### Chapter 291 - Prince Jadeite's manor

In the eyes of others, Long Chen was definitely dead this time.

This Lord Seventh Commander was famous for his decisiveness in killing. Last time, when a warrior of Milky Way Realm caused trouble at the city gate, she was killed by this Seventh Commander in a single move.

What Long Chen was doing now, was way too much compared to the previous person, so he was definitely going to die.

Seventh Commander looked at the scene and actually knew what was going on. At this time, he did not care about the superfluous words made by his subordinates, but walked to a spot five meters in front of Long Chen, expressionlessly, and sized him up.

From Seventh Commander's body, Long Chen felt a huge pressure. This pressure was basically no different from what Old Yan and the others gave him. So Long Chen knew that this Seventh Commander was definitely on the same level as the Old Yan, at least above fifth level of the Milky Way Realm.

"What do you have to say before you die?" In the end, the Seventh Commander said.

"My name is Long Chen, I am a fairyland godly guard recruited by the Ninth Prince in Source Spirit City. A few days ago, I rushed to the Biyang Royal City with his highness the Ninth Prince. Because of a special reason, I lost contact with the Ninth Prince, so I need to find his highness the Ninth Prince."

After bringing out the Ninth Prince, Long Chen believed that the other party would definitely not dare to do anything to him.

"Ninth Prince?" Hearing this name, Seventh Commander was a little stunned. A few days ago, he had already heard about the assassination attempt on the Ninth Prince near Biyang Royal City. The special reason Long Chen mentioned was because of the assassination of the Ninth Prince.

"How do I know you're telling the truth?" The Seventh Commander whispered. If what Long Chen said was true, then he seemed to be unable to do anything to Long Chen today.

The fairyland godly guard was a direct subordinate of the imperial family and was much more delicious than the Imperial Guard Army. If what Long Chen said was true, then he didn't dare to offend Long Chen either.

"I'll follow you into the city. You just need to send someone to notify the ninth prince and have him send someone over. You'll know when you see it." Long Chen said.

Seventh Commander looked at Long Chen for a while more, his heart feeling somewhat uncertain. He had originally wanted to directly get rid of Long Chen, but since Long Chen had already said so, he had no choice but to say: "Follow me into the city! As for the others, all of them return to their posts. Sun Qin, clean up this place! "

Everyone had their ears opened wide, listening to the conversation between Seventh Commander and Long Chen. They never thought that before they even spoke much, the commander had already arranged everything.

From his words, everyone could hear what he meant, that Long Chen had escaped this calamity!

"How is this possible?" The Guard was in an uproar. They had always been enemies together, to deal with them, but today their own brothers were killed and Long Chen could continue to be carefree. How could they endure this?

However, they did not dare to disobey the commander's order. They could only look at Long Chen with anger, wishing that they could eat him alive.

As for the spectators, they were even more shocked.

"I bet that this kid's background is not simple. To be able to cause the Guard in the Imperial City to be humiliated, he must at least be an influential figure in the Imperial City."

"Aren't you talking nonsense? This kid is already a Milky Way Realm warrior at such a young age. Although this kind of talent is a lot inferior to the young men of the imperial family, it's still enough for him to be compared with some of the disciples of the three great families. "

The discussions of others had nothing to do with Long Chen. Now, on one hand, he had already taught Ling Xi a lesson and wanted to kill the bearded officer, and on the other hand, he could rely on the Seventh Commander in front of him to let the ninth prince come and take him from him. This would save him a lot of trouble.

"You can stay here. The ninth prince's men will arrive here in around two hours. If I find out that you are lying, you will certainly die miserably." The Seventh Commander said coldly as he brought Long Chen to a courtyard.

Long Chen was too lazy to listen to his threats.

Only then did Seventh Commander go out.

In the center of the courtyard, Long Chen and Ling Xi chatted for a few days. During this time, Ling Xi's stomach was hungry, so she shared the Goldfish Island's delicious food that she had prepared with her.

He suddenly felt that such a peaceful life was truly not bad. No wonder when Li Xuanji had left, he was told to immediately find a place to live in seclusion with Ling Xi.

But in the end, this was not what Long Chen loved.

He was a restless person, and there were too many people. Right now, they were pressing down on his head, causing him to be unable to breathe. That was why he needed to step on all of these people. If these were all challenges, Long Chen was not afraid of them at all.

"Ling Qing, one day, I will bring Little Xi with me and appear in front of you." Long Chen secretly swore.

Two hours passed by very quickly and Long Chen had already stood up because he knew that someone had arrived.

At this time, the courtyard door was pushed open, and two people walked in. The one in the lead was a black clothed elder with crane hair, who was the Old Yan that followed the Ninth Prince. As for the other person, it was obviously Seventh Commander.

"Long Chen, I never thought that you would actually still be alive. It's been almost twenty days and you haven't even arrived in the Imperial City. Old Yan's words contained some surprise and also some blame.

"Sorry, Old Yan, I was delayed for a few days due to the matter of cultivation." Long Chen said.

Hearing the word cultivation, Old Yan looked at Long Chen and nodded: "However, you should have reached the Second Stage of the Milky Way Realm, right? Your progress is faster than most of the geniuses in the Royal Capital. Your majesty has high hopes for you, so don't disappoint him. Right now, he is waiting for you at Prince Jadeite's manor.

"Thank you, Old Yan." Long Chen cupped his hands.

"Lady Ling Xi is fine too, very good, very good, seeing you all, Your Highness will be very happy."

"I am truly sorry for making Your Highness worry. After we return, I will apologize to him." Long Chen said with a stern expression. However, he was thinking about what Old Yan had said just now. The fairyland godly guard was Long Chen, so Ling Xi had nothing to do with the Ninth Prince.

Long Chen was secretly vigilant in his heart.

"If I don't enter the tiger's den, how can I get the tiger's den? Even if it's Blade Mountain Flame Sea Guild, for the sake of the Nine Celestial Spirit Fruit, I still have to enter and challenge them." Long Chen secretly thought.

Seventh Commander saw the conversation between the Old Yan and Long Chen. At this point, he was completely sure that what Long Chen had said was true, and from his words, he could tell that the Ninth Prince seemed to hold Long Chen in high regard. To be honest, under the command of the Ninth Prince, Long Chen's Second Stage of the Milky Way Realm was not considered high at all, and was even a little low. That meant that Long Chen had conquered the Ninth Prince with his potential.

In the remote Source Spirit City, there was actually such a potential. This made the Seventh Commander somewhat shocked. He secretly noted down Long Chen.

Following the Old Yan, Long Chen got on a luxurious carriage, the carriage was carried by a Spirit Demon beast, the Spirit Demon beast was extremely fast, and more importantly, they were very smart, although they were walking on the streets, they would not cause any trouble.

"When Your Highness was fifteen years old, because of the exceptional results in both the written and martial examinations, he was directly conferred the title of Prince Yu by His Majesty, thus he did not live in the palace. Outside the palace, there was a mansion more imposing than the Imperial Jade Palace, called the Prince Jadeite's manor, and this was where His Highness usually took care of matters. His Highness was knowledgeable, knowledgeable, and short of experience. In addition to his considerable battle talent, his majesty had gained quite a bit of favor over the past two years. His popularity had also grown higher. If the Ninth Prince's reputation had not grown, why would the people from the Demonic Palace have stared at His Highness and make a move in front of the Imperial City?" Old Yan said with some pride.

"Old Yan, what was the result of the previous assassination attempt?" Long Chen remembered what Old Yan said and asked.

"That thief is called seventh level of the Milky Way Realm. Even in the Imperial City, such experts are extremely rare, so we were no match for his highness. We could only flee back to the Imperial City and let the great commanders of the Guards kill him." Old Yan said.

"Old Yan, what kind of power is this Demonic Palace? How dare she go against the imperial family?" Long Chen seized the opportunity to ask.

"Demonic Palace? This is the biggest enemy of the royalty, the one who has the most authority, the one who has the most authority, the one who has the most power in the entire Canyang Kingdom, with the most powerhouses amongst them, the only one that the royalty is afraid of, I have only heard that their headquarters is in the Diremonster Mountain, west of the imperial capital, where it is extremely dangerous and dangerous, where the royalty has sent experts to destroy it more than once, but they have always failed to return, it is not that the Demonic Palace is that powerful, it is just that they have an advantage in terms of terrain. " The Old Yan said solemnly.

As the Old Yan was a member of the imperial family, he had to protect the dignity of the imperial family when he speaks, so he would flatter and flatter the imperial family. Long Chen thought about it for a bit and roughly understood that the Demonic Palace definitely had the power to fight against the imperial family.

"In the future, when you meet people from the Demonic Palace, be careful. If you were to meet them, it would be no different from a sheep entering a tiger's den. " The Old Yan said indifferently.

Long Chen acknowledged it, nodded his head, and declined to comment.

"Isn't the Imperial City another wolf den for me? "One day, I will turn these wolves into bugs under my feet." "Long Chen clenched his fists and thought.

In the blink of an eye, they had already reached the Prince Jadeite's manor.

Long Chen raised his head, he was shocked, the Royal Family was indeed a Royal Family, the size and scope of the Prince Jadeite's manor was even greater than the Imperial Jade Palace s. Just the two huge stone lions by the door emitted a heavy and sharp aura, causing people to not dare to approach them lightly.

"This is a stone lion cast from the Milky Way Star Stone. If one doesn't get close to it with Divine Pill Realm, it's sharp enough to leak out easily, and it cuts all over the body, so I suggest you to protect Miss Ling Xi." The Old Yan explained.

Even the two stone lions by the door, could cause anyone below the Divine Pill Realm to halt their steps. The dignity of a royal family was just like that, right in front of Long Chen.

"Follow me in, His Highness is already waiting for you."

## Chapter 292 - Refined Flame

After entering the Prince Jadeite's manor, Long Chen finally saw the true grandeur of a noble in the imperial city. This building and its flowers were definitely not on the same level as the Source Spirit City.

The Old Yan had quite a high status in the Prince Jadeite's manor, so when the servants and guards saw that the Old Yan had brought in an unfamiliar young man, they all looked at Long Chen, and waited for him to leave before pointing his finger at him. Discussing Long Chen's appearance and so on, but did not care much, as Prince Jadeite's manor was visited by people every day, but there were not many that were personally led by Old Yan.

"His Highness is waiting for you in his study." The Old Yan was expressionless. After pointing in a direction, he led Long Chen over, and throughout the journey, he did not say much. Instead, he looked at Ling Xi a few more times with eyes that flashed with an unknown light.

After entering the Prince Jadeite's manor, Long Chen felt that the surrounding temperature seemed to be a little higher than the outside. There was a warm energy flowing in the air, and with this energy, the gloomy cold of spring seemed to have completely disappeared. Breathing in the air here, Long Chen felt his whole body go soft.

"What caused this? In such an environment, ordinary people can live for at least a few years." Long Chen meticulously sized up his surroundings.

She was quite knowledgeable, so she told Long Chen, "It should be a male treasure with the fire attribute. It has the effect of dispelling cold and darkness energy, and at the same time, cultivating around this treasure will have twice the results and results with half the effort."

"So that's how it is. I wonder if it will work for the wolf cub." Long Chen said in a low voice.

Seeing Long Chen looking around, Old Yan turned and asked: "Do you feel that there's something different around here?"

Long Chen nodded.

"Everyone who comes to Prince Jadeite's manor for the first time will feel this way. Wait a moment, you will be able to see what you want to see." Old Yan said with some pride.

"I wonder what it is?" Long Chen asked tentatively.

When His Highness had reached adulthood, the Sword Emperor had bestowed him ten Fire Essence Extract, which was a rare Earth Fire Essence. It could be found in the depths of the lava underground, and forget about ten of them, it would be hard to even find one. It can be seen that the Sword Emperor still views the Ninth Prince with a lot of importance. " Old Yan smiled faintly.

The Sword Emperor was the current emperor of the entire Canyang Kingdom. Because of his outstanding achievements in the way of the sword, he was honored as the Sword Emperor!

Long Chen knew that the reason why the royal family was so powerful, dominating the entire Canyang Kingdom, was because of their cultivation system.

In the Canyang Kingdom, there were a total of three types of mainstream warriors, the most common were normal warriors, and there were also the Beast Fighters. And the last type of Ranker, his name was — Soldier!

Regarding Soldier, Long Chen had only heard of him, but had never seen the real Soldier. Legend has it that in battles of the same level, the Beast Fighters was generally superior to ordinary warriors, but the Soldier was actually superior. If one did not include Long Chen who had inherited the dragon race's blood essence, the Soldier was usually the most powerful existence in theory.

Beast Fighters required talent, and Soldier required even more talent. It was the first soul in the dantian, which was divided into three spirits and seven spirits. When Soldier was born, an extra soul appeared in the dantian, which was also known as the first soul of the soldier.

A martial artist with a soldier spirit could integrate a soldier spirit into their own weapon. This way, the weapon would basically become a part of their body, allowing them to display an even more powerful combat strength. In fact, the Soldier possessed many other wonders, but the current Long Chen still did not know of them.

Some Soldier only use one weapon in their entire lives, but their weapons would become stronger as their master became stronger. If the host's strength reached a very high level, even an ordinary weapon would be able to become a real Divine Weapon.

In fact, many of the divine weapons were raised by the Soldier directly using his own spirit.

And from what Long Chen knew, the royal family of the Canyang Kingdom was a typical family of the Soldier. He was the most mainstream Sword Fighter among the Soldier. The emperor of the imperial family was directly addressed as the Sword Emperor.

"Ten Flame Refinement Essence, and nine of them were used by His Highness to forge a sword of high-rank earth class for him. This is His Highness' current sword, with this divine sword inlaid with nine Flame Refinement Essences, only then would His Highness be able to fight against an expert of the seventh level of the Milky Way Realm." Old Yan sighed with emotion.

From the Old Yan's words, Long Chen obtained some useful information. For example, the Ninth Prince Lin Cangtian had the Sixth Stage of the Milky Way Realm, and even the divine sword that had the high-rank earth class.

It had to be known that even if it was a green dragon halberd, it was only a Earth Stage Medium. With the strength of the Sixth Stage of the Milky Way Realm coupled with the high-rank earth class's divine sword, Long Chen could only be a errand boy for the Ninth Prince.

But so what?

Long Chen was fearless in his heart.

"Old Yan, do you mean that I will be able to see the last Flame Refinement Essence in a while?" Long Chen tried to test the waters.

"You can see it now if you look up." The Old Yan said indifferently.

Above the study, there was a place with the highest roof. When Long Chen saw this place, he felt that it was a little dazzling, and he subconsciously closed his eyes. However, he knew what he had seen.

It was almost as he imagined, it was a palm-sized pearl, releasing blazing rays of light, causing it to be difficult for people to look at it directly. Although Long Chen was unable to see the appearance of the Flame Essence clearly, he was confident that he would be able to recognize it the next time he meets it.

"Prince Jadeite's manor, with this Flame Refinement Essence embedded here, no evil spirits will invade, no ghosts will invade, and a strong Yang energy will surge." Prince Jadeite's manor, with this Flame Refinement Essence embedded here, no evil spirits will invade, and no ghosts will disturb. Old Yan said.

Long Chen listened to Old Yan and also saw the expression in the little wolf's eyes. He knew that this Fire Refinement Essence would definitely be similar to the eight claw fire horniness, giving the little wolf a huge benefit.

It was only then that Long Chen truly felt that the Sun Devouring Demonic Wolf was a heaven-defying existence. Along the way, he had found two suitable things for the Sun Devouring Demonic Wolf. Furthermore, they would meet even more in the future. If the Sun Devouring Demonic Wolf devours these things, its strength would advance at an even faster rate, and might even bring Long Chen many benefits.

"Little Wolf, don't move. It's not the time yet." Long Chen told the wolf cub in a low voice.

The Sun Devouring Demonic Wolf's body hid Mo Xiaolang's soul. When something happened, the wolf cub would know what to do.

This was temporarily not something that Long Chen was able to take away, so he could only stay there obediently.

"We've arrived at the study. "Let's go in." Old Yan said. He walked to the door and was about to knock when he heard the Ninth Prince shout: "Come in."

Old Yan did not speak anymore, but nodded his head and pushed open the door to the study room, bringing Long Chen and Ling Xi in. Xiao Lang ran around continuously with all four legs naturally, following Long Chen's footsteps.

After entering the study room, Long Chen realized that it was much bigger and more luxurious than he had imagined. Since it was called the study room, there were definitely a lot of books inside, but there were also the four treasures, pen, ink, paper, paper, etc.

At the same time, he drank tea and read a book at the same time. After Long Chen brought Ling Xi in, he waved his hands at the maids and they all nodded their heads in agreement. Then, he carefully left the place with the door even closing.

"Long Chen, and Lady Ling Xi, please sit." The Ninth Prince sat up from the deck chair, and looked at Long Chen before glancing at him again.

"Thank you, Your Highness." For the Nine Celestial Spirit Fruit in the Inverse Wonderland, for Ling Xi's complete recovery, even if the imperial city was an abyss of hell, Long Chen would still barge in, let alone the Ninth Prince's Prince Jadeite's manor.

Holding Ling Xi's hand, Long Chen sat in a seat at the side. Ling Xi was naturally powerful in the past, but now that she was powerless, she became more obedient. In the presence of outsiders, she normally would not say a word. However, her keen senses told her that there was someone watching her from the shadows.

"It's the ninth prince?" She puzzledly looked over, only to see that the Ninth Prince was chatting with Long Chen. He was looking at Long Chen, not her, Ling Xi.

Ling Xi thought that she was overthinking it.

"Long Chen, it's been a full seventeen days since we separated, and even though I went back to look for you, you're no longer where you were before. I've been asking around for news of you these past few days, and you've really made my search easier!" There was some dissatisfaction in the ninth prince's words.

"I'm sorry, I was worried that the people who intercepted me would cause trouble, so I hid first." Although he said that, Long Chen didn't have any intention to apologize. He had always been free to do as he pleased, so he was naturally unconvinced by the Ninth Prince's instructions. The reason he stayed here was purely for the Nine Celestial Spirit Fruit s.

"Tell me about your experiences these days." The ninth prince said indifferently.

Long Chen thought about it, but decided not to tell the Ninth Prince about the Goldfish Island. Honestly speaking, Long Chen did not really trust him.

"Because I felt that my breakthrough was near, I casually found a place to cultivate, and only came to the Biyang Royal City after I had reached the Second Stage of the Milky Way Realm." Long Chen said.

His mind was calm and steady, so even if he was lying, it was more or less true.

"From the Great Perfection of the Heavenly Core to the Second Stage of the Milky Way Realm, you actually took such a short time?" When he had initially decided to leave the Source Spirit City in three days, Long Chen had only used her Great Perfection of the Heavenly Core. He did not expect that in the blink of an eye, Long Chen's Second Stage of the Milky Way Realm would already be at his level.

This forced the Ninth Prince to re-evaluate Long Chen's potential.

## Chapter 293 - The Sirius Sect

"Your Highness, when will I enter the Inverse Wonderland?" After the Ninth Prince finished speaking, Long Chen went straight to the point.

"Actually, your luck is quite good. If you were to come back tomorrow, you might have to wait for a month. Today is the end of the month. Speaking of which, it is time for the other fairyland godly guards under my command to return to the Duke's Palace." The Ninth Prince laughed, and his eyes swept across Ling Xi's beautiful face, which flashed a trace of an unknown light.

Ling Xi quietly sat there, quietly looking at Long Chen without moving at all. From her eyes, the Ninth Prince could see the radiance of happiness.

Seeing Ling Xi looking at him, Long Chen smiled at her, then asked the Ninth Prince: "In other words, I will start to assume the role of fairyland godly guard tomorrow, and enter the Inverse Wonderland?"

"En, tomorrow is the beginning of the month, and next month is February. February is Shuangyue, and it is time for my subordinates to enter the Inverse Wonderland, tomorrow you will follow them, and I will arrange for people to send you to the Emperor Uncle to register." The ninth prince was originally looking at Ling Xi, but after he was interrupted by Long Chen, he hurriedly turned his head and replied.

Although time was tight, Long Chen did not think too much about it. The earlier he entered the Inverse Wonderland, the sooner he would be able to find the Nine Celestial Spirit Fruit and leave the Biyang Royal City. From then on, he was free and unfettered.

"Seems like Miss Ling Xi has deeply loved you, Long Chen. Unfortunately, you two have to separate for a month." The ninth prince's gaze once again returned to Ling Xi's body.

"Separate?" Long Chen stared blankly, before quickly accepting it.

The Inverse Wonderland was a treasure that belonged solely to the imperial family. Even Long Chen had to register his name in order to enter, so even Little Wolf would probably not be able to enter, let alone Ling Xi.

"Brother Chen?" Although Ling Xi was not surprised by the news, she was still a little flustered. Right now, her greatest reliance was on Long Chen, if Long Chen was not by her side, she would have lost all sense of security.

"Don't worry, it's not like we're leaving each other alive. Long Chen, during the time you entered the Inverse Wonderland, Miss Ling Xi would have to stay in my Prince Jadeite's manor, I can guarantee her safety!" The ninth prince said seriously.

Looking at the Ninth Prince, Long Chen did not speak immediately. From the Ninth Prince's eyes, Long Chen could not see any trace of bad intentions, but he had a bad premonition, this was definitely not wrong.

He believed that this Ninth Prince didn't have any good intentions towards him.

At this time, Ling Xi tightly held onto the corner of his clothes.

Long Chen had to make a choice. If he wanted to go to the Inverse Wonderland and find the Nine Celestial Spirit Fruit that would allow Ling Xi to reincarnate, he had to place Ling Xi here in the Prince Jadeite's manor. He didn't trust the Ninth Prince at all, so he was a little hesitant.

"Brother Chen, the wolf cub said that he will protect me." Ling Xi whispered into Long Chen's ear.

Long Chen knew clearly in his heart that if he were to go to Inverse Wonderland, he would definitely leave the Little Wolf here. To him, this was a gamble. Moreover, it was a gamble. If there was any problem with it, then he would be severely condemned. Thus, he had no choice but to consider many things.

Just then, a burst of laughter came from outside, helping Long Chen to recover.

The Ninth Prince asked Ling Xi to stay in the Prince Jadeite's manor, but Long Chen did not reply even after a long time, he did not seem to care at all. When laughter was heard from outside, he smiled lightly and said: "Long Chen, the other fairyland godly guards under me have come, and many of them are members of the Heavenly Wolf Gang who have sought refuge with me a few days ago. Their personalities are unfathomable, but they are straightforward people, and you will follow them from now on."

As soon as the ninth prince finished his words, a group of tall and big figures knocked on the door a few times. With the ninth prince's permission, they then entered the study room. Long Chen looked over and noticed that this group of big men were all between twenty to thirty years old. They had a huge similarity in that they were tall and sturdy, around two meters tall, and their muscles were shockingly muscular.

The most obvious thing was that they were all bald. They had shiny heads and their upper bodies were covered in blood-red wolf tattoos. They looked very ferocious and terrifying. Even though there was no more laughter, the smile on his face gave off a sinister feeling.

"Everyone, what are you laughing about?" The ninth prince smiled faintly, from the looks of it, his opponent seemed to be very tolerant.

"They are all talking about the young ladies of the Yi-Hong Yuan. Which one of them is strong enough to endure their all-night attack? Your Highness, let me tell you, the Courtesan Belle of the Yi-hong Courtyard is very strong." The one who followed up the ninth prince's words was an older bald man with a fierce-looking face and bloodshot eyes.

Long Chen could tell that this person should be the leader of this group of Heavenly Wolf Gang fairyland godly guards. His strength seemed to be the strongest as well.

When he talked about the Yi Hong Courtyard, he noticed that there were other people in the study. He originally wanted to say that Hua Kui was devastatingly beautiful, but after seeing Ling Xi, he swallowed his words back down his throat.

Because, compared to the shock he felt when he first saw Ling Xi, the Courtesan Belle of the Yi Hong Courtyard was no different from a pile of shit.

There were a total of seven big, bald men who were covered in blood, and after seeing Ling Xi's face, they all became dumbstruck and then heavily swallowed a mouthful of saliva.

Anyone who suddenly saw a fairy like girl appear in front of their eyes without any forewarning would have this kind of expression.

"Let me introduce to you, this is the fairyland godly guard that I have recruited in the Source Spirit City, Long Chen. This is Miss Ling Xi." The ninth prince seemed to be on good terms with these people, as he smiled and said.

The bald leader's gaze quickly flashed between the Ninth Prince and Ling Xi, and when he saw the Ninth Prince's faintly discernable smile, he immediately reacted and roared: "Scram, stop looking, I've blinded your dog eyes, such a pretty girl, is it even possible for you dog shit to look at her?"

Being scolded in such a way, the rest of the people were surprisingly not angry, their gazes sweeping past Ling Xi and landed on the newly-recognized comrade Long Chen.

Long Chen was also sizing them up.

He's not a fool.

"As expected, the Ninth Prince had set his eyes on our Ling Xi. This bald head is belittling others to let them know that Ling Xi is the Ninth Prince's target, and that they don't need to be toads that want to eat the flesh of a swan. All of you are smart people, but I'm not stupid. "

Long ago, when the Ninth Prince first saw Ling Xi, his gaze had been a little strange.

The Ninth Prince thought that he was above Long Chen in terms of status, so how could he be willing to follow a rare beauty like Long Chen?

The reason why he valued Long Chen at the start was indeed because of his potential, but when Ling Xi appeared, everything had changed.

After coming to an understanding on this point, Long Chen felt a bit of pressure in his heart. He hurriedly changed several thoughts and had already made a decision in his heart, he had already guessed the crux of the problem and was somewhat on guard. What he needed to do next was to solve this problem.

He pretended not to know the hidden meaning behind their words.

At this time, the people from the Heavenly Wolf Gang started to size up Long Chen. They were well aware of the relationship between Long Chen, Ling Xi and the Ninth Prince.

Especially when he saw that Long Chen's strength was at most at the first or second level of Milky Way Realm.

"All of you introduce yourselves, Long Chen will be joining your team from now on, you must teach him well, if you bring him down, I won't forgive you." The ninth prince laughed.

Thus, Long Chen knew that the person in the lead was called Yu Tao, and his strength was a terrifying fifth level of the Milky Way Realm. Other people also had the strength and Third Stage of the Milky Way Realm, and there was only one of them, and he was also a youth who was around the same as Long Chen.

Long Chen appeared to be very low key, he did not say much, and during their conversation, only when he was mentioned would he give a symbolic response.

The Ninth Prince had a surprisingly good relationship with them. At this time, they were chatting and laughing.

"Yu Tao, before we go to the Inverse Wonderland tomorrow, tell Long Chen about the rules of the Inverse Wonderland, and bring him to my royal uncle's place to register." The ninth prince warned again.

"Relax, I already remember everything clearly, I guarantee that I won't let any problems happen to this kid. However, his strength, in Inverse Wonderland, even in the elementary realm, seems to be in danger. Your Highness, are you sure you want him to enter the Inverse Wonderland?" A trace of contempt flashed across Yu Tao's eyes.

"That's why I'm asking you to be more careful." The ninth prince said.

Many of the dialogues were held between the two of them. As for the others, they ignored the existence of Long Chen. To them, Long Chen was just a tragedy that would happen in the future.

"Yi, this little wolf is not bad. It seems to be a demonic beast, and it doesn't seem to be weak at all?" At this time, the youngest youth in the group of bald heads said with Third Stage of the Milky Way Realm.

Although he was a young man, his body was twice as sturdy as Long Chen's.

"Of course not. This demon wolf is an Earth Stage Second Rank demon beast. As for what kind of breed it is, I don't know, but it should be a mutated one. " The ninth prince casually said.

"Really?" The young man cried out in joy and laughed: "Truly, breaking iron and finding shoes doesn't require much effort to obtain them. Big brother, third brother seems to already have reached the Great Perfection of the Heavenly Core, and is about to enter it soon? The Heavenly Wolf Gang is a good companion of the wolves. In the name of wolves, the most suitable beast spirit is wolves as well.

The big brother that this youth was talking about, was Yu Tao.

So the oldest and youngest in this team were actually brothers. No wonder they looked so similar.

"Long Chen, my third brother needs the beast spirit of an Earth Rank demon wolf very much. I wonder if you can cut him off?" Yu Tao said as he looked at Xiao Lang with his passionate eyes.

#### Chapter 294 - Gambling

Kill the wolf cub and give him to them? To Long Chen, this was equivalent to farting.

Honestly speaking, these guys' negligence and that stupid look in their eyes had already angered Long Chen. Long Chen knew that the best way to laugh at the end was to let them see, but before that, he didn't mind letting them see that he wasn't someone who could be easily messed with.

Facing Yu Tao's somewhat overbearing request, Long Chen's tone was a little cold: "That's impossible, the wolf cub accompanied me in life and death many times. He's my brother in life and death, how can I let him be your third brother's source beast soul?"

Long Chen's direct rejection made Yu Tao and even the Heavenly Wolf Gang feel embarrassed. In their eyes, Long Chen was just a pitiful bug, but now, this pitiful bug actually dared to call out to them. This was pure suicide.

Honestly speaking, before they pledged their allegiance to the Ninth Prince, they were all mounted gangsters who killed people without hesitation. However, recently, they had restrained themselves a lot due to taking into account the Ninth Prince's reputation, but this did not mean that they could be provoked by Long Chen!

"The beast soul is extremely important to my third brother. Long Chen, are you sure you don't want to give it to me?" Yu Tao said coldly.

If he did not have to worry about the Ninth Prince here, with his fifth level of the Milky Way Realm, he would have rushed over to give Long Chen a slap on the face.

"If I want this kid's life, will you give it to me?" Long Chen was not afraid of him at all, and his finger pointed towards the youth from Third Stage of the Milky Way Realm who spoke just now, who was also Yu Tao's second brother.

Long Chen's words also signified a piece of information. To him, Little Wolf was like a blood related brother, even more so than blood related brother!

"You're courting death!" You mean you want to have a fight with me? " The teenager was pointed at him with contempt, he sat up from his chair in anger, without saying a word, he was about to charge towards Long Chen.

"Yu Chong, sit down!" The ninth prince lightly said.

As the ninth prince spoke, he helplessly went back to his original place. Although he did not dare to move, the viciousness in his eyes towards Long Chen was becoming more and more intense.

"You two just met each other, how did you hurt your relationship over a small matter? Yu Tao, don't you want the beast spirit of an Earth Rank demon wolf? Forget about it at this point, no one is allowed to cause trouble for the other party. This will hurt their relationship, do you understand? You are all fairyland godly guards under my command. If you don't get along, then you will lose my, Lin Cangtian's, face! " The Ninth Prince's words became colder and harsher the further he went.

He became serious. Although the members of the Heavenly Wolf Gang were still angry, they did not dare to bring it up again.

They originally thought that Long Chen didn't have any status, but now it seems that he had some. However, when they saw Ling Xi's unhappy expression, they finally understood that the Ninth Prince was really angry at them for making Ling Xi unhappy.

The Ninth Prince is different from normal people like me. What he wants to obtain, is not only from people, but also from his heart. If we were to find trouble with Long Chen now, it would only make Miss Ling Xi dislike her highness. After thinking about it for a while, Yu Tao finally understood this point.

"Since that's the case, we brothers will take our leave first. We will bring Long Chen away tomorrow." With such a thing happening, Yu Tao was worried that his subordinates would cause more trouble, so he could only bring them along and leave.

Just as the Ninth Prince was about to nod his head, he suddenly heard Long Chen say: "Wait."

The members of the Heavenly Wolf Gang were stunned. They were about to get up from their chairs when they were signalled by the Ninth Prince and had no choice but to sit down.

"What do you want?" The ninth prince asked curiously.

"I've thought it through. Since we're going to fight together, then we're brothers, right? If you need it, I cannot be stingy, but I have been in love with Little Wolf for many years. It's not easy to part with him like this, and I can give it to you guys, but you have to agree to a condition of mine." Long Chen said with a smile that was not a smile.

"What condition?" Long Chen suddenly found it difficult to understand. The Long Chen just now, was as sharp as a hedgehog, how did he figure it out now?

"It's very simple. If he can defeat me, I will give this demon wolf to you with both hands." Long Chen's gaze was sharp, his fingers circled around it once, finally stopping on Yu Tao's second brother, Yu Chong's body.

Everyone was stunned before they could not help but start laughing. The one called Yu Chong laughed the most miserably.

"Brother, don't laugh anymore. Quickly, let the guests see what kind of extraordinary methods our Heavenly Wolf Gang has!" Yu Tao resisted his laughter and patted Yu Chong's shoulder.

"Yes, big brother, I will do my best to satisfy all of you." Yu Chong forcefully held back his laughter and said. What Long Chen said, was just too surprising. They originally thought that Long Chen was a thorn in the side and would be a little difficult to deal with. When Long Chen put forward his conditions, everyone realized that he was just a donkey who didn't know how high the sky was and how deep the earth was.

The strength of their Heavenly Wolf Gang members was strong to the point of almost being able to challenge someone beyond their cultivation. Yet Long Chen, a countryside bumpkin who had just reached the Second Stage of the Milky Way Realm, actually threatened to challenge him?

This was the biggest joke they had heard today. Even the mature Yu Tao was unable to hold back his laughter.

"Bastard, we are all warriors under His Highness's command, if you are lenient, it will end there. Don't hurt our relationship!" Yu Tao pretended to reprimand him harshly.

"Of course." Yu Chong finally stopped laughing and looked at Long Chen with interest. He was thinking, how on earth did Long Chen's donkey-like head grow out?

The Ninth Prince and the Old Yan behind looked at each other. The members of the Heavenly Wolf Gang laughed, but they did not.

With his understanding of Long Chen, he knew that Long Chen would definitely not be angry over him, and not know how high the sky was and how deep the earth was. The Ninth Prince knew about Long Chen's achievements. From entering the Source Spirit City as a nobody to killing the strongest warrior, Primordial Emperor, Long Chen was a legendary person.

The Ninth Prince did not believe that Long Chen had no other motive.

Sure enough, at this time, Long Chen continued: "Since it's a gambling match, I have already won the prize money, and you guys have also won the prize money, so let this match be fair. Logically speaking, you are all my elder brothers, so I presume you would not treat me unfairly, right? "

They felt that it was true, since they obviously did not think that Yu Chong would lose, Yu Tao then said indifferently: "Brat, what you said makes sense. Of course, our brothers will not treat you unfairly, what do you want? Tianhe Dan? An Earth-ranked Divine Weapon? Battle skill or elixir? As long as you say the words, we will find them for you! "

In their eyes, Long Chen probably did not even know what an Earth Ranked Technique was. That was why he dared to speak so brazenly.

Long Chen was not the least bit interested in their belongings. At this time, he turned his head towards the Ninth Prince and directly said: "I want the Flame Refinement Essence in this study. I don't know if Your Highness would like to part with it?"

His gaze flickered as he looked at the ninth prince.

He was the true reason why he kept the Heavenly Wolf Gang.

When Long Chen made his request, the members of the Heavenly Wolf Gang were stunned.

They never thought that Long Chen would suggest such a bet. This was something that belonged to the Ninth Prince, and had nothing to do with them. No matter how wild they were, they would not dare to use the Ninth Prince's things as the wager.

"That won't do, this is His Highness's item, Long Chen, say one more." Yu Tao said somewhat impatiently.

Long Chen did not reply, his gaze never leaving the Ninth Prince's body.

"Alright." After all, this is my territory, and you are all my elites. Since Long Chen wants this Flame Refinement Essence, then I will treat it as Yu Chong's wager and will also be your official witness. If Yu Tao wins, then Long Chen has to hand over this demon wolf to you; if Long Chen wins, then this Flame Refinement Essence will be yours.

Long Chen laughed.

He knew that the Ninth Prince would agree.

He had guessed that the Ninth Prince wanted to see him and Yu Chong's battle, and thus understood him more. That was why he directly opened his mouth, wanting to refine his own spirit. The ninth prince had indeed agreed.

"In that case, we must thank Your Highness!" Yu Tao nodded gratefully towards the Ninth Prince, then looked towards Yu Chong and said: "Second Brother, do you understand what we should do? If you let your highness lose something, I'll definitely cripple you! "

"Big brother, don't worry. Are you still worried about me?" Yu Chong was already rubbing his hands together, looking at Long Chen excitedly.

"Brother Chen!" Ling Xi was a little worried.

"Sit down and watch how I bully bad people." Long Chen stood up, lowered his head, and said while slapping Ling Xi's face. Then, with lightning speed, he kissed Ling Xi on her face that was as white as jade.

Being kissed like this in front of all these people, Ling Xi's face immediately flushed red. She lowered her head and wished she could find a hole to hide in.

Long Chen's actions caused a cold killing intent to flash across the Ninth Prince's eyes.

Seeing that, Yu Tao lowered his head and said one sentence in front of Yu Chong: "Your Highness is angry, be ruthless."

"Understood." Yu Chong rubbed his fists, using his scarlet tongue to lick his thick lips.

"Long Chen, follow me out of this study room." After Yu Chong finished speaking, he left first.

Outside the study was an empty area that was big enough for him to fight with Long Chen.

Following him, Long Chen walked out while leading Ling Xi, while the others followed behind him. With the Ninth Prince in the lead, they spectated the scene between Long Chen and Yu Chong.

All of this was witnessed by the wolf cub. He raised his head and looked at the fire essence from the rooftop, his eyes revealing a trace of gratitude and satisfaction.

He knew that in a short time, this would be his. Other than Ling Xi, no one knew Long Chen's strength and talent better than him.

"Third Stage of the Milky Way Realm?" Honestly speaking, Yu Chong was even more powerful than the Primordial Emperor, and was not that young either. His cultivation and age was roughly the same as Long Chen's, so he should be considered an extreme genius.

"Let's begin." Yu Chong said excitedly.

## Chapter 295 - The divine fire clone showing its might

Although he was confident, Long Chen did not dare to be careless. Long Chen was the absolute genius within the Source Spirit City. However, since he had come to the Biyang Royal City, his current level of Second Stage of the Milky Way Realm could only be considered average. Any random person from the Prince Jadeite's manor would be about the same as him.

In this battle, Long Chen was betting the life of the wolf cub, so he had to win. Of course, he only dared to boast because he was confident.

Amidst the anticipation in everyone's eyes, the battle officially began.

In the beginning, Yu Chong and Long Chen had both completed their transformation, and were facing opponents with realms higher than his. Furthermore, they had to win in the battle, so Long Chen did not dare to be careless at all, and immediately revealed his strongest side.

On the other hand, Yu Chong had completed the Beast Soul Transformation.

It could be seen that his Earth Stage demon beast was also a demon wolf. At this moment, his muscles were bulging and his height was bulging as well. His body had grown a sharp silver fur, and sharp blade-like claws pierced out from the tips of his fingers with a tinge of blood-red light.

Yu Chong's height had extended from both sides all the way to three meters, causing him to become a huge monster with his back bent. Looking at the little guy who had transformed behind him, Yu Chong's aura was much more majestic than Long Chen's.

"This is an earth-step, fourth-grade Silver Moon Demonic Wolf. Is this your earth-step beast spirit?" What kind of beast soul was this? How many grades? From the looks of it, could it be a lizard? " After Yu Chong finished speaking, he started laughing out loud. In his opinion, a country bumpkin was a country bumpkin, even if it was the Origin Beast Soul, it still could not be taken out.

Hearing Yu Chong's words, all the members of the Heavenly Wolf Gang started to laugh.

The Ninth Prince did not laugh because he was also very concerned about the problem of Long Chen's beast spirit.

He knew that Long Chen had been using the beast spirit since the beginning of his Dragon-Meridian Realm, but the strange thing was, the beast spirit seemed to still be strong. From the Ninth Prince's point of view, Long Chen was a little mysterious, and this was one of the reasons why Long Chen was so mysterious.

The battle was over quickly. It was like pulling apart rotten weeds.

This was Long Chen's goal.

"Be careful!" Long Chen said indifferently, his figure suddenly rushed out, his speed was akin to a phantom, and in an instant a tornado appeared. Yu Chong was initially mocking Long Chen, but when he saw his speed, a cold light flashed in his eyes.

In the process of charging, the green dragon halberd appeared in Long Chen's hands. Without saying a word, Long Chen waved the green dragon halberd and rushed towards Yu Chong crazily.

"Stealing women from His Highness, how reckless." Yu Chong licked his lips, and the beast spirit Qi on his body erupted, revealing a wolf tattoo on his body, followed by a burst of threatening Evil Qi!

With a stomp on the ground from his heels, he was like a cannonball, pressing down towards Long Chen, he threw out a claw attack!

The ground shook from his stomp!

"Go to hell! Tearing heaven and earth, tearing heaven and earth, tearing sky and earth! "

The light figure transformed into a ray of light that shot towards Long Chen. With just a glance, one could tell that it was not a simple battle skill, it was at least at the Earth Rank or above.

"Azure Dragon Battle Method, Dragon Battle Star Field!"

With just one move, all the halberd shadows suddenly collided with Yu Chong's claws, and they clashed again and again, causing sharp sounds of friction to ring out. Yu Chong's claws were tougher than Long Chen could ever imagine, and after clashing with the green dragon halberd multiple times, he was actually completely unharmed. It was just that the strength of the two was equal, and in the end, they were both able to send the other flying!

RUU...!

After continuously retreating over a dozen steps, the two of them finally came to a stop. Looking at how they were evenly matched, Long Chen should have retreated this far, which was within everyone's expectations, but Yu Chong was actually in such a sorry state, which made everyone from the Heavenly Wolf Gang suspicious. At this time, Yu Tao scolded: "Bastard, did you eat lunch? Or had he spent all his energy on a woman's belly last night? Why was he so weak? "If you lose face for your highness, I will skin you alive!"

Yu Chong felt very wronged in his heart, he had confirmed that he was using his full strength, but he was still unable to deal with Long Chen. Regarding this, he was also very suspicious, Long Chen was clearly using her Second Stage of the Milky Way Realm, how could he have the power of her Third Stage of the Milky Way Realm? Furthermore, in terms of pure power, his Third Stage of the Milky Way Realm was the most superior level, so how could Long Chen not want to be inferior to him?

"Damn it, I don't believe this!" I will kill you in one move, so that you won't get into too much trouble! "

Thinking about it, a cold light flashed across Yu Chong's eyes, his body became like an illusion, once again rushing towards Long Chen, and at this time, Long Chen had just recovered from his previous attack.

"Demon Wolf Secret Technique, Silver Moon Slash!"

In that moment, Yu Chong's entire body suddenly transformed into a gigantic blade light, rushing towards Long Chen. This blade light had a terrifying and sharp force, and faintly, there were countless

demon wolves' faces emerging from the blade light, causing the power of the blade light to become even stronger!

"Nine Revolving Fire Shield!"

This time, Long Chen did not choose to clash with him, but chose to use the Nine Revolving Fire Shield instead. Compared to the last time when he was fighting against the Primordial Emperor, it was much easier for Long Chen to use the Nine Revolving Fire Shield. He could only use the Sixth Cycle last time, and after training and pondering for a while, he was already able to use the complete Nine Revolving Fire Shield.

In the continent, there were many offensive and defensive skills, but not many defensive and offensive skills. Furthermore, every defensive and offensive skill was a fine product, and this was even more so for the Nine Revolving Fire Shield. It was a defensive and offensive skill of the Earth Stage Medium.

Amidst everyone's anticipating gaze, the silver moon beheader and the Nine Revolving Fire Shield clashed. The flame rotated and caused the wind to howl, and waves of Zhen Qi exploded out, scattering the smoke and dust in all directions.

"Time is up." Long Chen's eyes moved.

Although the pressure that came from the Nine Revolving Fire Shield was huge, it was fundamentally unable to break through the Nine Revolving Fire Shield. Long Chen was confident of this. However, with the Nine Revolving Fire Shield, it wasn't easy for Long Chen to injure Yu Chong, but that didn't mean that Long Chen didn't have any thoughts.

"I should try this move." After thinking about it, and feeling that Yu Chong suddenly wanted to crazily split the Nine Revolving Fire Shield, Long Chen laughed.

"divine fire clone, activate!" Right at this moment, a streak of flame suddenly ignited on his body. After that, in the next moment, the flame left his body and turned into a blazing fire clone.

Through a period of cultivation in the Goldfish Island, Long Chen finally condensed a fire seed and planted it in the acupoints on his body.

Once the divine fire clone came out, Yu Chong was the only one that could not be seen. Yu Tao and the rest simply did not know what divine fire clone were, so they were just a little suspicious. However, to the Ninth Prince, this was different. One must know that the amount of time Long Chen had obtained the Nine Revolving Fire Shield and the divine fire clone, was actually that small. One could see his talent.

It had to be known that even the Ninth Prince had only recently completed the first stage of her divine fire clones. If he wanted to use them in battle, he didn't know if it was possible.

"Your Highness?" Do you need me to just erase it? " Old Yan asked as he noticed the unusual reaction of the Ninth Prince.

"Nonsense, let's not talk about it for now and watch the fight!" The ninth prince said in a low voice.

"Big brother, what is this brat using? Why does it look like a battle skill? How could this country bumpkin have so many things? The offensive and defensive techniques of the Earth Stage Medium, as well as the divine weapons of the Earth Stage Medium! " The speaker was envious.

"He is now one of His Highness' men. Since His Highness has not spoken yet, we better not move about recklessly, remember this well." Yu Tao frowned, and looked at the center.

At this time, Long Chen's divine fire clone had already finished condensing. Without any hesitation, in the next second, the entire divine fire clone jumped into the Nine Revolving Fire Shield, and disappeared without a trace!

"divine fire clone possesses a fifth of its strength, and this is already stronger than First level of the Milky Way Realm. How can you withstand an attack that is taken by surprise?" Long Chen sneered in his heart.

Under the enormous pressure of the Silvermoon Slash, Long Chen began to retreat one step at a time!

"He was defeated?" Just as he was about to take advantage of the victory to give chase, right at this moment, from within the Nine Revolving Fire Shield that was just inches away, the shadow of a Flaming Person suddenly leaped out. Yu Chong did not even have the time to resist, his forehead was directly struck by a fist!

**BOOM!**

A burst of flames crazily swept across Yu Chong's body, quickly burning all of his wolf-shaped hair.

Yu Chong was sent flying back with a punch, but at the same time, Long Chen withdrew his Nine Revolving Fire Shield and rushed forward fiercely towards the injured Yu Chong. He slashed his halberd downwards at his abdomen, causing his entire body to fall to the ground!

BOOM!

It was only now that the flames on his body had been forcefully extinguished by him. However, the moment he could clearly see something, he felt a bit of coldness in his throat, and when he opened his eyes, it was actually Long Chen's green dragon halberd, who had already reached his throat.

"You've lost." Long Chen said indifferently.

Yu Chong looked at everything in disbelief, his eyes opened wide, but the stinging pain that still remained in his body told him that Long Chen was not lying, that he had lost.

"Impossible!" Yu Chong tried to struggle.

"If you move again, do you believe that I will chop off your head?" Long Chen looked at him playfully, and laughed.

Everyone could see this scene clearly. The mood of Yu Tao and the others were actually the same as Yu Chong's. They were at first in disbelief, then they got angry from embarrassment, and finally, they felt guilty and blamed for losing a Fire Essence of the Ninth Prince.

The Ninth Prince looked at Long Chen indifferently and put his hands behind his back. Only the Old Yan could see that the Ninth Prince's fists were tightly clenched.

When are you going to consummate your marriage with me?

In fact, to the Ninth Prince, this Fire Essence was superfluous. This was also the reason why he left it in the study room.

The reason for the killing intent in his heart, was not because he was about to lose his Flame Essence, but because Long Chen had given him a lot of pressure.

To him, Long Chen's growth was just too great. He was already a character that could be casually crushed by a nobody, and very quickly approached him.

Seeing Long Chen defeating Yu Chong, everyone's feelings were mixed. The people from the Heavenly Wolf Gang, who were mocking Long Chen a moment ago, had already been slapped in the face by Long Chen, as if they were invisible.

The burning sensation on their faces gradually ignited the anger in their hearts.

"Weak people and cowards will only suffer endless bullying and humiliation. If I did not take the risk to fight with this brat today, I might have been unable to lift my head in front of these people. secretly thought in his heart. He removed the Dragonsoul Transformation, put away the green dragon halberd, and no longer looked at his defeated general Yu Chong. Instead, he said to the Ninth Prince: "Your Highness, you are a notary.

"Yes, you defeated Yu Chong, so according to the agreement, this Fire Essence Qi should belong to you. Old Yan, go and get it." The ninth prince covered up his emotions and said with a faint smile.

Old Yan nodded, glanced at Long Chen, then scuttled to the roof. Under the guilty gazes of the members of the Heavenly Wolf Gang, he handed the Fire Essence Refinement Realm over to Long Chen.

The heat emitted from the Flame Refinement Essence was not low, and was extremely intense, causing Long Chen to immediately place it in his Qiankun bag. Otherwise, Ling Xi's eyes would have turned bad.

"Thank you, Your Highness. Also, when I go to Inverse Wonderland, Ling Xi and Little Wolf will be staying in there. " Long Chen suddenly said this after expressing his gratitude.

"Oh?" The Ninth Prince was already not going to agree to it. After all, Long Chen didn't have any true trust in him, so how could she hand over her closest person to him?

"Since that's the case, then fine, you don't have to worry, Miss Ling Xi is in my residence, I can guarantee her safety." The ninth prince laughed. His eyes revealed an unknown light.

At this time, when the people of the Heavenly Wolf Gang saw that they had nothing to do, they fiercely glared at Long Chen before leaving.

"It's already late, I'll send someone to arrange a place for you to stay." After the Sky Wolf Gang had left, the Ninth Prince arranged for Long Chen and Yue Yang to leave.

In the luxurious and warm room, Long Chen leaned against the wall and hugged Ling Xi.

"Xiao Xi, are you sure you want to be in this Prince Jadeite's manor?" Long Chen asked worriedly. Long Chen was well aware of the Ninth Prince's attitude. Leaving Ling Xi here was like sending a sheep into a tiger's den. The reason why he agreed to the ninth prince's request was purely because Ling Xi had hinted at him from the side.

"Brother Chen, do you have any confidence in me? It's just a small Sixth Stage of the Milky Way Realm, what can it do to me? Besides, wasn't there the wolf cub? Furthermore, even if I can't keep my life, I will give up my physical body and return to Ling Xi's sword. This mortal's body has many troublesome matters. Ling Xi said mischievously.

It was just that it was difficult to get hold of the Herba Euphorbiae and we could get close to each other for a while, so it would be a pity to lose it. " Long Chen finally understood what Ling Xi was thinking. However, he did not use an extreme method to directly kill Long Chen and forcefully take Ling Xi for herself. This meant that a person as arrogant as him, would not bother to do such a thing. What he wanted was Ling Xi's heart. Ling Xi's heart was already with Long Chen, how could he snatch it away?

Even if he was crazy in the end, Ling Xi would have just given up on his Herba Euphorbiae and returned to Ling Xi's sword, no one here could even touch Ling Xi's sword.

If we had known before that the Little Wolf and I would be staying in Goldfish Island, we wouldn't have come in. But now that he has set his eyes on us, with his ability, he can find us wherever he goes, we might as well just stay here and wait for you to bring back the good news. " Ling Xi was worried that Long Chen might face too much pressure in his heart, hence he carefully analyzed everything for him.

Their relationship had already reached an incomparably firm level from the time they arrived at White Poplar Town.

Hearing Ling Xi's words, Long Chen became absolutely clear in her heart. She was no longer worried about the things that she was worried about. No matter what, the ninth prince would never succeed, what was there to be afraid of?

As long as he got his hands on the Nine Celestial Spirit Fruit, he would be able to escape far away. When he was strong enough, if the Ninth Prince stopped him, he could stab him to death with his halberd.

"Ninth Prince, oh Ninth Prince, you allowed me to become the fairyland godly guard, and gave me the chance to go there. If you are truly a good person, I am willing to make friends with you, and I will repay you in the future. However, since you have set your eyes on my family's treasures, then I will be blamed for my viciousness." Long Chen had never been someone who could be easily bullied by others. The him of today, under someone else's protection, he endured it. However, if he was given a chance to rise in status, no matter what identity he had, Long Chen would definitely take revenge!

Ling Xi was the biggest taboo in Long Chen's heart. Other men, let alone having their hands on him, would only wish to kill him immediately, yet the Ninth Prince dared to do such a thing? This was really against Long Chen, and that was why Long Chen decided to sentence him to death in his heart.

"Xiao Xi, you and Little Wolf stay here obediently. I will quickly obtain the Nine Celestial Spirit Fruit and bring you two out of this place. Furthermore, with my cultivation speed, there might not be anyone who can stop me when the time comes." From the moment he had inherited the inherited blood essence, Long Chen had become extremely confident.

"Brother Chen, I know! You are so long-winded, just like an aunt! " Ling Xi grimaced.

"Damn you Ling Xi, you're the aunt, no, I have to turn you into an aunt?" Long Chen's mood became a lot more relaxed, and he laughed.

"How?" Ling Xi asked dumbly.

"Just watch!" Long Chen let out a strange laugh as he held her soft and tender body horizontally. With a whoosh, he moved to the bedside and then put Ling Xi down. He opened his arms wide and hugged Ling Xi.

"What are you doing?" Brother Chen, you're so heavy! " Feeling the warm aura from Long Chen's body, Ling Xi was a little flustered, her face completely red from embarrassment, and she immediately stretched out her hands in an attempt to push Long Chen away. However, with a mortal's strength, she simply could not make him move at all.

Ling Xi's body had the fragrance of a lotus, and for Long Chen, this was the source of the enticement. At this time, looking at the girl in her arms who looked both surprised and shy at the same time, with a faint mist covering her eyes, her blurry eyes, and her soft panting, all of these made Long Chen's blood boil.

"Ling Xi, can I ask you something?" Long Chen knew that Ling Xi was a person who had a very traditional mindset. He did not dare to do something that would leave a shadow on her, as the current her did not seem to understand anything.

"What is it?" As long as she was pressed down by Long Chen, and felt his warmth, Ling Xi would feel her entire body become hot and dry. His heart hung in the air. He couldn't go down if he didn't want to.

"When did you decide to get back to me?" Long Chen shamelessly asked.

Ling Xi had occasionally heard of round rooms, but it seemed that after round rooms, she would transform from a young girl into a woman. Ling Xi roughly knew what Long Chen was referring to.

"Bastard! Scoundrel, we'll talk about it when you're dead!" Long Chen's words completely frightened her, and he pushed her even more forcefully.

Sure enough, she still found it hard to accept ...

"I'm going to die now!" Long Chen laughed out loud. Just as he was about to scare Ling Xi, Xiao Lang actually walked in from outside at this moment. Long Chen was shocked, and quickly jumped off the bed and looked at Xiao Lang with an embarrassed look.

The wolf cub was frozen in place. His dark eyes were wide open as if he was scared witless. Then, he immediately turned around and ran out of the room with a "hu" sound.

"Brother Chen, get out!" When the little wolf saw this scene, Long Chen felt a little embarrassed, let alone Ling Xi. Seeing her a little angry, Long Chen hurriedly comforted her and ran out.

Although Ling Xi had become a little more mature, but it was still a little terrifying to be angry.

After finding the wolf cub outside, Long Chen pretended that nothing had happened and sized it up for a while. Then he asked, "You consumed the Flame Refinement Essence and reached Earth Stage level 4?"

The wolf cub nodded.

After receiving confirmation, Long Chen was a little dazed. Then, he sighed with emotion. No wonder the The Devil Emperor of the Burning Heaven praised the little wolf's Inherent skill. A Sun Devouring Demonic Wolf is a demonic beast. It was hard for ordinary demon beasts to advance, but when he advanced, he was even more terrifying than a human.

After sitting down on a limestone, Long Chen looked at the starry sky and said: "Tomorrow, I will be going into the Inverse Wonderland, and you will be staying by Ling Xi's side to protect her. Once I have obtained the Nine Celestial Spirit Fruit, we will find a place to cultivate. "What do you think?"

The wolf cub nodded with a grateful look in his eyes.

One must know, he had to face the imperial family, and Long Chen did not hesitate to say that she would help him take his revenge.

"We will cultivate the divine fire clone together, but I succeeded first, so I will tell you about my cultivation experience right now. If there's anything good in the future, we brothers will cultivate together. "

Even though the wolf cub's meridians were different from a human's, it was still a spiritual being born from the heaven and earth. The wolf cub was originally a human, so he might be able to succeed after some research.

During his conversation with the little wolf, Long Chen continued to condense his own kindling. To him, the most difficult thing for divine fire clone was to condense his first clone. Next, he only needed to repeat the process.

Accompanying Ling Xi for an entire night, on the second day, Long Chen set foot on the road of the Inverse Wonderland.

## Chapter 297 - South Central City

What should be said, Long Chen had already told Ling Xi and the little wolf. Early in the morning on the next day, Long Chen didn't ask Ling Xi and the little wolf to send him off and instead directly went outside the Prince Jadeite's manor. The others didn't even arrive when Long Chen stood in place for a while before the figures of the members of the Heavenly Wolf Gang appeared at the far end of the street.

"This brat, he actually wants us brothers to personally greet him? He sure has a big front, let's see if I'll show him some good side." One of the bald men said with a somewhat sinister look on his face.

"Don't be impulsive. If you want to make a move, then don't move in a place with no one in the fairyland. You don't have any face, but your highness does. Don't give your highness any trouble." Yu Tao said with slight anger.

When he was close to Long Chen, Yu Tao shouted at him, "Brat, follow me outside the city!"

"The Inverse Wonderland is outside the Imperial City?" From their words, Long Chen could guess this point. Thus, he followed behind the members of the Heavenly Wolf Gang.

They could not be bothered to pay attention to Long Chen, and naturally, Long Chen could not be bothered to pay attention to them either.

His indifferent attitude made Yu Chong, who was walking beside Yu Tao, have an even stronger murderous intent.

"Brother, you promised me that you would kill Long Chen in the Immortal Realm!" Yu Chong said in a low voice.

His plan is to first get along with Lady Ling Xi for a month to see how the situation is. Now that he has killed Long Chen, His Highness is worried that Lady Ling Xi will be able to guess the truth and thus harass him, so we had better endure it. We still have to wait for a month before we can kill Long Chen. Yu Tao said in a serious tone.

"I don't understand. Did His Highness bring Long Chen back from the Source Spirit City for Miss Ling Xi's sake? Why is he not in the Source Spirit City? Why did he directly kill Long Chen?" Yu Chong asked.

"In the beginning, His Highness regarded him highly because of his potential, but I guess, because of Miss Ling Xi, His Highness knew that it was impossible for Long Chen to give up his loyalty to him, and so he decided to give up on Long Chen."

"Why is it so troublesome? In my opinion, it's better to just get rid of Long Chen. You're just a woman, why can't you just take her for yourself?" Yu Chong said somewhat gloomily.

"Nonsense, as a prince, His Highness only has his own pride. How can you compare him to us? However, I think that if Lady Ling Xi is very resolute, her Highness will go crazy sooner or later and Long Chen will die sooner or later. Yu Tao said in a low and gloomy voice.

Yu Chong finally understood.

After exiting the Biyang Royal City, under Yu Tao's lead, Long Chen followed them towards the east. Along the way, the members of the Heavenly Wolf Gang gathered together and chatted loudly, completely ignoring Long Chen's existence. Long Chen could not be bothered to care about them, he was enjoying the peace and quiet.

After walking about twenty kilometers, they arrived at the lush green forest. Only then did Yu Tao walk to Long Chen's side, and condescendingly said: "We are about to reach the South Central City, and upon reaching the South Central City, I want to bring you to meet the legendary Lord Sword Demon. At that time, it's best if you don't say anything, and don't move about too much, or else if you die, don't blame me for not warning you."

"Didn't you wish for my death?" Long Chen laughed, and said indifferently.

"What do you mean?" Yu Tao said with a dark look in his eyes.

Long Chen shrugged and did not reply, he only focused on walking his own path.

"Brat, you should be cocky now. A mere countryside bumpkin dares to go against His Highness, you really do not know your place." At the back, Yu Tao sneered.

The South Central City that Yu Tao talked about was completely different from the Biyang Royal City. The South Central City was completely black and looked like a battle fortress.

In the entire South Central City, there was only a single ring-shaped city wall, but in the middle of the city wall, there were countless rooms that were densely packed. From afar, Long Chen could see that there were at least tens of thousands of troops inside the city wall.

"Don't underestimate these Anti-Central Army. Fifty thousand Anti-Central Army s, even if it were one hundred and fifty thousand Biyang Royal City s, are not their match. The minimum requirement to become a Anti-Central Army is to have Earth Core Stage! The Anti-Central Army's Five Great Leaders and the supreme Emperor Uncle Sword Demon, how could the seven great commanders of the Imperial Guard Army compare to them? " Vaguely, Long Chen heard the members of the Heavenly Wolf Gang discussing about this issue.

Within the imperial city, there were Guard s guarding it, and within the South Central City s, there were actually 50,000 Anti-Central Army s, and all of them were existences at the Earth Core Stage level or higher. There were even some of the Five Great Leaders, Sword Demons and other experts guarding the city, showing just how strict the imperial family's guards were against the Inverse Wonderland.

"It looks like it won't be easy to find the Nine Celestial Spirit Fruit in the Inverse Wonderland." Long Chen began to have these concerns in his heart.

Following Yu Tao, Long Chen began to enter the South Central City. Originally, Long Chen did not have the qualifications to enter the South Central City, but Yu Tao told the gatekeeper that Long Chen was the new fairyland godly guard recommended by the Ninth Prince, and only the gatekeeper agreed, but it required a small group of Anti-Central Army s to personally lead Long Chen to the place of the Sword Demon.

Confirm your identity and register.

This strict system made Long Chen feel a little cold.

From the South Central City, they could see the entire South Central City surrounding a huge lake. The lake was clear and transparent, like a calm mirror, and only when a person went in would there be faint ripples.

In the South Central City, all the armors were black, and even their heads were covered by heavy armor. Only fairyland godly guard wore all sorts of clothes.

Therefore, Long Chen was certain that these people were from fairyland godly guard. In other words, the entrance to Inverse Wonderland should be in this lake.

"This is the Moon Lake. The entrance to the Inverse Wonderland is right inside this lake. If you can become a fairyland godly guard and enter the Inverse Wonderland, I really envy you. " At this time, one of the black-armoured Anti-Central Army said to Long Chen.

He could tell that although the members of the Heavenly Wolf Gang had brought Long Chen here, they were not walking together with him. They were also not far away.

"How long have you been here?" It could be seen that this Anti-Central Army wearing black armor was a youth, and her age should be around the same as Long Chen.

"Three years. My dream since I was young was to become a fairyland godly guard, but because of my own aptitude, I'm still at the small success stage in Heavenly Core, so I can only become a Anti-Central Army. However, compared to you, I have a better place. That is, I am not in any danger. In this world, no one dares to attack or snatch South Central City s, but you, not only are there threats of Immortal Beast in the fairyland, you are also scheming to kill each other.

After saying that, the black-armored youth looked at the unfriendly gaze of the Heavenly Wolf Gang and continued, "I know this group of people. They used to be mounted bandits and had a lot of lives on their hands. However, after belonging to the ninth prince, he had restrained himself a lot, but it was difficult to change his nature!

"Thank you!" Regarding the youth's advice, Long Chen nodded his head. It could be seen that this black-armored youth was quite kind. Such a sincere person was rarely seen.

"It's my fault for talking too much." Heh heh, Lord Sword Demon's palace is almost here. In fact, I've been here for three years and haven't seen him with my own eyes. Yet, you said that you could see his true appearance the moment you arrived. "

Sword Demon? Long Chen had some impression of this person. Before the little wolf had become a Sun Devouring Demonic Wolf, Long Chen had asked him about his enemies. This Sword Demon's name was impressively among them, and it was one of the main culprits.

"Lord Sword Demon is the younger brother of the current Emperor of Sword Emperor. His cultivation has already reached the level of ninth level of the Milky Way Realm and he can be ranked in the top three in the entire Canyang Kingdom. These two people are the backbone of Canyang Kingdom, I have worshipped them since I was young! " The black-armored youth sighed emotionally.

After chatting with Long Chen for a while, they immediately changed the topic. The people from the Heavenly Wolf Gang simply did not tell Long Chen any rules of the Inverse Wonderland, so Long Chen could only gather some information from the black-armored youth.

After a while, the palace of the Sword Demons finally arrived.

In the legends, it was said that the expert known as the Sword Demon lived a very simple life.

In front of him was a simple black iron tower. It was a little old, but it was unable to hide its sharpness. The sharp aura made Long Chen's skin hurt.

"Just the place they are staying already has such sharp sword rays. This person is known as the Sword Demon, so I'm afraid that he's not too far off. An expert should be able to gain my respect. However, you are the enemy of Little Wolf. This is a completely different matter!"

After sending Long Chen here, the black-armored youth had no choice but to leave.

Today was the beginning of the month, and in a month's time, there were a lot of people joining the fairyland godly guard. At this time, there were already a lot of people waiting at the entrance.

"First, stay here. When everyone arrives, each of you will have to go through Lord Sword Demon's personal inspection!" In front of the Sword Demon's palace, Yu Tao did not dare to be too presumptuous as he warned Long Chen in a low voice.

Long Chen raised his head. In front of him was a sealed iron door.

"What a big show of authority."

After arriving at the South Central City, Long Chen finally truly felt what kind of power the Imperial Family truly had. This South Central City wasn't even a small part of the Imperial Family, but it was already this terrifying.

The thing that Long Chen lacked the most was patience. Time slowly passed, until he came here in the morning, and only in the afternoon did the iron gate open.

The door opened, and a gust of wind blew out. Long Chen, who was standing right in front, activated his Innate Qi to resist.

After the wind passed, Long Chen realized that his clothes had already been cut into many small holes by the wind.

This was just a natural gust of wind, because the expert in the sword had naturally formed it. When the door was opened, it naturally came out.

Long Chen was a little apprehensive.

"New fairyland godly guard, come in."

## Chapter 298 - Royal Sword Demons

Long Chen and the other eight new fairyland godly guards entered the tower. As for Yu Tao and the rest, they could only wait outside.

"It seems this Sword Demon is quite famous. None of these guys said a word." Long Chen walked along the pitch black path as he sized up the few people beside him. Two of them caught his attention. One of them was fully dressed in black armor, a typical Anti-Central Army outfit. Long Chen reckoned that this guy was originally a Anti-Central Army, and because of his outstanding performance, his strength increased quickly and he was broken into the fairyland godly guard.

The other one was a short, thin man. It was about the height of Long Chen's chest, its face was pale white, it had delicate features, and its looks could be considered average, but this brat had an arrogant

expression, with his nose to the sky, even in front of the Sword Demon, it was unable to hide his arrogant character.

"This fellow should be someone from the Japanese?" Previously, when he was outside, this brat was also very dazzling. There were several fairyland godly guards escorting him, and all of them were bowing and bowing to him.

Hearing the Goldfish Island's description, Long Chen felt a deep enmity towards the Japanese.

There was silence along the way, and they soon arrived at a large hall. The walls were pitch black, and huge torches were burning in the four corners, illuminating the dark hall. Right in front of the main hall, there was a seat at the center. Beside it were five seats scattered on both sides. At this time, the six seats were all full.

In Long Chen's mind, he couldn't help but think of the Sword Demon and the Five Great Leaders that the black-armored youth had mentioned earlier. These should be the six strongest Rankers in South Central City. Long Chen's gaze was first attracted to the figure at the very front. This was a warrior with a head full of white hair, but a face as young as a youth's, time had not left any scars on his face. Just by sitting there, Long Chen already felt a threatening aura rushing towards him, and being swept by his gaze, Long Chen felt a sharp pain in his skin.

This should be the Sword Demon.

The Sword Demons were probably around forty years old. However, it was extremely rare for him to be able to maintain his youthful appearance. From this, it could be seen that this Sword Demon was definitely extraordinary.

Below the Sword Demon, sat five middle-aged men of different appearances. The feeling they gave Long Chen was obviously inferior to that of the Sword Demon, but compared to Long Chen, it was still much stronger.

"Sit down."

The white-haired youth in the center, Sword Demon, said two words softly. Long Chen instantly felt a formless energy bound his body and pressed him onto a seat not far away. There were a total of nine people, and each of them had their own spot. Long Chen took a glance and realized that he was seated at the very back. Beside him, was the black armored warrior.

"Song Yuefeng, come up."

Swordfiend scanned the surroundings, his gaze fixed on the short man. Before the short man entered the iron tower, his face was filled with arrogance, but after entering, he was completely suppressed by Swordfiend. Right now, he could only lower his head and obey Swordfiend's orders.

"Yes."

The short man named Song Yuefeng stood up and walked shakily towards the Sword Demon. Because of his fear, her face appeared somewhat pale.

At this time, under the Sword Demons, a fat middle-aged man hurriedly smiled and said to the Sword Demons, "Sir, this is my son Song Yuefeng. He is sixteen years old today and his fifth level of the Milky Way Realm is already at the peak."

"Your son?" The Sword Demon sized Song Yuefeng up from head to toe, nodded, and said: "She is sixteen years old, by the time we reach fifth level of the Milky Way Realm, he is already around the same age as the disciples of the imperial family. That's right, since she is your son, then there is no need to check.

"Yes." "Thank you, my lord!" Finally able to avoid the pressure of this terrifying Sword Demon, Song Yuefeng hurriedly bowed and bowed, then happily returned to a distance.

Long Chen watched the scene indifferently.

was surprised to see that one of the big five was from the Japanese. After all, the Da He Family was one of the three great families in Biyang Royal City. As one of the three great families, it was not surprising that they could occupy a position here.

By now, someone else had already gone up to receive the Sword Demon's inspection. Sworddevil only used his palm to walk around his body once, to touch the place that had the Star Vein, and then it would be fine.

"Bro, do you know what he's testing?" At this time, the black-armored warrior at the side suddenly spoke to Long Chen.

"Since his hand has reached the Star Vein, he must be checking the nature of his zhenqi. We're all here to recommend it, so there's basically no problem. " Long Chen thought about it and said.

Only now did he start to size up the black-armoured warrior. Because of the relationship with the black-armoured youth from before, Long Chen also felt some warmth towards the black-armoured warrior. Moreover, this black armored warrior's eyes were firm and pure. He didn't look like the kind of person that Song Yuefeng couldn't get along with. What Long Chen lacked the most right now were friends, so he would not let anyone who could be his friend go.

"What's your name?" Right now, it was not their turn. Long Chen turned his head and asked.

"Zhang Yuanteng. "What about you?"

"My name is Long Chen. You should be from the Anti-Central Army, right? " Long Chen asked.

"Indeed, because my aptitude was not good in the past, and I recently made some progress in writing, reaching the Second Stage of the Milky Way Realm, and because I have some understanding of the Inverse Wonderland, I broke through and became a fairyland godly guard." The black armored warrior Zhang Yuanteng sighed.

"You understand Inverse Wonderland very well? I came here with the Ninth Prince from the Source Spirit City, everything here is foreign to me, since you know a lot, then tell me about it. " Long Chen laughed and said softly.

"Follow the Ninth Prince? To be able to receive the recognition of the royal family, it seems that your talent is truly not bad. "The person who goes out is my friend. I feel honored to be of service to you, haha." Although Zhang Yuanteng had not spoken before, the moment he had opened his mouth, it was clear that he was an outspoken and straightforward person.

Long Chen started chatting with him, asking information about the Inverse Wonderland from him. Finally, they talked about the five giants.

"The five Great Leaders, their strengths are all eighth level of the Milky Way Realm. Amongst them, the two on the left are members of the imperial family, and the three on the right are members of the imperial family. Zhang Yuanteng said in a low voice.

Because Sword Demon and the others were at the end of the hall, they didn't dare to speak too loudly.

It was quickly Zhang Yuanteng's turn. Since Zhang Yuanteng started from Anti-Central Army, there naturally wouldn't be any problems, so he quickly came down and switched Long Chen with him.

In this dark and deep hall, under the gaze of a ninth level of the Milky Way Realm and five eighth level of the Milky Way Realm, Long Chen stepped onto the shiny black floor, arrived in front of the Sword Demon's body, and then stopped in his tracks.

Different from Song Yuefeng's expression, although the person standing in front of him was an extreme expert, Long Chen was not the least bit afraid. This was because there were many things in this world that caused him to feel fear and awe, but they were definitely not from the ninth level of the Milky Way Realm expert in front of him.

The Sword Demon took note of Long Chen's eyes, and then, without saying a word, he extended his hand, rolled it around Long Chen's chest and abdomen. Long Chen felt a wave of heat rise from his hand, and then sweep into Long Chen's body.

"You are Long Chen, the one Xiao Jiu recommended?" Looking at Long Chen, the Sword Demon was somewhat puzzled. He was indeed persisting with the nature of his Innate Qi to see if Long Chen's Innate Qi was Demon Qi. He was not a disciple of the Demonic Palace, but he did not find any Demon Qi in Long Chen's Innate Qi, but Long Chen's Innate Qi was currently four times stronger than others. Thus, the feeling he gave the Sword Demon was different from others.

"Yes, Lord Sword Demon." What's the matter? " Long Chen nodded.

"It's fine. Go down." Sword Demon shook his head. He just felt that something was off.

Long Chen then went down.

The Sword Qi in his body seemed to be able to penetrate through every orifice, entering Long Chen's body. Merely coming close to it, was already enough to make Long Chen feel uncomfortable.

At this time, the Sword Demon had not finished announcing the completion of the examination, but instead, he directly walked in front of Dragon City's group and said: "There is no problem with your origins, but what the Inverse Wonderland needs is battle power, battle power and cultivation level is not completely the same. Right now, I need to check your battle strength, First level of the Milky Way Realm is the lowest standard for the fairyland godly guard, but, even if it's Second Stage of the Milky Way Realm and strength is lacking, you guys have to get the hell out of here."

He swept his eyes over the nine people. Those cold eyes made everyone lower their heads, not daring to look at him.

"The rules are simple. If I don't make a move, you guys use your strongest moves to attack me. Whoever's attack isn't strong enough and whoever doesn't have fighting experience will be recognized by me with a single glance. So, stand up!" Since he was known as the Sword Demon, he must have had a unique and crazy personality. The Sword Demon from just now was still indifferent, but the current him had an ice-cold voice. His entire body was like a sharp unsheathed sword, emitting a suffocating sharpness.

Among the group, Long Chen was the first one to stand up. The degree of resolution in his heart surpassed that of others, especially since this Sword Demon had enmity with the Little Wolf. Long Chen was not afraid of him, so he was not afraid of him. As for the others, even Song Yuefeng's legs were trembling when he stood up.

The Sword Demon shook the ground and instantly turned the luxurious chair into dust. The main hall seemed to have become empty all of a sudden.

"fairyland godly guard, not only do you need to focus on battle, you also need to focus on cooperation. From now on, the nine of you will form a group and attack me with all your might! Whoever is not crazy enough, whoever doesn't know how to cooperate, get the hell out of here! "

The nine of them looked at each other in dismay. In order to not get out of here, they jumped over the wall like anxious dogs.

## Chapter 299 - Manchukuo

After the Sword Demon finished speaking, everyone no longer cared about their status. With the Sword Demon's strength, it was simply impossible to injure them, so they could freely use their power.

"Hey!" His father was even watching his performance from the side. Thinking back to what his father had told him before, Song Yuefeng knew that this time, he must perform the best, the best, the best, it would be best if he could get the praise of the Lord Sword Demon, and that would be the best.

Therefore, although he looked delicate and pretty, he was the most crazed out of all the factors that led to his brutality. Holding onto a dagger, Song Yuefeng rushed forward towards the Sword Demon at the fastest speed possible!

Indeed, under the huge pressure, everyone could afford to act crazily, but the place was in a mess and there was no teamwork at all. Only Long Chen and Zhang Yuanteng walked forward shoulder to shoulder, looking at each other, preparing to take care of each other.

"Secret technique, Whirlpool Thrust!"

Rushing to the very front, Song Yuefeng's eyes flashed with a cold light, the True Qi in his body erupted, the dagger in her hand spun, and in that moment, his entire body seemed to have turned into a ball, in the middle of the whirlpool, blade radiance continued to flash, and she pounced towards the Sword Demon!

Seeing such an attack, Long Chen was secretly shocked. This move was definitely a Earth Stage Medium offensive skill, coupled with the lethality of Song Yuefeng's fifth level of the Milky Way Realm, Long Chen guessed that it would be hard for him to block this attack, even if he were to use the full power of the Nine Revolving Fire Shield.

From this, it could be seen that within the Imperial City, there were truly an innumerable amount of true geniuses.

"Then how will the Sword Demons break this technique?" Long Chen's eyes were staring straight ahead, Song Yuefeng's whirlpool wheel blade was about to hit the Sword Demon's body, the Sword Demon's expression was calm, but just as he was about to be injured, he slowly extended his hand out. He looked slow, but was actually extremely fast, his hand did not even use his true qi, and directly stabbed into the sword demon's wheel blade!

"How is this possible?" Long Chen was shocked, because he saw that attack, which he could not even defend himself against, was actually broken so easily by the Sword Demon. He extended his hand into the whirlpool, and with a flip of his hand, he grabbed Song Yuefeng's wrist, and with another shake, threw him out.

"So powerful!" Seeing this, Long Chen's eyes became gloomy.

Even Song Yuefeng was directly thrown out, while the others were in an even worse state. One attack after another, they were all thrown out before they could even approach the Sword Demon. Sword Demon frowned from the start to the end. It seemed that there was no one who could satisfy him. Even Song Yuefeng couldn't do it.

After being thrown out, Song Yuefeng became anxious, she immediately crawled up, and once again rushed towards Sword Demon. His previous performance was not too strange, so, he had to perform outstandingly, in order to obtain the appreciation of the expert in front of him.

And at this time, basically six out of the nine people had already been thrown out. While Long Chen was rushing forward, he had already taken out the green dragon halberd s.

"Brother Long Chen, I will cover you and you will attack me?" At the critical moment of his charge, Zhang Yuanteng suddenly said.

"Done!" Long Chen decisively agreed and took a step back. They all knew that since this Sword Demon wanted to cooperate, they would cooperate with him. With at least two people working together, they would be better off than the others who would be thrown out.

Zhang Yuanteng took a step forward, blocking behind Long Chen, at the same time, he pulled back from his original position, unleashed a punch, releasing a black fist imprint, which rushed towards the Sword Demon, Long Chen followed closely behind, and just as Zhang Yuanteng punched out, Long Chen's green dragon halberd passed through his side!

"Azure Dragon Battle Method, Soaring Dragon Nine Heavens!" Soon after, Zhang Yuanteng, Soaring Dragon Nine Heavens rose up from a corner that was hard for the Sword Demons to see, and started attacking from bottom to top!

Although this was the first time they had met, their teamwork was still considered to be well coordinated. At the very least, after the Sword Demon blocked Zhang Yuanteng's punch and threw him out, it was already too late to resist against Long Chen's Soaring Dragon Nine Heavens. A look of praise flashed across his face.

"That's right." He suddenly turned around and activated his movement technique. The Sword Demon dodged Long Chen's Soaring Dragon Nine Heavens, and at the same time, used his hand to grab towards Long Chen at a lightning fast speed! Long Chen's attack may have allowed him to dodge, but the Sword Demon did not allow him to escape from the fate of being thrown out.

"You want to throw me?" Long Chen laughed inwardly. As he withdrew the Soaring Dragon Nine Heavens, he retreated at a high speed, at the same time, his body suddenly ignited with scarlet flames. A shadow of a Flaming Person suddenly rushed out from his body, striking the Sword Demon, perfectly blocking the Sword Demon's path!

"divine fire clone!"

Bang!

The divine fire clone suddenly exploded. This was the power of one move from the Sword Demon.

However, before the divine fire clone exploded, Long Chen had already successfully escaped. After rolling a few rounds on the ground, he had already escaped from the attack range of the Sword Demon, and raising his head to look, this man known as the Sword Demon, was not even prepared to attack. Instead, he looked at Long Chen with praise: "Boy, it has been over a year since you last threw me out.

The two consecutive sounds were not bad. This was almost his highest evaluation.

"This guy is really strong, it's that simple. I made me lose a kindling of true fire, I need to spend half a day to condense a kindling of true fire," Long Chen was a little depressed in his heart, towards the praise of his Sword Demon, Long Chen did not care at all.

He did not know the meaning behind it, but everyone else knew that currently, the five big heads were all looking at Long Chen, the unassuming character, and all of them thought highly of him, but what they did not expect was that even though Song Yuefeng had acted normally, Long Chen had surprisingly avoided the Sword Demon's attacks, and even received his praise.

Sword Demon stopped moving, which meant that this test was already over. Long Chen was in the limelight. He didn't think that it would be a big deal, but there was one young man who had already set his sights on him.

Song Yuefeng had already made up her mind to show off in front of the Sword Demon, to attract his attention, and to get his praise. However, all of these things were given to Long Chen, this unknown little character. Song Yuefeng looked at Long Chen viciously and secretly noted down his outer appearance.

"Ba Ga, if I catch you in the fairyland, I will definitely kill you. With merely the strength of your Second Stage of the Milky Way Realm, you actually dare to show off in front of my eyes! "

At this time, everyone was obediently waiting in front of the Sword Demon. Zhang Yuanteng touched Long Chen's arm and laughed: "Your performance just now was not bad."

"Actually, I relied on you to cover for me." Long Chen said honestly.

"This is a small matter, not worth mentioning. Oh right, don't leave after you go out later. I have something to discuss with you." Zhang Yuanteng whispered into Long Chen's ear.

Long Chen nodded.

At this time, the Sword Demon looked around and said: "I can see your performance just now, but in terms of cultivation level, you all definitely have the qualifications to be the fairyland godly guard, but other people might not pass in actual combat, and you all still need to go back and cultivate. Now, I announce that you all have the names of the people who did not pass."

The nine people's hearts tightened as they listened carefully.

This fairyland godly guard was extremely important to Long Chen. Although Long Chen knew that he would definitely become fairyland godly guard if nothing unexpected happened, he was still a little nervous.

The Sword Demons quickly announced the results, and Long Chen and his group were not among them. Zhang Yuanteng's strength was not considered strong amongst them, but because he had teamed up

with Long Chen, he received the Sword Demon's approval. Amongst the nine people, three were eliminated. Long Chen and the other five, four of them were allocated to one group. Long Chen and Zhang Yuanteng, were allocated to the other group.

From the Sword Demon's words, Long Chen found out that the Inverse Wonderland was divided into three groups, namely, the Elementary Realm, Intermediate Realm and Advanced Fields. This was divided according to the strength of the Immortal Beast in each region, as well as the rarity of the spirit medicine treasures. He had just entered the fairyland godly guard and had left behind six people. Although Song Yuefeng's strength had fifth level of the Milky Way Realm, he had no choice but to stay in the elementary region and only after a period of experience, would he be able to enter the middle region.

Long Chen and Zhang Yuanteng were allocated to the same region as the members of the Heavenly Wolf Gang. Only Song Yuefeng and the other three were allocated to the seventeenth region.

"After receiving your identity jade tokens, you may leave. The Prefectural Chiefs of the Seventeenth and Eighteen Regions are waiting for you outside. They will explain in detail to you about how to become the fairyland godly guard." Sword Demon returned to his seat and said indifferently.

In truth, jade identity tokens were jade tokens that Yu Tao and the others displayed to the guards when they entered the South Central City. Every jade token had a unique imprint on it that others could not replace and use.

When it was Long Chen's turn, one of the five big shots, the short and fat middle-aged man from the eighth level of the Milky Way Realm, also known as the master of the Da He family, raised her head. When she looked at Long Chen, a trace of disgust flashed past her eyes.

"This damn fatty has enmity towards me?" Long Chen could not understand no matter how much he thought about it.

At this time, the Sword Demon suddenly said in a cold voice, "After you receive your identity jade plates, you will be considered as members of my imperial family. In the future, you will be loyal to my imperial family for your entire life.

This roar was like a sword that pierced everyone's bodies. The faint pain made Long Chen feel extremely uncomfortable, as if a knife was actually slicing his own flesh.

"A family of nine shall be executed? Little Wolf's Mo Clan probably suffered from such a severe punishment. Looks like this Royal Clan really isn't good stuff. "

With this thought, Long Chen walked out of the tower.

### Chapter 300 - Inverse Immortal Beast

After exiting the iron tower, Long Chen walked behind Zhang Yuanteng the whole time. He was still thinking about what Zhang Yuanteng had just told him.

As he walked out of the iron tower, Song Yuefeng, who was at the front, turned his head to look at him. Although it was just a glance, Long Chen was certain that his eyes were not mistaken.

"Brother Zhang, could it be that you want to tell me this little shorty?" Long Chen asked somewhat speechlessly.

You are not a native of the Imperial City, so you do not know the vengeful nature of the people of the Japanese. They are used to bullying the weak and fear of the strong, if they were to meet a strong person, they would definitely bow their heads and bow, but if they were to meet a weak person, they would definitely be arrogant and despotic, their methods are ruthless and open to the eyes of the people. Hidden within Zhang Yuanteng's words was unconcealable contempt.

"Such a race should really be exterminated." Long Chen said indifferently. Because of his own performance, and his disgust, Long Chen did not regret anything. The Japanese had already been killed once by Long Chen in the Goldfish Island and not a single one of the hundreds of Japanese who had stepped onto the ground had managed to survive. If Song Yuefeng really wanted to provoke him, Long Chen wouldn't mind doing it again.

Of course, the prerequisite would be for Long Chen to enter the fairyland, and at the same time, find the Nine Celestial Spirit Fruit.

"I want to exterminate them too, but there are quite a few experts in the Da He Clan. Other than Song Zhongcheng who possess eighth level of the Milky Way Realm, there are also no less than ten experts in the clan. The people of Japanese are as loyal to the royal family as dogs are, and in the Canyon

Kingdom, other than the royal family, there is no other power that can annihilate the Da He family. " Just as he was about to leave the door, Zhang Yuanteng whispered into Long Chen's ear.

He and Long Chen were very friendly, which was why their words were so unrestrained.

"But, Long Chen, you better be careful, Japanese people like to stab others in the back. Don't look for their way. " Zhang Yuanteng reminded.

"Thank you, Brother Zhang. I have remembered everything you said." When he said till here, they had already walked out of the tower, and Yu Tao and the rest were already in front of them, so Long Chen did not say anymore.

"Did you pass?" Yu Tao looked down at Long Chen from above and asked indifferently.

"Is there any chance of it succeeding?" Long Chen said indifferently.

Yu Tao being able to pass Lord Sword Demon's test was not surprising to Yu Tao. After all, he was able to defeat Yu Chong, so it was natural that Long Chen was able to do the same.

However, Long Chen's tone of voice did not contain the slightest hint of politeness. Since this was a public place, Yu Tao could only endure it.

"That's right. Are you Eighteen Regions's Prefectural Elder, Yu Tao, and Brother Yu?" Zhang Yuanteng asked.

Yu Tao nodded his head, looked at Long Chen again, and said: "Let's go, let us first go to South Central City, it belongs to our Eighteen Regions. We'll wait for tomorrow morning, I'll bring you guys to Inverse Wonderland, I'll complete the mission with the previous team."

Under Yu Tao's lead, Long Chen and Zhang Yuanteng arrived at their living quarters. In every fairyland godly guard, there is a residence allocated for them to reside in during their off-guard days. After arriving here, Yu Tao and the others who were incompatible with Long Chen immediately ran off. As for what the Sword Demon said, the rules of the Inverse Wonderland did not inform Long Chen at all.

Fortunately, Zhang Yuanteng had been a Anti-Central Army for almost six or seven years. He knew a few fairyland godly guard s and should be well versed with the matters of the fairyland godly guard s.

"In the Inverse Wonderland, because of the dense amount of spirit energy, spirit medicine and treasures can be seen everywhere. It's simply a sea of spirit medicine. Furthermore, there are a lot of Profound Rank spiritual medicines. Basically, if you stand at a random place, you will be able to see Profound Rank spiritual medicines appearing in your field of vision, and the rarest are naturally Earth Stage spiritual medicines. In the Basic Region, there are a lot of Earth Stage primary grade spiritual medicines appearing, and there are even Earth Stage Medium's spiritual medicines. Our fairyland godly guard's mission is to ensure that these Earth Rank spiritual medicines will not be snatched away by the Immortal Beast in the Immortal Realm before they mature. "

"Immortal Beast? Brother Zhang, how can Immortal Beast exist in the fairyland?" Long Chen frowned and asked.

"Immortal Beast are actually just a type of demon beast, they spread throughout the entire Inverse Wonderland. Because of the differences in their region, the strength of the Immortal Beast that appeared also differed. Even if one was strong at the sixth or seventh level of Milky Way Realm, it was still difficult for one to see through this fog. Immortal Beast, on the other hand, could freely travel through the fog, especially in some of the places with the densest fog, which were places where Immortal Beast gathered. If you encounter a dense fog in the Celestial Realm, you must not enter, otherwise the danger will be great. Do you know why primary domains have to set up area lords for fifth level of the Milky Way Realm? That's because even high level Immortal Beast would very likely appear in the elementary region. "

The more Zhang Yuanteng talked, the more interested Long Chen became in the Inverse Wonderland. If that was really the case, then the Inverse Wonderland was practically his treasure trove. Especially those Immortal Beast that were everywhere, wasn't they the perfect help for him to use the Blood Refinement Qi and increase his strength?

"I also have another question. The Sword Demon said that the Elixirs of the Immortal Realm would be executed. There are so many of them in the Immortal Realm, who can find them?" Long Chen asked.

Zhang Yuanteng laughed, and said: "I knew you would have such doubts, let me tell you, in fact, why are there so many people who wish to become fairyland godly guard? In the Inverse Wonderland, as long as you don't let all of the Yellow or Profound Ranked Spirit Medicines get rid of, you can take any of these Spirit Medicines, and no one will talk about you. For the current you, these Spirit Medicines may not be

of use to you, but in the Canyang Kingdom, other than the Imperial City, the rest of the Profound Ranked items are truly treasures! "

However, as long as it is an Earth Grade item, when it appears, there will be people who will record down its information. Picking the spirit medicine before it matures is simply useless, and if it mysteriously disappears, it will be very easy to find out. Therefore, if you want to secretly collect the Earth Grade spirit medicine, you are courting death. Brother Long shouldn't have that intention, right? " Zhang Yuanteng joked.

"I'm here to be a fairyland godly guard, not to seek death." Long Chen laughed and said.

He secretly noted down Zhang Yuanteng's words in his heart, and thought to himself: In the Immortal Realm, if there is a Nine Celestial Spirit Fruit, the imperial family must have recorded its location.

The question was: Where would the information be?

Long Chen casually asked Zhang Yuanteng as he took this question.

"Naturally, it is the guardian of the Inverse Wonderland, Lord Sword Demon. With his strength, other than the Sword Emperor, no one else would be able to break into the Inverse Wonderland. " Towards this Sword Demon, Zhang Yuanteng was somewhat in awe.

That guy? Long Chen sighed in his heart. He wanted to retrieve some information from him, and right now, it was even harder than ascending to the heavens. Therefore, he gave up on that thought and decided to search for it with his own strength in the Immortal Realm.

"Oh yes, there is one more thing I want to tell you. That is, you can kill Immortal Beast in the fairyland, and as long as you have the immortal pills to prove it, you can exchange them for points in the South Central City. South Central City's points can also be exchanged for a lot of items, so work hard, young man! " Patting Long Chen's shoulder, Zhang Yuanteng laughed.

"After being an Anti-Central Army for so long, he has finally grown up. He can go to the fairyland, massacre others, and earn more things to increase his own strength. Second Stage of the Milky Way Realm? This is definitely not my highest peak. In the future, even if it's my seventh level of the Milky Way Realm, it won't be a dream! " As he spoke of this, Zhang Yuanteng's eyes surged with excitement.

After five or six years of hibernation, he had finally recovered. He could finally start his own life once and for all.

Zhang Yuanteng was not a bad person, he had a very good appetite for Long Chen, and had even told him so many things that he must know. Seeing him happy at the moment, Long Chen was also very happy for him.

"In fact, there's nothing to be happy about. In the low level realms, one would normally only encounter the first three ranks of Earth Stage demon beasts, protect the first grade spirit herbs, and the true core of the Immortal Realm is the Advanced Fields. That is the place where the royal family will truly pay attention to. That would be the time when I would truly soar into the sky! Just like my name, Zhang Yuanteng, is soaring into the distance! "

'Really surging with passion! '

When he first met Zhang Yuanteng, Long Chen thought that he would be a quiet person. He never expected that under his calm exterior, he would actually hide such a fiery heart.

"I hope he succeeds."

This was his dream, and Long Chen wished him well as well. As for himself, Long Chen knew that his goal was more than just seventh level of the Milky Way Realm, the core of fairyland godly guard.

Coming to the Inverse Wonderland, Long Chen only had one goal, and that was to find a Nine Celestial Spirit Fruit.

was currently cultivating and had no choice but to stop. He knew that it was already time to enter the Inverse Wonderland.

Opening the door, Yu Chong glared at him, an unfriendly message appearing between his brows.

"Let's go." After saying that, he turned around and continued to knock on Zhang Yuanteng's door. After bringing Zhang Yuanteng out as well, he left with a dark expression, and said in a low voice: "This is really bad luck, to have let me call you guys."

Long Chen and Zhang Yuanteng looked at each other and laughed.

Following Yu Tao and the others, Long Chen looked at the calm lake in front of him. This was the entrance to the Inverse Wonderland.
