring Wind in the beginning, he could still escape.

As a result, Xing Wuji and Ji Taixu could be seen moving closer to each other as they changed forms. They were extremely cautious, while Long Chen and the God Demons were engaged in a free-for-all! From the looks of the situation, it was undoubtedly the biggest on Long Chen's side!

On the side of the Realm of the Great Desolate Emperor, more than ten Divine Emperor were staring at Xing Wuji and Xing Wuji.

"In the All Gods Paradise, this A million Fiendgods is immortal. It was said that the Extreme Delight would let them appear for two hours straight and consume their divine power. The Great Void and Xing Wuji have done very well, they don't want to fight with them."

"That Long Chen actually doesn't understand anything about this. He will directly engage in a chaotic battle with the gods and devils, and after two hours, even if he survives, how much combat power will he have to face the Great Void and Limitless? Thus, this battle, was ultimately still the battle between the Great Void and Limitless. This Long Chen can only be used to divert everyone's attention. "

The discussions in the other areas were similar.

The Divine Kings also knew that Long Chen fighting against the gods and devils was an unwise move, after all, not even the gods and devils could kill all of them! However, they had to admit that Long Chen's luck was too bad. The Soul Devouring Wind was right in front of him, how could he escape?

Tell the truth

When he fought with these three hundred and thirty thousand gods and devils, Long Chen finally understood.

"They are the same as the hundred thousand demon spirits of the God Slaying Sword, only the Creation Heroic Spirits, use the God of Creation of the Myriad Gods Paradise. As long as the God of Creation exists, they will not die. Even if we fight until the end of time, we won't be able to kill them. "

Chapter 2880 - Tripartite Convergence

Which is to say, even if Long Chen had the power of all living things, and the power of all gods, if they continued fighting like this, he would eventually die from exhaustion!

It was just that they were surrounded by 330,000 Fiendgods, with three layers on the outside and three layers on the inside. There was no end in sight. To break out of their encirclement was already quite difficult! Long Chen had missed the chance to escape, and was now surrounded and killed!

Those Fiendgods weren't afraid of death at all, because they didn't live and die in the first place.

All of them were suicidal attacks, no matter how weak they were, they would still be able to grind Long Chen to death in the end. After all, they were using the power of Eternal Creation Divine Artifact!

This was equivalent to Long Chen fighting with a third of the Eternal Creation Divine Artifact.

"Ji Taixu and Xing Wuji, if there are no Soul Devouring Wind in front of them, they should not be surrounded, even if there are none, it would be a lot easier. I have to think of a way to resolve this deadlock, if not, even if I have to rush out, their battle will be over, no matter how many lives I have, I will still be exhausted!"

Long Chen understood clearly!

In fact, outside of the park, he had already become a joke.

He himself was surrounded by 330,000 Fiendgods.

The only thing that the Divine Emperor was concerned about was Xing Wuji and Ji Taixu's battle. Only the Battlefield of Divine Devil was worried for Long Chen.

"Hai." The Darkstar Divine Emperor couldn't help but sigh. Although it looked fair from the start, and the Soul Devouring Wind s after, it was actually unfair. The trials that the Extreme Delight had given Long Chen were still a little more. It was obvious that even she herself felt that Long Chen was a troublemaker.

However, at this time, the Dark Star Divine Emperor heard the Divine Kings's clamor!

He focused his attention on it!

Actually, it was Long Chen who had thought of a solution.

In the beginning, he had used other rules to fight. Basically, every time he fought, he would cause a large number of Fiendgods to dissipate. However, they quickly gathered together, maintaining a total of 330,000 at all times.

This way, they could kill for tens of thousands of years.

So, with a flash of inspiration, Long Chen drew circles with his hands and opened the Death Realm's Dragon Gate!

He held the Death Realm's Dragon Gate in his hand and expanded it infinitely. The Death Realm's Dragon Gate was shrouded in a cold wind, and wherever he passed, a large number of demons and gods were directly swallowed by Long Chen, being swallowed within the Death Realm!

Very quickly, the Divine Kings saw that the gods and devils that had been swallowed into the Death Realm did not reform but had all disappeared. With the Death Realm's Dragon Gate, Long Chen was swiftly slaughtering three hundred thirty thousand gods and devils!

"Such a rule!" The Divine Emperor s who were still paying attention to Xing Wuji and Ji Taixu suddenly heard the Extreme Delight's cry of surprise. They couldn't help but look over and see this scene!

"Damn it!" Extreme Delight suddenly laughed.

This smile made all the Divine Emperor felt their hairs stand on end.

"Retreat!"

In an instant, under one of Extreme Delight's thought, all the gods and devils around Long Chen disappeared. After becoming empty, Long Chen was stunned for a moment, then immediately understood that it was the Extreme Delight's doing.

"Did she feel heartache for these Fiendgods?" Long Chen naturally knew what the Extreme Delight was thinking.

If he were to let his Death Realm's Dragon Gate attack his, his losses would be huge. She would not let his treasures get damaged just because of a fight on the Divine King Ranking, so she had directly taken out 330,000 Gods and devils.

Long Chen bowed towards the heaven and earth: "My apologies, Senior Ji Le. Long Chen can do nothing about this. I hope that senior will not lower himself to the same level as this junior. "

He did not want to offend this Extreme Delight, so he had mentioned it to him. The other party, who was a dignified Extreme Realm Divine Emperor, would naturally not bother with him because of this sort of thing.

"It's fine." As expected, the Extreme Delight's attitude towards him had become much gentler.

Outside the All Gods Paradise, the Extreme Delight's actions had already aroused the dissatisfaction of the Wing Emperor and the Tong Tian Divine Emperor.

"Extreme happiness, what do you mean by completely eliminating this god and demon?! Xing Wuji and Ji Taixu are still entangled by this god and demon!"

The Divine Emperor of the Realm of the Great Desolate Emperor and the Heaven Punisher planet were all dissatisfied.

The Extreme Delight said indifferently: "He already has a way to deal with this god and devil. With this speed, it will take less than fifteen minutes to finish off all three hundred and thirty thousand of my gods and devils without suffering the slightest bit of damage. This is his ability, whether I withdraw or not, the results will be the same. Do I have to lose 330,000 Fiendgods just for the sake of fighting between the juniors of your two clans? You want to compensate me? "

It could be seen that after using the Death Realm's Dragon Door, Long Chen instantly felt no pressure.

Withdrawing or not would not affect them at all, but the two Divine Emperors were still a little confused. They never thought that Long Chen would have such a miraculous rule, that he could actually deal with three hundred and thirty thousand gods and demons before Xing Wuji and Ji Taixu. They could not accept this, but they could not deny that they were still a little shocked in their hearts!

They asked the justice Divine Emperor of the Heavenly God Realm for their opinion. Those Divine Emperors discussed for a while and sent a representative, saying: "Long Chen displayed his talent and abilities in terms of rules, and has restrained three hundred and thirty thousand gods and demons. We believe that Extreme Delight did not do anything wrong, and according to logic, if Ji Taixu and Ji Taixu also had a way to completely eliminate three hundred and thirty thousand gods and demons, the Extreme Delight would definitely withdraw, which is fair for anyone. I hope everyone can take Long Chen's strength seriously!

With these words spoken, this matter was decided.

After all, they were the ones who were impartial, while the Great Wasteland Emperor, Celestial domain and Xing Tian Martial Immortal were merely spectators. According to the rules, there was no right to fight.

This small reversal of Long Chen's caused all the Divine Kings to become excited. They saw Long Chen's hope again! Even if he lost in the end, it was enough to surprise the The Diremonster Battlefield of the imperial level s.

"This is just a small matter. Since this is a challenge to the Divine King Rankings, it will depend on the true battle between them in the end. not this luck. "

One of the female Divine Emperor in the Great Desolate Emperor's heavenly domain said in a sour tone, not too convinced.

However, what she said made sense. Right now, there was no way to confirm anything. In the end, it all depended on who would be ranked number two and who would be number four!

The eyes of the gods once again shifted to the battlefield!

Long Chen did not chase after the gods and demons. His speed was ten times faster than Xing Wuji and Ji Taixu's, bypassing the endless prairie, and flying towards the direction where Ji Taixu and Xing Wuji should meet!

All the Gods saw his determination to fight!

Might as well, be strong!

Thus, it was very likely that they would meet at the same time!

Time flowed on! Seeing that they were all getting closer to each other, the various Gods were all looking forward to it even more. Divine Kings was even more nervous than Long Chen himself, because even though he couldn't see Xing Wuji and Ji Taixu, they could see him!

Along the way, Long Chen encountered a few more dangers!

The first time was the Death Soul Fragrance.

This time, he was able to withstand the might of the death soul incense and woke up from his slumber. However, he was still dizzy and extremely weak after that, so it was still rather dangerous to meet a battle in this state.

He also encountered the Yellow Springs Earth and others, but they did not cause much damage to him. It had allowed his fires of life to recover.

"If I was like this, they would actually be affected as well." Long Chen was clear in his heart, but even though he was not very clear-headed, he did not retreat. Instead, he continued to advance with the increase of his God Power, his mind becoming clearer and clearer.

"Fiendgods!"

Suddenly, many Fiendgods appeared in front of them!

He did not know that the Divine Kings outside had already cried out in alarm.

He knew that the gods and devils around him had long disappeared. Meeting the gods and devils in this place, it was very likely that they were both Xing Wuji and one of Ji Taixu's group. He crossed many mountain peaks, stood at the highest peak, and looked out into the distance. In front of him was an extremely huge basin.

Wherever they went, everything was destroyed, creating a loud noise. The two squads of demons chased after two people, and those two were Xing Wuji and Ji Taixu. They rushed towards the vast basin at the same time, and met each other head on!

And Long Chen was right on top of that mountain peak!

"Are they all here!?"

They had met Long Chen head on, but they had not seen him yet.

Outside the Realm of the Gods, the Gods had thought that Long Chen would be the first to hide. Unexpectedly, just as they were about to meet, Long Chen had directly leapt up from the mountain peak

and heavily smashed into the basin. With a loud explosion, the ground around Xing Wuji and his group cracked and the Long Chen standing before them!

The three of them met directly!

The distance between each of them was less than a thousand meters!

Long Chen directly broke into their encirclement of three hundred thirty thousand demons, and instantly, quite a few of them split up, attacking Long Chen directly!

It was shocking enough that Ji Taixu and Ji Taixu met under the encirclement of many gods and demons. They were just about to kill each other, but they did not expect that Long Chen would actually rush in at this time! They did not expect that under the pursuit of the gods and devils, Long Chen would be able to break into the center of their meeting!

This meant that Long Chen had crossed the longest distance!

They quickly realized that Long Chen had already gotten rid of the god and demon that was chasing after them!

"No Fiendgods chase you?" Ji Taixu bellowed.

"I've solved it." When Long Chen said this, he was scared stiff, he could not help but look at Long Chen a few more times. Previously, he did not care much about Long Chen, but now, he had to admit in his heart that because of his existence, the battle seemed to be even more troublesome!

On the other side, Xing Wuji was violently killing gods and devils!

Ji Taixu frowned. The more than six hundred thousand gods and devils were still frantically attacking.

"Then let's have a free-for-all here. The most exciting thing is, isn't it? "

Ji Taixu's gaze was as hot as the sun. He swept across Xing Wuji and said, "Xing Wuji, don't you feel that this guy is getting in the way? Let's work together to finish him first, then we can have a fair and square fight, how about that? I'll give you his Shooting Sun God Bow! "

In order to solve Long Chen's problem, he was willing to give up his Shooting Sun God Bow.

Xing Wuji coldly glanced at him, then said decisively: "I do not like allying with you, go ahead and fight whatever you want."

In a free-for-all, everyone was an opponent, and that was the most terrifying.

Ji Taixu was just like that. Don't even think that she would listen to him and ally with him.

His eyes turned as he said to Long Chen in the middle of the battle: "Then, how about we join hands and finish this Xing Wuji? "She's much stronger than me."

If not for this situation, he would not even bother to talk to Long Chen.

"I'm not interested either." Unexpectedly, Long Chen responded to him decisively and straightforwardly.
