

War God 2931

Chapter 2931 - Daoist Xuan Qing

"Ugh ..."

Evil Fire Cloud God climbed up from the clouds with much difficulty.

But unfortunately, he was infamous, and even at this moment, no one was able to help him.

Everyone's attention was on Long Chen and Mo Xiaolang.

After the battle ended, they didn't feel the slightest bit of weariness, especially Mo Xiaolang who, after absorbing the 999 types of Divine Flames that were on Evil Fire Cloud God, was currently digesting the Divine Flames. The Divine Flames that the Evil Fire Cloud God was cultivating were even more intense and rich than the ones that he had ingested before.

"Big brother, I'll be going in first."

He needed a quiet environment.

"Alright."

Long Chen allowed him to return to the Divine Kingdom, but he still had to face the Great Emperor Changsheng and the others.

He was only one step away from entering the Taiqing Palace.

In reality, there were already many people from the Taiqing Palace who had come out to observe the battle. The true masters of these Taiqing all had ethereal temperaments, noble spirits, and an immortal demeanor. They floated outside the mortal world, causing people to feel reverence towards them.

But now, what they admired were Long Chen and Mo Xiaolang.

Defeating the Evil Fire Cloud God was their most perfect cooperation, it was their contribution, and both of them were indispensable. And lastly, it was because Evil Fire Cloud God was in a weak state. Otherwise, Long Chen would not have been able to complete that kind of extremely mystical finishing blow!

Evil Fire Cloud God had lost face, and was anxious to find a place to rest. Thus, he crawled out of the bed, his face ice-cold, and directly stepped into the Taiqing Palace without saying a word. He still had the Death Realm's Blood Bead, so he could naturally go in.

Leaving behind Long Chen, Great Emperor Changsheng and the others.

Everyone in the Jin Luan Divine Palace had different expressions.

When he saw that even the Great Emperor Changsheng was looking at him with a confused expression, he seized this opportunity and said: "Seniors, according to the bet from before, I have now defeated the Evil Fire Cloud God, and it is time for me to enter the Taiqing Palace."

The higher one's status was, the more confident one would be in his or her words.

For people like the Great Emperor Changsheng, if they went back on their words at this time, the entire world would laugh at them. Even if the Great Emperor Yuehua was extremely unwilling, he couldn't stop Long Chen at this moment.

"You can go in." The Great Emperor Changsheng said in a low voice, as he opened up a path.

Long Chen took the chance and rushed inside.

Actually, at this time, Great Emperor Changsheng was already considering whether or not he should continue becoming enemies with Long Chen. He had heard of Long Chen's deeds before, and he was definitely one of the top geniuses in the entire Allworld. Even the descendants of the Divine Sovereigns were not as good as Long Chen.

"With such great potential, he will definitely become a supreme deity in the future."

But as he was deep in his thoughts, just as Long Chen was passing by, Great Emperor Yuehua gritted his teeth and said: "Don't be happy too early."

Yes, within the Death Realm, there would be a greater competition.

"Oh." Long Chen replied indifferently.

The Great Emperor Changsheng interrupted the Great Emperor Yuehua and said: "It's about time. The three of you can go in as well."

He was referring to the other three Extreme Realm Divine Emperors of the Jin Luan Divine Palace.

There was a rule for the competition in the Death Realm. Divine Emperor who had an item called 'Eternity' were not allowed to fight for it in the Death Realm.

As such, the Great Emperor Changsheng did not have this quota. The three Death Realm Blood Beads they obtained were given to the other three. Actually, they had wanted to get another one and have Ji City's War God to go in and train.

After all, practically all of Taiqing s could enter the Taiqing s.

But the Death Realm Blood Bead landed in Long Chen's hands.

"Yuehua, this child's potential is enormous. He might have a hidden background. We don't have any deep grudges with him, so it's best to be cautious." The Great Emperor Changsheng said to her before he went in.

"Fine." Great Emperor Yuehua was actually very clear about this in his heart, and was only slightly unwilling. She thought for a moment, then said: "It is said that the number one on the Divine Emperor's rankings, Di Jun, is chasing after him. It is not possible for him to have any identity, but his potential is indeed shocking. But he has a bigger opponent, and we really don't have to go through this mess. Just let Di Jun fight against him. "

"If you can understand it, that's for the best."

Great Emperor Changsheng heaved a sigh of relief.

After listening to their conversation, the Jadeflower Divine Emperor couldn't help but laugh and say, "Truly two cowards. You even have to pay attention to the Divine Emperor Ranking. If they don't fight, then we won't get to know each other anymore. At that time, I'll just get Ji Du to call him uncle. "

"Yuhua, don't act recklessly." Before she could finish her words, the Jade Glow Divine Emperor turned and headed towards Long Chen.

This time, Long Chen and his performance caused them to feel a deep dread. He was nearly shocked. Although they worked together, they still defeated the Extreme Realm Divine Emperor!

The three of them followed Long Chen to the Mystic Blue Palace. The Mystic Blue Palace was majestic and strict.

All the disciples of the Taiqing Palace at this door were basically the Divine King.

The threshold of the Taiqing Palace was the God King.

Although Great Emperor Changsheng and the others looked like they were far more powerful than the disciples of Taiqing Palace, in reality, Great Emperor Changsheng was already the strongest person outside of Taiqing Palace. And these were the weakest areas of the Taiqing Palace.

"Although the Taiqing Palace is very big, its disciples are few, only a few thousand with less than ten thousand. But without exception, they all had extremely high quality, and their potential was also at the top. So much so that most of them have the chance to charge into the Taiyuan Deity Realm. "

One could imagine the power behind Taizhen Deity Realm. When he was at the level of the Infernal King, he probably didn't have the qualifications to enter the Taiqing Palace.

In the middle of the Mystic Blue Palace, the surrounding crowd dispersed. In front of him was an existence that Long Chen deeply respected and hid within the crowd.

Finally, Long Chen saw the person from the deepest part of Mystic Blue Palace.

It was a middle-aged deity with black hair and black beard. His body was perfectly straight as if he was standing on a cliff. He wore an azure daoist robe over his body and held a horsetail whisk in his hand. If one looked carefully, there was no way to tell if there were eyes in those eyes, but it was as if there were endless clouds in the sky, covering the entire Taiqing.

Now that he saw Long Chen, he revealed a slight smile and said: "Welcome to Taiqing Palace, I am Daozu Taiqing's number one disciple. You can just call me Daoist Xuan Qing. Please show your Death Realm Blood Bead. "

Daoist Xuan Qing.

Long Chen knew him. Previously, he had heard that the Great Emperor Changsheng was the third strongest warrior and the strongest was naturally the Daozu Taiqing, so he asked who was the second strongest and the answer he got was the number one disciple in the Daozu Taiqing. Now, the person in charge of the entire Taiqing Palace, Daoist Xuan Qing.

The Daozu Taiqing had long ago transcended the mortal world, so they could not find any traces of the other Taiqing s.

Daoist Xuan Qing was the fourteenth ranker on the Divine Emperor. He had a few names in comparison to the Great Emperor Changsheng. It was rumored that Great Emperor Changsheng had challenged Daoist Xuan Qing before, but he had failed. After all, they were all between the eleventh and twentieth stage. The s' ranking and rules were the same, and the Great Emperor Changsheng s could directly challenge Daoist Xuan Qing.

Long Chen took the Death Realm's Blood Bead, and said: "Junior Long Chen, this is my Death Realm's Blood Bead."

Just a look.

In fact, there was no need for Daoist Xuan Qing to appear here. He had only come here because of Long Chen and the rest's battle with the Evil Fire Cloud God.

Following that, Great Emperor Yuehua, Jade Flower Divine Emperor and Jin Luan's' Goldwing Divine Emperor 'walked into the Mystic Blue Palace and met Taoist Xuanqing's gaze.

Divine Emperor Yu Hua walked to Long Chen's side and blinked her charming eyes. There was an indescribable charm to it. Envy the bystanders.

"It's merely a small matter on the Death Realm. Is Daoist Xuan Qing still coming out to welcome him personally?" Great Emperor Yuehua calmed his mind and laughed lightly.

"I heard that the number one child on the Divine King's list wants to challenge the Evil Fire Cloud God. It really was brilliant. It just so happens that Great Emperor Yuehua is here, so Xuan Qing will be leading you all to 'Heavenly Clear Palace', waiting for Death Realm to open up.

Even though this Daoist Xuan Qing was a peerless expert and the current head of the Taiqing, he was extremely courteous. He made people feel as if spring breeze was blowing, making them feel comfortable and comfortable within the dark green bamboo forest.

"Please."

The party of four followed Daoist Xuan Qing into the misty Taiqing Palace. This was the birthplace of the three-clearing zhenqi, so it was especially dense, and was the best place for cultivation. The palace, the pavilions, the mountains, the water, the flowers and grass were all hiding secrets, it was truly a Sacred Ground.

Daoist Xuan Qing led the four of them as they shuttled back and forth. They were surrounded by the Divine King. Whenever he saw Daoist Xuan Qing, they would respectfully bow to him. In his eyes, there was reverence.

The Great Emperor Yuehua listened to Great Emperor Changsheng's advice, at least he wouldn't find trouble with Long Chen here, so he had Jin Ye, the Divine Emperor, by her side. On the other hand, Divine Emperor Yuehua deliberately fell behind and walked together with Long Chen. She stared at Long Chen with her eyes shining like jade, and seeing his expression, he couldn't help but drool.

Long Chen didn't really know her, but from the looks of it, he was different from Great Emperor Yuehua and the others. However, the other side was indeed looking at him strangely. That was the same expression on Mo Xiaolang's face when he saw the Divine Flame.

"What's the matter?" Long Chen saw that she was staring at him for too long, and he was speechless.

"You're so beautiful." The Jade Flower Divine Emperor praised.

Long Chen almost vomited a mouthful of blood.

"Same here." After he said that, he ignored her, but Divine Emperor Jadeflower still looked at him with admiration, circling around him. This woman had a different taste, however, Long Chen did not want to interact with her too much.

In the blink of an eye, after passing through Taiqing Palace, he arrived at a place known as the Sky Cleansing Palace. This was where Taiqing Palace received their distinguished guests.

"Everyone, please come in."

He led the group into the vast hall.

The great hall was not glorious. Instead, it was simple and elegant, as if it had been settled over the years.

"Everyone, please take a seat."

Among them, there were ten chairs.

All of them were people who had received the Death Realm's Blood Bead. Adding Long Chen and the others, including Evil Fire Cloud God, a total of seven people had already come.

After taking his seat, Divine Emperor Jadeflower also deliberately sat next to Long Chen.

"Everyone, the Death Realm still has more than ninety days before it opens. Please take a short rest, and two months later, we will head to the Death Realm with the disciples of the Taiqing Palace. This lowly one will not accompany you for now. If any of you have any needs, you can ask my Heavenly Palace's disciples for them. "

With that, Daoist Xuan Qing retreated.

Chapter 2932 - Door to the Universe

"Although you are two people, you only received one Death Realm Blood Bead. After entering the Death Realm, if no one helps you, your fighting strength will plummet. Don't you worry?"

After sitting down, Long Chen focused on comprehending the Karma Throat from before, but this strange woman, Divine Emperor Yuhua, was constantly talking to him.

Long Chen also thought of this problem.

Divine Emperor Yu Hua chuckled and said: "I guessed it already. You must think that the Divine Kingdom can be opened in the Death Realm right? Stupid, if that's the case, a single Death Realm Blood Bead could be brought in by everyone. Death Realm is a very strange place, and if you were to open up the Divine Kingdom there, some strange things would happen, and that would be, your Divine Congress and the Death Realm would become one and become a part of the Death Realm, and then, the Death Realm would devour your Divine Kingdom, and you would lose your Divine Kingdom and everything. "

"Is that so?"

To be honest, Long Chen really didn't know about this.

"In the past, there were some people who did not know about this at all. They opened up the Divine Kingdom in the Death Realm, but in the end, many of their family members were directly swallowed up by the Death Realm, leaving not even their corpses. You little fool, if you don't know this, it will kill a lot of people. "

The Jade Flower Divine Emperor rebuked.

"Ugh ..."

Long Chen was startled.

Actually, if Yu Hua's words were true or not, he could confirm it by casually asking someone. So he believed. Thinking about it carefully, if it was not because the Divine Kingdom did not dare to open it, then anyone could bring a group of people in. The Death Realm's Blood Bead was used to ensure that everyone would only have one spot to fight for.

The most important point on this battlefield was that the three Daofathers had chosen the Death Realm as their battlefield.

It was also very fair.

Then, in the Death Realm, not only Mo Xiaolang, Ling Xi and the others would also not be able to participate.

"Of course, the Death Realm is the world of the Primordial Blood Dragon. I might be different, and my Divine Kingdom is not that easy to integrate with."

He was well aware of this point, so he wasn't frightened for the time being.

His main purpose for entering the Death Realm was actually to temporarily avoid Di Jun and need an opportunity to become stronger!

"Thank you."

She told herself such an important point, regardless of the starting point, a word of thanks is still a small matter.

She laid lazily on the chair, her eyes smiling like two crescent moons as she looked at Long Chen with satisfaction, and didn't speak for a long time. Long Chen was absolutely horrified when he saw this.

"What's wrong with this woman!"

In the God Kingdom, Zhu Xi and the other girls were expressing their disapproval.

"You dare to tease our boss, you really do not place me, Zhu Xi, in your eyes." Zhu Xi said with righteous indignation.

"It's fine, you can tease me. I'm not afraid of pain or fatigue, come on!" The kitten opened its arms and said without hesitation.

"Damned cat, how dare you take advantage of my grandma, let's see if I'll burn all your hair!"

While they were fooling around, Yu Hua had already reached a new topic.

"To be able to compete in the Death Realm, one must at least be a Divine Emperor. Of course, Divine Emperor who already possesses items of Eternity do not have the qualifications to participate. For example, longevity and Xuan Qing. There are close to ten Divine Emperors in the Divine Emperors of the other two heavens. Taiqing and my elder sister, there are also five of them, and these ten plus people are the ones who have the most chance of fighting over the items from the Eternity.

Yu Hua squinted his eyes and laughed at Long Chen as he chattered on.

"Actually, I don't think my sister has any chance at all, let alone this stupid thing. Normally, the Three Great Heavenly Palaces would all gather together and break free from their embrace. People like my sister who weren't in the Three Great Heavenly Palaces would immediately be excluded. If she got close to the treasure, she would probably be surrounded and attacked. This was not a fair fight to begin with. The people from the Three Great Heavenly Palaces are all very arrogant, and look at the disciples around us. Although we are the Divine Emperor, there is contempt hidden deep in their eyes. "

In fact, Long Chen could also feel that the disciples of the Taiqing Palace were very arrogant, and did not lower their heads much.

"Sigh, back then big sister and I also had the chance to join this Taiqing Palace. It's just that she was too stupid to follow Longevity and I also had to be excluded from the Taiqing Palace. How depressing."

Speaking to here, she looked eagerly at Long Chen, and said dotingly: "However, you are even more pitiful. I know that the number one on the Divine Emperor Ranking, Di Jun, is chasing after you. He has traveled across ten thousand realms to kill you, so you must be feeling pressured, but I think that you are very smart, yes, hiding in the Death Realm is the best way for you. As long as you can't persevere inside, he won't have a single way out. Anyway, big sister thinks very highly of you! "

At some point in time, she had already claimed herself to be an elder sister.

Long Chen never thought that she would even know his full intentions.

When Long Chen looked at her, Divine Emperor Jade Flower smiled charmingly and said: "Let me tell you a secret, I secretly joined an organization. Its name is 'Papyrus korshinskii'."

"Di Jun, if you entrust us with searching for your position in the Ten Thousand Worlds, he seems very confident. If his request is to directly capture you, then I will probably make a move against you right now."

Of course Di Jun wouldn't, because he wanted to obtain the Origin Dragon Palace. He wanted to capture Long Chen and take away the Origin Dragon Palace without anyone noticing.

"What do you want?" Long Chen asked.

It's not like that, you're not hiding, the entire Ten Thousand Worlds knows that you're in Taiqing, he naturally knows about it too, so there's no need for us Papyrus korshinskii to look for information, you're really stupid and adorable, but, I have information about Di Jun here, if you pay a certain price, I can tell you about it.

Looking at her mysterious appearance, she might really be useful.

Long Chen then asked: "What rewards do you want?"

Yu Hua's charming face reddened as she shyly said, "Why don't you kiss your elder sister?"

Long Chen's face turned white, he really did not understand what the lady in front of him meant. Did she really like him, or was it just to tease him? As expected of a woman's heart.

"Don't joke. Is it a creation god tool, hongmengxinling, or a Chaos Treasures?" Long Chen said with a straight face.

"Haha, you look nervous. Don't worry, I won't violate your rules before you go through the door. I mean, I know what Di Jun is doing recently. The condition is that you have to call me Big Sis in the future. That should be fine, right?"

What was Di Jun doing?

This was indeed news that was extremely attractive to Long Chen.

"It doesn't seem to matter to me to call you sister for this news."

"Sure, deal."

"Let's talk about it first. I don't want you to act shamelessly." Yu Hua refused to let him go.

On the other side, was fuming with anger when he saw her and Long Chen whispering to each other and was not smiling at all. He was still recuperating and was on the verge of exploding.

After forcing Long Chen to shout a few words, Yu Hua finally said: "This is not good news. After you left the Divine Spirit Realm, Zhou Shan returned to 'Taihao Region' and found 'Hierarch Taihao'. It seems that his relationship with the Hierarch Taihao is extremely good. Instead of chasing after you, he went back to the 'Taihao Region'. Why do you think that? "

Long Chen shook his head.

"Idiot." Yu Hua looked at him angrily and said, "It is said that the Hierarch Taihao has a God Creation Artifact with the same Eternity. Its name is the 'Door of the Universe'. It was rumored that by using the Door of the Universe, the Hierarch Taihao could instantly reach any world in the entire ten thousand worlds. Even all the doors of the universe have been marked. "Naturally, Di Jun wants to borrow this universe door. As long as he knows where you are, he can instantly reach you."

Door to the Universe!

Long Chen was shocked.

It was only now that he realized how dangerous he was at this moment. Di Jun might just appear before his eyes in the next moment.

"You're finally afraid, right? Hmph, you still won't admit it even if I say you're stupid. In the 20 odd years since you left the Divine Spirit Realm, Zhou Weiqing is also returning to the Taihao Region. Right now, he should have already returned to the Taihao Region, but you have been here for a period of time and he has not arrived yet. I think that he wants to use the 'Door of the Universe', which is a little difficult, as it is the possession of the Hierarch Taihao. Otherwise, you would be dead now. "

"Then tell me, what should I do now?"

Long Chen thought for a while, but didn't come to a conclusion.

He was still calm.

After all, things like the gate of the universe were beyond his imagination. He could not predict.

If he comes, and you have no relationship with the Taiqing Palace, then the Daozu Taiqing will definitely not protect you, and elder sister will also not be able to beat that Di Jun. At that time, you can only wish that you have good fortune. "

In this Ten Thousand Worlds, the person who wouldn't be polite to him the most was this Di Jun.

His mortal enemy!

They were both from the Dragon Sacrifice Continent, and were even two of the super strong experts left behind from the once glorious Dragon Sacrifice Continent.

And now, Di Jun wanted to snatch the Origin Dragon Palace.

Di Jun could even inherit blood essence!

This was because he was also the descendant of the Divine Dragon.

He needed to be even more careful when dealing with him.

Long Chen became silent. He was thinking about what else he could do in these three months. As the controller of the spatial laws, Di Jun estimated that Ling Xi's Stellar Transposition would not have much effect on him. After all, once upon a time, even the Evil Fire Cloud God was able to trap him.

"It seems like we're almost there!"

Long Chen was a little unresigned.

"Pitiful child, what kind of evil did you do to make Di Jun chase after you?" Let me guess, you don't have any treasure on you that even he wants, right? "

Yu Hua winked and said.

"That's my problem, mind your own business."

"Alright, I don't want your things. Otherwise, I will be hunted down." Yu Hua laughed to the point that her flowers were quivering.

Her eyes flashed as she suddenly said, "I have an even bigger and more explosive secret here. You must be very happy to hear it. Do you want to know?"

Before Long Chen could reply, she bluntly said, "If I don't kiss big sister this time, I won't even tell you if I die."

Chapter 2933 - Ghost Blood Curse

"Then forget it." Just as Divine Emperor Yuhua was looking forward to it the most, Long Chen said these words lightly.

"Hmm?" "... " Divine Emperor Yu Hua was stunned, she had initially wanted to play with Long Chen, but she had to watch him collapse, he did not expect to be defeated by him, and his heart immediately became gloomy.

"I, you ..."

After hesitating for a while, she suddenly revealed a charming smile. Her smile always had a hint of slyness to it.

"Did you get to know your sister so soon? I know that with elder sister's personality, I will definitely not be able to hold back and tell you, right? " She gazed at Long Chen dubiously.

In fact, she had helped him tremendously by telling him about the Cosmic Hades.

Long Chen was currently thinking of a way to deal with Di Jun.

He said, "To be honest, if the secret you speak of is of great use to me, then I will not forget to repay you if I can survive in the future."

"Will you promise me your life?"

"Nope."

Long Chen had experienced many massacres, but he could do nothing about this woman's teasing. Divine Emperor Jadeflower was a very smart person, Long Chen's heart could not escape her eyes.

"Why? Am I that ugly in your eyes? You aren't worried that your Divine Kingdom girls will be jealous, are you? "Don't worry, big sis is very unrestrained. No matter how many women you have, I won't mind. We can all enjoy ourselves together."

When she said the word play, she emphasized on her tone of voice as she lightly licked her red lips to tease Long Chen.

Long Chen simply closed his eyes and said: "If you have anything to say, just say it, don't keep me in suspense."

When he became stern, Divine Emperor Yu Hua also stopped teasing. She was obviously Great Emperor Yuehua's sister, but she did not care about how Long Chen talked to her, she was already a strange woman, and in Long Chen's eyes, she was an unfathomable woman.

"Actually, it's not really that big of a deal, but you will definitely be interested. I know what kind of Eternity and treasures the Death Realm is competing for, and for the time being, only I know.

Great Emperor Yuehua was one of the people who wanted to obtain that Eternity treasure the most.

"What is it?"

Although he did not believe it, Long Chen still asked.

The Jadeflower Divine Emperor smiled complacently and said, "It's the most important competition. It's said that the 'Ancient God of the Wilderness' once gave a gift to the three Daofathers. It's a Creation Divine Artifact."

The Ancient God of the Wilderness was the ruler of the Pangu Region and Pangu Continent, one of the ten thousand Sector lords.

The God Creation Art was more precious than the hongmengxinling and Chaos Treasures, Long Chen had thought that it was only a Chaos Treasure. After all, the three Daofathers would probably give such a great treasure directly to their disciples. Using the Death Realm's method to compete for it would put them in danger of falling into the hands of outsiders.

Even though the risk was low, it had never happened.

The reason why the spots were given to the disciples of the Heavenly Palace was to expand their influence and liveliness, and also to make the disciples of the three Heavenly Palaces feel nervous.

However, it was said that no one outside of the Three Great Heavenly Palaces had ever obtained such a treasure.

"What is this Manifestation Divine Weapon?"

Actually, Long Chen would have the Eternity of the Heaven's Sacrificial Spear in the future, so he was not very passionate about the God Creation Divine Weapon. At the same time, he explored the Death Realm of the Primordial Blood Spirit Dragon and discovered a secret.

"You really want to know?"

"Nonsense."

"I won't even tell my sister."

"If you don't want to say it, then don't pave the way for so much, okay?"

"Cluck cluck!"

Only after Divine Emperor Yuhua finished laughing did she finally move close to Long Chen's ear.

A delicate fragrance assaulted his nostrils.

"It is said that the rule you use the most is the rule of slaughter. It's precisely because the Ancient God of the Wilderness gave it to three Daofathers at the same time that the Tri-Layered Heavens disciple would compete for it. If one of the Daofathers had it, they might even be able to personally refine it. It has a nickname: must kill sword. "

"What must kill sword?" This name was quite domineering.

However, it was just a nickname.

"As expected, you've never heard of the name of must kill sword." The Jade Flower Divine Emperor had an expression that was as expected.

"Just tell me."

"In short, any person who gets hit by a must kill sword, even if it's just a layer of skin, among the must kill sword, there is a terrifying 'curse' called 'Ghost Blood Curse', and it will instantly engulf the whole body with blood, and even if it's a god, if they get infected with the 'Ghost Blood Curse', they will immediately die. It was said that none of the Divine Emperor s were spared, but he wondered if the must kill sword that had struck the Hierarch would be killed. have not been tested yet. "

"This' Ghost Blood Curse 'should be a type of rule, right?"

Everything in the world was a rule, and curses were no exception. To be so tyrannical, one would die even if they were slightly injured. It must be a rule. It's just that Long Chen did not understand curses.

Listening to Divine Emperor Yuhua's words, he could roughly imagine how terrifying this 'must kill sword' was. Adding on the Ghost Blood Curse, its value would surpass 'All Gods Garden' and 'King Battlefield of Divine Devil' just by listening to it.

The Everlasting Stone was even inferior to the All Gods Paradise.

In terms of killing and fighting, must kill sword was even more valuable.

It was impossible for Long Chen to not be moved.

Even though it was a curse, a Creation God Equipment with such a strong killing intent, and furthermore, it was a Eternity, that was his desire. He had improved so much that even the God-Slaying Sword could barely keep up with him.

"What is the real name of this must kill sword?" Long Chen asked.

Yu Hua saw the fire in his eyes and said: "Didn't I tell you before? It has a Ghost Blood Curse, and a Ghost Blood Curse can instantly kill one who touches it. It is extremely frightening, and the name of this sword is actually also known as the 'Ghost Blood Curse'."

It was a terrifying name.

Very strange, Long Chen only heard the name of this sword and he could already imagine its appearance. It should be different from the God Slaying Sword, it was a sharp sword, extremely thin, with a width of only two fingers, but it must be very long, very bloody.

"Do you want to see the Ghost Blood Curse?" The Jade Flower Divine Emperor asked.

Long Chen was shocked. He looked at her, how did she know?

"Actually, this is also the first time I've heard this name. This was the power of the Ghost Blood Curse. If you covet it, it will give you murderous intent."

"An impressive Eternal Creation Divine Artifact." Long Chen had to admit.

But, why didn't she tell Great Emperor Yuehua, and instead told herself? Thus, she had some doubts about this matter.

However, Yue Hua happily said, "It's said that the Ghost Blood Curse originated from a place that has disappeared from the Ten Thousand Worlds and is hard to find. It's the scariest place of all." The name was Ancestral Star. Also called a scout. In the ten thousand worlds, there is a calamity called the Aurora Ancestral Star. It is in fact a curse that erupted from the Ancestral Star. The Aurora Ancestral Star proves that the Ancestral Star still exists. "

"What!"

This time, Long Chen's heart was truly shaken.

"Cursed Land!"

That was the place he was looking for, the place where he might be able to break the divine dragon's curse. It was also one of the biggest missions that the Draconis officinalis Hance had given him. It was just that he was currently hiding from Di Jun and did not have the chance to look for him.

"Zu Xing, what's wrong?" Divine Emperor saw that his expression changed greatly and asked with concern.

Long Chen said: "Do you know where the ancestral star is?"

Divine Emperor Yu Hua shook her head but she asked curiously: "For a place like this, everyone would avoid it. They are afraid of being cursed, so why are you interested?"

Long Chen thought: "Since I don't know yet, I should put this matter aside first. After I take care of Di Jun, it would be too late to go and search for that Ancestral Star."

Thinking about it here, the Jade Flower Divine Emperor said, "In the Myriad Realms, no one should know where the Ancestral Star will be, but the Ghost Blood Curse is from the Ancestral Star, if anyone can obtain this Ghost Blood Curse in the future, you can ask its Destiny Heroic Spirit."

"Can this be?"

Long Chen's desire for the Ghost Blood Curse became even stronger.

Previously, Long Chen only wanted it because it was terrifying and bloody. But now, after knowing that the Ghost Blood Curse might have a way to head to that cursed land, he already strongly desired it.

He was competing with the existences on the Divine Emperor's leaderboards.

"Long Chen."

"What is it?"

"You want to obtain the Ghost Blood Curse?"

"If you don't want it, why are you entering the Death Realm?"

Yu Hua Divine Emperor nodded his head in satisfaction and then said with hope, "Then, if I were to snatch the Ghost Blood Curse for you, would you love me?"

What was this mess?

Long Chen wanted to say that he would fight, but when he looked down, Divine Emperor Yu Hua was looking at him like a little dog.

"Strange woman." Long Chen sat upright, too lazy to bother with her.

He closed his eyes. There was something more important to do, and that was the Karma Thrust.

He had to revisit that feeling before he could fully understand it.

At the side, the Jadeflower Divine Emperor smiled gently. She no longer said anything, but quietly looked at Long Chen's face from the side.

"It's so similar to him from back then ..."

While he was in a trance, the person in front of him seemed to have changed. Tears started streaming down his face.

"This time, I will get the Ghost Blood Curse for you! "Definitely."

Yu Hua muttered.

"Yuhua, come here."

In the distance, the Great Emperor Yuehua could no longer bear to watch any further.

Divine Emperor Yu Hua rolled his eyes at her and did not move at all. He was so angry that Great Emperor Yuehua almost wanted to beat her up.

Time flowed on.

Fortunately, Divine Emperor Yuhua didn't disturb him, and only looked at him quietly. Long Chen let him look, and his mind was entirely focused on the Karma Thrust.

"Karma Stab, nothing can break it. Everything has Karma. Follow the Karma trail, undo it, destroy it, change it, and you can change anything. Even the God-Creation Artifact, even the most powerful defense!"

"Because of this, my Karma Thrust pierced through that Hun Yuan's Supreme Demon Fire God Armor. "If the power of slaughter fails to break through, but disrupts the karma, then the Supreme Demon Fire God Armor will be unable to withstand a single blow."

It wasn't just that. The Karma Thrust had even more uses.

"Brother Chen, it's been a month since we last met. It's so strange."

Even Ling Xi could not bear to watch any longer.

"However, I feel that she treats you like someone else."

Chapter 2934 - Nine Sword Divine Emperor

They only needed to wait two months in this 'Heavenly Clear Palace'.

Long Chen placed his hopes on the Death Realm. Even if he knew that Di Jun was fighting for the 'door to the universe', he could only stay here and wait for time to pass.

According to the Yu Hua Divine Emperor, Di Jun would not be able to make it in this period of time.

However, he did not stay idle. Instead, he focused all his energy on the Karma Thrust.

After pondering for two months, he thought that he already knew what kind of rule the Karma Thrust was.

Finally, the ten people who had obtained the Death Realm's Blood Beads had all arrived at the place.

Among them, there were six Extreme Realm Divine Emperors.

In other words, other than Great Emperor Changsheng, the other six Extreme Realm Divine Emperors had all arrived.

After two months of recuperation, Evil Fire Cloud God had recovered quite a bit from his injuries. He, who usually spoke the most, was now silent. Only occasionally did he raise his head, and the gaze he looked at Long Chen with was filled with enmity.

To be honest, he still wasn't convinced.

Long Chen's Karma Stab was too sudden and impossible to predict, he did not believe that Long Chen would be able to use it again.

But Long Chen's thoughts were not on him at all.

"If the Divine Kingdom cannot be opened, the wolf cub will not be able to make a move. "In the Death Realm, everything depends on your Ghost Blood Curse."

In his imagination, that bloody sword.

"Follow me to the Heaven Mending Platform!" Gather first. After a day, we will head towards the entrance of the Death Realm. " A young Divine King appeared at the door, dressed in the robes of the Taiqing Palace. Although he was not as strong as the rest, his tone was haughty and noble.

"Did you see that? If the disciples of the three Heavenly Palaces are already like this, then no matter how strong we are, they will look down on us. Once we enter the Death Realm, they will band together and reject us. As the saying goes, "Fertile water does not flow to outsiders, the Ghost Blood Curse" is something that belongs to their ancestors.

Divine Emperor Yu Hua curled his lips and felt slightly disgusted.

As for the other Divine Emperor s, even Great Emperor Yuehua were already used to it. The Triple Layered Heavens were the place where the Three Great Heavenly Palaces were located.

Under the guidance of the Divine King, the group passed through the Taiqing Palace and headed towards the 'Heaven Mending Platform'.

"Will we be able to see three Daofathers this time?"

Long Chen asked softly.

The Jadeflower Divine Emperor had always been attached to him, and when Long Chen had this question in his heart, he also subconsciously asked her.

"It is said that the Daozu Taiqing will not appear. However, it is said that when the Death Realm is opened, it will require a Sovereign God to guard it. It should be the 'upper Qing Dao Zu' that will come. When we reach the entrance of the Death Realm, we will meet up with the other experts of the two heavens, a total of nearly three hundred of them. This is the greatest event of the three heavens, and you actually managed to make it in time.

"Yes."

"But don't be too happy too early, there are still 30 days until you finally enter the Death Realm. You have to pray that the Emperor will not be able to come within these 30 days, otherwise all your plans will fail, and the sister will not be able to help you snatch the Ghost Blood Curse."

"No need for you, I'll get it myself."

Hearing that, the Jade Flower Divine Emperor laughed brilliantly. "Good, good, you're the strongest, the more than ten Divine Emperor s, the three hundred Divine Emperor s, and the three Heavenly Palace's disciples can't stop an outsider like you, can they?"

As they spoke, with their speed, they arrived at the Heavengod Tower.

Long Chen had been attracted to this place since long ago.

In front of him was a huge platform that floated in the clouds like a huge bronze square stamp. There were many experts gathered together on top of the square seal. The divine might that erupted was something even he himself revered.

Ever since he entered the Taiqing Palace, Long Chen had actually not seen many of the Divine Emperor s.

In order to enter the Death Realm, the near hundred Divine Emperor s in the Taiqing Palace ought to be cultivating bitterly before they appeared today.

There were almost a hundred of them, and all of them were from Divine Emperor s. Among them, there were more than ten Extreme Realm Divine Emperor s, even if most of them were from Initial stage

Divine Emperor s, but when they saw Long Chen's ten people as enemies and suppressed them, the power would be terrifying.

The people of the three Heavenly Palaces were basically all proud and xenophobic.

The ten spots that were given out were things that they did not understand the most.

Actually, those who could obtain these ten places were stronger than most Divine Emperor s.

It was just that they were not willing to allow outsiders to compete with them for items.

Therefore, when Long Chen and the others just arrived, all the Divine Emperor s looked over at once, their eyes filled with coldness and killing intent.

The ten of them landed on the ground.

Under this kind of impact, there were even a few Divine Emperor s who were unable to stand firmly. After staggering a few steps, they became extremely embarrassed.

"A bunch of trash."

"You still want to steal from our three Heavenly Palaces?"

"This game has been played so many times. Didn't they just return in defeat?"

The Divine Emperor s of the Taiqing Palace were extremely rude.

Seeing Long Chen and the others make a fool of themselves made them feel much better. But they knew that this was a rule set by the three Daofathers, so they couldn't stop this outsider from coming. Of course, they could also make things difficult for these outsider in the Death Realm.

Actually, the Three Great Heavenly Palace's disciples had already agreed that after entering the Death Realm, they would first have to eliminate the thirty people from outside the Three Great Heavenly Palace. No matter what, he couldn't let anyone else have the treasure.

"Enough, stop messing around."

Right in front of them, Daoist Xuanqing was hovering in mid-air. He held a lot of authority in the Taiqing Palace, so the moment he gave the order, all the Divine Emperor s had no choice but to lower their heads. Actually, almost all of the Divine Emperor s in the Taiqing Palace had already arrived.

Silence.

Daoist Xuan Qing smiled at Great Emperor Yuehua and the rest.

The ninety divine gods and the ten divine gods stood in two separate groups, not coming close to each other.

The Great Emperor Yuehua did not care about these things if he wanted to obtain treasures.

At this time, Daoist Xuanqing said, "This time, the one hundred slots in Taiqing for the Death Realm has been confirmed and cannot be changed. The battle for Death Realm, I have held several times before, so I will not go into details on the details. The most important matter today is still to announce what the three Daofathers have prepared in this battle between the three Heavenly Death Realm s. "

Long Chen took a glance around, it seemed that some of the experts in the Three Great Heavenly Palaces knew about it.

They should know as soon as possible and be prepared as soon as possible.

The hundred Divine Emperor s looked forward to it.

Daoist Xuan Qing paused for a moment before continuing, "Now, I announce that the Eternity Artifact being competed for by the Death Realm this time is a Creation Divine Artifact. Its name is: must kill sword — Ghost Blood Curse."

Sure enough, Divine Emperor Yuhua did not lie to him.

From Great Emperor Yuehua's trembling expression, it could be seen that she really did not know.

Her eyes were burning now, and now it was what she longed for.

"If I can obtain this Creation God Manifestation Art, the Ghost Blood Curse, I will definitely be able to rush into the top 40 of the Divine Emperor Ranking, or even the top 30!"

At that time, the Jin Luan Divine Palace would be even more powerful. Her wish, at the very least, couldn't be looked down upon by the disciples of the three Heavenly Palaces.

The Divine Emperor s of the Taiqing Palace were also in an uproar, all of them were very excited, their eyes blazing with fire. There were three hundred people in total. Most likely, none of them wanted to obtain the Ghost Blood Curse.

"Four hours later, I will lead everyone towards the entrance of the Death Realm." With that, Daoist Xuan Qing no longer spoke.

In front of him, there were exactly a dozen or so Divine Emperor s of the polar state; they should be of the same generation as Daoist Xuanqing. Those were the core Rankers in the Taiqing Palace, and a few of them were on the Divine Emperor's leaderboards. They were also Long Chen's biggest competitor this time.

They already knew about the Ghost Blood Curse, so they closed their eyes and rested, waiting for time to pass.

Clamor.

Long Chen didn't stay idle as he continued to recall the profoundness of the Karma Thrust.

Suddenly, someone stared at him. He raised his head and saw Daoist Xuanqing talking to a female Divine Emperor who was dressed in a light green daoist robe, but was unable to conceal his exquisite curves. This Divine Emperor had a completely different temperament compared to the Jade Flower Divine Emperor. The Jade Flower Divine Emperor was charming and gentle, but this one was cold and imposing.

She was one of the existences within the Taiqing s of the Taiqing Palace that made Long Chen feel fear, and he had no confidence in fighting against her.

She was saying: "Senior Brother, how could there be a Divine King among those ten people? After obtaining the Death Realm's Blood Bead, wasn't he robbed along the way?"

It's the top ranker of the Divine King Rankings, the one who defeated Tian Shenwushuang a few days ago, and then came to the Taiqing. However, it was said that his true strength was not Divine Emperor, and was only hidden by the rules. It was said that he was a rare genius of the rules. A few days ago, he used a strange rule outside of Mystic Blue Palace and defeated him. "

"Oh, so it's him. I've heard of him before."

The woman had probably realized that Long Chen was also an opponent and took an extra glance at him, but she didn't mind at all.

"That is Daoist Xuan Qing's Ninth Junior Sister, the ninth disciple of Daozu Taiqing. Her name is 'Yu Qing'. But she seemed to like it when people called her 'Nine Sword Divine Emperor'. Do you know why? "

Yu Hua remained by Long Chen's side, speaking to Long Chen in a sweet tone.

"Why?"

Long Chen felt her strength. So of course I want to know.

"Because she has a total of nine Hun Yuan grade Manifestation Divine Equipment, and all of them are swords. To be able to control it to such a degree, it could only mean that her cultivation was terrifying. She was ranked forty-fifth on the Divine Emperor. Far beyond my sister. If he had the God Creation Art of Eternity, it was likely that Great Emperor Changsheng would not be the third strongest person. Therefore, she was one of the most terrifying opponents in this competition. The other two Heavenly Palaces also have opponents of this level. "

Because of Long Chen's heaven-defying bloodline, he could only control six Hun Yuan grade God Creation Equipment at this time.

To be able to control nine swords was indeed heaven-defying.

He knelt in front of the nine sword Divine Emperor and said excitedly: "Master, disciple has finally returned. I did not miss the time, and hope master can give me a place to enter the Death Realm to train. I wish to seize the treasure for master!"

Chapter 2935 - Instant kill

This person was completely worn out from his journey, and he had just returned with an anxious expression on his face.

Presumably, he was training in a distant place and had delayed too long. When he heard that the Death Realm had opened, he rushed back in a hurry.

But now, it seemed that the one hundred man team had been confirmed.

This Divine Emperor's eyes were like a dark star, incomparably anxious, looking at the Nine Sword Divine Emperor with eyes full of respect and hope. He had the strength of a full Perfection Divine Emperor, and among the teams in Taiqing Palace, he had already surpassed most of the Initial stage Divine Emperor s.

The Nine Sword Divine Emperor was only a Extreme Realm Divine Emperor, it was rare for him to have an expert from the The God Emperor of Perfection as a disciple.

However, even though the Nine Sword Divine Emperor's eyes were filled with gratitude at his return, he still said, "An Ming, I made up my mind a long time ago that you wouldn't be able to make it back in time, so I gave up your placing and gave it to your junior brother. This time Death Realm's event is decided, next time you can participate. "

This time, this disciple has made preparations for this Death Realm Expedition, so I absolutely cannot give up just like that. If it wasn't for the sake of helping Master more, this disciple would not have excluded the experiential learning. Everything this time this disciple has done, it's all for the sake of this Death Realm Expedition. "

The Nine Sword Divine Emperor felt that it was a bit shameful and slightly angered, but she understood that this disciple was just like this. He was wholeheartedly looking at his, viewing his as such a big world, and if she was not sure that he would not be able to return after this, he would not have given him the

placing. And the things that he did give out, were things that he owed his, like water that he had poured out, that he would not be able to take back.

Daoist Xuan Qing looked over and said, "Once we get closer, who wants to leave?"

Everyone looked at each other, they had finally gotten this chance, and now was the time to be excited. To be able to become a Divine Emperor, they must be brave enough to cultivate, and if they were determined, they definitely would not give up this chance.

When no one responded, it was also awkward.

An Ming suddenly stood up, he had decided to go all out, and looked at the hundred over Divine Emperor behind him. He probably wanted to look for someone he knew to discuss about replacing them, since if the two sides agreed, then it would be no problem.

Suddenly, he saw Long Chen standing in the middle of the ten-man team.

"The Celestial King?"

This surprised him.

"The Celestial King can also come here? Are all those people outside just people to eat sh * t? You did not even steal a's Blood Bead from the Celestial King's body, and you were able to sneak in just like that?"

He turned around and said to the Nine Sword Divine Emperor, "Master, wait for me for a moment."

After he finished speaking, he suddenly appeared in front of Long Chen.

Why is it related to me again?

Long Chen was just watching the show just now.

"You got the Death Realm Blood Bead by luck, right? But you know, when the God King arrives at Death Realm, even if there are Death Realm Blood Beads, it will be difficult for you to return. There are many bizarre creatures in the Death Realm, and before you use the Death Realm Blood Bead, they will be able to take your life.

Seeing that An Ming had set his eyes on Long Chen, the Divine Emperors of the Taiqing Palace were extremely curious about Long Chen, the so-called number one ranker on the Divine King List who had defeated the Evil Fire Cloud God. Therefore, they held the mindset of watching a good show.

An Ming moved closer to Long Chen's ear and said: "Brother, give me some face, give me your Death Realm Blood Bead. Firstly, I, An Ming, will be your friend from now on, and if you want to enter the Taiqing Palace in the future, I can help you. Secondly, I will give you a very good Order-class Creation God Equipment.

An Ming's friendship, the chance to enter the Taiqing Palace, two Order-class Creation God Equipment.

An Ming originally thought that Long Chen would agree without hesitation, and he should be waiting for this opportunity.

But unexpectedly, Long Chen smiled lightly and said, "I'm sorry, I won't give you the Death Realm's Blood Bead, even if it's you who take out the Eternity's Creation God Manifestation Weapon. It was impossible. "There's no possibility. Please go back."

His identity as the Divine King was indeed troublesome. Anyone who stood in the midst of a group of Divine Emperors would be able to see him with a single glance.

Many people still heard Long Chen's rejection.

"This fellow is really ruthless."

Sure enough, An Ming's expression became extremely ugly.

The Nine Sword Divine Emperor pulled, and pulled An Ming, who was about to attack Long Chen, back, and said calmly: "This man is very strong, don't look down on him. It is said that he defeated the Evil Fire Cloud God right at the entrance of the Taiqing Palace."

"What!"

An Ming's eyeballs were about to explode, he knew that Evil Fire Cloud God was Extreme Realm Divine Emperor.

"I suggest that since An Ming wants his Death Realm's Blood Bead, then challenge him. The victor will receive the Death Realm's Blood Bead. "

"That's right, it is rumored that he is very powerful, we also want to experience whether he is truly powerful, maybe he can't even compare to An Ming."

These Divine Emperor were all preparing for the battle between Long Chen and the Evil Fire Cloud God, and had all personally witnessed Divine Kings. Furthermore, it was said that Long Chen wasn't his match in the beginning, and he had to rely on the strength of a helper to defeat the Evil Fire Cloud God in the end.

Perhaps his true strength was not so profound.

Some people started to jeer, and many more people started to jeer.

Of course, all of them were Divine Emperor s of the Taiqing Palace. They had long wanted to see if Long Chen was really that powerful.

An Ming's feelings towards obtaining the Death Realm's Blood Bead was extremely urgent.

Therefore, when all the Divine Emperor were instigating him, he directly said to Long Chen: "Do you dare to accept my challenge!"

Since the words were spoken, there was no way to take them back.

All of a sudden, all of the Divine Emperor s of the Taiqing Palace were pointing at Long Chen. They stood at a high position, and looked down at Long Chen, waiting for his reply.

"He even said that he defeated the Evil Fire Cloud God, he's just a coward." Many people were already mentally preparing for this sentence.

Seeing the situation, Daoist Xuan Qing was just about to stop him from messing around. However, Long Chen didn't even think as he said, "No problem, I agree."

Actually, it was very simple. If he didn't agree, he would always cause trouble endlessly.

Furthermore, after Long Chen spent two months of comprehension, he really wanted to try out the feeling of the Karma Thrust.

Furthermore, the Divine Emperor s of the Taiqing Palace were so arrogant and confident, it was time for them to shut their mouths.

After he finished speaking, he immediately stepped out of the encirclement, and instantly explained to the other side of the Heaven Mending Arena. He stretched out his hand and said to An Ming: "It is only a slight spar, so I let you know when to back off, and we can find someone else to trade with."

"Good!" If you have the guts, I will definitely not hate you. " An Ming was delighted, now that the chance had come, his eyes burned with passion, and he instantly rushed to Long Chen's front, the battle had already begun before anyone could even react!

Whoa!

An Ming shouted loudly.

The place where the tip of the spear connected with the hilt was actually embedded with a star that was exactly the same as the Dark Star Divine Emperor. It was obvious that it was obtained after refining a huge world, so it seemed that An Ming's strength was actually around the same as the Dark Star Divine Emperor, or maybe even a little stronger than the Dark Star Divine Emperor!

"Kill!!"

In the eyes of over a hundred of the Divine Emperor s, in order to compete for the Death Realm's Blood Beads, An Ming had fought with his life on the line. It was a killing move, and the moment he made a move, he displayed his own tyranny to the fullest.

"Heavenly Dao Killing intent!"

In the midst of An Ming's spear shadows, the surroundings instantly turned into endless black stars. Countless stars were rapidly flying, colliding, and exploding with incomparable tyrannical strength!

The black tip of the spear was like countless meteors that numbered in the thousands, enveloping everything within. This brought about a huge crisis for Long Chen, and at this time, Long Chen leisurely took out his Heaven's Sacrificial Spear.

As soon as the Heaven's Sacrificial Spear appeared, it suppressed the black spear embedded with the dark star on top of the Creation God Creation Tool.

The silver silhouette of the Heaven's Sacrifice welcomed the violent and overbearing black spear under Long Chen's control!

"Break!"

An Ming was filled with confidence because he felt that Long Chen's reaction was too slow.

Right at this moment, a strange light flashed across Long Chen's eyes.

"That's the feeling!"

He understood it again.

The spear was covered with the laws of karma!

His feet trembled as he sprinted forwards, thrusting out with the Heaven's Sacrificial Spear!

This was an extremely simple attack, but it contained a very complex law that no one was able to see through! Such an attack had instantly clashed with An Ming!

The heavens' killing intent, countless of meteors, all shattered in front of Long Chen's Karma Thrust. The Heaven's Sacrifice Spear released a true cry, and with an irresistible force, the black spear was finally forced apart, creating an even more terrifying killing intent!

When everything was over, the Heaven's Sacrifice Spear had pierced into the position of An Ming's Heart of Rules. The spear had cut through the skin and did not injure An Ming, but that was the result of Long Chen stopping.

"Thank you." Long Chen kept his spear with one hand and spoke with a cold and handsome voice.

"Ugh ..."

An Ming looked at it in a daze, his chest was bleeding, and the God Creation Art that he relied on the most now left his hand and stabbed into the ground.

He was still unable to turn back in that terrible moment.

"What are the rules then!"

The majority of the rules of the Taiqing Palace were the "Supreme Purity" rule, and these rules were already profound enough.

Unexpectedly, Long Chen was even more mysterious.

He looked at Long Chen with great difficulty and turned his head to look behind him. All the people from the Taiqing Palace had the same expression as him, and their expressions were all filled with shock and stupor.

To be able to kill The God Emperor of Perfection in an instant, basically required Extreme Realm Divine Emperor to do it.

Thus, this time, their hearts were truly shaken.

They had always looked down on the gods and devils outside the Taiqing Palace, but this time, they felt a faint reverence in their heart.

Chapter 2936 - Blood Spirit Abyss

"It's even this rule. When I was dealing with the Evil Fire Cloud God before, I wasn't this skilled. This child's talent in the area of rules is indeed extraordinary. "

He suddenly thought of a way to absorb Long Chen into the Taiqing Palace, but then thought that Long Chen was probably being chased by the number one ranker of the Divine Emperor, Di Jun, so there was no way he could make the decision.

"Do you want to hide from Di Jun by entering the Death Realm? "What a great idea. But I just don't know if Di Jun will chase after him and destroy his plan with the time remaining."

He had no relationship with Di Jun. Di Jun's character was low profile, and was only recently known by the public.

Therefore, there was no need for him to help and curry favor with him.

After all, behind Daoist Xuan Qing was the Daozu Taiqing, and the three Daofathers were united against a common enemy.

Long Chen won, and stopped.

An Ming knelt on the ground and looked at the wound on his chest in disbelief, until Long Chen returned to his side.

When the Nine Sword Divine Emperor appeared in front of An Ming, she naturally knew that Long Chen was the last to show mercy.

"Just consider it as bad luck that I missed this one." Next time, there would be a chance. I have a way to get that treasure, so you just have to wait for me in the Heavenly Palace to come back. "

An Ming could not help but bawl.

It looked like he had truly been preparing for this matter for a long time.

But there was no other way around it. The quota had already been fixed and no one was willing to leave.

Furthermore, An Ming was not the main character, so he basically did not affect the result.

When he passed by Long Chen, he said indifferently: "Your distinguished self is not the Divine King to begin with, yet you still want to pretend to be the Divine King. The entire world knows of your strength, what's the point?"

Of course they wouldn't believe that a mere Divine King could instantly kill The God Emperor of Perfection.

After she finished speaking, the Nine Sword Divine Emperor had already returned to her position.

She was the hottest contender for the Ghost Blood Curse, and she was even scarier than the Great Emperor Yuehua. Forty-fifth place on the Divine Emperor List.

Because of Long Chen's outstanding performance, she would naturally pay attention and be careful.

To the Divine Emperor s of the Three Great Heavenly Palaces, even if they themselves could not get their own, they could only let the brothers and sisters of the other Heavenly Palaces get their hands on them. Even if it was Great Emperor Yuehua s who were from the same Taiqing as them, in their hearts, they absolutely could not be touched by any of their three Heavenly Palace's treasures.

"It's about time. "Let's go!"

While many Divine Emperor were still in shock from recalling Long Chen's previous rule, Daoist Xuan Qing directly announced.

As he walked, everyone rushed into the endless clouds. Only the people from the Taiqing Palace could lead them in such a way. If he were to set off on his own, with a method that came from the sky, he would definitely be imprisoned in the Taiqing Palace.

Nearly all the Divine Kings s of the Taiqing Palace appeared below their feet, as they watched them leave with incomparable envy. Those hundred Divine Emperor s were the core of the Taiqing Palace. Any one of them were unrivalled existences in the outside world.

After all, many Divine Emperor did not exist in the Order-level Realm.

For example, the World Tree. The Godking could be a Paragon.

There was even less of a need to talk about Lingsu Star Sea.

Long Chen was mixed in with the crowd, and was actually behind the Palace team. Even so, the Divine Emperor s of the Taiqing Palace held a higher position than them. In this battle, they were still outsiders.

Mortals would not be able to see them, and even if the gods and devils met them, they would have no choice but to kneel and submit to them. After all, these were the strongest group of people in the vast Taiqing.

Divine Emperor Yuhua followed beside Long Chen from start to finish. His eyes shone as he looked at Long Chen and said, "You were really handsome just now. I'm losing my soul. "

Long Chen did not speak, and advanced forward seriously.

"Looks like I still have to congratulate you. There's only so much time left, Di Jun hasn't arrived yet." "I really hope that you can endure past these days. If he were to arrive again at this time, it would only mean that your luck is extremely bad."

Di Jun

Long Chen was just gambling. He didn't want to give up and flee into the starry sky.

They finally made it here.

Of course he had to take a gamble.

"The place we're going to this time is one of the gaps between the boundaries of the three great heavens. It's called the 'Blood Spirit Abyss'. It was said that the Death Realm's entrance was right inside. My sister went in. This is the first time. Because I wasn't in the Taiqing a few times. "

This Taiqing was filled with a sea of clouds, shuttling back and forth in this endless sea of clouds, feeling like she could not find the border at all.

"The Pangu Continent. Surrounded by the Three Heavens, we might still be able to vaguely make out the Pangu Continent. In the Pangu Region, one had to believe that the Three Heavens were nothing more than a vassal force of the Pangu Continent. The Pangu Continent. That was the truly terrifying world. The Ancient God of the Wilderness is already incredibly powerful, but in the Pangu Continent, there are still a few supreme deities. If we go to the Pangu Continent, the three Daofathers wouldn't count for much. "

To be honest, Long Chen was really curious about the Pangu Continent. The God and Demon Zhou Mountain was the world of Eternity, but it was a world of death. The Pangu Continent was the first world he had encountered.

This was the highest world of ten thousand worlds!

"One more thing. It is said that in Pangu Continent, there is another world that completely corresponds to the Death Realm. Name is ' Living Realm '. You didn't think of it, did you? "

Yu Hua was originally not in the mood to talk about it.

After Long Chen finished listening, he looked at her with wide eyes.

"What, have you finally fallen for my beauty?"

Yu Hua said shyly.

Long Chen was shocked that Living Realm, if things went according to plan, should have something to do with the Taiji Creature Dragon.

The Primordial Blood Spirit Dragon and the Taiji Creature Dragon were like two dead Ancestral Dragons.

There were Death Realm s for Primordial Blood Spirit Dragons, and Living Realm s for Taiji Creature Dragon s.

Great Void Cosmic Dragon, there was a time tunnel.

Since Long Qinglan did not mention about the Living Realm, Long Chen did not know much about it. Back then, the battle of the Ancestral Dragon had ended in a battle in the early BC era, and the surrounding world had become distant from the Dragon Sacrifice Continent. The time tunnel and Death Realm were like this. Who would have thought that the Living Realm would also be like that!

"I just wonder if that Living Realm is really related to the Taiji Creature Dragon."

Just by hearing a name, he couldn't be sure. After all, anyone could choose a name. Maybe it was used to match with the Death Realm.

"Why aren't you talking?"

Long Chen didn't want her to know that he was looking for the Life Death Realm, so he shook his head. After all, the most important thing now was to explore the Life Death Realm. He was a very attentive person when it came to doing something.

If he could deal with the Death Realm, and deal with Di Jun, it wouldn't be too late to take a look at the Living Realm.

The group of people advanced rapidly.

The Divine Emperor s at the front of the palace did not talk to each other. However, Long Chen knew clearly in his heart that they had actually formed a group long ago. Even though they said that it was to train themselves, the majority of Divine Emperor s were only there to serve the several core Extreme Realm Divine Emperor s.

Only they could truly control the Ghost Blood Curse.

Time flowed on.

The Taiqing was truly big, even with their speed, it would still take them some time to reach the Blood Spirit Abyss.

Half a month passed by, but that was only for a short period of time.

Fortunately, Di Jun did not appear. Even if he did appear, it would still take him some time to find Long Chen. Who knows, maybe Long Chen would already have entered the Death Realm.

"Quick, look! That's the Pangu Continent!"

Suddenly, Divine Emperor Yu Hua patted on Long Chen's shoulder.

Long Chen immediately followed her gaze and looked over. He had passed through the layers of clouds, and was in the direction of the sky. It was almost like a huge continent was upside down in the sky.

The distance from here to Pan Gu continent was still quite far, so this continent didn't look that big.

But Long Chen still received a huge blow.

It was as if he was seeing the Dragon Sacrifice Continent for the first time.

A Divine Dragon Continent in space.

This Pangu Continent had strange shapes as well. It was the world that most resembled a Dragon Sacrifice Continent that Long Chen had ever seen.

The silhouette of the Pangu Continent was that of a person.

A giant.

He had a sturdy physique and was filled with strength.

Most of them were hidden in the clouds, and it was difficult to see them clearly. However, he could understand that this was a giant man holding a giant axe, and his eyes were looking towards a certain direction in the starry sky, cold and dignified.

A continent, in the midst of invisibility, deeply impacted Long Chen's will at this moment.

"Don't worry about it. Anyone who sees this Pangu Continent will feel the same way. It was as if the whole world was a living person. It was all an illusion. "Don't look too much." The Jade Flower Divine Emperor still whispered sweet words into his ear.

Long Chen couldn't do anything to her.

Because of the thick clouds, the Pangu Continent was no longer visible. However, that shock still remained in his heart. Long Chen had decided that if there was a chance, he would definitely go to the Pangu Continent and take a look.

"We're almost at the Blood Spirit Abyss."

Five days had passed before Long Chen finally saw a blood-colored cloud in front of him amidst the endless clouds.

It was a bloody mist.

Countless amounts of blood energy congealed into clouds. It was as if a great war had broken out here and the clouds were dyed red with blood. The 3rd Heavenly Layer was quiet, but it became more violent. It was as if there were a large number of dangerous existences hidden within the clouds. They vaguely flashed and let out strange laughter.

In the blink of an eye, the blood-red mist engulfed everyone.

It felt like he had entered the body of a wild beast.

Bloody, cold.

Of course, Long Chen was not afraid of such an environment. Instead, he was excited, because he felt that the Primordial Blood Spirit Dragon's bloodline was becoming more and more passionate in his body. It must be because he had something important by his side that he felt this way. Until now, the Death Realm was almost certain that it was the world where the Primordial Blood Spirit Dragon once lived.

"That is the Blood Spirit Abyss."

The bloody aura in front became denser, and an endless abyss appeared amidst the rolling blood-colored clouds. The depths seemed to be a sea of blood that emitted an overflowing, ruthless aura, and even a group of Divine Emperor would feel fear and trepidation upon arriving here.

"We've just arrived here, what's there to be afraid of? In Death Realm, it's much more dangerous and scary than here." Daoist Xuan Qing's voice came faintly from the front.

Then he led everyone and rushed into the Blood Spirit Abyss.

Chapter 2937 - Moment of Life and Death

Long Chen's surroundings were a blood mist.

The blood mist was like a living organism, changing its appearance. It let out a sinister sound.

Cold energy swept out.

However, in an environment like this, Long Chen was even more excited. He was getting closer and closer to this world that once belonged to the Primordial Blood Spirit Dragon. He had a feeling that if he entered the Death Realm, it was as if he entered his own home.

At that time, although he would have an opponent on the Divine Emperor's rankings that would be difficult to contend against, he might still have a chance to obtain the Ghost Blood Curse!

"The three Heavenly Palaces, as well as nearly three hundred disciples, have been searching for the location of the Ghost Blood Curse ever since they entered."

"They have more people, so the chances of them encountering the Ghost Blood Curse is very high. There were also powers within the three Heavenly Palaces, for example the Nine Sword Divine Emperor, they must have won over many of the Divine Emperors. When they discover the Ghost Blood Curse, they would immediately notify her. So in this area, we are at a huge disadvantage. "

"However, the Ghost Blood Curse is not something that ordinary gods and devils can touch, and the Initial stage Divine Emperor in particular cannot be touched, let alone brought out directly. Without

taming it and controlling it, this Eternal Creation Divine Artifact cannot be brought out at all. If we anger it, we might not even have the chance to crush the Death Realm's blood bead. "

Long Chen thought.

Because he could not open the Divine Kingdom, he had to hide the Death Realm Blood Bead inside it after entering.

Fortunately, the [Creation] artifact and the like didn't affect its usage.

He continued to think, "That's why Yu Hua said that the only way to obtain the Ghost Blood Curse is to tame it on the spot. Make it your own Divine Weapon, only then will you be able to bring it out of the Death Realm. "

In this way, the only people who could obtain the Ghost Blood Curse were the Divine Emperor that could suppress it.

Thus, when initial state and The God Emperor of Perfection entered, the greatest use they had was to search for the Ghost Blood Curse and notify others to submit. With their abilities, they might not even be able to get close to the Ghost Blood Curse.

This was undoubtedly an increase in the difficulty.

However, this was also the intent of the three Dao Patriarchs. Only a person who could subdue the Ghost Blood Curse in such a situation would be the true master of the Eternal Creation Divine Artifact!

He had experienced the test of death.

If he wanted to take advantage of the situation and bring out the Ghost Blood Curse when he discovered it, that would be impossible.

"After entering, I estimate that everyone's position will be different. Just that I don't know how big this Death Realm is. "

In order for Long Chen to obtain the Ghost Blood Curse, he had to rely on his luck and only test his strength in the end.

When they entered the depths of the Blood Spirit Abyss, Long Chen finally saw a blood-colored whirlpool appear under the endless blood mist. The blood-colored whirlpool was not big, it was only about a hundred meters or so in size.

"When the time is up, the whirlpool will stop spinning and reveal the passage. There is only ten breaths of time left to go. If you miss this opportunity, you won't have the opportunity. After you go in, remember to keep your Death Realm Blood Bead well. If you lose your Death Realm Blood Bead, then you can only wait tens of thousands of years before coming out. It's just that for the time being, no one can live inside for that long, so you must take note. "

In fact, Yu Hua had already instructed him several times.

I really don't know why she did it.

Long Chen looked at the blood colored whirlpool. Even though he had the Primordial Blood Dragon bloodline, he felt uncomfortable all over. The killing intent in this place was too strong.

The way the three Daofathers trained their descendants was indeed quite vicious.

"The clear sky people have arrived."

Beside the entrance, there was a 100-man squad.

It seemed to be about the same as Taiqing's side.

Long Chen took a glance around, out of which ninety nine Divine Emperor s were dressed in daoist robes, but they were different from the ones in the Taiqing Palace. There were also about twenty or so Extreme Realm Divine Emperor s and a few of them were definitely on the Divine Emperor's leaderboard.

These people were people that could threaten Long Chen.

After all, he could only defeat the Extreme Realm Divine Emperor by working together with Mo Xiaolang. If it was another Extreme Realm Divine Emperor, it would not be easy at all.

The two sides met.

It seemed that they were all old friends. When they met, they started to exchange greetings immediately, and the rest seemed like idiots in front of these two Sky Palace people.

Not long after, Yu Qingtian's men also arrived.

The three hundred of them were divided into three groups, and were distributed to the surrounding area of the Death Realm entrance.

The Divine Emperor s of the Three Great Heavenly Palaces were chatting passionately.

The others were excluded.

That was normal, all the time.

The Jadeflower Divine Emperor looked around curiously and she said softly, "This time, the upper Qing Dao Zu will personally throw the Ghost Blood Curse into the Death Realm and let us chase after them. We cannot see the upper Qing Dao Zu, but he is definitely around us. Your background is mysterious, so he might notice you. Keep a low profile and don't spout nonsense. "

"Alright."

Long Chen definitely would not dare to offend such a supreme god, the peak of ten thousand realms. Therefore, he said nothing, lowering his head to the crowd. In the clear sky and clear sky, no one would notice him.

"There are a total of sixty-four Extreme Realm Divine Emperor s. Among them, it is said that there are more than ten who are ranked in the Divine Emperor's Ranking. The one with the highest ranking seems to be from the Upper Sky Realm, and is ranked thirty-seven. "

Amongst the three hundred people, just these sixty-four posed a threat to Long Chen. Among them, more than ten Divine Emperor s were the most dangerous. It was also because Long Chen couldn't dodge it in time.

He was different from other people. Unless there was no other choice, he would not come out of Death Realm.

They arrived about ten days early.

As such, he prepared and waited the rest of the time.

Long Chen looked outside of the Blood Spirit Abyss. There were only around ten days of time, and during this period of time, the Death Realm's door would open anytime.

In fact, the closer they got to that time, the more nervous they became.

Because of Di Jun's relationship, Long Chen was even more so.

"Everyone, please hold the Death Realm's Blood Bead. Once it is activated, we will wait for the upper Qing Dao Zu to throw the Ghost Blood Curse into the Death Realm. It will be the time for us to charge in." Daoist Xuan Qing had already come over to give his instructions.

The eighth day!

Everyone held their breaths as they watched the blood-colored vortex.

Long Chen heaved a sigh of relief, and thought: "Di Jun, I can't get there."

It was at this moment, however, that the space outside of the Blood Spirit Abyss suddenly shook.

In the sky, outside the blood-red cloud mist, a bright light suddenly flashed!

An invisible diagram appeared above the depths of the Blood Spirit Abyss. The diagram formed, trembled, and was extremely complicated. No one present could understand it.

"The array formation of the gate of the universe!"

The Jade Flower Divine Emperor panicked and grabbed Long Chen's arm.

That array was condensing and becoming real. When the array was completed, Di Jun would probably come over from it.

Daoist Xuanqing and the others had discovered this as well.

They had been in a state of nervousness, but now they were filled with confusion.

"The gate to the universe of the Hierarch Taihao? Why did the Hierarch Taihao come to the third heaven? And through the door of the universe at that? This is too unfriendly! "

Just as Daoist Xuanqing thought about how this was a door to the universe, he suddenly thought of the fact that Di Jun was also in the Taihao Region and that Long Chen was right here. His gaze immediately fell on Long Chen as he said, "Di Jun borrowed the door to the universe to come and find you?"

For a moment, the gazes of almost all the Divine Emperor s landed on Long Chen.

Long Chen could only nod his head.

Daoist Xuan Qing looked at the formation diagram and said, "In less than six hours, he will appear. You should pray for good fortune. Of course, during this period of time, the Death Realm will open anytime." You decide whether to run for your life or wait. "

This was undoubtedly the most difficult decision to make.

Long Chen's heartbeat sped up, and in the God Nation, everyone was also flustered.

"Di Jun has arrived!"

"He's coming!"

At this time, Long Chen was still their pillar of support, so even in this situation, they were still waiting for Long Chen's decision.

"Let's go. At this point, we might be able to escape." Divine Emperor Yu Hua's voice became hoarse and his eyes moistened. She could only sigh with emotion. He did not expect that Di Jun would still appear at this time.

All of his rejoicings at this moment seemed like a joke.

Long Chen stared intently at the diagram on the gate of the universe!

He wasn't willing to accept this.

This was the step along the corridor.

A brand-new hope was right under his feet.

What right did he have to be able to force himself to flee in the ten thousand worlds, to control his own life and death, and even force himself to such an extent?

The more solid the diagram was, the more it was a blow to him.

"Just who is he!?"

"Is the one who will appear, the first in the Divine Emperor rankings, Di Jun? The nameless one? "

Those from the other two Heavenly Palaces were all discussing about this matter.

They gradually figured out Long Chen's identity.

Amidst the countless discussions, Long Chen was under a lot of pressure.

This was his most difficult, most uncertain gamble.

And the most terrifying.

"Actually, if we escape now, we basically cannot escape from his hands, and we will also lose all chances of survival."

He wasn't willing to accept this.

After some analysis, he still decided to stay.

Staying here was actually a real gamble, a gamble that was even bigger.

After he made this decision, everyone in the Divine Kingdom fell silent.

In their eyes, Long Chen was completely filled with confidence.

"Relax, you can handle him. We have always been steadfast in our support of you." Ling Xi's voice was like a spring.

"Big brother, don't worry, we can't be cowards no matter what. The worst that could happen would be a battle to the death."

"What's there to be afraid of? What's there to be afraid of? Having this young lord fight instantly took his little life."

Hearing each and every voice, Long Chen was even more determined.

"You have guts!"

Even Daoist Xuan Qing couldn't help but be impressed. He didn't waver in the slightest in the face of such a powerful enemy, and yet he was still able to stay here. This was a type of boldness. If it was him, he might have been able to escape at this time. After all, everyone believed that there was only hope of escaping. There was no hope of staying here.

But Long Chen knew that it was just an illusion. Escaping was the true path of no return.

Time passed, the most torturous of them all.

Every Divine Emperor was watching Long Chen, watching the show.

The Diagram Array above his head was becoming more and more solid.

Behind him, the blood-colored whirlpool was still spinning.

Without saying a word, Long Chen turned and walked down, landing closest to the blood red whirlpool. At this time, the blood mist had already engulfed him.

Di Jun's appearance, made him the main character.

"I'll accompany you."

Divine Emperor Yuhua smiled and stood beside him.

Six hours later, when the spirit diagram solidified, there was an earthquake that shook the heavens. A human figure vaguely appeared.

Chapter 2938 - The moment of life and death

Behind him, the blood-colored vortex was still spinning.

And in front of him, the emperor's silhouette could be seen clearly.

The gate to the universe allowed him to travel across ten thousand worlds, directly from the southern Taihao Region to the western Pangu Region, where the three heavens were located.

Presumably, even from there, he knew of Long Chen's current position, and came over in one go.

The door to the universe inside the Eternity was actually the enlarged version of Ling Xi's Revolving Star Passage Technique.

Actually, Long Chen could still choose to escape right now, he could just let Ling Xi use Star Shift. However, in his heart, he had a premonition that no one knew the laws of space better than Di Jun. Stellar Transposition would be unable to shake him off!

This was the first time Long Chen got so close to him!

In the surroundings, the gazes of several hundred Divine Emperor s all landed on Long Chen. With regards to Long Chen still daring to stand here, they had two different thoughts.

The other was that he had the courage to stand here because he knew that even if he ran away, he would not be able to escape.

"Is he said to be a genius? I just don't know why there are contradictions with the top ranker of the Divine Emperor. "

"That's right, chasing after Long Chen across all realms should be a matter of life and death."

Pop!

After the diagram on the gate to the universe shook, a moment later, Di Jun's figure gradually solidified. Long Chen could see him clearly. He had once seen this Di Jun in the idol of the Di Jun Divine City!

It was mysterious and overbearing. Just from the first glance, Long Chen could tell that this fellow definitely had the strength to suppress Great Emperor Changsheng. It was even able to contend against a supreme deity. From the looks of it, he and Great Emperor Changsheng were in two completely different realms.

This was just like the number one on the Divine King Board, who was just like Mo Xiao, who was ranked eighteenth on the Divine King Board. The difference between Tian Shenwushuang and Di Jun was like that between the Great Emperor Changsheng and Di Jun.

Tian Shenwushuang's Divine Slaying Blade could probably instkill Mo Xiao.

Di Jun, appeared!

What impressed Long Chen the most were his eyes. One was as fiery as the refining sun, while the other was as illusory and mysterious.

That aura was similar to the rumored handsome god, but different. The feeling he gave others, was that Di Jun was not much weaker than a God.

"Long Chen!"

His voice came from the sky.

Even though there were hundreds of Divine Emperor s, his gaze was still locked onto Long Chen's body at the very first moment. They met eyes with Long Chen.

This time round, Di Jun had been looking forward to meeting him for too long.

"I'm surprised you didn't run away. Today, I want to avenge my daughter. "

Di Jun had yet to completely leave the spatial gate, but his voice could already be heard.

Everyone suddenly understood, no wonder the Divine Emperor Ranking Ranking Ranking Rank 1 was filled with people trying to kill Long Chen, it was Long Chen who killed his daughter.

But Long Chen knew clearly in his heart, the reason he was saying all these was only to hide from others, to hide his real purpose. His true goal was the Origin Dragon Palace.

A cold gaze!

In the Divine Kingdom, everyone's heartbeat accelerated. Their fates were simply about to be judged at this moment! His life and death was already in Di Jun's hands. Against such an existence, any resistance would simply be futile.

Long Chen tightly clenched his teeth.

He had had enough of being hunted. This was a chance to fight it out from the back, and even now, he still wasn't willing to give up! In any case, the Death Realm's door would always open, he did not believe that there was no other way.

However, the hatred of being hunted by ten thousand worlds must be avenged! Di Jun treated him like a rat. In his heart, he had already made up his mind to kill this cat. Since the two of them came from the Dragon Sacrifice Continent, and were the two strongest existences born after the era of the Dragon Sacrifice Continent, then they must fight to the death.

Di Jun had the intention to kill Long Chen, and Long Chen had the intention to fight back. His hatred for Di Jun, had long reached its peak! This person was his mortal enemy! The only thing that could possibly be left in Long Chen's sight was the Great Way of the Shang Zhuang, otherwise, it would be a limitless path of escape!

For him to have the will to contend against Di Jun, it was already enough for him to be worthy of respect.

The only thing in Long Chen's hand was the Heaven's Sacrificial Spear. He grasped the Heaven's Sacrificial Spear with one hand, and was already prepared for battle. No matter what, he had to endure until the Death Realm's Gate opened! His eyes were firm and persistent without the slightest hesitation!

"Yuhua, come here quickly!"

Great Emperor Yuehua was shocked.

However, Divine Emperor Yuhua was really accompanying Long Chen like this. He turned a deaf ear to Great Emperor Yuehua's shouts, and vigilantly looked at Di Jun. Clearly, he wanted to help Long Chen.

Long Chen will remember this favor. When he was in danger, this woman, whom he had never met before, actually stood with him. Of course, everyone in the Divine Kingdom were also accompanying Long Chen, it was just that Long Chen did not want them to come out.

BOOM!

The array formation of the gate to the universe suddenly vanished.

That Di Jun had clearly appeared before Long Chen's eyes just like that, clear and real. This was the real him. He was dignified, mysterious, tyrannical, and had a body full of mysteries. To be honest, he was extremely similar to Long Chen.

"Dragon's Qi!"

In that moment, Long Chen smelt it.

Di Jun's body, had the aura of a dragon.

The inherited blood essence should be a Unparalleled Dragon!

This was actually very scary, because he had lived for a long time and he was also a member of the Dragon Sacrifice Continent, he could inherit the blood essence of the ancestors. If he had obtained the Origin Dragon Soul, he would have lived for a long time and the truth would be that he was very scary.

He grew up in the Dragon Sacrifice Continent, far surpassing other gods. Even Long Chen himself knew clearly that after obtaining an enormous resource, if he was allowed to develop freely, he, who had the Dragon Palace of Origin, would become terrifying after tens of millions of years. Even if Di Jun only had a small portion of it, after thousands of years, everything was already unimaginable!

This was probably the reason why he was able to borrow the Cosmic Hades!

Towards this person, Long Chen had a deep fear and reverence.

"Heh."

Di Jun smiled slightly and descended from the sky. In his eyes, Long Chen who was in front of the Death Realm's door was just like a helpless child.

"After chasing you for so many decades, it's time for you to be proud of yourself."

Di Jun got closer and closer to Long Chen.

Long Chen's time was running out.

Right at this moment, a shadow appeared in front of Di Jun, that shadow quickly turned into an old man who looked very ordinary, wearing a tattered robe. Long Chen could only see his stooped back, he appeared out of thin air and blocked Di Jun's path.

"upper Qing Dao Zu? Long Chen and I came from the same place. "Daofather, please allow me to capture him."

Facing this supreme deity, Di Jun didn't seem to have much respect for him. Instead, he spoke with the tone of a peer.

"No matter what you say, these three Heavens are our territory. You came here on your own as the gate of the universe, and it's not right for you to come here without our permission. " upper Qing Dao Zu said with his withered old voice.

His voice was ethereal, as if coming from beyond the ninth heaven, making one feel as if they were in a dream.

In the end, what he meant was, face.

Di Jun stared at Long Chen and laughed lightly: "I am truly sorry, I have disturbed you, but when we capture Long Chen, I will definitely apologize to the Dao Ancestor, because Long Chen is my daughter's enemy, I hope that you can forgive me."

With that said, upper Qing Dao Zu seemed to be satisfied. At least in front of his children and grandchildren, he had some face.

He and Long Chen were neither family nor friends, so there was no need for him to make such a mortal enemy like Di Jun for Long Chen. From what he could see, the moment Emperor Jun entered the realm of the Sovereign God, perhaps even his upper Qing Dao Zu would not be his match.

The upper Qing Dao Zu once again turned into mist and disappeared from Long Chen's sight. From then on, there was no difference between Long Chen and Di Jun.

Out of the several hundred Divine Emperors, none of them were concerned about themselves. They watched this scene expressionlessly, and only Great Emperor Yuehua was worried.

"You can be considered to have lived a glorious life. However, you have fallen into my hands."

Di Jun would obviously not kill Long Chen that quickly. He extended his hand out to capture Long Chen. If they killed them here, the origin dragon palace would be exposed.

Long Chen's eyes were cold and harsh, his Heaven's Sacrificial Spear suddenly thrust out, aiming right at the center of Di Jun's palm. The power of the Karma Stab was actually able to force Di Jun to retract his arm.

"In the past thirty years or so, he has already reached such a close proximity to me. "Looks like if I don't get rid of you today, you'll be the one chasing after me from now on."

"You can't deal with me, Di Jun."

Long Chen said leisurely, as he sneered.

"I'd like to know, why? "Could it be a silly trick of stalling for time?" Di Jun couldn't help but ask with a smile.

Of course, he wouldn't let Long Chen stall for time, so at this time, he once again reached out his hand. The change in the rules of this world should be due to the power of the spatial laws.

"Let's end it here."

After chasing him for so many years, he was also annoyed.

He had spent quite a bit of time and effort in order to acquire the Dragonize Palace.

"They treat me like air."

Although she was a Extreme Realm Divine Emperor, she was still too far away from Di Jun. Any of her attacks could cause damage to her body, causing her to be knocked onto Long Chen's body, which allowed Long Chen to support her.

"It's too embarrassing to let a woman protect him." Di Jun was in no hurry, it was hard for Jade Glow Divine Emperor to fight again this time. She couldn't even see how Di Jun had injured herself.

That pair of interspatial arms was once more reaching out towards him.

"Di Jun!"

It was at this moment that a shout suddenly echoed out from ten thousand kilometers away.

It was a woman's voice.

Inside the Divine Kingdom, Li Xuanji exclaimed in shock after hearing this voice, "This is my Master's voice!"

Mo!

She appeared here?

In that case, the Nine Yin Domain Lord should also be here.

Hearing this voice, Di Jun frowned deeply.

"They're really haunting me."

Just as he finished speaking, two women appeared before the Blood Spirit Abyss. One of them was indeed the supreme deity, the Nine Yin Domain Lord.

Before Long Chen had reached the third heaven, he had let Mo Sang know where they were. At that time, Mo Sang might have already guessed that they would come to the third heaven. They were chasing after Di Jun, so they moved here too.

At this moment, they caught up.

Chapter 2939 - Escape from Life

The reason why Tianyin Region Lord did not go to Taihao Region to look for Di Jun directly was because Di Jun and Hierarch Taihao had a good relationship. In the Taihao Region, it was very hard for her to do anything to Di Jun.

Her own daughter, Mo Qianni, had lost her life because of Di Jun. She had suffered for millions of years. She naturally could not bear such deep hatred and hatred.

Previously, when Mo Sang found out about Long Chen's location, he knew that he was probably in the Third Sky of Sky Realm. At that time, they were also heading in this direction. The appearance of these two people simply brought a huge surprise to Long Chen!

The hope of a reversal.

What a coincidence.

Coincidentally, because of their appearance, Di Jun had to focus on them.

The two peak experts stared at each other intensely.

Time seemed to come to a standstill.

"Humph!" Di Jun, on the other hand, did not feel any sense of respect at all. He snorted coldly, although he was still wary of the Tianyin Region Lord, his hand once again grabbed towards Long Chen, filled with terrifying power. He was the ruler of the laws of space, and with his extended hand, it was as if space had frozen over.

It looks like Di Jun wanted to control Long Chen and then leave this place.

With his speed and strength, forget about Long Chen, even the Jadenflower Divine Emperor would not be able to stop him. For example, at this time, with a casual shake of the injured Jadenflower Divine Emperor, the Jadenflower Divine Emperor flew out from the spatial laws and was caught by the Great Emperor Yuehua.

In the sky, Tianyin Region Lord did not have the time to greet upper Qing Dao Zu as he directly rushed down.

Most of Di Jun's attention was still on the Tianyin Region Lord.

"An opportunity!"

In that moment of life and death, Long Chen gritted his teeth. To deal with the laws of space, he had used the Ancient Code of Slaughter. At that moment, he opened his palm and the Dragon Seal of Extinction appeared on it.

"Hmm?"

Di Jun was probably preparing the rules of the Revolving Star Passage Technique and was even struggling with the Tianyin Region Lord. He didn't think that Long Chen's Extinct Dragon Seal would actually have the power to kill her primordial spirit and was only blocking it casually, but he didn't think that the Extinction Dragon Seal would directly be imprinted on his Heart of Rules, his primordial spirit!

BOOM!

Even he suffered a mental roar.

In the end, it was true that he had blocked the, but at the same time, Long Chen had broken free of his grasp on the spatial laws.

"You can't escape!"

In the time it took for a lightning stone to shine, while dealing with the Tianyin Region Lord, she could still control Long Chen. But the door to the Death Realm had yet to open, in Di Jun's eyes, the current Long Chen was just like a child that had been forced into a corner, unable to escape the palm of his hand!

In the next moment, he could bring Long Chen and instantly appear outside of the three heavens.

At that time, even the Tianyin Region Lord would not be able to catch up to him.

"Who said I can't escape?"

In the instant that Long Chen broke free from the spatial laws, a flash of determination flashed past his eyes. In a time that no one could have imagined, he was more decisive and insane than anyone else, and his body suddenly dropped, directly plunging into the Death Realm's blood-colored whirlpool!

The problem was that the Death Realm's whirlpool had not been opened at all.

"You're crazy!"

Di Jun was shocked, he never thought that Long Chen would actually do such a crazy action. Countless incidents have proven that entering before the Death Realm even opened was simply courting death, even Di Jun did not dare to rush in at this time.

Not just Di Jun, practically all the Divine Emperor present did not expect him to do this.

However, everyone also knew that if he did not do so, Di Jun would definitely bring him along and leave in an instant. If that happened, there would really be no chance for him to make a comeback.

Time froze as he disappeared into the vortex.

"Hmm?"

Di Jun lost Long Chen, and even the Tianyin Region Lord stopped.

"What is he doing? Are you crazy? "

For a moment, everyone looked at this scene in shock.

He actually took the initiative to charge into the whirlpool that had yet to open.

This was simply courting death!

Several hundred Divine Emperor, Di Jun, Nine Yin Region Lord, upper Qing Dao Zu, and so on, none of them could understand what Long Chen was actually thinking.

Of course, the one feeling the most depressed was undoubtedly Di Jun. After all, he had lost the Origin Dragon Palace just as he was about to get his hands on it. If Long Chen was engulfed by the Death Realm just like that, then where would the Origin Dragon Palace go?

Just as Di Jun's expression became extremely ugly, Long Chen's voice suddenly came out from the whirlpool below.

"Di Jun, this time you didn't kill me. The next time we meet, is when I, Long Chen, take your life! Prepare for your fall! "

That determined, cold voice came from the blood-colored vortex.

"He's not dead yet?"

Di Jun squinted her eyes, especially the Eye of Space, which was shining with a strange light.

Just as Long Chen finished speaking, the blood-colored vortex suddenly stopped spinning. After it stopped spinning, the blood mist dispersed and a world filled with blood mist and overflowing killing intent appeared beneath Di Jun's feet!

The Death Realm had opened!

It had actually opened early.

It was even possible that the early opening of the Death Realm s was related to Long Chen.

Long Chen's voice rang out just now. This was absolutely proof that not only did he not die, he had safely entered the Death Realm and dodged Di Jun's sure-kill chase.

To Di Jun, this was intolerable.

Indeed, Di Jun's eyes narrowed, about to rush into Death Realm.

"Di Jun, the Death Realm is not a place you can enter. If you break the rules of our Third Sky of Sky, not to mention the three of us, the Ancient God of the Wilderness will not spare you." upper Qing Dao Zu's voice quickly flashed past Di Jun's ears.

It was precisely that sentence, that stopped Di Jun's steps.

This was the Third Sky, not his territory.

The Death Realm was a secret realm exclusive to the three heavens, just like the upper Qing Dao Zu and the others' backyard. Di Jun definitely didn't have the right to enter. He and Long Chen were different, Long Chen had met the requirements and obtained the Death Realm's Blood Bead.

This time, the Divine Emperor in the third heaven fought over the Ghost Blood Curse.

Di Jun entering was destroying the balance.

"I'm going in, only to kill Long Chen, and not to interfere with anything else."

Di Jun and the upper Qing Dao Zu negotiated with each other.

"No."

The Death Realm was of great importance to the Third Sky of Sky Realm. Di Jun was a dangerous character, he absolutely could not let him in. Di Jun also knew, that there was another legend in the Death Realm, that whoever could find the core of the Death Realm would be able to control it. The three of them, Daofathers, were naturally worried that Di Jun would find the Death Realm's core.

"You've forgotten me!"

The Tianyin Region Lord had already appeared before his eyes and the Hierarch's strength was displayed.

When the Tianyin Region Lord and Di Jun were facing each other, without saying a word, the upper Qing Dao Zu's hand flashed with a blood-red shadow, instantly charging towards the Death Realm and disappearing without a trace. That was the most important object in the Death Realm competition this time, the must kill sword, the Ghost Blood Curse!

"Third Heavenly Divine Emperor, enter!"

The upper Qing Dao Zu blocked in front of Di Jun at the same time. The suppression by the two Hierarchs had truly exceeded the limits of Di Jun. When he saw the three hundred Divine Emperor s rush into the Death Realm in a relatively short amount of time and the Tianyin Region Lord and upper Qing Dao Zu blocking him, Di Jun had no choice but to admit defeat.

"This luck is really good. This time, it can be considered that I've failed again! "

Di Jun clenched his teeth. He was once again far away from the Origin Dragon Palace.

However, he knew that this was not just luck. In front of him who had relied on the door of the universe to come here, he actually dared to stay here, which could be considered bold. In the end, he even dared to enter the Death Realm which had not opened yet right in front of his eyes.

The most important thing was, his gamble had actually succeeded. This caused Di Jun's plan to fail again.

"Hur hur."

Di Jun was a very decisive person. When he knew that there was not much hope this time around, he turned around and the Tianyin Region Lord gave chase.

upper Qing Dao Zu turned to look and the whirlpool once again started spinning. His mission was also completed, he looked at the sky and laughed: The two of you are fighting, please do not destroy my third heaven. Otherwise, don't blame us brothers for being impolite. "

As for the outcome of the battle, upper Qing Dao Zu was not concerned about it at all.

He was very curious about Long Chen, and when he thought about what Long Chen had said at the very last moment, he thought to himself, "If Di Jun is able to escape the Tianyin Region Lord's pursuit today, I think that Long Chen will still have a good show to play in the future. I just don't know if Long Chen can do as he says. Difficult. Difficult. "Difficult!"

At this time, Di Jun and the Tianyin Region Lord had already rushed out of the Third Sky.

Mo was protected by the Tianyin Region Lord in the Divine Kingdom.

This time, Di Jun actually did not leave, it was probably because Long Chen's escape had angered him, when facing the Tianyin Region Lord, the aura on his body had become even more explosive, and when the two of them had completely left the Third Sky of Heaven and appeared in the endless starry sky, Di Jun turned his head and calmly said: "I originally didn't want to fuss about it with you, but since the old witch is chasing me relentlessly, when I have the time today, I will fight with you. If not, you would really think that I, Di Jun am afraid of you."

"Hur hur." The Tianyin Region Lord appeared in front of him.

"That's good. I was worried that you would run away again, just like last time." "If you have the guts to boast like that, I hope you won't forget what you just said."

When the Tianyin Region Lord entered the endless starry sky, the cold aura around him gradually expanded, freezing countless of starry skies in an instant.

Long Chen did not know that they were fighting.

He had arrived at a new world.

An endless world of death.

"I actually, really didn't die and escaped."

What he felt in his heart was the joy of surviving a disaster.

At the same time, there was also a strong sense of unwillingness.

This time, their confrontation with Di Jun had further solidified Long Chen's killing intent! From this moment on, his greatest goal in cultivation had been to kill Di Jun!

Since he had already arrived at the Death Realm, he should first put aside everything that had happened previously to enhance himself according to his original plan. The most important thing was to fight for the Ghost Blood Curse!

Just the Ghost Blood Curse was enough to increase Long Chen's fighting strength by a large amount.

"After obtaining the Ghost Blood Curse, I will increase my current realm and become more familiar with the rules that I have mastered until I have the confidence to defeat the Emperor, then I will crush the Death Realm's Blood Bead and leave."

After his firm goal was achieved, Long Chen looked around at his surroundings.

There were only two types of existence in the Death Realm.

Beneath Long Chen's feet was a boundless sea of blood. He simply did not know just how enormous and how deep this sea of blood was. This kind of Death Realm blood was simply like three layers of clouds, endless and infinite.

There was a sea of blood outside the Slaughter Dragon City.

However, when compared to the sea of blood at this place, the sea of blood was simply child's play. Not to mention that it was far from being as enormous as this place, there was no end to it. Just the murderous intent contained within it was far from being enough. This fresh blood seemed to be the blood of an archaic giant beast. It was malevolent and berserk, sweeping through the world and roaring violently. Just a slight tinge of it would give off a refreshing feeling.

Even ordinary Fiendgods wouldn't be able to survive in this sea of blood for long, much less ordinary humans. Or else he would be infected by the blood and die due to the damage to his divine body.

Below him was a sea of blood that was filled with secrets. And above it was a much simpler sea of blood mist and clouds of blood. It was very similar to the third sky. In comparison, the Third Heaven was an Immortal Realm, whereas this place was a hell of death. The killing intent soared to the heavens.

"Huff huff."

A gale blew past, bringing with it the whimpers of some strange creatures, causing people's hair to stand on end.

It was no wonder that the Three Great Heavenly Palaces only dared to let the Divine Spirit of the Taiyuan Deity Realm enter the fray. If it was only the Divine King who had come to this place, he probably wouldn't have lived for more than three days.

In such an environment, Long Chen could only look around and see that there was not a single person. He still didn't know if the three hundred Divine Emperors had come in yet.

Right now, he felt that the size of this Death Realm was simply not inferior to a first stage heaven. It could be seen from this that after the three hundred Divine Emperors entered and were dispersed, it would be very difficult to encounter them.

"This world ..."

Long Chen closed his eyes and tried to sense the place.

There was no doubt that this place was simply too ancient.

The vague feeling of being connected by blood could only be felt.

"Although this place is filled with danger, it is already dead. Maybe, I have to find the core in order to wake this place up, and at that time, Death Realm will be different. Like the Primordial Blood Spirit Dragon, I can regain control of this place and let this Death Realm come back to life."

This information was basically from his bloodline.

The Primordial Blood Dragon had died too long ago, this Death Realm was equivalent to having died. If not for Long Chen, Long Chen could simply control this place.

Upon entering, he was even more certain that this was the Primordial Blood Spirit Dragon's Death Realm.

"Ghost Blood Curse, Core!"

These were his two major goals.

"I once imprisoned a Heavenly Demon here. Perhaps, he is really here!"

He didn't know why, but when he thought of the Primal Heavenly Demon, Long Chen still felt his heart palpitating. Compared to the former Heavenly Demon, who was too strong, the threat he posed was too big, for example, even if Long Chen had the strength of the Divine Emperor now, he wouldn't be able to forget the City Lord who almost brought calamity to the Imperial Domain.

Facing the blood wind, Long Chen started to head in a certain direction.

Jade Flower Divine Emperor had said before that after entering, no one would have a goal, and no one knew where the Ghost Blood Curse was located. For a very long period of time, all of the Divine Emperor would be looking for it.

"Being thrown in by the upper Qing Dao Zu, the Ghost Blood Curse should have sunk into the sea of blood. After all, the Ghost Blood Curse is no different from a living person. It can move, change, hide, and even fight on its own. "

Most Divine Emperor would not dare to face the Creation God Equipment for Eternity directly, especially the Ghost Blood Curse.

Once he moved, he would definitely burst out in order to attract attention.

Long Chen did not specify a direction, but walked around casually, he had to confirm if everyone else had entered the Death Realm.

As they advanced through this endless sea of blood, they could smell the scent of blood.

Faintly, the sound of fighting could be heard from the direction of the wind.

"There's someone over there."

In the midst of the boundless blood fog, a figure could faintly be seen. Long Chen turned into a blood shadow and appeared in front of that person in an instant. Focusing on it, this was a The God Emperor of Perfection, so he should not be a member of the Taiqing Palace. His appearance did not have any special characteristics, and the people from the three Heavenly Palaces were all dressed similarly. This one was either from the Yuqing Heavenly Palace or the Tong Qing Heavenly Palace.

"You're really not dead?" When the person saw Long Chen, he let out a cold laugh and sized him up.

"I am Yuhuan. It was someone from the Yuqing Heavenly Palace. I know that you only came in to avoid being hunted down by Di Jun, and not for the Ghost Blood Curse. Although I said that Di Jun is guarding outside, and I forced you to crush the Death Realm Blood Bead, it seems unjustifiable. After all, it was not easy for you to come in here, but chasing all of you out is my mission, and I have no choice but to carry it out! "

"Oh!"

Looks like he had still underestimated the exclusion of the three Heavenly Palaces.

In order to prevent them from obtaining the Ghost Blood Curse, they had made an agreement from the start. The moment they saw the people from the three Heavenly Palaces, their mission would be to force them to crush the Death Realm's Blood Bead and chase them out.

Even if Long Chen managed to enter with much difficulty, he had to do this.

"Must it be like this?" Long Chen smiled faintly.

It seemed that in the Death Realm, once they met people from the three Heavenly Palaces, they would have to fight. But, Long Chen was not afraid of this kind of trouble.

"That must be it." Yu Huan spoke each word with a proud and complacent expression on his face unique to the disciples of the three Heavenly Palaces. In fact, if a person from the Taiqing Palace saw Long Chen defeat An Ming in one move with their own eyes, they would not be so complacent.

After saying this, Yutang displayed his strength. In an instant, the surrounding sea water formed a massive wave that spread out in all directions with overwhelming momentum!

The strength of the The God Emperor of Perfection was actually not weak.

But she had met Long Chen.

Long Chen was too lazy to waste words with him, he gripped the Heaven's Sacrificial Spear with one hand. The rules of his' Karma Thrust 'still needed to be honed again and again. Right at this moment, when Yutang had just made its move, Long Chen was even faster than him. In that instant, he threw out his spear, and that Heaven's Sacrificial Spear stabbed towards Yu Huan in a trajectory that no one could resist!

"Puchi!"

At this moment, the Heaven's Sacrificial Spear had already pierced through it and did not donate blood, but most of the Heart of Rules had been destroyed. The power of the Karma Thrust had simply torn apart his World Tree!

"Ugh ..."

Yutang raised his head with much difficulty and looked at Long Chen. It was only then that he remembered that Long Chen had received one of Di Jun's attacks.

"You, are powerful!"

Yu Huan took out the Death Realm's Blood Bead in a hurry, and under severe injuries, crushed it in front of Long Chen's eyes.

Actually, he did not need to panic. If Long Chen had wanted to kill him, he would have already fallen at this time.

Blood colored light flashed, enveloping Yu Huan. He looked at Long Chen with eyes filled with hatred, he had only entered for three days and he had already been heavily wounded and relegated, this was simply too embarrassing. After he left, he would not be able to face the people from the Yuqing Heavenly Palace.

"Whiz!"

Yu Huan turned into a streak of blood-colored light and rushed into the clouds. He flickered for a moment, and it seemed that all the nearby Divine Emperor s could see that someone had shattered the Death Realm's blood bead.

"I think someone will be lured here."

Long Chen left immediately.

After all, amongst the Death Realm, the Heavenly Palace was the most powerful. He was the same as the Great Emperor Yuehua and the rest, excluded. Although the Three Great Heavenly Palaces would fight internally, if they met someone other than them during the fight, it was naturally to be their priority.

For example, according to their agreement, before most of the people outside the Three Great Heavenly Palaces were eliminated, they would not fight each other for the time being.

Of course, the prerequisite for all of this was that no one had yet discovered the Ghost Blood Curse.

Once the Ghost Blood Curse was discovered, there would be a riot. At that time, no one would care about who got the Ghost Blood Curse. After all, there was only one person who could obtain the Ghost Blood Curse.

After leaving, Long Chen embarked on his journey once again.

"This place is too big, we can't just randomly walk around like this. Maybe in the end, someone got hold of the Ghost Blood Curse for some reason. " Long Chen thought as he moved forward across the sea of blood.

"They have entered. Divine Emperor Yuhua should have entered as well. She helped me block one of Di Jun's attacks. I wonder how he is doing now." No matter what she did, at the very least, she had helped Long Chen and protected him, so he wouldn't forget her.

Suddenly, Long Chen remembered the look in that woman's dotting eyes. Long Chen disliked her a little, since his personality was overbearing. When interacting with women, he always dominated them.

About five days later.

"Nothing much. Let's go into the sea of blood and take a look."

He turned into a bloody shadow and charged into the sea of blood. Upon entering, he discovered that it was much more terrifying than he expected. He could vaguely see some remnant souls that seemed to be gods or demons that had died here.

"There's no bottom!"

Long Chen dived down for a full ten days and still found it endless. Seems like the territory of the Death Realm was much bigger than what he had imagined.

On this day, he felt that deep within the sea of blood, there were sounds of fighting and ripples on the surface.

He then headed in the direction where the disturbance was greatest.

The closer they got, the louder the commotion became until the endless sea of blood in their surroundings started to stir violently. There was indeed a huge beast moving deep within the sea of blood.

"It's really huge!"

Long Chen saw that the thing that was rolling in the sea of blood was like a gigantic mountain in the ocean. No, it should be said that just his claws were gigantic mountains.

Long Chen was so far away that he could clearly see the appearance of the gigantic beast!

It seemed to be a huge tortoise formed entirely from blood sea and water. However, Long Chen was surprised to discover that the one that stuck out from the tortoise shell was not a tortoise but a dragon head.
