

War God 2901

Chapter 2901 - Reunion

Under the watchful eyes of the three thousand Divine Emperor s, Long Chen killed the six Divine Emperor of the Immortal God Clan.

They all belonged to the Star Alliance, and the Immortal God Clan belonged to the Heavenly Sacrifice Realm. Generally speaking, members of the Star Alliance could have conflicts, but killing them and causing their opponent to die was still not appropriate.

Generally speaking, it would not be allowed.

However, Long Chen's current situation was special. The grudge between him and the Immortal God Clan was hard to resolve, and it was already a matter of life and death. So now that Long Chen had killed those six Divine Emperor, no one would cause trouble for him.

After all, no one would be stupid enough to offend such a genius.

The eight of them, the Immortal God Clan, were like a living lesson.

Even if they were members of the Heavenly Sacrifice Realm s, not many people would stand up for these six Divine Emperor s, because the immortal eight Divine Emperor s had too little reputation and very few friends. They were located in a remote location in the Heavenly Sacrifice Realm, but they were cruel to the surrounding world and the people who were controlled by them were almost all bored to death.

It was just that now that the Divine Sacrifice Great World had lost these eight pillars. Although its level wouldn't drop, it still lacked the strong and the ability to control itself. It was impossible to be as arrogant and despotic as it was in the past.

Long Chen had saved the living beings of the tens of worlds surrounding the God Sacrificial World, so they would not be suppressed anymore.

All eight Scepter of the Holy Spirit landed in Long Chen's hands.

For the time being, it was useless. He started to pack.

When he raised his head to look at the three thousand Divine Emperor s, they were all generally looking at him with admiration, and even with respect in their eyes.

"In The Diremonster Battlefield of the imperial level, I have established my dignity. Although my strength is considered average in this group, but my potential is definitely number one, so no one should bother looking for me, and there should be a lot of people trying to rope me in, but obviously, Mo Wuji wants to use Li Xuanji to trap me in the Tianyin Region's Nine Yin ancestral realm, and is relying on me to help her fight against her fellow disciples."

Long Chen understood very well.

The battle was over.

God Emperor of the Heavenly Apes was a lone wolf who had been wandering in the Ten Thousand Worlds for a long time. Although he was a Star Alliance, he wasn't considered to be from any of the realms, so he wasn't too interested in roaming around Long Chen. At most, he wouldn't offend him. Now, he stretched lazily and said, "It's all over. My mission has also been completed. Everyone, you can disperse now. From today onwards, when Long Chen is in The Diremonster Battlefield of the imperial level, everyone will have many opportunities to challenge him. "

It seemed that many Divine Emperor were already eager to give Long Chen a try.

It was just that Long Chen had experienced a few battles today, so it was obviously unsuitable for him to continue fighting.

"Long Chen, rest well. After a few days, this old man will want to fight with you."

"Ai, you old skin, don't be ahead of me."

"Don't argue, when the time comes, let him choose. It's better for you guys to take it easy first. The two of you finally got together with much difficulty, so you should at least leave some time for them to warm up. "

In the end, Mo Qianni interrupted them. The moment Mo Ye opened his mouth, all the Divine Emperor s could only feel helpless. After all, Mo Xie was an Innate Ranker, so Long Chen would definitely follow her in the future.

After greeting each other, the Divine Emperor left.

Beside the God Emperor of the Heavenly Apes, the Dark Star Divine Emperor waved his hand at Long Chen and said: "You can train in the God King Board. I look forward to the day when you challenge the Divine Emperor Board like you would on the King Board! If you have anything you need help with, you can come and find me at the king level Battlefield of Divine Devil at any time.

Long Chen said: "Thank you for your help these few days, Long Chen will never forget it. If senior has any troubles in the future, Long Chen will definitely go through fire and water and not refuse to help. "

He was extremely respectful to the Darkstar Divine Emperor.

If it wasn't for his protection, the Immortal God Clan would have given him a lot of trouble.

Until today, he had completely eliminated the eight Divine Emperor s that once caused him to be unable to sleep soundly day and night.

There are a total of ten levels to the The Diremonster Battlefield of the imperial level, and you can freely move about on nine of them. However, you have yet to become a Divine Emperor, so you should be like Tian Shenwushuang and the others, and find a random cultivation room in the first three levels. God Emperor of the Heavenly Apes introduced the place to Long Chen and then left.

The other Divine Emperor s did not approach because Mo Sang had already forcefully taken Long Chen. After the battle ended, the moment Long Chen stepped out of Golden River Battlefield, Mo Sang stood in front of him and smiled at him.

"Follow me."

She was ten thousand times satisfied with Long Chen, and was like a mother-in-law. She reached out and grabbed Long Chen, pulling him away from the Golden River Realm.

"This is the third floor of the The Diremonster Battlefield of the imperial level, named 'Milky Way Realm'. There was a Milky Way Battlefield in the middle. I can see that your strength surpasses that of almost all the Initial stage Divine Emperor s, but you can still challenge the Milky Way Battlefield a few more times in order to gain the qualifications to challenge the The God Emperor of Perfection s. There's plenty of time and you don't have to worry about it. In the future, you'll definitely be able to go to a higher level or even reach the 'Bridge of Great Change'. I have complete confidence in you! "

The more Mo Sang looked at Long Chen, the more satisfied he became. She didn't even need to say those words to make Long Chen join the Tianyin Region. As long as she had a master-disciple relationship with Li Xuanji, Long Chen would not be able to escape.

Since she was being friendly with him, then it would be even easier to settle things. Although Long Chen was clear that she was extremely strict with Li Xuanji, and even to the point of being harsh on him, he couldn't offend her for the time being, so he was also amiable.

"After defeating Tian Shenwushuang, I would like to rest for a while. I will talk about challenging the Divine Emperor again after a period of time. "Now, what I want to do the most is to meet up with Xun Ji. She and I have been separated for tens of years. I hope Senior Mo can give me this opportunity. Many thanks."

Long Chen smiled, showing his intentions.

Fighting with this woman, he had to use his brain and confuse her, only then would he be able to bring Li Xuanji away.

After hearing his words, Zhu Mo didn't get angry. Instead, he gave an ambiguous smile and said, "Young people are just anxious. Okay, okay. You're blaming me for getting in the way here, aren't you? "I'll leave quickly. I'll leave that precious disciple of mine to you during this period of time. You're not allowed to bully her. If I find out that you've bullied her, I'll punish you."

That sounds good.

However, what gave Long Chen a sigh of relief was that Mo Mo Mo didn't know that Li Xuanji wanted to escape with him, so in the blink of an eye, she had made Li Xuanji appear in front of her eyes. Holding Li Xuanji's hand, she put him on top of Long Chen's hand and said: "She is after all, a Divine Lord, you can't let her walk around casually in the The Diremonster Battlefield of the imperial level. It wasn't easy for you two to finally meet. For the time being, I'll let you have a good month. After a month, Xun Ji should

also continue cultivating. You also hope that under my guidance, she can quickly become stronger, right? "

Mo Sang understood that she couldn't allow Li Xuanji to stay at Long Chen's place forever. She knew that Li Xuanji did not like her, and if she wanted to stabilize Long Chen, she would need to hold onto Li Xuanji for at least a month.

In addition, she was also grateful that Li Xuanji allowed her to obtain a new life, and officially accepted her as her disciple. This was something that everyone knew about in the Nine Yin ancestral realm, so she was anxious for Li Xuanji to become stronger, so she could earn face for herself.

After Long Chen appeared, she was no longer in a hurry to let him become strong, because stabilizing such a genius was already the greatest use of Li Xuanji.

Although one month was short, it was enough for Long Chen to complete his plan. He nodded and said gratefully: "Thank you, Senior. I have known Xun Ji for a long time, so I naturally won't bully her. Please rest assured."

"Mhmm!" Sang Mo spoke a few words, then left, while Long Chen brought Li Xuanji to enter a cultivation room, this way he could avoid being disturbed by others, if not many people would be standing outside, wanting to challenge Long Chen.

The cultivation room of the The Diremonster Battlefield of the imperial level was much more powerful than that of the king level Battlefield of Divine Devil. It was a completely huge world, and it simply made the entire Extreme Delight feel like it was a paradise of gods. An ordinary world simply couldn't compare to it.

Cultivating here was twice the result with half the effort.

After landing in this world, only then did Long Chen and Li Xuanji look at each other. The feeling of being moved and excited like when they first met each other was already slightly gone at this time. The two of them were able to restrain their emotions.

"Thank you." Li Xuanji said these two words after a long while. She originally did not want to disturb Long Chen's life any longer. It was just that she couldn't deceive herself.

It was as if fate had brought Long Chen before her eyes.

Only then did Long Chen manage to clearly see her. She was colder than before, or perhaps it was an environment that he was prepared for, like a block of ice, cold, and unapproachable. It was only when facing Long Chen that his slightly red eyes made people's hearts ache.

"I'm late!"

Everyone was perfect, so was Long Chen. He had deep love and protection for Ling Xi, but Li Xuanji was like a part of his body. It would even regrow once more.

"To be able to see you again, I feel that all the sadness I have felt in the past few days was worth it." Li Xuanji said with tears in her eyes. These were her most sincere words.

Actually, she was Long Chen's Yin Mo. Without saying a word, Long Chen already knew what she was thinking.

Finally, he had seen her.

Fortunately, she was safe and sound. She did not lose any hope of surviving.

Of course, Long Chen had not been able to help her yet.

"Come out and meet them all." Meeting Li Xuanji wasn't just her joy. Mo Xiaolang, Su Yan, Ling Xi, Little Cat, Yang Lingqing, and the others all knew who Li Xuanji was. Especially Yang Lingqing, Li Xuanji had even changed her fate, she was once her master's person.

Everyone came out of Long Chen's Divine Kingdom.

Li Xuanji was very curious as everyone had undergone a tremendous change.

What happened to Dragon Sacrifice Continent after she left?

Chapter 2902 - Travelling

Meeting again was a rare joy to everyone.

Everyone laughed at each other, and let new people know each other, such as the cute and pretty Zhu Xi. She was taught a lesson by Little Cat, and upon seeing Li Xuanji, he exclaimed, "You're the one Little Cat mentioned, the one that Boss Long Chen likes."

There was still a month left, so he wasn't in a hurry at all.

Ling Xi and Li Xuanji, on the other hand, had not seen each other for a long time.

"It's about to be born!"

Seeing that child, Li Xuanji's tears couldn't help but moisten her eyes. Her hands trembled as she caressed Ling Xi's lower abdomen: "This girl, will definitely be very beautiful in the future."

"xuanji sister, we have already agreed that from today onwards, you will return to our team and we will roam the ten thousand worlds together to do many things. Your family is still in the Brother Chen's Divine Kingdom. "

Ling Xi did indeed yearn for her return.

Putting aside Long Chen, Li Xuanji was also a person that she approved of and liked.

Long Chen brought out everyone from the Dragon Sacrifice Continent.

"So many things happened after I left?" Li Xuanji was a little absent-minded. She regretted that she could not help Long Chen and the others when they were in a difficult situation. However, this was fate.

"I am glad to see that you are all so good now. However, your foundations are currently unstable, and there is still Di Jun hunting you down. I have a lot of trouble with me, I'm afraid ... "

Now, everyone was gathered together.

Li Xuanji was a little hesitant when she found out about what happened.

Long Chen replied: "Isn't it just Mo Sang? Don't worry, getting rid of her isn't that difficult."

Li Xuanji thought for a bit before stretching out an arm and opening her sleeve. There was a dark crescent moon mark on her forearm, and she helplessly said: "This is a rule that was planted on my body because I was afraid of escaping previously. This is a mysterious rule passed down to her by the Tianyin Region Master.

Long Chen looked carefully and this crescent was extremely illusionary. Even though it was imprinted on Li Xuanji's arm, it seemed as if it was in a different world, and there was even a pair of eyes that seemed to be deep inside, to the point of being extremely terrifying. He thought carefully and said: "If it's just me, there's no need to be afraid. That Tianyin Region Lord, she wouldn't come chase after us just for you, right? "

Speaking till here, Long Chen had actually already made a decision in his heart.

He said to the crowd, "Our original goal in coming to Mount Zhou was to challenge ourselves and become stronger. Almost everyone had achieved this goal by now. And when I found out that you were in this Godly Mt. Zhou, our goal was to find you and take you away. However, others would naturally not think that way, because I have just defeated Tian Shenwushuang, and everyone would think that I will continue to challenge his. In the next thousand years, tens of thousands of years, and even hundreds of thousands of years, I will be challenging the weak mountains of the gods and devils, growing up and shining brilliantly.

Pausing for a moment, he continued, "The The Diremonster Battlefield of the imperial level, although it is a treasure land, it can allow me to soar in power, but it is not the only place where I can get stronger. Furthermore, my fame here is huge, Di Jun would probably already know about it, and might even catch up to me here. It's time for me to leave the mountains of the gods and devils as soon as possible. "

Hearing Long Chen's words, everyone looked at him in shock, especially Li Xuanji, even Li Xuanji thought that he would continue his challenge in The Diremonster Battlefield of the imperial level, since this was too beneficial for him, regardless of whether it was resources or connections, they were all there!

It wasn't easy for him to establish his fame here, and now that he had achieved such great things, he was about to leave?

Mo Xiaolang said: "I think it's time to go. Big Brother, when are you planning to set off?"

Long Chen straightforwardly said: "The best time is when no one can predict it the most. Right away, of course! "

"Right away?"

Right now, everyone still had not awakened from the shock of Long Chen defeating Tian Shenwushuang. The news had just spread, and Long Chen was about to shake the entire world.

Almost everyone was anticipating his future achievements in the The Diremonster Battlefield of the imperial level!

After all, he had charged all the way to the bottom of the Divine King Ranking in one go and created a new legend! Of course, everyone hoped that this kind of legend would repeat itself on the Divine Emperor Ranking!

This was truly a time that no one could imagine.

"I think that's right. At this time, they are still thinking about how to win over the Brother Chen, so they naturally wouldn't think that we would have to leave the Zhou Mountains of the Gods and Demons, or even go to another star region, away from the Star Alliance, and even to the north, west, and south."

Ling Xi was the first to agree to this decision.

Mo Xiaolang and the others naturally did not have any objections, although they still felt a little nostalgic towards this Zhou Shan of the Gods and Demons.

But Li Xuanji knew that all of this was for her sake. If not for her, Long Chen would still be able to stay here and challenge her for a period of time.

"Don't think too much into it. The most important reason is that I still have a vague feeling that Di Jun is coming ..."

Long Chen squinted as he looked into the distance.

This was the rule of fate, the intuition that came with it. He felt the danger. Even with his current cultivation level, he still felt that Di Jun was terrifying.

After the extinction of the ancient Divine Dragon, the appearance of the strongest powerhouse made everyone feel that he wasn't simple!

"Yes!"

Li Xuanji bit her lips. Actually, Long Chen's thoughts could not be hidden from her, and the main reason was still her.

"Then let's go!"

"Let's go!"

A new journey was about to begin, and everyone was excited, full of passion and passion.

"xuanji sister, welcome back. We are getting more and more lively." Su Yan said.

"Master, you should have been with us a long time ago." Yang Lingqing had the closest relationship with her, and was currently holding her hand.

Zhu Xi and Cat laughed weirdly on the side.

Every single one of them made her feel warmth and happiness, made her know how happy it was to wander with Long Chen. That was no longer wandering, but taking risks, going through a magnificent life!

"Once you enter the Divine Kingdom, you will be amazed."

Since he had made his decision, he would set off immediately!

First, was naturally to bring Li Xuanji into the Divine Kingdom.

He had no way to bid farewell to his friends in the Divine Demon Zhou Mountain. He had to leave immediately.

In the blink of an eye, Long Chen brought everyone into the Divine Kingdom.

He took a deep breath.

Li Xuanji and the others were naturally there to take care of her.

Because he was strong, the process of him snatching Li Xuanji was incomparably fast. Much less effort.

He walked out of the training room. Now, he attracted quite a bit of attention. As he walked, many people greeted him. Long Chen pretended to look around and walked all the way down to the first floor of The Diremonster Battlefield of the imperial level.

"No rest at all?"

Suddenly, a voice sounded from behind him.

It was the God Emperor of the Heavenly Apes.

Long Chen turned around and said: "I want to make a trip back to the king level Battlefield of Divine Devil, and then return here in a few days to challenge the other Divine Emperor."

"This is your freedom, as you wish."

Every single Divine Emperor had the authority to leave the The Diremonster Battlefield of the imperial level at any time. No one could stop them, they were just a little curious to see him come out so soon.

With that, he disappeared into the darkness.

In the Divine Kingdom, everyone let out a sigh of relief.

When they gathered together at the most critical moment, they were naturally a bit nervous. Because once Long Chen left the The Diremonster Battlefield of the imperial level, Mo Sang would definitely know that something was amiss.

"Let's go."

Once Long Chen stepped out of the The Diremonster Battlefield of the imperial level, he would be in the vast mountains outside. Long Chen increased his speed to the maximum as he headed towards the direction of the king level Battlefield of Divine Devil.

Within the Divine Kingdom, several people were gathered together.

Li Xuanji was a little nervous as she looked at the crescent on her arm. When Long Chen was still several tens of thousands of meters away from the The Diremonster Battlefield of the imperial level, that black crescent moon suddenly lit up.

The pair of eyes in the crescent moon became clear as well. That's right, it was Mo Mo's eyes. Her eyes were filled with doubt, and she asked: "Xuanji, why did you leave the The Diremonster Battlefield of the imperial level?"

Li Xuanji said calmly, "Master, it just so happens that he wants to head back to the king level Battlefield of Divine Devil. I have followed him over, we will return within a month, and won't disturb my cultivation."

However, Mo Mo Mo was not so easily fooled, she had an even worse premonition, and asked: "Why did he return to the king level Battlefield of Divine Devil? That's only the place where the Divine Kings is, why would you want to go? "

Li Xuanji said: "He has some friends in the king level Battlefield of Divine Devil. When she went to fight with Tian Shenwushuang earlier, he promised those friends that if they win, she will return to celebrate with them. After all, he will always stay in the The Diremonster Battlefield of the imperial level in the future. "

Li Xuanji reacted quickly, when she heard Mo Xie's question, she quickly came up with a lie, this reason was completely reasonable.

However, Mo Sang was a very suspicious person. She didn't feel safe, and it was very hard for her to trust anyone, so she said doubtfully, "Let him wait for me for a while, I'll go with him, and it's been a long time since I've seen Silo. Her master has asked me to help supervise Silo, so I need to go over and see how it is going."

Like this, Li Xuanji had no other choice.

As soon as Mo Xie came, he would definitely know.

Therefore, she said, "Okay, I'll tell him right away. I'll wait for you here."

As long as this crescent moon was here, as soon as Li Xuanji's position moved, the Mo Sang would know that this was a huge problem, and that there was no way to solve it. Long Chen had already heard their conversation, of course he would not stop to wait. Thus, at this time, he made a prompt decision, directly rushing into the sky, into the clouds, rushing out of the Divine Spirit Realm without a mountain!

The change in her position instantly alarmed Sha Wuduan.

Suddenly, Mo Sang's sharp voice sounded.

"Li Xuanji, where are you guys going?" Mo Xie rushed out of Battlefield of Divine Devil and gave chase.

Chapter 2903 - Nameless

Mo Tuo was originally at the fourth level of The Diremonster Battlefield of the imperial level.

When Li Xuanji moved, she had just reached the fourth floor and was gathered with a few Tianyin Region s, discussing about Long Chen. For a moment, he didn't manage to pay attention to Li Xuanji's departure either.

By the time she realized it, she was already a little far away.

When she communicated with Li Xuanji and discovered that she actually did not listen to her, and was even escaping away from the Divine Spirit and Zhou Shan at high speed, Mo Mo Xie was shocked for a moment first.

In the next moment, she seemed to understand!

Long Chen was going to bring Li Xuanji away from this place!

At that moment, Mo Sang was stunned. Then, he was so enraged that he was about to go crazy! She had thought that Long Chen would bring Li Xuanji away, but she thought that since Long Chen was so heaven-defying now, she would also show the intention of winning him over, and would not send him to the Tai Zu Battlefield. Long Chen was going to stay in the The Diremonster Battlefield of the imperial level.

But, he was actually so decisive! He directly took Li Xuanji away, and directly left this Divine Demon Zhou Shan, who had just established his fame!

Where was he going?

When she rushed out of Battlefield of Divine Devil, there were quite a few Divine Emperor following behind her, and there were over a hundred Divine Emperor who saw her charging out of Battlefield of Divine Devil in a cold rage.

"What happened to Mo Mo?"

"Is it related to that Long Chen? I saw that Long Chen seems to have just left the Battlefield of Divine Devil. "

"My guess is, Long Chen took her sudden disciple away? and left this place directly? "

"No way!"

It was precisely because Long Chen had predicted that everyone would not believe him to be leaving, that he chose to set off at this time, and that this was the best time to do so.

Sang Mo was furious. Her face was terrifyingly cold, and what she hated the most was for others to deceive her. At this time, she sternly asked: "Xuanji, where are you going exactly?"

"Ignore her." The woman had been annoyed, but there was no point in talking.

"Yes." Li Xuanji had never liked her, even though she had always been noisy, she had always listened to Long Chen and did not respond to him even once.

Mo Mo Mo was not an idiot, she naturally knew that she was planning to leave this Zhou Mountain of the Gods and Demons with Long Chen, and even the Star Alliance.

"Enough, I know that your goal is to bring her away! He did not even want the The Diremonster Battlefield of the imperial level s and the numerous Star Alliance s from his side. You have guts! But that may not be the right thing to do. Xuanji, although I have been a bit strict with you all these years, it is all for your own good. You are of humble birth, so I want to let you have a good future. I promised that I wouldn't send you to the battlefield, you guys don't even need to leave this place. "Don't go, okay?"

In the entire process of rushing out of Battlefield of Divine Devil, Mo Tuo kept on shouting. She was asking for trouble so she could stay. If she had known that Long Chen would do this, she would not have let him meet Li Xuanji at all.

If she was taken away just like that, her face would be disgraced. Even if one were to return to the Nine Yin ancestral realm, it would be difficult to raise his head up from within the The Diremonster Battlefield of the imperial level.

"In Dragon Sacrifice Continent, I gave you the chance to reincarnate, allowing you to live for now. You accepted me as your disciple was only to show that you know how to repay favors, but very quickly, you began to despise me for being of low birth, and lost your face. For your face, you naturally wanted me to become strong. That's why I chose to leave. There was no need for you to chase after me.

In the end, Li Xuanji still said a part of the story, and made everything clear.

Even in her dreams, she had wanted to leave the control of Mo Qianni. She was a crazy woman, and because of her own experiences, she tortured others more viciously than anyone else.

"Heh heh."

After hearing what Li Xuanji had to say, Mo Sang could not help but laugh out loud. As she called for the other Tianyin Regions to catch up, she smiled and said, "There's no interaction anymore? Do you want to be beautiful? If you leave like this, my senior brothers and sisters will treat me as a huge joke. I am not willing to be humiliated like this, Li Xuanji, you can forget about escaping my control for the rest of your life! You made me so angry today! You will pay the price! "

"Crazy woman, shut your dog mouth and be careful that the girl doesn't burn you." Zhu Xi could not bear to listen, and he cursed back fiercely.

However, Mo Mo had been using this thing to call out to her. He really couldn't get rid of her.

At this moment, Long Chen rushed out of the Divine Spirit Realm Zhou Shan.

The slaughter dragon boat appeared!

He stepped onto the killing dragon boat and headed towards the southwest. The killing dragon boat turned into a blood red shadow and sped away, after all he had already left Battlefield of Divine Devil for a while, and his speed was not slower than Mo Sang. With the killing dragon boat, he would be even faster than Mo Sang!

The distance between the two of them did not decrease, rather, it continued to lengthen.

In her fury, Mo Mo Mo chased after Long Chen for a while, and after a while, she also chased the Demon God's Zhou Mountain, bringing out her Divine Battleship. Fortunately, this was Order-level, which was on the same level as Long Chen's Dragon Boat, so at this rate, she would never be able to catch up with Long Chen, but Long Chen would never be able to shake her.

Because of the imprint on Li Xuanji's hand, she knew where Long Chen was at any time.

"I have to think of a way to get rid of this thing." Everyone was clear in their hearts.

However, they were not afraid of Mo Sang at all. The only person who was really close to them was Mo Sang, and the only thing they were afraid of was the other Nine Yin ancestral realm, the stronger Divine Emperor's chasing after them. The matter of them leaving the Divine Demon Zhou Mountain had most likely begun to spread around the Divine Demon Zhou Mountain by now.

After entering the starry sky, the field of vision had widened a lot.

The bloody light continued to advance at all times.

"I can try using the Boundary Seal." Ling Xi suddenly thought of something. The Boundary she was good at could cut off all connections, and even the love between Long Chen and her for three lifetimes.

"I forgot about it."

In the endless starry sky, Ling Xi gradually sealed the area around Li Xuanji.

After the sealing boundary was sealed, the crescent moon imprint on Li Xuanji's hand gradually dimmed.

"It worked!"

Everyone was excited.

It was the first time she got rid of Mo Mo Mo, and it was also unbelievable. She said: "Thank you, Ling Xi."

Ling Xi smiled slightly and said: "We are all family. No matter what, we will fight against the enemy together."

They were all very young, so what they were most curious about right now was how angry Mo Qianni was.

Long Chen was too lazy to care about it anyway, now that he had truly gotten rid of Mo Xie, he had to start a new journey. He chose a southwest direction, and following this direction, he would eventually enter the Western Star Domain, just that he did not know what was there. He did not care about Zhou

Shan at all, and maybe when he was strong enough to resist Divine Emperor Ranking experts in the future, he would return and fight here again!

"The seal will consume a lot of power, so we can't let you stay in the seal forever. Once we're far away from here, we must think of a way to get rid of it."

Without Li Xuanji's position, even if she called for Extreme Realm Divine Emperor, it would be useless, because Long Chen had left rather early.

"Why is it gone!?" What were the rules, what were the distractions? Why does this sound like the rule of that bitch Ling Su! "

From the starry sky, a fierce and shrill scream came!

"Ling Su!" Damn you, Ling Su, are you still alive? "

The face of the Mo Clan warrior was ferocious as he crazily destroyed the surrounding stars! Not only was Li Xuanji taken away by Long Chen, even the spirit element that she hated the most had appeared!

But no one answered her.

Very quickly, several Divine Emperor appeared beside her.

"Mo Mo, why aren't you chasing after him? "Where is he?"

"He escaped!"

"Isn't there the 'Nine Yin Mystical Moon'?"

She could not be bothered to tell the other Divine Emperor that it was because she was blocked from their senses by someone else. Currently, she was in a peak condition, her body was filled with dense killing intent, she did not stop, and directly returned to the The Diremonster Battlefield of the imperial level.

"I can't take this lying down, I want to find my Master and have her help me find Long Chen!"

That was what was on his mind. Right now, Long Chen was already far away, she knew that if she could rely on herself, it would be impossible to find Long Chen again.

"No more chasing?" All the Divine Emperor s looked at each other.

They were all of the Nine Yin ancestral realm, just that their status was not as noble as Mo Xie, but in truth, whether it was Long Chen or Li Xuanji, both of them did not have much of a relationship with him, and since Mo Mo did not pursue them, they would naturally follow him back.

"Right now, I'm afraid everyone in the Battlefield of Divine Devil is laughing at me! They clearly know that I used Li Xuanji to take Long Chen back, and now that they have lost their lives, their disciples have also been taken away! "

The more she thought about it, the angrier she got.

She descended from the sky and returned to the The Diremonster Battlefield of the imperial level with the other Divine Emperor s. She had already made her decision, she only needed to pack up a little, in order to return to the Nine Yin ancestral realm!

The black tower was right below him.

At this time, there were quite a few Divine Emperor s in front of him and upon closer inspection, there were actually several hundred people! Mo Mo Yu was instantly angered, "So many people have followed me out, and they're all here to make fun of me?"

Even the Divine Emperor s behind her did not dare to approach her anymore. Since her death, it was rare for Mo Sang to be this angry.

But no matter what, Mo Mu still landed on the ground and walked towards the entrance of Battlefield of Divine Devil. The Divine Emperor above did not look at her, but instead looked at the boundless darkness behind her.

"What do they mean?"

Mo Mo Xie suddenly froze. She felt a suffocating aura coming from behind her, in the endless void. At this time, she had already gathered with the several hundred Divine Emperors, and even more of them had come out.

"What's going on?"

Mo Xie was frightened by the pressure. It was a familiar feeling, and made her forget about Long Chen.

"It's said that the top ranker of the Divine Emperor will descend here soon. After not coming here for so many years, I'm afraid that he is already comparable to the Goddess. Of course, it's just possible. "

"The first place on the Divine Emperor Ranking?" Mo Sang was taken aback, "Is it that Divine Emperor whose name no one knows? Or is his name Nameless? "

Chapter 2904 - Old Love

Nameless.

It had been a long time since Mo Tuo came back. She only roughly remembered that before she died, this person was not ranked first on the Divine Emperor.

That was why she didn't know what was going on.

He casually asked once, and it was said that this fellow was unwilling to reveal his name, but he would definitely win every battle. It was extremely mysterious, and in the end, he had charged to the top of the Divine Emperor's rankings.

To be honest, this nameless legend was exactly the same as Long Chen who was ranked first on the God King Board. Of course, the Divine Emperor Board undoubtedly had more authority, and it was said that the strength of the top three in the Divine Emperor Board was about the same as those Tai Yi Shen Jing s and Supreme Gods!

It was close to the level of a real Unparalleled Dragon!

"This nameless appearance actually made these fellows forget to laugh at me. Looks like this new number one on the Divine Emperor Ranking is indeed a legendary figure." Mo Xing thought to himself.

Just as the gods were looking forward to it the most, and were filled with reverence, a middle-aged man in a light golden robe descended from the endless black clouds. The divine might that could suppress a thousand Divine Emperor in the arena was born from this terrifying existence!

The God Emperor of the Heavenly Apes was also amongst the numerous Divine Emperor!

He was once number one on the Divine Emperor Ranking, the nameless defeated opponent. And he lost very quickly, so this was an existence that even he had to respect!

All the Divine Emperor s respectfully welcomed this person.

Except Mo Tuo.

His face was deathly pale, his entire body was trembling, and his emotions were out of control to the extreme. She could not believe her eyes, but the person that appeared before her was indeed that familiar person!

His gaze had enveloped all the Divine Emperor from the start, imposing and tyrannical, approaching the aura of a 'handsome man' the most. Even the Divine Emperor present would mistake him for a handsome man. However, in the end, when his gaze was attracted to Mo Sang, an enormous change occurred. Merely, his heart grew much calmer. No matter how unfathomable something might be, he was still very calm.

The atmosphere suddenly changed.

Between Mo and that nameless thing.

"They know each other?"

The Divine Emperor s were all stunned.

Mo Xie, who was extremely shocked, opened her mouth with great difficulty, and that man appeared in front of her. He was less than ten meters away from her. Now, she was certain that her eyes could no longer be mistaken!

"Di Jun, it's you!"

He gripped his fists with both of his hands, and his fingernails pierced deeply into his flesh, and his pair of eyes turned blood-red. It was difficult to imagine just what had happened to them. The Divine Emperor understood that this mysterious Divine Emperor called Di Jun definitely had a huge interaction with Mo Sang!

So it turned out that the Divine Emperor who was used to hiding his name was called Di Jun!

First on the Divine Emperor Board!

As everyone was prepared to watch a show, Di Jun took a few steps forward and gently held Mo Sang's hand in front of his eyes. His golden eyes stared at Mo Sang and he asked in a hoarse voice, "Sang'er, why are you here? That year, you disappeared for no reason. I couldn't find you, but even after searching through the entire Allworld, I couldn't find you. I went to the Nine Yin ancestral realm, but you didn't come back then. "

Listening to her words, it seemed like she was an old lover?

Gritting his teeth, he said angrily: "Have I disappeared for no reason? Did I just disappear for no reason in my eyes? You really didn't know that it was that slut, Ling Su, who had killed me and left me with only a remnant of my soul that had been dormant for tens of thousands of years. That was why my Master allowed me to be reborn! You actually think that I have innocently disappeared! "

She was so angry that she was shaking, but she also kept on crying. She could clearly remember all the things that happened back then, and the man in front of her could not deny that he had been attracted to her after he reached the world of the Dragon Sacrifice Continent. She just did not expect so many things to happen afterwards.

Di Jun helplessly said, "Is that so? Did Lingxiu kill you?" All these years, I have actually been kept in the dark. I thought that if you were sad, you would wander in the ten thousand worlds from now on. "

His words were flawless.

"And now, you will kill Lingxiu for me, and avenge me?" Mo Mo Mo asked in a low voice.

Di Jun replied, "Lingxiu had already fallen."

Mo Mo Yu froze, before replying, "Impossible, she is not weaker than you. How could she have fallen?"

Di Jun lightly said, "I killed her."

Mo Mo Yu was even more confused now, and asked curiously: "Isn't she your wife? Don't you have two children? How can you do it? What about the children? "

Di Jun continued, "These are all matters of the past. Lingxiu and I have had our differences and conflicts, to the point where you have no other choice but to fight to the death. As for those two children, they wanted revenge for their mother, and I killed them." The relationship between me and Ling Su is a grievance. Now that a long time has passed, you should not bring it up again. To merge with her in the past was a mistake. "

Such a private conversation, of course Di Jun wouldn't let anyone else hear it.

"Are they all dead?" Hearing this, Mo Wuji felt relieved, but when she thought of Long Chen, she shook her head and said: "Impossible, just now, I could still feel the Qi of Spirit Qi, although it is not strong, it is definitely Spirit Qi!"

"What?"

Di Jun pressed down on her shoulders and said: "Sang'er, have you seen someone called Long Chen before? I'm guessing that one of his people obtained the inheritance of the spirit essence. What you feel, must be her! Take me to see Long Chen. "

"You're looking for Long Chen too?" Mo Qingcheng's heart gradually calmed down as she stared at Di Jun. She had never thought that he would be so tyrannical to such an extent! He had actually reached first place on the Divine Emperor Ranking!

"I still remember when I first came to the Dragon Sacrifice Continent, he was the same as me, also a Initial stage Divine Emperor. After that, the two of them rose even more, and he easily surpassed me. I

never thought that after ten million years, Ling Xian would fall, and he would become the first in the Divine Emperor rankings! "

Mo Xing was secretly shocked.

At this time, Di Jun nodded his head, "That's right, Long Chen took what belongs to me, and I am currently crossing worlds of ten thousand to chase him. I heard that he is at the summit of the Divine Spirit Realm, so I came over, do you have any news of him?"

Mo Mo Chen hurriedly said: "Just an hour ago, he had already escaped from here, and left the mountains of the gods and devils. He also brought a disciple with him, and as I was in pursuit, and realized that I was unable to catch up, I returned. However, I planted the 'Nine Yin Profound Moon' of the Nine Yin ancestral realm on that disciple of mine, so no matter where they escape to, I will still be able to find them."

The two of them met in an instant!

"I know where they are right now!"

Mo Mo Xing said confidently.

"Then let's not waste any time. Let's go." Di Jun held on to Mo Sang's slender waist, and in the blink of an eye, over a hundred thousand miles away, he disappeared from the eyes of the Divine Emperor s. He rushed out of the Zhou Mountains of the Gods and Demons, leaving the Divine Emperor s looking at each other in dismay. They weren't sure what the two of them were talking about, but judging from their intimate relationship, they were definitely once lovers.

It was just that the first ranker on the Divine Emperor had just left.

Many people wanted to witness just how terrifying the number one ranker of the Divine Emperor was!

"Go back."

Once he left, he definitely wouldn't come back.

A golden ray of light moved forward quickly in the endless starry sky, several times faster than Long Chen!

The golden light was that of a godly ship.

"They are right in front, but because they have already escaped for a period of time, I believe it will take them some time to catch up. After all, the distance is too far, and the perception of the Nine Yin Mystical Moon is not very clear."

Standing in the middle of the golden god ship, Mo Sang said.

"No matter, as long as we know where they are, there's no way we can escape. It was you, Sang'er, who suffered all these years because of my negligence. " Di Jun stretched out her hand and caressed her hair, as gentle as iron.

Tears welled up in Mo Sang's eyes as he shook his head and said, "Now that I have been reborn, I can be considered lucky. To be able to see you again is even more so." So I had forgotten the hardships of the past. "I have to ask you, where did he go and how did he get through all these years?"

Di Jun said, "Later on, when the Dragon Sacrifice Continent was gradually becoming barren, I left with a group of Divine Spirits. When I arrived at the Southern Taihao Region, I established a foundation there and achieved my current achievements."

Mo Sang choked with sobs and asked, "All these years, other than Ling Su, do you have any other women? Can I still be with you right now? "

Di Jun frowned. He was honest and replied, "There was once a person, but the reason why she joined with me was to create her own rules. That was why she was imprisoned by me and was unable to come out for the rest of her life. She and I had a woman once, but we were killed by Long Chen. "

Mo Sang was slightly angered, "In that case, the reason why you chased after Long Chen, was because you wanted revenge for your daughter?"

Di Jun shook his head, saying, "No, it's to take back what belongs to me."

"What is it?"

"You'll know when I catch up to him and get it."

"Then from now on, what should we do?"

"You are my only woman. My life is connected to yours. How about it?"

"En!"

Mo Mo nodded heavily.

Her eyes flickered with the light of happiness.

A month passed.

"Mo Mo, are you certain that they are in this direction?" Di Jun asked.

Mo Mo nodded his head. "Because the other side has been affected, it's rather chaotic. But I believe it's going to be soon."

Di Jun looked ahead, and said: "If my guess is not wrong, this direction should be towards the Nine Yin ancestral realm, it is impossible for Long Chen to go this way. There is no reason for him to go north again. "

"How would I know what he was thinking?"

"Mo Mo, you're lying to me." Di Jun suddenly turned his head and laughed coldly.

Mo Xing took a deep breath, then said with a sneer, "That's only natural. For someone as heartless and unjust as you, who kills his wife and son, even if I didn't lie to you, I would still let myself down! Do you think I don't know, that you were the one who told Ling Su to kill me! "Di Jun, in terms of viciousness, you are the best in the world, right?"

Di Jun smiled and declined to comment. He looked at his surroundings and said, "You are so confident. It seems like the 'Tianyin Region Lord' has arrived. Then, let her out."

Recently, I've only added a little more than 200 points. Then I won't have to the numbers every day. Otherwise, I'll naturally add more numbers when the time comes. Lunatic # 30 will return to his hometown to prepare for the new year and will have the strength to go back a few more chapters. Try to satisfy everyone. After all, there was a limit to creation. Every day, with 10 thousand words, he would have to write for more than 6 hours (including ideas). 4. If I had to work until night, it wouldn't be easy. I'm still young, so I'll just have to work for a few more years.

Chapter 2905 - Tianyin Region Lord

As the sound of his voice faded, the golden Godly Ship disappeared into the boundless starry sky, leaving Mo Wuji and Di Jun behind.

She was extremely cold and sad as she said, "Di Jun, the person I don't understand the most in my life is you. I don't know why you killed me, and I don't know why you let Ling Su die as well, and you even imprisoned a woman who was related to you, or someone who once loved you, but none of them would have a good ending. Fortunately, I came back to life, and I saw you clearly!"

Di Jun had a faint smile on her face as she gazed at her emotional face.

"You are a man without emotion!"

Di Jun lightly said, "Wrong, I am not a human, I am a god."

"Humph!"

In truth, ever since she was reborn, she had been asking about this Di Jun and found out that he was in the Taihao Region. The Tianyin Region Lord had long been preparing to take revenge from Di Jun! That's why Mozambique brought him here.

Di Jun, on the other hand, did not expect Mo Wuji to know that he was the one who ordered Ling Su to attack her.

However, his calm expression made Ling Su a little worried. This fellow gave him the same feeling as Long Chen, a feeling that he could never underestimate, that he would always create miracles!

Fortunately, the Tianyin Region Lord had appeared.

All of a sudden, a dark green whirlpool appeared behind her, swallowing her whole body right in front of Di Jun's eyes. She thought Di Jun would try his best to capture her as a hostage, but he didn't, instead he put both of his hands behind his back and watched the scene with a smile on his face.

Mo Qianni had appeared tens of thousands of meters away, far away from Di Jun, but she could still see him there. At this time, a person surrounded by a black mist appeared beside her. Judging from her figure, it was difficult to discern her appearance within the mist. However, it was possible to see that she looked similar to Mo Sang.

However, she was undoubtedly much more terrifying than Mo Wuji. Once this woman appeared, even the stars in the Endless Territories would stop spinning, and even the fragmentary stars would stop moving.

This mysterious woman was the master of the Tianyin Region, the master of the Nine Yin ancestral realm, the supreme divine being who had existed for countless years. She was mysterious and powerful, firmly controlling the entire Tianyin Region! He is one of the few people with the highest status and authority in the entire Northern Star Domain!

They controlled trillions of lives.

"Tianyin Region Lord, this should be the first time we have met." Di Jun put a smile on his face, clasped his hands behind his back and looked at the woman who suddenly appeared beside Mo Mo Mo tens of thousands of meters away.

"And for the last time." Tianyin Region's voice was very young, similar to Mo Xie's, but even colder.

"Mother." In front of the Tianyin Region Lord, Mo Sang was extremely respectful, bowing down respectfully.

"No wonder, so it's your daughter. Rumor has it that the Tianyin Region Lord has never married, and that she is a sacred body. I never thought that she would actually give birth to a daughter privately." Di Jun laughed as he spoke.

Even in my dreams, I wanted to go to the Taihao Region to kill you. You naturally know that I have enmity with the 'Hierarch Taihao', so you hid there.

Although the Tianyin Region Lord's voice was seemingly calm, it was actually filled with monstrous killing intent. Now that she knew about Di Jun's situation, her anger reached its peak. Honestly speaking, even with her experience, it was difficult for her to find such a cold-blooded person like Di Jun.

"So that's how it is. It seems that the odds are against me today?" Di Jun asked nonchalantly.

"Di Jun, today is the day of your sacrifice!" Mo Mo Yu said while gnashing her teeth.

"When you challenged the first rank of the Divine Emperor, I was watching from the side. At that time, you still weren't as confident as you are today. Do you think that you can survive in my hands? "

On one side was the first ranker on the Divine Emperor, rumored to be as nameless as the Hierarch, Di Jun!

On one side was the mighty Tianyin Region Lord!

Di Jun replied: "Not at all, I feel that Tianyin Region Lord will definitely dismember my body into ten thousand pieces. If Mo Mo can vent my anger, then my death would be worth it."

"Bullshit!" Mo Mo screamed out. She was so angry. This man whom she hated the most, if she could, she would rather have him be chopped into pieces!

"No need for further words."

With a casual press of the Tianyin Region Lord's hand, she sent Mo Wuji into her Divine Kingdom. She was about to make a move.

"Hierarch, make your move!"

Without saying a word, the Tianyin Region Master extended her hand and the snow-white palm pushed out, forming a gigantic palm print. It was completely dark green, and an endless cold mist condensed around the palm, causing the palm to become bigger and bigger, falling from the sky in the direction of Di Jun, suppressing down!

The speed at which the cold palm expanded was a bit scary!

In a short span of time, a palm had actually reached the size of a Golden River Battlefield. In the surrounding boundless domain, the starry sky had been completely frozen and turned into a black solid ice. All of the stars and broken stars were condensed with ice crystals, to the point where it seemed like they couldn't even move for time!

With Tianyin Region's palm, it was quite easy to freeze the entire world, such as the Creation Holy Tree and the World God Sacrifice.

Di Jun was right in the middle of this palm, he was the first to be frozen into a block of ice, there was no way for him to escape. Under his smiling expression, the giant hand descended, in a blink of an eye, it was about to shatter him to pieces!

"Confess in the cold." The voice of the Tianyin Region Lord was like a ghost.

"I won't." Only at this moment did Di Jun calmly launch his counterattack. One of his golden eyes was incomparably bright, just like the world within the primitive level, which was being refined like a sun. His eyes formed many flames, which gathered on Di Jun's palm, and he suddenly opened his palm.

"Hah!"

The fist that seemed so easy, actually exploded with unimaginable power, forming a fist print that was no less than the size of the palm. This fist print suddenly collided with the sky, and everything changed, the stars shattered, and a large part of the territory was turned into dust!

Suddenly, Di Jun appeared very far away, completely unharmed. He turned around and looked behind him, the large star field was completely gone in this simple clash, turning into chaos. He didn't know when it would return to its original state.

"So troublesome!"

Di Jun looked in front of him again and saw that the Tianyin Region Lord was standing right in front of him. The ice had once again sealed him.

Just that, even so, don't think that you can leave the Tianyin Region today. It seems like you have not reached the end. If you were to become a Hierarch, I fear that I would never be able to deal with you again. "

From a complete person, he transformed into an endless cold mist, expanding in a short period of time, forming an endless encirclement. It was as if he had turned into a huge beast, and now, he had swallowed Di Jun into his stomach.

From the outside, one could see just how big the Tianyin Region Lord was, and how much bigger she was compared to the rest of the world. And Di Jun was only a tiny dot in her body.

"Di Jun, you won't be able to escape my prison."

In the prison, the cold mist permeated the air. Di Jun's body gradually froze, causing him to be unable to move.

At this point, the smile on Di Jun's face disappeared. He could clearly sense the Lord's strength. If this continued, the one who would suffer would definitely be him.

"Old witch, challenging you is something that will happen sooner or later. You are the best stepping stone for me to break through to the Hierarch Realm, but not now. I don't have the time to accompany you. See you later."

Di Jun calmly said.

Suddenly, he disappeared without a trace!

"Whiz!"

In the next moment, the boundless cold mist disappeared and the Tianyin Region Lord appeared where Di Jun was standing just now. He frowned slightly and said in slight anger, "It seems like, his spatial laws has improved tremendously once again, to actually escape right under my noses!"

Her eyes turned cold as she scanned the entire Ten Thousand Worlds. She didn't even find Di Jun. It seemed like he had already gone far.

Last time, he still couldn't do this!

"Mother, what should we do?" Of course, Mo Qianni knew that now that the hatred was clear, if he didn't kill Di Jun as soon as possible, it would be a huge problem for him sooner or later. She was the one who knew Di Jun's personality the best!

"He is going to kill that Long Chen, right? If we go looking for that Long Chen, we will find him sooner or later! Next time, I won't let him escape so easily. "

Mo Xie was overjoyed. "Are you really willing to leave the Tianyin Region to deal with him?"

The Tianyin Region Lord said: "We have provoked such a great enemy. If we do not deal with him, if he becomes the Hierarch, he will be above me, and at that time, we will never be able to turn the situation around!"

"He actually reached such a terrifying level!"

She remembered that when she first came to the Dragon Sacrifice Continent, she had the chance to kill Di Jun. However, she did not, and was instead attracted by him. These years have been wasted, yet it has become like this ...

Swoosh.

Di Jun appeared out of thin air.

He sat cross-legged on a broken star and recuperated after a long time. Only then did he recover.

After inspecting his divine body, he muttered to himself, "This teleportation of the stars sure uses up a lot of energy, but I managed to get rid of the Tianyin Region Lord."

He stood up on the fragmentary star and looked at the endless world.

"We're not heading north. Since we've left the Divine Demon Mt. Zhou, then we must head south, west, or east." It seems that I can't blindly chase after him like this. I need to prepare something so that I can cross over billions of stars in one go and go directly to his side. "

Di Jun had decided.

"Your Majesty, what is it that can accomplish this?"

Di Jun replied, "I have to go back to the Taihao Region and borrow some things from my old friend. As long as I can borrow that thing, only the Papyrus korshinskii will be able to tell me where he is and I will be able to teleport there instantly. I, on the other hand, underestimated this Long Chen, which is why I was wandering around blindly in this Myriad Realms for such a long time. "

"Is it a treasure like the Hierarch Taihao?"

"That's right."

"He's willing to lend it to me?"

"Even if you don't want to, you still have to. "The Everlasting Stone was not borrowed from me."

Chapter 2906 - Yiyuan Sword Sea

From the Divine Spirit Realm, towards the southwest, whenever he encountered any world, Long Chen would not stop and travel at full speed. As long as Long Chen did not enter any other world, finding Long Chen in those boundless starry skies was no different from looking for a needle in a haystack.

The ten thousand worlds were like an endless sea.

Every world was like an island, some big and some small. Within these islands, there were living spirits.

Of course, many of these 'islands' would definitely be deserted and uninhabited, to the point where they would be extremely dangerous. It was obvious that the gods and demons would not make it to the mountains or to refine the sun, but in fact, there were many vile worlds where no living beings existed in all the realms.

Long Chen was currently sailing in the ocean.

For safety's sake, they all had to endure loneliness.

Especially for those with prehistoric level, or those with Order-level, they could not enter into these realms. In this level of world, if Di Jun chased after him, there would be nowhere to escape to.

This time, he had endured for a full 10 years!

In the blink of an eye, ten years had passed. Long Chen estimated that he was about to enter the Western Star Domain.

"Xiao Xi, take a break."

Of course, the majority of the things she used was divine power that she had borrowed from Long Chen through her Three Lives Love Silk. Only with the support of all living things, would Long Chen be able to keep the seal for ten years; otherwise, Ling Xi's seal would not be able to hold on for more than half a month.

They were far enough from each other now.

In just ten years, Ling Xi had comprehended a total of ten types of Heavenly Law Spiritualism. When she reached the Extreme Realm God King realm, her fighting strength was very strong, but it was not convenient for him to help. Long Chen reckoned that she would be able to comprehend two more of the eight types of Spiritualism s in ten more years.

In addition, Mo Xiaolang and Su Yan both had Extreme Realm God King.

"Alright." Ling Xi had just opened the Conferred Realm and had listened to her orders. As Li Xuanji stared at the arm and saw that there was no movement, they all heaved sighs of relief.

"Mo Sang probably hasn't discovered it yet." Li Xuanji pursed her lips. She had been accompanying Ling Xi these past few days, so she softly spoke to Ling Xi at this time, "Thank you so much for these few days. You've worked so hard for me ..."

Ling Xi shook her head and smiled, saying, "Actually I am only using the power of the Brother Chen, I am not in your way."

Returning to this large family, what he gained was bliss and happiness. Everyone would be concerned about her, and this moved Li Xuanji. To her, this was her previous extravagant hope. She was not an emotional person. Other people would silently accept her kindness, but she would remember it in her heart.

This vast Divine Kingdom was their new home.

Everyone was progressing.

"I want to give you the Unparalleled Dragon's Inherited Blood, do you really not want to try?" Actually, this was Long Chen's original plan. He had mentioned it several times, but Li Xuanji simply smiled and shook his head, and said: "Give it to the others. I want to rest for a while and walk around the God Kingdom."

If she inherited the inherited blood essence, she was worried that there would be a new pressure. In fact, he was a little afraid that he would waste Long Chen's inherited blood essence.

Thus, Long Chen did not force her.

After about a few days, the Mystic Moon on her arm lit up again.

"Mo Mo has found it!"

She smiled slyly and said: "My dear disciple, I didn't expect that you would go to the Western Star Domain and stay there properly. Your master and I will immediately come to find you."

Just as she finished speaking, Ling Xi's seal opened again.

As expected, the seal could not be closed at all times.

Long Chen was not in a rush to let her know that he was in the west. After all, this place was very big, relying on her to find him was like looking for a needle in a haystack.

Which supreme deity?

"In the eyes of the Tianyin Region Lord, I am nothing. Why would she accompany Mo Xie?"

Li Xuanji didn't even understand it herself.

This was out of Long Chen's expectations.

No one felt at peace.

Long Chen said: "It's just a one-sided story, don't worry. "Furthermore, even if they do come, so what? From now on, the seal will have to be opened. Furthermore, we need to find a way to break this rule even more urgently."

If Sector lord Feng still wanted to use his power, Ling Xi would only be used as a guide, and wouldn't tire him out. Within ten years, there wouldn't be much of a problem.

"Right now, we should be at the edge of Western Star Domain, but we don't know anything about what's ahead of us. "Based on our current situation, it's very difficult for us to have much progress and comprehension while navigating through space. We have to go against Di Jun and look for more lost items from the divine dragons and enter the world."

Long Chen paused for a moment, then continued: "Then, this small world will be very dangerous, furthermore, the possibility of the item left behind by the Divine Dragon appearing is very low. We have to go to the biggest world here, and have the best luck, even if Di Jun finds this place, he wouldn't be able to mess around, so, we have to go to the west's core."

If he was building a world like the Wood Holy Tree and Di Jun chased after him, there would be nowhere for him to hide.

However, if this was a higher level world, then the world would be too big. Even if they caught up, Di Jun would not be able to instantly find him, and he would still have a chance to escape.

Now that ten years had passed, it was time to find new breakthroughs.

Long Chen had been stuck at this realm for a while.

"In that case, we have to obtain the star map of the Western Star Domain from a world. At the very least, we have to know what kind of tyrannical world exists here."

After making his decision, Long Chen continued on his journey.

"If the Tianyin Region Lord comes, I am truly sorry for bringing you so much trouble." Ever since Li Xuanji came back, she was still worried about this.

Long Chen said, "Perhaps there is some other reason. The road ahead is still long, so you should think it through. If you take the risk with us, it's not certain who will win. "Xuanji, we have the origin Dragon Palace. In the end, even a Hierarch will have to fear us!"

She saw Long Chen's confidence.

His heart was also greatly encouraged.

He saw the boundless power in Long Chen's eyes.

"That's true, I was too cowardly." Li Xuanji suddenly thought it through, and said: "No matter what, bring me out of the Sang Mo's Demon Claw, from today onwards, I will follow you, and wherever you go, I will go, and give me the Unparalleled Dragon's inherited blood essence. I am already far behind in terms of power, I want to catch up to you guys and help you guys."

"You can definitely do it."

Long Chen had already chosen a suitable one for her.

Ranked ninth, one of the concomitant dragon, and it's the first one, called 'Charm Dragon'. Possessing the most miraculous change in the rules of the Ancestral Dragon, even though he did not have the Origin Dragon Soul, this was Long Chen's future goal. He wanted Li Xuanji to be as strong as Yang Lingqing, with an unlimited future.

He helped Li Xuanji inherit the Charm Dragon's Inherited Blood.

"Big brother, this should be a 'Hun Yuan' realm."

In these three years, they were searching for a suitable person, a world that had more information and might even have a relatively complete star map. To them, it should be Hun Yuan class's world being safer.

"In this kind of world, the Divine Emperor should exist."

Long Chen and Mo Xiaolang stood outside this world.

This was a sword-shaped continent. The sword-shaped continent was incomparably huge, with at least ten times the size of the Dragon Sacrifice Continent lying in the center. There were many small swords surrounding the sword-shaped continent.

Countless small swords surrounded the gigantic sword in the middle, forming a sea of swords!

The total size of the small swords was more than three times that of the huge central sword!

In this world, the central greatsword was the core, and the surrounding small swords were the vassals. It looked a little like the Lingsu Star Sea, with the Ling Ji Ji Xing in the center and ten thousand planets surrounding it. However, the Sword Sea was much larger than the Lingsu Star Sea. At a glance, there were at least two trillion living creatures.

It was two to three times bigger than the World Tree.

"This world seems to respect the sword. It seems that all warriors use the sword as a weapon, and they have achieved great things in this path."

When Long Chen and Mo Xiaolang descended here, their target was obviously the gigantic sword in the middle. Of course, when they descended, they did not see that the continent was actually a sword, it was just like how they did not know that the Dragon Sacrifice Continent was in the dragon form.

"This place is called 'Yiyuan Sword Sea', it is indeed a Hun Yuan level world. It was said that there were several Divine Emperors. It seemed that this world was about the same as the Divine Sacrificial Great World. But, every martial artist here used a sword. Besides a sword, there didn't seem to be any other

weapons. Even the Creation God Weapons were all swords. Such professionalism must be extremely powerful. "

Long Chen roughly understood the world.

He and Mo Xiaolang were running across the land, passing through billions of lives, looking for a Divine Emperor. Divine Emperor had a wide range of experience, he should be able to answer their questions.

With their speed, finding the Divine Emperor wasn't difficult at all.

About ten days later, a mountain peak appeared before them. This mountain peak was shaped like a long sword and pierced into the incomparably flat land. Above the sword hilt and the endless clouds, there was this palace.

"That's the seventh sword god's palace." On the peak of the mountain, countless creatures were worshipping that palace. Long Chen then knew that the god that resided in the palace was the Seventh Sword God.

"Who is it that dares to barge into my 'Yiyuan Sword Sea'? Please come quickly to see this old man." Suddenly, a mighty voice rang out from within the palace. When the creatures heard this voice, an uproar broke out. True Gods appeared, and they had no choice but to continue kneeling and bowing.

"Please do not be anxious, we are not hostile." They landed on a platform which was shrouded in clouds and mist, like a fairyland. On the platform, sword energy was flowing everywhere, and an old man in front of them had his back facing them. When they reached there, he turned around, and with his sharp eyebrows and thick skeleton, there was a sword-shaped mark between his eyebrows, as if he was the third eye!

"I am the 'Seven Origin Sword Sovereign' of the Yiyuan Sword Sea. How should I address my two friends? "

Chapter 2907 - Pangu Continent

The Seventh Sword God was what all living beings called the Divine Emperor.

Presumably, it was possible that the Divine Emperor was ranked seventh among all the Divine Emperor in the 'Yiyuan Sword Sea'.

The Seven Origin Sword Sovereign was the true name for the world of gods and devils.

He could immediately tell that Long Chen and Long Chen were gods and devils from other realms.

In a Hun Yuan class world, the communication with the outside world was already very wide. With how gorgeous the Yiyuan Sword Sea was, it was normal for it to attract otherworldly gods and devils to come here.

Long Chen hid himself a little and randomly pulled out two names. Right now, he did not want to sound as arrogant as he did at the Divine Spirit Realm.

He said, "The reason why we came to Yiyuan Sword Sea is because we want to get a star map of the Western Star Domain from our friends here. To be honest, we want to explore this Western Star Domain. But right now, I do not know where I will go to, so I am completely confused. "

If it was just a star map, it wasn't actually a big deal.

After all, even though Long Chen and Mo Xiaolang seemed to be at the realm of Divine King, they were still able to vaguely sense the existence of danger. The fact that they dared to come to him wasn't because they didn't have confidence in themselves.

The Seven Origin Sword Sovereign suddenly smiled and said, "We have never met. It seems that there is no reason for Sir to want anything. We will have to give you anything you want." If the two of you can defeat me, not only can I give the two of you the star charts, I can also introduce the Western Star Domain to you. "How about it?"

His fighting spirit was very strong.

As for the other Divine Emperor of Yiyuan Sword Sea, he had long known about it and there was no point in fighting them. It was not easy for him to get two beautiful Divine Kings and the Seven Origin Sword Sovereign wanted to test them. Otherwise, if he were to casually send out the star map, it would seem that the Seven Yuan Sword Sovereign was afraid of Long Chen and the others.

"Hmm?"

Long Chen and Mo Xiaolang looked at each other.

If Long Chen were to make a move, dealing with this Seven Origin Sword Sovereign would be easy. Although it was not bad, it wouldn't be any better than dealing with a Divine Emperor from the Immortal God Clan.

However, Mo Xiaolang's eyes lit up, and he said: "Big Brother, just let me handle this time. I haven't fought with the Divine Emperor yet. "

It had already been more than ten years since Mo Xiaolang obtained the Shooting Sun God Bow and the The divine arrow of the setting sun, and in these ten years, he had been researching it thoroughly. No matter what, he had made great progress in every aspect, and in terms of archery, although it was far from Tian Yi's, he had his own specialties.

"Alright." Long Chen patted his shoulder and laughed.

"You two aren't going up together?" The Seven Origin Sword Sovereign admired their courage.

"It's just a little spar. I can do it myself." We truly just want to get a copy of the star map. " After Mo Xiaolang finished speaking, he followed Long Chen out of the starry sky. If they were to fight here, it was likely they would destroy the Yiyuan Sword Ocean. With their current abilities, even the tiniest bit of damage could cause millions of lives.

When they reached the starry sky, the Seven Yuan Sword Sovereign was startled, but he still kept up with the starry sky and chased after Long Chen and the others, until the Yiyuan Sword Sea gradually became smaller and smaller in their eyes.

One day later.

Their distance was far enough.

"Begin." Long Chen retreated to the back, and let Mo Xiaolang defend himself.

The Seven Origin Sword Sovereign before him was as cold as a sword. His long hair fluttered in the wind, and his sword intent surged. The aura of those who cultivated the sword was truly different. A man is like a sword, and a sword is like a man.

Ding!

A crisp sound rang out as the Seven Origin Sword Sovereign held a green sword in his hand.

The azure color was like that of bamboo, green and glistening, but also shockingly sharp. It was impossible to look directly at it, and as it moved, cracks appeared in the starry sky around it, distortions that looked like ripples on a lake's surface.

Swish!

At that moment, the long sword turned into seven swords, each of them exactly the same. One was held by the Seven Origin Sword Sovereign, while the other six danced around him, protecting the Seven Origin Sword Sovereign!

"Pay attention!"

When he said these three words, the Seven Origin Sword Sovereign's aura suddenly changed. It went from a accumulated energy to a surging aura. Sword Qi tore through the skies as the seven divine swords hummed!

These seven swords were actually just one of the swords. Of course, they were Hun Yuan's Manifestation Divine Equipment. But the mysterious thing was, it could be used as one of the seven Hun Yuan grade God Creation Equipment!

"Seven Deadly Sword Technique!"

His long hair and long beard danced in the air as the sword in his hand drew a profound arc that spun like a flower. Seven sword beams appeared and shot towards Mo Xiaolang from seven different directions! The sword dao of this Seven Essence Sword Sovereign was extremely strange. It was hard to differentiate between real and fake. It seemed like a simple sword radiance, but it contained the icy-cold rules of slaughter and berserk divine force!

Sou sou sou!

Seven sword lights pierced through the air!

Mo Xiaolang instantly faced danger!

The other party truly did not show any mercy.

Of course, he had already made his preparations long ago. At this moment, both of his hands had been given birth to the Nether Demon Ancestral Fire and the Firmament Emperor Ancestral Fire. The two types of Ancestral Flames fused together in his hands.

"Concentrating Heart Flame!"

The two types of flames, condensed at a single point. Not only did it not charge at the opponent, but it instead exploded in front of Mo Xiaolang's eyes, forming into a flaming vortex, blocking Mo Xiaolang behind it. The vortex of flame formed by the Nine Hell Devil Ancestral Fire and the Azure Sky Emperor Ancestral Flame, when extremely cold touched the heat, would instantly become an unimaginable tearing force when it rotated!

Swish swish!

The seven sinister sword beams rushed over, but they were all pulled away from his body by the vortex of flame power from the Ancestral Fire. They grazed past his body, but were unable to truly harm Mo Xiaolang.

In this way, he could be considered to have dodged the attack of the Seven Essence Sword Sovereign. However, the Seven Essence Sword Sovereign did not stop. When he struck out with the first sword strike, he turned into a streak of white light and disappeared in a flash.

In front of him, Mo Xiaolang had hidden himself within the boundless flames, and could not be seen clearly. Actually, he had already sensed that the presence of a Creation Divine Artifact had appeared right in the middle of this flame, and it was even a Hun Yuan grade Creation Divine Artifact!

"The God King is actually controlling the Hun Yuan grade Creation God Equipment, and also two of them!"

This surprised him considerably.

"Whiz!"

At this moment, a black ray of light suddenly tore through the flames, instantly arriving in front of him. It was an arrow, and this arrow was covered in black and white flames.

"Destiny Blade!"

The Seven Yuan Sword Sovereign was shocked, before the The divine arrow of the setting sun arrived, it had struck the tip of the arrow. Although the The divine arrow of the setting sun could not hit him, the flames were like a poisonous snake that dyed his body, instantly burning half of his arm black!

"What terrifying flames!"

The Seven Origin Sword Sovereign was even more shocked!

But this was only the beginning!

Mo Xiaolang's speed of using The divine arrow of the setting sun was even faster than Tian Yi's. In the blink of an eye, the The divine arrow of the setting sun had returned to his hands, he had enough strength to fill up the Shooting Sun God Bow and release it again. This time, it was even stronger than last time!

"Sobbing Sky Sword Spirit!"

He wanted to get close to Mo Xiaolang at any time, but the speed of Mo Xiaolang's attacks was simply too fast. He had set up a flame in the entire starry sky and if he were to move in the middle of the flames, it would be impossible for the Seven Elements Sword Sovereign to get close to him!

In the end, there were many wounds on the body of the Seven Origin Sword Sovereign.

"Enough, I admit defeat."

Before this, the Seven Origin Sword Sovereign would never have thought that he would admit defeat in such a miserable manner. Now that he saw himself in such a sorry state, he didn't know whether to laugh or cry. He was the one who took the initiative to provoke Long Chen and the others, but he didn't expect them to send one of their men to defeat him.

"Thanks for the win." Mo Xiaolang withdrew his Shooting Sun God Bow s.

"You sure are powerful." After the defeat, the Seven Essence Sword Sovereign became slightly more amiable. After all, he understood that with their abilities, if they had any other schemes, they could just directly make a move against him.

Furthermore, from their conversation, it was clear that Long Chen was the big brother, or maybe even stronger. The one who had caused the Seven Origin Sword Sovereign to feel threatened at first was Long Chen.

The Seven Origin Sword Sovereign was burned by the Ancestral Flames. When Mo Xiaolang got closer, he gathered the Ancestral Flames for him. Thus, his injuries began to heal on their own.

"It's okay. This is the Western Star Domain's star map, I'm willing to admit defeat. I'll leave it to you guys now. "

Long Chen took the star map, and carefully marked out the thousands of worlds within the Western Star Domain. With a rough glance, he saw that the entire Western Star Domain was divided into five parts, one of which was actually four times larger than the other four worlds.

The Seven Essence Sword Sovereign became familiar with them and said, "This is the Western Five Regions." Our Yiyuan Sword Sea is in this ' Wushan Divine Region '. In the Wushan Divine Region, there is a supreme deity, the renowned Goddess Wu Shan, who will control us. However, as you can clearly see, the Wu Mountain Divine Realm is the smallest of the five Western Regions. "Right, where did you all come from?"

Long Chen made something up and said, "From Northern Star Domain."

There are a total of eight realms in the north, and five of them make up the Star Alliance. Among them, the Heavenly God Realm was the strongest, and a world of primitive level existed within it. Although there are eight realms, their overall strength is not beyond the five realms of the west. As you can see,

the central region is nearly four times the size of the other four, and it has thousands of worlds within it.
"

Long Chen naturally saw this place as well.

After acquiring the star map, he had forgotten to thank the Seven Origin Sword Sovereign.

However, the Seven Origin Sword Sovereign kept his word and kept his promise. He said, "You seem to want to go to a lively place? The core here is the core of the entire Western Star Domain. Even though there is only one domain, it is already the size of your entire Star Alliance. His name was: Pangu's Domain.

Pangu Region.

One was equivalent to four.

Long Chen was quite surprised.

"The core of the Pangu Region is where the Western Star Domain has the most Rankers! There are four super worlds here! Three of them were in the 'Eternity' world, and the one in the middle was in the 'primitive level' world! The three world of Eternity revolved around a world of primitive level. To think that the eighth stage of the primitive level would require you to pass through three different world. "

In one domain, there were four worlds with Eternity s above, and there was another one with primitive level s!

After all, s, Heavenly Sacrifice Realm s, or even the Wu Shan Divine Realm, basically only had one Eternity world.

As for the primitive level Realm, in the entire Myriad Realms, he could probably count it with a finger.

The Seven Yuan Sword Sovereign pointed to the center of the star map and said, "These three Eternity Worlds that revolve around the primitive level World are known as the 'Triple Layered Heavens', which are 'Jade Clear Heaven', 'High Clear Sky', and 'Taiqing'. They are the three most recent Eternity Realms

within the Myriad Realms, and are even extremely similar. There are many experts within them, and any one of them would be stronger than the Goddess of Mount Wu. "

There was actually a standard in the star charts. These three levels existed as three clouds, and the three clouds intertwined with each other. In the center of them all, there seemed to be a continent.

In the end, the finger of the Seven Yuan Sword Sovereign landed on the central continent, and said, "This place is the Western Star Domain's' primitive level 'world. The highest level world! It is the place that all of us yearn for and where gods and devils gather the most. It is said that the Divine Emperor is everywhere and there are even many Hierarchs! "

"This world of primitive level, what is its name?"

Long Chen was very clear in his heart that there was still a huge difference between this world and the Refining Sun and the Demonic God Zhou Mountain. Although their levels were the same, one was heaven, and the other was hell. In this kind of primitive level world, the place where the strongest can be born, is the best place for cultivation!

The Seven Origin Sword Sovereign took a deep breath and said, "Within the Three Heavens, it is our sacred land, the Pangu Continent." It is said that he is on the same level as the 'Heavenly God Continent Pressure' in the north. We are used to calling him 'Ancient God of the Wilderness'.

Long Chen did not ask about the matters of the 'Ancient God of the Wilderness'.

If that was the case, the core of the Pangu Genesis Realm truly was a terrifying figure!

However, it seemed to be the perfect place to go.

Chapter 2908 - Taiqing Palace

Three Heavens.

Pangu Continent.

The core of Western Star Domain.

After taking the star map, Long Chen thanked the Seven Yuan Sword Sovereign.

"No need to thank me, you won this." I was just fulfilling my promise. However, since the two of you have gone to the Third Sky, you should be extra careful. After all, even though the two of them were strong, the number of Divine Emperor s in the Third Heaven were numerous, and the number of Divine Emperor s in the Pangu Continent might even surpass the total number of s in the Third Heaven. The more experts there are, the more dangerous it is for the two of you. "

This Seven Origin Sword Sovereign was a rather candid person.

"In that case, I won't keep the two of you."

Of course, Long Chen would not stay in the Yiyuan Sword Sea. After all, he had roamed the ocean for more than ten days, and did not discover anything like the Holy Tree when he was building it.

After bidding farewell to the Seven Yuan Sword Sovereign, Long Chen and Mo Xiaolang began their journey again.

Through the star map, Long Chen roughly saw the distribution in the world of the entire Western Star Domain. Of course, the star map had also marked a place that not even the Gods and Demons could go to. Those places were all temporarily empty, and this might be a direction that Long Chen would take a risk in the future.

However, what he wanted to go to now was still the Third Heaven and the Pangu Continent.

Especially in the primitive level world, Pangu Continent.

Long Chen had not even seen the true Eternity Realm before, so he naturally wanted to see how much of a difference there was between these super worlds.

"Originally there were the Immortal God Clan and Di Jun. I don't know when it will appear next to me, but I'm afraid that right now, I will be able to fight against the Divine Emperor with Perfection. I should still be a bit short of Di Jun, who is able to control the Everlasting Skystone, if I were to be able to

progress quickly in the Third Sky of Sky or the Pangu Continent, not only in terms of rules, but also in terms of realms. "

If he didn't take care of Di Jun, then his adventure in this Myriad Realm and his search for the treasure left behind by the Divine Dragon were simply running away! Of course he wasn't willing to be chased like this! Zhou Shan was the place where he dealt with the Immortal God Tribe.

He looked ahead, thinking to himself, "In the western core, I must obtain power that's comparable to Di Jun's!"

After all, Blood Devour was not that simple. A simple Blood Devour would affect Long Chen's mental state. After all, he was not of the Heaven-Devouring Clan. He was not as strong as Mo Xiaolang, who could even devour rules.

Blood Devour could only be used as a catalyst to allow Long Chen to quickly pass the barrier at the last moment of his breakthrough.

Another long journey!

However, this time, everyone was filled with confidence as they cultivated as well.

In the endless starry sky, for one year, for two years ...

Time slowly passed.

In the blink of an eye, another 10 years passed.

He never thought that amongst their group, the first person to become a real Divine Emperor would be Ling Xi.

In these ten years, she had comprehended two types of Heavenly Code Spiritualism, and just as Long Chen had expected, there were only six types of Spiritualism left today, thus she had entered the Taiyuan Deity Realm!

The absolute beginning, it was very close to the origin!

the first Taiyuan Deity Realm amongst them!

Everyone cheered.

Therefore, Long Chen was even more at ease with her. The most important thing was that through his Three Lives Love Silk, she had managed to become Long Chen, allowing Long Chen to use even more of his strength!

The Immortal Yuan Body had also been formed.

After becoming a Divine Emperor, Ling Xi's temperament had become even more elegant and ethereal.

After Ling Xi became a Divine Emperor, she had even more powerful sealing spells, so he did not need to worry about Mo Sang and the others discovering his secret.

However, at this time, after Li Xuanji had inherited the inherited blood essence of the 'Charm Dragon', it had gradually changed. The change in her own body had actually expelled the 'Nine Yin Mystical Moon'.

This kind of rule actually required Li Xuanji to have the ability to break it.

When the Nine Yin Mystical Moon disappeared, everyone was once again relieved!

"Everyone, the 3rd Heaven, may have arrived."

Long Chen suddenly laughed.

The long journey through space was rather boring.

All these years, there had been no news about Di Jun and Mo Sang.

Fortunately, they had finally reached the third heaven. Three world of Eternity!

Everyone became excited and went outside of the boat to watch. In front of the boat, there were actually several white clouds that were coiling around each other, similar to the ones depicted on the star charts.

"What a beautiful and pure cloud."

Everyone could not help but sigh.

The reason why they still looked so young was because the distance between them was still very far!

"This is indeed a world of Eternity!"

Although it was still very far away, that kind of world-class attack still existed. It was just like when Long Chen had just landed on the mountain where the gods and devils didn't rule, where the world was extremely stable and terrifying.

"Although these three Heavens are still very far away, they are already suppressing us. Among these three Heavens, there should be an uncountable number of Fiendgods. Even if it is a mortal spirit, it is basically in the state of tribulation of reincarnation, and can probably become a god or devil at any time!"

They continued to close in at high speeds!

The goal of going to the Third Heavenly Layer was very clear. Without resources and challenges, it was difficult to break through even if one reached the limit. However, these worlds were different. It meant a chance.

It also meant crisis.

Only when they truly drew near did they realize how enormous these three Heavens were.

The three world of Eternity intertwined, adding up.

In the endless sea of clouds.

If one were to look at the scope of this sea of clouds, it would be dozens of times larger than the scope of the sea of swords that he had seen previously. In each of the three Eternity worlds, there were at least tens of trillions, or even hundreds of trillions of lives! All the living trees in these three heavens, added together, were probably more than two hundred billion. This meant that the size of this territory was more than two hundred times that of the Dragon Sacrifice Continent!

More than two hundred Dragon Sacrifice Continent s turned into a sea of clouds and clashed together.

In fact, the Pangu Continent was still hidden within these three levels.

The sea of clouds churned and churned.

Surrounding the Triple Layered Heavens, as far as the eyes could see, within the endless starry skies, there were many other worlds that could be vaguely seen. However, all of them revered the Three Layered Heavens and the Pangu Continent.

When he got closer, there were no clouds in Long Chen's eyes, only an endless sea of clouds! As far as the eye could see, the world was white! The mortal spirit of this place lived above the sea of clouds!

In these three layers of days, the density of the nature's spirit energy exceeded Long Chen's imagination. Even if it was a normal person, under this kind of dense energy of the heaven and earth, they could achieve tribulation of reincarnation, or even become a god or devil. In this sort of world, becoming a Fiendgod was simply too easy!

The power of heaven and earth that had engulfed the entire three heavens was called the 'three-clearing zhenqi' by the people they represented. This third sky was also called the 'Heaven Realm' by the world of Western Star Domain. Normally, the strong ones in the Western Star Domain would head to the Heaven Realm and build their foundation there.

It was precisely because there were three worlds and more than two trillion living creatures. All of them were powerhouses, so there was no problem for them to live in this endless sea of clouds.

Of course, there were also mountains, rivers, lakes, and seas in the sea of clouds, but there weren't many of them. Most of the spirits lived in the sea of clouds, and they walked, cultivated, and even established their homes and built cities and palaces in the clouds.

The boundless Heaven Realm!

Long Chen withdrew his Slaughter Dragon Boat and descended into this world with Mo Xiaolang.

In a world of almost pure white, three-clearing zhenqi swept out.

"So beautiful!"

The girls from the God Kingdom couldn't help but come out and touch the clouds.

At this time, the Palace of Origin began to move.

As time goes on, it will probably directly form the balance between the power of the God Nation and this Eternity world. At that time, when the people of the Dragon Sacrifice Continent have the power of this Eternity world, it will be very easy for them to become even stronger!

"It shouldn't cause any changes in these three levels. After all, the size of the land in our Divine Kingdom isn't even as big as the Dragon Sacrifice Continent."

The Origin Dragon Palace was self-absorbed without Long Chen's control.

"I wonder which of the three heavens this is. Let's take a stroll here."

After arriving here, he wouldn't have to reveal his name and he would be able to participate in battles with ease.

Because this place was the core of the Western Star Domain, practically all of the Divine Spirit Realm beings had come here, and even settled here to establish their own power. Therefore, Long Chen's group was not special, and could only be considered stronger!

"This is the Taiqing of the three heavens. It should be the outermost layer of the three heavens. Of course, the three heavens were actually about the same. For the time being, we don't have to go into the central Pangu Continent at all. "

Along the way, Long Chen casually caught a god and learned quite a bit about the three heavens from him.

For example, the ruler of this ' Taiqing ', the Hierarch, was called ' Daozu Taiqing '. He established the 'Taiqing Palace' to rule the entire Taiqing, like a supreme emperor. Of course, under the Taiqing Palace, there were many other powers, but none of them could challenge the dignity of the Taiqing Palace.

The influence of the Taiqing Palace was spread throughout the entire Taiqing and could be seen everywhere. Of course, only those who have reached the realm of the Divine King would be qualified to enter the Taiqing Palace. Of course, only those who have reached the realm of the Divine King would be qualified to enter the Taiqing Palace.

Long Chen and the others traveled the entire journey.

"This Taiqing is too big!"

On the way, they met countless of creatures that lived in the sea of clouds. They called themselves the Heaven Clan, and as long as they were natives of Taiqing, they would have a kind of "Heaven's Mark" on their forehead. It was this mark that allowed them to distinguish their origins, so the Heaven Clan itself was extremely proud.

Any family here could find a god.

The enormous city even had Celestial Lords and Celestial Kings.

Chapter 2909 - Old Demon Tianxue

However, in these past few days, Long Chen had basically been at the outer perimeter of the Taiqing.

There were a large number of Rankers in the Taiqing, and most of them were in the center area. There were no obvious borders, but Long Chen knew that the more Rankers he met, the more he would meet.

"If you want to have better contact with this world, you must enter the whirlpool of this world. Ahead is the vortex of this world. "

After adjusting himself for a while, he and Mo Xiaolang broke through the layers of clouds and headed towards the most important region of the Taiqing. The legendary 'Taiqing Palace' was also located at this location.

Along the way, it was filled with crowds of people.

All sorts of battles were going on within the so-called Sky Race. They fought for power, fought for the Dao artifacts, and even created Divine Weapons. The resources here were extremely abundant, but the competition was even more intense.

And only with Long Chen's current realm could he be better placed to be above the rest of the world. The goal became more ambitious.

"Even so, we are still unable to escape the boundaries of humans. This is because they are fighting for us, and we are also fighting for them!"

"I just don't know what's going on in the world of primitive level, in the Pangu Continent."

"These three levels of sky are the most important places in the Western Star Domain, so we have to carefully search for them. Maybe there is a Unparalleled Dragon's inherited blood essence or a Dragon Soul of origin, or maybe it is kept by other gods, or maybe it exists in some secret realms."

Thus, the most important thing was to shoulder the missions given by the Dragon Attendants!

Breaking through the sea of clouds, he continued searching.

To be honest, it was hard to find what he wanted in such a big world.

and Mo Xiaolang had wandered around many places, but they had not found anything at the moment.

"I can't come in a hurry." Mo Xiaolang lamented.

In fact, he was more suited to be here because his growth was what he truly needed to devour.

The two of them were wandering within the sea of clouds, below them were the living beings. Right at this time, a fat toddler appeared in front of them, although he was young, he could move his legs and dance in the clouds, laughing merrily as he rolled towards Long Chen and Luo Hua City Mistress. This toddler was extremely happy, his face filled with smiles.

However, what made Long Chen speechless was that such a little guy actually had the realm of a Divine Lord.

As a result, if this child was placed in the Dragon Sacrifice Continent, he would be able to destroy a few of them.

The difference was so huge!

Long Chen gave way and did not pay much attention to them. However, when the child saw Long Chen and Long Chen, he actually ran over and curiously looked at them, and said with a sweet voice: "Brothers, where are you guys going?"

"Anywhere."

The child laughed and clapped as he said, "Alright, I was just walking around. Can I follow you? There are a lot of bad people chasing after me. They want to kill me!"

"Hmm?"

Long Chen was startled, such a little brat, happily came over and told him, someone wanted to kill him?

Was he joking with her?

He carefully sized up this child and discovered that there was a strange copper bell hanging from his neck. It seemed like a divine creation artifact, but it did not have the divine strength of Creation. Looking further in, the child was actually extremely mysterious, causing Long Chen to be unable to see through his small body.

"Big brother, I'm going to follow you guys!"

The child was rolling around beside them happily. Wherever Long Chen and Yue Yang went, he would follow them.

"It should be a playful little guy, we just don't care about him."

Long Chen and Long Chen continued to head in the direction of the Taiqing Palace.

Right at this moment, a crisis appeared behind him. Long Chen's first reaction was to let the child attack him, but he quickly realized that that was not the case, because the child was actually crying. He turned his head to look, and behind him, in the clouds, a spirit shrouded in black fog had suddenly appeared.

That black dagger was Hun Yuan's Creation Divine Weapon!

Divine Emperor!

This was the first Divine Emperor Long Chen had met since he came here. Although this person was shrouded in black fog and hiding his figure, it was possible to tell that it was a woman.

But she actually made a move on a little kid in front of Long Chen. Long Chen had to control everything, and when he saw that the little kid was going to die in Divine Emperor's hands, he did not use the God Slaying Sword, but used his finger instead and stabbed out with the Sword of Time, although its power was not as strong as the God Slaying Sword, but it was extremely quick, and instantly collided with the Divine Emperor's short blade!

Ding!

Divine Emperor and the short blade were both sent flying!

In the blink of an eye, Long Chen and Mo Xiaolang were right in front of the child.

"Who are you!?" He actually stopped me from killing a 'divine child'! Just two mere Celestial Kings want to snatch away this treasure? "

The woman screamed angrily. Judging from her strength, she should be around the same as the Seven Origin Sword Sovereign. However, Long Chen's speed was a lot faster than his. This time, he directly thrust three times with his finger, and three swords of time shot out!

Sou sou sou!

The Sword of Time's speed was terrifyingly fast and ferocious. After that woman's usage of the laws were broken, she was only able to block one of the sword strikes with her fastest speed. The other two swords directly pierced through her perfectly round thighs, causing two blood-red lights to appear!

"Scram." Otherwise, the next time will be your Heart of Rules. " The power of time condensed on Long Chen's finger.

His speed and ferocity had directly subdued the woman., under the pain, hurriedly retreated, and at the same time, said unwillingly: "You guys killed the divine child, but you won't be able to keep the treasure! My 'master' is about to arrive. Just you guys wait! "

With that, she vanished into the layers of clouds, escaping into the vast sea of clouds in the blink of an eye.

"He killed a 'divine child'? Whose child is this, and what does it have to do with treasures? "

Long Chen suspiciously turned his head around. When he looked around, he was shocked because the little fellow that was behind him and Mo Xiaolang a moment ago had actually disappeared.

The two of them looked at each other.

Mo Xiaolang said: "This child is very strange, if he is only the Divine Monarch's, then he would not have disappeared without a trace behind us."

Long Chen thought for a moment, then said: "It doesn't seem to be related to us too much, let's head over there. The appearance of the Divine Emperor here means that it is a rather core area of the Taiqing."

"Yes."

To the two of them, this was just an interlude.

"You killed a prodigy and obtained a treasure?"

Long Chen thought for a moment. Could it be that he would get what he wants after killing that child prodigy? Furthermore, that woman just now did not have a master. Her master, could it be Extreme Realm Divine Emperor? If he met someone like the Extreme Delight right away, his luck would really be terrible.

They walked on for another day.

The danger was close.

He stopped because there was someone chasing him behind him. From what he could vaguely sense, that person was not Extreme Realm Divine Emperor. As long as they weren't Extreme Realm Divine Emperor, Long Chen didn't have to worry about them for the time being.

There were a total of five Divine Emperor s that had broken through the clouds, and appeared before Long Chen!

"As expected of a world with Eternity, five Divine Emperor s appeared so casually."

Looking around, there were actually four Divine Emperor s carrying palanquins. One of them was sitting in the middle of a palanquin, chasing after Long Chen in this manner was honestly quite interesting.

One of them was dressed in a beautiful black skirt, it was inlaid with Chaos Treasures s, although her dress was beautiful, her face was filled with killing intent, and it was likely that she was the Divine Emperor that was chased away by her, the other three were dressed in red, orange and green cheongsam, their appearances and auras were different.

To have the four Divine Emperor s wait on him like this, the person inside the sedan chair was truly fortunate. The first person Long Chen saw was him, he was a man with long silver hair that reached his waist, his silver hair was extremely dazzling, he was extremely handsome, high up, and his pair of long

and narrow eyes were extremely cold. He wore a silver robe, and was lazily curled up in the sedan, slightly narrowing his eyes as he looked at Long Chen and Mo Xiaolang, but he did not pay attention.

"This one is not Extreme Realm Divine Emperor, but he is slightly stronger than the other four. He should be a The God Emperor of Perfection that's similar to the Dark Star Divine Emperor."

If it was in the past, this kind of expert was terrifying to him, it was just that after going through numerous transformations of the God and Demon Zhou Mountain, even if Great Monarch Donghua was standing in front of Long Chen right now, Long Chen had nothing to be afraid of.

"Master, they are the ones who killed the godly child! Seized that thing! You even injured me, so you have to avenge me! "

The girl in the black dress daintily said.

The man in the sedan chair barely opened his eyes as he looked at Long Chen, and said. Just these two little fellows, do you have the qualifications to make my 'Divine Emperor Tianxue' take action? You four can go play around together. "

This man was handsome and beautiful, but when he spoke, he gave off a demonic aura, causing others to feel nauseous.

In fact, Long Chen didn't know that this Divine Emperor Tianxi, his nickname was actually 'Old Demon Tianxue'. Don't just look at how young he is, he has cultivated for nearly a hundred million years, and is one of the experts that existed in the Taiqing long ago.

He loved beauties, and his four concubines were all Divine Emperor s. He was the most envied by everyone in the Taiqing, and normally, he would not even do anything.

"Yes, master!" The black dressed woman was trembling in anger, but she was Long Chen, so she also caught up to him and said: "Leave this one to me, you guys deal with the other three, this time I want to fight him in a fair and square battle!"

She still had the guts to challenge Long Chen alone.

"You wish! Master wants us to deal with him together, but you still want to show off in front of Master!"

"What did you say, you slut!" The last time was when I beat him to the point that he pissed his pants! "

"How dare you scold me! See if I kill you or not! "

Before these four women made their move, he had already started a ruckus. Behind them, when Old Demon Tianxue saw this scene, he couldn't help but have a headache. He coughed twice, then shouted, "Stop messing around, hurry up and get me the Death Realm's Blood Bead. This is something that everyone wants. "

Chapter 2910 - Death Realm Blood Bead

People at the level of the Old Demon Tianxue in the entire Taiqing should be considered to be aware of him. If it was placed in a 'Hun Yuan' level world, such as the Divine Sacrifice Great World or the Yiyuan Sword Sea, she would be the master of the world.

Since he was called an old demon, it was naturally because his style of action was not strict. He was devilish and had moody moods. He was in a hurry to get the Death Realm Blood Bead. The argument between these four concubines had slightly angered him.

"Death Realm Blood Bead?"

From what Old Demon Tianxue was saying, this Death Realm Blood Bead should be the so-called treasure that they could obtain just by killing that godly child.

Just as Old Demon Tianxue finished speaking, the four Initial stage Divine Emperor s charged towards Long Chen and Mo Xiaolang.

After all, the Divine Emperor s had already reached the Taiyuan Deity Realm and Mo Xiaolang was still only a Divine King. He could only deal with one at the most for the time being. Long Chen wanted to stop the three female Divine Emperor s.

"The other side still has a The God Emperor of Perfection, we have to take care of these four as soon as possible, otherwise we will be the ones at a disadvantage." Long Chen quickly said to Mo Xiaolang.

This was no joke.

To be honest, ever since he defeated Tian Shenwushuang the last time, he had not fought with the real The God Emperor of Perfection yet. Especially that old monster, Old Demon Tianxue, this should be his current limit!

It wasn't easy to meet an opponent, so of course he wouldn't be able to flee.

However, he could not afford to be careless.

Mo Xiaolang instantly retreated back as the dual set of Ancestral Flames surrounded him. Within the burning flames, he could faintly make out that he had taken out a Shooting Sun God Bow, a The divine arrow of the setting sun! The two quickly fused together, and Mo Xiaolang used an even better method to coordinate with it.

He attacked from afar, Long Chen in melee combat!

"Thief, don't even think of escaping!"

"You dare to steal Divine Emperor Tianxue's things, you're too audacious, quickly stop!"

At this time, Long Chen held onto the God Slaying Sword with both hands, the hundred thousand devil soldiers within the sword roared, his speed was fast and ferocious, he instantly appeared in front of the four Divine Emperor s, his sword swept out, and just the explosion of Hun Yuan's divine power had forced the four people back, preventing them from approaching Mo Xiaolang!

When the Old Demon Tianxi saw this sword, his eyes narrowed.

"A Hun Yuan grade Manifestation Divine Artifact?"

The four female Divine Emperor s were slightly shocked, and immediately continued to attack. Since Long Chen had stopped them by himself, they were obviously prepared to encircle and kill Long Chen!

Unless Long Chen reached the realm of The God Emperor of Perfection, it would be impossible to escape the encirclement of the four Initial stage Divine Emperor s.

All four of them had taken out Hun Yuan's Creation God Equipment!

Long Chen's surroundings was quickly surrounded with the power of several rules. The four Divine Emperor s charmingly rebuked, although he was beautiful, his attacks were extremely ruthless. The four rules were profound and cold, aimed straight for Long Chen's life.

Bang!

The The divine arrow of the setting sun s rushed out!

Twin Ancestral Flames twined around him.

This arrow was like a rainbow piercing through the sun, shooting towards the Divine Emperor s in red dress who were behind Mo Xiaolang. Swift and ruthless! It only took an instant to reach the Red Dress Divine Emperor. This arrow had retracted all of the laws from his body and she had already realized the great danger he was in.

"His attacks are so strong?" She turned around and faced Mo Xiaolang, the The divine arrow of the setting sun!

Long Chen actually laughed, his gaze passing through the three female Divine Emperor s in front of him, falling onto the body of the Heavenly Moon Divine Emperor. Suddenly, I saw with his hands that it instantly increased by several times, the laws of time exploded forth, not only upsetting the ocean of time, it also caused the speed of the four female Divine Emperor s to be greatly affected, and the God Slaying Sword in his hand also condensed the Time Sword!

Shua shua shua!

The three sword strikes were incomparably fierce and powerful as they struck out.

In the blink of an eye, Long Chen had charged out from their encirclement, and behind him, the bodies of the three Divine Emperor s facing him were covered with the scars of time and swords.

The other one was still struggling to support Mo Xiaolang's The divine arrow of the setting sun.

It could be said that the outcome of the battle was decided in an instant.

Pow!

Old Demon Tian Xi smashed the palanquin beneath him, standing up in the endless clouds, his pair of silver eyes staring straight at Long Chen.

"Come back."

Under his orders, although the four female Divine Emperor s were unwilling, they had no choice but to withdraw. However, the truth was that they were a little worried, as Long Chen was simply far more powerful than they had expected. That sword strike from before, Long Chen could even kill them!

It was just that he had lost face in front of his master ...

"Master, give us a chance, we will defeat them!"

"Watch obediently." Old Demon Tianxi knew clearly in his heart that the Initial stage Divine Emperor was still not Long Chen's match. As a Divine Emperor of the Perfection, he could naturally feel Long Chen's threat.

The two of them faced each other in the sea of clouds!

Facing the Initial stage Divine Emperor, his Sword of Time could simply be crushed, but this The God Emperor of Perfection was not so clear. Facing this old demon face to face, Long Chen, who had not been boiling for nearly twenty years, felt his blood boil once more. He wiped away a bit of the blood on his opponent's face and asked in a deep voice, "Are you going to fight?"

Old Demon Tianxue retreated his four concubines and suddenly laughed, "Ah, I remember who you are now. It's just that I'm more interested in you. In that case, let's decide who wins and who loses first. "

"Do you know who I am?"

Long Chen was secretly shocked. Could it be that his reputation had already spread to the three heavens and the Pangu Continent?

"That's not important. What's important is that the Death Realm's Blood Bead is mine. If you leave it to me, I can let go of the matter of you injuring my concubine. "

Old Demon Tianxi laughed sinisterly.

Long Chen and Mo Xiaolang looked at each other and said: "Then forget it. Now, I actually want to fight with you and see what kind of ability you have to make these four beautiful Divine Emperor s follow behind you wholeheartedly."

Those four Divine Emperor s originally hated Long Chen to the core, but now that Long Chen praised them like this, their anger dissipated by quite a bit.

"Humph!"

Old Demon Tianxi coldly snorted.

He was of the demon race.

Mo Xiaolang and the four Divine Emperor s had already retreated, leaving them the location of the battle. This was a relatively small number of living beings, when battle began, although the commotion was not small, it should not be too loud in this world of Eternity.

The first Divine Emperor to challenge Perfection!

Long Chen was full of confidence.

"Take one of my blows first." Old Demon Tianxue casually punched out with his fist, and the space in front of him shattered like never before. A silver fist imprint suddenly turned into a silver rhinoceros in front of Long Chen's eyes, charging straight towards him! The silver rhino had sharp horns, a thick body, and thick skin.

"This kind of collision is a type of rule?"

From Long Chen's perspective, the Silver Rhino was extremely violent and crazy. Everywhere it went, the continuous clouds would be turned into dust, forming a majestic tornado!

"Break!"

Long Chen held the God Slaying Sword with both hands. The combination of Hun Yuan's god power and Manifestation god power, in addition to Ling Xi's Divine Emperor's power, added to the three of them, in addition to the Causality Rules, the Power of Sky Execution!

The blade of the sword landed on the Silver Rhino's horn!

BOOM!

The silver rhinoceros exploded, and Long Chen retreated a few steps back. He dispelled the silver rhinoceros's power and said, "The so called The God Emperor of Perfection is only so-so."

Old Demon Tianxing spat out, "We're just testing if you have the qualifications to fight me. "Don't be in such a hurry."

Suddenly, the situation changed.

As expected of a Divine Emperor with Perfection!

In an instant, the clouds were about to burst apart. Right in front of Long Chen's eyes, the body of the Old Demon Tianxue rapidly transformed into a giant silver rhinoceros, similar to the previous one, but even more mighty and domineering. Its strength was even more tyrannical and its breathing alone could turn the clouds in the area as hard as land into dust.

Whoosh!

With a roar, not only did it send Mo Xiaolang flying, it also sent the four concubines behind her flying far away. In the vast domain, only Long Chen was left standing in front of the giant silver rhinoceros!

A large part of Taiqing's territory was shaken.

However, the living beings were used to it, because such battles often happened in the Taiqing, especially the Goblin Tribe. As long as they fought, the commotion would be extremely huge.

Old Demon Tianxue was a huge silver rhinoceros, named 'Tianzhi Rhino'. With a heavenly cultivation, he was proficient in trampling and collision. If he were to be trampled by him, the entire Taiqing would probably be destroyed by him. In the Taiqing, Old Demon Tianxue was a being whose name shocked the world. He was someone that most gods and devils would not dare to offend!

The commotion was so great that many of the nearby Fiendgods didn't dare to draw near.

"Who was it? He actually provoked old demon Tixi!"

"Yeah, if we anger this guy and make him run around, who knows how many other creatures will die or be injured."

"Hopefully nothing will happen to him!"

Long Chen had seen a lot of demon beasts, but only the giant silver rhinoceros was strong. If this was held in space, no matter how big it was, the giant silver rhino would definitely shatter it!

The two breaths he exhaled could shatter a large area of space. Such a tyrannical existence truly made many in the God Kingdom worried for Long Chen!

War!

The battle quickly erupted!

On the other hand, Long Chen was calm, his expression unchanging. His left hand held the Demon Suppressing Pagoda, while his right hand held the divine slaying sword.

"Silver Snow!"

Suddenly, silver snowflakes drifted in the air, just like Ling Xi's cyan snow.

But the difference was, the rules were completely different.

Wherever the snowflakes fell, the gravity would suddenly increase! This was a terrifying increase, every single point on Long Chen's body was acting upon an unimaginable force of gravity. It was as if there was something below that was even scarier than the mouth of a god or devil, and it was even trying to swallow Long Chen whole!

This was the law of gravity!

It was one of the rules of the Rhinoceros.

Under the Gravity Law, Long Chen's God Slaying Sword and Demon Suppressing Pagoda almost fell out of his hands, but right at this moment, without saying a word, Tian Qi Rhino dashed between heaven and earth, charging towards Long Chen with its most terrifying weight, its silver horn aimed straight in Long Chen's direction!

"Break the rules!"

This was the second rule of the Rhinoceros.

The rule set by Tianzhi Rhino was without a doubt simple and direct. First, it was the law of gravity that bound the opponent, then it rammed into him and shattered his body into pieces.

It seemed simple, but not many people could truly dodge it.
