

## War God 2891

### Chapter 2891 - Celestial Arts

After swallowing the grandmist sparks, it was up to him to see how far he could go.

He was still at the realm of the Perfection God King now, but he already had the strength to challenge the God King Board. Long Chen reckoned that once he swallowed the Hun Yuan's hongmengxinling, with the power of the Heaven-Devouring Divine Clan, reaching the Extreme Realm God King would not be a problem.

At that time, Mo Xiaolang would probably be able to make it into the top ten of the Divine King Rankings!

At that time, he could still use Shooting Sun God Bow s! Although he did not train his arrows like Tian Yi, but with Mo Xiaolang's talent, he could still burst forth with different powers.

Therefore, Mo Xiaolang was extremely grateful to Long Chen.

These were all things that Long Chen had risked his life to obtain for him. Of course, he wasn't being unreasonable. He knew that even if he used these resources, he would still help Long Chen accomplish that great undertaking of his!

With these treasures, Mo Xiaolang's growth would definitely be very fast!

As for Zhu Xi, Su Yan and Yang Lingqing, they were not very good at fighting in the first place.

Actually, Long Chen did not want to rest. After Ling Luo left, he turned around and left the second floor of the Divine King List.

"Big brother, let's go take care of them?" Mo Xiaolang asked in a low voice.

"Yes." "It's time."

laughed coldly. He had been threatened for such a long time, and this battle had already made Long Chen deeply aware of his own combat power.

"It's a pity that I'm at a critical moment. Otherwise, I would be able to share an opponent for you." Mo Xiaolang said.

At any time, he was Long Chen's strongest fighting force!

"Don't worry, there are still six left. I'll leave one or two for you when the time comes." Long Chen smiled.

The moment he reached the first floor of Battlefield of Divine Devil, the Darkstar Divine Emperor was already waiting for him at the door. When he saw Long Chen, he laughed helplessly and said, "When you chose not to tell Extreme Delight about their threats, I knew that you had made such preparations. Long Chen, are you confident? "

Long Chen replied: "Yes."

Seeing that he was so confident, the Dark Star Divine Emperor was not worried at all. He said: "Given the strength that you have displayed when you were fighting Ji Taixu, it is indeed possible. The Immortal God Clan's strongest technique is the 'Sacrificial God Technique', which can take away the power of living beings. However, the Gods and Demons do not have any living beings around them, so if they meet you here, they will probably not be able to obtain any benefits. "

That's right, when we go out this time, Long Chen wants to kill those two Divine Emperor of the Immortal God Clan.

This was a personal grudge, and now he was becoming more and more glorious, gaining the respect of the Star Alliance and becoming more and more important.

In fact, the Dark Star Divine Emperor didn't know that Long Chen's wishful eye was even stronger than that Sacrificial Art!

If there was life, the Divine Emperor of the Immortal God Clan wouldn't have any benefits.

"Do you need me to help you?" He did not want Long Chen to take the risk. After all, Long Chen still had to fight Tian Shenwushuang.

"No need, just wait here for me."

Long Chen immediately left the Battlefield of Divine Devil. When his figure appeared outside of the Battlefield of Divine Devil, the two Immortal God Clan Divine Emperor s who were monitoring him at that moment, afraid that he would run away, had already noticed.

"Divine Crown! He actually ran away. "

"Chase!"

The two people they left behind were Divine Crown and Divine Crown.

Of course, the eight of them were completely similar, and there was no distinction between male and female either. Long Chen was also not clear as to who was who, but in his heart, he felt that these eight Divine Emperor s were flies that could not be flung away no matter how he threw them!

They had indeed obtained the Celestial kill command!

This proved that Long Chen's choice to challenge the Divine King Ranking was correct. If he did not defeat Ji Taixu and Xing Wuji, even if he had the ability to kill these two, he would be sanctioned by the Star Alliance.

The qualification was obtained by Long Chen during his challenge!

He stealthily left the Battlefield of Divine Devil, instantly accelerated, and escaped towards the dark god, Zhou Shan. Shen Gui and Shen Gen, who were guarding the side of the Battlefield of Divine Devil, had no choice but to quickly chase after him, following closely behind Long Chen!

"This Long Chen is able to contend against the Divine Emperor in the blink of an eye. Even I am unable to overtake him in terms of speed, and with the strength he has today, it would probably be quite difficult for the two of us to kill him."

"Don't worry, don't kill him, just stall him. After all, he is a monster. "

Shen Gui frowned deeply.

A ray of red light and two rays of white light followed each other, penetrating through the thick black fog and crossing the high mountains and plains!

Sou sou sou!

The surrounding wind was sharp.

"Shen Gen, you said that he's getting more and more ferocious, getting more and more attention from the Star Alliance, and even getting Xing Wuji to value him. If we don't kill him quickly and we've already offended him, we won't have a good ending in the future, right?"

Shen Gen said gloomily, "Of course. The blame has already been laid, and there's no point in regretting it. The only thing he needed to do now was to control him and kill him as soon as possible. He absolutely cannot be given any chance. If he is allowed to have a high status, then our world of the Divine Sacrificial World will absolutely suffer! "

After the two of them understood everything in their hearts, they were even more afraid that Long Chen would escape.

If this guy ran away and returned stronger than before, he would definitely destroy them.

"That's not right!" Didn't he want to challenge Tian Shenwushuang? Why did he have to escape at this time? Before we challenge Tian Shenwushuang, we can't even touch him. "

When the Divine Crown heard these words, he was startled and said, "I understand, he was trying to lure us here."

The two of them instantly halted their steps.

However, when they turned around, they realized that even though they had chased for so long, they had already left the Battlefield of Divine Devil far behind.

At the same time, Long Chen suddenly stopped in his tracks, he turned his head, and walked towards the two Divine Emperor, his head lowered, eyes filled with killing intent. Could it be that you want to have a wonderful encounter with me? "

"You really know how to talk nonsense."

Shen Guang and Shen Gui looked at each other and then tightly pressed against each other. The godly powers within their bodies had already started to churn, and their killing intent gradually filled the air.

Shen Zi said, "It looks like you have the confidence to kill them all?" How bold! However, we also have the Celestial kill order. "It seems like today is a great opportunity!"

"You have balls," he said. To be honest, we admire you, but you underestimate our Immortal God Tribe. Today, you will pay the price, little guy. "

This was Long Chen's first time challenging a real Divine Emperor!

When the Immortal Sword Demon Tower was already prepared, Shen Gui and Shen Gen also took action. The two of them shouted out at the same time and brought out the God Creation Divine Weapon in their hands!

Both of them had the same Creation God Equipment!

A dignified Divine Emperor would normally be able to own a Hun Yuan ranked Creation God Equipment, but it was still rare to see a similar God Creation God Equipment. In their hands was a snow-white scepter, pure white like a pure gem, sparkling and translucent like a gem. However, it was undeniable that this scepter possessed a very imposing and tyrannical God Power of Creation!

"This is the Scepter of the Holy Spirit!"

Their own divine powers and the Scepter of the Holy Spirit s were in perfect harmony with each other, and the Creation God Power and the Divine Source Power were simply in perfect harmony. Compared to

them, their strength should be around the same as Ji Taixu's, but they were still Divine Emperor's, and there was still a side that they found difficult to deal with!

But today was not a battle, but a massacre!

Even more so, Shen Guang and Shen De didn't want to waste their time. They wouldn't be able to rest in peace until Long Chen was dead! When they took out the same Scepter of the Holy Spirit, they suddenly made their move!

"River of Annihilation!"

The two of them brandished the Scepter of the Holy Spirit at the same time, and under the explosion of the God Power, the two Scepter of the Holy Spirit s drew out a river in each, which was rushing towards Long Chen. Each river brought along a destructive God Power, the unique God Power and Rules of the Immortal God Clan.

Long Chen relied on his Demon Suppressing Pagoda to protect himself. Seeing the incoming attack, he immediately erupted, transforming into a blood shadow and quickly rushing towards the two people, slashing the power of the God Slaying Sword in the form of time. The Sword of Time erupted and a strange sword light flashed, instantly clashing with the God Slayer River!

Bang!

This was a contest of rules and regulations, a battle between Creation or divine artifacts!

Everywhere the Time Sword went, as Long Chen had expected, the destructive divine rivers would simply be unable to stop it. Under the violent killing of Long Chen's Time Sword, the two destructive divine rivers would immediately explode, turning into a rain of divine rain that landed on the divine mountains, blasting out a gigantic crater!

The might of Long Chen had simply exceeded the expectations of the two Divine Emperor s, and left them in complete awe!

After destroying the River of Destroying Gods, the Sword of Time let out a shrill cry and pounced towards Shen Gen and Shen Gen. They simply didn't have enough time to defend at all. Several sword wounds were ripped open on their bodies, and they were drenched in blood!

"Puchi!"

The two Divine Emperor s who were facing Long Chen together were violently killed by him, and were sent flying backwards!

"Done!" Long Chen now roughly knew the level of his own strength. After all, he had always fought against the Divine King at the peak of the Myriad Realms, so he didn't know what was going to happen between him and Divine Emperor! But today, he finally saw how, by relying on the Sword of Time, even the once terrifying Divine Emperor was defeated by one of his moves!

His goal was to kill!

Therefore, without saying anything, he rushed forward once again!

"Long Chen!"

The two Divine Emperor s could be said to be extremely shocked!

It was only then that they understood that even if the two of them were to join hands, they would still not be a match for Long Chen. Previously, they had watched the battle on the spot at the Realm of the Gods, but they had still underestimated Long Chen. After all, they did not know the difference between him and Ji Taixu!

The two Divine Emperor s saw Long Chen coming over with a sword in hand, and were shocked. The two of them looked at each other and nodded, and then, there was a huge change!

"Heaven's Path Divine Art!"

Under the pursuit of Long Chen, the two Divine Emperor s clasped their hands together and their bodies shone with white light. In the next moment, their bodies practically transformed into a ball of liquid, and then, they quickly converged into a humanoid shape. They originally looked the same, but at this time, they merged into one, and became one!

Of course, the Scepter of the Holy Spirit was grasped in his left and right hands.

## Chapter 2892 - The Realm of the Celestial King

"Combine into one?"

Such a miraculous rule naturally expanded Long Chen's horizons, and also stopped his attacks slightly. He could feel that after the other party had combined their powers, their power had climbed to a level that completely surpassed that of Xing Wuji and the others!

Strong enemy!

"Long Chen, we underestimated you, but you also underestimated us! You don't know about our Immortal God Clan's Heaven's Unity Divine Art, so you naturally don't know about our current terror. Let me tell you, one plus one is not as simple as just two of us! "

After the fusion had finished, the Divine Emperor opened his eyes and two Divine Emperor s came over. His voice had two parts, showing that it was a fusion of two people.

Suddenly!

He waved the two but Scepter of the Holy Spirit s!

"River of Annihilation!"

The destructive power of this divine river was at least three times stronger than before. In front of their eyes, this enormous river was charging fiercely towards Long Chen, hiding the rules of destruction within it, as well as their own unique divine rules. It was extremely savage!

This move, Xing Wuji and Ji Taixu had not reached their limits yet but it was still quite difficult to execute. Long Chen's footsteps did not stop, and facing this ferocious and powerful divine river of destruction, he once again thrust out the sword of time!

Sword light soared into the sky!

A sword flashed as the torrential water surged forward, clashing with the sword of time once again. But this time, the destruction of the divine river was too great. At the same time the sword of time tore it apart, its destructive power was also obliterating the sword of time!

BOOM!

The terrifying impact drowned the Sword of Time, and rushed towards Long Chen. Even with the protection of the Demon Suppressing Pagoda, Long Chen was still sent flying, crashing into several tall mountains and spitting out divine blood!

"Ha ha!"

The fused Divine Emperor revealed their terrifying divine might. After defeating Long Chen in one move, they turned into multiple figures as they chased after Long Chen while laughing loudly. After fusing with him, they did indeed have the power to suppress Long Chen!

"As expected of the two true Divine Emperor s!"

Long Chen stood up from within the rubble and wiped off the divine blood from the corner of his mouth. Now that the Divine Emperor had appeared in front of him again, he felt that he was inferior in terms of divine might. In simple terms, the two Divine Emperor's fused body was even stronger than Xing Wuji's decapitated head and Ji Taixu's Demon Emperor's state!

He wanted to chase after The God Emperor of Perfection!

So it turns out that these eight Divine Emperor s had concealed such a method too deeply. It was precisely because of this that Long Chen was in such a dangerous situation today. Actually, he was very curious, if their Heaven's Unity Divine Art could merge all eight Divine Emperor, how terrifying would it be?

At that time, who knows, maybe he would surpass The God Emperor of Perfection?

These eight had been hiding the [Heaven's Unity] technique!

No wonder they were so arrogant!

"You are too bold. You dare to lure us out and want to assassinate us? Who would have known that we will learn the [Heaven's Unity]!" I'm telling you, Long Chen, if you offend us, you won't live! It's just that

no one knows about our Heaven's Unity Divine Art right now. If we were to merge the eight of us, the Darkstar Divine Emperor would just be killed by us! "

The [Heaven's Fusion] was undoubtedly their pride. They might not even be able to use it many times in total!

As Divine Emperor shouted, he raised the Scepter of the Holy Spirit in his hands again and used an even stronger killing move! The God Slayer River was just one of their relatively simple rules. They had the confidence to kill Long Chen with a single move. Because this move, even ordinary Initial stage Divine Emperor would have to die!

At this moment!

Long Chen laughed coldly, he did not have the fear before he died at all. Right now, he really did know how powerful the Heaven's Unity technique was, and he admired them for hiding it so deeply. However, he wanted to try and see if he could break through the Heaven's Unity technique!

In that moment, before Divine Emperor could attack, Long Chen's eyes suddenly turned white!

In his hand was the same white light. Within the white light was an illusory world!

This was the rule of fate!

"Change fate!"

The white light sped towards Divine Emperor. Seeing the white light, Divine Emperor felt that it was a bit familiar, but he could not recall anything. They knew that this was a rule, but it did not seem to have any destructive power!

"Don't struggle until you die!"

Just at this moment, the rule that went against the heavens and changed fate, slipped into the center of the Divine Emperor's brows and converged there. In a short moment, the rule of the Divine Emperor stopped!

"What's going on!"

Soon after, everything was no longer under their control!

The [Heaven's Unity] technique had collapsed!

The Divine Hou and the Divine Gen suddenly all tore out from the same body and were blown away. The failure of the [Heaven's Unity] caused their blood to boil, and they were stunned for a moment. Why did the stable [Heaven's Fusion] have a problem at this time?

"Impossible!"

Even though he shook his head like that, they quickly remembered why Long Chen's white light was so familiar. It was a rule that Long Chen had used on the Demon Emperor and under this rule, even the Demon Emperor's state was instantly lifted, let alone the Heaven's Unity Technique!

Like this, they were all shocked and panicked. Having received such a huge blow, it was as if they had fallen from heaven to hell!

Of course, Long Chen would not miss this chance!

"Extinct Dragon Seal!"

Just as he was about to stand up in panic, the Demon Suppressing Pagoda descended on his head. In that moment, it bellowed out loud, as it tried to stop the Demon Suppressing Pagoda with its bloodshot eyes, but the Dragon Seal of Extinction was too fast, he did not have enough time to react, it was directly suppressed and the Extinction Dragon Seal struck him from the front!

"AHH!"

A scream!

This time, Long Chen did not hold back.

His spirit was destroyed!

A dignified Divine Emperor, with his primordial spirit staring closely at him, and at this time, Long Chen came up behind him, suppressing his Scepter of the Holy Spirit, while at the same time, both of his hands formed claws. He had longed for this for a long time, so this kind of opponent, could not be blamed on him launching a Blood Devour.

It was right in front of the Divine Crown!

Under the devouring of the blood, his spirit disappeared. His flesh and blood were all devoured by the Archaic Blood Spirit Dragon. Everything disappeared, causing the Divine Crown to lose its connection with him!

"A godly being!"

The Divine Crown shouted miserably, with a voice like a woman's.

who was covered in blood colored dragon scales held onto the cold and murderous God Slaying Sword, raising his head to look at him, the current Long Chen was simply like a demon, the Divine Crown was so scared that his entire body was trembling!

Only now did he realize that he was in big trouble!

He was killed, he had fallen!

He was one of the eight great Divine Emperor of the God's Sacrifice Great World!

"You will die a horrible death!"

With his Divine Emperor's power, it was not impossible for him to escape. In order to escape, he had already done his best!

Pch!

However, not long after he fled, a blurry sword light flashed by and decapitated him!

Having lost all will to fight, she was definitely not Long Chen's match! In the blink of an eye, Long Chen used the God Slaying Sword to control it and the Demon Suppressing Pagoda was even able to suppress it on top of the Divine Gui's body.

"Do you regret going against me for face?"

Long Chen's gaze was cold as he stared into the eyes of the Divine Crown, causing his hair to stand on end.

"Of course I don't regret it!" I still have six brothers. They have the Heaven Realm Kill Order in their hands, so they can take your life at any time.

Shen Gui firmly said.

He thought that perhaps Long Chen would control him and threaten the other Divine Emperors. Therefore, he wasn't worried at all. It was just that he had guessed wrongly. In Long Chen's heart, the remaining six Divine Emperors were far less terrifying than what the Divine Gui had imagined!

"Don't worry, you'll lose your intuition in an instant."

Long Chen grabbed the Demon Suppressing Pagoda and pressed it down. The Extinction Dragon Seal directly shook the Divine Crown's chest!

"Ugh!"

But in that instant, his soul dispersed, and the only thing that remained was an unresigned remnant soul. Just as Long Chen had said, exterminating the Dragon Seal gave him a lot of freedom, and he returned to the west in almost an instant.

Next was a new round of Blood Devour.

Of course, Long Chen did not forget to control the two Scepter of the Holy Spirit. This was a Hun Yuan level God Manifestation Art, in the future, Yang Lingqing, Su Yan and the others could use it. In fact, his entire Divine Kingdom, the endless Divine Dragons, needed a massive amount of Creation Gods! These were all collected by Long Chen himself!

Therefore, in essence, Long Chen would never let go of a Creation God Manifestation Weapon!

But what was even more important was that he himself was already extremely close to the realm of the Divine King, especially in the few life and death battles that he had gone through, he had fiercely advanced and comprehended several types of strong laws, his realm becoming even more perfect. At this time, after consuming two Divine Emperor s with his blood, the blood energy in his body surged, and the blood rules turned his opponent's flesh and blood into Divine Source Power.

Hun Yuan's divine power surged, continuously surpassing his limits!

A final sound rang out.

Long Chen had surpassed the limit, and finally reached the same level as Mo Xiaolang and the others, the Divine King's realm.

He was the God King of initial state.

Although his cultivation base was still the lowest, he was still the strongest!

Because he had made a breakthrough, even the living beings in the Divine Kingdom had received a favor from Long Chen, causing many to directly follow suit and break through as well!

Celestial King!

All along, the realm and power had always been Long Chen's weakness, but this time's charge and advancement, had made him even more tyrannical in this area!

Come out, go back, Long Chen was actually different now.

The other six Divine Emperor s must have heard of this battle.

But Long Chen did not care, he looked in the direction of the Battlefield of Divine Devil.

"It seems that my chance of fighting Tian Shenwushuang is a lot higher. He can be on par with the The God Emperor of Perfection, or perhaps, the current me can be on the verge of doing so! "

After muttering to himself, Long Chen was now preparing to return and prepare well for the upcoming battles. As long as he could defeat Tian Shenwushuang, he would definitely be able to shake the world again. Then, even if it was the six Divine Emperor s who had the Sky Region Killing Order, Long Chen would not need to be afraid, because he was not afraid of the Heaven's Unity Divine Art.

Seeing that Long Chen had returned, the tensed up heart of the Dark Star Divine Emperor relaxed.

He said: "Long Chen, there's news. Tian Shenwushuang will be welcoming the battle in half a month."

Chapter 2893 - Mo Sang

"Fight? Half a month later?" Long Chen muttered to himself. This was enough time for him to stabilize his current Realm of the God King.

After saying "disappear", the Darkstar Divine Emperor gazed at Long Chen and sized him up. Seeing that not only was Long Chen not injured, but his spirit had greatly increased, he finally had a feeling of a God King.

"I've already killed them, and I've even made some breakthroughs. It should be even more confident in the upcoming battle. " Long Chen said very calmly.

"A miracle."

When Long Chen had just entered the king level Battlefield of Divine Devil, he remembered that during the battles that he did not participate in, he had done his best. However, during this half a year, his opponents kept changing, and he kept getting stronger and stronger. This speed could be considered a miracle.

"If that's the case, those six people with the Heaven Realm Kill Order will fight to the death with you. But since you have strength close to mine, you might not be afraid of them. You only need to be careful. "

The Dark Star Divine Emperor was extremely satisfied with Long Chen.

Great Monarch Donghua was lucky enough to pass down the Immortal Sword Demon Pagoda to Long Chen.

Thank you, Divine Emperor, for taking care of me during this period of time. The Darkstar Divine Emperor was someone who valued brotherhood and brotherhood. Because Long Chen had inherited the Eastern Flower Great Monarch's Divine Sword Magic Pagoda, not only did he give it to him, he even gave it to him multiple times to protect himself.

This kind of person was someone Long Chen respected a lot.

The Darkstar Divine Emperor said: "Just don't be polite with me. In addition, although the details of the battle have yet to be determined, but it is said that this battle is highly valued, so naturally it will be much more important than the battle at the God's Paradise. Although it won't make the fight at the Gods' Paradise so complicated, but then it will definitely be even more serious, and the influence it will create will also be much greater. "

"Yes, I understand." Of course, Long Chen was clear that the one challenged was the top of the Divine King's List. Being the first on the Divine King Board meant that he was the number one Divine King in all the realms. The myriad worlds had countless Godkings, and the number one Godking ... one could imagine.

And he was the only son of Empyrean God Lu Zhe.

"This battle will probably be held in the 'The Diremonster Battlefield of the imperial level'. At that time, it is very likely that all the Divine Emperor in the 'The Diremonster Battlefield of the imperial level' will be watching. They would all be able to witness this battle. Right now, you are famous at least in the Northern Star Domain. Almost all of the people in the Star Alliance know about this battle. They're all looking forward to it now. "

All the Divine Emperor would watch the battle?

If Li Xuanji's master gets alarmed, she should also come out from closed door cultivation.

Now, Long Chen was not as afraid of her as he was of her. Li Xuanji had once said the words 'Divine Emperor', but now, she had just killed two Divine Emperors.

He imagined that all of the Divine Emperors from the Ten Thousand Worlds were watching the battle. When the time came, the announcement would definitely shake the entire Ten Thousand Worlds.

The Allworld. Ten thousand worlds.

"I'll go and prepare first." Long Chen bid farewell to the Dark Star Divine Emperor, and arrived at the second floor of the Divine King List. As for the first level, it was now empty.

During the time that he had been in the realm of the Divine King, the news of him defeating Xing Wuji and her, as well as the news of him challenging Tian Shenwushuang, had nearly spread throughout the higher realms of the myriad realms. Within the myriad realms, the name Long Chen had already gained great fame amongst the gods and devils.

The dragon servants should have heard this as well.

Or they would be pleased.

What made Long Chen feel gratified was that after Mo Xiaolang had swallowed the 'primordial sparks' and completely digested them, he had succeeded in breaking through to the Extreme Realm God King realm. Reached the right Taizhen Deity Realm, the realm at which the devil of Nuwa was at its peak. In terms of realm, Mo Xiaolang and Su Yan could be considered to have surpassed him.

Following that, Mo Xiaolang already had enough power to study, and control the Shooting Sun God Bow.

Although he did not have Tian Yi's bow and arrow, but he was more proficient in fire, had two kinds of Ancestral Flames, and also had the law of devouring. He was able to intimidate the two Creation Heroic Spirits, and before long, Shooting Sun God Bow and The divine arrow of the setting sun had become his weapons.

Under the refinement of the God Manifestation Stone, the Lingxiang's twin swords finally recovered to Hun Yuan's stage and reached its peak condition. He returned to the way he looked when he was in the hands of the Sphinx. Lingxiang's twin swords's power was similar to the Immortal Sword Magic Tower, it was just that the Lingxiang's twin swords was more orthodox, while the Immortal Sword Magic Tower's killing intent was even more intense.

Ling Xi was about to reach Extreme Realm God King, if she was not pregnant, once she reached Extreme Realm God King, her fighting strength would not be weaker than Mo Xiaolang's.

As such, the team was strengthened once again.

Long Chen was much more at ease with them.

The tragedy in the Zenith Light Array would no longer occur.

But no matter what, the next battle would still be a difficult one, and it would be before all the Divine Emperor! A group of people at the peak of the Allworld!

A few days later, Xiluo came back.

She said softly: "It seems that you have already been determined that the battle between you and Tian Shenwushuang would take place in the The Diremonster Battlefield of the imperial level. With such a big commotion, my Junior Martial Aunt will definitely be aware of it, and will definitely watch it. Do you have a plan in mind? "

"This is unavoidable, with your Junior Martial Aunt's combat power, how is it compared to Tian Shenwushuang?"

Ling Luo replied: "After all, Tian Shenwushuang isn't really a Divine Emperor, so she is still better than us. His name is Mo. "

"I'm only slightly better, at least I won't die. Furthermore, if I can become number one on the God King Board, there will be even more people who will protect me. I have to face her head on. It's about time now. "

Seeing that Long Chen had such confidence, Ling Luo's slightly worried mood relaxed a little.

She was still a bit nervous and asked, "Then what if we lose?"

Long Chen laughed: "I will deal with it when it's time. I am not afraid of Tian Shenwushuang, and neither am I afraid of the underworld. Even if she watches the battle, when the time comes, he will just watch. "

In this Myriad Realms, he had no power or influence. Only power could be valued and respected by these billions of years old gods and devils.

"Since you are so confident, I should be happy for Xuanji. I hope that she can be happy and follow Mo Sang. She has indeed suffered a lot. Mo Sang's temper is something that I cannot bear." The worry on her face became denser and denser when she mentioned Li Xuanji.

She was alone, and it was not easy for her to do so. She had been separated for decades, and her heart was filled with longing. It was like a flood that could not be stopped. If they didn't separate, they wouldn't have realized how much they valued this person.

Presumably, she was not free throughout the day and night, and also felt uneasy. The only person she could rely on in her heart, was Long Chen! Back then, it was Long Chen who had given that black needle to her, so he had to take responsibility.

There were only five days left until the day of the final battle.

In these ten days, the name Long Chen spread across all realms.

On this day, the Darkstar Divine Emperor had come over. He said, "The location of the final battle has been decided. It's the 'Golden River Battlefield' of the 'The Diremonster Battlefield of the imperial level'. The Golden River Battlefield is a battlefield that only the The God Emperor of Perfection can step on, it is considered an exception this time, and you can fight it out. As expected, all the Divine Emperor that are still in The Diremonster Battlefield of the imperial level will watch the battle. "

With so many Divine Emperor watching the fight, it was already a source of pressure.

After all, each and every one of them was the pinnacle of all existence. They had cultivated for tens of millions of years, and were incredibly terrifying.

"I'll bring you along with me now. Five days later, we'll just happen to arrive at the The Diremonster Battlefield of the imperial level." The Darkstar Divine Emperor said.

Long Chen did not say much and directly left.

Tens of thousands of Divine Kings were outside Battlefield of Divine Devil, sending Long Chen off. It could be said that Long Chen was simply their dream.

This time, they weren't able to watch.

"Brothers, I will definitely bring you all good news. Five days from now, all you need to do is cheer. " Long Chen was calmer than anyone else. These words were spoken with extreme confidence. When the Realm of the Gods Kings heard it, they all admired Long Chen's heroism and cheered as they saw him off and stepped onto the battlefield.

But in truth, Long Chen had to face Tian Shenwushuang, Mo Sang, and millions of terrifying Divine Emperor! There must be many terrifying people hiding in the The Diremonster Battlefield of the imperial level. He was someone that was even close to becoming a Hierarch!

Along the way, the Dark Star Divine Emperor introduced the situation of the The Diremonster Battlefield of the imperial level to Long Chen.

"Actually, The Diremonster Battlefield of the imperial level and king level Battlefield of Divine Devil are slightly different. Of course, the The Diremonster Battlefield of the imperial level was a creation god artifact of the 'primitive level'. For example, the top four of the Divine King List are all from Star Alliance. Eastern Star Region, Southern Star Region and Western Star Domain, there might be a Divine King who can compare to Tian Shenwushuang. But the The Diremonster Battlefield of the imperial level was different, because the The Diremonster Battlefield of the imperial level was facing the entire Ten Thousand Worlds. Their rankings on the Divine Emperor s were actually quite close to the entire Ten Thousand Worlds! For example, the top three of the Divine Emperor s are not even considered to be our Northern Star Domain s.

Since Long Chen was able to defeat the Divine Emperor, and even if Tian Shenwushuang was able to do so, the fact that he was ranked in the top three of the Divine Emperor s to contend against the Sovereign God Beast was not an exaggeration. After all, the Divine Emperor Board was more important than the God King Board, and that was the true Ranking of Rankers! At most, the Divine King Board could only be considered the next generation of experts.

The meaning behind the Dark Star Divine Emperor's words was that the Divine Emperor's ranking was more realistic and had more weight. Its influence in the myriad worlds would be countless times stronger than the Divine King's ranking! The first rank on the God King Ranking could not be considered

to be a heaven defying expert, but it could only be considered to be a heaven defying talent. On the other hand, the Divine Emperor Ranking was truly considered to be a heaven defying expert.

"The Divine Emperors of the The Diremonster Battlefield of the imperial level, are mostly from the Myriad Realms, and the existences on the Divine Emperor Board in particular. They rarely stay here, and are mostly in their own worlds. They would only be able to come to the Divine Emperor's rankings if there were any major matters. If there was anyone who wanted to challenge them, they would have to directly look for them. After all, the Battlefield of Divine Devil was only a battlefield. Those are all true experts. "

"In other words, if I were to challenge the Divine Emperor's Ranking in the future, I would have to cross over the entire Myriad Realms to find them? Spending decades? "

The Darkstar Divine Emperor said: "Indeed, dozens of years is but an instant. Actually, what I mean is, for this time's spectating Divine Emperor, there aren't many people on the Divine Emperor's list. Furthermore, most of them are from the Northern Star Domain, so you don't have to feel too much pressure. Of course, Extreme Delights like Tu Shan and the others were all on the Divine Emperor Board. There are still quite a few experts like them. "

#### Chapter 2894 - Heavenly Ape

No matter what, in this Zhou Mountain of Gods and Demons, a king level Battlefield of Divine Devil could only be considered as a greenhouse, but that The Diremonster Battlefield of the imperial level could be considered as the true face of the world.

"The difference between The Diremonster Battlefield of the imperial level and king level Battlefield of Divine Devil is that The Diremonster Battlefield of the imperial level does not have two hundred floors, but only ten. Other than the top level, the Divine Emperors of other levels can freely move about. The battlefield you are fighting on, is the 'Golden River Battlefield' of the fourth level, 'Golden River Realm'. "

"Generally speaking, Golden River Battlefields of the fourth floor and initial state are not qualified to fight here, because the first three floors of the battlefield are enough to support Initial stage Divine Emperor's battle. As for the fourth, fifth, and sixth floors, they are also completely capable of withstanding the The God Emperor of Perfection's attacks and are safe and sound. As for the seventh, eighth and ninth floors, they are able to withstand the Extreme Realm Divine Emperor's battles.

So this was how the The Diremonster Battlefield of the imperial level was arranged.

There were only ten battles in total.

After all, there were very few Divine Emperor s and they didn't fight often.

"How many Divine Emperor s are there in total?" Long Chen asked.

"About three thousand. Most of the three thousand were Divine Emperor s from the Northern Star Domain. The liquidity is relatively large. And the number of Divine Emperor in the entire ten thousand realms naturally far surpassed this number. As for the existence of the Divine Emperor's ranking list, there should be around thirty or so people here. These thirty people will always be striving to become a Hierarch. Once they become a Hierarch, they will become a top-level hegemon of the myriad worlds! "

Long Chen could naturally imagine.

Extreme Realm Divine Emperor s, such as Extreme Delight s and Divine Emperor s of Tu Shan, were numerous.

But to cross a realm to become a Hierarch, such as a Tianyin Region Lord, was very rare.

The Tianyin Region Lord could crush Extreme Delight s and obliterate their entire mountain.

The The Diremonster Battlefield of the imperial level s had all gathered here for the sake of becoming a Sovereign God!

"The battle on the Divine Emperor's ranking list naturally has huge movements and possesses terrifying destructive power. If they were to fight in the Divine Spirit Mountain, the most suitable place would be the tenth floor of the The Diremonster Battlefield of the imperial level. The tenth floor is called 'Bridge of Great Change'. As the name implied, it was a bridge that led to Tai Yi Shen Jing. I don't have the chance. I hope that one day, you will be able to step onto this bridge. "

To a place like the Bridge of Great Change, the Darkstar Divine Emperor would undoubtedly yearn for it.

Only, he understood that his limit was still here. In the The God Emperor of Perfection, he was not considered strong.

The two of them advanced all the way into the Divine Emperor area and headed towards the The Diremonster Battlefield of the imperial level. Long Chen was even a little impatient to see what that The Diremonster Battlefield of the imperial level looked like.

"Right now, those three thousand Divine Emperor, as well as Tian Shenwushuang and Mo Sang should be waiting for me there." Even so, Long Chen felt both pressure and excitement. The one before him was a challenge, and he was going to break it!

A good man should think of himself as being so generous.

"Oh right, you killed two Divine Emperor of the Immortal God Clan. The six Divine Emperor s naturally knew about it. They have the Sky Region Kill Order in their hands, I can't protect you anyways. Before the battle between you and Tian Shenwushuang, they didn't dare to make a move to destroy you.

"It's fine."

Long Chen laughed indifferently. The strongest Sacrifice Techniques and Heaven's Unity Techniques of the Immortal God Clan were broken by Long Chen, but to Long Chen, they were nothing more than a bunch of trash!

"Alright! Young man, hot-blooded, challenging authority, exceeding the limit! It shook the children of the various Hierarchs, shocked the entire world, and created a miracle! My dream when I was young was also entirely on you, complete him! "

"No problem." The two of them laughed out loud. Although the final battle, the pinnacle battle, and even Mo Sang and the Immortal God Tribe, was waiting for him in front of them, Long Chen's heart was filled with a myriad of heroic spirit! Looking at the dense fog in front of him, his heart surged. He was the successor of the Ancestral Dragon! The last hope of Dragon Sacrifice Continent! The Gods and Demons couldn't reach the mountain, The Diremonster Battlefield of the imperial level! Even if the heavens were trillions, who could stop it?

The Divine Emperor, the Divine Emperor, each and every one of them were all Heaven's Pride from the Myriad Realms!

If one cultivated for tens of millions of years, they could reverse the heavens and earth and control billions of lives!

Each and every one of them was like a former Heavenly Demon!

Every single one of them was at the same level as Di Jun.

Currently, three thousand Divine Emperor were gathered in The Diremonster Battlefield of the imperial level.

Waiting for Long Chen!

Within these five days, the Darkstar Divine Emperor had brought Long Chen across mountains and rivers that were not part of the gods and devils, broke through layers of devilish barriers, and even experienced several dangers from the devils and gods. In the middle of the tallest mountain in front of them, Long Chen finally saw a black tower!

It was pure black and it did not look big, but its actual form was ten times that of a king level Battlefield of Divine Devil!

Every level was as big as the entire king level Battlefield of Divine Devil!

Approaching it, he finally understood how small and small a Battlefield of Divine Devil was!

This The Diremonster Battlefield of the imperial level was a creation god artifact of the primitive level, and was only a level lower than the Origin Dragon Palace of the Long Chen Divine Kingdom. However, it was controlled by a supreme god, so the power it could unleash naturally far surpassed the Origin Dragon Palace that Long Chen was still unable to control.

This black tower was completely unadorned. It was ancient and rusted, and after experiencing the endless years of invasion, it seemed as if it could collapse at any time. It was even on the verge of collapse, as if an emperor would fall from that high mountain and break its bones!

But it was not the case, the tower continued to stand, an eternal existence!

"Is this the power of the beginning of time?"

Compared to the Eternity's Creation Divine Artifact, it felt different, it felt even older, and was even closer to the oldest state of the universe's myriad worlds. The Eternal Creation Divine Artifact and Extreme Realm Divine Emperor's Taiyuan Deity Realm aura was similar, but this primitive level was more Primal, even more transcendent.

"Cultivation is a type of atavism that returns one to the most primordial state of the ten thousand worlds. Returning to the Primordial Era, returning to the Genesis Lands, from Tai Chi to Tai Su, then to the Primal Beginning, and finally to the Primal Chaos. Too easy, is the state of the Genesis Lands, and it is said that when one returns to the Origin Lands, they can transcend the Ancestral Rebirth and reach the final Ancestral Realm. However, the Ancestor Realm was the dream of supreme deities. There are no ancestors in the Allworld. "

Looking at the Creation God Equipment of the primitive level, the Darkstar Divine Emperor could not help but say.

This simple sentence, yet it was deeply engraved in Long Chen's heart, causing all of his comprehension to rise up by a whole level!

"So, cultivation is a way to trace back to the origin of ten thousand worlds, to search for the Absolute Beginning, and to return to Grand Change! More directly speaking, it was Ancestral Awakening!

This realization rumbled in his mind.

The Ancestral Dragon was the Ancestor, and it was also chasing the most ancient of footsteps as it went back to its origin.

Previously, he wasn't too clear why the Realm of Gods was split into Taiji Realm, Taiyu Deity, Taizhen Deity Realm, Taiyuan Deity Realm, and Tai Yi Shen Jing.

It's clear now.

Taiji refers to the state of the universe in which Yin and Yang are differential.

Tai Su was the state of the universe in which the primordial matter existed.

At the beginning, it was a formless physical form, visible only to the senses. It was the primal universe state before the creation of the universe.

The Absolute Beginning was formless and intangible. It was a state of universe that was even more primal than primal chaos.

It was too easy. It was the state of the universe, where there was nothing.

These five were the true realm of the gods.

As for deities, Divine Monarchs, Divine Kings, Divine Emperor and Hierarchs, they were merely abbreviations to the realms of their respective gods and devils. For example, once one achieved the Taiyuan Deity Realm, they would be able to return to the state of the universe which was formless and formless, and was even more primitive than the Primal Chaos.

If it got too easy, then it would become a Paragon.

So there was a saying of Unparalleled Dragon.

And the ancestral realm, had even surpassed the limitless void.

Actually, this was also the origin of the name "Infinite Divine Art." To evolve from "Tai Yi" to "Tai Chi" was a road without boundaries.

At present, Long Chen's true cultivation realm was Taizhen Deity Realm.

Compared to when he was at the Taiyu Deity, he could understand even more of the primitive power. From Taiyu Deity to Taizhen Deity Realm, the changes to divine power and rules, were all returning.

With this enlightenment, his heart grew much calmer. Even though there were three thousand Divine Emperor up ahead, and everything else was waiting for him!

"I'll take you in." The Dark Star Divine Emperor patted his shoulder as he led the way. Carrying Long Chen, they rushed up the mountain towards the gigantic black tower. This was a tower two levels higher than the Demon Suppressing Pagoda. It was the ancestor of the Demon Suppressing Pagoda, so when they came here, even the Demon Suppressing Pagoda felt pity for them.

"Long Chen!"

Suddenly, Li Xuanji's anxious voice appeared.

Long Chen hadn't heard her voice for a long time.

"She will watch the fight, right? It's fine. Just be at ease. I'm ready." Long Chen quickly replied. She was Long Chen's Yin Mo, and with just a shout, Long Chen knew what she was anxious about.

"Yes." But no matter how nervous she was, when she heard Long Chen's words, her voice became calmer by quite a bit. Actually, she had always been a person who did not fear the heavens or the earth. It could only be said that Divine Emperor Mo was truly too much of a torturer.

The Diremonster Battlefield of the imperial level!

Standing at his feet, he looked up, but could not see the top of the pagoda.

It was a wasteland.

The Divine Emperor walked forward respectfully, but before they entered the The Diremonster Battlefield of the imperial level, suddenly, an old man appeared in front of Long Chen and the Divine Emperor. He was a white-haired old man with a very sturdy stature, wearing heavy armor, with a bit of white fur on his face.

"Junior Dark Star greets God Emperor of the Heavenly Apes!"

Dark Star quickly said.

This God Emperor of the Heavenly Apes could be considered to be giving Long Chen and the Dark Star Divine Emperor a beating, and might. However, he did it on purpose, and was strong in itself, which was why his godly might was so strong.

"Forget it."

The God Emperor of the Heavenly Apes's voice was deep and heavy, and all of his gaze was focused on Long Chen. He didn't even need Long Chen to bow, as he glanced at Long Chen a few more times, and said: "Kid, there's a mountain of blades and a sea of flames inside.

Long Chen's heart had long become unmoved, and he said: "The reason why I have been challenging from the first level of the king level Battlefield of Divine Devil all the way to today, is precisely for this battle today. There is no such way of saying it, but only the question of whether or not one can achieve the top rank on the Divine King's Rankings! "

Chapter 2895 - Golden River Battlefield

"Bold indeed. It has deeply impressed the appetite of my Sky Ape. You've never met me, but you might have guessed who I was. "

God Emperor of the Heavenly Apes's voice was domineering. Even though he was speaking in a friendly manner, he was also being extremely overbearing, and his every word was filled with an overwhelming pressure.

Long Chen thought about it, it was true that he had never interacted with the God Emperor of the Heavenly Apes before, and it was also true that he had no relationship with the Extreme Realm Divine Emperor, but after thinking about it carefully, he seemed to have sensed his existence before. Having an answer in his heart, he said, "The God Emperor of the Heavenly Apes should be the master of a king level Battlefield of Divine Devil."

The God Emperor of the Heavenly Apes laughed.

"That's right, you're smart."

The king level Battlefield of Divine Devil looked like a pillar that reached the heavens. It could probably evolve into a stick. Since the God Emperor of the Heavenly Apes was able to use the Creation Divine Equipment of the 'Eternity', he must be on the Divine Emperor Board, and his rank should be above the Extreme Delight's.

The fact that the Divine Emperor possessed Eternity and the Creation God Equipment was the same concept as Long Chen and the rest of the God Kings had Hun Yuan. All of them were extremely rare. In

all of the Divine Kings, only the top ten of the God King Rankings could have Hun Yuan's Infinite Divine Art or Creation God Equipment, and there wouldn't be more than a hundred of them in all of the realms.

From this, it could be seen that this God Emperor of the Heavenly Apes should still be an overlord of the The Diremonster Battlefield of the imperial level. Long Chen naturally respected people with such tyrannical strength.

"Since Di Jun has Eternity and the Everlasting Stone is a Chaos Treasures, then Di Jun should be weaker than the God Emperor of the Heavenly Apes, right?"

Long Chen guessed.

A king level Battlefield of Divine Devil had their own Divine King Ranking, but on the surface, there was no Divine Emperor Ranking.

"The fourth level of the Golden River Realm. All preparations have been made. "Follow me." The God Emperor of the Heavenly Apes went straight to the point and led the way.

When Long Chen arrived, the battle had already begun!

All the Divine Emperor s were waiting for Long Chen!

Coming here, even the Darkstar Divine Emperor, Great Monarch Donghua and the others were only minor characters. They were only fit to fight on the fourth, fifth, and sixth floors.

With one hand grabbing onto Long Chen and the other grabbing onto the Dark Star Divine Emperor, he rushed into the middle of The Diremonster Battlefield of the imperial level, instantly giving off the feeling that he was teleporting. The stars in front of his eyes changed, the hurricane whistled, and in the blink of an eye, Long Chen felt like he had already passed through the first three levels, reaching the fourth level of The Diremonster Battlefield of the imperial level!

Golden River Realm!

"We're here." God Emperor of the Heavenly Apes let go of Long Chen and the Dark Star Divine Emperor. In front of God Emperor of the Heavenly Apes, the two of them were as weak as birds.

When Long Chen saw the Golden River Realm clearly, he finally understood why this place was called this name!

In front of him was an endless starry sky. Even though it was a layer of Battlefield of Divine Devil, it was also an endless world and it was so vast that one could not see the end of it.

The space on this floor should be the king level two hundred floors, adding up to such a large amount.

The endless starry sky naturally contained countless stars.

There were hundreds of stars like the Demonic Divinity Celestial Star, but most of them were tiny fragmentary stars. Most importantly, all of them were golden! Pure gold!

In front of him were millions of fragmentary stars, all of them were gold, shining brightly with a gold light, thus appearing in front of Long Chen was a golden river of stars, incomparably dazzling, surging with power!

Therefore, this was the Golden River Realm, the Golden River Battlefield!

The Golden River Battlefield was only the fourth floor of this The Diremonster Battlefield of the imperial level. The majesty of this Golden River Battlefield made Long Chen incomparably look forward to the "bridge of the Grand Change" on the tenth floor.

"It's at the center of the golden river, the Golden River Battlefield. Go!"

He was extremely fast, and Long Chen and Luo Hua City Mistress had no choice but to give their all to chase after him. Furthermore, God Emperor of the Heavenly Apes was constantly increasing his speed, and in the blink of an eye, he had turned into a small dot, surpassing the limits of Long Chen and the Dark Star Divine Emperor.

A dark star and a bloody shadow!

What surprised the Darkstar Divine Emperor was that Long Chen's current speed was actually on par with his!

Although he could move a little faster, it was still a miracle that Long Chen could move so fast!

Only when they had raised their strength to the limit did they barely catch up to the God Emperor of the Heavenly Apes, so as to not be completely left behind.

"You guys are too slow." God Emperor of the Heavenly Apes said unhappily.

But Long Chen knew, he definitely didn't feel that way, and he might even be shocked at his own speed. After all, he wanted to test his own speed!

But that's not important!

Long Chen had already entered the midst of a river of golden stars. Every single one of the giant stars were bright gold in color and seemed to be cast entirely from gold as they glittered and flashed with a heavy golden light. Suddenly, Long Chen saw a continent in front of him!

A golden continent!

This was the center of the Golden River Realm!

This golden continent was the Golden River Battlefield of the fourth floor!

Although the continent was not as big as the Immortal God Realm, it was actually half the size of a Dragon God Domain and could house several hundred million living creatures. However, this was merely a battlefield for two Divine Emperor s. Fighting here would minimize the damage Divine Emperor would do to the world.

"Today, you shall be the protagonist of the Golden River Battlefield."

God Emperor of the Heavenly Apes stopped in his tracks. Under the shine of countless golden stars, his fur turned gold, which was extremely dazzling, and the golden continent in front of him was incredibly thick.

Obviously, the The God Emperor of Perfection s were far from being able to destroy this Golden River Battlefield!

"Don't worry about the battles. This Golden River Battlefield, among all the Divine Emperor present, only a few dozen can break it. You are far from qualified."

The God Emperor of the Heavenly Apes said impolitely.

present

Long Chen felt it, but actually, the three thousand Divine Emperor s had already arrived. They were respectively standing on the surrounding three thousand golden stars, and when Long Chen arrived here, he was actually already in their field of vision.

"Let's go." God Emperor of the Heavenly Apes urged.

Long Chen did not hesitate at all. At this moment, he was flying towards the golden continent by himself, Golden River Battlefield!

On the Golden River Battlefield, Tian Shenwushuang had yet to appear.

It seemed like he had to go on stage first.

Being placed in the Golden River Battlefield instead of the other three battlefields was enough to show how important they were to them.

This battle had attracted the attention of all the Divine Emperor s!

Every single one of the three thousand Divine Emperor s among the three thousand golden stars looked at Long Chen with a scrutinizing gaze, giving Long Chen a monstrous amount of pressure! ) Amongst these three thousand Divine Emperor, there were several hundred who were like Tu Shan and Tong Tian Divine Emperor;

There were people from east, south, west, and north.

Since they were challenging the limit here, then every single Divine Emperor was naturally a tyrannical individual. Their gazes caused Long Chen to mistake himself for a lamb, but when he walked into the three thousand wolves, all of them were able to defeat Long Chen with their gazes.

Evidently, their Divine Emperor's might was a test for Long Chen!

If one could not make it to Golden River Battlefield, then they would no longer have the qualifications to challenge the top ranker on the Divine King List. Therefore, every single Divine Emperor was working harder. When they raised their heads, they saw that the three thousand golden stars seemed to be pressing down on top of Long Chen's head.

Divine might!

If it were any other Extreme Realm God King, such as Ling Luo, in front of the Divine Emperor's eyes, he would probably be instantly suppressed into unconsciousness.

"Heh."

It was just that, to Long Chen, he had forgotten their identities. If one only considered strength, he was actually a wolf as well, not a sheep entering a pack of wolves. He was even stronger than a portion of the wolves, after all, out of the three thousand Divine Emperor, there were nearly two thousand, and all of them were Divine Emperor of initial state!

It was obvious that some of them were not Long Chen's match!

What really threatened Long Chen were the Extreme Realm Divine Emperor s and a portion of them.

Long Chen could discern a few gazes from them.

He raised his head to look, and sure enough, among one of the stars, stood six identical looking Divine Emperor, it was the Immortal God Tribe, their faces were currently filled with killing intent, and among them, there was only one white order badge in their hand, facing Long Chen, the word "Kill" was carved in the center of the order badge!

The word 'kill' was a spiritual attack!

They were naturally telling Long Chen that he would not be able to escape today.

Under the Divine Emperor's might, Long Chen turned into a blood shadow and passed through the surging golden waves, stepping onto the golden continent for the first time. The entire world was covered in a dazzling gold, and there was not a single speck of dust under his feet.

Standing on the Golden River Battlefield, Long Chen suddenly felt his blood boiling. This was the battlefield where countless Divine Emperors were battled in the past, where brilliant existences were born one after another. But today, Long Chen had come here, and the most crucial battle of his life was about to begin!

Tian Shenwushuang, you're not here yet.

The fact that he was able to reach Golden River Battlefield meant that the suppression he received from the three thousand Divine Emperors were useless. This undoubtedly made the Divine Emperor no longer underestimate Long Chen.

Long Chen saw a few familiar people, such as the Extreme Delights, the Shattered Mountain Divine Emperors, the Tong Tian Divine Emperors, the Wing Emperor Divine Emperors, and some other people that he had met before, such as Xing Wuji, Ji Taixu and the others.

'Also, that dreamy, familiar aura ... '

Mo Mo, must be here.

All the Divine Emperors were silent beyond compare.

"Where's Tian Shenwushuang?" The voice of the God Emperor of the Heavenly Apes rang out, echoing throughout the Golden River Realm.

But there was no response, it was clear that Tian Shenwushuang had not arrived yet. He guessed that he was doing something important.

However, at this time, a woman's voice suddenly sounded. She said, "Everyone, don't be in such a hurry to have them fight. I have to verify some small matters.

Long Chen instantly locked onto her position!

Mo!

This voice, had the cold charm unique to women of the Nine Yin ancestral realm. Although it was cold, it was also numbing to the bone.

She was on one of the golden stars.

In her Divine Kingdom, Li Xuanji was right there. She had never been this close to her before, and her heartbeat must have quickened as well as tears filled her eyes ...

Long Chen felt her heartbeat ...

"Mo?" Everyone was very curious to hear this voice.

Chapter 2896 - Tian Shenwushuang

Long time no see!

At this moment, under the attentive gaze of the three thousand Divine Emperor of the Myriad Realms, the longing that had gathered in their hearts after so many years of separation, burst forth at an unprecedented moment.

A god of resurrection.

Long Chen's body trembled, he stood on the golden continent, raising his head to look at one of the golden stars, and at that moment, atop the golden star, a black clothed lady was descending in his direction!

She was Mo Sang.

He had cultivated for tens of millions of years, but he still maintained the appearance of a young lady. In terms of appearance, he naturally had a peerless beauty, and most importantly, he had the temperament of a Divine Emperor, noble and proud. His pair of Li Xuanji's dark green eyes were dark, cold, charming and seductive, and his stature was imposing and inviolable.

She had been killed before, and now she was reborn again. Tens of millions of years of hibernation and torture had changed her personality. Perhaps she was once unruly and willful, but now there was a trace of viciousness hidden deep within her eyes.

No matter what, time is irreparable. She is no longer young.

"Phew ..."

A cold and gloomy aura gushed out.

Not only was it precious, it was wonderful and sparkling. Even this Golden River Battlefield was unable to conceal her radiance. She landed in front of Long Chen and looked at him with squinted eyes that were flickering with an unknown light.

"Long Chen!"

And at this time, the most nervous person was undoubtedly her Divine Kingdom's Li Xuanji. Her heart trembled, and she found it hard to breathe, because she was already a part of Long Chen's body.

"Mo Mo, what are you trying to do? If there's nothing else, then don't affect today's show. " God Emperor of the Heavenly Apes's heavy and imposing voice came out. He was an expert on the Divine Emperor rankings, and in today's battle, under the orders of the Star Alliance, he had to bear the entire responsibility.

"Don't worry." She looked Long Chen up and down, and then suddenly laughed softly and said: "Everyone, when I said I had met him before, and that before he had even become a god, did everyone believe me?"

Her voice caused the Divine Emperor to be stunned.

Sure enough, she wanted to create trouble for him?

Mo Sang laughed out loud, "That's right, he was in that world that I hid in after I was killed. I know him, and I know even more that before I returned to the Nine Yin ancestral realm, this little guy had not become a god yet. But today, he is qualified to fight in this Golden River Battlefield! "It has only been a few decades."

As she spoke, her cold and charming eyes never left Long Chen's side.

Indeed, these words set off a huge uproar.

"He's not a disciple of Divine Emperor Donghua?"

If what Mo Sang said was true, then it would truly be too terrifying. In just a few short decades, he had never become a god, and it was simply a miracle. An unprecedented miracle.

"Of course, you can also take it as me bullshitting." Suddenly, Mo Mu's tone changed. He started to speak in an indifferent manner.

"According to what you've said, the Allworld has produced an unprecedented genius. No wonder he was able to reach Rank 2 on the Divine King List." God Emperor of the Heavenly Apes was very curious, but he still said: "Mo Sang, no matter what, do not affect the battle. Let Tian Shenwushuang go first."

Mo Sang smiled, "Naturally, I will not disturb him. It's just that I must first obstruct him, because that disciple of mine who saved me from that broken place really misses him."

To be honest, if Long Chen really was that heaven-defying, after his battle with Tian Shenwushuang, there would be even more experts who would want to get to know him, or even rope him in. Perhaps he might even gain another Deities for his side in the future!

However, did Mo Sang plan to kill him?

When Long Chen heard Ling Luo talk about Mo Mo's matter, he had predicted that when he saw Mo Xie and wanted to take Li Xuanji away, Mo Sang's first action would be to kill this reckless and unknown person. How could her painstakingly nurtured disciple be casually taken away by Long Chen?

But when he stood on the Golden River Battlefield with his current attitude, it looked like there had been some changes.

Mo Mo Mo did not immediately berate or kill him in anger, but instead, had an ambiguous attitude. Especially after she said those words, both Long Chen and Li Xuanji did not expect it, and Long Chen even more so did not expect that in the next instant, a tall girl whose height and temperament were similar to Mo Sang, would appear by Mo Sang's side just like that!

Her black hair and eyes, clear and cold eyes, cold red lips, black long skirt and black gauze, it had been many years since they had last met and she was still as indifferent as ever. But when she saw Long Chen, her eyes instantly reddened.

This time, they looked at each other as if time had always been frozen in this moment. So long and far away.

To Long Chen, the missing part of his heart had finally appeared. She was his yin devil and also his heart demon, and from the meeting of the ancient coffin in Star Demon Prison, to the blood in Grand Moon Demon World, and then to the pursuit of the Immortal God Realm, she was a part of his life, but he was eternally outside his field of vision.

Seeing her, time stood still. Everything had disappeared.

It was unknown when Long Chen had already hugged her, but she was still as familiar as ever with his warmth, it was clear that it was extremely warm, both of her hands were filled with her heartbeats, and he, who rarely cried in front of Long Chen, could no longer endure. All these years, she had suffered a lot under the pressure of the Sang Mo, but she still did not make a sound, only that there was a limit to how strong he could be.

Until something impossible happened

Long Chen appeared in the God Realm's Zhou Mountain.

At that moment, she really had collapsed. She had wanted to endure this for the rest of her life, but he had appeared again, his heart was in chaos, and it was uncontrollable. The repressed thoughts had burst out, drowning all of her, and now he was holding her as if his life were melting away.

She didn't ask for too much, she only needed to ask for this.

"My dear disciple, you cannot forget about the master who is the best to you just because you have a lover." Suddenly, Mo Sang appeared beside Li Xuanji. She grabbed Li Xuanji's hand and pulled forcefully, causing Li Xuanji to escape from Long Chen's embrace in a panic and return to Mo Sang's side.

Long Chen was too immersed, if not he would not have been pulled back so easily. Mo Sang's actions had completely stunned him before the battle, and only after Li Xuanji had left did he wake up, what he was facing now, was the most severe form!

"Young man, we bunch of old guys know that you guys have a deep affection for each other, but don't be so entangled in public. Since we're reunited, then there's still plenty of opportunities, Long Chen, don't forget that you still have to fight Tian Shenwushuang, and don't let your love influence the outcome of the battle. When you return victorious, there's still plenty of opportunities to reunite."

With that, she brought Li Xuanji into the Divine Kingdom.

"Don't worry." Long Chen said to Li Xuanji. In fact, he now understood in his heart: "It seems like this woman wants to rope me in and use her to tie me up to Xuanji. Maybe she can even make me work for her in the future and satisfy his vanity. This is a good plan. "

But at least he wasn't afraid.

After all, Mo Sang did not immediately attack him, as he was not very afraid of Mo Sang right now. However, he still had to worry about the people from the Nine Yin ancestral realm behind the.

That's better.

As long as he could reunite with Li Xuanji, Long Chen would have plenty of chances to leave this place. After all, he was still stuck at the Divine Spirit Mountain and his main purpose was for Li Xuanji. When the Sang Mo Divine Emperor finds out that Li Xuanji has been taken away by someone else, she will definitely cry!

"Focus on the battle. Once you win, there'll be plenty of chances to get to know each other." Mo Sang chuckled, his long skirt fluttering as he flew towards one of the constellations, returning to the center of the golden constellation.

Seeing this scene, all of the Divine Emperor understood.

"This Mo Mo's scheme is really good."

With her disciple, Long Chen will definitely belong to the Nine Yin ancestral realm. She will be the disciple of the Tianyin Region Lord, and Long Chen will also become related to the Tianyin Region Lord just like that. "

"Just a girl is enough to tie up such a heaven warping talent. It truly makes one envious."

"Don't overthink things. Whether or not you are truly a genius will only be determined after seeing today's battle."

During the discussion among the Divine Emperor s, a light sound suddenly rang out, and a figure appeared from afar, gradually landing on Long Chen's Golden River Battlefield. It was just that with the Golden River Battlefield's size, he was still very far away, and it was very difficult to clearly see him.

However, at this time, he heard his voice.

This person's voice was extremely amiable and gentle. He said, "My apologies Divine Emperor s, but I have delayed you for a little because of this little problem. I am truly sorry for making you wait."

From his words, Long Chen knew that this person must be Tian Shenwushuang.

Someone who could be ranked number one on the God King Board, number one in all the realms, and could even challenge the The God Emperor of Perfection, what kind of person would he be?

Just like Xing Wuji, who had endless fighting intent? To have the power of an Emperor like Ji Taixu?

Neither.

When this youth truly appeared in front of Long Chen, Long Chen discovered that he was ordinary and ordinary, only an ordinary scholar's attire. His long hair was rolled into a bundle, and he wore a loose blue and white long robe.

"This must be Long Chen? I am Tian Shenwushuang, I have kept you waiting, I am truly sorry. " Tian Shenwushuang bowed.

Perhaps, the stronger one was, the more ordinary they would be.

"It's fine." Long Chen obviously did not care about the time. He was sizing up Tian Shenwushuang and the other party was also sizing up himself. This time, he did not ask anyone to understand Tian Shenwushuang, so to him, everything about the other party was unknown!

It was just that from the looks of the surrounding Divine Emperor, they were really looking forward to this battle. In such a real battle, this Tian Shenwushuang definitely would not be so weak right now!

Chapter 2897 - Deity Slaying Flying Daggers

Tian Shenwushuang had not broken through the Divine Emperor. His true realm was Taizhen Deity Realm.

And Long Chen's true realm was actually just that of the Primal Realm King. It was just that the Divine Emperor s found it hard to believe that the Primal Realm King was strong to this extent.

Facing the number one on the God King Board, Long Chen's Battle Blood started to boil.

Previously, he let Mo Mo and Li Xuanji influence him a little, but when Tian Shenwushuang appeared, he had already found out what was going on. He knew that the most important thing today was to defeat the most terrifying opponent so far!

The three thousand Divine Emperor s were passionately watching from the sidelines!

Even the ten thousand worlds were watching this battle! Focus on who is the new First God King!

Was it the Tian Shenwushuang who had defied the heavens since he was young, the son of the god of heaven, or even the birth of this new god!

Especially in the Five Great Regions, perhaps even the supreme deities would pay attention to the outcome of this battle! From this, it could be seen how grand this battle was.

"Golden River Battlefield is their battlefield. Don't run away. Let's start now, don't whimper about it! "

God Emperor of the Heavenly Apes's voice caused the entire golden continent to shake.

Rumble rumble rumble!

Amidst the rumbling sounds, Long Chen and Tian Shenwushuang looked at each other. The amiable Tian Shenwushuang also stopped smiling at this time and became extremely serious.

It was ready to explode at any moment.

At this time, Tian Shenwushuang said: "Long Chen, I want to change my method slightly. How about this, we will attack each other once, and whoever is injured or unable to resist will get injured, so even if someone loses, what about it?"

This was outside of Long Chen's expectations and also beyond the expectations of the Divine Emperor s.

The Tian Shenwushuang that Long Chen had imagined, should be a martial arts prodigy of the highest level. He was probably the same as Ji Taixu, too lazy to bother with himself, he never thought that he would bring up such a battle.

"In short, it is to decide the victor in one move." Tian Shenwushuang added.

Long Chen did not know what kind of medicine he was trying to sell. Generally speaking, at this time, his opponent should be discussing about bets and the like. Tian Shenwushuang didn't bet though.

Seeing that Long Chen had not responded yet, he continued to speak, "In a true battle of victory, we will understand everything once and for all. Now that I have reached such a realm, I am only half a step away from Divine Emperor. If you attack me at your peak state, I might be able to reach Divine Emperor in one move. This is the ultimate purpose of my battle with you. I think you're looking forward to it, too, aren't you. "

He did not want Long Chen to suffer any loss in battle, but wanted him to directly decide the victor, or even life and death!

After saying that, all the Divine Emperor s understood what Tian Shenwushuang meant. This action, was obviously bold, but it was also incomparably heroic! If they fought, then there would be a great deal of suspense, and a single move to determine victory or defeat would be exciting! Danger!

Long Chen was still far from Divine Emperor, of course he wasn't looking forward to such an opportunity, but he was attracted by Tian Shenwushuang's suggestion.

"Then it's as you said. "To determine the victor with one move."

He had challenged the God King Board and fought against the many heaven-defying kings to grow in battle. If Tian Shenwushuang had instantly brought about the strongest slaughter within him, it would definitely be a thrilling and exciting battle, and the brave ones would have to face it head-on.

His words meant that he agreed.

The Divine Emperor s could not help but start discussing with each other, and their voices started rumbling. They never thought that it would be such a situation, and after exchanging a few words, they stopped, and looked forward to see Long Chen and this Tian Shenwushuang's performance!

Tian Shenwushuang had exceptional character and strength, and was famous for being a good person. However, it was also infamous for being terrifying. Because he rarely made any moves, as long as he made a move, his opponents would all be in a miserable state because of his terrifying strength.

After Long Chen agreed, he nodded his head and said: "I have some understandings towards you, to be fair, let's just show off a little. There is only one law that I cultivate, and that is called 'God Slaying'. Our Emyrean God race possesses the ultimate, ultimate rule of slaying Fiendgods. "

"God-Slaying?"

He hadn't thought that this would be a rule.

It was similar to slaughtering, but it was actually of a higher grade. The ultimate slaughter was a slaughter, a slaughter carried out specifically to kill the gods, and it even had this rule. The other gods had basically become the prey of their god race!

No wonder the Emyrean God pressure was so great.

After all, in the entire Myriad Realms, the other Fiendgods were their prey.

Of course, they were actually part of the gods themselves.

"Rumor has it that you have the Demon God Sword Pagoda. The divine sword is the God-Slaying Sword. As such, it can be considered fate for me and you." Tian Shenwushuang was neither impatient nor

worried, he was showing respect to his opponent, Long Chen. Just as he said this, a small blade suddenly appeared in his hand. It was only a blade, not a hilt, and was only around ten or so centimeters long.

This was a terrifying throwing knife.

It was silver, shiny and clean. With just a slight flicker, the light had pierced into the Heart of Rules. It gave Long Chen a fatal chill. It could be seen that although this flying knife looked simple, it was definitely a great killing tool. It had even once killed an endless number of gods and devils!

"This is definitely a 'Hun Yuan level' Manifestation Divine Artifact! "However, this flying dagger seems to be much more terrifying than my God-Slaying Sword!"

Long Chen instantly realized how terrifying Tian Shenwushuang's throwing dagger was. This caused Long Chen to underestimate him a little. However, the moment the flying knife appeared, he realized his mistake, for just this flying dagger alone, Tian Shenwushuang had surpassed Xing Wuji.

"This is the Divine Slaying Flying Dagger. The name is similar to your God Slaying Sword. However, it is actually a Creation Divine artifact of the 'Half Eternity'. Although it was not as strong as the Eternal Creation Divine Artifact s, it was still stronger than ordinary Hun Yuan level God Creation Equipment. The reason why I told you in advance was because I was unable to take back my God Slaying Flying Blade. Many times, my Heavenly God Clan's The Rules of Dealing with the Spirit would accidentally kill our opponent. If you can't handle it today, you'll most likely die in battle. I can only apologize for this. This is the fate of our God of Heaven race. I don't have the heart to kill anyone, but I've killed too many people.

Long Chen believed that Tian Shenwushuang was actually being extremely sincere when he said this, and not flaunting his Divine Slaying Flying Blade and The Rules of Dealing with the Spirit. Thus, at this moment, his expression was one of regret. Long Chen could understand this point. Since he had that The Rules of Dealing with the Spirit, if it was really frightening, then it would naturally be easy for it to cause the death of the opponent, and even for him, he wouldn't be able to control it.

Therefore, he said, "Don't worry. Since I've challenged you, I've already made up my mind."

Surpassing himself!

He was going to challenge his limits!

Even if it was the The Rules of Dealing with the Spirit, or the so called "Half Eternity" god slaying flying dagger, Long Chen was not afraid! This was the first time many Divine Emperor saw his courage. Of course, before the results were revealed, they could not be considered courageous. If Long Chen died in battle in the end, then it could only be considered brave and reckless!

He looked in the direction of Mo Mo, even if it was for Li Xuanji, there was no such thing as defeat! Tian Shenwushuang did not want to take advantage of them, so they had discussed till now, but right now, when everyone was looking forward to it, it was time to take action! The Rules of Dealing with the Spirit was also a rule of slaughter, Long Chen was very much looking forward to see, just how this The Rules of Dealing with the Spirit would kill a god!

"I hope that after today's battle, we can become good friends. Among those of the same generation, there are very few who have talent and talent like you. " Tian Shenwushuang said these words seriously, but his battle was not the least bit chaotic, and now, he had the God Slaying Flying Dagger between his two fingers, and he changed his footwork!

At this moment, he had suddenly turned from an ordinary scholar into the number one Divine King of all worlds!

In the midst of it all, a line extended from his body and locked onto Long Chen, making it so that no matter where Long Chen went to hide, he couldn't escape the pursuit of the other party. Long Chen could only vaguely sense that line, which made him feel as if he was being carried on tenterhooks, but was unable to get rid of it!

Prey!

Long Chen saw this word in Tian Shenwushuang's eyes. He had become's prey and he was a skilled hunter who was wandering in the forest, looking for the opportunity to deal a fatal blow to himself. It was no wonder that he was cultivating the The Rules of Dealing with the Spirit. Previously, he was very amiable, but the moment he released his divine power, his eyes instantly turned into the gaze of an executioner!

Cold and indifferent, life in front of his eyes, was nothing more than an ant.

Therefore, this Tian Shenwushuang, was truly a strange person!

"It's a war!"

Since this was a move to determine victory or defeat, the Divine Emperor s naturally did not want to miss this move that they had to be nervous about. It seemed like it had been a long time since they last saw Tian Shenwushuang forcing himself to such an extreme state! It was clear that he valued Long Chen as a challenger! This was because amongst the Divine Kings, other than Xing Wuji, no one had ever dared to challenge him!

The two figures of the Golden River Battlefield changed rapidly, turning into two white and red shadows. They were so fast that even the Divine Kings could not see where they were!

At this moment!

At this critical moment!

In the midst of Tian Shenwushuang's high-speed movement, he suddenly released his Divine Slaying Flying Dagger, thrusting towards Long Chen! This was a dagger from Ancient Shuo, the principle of the attack was similar to Tian Yi's The divine arrow of the setting sun, but the power, the lethality, was at least several times greater than Tian Yi's!

The God-Slaying Flying Daggers cut through the air. From beginning to end, there was only one rule, and that was "God-Slaying"! Under these rules, as long as a Fiendgod was pierced by a knife, they would die!

This was a move that he could not dodge!

The moment the God Slaying Fist flew out, Long Chen had a feeling that if Xing Wuji, who was in the state of decapitated, were to meet the blade head on, the outcome should be fatal! From this, it could be seen how terrifying Tian Shenwushuang's The Rules of Dealing with the Spirit and this half Eternity Creation Divine Equipment were!

Indeed, as expected of the number one Divine King of the myriad Realms!

However, Long Chen was not at the time when he was fighting Xing Wuji, his cultivation had already risen greatly, and rushing to the realm of the Divine King, all of his rules, had actually surpassed the realm of the The Rules of Dealing with the Spirit!

With the Demon Suppressing Pagoda in his left hand and the God-Slaying Sword in his right!

Long Chen did not retreat. Instead, he advanced, and before his eyes was a dazzling light. It was death in everyone's eyes, but that was his new life!

"Kill!!!"

Chapter 2898 - First King

Weng! \*

Amidst the shocked eyes of the Divine Emperor, the Demon Suppressing Pagoda in Long Chen's left hand was the first to fly out. Of course, it did not block in front of the God Slaying Flying Blade, but above it, as it did not block the path of the God Slaying Flying Blade at all!

The rotating Demon Suppressing Pagoda and the hundred thousand spirits let out a vast roar. At the bottom of the tower, a blood colored array diagram suddenly appeared. From the eight blood colored divine dragons, two ancient characters formed. This was also the first time Long Chen had used Extinct Dragon Seal since reaching the Divine King Realm!

Long Chen's rules were itself superior rules. They were above all things, but with enough divine power to support them, the lethality of their attacks would increase multiple times!

The current Dragon Seal of the Extinction Domain, in terms of power and aura, was not much weaker than the God-Slaying Flying Daggers. The two types of rules were the rules of slaughter, Tian Shenwushuang's strangeness and coldness, but Long Chen's blood, was berserk!

Of course the Divine Emperor had seen the Divine Slaying Flying Daggers, they had a better understanding of the The Rules of Dealing with the Spirit. He originally thought that Long Chen would go and block the God Slaying Flying Blade, but Long Chen's choice was actually to take the God Slaying Flying Blade head on, and at the same time, let Tian Shenwushuang obviously take the Extinction Dragon Seal head on as well!

Of course, determining the victor in a single go did not mean that Long Chen could only use a single rule. His left and right hands moved at the same time, and erupted in a flash, and when the Demon Suppressing Pagoda in his left hand swung out, he instantly used both hands to grab onto the Heaven Smiting Sword, and slashed out explosively. The explosive growth of his divine power absorbed a large

amount of time and energy from his surroundings, and concentrated on the Heaven Splitting Sword, causing it to lose its ability to kill.

Time was so bright, Long Chen slashed out, time condensed into a sword, and rushed towards Tian Shenwushuang behind the Demon Suppressing Pagoda. The Divine Emperor thought that Long Chen's sword was there to block the God Slaying Flying Blade, but they never expected that Long Chen did not have that thought!

Dragon Seal of Extermination was above, under the passage of time, all of them had missed their God-Slaying Flying Daggers, and were rushing towards Tian Shenwushuang!

This meant that both of them had to block the opponent's fatal blow without any preparation!

"This Long Chen, he sure has guts to use the same method as Tian Shenwushuang!"

"Now it has become, whoever has the stronger killing ability will be the victor!"

"I hope these two favored ones will not lose their lives here!"

The Divine Emperor people thought like this at this time. They understood, especially the Primal Realm King, this battle made them tremble in fear. Not only did the God Slaying Flying Daggers, even Long Chen's duo seemed like they could not handle it, they might even die!

At this critical moment!

The outcome of the battle would be decided at this moment!

"Alright!"

Tian Shenwushuang shouted softly as he closed his eyes. Now that the Extinct Dragon Seal was pressing down on his head, the resplendent sword of time had drowned out everything. These were all top rules, allowing him to truly realize just how powerful Long Chen was! This was also the chance that Tian Shenwushuang had been looking forward to for a long time!

All these years, he had been waiting for an opportunity that was both crazy and beyond his limits!

Long Chen was unable to look at the current Tian Shenwushuang, because in his entire world, there was only the The Rules of Dealing with the Spirit, and only the God Slaying Flying Blade!

This saber strike was absolutely stunning!

It could not be blocked, and the target was Long Chen's Heart of Rules. When Long Chen killed the last of the Time Sword, the Divine Slaying Flying Blade had already pierced into his chest, and on the way, the Divine Slaying Flying Blade could even change direction. No matter where Long Chen escaped to, he would not be able to escape the blade!

Pch!

He was going to pierce through!

In that moment, Long Chen had a strange feeling, that he was definitely going to die, because what he had encountered was the rule of death, as long as he got infected by the The Rules of Dealing with the Spirit, he would be killed, thus he could not move at all, and waited for death to descend!

Perhaps in the next instant!

This sort of rule was like fate. It was unavoidable and compulsory!

It was as if the heavens were aiding Tian Shenwushuang!

They could imagine, that as long as Tian Shenwushuang unleashed this blade attack, the rest of them would not be able to withstand it! The Empyrean God race had been born for the sake of slaying deities. His natural laws were profound and profound!

"God Slaying Flying Daggers, it is as if I have struck a target that deserves to die! Hunters kill their prey, but I, Long Chen, am not an ordinary god, so I'm actually your prey! "

In the last moment, Long Chen bloodline roared!

"Change fate!"

Not only could it change one's opponent, it could also change oneself. For example, asking Long Chen to expel the extremely happy rule!

In fact, this The Rules of Dealing with the Spirit had also erupted within Long Chen's body, causing his death to occur due to the laws within. It was like the fate of a type of death, and just like this, the The Rules of Dealing with the Spirit could behead any god!

However, he had met Long Chen's fate.

It had only made this Creation Divine Artifact into a Creation God Creation Art, allowing the The Rules of Dealing with the Spirit to separate itself from it, allowing Long Chen to successfully sidestep, allowing the God Slaying Flying Blade to deviate from the Heart of Rules, and pierce through his body!

It was true that the explosion of the enemy's divine power was a lethal attack!

However, this power was not even a tenth of The Rules of Dealing with the Spirit!

And it did not hit the Heart of Rules directly either!

When the flames of life enveloped him and the cut healed quickly, Long Chen's current divine power was no weaker than Tian Shenwushuang's, so he quickly suppressed the opponent's divine power. Without the support of the rules, the opponent's violent divine power was unable to stop Long Chen!

"It's over!"

Long Chen took a deep breath and opened his eyes! Behind him, with an endless distance, the Divine Slaying Flying Blade stabbed into the ground with a clang and pierced through the Golden River Battlefield!

In front of Long Chen, without making a sound, Tian Shenwushuang closed his eyes and knelt on the ground, his entire body was drenched in blood, all of them were the scars of the Sword of Time, especially on his chest, where the Dragon Seal of Extinction was directly pressed down, almost causing his soul to perish! Actually, Long Chen had already used all of his strength, but Tian Shenwushuang still hadn't died, which was enough to show that Tian Shenwushuang was strong enough!

He could understand Tian Shenwushuang's current situation, because just now, when the Divine Slaying Flying Blade pierced him, he was at the edge of life and death just once. It was just that he won by a level and was safe and sound, while Tian Shenwushuang was not so lucky.

The outcome seemed to have been decided.

Long Chen opened his eyes, he looked to be completely unharmed, but Tian Shenwushuang had knelt down, his entire body was drenched in blood, his eyes were closed, his soul was in a mess and weak, close to death!

"Ugh!"

This result was too fast!

No Divine Emperor could react to such a dangerous situation!

It was only when Long Chen was walking towards him and he was not moving at all, did the Divine Emperor accept this result. They couldn't help but take in a breath of cold air, although the result was an overwhelming victory for Long Chen, which was outside of everyone's expectations!

The Divine Emperor naturally understood the meaning of this!

Long Chen was still Long Chen, but it was already different. He was already the number one Divine King of a million realms. This was simply the birth of a legend!

After all, everyone knew the power of Tian Shenwushuang's Divine Slaying Flying Daggers. Many The God Emperor of Perfection s did not dare face Tian Shenwushuang's Divine Slaying Flying Daggers, but Long Chen was able to withstand it without suffering any injuries!

This was ability!

This was the result!

This result caused the entire Golden River Battlefield to remain silent for a long period of time, and the sound of breathing filled the entire place. Until Long Chen stood in front of him, he had condensed his fire of life and ignited it on Tian Shenwushuang's body. The jade green flame was healing the wounds of the Time Sword, and among them, there were a few streaks of sword scar that destroyed his World Tree's foundation. However, the most tragic injury was still the Extinction Dragon Seal!

It caused Tian Shenwushuang to instantly lose all intuition.

It had to be said that Tian Shenwushuang's will was extremely strong, it was two times stronger than Xing Wuji's, or maybe even more. However, when Long Chen retracted the Dragon Seal, while still in the midst of his life force, he suddenly opened his eyes!

"Hah!"

Tian Shenwushuang's eyes widened as he panted heavily.

"I've lost." He turned his head and saw Long Chen. He immediately stood up from the ground, but he was still relatively weak, and his eyes looked at Long Chen deeply as he shook his head: "I can't see through the last rule you used to block the Divine Slaying Flying Daggers. I admit, you are stronger than me, and you are ranked first on the God King List. You are quite admirable to me! "

Seeing that even Tian Shenwushuang had said such words, the Divine Emperor people looked at each other, they already had nothing to say, but today's battle had only lasted for a moment, it had become a foregone conclusion. Compared to the battle at the God's Paradise, this was way too fast. So much so that Xing Wuji and Ji Taixu were both wide-eyed, staring at this scene in disbelief!

They knew that in that short period of time, they had lost the qualifications to challenge Long Chen. Because Tian Shenwushuang was a gulf that they were unable to overcome.

"The The Rules of Dealing with the Spirit, almost took my life as well." Long Chen's words were not a compliment, but the truth. Tian Shenwushuang was too modest.

"What I need to thank you the most for is, I found the path to Divine Emperor at that last moment! Long Chen, I will not talk more with you, I need to quickly go back and grab hold of this feeling. The next time you see me, it will definitely be when I break through the Divine Emperor! "

His eyes were filled with a strong sense of confidence, and his entire person had undergone a tremendous change.

Long Chen's words stunned all of the Divine Emperor present. They could naturally see that the current Tian Shenwushuang was undergoing rapid change and within a few months, a new Divine Emperor might have been born!

All of them had to thank Long Chen.

"Go." This was an opponent that Long Chen respected. He had reaped a great harvest from his past opponents, and today, he would be happy to give it to Tian Shenwushuang.

"See you next time." I will not forget your kindness of today. " Tian Shenwushuang said solemnly, and then he raised his head again and said to the Divine Emperor: "Seniors, he is my benefactor, I hope that everyone will not use any underhanded methods while I am in closed door cultivation."

At this point, his meaning was very clear. Long Chen was an unparalleled talent, there might be people who would think of something, after all, he had no power or power. But with Tian Shenwushuang's words, many people would control their own evil intentions.

#### Chapter 2899 - Outbreak of Old Vengeance

Long Chen did not expect to receive such a good friend. Of course, it was the same for Xing Wuji. After Long Chen defeated her in a frontal battle, she also admired Long Chen a lot, the same as Tian Shenwushuang.

They were all heaven warping talents, and it would be difficult for them to get an equal opponent in their entire lives. But Long Chen was born, and after defeating them, he allowed them to find a new direction to struggle. For example, Ji Taixu and Tian Yi did not have this kind of cultivation, which was why their achievements were not as good as Tian Shenwushuang and Xing Wuji's.

After he finished speaking, Tian Shenwushuang bid farewell to Long Chen, and anxiously rushed to increase his Taiyuan Deity Realm.

"Although this person's cultivation is extremely high and he is the only son of Lu Wang, the God of Heaven, his talent is extraordinary, but he has a pure heart and will to fight. His future should be

limitless. No wonder it was thought that he was someone who could definitely become a Sovereign God. Being on good terms with him is equivalent to being on good terms with the God of Heaven and the Earth.

Of course, Long Chen would not be able to befriend him just to climb the Heavenly God Continent pressure.

After Tian Shenwushuang left, the God Emperor of the Heavenly Apes had no choice but to announce, and said: "The result of the battle is already very clear. This time, it should be Long Chen obtaining victory, defeating the former number one on the Divine King List and becoming the new number one on the Divine King List. But Tian Shenwushuang being ranked second on the Divine King List is not necessarily bad news for the Heavenly God Realm, because not long after Tian Shenwushuang, he might be beginning to make his way into the Divine Emperor's Ranking. "

He could tell that during that battle, Tian Shenwushuang had already broken through that barrier. Now, all he needed was time to become a Divine Emperor. This was great news for the entire Heavengod Region. In fact, after hearing this news, even Empyrean God Lu Xin would be very happy!

That kind of existence, even the God Emperor of the Heavenly Apes had to respect it.

God Emperor of the Heavenly Apes made the final decision.

"I'm speechless!" Ji Taixu fiercely gritted his teeth. This way, he would no longer be able to obtain the God Creation Stone that he lost, it was just that he was still unreconciled to it. It was obvious that his birth was far inferior to theirs. What secret was there?

On the other hand, Xing Wuji had a rare smile on his face. Today, after seeing Long Chen's outstanding performance, he had not been able to stop her fighting spirit. Once Tian Shenwushuang became a Divine Emperor, she would return to being ranked second on the Divine King List.

Li Xuanji watched the battle fearfully.

Only now did she understand what Long Chen meant by letting her feel at ease.

"My good disciple, your life is truly good. Not only am I protecting you and nurturing you, there is even such a man who loves you. It's really enviable. " Mo Yi's usually strict tone changed, and he smiled and talked with Li Xuanji, which made Li Xuanji a bit uncomfortable.

The God Emperor of the Heavenly Apes landed on the Golden River Battlefield and said, "The king level Battlefield of Divine Devil's ranking has changed. But since you have the power, you should stay in the Diremonster Battlefield of the imperial level. There's no need to go back. "

"Thank you, senior." Long Chen was neither arrogant nor impetuous. After all, the number of experts here were as numerous as the clouds and the number of heaven defying Divine Emperor s were all extremely terrifying.

He had finally swept through the rankings of the Divine Kings, completed his own haughty words, and had also grown tremendously. He had successfully approached Li Xuanji, and changed Mo Mo's attitude towards him. Right now, other than taking Li Xuanji away, there was only one other thing.

"As for the king level Battlefield of Divine Devil, Ling Luo and the rest should be waiting for the results of the battle and are worried about my life and death. However, seeing the change in my ranking on the Divine King Board, they should know everything."

The only thing Long Chen could do was to make sure that they didn't worry.

Naturally, the results of this battle had already passed through the Divine Emperor and had probably spread across many worlds in an instant. Amongst all the realms, a young warrior called Long Chen had brazenly risen to the top, becoming the number one Divine King under the heavens!

He was virtually a legend amongst the Fiendgods of the Allworld!

This was a legend that not even ordinary creatures could touch!

His gaze swept past the many golden stars and landed on one of them. Right now, the six Immortal God Tribe members were standing there with their gazes fixed on the sky. Their Sky Region Killing Order had already been set up and their faces were all filled with anger and struggle.

Struggling because Long Chen's strength had already reached their limit, and even more so because Long Chen was valued highly by many Divine Emperor s. They were not even sure if this Celestial Killing Order was still effective due to Tian Shenwushuang's friendship!

To be honest, the reason why Long Chen had challenged the God King Board, again and again to surpass his own limits without a care for his own life, was because he wanted to contend against the Immortal God Clan! If it were not for them, Long Chen would not be so nervous about the time, and would not be so desperate! Now, it was as if the list of the Divine King had been broken through! It was time to settle things!

"Six, please come down."

Now, all the Divine Emperor s wanted to get to know Long Chen. They did not expect that Long Chen's eyes had a faint murderous intent in them as he looked towards the six Immortal God Clans. The smell of gunpowder and fighting spirit that had just disappeared once again ignited.

The God Emperor of the Heavenly Apes's voice was low and fiery. He truly valued Long Chen, and didn't even dare to offend him. He raised his head, looked at the six Immortal God Clan members, and said, "I told you to come down, so what's going on?"

Being yelled at like that by the God Emperor of the Heavenly Apes, the six immortal gods were extremely unwilling, but they could only land on the Golden River Battlefield one after another with cold expressions, attracting the attention of the other immortal gods.

They had gone all the way to apply for the Sky Realm Killing Order, but they did not expect to hear about their two comrades dying in battle on the way back, and that Long Chen was already prepared to challenge Tian Shenwushuang. Honestly speaking, they shocked Long Chen, just how could he be that powerful?

Even if Long Chen was so heaven defying now, they were not afraid, but they did not dare to make a move anymore.

"Do you have a problem with that? "What's going on?" God Emperor of the Heavenly Apes saw through it.

"Let me do it!" Long Chen directly opened his mouth and said: "I once killed two Primal Realm King s, and they were from the Divine Sacrifice Great World. After that, these eight Divine Emperor s all came out and specifically went to this Zhou Bei Shan God Mountain to hunt me down. After seeing that I hid in

the king level Battlefield of Divine Devil, they all went to apply for a Heaven Realm kill command. Now it's time to settle the grudge once and for all. "

"Just kill two Celestial Kings? You eight ran out and still want to apply for the Celestial kill command? " God Emperor of the Heavenly Apes was furious, could these eight be brainless? They couldn't see Long Chen's heaven defying talent, yet they still wanted to fight against Long Chen?

Actually, he did not understand, that half a year ago, Long Chen was far from being able to do so.

However, eight Divine Emperor s chasing after my first Divine King is still considered to be too much. Since today is the perfect opportunity, I think it would be better to end the grudge between me and the six of them in front of all the seniors. As for the method to end it, it would be me fighting one against six, with no regrets in my life or death. "

If he did not, how could he face Long Chen risking his life and going from the lowest level of Battlefield of Divine Devil to the top of the Divine King Rankings? On the way, he experienced many life and death situations, and that was all to escape from the hands of the Immortal God Clan. He had been bullied to such an extent, how could there be a reason that didn't end? Leave behind these six enemies, so that they can cause danger to him at any time?

He was not such a good person!

"Alright!"

Hearing Long Chen's words, the six Divine Emperor s were overjoyed. The six of them all agreed at the same time, the battle intent in their eyes rising.

"Truly some boring and useless things. The six of you are truly extremely stupid." God Emperor of the Heavenly Apes could not be bothered and immediately scolded them. He rushed to the golden starry sky and allowed Long Chen to fight with them.

In fact, the six Divine Emperor s also understood that it was foolish of them to still fight Long Chen even though he had reached such a level. It was just that before they could defeat Tian Shenwushuang, Long Chen had not reached such a level yet. Right now, they were already on top of the tiger, and it was hard for them to dismount. Moreover, that Divine Crown and Divine Clone were their most important people, and they were defeated and killed by Long Chen.

Having reached this step, they had no way to regret it!

But, Long Chen gave them their last chance, and gave them a fair battle! This made their blood boil.

"Since you said that you have no regrets in life and death, then you must take responsibility for your words. Don't borrow the strength of others to deal with us in the end. As a man, do you have the courage to do so? "

Shen Qian was actually the strongest of the eight.

Long Chen smiled faintly and said: "I am naturally a man, not a thing like you who are neither male nor female. "After chasing after me for half a year, I will be like a mouse crossing the street. Today is the day you pay the price!"

Eight old fellows who had come for the Everlasting Stone.

Eight fellows who, for the sake of face, had to kill Long Chen!

There was no room for mercy!

While the Divine Emperor watched the battle with great interest, the six Divine Emperor s wanted to seize this final chance to die. They looked at each other, directly taking action, and shouted: "Heaven's Unity!"

A stunning rule!

After all, the eight of them had hidden the Heaven's Unity Divine Art very deeply, so no one knew what was going on. When they saw that the six of them had fused together into one person, the Divine Emperor s were all dumbfounded, and even the God Emperor of the Heavenly Apes could not help but wipe his eyes and said angrily: "What the f \* ck is this? Integrate as one? your cultivation has shot straight to the Perfection? "

They had realized that Long Chen could be in danger.

After all, they didn't even know what the [Heaven's Unity] technique was!

But this time, it was different!

This was because after successfully fusing, the Divine Emperor in front of him had a total of three pairs of arms! There were a total of six arms, and each arm held a Scepter of the Holy Spirit!

Six Hun Yuan grade Manifestation Divine Equipment!

Fusion, to become a god, had a monstrous aura, even surpassing that of an ordinary The God Emperor of Perfection, to the extent that even the Darkstar Divine Emperor found it difficult to compare. This was their Immortal God Clan's ultimate killing move! In order to kill Long Chen, he had no choice but to show it! They were even faster and more ruthless! In case he hesitated a little, others would have to protect Long Chen!

Long Chen had no power and no influence. If they killed him, no one would regret about it. The six of them already had no way of considering whether or not there would be people who would punish them!

Therefore, the moment he attacked, he had to kill!

The surrounding Divine Emperor frowned, because only the Extreme Realm Divine Emperor was able to quickly restrain them.

## Chapter 2900 - Six Chops

The Five Divine Emperor had been holding back for a long time already.

Ever since they had all comprehended the Heaven's Unity Divine Art that belonged solely to their Immortal God Clan and had inherited from the ancient times, if the eight of them combined their powers, then their cultivation would most likely be able to shake Extreme Realm Divine Emperor!

Without a doubt, it was able to greatly increase the status of the Divine Sacrifice Realm, increasing their authority in the Heavenly Sacrifice Realm.

Of course, they were still enduring patiently. They were looking for an opportunity to announce their Heaven's Unity technique at the most shocking moment.

Who would have thought that Long Chen would even be able to force them to use their Heaven's Fusion today!

However, Long Chen had coincidentally created an opportunity for them to shake the world. There was nothing more shocking than killing this peerless genius who had just defeated Tian Shenwushuang in this kind of situation!

He had to be swift and merciless!

It was a pity that two Divine Emperor s had been killed by Long Chen earlier. If only those two Divine Emperor s had fused into the mix, then that would be the state where the Heaven's Unity was at its most perfect. Now, compared to fusing with the eight of them, he felt that he was missing something!

This was the greatest regret of the Immortal God Clan.

So they wanted revenge!

Amidst the shocked gazes of the Divine Emperor, they shouted loudly and immediately took action. The six Scepter of the Holy Spirit's God of Creation power erupted, and the combined power of the six Hun Yuan grade God Manifestation Weapons was even more terrifying than Tian Shenwushuang's God Slaying Flying Daggers!

"River of Annihilation!"

Yet another rule!

It was direct, brutal, and incredibly fast! In that moment, all six Scepter of the Holy Spirit s moved at the same time. All of a sudden, six destructive divine rivers erupted, converging into a divine river of destruction that blotted out the sky above Golden River Battlefield, sweeping across the land. This gigantic divine river seemed as though it had cut the Golden River Battlefield into two, like a poisonous snake, it rushed towards Long Chen viciously!

At this critical moment!

"Long Chen is in danger!"

Many Divine Emperor were hesitating, especially God Emperor of the Heavenly Apes, was hesitating about whether to end this battle or not. After all, this was not a contest between two of the same level, but it was just that Long Chen's fearless expression made his heart feel a lot more at ease. He had thought that since this kid was able to reach the top of the Divine King Rankings, he definitely wasn't naive. He definitely wouldn't be trying to be brave at this moment!

Rumble rumble rumble!

The Destruction God River made the Golden River Battlefield tremble!

Facing such a move, Long Chen focused and calmed his mind. Using the Time Sword to brutally fight with the opponent once was simply a 1v6, or even a 10! In this kind of direct clash, Long Chen had undoubtedly suffered a loss. He was knocked out of his hands by the God Slayer River, and even the God Slaying Sword fell out of his hands.

Although Long Chen was injured, it was definitely not fatal. He had the flames of his life, and the injuries on his face could be suppressed very quickly. The God Slaying Sword had already returned into his hands.

"This is only the beginning! Next, is the feast of your death! "

The six armed Divine Emperor on the opposite side had six voices, as if six people were talking at the same time. After he finished speaking, the six-armed Divine Emperor turned into a streak of white light and pierced towards Long Chen like a sharp blade.

Seeing Long Chen's complete defeat, many Divine Emperor s started to worry. This proud son of heaven who had just been born, no one wanted him to be killed, but no one seemed to be able to save him. Even Mo Mo Mo Xie was frowning, hesitating whether she should take action or not.

If Long Chen was not so confident, the Divine Emperor would not have been so conflicted.

"He's indeed strong, but he definitely doesn't know about the incantation that we don't know about. So this time, it could be said that he's plotting something against the Immortal God Clan."

"Tian Shenwushuang, he definitely won't be able to deal with these six fused Divine Emperor."

"It can only be said that his luck seems to be bad? Even now, we still aren't asking for help. If we were to ask for help, the God Emperor of the Heavenly Apes might still stop the Immortal God Clan from killing him. "

The Divine Emperor thought in that split-second.

Instantly!

"Go to hell!"

The Immortal God Clans were too afraid of Long Chen, afraid of his growth. The first time they destroyed the divine river, they had defeated Long Chen. This was all part of their plan, and the second time, they had rushed over with the intention of directly killing Long Chen!

Not a single chance was left to him!

Either he died, or he perished!

They gathered all the divine powers of the six of them together and gathered them onto the six Scepter of the Holy Spirit s. Now, the top of the six Scepter of the Holy Spirit had gathered together and a vortex of divine power that had surpassed Long Chen's limits started to condense, and was about to erupt!

Following the rotation of the vortex, the date of Long Chen's death seemed to be approaching by the second. The Divine Emperor could not help but tighten their hearts, this time it was the God Emperor of the Heavenly Apes that made the decision, so everyone was looking at God Emperor of the Heavenly Apes's decision, but they did not expect it to be at this level, Long Chen was about to be crushed to death, but God Emperor of the Heavenly Apes was still watching with squinted eyes!

Because he was paying attention to the fact that from the very beginning, Long Chen's expression had always been indifferent, everything was within his grasp. When the other party had arrived, he suddenly smiled, and said: "It seems that you don't know how the two of them died."

With just this one sentence, the anger of the Six Armed Divine Emperor overflowed into the heavens!

"Die!"

Under their killing blows, Long Chen did not retreat, but instead rushed forward towards them with a calm attitude. Currently, his eyes were filled with white light, the rules of fate were revolving within, Long Chen was not afraid of the [Heaven's Unity] technique, he only wanted to test how strong they were.

"I have to let you know how they died!"

"Change fate!"

A weak white light that could not be resisted, or even ignored, and that no one would pay attention to, caused the entire world to shatter as the white light rushed into the body of the six-armed Divine Emperor. Under the change in the rules of fate, the system quickly collapsed, and was originally going to use 'Descent of the Holy Spirit', but then, Xia Mu stopped, and the six-armed Divine Emperor instantly turned into six people, each of them spat out a mouthful of blood and laid down in front of Long Chen!

A single move had resolved this fatal crisis!

Changing fate once again had astonishing effects.

This was not only unimaginable for the immortal gods, it also stunned the Divine Emperor. They didn't even understand how Long Chen had done it! What was that strange rule just now?

"This is the rule for him to defend against God-Slaying Flying Daggers. I never thought that he would be able to resist them and also break down the Heaven's Unity Divine Art. It was truly mystical, no wonder Divine Emperor Tu Shan said that Long Chen was a genius of the rules, with many high level rules and extremely high talent. His divine power is average, and his Dao artifacts are not top-notch, but in terms of rules and regulations, the Divine Emperor cannot even compare. "

A genius of the Laws was the most revered because they relied on their own comprehension!

The Divine Emperor did not have time to lament, because at this time, a massacre began!

"How is this possible!"

The six Divine Emperor s immediately crawled up and looked at Long Chen in shock. It was simply a mental breakdown, this was the Heaven's Unity technique that they were most proud of, they had spent countless years to cultivate, and they were waiting for an opportunity to show themselves, how could Long Chen defeat them so easily?

Unfortunately, this was the result!

"You have the heart to kill me, and I have no intention to show you mercy. With this result, you can only blame yourselves for chasing after me relentlessly, wanting to take my life several times! But now, if I am able to reverse the situation, if I am merciful and let you off, then you will not have any gratitude in your hearts. Therefore, this is the rule of all realms, don't blame me for being merciless! "

Sword of Time!

It wasn't that Long Chen hadn't given them a chance, but they had always pushed him to his death!

Right now, in front of the Divine Emperor s, it was not convenient to devour them with blood. Long Chen fighting against them with his strongest method could be considered to be giving them enough respect!

"Kill!"

The eyes of the Immortal God Clan's six Divine Emperor were bloodshot. Even without the Heaven's Unity technique, their murderous intent could not be concealed!

Until the time when the sword penetrated a Divine Emperor's Heart of Rules and killed it violently!

"Shen Kun!"

The remaining five Divine Emperor s watched as Long Chen killed a person.

"Long Chen, we are irreconcilable with you! Everyone, take your lives! "

They only had five left, and after they surrounded Long Chen, they started to attack. With the power of the five Divine Emperor s, even if they did not have the Heaven's Unity Divine Art, they were still difficult to deal with.

"Extinct Dragon Seal!"

But, they could not defend against Long Chen's move!

This was a battlefield, a killing field!

He was born to kill. To be merciful to his enemies was to be cruel to himself.

Below the Dragon Seal of Extermination, another Divine Emperor died in battle!

"Deity Cast!"

That was their boss!

Actually, if they were to escape now, it would be inconvenient for Long Chen to leave Golden River Battlefield to chase and kill them. They could still escape for a while, but they did not.

The remaining four Divine Emperor s all collapsed under his one man's fierce attacks. The Time Sword once again violently killed two more Divine Emperor s, leaving the remaining two behind, who were completely unable to stop Long Chen and were completely unable to escape.

"Why?"

The two Divine Emperor s kneeled on the ground.

They were all drenched in blood, looking around in panic, staring at Long Chen fiercely. Long Chen was also drenched in blood, and that was only if it wasn't his blood.

"You want to ask me why? Then I have to ask you, you chased me to the Battlefield of Divine Devil to find the Sky Region Killing Order, and always wanted my life to protect your so-called face. Tell me, why?"

"In order to survive, I had no choice but to challenge the God King Board. I had to surpass my own limits and experience life and death situations several times. I lived in fear. Why don't you guys tell me?"

Under Long Chen's questioning, the two Divine Emperor were speechless.

Long Chen gave them a deep glance, and said: "Actually, there's no other reason. The law of the jungle is the rule of all worlds. It was impossible to avoid these rules, but he could at least respect the weak when he was strong. "But you failed."

So they deserve to die.

Eight Immortal God Clan Divine Emperor s all died at Long Chen's feet. Long Chen took away their Hun Yuan grade Creation God Equipment and eight Scepter of the Holy Spirit.

Actually, cultivation was a robbery. If one wanted chivalry, freedom, and dignity, then one had to be strong. No one had the heart to listen to the questions and screams of the weak.
