

## War God 2911

Chapter 2911 - Heavenly Talisman

"Silver Tooth."

Silver snow was drifting in the air, and gravity was still increasing by an infinite amount!

The pressure on Long Chen was also unprecedented.

Under this kind of pressure, the surrounding space began to collapse one after another. Even the world of Eternity, wasn't even enough to destroy Old Demon Tianxi.

And under this kind of gravity, Tian Qi Rhinoceros rushed forward with heavy steps, the horn on top piercing towards Long Chen, using the Rules of Collision, countless three-clearing zhenqi began to gather and gather on his horn, condensing unceasingly!

The speed at which the Emperor crashed became faster and faster!

The power was also increasing. At first, it only broke through the clouds and space, but later, it broke through everything, and wherever it went, everything was turned into dust!

RUU...!

This sound was too loud. With each step that the Tianzhi Rhino took in the air, it was able to cause a violent collision with Long Chen, shaking him to the point that his vital energy and blood were boiling! As he moved forward, the impact of his footsteps became faster and gradually turned into a continuous boom!

BOOM!

With the last explosion, the entire surrounding world was annihilated. The only thing left was the sharp horn of the Sky Qi Rhinoceros, which rushed towards Long Chen under its terrifying power. This seemed to be a simple charge, and it had even directly caused the Divine Emperor of the Perfection to perish before!

"He's really fierce."

In the face of such an awe-inspiring charge, Long Chen simply laughed and remained calm and collected.

At this critical moment!

In the eyes of the Divine Emperor, he was simply about to turn into dust from the impact. And just at that moment, Long Chen threw the Demon Suppressing Pagoda in his left hand away, and in the process, the Demon Suppressing Pagoda suddenly turned larger, at the bottom of the Dragon Seal that was filled with killing intent!

Bang!

A destructive collision!

The hundred thousand divine spirit of the Demon Suppressing Pagoda cried out in pain and was sent flying, almost falling out of Long Chen's control. This meant that the Demon Suppressing Pagoda almost couldn't take the impact.

Long Chen let out a grunt, and flew a large distance away.

But he did not lose, because the footsteps of the giant silver rhinoceros was stopped right beneath the Demon Suppressing Pagoda, and the attack of the Extinction Dragon Seal had directly hit the Silver Rhino's primordial spirit. Even though the physical defense of the Heavenly Rhinoceros was extremely high, being struck by Long Chen's Extinction Dragon Seal was simply a nightmare.

Instantly, the two sides were at a disadvantage!

Long Chen's Dragon Seal of extermination, was still just too terrifying.

Although the Silver Tooth Rules blocked it for a bit, causing Long Chen to not be able to display the strongest degree of Dragon Seal Extinction, its power still caused the Emperor of Heaven's Cry to lose a large portion of its battle power, and was even unable to maintain the body of the demon beast, gradually changing into his Old Demon Tianxi's appearance.

This scene was simply amazing!

"How could this be!"

Old Demon Tianxue's silver hair danced in the wind, his face was pale, and he was continuously being forced back. Others didn't know about his injuries, nor did they know that he had been seriously injured. They only thought that he had transformed back into his human form. In everyone's eyes, the battle was not over yet!

"Heavenly Talisman!"

He watched as Long Chen kept his Demon Suppressing Pagoda and his two hands held onto the Heaven Smiting Sword. His body moved as cold as ink and in a flash, he leapt over a hundred thousand meters and arrived. It was a set of silver colored Runes, which instantly expanded, covering the sky and covering the sun, blocking Long Chen's path. Then, it twisted, attempting to cover Long Chen within it!

The greatest use of the Heavenly Talisman was imprisonment!

Long Chen was suddenly blocked by the Heaven Smiting Talisman, and was truly shocked. The Heaven Smiting Talisman in front of him that covered all of the skies, was glowing with a multicolored light, the symbol culture was the real mountain and river trees, becoming a real world, yet it was also a distorted world. It surrounded him, and in the blink of an eye, trapped him within a world!

Once trapped, the world instantly changed into a sky full of flames, storms, and thunder, submerging towards Long Chen!

"Looks like this Destiny Talisman isn't bad, it's just that Old Demon Tianxi was hit by my Dragon Seal of extermination, he's too weak right now!"

Long Chen laughed indifferently, both of his hands were holding the Heaven Slaying Sword, his eyes instantly turned illusory, countless amounts of time flew to the sword in his hands, the bloodiest sword edge gradually became submerged in the power of time, it suddenly became void, as though it had already disappeared from Long Chen's hands!

"Sword of Time!"

Before this, Long Chen had not unleashed the true power of the Time Sword for a long time!

If he were to truly use it, the Time Sword would not be inferior to the Extinction Dragon Seal! For instance, this time, the soaring sword energy erupted, unstoppable. It instantly pierced through the Destiny Talisman and suddenly stopped right in front of old demon Tianxi! Even so, the body of this old demon was still covered with sword slashes of time, and blood was spurting out.

"Put away the Heavenly Talisman, or else I'll have to wait for you to die in battle and take him away." Long Chen's cold voice came from the Destiny Talisman.

Old Demon Tianxi's voice trembled. He was the most clear of all, that if Long Chen had not stopped the Sword of Time, his Heart of Rules would definitely have been penetrated by now! He had definitely fallen! This was definitely the most terrifying battle he had ever faced. From start to finish, he had been completely crushed by Long Chen!

"Alright!" He quickly withdrew the Destiny Talisman, and at this moment, the Time Sword in front of him turned into a point of light before disappearing. Old Demon Tianxi heaved a sigh of relief. Without a doubt, even the Perfection's Divine Emperor was drenched in cold sweat at this time.

He had cultivated for tens of millions of years, but he had never been so close to death. Long Chen was different from the other Divine Emperor. His Time Sword and Dragon Seal were both rules that could cause death.

"Master!" The four Ji concubines of Old Demon Tianxue hurriedly shouted as they rushed forward.

"Don't come near me!" The look in Old Demon Tian Xi's eyes was horrified. If he said it like that, the four women could only stay in the far distance, but that gaze was still filled with anxiety. They naturally understood, that this demon Long Chen had actually crushed their most respected Old Demon Tian Xi!

Mo Xiaolang quietly came to Long Chen's side at this time.

He knew that Long Chen would definitely win, so he was not surprised.

To Long Chen, he actually also had a plan. It was just to verify it, and that was that his battle power could surpass most of the The God Emperor of Perfection s! Currently, in the entire Ten Thousand Worlds, he was almost on the top of the list. He could be considered a supreme powerhouse!

The Dragon Seal of annihilation that Long Chen planted in his body had not dispersed, causing him to be completely unable to guarantee his life, and to the point where he could take Long Chen's life at any time.

"So strong!" That's possible! I have overestimated you, and I have still underestimated you, Long Chen! "

Old Demon Tianxue grit his teeth, his eyes filled with fear and awe. The demonic aura from before was no longer there.

"You really know me? Alright, I'll ask you a few questions. If you answer honestly, I'll let you leave safely. I have no enmity with you, nor do I have the mood to kill you, so you only need to listen to me, what about it? "

Old Demon Tianxue wasn't truly afraid of him, so he said, "You can ask. Today, I concede. You are the victor, and have the power to do so."

He was direct, so Long Chen did not stand on ceremony with him.

He looked at the four female Divine Emperor s behind Old Demon Tianxue. They were extremely nervous, it seemed like Old Demon Tianxue was a lover. Could it be that there were four women that called him master with him as their center?

"All of you, scram!"

Old Demon Tianxue angrily shouted to the surrounding deities. Those deities left one by one. In truth, the reason they hadn't left yet was because the battle scene was simply too shocking for them ...

The dignified The God Emperor of Perfection, Old Demon Tianxue, was actually defeated so quickly!

If this news were to spread out, it would cause quite a stir.

Long Chen asked first, "I have never met you before, how do you know me?"

Old Demon Tianxue laughed and said: "You challenged the Divine King's Rankings at the Divine Demon Mountains, defeated Tian Yi, Ji Taixu, Xing Wuji and Tian Shenwushuang, and rushed to the top of the Divine King's Rankings. This matter had already spread far and wide. Of course, the reason I know you is not only because you are the Celestial King, but also because you have the ability to challenge the Divine Emperor.

Long Chen had still somewhat underestimated the influence of the battle on the list of Divine Kings.

He had become a legend in the God King Board's battle, and now that he had swept across all the realms, there were many people who knew of him when he mentioned the name Long Chen.

Old Demon Tianxing continued: "I have also challenged the The Diremonster Battlefield of the imperial level before, and stayed there for a very long time. I have also fought with Divine Emperor Donghua before, and I am about the same as him. How could he be stronger than him? I suppose that identity was something you invented? "

"Mind your own business."

Now, Long Chen finally understood how he had managed to guess his identity.

The Godking, Overlord, and the Godsword Tower. Even Mo Xiaolang and the The divine arrow of the setting sun were very obvious. And it was hard to conceal.

"How many people are able to recognize me in these three levels?" Long Chen asked.

Old Demon Tianxue said, "In the beginning, it might not be that many, but when your name spreads out, everyone will know that it's you. Unless you remain hidden from the world, you won't be able to conceal your identity. However, as a peerless genius, there are many people who want to recruit you. Why do you need to care so much about your identity? Unless you are worried about that being, and chase you to the Taiqing? "

Long Chen's gaze turned cold.

Old Demon Tianxi seemed to know quite a bit.

"What else do you know? Just say it directly." Long Chen's voice was cold and harsh.

Not many people should know anything about Di Jun. Could it be that after he had left the Divine Demon Zhou Mountain, something else had happened?

Since Old Demon Tianxi had said so, then he definitely had to get to the bottom of this.

Old Demon Tianxi said, "So you don't seem to be clear? Looks like this information of mine can very possibly save your life. "

Chapter 2912 - Daozu Taiqing

"Speak your mind."

He had been struck by the Dragon Seal of Extinction, and if Long Chen did not remove it, he would at least have to suffer for a long time.

As Long Chen's cultivation increased, the might of Dragon Seal's extermination process also increased.

Old Demon Tianxue said: "I'm more concerned about the matters regarding the Divine Demons on Zhou Mountain, so I know more about them. I know that you left the Divine Demon Zhou Mountain the moment you defeated Tian Shenwushuang, bringing along the grand disciple of the 'Tianyin Region Lord'. It's said that the Mo Divine Emperor had chased for a period of time, and when she returned to the Divine Demons on Zhou Mountain, who do you think she met?"

Long Chen shook his head.

Old Demon Tianxue said, "It's Nameless!"

"Who is Nameless?" Long Chen was stunned.

"It's normal for you to not know who Nameless is. He's an extremely mysterious person who appeared out of thin air and once challenged the Divine Emperor's ranking, in the end, just like you, he charged all the way up to become the first on the Divine Emperor's ranking. And after becoming the first on the

Divine Emperor's ranking, he disappeared without a trace. Floating outside of the major powers of the Allworld. Nameless is just a nickname that everyone has casually given him, and in the past twenty years, we have only found out that this Divine Emperor's name was actually 'Di Jun'.

Long Chen was originally curious when he heard the story of him being the top ranker on the Divine Emperor, until Old Demon Tianxi said out his name. At that moment, Long Chen opened his eyes wide, and his mind was in a mess for a moment.

"Yes, he is also the most mysterious Divine Emperor in the Ten Thousand Worlds. It was said that his strength was comparable to a supreme deity. This is absolutely true, it's no use for me to lie to you. Ask a few more people, and it will be the same. After all, this was something everyone liked to talk about recently. He was the Divine Emperor that was closest to the Sovereign God. It's also our goal."

That's right!]

"Looks like I had always underestimated him. I thought he was just a Initial stage Divine Emperor from the start, I didn't expect him to be a Extreme Realm Divine Emperor. Furthermore, he never thought that he would actually be number one on the Divine Emperor rankings, and could be compared to a Sovereign God! Tai Yi Shen Jing. If that's the case, then Di Jun is much more terrifying than I imagined him to be."

Actually, the main reason why Long Chen underestimated him was because the other dragon sacrifices were simply too weak compared to him. There were only three Divine Emperors and there were not many Divine Kings. Therefore, no matter how he looked at it, Di Jun's level could not be that high!

It was already shocking enough when he previously heard him say that he wasn't afraid of the eight Immortal God Clan Divine Emperor.

"After the Divine Dragon Extermination, he is the number one expert of the Dragon Sacrifice Continent. The The Age of Dragons is so terrifying, even far surpassing the current Pangu Continent. He should be able to obtain some fortuitous encounters. "Even I can obtain the Origin Dragon Palace."

That seemed to be the case!

Di Jun must have obtained something terrifying in order to allow him to surpass his limits. In the gradually weakening world of the Dragon Sacrifice Continent, he had achieved such a breakthrough!

"Do you now know how dangerous your situation is? That's right, I heard that Di Jun is hunting you down, and she even offered a bounty on the Papyrus korshinskii in search of your location. Now that you have appeared here, he will know your location within a few days. "

Long Chen had a rough idea of the situation now.

As for what a Papyrus korshinskii was, he vaguely remembered hearing it when he was in the Battlefield of Divine Devil. It was an intelligence agency from the Ten Thousand Worlds and was also quite a mysterious existence.

It seemed that his situation was much more dangerous than he had imagined.

However, he was still able to calm down. Old Demon Tianxue was an opportunity, so he must understand everything that had happened. Thus, he continued to ask, "Mo ... met Di Jun. What happened?"

In fact, he thought of the Nine Yin Mystical Moon. If they were to cooperate, it would undoubtedly be scary, but luckily Li Xuanji had already erased the Nine Yin Mystical Moon.

Old Demon Tianxi laughed and said, "I'm not sure about that, but according to the conjecture of a friend of mine, he should be the lover of the past. As soon as Emperor Jun arrived, he left with Mo Sang."

As Long Chen expected, Di Jun was actually with Mo Sang, but why did Mo Sang say that the Tianyin Region Lord had also made her move? If Di Jun and the Tianyin Region Lord caught him together, she would definitely die!

"Don't be too worried, actually another thing happened. It was said that Mo Mo Mo lied to Di Jun, and she brought Di Jun to the Nine Yin ancestral realm, and the Tianyin Region Lord intercepted Di Jun in space, and it was said that Di Jun secretly caused his death, but Di Jun did not know that Di Jun already knew the truth, so he and the Tianyin Region Lord fought."

"What!"

The development of this matter was truly unfathomable.

Di Jun, actually fought a big battle with the Tianyin Region Lord.

"What was the result?" This was what Long Chen was concerned about.

Emperor Jun had heard that the rules of space were extremely clear. The Tianyin Region Lord was not able to imprison him, and he couldn't do anything to him either. Thus, he just casually let him escape. "

He didn't expect the situation to develop in such a way.

"Then, Di Jun would definitely know that I left the mountain with the gods and the devils." If he coveted the Origin Dragon Palace, he should be able to catch up. However, he obviously didn't know where I had gone. It should be waiting for news from the Papyrus korshinskii to come. As for Mo and Tianyin Region Lord, why are they chasing after me? "

Long Chen thought about it carefully and instantly understood.

The Tianyin Region Lord will definitely not move out because of her face. After all, she is a Sovereign God, so that means she knows that Di Jun will chase after me, and if she knows where I am, then he will know where Di Jun is! Then she will be able to avenge Mo Shan! "

Long Chen had heard Ling Luo say that the Tianyin Region Lord loved Mo Mo the most, so he must be avenging Mo Sang the most.

He truly had to thank old monster Tianxi for letting him know so much.

The Tianyin Region Lord wanted the mantis to be stalked and the cicada hunted while the oriole was left behind. Long Chen was the weakest cicada in this stage. Therefore, he had to think of a way to get rid of the mantis and get the oriole to hunt the mantis. This was an extremely difficult task, and it would be difficult to come up with a good plan in a short time.

At this time, Old Demon Tian Xi said, "Because of this matter, many people in the Myriad Realms now know about you, and also know about Di Jun. Since you know that the Divine Emperor's first ranker wants to chase the top of the Divine King's List, no matter where you go, you will always be the focus of attention, but it is undeniable that Di Jun is much stronger than you, and there are also many demons and gods that want to get along with him. Many of them will be stronger than you.

Listening to old monster Tianxi's words, the situation had become even more serious.

This old fellow had a lot of experience, he knew a lot more than Long Chen, and understood the Ten Thousand Worlds better than him.

"Thank you very much." Long Chen took note of what he said.

He had to think about how he would walk in the future.

Old Demon Tian Xi suddenly said: "You have such a achievements at such a young age, defeating me but not killing me, based on this, I will give you a solution, you should hide in the 'Death Realm', there should be no end to it, and no one can find you, moreover it will only open once every tens of thousands of years. As long as you enter the Death Realm, you can guarantee that you will be safe for at least tens of thousands of years. It just happens that you received the Death Realm Blood Bead, so you can directly go to the Taiqing Palace. "

"Death Realm!"

Old Demon Tianxue's casual sentence had once again shocked Long Chen. This caused him to instantly let go of Di Jun's matter and focus all his attention on the two words' Death Realm '!

Death Realm, Death Realm's Dragon Gate.

The most ferocious rule of his life, the Heavenly Demon Genesis, had been imprisoned by him in the Death Realm. The Death Realm was a world that the Primordial Blood Spirit Dragon once controlled. It was simply equivalent to the Primordial Blood Spirit Dragon's "Divine Kingdom", and was the same existence as the Great Void Cosmic Dragon.

Back then, when the Primordial Blood Dragon died in battle, the Death Realm left the Dragon Sacrifice Continent and disappeared into the myriad realms. Now, no one knew where he went, but this Death Realm was actually one of the goals that Long Chen was searching for! There must have been a lot of things that belonged to the Primordial Blood Dragon.

Of course, many places were named randomly. Although the place Old Demon Tianxi mentioned was called Death Realm, it might not be the same place as the one Long Chen imagined.

He calmed his heart and asked: "The Death Realm you speak of, where is it?"

Old Demon Tianxue could tell from this that Long Chen had just arrived at this place and he did not even know about the Death Realm and the Death Realm's Blood Bead. Therefore, he could guess that Long Chen definitely did not go and kill that prodigy and obtain the Death Realm Blood Bead. Of course, he would not make it clear.

However, since he had revealed the Death Realm himself first, he couldn't help but try to explain it to Long Chen now. If possible, Old Demon Tianxi obviously didn't want Long Chen to know about it.

He said, "Um, Death Realm is the most mysterious secret realm within the three layers of heaven. There were many Ancient Secret Realm in the Third Sky, and even people from several eras ago. Many God Creation Equipment, hongmengxinling and Chaos Treasures were dug out from these secret realms. Death Realm is one of them. "

"What about the Death Realm Blood Bead?"

Long Chen asked.

However, it's said that this time, it will be opened within a few years, with around a hundred places. The majority of them are occupied by the Taiqing Palace, but they will give us ten places, for us Divine Emperor s that do not belong to the Taiqing Palace to fight for it. That was the Death Realm's Blood Bead. Only by holding the Death Realm's Blood Bead would one be able to enter the Death Realm when it was opened. The Death Realm's Blood Bead is hidden inside the body of the 'God Child,' and the God Child is not life but a rule of the Daozu Taiqing. Therefore, your act of protecting the 'God Child' earlier exposed you as a new god, and a newcomer at that. "

Long Chen finally understood.

"The Death Realm opens once every tens of thousands of years. When it opens this time, Di Jun will definitely not be able to catch up, so this level of secret realm will not be forcefully destroyed by him. That means, if I enter, I can at least avoid him and have enough time to grow! The most important thing is that I need to know whether or not this Death Realm is the Primordial Blood Spirit Dragon's Death Realm! "

It looks like he had to obtain the Death Realm's Blood Bead!

## Chapter 2913 - Eternity Treasures

If it had nothing to do with the Primordial Blood Spirit Dragon, then Long Chen would just treat it as a place to seek refuge.

If it was the Death Realm of the Primordial Blood Spirit Dragon, then Long Chen naturally had to understand. This was his goal in travelling across ten thousand realms! To find the lost lands of the dragons!

Therefore, he needed to understand the Death Realm before he could react.

Old Demon Tianxue originally thought that he knew about the Death Realm's Blood Bead, but after he said it, he realized that he didn't.

But Long Chen wasn't so easy to fool.

"That's about it. I still have some things to do. Can you let me go first?" Old Demon Tianxi asked nervously.

"I still haven't asked, but I want to know, why do you all want to enter this Death Realm? What exactly is the secret of this Death Realm? "

Long Chen would not let him leave so easily, he had finally caught one with great difficulty, so naturally, he had to ask clearly.

He really couldn't escape.

He said, "Actually, there are a few points. Firstly, the first point is that there is a legend that there is a core within the three heavens of this Death Realm, and as long as one can reach this core, they will be able to control the Death Realm and refine it into a world similar to a Divine Kingdom. It can be used as a kind of terrifying prison, used as a creation divine tool, and those imprisoned within it will never be able to come out, enduring the torment of death. This temptation was huge for anyone. "However ..."

"But, this is only a legend. No one has ever verified it, right?"

Long Chen chased after her.

"That's right, as you expected, although this is only a legend, it's actually able to attract a large number of strong Divine Emperor s every single time. After all, this is an opportunity to change fate and surpass the limits. "

"And then?" Long Chen knew that this was definitely not the only point.

In our Triple Layered Heavens, the Death Realm is a place of trials and tribulations similar to the Mount Zhou of the Godfiend of the North. The Triple Layered Heavens are controlled by three Daofathers, and the three Daofathers are blood brothers. Perhaps for the fun of it? He didn't know what the three Daofathers were thinking anyway. Every time the Death Realm opened, they would throw in a type of 'Eternity' item, either a hongmengxinling or a Chaos Treasures, into the Death Realm. The majority of the people participating in the Death Realm's competition are all Divine Emperor. To any Divine Emperor, the thing called 'Eternity' is a treasure, something that they can let us risk our lives to snatch away. So, in truth, the treasure of Eternity is the true competition, and the person who controls the Death Realm is a very illusory figure. "

What a big gift!

It was indeed worthy of being called a Hierarch. He could even throw something like the Eternity in there as he pleased.

In other words, the opening of the Death Realm was something that could be done together with the Triple Layered Heavens. The contenders also came from the three heavens. Then truly, experts were as numerous as the clouds.

"The Death Realm's Blood Beads are all in the hands of the three Dao Patriarchs. They are mainly distributed to their disciples, to the disciples of the 'Taiqing Palace', 'Yuqing Heavenly Palace', and 'Upper Sky Palace'. However, every time, we would still send out a few slots to let the wandering Fiendgods have the chance to snatch it away from us. But in truth, every single time, it was still the three

of them who took it away. Now that I think about it, this is just an event for the three Daofathers to test their disciples. "

Long Chen was more or less clear that if there were items from the Eternity, he would give them to the disciples, but there were simply too many people who wanted them to put them in the Death Realm for them to fight over, only then would everyone be convinced.

"What's the item called 'Eternity' this time?" Honestly speaking, was also moved by Eternity. If he wanted to defeat Di Jun, especially the top ranker of the Divine Emperor, Di Jun, he needed a treasure with Eternity! The current Immortal Sword Demon Pagoda was simply not enough! Furthermore, Di Jun was definitely not just a treasure with the same Eternal Harbour Stone Eternity.

Old Demon Tianxi laughed, "Are you interested? However, what exactly is it? The three Daofathers will only announce it when the Death Realm opens. That is the most anticipated moment.

Long Chen understood.

"In reality, the Death Realm is not only a place with such benefits. It's just like the Shura, where normally amiable gods and devils would fight each other over a battle after entering the Death Realm. It's similar to how you gods and devils don't have the same effect as Zhou Shan. Some are strong, some are even capable of killing gods and demons. I have gone in once, and fought with those existences once, and they are indeed very scary. Furthermore, they are very clever, if they were to meet you, they will definitely immediately snatch your Death Realm's Blood Bead. "

"Why are you snatching the Death Realm's Blood Bead?"

Old Demon Tianxue replied: "Death Realm's Blood Bead, when Death Realm opens, you can suck us in, but it is also the only way for us to leave Death Realm. If we lose the Death Realm's Blood Bead, or if someone else steals it, then unfortunately, you will have to stay in Death Realm forever, enduring the pain of that Death Realm, unless you snatch the Death Realm's Blood Bead from the next group of people. The use of the Death Realm's Blood Bead is very simple, you can leave the Death Realm after shattering it. "

No wonder everyone was willing to go in.

Although it was said that the Death Realm was dangerous and had killing intent everywhere, as long as one possessed the Death Realm's Blood Bead, as long as one did not get killed instantly, as long as there was a sliver of a chance to break the Death Realm's Blood Bead, they would be able to come out safe and sound.

"That is to say, as long as I hold the Death Realm's Blood Bead, I can come out at any time. If I do not come out, will it continue for tens of thousands of years? And if Di Jun wants to enter, it will take at least tens of thousands of years.

Long Chen asked his last question.

"That's right, but the condition is that you have to be able to hold on in the Death Realm for that long. Maybe there are existences even more terrifying than Di Jun in the Death Realm."

did not need to stay there for that long, as long as he confirmed that he had the strength to defeat Di Jun, then he would be able to escape from there. It might not even take a hundred years, and the competition for the Eternity and other treasures would actually take such a long time.

"I've said so much, can you let me go now?" Old Demon Tianxi pleaded.

Long Chen was someone who spoke reason. He immediately withdrew his Dragon Seal and said: "Let's go."

"Haha, a heaven-defying genius will meet again in the future!"

With that, old demon Tianxi lightly smiled, embraced her four concubines and swaggered away. Although he did not manage to snatch the Death Realm's Blood Bead, he knew that Long Chen did not know either.

Although he had mentioned a competitor, it was not certain that Long Chen would be able to snatch the Death Realm's Blood Bead. After all, the number of Divine Emperors he had was limited, and there would even be polar states who would come forth to fight.

"Big brother, shall we go find that prodigy again?" Mo Xiaolang also heard everything from the side.

Long Chen said: "There's no rush, I will find a few people to ask."

After that, he casually found a few Divine Monarchs and a Divine King realm cultivator. He used the wishful eye to control them, and used their mouths to verify what Old Demon Tianxi had just said. After all, it was just an old monster's words just now, so he had to be cautious.

In the end, he confirmed that he was right.

"The only thing that is lacking is that the three Dao Patriarchs set up a rule on the treasures of the Eternity. It seems that after obtaining the treasures, one Death Realm Blood Bead is insufficient to return. In other words, if he wanted to snatch the Blood Bead away safely, he would need to obtain the other two Death Realm Blood Beads. The method was naturally to steal. However, to snatch the blood bead from the Death Realm before anyone else can crush it seems to be extremely difficult! "

Seems like it will be quite difficult.

After thinking for a moment, Long Chen said to the crowd, "We underestimated Di Jun's power, now that the Tianyin Region Lord has chased us here, we are exposed where we are, and the two sides will chase us here, and in the end, both of them will arrive. Although the Tianyin Region Lord is not against us, but she will bring Xuanji away, so we definitely cannot face these two sides head-on, so it looks like, we can either continue to wander the starry sky, or go into the Death Realm to try, and the Death Realm is a huge opportunity, there is a possibility that the Primordial Blood Spirit Dragon is related, if we grasp this opportunity, we might be able to fight against Di Jun. We still have a period of time before we can understand the Death Realm. Everyone, do you think it's better to leave this place. "

Because the decision was important, Long Chen wanted to see what they thought.

"Death Realm." They never thought that all of their thoughts would be on Death Realm, even Su Yan and Yang Lingqing thought in such a way.

"Looks like everyone is the same as me. We can't stand being hunted down by the entire world, and we can't stand to escape for eternity! Alright, now that we have the chance to fight it out, we'll go all out and fight it out! If you give me a hundred years, he won't be able to do anything to me. "

Long Chen's blood started to boil.

Everyone's eyes were burning with passion.

They were all descendants of dragons!

"Then let's start the fight!"

There was no time to lose.

Only by obtaining the Death Realm's Blood Bead would they be able to gain the initiative, so Long Chen and Mo Xiaolang looked at each other.

"In this Endless Sea of Clouds, it's very difficult to find a child. We'll split up, and once there's any news, we can just inform him."

"Yes."

It was easier for Long Chen to grasp Mo Xiaolang's position, and Mo Xiaolang was not weak either, so this method was feasible. As for Zhu Xi and the others, although they wanted to go out and look for them, Long Chen was worried that they would meet Divine Emperor, so he decided to just forget it.

He and Mo Xiaolang set off separately.

The two of them quickly submerged in the sea of clouds.

The endless three levels of the Heavens and the trillions of living creatures.

Long Chen's field of vision passed through this limitless region. Previously, the divine child appeared in this place, but now, he might even appear in this area.

The clouds beneath his feet were quite tough, even surpassing the ground level of the Yiyuan Sword Sea. There were many mortal spirits and gods working together to build cities on the clouds, and some of the cities were big enough to hold hundreds of millions of mortal spirits.

Here, God and man live together.

Chapter 2914 - Evil Demons and Demons

"The world of Eternity, the real and mysterious world."

Most of the mortal spirits here were tribulation of reincarnation.

What kind of concept was this?

In the previous era, the Dragon Sacrifice Continent was filled with Divine Dragons, and the inferior Divine Dragons were the Red Dragon, Black Dragon, and Azure Dragon. When they had grown to their peak, they were actually only at the higher levels of tribulation of reincarnation, without the strength of Divine Demons.

If the Dragon Sacrifice Continent from back then was considered to be in the world level as well, then it should be considered to have transcended the level of origin level and surpassed the world level of the ninth stage. As for whether or not it was ten, eleven, or twelve, it all depended on whether or not there were any more intermediate levels. After all, before the era, almost all of the worlds of the myriad worlds were much more powerful than today. There were even ancestral realm present there.

The Eternity World was the closest world to the Dragon Sacrifice Continent that Long Chen had ever seen.

"The Pangu Continent, within the Three Heavens, should have more Fiendgods."

The more tyrannical the world was, the smaller the difference was between a god and a mortal spirit. This was because a majority of the mortal spirit had a chance of becoming a god or a demon. Gods were already a common existence in this world, while Divine Emperor were rare.

Only two hundred or two hundred billion.

Long Chen quietly flew above these limitless clouds. His vision was wide and his perception was sharp, so wherever he went, he knew that the divine child was not there.

Five days later.

"Little Wolf, is something wrong over there?" The two of them had already missed a distance.

"Not yet."

He continued to search.

They followed the locations where the divine child had appeared before and expanded their range. In the process of searching, Long Chen could vaguely sense quite a few powerful existences, and some characters that even he was wary of were also wandering around.

A day later, when the child prodigy could not be found, he discovered a small but flourishing city amidst the clouds. This city was high up in the sky, surrounded by countless clouds. It was dazzling and dazzling. The creatures of the Third Heavenly Layer generally loved perfection in the visual aspect, so this city was rather gorgeous in its construction.

There was not a single mortal soul within the city. All of them were Fiendgods.

This meant that perhaps this city was the core of the territory which governed this region.

"Let's go down and take a look."

Long Chen very quickly arrived outside of the city and saw that the city was protected by the rules. If he did not enter through the city gates and instead went down from above, the commotion caused should be quite large. Although Long Chen had the strength to break the rules, there was no need to do that.

He entered through the city gate.

His main purpose of coming down this time was to gather some information and see if there were any useful information.

"Sacred Cloud City." Long Chen then read out the name of the city.

On the other hand, she was incomparably domineering.

He followed the flow of the deities and entered. Because he was at the realm of the Celestial King, the surrounding deities did not dare to get too close to him. Of course, a Divine King wasn't really that big of a deal. Long Chen casually saw a few hundred Divine Gods, among them, there were one or two Divine Kings.

After entering the Sacred Cloud City, Long Chen wandered around as he listened to the other divine beings conversing. As he expected, all the divine beings within the city were discussing about the divine child and the Death Realm's Blood Bead.

"Everyone knows! It was said that someone had seen a prodigy in the 'Sacred Cloud Realm'! 'The prodigy is still wandering about in our Holy Cloud Region!'"

"The three Daofathers have given a total of thirty spots to the outside world, with ten spots each for each stage. Right now, four prodigies have appeared in our Taiqing, and the other three are said to have already been taken away. I just don't know which three."

"Sigh, Eternity's treasure, the Death Realm that is filled with danger. This is actually all a game for the Divine Emperor, it's useless for us to worry about it. If you want to participate in this game, you better be able to become a Divine Emperor first. "

Becoming a Divine Emperor, how difficult was that!

"The fourth divine child is indeed within this ' Sacred Cloud Region '. It's said that several Divine Emperor have already seen him. It is said that they have brought a large number of Divine Kings, and even Divine Monarchs, and are spread out. As long as they can find the divine child and offer the Death Realm's blood bead to them, there will be endless benefits. Of course, you will also have to use your life to obtain those benefits. "

Indeed, Long Chen had also discovered that there were quite a few Divine Monarchs and Divine Kings who were looking for them.

Of course they did not dare to take it for themselves. Even if they obtained it, they would basically offer it up as a reward to the Divine Emperor.

"There are even a few The God Emperor of Perfection s present! It was said that several The God Emperor of Perfection had already appeared, such as the Old Demon Tianxi! And there were also the demons and demons of the Hundred Ghost Cave. "Also ..."

Halfway through his words, that person suddenly stopped. His face turned deathly pale as he stared in shock at the sky. Actually, Long Chen had already felt it before, but there were two people with overflowing demonic energy heading this way from that direction. This should be a demon that was similar to Mo Xiaolang.

The black devilish qi tore apart the snow-white clouds, blotting out the sky and covering the sun as it descended upon the skies of the Sacred Cloud City. This place was instantly transformed from heaven to hell.

In the endless fog, there were two tall and sturdy looking, four meters tall powerhouses standing in the air. These two had dark black skin, broken scales, thick palms, sharp Demon Claw, and heavy auras. In terms of their godly might, they were even more powerful than the old demon Tianxin, but the most important thing was that each of them had two heads on their shoulders!

Mo Xiaolang had fought with the Two-headed Fury Fire clan before, but the heads were in the front and back, but the two of them were different. They both had two necks and their appearances were different, but they were both green faced with fangs and were both ugly.

When Long Chen heard the words Demon Emperor and Demon Emperor, he guessed that they were referring to these two.

They were also at the Absolute Beginning Demon Realm, and all of them were at the Perfection. As the number of gods was now far greater than that of devils, most of the time, the assessment of their realms would directly become Taiyuan Deity Realm.

These two people were fiendish and cruel, their styles different from Old Demon Tianxue's, but their killing intent was even more intense. The moment they appeared, they frightened all the gods and devils in the entire Holy Cloud City.

"Have you seen a godly child?"

Of the two Demon Emperors, one was called Chimera and the other was called Sprite. The two of them had two heads each. They were actually the same Heart of Rules, but they had two different thoughts. One was big and the other was charming.

When they asked, all the divine beings looked at each other, not daring to answer. Everyone shrank their heads, not daring to meet the eyes of the Demon Emperors.

"Is there anyone who has seen a godly child?"

Another voice came out of nowhere, which frightened those Fiendgods so much that they took a few steps back, and they couldn't wait to hide.

Bang bang!

In the blink of an eye, the two of them directly tore apart the protective barrier protecting Sacred Cloud City, rushing in from the outside. Instantly, the devilish qi filled the entire Sacred Cloud City, causing the entire city to be engulfed in it.

In their shock, some of the deities exclaimed out loud.

The demonic qi surrounded them and Long Chen.

squinted his eyes. Seems like they have a special way of finding divine children.

"You!"

Suddenly, the two people looked at Long Chen, and with a swoosh, the two appeared in front of Long Chen, causing the surrounding divine spirits to immediately retreat in fear, their legs becoming weak. The two Demon Emperors looked down at Long Chen from above, and their four heads asked at the same time: "You smell like a divine child! Have you seen a prodigy before? "

Long Chen did not want to fight with them for no reason and since there were no benefits, he said: "I have indeed seen it, but the divine child's speed is too fast, I only took a glance and then disappeared."

"Where is it?"

Long Chen pointed in the direction, and said: "Over there, but I also saw that Old Demon Tianxi seems to be over there."

"That old demon Tianxi!"

The eight of them looked at each other, and because they mentioned the old demon Tian Xi, they completely ignored Long Chen. Because they were worried that the old demon Tian Xi would snatch the place away from them first, they did not make things difficult for Long Chen, but instead directly flew into the sky, and soared into the sky!

"Everyone listen up, who only has information about these prodigies? As long as you tell us that we are heavily rewarded, we definitely won't make things difficult for you!"

These two were very smart, scaring everyone as soon as they appeared, and now they were giving them benefits as well. This made many of the deities' hearts move, if they could provide these two Demon Emperors with information about divine children, then they might be able to obtain huge benefits!

"Clang!"

A Chaos Treasures with Order-level smashed right in front of Long Chen's eyes.

It could be considered as a reward to Long Chen.

Instantly, everyone looked at Long Chen with incomparable envy until the two Demon Emperors left. There were even a few Divine Kings who surrounded Long Chen, wanting to snatch that thing away ...

Long Chen moved quickly and directly kept the thing. He did not want the benefits for nothing, there were a lot of people in the God Kingdom that he needed. However, he quickly concealed himself and disappeared among the gods.

"Where did this kid go?"

"How can he run so fast!"

"How lucky! It's just that, after seeing the divine child, you actually managed to get such a treasure! "

Many people flocked out to help the two Demon Emperors find the divine child.

As for Long Chen, he was actually secretly following behind the two Demon Emperors.

"These two have very sharp noses. Following them is much better than me randomly searching for them." Long Chen was silent as he slipped into the river of time, separated by a long distance.

The two Demon Emperors might not even notice it.

From the looks of their gazes, they seemed to be quite confident.

After about half a day.

Suddenly, Mo Xiaolang anxiously reminded them: "Big Brother, I saw the divine child, hurry over here!"

"Catch him! Don't let him get away!"

He didn't think that Mo Xiaolang would actually find him first, he used the connection between the God Palace and Mo Xiaolang to find Mo Xiaolang's location, and actually found out that he was very close to him, and that he was in front of the two Demon Emperors!

"Over there!"

The two Demon Emperors immediately became excited. They seemed to have smelled that smell as well.

All of a sudden, the two of them dashed over at full speed!

Long Chen immediately followed.

## Chapter 2915 - Jidu War God

Within the endless clouds, clouds and mist coiled around. It was a true immortal realm.

In a certain area, the cloud formed a mountain and turned into a cloud peak that pierced into the sky.

From afar, it looked like a snowy mountain.

At the very top of the Cloud Peak, Mo Xiaolang held out both his hands to control the flames. The Nether Demon Ancestral Fire and Azure Sky Emperor Ancestral Fire turned into two long snake in his hands, rolling in the clouds. The Azure Sky Emperor's Ancestral Fire burned the clouds into steam, and the Nine Hell Demon Ancestral Fire froze them into ice.

Two tumbling long snake s had tied up a child. Under the dual Ancestral Flames, the child's face was filled with tears and was in pain, that innocent and helpless gaze, that childish like mournful cry was vivid, causing one's heart to ache. The child in front of them was practically no different from a child, so Mo Xiaolang slightly hesitated.

"Although Old Demon Heavencraft said that this child prodigy is just one of the Daofather's natural laws and isn't really a living creature, that's only one side of his story. "Perhaps it was the Daofather who lied."

It was because of this that he could not kill the child, otherwise, he would have burned the child to ashes and obtained the 'Death Realm's Blood Bead' inside his body.

Now that he completely controlled the divine child, he was unable to move. Mo Xiaolang roughly knew that Long Chen was not far away, so he temporarily waited for him.

Violent winds surged, and the clouds churned. The cries of this child prodigy traveled out for a long time.

"A child prodigy!"

What Mo Xiaolang did not expect was that Long Chen had not arrived, but there was another wave of divine spirits that had arrived. He placed the divine child by his side, and when he looked back, he saw

that a total of six or seven divine gods had appeared behind him. With their divine powers, they were able to suppress Mo Xiaolang as soon as they appeared.

"It's obvious that it's because of the relationship between this prodigy and the Death Realm's Blood Bead that so many Divine Emperor have appeared!"

If not, it would not be so simple to meet these emperors on a daily basis!

Mo Xiaolang swept his eyes across the group and quickly discovered that among this group of people, there was only one god leading them, as if Old Demon Tianxue had four female Divine Emperor s accompanying him. However, there was not the only one following him, there were a total of seven of them, all different and different, but it was undeniable that they were all as powerful as the 'Seven Yuan Sword Sovereign'.

After all, this was a Divine Emperor of the Taiqing.

The moment the six Divine Emperor s saw Mo Xiaolang, they immediately surrounded him, and divided themselves up in all directions, staring straight at Mo Xiaolang. The might of the six Divine Emperor s pressured down on him, and from a high vantage point, they suppressed Mo Xiaolang!

"Which Divine King are you? Hurry up and hand over the prodigy to us. We are the Divine Emperor s of the 'Jin Luan Divine Palace'. This is the son of the 'Great Emperor Changsheng', 'God of War Ji Du'!"

One of the Divine Emperor said in a low voice.

First, they surrounded Mo Xiaolang, making it impossible for him to escape.

Mo Xiaolang didn't know what the Jin Luan Divine Palace was, it sounded like a power, nor did he know who the Great Emperor Changsheng was. Even though it sounded like an expert, the so called 'Capital War God' was actually the leader of the Divine Emperor s, who was standing in front of Mo Xiaolang right now.

It was a man dressed in jade green divine armor, with black hair and green eyes, and a battle intent that surpassed Xing Wuji's. With a single glance, one could tell that he was a genius who cultivated the art of battle. The man was decisive and cold. Mo Xiaolang was merely a Divine King, so of course, he could not

attract his attention. His gaze was focused on the struggling prodigy as he said, "That's right, it's a prodigy."

He reached out his hand, waiting for Mo Xiaolang to throw the divine child over to him and instructed, "Jing Rong, reward this person with the same Order-level, hongmengxinling."

When the Divine Emperor was still preparing, Mo Xiaolang held the divine child in his arms and sealed him inside his arms. The divine child struggled but was unable to escape, and could only cry and say: "Why do you want to kill me?"

The son of the 'Great Emperor Changsheng', the God of War Ji was startled for a moment, because Mo Xiaolang did not attack him. Such an action naturally exceeded everyone's expectations.

This person looks unfamiliar, he might be a newcomer to Taiqing, so he might not even know your name, that's fine, since he refuses to drink, I'll let him have a taste of the forfeit wine.

Amongst the six Divine Emperor s, one of them was a skinny and dark skinned bald headed Divine Emperor with purple eyes who spoke a few sharp words. Just as he was about to make a move, the leader of the six, the so-called Gongzi of Jidu waved his hand and said: "I'll do it myself."

Hearing her tone, he felt quite helpless.

He didn't expect that a mere Celestial King would dare to go against him. If word got out, it would be a shameful matter ...

Sou sou!

At that moment, his dark green eyes lit up. On his left arm, a green rope appeared out of thin air. This green rope had an incomparably majestic life force. It was extremely tough and looked like a snake! The green color brought about a dangerous aura to Mo Xiaolang!

Although it was just a simple green rope, it was a Hun Yuan level God Creation Art!

Even among Hun Yuan's level up God Manifestation Divine Equipment, there were many differences. For example, Old Demon Tianxi's Destiny Talisman was considered average, but this green string was obviously stronger than it by a level!

"Herba Euphorbiae, go." The Gongzi of Jidu said indifferently. The Herba Euphorbiae in his hands instantly exploded, possessing many rules of hallucination! This Gongzi of Jidu was a Divine Emperor of the Perfection. Mo Xiaolang was still unable to resist, and in the blink of an eye, with a few whizzing sounds, the Herba Euphorbiae wrapped around him.

The divine child was also trapped by the Herba Euphorbiae!

Immediately afterwards, the Herba Euphorbiae released a terrifying force, and directly sunk into Mo Xiaolang's body. There were even countless sharp thorns extending from within, piercing into his flesh, the pain during that moment was indescribable and Mo Xiaolang's face turned pale.

"Haha, this idiot doesn't even know the pain of the Herba Euphorbiae and still dares to oppose us." The surrounding six Divine Emperors all roared with laughter.

Indeed, this pain was too exaggerated. Even if it was just for a moment, it was enough to cause Mo Xiaolang to deeply remember this pain for a long time!

However, all of a sudden, Gongzi of Jidu kept his Herba Euphorbiae and his face became extremely cold and indifferent. His battle intent was instantly released, causing Mo Xiaolang to retreat a few steps, and he said solemnly: "You guys snatch the divine child, lock him down."

When he finished speaking, he had already rushed out of Yunfeng, while the other Divine Emperors were still in a daze, the dense Demonic Qi had already dyed the clouds in the sky black, the Demonic Qi was roiling, the blood Qi was overflowing, the Evil Qi was descending and the creepy laughter, this undoubtedly made them think of the two most terrifying Rankers in the vicinity!

Chimei! Demon!

As expected, in the core of the countless demonic energy, two incomparably ugly two-headed Demon Emperors appeared!

"Quick, attack!"

The six Divine Emperor s knew that the Gongzi of Jidu was going to stop the evil demon spirits. The six of them were going to deal with the Divine King, so they instantly took action!

But in truth, the battle above was even fiercer!

Oh no, it's the war god from Ji City. The last time we met, he seemed to be only at Initial stage Divine Emperor, but now he is already at The God Emperor of Perfection. The Jin Luan Divine Palace was indeed worthy of being the second largest power under the Taiqing Palace! It is said that your father is ranked nineteenth on the Divine Emperor's rankings, is truly frightening. "

The two Demon Emperors laughed heartily.

This is the Death Realm's Blood Bead, our Jin Luan Divine Palace must have it so even if the two of you were to snatch it, you won't have your life to protect it. If you anger my father, the two of you will naturally know what the outcome will be.

The Gongzi of Jidu's left hand was wrapped around the Herba Euphorbiae, at this time, he clenched his right hand, and a tyrannical Hun Yuan grade Creation God Weapon appeared. It was a silver trident, and it was extremely tyrannical. After grasping the trident, the Gongzi of Jidu's aura suddenly changed. At this moment, he had the temperament of a war god!

"Tiandu Trident! Herba Euphorbiae! The difference in mastery of the two Hun Yuan grade God Manifestation Equipment is truly enviable. "

When the devil energy descended, the two Demon Emperors actually surrounded and attacked the Ji Du War God directly. And just at this moment, the battle between Mo Xiaolang and the six Divine Emperor started.

"Whiz!"

Just as the six Divine Emperor were about to attack him together, they suddenly encountered a huge crisis, and in the blink of an eye, a terrifying sword of time pierced towards their eyes!

Puff puff puff!

Fresh blood flew everywhere!

Each of them had lost an arm, and fell into the endless sea of clouds. Of course, they were extremely shocked, and only at this moment, did they finally see a black-haired, red-robed youth appear in front of Mo Xiaolang, holding onto a bloody wound with one hand. Just now, the person who had injured them was this youth!

"Who are you, to dare attack my people from the Jin Luan Divine Palace!"

The six Divine Emperor s had just faced a death crisis and were currently feeling extremely shocked.

Long Chen was too lazy to listen to them, he just directly held down the divine child. He opened up a space in the Divine Kingdom and threw the child into it, then the fire of life burned Mo Xiaolang's body. The Herba Euphorbiae's power still remained on Mo Xiaolang's body, causing him to still be in shocking pain.

However, with the Flame of Life, the pain quickly disappeared.

"How is it?"

"What a strange rule. It hurts so bad."

Long Chen raised his head. He was about to fight a huge battle with the evil spirit but he did not expect Long Chen to appear. The battle had to stop because the divine child had already fallen into Long Chen's hands.

"Did he hurt you?" Long Chen glanced at the Gongzi of Jidu.

Chapter 2916 - Rebirth

This Gongzi of Jidu had a Herba Euphorbiae on his left hand, and a Tiandu Trident on his right.

Long Chen had allowed him to rest in the Divine Kingdom. Although he had obtained a godly child, since his brothers were being bullied, they had to be respectful to each other, so he was not in a hurry to leave.

"It's you!"

When they were in Sacred Cloud City, they even gave Long Chen a gift. In the blink of an eye, the other party appeared right in front of them, snatched away all the divine children, and even quickly defeated six Initial stage Divine Emperor s!

"We've been deceived!"

'He followed us here! '

"Damn it!"

All four heads began talking at once.

Now that the divine child was with Long Chen, Long Chen naturally became the target of public criticism. Of course, there was still a deep defense between the capital's war god and the evil demon.

"Who exactly are you? This is a Death Realm Blood Bead that my father values greatly. I hope that you can give me some face, my Jin Luan Divine Palace will definitely repay you greatly." It seemed that Gongzi of Jidu was extremely confident in his background.

Long Chen laughed, he waved his hand, and said: "I'm sorry, this is very important to me too, but you guys can fight, whoever wins, can come and snatch it from me."

The six surrounding Divine Emperor still had lingering fears, and didn't dare to step forward for the time being. The capital war god was also angered by Long Chen to the point that his killing intent surged, but the thing he could not hold in his anger the most was still the evil demon.

"Sprite demon, stop this Gongzi of Jidu, I will snatch the divine child away!"

They were confident and understood that they had to quickly end the battle to snatch the Death Realm's Blood Beads. Otherwise, it would be even more difficult with more people. Their side had two The God Emperor of Perfections, so they were the most confident. Using one of the The God Emperor of Perfections to block the Jidu War God, that devilish spirit power that overflowed the heavens, directly killed Long Chen without saying a word!

It was another clash of The God Emperor of Perfection!

Long Chen sneered, although the other party might be stronger than Great Monarch Donghua, but his progress was already heaven defying. At the moment, he held onto the Heaven Smiting Sword with both of his hands, and the power of time revolved around him, causing his eyes to suddenly turn pure white!

Heaven's Eye, wishful eye!

Suppression, control!

On his left hand, a world turned into a gray thunder, possessing tyrannical power. It tore apart the heaven and earth, and broke through the endless clouds; this was the most terrifying rule of Chimei, a peerless killing move!

"Rebirth Tribulation!"

On his other hand, the hell world condensed into a venomous snake which coiled around his arm. That venomous snake had jade green eyes and it looked at Long Chen with interest, captivating him with its venomous mouth, causing people's hair to stand on end.

"Spirit Realm!"

His left hand was reborn from the tribulation, while his right hand was drawn by the ghosts. Seeing Long Chen being defeated by six Divine Emperor, she knew that his true cultivation was definitely above the Initial stage Divine Emperor. In order to quickly obtain the Death Realm's Blood Bead, he had directly tried to kill him!

"If you want to blame someone, then blame yourself for not understanding the situation!"

He sneered in his heart.

However, he did not expect that at this time, he would encounter the suppression from Long Chen's Heaven's Eye, causing the attack power of his hands to immediately decrease by quite a bit. At the same time, the wishful eye had directly struck at the heart, causing chastity's heart to tremble.

Just a little bit more and he would have almost destroyed his left and right hands!

"What terrifying rules!"

But he did not expect that it was actually one of Long Chen's side dishes. Right at this moment, Long Chen was in the middle of the feast, so he held the Heaven Smiting Sword with both of his hands, violently killing with a single slash!

"Sword of Time!"

The Sword of Time had always been fast and ruthless!

An illusory shadow.

It vanished in an instant!

A resplendent sword light flashed in the sky!

Pch!

The sword of time passed through him, penetrating through his lower abdomen. The tyrannical power of destruction of time rampaged through his demonic body, causing layers upon layers of bloody light and shattering the world tree!

If it were not for the fact that Chimei blocked him at the last moment, Long Chen would have penetrated his Heart of Rules!

Even if it was just one move, he was only one step away from death!

"You!"

At this time, the Demon Lord had actually only stopped the Jidu wargod, and had not really started fighting with him yet. The result of the battle with Long Chen appeared, when everyone saw use a single move, his sword pierced through devils, causing them to twitch on their own swords, causing their devilish powers to dissipate.

"Chimei!"

The Demon Sprite's face was pale white, he anxiously came down, but at this time, Qi Mei finally got rid of Long Chen's God Slaying Sword, flew out, and saved her life. The two Demon Emperors protected each other, looking at Long Chen with their extremely shocked eyes.

The rules of fate, uh, the rules of time, were all extremely profound and had the same level of strength. Because of the mysteriousness of the rules, Long Chen had achieved the effect of killing an innocent person!

"This person is so strong, his concealment is too deep!"

"If this goes on, we will die for sure!" "Let's do it!"

Just at this time, the two Demon Emperors held onto each other's hands, and the two of them quickly started spinning, their bodies actually merging together. When the Demon mist dissipated, everyone saw that it was a Demon Emperor with four heads!

On his thick shoulders, there were a total of four heads!

Such a scene was truly bizarre.

Even Long Chen himself was dumbstruck, he did not think that these two people would be able to display such a Heaven Realm Divine Art's rule. But this was actually not a rule, but rather, it was because of their race and bloodline, causing such an outcome.

Of course, after the fusion, the two's combat strength merged together and increased rapidly. Seeing this scene, the God of War narrowed his eyes and backed off immediately, bringing his God Realm warriors out of the battlefield, because he knew that Long Chen was the only one the evil spirits wanted to fight!

"You're very strong!"

"Such a strong person is worthy of us using such methods to deal with you!"

"The Death Realm's Blood Bead is ours!"

"You can't even imagine the capabilities of us brothers!"

One body, four heads, it seemed like four people were talking. It was really a mystery who was controlling the four bodies.

"Kill!"

This was an incomparably urgent matter.

"After encountering the evil spirits and evil spirits, even if he doesn't die, he will at least be heavily injured. Let them fight with each other, I will reap the benefits for myself." Gongzi of Jidu smiled lightly as he watched the battle from the sidelines. He had always felt that there were very few opponents that could match him in the The God Emperor of Perfection, but he never thought that Long Chen's strength would be at such a level!

"Just who is this person?"

At this moment, the evil spirits made their move!

Similarly, the Rebirth Sword Technique and the Spirit Realm skill's power had increased by at least three times! The effect of their combination was similar to that of the Heaven's Path Divine Art, and it had to be said that these two were quite troublesome to deal with. Since they dared to fight against the capital war god, they could tell that if it was Old Demon Tianxue, he would definitely not dare to fight against the capital war god.

The battle was about to begin!

Long Chen was extremely relaxed, his rules that went against the heavens and changed fate, was especially set against this kind of strange method. When the opponent rushed over, he had only created a rule that went against the heavens and changed fate, when the evil spirit touched upon the rule that went against the heavens, it actually shattered right in front of Long Chen with a loud bang!

Crash! \*

The energy he had gathered had completely vanished as well.

Everyone was stunned, because what appeared in front of them was actually four people. Each of them only had one head and their strength had all been pushed back to the realm of Initial stage Divine Emperor!

"AHH!" They became the Great, the Demoness, the Great Wang, and the Demon.

They stared at each other in shock.

"Seems like, this is the true appearance of the four of you?" Even he himself felt a bit depressed. In the Taiqing, everyone thought that the devilish demon spirits were two Demon Emperors with Perfection, but they never thought that they were actually four Demon Emperors with initial state!

The magic of ten thousand worlds was here!

The demons realized that Long Chen had rules for them to split up.

This was simply their natural enemy!

Originally, they thought that they could suppress Long Chen. Now, the four Initial stage Divine Emperors were unable to block one of Long Chen's attacks, and encountered the most terrifying panic in their

entire history. Thus, in an instant, the four of them looked at each other and hurriedly turned to flee, not thinking about the divine children and the Death Realm Blood Bead anymore.

From today onwards, whenever they met Long Chen, they would probably run away in fear!

In a moment, they were gone.

Now, the Divine Emperors that had followed him could not help but retreat once again, and did not dare to approach Long Chen. However, they knew that the Gongzi of Jidu would not give up on the Death Realm Blood Bead, as it was extremely important to him!

At this moment, the Gongzi of Jidu took a deep breath and said: "Do you know that our Jin Luan Divine Palace is the strongest power outside of the Taiqing Palace? My father, Great Emperor Changsheng, and my mother, are both Divine Emperors on the Divine Emperor Board. My father is ranked nineteenth, and my mother is ranked eighty-sixth! They were all the most outstanding people in the Divine Emperor. No matter how strong you are, there is no benefit in going against us."

Long Chen still hadn't left because he had injured Mo Xiaolang.

Otherwise, he wouldn't even bother to pay attention to this fellow.

After hearing that, he laughed and said, "What does that have to do with me? As you train in the path of battle, don't use these unorthodox techniques. If you have the guts, just fight with me. The Death Realm's Blood Bead belongs to the victor."

"Alright!" The capital war god had always been brave and fierce, but this was actually the first time he used his parents to suppress others.

"Actually, I know that you're the number one on the Immortal King Board, the Immortal Sword Magic Tower, Long Chen."

Suddenly, the Gongzi of Jidu laughed.

I didn't expect him to recognize me.

"In this Myriad Realms, you are the only Celestial King who is strong to this degree. But I reckon that you have not been the God King for a long time, but rather the Divine Emperor. Your rules are the weirdest, and it is said that you are a genius of the rules. You are not as legendary as you think! "

#### Chapter 2917 - Heaven Punisher Slash

On top of a mountain of clouds, Martial Immortal Ji Du held the Tiandu Trident with one hand, which had overflowing killing intent. His left hand was wrapped around the Herba Euphorbiae, and the dark green godly armor was shining brightly.

"It's different from the rules of battle on Xing Tian War God Star, but it's still very strong and fierce. Moreover, this fellow has the Life Code's rules of immortality, so he's indeed not simple. It is true that I have the qualifications to be arrogant with the parents of two experts from the Divine Emperor, but, this is not a reason that can scare me. "

The battle had already begun when their eyes met.

"You guys get out of the way, don't affect my battle!" As a result, the six Divine Emperor dodged. However, Long Chen took a glance at their movements, and should be notifying the so-called Great Emperor Changsheng s, the Great Emperor Yuehua s.

"It seems I have to end this battle quickly."

The God of War Ji Du was an outstanding figure in the The God Emperor of Perfection!

At the same time, it was also the opponent that Long Chen desired the most, especially the opponent's Tiandu Trident.

Weng! \*

The God Power erupted, the God Power cultivated by Hun Yuan's Infinite Divine Art had a berserk fighting nature! It even possessed a majestic life force! It seems like the opponent is also good at long-range combat!

"Duanyun!"

The rules of the battle.

Holding the Tiandu Trident in one hand, he channeled all the strength in his body into the Tiandu Trident, transforming in the vast clouds. It was as if he had completely merged with the clouds, making it difficult to see his movements clearly! However, that fatal sense of danger still descended upon them!

"As expected of the Taiqing's master, the environment used so well!"

The boundless clouds and mist seemed to have become the weapons of the war god of the capital.

But no matter what, his own brothers had been looked down upon, and he had to avenge this debt. It was fortunate that Long Chen arrived in time, if not, Mo Xiaolang would be in big trouble, at least the Herba Euphorbiae would be able to cause him extreme pain!

At this moment, the capital war god had attacked three times in a row!

Broken Cloud!

Cloud Piercer!

Extinction!

He seemed to have split into three clones, the Tiandu Trident attacked from three different directions, and regardless of whether it was its eyes or its divine might, it brought about a huge pressure. In the endless clouds, three divine images of the War God of War appeared.

"Under my trident, there are tens of thousands of dead souls. You are just one of them!"

The voice of the Warlord of Ji City had shocked all the surrounding areas!

Seeing that Long Chen was about to be buried under the trident, the six Divine Emperors couldn't help but become excited. It seems that even though Long Chen could suppress the evil spirits, he was still stronger than them, the Golden War God.

However, in the next moment, Long Chen held onto the God Slaying Sword with both of his hands, the power of time once again concentrated onto the ferocious sword, as time flowed endlessly, he condensed a sword. Compared to the majesty and grandeur of the capital's war god, Long Chen's sword seemed extremely petty, but it was not, he merely roared loudly, and the God Slaying Sword swept out!

Pop!

Time condensed into sword qi, it was ferocious and berserk, Hun Yuan's Divine Powers erupted, directly slicing apart all three of the Ji Du War God's Divine Shadows! The sword light rushed out, and before it dissipated, a cry of alarm could be heard. The broken divine image congealed into the appearance of the Jidu War God, and his hands that held onto the Tiandu Trident were still trembling. His face had already turned deathly pale as he looked at Long Chen in shock!

Most importantly, there was a deep sword mark on his waist!

That sword almost sliced him in half! Right now, only a small part of it was still connected, and the jade green blood was flowing out rapidly. The six Divine Emperor s turned pale with fright.

"One move!"

It was still just one move, fighting back against the war god of the capital!

However ...

The capital war god laughed. Of course he knew this was a failure! But he said, "I admit you're strong, but don't think you can handle me that way!" People of the Jin Luan Divine Palace, were born to be war gods! "

Just as he finished this sentence, Ji Du's body began to emit green light, especially on the wound on his lower abdomen. It was hard to imagine that his divine body could recover so quickly! It was practically similar to Long Chen's fire of life. In that instant, the wound seemed to have already healed, and Ji Du's face also became red!

"We of the Jin Luan Divine Palace, with the rules of longevity, we can trample all over the Taiqing. You will only be shocked!"

The capital war god was most satisfied with his rule of longevity!

"It's time to end this!"

In truth, it was precisely because of this Eternal Law that he was known as the Immortal Battle God! Fighting with him was simply a nightmare!

It was because of this that Ji Du had always been so confident of himself!

Under the law of longevity, when he had already completely recovered, not a single opportunity was given to Long Chen. This time, he used two divine artifacts at the same time! Of course, this time he had become a Herba Euphorbiae first!

Long Chen was indeed unable to dodge it, like Mo Xiaolang, he was unable to avoid it, and just like him, he was unable to avoid the Herba Euphorbiae. When the Hun Yuan level Herba Euphorbiae wrapped itself around his body, he finally felt the kind of pain Mo Xiaolang experienced previously, this feeling was too stimulating!

When the Herba Euphorbiae succeeded, he let out three loud laughs. On one hand, he was controlling the Herba Euphorbiae, and on the other, he was activating the strongest state of the Herba Euphorbiae. On the other hand, he was holding onto the Tiandu Trident with both hands!

In that moment, what appeared on the body of the Ji Du War God was a thick divine power, he rushed straight into the body of the Tiandu Trident, using the Herba Euphorbiae to bind his opponent, at the same time bringing extreme pain to his opponent, he also gave his opponent an absolute move. This was his usual fighting style, the coordination of these two Creation Divine Equipment had reached the limits of the Ji Capital War God, even if Tian Shenwushuang faced with such an attack, he would probably die!

"Heavenly Demon Slash!"

All of his power was channeled into it, and the silver Tiandu Trident erupted with an incomparably bright silver light, piercing through the layers of clouds. The capital war god soared into the sky, reaching the endless sky, and only then did he finally descend in shock!

One slash!

In that moment, a silver crack had been torn open in the sky of the Eternity world. The Heaven Punisher Formation had descended before Long Chen, and logically speaking, Long Chen should have lost all of his power by now. He should have been exterminated by the Battle God Ji in the midst of the pain brought by the Herba Euphorbiae.

"Kill!"

He must snatch back the Death Realm's Blood Bead!

The one he was most confident in was actually the Herba Euphorbiae.

Below the Herba Euphorbiae, he could not endure that kind of pain.

But at this time, he felt his vision go blurry!

The flame that was born from Long Chen's body, and the jade green flame, what was that?

"The Eternal Law!" "Why do you know the rules!"

He saw with his own eyes that Long Chen had ignored the attacks of the Herba Euphorbiae, and his entire body was unscathed. The green flames contained a boundless life force, and wherever it went, the slight wounds on Long Chen's body that were caused by the Herba Euphorbiae began to heal in an instant.

Logically speaking, Long Chen's divine body should not be weaker than his. The more powerful he was, the harder it was for his higher level divine body to recover.

But at this moment, the truth was right in front of his eyes.

Long Chen would make a rule?

Wrong, the rules of life and the rules of longevity are not the same. The rules of life cover a much wider area than the rules of longevity, and are even more mysterious and magical than the rules of longevity!

And then, the Ji Du War God actually saw Long Chen directly use his hand to rip apart the control of the Herba Euphorbiae. The Herba Euphorbiae was held in Long Chen's hand, and the Ji Du War God was unable to dodge it for a moment! Actually, Long Chen was the one who was using the power of the Edicts of Life to contend against the other party!

"Die!"

The Herba Euphorbiae's defeat made Ji Du Martial Immortal's heart fall into despair. He placed all his hope on the Heavenly Capital Evil God Slash, and now with a roar, he furiously slashed down!

At that time, Long Chen was still unhurried. Just as the Heavenly Capital Slash descended, his Demon Suppressing Pagoda finally made its move, and from top to bottom, stood in front of the Heavenly Capital Slash. This way, even War God of War could clearly see the Extinct Dragon Seal!

Two words that he could not understand.

The eight divine dragons, made up of their bodies, were ancient and terrifying. The Tiandu Trident of the Ji Du War God hacked onto the Demon Suppressing Pagoda in that instant. The vigorous force really did make the Demon Suppressing Pagoda fly out and disappear in the blink of an eye!

But! Long Chen was completely unharmed.

The fire of his life raged, enveloping his entire body.

Even if he was able to fend off a portion of the's damage, he wouldn't be able to fend it all off. At that moment, the Dragon Seal of Extinction passed through the Demon Suppressing Pagoda and deeply imprinted itself onto his primordial spirit, causing him to feel like he had been struck by lightning. In an instant, he lost his intuition and floated into the air, staring blankly at the sky with his big eyes wide open!

"You've lost."

Long Chen held down the Herba Euphorbiae tightly. He liked this item a lot, if used properly, it would be able to display a strong effect, and he was even unwilling to return it to the capital war god.

The outcome would be decided.

God of War Ji had suffered a crushing defeat.

The six Divine Emperor s who were watching the battle were simply stupefied. Only when they saw that the Ji Du War God had lost his sanity did their hearts completely panic. This time around, not only did they not obtain the Death Realm's Blood Bead, they had even caused the Ji Du War God serious injury! This

They didn't dare approach Long Chen and could only watch this scene in a daze.

Long Chen was straightforward, and now, he could be considered to have taken back the debt that they deserved. The God of War Ji Du had just lost his consciousness due to the of Extermination.

"The Death Realm's Blood Bead is moving. I need to leave quickly." When he thought about it, Long Chen was just about to leave. He took a glance at the Herba Euphorbiae in his hands, who was still struggling in his grasp. After thinking about it carefully, he suddenly smiled and said: "Fine, this can be considered as my reward for defeating you.

Of course he knew that Ji Du wouldn't be able to hear these things.

But, the six Divine Emperor s will tell him!

"You cannot take away the Herba Euphorbiae. Those are the treasures of my Jin Luan Divine Palace!" One of the Divine Emperor s was about to cry.

Long Chen could not be bothered with him and directly advanced forward, in a moment he disappeared from their sight, leaving behind the six Divine Emperor s who wanted to cry but had no tears, and so they hurried to inform Great Emperor Changsheng.

As for Long Chen, he had to find a place to take out the Death Realm Blood Bead. That way, he would have the qualifications to enter the Death Realm.

"That Death Realm. Is it really the Primordial Blood Dragon's Death Realm? "

## Chapter 2918 - Blood Beads in Hand

Long Chen spent an entire day's time and almost used all his strength to rush there, leaving the area where he had taken the Herba Euphorbiae and the Death Realm's Blood Bead.

"This Taiqing is really big. After travelling for a day, it seems like it's easy to travel a long distance. Quickly bring me to most of the places, I haven't been able to go there."

The first thing he had to do now was tame the Herba Euphorbiae.

The Herba Euphorbiae had been struggling in his hands for a long time, so maybe the Great Emperor Changsheng would have a way to track it. If he could suppress it as soon as possible, then it would be the best Creation God Equipment he had.

"Right now, I can completely suppress two Hun Yuan level Creation God Manifestation Weapons, even if there is a war god in the capital who can use two, and Xing Wuji can also use two. I should be able to simultaneously master three Hun Yuan level God Creation Weapons, although it is a bit difficult, but the power will definitely be greater."

With this thought, he began to act.

Actually, the most important thing was that he liked the Herba Euphorbiae from the beginning.

"The rules of life and karma are still in a state of stagnation and without any progress. If only I could find some new ideas from the Herba Euphorbiae."

Rules were the most important to him. Right now, he spent most of his time trying to figure out how to perfect the rules. It was his first time using Extinct Dragon Seal, but right now, there was actually a huge difference.

After he successfully escaped, he grabbed onto the Herba Euphorbiae that was twisting like a snake and began to suppress it!

His will had entered the world of Herba Euphorbiae. It was an incomparably vast world of life, filled with endless jade-green forests, and the entire world contained a boundless amount of vitality. However, the moment Long Chen entered, a gigantic jade-green snake appeared before his eyes!

It was an incomparably huge long snake, and Long Chen was extremely small in front of him. This entire world was actually a part of this long snake, and those forests were merely the fur on his body.

Because Long Chen snatched him back from the capital war god's hands, this long snake held a very strong enmity! He had belonged to the Jin Luan Divine Palace for too long and accompanied the Jidu War God, so it was actually rather difficult for him to submit to Long Chen in such a short period of time.

Unless wargod Ji Du died.

For example, when Great Monarch Donghua passed down the Immortal Sword Demon Pagoda to Long Chen, Long Chen still hadn't been able to grasp the power of the Immortal Sword Demon Pagoda.

The Ji Du War God did not let Long Chen inherit the Herba Euphorbiae!

It was something that Long Chen had snatched away!

The Good Fortune Heroic Spirit had a very strong intelligence.

For example, in the Battlefield of Divine Devil, if the Shooting Sun God Bow were to lose to Long Chen, they would be more willing. But now that they had learned from Mo Xiaolang, it seemed like they wouldn't be as hopeful for the original owner to win them back.

The Herba Euphorbiae had extremely strong enmity towards the Creation Heroic Spirit. It knew that Long Chen couldn't compare to the Jin Luan Divine Palace alone, so it decided to not submit to Long Chen. The moment Long Chen entered, it started to fight with Long Chen!

Such a huge long snake was about to swallow Long Chen.

It was at this time that Long Chen turned into a Taiji Creature Dragon in front of him!

Fifteen dragon heads descended with majesty.

No matter how unwilling the Herba Euphorbiae was, it had no choice but to crawl on the ground and tremble in front of the ancestor of his life. He never expected that Long Chen was actually such an existence!

"The reason why I tamed you was to give you a better opportunity. The Jin Luan Divine Palace has restricted your development. I have a stronger understanding of life than the gods in Jin Luan Divine Palace! Therefore, I am your most suitable master! "

Long Chen's fifteen dragon heads spoke out at the same time.

Before Taiji Creature Dragon appeared, it was impossible for Herba Euphorbiae to submit.

But after it appeared, the aura of the Ancestral Dragon made the Herba Euphorbiae feel as if it had seen the ancestor of all things, as if it had seen its ancestors.

At that moment, Long Chen's fire of life, was burning on the Herba Euphorbiae s, on their bodies.

"This is the true power of life!"

Under the burning of the life flame, the Herba Euphorbiae felt like it was drunk. Not long later, the Herba Euphorbiae forgot about the capital war god and submitted to Long Chen, becoming the third Hun Yuan grade Creation God Equipment that Long Chen used.

"Very good."

In the future, when the Immortal Sword Demon Pagoda and the Herba Euphorbiae were added together, his strength would be even stronger.

The Herba Euphorbiae still had many secrets, he had to carefully excavate them in the future. Since he had snatched them away, Long Chen naturally had to be of great use.

"Next, is the Death Realm's Blood Bead."

After the Herba Euphorbiae s were done, he packed up the Death Realm's Blood Bead and prepared to head to the Taiqing Palace.

In the God Nation, the divine child was imprisoned by Long Chen in a sealed space. Long Chen brought him out and coincidentally, Herba Euphorbiae s came in handy, he wrapped the divine child around him and didn't let him feel pain. The child in front of him cried until his eyes were red. Don't listen to others' nonsense. I am a human, not a rule. The Death Realm Blood Bead you all are talking about should be on me, but I am a living person. Big brother, I beg you, please don't kill me. "

This child's crying appearance truly made one's heart ache.

Long Chen also had children, so he was dazed for a moment, and did not directly take action.

In the Divine Kingdom, the girls also looked at each other. They didn't know what was going on, but from their eyes, they seemed to believe in this child prodigy. Their faces were also full of heartache.

"Maybe old demon Tianxi lied to us."

"It might have been that Daofather who lied to us." How could such a cute child be just a rule? "

Everyone started talking at once.

Long Chen was silent for a moment, then asked: "I don't have to kill you, but I have to take away the Death Realm's Blood Bead on you, believe me, after I take it away, I guarantee that you will be fine, what do you think?"

If this child prodigy was just a single rule, Long Chen could only say that the Daofather was simply too powerful, to the point that he could create lifeforms that were no different from normal children.

Long Chen used the rules of life to observe his life and discovered that he was no different from an ordinary god.

This thing is very special. If you take it away, it will also take away my life, but I can try it myself, big brother, I beg you to give me this chance. I want to live on, but my mother and father are still waiting for me to return home!

Long Chen was carefully listening to what he said.

"In other words, you want me to let go of your hands and feet? Let you do it yourself? "

Honestly speaking, just what kind of beast was the Death Realm's Blood Bead? Long Chen immediately attacked. It was truly difficult for Long Chen to determine whether this was just a rule or not. He could not kill an innocent child, so he, who had never hesitated when it came to killing, suddenly hesitated.

In fact, it was the same for Mo Xiaolang previously. If he had not met Mo Xiaolang just now, he would have immediately attacked. By the time the Capital War God arrived, he would have already obtained the Death Realm's Blood Bead.

However, once they let go of him, who knew if what the child said was true? He had once suddenly disappeared before Long Chen's eyes.

If he was allowed to run, it would be even more difficult to catch him.

"Please don't listen to him!"

At this moment, a voice sounded from the distance.

Was this the voice of that old demon?

"Why is he nearby?"

Long Chen had to hide far away in order to tame the Herba Euphorbiae.

His eyes were incomparably envious as he looked at Long Chen, and said while clicking his tongue, "It was destined that you and I would meet. When I first heard that the Death Realm's Blood Bead was taken by you, I prepared to head to the next area to search for the new Death Realm's Blood Bead. It's only been a day, and I've met you again!"

Long Chen controlled the divine child, and asked with narrowed eyes: "What, you want to fight with me for it?"

Sensing Long Chen's killing intent, Old Demon Tianxue was so scared that he shrunk his head and said: "How is this possible, I, you alone defeated the Demon Enchantress, causing her to reveal her true face, and at the same time defeated the capital's War God of War, stole her Herba Euphorbiae, thus obtaining the Death Realm's Blood Bead. The news about you has already spread, and it seems like the entire Taiqing is looking for you."

Long Chen naturally knew that after defeating the capital war god, he would be famous in the Taiqing.

Who would have thought that it would be so soon? It had only been a day.

"I don't want to die, of course I won't steal your Death Realm's Blood Bead, but since we are so fated, there are two things I need to tell you."

"Go ahead."

Everyone will want to snatch your Death Realm Blood Pearl. You even defeated the capital war god, defeated him, and even stole the Herba Euphorbiae, which violated the Jin Luan Divine Palace. It is said that the Great Emperor Changsheng and the Great Emperor Yuehua were furious on the spot, and claimed that they would find you, and cripple you. The two of you are on the Divine Emperor's leaderboard, and it's true that the Jin Luan Divine Palace has almost all appeared, so they're looking for your revenge. If you want to live, then think of a way. That is my first point. "

This was actually within Long Chen's expectations.

Opportunity and risk had always coexisted.

"Thank you very much. What's the second matter?" To be able to kindly remind him of his defeat, it actually gave Long Chen a good impression of him.

Let me tell you, in the beginning when the Death Realm opened this matter, a lot of people were fooled like you. As long as the restrictions were removed, this child god would immediately escape, and he would be able to change his position at any time, making it so that you will never be able to find him again for the rest of your life. Listen to me, quickly kill him and take the Death Realm's Blood Bead

away. Otherwise, he would find a way to escape on his own. Everyone in the Taiqing knows about this matter, so if you don't believe it, just go and find someone else to ask. "

Looks like what he said should be true.

"I'll be leaving first." As he spoke to here, Old Demon Tianxue rolled his eyes and took large strides away.

"Big brother, don't listen to him. He lied to you. Don't kill me!" The divine child panicked and began to cry.

Every expression was very real.

Long Chen said: "I'll just ask a few more people to see if it's true or not. However, I believe that nothing will happen to you after I take away the Death Realm's Blood Bead. Don't worry, I'll give it a try. "

Long Chen's words had completely terrified the child prodigy.

He immediately began to cry loudly.

Long Chen knew that this was not the time to hesitate or act cutely. He roughly knew where the Death Realm Blood Bead was, and the moment his dragon claw pierced into the divine child's body, a terrifying repulsive force came from the child's body. The blood Qi rolled and stained Long Chen's fingers, and the child in front of him instantly turned into a cloud of blood.

"Old Demon Tianxue is right, this thing is indeed lying to me!"

Long Chen stretched out his hand and grasped onto something that was overflowing with blood energy. A familiar feeling descended.

Old Demon Tianxi ran wildly for half a day.

When Long Chen was no longer behind him, he heaved a sigh of relief and said: " Long Chen's position to the Great Emperor Changsheng, quickly!"

## Chapter 2919 - Moonlight Longevity

Death Realm's Blood Bead was not hard at all, but it was a little soft, like a ball of dough.

There was a touch of skin.

When Long Chen held the Death Realm's Blood Bead, the surrounding fog that was formed by the laws suddenly dissipated.

For the time being, they had tacitly agreed that the owner of the Death Realm's Blood Bead was Long Chen.

But what shocked Long Chen the most was still the message that was transmitted from the Death Realm's blood bead.

In that instant, Long Chen's eyes reddened. He saw an endless world, engulfed by that scarlet aura of death. It was quiet and terrifying, and he felt a sense of connection with Long Chen through blood.

"That's right, it's almost certainly the world where the Primordial Blood Spirit Dragon was lost. I, the Death Realm's Dragon Gate, can open the door to this world. It's just that I can't enter through the Death Realm's Dragon Gate myself. "

Long Chen told the news to everyone.

"In that case, we have to make a trip to the Death Realm." Mo Xiaolang was not worried. He knew that this was Long Chen's world and if he were to enter, he would have a huge advantage over anyone else.

"Since Di Jun is number one on the Divine Emperor, we need to go in and hide. When the time is right, you can end this grudge with him. " Ling Xi said.

Basically, everyone had the same goal.

Long Chen squinted his eyes, feeling the feeling from the Death Realm Blood Bead. That feeling of death was indeed the aura of the Death Realm, and was the same as the Primordial Blood Spirit Dragon's power.

The Death Realm Blood Bead was like a heart, beating gently in Long Chen's hands.

"Then, let's start moving towards the Taiqing Palace. Just be careful on the way. Along the way, we'll understand the details of the process of opening the Death Realm this time. "

Right now, there were only four Death Realm's Blood Beads appearing, and it should have been at the start. Long Chen getting the Death Realm's Blood Bead so quickly, was lucky, and had grasped the initiative just like that.

"Let's go."

He brought the billions of lives in the Divine Kingdom, heading towards the Taiqing Palace in total.

In truth, the people of the Divine Kingdom had already adapted themselves to the life there. To them, this was already a home. Especially after coming to this Eternity world, their cultivation had grown even more powerful. Even though many people had obtained the power of a god, in their eyes, Long Chen was now an existence similar to the creator of the world.

What he wanted was to rebuild the Dragon Sacrifice Continent, to rebuild the glory of the Dragon Sacrifice Continent! Let all descendants of dragons have a true home of their own!

It was his passion and ambition.

From the Gods and Demons that were walking along the road, as long as he used the wishful eyes, he would be able to easily find the specific location of the Taiqing Palace.

Along the way, there were countless creatures.

The Death Realm Blood Bead was the key thing, Long Chen had already hidden it well.

The Herba Euphorbiae had completely submitted to Long Chen, and became Long Chen's third Hun Yuan grade God Manifestation Weapon. Long Chen realized that even if he had to bear the burden of three

Hun Yuan Level God Manifestation Equipment, he actually still didn't have much pressure. He even had to bear four burdens.

His primordial spirit and strength were both strong enough!

"I wonder what the three Daofathers' Eternity treasures are at Death Realm! Once I advance one more level, I will be able to control the treasures in the Eternity and my strength will greatly increase. Only then will I be able to challenge Di Jun! After all, he had quite a few treasures of the Eternity! Only those three Daofathers would be able to do anything to Di Jun within these three levels. "

In the blink of an eye, Long Chen was already someone who could be compared and matched against these frightening people.

This in itself was a miracle.

"When I become a real Divine Emperor, or even become a Sovereign God, it won't be a problem for me to control the Origin Dragon Palace! The Origin Dragon Palace is definitely not as simple as it is now! "

If they knew that Long Chen had a Manifestation Divine Weapon of the ninth level origin level, even the top existences in the myriad worlds would go crazy under the pressure from the Pangu Continent's Ancient God of the Wilderness and the Heavenly God Realm's Emyrean Gods.

In their hands, they might not even possess a Creation Divine Artifact of the origin level!

Long Chen was advancing at a high speed.

Suddenly, he felt something amiss.

There were people approaching him, and there were quite a few of them!

He suddenly stopped in his tracks, the other party's speed was too fast, completely surpassing his. This was a person who was truly faster than Long Chen! Even if he ran for his life, it would be useless.

The other side had already reached him.

Not just one person.

Behind him and to his side, there was already a pressure that nearly suffocated Long Chen!

Hierarch Shen would never be able to deal with Long Chen, even if he was suppressed to such an extent. The person who would have difficulty escaping right now was definitely the Extreme Realm Divine Emperor. Someone on the same level as Di Jun!

Right now, Long Chen could contend against Divine Emperor s of the Perfection.

Sou sou!

In the blink of an eye, two gods appeared on Long Chen's left and behind him. They had completely sealed off the direction in which Long Chen could escape in, and at the same time, they had absolute confidence in themselves.

It was a man and a woman.

The man was unrivaled, while the woman was peerlessly beautiful.

The man wore a jade green robe, on it were precious Chaos Treasures s, and the woman was even more exaggerated. She was already a peerless beauty, her entire body was flawless, yet she brought along a plethora of jewelry, shining with light.

The two of them had even more majestic life auras on their bodies than the Jidu War God, and they were even stronger than Long Chen. To be able to obtain such accomplishments and were so similar to the Gongzi of Jidu, Long Chen could easily guess who they were.

In Great Emperor Changsheng, it was said that he was ranked nineteen on the Divine King List.

His wife, Great Emperor Yuehua, was also a part of the Divine Emperor's rankings, just a little behind.

There were countless Divine Emperor in the ten thousand realms, and only a hundred could make it onto the Divine Emperor's leaderboard. From this, it could be seen that their battle power was simply beyond the level of ordinary Extreme Realm Divine Emperor s. Especially that Great Emperor

Changsheng, he was the creator of the number one power under the Taiqing Palace, the Jin Luan Divine Palace! He should be a character that was infinitely close to Di Jun!

"You are Long Chen?"

Before Great Emperor Changsheng spoke, he looked down at Long Chen from above and spoke with an indifferent tone. In fact, he was already forcefully suppressing his anger.

Not only did the other party injure her son, he even stole the Death Realm's Blood Bead and Herba Euphorbiae s. This simply did not put the couple in a serious situation, and by doing so, not only did he humiliate the capital's war god, he also humiliated the Great Emperor Changsheng and the Great Emperor Yuehua. When they saw Long Chen, they did not tear him apart, but they were already defending the image of strong warriors.

After their arrival, there were still other Divine Emperor s who came one after another. All of them were from the Jin Luan Divine Palace, and there were countless of experts.

"The power of this Jin Luan Divine Palace is indeed very strong." Other than the Great Emperor Changsheng s, there were actually two more Extreme Realm Divine Emperor s. This was something that Long Chen could not deal with. There were a total of no more than twenty Extreme Realm Divine Emperor s in the Taiqing. There were a total of four in the Jin Luan Divine Palace, and there were even two on the Divine Emperor Board.

In fact, what Long Chen did not know was that, in the Great Emperor Changsheng, other than the Daozu Taiqing, he was the third strongest person!

He was the one behind Long Chen.

"Old Demon Tianxi?" Among the teams of the Gods in the Jin Luan Divine Palace, Long Chen even saw Old Demon Tianxi. He chuckled to himself when he saw, as if he didn't know anything about the situation today.

"He must have told this Great Emperor Changsheng of my whereabouts." Long Chen laughed helplessly, he had thought that Old Demon Tianxi would be someone who would help him like the Darkstar Divine Emperor did. Since he had done this, it could only be considered a pity.

"Are you scared silly? I've finally found you. You don't know, in order to find you, we used the same Hun Yuan level hongmengxinling as a reward. "Then this thing will go back to the heavens." Great Emperor

Yuehua slightly frowned. As long as she slightly moved, the jewels on her body would shine with a beautiful light. Under this light, she seemed even more beautiful and holy.

At this time, Long Chen was completely surrounded.

"Little friend Long Chen, I've helped you so much, it's not too much for you to help me with one too. Today, I'll just treat it as a gift from you. See you later."

Old Demon Tianxue felt guilty for being a thief. After taking the items, he quickly left.

"Just treat it as a gift. If I were to take it with my life, I'm afraid I wouldn't be able to enjoy it."

Old Demon Tianxue had only walked halfway when Long Chen's voice made his whole body tremble.

"You still dare to be arrogant!"

Great Emperor Yuehua scolded.

The Great Emperor Changsheng at the side waved his hand, and then spoke. His jade green eyes stared at Long Chen, and just the pupils of his eyes were profound, as though every eye was a world full of vitality. The majestic life force was extremely rare, but the pressure that accompanied it was unbearable for Long Chen!

"Long Chen, we have nothing to say to you directly defeating our son, but you stole our child's Herba Euphorbiae, that is not in accordance with the rules. Today you have landed in our hands, and will first return the Herba Euphorbiae, and then hand over the Death Realm's Blood Bead. As for the other matters, I can let you off. "

Great Emperor Changsheng probably felt that since his son had lost, it was already shameful for them to seek revenge when their group of people came out to seek revenge. But Great Emperor Yuehua did not seem to think like that. She immediately said: "No, it's not that simple a matter, he had actually injured me so severely. As my parents, if I do not teach him a lesson, how can I vent my anger? This time

around, Ji Du has received a great deal of impact, so we must severely punish this thing which is not as high as the sky and the earth. "

Although the Great Emperor Changsheng was unwilling to be so lacking in grace, but seeing that the Great Emperor Yuehua had made up his mind, he did not stop him. If he didn't let her vent her anger, it would take a long time for him to calm down.

"Do you want to do it yourself, or do you want me to do it for you?" Great Emperor Yuehua's eyes were silver, and so even with two sharp swords, what she cultivated wasn't the rule of longevity, but in terms of lethality, it should be rather fierce, which could be seen from her personality.

Even if Long Chen had reached the realm of The God Emperor of Perfection, he would still not be his match. The other party was able to so casually gift Hun Yuan with a level of hongmengxinling, with the cultivation and rules of tens of millions of years, it was very normal for him to be able to suppress the current Long Chen.

Double suppression.

Long Chen felt as if there were two huge mountains pressing down on him, causing him to be unable to breathe.

"Do you want to do it yourself, or do you want me to do it for you!" Great Emperor Yuehua roared once again, that sound was too loud, it was so loud that it was terrifying, and wanted to tear Long Chen's head apart.

The other Gods could not help but look at Long Chen with pitying gazes.

"This guy is too daring, he dares to even touch War God Ji, it's fine if he touches it, but he even snatches the Herba Euphorbiae, it's really ..."

While they were discussing, Long Chen actually stretched under the pressure, and said indifferently: "My son was beaten up, and both his parents appeared at the same time, that's all the people in Taiqing have, truly shameful, these kind of words, I feel that it's a pity, that this kind of person doesn't have the qualifications to be my opponent, I actually spent a lot of effort to beat him up, it's really not worth it."

## Chapter 2920 - Endless Divine Palace

"You!"

Long Chen was about to die, it was fine if he did not kneel down and beg, but on the contrary, one sentence was enough to make Great Emperor Yuehua so angry that his head would explode.

Originally, when her son had been defeated and lost his Herba Euphorbiae and Death Realm's blood bead, her heart had been tormented for a while and she swore on the spot that she would cut Long Chen's body into ten thousand pieces.

Finally, Long Chen was caught.

Even before humiliating him, he had actually humiliated himself!

How could there be such a bold person in the world?

"Impudent!"

Great Emperor Yuehua's beautiful face changed color in anger, this could be considered a fit of rage.

The surrounding divine spirits could not help but have a headache. They had gained a new understanding of Long Chen's courage, but they felt that Long Chen was very pitiful. It was because they knew what kind of existence the Great Emperor Yuehua was. Her temper was well-known to be explosive.

Just as the Great Emperor Yuehua was in a rage, an astonishingly beautiful woman suddenly appeared beside Long Chen. This girl was actually pregnant, and the moment she appeared, she immediately grabbed onto Long Chen's hand, who knew that this woman was actually a Divine Emperor.

Ling Xi's appearance shocked the furious Great Emperor Yuehua for a bit. She had always loved beauties, so whenever she met a beauty that she could notice, she would pay special attention to her. Ling Xi's temperament were extremely similar to that of the Sphinxes;

"Farewell, everyone."

Long Chen suddenly waved his hand and laughed coldly.

"They're trying to escape!"

Great Emperor Changsheng felt Ling Xi's miraculous laws, so he suddenly opened his arms and a terrifying force engulfed towards Long Chen and Ling Xi.

Right at this moment, the Revolving Star Passage Technique was unleashed, and before the Great Emperor Changsheng's power could descend, they disappeared.

"Over there, chase it!"

The cries of the Great Emperor Yuehua spread throughout the world.

A single transfer wasn't too far off. After all, there wasn't much time to prepare.

Thus, Great Emperor Changsheng quickly found out the direction that Long Chen and the others were in.

They furiously chased after him.

"Old Demon Tianxi, what a coincidence."

With just a single move, he had encountered the fleeing Old Demon Tianxue. He was the only one here. His four concubines were probably all within his Divine Kingdom!

Old Demon Heavencraft was happily leaving. After obtaining this, his mood was simply wonderful.

But he didn't expect that Long Chen, who should have been killed, would actually suddenly appear in front of his eyes.

At that moment, his expression could only be described as wonderful.

"You! "You!"

He knew what would happen if he met with Long Chen again.

However, how was this possible?

How could he appear here surrounded by the Great Emperor Changsheng?

This was simply like a dream!

The reason he dared to tell Jin Luan the location of the divine hall's Long Chen was because he knew that Long Chen would definitely be killed by the furious Great Emperor Yuehua.

"I what?"

The Great Emperor Changsheng had not come yet, but Long Chen was not in a hurry.

"Die!"

In a moment of anxiousness, Old Demon Tianxi suddenly took out the Destiny Talisman, which was about to expand and suppress Long Chen! This was the only thing he could do!

"Humph!"

In an instant, Long Chen still owed Ling Xi, but his other arm suddenly turned into a dragon claw as an Extermination Dragon Seal appeared in his palm! The eight blood-colored dragon roared, and their imposing manner overflowed into the heavens. At the same time, Long Chen's eyes flashed, and the Heaven's Eyes of Destiny and the wishful eye were activated at the same time.

Old Demon Tianxi was simply too nervous.

This time, he was too terrified, and his mind was momentarily lost. He was suppressed by the rules of fate, and before he even completed unleashing the Destiny Talisman, Long Chen's Extermination Dragon Seal had already struck his chest.

The outcome of the battle was decided!

Old Demon Tianxue let out a stuffy groan as his soul was destroyed and dissipated. In the end, Long Chen still didn't kill him.

"Looks like I'll let you off this time on your behalf. If there's a next time, I'm dead for sure." Long Chen whispered into his ear.

Without Long Chen's ability to destroy the Dragon Seal, for a very long time, Old Demon Tianxi could only hide and recuperate. Just like now, he quickly passed out and entered into a state of false death!

In the last moment, he saw Long Chen's eyes. It was killing, he regretted it.

"This is your punishment."

It was a medicine similar to Lingzhi. It was not clear what it was yet, but when Long Chen placed it in the Divine Kingdom, Great Emperor Changsheng was the first to catch up.

"Too late."

Just as Long Chen said those two words, Ling Xi once again used Stellar Transposition and disappeared from Great Emperor Changsheng's sight! The next step was the continuous Stellar Transposition, only until Ling Xi was a little tired did she stop. However, the distance between them was too far, so Great Emperor Changsheng and the rest probably wouldn't be able to catch up.

Completely out of danger.

"That was close." This time, if Ling Xi did not have the ability to defy the heavens, she would be dead for sure. This Revolving Star Passage Technique was actually Long Chen's ultimate move against Di Jun. If the opponent he had encountered today wasn't too strong, he wouldn't have been exposed in front of the crowd. After he had been exposed, if Di Jun had heard about it, he might have already prepared a method to break it.

There were countless rules in the myriad worlds, and the Revolving Star Passage Technique was terrifying, but there was always a way to break it.

If he found out that method and was face to face with Di Jun, it would be hard for him to escape.

Therefore, although Long Chen appeared to be relaxed, he was actually still feeling a bit pressured.

"Since even the Great Emperor Changsheng today is this terrifying, then Di Jun has even more methods. Moreover, don't forget, he is the one who truly knows the laws of space. In terms of Stellar Transposition, Ling Xi might not be as good as him, so we need to enter the Death Realm as soon as possible. "

Although Di Jun did not approach, the danger that he brought to the crowd was getting bigger and bigger.

Long Chen could not make the slightest mistake.

Who knew how marvelous the spatial laws of Di Jun were? If the Diremonster was the overlord of time, then Di Jun was the ruler of space. And everyone lives in time and space.

"Heavenly Devil of the Era!"

Thinking of the Death Realm, thinking of the Heavenly Demons of the Era.

Long Chen looked at the vast sea of clouds and remembered an scene from the Endless Divine Palace.

"Back then, when I swallowed the Heavenly Demon, he said that he would return. He might be inside the Death Realm, but I actually want to enter the Death Realm!"

Thinking of the Heavenly Demon Genesis, he didn't feel too comfortable.

He had only been lucky when he had defeated him.

So far, out of the few opponents that Long Chen had met, the three were the most terrifying. They were, respectively, the City Lord, the Sky Demon and Di Jun. Of course, although City Master Bastard was weak, he was indeed quite frightening to Long Chen at that time.

"No, that's not right. He's just a Divine Emperor. Maybe he's far inferior to me right now!"

After understanding this, Long Chen's heart finally cleared up.

He and Ling Xi rested for a while before they headed towards the Taiqing Palace.

Long Chen completely disappeared from Jin Luan's sight.

It was said that after Long Chen escaped, the Great Emperor Yuehua was so angry that he destroyed many clouds. Luckily the Great Emperor Changsheng protected the living, otherwise, at least a hundred million people would have died.

"Oh right, he took the Destiny Talisman and the 'Heretical God Ganoderma lucidum'. The Heretical God Ganoderma lucidum belongs to that fellow Huo Yun and it lost to us, so he sent a message to Huo Yun. I have help, let him capture Long Chen! Tell him, once he captures Long Chen, give him everything on his body to him! "

On a certain day, in the Jin Luan Divine Palace, the excited voice of the Great Emperor Yuehua could be heard.

In the following months, Long Chen was safe and sound.

The Jin Luan Divine Palace was indeed still placing bounties on the ground to kill him, but Long Chen was already very careful.

Actually, the reason the Jin Luan Divine Palace didn't go out to look for him like last time was because they had more important matters to attend to.

That was, other Death Realm Blood Beads had already appeared in all parts of the Taiqing. Other than the Taiqing Palace, there were only a total of ten slots. Therefore, not a single one would come out and fight for it.

Many Extreme Realm Divine Emperor were fighting for this spot.

Jin Luan Divine Palace would steal a lot every time, but this time, they already had a Death Realm Blood Bead on their hands.

"Actually, the opening of the Death Realm is very unfair. The Taiqing Palace has a total of ninety slots and the others are fighting for a total of ten. Furthermore, the Taiqing Palace was directly distributed, there is no need for us to snatch them. "

Yang Lingqing and the others began to discuss with each other.

This was originally something from the Taiqing Palace, so for them to be willing to take out ten of it, can already be considered to be very generous. "The same goes for the other upper and lower levels."

The Death Realm opened it several times, but every time there was a Eternity treasure, it was never given to anyone else. Even if there was a strong practitioner amongst the outsiders, it would be inferior to the experts of the three Heavenly Palaces. Furthermore, the strongest person every time was still from the three Heavenly Palaces.

In fact, this was normal, because the Three Great Heavenly Palaces themselves represented the most powerful combat strength here.

Instead of chasing them, Long Chen successfully reached the heart of Taiqing.

"Ahead of us is a very large region that mortals cannot reach. Only the divine gods are allowed to live in this place, and the Taiqing Palace is located at the very center of this place. For such a large region, the name of the place shall be 'Endless Divine Palace'."

As far as the eye could see, it was an endless stretch of clouds and mist, filled with the palaces of the gods.

This was the Taiqing's holy land!
