

War God 2881

Chapter 2881 - Shrouding the Sky!

Hearing that, Ji Taixu could not hold back his laughter.

He had long known in his heart that Xing Wuji had such a personality, so he didn't care about it. Yet this Long Chen still responded to him in such a manner in front of his eyes. He was truly infuriated at that instant.

Actually, they were still being attacked by more than six hundred thousand Fiendgods!

Ji Taixu quickly calmed himself down. Right now, what he desired the most was to find a quiet place to fight Xing Wuji.

But he accepted the reality, the situation.

All three of them were in this basin. In just a moment, a fight had broken out between them. This was unavoidable! Especially Xing Wuji and Ji Taixu, they were protecting their divine powers from the encirclement of three hundred and thirty thousand gods and demons, just so that they could be able to defeat their opponents in a flash!

"Rivers and Mountains Pen!" "The Book of Nations!"

It was an invisible force that formed a terrifying deterrence. The moment the two Godly Creation Artifacts appeared, the surrounding gods and devils were all shaken to pieces, and a large area around Ji Taixu was completely empty! The space around Ji Taixu turned into a sea of white mist!

Long Chen noticed that there was a painting on his left hand. Inside the painting was a painting of the heavens and earth, mountains and rivers, the sun, moon and stars, and the lives of trees. Although it was just a painting, the power within it fluctuated, constantly changing. It gave birth to a magical power, as if it was a real world!

This was the map of the world!

There was also a brush in his right hand. It was a brush, and the ink drawing looked like it was drawn by that pen. It looked normal and ordinary, but wherever the brush went, time and space would change, and all living things would submit to it!

With the brush and the map, Ji Taixu's aura instantly rose to the level of a ruler. He stood above Long Chen and Xing Wuji, high above them, as if he was a god who ruled over everything!

However, when Ji Taixu's aura overflowed into the heavens, as long as Xing Wuji moved, an incomparably strong fighting spirit would burst out. This was the strongest warrior that Long Chen had ever seen, a woman born to fight, as if Long Chen was born to slaughter!

The resulting shock wave engulfed the entire park!

For a moment, it was as if all the Gods' Paradise would explode under the powerful attack of his battle intent!

Xing Wuji's body looked petite, his skin tender and alluring to the point of making one's imagination run wild, but at this moment, her petite body was holding onto a gigantic bronze shield in one hand, completely blocking her entire body. The shield was simple and heavy, with a pattern carved on it, as though a vast sky was collapsing.

This is the Mighty Sky Shield!

The Mighty Sky Shield possessed visual impact, but the Heaven Splitting Axe that was held in her right hand was even more astonishing. It was a gigantic axe that seemed to be filled with the passage of time, its surface was stained with rust, and it looked as though it would break at any moment. Even the axe blade looked dull, but no one dared to underestimate the power of the Heaven Splitting Axe! With just a single glance, Long Chen felt a deep shock, as if his body had already been split open by the Heaven Splitting Axe!

"The son of the Hierarchy, his resources are indeed abundant. Just on the aspect of a Creation God Equipment, it is far superior to that of an ordinary God King." Long Chen thought, but at the same time, he also had the Immortal Sword Demon Tower as his body. The hundred thousand spirits battle song sounded out from the tower, and within the God Slaying Sword, a hundred thousand demon soldiers' killing intent soared to the sky!

Outside the All Gods Garden, it was finally this moment. Divine Kings held his breath, feeling nervous, and the other Divine Emperor s also stopped talking and concentrated on watching the battle!

The three of them were engaged in a chaotic battle!

Everyone was an enemy, everyone was a comrade!

The battle had started with Ji Taixu. When the brush and the map of the world was in place, a hundred thousand meters of divine light suddenly exploded in his eyes. Faintly, two words emerged from within, and the divine light swept across the surroundings.

"The Eye of the Emperor! Fiendgods, kowtow!"

The divine light and the voice carried an incomparable amount of suppression and control. This was the rule of Ji Taixu's century of overlords, and this monarch's eye was somewhat similar to Long Chen's Heaven's Eye and wishful eye!

As if he had turned into a giant, his life command was all made up of the power of laws. Under this suppression, Long Chen almost knelt on the ground, but he quickly used the Heaven's Eyes of Destiny to block the eyes of the emperor.

Of course, it was not only him who broke Ji Taixu's rule!

On the other side, Xing Wuji's fighting spirit was extremely strong, and the Monarch's eyes seemed to have no effect on her! His entire person had turned into a terrifying war god, holding onto the Heaven Splitting Axe, Mighty Sky Shield, her target wasn't Long Chen, but Ji Taixu instead!

They still subconsciously treated the other party as a mortal enemy!

"Ignore me?" Long Chen laughed coldly, but in truth, it was already shocking enough that he could dispel the emperor's eyes so quickly. Now, without saying a word, the Immortal Sword Demon Tower was rushing towards Ji Taixu!

It instantly turned into Xing Wuji and Long Chen attacking Ji Taixu together!

"Despicable!"

The Divine Emperor of the Realm of the Great Desolate Emperor were a little displeased.

However, the battle scene had undergone a huge change!

"Open the sky!"

Long Chen had experienced Xing Wuji's way of fighting!

The rules were all the most ferocious of attacks and lethality. Just like how she was directly holding onto the Sky Splitting Axe at this moment, a weak girl was holding onto the Sky Splitting Axe that was even bigger than her with one hand. The Sky Splitting Axe was firmly held in her hand without the slightest movement!

Sky-splitting technique!

In that instant, Xing Wuji seemed to have transformed into a giant who was taller than even the gods and devils, Zhou Shan. That was an incomparably strong willpower impact, Ji Taixu should be able to feel this might even more than himself!

Simple, straightforward, but brutal!

This was Xing Wuji's way! Her rule!

The axe blade was able to split the sky and split the earth!

What exploded out was the Heaven Splitter Earth War God's source energy!

"The Book of Nations!"

Facing this heaven shaking technique, Ji Taixu remained calm and collected even when the space in this Divine Paradise was torn apart. He waved the painting, and the painting changed in an instant, forming a world in front of Ji Taixu's eyes. This was a world that seemed to be real, with a powerful devouring force!

The collision of the Heaven Splitting Axe and the World Map!

BOOM!

The resulting huge impact sent Xing Wuji flying. Of course, Ji Taixu was also forced to stagger backwards. The scene just now was the map of the world enduring the power of the Sky Splitting Axe, but that world had also been mostly destroyed!

But when Ji Taixu's map of the World returned to his hands, the ink painting became a ball of messy ink. However, the ink quickly dissipated and once again formed the ink painting!

"Xing Wuji, you have not improved at all!"

Ji Taixu laughed coldly, but before he could finish, Xing Wuji, like a battle maniac, rushed forward again. This time, she did not use her Sky Splitting Axe, but directly used her Mighty Sky Shield to attack!

"Shrouding the Heavens!"

Another battle rule!

The Mighty Sky Shield descended above Ji Taixu, and Xing Wuji was already standing below it. The Mighty Sky Shield started to spin at a terrifying speed, blotting out the sky and blotting out the sun, completely trapping Ji Taixu within it. It was pitch black, and at the same time, the Mighty Sky Shield was suppressing the world below with its terrifying strength!

Xing Wuji's attacks were extremely powerful and fierce. When she fought, he would not stop!

RUU...!

Under the Mighty Sky Shield's suppression, the ground that Ji Taixu was standing on suddenly exploded, and an incomparably huge fissure appeared!

In the arena where they were battling, those Fiendgods were simply unable to approach them, nor were they able to affect them!

Ji Taixu was just about to be crushed into dust, but of course, he wouldn't be defeated that easily. At this moment, he was using the painting to block the Mighty Sky Shield and had a stalemate with Xing Wuji!

It seemed like the battle had been very exciting!

Both of them were focused on each other.

"Ignoring me like this?" Long Chen rushed to Ji Taixu's front in the blink of an eye. He was a bit further away from the two before, but when the terrifying killing intent from the God Slaying Sword descended, Ji Taixu realized that the situation for the three of them would be like this. When he and Xing Wuji was in a stalemate, Long Chen would very likely sneak an attack!

So it was like that!

"Stupid!" Ji Taixu could not help but sneer. When he was fighting against Xing Wuji, the River Mountain Brush in his right hand finally moved, and he saw Xing Wuji drawing a gigantic beast with a terrifying speed in the air. In that instant, the Ink Beast let out a furious roar, and it transformed into a true gigantic beast in front of Long Chen!

BOOM!

A huge beast appeared in front of Long Chen!

Wings, black dragon scales, red blood veins, an incomparably ruthless appearance, ice-cold fangs, blood-red eyes, thick arms and legs, a stiff tail like a whip!

"Battle demon!"

In that moment, Long Chen was truly stunned.

This was a huge beast that he was too familiar with. This was an archaic Giant Demon, the battle demon he had devoured in the Death Realm! Back then when he fought against the Battle Demon on Dragon Sacrifice Continent, he suffered a lot of casualties. He would never forget the Battle Demon!

Ji Taixu had actually summoned his Battle Demon!

Roar!

The Battle Demon did not recognize him, so when he appeared, he immediately used his battle strategy to attack Long Chen, and the first thing he did was to use the Immortal Hand Seal!

This attack back then had been a huge headache!

The battle devil in front of him was definitely not just at the realm of Primal Realm King!

RUU...!

It was all suppression!

Long Chen did not care anymore, as this was a once in a millennium opportunity, he held onto the Battle God's Sword, and when the Battle Demon rushed towards him, he also rushed towards the Battle Demon. On the God Slaying Sword, an illusionary Time gathered, turning into nothingness and indistinct, but incomparably sharp!

"Sword of Time!"

A sword swept past the Battle Demon's body!

BOOM!

The Battle Demon transformed into ink and crumbled in front of Long Chen's eyes. Right at this moment, Long Chen appeared in front of Ji Taixu.

Chapter 2882 - Limitless Battle Soul

A breathtaking sword strike!

After a few godly battles, the Time Sword had already been tempered to a mature level by Long Chen. When Ji Taixu was fighting with his life on the line, although he had summoned his Battle Demon, he never thought that the Battle Demon would be unable to stop Long Chen!

Long Chen's Sword of Time, had shocked him for the first time, causing him to lose focus in his battle with Xing Wuji! Of course it also made the Divine Emperor outside have a whole new level of respect for Long Chen!

Many of the Divine Emperor realized that they had neglected Long Chen too much.

With the speed at which Long Chen killed the Battle Demon, such strength should actually be on the same level as Ji Taixu and the others. No wonder Long Chen could defeat Tian Yi!

However, they didn't expect that this was just the beginning!

The Sword of Time had shattered a Demon of War!

Xing Wuji's attacks were berserk, she stood on top of the Mighty Sky Shield, his two feet crazily stomped on the ground, creating an earth-shattering sound. Just now, Ji Taixu had been distracted to take care of Long Chen, but as a result, he was smashed into the ground by Xing Wuji's monstrous strength!

RUU!

The surroundings were filled with the sound of explosions!

Right at this moment, Long Chen broke through the Battle Demon and appeared behind Ji Taixu. Ji Taixu was fighting against Xing Wuji right now and gave him a very good chance!

"Extinct Dragon Seal!"

Long Chen's decisiveness caused a huge change for the first time since the start of the battle. At that moment, the Demon Suppressing Pagoda was thrown away by Long Chen, and a blood colored array diagram appeared.

Weng! *

Sensing the terrifying killing intent, Ji Taixu hurriedly turned his head back and the River Mountain Pen pierced towards Long Chen, but his reaction was too hasty. The River Mountain Pen was directly smashed away by Long Chen's Demon Suppressing Pagoda, the blood colored Demon Suppressing Pagoda bringing the Extinction Dragon Seal, straight into Ji Taixu's chest!

Bang!

Ji Taixu's face instantly paled!

The of Extinction imprinted itself onto his chest, and what it killed was his Primordial Spirit. At that moment, under the violent killing of the Dragon Seal of Extinction, Ji Taixu's Primordial Spirit was severely injured, from its peak state to its death! The most important thing was that Xing Wuji's Mighty Sky Shield was not courteous in the slightest. When Ji Taixu was severely injured, the Mighty Sky Shield suppressed him down, and instantly pressed Ji Taixu into the deep mud.

BOOM!

Ji Taixu disappeared from Long Chen's sight and was replaced by Xing Wuji, who was staring at him coldly!

It was a will to fight that could reach the Heavens!

Like a river, like a wave, like a storm, it charged towards Long Chen!

Long Chen would naturally be able to guess, there would definitely be a huge uproar outside at this time, because the reason why Ji Taixu was heavily injured this time, was mostly because of Long Chen! It was taboo to look down on one's opponent because Ji Taixu placed great importance on his and she was the one who wanted to challenge him, so almost 90% of her energy was focused on battling Xing Wuji!

Only 10% of the attention was focused on Long Chen.

This was the direct cause of Ji Taixu's defeat. If both sides were 50% of the way, even if he were surrounded by Xing Wuji and Long Chen, he wouldn't have been injured so heavily so quickly. He really

didn't think that Long Chen could destroy the Battle Demon with a single slash and then instantly use Extinct Dragon Seal to defeat him!

The might of the Dragon Seal of Extinction, was too strong, too ruthless, it came all the way here to kill. Ji Taixu could still keep his life, that was because Long Chen did not dare to kill him.

In the eyes of the Divine Emperor, a seasoning for battle had instantly become the main character. He had definitely killed one of the main characters and contributed the most important part of his strength.

The various Celestial Kings were shocked at first, but soon after, they broke out in cheers. They were so excited that they could no longer speak!

A heaven-defying performance!

Victory and defeat will be decided at the beginning!

If Ji Taixu lost, and lost the power to fight, just this once, Long Chen would have the qualifications to enter the Ranking of the King of the Gods third place!

Of course, the ones most shocked were the Divine Emperor of the Realm of the Great Desolate Emperor!

Even Emperor Yu's Divine Emperor did not expect such a situation to occur!

They had wanted to watch Ji Taixu challenge the second rank of the Divine King Ranking!

He was killed right after the match began!

"Great Void underestimates that Long Chen ..."

They were all Divine Emperor, so they naturally understood that in their eyes, Long Chen did not have the ability to instantly kill Ji Taixu. It was only because Ji Taixu had focused all his energy on Xing Wuji that he suffered a crushing defeat! This was a psychological problem!

"This Long Chen does indeed have the strength to fight against them!"

They had to admit it.

Especially the Dragon Seal of Extinction, its killing intent was too strong.

The moment this rule was revealed, it shocked all the Divine Emperor present!

They were naturally unwilling in their hearts, but with the Extreme Delight present and the people from the Heavenly God Realm, even if they were unwilling, they could only continue watching. They came from a world of Eternity, so they had to at least have this sort of grace!

"Great Void escaped!"

Soon, they heaved a sigh of relief!

When he was suppressed to the ground by the Mighty Sky Shield, Ji Taixu endured his injuries and broke through the soil to escape. Originally, he could not escape, but Xing Wuji blocked Long Chen's path to chase after him, allowing him to escape successfully.

"Long Chen, don't be too complacent, the battle has just started! You have to hold on under Xing Wuji's hand, haha! "

As he fled, he said these words to Long Chen.

Ji Taixu escaped, but Xing Wuji stopped Long Chen. At the critical moment of their battle, Ji Taixu had time to recover, allowing the Divine Emperor of the Realm of the Great Desolate Emperor to feel a little better.

"I'll deal with him directly, and then the two of us will decide the victor. Wouldn't that be much more direct?" Long Chen took a few steps back. He had already escaped with heavy injuries, he wouldn't be able to catch up to him even if he was forced to.

Right now, the one in front of him was Xing Wuji who had overflowing battle intent!

Xing Wuji stepped on the ground one step at a time, the Mighty Sky Shield on his left hand and the Sky Axe on his right. She stared at Long Chen with her cold and passionate eyes, and said with a low voice: "Finally, I will take care of him myself."

So that's how it was!

Although she was a woman, not many people could match her heroic spirit. She could clearly take care of Ji Taixu, but she did not want to borrow Long Chen's power. This meant that Ji Taixu could recover now, and she had to take advantage of this time to defeat Long Chen!

Currently, only Long Chen herself remained in her entire world. The Mighty Sky Shield and the Heaven Splitting Axe vibrated, releasing a sinister voice as they locked onto Long Chen.

The person in front of him didn't seem like a woman, but rather a gigantic beast that blotted out the sun!

Outside the All Gods Garden, the focus of attention had become Xing Wuji and Long Chen's battle, while Ji Taixu was quickly recuperating. The fact that the battle became like this, almost never expected that, this was actually the charm of the chaotic battle between the three of them in the World of Gods!

The more chaotic it was, the more unpredictable the outcome became.

For example, Ji Taixu, he was not weak, but he was almost killed by Long Chen the moment the match started.

"Ji Taixu lost to you because I underestimated you. I won't, when I first saw you, I knew that compared to him, you are more suited to be my opponent!"

Even though Xing Wuji was a woman, his voice was very low and heavy, and just like that, he had a kind of special charm. Her appearance was actually rather delicate, but his eyes were fanatical, cold, and extremely brutal.

Even her breathing was heavy and violent.

Her speed was terrifying, and her monstrous fighting spirit locked onto Long Chen, allowing Long Chen to see what the peak of battle truly looked like!

"Xing Wuji!"

Ranking number 2!

The daughter of the Heaven Punisher!

Fighting versus killing!

Outside the All Gods Garden, even if many people thought that Xing Wuji would still win, but they had already thought that this battle would still be exciting, that Long Chen would still show some results!

A fierce battle was about to break out!

"Limitless War Soul!"

Xing Wuji's body produced a huge change, the Limitless War Soul was a set of battle rules, under these rules, her body burned with the ancient bronze colored battle flames, the same went for her eyes, causing her Profound Spirit Qi to soar, and the Mighty Sky Shield and the Heaven Splitting Axe even released lines of green energy that coiled around her body!

Roar!

All of a sudden, the surrounding ground began to crack under the might of this Everlasting War Soul. Although she was a delicate woman, she was like a prehistoric beast, and yet she still managed to shatter this fairyland of the God's Paradise!

"Then I'll start a fire."

Outside the Myriad Gods Garden, just before Long Chen and Xing Wuji collided, Extreme Delight suddenly said that under her control, a world-shaking change had occurred inside the Myriad Gods Garden!

First, was the disappearance of the A million Fiendgods!

All sorts of terrifying things began to appear in the field of vision of Long Chen and Xing Wuji. The ground beneath their feet actually instantly shattered, and all the places in their line of sight instantly turned into an endless ocean. It was no longer jade-green water, but turbid, withered yellow, and exuded a monstrous stench!

This is the zodiac!

The zodiac submerged the entire world. Because of the existence of the Forbidden Rules, the two of them had no choice but to continue stepping on the zodiac s. However, the zodiac s were incomparably violent, like a sea under a storm.

This was a sea that was as dry as the sky!

Not only that, the Soul Devouring Wind appeared, filling the entire park. This was no longer a breeze, but a blade-like storm, sweeping through the world!

Then, Long Chen found out that the entire Myriad Gods Garden had become a killing ground. It wasn't just the zodiac and Soul Devouring Wind, there was also the Yellow Springs Earth and the Death Soul Fragrance, as well as dozens of other dangers that Long Chen hadn't seen before. These dangers were constantly surrounding the two of them.

"This is too crazy!"

The Divine Emperor s looked at Extreme Delight and felt their hearts shaking. This Extreme Delight was just like this, the battle had already made her very excited, and there was a faint smile at the corner of her mouth, it was terrifying!

But it did not scare Long Chen.

His entire body was covered in flames of life, maintaining the stability of his body through all sorts of disasters, and Xing Wuji on the other side was the same.

How long one could last in such a harsh environment was also a skill!

Chapter 2883 - Decapitation

The deadly seawater, the wind that tore apart one's soul, the intoxicating fragrance that caused one to fall into eternal slumber, the Yellow Springs soil that could block gods and devils, and so on, all of these were torn apart by one's side like all sorts of demons!

Long Chen even felt that the Myriad Gods Garden alone would be enough to torture these two to death without even fighting.

They had to put in a lot of effort to stabilize themselves here, but their fighting strength was also affected greatly, but Xing Wuji did not want to lose his life, so, as she was slightly more stable and suitable, he used the Mighty Sky Shield to break through the layers of waves and rushed forward!

RUU!

Endless waves of zodiac surged into the sky!

Long Chen used the Demon Suppressing Pagoda to protect himself, forcing away the calamities, but the violent sea water still knocked him down. In such an environment, Xing Wuji acted like he had gone mad, and used the Heaven Splitting Axe to slash down!

"Open the sky!"

Moreover, it was Kai Tian who was under the effect of Limitless' battle spirit. This time's attack of rules was stronger than the one against Ji Taixu! She attacked with a single hand, the battle axe cutting open the world, ripping through the starry sky, tearing apart the zodiac. That incomparably strong battle intent charged over, like the birth of a fierce beast!

These were the rules of battle!

Before the battle axe could even approach Long Chen, a tearing feeling could be felt. If not for Long Chen's tough body and the battle axe, he would probably have been torn apart by this intense and explosive force!

"This woman is too violent!"

Long Chen couldn't help but think that this Xing Wuji's man was definitely a pitiful bug. If he was with her, even the slightest bit of anger she would get would be torn apart.

"Sky Execution!"

He held the God Slaying Sword with both hands and imbued it with the rules of the Sky Execution. He had to see just how strong Xing Wuji was! was also like a fierce beast. His heavy sword cut across the sky, and in the eyes of the Gods, it landed on the axe blade of the Sky Splitting Axe!

BOOM!

In that instant, Long Chen felt as if he had endured the impact of the entire world. His hands exploded into a rain of blood, and his entire body was almost shattered. It directly smashed into the boundaries of the Myriad Gods Garden, almost smashing Long Chen flat!

"This girl really has a lot of strength!"

Long Chen was stupefied, the rules for opening the sky were not strong, but the opponent's strength, as well as the divine power was truly too strong, able to directly suppress Long Chen in terms of strength, creating such a terrifying effect.

Of course, the injuries weren't serious. Long Chen, burning his life force at all times, charged out of the zodiac.

"Idiot, to think that he would fight against the daughter of the Heaven Punisher head on. It looks like he really doesn't understand Xing Wuji."

Seeing the miserable state Long Chen was in, most of the Divine Emperor thought the same. And just as they had expected, Long Chen was instantly pushed back by Xing Wuji's berserking power!

However, when Long Chen instantly returned and didn't seem to have any other injuries, they all shut their mouths. Actually this time round, their exchange of blows was considered very balanced, because

the Power of Sky Execution had also transferred into Xing Wuji's body, channeling Xing Wuji's strength, creating an angry dragon that bit into the other party's body!

If not for that, when Xing Wuji had the upper hand just now, he would have charged into the zodiac and continued to fight with Long Chen to the death. He would not have given Long Chen a single chance!

"Break!"

Xing Wuji's palm strike landed on his chest, shattering the Power of Sky Execution in his body, and caused a certain amount of injuries, but she didn't care. He wiped away a drop of blood from the corner of his mouth and his gaze at Long Chen grew even more fervent, icy cold, and explosive!

That strong will to fight, had almost broken through the horizon, transcending the World of Gods!

Under Xing Wuji's intense fighting intent, even the rampaging disaster was forced away by her!

"Again!"

It was a low but pleasant voice!

The more undefeated Long Chen was, the more excited and impulsive he would be. Her fanatical eyes were the most fanatical battle maniacs Long Chen had ever seen.

Explode!

This time it was the Mighty Sky Shield!

The Mighty Sky Shield broke through the ten thousand waves and attacked with shocking force. This was the move she used against Xing Wuji previously, Heaven Shrouding!

Instantly, the surroundings turned dark!

BOOM!

Long Chen was currently exerting his strength, causing Long Chen to understand how Ji Taixu felt inside. No wonder he was so easily struck by the Dragon Seal of Extermination, under the suppression of the Mighty Sky Shield, he couldn't even resist it!

"Time Breaks!"

Long Chen's sword landed on the Mighty Sky Shield, the magic thing about his Time Laws was that they would penetrate all the God Creation Equipment and attack Xing Wuji, which was the tearing of time. But Xing Wuji reacted very quickly, and instantly removed the Mighty Sky Shield! Her Mighty Sky Shield could block a lot of attacks, but it could not block Long Chen's time!

Just the withdrawal of the Mighty Sky Shield was the beginning of Xing Wuji's attack!

The Mighty Sky Shield's way of covering the sky was only to cover one's eyes! The moment the Mighty Sky Shield retreated, Xing Wuji suddenly appeared and used Heaven Splitting Axe!

"God-Slaying Head!"

did not know that the Heaven Slayer God head was a rule of the Heaven Punisher, it was something that he had personally taught Xing Wuji! However, what Long Chen did not know was that the Heaven Punisher head was a rule of the Heaven Punisher, it was a rule that the Heaven Punisher head had personally taught Xing Wuji! Hiding this attack using Mighty Sky Shield s was truly exquisite. Now that it had suddenly appeared, it was simply a divine stroke!

The most terrifying part was the impact on the willpower and the primordial spirit. The most frightening part was Xing Wuji's eyes, and in that instant, her gaze became like a sharp thorn, piercing straight into Long Chen's body, suppressing Long Chen at the fastest speed possible!

Slash!

In the eyes of the gods, Long Chen's head was smashed by the gigantic Heaven Splitting Axe and it flew out.

Xing Wuji's Slaying God's Head was effective!

The gods sucked in a breath of cold air!

Xing Wuji was truly worthy of being called Xing Wuji, this move was simply too tyrannical! As expected, it had crushed Long Chen!

However, although his head had been cut off, it wasn't really a serious injury to the gods and devils, and could be recovered in the long run. Especially Long Chen, who had his head regrow from his body under Xing Wuji's eyelids, completely unharmed. Long Chen had already become more and more proficient in the laws of life. In this regard, if others wanted to achieve the goal of killing him, it would not be easy!

If it was any other god or devil who was beheaded, their recovery would be very slow, and even if they recovered, they would need to consume a large amount of divine power. However, Long Chen had the will of all living beings to support him, so he was completely safe and sound this time! After all, Xing Wuji was too fierce!

"Sword of Time!"

Not only did the Life Code intimidate the Divine Emperor, but the Time Code erupted once more. This time, it was a sword attack to kill off the Battle Demon, and at the most critical moment, Xing Wuji used his Mighty Sky Shield to block right in front of Long Chen, blocking Long Chen's attack!

Clang!

A loud explosion resounded!

The power of time had passed through the Mighty Sky Shield, and Mighty Sky Shield that was able to block everything might not even be able to completely block the sword of time. The moment Xing Wuji gained the upper hand, the time sword that had passed through the Mighty Sky Shield sliced open his delicate body with dozens of bone-deep wounds!

It was only a superficial wound on her body, while the Mighty Sky Shield was still able to block most of the time's energy. Furthermore, the toughness of her body was rarely seen in the world, as the Time Sword that had penetrated the Mighty Sky Shield could only cause her this kind of injury!

Severing the head, slashing the sword!

Both sides had a victor!

Under the sudden rush of the Soul Devouring Wind, Long Chen and Xing Wuji had no choice but to split apart temporarily, but their eyes still firmly locked onto their opponent! Long Chen had to admit that this was an extremely difficult opponent to deal with! This also caused his desire to fight to become as strong as ever. As for Xing Wuji, there was no need to talk about his, she was so excited that she was about to go crazy.

BOOM!

The two of them charged again!

Bang! Bang! Bang!

Under their slaughter, the sky began to wither and the earth began to rage. Countless amounts of sea water rushed into the clouds, submerging the heavens and the earth, forming an incomparably powerful storm!

From the situation of the battle up till now, the two were evenly matched!

Outside the Myriad Gods Garden, everyone looked at each other. They never thought that such an exciting battle would be fought between Long Chen and his team. It should have been Xing Wuji and Ji Taixu, who knows where Ji Taixu had hidden to recover. To Ji Taixu, this kind of result was too miserable!

But the Gods had no choice but to admit that Long Chen's strength simply exceeded their imagination. To be able to fight to this extent with Xing Wuji, and to such an extent without any background, a young Divine Spirit, was rare in all the realms!

Of course, Xing Wuji's limit was far from being the case, she was someone who was good at digging his own grave.

"Bang!"

This was the most terrifying rule Xing Wuji had ever made!

Just one word.

A single word was enough to explain the crux of the rule.

It was a collapse.

The collapse of battle!

The Mighty Sky Shield and the Sky Splitting Axe combined together, suppressing Long Chen's head. Wherever the Mighty Sky Shield went, no matter if it was water or wind, it would disappear without a trace, and crumble into fine powder!

The laws of collapse were transmitted over to Long Chen's head.

Long Chen directly grabbed the Demon Suppressing Pagoda with his hand and raised the Dragon Seal of Extermination upwards. The Dragon Seal of Extermination and the Rules of Collapse met each other, causing the most terrifying collision!

Although he did not hit Xing Wuji, it still injured his primordial spirit, causing him to have no choice but to retreat, and almost fall into the Sky Withering Sea. At the same time, Long Chen's entire body also collapsed, and his injuries exceeded that of the previous time when he had been beheaded!

The two of them temporarily stopped to recover.

Long Chen could not help but take a deep breath!

A formidable opponent!

However, as long as she could endure through it, her power would be endless, and Xing Wuji did not have the will of the masses, she would be defeated sooner or later!

She did not rush to attack Long Chen, but was standing on the sea storm instead. At the moment, her eyes were extremely strange, somewhat lifeless, as though she was being controlled. She began to stride towards Long Chen, becoming faster and faster, at this moment, she gave a strange smile, that smile made Long Chen's hair stand on end!

Suddenly, she lifted the Sky Splitting Axe horizontally and chopped at her delicate neck. For a moment, her devastatingly beautiful face was sent flying away by the blow to her head. Blood splattered across the turbulent ocean!

This was the Head Severing Berserk Transformation!

Chapter 2884 - Heaven Punisher Cut The Sky

A beautiful woman ran towards him, and in front of Long Chen, she beheaded him!

In the blink of an eye, her beauty disappeared.

The head flew past Long Chen and smashed into the sea, disappearing without a trace. Presumably, the zodiac had already corroded it and disappeared.

A decapitated head was called [Madness], Xing Wuji's strongest state!

The woman in front of his eyes had a large amount of blood flowing out of her severed neck, it instantly sprayed out and dyed Xing Wuji's entire body red, not missing a single spot, causing his entire body to be covered in blood, turning her into a bloody person. The boiling blood had spread to the Heaven Splitting Axe and the Mighty Sky Shield, and completely dyed them red, the blood giving off a cold aura!

BOOM!

What followed right after was Xing Wuji's extremely terrifying aura. The opponent in front of Long Chen became even more terrifying, many new powers were born in her body, the origin force of the World Splitting War God also quickly changed, reaching an even more berserk and boiling level, causing the destructive power to be even more terrifying!

If there was one more word to add to this power, it would be destruction!

Xing Wuji who was in a state of destruction!

She brandished her axe and the blood Qi erupted out of her body. Although she did not have eyes, two divine lights shot out from her body, like eyes. From the location of her navel, a monstrous roar could be heard, as if they had already turned into a mouth!

This was a female war god who was about to explode!

Previously, she had already suppressed Long Chen a little, but if she displayed her strongest state, there was no need to even mention how brutal she was right now!

Outside the Myriad Gods Garden, all the other gods were watching this scene in a daze. The Divine Kings had almost never seen this legendary Heaven Punisher of berserk mode before, so the degree of shock in their hearts was not inferior to Long Chen's. When they saw Xing Wuji like this, they couldn't help but be worried for him!

How could he deal with such an opponent?

Her petite body was like that of an ancient beast!

"Open the sky!"

"Shrouding the Heavens!"

This time, the bloody light shot up to the sky and Xing Wuji rushed over explosively. The might of the Heaven Splitting Fist completely surpassed the one from the previous time, and this time, he was releasing Heaven Splitting Fist and Heaven Shrouding Fist at the same time!

Under the vibrations of the Manifestation Divine Artifact, the sky withered and the sea exploded. Endless amounts of seawater rushed out in all directions, forming a deep whirlpool!

But Long Chen was not scared!

Xing Wuji became stronger, his fighting spirit became stronger, and when the rules of battle met with the laws of slaughter, Long Chen had already reached his most perfect killing state, and his entire body

was covered in blood red dragon scales, like a machine of battle, he controlled time, during the time of chaos, he was extremely calm in front of the violent Xing Wuji!

Only by mastering all the rules and regulations and making the best use of them could she display her exceptional fighting strength. With Xing Wuji's current state, facing her head on, naturally, Long Chen had to lose! Therefore, he had to combine time, slaughter, fate, life, and karma together!

"The Sea of Chaos!"

"Spacetime reversal!"

"Death Realm's Dragon Gate!"

"The Origin of Life!"

Although it looked as if Long Chen was being suppressed by this crazy state of affairs, Long Chen was actually completely unharmed. He was berserk, but he had also lost all sense of reason. Right now in her world, there was only one word, fight, and nothing else!

"Fate Heavenly Pupil."

"wishful eye!"

Long Chen used the two rules of fate at the same time, and now that he was extremely close to Xing Wuji, his eyes suddenly changed. The Heaven's Eye had subdued Xing Wuji's blood energy, and the wishful eye had also successfully bewitched her.

"Sword of Time!"

He had done so much just to unleash this sword strike. This was precisely the moment where Xing Wuji was stunned by Long Chen in his continuous battles, and at that moment, Long Chen had retaliated violently. The Time Sword had transformed into a brilliant trajectory that shot towards Xing Wuji.

But, in the end, Xing Wuji managed to struggle free from the laws of fate, and used the Mighty Sky Shield to block the sword of time! Just like last time, the Time Sword once again left a few wounds on

Xing Wuji's body, which made him bleed even more, but it also caused Xing Wuji to become even more furious!

"Die!"

Xing Wuji's aura had been accumulated to the point that it surprised all the Divine Emperor, but the truth was that what surprised them the most was Long Chen. Under such a state, he was still able to keep himself from being defeated, remain unharmed, and even have sufficient strength to fight.

"Don't look at how this Long Chen seems alright, in fact, he is already at the end of his tether. Limitless's battle spirit is getting stronger and stronger as the battle goes on, and the further you go, the stronger he becomes. Long Chen has yet to be hit, as long as he is defeated by Limitless, there is no hope for him to turn things around."

"Yes, in this state, Limitless' strength is one fold stronger than Long Chen's, and he might even be close to The God Emperor of Perfection's level."

The Divine Emperor of Xing Tian War God Star were discussing like this.

The tens of thousands of Divine Kings did not understand the current situation of the battle well, but they were actually a little worried. After all, from the bottom of the lake, Long Chen rarely had the chance to retaliate, and that was all suppressed by Xing Wuji!

"God-Slaying Head!"

With the Heaven Splitting Axe bursting at him, he was simply unable to resist. It was as if Long Chen himself was going to slash off at him!

Kcha! *

Long Chen used the God Slaying Sword to block, but even so, he was still forced back countless of distance. He instantly turned into a star and disappeared from Xing Wuji's sight, while Xing Wuji turned into a streak of blood light and caught up to Long Chen in an instant, attacking him once again!

"Bang!"

The Sky Splitting Axe and the Mighty Sky Shield could be used at the same time!

The Law of Crash!

One move had landed, it was Long Chen's doomsday! At least, it looked like it from the outside, but in truth, Long Chen was very calm. He was no longer the same as himself when he was challenging Tian Yi.

"Sword of Time!"

This time, he used the Great Void Cosmic Dragon's dragon tail to unleash the Sword of Time. This was actually the most fundamental Sword of Time, the Great Void Cosmic Dragon's own attack! At this moment, countless time had congealed on Long Chen's dragon tail. That dragon tail was no longer a dragon tail, but a gigantic sword.

With one sword, he clashed against Xing Wuji's Sky Splitting Axe and Mighty Sky Shield!

In their eyes, the time that passed was incomparably gorgeous, as it instantly pierced the Mighty Sky Shield s. However, the power of time was not something that the Mighty Sky Shield could block, so in that instant, a sword strike pierced through the Mighty Sky Shield, passing through Xing Wuji's body of War God!

Pow!

Although she was a woman, Long Chen could not show any mercy.

The Rules of Crash, had similarly shattered his entire body, almost causing his divine form to be destroyed. Every time they fought, they would inflict heavy injuries on both sides, which Long Chen actually did not benefit from, as he was more of a daughter of heaven, a daughter of the Heaven Punisher! This was not something to be trifled with!

"He actually blocked it!"

Seeing that Long Chen was actually able to block Xing Wuji's attack again, the Divine Emperor started to feel uneasy. Even though they could still defeat Long Chen at this rate, but after such a long period of time, it was clear that in terms of evaluation, Long Chen had to surpass Ji Taixu!

Could it be that he wanted Ji Taixu to be ranked fourth on the Divine King List?

The more they fought, the more nervous they became!

No matter how fierce the opponent's attack was, it was almost blocked by Long Chen, and could even complete a counterattack!

Actually, Long Chen's way of fighting was very simple!

Even though she had gone berserk, she had consumed her energy faster. In fact, she only needed to evade the blade when fighting against such an opponent!

When Xing Wuji began to show signs of fatigue, even she himself was depressed, afraid, and dejected.

That was the chance for Long Chen!

In the middle of the chase, Xing Wuji suddenly stopped in his tracks, as though two streaks of blood red light were staring straight at Long Chen. All of a sudden, she kept his Mighty Sky Shield and held onto the Heaven Splitting Axe with both of her hands, while the blood light around his surged towards the Heaven Splitting Axe, causing the Heaven Splitting Axe to shine with a bright light!

"Limitless is ending the battle." Seeing this, the Divine Emperor knew what Xing Wuji was doing.

Long Chen thought of a rule, that was actually the terrifying rule of the Heaven Punisher. Amongst all his children, only Xing Wuji was able to comprehend it, it was said to be Xing Wuji's ultimate move.

However, at this moment, she was incomparably fast, and her entire body was glowing with a blood-red light.

BOOM!

Suddenly, a giant appeared behind Xing Wuji. A giant without a head, that giant was mighty, millions of times stronger than Xing Wuji. Such a terrifying divine might instantly erupted!

"It's over!"

Seeing the gigantic divine image, the Divine Emperor heaved a sigh of relief in their hearts. However, they had to admit that this battle was very exciting.

At that moment, Xing Wuji erupted with power!

"Heaven Punisher! Anger Slash the Heavens!"

At this moment, the world was reverberating with these words. It was deafening!

The divine image behind Xing Wuji charged with her, and with each step, the entire All Gods Garden trembled!

Faintly, Long Chen saw Xing Wuji's eyes. This rule contained the strongest unyielding nature, pride, and fury, and it had been suppressed for the longest time. The more he suppressed, the stronger it would become.

Sky Splitting Axe, one slash!

This slash could split Heaven and Earth!

With this slash, the Heavenly Dao fell!

In Xing Wuji's eyes, Long Chen was the path of the heavens.

But he wasn't!

Being assaulted by this intense will, Long Chen simply closed his eyes. In this moment of chaos, he had never before calmed down, his body was transforming, he had transformed into an Primordial Blood Spirit Dragon. In his eyes, this was a world of blood, and Xing Wuji had become an ant under his feet.

"This is roughly the true meaning of Dragon Seal's extermination."

In that moment, the word 'Extermination' appeared in his palm.

Heaven Punishing Fury slaying the firmament and Extinction Dragon Seal!

Clashing!

In that instant, Long Chen's entire arm flew out, but after flying out, the Extinction Dragon Seal imprinted itself onto Xing Wuji's chest.

Instantly, Xing Wuji fell into the Sky Withering Sea and the Heaven Splitting Axe fell out of his hands.

Long Chen had taken human form. Under the flames of life, his arm was being reborn.

Chapter 2885 - Yang Array

This time, the Extinction Dragon Seal hit the Heart of Rules right in the middle of Xing Wuji and imprinted itself onto its primordial spirit, causing Xing Wuji to almost lose his divine form. was killed on the spot by Long Chen.

Fortunately, Xing Wuji's primordial spirit was also quite strong.

But now that he had been locked on by the Dragon Seal of Extermination, under this rule, it was impossible for Xing Wuji to recover without Long Chen's help!

"Terrible woman." Although it was only Long Chen's arm that was cut off, the Heaven Punisher Vanguard's power of laws and the Earth Splitting War God's power of origin attacked Long Chen's body.

At the same time, his Hun Yuan's divine power was devouring Xing Wuji's remaining strength. Because Xing Wuji had already fallen into a coma, it was a little easier for Long Chen to expel him!

He was fine!

The outcome of this death battle seemed to have been decided.

It was just that this was a result that neither the Divine Kings nor the Divine Emperor had expected.

Xing Wuji was defeated and fell into the Sky Withering Sea. Right now, his body was being corroded by the Sky Withering Sea and he was quickly withering away.

Long Chen recovered from it slightly and opened his eyes.

Originally, the Divine Emperor of the Realm of the Great Wasteland Emperor was depressed enough when he was surrounded and forced to flee. But now, the gloomiest one was the Heaven Punisher Star, because the Xing Wuji who was ranked number two on the Divine King List had been defeated by Long Chen in a direct battle!

Face to face!

The meaning was different.

Before the battle at the All Gods Garden started, everyone paid attention to Xing Wuji and Ji Taixu. Who would care about Long Chen?

And today, who would dare not to care about Long Chen?

Even the existences of Taiyuan Deity Realm had sucked in a breath of cold air at this moment, feeling extremely shocked in their hearts, and were unable to react to the fact that Xing Wuji was being destroyed by the zodiac.

When they were suffocating, Long Chen rushed into the zodiac s and found Xing Wuji. Now that Xing Wuji had completely lost all consciousness, the fire of life in Long Chen's hands first fell onto her body, enveloping her within. This woman and he had no enmity with each other, of course Long Chen would not kill her.

At this time, Xing Wuji had already lost his berserk mode, and that charming head and face had already reappeared. Long Chen found the Dragon Seal of Extermination on her chest, this was his own strength, he first eliminated this Extinction Dragon Seal, then brought Xing Wuji and rushed out of the zodiac.

He held onto Xing Wuji's slender waist with one hand, the elasticity was truly terrifying, this woman looked weak, but in terms of strength, her body surpassed Long Chen's.

After they came out, Xing Wuji had a spark of life and his Dragon Seal was erased. Only then did she gradually gain consciousness, but it was still very difficult for him to recover to the point where he could make a move.

While she was still in a daze, she heard Long Chen's voice.

"The outcome of my battle with Xing Wuji is already known. Now that she has lost the power to fight again, I hope that you can bring her along to the Divine Paradise to heal."

Xing Wuji opened his eyes in a daze. She was not very clear-headed, but in reality, her memories of the berserk mode where he had lost his head were not very clear.

Xing Wuji checked his body's condition.

His origin soul had been destroyed, his power depleted, and he was no longer able to fight in this miserable state. She left Long Chen and stood on top of the zodiac. She shook her head a few times, gave Long Chen a deep look, and said in a deep voice, "That's right, I lost. Now, withdraw from this battle."

She was straightforward and didn't like taking turns.

Something that even Xing Wuji himself had admitted, even the Heavenly Master Divine Emperor of Xing Tian Martial Immortal could not change this fact. Right now, everyone was still as if they were in a dream. Until the Extreme Delight brought Xing Wuji out, Xing Wuji had returned to the side of the team from Xing Tian War God Star. He did not make much noise, but her gaze was still deep.

"Limitless!" Tong Tian's Divine Emperor was a little worried for her.

After all, for a daughter of heaven to be defeated in the hands of a nobody was a great disgrace.

"Victory and defeat are a common occurrence in battles. It is not surprising. He has indeed taught me a lesson. I admire him. Dropping Ranking of the King of the Gods third place is also not a big matter, it's just an empty title, becoming a Divine Emperor is the right path." Xing Wuji said very calmly.

"I am much more relieved that you can think like this. Yes, we've all underestimated the child."

The Heavenly Divine Emperor took a deep breath. Honestly speaking, before Xing Wuji could say anything, he still wanted to punish Long Chen. But after listening to what Xing Wuji had said, he knew that his previous thoughts were not suitable. Victory and defeat would be decided in a battle. It wasn't the victor that mattered, but the one who had grown up.

But the battle was not over!

Long Chen is still here, Ji Taixu is still here!

Furthermore, Ji Taixu had used this period of time to hide in the shadows to resist the power of the Dragon Seal's extermination. With his abilities, and because Long Chen had not hit him directly, he had recovered quite a bit, and he still had a large portion of his fighting strength!

As a result, the fight inside the All Gods Garden had become the decisive battle between Long Chen and himself!

Originally, Xing Wuji had wanted to defeat Long Chen and get rid of him, but now it was Long Chen's turn.

The other gods hadn't even reacted to Xing Wuji's situation, when they suddenly saw Long Chen break through the Thousand Layered Waves, charging straight towards the place Ji Taixu was hiding! It was like an eagle trying to catch a chick!

Ji Taixu would never have thought that he would actually be hunted!

"He actually knows where Ji Taixu is!"

"Ji Taixu has escaped, he might not have fully recovered yet!"

Every single Divine King could only stare, tongue-tied. Long Chen, who was originally just a seasoning, had not only defeated Xing Wuji in front of him, he was also chasing after him. Furthermore, Ji Taixu was even running away, in an extremely sorry state!

After the fight between Long Chen and the Ancient Slaughterer, Extreme Delight suddenly changed the state of the All Gods Paradise once again. The Gods Paradise once again returned to the peaceful paradise, and with this, Long Chen seemed to be able to locate his position even more.

At this moment, Long Chen broke through the layers of violent winds, rushed across the river, and chased after Ji Taixu!

"Want to run?" How is that possible? "

Ji Taixu had been hit by his Extinction Dragon Seal, and Long Chen had completely relied on the Extinction Dragon Seal to chase after him. If he wanted to escape Long Chen, he would need to completely get rid of the Extinction Dragon Seal!

"As the dignified son of the Hierarch, will he only run away from me, Long Chen?"

Long Chen's voice spread throughout the All Gods Garden. Ji Taixu was an extremely proud person, the more he was provoked, the more he would not be able to endure the excitement.

But after seeing the battle between Long Chen and himself, Ji Taixu knew how frightening he was.

If he were at his peak condition, he would definitely fight Long Chen directly. However, he was currently injured, and simply did not have the confidence to do so. Therefore, he could only flee and recover as soon as possible. Although this was very shameful, if he was defeated directly, it would definitely be even more shameful!

"If I am directly defeated, it will be the fourth rank on the Divine King List! Even Xing Wuji dropped his Ranking of the King of the Gods third place, allowing this nameless person to become second on the Divine King Ranking, pressing down on my head? "

Ji Taixu could not bear it.

"Run! Quickly recover! Defeat him!"

This was Ji Taixu's plan, so no matter what Long Chen said, he would not stop, and turned a deaf ear.

He knew that outside of the Realm of the Gods, everyone was watching this chase. Divine Kings knew that it was very likely that Long Chen would achieve a complete victory, and thus, they all became excited and shouted for Long Chen.

It was indeed embarrassing for the son of the Hierarch to be chased like this and escape.

However, they didn't think that there was a problem. Ji Taixu needed a fair battle.

"What is that place?" A circular lake? " Very quickly, someone noticed the place where Ji Taixu was heading. This was the first time Divine Kings had seen the Realm of the Gods, so of course they didn't know what the circular lake was. But most of the Divine Emperor had heard of it.

"That's a sun formation!"

The Dark Star Divine Emperor was shocked.

In fact, Long Chen's speed was even faster than Ji Taixu's current speed. He relied on Extinct Dragon Seal to lock onto Ji Taixu, and if this continued, he would eventually catch up. Perhaps Ji Taixu had already sensed this point already.

Thus, the direction he was moving in, was actually the Yang Array!

When Long Chen entered the All Gods Garden, the Dark Star Divine Emperor told him to not enter the Yin and Yang Arrays. At first, Long Chen remembered these two general locations and didn't go that way. However, after the entire Myriad Gods Garden had turned into a Land of Chaos, Long Chen had pretty much lost his direction. Now that he was chasing after Ji Taixu, he couldn't grasp the direction of the Yin and Yang arrays either.

But Ji Taixu knew!

He was more familiar with this Divine Paradise than Long Chen, he had even fought here before!

"The sun array is up ahead."

While the Divine Emperor of the Dark Star Realm was panicking inwardly but unable to find a way out, Ji Taixu passed through a mountain range. In the middle of a beautiful valley, a clear bottom-like lake appeared.

Ji Taixu suddenly stopped here, and a cold smile appeared on his face. He turned around, looked at the direction Long Chen had chased from, and muttered: "It's not that easy to get second place on the Divine King Rankings."

BOOM!

In the midst of the crowd's anxiety, Long Chen broke through the mountain range and suddenly appeared in front of Ji Taixu. A gust of fierce wind rushed towards Ji Taixu, causing him to take a few steps back.

Ji Taixu's face was a little pale. In front of Long Chen's blood-colored dragon scales and ice-cold blood-colored eyes, he seemed exceptionally weak. He smiled slightly and said: "Your speed sure is fast.

"It's not that exaggerated."

Long Chen stared at Ji Taixu, and was not too concerned about the circular lake behind him. He naturally did not know that the Divine Emperor s outside were already extremely anxious, but the Divine Emperor s were helpless as they stared at the Wiping Emperor.

"Rivers and Mountains Pen, the Book of Nations!"

Ji Taixu held onto the painting with one hand and his brush with the other. With these two tools in hand, his imposing manner rose. Even if the Extinction Dragon Seal was still here, he was prepared to contend with Long Chen!

Long Chen held onto the God Slaying Sword with both of his hands, without saying a word, he slashed down!

Chapter 2886 - Extreme Delight Array

A sword shot out!

The Demon Suppressing Pagoda threw out more, just the God Slaying Sword, the blood red sword beam suddenly changed, the surrounding time converged, forming a breathtaking sword strike! This sword was formless, Long Chen transformed into a blood shadow, instantly arriving right in front of Ji Taixu!

"The Great Diagram of the World!"

Ji Taixu was extremely calm as he unfurled the painting in his hand. A giant world portrait appeared in front of him, blocking his way!

But, Ji Taixu was still in his weakened state!

When he used the painting, although the divine power was surging and the world seemed to be real, it was not as powerful as when he first used it against Xing Wuji. Long Chen's Sword of Time was even fiercer, surpassing time and falling from the sky, slashing onto the painting!

This feeling, was like being cut on cotton. It was very soft, and completely stopped Long Chen's God Power!

However, the rules of time could not be stopped. The strongest part of the Time Sword had pierced through the map of the world and stabbed into Ji Taixu's body.

Ji Taixu cried out in pain as he flew out and crashed into the ground, almost crashing into the lake. Not only did Ji Taixu have to suppress the power of the Dragon Seal, he also had to suppress the Sword of Time. Immediately, he felt many dangers on his body, and it was clear that he had been completely defeated, and was no longer Long Chen's match.

One move and he fell to the ground!

Long Chen's strength made the Divine Emperor clear once again.

No matter what the result was, they would still be shocked by Long Chen's strength today. It was clear that Xing Wuji and Ji Taixu were not his match.

He was the number two on the Divine King Rankings!

However, with the Sun Formation here, things seemed to be different.

The true name of the Yang Formation was actually the 'Extreme Delight Formation Diagram'.

As for the Yin Array, it was the 'Extreme Grief Array'.

Sad.

These are the two ultimate places of the World of Gods! It was the strongest part of the Extreme Delight. The reason why she had the name of Extreme Delight was actually because of this Zenith Light Array.

At this moment, the Extreme Delight stared fixedly, not interfering at all.

Right at this moment, Long Chen pushed Ji Taixu back with his sword and advanced once again. His goal this time was obviously to completely defeat Ji Taixu and end this battle.

A head-on attack!

In a flash, Long Chen appeared in front of Ji Taixu, and the Demon Suppressing Pagoda was about to be activated!

Ji Taixu suddenly laughed loudly.

"Go to hell."

At the same time, a fierce force smashed into Long Chen from behind. It was obvious that there was something hidden behind Long Chen for a long time.

It was just that Long Chen had not realized it at all.

"Nothingness Demon?" When the huge beast made its move, Long Chen finally realised that Ji Taixu had long since summoned her Nothingness Demon and was waiting for him there.

"Whiz!"

In the nick of time, Long Chen had no choice but to change the direction of Dragon Seal Extinction, and clashed against the unrecognizable Nothingness Demon. With the power of Dragon Seal Extinction, the Nothingness Demon was instantly defeated. Of course, Ji Taixu was able to escape this calamity!

But, this was actually an attack that the Nothingness Demon had stored up for a long time!

The force still knocked Long Chen flying, he was originally at the edge of the 'blissful array', and when Long Chen was rushed in by the Nothingness Demon, he passed him in an instant. There was no suspense, under the eyes of the Dark Star Divine Emperor's most helpless gaze, he crashed into the blissful array.

Then, Long Chen disappeared.

Ji Taixu spat out a mouthful of blood, but he could not hold back and laughed out loud. He crawled up from the ground, grinning from ear to ear, and said: "Idiot, you are not familiar with this Myriad Gods Garden, yet you dare to chase after me here! If you want to suppress me, Ji Taixu, you have to ask whether or not you have the qualifications. If I wasn't ambushed by you in the beginning, would you still be able to kill me? "

To be chased by Long Chen, this was simply a great humiliation!

But in the end, Long Chen still fell for his trap, and was directly struck by the Nothingness Demon he was hiding in, and was thrown into the Extreme Mirror Array. Of course he knew how terrifying the Zenith Light Array was. If the Extreme Delight did not allow it, Long Chen would not be able to come out. The biggest possibility was that Long Chen would lose himself within the array, and die with his divine body!

A dead man obviously wouldn't steal the second place on the Divine King List that Ji Taixu wanted

He had to thank them for having this absolute happiness formation diagram. Otherwise, he would not have the chance to reverse the situation.

Outside the Myriad Gods Garden, tens of thousands of Divine Kings were stunned when they saw Long Chen disappear. They looked at Extreme Delight in confusion, and saw that Long Chen was about to achieve a complete victory, what kind of situation was this?

On the other side, the Divine Emperor of the Realm of the Great Desolate Emperor couldn't help but laugh.

This was, of course, what they wanted to see.

Many Divine Kings turned to the Dark Star Divine Emperor for help. The Dark Star Divine Emperor was unable to hold back and asked, "Extreme Delight, they are just battling against the three of them, yet Ji Taixu used that Long Chen is not very familiar with the Divine Paradise and lured him into the Yang Group. This way, even if Long Chen loses to them, it wouldn't have anything to do with Ji Taixu.

As he spoke till here, he once again asked the Divine Emperor of the Heavenly God Realm for help, and said: "My friends, it is already obvious that whoever is strong now is weak, there is no need to make Long Chen suffer any more from the Yang Formation. If he is unable to come out from it, wouldn't our Star Alliance lose a future genius god?"

His status was also not high, so he could only plead with them.

But Extreme Delight interrupted him very quickly.

The Extreme Delight said, "A million Fiendgods, all kinds of natural disasters, Forbidden Rules, and the Yin Yang Array are all part of the Myriad Gods Garden. Previously, the rules were that they would fight in the environment of the All Gods Garden, and the Yin Yang Array was also a part of it. If he couldn't make it, then that was his fate. I only look at the results, not the process. "

Extreme Delight had his own reasons for saying this.

Strength was the only thing that could save Long Chen from the Dark Star Divine Emperor. Especially after the Extreme Delight said that, no matter how anxious he was, he could only shut his mouth.

Only now did Divine Kings understand, that Long Chen had actually been introduced to a terrifying formation!

"I thought that I could defeat Ji Taixu, but the battle has ended."

"Now that he has been introduced into the array, and Ji Taixu is recovering, even if he comes out, his injuries will definitely be severe, and he might not even be able to come out. Can this be counted as Ji Taixu defeating Long Chen?"

"It can't be. Although the environment has its own effects, the final assessment will still be based on one's battle performance."

"I think it's this Ji Taixu who wants to kill Long Chen. With Long Chen's astonishing performance, it shouldn't be a surprise for his to be ranked second on the Divine King's List. Ji Taixu did not want to fall to the fourth, so the only way is to use the Yang Group to kill Long Chen. "

That's right, this was what Ji Taixu was thinking.

"How ignorant."

Since there was no clear victor and the battle was not over, Ji Taixu sat cross-legged in front of the Yang Formation and started to disperse the power of time and Dragon Seal, he only needed sufficient time, so he would naturally be able to recover. Even if Long Chen managed to rush out, even if he was completely unharmed, this was the lowest probability of it happening, so Ji Taixu was not afraid!

In that case, the Divine Kings could only continue to watch and wait. Their eyes never left the lake for fear of missing something.

"Hur hur." Ji Taixu was also the same. As his strength recovered, his self-confidence was also becoming stronger and stronger.

To be seriously injured by a sneak attack in a battle, what kind of shame was this!

It was a good thing that he had to reverse the situation now, or else he would lose all face!

Long Chen was born in the Great Gan Holy Dynasty, and was the direct descendant of the current Sacred Emperor. On the day he was born, he was bestowed the title of crown prince by the Sacred Emperor, and was about to inherit the position and rule over the world.

The Great Gan Holy Dynasty was in her prime, and was full of talents. She was peaceful and rich, and her citizens lived in peace. Its territory was vast, and the surrounding small countries all regarded it as a 'supreme nation', worshipping it under the Saint King.

Outside of the Great Gan Holy Dynasty was a wasteland. The Sacred Emperor was the most noble person in the entire world. It was also very impressive, but he doted on Long Chen a lot.

Since young, Long Chen had studied astronomy, geography, governance, and martial arts. Although Long Chen was young, he was naturally talented, and at the age of ten, he became the number one martial artist in the world, with no one who could match him.

After reaching adulthood, he had even more of a noble character. The entire world worshipped him and spoke of his name. No one dared to disrespect him, and no one disliked him.

His growth was smooth sailing, his happiness was harmonious, his seniors liked him, his sister-in-law respected him and worshipped him. After reaching adulthood, he also got to know the princess of a neighbouring country, Ling Xi, and took her as his concubine.

There were also many friends, all of whom were blissfully happy.

For the past twenty years, Long Chen had lived a peaceful life, the elders were fond of him, the blood of brothers and the love between husband and wife was deep. His children were lively and cute, the respect of the world, and his reputation spread throughout the entire Holy Dynasty. No matter where they went, there would always be people who would smile at each other.

Even he himself didn't understand why his luck was so good in this life.

In the daytime, he assisted his father in governing the country, receiving the support of the officials. He often rode with his brothers in the martial arts world, acting in chivalry and righteousness. He was happy to take revenge on his benefactors. At night, the wife is virtuous, the children are pleasant and happy.

Long Chen deeply loved everyone around him. He was unwilling to part with all of them, and he also vowed to let everyone he protected be carefree and blissful for their entire lives.

He wanted to make the people more secure and happy.

He was like a blessed child of heaven. Everything was going according to his plan. No matter what he wanted, he would get it. In this world, he was already the most respected person.

These years, it could be said that they were filled with joy. The joy of the elders, the joy of love, the joy of brotherhood, the joy of children, the joy of tens of thousands of people!

When he was twenty-five years old, his father decided to abdicate the position of Holy Emperor and give it to Long Chen. was already prepared to assume this responsibility, allowing his father, who had been working hard for a long time, to rest.

On this day, Long Chen ascended the throne.

All the citizens cheered and all the officials bowed before him.

But on this day, a person descended from the skies and appeared before Long Chen's eyes. Long Chen vaguely remembered that he seemed to have seen this person before.

Chapter 2887 - Heaven Defying Transformation

That person was like a god as he floated in the air. All of the people kneeled on the ground and shouted, "Supreme Celestial!"

Long Chen had never seen a person who could fly, and had only seen records of them in ancient books. He guessed that this person's face must have become dark and definitely not be some so-called god, and had a bad premonition in his heart.

The person held a painting in his left hand and a brush in his right. The brush was stained with blood, making it look extremely malevolent!

Long Chen's father, the Old Sacred Emperor, was attracted by the person and rushed up to the clouds, finally stopping in front of the person. Under everyone's gaze, the person used that brush and pierced

through the Old Sacred Emperor's forehead, causing the Old Sacred Emperor to scream in pain as he lost his aura.

Great Gan Holy Dynasty saw all of this with his own eyes!

Long Chen's eyes were bloodshot, but he was unable to move, the man was truly like a god, a single glance at Long Chen was enough to cause him to be unable to move!

He had personally witnessed his father's death, and blood was spurting out from his heart. Twenty-five years of luck had caused the world to collapse, and he had been overjoyed and saddened.

"You should have been happy for twenty-five years. For the next twenty-five days, I will appear in front of you every day and take you to kill off a person close to you! Twenty-five days from now, I will make sure this Great Gan Holy Dynasty is destroyed, and blood will flow like a river! "

"Why!?" Long Chen was powerless to resist, and asked as if he was being torn.

The man smiled strangely and said, "No reason, this is your fate."

"Destiny!"

After he finished speaking, that person disappeared into thin air.

On that day, the Holy Dynasty was thrown into chaos as they fled. The heaven and earth was already so big, no one could escape. Anyone who crossed the border would die on the spot!

The death of the Old Sacred Emperor shook the world.

Long Chen had not yet been defeated by his father's death. He had protected all the people around him overnight, brought them to all parts of the country, and hid in the secret realms. At the same time, he gathered all the strong practitioners of the martial arts from all over the nation, and went to the top of the imperial city to welcome that person's arrival.

The next day, in the middle of the crowd's tension, that person had indeed arrived. He was carrying someone in his hand, and that person was Long Chen's mother, Yang You!

Yang You panicked, frightened, and begged for help!

"Damn it, kill him!"

Long Chen immediately ordered the warriors of the world to hide. He never thought that the person would be able to find Yang You.

He did not expect that when that person blew a breath, all of the warriors would die on the spot. This time, he was even more shocked, not only Long Chen, the entire Great Gan Holy Dynasty was suffering from nightmares.

That man slaughtered Yang You in front of Long Chen.

The moment he saw his mother die, Long Chen felt as if he had been struck by lightning. The previous twenty-five years of fortune and luck instantly collapsed and disappeared without a trace.

But, this was only the beginning!

"Why?!"

"This is your fate!" That person laughed loudly and left.

No amount of pain could compare to the pain in one's heart. This sort of pain was enough to wipe out one's soul. If one's heart died, then that person would die! The torment of his heart, the excruciating pain, was even more frightening than killing Long Chen!

Long Chen thought of suicide. That person was trying to kill him, he could not stand to see the people around him die one by one. However, he held back. That person was too strong, but he was still thinking of a way to deal with him!

On the third day, he watched as the kitten was torn into pieces. He loved to play around, but the pain he felt now tore his heart and split his lungs.

Long Chen kneeled on the ground, in pain, he was unable to breathe. When the man made his move, he was unable to move.

He could only watch as Long Chen killed the people around him, and kill those people that were most precious to him. All of them were as important as Long Chen's life!

"This is your fate! Just enjoy it peacefully! " Every time, that person would leave with a smile.

The whole world was in chaos, with a large number of people committing suicide and a large number of people crying. The flourishing Great Gan Holy Dynasty had become hell on earth, and Long Chen crazily hid his loved ones, but no matter where he hid them, it was all to no avail!

His children were all his most beloved treasures. Long Chen watched as they were born and grew up, enjoyed the fact that they were tired of him and called him father. But in his hands, these cute treasures all became ice-cold corpses!

That day, Yang Lingqing was killed.

On that day, Su Yan died.

Then, Mo Xiaolang was sliced into pieces right in front of Long Chen. Long Chen could never forget the unyielding look in his eyes!

Every single time, his heart was as though being slashed by a knife, but he was unable to retaliate. Every single day was a fatal injury, and Long Chen couldn't understand why he wasn't dead yet, nor why he could still hold on.

After that, Li Xuanji was also snatched away from her arms by that person, who killed her. She laid softly in Long Chen's arms, lost her life, and didn't even manage to bring him away from death, disappearing from Long Chen's life forever.

"This is your fate, do you understand now? Your 25th year of extreme joy will only be repaid with 25 days of sorrow. You've earned a lot. Rest assured, I will kill everything you have, but I definitely won't kill you. You will be the only one left alive, and you will also live forever. It will be hard even for you to die. "

Long Chen understood that this was a trap.

In these twenty-five years, he had fallen deeply in love with these people. These worlds, however, had now been destroyed, and those people's worlds had all merged into Long Chen's body. There was no pain in this world. It was comparable to this kind of pain!

But Long Chen could not die.

"This is your fate!"

More and more people died.

Long Chen and Ling Xi stayed together every day, and he had already numbly watched as one important person after another disappeared.

"Soon, it will be your turn." Long Chen said in a daze. His heart was now riddled with thousands of holes, but he actually felt that he was already dying, and it was a magical feeling. Those who died, seemed like they were alive, and only he was alive, but actually felt like dead.

Ling Xi was stupefied. She was also experiencing the pain of losing everything.

On this night, Long Chen looked at the vast night sky and looked at this deathly still world. The only thing that existed was the sound of crying.

"Why did I come to this world?"

"Why did you let me enjoy it for twenty-five years? And it's so painful? "

"That person looks very similar. Who is he?"

He gradually escaped from the whirlpools of death. There were too many questions in his mind. According to that person's thoughts, he should have been in a state of deathly stillness, losing everything in the end and dying by himself. However, he really did have many questions that he did not understand.

"Ling Xi!"

He waved his hand towards Ling Xi, asking her to come over. At this moment, he suddenly became a little more clear-headed in the night wind, because he had already had enough of the pain, too much, and it seemed like it was fake. He pulled Ling Xi over, looked into her eyes, and asked: "If you die tomorrow, will you be reluctant to part with me?"

Ling Xi was startled for a moment, then said: "I, I, I can't bear to give it up, I don't want to die. Brother Chen, you must save me." She was crying very hard.

"I can't watch him kill you. I'll kill you, okay?" Long Chen suddenly asked.

The desire in his heart grew stronger and stronger, and many things that were confused seemed to explode.

"Why?" Ling Xi was stupefied. She took a few steps back and looked at Long Chen with fear.

Long Chen said: "I've had enough. I've had enough of fate. If I can't deal with him, I can only change your fate. If I kill you, he won't be able to kill you. I don't want to be tortured like this anymore. "

"No, you can't kill me. You love me. "

Ling Xi shook her head in pain.

Long Chen was startled.

He remembered what the man had said.

Although he lived in this world, he could not help but ask, "Why is it that your life is predetermined? That person is so strong, why is he targeting me like this? Don't tell me that I am not an ant in his eyes? "

He must have had some other relationship with him. What could that be?

Why did he want to kill the people around him?

Previously, Long Chen was busy with pain, so he did not think about these problems. But now that these questions had come up, he was becoming more and more doubtful.

"He only wanted to make me suffer! The more I suffer, the more I've achieved my goal. He's making me feel so much pain, so the only way I can change my fate is to make it impossible for him to achieve it. The more I suffer, the happier he'll be! "

This was his will, and he didn't know where it had come from.

Although he knew it was impossible to not feel pain, he had the willpower. When this thought appeared, it was like a volcanic eruption, causing his entire body to burn with passion!

He wanted to see through this confusion and see clearly! The Ling Xi in front of him, her appearance, and her goal, what exactly was her goal?

From the moment she appeared, she was destined to die. Would her death directly cause his heart to die?

It seemed to be the twenty-fourth day.

She was the only one left.

Right now, he should have reached his limit, but on the last day, his thoughts had caused him to experience a completely different change.

He brought Ling Xi and walked up the desolate city walls. Standing at a high place, he waited for that person's arrival.

He looked at Long Chen and said: "In the blink of an eye, it will be the last day. From today onwards, you are the only living person left in this world, and you will receive the lives of everyone else. You will live for a million years, and you will slowly enjoy the world where you live by yourself."

After he finished speaking, he casually waved his hand. The sky collapsed and the ground cracked, and only Long Chen's surroundings were fine.

Countless people had died and no one survived. All of them had died, including the old, the weak, and the elderly, women, and children.

"How do you feel?" That person laughed loudly as he turned around to look at Long Chen. Yesterday, he had seen Long Chen's performance, and it had already reached the limit. Today was the final strike.

He didn't expect to actually see Long Chen smiling at him.

He felt as if he had been struck by lightning.

"Destroying the living, you smile at me? Are you an animal?" the man roared.

"I'm not in pain, I'm not sad. Are you worried?" Long Chen laughed even more. The more he laughed, the more anxious the person became.

"I want to kill the person you love the most. I want to leave you alone for the rest of your life. Let's see if you can still smile!"

That person was about to attack!

Long Chen immediately made his move. With that one push, he pushed Ling Xi down the city wall and died. This scene caused the man to be even more shocked, and he looked at Long Chen in disbelief.

"You! "You!"

Long Chen sneered: "Your motive has already been seen through by me. I have to thank you for telling me about fate, and it was you who let me know what it means to go against the heavens and change fate! You are, right? Extreme happiness breeds sorrow, and heartache causes death. However, I will defy the heavens and change my fate, and I will not die! "

[The world has changed a lot!]

Chapter 2888 - The rules of extreme pleasure

He could clearly see the result of bringing calamity upon himself, and he could see through this false world.

But after seeing through it, the whole world changed dramatically in front of his eyes.

This was the world that he had lived for twenty-five years!

From extreme joy to sorrow.

The world had changed. The person in front of Long Chen first, disappeared in a flash, the surrounding wind and clouds swirled, the city walls disappeared, and the mountains and rivers disappeared. When the storm had dissipated, what appeared below his feet was an incredibly clear lake, with a clear view of the small stones at the bottom of the lake.

The entire world transformed into a natural law.

"Is the so-called Yang Array actually just a gathering of natural laws?"

Only now did Long Chen clearly feel that there was a rule in his surroundings. If he guessed correctly, the name of this rule should be Ji Le. The strongest part of the rules of extreme joy was that it was difficult to see through the illusions it created. Even Long Chen had fallen deeply into the vortex of fate!

No wonder even the Darkstar Divine Emperor said that even if it was himself, he would most likely die inside this formation.

The Yang Array, also known as the Zenith Formation diagram, was truly powerful because it could cause one to experience extreme joy and sadness. One didn't die, one's heart would die first, 25 years of happiness, 25 days of nightmares, a million years of imprisonment and torture, as long as one was

trapped within it, there would be a day when one would die, and not many people would be able to come out safe and sound from this Zenith Magical Formation!

"This is actually the equivalent of directly going against Extreme Delight!"

The reason why Long Chen was able to wake up, was entirely because of his own will, and also because of the heaven defying determination he had formed since he was young! He had a deeper understanding of this term than anyone else because he had risen from the bottom of this world!

Seeing him wake up, those people in the Divine Kingdom felt relieved.

They didn't know what kind of tribulation Long Chen had experienced in such a short period of time. Now that they were finally seen safe and sound, Long Chen knew even more about how precious these people were.

There was no one else like Ji Taixu above his head!

Of course, right now, he was still restricted by the Zenith Light Array. The rules revolved around him and continuously invaded him, wanting to give him a good beating so that he could once again be pulled into the blissful fantasy world!

Long Chen had experienced all kinds of illusions in his life, of which the Extreme Mirage was the most terrifying, possessing the most fearsome killing power! If he didn't wake up now, the consequences would be dire.

But now, he had seen through the essence of the Extreme Mirage Realm!

It was a rule!

A rule that bewitched the primordial spirit!

But it was this frightening rule of the Divine Emperor that had allowed Long Chen to gain sudden insight and gain a new understanding of the rules of fate!

"Although fate is predestined, it is not necessarily so, because all of us can change fate by defying the will of the heavens! "Destiny is just the direction of future development, and I can decide my own direction!"

It was a mysterious feeling. Long Chen had neglected this absolute bliss array and immersed himself in a considerably deep world, he had seen countless destinies, and sometimes, fate was like a dark cloud above one's head. No one could escape from it, but as long as it was a dark cloud, it could be broken!

"Change fate, go against the will of the heavens." That's about it! "

When he was on the city wall roaring at the top of his lungs to change his fate, he felt an intense sensation. Every time that person told him that this was his fate, he was unwilling!

Now, he had a profound experience!

Changing fate was also a rule!

The rules that came from fate, the rules that came from Hun Yuan's Heavenly Fate Dragon!

As long as there was a beginning, everything else would make sense to him. He had comprehended this rule, and could be considered to have inherited this rule, so when he tried to get closer to the rule, the rule actually also came closer to him.

Right now, Long Chen's body was covered in a kind of white light. He looked weak and weak, but in actuality, this was the power of destiny!

The Heaven's Eyes of Destiny and the wishful eye were only the beginning.

Those rules of absolute happiness were constantly invading him, causing this rule of 'heaven-defying change of fate' to be born. The rules of extreme joy were immediately set back, and the remaining

power of the rules of extreme happiness within Long Chen's body was also cleared away by Long Chen's rules of fate.

Long Chen was carefully feeling the rules of this destiny.

It could be used against all rules, and could change them, especially those rules that directly invaded Long Chen's body. For example, Ling Xi's monocardium was the same as Mo Xiaolang's Bone Enchantment Devil Flame, and this extremely happy rule, the rules would all be changed by the rules of the heaven defying change, and expelled!

It even had some unpredictable effects.

What was more direct was that not only could Long Chen change his own life, he could also change the lives of others! When a heaven-defying change of fate was placed on the opponent, it was a kind of suppression similar to that of the Heaven's Eye, but it was actually even more terrifying than the Heaven's Eye!

The Heaven's Eye was only a suppression, but changing fate was changing fate! Not only did it have a direct effect, it was also related to luck. With Long Chen having these rules of destiny, his fate had actually long surpassed everyone else's.

A brand-new rule!

It looked confused, but its terrifying effects could definitely be compared to the Sword of Time and the Extinction Dragon Seal!

He was in the middle of the Yang Formation, but he suddenly turned his head, his gaze passing through it. He saw that Ji Taixu was still cultivating and recovering, so he asked Ling Xi about it.

Three days, twenty-five years.

It was like a cycle of reincarnation.

Long Chen sneered. It was about time to end this. Under the change of fate, the laws of extreme joy retreated one after another. Long Chen walked towards Ji Taixu step by step.

Outside the park.

Amongst the troops from the Realm of the Great Desolate Emperor, a Divine Emperor said, "Extreme Delight, since that Long Chen has entered the absolute happiness array, the possibility of him surviving is already very small. Do we have to continue waiting like this?"

Hearing this, the Divine Kings who were supporting Long Chen could not help but feel helpless, Long Chen's performance was astonishing, but he lost to Ji Taixu in a trick, his luck was really too bad. If he lost his life, it would be useless even if he challenged the Divine King Leaderboard.

The Extreme Delight closed his eyes and recuperated, saying, "The rule is that the victor will be decided, and if there is still no victor, the battle will not end, unless Long Chen dies within."

"Rules are dead, people are dead, isn't this like waiting forever?"

Extreme Delight felt cold all over, causing people to be afraid. She said: "The Ultimate happy array diagram is not that easy to mix in. It is very likely that during these ten days, some of us have already thought through it for a million years. Within these ten days, whether we live or die, will be revealed. Cut the crap. "

Hearing Extreme Delight's words, the Divine Emperor shut his mouth.

It's only been ten days.

Only after hearing the judgement, the Divine Kings looked at each other. The battle had gone through many twists and turns, now with only seven days left, would Long Chen still be able to come out alive? Then he would have to spend a million years in it?

Her unusual actions had attracted the attention of everyone present, and the gazes of all the Divine Emperor s landed on there at the very first moment. What they clearly saw was Long Chen easily walking out from the surface of the lake, and standing right in front of Ji Taixu!

"How is this possible!"

At that moment, even the Wing Emperor's Divine Emperor was shocked!

Xing Wuji had recovered quite a bit now, but when he saw Long Chen walking out of the group, her tightened heartstrings were finally released. However, he was still unable to hide the astonishment in his eyes. This time, Long Chen was truly convinced of her.

Divine Kings was in an uproar as he shouted loudly. He was so excited that even the Darkstar Divine Emperor was almost in tears. He knew that it must be difficult for Long Chen to come out!

"Long Chen! Long Chen! "

Amidst the fanatical cheers of the Divine Kings, the Extreme Delight smiled lightly and said to the Wing Emperor, "There is nothing impossible with a heaven warping talent. I didn't let any water go. "

They could no longer afford to care about the Wiping Emperor and the Divine Emperor.

In their slightly nervous field of vision, Long Chen and Ji Taixu were facing each other. At that time, Ji Taixu was freely recovering but his sudden appearance made him so scared that he almost vomited blood. When he retreated a thousand meters and opened his eyes wide, he saw that it really was Long Chen!

"You're not dead! You came out of there? "A Diagram Array?" Ji Taixu was so shocked that he started to tremble, and he was no longer able to speak clearly.

"If I didn't take care of you and end this battle, how would I die?" Long Chen advanced indifferently. He had had enough now, when he just came out, the Immortal Sword Demon Pagoda had already appeared in his hands, and the hundred thousand Demon Suppressing Pagoda gods appeared.

RUU...!

Every step he took was the shock of the entire Divine Paradise!

Ji Taixu was furious!

He was the dignified son of the Hierarch. What did Long Chen treat him as?

No matter what was said, he had already recovered his strength. At most, Long Chen would only have a fair chance to fight him!

"How dare you!"

Ji Taixu was furious to the extreme, he could possibly have a fair battle, and now that Long Chen had come out, it was actually a good opportunity. He had the confidence to challenge Xing Wuji this time, so it wasn't necessarily enough for Long Chen to defeat him!

"The battle between us has just begun!"

"Really?" Why do I feel like it's going to end? "

Long Chen actually wanted to try and see what changing one's fate could change by defying the heavens!

Ji Taixu was even angrier!

"Emperor!" "Demon!"

He instantly went across the status quo, transforming himself into the strongest state, becoming an Emperor Demon. One must know, other than challenging Xing Wuji, Ji Taixu had never revealed this Demon State to anyone else!

BOOM!

The usage of the laws!

Ji Taixu was initially a man who held the ultimate power for righteousness, but in that moment, it was as if he had the heart of a devil, his heart suddenly turned black, the Emperor's Heart Technique's divine power also turned black, his eyes turned blood-red, and a large amount of black Qi surged out from his body, it transformed into a tornado that swept forth, instantly expanding. In the midst of the tornado, a gigantic beast appeared!

Chapter 2889 - Magical Emperors

Black Storm!

A blood-colored killing intent!

The Demon Emperor's transformation caused the entire world to seethe with excitement!

This was not one bit inferior to the power of Xing Wuji decapitating his head!

In the black whirlwind, the winds and clouds changed drastically. All the surrounding trees were uprooted, turning into fragments that swirled in the sky. The demonic energy was monstrous, and it engulfed the entire Zenith Magical Formation diagram!

Ji Taixu's power continued to rise and he himself had completely changed from the might of an Overlord to that of an evil and brutal devil.

Rumor had it that when the Emperor Demon changed, he would completely lose his sanity, and would only do so for the sake of slaughter!

Roar!

In the middle of the tornado, a huge beast suddenly rose up, its roars shaking the heavens. Even though this All Gods Garden was so huge, it seemed to be unable to trap him.

There were a lot of blood veins on the blurry beast's body!

Although he had turned into a demon, the emperor's aura had not disappeared. Even if he was a demon, he was still an emperor amongst demons!

"This strength, is actually around the same as Xing Wuji's. It's just that you were underestimating me previously, so I succeeded in ambushing you. " However, Long Chen's heart was terrifyingly calm!

"Another great battle!" Everyone was looking forward to it, especially the Divine Kings, who was about to witness another feast of Taotie!

The tense atmosphere spread everywhere!

BOOM!

The black tornado dissipated, and what appeared before Long Chen's eyes, was a huge beast!

Black dragon scales! Blood all over his body! Enormous wings, thick hind legs, cold eyes, devilish qi overflowed into the heavens! He was the overlord of demons! This kind of body caused Long Chen to be extremely shocked!

"Heavenly Demon of the Era!"

His heart trembled!

It was true that this was definitely the appearance of the Heavenly Demon Ji Yuan, the Heavenly Demon Ji Yuan was illusory, but Long Chen had still seen his physical form before. In terms of appearance, the Demon Emperor was practically the exact same as the Heavenly Demon Ji Yuan, and Su Yan was certain of this, because Su Yan was still maintaining the appearance of the Devil Nuwa.

The only difference was the rules!

The Diremonster of Time was the Overlord of Time, proficient in the laws of time.

However, the Supreme Demon in front of him was still the path of an Emperor. What he was more adept at was physical combat. He was of a different type compared to the Heavenly Demons of the Era.

From the Battle Demon to the Nothingness Demon, and then to this Heavenly Demon Emperor, Long Chen had many doubts in his heart. It was just that at this time of battle, he couldn't ask Ji Taixu about it on the spot, he could only ask later!

The most important thing right now was to fight!

As expected, after transforming into the Demon Emperor, Ji Taixu didn't have any consciousness at all, and he was just like a wild beast. When he saw Long Chen, he let out a world-shaking roar, and immediately rushed towards him! Wherever he went, it was completely destroyed. His sharp claws were like the most terrifying creation artifacts!

The battle between the two sides was about to begin!

And at this time, Long Chen's gaze focused, but he laughed coldly!

"Heaven defying, change your fate!"

The Edicts of Fate, explode forth!

What changed was obviously not his own life, but Ji Taixu's!

In his hand, a white light appeared, which was extremely illusionary and seemed to hide the entire world. There were trillions of living creatures inside, and when Long Chen released the white light, it immediately disappeared and reappeared in front of the Demon Emperor. When the Demon Emperor roared in anger, the white light silently entered between her eyebrows!

All of a sudden, the Diremonster stopped moving.

Those Divine Kings who wanted to see Long Chen and Xing Wuji fight were stunned.

What was going on?

Why did the Supreme Demon not move?

In the next moment, they saw the Demon Emperor's incomparable panic, as if something was passing by on his body, and it was getting faster and faster. In the next moment, he instantly became smaller, and a large amount of the devil energy around his body disappeared.

The humanoid Ji Taixu

The Demon Emperor's state had been removed!

The effect of going against the heavens and changing fate was astonishing even to Long Chen himself. He never thought that it would actually change to such a degree that it could even remove the opponent's Demon Emperor's state. Honestly speaking, Long Chen himself was also somewhat shocked.

"What's going on!"

Ji Taixu was shocked, he became flustered, and just as he was about to erupt in battle, it was as if someone had stripped his clothes of his clothes, and all of his strength disappeared.

Not only him, the Divine Emperor outside the God's Paradise were also extremely amazed!

But Long Chen did not waste this opportunity!

When the heaven defying change of fate succeeded, Long Chen's figure moved, and in the blink of an eye, he moved over a thousand miles. With one explosive move coming his way, his right hand was naturally using the Sword of Time!

"Ha!"

Amidst his shock and panic, Ji Taixu immediately took out the painting to block Long Chen's Sword of Time, but just like last time, and even more so in the midst of his panic, the image was limited in what he could do to block the time sword, and the time blade pierced through it once again, causing it to fly out!

"Extinct Dragon Seal!"

In the midst of Ji Taixu's most terrified gaze, it directly pressed onto his chest. The other party cried out in pain, and in that instant, both the painting and the brush fell to the ground together, while the painting and the painting lost all movement. Ji Taixu, on the other hand, had turned pale white and his eyes were opened wide, under the Extinction Dragon Seal, he had actually already lost consciousness.

If Long Chen wanted to kill him, he could just increase his strength.

Of course, Ji Taixu could not kill him.

Giving him such a heavy blow was enough to teach him a lesson.

Long Chen immediately went over and removed the destructive power of the Dragon Seal. After that, he used his fire of life, allowing Ji Taixu to recover from his near-death state. It was just that he had not yet fully awakened.

It was only until now that the Divine Emperor outside finally woke up. To be honest, no one could have predicted that the battle would end so quickly. In a short moment, every Divine Emperor had quite a wonderful expression, and although they felt that it was inconceivable, they did not! Long Chen won!

Ranking of the King of the Gods third place, the second rank on the Divine King List, had all been defeated by him!

They were cheering earlier on, but now they were cheering even louder. This kind of cheering made the Divine Emperor feel extremely annoyed, but they could not stop it.

The fact was, the battle was over. Long Chen, this condiment, had crushed Xing Wuji, Ji Taixu!

He ended the battle!

He even managed to charge out of the Zenith elders' formation diagram, which was also a part of his power. If one's performance was like this and they still couldn't be ranked second on the Divine King Ranking, then there was no need for the Divine King Ranking to exist.

The gods were stunned for a long time.

The Divine Emperor of the Realm of the Great Desolate Emperor were about to explode from anger. Now, they could finally enjoy the same feeling they had from the Heaven Punisher Star.

"This Long Chen ..."

In short, it was a miracle.

Wiping Emperor watched as Ji Taixu was exterminated as he was brutally killed and then passed out ...

Those attacks seemed to land on him, causing his face to twitch.

"Alright, the battle is over. Come out." With his will, Long Chen and the unconscious Ji Taixu appeared outside the All Gods Garden. With a slight wave of Extreme Delight's hand, the All Gods Garden turned into a small ball and was stored away by her.

Long Chen returned Ji Taixu to the Wing Emperor Divine Emperor. The Wing Emperor and the others did not scare Long Chen with their burning gazes. After he was done, Long Chen returned to the side of the Dark Star Divine Emperor.

After the cheers, everyone quieted down and waited for the battle to end.

Long Chen had no power nor influence, he might lose out at this stage!

But to be honest, no one disapproved of his strength! He is someone who can defeat Divine Emperor! He was a heaven-defying talent! He was already considered as number two on the list!

It was very quiet at first.

On the other side, Ji Taixu was slowly waking up under the care and care of the Wiping Emperor and the others. He was not willing to accept it at first, but he was held down by the Wiping Emperor and was unable to move. He was really not satisfied with his defeat, because he was unable to fight with Long Chen in his Demon Emperor's state.

But he still lost.

Fighting didn't put too much emphasis on morality!

At this time, Extreme Delight was discussing with the Divine Emperor of the Heavenly God Realm.

Actually, there was nothing to discuss. They were just too shocked that Long Chen had come out of the Zenith Light Array and almost instantly killed Ji Taixu. Such power and talent had deeply shaken their hearts.

That was why the Extreme Delight finally announced it!

"In this battle, according to the performance of the three sides, starting with Long Chen, Long Chen easily took care of the A million Fiendgods, and heavily injured Ji Taixu in the chaotic battle, and then defeated Xing Wuji in the direct battle. Although he was tricked into the absolute happiness array, he

actually charged out, and even defeated Ji Taixu in a frontal battle, making it the most outstanding performance out of the three, so he is ranked second on the Divine King's List!"

Finally, his wish was granted!

Ranking number 2! This name was enough to shock Star Alliance! The current Long Chen, would definitely become an influential figure in the Star Alliance in a short amount of time! After all, defeating Tian Yi was different from continuously defeating Xing Wuji and Ji Taixu in a free-for-all battle!

Ji Taixu never thought that he would become Long Chen's stepping stone when he was the one who wanted to challenge him, and let Long Chen have the last laugh.

Following that, there was no official battle between Xing Wuji and Xing Wuji, but according to the battle between the two, and the rankings from the past, Ji Taixu was unable to meet the requirement of being able to reverse the situation. So when Xing Wuji retreated to the Ranking of the King of the Gods third place, Ji Taixu was ranked fourth on the Divine King List!

Xing Wuji did not care about all these, but Ji Taixu cared about him a lot, because it was related to his competition with his own brother!

But the dust had settled.

Extreme Delight looked around and said coldly: "According to the rules, Xing Wuji, Ji Taixu, has been defeated by Long Chen, so the two of you need to hand over the wager to him."

This sort of thing, of course, had to be done under the supervision of tens of thousands of people.

In this way, he would have to consider his face in order to not renege on the debt.

The wager for the Divine King Rankings had to be fulfilled, or else he would be expelled from the Divine King Rankings and would no longer have the qualification to challenge them.

Xing Wuji was actually very straightforward. She walked forward with a profound gaze but his style was still the same. With a wave of his hand, he tossed Long Chen a box of Genesis and God Manifestation Equipment, and said: "The Primordial Flame is inside."

With that, she left.

A rich flame energy.

I can give it to Mo Xiaolang.

Then, it was Ji Taixu's Creation Stone.

Ji Taixu deeply bit his lips, he was unwilling!

Chapter 2890 - Heavenly God's Land Pressure

Under the witness of so many people, there was nothing they could do even if they were unwilling.

This was the battle of the Divine King Ranking, the grand occasion of the Star Alliance. Even if he was the son of a 'handsome' god, he had to follow the rules of the Star Alliance.

"God Creation Stone! Take it! " Ji Taixu threw the God Manifestation Stone over to Long Chen.

Long Chen held onto the Hun Yuan Stage Chaos Treasures, only to see that the God Creation Stone had God Power circulating, it was extremely mysterious, maybe it could let the Lingxiang's twin swords recover.

Whether it was the God Creation Stone or the primordial flames, both were of great use to Long Chen.

He had gained a lot from this battle.

Naturally, Ji Taixu was not willing to give up, it was just that there was still a gap between him and Long Chen, if he wanted to challenge Long Chen, he would have to pass the test of Xing Wuji.

"If he doesn't pass the leaderboard, we can easily get rid of him. It's just that although his background is low, his performance is outstanding. I wonder how many people want to win him over!"

This way, the grudge for today would be very distant.

"Let's go!"

Ji Taixu knew that the news of the battle would quickly spread to the Realm of the Great Desolate Emperor. He was afraid that he would become a joke. Therefore, he did not want to stay here any longer. Even if the Wing Emperor did not leave, he would leave!

The Divine Emperor of the Realm of the Great Desolate Emperor bid farewell to the crowd and left.

Xing Wuji, Extreme Delight and the others were not in a hurry to leave. At this time, the Extreme Delight spoke up, "Long Chen, you are the disciple of Great Monarch Donghua and you are also a member of my Star Alliance, right?"

Her Extreme Realm Divine Emperor's gaze seemed to be able to see through everything, and even the secrets in front of her were difficult to hide.

"Yes." Long Chen answered very straightforwardly.

It was precisely because of this that he was able to obtain the help of the Star Alliance and gain a certain status. Although he was not as good as the children of the Hierarch, he was still respected.

For example, the Divine Emperor of the Immortal God Clan, such a character didn't have the qualifications to make a move against him.

"Alright, since you are one of us, we will cultivate diligently. Dark Star, Long Chen will temporarily hand it over to you. Once he becomes a Divine Emperor, he will head towards there. "

The Extreme Delight held a relatively high position within the Star Alliance.

"Yes." The Divine Emperor nodded and finally sighed a breath of relief. At this time, he gave Long Chen a meaningful glance, asking him to talk about the Immortal God Clan, but Long Chen shook his head and did not say anything.

At this time, the Extreme Delight suddenly laughed and said, "Long Chen, it's said that you will challenge the first rank of the Divine King List and Tian Shenwushuang, right?"

These were the words that Long Chen had said about half a year ago.

Now everyone knew.

Even if they didn't want to challenge him, they couldn't back down now. Moreover, he felt that he was not enough. He could go even further than his limit!

Thus, under the watchful eyes of the masses, he nodded directly.

"That's right. I will bring this news to Tian Shenwushuang, if he accepts your challenge, I will naturally inform you. You can just wait here in the king level Battlefield of Divine Devil. If he has that intention, it will definitely not be for long. "

Perhaps it would be within this half a month!

To challenge Tian Shenwushuang, to challenge the top rank of the Divine King Ranking, could be considered as the end of Long Chen's series of challenges! He had been anticipating this moment for a long time! Forget about everything else, even if he made it to the top of the Divine King Rankings, he would still have a greater reputation and status in the Star Alliance in the future.

Di Jun, if you want to kill him, it won't be easy!

Immediately after, Extreme Delight and the rest wanted to return to the king level Battlefield of Divine Devil. On the other hand, Xing Wuji was in a hurry to leave. She had already arrived in front of Long Chen, and even if he did not fight, her eyes were still extremely passionate. His entire body was brimming with an overbearing aura.

"This is my final goal." Long Chen said.

Xing Wuji slightly nodded, and said: "I do admire you a lot. If you encounter any trouble in the future, you can come find me. Furthermore, I will come and challenge you at any time to snatch back my second place on the Divine King's Rankings. "

After saying that, she gave Long Chen a method to contact her directly.

It could be seen that she really admired Long Chen, and now, she saw him as a friend as well. In front of thousands of people, she was communicating with Long Chen like this. In the eyes of the crowd, they also understood in their hearts that Long Chen would definitely skyrocket. If they wanted to touch him, they would have to see if they could offend Xing Tian War God Star.

Among the group of God Kings, the two Divine Emperor of the Immortal God Clan must have seen this.

"Let's go."

The Divine Emperor team also left the place.

Without the suppression from the Divine Emperor, the Divine Kings cheered for Long Chen. To be honest, they worshipped Long Chen too much.

Long Chen had obtained two great treasures, and even comprehended the rules of changing fate, so his gains were huge. After conversing with the Divine Kings for a while longer, he said, "Everyone, I need to go back and prepare for the final battle. That is the most crucial battle!"

Divine Kings was boiling.

The final battle!

Right now, Long Chen's name was already below Tian Shenwushuang's. After the end of the battle, his current fame had already spread throughout all the high and middle levels of the Five Great Regions of the Star Alliance. Even the Heavenly God Realm was spreading Long Chen's name.

This was because everyone knew that Tian Shenwushuang would definitely agree to Long Chen's challenge!

After so many years, he was also looking for opportunities to challenge experts and break through to the next level!

Tian Shenwushuang, the proud son of the Heavenly God Realm.

Long Chen didn't know him, and right now, he didn't want to know anything related to Tian Shenwushuang either. Therefore, he said to Ling Luo, "The more I don't understand, the more breakthroughs I'll have in battle." So this time, I don't want to know anything about him. "

"Is it really that difficult?" After all, Tian Shenwushuang had challenged the The God Emperor of Perfection before when he was still in the The Diremonster Battlefield of the imperial level. " Ling Luo asked worriedly.

"Did you win?"

"It seems that there's still a battle to be lost, but we haven't won yet."

Long Chen finally understood.

If that was the case, then he must be fiercer than Xing Wuji and Ji Taixu.

"He is also the number one person in the Northern Star Domain, and even in the entire Myriad Realms, at the level of a Divine King. If you were to defeat him, you will be the number one Celestial King in the world. "

Actually, Long Chen was still just a Divine Monarch.

The number one Divine King of the Allworld.

This name was quite resounding. This Tian Shenwushuang, was a terrifying person.

"It is also widely accepted that he is a person who will definitely become a Sovereign God in the future. Moreover, it is said that he is only a step away from becoming a Divine Emperor. Even half a step. It was in the realm where one could become a Divine Emperor at any time. Actually you don't have to challenge him. Once he becomes the Divine Emperor, you will be the number one Divine King under the heavens. "

"It's only right that we should fight him at this time. Only in this kind of battle will you be able to reap limitless benefits throughout your entire life. "

Long Chen was not the least bit nervous as he replied in an extremely relaxed manner. It was as if the opponent he wanted to challenge was not an opponent stronger than the combined forces of Xing Wuji and Xing Wuji.

"Tian Shenwushuang has too many legends, I won't tell you more. He is even the only son of the Heavenly God Realm Lord, and the Heavenly God Realm Lord is said to be the number one god in the Northern Star Domain! Allegedly, his cultivation has already reached the highest level in the entire Allworld. He is comparable to the Heavens in power, and is comparable to the Heaven Punishers' Heaven Punisher ', 'Deities', 'Divine Yi', and so on. "

It was clear that this was a real existence, someone who could be compared to the Unparalleled Dragon. When approaching ancestral realm, it was even similar to the Dragon Servant back then. This person was definitely a character that was left behind before the era began.

Of course, he might have been transformed by the Heaven-Devouring Race and lost the memories of the previous era. Or tampered with.

In the current world, this Sky God Region Lord should be one of the true supreme experts of the Ten Thousand Worlds. Perhaps in the entire Ten Thousand Worlds, there might not even be five of them.

Of course, there were still many hidden existences within the vast Myriad Worlds.

"What is the name of this Hierarch?"

Long Chen did not want to get to know Tian Shenwushuang, but he was slightly interested in this Sky God Realm Lord, the number one expert of the Star Alliance.

Ling Luo's voice was a little shaky as she said in a low voice, "Allegedly, no matter who it is, as long as they say their name, they will let them hear, see ..."

Long Chen's hairs instantly stood on end!

The same goes for the Primal Chaos Heaven Devouring Dragon, so Long Chen didn't dare to bring up this name at all times. Perhaps their levels were this frightening!

However, since Ling Luo had already said it, she said, "Of course, it's just that I said it dozens of times and didn't feel anything. That Heavenly God Territory Lord, his name is Heavenly God Continent Pressure. "

After saying that, she looked around with her eyes wide, as if she didn't feel anything.

Long Chen felt a chill run down his spine. He immediately suppressed it, not wanting this Heavenly God Continent pressure to notice him.

Fortunately, this feeling soon passed.

"Alright, then I'll wait for Extreme Delight's good news." This time, Long Chen's mental will was destroyed quite a bit within the Ultimate happy array formation. He needed to rest for a while, he also had one thing to do. It was a very important matter.

"Then I'll go back first."

Ling Luo had originally thought that since he was going to challenge Tian Shenwushuang, he would prepare all the information for him. However, this time, Long Chen didn't need it.

"You must succeed. Xuanji is waiting for you. If you can just directly defeat my Junior Martial Aunt, then you can avoid a lot of trouble. "

"Yes."

After Ling Luo left, Long Chen looked at the situation in the Divine Kingdom.

Ling Xi was currently using the 'God Creation Stone' to temper the Lingxiang's twin swords and now that the two little butterfly were bathing in the God Creation Stone's energy, they were happily enjoying. The two sword blades seemed to be round and sleek, and they began to wield the aura of a Hun Yuan grade God Creation God Equipment!

Ling Xi specialized in cultivating the Spiritualism of the Heaven Rules and continued to improve. She estimated that she would reach Divine Emperor in no time. According to Long Chen's estimations, the realm that the Sphinx had once been, should be the Extreme Realm Divine Emperor.

"How is it?"

After all, this was a weapon that had accompanied him for many years. Especially the spirit sword, which was the witness to his and Ling Xi's first love.

"After it's done, it can recover. After all, it's a 'Hun Yuan' -class Chaos Treasures."

It was said that the birth of the Creation God's Stone was extremely complicated.

It was extremely effective.

As for Mo Xiaolang, he had already swallowed all of the primordial sparks.
