

## War God 2921

### Chapter 2921 - Sky Cloud Fire World

The Endless Divine Palace covered a very wide area.

This was the place with the densest 'three-clearing zhenqi' in the Taiqing. Because of its density, when mortals came here, the three-clearing zhenqi would squeeze itself into their body and explode.

It was said that all the three-clearing zhenqi in the Taiqing were born here, and spread out to the entire Taiqing.

Long Chen looked into the distance. In truth, the clouds were much thicker than before, and all of the clouds were three-clearing zhenqi s.

"It is said that the deeper one goes, the closer they get to the Taiqing Palace, the denser the clouds will be. They might even lose their direction in the clouds and fall into an eternal maze, unable to leave for good. Some are strong, some are weak. Some are strong, and some are strong, but they're able to annihilate even God Kings when they touch them. There are even Taiqing Divine Lightning s that can extinguish Divine Emperor s. "

This was the natural defensive barrier outside the Taiqing Palace. Without the Taiqing Palace's invitation, outsiders basically wouldn't have the guts to charge in, even if it was the Great Emperor Changsheng s.

"According to the rules, once I obtain the Death Realm's Blood Bead, I must obtain it from the Palace and show it to the people of the Taiqing Palace. If you did not receive the invitation, then you would have to rely on yourself to pass the Taiqing Divine Lightning's range. "

Mo Xiaolang pondered for a moment, and said: "If that's the case, then there should be a lot of people who failed to obtain the Death Realm's Blood Bead, and thus lurked within the Endless Divine Palace, specially to ambush those who obtained the Death Realm's Blood Bead, and let others know about it. So, for us to safely reach the Taiqing Palace, it should be a little difficult. "

After all, even the Extreme Realm Divine Emperor would come out to snatch the Death Realm's Blood Bead.

Other than the Taiqing Palace and the Jin Luan Divine Palace, there were still a few Extreme Realm Divine Emperors. In reality, every time the Death Realm opened, they would always be the ones to enter.

Some people did not even obtain the Death Realm's Blood Bead at the beginning, but instead hid outside the Taiqing's palace. When those gods who were lucky enough to obtain the Death Realm's Blood Bead and had no way of protecting them came here, they would be intercepted and killed.

After arriving here, Long Chen moved forward alone. He used the Time Traversing Dragon and disappeared into the river of time, not flying above the sky.

To all Divine Demons, the vast domain outside of the Taiqing Palace was a heavenly paradise. The three-clearing zhenqi was extremely dense and the vast majority of Divine Spirit Realm beings would come here to fight for territories, resources, challenges, and breakthroughs.

When they passed by, it was bustling with noise and excitement.

In many trading venues, divine creation artifacts, hongmengxinling, and the like were being sold. Things that Long Chen had viewed as great treasures back in the Dragon Sacrifice Continent were simply trash in the Endless Divine Palace.

"I will leave the Heavenly Talisman for you to use in the future." After Long Chen obtained the Heaven Smiting Rune from the old demon, he was finally prepared to give it to Li Xuanji.

"Me? I don't need it anymore, right?" In these years, Li Xuanji had been improving in secret, and she got more along with Ling Xi. Now that there were more people around, Long Chen did not have much of a chance to get along with her alone.

The people around her were all very strong, but she wasn't inferior to them. She was able to fuse with them, but her personality was cold and aloof. Most of the time, she just watched them play around.

"It will be used eventually. No rush." Long Chen suppressed the Heavenly Talisman first.

"Yes." Li Xuanji knew that Yue Yang was still worried about him, and that anything would think of him was enough.

Finally, there was the Lingzhi.

"Heretical God Ganoderma lucidum."

Long Chen didn't think that this Heretical God Ganoderma lucidum, which seemed to have nothing to do with flames, would actually be the ultimate treasure within the flames.

Actually, Mo Xiaolang had also made a mistake from the start.

"This Heretical God Ganoderma lucidum has a thick outer layer of skin, and the outer layer is a great tonic. It can cleanse the marrow, transform the tendons, rebirth, and has great utility, but it cannot be considered Hun Yuan's level of hongmengxinling just by itself. This is actually a hongmengxinling that grows within the encirclement of countless divine flames.

Long Chen had obtained the Primordial Flame Spark before, but it was not as good as this 'Divine Flame Core'. Since it was a fire object, it was naturally given to Mo Xiaolang. After Mo Xiaolang devoured it, his abilities increased yet again.

"I should still be short of time."

The only difference between Mo Xiaolang and Long Chen was that he only needed to engulf them to continue to be strong.

Rules and such were not very important to him.

But that Heretical God Ganoderma lucidum still allowed him to gain a lot.

The Endless Divine Palace was very big. Long Chen had already walked for half a month and still had not reached the Taiqing Palace.

He did not dare to be too fast, because that would attract the attention of the Extreme Realm Divine Emperor or their group. Last time when Long Chen escaped, Long Chen felt that they wouldn't make the same mistake.

He passed many palaces and met a large number of Gods, all of them talking about the Death Realm's Blood Beads.

"The eighth Death Realm's Blood Bead has already appeared. It's said that the Great Emperor Changsheng has already obtained it."

"Only two are left. Who will win in the end? "

"It's too early to say who will be the winner of this battle. Every time we reach the final moment, there will be a great battle in the Endless Divine Palace. Many people who managed to obtain the Death Realm's Blood Bead will have to lose them."

"It is said that many Divine Emperor who obtained the Death Realm's Blood Bead have already snuck over to the Endless Divine Palace. I also heard that there are already quite a few Divine Emperor s who have set up spies here. Unless you don't see anyone, you will be discovered. "

"You're right, I heard that someone saw the Evil Fire Cloud God nearby!"

"Evil Fire Cloud God? Are you sure? Which Extreme Realm Divine Emperor? You have a violent temper and overflowing evil Qi. Even the Extreme Realm Divine Emperor wouldn't dare to offend him? "

"What nonsense. Evil Fire Cloud God, there is only one Taiqing. Amongst all the Gods, the most ruthless one. "

"But, didn't he already obtain a Death Realm Blood Bead?"

"Who knows, he might want to buy even more. Just one Death Realm Blood Bead is already enough to exchange for many terrifying treasures."

Along the way, Long Chen did not show himself, and instead went to listen to the scattered conversations.

"Evil Fire Cloud God!"

This reminded Long Chen of the Heretical God Ganoderma lucidum. Actually, he did not know about the Heretical God Ganoderma lucidum's name at the start. He only knew about how someone had talked about the Great Emperor Changsheng chasing and killing him while he was still on the road, and that he had taken away the Heaven's Secret Runes and the Heretical God Ganoderma lucidum.

At the same time, he also seemed to have heard that the Great Emperor Changsheng obtained this Heretical God Ganoderma lucidum from a fellow called Evil Fire Cloud God.

"Extreme Realm Divine Emperor!"

He was nearby!

Suddenly, Long Chen felt a kind of creepy feeling.

There were people waiting for him, looking for him!

"Let's go!"

He made a prompt decision and quickly left this place.

But it seemed too late.

If it was the Extreme Realm Divine Emperor, Long Chen's grasp of the situation was basically zero!

When he linked the Heretical God Ganoderma lucidum, Great Emperor Changsheng and Evil Fire Cloud God together, he had an ominous premonition.

Someone was waiting here for him!

He rushed into the thick cloud and mist condensed from the three-clearing zhenqi.

"Do you want to leave?" It's already too late. " Suddenly, a malevolent and sinister smile sounded in his ears.

Long Chen stopped in his tracks, looked around, and realized that he was already trapped in a space, and that it was no longer the world he once lived in. Moreover, he had been in this world for quite a while!

He hadn't felt it in such a long time!

This could only mean that the person was very strong!

He quickly calmed down, looking around him. The surroundings were filled with endless clouds, and the palace of the deities had already disappeared. It was at this time that all the pure white clouds started to change towards a scarlet red, and the temperature started to rise as countless fiery clouds appeared before Long Chen's eyes.

In the blink of an eye, the boundless clouds and mist transformed into a sea of flames!

The surging divine flame engulfed the heaven and earth, burning a bit while Long Chen was trapped in the middle.

The evil voice came again, he said: "It truly makes people angry, my Heretical God Ganoderma lucidum, seems like it has already been used by you guys! That's something I lost to them and was preparing to snatch from their hands! "Damn it!"

As he said this, he began to laugh. His voice was extremely sharp, enough to send chills down one's spine.

"But, Old Ghost Longevity has already promised me. If I capture you, he will promise to give me everything on your body. It is said that you also have a beautiful woman, and it is said that that is also mine! Yue Hua that girl knows me, and knows that my favorite is women! "

The voice of the Evil Fire Cloud God came from all over the world, and it sounded as if his silhouette was flickering on every cloud! It could be vaguely seen that this old man was wearing tattered cloth clothing. His hair was sparse and messy, and his hair was gray. His entire body was dirty, but his pair of eyes were filled with evil intent. When he laughed, his appearance was extremely sinister.

"This is not an easy opponent to deal with."

If it was a head-on battle, he would definitely lose now. This Evil Fire Cloud God was definitely not weaker than the other Extreme Realm Divine Emperor, even if he didn't enter the Divine Emperor Ranking, it would still be very terrifying. It even brought about a crisis even worse than the Great Emperor Changsheng.

Great Emperor Changsheng cared more about face, and this one was a pure villain. Disregarding face, this sort of person was the most terrifying because he had no bottom line. No dignity.

"Hiss!"

Right at this moment, the old man within the fire cloud appeared in front of Long Chen. His pair of fiery red eyes looked at Long Chen with a heavy smile and said. Perhaps if I am happy, I will make you less pitiful. "

Danger is danger.

But Long Chen did not think much, with one hand he held the Heaven Slayer Sword and the other hand he pulled Ling Xi. When Ling Xi appeared, she was already preparing to use Stellar Transposition, and at that moment, Long Chen unleashed all the divine powers in his body. With a slash, the Sword of Time tore apart the layers of clouds, as he quickly rushed towards Evil Fire Cloud God!

But even so, the Evil Fire Cloud God still laughed.

"Star Shift!"

Long Chen couldn't be bothered to care about him, because he had already completed the Revolving Star Passage Technique, so even if he was trapped in the Evil Fire Cloud God's world, Ling Xi could still teleport out!

"Whiz!"

The two of them disappeared.

BOOM!

When he appeared, his surroundings were ablaze. Long Chen took a look around, and saw that he was actually still in this flaming world.

"Impossible, I just left that world, how did I enter this place?"

Ling Xi was also very surprised.

Long Chen squinted his eyes as he looked at his surroundings, and said. "This is indeed not the world we just saw, but it is still under the control of the other party."

He was just about to let Ling Xi give it another try when the Evil Fire Cloud God turned from a flame into a human shape and mocked, "Children, don't waste your energy. This is my God Creation Art 'Heavenly Cloud Fire Realm'. "If it wasn't for that, the Great Emperor Yuehua wouldn't have let me take care of all of you. But I have to thank you, because that girl really likes me."

#### Chapter 2922 - Skycloud Flaming Sword

This Heavenly Cloud Fire Realm reminded Long Chen of the 'Ten Five Extreme Realms Demon Sealing Formation'.

In the past, he used the Five Extreme Realms Demon Sealing Array to trap a group of Ancient Giant Demons. These Ancient Giant Demons rushed from one world to another, unable to escape this array formation, and were simply killed by Long Chen one by one.

Who would have thought that he would fall for the same trick today!

It was clear that the Evil Fire Cloud God and the Jin Luan Divine Palace had communicated with each other already, or perhaps it was precisely because he had the Heaven Cloud Fire Realm and the previous master of the Heretical God *Ganoderma lucidum* that he appeared here to attack Long Chen.

"My Heavenly Cloud Fire Realm's nine worlds form a cycle of reincarnation. In this cycle of reincarnation, even the laws of space can only be transferred from one world to another. They will never be able to escape from the cycle of reincarnation! Are you afraid? Are you afraid? "

Evil Fire Cloud God pressed his hands on his forehead, laughing until his shoulders twitched.

"Brother Chen." Ling Xi tried to travel from one world to another several times. Indeed, no matter what, she was bound by the Heavenly Cloud Fire Realm, which was constantly changing. One after another, without end, there was also no exit!

And the pressure from this Extreme Realm Divine Emperor, had almost reached the top of his head.

After trying many times with no solution, Long Chen pulled Ling Xi and let her return to the Divine Kingdom.

He could still be considered calm, but he knew clearly in his heart that if there was no other way, today would be a shocking death match with almost no chance of victory. Dangerous.

"Big brother, he's an expert of the Edicts of Fire. Although my realm is too far away from his, I can probably help him a little when it comes to dealing with fire." "It's just that he's too strong. If it wasn't for that, swallowing this guy would have at least allowed me to reach the Divine Emperor realm!"

Mo Xiaolang said first.

In the Divine Kingdom, everyone was incomparably nervous.

An uneasy atmosphere spread in the surroundings.

Everyone could only hope that either Long Chen or he would be able to leave safely under the restraints of the Evil Fire Cloud God. If he died in battle, then everything would be over.

"Heh heh."

Only now did Evil Fire Cloud God finish laughing.

His eyes were burning with passion as he looked at Long Chen, and said: "I heard that you even defeated Gongzi of Jidu and Demon Ghost, looks like your strength is not bad, I have to take care of you, so as to not let you escape, then how much of my face will I lose?"

As he was speaking, a black flame flashed on his stooped body. The black flame engulfed his body and actually congealed into an incomparably mighty and domineering black armor. From the helmet to the battle boots, from top to bottom, everything was present! This armor was extremely overbearing, with black flames revolving on it. The design on the chest was like a black wolf head, malevolent and fiery. From within, an incomparable berserk aura could be felt, as if there were millions of wild beasts roaring within, causing the entire Skycloud Fire Realm to move!

This armor was simply more overbearing than a Tiandu Trident.

It was definitely a Hun Yuan grade Manifestation Divine Equipment.

And among them, it was considered one of the top.

After all, he was a Extreme Realm Divine Emperor, and a portion of the Extreme Realm Divine Emperor already possessed the God Creation Divine Equipment for Eternity, such as Di Jun, God Emperor of the Heavenly Apes and Extreme Delight.

"Extreme Devil Fire God Armor!"

Under the protection of the Divine Armor, the originally vulgar Evil Fire Cloud God became tyrannical and arrogant, causing people to feel reverence from the bottom of their hearts.

Sky Cloud Fire Realm, Supreme Demon Ancient Dao Fire God Armor. What Long Chen did not expect was that in the next moment, Evil Fire Cloud God, who he felt an intense sense of danger from, took out the third Hun Yuan grade God Creation Art!

"Sky Sword of Cloud Fire!"

Wearing the Supreme Demon Dao Fire God Armor, he stretched out his hands, and a flaming longsword appeared in his hands. As soon as this sword appeared, he was able to suppress the aura of the Supreme Demon Dao Fire God Armor. This was a completely red flame. There were only three cores on its body, and they were the three fire pearls on the sword!

As soon as the sword appeared, it vibrated slightly, causing the surrounding flame clouds to nearly shatter! This sword was the final weapon of the Evil Fire Cloud God!

After the Sky Cong Fire Sword, he stuck out his tongue and licked the body of the flame sword, laughing sinisterly, "I am a very emotional person, actually I respect any opponent, so no matter who I fight with, I will show my strongest side and destroy them into pieces. In fact, Sky Cloud Fire Realm is enough to deal with you, but I will not, hehe."

He gently put down the flaming longsword and stared at the longsword in his hands in infatuation, "Do you see my treasure?" Did he have a feeling that this sword was formed from the fusion of three Hun Yuan grade Manifestation Divine Artifacts? The power of this sword was equivalent to three Hun Yuan grade Manifestation Divine Weapons! I heard you have a God-Slaying Sword.

Three Hun Yuan grade Creation God Equipment, fuse?

Long Chen squinted his eyes and looked at the Sky-cloud Fire Sword. That was right, the sword's aura was overflowing, there were three levels of sword images, it was extremely similar but also slightly different. No wonder there were three core members!

"Speaking of this sword, I am truly a genius. Who knows how long the Heavenly Cloud Fire Sword has been around for? There were a total of three swords in this Myriad Realms, and I accidentally acquired them. At that time, I was thinking, could it be that these three items were once of the same origin, or just one of the same kind? With these thoughts in mind, I continuously control them. I never thought that I would really succeed in fusing them! "

This was simply the thing that the Evil Fire Cloud God was most proud of!

In fact, as long as one recognized the Evil Fire Cloud God, one would know that the Heavenly Cong Cloud Fire Sword that he relied on the most on had killed many strong opponents for him in the past, and even existed in the Extreme Realm Divine Emperor!

"After saying so much, you are actually scaring me. Haha, it seems like it's about time. How am I going to torture you first? Maybe I should defeat you first. "

The Evil Fire Cloud God was making a ruckus like this.

However, it had to be said that the threat he posed to Long Chen was unprecedented. This was a Extreme Realm Divine Emperor who had mastered five of the Hun Yuan grade Creation God Equipment!

The Evil Fire Cloud God acted like his name right now. In the dense sea of fire and clouds, his Divine Armor burned and his sword aura overflowed into the heavens. When he finished laughing, that would be his time to kill!

"Let's see if you can block my attack!"

Finally, the Evil Fire Cloud God stopped laughing evilly.

Attack!

A cold light flashed across Long Chen's eyes. He wanted to test his limits.

The Demon Suppressing Pagoda was already pressing down on top of his head. When he held the sword with both of his hands, and the white light in his eyes, the Evil Fire Cloud God moved!

"Heaven's Chop!"

His goal was to kill Long Chen with a single slash!

Therefore, the first attack he made had been the Sky Cloud Fire Sword!

In this world of fire and fog, he instantly disappeared, simply fusing with the sky, falling from the sky, this simple slash brought about the danger of death, it was hard to imagine just how terrifying the Heavenly Slash was. As long as he looked up, he could feel an incomparably strong feeling, as if he was being judged, but he was completely unable to resist it!

It was as if the Evil Fire Cloud God represented the heavens and the ruler. In his eyes, Long Chen's life was practically an ant under his control.

A streak of sword light, a streak of fiery light.

The fiery light surrounded the sword-light.

Kill down!

At that moment, Long Chen struck back violently. All the preparations he had made in the past twenty years were to welcome this moment! Even though he had received a huge suppression, it could not suppress his willpower!

Extinction Dragon Seal and the Sword of Time exploded out at almost the same time!

Long Chen poured all of his divine power into resisting this move of the Evil Fire Cloud God! The Time Sword and Extinction Dragon Seal both possessed increasingly terrifying destructive power! In that short moment, the dazzling sword Qi of the Sword of Time clashed with the flames of the Sky Severing Blade!

The result was that the Sword of Time could not block the Sky Slash, but the Sword of Heaven could also not block the Sword of Time!

The power of time had passed the Heavenly Slash, and directly descended onto the body of the Evil Fire Cloud God, and the Heavenly Slash passed through the Sword of Time, landing right on top of Long Chen's head!

Extinction Dragon Seal, and it had even pierced through the Heavenly Slash!

At this critical moment, a thunderstone ignited in flames!

Long Chen had to fight recklessly!

Under normal circumstances, it was impossible to escape from Evil Fire Cloud God's grasp, so there was no need to think about defeating him, it was impossible!

A fight to the death!

He had to quickly shake off the opponent in order not to fall into a disadvantageous position.

After completing all of this, he would only be able to withstand the Heavenly Slash's attack! No matter what, the Sky Slash was blocked a little by the Time Sword. The sword strike that contained the flames

instantly descended, and Long Chen was unable to dodge in time, and was directly struck! That moment could only be described as terrifying!

"Fire of Life!"

He could only use his own fire of life to defend his own life.

"Big brother!"

When Mo Xiaolang stuck his head out from the Divine Kingdom, all the divine flames on his body were completely engulfed by him. This could lessen the damage that Long Chen had received in this way, but in reality, a large portion of the Heaven Slaying Sword's power was burned by the flames!

"Done!"

was quickly recovering. Under the effect of the fire of life, all the injured areas were completely recovered.

"Evil Fire Cloud God!"

Long Chen noticed from his side that the Time Sword was the fastest and the fastest to reach the opponent. However, after being suppressed by the Heaven Slash, in the end, it was directly blocked by the Supreme Demon Ancient God's Fire God Armor, and was unable to injure Evil Fire Cloud God. On the other hand, the Extinction-Dragon Seal had stopped him, and even with the Demon Ancient God's Fire God Armor, it still caused Evil Fire Cloud God's head to ring as his primordial spirit shook once!

"What?"

The fact that he was slightly injured by Long Chen was enough to shock the Evil Fire Cloud God. What he did not expect even more was that the strike he thought was enough to kill Long Chen, was actually blocked by Long Chen. Although the Long Chen that appeared in front of him right now had a ghastly pale face, he had not completely recovered! But even so, it was still much better than what Evil Fire Cloud God had imagined!

"Good, good!" Evil Fire Cloud God could not help but laugh and clap.

In the end, he said, "In the The God Emperor of Perfection, there is basically no one who can do this. You are a heaven defying opponent, but I like opponents who can defy the heavens the most! Heaven's Slash is only to test you. The next move, if you don't lose in battle, I will call you father. "

Chapter 2923 - Skyfire World's Giant Serpent

He was about to get serious.

It was the true form of the Extreme Realm Divine Emperor.

It was obvious what kind of situation was in if he were to use his true strength. Currently, the entire God Kingdom of Long Chen was in an uproar, as everyone was worried about the fate of each other and also worried about Long Chen's life and death!

Even in this situation, Long Chen was still able to remain calm.

"Big brother, let me give it a try."

"Try what?"

"Fight against his Fire Laws."

This was because he had lost some of his ability to respond, and Mo Xiaolang seemed to have mustered his courage. This time, he had an unprecedented confidence in himself.

"Are you really confident?" After all, the other party was not The God Emperor of Perfection, but Extreme Realm Divine Emperor. Even now, Mo Xiaolang was not able to take care of him.

"Yes." My body and my bloodline are already excited by this flame. "

He was a heaven defying object that was created to devour by Long Qinglan or the clan that the Draconis officinalis Hance had spoken of. Even though the opponent was strong, it still could not extinguish the devouring desire in his heart.

Without risk, how could he break through?

At the most difficult moment for Long Chen, he had chosen to come forward and fight against this seemingly impossible Evil Fire Cloud God!

"Big brother, in the past, it has always been you taking risks for my sake. This time, it's my turn!" "Trust me!"

Mo Xiaolang's eyes burned with passion, the black and white dual primordial flames burning in his heart.

"Let's go, us brothers don't care about these things." Long Chen took a deep breath. He saw the blazing light in Mo Xiaolang's eyes, it was practically the same as when he was risking his life!

Not only Mo Xiaolang himself, he also knew how to help!

In the eyes of Evil Fire Cloud God, the light in Long Chen's eyes was nothing.

This time, he released the Sky Cloud Fire Sword. He spread his arms wide, and divine flames engulfed his body. He was almost completely connected to the Sky Cloud Fire World. As his divine power expanded, the entire Skycloud Fire Realm began to burn with incomparably surging waves of flames. Boundless flames started to gather, and in that short moment, just the divine flames were enough to force Long Chen to use his own fire of life to defend against it!

Even if it was the Divine King, without the Evil Fire Cloud God doing anything, he would be burnt to ashes!

"You made quite a good reputation in the God Realm of Zhou, and you even established a small legend in the Taiqing. This is truly interesting, what Laozi likes the most is to crush a passionate young man like you!"

The voice of the Evil Fire Cloud God came from the entire world.

"Sky-Cloud Fire Snake!"

Rule, activate.

In Evil Fire Cloud God's hands, the whole world was squeezing, twisting and transforming. Endless clouds exploded, the heavens and earth shattered, the clouds roiled, and the surroundings were thrown into chaos.

Long Chen was swept far away by this storm.

However, he knew clearly in his heart that the true killing move had yet to begin!

He was in a distorted world of flames, surrounded by chaotic flames. A huge force swept over, and in that instant, the entire world in front of him condensed into a giant flaming snake! The tail of the giant flaming snake was held in the hands of the reappearing Evil Fire Cloud God!

It was not only one, or two, or three, or even eight in the end. Long Chen was also shocked to discover that he was actually in the abdomen of one of the giant flaming snakes!

The Skycloud Fire Realm seemed to have nine worlds.

These nine worlds had all been transformed into a giant serpent, but even so, the Skycloud Fire Realm was still sealed. Even with Ling Xi's Star Shift, she might not be able to move to other places!

Nine World Snakes!

The flames were raging and rolling.

BOOM!

As the Evil Fire Cloud God laughed, the remaining eight World Serpents hissed and charged towards Long Chen. In front of the World Giant Snake, Long Chen was undoubtedly extremely insignificant, and it was precisely because of this that he felt such a sense of danger!

"If I go against it myself, I will definitely die!"

The power of this one move from the Evil Fire Cloud God, was simply several times greater than before! The eight Flaming World Serpents tore apart the world Long Chen was in, and the impact of the entire world rushed towards Long Chen!

"Annihilate!"

Evil Fire Cloud God laughed loudly!

"Big brother!"

At the last moment!

Long Chen could only grit his teeth and summon Mo Xiaolang out of the Divine Kingdom! He naturally cared about Mo Xiaolang's life, but in reality, if he was defeated and killed, all of them would be unable to avoid the Evil Fire Cloud God as well, and the result would be the same!

Roar!

In the midst of the endless sea of flames, a pitch-black Sun Devouring Demonic Wolf appeared in front of Long Chen's eyes. The Evil Fire Cloud God was controlling these World Snakes.

"Monster? "Rip!"

"Little Wolf!"

Under Long Chen's roar, the Sun Devouring Demonic Wolf showed its largest appearance. In that moment, both his left eye and body were completely engulfed by the Azure Sky Emperor's Ancestral Fire, and on the right side was the Nine Hell Devil Ancestral Flame.

"Forbidden Land of Fire!"

A flaming lotus formed from two types of Ancestral Flames and countless types of Divine Flames fought the Sky-Cloud Fire Snake the most fiercely! The Forbidden Area of Fire was actually the law of

devourment, and the lotus flower was a point of devourment. When the Sky-Cloud Fire Snake attacked, Mo Xiaolang had nearly pushed himself to his limit!

"Break!"

The Evil Fire Cloud God was just surprised for a moment, but it immediately increased the impact. Under this kind of impact, Mo Xiaolang was forced to retreat step by step, but right now, his entire body was resisting this rule, because of the impact of the God Power, his body was covered with cracks!

Long Chen appeared above Mo Xiaolang's head and transformed into the Taiji Creature Dragon, lowering the dense fire of life, protecting Mo Xiaolang's life, so even if the Sun Devouring Demonic Wolf were to collapse from the surging force, Long Chen had stabilized him!

Right now, by Long Chen's side, were filled with the assaults and roars of Sun Devouring Demonic Wolf. Even if he could not stop the Sky-Cloud Fire Snake, he did not give up. However, the opponent's flames were too numerous. Although he was a wolf, she felt as if she had met a prey that was at least a hundred times her size!

Such a prey could crush him to death with a single kick!

He hadn't been stepped on to death yet. He had endured until now because, first, the Forbidden Land of Fire was truly powerful, and secondly, because he knew that if he didn't fight to the death this time, all of the things he protected, all of his cherished friendship and love, would all be destroyed! Just like Long Chen, he was fighting for his survival, for his fate!

"It can actually devour my Heavenly Cloud Fire Realm? What a joke, then I'll just let you die from all this bloating. " Evil Fire Cloud God was laughing miserably, he was controlling one of the world snakes to directly pierce through the lotus flower and into Mo Xiaolang's mouth. In an instant, the Sun Devouring Demonic Wolf's entire body was glowing with scarlet flames, its body was about to explode, and it was at the brink of death!

"Hu!"

At that time, Mo Xiaolang's eyes were still as tenacious as ever! He had said that this time he would block at the very front, so he had to keep his word. He also believed that Long Chen would definitely find a way to escape! As long as he could block Evil Fire Cloud God!

"I can't die!"

His Heaven-Devouring Tribe bloodline could not be considered noble.

The Heaven-Devouring Tribe was the weakest race of all, and they were also the lowest of the lowest. It was a miracle that they could grow to their current level.

But now that things had reached this point, he was unwilling to die, especially after being pushed to death!

"I want to swallow!" I want to swallow! More, more! "

At that moment, his eyes were bloodshot and his body was covered in countless bloody threads. Some of them had been broken by the power of fire, and some of them were caused by Demonification of Two!

He actually managed to hold on. A giant world serpent was forcefully swallowed up by him.

"Humph!"

Evil Fire Cloud God was a little furious, the other Sky-Cloud Fire Snake descended once again. This time, Evil Fire Cloud God lost his patience, and a mere demon that was not strong enough to enter his eyes.

When those giant snakes swarmed in, the Sun Devouring Demonic Wolf would definitely explode in an instant! Mo Xiaolang would lose his life in an instant, and that would be because even the fire of his life would not be able to save him!

The moment had come!

"Little Wolf!" The moment he least hoped for, had still appeared.

Roar

The Sun Devouring Demonic Wolf roared. Not only did it not retreat, its eyes were also burning with bloodlust. It caused the terrifying World Serpent to charge forward, as if it was willing to die!

He was even prepared to die in battle!

"Big brother, think of a way to escape!"

For this, he was willing to die in battle.

"Impossible!"

Long Chen's eyes were bloodshot. No matter where Mo Xiaolang rushed to, he would always be by his side, the fire of his life remaining. In front of him was an endless divine flame that lit up an endless world. When he raised his head and looked, everything disappeared, leaving only the Sky-Cloud Fire Snake!

It hissed and twisted.

The Sun Devouring Demonic Wolf collided directly with the Sky-Cloud Fire Snake, and this time, heads after heads of Sky-Cloud Fire Snake rushed into the Sun Devouring Demonic Wolf's mouth. The scarlet flames on its body became brighter and brighter, and the speed of its collapse was not even able to stop Long Chen's fire of life, and the Sun Devouring Demonic Wolf was about to turn into ashes soon!

"Yan Er, I'm sorry!"

At the last moment, Mo Xiaolang's voice sounded within the Divine Kingdom.

Upon hearing this voice, Su Yan took three steps back and sat on the ground.

In this difficult battle, everyone was clenching their fists tightly!

Long Chen heaved a sigh of relief, he had concealed it for a long time, after suffering countless of hardships, until this moment, where he had endured until now!

That's right, since he was going to risk his life, then he could only play with the big one, which meant that he couldn't turn the tables in the slightest. If Mo Xiaolang were to swallow it himself, then he definitely wouldn't be able to deal with this Heaven Fire Cloud Serpent.

Actually, even Mo Xiaolang did not know what Long Chen would do.

He just wanted to give his all and let Long Chen escape with them. It was because his opponent was using the laws of fire that he felt that he could contribute in such a way. If his own destruction could bring back the lives of so many people, of course he wouldn't cower.

But he had underestimated Long Chen.

It was as he wished, Long Chen would let him take on the killing blow from the Evil Fire Cloud God head-on, but he would definitely not let his brothers die in battle. No matter what tribulations the two of them had suffered, he would not let Mo Xiaolang leave alone!

At this moment, Mo Xiaolang had almost swallowed all of the Sky-Cloud Fire Snake, and he was about to turn into ashes in an instant!

And at the same time, Long Chen had also turned into the pure white Heavenly Fate Dragon by his side. The Divine Dragon Body instantly coiled around Mo Xiaolang's body and tightened around him.

He could feel the power of the flames that Mo Xiaolang was currently enduring!

It was too huge! This was the power of the Evil Fire Cloud God!

"Big brother?" Mo Xiaolang completely did not understand his actions.

"We didn't lose!"

Long Chen shouted in anger. He had even borrowed Ling Xi's power using his Three Lives Love Silk! When all of her divine power exploded forth, he would use a new method to execute the Edicts of Fate!

The dragon claw pressed down on top of Mo Xiaolang's head.

"Change fate!"

## Chapter 2924 - Alteration of Divine Equipment

"Go for it!"

A white imprint was imprinted on the head of the Sun Devouring Demonic Wolf.

After he succeeded, Long Chen was so exhausted that he could only return to his human form. However, his eyes were burning with determination!

In the Divine Kingdom, no one knew what had happened ...

It was at this moment that they heard the most violent roar of the Sun Devouring Demonic Wolf, which alarmed the layers of clouds and caused countless fiery clouds to collapse.

"En!" Evil Fire Cloud God was stunned.

He had practically poured all of the Sky Cloud Fire Realm's power into Mo Xiaolang's body. This was definitely a power that could instantly blast Mo Xiaolang to pieces. How could he not crush it and even let out such a loud roar?!

"Break!"

He still grabbed onto the tails of all the world snakes, controlling them to roll and tear within Mo Xiaolang's body. But he could clearly see that the current Mo Xiaolang was no longer the same; he was currently undergoing a terrifying transformation.

The wolf howls were earth-shattering. When the Sun Devouring Demonic Wolf raised its head, Evil Fire Cloud God saw that there were two white symbols in its eyes! Only then did he remember that Long Chen had turned into a creature and left something on the Sun Devouring Demonic Wolf's body!

It was a rule that defied the will of the Heavens!

Not only could he protect himself, he could not just make the enemy's strength disappear. He had also reached the point where he, and even the people around him, could obtain the power to go against the

heavens and change fate when they were about to die. The tyranny of this rule was that the closer they were to death, the angrier they were, the more unwilling to give up.

Changing fate, its true function was to revive the dead!

If that wasn't the case, how could he defy the heavens and change his fate?

To change fate, to die and to be reborn, this was considered a change that defied the will of the heavens!

Mo Xiaolang's willpower had brought him the most astonishing reversal power!

Originally, he had prepared to do it himself when Mo Xiaolang could no longer endure it. But when he saw that Mo Xiaolang actually endured the first blow from a Sky-Cloud Fire Snake, he saw an even crazier plan. He had even more hope, and saw a truly feasible solution!

Everything was as he had imagined!

With a heaven-defying change in fate, Mo Xiaolang was simply going crazy.

The Evil Fire Cloud God's expression changed from one of laughter to one of depression and anger!

Instead, no matter how he controlled it, Mo Xiaolang was able to hold on in the end. Even though he was at his limits, he did not die, and most importantly, the power that the Evil Fire Cloud God could control was disappearing step by step. The entire Sky Cloud Fire Realm was actually going to collapse soon!

"Impossible!"

What he remembered the most were Mo Xiaolang's eyes, which were filled with deep desire for the fire. He looked at ferociously, resisting the tearing of the Sky-Cloud Fire Snake at that place, and even sneered at him. In the eyes of the Sun Devouring Demonic Wolf, the Evil Fire Cloud God felt that he was only a prey!

Food.

"What kind of joke is this?" He admitted that this was definitely his misconception. What right did a mere Divine Emperor have to treat himself as his prey?

Previously, he had always been playing with Long Chen, but now he was angry!

Almost all of the nine worlds were torn apart by Mo Xiaolang and swallowed into his body. This time, Mo Xiaolang displayed it exceptionally under the effect of Long Chen's heaven-defying change in fate, and created a miracle that no one could believe in.

In the end, he suddenly pulled, and the giant serpent's tail that was held in Evil Fire Cloud God's hand was pulled over, and was swallowed by him. At this moment, his eyes were staring straight at Evil Fire Cloud God. He was clearly saying, "He still wants to swallow it!"

BOOM!

All of the Sky-Cloud Fire Snake rolled in Mo Xiaolang's body. They were gradually digested and were no longer able to do anything to the Sun Devouring Demonic Wolf. At this moment, the Sun Devouring Demonic Wolf suddenly coughed out something.

Long Chen saw that it was a ring.

Hun Yuan's Creation God Equipment!

This was the Heavenly Cloud Fire Realm!

Mo Xiaolang had actually swallowed it.

"My Heavenly Cloud Fire Realm!"

The Evil Fire Cloud God's heart fiercely twitched. That item that originally belonged to him, had actually landed in Mo Xiaolang's hands!

Due to the collapse of the Skycloud Fire Realm, Long Chen and the others had once again reappeared in the outside world. They were currently atop one divine palace after another, with a large number of divine gods watching their movements with widened mouths.

Just now, there was a huge commotion here.

"You're out?"

This was also within Long Chen's expectations.

Since he was using the Heavenly Cloud Fire World to attack, he had to take the risk of being broken!

The Evil Fire Cloud God had to obtain the Heavenly Cloud Fire Realm in order to once again imprison Long Chen, becoming invincible. After all, he was much stronger than them! However, at this time, the hands of the Heavenly Cloud Fire Realm were still trembling with fear.

"Long Chen!" The Evil Fire Cloud God was enraged, without saying a word, the Extreme Demon Fire God Armor and the Sky-clump Cloud Fire Sword simultaneously lit up, igniting their majestic flames at the same time. The furious Evil Fire Cloud God was preparing to directly destroy Long Chen and Mo Xiaolang, of course he could do it easily, but the problem was, Long Chen did not have the time to accompany him!

"Demonic Slaughter!"

In that moment, the aura of death descended! This was the rule that allowed him to destroy Long Chen even more easily than the previous move. If he were to use this move, Long Chen would definitely die.

"Evil Fire Cloud God, if we meet again, I'll take your life."

Ling Xi instantly appeared.

The moment Mo Xiaolang took human form, Long Chen brought him into the God Nation. Then, right before the Evil Fire Cloud God's killing move descended, Stellar Transposition, disappeared! He continuously used Stellar Transposition until he reached a place far away from where he had been in the Evil Fire Cloud God.

It's not over yet.

Now, he was completely safe.

Everyone felt as if they had just escaped death. He was so scared that he broke out in cold sweat.

However, Long Chen and Mo Xiaolang, who were actually involved in the battle, were extremely calm. When there were only clouds left and it could be considered safer, Long Chen pulled Mo Xiaolang out from the Divine Kingdom and let him rest.

When he just came out, Mo Xiaolang had no choice but to transform into a Sun Devouring Demonic Wolf. There was still a surging fire energy in his body, which he needed to digest. A human form could not be suppressed.

This was a battle between Long Chen and his crazy challenge, but he had definitely succeeded!

Escaping from death and changing fate!

"I'll be your protector, and you can engulf me with ease."

Long Chen said as he lowered the flames of his life to heal him.

"Thank you, big brother."

Mo Xiaolang's voice was now a little hoarse. Actually at that moment, he thought that he was going to die, he didn't expect Long Chen to pull him back and even bring him a good fortune.

"I should be the one thanking you. This time, you saved everyone. "If it wasn't for you, I wouldn't have been able to do anything when I meet a Evil Fire Cloud God from the Heavenly Cloud Fire Realm.

These were Long Chen's words from the bottom of his heart, the impact of this battle was also very great. He relied on Ling Xi's Stellar Transposition, but he knew, there would always be people who could break it. The Evil Fire Cloud God could break it, and the Emperor Jun could also break it.

If he was facing Di Jun this time, he wouldn't be so lucky.

"No matter what, I will die and be reborn. Next time, I will devour this Evil Fire Cloud God." Mo Xiaolang was kind, but he couldn't forgive those who brought them death.

Hatred, formed.

Of course, the Evil Fire Cloud God who had been taken away wouldn't forgive them.

"Quickly suppress this Heavenly Cloud Fire Realm and become his master. Don't let that Evil Fire Cloud God find our position again. Of course, without the Heavenly Cloud Fire Realm, it would be hard for him to trap us. And the next time we meet, you might be Divine Emperor. "

First was the Heretical God Ganoderma lucidum.

And now, he had swallowed so many more flames.

This time, Mo Xiaolang closed his eyes and sprinted forward, while Long Chen waited in the surroundings, amidst this peaceful sea of clouds, time quietly flowed by.

One day, ten days, one month.

This surge of power was too enormous. Swallowing it would take time.

The surrounding clouds were completely scorched red.

"In this one month's time, I reckon that all of the Death Realm's Blood Beads have already appeared. Almost everyone is currently gathering towards the Taiqing Palace, and the things they receive are the same as the ones they didn't."

"The news of our battle with the Evil Fire Cloud God will probably spread throughout the entire Taiqing."

"Right now, I am quite famous in the Taiqing. Di Jun must also know. He just didn't know what method he used to rush over this time. Although I'm growing fast, there are countless experts in all ten thousand realms. "Caution is still needed."

Evil Fire Cloud God, made Long Chen, who was slightly arrogant, retract his feelings.

When he thought about the Evil Fire Cloud God, Long Chen immediately thought of his powerful Sky-clump Fire Sword.

"According to him, this Heavenly Cloud Fire Sword was formed from the fusion of three Hun Yuan grade Manifestation Divine Artifacts. He guessed that the Hun Yuan grade Creation Divine Equipment was once one, but he never expected that he would discover the truth after trying. "Doesn't that mean that it's possible to fuse a completely similar Creation God Manifestation Art? And it might have been a similar Creation God Creation Artifact before, but how many would there be after?"

The first thing he thought of was Lingxiang's twin swords.

"The spirit sword and the plain sword are not the same. It was just that their appearances were similar and matched up with each other. It was impossible that the same Creation God Equipment, on the other hand, belonged to the eight Immortal God Clan Scepter of the Holy Spirit, which seemed to be completely identical.

Long Chen killed eight Divine Emperor s and obtained their eight Scepter of the Holy Spirit.

This Scepter of the Holy Spirit could not be considered strong among Hun Yuan's Creation God Equipment, but it was the weakest level. It still wasn't able to catch up to the Immortal Sword Tower. After all, this was the Hun Yuan grade Creation God Equipment that Initial stage Divine Emperor had obtained.

But since they looked identical, it made Long Chen suspicious that the Heavenly Cong Cloud Fire Sword could form one, why couldn't the Scepter of the Holy Spirit do the same?

With this thought in mind, he felt slightly agitated and was about to give it a try.

Right at this moment, Mo Xiaolang made a long sound! Wave after wave!

It seemed as if he had charged into the Taiyuan Deity Realm realm.

Of course, to Mo Xiaolang, this was the realm of the Absolute Beginning Demons.

At the same time, when he took on the human form, Heavenly Cloud Fire Realm, which was also known as the fiery red ring, was currently in his hand. When he took on the human form, Heavenly Cloud Fire Realm, which was also known as the fiery red ring, he was currently in the hands of Su Yun.

Mo Xiaolang was the second person amongst them to reach Divine Emperor.

"Big brother!"

His narrowed eyes opened, and unknowingly, they had already brought a bit of pressure to Long Chen.

"It looks like you can even win against The God Emperor of Perfection."

The improvement of the Heaven-Devouring Tribe was still so terrifying.

Chapter 2925 - Heaven's Sacrificial Spear

This time, he was the one who took the risk and went to face the danger.

Now, he was able to attain Taiyuan Deity Realm and complete a huge leap forward. Long Chen was the person he was the happiest about.

It seemed that after a period of time, his fighting strength had not reached such a close proximity to Long Chen.

Of course, there was no limit to the life and death of those who had reached this stage. Every time they fought together, they would have to fight shoulder to shoulder. This time was no exception. He had originally wanted to shoulder everything by himself, yet Long Chen made him change his fate against the heavens!

"In the future, with this Heavenly Cloud Fire Realm, I can display the capabilities of a Evil Fire Cloud God."

At the same time, his strength was also growing along with the Ancestral Fire.

The stronger he became, the stronger the Ancestral Fire became.

In the God Nation, everyone was celebrating Mo Xiaolang's death and rebirth. Especially Su Yan. This time around, she seemed to have gone through a cycle of life and death.

"Yan Er!"

After making such a decision, Mo Xiaolang did not discuss it with her. Therefore, even though he had achieved Taiyuan Deity Realm, he was still filled with guilt towards Su Yan.

"Go and apologize to her properly." Long Chen sent him to the Divine Kingdom to reunite with everyone. After being tense for such a long time, it was time for him to rest.

As for himself, he would begin to complete that bold idea.

"Want to try?" Ling Xi also thought that it was possible.

"Let's give it a try, we won't suffer any losses."

"I'll create a boundary for you."

Long Chen found a relatively stable location in the Endless Divine Palace. Ling Xi, on the other hand, sealed his surroundings, allowing him to avoid the majority of the searches.

At this time, the people from the Jin Luan Divine Palace and the Evil Fire Cloud God were definitely looking for him throughout the world.

"You should go rest. You must have had a hard time during this period."

Long Chen lightly pushed the hair in front of her eyes back.

"It's okay. Everyone wants to contribute their part, and so do I. "

Long Chen sent her back to the Divine Kingdom, but she was getting along well with him now. Most of the time, it was them who talked to each other, but Long Chen wouldn't be able to put a finger in it ...

Of course, he had more important things to do.

Scepter of the Holy Spirit.

First, he took out a Scepter of the Holy Spirit and held it in his hand. The sacred Scepter was like a wild horse that could not be tamed, resisting.

"Evil Fire Cloud God had first grasped three Creation Divine Artifacts before fusing them. In other words, the prerequisite is to first control over them."

Now, he had the God Slaying Sword, Demon Suppressing Pagoda, and Herba Euphorbiae.

But at his current level, the fourth Hun Yuan grade Creation God Equipment shouldn't be a problem. He had the lineage of the Ancestral Dragon and primordial spirit. He had an enormous advantage. For example, the Evil Fire Cloud God could even control five Hun Yuan grade Manifestation God Equipment.

Holding the Scepter of the Holy Spirit in his hand, Long Chen transformed into the Primordial Blood Spirit Dragon and entered the world of the Scepter of the Holy Spirit.

This was a glorious, strict and solemn world. Very solemn and respectful, after arriving here, Long Chen felt something and quietly turned into a God Realm, a Heart Refining Dragon.

Sure enough, the Divine Path's Heart Refining Dragon was more suited to this place. As soon as it appeared, it became the ruler of this world.

This world was born for him.

He looked around.

This was a snow-white piece of land.

Just at this time, on the horizon, a cloud of white smoke rose, the earth shook, and the roars of huge beasts could be heard. Long Chen looked out, and saw a group of snow-white horses with a pair of gigantic snow-white wings and silver horns, galloping towards Long Chen!

RUU...!

The ground trembled.

With a howl, the heart dragon of the Dao of the Gods descended upon the white horse.

The two forces clashed.

The unicorn was not resigned, but it was still suppressed and knelt down. This Scepter of the Holy Spirit represented justice, and judgement, and the Divine Path's Heart Refining Dragon was the ancestor of the rules!

The unicorn's body flickered with silver symbols as it screamed at Long Chen.

"Let me ask you, can you fuse the eight Scepter of the Holy Spirit?"

Hearing this question, unicorn's face changed. He immediately shook his head and said: "No, absolutely not."

Unfortunately, he was only a Good Fortune Heroic Spirit and didn't have the ability to lie.

From the change in his eyes, Long Chen could see it.

Long Chen laughed and said, "The Immortal God Clan, despite holding onto a precious treasure, not a single person was able to control the eight Scepter of the Holy Spirit and was unable to restore you to your peak state. Right? "

The unicorn exhaled the thick white air and said: "Go! I don't know what you're talking about! "

As Long Chen descended, he saw the Divine Path's Heart Refining Dragon in front of his, so the Sword of Judgment in between his eyebrows was similar to his opponent's horn in different ways. The Divine Path's Heart Refining Dragon naturally had the power to suppress unicorn, which was the feeling of being looked down upon by an ancestor.

unicorn understood all of this, and her heart was struggling.

"You have a relationship with your original owner. I killed your master, and you hate me?"

Long Chen's every word caused the unicorn's heart to tremble.

"Yes, that's right!" The unicorn said with his hoarse voice.

Long Chen said, "You know what happened, so you naturally know that they were forcing me. However, the law of the jungle was originally one of the rules of the battle of ten thousand worlds. If they were defeated in battle, it would be the same as being defeated by me. There was no mistake. It's easy for me to control you, but I still need you to be convinced. Let me ask you, was it unresigned to give up such a powerful Creation God Equipment? I am the only one who can restore your glory. "

Under Long Chen's words, the unicorn gradually lowered its head.

In the end, Long Chen said word by word, "I can, make eight of your Scepter of the Holy Spirit, fuse into one! Maybe, when the time comes, you all would be the Creation Divine Artifacts of the 'Eternity'! "

The unicorn trembled, and deeply prostrated at the foot of the divine way's heart dragon.

Just as Long Chen had said, they all knew that this day would come.

The Immortal God Clan was not the righteous god in their eyes.

"That's right, we were once Eternal Creation Divine Artifact, but by chance, we got separated into six parts."

He never thought that the unicorn would actually say that.

Long Chen was excited.

"Ah, Eternity!"

It was something that the Divine Emperor s would fight over with all their might. The Creation God Equipment which possessed the Eternity was capable of allowing a Extreme Realm Divine Emperor to surpass a Divine Emperor of the same level in an instant. That was the difference between Evil Fire Cloud God and Great Emperor Changsheng.

They could send a Extreme Realm Divine Emperor onto the Divine Emperor's leaderboard.

The three Daofathers placed an item with Eternity in the Death Realm, resulting in countless Divine Emperor s fighting for the Death Realm's Blood Bead in the Third Sky. At the same time, the Three Heavenly Palaces and hundreds of Divine Emperor s entered.

Just for the sake of that Eternity treasure.

But now, with just Long Chen by himself, it seemed like he could create a treasure with Eternity!

Of course he was excited, looking forward to it.

"However, unless you have the power that is infinitely close to the Hierarchy, you won't be able to control all eight of us. After all, you already possess three Hun Yuan grade Creation God Equipment. Even if it's you right now, you can at most control a total of five Hun Yuan grade Manifestation Divine Equipment!

The unicorn was still hesitant.

Long Chen smiled and said, "With my rate of growth, there will always be a point where you can recover completely. This is just the beginning. At least, I can now combine the two Sacred Scepters. "Three of them!"

Long Chen roughly knew his limits.

It was definitely not just five. Five was indeed a little difficult, but he wanted to challenge six!

In other words, the three Scepter of the Holy Spirit s had to be fused first! Of course, since the unicorn mentioned it to such a degree, they definitely had a method to let the Divine Scepter recover.

The unicorn raised his head with much difficulty and looked at the God Realm's Heart Refining Dragon.

He saw the faith in Long Chen's eyes. Persistence. This man who had survived the pursuit of super Divine Emperor like Di Jun, Great Emperor Changsheng and the others had too many secrets on his body, he was simply too scary.

Especially this Divine Dragon Body.

The unicorn submitted completely.

"That's fine. I hope that you can agree to an agreement with us. If you fail to completely combine us in the end, you should give up and let us find a new master."

Long Chen laughed, this, of course, was not a problem. However, he did not believe that he could not complete it.

"Time is of the essence, let's begin!"

There was a connection between Scepter of the Holy Spirit s, and this unicorn was also a connection with all the other Scepter of the Holy Spirit.

Long Chen began to control the first Scepter of the Holy Spirit.

Success

For him, there was no need to spend too much effort. After all, the other party had already submitted. However, forming a control relationship still consumed his spiritual will.

The fourth was a Hun Yuan grade Creation God Equipment.

There seemed to be more space.

Immediately after, he controlled the second Scepter of the Holy Spirit.

This time around, he felt slightly pressured.

Right now, he was already the same as the Evil Fire Cloud God.

Honestly speaking, ordinary Divine Emperor would definitely not go and receive so many God Creation Equipment of the same level. Even if it was the most abundant of resources, three of them would be considered top-notch. After all, everyone had their limits.

But as expected, Long Chen took control of the third set of Scepter of the Holy Spirit.

"Success."

Long Chen knew that right now, he was in a relatively balanced state, being able to balance the best out of the six Hun Yuan level God Creation Equipment.

If he spoke any more, he would collapse.

"Then I'll begin the fusion process."

Actually, fusing them was a very simple matter. The most important thing was to see if the two were willing to do so. There was no situation where the Scepter of the Holy Spirit was unwilling to submit to Long Chen.

Long Chen sat cross legged, and each of his hands held onto a Scepter of the Holy Spirit.

Ling Xi reinforced the seal to hide the movement.

"Begin!"

As the two Scepter of the Holy Spirit neared each other, they both gave birth to white light. It was almost as if they were divine inventions of heaven and earth, transforming into liquid that began to merge together. A little change.

"I forgot to tell you, the Immortal God Clan's Heaven's Unity technique was dug out from our Scepter of the Holy Spirit." Good Fortune Heroic Spirit said.

Long Chen suddenly realized that it was no wonder they were similar.

Three days passed.

When the two Scepter of the Holy Spirit fused together, they had already gradually formed. However, Long Chen realized that after their fusion, the God Creation Art in the middle of the light seemed to be a little different from before.

"Why is it not the Scepter?" Long Chen asked.

"We weren't the Scepters in the first place. We were only divided into eight parts, and became the Scepters."

Long Chen looked closely through the light. It seemed to be a spear. A silver-white spear.

"What is the name of this spear?" he asked.

"I don't know, I've forgotten. It's been a long time since I last remembered that since you were able to rebirth us, you were our first master after we were born." It's up to you to choose a name. "

"Name it?"

It's easy.

Slaying the gods, suppressing the devils.

The Sacrificial World

From this, Long Chen thought for a moment. In his heart, he had an answer, he smiled inwardly, and said: "Let's call it 'Sacrifice to the Heavens'."

The Heaven's Sacrificial Spear.

God Slaying Sword, Demon Suppressing Pagoda, Heaven's Sacrificial Spear.

When the two words came out of his mouth, the spear that was bathed in intense light trembled, and released a buzzing sound. It erupted with an intense light aura, responding to Long Chen.

"The third blade, fuse!"

Long Chen did not stay. He directly took control of the third Scepter of the Holy Spirit and fused it into the Heaven's Sacrifice.

On the shaft of the Heaven's Sacrificial Spear, there were two silver beads.

The third Scepter of the Holy Spirit fused with it, giving birth to the third pearl.

This was the core of the power of the Creation God Manifestation Art!

"Done!"

Fusing three Scepter of the Holy Spirit first was already Long Chen's limit.

When all the light had dissipated, an ice-cold, overbearing, and sharp Heaven's Sacrificial Spear appeared in front of Long Chen. In terms of bloodshed and ruthlessness, it was inferior to the God-Slaying Sword. But in terms of dominance and killing, the three Heaven's Sacrificial Spear formed from Scepter of the Holy Spirit were even stronger!

Chapter 2926 - Jade and Chinese Divine Emperor

The Heaven's Sacrificial Spear.

He remembered the last time he used a spear, it seemed to be in the Archaic Graveyard's three thousand star field.

A spear was different from a halberd.

But Long Chen could still be considered to be used to it.

In the future, there would still be five more Scepter of the Holy Spirit that could be fused into the Heaven's Sacrificial Spear formed from three Scepter of the Holy Spirit. The creation of a divine artifact with such a profound strength should be just around the corner.

If it was successful, this weapon of the Creation God Equipment would be even more powerful than the Gods' Paradise and the like. After all, a spear was a killing weapon.

Emperor Jun's Eternal Rocks, even more so, couldn't be compared. The Chaos Treasures had strength but no killing intent, it was a dead animal and the Creation God Equipment were the living ones.

At that moment, Long Chen was holding onto the Heaven's Sacrificial Spear.

His Destiny Heroic Spirit was now a three headed unicorn.

Solemn, domineering, just and honorable.

It was a completely different aura, a completely different attack power, compared to the God-Slaying Sword.

When Long Chen held the Heaven's Sacrificial Spear, he could feel a strong resonance. That was to acknowledge and submit to Long Chen for having the bloodline of a heart dragon from the divine way.

Buzz! Buzz!

When Long Chen brandished the Heaven's Sacrificial Spear again and again, Ling Xi's boundary was trembling. Judging from the Heaven's Sacrificial Spear's outstanding performance, although it was still a Hun Yuan level divine creation tool, it was still stronger than the God Sword Demon Pagoda.

In the future, he would be stronger and stronger.

In the future, he might even become Long Chen's greatest pillar of support.

It's time to rush into the Taiqing Palace.

Long Chen asked Ling Xi to withdraw from the sealed realm and walked out from here. They headed towards the depths of the Endless Divine Palace.

Of course, he couldn't be too hasty.

Especially after experiencing the battle with the Evil Fire Cloud God, Long Chen had become aware of the strength of his enemies.

The Death Realm's Blood Bead was not something that was easy to fight over.

Even if there was no Jin Luan Divine Palace, the other Divine Emperors would still snatch it away from him.

Along the way, he found a Divine Monarch and used wishful eye to control him.

"Long Chen? It was said that the number one of the Divine Demon Bow Mountain God King Rankings had come to the Taiqing. A few days ago, when he received the ambush from the Evil Fire Cloud God, not only did he smoothly escape, he even snatched away a Hun Yuan grade God Manifestation Weapon from the Evil Fire Cloud God! This matter had already spread through the three layers of heaven and almost everyone was incomparably shocked by his strength. It's been said that when he was at the Godfiend Zhou Mountain, he wasn't even that powerful. "

From these words, it seemed that most of the things that he had experienced were already known.

"Currently, all of the Death Realm's Blood Beads have been obtained by someone. Currently, all ten of them are rushing towards the Taiqing Palace. Amongst them, the Jin Luan Divine Palace had obtained

three Death Realm Blood Beads. Evil Fire Cloud God also had one. Other than them, we have also obtained two other Extreme Realm Divine Emperors who do not belong to the Taiqing Palace. "

"Outside the Taiqing Palace, there are a total of seven Extreme Realm Divine Emperors. There are four in the Jin Luan Divine Palace. "

"I heard that Great Emperor Changsheng, Great Emperor Yuehua, as well as the other two Divine Emperors of the Jin Luan Divine Palace, have set up traps outside the gates of the Taiqing Palace, waiting for Long Chen to pass. It is said that they are also waiting for you or the others who have received the Death Realm's Blood Bead, but are not very strong. Right now, outside the gates of the Taiqing Palace, can be said to be an inescapable trap. "

Long Chen knew that the core of the Taiqing Palace was surrounded by an extremely dense amount of three-clearing zhenqi s, and that the entire Taiqing Palace was actually the same 'Eternity' divine artifact. Therefore, although the Taiqing Palace was huge, it was fundamentally impossible for one to enter from any other place, and could only be brought in by the people from the Taiqing Palace at the door.

"Seems like I can only force my way in."

Long Chen only let go of the Divine Monarch after asking a lot of questions.

A total of five Extreme Realm Divine Emperors were waiting for him.

Among them was the fifteenth Great Emperor Changsheng on the Divine Emperor Board.

It was naturally impossible to take the blow head on. The only way was to use wits.

He had Di Jun, the pursuer, and the ferocious tigers that were the Great Emperor Changsheng in the past. If he had to brave them, he would have to make a choice. He would choose Great Emperor Changsheng.

Fighting against the top ranker of the Divine Emperor, Di Jun, at this time, was simply courting death.

Furthermore, he had to go to the Death Realm.

"Let's go!"

Long Chen did not hesitate as he went deeper into the palace, even though the Great Emperor Changsheng and the other five Extreme Realm Divine Emperor were waiting for him.

Any one of them would at least have the strength of a Evil Fire Cloud God.

After spending ten days of time, Long Chen finally reached the point where his three-clearing zhenqi was so thick, that he could only see a very small distance around him. At this moment, he was in the midst of a cotton-like cloud.

Under the encirclement of this three-clearing zhenqi, it was even difficult to walk.

Just by swallowing a single mouthful, it could absorb a large amount of energy!

From this, Long Chen was able to deduce that the Taiqing Palace was still in front. After all, that was the place where the three-clearing zhenqi was born. It was the core of the world.

Crack!

A green bolt of lightning flashed beside Long Chen, its speed extremely fast, almost hitting Long Chen.

This was the Taiqing Divine Lightning.

It was a reason why ordinary gods did not dare to approach the Taiqing Palace.

For the lower levels of the Divine Spirit, the Taiqing Divine Lightning could take their lives at will.

Just like the Dao Long Chen had just encountered, if the Divine Monarch were to meet him, he would definitely be destroyed in spirit and body!

"It is said that this Taiqing Divine Lightning was actually released by the Taiqing Palace. to prevent outsiders from getting close to the Taiqing Palace. "

This power, was the supreme existence of the Taiqing, the commander of the endless Divine Demons, the sacred grounds of the Taiqing. It was a place that countless heavenly beings yearned for.

Long Chen advanced forward step by step, and the more Taiqing Divine Lightning he encountered, but with his current abilities, it wasn't difficult for him to avoid all of them.

However, the deeper they went, the denser the Taiqing Divine Lightning became.

A day later, within the dense clouds, Taiqing Divine Lightning could be seen whistling in every direction. It was tearing apart the clouds, flickering and exploding continuously. It was quite frightening.

"With such a dense mass of Taiqing Divine Lightning, they should be arriving soon. Great Emperor Changsheng and the rest are right in front of us. "

Long Chen held his breath and continued walking. The fighting spirit in his heart was growing stronger and stronger.

Going forward required courage, and he was fearless.

Furthermore, Mo Xiaolang, who had reached Divine Emperor, was his greatest assistant.

"Phew ..."

Suddenly, two figures appeared in front of him.

"Long Chen!"

The two of them cried out in alarm and quickly retreated as if they had seen a nightmare.

It was the devil.

"Let's go!"

When they saw Long Chen, they quickly retreated. The reason they didn't get the Death Realm's Blood Bead was to try their luck, and Long Chen was the person they didn't want to meet the most.

At that time, they had truly frightened Long Chen when he went against the will of heaven.

"It scared me to death. If he is allowed to use that rule, the four of us can easily be killed by him once we return to the realm of the initial state Demon Emperor. "

"Let's go quickly so that he won't catch up."

"No, we have to inform the Great Emperor Changsheng of the news of his arrival. There might even be a reward, and even if there isn't a reward, the conflict with the capital war god can at least be eased a little."

After making their decision, they quickly headed to the entrance of the Taiqing Palace.

They knew the direction, so of course they were fast.

At the entrance of the Taiqing Palace, there was a 'Mystic Blue Palace'.

As long as the Divine Demons with the Death Realm Blood Bead arrived at the Mystic Blue Palace and displayed the Death Realm Blood Bead after entering, they could be considered to have truly obtained the right to enter the Death Realm.

A total of ten.

And within the Taiqing Palace, as long as it was a Divine Emperor, even if it was a Initial stage Divine Emperor, they basically all had the qualifications to enter the Death Realm.

As for the Great Emperor Changsheng and the rest, they were outside of the Mystic Blue Palace.

In the entire Taiqing, only one person dared to stop him. If the other Divine Emperor wanted to stop those Divine Emperor s who had obtained the Death Realm's Blood Bead, they would have to hide in the clouds, not daring to act so brazenly.

The Great Emperor Changsheng had blocked the entrance of the Mystic Blue Palace, so if Long Chen wanted to reach the Mystic Blue Palace, he had to go past him. Not only that, he had five Extreme Realm Divine Emperor s by his side, including Great Emperor Yuehua and Evil Fire Cloud God!

Great Emperor Changsheng stood in the middle with the other three Extreme Realm Divine Emperor s of the Jin Luan Divine Palace behind them. Normally, Evil Fire Cloud God had an evil smile on his face and was extremely noisy. However, right now, he was showing a gloomy face while teasing Great Emperor Yuehua's younger sister, 'Jade Flower Divine Emperor'.

"Oh, in all these years, I have never seen a dignified Evil Fire Cloud God show such a depressed expression. Looks like he had been bullied too badly this time. I'm quite curious now, how did that little fellow Long Chen manage to escape from your hands and even take away your Heavenly Cloud Fire Realm? "

It was too quiet.

The person who spoke was one of the four Extreme Realm Divine Emperor s of the Jin Luan Divine Palace.

The younger sister of the Great Emperor Yuehua, the Jadedflower Divine Emperor.

Although they were sisters, their auras were very different. The Great Emperor Yuehua was dressed in gorgeous silver, looking dignified and noble. He had a feeling of being a mother to the world, sacred and inviolable. His words and expression were intoxicating. To most men, this Jadedflower Divine Emperor was naturally even more enticing than the Great Emperor Yuehua.

This was especially true for his figure. His skin was like jade, and he had a glorious name for jade.

The Jadedflower Divine Emperor was the dream of many people, and the Evil Fire Cloud God had been pursuing him crazily, wanting to use this chance to break into the inner parts of the Jin Luan Divine Palace. But it was a pity that Divine Emperor Yuhua didn't like him.

"Shut up." Great Emperor Changsheng turned around and glanced at Divine Emperor Jadeflower. Catching Long Chen was a collaboration between him and the Evil Fire Cloud God, and now that the latter had failed, it was already unbearable.

"I don't feel like talking about him. A mere Divine King can't beat him, but I am very curious about Long Chen. If fate wills it, he might be my chosen one. I only took a few glances last time.

In all these years, the beauty of the Jade Glow Divine Emperor had never changed.

What she liked the most was a man who was younger than her, with a weaker cultivation but with unlimited potential. It made her want to protect him, and it made her want to conquer him. Evil Fire Cloud God, this old man was obviously miles away from her appetite.

"Yuhua, hearing you say this, you're forcing me to kill him." In Evil Fire Cloud God's eyes, the flames of jealousy had started to burn.

Divine Emperor Yu Hua waved his hand and said: "That depends on whether or not he's very cute. If he's really cute, I'll protect him."

"Yu Hua!" This time, the Great Emperor Yuehua could not take it anymore, and said: "This guy injured Ji Du, and stole the Herba Euphorbiae, if we do not teach him a lesson, how can we, the Jin Luan Divine Palace, put our face?"

Divine Emperor Yu Hua rolled his eyes and said: "Isn't it just to vent my anger for your precious son, why are you saying things so nicely? It's boring, a group of people guarding here is truly embarrassing."

Her temper had always been this way, and Great Emperor Changsheng did not want to bother about her. Fighting with her would only anger the couple to death.

Initially, in order to win over Evil Fire Cloud God, he had advised her to marry him. In the end, Divine Emperor Yuhua had just ran away from home and had only recently returned.

At this moment, two ugly fellows hurried over.

It was the devil.

"We saw Long Chen, heading this way!"

#### Chapter 2927 - The War of Vengeance

Amidst the clouds, a young man dressed in black and red slowly walked forward and landed on the ground, walking towards the crowd.

His pace was neither fast nor slow. His eyes were determined, as if there was nothing ahead of him.

Just this courage alone was enough to cause one to be moved.

If it was anyone else, under the suppression of the five Extreme Realm Divine Emperors, they would still dare to get so close, and even the Extreme Realm Divine Emperor would not be able to do so.

Long Chen had already seen them.

and also saw the incomparably huge Taiqing Palace behind them! The core of the Taiqing was mostly shrouded in clouds and mist, and only the tip of the iceberg could be seen. But even so, Long Chen felt that it was incomparably grand and glorious. Mysterious, mysterious.

As expected, you are worthy of being the Taiqing's Sacred Ground.

That supreme deity, the Daozu Taiqing, should be in this Taiqing Palace, but he didn't know if he would appear here.

Speaking of which, this was the first time Long Chen got so close to a Sovereign God.

Tai Yi Shen Jing.

But the key now was the Great Emperor Changsheng and the rest!

The moment he appeared, several gazes landed on him.

It was not only those five Extreme Realm Divine Emperor s!

Behind them, within the Mystic Blue Palace, there were also people from the Taiqing Palace who had noticed him.

There were also many The God Emperor of Perfection s and even Initial stage Divine Emperor s who were paying attention to him in the clouds and mist.

The Death Realm Blood Bead in his hands was what they wanted the most right now. Only the Death Realm's Blood Bead had the qualifications to fight over that Eternity treasure.

"Long Chen!"

Seeing him, Great Emperor Yuehua clenched his teeth. In all the countless years of her life, she had never been forced to this level by a young Fiendgod. Originally, the Evil Fire Cloud God was able to take care of him, but who would have thought that such a situation would happen?

In the current three heavens, their Jin Luan Divine Palace and Evil Fire Cloud God had become the laughingstock.

Was it because of this fellow who was said to be number one on the Divine King List?

In the eyes of the crowd, Long Chen relied on unknown rules to hide his true realm.

Under the fierce gaze of the Great Emperor Yuehua, Long Chen approached them and finally stopped a hundred meters away from them. Currently, the Great Emperor Changsheng had already made arrangements in the surroundings. To reach this location, Long Chen would not be able to pass through them to reach the Mystic Blue Palace. After all, the distance was too short.

Even Revolving Star Passage Technique was useless, it could still harm Ling Xi.

"Why is he so brave?" Great Emperor Changsheng was filled with doubts.

Even the people from the Taiqing Palace were confused. The number of people in the Mystic Blue Palace was constantly increasing, and there should be a lot of people who came to watch the situation.

There were even many Divine Emperor s hibernating nearby.

The beautiful eyes of the Jade Flower Divine Emperor roamed around Long Chen's body. No matter what, Long Chen fit with her happiness, so when she saw it, her eyes lit up.

"You actually dare to come?" "My Heavenly Cloud Fire Realm, prepare to take it out." Evil Fire Cloud God took three steps forward, anger burning in his eyes. Only then did his face drop greatly from's battle.

The Great Emperor Changsheng held him down.

Long Chen maintained this distance and still had a chance to escape. His eyes were firm and he knew that breaking in was useless, but after he arrived, he was calm and said directly: "I do not have any deep grudges with the lot of you, and everyone only thinks that I am a mere small fry who stole something, causing you all to lose face. Ultimately, it is because everyone feels that I, Long Chen, am of low status. Thus, the reason why I dared to come here today was so that I could prove myself before everyone here. As for the method, I want to challenge one of your Extreme Realm Divine Emperor s. "

He was already prepared, so it was easy to say. Just these words caused a huge uproar. This caused the surrounding Divine Emperor to be extremely shocked in their hearts.

In the Divine Emperor, the difference between perfection and perfection was extremely great.

For example, the Evil Fire Cloud God. One man against several The God Emperor of Perfection, would have the absolute advantage.

Especially the Sky Cloud Fire Sword; it was unstoppable.

Long Chen had previously escaped from the hands of the Evil Fire Cloud God, and it had only been a month.

"Last time, my brother and I suffered a setback at the hands of the Evil Fire Cloud God and we almost lost our lives. I wonder if Evil Fire Cloud God would have the guts to fight us brothers? At the same time, I wonder if Great Emperor Changsheng has the guts to make a bet with me, Long Chen. "

"Humph!"

Hearing this, Evil Fire Cloud God laughed first. Last time, he was lucky enough to escape and was brought to the Sky Cloud Fire Realm by Long Chen. To be honest, what he desired the most right now was to crush these two fellows. Last time, he looked down on Long Chen and the others with a teasing attitude, but this time, when he stopped playing around, it was different.

"Pity this guy, even though he is bold, he doesn't have a good brain. You actually think that the last time was because of my strength? "

He was just about to step forward, and use his actions to crush Long Chen.

Long Chen remained calm, and continued to speak to the Great Emperor Changsheng in the eyes of the other Divine Emperor, "There is no grievance between Jin Luan and I, and both of us are fighting with all our might over the Death Realm's Blood Bead. Although the Gongzi of Jidu was defeated, victory and defeat was also a form of training. At the end of the day, I have no great hatred towards you, and there is no need for us to have a relationship of life and death. So, I want to make a bet with Great Emperor Changsheng, if we brothers lose the battle, we will hand over the Death Realm's Blood Bead and return the Herba Euphorbiae, and apologize to everyone. But if the Evil Fire Cloud God loses, everyone will have to let me enter the Taiqing Palace. "

His idea was very simple, if he lost, he would just leave. In any case, there would still be a time when the Death Realm would open, maybe he wouldn't even need the Death Realm's Blood Bead to enter. He still had many things he needed to search for in the Allworld. There was no need to waste your life here.

He didn't have much confidence in winning or losing at the moment.

However, he had to admit that in the past few years, his mentality was at its peak. His mind was very clear and very calm.

"What do you want to bet? What qualifications do you have to do so?" I'll take care of you! " Evil Fire Cloud God laughed sinisterly.

Long Chen laughed and said, "Of course you don't know. Since Jin Luan Divine Palace is the second largest power in the Taiqing, they wouldn't even dare to accept a bet with me, a mere Divine King. That only shows that they have no confidence in you at all. Evil Fire Cloud God. "

Being provoked by Long Chen like this, the Evil Fire Cloud God's anger exploded. He looked at the Great Emperor Changsheng and said: "Whatever, since he wants to use these methods, I'll make him convinced of his defeat. If I lose, I will give you my Death Realm's Blood Bead. Just agree to his so-called bet. "

Everyone knew that this was a method of provocation, even the Evil Fire Cloud God himself knew that it was a method of provocation. However, with Long Chen's words, it would be impossible for him to step down from the stage.

Since they loved face, Long Chen would start from this.

Sure enough, everything went as expected.

After all, in his heart, he was clear about the situation last time. It was due to Evil Fire Cloud God's carelessness that allowed him to escape, but if he was to fight face to face and defeat Evil Fire Cloud God, with his knowledge, he knew even more that it was impossible.

Of course, he could not harm the peace between him and the Evil Fire Cloud God.

Therefore, he said: "I agree to his wager, but your Death Realm's Blood Bead is yours, we cannot take it. Furthermore, you are helping us to fight in the main battle, so we have to thank you. "

He had also given Evil Fire Cloud God face.

This way, everyone was overjoyed. As long as they could defeat Long Chen, they could get their face back. Those treasures were secondary.

"Alright, I'll agree to anything you say. However, you must also guarantee that the victor of this battle will be decided. If you manage to escape halfway, then it can only be considered your defeat. The next time you want to enter the Taiqing Palace, we won't be courteous to you. " Great Emperor Changsheng said.

From start to finish, the Great Emperor Yuehua did not speak a word. However, from her gaze, it could be seen that she also knew the gap between the two. He had also seen Long Chen's own uncertainty regarding the outcome of the battle.

"Indeed, this guy is very smart. He knows that this is the only way, and Evil Fire Cloud God is the bottom line that we can accept. It is also the limit of the possibility of him challenging us. This kind of cleverness really makes one unable to resist liking him. " The Jade Flower Divine Emperor's beautiful eyes flashed, lovingly watching Long Chen's every move.

Long Chen felt her strange gaze, but he didn't mind it.

It was all in his plan.

Evil Fire Cloud God laughed wickedly and stepped out.

News of the battle quickly spread and became the focus of attention of the entire world. There were even many people appearing from the clouds in the Taiqing Palace. They watched the battle from afar and discussed in low voices.

But all of Long Chen's attention was on Evil Fire Cloud God!

This was the battle for revenge that he had prepared! The only way to break into the Taiqing Palace! It was a battle that made both of their blood boil after he gathered his courage and discussed it with Mo Xiaolang! He was confident that he would be able to create the situation in front of him. He had succeeded! Great Emperor Changsheng had to consider his dignity, so he would definitely not break the contract.

"Therefore, the only thing we need to do is to defeat him, defeat him, and take revenge!"

Long Chen was good at making this kind of complicated situation simple. If it was just a battle, he could wholeheartedly focus on winning!

At this moment, Long Chen's fighting spirit and heart were connected to Mo Xiaolang.

In the God Nation, Mo Xiaolang who had achieved Taiyuan Deity Realm was the biggest pillar of support for Long Chen in this battle. They were all people that could defeat the The God Emperor of Perfection. And what Mo Xiaolang was best at was facing off against opponents who specialized in the laws of fire. But now that Long Chen had the Heaven's Sacrifice Spear, under the influence of the Heaven's Sacrifice Spear, he actually already had a certain imagination of the deeper level of the rules!

As he grasped the spear and felt the aura of the spear, he actually had many different ideas.

Under the gazes of tens of thousands of people, the Evil Fire Cloud God approached them with a sinister smile. Every time he took a step, a huge wave of fire would be set off, pressing towards him and causing his battle robes to flutter. The stern face also flickered with the fire of the other party!

"It's over!"

Evil Fire Cloud God roared, he instantly charged and turned into a fire man!

One punch!

Right at this moment, a black-robed youth blocked in front of Long Chen. He reached out his hand, and a fiery red ring instantly lit up!

Evil Fire Cloud God probably never thought that there would be a time where he would be attacked by the Heavenly Cloud Fire Realm.

Chapter 2928 Rules of Evil

Everyone could clearly see that the Heavenly Cloud Fire Realm was being worn by Mo Xiaolang.

The Skycloud Fire Realm was also known as the 'Skycloud Fire Ring'.

Once Hun Yuan activated the Hun Yuan's Creation God Manifestation Art, the nine great worlds all appeared in an instant, rolling about like nine giant snakes. Endless amounts of flames swept out, instantly engulfing the Evil Fire Cloud God who was charging towards Long Chen.

It had always been the Evil Fire Cloud God who devoured others. This was the first time he was actually devoured. They looked at each other in dismay.

In the blink of an eye, the flames tumbled and jumped in front of everyone's eyes. Evil Fire Cloud God had already disappeared, and what appeared before everyone's eyes was an unremarkable cloud and mist. If outsiders were to open this cloud, they would be able to save Evil Fire Cloud God.

However, this was a fair fight.

Therefore, everything depended on the Evil Fire Cloud God himself.

"That's the world he's most familiar with. Even if he were controlled by the Demon Tribe, he wouldn't be able to do anything to them. His goal today is to snatch back his Heavenly Cloud Fire Realm." Great Emperor Changsheng said calmly.

Evil Fire Cloud God was brought into the Heavenly Cloud Fire Realm, so if no one could see anything, then it would be meaningless.

At this time, everyone turned to look at Great Emperor Changsheng.

"Fine."

Great Emperor Changsheng waved his hand, and a bronze mirror appeared in his hand. He threw the ancient mirror into the sky, and the mirror became larger and larger in front of everyone, shining brightly in the sky. Very quickly, they could see a sea of fire burning within the mirror. There were also Long Chen, Evil Fire Cloud God and the others.

"So this is the Great Emperor Changsheng's Eternal Creation Divine Artifact?"

"Yes, it's 'Jin Luan's Mirror'. The treasure that the Jin Luan Divine Palace was protecting. The name Jin Luan Shrine came from this mirror.

"But it seems a bit ordinary ..."

"Rumor has it that the Creation Divine Artifact of the Eternity would die as soon as it shines. If you think it's ordinary, you can go up and try. "

When the Great Emperor Changsheng was controlling the Jin Luan's Mirror, many people were attracted by the Jin Luan's Mirror and stared blankly, their eyes revealing an endless amount of envy.

If not for Jin Luan's Mirror, it would be impossible for Great Emperor Changsheng to be ranked 19.

They were both from Divine Emperor, but compared to Great Emperor Changsheng, they were far inferior.

However, very quickly, the true fierce battle between the Evil Fire Cloud God and Long Chen caused the Divine Emperor to forget about the Jin Luan Mirror. He nervously looked at the image in the mirror.

"They're killing!"

The Supreme Demon Fire God Armor!

Skypalace Flaming Cloud Sword!

The Evil Fire Cloud God was furious. He was dressed in divine armor and wielding the divine sword. From the moment he entered, his eyes had been burning red, and he looked exactly the same as his surroundings! Today was the day he would be shamed!

"I didn't expect that in just a few days, you actually managed to attain Taiyuan Deity Realm. No wonder you have the courage to challenge me! It's just that you're underestimating me too much. "

Seeing the current Mo Xiaolang, Evil Fire Cloud God was not surprised at all. Even if Mo Xiaolang had reached the realm of The God Emperor of Perfection, he was not afraid. In his life, there had been too many defeated The God Emperor of Perfection s!

Mo Xiaolang was enveloped in a sea of fire. His body was covered in half white and the other half black flames. The extreme cold and heat created a vortex that revolved around Mo Xiaolang.

Long Chen did not lean against Mo Xiaolang once. This time, there was no need, he was at the other side of the Evil Fire Cloud God.

In fact, Mo Xiaolang was still the main force in his battle with the Evil Fire Cloud God, he was the most restrained opponent. Long Chen's current rules were more suitable for threatening the Evil Fire Cloud God in a formless manner, but of course, he would also ensure Mo Xiaolang's safety.

"Hur hur."

The Evil Fire Cloud God made his move amidst the rolling sea of clouds, he still thought that Long Chen was the biggest threat, so he still charged towards Long Chen this time. Last time, he was 90% certain that he would be able to win, so he was very casual about it, but this time, he had to go all out in battle, everyone was watching, if he was teased by Long Chen, then he wouldn't have to stay in the Taiqing anymore.

"Sky Slash!"

Fury, struggle with all one's might. The same rules, were simply several times more destructive. At this moment, the sky above the Cloud Fire Sword released a monstrous divine power, tore apart the layers of clouds and instantly rushed in front of Long Chen. Under the descent of the divine sword, Long Chen encountered an unparalleled crisis.

There was naturally no need to explain the power of the Evil Fire Cloud God s.

Both of Long Chen's hands gripped the God Slaying Sword tightly, it was extremely calm and collected, the power of time crazily condensed into the sword, forming a time whirlpool. Against such a powerful opponent, with all his time and means, he was afraid that it would be of no use against him, only the Sword of Time could block.

Ding!

Suddenly, a crisp sound rang out.

The moment Long Chen and the Evil Fire Cloud God's sword clashed, Mo Xiaolang pulled the Shooting Sun God Bow to the peak condition. On the The divine arrow of the setting sun's back, two kinds of Ancestral Flames were attached, imbuing's power, instantly releasing them. The The divine arrow of the

setting sun erupted with power that completely exceeded that of Heaven Chess, tore apart the sea of flames, and descended onto the Evil Fire Cloud God's back, aiming straight at his Heart of Rules!

Clang!

The Sword of Time was still blocked by the opponent's Extreme Demon God Fire Armor, but Evil Fire Cloud God was also unable to do anything to Long Chen, because with Mo Xiaolang's The divine arrow of the setting sun, under his shock, Evil Fire Cloud God had no choice but to retract the might of the Heaven Slash, allowing Long Chen to easily dodge it!

Bang!

The The divine arrow of the setting sun was sent flying but the Ancestral Fire only burned his body. If not for the Demonic Ancient Dao's Fire God Armor, the Ancestral Fire would have been able to harm him to a certain extent.

"This flame is actually just a seed?!" If it is formed, how terrifying would it be? "

This was the first time that the Evil Fire Cloud God had a rather strong interest in Mo Xiaolang. Previously, he knew that the Ancestral Fire was very special, but he never thought that this would actually be a seed.

"Seize it!"

This was his strongest thought at the moment!

Even if the Heavenly Slash had been blocked, and it had already made the Divine Emperor outside look down on it, he didn't mind. His eyes burned with desire as he stared at Mo Xiaolang, and laughed sinisterly: "So the most troublesome one is you, then I'll take care of you first!"

With that, he stirred the sea of flames, oppressing towards Mo Xiaolang. The Extreme Realm Divine Emperor was mighty and mighty, and when he held the sword hilt with both his hands, the Demon Ancient Supreme Flame God Armor and the Heavenly Cong Cloud Fire Sword fused together. A wave of overflowing Evil Qi exploded forth, causing the killing intent to engulf the nine realms! The black mist swallowed the burning clouds!

"Demonic Slaughter!"

This move again!

Previously, before Long Chen and the others escaped, the Evil Fire Cloud God was using the Evil Demon Kill against them. Actually, that was already the limit of the Evil Fire Cloud God! He had almost used two Godly Creation Tools, both of which were of the Hun Yuan level, to create this Evil Demon Slaughter. In the black clouds, the Evil Fire Cloud God's temperament had changed drastically, becoming completely unrelated to fire.

He seemed to have two rules. One was ' fire ', and the other was ' evil '.

The Devil Slaughter was such a rule.

Evil Yin was killing, and it would die the moment he touched it.

"When this Fiery Cloud fellow gets serious, it's quite scary." Seeing this demonic kill, even the Great Emperor Yuehua could not help but say this. Judging from this rule, the Evil Fire Cloud God completely surpassed Long Chen and the others.

BOOM!

With one move, his target was Mo Xiaolang.

"Big brother, I'll do it myself."

Mo Xiaolang's voice was calm. He put down the God Slaying Sword in his hand and watched as Mo Xiaolang responded. Although it was a battle of vengeance today, Long Chen's heart was extremely relaxed, his mind was filled with many emotions. The moment the battle started, he entered a mystical state.

"Ever since we stepped onto this Taiqing, I encountered Old Demon Tianxue, then the divine child, then the capital war god, then the Jin Luan Divine Palace, and finally the Evil Fire Cloud God. Everything was linked together as a result, and the result was once again the next reason. It is also because of a series of reasons that I have come here to fight with this Evil Fire Cloud God. "

The Karma of all worlds was complex and profound.

Just like Long Chen and Mo Xiaolang, when they met at the Rising Sun Restaurant in White Sun Town and fought the Evil Fire Cloud God together, there were trillions of karma involved. Each Karma is interconnected, and if any of them had been severed, they would never have been the same as they were today.

The fact that the law of karma can exist after time and destiny, before one's life, is enough to show how mysterious it is.

When Long Chen stopped, it was indeed when Mo Xiaolang erupted!

In the blink of an eye, a Sun Devouring Demonic Wolf appeared amidst the boundless sea of fire.

Everything inside the mirror of Jin Luan could be clearly seen.

The Devil Slaughter was about to descend! The wrath of the Evil Fire Cloud God s could be felt everywhere.

The nine worlds became nine giant flaming serpents. Each of them were extremely ferocious, and even the scarlet flames were tainted with the black and white Ancestral Flames!

This was what the Evil Fire Cloud God wanted the most.

The World Serpent hissed, and relied on its wriggling body to roll over Evil Fire Cloud God who was unleashing the Demonic Killing technique.

For a moment, waves of surprised exclamations sounded: "Isn't that Evil Fire Cloud God's Sky-Cloud Fire Snake?"

Unexpectedly, it was displayed in Mo Xiaolang's hands.

The Sky-Cloud Fire Snake relied on the Heaven Cloud Fire Realm, but it was still the Evil Fire Cloud God's rule. However, the last time Mo Xiaolang encountered this rule, he had already almost swallowed the rule.

Use his Sky-Cloud Fire Snake to resist his Devil Slaughter!

RUU...!

The gigantic Sky-Cloud Fire Snake continued to attack Evil Fire Cloud God. The Nine Hell Devil Ancestral Flame and the Azure Sky Emperor Ancestral Flame had miraculous effects, increasing the might of the Sky-Cloud Fire Snake, causing the Evil Fire Cloud God to be so angry that he vomited blood.

The Evil Demon Kill had instinctively taken Mo Xiaolang's life, but was interrupted by this. It was a move done in one go, but it could not find the opponent. Mo Xiaolang's tenacity was frightening, even the Evil Fire Cloud God was unable to suppress the attack that originally belonged to him!

In his eyes, Mo Xiaolang's threat had skyrocketed. At the beginning, he had only focused on Long Chen, but now, all of his focus was on Mo Xiaolang. When the evil demon was forced to retreat, he bellowed angrily and had already decided on a way to kill Mo Xiaolang.

"That demon clan was unexpectedly powerful. The Evil Fire Cloud God was forced to the point of risking their lives."

Long Chen was ignored at this time because he was simply too outstanding.

However, the beauty of the battle was that there would always be a turning point.

Chapter 2929 - Evil God World

So far, Long Chen had been a spectator for this battle.

However, he had been deeply involved in the battle. He was in a relaxed state of mind and did not think about defeating his opponent. Instead, he thought about the deeper rules.

The rules were quite fascinating once one entered the sect.

Especially Long Chen's rules, which were marvelous and profound, were an extremely interesting world.

When the dragon scales of the God Realm's Heart Refining Dragon appeared on his body, the time in his eyes gradually changed. The entire world seemed to have turned into a ball of thread as countless karma entwined together. It was densely packed and endless.

BOOM!

Just by relying on his own strength, Mo Xiaolang was actually able to force the Evil Fire Cloud God to stop his attacks! Shocked the gods.

However, Evil Fire Cloud God was already in a state that was close to madness. He desperately desired the Ancestral Flame, and could possibly save his face. Therefore, when the demonic slaughter was suppressed and his face was once again damaged, the anger in his eyes overflowed to the heavens, and his entire body felt like it was about to explode!

He waved the longsword in his hand, forming a vortex around him as an even more terrifying surge of natural law descended!

"This time, I want you dead!"

Every single Divine Flame was different. As the Divine Flames sunk into the whirlpool around him, a formation that was sufficient enough to support the destruction of the Heavenly Cloud Fire Realm appeared!

Sou sou sou!

Countless divine flames appeared.

Surrounding the Evil Fire Cloud God, a large amount of Divine Flames were arranged according to the diagrams.

In the end, a total of 999 types of divine flames appeared, arranged neatly around the Evil Fire Cloud God! This was the pure law of fire! Under the nourishment of the Evil Fire Cloud God, every kind of Divine Flame was fierce and strong, surpassing Mo Xiaolang's Divine Flame.

"Evil Flames Rising to the Sky!"

Evil Fire Cloud God roared.

The sword danced in the sky.

For a moment, the nine hundred ninety-nine types of divine flames seemed to have gained a life of their own as they blended together with a shrill cry. The flame formation crazily rotated and all the divine flames clashed together, erupting with a terrifying might that shook even the Cloud Fire Realm of Mo Xiaolang, as though it was about to collapse! Compared to the Sky-Cloud Fire Snake, this was definitely a much more terrifying law of fire!

The evil fire soared to the sky!

Under the Evil Fire Cloud God's final roar, the divine flame entangled on the diagram and instantly formed a gigantic devil claw. It was a demon claw formed from ninety-nine different types of divine fire, like the arm of heaven, flashing with multi-colored light, the convergence of the flames forming a fierce power of laws. Mo Xiaolang had already discovered that facing this evil fire, it was simply the same feeling he had when facing the Sky-Cloud Fire Snake!

"Die!"

Evil Fire Cloud God's voice pierced through heaven and earth, filled with deterrence!

Mo Xiaolang's Sky-Cloud Fire Snake was continuously being pushed back by the blazing Demon Claw. He could only tear away the Sky-Cloud Fire Snake and brace himself to use the Forbidden Area of Fire.

"Where's big brother?"

When Mo Xiaolang found his location, Long Chen suddenly woke up.

"I'm actually in a trance fighting against a Evil Fire Cloud God, I'm going!"

Long Chen was finally convinced of himself. After waking up from his stupor, he saw that the evil fire was soaring towards the sky and he realized the danger behind it. And at this time, the bold Mo Xiaolang once again used the Forbidden Land of Fire to devour the evil fire!

"This time, let's see if I can push you to your limits!"

That was a divine flame that the Evil Fire Cloud God had cultivated for several tens of millions of years. Every single type of might was close to that of Mo Xiaolang's Ancestral Fire Seed, so one could imagine just how much power of fire there was.

RUUMMBLLLLL!

The Demon Claw came over and grabbed the lotus flower from the Forbidden Land of Fire. Mo Xiaolang's eyes were bloodshot, just like last time, as he engulfed it directly. As for whether or not he could consume it, there was no chance for him to hesitate. The only thing he could do now was consume it!

BOOM!

When the crowd of gods saw that Mo Xiaolang was actually engulfing the attacks of the Evil Fire Cloud God, they were all shocked. If he really used nine hundred and ninety-nine kinds of Divine Flames, then forget about one. Swallowing it would probably cost half of his life!

"This is crazy!"

Mo Xiaolang was not crazy, this was something that he and Long Chen had agreed upon. When he went forward to devour the flames, Long Chen instantly appeared on top of his head, and turned into Hun Yuan's Heavenly Fate Dragon!

"Change fate!"

Mo Xiaolang had experienced the same death crisis before.

But as long as it was a flame, the greater the danger, the more it would change his fate and allow him to unleash limitless potential!

Changing fate was the most mysterious rule that Long Chen had right now, so the power of the rule could be big or small. If it was small, it would basically have no offensive power, but if it was used in real life, the power would be heaven-defying. Just like how he helped Mo Xiaolang to swallow the divine flame, this was simply a trial by trial!

The second time, Mo Xiaolang directly swallowed all 999 types of divine flames into his stomach. At that instant, his entire body ignited with multicolored flames, as though his body was about to explode.

But at the same time, the rules that allowed him to defy the heavens and change his fate were once again pushed to his limits.

Everyone had their limits, but the Heaven-Devouring Race did not have limits. Therefore, Mo Xiaolang's potential in this area simply surpassed Long Chen's. Changing fate was the most effective rule for him!

However, Evil Fire Cloud God would never understand.

Last time, he couldn't explode Mo Xiaolang's body because he had casually used it. This time, it was his ultimate killing move, and he was very confident in this move. Not to mention Mo Xiaolang, even if the Great Emperor Changsheng were to swallow these 999 types of Divine Flames, he would still die.

Unfortunately, he encountered the combination of the Heaven-Devouring Race and the heaven-defying change of fate.

Mo Xiaolang looked like he was about to explode, but he did not. He was holding on with his eyes like fire as he stared at Evil Fire Cloud God, revealing a smile that caused Evil Fire Cloud God to be stunned.

Long Chen stood at the side like a human and laughed: "Do you still have this kind of divine flame? How about a little more? "

These words directly caused the Evil Fire Cloud God to collapse.

Mo Xiaolang still had not died from the explosion. What kind of monster was he?

The nine hundred ninety-nine types of Divine Flames were an important part of the power of the Evil Fire Cloud God. This was how he relied on his strength. It was just that he could not predict it. That would clearly be enough to kill the Great Emperor Changsheng, so why wouldn't he be able to kill Mo Xiaolang?

Not just him, even Great Emperor Changsheng was shocked when he saw this scene. Turning his head around, he saw that everyone had widened their eyes in shock. They had confirmed that they had already seen the divine flame in Mo Xiaolang's body.

Long Chen had long predicted this would happen. He and Mo Xiaolang had discussed this before; As expected, he succeeded.

Whoosh!

Mo Xiaolang was simply like a monster. As he climbed higher and higher, he was swept by his eyes, and even the Evil Fire Cloud God was almost collapsing as he retreated. After the rule ended, the situation seemed to have reversed, and Evil Fire Cloud God had lost a part of his power.

Long Chen was calm.

Mo Xiaolang was even more ferocious.

Facing the two of them, Evil Fire Cloud God's mind was blank. It was a nightmare.

Even if it wasn't him, the Divine Emperor outside wouldn't be able to believe it. This was simply a monster.

"That's not right!"

A bolt of lightning flashed through Evil Fire Cloud God's mind!

Last time, I fell into a trap, and this time I was caught in a trap, and I was even scared. The problem is, they were never my match, and even now, it's the same.

In that instant, monstrous flames burned in his heart, and his aura, which had just weakened, immediately increased immensely, showing the peak of his Extreme Realm Divine Emperor.

His hearty laughter spread throughout the nine worlds.

"Since you guys have such a deep affection for each other, then I will make sure that you guys will work together to the best of your abilities!" I admit that it was very embarrassing to be tricked twice in a row. However, this is also more exposed. Your true combat strength is not my match at all. I don't need to use the laws of fire. In my eyes, you are merely two The God Emperor of Perfection s. Wouldn't it be easy to kill you? "

Sure enough, he understood the truth.

The Evil Fire Cloud God at this time was the most dangerous. Even Mo Xiaolang, who had swallowed so much divine fire, was unable to stop him. After all, he could no longer be considered a Divine Emperor of flames.

Other rules, Mo Xiaolang definitely did not have any advantages.

Time waited for no one.

This time, the flames on his body completely disappeared, but the Evil Qi overflowed into the heavens as he released the Evil Qi. He opened his arms wide, embracing the entire world, as if he had control of the entire world.

"Evil God's World!"

The soaring evil fire was one of the most powerful rules of the world of fire. And in the world of the Evil God, it was the most terrifying rule of all. When the Evil God World was unleashed, the Evil Fire Cloud God turned into a core. His body began to emit endless auras, and these auras swept through the nine realms in an instant!

In the nine worlds, a new world was formed.

The world of the Evil God!

A new world had been born in Mo Xiaolang's Heavenly Cloud Fire Realm, it was as if the Evil Fire Cloud God had once again seized control of everything.

Under these rules, Long Chen quickly realised that under the Evil God's rule, the rule of the world was that the evil god infected the mind, making people go crazy, rioting, and losing consciousness. It was not a control, but it could create chaos and cause the enemy to enter a state of destruction, where they could kill and their relatives would not recognize them!

There was blood everywhere and chaos in front of his eyes.

Long Chen was proficient in the laws of fate, and with the Evil Qi, he ensured a bit of clarity.

But at this moment, Mo Xiaolang's heavy breathing came from his side.

Turning his head back, he saw that his eyes were in a state of chaos, most likely under the influence of the rules of the Evil God's world. Moreover, the degree of resistance was very deep because Mo Xiaolang himself was relatively weak in this area.

Long Chen, who was closest to him, became the target of his riot.

"This Evil Fire Cloud God, is really worthy of being a Extreme Realm Divine Emperor, amazing!"

Long Chen was truly convinced of his power!

#### Chapter 2930 - Causality Stab

Long Chen didn't have any way to control the rioting Mo Xiaolang right now.

This was equivalent to losing a large portion of his combat power. Not only did Long Chen have to dodge Mo Xiaolang's attack, he also had to directly defend against this Evil Fire Cloud God. Although he was a lot weaker at the moment, and still had to support the Evil God's World Enormous Rules, it was still a terrifying challenge for Long Chen!

After the Evil God took over the world, Evil Fire Cloud God had instantly gained control of the battle and regained his confidence. His sharp eyes coldly looked at Long Chen, and laughed before Mo Xiaolang could flare up: "It looks like I still have to take care of you, you housefly."

As soon as he said that, the Sun Devouring Demonic Wolf roared and treated Long Chen as his opponent. It spouted out its mouth, and unexpectedly, there were dozens of types of Divine Flames that originally belonged to Evil Fire Cloud God. Long Chen had no choice but to temporarily avoid Mo Xiaolang, but the moment he left, the Evil Fire Cloud God caught up to him!

As for Mo Xiaolang, Evil God's world had affected his mind. Unable to find an opponent for a while, he started to destroy everything in his surroundings.

Evil God's world, return to evil!

"Where do you want to escape to? Don't you want to defeat me?" The evil laughter of the Evil Fire Cloud God was everywhere. This was his world, he had taken the initiative.

Once it was breached, Long Chen would immediately fall into the same situation as Mo Xiaolang, and they would be truly screwed. Evil Fire Cloud God had taken a fancy to the Ancestral Fire. If it was destroyed, the losses would definitely be huge, let alone fighting the Emperor Jun.

"Whiz!"

Evil Fire Cloud God appeared in front of Long Chen.

This place was a little far from Mo Xiaolang.

"There's nowhere to run!"

Evil Fire Cloud God took a deep breath. This time, he really suffered a loss. He held onto the Sky Cloud Fire Sword and walked towards Long Chen step by step. Even though he was already exhausted, he still had confidence in defeating Long Chen.

With a wave of his hand, a silver-white long spear appeared in his hand. The tip of the long spear was extremely sharp, with an explosive tip, it was just like the current Long Chen. Facing an opponent with such an aura, Evil Fire Cloud God stopped in his tracks.

But now, Long Chen had changed dramatically. His body had actually gained a black and gold dragon's scale, which was distributed neatly. Furthermore, a sword had been born between his eyebrows, which looked like a single horn. Furthermore, a dragon tail shot out. That dragon tail was like a long whip, the tail was extremely similar to the Heaven's Sacrifice Spear in Long Chen's hands.

The Evil Fire Cloud God did not recognize Long Chen anymore. He was originally a bloodthirsty man, but why was he now so open and open, overbearing and cold? His aura was completely the opposite of the Evil Qi.

Cold, judgement.

Long Chen faced Evil Fire Cloud God, and pointed his Heaven's Sacrifice at the center of his brows, causing a burst of cold air to appear out of nowhere!

"Isn't his Creation God Equipment the God Sword Magic Pagoda? How could he have such a spear?" Outside the Skycloud Fire Realm, the Divine Emperor s were puzzled. Evil Fire Cloud God had the same doubts as them.

The current Long Chen made him extremely disgusted, just like how he hated Mo Xiaolang for restraining his flames. Even that Heaven's Sacrificial Spear was used to restrain him! Once these things were out, his Evil God's World, would be even less likely to infect the slightest bit Long Chen.

"You're courting death!"

The more annoying it was, the more Evil Fire Cloud God would attack him.

However, he did not expect Long Chen to be faster. Without saying a word, he transformed into a golden and black shadow, and in the blink of an eye, arrived before Evil Fire Cloud God, thrusting out with his spear!

"Sky Execution!"

The power of judgement of the Divine Path's Heart Refining Dragon!

Evil Fire Cloud God sneered, and used the Sky Sword of Fire to block, but when he came into contact with the Power of Sky Execution, he was still shocked. Under the effect of the sword, the power in his body started to become chaotic.

Ding!

The immense power of the spearhead forced Evil Fire Cloud God to take three steps back.

"You seem to be running out of energy." Long Chen's ice-cold voice came out.

"Nothing much can kill you." Evil Fire Cloud God's counterattack this time, was a casual Sky Execution, rushing over.

Actually, Long Chen was currently in a mystical realm.

"Evil God's World. The little wolf was tricked. I faced him alone, but he had the Extreme Devil Dao Fire God Armor, making it impossible for me to hurt him in the slightest. All of these are because of you. "

"All living things exist because of karma."

"All living things are an amalgamation of karma."

"If this Heaven's Sacrificial Spear appears in my hands, it will be created from billions of karma."

"And the creation of the Heaven's Sacrificial Spear also involves countless karma."

"The Evil Fire Cloud God is also a part of the cause and effect."

When he thought about it that way, in his eyes, the Evil Fire Cloud God had simply become a ball of thread with countless Karma swirling around it.

Before, he was already immersed in this world, but now this feeling appeared again. It was extremely strange, but there was something interesting about it. It made him completely surpass life and death, and was unable to see his own life and death. Perhaps this was the reason why karma still existed before life.

Unconsciously, he felt a surge of power in his heart, a surge of power that followed his will and landed on his Heaven's Sacrificial Spear.

This force was very strange. It was intangible, yet it also existed. It seemed to be just a tiny bit of power, but it also contained an endless amount of things. It was as if many miraculous things had appeared on this force.

It was an extremely complicated ball of thread.

Puff!

Subconsciously, Long Chen thrust the Heaven's Sacrifice Spear towards the incoming Evil Fire Cloud God. In truth, all of the Divine Emperor outside thought that Long Chen was about to die, it was just that he had completely disregarded his own life and death, the entire world had become a cause and effect, nothing more.

His attacks on the Evil Fire Cloud God were like a ball of thread, smashing into another ball of thread.

Or, with spikes, to disrupt the thread.

To pierce or disrupt.

Ever since he had changed his fate, Long Chen had already comprehended the mysteries of the rules. It was a profound mystery of the Edicts of Fate, and what he was suddenly aware of was that the Edicts of Karma were equally mysterious. He had no idea what exactly this was, or how he had used it.

Everything seemed to be in a dream.

Ding!

It was as if the spear had hit something and shattered something.

This crisp sound once again awakened Long Chen from his earlier state. What he saw was, in front of him, was that the Extreme Demon Fire God Armor seemed to have been pierced through a hole by the Burning Heaven Spear, and directly pierced into the Evil Fire Cloud God's body. At the same time, it pierced through the Evil Fire Cloud God's back!

It struck right at the center of Evil Fire Cloud God's chest, the center of the World Tree, the position of the Heart of Rules!

The Heaven's Sacrifice Spear pierced through the's Heart of Rules, but it did not kill Evil Fire Cloud God. Perhaps at the last moment, Evil Fire Cloud God dodged a little, his primordial spirit was injured and did not die immediately, but in reality, Long Chen only needed to make up for the extermination of the Dragon Seal once more.

"Just now!"

Long Chen was still in a trance, thinking back to when he had used his Heaven's Sacrificial Spear just now. A mystical prick, that strange power that belonged to karma, had caused him to recall it endlessly, as if he had tasted a delicacy.

"You, you ..." Evil Fire Cloud God was extremely weak. He had long fallen into the sea of clouds and at the moment, he was holding down Long Chen's Heaven's Sacrificial Spear with both his hands, but he did not have the strength to pull it out of his body!

When Long Chen saw the look in his eyes, his shock wasn't enough to describe it anymore. It was almost like he had collapsed, as if he had met a world that he couldn't believe the most in these tens of millions of years.

The Skycloud Fire Sword was knocked away in a strange manner.

His most confident Demon Ancient Dao's Ultimate Fire God Armor was strangely torn apart by a strange force from the Ancient Devil Dao's Fire God Armor. That force wasn't because of a huge force, but because of some strange reason. In the end, the Ancient Devil Dao's Ancient Dao's Fire God Armor pierced through him and even passed through the Ancient Devil's Dao's Fire God Armor.

This time, the thrust that had enabled him to go from his peak directly fell to the bottom, causing his consciousness to collapse. He had absolutely lost all ability to fight, and even if Long Chen wanted to kill him, it would be a simple matter.

The defeat of the Evil Fire Cloud God led to the removal of the Evil God's world. Only then did Mo Xiaolang, whose mind had been affected, come to his senses. When they saw Long Chen's Heaven's Sacrificial Spear piercing through the Evil Fire Cloud God and Evil Fire Cloud God becoming a defeated opponent, even Mo Xiaolang was stunned. What had just happened?

"You lost. I won't kill you. "

Long Chen slowly pulled out the Heaven's Sacrificial Spear, blood dripping all over.

Of course they couldn't kill him. They were still watching the Great Emperor Changsheng outside, if they wanted to kill him, they might not be able to do so. After all, Long Chen still had to bet in the Taiqing Palace.

However, one had to say, that feeling just now was truly mysterious. It was the pinnacle of perfection.

"This is the Karma Thrust."

Long Chen had already faintly grasped onto the tail of the rule. What he needed now was a quiet environment, to properly remember the feeling just now. In time, he would definitely be able to completely grasp the Karma Thrust. It wasn't like today, where he would have to rely on luck to fully grasp it.

However, he could finally take a big step forward in the karmic law!

Sword and Saber God Prison, Heavenly Jewels, these were the rules of judgement and morality.

The Karma Emperor Sword, and the Karma Thrust, were the true karmic laws. Right now, Long Chen still had not figured out the Death Needle, he would know what was going on once he succeeds.

However, there was no denying that the Karma Threads were extremely effective.

Otherwise, how could he defeat Evil Fire Cloud God?

That scene abruptly unfolded without any warning.

"Ugh ..."

Originally, everyone had only felt that the current Mo Xiaolang could be considered to be a miracle.

Indeed.

However, what was going on with this scene?

When everyone clearly saw that it was indeed Long Chen who had pierced the Supreme Demon Ancient Dao's Fire God Armor and heavily injured the Evil Fire Cloud God, they all held their breaths one after another.

"A miracle." Great Emperor Changsheng sighed lightly. He believed in his own eyes, and he also believed that this was the result. Even he himself had many doubts.

"It is said that this Long Chen is a genius in terms of rules. This fight is because of his strange rule, which is why the demon wolf is able to swallow the Divine Flame. Finally, another divine rule defeated the Evil Fire Cloud God. "

The Great Emperor Changsheng sighed.

When he turned his head to look, even the Great Emperor Yuehua was staring wide-eyed at this scene in disbelief.

"Cluck cluck!"

Divine Emperor Yu Hua suddenly laughed, his face becoming flushed red and her heart pounding. Both of his eyes were staring straight at Long Chen, her heart rippling.

Everyone knew that Long Chen's performance in this way would make her go crazy. This woman that countless of people wanted to obtain had never once looked at his peers, but was instead interested in a slightly tender divine spirit.'s appearance today, simply caused her to tremble with excitement.

BOOM!

The Heavenly Cloud Fire Realm was gone.

Long Chen and Mo Xiaolang walked out side by side, while Evil Fire Cloud God was powerless and fell to the ground, the sky cloud fire sword stabbing right beside him.
